Notice of Data Security Incident

Dear [REDACTED],

We wanted to let you know about a data security incident that may have impacted your personal information. Gleason, Flynn, Emig, and McAfee, Chartered ("GFEM") may have been provided your information in the course of its representation of clients in the defense of an actual or threatened lawsuit. We take the privacy and security of your information seriously and sincerely apologize for any concern or inconvenience this may cause you. This letter contains information about steps you can take to protect your information, and resources we are making available to help you.

What Happened?

On October 31, 2024, we discovered suspicious activity on our computer systems. We immediately implemented our incident response protocols and took systems offline. External computer forensic experts were engaged to assist with the investigation. The investigation helped us determine what occurred and whether any information was at risk. On December 13, 2024, the forensic investigation determined some files from our network may have been accessed by an unauthorized actor during this incident. A third party was engaged to review the files and determine the individuals and data elements potentially impacted. On May 8, 2025, this process determined that some of your personal information may have been impacted. We wanted to inform you of this incident and provide you with resources to protect your information.

What Information Was Involved?

The potentially impacted information includes your name, address, and the following data elements: Social Security number, financial account number, username and access information for a non-financial account, individual health insurance policy number and medical condition or treatment information.

What We Are Doing:

We have taken steps to prevent a similar incident from happening in the future. In addition, we are offering identity theft protection services through Transunion. In response to the incident, we are providing you with access to **Single Bureau Credit Monitoring/Single Bureau Credit Report/Single Bureau Credit Score** services at no charge. These services provide you with alerts for 12 months from the date of enrollment when changes occur to your credit file. This notification is sent to you the same day that the change or update takes place with the bureau. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in event that you become a victim of fraud. These services will be provided by Cyberscout, a TransUnion company specializing in fraud assistance and remediation services.
