***RE: Notice of Data Breach***

To Whom it May Concern:

Dinsmore & Shohl LLP represents LBX Company LLC ("**LBX**"). LBX is in the business of providing excavator products and other heavy machinery. LBX is headquartered at 2004 Buck Lane, Lexington, Kentucky 40511.

LBX recently was the victim of a cybersecurity incident (the "**Incident**") that may affect the security of personal information regarding residents of Massachusetts.

On June 18, 2025, LBX learned that a company-issued laptop computer was stolen from an employee's vehicle. Although this device was password-protected, LBX determined there was unencrypted data saved to the laptop, which may have included personal information of Massachusetts residents, such as first and last names, addresses, and Social Security Numbers. This data could be accessed by an unauthorized person if the person was able to defeat the password protection and gain access to the laptop. At this time, we do not have any evidence indicating that the data has been accessed by an unauthorized person. And no LBX systems were compromised in connection with the Incident.

Upon discovery of the Incident, LBX engaged legal counsel to conduct a thorough investigation into the scope and extent of the Incident. The investigation is still ongoing, but at the time of this notice, at least 272 individuals with known addresses were potentially impacted, of which, ten (10) individuals are residents of Massachusetts.

Accordingly, and out of an abundance of caution, LBX has provided written notice via U.S. mail to the potentially impacted Massachusetts residents in accordance with state data breach notification laws contemporaneously with this notice being sent to your office.

Additionally, LBX has secured the services of Experian, to establish 18-month, no-cost credit monitoring for impacted individuals and a call center to respond to any questions impacted individuals may have about the Incident. A copy of the direct data breach notification letter, which includes instructions for how impacted individuals can place and remove a security freeze, is enclosed with this letter.

As soon as we learned of the Incident, LBX quickly identified the threat and took action to limit potential exposure and immediately mobilized a response team. LBX notified law enforcement and has retained our office as legal counsel to ensure that response and remediation comply with all federal, state, and local laws and regulations. LBX's investigation is ongoing. If you have any additional questions or require more information, you can reach me by email at [ryan.robinson@dinsmore.com](mailto:ryan.robinson@dinsmore.com) or by phone at (330) 572-1954.

Sincerely,

*/s/ Ryan C. Robinson*
