Additional Steps to Help Protect Your Information

Review Personal Account Statements and Free Credit Reports. It is recommended that you remain vigilant by reviewing account statements and monitoring your credit report for unauthorized activity, especially activity that may indicate fraud and identity theft. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting agencies. To order your annual free credit report please visit www.annualcreditreport.com or call toll free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's ("FTC") website at www.consumer.ftc.gov) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

The names and contact information for the credit reporting agencies are:

Equifax	Experian	TransUnion
1-888-378-4329	1-888-397-3742	1-800-916-8800
P.O. Box 740256	P.O. Box 4500	P.O. Box 2000
Atlanta, GA 30374	Allen, TX 75013	Chester, PA 19016
www.equifax.com	www.experian.com	www.transunion.com

For Colorado, Georgia, Maine, Maryland, Massachusetts, New Jersey, Puerto Rico, and Vermont residents: You may obtain one or more (depending on the state) additional copies of your credit report, free of charge. You must contact each of the credit reporting agencies directly to obtain such additional report(s).

Report Suspected Fraud. You have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You should report suspected incidents of identity theft to local law enforcement, your state's Attorney General, and/or the Federal Trade Commission.

Place Fraud Alerts. There are two types of fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft and you have the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies.

Place a Security Freeze. You have the ability to place a security freeze, also known as a credit freeze, on your credit report free of charge. A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you may use an online process, an automated telephone line, or submit a written request to any of the three credit reporting agencies listed above. The following information must be included when requesting a security freeze (note that, if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any

previous addresses for the past 5 years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, and display your name, current mailing address, and the date of issue.

Prevent Tax Fraud. Now anyone who can verify their identity can obtain an IRS identity protection PIN (IP PIN), not just those who have been victims of IRS identity theft. Even better, the IP PIN can be applied for online at <https://www.irs.gov/identity-theft-fraud-scams/get-an-identity-protection-pin> without CPA assistance in just 10 minutes. The IP PIN is valid for one year until which the IRS will automatically assign you a new IP PIN for the following year. Please feel free to contact me for assistance applying for your IP PIN online. Some individuals (under certain income caps) who can't apply online (for example, because they can't properly verify their identity through the online process which involves uploading ID copies and taking a selfie) can use Form 15227 to apply for an IP PIN.
