<<b2b_text_2 (CA: "Notice of Data Breach")>>

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>:

Doctors Imaging Group ("DIG" or "we") is providing notice of a cyber event (the "Event").

What Happened? We became aware of suspicious activity involving our computer network and promptly began an investigation. The investigation determined the network had been accessed by unknown actors between November 5, 2024 and November 11, 2024, and during this time files were copied. We reviewed the files to determine the content and to whom it relates, and on August 29, 2025, we completed the review.

What Information Was Involved? Our review of the files identified your <<b2b_text_1 (name and data elements)>>.

What We Are Doing. We take the Event and the security of information in our care very seriously. We moved quickly to respond and investigate the suspicious activity, assess the security of our network, and notify potentially impacted individuals. We notified federal law enforcement. As part of our ongoing commitment to information security, we are reviewing our policies and procedures, as well as assessing new cybersecurity tools, to reduce the risk of a similar incident from occurring in the future.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing applicable account statements, explanation of benefits statements, and monitoring free credit reports for suspicious activity and to detect errors. Suspicious activity should be promptly reported to relevant parties including an insurance company, healthcare provider, and/or financial institution. We are providing you with access to complimentary identity monitoring services through Kroll for <<Monitoring Term Length (Months)>> months. Additional information and resources may be found below in the *Steps You Can Take to Protect Personal Information* section of this notice.

For More Information. If you have questions regarding this Event, please contact our toll-free dedicated assistance line at (866) 291-1907, Monday through Friday from 8:00 am to 5:30 pm Central Time excluding holidays. You may also write to DIG at 6685 NW 9th Boulevard, Gainesville, Florida, 32605 or by email at info@doctorsimaginggroup.com.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;

6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:
