## NOTICE OF DATA BREACH

Dear <<First Name>> <<Last Name>>,

Garden of Life, LLC ("Garden of Life") is writing to inform you of a data incident that involved your personal information.

### What Happened?

On November 11, 2025, Garden of Life became aware of an unauthorized third party claiming to have accessed certain Garden of Life systems. We immediately responded to this report by taking potentially affected systems offline and initiating an investigation by internal and external experts. Through this investigation, we determined on November 14, 2025, that an unauthorized third party had obtained data about current and former Garden of Life employees, contractors, and business partners. This third party appears to have accessed this data between August 9 and August 10, 2025, by exploiting a vulnerability in Oracle E-Business Suite software, which supports certain business operations at Garden of Life. At that time, this software vulnerability had not been publicly reported.

### What Information Was Involved?

The data that was accessed in this incident includes your name, address, email address, phone number, and Social Security Number.

### What We Are Doing

We subsequently applied the relevant Oracle patches upon their release and secured the affected systems. Garden of Life continues to investigate this incident and is considering additional security measures to help prevent a similar incident from occurring in the future.

In addition, we are offering identity theft protection services through IDX, a data breach and recovery services vendor. IDX identity protection services include: 24 months of credit and CyberScan monitoring, a \$1 million insurance reimbursement policy, and fully managed identity theft recovery services. If you enroll in these services, IDX will help you resolve issues if your identity is compromised.

## **What You Can Do**

We encourage you to contact IDX with any questions and to enroll in the free identity protection services by calling 1-833-788-9712, going to <https://app.idx.us/account-creation/protect>, or scanning the QR image and using the enrollment code provided above. IDX representatives are available Monday through Friday from 9 am - 9 pm Eastern Time. Please note the deadline to enroll is March 4, 2026.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering. ## Resources for Protecting Your Information

**1. Website and Enrollment.** Scan the QR image or go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

**2. Activate the credit monitoring provided as part of your IDX identity protection membership.** The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

**3. Telephone.** Contact IDX at 1-833-788-9712 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

**4. Review your credit reports.** It is recommended that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three national credit reporting companies. To obtain a free annual credit report, go to [www.annualcreditreport.com](http://www.annualcreditreport.com) or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit reporting agencies every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

**5. Place Fraud Alerts** with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

### Credit Reporting Agencies

Equifax  
1-800-685-1111  
P.O. Box 740241  
Atlanta, GA 30374  
[www.equifax.com](http://www.equifax.com)

Experian  
1-888-397-3742  
P.O. Box 9554  
Allen, TX 75013  
[www.experian.com](http://www.experian.com)

TransUnion  
1-800-888-4213  
P.O. Box 2000  
Chester, PA 19016  
[www.transunion.com](http://www.transunion.com)

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year. **No one is allowed to place a fraud alert on your credit report except you.**

**6. Security Freeze.** By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

**7. You can obtain additional information** about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.
