RE: NOTICE OF DATA BREACH

Dear <FIRSTNAME>:

We are writing to inform you of a data security incident suffered by one of our vendors, Marquis Software Solutions (“Marquis”), that involved some of your information. This letter explains the incident, the response, and resources you may use to help protect your data from possible misuse should you feel it is appropriate to do so. We are not aware of any attempts to misuse your information as a result of this incident.

What Happened?

On August 14, 2025, Marquis discovered that it was the victim of a cybersecurity incident that impacted some of its systems. Upon learning of the incident, it launched an investigation and engaged cybersecurity experts to assist. Marquis also notified law enforcement. Its investigation determined that an unauthorized third party accessed its network on August 14, 2025, and copied certain files from its systems. VeraBank’s systems were not impacted, and the incident was limited to Marquis’s environment.

A review of the files was conducted to identify individuals whose information may have been involved, and we worked to obtain addresses and notify them as quickly as possible after completing the review on December 12, 2025.

Who Is Marquis and Why Did They Have My Data?

Marquis is our customer communication and data analysis vendor. They had access to your data to communicate relevant and necessary updates with you and also to analyze what bank products and services may best fit your needs. We only provided Marquis with access to your data after they had contractually agreed to secure and protect the same.

What Information Was Involved?

Marquis informed us that a review of the data determined some of your personal information was contained within the involved files, including your name and the following: <<Exposed Data Elements>>.

What We Are Doing?

As a precaution, we have arranged for you to receive a complimentary twenty-four-month subscription to **Single Bureau Credit Monitoring/Single Bureau Credit Report/Single Bureau Credit score** services at no charge. Information About Identity Theft Protection Guide

Free Credit Report. We remind you to be vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. If you identify any unauthorized charges on your financial account statements, you should immediately report any such charges to your financial institution. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit www.annualcreditreport.com or call toll free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's ("FTC") website at www.consumer.ftc.gov) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

Contact information for the three nationwide credit reporting companies is as follows:

Equifax	Experian	TransUnion
Phone: 1-800-685-1111 P.O. Box 740256 Atlanta, Georgia 30348 www.equifax.com	Phone: 1-888-397-3742 P.O. Box 9554 Allen, Texas 75013 www.experian.com	Phone: 1-888-909-8872 P.O. Box 105281 Atlanta, GA 30348-5281 www.transunion.com

For Colorado, Georgia, Maine, Maryland, Massachusetts, New Jersey, Puerto Rico, and Vermont residents: You may obtain one or more (depending on the state) additional copies of your credit report, free of charge. You must contact each of the credit reporting agencies directly to obtain such additional report(s).

Security Freeze. Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. You can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator or have a valid power of attorney, you can get a free freeze for that person, too.

How will these freezes work? Contact all three of the nationwide credit reporting agencies – Equifax, Experian, and TransUnion. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee.

Don't confuse freezes with locks. They work in a similar way, but locks may have monthly fees. If you want a free freeze guaranteed by federal law, then opt for a freeze, not a lock.

The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible and display your name, current mailing address, and the date of issue. You may obtain information from the credit reporting agencies and the FTC about security freezes.

For New Mexico residents: You may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration

of removal pursuant to the Fair Credit Reporting and Identity Security Act. For more information, including information about additional rights, go to www.consumerfinance.gov/learnmore or write to: Consumer Financial Protection Bureau, 1700 G Street N.W., Washington, DC 20552.

For Colorado and Illinois residents: You may obtain information from the credit reporting agencies and the FTC about security freezes.

Fraud Alerts. A fraud alert tells businesses that check your credit that they should check with you before opening a new account. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report. You may obtain additional information from the credit reporting agencies and the FTC about fraud alerts.

VeraBank is located at 201 W. Main St. Henderson, TX 75652 and can be reached by telephone at 1-877-566-2621.
