RE: <<Variable Text 2: Notice of Data Security Incident/Notice of Data Breach>>

Dear <<First Name>> <<Last Name>>:

We are writing to let you know about a data security incident that may have affected your personally identifiable information ("PII"). Service Access & Management, Inc. ("SAM") takes the privacy and security of all information of recipients of its services seriously, and sincerely apologizes for any concern or inconvenience this notice may cause you. SAM is a nonprofit organization that provides a number of human services throughout Pennsylvania and New Jersey. SAM may have had your data if you or a family member received their services. This letter contains information about steps you can take to protect your information and resources we are making available to help you.

What Happened?

On July 5, 2024, SAM discovered suspicious activity on its network and immediately began an investigation to identify what happened and whether any personal information was potentially affected. SAM also implemented its incident response protocols and engaged third-party forensic experts to assist in the investigation. This investigation determined that an unauthorized user potentially accessed SAM's systems and, on September 12, 2024, SAM determined which files were potentially affected. These files then had to be reviewed to determine what, if any, PII they contained. This review was completed on January 31, 2025, and determined that some of your data may have been in the affected systems. SAM takes the privacy and security of data in its possession very seriously, at this time, there is no evidence that your data has been misused. However, we are providing you notice out of an abundance of caution.

Additional Recommended Steps to Help Protect Your Information

- 1. Website and Enrollment.** Scan the QR image or go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.
- 2. Credit Monitoring Activation.** Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.
- 3. Telephone.** Contact IDX at 1-877-425-9971 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.
- 4. Review your credit reports.** We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
P.O. Box 105069
Atlanta, GA 30348-5069

Equifax Credit Freeze
P.O. Box 105788

Experian Fraud Reporting
and Credit Freeze
P.O. Box 9554
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion Fraud Reporting
P.O. Box 2000
Chester, PA 19022-2000

TransUnion Credit Freeze
P.O. Box 160

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.
