Massachusetts Residents' Rights

Under Massachusetts law, you have the right to obtain any police report filed in regard to a security breach incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

You may also place a security freeze on your credit reports at no charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing or other services. Under federal law, you cannot be charged to place, lift, or remove a security freeze.

You must place your request for a freeze with **each** of the three major consumer reporting agencies: Equifax (www.equifax.com), Experian (www.experian.com) and Trans Union (www.transunion.com). To place a security freeze on your credit report, you may send a written request by regular, certified or overnight mail at the addresses below: You may also place a security freeze through each of the consumer reporting agencies' websites or over the phone, using the contact information below:

The credit reporting agencies must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, (or both)

that can be used by you to authorize the removal or lifting of the security freeze. It is important to maintain this PIN/password in a secure place, as you will need it to lift or remove the security freeze.
