**RE: NOTICE OF DATA INCIDENT**

Dear <Full Name>,

The privacy and security of the personal information we maintain is of the utmost importance to Trusaic. Trusaic provides Affordable Care Act Compliance and reporting services to its clients, including Forescout Technologies, Inc. In that capacity, Trusaic receives certain files that contain personal information relating to individuals. We are writing with important information regarding a recent incident involving Trusaic's third-party mailing distribution vendor, Billing Document Specialists ("BDS"), which involved a limited amount of your information. This letter explains the incident, our response, and the services we are making available to you. Trusaic continues to take significant measures to protect the personal information entrusted to us.

**What Happened?**

BDS, the third-party vendor that experienced the incident, provides certain mailing distribution services to Trusaic. Trusaic recently learned that BDS inadvertently mailed 1095-C tax forms containing visible personal information in the shipping label.

**What Information Was Involved?**

The shipping label used to mail the 1095-C tax forms contained an 18-digit unique identifier, which included your Social Security number along with other non-sensitive numbers.

**What We Are Doing**

Upon learning of BDS' incident, Trusaic immediately commenced an investigation in consultation with outside cybersecurity professionals who regularly investigate and analyze these types of incidents in order to understand the scope of the incident and to identify and notify any potentially affected individuals. Notably, there was no compromise to Trusaic's systems. Nevertheless, out of an abundance of caution, Trusaic performed a comprehensive technical and operational review of our network and confirmed that there were not any intrusions to secure, encrypted customer databases or internal servers.

Additionally, we are working with BDS to implement enhanced precautionary technical controls to prevent incidents like this from occurring in the future.

**What You Can Do**

**To date, we are not aware of any reports of identity theft or improper use of personal information as a result of this incident.** Nevertheless, out of an abundance of caution, we are providing you a complimentary 24-month membership in Equifax® Credit Watch™ Gold. Equifax® Credit Watch™ Gold is completely free to you and enrolling in this program will not hurt your credit score. For more information on identity theft prevention and Equifax® Credit Watch™ Gold, including instructions on how to activate your complimentary 24-month membership, please see the additional information provided in this letter.

This letter also provides precautionary measures you can take to protect your personal information, including placing a Fraud Alert and Security Freeze on your credit files, and obtaining a free credit report. Additionally, you should

always remain vigilant in reviewing your financial accounts statements and credit reports for fraudulent or irregular activity on a regular basis.

### **For More Information**

The privacy and protection of personal information is a top priority at Trusaic, and we deeply regret any inconvenience or concern this incident may cause. Trusaic is committed to maintaining the privacy of personal information in our possession and we have taken many precautions to safeguard it. We continually evaluate and modify our practices with respect to third-party vendors as well as our internal controls to enhance the security and privacy of your personal information.

### **3. Consider Placing a Security Freeze on Your Credit File.**

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “Security Freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

#### **Equifax Security Freeze**

P.O. Box 105788  
Atlanta, GA 30348  
<https://www.equifax.com/personal/credit-report-services/credit-freeze/>  
1-800-349-9960

#### **Experian**

**Security Freeze**  
P.O. Box 9554  
Allen, TX 75013  
<http://experian.com/freeze>  
1-888-397-3742

#### **TransUnion Security Freeze**

P.O. Box 2000  
Woodlyn, PA 19094  
<https://www.transunion.com/credit-freeze>  
1-888-909-8872

In order to place the security freeze, you’ll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

### **4. Obtaining a Free Credit Report.**

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call 1-877-322-8228 or request your free credit reports online at [www.annualcreditreport.com](http://www.annualcreditreport.com). Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

### **5. Additional Helpful Resources.**

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft), by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC’s Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

**New Mexico Residents:** You have rights under the federal Fair Credit Reporting Act (FCRA). These include, among others, the right to know what is in your file; to dispute incomplete or inaccurate information; and to have consumer reporting agencies correct or delete inaccurate, incomplete, or unverifiable information. For more information about the FCRA, please visit [www.consumer.ftc.gov/articles/pdf-0096-fair-credit-reporting-act.pdf](http://www.consumer.ftc.gov/articles/pdf-0096-fair-credit-reporting-act.pdf) or [www.ftc.gov](http://www.ftc.gov).

*In Addition, New Mexico Consumers Have the Right to  
Obtain a Security Freeze or Submit a Declaration of Removal*

As noted above, you may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act.

The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. When you place a security freeze on your credit report, you will be provided with a personal identification number, password, or similar device to use if you choose to remove the freeze on your credit report or to temporarily authorize the release of your credit report to a specific party or parties or for a specific period of time after the freeze is in place. To remove the freeze or to provide authorization for the temporary release of your credit report, you must contact the consumer reporting agency and provide all of the following:

1. The unique personal identification number, password, or similar device provided by the consumer reporting agency;
2. Proper identification to verify your identity; and
3. Information regarding the third party or parties who are to receive the credit report or the period of time for which the credit report may be released to users of the credit report.

A consumer reporting agency that receives a request from a consumer to lift temporarily a freeze on a credit report shall comply with the request no later than three business days after receiving the request. As of September 1, 2008, a consumer reporting agency shall comply with the request within fifteen minutes of receiving the request by a secure electronic method or by telephone.

A security freeze does not apply in all circumstances, such as where you have an existing account relationship and a copy of your credit report is requested by your existing creditor or its agents for certain types of account review, collection, fraud control, or similar activities; for use in setting or adjusting an insurance rate or claim or insurance underwriting; for certain governmental purposes; and for purposes of prescreening as defined in the federal Fair Credit Reporting Act.

If you are actively seeking a new credit, loan, utility, telephone, or insurance account, you should understand that the procedures involved in lifting a security freeze may slow your own applications for credit. You should plan ahead and lift a freeze, either completely if you are shopping around or specifically for a certain creditor, with enough advance notice before you apply for new credit for the lifting to take effect. You should contact a consumer reporting agency and

request it to lift the freeze at least three business days before applying. As of September 1, 2008, if you contact a consumer reporting agency by a secure electronic method or by telephone, the consumer reporting agency should lift the freeze within fifteen minutes. You have a right to bring a civil action against a consumer reporting agency that violates your rights under the Fair Credit Reporting and Identity Security Act.

To place a security freeze on your credit report, you must send a request to each of the three major consumer reporting agencies: Equifax, Experian, and TransUnion. You may contact these agencies using the contact information provided above.
