

2025 Fixed Gear Supplemental Report

This form must be completed by all Massachusetts commercial permit holders reporting federally who also hold a Fish Pot, Conch Pot, and/or Gillnet endorsements. Please complete and submit with your annual permit renewal. Print in ink only and be sure to sign and date this report. Not submitting this form may impact your permit renewal. If you have any questions, contact the Statistics Project at (978) 491-6279.

Demographic Information:

Massachusetts Commercial Permit Number: _____

Name (as it appears on permit application): _____
 (Last) (First) (MI)

Supplemental Fixed Gear Information:

Fixed gear types: conch pots, fish pots, and sink gillnets.

- If you **Did Not Fish** fixed gear endorsements in 2025, please mark the box, and then **skip item 2.**
- Maximum (Max) Buoy Lines and Average (Avg) Traps per Trawl:** In the table below, list the maximum number of buoy lines in the water at any one time during each month and the average traps per trawl for that month for each gear type fished in 2025. For any gear types not fished, leave the table blank.
 - **Max Buoy Line example:** If you set 20 10-trap trawls with 2 buoy lines per trawl, the max buoy lines for the month would be entered as 40.
 - **Avg Traps per Trawl examples:** Enter 1 if you haul all singles. Enter 5 if you have an average of 5 traps per trawl, 10 if you have an average of 10 traps per trawl, etc.

Black Sea Bass Pots buoy lines and traps per trawl by month:

Metric	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Max Buoy Lines												
Avg Traps per Trawl
