Filing Due Dates

Form 2 is due on or before April 15, 2026.

4% Surtax

Starting with tax year 2023, personal income taxpayers must pay an additional 4% on taxable income over \$1,000,000, increased annually for inflation. For the 2025 tax year, the threshold is \$1,083,150.

Employer-Provided Parking, Transit Pass, and Commuter Highway Vehicle Benefits Exclusion Amounts

Massachusetts conforms to the federal income exclusion for employer-provided parking, transit pass, and commuter highway vehicle transportation benefits. The IRS has determined that the 2025 inflation-adjusted monthly exclusion amounts are \$325 for employer-provided parking and \$325 for combined transit pass and commuter highway vehicle transportation benefits.

Penalty for Failure to Obtain Health Insurance

Massachusetts requires most adults 18 and over with access to affordable health insurance to obtain it. In 2025, individuals must be enrolled in health insurance policies that meet minimum creditable coverage standards defined in regulations adopted by the Commonwealth Health Insurance Connector Authority (Health Connector).

Individuals who are deemed able to afford health insurance but fail to obtain it are generally subject to penalties in Massachusetts for each month of noncompliance in the tax year. The monthly penalties for 2025, which will be imposed through the individual's personal income tax return, are set out in Technical Information Release (TIR) 25-1 and are based on the monthly insurance premium for which an individual would have qualified through the Health Connector.

Withholding on Sales of Massachusetts Real Estate

Sales of Massachusetts real estate are subject to withholding on the gross sales price or estimated net gain from the sale, when the gross sales price equals or exceeds \$1,000,000. The amount withheld is calculated based on the gross sales price of the real estate, unless the seller elects the alternative withholding calculation based on the seller's estimated net gain from the sale of the real estate. The seller must report gain from the sale of real estate on their return for the tax year in which

the sale takes place, and the seller may claim the amount withheld as a credit on their return. The credit is available for tax years beginning on or after January 1, 2025, for real estate closings that occur on or after November 1, 2025. There are many exemptions from the withholding requirement, including for sales by residents, but there are reporting requirements applicable to all sellers. For additional information see 830 CMR 62B.2.4 and the Department's website at mass.gov/dor.

Circuit Breaker Tax Credit

Taxpayers aged 65 or older who own or rent residential property located in Massachusetts are allowed a credit equal to the amount by which their total real estate tax payments, or 25% of their rent in the case of a renter, exceeds 10% of the taxpayer's total income. The credit cannot exceed a certain maximum amount that is determined by multiplying a statutory base amount by a cost-of-living adjustment for the calendar year in which the taxable year begins. The maximum credit for tax year 2025 is \$2,820.

The amount of the credit is subject to limitations based on the taxpayer's total income and the assessed value of the real estate, which for tax year 2025 must not exceed \$1,298,000. For purposes of calculating the credit, total income and maximum credit thresholds are adjusted annually for inflation. For tax year 2025, an eligible taxpayer's total income cannot exceed \$75,000 in the case of a single filer who is not a head of household filer; \$94,000 in the case of a head of household filer; and \$112,000 in the case of a joint filer.

To qualify for the credit, a taxpayer must be age 65 or older and must occupy the property as his or her principal residence.

Massachusetts Credits

Several new credits are available. In addition, certain existing credits have been revised. These are discussed in detail in TIR 24-16 and TIR 25-5.

New Climatetech Tax Incentive Program

The Climatetech Tax incentive program adds three new credits for eligible expenses incurred by climatetech companies in developing and deploying technologies aimed at mitigating or adapting to climate change. The credit takes effect for tax years beginning on or after January 1, 2024. A climatetech company must be certified as such by the Massachusetts clean energy technology center ("MassCETC").

The credits include the following.

- The Climatetech Incentive Jobs Credit is awarded in an amount determined by MassCETC (in consultation with the Department of Revenue) to climatetech companies that create at least five new jobs in the climatetech sector. The credit is available to both corporate excise and personal income tax filers.

- The Climatetech Capital Investment Credit is awarded in an amount, determined by MassCETC, up to fifty percent of a climatetech company's investment in a climatetech facility. The credit is available to both corporate excise and personal income tax filers.

- The Climatetech Qualified Research Expenses Credit is awarded at the discretion of MassCETC in an amount equal to the sum of (i) 10% of the excess of qualified research expenses for the taxable year, over a base amount, and (ii) 15% of the basic research payments as determined for federal tax purposes. The credit is available to corporate excise filers only.

See TIR 25-5, Section I, for a more detailed discussion of the credits, including eligibility, refundability, carryover of unused credits, and limitations on the credits.

New Live Theater Credit

The Live Theater Credit is available for costs incurred in presenting certain live theater productions in Massachusetts. The credit is equal to the sum of (i) 35% of a theater company's total in-state payroll costs, (ii) 25% of its total in-state production and performance expenditures, and (iii) 25% of its total in-state transportation expenses. The Massachusetts Office of Business Development awards the credit based on applications submitted by theater companies. The credit is available to both corporate excise and personal income tax filers. The credit is transferable but is not refundable. Unused credit may be carried forward for five years. The credit is available for tax years beginning on or after January 1, 2025, and will expire on January 1, 2030. For additional information see TIR 25-5, Section II.

New Homeownership Credit

The Homeownership Credit is available to real estate developers that build certain new housing units. The credit is awarded in an amount determined by the Massachusetts Housing Finance Agency based on applications submitted by developers. The credit is available to both corporate excise and personal income tax filers. The credit is transferable but not refundable. The credit is available for tax years beginning on or after January 1, 2025. For additional information, including eligibility rules, see TIR 24-16, Section II.

New Qualified Conversion Credit

The Qualified Conversion Credit is available to real estate developers that convert existing commercial property to residential or mixed use. The credit is awarded in an amount determined by the Executive Office of Housing and Livable Communities based on applications submitted by developers. The credit cannot exceed 10% of a developer's costs. The credit is available to both corporate excise and personal income tax filers. The credit is

transferable but not refundable. The credit is available for tax years beginning on or after January 1, 2025, and expires on December 31, 2029. For additional information see TIR 24-16, Section III.

Other Credits

Certain existing credits have been revised by recent legislation. These revisions expand the availability of the following credits for the tax years indicated:

- Community Investment Credit (effective for tax years beginning on or after January 1, 2025);
- Economic Development Incentive Program Credit, (effective for credits awarded on or after November 20, 2024);
- Historic Rehabilitation Credit, (effective for tax years beginning on or after January 1, 2024);
- Life Sciences Tax Incentive Program (effective for tax years beginning on or after January 1, 2024);
- Research Credit (effective for research expenses incurred on or after November 20, 2024);
- Offshore Wind Investment Tax Credit (effective retroactively for tax years beginning on or after January 1, 2023); and
- Offshore Wind Jobs Tax Credit (effective retroactively for tax years beginning on or after January 1, 2023).

For additional information see TIR 24-16 Sections IV and V and TIR 25-5 Sections V through VIII and X through XIII.

Singles Sales Factor Apportionment

Effective for tax years beginning on or after January 1, 2025, personal income tax filers that are required to apportion their income to Massachusetts must do so by using the sales factor only. See TIR 24-4, Section IV, for a general discussion of this change.

Federal Conformity

In general, a taxpayer's Massachusetts gross income and many deductions are based on the taxpayer's federal gross income and deductions under the Internal Revenue Code (IRC) as of a specific date. For tax years beginning on or after January 1, 2024, the Massachusetts personal income tax generally conforms to the IRC as amended and in effect on January 1, 2024. For further information regarding federal tax law changes see TIR 24-14 and Working Draft TIR: Massachusetts Conformity to Certain Provisions in Public Law No. 119-21.

As a general rule, Massachusetts does not conform to personal income tax law changes to the IRC made after January 1, 2024. However, certain specific Massachusetts personal income tax pro-

visions, as set forth in MGL ch. 62, § 1(c), automatically conform to the IRC currently in effect. The provisions of the IRC that Massachusetts conforms to on a current basis include those provisions relating to:

- Roth IRAs;
- IRAs;
- The exclusion for gain on the sale of a principal residence;
- Trade or business expenses;
- Travel expenses;
- Meals and entertainment expenses;
- The maximum deferral amount of government employees' deferred compensation plans;
- The deduction for health insurance costs of self-employed taxpayers;
- Medical and dental expenses;
- Annuities;
- Health savings accounts;
- Employer-provided health insurance coverage;
- Amounts received by an employee under a health and accident plan; and
- Contributions to qualified tuition programs.

Federal Tax Law Changes

Federal legislation passed in 2025 made a number of changes to the IRC. The Massachusetts personal income tax adopts only those changes that relate to provisions that Massachusetts adopts on a current basis (as listed above).

Note: Massachusetts does not adopt the federal deduction for tip income (IRC § 224) or the federal deduction for overtime pay (IRC § 225). For further information regarding federal tax law changes see TIR 24-14 and Working Draft TIR: Massachusetts Conformity to Certain Provisions in Public Law No. 119-21.

Privacy Act Notice

Under the authority of 42 U.S.C. § 405(c)(2)(c)(i), and MGL ch 62C, § 5, the Department of Revenue (DOR) has the right to require a taxpayer to furnish his Employer Identification number and/or Social Security number, as the case may be, on a state tax return. This information is mandatory. DOR uses these numbers for taxpayer identification, to assist in processing and keeping track of returns, and in determining and collecting the proper amount of tax due. Under MGL ch 62C, § 40, the taxpayer's identifying number is required to process a refund of overpaid taxes. Although tax return information is generally confidential pursuant to MGL ch 62C, § 21, DOR may disclose return information to other taxing authorities and those entities spec-

ified in MGL ch 62C, §§ 21, 22, or 23, and as otherwise authorized by law.

Common Form 2 Mistakes

An incomplete or incorrect return can delay processing of your return. Below are tips to help us process your return as quickly as possible.

Incorrect Computation

Many returns must be corrected by DOR each year due to simple errors in computation. Before mailing your return, check your arithmetic to make sure the computations are correct.

Filing Status

Be sure to select the correct oval for filing status. This requirement is frequently overlooked.

Fiscal Year

Clearly mark tax return "Fiscal Year" if applicable.

Missing Withholding Statement(s)

Enclose Schedule 62-WH and make certain all state copies of your Forms W-2 (Wages), 1099-G, or 1099-R and W-2G (Winnings) that show Massachusetts income tax withheld are enclosed. These forms are frequently missing and must be obtained from you later in order to process the return.

Missing Supporting Schedules

Make sure you have enclosed all required schedules to support the information on your Form 2. These include Schedules B, B/R, C, C-2, CMS, CRS, D, E, H, IDD, OJC and 2K-1 of Massachusetts Form 2. We cannot process your return without these schedules.

Credits — Missing Certificate or Other Identification Numbers and/or Supporting Schedules

Make sure you have included all required certificate or other identification numbers and/or schedules to support the credits you are claiming. Failure to include certificate or other identification numbers and/or schedules will result in the credit being disallowed on your tax return and an adjustment of your reported tax.

Missing Signatures

Thousands of unsigned forms and other documents are received by DOR every year. These forms must be returned to taxpayers for signatures. Make sure signatures are on the correct lines.

Definitions Complex Trust

A trust that, for any given taxable year, does not qualify as a simple trust, as defined below. Complex trusts are governed by IRC §§ 661 and 662.

Grantor Trust

Under MGL ch 62, § 10(e), if the grantor or another person is treated as the owner of any portion of a trust by reason of the provisions of IRC §§ 671 to 678, inclusive, the trust is a grantor trust and its income is taxable to the grantor or such other person, not to the trust.

Massachusetts Source Income

Gross income derived from or effectively connected with: (1) any trade or business, including any employment carried on by the taxpayer in the Commonwealth, regardless of where or when the income is received; (2) the participation in any lottery or wagering transaction within the Commonwealth; or (3) the ownership of any interest in real or tangible personal property located in the Commonwealth. Gross income derived from or effectively connected with any trade or business, including any employment, carried on by the taxpayer in the Commonwealth includes: gain from the sale of a business or of an interest in a business; distributive share income; separation, sick, or vacation pay; deferred compensation and non-qualified pension income not prevented from state taxation by the laws of the United States; and income from a covenant not to compete.

Nonresident Estate

An estate of a deceased non-Massachusetts resident. A nonresident estate is subject to the taxing jurisdiction of Massachusetts to the extent it earns Massachusetts source income. In other words, the income of a nonresident estate is taxable to the extent it would be taxable to a nonresident individual.

Nonresident Trust

A trust that earns Massachusetts source income and that is:

- A trust under the will of a decedent who was a non-Massachusetts resident at death;
- A trust all of whose trustees are nonresidents; or
- A trust all of whose grantors are nonresidents at the time of the creation of the trust or at any time during the year for which the income is computed.

These conditions must be met in order to subject the trust to the taxing jurisdiction of Massachusetts.

Qualified Settlement Fund

A qualified settlement fund as defined in IRC § 468B(g) and Treas. Reg. § 1.468B-1 et seq. See also Letter Ruling (LR) 08-7.

Resident Estate

An estate of a deceased Massachusetts resident.

Resident Trust

A resident trust may be one of two types. It may be a testamentary trust (a trust under the will of an individual who died an inhabitant of Massachusetts). Alternatively, it may be an inter vivos trust) a trust

created during the life of the grantor. To subject an inter vivos trust to the taxing jurisdiction of Massachusetts, the following conditions must exist: the trustee or other fiduciary, or at least one of them, is a Massachusetts inhabitant, and:

- The grantor, or at least one of them, was a Massachusetts inhabitant when the trust was created; or
- The grantor, or at least one of them, resided in Massachusetts during any part of the year for which the income is computed; or
- The grantor or at least one of them, died a Massachusetts inhabitant.

Simple Trust

A trust that is required to distribute all of its income currently, may not make distributions of principal, and does not provide for charitable contributions. Simple trusts are governed by IRC §§ 651 and 652.

Unascertained Persons

A class of persons who cannot be identified with certainty until the happening of a specified event. The term also applies to those of a class who fulfill some special qualification. It is the trust termination provisions that determine whether a remainder interest is ascertained or not. For example, if the termination provisions read “income to X for life, remainder to Y, if living, or, if not, to Y’s estate,” the remainder interest is vested in Y and is not unascertained. However, if they read “to X for life, remainder to Y, if living, or, if not, to Y’s issue then living,” the remainder interest is not vested in Y or Y’s issue and is unascertained because it cannot be known for certain who will take the remainder interest until X’s death. In the latter case, gains realized by the trust will be deemed to be income accumulated for the benefit of unascertained persons and taxable in full to the trust.

Uncertain Interest

A type of future interest such as a contingent remainder or a vested remainder subject to being cut off upon the happening of a contingency. In determining whether a person has an uncertain interest, a remainder interest in a trust that is vested and not subject to being divested by the happening of any contingency expressly mentioned in the trust instrument is not classified as an uncertain interest. Any other type of future interest is an uncertain interest.

Common Questions

Once Massachusetts Jurisdiction is Established, to Whom is the Income Taxable? Resident Estate or Trust

When income of a resident estate or trust subject to the taxing jurisdiction of Massachusetts is being accumulated for a Massachusetts beneficiary(ies), unborn persons, unascertained persons, or

persons with uncertain interests, such income is taxable to the estate or trust. Otherwise, income from such resident estate or trust includable in the federal gross income of a beneficiary(ies) by reason of IRC §§ 652 and 662 is taxable to the beneficiary(ies).

Nonresident Estate or Trust

When Massachusetts source income of a nonresident estate or trust is being accumulated, such income is taxable to the estate or trust regardless of whether it is being accumulated for Massachusetts beneficiaries, non-Massachusetts beneficiaries, unborn persons, unascertained persons, or persons with uncertain interests. Massachusetts source income of a nonresident estate or trust includable in the federal gross income of a Massachusetts or non-Massachusetts beneficiary by reason of IRC §§ 652 and 662, however, is taxable in Massachusetts to the beneficiary. All other income of a nonresident estate or trust, i.e., all non-Massachusetts source income, is taxable to a Massachusetts beneficiary if he receives it.

Who Must File a Massachusetts Fiduciary Return?

Every executor, administrator, trustee, guardian, conservator, trustee in a noncorporate bankruptcy or receiver of a trust or estate that received income in excess of \$100 that is taxable under MGL ch 62 at the entity level or to a beneficiary(ies) and that is subject to Massachusetts jurisdiction must file a Form 2.

What Other Forms Must Be Filed?

All applicable U.S. schedules, forms and enclosures must be filed with Form 2. A copy of U.S. Schedule K-1 must be enclosed in all cases where a deduction is taken for the payment of income to a nonresident. DOR has developed an extensive information exchange program that includes the following forms:

- Form 1, Resident Income Tax Return;
- Form 1-NR/PY, Nonresident/Part-Year Resident;
- Form M-1310, Statement of Claimant to Refund Due on Behalf of Deceased Taxpayer;
- Form 2, Fiduciary Income Tax Return; and
- Form M-706, Estate Tax Return. Discrepancies and nonfilings, except those allowed under Massachusetts law, will be identified and may result in an audit or further investigation.

When is Form 2 Due?

The 2025 Form 2 is due on or before April 15, 2026.

Fiscal Year Filers

If permission has been granted to file on a fiscal year basis, the return is generally due on or before the 15th day of the fourth month after the close of the fiscal year. Prior consent must be requested

in order to file a return on a fiscal year basis. An application can be made on Form 13. Fiduciaries failing to obtain prior consent will be placed on a calendar year basis.

E-File Mandate

Currently, fiduciaries filing Form 2 or Form 2G with total Part A, Part B, and Part C (as defined in MGL ch 62, § 2(b)) net taxable income of \$50,000 or more are required to make all payments, including estimated payments, by electronic means.

Effective for payments made on or after January 1, 2022, all fiduciary income tax payments of \$2,500 or more must be made electronically. This includes estimated payments, extension payments and return payments. Payments may be made electronically using commercial software or through MassTaxConnect.

Effective for tax periods ending on or after December 31, 2021, tax return preparers must file all Massachusetts fiduciary income tax returns (Forms 2 and 2G) electronically, provided the tax return preparer reasonably expects to file more than 10 original Massachusetts Forms 2 and 2G during the calendar year. This requirement parallels the requirement stated in TIR 11-13 regarding the filing of personal income tax returns.

Forms 2 and 2G may be filed electronically using commercial software or through MassTaxConnect.

For more information about the E-file mandate, see TIRs 21-9, 16-9, 09-18, 05-22 and 04-30.

Short Year and Fiscal Year Filers

Fiscal year filers whose fiscal year begins in 2025 and ends in 2026 should file the 2025 Form 2 return. Short year filers should file using the tax form for the calendar year within which the short year falls. If the short year spans more than one calendar year, the filer should file using the tax form for the calendar year in which the short year begins. If the appropriate form is not available at the time the short year filer must file, the filer should follow the rules explained in TIR 11-12.

What If I Am Unable to Pay?

If you are unable to pay the full amount of tax that you owe, you should pay as much of your tax liability as possible with your return. You will receive a bill from DOR for the remaining amount of tax due plus accrued interest and penalty charges. If the amount of the bill is less than \$10,000 and you still cannot pay it in full, you must apply formally to DOR for a small payment agreement in order to avoid collection activity. Setting up a small payment agreement will allow you to make monthly payments over a set period to meet your unpaid liability. You can apply for a small payment agreement by visiting mass.gov/MassTaxConnect.

Are Wholly Charitable Trusts/Private Foundations Required to File Form 2?

Funds held in trust for public charitable purposes are exempt from tax under MGL ch 62, § 3, if such income is currently payable to, or irrevocably set aside for, public charitable purposes. Trustees of wholly charitable trusts, i.e., trusts with no non-charitable interests, are required to file a Form 2, however, even though such trusts' taxable income may be zero. Trustees of split-interest trusts, e.g., pooled income funds, charitable remainder annuity trusts, and charitable remainder unitrusts, are to file a Form 2G, not Form 2.

What Deductions and Exemptions Are Allowable on the Guardianship/Conservatorship Form 2?

Every deduction and exemption that an individual is entitled to take on Form 1 may be claimed by a guardian or conservator on behalf of a ward on Form 2. Supporting documentation must be enclosed, including all applicable schedules from U.S. Form 1040, e.g., Schedule A, Itemized Deductions, if claiming the medical expense exemption. Generally, deductions may be used only against 5.0% income. See Schedule C-2 for the limited circumstances under which deductions may be applied against interest (other than interest from Massachusetts banks), dividends, and capital gain income.

Any deduction or exemption claimed must be entered first on Schedule IDD, line 3, and then on line 8, line 13, and line 18, as appropriate; lines typically used by an estate or trust to claim an income distribution deduction. Such deduction is not allowable to a guardianship or conservatorship, however, thus, these lines are available to a guardian or conservator for claiming deductions and exemptions on behalf of a ward. Any deduction or exemption claimed must be explained via a supporting statement enclosed with the Form 2. The preprinted language on Schedule IDD, lines 3, 8, 13 and 18 should be crossed out and the words "see supporting statement" should be added.

Should I Be Making Estimated Tax Payments?

Generally, every fiduciary receiving income taxable at the entity level must make estimated tax payments on Massachusetts Form 2-ES, if the entity expects to owe more than \$400 in taxes for the taxable year. Estimated tax payments made by a fiduciary on behalf of a beneficiary of a pooled income fund, charitable remainder annuity trust, charitable remainder unitrust, or on behalf of a non-resident grantor of a grantor-type trust or a nonresident entity beneficiary that is a trust or other entity also must be made on Form 2-ES. In

contrast, fiduciaries required to deduct and withhold payments under MGL ch 62, § 10(g) on behalf of a nonresident individual beneficiary must make estimated tax payments on the beneficiary's behalf on Form 1-ES using the beneficiary's identification number. For more information, see DOR Directive (DD) 07-4. Fiduciaries filing Form 2 with total net taxable income of \$50,000 or more must make all estimated tax payments by electronic means. Fiduciaries with income less than the above cited threshold may make payments electronically as well, but are not required to.

Generally, the first payment voucher must be filed on or before April 15 of the taxable year. The estimated tax may be paid in full with the first payment voucher or in four installments on or before April 15, June 15, September 15 of the taxable year, and January 15 of the following year. Fiscal year taxpayers must file their first payment voucher on or before the 15th day of the fourth month of the fiscal year. The estimated tax may be paid in full with the first payment voucher or in four equal installments on or before the 15th day of the fourth, sixth, and ninth months of the fiscal year, and the 15th day of the next fiscal year. Be sure to use the appropriate voucher for each payment and fill in the tax year and date. Whenever a due date falls on a Saturday, Sunday, or legal holiday, the filing and payment may be made on the next succeeding business day.

Fiduciaries who underpay or fail to pay their estimated taxes may incur a penalty. Form M-2210F, Underpayment of Massachusetts Estimated Income Tax for Fiduciaries, is used to compute the additional charge. Finally, a resident beneficiary subject to tax at the beneficiary level pursuant to MGL ch 62, § 10 (h) must make estimated tax payments on his distributable share of the estate or trust income. Such payments are to be made on Massachusetts Form 1-ES. For more information, see DD 07-4.

Can Unused Capital Losses be Passed Through to Beneficiaries?

Unused capital losses of an estate or trust are allocable to the estate's or trust's corpus and can be used by the estate or trust itself in future years. These losses cannot be passed through to beneficiaries, even in the year of termination.

Does Massachusetts Have a 65-Day Election?

No. In determining the amount paid, credited, or otherwise required to be distributed to a beneficiary (lines 3, 8, 13, and 18 of Schedule IDD, Income Distribution Deduction), Massachusetts has not adopted the 65-day election available to estates and complex trusts federally under IRC § 663(b).

Therefore, any distribution or portion thereof to a beneficiary made within the first 65 days following the close of the 2025 taxable year, treated federally as having been distributed in 2025, is to be treated for Massachusetts purposes in 2025 as accumulated income and is taxable at the estate or trust level, with one exception. Non-Massachusetts source income accumulated for a vested nonresident beneficiary is not taxable at the estate or trust level, but is deductible on Form 2, lines 12, 19, 28, or 36, as applicable. Moreover, any distribution or portion thereof to a beneficiary made within the first 65 days following the close of the 2025 taxable year will be treated in the year of distribution, i.e., 2026 as a tax free distribution.

Does Massachusetts Offer Simplified Filing and Reporting Options to Grantor Trusts Similar to the Filing and Reporting Options Available Federally Pursuant to Treasury Regulations § 1.671-4?

Generally, the fiduciary of a grantor trust is required to file with DOR an informational return, Form 2G, along with a schedule indicating the items of income, deductions, and credits against tax attributable to the trust that are treated as owned by and taxable to the grantor/owner. Additionally, the fiduciary must give a copy of the schedule to the grantor/owner, who is required to report the income, deductions, and credits reported on the schedule on his Massachusetts individual income tax return.

Notwithstanding the above, similar to one of two reporting options offered federally under Treasury Regulations § 1.671-4, no Form 2G will be required to be filed with DOR by the fiduciary of a grantor trust as long as the following three requirements are met:

- The grantor trust has only one owner, a Massachusetts resident;
- That owner is also the trustee or co-trustee of the trust; and
- The trustee has provided all payors of trust income the name and taxpayer identification number of the grantor and the address of the trust.

Does the Pass-Through Entity Withholding Program Apply to Estates and Trusts?

Most estates and trusts are not required to participate in the pass-through entity withholding program (adopted for tax years beginning on or after January 1, 2009) because they are required to withhold under other Massachusetts statutory provisions. See, e.g., MGL ch 62, § 10(g) (requiring trusts and estates to withhold or make estimated payments on payments to nonresidents, including nonresident grantors of grantor trusts). For more information on the applicability of the pass-through entity withholding program to trusts and estates, see the Guide for Pass-Through Entities, Including Registration Information. See

also 830 CMR 62B.2.2, Pass-Through Entity Withholding.

Who is a Designated Tax Matters Partner?

MGL ch. 62C, § 24A, established a unified audit, assessment, and appeal procedure for pass-through entities (partnerships, S corporations, and certain trusts) that is completely separate from regular audit procedures. Individual members may, however, elect not to participate in the separate unified audit procedure. The tax matters partner (TMP) is the individual designated by the pass-through entity to act as its representative to DOR during the unified audit process. During the unified audit, the TMP has the authority to request a settlement, to agree to extend the statute of limitations, to request a conference, and to appeal a determination of pass-through entity items. For further discussion, see 830 CMR 62C.24A.1 and TIR 13-15.

Select all applicable ovals. For example, if you are filing a first year return for an estate, select the ovals for **Decedent's estate** and **Initial return**.

If filing on a fiscal year basis, enter your fiscal year's beginning and ending dates in the appro-

appropriate boxes at the top of the return. If you have elected to file as a Qualified Funeral Trust (QFT) on U.S. Form 1041-QFT, select the **Qualified funeral trust** oval. If you file a composite Form 1041-QFT, you may also file a composite Form 2. Select the **Qualified funeral trust** oval and write **Composite QFT** across the top of the return. You must enclose a schedule with a Composite QFT Form 2 that includes the following information for each QFT (or separate interest treated as a separate QFT):

- The type and gross amount of each type of income earned by the QFT for the tax year (for long-term capital gains, identify separately the amount of capital gain by holding period);
- The type of each deduction allocable to the QFT;

- If the QFT was terminated during the year, give the date of termination.

Schedule TDS. Inconsistent Filing Position Penalty

Fill in the oval and enclose Schedule TDS, Taxpayer Disclosure Statement, if you are disclosing any inconsistent filing positions. Schedule TDS is available on the DOR website at mass.gov/dor. The inconsistent filing position penalty (see TIR 06-5, section IV) applies to taxpayers that take an inconsistent position in reporting income. These taxpayers must disclose the inconsistency when filing their Massachusetts return. If such inconsistency is not disclosed, the taxpayer will be subject to a penalty equal to the amount of tax attributable to the inconsistency. This penalty is in addition to any other penalties that may apply. A taxpayer is deemed to have taken an inconsistent position when the taxpayer pays less tax in Massachusetts based upon an interpretation of Massachusetts law that differs from the position taken by the taxpayer in another state where the taxpayer files a return and the governing law in that other state is the same in all material respects as the Massachusetts law. The Commissioner of Revenue may waive or abate the penalty if the inconsistency or failure to disclose was attributable to reasonable cause and not willful neglect.

Massachusetts Schedule FCI, Foreign Corporation Income

Certain eligible businesses and individuals are required to complete and file Massachusetts Schedule FCI, Foreign Corporation Income, with their tax return to report their pro rata share of foreign corporation income that must be reported federally under the TCJA.

Business taxpayer reporting is required on an entity-level basis. C corporations and Pass-Through

Entities (S corporations, partnerships or trusts) (PTEs) are required to complete Schedule FCI at the entity level only. Individual pass-through members of a PTE (i.e., individual S corporation shareholders, partners, or trust beneficiaries who are eligible pass-through income recipients are not required to complete and submit a Schedule FCI with their tax returns.

Note: A pass-through member of a PTE that is a business entity (non-individual) with a Massachusetts tax return filing requirement must also complete and submit Schedule FCI with its tax return if it is an eligible taxpayer or U.S. shareholder. Detailed instructions for completing Schedule FCI are available on DOR's website. See Schedule FCI and Instructions.

Fill in the oval and enclose Schedule FCI (Foreign Corporation Income) if the taxpayer is required to complete and file Schedule FCI with Form 2.

Filing an Amended Return

Supporting Statement Required - If you are filing an amended return for any reason you must attach a statement to the amended return with an explanation of why you are filing the amended return, including the basis for submitting it.

If you need to change a line item on your return, complete a new return with the corrected information and fill in the **Amended return** oval. An amended return can be filed to either increase or decrease your tax. Generally, an amended return must be filed within three years of the date that your original return was filed. For further information regarding amended returns, visit mass.gov/dor/amend and see TIR 16-13, Changes to the Amended Return Process Expanded to Most Tax Types.

Federal Changes

If your amended return includes changes you have reported on an amended federal return filed with the IRS for the same tax year, fill in the **Amended return due to federal change** oval.

If your amended return does not report changes that result from the filing of a federal amended return or from a federal audit, fill in only the **Amended return** oval.

Amended Return Due to IRS BBA Partnership Audit

The Amended return due to IRS BBA Partnership Audit oval is only to be used if you are an upper-tier member of a partnership that was impacted by an IRS adjustment to a lower-tier partnership resulting from a federal centralized BBA audit.

If you are a fiduciary that was directly impacted by an IRS adjustment from a federal centralized BBA audit do not file an amended Form 2 return to report such IRS adjustments. Instead, a fiduciary directly impacted by such IRS adjustment must

file a Centralized Federal Partnership Audit Report on MassTaxConnect. For further details see TIR 22-1, Reporting Rules Related to Centralized Federal Partnership Audits.

Consent to Extend the Time to Act on an Amended Return treated as Abatement Application

In certain instances, an amended return showing a reduction of tax may be treated by DOR as an abatement application. Under such circumstances, by filing an amended return, you are giving your consent for the Commissioner of Revenue to act upon the abatement application after six months from the date of filing. See TIR 16-11. You may withdraw such consent at any time by contacting DOR in writing. If consent is withdrawn, any requested reduction in tax will be deemed denied either at the expiration of six months from the date of filing or the date consent is withdrawn, whichever is later.

Filing an Application for Abatement

File an Application for Abatement only to dispute an audit assessment or to request an abatement of penalties.

For the fastest response time, file your dispute online at mass.gov/masstaxconnect. If you are not required to file electronically or you cannot file online, use Form ABT (Application for Abatement).

Visit mass.gov/dor/amend for additional information about filing an amended return, or filing an application for abatement. See also TIR 16-13.

A fiduciary that is doing business in Massachusetts (including through the means of activities conducted by a disregarded entity that such fiduciary owns) and that is also the owner of a disregarded entity for any portion of the taxable year for which a return is being filed must identify each disregarded entity by filing Schedule DRE with its return. A separate Schedule DRE is required for each such disregarded entity. See Schedule DRE instructions for additional information.

Member of a Lower-Tier Entity

A tiered structure is a pass-through entity that has a pass-through entity as a member. Pass-through entity refers to an entity whose income, loss, deductions and credits flow through to members for Massachusetts tax purposes, and includes estates and trusts not taxed at the entity level. Member includes beneficiaries of a pass-through entity. As between two entities, the pass-through entity that is a member is the upper-tier entity, and the entity of which it is a member is the lower-tier entity. If the estate or trust is a member of another pass-through entity, it should answer Yes to this question.

For a decedent's estate, income in respect of a decedent is taxed on Form 2, line 1, in addition to being taxed on the Form M-706, Massachusetts Estate Tax Return, as an asset of the estate. Income in respect of a decedent is income the decedent had a right to receive prior to his date of death, but payment of which was made to the estate after the date of death. Wages, salaries, or other forms of compensation, including any fixed sum amount attributable to services rendered prior to the decedent's death, are to be included on line 1.

Note: Massachusetts does not adopt the federal deduction for tip income (IRC § 224) or the federal deduction for overtime pay (IRC § 225).

Line 2. Taxable Pensions and Annuities

Force, Coast Guard, commissioned corps of the U.S. Public Health Service and National Oceanic and Atmospheric Administration) is exempt. Massachusetts allows a deduction for contributory pension income received from another state or one of its political subdivisions that does not tax such income from Massachusetts or its political subdivisions. For guidelines on determining which state pensions are exempt in Massachusetts, see TIR 95-9. Enter the fully taxable amounts received from pension or annuity plans on line 2. Amounts distributed from an IRA or Keogh plan should also be reported on line 2.

Line 42. Credit for Income Taxes Due to Other Jurisdictions

Credit is not given for a property tax due to another jurisdiction on account of capital stock or property. This does not refer to a tax on gain or income from the sale of capital stock or property, as included on Form 2, Schedule B or D however. Credit is also not given for any interest and penalties paid on a tax due to another jurisdiction. For

more information on what taxes are allowed see the Form 1, line 30 instructions.

7. Allowable credit. Enter the smaller of lines 5 or 6 here and in line 42 on Form 2

The credits reported on lines 42 and 43 may be passed through to beneficiaries on line 45 and the applicable lines on Schedule 2K-1. Alternatively, they may be taken at the estate or trust level on line 46. These alternatives are mutually exclusive. Select the appropriate **Amended return** oval on page 1. Complete the entire return, correct the appropriate line(s) with the new information and recompute the tax liability. On an enclosed sheet, explain the reason for the amend-

ment(s) and identify the line(s) and amount(s) being changed on the amended return. Mail the amended return to **Massachusetts Department of Revenue, PO Box 7018, Boston, MA 02204.**

Enter the total refundable credits from Schedule CMS, Credit Manager Schedule that are being claimed at the estate or trust level. Do not include refundable credits that have been passed to a beneficiary on line 45. Be sure to enclose Schedule CMS with your return. Failure to do so will delay the processing of your return.

Line 56. Refundable Child and Family Tax Credit

The following credit may be allowed if attributable to a decedent or ward to the extent not claimed by the decedent on Form 1 or 1-NR/PY (enclose a copy of Form 1 or 1-NR/PY). You may not claim this credit if it is passed to a beneficiary on line 45. Additionally, the credit may be allowed a guardian or conservator on behalf of a ward.

► A credit of \$440 for dependent members of the decedent or ward’s household under age 13, or dependent age 65 or over or disabled (not the decedent/ward or their spouse) as of December 31, 2025, or disabled dependent or taxpayer’s spouse, who is physically or mentally incapable of taking care of himself or herself and principally lives with the taxpayer. For a decedent, the individual must be a dependent at the close of the taxable year in which the decedent’s death falls.

Line 61. Tax Due

If line 49 is larger than line 57, subtract line 57 from line 49, and enter the result on line 61. This is the amount of tax you owe. Pay in full with your return. Go to mass.gov/masstaxconnect for online payment options. If you need to mail your payment, make the check or money order payable to **Commonwealth of Massachusetts** and write the estate or trust Employer Identification number on the front of the check or money order in the lower left front corner.

Failure to file or failure to pay the proper amount of tax when due will result in an increasing amount of interest and penalties. It is to your advantage to file when your return is due, whether or not you are able to make full payment.

If you owe any interest, penalty or addition for the underpayment of estimated tax, add those amounts to the tax you owe when making your payment.

Interest and Penalties

Interest

If you fail to pay the tax when due, interest will be charged. For an explanation of how interest is compounded in Massachusetts, see TIR 92-6 or call the Customer Service Bureau at (617) 887-MDOR or toll-free, in Massachusetts at 1-800-392-6089.

Penalty for Late Payment

The penalty for late payment is 1% of the tax due, per month (or fraction thereof) up to a maximum of 25%.

Penalty for Failure to File

The penalty for failure to file a tax return by the due date is 1% of the tax due, per month (or fraction thereof) up to a maximum of 25%.

Penalty for Protested (“Bad”) Check

If any check sent in payment of tax or other charge is not honored by your bank because of insufficient funds or for any other reason, a penalty of \$30 or the amount of the payment, whichever is less, may be charged.

Federal (Audit) Change Penalty

If the U.S. Internal Revenue Service changes a tax return for a prior year (generally through audit), file an amended Form 2 together with any required schedules or additional payments within one year of the final federal determination to avoid a penalty. The penalty is equal to 10% of the additional tax due. Remember to select the appropriate **Amended return** oval on page 1 of Form 2. If the change indicates a refund, file an amended return within one year.

Addition for Underpayment of Estimated Tax

If withholding and/or estimated tax payments do not equal 80% of the total tax liability required to be paid, an addition to tax will generally apply if your 2025 tax due after credits and withholding is greater than \$400. If you failed to meet these requirements, you must complete and enclose Massachusetts Form M-2210F to calculate the amount of penalty you must add to line 61, or to show which exception applies. Most taxpayers who qualify for an exception made withholding and/or estimated payments equal to their tax liability for the previous year. You do not have to complete Form M-2210F if the balance due with your return is \$400 or less.

Taxpayer’s Declaration

At least one of the fiduciaries must sign and date the return, under penalties of perjury. Fiduciaries using facsimile signatures must follow the procedures in DD 89-9. Enclose Schedule 62-WH and all state copies of any Forms W-2, 1099, and W-2G with Massachusetts withholding with the Form 2. Make the check or money order payable to the Commonwealth of Massachusetts and be sure to sign the check. The estate or trust Employer Identification number should be entered on the front of the check. Enclose all required U.S. forms and schedules to the back. Please enclose Massachusetts forms and schedules first, followed by Massachusetts Form M-2210F. The return, together with payment in full, is due, for calendar year filers on or before April 15, 2026. Fiscal year returns are generally due on the 15th day of the fourth month after the close of the fiscal year. Mail to **Massachusetts Department of Revenue, PO Box 7018, Boston, MA 02204**. Direct fiduciary inquiries (not returns) to **Massachusetts Department of Revenue, Customer Service Bureau, PO Box 7010, Boston, MA 02204**, or call (617) 887-MDOR.

Schedule D Capital Gains and Losses Long-Term Capital Gains and Losses Excluding Collectibles

You must complete Massachusetts Form 2, Schedule D if you had long-term capital gains or losses from the sale or exchange of capital assets or from similar transactions which are granted capital gain or loss treatment on your U.S. return or, if you had capital gain distributions. Include gains from all property, wherever located. Long-term capital gains are gains on the sale or exchange of capital assets that have been held for more than one year on the date of the sale or exchange. Long-term capital losses are losses on the sale or exchange of capital assets that have been held for more than one year on the date of the sale or exchange. Capital gain income is defined as gain from the sale or exchange of a capital asset. The definition of capital asset includes:

- An asset which is a capital asset under IRC § 1221; or
- Property that is used in a trade or business within the meaning of IRC § 1231(b), without regard to the holding period as defined in said section.

Significant Differences Between U.S. and Massachusetts Capital Gain Provisions

- IRC § 1244 losses reported as ordinary losses on your U.S. return must be reported on Massachusetts Form 2, Schedule D;
- If you made a federal election under § 311 of the Tax Relief Act of 1997 to recognize gain on

the deemed sale of a capital asset held on January 1, 2001, Massachusetts does not follow the federal rules at § 311 for determining the basis of the asset. See TIR 02-3. If you sold a capital asset in 2025 for which you made a federal § 311 election, the Massachusetts initial basis will not be the federal basis. The Massachusetts initial basis will be determined as of the date the asset was first acquired;

- Upon the sale of stock of an S corporation, the federal basis must be modified according to Massachusetts Income Tax Regulation, 830 CMR 62.17A.1;
- Massachusetts has adopted basis adjustment rules to take into account differences between Massachusetts and federal tax laws. For more information regarding basis adjustment rules, see TIR 88-7; and
- Net ordinary losses that are itemized deductions on U.S. Schedule A are not allowable.

Installment Sales

Taxpayers who are treated as electing installment sale treatment federally will automatically be treated as electing Massachusetts installment sale treatment if the Massachusetts gain for the entire transaction is less than \$1 million. Such taxpayers are not allowed to elect out of Massachusetts installment sales treatment and do not have to post security with the Commissioner of Revenue ("Commissioner"). In contrast to the above, taxpayers who are treated as electing installment sale treatment federally must file a separate Massachusetts installment sale election and post security with the Commissioner if their Massachusetts gain for the entire transaction is equal to or greater than \$1 million. An explanatory statement must be enclosed with each return for the life of the installment sale. For further information see TIR 04-28 or contact the Installment Sales Unit at (617) 887-6950.

Note: If you are reporting capital gains on installment sales that occurred during January 1, 1996 through December 31, 2002, do not file Form 2, Schedule D. Instead, you must file Schedule D-IS, Installment Sales. If you are reporting an installment sale occurring on or after January 1, 2003, report those gains on Form 2, Schedule D.

Exclusion of Gains from the Sale of Qualified Small Business (QSB) Stock or Reduced Capital Gains Tax Rate for Gains from the Sale of Stock in Certain Massachusetts-Based Start-Up Corporations

Massachusetts excludes from gross income 100% of gain on sales or exchanges of qualified small business (QSB) stock held for more than

5 years to the same extent as allowed under IRC § 1202, as amended and in effect on January 1, 2024. The exclusion applies to gain on QSB stock acquired on or after September 27, 2010. See TIR 23-5 for more information.

Note: Massachusetts does not conform to the expansion of the exclusion made by Public Law 119-21. See Working Draft TIR: Massachusetts Conformity to Certain Provisions in Public Law No. 119-21

In addition, gains derived from the sale of investments in small businesses which do not qualify for the above exclusion may be eligible for a reduced tax rate of 3%. In order to qualify for the 3% rate, investments must have been made within five years of the corporation's date of incorporation and must be in stock that generally satisfies the definition of QSB stock under IRC § 1202 (c), other than the requirement that the stock be stock of a C corporation. In addition, the stock must be held for three years or more and the investments must be in a corporation which:

- Is domiciled in Massachusetts;
- Is incorporated on or after January 1, 2011;
- Has less than \$50 million in assets at the time of investment; and
- Complies with applicable portions of the active business requirements of § 1202 of the IRC, i.e., §§ 1202 (e)(1), (e)(2), (e)(5), and (e)(6).

Note: If you are reporting a sale of stock in a certain Massachusetts-based start-up corporation(s), do not file Schedule D. Instead, you must report that gain(s) on Schedule D-IS, Installment Sales or qualified small business stock gain. Schedule D-IS can be obtained on DOR's website at mass.gov/dor.

Enter the amount of common trust fund gain included on line 8. This amount would have been carried over from your U.S. Form 1041, Schedule D, and is properly reported on Form 2, line 32.

Differences include:

- Capital gains or losses that occurred while the taxpayer was legally domiciled in another state or country during the taxable year;
- Capital gains or losses from transactions reported as installment sales for U.S. income tax purposes but not for Massachusetts;
- Massachusetts has adopted basis adjustment rules to take into account differences between Massachusetts and U.S. tax laws; and

- Gains from pre-1996 installment sales classified as ordinary income for Massachusetts purposes and reported on Massachusetts Form 2, Schedule D, line 8 should be reported on Massachusetts Form 2, Schedule D, line 9 (“Differences”). The amount of such gain classified as ordinary income should then be reported on Form 2, line 6 (“Other income”) and identified as 2025 gain from pre-1996 installment sale. Any entry on line 9 must be clearly explained in an enclosed statement.

Line 10. Massachusetts 2025 Gains or Losses

Exclude/subtract line 9 from line 8.

Line 11. Long-Term Gains on Collectibles and Pre-1996 Installment Sales

Enter on line 11 the amount of long-term gains on collectibles and pre-1996 installment sales classified as capital gain income for Massachusetts purposes that are included on line 10. Gains from pre-1996 installment sales are classified as either capital gains or ordinary income under the Massachusetts law in effect on the date the sale or exchange took place. Gains from pre-1996 installment sales that are classified as capital gains and long-term gains on collectibles should be reported as 12% income on Massachusetts Form 2, Schedule B, line 13 and are eligible for a 50% long-term deduction. Gains from pre-1996 installment sales classified as ordinary income and reported on Massachusetts Form 2, Schedule D, line 8 should be reported on Massachusetts Schedule D, line 9 (“Differences”). The amount of such gain classified as ordinary income should then be reported on Form 2, line 6 (“Other income”) and identified as 2025 gain from pre-1996 installment sale. Collectibles are defined as any capital asset that is a collectible within the meaning of IRC § 408(m), as amended and in effect for the taxable year, including works of art, rugs, antiques, metals, gems, stamps, alcoholic beverages, certain coins, and any other items treated as collectibles for federal tax purposes.

Line 12. Subtotal

If Form 2, Schedule D, line 12 is a gain and Form 2, Schedule B, line 23 is a loss, go to Form 2, Schedule D, line 13. If Form 2, Schedule D, line 12 is a loss and Form 2, Schedule B, line 23 is a positive amount, go to Form 2, Schedule D, line 13. If Form 2, Schedule D, line 12 is a gain, and Form 2, Schedule B, line 23 is 0 or greater, omit Form 2, Schedule D, lines 13 through 15 and enter the amount from Form 2, Schedule D, line 12 on Form 2, Schedule D, line 16.

Line 13. Capital Losses Applied Against Capital Gains

If Form 2, Schedule D, line 12 is a positive amount and Form 2, Schedule B, line 23 is a loss, enter the smaller of Form 2, Schedule D, line 12 or Form 2, Schedule B, line 23 (considered as positive amount) on Form 2, Schedule D, line 13 and Form 2, Schedule B, line 24.

If Form 2, Schedule D, line 12 is a loss and Form 2, Schedule B, line 26 is a positive amount, enter the smaller of Form 2, Schedule D, line 12 (considered as a positive amount) or Form 2, Schedule B, line 26 on Form 2, Schedule D, line 13 and in Form 2, Schedule B, line 27.

Line 17. Allowable Deductions From Your Trade or Business

Generally, taxpayers may not use excess 5.0% trade or business deductions to offset other income. However, Massachusetts law allows such offsets if the following requirements are met: the excess 5.0% deductions must be adjusted gross income deductions allowed under MGL ch 62, § 2(d) and these excess deductions may only be used to offset other income which is effectively connected with the active conduct of a trade of business or any other income allowed under IRC § 469(d)(1)(B) to offset losses from passive activities. Enclose Schedule C-2 with your return. Enter on line 17 the amount from Schedule C-2, line 14.

Schedule E

Rental, Royalty and REMIC Income or Loss

Enclose a copy of the U.S. Schedule E and U.S. Form 8582.

Note: Income from rental property located in or outside Massachusetts is subject to taxation on Form 2, Fiduciary Income tax Return, if it is accumulated for unknown or unascertained persons, or persons with uncertain interests. For a decedent's estate, if the executor is authorized or directed in the will to occupy the decedent's realty and collect rents therefrom, or in the absence of a will, the court decree, appointing a temporary executor or administrator, authorizes the same, then to the extent of any income collected, it is reported on line 1a. Generally, the income is reported on the personal income tax return of the heir or devisee taking either title or control and possession of the property, because under Massachusetts law, title to real property vests immediately upon death in the devisees or heirs at law. However, the income is reported on Form 2 when the real estate is under administration or the person taking title or possession is the executor or administrator.

Name of Estate or Trust

Enter the exact legal name of the entity. If an estate or trust, refer to the governing instrument. Other fiduciaries should use the exact legal name as their appointing court ruled.

Estate or Trust Employer Identification Number

Enter the U.S. Employer Identification number. If you do not have one, U.S. Form SS-4, Application for Employer Identification number, should be used to apply for one. Do not use a decedent's Social Security number for an estate. A separate Employer Identification number is required for the estate and for each trust entity.

Line 1a. Rental and Royalty Income or Loss

Enter on line 1a the total rental and royalty income or loss from U.S. Form 1040, Schedule E, Part I, line 26 and Part V, line 40.

Enter on line 1b the total Real Estate Mortgage Investment Conduit (REMIC) residual income or loss from U.S. Schedule E, Part IV, line 39.

Line 1. Subtotal

Combine lines 1a and 1b, and enter on line 1.

Line 2. Massachusetts Differences

Enter and explain on line 2 any differences between rental, royalty, and REMIC income reported on your U.S. return and your Massachusetts return. Possible differences include part-year resi-

dent status, trust provisions, and passive losses as described below. Explain the differences in the space provided or enclose an additional sheet if necessary.

Passive Losses

As a result of differences in U.S. and Massachusetts rules in 1987, the calculations you made for passive losses on your 1987 U.S. and Massachusetts returns may have differed. Differences in amounts reported in 1987 for U.S. and Massachusetts tax purposes should be adjusted when the property is disposed of or the deduction is used up. In addition, passive losses allowed for Massachusetts tax purposes in 1987, but carried over for U.S. tax purposes, cannot be used again for Massachusetts tax purposes when such carryover losses are eventually allowed for U.S. tax purposes. To the extent there are applicable adjustments for Massachusetts differences, taxpayers must calculate allowable losses on a pro forma U.S. Form 8582, Passive Activity Loss Limitations, which should then be enclosed with Form 2.

Line 3. Abandoned Building Renovation Deduction

In line 3 enter 10% of the costs incurred in renovating a qualifying abandoned building that is part of an EACC certified project. See, TIR 18-13. For further information, contact the Massachusetts Office of Business Development at (617) 973-8600.

Combine lines 1, 2 and 3. Enter the total on line 4 of Schedule E and on Form 2, line 4.

Form 2G

Grantor's/Owner's Share of a Grantor-Type Trust

Massachusetts follows the IRC grantor-type trust rules as contained in IRC §§ 671 through 678. See MGL ch 62, § 10. Under MGL ch 62, § 10(e), if the grantor or another person is treated as the owner of any portion of a trust by reason of the provisions of §§ 671 to 678, inclusive, of the IRC, the trust is a grantor trust and its income is taxable to the grantor or such other person, not to the trust. Generally, a grantor-type trust exists when one of the following is present:

- The trust income is distributable to/or accumulated for the benefit of the grantor or the grantor's spouse;
- The grantor holds a reversionary interest in the trust which is not postponed beyond a 10-year period;
- The grantor has the power to revoke the trust in his/her favor;

- The grantor has the power to control the beneficial enjoyment of the trust corpus or income;
- The grantor has retained certain administrative powers with respect to the trust; and

- A person, other than the grantor, has the power to obtain the trust corpus or income. Generally, the fiduciary of a grantor trust is required to file with DOR an informational return, Form 2G, along with a schedule indicating the items of income, deductions, and credits against tax attributable to the trust that are treated as owned by and taxable to the grantor/owner. Additionally, the fiduciary must give a copy of the schedule to the grantor/owner, who is required to report the income, deductions, and credits reported on the schedule on his Massachusetts individual income tax return. Notwithstanding the above, similar to one of two reporting options offered federally under Treasury Regulations § 1.671-4, no Form 2G will be required to be filed with DOR by the fiduciary of a grantor trust as long as the following three requirements are met:

- The grantor trust has only one owner, a Massachusetts resident;
- That owner is also the trustee or co-trustee of the trust; and
- The trustee has provided all payors of trust income the name and taxpayer identification number of the grantor and the address of the trust.

Note: A resident grantor treated as an owner of a grantor-type trust is liable for making his own estimated tax payments, as applicable, on Form 1-ES. This is not the case when the owner is a nonresident grantor, however. In such cases, the trustee must make estimated tax payments on behalf of the nonresident grantor on Form 2-ES. Fiduciary expenses and compensation are not deductible. All supporting details, e.g., Form 2, Schedule D, if there are long-term capital gains or losses, must be enclosed.

Note: Massachusetts has not adopted Treas. Reg. § 1.671-4(b) regarding consolidated filing of grantor-type trusts.

Due Date of Return

Form 2G is due on or before April 15, 2026. If filing on a fiscal year basis, the return is generally due on or before the 15th day of the fourth month after the close of the fiscal year. Mail Form 2G to **Massachusetts Department of Revenue, PO Box 7017, Boston, MA 02204**. Direct fiduciary inquiries (not returns) to **Massachusetts Department of Revenue, Customer Service Bureau, PO Box 7010, Boston, MA 02204**, or call (617) 887-MDOR.

Line 22. Massachusetts Income Tax Withheld

Massachusetts income taxes withheld under the Employer Identification number of the estate or trust, as indicated on your copies of Forms W-2, 1099, NRW, and W-2G, should be included on line 22.

Add the amounts from Schedule 62-WH, line 5 of Part 1: Withholding from Form(s) 1099 or Form(s) PWH-WA, Part 2: Withholding from Form(s) W-2G, 2G, or Massachusetts K-1s or Part 3: Withholding from Form(s) NRW (Nonresident Real Estate Withholding), if applicable to any Massachusetts withholding reported on form(s) W-2 and enter the total on line 22.

Be sure you enclose Schedule 62-WH and all state copies of your Forms W-2 (Wages), 1099, W-2G (Winnings), and NRW that show Massachusetts tax withheld; otherwise your claim of amounts withheld will not be allowed. If you have lost a form, ask the payer for a duplicate. Copies of Forms 1099-G and 1099-R need only be enclosed if they show an amount for Massachusetts tax withheld.

Line 23. Nonresident Withholding and Pooled Income Fund/Charitable Remainder Annuity or Unitrust Withholding

Nonresident withholding. A trustee is required to deduct and withhold from any income subject to taxation (Massachusetts source income-MGL ch 62, § 5A) at the applicable rates when the grantor or other owner is a nonresident. Form 2-ES is to be used for this purpose. The total payments withheld must be entered on line 23 of Form 2G, and the nonresident grantor or owner must claim such total paid over by the trustee on his/her individual income tax return.

Pooled income fund/charitable remainder annuity or unitrust withholding. A Massachusetts trustee of a pooled income fund, a charitable remainder annuity trust or a charitable remainder unitrust who makes payment to a Massachusetts beneficiary of taxable income is required to deduct and withhold tax on that income at the applicable rates. Form 2-ES is to be used for this purpose. The total payments withheld must be entered on line 23 of Form 2G, and the beneficiary must claim such total paid over by the trustee on his/her individual income tax return.

Line 24. Massachusetts Income Tax Paid By Trustee

Add lines 22 and 23, and enter the result in line 24. This is the amount the grantor or beneficiary will include on their Form 1, line 38 or Form 1-NR/PY, line 42 as Massachusetts income tax withheld.

Line 25. Total amount of ch 63D Entity-Level Tax paid for all participants

A qualified member of an electing eligible Pass-Through Entity (PTE) is allowed a refundable credit against the PTE excise tax paid at the entity-level. The amount of credit available is 90% of each qualified member's proportionate share of PTE excise tax paid by the electing eligible PTE. In the box provided on line 25, enter 100% of the total amount of PTE excise paid and then calculate 90% of that amount and enter it on line 25. Enter the ID numbers of all ch 63D qualified members for whom the electing eligible PTE is paying entity-level tax.

Schedule H Expenses and Fiduciary Compensation

The Schedule H deductions apply to every executor, administrator, trustee, guardian, conservator, trustee in bankruptcy or receiver of a resident trust or estate, with the exception of a trustee of a pooled income fund or a trustee of a charitable remainder annuity trust or unitrust. Schedule H deductions are specifically allowed by statute and include an expense deduction and a fiduciary compensation deduction.

Expense Deduction

Fiduciaries may take an amortization deduction for premiums paid upon bonds held by the estate or trust, but only if the bond income is taxable. In addition, fiduciaries may take a deduction for a portion of their expenses for safe deposit box rentals and surety bond premiums. These expenses must have been incurred and actually paid during the tax year covered by the return in order to be allowed as a deduction. The expense deduction must be allocated between taxable and nontaxable Part A income, and only the taxable portion is deductible. No deduction is allowed against Part B 5.0% income or Part C 5.0% Capital Gains. The deductible portion is calculated by computing the ratio of taxable Part A income, over total taxable and nontaxable Part A income, from all sources.

Expenses of Trustees in Bankruptcy

Ordinary and necessary business expenses of a trustee in bankruptcy engaged in the business of managing and liquidating a bankrupt estate are deductible against Part B 5.0% income. The remainder of these expenses may be taken as an excess trade or business deduction against other income as long as such income is derived from the trustee's investment of the liquidated assets which have not yet been distributed. For more information, see LR 82-66.

Note: These expenses are not deductible on Schedule H. They are to be reported on Massachusetts Schedule C-2, and a copy of Massachusetts Schedules C and C-2 must be enclosed with Form 2.

Schedule IDD**Income Distribution Deduction**

Estate and trust income includable in the federal gross income of a beneficiary by reason of IRC § 652 (the section of the IRC that determines the amount and character of the gross income includable by a simple trust beneficiary) or § 662 (the section of the IRC that determines the amount and character of the gross income includable by a complex trust beneficiary) is no longer taxable at the estate or trust level; rather it is to be taken into account in calculating the beneficiary's Massachusetts taxable income under MGL ch 62, § 2. To avoid double taxation, a trustee or other fiduciary receiving income included in the gross income of a beneficiary by reason of IRC §§ 652 or 662 is allowed a deduction on Form 2 in computing the taxable income of the estate or trust for that portion of Part A, B or C income attributable to such beneficiary. The amount deductible on Form 2, line 10 from Part B income; line 17 from Part A Interest and Dividend Income; line 26 from Part A 8.5% or 12% Capital Gains; and line 34 from Part C 5.0% Capital Gains is to be calculated on Schedule IDD, Income Distribution Deduction.

Note: Schedule IDD does not apply when all of the income is accumulated within the estate or trust.

Note: The taxation of grantor-type trusts, pooled income funds, charitable remainder annuity trusts, and charitable remainder unitrusts has not been affected by the above law change. The income from these entities continues to be taxed as it has been taxed in the past. Additionally, estate or trust income not includable in the federal gross income of a beneficiary by reason of the above IRC sections continues to be taxable at the trust level.

65-Day Election Does Not Apply

In determining the amount paid, credited, or otherwise required to be distributed to a beneficiary (lines 3, 8, 13, and 18 of Schedule IDD), Massachusetts has not adopted the 65-day election available to estates and complex trusts federally under IRC § 663(b). Therefore, any distribution or portion thereof to a beneficiary made within the first

65 days following the close of the 2025 taxable year, treated federally as having been distributed in 2025, is not includible on Schedule IDD. Rather, it is to be treated for Massachusetts purposes in the 2025 taxable year as accumulated income and is taxable at the estate or trust level, with one exception. Non-Massachusetts source income accumulated for a vested nonresident beneficiary is not taxable at the estate or trust level, but is deductible on Form 2, lines 12, 19, 28, or 36, as applicable.

Note: Any distribution or portion thereof to a beneficiary made within the first 65 days following the close of the 2025 taxable year will be treated in the year of distribution, i.e., 2026, as a tax free distribution and will not be includible on the 2026 Schedule IDD.

Vested Nonresidents and Charities

Income actually paid to vested nonresident beneficiaries and or charities is to be included as part of the income distribution deduction calculation and is reportable on Schedule IDD, as applicable. Such income is not subject to the Nonresident/Charitable Deduction and is not includible on Form 2, lines 12, 19, 28, or 36. Income accumulated or irrevocably set aside for vested nonresident beneficiaries and or charities, on the other hand, is not subject to an income distribution deduction and is not reportable on Schedule IDD.

Schedule 2K-1**Beneficiary's Massachusetts Information**

Use Schedule 2K-1 to report a beneficiary's share of income, deductions, and credits from a decedent's estate or a trust required under the Massachusetts General Laws to be reported by the beneficiary on a return of income. Such items are to be reported on the beneficiary's return of income in the same manner as the estate or trust reported the items on its return. Grantor-type trusts do not use Schedule 2K-1 to report the income, deductions or credits of the grantor or other person treated as the owner. Form 2G, Grantor's/Owner's Share of a Grantor-Type Trust, is used for that purpose.

Who Must File

Trustees or other fiduciaries must enclose a copy of Schedule 2K-1 for each beneficiary with the estate's or trust's Form 2, Fiduciary Income Tax Return, filed with the Commonwealth. Each beneficiary must also be given a copy of his respective Schedule 2K-1. One copy of each Schedule 2K-1 must be retained for the trustee's or fiduciary's records.

Beneficiary's Tax Year

The beneficiary's income from the estate or trust as reported on the Schedule 2K-1 must be included in the beneficiary's return for the taxable year in which the estate's or trust's taxable year ends.

Nonresident Beneficiaries

A nonresident beneficiary receiving income from an estate or trust is subject to tax in Massachusetts only on income that is derived from Massachusetts sources. Where an estate or trust derives income from both within and outside Massachusetts, it will be necessary to determine what portion of the nonresident beneficiary's share of income received is from sources within and outside Massachusetts so as to properly allocate and report only the Massachusetts source income, loss, deductions, and credits on the applicable lines on Schedule 2K-1.

Fill in if beneficiary is a nonresident of Massachusetts

Fill in this oval if a beneficiary is a nonresident of Massachusetts other than a nonresident individual, estate or trust referenced in the other ovals.

Gross income derived from or effectively connected with any trade or business, including any employment, carried on by the taxpayer in the Commonwealth includes: gain from the sale of a business or of an interest in a business; distributive share income; separation, sick, or vacation pay; deferred compensation and non-qualified pension income not prevented from state taxation by the laws of the United States; and income from a covenant not to compete.

Allocable Share Item

Lines 1 through 13

The items on these lines are to be reported by the beneficiary on the appropriate lines on the beneficiary's return of income and any required schedules as discussed in the instructions to the return.

Line 14 and Credit Section

The credits reported on Form 2, lines 42 and 43 may be passed through to beneficiaries on Form 2, line 45 and on the Credit Section of Schedule 2K-1. Alternatively, they may be taken at the estate or trust level on Form 2, line 46. These alternatives are mutually exclusive. If the credits are passed through to a beneficiary, any credits that cannot be applied in the taxable year for which a carryover is allowed may be carried over and applied against the beneficiary's personal income tax liability in succeeding taxable years. Carryovers may not be claimed at the estate or trust level in such cases.

The refundable credits reported on Form 2 may be passed through to a beneficiary on the appropriate refundable credit lines of the Credit Section of the Schedule 2K-1 only if not claimed at the estate or trust level on line 55 of Form 2. These alternatives are mutually exclusive. If the credit is passed through to a beneficiary via refundable credits (refundable film, refundable dairy, refundable conservation and community investment), be sure to enter the certificate numbers and/or enclose the appropriate schedules. Failure to do so will result in the credit being disallowed on the beneficiary's tax return and an adjustment of the beneficiary's reported tax. See Schedule CMS instructions for more information on DOR credits.

Line 15. Refundable Child and Family Tax Credit

Starting with tax years beginning on or after January 1, 2023, individuals subject to tax under MGL ch 62 may claim a refundable, non-transferable child and family tax credit ("CFTC"). This credit may be passed to a beneficiary if attributable to a decedent or ward. The amount of this credit passed to a beneficiary is reflected on line 40.

Note: The maximum amount of credit a beneficiary can claim may be further limited on Form 1 or Form 1-NR/PY.

Credit Section

Each beneficiary's share of credits according to such beneficiary's ownership share must be separately listed on the Schedule 2K-1 Credit Section. The taxpayer must also provide each beneficiary with any required schedules, certificate numbers and/or other supporting documents related to each credit.

Report only those credits that are related to the beneficiary's ownership share. Refer to the Credit Table at the end of these instructions to report each credit and its respective attributes in the Credit Section.

Line 16. Total Other Credits (from Credit Section)

Schedule CMS must be used to calculate credits (with the exception of the other jurisdiction credit). Based on those calculations, the taxpayer should use line 16 of Schedule 2K-1 to provide each beneficiary with their share of credits according to their respective ownership share. The beneficiary will then include these credits on their Schedule CMS.

Line 17. Estimated Tax Payments Made on Behalf of Nonresident Beneficiary by Fiduciary

A trustee or other fiduciary having control of the payment to a nonresident individual beneficiary subject to tax at the beneficiary level under MGL ch 62, §§ 5A and 10(h), must make estimated tax payments on behalf of the nonresident individual beneficiary on Form 1-ES, Massachusetts Estimated Income Tax. In reporting the estimated tax payments made on behalf of the nonresident individual beneficiary on Schedule 2K-1, the amount withheld should be entered on line 17. Such amount cannot be used to reduce the amount of income taxable to the beneficiary; rather, it is allowed as a credit on his return of income against the amount of income tax computed thereon and should be reported by the beneficiary on the "Massachusetts estimated tax payments" line of Form 1-NR/PY. For more information, see DD 07-4. A trustee or other fiduciary having control of the payment to a nonresident entity beneficiary subject to tax at the beneficiary level under MGL ch 62, §§ 5A and 10(h), must make estimated tax payments on behalf of the nonresident entity beneficiary on Form 2-ES. In reporting the estimated tax payments made on behalf of the nonresident entity beneficiary on Schedule 2K-1, the amount withheld should be entered on line 17. Such amount cannot be used to reduce the amount of income taxable to the entity beneficiary; rather, it is allowed as a credit on its return of income against the amount of income tax computed thereon and should be reported by the entity beneficiary on the "Massachusetts estimated tax payments" line of the form used as an income tax return by the beneficiary. For more information, see DD 07-4.

Line 18. Other Payments

Enter here Massachusetts income taxes withheld under the Employer Identification number of the es-

tate or trust, as indicated on your copies of Forms W-2, 1099, W-2G or NRW, but only if not claimed at the estate or trust level on line 50 of Form 2. For more information, see the instructions for Form 2, line 50.

Line 19. Beneficiary's Share of Chapter 63D Refundable Credit (PTE Excise Credit)

A beneficiary making the annual voluntary election in its Form 2 return to pay entity-level taxes under MGL ch 63D must determine and report the separate amount of PTE Excise Credit available to each beneficiary that is a resident or nonresident beneficiary having qualified taxable income subject to the MGL ch 63D entity-level tax (a qualified member).

How is the Beneficiary's PTE Excise tax calculated?

When an Eligible PTE makes a ch 63D election, the total ch 63D Qualified Taxable Income and ch 63D tax due is calculated and reported by the electing Eligible PTE on Form 63D-ELT. See Form 63D-ELT instructions for further information relating to eligibility for and reporting of the PTE Excise.

How is each Beneficiary's PTE Excise Credit calculated?

The PTE Excise Credit is separately calculated and reported on the MA Schedule 2K-1 of each eligible qualified member. An eligible qualified member is:

- An individual resident;
- An individual non-resident;
- A resident trust or estate;
- A non-resident trust or estate; or
- A ch 62 exempt organization with unrelated taxable business income.

Note: If the beneficiary of a trust is a disregarded entity, enter the legal or beneficial owner of the disregarded entity on Schedule 2K-1.

If trust beneficiary is a pass-through entity. If the beneficiary for whom the Schedule 2K-1 has been reported is a trust, fill in this oval if the trust beneficiary is a pass-through entity.

Total Qualified Income Subject to 5.0% Entity-level Tax

Separate tax calculation for each beneficiary that is a qualified member (Schedule 2K-1, lines 19a through 19d).

The ch 63D tax with respect to the income of each beneficiary that is a qualified member is calculated on Schedule 2K-1, lines 19a through 19d. Enter this information in the following manner:

Line 19a: Total of ordinary income or loss, interest, and dividend income: is the sum of the following lines on Schedule 2K1: (Schedule 2K-1 lines 1 through 9). Do not enter less than 0. Guaranteed payments are included in the tax base.

Line 19b: Net gain or loss from the sale of capital assets is the sum of the amounts on Schedule 2K-1, lines 10 through 13). Do not enter less than zero.

Line 19c: Total Beneficiary's income subject to 5% entity-level tax is the sum of 42a and 42b.

Line 19d: Beneficiary's Share of tax due under ch 63D is 5% of the amount on line 42c.

Note: The ch 63D tax liability for a trust that is an electing Eligible PTE is the total sum of the separately calculated amounts reported on line 42d of each qualified member's Schedule 2K-1.

Beneficiary's 90% PTE Excise Credit amount (Schedule 2K-1, line 19e)

The beneficiary's 90% refundable PTE Excise Credit is reported on Schedule 2K-1 line 19e.

Line 19e: Beneficiary's refundable credit is 90% of the amount reported on line 19d.

Note: Amounts reported on lines 19a through 19e should be 0 if the beneficiary is not a qualified member.

Schedule DRE

Notice to filers of combined report (Form 355U)

This schedule is only required if the owner of the disregarded entity is a taxable member of the combined group.

Disclosure of Disregarded Entity

An entity that is disregarded as a separate entity from its owner for federal income tax purposes shall similarly be disregarded for purposes of MGL ch 63. Likewise, a qualified subchapter S subsidiary ("QSub"), which under the Internal Revenue Code is not treated as an entity separate from its owner, is also not treated as a separate entity under MGL ch 63. For purposes of Schedule DRE, such as a QSub is also considered to be a disregarded entity.

A corporation or partnership that is doing business in Massachusetts (including through the means of activities conducted by a disregarded entity that such corporation or partnership owns) and that is also the owner of a disregarded entity for any portion of the taxable year for which a return is being filed must identify each such disregarded entity by filing Schedule DRE with its return. A separate Schedule DRE is required for each such disregarded entity.

A corporation that is a taxable member participating in the filing of a combined report must file a Schedule DRE for each disregarded entity that the taxable member owns. Thus, for example, if Corporation A participates as a taxable member in the combined report filed by Corporations A, B, and C, and A owns disregarded entities X and Y, A must file one Schedule DRE for entity X and one Schedule DRE for entity Y. Non-taxable members of a combined group are not required to file

Schedule DRE. Also, disregarded entities that are owned by non-taxable members of the combined group do not have to be reported on a Schedule DRE filed by one or more other taxable members of the combined group. However, although there is no requirement that Schedule DRE must be filed as to a disregarded entity owned by a non-taxable member of a combined group, the income and expenses of such a disregarded entity must nonetheless be included in the amounts reported for the non-taxable member that owns such disregarded entity on Schedule U-M.

General Information

Taxpayer Name and Taxpayer Identification Number. Reference the partnership or corporation filing the tax return or schedule that includes the items of income of the disregarded entity as its own for federal and Massachusetts tax purposes. If the disregarded entity is owned through a chain of one or more other disregarded entities, the first entity going up the chain that is not a disregarded entity must file Schedule DRE.

Example 1

Corporation A owns 100% of Corporation B and also owns 100% of C, a disregarded entity. Corporation B, in turn, owns 100% of D which in turn owns 100% of E. Both D and E are disregarded entities. A and B are members of a Massachusetts combined group filing a combined report and both are doing business in Massachusetts. Corporation A files Schedule DRE with respect to C. Corporation B files Schedule DRE with respect to D and files a second Schedule DRE with respect to E.

Example 2

Same facts as above except that Corporation B is a non-taxable member of the Massachusetts combined group. Corporation A files schedule DRE with respect to C. No Schedule DRE is filed with respect to either D or E because B is a non-taxable member.

Is the disregarded entity a QSub? If the disregarded entity referenced on Form DRE is a QSub, fill in circle.

Address, date of organization and Effective date as a disregarded entity. Enter the principal business address of the disregarded entity. Do not use the address of the owner of the disregarded entity if the disregarded entity maintains an office, retail store or other location from which it regularly conducts business. Also report the organization date of the disregarded entity and the effective date of its current classification as a disregarded entity for federal income tax purposes.

Schedule FE Report with Respect to Foreign Entities

A corporation that is required to file U.S. Form 5471 with respect to its ownership of certain foreign corporations must file Schedule FE with its

Massachusetts return for each such foreign corporation. Such filing is required irrespective as to whether the corporation making the filing is filing a return as part of a combined report, Form 355U. In the case of a combined report, if any member of the combined group files U.S. Form 5471 with its U.S. income tax return, the principal reporting corporation of the combined group must attach a Schedule FE to the combined report on behalf of that member.

Note: Schedule FE currently tracks the line items on US Form 5471 Schedule C. Where the U.S. Form 1120 is submitted as an attachment to the Massachusetts Form 355U and includes the U.S. Form 5471 filed with respect to a foreign corporation, the member is not required to also submit Schedule FE for that foreign corporation.

General Information

The information to be reported on Schedule FE generally corresponds to specific items on U.S. Form 5471. The total amounts referenced on the Schedule FE should correspond to the amounts reported on the federal form.

Name of corporation filing return and Taxpayer Identification number. Enter the name and tax identification number of the corporation that is filing the Massachusetts return to which the Schedule FE is attached. In the case of a combined report filing (e.g., Form 355U), the corporation name and taxpayer identification number referenced should be that of the combined group's principal reporting corporation, regardless of which member or members of the group file the U.S. Form 5471.

Name of person filing U.S. Form 5471 and Taxpayer Identification number. This must correspond to the name of the filer and the identifying number reported in item A of the U.S. Form 5471. This may be the same as the name and tax identification number shown above.

Category of filer and percent of foreign corporation stock ownership. This information must correspond to that stated on the U.S. Form 5471 as actually filed. Check the boxes that correspond to the categories checked in Item B of U.S. Form 5471 and provide the percentage of ownership reported in Item C of U.S. Form 5471.

Name and address of foreign corporation. This information must correspond to the name and address as shown in item 1a of U.S. Form 5471 as actually filed. The entries for taxpayer identification number, country of incorporation, principal business activity code and principal business activity must correspond to items 1b, 1c, 1f and 1g of U.S. Form 5471 as filed.

Foreign corporation's annual accounting period. This information must correspond to the information as reported on U.S. Form 5471. (Note that the top header line on Schedule FE references the taxable year of the corporation filing Schedule FE and not the accounting period of the foreign entity; these positions are re-versed from their presentation on the U.S. Form 5471).

Taxable income or loss from U.S. return as filed. This information should match the amount reported on line 2b of U.S. Form 5471. Leave blank if not applicable.

Income statement. Taxpayers required to complete Schedule C included on U.S. Form 5471 must report the U.S. dollar amounts from that schedule on the appropriate lines of Schedule FE.

Line 8

Enter foreign currency transaction gain or loss. Enter unrealized gain or loss on line 8a and realized gain or loss on line 8b.

Line 9

Attach a supporting statement showing a detailed breakout of other income per U.S. Form 5471, Schedule C, line 9.

Line 21

Enter income tax expense (benefit) reported in accordance with U.S. GAAP (ASC 740 (Income Taxes)). Income tax expense (benefit) includes current and deferred income tax expense (benefit). It also may reflect uncertain tax positions (ASC 740-10) and would not include taxes paid in respect of uncertain tax positions recorded in prior years. Enter the current income tax expense (benefit) on line 21a and deferred income tax expense (benefit) on line 21b.

Note: If there is an income tax expense amount on line 21a or 21b, subtract that from the line 19 net income or (loss) amount in arriving at line 22 current year net income or (loss) per the books. If there is an income tax benefit amount on line 21a or 21b, add that amount to the line 19 net income or (loss) amount in arriving at line 22 current year net income or (loss) per the books.

Schedule CMS

Credit Manager Schedule

Be sure to enclose with Form 2.

You must complete Schedule CMS to claim most credits available for use in the current taxable year (the Earned Income, Limited Income and Circuit Breaker Tax credits are claimed directly on the tax return). Credits may be used to offset a tax due, may be passed or shared with another person or entity, or, in some cases credits may be fully or partially refundable.

For each credit claimed on a Schedule CMS, report the amount of the credit available for use and the amount of credit claimed to reduce tax for the current taxable year. For pass-through entities, report the amount of credit distributed to partners/shareholders/beneficiaries in the credit shared column. Taxpayers also report the amount of a refundable credit they are using to request a refund of tax. See the Credit Manager Schedule Instructions for more information on how to complete the Schedule CMS and claim the credits.

Credits reported on the Schedule CMS are generally identified either by a certificate number assigned by the issuing agency (which may be the Department of Revenue) or by the tax period end date in which the credit originated. If a credit has been assigned a certificate number, the certificate number must be included on the Schedule CMS. A taxpayer that does not include an assigned certificate number on the Schedule CMS will not be allowed the credit on the tax return and will have their tax liability adjusted by the Department of Revenue. Be sure to omit hyphens, spaces, decimals and other special symbols when entering the certificate number. Also, enter the number from left to right.

Likewise, a taxpayer that is required to complete a separate schedule to claim a credit must include the separate schedule with the taxpayer's return filing. Failure to do so may result in the credit being disallowed.

If, by operation of MGL ch 63, § 32C or another provision of law, a credit normally identified by tax period end date is eligible for indefinite carryover, the credit should be reported as "non-expiring" and identification of the tax period of origin is not necessary.

Overview of Schedule CMS

The following is a brief overview of the Schedule CMS sections and where certain credits should be reported. If a taxpayer is using a credit to reduce a taxpayer's current year tax liability, whether it is a non-refundable credit or a refundable credit, the credit should be reported in Section 1 or 3 of the Schedule CMS. Only a refundable credit that the taxpayer is seeking a refund for should be reported in either Section 2 or 4 of the Schedule CMS. Generally, a credit should only be reported in one section on the Schedule CMS unless a portion of it is being used to offset a tax and a portion is being refunded or passed through.

For Sections 1 or 3, a credit identified by period end date eligible for indefinite or unlimited carry-over under MGL ch 63 § 32C (or other provision of law) should be reported as "non-expiring" and the period end date or certificate number should be left blank.

Note: Taxpayers reporting “non-expiring” credits must enclose a statement with their return indicating credits converted to non-expiring in a manner consistent with their Schedule CMS “non-expiring” credit reporting.

Section 1. Non-Refundable Credits

Section 1 is for reporting credits the taxpayer is using (i) to offset or reduce the taxpayer’s total tax due (ii) to pass to any partner, shareholder or beneficiary of the taxpayer or (iii) to share with taxpayer affiliates. The Brownfields Credit, Film Incentive Credit, or Medical Device Credit should always be included in Section 1, unless the taxpayer is requesting a refund of the Film Incentive Credit. However, a taxpayer that received a credit on a Massachusetts K-1 schedule from a pass-through entity or a credit transfer should report such credit in Section 3 or 4, as applicable.

Section 2. Refundable Credits

Section 2 is for reporting refundable credits the taxpayer is using to request a refund. The Film Incentive Credit should always be included in Section 2 to the extent that the taxpayer is requesting a refund. However, a taxpayer that received a refundable credit on a Massachusetts K-1 from a pass-through entity or a credit transfer should report such credit in Section 4, to the extent that the taxpayer is requesting a refund. For each refundable credit, report the amount of the credit available after taking into consideration any amount of the credits that may have been taken to offset a tax or shared as reported in Section 1 of this schedule. Enter the amount by which the available credit balance is being reduced and the amount to be treated as a refundable credit, which may be either 90% or 100% of the reduction. See TIR 13-6, Example 3, for an illustration.

Section 3. Non-Refundable Credits Received from Massachusetts K-1 Schedules

Section 3 is for reporting credits the taxpayer received on a Massachusetts K-1 schedule (SK-1, 2K-1 or 3K-1) that the taxpayer is using (i) to offset or reduce the taxpayer’s total tax due (ii) to pass to any partner, shareholder or beneficiary of the taxpayer or (iii) to share with taxpayer affiliates. The Brownfields Credit, Film Incentive Credit, or Medical Device Credit should never be included in Section 3.

Note: You do not report the Brownfields Credit, Film Incentive Credit, and Medical Device Credit in this section because these credits are issued new certificate numbers from the Department of Revenue when they are received from a pass-through entity or a credit transfer. These credits should always be reported in Section 1, unless the taxpayer is requesting a refund of the Film Incentive Credit.

Note: Any ELT credit being passed through must be reported in Section 3. The amount of the credit claimed by the Trust is entered in column g and the amount passed through in column h.

Section 4. Refundable Credits Received from Massachusetts K-1 Schedules

Section 4 is for reporting credits the taxpayer received on a Massachusetts K-1 schedule (SK-1, 2K-1 or 3K-1) and that the taxpayer is using to request a refund. The Film Incentive Credit should never be included in Section 4. For each refundable credit, report the amount of the credit available after taking into consideration any amount of the credits that may have been used to offset a tax or shared as reported in Section 3 of this sched-

ule. Enter the amount by which the available credit balance is being reduced and the amount to be treated as a refundable credit, which may be either 90% or 100% of the reduction. See TIR 13-6, Example 3, for an illustration.

Note: You do not report the refundable Film Incentive Credit in this section because these credits are issued new certificate numbers from the Department of Revenue when they are received from a pass-through entity or a credit transfer. If the taxpayer is requesting a refund of the Film Incentive Credit, it should be reported in Section 2.

Note: The amount of ELT credit not passed through but claimed at the Trust level is reported in section 4.

Credit Table

The Credit Table located at the end of these instructions lists all of the Massachusetts credit types with their respective attributes. Credits that may be available to a taxpayer subject to tax under MGL ch 62 must be claimed on Schedule CMS. The taxpayer should refer to this table for guidance when completing Schedule CMS.

Schedule CMS, Example 1

The total of the amounts shown in column f are shown on the appropriate line of the taxpayer’s return.

LEAD PAINT	<input type="radio"/>	12/31/2025		\$1,000	\$1,000	

The Credit Manager Schedule will now also be used by individual taxpayers for certain credits. In Example 2, the taxpayer is an individual filing a return for the taxable year ending December 31, 2025 and has an available Septic Credit of \$18,000 in the current year. The individual taxpayer must also enclose a Schedule SC. The individual should file Part 1 of the Schedule CMS to reflect a claimed credit of \$4,000 (Schedule SC, line 13).

2025 Massachusetts Income Tax Table at the 5.0% Rate

Use this table to calculate tax for taxable 5.0% income (line 21) of not more than \$24,000

Line 22 instructions: To find your tax on 5.0% Income (line 22), read down the tax table income column to the line containing the amount you entered in line 21. Then read across to the TAX column and enter this amount in line 22. If your taxable 5.0% income in line 21 is greater than \$24,000, multiply the amount by .05. Enter the result in line 22.

If your 5.0% income for the tax table is less than \$10, your tax is 0. Note: If choosing the optional 5.85% tax rate, multiply line 21 and the amount in Schedule D, line 21 by .0585.
