

Statewide District Fire Chief

Experience, Certifications, Training, and Education (ECT&E) Scoring Guide

This guide will serve as a reference for you to understand the point allocation for answers to each question on the ECT&E component of the 2025 Statewide District Fire Chief Promotional Exam administered on November 15, 2025.

Please note that the information contained in this ECT&E scoring guide is applicable to only the 2025 Statewide District Fire Chief Promotional Exam administered on November 15, 2025 (which includes the Technical Knowledge Test and Situational Judgment Test). This guide should not be relied upon for any other exam administered on November 15, 2025, or any future exam administered by HRD. HRD reserves the right to change the point allocation or ECT&E categories for any future exam. All questions were scored based upon experience, certifications, trainings, and education as of the exam date:

November 15, 2025

Category and Maximum Allowable Points

The following chart displays the ECT&E categories and the maximum points available for each category. The available points for each category are capped at that amount. As you review the point allocation for answers to each question, you may notice that the sum of the points you can earn for a category may exceed the maximum points available for that category. Please note that you may not be given more than the maximum available points for a category.

Category	Section	Maximum Points Available
Job Experience	Time In Department	52
	Time Outside Department	
	Outside Supervisory Time	
Certifications and Trainings	Certifications	28
	Trainings	
	Trade Licenses	
Education	Academic Schooling	20

As you review the points allocated to each potential response, you will see that they are not distributed equally across the years of experience. This is because similar to the previous ECT&E, the new ECT&E gives a greater weight to more recent experience. Experience or education that is more relevant or important to the position is given a higher point value. Point values for experience are displayed to 2 decimal places.

Scoring methodology:

You will receive an ECT&E score notice that will indicate the total points you earned in each category. In addition, the score notice will list any categories that you claimed but were not credited due to a lack of supporting documentation or errors in calculation. The final ECT&E score that will appear on your score notice will be derived through a standardization and weighting process. In addition, the ECT&E exam component as a whole is weighted relative to the Technical Knowledge Test and Situational Judgement Test exam components. You cannot add up the points based on the information in this guide to obtain the score that will represent 20% of your total overall score on the 2025 District Fire Chief Promotional Exam.

A candidate who failed to submit an ECT&E application by the deadline of November 22, 2025, will receive a score of “Incomplete”. A candidate who failed to submit any supporting documentation to their ECT&E application will receive a score of “Incomplete”.
