Fraud Alerts. There are two types of fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft and you have the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies.

Security Freeze. You have the ability to place a security freeze, also known as a credit freeze, on your credit report free of charge. A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you may use an online process, an automated telephone line, or submit a written request to any of the three credit reporting agencies listed above. The following information must be included when requesting a security freeze (note that, if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past 5 years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, and display your name, current mailing address, and the date of issue.

Federal Trade Commission and State Attorneys General Offices. If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your home state. You may also contact these agencies for information on how to prevent or minimize the risks of identity theft.

You have rights under the federal Fair Credit Reporting Act ("FCRA"), which governs the collection and use of information about you by the consumer reporting agencies. For more information about your rights under the FCRA, please visit https://files.consumerfinance.gov/f/201504_cfpb_summary_your-rights-under-fcra.pdf or www.ftc.gov
