NOTICE OF DATA BREACH

Dear _____:

We are writing to let you know about a data security incident at Komet USA, LLC that involved your personal information. Komet USA, LLC is a subsidiary of Gebr. Brasseler GmbH & Co. KG. This letter explains the steps you can take to protect yourself, including enrolling in eighteen (18) months of complimentary identity protection services that we are providing at no cost to you.

You are receiving this notice pursuant to Mass. Gen. Laws Ann. ch. 93H, § 3 because your information was subject to unauthorized access and may have been acquired.

Complimentary Identity Protection Services

We have arranged with NortonLifeLock to provide you with LifeLock Defender™ Choice credit monitoring and identity theft protection services for eighteen (18) months at no cost to you. These services include one-bureau credit monitoring, an annual credit report and credit score, dark web monitoring, identity restoration assistance, and identity theft insurance. The enclosed enrollment instructions include your enrollment code and unique Member ID. Enrolling will not affect your credit score. You must enroll by **January 23, 2027**.

Your Right to Obtain a Police Report

Under Massachusetts law, you have the right to obtain any police report filed in connection with this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

How to Place a Security Freeze on Your Credit File and What You Can Do:

Massachusetts law gives you the right to place a security freeze on your consumer credit report. A security freeze prohibits a consumer reporting agency from releasing any information in your credit report without your express authorization. A freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, a freeze may delay, interfere with, or prohibit the timely approval of later requests or applications you make for new loans, credit, mortgages, or other services involving credit. **There is no charge to place, lift, or remove a security freeze.** The attached "Steps You Can Take to Further Protect Your Information" explains how to do so.

Steps You Can Take to Further Protect Your Information

Enroll in Complimentary Identity Protection Services

Komet USA, LLC has arranged with Norton LifeLock to provide you with LifeLock Defender Choice credit monitoring services for 18 months at no cost to you. These services include one-bureau credit monitoring, an annual credit report and credit score, dark web monitoring, identity restoration assistance, identity theft insurance, and more.

Enclosed with this notice are Norton LifeLock's enrollment instructions that will contain an enrollment code and unique Member ID. You may be required to provide information to Norton LifeLock, including your name, date of birth, Social Security number, or address. Enrolling will not affect your credit score. **You must enroll by the enrollment deadline of January 23, 2027**.

Place a Credit Freeze on Your Credit File

You have the right to place a security freeze (also called a credit freeze) on your credit file at no cost. A credit freeze prevents new creditors from accessing your credit report without your consent, which makes it harder for someone to open a new account in your name. Placing a freeze may delay your own applications for new credit, so you will need to lift it temporarily when you apply. You must request a freeze separately with each of the three nationwide credit reporting agencies below, online, by phone, or by mail.

To place a freeze, you may be asked to provide your full name, Social Security number, date of birth, current and prior addresses, a copy of a government-issued ID, and a recent utility bill or bank statement. There is no charge to place, lift, or remove a freeze.

Consider Placing a Fraud Alert

An initial fraud alert is free and lasts one year. It tells creditors to take extra steps to verify your identity before opening an account in your name. To place one, contact any one of the three agencies above; that agency will notify the other two.

Obtain and Review Your Credit Reports

You are entitled to free credit reports from each of the three agencies. Visit www.annualcreditreport.com or call 1-877-322-8228. Review your reports for accounts or inquiries you do not recognize, and review your bank statements closely.

Protect Your Identification Documents

If you believe your passport has been misused, you may report it to the U.S. Department of State at travel.state.gov and apply for a replacement. If you suspect misuse of your driver's license, contact the Massachusetts Department of Transportation, Registry of Motor Vehicles.

Report Suspected Identity Theft

If you detect suspicious activity, promptly notify the financial institution involved. You may also report identity theft to the Federal Trade Commission at IdentityTheft.gov or 1-877-438-4338, to local law enforcement, or to the Massachusetts Attorney General. The FTC also provides guidance on fraud alerts, credit freezes, and recovering from identity theft.
