**[Extra2]**

We are writing to inform you of a data security incident. There was no loss of funds, but at this time, we believe an unauthorized individual obtained unauthorized access to certain data, which may have included your personal information.

Dragonfly is a venture capital firm. In the ordinary course of business, such as during due diligence and in connection with Know Your Customer/Know Your Business compliance, we may obtain personal information about various individuals in different capacities, including our Limited Partners, their Ultimate Beneficial Owners and control people, shareholders in companies in which we invest, and others.

On January 16th, 2026, Dragonfly’s security team discovered a security incident. We promptly engaged legal counsel, who engaged a leading third-party forensic provider, CrowdStrike, and initiated an investigation. There is no indication of unauthorized access to any of our custodians, exchanges, or bank accounts.

The data potentially impacted varied by individual, and may include names, phone numbers, email addresses, physical addresses, taxpayer identification numbers or Social Security numbers, other government identification numbers, copies of your passport or driver’s license, bank account numbers, and other financial account numbers. These are data elements that we may collect from you as part of our KYC or KYB process for our limited partners and other business partners.

In addition to the steps above, we will also be taking actions to further enhance our security and storage procedures going forward. We have intentionally practiced defense-in-depth with multiple overlapping security layers, and while our systems successfully protected our funds and financial assets, we will be taking further actions designed to prevent similar incidents from occurring in the future.

We are also offering you 24 months of identity protection services and credit monitoring from a leading identity monitoring services company, Experian, at no charge. These services help detect possible misuse of your personal information and provide you with identity protection support focused on identification and resolution of identity theft. For instructions on completing the enrollment process for these complementary protection services, please refer to the instructions below.

**What You Can Do**

We caution you to be on high alert for phishing attacks or attempts to impersonate Dragonfly and/or Meta Stable.

If you receive any suspicious messages that you suspect to be phishing attempts, please notify Scott Hershoin ([scott@dragonfly.xyz](mailto:scott@dragonfly.xyz) or [scott@metastablecapital.com](mailto:scott@metastablecapital.com)) directly.

We recommend that you implement credit freezes with the leading credit bureaus if you have not already done so. You may also want to set up a verbal password with your banks for use on phone calls with them, and alert your banks to watch for any unauthorized ACH transactions.

For instructions on how to implement these freezes and for other relevant information, please see the attachment to this letter.

## ADDITIONAL INFORMATION

**Review Accounts and Credit Reports:** You can regularly review statements from your accounts and periodically obtain your credit report from one or more of the national credit reporting companies. You may obtain a free copy of your credit report online at [www.annualcreditreport.com](http://www.annualcreditreport.com), by calling toll-free 1-877-322-8228, or by mailing an Annual Credit Report Request Form (available at [www.annualcreditreport.com](http://www.annualcreditreport.com)) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281. You may also purchase a copy of your credit report by contacting one or more of the three national credit reporting agencies listed below.

You should remain vigilant with respect to reviewing your account statements and credit reports, and you should promptly report any suspicious activity or suspected identity theft to the proper law enforcement authorities, including local law enforcement, your state's attorney general, and/or the Federal Trade Commission ("FTC"). You may contact the FTC or your state's regulatory authority to obtain additional information about avoiding and protecting against identity theft. The FTC can be reached at: Federal Trade Commission, Consumer Response Center 600 Pennsylvania Avenue, NW, Washington, DC 20580, 1-877-IDTHEFT (438-4338), [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft).

**Security Freezes and Fraud Alerts:** You have a right to place a security freeze on your credit report at no cost, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. You may request that a freeze be placed on your credit report by calling the numbers of the credit reporting agencies specified below, sending a request to the credit reporting agencies' addresses specified below by certified mail, overnight mail or regular stamped mail, or by visiting the website addresses of the credit reporting agencies below.

A security freeze does not apply to a person or entity, or its affiliates, or collection agencies acting on behalf of the person or entity, with which you have an existing account that requests information in your credit report for the purposes of reviewing or collecting the account. Reviewing the account includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements. Please contact the three major credit reporting companies as specified below to find out more information about placing a security freeze on your credit report.

As an alternative to a security freeze, you have the right to place an initial or extended fraud alert on your credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies at the addresses or toll-free numbers listed below.

You also have the right to file a police report.
