Re: Notice of Data Breach

Dear <<First_name>> <<Last_name>>,

Murata Power Solutions, Inc. ("Murata") is writing to inform you of a recent data security incident that may have resulted in an unauthorized access to, or acquisition of, your sensitive personal information. While we are unaware of any fraudulent misuse of your personal information at this time, out of an abundance of caution, we are providing you with details about the incident, steps we are taking in response, and resources available to help you protect against the potential misuse of your information.

What Happened?

On February 28, 2026, Murata discovered that unauthorized access by a third party within the IT environment occurred between March 2025 and February 28, 2026. Murata immediately blocked external access to the network and promptly engaged a specialized third-party cybersecurity firm to assist with securing the environment, and to conduct a comprehensive forensic investigation to determine the nature and scope of the incident. The investigation lasted between March 1, 2026 and April 6, 2026. At this time, there is no evidence that your information was misused by third parties. To date, although Murata has no evidence that any sensitive information has been misused by third parties as a result of this incident, we are notifying you out of an abundance of caution.

What We Are Doing

Data privacy and security is among Murata's highest priorities. Murata is committed to doing everything it can to protect the privacy and security of the personal information in its care. Since the discovery of the incident, Murata moved quickly to investigate, respond, and confirm the security of its systems. Furthermore, Murata enhanced its security measures, and took steps, and will continue to take steps, to mitigate the risk of future harm.

Steps You Can Take to Help Protect Your Information

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone or online. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years.

Monitoring: You should always remain vigilant for incidents of fraud and identity theft by reviewing credit card account statements and by monitoring your credit report for suspicious or unusual activity.

Security Freeze: You have the right to place a security freeze on your credit report with each consumer reporting agency. As of September 21, 2018, it is free to place, lift, or remove a security freeze. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The request must also include full name, Social Security number, complete addresses for the past five years, date of birth, any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles, a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. You may also place a security freeze for children under the age of 16. To place a security freeze on your credit report, you need to make a request to each of the following consumer reporting agencies:
