Dear <<Full Name>> :

I am writing to inform you of a recent data security incident at a third-party file access platform used previously by Hudson Executive Capital LP ("HEC") that appears to have involved certain of your personal information. Please read this letter carefully as it contains information regarding the incident and steps that you can take to help protect your personal information.

**What Happened.** Recently HEC's cybersecurity service advised us that a file access platform we utilized previously experienced unauthorized access to some of its customer data in 2025. We promptly initiated an investigation to determine whether any HEC data was accessed in this way. We engaged independent cybersecurity experts to assist with the investigation, and we learned that certain HEC files were in fact accessed without our authorization or knowledge back in October 2025. We then undertook a thorough review of the improperly accessed files and on May 5, 2026, confirmed that certain of your personal information appears to have been contained in some of the accessed files. Please note that we have no evidence of the misuse, or attempted misuse, of any potentially impacted information.

**What Information Was Involved.** Based upon the investigation described above, the improperly accessed information appears to have included your first and last name as well as: [Variable Text 2: Affected Regulated Data Sets].

**What We Are Doing.** In addition to the measures summarized above, we terminated use of the file access platform and had experts execute thorough scans of HEC files to determine the scope of the issue and to ensure that proper security measures were in place to help prevent future incidents. We also are offering to you here complimentary identity protection services through IDX, a leader in consumer identity protection. These services include 24 months of credit monitoring<sup>1</sup>, dark web monitoring, a \$1 million identity fraud loss reimbursement policy, and fully managed identity theft recovery services. The deadline to enroll in these services is December 1, 2026.

**What You Can Do.** You can enroll in the complimentary services offered to you through IDX by using the enrollment code provided above. Instructions to sign up for that service are set forth in the enclosure to this letter. We also suggest that you follow other recommendations to help protect your personal information that are set out in that enclosure.

**For More Information.** If you have questions about the foregoing, please contact our former General Counsel, Michael D. Pinnisi, Esq., at [mpinnisi@pinnisianderson.com](mailto:mpinnisi@pinnisianderson.com).

We take the privacy and security of all information within HEC's possession very seriously and, even though the issues all arose from the acts and omissions of others, we regret and apologize for any effects and concerns that you may experience as a result.

Very truly yours,

Douglas L. Braunstein

<sup>1</sup> To receive credit monitoring services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

Founder and Managing Partner

## Steps You Can Take to Help Protect Your Personal Information

1. Website and Enrollment. Go to <https://app.idx.us/account-creation!protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.
2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, please use the link above or call I -800-939-4170 and IDX will be able to assist you.
3. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to [www.annualcreditreport.com](http://www.annualcreditreport.com) or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

**Review Your Account Statements and Notify Law Enforcement of Suspicious Activity:** As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the "FTC").

**Copy of Credit Report:** You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting [www.annualcreditreport.com](http://www.annualcreditreport.com), calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

Equifax	Experian	TransUnion
P.O. Box 105851	P.O. Box 9532	P.O. Box 1000
Atlanta, GA 30348	Allen, TX 75013	Chester, PA 19016
1-800-916-8800	1-800-525-6285	1-888-397-3742
<a href="http://www.equifax.com">www.equifax.com</a>	<a href="http://www.experian.com">www.experian.com</a>	<a href="http://www.transunion.com">www.transunion.com</a>

**Fraud Alert:** You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at [www.annualcreditreport.com](http://www.annualcreditreport.com).

**Security Freeze:** You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
