Specifically, due to an entirely inadvertent clerical oversight, the Police Department provided a document in response to a public records request which included your personal information. The requestor immediately notified the Town of the inadvertent disclosure. In response, the e-mail with the document was immediately recalled by the Town, the requestor deleted the document containing your personal information and confirmed same to the Police Department. The Police Department has no direct knowledge that your personal information has been improperly used or further disclosed and has immediately taken all available steps to prevent further disclosure and fully reviewed this matter. Under Massachusetts law, you have a right to obtain any police report filed in regard to this incident. Massachusetts law also allows you to place a security freeze on your credit reports. It is recommended that you notify the three credit bureaus to place a security freeze on your credit report. Placing a security freeze with a credit reporting agency prohibits the agency from releasing any information from your credit report without your written authorization.

To place a security freeze on your credit report, you must send a request to each of the three major consumer reporting agencies, Equifax, Experian and TransUnion. Each credit bureau has specific requirements to place a security freeze. Review these requirements prior to sending your request.

**The mission of the Dedham Police Department is to protect and serve the citizens of Dedham through collaboration, preventative programs and the judicious enforcement of the laws of the Commonwealth of Massachusetts and the by-laws of the Town of Dedham.**
