2026 DOER Town Hall

January 30, 2026

Elizabeth Mahony

Commissioner

Welcome!

Welcome to DOER's Virtual Town Hall

Bienvenidos al foro abierto virtual del DOER

Damos as boas-vindas à Câmara Municipal Virtual do DOER

欢迎参加能源资源部 (DOER) 虚拟市政厅会议

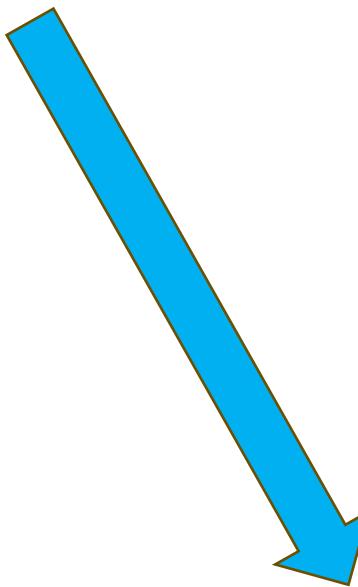

歡迎來到能源資源部 (DOER) 的網上市民大會

Byenvini nan Meri vityèl DOER la

Chào mừng bạn đến với Buổi Đổi Thoại Cộng Đồng Trực Tuyến của DOER

Introduction to DOER

2025 Accomplishments

2026 Goals and Projects

2026 Goals and Projects by Division

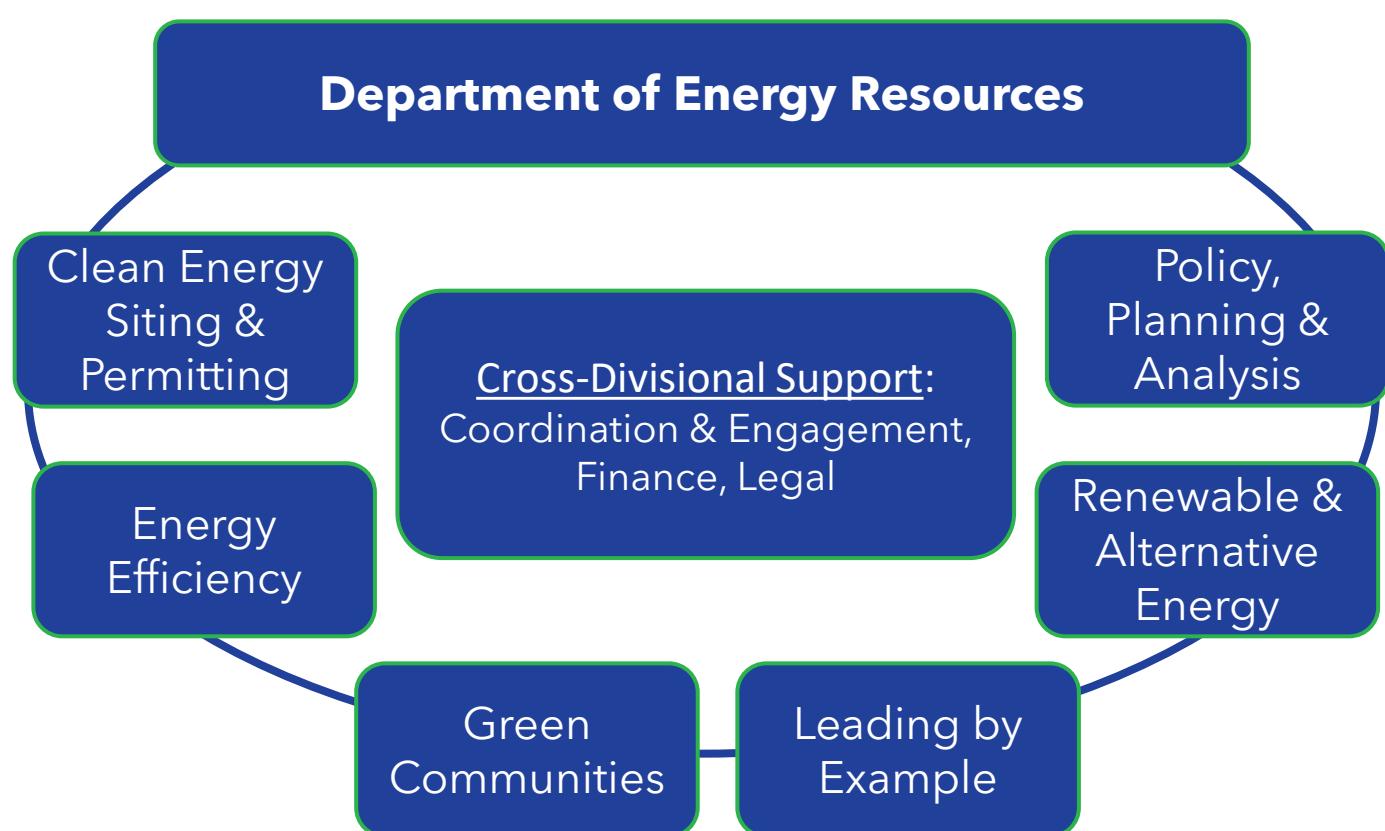

Questions and Answers

About DOER

Mission: To create a clean, affordable, resilient, and equitable energy future for all in the Commonwealth.

We are an agency

of the Executive Office of Energy and Environmental Affairs (EEA)

2025 Key Accomplishments

- Clean Energy Siting & Permitting
- Electric Vehicle Rebates (MOR-EV)
- Grants – Climate Leaders, Energy Efficiency, EV Charging, Green Communities, Solar & Decarbonization, Storage
- Large Building Energy Reporting (LBER)
- Merrimack Valley Renewal Fund (MVRF) Renew Program
- Mass Save 2025-2027 Plan Launch
- Procurements – Storage, Regional Clean Energy
- Rulemakings Process for Multiple Regulations
- Seasonal Heat Pump Rate
- Solar Incentive Program Launch (SMART 3.0)

2026 Goals

- Implement core and new programs and regulations
- Identify mechanisms to reduce energy costs
- Disburse funding through grant programs to maximize impact
- Develop strategic and effective energy policy
- Ensure transparency, accessibility, and robust stakeholder engagement
- Create pathways for decarbonization
- Coordinate with neighboring states and regions

2026 Key Projects

- Climate Leader Communities & State Decarbonization
- Electric Rates Petition & Other Regulatory Intervention
- Federal Funding Deployment
- Maintaining 2025-2027 Mass Save Approved Budgets and Engaging Stakeholders in 2028-2030 Mass Save Planning
- Merrimack Valley Renewal Fund (MVRF)
- Procurements – Energy Storage (83E), Regional Clean Energy
- Rulemakings Process for Multiple Regulations
- Siting & Permitting – Regulations & Technical Assistance
- Solar and Storage Grants & Incentives
- Website Reorganization and Accessibility

Clean Energy Siting & Permitting Goals

Goals for 2026

Issue Guidance for Small Clean Energy Siting & Permitting

- Regulations
- Guidelines
- Model Bylaws

Develop and Launch Technical Assistance & Infrastructure

- Clean Energy Infrastructure Facility Application Portal
- Municipal training materials

Continue Public Engagement to Educate and Gather Feedback

- An ongoing iterative process

Develop Internal Processes and Systems

- New team, new regs, new projects

Clean Energy Siting & Permitting Projects

2026 Key Projects

Regulations & Guidelines

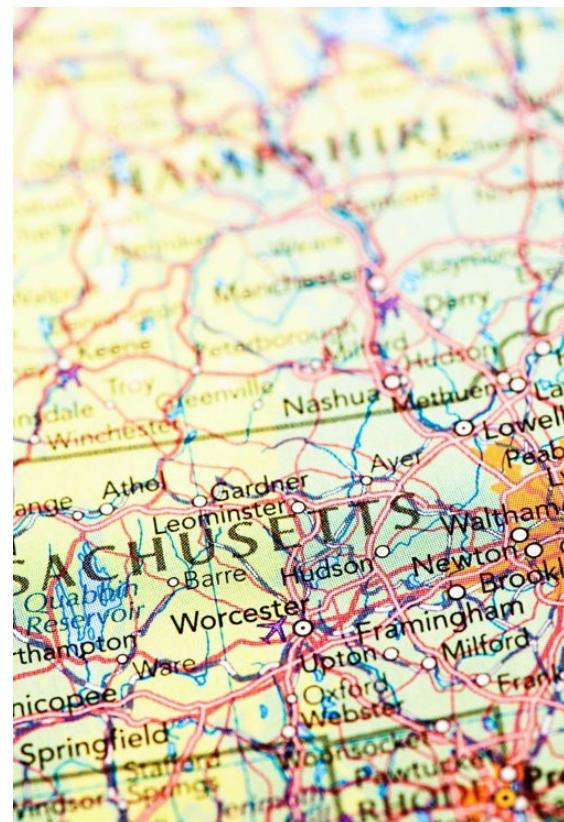

- All final rules by July 1

Technical Assistance

- Resources and trainings for municipalities, applicants, and members of public

Application Portal

- Supports universal application
- Provides ongoing data

2026 Timelines

- **March 1:** Promulgate Regulations
- **Spring/Summer:**
 - Issue Guidelines, Model Bylaws
 - Develop/Launch Guidance Materials and Technical Assistance
 - Launch online permitting portal

Public Engagement Opportunities

- **Winter:** Public comment for Guidelines
- **Spring:** Technical assistance, trainings
- **Ongoing:** [Contact your Siting & Permitting Regional Coordinator](#) with questions
- **Ongoing:** Feedback on small clean energy siting & permitting infrastructure at
DOER.Siting.Permitting@mass.gov

Coordination & Engagement Goals

Goals for 2026

Coordination with Internal and External Partners

- ResilientMass
- EEA Federal and Regional Affairs
- EEA Office of Environmental Justice and Equity
- Energy Security
- Office of Climate, Innovation, and Resilience
- Office of the Governor, Community Affairs

Support Cross Division Policies and Goals

- External Affairs - Communications and Legislative Affairs
- Equity, Environmental and Energy Justice
- Federal Coordination
- Resilience

Coordination & Engagement Projects

2026 Key Projects

External Engagement Improvements

- Comprehensive strategy for public engagement
- Digital accessibility
- Website reorganization

Streamline and Improve Agency Operations

- Grant administration
- Program design and implementation

2026 Timelines

Fall: Website reorganization

Public Engagement Opportunities

Website reorganization will highlight engagement opportunities for program and policy implementation

Energy Efficiency Goals

Goals for 2026

Support Building Decarbonization in Massachusetts

- Oversight & planning for Mass Save program
- Update building energy codes, training and technical assistance
- Update Commercial PACE (Property Assessed Clean Energy) guidelines with Mass Development

Facilitate Launch and Deployment of Grant Funding

- Federally funded programs
- Merrimack Valley Renewal Fund (MVRF)

Improve Large Building Energy Reporting

- Implement 2nd compliance year

Improve Opportunities for Public Feedback

Energy Efficiency Projects

2026 Key Projects

Federal Programs

- Climate Pollution Reduction Grants (CPRG)
- Home Energy Rebates (HER / HEAR)

Regulations & Guidelines

- Building energy codes
- Commercial Property Assessed Clean Energy (C-PACE)
- Large Building Energy Reporting (LBER)

Mass Save Oversight & Planning

Merrimack Valley Renewal Fund

2026 Timelines

- **Spring:** Ready to Launch HER/HEAR
- **Summer:** Promulgate code regulations
- **Fall:** Publish LBER Report
- **Ongoing:** Public engagement improvements, MVRF Funding

Public Engagement Opportunities

- **February:** Public comment on proposed codes regulations revisions
- **Spring:** C-PACE public feedback on proposed guideline revisions
- **Ongoing:** [EEAC monthly public meetings](#)
- **Ongoing:** Energy code feedback through stretchcode@mass.gov and Mass Save program sponsored training
- **Ongoing:** stakeholder feedback on LBER at DOER.BER@mass.gov

Green Communities Goals

Goals for 2026

Support Municipal Decarbonization Efforts

- Update Tools and Resources on website
- Issue Model Bylaws - Solar and Battery Energy Storage Systems

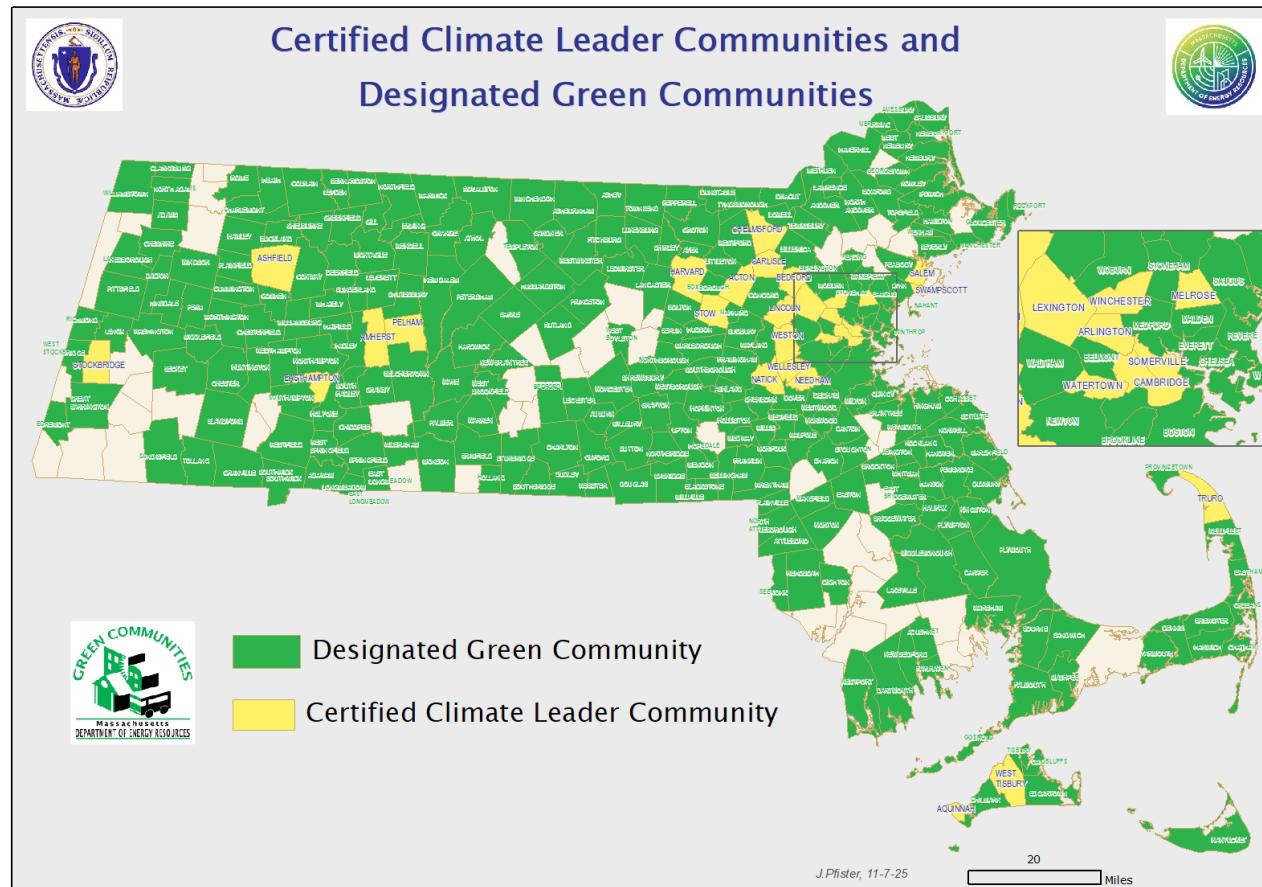

Facilitate Deployment of Grant Funding

- Climate Leader Communities
- Green Communities

Certification and Designation

- Achieve 35 Certified Climate Leader Communities
- Achieve 300 Designated Green Communities

Improve Metrics & Analysis

MASSACHUSETTS
DEPARTMENT OF
ENERGY RESOURCES

Green Communities Projects

2026 Key Projects

Grants

- Municipal Energy Technical Assistance (META)
- Green Communities Competitive
- Municipal Decarb Roadmap Assistance
- Climate Leader Technical Support
- Regional School District Decarbonization
- Regional Energy Planning Assistance (REPA)
- Climate Leader Decarbonization Accelerator

Model Bylaws

Municipal Capacity Building & Coordination

Summit

2026 Timelines

- **Winter:** Issue Model Bylaws
- Visit our website for important program deadlines: [2026 Calendar](#)

Public Engagement Opportunities

- **Fall:** Green Communities + Leading by Example Annual Summit
- **Ongoing:** [Contact your Green Communities Regional Coordinator](#) for questions or support
- **Ongoing:** Topical webinars throughout the year
- **Ongoing:** [Join our email list](#) to receive notifications of grants and opportunities

Leading by Example Goals

Goals for 2026

LBE Executive Order 594 Implementation

- Support state fleets to meet vehicle electrification goals set in plans developed in 2025
- Facilitate reductions in onsite fossil fuel emissions at state sites through grants for small- and large-scale decarbonization projects
- Accelerate deployment of solar and battery storage at state sites to take advantage of federal tax credit
- Continue deployment of state fleet EV charging, including for domicile vehicles

MOR-EV Rebate Program

- Update regulations
- Monitor program participation in light of changing market conditions

Leading by Example Projects

2026 Key Projects

Grants

- Award over \$16M in solar grants
- Award \$15M in Decarbonization Implementation Grants (DIG)
- Award \$1.35M in state fleet EV charging awards to support fleet electrification
- Continue and expand awards through equipment decarbonization and solar restoration grants
- Implement Clean Heavy-Duty Vehicle (CHDV) grant

MOR-EV Regulations

Renewable Diesel Guidance

FY25 EO 594 LBE Progress Report

2026 Timelines

- **Spring:** Update MOR-EV Regulations
- **Summer:** FY25 EO 594 LBE Progress Report
- **Winter:** Host 20th Annual LBE Recognition Awards

Public Engagement Opportunities

- **Spring:** MOR-EV regulations revision and public comment process
- **Fall:** Open LBE Recognition Award application for state agencies, campuses, municipalities, and state/municipal individuals

Policy, Planning & Analysis Goals

Goals for 2026

Advance Affordability through Rate Design

- Intervene in rate cases & utility investment proceedings to advance affordable and equitable rate redesigns

Advocate for Electrification, Resilience, and the Gas Transition

- Promote transparent and holistic grid planning
- Ensure integrated energy planning across gas and electric systems

Coordinate with Regional Partners on Clean Energy

- Pursue regional opportunities to secure new, affordable clean energy supply resources

Policy, Planning & Analysis Projects

2026 Key Projects

Regulatory Intervention

- Electric ratemaking petition and gas rate cases
- Climate Compliance Plans and strategic electrification pilots
- Plan for rollout of smart meters and cost-saving rate designs, EV programming

Load Management Study

- Publish final study & implement recommendations

Grid Modernization Advisory Council (GMAC)

- Stakeholder convenings and education

Clean Energy Procurements

- Contracting for selected solar projects
- Northern Maine energy and transmission
- Connecticut Zero-Carbon procurement

2026 Timelines

- **Winter:** Electric Rate Design Petition
- **Spring:** Publish Final Load Management Study & Peak Potential Report
- **Spring:** DOER briefing in [Climate Compliance Plans \(CCPs\)](#)
- **Summer:** RGGI final Program Review regulations

Public Engagement Opportunities

- **Ongoing:** [Monthly GMAC Meetings](#)
- **Fall:** GMAC public stakeholder event

Renewable & Alternative Energy Goals

Goals for 2026

Disburse Grant Funding for Renewable Energy Projects

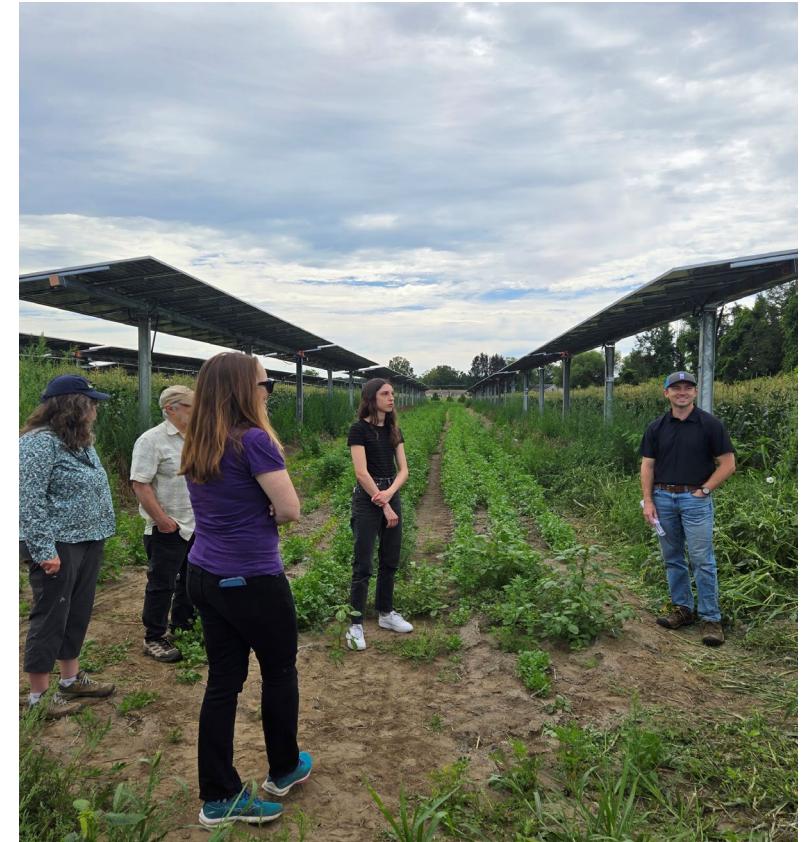

- Advancing Massachusetts Power (AMP)
- Low-Income Services Solar Program (LISSP)

Support the Deployment and Readiness of Renewable Energy

- Energy Storage Procurement (83E)
- SMART 3.0
- Interconnection, grid planning, and ratemaking

Implement and Update Portfolio Standards

- RPS portal
- Regulations

Renewable & Alternative Energy Projects

2026 Key Projects

Grants

- Advancing Massachusetts Power
- Low-Income Services Solar Program

Procurement

- Energy Storage (83E)

Regulations & Guidelines

- Renewable Portfolio Standard (RPS)
- Clean Peak Energy Standard (CPS)
- SMART 3.0

2026 Timelines

- **Winter**: Roll out new RPS Application Portal
- **Winter/Spring**: SMART Filing
- **Winter/Spring**: Revise RPS Class I and II Regulations
- **Summer**: Award first AMP grants
- **Summer**: Roll out new RPS Compliance Portal
- **July 31**: Issue Round 2 83E RFP

Public Engagement Opportunities

- **Winter/Spring**: RPS Rulemaking Public Comments
- **Spring**: [Energy Storage Procurement](#) Public Comment on RFP

Questions and Answers

Have a Question?

- Please type your question in the Q&A box or click "raise hand" in your Zoom navigation bar
- If speaking, please introduce yourself before asking your question
- Please keep questions brief and respectful so we can get to as many as possible
- If you are in a channel with an interpreter and you have a question, please type your question in the Q&A box so it can be interpreted

***The Town Hall, including the Q&A portion, is being recorded and will be posted on DOER's website**

DOER Wants to Hear From You

Please submit written comments to doer.energy@mass.gov by 5 PM on February 20th with "2026 Town Hall Public Comment" in the subject line

***All comments will be posted publicly on DOER's website**

Comments may respond to these questions:

- Do you have feedback on DOER's plans for 2026?
- How do DOER programs impact you?
- Was there anything you learned today about which you'd like to learn more?
- Do you have any recommendations for DOER's future public engagement?
- What do you think DOER's priorities should be?
