The Experience, Certification, Training and Education (ECT&E) claim is an exam component of the fire promotional exams.

This guide is intended to help candidates familiarize themselves with the ECT&E component of the exam.

Please note these instructions are for candidates taking the current Lieutenant or Captain promotional exam. These instructions should not be relied upon for any future exam.

It is strongly recommended you closely read the online instructions, download, and print a copy of the claim, and work on it off-line before beginning your online submission. This preparation guide includes unique information, not available online. Use the information in this guide to assist in completing the claim.

Background

The ECT&E component has three main sections: Experience, Certifications/Trainings/Licenses, and Education. Through collaboration of HRD Civil Service Unit, subject matter experts and the test vendor, the weight distribution was determined via our job analysis test development process. This process consists of multiple panel sessions accompanied by surveys to all civil service departments across the Commonwealth. Each exam component is created in collaboration with subject matter experts.

Accessing the ECT&E Claim Application

All candidates who are registered to take the Lieutenant and/or Captain exam are sent an email with a link that takes the candidate to their respective claim. Only online claims will be accepted. No other form of submission will be accepted.

If a candidate has created two profiles, they must use the profile sent to them to access their online claim. It is important to use the same profile when submitting all documentation or inquiries related to your claim.

Claim Submission

ECT&E Submission Deadline: 7 days after the written exam date or Sole Assessment examination date, at 11:59 p.m.

- Starting the claim: Make sure the claim is for the correct exam title. Candidates taking the 2026 Fire Captain written promotional exam must complete the 2026 Fire Captain ECT&E claim using the link emailed to them. When participating in multiple written promotional exams, candidates must submit a separate ECT&E application for each exam.
- “Saving” VS “Submitting”: The claim can be completed in more than one sitting, and progress can be saved. However, the claim must be submitted by the deadline. A claim that is saved but not submitted cannot be scored and will be considered incomplete.
- Changing a submitted claim: Once a claim is submitted, candidates can no longer make changes directly to the claim. If the deadline has not yet passed, changes can be made to submitted claims by emailing civilservice@mass.gov. Candidates must include their name, person ID, and ECT&E exam title in the subject of the email (e.g., John S. Smith – 123456 – ECT&E Deputy Fire Chief) along with details of the change(s) they are requesting in the body of the email.
- Confirmation of submission: When a claim is submitted, a confirmation email will be sent to the candidate. If you do not receive a confirmation email, you must resubmit your online application prior to the submission deadline, until you have received a confirmation email. Candidates should retain a copy of the confirmation email for their records.
- Candidates can only receive credit for items claimed through the statutory deadline (seven days after the examination). The examination date will be the date of the written examination for standard and weighted-graded candidates and the date of the Sole Assessment Center examination for Sole AC with ECT&E candidates.

Note: The confirmation email is confirmation that your application has been received. It is NOT confirmation that all your supporting documents have been accepted. Please review this guide carefully to ensure that all the proper documentation is submitted.

Weights and Scoring

The Statewide Lieutenant and Captain ECT&E exam component is one of three exam components and is weighted at 20%* of the total exam score. The ECT&E component has three main sections that have the following weights applied:

Experience	52%
Certifications/Trainings/Licenses	28%
Education	20%

*Unless otherwise specified in the examination poster.

When exam scores are released, the candidate will receive a breakdown of their final score consisting of their exam components.

Supporting Documentation

All claims, whether for experience, certification, training, license or education, require supporting documentation. This guide will identify and detail what constitutes supporting documentation for each category. The online form includes a section titled “attachments” for submission of documents. When attaching your documents, **please label them appropriately to ensure they are easily identifiable (e.g., diploma, cert 1, EMT, etc.)**. A candidate can revisit the “attachments” page as many times as necessary to submit all required documentation before the claim is submitted.

The image below shows where to submit supporting documentation on your ECT&E claim:

The screenshot shows a sidebar on the left with five menu items: 'Info', 'Attachments', 'Questions', 'Review', and 'Certify'. The 'Attachments' item is highlighted in a dark green box and has a green checkmark icon above it. The main content area is titled 'Attachments' and lists supported file types: .doc, .docx, .xls, .xlsx, .ppt, .pptx, .potx, .pdf, .gif, .tiff, .tif, .jpe, .jpeg, .jpg, .png, .htm, .html, .rtf, .txt, .wpd, .wp, .bmp. Below the list is a large white box with a green plus icon and the text 'Add supplemental attachment'. At the bottom right of the main area is a green 'Next' button. A small note at the bottom left of the main area reads: '* Required attachments must be provided before submission'.

ECT&E Claim

The following section outlines each question as it appears in the ECT&E Claim and provides instructions on accepted supporting documentation.

25 Years of Service Promotional Preference Points: Upon submission of written proof, 2.0 points will be added to the passing score of qualified individuals who have completed 25 years of service as of the examination date (written or Sole AC) within a regular fire department in Massachusetts, and who have passed an examination for promotional appointment in such force.

- Lieutenant application – Question 2
- Captain application – Question 2

This time cannot be rounded for credit.

- ◆ **Supporting documents accepted:** Employment Verification Form (EVF) from current department. EVF or signed letter from department other than current.
- ◆ **Reference:** Appendix A

Note: If a candidate has already been approved for the 25-year experience credit, as shown on your ECT&E application notice, it will automatically be added to your final passing score.

Verifying Experience Claims: Current department experience must be supported by a current, signed Employment Verification Form (EVF). Time in each rank must include a start and end date.

- **Part-time:** experience must include the total number of hours worked, or it will not be credited. When calculating part-time work, the total hours worked should be prorated based on a rate of 172 hours/month to produce a months-worked claim.

Examples:

1. If a candidate worked part time for a total of 220 hours, the calculation would be 220 hours divided by 172 hours, resulting in 1.28 months of work. This would be rounded to credit for one month of work.
2. For 670 hours of part-time work, the calculation would be 670 hours divided by 172 hours, resulting in 3.89 months worked. This would be rounded on the claim form, for a submission of 4 months of employment.

- **Breaks in Service:** HRD will only grant credit for work experience for time spent actually working within a department. The first six months (180 consecutive days) of a leave of absence can be claimed as time worked on your EVF. Leaves of absences

or breaks in service of more than six months must be recorded on the EVF and the time beyond the first six months will not be counted toward work experience.

- **No Double Counting:** Do not claim work experience that occurred concurrently in more than one category. Any acting, provisional and/or temporary time submitted will be deducted from the next lower rank (e.g., temporary time as a Captain will be subtracted from Lieutenant time).
- **Crediting "Acting" Service:** This experience may be claimed only in the exam title.
- **Crediting "Provisional" or "Temporary After Certification" Service:** This experience may be claimed in a promotional title(s) specified in the application.
- **Rounding:*** Round experience to the nearest year. **Round up** to the next full year if your experience is **180 days or more** beyond the last full year and **round down** to the previous full year if your experience is **less than 180 days** beyond the last full year (e.g., if candidate X has 1 year and 185 days of Fire Lieutenant experience, round up and select 2 years. If candidate X has 1 year and 160 days of Fire Lieutenant experience, round down and select 1 year.)

**For questions that are in month ranges, select the month range that your totaled months of experience falls within. If your total experience falls in between two options, select the nearest month (rounding up if it is 16 or more days beyond the last full month and rounding down if it is less than 16 days beyond the last full month).*

Veteran's Preference

Any candidate who qualifies for disabled veteran or veteran's preference may receive 2.0 extra points on a **passing grade** for the examination.

To update your veteran status, you must submit your DD214 or a statement of service/Commanding Officer letter on an official letterhead with an appropriate signature. The document must include the following details of your military service to date:

- Dates of full-time active duty
- Current assignment
- Date of entrance into service
- Estimated time of separation
- Expected discharge type (i.e., honorable)
- Statement confirming that you will receive a DD214 at the completion of your current Active-Duty service (note: a DD214 that only includes military training will **NOT** satisfy this requirement).

If you have already been approved for veteran preference, it is not necessary to resubmit documentation to be awarded veteran points. It will automatically be added to your final score. Veteran preference will also be documented on your ECT&E application notice. For more information on veteran status and to update your preference, please refer to the [Military Information](#) section on our website.

Note: Veteran status must be attained on or before the written exam date.

In order to be awarded your preferential Veteran's or 25 years of service points, you must achieve a passing grade on the exam.

Note: A candidate cannot receive both 2.0 points for 25 years of service **and** 2.0 points for Veteran's Preference. The maximum number of points awarded between the two categories is 2.0 extra points on a **passing grade** for the examination.

Appeal Rights

Per [Massachusetts General Law \(MGL\) Chapter 31, Section 22](#), candidates have 17 calendar days from the emailing of the score notice to file an appeal of their ECT&E claim. No new type of credit can be claimed once you submit your online ECT&E Claim. An application may not be submitted after the deadline. Instructions on how to file an ECT&E appeal during the 17-day appeal period will be sent to all candidates in their ECT&E score notice.

Claim Audits

HRD reserves the right to audit any ECT&E claim from the time of submission through the life of any eligible list. Candidates should maintain original copies of any documentation submissions in case HRD, or an appointing authority, requests them.
