The Experience, Certification, Training and Education (ECT&E) claim is an exam component of the fire promotional exams.

This guide is intended to help candidates familiarize themselves with the ECT&E component of the exam.

Please note these instructions are for candidates taking the current Fire Chief promotional exam. These instructions should not be relied upon for any future exam.

It is strongly recommended you closely read the on-line instructions, download, and print a copy of the claim, and work on it off-line before beginning your on-line submission. This preparation guide includes unique information, not available online. Use the information in this guide to assist in completing the claim.

## **Background**

The ECT&E component has three main sections: Experience, Certifications/Trainings/Licenses and Education. Through collaboration of HRD Civil Service Unit, subject matter experts and the test vendor, the weight distribution was determined using our job analysis test development process. This process consists of multiple panel sessions accompanied by surveys to all civil service departments across the Commonwealth. Each exam is evaluated in partnership with subject matter experts. Components and/or specifications of each component are subject to change with evaluations of each exam.

## **Accessing the ECT&E Claim Website**

All candidates who are registered to take a promotional Fire Chief examination will be sent an email with a link that takes the candidate to the ECT&E claim application. **This email with your ECT&E application link will be sent approximately three weeks before the examination.** Only online claims will be accepted. No other form of submission will be accepted.

## **Claim Submission**

**Final ECT&E Submission Deadline:** 7 days after written exam date, at 11:59 p.m.

- Starting the claim: Make sure the claim is for the correct exam title. If candidates are taking the 2026 Fire Chief written promotional exam, they must apply for the 2026 Fire Chief ECT&E exam claim. When participating in multiple written

promotional exams, candidates must submit an ECT&E application for each appropriate promotional ECT&E application.

- “Saving” VS “Submitting”: The claim can be completed in more than one sitting, and progress can be saved. However, a claim must be submitted by the deadline. A saved claim cannot be scored and will be considered incomplete.

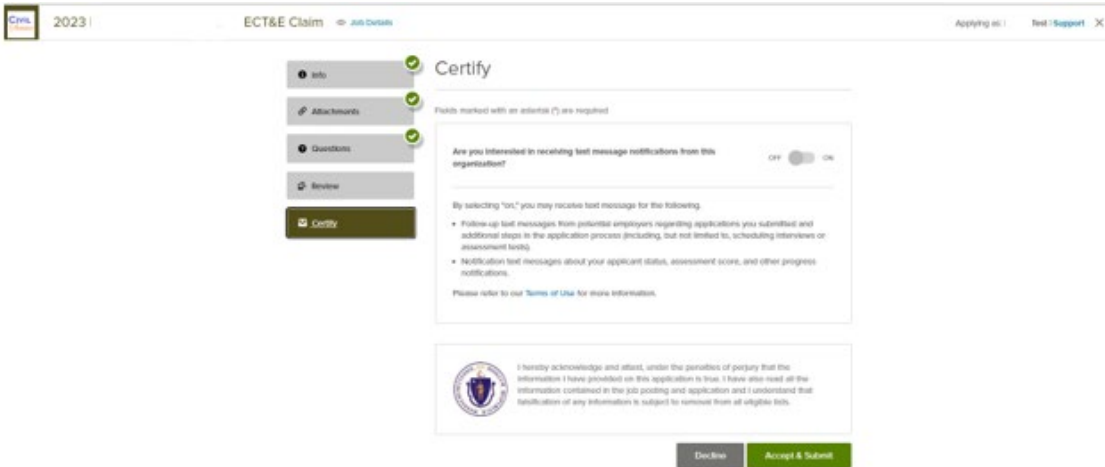

- Changing a submitted claim: Once a claim is submitted, candidates can no longer make changes. If the deadline has not yet passed, changes can be made to submitted claims by emailing: [civilservice@mass.gov](mailto:civilservice@mass.gov). Include the candidate’s name, person ID, and ECT&E exam title in the subject of the email (e.g., John S. Smith – 123456 – ECT&E Fire Chief).

- Confirmation of submission: When a claim is submitted, a confirmation email will be sent. If you do not receive a confirmation email, you must resubmit your online application prior to the submission deadline, until you have received a confirmation email. Candidates should retain a copy of their confirmation email for their records. If an email is sent to the Civil Service account with supporting documents, an auto reply will be generated. This is not confirmation that an application has been submitted.
- Candidates can only receive credit for items claimed through the statutory deadline (seven days after the examination). The examination date will be the date of the written examination for weighted-graded candidates and the date of the Sole Assessment Center examination for Sole AC with ECT&E candidates.

*NOTE:* The confirmation email is a confirmation that your application has been received. It is not a confirmation that all your supporting documents have been accepted. Please review the preparation guide carefully to ensure all the proper documentation is submitted.

### **Submission of the Claim**

After candidates complete and review their submission, they must “accept and submit” their ECT&E claim by clicking on the button highlighted below under the “certify” section of the application. Failure to click this button will result in no score for the claim. Candidates should only submit their claim when they have completed the claim; once submitted the claim cannot be revised through the online portal. If a revision is needed, a candidate can email Civil Service at [civilservice@mass.gov](mailto:civilservice@mass.gov) before the application end date.

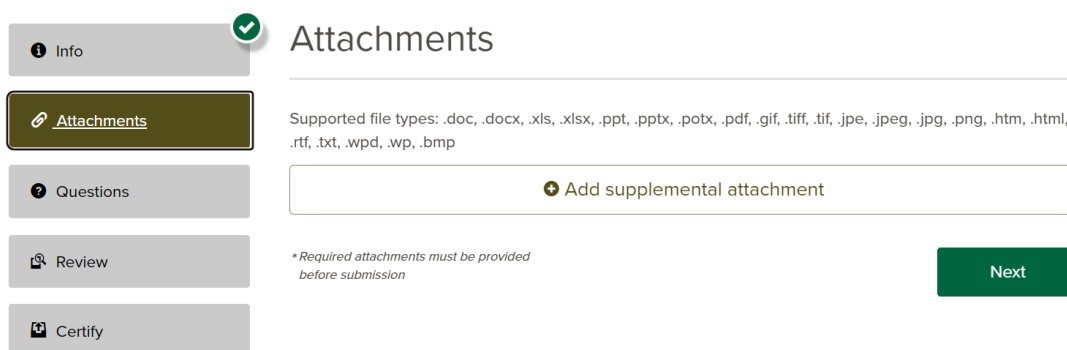

## Supporting Documentation

ALL claims, whether for experience, certification, training, license or education, require supporting documentation. This guide will identify what is supporting documentation for each category. The online form includes a section entitled “attachments” for submission of documents. When attaching your documents, please label them appropriately to ensure they are easily identifiable (e.g., diploma, cert 1, EMT, etc.). A candidate can revisit the “attachments” page as many times as necessary to submit all required documentation before the claim is submitted.

If for some reason you are unable to attach a document to the claim, or you need to make a change, see “Changing a submitted claim” above.

**NOTE:** If you have attached all necessary supporting documents to your online claim, you do **NOT** need to email a second copy to Civil Service. It is not necessary to resubmit documents that have been submitted for past examinations.

The image below shows where to submit supporting documentation on your ECT&E claim:

**Recommended Labels When Uploading Documents to the Online Application**

Category	Attachment Type	Naming Examples
Firefighter Experience – current and past departments	Employment Verification Form (EVF)	Current Dept EVF Outside Dept EVF Outside Dept Letter
Non-Firefighter Supervisor Experience – company and military letters	Promotional Examination Supervisor Experience, DD 214 (if uploading a DD 214 form)	Outside Supervisor Time DD 214
Education – college transcripts, diplomas	College Transcript	Curry College Transcript Boston University Diploma
Trainings	Training/Certificate	Training

**Weights and Scoring**

For the Fire Chief exam, the ECT&E exam component is one of three exam components and is weighted at 20%\* of the total exam. The ECT&E component has three main sections that have the following weights applied:

Experience	52%
Certifications/Trainings/Licenses	28%
Education	20%

Unlike previous ECT&E claim forms, a candidate will not be able to see point values for the associated claim entries. When exam scores are released, the candidate will receive a breakdown of their final score consisting of their written exam technical knowledge component, written exam situational judgment testing component, and ECT&E claim score.

*\*Unless otherwise specified in the examination poster.*

## **ECT&E Claim**

The following section outlines each question as it appears in the ECT&E Claim and provides instructions on accepted supporting documentation.

**25 Years of Service Promotional Preference Points:** Upon submission of written proof, 2.0 points will be added to the passing score of qualified individuals who have completed 25 years of service as of the examination date (written or Sole AC) within a regular fire department in Massachusetts, and who have passed an examination for promotional appointment in such force.

- Fire Chief application – Question 2

This time cannot be rounded for credit.

- ◆ **Supporting documents accepted:** Employment Verification Form (EVF) from current department. EVF or signed letter from department other than current.
- ◆ **Reference:** Appendix A

Note: If you have already been approved for the 25-year experience credit, as shown on your ECT&E application notice, it will automatically be added to your final passing score.

**Verifying Experience Claims:** Current department experience must be supported by a current, signed Employment Verification Form (EVF). Time in each rank must include a start and end date.

- **Part-time:** experience must include the total number of hours worked, or it will not be credited. When calculating part-time work, the total hours worked should be prorated based on a rate of 172 hours/month to produce a months-worked claim.

Examples:

1. If a candidate worked part time for a total of 220 hours, the calculation would be 220 hours divided by 172 hours, resulting in 1.28 months of work. This would be rounded to credit for one month of work.
  2. For 670 hours of part-time work, the calculation would be 670 hours divided by 172 hours, resulting in 3.89 months worked. This would be rounded on the claim form, for a submission of 4 months of employment.
- **Breaks in Service:** HRD will only grant credit for work experience for time spent actually working within a department. The first six months (180 consecutive days) of a leave of absence can be claimed as time worked on your EVF. Leaves of absences or breaks in service of more than six months must be recorded on the EVF and the

time beyond the first six months will not be counted toward work experience.

- **No Double Counting:** Do not claim work experience that occurred concurrently in more than one category. Any acting, provisional and/or temporary time submitted will be deducted from the next lower rank (e.g., temporary time as a Captain will be subtracted from Lieutenant time).
- **Crediting "Acting" Service:** This experience may be claimed only in the exam title.
- **Crediting "Provisional" or "Temporary After Certification" Service:** This experience may be claimed in a promotional title(s) specified in the application.
- **Rounding:**\* Round experience to the nearest year. **Round up** to the next full year if your experience is **180 days or more** beyond the last full year and **round down** to the previous full year if your experience is **less than 180 days** beyond the last full year (e.g., if you have 1 year and 185 days of Fire Lieutenant experience, round up and select 2 years. If you have 1 year and 160 days of Fire Lieutenant experience, round down and select 1 year.)

*\*For questions that are in month ranges, select the month range that your totaled months of experience fall within. If your total experience falls in between two options, select the nearest month (rounding up if it is 16 or more days beyond the last full month and rounding down if it is less than 16 days beyond the last full month).*

If candidate X has 1 year and 160 days of Fire Lieutenant experience, round down and select 1 year.)*
