Dear Honorable Clerks Hurley and Carroll,

Pursuant to Massachusetts General Laws chapter 171, § 6A the Massachusetts Division of Banks is required to submit amendments to 209 CMR 50.00: *Parity with Federal Credit Unions* to the Legislature.

The purpose of 209 CMR 50.00 is to implement M.G.L. c. 171, § 6A, which authorizes the Commissioner of Banks to promulgate regulations to grant Massachusetts-chartered credit unions certain expanded powers in parity with federally chartered credit unions. The amendments restructure and streamline procedural requirements by: allowing state-chartered credit unions to exercise certain authorities that previously required approval by the Division to be done by notice or neither approval nor notice; including some notice authorities to now require neither approval nor notice; reflecting changes set forth in Chapter 338 of the Acts of 2020, *An Act Modernizing the Credit Union Laws*; and expanding certain existing authorities.

Please do not hesitate to reach out should you have any questions.

Sincerely,

**Mary L. Gallagher**  
Commissioner of Banks

### **Section-by-Section Summary**

A section-by-section summary of the final amendments to 209 CMR 50.00 *et seq.* follows. It should be noted that citations below are to the final amendments to the Parity Regulations. There are technical drafting updates throughout the final amendments.

### **209 CMR 50.02: Definitions**

The following definitions are deleted from 209 CMR 50.02:

- *Organization Member:* The definition of “organization member” in M.G.L. c. 171, § 1 was updated by Credit Union Modernization, to add the following: limited partnership, limited liability partnership, and limited liability company. The definition in the Parity Regulations is no longer required.

- *Strong or Satisfactory Management:* The definition of “strong or satisfactory management” is deleted as a technical update. This definition had applied to authorities in a former category in the Parity Regulations known as the Regulatory Flexibility Program. The provisions of the Regulatory Flexibility Program were reorganized and incorporated into other provisions of the Parity Regulations in 2008. Although this requirement remained for certain authorities for several years, the references were deleted in the 2016 amendments to the Parity Regulations.

In determining whether or not to authorize any power or activity, the Commissioner shall also determine whether or not competition among credit unions will be unreasonably affected and whether public convenience and advantage will be promoted.

A credit union may, under M.G.L. c. 171, §6A and 209 CMR 50.00 *et seq.*, exercise only those powers and engage in only those activities expressly authorized by the Commissioner as set forth in 209 CMR 50.00 *et seq.* Powers and activities not so authorized are prohibited.
