Shellfish Advisory Panel Scheduled to Meet Virtually on March 2

The MA Shellfish Advisory Panel (SAP) will meet virtually via Zoom on March 2, 2023 at 9:30AM. All information regarding the meeting, including the agenda, meeting materials, and virtual login information are available on the SAP [website](#); the virtual login information is also provided below. This SAP's website is also the website of record for this public body's meeting notices, schedules, and materials, as well as the repository for all past meetings.

The SAP was formally established by the MA Legislature in 2021. Its purpose is to provide enhanced communications between the Commonwealth of Massachusetts and members of the shellfish community on matters of interest to shellfish resources and shellfish fisheries. It is chaired by the Director of the Division of Marine Fisheries and includes a diverse mix of stakeholders throughout the state, including state government officials, recreational and commercial harvesters, seafood dealers and processors, aquaculturists, researchers, conservationists, and municipal shellfish officials. The Panel meets at least two times annually to address critical shellfish related issues.

If you wish to directly obtain future meeting notices and materials or have any questions about the SAP, please contact shellfishadvisorypanel@mass.gov
