(2) In order to sit for the CPA Examination (CPA Exam), a candidate must be 18 years of age or older and must qualify for the CPA Exam under the educational requirements of 252 CMR 2.07(2). Candidates may qualify to sit for the CPA Exam prior to completion of the 120 semester hours (or 180 quarter hours) of college or university education; provided however, that within 90 days of sitting for the CPA Exam the candidate shall provide a certified transcript to the Board or its designated exam administrator demonstrating that they have successfully completed 120 of the 150 required semester hours (or 180 of the 225 quarter hours) of college or university education from a nationally or regionally accredited institution as required by 252 CMR 2.07(2), where the successful completion of 120 semester hours (or 180 quarter hours) results in obtaining a bachelor's degree. The completed 120 semester hours (or 180 of the 225 quarter hours) necessary to sit for the CPA Exam must include the equivalent of 21 undergraduate semester hours of accounting courses, including coverage in financial accounting, auditing, taxation, and management accounting, and the equivalent of nine undergraduate semester hours of business courses, including coverage in the areas of business law, finance, and information systems.

2.02: Times and Places of Examinations

The procedures for the CPA Exam and its availability are described in 252 CMR 2.00. For all examinations, the applications shall be accompanied by a payment for the required fee. Candidates whose applications are approved by the Board or its designee will receive a notice of the place, date and hours of such examinations. The Board, in its discretion, may permit an applicant who is a resident of the Commonwealth of Massachusetts to sit for the examination in another state; the taking of such examination by such applicant, however, shall be under the jurisdiction of this Board and subject to 252 CMR.

2.03: Administration and Grading of Examinations

The Board has adopted and makes use of the examinations (Uniform CPA Examination) and advisory grading service provided by the Board of Examiners of the American Institute of Certified Public Accountants (AICPA).

2.04: Subject Matter of Examinations

The CPA Exam consists of four sections. The titles of the CPA Exam sections are: Auditing and Attestation; Financial Accounting and Reporting; Regulation; and Business Environment and Concepts.

2.05: Recognition of Full or Partial Credits Granted by Other States

Recognition will be given to a candidate for satisfactory completion of one or more subjects given by a licensing authority in another state, if the examination given by the licensing authority in the other state was the Uniform CPA Examination established by and graded as passing by the Board of Examiners of the AICPA, provided that conditional credit would have been given under 252 CMR 2.06 had the examination been taken in Massachusetts.

2.06: Granting of Full or Partial Credits to Candidates Who Pass Examination in One or More Subjects; Re-examination

(1) Passing the CPA Examination.

- (a) A candidate may take the required test sections individually and in any order. - (b) Candidates must pass all required sections of the Uniform CPA Examination with a grade of 75 or higher within a rolling 30-month period, which begins on the date that the first passing score(s) are released by NASBA to the candidate or the Board, taking into account the Transitional Provisions in 252 CMR 2.06(4) below. The rolling 30-month period concludes on the date the candidate sits for the final test section passed, regardless of when the score is released by NASBA for the final test section.
- (c) In the event that all four test sections are not passed within the rolling 30-month period (taking into account the Transitional Provisions in 252 CMR 2.06(4) below), credit for any test section(s) passed outside the 30-month period will expire and test section(s) must be retaken.
- (d) A candidate shall be deemed to have passed the CPA Exam once the candidate possesses at the same time valid credit for passing each of the four test sections of the CPA Exam within the time frame described above. For purposes of 252 CMR 2.06, credit for passing a test section of the CPA Exam is valid from the date that the test administrator releases notice of the passing grade.

(4) Transitional Provisions. Any candidate who has or had one or more credits on or after January 30, 2020, shall maintain or receive credit as follows:

- (a) In response to the significant health, economic, educational, and travel disruptions resulting in CPA Examination candidate hardships, credits that expired during the period of the public health emergency declared by the United States Department of Health and Human Services from January 30, 2020, through May 11, 2023, which have not been subsequently replaced by new credits for the same sections, will be extended through June 30, 2025.

2.06: continued

(b) Credits received under the existing examination that expire on or after May 12, 2023, and credits received under the revised examination after January 1, 2024 will be valid for 30 months from the date the first passing credit was released by NASBA.

(c) A candidate who has credit for the Auditing and Attestation (AUD), Financial Accounting and Reporting (FAR), or Regulation (REG) sections of the examination as of January 1, 2024 will not be required to take the corresponding new Core section of the examination effective on that date. However, a candidate who loses credit for AUD, FAR or REG after June 30, 2025 must take the corresponding new Core section of the examination.

(d) A candidate who has credit for the Business Environment and Concepts (BEC) section of the examination as of January 1, 2024 will not be required to take any of the three Discipline sections effective on that date. However, a candidate who loses credit for BEC after June 30, 2025 must take one of the three new Discipline sections of the examination.

(3) Exceptions to Education and Experience Requirements. A candidate who sat for the paper based examination without complying with the educational requirements of 252 CMR 2.07(2)(a)1. through 3. may qualify for issuance of a Certificate as a Certified Public Accountant and a full reporting license if the applicant meets the education and experience requirements that were in existence at the time the candidate first sat for the examination in some prior year, or obtains the education requirements of 252 CMR 2.07(2)(a)1. through 3.

(4) Calculation of Full-time Experience. 2.07: continued

(c) The Board will provide experience credit under this section for paid internships, but only if such internships are not awarded academic credit for purposes of fulfilling the 150-hour requirement in 252 CMR 2.07(2). An internship is defined as a supervised work experience in public or non-public accounting in which the supervisee performs accounting services that a regularly employed accountant in the setting would be expected to perform and are reviewed by a licensed supervisor.

(5) Government/Non-public Accounting Experience.

(a) The Board, in its discretion, may grant credit of one year of requisite experience for non-public accounting work or non-audit government work under the direct supervision of a Certified Public Accountant, for every three full years of service in a position having a responsibility level above entry-level, provided that, in the opinion of the Board, such experience is substantially equivalent to that of public accounting practice.

The experience required by this clause, as approved by the board, shall be considered work experience on the same basis as experience in public accounting practices; provided, however, that adherence to the standard of independence is strictly applied.

(6) Waiving Requirements before Examination. Applicants who qualify in other respects may sit for the examination before satisfying the experience requirements of 252 CMR 2.07(2)(b).

(7) Rejection of Application. If an application for a certificate is rejected by the Board for insufficient experience or other cause, the applicant, at any later time, may request the Board to reconsider the application if the deficiencies have been removed.

The Board also adopts by reference the *Code of Professional Conduct of the American Institute of Certified Public Accountants*, as of December 15, 2014, as published by the American Institute of Certified Public Accountants to the extent that the applicable provisions thereof do not conflict with the Code and Rules of 252 CMR 3.00: *Code of Ethics and Rules of Professional Conduct*.

As provided in M.G.L. c. 112, § 87D(a) through (c), no person or firm not holding a valid license shall issue a report (audit, review or compilation) on financial statements of any person, firm, organization or governmental unit. 252 CMR 2.13 does not apply to an officer, partner, shareholder or member or employee of any firm or organization affixing a signature to any statement or report in reference to the financial affairs of such firm or organization or subsidiary or franchise of said organization with any wording designating the position, title or office held therein; nor does it apply to any act of a public official or employee in the performance of official duties as such; nor does it apply to the performance by persons other than licensees of other services involving the use of accounting skills, including the preparation of tax returns and the preparation of financial statements without the issuance of reports thereon. 252 CMR 2.13 shall also not apply to an individual qualifying to engage in the practice of public accountancy pursuant to M.G.L. c. 112, § 87B(h)(2). 2.14: Mandatory Continuing Professional Education

(1) Purpose. 252 CMR 2.14 may be cited and referred to as the "Public Accountancy Continuing Education Rules". They are subject to amendment, modification, revision, supplement, repeal or other change by appropriate action in the future. The purpose of 252 CMR 2.14 is to require all certified public accountants licensed pursuant to M.G.L. c. 112, § 87B to comply with continuing education requirements. The Board anticipates that licensees will maintain the high standards of the profession in selecting quality educational programs to fulfill the continuing education requirement.

(2) Basic Requirements. During the two-year period immediately preceding re-licensing, applicants for biennial license renewal must complete 80 hours of acceptable continuing education, except as stated in 252 CMR 2.14(6). Four hours of acceptable continuing education shall be in the area of professional ethics. Although 80 hours acquired in one of the two years covered by the registration period qualifies a registrant for the two-year period, no carryover is permitted from one two-year period to another. Only class hours or the equivalent (and not student hours devoted to preparation) will be used to measure the hours of continuing education submitted by individual candidates to the Board. The Board may provide for prorated continuing professional education requirements to be met by applicants whose initial licenses were issued substantially less than two years prior to the renewal date.

(3) Programs Which Qualify.

(a) A specific program qualifies as acceptable continuing education if it is a formal program of learning which contributes directly to the professional competence of a licensee in public practice. Each individual licensee will determine the course of study to be pursued.

(b) The following are deemed to qualify as acceptable continuing education programs, provided the standards outlined in 252 CMR 2.14(4)(c) are maintained. The Board may require that sponsors of continuing education programs be pre-approved by registering with the Board or its designee.

1. Professional development programs of national and state accounting organizations.

2.14: continued

2. Technical sessions at meetings of national and state accounting organizations and their chapters.
3. University or college courses:

 - b. Non-credit courses - each classroom hour will equal one qualifying hour.
4. Programs in other organizations (accounting, industrial, professional, *etc.*).
5. Other organized educational programs on technical and other practice subjects.
- (c) In order to qualify under 252 CMR 2.14(4)(b), a program must:
 1. require attendance;
 2. be conducted by a qualified instructor or discussion leader;
 3. require a maintained record of attendance; and
 4. require a written outline to be retained.
- (d) Formal correspondence or other individual study programs which provide evidence of satisfactory completion may qualify, with the amount of credit to be determined by the Board. The Board will not approve any program of learning that does not offer sufficient evidence that the work has actually been accomplished.
- (e) For purposes of 252 CMR 2.00, the Board shall calculate continuing education hours as follows:
 1. 50 minutes of instruction shall be considered equivalent to one credit hour;
 2. 25 minutes of instruction shall be considered equivalent to .5 credit hour;
 3. Ten minutes of instruction shall be considered equivalent to .2 credit hour;
 4. Instruction of duration other than set forth in these regulations shall be rounded down to the lowest ten-minute increment; and
 5. Instruction of a duration less than ten minutes may not qualify for continuing education credit.
- (f) Credit may be awarded for published articles and books, and for teaching courses that contribute directly to professional competence of a licensee in public practice. The amount of credit so awarded will be determined by the Board and in combination shall not exceed 50% of the renewal period requirement.

(4) Control and Reporting. Candidates for biennial license renewal must provide a signed statement, under penalty of perjury, supported by documentation disclosing the following information pertaining to the education programs submitted for qualification under the Public Accountancy Continuing Education Rules:

- (a) school, firm or organization conducting course;
- (b) location of course;
- (c) title of course or description of content;
- (d) dates attended; and
- (e) hours claimed.

The Board will verify, on a test basis, information submitted by licensees. If a Continuing Education Statement submitted by an applicant for biennial license renewal as required by 252 CMR 2.00 is not approved, the applicant shall be so notified and the applicant may be granted a period of time by the Board in which to correct the deficiencies noted.

(5) Exceptions. The Board may make exceptions from the Public Accountancy Continuing Education Rules where:

- (a) reasons of health, certified by a medical doctor, prevent compliance by the licensee;
- (b) the licensee is on active duty with the Armed Services of the United States; or
- (c) other good cause exists.

No exception shall be made solely because of age.

(6) Fees. The Board shall establish a biennial fee for processing and maintaining licensees' Continuing Education Statements and other related documents.
