### Marine Fisheries Advisory

## ASMFC Public Hearings on Northern Shrimp Draft Amendment 4

The Atlantic States Marine Fisheries Commission (ASMFC) is seeking public comment on Draft Amendment 4 to the Interstate Fishery Management Plan for Northern Shrimp. The Draft Amendment considers options for setting multi-year harvest moratoria and implementing management triggers. Management trigger options include biologic and environmental triggers comprised of indicators that would signal improvement in stock conditions and the potential to re-open the fishery.

The states of Maine though Massachusetts have scheduled four hearings in mid-February to gather public input on the Draft Amendment. **Virtual public hearings intended for Massachusetts stakeholders will be held on February 20 and February 25 at 6:00 pm** (however, you may attend any hearing). Please refer to the schedule below for more information.

The last time a new plan amendment to the Northern Shrimp Fishery Management Plan (FMP) was adopted was in 2017 (Amendment 3). Since then, the status of the northern shrimp (*Pandalus borealis*) stock has remained unchanged with a depleted stock status and continued fishing

moratorium. Given the poor condition of the stock, the Northern Shrimp Section of the ASMFC supported initiation of a new plan amendment to consider several changes to the FMP including to the current management program requirement of annual specifications and addition of management triggers for stock monitoring. Through extending the specifications timeline, the Section may implement multi-year moratoria on harvest rather than meeting annually to implement a new moratorium for the following year. A management trigger for the stock could inform when a moratorium should be re-evaluated if improved stock conditions are evident, indicated through recruitment trends or changes in Gulf of Maine temperature.

### **Submitting Comments**

The Draft Amendment is available [HERE](#) or on the Commission's Public Input webpage at <https://asmfc.org/about-us/public-input>. All those interested in the management of northern shrimp are encouraged to provide input either by participating in public hearings or providing written comment. Public comment will be accepted until **11:59 PM (EST) on March 11, 2025** and should be sent to Chelsea Tuohy, FMP Coordinator, at 1050 N. Highland St., Suite 200 A-N, Arlington, Virginia 22201; or at [comments@asmfc.org](mailto:comments@asmfc.org) (Subject line: Northern Shrimp Draft Amendment 4).

### **Hearing Presentation Recording**

For those who cannot attend any in-person or virtual hearings, the Commission will also post a recording of the hearing presentation on the Commission's YouTube page so that stakeholders may watch the presentation and submit comment at any time during the comment process. This recording will be available by early February, with the recording link provided at <https://asmfc.org/about-us/public-input>.
