## General Information

### What is the purpose of the estimated tax payment vouchers?

The purpose of the estimated tax payment vouchers is to provide a means for paying any current taxes due under Chapter 63 of the Massachusetts General Laws.

**Who must make estimated payments?** All corporations that reasonably estimate their corporation excise to be in excess of \$1,000 for the taxable year are required to make estimated payments.

**Are there penalties for failing to pay estimated taxes?** Yes. An additional charge is imposed on the underpayment of any corporate estimated tax for the period of that underpayment. Use Form M-2220 when filing your annual return to determine any penalty due.

**When and where are estimated tax vouchers filed?** Estimated taxes may be paid in full on or before the 15th day of the third month of the corporation's taxable year or according to the following installment amount schedule, on or before the 15th day of the third, sixth, ninth and twelfth month of the taxable year.

#### % of estimated tax due

First full taxable year of a corporation with 1–9 employees	All others

25%	25%

Payment vouchers with amounts due should be filed with Massachusetts Department of Revenue, PO Box 7046, Boston, MA 02204. Make check or money order payable to **Commonwealth of Massachusetts** and write your Federal Identification number in the left hand corner on your check or money order.

**What if the corporation's estimated tax liability changes during the year?** Even though you may not be required to make estimated tax payments at the beginning of the taxable year, your expected income, assets and credits may change so that you will be required to make tax payments later.

Corporations that first meet the requirement for paying estimated taxes sometime after the first quarterly period should make estimated payments as shown in the following chart:

**What if the corporation credited its 2002 overpayment to its 2003 tax?** If the corporation reported an overpayment on its 2002 corporate excise tax return and elected to apply it as a credit to its 2003 estimated tax, the amount of the credit must be applied to the first installment due after the overpayment is determined. Any excess must be applied to succeeding installments. No credit may be applied to any estimated tax other than 2003. Be sure to enter the total overpayment credit in item b of your first voucher and in column (c) of the Record of Estimated Tax Payments.
