Marine Fisheries Advisory

**Notice of Designated Days-out in Sea Herring Fishery Management Area 1A:  
June 1 to July 11, 2010.**

---

The Division of Marine Fisheries (*Marine Fisheries*) is providing this notice of regulatory measures in effect for the 2010 sea herring fishery in Management Area 1A (see map below):

**Vessels in the directed sea herring fishery:**

June 1 – June 30 vessels are allowed to land sea herring from midnight to midnight on Mondays and Tuesdays; and are prohibited from landing sea herring from 12:01 AM on Wednesday through 11:59 PM on Sunday. These vessels may only land once per day on Mondays and Tuesdays.

July 1 – July 11 vessels may only land sea herring from 12:01 AM – 11:59 PM on Monday, July 5 and are prohibited from landing on all other days.

**Vessels in the non-directed fishery:**

June 1 – July 11 vessels participating in other fisheries are not subject to no-fishing days and may retain an incidental catch of sea-herring that does not exceed more than 2,000 lbs of herring

per trip, and may only land once per day.

The Atlantic Herring Section will reconvene to discuss 'days-out' measures for the remainder of the 2010 sea herring fishing season. This meeting will be held at the Urban Forestry Center, 45 Elwyn Road, Portsmouth, NH 03801.
