Board of Selectmen
Town of Orleans
Town Hall
Orleans, MA 02653

Ladies & Gentlemen:

The Division of Marine Fisheries has determined that **bivalve shellfish** from growing area OC6, defined below, **no longer contain biotoxins (Paralytic Shellfish Poison-(PSP))** from the phytoplankton *Alexandrium (spp.)* in excess of established standards. All growing areas in the Nauset System, OC:2 through OC:6, remain closed to the harvesting of **Moon snails (*Polinices duplicatus* and *Lunatia heros*)**.

Therefore, under authority of Massachusetts General Laws, Chapter 130, sections 74A and 75 and 322 CMR sections 7.01 (7), 7.02 and 10.00, the PSP closure for **bivalve shellfish** issued on March 16, 2022, **will be rescinded at sunrise on Friday, June 10, 2022** in growing area **OC6, Salt Pond** in Eastham. Bivalve shellfish may now be harvested for direct human consumption subject to local rules and regulations under authority of Massachusetts General Laws Chapter 130, section 52.

Status: Open to Bivalve Shellfish Harvesting.

This area remains CLOSED to the harvesting of **Moon snails (*Polinices duplicatus* and *Lunatia heros*)**.

OC:6 SALT POND, EASTHAM

“The waters, flats and all tributaries of Salt Pond in the Town of Eastham, westerly of a line drawn across the mouth of Salt Pond.”

Sincerely,

Daniel J. McKiernan, Director
Massachusetts Division of Marine Fisheries
