MarineFisheries Advisory

***LOLIGO* SQUID TRAWL FISHERY SUBJECT TO 2,500-LB TRIP LIMIT
EFFECTIVE JULY 17TH -
NOAA Fisheries reports 90% of Trimester II Quota has been harvested**

The Division of Marine Fisheries (*MarineFisheries*) is providing this notice that the Loligo squid trawl fishery will be subject to a 2,500-lb. trip limit effective July 17th. This action is being taken after NOAA Fisheries reported that 90% of the Trimester II quota has been harvested. The Trimester III quota will become available on September 1st.
