RE: 988 Commission

Dear Clerks Hurley and James:

On behalf of the 988 Commission (Commission), I am pleased to provide the following letter summarizing the Commission's activities to date, pursuant to Chapter 177 of the Acts of 2022. Please accept this letter as the Commission's Annual Report.

In its first year, the Commission met once, organizing discussions regarding its own priorities, which will be developed in close coordination with the Secretary of the Executive Office of Health and Human Services. As the Commission continues to develop its specific priorities and recommendations, the Commission will ensure that proposals will complement the Healey-Driscoll Administration's behavioral health initiatives, national guidelines, and best practices for implementation of a statewide 988 suicide prevention and behavioral health crisis system. The Commission may develop interim recommendations prior to the Commission's annual report due in March 2024.

The Commission appreciates the Healey-Driscoll Administration's and the Legislature's continued support for behavioral health initiatives, particularly with at-risk communities. I, and members of the Commission, would be happy to offer additional details on the Commission's priorities and answer any questions you may have.

Sincerely,

A handwritten signature in cursive script that reads "Emily Bailey". The signature is written in black ink and is positioned above the printed name.

Emily Bailey

Chief, Office of Behavioral Health, MassHealth, Executive Office of Health and Human Services
Chair, 988 Commission, serving as the designee of Secretary Kathleen E. Walsh

Cc: Senate President Karen E. Spilka
House Speaker Ronald J. Mariano

988 Commission Charge

Legal Authority: Chapter 177 of the Acts of 2022

Statute:

(1) There shall be a state 988 commission within the executive office of health and human services to provide ongoing strategic oversight and guidance in all matters regarding 988 service in the commonwealth.

(2) The commission shall review national guidelines and best practices and make recommendations for implementation of a statewide 988 suicide prevention and behavioral health crisis system, including any legislative or regulatory changes that may be necessary for 988 implementation and recommendations for funding that may include the establishment of user fees. The commission shall also advise on promoting the 988 number including, but not limited to, recommendations for including information about calling 988 on student identification cards and on signage in locations where there have been known suicide attempts.

(3) The commission shall consist of:
