

ENGINEERING DIRECTIVE

Ross B. Swales
CHIEF ENGINEER

BRIDGE POSTING SIGN POLICY

Effective February 14, 1995, bridge postings that were previously ordered by the Board of Commissioners, to establish legal enforcement signs, shall be rescinded under the following conditions:

- * When the posted bridge has been replaced with a new bridge designed in accordance with AASHTO HS-20 loading or higher
- * When the existing bridge is entirely reconstructed or rehabilitated in accordance with AASHTO HS-20 loading or higher

At the completion of the reconstruction projects, existing posting signs shall be removed.

No action by the Board of Commissioners is required.
