

Number E:08-004

Date: December 19, 2008

ENGINEERING DIRECTIVE

Frank A. Tramontozzi (Signature on original)

CHIEF ENGINEER

Consultant Design Title Block for Bridge Plans

Effective January 1, 2009, all Bridge Plans prepared for MassHighway by Consultant designers shall be signed and sealed solely by the Consultant designer as the Engineer of Record.

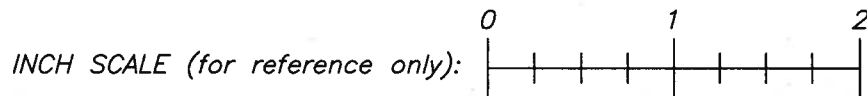

The MassHighway Director of Bridges and Structures and the MassHighway Chief Engineer will no longer sign Bridge Plans prepared by Consultant designers.

Accordingly, *MassHighway Bridge Manual* Drawing Number 1.1.4, "Consultant Design Title Block, Construction Drawings", issued February 2007, is replaced with a new drawing effective January 2009 (attached).

NOTE:

For other types of construction projects, replace the "PROPOSED BRIDGE" title with the correct project description (for example, "PROPOSED SUPERSTRUCTURE REPLACEMENT" and "PROPOSED BRIDGE REHABILITATION"). See Part I Section 4.2.2.2 for complete listing of standard project descriptions. The character size of the project description may have to be reduced to fit the longer titles.
