TELECOMMUNICATIONS SERVICE TARIFF

A. APPLICATION OF TARIFF

This tariff contains regulations and charges applying to intrastate resale common carrier communications service provided by Carrier between locations within the Commonwealth of Massachusetts as specified herein. This tariff further contains regulations and charges applying to operator services provided by the Carrier between locations within the Commonwealth of Massachusetts as specified herein.

B. DEFINITIONS

As used in this tariff, the following terms shall have the following meanings:

Application for Service

A standard order form which includes all pertinent billing, technical and other descriptive information which will enable Carrier to provide the specified communication services.

Authorization Code

A numerical code, one or more of which are assigned to a customer to enable Carrier to identify use of service on the customer's account and to bill the customer accordingly. Multiple authorization codes may be assigned to a customer to identify individual users or groups of users. All authorization codes shall be the property solely of the Carrier, and a customer shall have no property or other right or interest in the use of any particular authorization code.

Bandwidth

The total frequency, in Hertz, allocated for a channel.

TELECOMMUNICATIONS SERVICE TARIFF

B. DEFINITIONS (continued)

Calling Card Service

Denotes a calling arrangement offered on both a customer-dialed and operator-dialed basis, whereby the End User, through the use of a Calling Card, places a call.

Carrier or Company

ACC Long Distance of Massachusetts Corp., unless otherwise clearly indicated from the context.

Carrier's Point of Presence

Location of the serving central office associated with the local dial access number used by customers to access the Carrier's terminal.

Carrier's Terminal

The Carrier's switching equipment.

Collect Call

The term "Collect Call" denotes a billing arrangement by which the charge for a call may be reversed, provided the charge is accepted at the called station.

Customer

The person, firm, corporation, or other entity which utilizes services provided by the Carrier. A customer is responsible for the payment of charges and for compliance with all terms of Carrier's tariff.

Rochester, NY 14614

TELECOMMUNICATIONS SERVICE TARIFF

B. DEFINITIONS continued)Department

The term "Department" refers to the Department of Public Utilities of Massachusetts.

Dialed Access

An arrangement whereby a dialed access customer uses the public switched network facilities of a local exchange telephone company to access the terminal of the Carrier or a Common Carrier from which the Carrier acquires service.

End User

The term "End User" denotes an individual who places and/or accepts calls placed over the Carrier's services. The End User may or may not be directly responsible for billing of calls, depending upon the payment method selected by the End User.

LATA

Local Access and Transport Area ("LATA") denotes a geographic area established for the administration of telecommunications service. It encompasses designated local operating Telephone Company exchanges which are grouped to serve common social, economic and miscellaneous purposes.

Local Call

Any call which, if placed by a customer over the facilities of a local exchange telephone company, would not be rated as a toll call.

TELECOMMUNICATIONS SERVICE TARIFF

B. DEFINITIONS (continued)Major Commercial Credit Card

A universally accepted charge card. MasterCard, VISA, Diner's Club International, American Express, Carte Blanche and enRoute are examples of major commercial credit cards accepted by the Carrier.

Operator Surcharges

A charge applied to operator assisted calls processed by the Carrier requiring the assistance of a Carrier operator. This charge may vary depending upon the method selected by the End User (i.e., collect call, person-to-person call, calling card call, etc.). The term "incremental charges" is synonymous with the term "operator surcharges".

Person-to-Person Service

Denotes a calling arrangement offered on both a customer-dialed and operator dialed basis whereby the person originating the call specifies to a carrier operator a person to be reached, or individual with whom to be connected, a particular mobile station to be reached through a miscellaneous common carrier operator, or a particular station, department, or office to be reached through a private branch exchange (PBX) attendant.

Station-to-Station Service

Denotes a calling arrangement whereby the completion of a call, (e.g., collect, third party) is offered on both a customer-dialed and operator-dialed basis.

TELECOMMUNICATIONS SERVICE TARIFF

B. DEFINITIONS (continued)Subscriber

Any individual, partnership, association, joint stock company, trust corporation, governmental agency, or any other entity who subscribes to the services offered in this tariff; Hotels/Motels, Hospitals, Universities, and pay telephone owners are examples of Carrier subscribers. For the purpose of this tariff, the term "Subscriber" is not to be confused with the term "End User, as defined herein.

Third Party Billing

Denotes a payment arrangement which allows an End User to assign billing of a call to a telephone number which is different from the calling or called telephone number(s).

Toll Call

Any call extending beyond the local exchange of the originating caller which is rated on a toll schedule by the local exchange telephone company.

United States

The United States mainland, i.e., the District of Columbia and the 48 contiguous states.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS1. Description of Service

- a. Carrier is a resale common carrier providing intrastate communications service to customers for their direct transmission of voice, data and other types of telecommunications to points within the Commonwealth of Massachusetts.
- b. The Carrier may act as the customer's agent for ordering access connection facilities provided by other carriers or entities. The customer shall be responsible for all charges due for such service arrangements.
- c. The regulations set forth in this section explain how to apply the rate tables associated with the various service offering described in Section D, following. Unless otherwise indicated, rates identified in Section D are rates per minute.
- d. Timing of Calls
 - (i) Unless otherwise indicated, all calls are timed by the Carrier in twentieths of a minute and all calls which are fractions of a minute are rounded up to the next whole minute. Timing begins at the "starting event" and ends at "the terminating event" unless otherwise specified. Time between the starting event and the terminating event is the call duration, subject to upward rounding to the next full minute.
 - (ii) The "starting event" occurs when the Carrier's terminal experiences an "Outgoing Signaling Protocol Successful", i.e., upon the seizure of an outgoing trunk.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)

d. Timing of Calls (continued)

- (iii) The "terminating event" occurs when the Carrier's terminal receives a signal from the local exchange telephone company that either the calling party or the called party has hung up.
- (iv) Completed calls are timed from the starting event to the terminating event.
- (v) Silent default calls less than 60 seconds are not charged. Silent default calls 60 seconds or longer are charged for the call duration.
- (vi) "Ring - no answer" calls less than 90 seconds are not charged. Ring - no answer calls 90 seconds or longer are charged for the call duration.
- (vii) "Ring - busy" calls less than 30 seconds are not charged. Ring - busy 30 seconds or longer are charged for the call duration.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)2. Responsibility for Charges

The customer is responsible for all calls placed using any authorization code assigned to the customer; using any direct connect facilities utilized by the customer; and any calls using switched access facilities placed from the customer's premises, and calls forwarded by Call-Forwarding equipment. Upon knowledge of facts which would alert a reasonable person to the possibility an unauthorized person is using the customer's authorization code, the customer shall alert and give notice to the Carrier of such fact. Customer shall be excused from liability only with respect to such calls placed after receipt by the Carrier of such notice. Customer shall at all times remain liable for calls placed over direct connect facilities utilized by the customer and for calls using switched access facilities placed from the customer's premises.

3. Limitations on Service

Service is offered by the Carrier subject to the availability of necessary facilities and/or equipment, including facilities or equipment to be provided by Carrier, underlying and connecting carriers, and local exchange carriers.

4. Use of Service

- a. Service may be used for any lawful purpose by the customer or the customer's authorized agent or customer.
- b. The customer obtains no property right or interest in or to the use of any specific type of facility, service, equipment, number, process, or code. All right, title and interest to such items shall remain, at all times, solely with the Carrier.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)5. Termination or Denial of Service by Carrier

The following rules apply to all users of the Carrier's services and will govern termination or denial of service by the Carrier, unless inconsistent with any rule, order, or regulation of the Department of Public Utilities, including those annexed to the tariff as Appendix A which are incorporated herein by reference. In the case of any inconsistency, the rule, order, regulation of the Department, or other provision of law shall prevail.

- a. The Carrier may immediately and without notice to the customer, and without liability of any nature, temporarily deny, terminate, or suspend service to any customer in the event such customer or his agent willfully or negligently damages company equipment, interferes with use of Carrier's service with use of Carrier's service by other customers of the Carrier, unreasonably places capacity demands upon Carrier's facilities or service, or violates any statute or provision of law, or any rule or regulation of any state or federal regulatory agency relating to communications, or otherwise fails to comply with the provisions of this tariff or applicable law.
- b. In the event a customer fails to pay any bill rendered by the Carrier, relating either to regulated telephone service or the provision by Carrier of non-regulated service, equipment, facilities, or the nonpayment of any required deposit, the Carrier may terminate service until the bill rendered or the required deposit has been paid:
 - (i) 48 hours after written notice is received by the customer or its responsible agent demanding payment of the account due or the required deposit, and such payment or deposit is not received by Carrier within 48 hours of receipt of such notice by the Customer or its responsible agent; or

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)5. Termination or Denial of Service by Carrier (continued)

- (ii) Five days after written notice is mailed to the customer, at the billing address maintained by the Carrier for the customer, demanding payment of the amount due or the required deposit, and such payment or deposit is not received by Carrier within five days of mailing such notice.
- (iii) The notice specified in (i) and (ii) above shall inform the customer that service will be terminated without further notice if the specified payment or deposit is not received within the 48 hour or five day period, which ever is appropriate.

c. The Carrier may suspend or terminate service when the customer account has experienced inactivity for periods of more than 60 days.

d. Responsible Organizations (Resp Org) - At the customer's request ACC will perform the function of Resp Org, which includes: 1) search for and reservation of 800 numbers in the SMS/800; 2) creating and maintaining the 800 number customer record in the SMS/800; and 3) provision of a single point of contact for trouble reporting on 800 service.

800 reservation, assignment or activation - In its capacity as Resp Org, ACC will reserve, assign, activate or change 800 numbers for a customer, and will administer 800 numbers in accordance with customary industry standards and practices. A request to release the routing of the 800 number from ACC to another carrier can be made by a customer. If a customer owes the Carrier, ACC, \$250 or more for intrastate service, and that amount is 30 days past due, ACC may refuse to request, or honor a request, for a Resp Org change on the customer's behalf until the obligation is paid.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)

6. Termination by Customer

Service may be terminated by the customer at any time, subject to payment in full of all charges for the period service is rendered, or other minimum billing cycle charges, except that if termination occurs within the initial contract period charges apply for the full initial contract period.

7. Initial Contract Period

The initial contract period for service is one month. Thereafter, contract periods shall be for successive one-month periods.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)8. Payment, Billing, and Deposits

The following rules apply only to the Carrier's resold interexchange services and will govern payment, billing and deposit practices of the Carrier, unless inconsistent with any rule, order or regulation of the Department of Public Utilities including those annexed to the tariff as Appendix A which are incorporated herein by reference. In the case of any inconsistency, the rule, order, or regulation of the Department, or other provision of law, shall prevail.

a. Payment and Billing

- (i) Service is provided and billed on a billing cycle basis, beginning on the date that service becomes effective. Billing is payable upon receipt. Interest at the rate of 1.5% per billing cycle, or the amount otherwise authorized by law, whichever is lower, will accrue upon any unpaid amount commencing 28 days after rendition of bills. For regulations pertaining to quarterly billing cycles see Section 9(e).
- (ii) The customer is responsible for payment of all charges for services and facilities furnished by the Carrier to the customer, as well as all charges for services and facilities furnished by the Carrier to all persons using the customer's codes, premises, facilities, or equipment, with or without the knowledge or consent of the customer. The security of the customer's authorization codes, premises, switched access connections, and direct connect facilities is the sole responsibility of the customer. All calls placed using such direct connect facilities, authorization codes, premises, or switched access connections will be billed to, and must be paid by, the customer. Recurring charges, deposits, and non-recurring charges are billed in arrears. The initial billing may, at Carrier's option, also include two month's estimated usage billed in advance.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)8. Payment, Billing, and Deposits (continued)a. Payment and Billing (continued)

Thereafter, charges based on actual usage during a month and any accrued interest will be billed monthly in arrears.

- (iii) All bills are presumed accurate, and shall be binding on the customer unless objection is received by the Carrier in writing within 28 days after such bills are rendered.
- (iv) Carrier shall be entitled to revise bills previously rendered to adjust for previously unbilled service, or to adjust upward a bill previously rendered, for a period equivalent to the applicable contract law statute of limitations.

b. Deposits

- (i) Applicants or customers may be required to make a deposit in an amount equaling up to two months' actual or estimated charges for regulated and non-regulated services and facilities to be provided. In the case of a cash deposit, interest will be in accordance with the Department, including those annexed to the tariff as Appendix A which are incorporated herein by reference. The deposit will be held for a period of one year. A deposit will be returned when an application for service has been cancelled prior to the establishment of service. The deposit will be applied to any charges applicable in accordance with the tariff and the excess portions of the deposits will be returned; or upon discontinuance of service. The Carrier will refund the subscriber's deposit or the balance in excess of unpaid bills for the service.
- (ii) Carrier may at any time increase the deposit to be posted by the Customer to reflect actual or anticipated increases in the customer's billings.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)9. Quarterly Billing

- a. Customers whose total billing was less than \$30 per calendar quarter, for two consecutive quarters, may choose to be placed on a quarterly billing cycle.
- b. Customers shall have their accounts reviewed after a three month period. Customers shall have the option of being placed on a quarterly billing cycle if their total billing during said three month period is less than \$30.
- c. Customers will be notified by mail or telephone of any conversion to or from a quarterly billing cycle, at least thirty days in advance of such conversion.
- d. Quarterly bills will be rendered on or about the following dates for all services provided during the prior quarter:
 - January 1
 - April 1
 - July 1
 - October 1
- e. Payment of quarterly bills shall be due in full 20 days after the billing date. Interest at the rate of 1.5% per month, for three months, shall be applied to any outstanding balance at the time the subsequent quarterly bill is issued.
- f. Customers may be removed from quarterly billing when a customer's total quarterly bill, for two consecutive quarters, equals or exceeds \$30 in each quarter.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)10. Inspection, Testing and Adjustments

- a. Carrier may, upon reasonable notice, make such tests and inspections as may be necessary to investigate the installation, operation or maintenance of the customer's or the Carrier's equipment or connecting facilities. The Carrier may interrupt service at any time, without penalty or liability to itself, where necessary to prevent improper use of service, facilities, or connections.
- b. Upon reasonable notice, the facilities provided by the Carrier shall be made available to Carrier for such tests and adjustments as may be necessary for their maintenance in a condition satisfactory to Carrier. No interruption allowance will be granted for the time during which such tests and adjustments are made, unless such interruption exceeds twenty-four hours in length.

11. Interconnection

- a. Service furnished by the Carrier may be interconnected with services or facilities or other authorized communications common carriers, with underlying carriers, and with private systems, subject to technical limitations established by the Carrier. Service furnished by the Carrier is not part of a joint undertaking with such other carriers. Any special interface equipment or facilities necessary to achieve compatibility between the facilities of the Carrier and other participating carriers shall be provided at the customer's expense.
- b. Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of the other carriers' tariffs or maintained under the Carrier's contractual arrangement with that other carrier.

Rochester, NY 14614

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)12. Liability of the Carrier

- a. Due to the unavoidability of errors incident to the services and to the use of the facilities furnished by the Carrier or connecting carriers, the services and facilities furnished by the Carrier and connecting carriers are subject to the terms, conditions and limitations set forth herein.
- b. When service is interrupted for a period of at least 24 hours after notice by the customer to the Carrier, an allowance equal to 1/28 of fixed billing cycle charges for services and facilities furnished by the Carrier rendered useless or substantially impaired shall apply to each 24 hours during which the interruption continues after notice by the customer to the Carrier. Credit in any billing period shall not exceed the total non-usage charges for that period for the services and facilities furnished by the Carrier rendered useless or substantially impaired.
 - (i) The word "interruption" shall mean the inability to complete calls due to equipment malfunctions or human errors. "Interruption" does not include, and no allowance shall be given for, service difficulties such as slow dial tone, circuits, busy or other network and/or switching capacity shortages. Nor shall "interruption" include the failure of any service or facilities provided by a common carrier or other entity other than the Carrier. Nor shall the interruption allowance apply where service is interrupted by the negligence or willful act of the customer, or where the Carrier, pursuant to the terms of this tariff, terminates service because of non-payment of bills or deposits due to the Carrier, unlawful or improper use of the Carrier's facilities or service, or any other reason covered by this tariff or by applicable law.
 - (ii) No allowance shall apply to any non-recurring or usage charges.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)12. Liability of the Carrier (continued)

- c. The liability of the Carrier for any loss or damages whatsoever arising out of mistakes, omissions, delays, errors, defects or failures in the service, or in any regulated or non-regulated equipment or facilities, shall not exceed an amount equivalent to the proportionate charge to the customer for the period during which the mistake, omission, delay, defect, or failure existed, or the tariff charge for the call involved. Under no circumstances shall the Carrier be liable for any consequential, special, indirect, incidental or exemplary damages.
- d. The Carrier is not liable for:
 - (i) any act or omission or any connecting carrier, underlying carrier, or local exchange telephone company; for acts or omissions of any other providers of connections, facilities, or service other than the Carrier; or for culpable conduct of the customer or failures of equipment, facilities or connections provided by the customer.
 - (ii) mistakes, omissions, interruptions, errors, delays, or defects in transmission, or failure to transmit, when caused by acts of God, fire, war, riots, Government authorities, or other causes beyond the Carrier's control.
 - (iii) The Carrier is not liable for any defacement of, or damage to, the premises of a customer resulting from the attachment or instruments, apparatus and associated wiring furnished by the Carrier on such customer's premises or by the installation or removal thereof, when such defacement or damage is not the result of the Carrier's gross negligence. No agents or employees of other participating carriers shall be deemed to be agents or employees of the Carrier.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)12. Liability of the Carrier (continued)

- (iv) The customer is responsible for taking all necessary legal steps for interconnecting his customer-provided terminal equipment of communications systems with Carrier's facilities. The Customer shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection.

13. Liability of the Customer

- a. The Carrier shall be indemnified and held harmless by the customer against any and all loss, liability, damage and expense including reasonable counsel fees, due to:
 - (i) claims for libel, slander, harassment, improper use of telecommunications service or facilities, infringement of copyright, or unauthorized use of any trademark, trade name or service mark arising out of the material, data, information, or other content transmitted over the Carrier's facilities; and
 - (ii) claims for patent infringement arising from combining or connecting the Carrier's equipment or facilities with apparatus and systems of the customer; and
 - (iii) all other claims arising out of any act or omission of the customer or any person utilizing the customer's codes, services, or facilities, with or without the consent of the customer, in connection with any service, equipment, or facilities provided by the Carrier.

TELECOMMUNICATIONS SERVICE TARIFF

C. REGULATIONS (continued)

13. Liability of the Customer (continued)

- b. The customer shall indemnify and hold the Carrier harmless from and against all claims, demands, losses or liabilities, including, but not limited to, fees and expenses of counsel, arising out of any damage to business or property, or injury to, or death of, any person, occasioned by, or in connection with, any act or omission of the customer or of any person utilizing the customer's codes, services, equipment, or facilities, with or without the consent or knowledge of the customer.

14. Local Charges

In certain instances, customers may be subject to local telephone company charges or message unit charges to access the Carrier's terminal. Carrier is not responsible for any such local or message unit charges incurred by customer in gaining access to Carrier's terminal.

C. REGULATIONS (continued)16. Bad Check Charge

A charge will be assessed for all checks returned by drawee bank or other financial institution for: insufficient or uncollected funds, closed account, apparent tampering, missing signature or endorsement, or any other insufficiency or discrepancy necessitating return of the instrument at the discretion of the drawee bank or other financial institution.

Per Returned Check \$15.00

17. Provision of Bills

Customer shall receive a single copy of invoices or billing statements following conclusion of each billing cycle. Duplicate copies will be provided on reasonable request at a charge of a minimum of fifteen dollars (\$15.00) per request for each separate account, plus a minimum of fifteen cents (\$.15) per page of the bill provided.

18. Minimum Usage Guarantee

From time to time, the Company will offer services which require a Minimum Usage Guarantee (MUG) wherein the Customer agrees, in writing, to pay the minimum amount per period agreed to upon commencement of service.

Customers falling below their Minimum Usage Guarantee (MUG) will be billed for their actual usage for that period plus the difference between their actual usage for that period and their MUG.

19. Term Commitments

Should Customer choose to terminate their contract prior to expiration of the Term agreed to, Customer will be liable for the minimum usage requirements contained in the contract multiplied by the number of months remaining in the Term, unless Customer converts to another ACC service with equal or greater term and minimum usage commitments. If no minimum usage requirements are specified in the contract, upon any early termination of Customer's contract, Customer will be liable for their monthly average usage (calculated over the last three full months immediately preceding the date of termination) multiplied by the number of months remaining in the Term.

D. RATES AND CHARGES (continued)2. Regulations and Computation of Mileage (continued)

(ii) Terminating Point:

The terminating point for all calls shall be the location of the local serving central office associated with the called number.

c. Airline mileage, where mileage is the basis for rating calls, is obtained by using the "V" and "H" coordinates assigned to each point and contained in AT&T FCC Tariff No. 264 or successor tariffs. To determine the airline distance between any two cities, proceed as follows:

- (i) Obtain the "V" and "H" coordinates for each city. The "V" coordinate is the first four digits in the "VH" column. The "H" coordinate is the next four digits.
- (ii) Obtain the difference between the "V" coordinates of each of the cities. Obtain the difference between the "H" coordinates.
- (iii) Square each difference obtained in step (ii) above.
- (iv) Add the square of the "V" difference and the "H" difference obtained in step (iii) above.
- (v) Divide the sum of the square by 10. Round to the next higher whole number if any fraction is obtained.
- (vi) Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

8. Affinity Group Services:

A. Commercial Affinity Group Services:

This service is available, where offered, to commercial customers that meet the following set of criteria:

The carrier, ACC, may enter into master account agreements with firms, organizations or groups to provide service to members thereof, who establish subaccounts. The carrier will aggregate the usage of all subaccounts for purposes of applying usages charges and minimums. As long as said member remains affiliated with such firm, organization or group, members continue to receive rates below. Each member is subject to all rules and regulations set forth in this tariff.

If the organization, association or business fails to meet the minimum after three months, the arrangement ends. Members will continue to receive rates for additional six months after which the group will revert to the appropriate Answer business programs.

1) Affinity Group A:

The organization, association or business must: 1) commit to a minimum term of service of 1 year and 2) for each month of the term, generate monthly revenue of at least \$50,000 attributable to its members' use of ACC services.

D. RATES AND CHARGES (continued)10. ***ACC PREPAID CARD SERVICE***

ACC Prepaid Card Service provides an outbound voice grade communications service for calls charged to an ACC Prepaid Card. Intrastate ACC Prepaid Card Service is accessed using the ACC 800/888 number printed on the card.

A. Availability:

ACC Prepaid Card Service is available twenty-four hours a day, seven days a week. The number of available ACC Prepaid Cards is subject to technical limitations. Such cards will be offered to Customers on a first come, first served basis.

B. Regulations:

- i. ACC Prepaid Card Service is accessed using the ACC 800/888 number printed on the card.
- ii. All calls must be charged against an ACC Prepaid Card that has a sufficient available balance. After entering the authorization code ("PIN") assigned by the Company, the Customer will be notified of the available balance. After dialing the desired number, the Customer will be notified of the available minutes based on the terminating location of the call.
- iii. Customer's call will be interrupted with an announcement when the available balance is about to be depleted. Such announcement will occur one minute before the balance will be depleted, based on the terminating location of the call.
- iv. Calls in progress will be terminated by the Company if the balance on the ACC Prepaid Card is insufficient to continue the call.
- v. The Customer may add additional value to the ACC Prepaid Card by calling the ACC Customer Service number printed on the card and paying the appropriate recharge fee. No refund or credit will be provided for any unused balance associated with a PIN.

Recharge Fee: \$0.50 per PIN

The Customer shall not use ACC's name or logo, including but not limited to a picture or graphical representation of an ACC Prepaid Card, without ACC's prior express written permission. The Customer is granted no rights whatsoever in the tradenames or insignia (Marks) of ACC Prepaid Card Service, its corporate parent or corporate affiliates (Mark Holders). The Customer will not do business under any such Marks and acknowledges ownership and validity of the Marks by the Mark Holders and shall not assert any rights in the Marks and shall not bring or maintain any action or proceeding for invalidity of the Marks. The Customer will not sell or offer to sell the ACC Prepaid Card, or ACC Prepaid account numbers to persons residing outside the United States. The Customer acknowledges that any misuse of the Marks or any failure to abide by these terms shall cause ACC irreparable harm which may not be fully remedied by a damage award and ACC shall be entitled to seek, among other things, preliminary injunctive relief. Customers who desire to produce their own version of a card used to charge ACC Prepaid Card Service shall be required to sign a prepaid card bulk issuance agreement.

E. Expiration

ACC Prepaid Calling Cards will expire twelve months from date of PIN activation. Cards may be reactivated by calling the ACC customer service number printed on the card.

F. Liability

ACC is not responsible for theft, loss or unauthorized use of the Prepaid Calling Card or PIN associated with such card after PIN has been provided to the Customer.

E. OPERATOR SERVICES CLASSIFICATIONS AND RATES1. Classes of Service

Service is offered on both a customer-dialed and operator-dialed basis for each of the following classes of calls: Calling Card; Station-to-Station; Collect or Third Number; and Person-to-Person. Customer-dialed rates apply when the calling party actually dials the called party's telephone number. Operator-dialed rates apply when the calling party dials "0" for operator and the operator dials the called party's telephone number.

a. Customer-Dialed Calling Card Service

Customer-Dialed Calling Card Service rates apply to a call that is dialed by an End User in accordance with standard dialing instructions and billed to a Calling Card number. The services of an operator are not used to dial the called party, other than as excepted in c. below.

b. Operator-Dialed Calling Card Service

Operator-Dialed Calling Card Service rates apply to a call that is dialed by the operator and billed to a Calling Card. However, this class of service does not apply to the operator services specified in c. below when used with Customer-Dialed Calling Card Service.

TELECOMMUNICATIONS SERVICE TARIFF

E. OPERATOR SERVICES CLASSIFICATIONS AND RATES (continued)1. Classes of Service (continued)c. Customer-Dialed Station-To-Station Service

Customer-Dialed Station-to-Station Service Rates apply to a call that is dialed and completed by a customer without the assistance of an operator. The services of an operator are not used to complete such a call or to furnish any information or assistance relating to billing or charges for such a call, except that an operator will:

- (i) place a call or a calling party who identifies himself as being handicapped and unable to dial the call because of the handicap.
- (ii) record the originating telephone number where automatic recording equipment is not available to record the number.
- (iii) re-establish a call that was interrupted after the called number was reached.
- (iv) reach the called telephone number where facilities are not available for customer dial completion.

d. Operator-Dialed Station-to-Station Service:

Operator-Dialed Station-to-Station Service rates apply to a station-to-station call when the operator dials the called telephone number, other than as excepted in c. preceding, or to calls which involve a request for information relating to the billing or charges for a call.

e. Customer-Dialed Collect or Bill to Third Number Service

Customer-Dialed Collect or Bill to Third Number Service rates apply to a call which is dialed by the customer and billed to the called party or to third number.

TELECOMMUNICATIONS SERVICE TARIFF

E. OPERATOR SERVICES CLASSIFICATIONS AND RATES (continued)1. Classes of Service (continued)f. Operator-Dialed Collect or Bill to Third number Service

Operator-Dialed Collect or Bill to Third Number Service rates apply to a call which is dialed by the operator and billed to the called party or to a third number. However, this class of service does not apply for the operator services specified in c. preceding when used with Customer-Dialed Collect or Bill to Third Number Service.

g. Customer-Dialed Person-to-Person Service

Customer-Dialed Person-to-Person Service rates apply to a call where the person originating the call dials the called number and specifies to the Carrier operator a particular person to be reached, a particular mobile station to be reached through a miscellaneous common carrier operator, or a particular station, department, or office to be reached through a private branch exchange (PBX) attendant.

- (i) If, after the telephone, Miscellaneous Common Carrier Mobile Radio System, or PBX system called is reached, and while the connection remains established, the person originating the call requests, or agrees to talk to, any person other than the person specified, or to any other person or mobile unit to be reached through a miscellaneous common carrier operator, or to any other station, department or office to be reached through a PBX attendant, the classification of the call remains Person-to-Person.
- (ii) When a person originating a call wishes arrangements made in advance with a particular party or station for the establishment of a connection at a specified time (appointment call), the call is classified as Person-to-Person.

E. OPERATOR SERVICES CLASSIFICATIONS AND RATES (continued)2. Timing of Messages

- a. On all Station-to-Station calls, chargeable time begins when the connection is established between the calling telephone and the called telephone.
- b. On Person-to-Person calls, chargeable time begins when the connection is established between the calling person and the particular person or station specified or an agreed alternate.
- c. Chargeable time ends when the calling telephone "hangs up" thereby releasing the network connection. If the called telephone "hangs up" but the calling telephone does not, chargeable time ends when the network connection is released, either by automatic timing equipment in the telecommunications network or by an ACC operator.

3. Rate and Charge Application

- a. Initial Period and Overtime Rates
 - (i) For Calling Card, Station-to-Station, and Person-to-Person Services, the initial period rates are for telephone connections of one minute or any fraction thereof.
 - (ii) The charge for the initial period is the initial period billing rate applicable for the time period in which the message connect time occurs.

TELECOMMUNICATIONS SERVICE TARIFF

E. OPERATOR SERVICES CLASSIFICATIONS AND RATES (continued)3. Rate and Charge Application (continued)

- (iii) On Calling Card, Station-to-Station and Person-to-Person Services, an incremental charge applies in addition to the appropriate initial period rate.
- (iv) Overtime rates for all classes of service are for each additional minute or any fraction thereof that the telephone connection continues beyond the initial period. Overtime rates are the same for all classes of service and are governed by the time at which each additional minute begins.
- (v) Adjustments, when appropriate, are applied by deducting minutes from the call termination time.

b. Time Periods and Discounts

- (i) Day, Evening and Night/Weekend rates apply to the initial periods for all classes of service, and to overtime periods for all messages.
- (ii) The time at which the connection is established governs the application of Day, Evening and Night/Weekend rates.
 - (a) Day rates apply Mondays through Fridays from 8:00 AM to, but not including, 5:00 PM.
 - (b) Evening rates apply Sundays through Fridays from 5:00 PM to, but not including, 11:00 PM.
 - (c) Night/Weekend rates apply Sundays, through Thursdays from 11:00 PM to, but not including, 8:00 AM of the following day, and from 11:00 PM Fridays to, but not including, 5:00 PM Sundays.

c. Collection of Charges

Charges of all classes of service are generally billed against or collected from the End User. Upon request, toll charges may be billed:

- (i) Against or collected from the called number, i.e., charges are reversed if the charges are accepted at the called station;
- (ii) To a Calling Card;
- (iii) To a Major Commercial Credit Card; and
- (iv) To a third telephone number, i.e., billed to a telephone number other than the calling or called number(s). A charge may not be billed to a coin telephone.
