SECTION 2. For the purposes aforesaid, the district, acting by and through its board of water commissioners hereinafter provided for, may contract with any municipality, acting through its water department, or with any water company, or with any water district, for whatever water may be required, authority to furnish the same being hereby granted, and may take by eminent domain under chapter seventy-nine or chapter eighty A of the General Laws, or acquire by lease, purchase or otherwise, and hold, the waters, or any portion thereof, of any pond, spring or stream, or of any ground sources of supply by means of driven, artesian or other wells, within the town of Warren and not already appropriated for the purposes of a public supply and the water and flowage rights connected with any such water sources; and for said purposes may take as aforesaid, or acquire by purchase or otherwise, and hold, all lands, rights-of-way and other easements necessary for collection, storing, holding, processing, purifying and preserving the purity of the water and for conveying the same to any part of the district; provided, that no source of water supply or lands necessary for preserving the quality of the water shall be so taken or used without first obtaining the advice and approval of the department of public health, and that the location and arrangement of all dams, reservoirs, springs, wells, pumping, purification and filtration plants and such other works as may be necessary in carrying out the provisions of this act shall be subject to the approval of said department. The district may construct and maintain on the lands acquired and held under this act proper dams, wells, springs, reservoirs, standpipes, tanks, pumping plants, buildings, processing plants, fixtures and other structures including also the establishment and maintenance of filter beds and purification works or systems, and may make excavations, procure and operate machinery and provide such other means and appliances, and do such other things as may be necessary for the establishment and maintenance of complete and effective water works; and for that purpose may construct pipelines, wells and reservoirs and establish pumping works, and may construct, lay, acquire and maintain aqueducts, conduits, pipes and other works under or over any land, watercourses, railroad, railways and public, or other ways, and along such ways, in said town, in such manner as not unnecessarily to obstruct the same; and for the purpose of constructing, laying, maintaining, operating and repairing such aqueducts, conduits, pipes and other works, and for all proper purposes of this act, the district may dig up or raise and embank any such lands, highways or other ways in such manner as to cause the least hindrance to public travel on such ways; provided, that the manner in which all things are done upon any such way shall be subject to the direction of the selectmen of the town of Warren. The district shall not enter upon, or construct or lay any conduit, pipe or other works within, the location of any railroad corporation except at such time and in such manner as it may agree upon with such corporation, or, in case of failure so to agree, as may be approved by the department of public utilities. The district may enter upon any land for the purpose of making surveys, test wells or pits and borings, and may take or otherwise acquire the right to occupy temporarily any lands necessary for the construction of any work or for any other purpose authorized by this act.

SECTION 3. Any person sustaining damages in his property by and taking under this act, or any other thing done under authority thereof,

may recover such damages from the district under said chapter seventy-nine or said chapter eighty A; but the right to damages for the taking of any water, water right or water source, or for any injury thereto, shall not vest until water is actually withdrawn or diverted under authority of this act.

SECTION 4. For the purpose of paying the necessary expenses and liabilities incurred under this act, other than expenses of maintenance and operation, the district may borrow, in addition to amounts authorized by chapter forty-four of the General Laws, from time to time such sums as may be necessary, not exceeding, in the aggregate, one hundred and fifty thousand dollars, and may issue bonds or notes therefor, which shall bear on their face the words, West Warren Water District Loan, Act of 1971. Each authorized issue shall constitute a separate loan, and such loan shall be payable in not more than thirty years from their dates. Indebtedness incurred under this act shall be subject to the provisions of chapter forty-four of the General Laws pertaining to such districts.

SECTION 5. The district shall, at the time of authorizing said loan or loans, provide for the payment thereof in accordance with section four of this act; and, when a vote to that effect has been passed, a sum which, with the income derived from water rates, will be sufficient to pay the annual expenses of operating its water works and the interest as it accrues on the bonds or notes issued as aforesaid by the district, and to make such payments on the principal as may be required under this act, shall without further vote be assessed upon the district by the assessors of said town annually thereafter until the debt incurred by said loan or loans is extinguished.

SECTION 6. Any land taken or acquired under this act shall be managed, improved and controlled by the board of water commissioners hereinafter provided for, in such manner as they shall deem for the best interest of the district. All authority vested in said board by this section shall be subject to section nine.

SECTION 7. Whenever a tax is duly voted by the district for the purposes of this act, the clerk shall send a certified copy of the vote to the assessors of said town, who shall assess the same on property within the district in the same manner in all respects in which town taxes are required by law to be assessed; provided, that no estate shall be subject to any tax assessed on account of the system of water supply under this act if, in the judgment of the board of water commissioners hereinafter provided for, after a hearing, due notice whereof shall have been given, such estate is so situated that it will receive no aid in the extinguishment of fire from such system of water supply, or if such estate is so situated that the buildings thereon, or the buildings that might be constructed thereon, could not be supplied with water from said system in any ordinary or reasonable manner; but all other estates in the district shall be deemed to be benefited and shall be subject to such tax. A certified list of the estates exempt from taxation under the provisions of this section shall annually be sent by said board of water commissioners to said assessors, at the same time at which the clerk shall send a certified copy of the vote as aforesaid. The assessment shall be committed to the town collector, who shall collect said tax in the manner provided by law for the collection of town taxes, and shall deposit the proceeds thereof with the district treasurer for the use and benefit of

the district. The district may collect interest on overdue taxes in the manner in which interest is authorized to be collected on town taxes.

SECTION 8. Any meeting of the voters of the territory included within the boundaries set forth in section one to be held prior to the acceptance of this act, and any meeting of the voters of the district to be held prior to the qualification of a majority of the water commissioners, shall be called, on petition of ten or more legal voters therein, by a warrant from the selectmen of said town, or from a justice of the peace, directed to one of the petitioners, requiring him to give notice of the meeting by posting copies of the warrant in two or more public places in the district seven days at least before the time of the meeting. Such justice of the peace, or one of the selectmen, shall preside at such meeting until a clerk is chosen and sworn, and the clerk shall preside until a moderator is chosen. At any meeting held hereunder prior to the acceptance of this act, after the choice of a moderator for the meeting the question of the acceptance of this act shall be submitted to the voters, and if it is accepted by a majority of the voters present and voting thereon it shall thereupon take effect, and the meeting may then proceed to act on the other articles in the warrant. After the qualification of a majority of the water commissioners, meetings of the district shall be called by warrant under their hands, unless some other method be provided by by-law or vote of the district.

SECTION 9. The district shall, after the acceptance of this act as aforesaid, elect by ballot, either at the same meeting at which this act shall have been accepted, or thereafter, at an annual meeting or at a special meeting called for the purpose, three persons, inhabitants of and voters in the district, to hold office, one until the expiration of three years, one until the expiration of two years and one until the expiration of one year, from the day of the next succeeding annual district meeting, to constitute a board of water commissioners; and at every annual district meeting following such next succeeding annual district meeting one such commissioner shall be elected by ballot for the term of three years. The date of the next annual meeting shall be fixed by by-law or by vote of the board of water commissioners, but in no event shall it be later than fifteen months subsequent to the date of which the water commissioners were first elected. All the authority granted to the district by this act, except sections four and five, and not otherwise specifically provided for, shall be vested in said board of water commissioners, who shall be subject, however, to such instructions, rules and regulations as the district may by vote impose. At the meeting at which said water commissioners are first elected and at each annual district meeting held thereafter, the district shall elect by ballot, each for a term of one year, a clerk and a treasurer of the district.

The treasurer shall not be a water commissioner, and shall give bond to the district in such an amount as may be approved by said water commissioners and with a surety company authorized to transact business in the commonwealth as surety. A majority of said water commissioners shall constitute a quorum for the transaction of business. Any vacancy occurring in said board from any cause may be filled for the remainder of the unexpired term by said district at any legal meeting called for the purpose. No money shall be drawn from the treasury of the district on account of its water works except upon a written order of said water commissioners or a majority of them.

SECTION 10. Said board of water commissioners shall fix just and equitable prices and rates for the use of water and shall prescribe the time and manner of payment. The income of the water works shall be appropriated to defray all operating expenses, interest charges and payments on the principal as they shall accrue upon any bonds or notes issued under authority of this act. If there should be a net surplus remaining after providing for the aforesaid charges, it may be appropriated for such new construction as said water commissioners may recommend and in case a surplus should remain after payment for such new construction, the water rates shall be reduced proportionately. If in any year there should be a deficit of revenue, the water commissioners shall in the following year fix the rate so as to meet such deficit together with the estimated operating costs, including interest and debt. Said water commissioners shall annually, and as often as the district may require, render a report upon the condition of the works under their charge and an account of their doings, including an account of receipts and expenditures.

SECTION 11. The district may adopt by-laws, prescribing by whom and how meetings of the district may be called, notified and conducted; and, upon the application of ten or more legal voters in the district, meetings may also be called by warrant as provided in section eight. The district may also establish rules and regulations for the management of its water works, not inconsistent with this act or with any other provision of law, and may choose such other officers not provided for in this act as it may deem necessary or proper.

SECTION 12. Whoever wilfully or wantonly corrupts, pollutes or diverts any water obtained or supplied under this act, or wilfully or wantonly injures any reservoir, well, standpipe, aqueduct, pipe or other property owned or used by the district for any of the purposes of this act, shall forfeit and pay to the district three times the amount of damages assessed therefor, to be recovered in an action of tort, and upon conviction of any of the above wilful or wanton acts shall be punished by a fine of not more than three hundred dollars or by imprisonment for not more than one year, or both.

SECTION 13. Upon a petition in writing addressed to said board of water commissioners requesting that certain real estate, accurately described therein, located in said town and abutting on the district and not otherwise served by a public water supply be included within the limits thereof, and signed by the owners of such real estate, or a major portion of such real estate, said water commissioners shall cause a duly warned meeting of the district to be called, at which meeting the voters may vote on the question of including said real estate within the district. If a majority of the voters present and voting thereon vote in the affirmative the district clerk shall within ten days file with the town clerk of said town and with the state secretary an attested copy of said petition and vote; and thereupon said real estate shall become and be part of the district and shall be holden under this act in the same manner and to the same extent as the real estate described in section one.

SECTION 14. Nothing in this act shall authorize the district to supply water for the extinguishment of fires or for domestic or other purposes to the inhabitants of the territory served on the effective date of this act by the West Warren Water Company without its first having

acquired by purchase or by eminent domain under chapter seventy-nine of the General Laws, as the occasion may arise, all the properties of said corporation on said date appurtenant to the business of water supply and located within the territory served by said corporation. In case of dispute as to the territory served by said corporation on said date, the department of public utilities, upon application of the district or of said corporation, shall determine such area and such determination shall be final. *Approved April 8, 1971.*

The appropriate public authority may incorporate this disability income insurance as an integral part of the group life and accidental death and dismemberment insurance provided under section five or eleven A with the claim experience and retention costs combined, or the claims experience and retention costs of said disability income insurance may be maintained separately from the claims experience and retention costs of the group life and accidental

The appropriate public authority may execute policies or contracts for said disability income insurance for a period not exceeding five years; provided, however, that the portion of the cost of the premium per month to be borne by the governmental unit shall not exceed the estimated monthly cost for which funds have been appropriated for the then current fiscal year. A copy of said policies or contracts shall be filed with the commission no later than thirty days after their effective date and the commission shall in its discretion include pertinent data regarding such insurance in its annual report. Each employee entitled to be insured under this section shall file an application therefor with the treasurer of the governmental unit on a form prescribed by said treasurer. If an employee is entitled to receive, during a calendar month, salary, wages or other compensation, and the premium has not been withheld from said salary, wages or other compensation, he may continue his insurance in effect by paying directly to the governmental unit, which would otherwise have been deducted from his salary or wages, and said governmental unit shall contribute the remaining fifty per cent of the cost of the monthly premium. If an employee is not entitled to receive salary, wages or other compensation for any calendar month, due to illness of such employee and not because of illness of his immediate family, for purposes of this section he shall be deemed to have been granted sick leave without pay, and, subject to the rules and regulations of the appropriate public authority, said employee shall make payment for fifty per cent of the cost of such insurance to the treasurer of the governmental unit, and such governmental unit shall contribute the remaining fifty per cent of said premium. All amounts withheld from an employee's salary, wages or other compensation and all amounts paid by an employee together with the contribution of the governmental unit as hereinbefore described shall be paid by the treasurer of the governmental unit to the carrier or carriers entitled to the premium. An employee insured under this section may by written notice on a form provided by the treasurer cancel such disability income insurance and such insurance shall require no further premium payment the first day of the premium month following the expiration of fifteen days from the receipt of notice of cancellation. Any dividend or refund applicable to disability income insurance provided under this section shall be paid by the insurance carrier or carriers to the governmental unit and shall be distributed in accordance with the provisions of section eight or eight A whichever may be applicable.

This section shall take effect in a county, city, town or district upon its acceptance in the following manner: — in a county, by vote of the county commissioners; in a city having a Plan D or Plan E charter by majority vote of its city council; in any other city by vote of its city council, approved by the mayor; in a district, except as hereinafter provided, by vote of the registered voters of the district at a district meeting; in a regional school district by vote of the regional district school committee; and in a town either by vote of the board of selectmen, or by a majority of affirmative votes cast in answer to the following question which shall be printed upon the official ballot to be used at an election in said town: — "Shall the town pay one half of a premium for disability income insurance for its employees?"

Chap. 348. AN ACT AUTHORIZING ESTABLISHMENT OF OFF-STREET PARKING FACILITIES IN THE CITY OF SALEM.

Be it enacted, etc., as follows:

SECTION 1. It is hereby declared that excessive curb parking of motor vehicles on the streets of the city of Salem and the lack of adequate off-street parking facilities create congestion, obstruct the free circulation of traffic, diminish property values, and endanger the health, safety and general welfare of the public; that the provision of conveniently located off-street parking facilities at a reasonable cost is therefore necessary to alleviate such conditions; and that the establishment of public off-street automobile parking facilities and fostering the provision of commercial, special purpose, or co-operative off-street automobile parking facilities are decreed to be a proper public or municipal purpose.

SECTION 2. For the purposes of this act (1) public off-street automobile parking facilities are defined as accommodations provided by public authority for the parking of automobiles off the street or highway and open to public use, with or without charge. Such facilities may be publicly owned and publicly operated, or they may be publicly owned and privately operated; (2) commercial off-street automobile parking facilities are defined as accommodations provided by private enterprise for the parking of automobiles off the street or highway, open to public use for a fee; (3) special purpose off-street automobile parking facilities are defined as accommodations provided by public authority or private groups or individuals, for restricted use in connection with public improvements, particular businesses, theaters, hotels and other private enterprises, or combinations thereof, or as adjuncts to housing developments or private residence. Such facilities may or may not be jointly established and operated; (4) co-operative off-street automobile parking facilities are defined as accommodations provided by joint action of public and private interests. Chap. 358. AN ACT PROVIDING AN ALTERNATIVE NONCRIMINAL DISPOSITION OF VIOLATIONS OF THE ANTI-LITTER LAWS, SO-CALLED.

Be it enacted, etc., as follows:

Chapter 270 of the General Laws is hereby amended by inserting after section 16 the following section:—

Section 16A. If any officer empowered to enforce section sixteen takes cognizance of a violation thereof, he may request the offender to state his name and address. Whoever, upon such request, refuses to state his name and address may be arrested without a warrant, or if he states a false name and address or a name and address which is not his name and address in ordinary use, he shall be punished by a fine of not less than twenty nor more than fifty dollars. Such officer may, as an alternative to instituting criminal proceedings, forthwith give to the offender a written notice to appear before the clerk of the district court having jurisdiction at any time during office hours, not later than twenty-one days after the date of such violation. Such notice shall be made in triplicate, and shall contain the name and address of the offender and, if served with notice in hand at the time of such violation, the number of his license, if any, to operate motor vehicles; the registration number of the vehicle or motorboat involved, if any; the time and place of the violation; the specific offense charged; and the time and place for his required appearance. Such notice shall be signed by the officer, and shall be signed by the offender whenever practicable in acknowledgement that the notice has been received. The officer shall if possible deliver to the offender at the time and place of the violation a copy of said notice. Whenever it is not possible to deliver a copy of said notice to the offender at the time and place of the violation, said copy shall be mailed or delivered by the officer, or by his commanding officer or any person authorized by said commanding officer, to the offender's last known address, or in the case of a violation involving a motor vehicle or motorboat registered under the laws of this commonwealth, within five days of the offense, or in the case of any motor vehicle or motorboat registered under the laws of another state or country, within ten days thereof, exclusive, in either case, of Sundays and holidays, to the address of the registrant of the motor vehicle or motorboat involved, as appearing, in the case of a motor vehicle registered under the laws of this commonwealth, in the records of the registry of motor vehicles or the division of motorboats or in the case of a motor vehicle or motorboat registered under the laws of another state or country in the records of the official in such state or country having charge of the registration of such motor vehicle or motorboat. Such notice mailed, by the officer, his commanding officer, or the person so authorized to the last address of said

registrant as appearing as aforesaid, shall be deemed a sufficient notice, and a certificate of the officer or person so mailing such notice that it has been mailed in accordance with this section shall be deemed prima facie evidence thereof and shall be admissible in any court of the commonwealth as to the facts contained therein. At or before the completion of each tour of duty the officer shall give to his commanding officer those copies of each notice of such a violation he has taken cognizance of during such tour which have not already been delivered or mailed by him as aforesaid. Said commanding officer shall retain and safely preserve one of such copies and shall, at a time not later than the next court day after said delivery or mailing, deliver another of such copies to the clerk of the court before whom the offender has been notified to appear. The clerk of each district court shall maintain a separate docket of all such notices to appear.

Any person notified to appear before the clerk of a district court as hereinbefore provided may appear before such clerk and confess the offense charged, either personally or through an agent duly authorized in writing, or by mailing to such clerk, with the notice, the sum provided herein, such payment to be made only by postal note, money order or check. If it is the first, second or third offense subject to this section committed by such person within the jurisdiction of the court in the calendar year, payment to such clerk of the sum of twenty dollars shall operate as a final disposition of the case; if it is the fourth or subsequent such offense so committed in such calendar year, payment to such clerk of the sum of one hundred dollars shall operate as a final disposition of the case. Proceedings under this paragraph shall not be deemed criminal; and no person notified to appear before the clerk of a district court as provided herein shall be required to report to any probation officer, and no record of the case shall be entered in the probation records.

If any person notified to appear before the clerk of the district court fails to appear and pay the fine provided hereunder or, having appeared, desires not to avail himself of the procedure hereinbefore provided for the noncriminal disposition of the case, the clerk shall, as soon as may be, notify the officer concerned, who shall forthwith make a complaint and follow the procedure established for criminal cases, and shall notify, if a motor vehicle is involved, the registrar of motor vehicles, or, if a motorboat is involved, the division of motorboats. If any person fails to appear in accordance with the summons issued upon such complaint the clerk shall send such person by certified mail, return receipt requested, a notice that the complaint is pending and that if the person fails to appear within twenty-one days from the sending of such notice a warrant for his arrest will be issued. If any person fails to appear within twenty-one days from the sending of such notice, the court shall issue a warrant for his arrest.

The notice to appear, provided herein, shall be printed in such form as the chief justice of the municipal court of the city of Boston may prescribe for said court, and as the administrative committee of the district courts as created by section forty-three A of chapter two hundred and eighteen may prescribe for district courts other than said municipal court. *Approved June 3, 1971.*

Chap. 359. AN ACT FURTHER REGULATING THE LAW ESTABLISHING HISTORIC DISTRICTS.

Be it enacted, etc., as follows:

SECTION 1. Chapter 40C of the General Laws is hereby amended by striking out sections 2 to 13, inclusive, and inserting in place thereof the following sixteen sections:—

Section 2. The purpose of this chapter is to promote the educational, cultural, economic and general welfare of the public through the preservation and protection of the distinctive characteristics of buildings and places significant in the history of the commonwealth and its cities and towns or their architecture, and through the maintenance and improvement of settings for such buildings and places and the encouragement of design compatible therewith.

Section 3. A city or town may, by ordinance or by-law adopted by two thirds vote of the city council in a city or by a two thirds vote of a town meeting in a town, establish historic districts subject to the following provisions:—Prior to the establishment of any historic district in a city or town an investigation and report on the historical and architectural significance of the buildings, structures or sites to be included in the proposed historic district or districts shall be made by an historic district study committee or by an historic district commission, as provided in this section and in section four, who shall transmit copies of the report to the planning board, if any, of the city or town, and to the Massachusetts historical commission for their respective consideration and recommendations. The Massachusetts historical commission may consult with the commissioner of commerce and development, the commissioner of community affairs and the commissioner of natural resources with respect to such reports, and may make guidelines for such reports, and, after public hearing, establish rules as to their form and manner of transmission. Not less than sixty days after such transmittal the study committee shall hold a public hearing on the report after due notice given at least fourteen days prior to the date thereof, which shall include a written notice mailed postage prepaid, to the owners as they appear on the most recent real estate tax list of the board of assessors of all properties to be included in such district or districts. The committee shall submit a final report with its recommendations, a map of the proposed district or districts and a draft of a proposed ordinance or by-law, to the city council or town meeting.

An historic district may be enlarged or reduced or an additional historic district in a city or town created in the manner provided for creation of the initial district, except that (*a*) in the case of the enlargement or reduction of an existing historic district the investigation, report and hearing shall be by the historic district commission having jurisdiction over such historic district instead of by a study committee; (*b*) in the case of creation of an additional historic district the investigation, report and hearing shall be by the historic district commission of the city or town, or by the historic district commissions acting jointly if there be more than one, instead of by a study committee unless the commission or commissions recommend otherwise; and (*c*) if the district is to be reduced written notice as

above provided of the commission's hearing on the proposal shall be given to said owners of each property in the district.

Any ordinance or by-law creating an historic district may, from time to time, be amended in any manner not inconsistent with the provisions of this chapter by a two thirds vote of the city council in a city or by a two thirds vote of a town meeting in a town, provided that the substance of such amendment has first been submitted to the historic district commission having jurisdiction over such district for its recommendation and its recommendation has been received or sixty days have elapsed without such recommendation.

No ordinance or by-law creating an historic district, or changing the boundaries of an historic district, shall become effective until a map or maps setting forth the boundaries of the historic district, or the change in the boundaries thereof, has been filed with the city clerk or town clerk and has been recorded in the registry of deeds for the county or district in which the city or town is located, and the provisions of section thirteen A of chapter thirty-six shall not apply.

Section 4. An historic district study committee may be established in any city or town by vote of the city council or board of selectmen for the purpose of making an investigation of the desirability of establishing an historic district or districts therein. The study committee shall consist of not less than three nor more than seven members appointed in a city by the mayor, subject to confirmation by the city council, or in a town by the board of selectmen, including one member from two nominees submitted by the local historical society or, in the absence thereof, by the Society for the Preservation of New England Antiquities, one member from two nominees submitted by the chapter of the American Institute of Architects covering the area, and one member from two nominees of the board of realtors, if any, covering the area. If within thirty days after submission of a written request for nominees to any of the organizations herein named no such nominations have been made the appointing body may proceed to appoint the study committee without nominations by such organization.

Whenever an historic district is established as provided in section three an historic district commission shall be established which shall consist of not less than three nor more than seven members. An historic district commission shall be appointed in a city by the mayor, subject to confirmation by the city council, or in a town by the board of selectmen, in the same manner as an historic district study committee unless (*a*) the report recommending its establishment recommends alternate or additional organizations to submit nominees for membership and states reasons why such alternate or additional organizations would be appropriate or more appropriate for the particular city or town, the Massachusetts historical commission does not recommend otherwise prior to the public hearing on the establishment of the district, and the ordinance or by-law so provides; or (*b*) there is an existing historic district commission in the city or town which the report recommends should administer the new district, and the ordinance or by-law so provides. Unless the report recommends otherwise on account of the small number of residents or individual property owners, and the ordinance or by-law so provides, the members

of the historic district commission shall include one or more residents of or owners of property in an historic district to be administered by the commission. If within thirty days after submission of a written request for nominees to an organization entitled to submit nominations for membership on the commission no such nominations have been made the appointing body may proceed to make the appointment to the commission without nomination by such organization. The appointments to membership in the commission shall be so arranged that the term of at least one member will expire each year, and their successors shall be appointed in the same manner as the original appointment for terms of three years. Vacancies shall be filled in the same manner as the original appointment for the unexpired term. Ordinances or by-laws adopted hereunder may provide for the appointment of alternate members not exceeding in number the principal members who need not be from nominees of organizations entitled to nominate members. In case of the absence, inability to act or unwillingness to act because of self-interest on the part of a member of the commission, his place shall be taken by an alternate member designated by the chairman. Each member and alternate shall continue in office after the expiration of his term until his successor is duly appointed and qualified. All members shall serve without compensation. The commission shall elect annually a chairman and vice-chairman from its own number and a secretary from within or without its number.

Section 5. As used in this chapter the word "altered" includes the words "rebuilt", "reconstructed", "restored", "removed" and "demolished" and the phrase "changed in exterior color"; the word "building" means a combination of materials forming a shelter for persons, animals or property; the word "commission" means the commission acting as the historic district commission; the word "constructed" includes the words "built", "erected", "installed", "enlarged" and "moved"; the words "exterior architectural feature" mean such portion of the exterior of a building or structure as is open to view from a public street, public way, public park or public body of water, including but not limited to the architectural style and general arrangement and setting thereof, the kind, color and texture of exterior building materials, the color of paint or other materials applied to exterior surfaces and the type and style of windows, doors, lights, signs and other appurtenant exterior fixtures; and the word "structure" means a combination of materials other than a building, including a sign, fence, wall, terrace, walk or driveway.

Section 6. Except as the ordinance or by-law may otherwise provide in accordance with section eight or said section eight or nine, no building or structure within an historic district shall be constructed or altered in any way that affects exterior architectural features unless the commission shall first have issued a certificate of appropriateness, a certificate of nonapplicability or a certificate of hardship with respect to such construction or alteration.

Any person who desires to obtain a certificate from the commission shall file with the commission an application for a certificate of appropriateness, a certificate of nonapplicability or a certificate of hardship, as the case may be, in such form as the commission may

reasonably determine, together with such plans, elevations, specifications, material and other information, including in the case of demolition or removal a statement of the proposed condition and appearance of the property thereafter, as may be reasonably deemed necessary by the commission to enable it to make a determination on the application.

No building permit for construction of a building or structure or for alteration of an exterior architectural feature within an historic district and no demolition permit for demolition or removal of a building or structure within an historic district shall be issued by a city or town or any department thereof until the certificate required by this section has been issued by the commission.

Section 7. In passing upon matters before it the commission shall consider, among other things, the historic and architectural value and significance of the site, building or structure, the general design, arrangement, texture, material and color of the features involved, and the relation of such features to similar features of buildings and structures in the surrounding area. In the case of new construction or additions to existing buildings or structures the commission shall consider the appropriateness of the size and shape of the building or structure both in relation to the land area upon which the building or structure is situated and to buildings and structures in the vicinity, and the commission may in appropriate cases impose dimensional and set-back requirements in addition to those required by applicable ordinance or by-law. The commission shall not consider interior arrangements or architectural features not subject to public view.

The commission shall not make any recommendation or requirement except for the purpose of preventing developments incongruous to the historic aspects or the architectural characteristics of the surroundings and of the historic district.

Section 8. (*a*) Any city or town may provide in the ordinance or by-law establishing a district or in any amendment thereof that the authority of the commission shall not extend to the review of one or more of the following categories of buildings or structures or exterior architectural features in the historic district, and, in this event, the buildings or structures or exterior architectural features so excluded may be constructed or altered within the historic district without review by the commission:

(1) Temporary structures or signs, subject, however, to such conditions as to duration of use, location, lighting, removal and similar matters as the commission may reasonably specify.

(2) Terraces, walks, driveways, sidewalks and similar structures, or any one or more of them, provided that any such structure is substantially at grade level.

(3) Walls and fences, or either of them.

(4) Storm doors and windows, screens, window air conditioners, lighting fixtures, antennae and similar appurtenances, or any one or more of them.

(5) The color of paint.

(6) The color of materials used on roofs.

(7) Signs of not more than one square foot in area in connection with use of a residence for a customary home occupation or for pro-

fessional purposes, provided only one such sign is displayed in connection with each residence and if illuminated is illuminated only indirectly; and one sign in connection with the nonresidential use of each building or structure which is not more than twelve square feet in area, consist of letters painted on wood without symbol or trademark and if illuminated is illuminated only indirectly; or either of them.

(8) The reconstruction, substantially similar in exterior design, of a building, structure or exterior architectural feature damaged or destroyed by fire, storm or other disaster, provided such reconstruction is begun within one year thereafter and carried forward with due diligence.

(*b*) A commission may determine from time to time after public hearing that certain categories of exterior architectural features, colors, structures or signs, including, without limitation, any of those enumerated under paragraph (a), if the provisions of the ordinance or by-law do not limit the authority of the commission with respect thereto, may be constructed or altered without review by the commission without causing substantial derogation from the intent and purposes of this chapter.

(*c*) A city or town may provide in its ordinance or by-law, or in any amendment thereof, that the authority of the commission shall be limited to exterior architectural features within a district which are subject to view from one or more designated public streets, public ways, public parks or public bodies of water, although other portions of buildings or structures within the district may be otherwise subject to public view, and, in the absence of such provision of the ordinance or by-law, a commission may determine from time to time after public hearing that the authority of the commission may be so limited without substantial derogation from the intent and purposes of this chapter.

(*d*) Upon request the commission shall issue a certificate of nonapplicability with respect to construction or alteration in any category then not subject to review by the commission in accordance with the provisions of paragraph (*a*), (*b*) or (*c*).

Section 9. Nothing in this chapter shall be construed to prevent the ordinary maintenance, repair or replacement of any exterior architectural feature within an historic district which does not involve a change in design, material, color or the outward appearance thereof, nor to prevent landscaping with plants, trees or shrubs, nor construed to prevent the meeting of requirements certified by a duly authorized public officer to be necessary for public safety because of an unsafe or dangerous condition, nor construed to prevent any construction or alteration under a permit duly issued prior to the effective date of the applicable historic district ordinance or by-law.

Section 10. The commission shall have the following additional powers, functions and duties:—

(*a*) If the commission determines that the construction or alteration for which an application for a certificate of appropriateness has been filed will be appropriate for or compatible with the preservation or protection of the historic district, the commission shall cause a certificate of appropriateness to be issued to the applicant. In the

case of a disapproval of an application for a certificate of appropriateness the commission shall place upon its records the reasons for such determination and shall forthwith cause a notice of its determination, accompanied by a copy of the reasons therefor as set forth in the records of the commission, to be issued to the applicant, and the commission may make recommendations to the applicant with respect to appropriateness of design, arrangement, texture, material and similar features. Prior to the issuance of any disapproval the commission may notify the applicant of its proposed action accompanied by recommendations of changes in the applicant's proposal which, if made, would make the application acceptable to the commission. If within fourteen days of the receipt of such notice the applicant files a written modification of his application in conformity with the recommended changes of the commission, the commission shall cause a certificate of appropriateness to be issued to the applicant.

(*b*) In the case of a determination by the commission that an application for a certificate of appropriateness or for a certificate of nonapplicability does not involve any exterior architectural feature, or involves an exterior architectural feature which is not then subject to review by the commission in accordance with the provisions of section eight, the commission shall cause a certificate of nonapplicability to be issued to the applicant.

(*c*) If the construction or alteration for which an application for a certificate of appropriateness has been filed shall be determined to be inappropriate, or in the event of an application for a certificate of hardship, the commission shall determine whether, owing to conditions especially affecting the building or structure involved, but not affecting the historic district generally, failure to approve an application will involve a substantial hardship, financial or otherwise, to the applicant and whether such application may be approved without substantial detriment to the public welfare and without substantial derogation from the intent and purposes of this chapter. If the commission determines that owing to such conditions failure to approve an application will involve substantial hardship to the applicant and approval thereof may be made without such substantial detriment or derogation, or, in the event of failure to make a determination on an application within the time specified in section eleven, the commission shall cause a certificate of hardship to be issued to the applicant.

(*d*) Each certificate issued by the commission shall be dated and signed by its chairman, vice-chairman, secretary or such other person designated by the commission to sign such certificates on its behalf.

(*e*) The commission shall keep a permanent record of its resolutions, transactions and determinations and of the vote of each member participating therein, and may adopt and amend such rules and regulations not inconsistent with the provisions of this act and prescribe such forms as it shall deem desirable and necessary for the regulation of its affairs and the conduct of its business. The commission shall file a copy of any such rules and regulations with the city or town clerk.

(*f*) The commission shall file with the city or town clerk and with any department of the city or town having authority to issue building

permits a copy or notice of all certificates and determinations of disapproval issued by it.

(*g*) A commission may after public hearing set forth in such manner as it may determine the various designs of certain appurtenances, such as light fixtures, which will meet the requirements of an historic district and a roster of certain colors of paint and roofing materials which will meet the requirements of an historic district, but no such determination shall limit the right of an applicant to present other designs or colors to the commission for its approval.

(*h*) The commission may, subject to appropriation, employ clerical and technical assistants or consultants and incur other expenses appropriate to the carrying on of its work, and may accept money gifts and expend the same for such purposes. The commission may administer on behalf of the city or town any properties or easements, restrictions or other interests in real property which the city or town may have or may accept as gifts or otherwise and which the city or town may designate the commission as the administrator thereof.

(*i*) The commission shall have, in addition to the powers, authority and duties granted to it by this act, such other powers, authority and duties as may be delegated or assigned to it from time to time by vote of the city council or town meeting.

Section 11. Meetings of a commission shall be held at the call of the chairman and shall be called at the request of two members of the commission and in such other manner as the commission shall determine in its rules. A majority of the members of a commission shall constitute a quorum. The concurring vote of a majority of the members of the commission shall be necessary to issue a certificate of appropriateness, a certificate of nonapplicability or a certificate of hardship.

A commission shall determine promptly, and in all events within fourteen days after the filing of an application for a certificate of appropriateness, a certificate of nonapplicability or a certificate of hardship, as the case may be, whether the application involves any exterior architectural features which are subject to approval by the commission. If a commission determines that such application involves any such features which are subject to approval by the commission the commission shall hold a public hearing on such application unless such hearing is dispensed with as hereinafter provided.

The commission shall fix a reasonable time for the hearing on any application and shall give public notice of the time, place and purposes thereof at least fourteen days before said hearing in such manner as it may determine, and by mailing, postage prepaid, a copy of said notice to the applicant, to the owners of all adjoining property and other property deemed by the commission to be materially affected thereby as they appear on the most recent real estate tax list of the board of assessors, to the planning board of the city or town, to any person filing written request for notice of hearings, such request to be renewed yearly in December, and to such other persons as the commission shall deem entitled to notice.

As soon as convenient after such public hearing but in any event within sixty days after the filing of the application, or such lesser period as the ordinance or by-law may provide, or within such further

time as the applicant may allow in writing, the commission shall make a determination on the application. If the commission shall fail to make a determination within such period of time the commission shall thereupon issue a certificate of hardship.

A public hearing on an application need not be held if such hearing is waived in writing by all persons entitled to notice thereof. In addition, a public hearing on an application may be waived by the commission if the commission determines that the exterior architectural feature involved or its category or color, as the case may be, is so insubstantial in its effect on the historic district that it may be reviewed by the commission without public hearing on the application, provided, however, that if the commission dispenses with a public hearing on an application notice of the application shall be given to the owners of all adjoining property and other property deemed by the commission to be materially affected thereby as above provided and ten days shall elapse after the mailing of such notice before the commission may act upon such application.

Section 12. Any applicant aggrieved by a determination of the commission may, within twenty days after the filing of the notice of such determination with the city or town clerk, appeal to the superior court sitting in equity for the county in which the city or town is situated. The court shall hear all pertinent evidence and shall annul the determination of the commission if it finds the decision of the commission to be unsupported by the evidence, or to exceed the authority of the commission, or may remand the case for further action by the commission or make such other decree as justice and equity may require. The remedy provided by this section shall be exclusive; but the parties shall have all rights of appeal and exception as in other equity cases. Costs shall not be allowed against the commission unless it shall appear to the court that the commission acted with gross negligence, in bad faith or with malice in the matter from which the appeal was taken. Costs shall not be allowed against the party appealing from such determination of the commission unless it shall appear to the court that the appellant acted in bad faith or with malice in making the appeal to the court.

Section 13. The superior court sitting in equity for the county in which the city or town is situated shall have jurisdiction to enforce the provisions of this chapter and any ordinance or by-law enacted hereunder and the determinations, rulings and regulations issued pursuant thereto and may, upon the petition of the mayor or of the board of selectmen or of the commission, restrain by injunction violations thereof; and, without limitation, such court may order the removal of any building, structure or exterior architectural feature constructed in violation thereof, or the substantial restoration of any building, structure or exterior architectural feature altered or demolished in violation thereof, and may issue such other orders for relief as may be equitable.

Whoever violates any of the provisions of this chapter shall be punished by a fine of not less than ten dollars nor more than five hundred dollars. Each day during any portion of which a violation continues to exist shall constitute a separate offense.

Section 14. If the city council or town meeting so votes a commission established hereunder shall have the powers and duties of an

historical commission as provided in section eight D of chapter forty and, in this event, a commission may be entitled an historical commission.

Section 15. All ordinance or by-laws creating an historic district adopted by a city or town under authority of this chapter and under authority of any special law, unless the special law shall otherwise provide, amendments thereto, maps of historic districts created thereunder, and annual reports and other publications of commissions, and rosters of membership therein, shall be filed with the Massachusetts historical commission.

Section 16. A city or town in which there is located an historic district established under a special law may, upon recommendation of the historic district commission having jurisdiction over such district, accept the provisions of this chapter with respect to such district by a two thirds vote of the city council in a city or by two thirds vote of a town meeting in a town, and thereafter such historic district shall be subject to the provisions of this chapter notwithstanding the terms of any special act pursuant to which such historic district was created. The provisions of this chapter shall not impair the validity of an historic district established under any special act.

Section 17. The provisions of this chapter shall be deemed to be severable. If any of its provisions shall be held to be invalid or unconstitutional by any court of competent jurisdiction the remaining provisions shall continue in full force and effect.

SECTION 2. This act shall not affect the validity of any historic district, historic district commission or historic district study committee established under chapter forty C of the General Laws prior to the effective date hereof or of certificates of appropriateness issued thereunder or the appointment of members of historic district commissions or historic district study committees made prior to the effective date hereof, and such members shall continue to serve under the provisions of this act, and all their acts done in compliance with prior provisions of said chapter forty C shall constitute compliance with comparable provisions of this act. *Approved June 3, 1971.*

Chap. 360. AN ACT FURTHER REGULATING THE DESIGN, MANUFACTURE AND USAGE OF THE FLAGS, COAT OF ARMS AND SEAL OF THE COMMONWEALTH.

Be it enacted, etc., as follows:

SECTION 1. Chapter 2 of the General Laws is hereby amended by striking out sections 1 to 6, inclusive, and inserting in place thereof the following six sections:—

Section 1. The coat of arms of the commonwealth shall consist of a blue shield with an Indian thereon, dressed in a shirt, leggings, and moccasins, holding in his right hand a bow, and in his left hand an arrow, point downward, all of gold; and, in the upper right-hand corner of the field a silver star of five points. The first third in order of votes received of members so elected shall serve three years, the second third in such order shall serve two years, and the remaining third in such order shall serve one year, from the day of such election. In case of a tie vote affecting the division into thirds as aforesaid the members elected from the precinct shall by ballot determine the same. Thereafter, except as is otherwise provided herein, at each annual town election the registered voters of each precinct shall, in like manner, elect as town meeting members for the term of three years such number of elected town meeting members as are necessary to provide for such precinct the total number of elected town meeting members to which it is then entitled, and shall at such election fill for the unexpired term or terms any vacancy or vacancies then existing in the number of town meeting members in such precinct. The terms of office of all elected town meeting members from every precinct shall cease upon the election, as herein provided, of their successors. Town meeting members as such shall receive no compensation. The town clerk shall, after every election of town meeting members, forthwith notify each member by mail of his election.

Section 7. Town Meeting Members at Large. Any representative town meeting held under the provisions of this charter act, except as otherwise provided herein, shall be limited to the voters elected under section six, together with the following designated as town meeting members at large, each of whom shall have the right to vote in said meeting: (a) any resident member of the general court from the town; (b) the moderator; (c) the town clerk; (d) the members of the board of selectmen; (e) the town counsel; (f) the town treasurer; (g) the chairman of the school committee; (h) the chairman of the finance committee; (i) the chairman of the board of assessors; (j) the chairman of the planning board; (k) the chairman of the board of health; (l) the chairman of the personnel board.

Nomination papers shall be signed by not less than ten

voters of the precinct in which the candidate resides, and filed with the town clerk on or before the date fixed by law as the last day for filing nomination papers by candidates for town office; provided, that any town meeting member may become a candidate for reelection by giving written notice thereof to the town clerk on or before the last date fixed by law for the giving of such notice. No nomination papers shall be valid in respect to any candidate whose written acceptance is not thereon or attached thereto when filed.

Section 9. Resignations and Vacancies in Elected Town Meeting Membership. A town meeting member may resign by filing a written resignation with the town clerk, and such resignation shall take effect upon the date of such filing. Any elected town meeting member who becomes by appointment or election one of the officers designated as town meeting members at large shall upon such appointment or election cease to be an elected town meeting member. A town meeting member who removes from the town shall cease to be a town meeting member and an elected town meeting member who removes from one precinct to another or is so removed by a revision of precincts shall not retain membership after the next annual election as an elected member from the precinct from which he has or is removed.

In the event that a vacancy occurs in the full number of town meeting members from any precinct, whether arising from a failure of the registered voters thereof to elect, or from any other cause, the town clerk shall at once choose the person who received the highest number of votes as a defeated candidate for the office of town meeting member in the preceding election in the precinct where the vacancy occurs, and shall notify him of his appointment as a town meeting member. If for any reason this candidate cannot accept such appointment, the second highest in recorded vote of the defeated candidates in that precinct shall be appointed. In the event neither of those receiving the highest or the second highest number of votes as defeated candidates is available, then the town clerk shall call together the town meeting members of the precinct where the vacancy occurs, and they shall, by majority vote of those present, elect any registered voter of that precinct to fill such vacancy. The town clerk shall count the ballots, make a certificate of the choice and notify the person so chosen; and, upon receipt by the town clerk of a written acceptance by the person so chosen, that person shall be deemed elected and qualified as a town meeting member, subject to the right of all town meeting members to judge the election and qualification of members, as provided in section ten.

A town meeting member appointed or chosen to fill a vacancy as herein provided shall serve only until the next annual town election.

A tie vote between two or more persons for the last place to be filled by elected candidates, or between two or more persons with the highest number of votes as defeated candidates, or between two or more persons with the second highest number of votes as defeated candidates, shall in each instance be resolved by a majority vote of the town meeting members from that precinct attending a meeting called by the town clerk for that purpose. Upon the resolution of such tie vote by the town meeting members, the person or persons not so chosen for the last place to be filled by elected candidates shall be deemed for the purposes of this section to be the person or persons

receiving the highest vote as defeated candidates, and the person or persons so tied at the election with the highest number of votes as defeated candidates who are not so chosen by the town meeting members of the precinct shall be deemed for the purposes of this section to be the person or persons receiving the second highest vote as defeated candidates.

Section 10. Town Meeting to be Judge of Own Members. The representative town meeting shall be the judge of the election and qualifications of its elected members.

Section 11. Time, Notice, Conduct and Adjournment of Town Meeting. The town clerk shall notify town meeting members of the time and place at which representative town meetings are to be held, such notices to be sent by mail at least seven days before the meeting.

A majority of the town meeting members shall constitute a quorum for transacting business, but a lesser number may organize temporarily and may adjourn from time to time. Notice of every adjourned representative town meeting shall be posted by the town clerk in five or more public places in the town, and the town clerk shall also notify the members by mail of the adjournment at least twenty-four hours before the time of the adjourned representative town meeting, if the period of adjournment will permit. The notices shall state briefly the business to be acted upon at any meeting and shall include notice of any proposed reconsideration. All town meetings shall be open to the public and press; and, subject to such conditions as may be determined from time to time by the representative town meeting, any voter of the town who is not a town meeting member may speak at any representative town meeting, but he shall not vote.

Section 12. Warrant Articles and Voting Thereon by Town Meeting. The articles in the warrant for every town meeting, as far as they relate to the election of the moderator, town officers, town meeting members, and, as herein provided, to referenda and all other matters to be acted upon and determined by ballot, shall be acted upon and determined by the registered voters of the town in their respective precincts.

All other articles in the warrant for any town meeting shall be acted upon and determined exclusively by town meeting members at a meeting to be held at such time and place as shall be set forth by the selectmen in the warrant for the meeting, subject to the referendum provided for by section thirteen.

Section 13. Referenda on Representative Town Meeting Actions. No final vote of town meeting passing or rejecting a measure under any article in the warrant, except a vote to adjourn or dissolve, or vote appropriating money for the payment of notes or bonds of the town and interest thereon becoming due within the then current financial year, or vote for the temporary borrowing of money in anticipation of revenue, or a vote declared by preamble by a two thirds vote of the town meeting members present and voting thereon

to be an emergency measure necessary for the immediate preservation of the peace, health, safety or convenience of the town, shall be operative until after the expiration of seven days, exclusive of Sundays and legal holidays, from the dissolution of the meeting.

Any such measure disposed of by a vote to lay on the table, to postpone indefinitely, or other dilatory vote, shall be deemed to have been rejected in the form in which it was presented and perfected or changed by such amendments, if any, as have been adopted by said meeting.

If, within said seven days, a petition, signed by not less than two hundred and fifty registered voters of the town, containing their names and addresses as they appear on the list of registered voters, is filed with the selectmen requesting that the question or questions involved in any such vote which has not become operative as aforesaid be submitted to the voters of the town at large, then the operation of such vote shall be further suspended pending its determination as hereinafter provided, and the selectmen, within ten days after the filing of the petition, shall call a special meeting, which shall be held within fourteen days after the issuing of the call, for the purpose of presenting to the voters at large the question or questions so involved.

All votes upon any questions so submitted shall be taken by ballot, and the check list shall be used in the same manner as in the election of town officers. If a majority of the registered voters of the town voting thereon, and at least twenty per cent of all the registered voters, shall vote in the negative, the action of the town meeting shall be null and void, otherwise it shall take effect immediately upon the declaration by the selectmen of the vote upon the referendum.

The questions so submitted shall be stated upon the ballot in substantially the same language and form in which they were stated when presented to said town meeting by the moderator as appears from the records of said meeting. If such petition is not filed within said period of seven days, the vote of the town meeting shall become operative upon the expiration of said period.

Section 14. Powers of Town and Town Meeting. The town shall continue to have the capacity to act through and be bound by its said town meeting members who shall, when convened from time to time as provided by law, constitute representative town meeting; and the representative town meeting shall exercise exclusively, so far as will conform to the provisions of this charter act, all powers vested in the municipal corporation. Action in conformity with all provisions of law, now or hereafter applicable to the transaction of town affairs in town meetings, shall, when taken by any town meeting in accordance with the provisions of this charter, have the same force and effect as if such action had been taken in a town meeting open to all the voters of the town as heretofore organized and conducted.

Section 15. Certain Rights of the People not Abridged. This charter act shall not abridge the right of the inhabitants of the town to hold general meetings, as that right is secured to them by the constitution of this commonwealth; nor shall this charter act confer upon any representative town meeting of the town the power finally

to commit the town to any measure affecting its municipal existence or changing its government, without action taken thereon by the voters of the town at large, using the official ballot and check list therefor.

Section 24. A credit union may make loans of the following classes to its members:

(a) Personal loans evidenced by the note of the borrower; and

(b) Loans secured by first mortgages of real estate.

(c) Loans guaranteed by the Massachusetts Higher Education Assistance Corporation, except that such loans may also be made to persons other than members.

(d) Loans for the purpose of improving, repairing, altering or rehabilitating improved real estate and for the purchase and installation of fixtures to be affixed to such improved real estate.

(e) Mobile home loans.

Personal loans shall always be given the preference and, in the event there are not sufficient funds available to satisfy all loan applications approved by the credit committee, preference shall be given to the smaller loan.

(A) PERSONAL LOANS.

Each personal loan shall be payable within thirty-six months from the date of the note except that if such loan is secured by shares or by the satisfactory collateral of the type set forth under the provisions of paragraph five it may be payable within sixty months from the date of the note. All such loans shall be paid or renewed on or before the due date.

A member may act as co-maker for another member provided that the liability of such co-maker shall not at any one time exceed an amount equal to two thousand dollars plus the amount of his shares and deposits, if any, pledged to secure said obligation and minus the amount of any loans remaining unpaid made to him under the provisions of paragraph 1, 2 or 3, except that if the credit union has assets of more than five hundred thousand dollars, the liability of such co-maker may equal but not exceed forty-five hundred dollars determined as provided above.

A credit union may accept as co-maker or endorser on a note one who is not a member provided, however, that no one such co-maker or endorser shall be liable at any one time for more than two thousand dollars except that if the credit union has assets of more than five hundred thousand dollars, such liability may equal but not exceed three thousand dollars.

The maximum amount of a loan or loans made to a member in excess of his shares and deposits, and in excess of the shares and deposits of the co-maker, if any, pledged to secure the same shall be limited as follows except that where satisfactory collateral is pledged additional loans may be made under the provisions of paragraph 1, 2 or 3 provided that the total of such additional loans does not exceed the limits contained in paragraph 3:—

1. To an amount of two hundred dollars or two per cent of the assets, whichever is greater, not exceeding five hundred dollars, if evidenced by the unendorsed and unsecured note of the borrower; provided, however, that if a credit union is insured in full under federal or state law, or under both, to an amount of two hundred dollars or two per cent of the assets, whichever is greater, not

exceeding one thousand dollars, if evidenced by the unendorsed and unsecured note of the borrower.

2. To an amount of five hundred dollars or two per cent of the assets, whichever is greater, not exceeding one thousand dollars, if evidenced by the note of the borrower with one or more responsible endorsers or co-makers thereon, or with satisfactory collateral pledged to secure the same; provided, however, that if a credit union is insured in full under federal or state law, or under both, to an amount of one thousand dollars or two per cent of the assets, whichever is greater, not exceeding fifteen hundred dollars, if evidenced by the note of the borrower with one or more responsible endorsers or co-makers thereon, or with satisfactory collateral pledged to secure the same.

3. To an amount not exceeding one thousand dollars when the assets of the credit union are five hundred thousand dollars or less and fifteen hundred dollars when said assets are more than five hundred thousand dollars if evidenced by the note of the borrower with two or more responsible endorsers or co-makers thereon, or with satisfactory collateral pledged to secure the same.

3A. Notwithstanding the limitations in paragraph 3, a credit union which is insured in full under federal or state law, or under both, may make loans to an amount not exceeding two thousand dollars, and if the assets of such credit union are more than five hundred thousand dollars to an amount not exceeding twenty-five hundred dollars, if evidenced by the note of the borrower with two or more responsible endorsers or co-makers thereon, or with satisfactory collateral pledged to secure the same.

4. To an amount not exceeding two thousand dollars, if evidenced by the note of the borrower fully secured by a pledge of satisfactory collateral valued at not more than eighty per cent of its market value.

5. To an amount not exceeding five thousand dollars, if evidenced by the note of the borrower and with sufficient collateral pledged to secure the same made up of bonds or notes of the United States, or of any state or subdivision thereof, which are legal investments for savings banks, or credit unions, in this commonwealth valued at not more than eighty per cent of their market value, or by the assignment of the passbook of a depositor in a savings bank doing business in any of the New England states or in a trust company or national banking association doing business in this commonwealth, or the savings share account book of a co-operative bank incorporated in this commonwealth or the unpledged shares thereof represented by passbooks or certificates, or the passbook of a shareholder in a federal savings and loan association doing business in this commonwealth, or policies issued by life insurance companies authorized to transact business in this commonwealth, valued at not more than their cash surrender value. In addition to the authority given herein, a credit union having assets of five hundred thousand dollars or more may lend an amount not in excess of two per cent of assets upon said collateral and may also secure such notes by taking as collateral therefor the readily marketable common or preferred stocks of corporations listed on a stock exchange which is subject to regulation by the Securities and Exchange Commission, valued at not more than eighty per cent of their market value.

6. Notwithstanding the limitations set forth in paragraph 4 of this section, a credit union having assets of one hundred thousand dollars or more may make loans evidenced by the note of the borrower and secured by a pledge or security interest in satisfactory collateral valued at not more than eighty per cent of its market value, in amounts not exceeding thirty-five hundred dollars or one per cent of its assets, whichever is greater; provided, however, that a loan based on one per cent of assets shall not exceed twelve thousand dollars.

The amount of a loan under paragraph 2, 3 or 5 evidenced by an unendorsed note of the borrower may, in the discretion of the credit committee, exceed by not more than one hundred dollars the amount warranted, in their opinion, by the value of the collateral offered as security for the loan; but the total amount of any such loan shall not exceed the amount stated in the paragraph under which the loan is made.

For the purposes of this section, an assignment of wages or a payroll deduction order may be received as satisfactory collateral for any loan not in excess of two hundred and fifty dollars.

7. Such credit union shall, upon application by a depositor or shareholder or by either of two joint depositors or shareholders therein, make a loan to him, secured by his passbook in an amount not exceeding said deposit or share account for a time not extending beyond the end of the dividend period in which the loan was made. Said credit union may charge the depositor or shareholder interest for, or may collect discount in advance upon, the loan at a rate not exceeding one per cent more than the rate of the next preceding ordinary dividend of said credit union, and if an extra dividend shall have been paid therewith, not exceeding one per cent more than the combined rates of such ordinary and extra dividends; provided, that a minimum of one dollar may be charged or collected as such interest or discount in the case of any such loan. The credit union shall keep posted in a conspicuous place in its banking quarters a notice containing the substance of this section, in such form as the commissioner may prescribe.

8. Such credit union may, upon application by a shareholder or depositor or by either of two joint shareholders or depositors in a special notice account, make a loan to him, secured by his share or deposit passbook, in an amount not exceeding said share or deposit balance, for a time not extending beyond the end of the dividend period in which the loan was made or ninety days from the day on which the loan was made, whichever is longer. Said credit union shall charge the shareholder or depositor interest for, or collect discount in advance upon, such loan at a rate not less than two per cent per annum more than the combined rates of the next preceding ordinary dividend of such credit union and the additional dividend then paid therewith on special notice accounts.

(B) LOANS SECURED BY FIRST MORTGAGES OF REAL ESTATE.

(*a*) A credit union may make or acquire first mortgage loans of the several classes specified in paragraphs 1 to 6, inclusive, of this

subsection on real estate subject in each instance to the limitation hereinafter contained in this subdivision.

1. A mortgage loan on unimproved and unproductive real estate, not exceeding fifty per cent of the value of the real estate, payable on demand or not more than three years from the date of the note. The amount which any such credit union may make or acquire in this class shall not exceed one per cent of the aggregate balance of the shares, deposits, guaranty fund, reserve fund and undivided earnings of such credit union.

2. A mortgage loan not exceeding sixty per cent of the value of the real estate, payable on demand or not more than three years from the date of the note. The amount which any such credit union may make or acquire in this class shall not exceed one per cent of the aggregate balance of the shares, deposits, guaranty fund, reserve fund and undivided earnings of such credit union.

3. A mortgage loan not exceeding eighty per cent of the value of the real estate, payable not more than twenty-five years from the date of the note, provided that the terms of the note or mortgage require monthly payments in such amounts that the aggregate principal reduction at any time during the term of the loan shall not be less than that which would be required in the case of a note of like amount and interest rate providing for complete amortization by equal monthly payments over a period of twenty-five years, which payments shall be first applied to interest and the balance thereafter remaining applied to principal. Interest upon each such loan shall be computed monthly on the unpaid balance. The note or mortgage shall contain a provision requiring the payment each month of a proportionate part of the estimated real estate taxes and betterment assessments. Notwithstanding the limitations contained herein a credit union which is insured in full under federal or state law, or under both, and whose shares and deposits aggregate more than two million dollars may make a mortgage loan for a period of not more than thirty years from the date of the note.

4. A credit union which is insured in full under federal or state law, or under both, and whose shares and deposits aggregate more than two million dollars may make a mortgage loan not exceeding ninety per cent of the value of the real estate, payable not more than twenty-five years from the date of the note; provided that such a loan shall not exceed twenty thousand dollars; and shall be secured by a first mortgage on a single or two family residence occupied or to be occupied by the mortgagor in whole or in part; that the mortgagor has certified in writing that he does not require junior financing; that the credit committee has submitted an opinion in writing that the building has a useful life beyond the term said loan has to run and that the building will be completed prior to the making of any disbursement on the loan; and that the terms of the note or mortgage require monthly payments in such amounts that the aggregate principal reduction at any time during the term of the loan shall not be less than that which would be required in the case of a note of like amount and interest rate providing for complete amortization by equal monthly payments over a period of twenty-five years. Each such monthly payment shall be applied first to interest and the balance to principal. Interest upon each such loan shall be computed

monthly on the unpaid balance. The note or mortgage shall contain a provision requiring the payment each month of a proportionate part of the estimated real estate taxes and betterment assessments. The aggregate amount which any such credit union may make or acquire under this subsection shall not exceed ten per cent of the aggregate balance of the shares, deposits, guaranty fund, reserve fund and undivided earnings of such credit union.

5. A credit union may make construction mortgage loans with respect to any of the types of mortgage loans authorized by this chapter; provided, that any payments required on account of principal shall commence not later than twelve months from the date of the mortgage note.

6. A credit union whose shares and deposits aggregate more than two million dollars and which is insured in full under federal or state law, or under both, may make mortgage loans on single or two family residential property in participation with other banking institutions or associations. The participating parties shall enter into a written agreement for themselves, their successors, and assigns, which shall include provisions for the custody of the note and mortgage and for the servicing and foreclosure thereof. The amount which any such participating credit union may invest in a participation loan shall not exceed one per cent of the aggregate balance of its shares and deposits or thirty thousand dollars, whichever is greater, and the aggregate balance of principal of all such participation loans outstanding at any one time by such credit union shall not exceed five per cent of the aggregate balance of the shares, deposits, guaranty fund, reserve fund and undivided earnings of such credit union.

(*b*) In making mortgage loans on real estate, as specified above, a credit union shall also be subject to the conditions and limitations hereinafter set forth.

1. There shall be an application for each such loan originated by the credit union, which application shall describe the property offered and contain such other information as the credit union deems necessary. Before such a loan is made at least two members of the credit committee, or such greater number as the by-laws of the credit union may provide, shall in writing on the application approve the property offered as security and certify as to the value thereof according to their best judgment. Such application shall be filed and preserved with the records of the credit union, but may accompany any sale or assignment of such mortgage loan. No application shall be required when a mortgage is acquired by purchase.

2. The person obligated from time to time to make payments under a mortgage, whether he is the original borrower or a subsequent owner of the mortgaged property, shall be or become a member of the credit union.

3. For every such loan there shall be a note or notes and first mortgage which together shall contain the terms and provisions of the loan.

4. Each loan shall be on real estate situated within the commonwealth or within a radius of thirty-five miles of the credit union office without regard to geographical location.

5. Any note or mortgage may contain conditions requiring the payment monthly or at other periods of apportionments of estimated

taxes, betterment assessments and premiums for insurance of any kind applicable to the loan.

6. The provision of section twenty-eight A of chapter one hundred and eighty-three shall apply to credit unions.

7. A credit union having assets of not more than seventy-five thousand dollars may invest not more than fifty per cent of the aggregate of its shares, deposits, guaranty fund, reserve fund and undivided earnings in real estate mortgages. A credit union having assets of more than seventy-five thousand dollars may invest not more than seventy per cent of the aggregate of its shares, deposits, guaranty fund, reserve fund and undivided earnings in real estate mortgages. A credit union which is insured in full under federal or state law, or under both, having assets of five hundred thousand dollars or more may invest not more than eighty per cent of the aggregate of its shares, deposits, guaranty fund, reserve fund and undivided earnings in real estate mortgages.

8. A credit union having assets of not more than five hundred thousand dollars may loan upon any one parcel of real estate to an amount not exceeding ten thousand dollars, and the total liability of any one member as borrower upon loans so secured shall not exceed five per cent of the assets of the credit union or twenty thousand dollars, whichever is the lesser.

A credit union having assets of five hundred thousand dollars or more may loan upon any one parcel of real estate to an amount not exceeding twenty thousand dollars, and the total liability of any one member as borrower on loans so secured shall not exceed forty thousand dollars.

A credit union which is insured in full under federal or state law, or under both, and whose shares and deposits aggregate more than two million dollars may loan upon any one parcel of real estate to an amount not exceeding thirty thousand dollars and the total liability of any one member as borrower on loans so secured shall not exceed sixty thousand dollars.

9. A credit union shall accept principal payments in excess of payments required by any mortgage made or acquired, and such additional payments may be accepted as anticipating an equal number of whole payments or effecting a reduction of all future payments required by the mortgage. In the event that such additional payments are made, the credit committee may reduce the monthly or other periodic payments as set forth in said mortgage; provided, that such reduced payments shall not extend the original term of the mortgage.

10. Every parcel of real estate mortgaged to secure a loan which by its terms is payable in three years or less from the date of the note or is being amortized at a rate of three per cent or less per annum shall be revalued, as long as the loan is held, at intervals of not more than three years by or under the direction of at least two members of the credit committee, who shall in a written report certify as to the value of the mortgaged property according to their best judgment. Upon the partial release of any real estate securing a mortgage, the remainder of the security shall have been revalued within three years. Such reports shall be presented to the directors at their next monthly meeting and a

reference to such report and any action taken thereon shall be included in the minutes of said meeting.

11. Whenever the commissioner deems an excessive loan has been made, or is about to be made, upon real estate, by any such credit union, he may cause an appraisal of said real estate to be made at the expense of the credit union. In such event, one appraiser shall be named by the commissioner, one by the credit union and a third by the two appraisers thus named. Said appraisers shall certify in writing to the commissioner and to the credit union the then value of said real estate according to their best judgment. If it shall appear from said appraisal that said loan is in excess of the amount authorized for such class of loan by the applicable provisions of this section or other provision of law, the commissioner may make such order in relation thereto as he deems advisable.

(C) LOANS GUARANTEED BY THE MASSACHUSETTS HIGHER EDUCATION ASSISTANCE CORPORATION.

A credit union may make loans to aid and assist students to fulfill a program of higher education if such loans are guaranteed in whole or in part by the Massachusetts Higher Education Assistance Corporation as follows:

1. A student shall be eligible for a loan in a credit union if a member of his family is a member of the credit union.

2. The provisions of subdivision (A) shall not be applicable to loans made under this subdivision.

(D) LOANS FOR THE IMPROVEMENT OF IMPROVED REAL ESTATE.

A credit union may make loans to the owner of improved real estate for the purpose of financing the improvement, repair, alteration or rehabilitation of such real estate or the purchase and installation of fixtures to be affixed thereto. Such loan shall not exceed five thousand dollars, exclusive of interest or discount from the date of the note, with respect to any one parcel of such real estate. The loan shall be payable within seven years from the date of the note. The terms of the note or mortgage shall require that, commencing not later than two months after the date of the note, (*a*) payments shall be made on account of the principal in equal monthly installments in amounts which, at the maturity of the note, shall equal the original amount of the loan, or (*b*) fixed monthly payments shall be made in approximately the same amount during the term of the loan, which payments shall first be applied to interest and the balance to principal. The aggregate balance of principal outstanding at any one time on loans of this class shall not exceed ten per cent of the deposits and shares of such corporation. Loans made under this paragraph may be secured by a security agreement or financing statement to be recorded in the appropriate registry of deeds.

(E) MOBILE HOME LOANS.

A credit union may make a loan for the purpose of financing the purchase of a movable dwelling, hereinafter called a mobile home,

containing living facilities suitable for year-round occupancy by one family, including permanent provision for eating, sleeping, cooking and sanitation; provided that (*a*) such mobile home is to be maintained as a residence of the purchaser or of a relative of the purchaser; (*b*) such mobile home will within ninety days after purchase be located at a mobile home park or other semipermanent site within the commonwealth or within a radius of thirty-five miles of the credit union office without regard to geographical location; (*c*) the principal amount of such loan, excluding interest and other costs, shall not exceed eighty per cent of the purchase price of such mobile home, excluding any taxes, transportation expenses, insurance premiums, registration fees and other costs paid or required to be paid by the purchaser in connection with such purchase, or ten thousand dollars, whichever is less; (*d*) such loan is required to be repaid in substantially equal monthly installments within a period of not more than twelve years after the date of such purchase; and (*e*) the note or other instrument evidencing such loan shall expressly grant to such credit union a security interest in such mobile home and shall include such provision as the credit committee may deem necessary for the protection of such credit union's security interest, including specifically provisions with respect to insurance, taxes and maintenance and repairs. Such credit union shall, promptly upon making any such loan, take all action necessary to perfect its security interest, including the filing of a financing statement with the appropriate town clerk or other official, as provided in article nine of chapter one hundred and six. The aggregate amount of loans made by such credit union pursuant to this paragraph shall not exceed five per cent of its deposits and shares.

SECTION 7. The first sentence of the fifth paragraph of section 25 of said chapter 171, as appearing in section 3 of chapter 200 of the acts of 1970, is hereby amended by striking out, in lines 2 and 3, the words "by the Massachusetts Credit Union Share Insurance Corporation" and inserting in place thereof the words:—in full under federal or state law, or under both,.

The provisions of this section providing for a preference in the payment of deposit liability shall not apply to credit unions which are insured in full under federal or state law, or under both.

SECTION 9. Said chapter 171 is hereby further amended by inserting after section 33 the following two sections:—

Section 34. On or before July the first, nineteen hundred and seventy-three, or, in the case of a credit union the shares and deposits of which have been insured in full by the Administrator of the National Credit Union Administration, within thirty days after the shares and deposits of such credit union cease to be so insured in full, every credit union established under the laws of the commonwealth, the shares and deposits of which are not insured in full under federal or state law, shall apply for membership in the Massachusetts Credit Union Share Insurance Corporation in accordance with section eight

in section one of chapter two hundred and ninety-four of the acts of nineteen hundred and sixty-one. Each applicant shall be subject to the provisions of section seven in section one of said chapter as to eligibility for admission.

A credit union which does not become so insured within ninety days of the date on or before which it must make application, as herein provided, shall liquidate in accordance with such provisions of section twenty-nine as are applicable. Failure so to liquidate shall constitute sufficient cause for the commissioner to take possession of the property and business of such credit union in accordance with the provisions of section twenty-two of chapter one hundred and sixty-seven.

Section 35. A credit union may arrange with the Administrator of the National Credit Union Administration for the insurance of its shares and deposits pursuant to the Federal Credit Union Act, as amended by an act of the Congress, Public Law 91-468, approved October 19, 1970, and as said Federal Credit Union Act may be hereafter from time to time further amended.

Any credit union which shall apply to said Administrator for insurance shall forthwith give written notice of such application to the commissioner. If such application is accepted and such credit union is notified that the administrator is willing to provide such insurance, such credit union may become insured by said Administrator, provided that the obtaining of such insurance shall have been approved by the directors of the credit union.

When any credit union which has applied for insurance to said Administrator shall have complied with all requirements prerequisite to obtaining such insurance and shall have received notice in writing from said Administrator that it is insured by him, such credit union shall file with the commissioner copies of said notice and of the vote of its directors required by this section, said copies to be certified by the president and clerk of the credit union.

SECTION 10. Section 7 in section 1 of chapter 294 of the acts of 1961 is hereby amended by striking out the second paragraph and inserting in place thereof the following paragraph:—

The directors of the corporation shall semiannually declare additional assessments of member credit unions when the ratio of any particular credit union of assessments to total share and deposit balances falls below one per cent, provided, however, that the directors may, with the approval of the commissioner, reduce uniformly in whole or in part the amount of any such semiannual assessment in such a manner that any amount payable by a credit union for such an assessment shall represent a percentage of the amount which would be necessary to bring the aggregate of its assessments to one per cent of its share and deposit liabilities. The directors may, with the approval of the commissioner, pay to the member credit unions a dividend computed on the aggregate of assessments paid by each credit union pursuant to this section.

Chap. 428. AN ACT AUTHORIZING THE FORMATION OF A VOCATIONAL REGIONAL SCHOOL DISTRICT BY THE CITY OF NEW BEDFORD AND THE TOWNS OF ACUSHNET, DARTMOUTH, FAIRHAVEN, FREETOWN, LAKEVILLE, MATTAPOISETT AND ROCHESTER.

Be it enacted, etc., as follows:

SECTION 1. Each of the towns of Acushnet, Dartmouth, Fairhaven, Freetown, Lakeville, Mattapoisett and Rochester by vote in a town meeting and the city of New Bedford, by vote of its city council, may create a special unpaid committee to be known as a vocational regional school district planning committee, to consist of three members from each such municipality, one of whom shall be a member of the school committee, to be appointed by the mayor or the moderator as the case may be. Each of said municipalities may appropriate at any time for the expenses of said committee such sum or sums, not exceeding one tenth of one per cent of the assessed valuation of such municipality in the preceding year, as it may deem necessary. Any vacancy in the membership of a vocational regional school district planning committee acting under this act may be filled by the mayor or moderator as the case may be. The vocational regional school district planning committees from said city and from any two or more of said towns may join together to form a vocational regional school district planning board. Such vocational regional school district planning board shall organize forthwith upon its formation by the election of a chairman and a secretary-treasurer. The proceedings taken by the mayor of the city of New Bedford and the towns of Acushnet, Dartmouth, Fairhaven, Freetown, Lakeville, Mattapoisett and Rochester, whereby said municipalities purported to create committees for the purpose of planning a vocational regional school district, and the proceedings heretofore taken by such committees either separately or together as a planning board are ratified and confirmed in all respects, and for all the purposes of this act said committees and said board shall be deemed to be the committees and the board whose creation and organization are authorized by this section.

SECTION 2. It shall be the duty of the vocational regional school district planning board to study the advisability of establishing a vocational regional school district, hereinafter called the regional school district or the district, its organization, operation and control, and of constructing, maintaining and operating a vocational-technical school or schools to serve the needs of such district; to estimate the construction and operating costs thereof; to investigate the methods of financing such vocational-technical school or schools, and any other matters pertaining to the organization and operation of a regional school district; and to submit a report of its findings and recommen-

dations to the city council of said city and, at the same time or at a later time or times, to the selectmen of each of said towns.

SECTION 3. Said vocational regional school district planning board may recommend that there shall be established a vocational regional school district which may include all the municipalities represented by its membership, or any specified combination of such municipalities, including at least said city and two of said towns. If said vocational regional school district planning board so recommends, it shall submit a proposed agreement setting forth the following:—

(a) The number, composition, method of selection and terms of office of the members of the regional district school committee.

(b) The municipality or municipalities in which, or the general area within the regional school district where, the regional district school or schools are to be located.

(c) The method of apportioning the expenses of the regional school district, and the method of apportioning the costs of school construction, including any interest and retirement of principal of any bonds or other obligations issued by the district among the several municipalities comprising the district, and the time and manner of payment of the shares of said municipalities of any such expense.

(d) The method by which school transportation shall be provided.

(e) The terms by which any municipality may be admitted to or separated from the regional school district.

(f) The method by which the agreement may be amended.

(g) The detailed procedure for the preparation and adoption of an annual budget.

(h) Any other matters, not incompatible with law, which said board may deem advisable.

Copies of such agreement shall be submitted to the emergency finance board, established under section one of chapter forty-nine of the acts of nineteen hundred and thirty-three, and the department of education, and, subject to their approval, to the several municipalities which are recommended to be included in the district, for their acceptance.

The type of regional district school or schools shall be a vocational high school or schools consisting of grades nine through twelve, inclusive, which may include all phases of vocational education as prescribed in chapter seventy-four of the General Laws. The regional district school committee may also establish and maintain extended courses of instruction beyond the secondary level in accordance with the provisions of section thirty-seven A of said chapter seventy-four of the General Laws. When the district has been organized and its school or schools are available for use, no city or town belonging to the district and no other regional school district of which such city or town is a member shall offer vocational education except with the approval of the commissioner of education.

SECTION 4. The agreement made under section three, or any amendment to such an agreement, may contain provisions authorizing any member municipality to sell, lease or grant a license to use any school building and any land appurtenant thereto or used in connection therewith to the regional school district, and any such municipality may authorize such sale, lease or license accordingly, notwithstanding the provisions of section three of chapter forty of the

General Laws or any other provisions of law to the contrary. In case of a sale, the price and time or times of payment and the method by which the municipalities other than the selling municipality shall be assessed for such payment shall be set forth in the agreement or amendment; but in no case shall payments be made which shall extend over a period in excess of twenty years. In the case of a lease or license to use, the rental or license fee and terms of payment and assessment shall be set forth in the agreement or amendment. The lease or license to use may be for a term or period not in excess of twenty years, and may contain provisions for the extension of the lease or license to use for an additional term or period not in excess of twenty years, at the option of the regional district school committee.

SECTION 5. Upon receipt by the city council of the city of New Bedford of a recommendation that a regional school district be established, and of a proposed agreement therefor submitted in accordance with the provisions of sections one to three, inclusive, of this act, said city council shall direct the city clerk to cause the question of accepting the provisions of this act to be placed on the ballot to be used at the next state election or at the next regular city election after such receipt, whichever occurs first, or at an earlier special city election called by the city council for this purpose. The proceedings in any such special election shall be the same, so far as applicable, as in regular elections of city officers. The question shall be submitted in substantially the form hereinafter set forth. Not more than thirty days after receipt by the selectmen of any town of a recommendation that a regional school district be established and of a proposed agreement therefor submitted in accordance with the provisions of sections one to three, said selectmen shall cause to be presented for determination by vote, with printed ballots at an annual town meeting or a special town meeting called for the purpose, the question of accepting the provisions of this act, which question shall be in substantially the following form:—"Shall the city (town) accept the provisions of an act passed by the General Court in the year nineteen hundred and seventy-one, providing for the establishment of a regional school district by the city of New Bedford and the towns of (such towns as may be recommended under section three of this act) and the construction, maintenance and operation of a vocational regional school by said district in accordance with the provisions of a proposed agreement filed with the city council of said city and the selectmen of said towns?" If a majority of the voters present and voting in said city and a majority of the voters present and voting in at least two of said towns shall vote in the affirmative, this act shall become fully effective, and the proposed regional school district, comprising said city and the towns which accepted this act as herein provided, shall be deemed to be established forthwith in accordance with the terms of the agreement so adopted notwithstanding any defect or omission in the creation or organization of any vocational regional school district planning committee or vocational regional school district planning board.

SECTION 6. The regional school district established under the provisions of section five shall be a body politic and corporate with all the powers and duties conferred by law upon school committees, and with the following additional powers and duties:—

(a) To adopt a name and a corporate seal, and the engraved or printed facsimile of such seal on a bond or note or the district shall have the same validity and effect as though such seal were impressed thereon.

(b) To sue and be sued, but only to the same extent and upon the same conditions that a city or town may sue or be sued.

(c) To acquire property within the municipalities comprising the district under the provisions of chapter seventy-nine and section fourteen of chapter forty of the General Laws, for the purposes of the district, and to construct, reconstruct, add to, remodel, make extraordinary repairs to, equip, organize and operate a school or schools for the benefit of the municipalities comprising the district, and to make any necessary contracts in relation thereto.

(d) To incur debt for the purpose of acquiring land and constructing, reconstructing, adding to, and equipping a school building or buildings for a term not exceeding twenty years, or for the purpose of remodeling and making extraordinary repairs to a school building or buildings and for the constructing of sewerage systems and sewerage treatment and disposal facilities, or for the purchase or use of such systems with municipalities, for a term not exceeding ten years; provided, however, that any indebtedness so incurred shall not exceed an amount approved by the emergency finance board; and provided, further, that written notice of the amount of the debt and of the general purposes for which it was authorized shall be given to the city council of said city and to the board of selectmen in each of the member towns comprising the district not later than seven days after the date on which said debt was authorized by the district committee; and no debt may be incurred until the expiration of thirty days from the date said debt was authorized by the district committee. If, prior to the expiration of said period, the city council of said city expresses disapproval of the amount authorized by the district committee, or any member town expresses such disapproval by vote of a majority of the voters present and voting on the matter at a town meeting called for the purpose of expressing such disapproval, said debt shall not be incurred and the district school committee shall prepare another proposal which may be the same as any prior proposal and an authorization to incur debt therefor.

(e) To issue bonds and notes in the name and upon the full faith and credit of said district; said bonds or notes shall be signed by the chairman and treasurer of the district committee, except that said chairman by a writing bearing his written signature and filed in the office of said treasurer, which writing shall be open to public inspection, may authorize said treasurer to cause to be engraved or printed on said bonds or notes a facsimile of said chairman's signature, and such facsimile so engraved or printed shall have the same validity and effect as said chairman's written signature, and each issue of bonds or notes shall be a separate loan.

(f) To receive and disburse funds for any district purpose.

(g) To incure temporary debt in anticipation of revenue to be received from member municipalities.

(h) To assess member municipalities for any expenses of the district.

(i) To receive any grants or gifts for the purposes of the regional district school or schools.

(j) To engage legal counsel.

(k) To submit an annual report to each of the member municipalities, containing a detailed financial statement, and a statement showing the method by which annual charges assessed against each municipality were computed, together with such additional information relating to the operation and maintenance of such school or schools as may be deemed necessary by the district school committee or by the city council of said city or by the selectmen of any member town.

(l) To employ an administrator who meets the qualifications for a director of a state aided vocational school as established by the division of vocational education of the department of education, and said administrator shall have all the powers and duties imposed upon school superintendents by law.

(m) To adopt an annual operating and maintenance budget, not later than December the first.

SECTION 7. The powers, duties and liabilities of the regional school district shall be vested in and exercised by a regional district school committee organized in accordance with the agreement. The committee shall choose a chairman and a vice chairman by ballot from its membership. The vice chairman shall, in the absence of the chairman, exercise the powers and perform the duties of said chairman. It shall appoint a secretary and a treasurer who may be the same person, but who need not be members of said committee. The treasurer shall receive and take charge of all money belonging to the district, and shall pay any bill of the district which shall have been approved by the committee. The committee may appoint an assistant treasurer who need not be a member of the committee, and who shall, in the absence of the treasurer, perform his duties and shall have the powers and be subject to the requirements and penalties applicable to him. The treasurer and assistant treasurer may, by vote of said committee, be compensated for their services. The treasurer and assistant treasurer of said district shall be subject to the provisions of sections thirty-five, fifty-two and one hundred and nine A of chapter forty-one of the General Laws, to the extent applicable. If the office of secretary is vacant or if the secretary is absent or is unable to perform his duties because of disability, the committee may appoint a temporary secretary to hold such office and exercise the powers and perform the duties thereof until a secretary is duly appointed or the secretary who was disabled or absent resumes his duties. The committee may appoint a school building committee which shall have such powers and duties relative to the construction, reconstruction, remodelling, repair, expansion or equipping of school buildings or facilities as the committee determines.

SECTION 8. The regional district school committee shall annually determine the amounts necessary to be raised to maintain and operate the district school or schools during the next fiscal year, and the amounts required for payment of debt and interest incurred by the district which will be due in said year, and shall apportion the amount so determined among the several municipalities in accordance with the terms of the agreement. The amounts so apportioned for each

municipality shall, prior to December the thirty-first in each year, be certified by the regional district treasurer to the treasurers of the several municipalities. Each municipality shall appropriate the amounts so certified, and in case any such municipality fails to pay over to the treasurer of said district the amount of its apportionment within the time specified in said agreement for such payment, the district school committee shall invoke the provisions of section thirty-four of chapter seventy-one of the General Laws. The city or town treasurer, as the case may be, shall pay the amount so appropriated or any amount ordered to be raised by court decree to said district at the time or times specified in the agreement.

SECTION 9. The regional school district shall be subject to all laws pertaining to school transportation; and when the agreement provides for the furnishing of transportation by the regional school district, the commonwealth shall reimburse such district to the full extent of the amounts expended for such transportation, except that no such reimbursement shall be made for transportation of any pupil who resides less than one and one half miles, measured by a commonly traveled route, from the district school which he attends. The state treasurer shall annually, on or before November the twentieth, pay to the regional school district, subject to appropriation, the sums required for such reimbursement and approved by the commissioner of education.

SECTION 10. A regional school district shall be entitled to receive state aid for construction of regional schools. Each municipality comprising the regional school district shall continue to receive such state aid for educational purposes as it would be entitled to receive if such district had not been formed; and, in addition to such state aid, the state treasurer shall pay annually to each town in a regional school district an amount equal to fifteen per cent of the amount of school aid determined to be due such town under the provisions of chapter seventy and subsection (b) of section eighteen A of chapter fifty-eight; provided, however, that no such additional amount shall be paid to any such town prior to the date of award of a contract for the construction of a regional school by the regional district school committee.

SECTION 11. The director of accounts in the department of corporations and taxation shall annually cause an audit to be made of the accounts of the regional district school committee, and for this purpose he, and his duly accredited agents, shall have access to all necessary papers, books and records. Upon the completion of each audit, a report thereon shall be made to the chairman of the district committee, and a copy thereof shall be sent to the mayor of said city and to the chairman of the board of selectmen of each town and the chairman of the school committee of each municipality which is a member of the district. The director shall apportion the cost among the several municipalities which are members of the district on the basis provided by section three, and submit the amounts of each apportionment to the state treasurer, who shall issue his warrant requiring the assessors of the municipalities which are members of the district to assess a tax to the amount of the expense, and such amounts shall be collected and paid to the state treasurer as provided by section twenty of chapter fifty-nine of the General Laws.

SECTION 12. No municipality in the regional school district shall be liable for any obligation imposed on any other municipality in said district by authority of this act, or of any agreement thereunder, any other provision of law to the contrary notwithstanding.

SECTION 13. The members of the aforesaid emergency finance board when acting under this act shall receive from the commonwealth compensation to the same extent as provided under section eighty-seven of chapter eight hundred and one of the acts of nineteen hundred and sixty-three.

The provisions of sections sixteen to twenty-eight, inclusive, of chapter forty-four of the General Laws shall, so far as pertinent, apply to the regional school district, but the provisions of said section sixteen relating to the countersigning of bonds and notes and the provisions of section twenty-four of said chapter forty-four relating to the countersigning and approval of notes and the certificates of the clerk relating thereto shall not apply to said district.

SECTION 15. If any provisions of sections one to fourteen, inclusive, of this act, or the application of such provision to any person or circumstances, shall be held invalid, the remainder of said sections and the application of such provisions to persons or circumstances other than those as to which it is held invalid shall not be affected thereby.

SECTION 16. This act shall take effect upon its passage.

Approved June 25, 1971.

Any person sustaining damages in his property by any taking under this act, or any other thing done under authority thereof, may recover such damages from the district under said chapter seventy-nine or said chapter eighty A; but the right to damages for the taking of any water, water right or water source, or for any injury thereto, shall not vest until water is actually withdrawn or diverted under authority of this act.

SECTION 4. The district shall, at the time of authorizing a loan or loans, provide for the payment thereof. When a vote to that effect has been passed, a sum which, with the income derived from water rates, will be sufficient to pay the annual expenses of operating its waterworks and the interest as it accrues on said loan or loans, and to make such payments on the principal as may be required under this act, shall without further vote be assessed upon the district by the assessors of said town annually thereafter until the debt incurred by said loan or loans is extinguished.

SECTION 5. Any land taken or acquired under this act shall be managed, improved and controlled by the board of water commissioners hereinafter provided for, in such manner as they shall deem for the best interest of the district. All authority vested in said board by this section shall be subject to section eight.

SECTION 6. Whenever an appropriation is duly voted by the district for the purposes of this act, the clerk shall send a certified copy of the vote to the assessors of said town. Any tax required to be assessed by said assessors on property within the district because of such vote shall be assessed in the same manner in all respects in which town taxes are required by law to be assessed; provided, that no estate shall be subject to any tax assessed on account of the system of water supply under this act if, in the judgment of the board of water commissioners hereinafter provided for, after a hearing, due notice whereof shall have been given, such estate is so situated that it will receive no aid in the extinguishment of fire from said system of water supply, or if such estate is so situated that the buildings thereon, or the buildings that might be constructed thereon, could not be supplied with water from said system in any ordinary or reasonable manner; but all other estates in the district shall be deemed to be benefited and shall be subject to such tax. A certified list of the estates exempt from taxation under the provisions of this section shall annually be sent by said board of water commissioners to said assessors, at the same time at which the clerk shall send a certified copy of the vote as aforesaid. The assessment shall be committed to the town collector, who shall collect said tax in the manner provided by law for the collection of town taxes, and shall deposit the proceeds thereof with the district treasurer for the use and benefit of the district. The district may collect interest on overdue taxes in the manner in which interest is authorized to be collected on town taxes.

SECTION 7. Any meeting of the voters of the territory included within the boundaries set forth in section one to be held prior to the acceptance of this act, and any meeting of the voters of the district to be held prior to the qualification of a majority of the water commissioners, shall be called, on petition of ten or more legal voters therein, by a warrant from the selectmen of said town, or from a justice of the peace, directed to one of the petitioners, requiring him to give notice of the meeting by posting copies of the warrant in two or more public places in the district seven days at least before the time of the meeting. Such justice of the peace, or one of the selectmen, shall preside at such meeting until a clerk is chosen and sworn, and the clerk shall preside until a moderator is chosen. At any meeting held hereunder prior to the acceptance of this act, after the choice of a moderator for the meeting the question of the acceptance of this act shall be submitted to the voters, and if it is accepted by a majority of the voters present and voting thereon it shall thereupon take effect, and the meeting may then proceed to act on the other articles in the warrant. After the qualification of a majority of the water commissioners, meetings of the district shall be called by warrant under their hands, unless some other method be provided by by-law or vote of the district.

SECTION 8. The district shall, after the acceptance of this act as aforesaid, elect by ballot, either at the same meeting at which this act

shall have been accepted, or thereafter, at an annual meeting or at a special meeting called for the purpose, three persons, inhabitants of and voters in the district, to hold office, one until the expiration of three years, one until the expiration of two years and one until the expiration of one year, from the day of the next succeeding annual district meeting, to constitute a board of water commissioners; and at every annual district meeting following such next succeeding annual district meeting one such commissioner shall be elected by ballot for the term of three years. The date of the next annual meeting shall be fixed by by-law or by vote of the board of water commissioners, but in no event shall it be later than fifteen months subsequent to the date on which the water commissioners were first elected. All the authority granted to the district by this act, except section four, and not otherwise specifically provided for, shall be vested in said board of water commissioners who shall be subject, however, to such instructions, rules and regulations as the district may by vote impose. At the meeting at which said water commissioners are first elected and at each annual district meeting held thereafter, the district shall elect by ballot, each for a term of one year, a clerk and a treasurer of the district.

The treasurer shall not be a water commissioner and shall give bond to the district in such an amount as may be approved by said water commissioners and with a surety company authorized to transact business in the commonwealth as surety. A majority of said water commissioners shall constitute a quorum for the transaction of business. Any vacancy occurring in said board from any cause may be filled for the remainder of the unexpired term by said district at any legal meeting called for the purpose. No money shall be drawn from the treasury of the district on account of its waterworks except upon a written order of said water commissioners or a majority of them.

SECTION 9. Said board of water commissioners shall fix just and equitable prices and rates for the use of water and shall prescribe the time and manner of payment. The income of the waterworks shall be appropriated to defray all operating expenses, interest charges and payments on the principal as they shall accrue upon any bonds or notes issued under authority of this act. If there should be a net surplus remaining after providing for the aforesaid charges, it may be appropriated for such new construction as said water commissioners may recommend and, in case a surplus should remain after payment for such new construction, the water rates shall be reduced proportionately. If in any year there should be a deficit of revenue, the water commissioners shall in the following year fix the rate so as to meet such deficit together with the estimated operating costs including interest and debt. Said water commissioners shall annually, and as often as the district may require, render a report upon the condition of the works under their charge and an account of their doings, including an account of receipts and expenditures.

SECTION 10. The district may adopt by-laws, prescribing by whom and how meetings of the district may be called, notified and conducted; and, upon the application of ten or more legal voters in the district, meetings may also be called by warrant as provided in section seven. The district may also establish rules and regulations for the management of its waterworks, not inconsistent with this act or with any

other provision of law, and may choose such other officers not provided for in this act as it may deem necessary or proper.

SECTION 11. Whoever wilfully or wantonly corrupts, pollutes or diverts any water obtained or supplied under this act, or wilfully or wantonly injures any reservoir, well, standpipe, aqueduct, pipe or other property owned or used by the district for any of the purposes of this act, shall forfeit and pay to the district three times the amount of damages assessed therefor, to be recovered in an action of tort, and upon conviction of any of the above wilful or wanton acts shall be punished by a fine of not more than three hundred dollars or by imprisonment for not more than one year, or both.

SECTION 12. Upon a petition in writing addressed to said board of water commissioners requesting that certain real estate, accurately described therein, located in said town and abutting on the district and not otherwise served by a public water supply be included within the limits thereof, and signed by the owners of such real estate, or a major portion of such real estate, said water commissioners shall cause a duly warned meeting of the district to be called, at which meeting the voters may vote on the question of including said real estate within the district. If a majority of the voters present and voting thereon vote in the affirmative the district clerk shall within ten days file with the town clerk of said town and with the state secretary an attested copy of said petition and vote; and thereupon said real estate shall become and be part of the district and shall be holden under this act in the same manner and to the same extent as the real estate described in section one.

SECTION 13. Nothing in this act shall authorize the district to supply water for the extinguishment of fires or for domestic or other purposes to the inhabitants of the territory served on the effective date of this act by the Allis Water Company without its first having acquired by purchase or by eminent domain under chapter seventy-nine of the General Laws, as the occasion may arise, all of the properties of said corporation on said date appurtenant to the business of water supply and located within the territory served by said corporation. In case of dispute as to the territory served by said corporation on said date, the department of public utilities, upon application of the district or of said corporation, shall determine such area and such determination shall be final.

SECTION 14. This act shall take full effect upon its acceptance by a majority vote of the voters of the territory included within said district present and voting thereon, by the use of a check list, at a district meeting called, in accordance with section seven, within four years after its passage. *Approved June 25, 1971.*

No more than ten per cent of the assets of the co-operative bank shall be invested in certificates of deposit generally and no more than five per cent in the certificates of deposit of any one banking corporation. The investments permitted by this subparagraph shall not affect the type or amount of investments that may be made by a co-operative bank under other provisions of this section. SECTION 1. Chapter 276 of the General Laws is hereby amended by striking out section 58, as amended by section 1 of chapter 499 of the acts of 1970, and inserting in place thereof the following section:—

Section 58. A justice or a clerk or assistant clerk of the district court, a bail commissioner of master in chancery, in accordance with the applicable provisions of the preceding section, shall, when a prisoner is held under arrest or committed either with or without a warrant for an offense other than an offense punishable by death, or for any offense on which a warrant of arrest has been issued by the superior court, hold a hearing in which the defendant and his counsel, if any, may participate and inquire into the case and shall admit such person to bail on his personal recognizance without surety unless said justice, clerk or assistant clerk, bail commissioner or master in chancery determines, in the exercise of his discretion, that such a release will not reasonably assure the appearance of the prisoner before the court. In his determination, said justice, clerk or assistant clerk, bail commissioner or master in chancery shall, on the basis of any information which he can reasonably obtain, take into account the nature and circumstances of the offense charged, the prisoner's family ties, financial resources, employment record and history of mental illness, his reputation and the length of residence in the community, his record of convictions, if any, any flight to avoid prosecution or any failure to appear at any court proceeding to answer to an offense.

A prisoner, before being released on personal recognizance without surety, shall be informed by the person authorized to admit such prisoner to bail of the penalties provided by section eighty-two A if he fails without sufficient excuse to appear at the specified time and place in accordance with the terms of his recognizance. A person authorized to take bail may charge the fees authorized by section twenty-four of chapter two hundred and sixty-two, if he goes to the place of detention of the prisoner to make a determination provided for in this section although said prisoner is released on his personal recognizance without surety. Said fees shall not be charged by any clerk or assistant clerk of a district court during regular working hours.

A prisoner aforesaid charged with an offense and not released on his personal recognizance without surety by a clerk or assistant clerk of the district court, a bail commissioner or master in chancery shall

forthwith be brought before the next session of the district court for a review of the order to recognize in accordance with the standards set forth in the first paragraph of this section. A prisoner aggrieved by the denial of a district court justice to admit him to bail on his personal recognizance without surety may petition the superior court for a review of the order of the recognizance and the justice of the district court shall thereupon immediately notify such person of his right to file a petition for review in the superior court. When a petition for review is filed in the district court or with the detaining authority subsequent to petitioner's district court appearance, the clerk of the district court or the detaining authority, as the case may be, shall immediately notify by telephone the clerk and probation officer of the district court, the district attorney for the district in which the district court is located, the prosecuting officer, the petitioner's counsel, if any, and the clerk of courts of the county to which the petition is to be transmitted. The clerk of the district court, upon the filing of a petition for review, either in the district court or with the detaining authority, shall forthwith transmit the petition for review, a copy of the complaint and of the record of the court, including the appearance of the attorney, if any is entered, and a summary of the court's reasons for denying the release of the defendant on his personal recognizance without surety to the superior court for the county in which the district court is located, if a justice thereof is then sitting, or to the superior court of the nearest county in which a justice is then sitting; the probation officer of the district court shall transmit forthwith to the probation officer of the superior court copies of all records of the probation office of said district court pertaining to the petitioner, including the petitioner's record of prior convictions, if any, as currently verified by inquiry of the commissioner of probation. The district court or the detaining authority, as the case may be, shall cause any petitioner in its custody to be brought before said superior court on the same day the petition shall have been filed, unless the district court or the detaining authority shall determine that such appearance and hearing on the petition cannot practically take place before the adjournment of the sitting of said superior court for that day and in which event the petitioner shall be caused to be brought before said court for such hearing during the morning of the next business day of the sitting of said superior court. The district court is authorized to order any officer authorized to execute criminal process to transfer the petitioner and any papers herein above described from the district court or the detaining authority to the superior court, and to coordinate the transfer of the petitioner and the papers by such officer. The petition for review shall constitute authority in the person or officer having custody of the petitioner to transport the petitioner to said superior court without the issuance of any writ or other legal process, provided, however, that any district or superior court is authorized to issue a writ of habeas corpus for the appearance forthwith of the petitioner before the superior court.

The superior court shall, in accordance with the standards set forth in the first paragraph of this section, hear the petition for review as speedily as practicable and except for unusual circumstances on the same day the petition is filed, provided, however, that the court may

continue the hearing to the next business day if the required records and other necessary information are not available. The justice of the superior court may, after a hearing on the petition for review, order that the petitioner be released on bail on his personal recognizance without surety, or, in his discretion, to reasonably assure the effective administration of justice, make any other order of bail or recognizance or remand the petitioner in accordance with the terms of the process by which he was ordered committed by the district court.

Except where the defendant has defaulted on his recognizance or has been surrendered by a probation officer, an order of bail or recognizance shall not be revoked, revised or amended by the district court, either because the defendant has appealed or has been bound over to the superior court, provided, however, that if any court, in its discretion, finds that changed circumstances or other factors not previously known or considered, make the order of bail or recognizance ineffective to reasonably assure the appearance of said defendant before the court, the court may make a further order of bail, either by increasing the amount of the recognizance or requiring sufficient surety or both, which order will not revoke the order of bail or recognizance previously in force and effect.

The chief justice of the district courts and the chief justice of the municipal court of the city of Boston shall prescribe forms for use in their respective courts, for the purpose of notifying a defendant of his right to file a petition for review in the superior court, forms for a petition for review and forms for the implementation of any other procedural requirements. The clerk of courts shall forthwith notify the district court of all orders or judgments of the superior court on petitions for review. Costs or expenses of services and transportation under this section shall be ordered paid in the amount determined by the superior court out of the county treasury of the county where the petition for review was originally filed.

SECTION 2. Said chapter 276 is hereby further amended by striking out section 65, as amended by section 2 of said chapter 499, and inserting in place thereof the following section:—

Section 65. The condition of a recognizance of a person, either with or without surety, binding him to appear before a court or justice to answer to a charge against him or to prosecute an appeal shall be so framed as to bind him personally to appear at the time so expressed, and at any subsequent time to which the case may be continued, unless previously surrendered or discharged, and so from time to time, until the final decree, sentence or order of the court or justice thereon, and to abide such final sentence, order or decree, and not depart without leave. The condition of a recognizance of a person held to answer to a charge before a district court shall be further so framed as to bind him to appear before the district court to answer to the charge and before the superior court to prosecute an appeal on said charge or to answer to any indictment which may be returned against him. The superior court shall by rule provide for the forms of recognizances and bail bonds. A recognizance of a person held to answer to a complaint before a district court which is required by law to sit in more than one municipality may, with his consent or at his request, be conditioned for his appearance at the next sitting of the court at any one of said municipalities.

No stock in a corporation holding a license to sell alcoholic beverages shall be transferred, pledged or issued without first obtaining the permission of the local licensing authorities and the commission. Provisions of this section shall not apply to stockholders of a corporation whose stock is listed for sale to the general public with the Securities and Exchange Commission and who hold less than ten per cent of the outstanding stock entitled to vote at the annual meeting of said corporation. Notation of the date and hour of filing shall be made on every application. Within ten days after receipt of any such application, the local licensing authorities shall cause a notice thereof to be published at the expense of the applicant. Such notice shall be published in the city or town wherein the license is intended to be exercised or, if no newspaper is published in such city or town, then in a daily newspaper published in the county wherein such license is intended to be exercised. After such publication the name of the newspaper publishing such notice shall be noted by the local licensing authorities on the application for a license. The notice shall set forth the name of the applicant in full, the kind of license applied for, a description of the location and area where the license is intended to be exercised, designating, if practicable, the street and number. An affidavit of the person making such publication on behalf of such authorities, together with an attested copy of the notice published, shall be filed in the office of such authorities, and a certified copy of such affidavit shall be prima facie evidence that such notice has been published in accordance with this section. Where there are no premises actually in existence at the time the application is made, the applicant may file with the local licensing authorities a plan showing the actual dimensions of premises which are to be constructed on which the license is to be exercised. The local licensing authorities may thereafter grant a license upon the condition that such license shall issue upon completion of such premises according to said plan, and the decision of the licensing authorities as to whether or not said plan has been complied with shall be final.

If any abutter or the authorities in charge of any such school, church or hospital shall make complaint in writing to the local licensing authorities that such license was granted or transferred hereunder without such notice having been mailed to him or them as required hereby, and after due hearing it appears that such notice was not mailed as aforesaid, the local licensing authorities may cancel the license. Any person who has filed a complaint with the local licensing authorities under this section who is aggrieved by the action of such authorities in refusing to cancel a license hereunder or by their failure to act upon such a complaint within a period of thirty days may appeal to the commission in writing within five days following receipt of written notice of such action or within five days following the expiration of the thirty day period, and the commission may, after hearing, cancel such a license and in such event shall send notice of the cancellation to the local licensing authorities. Nothing herein contained shall be construed to prohibit a licensee whose license has been cancelled by the local licensing authorities under authority contained in this section from appealing to the commission as provided in section sixty-seven. No application by the same applicant for the same type of license to be exercised on the same premises may be filed within one year of the date of his last prior application except in the discretion of the licensing authorities.

All monies expended for said charitable, religious or educational purposes shall be duly and accurately recorded as to specific amounts expended and the purposes for which expended. A copy of such records shall be filed with the local licensing authority on or before December the thirty-first of each year. The commissioner, the approving authority of the city or town wherein said game is conducted, or their duly authorized agents or representatives, shall at all times have access to said records and books of any licensee for the purpose of examining and checking the same.

The commissioner may make such other rules and regulations for the conduct of said game as he may deem necessary to carry out the provisions of this section and section fifty-three.

The commissioner of public safety shall on or before March the first file a report with the clerk of the house of representatives and the clerk of the senate showing the cities and towns which have licenses issued therein, the number of licenses by categories of organizations, the revenue received from these licenses, and such other information as he may deem relevant, together with his recommendations for any legislation he may deem appropriate. Whoever violates any regulation promulgated by the commissioner of public safety under this section may be punished by a fine not exceeding one thousand dollars.

Section 53. Any organization operating or conducting a game under section fifty-two shall file a return with the commissioner of corporations and taxation, on a form prepared by him and approved by the state tax commission, within ten days after such game is held or within such further time as said commissioner of corporations and taxation may allow, and shall pay therewith a tax of ten per cent of the gross receipts derived from such game. Such return shall include the names and addresses of all persons receiving prizes in such game and the amount of each such prize. All such returns and the amounts of all such payments shall be public records.

Chap. 554. AN ACT AUTHORIZING THE ESTABLISHMENT OF THE GERIATRIC AUTHORITY OF HOLYOKE AND PROVIDING FOR THE FINANCING THEREOF.

Be it enacted, etc., as follows:

SECTION 1. It is hereby declared that the establishment of a geriatric authority in the city of Holyoke to shelter and protect and provide services to the aging and infirm who can continue to reside in the community but may be in need of activities and services provided for at or by the Municipal Nursing Home of Holyoke and such social welfare and health programs in the community relating to the care of the aging is a public purpose. It is further declared that the lack of properly constructed dwelling units designed specifically to meet the needs of elderly and infirm persons aggravates those diseases peculiar to the elderly.

SECTION 2. There shall be in the city of Holyoke the Geriatric Authority of Holyoke, hereinafter referred to as the Authority, which shall be the municipal board to oversee, maintain and operate the Municipal Nursing Home of Holyoke and any other facilities which may be established by said Authority in accordance with the powers conferred upon it by this act.

SECTION 3. Said Authority shall consist of seven members, three to be appointed by the board of aldermen and three to be appointed by the mayor without confirmation, who shall serve for a term of three years. The six members so appointed shall elect a seventh member for a term of one year. Of the members first appointed by the mayor or the board of aldermen, one shall serve for a term of one year, one for a term of two years and one for a term of three years. No member shall serve for more than nine consecutive years. Said Authority may appoint an administrator with such assistant and

subordinate officers and other employees as it may deem necessary or expedient. Said Authority shall have jurisdiction of its affairs and the property under its control. It shall establish and enforce all necessary rules and regulations for the administration, admission, government and removal of residents in the Municipal Nursing Home of Holyoke and any other such facility which it may control. It shall have charge and control of all financial receipts and expenditures; provided, however, that any funds received by it shall be paid over to the city treasurer who shall keep them as a separate fund subject to disbursal at the direction of the Authority; and provided, further, that any outstanding bonded indebtedness incurred by the city pursuant to section ten may be paid out of said special fund from time to time if, in the opinion of the Authority, the financial condition of said fund warrants such payments without endangering its then current operating expenses, such payments to supplement any payments due from the city and not in lieu thereof.

SECTION 5. The members of the Authority shall elect a chairman, vice-chairman, secretary and treasurer who shall serve for a term of one year, or until their successors are elected. Said election shall be held annually during the month of January.

SECTION 6. The following standing committees shall be appointed by the chairman with the approval of the members: budget and finance, medical, personnel, social and volunteer service. The chairman shall be a member ex officio of all committees.

SECTION 7. The chairman shall preside at all meetings of the Authority. He shall keep and maintain complete records of all financial transactions, shall carry a complete record of all accounts and deposit all monies with the city treasurer. The treasurer shall cause books to be kept containing a detailed account of all funds received and expended, and shall make quarterly reports to the city auditor of funds received and expended.

SECTION 8. The Authority, acting alone or in cooperation with any federal, state, municipal or public agency, or nonprofit agency, is hereby authorized and empowered in the name and behalf of the city: —

(*a*) Subject to appropriation of necessary funds by two thirds vote of the board of aldermen and to the other provisions of this act, to plan, design, acquire, construct, reconstruct, improve, extend, enlarge, equip, repair, maintain and operate geriatric facilities and, with a two thirds vote of the board of aldermen and approval of the mayor, to lease geriatric facilities, either as lessee or lessor, wherever and to the extent that it deems such facilities to be necessary or desirable in the city, including such municipal owned or operated geriatric facilities which may be in existence on the effective date of this act or which may be hereafter constructed.

(*c*) With the approval of the board of aldermen, to sell, lease, exchange or otherwise dispose of property and property rights acquired under this act, as the public interest may warrant.

(*d*) To maintain an office at such place or places within the city as it may determine.

(*e*) To make and enforce such rules and regulations as may, in the judgment of the Authority, be necessary or desirable for the efficient operation of any geriatric facility or geriatric system within its jurisdiction, control and supervision, and for accomplishing the purposes of this act.

(*f*) Subject to appropriation of necessary funds by the board of aldermen and to chapter thirty A, section twenty-nine of chapter forty-three and chapter one hundred and forty-nine of the General Laws and to other provisions of this act, but notwithstanding any provision contained in the city charter to the contrary, in the name and on behalf of the city to make and enter into all contracts and agreements and to employ such consulting and other engineers, attorneys, accountants, construction and financial experts, superintendents, managers and such other employees and agents as it may deem necessary or incidental to the performance of its duties and the execution of its powers under this act.

(*g*) In the name and on behalf of the city, to enter into contracts with any federal agency within the commonwealth or any agency or instrumentality thereof, or with any other city or town, district, private corporation, partnership, association or individual providing for or relating to any geriatric facility or geriatric system under its jurisdiction, control or supervision.

(*h*) To accept from any authorized federal agency or from the commonwealth or any agency or instrumentality thereof or from nonprofit agencies loans or grants for the planning, construction or acquisition of any geriatric facility or part thereof and to enter into agreements with such agency respecting any such loans or grants, and to receive and accept aid and contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such loans, grants and contributions may be made.

(*i*) To call upon the various departments, authorities, boards and commissions of the city for the purposes of assisting in making investigations and in effecting the design, construction and operation of the geriatric facility to be constructed hereunder, and the Authority shall arrange for payment for such services and expenses of said agencies in connection therewith.

(*j*) To do all acts and things neceassry or convenient to carry out the provisions of this act.

SECTION 9. The city shall not be assessed any tax upon any geriatric facility or geriatric system or part thereof, or upon the income therefrom,

and the bonds and interim receipts issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the commonwealth, but payment shall be made to the city of Holyoke by the Authority, in lieu of taxes, upon the vote of the Authority. Nothing in this act contained shall exempt any lessee or person in possession of a geriatric facility or part thereof or the property leased or possessed from taxes or assessments payable under the General Laws.

SECTION 10. For the purposes of this act, the city may from time to time issue bonds or notes to an amount not exceeding, in the aggregate, two million dollars. Such bonds or notes shall bear on their face the words, Geriatric Authority of Holyoke Loan, Act of 1971. Each authorized issue shall constitute a separate loan, and such loans shall be paid in not more than twenty years from their dates. Indebtedness incurred from time to time under this act shall be outside the statutory limit of indebtedness prescribed in section ten of chapter forty-four of the General Laws, but shall, except as herein provided, be subject to said chapter forty-four, exclusive of the limitation contained in the first paragraph of section seven thereof, provided that, it shall first (*i*) establish the geriatric system in which such facility or facilities will be a part, (*ii*) determine that the estimated cost of such facility or facilities is reasonable, (*iii*) establish or revise as the case may require a schedule of fees to be charged for geriatric care in the facility or facilities to be financed by such revenue funds, and (*iv*) determine that the estimated amount of such fees and any other reserve to be pledged to secure bonds will be sufficient to pay the current expenses of such facility or facilities and a fund sufficient to pay interest on and principal of such revenue bonds, as they become due plus reasonable reserves therefor.

SECTION 11. This act shall take effect upon its acceptance by the city of Holyoke. *Approved July 22, 1971.*

Chap. 555. AN ACT IMPOSING CERTAIN TAXES TO PROVIDE NEEDED REVENUE FOR THE COMMONWEALTH AND ITS CITIES AND TOWNS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide funds immediately through the imposition of certain taxes for the payment of the expenditures of the commonwealth and to provide additional revenue for the cities and towns, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 19 of chapter 32 of the General Laws, as most recently amended by chapter 691 of the acts of 1956, is hereby further amended by striking out the second sentence and inserting in place thereof the following sentence: — The rights of a member to an annuity, pension or retirement allowance, such annuity, pension or retirement allowance itself, and all his rights in the funds of any system established under the provisions of such sections, shall be exempt from taxation, including income taxes levied under the provisions of chapter sixty-two and from the operation of any law relating to bankruptcy or

insolvency and shall not be attached or taken upon execution or other process.

1. The deduction for long-term capital gains allowed by section twelve hundred and two of the Code.

2. The deductions allowed to life tenants and income beneficiaries by paragraph (6) of section sixty-two of the Code insofar as such deductions are allowed to a trust or estate subject to taxation under this chapter.

3. The deduction for moving expenses allowed by section two hundred and seventeen of the Code to the extent that such expenses relate to moving to a new principal place of work where the income from such work is not subject to taxation in the commonwealth.

4. Any deduction allowed by Subchapter S of the Code.

(*a*) The amount by which the following classes of income included in the income subject to taxation and received or derived during the taxable year by any resident of the commonwealth, exceeds the exemption allowable under section five B (*b*) shall be taxed at the rate of nine per cent:

(1) Interest from bonds, notes, money at interest, debts and from other sources, except

(*i*) Interest and dividends from savings deposits, savings accounts, shares or share savings accounts in any savings or cooperative bank, trust company or credit union incorporated in or chartered by the commonwealth; in any national banking association, federal savings or loan association or federal credit union located in the commonwealth; in any banking company or Morris Plan company subject to chapter one hundred and seventy-two A; in any savings or loan association under the supervision of the commissioner of banks; or in the Massachusetts Hospital Life Insurance Company.

(2) Dividends on shares in all corporations and in all trusts, partnerships and associations with transferable shares.

(3) The net capital gain, as hereinafter defined, after deducting therefrom the net capital loss, if any, as hereinafter provided. The "net capital gain" shall be the excess of the recognized gains over the recognized losses during the taxable year from sales or exchanges of capital

assets or from other transactions deemed to be sales or exchanges of capital assets or granted gains treatment under the provisions of the Code. The "net capital loss" shall be the excess of the recognized losses over the recognized gains during the taxable years from such sales, exchanges or transactions under the provisions of the Code. Such net capital gain and net capital loss shall be determined without taking into account any capital loss carryback or carryover allowable under the Code, but shall include capital gain distributions of a regulated investment company and a real estate investment trust, as defined under sections eight hundred and fifty-one and eight hundred and fifty-six of the Code. Any portion of a gain from the disposition of property considered ordinary income under the Code shall not be taxable under this subsection, but shall be taxed under subsection (*b*).

The net capital loss, as so determined, or one thousand dollars, whichever is smaller, shall be applied against any interest and dividends taxable under this subsection. Any excess of such net capital loss shall be applied to reduce the net capital gain of the taxpayer and one thousand dollars of interest and dividends taxable under this subsection in each of the five succeeding taxable years to the extent that such amount exceeds the total of any net capital gain and one thousand dollars of interest and dividends taxable under this subsection of any taxable year intervening between the taxable year in which the net capital loss arose and such succeeding taxable year.

(*b*) The amount by which the income subject to taxation, other than the income taxable under subsection (*a*), received or accrued during the taxable year by any resident of the commonwealth exceeds the exemptions allowable under section five B (*a*) shall be taxed at the rate of five per cent.

(*c*) From the income taxable under subsection (*a*) of section four, the taxpayer may receive a deduction on account of interest paid by him during the taxable year on the following debts:

(1) Debts, except those secured by mortgage, pledge, real estate, or tangible personal property, owed by persons engaged in the business of buying, selling, or otherwise dealing in intangible personal property, provided that such business, if it includes other classes of dealings, does not include buying, selling, improving or otherwise dealing in or with real estate or buying, selling, manufacturing or otherwise dealing in or with tangible personal property other than gold bullion.

(2) Debts owed by other persons, except debts secured by such mortgage or pledge and debts on account of which the taxpayer is entitled to claim a deduction under subsection (*b*) of section two.

(*d*) From the income taxation under subsection (*b*) of section 4, the taxpayer may receive a deduction on account of the following: —

(1) Taxes paid to the United States under the provisions of the Federal Insurance Contributions Act.

(2) All sums deducted from wages as contributions to an annuity, pension, endowment or retirement fund of the United States government, the commonwealth or any political subdivision thereof, or any private association formed in pursuance of sections thirty-nine and forty of chapter thirty-two, and any income from a contributory annuity, pension, endowment or retirement fund of the United States government or the commonwealth or any political subdivision thereof, or any income from a contributory annuity, pension, endowment or re-

tirement fund as set forth in section forty-one of chapter thirty-two, to any of which the employee has contributed, or any income from a contributory annuity, pension, endowment or retirement fund of any other state or any political subdivision thereof, provided that income from any such similar fund established under the laws of the commonwealth is not subject to taxation in such other state or political subdivision.

Said deductions shall be allowed, in respect of interest on any debt belonging to class (2) above enumerated arising from loans or open accounts directly or indirectly secured by intangible personal property, only to an amount not exceeding eighty per cent of the income returned by the taxpayer for taxation under subsection (*a*) of section four on account of intangible personal property which secured such loans or open accounts.

Persons described in paragraph (1) of this subsection may, if the deductions allowed by subsection (*b*) of section two exceed the income taxable under subsection (*b*) of section four, deduct from their taxable interest and dividends, after deducting the aforesaid interest deduction, an amount of such excess which bears the same proportion to the total excess as their income taxable under subsection (*a*) of section four bears to their total net income as below determined.

The amount of interest paid during the year by the taxpayer on debts of class (1) or (2) enumerated above, for which deduction is authorized by this subsection, which interest shall be called the net interest. The total net income of the taxpayer, exclusive of income taxable under subsection (*a*) of section four, shall be determined as such total net income would be if no deduction were made for interest paid during the year. The taxpayer may deduct from his income taxable under subsection (*a*) of section four an amount of interest paid by him during the year which shall bear the same proportion to the net interest paid as his income taxable under subsection (*a*) of section four bears to his total net income as above determined.

Section 5. Notwithstanding the provisions of section four, income subject to taxation shall be exempt from all taxes imposed by this chapter if the total income received or accrued during the taxable year does not exceed three thousand dollars for a single individual or five thousand dollars in the aggregate for a husband and wife. No tax shall be imposed under this chapter which shall reduce such total income below three thousand dollars and five thousand dollars, respectively. No exemption shall be allowed under this section to any married individual unless he and his spouse file a joint return. No exemption shall be allowed under this section with respect to any taxable year of less than twelve months. For purposes of this section, "total income" means income subject to taxation plus income deducted under section two (*a*) (2) (*i*) and under section three (*a*) and (*e*) and, with respect to a nonresident, such income shall be determined without regard as to its source from within or without the commonwealth.

Section 5A. The amount of the income subject to taxation, as defined in section three, received or accrued during the taxable year by any nonresident of the commonwealth from sources within the commonwealth shall be taxed in accordance with the provisions of section four. Income from sources within the commonwealth shall include income derived from or connected with any business, trade, profession or oc-

cupation carried on in the commonwealth or the ownership of any interest in real or tangible personal property located in the commonwealth. The nonresident shall be allowed the exemptions provided in section five B. If a taxpayer is required to file both a resident and a nonresident return to report income received during a twelve-month period, such exemptions shall be divided between such returns on the basis of the number of months, or major fraction thereof, included in each return so that the aggregate amount of such exemptions so claimed does not exceed that which would have been available to the taxpayer if he had filed a single return for such twelve-month period. Said nonresident shall be entitled to the deductions provided in this chapter only to the extent that they relate or are allowable to the income subject to taxation in the commonwealth. If the nonresident derives income from sources within and without the commonwealth, the commissioner may determine the amount derived from sources within the commonwealth by the apportionment provisions of section thirty-eight of chapter sixty-three or by any other reasonable apportionment method.

The provisions of this section shall not apply to the compensation paid by the United States to its uniformed military personnel assigned to duty at military posts, bases or stations within the commonwealth for services rendered by said personnel while on active duty.

Section 5B. (*a*) The following exemptions shall be allowable to individuals against the income subject to taxation under subsection (*b*) of section four: —

(1) In the case of a single person,
   (*i*) a personal exemption of two thousand dollars,
   (*ii*) an additional exemption of two thousand dollars if the taxpayer was totally blind at the close of his taxable year, and
   (*iii*) an additional exemption of six hundred dollars if the taxpayer had attained the age of sixty-five before the close of his taxable year.

(2) In the case of a husband and wife filing a joint return,
   (*i*) a personal exemption of two thousand six hundred dollars and an amount, not exceeding two thousand dollars, equal to the salary, wages or other compensation subject to taxation under subsection (*b*) of section four of the spouse having the smaller amount of such income,
   (*ii*) an additional exemption of two thousand dollars for each spouse who was totally blind at the close of his taxable year, and
   (*iii*) an additional exemption of six hundred dollars for each spouse who had attained the age of sixty-five before the close of his taxable year.

(3) In the case of a married person filing a separate return,
   (*i*) a personal exemption of one thousand dollars,
   (*ii*) an additional exemption of two thousand dollars if the taxpayer was totally blind at the close of his taxable year, and
   (*iii*) an additional exemption of six hundred dollars if the taxpayer had attained the age of sixty-five before the close of his taxable year.

(4) An exemption of six hundred dollars for each individual who qualifies for exemption as a dependent under section one hundred and fifty-one (*e*) of the Code.

(5) An exemption equal to the deduction for medical, dental and other expenses allowed under section two hundred and thirteen of the Code. No exemption shall be allowable under this paragraph to an individual who elects the standard deduction under section one hundred and forty-one of the Code on his federal income tax return or to one who files a joint federal income tax return with his spouse unless a joint return is also filed under this chapter.

(6) An exemption equal to the fees, in excess of three per cent of the income subject to taxation under subsection (*b*) of section four of this chapter, paid within the taxable year to any agency licensed to place children for adoption by the taxpayer on account of the adoption of a minor child.

(7) An exemption equal to the amount of premiums paid for compulsory motor vehicle insurance for one passenger motor vehicle only owned and registered in the commonwealth for the personal, nonbusiness use of a resident of the commonwealth. For the purpose of this section, the term "passenger motor vehicle" means any self-propelled vehicle designed for use and used primarily for the nonbusiness transportation of passengers upon the highways and as further defined in regulations issued by the commission. No exemption shall be allowed under this section to any married individual unless he and his spouse file a joint return under this chapter and the exemption for a husband and wife shall be limited to one passenger motor vehicle.

(*b*) An exemption shall be allowable to an individual against the income subject to taxation under subsection (*a*) of section four in the amount by which the exemptions provided in subsection (*a*) exceed the income subject to taxation under subsection (*b*) of section four plus any such income received, payable to or accumulated for such individual by a trustee or other fiduciary subject to taxation under this chapter. No exemption shall be allowed under this subsection to any married individual unless he and his spouse file a joint return under this chapter.

(*c*) If the taxable year of an individual is less than twelve months and such short taxable year is not due to the death of such individual, any exemption allowable under this section shall be multiplied by a fraction whose numerator is the number of months in the taxable year and whose denominator is twelve.

Section 6. The following credits shall be allowed under this chapter:

(*a*) A credit shall be allowed against taxes imposed by this chapter to a resident for taxes due any other state, territory or possession of the United States, or the Dominion of Canada or any of its provinces on account of any part of income subject to taxation under this chapter subject to the following restrictions and limitations: (1) the amount of such taxes due on such income shall exclude interest and penalties; (2) the amount of such taxes due shall be reduced by any federal credit therefor allowable on the resident's federal income tax return; and (3) the amount of the credit allowed shall be the lesser of such taxes due as reduced by (1) and (2), or the amount of tax imposed by this chapter on the portion of income subject to taxation that is taxable in such other jurisdiction.

(*b*) Every qualified taxpayer, as hereinafter defined, shall be entitled to a credit of four dollars for himself, four dollars for his spouse, if any, and eight dollars for each qualified dependent, as hereinafter defined, provided, however, that such credit shall not be allowable if the income subject to taxation under this chapter of such individual and his spouse, if any, exceeded five thousand dollars for such year. No such credit shall be allowable to a married individual unless a joint return is filed under this chapter or chapter sixty-two A. If the tax due as shown by the return of any individual is less than the total amount of the credits which he is entitled to claim pursuant to this subsection, such individual shall be entitled to a refund in the amount of the excess of the credits over the tax otherwise due.

Any individual entitled to claim any credit pursuant to this subsection and not otherwise required to file a return under this chapter may obtain a refund in the amount of such credit by filing a return and claiming a refund. Any refund to which an individual is entitled under the provisions of this subsection shall be made in the same manner as other refunds under this chapter. No refund or credit shall be allowed pursuant to this subsection unless such credit or refund is claimed on a return filed on or before the fifteenth day of the fourth month following the close of the taxable year or within any extension of time granted for filing such return.

As used in this section, the term "qualified taxpayer" means an individual who was an inhabitant of the commonwealth for not less than six months during the preceding calendar year, and who was not a person whom another taxpayer was entitled to claim as a dependent under section five B, and the term "qualified dependent" means an individual other than a spouse for whom a qualified taxpayer was entitled to claim as a dependent under said section five B.

Section 7. In computing gains or losses from the sale or exchange of capital assets, the basis of property owned on January the first, nineteen hundred and sixteen, shall be the fair market value on that date or the cost or other basis thereof, whichever is higher. The basis for computing gain or loss from the sale or exchange of property acquired after January the first, nineteen hundred and sixteen, shall be determined, insofar as applicable, in accordance with the provisions of the Code; provided, however, if the basis of property was adjusted under the provisions of this chapter prior to January the first, nineteen hundred and seventy-one, such adjustments shall continue in effect.

In the case of real or tangible personal property, the basis shall be diminished by the amount of depreciation allowable to the taxpayer under the provisions of this chapter and corresponding provisions of earlier laws. For determining loss in the case of real property, the income from which was exempt under this chapter, the foregoing basis shall be reduced by depreciation sustained during the period such property was rented and during which the income was exempt under this chapter. In the case of undeveloped land, the foregoing basis shall be increased by the excess of the property taxes paid over the rental income received after that date but before January the first, nineteen hundred and seventy-one.

Section 8. (*a*) A partnership, association or trust, the beneficial interest in which is represented by transferable shares, engaged within

the commonwealth in any business, activity or transaction for the purpose of financial profit or gain, whether or not it maintains an office or place of business within the commonwealth, shall be subject to the taxes imposed by this chapter.

The commissioner shall determine the portion of income derived from business carried on within the commonwealth or from sources within the commonwealth under the provisions of sections thirty-eight of chapter sixty-three or through the use of any other reasonable apportionment method.

In determining the Code deductions allowable to such partnership, association or trust under this chapter it shall be considered to be an individual and not a corporation.

(*b*) The provisions of subsection (*a*) shall not apply to any such partnership, association or trust which (1) is a regulated investment company under section eight hundred and fifty-one of the Code or a real estate investment trust under section eight hundred and fifty-six of the Code; (2) is a holding company as hereinafter defined; or (3) derives less than ten per cent of its income within the commonwealth, as determined under subsection (*a*). As used in this subsection, the term "holding company" means any such partnership, association or trust in which ninety per cent of the book value of its assets, at the end of the taxable year, are securities and at least seventy-five per cent of such securities are issued by affiliates and at least ninety per cent of its gross income is derived from dividends, interest and gains from the sale or other disposition of securities; the word "affiliate" means a member of an affiliated group as defined under section fifteen hundred and four of the Code; and the word "securities" means transferable shares of beneficial interest in any corporation or other entity, bonds or debentures of any issuer or notes and other evidences of indebtedness of affiliates.

(*c*) Dividends on shares of any such partnership, association or trust subject to taxation under this chapter shall be exempt from taxation except as hereinafter provided. Any earnings and profits accumulated prior to the effective date of this section and during a period, if any, that such partnership, association or trust was not subject to taxation under this chapter solely by reason of the fact that it had elected not to file with the commissioner an agreement to pay a tax shall be considered tax-free earnings and profits and the amount thereof shall be determined as of the first day of the taxable year commencing after nineteen hundred and seventy. Notwithstanding any other provision of this chapter, dividends paid by any such partnership, association or trust subject to taxation under this chapter and having tax-free earnings and profits, as so determined, shall be deemed to have been made from such tax-free earnings and profits to the extent thereof; and any such dividends deemed to have been made from tax-free earnings and profits shall be subject to taxation under this chapter. When the aggregate dividends paid by any such partnership, association or trust on and after the effective date of this section equal its tax-free earnings and profits, as above determined, its dividends shall thereafter be exempt from taxation.

(*d*) Dividends of any such partnership, association or trust qualifying under the provisions of subsection (*b*) shall be subject to taxation in all cases.

SECTION 6. Section 10 of said chapter 62 is hereby amended by striking out subsection (*b*) and inserting in place thereof the following subsection: —

(*b*) In addition to the deductions allowable under other sections of this chapter, trustees or other fiduciaries may deduct (1) from the income taxable under subsection (*a*) of section four a proper amount for the amortization, according to any approved method, of premiums paid upon bonds owned by them, the income of which is taxable under said subsection (*a*), and (2) from income taxable under subsection (*a*) of section four before the income of the beneficiaries shall finally be determined: —

(A) such proportion of the following items paid within the year as the amounts of income taxable under said subsection bear to the total income received by the fiduciary from all sources, exclusive of income taxable under subsection (*b*) of section four: — (*i*) amounts paid for rental of safe deposit boxes; and (*ii*) amounts paid for premiums on surety bonds of the fiduciary; and (B) the compensation actually paid during the year to the fiduciary upon such income taxable under subsection (*a*) of section four as is payable to or accumulated for inhabitants of the commonwealth, or for unborn or unascertained persons or persons with uncertain interests, to an amount not exceeding seven per cent of such income subject to taxation.

Section 12. A trustee or other fiduciary may, at the request of any beneficiary, claim the benefit of the exemption provided by section five for each person to whom the income from the trust is payable, or for whose benefit it is accumulated, and an inhabitant of this commonwealth receiving income from one or more trustees, none of whom is an inhabitant of this commonwealth or has derived his appointment from a court of this commonwealth, may also claim the benefit of such exemption; provided, that the commissioner is satisfied by an affidavit from the beneficiary claiming exemption, or for whose benefit the same is claimed, or otherwise, that such beneficiary is not allowed in all trusts or estates under which he may be a beneficiary, and on account of all income on which he is liable to taxation under this chapter, more than the total amount of exemption to which he is entitled under said section.

Section 12A. For any beneficiary whose exemptions provided under section five B exceed said beneficiary's income subject to taxation for the preceding calendar year, a fiduciary may, upon application by such beneficiary, claim an exemption in the amount of such excess. In the event an inhabitant of the commonwealth is a beneficiary of more than one fiduciary, the aggregate of the exemptions allowable against said inhabitant's shares of income from all fiduciaries shall not exceed the amount by which said inhabitant's exemptions allowable under section five B exceed the amount of said inhabitant's income subject to taxation for the preceding calendar year.

SECTION 8. Said chapter 62 is hereby further amended by striking out section 14, as appearing in the Tercentenary Edition, and inserting in place thereof the following section: —

Section 14. Corporations acting as trustee or in any other fiduciary capacity shall, with respect to the income received by them in that capacity, be subject to this chapter in the same manner and under the same conditions as individual inhabitants of the commonwealth acting in similar capacities, except that no such corporation shall be taxed on account of any property the income of which would be taxable if received by an individual inhabitant, or on account of the income derived from such property, if such property is held by such corporation as mortgagee or pledge to secure the payment of bonds, notes or other evidences of indebtedness the interest on which is subject to taxation to such individual inhabitants of the commonwealth as received it, or the principal of which is exempt from taxation under laws other than this chapter.

A husband and wife may make a single return jointly of income taxes under this chapter, even though one of the spouses has neither income nor deductions, provided that their taxable years begin on the same day and either end on the same day or end on different days solely because of the death of either or both. Such return shall be known as a joint return and shall include the income, exemptions and deductions of both spouses. Each spouse shall be jointly and severally liable for the entire tax.

Every trustee or other fiduciary who is an inhabitant of or has derived his appointment from a court of the commonwealth and who in such capacity receives income which, if received by an individual inhabitant of the commonwealth, would be taxable under this chapter, but which is not so taxable to such trustee or fiduciary, shall file with the commissioner for each calendar year during which he has distributed to such an inhabitant any such income not previously returned, and upon final distribution of the estate or trust in case any such income is distributed as aforesaid, a return in such form as the commissioner may from time to time prescribe, giving the name and residence of every such inhabitant and the amount and kind of income so distributed to him which is taxable under this chapter.

If from such report or upon investigation it shall appear that any tax under this chapter has not been fully assessed, the commissioner shall, notwithstanding the three-year limitation in section thirty-seven, assess an additional tax, if any, with respect thereto, with interest as provided in section thirty-seven A. An assessment under this section shall be made in the manner provided in section thirty-seven within one year of the receipt of such report or within two years of the receipt by the commissioner of information from the federal government that it has made a final determination of such person's federal taxable income different from that reported where no report is filed with the commissioner and shall be limited to changes in such person's tax liability under this chapter resulting from the allowance or disallowance of the items which comprise such change.

If, as a result of the change by the federal government in a person's federal taxable income, such person believes that a lesser tax was due the commonwealth than was paid, he may apply in writing to the commission for an abatement thereof under section forty-three within one year of the date of notice of such final determination by the federal government. The commission shall not be limited in its consideration of such application to the items which comprise the federal change but shall abate only such portion of the tax assessed or paid as exceeds the proper tax due under this chapter.

Any person failing to comply with the provisions contained in the first paragraph hereof shall be assessed a penalty in the sum of one hundred dollars, or ten per cent of the additional tax found due, whichever sum is smaller, said penalty to become part of the additional tax found due. For reasonable cause shown, the commissioner may, in his discretion, abate such penalty in whole or in part.

For the purpose of this paragraph, the raising of poultry and livestock shall be construed to be included in the term "agricultural production"; any material, tool or fuel shall be construed to be "consumed and used" only if its normal useful life is less than one year or if its cost is allowable as an ordinary and necessary business expense for Federal income tax purposes; and the term "industrial plant" shall mean a factory at a fixed location primarily engaged in the manufacture, conversion or processing of tangible personal property to be sold in the regular course of business.

Where a portion of a group of portable or mobile machinery is used directly and exclusively in the actual manufacture, conversion or processing of tangible personal property to be sold, as heretofore defined, the number represented by such portion, if otherwise qualifying, shall be exempt under this paragraph even though the machinery in said group is used interchangeably and not otherwise identifiable as to use.

SECTION 45A. Said section 6 is hereby further amended by adding at the end thereof the following paragraph:—

SECTION 53. Section two of chapter sixty-five of the General Laws, as appearing in the Tercentenary Edition, is hereby repealed.

SECTION 54. Said chapter 65 is hereby further amended by striking out section 7, as amended by chapter 429 of the acts of 1957, and inserting in place thereof the following section:—

Section 7. Taxes imposed by this chapter upon property or interests therein, passing by will or by laws regulating intestate succession, shall be payable to the commissioner by the executors, administrators or trustees within nine months after the date of death of the decedent; except that in all cases where there shall be a devise, descent or bequest to take effect in possession or come into actual enjoyment after the expiration of one or more life estates or of a term of years the taxes thereon shall be payable by the executors, administrators or trustees in office when such right of possession accrues, or, if there is no such executor, administrator or trustee, by the persons so entitled thereto, within six months after the date when the right of possession accrues to the person so entitled.

If the probate court, acting under section thirteen of chapter one hundred and ninety-seven, has ordered the executor or administrator to retain funds to satisfy a claim of a creditor, the payment of the tax with respect to such funds may be suspended by the court to await the disposition of such claim.

Taxes imposed by this chapter upon property or interests therein, passing by deed, grant or gift to take effect in possession or enjoyment after the death of the grantor or donor, or upon beneficial interests arising or accruing by survivorship in any form of joint ownership, shall be payable by the grantee, donee or survivor within nine months after the date when his right of possession or enjoyment accrues. Taxes imposed by this chapter upon property or interests therein, passing by deed, grant or gift made in contemplation of death, shall be payable by the grantee or donee within nine months after the date of death of the grantor or donor.

In case of any deed, grant or gift of a life interest or term of years, the donee for life or years shall pay a tax only on the value of his

interest, and the donee of the future interest shall pay his tax within six months after the date when his right of possession or enjoyment accrues.

SECTION 55. Said chapter 65 is hereby further amended by striking out section 11, as amended by chapter 749 of the acts of 1949, and inserting in place thereof the following section:—

Section 11. If taxes imposed by this chapter are not paid when due, interest at the rate of eight per cent per annum shall be charged and collected thereon from the time the same became payable. Any extension of time for filing a return granted under section twenty-two shall not extend the time for payment of taxes imposed by this chapter.

SECTION 56. Section 13 of said chapter 65, as appearing in the Tercentenary Edition, is hereby amended by striking out the last sentence and inserting in place thereof the following sentence:—

The value of an annuity or a life interest in any such property, or any interest therein less than an absolute interest, shall be determined by the tables used by the United States Commissioner of Internal Revenue for the valuation of property interests under the federal estate tax law for persons dying on the valuation date in question; but when an annuity or a life interest is terminated by the death of the annuitant or life tenant, the tax upon such interest is not due and has not been paid in advance, the value of said interest for the purposes of taxation under this chapter shall be the amount of the annuity or income actually paid or payable to the annuitant or life tenant during the period for which he was entitled to the annuity or was in possession of the life estate.

SECTION 57. Said chapter 65 is hereby further amended by striking out section 22, as most recently amended by chapter 338 of the acts of 1970, and inserting in place thereof the following section:—

Section 22. On or before the date when the tax imposed by this chapter is required to be paid, the executor, administrator, trustee or other person liable to taxation under this chapter shall file with the commissioner a return, in such form as the commissioner, with the approval of the commission, prescribes, giving such information as the commissioner requires for the determination of the tax imposed by this chapter. Where and to the extent applicable, such return shall include a full and complete inventory of all property in which the decedent had an interest taxable under this chapter together with the fair market value thereof on the date of death of the decedent, an attested copy of the will, if any, and a copy of the Federal estate tax return, if any, and a computation of the tax due under this chapter. If an election is made to itemize deductions rather than take the standard deduction as provided in section twenty-seven, a list of debts, expenses of administration and federal estate taxes claimed as deductions shall be included in the return. Any unpaid amount of the tax shown to be due on said return, together with a filing fee of ten dollars, shall be paid in full with the return. The commissioner may, in his discretion, waive the filing of an inventory or any other portion of the return required by this section which he obtains from the probate court or any other source.

In the event that a federal estate tax return is required to be filed

by the estate of the decedent, the commissioner may grant an extension for filing the return required by this section to a date no later than three months after the final determination of federal estate tax liability. In any other case where good cause exists, the commissioner may grant a reasonable extension of time, not exceeding six months, for filing said return. Any such extension of time shall be granted only if application therefor is made prior to the date when the tax imposed by this chapter is required to be paid and an amount equal to the tax reasonably estimated to be due is paid on or before said date. Failure to pay eighty per cent of the tax due on or before said date shall void any extension of time and the return shall be subject to penalty as a late return. Any such penalty may be abated by the commission, in whole or in part, for good and sufficient cause.

SECTION 58. Section 25 of said chapter 65, as most recently amended by section 2 of chapter 469 of the acts of 1961, is hereby further amended by striking out the first sentence and inserting in place thereof the following sentence:—The value of property upon which a tax under this chapter is due shall be determined by the commissioner within six months from the date when the return provided for in section twenty-two is filed with him.

SECTION 59. Said chapter 65 is hereby further amended by striking out section 27, as most recently amended by chapter 560 of the acts of 1969, and inserting in place thereof the following two sections:—

Section 27. The tax due upon any estate or part thereof or upon any interest taxable under this chapter shall be deemed to be assessed at the time when the return required by section twenty-two is filed and at the amount shown as the tax due on said return or at the amount properly due under this chapter, whichever is the lesser.

If the commissioner determines from the verification of the return, or otherwise, that the full amount of any tax due under this chapter, or any portion thereof, has not been assessed or is not deemed to be assessed, he may assess the same with interest as provided in section eleven at any time within one year after the date when the return and all supplementary information and documents required by the commissioner, including a copy of the final determination of federal estate tax liability in cases involving a federal estate tax return, are filed or within six months after the date of the final determination of value under sections twenty-five and twenty-six, whichever is later. He shall certify the additional amount so due and payable to the person by whom the tax is payable. Any tax so assessed shall be due and payable thirty days from the date of the certification.

Any assessment and certification may be made upon account of the tax payable upon the estate generally or upon account or in full for any part thereof or any interest therein. Payment of the amount so certified upon account shall be a discharge of the tax pro tanto and upon subsequent assessment and certification of the full amount of the tax payable upon the estate generally or upon any interest therein or part thereof, payment of the full amount of said tax shall, except as hereinafter provided, be a discharge of the tax. If upon final assessment and certification it shall appear that any payments made on account are in excess of the tax in full as so determined, the commission shall refund such excess without further application and without any appropriation therefor by the general court.

In determining the amount of any tax under this chapter, the commissioner shall not be required to consider any payments on account of debts or expenses of administration which have not been allowed by the probate court having jurisdiction of said estate. In lieu of allowing any itemized deductions on account of debts, expenses of administration or federal estate taxes, the commissioner shall allow a standard deduction for aggregate values subject to taxation under this chapter of less than one hundred thousand dollars, determined under a table of deductions issued by him and approved by the commission. Such standard deduction shall represent a reasonable amount for debts, expenses and taxes for each bracket of such aggregate property. If an executor, administrator, trustee or any person liable to taxation under this chapter who qualifies for the standard deduction does not elect on the return required under section twenty-two to itemize deductions on account of debts, expenses of administration and federal estate taxes, the standard deduction under said table of deductions shall be used to compute and assess the tax due under this chapter.

If after assessment and certification of the full amount of the tax upon an estate or any interest therein or part thereof the estate shall receive or become entitled to property in addition to that shown in the inventory or disclosed to the commissioner at or before the time of the assessment and certification of the tax in full, the executor, administrator, trustee or other fiduciary shall forthwith notify the commissioner who shall, upon being thus or otherwise informed, assess the amount of additional tax, if any, due and payable thereon and shall certify said amount to the person by whom such tax is payable, which amount shall be due and payable thirty days from the date of the certification; provided, that a fiduciary shall be personally liable to pay only so much of said additional tax as is computed on the additional property actually received by him and that a beneficiary receiving any part of such additional property shall be liable to pay so much of the tax thereon as is not chargeable as aforesaid to a fiduciary.

An executor, administrator, trustee, grantee, donee, survivor or beneficiary aggrieved by any determination of the commissioner or commission, as the case may be, may, within one year after the payment of any such tax, apply by a petition in equity to the probate court having jurisdiction of the estate of the decedent for the abatement of the tax, or any part thereof. If the court adjudges that the tax, or any part thereof, was wrongly exacted it shall order an abatement of such part thereof as was assessed without authority of law. Upon a final decision ordering an abatement of any part of such a tax, the state treasurer shall pay the amount adjudged to have been illegally exacted, with interest at the rate of six per cent per annum, without any further appropriation therefor by the general court.

Section 27A. An executor, administrator, trustee, grantee, donee, survivor or beneficiary aggrieved by the assessment of a tax under this chapter may apply in writing to the commission, upon a form approved by it, for an abatement thereof at any time within one year after the date of the certification of such tax or within one year after the date of payment thereof, whichever is later. The commission shall, if requested thereon, grant the applicant a hearing upon his application. If the commission finds that the tax is excessive in amount or

illegal, it shall abate the tax, in whole or in part, accordingly. If the tax has been paid, the state treasurer, upon certification of the commission, shall repay to the applicant the amount of such abatement without any appropriation therefor by the general court. The decision of the commission shall be final. The commission shall give notice to the applicant of its decision upon the application. This section shall be in addition to and not in modification of any other remedies provided by this chapter.

SECTION 60. Section 32 of said chapter 65, as most recently amended by section 4 of chapter 523 of the acts of 1945, is hereby further amended by striking out the last sentence and inserting in place thereof the following sentence:—Whenever the circumstances of a case require, the probate court may extend the time for payment of said tax, with interest at eight per cent per annum.

SECTION 61. Section 35A of said chapter 65 is hereby amended by striking out the first sentence, as amended by section 3 of chapter 541 of the acts of 1969, and inserting in place thereof the following sentence:—The commissioner is hereby authorized to issue the documents set forth in the following paragraphs and to charge and collect therefor the fees therein stated, except that in those cases where a fee of ten dollars has been paid with the filing of a return under section twenty-two no additional fee shall be charged or collected for copies of any of said documents.

SECTION 62. Chapter 65A of the General Laws is hereby amended by striking out section 2, as appearing in the Tercentenary Edition, and inserting in place thereof the following section:—

Section 2. The tax imposed by this chapter shall become due and payable at the expiration of twelve months from the date of death, and executors, administrators, trustees, grantees, donees, beneficiaries and surviving joint owners shall be and remain liable for the tax until it is paid. If the tax is not paid when due, interest at the rate of eight per cent per annum shall be charged and collected from the time the same became payable. The commissioner may, for cause shown, extend the time for payment with interest.

SECTION 63. Notwithstanding the provisions of chapter sixty-two B or sixty-three B of the General Laws to the contrary, declarations of estimated tax filed under said chapters with respect to taxable years commencing after December the thirty-first, nineteen hundred and seventy shall include the amount which the taxpayer estimates as the additional tax due by reason of the passage of this act; and such additional tax shall be made as if this act were in effect and applicable to the preceding taxable year. If this act is effective after the filing of such declaration of estimated tax, the taxpayer shall file an amended declaration in accordance with the provisions of said chapter sixty-two B or sixty-three B and include therein the amount estimated to be due under the provisions of this act. The amount which a taxpayer reasonably estimates as the taxes due under the provisions of this act shall also be included with the taxes otherwise due under chapter sixty-two or sixty-three of the General Laws, as the case may be for the purpose of determining whether the taxpayer is required to file a declaration of estimated tax under said chapter sixty-two B or sixty-three B.

SECTION 64. Notwithstanding the provisions of section eighteen of chapter five hundred and forty-six of the acts of nineteen hundred and sixty-nine, the surtax imposed by said section shall not apply to taxes imposed under sections thirty-eight B and fifty-two A of chapter sixty-three of the General Laws.

SECTION 65. In any case in which the effective date or applicability of any provision of this act is expressed in terms of taxable years beginning or ending with reference to a specified date which is the first or last day of a month, with respect to any taxpayer, his taxable year shall be treated as beginning with the first day of the calendar month beginning nearest to the first day of such taxable year or as ending with the last day of the calendar month ending nearest to the last day of such taxable year.

SECTION 66. If any provision, section or subsection of this act or the application thereof shall be held to be invalid or unconstitutional by any court of competent jurisdiction, such invalidity or unconstitutionality shall not be construed to affect the validity or constitutionality of any of the remaining provisions, sections or subsections of this act or their application to persons or circumstances other than those as to which it is held invalid. It is hereby declared to be the legislative intent that said remaining provisions, sections or subsections would have been adopted had such invalid or unconstitutional provision, section or subsection not been included therein.

SECTION 67. Sections one to twenty-four, inclusive, shall apply to taxable years commencing after December the thirty-first, nineteen hundred and seventy. Sections twenty-five, twenty-seven, twenty-seven A, twenty-eight, thirty-one, thirty-two to thirty-nine, inclusive, and sixty-four shall apply to taxable years ending on and after December the thirty-first, nineteen hundred and seventy-one. Sections twenty-six, twenty-nine and thirty shall apply to taxable years ending on and after October the thirty-first, nineteen hundred and seventy-one. Sections forty to forty-four, inclusive, and forty-five to forty-seven, inclusive, shall apply to sales at retail made and to the storage, use or other consumption of tangible personal property purchased on and after August the first, nineteen hundred and seventy-one. Sections forty-four A, forty-four B, forty-four C and forty-four D shall take effect on August the first, nineteen hundred and seventy-one. Sections fifty-one, fifty-two, fifty-four, fifty-six and sixty-two shall apply with respect to property or interest therein passing or accruing upon the deaths of persons who die on or after the effective date of this act. Sections fifty-three, fifty-five and fifty-seven to sixty-one, inclusive, shall take effect on January the first, nineteen hundred and seventy-two. The remainder of this act shall take effect upon passage.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to facilitate the provision of urgently needed facilities in the town of Amherst for the University of Massachusetts, its students and staff, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

(4) an adult brother or sister,

(5) a guardian of the person of the decedent at the time of his death and

(6) any other person authorized or under obligation to dispose of the body.

(*c*) If the donee has actual notice of contrary indications by the decedent, or that a gift by a member of a class is opposed by a member of the same or a prior class, the donee shall not accept the gift. The persons authorized by subsection (*b*) may make the gift after death or immediately before death. Upon admission of a person to any hospital at his request, the hospital shall record in a book kept for the purpose the expression of intent of such person with regard to the disposition of his body and such expression shall be deemed to be sufficient notice under this section.

(*d*) A gift of all or part of a body authorizes any examination necessary to assure medical acceptability of the gift for the purposes intended.

(*e*) The rights of the donee created by the gift are paramount to the rights of others except as provided by subsection (*d*) of section thirteen.

Section 9. The following persons may become donees of gifts of bodies or parts thereof for the purposes stated:

(1) any hospital, surgeon, or physician, for medical or dental education, research, advancement of medical or dental science, therapy or transplantation; or

(2) any accredited medical or dental school, college, or university for education, research, advancement of medical or dental science or therapy; or

(3) any bank or storage facility for medical or dental education, research, advancement of medical or dental science, therapy or transplantation; or

(4) any specified individual for therapy or transplantation needed by him.

Section 10. (*a*) A gift of all or part of the body under subsection (*a*) of section eight may be made by will. Such gift shall become effective upon the death of the testator. If the will is not probated, or if it is declared invalid for testamentary purposes, such gift, to the extent that it has been acted upon in good faith, shall be nevertheless valid and effective.

(*b*) A gift of all or part of the body under subsection (*a*) of section eight may also be made by a document other than a will. Such gift shall become effective upon the death of the donor. The document, which may be a card designed to be carried on the person and signed by the donor in the presence of two witnesses who shall sign the document in his presence. If the donor cannot sign, the document may be signed for him at his direction and in his presence, and in the presence of two witnesses who must sign the document in his presence. Delivery of such document during the donor's lifetime is not necessary to make the gift valid.

(*c*) The gift may be made to a specified donee or without specifying a donee. If no donee is specified, the gift may be accepted by the attending physician as donee upon the death of the donor. If the gift is made to a specified donee who is not available at the time and place of death, the attending physician upon the death of the donor, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee under this subsection shall not participate in the procedures for removing or transplanting a part.

(*d*) Notwithstanding subsection (*b*) of section thirteen, the donor may designate in his will, card or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation, or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for said purpose.

(*e*) Any gift by a person designated in subsection (*b*) of section eight shall be made by a document signed by him, or made by his telegraphic, recorded telephonic or other recorded message.

Section 11. If the gift is made by the donor to a specified donee, the will, card or other document, or an executed copy thereof, may be delivered to the donee to expedite the appropriate procedures immediately after death, but delivery is not necessary to the validity of the gift. The will, card or other document, or an executed copy thereof, may be deposited in any hospital, bank or storage facility or registry office that accepts them for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's death, the person in possession shall produce the document for examination.

Section 12. (*a*) If the will, card or other document or executed copy thereof has been delivered to a specified donee, the donor may amend or revoke the gift by:

(1) the execution and delivery to the donee of a signed statement, or

(2) an oral statement made in the presence of two persons and communicated to the donee, or

(3) a statement during a terminal illness or injury addressed to an attending physician and communicated to the donee, or

(4) a signed card or document found on his person or in his effects.

(*b*) Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subsection (a) or by destruction, cancellation, or mutilation of the document and all executed copies thereof.

(*c*) Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills, or as provided in subsection (a).

Section 13. (*a*) The donee may accept or reject the gift. If the donee accepts a gift of the entire body, he may, subject to the terms of the gift, authorize embalming and the use of the body in funeral services. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin or other persons under obligation to dispose of the body.

(*b*) The time of death shall be determined by a physician who attends the donor at his death or, if none, the physician who certifies the death. This physician shall not participate in the procedures for removing or transplanting a part.

(*c*) A person who acts in good faith in accordance with the terms of sections seven to thirteen, inclusive, or under the anatomical gift laws of another state or a foreign country shall not be liable for damages in any civil action or be subject to prosecution in any criminal proceeding for his act.

Chapter 112 of the General Laws is hereby amended by striking out section 2, as most recently amended by section 2 of chapter 540 of the acts of 1970, and inserting in place thereof the following section:—

Section 2. Applications for registration as qualified physicians, signed and sworn to by the applicants, shall be made upon blanks furnished by the board of registration in medicine, herein and in sections three to nine A, inclusive, called the board. Each applicant who shall furnish the board with satisfactory proof that he is twenty-one or over and of good moral character, that he has completed two years of premedical studies in a college or university, that he has attended courses of instruction for four years of not less than thirty-two school weeks in each year, or courses which in the opinion of the board are equivalent thereto, in one or more legally chartered medical schools, and that he has received the degree of doctor of medicine, or its equivalent, from a legally chartered medical school in the United States or commonwealth of Puerto Rico or Canada having the power to confer degrees in medicine, shall, upon payment of one hundred and twenty-five dollars, be examined, and, if found qualified by the board, be registered as a qualified physician and entitled to a certificate in testimony thereof, signed by the chairman and secretary. An applicant who has received from a medical school, legally chartered in a sovereign state other than the United States, the commonwealth of Puerto Rico or Canada, a degree of doctor of medicine or its equivalent shall be required to furnish to the board such documentary evidence as the board may require that his education is substantially the equivalent of that of graduates of medical schools in the United States and such other evidence as the board may require as to his qualifications to practice medicine, and shall, except as hereinafter provided, be required to present a Standard Certificate granted after examination by the Educational Council for Foreign Medical Graduates; provided, however, that if he is a diplomate of a specialty board recognized by the American Medical Association he shall be admitted to examination for licensure without being required to present such a certificate. If the board shall

be satisfied as to his education and his qualifications, the board shall, upon payment of one hundred and twenty-five dollars by the applicant, admit him to the examination for licensure.

An applicant failing to pass an examination satisfactory to the board shall be entitled to two reexaminations within two years at a meeting of the board called for the examination of applicants upon payment of a further fee of seventy-five dollars for each reexamination; but two such reexaminations shall exhaust his privilege under his original application. The board, after due notice and hearing may revoke any certificate issued by it to, and cancel the registration of, any physician convicted of a felony, or any physician who has been shown at any such hearing to have been guilty of the use of narcotic drugs in any way other than for therapeutic purposes, and may, at any time after the expiration of one year thereafter, reissue any certificate so revoked, and register anew any physician whose registration was so cancelled. The board, after due notice and hearing, may suspend, for a period not exceeding one year, any certificate issued by it to, and cancel the registration of, any physician who has been shown at such hearing to have been guilty of gross and confirmed use of alcohol in any of its forms while engaged in the practice of his profession; or of abuse of the authority granted in section two hundred and nine A of chapter ninety-four; or of publishing or causing to be published, or of distributing or causing to be distributed, any literature contrary to section twenty-nine of chapter two hundred and seventy-two; or of acting as principal or assistant in the carrying on of the practice of medicine by an unregistered person or by any person convicted of the illegal practice of medicine or by any physician whose registration has been cancelled, and whose certificate has been revoked or suspended, by the board; or of aiding and abetting in any attempt to secure registration, either for himself or for another, by fraud; or, in connection with his practice, of defrauding or attempting to defraud any person. Except as otherwise provided herein, the board may, at any time, reissue any certificate so revoked and register anew any physician whose registration was cancelled.

The board shall examine an applicant who is an alien only if he presents to it a certificate from the court in which he shall have filed his declaration of intention to become a citizen of the United States, or from the Immigration and Naturalization Service of the United States, showing that he has declared his intention to become such a citizen, or a copy of such declaration of intention, certified by the clerk of such court. In case the applicant is subsequently registered, unless he shall present to the board, within five years following the filing of the certificate or certified copy hereinbefore referred to, his completed naturalization papers showing that he is a citizen of the United States, his certificate of registration shall be revoked and his registration cancelled. The foregoing provisions of this paragraph shall not apply to limited registration under section nine or section nine A or to any alien physician of distinguished merit and ability, duly licensed to practice his profession in any foreign country wherein the requirements for the issuance of such a license are not substantially lower than those of this commonwealth, while he is temporarily teaching in this commonwealth, in a medical school.

The board may, without examination grant certificates of registration as qualified physicians to such graduates of medical schools in the United States and Canada as shall furnish with their applications satisfactory proof that they have the qualifications required in the commonwealth to entitle them to be examined and have been licensed or registered upon a written examination in another state whose standards, in the opinion of the board, are equivalent to those in the commonwealth; provided, that no person shall be so registered without an examination if he has attempted unsuccessfully to secure registration in the commonwealth. The fee for such registration without examination shall be seventy-five dollars.

Notwithstanding other provisions of this chapter the board may without examination grant a certificate of registration as a qualified physician to such person as shall furnish with his application satisfactory evidence that he is: (1) a medical officer with ten or more years of medical service assignments in the armed forces of the United States or in the United States Public Health Service who, though not licensed in another state of the United States, has engaged in medical service work while in such capacity and is a diplomate of any of the American specialty boards approved by the American Medical Association or the American Osteopathic Association; or (2) a physician who is a graduate of a medical school outside of the United States and who has been in the active practice of medicine under limited, temporary or full licensure in a foreign country or in other states of the United States for a total of five or more years and who is a diplomate of any of the American specialty boards approved by the American Medical Association or the American Osteopathic Association; or (3) a physician who is a graduate of a medical school outside of the United States and who has been licensed to practice medicine in another state or states of the United States and has practiced medicine in such other state or states for five or more years; or (4) a physician who is a graduate of a medical school outside the United States and who has been licensed in another state of the United States under an examination substantially comparable to that administered in the commonwealth and with a passing grade on such examination substantially comparable to the grade required in Massachusetts. Any person granted a certificate of registration under the provisions of this paragraph shall pay a fee of seventy-five dollars.

SECTION 12. The surplus property agency in the department of education is hereby authorized to expend during the fiscal year nineteen hundred and seventy-two for the purposes of the surplus property agency fund, in addition to amounts available in said fund, an amount not exceeding fifty thousand dollars; provided, however, that no expenditure or commitment shall be incurred from the amount of the aforesaid fifty thousand dollar authorization in excess of amounts approved therefrom by the commissioner of administration, at the written request of the surplus property agency; and, provided further, that any amounts expended or commitments incurred under this authorization shall be paid or provided for from receipts of said surplus property agency fund prior to the close of the fiscal year.

SECTION 13. Notwithstanding the provisions of section ten A of chapter eight of the General Laws, no lease negotiated as provided therein nor any agreement providing for a tenancy at will or other space rental shall be signed by the executive or administrative head of a state department, commission or board or approved by the state superintendent of buildings and by the governor and council and by

the commissioner of administration unless it is in accordance with schedules filed by the budget director with the house and senate committees on ways and means prior to the passage of this act; provided, that renewals of leases, tenancies at will and other space rentals may be continued at existing rates pending appropriation if the general court has not provided otherwise; and, further provided, that the commissioner of administration, in order to meet unforeseen circumstances, may approve, on a tenancy at will basis, a change in location, new or additional space, or an increase in rate, if funds are available therefor within the appropriation account from which the costs of such space rentals are to be paid; and, further provided, that every such proposed change is filed by the budget director with the house and senate committees on ways and means prior to the final authorization of any such agreement.

SECTION 14. In order that the borrowing of funds in anticipation of receipts may be kept at a minimum, every department, board, commission or agency shall, before scheduling for payment or otherwise providing for the disbursement of public funds from any sum available for expenditure or distribution for the fiscal year nineteen hundred and seventy-two, submit for approval by a board consisting of the commissioner of administration, or his designated representative, the commissioner of corporations and taxation, or his designated representative, and the state treasurer, or his designated representative, the proposed date of payment or distribution of such funds if the combined total thereof, as prepared by any such single agency, exceeds one million dollars on any one day, notwithstanding any special or general law regulating the disbursement of public funds by the commonwealth. Said board may require any agency to notify it of the anticipated receipt of revenue from any source, including federal subventions and grants.

SECTION 15. The budget director, notwithstanding the provisions of section twenty-nine of chapter twenty-nine of the General Laws, is hereby directed to limit the transfer of funds between subsidiary accounts, established as provided in section twenty-seven of said chapter twenty-nine, to those transfers required to meet unforeseen emergencies where funds otherwise are not available to protect the public interest. Such statement shall include the rate of compensation, the period of time for which the services are to be engaged or scope of work to be done and such other pertinent information as may be necessary to establish the maximum limit of the commonwealth's obligation.

SECTION 16A. No agency of the commonwealth, except constitutional officers, whether or not the expenditure is made from funds authorized by this act, shall initiate any encumbrance or make any expenditure involving a lease or the purchase of data processing or reproduction equipment or systems, without prior request to the budget director under the provisions of sections three and four of chapter twenty-nine of the General Laws; the certification by the head of the agency that funds are specifically available for the purpose; the prior approval of the commissioner of administration, in accordance with rules and regulations established by him and notification of such approval to the house and senate committees on ways and means.

SECTION 16C. No agency of the commonwealth shall make any expenditures for the training, instruction, treatment, support and day care of children authorized under section forty-six I of chapter seventy-one of the General Laws and related programs conducted by the departments of mental health, public health, public welfare and youth services unless the rate setting commission, in accordance with the procedures established by section thirty L of chapter seven of the General Laws, shall have approved the rate of compensation for such training, instruction, treatment and support. The rate setting commission shall immediately upon approval of such rates file a schedule of the approved rates with the comptroller, the house and senate committees on ways and means and to each agency making such expenditure.

SECTION 17. Passenger motor vehicles to be purchased from sums appropriated in section two of this act shall be authorized by the purchasing agent in accordance with schedules filed by the budget director with the house and senate committees on ways and means prior to the passage of this act; provided, that the commissioner of administration may authorize the replacement of other motor vehicles with similar models from available funds when he determines that the replacement is necessary because the cost of necessary repairs would not be economical; and, provided further, that no expenditure in excess of three hundred dollars shall be authorized for the repair of a motor vehicle by any department or agency in a garage or shop

other than one maintained and operated by such department or agency without the approval of the commissioner of administration.

SECTION 18. For the purpose of allocating charges for engineering services rendered during the fiscal year nineteen hundred and seventy-two as a part of the direct cost of the projects for which they were incurred, the comptroller is hereby directed to transfer to Water System Bond Issue Accounts 2429–7090 and 2429–7140 from the items listed below such amounts as may be certified to him by the commissioner of the metropolitan district commission as chargeable to said items for personal services rendered by the personnel of the construction division upon the projects provided for in said items:

Notwithstanding any provision of law to the contrary, during the entire fiscal year nineteen hundred and seventy-two, for the payment of classified personal services the fiscal year shall be from July the first, nineteen hundred and seventy-one through June the twenty-fourth, nineteen hundred and seventy-two. Classified personal services for June the twenty-fifth, the twenty-sixth, the twenty-seventh, the twenty-eighth, the twenty-ninth and the thirtieth, nineteen hundred and seventy-two shall be charged to the next fiscal year.

Chap. 720. AN ACT AUTHORIZING THE FORMATION OF A REGIONAL SCHOOL DISTRICT INCLUDING ALL THE GRADES FROM KINDERGARTEN THROUGH GRADE TWELVE BY THE CITY OF NORTH ADAMS AND TWO OR MORE OF THE TOWNS OF CLARKSBURG, FLORIDA, MONROE AND SAVOY.

Be it enacted, etc., as follows:

SECTION 1. The city of North Adams, by vote of its city council, and the towns of Clarksburg, Florida, Monroe and Savoy, by vote in town meeting, may create a special unpaid committee to be known

as a regional school district planning committee, to consist of three members from each such municipality, one of whom shall be a member of the school committee, to be appointed by the mayor in the case of the city of North Adams and by the moderator in the case of the towns. Any vacancy in the membership of the planning committee may be filled by the mayor or moderator as the case may be. Each of said municipalities may appropriate at any time for the expenses of said committee such sum or sums not exceeding one tenth of one per cent of the assessed valuation of such municipality in the preceding year, as it may deem necessary. The regional school district planning committees from said city and from said towns shall join together to form a regional school district planning board. Such regional school district planning board shall organize forthwith upon its formation by the election of a chairman and a secretary-treasurer. Any proceedings taken by said city and said towns, whereby said municipalities purported to create committees for the purpose of planning a regional school district, and the proceedings heretofore taken by such committees either separately or together as a regional school district planning board are ratified and confirmed in all respects, and, for all purposes of this act, said committees and said board shall be deemed to be the committees and the board whose creation and organization are authorized by this section.

SECTION 2. It shall be the duty of the regional school district planning board to study the advisability of establishing a regional school district, hereinafter called the regional school district or the district, for all the grades from kindergarten through grade twelve, and of constructing a school to serve the needs of the district; and to submit a report of its findings and recommendations to the city council of the city of North Adams and to the selectmen of the towns of Clarksburg, Florida, Monroe and Savoy.

SECTION 3. Said regional school district planning board may recommend that there shall be established a regional school district comprising the city of North Adams and the towns of Clarksburg, Florida, Monroe and Savoy. If said regional school district planning board so recommends, it shall submit a proposed agreement setting forth the following:

(a) The number, composition, method of selection and terms of office of the members of the regional district school committee.

(b) The method of apportioning the expenses of the regional school district, and the method of apportioning the costs of school construction, including any interest and retirement of principal of any bonds or other obligations issued by the district, among the municipalities comprising the district, and the time and manner of payment of the shares of said municipalities of any such expense.

(c) The method by which school transportation shall be provided.

(d) The terms by which any municipality may be admitted to or separated from the regional school district.

(e) The method by which the agreement may be amended.

(f) The procedure for the preparation and adoption of an annual budget.

(g) Any other matters, not incompatible with law, which said board may deem advisable.

The regional school district shall include all grades from kindergarten through grade twelve. The regional district school committee shall determine the location of all school buildings.

The committee may incur debt in accordance with the provisions of either clause (d) or clause (e) of section six of this act. The committee shall make its choice each time it votes to authorize the incurring of debt.

Copies of such agreement shall be submitted to the emergency finance board, established under section one of chapter forty-nine of the acts of nineteen hundred and thirty-three, and the department of education, and, subject to their approval, to the above-named municipalities for their acceptance.

SECTION 4. The agreement made under section three, or any amendment to such an agreement, may contain provisions authorizing any member municipality to sell, lease or grant a license to use any school building and any land appurtenant thereto or used in connection therewith to the regional school district, and any such municipality may authorize such sale, lease or license accordingly, notwithstanding the provisions of section three of chapter forty of the General Laws or any other provision of law to the contrary. In case of a sale, the price and time or times of payment and the method by which the municipalities other than the selling municipality shall be assessed for such payment shall be set forth in the agreement or amendment; but in no case shall payments be made which shall extend over a period in excess of twenty years. In the case of a lease or license to use, the rental or license fee, if any, and the terms of payment and assessment shall be set forth in the agreement or amendment. The lease or license to use may be for a term or period not in excess of twenty years and may contain provisions for the extension of the lease or license to use for an additional term or period not in excess of twenty years, at the option of the regional district school committee.

SECTION 5. Upon receipt by the city council of the city of North Adams of a recommendation that a regional school district be established, and of a proposed agreement therefor submitted in accordance with the provisions of sections one to three, inclusive, of this act, said city council shall direct the city clerk to cause the question of accepting the provisions of this act to be placed on the ballot to be used at the next regular city election after such receipt or at the next state election after such receipt, whichever occurs first, in substantially the form hereinafter set forth, and not more than thirty days after receipt by the selectmen of any town of a recommendation that a regional school district be established and of a proposed agreement therefor submitted in accordance with the provisions of said sections one to three, inclusive, said selectmen shall cause to be presented for determination by vote, with printed ballots at an annual town meeting or a special town meeting called for the purpose, the question of accepting the provisions of this act, which question shall be in substantially the following form:—

"Shall the city (town) accept the provisions of an act passed by the General Court in the year nineteen hundred and seventy-one and a proposed agreement prepared thereunder and filed with the city council of the city of North Adams and the selectmen of the towns

of Clarksburg, Florida, Monroe and Savoy, which act and agreement establish a regional school district for kindergarten through grade twelve consisting of said city and any two or more of said towns?" If a majority of the voters present and voting on said question in said city and if a majority of the voters present and voting in at least two of said towns shall vote in the affirmative, this act shall become fully effective, and the proposed regional school district, comprising said city and towns which accepted this act as herein provided, shall be deemed to be established forthwith in accordance with the terms of the agreement so adopted notwithstanding any defect or omission in the creation or organization of any regional school district planning committee or regional school district planning board.

SECTION 6. The regional school district established under the provisions of section five shall be a body politic and corporate with all the powers and duties conferred by law upon school committees and with the following additional powers and duties:—

(a) To adopt a name and a corporate seal, and the engraved or printed facsimile of such seal on a bond or note of the district shall have the same validity and effect as though such seal were impressed thereon.

(b) To sue and be sued, but only to the same extent and upon the same conditions that a city or town may sue or be sued.

(c) To acquire property within the municipalities comprising the district under the provisions of chapter seventy-nine and section fourteen of chapter forty of the General Laws, for the purposes of the district, and to construct, reconstruct, add to, remodel, make extraordinary repairs to, equip, organize and operate a school or schools for the benefit of the municipalities comprising the district and to make any necessary contracts in relation thereto.

(d) To incur debt for the purpose of acquiring land and constructing, reconstructing, adding to and equipping a school building or buildings for a term not exceeding twenty years or for the purpose of remodeling and making extraordinary repairs to school buildings and for the construction of sewerage systems and sewerage treatment and disposal facilities, or for the purchase or use of such systems with municipalities, for a term not exceeding ten years; provided, however, that any indebtedness so incurred shall not exceed an amount approved by the emergency finance board; and provided, further, that written notice of the amount of the debt and of the general purposes for which it was authorized shall be given to the city council of the city of North Adams and to the board of selectmen of each member town comprising the district not later than seven days after the date on which said debt was authorized by the district committee; and no debt may be incurred until the expiration of thirty days from the date on which said debt was so authorized. If, prior to the expiration of said period, the city council expresses disapproval of the amount authorized by the district committee, or any member town expresses such disapproval by vote of a majority of voters present and voting on the matter at a town meeting called for the purpose of expressing such disapproval, said debt shall not be incurred and the district school committee shall prepare another pro-

posal which may be the same as any prior proposal and an authorization to incur debt therefor.

(e) To incur debt not exceeding an amount approved by the emergency finance board for the purposes and terms specified in clause (d) of this section; provided that the vote of the district committee authorizing such debt is approved by a majority of the registered voters in the member municipalities voting on the question at an election called and held pursuant to the following provisions. The election shall be called by a warrant addressed to the registered voters in the member municipalities and signed by a majority of the members of the regional district school committee which shall set forth the date of the election, the polling place or places in each municipality, the hours during which the polls are to be open and the question which is to appear upon the ballot. Notice of the election shall be given by posting a copy of the warrant attested by the secretary of said committee in at least one public place in each municipality and by publishing a copy thereof at least once in a newspaper of general circulation in the district, said posting and publishing to occur at least ten days before said election. A certificate of the secretary shall be conclusive evidence that the warrant was duly posted and published. The number and location of the polling place, or places, in each municipality shall be determined by the regional district school committee after consultation with the selectmen of each member town and the city council and city clerk of the city of North Adams; and the hours during which all the polls in the district are open shall be uniform throughout the district and shall not be less than four nor more than eight consecutive hours. The regional district school committee shall be responsible for preparing the ballots used at the election. The clerk of each member municipality shall certify the results of the election to the regional district school committee. Except as provided herein, the election shall be conducted in each town in the same manner as town meetings for the election of town officers. Except as provided herein, the election shall be conducted in the city of North Adams in the same manner as any special election or any regular election, as the case may be.

The expenses of the election shall be paid by the regional school district as an operating expense of the district; and if provision for their payment is not included in the budget for the year in which they are incurred, the regional district school committee may use any available funds of the district or may transfer the sums required from appropriations included in the budget. The defeat of a proposal for incurring debt shall not prevent the resubmission of the same proposal as a new authorization.

(f) To issue bonds and notes in the name and upon the full faith and credit of said district; said bonds or notes shall be signed by the chairman and treasurer of the district committee, except that said chairman by a writing bearing his written signature and filed in the office of said treasurer, which writing shall be open to public inspection, may authorize said treasurer to cause to be engraved or printed on said bonds or notes a facsimile of said chairman's signature, and such

facsimile so engraved or printed shall have the same validity and effect as said chairman's written signature, and each issue of bonds or notes shall be a separate loan.

(g) To receive and disburse funds for any district purpose.

(h) To incur temporary debt in anticipation of revenue to be received from member municipalities.

(i) To assess member municipalities for any expenses of the district.

(j) To receive any grants or gifts for the purpose of the regional district school or schools.

(k) To engage legal counsel.

(l) To submit an annual report to each of the member municipalities, containing a detailed financial statement and a statement showing the method by which the annual charges assessed against each municipality were computed, together with such additional information relating to the operation and maintenance of such school or schools as may be deemed necessary by the district school committee or by the city council of the city of North Adams or by the selectmen of any member town.

(m) To employ a superintendent of schools who shall have all the powers and duties imposed upon school superintendents by law.

(n) To adopt an annual operating and maintenance budget not later than December the first.

SECTION 7. The powers, duties and liabilities of the regional school district shall be vested in and exercised by a regional district school committee organized in accordance with the agreement. The committee shall choose a chairman and a vice chairman by ballot from its membership. The vice chairman shall, in the absence of the chairman, exercise the powers and perform the duties of said chairman. It shall appoint a secretary and a treasurer who may be the same person, but who need not be members of said committee. The treasurer shall receive and take charge of all money belonging to the district and shall pay any bill of the district which shall have been approved by the committee. The committee may appoint an assistant treasurer who need not be a member of the committee and who shall, in the absence of the treasurer, perform his duties and shall have the powers and be subject to the requirements and penalties applicable to him. The treasurer and assistant treasurer may, by vote of said committee, be compensated for their services. The treasurer and assistant treasurer of said district shall be subject to the provisions of sections thirty-five, fifty-two and one hundred and nine A of chapter forty-one of the General Laws, to the extent applicable. If the office of secretary is vacant or if the secretary is absent or is unable to perform his duties because of disability, the committee may appoint a temporary secretary to hold such office and exercise the powers and perform the duties thereof until a secretary is duly appointed or the secretary who was disabled or absent resumes his duties.

SECTION 8. The regional district school committee shall annually determine the amounts necessary to be raised to maintain and operate the district school or schools during the ensuing calendar year and

the amounts required for payment of debt and interest incurred by the district which will be due in said year and shall apportion the amount so determined among the municipalities in accordance with the terms of the agreement. The amount so apportioned for each municipality shall, prior to December the thirty-first in each year, be certified by the regional district treasurer to the treasurers of the several municipalities. Each municipality shall appropriate the amounts so certified, and in case any such municipality fails to pay over to the treasurer of said district the amount of its apportionment within the time specified in said agreement for such payment the regional district school committee shall invoke the provisions of section thirty-four of chapter seventy-one of the General Laws. The city or town treasurer, as the case may be, shall pay the amount so appropriated or any amount ordered to be raised by court decree to said district at the time or times specified in the agreement.

SECTION 9. The regional school district shall be subject to all laws pertaining to school transportation; and when the agreement provides for the furnishing of transportation by the regional school district, the commonwealth shall reimburse such district to the full extent of the amounts expended for such transportation, except that no such reimbursement shall be made for transportation of any pupil who resides less than one and one half miles, measured by a commonly traveled route, from the district school which he attends. The state treasurer shall annually, on or before November the twentieth, pay to the regional school district, subject to appropriation, the sums required for such reimbursement and certified by the commissioner of education as necessary for the payment of such reimbursement.

SECTION 10. Each municipality comprising the regional school district shall continue to receive state aid for educational purposes in the amount to which it would be entitled if such district had not been formed; and such regional school district shall be entitled to receive state aid for construction of regional schools. The state treasurer in making annual payments to the several municipalities of the amounts required under chapter seventy of the General Laws shall pay to each municipality comprising the regional school district an additional amount equal to fifteen per cent of the amount to which such municipality would be entitled if such regional school district had not been formed. No payment shall be made under the provisions of the preceding sentence to any such municipality prior to the date of award of a contract for the construction of a regional school by the regional district school committee.

SECTION 11. The director of accounts in the department of corporations and taxation shall annually cause an audit to be made of the accounts of the regional district school committee, and for this purpose he, and his duly accredited agents, shall have access to all necessary papers, books and records. Upon the completion of each audit, a report thereon shall be made to the chairman of the district committee, and a copy thereof shall be sent to the mayor of the city of North Adams and to the chairman of the board of selectmen of the town or towns in said district. The director shall apportion the cost among the municipalities which are members of the district on

the basis provided by section three, and submit the amounts of each apportionment to the state treasurer who shall issue his warrant requiring the assessors of the municipalities which are members of the district to assess a tax to the amount of the expense, and such amounts shall be collected and paid to the state treasurer as provided by section twenty of chapter fifty-nine of the General Laws.

SECTION 12. No municipality in the regional school district shall be liable for any obligation imposed on any other municipality in said district by authority of this act, or of any agreement thereunder, any other provision of law to the contrary notwithstanding.

SECTION 13. The members of the aforesaid emergency finance board, when acting under this act, shall receive from the commonwealth compensation to the same extent as provided under section eighty-seven of chapter eight hundred and one of the acts of nineteen hundred and sixty-three.

SECTION 14. The provisions of sections sixteen to twenty-eight, inclusive, of chapter forty-four of the General Laws shall, so far as pertinent, apply to the regional school district, but the provisions of said section sixteen relating to the countersigning of bonds and notes and the provisions of section twenty-four of said chapter forty-four relating to the countersigning and approval of notes and the certificates of the clerk relating thereto shall not apply to said district.

SECTION 15. No employee of any member municipality's school department who becomes an employee of the regional school district shall, by reason of transfer of employment, suffer any impairment of civil service status, seniority, retirement and other rights of employment, without interruption of his service within the meaning of chapter thirty-one of the General Laws or of section nine A of chapter thirty of the General Laws, and without reduction in his salary grade and compensation, notwithstanding any change in his title or duties made as a result of such transfer. The provisions of section forty-two B of chapter seventy-one of the General Laws shall be applicable to the district.

SECTION 16. If any provision of this act, or the application of such provision to any person or circumstances, shall be held invalid, the remainder of said act and the application of such provisions to persons or circumstances other than those as to which it is held invalid shall not be affected thereby.

SECTION 17. This act shall take effect upon its passage.

Approved August 31, 1971.

Chap. 721. AN ACT FURTHER REGULATING THE LICENSING OF HORSE RACE MEETINGS.

Whereas, The deferred operation of this act would tend to defeat its purpose which is in part to extend immediately the time within which horse racing meetings may be held, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 3 of chapter 128A of the General Laws is hereby amended by striking out clause (*d*), as most recently amended

SECTION 2. Said section 3 of said chapter 128A is hereby further amended by striking out clause (*f*), as amended by chapter 454 of the acts of 1935, and inserting in place thereof the following clause:—

(*f*) No license shall be issued for more than an aggregate of one hundred fifty racing days in any one year at all running horse race meetings combined, not including running horse racing meetings held or conducted at state or county fairs.

SECTION 3. Said chapter 128A is hereby amended by striking out section 8 and inserting in place thereof the following section:—

Section 8. The commission shall, whenever it deems it to be necessary for the protection of the public interest and safety, apply to the department of public safety, or to the metropolitan district commission police if they have jurisdiction in the area where a racing meeting is to be held, or to the police department of a city or town wherein a racing meeting is to be held, in order that such police agency may furnish a police detail consisting of as many police officers as said commission shall require to be assigned at any racing meeting authorized by this chapter. Upon any such request such agency shall forthwith furnish such police detail to the commission which shall assign the members thereof to guard and protect the lives and safety of the public, property, the animals to be raced at any such meeting and to perform any such other duties which may be required by said commission in order to maintain fair and honest pari-mutuel racing at any such meeting. The police officers, so assigned, shall, except in the case of an emergency, and while on duty at any such racing meeting, be subject to the operational authority of the commission; provided, however, that such assignment or reassignment shall not in any way impair any rights to which any such officer may be entitled; and provided, further, that such officers shall at all times be considered to be employees of the commonwealth or of the city or town furnishing such police detail.

The commission shall employ as many veterinarians, chemists and laboratory technicians as it deems necessary to insure the legitimate performance of the animals to be raced at any racing meetings authorized by this chapter and to protect the health of such animals. Any person so employed shall be assigned to the department of public safety and while so assigned shall be subject to the operational control of said department.

The cost of any police detail assigned to any racing meeting under this section shall be paid to the commission by the licensee. The cost of laboratory services, veterinarians, chemists and technicians employed by the commission to cover each racing meeting shall be paid by the licensee to the commission and shall be equal to

the total salaries of the personnel so employed and the cost of supplies and materials used in connection with any such racing meeting.

Chap. 732. AN ACT ESTABLISHING A CAUSE OF ACTION IN BEHALF OF CERTAIN PERSONS AND POLITICAL SUBDIVISIONS FOR THE PURPOSE OF PROTECTING THE NATURAL RESOURCES AND ENVIRONMENT OF THE COMMONWEALTH.

Be it enacted, etc., as follows:

SECTION 1. Chapter 214 of the General Laws is hereby amended by inserting after section 10 the following section: —

Section 10A. As used in this section, "damage to the environment" shall mean any destruction, damage or impairment, actual or probable, to any of the natural resources of the commonwealth, whether caused by the respondent alone or by the respondent and others acting jointly or severally. Damage to the environment shall include, but not be limited to, air pollution, water pollution, improper sewage disposal, pesticide pollution, excessive noise, improper operation of dumping grounds, impairment and eutrophication of rivers, streams, flood plains, lakes, ponds or other water resources, destruction of seashores, dunes, wetlands, open spaces, natural areas, parks or historic districts or sites. Damage to the environment shall not include any insignificant destruction, damage or impairment to such natural resources.

The superior court for the county in which damage to the environment is occurring or is about to occur may, upon the petition of not less than ten persons domiciled within the commonwealth, or upon the petition of any political subdivision of the commonwealth, determine the issue in equity or in a petition for declaratory relief, and may, before the final determination of the cause, restrain the person causing or about to cause such damage; provided, however, that the damage caused or about to be caused by such person constitutes a violation of a statute, ordinance, by-law or regulation the major purpose of which is to prevent or minimize damage to the environment.

No such action shall be taken unless the petitioners at least twenty-one days prior to the commencement of such action direct a written notice of such violation or imminent violation by certified mail to the agency responsible for enforcing said statute, ordinance, by-law or regulation, to the attorney general and to the person violating or about to violate the same; provided, however, that if the petitioners can show that irreparable damage will result unless immediate action is taken the court may waive the foregoing requirement of notice and issue a temporary restraining order forthwith.

It shall be a defense to any action taken pursuant to this section that the respondent is subject to, and in compliance in good faith with, a judicially enforceable administrative pollution abatement schedule or implementation plan the purpose of which is alleviation of damage to the environment complained of, unless the petitioners demonstrate that a danger to the public health and safety justifies the court in retaining jurisdiction.

Any suit or action brought pursuant to the authorization contained in this section shall be advanced for speedy trial and shall not be compromised without prior approval of the court.

If there is a finding by the court in favor of the petitioners it may assess their costs, including reasonable fees of expert witnesses but not attorney's fees; provided, however, that no such finding shall include damages.

The court may require the petitioners to post a surety or cash bond in a sum not to exceed five hundred dollars to secure the payment of any costs which may be assessed against the petitioners in the event they do not prevail.

Nothing contained in this section shall be construed so as to impair, derogate or diminish any common law or statutory right or remedy which may be available to any person, but the cause of action herein authorized shall be in addition to any such right or remedy.

SECTION 2. Chapter 30A of the General Laws is hereby amended by inserting after section 10 the following section: —.

Section 10A. Notwithstanding the provisions of section ten, not less than ten persons may intervene in any adjudicatory proceeding as defined in section one, in which damage to the environment, as defined in section ten A of chapter two hundred and fourteen, is or might be at issue; provided, however, that such intervention shall be limited to the issue of damage to the environment and the elimination or reduction thereof in order that any decision in such proceeding shall include the disposition of such issue. Notwithstanding any other provision of this chapter, any intervener under this section may introduce evidence, present witnesses and make written or oral argument, except that the agency may exclude repetitive or irrelevant material. Any such intervener shall be considered a party to the original proceeding for the purposes of notice and any other procedural rights applicable to such proceeding under the provisions of this chapter, including specifically the right of appeal. *Approved September 7, 1971.*

SECTION 3. The license granted by the department of public works to the Boston and Maine Railroad, being license number 1079 recorded with registry of deeds for Suffolk county, Book 5158, Page 62, and with Middlesex county southern district registry of deeds, Book 5425, Page 101, to build and maintain a sea wall and to fill solid in the Charles river, insofar as said license pertains to the locus and is not already irrevocable under chapter seven hundred and thirty-seven of the acts of nineteen hundred and sixty-two, shall, notwithstanding any provisions of law to the contrary, be irrevocable, and any right, title and interest of the commonwealth in and to the locus is hereby granted and released to the United States of America, meaning and intending hereby that, upon conveyance pursuant to section two, and without further action, a fee simple title absolute in the locus shall be vested in the United States of America insofar as any right, title or interest of the commonwealth is concerned. *Approved September 8, 1971.*

Chap. 734. AN ACT ESTABLISHING IN THE TOWN OF MARSHFIELD REPRESENTATIVE TOWN GOVERNMENT BY LIMITED TOWN MEETING.

Be it enacted, etc., as follows:

SECTION 1. There is hereby established in the town of Marshfield a form of representative town government by limited town meetings hereinafter set forth.

SECTION 2. The by-laws of the town shall determine the number of voting precincts or a minimum and maximum number into which the town shall be divided for the election of members of the representative town meeting. Upon the adoption of such by-laws, the selectmen shall divide the town into precincts for the purpose of this act. There shall be not less than five nor more than twelve precincts each to contain as nearly as may be an equal number of inhabitants and no fewer than five hundred registered voters.

SECTION 3. The representative town meeting membership shall, in each precinct, consist of the largest number divisible by three which will admit of a representation thereof in the approximate proportion which the number of inhabitants therein bears to the total number of inhabitants in the town and which will cause the total elected membership to be as nearly, but not more than, one hundred and twenty as may be.

SECTION 4. The membership of the representative town meeting also shall include the moderator as a member at large.

SECTION 5. It shall be the duty of the chairman of each board or committee of the town and the head of each town department to attend that part of every representative town meeting at which matters, other

than those to be acted upon or determined by ballot, are to be considered.

SECTION 6. The precincts shall be plainly designated and so established as to consist of compact and contiguous territory, and shall be bounded sofar as possible by the center line of highways or by other well defined limits.

SECTION 7. The boundaries of precincts shall be reviewed and may be wholly or partly revised by the selectmen in December of any year after the expiration of five years following their establishment or revision or in December of any other year when so directed by vote of a representative town meeting held not later than the twentieth day of October in such year.

SECTION 8. The selectmen within ten days after the establishment or revision of precincts shall file a report of their action with the town clerk, the registrars of voters and the assessors, with a map or description of the precincts and the names and addresses of the registered voters in each. They also shall cause to be posted in the town hall a map or description and a list of the registered voters in the precinct as established or revised, and similar information for each precinct shall be posted in at least one public place in the precinct unless a description of precincts shall be published in a newspaper having a general circulation in the town.

SECTION 9. The division of the town into precincts and any revision of precincts shall take effect upon the date of filing of the report by the selectmen with the town clerk, such date to be not later than January the fifteenth following the time established for review or revision referred to in section seven. Whenever precincts are established or revised, the town clerk shall give written notice to the state secretary, stating the number and designation of the precincts.

SECTION 10. Meetings of the registered voters of the several precincts for elections and primaries or for voting upon a question to be submitted to all the voters of the town shall be held at the same time and at such place or places as the selectmen shall direct in the warrant for the meeting.

SECTION 11. The nomination of candidates for town meeting members shall be made by nomination papers which shall bear no political designation. Such papers shall be signed by not less than twenty-five registered voters of the precinct in which the candidate resides and shall be filed with the town clerk not later than the last day on which the nomination papers of candidates for other town offices must be filed. They shall be submitted to the registrars of voters and shall be certified in the manner provided by law for the certification of the nomination papers of candidates for town offices. Nomination papers shall not be valid for any candidate whose written acceptance is not endorsed thereon or attached thereto when filed.

SECTION 12. A town meeting member may become a candidate for reelection by giving written notice to the town clerk not later than fourteen days prior to the last day on which the nomination papers of the candidates for other town office must be filed.

SECTION 13. The registered voters in each precinct, at the first annual town election held after the establishment of the precinct, and those in any precinct affected by a revision of precincts at the first annual town election following such revision, shall elect by ballot the

number of registered voters in the precinct, determined as herein provided, to be town meeting members of the town.

SECTION 14. The first third of the members elected in the order of votes received shall serve for three years, the second third for two years and the remaining third for one year from the day of the annual town meeting. In case of an equal vote affecting the division into thirds, the members from the precinct shall determine the same by ballot.

SECTION 15. Thereafter as the terms of town meeting members expire, except as otherwise provided herein, the registered voters of each precinct at each annual town election shall elect for the term of three years in like manner one third of the number to which the precinct is entitled and also shall fill for the unexpired term any vacancy then existing in the number of elected town meeting members in the precinct.

SECTION 16. If two or more candidates for town meeting member receive an equal number of votes for last place or places, other than for the division into thirds for deciding their term of office, the remaining members elected in such precinct at the same election shall determine by ballot which of the candidates shall serve as a town meeting member. The terms of office of the town meeting members from any precinct whose boundaries are revised shall cease upon the election of their successors. The town clerk after every election of town meeting members shall notify each member by mail of his election.

SECTION 17. If the boundaries of any precinct are revised, or any new precinct established, there shall be a new election of town meeting members in such precinct at the first annual town election following such a revision. Whenever there is a new division of the town into precincts the provisions of section fourteen shall apply to the election of the town meeting members.

SECTION 18. The representative town meeting members shall be elected in conformity with the laws relative to elections and the provisions of law relating to precinct voting at elections shall apply to all elections and primaries in the town so far as such laws are not inconsistent therewith. The provisions of this act pertaining to the establishment of precincts shall not authorize any action contrary to the provisions of any law relative to the use of precincts in the formation of representative districts.

SECTION 19. A town meeting member may resign by filing a written resignation with the town clerk, effective upon the date of filing. A member who removes from the town shall cease to be a member, and a member who removes from one precinct to another may serve only until the next annual town meeting.

SECTION 20. In the event that a vacancy occurs in the full number of town meeting members from any precinct, whether arising from a failure of the registered voters thereof to elect or from any other cause, the town clerk shall at once choose the person who received the highest number of votes as a defeated candidate for the office of town meeting member in the preceding election in the precinct where the vacancy occurs and shall notify him of his appointment as a town meeting member. If for any reason this candidate cannot accept such appointment, the second highest in recorded vote of the defeated candidates in that precinct shall be appointed. In the event neither of those receiving the highest or the second highest number of votes as defeated candidates is available, then the town clerk shall call together the town

meeting members of the precinct where the vacancy occurs, and they shall, by majority vote of those present, elect any registered voter of that precinct to fill such vacancy. The town clerk shall count the ballots, make a certificate of the choice and notify the person so chosen; and upon receipt by the town clerk of a written acceptance by the person so chosen, that person shall be deemed elected and qualified as a town meeting member, subject to the right of all town meeting members to judge the election and qualification of members.

A town meeting member appointed or chosen to fill a vacancy as herein provided shall serve only until the next annual town election.

SECTION 21. A majority of the members from the precinct attending such a meeting shall constitute a quorum and shall elect one of their number as chairman and one as clerk, or they may designate the town clerk to act as clerk of the meeting. The vote shall be by ballot and a plurality of votes cast shall be necessary for a choice. The chairman and clerk shall count the ballots and the chairman shall make a certificate of the choice which shall be filed with the town clerk together with a written acceptance of the person so chosen, who thereupon shall be deemed to be elected as a town meeting member.

SECTION 22. A moderator shall be elected by ballot at the annual town meeting when the term of office of a moderator expires, and he shall serve at all town meetings, except as otherwise provided by law, until a successor is elected and qualified. The nomination and election of a moderator shall be the same as for other elective town officers, and any vacancy in the office may be filled by the town meeting members at a meeting held for the purpose. If the moderator is absent, a moderator pro tempore may be elected by the town meeting members.

SECTION 23. The articles in the warrant for every town meeting which relate to the election of a moderator, town officers and town meeting members and to referenda and all matters to be acted upon and determined by ballot shall be acted upon and determined by the registered voters of the town, in their respective precincts or at voting places determined by the town clerk. All other articles shall be acted upon and determined exclusively by the town meeting members, at a meeting held at a time and place specified by the selectmen in the warrant for the meeting, subject to a referendum as herein provided.

SECTION 24. The town clerk shall notify the members of the time and place at which meetings are to be held, the notices to be sent by mail at least seven days before the meeting. Notice of an adjourned meeting shall be sent by mail as soon as practicable following the dissolution of the meeting from which adjournment is taken.

SECTION 25. The members of the representative town meeting shall be the judge of the election and qualifications of their own members. The members shall receive no compensation for serving as members of the representative town meeting. Five sixths of the elected representatives will constitute a quorum for the transaction of business. A lesser number may organize temporarily and may adjourn from time to time.

SECTION 26. The representative town meeting may make such rules consistent with law as it may consider necessary for conducting its meetings.

SECTION 6. Said board, acting for and on behalf of said district, may take by eminent domain under chapter seventy-nine of the General Laws, or acquire by purchase or otherwise, any lands, property, rights-of-way or easements, public or private, in said district necessary for accomplishing any of the purposes of this act.

The board, acting for the district, shall purchase, construct, maintain, operate, lease or otherwise contract for such incinerators, sanitary landfills, necessary equipment or any other facilities as may be required for disposing of refuse and other solid wastes of said district. The board may make contracts or requirements as it may deem necessary for the proper operation of said facilities. No facilities shall be constructed until plans have been approved by the local board of health, under the provisions of section one hundred and fifty A of chapter one hundred and eleven of the General Laws. Any construction, reconstruction or extension of disposal facilities shall be referred to the Central Massachusetts Regional Planning Commission for an advisory opinion as to the proposed facilities relationship to regional and intercommunity consideration and to its coordination with existing local and regional proposals.

No land may be purchased or otherwise acquired as a site for the disposal of refuse and other solid wastes without the approval of the local board of health and the department of public health.

The board may sell by negotiation to the participating members of the district any property, including land, acquired by it hereunder and which in its opinion is no longer needed in the performance of the powers and duties conferred and imposed on it by this act; provided, however, any land is first made available to the town in which it is located, and, in the case of equipment, members shall have a priority of bid purchase at a reasonable price. The board also may from time to time lease any property which in its opinion is not then needed by it for the purposes of this act. The board may enter upon any lands for the purposes of making surveys, borings, and may take by eminent domain under said chapter seventy-nine, or acquire by purchase or otherwise, the right to occupy any land necessary for the carrying out of said purposes.

SECTION 7. The board shall, for the proper and reasonable operation of its works, make regulations as to the quantity and character of any refuse discharged into any disposal facility under its control. The board may prohibit the handling of any industrial refuse if the board determines that such refuse may interfere with or damage the disposal facility or otherwise interfere with its operation and maintenance. The

board shall cause the disposal of such refuse in its own or contracted for special facilities. Special charges may be levied against the producer of such refuse for such disposal by the board.

SECTION 8. No lands, rights-of-way or other easements, property, structures or rights acquired by the district, as herein provided, and located in any town included in the district shall be assessed or taxed by the municipality if yielding no rent, but the district shall annually on July the first pay to the town an amount equal to the tax it would receive upon the fair value of the land in the current year, which shall not include buildings or structures. In the event there is a general reevaluation of the assessed valuation of real property in any city or town of the district, the fair value of the land determined above shall be increased or decreased in the same proportion that the aggregate value of all assessed real properties in the city or town are increased or decreased.

SECTION 9. The district by a two thirds vote of the board, in accordance with section two, is authorized to issue, from time to time, general obligation serial bonds or notes of the district to pay for the costs of capital outlays in connection with the disposing of refuse and other solid wastes of its members including the construction, acquisition and major rehabilitation of incinerators, sanitary landfills, necessary equipment and such other facilities as may be required and including land damages and costs of demolition of existing structures on land so acquired.

Said bonds shall be issued in such amount or amounts as the district acting by and through the board may determine and the district may refund any such bonds or notes. Such serial bonds or notes may be callable with or without premium and shall contain such terms and conditions, bear such rate or rates of interest, be sold in such manner, at public or private sale, and mature at such times and in such amounts so that the amount of such annual payments in any year on account of any such debts, sofar as issued, shall not be less than the amount of principal payable in any subsequent year; and provided that each issue of such bonds or notes shall be payable in annual installments, the first of which shall be payable not later than two years after its date and the last of which shall be payable not later than twenty years from said date.

If the board votes to issue serial bonds or notes, said board may authorize the issuance, in the name of the district, of general obligation temporary notes for a period of not more than two years in anticipation of the money to be received from the sale of such serial bonds or notes. The time within which such serial notes or bonds shall be payable shall not be extended by reason of the making of such temporary loans beyond the time fixed in the order authorizing such serial bonds or notes.

For the purpose of paying expenses of operation, including, without limitation, any principal or interest due or about to become due on any bond or note issued by the district for which funds are not available, the board, by majority vote, in accordance with section two, in the name of the district may issue, from time to time, general obligation temporary notes of the district in anticipation of assessments levied against the members of said district the year in which such notes are issued.

Temporary notes in anticipation of assessments shall be payable not more than one year from their date and shall not exceed in principal amount at any one time outstanding the amount of the assessments in anticipation of which they are issued.

Temporary notes issued under this section for a shorter period than the maximum permitted may be renewed by the issuance of other temporary notes maturing within the required period; provided that the period from the date of issue of the original temporary note to the date of maturity of the renewal note shall not exceed the maximum period for which the original temporary note may have been issued. Such temporary notes or renewal notes may be sold at discount or with interest payable at or before maturity.

Notes or bonds authorized by this section shall be signed by the treasurer and countersigned by the chairman of the board and serial notes and bonds shall have the district seal affixed.

Indebtedness incurred under this section shall not be included in computing the limit of indebtedness of the city of Worcester or of any town included in the district.

SECTION 10. The board shall annually determine the amounts required for the payment of debt and interest of the district which will be due in the ensuing financial year on account of debt issued for the cost of original construction of existing incinerators, sanitary landfills, necessary equipment and associated facilities, and said amount shall be apportioned among the participating member city and towns in the ratio of their particular populations to the total population of the district, according to the latest federal census.

The board shall annually determine the amounts required for the payment of debt and interest of the district which will be due in the ensuing financial year on account of debt issued for the cost of construction of additional incinerators, sanitary landfills, necessary equipment, or any other works as may be required, and said amount shall be apportioned among the participating member city and towns as calculated by formulas and standards established by the board.

Upon the acceptance of this act by an eligible town not previously a member, the apportionments on account of debt and interest charges, as set forth in the two preceding paragraphs, shall be recalculated by the board consistent with the provisions of the two respective paragraphs.

The cost of the maintenance and operation of the district and its works, exclusive of principal payments and interest on bonds and notes issued for construction purposes, shall, until such time as the refuse disposal facilities shall have been in regular operation for a period of three calendar years, be apportioned among the member city and towns in the ratio of their particular populations to the total population of the district, according to the latest federal census.

After the refuse disposal facilities shall have been in regular operation for a period of three calendar years, the board shall apportion costs of maintenance and operation to the member city and towns on the basis of the weighed volume of the previous year entering the district's refuse disposal facilities from each member. Upon acceptance of this act by an eligible town not previously a member and until said town shall have participated in the district's refuse disposal facility for a period of three calendar years the allocation of its maintenance

and operation costs shall be calculated on the basis of population in the manner described in this section, the remaining cost then being allocated to the remaining members on the basis of weighed volume in the manner also described in this section. Cost calculations for periods of less than a full year shall be prorated in accordance with the number of calendar days for which they are applicable.

SECTION 11. The board shall annually determine the amounts required for the payment of principal and interest on such bonds and notes issued or to be renewed by the district which will be due during the ensuing financial year and shall apportion the amounts as determined among the several members of the district in accordance with the provisions of this act, shall also annually determine the amounts necessary to be raised to maintain and operate the district during said year including capital outlay items, the cost of which is not to be funded and for all other matters for which the district is required to raise money and shall apportion among the several members of the district the amounts so determined in accordance with the provisions of this act. Each amount so apportioned for each member shall, prior to December the thirty-first in each year, be certified by the board to the assessors of each member city or town. The assessors of each member city or town shall without further vote include each amount as certified in those amounts to be annually raised by taxes under section twenty-three of chapter fifty-nine of the General Laws. The city or town treasurer shall pay the amount so certified to the treasurer of the district on or before July the first of the then taxable year.

A city or town which has been assessed shall raise the amounts certified annually by the district to the assessors of each city or town, as provided in this act, through equitable and proportional charges against inhabitants, corporations and other users of the service rendered by the district in each town.

Nothing in the procedure for arbitration authorized in section eleven A shall relieve any treasurer of each city or town from making timely payments to the treasurer of the district of the full amounts assessed.

SECTION 11A. In the event that within ninety days of the receipt by the board of assessors of each city or town of any assessment as determined and apportioned above, the appropriate legislative body of the city of Worcester or the board of selectmen of the town, by resolution, may question any fact used in the formulas for determination of the total amount to be apportioned or the apportionment thereof to the city or town and request a review thereof by the board.

The board shall forthwith cause a review of such apportionment and shall publish its findings no later than thirty calendar days from the receipt of such request.

The board or the aggrieved city or town may, by resolution adopted no later than ninety calendar days from the receipt of such findings, submit the questions raised to a fact finding board of arbitration of three persons, not residents of the district, one to be appointed by the aggrieved member, one to be appointed by the board and one to be appointed by the state auditor. The three persons so appointed shall

consider all pertinent data, make such audits, examinations, inquiries and surveys as they deem necessary, and shall submit a finding, which shall be binding on all parties. The cost of such arbitration, if any, shall be paid by the district as an expense of the then current year and assessed to the district and the aggrieved member in a proportion to be determined by the finding. If such finding shall result in an adjustment of the apportionment of the assessment to the city or any town, such adjustment shall be made by the board in the next annual apportionment to be certified to the respective board of assessors.

SECTION 12. To meet the cost of construction, maintenance and operation of the works authorized by this act, the district may file application for, or accept and use, any federal or state funds or any federal or state assistance, or both, provided therefor under any federal or state law, or accept and use any funds from other sources.

SECTION 13. At any time not less than eight years after the acceptance of this act by a member town, said member town may, after approval by two thirds of the qualified voters present and voting at any annual or special town meeting, notify the board of its desire to withdraw from the district. Such withdrawal shall become effective in not less than two years after receipt of such notice by the board. In the event of such withdrawal, the withdrawing members shall:

1. continue to pay annually to the district its share of the debt outstanding at the time of withdrawal, at the rate prevailing at the time of withdrawal, until its share of such debt shall be paid in full;

2. be allowed to purchase from the district such facilities as it may desire and which the board by majority vote may agree to sell; and

3. be reimbursed by the district for the fair value of the land used for such facilities as will remain under the jurisdiction of the district. Such reimbursement may be made in equal installments, with interest at three per cent, annually over the remaining life of the bonded debt outstanding at the time of withdrawal.

Value of any facilities involved in such purchase or reimbursement shall be determined in accordance with methods described in chapter seventy-nine of the General Laws.

SECTION 14. Upon the establishment of the district all employees of the city of Worcester and of the participating towns whose employment is directly related to projects to be taken over by the district may be transferred to the district and shall continue to perform the same duties at a salary not less than theretofore and every employee so transferred who immediately prior to such transfer was subject to section nine A of chapter thirty or to chapter thirty-one of the General Laws under a permanent appointment and who has served a probationary period shall continue to serve subject to the provisions of said section nine A of chapter thirty or sections forty-three and forty-five of said chapter thirty-one as the case may be; whether or not thereafter reclassified, and shall retain all rights to holidays, sick leave and vacations in effect on the effective date of this act; provided, that any person transferred who was not subject to said section nine A of said chapter thirty-one and persons appointed after the effective date of this act shall not be subject to said section nine A of chapter thirty or to any provisions of said chapter thirty-one.

Every employee who upon transfer to the district is covered by the group insurance provided by chapter thirty-two B of the General Laws shall continue in uninterrupted coverage and all other employees of the district are hereby likewise made eligible for said group insurance to the same extent as if they were employees of the commonwealth; provided, that the districts share of the cost of such insurance shall, with respect to the employees of the district, be borne by said district. The district shall forward its contribution, together with all amounts withheld from the salaries or wages of its employees as provided in paragraph (a) of section eight of said chapter thirty-two A and all amounts paid by an employee as provided in paragraph (b) of said section eight, to the state employees group insurance commission at such time and in such manner as said commission may prescribe.

Every employee who immediately prior to being transferred to the district by this section is a member of the retirement system of their city, town or county shall have their retirement rights transferred into the state retirement system. All other employees of the district shall be required to become members of the state retirement system in the same manner and subject to the same laws, rules and regulations as persons entering the employ of the commonwealth. The district shall deduct from the wages of its employees and pay over to the state retirement board such sums as the commonwealth or city or town would deduct and pay over if such person were an employee of the commonwealth or city or town; and at such times as the commissioner of insurance shall from time to time prescribe, the district shall pay to the state retirement board such sums as said commissioner shall from time to time determine the city or town would be obliged to pay if such person were its employee.

Every person who immediately prior to being transferred to the district was subject to the provisions of sections fifty-six to sixty, inclusive, of chapter thirty-two of the General Laws shall continue subject to the provisions of said sections; provided, however, that the words "retiring authority", as used in said section, shall mean the board of said district; and provided further, that the amount of all retirement allowances payable under said sections by virtue of this act shall be paid by the district, and the city or town shall reimburse the district for its proportionate share of the amounts as paid.

SECTION 15. This act may be submitted for approval at any annual or special town meeting of the towns eligible for membership as provided in section one. The question placed on the warrant of such meeting shall be in the form of the following question: "Shall an act passed by the General Court in the year nineteen hundred and seventy-one entitled 'An Act establishing the Upper Blackstone Regional Refuse Disposal District', be accepted?" Such a vote shall be a standing vote of at least a majority of those present and voting. The provisions of this act may be adopted by a majority vote of all of the members of the city council of the city of Worcester.

The provisions of this act shall not take effect until acceptance by the city council of the city of Worcester and by at least one other town. Additional towns may by the acceptance of the provisions of this act join as members of the district as provided in section one.

The initial organization of the board representing the district shall take place within one hundred and eighty days after said required acceptance. If the board does not organize itself and form the district within one hundred and eighty days, the action of the city council and any town meeting accepting the provisions of this act shall be null and void.

SECTION 16. Nothing contained in this act shall be interpreted to authorize the board to construct, operate or maintain the local refuse collection system of each city or town in the district.

(*e*) A certificate of title for a vehicle is not subject to attachment, execution of other judicial process, but this subsection shall not be deemed to prevent a lawful levy upon the vehicle.

Section 11. The certificate of title shall be mailed to the first lienholder named in it or, if none, to the owner.

Section 12. If the registrar is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the registrar may register the vehicle but shall either:

to the applicant's ownership of the vehicle and that there are no undisclosed security interests in it; or

(*b*) As a condition of issuing a certificate of title, require the applicant to file with the registrar a bond in such form as the registrar shall prescribe executed by the applicant, and either accompanied by the desposit of cash with the registrar or also executed by a person authorized to conduct a surety business within the commonwealth.

The bond shall be in an amount equal to one and one half times the value of the vehicle as determined by the registrar and conditioned to indemnify any prior owner and lienholder and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in the commonwealth and the currently valid certificate of title is surrendered to the registrar, unless the registrar has been notified of the pendency of an action to recover on the bond.

Section 13. The registrar shall refuse issuance of a certificate of title if any required fee is not paid or if he has reasonable grounds to believe that:

(*a*) The applicant is not the owner of the vehicle; or

(*b*) The application contains a false or fraudulent statement; or

(*c*) The applicant fails to furnish required information or documents or any additional information the registrar reasonably requires.

Section 14. (*a*) If a certificate of title is lost, stolen, mutilated or destroyed or becomes illegible, the first lienholder or, if none, the owner or legal representative of the owner named in the certificate, as shown by the records of the registrar, shall promptly make application for and may obtain a duplicate upon furnishing information satisfactory to the registrar. The duplicate certificate of title shall contain the legend: "This is a duplicate certificate and may be subject to the rights of a person under the original certificate". It shall be mailed to the first lienholder named in it or, if none, to the owner.

(*b*) The registrar shall not issue a new certificate of title to a transferee upon application made on a duplicate until fifteen days after receipt of the application.

(*c*) A person recovering an original certificate of title for which a duplicate has been issued shall promptly surrender the original to the registrar.

Section 15. (*a*) If an owner of a vehicle for which a certificate of title has been issued under this chapter transfers his interest therein, other than by the creation of a security interest, he shall, at the time of the delivery of the vehicle, execute an assignment and warranty of title to the transferee in the space provided therefor on the certif-

icate, or such other form as the registrar shall prescribe, and cause the certificate and assignment to be mailed or delivered to the transferee or to the registrar.

(*b*) Except as provided in section sixteen, the transferee shall, promptly after delivery to him of the vehicle, execute the application for a new certificate of title in the space provided therefor on the certificate or on such other form as the registrar shall prescribe, and cause the certificate and application to be mailed or delivered to the registrar.

(*c*) Upon request of the owner or transferee, a lienholder in possession of the certificate of title shall, unless the transfer was a breach of his security agreement, either deliver the certificate to the transferee for delivery to the registrar or, upon receipt from the transferee of the owner's assignment, the transferee's application for a new certificate and the required fee, mail or deliver them to the registrar. The delivery of the certificate shall not affect the rights of the lienholder under his security agreement.

(*d*) If a security interest is reserved or created at the time of the transfer, the certificate of title shall be retained by or delivered to the person who becomes the lienholder, and the parties shall comply with the provisions of section twenty-one.

(*e*) Except as provided in section sixteen and as between the parties, a transfer by an owner is not effective until the provisions of this section and section eighteen have been complied with; however, an owner who has delivered possession of the vehicle to the transferee and who has complied with the provisions of this section requiring action by him shall not be held liable in any manner whatsoever after delivery of possession of the vehicle for any damages resulting from operation of the vehicle, nor for any automobile law violation which may occur in such operation, even though no new certificate of title has been issued to the transferee.

Section 16. (*a*) If a dealer buys a vehicle and holds it for resale and procures the certificate of title from the owner or the lienholder within ten days after delivery to him of the vehicle, he need not send the certificate to the registrar but, upon transferring the vehicle to another person other than by the creation of a security interest, shall promptly execute the assignment and warranty of title by a dealer, showing the names and addresses of the transferee and of any lienholder holding a security interest created or reserved at the time of the resale and the date of his security agreement, in the spaces provided therefor on the certificate or as the registrar prescribes, and mail or deliver the certificate to the registrar with the transferee's application for a new certificate.

(*b*) Every dealer shall maintain for five years a record in such form as the registrar shall prescribe of every vehicle bought, sold or exchanged by him, or received by him for sale or exchange, which shall be open to inspection by the registrar, his agents or by any police officer during reasonable business hours.

Section 17. (*a*) If the interest of any owner in a vehicle passes to another other than by voluntary transfer, the transferee shall, except as provided in paragraph (b), promptly mail or deliver to the registrar the last certificate of title, if available, proof of the

transfer, and his application for a new certificate in the form the registrar prescribes.

(*b*) If the interest of the owner is terminated or the vehicle is sold under a security agreement by a lienholder named in the certificate of title, the transferee shall promptly mail or deliver to the registrar the last certificate of title, his application for a new certificate in the form the registrar prescribes and an affidavit made by or on behalf of the lienholder that the vehicle was repossessed and that the interest of the owner was lawfully terminated or sold pursuant to the terms of the security agreement. If the lienholder succeeds to the interest of the owner and holds the vehicle for resale, he need not secure a new certificate of title, but, upon transfer to another person, shall promptly mail or deliver to the transferee or to the registrar the certificate, affidavit and other documents required to be sent to the registrar by the transferee.

(*c*) A person holding a certificate of title whose interest in the vehicle has been extinguished or transferred other than by voluntary transfer shall mail or deliver the certificate to the registrar upon request of the registrar. The delivery of the certificate pursuant to the request of the registrar does not affect the rights of the person surrendering the certificate, and the action of the registrar in issuing a new certificate of title as provided herein is not conclusive upon the rights of an owner or lienholder named in the old certificate.

Section 18. (*a*) An application for a certificate of title shall be accompanied by the required fee when mailed or delivered to the registrar.

(*b*) An application for the naming of a lienholder or his assignee on a certificate of title shall be accompanied by the required fee when mailed or delivered to the registrar.

Section 19. (*a*) The registrar, upon receipt of a properly assigned certificate of title, with an application for a new certificate of title, the required fee and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner and mail it to the first lienholder named in it or, if none, to the owner.

(*b*) The registrar upon receipt of any application for a new certificate of title by a transferee other than by voluntary transfer, with proof of the transfer, the required fee and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner. If the outstanding certificate of title is not delivered to him, the registrar shall make demand therefor from the holder thereof.

(*c*) The registrar shall file and retain for five years every surrendered certificate of title, the file to be maintained so as to permit the tracing of the title of the vehicle designated therein.

Section 20. An owner who scraps, dismantles or destroys a vehicle and a person who purchases a vehicle as scrap or to be dismantled or destroyed shall immediately cause the certificate of title to be mailed or delivered to the registrar for cancellation. A certificate of title of the vehicle shall not again be issued except upon application containing the information the registrar requires, accompanied by a certificate of inspection in the form and content specified in clause (3) of paragraph (c) of section seven.

Section 21. A security interest in a vehicle for which a certificate of title is issued under this chapter is perfected by the delivery to the registrar of the existing certificate of title, if any, an application for a certificate of title containing the name and address of the lienholder and the date of his security agreement and the required fee. It is perfected as of the time of its creation if the delivery is completed within ten days thereafter, otherwise as of the time of the delivery.

The validity and perfection of a security interest in a vehicle subject to such security interest when the vehicle is brought into the commonwealth is to be determined in accordance with the rules in section 9-103 of chapter one hundred and six; provided, however, that if the security interest was already perfected under the law of the jurisdiction where the vehicle was located when the security interest attached and before being brought into the commonwealth and if the vehicle is not covered by a certificate of title issued under a statute of any state which requires indication on the certificate of any security interest in the vehicle as a condition of perfection, the security interest continues perfected in the commonwealth for four months after a first certificate of title of the vehicle is issued in the commonwealth and also thereafter if, within the four month period, it is perfected in the commonwealth.

Section 22. If an owner creates a security interest in a vehicle:—

(*a*) The owner shall immediately execute the application, in the space provided therefor on the certificate of title or on such separate form as the registrar shall prescribe, to name the lienholder on the certificate, showing the name and address of the lienholder and the date of his security agreement, and cause the certificate, application and the required fee to be delivered to the lienholder.

(*b*) The lienholder shall immediately cause the certificate, application and the required fee to be mailed or delivered to the registrar.

(*c*) Upon request of the owner or subordinate lienholder, a lienholder in possession of the certificate of title shall either mail or deliver the certificate to the subordinate lienholder for delivery to the registrar or, upon receipt from the subordinate lienholder of the owner's application and the required fee, mail or deliver them to the registrar with the certificate. The delivery of the certificate does not affect the rights of the first lienholder under his security agreement.

(*d*) Upon receipt of the certificate of title, application and the required fee, the registrar shall either endorse on the certificate or issue a new certificate containing the name and address of the new lienholder and mail the certificate to the first lienholder named in it.

Section 23. (*a*) A lienholder may assign, absolutely or otherwise, his security interest in the vehicle to a person other than the owner without affecting the interest of the owner or the validity of the security interest, but any person without notice of the assignment is protected in dealing with the lienholder as the holder of the security interest and the lienholder remains liable for any obligations as lienholder until the assignee is named as lienholder on the certificate.

(*b*) It is not necessary for the assignee to have the certificate of title endorsed or issued with the assignee named as lienholder in

order to continue the perfected status of the security interest against creditors of and transferees from the owner. The assignee may, however, have the certificate of title endorsed or issued with the assignee named as lienholder, upon delivering to the registrar the certificate and an assignment by the lienholder named in the certificate in the form the registrar prescribes.

Section 24. Upon the satisfaction of a security interest in a vehicle for which the certificate of title is in the possession of the lienholder, the lienholder shall, within ten days after demand and, in any event, within thirty days, execute a release of his security interest, in the space provided therefor on the certificate or as the registrar shall prescribe, and mail or deliver the certificate and release to the next lienholder named therein, or, if none, to the owner or any person who delivers to the lienholder an authorization from the owner to receive the certificate. The owner, other than a dealer holding the vehicle for resale, shall promptly cause the certificate and release to be mailed or delivered to the registrar, who shall release the lienholder's rights on the certificate or issue a new certificate.

Upon the satisfaction of a security interest in a vehicle for which the certificate of title is in the possession of a prior lienholder, the lienholder whose security interest is satisfied shall within ten days after demand and, in any event, within thirty days execute a release in such form as the registrar shall prescribe and deliver the release to the owner or to any person who delivers to the lienholder an authorization from the owner to receive it. The lienholder in possession of the certificate of title shall either deliver the certificate to the owner or the person authorized by him for delivery to the registrar, or, upon receipt of the release, mail or deliver it with the certificate to the registrar, who shall release the subordinate lienholder's rights on the certificate or issue a new certificate.

Section 25. A lienholder named in a certificate of title shall, upon written request of the owner or of another lienholder named on the certificate, disclose any pertinent information as to his security agreement and the indebtedness secured by it.

Section 26. The method provided in this chapter of perfecting and giving notice of security interests in vehicles for which certificates of title are issued under this chapter is exclusive.

Section 27. The registrar shall suspend or revoke a certificate of title, upon notice and reasonable opportunity to be heard in accordance with section thirty, when authorized by any other provision of law, or if he finds that the certificate of title was fraudulently procured or erroneously issued, or that the vehicle has been scrapped, dismantled or destroyed. Suspension or revocation of a certificate of title shall not, in itself, affect the validity of a security interest noted on it. When the registrar suspends or revokes a certificate of title, the owner or person in possession of it shall, immediately upon receiving notice of the suspension or revocation, mail or deliver the certificate to the registrar. The registrar may seize and impound any certificate of title which has been suspended or revoked.

Section 28. The registrar shall be paid the following fees: (1) For filing an application for a first certificate of title, two dollars; (2) For each security interest noted upon a certificate of title, one dollar; (3)

For a certificate of title after a transfer, three dollars; (4) For each assignment of a security interest noted upon a certificate of title, one dollar; (5) For a duplicate certificate of title, three dollars; and (6) For a certificate of search of its records for each name or identifying number searched against, five dollars.

If an application, certificate of title or other document required to be mailed or delivered to the registrar under any provision of this chapter is not delivered to the registrar within ten days from the time it is required to be mailed or delivered, the registrar shall collect, as a penalty, an amount equal to the fee required for the transaction.

Section 29. The registrar shall prescribe and provide suitable forms of applications, certificates of title, notices of security interests and all other notices and forms necessary to carry out the provisions of this chapter. The registrar may make necessary investigations to procure information required to carry out the provisions of this chapter, adopt and enforce reasonable rules and regulations to carry out the provisions of this chapter, and assign a new identifying number to a vehicle if it has none or its identifying number is destroyed or obliterated or its motor is changed, and shall either issue a new certificate of title showing the new identifying number or make an appropriate endorsement on the original certificate.

All officers and employees engaged in carrying out the provisions of this chapter shall be exempt from the provisions of chapter thirty-one of the General Laws.

Section 30. Any person aggrieved by a ruling or decision of the registrar under this chapter shall be entitled to review thereof in accordance with the provisions of section twenty-eight of chapter ninety.

Section 31. Nothing contained in this chapter shall be deemed to impose any liability whatsoever upon the registrar of motor vehicles or upon the commonwealth for any damage which may result from, or be connected with, any act or omission in the issuance of any certificate of title, or in the failure to issue any such certificate.

Section 32. (*a*) Whoever falsely makes, alters, forges or counterfeits a certificate of title, or alters or forges an assignment of a certificate of title, or an assignment or release of a security interest on a certificate of title or a form the registrar prescribes, or has possession of or uses a certificate of title knowing it to have been altered, forged or counterfeited, or uses a false or fictitious name or address, or makes a material false statement or fails to disclose a security interest, or conceals any other material fact, in an application for a certificate of title, shall be punished by a fine of not more than five hundred dollars or by imprisonment in the state prison for not more than five years, or in a jail or house of correction for not more than two years, or both.

(*b*) Whoever with fraudulent intent, permits another, not entitled thereto, to use or have possession of a certificate of title, or wilfully fails to mail or deliver a certificate of title or application therefor to the registrar within ten days after the time required by this chapter, or wilfully fails to deliver to his transferee a certificate of title within ten days after the time required by this chapter, or wilfully violates

any other provision of this chapter, except as provided in paragraph (a), shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than six months, or both.

Section 33. A police officer, as defined in section one of chapter ninety C, who learns of the theft of a vehicle not since recovered, or of the recovery of a vehicle whose theft or conversion he knows or has reason to believe has been reported to the registrar, shall forthwith report the theft or recovery to the registrar. The registrar shall maintain a record of stolen, converted, recovered and unclaimed vehicles reported to it under this section.

An owner or a lienholder may report the theft of a vehicle or its conversion if a crime to the registrar, but the registrar may disregard the report of a conversion unless a warrant has been issued for the arrest of a person charged with the conversion. A person who has so reported the theft or conversion of a vehicle shall, forthwith after learning of its recovery, report the recovery to the registrar.

Dealers who procure, or assist purchasers to procure, certificates of title for vehicles sold by them, may charge the purchasers for such services not more than five dollars for each transaction.

Section 34. A "previously registered vehicle" means a vehicle registered by the registrar when this chapter takes effect or a vehicle whose last registration before this chapter takes effect was by the registrar.

Section 35. This chapter shall not apply to a previously registered vehicle until: (*a*) It is purchased from a dealer in the commonwealth after this chapter takes effect; or (*b*) The registrar issues a certificate of title for the vehicle; or (*c*) The owner creates a security interest in the vehicle after this chapter takes effect; or (*d*) A lienholder who, when this chapter takes effect, has an unperfected security interest in the vehicle notifies or has notified the owner that he wants the security interest perfected; or (*e*) September the first, nineteen hundred and seventy-four.

Section 36. If the registrar is not satisfied that there are no undisclosed security interests, created before this chapter takes effect, in a previously registered vehicle, he may, in addition to the provisions of section ten, issue a distinctive certificate of title of the vehicle containing the legend: "For Registration Purposes Only. This vehicle may be subject to an undisclosed lien" and any other information the registrar prescribes.

Section 37. If a security interest in a previously registered vehicle is perfected under any other applicable law of the commonwealth at the time this chapter takes effect, the security interest continues perfected until its perfection lapses under the law under which it was perfected or until September the first, nineteen hundred and seventy-four, whichever comes first, and thereafter, if previously perfected under this chapter.

Section 38. Nothing contained in this chapter shall be deemed to impair the validity of any certificate of registration issued by the registrar prior to September the first, nineteen hundred and seventy-two or within a period of two years next following said date, regardless of the validity or invalidity of any certificate of title issued in connection therewith.

SECTION 2. The first paragraph of section 2 of chapter 90 of the General Laws is hereby amended by adding the following sentence:— Applicants for registration shall also comply with the provisions of chapter ninety D.

SECTION 3. If any provision of this act or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

SECTION 4. This act shall take effect on September the first, nineteen hundred and seventy-two. *Approved September 9, 1971.*

Chap. 755. AN ACT RELATIVE TO THE SALARIES OF CERTAIN COUNTY EMPLOYEES.

Be it enacted, etc., as follows:

SECTION 2. The salary of each officer and employee in the service of the various counties, except Suffolk, and paid from the treasury thereof, other than an officer or employee with a salary fixed by statute, but including official stenographers whose salaries are fixed under the provisions of chapter six hundred and fifty-two of the acts of nineteen hundred and sixty-six, or an employee whose salary is increased by section one of this act, shall be increased over the rate paid December the thirty-first, nineteen hundred and seventy by an amount equal to six per cent thereof.

SECTION 3. This act shall take effect as of January the first, nineteen hundred and seventy-one.

(This Bill, returned by the governor, to the House of Representatives, the branch in which it originated, with his objections thereto, was passed by the House of Representatives, September 13, 1971, and, in concurrence, by the Senate, September 13, 1971, the objections of the governor notwithstanding, in the manner prescribed by the constitution; and thereby has "the force of a law".)

Chap. 756. AN ACT EXTENDING BENEFITS UNDER THE EMPLOYMENT SECURITY LAW.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to establish for weeks beginning on or after September the nineteenth, nineteen hundred and seventy-one, a program further extending benefits under the employment security law, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 30A of chapter 151A of the General Laws, inserted by section 1 of chapter 866 of the acts of 1970, is hereby amended by adding the following paragraph: —

If the Federal-State Extended Unemployment Compensation Act of 1970 is amended so as to authorize the commonwealth to pay benefits for a period of extended duration beyond that currently provided by this section, the amended provisions of such federal law shall become a part of this section to the extent necessary to authorize the payment of benefits for such extended duration.

SECTION 2. Said chapter 151A is hereby further amended by inserting after section 30A the following section: —

Section 30B. (*a*) An individual who, with respect to his applicable benefit year, has exhausted all the extended benefits to which he is entitled under the provisions of section thirty A shall, except as otherwise provided in this section, be eligible for additional benefits under the same terms and conditions as provided in section thirty A.

(*b*) The weekly benefit amount shall be the amount as was determined under subsection (4) of section thirty A.

(*c*) Except as provided in subsection (d) of this section, the total amount of additional benefits payable to an eligible individual with respect to his applicable benefit year shall be the total amount of extended benefits which were payable to him.

(*d*) No payment shall be made under this section to any individual for any week for which he is receiving, has received or will receive payments in the form of retirement benefits, any part of which was financed by the individual's former employer or employers.

(*e*) The additional benefits provided by this section shall be payable only for weeks during an extended benefit period which is in effect under the operation of a "state 'on' indicator" determined in accordance with the provisions of paragraphs (a), (d) and (e) of subsection (1) of section thirty A.

If at any time the provisions of the last paragraph of section thirty A become operative, no further benefits shall be payable under this section.

SECTION 3. Notwithstanding any provision of this act to the contrary, payments shall be made under section thirty B of chapter one hundred and fifty-one A of the General Laws, inserted by section two of this act, for weeks beginning on or after September the nineteenth, nineteen hundred and seventy-one, and no payments shall be made under said section for any week which begins after March the third, nineteen hundred and seventy-three. *Approved September 15, 1971.*

Chap. 757. AN ACT CLARIFYING THE LAW RELATIVE TO THE GRANTING OF EASEMENTS FOR AIRPORT PURPOSES IN CERTAIN LAND LOCATED WITHIN THE MARTHA'S VINEYARD STATE FOREST.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to expedite the grant of easements to certain land of the Martha's Vineyard State Forest to the county of Dukes County for airport purposes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public safety and convenience.

Be it enacted, etc., as follows:

The first sentence of chapter 762 of the acts of 1970 is hereby amended by inserting after the word "land", in line 3, the words: — located within the Martha's Vineyard State Forest and.

Approved September 16, 1971.

Chap. 758. AN ACT AUTHORIZING THE CITY OF FITCHBURG TO APPROPRIATE MONEY FOR THE PAYMENT OF, AND TO PAY, CERTAIN UNPAID BILLS.

Be it enacted, etc., as follows:

SECTION 1. For the purpose of discharging a moral obligation, the city of Fitchburg may appropriate and pay to the Water Street Merchants Association the sum of five hundred dollars, for part of the expense incurred by said Association in the erection and maintenance of illumination of public streets in the observance and celebration of the Christmas season in the year nineteen hundred and seventy.

SECTION 2. The city of Fitchburg is hereby authorized to appropriate money for the payment of and, after such appropriation, to pay Francis J. Fitzgerald, Veterinarian, in an amount not to exceed three hundred twenty dollars, as set forth in a list on file in the office of the city auditor, for the boarding and care of dogs during the absence of

the city dog officer, which bills are legally unenforceable against the city, by reason of their being in excess of available appropriations, provided that the money so appropriated shall be raised by taxation in the city, and further provided that no bill shall be approved by the city auditor for payment or paid by the treasurer under authority of this section until certificates have been signed and filed with the city auditor, stating under the penalties of perjury that the services for which the bills have been submitted were ordered by an official or an employee of said city and such services were actually performed for and rendered to said city.

SECTION 3. This act shall take effect upon its passage.

Approved September 16, 1971.

Chap. 759. AN ACT TO ASCERTAIN THE WILL OF THE VOTERS OF THE CITY OF LYNN RELATIVE TO THE CONTINUATION OF THE MODEL CITIES PROGRAM IN SAID CITY.

SECTION 4. Said section 6 of said chapter 123, as so appearing, is hereby further amended by striking out paragraphs (*b*) and (*c*) and inserting in place thereof the following paragraph:—

(*b*) Following the filing of a petition for commitment to a facility or to the Bridgewater state hospital, a person, or his nearest relative or guardian on his behalf, shall have a right to a hearing which may be exercised (1) prior to the issuance of such order providing a request for a hearing is filed within fourteen days after the giving of notice by the court, or (2) if the right to a hearing prior to the issuance of such order has not been exercised at any time after the issuance of such order during the valid period of such order. The person may exercise his right to a hearing under clause (2) by notifying the superintendent or medical director, who shall immediately notify the court; and the court shall hold the hearing without delay.

SECTION 5. Said chapter 123 is hereby further amended by striking out section 7, as so appearing, and inserting in place thereof the following section:—

Section 7. (*a*) The superintendent of a facility may petition the district court in whose jurisdiction the facility is located for the commitment to said facility and retention of any patient at said facility whom said superintendent determines that the failure to hospitalize would create a likelihood of serious harm by reason of mental illness.

(*b*) The medical director of the Bridgewater state hospital, the commissioner of mental health, or, with the approval of the commissioner of mental health, the superintendent of a facility, may petition the district court in whose jurisdiction the facility or hospital is located for the commitment to the Bridgewater state hospital of any male patient at said facility or hospital when it is determined that the failure to hospitalize in strict security would create a likelihood of serious harm by reason of mental illness.

(*c*) Whenever a court receives a petition filed under any provisions of this chapter for an order of commitment of a person to a facility or to the Bridgewater state hospital such court shall further notify the person and his nearest relative or guardian of the receipt of such petition and of the right to request a hearing by filing within fourteen days of notice by the court a written request for a hearing. Such notice shall also contain a statement of the right to a hearing after the issuance of the order of commitment as set forth in clause (2) of paragraph (*b*) of section six.

SECTION 6. Section 8 of said chapter 123, as so appearing, is hereby amended by adding the following two paragraphs:—

hearing, provided, that for reasons stated in writing by the court the chief justice of the district courts may extend said ten-day period.

(*f*) The first order of commitment of a person to a facility under this section and the first order of commitment of a person to the Bridgewater state hospital under this section shall be valid for a period of six months, and all subsequent orders of commitment shall be valid for a period of one year. If no hearing is held before the expiration of the six months' commitment, the court may not recommit the person without a hearing.

SECTION 7. Said chapter 123 is hereby further amended by striking out section 9, as so appearing, and inserting in place thereof the following section:—

Section 9. (*a*) Matters of law arising in commitment hearings or incompetency for trial proceedings in a district court may be reviewed by the appellate division of the district courts in the same manner as in civil cases generally.

(*b*) Any person may make written application to a justice of the superior court at any time and in any county, stating that he believes or has reason to believe that a person named in such application is retained in a facility or the Bridgewater state hospital, who should no longer be so retained, giving the names of all persons interested in his confinement and requesting his discharge. The justice within seven days thereof shall order notice of the time and place for a hearing to be given to the superintendent or medical director and to such other persons as he considers proper; and such hearing shall be given promptly before a justice of the superior court in any county. The justice shall appoint an attorney to represent any applicant whom he finds to be indigent. The alleged mentally ill person may be brought before the justice at the hearing upon a writ of habeas corpus, upon a request approved by the justice. Pending the decision of the court such person may be retained in the custody of the superintendent or medical director. If the justice decides that the person is not mentally ill or that failure to retain the person in a facility or the Bridgewater state hospital would not create a likelihood of serious harm, said person shall be discharged. If the justice decides that a patient at the Bridgewater state hospital does not require strict security, he shall be transferred to a facility.

SECTION 8. Section 11 of said chapter 123, as so appearing, is hereby amended by striking out the last two sentences.

SECTION 9. Paragraph (*b*) of section 12 of said chapter 123, as so appearing, is hereby amended by striking out the last three sentences.

SECTION 10. Said section 12 of said chapter 123, as so appearing, is hereby further amended by striking out paragraphs (*d*) and (*e*) and inserting in place thereof the following two paragraphs:—

(*d*) A person shall be discharged at the end of the ten-day period unless the superintendent applies for a commitment under the provisions of sections seven and eight of this chapter or the person remains on a voluntary status.

(*e*) Any person may make application to a district court justice for a ten-day commitment to a facility of a mentally ill person, whom the failure to confine would cause a likelihood of serious harm. After

hearing such evidence as he may consider sufficient, a district court justice may issue a warrant for the apprehension and appearance before him of the alleged mentally ill person, if in his judgment the condition or conduct of such person makes such action necessary or proper. Following apprehension, the court shall have the person examined by a qualified physician. If said physician reports that failure to hospitalize the person would create a likelihood of serious harm by reason of mental illness, the court may order the person committed to a facility for a period not to exceed ten days, but the superintendent may discharge him at any time within the ten-day period.

SECTION 11. Said chapter 123 is hereby further amended by striking out sections 13 and 14, as so appearing, and inserting in place thereof the following two sections:—

Section 13. If the superintendent of any facility determines that failure to retain a male resident therein in strict security would create a likelihood of serious harm by reason of mental illness and that the person's violent behavior constitutes an emergency, he may, with the consent of the commissioner, transfer the person to the Bridgewater state hospital for a period not to exceed five days. At the end of the five days the person shall be returned to the facility unless before the end of the five-day period the superintendent of the facility or medical director of the Bridgewater state hospital has filed a petition for his commitment to the Bridgewater state hospital under sections seven and eight. Such commitment shall not be ordered without a hearing. Such petition shall be brought in the district court of Brockton unless already filed in some other court before the emergency transfer.

Section 14. Whenever the medical director of the Bridgewater state hospital certifies that the failure to retain any person in strict security would not create a likelihood of serious harm by reason of mental illness but that such person is in need of further care and treatment in a facility, he shall request the commissioner to transfer such person to a facility designated by the commissioner. Within thirty days of the receipt of such request the commissioner shall execute the transfer, unless within said period he files a petition under sections seven and eight for the further commitment of the person to the Bridgewater state hospital.

SECTION 12. Section 15 of said chapter 123, as so appearing, is hereby amended by striking out paragraphs (*a*), (*b*), (*c*) and (*d*) and inserting in place thereof the following four paragraphs:—

(*a*) Whenever a court of jurisdiction doubts whether a defendant in a criminal case is competent to stand trial or is criminally responsible by reason of mental illness or mental defect, it may at any stage of the proceedings after the return of an indictment or the issuance of a criminal complaint against the defendant order an examination of such defendant to be conducted by one or more qualified physicians. Whenever practicable, examinations shall be conducted at the court house or place of detention where the person is being held. When an examination is ordered, the court shall instruct the examining physician or physicians in the law for determining mental competence to stand trial and criminal responsibility.

(*b*) After the examination described in paragraph (*a*), the court may order that the person be hospitalized at a public facility or, if such person is [a] male and appears to require strict security, at the Bridgewater state hospital, for a period not to exceed twenty days for observation and further examination, if the court has reason to believe that such observation and further examination are necessary in order to determine whether mental illness or mental defect have so affected a person that he is not competent to stand trial or not criminally responsible for the crime or crimes with which he has been charged. If, before the expiration of such twenty-day period, an examining qualified physician believes that observation for more than twenty days is necessary, he shall so notify the court and shall request in writing an extension of the twenty-day period, specifying the reason or reasons for which such further observation is necessary. Upon the receipt of such request, the court may extend said observation period, but in no event shall the period exceed forty days from the date of the initial court order of hospitalization.

(*c*) At the conclusion of the examination or the observation period, the examining qualified physician or physicians shall forthwith give to the court written signed reports of their findings including the clinical findings bearing on the issue of competence to stand trial or criminal responsibility. Such reports shall also contain an opinion, supported by clinical findings, as to whether the defendant is in need of treatment and care offered by the department.

(*d*) Within five days after the receipt of an observation report on the question of competency to stand trial, or if no observation pursuant to paragraph (*b*) has been ordered within five days after the report on said issue following an examination under paragraph (*a*), the court shall make a finding on the issue of whether the defendant is competent for trial. A finding of incompetence for trial shall require a preponderance of the evidence. Notice of such findings shall be sent to the defendant, his nearest relative or guardian and his counsel. If the court orders or if the defendant or any other person on his behalf within a reasonable time requests a hearing on such finding, a hearing shall be held by the court within fourteen days of the date such finding or such request has been made. In all such hearings, the defendant shall have the right to be represented by counsel and may introduce independent medical testimony. If the defendant is found to be indigent, counsel shall be appointed by the court and an independent psychiatric or other clinical examination, if requested by counsel, may be provided by the court.

SECTION 13. Section 16 of said chapter 123, as so appearing, is hereby amended by striking out paragraphs (*b*), (*c*), (*d*) and (*e*) and inserting in place thereof the following four paragraphs:—

(*b*) During the period of observation of a person believed to be incompetent to stand trial or within sixty days after a person is found to be incompetent to stand trial or not guilty of any crime by reason of mental illness or other mental defect, the district attorney, the superintendent of a facility or the medical director of the Bridgewater state hospital may petition the court having jurisdiction of the criminal case for the commitment of the person to a facility or to

the Bridgewater state hospital. However, the petition for the commitment of an untried defendant shall be heard only if the defendant is found incompetent to stand trial or, if the petitioner is the superintendent of a facility or the medical director of the Bridgewater state hospital, if the criminal charges are dismissed. If the court makes the findings required by paragraph (*c*) of section eight, it shall order the person committed to a facility; if the court makes the findings required by paragraph (*d*) of section eight, it shall order the commitment of the person to the Bridgewater state hospital; otherwise the petition shall be dismissed and the person discharged. An order of commitment under the provisions of this paragraph shall be valid for six months. In the event a period of hospitalization under the provisions of paragraph (*a*) has expired, or in the event no such period of examination has been ordered, the court may order the temporary detention of such person in a jail, house of correction, facility or the Bridgewater state hospital until such time as the findings required by this paragraph are made or a determination is made that such findings cannot be made.

(*c*) After the expiration of a commitment under paragraph (*b*) of this section, a person may be committed for additional one-year periods under the provisions of sections seven and eight of this chapter, but no untried defendant shall be so committed unless in addition to the findings required by sections seven and eight the court also finds said defendant is incompetent to stand trial. All subsequent proceedings for the further commitment of a person committed under this section shall be in the court which has jurisdiction of the facility or hospital.

(*d*) The district attorney for the district within which the alleged crime or crimes occurred shall be notified of any hearing conducted for a person under the provisions of this section or any subsequent hearing for such person conducted under the provisions of this chapter relative to the commitment of the mentally ill and shall have a right to be heard at such hearings.

(*e*) Any person committed to a facility under the provisions of this section may be restricted in his movements to the buildings and grounds of the facility at which he is committed by the court which ordered the commitment. If such restrictions are ordered, they shall not be removed except with the approval of the court. In the event the superintendent communicates his intention to remove or modify such restriction in writing to the court and within fourteen days the court does not make written objection thereto, such restrictions shall be removed by the superintendent. Notwithstanding the provisions of section four no person initially committed to a facility or to the Bridgewater state hospital under this section shall be discharged from a facility or the Bridgewater state hospital unless the superintendent or medical director communicates his intention to discharge such person to the committing court and to the district attorney of the district within which the alleged crime or crimes occurred. If within thirty days of the receipt of such communication neither the court nor the district attorney makes written objection to such discharge, the medical director or the superintendent may discharge

such person. In the event of a written objection by either such district attorney or such court a hearing shall be held by such court and the person shall be discharged unless the court makes the findings required by paragraph (*c*) of section eight in the case of a person committed to a facility or paragraph (*d*) of said section in the case of a person committed to Bridgewater state hospital. In the case of a person committed to said hospital, if the court is unable to make the findings required by paragraph (*d*) of section eight, but makes the findings required by paragraph (*c*) of said section, the court shall order the transfer of the person to a facility designated by the department.

SECTION 14. Paragraph (*f*) of said section 16 of said chapter 123, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:—If a person is found incompetent to stand trial, the court shall send notice to the department of correction which shall compute the date of the expiration of the period of time equal to the time of imprisonment which the person would have had to serve prior to becoming eligible for parole if he had been convicted of the most serious crime with which he was charged in court and sentenced to the maximum sentence he could have received, if so convicted. For purposes of the computation of parole eligibility, the minimum sentence shall be regarded as one half of the maximum potential sentence.

SECTION 15. Section 17 of said chapter 123, as so appearing, is hereby amended by striking out paragraph (*a*) and inserting in place thereof the following paragraph:—

(*a*) The periodic review of a person found incompetent to stand trial shall include a clinical opinion with regard to the person's competence to stand trial, which opinion shall be noted in writing on the patient's record. If any person found incompetent to stand trial is determined by the superintendent of a facility or the medical director of the Bridgewater state hospital to be no longer incompetent, the superintendent or medical director shall notify the court, which shall without delay hold a hearing on the person's competency to stand trial. Any person found incompetent to stand trial may at any time petition the court for a hearing on his competency. Whenever a hearing is held and the court finds that the person is competent to stand trial, his commitment, if any, to a facility or to the Bridgewater state hospital shall be terminated and he shall be returned to the custody of the court for trial. However, if the person requests continued care and treatment during the pendency of the criminal proceedings against him and the superintendent or medical director agrees to provide such care and treatment, the court may order the further hospitalization of such person at the facility or the Bridgewater state hospital.

SECTION 16. Said section 17 of said chapter 123, as so appearing, is hereby further amended by striking out paragraph (*d*).

SECTION 17. Paragraph (*a*) of section 18 of said chapter 123, as so appearing, is hereby amended by striking out the last sentence and inserting in place thereof the following sentence:—An initial court order of commitment issued subject to the provisions of this section

shall be valid for a six-month period, and all subsequent commitments during the term of the sentence shall take place under the provisions of sections seven and eight and shall be valid for one year.

SECTION 18. The first paragraph of section 19 of chapter 125 of the General Laws, as most recently amended by section 6 of chapter 888, is hereby further amended by striking out, in line 5, the words "chapter one hundred and twenty-three" and inserting in place thereof the words:—chapter one hundred and twenty-three or one hundred and twenty-three A.

Be it enacted, etc., as follows:

SECTION 1. Declaration of Emergency. The general court finds and declares that a serious public emergency exists in the city of Waltham

with respect to the housing of a substantial number of the low and moderate income residents of said city, which emergency has been created by housing demolition, an expanding student population, a substantial elderly population, deterioration within the existing housing stock and the national and area economic conditions which have deterred new construction of housing accommodations and placed such new housing above the means of low and moderate income residents. The general court further finds that because of the substantial and increasing shortage of rental housing accommodations abnormally high rents have resulted, and, that unless the residential rents of persons of low and moderate income become subject to review and control on a case basis, such emergency and the further inflationary pressures resulting therefrom will produce serious threats to the public health, safety and general welfare of the residents of Waltham; that such emergency should be met by the commonwealth immediately with due regard for the rights and responsibility of the city of Waltham.

SECTION 2. There is hereby established in the city of Waltham the Waltham Housing Review Board, hereinafter referred to as the board, to review, act upon and to regulate on a case basis conditions affecting rental housing accommodations of low and moderate income residents that are allegedly below existing municipal standards and accommodations in which the rent charge appears to be excessive and inequitable.

The board shall consist of seven members, residents of the city of Waltham, to be appointed by the mayor subject to confirmation by the city council to serve without compensation for a term of one year. In addition to seven said members there shall be seven unpaid associate members, appointed in like manner, with like powers and terms of office. 2. Two tenants
3. Three citizens of Waltham as may be representative of the public at large, none of whom shall be landlord or tenant.

In serving in such capacity no member shall act upon any case wherein he may have a material interest and in the event of such a member shall absent himself from consideration of the case in favor of an associate member in like capacity.

SECTION 4. The jurisdiction of the board shall be limited to a consideration and review of housing units, rented, or continued to be rented, or occupied on or after January the first, nineteen hundred and seventy-one by families or persons of low or moderate income as so defined by federal and state housing legislation, excepting therefrom the following:

5. Rental units in any hospital, convent, monastery, asylum, public institution or college or school dormitory operated exclusively for charitable or educational purposes.

6. Rental units in nursing homes for the aged.

7. Rental units in owner-occupied two or three family houses.

SECTION 5. Such review, action and regulation shall include but not be limited to the following matters:

1. Any alleged violation of the building code or sanitary code of the city of Waltham by either a landlord or a tenant.

2. Any complaint of an unjustified or exorbitant rental increase during a time that a substantial violation of either the building code or the sanitary code exists.

3. Any complaint of an unjustified or exorbitant rental increase effected after January the first, nineteen hundred and seventy-one.

4. Any complaint by a tenant of discrimination practices by a landlord in violation of federal and state legislation.

3. To arrange for and conduct hearings.

4. To summons landlords or tenants or other witnesses.

5. To provide for accurate recording of all hearings, as may be conducted.

6. To make advisory recommendations to both landlord and tenant after review of each matter it considers.

7. To adjust rents in such a manner that landlords receive a fair return on their investment by permitting them a fair net operating income in accordance with standards established by the board, with the approval of the mayor and city council.

8. To promulgate rules, regulations and procedures subject to the approval of the mayor and the city council.

SECTION 7. Any person who may be aggrieved by any action or orders of the board may file a complaint against the board in the second district court of eastern Middlesex, which court shall have original jurisdiction to review and either affirm or reverse such action of the board. Any decision of such district court may be appealed in the same manner as is provided in other civil actions in said court.

SECTION 8. It shall be unlawful for any person to demand, accept, receive or retain any rent for the use of a rental unit in excess of the maximum rent prescribed by the board.

Whoever willfully violates any provision of this act or whoever knowingly makes any false statement or gives any false information to the board shall be punished by a fine of not more than five hundred dollars.

SECTION 9. The need for the board shall be reviewed annually by the mayor and council, but in no event shall its existence be continued after January the first, nineteen hundred and seventy-five without the authority of the mayor and city council.
