(*b*) Any person who procures or causes to be prepared an investigative consumer report on any consumer, shall, upon written request made by the consumer within a reasonable period of time after the receipt by him of the disclosure required by subsection (*a*), make a complete and accurate disclosure of the nature and scope of the investigation requested. This disclosure shall be made in a writing mailed, or otherwise delivered, to the consumer not later than five days after the date on which the request for such disclosure was received from the consumer or such report was first requested, whichever is the later.

(*c*) No person may be held liable for any violation of subsection (*a*) or (*b*) of this section if he proves by a preponderance of the evidence that at the time of the violation he maintained reasonable procedures to assure compliance with subsections (*a*) and (*b*).

Section 54. (*a*) Every consumer reporting agency shall maintain reasonable procedures designed to avoid violations of section fifty-two and to limit the furnishing of consumer reports to the purposes listed under section fifty-one. These procedures shall require that prospective users of the information identify themselves, certify the purposes for which the information is sought and certify that the information will

be used for no other purpose. Every consumer reporting agency shall make a reasonable effort to verify the identity of a new prospective user and the uses certified by such prospective user prior to furnishing such user a consumer report. No consumer reporting agency may furnish a consumer report to any person if it has reasonable grounds for believing that the consumer report will not be used for a purpose listed in section fifty-one.

(*b*) Whenever a consumer reporting agency prepares or disseminates a consumer report it shall follow reasonable procedures to assure maximum possible accuracy of the information concerning the individual about whom the report relates.

Section 55. Notwithstanding the provisions of section fifty-one, a consumer reporting agency may furnish identifying information respecting any consumer, limited to his name, address, former addresses, places of employment or former places of employment, to a governmental agency.

Section 56. Every consumer reporting agency shall, upon request and proper identification of any consumer, clearly and accurately disclose to the consumer:

(*c*) Any consumer reporting agency shall provide trained personnel to explain to the consumer any information furnished to him pursuant to section fifty-six.

(*d*) The consumer shall be permitted to be accompanied by one other person of his choosing, who shall furnish reasonable identification. A consumer reporting agency may require the consumer to furnish a written statement granting permission to the consumer reporting agency to discuss the consumer's file in such person's presence.

(*e*) Except as provided in sections sixty-three and sixty-four, no consumer may bring any action or proceeding in the nature of defamation,

invasion of privacy, or negligence with respect to the reporting of information against any consumer reporting agency, any user of information, or any person who furnishes information to a consumer reporting agency, based on information disclosed pursuant to section fifty-six, fifty-seven or sixty-two except as to false information furnished with malice or willful intent to injure such consumer.

Section 58. (*a*) If the completeness or accuracy of any item of information contained in his file is disputed by a consumer, and such dispute is directly conveyed to the consumer reporting agency by the consumer, the consumer reporting agency shall within a reasonable period of time reinvestigate and record the current status of that information unless it has reasonable grounds to believe that the dispute by the consumer is frivolous or irrelevant. If after such reinvestigation such information is found to be inaccurate or can no longer be verified, the consumer reporting agency shall promptly delete such information. The presence of contradictory information in the consumer's file shall not in and of itself constitute reasonable grounds for believing the dispute is frivolous or irrelevant.

(*b*) If the reinvestigation does not resolve the dispute, the consumer may file a brief statement setting forth the nature of the dispute.

(*c*) Whenever a statement of a dispute is filed, unless there is reasonable grounds to believe that it is frivolous or irrelevant, the consumer reporting agency shall, in any subsequent consumer report containing the information in question, clearly note that it is disputed by the consumer and provide either the consumer's statement or a clear and accurate summary thereof.

(*d*) Following any deletion of information which is found to be inaccurate or whose accuracy can no longer be verified or any notation as to disputed information, the consumer reporting agency shall, at the request of the consumer, furnish notification to any person specifically designated by the consumer who has within two years prior thereto received a consumer report for employment purposes, or within six months prior thereto received a consumer report for any other purpose, which contained the deleted item or disputed information that the item has been deleted or forward to him a copy of the statement or summary provided for in subsection (*b*) or (*c*). The consumer reporting agency shall clearly and conspicuously disclose to the consumer his rights to make such a request. Such disclosure shall be made at or prior to the time the information is deleted or the consumer's statement regarding the disputed information is received.

Section 59. A consumer reporting agency shall make all disclosures pursuant to section fifty-six and furnish all consumer reports pursuant to subsection (*d*) of section fifty-eight without charge to the consumer if, within thirty days after receipt by such consumer of a notification pursuant to section sixty-two or notification from a debt collection agency affiliated by contract or corporate relationship with such consumer reporting agency stating that the consumer's credit rating may be or has been adversely affected, the consumer makes a request under section fifty-six or subsection (*d*) of section fifty-eight, otherwise the consumer reporting agency may impose a reasonable charge on the consumer for making disclosure to such consumer pursuant to section fifty-six the charge for which shall be indicated to the consumer prior

to making disclosure; and for furnishing notifications, statements or summaries to a person designated by the consumer pursuant to subsection (*d*) of section fifty-eight the charge for which shall be indicated to the consumer prior to furnishing such information and shall not exceed the charge that the consumer reporting agency would impose on each designated recipient for a consumer report except that no charge may be made for notifying such persons of the deletion of information which is found to be inaccurate or which can no longer be verified.

Section 60. A consumer reporting agency which furnishes a consumer report for employment purposes and which for that purpose compiles and reports items of information on consumers which are matters of public record and are likely to have an adverse affect upon a consumer's ability to obtain employment shall, at the time such public record information is reported to the user of such consumer report, notify the consumer of the fact that public record information is being reported by the consumer reporting agency, together with the name and address of the person to whom such information is being reported; or maintain strict procedures designed to insure that whenever public record information which is likely to have an adverse affect on a consumer's ability to obtain employment is reported it is complete and up to date. For purposes of this section, items of public record relating to arrests, indictments, convictions, suits, tax liens and outstanding judgments shall be considered up to date if the current public record status of the item at the time of the report is reported. Nothing contained in this section shall permit the use of public record information otherwise prohibited by section fifty-two.

Section 61. Whenever a consumer reporting agency prepares an investigative consumer report, no adverse information in the consumer report, other than information which is a matter of public record, may be included in a subsequent consumer report unless such adverse information has been verified in the process of making such subsequent consumer report, or the adverse information was received within the three-month period preceding the date the subsequent report is furnished.

Section 62. (*a*) Whenever credit or insurance for personal, family, or household purposes or employment involving a consumer is denied or terminated or the charge for such credit or insurance is increased either wholly or partly because of information contained in a consumer report from a consumer reporting agency, the user of the consumer report shall so advise the consumer against whom such adverse action has been taken and supply the name and address of the consumer reporting agency making the report.

(*b*) Whenever credit for personal, family or household purposes involving a consumer is denied or the charge for such credit is increased either wholly or partly because of information obtained from a person other than a consumer reporting agency bearing upon the consumer's credit worthiness, credit standing, credit capacity, character, general reputation, personal characteristics or mode of living, the user of such information shall, within a reasonable period of time, upon the consumer's written request for the reasons for such adverse action received within sixty days after learning of such adverse action, disclose the nature of the information to the consumer. The user of such informa-

tion shall clearly and accurately disclose to the consumer his right to make such written request at the time such adverse action is communicated to the consumer.

(*c*) No person shall be held liable for any violation of this section if he proves by a preponderance of the evidence that at the time of the alleged violation he maintained reasonable procedures to assure compliance with the provisions of subsections (*a*) and (*b*).

Section 63. Any consumer reporting agency or user of information which willfully fails to comply with any requirement imposed under sections fifty to sixty-two, inclusive, with respect to any consumer shall be liable to that consumer in an amount equal to the sum of —

(1) any actual damages sustained by the consumer as a result of the failure;

The remedies provided hereunder shall not be exclusive.

Section 65. An action to enforce any liability created under sections fifty through sixty-four, inclusive, may be brought in any court of competent jurisdiction, within two years from the date on which the liability arises, except that where a defendant has materially and willfully misrepresented any information required to be disclosed to an individual and the information so misrepresented is material to the establishment of the defendant's liability to that individual the action may be brought at any time within two years after discovery by the individual of the misrepresentation.

Revenue credited to said fund shall be used solely for state assistance to cities and towns in accordance with the provisions of clause (*c*) of section thirty-five C of chapter ten.

SECTION 2. Chapter 10 of the General Laws is hereby amended by inserting after section 21, under the caption STATE LOTTERY, the following fifteen sections: —

Section 22. This section and the following fourteen sections shall be known and may be cited as the "state lottery law".

Section 23. There shall be, in the office of the state treasurer, a state lottery commission, hereinafter called the commission, consisting of the state treasurer, the secretary of public safety or his designee, the state comptroller or his designee and two persons to be appointed by the governor for terms coterminous with that of the governor. No more than four members of the commission shall be of the same political party.

The state treasurer shall be the chairman of the commission. Upon the expiration of the term of office of an appointive member, his successor shall be appointed in like manner and shall serve until the qualification of his successor. Any vacancy in the case of appointive members of the commission, occurring for any reason other than the expiration of a term, shall be filled for the unexpired term in the same manner as the original appointment. The members of the commission shall serve without compensation but shall be reimbursed for their expenses actually and necessarily incurred in the discharge of their official duties. The commission shall be provided with quarters in the state house or elsewhere and may travel within and without the commonwealth.

Section 24. The commission is hereby authorized to conduct a state lottery and shall determine the type of lottery to be conducted, the price, or prices, of tickets or shares in the lottery, the numbers and sizes of the prizes on the winning tickets or shares, the manner of selecting the winning tickets or shares, the manner of payment of prizes to the holders of winning tickets or shares, the frequency of the drawings or selections of winning tickets or shares and the type or types of locations at which tickets or shares may be sold, the method to be used in selling tickets or shares, the licensing of agents to sell tickets or shares, provided that no person under the age of twenty-one shall be licensed as an agent, the manner and amount of compensation, if any, to be paid licensed sales agents and such other matters necessary or desirable for the efficient and economical operation and administration of the lottery and for the convenience of the purchasers of tickets or shares and the holders of winning tickets or shares. Each state lottery ticket or share and each coupon or receipt thereof shall have imprinted thereon the state seal and a serial number. The commission may establish, and from time to time revise, such rules and regulations as it deems necessary or desirable and shall file the same with the office of the state secretary.

The commission shall advise and make recommendations to the director regarding the operation and administration of the lottery. The commission shall report monthly to the governor, the attorney general and the general court the total lottery revenues, prize disbursements and other expenses for the preceding month, and shall make an annual report to the same which shall include a full and complete statement of lottery revenues, prize disbursements and other expenses, including such recommendations as it may deem necessary or advisable. The commission shall report immediately to the governor and the general court any matters which require immediate changes in the laws of the commonwealth in order to prevent abuses and evasions of the lottery law or rules and regulations promulgated thereunder or to rectify undesirable conditions in connection with the administration or operation of the state lottery.

The commission is authorized to carry on a continuous study and investigation of said lottery throughout the commonwealth in order (1) to ascertain any defects in the state lottery law or in the rules and regulations issued thereunder whereby any abuse in the administration and operation of the lottery or any evasion of said law or said rules and regulations may arise or be practiced, (2) to formulate recommendations for changes in said law and the rules and regulations promulgated thereunder to prevent such abuses and evasions and (3) to guard against the use of said law and rules and regulations issued thereunder as a cloak for the carrying on of organized gambling and crime.

The commission shall make a continuous study and investigation of the operation and administration of similar laws in other states or countries, of any literature on the subject which from time to time may be published or available, of any federal laws which may affect the operation of the lottery and of the reaction of citizens of the commonwealth to existing and potential features of the lottery with a view to recommending or effecting changes that will tend to better serve and implement the purposes of the state lottery law.

The concurrence of the chairman and of not less than two other members of the commission shall be required for all official actions of the commission. A copy of the minutes of each meeting of the commission, including any rules and regulations adopted by the commission or any amendments thereof, shall be forthwith transmitted, by and under the certification of the secretary thereof, to the governor.

The commission shall have the power to issue subpoenas to compel the attendance of witnesses and the production of documents, papers, books, records and other evidence before it in any matter over which it has jurisdiction, control or supervision. The commission shall have the power to administer oaths and affirmations to persons whose testimony is required.

Section 25. The apportionment of the total revenues accruing from the sale of lottery tickets or shares and from all other sources shall be as follows: — (*a*) the payment of prizes to the holders of winning tickets or shares which in any case shall be no less than forty-five per cent of the total revenues accruing from the sale of lottery tickets; (*b*) the payment of costs incurred in the operation and administration of the lottery, including the expenses of the commission and the costs resulting from any contract or contracts entered into for promotional, advertising or operational services or for the purchase or lease of lottery equip-

ment and materials which in no case shall exceed fifteen per cent of the total revenues accruing from the sale of lottery tickets, subject to appropriation; and (c) the balance to be used for the purposes set forth in clause (c) of section thirty-five.

Section 26. The state treasurer shall, subject to the approval of the governor, appoint a director of the state lottery, hereinafter called the director, who shall serve at the pleasure of the state treasurer, shall devote his entire time and attention to the duties of his office and shall receive such salary as the commission may determine. He shall supervise and administer the operation of the lottery in accordance with the provisions of the state lottery law and rules and regulations made thereunder. He shall, subject to the approval of the commission, appoint such deputy directors and such other professional, technical and clerical assistants and employees as may be necessary; provided, however, that such deputies, assistants and employees shall not be subject to chapter thirty-one or section nine A of chapter thirty. He shall act as secretary and executive officer of the commission and shall license as agents to sell lottery tickets such persons as in his opinion will best serve the public convenience and promote the sale of tickets or shares, provided, however, that no person shall be assigned more than one license to sell lottery tickets or shares. He shall require a bond from every such licensed agent, in such amount as may be provided in the rules and regulations of the commission. Every licensed agent shall prominently display his license or a copy thereof. The director shall confer regularly as necessary or desirable and not less than once every month with the commission on the operation and administration of the lottery, shall make available for inspection by the commission, upon request, all books, records, files and other information and documents of the commission, shall advise the commission and recommend such matters as he deems necessary and advisable to improve the operation and administration of the lottery. He shall suspend or revoke any license for violation of the state lottery law or of the rules and regulations made thereunder. He shall, subject to the approval of the commission and the applicable laws relating to public contracts, enter into contracts for the operation of the lottery, or any part thereof, and into contracts for the promotion of the lottery. No contract awarded or entered into by the director shall be assigned by the holder thereof except with the specific approval of the commission. He shall certify monthly to the state treasurer and the commission a full and complete statement of lottery revenues, prize disbursements and other expenses for the preceding month.

Section 27. No person shall be licensed as an agent to sell lottery tickets or shares if such person engages in business exclusively as a lottery sales agent. Before issuing such license the director shall consider the financial responsibility and security of each applicant for licenses, his business or activity, the accessibility of his place of business or activity to the public, the sufficiency of existing licenses to serve the public convenience and the volume of expected sales. A person licensed as a state lottery sales agent shall not be subject to prosecution for setting up and promoting a lottery or any other crime incidental thereto or for selling or having in his possession lottery tickets or shares in said lottery. Any three persons objecting to the issuance of such a license or any person applying for and being denied such a license may

request and be granted a public hearing by the commission under the provisions of chapter thirty A. No such license shall be issued to which the local municipal licensing board has objected in writing except after a hearing under said chapter thirty A and unless four members of the commission approve the issue of such license, notwithstanding the objection of the local licensing board. No employer shall set up a payroll deduction plan for the purchase of lottery tickets by his employees.

No federal employee and no state, county or municipal employee, or member of the immediate family, as defined in section one of chapter two hundred and sixty-eight A, shall sell or be issued a license to sell lottery tickets. No person shall use a position in public service or a position of private employment in any manner so as to encourage the sale of tickets.

Section 28. No right of any person to a prize drawn shall be assignable, except that payment of any prize drawn may be paid to the estate of a deceased prize winner and except that any person pursuant to an appropriate judicial order may be paid the prize to which the winner is entitled. Neither the commission nor the director shall be liable for the payment of a prize pursuant to this section.

Section 29. No person shall sell a ticket or share at a price greater than that fixed by the commission. No person other than a licensed lottery sales agent shall sell lottery tickets or shares, except that nothing in this section shall be construed to prevent any person from giving lottery tickets or shares to another as a gift.

No ticket or share shall be sold to any person under age eighteen, provided that a person eighteen years of age or older may purchase a ticket or share for the purpose of making a gift to a person under age eighteen.

Whoever violates any provision of this section shall be punished by a fine of not less than one hundred nor more than five hundred dollars.

Section 30. Whoever, with intent to defraud, falsely makes, alters, forges, utters, passes or counterfeits a state lottery ticket or share shall be punished by imprisonment in the state prison for not more than three years or in a jail for not more than two years, or by a fine of not less than one hundred nor more than five hundred dollars.

Section 31. No ticket or share shall be purchased by and no prize shall be paid to any of the following persons: any member or employee of the commission or to any spouse, child, brother, sister or parent residing as a member of the same household in the principal place of abode of any member or employee of the commission.

Section 32. Unclaimed prize money for the prize on a winning ticket or share shall be retained by the director for the person entitled thereto for one year after the drawing in which the prize was won. If no claim is made for said money within such year, the prize money shall be allocated in the same manner as lottery revenues are allocated.

Section 33. The director may make such arrangements for any person, including a bank, to perform such functions, activities or services in connection with the operation of the lottery as he may deem advisable pursuant to the rules and regulations of the commission, for the deposit and handling of lottery funds, and may permit agents to deduct from the proceeds of sales of lottery tickets the agreed amount of compensation for services rendered. Arrangements, and any negotiations precedent to their being contracted or made under this section, shall be open

records, and should be made after such competitive negotiations as the commission finds are practical.

Section 34. If the person entitled to a prize or any winning ticket is under the age of eighteen years, and such prize is less than five thousand dollars, the director may direct payment of the prize by delivery to an adult member of the minor's family or a guardian of the minor of a check or draft payable to the order of such minor. If the person entitled to a prize or any winning ticket is under the age of eighteen years, and such prize is five thousand dollars or more, the director may direct payment to such minor by depositing the amount of the prize in any bank to the credit of an adult member of the minor's family or a guardian of the minor as custodian for such minor. The director shall be discharged of all further liability upon payment of a prize to a minor pursuant to this section.

Section 35. There shall be established and set up on the books of the commonwealth a separate fund, to be known as the State Lottery Fund. Said fund shall consist of all revenues received from the sale of lottery tickets or shares and all other monies credited or transferred thereto from any other fund or source pursuant to law.

The state lottery fund shall be expended only for the following purposes: (a) for the payment of prizes to the holders of winning lottery tickets or shares; (b) for the expenses of the commission in administering and operating the lottery, as certified by the commissioner of administration, and the state treasurer shall transfer said amount to the General Fund; and (c) the balance of said fund, as determined by the comptroller, on June the thirtieth and December the thirtieth of each calendar year, shall be credited to the Local Aid Fund established under the provisions of section two D of chapter twenty-nine, and shall be distributed to the several cities and towns in accordance with the provisions of section eighteen C of chapter fifty-eight.

Section 36. The state auditor shall conduct an annual post-audit of all accounts and transactions of the commission and such other special post-audits as he may deem necessary.

SECTION 3. Chapter 58 of the General Laws is hereby amended by inserting after section 18B the following section: —

Section 18C. The state treasurer, upon certification of the commission and without further appropriation, shall annually distribute to the several cities and towns the amounts credited to the Local Aid Fund, established by section two D of chapter twenty-nine, as follows:

(*a*) The amount to be distributed to each city and town in any calendar year shall be the amount of the "equalizing municipal grant" for such city or town multiplied by the number of persons who reside in such city or town. The "equalizing municipal grant" for such city or town shall be the amount, to the nearest cent, determined by multiplying the amount of ten dollars by an "equalizing municipal percentage". The "equalizing municipal percentage" shall be the proportion, to the nearest tenth of one per cent, which the equalized valuation per person in the commonwealth bears to the equalized valuation per person in the city or town.

For the purposes of this section, the following words shall have the following meanings: —

(*1*) "Equalized valuation per person in the commonwealth", the equalized valuation of all property in the commonwealth subject to

local taxation, as most recently reported by the commission to the general court under the provisions of section ten C, divided by the number of persons who reside in the commonwealth.

(2) "Equalized valuation per person in such city or town", the equalized valuation of all property in such city or town subject to local taxation, as most recently reported by the commission to the general court under said section ten C, divided by the number of persons who reside in such city or town.

(3) "Persons who reside in the commonwealth", the total population of the commonwealth as enumerated in the most recent official state census conducted by the state secretary or in the most recent official federal census, adjusted by the commission to conform as nearly as possible to the same definitions as used in such state census.

(4) "Persons who reside in such city or town", the population of the city or town as enumerated in the most recent official state census conducted by the state secretary or in the most recent official federal census, adjusted by the commission to conform as nearly as possible to the same definitions as used in such state census.

(b) If upon any date of distribution the amount available for distribution under this section is insufficient to make the full distributions required by this section, the distributions thereunder shall be the amount otherwise due each city or town under this section multiplied by a fraction, the numerator of which shall be the amount available for distribution under this section and the denominator of which shall be the total amount otherwise due to the several cities and towns under this section. If upon any date of distribution the amount available for distribution under this section exceeds the amount necessary to make the full distributions required by this section, the distributions thereunder shall be the amount otherwise due each city or town under this section increased by an amount which shall be the total amount available for distribution less the total amount required for distribution multiplied by a fraction, the numerator of which shall be the amount otherwise due to each city or town under this section and the denominator of which shall be the amount otherwise due to the several cities and towns under this section.

SECTION 4. Section 25A of said chapter 58, as appearing in section 66 of chapter 849 of the acts of 1969, is hereby amended by inserting, in line three, after the words "eighteen A" the words: — eighteen B.

(This Bill, returned by the governor, to the House of Representatives, the branch in which it originated, with his objections thereto, was passed by the House of Representatives, September 22, 1971, and, in concurrence, by the Senate, September 27, 1971, the objections of the governor notwithstanding, in the manner prescribed by the constitution; and thereby has "the force of a law".)

Chap. 819. AN ACT CONSOLIDATING, REARRANGING AND REVISING THE LAWS RELATING TO DOMESTIC CORPORATIONS FOR CHARITABLE AND CERTAIN OTHER PURPOSES.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to effect certain changes in the laws relating to domestic corporations for charitable and certain other purposes on October the first, nineteen hundred and seventy-one, which date has been widely publicized among members of the bench and bar as the scheduled effective date for such changes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 155 of the General Laws is hereby amended by striking out section 1, as most recently amended by section 27 of chapter 392 of the acts of 1969, and inserting in place thereof the following section:—

In this chapter, unless the context otherwise requires, "secretary" or "state secretary" means the secretary of the commonwealth.

SECTION 2. Section two A of said chapter one hundred and fifty-five is hereby repealed.

SECTION 3. Chapter 180 of the General Laws is hereby amended by striking out sections 1, 2, 2A, 2B, 3, 4, 5 and 6, inclusive, and inserting in place thereof the following eight sections:—

before March the eleventh, eighteen hundred and thirty-one, and not subject to amendment, alteration or repeal by the general court, or with provisions of any special acts of incorporation enacted after October the first, nineteen hundred and seventy-one.

All corporations existing on October the first, nineteen hundred and seventy-one and their directors, officers, members and stockholders shall be entitled to all the rights, privileges and immunities and be subject to all the liabilities set forth in this chapter to the same extent as corporations formed under this chapter and their directors, officers and members; provided that this chapter shall not take away or impair any remedy which may exist by law against a corporation existing on said date, its directors, officers, members or stockholders, for a liability incurred prior thereto.

All corporations shall be subject to such laws as may be enacted after October the first, nineteen hundred and seventy-one affecting or altering their corporate rights or duties or dissolving them.

The mayor and aldermen, selectmen or police commissioner, upon the receipt of such statement, shall immediately make investigation for the purpose of ascertaining whether any of the proposed incorporators, or officers of the petitioning corporation, or any other persons known to be, or apparently, identified with said proposed or petitioning corporation as members, employees or otherwise, and actually participating or to participate in the management of its affairs, or in the direction of its business, have been engaged in the illegal selling of alcoholic beverages, as defined in section one of chapter one hundred and thirty-eight, or in keeping places or tenements used for illegal gaming, or any other business or vocation prohibited by law, or are persons of ill repute, or whether any location to be occupied is unsuitable, and shall forthwith report to the state secretary all the facts ascertained. If, in his opinion, it appears from said report or otherwise that a probable purpose or probable result of the formation of the proposed corporation or of the proposed change of name or location is or will be to cover or shield any illegal business or practices, or any business not within the scope of the expressed corporate purposes, he shall refuse to issue a certificate of incorporation or approve the change of name or location, as the case may be.

Section 6. A corporation shall have, and may exercise in furtherance of its corporate purposes, the powers specified in paragraphs (*a*) through (*d*), inclusive, and (*k*) of section nine of chapter one hundred and fifty-six B and the power to convey land to which it has a legal title. If and to the extent provided in its articles of organization the corporation shall have, and may exercise in furtherance of its corporate purposes, any one or more or all of the other powers specified in said section nine except in paragraph (*m*) thereof, and also the power specified in section nine A of chapter one hundred and fifty-six B, provided that no such power shall be exercised in a manner inconsistent with this chapter or any other chapter of the General Laws. This chapter shall not limit or reduce any powers of corporations whether general or special existing on October the first, nineteen hundred and seventy-one.

Corporations organized under this chapter or corresponding provisions of earlier laws exclusively for religious purposes shall have the right to purchase, hold, preserve and maintain burial grounds; provided, that no land shall be so used for burial purposes unless such use shall have been permitted and approved in accordance with the provisions of chapter one hundred and fourteen.

Any corporation may hold real and personal estate to an unlimited amount, which estate or its income shall be devoted to the purposes set forth in its charter or articles of organization or in any amendment thereof, and it may receive and hold, in trust or otherwise, funds received by gift or bequest to be devoted by it to such purposes; this provision shall be applicable notwithstanding the specification of a limited amount in any special law.

Any recordable instrument purporting to affect an interest in real estate, executed in the name of a corporation by two of its officers, of whom one is the president or a vice-president and the other is the treasurer or an assistant treasurer, shall be binding on the corporation in favor of a purchaser or other person relying in good faith on such instrument notwithstanding inconsistent provisions of the articles of organization, by-laws, resolutions or votes of the corporation.

Indemnification of directors, officers, employees and other agents of a corporation and persons who serve at its request as directors, officers, employees or other agents of another organization in which it has an interest may be provided by it to whatever extent shall be specified in or authorized by (*i*) the articles of organization or (*ii*) a by-law adopted by the members or (*iii*) a vote adopted by a majority of the members entitled to vote on the election of directors. Except as the articles of organization or by-laws otherwise require, indemnification of any persons referred to in the preceding sentence who are not directors of the corporation may be provided by it to the extent authorized by the directors. Such indemnification may include payment by the corporation of expenses incurred in defending a civil or criminal action or proceeding in advance of the final disposition of such action or proceeding, upon receipt of an undertaking by the person indemnified to repay such payment if he shall be adjudicated to be not entitled to indemnification under this section. Any such indemnification may be provided although the person to be indemnified is no longer an officer, director, employee or agent of the corporation or of such other organization. No indemnification shall be provided for any person with respect to any matter as to which he shall have been adjudicated in any proceeding not to have acted in good faith in the reasonable belief that his action was in the best interests of the corporation. The absence of any express provision for indemnification shall not limit any right of indemnification existing independently of this section. A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or other agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or other agent of another organization, in which it has an interest, against any liability incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to idemnify him against such liability.

Section 6A. A corporation may make, amend and repeal by-laws in the manner prescribed in and subject to sections sixteen and seventeen of chapter one hundred and fifty-six B, substituting members for stockholders. A corporation may prescribe by its by-laws the manner in which and the officers and agents by whom its purposes may be accomplished. Instead of the directors and other officers to be elected

at the first meeting, the corporation may have a board of other officers with the powers of directors and presiding, financial and recording officers with the powers of president, treasurer and clerk.

The clerk shall be a resident of the commonwealth unless the corporation shall have a duly appointed resident agent. Any corporation which shall fail to have either a clerk of the corporation who is a resident of the commonwealth or a duly appointed resident agent shall forfeit not more than five hundred dollars to be recovered in the manner described in section one hundred and thirteen of chapter one hundred and fifty-six B.

Except as otherwise expressly provided, the corporation may by its by-laws determine the manner of calling and conducting its meetings; the number of members which shall constitute a quorum; the mode of voting by proxy; and the tenure of office of the directors and officers and the manner of their election and removal; and may annex suitable penalties to such by-laws, not exceeding twenty dollars for one offence; but no by-law inconsistent with law shall be made by a corporation. Special meetings of the members may be called by the president or by the directors, and shall be called by the clerk or, in the case of the death, absence, incapacity or refusal of the clerk, by any other officer, upon written application of three or more members entitled to vote thereat. In case none of the officers is able and willing to call a special meeting, the supreme judicial or superior court, upon application of three or more members entitled to vote thereat, shall have jurisdiction in equity to authorize one or more of such members to call a meeting by giving such notice as is required by law.

SECTION 4. Said chapter 180 is hereby further amended by striking out section 7 and inserting in place thereof the following two sections:—

Section 7. A corporation may authorize, at a meeting duly called for the purpose, by vote of two thirds of its members legally qualified to vote in meetings of the corporation (or, in the case of a corporation having capital stock, by the holders of two thirds of the capital stock having the right to vote thereon) any amendment of its articles of organization, including a change of its purposes or name, or a restatement of its articles of organization which restatement may affect any permitted amendment; provided that any provision added to or change made in its articles of organization by such amendment could have been included in and any provision deleted thereby could have been omitted from, original articles of organization filed at the time of such meeting; and provided also, that no articles of amendment or restated articles of organization shall be approved and filed by the state secretary (*i*) if as a result thereof the name of a corporation subject to section twenty-six would be changed, until after approval of such change by the state secretary, or (*ii*) if the purposes of any corporation are to be amended to include purposes which are such that the articles of organization of a corporation newly organized under this chapter for such purposes must be approved by any department or officer of this commonwealth as a condition of organization under this chapter, until after approval of the articles of amendment or the restated articles of organization by such depart-

ment or officer. Articles of amendment shall be signed and submitted to the state secretary in the manner prescribed in and subject to section seventy-two of chapter one hundred and fifty-six B, and restated articles of organization shall be signed and submitted to the state secretary in the manner prescribed in and subject to section seventy-four of chapter one hundred and fifty-six B.

Section 7A. A corporation that is unable to comply with section seven or section ten may petition the state secretary for any amendment to its articles of organization, or for a restatement of its articles of organization, authorized by said section seven or for approval of articles of consolidation or merger authorized by said section ten. The petition shall state the relief sought and the reason for inability to comply, shall contain a list of the officers and members of the corporation, sofar as they are known, and shall be signed under the penalties of perjury by an officer or member. The state secretary may require the petitioner to supply information as to what attempt, if any, has been made to secure the vote required to comply with said section seven or said section ten with respect to the proposed action, as well as any other pertinent information, and may direct the petitioner to give further notice to the persons entitled to vote, sofar as they are known, by publication or otherwise, in such manner as he shall specify. If the state secretary becomes satisfied that the proposed action is approved by such persons entitled to vote as have expressed an opinion in relation thereto, or of a reasonable proportion thereof, and if he finds that the petition otherwise conforms to the provisions of law, he shall endorse his approval thereon, and the document shall be filed and otherwise dealt with in accordance with section seven or section ten as the case may be and other applicable provisions of law, and shall be treated in all respects as an amendment to or restatement of the articles of organization or as articles of consolidation or merger as the case may be.

SECTION 5. Said chapter 180 is hereby further amended by striking out sections 9 to 11B, inclusive, and inserting in place thereof the following seven sections:—

Section 9. Any civic, educational, charitable, benevolent, church or cemetery organization created or organized under the laws of the commonwealth, the evidence of the corporate existence of which is not on file in the records of the state secretary by reason of the destruction of records or by reason of the fact that it was organized before such recording was required, may file such evidence with the state secretary. The evidence of corporate existence shall include, sofar as originals are available, copies of agreements of association and articles of organization or similar documents, and a certificate executed by the president, treasurer, clerk and a majority of the directors, setting forth, sofar as known, the history and present status of the corporation and its structure such as would have been disclosed by the filing of the original corporation documents and amendments thereto. The state secretary, if satisfied of its corporate existence, shall endorse his approval upon such copies of the agreement of association and articles of organization or similar documents and upon such certificate, and, upon receipt of a filing fee of five dollars, shall file the same in his office, and shall issue a certificate of incorporation, in such

form as he shall determine, dated as of the earliest date upon which such documents shall indicate the corporation to have been in existence. Any civic, educational, charitable, benevolent, church or cemetery organization to which a certificate of incorporation is so issued shall thereafter comply with the provisions of the general laws relating to similar corporations.

Section 10. Any two or more corporations may consolidate to form a new corporation, or may merge into a single corporation, which may be any of the constituent corporations; and any one or more corporations may consolidate or merge with one or more other corporations organized under the laws of any other state or states of the United States, if the laws of such other state or states permit; the resulting or surviving corporation in the case of any such consolidation or merger to be a corporation having no capital stock organized under this chapter for any one or more of the purposes mentioned in section four. Any such consolidation or merger, carried out in the manner specified in this section, shall have the effect set forth in section eighty of chapter one hundred and fifty-six B.

Such corporations as desire to consolidate or merge shall enter into an agreement of consolidation or merger signed in the manner prescribed in section seventy-eight of chapter one hundred and fifty-six B, which shall set forth:—

(1) the names of the corporations proposing to consolidate or merge, the state of organization of each such constituent corporation not organized under the laws of this commonwealth and the name of the resulting or surviving corporation;

(2) the purposes of the resulting or surviving corporation;

(3) the terms and conditions of the consolidation or merger, including in the case of any constituent corporation having capital stock the method of retiring and cancelling such stock; and

(4) the manner of fixing the effective date of the consolidation or merger, which shall be fixed as provided in said section seventy-eight of chapter one hundred and fifty-six B.

The agreement of consolidation or merger may contain such other provisions as are permitted by section three to be included in the articles of organization of a corporation, together with any provisions deemed necessary or desirable in connection with the consolidation or merger, including without limitation a provision permitting the abandonment thereof, which are not inconsistent with the provisions of this chapter.

The agreement of consolidation or merger shall be adopted by each of the constituent corporations in accordance with the laws of the state in which it is organized and in the case of each constituent corporation organized under the laws of this commonwealth by vote of two thirds of its members legally qualified to vote in meetings of the corporation or, in the case of a constituent corporation having capital stock, by the holders of two thirds of the capital stock having the right to vote thereon at a meeting duly called for the purpose, in the manner prescribed in section seventy-eight of chapter one hundred and fifty-six B.

Unless such agreement is abandoned pursuant to provisions contained therein, articles of consolidation or articles of merger shall be

signed and submitted to the state secretary in the manner prescribed in and subject to section seventy-eight of chapter one hundred and fifty-six B and, in the case of one or more constituent corporations organized under the laws of any other state, section seventy-nine of said chapter one hundred and fifty-six B, and shall become effective as provided in said section seventy-eight of chapter one hundred and fifty-six B; provided, however, that no articles of consolidation or merger shall be approved and filed by the state secretary (*i*) if as a result thereof the name of a constituent corporation subject to section twenty-six would be changed, until after approval of such change by the state secretary, or (*ii*) if the purposes of the resulting or surviving corporation are such that the articles of organization of a corporation newly organized under this chapter for such purposes must be approved by any department or officer of this commonwealth as a condition of organization under this chapter, until after approval of the articles of consolidation or merger by such department or officer.

The resulting or surviving corporation shall within twenty days of the effective date of the consolidation or merger file a copy of the articles of consolidation certified by the state secretary in the registry of deeds in each district within the commonwealth in which real property of any constituent corporation is situated, or in lieu of such certified copy a certificate issued by the state secretary in accordance with the procedure set forth in section eighty-four of chapter one hundred and fifty-six B.

Section 10A. Every corporation shall, except as otherwise provided in this chapter, be subject to sections six, eight, ten, eleven, fourteen, thirty-two, thirty-five, thirty-seven, thirty-eight, forty-three, forty-nine, fifty-six, fifty-seven, fifty-eight, fifty-nine, sixty-eight, sixty-nine, one hundred and two, one hundred and four, one hundred and five, one hundred and six and one hundred and eight of chapter one hundred and fifty-six B, except that:—(*a*) the filing fees provided in section eleven C shall be applicable;

(*b*) the provisions of such sections of chapter one hundred and fifty-six B pertaining to stock and stockholders, shares and classes or series of shares and stock and transfer records, and the like shall, except in the case of a corporation having capital stock outstanding, be applicable as nearly as may be to members, classes of members and records of membership;

(*c*) the definitions of terms provided in this chapter shall be applicable;

(*d*) no corporation may assume a name that is misleading as to its corporate purposes.

Section 11. A corporation which does not constitute a public charity and which desires to close its affairs may, unless otherwise provided in its articles of organization, by the vote of a majority of its members legally qualified to vote in meetings of the corporation, authorize a petition for its dissolution to be filed in the supreme judicial or superior court setting forth in substance the grounds of the application; and after such notice as the court may order and after hearing, the court may decree a dissolution of the corporation. Upon any dissolution in accordance with this chapter, the existence of the corporation shall cease, subject to applicable provisions of law for

continuation to close its affairs, for the appointment of receivers and for revival.

Upon dissolution of a corporation in accordance with this chapter, the clerk of the court in which the decree therefor is entered shall forthwith make return thereof to the state secretary giving the name of the corporation and the date upon which such decree was entered. The state secretary shall thereupon notify the person shown by his records to have last served as clerk of the corporation of the entry of such decree and the date thereof.

Section 11A. A charitable corporation constituting a public charity organized under the provisions of general or special law, which desires to close its affairs, may, by vote of a majority of its board of directors, authorize a petition for its dissolution to be filed in the supreme judicial court setting forth in substance the grounds of the application for dissolution and requesting the court to authorize the administration of its funds for such similar public charitable purposes as the court may determine. The provisions of this section shall constitute the sole method for the voluntary dissolution of any such charitable corporation.

Section 11B. If any charitable corporation described in section eleven A fails to comply for two consecutive years with the provisions of section eight F of chapter twelve requiring the filing of annual financial reports with the office of the attorney general, or if the attorney general is satisfied that such corporation has become inactive and that its dissolution would be in the public interest, the attorney general may petition the supreme judicial court for the dissolution of such corporation, requesting the court to authorize the administration of its funds for such similar public charitable purposes as the court may determine, and the court, after notice by mail or otherwise as it may order, may dissolve such corporation. The attorney general may include as many corporations in a single application as he deems fit, and the court may include in its decree any or all of said corporations. The clerk of the supreme judicial court shall submit to the commissioner of corporations and taxation a list of corporations so dissolved.

Section 11C. (*a*) The fee for filing articles of organization required by section three shall be twenty-five dollars.

(*b*) The fee for filing articles of amendment required by section seven shall be five dollars.

(*c*) The fee for filing restated articles of organization in accordance with section seven shall be twenty-five dollars.

(*d*) The fee for filing a petition in accordance with section seven shall be twenty-five dollars.

(*e*) The fee for filing articles of consolidation or merger in accordance with section ten shall be twenty-five dollars.

(*f*) The fee for the reservation of a name, or the extension of a reservation, shall be two dollars and payment of the fee shall accompany the application.

(*g*) The fee for filing all other certificates, statements or reports required by this chapter shall be five dollars for each certificate, statement or report, unless another filing fee is specifically provided therefor.

The first sentence of section 17 of said chapter 180, as amended by section 6 of chapter 559 of the acts of 1947, is hereby further amended by inserting after the word "treasurer", in line 14, the words:—; except that such by-laws may not restrict the right of the members thereof to offer nominations from the floor at the annual meeting of the corporation nor prevent any member thereof from receiving a copy of the by-laws upon written request, but may require that for such nominations from the floor to be valid a notice signed by not less than seven members, giving the names of such nominees, be first filed with the corporation's recording officer not later than ten days prior to the date of the annual meeting.

SECTION 7. Said section 17 of said chapter 180 is hereby further amended by inserting after the first sentence the following sentence:—If pursuant to the by-laws the report of a nominating committee is sent to the members at least thirty days prior to the date of the annual meeting, the by-laws may require, instead of the foregoing requirement, that the notice of nominations be first filed with the corporation's recording officer within twenty days after the nominating committee's report is sent out.

SECTION 8. The first paragraph of section 26A of said chapter 180 is hereby amended by striking out, in line 3, as appearing in chapter 390 of the acts of 1956, the word "two" and inserting in place thereof the word:—four.

Chap. 820. AN ACT PROVIDING FOR A TAKING OF A CENSUS OF INHABITANTS FOR REDIVISION OF WARDS AND PRECINCTS IN CITIES AND TOWNS IN ACCORDANCE WITH ARTICLE XCII OF THE AMENDMENTS TO THE CONSTITUTION.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide forthwith for the taking of a census of inhabitants for redivision of wards and precincts in cities and towns in accordance with Article XCII of the Amendments to the Constitution, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section six of chapter nine of the General Laws is hereby repealed.

SECTION 2. Said chapter 9 is hereby amended by striking out section 7, as most recently amended by section 1 of chapter 342 of the acts of 1939, and inserting in place thereof the following section:—

Section 7. In nineteen hundred and seventy-one and every tenth year thereafter, the mayor of every city and the selectmen of every town shall cause a census to be made of the inhabitants of their respective cities and towns residing therein on January the first, on forms provided by the secretary, and in accordance with his instructions, and shall return the same under oath to the office of the secretary, on or before December the first following, specifying the number of inhabitants residing in each precinct of each town and in each precinct and ward of each city. In making such census the services and facilities of the registrars of voters and police of a city or town shall be available to the mayor of such city or the selectmen of such town. The secretary may in his discretion verify any such census in such manner as he deems advisable, and for this purpose may inspect the records of any city or town and call upon the mayor or selectmen for such further information as he desires. From the returns so made, with such amendments as the secretary may find necessary to correct any errors or omissions therein, he shall compile the census of inhabitants of each city and town required by Article XCII of the Amendments to the Constitution, shall submit the result thereof to the general court by filing the same with the clerk of the house of representatives as soon as possible thereafter and may publish the results thereof in such form as he may determine.

SECTION 3. Chapter 54 of the General Laws is hereby amended by striking out section 1, as amended by chapter 424 of the acts of 1965, and inserting in place thereof the following section:—

Section 1. In nineteen hundred and seventy-one, no later than October, a city, in which councillors or aldermen are elected by and from the voters of a ward, by vote of its city council, if the existing wards do not contain an equal number of inhabitants, as nearly as may be ascertained, may make a new division of its territory into such number of wards as may be fixed by law and shall at the same time divide each such ward into precincts, as provided in section two. Any such division shall, for the purposes of reporting the census of inhabitants required by Article XCII of the Amendments to the Constitution, take effect as of January the first of said year, but for all other purposes shall take effect only as provided in section four.

In nineteen hundred and eighty, and every tenth year thereafter, in March, a city, by vote of its council, may, or, if the existing wards in such city do not contain as nearly as can be ascertained, an equal number of inhabitants, shall make a new division of its territory into such number of wards as may be fixed by law and shall at the same time divide each ward into such number of precincts as is required by section two. The boundaries of such new wards as are provided for herein shall be so arranged that the wards shall contain as nearly as can be ascertained and as may be consistent with well defined limits to each ward an equal number of inhabitants. The city clerk shall forthwith give written notice to the state secretary of the number and designation of the wards and precincts provided

for in this section and in section two, together with an official description of said wards and precincts.

Beginning in the year nineteen hundred and eighty, if in April in any such year a complaint in writing is filed with the attorney general by ten or more voters of a city, alleging that such city was required to make a new division of the territory thereof into wards under the provisions of the preceding paragraph but has failed to do so within the time herein provided, the attorney general shall, if he is satisfied that the allegations of said complaint are true, not later than the end of the month of May in such year, bring a petition in the name of the commonwealth in the superior court to compel such city to comply with the provisions of this section. Upon such petition the superior court shall have jurisdiction in equity to enforce said provisions and may issue any appropriate orders or decrees it deems necessary to ensure such new division being made not later than November the first of such year.

Except as provided for the year nineteen hundred and seventy-one, any such new division made under the provisions of this section shall, for the purposes of the census of inhabitants in each ward and precinct of such city required by the constitution, take effect on January the first of the year following, but for all other purposes shall take effect only as provided in section four.

SECTION 4. Notwithstanding any authorization or requirement of this chapter, any precinct wherein the inhabitants have been enumerated at a census provided for under Article XCII of the Amendments to the Constitution shall remain unchanged for the purpose of forming representative, senatorial or councillor districts based on said census until the formation thereof as aforesaid, and, if such precinct is within a ward the territory of which in such formation is included in two or more representative, senatorial or councillor districts, shall remain unchanged for the purpose of electing such officers so long as such districts are required by the constitution to be used for such purpose.

SECTION 5. Section three of said chapter fifty-four is hereby repealed.

SECTION 6. Section 4 of said chapter 54, as most recently amended by chapter 412 of the acts of 1937, is hereby further amended by inserting after the word "necessary", in line 17, the words:—; provided, however, that any such new wards and precincts may not be made effective for election purposes in the year nineteen hundred and seventy-one.

SECTION 7. The fifth sentence of section 6 of said chapter 54, as appearing in section 2 of chapter 411 of the acts of 1943, is hereby amended by inserting after the word "adoption", in line 3, the words:—; provided, however, that any such division adopted prior to August of nineteen hundred and seventy-one shall become effec-

tive for purposes of reporting the census taken in accordance with Article XCII of the Amendments to the Constitution forthwith; and, provided further, that no such division shall be made, beginning in the year nineteen hundred and eighty-one, during a year in which such a census is to be taken.

Section 7 of said chapter 54, as most recently amended by section 1 of chapter 267 of the acts of 1947, is hereby further amended by inserting after the word "change", in line 10, the words:—; provided, however, that any such change made prior to August of the year nineteen hundred and seventy-one shall become effective forthwith for purposes of reporting the census taken under the provisions of Article XCII of the Amendments to the Constitution; and, provided further, that no such change shall be made, beginning in the year nineteen hundred and eighty-one, during a year in which such a census is to be taken.

SECTION 9. Section 9 of said chapter 54, as appearing in the Tercentenary Edition, is hereby amended by adding the following sentence:—No such discontinuance shall be effected during a year in which a census is to be taken under the provisions of Article XCII of the Amendments to the Constitution, provided, that any such discontinuance made prior to August of the year nineteen hundred and seventy-one shall be effective hereunder and shall be in effect for the purpose of the reporting of the census required under said amendment.

SECTION 10. Said chapter 54 is hereby further amended by striking out section 9A, as most recently amended by chapter 282 of the acts of 1966, and inserting in place thereof the following section:—

Section 9A. Notwithstanding any authorization or requirement in sections six to nine, inclusive, or in any special law, any precinct wherein a census of inhabitants has been taken under the provisions of Article XCII of the Amendments to the Constitution shall remain unchanged for the purpose of forming representative, senatorial or councillor districts based on said census until the formation of the districts as aforesaid, and if such precinct is in a town the territory of which in such formation is included in two or more representative, or senatorial districts, shall remain unchanged for the purpose of electing representatives and senators so long as such districts are required by the constitution to be used for such purpose. No precinct in any town the territory of which was so divided under the provisions of chapter eight hundred and seventy-seven of the acts of nineteen hundred and sixty-seven shall be changed for purposes of electing representatives while the districts formed under said act are required by the constitution to be used for such purpose.

In the year nineteen hundred and seventy-one, no later than October, the precincts of any town in which town meeting members are elected and which has a population of six thousand or more may be revised by the selectmen thereof, in the manner provided by law for such town, notwithstanding the effective date for final action contained in any such law, and such revision shall be effective for purposes of reporting the census of inhabitants required by Article XCII of the Amendments to the Constitution to be taken in said year.

In the year nineteen hundred and eighty and every tenth year thereafter, in March, the precincts of any town in which town meeting members are elected and which has a population of six thousand or more, which precincts do not contain, as nearly as may be ascertained, an equal number of inhabitants, shall be, and the precincts of any other town may be, revised by the selectmen thereof, in the manner provided by law for such town, for use in the next state census and formation of representative, senatorial and councillor districts; provided, that if a revision of the precincts in any town is required under the provisions of this section, such precincts shall be so revised as to contain, as nearly as may be ascertained, an equal number of inhabitants.

Beginning in the year nineteen hundred and eighty, if, in May of any such year, a complaint in writing is filed with the attorney general by ten or more voters of a town alleging that such town was required to revise its precincts under the provisions of this section but has failed to do so, the attorney general shall, if he is satisfied that the allegations of said complaint are true, not later than the last day of the following June, bring a petition in the name of the commonwealth in the superior court to compel the town to comply with the provisions of this section. Upon such petition the court shall have jurisdiction in equity to enforce said provisions, and may issue any appropriate order or decree which it deems necessary to ensure such revision being made not later than the following November the first. *Approved October 1, 1971.*

The principal and interest of such bonds or notes shall be payable solely from the funds herein provided for such payment. The bonds or notes of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding five years from their date or dates as may be determined by the Authority, and may be made redeemable before maturity at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds or notes. The Authority shall determine the form of the bonds or notes, including interest coupons, if any, to be attached thereto, and the form and manner of execution of the bonds or notes, and shall fix the denomination or denominations of the bonds or notes and the place or places of payment of principal and interest, which may be at any bank or trust company within the commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes or coupons appended thereto shall cease to be such officer before the delivery of such bonds or notes, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds or notes issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code. The bonds or notes may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone, and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The Authority may sell such bonds or notes in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interest of the Authority.

The proceeds of such bonds or notes shall be used solely for the payment of the cost of the project, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide. If the proceeds of such bonds or notes, by error of estimates or otherwise, shall be less than such cost, additional bonds or notes may, subject to the limitation as to aggregate principal amount

hereinbefore provided, in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of the bonds or notes, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds or notes first issued. If the proceeds of the bonds or notes shall exceed the cost of the project, the surplus shall be used for the retirement of such bonds or notes. Prior to the preparation of definitive bonds or notes, the Authority may, under like restrictions, issue interim receipts or temporary bonds or notes, with or without coupons, exchangeable for definitive bonds or notes when such bonds or notes have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost. Bonds or notes may be issued by the Authority under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the commonwealth and without any other proceedings or the happening or any other conditions or things than those proceedings, conditions or things which are specifically required by this act.

The Authority is hereby authorized to provide by resolution for the issuance of refunding bonds or notes of the Authority for the purpose of refunding any bonds or notes that are outstanding and issued under the provisions of this act, including payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds or notes. The issuance of such refunding bonds or notes, the maturities and other details thereof, and the duties of the Authority in respect to the same, shall be governed by the provisions of this act insofar as the same may be applicable, provided that any such refunding bonds or notes shall mature at such time or times not exceeding five years from their dates as may be determined by the Authority and may likewise be refunded pursuant to this section.

Any resolution providing for the issuance of bonds or notes by the Authority may pledge or assign the fees and other revenues to be received by the Authority. Such resolution may contain such provisions for protecting and enforcing the rights and remedies of the bond or note holders as may be reasonable and proper and not in violation of law, and may include covenants setting forth the duties of the Authority in relation to the acquisition, construction, reconstruction, improvement, replacement, maintenance, operation, repair and insurance of the facilities of the Authority, the fees to be charged and the custody, safeguarding and application of moneys of the Authority.

While any bonds or notes issued by the Authority remain outstanding, the powers, duties or existence of the Authority shall not be diminished or impaired in any way that will affect adversely the interests and rights of the holders of such bonds or notes.

All bonds, notes or interim receipts issued under the provisions of this act, and the income therefrom, shall at all times be free from taxation within the commonwealth. *Approved October 1, 1971.*

The district shall not enter upon, construct or lay any aqueduct, conduit, pipe or other works within the location of any railroad corporation except at such time and in such manner as it may agree upon with such corporation, or, in case of failure so to agree, as may be approved by the department of public utilities. Said district may enter upon any lands for the purpose of making surveys, test pits and borings, and may take or otherwise acquire the right to occupy temporarily any lands necessary for the construction of any work or for any other purpose authorized by this act.

SECTION 3. Any person sustaining damages in his property by any taking under this act or any other thing done under authority thereof may recover such damages from the district under chapter seventy-nine of the General Laws; but the right to damages for the taking of any water, water right or water source, or for any injury thereto, shall not vest until water is actually withdrawn or diverted under authority of this act.

SECTION 4. For the purpose of paying the necessary expenses and liabilities incurred for the system of water supply under this act, other than expenses of maintenance and operation, the district may borrow, in addition to amounts authorized by chapter forty-four of the General Laws, from time to time such sums as may be necessary, not exceeding, in the aggregate, three hundred thousand dollars, and may issue bonds or notes therefor, which shall bear on their face the words, Oakwood Heights Water District of Millbury Loan, Act of 1971. Each authorized issue shall constitute a separate loan, and such loans shall be payable in not more than thirty years from their dates. Indebtedness incurred under this act shall be subject to the provisions of chapter forty-four of the General Laws pertaining to such districts.

SECTION 5. The district shall, at the time of authorizing said loan or loans, provide for the payment thereof in accordance with section four; and, when a vote to that effect has been passed, a sum which, with the income derived from water rates, will be sufficient to pay the annual expense of operating its waterworks and the interest as it accrues on the bonds or notes issued as aforesaid by the district, and to make such payments on the principal as may be required under the provisions of this act, shall without further vote be assessed upon the district by the assessors of said town annually thereafter until the debt incurred by said loan or loans is extinguished.

SECTION 6. Any land taken or acquired under this act shall be managed, improved and controlled by the board of water commissioners hereinafter provided for, in such manner as they shall deem for the best interest of the district. All authority vested in said board by this section shall be subject to the provisions of section nine.

SECTION 7. Whenever an appropriation is duly voted by the district for the purpose of this act, the clerk shall send a certified copy of the

vote to the assessors of said town. Any tax required to be assessed by said assessors on property within the district because of such vote shall be assessed in the same manner in all respects in which town taxes are required by law to be assessed; provided, that no estate shall be subject to any tax assessed on account of the system of water supply under this act if, in the judgment of the board of water commissioners hereinafter provided for, after a hearing, due notice whereof shall have been given, such estate is so situated that it can receive no aid in the extinguishment of fire from said system of water supply, or receive no benefit in fire insurance grading therefrom, or both, or if such estate is so situated that the buildings thereon, or the buildings that might be constructed thereon, could not be supplied with water from said system in any ordinary or reasonable manner; but all other estates in the district shall be deemed to be benefited and shall be subject to such tax. A certified list of the estates exempt from taxation under the provisions of this section shall annually be sent by said board of water commissioners to said assessors, at the same time at which the clerk shall send a certified copy of the vote as aforesaid. The assessment shall be committed to the town collector, who shall collect said tax in the manner provided by law for the collection of town taxes, and shall deposit the proceeds thereof with the district treasurer for the use and benefit of said district. The district may collect interest on overdue taxes in the manner in which interest is authorized to be collected on town taxes.

SECTION 8. The first meeting of the voters of the territory included within the boundaries set forth in section one shall be called, on petition of ten or more legal voters therein, by a warrant from the selectmen of said town, or from a justice of the peace, directed to one of the petitioners, requiring him to give notice of the meeting by posting copies of the warrant in two or more public places in the district seven days at least before the time of the meeting. Such justice of the peace, or one of the selectmen, shall preside at such meeting until a clerk is chosen and sworn, and the clerk shall preside until a moderator is chosen. After the choice of a moderator for the meeting the question of the acceptance of this act shall be submitted to the voters, and if it is accepted by a majority of the voters present and voting thereon it shall take effect, and the meeting may then proceed to act on the other articles in the warrant.

SECTION 9. The district shall, after the acceptance of this act as aforesaid, elect by ballot, either at the same meeting at which this act is accepted or at an annual meeting or a special meeting thereafter called for the purpose, three persons, resident taxpayers and voters of said district, to hold office, one until the expiration of three years, one until the expiration of two years, and one until the expiration of one year, from the day of the next succeeding annual district meeting, to constitute a board of water commissioners; and at every annual meeting following such next succeeding annual district meeting one such commissioner shall be elected by ballot for the term of three years. The date of the next annual meeting shall be fixed by by-law or by vote of the board of water commissioners, but in no event shall it be later than fifteen months subsequent to the date on which the water commissioners were first elected. All the authority granted to said district by this act, except sections four and five, and not otherwise specifically provided for, shall be vested in said board of water commissioners, who

shall be subject, however, to such instructions, rules and regulations as the district may by vote impose. At the meeting at which said commissioners are first elected and at each annual district meeting held thereafter, the district shall elect by ballot a clerk and a treasurer of the district, who shall not be a commissioner thereof, and who shall give bond to the district in such an amount as may be approved by the commissioners. A majority of said commissioners shall constitute a quorum for the transaction of business. Any vacancy occurring in said board from any cause may be filled for the remainder of the unexpired term by the district at any legal meeting called for the purpose. No money shall be drawn from the treasury of the district on account of its water works except upon a written order of said commissioners or a majority of them.

SECTION 10. Said commissioners shall fix just and equitable prices and rates for the use of water, and shall prescribe the time and manner of payment. The income of the waterworks shall be appropriated to defray all operating expenses, interest charges and payments on the principal as they shall accrue upon any bonds or notes issued under authority of this act. If there should be a net surplus remaining after providing for the aforesaid charges, it may be appropriated for such new construction as said commissioners may recommend, and in case a surplus should remain after payment for such new construction the water rates shall be reduced proportionately. If in any year there should be a deficit of revenue, the water commissioners shall in the following year fix the rate so as to meet such deficit together with the estimated operating costs including interest and debt. Said commissioners shall annually, and as often as the district may require, render a report upon the condition of the works under their charge, and an account of their doings, including an account of receipts and expenditures.

SECTION 11. The district may adopt by-laws prescribing by whom and how meetings may be called, notified and conducted; and, upon the application of ten or more legal voters in the district, meetings may also be called by warrant as provided in section eight. The district may also establish rules and regulations for the management of its waterworks, not inconsistent with this act or with any other provision of law, and may choose such other officers not provided for in this act as it may deem necessary or proper.

SECTION 12. Whoever wilfully or wantonly corrupts, pollutes or diverts any water obtained or supplied under this act, or wilfully or wantonly injures any reservoir, well, standpipe, aqueduct, pipe or other property owned or used by the district for any of the purposes of this act, shall forfeit and pay to said district three times the amount of damages assessed therefor, to be recovered in an action of tort, and upon conviction of any of the above acts shall be punished by a fine of not more than one hundred dollars or by imprisonment in jail for not more than one year.

SECTION 13. Upon a petition in writing addressed to said commissioners requesting that certain real estate, accurately described therein, located in said town and abutting on said district and not otherwise served by a public water supply be included within the limits thereof, and signed by the owners of such real estate, or a major portion thereof, said commissioners shall cause a duly warned meeting of the district to be called, at which meeting the voters may vote on the ques-

tion of including said real estate within the district. If a majority of the voters present and voting thereon vote in the affirmative the district clerk shall within ten days file with the town clerk of said town and with the state secretary an attested copy of said petition and vote; and thereupon said real estate shall become and be part of the district and shall be holden under this act in the same manner and to the same extent as the real estate described in section one.

SECTION 14. This act shall take full effect upon its acceptance by a majority vote of the voters of the district present and voting thereon at a district meeting called in accordance with the provisions of section eight within three years after its passage, but the number of meetings so called in any one year shall not exceed three.

Be it enacted, etc., as follows:

SECTION 1. Chapter 143 of the General Laws is hereby amended by inserting after section 3S the following three sections: —

Section 3T. The following phrases, as used in sections three U and three V shall, unless the context requires otherwise, have the following meanings: —

"Safety glazing material", any glazing material, such as tempered glass, laminated glass, wire glass or rigid plastic, which meets such test requirements as may be adopted by the department shall, insofar as possible, adhere to the American National Standard known as Z97–1 after notice and hearing as required by chapter thirty A, and which are so constructed, treated or combined with other materials as to minimize the likelihood of cutting and piercing injuries resulting from human contact with the glazing material.

"Hazardous locations", means those installations, glazed or to be glazed in commercial and public buildings, known as framed or unframed glass entrance doors; and those installations, glazed or to be glazed in residential buildings and other structures used as dwellings, commercial buildings and public buildings, known as sliding glass doors,

storm doors, shower doors, bathtub enclosures, and fixed glazed panels adjacent to entrance and exit doors which because of their location present a barrier in the normal path traveled by persons going into or out of these buildings, and because of their size and design may be mistaken as means of ingress or egress; and any other installation, glazed or to be glazed, wherein the use of other than safety glazing materials would constitute an unreasonable hazard as the commissioner may determine after notice and hearing as required by said chapter thirty A, whether or not the glazing in such doors, panels, enclosures and other installations is transparent.

Section 3U. Each light of safety glazing material manufactured, distributed, imported or sold for use in hazardous locations or installed in such a location within the commonwealth shall be permanently labeled by such means as etching, sandblasting, firing of ceramic material on the safety glazing material, or by other suitable means so as to be easily visible and legible. The label shall identify the labeler, whether manufacturer, fabricator or installer, and the nominal thickness and the type of safety glazing material and the fact that said material meets the test requirements of section three T.

Such safety glazing labeling shall not be used on other than safety glazing materials.

Section 3V. Whoever knowingly sells, fabricates, assembles, glazes, installs, consents or causes to be installed glazing materials other than safety glazing materials in, or for use in, any hazardous location shall be punished by a fine of not less than five hundred nor more than ten thousand dollars, or by imprisonment in a jail or house of correction for not more than one year, or both.

The provisions of this section shall not apply to an employee of any person charged with the responsibility of compliance with sections three T and three U.

chapter thirty-one, an oral interview the weight and scope of which shall be determined by the director of the division of civil service, and which shall be conducted by a board of examiners chosen by said director which shall include members of the respective area board. Section twelve A of chapter thirty-one shall not apply to examinations held under this section; provided, however, that in the event of an error in grading said director shall have full authority to make any corrections he may deem necessary. *Approved October 1, 1971.*

Chap. 839. AN ACT PROVIDING FOR THE PERMANENT PROTECTION OF THE COASTAL MARSHES AND INLAND WETLANDS OF THE COMMONWEALTH.

Be it enacted, etc., as follows:

SECTION 1. The director of the division of fisheries and game is hereby authorized and directed to expend a sum not exceeding five million dollars for the acquisition of coastal wetlands and inland wetlands, including the expenses connected therewith and the cost of development and management of areas so acquired, for fish and wildlife conservation purposes. Acquisition may be made by purchase, gift or eminent domain in accordance with the provisions of chapter seventy-nine of the General Laws; provided, however, that eminent domain shall be exercised following approval of the governor and council, and, provided further, that lands situated within the areas covered by this act being actively used for agricultural or wildlife conservation purposes or both shall not, so long as they are within these classifications, be subject to the eminent domain provisions contained herein. When eminent domain is contemplated or considered necessary, said director shall submit to the city council or the board of selectmen of the city or town where the land in the proposed taking is located a copy of the order of taking, a plan showing the area involved and a list of the owners within the area of the proposed taking, said list having been compiled from the latest records of the assessors office in each community involved. Said city council or board of selectmen may accept or reject the proposed taking by a majority vote; provided, however, that if the city council or board of selectmen does not act within thirty days of the receipt of the order of taking and the plan, the proposed taking shall be considered approved and said director shall proceed with the taking. As used in this act, "coastal wetlands" shall mean coastal wetlands as defined in section one hundred and five of chapter one hundred and thirty of the General Laws, and "inland wetlands" shall mean inland wetlands as defined in section forty A of chapter one hundred and thirty-one of the General Laws.

SECTION 2. Lands bordering on coastal wetlands and inland wetlands deemed necessary by the director for the conservation of wildlife and inland fisheries resources may be acquired under the provisions of this act except that they will be exempt from the eminent domain provisions.

SECTION 3. Lands acquired under this act shall be considered to be in public ownership and are hereby exempted from any orders promulgated in accordance with the provisions of section one hundred

and five of chapter one hundred and thirty and section forty A of chapter one hundred and thirty-one of the General Laws.

SECTION 4. The director, in accordance with the provisions of section thirty-seven of chapter thirty and section two of chapter thirty A of the General Laws, shall make such rules and regulations as he deems necessary for the management of areas acquired under the provisions of this act.

SECTION 5. The director is hereby authorized to apply for and expend without further appropriation any and all federal funds which are now available or which will be made available for the purposes as set forth in this act.

SECTION 6. The assessed value which has been established by the local board of assessors as of January the first of the year preceding the year any lands or waters are acquired shall be the assessed value on the day and date title to said lands or waters passes to the commonwealth; said valuation shall remain unchanged until such time as a reevaluation is authorized by the general court.

SECTION 7. Nothing in this act shall prohibit or restrict the exercise or performance of the powers and duties conferred or imposed by law upon the state reclamation board or any mosquito control or other project acting under or authorized by chapter two hundred and fifty-two of the General Laws.

SECTION 8. Funds provided in this act shall be for the purposes defined in section one and shall not be subject to the provisions of section twenty-two of chapter six A of the General Laws, inserted by section three of chapter seven hundred and four of the acts of nineteen hundred and sixty-nine, provided that no expenditure shall be made for consultant services, so-called, or services coded in accordance with the expenditure code manual under the subsidiary title "03 Services—Non-employees" unless the rate of compensation for such services shall have been approved by the commissioner of administration. Said commissioner shall, immediately upon the approval of any such rate or rates, file copies of the schedules or approved rates with the comptroller and with the house and senate committees on ways and means. Before engaging such consultant services under said subsidiary title "03", as so coded, as "Professional", said division shall certify to the budget director that funds are available for the purpose and shall then file a statement of intent with the budget director, the comptroller and the house and senate committees on ways and means. Such statement shall include the rate of compensation, the period of time for which the services are to be engaged or scope of work to be done and such other pertinent information as may be necessary to establish the maximum limit of the commonwealth's obligation.

SECTION 9. To meet the expenditure necessary in carrying out the provisions of this act, the state treasurer shall, upon request of the governor, issue and sell at public or private sale bonds of the commonwealth, registered or with interest coupons attached, as he may deem best, to an amount to be specified by the governor from time to time, but not exceeding, in the aggregate, the sum of five million dollars. All bonds issued by the commonwealth, as aforesaid, shall be designated on their face, Coastal Wetlands and Inland Wetlands Capital Outlay Loan, Act of 1971 and shall be on the serial

payment plan for such maximum term of years, not exceeding ten years, as the governor may recommend to the general court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, maturities thereof to be arranged so that the amounts payable in the several years of the period of amortization other than the final year shall be as nearly equal as in the opinion of the state treasurer it is practicable to make them. Said bonds shall bear interest semiannually at such rate as the state treasurer, with the approval of the governor, shall fix. The initial maturities of such bonds shall be payable not later than one year from the date of issue thereof and the entire issue not later than June the thirtieth, nineteen hundred and eighty-six.

SECTION 10. All interest payments and payments on account of principal on the bonds authorized by this act shall be paid as follows: twenty per cent from the state recreation areas fund, to be assessed by methods fixed by law; twenty per cent from the public access fund; twenty per cent from the inland fisheries and game fund; twenty per cent from the tourism and industrial promotion fund; and twenty per cent from the harbors and inland waters maintenance fund.

Approved October 6, 1971.

Chap. 840. AN ACT ESTABLISHING A SYSTEM OF SCENIC AND RECREATIONAL RIVERS AND STREAMS IN THE COMMONWEALTH.

Be it enacted, etc., as follows:

Chapter 21 of the General Laws is hereby amended by inserting after section 17A the following section:—

Section 17B. The commissioner, with the approval of the board of natural resources, may from time to time, for the purpose of promoting the public safety, health and welfare and protecting public and private property, wildlife, fresh water fisheries and irreplaceable wild, scenic and recreational river resources, adopt, amend, modify or repeal orders regulating, restricting or prohibiting dredging, filling, removing or otherwise altering, or polluting the scenic and recreational rivers and streams of the commonwealth. The notice required by section two of chapter thirty A as a condition precedent to the adoption or amendment of any regulation shall be given to each assessed owner of any land on the banks of any such river or stream. In this section, the term "scenic and recreational rivers and streams of the commonwealth" shall mean rivers and streams of the commonwealth or portions thereof, and such contiguous land not to exceed one hundred yards on either side of the natural bank of such river as the commissioner reasonably deems it necessary to protect by any such order.

Upon adoption of any such order or any order amending, modifying or appealing the same, the commissioner shall cause a copy thereof, together with a plan of the river or stream or portion thereof affected and a list of the assessed owners of such lands, to be recorded in the registry of deeds for the county wherein said river or stream is located and shall mail a copy of such order and plan to each assessed owner of such lands affected thereby. Such order shall not be subject to the provisions of chapter one hundred and eighty-four. Any person

who violates any such order shall be punished by a fine of not less than ten dollars nor more than one hundred dollars, or by imprisonment for not more than six months, or both.

The superior court shall have jurisdiction in equity to restrain violations of such orders.

Any person having a recorded interest in land affected by any such order may, within ninety days after receiving notice thereof, petition the superior court to determine whether such order unreasonably restricts the use of his property as to deprive him of the practical uses thereof and which constitutes an unreasonable exercise of the police power so as to become the equivalent of a taking without compensation. If the court finds the order to be unreasonable, the court shall enter a finding that such order shall not apply to the land of the petitioner; provided, however, that such finding shall not affect any other land than that of the petitioner. The commissioner shall cause a copy of such finding to be recorded forthwith in the proper registry of deeds or, if the land is registered, in the registry district of the land court. The method provided in this paragraph for the determination of the issue of whether any such order constitutes a taking without compensation shall be exclusive, and such issue shall not be determined in any other proceeding nor shall any person have a right to petition for the assessment of damages under chapter seventy-nine by reason of the adoption of any such order.

The department may, after a finding has been entered that such order shall not apply to certain land as provided in the preceding paragraph, take the fee or any lesser interest in such land in the name of the commonwealth by eminent domain under the provisions of chapter seventy-nine and hold the same for the purposes set forth in this section.

No action by the commissioner or the department under this section shall prohibit, restrict or impair the exercise or performance of the powers and duties conferred or imposed by law on the department of public works, the state reclamation board or any mosquito control or other project operating under or authorized by chapter two hundred and fifty-two. No order adopted under the provisions of this section shall be deemed to invalidate any order imposed prior thereto by the department of natural resources pursuant to section twenty-seven A of chapter one hundred and thirty or of section forty, forty A or one hundred and five of chapter one hundred and thirty-one.

Costs incurred under this section including, but not limited to, the acquisition of lands or interests therein, awards of damages, surveying and mapping, the preparation of designation plans, printing of reports, conducting of public hearings and expenses incidental thereto may be paid in accordance with the provisions of section seventeen of chapter twenty-one. *Approved October 6, 1971.*

Chap. 841. AN ACT AUTHORIZING THE MASSACHUSETTS AERONAUTICS COMMISSION TO PROVIDE FOR INSURANCE FOR THE INDEMNIFICATION AND PROTECTION OF PILOTS OF AIRCRAFT UNDER ITS CARE, CUSTODY AND CONTROL.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide immediate and adequate insurance

coverage of the pilots of the aircraft operated by the Massachusetts aeronautics commission, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public welfare and convenience.

Be it enacted, etc., as follows:

Section 57 of chapter 6 of the General Laws is hereby amended by inserting after the third paragraph the following paragraph:—

The commission may pay a proper charge for effecting insurance providing for the indemnification and protection of a pilot of the aircraft under its custody, care and control, for expenses or damages incurred by him in the defense or settlement of claims against him for bodily injuries, death or for damage to property arising out of his operation of such aircraft while acting within the scope of his official duties or employment. *Approved October 7, 1971.*

Chap. 842. AN ACT ESTABLISHING A MASSACHUSETTS FIRE TRAINING COUNCIL, A BUREAU OF FIRE TRAINING IN THE DIVISION OF OCCUPATIONAL EDUCATION AND A MASSACHUSETTS FIRE-FIGHTING ACADEMY.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to provide forthwith for the establishment of certain fire training facilities by the commonwealth for the purpose of the planning and operation of necessary fire training programs throughout the commonwealth, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public health, safety and convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 6 of the General Laws is hereby amended by inserting after section 163, added by chapter 579 of the acts of 1971, under the caption MASSACHUSETTS FIRE TRAINING COUNCIL, the following two sections:—

Section 164. There shall be a Massachusetts fire training council, hereinafter called the council, to consist of seven members to be appointed by the governor, three of whom shall be fire chiefs selected from a list of nine names submitted by the Fire Chiefs Association of Massachusetts and of whom one shall represent a fully paid fire department, one a partially paid part-call fire department and one a full-call fire department, one of whom shall be selected from a list of three names submitted by the Massachusetts Institute of Fire Department Instructors, who is a fire department training instructor holding an officer's rank, but is not a fire chief, one of whom shall be a firefighter selected from a list of three names submitted by the Associate Firefighters Union of Massachusetts who is not a fire officer and two of whom shall be citizens of the commonwealth. The associate commissioner of occupational education in the department of education and the chief of fire training shall be ex officiis members of the council. Members shall be appointed for terms of three years, except that the terms of the first appointments shall be three members for one year, two members for two years and two members for three years. Subsequent appointments shall be made in the same manner,

except that only three names shall be submitted by the Fire Chiefs Association of Massachusetts. No person shall be appointed to serve more than two full terms and prior service on said council for a term of less than two years resulting from an initial appointment or an appointment for the remainder of an unexpired term shall not constitute a full term. Members shall hold office until a successor is appointed and no appointive member shall serve beyond the time he ceases to hold office or employment by reason of which he was eligible for appointment to the council.

The members of the council shall serve without compensation, but shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties.

The council shall meet regularly each month, except that the chairman, with council approval, may omit meetings in July and August and the chairman or the governor may call additional meetings at other times, of which all members shall be given in writing at least five days notice. If any member is absent from three regularly scheduled meetings, exclusive of July and August, in any calendar year, his office as a member shall be deemed vacant. The chairman of the council shall make an annual report to the governor and the board of education and include in such report its recommendations for appropriate legislation.

Section 165. The council shall consult with and advise the bureau of fire training in the division of occupational education relative to the following matters:—

(1) The establishment of a minimum firefighting training standard for recruit firefighters and a minimum uniform training curriculum for all other levels of fire service personnel.

(2) The establishment of minimum requirements for instructors employed in the bureau of fire training.

(3) The location of the Massachusetts Firefighting Academy and area training centers.

(4) The establishment of standards and procedures for approving facilities of employing agencies desirous of conducting training under the bureau.

The council may provide such necessary services to local fire training centers meeting the established standards as are beyond their capacity to provide.

The council shall consult and cooperate with any employing agency, the division of civil service, state university, college, community college, regional vocational school or other educational institution concerning the development of firefighter training standards and facilities.

The council shall annually review all standards, courses and curriculum offered by the bureau.

SECTION 2. The sixth paragraph of section 1F of chapter 15 of the General Laws, as appearing in section 1 of chapter 837 of the acts of 1969, is hereby amended by adding after clause (7) the following clause:—

(8) To establish a bureau of fire training which shall operate a training school for firefighters to be known as the Massachusetts Firefighting Academy, and which shall be the sole agency of the com-

monwealth responsible for the training of firefighters. Said bureau shall be directed by a chief of fire training who shall be appointed by the board of education. Said bureau, with approval of the Massachusetts fire training council, may accept for any of its purposes and functions any donations of property and grants of money from any governmental unit, public agency, institution, person, firm or corporation. Said grants shall be kept in a separate fund by the state treasurer and shall be disbursed by the state treasurer at the direction of said council.

SECTION 3. The provisions of this act shall not apply to any city or town which has established fire training facilities and is employing full-time fire training personnel prior to its effective date.

Approved October 7, 1971.

Chap. 843. AN ACT ESTABLISHING THE HOUSING COURT OF THE CITY OF BOSTON.

Be it enacted, etc., as follows:

SECTION 1. The General Laws are hereby amended by inserting after chapter 185 the following chapter:—

CHAPTER 185A.

HOUSING COURT OF THE CITY OF BOSTON. JURISDICTION AND POWERS.

Section 1. There shall be in the city of Boston, in this chapter called the city, a court of the commonwealth known as the housing court of the city of Boston, in this chapter called the housing court.

Section 2. The housing court shall be a court of superior and general jurisdiction with reference to all cases and matters within its jurisdiction; and no order, decree, judgment, sentence, warrant, writ or process made, issued or pronounced by it need set out any adjudication or circumstances with greater particularity than would be required in other courts of superior and general jurisdiction, and the like presumption shall be made in favor of proceedings of the housing court as would be made in favor of proceedings of other courts of superior and general jurisdiction. The housing court shall be a court of record. Writs, subpoenas, citations, orders, notices, executions and all other processes issued by the housing court shall be under the seal of the housing court, signed by the clerk, temporary clerk or an assistant clerk, and bear the teste of the judge, and shall run throughout the commonwealth.

Section 3. The housing court shall have jurisdiction, concurrent with the district courts and the superior court, of all crimes, and of all civil actions, arising within the city under sections fourteen and eighteen of chapter one hundred and eighty-six and under so much of sections one hundred and twenty-seven A to one hundred and twenty-seven F, inclusive, and sections one hundred and twenty-seven H to one hundred and twenty-seven K, inclusive, of chapter one hundred and eleven, so much of section sixteen of chapter two hundred and

seventy, so much of chapters one hundred and forty-three, one hundred and forty-eight and two hundred and thirty-nine, and so much of any other general or special law, ordinance, rule or regulation as is concerned with the health, safety or welfare of any occupant of any place used, or intended for use, as a place of human habitation, including, without limiting the generality of the foregoing, so much of chapter four hundred and seventy-nine of the acts of nineteen hundred and thirty-eight and of acts and ordinances in amendment thereof, and so much of the provisions of ordinances validated and confirmed by chapter three hundred and fourteen of the acts of nineteen hundred and sixty-two and of ordinances made under said chapter as is so concerned. The housing court shall also have jurisdiction in equity, concurrent with the district courts, the probate courts, the superior court and the supreme judicial court, of all cases and matters so arising.

In all matters within its jurisdiction, the housing court shall have all the powers of the superior court in actions at law and suits in equity, including the power to grant temporary restraining orders and preliminary injunctions as justice and equity may require. The housing court shall have like power and authority for enforcing orders, sentences and decrees made or pronounced in the exercise of any jurisdiction vested in it, and for punishing contempts of such orders, sentences and decrees and other contempts of its authority, as are vested for such or similar purposes in the supreme judicial or superior court.

Section 4. The housing court shall hold its sittings in Boston; and suitable rooms for the sittings of the housing court and for the officers thereof shall be provided in the Suffolk county court house. With, in each instance, the approval of the assistant commissioner of real property of the city, space may be provided for sittings of the housing court in such other court houses in the city as may from time to time be expedient or convenient. The judge of the housing court may keep order therein.

Section 5. The housing court shall always be open and the business thereof, or of the judge thereof, may be transacted at any time; but such business shall not, except as provided in section six of chapter two hundred and twenty, be transacted on Saturday or Sunday or on a legal holiday unless it relates to an application which, in the opinion of the judge to whom it is made, is of pressing necessity; provided, that, if the convenience of the public so requires, the housing court shall be open for the transaction of business on such Saturdays, not legal holidays, and during such hours thereof, as the judge may determine.

Section 6. The housing court shall have a seal which shall be in the custody of its clerk, and shall be affixed to all processes issued by the housing court requiring a seal.

Section 7. The housing court shall from time to time make general rules and forms for procedure, which, before taking effect, shall be approved by the supreme judicial court or a justice thereof.

Section 8. The housing court shall have one judge, who shall be a resident of the city and a member of the bar. He shall devote his entire time during ordinary business hours to his duties, and shall not,

directly or indirectly, engage in the practice of law. In case of a vacancy in the office of judge, or of his illness or absence, his duties shall be performed by such associate or special justice of the municipal court of the city of Boston as the chief justice thereof may from time to time designate. The judge shall receive a salary of twenty-six thousand four hundred dollars a year or such other sum as shall from time to time be fixed by the city council of the city, with the approval of the mayor of the city, but in no event more than the annual salary of an associate justice of the superior court.

Section 9. The housing court shall have a clerk, who shall be appointed by the governor and shall hold office during good behavior, subject, however, to retirement under the provisions of any applicable general or special law relative to retirement systems.

Section 10. In case of the absence, death or removal of the clerk, the judge may appoint a temporary clerk, to act until the clerk resumes his duties or until the vacancy is filled. A temporary clerk shall be paid for each day's service an amount equal to the rate by the day of the minimum compensation of the clerk as established under sections forty-nine to fifty-six, inclusive, of chapter thirty-five; but compensation so paid to a temporary clerk for service in excess of thirty days in any one year shall be deducted from the salary of the clerk; provided, however, that if a clerk is absent due to illness or physical disability for a period not exceeding thirty days in any year, in addition to said thirty days, he shall be deemed to be on sick leave and no such deduction shall be made. Such thirty days sick leave or any portion thereof not used in any year may be accumulated, but shall, in any event, not exceed one hundred and eighty days in any consecutive six-year period. If the person so appointed holds an office or position the salary or compensation for which is paid out of the treasury of the commonwealth, or of a county, or of a city or town, he shall not receive the salary or compensation of both offices or positions during the period of such temporary service.

Section 11. The clerk may, subject to the approval of the judge, appoint such number of assistant clerks as the city council of the city, with the approval of the mayor of the city, may from time to time determine. All powers conferred by statute upon the clerk may be exercised, subject to the control of the clerk, by an assistant clerk. The clerk shall be responsible for all official acts of the assistant clerks; and they shall be removable at the pleasure of the clerk or of the judge.

Section 12. The clerk, any temporary clerk and all assistant clerks shall be sworn; and in the case of any temporary clerk and of every assistant clerk, the oath of office shall be administered by the judge who shall, upon administering the same, forthwith make return of such act with the date thereof to the state secretary.

Section 13. The clerk, any temporary clerk and every assistant clerk, before entering upon the performance of his official duties, and thereafter, at intervals of not more than one year, so long as he continues to hold such office, shall give to the city a bond, conditioned to perform faithfully his official duties, with a surety company, authorized to transact business in the commonwealth as surety, in a sum approved by the judge, but in no event less than five thousand

dollars. Failure to give such bond shall be sufficient cause for his removal.

Section 14. The clerk, temporary clerk and assistant clerks or one of them shall attend all sessions of the housing court and shall keep a record of all its proceedings. The clerk shall have the care and custody of all the records, books and papers appertaining to, or filed or deposited in, his office. The clerk shall make and issue writs and processes, shall make returns of the housing court, tax bills of costs and receive fines, forfeitures, fees and costs accruing from the civil and criminal business of the housing court, including fees for blanks and copies. The clerk shall have such other powers and duties as the judge may from time to time order. The clerk shall be allowed annually for clerical assistance such amount as the city council of the city, with the approval of the mayor of the city, may approve.

The clerk and assistant clerks of the housing court may sign process issued by the housing court, and housing court records, documents or other legal papers or copies thereof made or issued by such clerk or assistant clerks in conformity with law, except search warrants and process authorizing arrests or commitments, by imprinting thereon a facsimile of the signature of the clerk or assistant clerk; and such facsimile signatures shall have the same validity as their written signatures.

Section 15. The judge may appoint such number of court officers for the housing court as the city council of the city, with the approval of the mayor of the city, may from time to time determine. Any court officer may be removed for any cause considered by the judge to be sufficient. Any vacancy caused by removal or otherwise may be filled by the judge. The court officers shall attend the sessions of the housing court, shall preserve order and may serve warrants, mittimuses, precepts, orders and processes of the housing court. Each court officer shall give bond for the faithful performance of his duties in the sum of one thousand dollars payable to the city, with sufficient sureties approved by the judge. Each court officer, while on duty in the housing court, shall wear a uniform approved by the judge, which shall be furnished at the expense of the city.

Section 16. The judge may appoint such number of housing specialists as the city council of the city, with the approval of the mayor of the city, may from time to time determine. The judge may designate one of them as chief housing specialist. All housing specialists shall hold office at the pleasure of the judge, subject, however, to retirement under the provisions of any applicable general or special law relative to retirement systems. All housing specialists shall be knowledgeable in the maintenance, repair and rehabilitation of dwelling units, the problems of landlord and tenant as they pertain to dwelling units, the types of funds and services available to assist landlords and tenants in the financing and resolution of such problems and the federal and state laws, rules and regulations pertaining to the maintenance, repair and rehabilitation of such units and the financing and resolution of such problems. The housing specialists shall have such powers and perform such duties as the judge shall from time to time prescribe. Every housing specialist shall be sworn by the judge, who shall, upon administering the oath, forthwith make return of such act with the date thereof to the state secretary.

Section 17. No clerk, temporary clerk, assistant clerk or housing specialist shall be retained or employed as an attorney in any complaint, action or suit in the housing court or which has been examined or tried therein.

Section 18. At the trial of any issue of fact, the judge presiding at the trial may appoint a stenographer, who shall be sworn and shall attend the trial, or such part thereof as may be directed, and perform like duties and receive the same compensation therefor as a stenographer appointed by the superior court who is not on salary; and the sums so payable for his attendance at court and for any transcript of his notes or part thereof furnished to the judge presiding at the trial by his direction shall be paid by the city upon the certificate of the judge.

The judge may employ stenographic service for the housing court to such amount as the city council of the city, with the approval of the mayor of the city, may appropriate; and within the limits of available appropriations, the clerk of the housing court may procure such law books and such blank books, blanks, stationery and other incidentals required by the housing court as the judge may approve. Expenses so incurred shall be paid upon vouchers approved by the judge.

Section 19. All costs and expenses of the housing court, including the salaries of the judge, clerk, assistant clerks, court officers, housing specialists and others, shall be paid by the city. The clerk of the housing court shall pay into the treasury of the city all sums received by him whether as fees, fines, forfeitures or otherwise.

PROCEDURE.

Section 20. Proceedings shall be commenced in the housing court as follows:—a criminal case, by complaint in like manner as in a district court; an action at law, including an action for summary process, by writ in like manner as in the superior court or a district court; and a suit in equity, by bill or petition with a writ of subpoena according to the usual course of proceedings in equity, in like manner as in the superior court.

The clerk of the housing court shall charge a fee of two dollars for the entry of an action or suit, which shall be paid by the party entering the same; and no other fee shall be charged for taxing costs, for issuing any subpoena or execution or for issuing any order of notice or other mesne, interlocutory or final order, rule, decree or process authorized by law, except a temporary restraining order or preliminary injunction for the issuance of which the clerk shall charge five dollars; provided, however, that no fee for the entry of an action or suit or for the issuance of a temporary restraining order or preliminary injunction shall be charged the commonwealth or the city or any board or officer of either. If the housing court finds that the party entering the action or suit or obtaining the restraining order or preliminary injunction is destitute and unable to pay, it may order the payment of the fee or fees prescribed by this paragraph to be waived.

Notwithstanding that a proceeding under this chapter is commenced by complaint, if the housing court finds that the offense charged was not wilful, intentional, reckless or repeated, the proceeding shall not

be deemed criminal and no record of the case shall be entered in the probation records.

Suits in equity in the housing court shall be entered upon a separate equity docket.

Section 21. Upon the commencement of a suit in equity in the housing court, the clerk, at the request of the plaintiff or his counsel, shall issue a subpoena with a copy of the bill or petition attached. Such subpoena shall direct the defendant or defendants to appear and answer on or before a date specified therein, which shall be not less than ten nor more than fourteen days after the issuance of such subpoena. Such subpoena shall be served at least seven days prior to the date specified therein for appearance and answer. Such subpoena may be served by an officer qualified to serve civil process, by delivery to the defendant of an attested copy thereof in any manner provided by law, including, without limiting the generality of the foregoing, by leaving such copy at the last and usual place of abode of the defendant or, if the suit relates to premises of which the defendant is owner or landlord, by leaving such copy at the place to which the rent is sent or delivered or the bill for the real estate tax on such premises is sent pursuant to section three of chapter sixty. If the defendant is a corporation, such subpoena may be served by such an officer by leaving an attested copy thereof at the place of abode of the president, treasurer or clerk of the corporation, or, in the case aforesaid, by leaving such copy at the place to which the rent is sent or delivered or the bill for the real estate tax on the premises is sent pursuant to said section three. Service of such subpoena may also be made, within the time hereinbefore prescribed, by the plaintiff by registered mail, return receipt requested; provided, that an affidavit of such service and the return receipt is filed on or before the date specified in the subpoena for appearance and answer or within such further time as the housing court may allow.

Section 22. Any action at law or suit in equity within the jurisdiction of the housing court which is pending in another court may be transferred to the housing court by any party thereto; but no action at law or suit in equity originally entered in the housing court shall be transferred to any other court, except that the supreme judicial court may direct any cause pending in the housing court to be transferred to it in whole or in part for further action or directions, and in cases of partial transfer may issue such orders or directions in regard to the part of such cause not so transferred as justice may require.

Whenever cross actions between the same parties or two or more actions, including for the purposes hereof other court proceedings, arising out of or connected with the same housing accommodation are pending, one or more in the housing court and also one or more in one or more district courts or one or more probate courts, or in the superior court, the housing court, upon motion of any party to any of such actions, may order that the action or actions pending in the district court or courts and in the probate court or courts and in the superior court, with all the papers relating thereto, be transferred to the housing court without the payment of any entry fee; and such action or actions shall thereafter proceed in the housing court as though originally entered there.

Section 23. All cases in the housing court, including all demurrers, pleas, motions and the like, whether interlocutory or final, shall be heard and determined by the housing court sitting without a jury, except that in all cases where a jury trial is required by the constitution of the commonwealth or of the United States and the defendant has not waived his rights to a trial by jury, the cause shall be forthwith tried in the housing court before a jury selected in accordance with chapter two hundred and thirty-four. In the trial of any complaint, action or suit in the housing court, the report of any inspector serving in the housing inspection department of the city shall be prima facie evidence of the facts stated therein.

Section 24. Every judgment, order and decree entered by the housing court shall bear as its date the day when actually entered by the clerk, and at the time of the entry he shall note such date upon the judgment, order or decree and upon the docket. When a judgment or decree is entered by the housing court upon a demurrer or a case stated or when a judgment or decree is entered in an action or suit, except in open court, the clerk shall forthwith give notice thereof to the parties or to their attorneys.

In suits in equity under this chapter, a final decree shall be entered although exceptions have been taken or a bill of exceptions has been filed and allowed, but execution and operation of the decree so entered shall be stayed until the exceptions have been disposed of unless the judge who made the ruling to which the exceptions were taken finds that the exceptions are immaterial, frivolous or intended for delay.

Section 25. If a written request by any party entitled to appeal from a decree entered by the housing court in a suit in equity is filed in the office of the clerk of the housing court within three days after the entry of such decree in open court or within five days after notice of the entry of such decree is sent such party by the clerk, whichever is earlier, the judge by whom the decree was ordered entered shall report the material facts found by him within fourteen days after the filing of the request therefor. If no request for a report of material facts is filed as aforesaid, such report shall be in the discretion of the judge ordering the decree entered. A request for a report of material facts may be accompanied by a request for action on rulings of law duly filed during the trial; and in case of such additional request, exceptions may be taken to any ruling or refusal to rule thereon within five days after notice of the action of the housing court thereon is sent by the clerk. A request for action on such requested rulings may be made also within five days after a report of material facts made by the housing court in its discretion without previous request; and exceptions may be taken within five days after notice of the action of the housing court thereon is sent. In either case the filing of such requests after trial for action on rulings of law shall constitute a waiver of the right of appeal under section twenty-three. In case exceptions are taken as herein provided, sections one hundred and thirteen to one hundred and twenty-three, inclusive, of chapter two hundred and thirty-one shall apply.

Section 26. A party aggrieved by a final decree or final judgment of the housing court may, within three days after the entry of such decree in open court or within five days after notice of the entry of

such decree is sent such party by the clerk, whichever is earlier, appeal therefrom directly to the full court of the supreme judicial court; provided that simultaneously with filing such appeal or within such further time as the judge or clerk for cause shown allows, he shall file a bond executed by him or by his attorney of record on his behalf payable to the appellee in such reasonable sum and with such surety or sureties as may be approved by the appellee or by the judge or clerk, conditioned to enter and prosecute his appeal with effect, and to satisfy any judgment for costs which may be entered against him upon said appeal within thirty days after the entry thereof, except that no such bond shall be required if the appellant is the commonwealth or the city or any board or officer of either or if the judge is satisfied that the appeal is not frivolous and that the appellant is destitute and unable to pay for such bond. Instead of filing a bond as aforesaid, the appellant or any person in his behalf may deposit with the clerk, within the time required for filing a bond, a reasonable amount, to be fixed by the judge or clerk, as security for the prosecution of the appeal and the payment of costs. A certificate of such deposit shall be issued to the depositor by the clerk, who shall hold such deposit until the final disposition of the case, when he shall pay it, or any part thereof, to the appellee for his costs, or to the depositor thereof, as the housing court may order. The housing court may give directions as to the manner of keeping such deposit.

The completion of an appeal hereunder shall be governed by section one hundred and thirty-five of chapter two hundred and thirty-one as if the housing court were the superior court. When the appeal has been entered as aforesaid, all proceedings under such judgment or decree shall be stayed, and the cause shall thereupon be pending before the full court, which shall hear and determine the same, and affirm, reverse or modify the decree appealed from. Upon the reversal of a final decree, the supreme judicial court may remand the cause to the housing court with necessary and proper directions for further proceeding therein.

When an appeal has been taken, the housing court before the entry of the appeal in the supreme judicial court may in its discretion stay, pending the appeal, all temporary orders, judgments, injunctions, decrees or other orders of the housing court, and may make such orders for the appointment of a receiver, and of injunction or prohibition, or for continuing the same in force, as are needful for the protection of the rights of the parties pending the determination of the appeal.

A party aggrieved by an interlocutory decree of the housing court may, in like manner, appeal to the full court of the supreme judicial court; but the appeal shall not suspend the execution of such decree, except as provided in section twenty-two of chapter two hundred and fourteen, nor transfer to the full court the entire cause or any matter therein except the question whether the interlocutory decree appealed from shall be affirmed, reversed or modified. Interlocutory decrees not appealed from shall be open to revision upon appeal from the final decree so far only as it appears to the full court that the final decree is erroneously affected thereby.

Section 27. Upon an appeal, the testimony of witnesses who have been examined orally before the housing court shall, at the request of

any party, be reported to the full court. The housing court shall provide by general rules for some convenient and effectual means of having the same reported by the judge by whom the case is heard or by a person designated by him for that purpose. In appeals in suits in equity under this chapter, the provisions of sections twenty-four and twenty-five of chapter two hundred and fourteen shall apply.

Section 28. The housing court may issue execution in common form if such process is appropriate for the enforcement of a decree in equity; provided, however, that no process for the execution of a final decree of the housing court shall issue until the expiration of five days after the entry thereof, unless all parties against whom such decree is made waive an appeal by a writing filed with the clerk or by causing an entry thereof to be made on the docket, except that if the judge by whose order the final decree was made is of opinion that the appeal from such decree is groundless and intended merely for delay, process for the execution of the decree may be awarded notwithstanding the appeal.

Section 29. If upon making an interlocutory order or decree at law or in equity, the judge is of opinion that it so affects the merits of the controversy that the matter ought, before further proceedings, to be determined by the full court of the supreme judicial court, he may report the question for that purpose, and stay all further proceedings except those necessary to preserve the rights of the parties.

Section 30. The bond of any receiver appointed by the housing court shall be payable to the city and shall otherwise be in such form as the housing court shall require. Such bond may be enforced in the name of the city by its commissioner of housing inspection, or by any person interested therein and duly authorized by the housing court, after notice to said commissioner, to take such action. The housing court shall have exclusive original jurisdiction of actions on such bonds. Any sums recovered shall be paid over or administered as the housing court directs.

If at any time, in the opinion of a majority of the members of the board described in clause nine of section eight of chapter forty-four of the General Laws, a deficiency in the collection of taxes or other revenue makes it necessary for the city to incur an emergency loan to meet expenses or liabilities of the city, such a deficiency may be treated as an emergency appropriation under said clause nine.

SECTION 8. The provisions of sections three, four, five, six and seven of this act shall be in force whether or not any loan issued under section one is outstanding.

If relief or support under this chapter is necessary as a result of an accident, injury or illness for which moneys are expected to be provided

by accident or health insurance, workmen's compensation, or otherwise, the department shall require the person in need of such relief or support to provide for the reimbursement of the commonwealth for each day of such relief or support by assigning to the commonwealth an equivalent amount of the moneys to be so realized for such day. Such assignment may be enforced by petition to the district court within the jurisdiction of which the person resides. Upon receipt thereof the department shall notify any potentially liable third party of the existence of such assignment.

The court may further assess and apportion upon said kindred such weekly amount as it finds sufficient for the future support of the person, which shall be paid quarterly until further order of the court; and upon application from time to time of the commonwealth or kindred, to whom it is ordered to be paid, the clerk of said court shall issue and may renew an execution for the arrears of any preceding quarter.

Section 13. The court may, upon application of any party interested, make further orders, alter such assessment and apportionment according to circumstances, and may order with and by whom of such kindred as desire it such person shall live and be relieved, and the length of time he shall live with different kindred, having regard to the comfort of the person as well as the convenience of the kindred.

Section 14. A complaint, under section eleven, shall be filed in the clerk's office, and a summons, directed to any officer qualified to serve civil process, shall be thereupon issued requiring the kindred therein named to appear and answer thereto; and it shall be served like an original summons.

Section 15. The court may award costs to either party and, if it adjudges two or more of the kindred of a person to be of sufficient ability to contribute to his support, it shall tax no more costs against any one respondent than is occasioned by his default or separate defence.

Section 16. Upon suggestion that there are other kindred of ability not summoned in the original process, they may be summoned; and

after due notice, whether they appear or are defaulted, the court may proceed against them in the same manner as if they had been summoned upon the original complaint.

Section 17. A treasurer of a savings bank, national bank, trust company, cooperative bank, benefit association, insurance company or safe deposit company authorized to do business in the commonwealth who, upon written request, signed by an officer of the department, unreasonably refuses to inform him of the amount deposited in the corporation or association to the credit of a person named in such request as a charge upon the commonwealth, or as an applicant to the commonwealth for public assistance under chapter one hundred and seventeen, one hundred and eighteen, one hundred and eighteen A or one hundred and eighteen D, or who wilfully renders false information in reply to such request, shall forfeit fifty dollars to the use of the commonwealth. Upon such request, a treasurer, as aforesaid, shall furnish the records on deposits and withdrawals during the past five years, concerning any applicant for or recipient of public assistance under chapter one hundred and seventeen, one hundred and eighteen, one hundred and eighteen A or one hundred and eighteen D to any officer of the department.

Section 18. The department shall provide for the decent burial of all deceased persons who were at the time of death recipients of aid or assistance under this chapter; all deceased persons who, although without means of support at the time of death, did not apply for such aid or assistance; and all unknown persons found dead. It shall also provide for the grave of each such deceased person a suitable marker bearing the name and dates of birth and death of such deceased person, if known, and for the opening of such grave. The expense thereof may be recovered of their kindred, if any, chargeable by law for their support in the manner provided in this chapter; and, if the expense of their funeral and burial is not paid by such kindred, an amount not exceeding three hundred dollars for the funeral expenses of each person.

Section 19. In case of the decease of a poor and indigent person the commonwealth shall pay for the expense of the funeral and burial of such person the sum of three hundred dollars; provided, that the deceased left no estate and that his kindred are unable to pay for his decent burial; and provided, further, that the funeral director engaged in conducting the funeral and burial of said deceased person shall perform the services and furnish the materials in connection therewith as follows: — removal of body; procuring of death certificate and burial permit; embalming and dressing of body; furnishing suitable burial garment; furnishing suitable casket, bearing metal plate with name of deceased engraved thereon; furnishing outer case of pine wood; furnishing hearse for transporting body of the deceased to a cemetery within a distance of ten miles; furnishing conveyance for transporting to such cemetery the immediate family of the deceased; and procuring of a clergyman, of the religion that the deceased professed, to officiate at the funeral.

In such a case, the department shall also pay to the funeral director such additional sum, if any, not exceeding fifty dollars, as may be expended for procuring a burial place for the body of the deceased, opening the grave, obtaining the use of interment devices and transporting the body of the deceased to a cemetery beyond a distance of ten miles.

Section 20. The commonwealth shall be liable for any expense necessarily incurred under this chapter for the relief of a person in need of

public assistance therein by any person not liable by law for his support, after notice and request made in writing to the commissioner of public welfare; provided, however, that the liability of the commonwealth shall not exceed a period of seven days; and provided, further, that the commonwealth shall not be liable under this section for any expense for hospital care.

Section 21. If hospital care is furnished to a person, except a person who is not a resident who entered the commonwealth for the express purpose of receiving such hospital care, who is not eligible for assistance under chapter one hundred and eighteen E but is determined to be without sufficient income or resources in accordance with standards established by the department, the commonwealth shall be liable for the expense of such necessary care after an application for assistance to the department on a form prescribed by said department and a determination that the person receiving such care is eligible for such assistance. The commonwealth shall not be liable for any sum in excess of the amount established by the rate setting commission for such care. The commonwealth shall be liable in accordance with this section for hospital care furnished to such person during a period not exceeding the thirty days prior to such application.

The department will accept an application on behalf of the applicant from the institution furnishing such care and will act thereon only when the applicant is disabled and there is no available relative to apply in his behalf. Such institutions shall be entitled to notice, hearing and appeal in the same manner as an applicant. Nothing herein contained, however, shall be construed to grant to such institution any rights which supersede the rights of an applicant.

Section 22. Whoever brings into and leaves a poor and indigent person in the commonwealth, knowing him to be poor and indigent, and with intent to charge the commonwealth with his relief or support, shall forfeit not more than one hundred dollars to the use of the commonwealth.

Section 23. Whoever knowingly and willfully makes any false written representations to the department of public welfare or its agents, for the purpose of causing any person to be supported in whole or in part by the commonwealth, shall be punished by a fine of not more than two hundred dollars or by imprisonment for not more than one year, or both.

Section 24. In actions and prosecutions founded on the preceding sections, the department of public welfare may, or at the request of the department the attorney general or a district attorney shall, appear and prosecute actions and prosecutions on behalf of the department.

Section 25. The provisions of this chapter are severable, and if any of its provisions shall be held unconstitutional or invalid by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions. *Approved October 18, 1971.*

paid by the district and shall be considered a part of the expense of maintenance of the district.

The board shall establish an office in which its business may be conducted and at which maps, plans, documents, records, and other paper relating to its business, land and other works and property in its charge shall be kept.

It shall at all times keep full and accurate accounts of its receipts, expenditures, assets and liabilities.

The board, acting for the district, shall purchase, construct, maintain, operate, lease or otherwise contract for such incinerators, sanitary landfills, necessary equipment or any other facilities as may be required for disposing of refuse and other solid wastes of said district. The board may make contracts or requirements as it may deem necessary for the proper operation of said facilities. No facilities shall be constructed until plans have been approved by the local board of health, under the provisions of section one hundred and fifty A of chapter one hundred and eleven of the General Laws. Any construction, reconstruction or extension of disposal facilities shall be referred to the Central Massachusetts Regional Planning Commission for an advisory opinion as to the proposed facilities relationship to regional and intercommunity consideration and to its coordination with existing local and regional proposals.

No land may be purchased or otherwise acquired as a site for the disposal of refuse and other solid wastes without the approval of the local board of health and the department of public health.

The board may sell by negotiation to the participating members of the district any property, including land, acquired by it hereunder and which in its opinion is no longer needed in the performance of the powers and duties conferred and imposed on it by this act; provided, however, any land is first made available to the town in which it is located, and, in the case of equipment, members shall have a priority of bid purchase at a reasonable price. The board also may from time to time lease any property which in its opinion is not then needed by it for the purposes of this act. The board may enter upon any lands for the purposes of making surveys, borings, and may take by eminent domain under said chapter seventy-nine, or acquire by purchase or otherwise, the right to occupy any land necessary for the carrying out of said purposes.

SECTION 7. The board shall, for the proper and reasonable operation of its works, make regulations as to the quantity and character of any refuse discharged into any disposal facility under its control. The board may prohibit the handling of any industrial refuse if the board

determines that such refuse may interfere with or damage the disposal facility or otherwise interfere with its operation and maintenance. The board shall cause the disposal of such refuse in its own or contracted for special facilities. Special charges may be levied against the producer of such refuse for such disposal by the board.

SECTION 8. No lands, rights-of-way or other easements, property, structures or rights acquired by the district, as herein provided, and located in any town included in the district shall be assessed or taxed by the municipality if yielding no rent, but the district shall annually on July the first pay to the town an amount equal to the tax it would receive upon the fair value of the land in the current year, which shall not include buildings or structures. In the event there is a general reevaluation of the assessed valuation of real property in any city or town of the district, the fair value of the land determined above shall be increased or decreased in the same proportion that the aggregate value of all assessed real properties in the city or town are increased or decreased.

SECTION 9. The district by a two thirds vote of the board, in accordance with section two, is authorized to issue, from time to time, general obligation serial bonds or notes of the district to pay for the costs of capital outlays in connection with the disposing of refuse and other solid wastes of its members including the construction, acquisition and major rehabilitation of incinerators, sanitary landfills, necessary equipment and such other facilities as may be required and including land damages and costs of demolition of existing structures on land so acquired.

Said bonds shall be issued in such amount or amounts as the district acting by and through the board may determine and the district may refund any such bonds or notes. Such serial bonds or notes may be callable with or without premium and shall contain such terms and conditions, bear such rate or rates of interests, be sold in such manner, at public or private sale, and mature at such times and in such amounts so that the amount of such annual payments in any year on account of any such debts, sofar as issued, shall not be less than the amount of principal payable in any subsequent year; and provided that each issue of such bonds or notes shall be payable in annual installments, the first of which shall be payable not later than two years after its date and the last of which shall be payable not later than twenty years from said date.

If the board votes to issue serial bonds or notes, said board may authorize the issuance, in the name of the district, of general obligation temporary notes for a period of not more than two years in anticipation of the money to be received from the sale of such serial bonds or notes. The time within which such serial notes or bonds shall be payable shall not be extended by reason of the making of such temporary loans beyond the time fixed in the order authorizing such serial bonds or notes.

For the purpose of paying expenses of operation, including, without limitation, any principal or interest due or about to become due on any bond or note issued by the district for which funds are not available, the board, by majority vote, in accordance with section two, in the name of the district may issue, from time to time, general

obligation temporary notes of the district in anticipation of assessments levied against the members of said district the year in which such notes are issued.

Temporary notes in anticipation of assessments shall be payable not more than one year from their date and shall not exceed in principal amount at any one time outstanding the amount of the assessments in anticipation of which they are issued.

Temporary notes issued under this section for a shorter period than the maximum permitted may be renewed by the issuance of other temporary notes maturing within the required period; provided that the period from the date of issue of the original temporary note to the date of maturity of the renewal note shall not exceed the maximum period for which the original temporary note may have been issued. Such temporary notes or renewal notes may be sold at discount or with interest payable at or before maturity.

Notes or bonds authorized by this section shall be signed by the treasurer and countersigned by the chairman of the board and serial notes and bonds shall have the district seal affixed.

Indebtedness incurred under this section shall not be included in computing the limit of indebtedness of the city of Marlborough or of any town included in the district.

SECTION 10. The board shall annually determine the amounts required for the payment of debt and interest of the district which will be due in the ensuing financial year on account of debt issued for the cost of original construction of existing incinerators, sanitary landfills, necessary equipment and associated facilities, and said amount shall be apportioned among the participating member city and towns in the ratio of their particular populations to the total population of the district, according to the latest federal census.

The board shall annually determine the amounts required for the payment of debt and interest of the district which will be due in the ensuing financial year on account of debt issued for the cost of construction of additional incinerators, sanitary landfills, necessary equipment, or any other works as may be required, and said amount shall be apportioned among the participating member city and towns as calculated by formulas and standards established by the board.

Upon the acceptance of this act by an eligible town not previously a member, the apportionments on account of debt and interest charges, as set forth in the two preceding paragraphs, shall be recalculated by the board consistent with the provisions of the two respective paragraphs.

The cost of the maintenance and operation of the district and its works, exclusive of principal payments and interest on bonds and notes issued for construction purposes, shall, until such time as the refuse disposal facilities shall have been in regular operation for a period of three calendar years, be apportioned among the member city and towns in the ratio of their particular populations to the total population of the district, according to the latest federal census.

After the refuse disposal facilities shall have been in regular operation for a period of three calendar years, the board shall apportion costs of maintenance and operation to the member city and towns on the basis of the weighed volume of the previous year entering the

district's refuse disposal facilities from each member. Upon acceptance of this act by an eligible town not previously a member and until said town shall have participated in the district's refuse disposal facility for a period of three calendar years the allocation of its maintenance and operation costs shall be calculated on the basis of population in the manner described in this section, the remaining cost then being allocated to the remaining members on the basis of weighed volume in the manner also described in this section. Cost calculations for periods of less than a full year shall be prorated in accordance with the number of calendar days for which they are applicable.

SECTION 11. The board shall annually determine the amounts required for the payment of principal and interest on such bonds and notes issued or to be renewed by the district which will be due during the ensuing financial year and shall apportion the amounts as determined among the several members of the district in accordance with the provisions of this act, shall also annually determine the amounts necessary to be raised to maintain and operate the district during said year including capital outlay items, the cost of which is not to be funded and for all other matters for which the district is required to raise money and shall apportion among the several members of the district the amounts so determined in accordance with the provisions of this act. Each amount so apportioned for each member shall, prior to December the thirty-first in each year, be certified by the board to the assessors of each member city or town. The assessors of each member city or town shall without further vote include each amount as certified in those amounts to be annually raised by taxes under section twenty-three of chapter fifty-nine of the General Laws. The city or town treasurer shall pay the amount so certified to the treasurer of the district on or before July the first of the then taxable year.

A city or town which has been assessed shall raise the amounts certified annually by the district to the assessors of each city or town, as provided in this act, through equitable and proportional charges against inhabitants, corporations and other users of the service rendered by the district in each town.

Nothing in the procedure for arbitration authorized in section eleven A shall relieve any treasurer of each city or town from making timely payments to the treasurer of the district of the full amounts assessed.

SECTION 11A. In the event that within ninety days of the receipt by the board of assessors of each city or town of any assessment as determined and apportioned above, the appropriate legislative body of the city of Marlborough or the board of selectmen of the town, by resolution, may question any fact used in the formulas for determination of the total amount to be apportioned or the apportionment thereof to the city or town and request a review thereof by the board.

The board shall forthwith cause a review of such apportionment and shall publish its findings no later than thirty calendar days from the receipt of such request.

The board or the aggrieved city or town may, by resolution adopted no later than ninety calendar days from the receipt of such findings,

submit the questions raised to a fact finding board of arbitration of three persons, not residents of the district, one to be appointed by the aggrieved member, one to be appointed by the board and one to be appointed by the state auditor. The three persons so appointed shall consider all pertinent data, make such audits, examinations, inquiries and surveys as they deem necessary and shall submit a finding, which shall be binding on all parties. The cost of such arbitration, if any, shall be paid by the district as an expense of the then current year and assessed to the district and the aggrieved member in a proportion to be determined by the finding. If such finding shall result in an adjustment of the apportionment of the assessment to the city or any town, such adjustment shall be made by the board in the next annual apportionment to be certified to the respective board of assessors.

SECTION 12. To meet the cost of construction, maintenance and operation of the works authorized by this act, the district may file application for, or accept and use, any federal or state funds or any federal or state assistance, or both, provided therefor under any federal or state law, or accept and use any funds from other sources.

SECTION 13. At any time not less than eight years after the acceptance of this act by a member town, said member town may, after approval by two thirds of the qualified voters present and voting at any annual or special town meeting, notify the board of its desire to withdraw from the district. Such withdrawal shall become effective in not less than two years after receipt of such notice by the board. In the event of such withdrawal, the withdrawing member shall:

1. continue to pay annually to the district its share of the debt outstanding at the time of withdrawal, at the rate prevailing at the time of withdrawal, until its share of such debt shall be paid in full;

2. be allowed to purchase from the district such facilities as it may desire and which the board by majority vote may agree to sell; and

3. be reimbursed by the district for the fair value of the land used for such facilities as will remain under the jurisdiction of the district. Such reimbursement may be made in equal installments, with interest at three per cent, annually over the remaining life of the bonded debt outstanding at the time of withdrawal.

Value of any facilities involved in such purchase or reimbursement shall be determined in accordance with methods described in chapter seventy-nine of the General Laws.

SECTION 14. Upon the establishment of the district all employees of the city of Marlborough and of the participating towns whose employment is directly related to projects to be taken over by the district may be transferred to the district and shall continue to perform the same duties at a salary not less than theretofore and every employee so transferred who immediately prior to such transfer was subject to section nine A of chapter thirty or to chapter thirty-one of the General Laws under a permanent appointment and who has served a probationary period shall continue to serve subject to the provisions of said section nine A of chapter thirty or sections forty-three and forty-five of said chapter thirty-one as the case may be, whether or not thereafter reclassified, and shall retain all rights to holidays, sick leave and vacations in effect on the effective date of this act; provided, that any person transferred who was not subject to said

section nine A of said chapter thirty and persons appointed after the effective date of this act shall not be subject to said section nine A of chapter thirty or to any provisions of said chapter thirty-one.

Every employee who upon transfer to the district is covered by the group insurance provided by chapter thirty-two A of the General Laws shall continue in uninterrupted coverage and all other employees of the district are hereby likewise made eligible for said group insurance to the same extent as if they were employees of the commonwealth; provided, that the district's share of the cost of such insurance shall, with respect to the employees of the district, be borne by said district. The district shall forward its contribution, together with all amounts withheld from the salaries or wages of its employees as provided in paragraph (*a*) of section eight of chapter thirty-two B of the General Laws and all amounts paid by an employee as provided in paragraph (*b*) of said section eight, to the group insurance commission at such time and in such manner as said commission may prescribe.

Every employee who immediately prior to being transferred to the district by this section is a member of the retirement system of their city, town or county shall have their retirement rights transferred into the state retirement system. All other employees of the district shall be required to become members of the state retirement system in the same manner and subject to the same laws, rules and regulations as persons entering the employ of the commonwealth. The district shall deduct from the wages of its employees and pay over to the state retirement board such sums as the commonwealth or city or town would deduct and pay over if such person were an employee of the commonwealth or city or town; and at such times as the commissioner of insurance shall from time to time prescribe, the district shall pay to the state retirement board such sums as said commissioner shall from time to time determine the city or town would be obliged to pay if such person were its employee.

Every person who immediately prior to being transferred to the district was subject to the provisions of sections fifty-six to sixty, inclusive, of chapter thirty-two of the General Laws shall continue subject to the provisions of said sections; provided, however, that the words "retiring authority", as used in said section, shall mean the board of said district; and provided further, that the amount of all retirement allowances payable under said sections by virtue of this act shall be paid by the district, and the city or town shall reimburse the district for its proportionate share of the amounts as paid.

SECTION 15. This act may be submitted for approval at any annual or special town meeting of the towns eligible for membership as provided in section one. The question placed on the warrant of such meeting shall be in the form of the following question: "Shall an act passed by the General Court in the year nineteen hundred and seventy-one entitled 'An Act establishing the Upper Assabet River Valley Regional Refuse Disposal District', be accepted?" Such a vote shall be a standing vote of at least a majority of those present and voting. The provisions of this act may be adopted by a majority vote of all of the members of the city council of the city of Marlborough.

The provisions of this act shall not take effect until accepted by the city council of the city of Marlborough and by at least one other town or by two towns. Additional towns may by the acceptance of the provisions of this act join as members of the district as provided in section one.

The initial organization of the board representing the district shall take place within one hundred and eighty days after said required acceptance. If the board does not organize itself and form the district within one hundred and eighty days, the action of the city council and any town meeting accepting the provisions of this act shall be null and void.

SECTION 16. Nothing contained in this act shall be interpreted to authorize the board to construct, operate or maintain the local refuse collection system of each city or town in the district.

Approved October 21, 1971.

SECTION 2. This act shall take effect upon its passage.

Approved October 26, 1971.

Chap. 939. AN ACT PROVIDING FOR THE ELIMINATION OF THE OBLIGATION OF THE REGISTRAR OF MOTOR VEHICLES TO ISSUE NOTICES OF INTENT TO REVOKE REGISTRATION AND OF HIS RIGHT TO RECEIVE CERTAIN NOTICES CONCERNING CANCELLATION OF INSURANCE UNTIL SUCH CANCELLATION HAS BECOME FINAL.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to reduce the sending of duplicate notice to owners of certain motor vehicles of intent to cancel their registration, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 34H of chapter 90 of the General Laws is hereby amended by striking out the first paragraph, as amended by section 4 of chapter 119 of the acts of 1933, and inserting in place thereof the following paragraph:—

In the event that the registrar receives written notice, in conformity with section one hundred and thirteen A of chapter one hundred and seventy-five, he shall revoke the registration of such motor vehicle on the effective date of the cancellation as specified in such notice unless not later than two days prior to such effective date the registrar shall have received a new certificate covering the same motor vehicle, or in case the owner does not file a complaint under section one hundred and thirteen D of said chapter one hundred and seventy-five that he is aggrieved by the issue of such notice, or as specified in an order of the board of appeal on motor vehicle liability policies and bonds affirming such cancellation under said section one hundred and thirteen D in case the owner does not claim an appeal from such order, or as specified in a decree of the superior court or a justice thereof affirming such cancellation on such appeal, or as specified in such a decree ordering a cancellation of such a policy or bond after its reinstatement by said board of appeal, unless not later than two days prior to such effective date as finally specified the registrar shall have received a new certificate covering the same motor vehicle.

SECTION 2. Section 34K of said chapter 90, inserted by chapter 360 of the acts of 1960, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:—No power of attorney in connection with the cancellation of a motor vehicle liability policy as defined in section thirty-four A shall be

exercised until ten days' notice has been given to the policyholder by registered or certified mail, return receipt requested, by the person or corporation exercising the power of attorney.

SECTION 3. Provision (2) of section 113A of chapter 175 of the General Laws, as most recently amended by section 1 of chapter 191 of the acts of 1956, is hereby further amended by striking out the first sentence and inserting in place thereof the following sentence:—That, except as otherwise provided in provision (2) A and in section one hundred and thirteen D, no cancellation of the policy, whether by the company or by the insured, shall be valid unless written notice thereof is given by the party proposing cancellation to the other party giving the specific reason or reasons for such cancellation at least twenty days in each case prior to the intended effective date thereof, which date shall be expressed in said notice, and that notice of cancellation sent by the company to the insured, by registered mail, postage prepaid, with a return receipt of the addressee requested, addressed to him at his residence or business address stated in the policy shall be a sufficient notice, and that an affidavit of any officer, agent or employee of the company, duly authorized for the purpose, that he has so sent such notice addressed as aforesaid shall be prima facie evidence of the sending thereof as aforesaid; together with a provision that, in the event of a cancellation by the insured, he shall, if he has paid the premium on the policy to the company or to its agent who issued the policy, or to the duly licensed insurance broker, if any, by whom the policy was negotiated, be entitled to receive a return premium after deducting the customary monthly short rates for the time the policy shall have been in force, or in the event of cancellation by the company, the insured shall, if he has paid the premium as aforesaid, be entitled to receive a return premium calculated on a pro rata basis; provided, that if the insured after the sending of a notice of cancellation by the company, or after giving such a notice to the company, files a new certificate under section thirty-four H of chapter ninety prior to the intended effective date of such cancellation, the filing of said certificate shall operate to terminate the policy on the date of said filing, and the return premium, if any, payable to the insured shall be computed as of the date of said filing, instead of the intended effective date of cancellation expressed in the notice thereof; and, provided further, that if the final effective date of a cancellation by the company is fixed by an order of the board of appeal on motor vehicle liability policies and bonds or of the superior court, or a justice thereof, as provided in section one hundred and thirteen D, the return premium, if any, payable to the insured shall be computed as of such final effective date; and, provided further, that said cancellation shall not become effective unless the company or an insurance premium finance agency duly licensed under the provisions of chapter two hundred and fifty-five C has, immediately upon the intended effective date of the cancellation of the policy, whether proposed by the company or by the insured, forwarded to the registrar of motor vehicles a notice, in such form as he may prescribe, containing such information to appraise the registrar of the particular motor vehicle registration on which the insurance is intended to be cancelled.

SECTION 4. Section 113D of said chapter 175 is hereby amended by striking out the third paragraph, as appearing in the Tercentenary Edition, and inserting in place thereof the following paragraph:—

If the complaint relates to the cancellation of such a policy or bond, the filing of the complaint shall operate to continue the policy or bond in full force and effect, but not beyond its date of expiration in any case, pending the finding and order of the board, and pending the decree of the superior court or a justice thereof if an appeal from such finding and order is taken as hereinafter provided; and the commissioner shall cause a copy of such complaint, attested in such manner as he may prescribe, forthwith to be sent to the company.

SECTION 5. Said section 113D of said chapter 175 is hereby further amended by striking out the fifth paragraph, as so appearing, and inserting in place thereof the following paragraph:—

The commissioner, as soon as may be after the rendition thereof, shall cause a written memorandum of all findings and the orders entered thereon signed by the assenting members of the board to be filed in his office as a public record, and he shall on the date of said filing cause a copy of the finding and order, duly attested by the board or a member of the secretary thereof, with the date of said filing endorsed thereon, to be sent to each of the parties.

SECTION 6. Said section 113D of said chapter 175 is hereby further amended by striking out the sixth paragraph, as most recently amended by chapter 311 of the acts of 1938, and inserting in place thereof the following paragraph:—

Any person or company aggrieved by any finding or order of the board, other than a finding that the complainant is or is not a suitable and proper person to whom to issue such a policy or on behalf of whom to execute such a bond as surety, may, within ten days after the filing of the memorandum thereof in the office of the commissioner, unless the policy or bond has expired or will expire prior to the expiration of said period, and any person or company aggrieved by any finding of the board that a complainant is or is not a suitable and proper person as aforesaid may, in any case, within said period, appeal therefrom to the superior court or any justice thereof, in any county in case of an appeal by any complainant, and in the county in which the complainant resides in case of an appeal by the company. The appellant shall file with his appeal a duly certified copy of the complaint and of the finding and order thereon, and, if the appeal is taken from a finding and order of the board in respect to a cancellation, the clerk of the court shall forthwith, upon the filing of such an appeal, give written notice of the filing thereof to the appellee. The court or justice shall, after such notice to the parties as it or he deems reasonable, give a summary hearing on such appeal and shall have jurisdiction in equity to review all questions of fact and law and to affirm or reverse such finding or order and may make any appropriate decree. The court or justice may allow such complaint, finding or order to be amended. The decision of the court or justice shall be final. If the court or justice finds in favor of the company in the case of such a cancellation, the decree shall, unless the policy or bond has expired, affirm the cancellation and specify a date not earlier

than five days from the entry thereof on which the cancellation shall become effective; but, if the policy or bond will expire on or before the termination of a period of five days from such entry, the decree shall specify a date prior to such expiration or the court of justice may dispense with such a specification. The clerk shall, within two days after the entry thereof, send an attested copy of the decree to each of the parties and the commissioner. The court or justice may make such order as to costs as it or he deems equitable. The superior court may make reasonable rules to secure prompt hearings on such appeals and a speedy disposition thereof.

SECTION 7. This act shall take effect on November the fifteenth, nineteen hundred and seventy-one. *Approved October 27, 1971.*

Chap. 940. AN ACT FURTHER REGULATING THE PROVISIONS OF THE EMPLOYMENT SECURITY LAW IN ORDER TO CONFORM WITH THE REQUIREMENTS OF THE FEDERAL LAW AND REGULATING THE EMPLOYMENT SECURITY BENEFITS OF CERTAIN RETIRED PERSONS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately make necessary changes in the employment security law in order to conform with federal law, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 1 of chapter 151A of the General Laws is hereby amended by striking out subsections (*k*) and (*n*), as appearing in section 1 of chapter 685 of the acts of 1941, and inserting in place thereof the following two subsections:—

(*k*) "Employment", service, including service in interstate commerce, performed for wages or under any contract, oral or written, express or implied, by an employee for his employer as provided in this section and in sections two, three, four A, four B, five and six.

(*n*) "Payroll", the total amount of all wages for employment subject to this chapter.

SECTION 2. Said chapter 151A is hereby further amended by striking out sections 2 and 3, as so appearing, and inserting in place thereof the following two sections:—

Section 2. Service performed by an individual, except in such cases as the context of this chapter otherwise requires, shall be deemed to be employment subject to this chapter irrespective of whether the common-law relationship of master and servant exists, unless and until it is shown to the satisfaction of the director that—

(*a*) such individual has been and will continue to be free from control and direction in connection with the performance of such services, both under his contract for the performance of service and in fact; and

(*b*) such service is performed either outside the usual course of the business for which the service is performed or is performed outside of all the places of business of the enterprise for which the service is performed; and

(*c*) such individual is customarily engaged in an independently established trade, occupation, profession or business of the same nature as that involved in the service performed.

Section 3. The term "employment", except in such cases as the context of this chapter otherwise requires, shall include an individual's entire service, performed within, or both within and without the commonwealth, if—

(*a*) the service is localized in the commonwealth. Service shall be deemed to be localized within the commonwealth if the service is performed entirely within the commonwealth, or the service is performed both within and without the commonwealth, but the service performed without the commonwealth is incidental to the individual's service within the commonwealth; for example, is temporary or transitory in nature, or consists of isolated transactions.

(*b*) the service is not localized in any state, but some part of the service is performed in the commonwealth and (1) the individual's base of operations is in the commonwealth or, if there is no base of operations, then the place from which such service is directed or controlled, is within the commonwealth, or (2) the individual's base of operations or place from which such service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in the commonwealth.

SECTION 3. Section four of said chapter one hundred and fifty-one A is hereby repealed.

SECTION 4. Said chapter 151A is hereby further amended by inserting after section 4 the following two sections:—

Section 4A. The term "employment" shall include any service performed prior to January the first, nineteen hundred and seventy-two which was employment as provided by this chapter prior to such date and, subject to the other provisions of this section, service performed after December the thirty-first, nineteen hundred and seventy-one, by an individual—

(*a*) in the employ of the commonwealth, or any instrumentality of the commonwealth, or of the commonwealth and one or more other states or their instrumentalities, for a hospital or institution of higher education located in the commonwealth; provided that such service is excluded from "employment" as defined in the Federal Unemployment Tax Act solely by reason of section 3306 (c) (7) of that act and is not excluded from "employment" under section six of this chapter.

"Hospital", for the purpose of this section, section four B and section six means any institution, however named, whether conducted for charity or for profit, or by the commonwealth or any of its political subdivisions, which is advertised, announced, established or maintained for the purpose of caring for persons admitted thereto for diagnosis, medical, surgical or restorative treatment which is rendered within said institution.

"Institution of higher education", for the purposes of this section, section four B and section twenty-eight A, means an educational institution which admits as regular students only individuals having a certificate of graduation from a high school, or the recognized equivalent of such a certificate, and is legally authorized in the

commonwealth to provide a program of education beyond high school, and provides an educational program for which it awards a bachelor's or higher degree, or provides a program which is acceptable for full credit toward such a degree, a program of postgraduate or post-doctoral studies, or a program of training to prepare students for gainful employment in a recognized occupation; and is a public or other nonprofit institution. Notwithstanding any of the foregoing provisions, all colleges and universities in the commonwealth are institutions of higher education for purposes of this section.

Each such hospital and institution of higher education referred to in the first paragraph of this subsection shall make payments in lieu of contributions with respect to benefits attributable to such employment as provided under subsections (*b*) and (*f*) of section fourteen A of this chapter.

(*b*) who is a citizen of the United States, outside the United States, except in a contiguous country with which the United States has an agreement relating to unemployment compensation, or the Virgin Islands, in the employ of an American employer, other than service which is deemed "employment" under the provisions of section three of this chapter or the parallel provisions of another state's law, if:

(1) the employer's principal place of business in the United States is located in the commonwealth; or

(2) the employer has no place of business in the United States, but (*i*) the employer is an individual who is a resident of the commonwealth; or (*ii*) the employer is a corporation which is organized under the laws of the commonwealth; or (*iii*) the employer is a partnership or a trust and the number of the partners or trustees who are residents of the commonwealth is greater than the number who are residents of any one other state.

An "American employer", for purposes of this subsection, means a person who is an individual who is a resident of the United States; or a partnership if two thirds or more of the partners are residents of the United States; or a trust, if all of the trustees are residents of the United States; or a corporation organized under the laws of the United States or of any state.

For the purposes of this subsection, the term "state" includes the District of Columbia and the Commonwealth of Puerto Rico. The term "United States" when used in a geographical sense includes the states, the District of Columbia and the Commonwealth of Puerto Rico. An individual who is a citizen of the Commonwealth of Puerto Rico, but not otherwise a citizen of the United States, shall be considered as a citizen of the United States.

(*c*) on or in connection with American vessels and American aircraft under a contract of service which is entered into within the United States or during the performance of which the vessel or aircraft touches at a port in the United States including service performed on or in connection with such vessel or aircraft outside the United States, and including service performed on or in connection with the operation of an American vessel operating on the navigable waters within or within and without the United States, or on American aircraft operating within or within and without the United States,

and such operations are ordinarily and regularly supervised, managed, directed and controlled from an operating office managed by an employing unit in this commonwealth; provided, however, that the term "employment" shall not include service performed on a vessel of ten net tons or less engaged in catching, taking or harvesting of fish. The term "employment" shall include services performed within the commonwealth on or in connection with a vessel or aircraft not an American vessel or American aircraft, unless the individual is employed on and in connection with such vessel or aircraft when outside the United States.

(*d*) in the employ of the operator of a farm in handling, planting, drying, packing, packaging, processing, freezing, grading, storing or delivering to storage or to market or to a carrier for transportation to market, in its unmanufactured state, any agricultural or horticultural commodity with respect to which such service is performed, but only if such operators produced one half or less of the commodity with respect to which such service is performed.

(*e*) in the employ of a group of operators of farms, or a cooperative organization of which such operators are members, in the performance of service described in subsection (*d*), but only if such operators produced one half or less of the commodity with respect to which such service is performed.

(*f*) in the employ of a religious, charitable, educational or other organization, other than a school which is not an institution of higher education,—only if the service is excluded from "employment" as defined in the Federal Unemployment Tax Act solely by reason of section 3306 (c) (8) of that act and is not excluded from "employment" under section six.

Section 4B. Any political subdivision of this commonwealth may elect to cover, for a period of not less than two years, service performed by employees in all of the hospitals and institutions of higher education operated by such political subdivision. Election is to be made by filing with the director a notice of such election at least thirty days prior to the effective date of such election. An election under this section may be terminated by filing with the director written notice not later than thirty days preceding the last day of the calendar year in which the termination is to be effective. Such termination becomes effective upon the ending of the calendar year in which such notice is filed with respect to services performed thereafter.

Each such political subdivision which elects coverage as provided by this section shall make payments in lieu of contributions with respect to benefits attributable to such employment as provided under subsections (*b*) and (*f*) of section fourteen A.

SECTION 5. Subsection (*a*) of section 6 of said chapter 151A, as appearing in section 1 of chapter 685 of the acts of 1941, is hereby amended by inserting after the word "labor", in line 1, the words:—, except as otherwise provided in subsections (*d*) and (*e*) of section four A.

SECTION 6. Subsection (*f*) of said section 6 of said chapter 151A is hereby amended by striking out, in line 1, as so appearing, the

word "Service", and inserting in place thereof the words:—Except as otherwise provided in subsection (*a*) of section four A and in section four B, service.

SECTION 7. Subsection (*k*) of said section 6 of said chapter 151A, as appearing in section 1 of chapter 393 of the acts of 1961, is hereby amended by inserting after the word "university", in line 3, the words:—; or by the spouse of such a student, if such spouse is advised, at the time such spouse commences to perform such service, that the employment of such spouse to perform such service is provided under a program to provide financial assistance to such student by such school, college or university, and such employment will not be covered by any program of unemployment insurance; or service performed by an individual under the age of twenty-two who is enrolled at a nonprofit or public educational institution which normally maintains a regular faculty and curriculum and normally has a regularly organized body of students in attendance at the place where its educational activities are carried on as a student in a full-time program, taken for credit at such institution, which combines academic instruction with work experience, if such service is an integral part of such program, and such institution has so certified to the employer, except that this subsection shall not apply to service performed in a program established for or on behalf of an employer or group of employers.

SECTION 8. Said section 6 of said chapter 151A is hereby further amended by adding the following six subsections:—

(*r*) Service performed in the employ of a church or convention or association of churches or an organization which is operated primarily for religious purposes and which is operated, supervised, controlled or principally supported by a church or convention or association of churches;

(*s*) Service performed by a duly ordained, commissioned or licensed minister of a church in the exercise of his ministry or by a member of a religious order in the exercise of duties required by such order;

(*t*) Service performed in a facility conducted for the purpose of carrying out a program of rehabilitation for individuals whose earning capacity is impaired by age or physical or mental deficiency or injury or providing remunerative work for individuals who because of their impaired physical or mental capacity cannot be readily absorbed in the competitive labor market by an individual receiving such rehabilitation or remunerative work;

(*u*) Service performed as part of an unemployment work-relief or work-training program assisted or financed in whole or in part by any federal agency or an agency of a state or political subdivision thereof, by an individual receiving such work relief or work training;

(*v*) Service performed for a hospital in a state prison or other state correctional institution by an inmate of the prison or correctional institution;

(*w*) Service performed by a patient in the employ of a hospital, whether public, nonprofit or proprietary.

SECTION 9. Said section 6 of said chapter 151A is hereby further amended by striking out subsections (*c*) and (*g*).

SECTION 10. Sections seven and ten of said chapter one hundred and fifty-one A are hereby repealed.

SECTION 11. Section 11 of said chapter 151A, as most recently amended by section 4 of chapter 763 of the acts of 1951, is hereby further amended by striking out, in lines 1 and 2, the words "Except as provided in section ten, no" and inserting in place thereof the word:—No.

SECTION 12. Section 14 of said chapter 151A is hereby amended by striking out the first paragraph, as most recently amended by section 1 of chapter 468 of the acts of 1962, and inserting in place thereof the following paragraph:—

Each employer shall make contributions for each year after the year nineteen hundred and seventy-one at the applicable rate or rates as set forth in this section on so much of his payroll as is subject to this chapter; provided, that for the purposes of this section, the term "wages" shall not include that part of remuneration which, after remuneration equal to four thousand two hundred dollars with respect to employment with such employer has been paid to an individual during any calendar year, is paid to such individual during such calendar year. In determining the initial remuneration of four thousand two hundred dollars as hereinbefore provided, any remuneration shall be included which was earned in another state upon which contributions were required and paid under a similar law.

SECTION 13. Said chapter 151A is hereby further amended by inserting after section 14 the following section:—

Section 14A. Benefits paid to employees of nonprofit organizations shall be financed in accordance with the provisions of this section. For the purpose of this section, a nonprofit organization is an organization, or group of organizations, described in section 501 (c) (3) of the United States Internal Revenue Code which is exempt from income tax under section 501 (a) of such Code.

(*a*) Any nonprofit organization which, pursuant to subsection (*f*) of section four A, is or becomes subject to this chapter on or after January the first, nineteen hundred and seventy-two shall pay contributions under the provisions of section fourteen, unless it elects, in accordance with this subsection, to pay into the unemployment compensation fund an amount equal to the amount of benefits, including dependency benefits, and one half of the extended benefits paid, that is attributable to service in the employ of such nonprofit organization, to individuals for weeks of unemployment in a benefit year which begins during the effective period of such election.

(1) Any nonprofit organization which is subject to this chapter on December the thirty-first, nineteen hundred and seventy-one may elect to become liable for payments in lieu of contributions for a period of not less than one calendar year beginning with January the first, nineteen hundred and seventy-two provided it files with the director a written notice of its election within the thirty day period immediately following such date.

(2) Any nonprofit organization which becomes subject to this chapter on or after January the first, nineteen hundred and seventy-two may elect to become liable for payments in lieu of contributions for a minimum period commencing with the date of subjectivity and ending on December the thirty-first of that calendar year, by filing written notice of its election with the director not later than thirty

days immediately following the date of the determination of such subjectivity.

(3) Any nonprofit organization which makes an election in accordance with clauses one or two will continue to be liable for payments in lieu of contributions until it files with the director a written notice terminating its election not later than thirty days prior to the end of the election period or not later than thirty days prior to the beginning of any subsequent calendar year. Any nonprofit organization which has terminated its election shall thereafter pay contributions under the provisions of section fourteen for a minimum period of two calendar years. Any subsequent election or change from payment of contributions under section fourteen to payments in lieu of contributions, or from payment in lieu of contributions to payment of contributions under section fourteen, shall not be terminable by the organization for two calendar years.

(4) Any nonprofit organization which has been paying contributions under this chapter for a period subsequent to January the first, nineteen hundred and seventy-two may change to a reimbursable basis by filing with the director not later than thirty days prior to the beginning of any calendar year a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by the organization for that year and the ensuing calendar year. Any subsequent election or change from payments in lieu of contributions to payment of contributions under section fourteen, or from payment of contributions under section fourteen to payments in lieu of contributions, shall not be terminable by the organization for two calendar years.

(5) The director may for good cause extend the period within which a notice of election, or a notice of termination, shall be filed and may permit an election to be retroactive but not any earlier than with respect to benefits paid after December the thirty-first, nineteen hundred and sixty-nine.

(6) The director, in accordance with such regulations as he may prescribe, shall notify each nonprofit organization of any determination which he may make of the effective date of any election which it makes and of any termination of such election. Such determinations shall be subject to review in accordance with the provisions of clause two of subsection (*b*) of this section.

(*b*) Payments in lieu of contributions shall be made in accordance with the provisions of this subsection as follows:

(1) At the end of each calendar quarter, or at the end of any other period as determined by the director, the director shall bill each nonprofit organization, or group of such organizations, which has elected to make payments in lieu of contributions for an amount equal to the full amount of regular benefits, including dependency benefits, plus one half of the amount of extended benefits paid during such quarter or other prescribed period that is attributable to service in the employ of such organization.

(2) Payment of any bill rendered under clause one of this subsection shall be made not later than thirty days after such bill was mailed to the last known address of the nonprofit organization or was otherwise delivered to it, unless, not later than thirty days

after the bill was mailed to its last known address or otherwise delivered to it, the organization files an application for review by the director, setting forth the grounds for such application. The director shall promptly review and reconsider the determination. Thereafter, notice of his decision shall be mailed to the employer and this decision shall be final.

(*c*) Payments made by any nonprofit organization under the provisions of this section shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(*d*) Past due payments of amounts in lieu of contributions shall be subject to the same interest and penalties that, pursuant to section fifteen, apply to past due contributions.

(*e*) In the discretion of the director, any nonprofit organization that elects to become liable for payments in lieu of contributions shall be required within thirty days after the effective date of its election to execute and file with the director a surety bond approved by him.

(1) Any bond deposited under this subsection shall be in force for a period of not less than two taxable years and shall be renewed with the approval of the director, at such times as the director may prescribe, but not less frequently than at two year intervals as long as the organization continues to be liable for payments in lieu of contributions. The director shall require adjustments to be made in a previously filed bond as he deems appropriate. If the bond is to be increased, the adjusted bond shall be filed by the organization within thirty days of the date notice of the required adjustment was mailed or otherwise delivered to it. Failure by any organization covered by such bond to pay the full amount of payments in lieu of contributions when due, together with any applicable interest and penalties provided for in this section, shall render the surety liable on said bond to the extent of the bond, as though the surety was such organization.

(2) If any nonprofit organization fails to file a bond or to file a bond in an increased amount as provided under this subsection, the director may terminate such organization's election to make payments in lieu of contributions and such termination shall continue for a period commencing with the quarter in which the election is terminated and continuing through the ensuing calendar year, provided, that the director may extend for good cause the applicable filing period by not more than thirty days.

(*f*) Each employer that is liable for payments in lieu of contributions shall pay into the unemployment compensation fund the amount of benefits, including dependency benefits, plus the amount of one half of extended benefits paid that are attributable to service in the employ of such employer.

(1) If benefits paid to an individual are based on wages paid by two or more employers that are liable for payments in lieu of contributions, the amount of benefits payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wages paid to the individual by such employer bear to the total base period wages paid to the individual by all of his base period employers.

(2) If benefits paid to an individual are based on wages paid by one or more employers that are liable for payments in lieu of contributions and on wages paid by one or more employers that are liable for contributions, the amount of benefits payable by each employer that is liable for payments in lieu of contributions shall be the amount equal to the additional cost of benefit payments which would not have been paid but for the base period wages paid by such employer.

(*g*) Two or more employers that have become liable for payments in lieu of contributions may file a joint application to the director for the establishment of a group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of such employers. Each such application shall identify and authorize a group representative to act as the group's agent for the purposes of this subsection. Upon his approval of the application, the director shall establish a group account for such employers effective as of the beginning of the calendar quarter in which he receives the application and shall notify the group's representative of the effective date of the account. Such account shall remain in effect for not less than two years and thereafter until terminated at the discretion of the director or upon application by the group. Upon establishment of the account, each member of the group shall be liable for payments in lieu of contributions with respect to each calendar quarter in the amount that bears the same ratio to the total benefits paid in such quarter that are attributable to service performed in the employ of all members of the group as the total wages paid for service in employment by such member in such quarter bear to the total wages paid during such quarter for service performed in the employ of all members of the group. The director shall prescribe such regulations as he deems necessary with respect to applications for establishment, maintenance and termination of group accounts that are authorized by this subsection, for addition of new members to, and withdrawal of active members from, such accounts, and for the determination of the amounts that are payable under this subsection by members of the group and the time and manner of such payments.

(*h*) Notwithstanding any provisions in this section, any nonprofit organization that prior to January the first, nineteen hundred and sixty-nine paid contributions required under section fourteen, and, pursuant to this section, elects, within thirty days after the effective date of this section, to make payments in lieu of contributions, shall not be required to make any such payment on account of any regular benefits, including dependency benefits, or extended benefits paid, on the basis of wages paid by such organization to individuals for weeks of unemployment which begin on or after the effective date of such election until the total amount of such benefits equals the amount of the positive balance in the experience rating account of such organization.

SECTION 14. Subsection (*c*) of section 25 of said chapter 151A is hereby amended by inserting after clause (4), inserted by chapter 533 of the acts of 1959, the following paragraph:—

An individual who is certified as attending an industrial retraining course or other vocational training course as provided under section thirty shall not be denied benefits by reason of the application of the first paragraph of this subsection relating to failure to apply for, or refusal to accept, suitable work.

SECTION 15. Said chapter 151A is hereby further amended by inserting after section 28 the following section:—

Section 28A. Benefits based on service in employment defined in subsections (*a*) and (*f*) of section four A and in section four B shall be payable in the same amount, on the same terms and subject to the same conditions as benefits payable on the basis of other service subject to this chapter; except that benefits based on service in an instructional, research or principal administrative capacity in an institution of higher education shall not be paid to an individual for any week of unemployment which begins during the period between two successive academic years, or during a similar period between two regular terms, whether or not successive, or period of paid sabbatical leave provided for in the individual's contract, if the individual has a contract or contracts to perform services in any such capacity for any institution or institutions of higher education for both such academic years or both such terms.

SECTION 16. The first sentence of subsection (*c*) of section 29 of chapter 151A of the General Laws, as appearing in chapter 476 of the acts of 1962, is hereby amended by striking out, in line 3, the words "paragraph (*a*) or (*b*)" and inserting in place thereof the words:—subsections (*a*), (*b*) or (*d*).

SECTION 17. Said section 29 of said chapter 151A is hereby further amended by inserting after subsection (*c*) the following subsection:—

(*d*) An individual in unemployment and otherwise eligible for benefits, who is receiving, has received, or will receive payments in the form of retirement benefits, any part of which was financed by a base period employer, shall be paid for each week of unemployment an amount computed as follows:

(1) Fifty per cent of such retirement benefit shall be deducted from the weekly benefit to which the individual may be entitled under subsection (*a*) of this section; provided, however, that the total benefits to which the individual may be entitled under sections thirty and thirty A shall be reduced by the weekly amount which, but for the operation of this subsection, would be payable under subsection (*a*).

(2) An individual for whom weekly benefits have been determined under this subsection, and who is in partial unemployment, shall have his weekly benefit payment reduced in accordance with the provisions of subsection (*b*) of this section.

(3) The amount of any dependency benefits payable under subsection (*c*) of this section shall be computed on the weekly benefit amount which, but for the operation of this subsection, would be payable under subsection (*a*) of this section.

(4) As used in this subsection, the term "retirement benefit" means a benefit or pension of any type, not including severance pay

or Social Security benefits, which is provided under a union contract or other retirement plan. For the purpose of determining the amount to be deducted under subsection (1), the individual's gross monthly retirement benefits shall be divided by 4.3, disregarding any fractional part of a dollar. In any case where the retirement benefits are paid other than on a monthly basis, the director may use any method of computation which is reasonable to obtain an average weekly retirement benefit amount. The weekly retirement benefit amount as determined by this paragraph shall not be increased for the duration of the benefit year notwithstanding any increase in the amount of retirement benefits.

SECTION 18. Said chapter 151A is hereby further amended by striking out section 31, as amended by section 13 of chapter 763 of the acts of 1951, and inserting in place thereof the following section:—

Section 31. No individual may receive benefits in a benefit year unless, subsequent to the beginning of the next preceding benefit year during which he received benefits, he performed service and has been paid wages for such service of not less than the amount specified in subsection (*a*) of section twenty-four.

SECTION 19. Section 66 of said chapter 151A, as appearing in section 1 of chapter 685 of the acts of 1941, is hereby amended by adding the following subsection:—

(*g*) The director shall participate in any arrangements for the payment of benefits on the basis of combining an individual's wages and employment covered under this chapter with his wages and employment covered under the unemployment compensation laws of other states which are approved by the United States Secretary of Labor in consultation with the state unemployment compensation agencies as reasonably calculated to assure the prompt and full payment of benefits in such situations and which includes provisions for (1) applying the base period of a single state law to a claim involving the combining of an individual's wages and employment covered under two or more state unemployment compensation laws, and (2) avoiding the duplicate use of wages and employment by reason of such combining.

SECTION 20. Notwithstanding the provisions of sections six and eight of chapter one hundred and fifty-one A of the General Laws, the employment of one individual on some day in each of thirteen weeks in the year nineteen hundred and seventy-one, or the payment of wages in the amount of fifteen hundred dollars or more in any calendar quarter in the year nineteen hundred and seventy-one, shall constitute the employing unit thereof an employer subject to said chapter one hundred and fifty-one A as of January the first of the year nineteen hundred and seventy-two, provided the service performed by such individual or the services for which such wages were paid were performed for an employing unit of a type specified in subsection (*a*) or subsection (*f*) of section four A of said chapter one hundred and fifty-one A, inserted by section four of this act.

SECTION 21. The provisions of sections sixteen and seventeen of this act shall be applicable to persons whose benefit year begins after December the thirty-first, nineteen hundred and seventy-one.

SECTION 22. Sections one through nineteen, inclusive, of this act shall take effect on January the first, nineteen hundred and seventy-two and section twenty shall take effect as of July the first, nineteen hundred and seventy-one. *Approved October 26, 1971.*

Said board may prepare and conduct examinations, maintain records and may issue and renew, or suspend or revoke, after hearing and for cause, certification of competency. If the qualifications of the applicant meet or exceed the minimum qualifications established by said board, and, if he passes an examination satisfactory to the board, the board shall issue him a certification, which shall expire at the end of the calendar year and may be renewed from year to year thereafter. (1) Initiate investigations and review procedures in order to discover any fraudulent claim or wrongful receipt under any assistance program administered by the department of public welfare;

(2) Examine the records and accounts of the department of public welfare, division of employment security and veterans' services, and

SECTION 3. All officers and employees of the department of public welfare appointed to the fraudulent claims board authorized by section five A of chapter eighteen of the General Laws as in effect immediately prior to the effective date of this act, who, immediately prior to the effective date of this act, hold positions classified under chapter thirty-one of the General Laws or have tenure in their positions by reason of section nine A of chapter thirty of the General Laws, are hereby transferred to the bureau of welfare auditing created by section two of this act without impairment of civil service status, seniority, retirement and other employment rights, and without interruption of service within the meaning of said chapter thirty-one or said section nine A, and without reduction in compensation and salary grade, notwithstanding any change in title or duties made as a result of such transfer.

Nothing in this section shall be construed to confer upon any officer or employee any rights not held prior to said transfer.

The deed conveying said premises shall contain a provision saving the commonwealth harmless from any and all damages, which said

Chap. 946. AN ACT AUTHORIZING THE GROUP INSURANCE COMMISSION AND THE APPROPRIATE PUBLIC AUTHORITIES IN CERTAIN POLITICAL SUBDIVISIONS OF THE COMMONWEALTH TO MAKE AVAILABLE TO ELIGIBLE ACTIVE AND RETIRED EMPLOYEES AND THEIR DEPENDENTS AN OPTION TO ELECT A PROGRAM OF INSURANCE FOR A REGIONAL AREA FOR THEIR MEDICAL CARE IN LIEU OF NONREGIONALIZED GROUP HEALTH INSURANCE WITH NO ADDITIONAL PREMIUM CHARGE TO THE COMMONWEALTH OR THE POLITICAL SUBDIVISIONS.

Be it enacted, etc., as follows:

SECTION 1. Section 2 of chapter 32A of the General Laws is hereby amended by adding after paragraph (*g*) the following paragraph:—

(*h*) "Health care organization", an organization for the group practice of medicine, with or without hospital or other medical institutional affiliations, which furnishes to the patient a specified or unlimited range of medical, surgical, hospital and other types of health care services.

SECTION 2. Said chapter 32A is hereby further amended by adding the following section:—

Section 14. The commission may enter into a contract, hereinafter described, to make available the services of a health care organization to certain eligible active and retired employees and dependents, including the surviving spouse and dependents of such active and retired employees, on a voluntary and optional basis, as it deems to be in the best interest of the commonwealth and such eligible persons as aforesaid, provided:—

(1) that the total monthly premium cost to be paid by the commission is to be paid under the terms of a contract to a carrier and not paid directly to a health care organization. For purposes of this chapter such a contract shall be deemed to be a contract of insurance;

(2) that the health care organization maintains fair and nondiscriminatory formulas for the payment of all vendor's services and that such formulas result in the same relative charges to all fiscal intermediaries or carriers with whom the health care organization has an agreement; provided, however, that any difference in relative charges which may result from the application of a rate of payment approved under section five of chapter one hundred and seventy-six A shall be deemed to comply herewith.

Said commission may negotiate such a contract of insurance for and on behalf and in the name of the commonwealth for such a period of time not exceeding five years as it may in its discretion deem to be most advantageous to the commonwealth and the persons insured thereunder.

All persons eligible for the insurance provided under section six shall have the option to be insured for the services of a health care

organization under this section but shall not be insured for both. The commonwealth's contribution toward the total monthly premium cost or rate for coverage under this section shall be the same as and shall not exceed the commonwealth's contribution for the health insurance programs provided under section six; and the eligible person, having elected coverage under this section by making application as provided in section seven, shall pay the remainder of the total monthly premium cost or rate. Such payment by the insured shall be made to the commission as provided in section eight.

The commission shall require under the terms and provisions of such insurance contract an accounting at least annually of the payments made to providers of services on behalf of each person so insured; and, the extent and range of health care services shall be a matter of continuing analysis and study by the commission for the purpose of maintaining a reasonable relationship between the total monthly premium cost or rate and the range of health care services provided. On or before December the first in each year the commission shall establish a list of the eligible health care organizations and a schedule of services as authorized by this section and shall so notify the appropriate public authorities in the political subdivisions of the commonwealth that have accepted the provisions of section ten of chapter thirty-two B.

Any dividend or its equivalent derived from insurance contracts issued pursuant to this section shall be applied as provided in section nine.

The commission may promulgate rules and regulations implementing the provisions of this section and such rules and regulations shall not be subject to the provisions of chapter thirty A.

SECTION 3. Said chapter 32A is hereby further amended by striking out section 10, as most recently amended by section 2 of chapter 813 of the acts of 1969, and inserting in place thereof the following section:—

Section 10. The commission shall require that, on retirement of an employee, the policy or policies providing two thousand dollars of group life insurance and two thousand dollars of group accidental death and dismemberment insurance shall be reduced to one thousand dollars of group life insurance and the retired employee shall make payment of fifty per cent of the average group premium as determined by the commission for group life insurance. The group general or blanket insurance providing hospital, surgical, medical and other health insurance, as provided under sections five, ten C and fourteen, as may be applicable, shall be continued, and the retired employee shall pay fifty per cent of the average group premium, as determined by the commission, for such hospital, surgical, medical and other health insurance, as provided under sections five and ten C, except that for insurance for services of a health care organization, as provided under section fourteen, the retired employee shall pay the remainder of the total monthly premium cost after deducting the amount contributed by the commonwealth. The commonwealth shall contribute the remaining fifty per cent of the average group premium costs of group life insurance and group of blanket health insurance, as provided under sections five and ten C. The contribution by the

commonwealth for services of a health care organization shall be equal to and shall not exceed the contribution of the commonwealth for group or blanket health insurance as provided under section five or section ten C.

Prior to retirement, an insured employee who terminates his service with the commonwealth and who has a right to retire but whose retirement is deferred as provided in section ten of chapter thirty-two shall for the purposes of this chapter only be deemed to have been granted a leave of absence without pay and may continue all insurance coverages to which he would have been entitled if he had not terminated his services; provided he files an application therefor with the commission, and makes payment for the entire cost of such insurance, with no contribution by the commonwealth, to the commission in such manner as it may prescribe. Any National Guard technician in the service of the United States who is eligible and makes application for a pension or annuity allowance and whose application is approved by the state retirement board in accordance with the provisions of chapter thirty-two shall be entitled to be insured under this chapter as a retired employee without regard to waiting periods for benefits or medical qualification as if said retiree had been in the service of the commonwealth.

Any policy or policies issued under this chapter shall provide that, on termination of employment, an employee shall be entitled to convert his insurance to an individual type of policy, subject to the provisions of section one hundred and thirty-four of chapter one hundred and seventy-five with respect to life insurance, and subject to the requirements of the commission with respect to the other insurance coverages provided in this chapter, except that with respect to the services of a health care organization the contract made under section fourteen may provide for extension or continuation of coverage in lieu of the right to convert. No employee will be permitted to convert his insurance or extend or continue coverage for services of a health care organization on separation from service more than one time, if such converted or extended insurance would result in a greater amount of insurance than is provided in section six or section fourteen, respectively.

SECTION 4. Section 2 of chapter 32B of the General Laws is hereby amended by adding after paragraph (*i*) the following paragraph:—

(*j*) "Health care organization", an organization for the group practice of medicine, with or without hospital or other medical institutional affiliations, which furnishes to the patient a specified or unlimited range of medical, surgical, hospital and other types of health care services.

SECTION 5. Said chapter 32B is hereby further amended by adding the following section:—

Section 16. Upon acceptance of this section as hereinafter provided, the appropriate public authority of the governmental unit may enter into a contract, hereinafter described, to make available the services of a health care organization to certain eligible and retired employees and dependents, including the surviving spouse and dependents of such active and retired employees, on a voluntary and

optional basis, as it deems to be in the best interest of the governmental unit and such eligible persons as aforesaid, provided:—

(1) that the total monthly premium cost to be paid by the governmental unit is to be paid under the terms of a contract to a carrier and not paid directly to a health care organization. For purposes of this chapter such a contract shall be deemed to be a contract of insurance;

(2) that the health care organization maintains fair and nondiscriminatory formulas for the payment of all vendor's services and that such formulas result in the same relative charges to all fiscal intermediaries or carriers with whom the health care organization has an agreement; provided, however, that any difference in relative charges which may result from the application of a rate of payment approved under section five of chapter one hundred and seventy-six A shall be deemed to comply herewith.

The appropriate public authority may negotiate such a contract of insurance for and on behalf and in the name of the governmental unit for such a period of time not exceeding five years as it may in its discretion deem to be the most advantageous to the governmental unit and the persons insured hereunder. A copy of said contract and a certification that the schedule of health care services contained therein does not exceed the schedule established by the commission shall be filed with the commission as provided in section three.

All persons eligible for the insurance provided under section five shall have the option to be insured for the services of a health care organization under this section but shall not be insured for both. No company shall cancel the authority of any independent insurance agent for fire or casualty insurance, or both, if said agent is not an employee of said company and no company shall modify a contract with such an agent unless the company gives written notice of its intent to cancel such agent or its intent to modify such contract at least ninety days before the proposed effective date of any such cancellation or modification. No company shall allow the license of any such agent to expire unless the company gives written notice of its intent to do so at least ninety days before the proposed effective date of any such expiration. Except as otherwise provided herein, any agent receiving notice of such cancellation, modification or expiration may, within fifteen days after receipt thereof, make a written demand for reference to three referees of the question as to whether or not such cancellation, modification or expiration will so affect the renewal, continuation or replacement of any policies placed with the company through the efforts of the agent, or the services needed by any policyholder doing business with the company as a result of the efforts of the agent, as to justify renewal or continuation of any policies expiring within six months of the issuance of any such notice at fair compensation for one additional policy period equal in length to the most recent policy period of any such expiring policy, but in no event for more than one additional year.

Any agent making a written demand for such reference shall accompany said written demand with the names and addresses of three persons, whereupon the company shall within fifteen days thereof notify the agent of its choice of one of said persons to act as one of the referees and at the same time submit the names and addresses of three persons to the agent, who shall within fifteen days after receiving such names notify the company in writing of his choice of one of such persons to act as a second referee. At the same time the agent shall notify the commissioner, such notice to be on a form prescribed by the commissioner,

that both the company and agent have chosen referees. Within ten days of the receipt of such notice the commissioner shall appoint a person to serve as the third referee and shall notify such person, the agent and the company in writing of such appointment. Each person nominated or appointed as a referee shall be a disinterested person, shall be a resident of the commonwealth and shall be willing to act as such referee. Within ten working days of the appointment of the third referee, who shall serve as chairman, the three referees shall meet, hear the evidence, reduce their decision to writing, and sign it, and shall deliver a copy thereof to the agent, to the company and to the commissioner.

Any insurance company and any insurance agent may by written contract agree to modify the provisions of the preceding two paragraphs, other than the requirement of a ninety-day notice in the event of a cancellation or modification of a contract or of intent to allow the expiration of a license, by provisions presented to and approved by the commissioner which he finds after due hearing and investigation will adequately protect both the right of a policyholder to a continuance of insurance and the services of any agent of his own choosing and the right of an agent to fair compensation for the insurance placed with a company as the result of his efforts. The commissioner may make reasonable rules of general application regarding such modified provisions.

The decision of the referees may provide for the renewal or continuance of any or all policies expiring within six months as aforesaid and for the continuance of such previous contractual provisions, if the referees, or a majority of them, find that such decision will best protect the right of a policyholder to a continuance of insurance and the services of an agent of his own choosing and the right of any agent to compensation for the insurance placed with a company as a result of his efforts giving due consideration to the possibility the affected agent has of obtaining similar coverage for policyholders affected from other companies at reasonable compensation. The decisions rendered in accordance with the provisions of this section providing for reference shall be binding on all companies and agents affected thereby. If such a decision orders the renewal or continuance of any policies, policyholders and the affected agent shall be entitled in all respects to the same services and practices as were in effect prior to reference insofar as amounts and types of coverage, credit terms and agency services are also continued. The referees, or a majority of them, shall fix a fair compensation for the agent affected whenever they order such a renewal or continuance of policies.

All policies expiring within six months of the notice may be renewed as aforesaid but no agent or company relying on this section shall again refer the same issue to referees upon the expiration of such policies and no order for continuance shall remain effective for more than one additional policy period or for one year whichever is less for each policy affected thereby. Where, however, other provisions of the general laws require notice to policyholders before nonrenewal of any coverages, the company shall at the request of the agent who is unable to replace any such policy comply with those provisions of law.

An agent initiating reference under this section and the company receiving the written demand shall each be liable for the payment of the reasonable charges and expenses of his nominee for referee and one half

of the compensation for the reasonable charges and expenses of the third referee. The third referee shall forthwith upon the execution of the decision furnish the agent and the company with a written statement specifying in detail his charges for compensation and expenses. The agent or the company, if aggrieved by said charges, may petition the commissioner for review. The petition shall set forth with particularity the specific item or charges in dispute. The commissioner shall, within ten days of receipt of the petition, notify the interested parties of the date established for a hearing on said petition and after said hearing the commissioner shall approve or disapprove said charges in whole or in part. His findings and decision shall be final and conclusive. *Approved November 1, 1971.*

Chap. 963. AN ACT PROVIDING FINANCIAL SUBSIDIES TO CERTAIN ADOPTING PARENTS.

SECTION 1. The department of public welfare shall establish a program for financial subsidy to certain adopting parents to facilitate the adoption of children who are in foster care with the department or, pursuant to contract by the department, with any foster care agency licensed under chapter one hundred and nineteen of the General Laws and who would not otherwise receive appropriate adoptive placement. Said department shall adopt rules and regulations to implement the provisions of this act. Financial subsidy may consist of payments either for the general support of such children or for their medical or remedial care, or both.

Eligibility for payments for such support or care of children to be adopted shall be determined in accordance with income and resource limitations based upon the number of persons, including the child or children to be adopted, in the household. Support payments shall not exceed those support payments currently authorized by said department for a comparable child or children in family foster care under the

provisions of chapter one hundred and nineteen of the General Laws. Adoptive parents shall, prior to adoption, make arrangements with said department for the receipt of said postadoptive support payments in order to be eligible to receive them.

Eligibility for payments for medical or remedial care of a child to be adopted shall be determined in accordance with an income and resource schedule based on the number of persons in the household, including said child, and the out-of-pocket expenses for the medical and remedial care of said child. Such payments shall not exceed the medical or remedial care payments currently authorized by said department for a comparable child in family foster care under the provisions of chapter one hundred and nineteen of the General Laws, and such payments shall be made directly to providers of service. The medical or remedial services provided shall require the prior approval of said department in the manner set forth by departmental regulations, and such payments shall not supersede payments or services available from other federal, state, local or private medical or remedial programs or insurance plans. If such medical or remedial services arise out of injury, disease or disability for which a third party may be liable, said department shall require the person receiving such medical or remedial care to assign to the commonwealth from the proceeds of any such claim against such third party the amounts so expended. Only adoptive parents who have made arrangements with the department prior to adoption to receive postadoption assistance for medical or remedial care shall be eligible to receive such assistance.

A recipient of said financial subsidy shall annually provide the department with copies of his federal and state income tax returns and a financial statement which includes full disclosure of assets and liabilities. Said department shall annually review the need of a recipient for such subsidy and shall terminate any payments when such need no longer exists.

SECTION 2. In evaluating a petitioner's ability to provide suitable support for a child pursuant to section six of chapter two hundred and ten of the General Laws, a probate court shall give consideration to assurances by the department of public welfare that it will provide or contribute funds for the necessary maintenance care or medical or remedial care for the child.

SECTION 3. The provisions of this act and the subsidy program established hereunder shall apply to one hundred adoptions only and shall cease to be operative thereafter. *Approved November 1, 1971.*

Chap. 977. AN ACT DIRECTING THE COMMISSIONER OF INSURANCE TO REQUIRE ALL INSURANCE COMPANIES WRITING AUTOMOBILE INSURANCE TO FILE DATA SHOWING THE AMOUNT OF PROFIT MADE ON ALL LINES OF AUTOMOBILE INSURANCE INCLUDING PROFITS FROM INVESTMENT INCOME AND FURTHER DIRECTING THE COMMISSIONER OF INSURANCE TO CONDUCT A PUBLIC HEARING RELATIVE TO EARNINGS MADE ON COMPULSORY MOTOR VEHICLE INSURANCE AND PROVIDING FOR A REBATE OR RATE REDUCTION TO POLICYHOLDERS OF CERTAIN EARNINGS AND REQUIRING COMPANIES TO WITHHOLD FUNDS FOR THIS PURPOSE.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide immediate relief to compulsory motor vehicle liability insurance policyholders from the high cost for such insurance coverage, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. The third paragraph of section 113B of chapter 175 of the General Laws is hereby amended by inserting after the second sentence the following sentence:—Every company selling automobile insurance coverage in the commonwealth shall file with the commissioner complete financial records showing the amount of profit made on every line of automobile insurance during the previous year and shall also file records showing profits from investment income, including investment income on net realized capital gains.

SECTION 1A. Said section 113B of said chapter 175 of the General Laws, as most recently amended by chapter 785 of the acts of 1970, is hereby further amended by inserting after the first paragraph thereof the following paragraph:—

In fixing and establishing premium charges in accordance with the provisions of this section, the commissioner shall determine whether or not the premium charges fixed and established by him for the then calendar year have or will prove to meet the standards set forth in this section or are excessive. If the commissioner finds that the

premium charges for any current calendar year are or will prove to be excessive, unjust, unreasonable, discriminatory or inadequate, he shall take these facts into account and shall fix and establish premium charges for the ensuing calendar year at levels which he determines will produce adequate, just, reasonable, nondiscriminatory or not excessive charges for the two affected calendar years taken together. Whenever the commissioner acts in accordance with the provisions of this paragraph he shall state the facts relied upon in making his findings and shall include in the memoranda of the classifications and premium charges fixed and established by him a determination of the premium charges he would have fixed and established for the ensuing calendar year had he not found the charges for the then current calendar year failed to meet the standards set forth in this section.

SECTION 2. The commissioner of insurance, hereinafter called the commissioner, is hereby authorized and directed to hold a public hearing on or before November the fifteenth, nineteen hundred and seventy-one, relative to the earnings realized or to be realized by insurance companies from compulsory motor vehicle liability insurance policies or bonds issued or executed in the commonwealth for the year nineteen hundred and seventy-one. If the commissioner determines from such hearings that said earnings either have or may result in an unfair profit to said insurance companies, he shall direct such insurance companies to set sufficient funds aside as a special reserve, in an amount determined by him to be adequate to assure the availability of funds to provide for a fair and reasonable sharing of such profits by the policyholders.

If the commissioner is able finally to determine, prior to December the first, nineteen hundred and seventy-one, the extent of any such unfair profit, he shall direct the aforesaid insurance companies, under a schedule determined by him, to return to its policyholders for the year nineteen hundred and seventy-one such share of such profits as he determines is fair and reasonable, said returns to be made either by payment to such policyholders or as an identified credit on policies or bonds issued to such policyholders in the year nineteen hundred and seventy-two.

If the commissioner is unable finally to determine the extent of any such unfair profit from the information available to him prior to December the first, nineteen hundred and seventy-one, he shall fix and establish premium charges for the calendar year nineteen hundred and seventy-two under the provisions of section one hundred and thirteen B of chapter one hundred and seventy-five of the General Laws, as amended by section one A of this act, provided, however, such rates shall be provisional. He shall thereafter hold another public hearing at a time in the year nineteen hundred and seventy-two selected by him when adequate information relating to the earnings realized by insurance companies from compulsory motor vehicle liability insurance policies issued in the year nineteen hundred and seventy-one becomes available. The commissioner shall then finally determine the extent of any such unfair profit and shall finally determine whether the premium charges established by him provi-

sionally for the calendar year nineteen hundred and seventy-two meet the standards set forth in said section one hundred and thirteen B, as amended by said section one A of this act. After making said findings, he shall either direct the aforesaid insurance companies to return to their policyholders for the year nineteen hundred and seventy-one such share of such profits as he determines is fair and reasonable, or he shall adjust, if necessary, and set finally the premium charges under said section one hundred and thirteen B as amended by said section one A of this act. The commissioner shall give appropriate credit to any insurance company that has paid a dividend to policyholders or otherwise voluntarily returned profits on compulsory motor vehicle liability insurance policies or bonds issued or executed by it within the commonwealth for the year nineteen hundred and seventy-one.

The commissioner may also, if necessary, establish separate rates of return for each company providing compulsory automobile insurance in the commonwealth.

The commissioner may direct that the insurance companies use all or part of the special reserve fund either to make payment of said returns or to offset income loss on policies issued in nineteen hundred and seventy-two because of any rate reduction authorized under the provisions of this act. The commissioner may also make such orders with respect to the disposition of the special reserve fund as may be necessary to effect the purpose of this act. Failure of the insurance companies to return the amounts as so determined by the commissioner shall be sufficient cause for him to revoke the right of the company to do business in the commonwealth after December the thirty-first, nineteen hundred and seventy-one.

Any person or company aggrieved by any action, order, finding or decision of the commissioner under this chapter may appeal to the supreme judicial court under the provisions of and for the relief set forth for appeals in section one hundred and thirteen B of chapter one hundred and seventy-five.

The court shall determine whether the filing of the appeal shall operate as a stay of any such order or decision of the commissioner. The court may, in disposing of the issue before it, modify, affirm or reverse the order or decision of the commissioner in whole or in part.

SECTION 3. The provisions of this act are severable and if any provision shall be held unconstitutional by any court of competent jurisdiction, the decisions of such court shall not affect or impair any of the remaining provisions. *Approved November 3, 1971.*

Chap. 978. AN ACT PROVIDING FOR COMPULSORY PROPERTY PROTECTION FOR ALL REGISTERED MOTOR VEHICLES.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to require all vehicles insured for compulsory motor vehicle insurance to be also insured by property protection insurance on and after January the first, nineteen hundred and seventy-two, in order to permit public and private insurance personnel to effect an orderly and efficient transition of the

administration of this new requirement, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience and safety.

Be it enacted, etc., as follows:

SECTION 1. Chapter 90 of the General Laws is hereby amended by inserting after section 34N the following section:—

Section 34O. Every person having in force a motor vehicle liability policy or motor vehicle liability bond, as defined in section thirty-four A, shall also maintain in force either property protection insurance or a bond providing equivalent benefits; such a bond shall create the same rights, liabilities, waivers and exemptions as are provided with respect to property protection insurance coverage. Every insurer issuing or executing a motor vehicle liability policy or bond shall also provide property protection coverage for the policyholder or obligor. Property protection insurance is insurance containing provisions as prescribed in this section, among such other provisions, including conditions, exclusions and limitations, as the commissioner of insurance may approve. Subject to such stated limits and conditions, exclusions and limitations approved by the commissioner, the insurer shall offer additional coverage, optional to the policyholder, for resulting loss of use of the insured vehicle. The commissioner shall fix, establish or approve classifications of risks and premium charges for property protection insurance and for property protection coverage under bonds, in accordance with the provisions of section one hundred and thirteen B of chapter one hundred and seventy-five.

Every policy of property protection insurance shall provide that the insurer will pay on behalf of the insured all sums the insured shall become legally obligated to pay as damages because of injury to or destruction of property, including loss of use thereof, caused by accident and arising out of the ownership, maintenance or use, including loading and unloading of the insured motor vehicle, subject to a limit of not less than five thousand dollars because of injury to or destruction of property of others in any one accident. Under terms and conditions approved by the commissioner the insurer shall have the right and duty to defend any suit against the insured seeking damages on account of such injury to or destruction of property even if any of the allegations of the suit are groundless, false or fraudulent. Property protection insurance shall also provide the protection described in whichever of the three following options the policyholder elects:

(1) *All Risk Coverage.* The insurer will pay for direct and accidental loss of or damage to the insured vehicle, subject to a deductible of one hundred dollars, up to a limit equal to the actual cash value of the vehicle less such deductible. This option includes, without limitation, coverages heretofore included within collision and upset. Benefits under this coverage are payable without regard to negligence, comparative negligence, gross negligence or fault of any kind.

(2) *Restricted Coverage.* In the following cases and no others the insurer will pay for direct and accidental loss of or damage to the insured vehicle, subject to a deductible of one hundred dollars up to

a limit equal to the actual cash value of the vehicle less such deductible:

(*a*) Cases in which the insured except for the exemption from liability granted by this section would have been entitled to recover in tort for such loss or damage against another identified person also insured by a policy of property protection insurance;

(*b*) Cases in which the insured is entitled to recover in tort for such loss or damage against another identified person who is not exempt from liability under the provisions of this section; the insured, in such a case, shall take all steps necessary to preserve the insurer's right of subrogation;

(*c*) Cases in which the loss or damage is incurred by the insured vehicle while the vehicle is lawfully parked and the loss or damage is the result of impact with another vehicle owned by another identified person;

(*d*) Cases in which the insured vehicle is struck in the rear by another vehicle owned by another identified person moving in the same direction;

(*e*) Cases in which the operator of the vehicle causing loss or damage to the insured vehicle is, as a result of his operation at the time the loss or damage was incurred, convicted of either operating under the influence of alcohol or a narcotic drug as defined in section one hundred and ninety-seven of chapter ninety-four, or of driving the wrong way on a one-way street or of operating at an excessive rate of speed as defined in section seventeen of chapter ninety, or of any similar violation of the law of any other state in which the loss or damage is sustained. No coverage is created under this clause, however, if the operator of the insured vehicle is himself convicted of any such violations as a result of his operation at the time said loss or damage was incurred.

The insured shall be entitled to payment in any of the cases described in clauses (*c*), (*d*) and (*e*) of option (2) whether or not the facts disclose that he is or would have been entitled to recover in tort for such loss or damage against another, and such payment shall not be reduced as a result of any facts showing comparative negligence.

In no event, however, shall payments due under clauses (*a*) and (*b*) of option (2) exceed the amount recoverable in tort for the loss or damage to the insured vehicle, taking into account comparative negligence as well as other applicable factors. In such cases, if a deductible has been elected, the full amount of the deductible shall be subtracted from the amount that would otherwise have been recoverable in tort.

(3) *No Coverage for Own Car.* Under this option the policyholder shall not be entitled to receive insurance payments under property protection insurance for accidental loss of or damage to his own vehicle as identified in the policy. The policyholder's election of this option shall bar all claims for loss of or damage to his vehicle he might otherwise have had against others insured under property protection insurance policies and the policyholder shall be exempt from liability to such persons as provided herein. This option shall be offered subject to such conditions as the commissioner of insurance may require in order to assure that each policyholder electing

it has been fully informed of the results of absence of coverage for damages to his own vehicle.

Insurers shall make available to all property protection insurance policyholders, at their option a fifty dollar deductible coverage for options (1) and (2) above and may also offer other deductible amounts approved by the commissioner of insurance.

Payments under option (1) and under clauses (*c*), (*d*) and (*e*) of option (2) shall be due and payable within fifteen days after receipt by the insurer of reasonable proof that claimant is, in fact, a policyholder, that an accident occurred and the amount of the loss or damage claimed. In any case where the insurer fails to make payment within fifteen days of receipt of such reasonable proof, the insured may commence an action in contract for payments claimed to be due. If the court determines that the insurer was unreasonable in refusing to pay said insured's claim, the claimant shall be entitled to recover double the amount of damages claimed plus his costs and reasonable attorney fees fixed by the court.

Every owner, authorized operator or other person legally responsible for the operation of any vehicle to which this section applies, regardless of the coverage option or deductible option elected by the policyholder, shall be exempt from all liability every property protection insurance policyholder and his insurer might otherwise have been entitled to claim, by subrogation or otherwise, for accidental loss of or damage to any vehicle to which this section applies. This exemption from liability shall not affect tort rights and subrogation rights therein against persons not so exempted.

Except as provided in this paragraph there shall be no rights of subrogation among property protection insurance policyholders and their insurers. The inter-insurer subrogation provided for in this paragraph shall apply only to cases in which two or more vehicles are involved and at least one is not a vehicle within the private passenger classification fixed and established from time to time by the commissioner of insurance. When such subrogation does apply, because one or more vehicles involved is not within said private passenger classification, any insurer making payments under options (1) or (2) is hereby given the right to make claim for the net amount paid, costs of processing claims for such payment and the expenses of enforcing this right, against any other insurer providing property protection insurance on a motor vehicle registered in this commonwealth whose owner or operator would, except for the exemption contained herein, be liable in tort for such damages. Determination as to whether any insurer is legally entitled to recover such amounts from another insurer shall be made by agreement between the involved insurers, or, if they fail to agree, by arbitration in accordance with the provisions of the General Laws.

Fire, theft and comprehensive coverage may be written as part of any policy of property protection insurance, or separately, as authorized by the commissioner.

SECTION 1A. Paragraph (7) of subsection (*a*) of section 5B of chapter 62 of the General Laws, as appearing in section 5 of chapter 555 of the acts of 1971, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:—An

exemption equal to the amount of premiums paid for a motor vehicle liability policy or motor vehicle liability bond, as defined in section thirty-four A of chapter ninety, for one passenger motor vehicle only owned and registered in the commonwealth for the personal, non-business use of a resident of the commonwealth.

SECTION 2. This act shall take effect on January the first, nineteen hundred and seventy-two. *Approved November 3, 1971.*

Chap. 1005. AN ACT PROVIDING FOR THE ESTABLISHMENT AND IMPLEMENTATION OF PROGRAMS IN TRANSITIONAL BILINGUAL EDUCATION IN THE PUBLIC SCHOOLS OF THE COMMONWEALTH, WITH REIMBURSEMENT BY THE COMMONWEALTH TO CITIES, TOWNS AND SCHOOL DISTRICTS TO FINANCE THE ADDITIONAL COSTS OF SUCH PROGRAMS.

Be it enacted, etc., as follows:

SECTION 1. *Declaration of Policy.* — The General Court finds that there are large numbers of children in the commonwealth who come from environments where the primary language is other than English. Experience has shown that public school classes in which instruction is given only in English are often inadequate for the education of children whose native tongue is another language. The General Court believes that a compensatory program of transitional bilingual education can meet the needs of these children and facilitate their integration into the

regular public school curriculum. Therefore, pursuant to the policy of the commonwealth to insure equal educational opportunity to every child, and in recognition of the educational needs of children of limited English-speaking ability, it is the purpose of this act to provide for the establishment of transitional bilingual education programs in the public schools, and to provide supplemental financial assistance to help local school districts to meet the extra costs of such programs.

SECTION 2. The General Laws are hereby amended by inserting after chapter 71 the following chapter: —

CHAPTER 71A.

TRANSITIONAL BILINGUAL EDUCATION.

Section 1. The following words, as used in this chapter shall, unless the context requires otherwise, have the following meanings: —

"Department", the department of education.

"School committee", the school committee of a city, town or regional school district.

"Children of limited English-speaking ability", (1) children who were not born in the United States whose native tongue is a language other than English and who are incapable of performing ordinary classwork in English; and (2) children who were born in the United States of non-English speaking parents and who are incapable of performing ordinary classwork in English.

"Teacher of transitional bilingual education", a teacher with a speaking and reading ability in a language other than English in which bilingual education is offered and with communicative skills in English.

"Program in transitional bilingual education", a full-time program of instruction (1) in all those courses or subjects which a child is required by law to receive and which are required by the child's school committee which shall be given in the native language of the children of limited English-speaking ability who are enrolled in the program and also in English, (2) in the reading and writing of the native language of the children of limited English-speaking ability who are enrolled in the program and in the oral comprehension, speaking, reading and writing of English, and (3) in the history and culture of the country, territory or geographic area which is the native land of the parents of children of limited English-speaking ability who are enrolled in the program and in the history and culture of the United States.

Section 2. Each school committee shall ascertain, not later than the first day of March, under regulations prescribed by the department, the number of children of limited English-speaking ability within their school system, and shall classify them according to the language of which they possess a primary speaking ability.

When, at the beginning of any school year, there are within a city, town or school district, not including children who are enrolled in existing private school systems, twenty or more children of limited English-speaking ability in any such language classification, the school committee shall establish, for each classification, a program in transitional bilingual education for the children therein; provided, however, that a school committee may establish a program in transitional bilingual education with respect to any classification with less than twenty children therein.

Every school-age child of limited English-speaking ability not enrolled in existing private school systems shall be enrolled and participate in the program in transitional bilingual education established for the classification to which he belongs by the city, town or school district in which he resides for a period of three years or until such time as he achieves a level of English language skills which will enable him to perform successfully in classes in which instruction is given only in English, whichever shall first occur.

A child of limited English-speaking ability enrolled in a program in transitional bilingual education may, in the discretion of the school committee and subject to the approval of the child's parent or legal guardian, continue in that program for a period longer than three years.

An examination in the oral comprehension, speaking, reading and writing of English, as prescribed by the department, shall be administered annually to all children of limited English-speaking ability enrolled and participating in a program in transitional bilingual education. No school committee shall transfer a child of limited English-speaking ability out of a program in transitional bilingual education prior to his third year of enrollment therein unless the parents of the child approve the transfer in writing, and unless the child has received a score on said examination which, in the determination of the department, reflects a level of English language skills appropriate to his or her grade level.

If later evidence suggests that a child so transferred is still handicapped by an inadequate command of English, he may be reenrolled in the program for a length of time equal to that which remained at the time he was transferred.

Section 3. No later than ten days after the enrollment of any child in a program in transitional bilingual education the school committee of the city, town or the school district in which the child resides shall notify by mail the parents or legal guardian of the child of the fact that their child has been enrolled in a program in transitional bilingual education. The notice shall contain a simple, nontechnical description of the purposes, method and content of the program in which the child is enrolled and shall inform the parents that they have the right to visit transitional bilingual education classes in which their child is enrolled and to come to the school for a conference to explain the nature of transitional bilingual education. Said notice shall further inform the parents that they have the absolute right, if they so wish, to withdraw their child from a program in transitional bilingual education in the manner as hereinafter provided.

The notice shall be in writing in English and in the language of which the child of the parents so notified possesses a primary speaking ability.

Any parent whose child has been enrolled in a program in transitional bilingual education shall have the absolute right, either at the time of the original notification of enrollment or at the close of any semester thereafter, to withdraw his child from said program by written notice to the school authorities of the school in which his child is enrolled or to the school committee of the city, town or the school district in which his child resides.

Section 4. A school committee may allow a nonresident child of limited English-speaking ability to enroll in or attend its program in transitional bilingual education and the tuition for such a child shall be paid by the city, town or the district in which he resides.

Any city, town or school district may join with any other city, town, school district or districts to provide the programs in transitional bilingual education required or permitted by this chapter.

The commonwealth, under section eighteen A of chapter fifty-eight, shall reimburse any city, town or district for one half of the cost of providing transportation for children attending a program in transitional bilingual education outside the city, town or district in which they reside.

Section 5. Instruction in courses of subjects included in a program of transitional bilingual education which are not mandatory may be given in a language other than English. In those courses or subjects in which verbalization is not essential to an understanding of the subject matter, including but not necessarily limited to art, music and physical education, children of limited English-speaking ability shall participate fully with their English-speaking contemporaries in the regular public school classes provided for said subjects. Each school committee of every city, town or school district shall ensure to children enrolled in a program in transitional bilingual education practical and meaningful opportunity to participate fully in the extra-curricular activities of the regular public schools in the city, town or district. Programs in transitional bilingual education shall, whenever feasible, be located in the regular public schools of the city, town or the district rather than separate facilities.

Children enrolled in a program of transitional bilingual education whenever possible shall be placed in classes with children of approximately the same age and level of educational attainment. If children of different age groups or educational levels are combined, the school committee so combining shall ensure that the instruction given each child is appropriate to his or her level of educational attainment and the city, town or the school districts shall keep adequate records of the educational level and progress of each child enrolled in a program. The maximum student-teacher ratio shall be set by the department and shall reflect the special educational needs of children enrolled in programs in transitional bilingual education.

Section 6. The board of education, hereinafter called the board, shall grant certificates to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. The requirements of section thirty-eight G of chapter seventy-one shall not apply to the certification of teachers of transitional bilingual education. Teachers of transitional bilingual education, including those serving under exemptions as provided in this section, shall be compensated by local school committees not less than a step on the regular salary schedule applicable to permanent teachers certified under said section thirty-eight G.

The board shall grant certificates to teachers of transitional bilingual education who present the board with satisfactory evidence that they (1) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (2) are in good health, provided that no applicant shall be disqualified because of blindness or defective hearing; (3) are of sound moral character; (4) possess a bachelor's degree or an earned higher academic degree or are graduates of a normal school approved

by the board; (5) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the board; and (6) are legally present in the United States and possess legal authorization for employment.

For the purpose of certifying teachers of transitional bilingual education the board may approve programs at colleges or universities devoted to the preparation of such teachers. The institution shall furnish the board with a student's transcript and shall certify to the board that the student has completed the approved program and is recommended for a teaching certificate.

No person shall be eligible for employment by a school committee as a teacher of transitional bilingual education unless he has been granted a certificate by the board; provided, however, that a school committee may prescribe such additional qualifications, approved by the board. Any school committee may upon its request be exempted from the certification requirements of this section for any school year in which compliance therewith would in the opinion of the department constitute a hardship in the securing of teachers of transitional bilingual education in the city, town or regional school district. Exemptions granted under this section shall be subject to annual renewal by the department.

A teacher of transitional bilingual education serving under an exemption as provided in this section shall be granted a certificate if he achieves the requisite qualifications therefor. Two years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring the status of serving at the discretion of the school committee as provided in section forty-one of chapter seventy-one, and said two years shall be deemed to immediately precede, and be consecutive with, the year in which a teacher becomes certified. In requesting an exemption under this section a school committee shall give preference to persons who have been certified as teachers in their country or place of national origin.

All holders of certificates and legal exemptions under the provisions of section thirty-eight G of chapter seventy-one who provide the board with satisfactory evidence that they possess a speaking and reading ability in a language other than English may be certified under this section as a teacher of transitional bilingual education.

Nothing in this chapter shall be deemed to prohibit a school committee from employing to teach in a program in transitional bilingual education a teacher certified under section thirty-eight G of chapter seventy-one, so long as such employment is approved by the department.

Section 7. A school committee may establish on a full or part-time basis preschool or summer school programs in transitional bilingual education for children of limited English-speaking ability or join with the other cities, towns or school districts in establishing such preschool or summer programs. Preschool or summer programs in transitional bilingual education shall not substitute for programs in transitional bilingual education required to be provided during the regular school year.

Section 8. The costs of the programs in transitional bilingual education required or permitted under this chapter, actually rendered or furnished, shall, for the amount by which such costs exceed the average per pupil expenditure of the city, town or the school district for the

education of children of comparable age, be reimbursed by the commonwealth to the city, town or regional school districts as provided in section eighteen A of chapter fifty-eight.

Reimbursement shall be made upon certification by the department that programs in transitional bilingual education have been carried out in accordance with the requirements of this chapter, the department's own regulations, and approved plans submitted earlier by city, town or the school districts, and shall not exceed one and one half million dollars for the first year, two and one half million dollars per year for the second and third years and four million dollars per year for the fourth and subsequent years of programs in transitional bilingual education. In the event that amounts certified by the department for reimbursement under this section exceed the available state funds therefor, reimbursement of approved programs shall be made based on the ratio of the maximum available state funds to the total funds expended by all of the school committees in the commonwealth.

Nothing herein shall be interpreted to authorize cities, towns or school districts to reduce expenditures from local and federal sources, including monies allocated under the federal Elementary and Secondary Education Act, for transitional bilingual education programs.

The costs of programs in transitional bilingual education, other than those actually reimbursed under this chapter, shall be "reimbursable expenditures" within the meaning of chapter seventy and shall be reimbursed under said chapter.

Section 9. In addition to the powers and duties prescribed in previous sections of this chapter, the department shall exercise its authority and promulgate rules and regulations to achieve the full implementation of all provisions of this chapter. A copy of the rules and regulations issued by the department shall be sent to all cities, towns and school districts participating in transitional bilingual education.

SECTION 3. Subsection (*b*) of section 18A of chapter 58 of the General Laws is hereby amended by striking out paragraph (3), as appearing in section 7 of chapter 546 of the acts of 1969, and inserting in place thereof the following paragraph: —

(3) On or before November the twentieth, the reimbursements for the special education programs required to be paid by the commonwealth under chapters sixty-nine, seventy-one and seventy-one A;.

SECTION 4. Chapter 69 of the General Laws is hereby amended by inserting after section 34 under the caption BUREAU OF TRANSITIONAL EDUCATION the following section: —

Section 35. There shall be established within the department, subject to appropriation, a bureau of transitional bilingual education which shall be headed by a project director. The project director shall be appointed by the board of education upon the recommendation of the commissioner, and said project director shall have the minimum qualifications of a bachelor degree in either business administration, liberal arts, or science, and shall have at least two years of documented administrative or teaching experience. The project director shall file a quarterly report with the board of education, the clerk of the house of representatives and the clerk of the senate.

The bureau for transitional bilingual education shall be charged with the following duties: (1) to assist the department in the administration and enforcement of the provisions of chapter seventy-one A and in the

formulation of the regulations provided for in said chapter; (2) to study, review and evaluate all available resources and programs that, in whole or in part, are or could be directed toward meeting the language capability needs of children and adults of limited English-speaking ability resident in the commonwealth; (3) to compile information about the theory and practice of transitional bilingual education in the commonwealth and elsewhere, to encourage experimentation and innovation in the field of transitional bilingual education and to make an annual report to the general court and the governor; (4) to provide for the maximum practicable involvement of parents of children of limited English-speaking ability in the planning, development and evaluation of transitional bilingual education programs in the districts serving their children and to provide for the maximum practicable involvement of parents of children of limited English-speaking ability, teachers and teachers' aides of transitional bilingual education, community coordinators, representatives of community groups, educators and laymen knowledgeable in the field of transitional bilingual education in the formulation of policy and procedures relating to the administration of chapter seventy-one A by the commonwealth; (5) to consult with other public departments and agencies, including but not limited to the department of community affairs, the department of public welfare, the division of employment security and the Massachusetts commission against discrimination, in connection with the administration of said chapter; (6) to make recommendations to the department in the areas of preservice and in-service training for teachers of transitional bilingual education programs, curriculum development, testing and testing mechanisms and the development of materials for transitional bilingual education courses; and (7) to undertake any further activities which may assist the department in the full implementation of said chapter.

(*b*) A city or town, acting in the manner specified in section two, may by vote declare that an authority is needed therein for the financing of solid waste disposal facilities under this chapter but shall not be empowered to so finance said solid waste disposal facilities, except as an incident to industrial development facilities, unless such declaration is made. Such vote shall be made separately from a vote declaring that an authority is needed to finance industrial development facilities, except such as constitute or are incidental to said solid waste disposal facilities. Such declarations may be made successively but only one authority shall be organized under this chapter in any city or town except as otherwise provided with respect to consolidated authorities.

(*c*) A certificate of organization issued by the state secretary shall indicate whether the authority has solid waste disposal powers or industrial development powers or both. (*d*) A vote to consolidate authorities taken prior to the adoption of this section shall not be deemed to include the function of financing solid waste disposal facilities. If said vote does not specify the function or functions, it shall be taken to refer only to the financing of industrial development facilities.

(*e*) Dissolution proceedings in the manner provided for in section two shall apply to authorities having functions relative to solid waste disposal facilities or to industrial development facilities, or both.

project and that the proposed facilities are consistent with state plans for the conservation of the natural resources of the commonwealth and with plans of the department of public works for the construction of such solid waste disposal facilities.

(*g*) All cities, towns and other public agencies and private parties are authorized from time to time to contract with operators of solid waste disposal facilities established or to be established under the provisions of this section for the disposal of refuse, garbage and waste or for the purchase or use of by-products or residue resulting from the operation of such facilities. Such contracts may be for such periods as agreed upon by the parties and, without limiting the generality of the foregoing, may include provisions for the delivery of minimum amounts of refuse, garbage and waste and payments for the use of the facilities to be based thereon, unit prices, which may be graduated, and adjustments thereof. Such contracts may include provisions for arbitration. In the case of a city or town, such contracts may be entered into by officers acting under the authority of the city council of a city or the town meeting in the case of a town, which authorization may be general. The obligations represented by the payments to be made in such a contract shall not be included in any determination of the borrowing capacity of such city or town under any limitation on its indebtedness. Reasonable requirements may be imposed thereon by proceedings or regulations pursuant to section one hundred and fifty-A of chapter one hundred and eleven but the assignment of a site may not be rescinded, other than on appeal from the original assignment, pursuant to said section or otherwise. In the event that solid waste disposal facilities financed in whole or in part hereunder include or are to include facilities for the production of steam as a by-product, either the financing authority or a tenant corporation, whether domestic or foreign, shall have the powers granted by section twelve of chapter one hundred and fifty-eight but the production and sale of such steam and the foregoing grant of powers shall not cause the corporation to be otherwise subject to chapter one hundred and fifty-eight or excluded from chapter one hundred and fifty-six or one hundred and fifty-six B or cause the corporation to be deemed a heat or power company for the purposes of the corporation laws of the commonwealth.

The board shall examine and pass upon the qualifications of applicants for licenses to practice psychology in the commonwealth and shall issue licenses to qualified applicants, but no action shall be taken with respect to the granting of a license or its revocation or suspension without the concurrence of at least three members of the board. The board shall adopt a seal which shall be affixed to all licenses issued by the board.

The board shall from time to time adopt such rules and regulations and such amendments thereof and supplements thereto as it may deem necessary.

The members of the board shall serve without compensation but each member shall be reimbursed by actual expenses reasonably incurred in the performance of his duties as a member or on behalf of the board. The board shall be empowered to hire such assistants as it may deem necessary to carry on its activities.

Examinations shall be conducted at least once a year at a time and place to be designated by the board. Examinations shall be written, oral or both as the board deems advisable. An applicant shall be held to have passed an examination upon the affirmative vote of at least three members of the board. Any person who shall have failed an examination conducted by the board may not be admitted to a subsequent examination for a period of at least six months.

Section 121. Notwithstanding the provisions of section one hundred and twenty, the board may issue a license without examination to an applicant who presents evidence that he has been licensed or certified as a psychologist by a similar board of another jurisdiction whose standards, in the opinion of the board, are not lower than those required in the commonwealth; or that he holds a diploma from a nationally recognized board or agency approved by the board.

Section 122. On and after January the first, nineteen hundred and seventy-four, any person not licensed to practice psychology who holds himself out to be a psychologist or who uses the title "psychologist" or engages in the practice of psychology in a manner that implies or would reasonably be deemed to imply that he is so licensed shall be punished by a fine of not more than five hundred dollars, or by imprisonment for not more than three months, or both.

Section 123. The penalties in section one hundred and twenty-four shall not apply to:—

(*f*) Students of psychology, psychological interns or persons preparing for the practice of psychology under qualified supervision in a recognized training institution or facility provided that they are designated by such titles as "psychological intern", "psychological trainee" or others clearly indicating such training status.

Section 124. The board may grant a temporary license for a period not to exceed one year to a psychologist with legal residence outside the commonwealth to practice within the commonwealth provided he registers with the board and practices in consultation with, or under the supervision of, a licensed psychologist or possesses qualifications acceptable to the board.

Section 125. Nothing in sections one hundred and eighteen to one hundred and twenty-nine, inclusive, shall be construed to prevent qualified members of other professions or occupations such as physicians, teachers, members of the clergy, authorized Christian

Science practitioners, attorneys-at-law, social workers, guidance counselors, clinical counselors, adjustment counselors, speech pathologists, audiologists or rehabilitation counselors from doing work of a psychological nature consistent with the accepted standards of their respective professions, provided, however, that they do not hold themselves out to the public by any title or description stating or implying that they are psychologists or are licensed to practice psychology.

Section 126. The following fees shall be assessed and collected by the board: (*a*) Application fee, fifty dollars, (*b*) Initial license fee, twenty-five dollars, (*c*) Temporary license fee, ten dollars, (*d*) Biennial renewal fee, twenty-five dollars.

Section 127. Licenses shall be valid for two years and shall be renewed biennially. On or before April the fifteenth every two years the secretary of the board shall forward to each licensed psychologist an application form for renewal. Upon the receipt of the completed form and the renewal fee on or before June the first, the secretary shall renew the license for two years commencing July the first. Any application for renewal of a license which has expired shall require the payment of a new application fee.

Section 128. The board may revoke any license, or may suspend the same for a definite period not to exceed two years, if the holder has been convicted of a felony involving moral turpitude in connection with the practice of psychology, or has been found by the board to have employed fraud or deceit in obtaining his license or to have acted improperly, unethically or with gross negligence in the conduct of his profession.

Notice in writing of a contemplated revocation or suspension of a license, of the cause therefor in sufficient particularity, and of the date of hearing thereon, shall be sent by registered or certified mail to the licensee at his last known address at least fifteen days before the date of such hearing. The psychologist against whom a charge is filed shall have a right to appear before the board in person or by counsel, or both, may produce witnesses and evidence in his behalf, and may question witnesses. No license shall be revoked or suspended without such hearing, but the nonappearance of the licensee, after notice, shall not prevent such hearing. All matters upon which the decision is based shall be introduced in evidence at the proceeding. The licensee shall be notified in writing of the board's decision. The board may make such rules and regulations as it deems proper for the filing of charges and the conduct of hearings.

After issuing an order or revocation or suspension the board may also file a petition in equity in the superior court in a county in which the respondent resides or transacts business, or in Suffolk county, to ensure appropriate injunctive relief to expedite and secure the enforcement of its order, pending the final determination.

Section 129. After three years from the date of revocation, an application for reinstatement may be made to the board, which may, upon the affirmative vote of at least three of its members, grant such reinstatement.

SECTION 3. Of the initial five members of the board of registration of psychologists established by section seventy-six of chapter thirteen of the General Laws, inserted by section one of this act, one

shall be appointed for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years and one for a term of five years. He shall also designate one of said members to act as chairman for the purpose of calling a meeting and organizing said board. Such members shall be deemed to be and shall become licensed psychologists immediately upon their appointment and qualification as members of said board.

SECTION 4. Nothing in this act shall be construed to prevent school psychologists certified by the department of education from practicing and functioning within the scope of their employment in either the public or private school setting or performing as certified school psychologists at any time in either private practice or the public sector provided they use the title "Certified School Psychologists".

SECTION 5. Notwithstanding the provisions of clause (b) of section one hundred and nineteen and of section one hundred and twenty of chapter one hundred and twelve of the General Laws, if application is made on or before December the thirty-first, nineteen hundred and seventy-three, to the board of registration of psychologists:—

Chap. 1025. AN ACT REGULATING MULTI-LEVEL DISTRIBUTION COMPANIES.

Be it enacted, etc., as follows:

Chapter 93 of the General Laws is hereby amended by adding after section 68 the following section:—

Section 69. (*a*) As used in this section the term "multi-level distribution company" shall mean any person, firm, corporation or other business entity which distributes, for a valuable consideration, goods or services through independent agents, contractors or distributors, at different levels, wherein participants in the marketing program may recruit other participants, and wherein commissions, cross-commissions, bonuses, refunds, discounts, dividends or other considerations in the marketing program are or may be paid as a result of the sale of such goods and services or the recruitment, actions or performances of additional participants.

(*b*) Every multi-level distribution company shall provide in its contract of participation that such contract may be cancelled for any reason at any time by a participant upon notification in writing to the company of his election to cancel. If the participant has purchased products while the contract of participation was in effect, all unencumbered products in a resalable condition then in the possession of the participant shall be repurchased. The repurchase shall be at a price of not less than ninety per cent of the original net cost to the participant returning such goods, taking into account any sales made by or through such participant prior to notification to the company of the election to cancel.

(*c*) No multi-level distribution company, nor any participant, shall require participants in its marketing program to purchase products or services or pay any other consideration in order to participate in the marketing program unless such products or services are in reasonable quantities and unless it agrees: (1) to repurchase all or part of any products which are unencumbered and in a resalable condition at a price of not less than ninety per cent of the original net cost to the participant; (2) to repay not less than ninety per cent of the original net cost of any services purchased by the participant; or (3) to refund not less than ninety per cent of any other consideration paid by the participant in order to participate in the marketing program.

(*d*) No multi-level distribution company or participant in its marketing program shall: (1) operate or, directly or indirectly, participate in the operation of any multi-level marketing program wherein the financial gains to the participants are primarily dependent upon the continued, successive recruitment of other participants and where retail sales are not required as a condition precedent to realization of such financial gains; (2) offer to pay, pay or authorize the payment of any finder's fee, bonus, refund, override, commission, cross-commission, dividend or other consideration to any participants in a multi-

level marketing program solely for the solicitation or recruitment of other participants therein; (3) offer to pay, pay or authorize the payment of any finder's fee, bonus, refund, override, commission, cross-commission, dividend or other consideration to any participants in a multi-level marketing program in connection with the sale of any product or service unless such participant performs a bona fide and essential supervisory, distributive, selling or soliciting function in the sale or delivery of such product or services to the ultimate consumer; or (4) offer to pay, pay or authorize the payment of any finder's fee, bonus, refund, override, commission, cross-commission, dividend or other consideration to any participant where payment thereof is or would be dependent on the element of chance dominating over the skill or judgement of such participant, or where no amount of judgement or skill exercised by the participant has any appreciable effect upon any finder's fee, bonus, refund, override, commission, cross-commission, dividend or other consideration which the participant may receive, or where the participant is without that degree of control over the operation of such plan as to enable him substantially to affect the amount of finder's fee, bonus, refund, override, commission, cross-commission, dividend or other consideration which he may receive or be entitled to receive.

(*e*) Multi-level distribution companies shall not represent, directly or indirectly, that participants in a multi-level marketing program will earn or receive any stated gross or net amount, or represent in any manner, the past earnings of participants; provided, however, that a written or verbal description of the manner in which the marketing plan operates shall not, standing alone, constitute a representation of earnings, past or future. Multi-level distribution companies shall not represent, directly or indirectly, that additional distributors or sales personnel are easy to secure or retain, or that all or substantially all participants will succeed.

(*f*) Each multi-level distribution company numbering among its participants any resident of the commonwealth shall annually file with the attorney general a statement giving notice of this fact and designating the state secretary its agent for service of process for any alleged violation of this section.

(*g*) The attorney general may bring an action in the name of the commonwealth to restrain any violation of this chapter. Any person who violates the terms of an injunction or other order of a court of competent jurisdiction issued pursuant to the provisions of this chapter shall forfeit and pay to the commonwealth a civil penalty of not more than ten thousand dollars for each violation upon petition of the attorney general to the court issuing such injunction or order.

Approved November 9, 1971.

Chap. 1026. AN ACT TRANSFERRING THE MANAGEMENT AND CONTROL OF SCHOOL BUILDINGS OF THE CITY OF SOMERVILLE TO THE SCHOOL COMMITTEE OF SAID CITY.

Be it enacted, etc., as follows:

SECTION 1. Section 28 of chapter 240 of the acts of 1899 is hereby amended by striking out the first sentence and inserting in place

thereof the following sentence:—The management and control of the public schools including school buildings shall be vested in a school committee, which shall exercise the powers conferred and discharge the duties imposed by law upon school committees.

SECTION 3. This act shall take effect upon its acceptance by the city of Somerville. *Approved November 9, 1971.*

Chap. 1027. AN ACT ENABLING THE CITY OF NEW BEDFORD TO CONTROL RENTS.

Be it enacted, etc., as follows:

SECTION 1. *DECLARATION OF EMERGENCY.* The general court finds and declares that a serious public emergency exists in the city of New Bedford with respect to the housing of a substantial number of the low and moderate income residents of said city, which emergency has been created by housing demolition, an expanding student population, a substantial elderly population, deterioration of the existing housing stock and the national and area economic conditions which have deterred new construction of housing accommodations and placed such new housing above the means of low and moderate income residents. The general court finds that because of the substantial and increasing shortage of rental housing accommodations abnormally high rents have resulted, and that unless the residential rents of persons of low and moderate income become subject to review and control on a case basis such emergency and the further inflationary pressures resulting therefrom will produce serious threats to the public health, safety and general welfare of the residents of New Bedford; that such emergency should be met by the commonwealth immediately with due regard for the rights and responsibility of the city of New Bedford.

SECTION 2. *DEFINITIONS.* The following words or phrases as used in this act shall have the following meanings:

(a) "Rental units", any building, structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, including houses, apartments, rooming or boardinghouse units, and other properties used for living or dwelling purposes, together with all services connected with the use or occupancy of such property.

(b) "Controlled rental units", all rental units except:

(1) rental units in hotels, motels, inns, tourist homes and rooming or boardinghouses which are rented primarily to transient guests for a period of less than fourteen consecutive days;

(2) rental units the construction of which was completed on or after January one, nineteen hundred and seventy-one;

(3) rental units which a governmental unit, agency, or authority either:

(i) owns or operates; or

(ii) regulates the rents, other than units regulated (a) under the provisions of this act, or (b) under the provisions of any other general or special law authorizing municipal control of rental levels for all or certain rental units within a municipality; or

(iii) finances or subsidizes, if the imposition or rent control would result in the cancellation or withdrawal, by law, of such financing or subsidy;

(4) rental units in cooperatives;

(5) rental units in any hospital, convent, monastery, asylum, public institution or college or school dormitory operated exclusively for charitable or educational purposes; or nursing home or rest home or charitable home for the aged, not organized or operated for profit;

(6) the rental unit or units in an owner-occupied two-family or three-family house;

(c) "Rent", the consideration, including any bonus, benefits, or gratuity demanded or received for or in connection with the use or occupancy of rental units or the transfer of a lease of such rental units.

(d) "Services", repairs, replacement, maintenance, painting, providing light, heat, hot and cold water, elevator service, window shades and screens, storage, kitchen, bath and laundry facilities and privileges, janitor services, refuse removal, furnishings, and any other benefit, privilege or facility connected with the use or occupancy of any rental unit. Services to a rental unit shall include a proportionate part of services provided to common facilities of the building in which the rental unit is contained.

SECTION 3. *HOUSING REVIEW BOARD.* There is hereby established in the city of New Bedford the New Bedford Housing Review Board, hereinafter referred to as the board, to review, act upon and to regulate upon petition, on a case basis, the rent of controlled rental units. The board shall consist of seven members, residents of the city of New Bedford, to be appointed by the mayor, subject to confirmation by the city council. Members shall serve without compensation for a term of one year but shall be reimbursed by said city for necessary expenses incurred in the performance of their duties. To provide for a diversification of housing interests, appointment to the board shall be made in the number and from persons representative of the following: (1) two landlords, (2) two tenants and (3) three citizens of New Bedford who shall be representative of the public at large and none of whom shall be a landlord or a tenant. In serving in such capacity no member shall act upon any case in which he may have a material interest. In such event, such member shall absent himself from consideration of the case in favor of an alternate mem-

ber in like capacity. A quorum shall consist of four members and the affirmative vote of four members shall be necessary to take action. The board shall elect its chairman.

SECTION 4. *POWERS.* The board may make such studies and investigations, conduct such hearings, and obtain such information as is deemed necessary in promulgating any regulation, rule or order under this act, or in administering and enforcing this act and regulations and orders promulgated hereunder. For the foregoing purposes, a person may be summoned to attend and testify and to produce books and papers in like manner as he may be summoned to attend as a witness before a court. Any person who rents or offers for rent or acts as broker or agent for the rental of any controlled rental unit may be required to furnish under oath any information required by the board and to produce records and other documents and make reports. Such persons shall have the right to be represented by counsel, and a transcript shall be taken of all testimony and such person shall have the right to examine said transcript at reasonable times and places. Section ten of chapter two hundred and thirty-three of the General Laws shall apply, and for the purposes of this act a justice of the district court shall have the same power as a justice of the supreme judicial or superior court to implement the provisions of said section. The board shall also have the power to issue orders and promulgate regulations to effectuate the purposes of this act.

SECTION 5. *RENT ADJUSTMENT.* (a) The board shall make such individual adjustments, either upward or downward, of the rent for any controlled rental unit or any class of controlled rental units as may be necessary to assure that rents for controlled rental units are established at levels which yield to landlords a fair net operating income for such units. For the purposes of this section, the word "class" shall include all the controlled rental units owned by a common owner or landlord within a particular building or group of buildings having similar size, age, construction, rent, geographic area or other common characteristics.

(b) The following factors, among other relevant factors, which the board by regulation may define, shall be considered in determining whether a controlled rental unit yields a fair net operating income:

(1) increases or decreases in property taxes;

(2) unavoidable increases or any decreases in operating and maintenance expenses;

(3) capital improvement of the housing unit as distinguished from ordinary repair, replacement and maintenance;

(4) increases or decreases in living space, services, furniture, furnishings or equipment;

(5) substantial deterioration of the housing units other than as a result of ordinary wear and tear; and

(6) failure to perform ordinary repair, replacement and maintenance.

(c) For the purpose of adjusting rents under the provisions of this section, the board may promulgate a schedule of standard rental increases or decreases for improvement or deterioration in specific services and facilities.

(d) The board may refuse to grant a rent increase under this section, if it determines that the affected rental unit does not comply with the state sanitary code and any applicable municipal codes, ordinances or by-laws, and if it determines that such lack of compliance is due to the failure of the landlord to provide normal and adequate repair and maintenance. The board may refuse to grant a rent decrease under this section, if it determines that a tenant is in arrears in payment of rent unless such arrearage is due to a withholding of rent under the provisions of section eight A of chapter two hundred and thirty-nine of the General Laws.

SECTION 6. *RENT ADJUSTMENT HEARINGS.* (a) The board shall consider an adjustment of rent for an individual controlled rental unit upon receipt of a petition for adjustment filed by the landlord or tenant of such unit. The board shall notify the landlord, if the petition was filed by the tenant, or the tenant, if the petition was filed by the landlord, of the receipt of such petition and of the right of either party to request a hearing. If a hearing is requested, it shall be held within thirty days from the date of request, and a decision shall be rendered thereon within fifteen days from the hearing. If a hearing is requested by either party, the hearing shall be conducted before at least one member representing each of the three groups of the board prior to the decision by the board to grant or refuse a rental adjustment. Notice of the time and place of the hearing shall be furnished to the landlord and tenant. The board may consolidate petitions relating to controlled rental units in the same building, and all such petitions may be considered in a simple hearing.

(b) Once the board establishes the rent level for a controlled unit or class of controlled rental units, the rent shall not thereafter be raised by the landlord for six months, unless the landlord files a new petition and a new hearing is held by the board.

(c) Notwithstanding any other provision of this section, the board may, without holding a hearing, refuse to adjust a rent level for an individual rental unit if a hearing has been held with regard to the rental level of such unit within six months.

(d) Any change in the rent made by the board shall apply retroactively from the time of filing the petition.

(e) Hearings required by paragraph (a) shall be conducted in accordance with the provisions of section eleven of chapter thirty A of the General Laws except that requirements (7) and (8) of said section eleven shall not apply to such hearings.

SECTION 7. *SUMMARY PROCESS ACTIONS: DEFENSE.* It shall be a defense to an action for summary process that such action was in reprisal for the acts of the tenant for filing a petition under this act. The commencement of such action against a tenant within six months after the filing of such petition by said tenant shall create a rebuttable presumption that such action is a reprisal against the tenant for filing such petition.

SECTION 8. *JUDICIAL REVIEW.* (a) Any person who is aggrieved by any action, regulation or order of the board may file a complaint against the board in the third district court of Bristol, and whereupon an order of notice shall be issued by such court and served

on the board. Said district court shall have exclusive original jurisdiction over such proceedings and shall be authorized to take such action with respect thereto as provided in the case of the superior court under the provision of chapter two hundred and thirty-one A of the General Laws, except that section three of said chapter two hundred and thirty-one A shall not apply. All orders, judgments and decrees of such district court may be appealed as is provided in the case of civil action in said district court.

(b) Said district court shall have exclusive original jurisdiction over actions arising out of the provisions of section eleven.

Chap. 1033. AN ACT DESIGNATING CERTAIN PERSONS WHO OPERATE MOTOR VEHICLES ON THE WAYS OF THE COMMONWEALTH AS HABITUAL TRAFFIC OFFENDERS AND PROVIDING FOR THE REVOCATION OR SUSPENSION OF LICENSES OR RIGHTS TO OPERATE MOTOR VEHICLES OF SUCH PERSONS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to provide maximum safety for the traveling public by authorizing the registrar of motor vehicles to suspend or revoke the license or right to operate motor vehicles of certain persons who are designated as habitual traffic offenders on and after January the first, nineteen hundred and seventy-two, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public safety and convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 90 of the General Laws is hereby amended by inserting after section 22E the following section:—

Section 22F. A person shall be deemed an habitual traffic offender when records maintained by the registrar show that such person has accumulated the following convictions within a ten-year period; provided, however, that when a person who has no prior record of an automobile law violation, as defined in section one of chapter ninety C, is convicted of more than one of the violations referred to in this section, if such offenses all occurred within a six-hour period, such convictions shall for the purposes of this section be treated as a single conviction:—(1) three or more convictions, singularly or in combination, of operating a motor vehicle while under the influence of intoxicating liquor or narcotic drugs in violation of paragraph (*a*) of subdivision (1) of section twenty-four; operating a motor vehicle recklessly or negligently so that the lives and safety of the public might be endangered; making a false statement in an application for a learner's permit or motor vehicle operator's license or in an application for registration of a motor vehicle; going away without making known his name, residence and the registration number of his vehicle after knowingly colliding with or otherwise causing injury to any person, other vehicle or property, all in violation of paragraph (*a*) of subdivision (2) of section twenty-four; operating a motor vehicle after suspension or revocation of the person's motor vehicle operator's license or his right to operate motor vehicles in violation of section twenty-three; operating a motor vehicle without a license in violation of section ten; or the commission of any felony in the commission of which a motor vehicle is used; or twelve or more convictions of offenses which are required by any provision of law to be reported to the registrar and for which the registrar is authorized or required to suspend or revoke the person's license or right to operate motor

vehicles for a period of thirty days or more, including convictions of the offenses listed above.

When the records of the registrar on any person contain reports of such convictions as will constitute such person an habitual traffic offender, the registrar shall give notice to such person that a hearing will be held to show cause why such person should not be designated as an habitual traffic offender. Such notice shall be sent not less than twenty-one days prior to the date for such hearing, shall contain a list of the person's convictions and shall otherwise be in such form as the registrar shall prescribe. If the person named in such notice is a nonresident, such notice shall be sent to his last known address of which the registrar has a record; or, if none, to the motor vehicle department of any state in which such person resides or which has issued a motor vehicle operator's license or permit to such person. If such person denies he was convicted of any offense necessary for a determination that he is an habitual offender, and if the registrar cannot, on the evidence available to him, make such determination, the registrar may refer the decision of such issue to the court in which such conviction was made. Said court shall forthwith conduct a hearing to determine such issue and send a certified copy of its final order determining such issue to the registrar.

If the registrar finds that such person is not the same person named in the records of conviction or that he is otherwise not an habitual offender under this section, no action shall be taken; but if the registrar finds that such person is the same person named in the record of conviction and that such person is an habitual offender, the registrar shall immediately revoke such person's license or right to operate. The registrar, after having revoked the license or right to operate of any person under this section, shall not issue a new license or reinstate the right to operate to such person for a period of four years from the date of revocation, nor until such person has satisfactorily completed a driver improvement course approved by the registrar and has passed such examination as to his competence to operate motor vehicles as the registrar may require; provided, however, that such person may, after the expiration of one year, apply for and shall be granted a hearing before the registrar for the purpose of requesting the issuance of a new license on a limited basis on the sole grounds of hardship, and the registrar may, in his discretion, issue such a license under such terms and conditions as he deems appropriate and necessary. An appeal to the superior court may be had, in accordance with the provisions of chapter thirty A, from any order of the registrar of motor vehicles made under the provisions of this section.

SECTION 2. The first paragraph of section 23 of said chapter 90 is hereby amended by adding the following sentence:—Any person convicted of operating a motor vehicle after his license to operate has been revoked by reason of his having been found to be an habitual traffic offender, as provided in section twenty-two F, or after notice of such revocation of his right to operate a motor vehicle without a license has been issued by the registrar and received by such person or by his agent or employer and prior to the restoration of such license or right to operate or the issuance to him of a new license to operate

shall be punished by a fine of not less than two hundred dollars nor more than one thousand dollars or by imprisonment for not more than two years, or both.

SECTION 3. Nothing in this act shall be construed as amending, modifying or repealing any existing law of the commonwealth or any existing ordinance of any political subdivision thereof relating to the operation of motor vehicles, the licensing of persons to operate motor vehicles or providing penalties for the violation thereof; nor shall it be construed so as to preclude the exercise of the regulatory powers of any division, agency, department or political subdivision of the commonwealth having the statutory authority to regulate such operation and licensing.

SECTION 4. This act shall take effect on January the first, nineteen hundred and seventy-two and shall apply only to offenses occurring on or after said effective date. *Approved November 10, 1971.*

The ocean boundary with the state of Rhode Island shall be a line running from the most southerly point of the land boundary between the commonwealth and Rhode Island through the above-mentioned point on Brown's Ledge to the furthest limits of the territorial sea of the United States. The marine boundaries of the commonwealth in the area of Nantucket Sound shall be drawn to include the entire area of Nantucket Sound as territorial waters of the commonwealth.

The actual cost of any additional inspection necessary to such approval shall also be paid to the director.

Section 27. No testing method shall be used for the determination of milk-fat or other component content of milk or cream for the purpose of inspection or as a basis for payment in buying or selling unless it has been jointly approved by the director and the director of milk control and duly regulated under the provisions of section twenty-nine A. Section 9. (a) A physician, dentist, podiatrist or veterinarian, when duly registered pursuant to the provisions of section seven and when acting conformably with the provisions of the Federal "Com-

prehensive Drug Abuse Prevention and Control Act of 1970" or any amendment thereof, the Federal Food, Drug and Cosmetic Act, and any provision of this chapter which is consistent with federal laws, in good faith and in the course of his professional practice for the alleviation of pain and suffering or for the treatment or alleviation of disease, may possess such controlled substances as he may reasonably require for the purpose of patient treatment and may administer controlled substances, or he may cause the same to be administered under his direction by a registered nurse or licensed practical nurse.

(b) Notwithstanding the provisions of section seventeen, a physician, dentist, podiatrist or veterinarian who is duly registered pursuant to the provisions of section seven, when acting in good faith and in the legitimate practice of medicine, dentistry, podiatry or veterinary medicine, or a registered nurse or licensed practical nurse when authorized by a physician, dentist, podiatrist or veterinarian in the course of said nurse's professional practice, may dispense by delivering to an ultimate user a controlled substance in a single dose or in such quantity as is in the opinion of the physician, dentist, podiatrist or veterinarian essential for the proper treatment of the patient; provided, that such amount or quantity of said controlled substance shall not exceed that needed for the immediate treatment of the patient and that all further such controlled substances required by the person as part of his treatment shall be dispensed by prescription to the ultimate user in accordance with the provisions of this chapter.

For purposes of this subsection the words "immediate treatment" shall mean that quantity of a controlled substance which is necessary for the proper treatment of the patient until it is possible for him to have a prescription filled by a pharmacy.

(c) A registered nurse or licensed practical nurse who has obtained from a physician, dentist, podiatrist or veterinarian a controlled substance for dispensing to an ultimate user pursuant to the provisions of subsection (b) of this section or for administration to a patient pursuant to the provisions of subsection (a) of this section during the absence of such physician, dentist, podiatrist or veterinarian shall return to such physician, dentist, podiatrist or veterinarian any unused portion of such substance which is no longer required by the patient.

(d) Every physician, dentist, podiatrist or veterinarian shall in the course of his professional practice keep and maintain records, open to inspection by the commissioner during reasonable business hours, which shall contain the names and quantities of any controlled substance in Schedule I, II or III received by the practitioner; the name and address of the patient for whom the controlled substance is administered or dispensed; the name, dosage and strength per dosage unit of such controlled substance; and the date of administration or dispensing.

Section 10. A separate registration shall be required at each principal place of business or professional practice where the applicant manufactures, distributes or dispenses controlled substances.

Section 11. The board of registration in pharmacy in the case of a pharmacy and the commissioner in any case may inspect in accor-

dance with his or its rules and regulations the establishment of a registrant or applicant for registration pursuant to the provisions of this chapter.

Section 12. (*a*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases shall register an applicant to manufacture or distribute controlled substances included in the schedules established pursuant to section two unless he determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board of registration in pharmacy in the case of a retail drug store or a wholesale druggist and the commissioner in all other cases shall consider the following factors:

(1) maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific or industrial channels;

(2) compliance with applicable federal, state and local law;

(3) any conviction of the applicant under any federal and state law relating to any controlled substance;

(4) past experience in the manufacture or distribution of controlled substances and the existence in the applicant's establishment of effective controls against diversion;

(5) furnishing by the applicant of false or fraudulent material in any application filed under the provisions of this chapter;

(6) suspension or revocation of the applicant's federal registration to manufacture, distribute or dispense controlled substances as authorized by federal law; and

(7) any other factors relevant to and consistent with the public health and safety.

(*b*) Registration under subsection (*a*) of this section shall not entitle a registrant to manufacture or distribute controlled substances in Schedules I or II established pursuant to the provisions of section two except to the extent specified in the registration.

Section 13. (*a*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases may suspend or revoke a registration to manufacture, distribute, dispense or possess a controlled substance, after a hearing pursuant to the provisions of chapter thirty A upon a finding that the registrant:

(1) has furnished false or fraudulent material information in any application filed under the provisions of this chapter;

(2) has been convicted of any criminal violation under any state or federal law relating to his fitness to be registered under this chapter;

(3) has had his federal registration suspended or revoked to manufacture, distribute, dispense, administer or possess controlled substances; or

(4) is, upon good cause, found to be unfit or unqualified to manufacture, distribute, dispense or possess any controlled substance.

(*b*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases may pursuant to the provisions of this section or section fourteen suspend or revoke any registration issued by him or it for violation of any provision of this chapter.

(*c*) Whenever the commissioner, the board of registration in pharmacy or the commissioner of mental health has substantial reason to believe that a registrant has committed a criminal violation of any provision of this chapter, he or it shall promptly report all pertinent facts to the district attorney in the county where the violation is believed to have occurred, or to the attorney general.

(*d*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exists.

(*e*) If the board of registration in pharmacy in the case of a retail drug business or wholesale druggist or the commissioner in all other cases suspends or revokes a registration, all controlled substances which are affected by such suspension or revocation order at the time of suspension or the effective date of the revocation order shall be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the commonwealth under the provisions of section forty-seven.

(*f*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases shall promptly notify the bureau of all orders suspending or revoking a registration and all forfeitures of controlled substances.

Section 14. The board of registration in pharmacy in the case of a retail drug business or wholesale druggist or the commissioner in all other cases may without hearing suspend or refuse to renew any registration if he finds that there is an imminent danger to the public health or safety which warrants this action, provided he promptly affords the registrant an opportunity for a hearing under chapter thirty A. The suspension shall continue in effect until the conclusion of the proceedings including judicial review thereof, unless sooner dissolved by a court of competent jurisdiction, or withdrawn by the board of registration in pharmacy in the case of a retail drug business or wholesale druggist, or withdrawn by the commissioner in any other case.

Section 15. Persons registered to manufacture, distribute, dispense or possess controlled substances shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of the Federal "Comprehensive Drug Prevention and Control Act of 1970" or any amendment thereof and the Federal Food, Drug and Cosmetic Act, and with any additional rules or regulations promulgated by the board of registration in pharmacy in the case of a retail drug business or wholesale druggist or by the commissioner in all other cases.

Section 16. Controlled substances in Schedules I and II shall be distributed by a registrant to another registrant only pursuant to such order form as may be required by the Federal "Comprehensive Drug

Abuse Prevention and Control Act of 1970" or any amendment thereof and the Federal Food, Drug and Cosmetic Act.

Section 17. (a) No controlled substance in Schedule II may be dispensed without the written prescription of a practitioner, except that—

(b) In emergency situations, as defined by rule or regulation of the commissioner acting jointly with the board of registration in pharmacy, drugs in said Schedule II may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy, pursuant to the provisions of subsection (a) of section twenty.

(c) A controlled substance included in Schedule III, IV, V or VI shall not be dispensed without a written or oral prescription of a practitioner.

Section 18. (a) A prescription for a controlled substance may be issued only by a practitioner who is;

(1) authorized to prescribe controlled substances; and

(2) registered pursuant to the provisions of this chapter.

(b) An oral prescription issued by a practitioner may be communicated to a pharmacist by an employee or agent of the practitioner.

Section 19. (a) A prescription for a controlled substance to be valid shall be issued for a legitimate medical purpose by a practitioner acting in the usual course of his professional practice. The responsibility for the proper prescribing and dispensing of controlled substances shall be upon the prescribing practitioner, but a corresponding responsibility shall rest with the pharmacist who fills the prescription. An order purporting to be a prescription issued not in the usual course of professional treatment or in legitimate and authorized research is not a prescription within the meaning and intent of section one and the person knowingly filling such a purported prescription, as well as the person issuing it, shall be subject to the penalties provided by section thirty-two.

(b) No prescription shall be issued in order for a practitioner to obtain controlled substances for supplying the practitioner for the purpose of general dispensing to patients.

(c) Unless permitted by federal law, a prescription shall not be issued for the dispensing of narcotic drugs listed in any schedule to a narcotic drug dependent person for the purpose of continuing his dependence upon such drugs, in the course of conducting an authorized clinical investigation pursuant to a narcotic addict rehabilitation program.

Section 20. (a) Upon receiving an oral prescription for a controlled substance from an authorized practitioner, the pharmacist shall immediately reduce the prescription to writing on a prescription form and shall record the name, address and registration number of the practitioner and the name of any expressly authorized representative, the date of the prescription, the name, dosage and strength per dosage unit of the controlled substance, the serial number assigned to the prescription by the dispensing pharmacy, the name of said pharmacy, the name and address of the patient unless it is a veterinary prescrip-

tion, the directions for use and any cautionary statements required and a statement indicating the number of times to be refilled.

(b) If the prescribing practitioner is not known to the pharmacist, he shall make a reasonable effort to determine that the oral authorization came from a registered practitioner.

(c) Whenever a practitioner dispenses a controlled substance by oral prescription, such practitioner shall, within a period of not more than seven days or such shorter period that is required by federal law, cause a written prescription for the prescribed controlled substance to be delivered to the dispensing pharmacy. The prescription may be delivered to the pharmacy in person or by mail, but if delivered by mail the envelope shall be postmarked within the seven-day period or such shorter period that is required by federal law. Upon receipt, the dispensing pharmacy shall attach said prescription to the oral prescription which the pharmacy has reduced to writing. Persons charged with the enforcement of this chapter shall report violations of this subsection to the board of registration in medicine, the board of registration in dentistry, the board of registration in podiatry or the board of registration in veterinary medicine, whichever is applicable, and to the commissioner or board of registration in pharmacy, whichever is applicable.

Section 21. (a) The pharmacist filling a written or oral prescription for a controlled substance shall package the controlled substance in a container, affixing to the container a label showing the date of filling, the pharmacy name and address, the serial number of the prescription, the name of the patient, unless it is a veterinary prescription, the name of the prescribing practitioner, the name of the controlled substance and directions for use and cautionary statements, if any, contained in such prescription or required by law.

Section 22. (a) A practitioner who dispenses a controlled substance by issuing a written prescription shall state on the prescription the name, address and registration number of the practitioner, the date of delivery of the prescription, the name, dosage and strength per dosage unit of the controlled substance, the name and address of the patient unless it is a veterinary prescription, the directions for use and any cautionary statements required and a statement indicating the number of times to be refilled.

(b) A practitioner who dispenses by delivering to an ultimate user a controlled substance which is not for immediate administration shall package the controlled substance in a container, affixing to the container a label bearing the practitioner's name and address, the date of dispensing, the name of the patient unless it is a veterinary prescription, the name of the controlled substance, directions for use and any necessary cautionary statements.

Section 23. (*a*) A written prescription for a controlled substance in Schedule II shall become invalid five days after the date of issuance.

(*b*) A written prescription for a controlled substance in Schedule II shall not be refilled and shall be kept in a separate file.

(*c*) The pharmacist filling a written prescription for a controlled substance in Schedule II shall endorse his own signature on the face thereof.

(*d*) In regard to a controlled substance in Schedule II or III, no prescription shall be written or filled which calls for more than a thirty day supply of such substance upon any single filling.

(*e*) All prescriptions for controlled substances shall be kept for two years by the pharmacy and shall be subject to inspection pursuant to the provisions of this chapter.

(*f*) No prescription for a controlled substance shall be refilled unless the original prescription provides for such refilling and unless the number of refills has been specified in said prescription.

(*g*) A prescription shall be written in ink, indelible pencil or typewriter; and a written prescription shall be signed by the prescriber with his usual signature.

Section 24. (*a*) A practitioner who dispenses a controlled substance in Schedule I, II or III in the course of research conducted pursuant to the provisions of section eight or for the purpose of treating for his drug dependency a drug dependent person as defined in section thirty-eight of chapter one hundred and twenty-three shall report to the commissioner of mental health or his designee identifying information and the address of each research subject or patient to whom such controlled substance is dispensed and the name, dosage and strength per dosage unit of the substance so dispensed. Said commissioner shall maintain records of each such report.

(*b*) Such records maintained by the commissioner of mental health shall be closed to the public and shall not be available to any law enforcement officer for any purpose, nor shall they be used in the criminal prosecution of such research subject or patient pursuant to any provision of this chapter, nor shall they be admissible in evidence against such research subject or patient in any criminal proceeding.

(*c*) If the commissioner of mental health determines that the research subject or patient is receiving any controlled substance from more than one source and in quantities which he determines to be harmful to the health of the research subject or patient, said commissioner shall so notify the practitioners who have dispensed the controlled substance.

(*d*) The commissioner of mental health shall report to the commissioner any failure of a practitioner to report the information required by the provisions of this section. The failure of a practitioner to report as aforesaid shall constitute sufficient grounds for the termination of the research project or study pursuant to the provisions of subsection (*c*) of section eight or the revocation, suspension or modification of the practitioner's registration, or both.

(*e*) In order to prevent the dispensing of controlled substances to the same individual from multiple sources or the unlawful diversion of controlled substances, the commissioner of mental health shall pursuant to the provisions of chapter thirty A adopt rules and regulations for carrying out the provisions of this section.

Section 25. No person—

(1) who is subject to the requirements of sections six and seven and twelve to seventeen, inclusive, shall dispense a controlled substance in violation of said section seventeen;

(2) shall distribute or dispense a controlled substance not authorized by his registration to another registrant or other authorized per-

son or manufacturer a controlled substance not authorized by his registration;

(3) who is a registrant shall distribute a controlled substance in violation of section sixteen;

(4) shall remove, alter or obliterate a symbol or label required by federal law and the laws of the commonwealth;

(5) shall refuse or fail to make, keep or furnish any record, report, notification, declaration, order or order form, statement, invoice or information required under this chapter;

(6) shall refuse any entry into any premises or inspection authorized by this chapter;

(7) shall remove, break, injure or deface a seal placed upon controlled substances pursuant to this chapter or remove or dispose of substances so placed under seal;

(8) shall use, to his own advantage, or reveal, other than to duly authorized officers or employees of the United States or of the commonwealth or to the courts when relevant in any judicial proceeding under this chapter, any information acquired in the course of an inspection authorized by this chapter concerning any method or process which is a trade secret.

No person who is a registrant shall manufacture a controlled substance in Schedule I or II which is not expressly authorized by his registration.

Section 26. No person who is a registrant shall knowingly or intentionally;

(1) distribute a controlled substance classified in Schedule I or II in the course of his legitimate business, except pursuant to an order or an order form as required by section sixteen; or

(2) furnish false or fraudulent material information in, or omit any material information from, any application, report, record or other document required to be made, kept or filed pursuant to the provisions of this chapter.

Section 27. (*a*) No person, not being a physician, dentist, nurse or veterinarian registered under the laws of this commonwealth, or of the state where he resides, or a registered embalmer, manufacturer of or dealer in embalming supplies, pharmacist, wholesale druggist, manufacturing pharmacist, manufacturer of or dealer in surgical supplies, official of any government having possession of the articles hereinafter mentioned by reason of his official duties, nurse acting under the direction of a physician or dentist, employee of a hospital acting under the direction of its superintendent or officer in immediate charge, or a carrier or messenger engaged in the transportation of such articles, or a person who has received a written prescription issued under subsection (*c*), or a podiatrist who has received a certificate from the board of registration in podiatry stating that upon examination by said board he has been determined to be competent to use hypodermic needles or a scientific investigator registered pursuant to the provisions of section seven, or a person licensed under subsection (*e*), shall have in his possession a hypodermic syringe, hypodermic needle or any instrument adapted for the administration of controlled substances by injection.

(*b*) No such syringe, needle or instrument shall be delivered or sold to, or exchanged with, any person except a pharmacist, dentist, physician, veterinarian, registered embalmer, manufacturer of or dealer in embalming supplies, scientific investigator registered pursuant to the provisions of section seven, wholesale druggist, manufacturing pharmacist, manufacturer of or dealer in surgical supplies, an official of any government agency requiring the use of such syringe, needle or instrument by reason of his official duties, a nurse upon the written order of a physician or dentist, or a person who has received a written prescription issued under subsection (*c*), a podiatrist certified as aforesaid, or an employee of a hospital or scientific institution upon the written order of its superintendent or officer in immediate charge of a person licensed under subsection (*e*).

(*c*) A physician may issue to a patient under his immediate charge a written prescription to purchase, from a pharmacist only, any of the instruments specified in subsection (*a*). Such prescription shall contain the name and address of the patient, the description of the instrument prescribed and the number of instruments prescribed. The pharmacist filling the prescription shall record upon the fact of said prescription, over the signature of the pharmacist making the sale, the date of such sale. Such prescription may be renewed or refilled for one year unless the physician indicates otherwise on the prescription, and each refilling shall be noted upon the prescription. No prescription for such instruments shall be refilled after one year from date of issue. The pharmacist filling the prescription shall dispense any such instrument in a sanitary container which shall completely enclose such instrument and shall affix to said container a label bearing (1) the name and address of the pharmacy, and, if said pharmacy is in a hospital, the name and address of said hospital, (2) the name and address of the patient, (3) the file number of the prescription and (4) the name of the physician prescribing the same. The person to whom the prescription is issued shall keep such instrument in said container at all times, except when such instrument is in actual use or is in the process of being cleaned.

(*d*) A record shall be kept by the person selling such syringes, needles or instruments, which shall give the date of the sale, the name and address of the purchaser and a description of the instrument. This record shall be open to inspection pursuant to a judicial warrant or to the provisions of section thirty.

(*e*) No person, except a person registered under chapter one hundred and twelve and listed under subsection (*a*), shall sell, offer for sale, deliver or have in possession with intent to sell hypodermic syringes, hypodermic needles or any instrument adapted for the administration of controlled substances by injection, unless licensed so to do by the department. Such license shall be valid for a period of one year. The fee for such license shall be ten dollars. A license issued to a company or corporation which has more than one branch or department shall include any and all branches and departments or sections of said company or corporation.

No person except a person listed in subsections (*b*) or (*c*) shall obtain, receive or purchase a hypodermic syringe, hypodermic needle

or any instrument adapted for the administration of controlled substances by injection, unless licensed so to do by the department, or by a local board of health. A license to obtain, receive or purchase any such instrument, which license shall be valid throughout the commonwealth, may be obtained from the department upon payment of a fee of five dollars, and a license to obtain, receive or purchase any such instrument, which license shall be valid only in a particular city or town of the commonwealth, may be obtained from the local board of health upon payment of a fee of fifty cents. Said license shall be valid for one year.

Section 28. Upon petition of the board of registration in pharmacy or the commissioner in the case of a pharmacy, or upon petition of the commissioner in any case, the superior court shall have jurisdiction to restrain or enjoin a violation of this chapter.

Section 29. (a) The commissioner of mental health in cooperation with the commissioner of education shall carry out educational programs designed to prevent and deter misuse and abuse of controlled substances. In connection with these programs he shall:

(1) promote better recognition of the problem of misuse and abuse of controlled substances within the regulated industry and among interested groups and organizations;

(2) assist the regulated industry and interested groups and organizations in contributing to the reduction of misuse and abuse of controlled substances;

(3) consult with interested groups and organizations to aid them in solving administrative and organizational problems;

(4) evaluate procedures, projects, techniques and controls conducted or proposed as part of educational programs on misuse and abuse of controlled substances;

(5) disseminate the results of research on misuse and abuse of controlled substances to promote a better public understanding of what problems exist and what can be done to combat them; and

(6) assist the attorney general in the education and training of state and local law enforcement officials in their efforts to control misuse and abuse of controlled substances.

(b) The commissioner of mental health shall encourage research on misuse and abuse of controlled substances. In connection with the research, and in furtherance of the enforcement of this chapter, he shall:

(1) establish methods to assess accurately the effects of controlled substances and identify and characterize those with potential for abuse;

(2) make studies and undertake programs of research to:

(i) develop new or improved approaches, techniques, systems, equipment and devices to strengthen the enforcement of this chapter;

(ii) determine patterns of misuse and abuse of controlled substances and the social effects thereof; and

(iii) improve methods for preventing, predicting, understanding and dealing with the misuse and abuse of controlled substances; and

(3) enter into contracts with public agencies, institutions of higher education and private organizations or individuals for the purpose of

conducting research, demonstrations or special projects which bear directly on misuse and abuse of controlled substances.

(c) The commissioner of mental health may enter into contracts for educational and research activities.

Section 30. (*a*) Administrative inspection warrants shall issue for the inspection of controlled premises in accordance with the provisions of this section. As used in this section "administrative inspection warrants" are warrants for the purpose of inspecting, copying and verifying the correctness of records, reports or other documents required to be kept by a registrant on controlled premises and for the seizure of property appropriate to such inspection. For the purposes of this section "controlled premises" means any place or area, including but not limited to any building, conveyance, warehouse, factory or establishment, in which persons registered under the provisions of this chapter or required thereunder to keep records, are permitted to hold, manufacture, compound, process, distribute, deliver, dispense or administer any controlled substance or in which such persons make or maintain records pertaining thereto.

(*b*) A district court or justice or superior court justice may, upon proper oath or affirmation showing probable cause, issue warrants for the purpose of conducting administrative inspections authorized by this chapter or rules hereunder and seizures of property if appropriate to the inspections. For the purposes of the issuance of administrative inspection warrants, probable cause exists upon a showing of a reasonable and valid public interest in the effective enforcement of this chapter or rules or regulations hereunder under a general plan sufficient to justify administrative inspection of an area, premises, buildings or conveyances in the circumstances specified in the application or such warrant.

(*c*) An administrative inspection warrant shall issue only upon affidavit sworn to before the court or justice establishing the grounds for issuing the warrant. If the court or justice is satisfied that grounds for the issuance of such warrant exists or that there is probable cause to believe they exist, he shall issue such warrant identifying the area, premises, buildings or conveyances to be inspected, the purpose of the inspection and, if appropriate, the type of property to be inspected, if any. Such warrant shall:

(1) be directed to the commissioner or his designee, except in the case of a pharmacy to the commissioner or to the designee of the board of registration in pharmacy or to a police officer;

(2) command the person to whom it is directed to inspect the area, premises, buildings or conveyances identified for the purpose specified and, if appropriate, direct the seizure of the property specified;

(3) describe the item or types of property to be inspected or seized, if any;

(4) direct that it be served during normal business hours.

(*d*) An administrative inspection warrant issued and executed pursuant to the provisions of this section shall be returned to the issuing court, except if said warrant is issued by the superior court it shall be returned to any court named in such warrant, within ten days of the date of issuance thereof unless, upon a showing of a need for

additional time, the court or justice orders otherwise. If property is seized pursuant to such warrant, a copy of the inventory shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The inventory shall be made in the presence of the person executing such warrant and of the person from whose possession or premises the property was taken, if present. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was taken and to the applicant for such warrant at the time it is returned to a court.

(*e*) When authorized by an administrative inspection warrant issued pursuant to this section a person designated by the commissioner, except in the case of a pharmacy by the commissioner or by the board of registration in pharmacy, upon showing such warrant to the owner, operator, or agent in charge, may enter controlled premises for the purpose of conducting an administrative inspection.

(*f*) A person executing an administrative inspection warrant may:

(1) use reasonable force and means to execute the warrant;

(2) inspect and copy records required by this chapter to be kept;

(3) inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and except as provided in subsection (h), all other things therein, including records, files, papers, processes, controls and facilities bearing on violation of this chapter; and

(4) inventory any stock of any controlled substance therein and obtain samples thereof.

(*g*) This section shall not prevent entries and administrative inspections, including seizures of property, without a warrant:

(1) if the owner, operator or agent in charge of the controlled premises consents;

(2) in situations presenting imminent danger to health or safety;

(3) in situations involving inspection of conveyances if there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(4) in any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; or

(5) in all other situations in which a warrant is not required by the laws and constitution of the commonwealth or of the United States.

(*h*) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data or pricing data unless the owner, operator or agent in charge of the controlled premises consents in writing.

Any debt service on bonds issued by the authority, for which contract assistance is provided, shall mature serially beginning not later than ten years after the date of issue and ending not later than forty years after the date of the bonds, so that the amounts payable in the several years for principal and interest combined shall be as nearly equal as in the opinion of the authority it is practicable to make them or, in the alternative, in accordance with a schedule providing a more rapid amortization of principal.

SECTION 8. The proceeds of one hundred and twenty-four million dollars of the bonds issued under the authority of section twenty-three of chapter one hundred and sixty-one A of the General Laws, as amended by this act, shall be expended by the Massachusetts Bay Transportation Authority only for land acquisition, engineering, construction, including reconstruction, alteration and reconditioning where applicable, purchase of materials and equipment, and project administration; provided, however, that no such funds shall be used for a rapid transit station in North Braintree, nor for repair yards or car storage shops in the Roslindale-West Roxbury section of Boston, Dedham or Needham, and that such funds shall be allocated to the following priority projects provided that the funds so used shall be used as matching funds in accordance with the terms of the Urban Mass Transportation Act of 1964, as amended:

When a federal grant agreement has been obtained for a project, bond proceeds may be expended for the project beyond the amount allocated above in anticipation of federal reimbursement. The reserve for increased costs, together with any premium realized upon the sale of the bonds, may be allocated to the foregoing programs as needed. If the authority determines that any of the intended programs can be accomplished at a cost, exclusive of federal aid, less than the amount allocated above, the difference may be expended for other programs listed in this section. Except as aforesaid, the bond proceeds referred to in this section shall not be expended for any of the listed programs in excess of the amount allocated by this section.

The department shall prepare and publish annually a list of all of its facilities and services operated by the division, shall make this list available upon request to members of the public and shall furnish each police department in the commonwealth with a copy of such list.

Section 6. The department shall issue for a term of two years, and may renew for like terms, a license, subject to revocation by it for cause, to any person, other than a licensed hospital, a department, agency or institution of the federal government, the commonwealth or any political subdivision thereof, deemed by it to be responsible and suitable to establish and maintain a facility and to meet applicable licensure standards and requirements. In the case of a department, agency or institution of the commonwealth or any political subdivision thereof, the department shall grant approval to establish and maintain a facility for a term of two years and may renew such approval for like terms, subject to revocation by it for cause.

The department shall promulgate rules and regulations establishing requirements and standards for licensing and approval of facilities. Such requirements and standards shall include, but shall not be limited to: —

(1) the need for the facility in the community;

(2) the health standards to be met by the facility;

(3) misrepresentation as to the treatment afforded patients at a facility;

(4) licensing fees, application and revocation procedures and the procedures for evaluation of treatment programs.

The department may establish different requirements and standards for different kinds of facilities and may impose stricter requirements and standards in contracts with facilities and services made pursuant to section five.

Each facility shall be individually licensed or approved.

Each facility shall file with the department, from time to time, such data, statistics, schedules or information as the department may reasonably require for the purposes of this section, and any licensee or other person operating a private facility who fails to furnish any such data, statistics, schedules or information as required, or who files fraudulent returns thereof, shall be punished by a fine of not more than five hundred dollars.

The department, after holding a hearing in accordance with chapter thirty A, may refuse to grant, suspend, revoke, limit or restrict the applicability of or refuse to renew any license or approval for any failure to meet the requirements of its rules and regulations or standards concerning such facilities.

No person, excepting a licensed hospital, a department, agency or institution of the federal government, the commonwealth or any political subdivision thereof, shall operate a facility without a license and no department, agency or institution of the commonwealth or any political subdivision thereof shall operate a facility without approval from the department pursuant to this section. The superior court shall have jurisdiction in equity to restrain any violation of the provisions of this section and to take such other action as equity and justice may require to enforce its provisions. Whoever knowingly establishes or maintains a private facility without a license granted pursuant to this section shall, for a first offense, be punished by a fine of not more than five hundred dollars and for each subsequent offense by a fine of not more than one thousand dollars or by imprisonment for not more than two years, or both.

Each facility shall be subject to visitation and inspection by the department and the department shall inspect each facility prior to granting or renewing a license or approval. The department may examine the books and accounts of any facility if it deems such examination necessary for the purpose of the section. The department is hereby authorized to make a complaint to a district court, to a justice of any court of record or to a magistrate authorized to issue warrants, who may thereupon issue a warrant to any officers or employees or the department authorizing them to enter and inspect at reasonable times, and to examine the books and accounts of any private facility refusing to consent to such inspection or examination by the department which the department has reason to believe is operating in violation of the provisions of this chapter. Refusal by the operator or owner to allow such entry and inspection pursuant to such a warrant shall for a first offense be punishable by a fine of not more than one hundred dollars and for each subsequent offense by a fine of not more than one thousand dollars or by imprisonment for not more than two years, or both.

The director may require facilities or services which contract with the commonwealth, pursuant to clause (1) of section five, to admit as an inpatient or outpatient any person to be afforded treatment pursuant to this chapter.

The department shall promulgate rules and regulations governing the extent to which the circumstances in which facilities and services may be required to treat any person as an inpatient or outpatient pursuant to this chapter, except that no licensed hospital with an emergency service shall refuse any person treatment for intoxication or alcoholism

unless the person's need for treatment is not immediate and the hospital has at the time exceeded its reasonable treatment capacity for intoxication and alcoholism.

Section 7. Any person who is intoxicated and voluntarily applies for treatment at a detoxification facility or is brought to said facility in accordance with section eight shall be afforded treatment there or at another facility.

Prior to the admission of any person, the administrator of the facility shall cause him to be evaluated by physician-supervised personnel experienced in alcoholism diagnosis. If there is any concern about the health or the immediate treatment needs of such person, he shall be examined by a physician. If upon said evaluation or examination, a determination is made that the person is intoxicated or is an alcoholic, and adequate and appropriate treatment is available, he shall be admitted. If any person is not admitted for the reason that adequate and appropriate treatment is not available at the facility, the administrator of the facility, acting whenever possible with the assistance of the director, or his designee, shall refer the person to a facility at which adequate and appropriate treatment is available. In the event that a person is not admitted to a facility, and has no funds, the administrator shall arrange for the person to be assisted to his residence or if he has no residence to a place where shelter will be provided him.

Any person admitted to a facility shall receive treatment at the center or facility for as long as he wishes to remain or until the administrator determines that treatment will no longer benefit him; provided, however, that any person who at the time of admission is intoxicated and is incapacitated, shall remain at the facility until he is no longer incapacitated, but in no event shall he be required to remain for a period greater than forty-eight hours, or if any such person is committed for rehabilitative purposes to the Massachusetts correctional institution, Bridgewater or to the Massachusetts correctional institution, Framingham, he shall be required to remain for a period of not less than ten days.

When a person is admitted to a facility, his family shall be notified as soon thereafter as possible. If a patient who is not incapacitated requests that notification not be given, his request shall be respected. Any person, unless transported by the police, who is transported to a facility or from one facility to another or from a facility to his residence shall be transported by the department or other persons authorized by the department. Said department shall promulgate rules and regulations regarding such transportation and where necessary shall bear the expense thereof.

Upon discharge from or upon leaving a facility, the patient shall be encouraged to consent to appropriate outpatient or residential aftercare treatment.

Section 8. Any person who is incapacitated in a public place may be assisted by a police officer with or without his consent to his residence, to a facility or to a police station. To determine for purposes of this chapter only whether or not such person is intoxicated, the police officer may request the person to submit to any reasonable test, including but not limited to tests of his coordination, coherency of speech and breath.

Any person assisted by a police officer to a facility or transferred to a facility from a police station pursuant to the provisions of this section shall receive treatment in accordance with section seven.

If any incapacitated person is assisted to a police station, the officer in charge or his designee shall notify forthwith the nearest facility that the person is being held in protective custody. If treatment services are available at a facility, the department shall thereupon arrange for the transportation of the person to the facility in accordance with the provisions of section seven.

No person assisted to a police station pursuant to this section shall be held in protective custody against his will; provided, however, if treatment at a facility is not available, an incapacitated person may be held in protective custody at a police station until he is no longer incapacitated or for a period of not longer than twelve hours, whichever is shorter.

A police officer acting in accordance with the provisions of this section may use such force, as is reasonably necessary to carry out his authorized responsibilities. If the police officer reasonably believes that his safety or the safety of other persons present so requires, he may search such person and his immediate surroundings, but only to the extent necessary to discover and seize any dangerous weapons which may on that occasion be used against the officer or other person present.

A person assisted to a facility or held in protective custody by the police, pursuant to the provisions of this section, shall not be considered to have been arrested or to have been charged with any crime; however, an entry of custody shall be made indicating the date, time and place of custody, which record shall not be treated for any purposes as an arrest or criminal record.

Section 9. Each person who receives treatment at a facility shall be subject to the supervisory powers of the administrator exercised in accordance with rules and regulations of the department; however, if the facility is operated by a department or agency of the commonwealth other than the department of public health, the administrator shall exercise his supervisory powers subject to the rules and regulations of the department which operates the facility.

Section 10. Any juvenile who is a patient at a facility, pursuant to section seven, shall, upon request of his parent or guardian, be released to the custody of such parent or guardian. All rights afforded any person under this chapter shall apply to juveniles. Any provisions of this chapter requiring the consent of a person shall, if the person is a juvenile, require the consent of both the juvenile and his parent or guardian.

Section 11. The administrator of each facility shall keep a record of the treatment afforded each patient, which shall be confidential and shall be made available only upon proper judicial order, whether in connection with pending judicial proceedings or otherwise.

Any patient shall have the right to have a physician retained by him examine him, consult privately with his attorney, receive visitors and send and receive communications by mail, telephone and telegraph. Such communications shall not be censored or read without consent of such patient. The foregoing shall not limit the right of the administrator, subject to reasonable rules and regulations of the department,

to prescribe reasonable rules governing visiting hours and the use of telephone and telegraph facilities.

Section 12. The commonwealth, the several counties, cities and towns, subject to appropriation, may establish service forces to perform the function of the police in accordance with the provisions of section eight. Such service forces may be a part of a police department, the department or may be a separate unit. Members of the force shall be trained to carry out the responsibilities of police, and other individuals as these are set out in section eight, including the administration of first aid to intoxicated persons in need of medical assistance.

SECTION 1A. Section 4 of chapter 17 of the General Laws is hereby amended by striking out the first paragraph, as most recently amended by section 1 of chapter 612 of the acts of 1958, and inserting in place thereof the following paragraph: —

There shall be in the department a division of sanatoria a division of food and drugs, a division of alcoholism and such other divisions as the commissioner, with the approval of the public health council, may from time to time determine. Each division shall be in charge of a director. SECTION 18. Any existing ordinance, by-law, resolution or other legislation of a county, municipality or other jurisdiction within the commonwealth establishing the offense of public intoxication or any equivalent offense is hereby repealed. Chap. 1077. AN ACT PROHIBITING CERTAIN UNFAIR CLAIM SETTLEMENT PRACTICES BY INSURERS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to designate forthwith certain practices by insurance companies as unfair claim settlement practices, to impose certain civil and criminal penalties for the commission of such practices and to authorize the insurance commissioner to revoke or suspend the licenses of insurance companies which have committed any such practices, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 175 of the General Laws is hereby amended by inserting after section 193N the following section: —

Section 193O. No insurance company doing business in the commonwealth shall engage in unfair claim settlement practices. An "unfair claim settlement practice" shall consist of any of the following practices:

a. knowingly misrepresenting to claimants pertinent facts or policy provisions relating to coverages at issue;

b. failing to acknowledge with reasonable promptness pertinent communications with respect to claims arising under its policies;

c. failing to adopt and implement reasonable standards for the prompt investigation of claims arising under its policies;

d. not attempting in good faith to effectuate prompt, fair and equitable settlements of claims submitted in which liability has become reasonably clear; or

e. offering claimants amounts substantially less than the fair value of their claims, thereby tending to compel them to institute actions at law to recover said fair values.

The commissioner may upon his own initiative or upon receipt of a complaint of any person aggrieved by any such practice hold a hearing, giving at least twenty-one days written notice to the insurance company against which the complaint is directed. Such hearing shall be governed by the provisions of chapter thirty A. The commissioner shall, after each such hearing, make a finding as to whether or not an insurance company has engaged in any of the unfair claim settlement prac-

tices. Each of said practices may be treated as a separate violation for the purpose of the penalties set forth herein. Evidence as to the number and types of complaints which have been previously made to the commissioner against the insurance company before him and the commissioner's complaint experience with other companies writing similar lines of insurance shall be admissible evidence at any of such hearings. If the commissioner finds, after such hearing, that an insurance company has committed any such unfair claim settlement practices, he may suspend or, in the case of repeated violations, revoke the license of such company and may impose conditions for the reinstatement thereof.

In an action to recover on an insurance policy, if the insurer has been found to have engaged in any of such practices after a hearing by the commissioner, the court may, in addition to the amount of the claim, award punitive damages in an amount not to exceed twenty-five per cent of said claim.

Whoever commits an unfair claim settlement practice shall be punished by a fine of not more than ten thousand dollars for each violation.

SECTION 2. The provisions of section one hundred and ninety-three O of chapter one hundred and seventy-five of the General Laws, inserted by section one of this act, which provide for a civil remedy or punitive damages shall apply to claims pending on the effective date of this act as well as to claims arising thereafter. *Approved November 15, 1971.*

Chap. 1078. AN ACT PROVIDING FOR THE LICENSING OF MOTOR VEHICLE DAMAGE APPRAISERS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide for the licensing of motor vehicle appraisers, on January the first, nineteen hundred and seventy-two, to insure the continued and unimpeded issuance of motor vehicle physical damage policies and the speedy settlement and payment of motor vehicle physical damage claims, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 175 of the General Laws is hereby amended by inserting after section 113L the following section: —

Section 113M. No person shall act as an appraiser of damages to motor vehicles under property protection insurance policies, and no person shall appraise such damage or furnish estimates or make such appraisals on behalf of any person including, but not limited to, an insurance company or any person engaged in the business of repairing such damage, unless licensed by the commissioner of insurance. A person wishing to secure such license shall make application therefor on a form approved by the commissioner. The commissioner shall grant such a license to any applicant he finds trustworthy and competent. Each license shall be valid for a period of one year and may be renewed annually. The fee for such license shall be ten dollars for the original and each renewal thereof.

The commissioner may suspend or revoke any such license if the licensee has made any misrepresentation in his application, is convicted

of any criminal act in connection with his work or if, after investigation and hearing, the commissioner finds that the licensee has engaged in practices that cause claimants under property protection insurance policies to receive or be offered settlements for damage that are shown to be either unfair or unreasonable, or both, or practices that are shown to be designed to offset the effect of any deductible purchased by a property protection insurance policyholder.

Whoever violates any provision of this section shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or both.

SECTION 2. Notwithstanding the provisions of section one hundred and thirteen M of chapter one hundred and seventy-five of the General Laws, inserted by section one of this act, any individual who submits satisfactory proof to the commissioner of insurance that he has been engaged in the business of appraising motor vehicle damage for the two years next prior to April the first, nineteen hundred and seventy-two shall be issued a license as a motor vehicle damage appraiser by the commissioner of insurance without further examination; provided that said individual makes application for such license within one year after the effective date of this act and accompanies such application with a license fee of ten dollars. Upon the expiration of said license, it may be renewed annually upon payment of a fee of ten dollars.

SECTION 3. This act shall take effect on April the first, nineteen hundred and seventy-two. *Approved November 15, 1971.*

Chap. 1079. AN ACT PROVIDING FOR THE ORDERLY IMPLEMENTATION OF THE NO-FAULT PROPERTY DAMAGE ACT, SO-CALLED, AND MAKING CERTAIN CORRECTIVE CHANGES THEREIN.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide for the orderly implementation of the no-fault property damage act, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Notwithstanding any other provision of law the commissioner of insurance shall determine whether or not any requirements of the president's office of economic preparedness or the federal wage-price freeze, or both, may so affect the rating of property protection insurance as defined in chapter nine hundred and seventy-eight of the acts of nineteen hundred and seventy-one, as to make such insurance more costly to motorists than the costs of property damage liability insurance and collision insurance, or both, because of any determination or probable determination that property protection insurance will not be affected by any such requirements that affect or might affect property damage liability insurance and collision insurance or both. If the commissioner finds any such requirements will make property protection insurance more costly to motorists, he may, by rule or regulation, postpone until January the first, nineteen hundred and seventy-three so much of section thirty-four O of chapter ninety of the General Laws, inserted by section one of chapter nine hundred and seventy-eight of

the acts of nineteen hundred and seventy-one, as requires every person having in force a motor vehicle liability policy or bond to maintain in force either property protection insurance or a bond providing equivalent benefits; and may postpone until September the fifteenth, nineteen hundred and seventy-two so much of said section as requires him to fix, establish or approve classification of risks and premium charges for property protection insurance and coverage under bonds; and he may make such further regulations as he may deem necessary to accomplish the purposes of this section.

SECTION 2. Subparagraph (1) of the second paragraph of section 34 O of chapter 90 of the General Laws, inserted by section 1 of chapter 978 of the acts of 1971, is hereby amended by striking out the first and second sentences and inserting in place thereof the following sentence: — The insurer shall pay for direct and accidental loss of or damage to the insured vehicle, subject to a deductible of one hundred dollars, up to a limit equal to the actual cash value of the vehicle less such deductible, caused by collision of the insured vehicle with another object or with a vehicle to which it is attached, or by upset of the insured vehicle.

SECTION 3. Said section 34 O of said chapter 90 is hereby further amended by adding the following paragraph: —

Motor vehicle collision policies in effect on January the first of any year may be cancelled on a pro rata basis or continued and new collision policies may be issued so long as any continuance or issuance of policies is done in connection with the issuance of a policy of property protection insurance in which the insured has elected the option described in subparagraph (3) of the second paragraph of this section. There shall be no subrogation rights other than those described in this section for any insurer continuing or issuing such collision policies.

SECTION 4. In fixing and establishing classifications of risks and premium charges for no-fault property damage insurance for calendar year nineteen hundred and seventy-two in accordance with section one hundred and thirteen B of chapter one hundred and seventy-five of the General Laws, ten days notice of the hearings required shall suffice notwithstanding any provisions of chapter thirty A of the General Laws requiring longer notice to the state secretary.

Approved November 15, 1971.

Chap. 1080. AN ACT TO PREVENT UNNECESSARY EXPANSION OF HEALTH CARE FACILITIES DURING THE PERIOD ENDING MAY THE THIRTY-FIRST, NINETEEN HUNDRED AND SEVENTY-TWO.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide forthwith for the prevention of unnecessary expansion of health care facilities until May the thirty-first, nineteen hundred and seventy-two, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Notwithstanding any contrary provision of law, no person shall (a) commence construction of a new health care facility at a specific location or commence construction altering, adding to,

making major repairs to, remodelling, renovating or replacing an existing such facility or part thereof or (b) substantially change its services, during the period extending from the effective date of this act to May the thirty-first, nineteen hundred and seventy-two unless there is a determination by the department of public health that there is need therefor. Such determination shall, upon request of the person applying therefor, be made after hearing and shall be based upon current information concerning, among other things, present and projected future needs, shall be in writing and set forth the reasons therefor, shall be kept on file in the office of the commissioner of public health and shall be a public record. Except in the case of an emergency requiring immediate action to prevent further damage to a health care facility or part thereof, such determination shall be made only after ten days' notice and opportunity to comment upon the need for such construction or change in services has been given to the single agency of the commonwealth and appropriate areawide health planning agency designated pursuant to the provisions of Sections 314 (a) and 314 (b) of the Federal Public Health Service Act. The provisions of this section shall not apply to any construction or change in services requiring a capital expenditure of less than one hundred thousand dollars.

SECTION 2. Notwithstanding the provisions of section fifty-one of chapter one hundred and eleven of the General Laws, the department of public health shall not issue any original license to establish or maintain a hospital, an institution for the care of unwed mothers or a clinic, as defined in section fifty-two of said chapter one hundred and eleven, during the period extending from the effective date of this act to May the thirty-first, nineteen hundred and seventy-two, unless there is a determination by said department, in the manner provided in section one of this act, that there is need for such a facility at the designated location.

Notwithstanding the provisions of section seventy-one of said chapter one hundred and eleven, said department shall not issue any original license to establish or maintain an infirmary maintained in a town, a convalescent or nursing home, a rest home or charitable home for the aged, as defined in said section, during the period extending from the effective date of this act to May the thirty-first, nineteen hundred and seventy-two unless there is a determination by said department, in the manner provided in section one of this act, that there is a need for such a facility at the designated location.

SECTION 3. As used in this act the term "health care facility" shall include (1) a hospital, institution for the care of unwed mothers or clinic, as defined in section fifty-two of chapter one hundred and eleven of the General Laws, and (2) a public medical institution, which is any medical institution supported in whole or in part by public funds, either Federal, State or Municipal staffed by professional, medical and nursing personnel and providing medical care, in accordance with standards established through licensing, approval or certification for participation in the programs administered under Titles 18 and 19 of the Federal Social Security Act, by the department of public health.

As used in this act, an "original license" shall mean a license issued to a health care facility not previously licensed or a license issued to an existing health care facility in which there has been a change in ownership or location.

SECTION 4. The department of public health is hereby authorized to promulgate rules and regulations necessary for the implementation of this act.

SECTION 5. The superior court shall have jurisdiction in equity, upon the petition of the department of public health or of any ten taxpayers in the commonwealth, to enjoin any violation or imminently threatened violation of the provisions of section one of this act.

SECTION 6. This act shall take effect upon its passage and shall cease to be effective on May the thirty-first, nineteen hundred and seventy-two. *Approved November 15, 1971.*

Chap. 1081. AN ACT PROVIDING FOR A COMPREHENSIVE PROGRAM OF LEAD PAINT POISONING PREVENTION AND CONTROL.

Whereas, The deferred operation of this act would tend to defeat its purpose which is, in part, immediately to prevent the further spread of lead poisoning, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public health and safety.

Be it enacted, etc., as follows:

SECTION 1. Chapter 111 of the General Laws is hereby amended by inserting after section 189 the following ten sections:—

Section 190. The department shall establish a statewide program for the prevention, screening, diagnosis and treatment of lead poisoning, including elimination of the sources of such poisoning, through such research, educational, epidemiological and clinical activities as may be necessary.

The commissioner shall appoint a lead poisoning control director, who shall serve at the pleasure of the commissioner. The director shall be responsible, subject to the authority of the commissioner, for carrying out and administering all programs created pursuant to this and the following nine sections. As used in the following nine sections, "director" shall refer to the lead poisoning control director.

The director may contract with any agencies, individuals or groups for the provision of necessary services, subject to appropriation; and shall issue and, from time to time, amend such rules and regulations as may be necessary.

The governor shall appoint an advisory committee for the lead poisoning prevention program, which shall consist of nine members, at least four of whom shall be physicians or persons active in the field of public health and who shall serve at the pleasure of the governor. At least two members of said advisory committee shall be parents of children under six years of age who reside in lower-income urban areas. The committee shall advise the director on matters of policy; shall be consulted by the director prior to the issuance of rules and regulations; and shall perform such other duties as the director may

request. The members of the advisory committee shall not be paid for their services, but they shall be reimbursed for travel and other expenses necessary for the performance of their duties. As used in the following nine sections, "advisory committee" shall refer to said committee.

Section 191. Any examining physician, hospital, public health nurse or other diagnosing person or agency shall report to the director the existence and circumstances of each case of lead poisoning known to them and not previously reported. Such reports shall be made on forms prescribed by the director and shall be submitted not later than three days after said person or agency first diagnoses or is informed of such case. The director shall by regulation with the advice of the advisory committee and in accordance with sound medical practice define the terms "lead poisoning" and "previously reported".

When a case of lead paint poisoning is reported to the director, he shall inform such local boards of health, public health agencies and other persons and organizations as he deems necessary; provided, however, that the name of any individual contracting lead poisoning shall not be included unless the director determines that such inclusion is necessary to protect the health and well-being of the affected individual.

The director shall maintain comprehensive records of all reports submitted pursuant to this section. Such records shall be geographically indexed in order to determine the location of areas of relatively high incidence of lead poisoning. Such records shall be public records, subject to the provision of the preceding paragraph relating to the names of individuals.

Section 192. The director shall institute an educational and publicity program, in order to inform the general public and particularly parents of children residing in areas of significant exposure to sources of lead poisoning; teachers, social workers and other human service personnel; owners of residential property, particularly property constructed previous to the year nineteen hundred and forty-five; and health services personnel, and particularly interns, residents and other intake personnel at major hospitals, of the dangers, frequency and sources of lead poisoning and the methods of preventing such poisoning.

Section 193. The director shall establish a program for early diagnosis of cases of lead poisoning. Such program shall, to the extent permitted by appropriations, systematically examine all children under six years of age residing within the commonwealth for the presence of lead poisoning. Such examinations shall be made by such means and at such intervals as the director shall by regulation determine may be medically necessary and proper. Such program shall employ, to the extent possible, residents of the areas in which screening and examinations are conducted, which residents shall not be subject to the provisions of chapter thirty-one, unless required as a condition for receipt of federal funds, or section nine A of chapter thirty.

Such program of diagnosis shall, to the extent that all children residing in the commonwealth are not systematically examined, give priority in examinations to those children residing, or who have

recently resided, in areas where significant numbers of lead poisoning cases have recently been reported or where other reliable evidence indicates that significant numbers of lead poisoning cases may be found.

When the director is informed of a case of lead poisoning pursuant to section one hundred and ninety-one, or otherwise, he shall cause to have examined all other children under six years of age, and such other children as he may find advisable to examine, residing or recently residing in the household of the victim, unless the parents of such child object to said examination because it conflicts with their religious beliefs and practices. The results of such examinations shall be reported to the director, to the person or agency reporting the original case pursuant to section one hundred and ninety-one and to such other persons or agencies as the director deems advisable.

The director shall maintain comprehensive records of all examinations conducted pursuant to this section. Such records shall be geographically indexed in order to determine the location of areas of relatively high incidence of lead poisoning. Such records shall be public records, subject to the provision of section one hundred and ninety-one relating to the names of examined individuals. A summary of the results of all examinations conducted pursuant to this section shall be released quarterly, or more frequently if the director so determines, to all interested parties.

All cases or probable cases of lead poisoning, as defined by regulation by the director, found in the course of examinations conducted pursuant to this section shall be reported immediately to the affected individual, to his parent or legal guardian if he is a minor and to the director. The director shall inform such persons or agencies as he deems advisable of the existence of such case or probable case, subject to the provision of section one hundred and ninety-one relating to the names of individuals.

Section 194. The director shall establish a comprehensive program for detection of sources of lead poisoning. Such program shall attempt, to the extent permitted by appropriations, to locate all dwellings in which the paint, plaster or other accessible substance contains dangerous amounts of lead. The means of detection, and the amount of lead that produces the danger of lead poisoning, shall be determined by regulation by the director in accordance with sound medical practice and current technical knowledge.

Such program of detection shall, to the extent that all appropriate dwellings are not inspected, give priority in inspections to those dwellings located in areas where significant numbers of lead poisoning cases have recently been reported, and in which children under six years of age reside. Such program shall employ, to the extent possible, residents of the areas in which inspections are conducted, which residents shall not be subject to the provisions of chapter thirty-one, unless required as a condition for receipt of federal funds, or section nine A of chapter thirty.

Upon the request of any occupant, the director shall cause to have the occupant's premises inspected within a reasonable time, not to exceed ten days, unless systematic inspection of the area in which the person requesting the inspection resides is scheduled within thirty

days, in which case said inspection may be deferred up to twenty additional days.

When the director is informed of a case of lead poisoning pursuant to section one hundred and ninety-one or one hundred and ninety-three, or otherwise, he shall cause to have inspected the dwelling in which the victim resides, or has recently resided, if the occupants of said dwelling consent, after reasonable notice, to such inspection. If the occupant refuses admittance, an agent of the director or of any local board of health or code enforcement agency may apply for a search warrant to permit entry. A court may issue a warrant upon a showing that a victim of lead poisoning resides or has recently resided in said dwelling. The findings of such inspection shall be reported to the director and to the appropriate enforcement authorities set out in section one hundred and ninety-eight.

A dangerous level of lead found in a dwelling inspected pursuant to this section, or otherwise, shall be reported immediately to the owner of the building, all affected tenants, all mortgagees and lienholders of record, the appropriate enforcement authorities set out in section one hundred and ninety-eight and the director. The director shall inform such other persons or agencies as he deems advisable and shall cause to have prominently posted on all entrances to said dwelling a notice that the dwelling contains dangerous amounts of lead paint or other materials which children should not be allowed to eat or chew. Such notice may not be removed until all premises have been found to comply with section one hundred and ninety-seven.

When a dangerous level of lead is found in a dwelling inspected pursuant to this section, or otherwise, the director shall cause to have examined all children under six years of age, and such other children as he may find advisable to examine, residing or who have recently resided in said dwelling. The results of such examinations shall be reported to the director, the affected individual and his parent or legal guardian. The director shall inform such other persons or agencies as he deems advisable, subject to the provision of section one hundred and ninety-one relating to the names of affected individuals.

The director shall maintain comprehensive records of all inspections conducted pursuant to this section. Such records shall be geographically indexed in order to determine the location of areas of relatively high incidence of dangerous lead levels. Such records shall be public records. A summary of the results of all inspections conducted pursuant to this section shall be released quarterly, or more frequently if the director so determines, to all interested parties.

Section 195. The commissioner shall establish, within the Bureau of Institute of Laboratories, a state laboratory for lead and lead poisoning detection. Said laboratory shall analyze specimens received from children for the presence of lead poisoning and samples of paint and other materials for dangerous levels of lead.

Said laboratory shall analyze tests and samples submitted by persons and agencies not within the department as its facilities permit and may charge for such services a fee not greater than the cost to it of such services.

Section 196. (*a*) No person shall apply or cause to be applied any lead-based paint, glaze or other substance to any toy, furniture,

cooking, drinking or eating utensil, or interior or exterior surface or fixture of any dwelling; and no person shall sell, expose for sale, deliver, give away or possess with intent to sell, deliver or give away any toy, furniture, cooking, drinking or eating utensil to which any lead-based paint, glaze or other substance has been applied.

Any paint, glaze or other substance shall be deemed to be lead-based when it contains more than one half of one per centum lead by weight (calculated as lead metal) in the total nonvolatile content of liquid paints or in the dried film of paint or glaze already applied or when it contains a substantially equivalent amount of lead measured by such alternative reliable method of measurement as the director shall by regulation establish.

Any person who violates the provision of this subsection shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars for each violation. Each article, surface or fixture to which a lead-based substance is applied shall constitute a separate violation. Any person who willfully violates the provisions of this subsection shall be punished by imprisonment for not more than three months for each violation.

Any article of personal property in violation of this subsection may be embargoed by the director in the manner provided in section one hundred and eighty-nine A of chapter ninety-four.

Section 197. Whenever a child or children under six years of age reside in any residential premises in which any paint, plaster or other accessible materials contain dangerous levels of lead as defined pursuant to section one hundred and ninety-four, the owner shall remove or cover said paint, plaster or other material so as to make it inaccessible to children under six years of age. Whenever any such residential premises containing said dangerous levels of lead undergoes a change of ownership and as a result thereof a child or children under six years of age will become a resident therein, the new owner shall remove or cover said paint, plaster or other material so as to make it inaccessible to such children.

Repainting with nonlead-based paint, without removal of the offending paint, plaster or other material, shall not constitute compliance with this section. Such removal or covering shall be performed as follows:—

(*a*) All peeling paint, plaster or other material, on both interior and exterior surfaces and fixtures, shall be removed or adequately covered.

(*b*) Paint, plaster or other material that is not peeling shall be removed or covered on window sills; door frames below the four-foot level; windows, including mullions, below the four-foot level; stair rail spindles; stair treads from the lip to the riser on bottom and four inches back from the lip on the top of the tread; doors below the four-foot level and four inches from all edges; stair rails; porch railings; and all other exterior and interior surfaces or fixtures that may be readily chewed by children.

This duty shall apply to every owner of residential premises whenever a child or children under six years of age reside therein or whenever such premises undergoes a change of ownership and as a result thereof a child or children under six years of age shall reside therein, whether or not his premises have been inspected pursuant to

section one hundred and ninety-four or otherwise. This section shall be strictly construed and enforced so as to best protect the safety of residents of such dwellings.

Section 198. Any violation of sections one hundred and ninety-six and one hundred and ninety-seven may be treated by any party as a violation of the state sanitary code and all procedures and remedies applicable to such violations of said sanitary code shall be available to correct, deter or punish violations of said sections. The district and superior courts shall have jurisdiction to enforce the provisions of said sections to the same extent that said courts have jurisdiction to enforce said sanitary code.

All local boards of health or other code enforcement agencies, including in the city of Boston the commissioner of housing inspection, shall enforce sections one hundred and ninety-six and one hundred and ninety-seven in the same manner and with the same authority as they may enforce the sanitary code.

The director shall have concurrent responsibility and authority to enforce sections one hundred and ninety-six and one hundred and ninety-seven and in so doing shall have available to him all powers and authority which shall be available to local boards of health pursuant to sections one hundred and twenty-seven A through one hundred and twenty-seven K, inclusive.

(*b*) No person shall sell, expose for sale, deliver, give away or possess with intent to sell, deliver or give away any lead-based paint, glaze or other surface covering, as defined in subsection (*a*); provided, however, that the director may by regulation with the concurrence of a majority of the advisory committee exempt from the provisions of this subsection certain lead-based paints that are not intended or suitable for use on or within residential premises, and are not advertised or labeled as intended or suitable for such uses, and are not sold to the general public on a retail basis, when he finds with substantial certainty that the sale or use of said paints will not result in the exposure of children younger than six years of age to said paints and will not result in an additional danger to life or health for such children or for the general public.

Whoever violates the provisions of this subsection shall be punished by a fine of not less than two hundred dollars nor more than five hundred dollars for each violation. Each can, bottle or other container of any prohibited substance shall constitute a separate violation. A licensee shall submit course changes, improvements and modifications to the commissioner. Course approval shall be valid for one year from the date of issue but may be revoked or suspended if the commissioner finds that the form or content of the course substantially differs from standards or guidelines established by him.

Section 5. A license issued under section four shall be valid for one year from the date of issue but may be revoked or suspended, subject to the provisions of chapter thirty A, if the commissioner finds that the licensee or any of its representatives:

(*a*) is no longer qualified to operate or serve as a representative of a private business school; or

(*b*) has violated any provision of this chapter or any regulation adopted by the commissioner; or

(*c*) cannot reasonably be expected to perform commitments to its pupils because of inadequate funds or equipment or because of a lack of qualified instructors; or

(*d*) has failed or refused to permit the commissioner or his designee to inspect the licensee's buildings or equipment or has failed or refused or make available to the commissioner or his designee, within a reasonable time, any information that reasonably pertains to the operation of the licensee's school; or

(*e*) has failed to provide or maintain premises or equipment in a safe or sanitary condition.

Section 6. No representative of any private business school, which is located within or without the commonwealth, shall, at the residence of any prospective student, solicit enrollments or sell courses therein,

make representations or give counsel concerning the educational content or quality of or the benefits to be derived from courses in such school unless licensed by the commissioner.

Section 7. Any person desiring to be a representative of a private business school shall submit to the commissioner, on a form supplied by him, information setting forth: —

(*a*) the applicant's name and address; and

(*b*) the applicant's educational qualifications; and

(*c*) the name and address of three business references; and

(*d*) the name and address of three personal references.

If, after investigation, the commissioner finds that the applicant is qualified to be a representative of a private business school and is of good moral character he shall issue a license to such person. The fee for the issuance of such license shall be twenty dollars, and the fee for such renewal thereof shall be ten dollars.

If the commissioner finds that the applicant is not qualified to be a representative of a private business school, he shall refuse to issue a license. The commissioner shall state his reasons therefor in writing. The applicant shall be entitled to a hearing before the commissioner and judicial review subject to the provisions of chapter thirty A.

A license issued hereunder shall be valid for one year from the date of issue and may not be revoked.

Section 8. The commissioner may, subject to the provisions of chapter thirty A, adopt, amend or repeal such regulations as may be necessary to carry out the provisions of this chapter, including but not limited to organization, control, location, equipment, courses of study, qualifications of teachers, methods of instruction, conditions of admission, advertising, financial stability, employment of pupils, scholarships, tuition, refunds and expenditures.

Section 9. No private business school shall represent that it is an accredited school unless it has been accredited by a national or regional accrediting agency recognized by the United States Department of Health, Education and Welfare, Office of Education.

Section 10. No private business school shall engage in untrue, deceptive or misleading advertising. Each school shall submit to the commissioner for his approval, pursuant to regulations adopted under this chapter at least ten days prior to publication, a copy of all advertising.

Section 11. Whoever operates a private business school without being licensed under section three or during the suspension or after the revocation of such a license under the provisions of section five or whoever acts as a representative of a private business school without being licensed under section seven shall be punished by imprisonment in a jail or house of correction for not more than six months or by a fine of not more than one thousand dollars, or both.

Section 12. No agreement between a private business school, not licensed under section three, or its representative, and a pupil shall be enforceable in any court in the commonwealth.

Section 13. The commissioner shall maintain a current list of private business schools licensed under section three and their representatives. This list shall be a public record.

Section 14. Any pupil of a private business school who is misled by an officer or representative of the school, or by any advertisement or circular issued by the school, which representation was untrue, de-

ceptive or misleading, may recover treble damages, or one thousand dollars, whichever is greater, plus court costs and reasonable attorney's fees.

No license shall issue under this chapter until the prospective licensee shall furnish a bond, with surety acceptable to the commissioner in the amount of twenty-five thousand dollars in the case of a school's license, and in the amount of one thousand dollars in the case of a representative's license; provided, however, that the liability of the surety on the bond shall be limited to indemnifying the claimant only for his actual damages. Each such bond shall be conditioned to provide that the obligor shall satisfy all judgments rendered against it in actions by students to recover damages resulting from fraud or misrepresentation used in procuring enrollment or from a breach of contract; provided, however, that the aggregate liability of the surety for all breaches of the conditions of the bond shall, in no event, exceed the sum of such bond. Such bond shall not limit or impair any right of recovery otherwise available pursuant to law, nor shall the amount of the bond be relevant in determining the amount of damages or other relief to which any plaintiff may be entitled. The surety on any such bond may cancel the bond upon giving thirty days notice in writing to the commissioner of education and thereafter shall be relieved of liability for any breach of condition occurring after the effective date of said cancellation.

SECTION 2. This act shall take effect on July the first, nineteen hundred and seventy-two. *Approved November 15, 1971.*

Chap. 1097. AN ACT CREATING THE ECONOMIC DEVELOPMENT AND INDUSTRIAL CORPORATION OF BOSTON.

Be it enacted, etc., as follows:

SECTION 1. *Definitions.* In this act, unless a contrary intention clearly appears, the following words shall have the following meanings:—

(*a*) "City", the city of Boston.

(*b*) "Corporation", the Economic Development and Industrial Corporation of Boston created by section three.

(*c*) "Cost of a project", all costs (whether incurred prior to or after the issue of bonds or notes hereunder) of acquisition, site development, construction, improvement, enlargement, reconstruction, alteration, machinery, equipment, furnishings, demolition or removal of existing buildings or structures, including the cost of acquiring any lands to which such buildings or structures may be moved, financing charges, interest prior to and during the carrying out of any project, interest for up to two years after the completion or estimated completion date of any project, planning, engineering and legal services, administrative expenses, the funding of notes issued for capital purposes, such reserves for debt service or other capital or current expenses as may be required by a trust agreement or resolution securing notes or bonds and all other expenses incidental to the determination of the feasibility of any project or to carrying out the project or to placing the project in operation.

(*d*) "Economic development plan", a detailed plan, as it may be approved from time to time by the city council and the mayor under

section six, for one or more economic development projects within an economic development area, which plan shall be consistent with local objectives respecting appropriate land uses, and shall be sufficiently complete to indicate the boundaries of the area, such land acquisition, such demolition, removal, and rehabilitation of structures, and such development, redevelopment and general public improvements as may be proposed to be carried out within such area, zoning and planning changes, if any, and proposed land uses, maximum densities and building requirements; provided, however, that without specific approval of the city council and of the mayor no economic development plan shall propose zoning changes to or from business or residential uses or provide for any office building other than one wholly incidental to a manufacturing or industrial use within the area.

(*e*) "Economic development area", any blighted open area or any decadent area, as respectively defined in section one of chapter one hundred and twenty-one B of the General Laws, which is located in the city, and is zoned for general or restricted manufacturing uses or for general or waterfront industrial uses, whether restricted or not, and within which there are not more than forty-five dwelling units.

(*f*) "Economic development project", (1) a project to be undertaken in accordance with an economic development plan for acquisition by the corporation of land and the improvements thereon, if any, within an economic development area covered by an economic development plan and for clearance and development of the land so acquired; or (2) a project for the rehabilitation or conservation of an economic development area, or for the restoration and renewal of any such area or portion thereof, or for the demolition, removal or rehabilitation of improvements on land within an economic development area whenever necessary to eliminate unhealthful, unsanitary or unsafe conditions, lessen density, mitigate or eliminate traffic congestion, reduce traffic hazards or eliminate obsolete or other uses detrimental to the public welfare; or (3) a project involving any combination of the foregoing types of project. An economic development project may include improvements necessary for carrying out the objectives of the economic development project, together with such site improvements as are necessary for the preparation of any site for uses in accordance with the economic development plan and making any land or improvements acquired in the area of the project available for redevelopment or rehabilitation by private enterprise, including sale, initial leasing or retention by the corporation for industrial or manufacturing uses in accordance with the economic development plan. An economic development project may also include the construction by the corporation of any of the buildings, structures or other facilities for industrial or manufacturing uses contemplated by the economic development plan and the repair, removal or rehabilitation by the corporation of any of the buildings, structures or other facilities located in the area covered by the economic development plan and which, under such plan, are to be repaired, moved or rehabilitated.

SECTION 2. *Statement of Findings.* It is hereby declared that decadent or blighted open areas exist in parts of the city of Boston zoned for industrial or manufacturing uses; that each such area

constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of the city; that each such area constitutes an economic liability, substantially impairs or arrests the sound growth of the city and retards the economic well being of the commonwealth; that each decreases the value of private investments and threatens the sources of public revenue; that redevelopment of each such area in accordance with an economic development plan for the elimination of substandard conditions and the prevention of their recurrence is necessary to retain existing industries, and attract new industries, and promote the sound economic growth of the city; that the menace of such decadent or blighted open areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids herein provided; that the acquisition of property for the purpose of eliminating decadent, substandard or blighted open conditions therein, preventing recurrence of such conditions in the area, the removal of structures and improvement of sites for manufacturing and industrial uses, the disposition of the property for redevelopment incidental to the foregoing, the exercise of powers by the corporation and any assistance which may be given by the city or any other public body in connection therewith are public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the acquisition, planning, clearance, development, rehabilitation or rebuilding of such decadent and blighted open areas for industrial or manufacturing purposes are public uses and benefits for which private property may be acquired by eminent domain or regulated by wholesome and reasonable orders, laws and directions and for which public funds may be expended for the good and welfare of the city and of this commonwealth.

It is hereby further found and declared that there exists in the city a condition of substantial and persistent unemployment and underemployment which causes hardship to many individuals and families, wastes vital human resources, increases the public assistance burdens, impairs the security of family life, impedes the economic and physical development of the city and adversely affects the welfare and prosperity of the people; that unemployment and underemployment have been caused in part by industrial and manufacturing companies moving from the city; that many existing industrial and manufacturing facilities within the city are obsolete and inefficient; that such facilities are underutilized or vacated, thereby creating additional unemployment; that such obsolescence and abandonment of existing facilities are causing serious injury to the economy of the city; that the manufacturing and industrial sector of the economy provides the best opportunity for better jobs at higher wages for inhabitants of the city; that new industrial and manufacturing sites are required to attract and house new industries and to retain existing industries in need of expansion space; that the unaided efforts of private enterprise have not provided and cannot provide the necessary industrial sites within the urban environment due to problems encountered in the assembly of suitable building sites, the provision of adequate public services, the unavailability of private capital for development and the

inability of private enterprise alone to plan, finance and coordinate industrial development projects.

SECTION 3. *Creation of Corporation.* There is hereby created a public body politic and corporate, to be known as the Economic Development and Industrial Corporation of Boston, in this act called the corporation, which shall be an instrumentality of the commonwealth, consisting of seven members appointed by the mayor of the city subject to confirmation by the city council of the city, two of whom shall at all times be members of the development and industrial commission of the city. At least one member shall be experienced in financial matters, one in real estate matters and one in municipal government; and at least one member shall be a person of low income. The mayor shall designate one of the seven members as chairman and another as vice-chairman. Each of the seven members shall be sworn to the faithful performance of his official duties as a member of the corporation. A majority of the seven members shall constitute a quorum for the transaction of any business, but the action of a majority of the entire membership shall be required for any transaction. For the purposes of section eleven A of chapter thirty A of the General Laws, the corporation shall be deemed to be an authority established by the general court to serve a public purpose in the commonwealth.

Of the members of the corporation first appointed, two shall be appointed to serve for one year from the first day of July in the current year, two for two years from said date and three for three years from said date. Upon the expiration of the term of office of any such member, or of any subsequent member, his successor shall be appointed in like manner for a term of three years. In the event of a vacancy in the office of a member, his successor shall be appointed in like manner to serve for the unexpired term. Unless reappointed, no member of the corporation shall hold office after the expiration of his term; and the appointment of a successor to any person whose term has expired shall be for the remainder of the term which would have begun at such expiration if the successor had then been appointed.

Any member may be removed by the mayor for malfeasance, misfeasance or wilful neglect of duty, but only after reasonable notice and a public hearing, unless the same are in writing expressly waived. For the purposes of chapter two hundred and sixty-eight A of the General Laws, the members of the corporation shall be deemed to be special municipal employees.

Before the issuance of any bonds under the provisions of this act, each member of the corporation shall execute a surety bond with a surety company authorized to transact business in this commonwealth as surety, in the penal sum of fifty thousand dollars conditioned upon the faithful performance of the duties of his office, each such surety bond to be approved by the corporation counsel of the city and filed in the office of the state secretary. The members of the corporation shall receive no compensation for the performance of their duties hereunder; but each member shall be reimbursed for expenses actually incurred in the performance of his duties. Every such reimbursement shall be open to public inspection from and after the requisition therefor.

The corporation shall at least once every three months consult concerning industrial development policies and programs with the development and industrial commission of the city, which shall serve as an advisory council to the corporation.

SECTION 4. *General Powers and Duties.* The members of the corporation shall adopt a corporate seal for the corporation and designate the custodian thereof; may from time to time appoint and at pleasure remove a director, a clerk, a treasurer or such other officers of the corporation as they may deem necessary and may determine their duties and their compensation, which shall be paid by the corporation; shall cause at all times accurate accounts to be kept of all receipts and expenditures of the funds of the corporation; and shall make a report annually in December to the mayor, the city council and the city clerk of the city, containing an abstract of such accounts and detailed information of all receipts and expenditures, including prices paid for land purchased or taken and any buildings constructed thereon, contracts for construction of facilities and for the leasing thereof and such other detailed information as may be deemed helpful. The offices of treasurer and clerk may be held by the same person. The corporation shall cause an audit of its books and accounts to be made at least once in each fiscal year by certified public accountants and the cost thereof shall be treated as an item of current expense. Except as otherwise provided in this act, the corporation shall have full power to exercise care of its property and the management of its business and affairs and to sell and convey any real estate or other property not needed for its business or affairs, by deed or other instrument sealed with the corporate seal, signed and acknowledged by a majority of the members, or in like manner to authorize such sale and conveyance by any of its officers or agents. The treasurer shall give bond for the faithful performance of his duties, with a surety company authorized to do business in this commonwealth as surety, in such sum as the members may determine, the premium therefor to be paid by the corporation. Neither chapter thirty-one of the General Laws nor any rule made thereunder shall apply to any person employed or engaged by the corporation under this act.

SECTION 5. *Specific Powers.* The corporation is hereby authorized:

(*a*) To sue and be sued in its own name and plead and be impleaded.

(*b*) To adopt by-laws for the regulation of its affairs and the conduct of its business and to alter the same at its pleasure.

(*c*) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, and to employ consulting engineers, superintendents, managers, and such other engineers, construction and accounting experts and attorneys and such other employees, agents and consultants as may be necessary in its judgment and to fix their compensation.

(*d*) To receive and accept from any federal agency or the commonwealth or the city grants, loans or advances for or in aid of an economic development project or projects and to receive and accept contributions from any source of either money, property, labor or

other things of value, to be held, used and applied for the purposes for which such grants, loans, advances and contributions may be made.

(*e*) To borrow money, and, from time to time, to make, accept, endorse, execute and issue bonds, debentures, promissory notes, bills of exchange, and other obligations of the corporation, for moneys borrowed or in payment for property acquired or for any of the other purposes of the corporation and to secure the payment of such obligations by mortgage, pledge, deed, indenture, agreement, or other instrument of trust, or by other lien upon, assignment of, or agreement in regard to all or any part of the property, rights or privileges of the corporation.

(*f*) To issue revenue bonds of the corporation, payable solely from revenues, for the purpose of paying all or any part of the cost of a project or projects.

(*g*) To invest any funds not required for immediate use or disbursement in certificates of deposit or in obligations of the government of the United States or in obligations the payment of the principal of, and interest on, which is guaranteed by the government of the United States.

(*h*) To provide such advisory services and technical assistance as may be desirable to carry out the purposes of the act.

(*i*) To prepare or cause to be prepared plans, designs, drawings, specifications and estimates of cost for the construction, reconstruction, development, redevelopment, rehabilitation, remodeling, alteration or repair of economic development projects and from time to time modify such plans, designs, drawings, specifications and estimates.

(*j*) Subject to the approval of the city council and of the mayor, to designate areas of the city as economic development areas.

(*k*) To acquire and hold by bequest, devise, grant, gift, purchase, exchange, lease, judicial order or decree, or otherwise, for any of its objects and purposes, any property, either real or personal, or any interest therein; and, without limiting the generality of the foregoing, to acquire by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain in accordance with the provisions of chapter seventy-nine or chapter eighty A of the General Laws insofar as such provisions may be applicable, such private lands, or any interest therein, as it may deem necessary for carrying out the provisions of this act or for providing for the relocation of persons and businesses displaced as a result of carrying out an economic development plan. The provisions of section forty of said chapter seventy-nine shall apply to any taking by the corporation, except that the security therein required shall be deposited with the collector-treasurer of the city and shall be in an amount at least twenty-five per cent higher than the aggregate average assessed valuations in the three previous calendar years of all real estate to be taken by eminent domain. Prior to the approval of an economic development plan by the city council and the mayor, the corporation shall neither acquire any property nor institute any proceeding under chapter eighty A, except for purposes of relocation; provided, however, that if an economic development plan contemplates the taking by eminent domain of lands particularly described therein, and if said plan is approved by the city council and

the mayor, the date as of which the value of such lands shall be determined for eminent domain purposes shall be the date on which said economic development plan was first submitted to the city council.

(*l*) To make relocation payments to persons and businesses displaced as a result of carrying out an economic development plan, including such payments on a pro tanto basis.

(*m*) To procure insurance against any loss in connection with its property and other assets and operations in such amounts and from such insurers as it deems desirable.

(*n*) To clear and improve property acquired by it and to engage in or contract for the construction, reconstruction, development, redevelopment, rehabilitation, remodeling, alteration or repair thereof.

(*o*) To arrange or contract with the city for the planning, replanning, opening, grading or closing of streets, roads, alleys or other places or for the furnishing of facilities or for the acquisition by the city of property or property rights or for the furnishing of property or services in connection with a project or projects.

(*p*) To sell, convey, mortgage, lease, transfer, option, exchange or otherwise dispose of any property, either real or personal, or any interest therein, as the objects and purposes of the corporation may require, subject to such limitations as may be prescribed by law.

(*q*) To loan on mortgages, including purchase money mortgages, on real estate and personal property within economic development areas, to foreclose the same when in default and to bid for and purchase property at any foreclosure or other sale; and, in such event, to deal with such property, in such manner as may be necessary or desirable to protect the interests of the corporation therein.

(*r*) To manage any project whether owned or leased by the corporation and to enter into agreements with the commonwealth or the city or any agency or instrumentality thereof or with any person, firm, partnership or corporation either public or private for the purpose of causing any project to be managed.

(*s*) To act with respect to one or more projects as a corporation organized under section three or section eighteen B of chapter one hundred and twenty-one A of the General Laws; provided that the accounts for each project shall be kept separately and the income of one project shall not be expended upon or for the benefit of another project.

(*t*) To do all acts and things necessary or convenient to carry out the powers expressly granted in this act.

The corporation is hereby directed to pay the reasonable relocation costs of persons and businesses displaced as a result of carrying out an economic development plan as authorized by clause (1) of this section; provided, that the corporation shall not be required hereby to pay or contribute to the payment of such costs of any relocatee in excess of twenty-five thousand dollars.

SECTION 6. *Economic Development Plan.* No economic development project shall be undertaken until (*a*) a public hearing relating to the economic development plan covering such project has been held by the corporation after due notice and (*b*) the economic development plan has been approved by the city council and the mayor, except

that if within ninety days after the submission of an economic development plan to the city council for approval, the city council has not voted to disapprove it, such plan shall be deemed to have been approved by the city council. If no economic development project covered by an economic development plan is commenced within seven years after the approval of such plan, the approval of such plan shall lapse.

Every economic development plan submitted to the city council for approval under this act (*i*) shall require that every person occupying the whole or any part of the economic development area covered by such plan during the period of forty years after the approval of such plan shall make every reasonable effort, in employing persons in his business, to give to the fullest practicable extent preference to residents of the city and (*ii*) shall be accompanied by a report on such plan by the planning agency of the city to whom such plan shall have been submitted before its submission to the city council, by a statement of the proposed method for financing each project covered by such plan, by a comprehensive relocation plan and by such other information as the corporation deems advisable.

Notice of the public hearing required by the first paragraph of this section shall be given by the corporation to (1) such persons, groups and organizations as have requested in writing that such notice be given them, (2) every public agency, whether of the city or of the commonwealth, likely in the judgment of the corporation to have an actual or potential interest in the economic development plan, (3) the senator for every senatorial district of the commonwealth, and the representative for every representative district thereof, within which the economic development area or any part thereof lies, and (4) each publicly appointed or elected local advisory committee, and each community group supported in whole or in part by public funds, whose territory covers all or part of the economic development area. In the course of preparing an economic development plan, the corporation shall consult with each of the aforesaid sofar as in the judgment of the corporation it is practicable.

If an economic development plan is approved by the city council and the mayor, the corporation shall have the powers and duties imposed by this act to undertake and carry out the economic development projects covered by such plan. The corporation shall not be required to submit an economic development plan so approved to the department of community affairs of the commonwealth for further approval.

SECTION 7. *Rents and Charges.* Rents and charges for services or facilities furnished or supplied by the corporation shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the commonwealth or any political subdivision thereof and, if derived from a project in connection with which revenue bonds have been issued, shall, with all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of the bonds or in the trust agreement, but including such part thereof as may be necessary to provide such

reserves for the payment of the principal of and the interest on said revenue bonds as may be provided for in such resolution or trust agreement, and including also the proceeds of any and all sales by the corporation of property within the project area, be set aside at such regular intervals as may be provided for in such resolution or trust agreement, in a sinking fund which is hereby pledged to and charged with the payment of (1) the interest upon such bonds as such interest shall fall due, (2) the principal of the bonds as the same shall fall due, (3) the necessary charges of paying agents for paying principal and interest and (4) the redemption price or the purchase price of bonds retired by call or purchase as therein provided.

SECTION 8. *Liability of the Corporation.* The corporation shall be liable in contract or in tort in the same manner as a private corporation. The members, employees, officers and agents of the corporation shall not be liable as such on its contracts or for torts not committed or directly authorized by them. The property or funds of the corporation shall not be subject to attachment or to levy and sale on execution, but if the corporation refuses to pay a judgment entered against it in any court of competent jurisdiction, the superior court, sitting within and for the county in which the corporation is situated, may, by writ of mandamus, direct the treasurer of such agency to pay such judgment. The real estate of the corporation shall not be subject to liens under chapter two hundred and fifty-four of the General Laws, but the provisions of sections twenty-eight and twenty-nine of chapter one hundred and forty-nine of the General Laws shall be applicable to any construction work by the corporation.

SECTION 9. *Exemption from Taxation; Payments in Lieu of Real Property Taxes.* The real estate and tangible personal property of the corporation shall be deemed to be public property used for essential public and governmental purposes and shall be exempt from taxation and from betterments and special assessments; provided, that in lieu of such taxes, betterments and special assessments, the city may determine a sum to be paid to the city annually in any year or period of years, such sum to be in any year not in excess of the amount that would be levied at the then current tax rate upon the average of the assessed value of such real estate, including buildings and other structures, for the three years preceding the year of acquisition thereof, the valuation for each year being reduced by all abatements thereon.

The city may, however, agree with the corporation upon the payments to be made to the city or the corporation may make and the city may accept such payments, the amount of which shall not in either case be subject to the foregoing limitation. The last paragraph of section six and all of section seven of chapter fifty-nine of the General Laws shall, sofar as apt, be applicable to payments under this section.

Nothing in this act shall be construed to prevent the taxation to the same extent and in the same manner as other real estate is taxed of real estate acquired by the corporation for an economic development project and sold by it, or the taxation to the same extent and in the same manner as real estate of the commonwealth is taxed, of real estate so acquired by the corporation and leased by it; provided,

however, that real estate so acquired by the corporation and sold or leased to an urban redevelopment corporation or other entity operating under chapter one hundred and twenty-one A of the General Laws, or to an insurance company or savings bank or group of savings banks operating under said chapter, shall be taxed as provided in said chapter and not otherwise.

The corporation and the debentures, revenue bonds and revenue refunding bonds issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation by the commonwealth or any subdivision thereof.

SECTION 10. *Debentures.* To provide funds for the general purposes of the corporation, including working capital, the corporation may from time to time issue debentures; provided, however, that such debentures outstanding at any one time shall not exceed five million dollars. Such debentures shall not be deemed to constitute a debt of the commonwealth or of the city or a pledge of the faith and credit of the commonwealth or of the city and shall be subordinated to all other obligations of the corporation and shall be payable at such time or times and in such installments, if any, as the corporation shall determine, but solely out of the net assets of the corporation; and the holders thereof shall be entitled to interest thereon but only out of the net earnings of the corporation and in no event at a rate higher than the rate specified therein.

Such debentures may be secured by a trust agreement by and between the corporation and a corporate trustee, which shall be located within the commonwealth and shall be a trust company or bank having the powers of a trust company. Such trust agreement shall contain such provisions for protecting and enforcing the rights and remedies of the debentureholders as may be reasonable and proper and not in violation of law. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth which may act as depository under such trust agreement to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Such trust agreement shall set forth the rights and remedies of the debentureholders and of the trustee and may restrict the individual right of action by debentureholders. In addition to the foregoing, such trust agreement may contain such other provisions as the corporation may deem reasonable and proper for the security of the debentureholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as an item of current expense.

Debentures may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the commonwealth or of any political subdivision thereof and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this act.

SECTION 11. *Financial Aid from the City.* The city may raise and appropriate or may borrow or may agree with the corporation or with the federal government or the commonwealth to raise and appropriate or to borrow, in aid of the corporation, such sums as may be necessary

to carry out the purposes and powers of the corporation including defraying part of the development, acquisition and operating costs of any project; provided, however, that the city shall not borrow, nor agree to borrow, as aforesaid unless authorized by a vote of two thirds of all the city councillors passed only after two separate readings and by two separate votes, the second of such readings and votes to be had not less than fourteen days after the first. Indebtedness of the city authorized under this section shall be outside the limit of indebtedness prescribed in section ten of chapter forty-four of the General Laws and shall be payable within twenty years and otherwise subject to sections sixteen to twenty-seven, inclusive, of said chapter forty-four; provided, however, that the total amount of indebtedness of the city outstanding at any one time under this section and clauses (1), (2) and (4) of section twenty of chapter one hundred and twenty-one B of the General Laws shall not exceed five per cent of the city's equalized valuation as defined in section one of said chapter forty-four. Indebtedness incurred under this act shall be subject to approval under section twenty-two of said chapter one hundred and twenty-one B in like manner as indebtedness incurred under said section twenty.

SECTION 12. *Revenue Bonds.* The corporation is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of revenue bonds of the corporation for the purpose of paying all or any part of the cost of a project or projects. The principal of and interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rates, and shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the corporation, and may be made redeemable before maturity, at the option of the corporation, at such price or prices and under such terms and conditions as may be fixed by the corporation prior to the issuance of the bonds. The corporation shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The bonds may be issued in coupon or registered form, or both, as the corporation may determine and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The corporation may sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the corporation.

The proceeds of such bonds shall be used solely for the payment of the cost of the project or projects and shall be disbursed in such manner and under such restrictions, if any, as the corporation may provide. Prior to the preparation of definitive bonds, the corporation may, under

like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The corporation may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Revenue bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the commonwealth or of any political subdivision thereof and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this act.

The corporation is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the corporation for the purpose of refunding any revenue bonds then outstanding and issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the corporation, for the additional purpose of constructing or reconstructing any extensions or improvements of the project. The issue of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the duties of the corporation in respect of the same shall be governed by the provisions of this act insofar as the same may be applicable.

While any bonds issued by the corporation remain outstanding, the powers, duties or existence of the corporation shall not be diminished or impaired in any way that will affect adversely the interests and rights of the holders of such bonds.

Revenue and revenue refunding bonds issued under the provisions of this section shall not be deemed to constitute a debt of the commonwealth or of the city or a pledge of the faith and credit of the commonwealth or of the city, but such bonds shall be payable solely from the funds herein provided therefor from revenues. All such revenue and revenue refunding bonds shall contain on the face thereof a statement to the effect that neither the corporation nor the commonwealth nor the city shall be obliged to pay the same or the interest thereon except from revenues and that neither the faith and credit nor the taxing power of the commonwealth or of the city is pledged to the payment of the principal of or the interest on such bonds.

All revenue and revenue refunding bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments as defined in section 3–104 of the Uniform Code of this commonwealth.

SECTION 13. *Trust Agreement.* In the discretion of the corporation such revenue bonds or revenue refunding bonds may be secured by a trust agreement by and between the corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the commonwealth. Such trust agreement may pledge or assign the revenues to be received, but shall not convey or mortgage any project or part thereof.

Either the resolution providing for the issuance of bonds or such trust agreement may contain such provisions for protecting and en-

forcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including (without limiting the generality of the foregoing) provisions defining defaults and providing for remedies in the event thereof (which may include the acceleration of maturities) and covenants setting forth the duties of, and limitations on, the corporation in relation to the acquisition, construction, improvement, enlargement, alteration, equipping, furnishing, maintenance, operation, repair, insurance and disposition of property, the custody, safeguarding, investment and application of moneys, the use of any surplus bond or note proceeds and the establishment of reserves. Such resolution or trust agreement may also contain covenants by the corporation in relation to, among other things, (*a*) the establishment, revision and collection of such rents and charges for services or facilities furnished or supplied by the corporation as shall provide revenues sufficient with other revenues of the project, if any, to pay (i) the cost of maintaining, repairing and operating the project and of making renewals and replacements in connection therewith, (ii) the principal of and the interest on said revenue bonds as the same shall become due and payable, (iii) payments in lieu of taxes, betterments, and special assessments, and (iv) reserves for all of such purposes, (*b*) the purpose or purposes for which the proceeds of the sale of the bonds will be applied and the use and disposition thereof, (*c*) the use and disposition of the gross revenues of the corporation from the project, any additions thereto and extensions and improvements thereof, including the creation and maintenance of funds for working capital and for renewals and replacements to the project, (*d*) the amount, if any, of additional revenue bonds payable from the revenues of the project and the limitations, terms and conditions on which such additional revenue bonds may be issued, and (*e*) the operation, maintenance, management, accounting and auditing of the project and of the income and revenues of the corporation. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth to act as depository of the proceeds of bonds or of revenues and to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Such trust agreement may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, such trust agreement may contain such other provisions as the corporation may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as a part of the cost of the operation of the project. The pledge by any such trust agreement or resolution shall be valid and binding from the time when the pledge is made; the revenues or other moneys so pledged and then held or thereafter received by the corporation shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act; and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the corporation, irrespective of whether such parties have notice thereof. Neither the resolution nor

any trust agreement by which a pledge is created need be filed or recorded except in the records of the corporation, and no filing need be made under the Uniform Commercial Code.

SECTION 14. *Bonds Eligible for Investment.* Revenue bonds and revenue refunding bonds issued under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments and within the limits set by section fifty-four of chapter one hundred and seventy-two of the General Laws, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of a similar nature may properly and legally invest funds, including capital in their control or belonging to them; and such bonds are hereby made obligations which may properly and legally be made eligible for the investment of savings deposits and the income thereof in the manner provided by section fifty of chapter one hundred and sixty-eight of the General Laws. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or other obligations of the commonwealth is now or may hereafter be authorized by law.

SECTION 15. *Remedies.* Any holder of bonds or debentures issued under the provisions of this act or of any coupons appertaining thereto, and the trustee, except to the extent the rights herein given may be restricted by the trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the commonwealth or granted hereunder or under the trust agreement, and may enforce and compel the performance of all duties required by this act or by the trust agreement to be performed by the corporation or by any officer thereof.

SECTION 16. *Inconsistent Provisions of Other Laws Superseded.* Insofar as the provisions of this act are inconsistent with the provisions of any other law, general or special, excluding the Boston Building Code and the Boston Zoning Code, the provisions of this act shall be controlling.

SECTION 17. *Separability.* The provisions of this act are severable; and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

SECTION 18. *Construction of Act.* This act, being necessary for the welfare of the city and its inhabitants, shall be liberally construed to effect the purpose thereof; and nothing in this act shall be construed to render chapter forty D of the General Laws inapplicable to the city.

(*e*) Such other terms and conditions as have been authorized by the commission.

Section 4. No such license or renewal thereof shall be issued except upon written application to the appropriate issuing authority on an application form prescribed by the commission. Such form shall contain such information as the commission may prescribe as to the citizenship and character of the applicant and the financial, technical and other qualifications of the applicant to operate the system; complete information as to its principals and ultimate beneficial owners, including, in the case of corporations, all stockholders, both nominal and beneficial, owning one per cent or more of the issued and outstanding stock, and, in the case of unincorporated associations, all members and ultimate beneficial owners, however designated; complete information on the extent and quality of service, number of channels, hours of operation, variety of programs, local coverage, safety measures, installation and subscription fees; and such other information as the commission may deem appropriate or necessary. Such application shall be signed by the applicant or by a duly authorized representative, evidence of whose authority shall be submitted with the application. Each applicant shall make full disclosure of the true ownership of the applicant and of the equipment to be employed in rendering service and of the source of funds for the purchase, lease, rental and installation of such equipment. Each applicant shall set forth as completely as possible the equipment to be employed, the routes of the wires and cables, the area or areas to be

served, the approximate starting and completion dates of construction of the system and the date service will actually be available to the areas named. Additional areas to be served may be added to the license from time to time by subsequent supplementary applications or after hearing by direction of the issuing authority, under the provisions of this section and section six.

Section 5. Such form shall also require that in the event a license is issued, the applicant shall agree to the following:

(*a*) In installing, operating and maintaining equipment, cable and wires, it shall avoid all unnecessary damage and injury to trees, structures and improvements in and along the routes authorized by the issuing authority.

(*b*) It shall indemnify and hold the city or town harmless at all times during the term of the license from any and all claims for injury and damage to persons or property, both real and personal, caused by the installation, operation or maintenance of any structure, equipment, wire or cable authorized to be installed pursuant to the license. Upon receipt of notice in writing from the issuing authority it shall at its own expense defend any action or proceeding against the city or town in which it is claimed that personal injury or property damage was caused by activities of the licensee in the installation, operation or maintenance of its system.

(*c*) It shall carry insurance in companies satisfactory to the issuing authority indemnifying the city or town and itself from and against any and all claims for injury or damage to persons or property, both real and personal, caused by the construction, installation, operation, or maintenance of any structure, equipment, wires or cables authorized or used pursuant to the license. The amount of such insurance against liability for damage to property shall not be less than two hundred thousand dollars as to any one accident. The amount of such insurance for liability for injury or death to persons shall not be less than one hundred thousand dollars on account of injury to or death of any one person and three hundred thousand dollars on account of injury to or death of any number of persons in any one accident.

(*d*) It shall not engage directly or indirectly in the business of selling or repairing television or radio sets.

(*e*) It shall provide a cable drop and an outlet along its cable routes at no cost to public schools, police and fire stations, public libraries and other public buildings designated in writing by the issuing authority.

(*f*) Upon termination of the period of the license or of any renewal thereof by passage of time or otherwise, it shall remove its supporting structures, poles, transmission and distribution systems and other appurtenances from the streets, ways, lanes, alleys, parkways, bridges, highways and other public places in, over, under or along which they are installed and shall restore the areas to their original condition. If such removal is not completed within six months of such termination, the issuing authority may deem any property not removed as having been abandoned.

(*g*) Whenever it takes up or disturbs any pavement, sidewalk or other improvement of any public way or public place, the same shall be replaced and the surface restored in as good condition as before

entry as soon as practicable. If the licensee fails to make such restoration within a reasonable time, the issuing authority may fix a reasonable time for such restoration and repairs and shall notify the licensee in writing of the restoration and repairs required and the time fixed for performance thereof. Upon failure of the licensee to comply within the time specified, the issuing authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by the licensee upon demand by the issuing authority.

(*h*) It shall not remove any television antenna of any subscriber but shall, at cost, offer to him and maintain an adequate switching device to allow the subscriber to choose between cable and noncable reception.

(*i*) Whenever it transposes any television signal from the channel on which it was originally broadcast so that it is received on a different channel on the receiving sets of subscribers, it shall at least one month prior to such transposition notify its subscribers in writing of such transposition and provide them with a marker suitable for mounting on television receivers indicating the fact of such transposition.

(*j*) If it permits any person who is a legally qualified candidate for any public office to employ the facilities of its system or originate and disseminate political campaign material, it shall afford equal opportunities to all other such candidates for the same office to use such facilities to originate and disseminate any views concerning a controversial issue of public importance and shall afford reasonable opportunity for the presentation over its facilities of contrary points of view. The commission shall be guided by and its decisions shall be consistent with those of the Federal Communications Commission under similar provisions of the Communications Act of 1934, as amended, and of policies established by the Federal Communications Commission.

(*k*) Before commencing construction it shall submit to the issuing authority a bond, with corporate surety satisfactory to such authority. The conditions and terms of said bond shall be:

(1) the satisfactory completion of installation and operation of the system in accordance with the provisions of subsections (*a*), (*m*) and (*n*);

(2) the indemnity of the city or town in accordance with the provisions of subsection (*b*);

(3) the satisfactory removal of its system in accordance with the provisions of subsection (*f*);

(4) the satisfactory restoration of pavements, sidewalks and other improvements in accordance with the provisions of subsection (*g*).

(*l*) In the event its service to any subscriber is interrupted for twenty-four or more consecutive hours, it will grant such subscriber a pro rata credit or rebate.

(*m*) The area or areas to be served as set out in the license according to subsection (*a*) of section three shall annually be wired and provided service in not less than ten per cent of the area or areas specified until said service is complete and available in said area or areas in compliance with the provisions of subsection (*n*).

(*n*) The completion of construction within six years after the license is granted under the provisions of this chapter.

(*o*) The maintenance of local offices or local telephone connections in the communities served.

Section 6. No license issued under section three shall be granted until the issuing authority has held a public hearing thereon, first causing notice of the time and place of such hearing and of the subject matter sufficient for identification, to be published in a newspaper of general circulation in the city or town once in each of two successive weeks, the first publication being not less than fourteen days before the day of such hearing, or if there is no such newspaper in such city or town then by posting such notice in a conspicuous place in the city or town hall for a period of not less than fourteen days before the day of such hearing. In the event more than one application is filed in any city or town, the issuing authority shall choose that applicant or those applicants which in its opinion will best serve the public interest. The issuing authority shall issue a public statement in writing containing the reasons for its acceptance or rejection of any or all applications, which reasons shall relate to the information the applicant furnished pursuant to section four.

Section 7. No control of a license shall be transferred or assigned without the approval of the issuing authority. The decision of said authority may be appealed to the commission under section fourteen.

Section 8. Each licensee shall install its CATV system and maintain the quality of the signals transmitted over its system to its subscribers in accordance with standards to be prescribed by the Federal Communications Commission. With relation to each license that it holds in the commonwealth, each such licensee shall file annually with the commission and the issuing authority on forms to be prescribed by the commission, an audited and sworn statement of its revenues and expenses and a statement disclosing its ownership for official use only. In addition, each such licensee shall also file with the commission and the issuing authority, on forms to be prescribed by the commission, a financial balance sheet and statement of ownership which shall be open to public inspection.

Section 9. No application for a license to operate a CATV system or for renewal or assignment of such a license shall be considered by an issuing authority unless it is accompanied by an application fee of one hundred dollars payable to the city or town. A licensee, on or before the anniversary date of the license during the period within which it is in force, shall annually pay to the commonwealth and the issuing authority, each, a license fee equal to fifty cents per subscriber served, but not less than two hundred and fifty dollars.

Section 10. Complaints by any person as to the operation of any CATV system may be filed in writing with the commission or with the issuing authority, each of which shall within ten days forward copies of such complaints to the other. The issuing authority and the commission shall be notified by the licensee on forms to be prescribed by the commission not less than every three months, of the complaints of subscribers received during the reporting period and the manner in which they have been met, including the time required to make any necessary repairs or adjustments.

Section 11. Any license issued hereunder may after hearing be revoked by the issuing authority or the commission for any of the following reasons:—

(*a*) for false or misleading statements in or material omissions from any application submitted under section four, five or any annual return under section eight;

(*b*) for failure to file and maintain a bond as required under subsection (*k*) of section five or to maintain insurance as required under subsection (*c*) of said section;

(*c*) for repeated violations, as determined by the commission, of commitments of a licensee set forth in subsection (*j*) of section five;

(*d*) for repeated failure, as determined by the commission, to maintain signal quality under the standards provided for in section sixteen;

(*e*) for any assignment without consent in violation of section seven;

(*f*) for repeated violations of other obligations of the licensee set forth in section five, except subsection (*j*) or of the terms of its license;

(*g*) for failure to complete construction in accordance with the provisions of subsection (*n*) of section five.

Section 12. The commission and the consumers' council shall have the right to institute or to intervene as a party in any action in any court of competent jurisdiction seeking mandamus, injunctive or other relief to compel compliance with any provision of this chapter or any rule, regulation or order adopted thereunder, or to restrain or otherwise prevent or prohibit any illegal or unauthorized conduct in connection therewith.

Section 13. Any permit issued hereunder may be renewed after hearing by the issuing authority for additional periods each not to exceed ten years. No initial or renewed license may be assigned without the prior written consent of the issuing authority, which consent shall not be arbitrarily or unreasonably withheld. Such consent shall be given only upon a written application therefor on forms to be prescribed by the commission. Such forms shall set forth such facts as the commission may prescribe as to the citizenship and character of the proposed assignee and his or its financial, technical and other qualifications to operate the system and complete information as to its principals and ultimate beneficial owners, including, in the case of corporations, all stockholders both nominal and beneficial owning one per cent or more of the issued and outstanding stock and in the case of unincorporated associations all members and ultimate beneficial owners however designated, in order that each assignee shall make full disclosure as to its true ownership and as to the source of the funds to be used for the purpose and operation of the system. The application for consent to an assignment shall be signed by the licensee and by the proposed assignee or by their representatives, evidence of whose authority shall be submitted with the application. The consent of an issuing authority shall not be given to an assignment if it appears from the application or from subsequent investigation or otherwise that the consideration being paid in the proposed transaction includes a substantial payment for the license issued hereunder.

Section 14. Any applicant for a license who is aggrieved by a denial by the issuing authority of its application, or by its failure to

act within the period of fourteen days, or any applicant who is aggrieved by the action of any such authority in modifying, suspending, cancelling, revoking, declaring forfeited or assigning the same may appeal therefrom to the commission within thirty days following notice of such action or following the expiration of said period, by a petition in writing, setting forth all the material facts in the case.

The commission shall hold a hearing upon each such appeal, requiring due notice to be given to all interested parties.

If the commission approves the action of the issuing authority it shall issue notice to them to that effect, but if the commission disapproves of their action it shall issue a decision in writing advising said issuing authority of the reasons for its decision and ordering the issuing authority to conform with such decision. The commission shall not, in any event, order a license to be issued until the application for said license has been granted by the issuing authority.

Upon the petition of ten per cent of the subscribers who are taxpayers of the city or town in which a license has been granted by such authority or who are registered voters in the voting precinct or district in the area or areas to be served as set out in the license, or the consumers' council, or upon its own initiative, the commission may investigate the granting, renewal or assignment of such a license or the conduct of the business being done thereunder and may, after a hearing, modify, suspend, revoke or cancel such license for cause.

If the issuing authority fails to suspend, revoke, cancel or declare forfeited a license or to perform any other disciplinary act when lawfully ordered so to do by the commission upon appeal or otherwise, within such reasonable time as it may prescribe, the commission may itself revoke such license or perform such act, with the same force and effect as if issued or performed by the issuing authority, but no license shall be issued by the commission except in ratification of a prior issuance to the same party by the issuing authority. In case the issuing authority is unwilling to issue a license to any of the applicants before it, then such issuance shall be withheld pending further applications, and no application by the same applicant to be exercised on the same premises shall be received within one year of the date of his last prior application.

Section 15. For a period of three years from the effective date of this chapter, the commission shall study the necessity and desirability of rate regulation, and thereafter it may, upon its own motion or upon request of any issuing authority or licensee, after due hearing and investigation, fix and establish individually, for each community antenna television system in the commonwealth, a fair and reasonable rate of return from subscription rates charged to subscribers, said rates to be adequate, just, reasonable and nondiscriminatory.

The commission shall cause notice of the time and place of every such hearing to be published in at least one newspaper of general circulation in each of the cities of Boston, Worcester, Springfield, Newburyport, Gloucester, Pittsfield, Fall River, New Bedford, Haverhill, Holyoke and Lawrence at least ten days prior to said date, and such notice shall contain a schedule clearly and precisely setting forth the rates proposed to be fixed and established for the ensuing calendar year. Such notice and schedule shall be in such form as the commission may deem expedient.

The commission may make, and, at any time, alter or amend, reasonable rules and regulations to facilitate the operation of this section and enforce the application of the rates fixed and established by them, may conduct hearings and investigations under this section and may at any time require any company to file with them such data, statistics, schedules or information as they may deem proper or necessary to enable them to fix and establish or secure and maintain fair and reasonable rates. They may issue such orders as they find proper, expedient or necessary to enforce and administer the provisions of this section, to secure compliance with any rules or regulations made thereunder, and to enforce adherence to the rates fixed and established by them. The superior court for the county of Suffolk shall have jurisdiction in equity upon the petition of the commission and, after a summary hearing, to enforce all lawful orders of the commission. Memoranda of all actions, orders, findings and decisions of the commission shall be signed by them and filed in their office as public records open to public inspection.

Any person or company aggrieved by any action, order, finding or decision of the commission under this section may, within ninety days from the filing of such memorandum thereof with the commission, file a petition in the superior court for the county of Suffolk for a review of such action, order, finding or decision. An order of notice returnable not later than seven days from the filing of such petition shall forthwith issue and be served upon the commission. Within ten days after the return of said order of notice, the petition shall be assigned for a speedy and summary hearing on the merits. The action, order, finding or decision of the commission shall remain in full force and effect pending the final decision of the court unless the court or a justice thereof, after notice to the commission, shall otherwise order. The court shall have jurisdiction in equity to modify, amend, annul, reverse or affirm such action, order, finding or decision, shall review all questions of fact and of law involved therein and may make any appropriate order or decree. The decision of the court shall be final and conclusive on the parties. The court may make such order as to costs as it deems equitable. The court shall make such rules or orders as it deems proper to secure prompt and speedy hearings and to expedite final decisions thereon.

Section 16. The commission may after hearing issue such standards and regulations as it deems appropriate to carry out the purpose of this chapter for which purpose it may employ such expert assistants as it deems necessary. The commission shall have the authority to mediate between cities and towns and after appropriate notice and hearing to make a final decision, in the event of conflict in the exercise of jurisdiction to authorize or regulate CATV systems. The commission shall also represent the interests of the citizens of the commonwealth before the Federal Communications Commission and shall certify the performance of the CATV operators under its jurisdiction to appropriate federal, state and local authorities.

Section 17. The commission or its employees may visit the places of business and other premises and examine the records and facilities of all CATV companies to ascertain if all rules and regulations and orders of the commission have been complied with, and any cases of

noncompliance shall be reported by it to the issuing authority. The commission shall also have the power to issue subpoenas to compel the attendance of witnesses and the production of documents, papers, books, records and other evidence before it in any matter over which it has jurisdiction, control or supervision. The commission shall have the power to administer oaths and affirmations to persons whose testimony is required.

Section 18. Any person or the officer, agent or employee of any organization who willfully violates any provision of this chapter or of any rule, regulation or order adopted thereunder or who willfully procures, aids or abets any violation of such a provision shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars or by imprisonment in a jail or house of correction for not more than six months, or by both such fine and imprisonment.

Section 19. The hearing provided for in sections fourteen, fifteen and sixteen shall be subject to the provisions of chapter thirty A. No other hearing provided for or required by any section of this chapter shall be subject to chapter thirty A but all such hearings shall be public.

Section 20. Any city or town may construct, purchase and operate a CATV system, but such operation shall be subject to this chapter as if the system were privately owned and operated.

SECTION 2. Until such time as the community antenna television commission acts to determine rates and charges to subscribers under the provisions of chapter one hundred and sixty-six A of the General Laws, inserted by section one of this act, the issuing authority, as defined in clause (d) of section one of said chapter one hundred and sixty-six A, shall be authorized to make such determinations provided that the monthly charge to subscribers shall not exceed seven dollars.

SECTION 3. Prior to the appointment of said commission under the provisions of section two of said chapter one hundred and sixty-six A, said issuing authority shall prescribe the form of application, and such form shall contain all the provisions of sections four and five of said chapter one hundred and sixty-six A.

SECTION 4. The provisions of said chapter one hundred and sixty-six A and all rules, regulations, orders and promulgations of said commission pursuant to said chapter shall apply to all community antenna television systems authorized or constructed prior to the effective date of said chapter one hundred and sixty-six A, provided that nothing therein shall prevent any person who, prior to the effective date of said chapter one hundred and sixty-six A, has received a license or permit for construction and operation of a community antenna television system or has commenced construction or operation of such a community antenna television system in any city or town from continuing such construction or operation therein without applying for a license thereunder or paying an application fee, but such person shall within thirty days of the effective date of said chapter one hundred and sixty-six A submit to the issuing authority a bond in accordance with subsection (*k*) of section five of said chapter one hundred and sixty-six A. Said person shall within ninety days furnish said issuing authority all other information

required by section four of said chapter one hundred and sixty-six A and shall comply with all other applicable sections of said chapter and shall receive from the issuing authority a license in conformity with section three of said chapter one hundred and sixty-six A which shall replace any prior permit or license, however designated. The term of such new license shall run from the date of its issuance for a term not more than fifteen years. Said new license may be renewed under the provisions of said chapter one hundred and sixty-six A.

SECTION 5. Any application for a license to operate a community antenna television system made prior to the effective date of said chapter one hundred and sixty-six A shall be transmitted by said licensing authority before which it is pending to the issuing authority established under said chapter one hundred and sixty-six A and shall be considered by said issuing authority as if it had been filed in accordance with the provisions of section four of said chapter one hundred and sixty-six A without the payment of an additional application fee.

SECTION 6. Nothing in this act shall prevent any said issuing authority from issuing a license under said chapter one hundred and sixty-six A before the appointment and qualification of the members of the community antenna television commission under said chapter one hundred and sixty-six A or before said commission prescribes an application form for such a license or authorizes terms and conditions therefor; provided that within ninety days after said commission prescribes an application form, the person issued such license shall file a substitute application on such prescribed form. Chap. 1104. AN ACT RELATIVE TO THE TERRITORIAL WATERS OF THE COMMONWEALTH AND EXTENDING THE AUTHORITY OF THE DIRECTOR OF THE DIVISION OF MARINE FISHERIES.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to provide forthwith the extension of additional authority to the director of the division of marine fisheries in order to implement on an emergency basis certain rules and regulations relative to the marine resources of the commonwealth so as to avert an ecological crisis and prevent the possible annihilation of such resources, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public health, welfare and convenience.

Be it enacted, etc., as follows:

Section 17 of chapter 130 of the General Laws is hereby amended by inserting after subsection (9), added by section 1 of chapter 438 of the acts of 1968, the following subsection: —

(10) Notwithstanding any contrary provision of law, with the exception of chapter 130 of the General Laws of the commonwealth of Massachusetts, adopt, amend or repeal all rules and regulations, with the approval of the governor, necessary for the maintenance, preservation and protection of all marine fisheries resources between the mean

high water mark of the commonwealth and a straight line extension of the lateral boundaries of the commonwealth drawn seaward to a distance of 200 miles or to a point where the water depth reaches 100 fathom, whichever is the greatest. Any person, firm or corporation convicted of violating any rule or regulation authorized under the provisions of this paragraph shall be punished by a fine not to exceed ten thousand dollars ($10,000.). Violations may be prosecuted in any superior court within the commonwealth of Massachusetts.

For said purposes, the commission may expend such sums as may be necessary, not exceeding, in the aggregate, two million dollars.

NUMBER OF ACTS AND RESOLVES APPROVED, APPROVAL WITHHELD, ACTS VETOED BY THE GOVERNOR, PASSED OVER HIS VETO AND ACTS DECLARED EMERGENCY LAWS BY THE GOVERNOR UNDER AUTHORITY OF THE CONSTITUTION.

The General Court during its first session held in 1971 passed 1117 Acts and 86 Resolves of which 1043 Acts and 81 Resolves received executive approval at prorogation and 3 Acts from which executive approval was withheld became law by virtue of chapter 1, section 1, Article II of the Constitution of the Commonwealth.

The governor returned 7 Acts and 1 Resolve with his objections thereto in writing. Upon said 5 Acts and 1 Resolve his objections were sustained and upon 2 Acts his objections were not sustained.

One (1) Act entitled "An Act authorizing the metropolitan district commission to sell and convey a certain parcel of land in the city of Revere to Revere Lodge, No. 1171 of the Benevolent and Protective Order of Elks of the United States of America, Inc." (Chapter 937) was passed, but failed to receive executive approval; as, however, it was not returned, with objections thereto, within ten days after it had been received in the executive department, the General Court not having been dissolved in the meantime, said Act has the force of law, under the provisions of the Constitution governing such case and has been so certified.

Five (5) Acts entitled, respectively, "An Act further regulating outdoor advertising."; "An Act prohibiting the inciting of a riot and providing a penalty therefor."; "An Act further regulating procedure for filling vacancies in the offices of district attorney and sheriff."; "An Act suspending the operation of a portion of the racial imbalance law in the city of Springfield pending the disposition of its petition for judicial review." and "An Act relative to permits for common carriers of passengers by motor vehicle." and one (1) Resolve entitled "Resolve in favor of Robert Timmons d/b/a Allied Plate and Window Glass Company of Lawrence." were passed and laid before the governor for his approval, were returned by him with his objections thereto, to the branch in which they respectively originated, were reconsidered and, the vote being taken on their passage, the objections of the governor thereto notwithstanding, they were rejected, and said Acts and Resolve thereby became void.

Two (2) Acts entitled, respectively, "An Act relative to the salaries of certain county employees." (Chapter 755) and "An Act providing for the establishment and operation of a state lottery." (Chapter 813) were passed and laid before the governor for his approval, were returned by him with his objections thereto, to the branch in which they originated, were reconsidered, agreeably to the provisions of the Constitution and, the vote being taken on their passage, the objections of the governor thereto notwithstanding, they were passed and said Acts have thereby the force of law.

Fifty (50) Acts, Chapters 19, 56, 93, 106, 241, 245, 258, 280, 320, 353, 370, 373, 497, 512, 517, 536, 553, 593, 623, 632, 633, 648, 662, 677, 689, 691, 710, 725, 730, 731, 732, 748, 766, 797, 806, 896, 904, 920, 923, 934, 943, 953, 994, 1029, 1040, 1044, 1051, 1065, 1070 and 1117, were declared to be emergency laws by the governor in accordance with the provisions of the Forty-eighth Amendment to the Constitution, the Referendum II, Emergency Measures.

Twenty-five (25) Acts, having been passed by the General Court and the General Court having prorogued, failed to become effective as they did not receive executive approval within ten days.

The General Court was prorogued on Wednesday, November 10, 1971, at 6:48 P.M., the session having occupied 309 days.

NINETY-SECOND ARTICLE OF AMENDMENT.

ARTICLE XCII. *Section 1.* In the year nineteen hundred and seventy-one and every tenth year thereafter a census of the inhabitants of each city and town shall be taken. Said census shall specify the number of inhabitants residing in each precinct of each town and in each precinct and ward of each city. Said census shall be the basis for determining the representative districts for the ten year period beginning with the first Wednesday in the fourth January following the taking of said census; provided that such districts as established in the year nineteen hundred and sixty-eight shall continue until the first Wednesday in January in the year nineteen hundred and seventy-five.

The house of representatives shall consist of two hundred and forty members. The general court shall, at its first regular session after the year in which said census was taken, divide the commonwealth into two hundred and forty representative districts of contiguous territory so that each representative will represent an equal number of inhabitants, as nearly as may be; and such districts shall be formed, as nearly as may be, without uniting two counties or parts of two or more counties, two towns or parts of two or more towns, two cities or parts of two or more cities, or a city and a town, or parts of cities and towns, into one district; provided, however, that the county of Dukes county and Nantucket county shall each be a representative district. Such districts shall also be so formed that no town containing less than six thousand inhabitants according to said census shall be divided. The general court may by law limit the time within which judicial proceedings may be instituted calling in question any such division. Every representative, for one year at least immediately preceding his election, shall have been an inhabitant of the district for which he is chosen, and shall cease to represent such district when he shall cease to be an inhabitant of the commonwealth. The manner of calling and conducting the elections for the choice of representatives, and of ascertaining their election, shall be prescribed by law.

Section 2. Each census of inhabitants required in section one shall likewise be the basis for determining the senatorial districts and also the councillor districts for the ten year period beginning with the first Wednesday in the fourth January following the taking of such census; provided that such districts as established prior to the year nineteen hundred and seventy-one shall continue until the first Wednesday in January in the year nineteen hundred and seventy-five. The senate shall consist of forty members. The general court shall, at its first regular session after the year in which said census is taken, divide the commonwealth into forty districts of contiguous territory, each district to contain, as nearly as may be, an equal number of inhabitants according to said census; and such districts shall be formed, as nearly as may be, without uniting two counties, or parts of two or more counties, into one district. The general court may by law limit the time within which judicial proceedings may be instituted calling in question such division. Each district shall elect one senator, who shall have been an inhabitant of this commonwealth five years at least immediately preceding his election, and at the time of his election shall be an inhabitant of the district for which he is chosen; and he shall cease to represent such senatorial district when he shall cease to be an inhabitant of the commonwealth.

RETURN OF VOTES ON QUESTION NO. 2, BEING A LEGISLATIVE AMENDMENT TO THE CONSTITUTION, SUBMITTED UNDER THE PROVISIONS OF ARTICLE XLVIII OF THE AMENDMENTS TO THE CONSTITUTION TO THE VOTERS OF THE COMMONWEALTH AT THE STATE ELECTION HELD NOVEMBER 3, 1970.

Votes on Question No. 2 (Proposed Amendment to the Constitution).

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in a joint session of the two branches held October 9, 1967, received 237 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held May 14, 1969, received 262 votes in the affirmative and 4 in the negative?

Summary.

The proposed amendment to the Constitution abolishes the requirement that in order to vote in a state election a person must have resided within the Commonwealth one year. If amended, the Constitution would require only that a voter have resided six months in the town or district in which he claims a right to vote.

RETURN OF VOTES ON QUESTION NO. 4, BEING A LEGISLATIVE AMENDMENT TO THE CONSTITUTION, SUBMITTED UNDER THE PROVISIONS OF ARTICLE XLVIII OF THE AMENDMENTS TO THE CONSTITUTION TO THE VOTERS OF THE COMMONWEALTH AT THE STATE ELECTION HELD NOVEMBER 3, 1970.

Votes on Question No. 4 (Proposed Amendment to the Constitution).

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 15, 1968, received 181 votes in the affirmative and 66 in the negative, and in a joint session of the two branches held May 15, 1969, received 209 votes in the affirmative and 54 in the negative?

Summary.

The proposed amendment to the Constitution amends the existing constitutional provisions which direct the division of the Commonwealth into 240 representative districts and 40 senatorial districts. It provides for a census of the inhabitants of each city and town in the Commonwealth in the year 1971 and in every tenth year thereafter. The census in 1971 is to be the basis for determining the representative and senatorial districts for the ten-year period beginning January 1, 1975. Each subsequent census shall be the basis for determining the districts for each ten-year period beginning the fourth January following each census, so that the census in 1981 will determine the districts as of January, 1985, etc.

The amendment provides that the house of representatives shall consist of two hundred and forty members and the senate of forty members. In its first regular session following each census, the Legislature shall divide the Commonwealth into two hundred and forty representative districts of contiguous territory and forty senatorial districts also of contiguous territory. Each representative district shall contain, as nearly as may be, an equal number of inhabitants according to the census. Each senatorial district shall also contain as nearly as may be an equal number of inhabitants according to the census. A representative district shall not unite two or more counties, towns, or cities, or parts thereof, or a city and a town, or parts thereof, in one district unless the same is unavoidable. Further, no town of less than six thousand inhabitants shall be divided in forming representative districts. It is also provided that the County of Dukes County and Nantucket County shall each be a representative district, notwithstanding the foregoing. The senatorial districts, each of which shall elect one Senator, shall be formed without uniting two counties or parts of two or more counties, unless the same is unavoidable.

Each representative shall be an inhabitant of the district for which he is chosen at least one year immediately preceding his election, and each senator shall be an inhabitant of the district for which he is chosen at the time of his election and shall have been an inhabitant of the Commonwealth for at least five years immediately preceding his election. Any representative or senator who ceases to be an inhabitant of the Commonwealth shall cease to represent his district.

The amendment also provides that the Legislature (1) may by law limit the time within which judicial proceedings may be instituted calling in question any such division and (2) shall prescribe by law the manner of calling

and conducting elections for the choice of representatives and of ascertaining their election.

Finally, the amendment annuls the existing constitutional provisions with respect to apportionment of representative and senatorial districts, although those provisions will remain in effect until January 1, 1975.
