Section 19. A person shall not put into any of the inland waters of the commonwealth any species of fish or spawn thereof unless he possesses a valid license so to do issued under section twenty-three, or unless he has secured the written approval of the director.

A person shall not bring or cause to be brought into the commonwealth any live fish or viable eggs of fish protected by this chapter unless he first obtains a permit so to do from the director. Any application for such permit shall be received not less than fifteen nor more than thirty days prior to shipment. Upon payment of a fee of five dollars, a permit may be issued if the director determines that such importation is not detrimental to the inland fisheries resources of the commonwealth and provided that the immediate source of fish or eggs is certified by a person recognized by the director as qualified to diagnose fish diseases to be free of infectious diseases and parasites. Fish or viable eggs imported under this permit shall be subject to inspection by agents of the director at any time or place. Upon payment of a fee of five dollars, the director may issue such permit and may include therein reasonable conditions as to the importation, inspection, transportation, and liberation of such birds and mammals and other vertebrates if he determines that such importation is not detrimental to resident wildlife populations of the commonwealth and provided that any bird or mammal or other such vertebrates to be imported is certified by a person recognized by the director as qualified to diagnose wildlife diseases to be free of any infectious disease or parasites if in his judgment such certification is deemed necessary. Application for this permit shall be filed with the director not later than ten days in advance of the importation date, and he may at any time for cause revoke such a permit. Chap. 229. AN ACT MAKING CERTAIN CHANGES IN THE LAW RELATIVE TO CONSUMER CREDIT COST DISCLOSURE SUBJECT TO THE SUPERVISION OF THE COMMISSIONER OF BANKS.

Whereas, The deferred operation of this act would tend to defeat its purpose which is to provide forthwith that the laws of the commonwealth relative to the disclosure of consumer credit costs and terms continue to be in conformity with federal law and regulations, and to provide for further promulgation of certain rules and regulations by the commissioner of banks, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 5 of chapter 140C of the General Laws, as appearing in section 1 of chapter 517 of the acts of 1969, is hereby amended by adding after subsection (*h*) the following subsection:—

(*i*) Any variance in the amount of any finance charge, payment, percentage rate, or other term required under this chapter to be disclosed, or stated in any advertisement, which occurs by reason of the addition of February twenty-nine in any year, may be disregarded, and such term may be disclosed or stated without regard to such variance.

SECTION 2. Section 6 of said chapter 140C, as so appearing, is hereby amended by striking out subsection (*e*) and inserting in place thereof the following subsection:—

(*e*) Not later than fifteen days prior to the beginning date of the billing cycle in which any change is to be made in the terms previously disclosed to the customer of an open end credit account, the creditor shall mail or deliver a written disclosure of such change to each customer required to be furnished a statement under subsection (*b*). Such disclosure shall be mailed or delivered to each other customer who subsequently activates his account not later than the date of mailing or delivery of the next required billing statement on his account. However, if the periodic rate or rates, or any minimum, fixed, check service, transaction, activity, or similar charge is in-

creased, the creditor shall mail or deliver a written disclosure of such increase to each customer at least fifteen days prior to the beginning date of the billing cycle in which the increase is imposed on his account. No notice is necessary if the only change is a reduction in the minimum periodic payment, periodic rate or rates, or in any minimum, fixed, check service, transaction, activity, or similar charge applicable to the account.

SECTION 3. Section 7 of said chapter 140C is hereby amended by striking out subsection (*o*), as so appearing, and inserting in place thereof the following subsection:—

(*o*) (1) For the purposes of this subsection a transaction subject to this subsection is a credit sale transaction which is not exempt under section two and which is subject to a discount for payment on or before a specified date or to a charge for delaying payment after a specified date. Both such a discount and such a charge are referred to in this subsection as a "discount". In the case of any transaction subject to this subsection notwithstanding the provisions of the last sentence of subsection (*a*), the creditor shall disclose on the invoice or other evidence of such sale, as applicable:

(*i*) The date of the sale or invoice.

(*ii*) The rate of discount, the date by which or period within which the discount may be taken, and the date by which or period within which the full amount of the obligation is due and payable.

(*iii*) The information required under clauses (4) and (5) of subsection (*b*).

(*iv*) The amount of the discount, designated as a "finance charge", using that term.

(*v*) If the discount shown for prompt payment exceeds five per cent of the obligation to which the discount relates, the "annual percentage rate", using that term, computed in accordance with clause (2).

(2) For the purposes of clause (1) (*v*) the annual percentage rate shall be determined by dividing the amount of the finance charge by the least amount payable in satisfaction of the obligation and multiplying the quotient, expressed as a percentage, by a fraction in which the numerator is twelve and the denominator is the number of whole months, but not less than one, between the first day of the monthly billing cycle in which the transaction is consummated and the first day of the monthly billing cycle in which the obligation becomes due.

(3) In a transaction with multiple discount rates the largest discount shall be used for purposes of disclosing the amount of the finance charge under clause (1) (*iv*) and the annual percentage rate under clause (1) (*v*).

(4) In order to determine the applicability of clause (1) (*v*) and to facilitate disclosure of an annual percentage rate, if the amount of the discount for prompt payment is related, pursuant to usual business practice, to weight, quantity, or other physical measure rather than expressed as a percentage of discount, that discount may be converted to an approximate discount rate and, under clause (2), a reasonably accurate approximation of the annual percentage rate by using approximate or projected prices per physical unit determined on the basis of past experience, current information, or projected analysis.

(5) If by its terms a transaction subject to this subsection is payable in a single payment and no finance charge other than a discount is or may be imposed, and such discount is not utilized for the purpose of circumvention or evasion of disclosure requirements, the disclosure required by clause (1) shall constitute compliance with the requirements of this section and under subsection (*a*) of section eight shall constitute "all other material disclosures required under this chapter".

(6) If a transaction subject to this subsection is debited to an open end credit account, disclosures shall be made as specified in clause (1) and also as specified in section six. The full amount of the obligation including the amount of the discount may be debited to the open end credit account under clause (2) of subsection (*b*) of section six and the amount of any finance charge representing the discount need not be added to any other finance charge for the purpose of computing and disclosing the total amount of finance charge and the annual percentage rate under subsection (*a*) of section four and section six.

(7) If a transaction subject to this subsection is not debited to an open end credit account, but either is subject to an additional finance charge or is payable by its terms in more than one payment, disclosures shall be made as specified in clause (1) and also as specified in subsections (*b*) and (*c*). In such a case, if the transaction is payable in more than one payment, the amount of the discount shall be deducted for the purpose of computing and disclosing the cash price under clause (1) of subsection (*c*) and shall be added to any other finance charge for the purpose of computing and disclosing the amount of the finance charge under clause (8) (*i*) of subsection (*c*) and the annual percentage rate under clause (2) of subsection (*b*). If the transaction is payable in a single payment, the discount may be disregarded in computing and disclosing such cash price, finance charge, and annual percentage rate.

(8) Notwithstanding the provisions of the second sentence of subsection (*a*), the disclosures required under clause (1) made on the invoice or other evidence of sale may be delivered subsequent to consummation of the transaction.

SECTION 4. Said section 7 of said chapter 140C is hereby further amended by adding after subsection (*o*) the following subsection:—

(*p*) (1) In any transaction subject to this section, if the amount or date of any advance or payment in connection with an extension of credit for agricultural purposes under a written agreement is to be determined by production, seasonal needs, or similar operational factors, and is not determinable at the time of execution of the agreement, disclosures may be made at the creditor's option in accordance with this subjection, provided the use of this subsection is not for the purpose of circumvention or evasion of this chapter.

(2) If a creditor elects to make disclosures under this subsection, he shall disclose the following items in accordance with subsection (*a*), which shall constitute compliance with the requirements of this section, and under subsection (*a*) of section eight shall constitute "all other material disclosures required under this chapter":

(*i*) The method of computing the amount of the finance charge including an identification of each component thereof in accordance with section three;

(*ii*) Any item required to be disclosed under clause (3) of subsection (*b*) which is determinable at the time the disclosures are required to be made under this subsection.

(*iii*) The disclosures, as applicable, required under clauses (4), (5), (6), and (7) and the items described in clauses (1) and (2) of subsection (*e*).

(*iv*) The disclosures, as applicable, required under clauses (1), (2), (3), (4), (5), (8), and (9) of subsection (*o*).

(3) Disclosures made pursuant to clause (2) (*i*), (*ii*), and (*iii*) need be made only on the agreement or on a separate statement as specified in subsection (*a*).

(4) If a creditor making disclosures pursuant to this subsection transmits a periodic billing statement of the type described in subsection (*n*), such statement shall be in a form which the customer may retain and shall set forth the date by which, or the period, if any, within which payment must be made in order to avoid late payment or delinquency charges.

SECTION 5. The first paragraph of subsection (*b*) of section 8 of said chapter 140C, as appearing in section 1 of chapter 517 of the acts of 1969, is hereby amended by inserting after the fifth sentence the following sentence:—Where the real property on which the security interest may arise does not include a dwelling, the creditor may substitute the words "the property you are purchasing" for "your home", or "lot" for "home", where these words appear in the notice.

SECTION 6. Subsection (*c*) of said section 8 of said chapter 140C, as so appearing, is hereby amended by inserting after the word "section", in line 2, the words:— , other than an extension of credit primarily for agricultural purposes,.

SECTION 7. Subsection (*g*) of said section 8 of said chapter 140C, as so appearing, is hereby amended by striking out clause (4) and inserting in place thereof the following clause:—

(4) Any advance for agricultural purposes made pursuant to either:

(*i*) Subsection (*j*) of section seven under an open end real estate mortgage or similar lien, provided the disclosure required under subsection (*b*) was made at the time the security interest was acquired by the creditor or at any time prior to the first advance made on or after June first, nineteen hundred and seventy-two, or

(*ii*) Subsection (*p*) of section seven under a written agreement, provided the disclosure required under subsection (*b*) was made at the time the written agreement was executed by the customer.

SECTION 8. Section 9 of said chapter 140C, as so appearing, is hereby amended by adding the following subsection:—

(*e*) Any advertisement to aid, promote, or assist directly or indirectly the sale of residential real estate under Title II, Section 235, of the National Housing Act (12 U.S.C. 1715z) shall clearly identify those credit terms which apply to the assistance program and, except as provided in this subsection, comply with the provisions of subsection (*d*). No such advertisement shall state;

(1) the amount of any payment scheduled to repay the indebtedness without stating the family size and income level applicable to that amount.

(2) any rate of a finance charge, or the amount of the finance charge, expressed as an annual percentage rate based on the assistance. The annual percentage rate exclusive of the assistance may be stated, but is not required.

SECTION 9. Subsection (*b*) of section 10 of said chapter 140C, as so appearing, is hereby amended by inserting before the word "a", in line 9, the words:—the costs of the action together with.

SECTION 10. Section 27 of chapter 255D of the General Laws is hereby amended by striking out subsection E, as amended by section 53 of chapter 517 of the acts of 1969, and inserting in place thereof the following subsection:—

E. Not later than fifteen days prior to the beginning date of the billing cycle in which any change is to be made in the terms previously disclosed to the buyer of a revolving credit account, the seller or holder shall mail or deliver a written disclosure of such change to each buyer required to be furnished a statement under subsection D. Such disclosure shall be mailed or delivered to each other buyer who subsequently activates his account not later than the date of mailing or delivery of the next required billing statement on his account. However, if the periodic rate or rates, or any minimum or similar charge is increased, the creditor shall mail or deliver a written disclosure of such increase to each buyer at least fifteen days prior to the beginning date of the billing cycle in which the increase is imposed on his account. No notice is necessary if the only change is a reduction in the minimum periodic payment, periodic rate or rates, or in any minimum or similar charge applicable to the account.

SECTION 11. Said section 27 of said chapter 255D is hereby amended by striking out subsection F, added by chapter 788 of the acts of 1969, and inserting in place thereof the following subsection:—

F. The seller or holder shall mail or deliver to the buyer the statement or statements required by subsection D for each billing cycle at least nine days before the end of the next succeeding billing cycle or the payment due date, whichever is the earlier. SECTION 2. Sections two hundred and twenty-five to two hundred and thirty-five, inclusive, of said chapter ninety-four are hereby repealed.

SECTION 3. Chapter 128 of the General Laws is hereby amended by inserting after section 50 the following twelve sections:—

Section 51. The following words as used in sections fifty-two to sixty-four inclusive, unless a different meaning is required by the context, or is specifically described, shall have the following meanings:—

"Brand name", any word, name, symbol or device, or any combination thereof, identifying the commercial feed of a distributor or registrant and distinguishing it from that of others.

"Commercial feed", all materials except unmixed seed, whole or processed, when not adulterated within the meaning of section fifty-four which are distributed for use as feed or for mixture in feed; provided, that the commissioner by regulation may exempt from this definition, or from specific provisions of this act, commodities such as hay, straw, stover, silage, cobs, husks, hulls, and individual chemical compounds or substances when such commodities, compounds or substances are not inter-mixed with other materials, and are not adulterated within the meaning of said section fifty-four.

"Contract feeder", a person who is an independent contractor, feeds commercial feed to animals pursuant to a contract whereby such commercial feed is supplied, furnished, or otherwise provided to such person and whereby such person's remuneration is determined all or in part by feed consumption, mortality, profits, or amount, or quality of product.

"Customer-formula feed", commercial feed which consists of a mixture of the commercial feeds, or feed ingredients, each batch of which is manufactured according to the specific instructions of the final purchaser.

"Drug", any article intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in animals other than man, and articles other than feed intended to affect the structure or any function of the animal body.

"Mineral feed", a commercial feed intended to supply primarily mineral elements or inorganic nutrients.

"Pet food", any commercial feed prepared and distributed for consumption by pets.

"Product name", the name of the commercial feed which identifies it as to kind, class, or specific use.

Section 52. Each commercial feed shall be registered before being distributed in the commonwealth; provided, however, that customer-formula feeds are exempt from registration. The application for registration shall be submitted on forms furnished by the commissioner or his deputy and if the commissioner so requests, shall also be accompanied by a label or other printed matter describing the product. Upon approval by the commissioner or his deputy a copy of the registration shall be furnished to the applicant. All registrations shall expire on December thirty-one of each year. The application shall include the information required by section fifty-three.

A distributor shall not be required to register any brand of commercial feed which is already registered under the provisions of this section by another person.

Changes in the guarantee of either chemical or ingredient composition of a registered commercial feed may be permitted provided there is satisfactory evidence that such changes would not result in a lowering of the feeding value of the product for the purpose for which designed, and provided the commissioner or his deputy is notified of the change.

The commissioner or his deputy is empowered to refuse registration of any application not in compliance with the provisions of sections fifty-two to sixty, inclusive, and to cancel any registration subsequently found not to be in compliance with any provision thereof; provided, however, that no registration shall be refused or cancelled until the registrant shall have been given opportunity to be heard before the commissioner or his duly authorized assistant and to amend his application in order to comply with the law. The registration fee shall be twenty-five dollars.

Section 53. All commercial feed distributed in the commonwealth except customer-formula feeds shall be accompanied by a legible label bearing the following information: (1) net weight; (2) name or brand under which the commercial feed is sold; (3) guaranteed analysis of the commercial feed, listing the minimum percentage of crude protein, minimum percentage of crude fat, and maximum percentage of crude fiber. For mineral feeds formulated entirely or mainly from mineral ingredients the list shall include the following if added: Minimum and maximum percentage of calcium (Ca) and minimum and maximum percentages of salt (NaCl). Other substances or elements, determined by laboratory methods, may be guaranteed by permission of the commissioner or his deputy. When any items are guaranteed, they shall be subject to inspection and analysis in accordance with the methods and regulations that may be prescribed by the commissioner. Products sold solely as mineral or vitamin supplements and guaranteed as specified in this section need not show guarantees for protein, fat and fiber. In all cases the substances or elements must be determined by laboratory methods; (4) common or usual name of each ingredient used in the manufacture of the commercial feed, except, the commissioner or his deputy may, by regulation, permit the use of a collective term for a group of ingredients all of which perform the similar function, or he may exempt such commercial feeds or any group thereof from this requirement of an ingredient statement if he finds that such statement is not required in the interest of consumers and providing that a statement of the ingredients to be used is on file with the commissioner or his deputy; (5) name and principal address of the manufacturer or the person responsible for distributing the commercial feed; (6) adequate directions for the use of all commercial feeds containing drugs and for such other feeds as the commissioner may require by regulation as necessary for their safe and effective use; (7) such precautionary statements as the commissioner by regulation determines are necessary for the safe and effective use of the commercial feed.

When a commercial feed is distributed in the commonwealth in bags or other containers, the label shall be placed on or affixed to the container; when a commercial feed is distributed in bulk, the label shall accompany delivery and be furnished to the purchaser at time of delivery.

A customer-formula feed shall be labeled by invoice. The invoice, which is to accompany delivery and be supplied to the purchaser at the time of delivery, shall bear the following information: (1) name and address of the mixer; (2) name and address of the purchaser; (3) date of sale; and (4) kind or type of feed shall be affixed with a tag bearing the information required on the invoice except date of sale.

If a customer-formula feed contains a non-nutritive substance which is intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease or which is intended to affect the structure or any function of the animal body, the commissioner or his deputy shall require the label to show the name and amount present, directions for use or warnings against misuse of the feed.

Section 54. A commercial feed shall be deemed to be adulterated: if (1) it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, such commercial feed shall not be considered adulterated under this subsection if the quantity of such substance in such commercial feed does not ordinarily render it injurious to health; (2) it bears or contains any added poisonous, added deleterious or added non-nutritive substance which is unsafe within the meaning of section four hundred and six of the Federal Food, Drug and Cosmetic Act, other than one which is (*i*) a pesticide chemical in or on a raw agricultural commodity; or (*ii*) a food additive; (3) it is, or it bears or contains any food additive which is unsafe within the meaning of section four hundred and nine of the Federal Food, Drug and Cosmetic Act; (4) it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of section four hundred and eight (*a*) of the Federal Food, Drug and Cosmetic Act; provided, that where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under section four hundred and eight of the Federal Food, Drug and Cosmetic Act and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling, the residue of such pesticide chemical remaining in or on such processed feed shall not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice and the concentration of such residue in the processed feed is not greater than the tolerance prescribed for the raw agricultural commodity unless the feeding of such processed feed will result or is likely to result in a pesticide residue in the edible product of the animal, which is unsafe within the meaning of section four hundred and eight (*a*) of the Federal Food, Drug and Cosmetic Act; (5) it bears or contains any color additive which is unsafe, within the meaning of section seven hundred and six of the Federal Food, Drug and Cosmetic Act; (6) any

valuable constituent has been in whole or in part omitted or abstracted therefrom or any less valuable substance substituted therefor; (7) its composition or quality falls below or differs from that which it is purported or is represented to possess by its labeling; (8) it contains a drug and the methods used in or the facilities or controls used for its manufacture, processing, or packaging do not conform to current good manufacturing practice regulations promulgated by the commissioner to assure the drug meets the requirements of section fifty-two to sixty-four, inclusive, as to safety and has the identity and strength and meets the quality and purity characteristics which it purports or is represented to possess. In promulgating such regulations, the commissioner or his deputy may adopt the current good manufacturing practice regulations for medicated feeds established under authority of the Federal Food, Drug and Cosmetic Act, unless he determines that they are not appropriate to the conditions which exist in the commonwealth; (9) it contains viable weed seed in amounts exceeding the limits which the commissioner or his deputy shall establish by rule or regulation.

Section 55. No person shall distribute feed if (*a*) its labeling is false or misleading in any particular manner;

(*b*) it is distributed under the name of another feed;

(*c*) it is not labeled as required in section fifty-three and in regulations promulgated by the commissioner;

(*d*) it purports to be or is represented as a commercial feed, or if it purports to contain or is represented as containing a commercial feed ingredient which does not conform to the definition, if any, prescribed by regulation of the commissioner or his deputy. In the absence of a prescribed definition by the commissioner, conformity to the commonly accepted definitions as those issued by the Association of American Feed Control Officials shall apply;

(*e*) any word, statement, or other information required by or under authority of sections fifty-one through sixty to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

Section 56. No person shall (*a*) manufacture or distribute any commercial feed that is adulterated or misbranded;

(*b*) adulterate or misbrand any commercial feed;

(*c*) distribute agricultural commodities which are adulterated within the meaning of section fifty-four;

(*d*) remove or dispose of a commercial feed in violation of an order under section sixty;

(*e*) fail or refuse to register in accordance with section fifty-two;

(*f*) fail to pay registration fees and file reports as required by section fifty-two.

Section 57. The commissioner and his duly authorized assistants shall have authority to enforce sections fifty-two to sixty, inclusive, and to prosecute all violations thereof. Before any prosecutions by the commissioner or any of his duly authorized assistants, the parties

concerned shall be given an opportunity to be heard before the said commissioner or a person designated by him for such purpose. The parties concerned shall be given reasonable notice of hearing specifying the day, hour and place thereof and accompanied by a description of the alleged violation.

Section 58. The commissioner either in person or his assistants shall have free access at all reasonable hours to each building or other place in which commercial feeds are manufactured, processed, packed or held for distribution, or to enter any vehicle being used to transport or hold such feeds and to inspect at reasonable times and within reasonable limits and in a reasonable manner such factory, warehouse, establishment or vehicle and all pertinent equipment, finished and unfinished materials, containers, and labeling therein. The inspection may include the verification of only such records, and production and control procedures as may be necessary to determine compliance with section fifty-four.

If the officer or employee making such inspection of a factory, warehouse, or other establishment has obtained a sample in the course of the inspection, upon completion of the inspection and prior to leaving the premises he shall give to the owner, operator, or agent in charge a receipt describing the samples obtained.

If the owner of any building, factory, warehouse, or establishment, or his agent, refuses to admit the inspector or his agent, the commissioner or his deputy is authorized to obtain from the court a warrant directing such owner or his agent to submit the premises described in such warrant to inspection.

The results of all analyses of official samples shall be forwarded by the commissioner or his deputy to the person named on the label and to the purchaser. When the inspection and analysis of an official sample indicates a commercial feed has been adulterated or misbranded and upon request within thirty days following receipt of the analysis the commissioner or his deputy shall furnish to the registrant a portion of the sample concerned.

The commissioner or his deputy in determining for administrative purposes whether a commercial feed is deficient in any component, shall be guided by the official sample as defined in section fifty-one and obtained and analyzed as provided in this section.

Section 59. Samples for analysis as stipulated in section fifty-eight shall be collected by the commissioner or his duly authorized deputy and shall be delivered to the Massachusetts Agricultural Experiment Station of the University of Massachusetts for analysis according to methods approved by the Association of Official Analytical Chemists or other approved methods.

Section 60. When the commissioner or his deputy has reasonable cause to believe any lot of commercial feed is being distributed in violation of any of the provisions of sections fifty-two to fifty-eight, inclusive, or of any of the prescribed regulations promulgated thereunder, he, or his deputy may order, in writing, that it be withheld from sale. The commissioner or his deputy may release the lot of commercial feed, or customer-formula feed so withdrawn when said provisions and regulations have been complied with. If compliance

is not obtained within thirty days, the commissioner or his deputy may begin, or upon request of the distributor shall begin, proceedings for condemnation.

Any lot of commercial feed not in compliance with said provisions and regulations shall be subject to seizure on complaint of the commissioner or his deputy to a court of competent jurisdiction in the area in which said commercial feed is located. In the event the court finds the said commercial feed to be in violation of sections fifty-two to fifty-eight, inclusive, and orders the condemnation of said commercial feed, it shall be disposed of in any manner consistent with the quality of the commercial feed and the laws of the commonwealth.

Section 61. Whoever sells, offers or exposes for sale any commercial feed or mixture thereof without complying with the requirements of sections fifty-two to sixty, inclusive, applicable thereto, or in violation of any rule or regulation promulgated thereunder, or whoever falsely marks, or labels any such feed or mixture, or impedes, or obstructs, or hinders the commissioner or any of his duly authorized agents in the discharge of the authority or duties conferred or imposed by any provisions of said section, shall be punished by a fine of not less than twenty-five dollars or more than one hundred dollars for the first violation, or not less than one hundred dollars or more than five hundred dollars for a subsequent violation. In all prosecutions involving the composition of a lot of commercial feed, a certified copy of the official analysis signed by the commissioner or his agent shall be accepted as prima facie evidence of the composition.

Section 62. The commissioner or his deputy may publish annually, in such forms as he may deem proper, information concerning the sales of commercial feeds; together with such data on their production, composition and use as he may consider advisable, and a report of the results of the analyses of official samples of commercial feeds sold within the commonwealth as compared with the analyses guaranteed in the registration and on the label; but any information relating to the general business of any applicant or licensee shall be treated by the commissioner as confidential. *Approved June 1, 1972.*

Clause ($p\frac{1}{2}$) of section 1 of chapter 40D of the General Laws, inserted by section 1 of chapter 1017 of the acts of 1971, is hereby amended by adding the following two sentences:— "Liquid waste disposal facilities", facilities for the disposal of waste water from industrial establishments, including any surface or ground water that may be present therein. "Waste disposal facilities", includes solid waste disposal facilities and liquid waste disposal facilities.

SECTION 2. Said chapter 40D is hereby further amended by striking out section 21, added by section 2 of said chapter 1017, and inserting in place thereof the following section:—

Section 21. (*a*) A municipality acting by and through an authority may finance waste disposal facilities in the same manner provided by this chapter for industrial development facilities, in which event all provisions of this chapter which are applicable to industrial development facilities to projects and industrial occupants shall apply to the waste disposal facilities and the lessees thereof insofar as such provisions are apt, except as otherwise hereinafter provided.

(*b*) A city or town, acting in the manner specified in section two, may by vote declare that an authority is needed therein for the financing of waste disposal facilities under this chapter but shall not be empowered to so finance said waste disposal facilities, except as an incident to industrial development facilities, unless such declaration is made. Such vote shall be made separately from a vote declaring that an authority is needed to finance industrial development facilities, except such as constitute or are incidental to said waste disposal facilities. Such declarations may be made successively but only one authority shall be organized under this chapter in any city or town except as otherwise provided with respect to consolidated authorities.

(*c*) A certificate of organization issued by the state secretary shall indicate whether the authority has waste disposal powers or industrial development powers or both. When a new power is added by city or town action under this chapter, an amended certificate of organization shall be issued accordingly. Certificates of organization so issued by the state secretary shall be conclusive evidence that the authority has waste disposal powers or industrial development powers, or both, as set forth therein.

(*d*) A vote to consolidate authorities taken prior to the adoption of this section shall not be deemed to include the function of financing waste disposal facilities. A vote taken thereafter to so consolidate may include said function of financing waste disposal facilities or industrial development facilities, or both. If said vote does not specify the function or functions, it shall be taken to refer only to the financing of industrial development facilities.

(*e*) Dissolution proceedings in the manner provided for in section two shall apply to authorities having functions relative to waste disposal facilities or to industrial development facilities, or both.

(*f*) The requirements of clauses (*e*), (*g*) and (*k*) of subsection (2) of section twelve shall not apply to waste disposal facilities projects. It shall be necessary, however, that the state industrial finance board find, after consultation with the departments of natural resources and public works, as the case may require, that a substantial public benefit will result from the project and that the proposed facilities are consistent with state plans for the conservation of the natural resources of the commonwealth and, in the case of solid waste disposal facilities, with plans of the department of public works for the construction of such facilities.

(*g*) All cities, towns and other public agencies and private parties are authorized from time to time to contract with operators of waste disposal facilities established or to be established under the provisions of this section for the disposal of refuse, garbage and waste or for the purchase or use of by-products or residue resulting from the operation of such facilities. Such contracts may be for such periods as agreed upon by the parties and, without limiting the generality of the foregoing, may include provisions for the delivery of minimum amounts of refuse, garbage and waste and payments for the use of the facilities to be based thereon, unit prices, which may be graduated, and adjustments thereof. Such contracts may include provisions for arbitration. In the case of a city or town, such contracts may be entered into by officers acting under the authority of the city council of a city or the town meeting in the case of a town, which authorization may be general. The obligations represented by the payments to be made in such a contract shall not be included in any determination of the borrowing capacity of such city or town under any limitation on its indebtedness. Such a contract shall not be subject to section four of chapter forty and shall not be precluded by the acceptance of section nine A of chapter ninety-two. To the extent of uncommitted capacity, any municipality shall be entitled to contract with an operator of waste disposal facilities established or to be established hereunder.

(*h*) The establishment and operation of waste disposal facilities hereunder shall be subject to applicable laws except as otherwise provided herein. Reasonable requirements may be imposed thereon by proceedings or regulations pursuant to section one hundred and fifty A of chapter one hundred and eleven but the assignment of a site may not be rescinded, other than on appeal from the original assignment, pursuant to said section or otherwise. In the event that waste disposal facilities financed in whole or in part hereunder include or are to include facilities for the production of steam as a by-product, either the financing authority or a tenant corporation, whether domestic or foreign, shall have the powers granted by section twelve of chapter one hundred and fifty-eight but the production and sale of such steam and the foregoing grant of powers shall not cause the corporation to be otherwise subject to chapter one hundred and fifty-eight or excluded from chapter one hundred and fifty-six or one hundred and fifty-six B or cause the corporation to be deemed a heat or power company for the purposes of the corporation laws of the commonwealth.

(*i*) A municipality acting by and through an authority in connection with a project for waste disposal facilities financed under this chapter may apply for, accept and use any federal or state grant or loan for such project. *Approved June 5, 1972.*

Be it enacted, etc., as follows:

SECTION 1. Chapter 94B of the General Laws is hereby amended by striking out sections 1 to 9, inclusive, as appearing in section 2 of chapter 727 of the acts of 1960, and inserting in place thereof the following nine sections:—

Section 1. The following words as used in this chapter, unless the context otherwise requires shall have the following meanings:—

"Banned hazardous substance", any toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance susceptible of access to a child, or is otherwise hazardous because it presents electrical, mechanical or thermal hazards; or any hazardous substance intended or packaged in a form suitable for use in households, which the commissioner by regulation classifies as a "banned hazardous substance" on the basis of a finding that notwithstanding cautionary labeling required under this chapter, the degree or nature of the hazard involved in the presence or use of the substance in households is such that the protection of the public health and safety can be adequately served only by keeping the substance out of the channels of commerce. The commissioner, by regulation, shall, however, exempt articles, such as chemical sets, which by reason of their functional purpose, require the inclusion of the hazardous substance involved or necessarily present an electrical, mechanical, or thermal hazard, and which bear labeling giving adequate direction and warnings for safe use and are intended for use by children who have attained sufficient maturity and who may reasonably be expected to read and heed these warnings.

"Combustible", any substance or mixture of substances which has a flash point from eighty degrees to and including one hundred and fifty degrees Fahrenheit, as determined by the Tagliabue Open Cup Tester.

"Commerce", any and all commerce within the commonwealth, including the operation of any business or service establishment.

"Commissioner", the commissioner of public health.

"Corrosive", any substance which when in contact with living tissue will cause destruction of such tissue by chemical action.

"Department", the department of public health.

"Director", the director of the division of food and drugs in the department.

"Division", the division of food and drugs in the department.

"Electrical hazard", an article which in normal use or when subjected to reasonably foreseeable damage or abuse, by its design or manufacture, may cause personal injury or illness by electrical shock.

"Extremely flammable", when used with respect to a substance, any substance which has a flash point at or below twenty degrees Fahrenheit as determined by the Tagliabue Open Cup Tester.

"Flammable", when used with respect to a substance, any substance which has a flash point of above twenty degrees to and including eighty degrees Fahrenheit, as determined by the Tagliabue Open Cup Tester; except that the flammability of solids and of the contents of self-pressurized containers shall be determined by methods generally recognized as applicable to such materials or containers and established by regulations issued by the commissioner.

"Hazardous substance", any substance or mixture of substances which is toxic, corrosive, an irritant, a strong sensitizer, flammable or which generates pressure through decomposition, heat, or other means, if such substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or

use, including reasonable foreseeable ingestion by children, or any toy or other article intended for use by children which presents an electrical, mechanical or thermal hazard. It shall include any radioactive substance if, with respect to such substance as used in a particular class of article or as packaged, the commissioner determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this chapter in order to protect the public health. It shall not include economic poisons subject to the Federal Insecticide, Fungicide and Rodenticide Act, unless the commissioner finds that such economic poison is not adequately labeled for the protection of the public health, nor foods, drugs and cosmetics subject to the Federal Drug and Cosmetic Act or to chapter ninety-four, nor substances intended for use as fuels when stored in containers and used in heating, cooking, or refrigeration systems. It shall include any article which is not itself an economic poison within the meaning of the Federal Insecticide, Fungicide and Rodenticide Act but which is a hazardous substance within the meaning of this definition by reason of bearing or containing such economic poison.

"Highly toxic", when used with respect to a substance, any substance which (*a*) produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between two hundred and three hundred grams, at a single dose of fifty milligrams or less per kilogram of body weight, when orally administered; or (*b*) produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between two hundred and three hundred grams, when inhaled continuously for a period of one hour or less at an atmospheric concentration of two hundred parts per million by volume or less of gas or vapor or two milligrams per liter or less of mist or dust, provided such concentration is likely to be encountered by man when the substance is used in any reasonably foreseeable manner; or (*c*) produces death within fourteen days in half or more than half of a group of ten or more rabbits tested in a dosage of two hundred milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for twenty-four hours or less; provided that if the commissioner finds that available data on human experience with any substance indicate results different from those obtained on animals with the aforesaid dosages or concentrations, the human data shall take precedence.

"Immediate container", excludes a package liner.

"Inspector", an inspector of the division of food and drugs in the department.

"Irritant", any substance not corrosive which on immediate, prolonged or repeated contact with normal living tissue will induce a local inflammatory reaction.

"Label", a display of written, printed, or graphic matter upon the immediate container of any substance, or in the case of an article which is unpackaged or is not packaged in an immediate container intended or suitable for delivery to the ultimate consumer, a display of such matter directly on the article involved or on a tag or other

suitable material affixed thereto, and a requirement made by or under authority of this chapter that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement or other information also appears on the outside container or wrapper, if any there be, unless it is easily legible through the outside container or wrapper and on all accompanying literature where there are directions for use, written or otherwise.

"Mechanical hazard", an article which, in normal use or when subjected to reasonably foreseeable damage or abuse, by its design or manufacture presents an unreasonable risk of personal injury or illness from fracture, fragmentation or disassembly of the article, from propulsion of the article or any part or accessory thereof, from points or other protrusions, surfaces, edges, openings or closures, from moving parts, from lack or insufficiency of controls to reduce or stop motion, as a result of self-adhering characteristics of the article, because the article or any part or accessory thereof may be aspirated or ingested, because of instability, or any other aspect of the article's design or manufacture.

"Misbranded hazardous substance", a hazardous substance, including a toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance in such a manner as to be susceptible of access by a child to whom the toy or other article is entrusted, intended, or packaged in a form suitable, for use in the household or by children, which except as provided by section three fails to bear a label (1) which states conspicuously (*a*) the name and place of business of the manufacturer, packer, distributor, or seller; (*b*) the common or usual name, or the chemical name if there be no common or usual name, of the hazardous substance or of each component which contributes substantially to its hazard, unless the commissioner by regulation permits or requires the use of a recognized generic name; (*c*) the signal word "DANGER" on substances which are corrosive, extremely flammable or highly toxic; (*d*) the signal word "WARNING" or "CAUTION" on all other hazardous substances; (*e*) an affirmative statement of the principal hazard or hazards, such as "Flammable", "Combustible", "Vapor Harmful", "Causes Burns", "Absorbed through skin", or similar wording descriptive of the hazard; (*f*) precautionary measures describing the action to be followed or avoided, except when modified by regulation of the commissioner pursuant to section two; (*g*) instructions, when necessary or appropriate, for first-aid treatment; (*h*) the word "POISON" and the skull and crossbones for any hazardous substance which is defined above as "highly toxic"; (*i*) instructions for handling and storage of packages which require special care in handling or storage and; (*j*) the statement "Keep out of the reach of children" or its practical equivalent, or (*k*) if the article is intended for use by children and is not banned as a hazardous substance, adequate directions for the protection of children from the hazard; and (2) on which any statements required under subparagraph (1) of this paragraph are located prominently and are in English language in conspicuous and legible type in contrast by typography, layout, or color with other printed matter on the label.

"Person", includes an individual, partnership, corporation, association, or legal representative or agent.

"Radioactive substance", a substance which emits ionizing radiation.

"Strong sensitizer", a substance which will cause on normal living tissue, through an allergic or photodynamic process, a hypersensitivity which becomes evident on reapplication of the same substance and which is designated as such by the commissioner. Before designating any substance as a strong sensitizer, the commissioner, upon consideration of the frequency of occurrence and severity of the reaction, shall find that the substance has a significant potential for causing hypersensitivity.

"Thermal hazard", an article which, in normal use or when subjected to reasonably foreseeable damage or abuse, by its design or manufacture presents an unreasonable risk of personal injury or illness because of heat as from heated parts, substances or surfaces.

"Toxic", when used with respect to a substance, any substance, other than a radioactive substance, which has the capacity to produce personal injury or illness to man through ingestion, inhalation, or absorption through any body surface.

Section 2. (*a*) Whenever in the judgment of the commissioner such action will promote the objectives of this chapter by avoiding or resolving uncertainty as to its application, the commissioner may by reasonable rules and regulations declare to be a hazardous substance, for the purpose of this chapter, any substance or mixture of substances which he finds meets the requirements of the same term as defined in section one.

(*b*) If the commissioner finds that the requirements of section one, as to labeling of a "misbranded hazardous substance" are not adequate for the protection of the public health and safety in view of the special hazard presented by any particular hazardous substance, he may by regulation establish such reasonable variations of additional label requirements as he finds necessary for the protection of the public health and safety; and any hazardous substance intended, or packaged in a form suitable, for use in the household or by children, which fails to bear a label in accordance with these regulations shall be deemed to be a misbranded hazardous substance.

(*c*) If the commissioner finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein, or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under this chapter is impracticable or is not necessary for the adequate protection of the public health and safety, he shall promulgate regulations exempting the substance from these requirements, to an extent he determines consistent with adequate protection of the public health and safety.

(*d*) If the commissioner finds that an article subject to this chapter cannot be labeled adequately to protect the public health and safety, or the article presents an imminent danger to the public health and safety, he may declare the article to be a banned hazardous substance and require its removal from commerce.

The commissioner shall cause the regulations promulgated under this chapter to conform, insofar as practicable, with the regulations established pursuant to the Federal Hazardous Substances Act.

Section 3. (*a*) No person shall sell, expose for sale, deliver, give away, have in his possession, introduce or deliver for introduction into commerce any misbranded hazardous substance or banned hazardous substance.

(*b*) No person shall alter, mutilate, destroy, obliterate or remove the whole or any part of the label of, or do any other act with respect to, any hazardous substance if such act is done while the substance is in commerce or held for sale, whether or not the first sale, and such act results in the hazardous substance being a misbranded hazardous substance or a banned hazardous substance.

(*c*) No person shall receive in commerce any misbranded hazardous substance or banned hazardous substance and deliver or proffer delivery thereof for pay or otherwise.

(*d*) No person shall give a guarantee or undertaking referred to in section four which guarantee or undertaking is false, except in reliance upon a guarantee or undertaking to the same effect signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance.

(*e*) No person shall sell, expose for sale, deliver, give away, have in his possession, introduce or deliver for introduction into commerce, or receive in commerce and subsequently deliver or proffer delivery for pay or otherwise, any hazardous substance in a reused food, drug or cosmetic container or in a container which though not a reused container, is identifiable as a food, drug, or cosmetic container by its labeling or by other identification. The reuse of a food, drug or cosmetic container as a container for a hazardous substance shall be deemed to be an act which results in the hazardous substance being a misbranded hazardous substance. As used in this paragraph, the terms "food", "drug", and "cosmetic" shall have the same meaning as in section one of chapter ninety-four.

(*f*) No person shall manufacture any hazardous substance that is misbranded with the intent that the same be distributed or sold in violation of this chapter.

(*g*) No person shall use to his own advantage, or reveal other than to the commissioner or officers or employees of the department or to the courts when relevant in any judicial proceeding under this chapter or to a physician treating a patient for potential poisoning any information acquired under authority of sections six and seven concerning any method or process which as a trade secret is entitled to protection.

Section 4. Any person who violates any of the provisions of section three shall be punished for a first offense by a fine of not less than one hundred dollars nor more than five hundred dollars or by imprisonment for not more than ninety days, or both; and for a second and subsequent offenses, shall be punished by imprisonment for not more than one year, or a fine of not less than six hundred dollars nor more than three thousand dollars, or both; provided, however, that no person shall be subject to such penalties for

having violated the provisions of paragraph (*c*) of section three if the receipt, delivery, or proffered delivery of the hazardous substance, was made in good faith, unless he refused to furnish on request of an officer or employer duly designated by the commissioner the name and address of the person from whom he purchased or received such hazardous substance, and copies of all documents, if any there be, pertaining to the delivery of the hazardous substances to him; or for having violated paragraph (*d*) of section three if he establishes a guarantee or undertaking signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance, to the effect that the hazardous substance is not a misbranded hazardous substance or a banned hazardous substance within the meaning of those terms in this chapter, or for having violated paragraph (*a*) of section three in respect to any hazardous substance shipped or delivered for shipment for export to any foreign country, in a package marked for export on the outside of the shipping container and labeled in accordance with the specifications of the purchaser and in accordance with the laws of the United States or of the foreign country.

Section 5. (*a*) Whenever the director or his duly authorized inspector finds or has probable cause to believe that any hazardous substance is misbranded, or is a banned hazardous substance within the meaning of this chapter, he shall affix or cause to be affixed to such article a tag or other appropriate marking, giving notice to the manufacturer of the substance, the distributor, and the owner thereof, that such article is, or is suspected of being misbranded or is a banned hazardous substance and has been detained or embargoed, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by the director, his inspector, or the court, provided, any such article may at the discretion of the manufacturer, distributor or owner thereof be removed from public display but shall not be removed from the immediate premises. Such manufacturer, distributor or owner shall be authorized to destroy the article so detained if such article is destroyed under the supervision of the director, or his inspector. When an article detained or embargoed has been found to be a misbranded or banned hazardous substance, the director or his agent shall within thirty-days file a petition in any district or municipal court within whose jurisdiction the article is detained or embargoed for a libel of condemnation of such article. When such inspector has found that an article so detained or embargoed is not a misbranded or banned hazardous substance, he shall remove the tag or other marking, thereby permitting its release. Such toy or other article shall be deemed to be a banned hazardous substance for purposes of this chapter until the proceeding has been completed.

(*b*) If the court finds that a detained or embargoed article is misbranded or a banned hazardous substance, such article shall, after entry of the decree, be destroyed at the expense of the manufacturer, distributor or owner thereof, under supervision of such inspector, and all court costs and fees, and storage and other proper

expenses, shall be taxed against him of such article or his agent; provided, that when the misbranding can be corrected by proper labeling of the article, the court, after entry of the decree and after such costs, fees and expenses have been paid and a good and sufficient bond, conditioned that such article shall be so labeled, has been executed may by order direct that such article be returned to such person for such labeling under the supervision of an inspector of the commissioner. The expense of such supervision shall be paid by such manufacturer, distributor or owner. The article shall be returned to such manufacturer, distributor or owner on the representation to the court by the commissioner that the article is no longer in violation of this chapter and that the expenses of such supervision have been paid.

This section shall not apply to a hazardous substance intended for export to any foreign country if it (1) is in a package branded in accordance with the specifications of the foreign purchaser, (2) is labeled in accordance with the laws of the foreign country, and (3) is labeled on the outside of the shipping package to show that it is intended for export, and (4) is so exported.

Section 6. (*a*) For the purpose of administering the provisions of this chapter, the director and inspectors shall have access and entry at reasonable times to any premises pursuant to a search warrant duly issued by a court of competent jurisdiction, provided that no sample of an alleged hazardous substance obtained in the course of such inspection and no result of any analysis or test of any such sample shall be received in evidence in any criminal proceeding under this chapter unless the sample shall have been taken and the analysis or test conducted in accordance with the procedure provided in sections one hundred and eighty-eight and one hundred and eighty-nine of chapter ninety-four.

(*b*) Any person who obstructs the director or an inspector from entering premises under a valid search warrant where a hazardous substance is kept as provided in section six, or any person who does not comply with the provisions of section seven, shall be punished by a fine of not less than five hundred nor more than two thousand dollars or by imprisonment for not more than six months, or both.

Section 7. For the purpose of enforcing the provisions of this chapter, carriers engaged in commerce, and persons storing or receiving hazardous substances in commerce or holding such hazardous substances so received shall, upon the request of an officer or employee duly designated by the commissioner acting under authority of a search warrant duly issued by a court of competent jurisdiction, permit such officer or employee at reasonable times, to have access to and to copy all records showing the movement in commerce of any such hazardous substances, or the holding thereof during or after such movement, and the quantity, shipper, and consignee thereof.

Section 8. In the case of any article or substance sold by its manufacturer, distributor, or dealer which is a banned hazardous substance, whether or not it was such at the time of its sale, such article or substance shall, in accordance with regulations of the commissioner, be repurchased as follows:

(*a*) The manufacturer of any such article or substance shall repurchase it from the person to whom he sold it, and shall refund to that person the purchase price paid for such article or substance. If that person repurchased such article or substance pursuant to the provisions in this section, the manufacturer shall reimburse him for any amounts paid in connection with its repurchase, and reimburse such person for any reasonable and necessary expenses incurred in returning it to the manufacturer.

(*b*) The distributor of any such article or substance shall repurchase it from the person to whom he sold it, and shall refund to that person the purchase price paid for such article or substance. If that person has repurchased such article or substance pursuant to the provisions of this section, the distributor shall reimburse him for any amounts paid for the return of such article or substance in connection with its repurchase and reimburse that person for any reasonable and necessary expenses incurred in returning it to the distributor.

(*c*) In the case of any such article or substance sold at retail by a dealer, if the person who purchased it from the dealer returns it to him, the dealer shall refund the purchase price paid for it and reimburse him for any reasonable and necessary transportation charges incurred in its return.

For the purpose of this section, (1) the term "manufacturer" includes an importer for resale, and (2) a dealer who sells at wholesale an article or substance shall with respect to that sale be considered the distributor of that article or substance.

Section 9. (*a*) The commissioner may cause to be published from time to time reports summarizing any judgments, decrees or court orders which have been rendered under this chapter including the nature of the charge and the disposition thereof.

(*b*) The commissioner may also cause to be disseminated information regarding hazardous substances in situations involving, in the opinion of the commission, possible danger to health. Nothing in this section shall be construed to prohibit the commissioner from collecting, reporting and illustrating the results of his investigations.

SECTION 2. Said chapter 94B is hereby further amended by striking out section 21, as most recently amended by section 6 of chapter 521 of the acts of 1962, and inserting in place thereof the following section:—

Section 21. Except as otherwise provided in sections four and six, whoever himself or by his servant or agent, violates any provision of section one to eighteen, inclusive, shall, for a first offense, be punished by a fine of not less than fifty nor more than two hundred dollars; and, for a second or subsequent offense, by a fine of not less than two hundred nor more than one thousand dollars, or by imprisonment for not more than ninety days, or both.

Regulations issued by the commissioner hereunder may provide penalties for violations thereof not exceeding, for a first offense, a fine of one hundred dollars and, for a second or subsequent offense, a fine of five hundred dollars. *Approved June 28, 1972.*

In order to meet the estimated cost of utilities furnished projects constructed by the building authorities established by C557: 1961 and C703 of 1963, the comptroller shall transfer to the General Fund on or after July 1, of each fiscal year beginning July 1, 1972 the following amounts—From item 7109–0100, 31,000; from item 7110–0000, 30,000; from item 7111–0100, 25,000; from item 7114–0000, 42,000; from item 7115–0000, 34,000; from item 7210–0000, 40,000. Provided that said amounts shall be credited to said item upon payment by said building authority—shall be added to the particular accounts and spent without further appropriation.

SECTION 2B. The comptroller shall establish and set up on the books of the commonwealth a separate account to be known as the Special Reserve Account for the fiscal year nineteen hundred and seventy-three.

The comptroller shall reduce each item of appropriation in this act by transferring from the subsidiary accounts within said items established as provided in section twenty-seven of chapter twenty-nine of the General Laws to the Special Reserve Account amounts determined in accordance with the following schedule:

25% of all sums designated for (03) Services Nonemployees

4% of all sums designated for (07) Laboratory and Medical Supplies

50% of all sums designated for (15) Equipment

Provided, however, that amounts designated for financial aid for students shall not be reduced by such transfer, and provided, further, that transfers made under this section shall not limit any action transferring amounts between subsidiary accounts as authorized by section fifteen of this act.

Fifteen per cent of all amounts transferred to the Special Reserve Account under this section, as herein provided, shall be available for any of the several purposes for which they were appropriated, subject, however, to the conditions established in the following paragraph. The balance remaining in said account shall revert to the general revenues of the commonwealth at the end of the nineteen hundred and seventy-three fiscal year. To meet critical needs arising from the reduction of amounts in appropriation items resulting from transfers to the Special Reserve Account, the governor is authorized to and may, upon recommendation of the commissioner of administration, transfer from said account such amounts as may be necessary to meet such needs; provided, however, that the existence of any such critical need has first been certified by the secretary having jurisdiction over the agency in which the need has arisen; and provided, further, that no such transfer from said account shall increase the total in any such subsidiary account to an amount in excess of the amount as filed in accordance with the provisions of section twenty-seven of chapter twenty-nine.

SECTION 2C. The comptroller shall establish and set up on the books of the commonwealth a separate account to be known as the Personal Service Reserve Account for the fiscal year nineteen hundred and seventy-three.

The comptroller shall also reduce each item of appropriation in this act for which no such schedule has been filed, by an amount equal to twenty per cent of the expenditures, made for similar purposes, during the fiscal year nineteen hundred and seventy-one and coded as required by the comptroller's manual under object codes otherwise included under said subsidiary account (02) Salaries Other.

Amounts transferred as authorized by this section shall be in addition to any amount transferred as provided in section two B.

Fifteen per cent of all amounts transferred to the Personal Service Reserve Account under this section, as herein provided, shall be available for reassignment to appropriation accounts for the purpose for which they were appropriated, subject, however, to the conditions established in the following paragraph. The balance remaining in said account shall revert to the general revenues of the commonwealth at the end of the nineteen hundred and seventy-three fiscal year.

To meet any additional critical needs that cannot be met from the balance remaining in said item, the governor is authorized to and may, upon recommendation of the commissioner of administration or the presiding officer of the house of representatives or the senate or the chief justice of the supreme judicial court, transfer from said Personal Service Reserve Account such amounts as may be necessary to meet such critical needs for temporary or emergency employees or for overtime services; provided, however, that, the existence of any such critical need has been certified by the secretary having jurisdiction over the agency in which the need has arisen; and provided further that such employment of such temporary or emergency employees or payments for overtime services shall be in accordance with the provisions of section six of this act and all applicable provisions of chapter thirty-one of the General Laws;

The commissioner of administration may, however, upon certification that an emergency exists requiring additional temporary assistance to perform work essential to the public interest, authorize the temporary employment of such additional personnel as may be necessary within the limits of funds available for the purpose; provided, however, that such emergency authorization shall not be extended to the succeeding fiscal year. The commissioner shall forthwith notify the house and senate committees on ways and means of the employment of any such additional temporary personnel.

SECTION 7. In addition to the payment of regular salaries, sums appropriated for personal services in the fiscal year nineteen hundred and seventy-three shall be available for the payment of such other forms of compensation as may be due under existing statutes, or under the provisions of rules and regulations made in accordance with said statutes.

All such federal subventions and grants shall be reported in full by the head of the agency directly rendering the

services mentioned above to the budget director, to the comptroller and to the house and senate committees on ways and means. The report shall include such itemization as required in accordance with state and federal regulations. All federal subventions and grants available to the commonwealth under any act of congress and not otherwise authorized to be received shall be paid into the treasury of the commonwealth. All such expenditures of federal subventions and grants shall be subject to the audit of the state auditor.

(8) Rebates: Except as otherwise expressly provided by law, knowingly permitting or offering to make or making any insurance contract, including but not limited to a contract for life insurance, life annuity or accident and health insurance, or agreement as to such contract other than as plainly expressed in the insurance contract issued thereon, or paying or allowing, or giving or offering to pay, allow, or give, directly or indirectly, as inducement to such insurance or annuity any rebate of premiums payable on the contract, or any

special favor or advantage in the dividends or other benefits thereon, or any valuable consideration or inducement whatever not specified in the contract; or giving, or selling, or purchasing or offering to give, sell, or purchase as inducement to such insurance contract, or annuity or in connection therewith, any stocks, bonds, or other securities of any insurance company or other corporation, association, or partnership, or any dividends or profits accrued thereon, or anything of value whatsoever not specified in the contract.

Nothing in clauses (7) or (8) of this subsection shall be construed as including within the definition of discrimination or rebates any of the following practices:—(i) in the case of any contract of life insurance or life annuity, paying bonuses to policyholders or otherwise abating their premiums in whole or in part out of surplus accumulated from nonparticipating insurance, provided that any such bonuses or abatement of premiums shall be fair and equitable to policyholders and for the best interests of the company and its policyholders; (ii) in the case of life insurance policies issued on the industrial debit plan, making allowance to policyholders who have continuously for a specified period made premium payment directly to an office of the insurer in the amount which fairly represents the saving in collection expenses; (iii) readjustment of the rate of premium for a group insurance policy based on the loss or expense experienced thereunder, at the end of the first or any subsequent policy year of insurance thereunder, which may be made retroactive only for such policy year.

(9) Unfair claim settlement practices: An unfair claim settlement practice shall consist of any of the following acts or omissions:

(*a*) Misrepresenting pertinent facts or insurance policy provisions relating to coverages at issue;

(*b*) Failing to acknowledge and act reasonably promptly upon communications with respect to claims arising under insurance policies;

(*c*) Failing to adopt and implement reasonable standards for the prompt investigation of claims arising under insurance policies;

(*d*) Refusing to pay claims without conducting a reasonable investigation based upon all available information;

(*e*) Failing to affirm or deny coverage of claims within a reasonable time after proof of loss statements have been completed;

(*f*) Failing to effectuate prompt, fair and equitable settlements of claims in which liability has become reasonably clear;

(*g*) Compelling insureds to institute litigation to recover amounts due under an insurance policy by offering substantially less than the amounts ultimately recovered in actions brought by such insureds;

(*h*) Attempting to settle a claim for less than the amount to which a reasonable man would have believed he was entitled by reference to written or printed advertising material accompanying or made part of an application;

(*i*) Attempting to settle claims on the basis of an application which was altered without notice to, or knowledge or consent of the insured;

(*j*) Making claims payments to insured or beneficiaries not accompanied by a statement setting forth the coverage under which payments are being made;

(*k*) Making known to insured or claimants a policy of appealing from arbitration awards in favor of insureds or claimants for the

purpose of compelling them to accept settlements of compromises less than the amount awarded in arbitration;

(*l*) Delaying the investigation or payment of claims by requiring that an insured or claimant, or the physician of either, submit a preliminary claim report and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information;

(*m*) Failing to settle claims promptly, where liability has become reasonably clear, under one portion of the insurance policy coverage in order to influence settlements under other portions of the insurance policy coverage; or

(*n*) Failing to provide promptly a reasonable explanation of the basis in the insurance policy in relation to the facts or applicable law for denial of a claim or for the offer of a compromise settlement.

(10) Failure to maintain complaint handling procedures; failure of any person to maintain a complete record of all the complaints which it has received since the date of its last examination, which record shall indicate in such form and detail as the commissioner may from time to time prescribe, the total number of complaints, their classification by line of insurance, and the nature, disposition, and time of processing of each complaint. For purposes of this subsection, "complaint" shall mean any written communication primarily expressing a grievance. Agents, brokers and adjusters shall maintain any written communications received by them which express a grievance for a period of two years from receipt, with a record of their disposition, which shall be available for examination by the commissioner at any time.

(11) Misrepresentation in insurance applications: making false or fraudulent statements or representations on or relative to an application for an insurance policy, for the purpose of obtaining a fee, commission, money, or other benefit from any insurers, agent, broker, or individual.

(12) Any violation of sections one hundred eighty-one, one hundred eighty-two, one hundred eighty-three, one hundred eighty-seven B, one hundred eighty-seven C, one hundred eighty-seven D, one hundred eighty-nine, one hundred ninety-three E, or one hundred ninety-three K of chapter one hundred seventy-five.

Section 4. No person may: (*a*) require, as a condition precedent to the lending of money or extension of credit, or any renewal thereof, that the person to whom such money or credit is extended or whose obligation the creditor is to acquire or finance, negotiate any policy or contract of insurance through a particular insurer or group of insurers or agent or broker or group of agents or brokers;

(*b*) unreasonably disapprove an insurance policy provided by a borrower for the protection of property securing a credit or lien. Such disapproval shall be deemed unreasonable if it is not based solely on reasonable standards uniformly applied, relating to the extent of coverage required and the financial soundness and the services of an insurer. Such standards shall not discriminate against any particular type of insurer, nor shall such standards call for the disapproval of an insurance policy because such policy contains coverage in addition to that required;

(*c*) require, directly or indirectly, that any borrower, mortgagor, purchaser, insurer, broker, or agent pay a separate charge to substitute the insurance policy of one insurer for that of another. Interest on premium loans or premium advancements in accordance with a security instrument shall not be considered such a separate charge; or

(*d*) use or disclose information resulting from a requirement that a borrower, mortgagor or purchaser furnish insurance of any kind or real property being conveyed or used as collateral security to a loan, when such information is to the advantage of the mortgagee, vendor, or lender, or is to the detriment of the borrower, mortgagor, purchaser, insurer, or the agent or broker complying with such a requirement.

For the purposes of this section, "person" includes any individual, corporation, association, partnership, or other legal entity whatsoever.

Section 5. The commissioner shall have the power to examine and investigate into the affairs of every person engaged in the business of insurance in this commonwealth in order to determine whether such person has been or is engaged in any unfair method of competition or in any unfair or deceptive act or practice prohibited by section two.

Section 6. Whenever the commissioner shall have reason to believe that any such person has engaged or is engaging in this commonwealth in any unfair method of competition or any unfair or deceptive act or practice whether or not defined in sections three or four and that a proceeding by him in respect thereto would be to the interest of the public, he shall issue and serve upon such person a statement of the charges in that respect and a notice of a hearing thereon to be held at a time and place fixed in the notice, which shall not be less than twenty-one days after the date of the service thereof.

At the time and place fixed for such hearing, such person shall have an opportunity to be heard and to show cause why an order should not be made by the commissioner requiring such person to cease and desist from the acts, methods or practices so complained of. Upon good cause shown, the commissioner shall permit any person to intervene, appear and be heard by counsel or in person.

Nothing contained in this chapter shall require the observance at any such hearing of formal rules of pleading or evidence.

The commissioner, upon such hearing, may administer oaths, examine and crossexamine witnesses, receive oral and documentary evidence, and shall have the power to subpoena witnesses, compel their attendance, and require the production of books, papers, records, correspondence, or other documents which he deems relevant to the inquiry. The commissioner upon such hearings, may, and upon the request of any party shall, cause to be made a stenographic record of all the evidence and all the proceedings had at such hearing. If no stenographic record is made and if a judicial review is sought, the commissioner shall prepare a statement of the evidence and proceeding for use on review. In case of a refusal of any person to comply with any subpoena issued hereunder or to testify with respect to any matter concerning which he may be lawfully interrogated, the superior court of Suffolk county or the county where such party resides, on

application of the commissioner, may issue an order requiring such person to comply with such subpoena and to testify; and any failure to obey any such order of the court may be punished by the court as a contempt thereof.

Statements of charges, notices, orders, and other processes of the commissioner under this chapter may be served by anyone duly authorized by the commissioner, either in the manner provided by law for service of process in civil actions, or by registering and mailing a copy thereof to the person affected by such statement, notice, order, or other process at his or its residence or principal office or place of business. The verified return by the person so serving such statement, notice, order, or other process, setting forth the manner of such services, shall be proof of the same, and the return postcard receipt for such statement, notice, order or other process, registered and mailed as aforesaid, shall be proof of the service of the same.

Section 7. If after such hearing, the commissioner shall determine that the person charged has engaged in an unfair or deceptive act or practice he shall reduce his findings to writing and shall issue and cause to be served upon the person charged with the violation a copy of such findings and an order requiring such person to cease and desist from engaging in such method of competition, act or practice and if the act or practice is a violation of sections three or four, the commissioner may suspend or in the case of repeated violations revoke the license of such a party and impose conditions for the reinstatement thereof. In addition whoever commits such an act or practice shall be punished by a fine of not more than one thousand dollars for each and every act or practice.

In any action to recover on an insurance policy, a court may award punitive damages, in addition to the amount of the claim, not to exceed twenty-five per cent of said claim if the court finds that the party seeking to recover on the insurance policy has been damaged by a violation of sections three or four that has been determined such by the commissioner.

Until the expiration of the time allowed under section eight for filing a petition for review if no such petition has been filed within such time or, if a petition for review has been filed within such time, then until the transcript of the record in the proceeding has been filed in the supreme judicial court, as hereinafter provided, the commissioner may at any time, upon such notice and in such manner as he shall deem proper, modify or set aside in whole or in part any order issued by him under this section.

After the expiration of the time allowed for filing such a petition for review if no petition has been duly filed within such time, the commissioner may at any time, after notice and opportunity for hearing, reopen and alter, modify or set aside, in whole or in part, any order issued by him under this section, whenever in his opinion conditions of fact or of law have so changed as to require such action or if the public interest shall so require.

Section 8. Any person required by an order of the commissioner under section six to cease and desist from engaging in any unfair method of competition or any unfair or deceptive act or practice may obtain a review of such order by filing in the supreme judicial court,

within thirty days from the date of the service of such order, a written petition praying that the order of the commissioner be set aside. A copy of such petition shall be forthwith served upon the commissioner, and thereupon the commissioner forthwith shall certify and file in such court a transcript of the entire record in the proceeding, including all the evidence taken and the report and order of the commissioner. Upon such filing of the petition and transcript such court shall have jurisdiction of the proceeding and of the question determined therein, shall determine whether the filing of such petition shall operate as a stay of such order of the commissioner, and shall have power to make and enter upon the pleadings, evidence, and proceedings set forth in such transcript a decree modifying, affirming or reversing the order of the commissioner, in whole or in part. The findings of the commissioner as to the facts, if supported by a fair preponderance of the evidence, shall be conclusive.

To the extent that the order of the commissioner is affirmed the court shall thereupon issue its own order commanding obedience to the terms of such order of the commissioner. If either party shall apply to the court for leave to adduce additional evidence, and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the commissioner, the court may order such additional evidence to be taken before the commissioner and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The commissioner may modify his findings of fact, or make new findings by reason of the additional evidence so taken, and he shall file such modified or new findings which if supported by a fair preponderance of the evidence, shall be conclusive, and his recommendation, if any, for the modification or setting aside of his original order, with the return of such additional evidence.

A cease and desist order issued by the commissioner under section six shall become final:—

(1) Upon the expiration of the time allowed for filing a petition for review if no such petition has been duly filed within such time; except that the commissioner may thereafter modify or set aside his order to the extent provided in section six; or

(2) Upon the final decision of the court if the court directs that the order of the commissioner be affirmed or the petition for review dismissed.

No order of the commissioner under this chapter or order of a court to enforce the same shall in any way relieve or absolve any person affected by such order from any liability under any other laws of this commonwealth.

Section 9. If after any hearing under sections six or ten the report of the commissioner does not charge a violation of this chapter, then any intervenor in the proceedings may within thirty days after the service of such report, cause a petition to be filed in the supreme judicial court for a review of such report. Upon such review, the court shall have authority to issue appropriate orders and decrees in connection therewith, including, if the court finds that it is to the interest of the public, orders enjoining and restraining the

continuance of any method of competition, act or practice which it finds, notwithstanding such report of the commissioner, constitutes a violation of this chapter and containing penalties pursuant to section seven.

Section 10. Any person who violates a cease and desist order of the commissioner under section seven after it has become final, and while such order is in effect, shall forfeit and pay to the commonwealth a sum not to exceed ten thousand dollars for each violation, which sum may be recovered in a civil action. Upon order of the commissioner such person shall be subject to suspension or revocation of such person's license or such other relief as is reasonable and appropriate.

Section 11. The commissioner may in accordance with provisions of chapter thirty A, after notice and hearing, promulgate reasonable rules and regulations, as are necessary or proper to identify specific methods of competition or acts or practices which are prohibited by sections three or four but the regulations shall not enlarge upon or extend the provisions of said sections.

Section 12. The powers vested in the commissioner by this chapter, shall be additional to any other powers to enforce any penalties, fines or forfeitures authorized by law with respect to the methods, acts, and practices hereby declared to be unfair or deceptive.

Section 13. If any person shall ask to be excused from attending and testifying or from producing any books, papers, records, correspondence or other documents at any hearing on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture, and shall notwithstanding be directed to give such testimony or produce such evidence, he must nonetheless comply with such direction, but he shall not thereafter be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may testify or produce evidence thereto, and no testimony so given or evidence produced shall be recived against him upon any criminal action, investigation or proceeding, provided, however, that no such individual so testifying shall be exempt from prosecution or punishment for any perjury committed by him while so testifying and the testimony or evidence so given or produced shall be admissible against him upon any criminal action, investigation or proceeding concerning such perjury, nor shall he be exempt from the refusal, revocation or suspension of any license, permission or authority conferred, or to be conferred, pursuant to the insurance law of this commonwealth. Any such individual may execute, acknowledge and file in the office of the commissioner a statement expressly waiving such immunity or privilege in respect to any transaction, matter or thing specified in such statement and thereupon the testimony of such person or such evidence in relation to such transaction, matter or thing may be received or produced before any judge or justice, court, tribunal, grand jury or otherwise, and if so received or produced such individual shall not be entitled to any immunity or privilege on account of any testimony he may so give or evidence so produced.

Section 14. If any provision of this chapter, or the application of such provision to any person or circumstances, shall be held invalid,

the remainder of the chapter, and the application of such provision to person or circumstances other than those as to which it is held invalid, shall not be affected thereby.

SECTION 2. Section one hundred and ninety-three O of chapter one hundred and seventy-five of the General Laws is hereby repealed.

Approved June 29, 1972.

The action may be brought in the superior court of the county in which such person resides or has his principal place of business, or the action may be brought in the superior court of Suffolk county with the consent of the parties or if the person has no place of business within the commonwealth. SECTION 5. Upon receipt by the city clerk or town clerk of each of the cities and towns set forth in section one of a recommendation that a regional vocational school district be established and of a proposed agreement therefor submitted in accordance with the provisions of sections one to three, inclusive, of this act, such city clerk and town clerk shall cause the question of accepting the provisions of this act to be placed on the ballot to be used at the state election in the year nineteen hundred and seventy-two, in substantially the following form:

"Shall the city (town) accept the provisions of an act passed by the General Court in the year nineteen hundred and seventy-two, providing for the establishment of a regional vocational school district by the cities of Beverly, Gloucester, Salem and Peabody and the towns of Boxford, Danvers, Essex, Hamilton, Lynnfield, Manchester, Marblehead, Middleton, Rockport, Swampscott, Topsfield and Wenham, and the construction, maintenance, and operation of a vocational regional school or schools by the said district in accordance with a proposed agreement filed with the clerks of said cities and towns?"

If a majority of the registered voters in four or more of the municipalities voting on this question shall vote in the affirmative, this act shall become fully effective, and the proposed regional vocational school district comprising the cities and towns which accepted this act as herein provided, shall be deemed to be established forthwith in accordance with the terms of the agreement so adopted, notwithstanding any defect or omission in the creation or organization of any vocational regional school district planning committee or of the vocational regional school district planning board; provided, however, that this act shall not take effect and said district shall not be deemed to be established unless the four or more municipalities voting to accept this act had an aggregate public school enrollment in grades nine to twelve, inclusive, on October first, nineteen hundred and seventy-one of at least seven thousand five hundred.

SECTION 6. The regional school district established under the provisions of section five shall be a body politic and corporate with all

the powers and duties conferred by law upon school committees, and with the following additional powers and duties:—

(a) To adopt a name and a corporate seal, and the engraved or printed facsimile of such seal on a bond or note of the district shall have the same validity and effect as though such seal were impressed thereon.

(b) To sue and be sued, but only to the same extent and upon the same conditions that a city or town may sue or be sued.

(c) To acquire property within the municipalities comprising the district under the provisions of chapter seventy-nine and section fourteen of chapter forty of the General Laws, for the purposes of the district, and to construct, reconstruct, add to, remodel, make extraordinary repairs to, equip, organize and operate a school or schools for the benefit of the municipalities comprising the district, and to make any necssary contracts in relation thereto.

(d) To incur debt for the purpose of acquiring land and constructing, reconstructing, adding to, and equipping a school building or buildings for a term not exceeding twenty years or for the purpose of remodeling and making extraordinary repairs to a school building or buildings or for sewage disposal or for any other purpose for which a school district may borrow money for a term not exceeding ten years; provided, however, that any indebtedness so incurred shall not exceed an amount approved by the emergency finance board; and provided, further, that no such indebtedness shall be incurred unless approved by the procedure described in either paragraph (1) or paragraph (2) of this clause, as selected by the district committee, in accordance with and subject to the agreement made under section three:

(1) Written notice of the amount of the debt and of the general purposes for which it was authorized shall be given to the city council of each member city and to the board of selectmen in each of the member towns comprising the district not later than seven days after the date on which said debt was authorized by the district committee; and no debt may be incurred until the expiration of thirty days from the date said debt was authorized by the district committee. If, prior to the expiration of said period, the city council of any member city expresses disapproval of the amount authorized by the district committee, or any member town expresses such disapproval by vote of a majority of the voters present and voting on the matter at a town meeting, said debt shall not be incurred and the district school committee shall prepare another proposal which may be the same as any prior proposal and an authorization to incur debt therefor.

(2) The vote of the district committee authorizing the debt may be approved by a majority of the registered voters in the member municipalities voting on the question at an election called and held in the manner prescribed herein. The election shall be called by a warrant addressed to the registered voters in the member cities and towns and signed by a majority of the members of the district committee which shall set forth the date of the election, the polling place or places in each city and town, the hours during which the polls are to be open and the question which is to appear upon the ballot.

Notice of the election shall be given by posting a copy of the warrant attested by the secretary of the committee in at least one public place in each city and town and by publishing a copy thereof at least once in a newspaper of general circulation in the district, said posting and publishing to occur at least ten days before said election. A certificate of the secretary shall be conclusive evidence that the warrant was duly posted and published. The number and location of the polling place, or places, in each city and town shall be determined by the district committee after consultation with the city clerk or town clerk of each said city or town; and the hours during which all the polls in the district are open shall be uniform throughout the district and shall be not less than four nor more than eight consecutive hours. The district committee shall prepare the ballots used at the election. The city clerk or town clerk of each city and town shall certify the results of the election to the district committee. The expenses of the election shall be paid by the regional school district as an operating expense of the district; and if provision for said payment is not included in the budget for the year in which it is incurred, the district committee may use any available funds of the district or may transfer the sums required from appropriations included in the budget. The defeat of a proposal for incurring debt shall not prevent the resubmission of the same proposal as a new authorization.

(e) To issue bonds and notes in the name and upon the full faith and credit of said district; said bonds or notes shall be signed by the chairman and treasurer of the district committee, except that said chairman by a writing bearing his written signature and filed in the office of said treasurer, which writing shall be open to public inspection, may authorize said treasurer to cause to be engraved or printed on said bonds or notes a facsimile of said chairman's signature, and such facsimile so engraved or printed shall have the same validity and effect as said chairman's written signature, and each issue of bonds or notes shall be a separate loan.

(f) To receive and disburse funds for any district purpose.

(l) To employ an administrator who meets the qualifications for a director of a state aided vocational school as established by the division of vocational education of the department of education, and

said administrator shall have all the powers and duties imposed upon school superintendents by law.

(m) To adopt an annual operating and maintenance budget, not later than December first.

SECTION 7. The powers, duties and liabilities of the regional school district shall be vested in and exercised by a regional district school committee organized in accordance with the agreement. The committee shall choose a chairman and a vice chairman by ballot from its membership. The vice chairman shall, in the absence of the chairman, exercise the powers and perform the duties of said chairman. It shall appoint a secretary and a treasurer who may be the same person, but who need not be members of said committee. The treasurer shall receive and take charge of all money belonging to the district, and shall pay any bill of the district which shall have been approved by the committee. The committee may appoint an assistant treasurer who need not be a member of the committee, and who shall, in the absence of the treasurer, perform his duties and shall have the powers and be subject to the requirements and penalties applicable to him. The city or town treasurer, as the case may be, shall pay the amount so appropriated or any amount ordered to be assisted by court decree to said district at the time or times specified in the agreement.

SECTION 9. The regional school district shall be subject to all laws pertaining to school transportation; and when the agreement provides for the furnishing of transportation by the regional school district, the commonwealth shall reimburse such district to the full extent of the amounts expended for such transportation, except that no such reimbursement shall be made for transportation of any pupil who resides less than one and one half miles, measured by a commonly traveled route, from the district school which he attends. The state treasurer shall annually, on or before November twentieth, pay to the regional school district from the Local Aid Fund, subject to appropriation, the sums required for such reimbursement and ap-

proved by the commissioner of education. There shall be allocated from the Local Aid Fund such sums as said commissioner shall certify as necessary for the payment of such reimbursement.

SECTION 10. Each municipality comprising the regional school district shall continue to receive state aid for educational purposes in the amount to which it would be entitled if such district had not been formed, and such regional school district shall be entitled to receive state aid for construction of regional schools.

The director shall apportion the cost among the several municipalities which are members of the district on the basis provided by section three, and submit the amounts of each apportionment to the state treasurer who shall issue his warrant requiring the assessors of the municipalities which are members of the district to assess a tax to the amount of the expense, and such amounts shall be collected and paid to the state treasurer as provided by section twenty of chapter fifty-nine of the General Laws.

SECTION 12. No municipality in the regional school district shall be liable for any obligation imposed on any other municipality in said district by authority of this act, or of any agreement thereunder, any other provision of law to the contrary notwithstanding.

SECTION 13. The members of the aforesaid emergency finance board when acting under this act shall receive from the commonwealth compensation to the same extent as provided under section eighty-seven of chapter eight hundred and one of the acts of nineteen hundred and sixty-three.

In the event there is a general revaluation of the assessed valuation of real property in any town of the district, the fair value of the land determined above shall be increased or decreased in the same proportion that the aggregate value of all assessed real properties in the town are increased or decreased.

SECTION 9. The district by a two-thirds vote of the board, in accordance with section two, is authorized to issue, from time to time, general obligation serial bonds or notes of the district to pay for the costs of capital outlays in connection with the disposing of refuse and other solid wastes of its members including the construction, acquisition and major rehabilitation of incinerators, sanitary landfills, necessary equipment, and such other facilities as may be required and including land damages and costs of demolition of existing structures on land so acquired.

Said bonds shall be issued in such amount or amounts as the district acting by and through the board may determine and the district may refund any such bonds or notes. Such serial bonds or notes may be callable with or without premium and shall contain such terms and conditions, bear such rate or rates of interest, be sold in such manner, at public or private sale, and mature at such times and in such amounts so that the amount of such annual payment in any year on account of such debts, so far as issued, shall not be less than the amount of principal payable in any subsequent year; and provided that each issue of such bonds or notes shall be payable in annual installments, the first of which shall be payable not later than two years after its date and the last of which shall be payable not later than twenty years from said date.

If the board votes to issue serial bonds or notes, said board may authorize the issuance, in name of the district, of general obligation temporary notes for a period of not more than two years in anticipation of the money to be received from the sale of such serial bonds or notes. The time within which such serial notes or bonds shall be payable shall not be extended by reason of the making of such temporary loans beyond the time fixed in the order authorizing such serial bonds or notes.

For the purpose of paying expenses of operation, including, without limitation, any principal or interest due or about to become due on any bond or note issued by the district for which funds are not available, the board, by two-thirds vote, in accordance with section two, in the name of the district may issue, from time to time, general obligation temporary notes of the district in anticipation of assessments levied against the members of said district in the year which such notes are issued.

Temporary notes in anticipation of assessments shall be payable not more than one year from their date and shall not exceed in principal amount at any one time outstanding the amount of the assessments in anticipation of which they are issued.

Temporary notes issued under this section for a shorter period than the maximum permitted may be renewed by the issuance of other temporary notes maturing within the required period; provided that the period from the date of issue of the original temporary note to the date of maturity of the renewal note shall not exceed the maximum period for which the original temporary note may have been issued. Such temporary notes or renewal notes may be sold at discount or with interest payable at or at and before maturity.

Notes or bonds authorized by this section shall be signed by the treasurer and countersigned by the chairman of the board and serial notes and bonds shall have the district seal affixed.

Indebtedness incurred under this section shall not be included in computing the limit of indebtedness of any town included in the district.

SECTION 10. The board shall annually determine the amounts required for the payment of debt and interest of the district which will be due in the ensuing financial year on account of debt issued for the cost of original construction of existing incinerators, sanitary landfills, necessary equipment and associated facilities, and said amount shall be apportioned among the participating member towns in the ratio of their particular populations to the total population of the district, according to the latest federal census.

The board shall annually determine the amounts required for the payment of debt and interest of the district which will be due in the ensuing financial year on account of debt issued for the cost of construction of additional incinerators, sanitary landfills, necessary equipment, and other works as may be required, and said amount shall be apportioned among the participating member towns as calculated by formulas and standards established by the board.

Upon acceptance of the provisions of this act by an eligible town not previously a member, the apportionments on account of debt and interest charges, as set forth in the two preceding paragraphs, shall be recalculated by the board consistent with the provisions of the two respective paragraphs.

The cost of the maintenance and operation of the district and its works, exclusive of principal payments and interest on bonds and notes issued for construction purposes, shall, until such time as the refuse disposal facilities shall have been in regular operation for a period of three calendar years, be apportioned among the member towns in the ratio of their particular populations to the total population of the district, according to the latest federal census.

After the refuse disposal facilities shall have been in regular operation for a period of the three calendar years, the board shall apportion costs of maintenance and operation to the member towns on the basis of the weighed volume of the previous year entering the district's refuse disposal facilities from each member. Upon acceptance of this act by an eligible town not previously a member and until said town shall have participated in the district's refuse disposal facility for a period of three calendar years, the allocation of its maintenance and operation costs shall be calculated on the basis of population in the manner described in this section, the remaining cost then being allocated to the remaining members on the basis of weighed volume in the manner also described in this section. Cost calculations for periods of less than a full year shall be prorated in accordance with the number of calendar days for which they are applicable.

SECTION 11. The board shall annually determine the amounts required for the payment of principal and interest on such bonds and notes issued or to be renewed by the district which will be due during the ensuing financial year and shall apportion the amounts as determined among the several members of the district in accordance with the provisions of this act, shall also annually determine the amounts necessary to be raised to maintain and operate the district during said year including capital outlay items, the cost of which is not to be funded and for all other matters for which the district is

required to raise money and shall apportion among the several members of the district the amounts so determined in accordance with the provisions of this act. Each amount so apportioned for each member shall, prior to December the thirty-first in each year, be certified by the board to the assessors of each member town. The assessors of each member town shall without further vote include each amount as certified in those amounts to be annually raised by taxes under section twenty-three of chapter fifty-nine of the General Laws. The town treasurer shall pay the amount so certified to the treasurer of the district on or before July the first of the then taxable year.

A town which has been assessed shall raise the amounts certified annually by the district to the assessors of each town, as provided in this act, through equitable and proportional charges against inhabitants, corporations and other users of the service rendered by the district in each town.

Nothing in the procedure for arbitration authorized in section eleven A shall relieve any treasurer of each town from making timely payments to the treasurer of the district of the full amounts assessed.

SECTION 11A. In the event that within ninety days of the receipt by the board of assessors of each town of any assessment as determined and apportioned above, the board of selectmen of the town, by resolution, may question any fact used in the formulas for determination of the total amount to be apportioned or the apportionment thereof to the town and request a review thereof by the board.

The board shall forthwith cause a review of such apportionment and shall publish its findings no later than thirty calendar days from the receipt of such request.

The board or the aggrieved town may, by resolution adopted no later than ninety calendar days from the receipt of such findings, submit the questions raised to a fact finding board of arbitration of three persons, not residents of the district, one to be appointed by the aggrieved member, one to be appointed by the board and one to be appointed by the state auditor. The three persons so appointed shall consider all pertinent data, make such audits, examinations, inquiries and surveys as they deem necessary, and shall submit a finding, which shall be binding on all parties. The cost of such arbitration, if any, shall be paid by the district as an expense of the then current year and assessed to the district and the aggrieved member in a proportion to be determined by the finding. If such finding shall result in an adjustment of the apportionment of the assessment to any town, such adjustment shall be made by the board in the next annual apportionment to be certified to the respective board of assessors.

SECTION 12. To meet the cost of construction, maintenance and operation of the works authorized by this act, the district may file application for or accept and use any federal or state funds or any federal or state assistance, or both, provided therefor under any federal or state law or accept and use any funds from other sources.

SECTION 13. At any time not less than eight years after the acceptance of this act by a member town, said member town may, after approval by two-thirds of the qualified voters present and voting

at any annual or special town meeting, notify the board of its desire to withdraw from the district. Such withdrawal shall become effective in not less than two years after receipt of such notice by the board. In the event of such withdrawal, the withdrawing member shall:

1. Continue to pay annually to the district its share of the debt outstanding at the time of withdrawal, at the rate prevailing at the time of withdrawal, until its share of such debt shall be paid in full,

2. be allowed to purchase from the district such facilities as it may desire and which the board by two-thirds vote may agree to sell,

3. be reimbursed by the district for the fair value of the land used for such facilities as will remain under the jurisdiction of the district. Such reimbursement may be made in equal installments, with interest at three per cent, annually over the remaining life of the bonded debt outstanding at the time of withdrawal.

Value of any facilities involved in such purchase or reimbursement shall be determined in accordance with methods described in chapter seventy-nine of the General Laws.

SECTION 14. Upon the establishment of the district all employees of the participating towns whose employment is directly related to projects to be taken over by the district may be transferred to the district and shall continue to perform the same duties at a salary not less than theretofore and every employee so transferred who immediately prior to such transfer was subject to section nine A of chapter thirty or to chapter thirty-one of the General Laws under a permanent appointment and who has served a probationary period shall continue to serve subject to the provisions of said section nine A of chapter thirty or to sections forty-three and forty-five of said chapter thirty-one as the case may be; whether or not thereafter reclassified, and shall retain all rights to holidays, sick leave and vacations in effect on the effective date of this act; provided, that any person transferred who was not subject to said section nine A or said chapter thirty-one and persons appointed after the effective date of this act shall not be subject to said section nine A of chapter thirty or to any provisions of said chapter thirty-one.

Every employee who upon transfer to the district is covered by the group insurance provided by chapter thirty-two B of the General Laws shall continue in uninterrupted coverage and all other employees of the district are hereby likewise made eligible for said group insurance to the same extent as if they were employees of the commonwealth; provided, that the district's share of the cost of such insurance shall, with respect to the employees of the district, be borne by said district. The district shall forward its contribution, together with all amounts withheld from the salaries or wages of its employees as provided in paragraph (a) of section eight of said chapter thirty-two A and all amounts paid by an employee as provided in paragraph (b) of said section eight, to the state employees group insurance commission at such time and in such manner as said commission may prescribe.

Every employee who immediately prior to being transferred to the district by this section is a member of the retirement system of their town shall have their retirement rights transferred into the state retirement system. All other employees of the district shall be required

to become members of the state retirement system in the same manner and subject to the same laws, rules and regulations as persons entering the employ of the commonwealth. The district shall deduct from the wages of its employees and pay over to the state retirement board, such sums as the commonwealth or towns would deduct and pay over if such person were an employee of the commonwealth or town; and at such times as the commissioner of insurance shall from time to time prescribe, the district shall pay to the state retirement board such sums as said commissioner shall from time to time determine the town would be obliged to pay if such person were its employee.

Every person who immediately prior to being transferred to the district was subject to the provisions of sections fifty-six to sixty, inclusive, of chapter thirty-two of the General Laws, shall continue subject to the provisions of said sections; provided, however, that the words "retiring authority", as used in said section shall mean the board of said district; and provided further, that the amount of all retirement allowances payable under said sections by virtue of this act shall be paid by the district, and the town shall reimburse the district for its proportionate share of the amounts as paid.

SECTION 15. This act may be submitted for approval at any annual or special town meeting of the towns eligible for membership as listed in section one. The question placed on the warrant of such meeting shall be in the form of the following question:—"Shall an act passed by the General Court in the year nineteen hundred and seventy-two entitled 'An Act establishing the French-Quinebaug Regional Refuse Disposal District', be accepted?" Such a vote shall be a standing vote of at least a majority of those present and voting.

The provisions of this act shall not take effect until acceptance by at least two towns. Additional towns may by the acceptance of the provisions of this act join as members of the district as provided in section one.

The initial organization of the board representing the district shall take place within one hundred and eighty days after said required acceptance. If the board does not organize itself and form the district within one hundred and eighty days, the action of the town meetings accepting the provisions of this act shall be null and void.

SECTION 16. Nothing contained in this act shall be interpreted to authorize the board to construct, operate or maintain the local refuse collection system of each town in the district.

Chap. 601. AN ACT FURTHER REGULATING WATER POLLUTION ABATEMENT DISTRICT COMMISSIONS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to further regulate the approval of plans for water pollution abatement, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 29 of chapter 21 of the General Laws, as appearing in chapter 150 of the acts of 1970, is hereby amended by striking out the second paragraph and inserting in place thereof the following paragraph: —

The district commission shall consist of two members from each town included in whole or in part in the district selected by the board of selectmen of such town and two members from each city included in the district selected by the city council. If only part of a town is included in the district, at least one of the two members so selected shall, unless impracticable, be a resident in the part so included; provided, however, that whenever a town or city has a population exceeding twenty thousand persons resident within such district, the board of selectmen or the mayor, but in the case of the city having a Plan D or Plan E charter the city manager, shall, if the resident population does not exceed fifty thousand persons, designate one additional person, or, if it exceeds fifty thousand persons, two additional persons, to serve as members of the district commission.

SECTION 2. Said chapter 21 is hereby further amended by striking out section 30, as amended by section 4 of chapter 873 of the acts of 1967, and inserting in place thereof the following section: —

Section 30. A district commission (1) may act by a majority vote of the full commission, (2) shall adopt by-laws and regulations for the conduct of its affairs, (3) shall adopt a name and a corporate seal, (4) may sue and be sued, (5) may enter into contracts, (6) may incur expenses in order to carry out its purposes, (7) may issue bonds and notes as hereinafter provided, (8) may acquire, dispose of and encumber real and personal property for the purposes of the district, (9) may manage, control and supervise abatement facilities, (10) may construct, acquire, improve and maintain and operate abatement facilities, (11) may exercise the power of eminent domain under chapter seventy-nine, (12) shall provide revenue to carry out the purposes of the district, in accordance with sections thirty-five and thirty-six, (13) may apply for, accept and receive financial assistance from the federal government and from the commonwealth. Abatement facilities, hereinafter called facilities, shall include facilities for the purpose of treating, neutralizing, or stabilizing sewage and such industrial and other wastes as are disposed of by means of the facilities, including treatment or disposal plants, the necessary intercepting, outfall and outlet sewers, pumping stations integral to such facilities and sewers, equipment and furnishings thereof and their appurtenances.

SECTION 3. Section 32 of said chapter 21, as amended by section 6 of said chapter 873, is hereby further amended by adding the following paragraph: —

The division shall not approve a plan unless it finds that such plan includes a method or formula for apportioning among the several cities

and towns and parts of towns in the district the amounts required by the district for payment of both capital outlay costs and maintenance and operating costs which the division deems just and equitable. Such a formula may consist in whole or in part of fixed percentages assigned to each city, town or part of a town within the district as their respective shares of the amounts required by the district or may be based in whole or in part upon any one or a combination of two or more of the following factors: (*a*) population; (*b*) equalized valuation; (*c*) flow and characteristics of the wastes contributed; (*d*) any other factor deemed appropriate for the purpose by the division. *Approved July 9, 1972.*

Chap. 602. AN ACT ESTABLISHING EDUCATION SCHOLARSHIPS FOR CERTAIN CHILDREN OF PRISONERS OF WAR OR SERVICEMEN MISSING IN ACTION IN SOUTHEAST ASIA.

Be it enacted, etc., as follows:

Chapter 69 of the General Laws is hereby amended by inserting after section 7E, inserted by section 1 of chapter 712 of the acts of 1966, the following section: —

Section 7F. Said scholarships shall be awarded by the board of higher education from sums appropriated for scholarship programs to each such child who is a graduate of a high school within the commonwealth and who qualifies for entrance to the Lowell Technological Institute, Southeastern Massachusetts Technological Institute, the University of Massachusetts, the state colleges, or the regional community colleges. The amount of such scholarship shall be equal to the amount of tuition charged by the institution attended. Said scholarship shall continue for such time as the recipient thereof remains a student in good standing at such institution, but in no event shall any student receive such scholarship aid for more than four years. *Approved July 9, 1972.*

Chap. 603. AN ACT ESTABLISHING THE UPPER WARE RIVER REGIONAL REFUSE DISPOSAL DISTRICT.

Be it enacted, etc., as follows:

SECTION 1. The towns of Barre, Hardwick, New Braintree, Oakham, and Petersham by vote in a town meeting, may, subject to conditions hereinafter enumerated, establish a regional refuse disposal district which shall be a body corporate and be known as the Upper Ware River Regional Refuse Disposal District, hereinafter called the district. There shall be no limit of time upon the date of acceptance of the provisions of this act.

For the purposes of this act, "refuse" shall be defined as follows: discarded solid materials, including solid waste materials resulting from industrial, commercial, agricultural, community and domestic activities.

Kinds of materials shall include but not be limited to garbage, rubbish, ashes, brush, street refuse, dead animals, abandoned automobiles, industrial wastes, demolition wastes, construction wastes, hazardous and special wastes; but shall not include solids or dissolved material in domestic sewage or other significant pollutants in water resources, such as silt, dissolved or suspended solids in industrial waste water effluent, dissolved materials in irrigation return flow or other common water pollutants.

After the initial organization of the Upper Ware River Regional Refuse Disposal Board, as provided in section two, additional eligible members shall require a majority vote of the board in order to become participating members.

SECTION 2. The district shall be under the management and control of a board which is hereby established and shall be known as the Upper Ware River Regional Refuse Disposal Board, hereinafter called the board.

The board shall consist of members from and representing each town that has voted to accept the provisions of this act and is a member of the district. Membership shall be determined on the basis of population. There shall be one board member for each community and one additional member for each population increment of fifteen hundred over an initial base of one thousand, according to the latest federal census. Official actions shall require an affirmative vote of at least three-fourths of the board members.

The members of the board from the towns shall be appointed by a board of selectmen or the town manager in those towns with a town manager form of government, in accordance with each community's applicable provisions of law. Members appointed to the board shall be residents of the area which they represent and may be municipal officers or employees. Members of the board shall be appointed by the appointing authorities as follows: the first representative from any member town shall be appointed for a term of three years, the second, if required, for a term of two years, the third, if required, for a term of one year. Any additional representatives required shall each be appointed for terms of three years. Each member shall serve until the qualification of a successor. After initial appointments, members shall be appointed for terms of three years and until their successors have been qualified. Board members may be reappointed. Vacancies shall be filled for the unexpired portion of the term.

SECTION 3. The board shall appoint and determine the compensation of an engineer director who shall administer the affairs and direct the engineering work of the district as approved by the board. The board shall set forth the powers and duties of the engineer director in its by-laws. The engineer director may, upon approval of the board, enter into contracts for professional or construction services to be provided to the district by private contractors. The engineer director shall be skilled in sanitary engineering practice and a registered professional engineer as defined by section eighty-one D of chapter one hundred and twelve of the General Laws, provided, however, a person eligible for registration under the provisions of said section eighty-one D may be appointed acting engineer director and may serve in that capacity.

SECTION 4. The district shall have a seal consisting of a circular die bearing the words "Commonwealth of Massachusetts, Upper Ware

River Regional Refuse Disposal District, 19—", which seal may be used whenever deemed advisable by the board on papers and documents issued or executed by the board or by any officer or employee designated by the board.

SECTION 5. The board shall prepare and adopt by-laws describing and stipulating its organization and operations. The board members shall meet annually in the month of April, select a chairman, vice chairman, and a secretary from among the membership who shall act as an executive committee. The chairman, vice chairman and secretary of the board may receive compensation from the district, which shall not exceed five hundred dollars per year. Board members may be reimbursed for actual expenses incurred in performance of their duties on approval of the board.

The board may appoint and may at its pleasure remove a treasurer and a clerk, who shall not be members of the board. Both offices, if the board deems it advisable, may be held by the same person. The treasurer shall give to the board a bond payable to the district with a surety company authorized to transact business within the commonwealth and satisfactory to the board as surety in such sums as the board may prescribe and conditioned on the faithful performance of his duties. The duties of the treasurer and clerk shall be those usually appertaining to said offices, respectively, and in addition such as may from time to time be prescribed by the board. The compensation of the treasurer and of the clerk shall be determined by the board. The board may retain legal counsel for any and all appropriate purposes.

The engineer director, with the approval of the board, shall from time to time appoint or employ such other engineers and such experts, agents, officers, clerks, and other employees as he deems necessary and shall determine their duties. The salaries or compensation of all persons appointed or employed under authority of this section shall be determined by the board and together with other expenses shall be paid by the district and shall be considered a part of the expense of maintenance of the district.

The board shall establish an office in which its business may be conducted and at which maps, plans, documents, records, and other paper relating to its business, land and other works and property in its charge shall be kept.

It shall at all times keep full and accurate accounts of its receipts, expenditures, assets and liabilities.

The board shall make a report each year of its activities for the preceding year and shall, prior to February first, submit a copy to the participating towns. The report shall also be submitted to the department of public health and the Central Massachusetts Regional Planning Commission.

SECTION 6. The board, acting for and on behalf of said district, may take by eminent domain under chapter seventy-nine of the General Laws, or acquire by purchase or otherwise, any lands, property, rights-of-way or easements, public or private, in said district, necessary for accomplishing any purpose mentioned in this act.

The board, acting for the district, shall purchase, construct, maintain, operate, lease or otherwise contract for such incinerators, sanitary landfills, necessary equipment or any other facilities as may be required for disposing of refuse and other solid wastes of said district. The board

may make contracts or requirements as it may deem necessary for the proper operation of such facilities. No facilities shall be constructed until plans have been approved by the local board of health, under the provisions of section one hundred and fifty A of chapter one hundred and eleven of the General Laws. Any construction, reconstruction, or extension of disposal facilities shall be referred to the Central Massachusetts Regional Planning Commission for an advisory opinion as to the proposed facilities relationship to regional and inter-community consideration and to its coordination with existing local and regional proposals.

No land may be purchased or otherwise acquired as a site for the disposal of refuse and other solid wastes without the approval of the local board of health and the department of public health. In no case shall two successive sanitary landfill site selections be made in the same town. The district shall be required to rotate the location of such sites among its member communities when a prior site has been filled to capacity and has been in use for a minimum of ten years.

The board may sell by negotiation to the participating members of the district any property, including land, acquired by it hereunder and which in its opinion is no longer needed in the performance of the powers and duties conferred and imposed on it by this act; provided, however, any land is first made available to the town in which it is located, and in the case of equipment, members shall have a priority of bid purchase at a reasonable price. The board also may from time to time lease any property which in its opinion is not then needed by it for the purposes of this act. The board may enter upon any lands for the purposes of making surveys, borings, and may take by eminent domain under said chapter seventy-nine, or acquired by purchase or otherwise, the right to temporarily occupy any land necessary for the carrying out of the said purposes.

SECTION 7. The board shall, for the proper and reasonable operation of its works, make regulations as to the quantity and character of any refuse discharged into any disposal facility under its control. The board may prohibit the handling of any industrial refuse if the board determines such refuse may interfere with or damage the disposal facility or otherwise interfere with its maintenance or operation. The board shall cause the disposal of such refuse in its own or contracted for special facilities. Special charges may be levied against the producer of such refuse for such disposal by the board.

SECTION 8. No lands, rights-of-way or other easements, property, structures, or rights acquired by the district, as herein provided, and located in any town included in the district shall be assessed or taxed by the municipality if yielding no rent, but the district shall annually on July the first pay to the town an amount equal to the tax it would receive upon the fair value of the land in the current year, which shall not include buildings or structures. In the event there is a general revaluation of the assessed valuation of real property in any town of the district, the fair value of the land determined above shall be increased or decreased in the same proportion that the aggregate value of all assessed real properties in the town are increased or decreased.

SECTION 9. The district by a three quarters vote of the board, in accordance with section two, is authorized to issue, from time to time, general obligation serial bonds or notes of the district to pay for the

costs of capital outlays in connection with the disposing of refuse and other solid wastes of its members including the construction, acquisition and major rehabilitation of incinerators, sanitary landfills, necessary equipment and such other facilities as may be required and including land damages and costs of demolition of existing structures on land so acquired.

Said bonds shall be issued in such amount or amounts as the district acting by and through the board may determine and the district may refund any such bonds or notes. Such serial bonds or notes may be callable with or without premium and shall contain such terms and conditions, bear such rate or rates of interest, be sold in such manner, at public or private sale, and mature at such times and in such amounts so that the amount of such annual payments in any year on account of any such debts, so far as issued, shall not be less than the amount of principal payable in any subsequent year; and provided that each issue of such bonds or notes shall be payable in annual installments, the first of which shall be payable not later than two years after its date and the last of which shall be payable not later than twenty years from said date.

If the board votes to issue serial bonds or notes, said board may authorize the issuance, in name of the district, of general obligation temporary notes for a period of not more than two years in anticipation of the money to be received from the sale of such serial bonds or notes. The time within which such serial notes or bonds shall be payable shall not be extended by reason of the making of such temporary loans beyond the time fixed in the order authorizing such serial bonds or notes.

For the purpose of paying expenses of operation, including, without limitation, any principal or interest due or about to become due on any bond or note issued by the district for which funds are not available, the board, by a three quarters vote in accordance with section two, in the name of the district may issue, from time to time, general obligation temporary notes of the district in anticipation of assessments levied against the members of said district in the year which such notes are issued.

Temporary notes in anticipation of assessments shall be payable not more than one year from their date and shall not exceed in principal amount at any one time outstanding the amount of the assessments in anticipation of which they are issued.

Temporary notes issued under this section for a shorter period than the maximum permitted may be renewed by the issuance of other temporary notes maturing within the required period; provided that the period from the date of issue of the original temporary note to the date of maturity of the renewal note shall not exceed the maximum period for which the original temporary note may have been issued. Such temporary notes or renewal notes may be sold at discount or with interest payable at or at or before maturity.

Notes or bonds authorized by this section shall be signed by the treasurer and countersigned by the chairman of the board and serial notes and bonds shall have the district seal affixed.

Indebtedness incurred under this section shall not be included in computing the limit of indebtedness of any town included in the district.

SECTION 10. The board shall annually determine the amounts required for the payment of debt and interest of the district which will be

due in the ensuing financial year on account of debt issued for the cost of original construction of existing incinerators, sanitary landfills, necessary equipment and associated facilities, and said amount shall be apportioned among the participating member towns in the ratio of their particular populations to the total population of the district, according to the latest federal census.

The board shall annually determine the amounts required for the payment of debt and interest of the district which will be due in the ensuing financial year on account of debt issued for the cost of construction of additional incinerators, sanitary landfills, necessary equipment, or any other works as may be required, and said amount shall be apportioned among the participating member towns as calculated by formulas and standards established by the board.

Upon the acceptance of this act by an eligible town not previously a member, the apportionments on account of debt and interest charges, as set forth in the two preceding paragraphs, shall be recalculated by the board consistent with the provisions of the two respective paragraphs.

The cost of the maintenance and operation of the district and its works, exclusive of principal payments and interest on bonds and notes issued for construction purposes, shall, until such time as the refuse disposal facilities shall have been in regular operation for a period of three calendar years, be apportioned among the member towns in the ratio of their particular populations to the total population of the district, according to the latest federal census.

After the refuse disposal facilities shall have been in regular operation for a period of three calendar years, the board shall apportion costs of maintenance and operation to the member towns on the basis of the weighed volume of the previous year entering the district's refuse disposal facilities from each member. Upon acceptance of this act by an eligible town not previously a member and until said town shall have participated in the district's refuse disposal facility for a period of three calendar years the allocation of its maintenance and operation costs shall be calculated on the basis of population in the manner described in this section, the remaining cost then being allocated to the remaining members on the basis of weighed volume in the manner also described in this section. Cost calculations for periods of less than a full year shall be prorated in accordance with the number of calendar days for which they are applicable.

SECTION 11. The board shall annually determine the amounts required for the payment of principal and interest on such bonds and notes issued or to be renewed by the district which will be due during the ensuing financial year and shall apportion the amounts as determined among the several members of the district in accordance with the provisions of this act, shall also annually determine the amounts necessary to be raised to maintain and operate the district during said year including capital outlay items, the cost of which is not to be funded and for all other matters for which the district is required to raise money and shall apportion among the several members of the district the amounts so determined in accordance with the provisions of this act. Each amount so apportioned for each member shall, prior to December the thirty-first in each year, be certified by the board to the assessors of each member town. The assessors of each member town shall without further vote include each amount as certified in those amounts to

be annually raised by taxes under section twenty-three of chapter fifty-nine of the General Laws. The town treasurer shall pay the amount so certified to the treasurer of the district on or before July the first of the then taxable year.

A town which has been assessed shall raise the amounts certified annually by the district to the assessors of each town, as provided in this act, through equitable and proportional charges against inhabitants, corporations and other users of the service rendered by the district in each town.

Nothing in the procedure for arbitration authorized in section eleven A shall relieve any treasurer of each town from making timely payments to the treasurer of the district of the full amounts assessed.

SECTION 11A. In the event that within ninety days of the receipt by the board of assessors of each town of any assessment as determined and apportioned above, the appropriate legislative body of the town, by resolution, may question any fact used in the formulas for determination of the total amount to be apportioned or the apportionment thereof to the town and request a review thereof by the board.

The board shall forthwith cause a review of such apportionment and shall publish its findings no later than thirty calendar days from the receipt of such requests.

The board or the aggrieved town may, by resolution adopted no later than ninety calendar days from the receipt of such findings, submit the questions raised to a fact finding board of arbitration of three persons, not residents of the district, one to be appointed by the aggrieved member, one to be appointed by the board and one to be appointed by the state auditor. The three persons so appointed shall consider all pertinent data, make such audits, examinations, inquiries and surveys as they deem necessary, and shall submit a finding, which shall be binding on all parties. The cost of such arbitration, if any, shall be paid by the district as an expense of the then current year and assessed to the district and the aggrieved member in a proportion to be determined by the finding. If such finding shall result in an adjustment of the apportionment of the assessment to the town, such adjustment shall be made by the board in the next annual apportionment to be certified to the respective board of assessors.

SECTION 12. To meet the cost of construction, maintenance and operation of the works authorized by this act, the district may file application for, or accept and use, any federal or state funds or any federal or state assistance, or both, provided therefor under any federal or state law, or accept and use any funds from other sources.

SECTION 13. At any time not less than eight years after the acceptance of this act by a member town, said member town may, after approval by two-thirds of the qualified voters present and voting at any annual or special town meeting, notify the board of its desire to withdraw from the district. Such withdrawal shall become effective in not less than two years after receipt of such notice by the board. In the event of such withdrawal, the withdrawing member shall:

1. continue to pay annually to the district its share of the debt outstanding at the time of withdrawal, at the rate prevailing at the time of withdrawal, until its share of such debt shall be paid in full;

2. be allowed to purchase from the district such facilities as it may desire and which the board by majority vote may agree to sell; and

3. be reimbursed by the district for the fair value of the land used for such facilities as will remain under the jurisdiction of the district. Such reimbursement may be made in equal installments, with interest at three per cent, annually over the remaining life of the bonded debt outstanding at the time of withdrawal.

Value of any facilities involved in such purchase or reimbursement shall be determined in accordance with methods described in chapter seventy-nine of the General Laws.

SECTION 14. Upon the establishment of the district all employees of the participating towns whose employment is directly related to projects to be taken over by the district may be transferred to the district and shall continue to perform the same duties at a salary not less than theretofore and every employee so transferred who immediately prior to such transfer was subject to section nine A of chapter thirty or to chapter thirty-one of the General Laws under a permanent appointment and who has served a probationary period shall continue to serve subject to the provisions of said section nine A of chapter thirty or sections forty-three and forty-five of said chapter thirty-one as the case may be; whether or not thereafter reclassified, and shall retain all rights to holidays, sick leave and vacations in effect on the effective date of this act; provided, that any person transferred who was not subject to said section nine A of said chapter thirty-one and persons appointed after the effective date of this act shall not be subject to said section nine A of chapter thirty or to any provisions of said chapter thirty-one.

Every employee who upon transfer to the district is covered by the group insurance provided by chapter thirty-two B of the General Laws shall continue in uninterrupted coverage and all other employees of the district are hereby likewise made eligible for said group insurance to the same extent as if they were employees of the commonwealth; provided, that the districts share of the cost of such insurance shall, with respect to the employees of the district, be borne by said district. The district shall forward its contribution, together with all amounts withheld from the salaries or wages of its employees as provided in paragraph (a) of section eight of said chapter thirty-two A and all amounts paid by an employee as provided in paragraph (b) of said section eight, to the state employees group insurance commission at such time and in such manner as said commission may prescribe.

Every employee who immediately prior to being transferred to the district by this section is a member of the retirement system of their town or county shall have their retirement rights transferred into the state retirement system. All other employees of the district shall be required to become members of the state retirement system in the same manner and subject to the same laws, rules and regulations as persons entering the employ of the commonwealth. The district shall deduct from the wages of its employees and pay over to the state retirement board such sums as the commonwealth or town would deduct and pay over if such person were an employee of the commonwealth or town; and at such times as the commissioner of insurance shall from time to time prescribe, the district shall pay to the state retirement board such sums as said commissioner shall from time to time determine the town would be obliged to pay if such person were its employee.

Every person who immediately prior to being transferred to the district was subject to the provisions of sections fifty-six to sixty, inclusive,

of chapter thirty-two of the General Laws shall continue subject to the provisions of said sections; provided, however, that the words "retiring authority", as used in said section, shall mean the board of said district; and provided further, that the amount of all retirement allowances payable under said sections by virtue of this act shall be paid by the district, and the town shall reimburse the district for its proportionate share of the amounts as paid.

SECTION 15. This act may be submitted for approval at any annual or special town meeting of the towns eligible for membership as provided in section one. The question placed on the warrant of such meeting shall be in the form of the following question: "Shall an act passed by the General Court in the year nineteen hundred and seventy-two entitled 'An Act Establishing the Upper Ware River Regional Refuse Disposal District', be accepted?" Such a vote shall be a standing vote of at least a majority of those present and voting.

The provisions of this act shall not take effect until acceptance by at least two towns. Additional towns may by the acceptance of the provisions of this act join as members of the district as provided in section one.

The initial organization of the board representing the district shall take place within one hundred and eighty days after said required acceptance. If the board does not organize itself and form the district within one hundred and eighty days, the action of the town meetings accepting the provisions of this act shall be null and void.

SECTION 16. Nothing contained in this act shall be interpreted to authorize the board to construct, operate or maintain the local refuse collection system of each town in the district. *Approved July 9, 1972.*

Chap. 604. AN ACT CREATING THE INDUSTRIAL AND COMMERCIAL ECONOMIC DEVELOPMENT CORPORATION OF HAVERHILL.

Be it enacted, etc., as follows:

SECTION 1. In this act, unless a contrary intention clearly appears, the following words shall have the following meanings: —

(*a*) "City", the city of Haverhill.

(*b*) "Corporation", the Industrial and Commercial Economic Development Corporation of Haverhill created by section three.

SECTION 2. It is hereby declared that unused, decadent or blighted open areas exist in parts of the city of Haverhill zoned for industrial, commercial or manufacturing uses; that each such area constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of the city; that each such area constitutes an economic liability, substantially impairs or arrests the sound growth of the city, and retards the economic well-being of the commonwealth; that each such area decreases the value of private investments and threatens the sources of public revenue; that redevelopment of each such area in accordance with an economic development plan for the elimination of substandard conditions and the prevention of their recurrence is necessary to retain existing industries, attract new industries, and commercial development and promote the sound economic growth of the city; that the menace of such unused, decadent or blighted open areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids herein provided; that the acquisition of property for the purpose of eliminating unused, decadent, substandard, or blighted open conditions therein, preventing recurrence of such conditions in the area, the removal of structures and improvement of sites for manufacturing and industrial uses, the disposition of the property for redevelopment incidental to the foregoing, the exercise of powers by the corporation and any assistance which may be given by the city, or any other public body in connection therewith are public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the acquisition, planning, clearance, development, rehabilitation or rebuilding of such unused, decadent and blighted open areas for industrial, commercial, or manufacturing purposes, are public uses and benefits for which private property may be acquired by eminent domain or regulated by wholesome and reasonable orders, laws and directions and for which public funds may be expended for the good and welfare of the city and of this commonwealth.

It is hereby further found and declared that there exists in the city a condition of substantial and persistent unemployment and underemployment which cause hardship to many individuals and families, waste vital human resources, increase the public assistance burdens, impair the security of family life, impede the economic and physical development of the city and adversely affect the welfare and prosperity of the people; that unemployment and under-employment have been caused in part by industrial, commercial and manufacturing companies moving from the city; that many existing industrial, commercial and manufacturing facilities within the city are obsolete and inefficient; that such facilities are under-utilized or vacated, thereby creating additional unemployment; that such obsolescence and abandonment of existing facilities are causing serious injury to the economy of the city;

that the manufacturing, commercial and industrial sector of the economy provides the best opportunity for better jobs at higher wages for inhabitants of the city; that new industrial, commercial and manufacturing sites are required to attract and house new industries and commercial developments, and to retain existing industries in need of expansion space; that the unaided efforts of private enterprise have not provided and cannot provide the necessary industrial and commercial sites within the urban environment due to problems encountered in the assembly of suitable building sites, the provision of adequate public services, the unavailability of private capital for development, and the inability of private enterprise alone to plan, finance and coordinate industrial development projects.

SECTION 3. There is hereby created a public body politic and corporate, to be known as the Industrial and Commercial Economic Development Corporation of Haverhill, in this act called the corporation, which shall be an instrumentality of the commonwealth, consisting of seven members appointed by the mayor of the city subject to confirmation by the city council. At least one member shall be experienced in financial matters, one in real estate matters, and one in municipal government; and at least one member shall be representative of low income people and shall be chosen from a list of three submitted by the local or regional community action agency where such exists, and from a list of three submitted by the commissioner of the department of community affairs where no community action agency exists. The mayor shall designate one of the seven members as chairman, and another as vice-chairman. Each of the seven members shall be sworn to the faithful performance of his official duties as a member of the corporation. A majority of the seven members shall constitute a quorum for the transaction of any business, but the action of a majority of the entire membership shall be required for any transaction. For the purposes of section eleven A of chapter thirty A of the General Laws, the corporation shall be deemed to be an authority established by the general court to serve a public purpose in the commonwealth.

Of the members of the corporation first appointed, two shall be appointed to serve for one year from the first day of July in the current year, two for two years from said date, and three for three years from said date. Upon the expiration of the term of office of any such member, or of any subsequent member, his successor shall be appointed in like manner for a term of three years. In the event of a vacancy in the office of a member, his successor shall be appointed in like manner to serve for the unexpired term. Unless reappointed, no member of the corporation shall hold office after the expiration of his term; and the appointment of a successor to any person whose term has expired shall be for the remainder of the term which would have begun at such expiration if the successor had then been appointed.

Any member may be removed by the mayor for malfeasance, misfeasance, or wilful neglect of duty, but only after reasonable notice and a public hearing, unless the same are in writing expressly waived, and after approval by the department. For the purposes of chapter two hundred sixty-eight A of the General Laws, the members of the corporation shall be deemed to be special municipal employees.

Before the issuance of any bonds under the provisions of this act, each member of the corporation shall execute a surety bond with a surety

company authorized to transact business in this commonwealth as surety, in the penal sum of fifty thousand dollars conditioned upon the faithful performance of the duties of his office, each such surety bond to be approved by the city solicitor of the city and filed in the office of the state secretary. The members of the corporation shall receive no compensation for the performance of their duties hereunder; but each member shall be reimbursed for expenses actually incurred in the performance of his duties. Every such reimbursement shall be open to public inspection from and after the requisition therefor.

SECTION 4. The members of the corporation shall adopt a corporate seal for the corporation, and designate the custodian thereof; may from time to time appoint and at pleasure remove a director, a clerk, a treasurer or such other officers of the corporation as they may deem necessary, and may determine their duties and their compensation, which shall be paid by the corporation; shall cause at all times accurate accounts to be kept of all receipts and expenditures of the funds of the corporation; and shall make a report annually in December to the mayor, the city council, the city clerk of the city, and the department and the secretary containing an abstract of such accounts and detailed information of all receipts and expenditures, including prices paid for land purchased or taken and any buildings constructed thereon, contracts for construction of facilities and for the leasing thereof, and such other detailed information as may be deemed helpful.

The offices of treasurer and clerk of the corporation may be held by the same person. The corporation shall cause an audit of its books and accounts to be made at least once in each fiscal year by certified public accountants and the cost thereof shall be treated as an item of current expense. Except as otherwise provided in this act, the corporation shall have full power to exercise care of its property and the management of its business and affairs, and to sell and convey any real estate or other property not needed for its business or affairs, by deed or other instrument sealed with the corporate seal, signed and acknowledged by a majority of the members, or in like manner to authorize such sale and conveyance by any of its officers or agents. The treasurer shall give bond for the faithful performance of his duties, with a surety company authorized to do business in this commonwealth as surety, in such sum as the members may determine, the premium therefor to be paid by the corporation. Chapter thirty-one of the General Laws or any rule made thereunder shall not apply to any person employed or engaged by the corporation.

SECTION 5. The corporation is hereby authorized:

(*a*) To sue and be sued in its own name, and plead and be impleaded.

(*b*) To adopt by-laws for the regulation of its affairs and the conduct of its business, and to alter the same at its pleasure.

(*c*) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, and to employ consulting engineers, superintendents, managers, and such other engineers, construction and accounting experts and attorneys and such other employees, agents and consultants as may be necessary in its judgment, and to fix their compensation.

(*d*) To receive and accept from any federal agency or the commonwealth or the city grants, loans or advances for or in aid of an economic

development project or projects and to receive and accept contributions from any source of either money, property, labor or other things of value, to be held, used and applied for the purposes for which such grants, loans, advances and contributions may be made. The city may borrow outside its debt limit to obtain money for grants to the corporation, with the approval of the department and the secretary.

(*e*) To borrow money, and, from time to time, to make, accept endorse, execute, and issue bonds, debentures, promissory notes, bills of exchange, and other obligations of the corporation for moneys borrowed or in payment for property acquired or for any of the other purposes of the corporation, and to secure the payment of such obligations by mortgage, pledge, deed, indenture, agreement, or other instrument of trust, or by other lien upon, assignment of, or agreement in regard to all or any part of the property, rights, or privileges of the corporation.

(*f*) To issue revenue bonds of the corporation, payable solely from revenues, for the purpose of paying all or any part of the cost of a project or projects, except that the city may, upon request by the corporation, decide to pledge its full faith and credit to the solvency of a corporation.

(*g*) To invest any funds not required for immediate use or disbursement in certificates of deposit or in obligations of the government of the United States or in obligations the payment of the principal of, and interest on, which is guaranteed by the government of the United States.

(*h*) To provide such advisory services and technical assistance as may be desirable to carry out the purposes of the act.

(*i*) To prepare or cause to be prepared plans, designs, drawings, specifications and estimates of cost for the construction, reconstruction, development, redevelopment, rehabilitation, remodeling, alteration or repair of an economic development project and from time to time modify such plans, designs, drawings, specifications, and estimates.

(*j*) To finance pollution control facilities in the same manner provided by this chapter for economic development projects, in which event all provisions of this chapter which are applicable to economic development projects apply to the pollution control facilities, insofar as such provisions are apt, except as otherwise provided.

(*k*) To designate areas of the city as economic development areas, subject to the approval of the city council, the mayor, the department and the secretary.

(*l*) To acquire and hold by bequest, devise, grant, gift, purchase, exchange, lease, judicial order or decree, or otherwise, for any of its objects and purposes, any property, either real or personal, or any interest therein; and without limiting the generality of the foregoing, to acquire by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain in accordance with the provisions of chapter seventy-nine or chapter eighty A of the General Laws in so far as such provisions may be applicable following approval by the department and the secretary, such private lands, or any interest therein, as it may deem necessary for carrying out the provisions of this act or for providing for the relocation of persons and businesses displaced as a result of carrying out an economic development plan. The provisions of section forty of said

chapter seventy-nine shall apply to any taking by the corporation, except that the security therein required shall be deposited with the collector-treasurer of the city and shall be in an amount at least twenty-five per cent higher than the aggregate average assessed valuations in the three previous calendar years of all real estate to be taken by eminent domain. Prior to the approval of an economic development plan by the city council, the mayor, the department and the secretary, the corporation shall niether acquire any property nor institute any proceeding under chapter eighty A, except for purposes of relocation; provided, however, that if an economic development plan contemplates the taking of eminent domain of lands particularly described therein, and if the said plan is approved by the city council, the mayor, the department and the secretary, the date as of which the value of such lands shall be determined for eminent domain purposes shall be the date on which the said economic development plan was first submitted to the city council.

(*m*) To make relocation payments to persons and businesses displaced as a result of carrying out an economic development plan, including such payments on a pro tanto basis.

(*n*) To procure insurance against any loss in connection with its property and other assets and operations in such amounts and from such insurers as it deems desirable.

(*o*) To clear and improve property acquired by it, and to engage in or contract for the construction, reconstruction, development, redevelopment, rehabilitation, remodeling, alteration or repair thereof.

(*p*) To arrange or contract with the city for the planning, replanning, opening, grading or closing of streets, roads, alleys or other places or for the furnishing of facilities or for the acquisition by the city of property or property rights or for the furnishing of property or services in connection with a project or projects.

(*q*) To sell, convey, mortgage, lease, transfer, option, exchange or otherwise dispose of, any property, either real or personal, or any interest therein, as the objects and purposes of the corporation may require, subject to such limitations as may be prescribed by law.

(*r*) To loan on mortgages, including purchase money mortgages, on real estate and personal property within economic development areas, to foreclose the same when in default, and to bid for and purchase property at any foreclosure or other sale; and in such event, to deal with such property, in such manner as may be necessary or desirable to protect the interests of the corporation therein.

(*s*) To manage any project whether owned or leased by the corporation and to enter into agreements with the commonwealth or the city or any agency or instrumentality thereof or with any person, firm, partnership or corporation either public or private for the purpose of causing any project to be managed.

(*t*) To act with respect to one or more projects as a corporation organized under section three or section eighteen B of chapter one hundred twenty-one A of the General Laws; provided that the accounts for each project shall be kept separately, and the income of one project shall be expended upon or for the benefit of any project.

(*u*) To borrow money for the purposes of aiding in the construction of equipment required by the commonwealth or the United States to abate air or water pollution.

(*v*) To do all acts and things necessary or convenient to carry out the powers expressly granted in this act.

The corporation is hereby directed to pay the reasonable relocation costs of persons and businesses displaced as a result of carrying out an economic development plan as authorized by clause (*m*); provided, that the corporation shall not be required hereby to pay or contribute to the payment of such costs of any relocatee in excess of twenty-five thousand dollars.

SECTION 6. No economic development project shall be undertaken until (*a*) a public hearing relating to the development plan covering such project has been held by the corporation after due notice, and (*b*) the development plan has been approved by the mayor and the city council, except that if within ninety days after the submission of an economic development plan to the city council for approval, the city council has not voted to disapprove it, such plan shall be deemed to have been approved by the city council, and (*c*) the department and secretary have approved the development plan. If no economic development project covered by an economic development plan is commenced within seven years after the approval of such plan, the approval of such plan shall lapse.

Every economic development plan submitted to the city council for approval under this act (*i*) shall require that every person occupying the whole or any part of the economic development area covered by such plan during the period of forty years after the approval of such plan shall make every reasonable effort, in employing persons in his business, to give to the fullest practicable extent preference to residents of the city, and (*ii*) shall be accompanied by a report on such plan by the planning agency of the city to whom such plan shall have been submitted before its submission to the city council, by a statement of the proposed method for financing each project covered by such plan by a comprehensive relocation plan and by such other information as the corporation deems advisable.

Notice of the public hearing required by the first paragraph of this section shall be given by the corporation to (1) such persons, groups and organizations as have requested in writing that such notice be given them, (2) the department and the secretary every public agency, whether of the city or of the commonwealth, likely in the judgment of the corporation to have an actual or potential interest in the development plan, and (3) the state senator and the state representatives for every representative district of the city. In the course of preparing a development plan, the corporation shall consult with each of the aforesaid so far as in the judgment of the corporation it is practicable.

If an economic development plan is approved by the city council and the mayor, the corporation shall have the powers and duties imposed by this act to undertake and carry out the economic development projects covered by such plan. The corporation shall not be required to submit an economic development plan so approved to the department of community affairs of the commonwealth for further approval.

SECTION 7. Except as provided herein, rents and charges for services or facilities furnished or supplied by the corporation shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the commonwealth or any political subdivision thereof, and, if derived from a project in connection with which

revenue bonds have been issued, shall, with all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of the bonds or in the trust agreement, but including such part thereof as may be necessary to provide such reserves for the payment of the principal of and the interest on said revenue bonds as may be provided for in such resolution or trust agreement, and including also the proceeds of any sales by the corporation of property within the project area, be set aside at such regular intervals as may be provided for in such resolution or trust agreement, in a sinking fund which is hereby pledged to and charged with the payment of (1) the interest upon such bonds as such interest shall fall due, (2) the principal of the bonds as the same shall fall due, (3) the necessary charges of paying agents for paying principal and interest, and (4) the redemption price or the purchase price of bonds retired by call or purchase as therein provided; provided, however, that the secretary may from time to time promulgate rules and regulations governing the conduct of business and affairs of the corporation, in accordance with the provisions of chapter thirty A of the General Laws.

SECTION 8. The corporation shall be liable in contract or in tort in the same manner as a private corporation. The members, employees, officers and agents of the corporation shall not be liable as such on its contracts or for torts not committed or directly authorized by them. The property or funds of the corporation shall not be subject to attachment or to levy and sale on execution, but if the corporation refuses to pay a judgment entered against it in any court of competent jurisdiction, the superior court, sitting within and for the county of Essex may, by writ of mandamus, direct the treasurer of such agency to pay such judgment. The real estate of the corporation shall not be subject to liens under chapter two hundred fifty-four of the General Laws, but the provisions of sections twenty-eight and twenty-nine of chapter one hundred forty-nine of the General Laws shall be applicable to any construction work by the corporation.

SECTION 9. The real estate and tangible personal property of the corporation shall be deemed to be public property used for essential public and governmental purposes and shall be exempt from taxation and from betterments and special assessments; provided, that in lieu of such taxes, betterments and special assessments, the city may determine a sum to be paid to the city annually in any year or period of years, such sum to be in any year not in excess of the amount that would be levied at the then current tax rate upon the average of the assessed value of such real estate, including buildings and other structures, for the three years preceding the year of acquisition thereof, the valuation for each year being reduced by all abatements thereon.

The city may, however, agree with the corporation upon the payments to be made to the city or the corporation may make and the city may accept such payments the amount of which shall not in either case be subject to the foregoing limitation. The last paragraph of section six and all of section seven of chapter fifty-nine of the General Laws shall, so far as apt, be applicable to payments under this section.

Nothing in this act shall be construed to prevent the taxation to the same extent and in the extent and in the same manner as other real

estate is taxed, of real estate acquired by the corporation for an economic development project and sold by it, or the taxation to the same extent and in the same manner as real estate of the commonwealth is taxed, of real estate so acquired by the corporation and leased by it; provided, however, that real estate so acquired by the corporation and sold or leased to an urban redevelopment corporation or other entity operating under chapter one hundred twenty-one A of the General Laws, or to an insurance company or savings bank or group of savings banks operating under said chapter, shall be taxed as provided in said chapter and not otherwise.

The corporation and the debentures, revenue bonds and revenue refunding bonds issued under the provisions of this act, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation by the commonwealth or any subdivision thereof.

SECTION 10. To provide funds for the general purposes of the corporation, including working capital, the corporation may from time to time issue debentures; provided, however, that such debentures outstanding at any one time shall not exceed five million dollars unless specifically approved by the department and the secretary. Such debentures unless otherwise authorized by law shall not be deemed to constitute a debt of the commonwealth or of the city or a pledge of the faith and credit of the commonwealth or of the city, and shall be subordinated to all other obligations of the corporation and shall be payable at such time or times and such installments, if any, as the corporation shall determine, but solely out of the net assets of the corporation; and the holders thereof shall be entitled to interest thereon but only out of the net earnings of the corporation, and in no event at a rate higher than the rate specified therein.

Such debentures may be secured by a trust agreement by and between the corporation and a corporate trustee, which shall be located within the commonwealth and shall be a trust company or bank having the powers of a trust company. Such trust agreement shall contain such provisions for protecting and enforcing the rights and remedies of the debenture holders as may be reasonable and proper and not in violation of law. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth which may act as depository under such trust agreement to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Such trust agreement shall set forth the rights and remedies of the debenture holders and of the trustee, and may restrict the individual right of action by debenture holders. In addition to the foregoing, such trust agreement may contain such other provisions as the corporation may deem reasonable and proper for the security of the debenture holders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as an item of current expense. Debentures issued under the provisions of this act must be first approved by the department and the secretary.

SECTION 11. The city may raise and appropriate, or may borrow, or may agree with the corporation or with the federal government or the commonwealth to raise and appropriate or to borrow, in aid of the corporation, such sums as may be necessary to carry out the purposes and powers of the corporation including defraying part or all of the develop-

ment, acquisition and operating costs of any project; provided, however, that the city shall not borrow, nor agree to borrow as aforesaid unless authorized by a vote of two thirds of all the city councillors passed only after two separate readings and by two separate votes, the second of such readings and votes to be had not less than fourteen days after the first. Indebtedness of the city authorized under this section, if approved by the Department and the Secretary shall be outside the limit of indebtedness prescribed in section ten of chapter forty-four of the General Laws, and shall be payable within twenty years and otherwise subject to sections sixteen to twenty-seven, inclusive, of said chapter forty-four; provided, however, that the total amount of indebtedness of the city outstanding at any one time under this section and clauses (1), (2), and (4) of section twenty of chapter one hundred twenty-one B of the General Laws, shall not exceed five per cent of the city's equalized valuation as defined in section one of said chapter forty-four. Indebtedness incurred under this act shall be subject to approval under section twenty-two of said chapter one hundred twenty-one B in like manner as indebtedness incurred under said section twenty.

SECTION 12. The corporation, subject to approval by the department and the secretary, is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of revenue bonds of the corporation for the purpose of paying all or any part of the cost of a project or projects. The principal of and interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rates, and shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the corporation, and may be made redeemable before maturity, at the option of the corporation, at such price or prices and under such terms and conditions as may be fixed by the corporation prior to the issuance of bonds. The corporation, subject to approval by the department and the secretary, shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the commonwealth. In case any officer whose signature or a simile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The bonds may be issued in coupon or registered form, or both, as the corporation may determine and provision may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The corporation may, subject to the approval of the department and the secretary, sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the corporation.

The proceeds of such bonds shall be used solely for the payment of the cost of the project or projects, and shall be disbursed in such manner and under such restrictions, if any, as the corporation may provide. Prior to the preparation of definitive bonds, the corporation may, under

like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The corporation may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Revenue bonds may be issued under the provisions of this act subject only to those preceedings, conditions or things which are specifically required by this act.

The corporation, subject to the approval by the department and the secretary, is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the corporation for the purpose of refunding any revenue bonds then outstanding and issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the corporation, for the additional purpose of constructing or reconstructing any extensions or improvements of the project. The issue of such bond the maturities and other details thereof, the rights of the holders thereof, and the duties of the corporation in respect of the same shall be governed by the provisions of this act in so far as the same may be applicable.

While any bonds issued by the corporation remain outstanding, the powers, duties or existence of the corporation shall not be diminished or impaired in any way that will affect adversely the interests and rights of the holders of such bonds.

Revenue and revenue funding bonds issued under the provisions of this section, unless otherwise authorized by law, shall not be deemed to constitute a debt of the commonwealth or of the city or a pledge of the faith and credit of the commonwealth or of the city, but such bonds shall be payable solely from the funds herein provided therefor from revenues. In the event that the corporation, or municipality or commonwealth is not obliged to pay said revenue and revenue refunding bonds, then, and in that event, all such revenue and revenue refunding bonds shall contain on the face thereof a statement to the effect that neither the corporation nor the commonwealth nor the municipality shall be obliged to pay the same or the interest thereon except from revenues and that neither the faith and credit nor taxing power of the commonwealth or of the municipality is pledged to the payment of the principal or of the interest on such bonds.

All revenue refunding bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments as defined in section 3–104 of the Uniform Commercial Code.

SECTION 13. In the discretion of the corporation such revenue bonds or revenue refunding bonds may be secured by a trust agreement by and between the corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the commonwealth. Such trust agreement may pledge or assign the revenue to be received, but shall not convey or mortgage any project or part thereof.

Either the resolution providing for the issuance of bonds or such trust agreement may contain such provisions for protection and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies

in the event thereof, which may include the acceleration of maturities, and covenants setting forth the duties of, and limitations on, the corporation in relation to the acquisition, construction, improvement, enlargement, alteration, equipping, furnishing, maintenance, operation, repair, insurance and disposition of property, the custody, safeguarding, investment and application of moneys, the use of any surplus bond or note proceeds and the establishment of reserves. Such resolution or trust agreement may also contain covenants by the corporation in relation to, among other things, (*a*) the establishment, revision and collection of such rents and charges for services or facilities furnished or supplied by the corporation as shall provide revenues sufficient with other revenues of the project, if any, to pay (*i*) the cost of maintaining, repairing and operating the project and making renewals and replacements in connection therewith, (*ii*) the principal of and the interest on said revenue bonds as the same shall become due and payable, (*iii*) payments in lieu of taxes, betterments, and special assessments, and (*iv*) reserves for all of such purposes, (*b*) the purpose or purposes for which the proceeds of the sale of the bonds will be applied and the use and disposition thereof, (*c*) the use and disposition of the gross revenues of the corporation from the project, any additions thereto and extensions and improvements thereof, including the creation and maintenance of funds for working capital and for renewals and replacements to the project, (*d*) the amount, if any, of additional revenue bonds payable from the revenues of the project and the limitations, terms and conditions on which such additional revenue bonds may be issued, and (*e*) the operation, maintenance, management, accounting and auditing of the project and of the income and revenues of the corporation. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth to act as depository of the proceeds of bonds or of revenues and to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, such trust agreement may contain such other provisions as the corporation may deem reasonable and proper for the security of the bondholders. In making this computation the clerk shall use the last state census.

If the initial computation requires a decrease in a precinct's representation all town meeting members in the precinct may serve for the full term for which they were elected, and the decrease shall be brought about over a period of three years through the election for a three year term at each of the next three town elections for one third of the number of town meeting members to which the precinct is then entitled. During this interim period, vacancies created by retirement, death, removal or the like shall not be filled unless the remaining membership elected from the precinct for the same term would be below one third of the number to which the precinct is then entitled.

(*d*) Except as is otherwise specifically provided in this section, the registered voters of each precinct shall, at each annual town election elect for a term of three years one third of the number of town meeting members to which the precinct is then entitled, and shall at such elections fill for the unexpired term any vacancy then existing in the precinct. Any defendant in a district court of Worcester county found guilty of an offense or crime over which the district courts have original jurisdic-

tion under the provisions of section twenty-six may appeal and claim a jury of six in the central district court of Worcester.

Such claim of appeal shall be in writing and shall constitute a waiver of any claim of appeal to a trial by jury in the superior court or other disposition in said superior court.

Any defendant found guilty in any of said district courts, of an offense or crime over which the district courts have original jurisdiction under the provisions of section twenty-six who has appealed to the superior court may, in the discretion of a justice of the superior court, at any time before trial on such appeal, claim a jury of six in the district court designated in paragraphs one through ten of this section. Such claim shall be in writing and shall constitute a waiver of any right to a trial by a jury in the superior court or other disposition in said superior court. When a claim for a trial by a jury of six has been made under the provisions of this paragraph, the clerk of the superior court shall forthwith forward to the clerk of the said district court all the papers in the case which have been filed in the superior court.

The district attorney for the district in which the alleged offense or offenses occurred shall appear for the commonwealth in all cases. In the event of a trial by a jury of six in a district court, review may be had directly by the supreme judicial court by a bill of exceptions, appeal, report or otherwise, in the same manner provided for trials by jury in the superior court. The defendant may elect to waive a jury of six in the manner provided by section six of chapter two hundred and sixty-three, but such waiver shall not revive any right to a trial by jury or other disposition in the superior court which had been waived under the provisions of the eleventh or twelfth paragraphs, of this section.

Such permit shall be renewed by the board for a period of two years, upon application by such certificate holders and registrants, subject to the provisions of section eighty-seven C and upon payment of a biennial renewal fee of an amount to be determined from time to time by the

board, not to exceed fifteen dollars per year. Failure of a certificate holder or registrant to apply for such biennial permit to practice within four years from the expiration date of the permit to practice last obtained or renewed, or four years from the date upon which the certificate holder or registrant was granted his certificate or registration, if no permit was ever issued to him, shall deprive him of the right to such permit, unless the board, in its discretion, determines such failure to have been due to good cause. In any case in which the permit could have been issued, but was not, the renewal or issuance fee, as the case may be, shall equal the aggregate of the biennial permit fees for the periods for which no permit was issued, but in no case shall this exceed ninety dollars.

SECTION 3. Section 87C of said chapter 112, as so appearing, is hereby amended by striking out paragraphs (*c*) and (*d*) and inserting in place thereof the following two paragraphs:—

(*c*) The board shall revoke the registration of a partnership or a professional corporation registered as certified public accounts under section eighty-seven A or as public accountants under the laws of the commonwealth if at any time it does not have all the qualifications prescribed by the provisions of law under which it qualified for registration, and the board may revoke or suspend any such registration of a partnership or a professional corporation or may revoke, suspend or refuse to renew any biennial permit issued to such partnership or professional corporation so registered for any of the causes enumerated in paragraph (*b*), and for the following additional causes:—

(1) the revocation or suspension of the certificate, registration or biennial permit of any partner or any officer, director, shareholder or employee thereof;

(2) the cancellation, revocation, suspension or refusal to renew the authority of the partnership or the professional corporation or any partner or officer, director, shareholder or employee thereof to practice public accounting in any other state, for any cause other than failure to pay a registration fee in such other state.

(*d*) Upon application in writing, the board may issue a new certificate to or remove or modify a suspension respecting a certified public accountant whose certificate has been revoked or suspended, or may permit the re-registration of or remove or modify the suspension respecting any person or partnership or professional corporation whose registration has been revoked or suspended, or may re-issue or remove or modify the suspension of, any biennial permit which has been revoked or suspended, where the cause for such revocation or suspension has, in the opinion of the board, been removed or cured.

SECTION 4. Section 87D of said chapter 112, as so appearing, is hereby amended by striking out paragraph 6 and inserting in place thereof the following paragraph:—

(6) No corporation, except a professional corporation organized pursuant to chapter one hundred fifty-six A, shall assume or use the title or designation "certified public accountant" or "public accountant", or the abbreviations CPA or PA, provided, however, that no such professional corporation or any corporation shall assume or use

the title or designation "certified accountant", "chartered accountant", "enrolled accountant", "licensed accountant", "registered accountant" or any other title or designation likely to be confused with "certified public accountant" or "public accountant", or any of the abbreviations CA, EA, RA, or LA or any similar abbreviations likely to be confused with CPA or PA.

SECTION 5. Said section 87D of said chapter 112 is hereby further amended by striking out paragraphs (9) and (10) and inserting in place thereof the following two paragraphs:—

(9) No person shall sign or affix a corporate name with any wording indicating that it is a corporation performing services as accountants or auditors or composed of accountants or auditors or persons having expert knowledge in accounting or auditing, to any accounting or financial statement, or to any opinion on, report on or certificate to any accounting or financial statement, provided, however, that this section shall not apply to a professional corporation organized pursuant to chapter one hundred fifty-six A.

(10) No person or partnership or corporation not holding a valid biennial permit issued under section eighty-seven B shall hold himself or itself out to the public as an "accountant" or "auditor" or "professional accounting corporation" by use of either or all such words or phrases on any sign, card, letterhead, or in any advertisement or directory; provided, that this paragraph shall not prohibit any officer, employee, partner or principal of any organization from describing himself by the position, title or office he holds in such organization; nor shall this paragraph prohibit any act of a public official or employee in the performance of his duties as such.

SECTION 6. Chapter 156A of the General Laws is hereby amended by striking out section 9, as appearing in section 1 of chapter 654 of the acts of 1963, and inserting in place thereof the following section:—

Section 9. A professional corporation may render professional services only through its officers, employees and agents who are duly registered to render such professional services; provided, however, (*a*) this provision shall not be interpreted to include in the term "employee", as used herein, clerks, secretaries, bookeepers, technicians and other assistants who are not usually and ordinarily considered by custom and practice to be rendering professional services to the public, and (*b*) in the case of a professional corporation of certified public accountants or public accountants, unregistered managers, senior staff accountants, and junior staff accountants employed by such a professional corporation may render professional services under the supervision of registered officers, employees and agents of such a professional corporation.

SECTION 7. Chapter 663 of the acts of 1963 is hereby amended by inserting after section 8 the following section:—

Section 8A. A professional corporation engaged in the commonwealth in the practice of public accounting may register with the public accountants administrative committee as a professional corporation of public accountants; provided that each officer, director or shareholder personally and regularly engages within the common-

wealth in the practice of public accounting as a member thereof, is a certified public accountant registered under sections eighty-seven A or eighty-seven B of chapter one hundred and twelve of the General Laws, as amended, or a public accountant registered under section seven of this act, and holds a valid biennial permit issued under said section eighty-seven B of said chapter one hundred and twelve. Application for such registration shall be made upon the affidavit of an officer, director or shareholder who meets the requirements of this paragraph.

The public accountants administrative committee shall in each case determine whether the professional corporation is eligible for registration. A professional corporation which is so registered and which holds a valid biennial permit issued under section eighty-seven B of chapter one hundred and twelve of the General Laws, as amended, may use the words "public accountants" or the abbreviation CPA in connection with its professional corporate name. Notification shall be given said committee within ninety days, after the admission to or withdrawal of an officer, director or shareholder from any professional corporation so registered, and after the commencement or termination of any officer's, director's or shareholder's personal and regular practice or public accounting in the commonwealth as a member thereof.

SECTION 8. Said chapter 663 is hereby further amended by inserting after section 9 the following section:—

Section 9A. A fee of ten dollars shall be collected by the public accountants administrative committee for the registration of any professional corporation under section eight of this act. The fee for a professional corporation shall be in addition to the fees for any officers, directors, shareholders or employees thereof.

SECTION 9. Subsection (*a*) of section 33 of chapter 13 of the General Laws, as appearing in section 11 of chapter 1099 of the acts of 1971, is hereby amended by inserting after the word "years", in line 8, the words:—, or as an officer, director, or shareholder of a professional corporation organized pursuant to chapter one hundred fifty-six A.

SECTION 10. The first paragraph of subsection (*b*) of said section 33 of said chapter 13, as so appearing, is hereby amended by inserting after the word "years", in line 12, the words:—, or as an officer, director, or shareholder of a professional corporation organized pursuant to chapter one hundred and fifty-six A.

Approved July 17, 1972.

Chap. 694. AN ACT MAKING UNIFORM THE LAW RELATING TO THE PROMOTION AND SALE OF SECURITIES.

Be it enacted, etc., as follows:

SECTION 1. The General Laws are hereby amended by striking out chapter 110A and inserting in place thereof the following chapter:—

CHAPTER 110A

UNIFORM SECURITIES ACT

PART I

FRAUDULENT AND OTHER PROHIBITED PRACTICES

Section 101. Sales and Purchases. It is unlawful for any person, in connection with the offer, sale, or purchase of any security, directly or indirectly

(1) to employ any device, scheme, or artifice to defraud,

(2) to make any untrue statement of a material fact or to omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, or

(3) to engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person.

Section 102. Advisory Activities. It is unlawful for any person who receives any consideration from another person primarily for advising the other person as to the value of securities or their purchase or sale, whether through the issuance of analyses or reports or otherwise

(1) to employ any device, scheme, or artifice to defraud the other person, or

(2) to engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon the other person.

PART II

REGISTRATION OF BROKER-DEALERS AND AGENTS

Section 201. Registration Requirement.

(*a*) It is unlawful for any person to transact business in the commonwealth as a broker-dealer or agent unless he is registered under this chapter.

(*b*) It is unlawful for any broker-dealer or issuer to employ an agent unless the agent is registered. The registration of an agent is not effective during any period when he is not associated with a particular broker-dealer registered under this chapter or a particular issuer. When an agent begins or terminates a connection with a broker-dealer or issuer, or begins or terminates those activities which make him an agent, the agent as well as the broker-dealer or issuer shall promptly notify the secretary.

(c) Every registration expires on the last day of the calendar year.

Section 202. Registration Procedure.

(a) A broker-dealer or agent may obtain an initial or renewal registration by filing with the secretary an application together with a consent to service of process pursuant to section 414(g). The application shall contain whatever information the secretary by rule requires concerning such matters as (1) the applicant's form and place of organization; (2) the applicant's proposed method of doing business; (3) the qualifications and business history of the applicant and, in the case of a broker-dealer, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer; (4) any injunction or administrative order or conviction of a misdemeanor involving a security or any aspect of the securities business and any conviction of a felony; and (5) the applicant's financial condition and history. The secretary may by rule or order require an applicant for initial registration to publish an announcement of the application in one or more specified newspapers published in the commonwealth. If no denial order is in effect and no proceeding is pending under section 204, registration becomes effective at noon of the thirtieth day after an application is filed. The secretary may by rule or order specify an earlier effective date, and he may by order defer the effective date until noon of the thirtieth day after the filing of any amendment. Registration of a broker-dealer automatically constitutes registration of any agent who is a partner, officer, or director, or a person occupying a similar status or performing similar functions.

(b) Every applicant for initial or renewal registration shall pay a filing fee of one hundred dollars in the case of a broker-dealer and twenty dollars in the case of an agent, including an agent automatically registered pursuant to section 202(a). When an agent transfers his connection from one broker-dealer or issuer to another, he shall pay a fee of twenty dollars.

(c) A registered broker-dealer may file an application for registration of a successor, whether or not the successor is then in existence, for the unexpired portion of the year. There shall be no filing fee.

(d) The secretary may by rule require a minimum capital for registered broker-dealers.

Section 203. Post-Registration Provisions.

(a) Every registered broker-dealer shall make and keep such accounts, correspondence, memoranda, papers, books, and other records as the secretary by rule prescribes. All records so required shall be preserved for three years unless the secretary by rule prescribes otherwise for particular types of records.

(b) Every registered broker-dealer shall file such financial reports as the secretary by rule prescribes.

(c) If the information contained in any document filed with the secretary is or becomes inaccurate or incomplete in any material respect, the registrant shall promptly file a correcting amendment unless notification of the correction has been given under section 201(b).

(*d*) All the records referred to in subsection (a) are subject at any time or from time to time to such reasonable periodic, special, or other examinations by representatives of the secretary, within or without the commonwealth, as the secretary deems necessary or appropriate in the public interest or for the protection of investors. For the purpose of avoiding unnecessary duplication of examinations, the secretary, insofar as he deems it practicable in administering this subsection, may cooperate with the securities administrators of other states, the Securities and Exchange Commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934.

Section 204. Denial, Revocation, Suspension, Cancellation, and Withdrawal of Registration.

(*a*) The secretary may by order deny, suspend, or revoke any registration if he finds (1) that the order is in the public interest and (2) that the applicant or registrant or, in the case of a broker-dealer, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer;

(A) has filed an application for registration which as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in light of the circumstances under which it was made, false or misleading with respect to any material fact;

(B) has willfully violated or willfully failed to comply with any provision of this chapter or a predecessor chapter or any rule or order under this chapter or a predecessor chapter;

(C) has been convicted, within the past ten years, of any misdemeanor involving a security or any aspect of the securities business, or any felony;

(D) is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;

(E) is the subject of an order of the secretary denying, suspending, or revoking registration as a broker-dealer or agent;

(F) is the subject of an order entered within the past five years by the securities administrator of any other state or by the Securities and Exchange Commission denying or revoking registration as a broker-dealer, agent, or investment advisor, or the substantial equivalent of those terms as defined in this chapter, or is the subject of an order of the Securities and Exchange Commission suspending or expelling him from a national securities exhange or national securities association registered under the Securities Exchange Act of 1934, or is the subject of a United States Post Office fraud order; but (*i*) the secretary may not institute a revocation or suspension proceeding under clause (F) more than one year from the date of the order relied on, and (*ii*) it may not enter an order under clause (F) on the basis of an order under another state act unless that order was based on facts which would currently constitute a ground for an order under this section;

(G) has engaged in dishonest or unethical practices in the securities business;

(H) is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature; but the secretary may not enter an order against a broker-dealer under this clause without a finding of insolvency as to the broker-dealer; or

(I) is not qualified on the basis of such factors as training, experience, and knowledge of the securities business, except as otherwise provided in subsection (*b*).

The secretary may by order deny, suspend, or revoke any registration if he finds (1) that the order is in the public interest and (2) that the applicant or registrant

(J) has failed reasonably to supervise his agents if he is a broker-dealer; or

(K) has failed to pay the proper filing fee; but the secretary may enter only a denial order under this clause, and he shall vacate any such order when the deficiency has been corrected.

The secretary may not institute a suspension or revocation proceeding on the basis of a fact or transaction known to him when registration became effective unless the proceeding is instituted within the next thirty days.

(*b*) The following provisions govern the application of section 204(a) (2) (I):

(1) The secretary may not enter an order against a broker-dealer on the basis of the lack of qualification of any person other than (A) the broker-dealer himself if he is an individual or (B) an agent of the broker-dealer.

(2) The secretary may not enter an order solely on the basis of lack of experience if the applicant or registrant is qualified by training or knowledge or both.

(3) The secretary shall consider that an agent who will work under the supervision of a registered broker-dealer need not have the same qualifications as a broker-dealer.

(4) The secretary may by rule provide for an examination, which may be written or oral or both, to be taken by any class of or all applicants.

(*c*) The secretary may by order summarily postpone or suspend registration pending final determination of any proceeding under this section. Upon the entry of the order, the secretary shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is an agent, that it has been entered and of the reasons therefor and that within fifteen days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the secretary, the order will remain in effect until it is modified or vacated by the secretary. If a hearing is requested or ordered, the secretary, after notice of and opportunity for hearing, may modify or vacate the order or extend it until final determination.

(*d*) If the secretary finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer or agent, or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or

guardian, or cannot be located after reasonable search, the secretary may by order cancel the registration or application.

(*e*) Withdrawal from registration as a broker-dealer or agent becomes effective thirty days after receipt of an application to withdraw or within such shorter period of time as the secretary may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within thirty days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the secretary by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the secretary may nevertheless institute a revocation or suspension proceeding under section 204(*a*) (2) (B) within one year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration was effective.

(*f*) No order may be entered under any part of this section except the first sentence of subsection (*c*) without (1) appropriate prior notice to the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is an agent, (2) opportunity for hearing, and (3) written findings of fact and conclusions of law.

PART III

REGISTRATION OF SECURITIES

Section 301. Registration Requirement. It is unlawful for any person to offer or sell any security in the commonwealth unless (1) it is registered under this chapter or (2) the security or transaction is exempted under section 402.

Section 302. Registration by Coordination.

(*a*) Any security for which a registration statement has been filed under the Securities Act of 1933 in connection with the same offering may be registered by coordination.

(*b*) A registration statement under this section shall contain the following information and be accompanied by the following documents in addition to the information specified in section 304(*c*) and the consent to service of process required by section 414(*g*):

(1) three copies of the latest form of prospectus filed under the Securities Act of 1933;

(2) if the secretary by rule or otherwise requires, a copy of the articles of incorporation and by-laws, or their substantial equivalents, currently in effect, a copy of any agreements with or among underwriters, a copy of any indenture or other instrument governing the issuance of the security to be registered, and a specimen or copy of the security;

(3) if the secretary requests, any other information, or copies of any other documents, filed under the Securities Act of 1933; and

(4) an undertaking to forward all future amendments to the federal prospectus, other than an amendment which merely delays the effective date of the registration statement, promptly and in any event not later than the first business day after the day they are forwarded

to or filed with the Securities and Exchange Commission, whichever first occurs.

(c) A registration statement under this section automatically becomes effective at the moment the federal registration statement becomes effective if all the following conditions are satisfied: (1) no stop order is in effect and no proceeding is pending under section 305; (2) the registration statement has been on file with the secretary for at least ten days; and (3) a statement of the maximum and minimum proposed offering prices and the maximum underwriting discounts and commissions has been on file for two full business days or such shorter period as the secretary permits by rule or otherwise and the offering is made within those limitations. The registrant shall promptly notify the secretary by telephone or telegram of the date and time when the federal registration statement became effective and the content of the price amendment, if any, and shall promptly file a post-effective amendment containing the information and documents in the price amendment. "Price amendment" means the final federal amendment which includes a statement of the offering price, underwriting and selling discounts or commissions, amount of proceeds, conversion rates, call prices, and other matters dependent upon the offering price. Upon failure to receive the required notification and post-effective amendment with respect to the price amendment, the secretary may enter a stop order, without notice or hearing, retroactively denying effectiveness to the registration statement or suspending its effectiveness until compliance with this subsection, if it promptly notifies the registrant by telephone or telegram, and promptly confirms by letter or telegram when it notifies by telephone, of the issuance of the order. If the registrant proves compliance with the requirements of this subsection as to notice and post-effective amendment, the stop order is void as of the time of its entry. The secretary may by rule or otherwise waive either or both of the conditions specified in clauses (2) and (3). If the federal registration statement becomes effective before all the conditions in this subsection are satisfied and they are not waived, the registration statement automatically becomes effective as soon as all the conditions are satisfied. If the registrant advises the secretary of the date when the federal registration statement is expected to become effective, the secretary shall promptly advise the registrant by telephone or telegram at the registrant's expense, whether all the conditions are satisfied and whether it then contemplates the institution of a proceeding under section 305; but this advice by the secretary does not preclude the institution of such a proceeding at any time.

Section 303. Registration by Qualification.

(a) Any security may be registered by qualification.

(b) A registration statement under this section shall contain the following information and be accompanied by the following documents in addition to the information specified in section 304(c) and the consent to service of process required by section 414(g):

(1) with respect to the issuer and any significant subsidiary: its name, address, and form of organization; the state or foreign jurisdiction and date of its organization; the general character and location of its business; a description of its physical properties and equipment;

and a statement of the general competitive conditions in the industry or business in which it is or will be engaged;

(2) with respect to every director and officer of the issuer, or person occupying a similar status or performing similar functions: his name, address, and principal occupation for the past five years; the amount of securities of the issuer held by him as of a specified date within thirty days of the filing of the registration statement; the amount of the securities covered by the registration statement to which he has indicated his intention to subscribe; and a description of any material interest in any material transaction with the issuer or any significant subsidiary effected within the past three years or proposed to be effected;

(5) with respect to every promoter if the issuer was organized within the past three years: the information specified in clause (2), any amount paid to him within that period or intended to be paid to him, and the consideration for any such payment;

(6) with respect to any person on whose behalf any part of the offering is to be made in a non-issuer distribution: his name and address; the amount of securities of the issuer held by him as of the date of the filing of the registration statement; a description of any material interest in any material transaction with the issuer or any significant subsidiary effected within the past three years or proposed to be effected; and a statement of his reasons for making the offering;

(7) the capitalization and long-term debt, on both a current and a pro forma basis, of the issuer and any significant subsidiary, including a description of each security outstanding or being registered or otherwise offered, and a statement of the amount and kind of consideration, whether in the form of cash, physical assets, services, patents, goodwill, or anything else, for which the issuer or any subsidiary has issued any of its securities within the past two years or is obligated to issue any of its securities;

(8) the kind and amount of securities to be offered; the proposed offering price or the method by which it is to be computed; any variation therefrom at which any proportion of the offering is to be made to any person or class of persons other than the underwriters, with a specification of any such person or class; the basis upon which the offering is to be made if otherwise than for cash; the estimated aggregate underwriting and selling discounts or commissions and finders' fees, including separately cash, securities, contracts, or anything else of value to accrue to the underwriters or finders in connection with the offering, or, if the selling discounts or commissions are variable, the basis of determining them and their maximum and

minimum amounts; the estimated amounts of other selling expenses, including legal, engineering, and accounting charges; the name and address of every underwriter and every recipient of a finder's fee; a copy of any underwriting or selling-group agreement pursuant to which the distribution is to be made, or the proposed form of any such agreement whose terms have not yet been determined; and a description of the plan of distribution of any securities which are to be offered otherwise than through an underwriter;

(9) the estimated cash proceeds to be received by the issuer from the offering; the purposes for which the proceeds are to be used by the issuer; the amount to be used for each purpose; the order or priority in which the proceeds will be used for the purposes stated; the amounts of any funds to be raised from other sources to achieve the purposes stated; the sources of any such funds; and, if any part of the proceeds is to be used to acquire any property, including goodwill, otherwise than in the ordinary course of business, the names and addresses of the vendors, the purchase price, the names of any persons who have received commissions in connection with the acquisition, and the amounts of any such commissions and any other expense in connection with the acquisition, including the cost of borrowing money to finance the acquisition;

(10) a description of any stock options or other security options outstanding, or to be created in connection with the offering, together with the amount of any such options held or to be held by every person required to be named in clause (2), (4), (5), (6), or (8) and by any person who holds or will hold ten percent or more in the aggregate of any such options;

(11) the dates of, parties to, and general effect concisely stated of, every management or other material contract made or to be made otherwise than in the ordinary course of business if it is to be performed in whole or in part at or after the filing of the registration statement or was made within the past two years, together with a copy of every such contract; and a description of any pending litigation or proceeding to which the issuer is a party and which materially affects its business or assets, including any such litigation or proceeding known to be contemplated by governmental authorities;

(12) a copy of any prospectus, pamphlet, circular, form letter, advertisement, or other sales literature intended as of the effective date to be used in connection with the offering;

(13) a specimen or copy of the security being registered; a copy of the issuer's articles, of incorporation and by-laws, or their substantial equivalents, as currently in effect; and a copy of any indenture or other instrument covering the security to be registered;

(14) a signed or confirmed copy of an opinion of counsel as to the legality of the security being registered, with an English translation if it is in a foreign language, which shall state whether the security when sold will be legally issued, fully paid, and non-assessable, and, if a debt security, a binding obligation of the issuer;

(15) the written consent of any accountant, engineer, appraiser, or other person whose profession gives authority to a statement made by him, if any such person is named as having prepared or certified a report or valuation, other than a public and official document or

statement, which is used in connection with the registration statement;

(16) a balance sheet of the issuer as of a date within four months prior to the filing of the registration statement; a profit and loss statement and analysis of surplus for each of the three fiscal years preceding the date of the balance sheet and for any period between the close of the last fiscal year and the date of the balance sheet, or for the period of the issuer's and any predecessors' existence if less than three years; and, if any part of the proceeds of the offering is to be applied to the purchase of any business, the same financial statements which would be required if that business were the registrant; and

(17) such additional information as the secretary requires by rule or order.

(*c*) A registration statement under this section becomes effective when the secretary so orders.

(*d*) The secretary may by rule or order require as a condition of registration under this section that a prospectus containing any designated part of the information specified in subsection (*b*) be sent or given to each person to whom an offer is made before or concurrently with (1) the first written offer made to him (otherwise than by means of a public advertisement) by or for the account of the issuer or any other person on whose behalf the offering is being made, or by any underwriter or broker-dealer who is offering part of an unsold allotment or subscription taken by him as a participant in the distribution, (2) the confirmation of any sale made by or for the account of any such person, (3) payment pursuant to any such sale, or (4) delivery of the security pursuant to any such sale, whichever first occurs.

Section 304. Provisions Applicable to Registration Generally.

(*a*) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered broker-dealer.

(*b*) Every person filing a registration statement shall pay a filing fee of one hundred dollars.

(*c*) Every registration statement shall specify (1) the amount of securities to be offered in this state; (2) the states in which a registration statement or similar document in connection with the offering has been or is to be filed; and (3) any adverse order, judgment, or decree entered in connection with the offering by the regulatory authorities in each state or by any court or the Securities and Exchange Commission.

(*d*) Any document filed under this chapter or a predecessor chapter may be incorporated by reference in the registration statement to the extent that the document is currently accurate.

(*e*) The secretary may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(*f*) In the case of a non-issuer distribution, information may not be required under section 303 or 304(*h*) unless it is known to the person filing the registration statement or to the persons on whose behalf the distribution is to be made, or can be furnished by them without unreasonable effort or expense.

(*g*) Every registration statement is effective for one year from its effective date, or any longer period during which the security is being offered or distributed in a non-exempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by any underwriter or broker-dealer who is still offering part of an unsold allotment or subscription taken by him as a participant in the distribution, except during the time a stop order is in effect under section 305. All outstanding securities of the same class as a registered security are considered to be registered for the purpose of any non-issuer transaction (1) so long as the registration statement is effective and (2) between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under section 305, if the registration statement did not relate in whole or in part to a non-issuer distribution, and one year from the effective date of the registration statement. A registration statement may not be withdrawn for one year from its effective date if any securities of the same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the secretary.

(*h*) So long as a registration statement is effective, the secretary may by rule or order require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose the progress of the offering.

(*i*) A registration statement relating to a security issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust, as those terms are defined in the Investment Company Act of 1940, may be amended after its effective date so as to increase the securities specified as proposed to be offered. Such an amendment becomes effective when the secretary so orders. Every person filing such an amendment shall pay a filing fee of one hundred dollars.

Section 305. Denial, Suspension, and Revocation of Registration.

(*a*) The secretary may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, any registration statement if he finds (1) that the order is in the public interest and (2) that

(A) the registration statement as of its effective date or as of any earlier date in the case of an order denying effectiveness, or any amendment under section 304 (i) as of its effective date, or any report under section 304 (h) is incomplete in any material respect or contains any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

(B) any provision of this chapter or any rule, order, or condition lawfully imposed under this chapter has been willfully violated, in connection with the offering, by (*i*) the person filing the registration statement, (*ii*) the issuer, any partner, officer, or director of the issuer, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling or controlled by the issuer, but only if the person filing the registration statement is

directly or indirectly controlled by or acting for the issuer, or (*iii*) any underwriter;

(C) the security registered or sought to be registered is the subject of an administrative stop order or similar order or a permanent or temporary injunction of any court of competent jurisdiction entered under any other federal or state act applicable to the offering; but (*i*) the secretary may not institute a proceeding against an effective registration statement under clause (C) more than one year from the date of the order or injunction relied on, and (*ii*) he may not enter an order under clause (C) on the basis of an order or injunction entered under any other state act unless that order or injunction was based on facts which would currently constitute a ground for a stop order under this section;

(D) the issuer's enterprise or method of business includes or would include activities which are illegal where performed;

(E) the offering has worked or tended to work a fraud upon purchasers or would so operate;

(F) the offering has been or would be made with unreasonable amounts of underwriters' and sellers' discounts, commissions, or other compensation, or promoters' profits or participation, or unreasonable amounts or kinds of options;

(G) when a security is sought to be registered by coordination there has been a failure to comply with the undertaking required by section 302 (*b*) (4); or

(H) the applicant or registrant has failed to pay the proper filing fee; but the secretary may enter only a denial order under this clause and he shall vacate any such order when the deficiency has been corrected.

The secretary may not institute a stop-order proceeding against an effective registration statement on the basis of a fact or transaction known to him when the registration statement became effective unless the proceeding is instituted within the next thirty days.

(*b*) The secretary may by order summarily postpone or suspend the effectiveness of the registration statement pending final determination of any proceeding under this section. Upon the entry of the order, the secretary shall promptly notify each person specified in subsection (*c*) that it has been entered and of the reasons therefor and that within fifteen days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the secretary, the order will remain in effect until it is modified or vacated by the secretary. If a hearing is requested or ordered, the secretary, after notice of and opportunity for hearing to each person specified in subsection (*c*), may modify or vacate the order or extend it until final determination.

(*c*) No stop order may be entered under any part of this section except the first sentence of subsection (*b*) without (1) appropriate prior notice to the applicant or registrant, the issuer, and the person on whose behalf the securities are to be or have been offered, (2) opportunity for hearing, and (3) written findings of fact and conclusions of law.

(*d*) The secretary may vacate or modify a stop order if he finds that the conditions which prompted entry have changed or that it is otherwise in the public interest to do so.

(9) any transaction pursuant to an offer directed by the offeror to not more than twenty-five persons other than those designated in paragraph (8) in the commonwealth during any period of twelve consecutive months, whether or not the offeror or any of the offerees is then present in the commonwealth, if (A) the seller reasonably believes that all the buyers in the commonwealth (other than those designated in paragraph (8)) are purchasing for investment, and (B) insofar as an offer involves the payment directly or indirectly of any commission or other remuneration for soliciting any prospective buyer in the commonwealth (other than those designated in paragraph (8)) a notice is filed with the secretary at least five full business days before the offer, and the secretary does not by order disallow the exemption within the next five full business days; but, in any event, the secretary may by rule or order, as to any security or transaction or any type of security or transaction, withdraw or further condition this exemption, or increase or decrease the number of offerees permitted, or waive the conditions in clauses (A) and (B) with or without the substitution of a limitation on remuneration;

(10) any offer or sale of a preorganization certificate or subscription if (A) no commission or other remuneration is paid or given directly or indirectly for soliciting any prospective subscriber, (B) the number of subscribers does not exceed ten, and (C) no payment is made by any subscriber;

(12) any offer, but not a sale, of a security for which registration statements have been filed under both this chapter and the Securities Act of 1933 if no stop order or refusal order is in effect and no public

proceeding or examination looking toward such an order is pending under such chapter or act;

(13) any other transaction that the secretary by rule or order may exempt, conditionally or unconditionally, on a finding that registration is not necessary or appropriate in the public interest or for the protection of investors.

(*c*) The secretary may by order deny or revoke any exemption specified in clause (9) or (11) of subsection (*a*) or in subsection (*b*) with respect to a specific security or transaction. No such order may be entered without appropriate prior notice to all interested parties, opportunity for hearing, and written findings of fact and conclusions of law, except that the secretary may by order summarily deny or revoke any of the specified exemptions pending final determination of any proceeding under this subsection. Upon the entry of a summary order, the secretary shall promptly notify all interested parties that it has been entered and of the reasons therefor and that within fifteen days of the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the secretary, the order will remain in effect until it is modified or vacated by the secretary. If a hearing is requested or ordered, the secretary, after notice of and opportunity for hearing to all interested persons, may modify or vacate the order or extend it until final determination. No order under this subsection may operate retroactively. No person may be considered to have violated section 301 or 403 by reason of any offer or sale effected after the entry of an order under this subsection if he sustains the burden of proof that he did not know, and in the exercise of reasonable care could not have known, of the order.

(*d*) In any proceeding under this chapter, the burden of proving an exemption or an exception from a definition is upon the person claiming it.

Section 403. Filing of sales and Advertising Literature. The secretary by rule or order may require the filing of any prospectus, pamphlet, circular, form letter, advertisement, or other sales literature or advertising communication addressed or intended for distribution to prospective investors, unless the security or transaction is exempted by section 402.

Section 404. Misleading Filings. It is unlawful for any person to make or cause to be made, in any document filed with the secretary or in any proceeding under this chapter, any statement which is, at the time and in the light of the circumstances under which it is made, false or misleading in any material respect.

Section 405. Unlawful Representations Concerning Registration or Exemption.

(*a*) Neither (1) the fact that an application for registration under Part II or a registration statement under Part III has been filed nor (2) the fact that a person or security is effectively registered constitutes a finding by the secretary that any document filed under this chapter is true, complete, and not misleading. Neither any such fact nor the fact that an exemption or exception is available for a security or a transaction means that the secretary has passed in any

way upon the merits or qualifications of, or recommended or given approval to, any person, security, or transaction.

(*b*) It is unlawful to make, or cause to be made, to any prospective purchaser, customer, or client any representation inconsistent with subsection (a).

Section 406. Administration of Chapter.

(*a*) This chapter shall be administered by the secretary.

(*b*) It is unlawful for the secretary or any of his officers or employees to use for personal benefit any information which is filed with or obtained by the secretary and which is not made public. No provision of this chapter authorizes the secretary or any of his officers or employees to disclose any such information except among themselves or when necessary or appropriate in a proceeding or investigation under this chapter. No provision of this chapter either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the secretary or any of his officers or employees.

(*c*) Every person who takes an examination under section 204 (*b*) (4) shall pay whatever fee the secretary by rule specifies.

Section 407. Investigations and Subpoenas.

(*a*) The secretary in his discretion (1) may make such public or private investigations within or outside of the commonwealth as he deems necessary to determine whether any person has violated or is about to violate any provision of this chapter or any rule or order hereunder, or to aid in the enforcement of this chapter or in the prescribing of rules and forms hereunder, (2) may require or permit any person to file a statement in writing, under oath or otherwise as the secretary determines, as to all the facts and circumstances concerning the matter to be investigated, and (3) may publish information concerning any violation of this chapter or any rule or order hereunder.

(*b*) For the purpose of any investigation or proceeding under this chapter, the secretary or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the secretary deems relevant or material to the inquiry.

(*c*) In the case of contumacy by, or refusal to obey a subpoena issued to, any person, the superior court for the county in which the person is found or is an inhabitant or transacts business, upon application by the secretary, may issue to the person an order requiring him to appear before the secretary, or the officer designated by him, there to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(*d*) No person is excused from attending and testifying or from producing any document or record before the secretary, or in obedience to the subpoena of the secretary or any officer designated by him, or in any proceeding instituted by the secretary, on the ground

that the testimony or evidence, documentary or otherwise, required of him any tend to incriminate him or subject him to a penalty of forfeiture; but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after claiming his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

Section 408. Injunctions. Whenever it appears to the secretary that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this chapter or any rule or order hereunder, he may in his discretion bring an action in the superior court for the county in which the person is found or is an inhabitant or transacts business to enjoin the acts or practices and to enforce compliance with this chapter or any rule or order hereunder. Upon a proper showing a permanent or temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The court may not require the secretary to post a bond.

Section 409. Criminal Penalties.

(*a*) Any person who willfully violates any provision of this chapter except section 404, or who willfully violates any rule or order under this chapter, or who willfully violates section 404 knowing the statement made to be false or misleading in any material respect, shall upon conviction be fined not more than five thousand dollars or imprisoned not more than three years, or both; but no person may be imprisoned for the violation of any rule or order if he proves that he had no knowledge of the rule or order.

(*b*) The secretary may refer such evidence as is available concerning violations of this chapter or of any rule or order hereunder to the attorney general, who may, with or without such a reference, institute the appropriate criminal proceedings under this chapter.

(*c*) Nothing in this chapter limits the power of the commonwealth to punish any person for any conduct which constitutes a crime by statute or at common law.

Section 410. Civil Liabilities.

(*a*) Any person who

(1) offers or sells a security in violation of section 201(a), 301, or 405(b), or of any rule or order under section 403 which requires the affirmative approval of sales literature before it is used, or of any condition imposed under section 303(d), or

(2) offers or sells a security by means of any untrue statement of a material fact or any omission to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, the buyer not knowing of the untruth or omission, and who does not sustain the burden of proof that he did not know, and in the exercise of reasonable care could not have known, of the untruth or omission, is liable to the person buying the security from him, who may sue either at law or in equity to

recover the consideration paid for the security, together with interest at six per cent per year from the date of payment, costs, and reasonable attorneys' fees, less the amount of any income received on the security, upon the tender of the security, or for damages if he no longer owns the security. Damages are the amount that would be recoverable upon a tender less the value of the security when the buyer disposed of it and interest at six per cent per year from the date of disposition.

(b) Every person who directly or indirectly controls a seller liable under subsection (a), every partner, officer, or director of such a seller, every person occupying a similar status or performing similar functions, every employee of such a seller who materially aids in the sale, and every broker-dealer or agent who materially aids in the sale are also liable jointly and severally with and to the same extent as the seller, unless the non-seller who is so liable sustains the burden of proof that he did not know, and in exercise of reasonable care could not have known, of the existence of the facts by reason of which the liability is alleged to exist. There is contribution as in cases of contract among the several persons so liable.

(c) Any tender specified in this section may be made at any time before entry of judgment.

(d) Every cause of action under this statute survives the death of any person who might have been a plaintiff or defendant.

(e) No person may sue under this section more than two years after the contract of sale. No person may sue under this section (1) if the buyer received a written offer, before suit and at a time when he owned the security, to refund the consideration paid together with interest at six per cent per year from the date of payment, less the amount of any income received on the security, and he failed to accept the offer within thirty days of its receipt, or (2) if the buyer received such an offer before suit and at a time when he did not own the security, unless he rejected the offer in writing within thirty days of its receipt.

(*f*) No person who has made or engaged in the performance of any contract in violation of any provision of this chapter or any rule or order hereunder, or who has acquired any purported right under any such contract with knowledge of the facts by reason of which its making or performance was in violation, may base any suit on the contract.

(*g*) Any condition, stipulation, or provision binding any person acquiring any security to waive compliance with any provision of this chapter or any rule or order hereunder is void.

(*h*) The rights and remedies provided by this chapter are in addition to any other rights or remedies that may exist at law or in equity, but this chapter does not create any cause of action not specified in this section.

Section 411. Judicial Review of Orders.

(*a*) Any person aggrieved by a final decision of the secretary in an adjudicatory proceeding may obtain judicial review pursuant to section fourteen of chapter thirty A.

(*b*) The commencement of proceedings under subsection (*a*) does not, unless specifically ordered by the court, operate as a stay of the secretary's order.

Section 412. Rules, Forms, Orders, and Hearings.

(*a*) The secretary may from time to time make, amend, and rescind such rules, forms, and orders as are necessary to carry out the provisions of this chapter, including rules and forms governing registration statements, applications, and reports, and defining any terms, whether or not used in this chapter, insofar as the definitions are not inconsistent with the provisions of this chapter. For the purpose of rules and forms, the secretary may classify securities, persons, and matters within its jurisdiction, and prescribe different requirements for different classes.

(*b*) No rule, form, or order may be made, amended, or rescinded unless the secretary finds that the action is necessary or appropriate in the public interest or for the protection of investors and consistent with the purposes fairly intended by the policy and provisions of this chapter. In prescribing rules and forms the secretary may cooperate with the securities administrators of the other states and the Securities and Exchange Commission with a view to effectuating the policy of this statute to achieve maximum uniformity in the form and content of registration statements, applications, and reports wherever practicable.

(*c*) The secretary may by rule or order prescribe (1) the form and content of financial statements required under this chapter, (2) the circumstances under which consolidated financial statements shall be filed, and (3) whether any required financial statements shall be certified by independent or certified public accountants. All financial statements shall be prepared in accordance with generally accepted accounting practices.

(*d*) All rules and forms of the secretary shall be published pursuant to sections six and six A of chapter thirty A.

(*e*) No provision of this chapter imposing any liability applies to any act done or omitted in good faith in conformity with any rule, form, or order of the secretary, notwithstanding that the rule, form, or order may later be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

(*f*) Every hearing in an administrative proceeding shall be public unless the secretary in his discretion grants a request joined in by all the respondents that the hearing be conducted privately.

Section 413. Administrative Files and Opinions.

(*a*) A document is filed when it is received by the secretary.

(*b*) The secretary shall keep a register of all applications for registration and registration statements which are or have ever been effective under this chapter and all denial, suspension, or revocation orders which have been entered under this chapter. The register shall be open for public inspection.

(*c*) The information contained in or filed with any registration statement, application, or report may be made available to the public under such rules as the secretary prescribes.

(*d*) Upon request and at such reasonable charges as he prescribes, the secretary shall furnish to any person photostatic or other copies, certified under the seal of the secretary if requested, of any entry in the register or any document which is a matter of public record. In any proceeding or prosecution under this chapter, any copy so certified is prima facie evidence of the contents of the entry or document certified.

(*e*) The secretary in his discretion may honor requests from interested persons for interpretative opinions.

Section 414. Scope of the Act and Service of Process.

(*a*) Sections 101, 201(a), 301, 405, and 410 apply to persons who sell or offer to sell when (1) an offer to sell is made in the commonwealth, or (2) an offer to buy is made and accepted in the commonwealth.

(*b*) Sections 101, 201(*a*), and 405 apply to persons who buy or offer to buy when (1) an offer to buy is made in the commonwealth, or (2) an offer to sell is made and accepted in the commonwealth.

(*c*) For the purpose of this section, an offer to sell or to buy is made in the commonwealth, whether or not either party is then present in the commonwealth, when the offer (1) originates from the commonwealth or (2) is directed by the offeror to the commonwealth and received at the place to which it is directed, or at any post office in the commonwealth in the case of a mailed offer.

(*d*) For the purpose of this section, an offer to buy or to sell is accepted in the commonwealth when acceptance (1) is communicated to the offeror in the commonwealth and (2) has not previously been communicated to the offeror, orally or in writing, outside the commonwealth; and acceptance is communicated to the offeror in the commonwealth, whether or not either party is then present in the commonwealth, when the offeree directs it to the offeror in the commonwealth reasonably believing the offeror to be in the commonwealth and it is received at the place to which it is directed, or at any post office in the commonwealth in the case of a mailed acceptance.

(*e*) An offer to sell or to buy is not made in the commonwealth when (1) the publisher circulates or there is circulated on his behalf in the commonwealth any bona fide newspaper or other publication of general, regular, and paid circulation which is not published in the commonwealth, or which is published in the commonwealth but has had more than two-thirds of its circulation outside the commonwealth during the past twelve months, or (2) a radio or television program originating outside the commonwealth is received in the commonwealth.

(*f*) Section 102 applies when any act instrumental in effecting prohibited conduct is done in the commonwealth, whether or not either party is then present in the commonwealth.

Chap. 707. AN ACT RELATIVE TO TAX INCENTIVES FOR INDUSTRIAL AIR POLLUTION CONTROL.

Be it enacted, etc., as follows:

SECTION 1. Section 5 of chapter 59 of the General Laws is hereby amended by striking out clause Thirty-ninth.

SECTION 2. Said section 5 of said chapter 59 is hereby further amended by striking out clause Forty-fourth, inserted by section 2 of chapter 700 of the acts of 1966, and inserting in place thereof the following clause: —

Forty-fourth. Any structure, building, device, appliance, machinery, equipment or other property, whether consisting of real or tangible personal property, or a combination of both, which is constructed, installed or placed in operation, in whole or in part, for the purpose of eliminating industrial waste or reducing such waste to a level of toxicity that is not injurious to fish, fowl, animal life or aquatic vegetation and thereby abating or preventing the pollution of the waters of the commonwealth or for the purpose of abating, preventing or eliminating industrial pollution of the atmosphere of the commonwealth. This exemption shall apply to facilities for the treatment, neutralization or stabilization of industrial waste or industrial air pollution from a point immediately preceding the point of such treatment, neutralization or stabilization to the point of disposal, including the necessary pumping and transmitting facilities, but excluding such facilities installed for the primary purpose of salvaging materials which are usable in the manufacturing process or are marketable. The term "industrial waste" and the term "industrial air pollution", as used in this section, shall mean any liquid, gaseous, solid or waste substance, or a combination thereof, resulting from any process of industry, manufacture, trade or business or from the development or recovery of any natural resources, which may cause or might reasonably be expected to cause pollution of the waters or the atmosphere of the commonwealth.

If any such structure, building, device, appliance, machinery, equipment or other property is used solely and in its entirety for the elimination or control of water or air pollution, the exemption granted hereunder shall be total; if, however, only a portion of such structure, building, device, appliance, machinery, equipment or other property is used for the elimination or control of water or air pollution, the exemption shall be prorated as follows: for structures and buildings, the ratio which the area or volume, as applicable, thereof used solely for pollution control bears to the entire area or volume; for devices, appliances, machinery, equipment or other property, the ratio which the operating time devoted solely to pollution control bears to the total operating time.

No exemption shall be granted under this clause unless the director of the division of water pollution control in the department of natural resources or the director of the air pollution control agency in the commonwealth, as the case may be, certifies to the assessors of the city or town involved that such structure, building, device, appliance, machinery, equipment or other property is effective in eliminating or reducing pollution to an acceptable level.

SECTION 3. Chapter 63 of the General Laws is hereby amended by striking out section 38D, as amended by chapter 659 of the acts of 1967, and inserting in place thereof the following section: —

Section 38D. (*a*) Indetermining the net income subject to tax under this chapter a domestic or foreign business corporation, at its election, may deduct the expenditures paid or incurred during the taxable year for the construction, reconstruction, erection or improvement of industrial waste treatment facilities or industrial air pollution control facilities. The term "industrial waste treatment facilities" and the term "industrial air pollution control facilities" shall mean facilities for the treatment, neutralization or stabilization of industrial waste or industrial air pollution from a point immediately preceding the point of such treatment, neutralization or stabilization to the point of disposal, including the necessary pumping and transmitting facilities, but excluding such facilities installed for the primary purpose of salvaging materials which are usable in the manufacturing process or are marketable. The term "industrial waste" and the term "industrial air pollution" shall mean any liquid, gaseous, solid or waste substance, or a combination thereof, resulting from any process of industry, manufacture, trade or business or from the development or recovery of any natural resources, which may cause or might reasonably be expected to cause pollution of the waters or the atmosphere of the commonwealth.

(*b*) Such deduction shall be allowed only —

(1) with respect to tangible property which is depreciable, pursuant to section one hundred and sixty-seven of the Federal Internal Revenue Code, having a situs in the commonwealth and used in the corporation's trade or business, the construction, reconstruction, erection or improvement of which with respect to industrial waste treatment facilities was initiated on or after January first, nineteen hundred and sixty-six, and only for expenditures paid or incurred prior to January first, nineteen hundred and eighty, and with respect to industrial air pollution control facilities was initiated on or after January first, nineteen hundred and seventy-two, and only for expenditures paid or incurred prior to January first, nineteen hundred and eighty, and

(2) on condition that such facilities with respect to industrial waste treatment facilities have been certified by the director of the division of water pollution control in the department of ~~natural resources~~ as complying with applicable provisions of the water pollution control law and regulations, permits or orders issued by him pursuant to law, and with respect to industrial air pollution control facilities have been certified by the director of the air pollution control agency in the commonwealth as complying with applicable provisions of the air pollution control law and regulations, permits or orders issued by him pursuant to law, and

(3) on condition that the net income for the taxable year and all succeeding taxable years be computed without any deduction for such expenditures or for depreciation of the property other than the deductions allowed by this section, except to the extent that the cost or other basis of the property may be attributable to factors other than such expenditures, or in the case a deduction is allowable pursuant to this section for only a part of such expenditures, on condition that any deduction allowed under the Federal Internal Revenue Code for such expenditures or for depreciation of the same property be proportionately reduced in computing net income for the taxable year and all succeeding taxable years.

(*c*) If expenditures with respect to an industrial waste treatment facility or an industrial air pollution treatment facility have been de-

ducted as provided herein and if within ten years from the end of the taxable year in which such deduction was allowed such property or any part thereof is used for the primary purpose of salvaging materials which are usable in the manufacturing process or are marketable, the corporation shall report such change of use in its return for the first taxable year during which it occurs, and the commissioner may recompute the tax for the year or years for which such deduction was allowed and may assess any additional tax resulting from such recomputation within the period of assessment applicable to such return.

If a deduction is allowed as herein provided for expenditures paid or incurred during any taxable year on the basis of a temporary certificate of compliance and if the corporation fails to obtain a permanent certificate of compliance upon completion of the facilities with respect to which such temporary certificate was issued, the corporation shall report such failure in its return for the taxable year during which such facilities are completed, and the commissioner may recompute the tax for the year or years for which such deduction was allowed and may assess any additional tax resulting from such recomputation within the period of assessment applicable to such return.

(*d*) In any taxable year when property is sold or otherwise disposed of, with respect to which a deduction has been allowed pursuant to this section, such deduction shall be disregarded in computing gain or loss, and the gain or loss on the sale or other disposition of such property shall be the gain or loss resulting if the deduction provided by this section had not been elected and the cost or other basis of the property had been reduced by straight-line depreciation based on the useful life of the property; provided, however, that if such sale or other disposition of such property occurs within three years of the date such property is placed in service the basis shall be zero.

(*e*) And industrial waste treatment facility or an industrial air pollution treatment facility which qualifies for the deduction provided for by this section shall not be subject to taxation under the tangible property measure of the excise imposed by clause (1) (*i*) of subsection (*a*) of section thirty-two or clause (1) (*i*) of subsection (*a*) of section thirty-nine.

SECTION 4. Sections one and two of this act shall apply to taxes levied for the year nineteen hundred and seventy-two and thereafter. Section three shall apply to the taxable years ending on and after December thirty-first, nineteen hundred and seventy-two.

Upon the completion of the said construction, reconstruction or remodelling it may convey to such other parties to said contract such units as have been paid for in the proportion of the aggregate cost allocable to their stipulated units. The authority contained in this section shall be exercised, in the case of the city of Boston, by its public facilities commission, in the case of a city having a Plan E charter, by the affirmative vote of a majority of its city council, in the case of any other city, by its city council subject to the provisions of its city charter, and in the case of a town, by its town meeting.

(*a*) The by-laws may provide: —

(1) That to any extent specified in the by-laws the common profits shall be distributed among, and the common expenses shall be charged to, the unit owners in proportions other than according to their respec-

(4) A procedure for submitting the disputes arising from the administration of the condominium to arbitration or other impartial determination.

(5) Provisions giving a particular unit owner or owners voting rights with respect to election of directors, trustees or members of the managing board less than, or in excess of, the voting rights which such owner or owners would otherwise have had, and provisions requiring or permitting approval of any matter, or any specified category or categories of matters, by a proportion greater than a majority, which proportion may be as great as one hundred percent.

(6) Terms and conditions differing from those set forth in section seventeen, eighteen and nineteen, or any of them, regarding rebuilding made necessary by fire or other casualty loss, the making of improvements and allocation of the costs of such rebuilding or improvements, and the removal of the condominium or portion thereof from the provisions of this chapter; and in such case such terms and conditions so provided in the by-laws shall take precedence over the provisions of sections seventeen, eighteen and nineteen to the extent inconsistent therewith.

(*b*) The master deed: —

(2) May contain a requirement that in order for instruments to be binding on an organization of unit owners which is a trust or unincorporated association, such instruments shall be signed by a greater proportion of the trustees or of the managing board than a majority, which proportion may be as great as one hundred percent; and in such case the provisions of clause (*e*) of section ten shall apply only to instruments signed by the proportion of trustees or of the managing board set forth in such requirement in the master deed.

No such license as described in sections one hundred and sixty-three, one hundred and sixty-six, one hundred and sixty-seven, one hundred and sixty-eight, one hundred and seventy-two A, one hundred and seventy-three and one hundred and seventy-four shall be issued to any bank as described herein, or any officer, agent, representative or employee of any such bank, unless limited to the transaction of any one or more classes of business described in clauses (*a*) and (*d*) of the sixth paragraph and in the sixteenth paragraph of section forty-seven. Nothing contained herein shall be construed to prohibit a licensed insurance agent or broker from serving as a director or advisory board member of any such bank; nor shall this prohibition

apply to a licensed insurance agent or broker who is also an officer, agent, representative or employee of such bank when the insurance business of such agent or broker is in no material way connected with such bank or its borrowers. For the purposes of this section, the insurance business of such agent or broker shall be presumed to be materially connected with such bank or its borrowers when ten percentum or more of the aggregate net commissions received by such insurance agent or broker during the term of any prior license or renewal, or which would probably be received during the term of a new license thereunder, resulted or would result from insurance written on behalf of such bank or any of its borrowers.

Nothing contained herein shall be construed to prohibit any such bank from making loans to or otherwise financing a licensed insurance broker, agent or agency and, in connection therewith taking a security interest in the assets of such broker, agent or agency, and nothing in this section shall prevent any such bank from acquiring any assets of such broker, agent or agency in satisfaction of any debt previously contracted or that shall be obtained by sale or foreclosure of any security held by such bank; provided that if the assets so obtained are prohibited by this section, such bank shall dispose of such assets within one year of the date it acquired title to the same, unless the commissioner shall extend the time for such disposition for the reason that the interests of such bank or debtor will suffer materially by a forced sale of such property. In the event the commissioner grants such an extension, he shall make a record of such extension, and in that event, the sale of said property may be made at any time before the expiration of the time of such extension. The commissioner may, at any time, for cause shown and after hearing, revoke any agent's or broker's license or suspend it for a period not exceeding the unexpired term thereof, and may for causes shown and after a hearing, revoke the license while so suspended, if he finds that the holder of such license is violating this section.

For the purpose of this section the word "bank" or "savings and loan association" shall include all banks and lending institutions doing business in the commonwealth whether acting under state or federal authority, including but not limited to the following: "Affiliates", as defined in clause (*e*) of section one of chapter one hundred and sixty-seven A; "Bank" or "savings and loan assocations", banks and lending institutions doing business in the commonwealth, whether acting under state or federal authority, including but not limited to those banks as defined in section one of chapter one hundred and sixty-seven, section one of chapter one hundred and sixty-eight, section one of chapter one hundred and seventy and clause (*a*) of section one of chapter one hundred and seventy-two, but not including premium finance agencies as defined in chapter two hundred and fifty-five C nor sales finance companies as defined in section one of chapter two hundred and fifty-five D and section one of chapter two hundred and fifty-five B, other than banks, national banking associations or savings and loan associations as defined in section one of chapter one hundred and sixty-seven; "Bank holding companies", as defined in clause (*d*) of section one of chapter one hundred and sixty-seven A; "Banking companies", as defined in section one of chapter one hundred and seventy-two A; "Credit unions", those organized under chapter one hundred and seventy-one; "Mort-

gage loan investment companies", as defined in section one of chapter one hundred and seventy-three; "Small loan companies", as defined by section ninety-six of chapter one hundred and forty; "Successor" as defined in section one F of chapter one hundred and sixty-seven A; and any corporation, partnership or other entity in which any of the foregoing own or have a controlling interest.

Chap. 725. AN ACT AUTHORIZING AND ENABLING THE CREATION OF ECONOMIC DEVELOPMENT AND INDUSTRIAL CORPORATIONS BY MUNICIPALITIES.

Whereas, The deferred operation of this act would tend to defeat its purpose which is, in part, to improve the economic climate of the Commonwealth and its municipalities and to reduce the unemployment which now constitute a serious emergency detrimental to the public peace, health, safety and convenience, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public peace, health, safety, welfare and convenience.

Be it enacted, etc., as follows:

The General Laws are hereby amended by inserting after chapter 121B the following chapter: —

CHAPTER 121C.

ECONOMIC DEVELOPMENT AND INDUSTRIAL CORPORATIONS.

Section 1. In this chapter, unless a different meaning clearly appears from the context, the following words and phrases shall have the following meanings: —

1) "Corporation", the Economic Development and Industrial Corporation created by section three.

2) "Cost of a project", all costs, whether incurred prior to or after the issue of bonds or notes hereunder, of acquisition, site development, construction, improvement, enlargement, reconstruction, alteration, machinery, equipment, furnishings, demolition or removal of existing buildings or structures, including the cost of acquiring any lands to which such buildings or structures may be moved, financing charges, interest prior to and during the carrying out of any project, interest for up to two years after completion or estimate completion date of any project, planning, engineering and legal service, administrative expense, the funding of notes issued for capital purposes, such reserve for debt service or other capital or current expenses as may be required by a trust agreement or resolution securing notes or bonds, and all other expenses incidental to the determination of the feasibility of any project or to carrying out the project or to placing the project in operation.

3) "Department", the department of commerce and development.

4) "Economic development area", any blighted open area or any decadent area, as respectively defined in section one of chapter one hundred twenty-one B, which is located in the municipality and is zoned for general or restricted manufacturing uses or for general or waterfront industrial uses, whether restricted or not, and within which there are not more than forty-five dwelling units.

5) "Economic development plan", a detailed plan, as it may be approved from time to time by the municipality as herein provided, for one or more economic development projects within an economic development area, which plan shall be consistent with local objectives respecting appropriate land uses, and shall be sufficiently complete to indicate the boundaries of the area, such land acquisition, such demolition, removal, and rehabilitation of structures, and such development, ~~redevelopment~~

and general, and rehabilitation of structures, and such development, redevelopment and general public improvements as may be proposed to be carried out within such area, zoning and planning changes, if any, and proposed land uses, maximum densities and building requirements; provided, however, that no economic development plan shall propose zoning changes, to or from business or residential uses, or provide for any office building other than one wholly incidental to a manufacturing or industrial use within the area without the specific approval of the city or town within which the project lies.

6) "Economic development project", (1) a project to be undertaken in accordance with an economic development plan for acquisition by the corporation of land and the improvements thereon, if any, within an economic development area covered by an economic development plan and for clearance and development of the land so acquired; or (2) a project for the rehabilitation or conservation of an economic development area, or for the demolition, removal, or rehabilitation of improvements on land within an economic development area whenever necessary to eliminate unhealthful, unsanitary or unsafe conditions, lessen density, mitigate or eliminate traffic congestion, reduce traffic hazards, or eliminate obsolete or other uses detrimental to the public welfare; or (3) a project involving any combination of the foregoing types of project. An economic development project may include improvements necessary for carrying out the objectives of the economic development project, together with such site improvements as are necessary for the preparation of any site for uses in accordance with the economic development plan, and making any land or improvements acquired in the area of the project available for redevelopment or rehabilitation by private enterprise, including sale, initial leasing or retention by the corporation for industrial or manufacturing uses in accordance with the economic development plan. An economic development project may also include the construction by the corporation of any of the buildings, structures or other facilities for industrial or manufacturing uses contemplated by the economic development plan and the repair, removal or rehabilitation by the corporation of any of the buildings, structures or other facilities located in the area covered by the economic development plan which, under such plan, are to be repaired, moved or rehabilitated.

7) "Municipality", any city or town in the commonwealth which is designated by the department of labor as being in an area of 'substantial unemployment'. The secretary may certify a municipality located in a labor area not meeting the criteria of 'substantial unemployment' as eligible under this chapter if it is determined that the municipality would by itself meet the criteria of 'substantial unemployment' were the appropriate statistics available. In order for a town to be eligible under this chapter it must also be certified by the secretary as satisfying the following requirements: —

a. That the corporation is to become an integral part of a comprehensive development program;

b. That the town has a demonstrable and significant demand for industrial land;

c. That the assembly of local industrial land by private developers or realtors is non-competitive with similar land assemblies in surrounding cities and towns due either to absolute shortage of land or to existing zoning restrictions; and

d. That the local redevelopment authority, if one exists, is unable to provide such assemblies of land as are necessary for economic development.

8) "Pollution control facilities", facilities for the prevention, avoidance, reduction, control, abatement or elimination of pollution of air or waters by industrial establishments by any means.

9) "Secretary", the secretary of communities and development.

Section 2. It is hereby declared that decadent or blighted open areas exist in the municipalities of the commonwealth zoned for industrial or manufacturing uses; that each such area constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of the municipalities; that each such area constitutes an economic liability, substantially, impairs or arrests the sound growth of the municipalities, and retards the economic well being of the commonwealth; that each decreases the value of private investments and threatens the sources of public revenue; that redevelopment of each such area in accordance with an economic development plan for the elimination of substandard conditions and the prevention of their recurrence is necessary to retain existing industries, and attract new industries, and promote the sound economic growth of the municipalities that the menace of such decadent or blighted open areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aid herein provided; that the acquisition of property for the purpose of eliminating decadent, substandard, or blighted open conditions therein, preventing recurrence of such conditions in the area, the removal of structures and improvements of sites for manufacturing and industrial uses, the disposition of the property for redevelopment incidental to the foregoing, the exercise of powers by the corporation and any assistance which may be given by the municipality, or any other public body in connection therewith are public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the acquisition, planning, clearance, development, rehabilitation or rebuilding of such decadent and blighted open areas for industrial or manufacturing purposes, are public uses and benefits for which private property may be acquired by eminent domain or regulated by wholesome and reasonable orders, laws and directions and for which public funds may be expended for the good and welfare of the municipality and of this commonwealth.

It is hereby further found and declared that there exists in the commonwealth a condition of substantial and persistent unemployment and underemployment which causes hardship to many individuals and families, wastes vital human resources, increases the public assistance burdens, impairs the security of family life, impedes the economic and physical development of the municipalities and adversely affects the welfare and prosperity of the people; that unemployment and underemployment have been caused in part by industrial and manufacturing companies moving from the municipalities; that many existing industrial and manufacturing facilities within the municipalities are obsolete and inefficient; that such facilities are underutilized or vacated, thereby creating additional unemployment; that such obsolescence and abandonment of existing facilities are causing injury to the economy of the municipalities; that the manufacturing and industrial sector of the

economy provides one of the best immediate opportunities for better jobs at higher wages for inhabitants of the municipalities that new industrial and manufacturing sites are required to attract and house new industries and to retain existing industries in need of expansion space; that the unaided efforts of private enterprise have not provided and cannot provide the necessary industrial sites within the urban environment due to problems encountered in the assembly of suitable building sites, the provision of adequate public services, the unavailability of sufficient private capital for development, and the inability of private enterprise alone to plan, finance and coordinate industrial development projects; that in many metropolitan areas of the commonwealth, municipalities want and need to revitalize their industrial job base, but are frequently at a competitive disadvantage with suburban areas in the process of assembling and developing industrial land resources.

Section 3. There is hereby authorized in each municipality in the commonwealth the organization of an economic development and industrial corporation, a public body politic and corporate, hereinafter referred to as the corporation. No such corporation, however, shall be organized, transact any business, employ any personnel or exercise any powers until the city council with the approval of the city manager, in a city having a Plan D or Plan E form of charter, or with the approval of the mayor in any other city, or a town at an annual town meeting or a special town meeting called for the purpose, shall by vote declare a need for such a corporation because unemployment or the threat thereof exists in the city or town or that security against future unemployment and lack of business opportunity is required and that attracting new industry into the municipality and substantially expanding existing industry through an economic development project or projects financed under this chapter and implemented by such a corporation would alleviate the unemployment and lack of business opportunity problems.

In the event that two or more municipalities wish to consolidate their economic development and industrial corporations, each such municipality desirous of such a consolidation shall so vote as a city or town in the manner hereinbefore described. Such a vote may be made at the same time as the vote to organize the corporation or may be made at a time subsequent thereto.

There shall be seven members of the board of directors of the corporation who shall be appointed by the municipality. At least one member shall be experienced in industrial development, one in financial matters, one in real estate matters, one in municipal government, at least one member representative of low income people who shall be chosen from a list of three submitted by the regional or local community action agency or, where there is no such agency, from a list of three submitted by the department of community affairs. The appointing municipality shall designate one of the seven members as chairman and another as vice-chairman. Each of the seven members shall be sworn to the faithful performance of his official duties as a director of the corporation. A majority of the seven directors shall constitute a quorum for the transaction of any business, but the action of a majority of the entire board shall be necessary for any transaction. For the purposes of section eleven A of chapter thirty A of the General Laws, the corporation shall be deemed to be an authority established by the general court to serve a public purpose in the commonwealth. Of the members of the cor-

poration first appointed, two shall be appointed to serve for one year from the first day of July in the current year, two for two years from said date, and three for three years from said date. Upon the expiration of the term of office of any such member, or of any subsequent member, his successor shall be appointed in like manner for a term of three years. In the event of a vacancy in the office of a member, his successor shall be appointed in like manner to serve for the unexpired term. Unless reappointed, no member of the corporation shall hold office after the expiration of his term; and the appointment of a successor to any person whose term has expired shall be for the remainder of the term which would have begun at such expiration if the successor had then been appointed.

Any member may be removed by the municipality for malfeasance, misfeasance, or wilful neglect of duty, but only after reasonable notice and a public hearing, unless the same are in writing expressly waived, and after approval by the Department. For purposes of chapter two hundred sixty-eight A of the General Laws, the members of the corporation shall be deemed to be special municipal employees.

Before the issuance of any bonds under the provisions of this act, each member of the corporation shall execute a surety bond with a surety company authorized to transact business in this commonwealth as surety, in the penal sum of fifty thousand dollars conditioned upon the faithful performance of the duties of his office, each such surety bond to be approved by the legal counsel of the municipality and filed in the office of the state secretary. The members of the corporation shall receive no compensation for the performance of their duties hereunder, but each member shall be reimbursed for expenses actually incurred in the performance of his duties. Every such reimbursement shall be open to public inspection from and after the requisition therefor.

Section 4. The directors of the corporation shall adopt a corporate seal for the corporation, and designate the custodian thereof; may from time to time appoint and at pleasure remove a clerk, a treasurer or such other officers of the corporation as they may deem necessary, and may determine their duties and their compensation, which shall be paid by the corporation; shall cause at all times accurate accounts to be kept of all receipts and expenditures of the funds of the corporation; and shall make a report annually in December to the municipality, the department and to the secretary, containing an abstract of such accounts and detailed information of all receipts and expenditures, including prices paid for land purchased or taken and any buildings constructed thereon, contracts for construction of facilities and for the leasing thereof, and such other detailed information as may be deemed helpful. The office of treasurer and clerk may be held by the same person. The corporation shall cause an audit of its books and accounts to be made at least once in each fiscal year by certified public accountants and the cost thereof shall be treated as an item of current expense. Except as otherwise provided in this act, the corporation shall have full power to exercise care of its property and the management of its business and affairs, and to sell and convey any real estate or other property not needed for its business or affairs, by deed or other instrument sealed with the corporate seal, signed and acknowledged by a majority of the board of

directors or in like manner to authorize such sale and conveyance by any of its office or agents. The treasurer shall give bond for the faithful performance of his duties, with a surety company authorized to do business in this commonwealth as surety, in such sum as the said board may determine, the premium therefor to be paid by the corporation. Neither chapter thirty-one nor any rule made thereunder shall apply to any person employed or engaged by the corporation under this act.

Section 5. The corporation is hereby authorized:

(a) To sue and be sued in its own name, and plead and be impleaded.

(b) To adopt by-laws for the regulation of its affairs and the conduct of its business, and to alter the same at its pleasure.

(c) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, and to employ consulting engineers, superintendents, managers, and such other engineers, construction and accounting experts and attorneys and such other employees, agents and consultants as may be necessary in its judgment, and to fix their compensation.

(d) To receive and accept from any federal agency, the commonwealth or the municipality grants, loans or advances for or in aid of an economic development project or projects and to receive and accept contributions from any source of either money, property, labor or other things of value, to be held, used and applied for the purposes for which such grants, loans, advances and contributions may be made. The provisions of section forty of said chapter seventy-nine shall apply to any taking by the corporation, except that the security therein required shall be deposited with the treasurer of the municipality and shall be in an amount at least twenty-five per cent higher than the aggregate average assessed valuations in the three previous calendar years of all real estate to be taken by eminent domain. (u) To borrow money for the purposes of aiding in the construction of equipment required by the commonwealth or United States to abate air or water pollution.

(v) To do all acts and things necessary or convenient to carry out the powers expressly granted in this act.

The corporation is hereby directed to pay the reasonable relocation costs of persons and businesses displaced as a result of carrying out an economic development plan as authorized by clause (1) of this section; provided, that the corporation shall not be required hereby to pay or contribute to the payment of such costs of any relocatee in excess of twenty-five thousand dollars.

Section 6. No economic development project shall be undertaken until (a) a public hearing relating to the economic development plan covering such project has been held by the corporation after due notice; (b) the economic development plan has been approved by the municipality by an affirmative two thirds vote of the city council with the approval of the mayor or city manager, as the case may be in a city or by an affirmative two thirds vote of an annual town meeting or a special town meeting called for the purpose in a town. If no economic development project covered by an economic development plan is commenced within seven years after the approval of such plan, the approval of such plan shall lapse.

Every economic development plan submitted to the municipality for approval under this act (i) shall require that every person occupying the whole or any part of the economic development area covered by such plan during the period of forty years after the approval of such plan shall make every reasonable effort, in employing persons in his business, to give to the fullest practicable extent preference to residents of the municipality and (ii) shall be accompanied by a report on such plan by the planning agency of the municipality to whom such plan shall have been submitted before its submission to the municipality by a statement of the proposed method for financing each project covered by

such plan, by a comprehensive relocation plan and by such other information as the corporation deems advisable.

Notice of the public hearing required by the first paragraph of this section shall be given by the corporation to (1) such persons, groups and organizations as have requested in writing that such notice be given them, (2) the department and secretary and agency, whether of the city or of the commonwealth, likely in the judgment of the corporation to have an actual or potential interest in the economic development plan, (3) the senator for every senatorial district of the commonwealth, and the representative for every representative district thereof, within which the economic development area or any part thereof lies, and (4) each community group supported in whole or in part by public funds, whose territory covers all or part of the economic development area. In the course of preparing an economic development plan, the corporation shall consult with each of the aforesaid so far as in the judgment of the corporation it is practicable.

If an economic development plan is so approved by the municipality the corporation shall have the powers and duties imposed by this act to undertake and carry out the economic development projects covered by such plan. The corporation shall not be required to submit an economic development plan so approved to the department of community affairs of the commonwealth for further approval.

Section 7. Except as provided herein rents and charges for services or facilities furnished or supplied by the corporation shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the commonwealth or any political subdivision thereof, and, if derived from a project in connection with which revenue bonds have been issued, shall, with all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of the bonds or in the trust agreement, but including such part thereof as may be necessary to provide such reserves for the payment of the principal of and the interest on said revenue bonds as may be provided for in such resolution or trust agreement, and including also the proceeds of any and all sales by the corporation of property within the project area, be set aside at such regular intervals as may be provided for in such resolution or trust agreement, in a sinking fund which is hereby pledged to and charged with the payment of (1) the interest upon such bonds as such interest shall fall due, (2) the principal of the bonds as the same shall fall due, (3) the necessary charges of paying agents for paying principal and interest, and (4) the redemption price or the purchase price of bonds retired by call or purchase as therein provided.

Section 8. The corporation shall be liable in contract or in tort in the same manner as a private corporation. The directors, employees, officers and agents of the corporation shall not be liable as such on its contracts or for torts not committed or directly authorized by them. The property or funds of the corporation shall not be subject to attachment or to levy and sale on execution, but if the corporation refuses to pay a judgment entered against it in any court of competent jurisdiction, the superior court, sitting within and for the county in which the corporation is situated, may, by writ of mandamus, direct the treasurer

of such agency to pay such judgment. The real estate of the corporation shall not be subject to liens under chapter two hundred fifty-four but the provisions of sections twenty-eight and twenty-nine of chapter one hundred forty-nine shall be applicable to any construction work by the corporation.

Section 9. The real estate and tangible personal property of the corporation shall be deemed to be public property used for essential public and governmental purposes and shall be exempt from taxation and from betterments and special assessments; provided, that in lieu of such taxes, betterments and special assessments, the municipality may determine a sum to be paid to it annually in any year or period of years, such sum to be in any year not in excess of the amount that would be levied at the then current tax rate upon the average of the assessed value of such real estate, including buildings and other structures, for the three years preceding the year of acquisition thereof, the valuation for each year being reduced by all abatements thereon.

The municipality may, however, agree with the corporation upon the payments to be made, or the corporation may make and the municipality may accept such payments, the amount of which shall not in either case be subject to the foregoing limitation. The last paragraph of section six and all of section seven of chapter fifty-nine shall, so far as apt, be applicable to payments under this section.

Nothing in this act shall be construed to prevent the taxation to the same extent and in the same manner as other real estate is taxed, of real estate acquired by the corporation for an economic development project and sold by it, or the taxation to the same extent and in the same manner as real estate of the commonwealth is taxed, of real estate so acquired by the corporation and leased by it; provided, however, that real estate so acquired by the corporation and sold or leased to an urban redevelopment corporation or other entity operating under chapter one hundred twenty-one A or to an insurance company or savings bank or group of savings banks operating under said chapter, shall be taxed as provided in said chapter and not otherwise.

The corporation and the debentures, revenue bonds and revenue refunding bonds issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free from taxation by the commonwealth or any subdivision thereof.

Section 10. To provide funds for the general purposes of the corporation, including working capital, the corporation may from time to time issue debentures; provided, however, that such debentures outstanding at any one time shall not exceed five million dollars unless specifically approved by the department and the secretary. Such debentures unless otherwise authorized by law shall not be deemed to constitute a debt of the commonwealth or of the municipality or a pledge of the faith and credit of the commonwealth or of the municipality and shall be subordinated to all other obligations of the corporation and shall be payable at such time or times and in such installments, if any, as the corporation shall determine, but solely out of the net assets of the corporation; and the holders thereof shall be entitled to interest thereon but only out of the net earnings of the corporation, and in no event at a rate higher than the rate specified therein.

Such debentures may be secured by a trust agreement by and between the corporation and a corporate trustee, which shall be located within the commonwealth and shall be a trust company or bank having the powers of a trust company. Such trust agreement shall contain such provisions for protecting and enforcing the rights and remedies of the debenture holders as may be reasonable and proper and not in violation of law. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth which may act as depository under such trust agreement to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Such trust agreement shall set forth the rights and remedies of the debentureholders and of the trustee, and may restrict the individual right of action by debentureholders. In addition to the foregoing, such trust agreement may contain such other provisions as the corporation may deem reasonable and proper for the security of the debentureholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as an item of current expense.

Section 11. The municipality may raise and appropriate or may borrow, or may agree with the corporation or with the federal government or the commonwealth to raise and appropriate or to borrow, in aid of the corporation, such sums as may be necessary to carry out the purposes and powers of the corporation including defraying part of the development, acquisition and operating costs of any project. Indebtedness of the municipality authorized under this section shall be outside the limit of indebtedness prescribed in section ten of chapter forty-four and shall be payable within twenty years and otherwise subject to sections sixteen to twenty-seven, inclusive, of said chapter forty-four; provided, however, that the total amount of indebtedness of the municipality, outstanding at any one time under this section and clauses one, two, and four of section twenty of chapter one hundred twenty-one B shall not exceed five per cent of the municipality equalized valuation as defined in section one of said chapter forty-four. Indebtedness incurred under this act shall also be subject to approval under section twenty-two of said chapter one hundred twenty-one B in like manner as indebtedness incurred under said section twenty.

Section 12. The corporation is hereby authorized to provide by resolution, one time or from time to time, for the issuance of revenue bonds of the corporation for the purposes of paying all or any part of the cost of a project or projects. The principal of and interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rates, and shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the corporation, and may be made redeemable before maturity, at the option of the corporation, at such price or prices and under such terms and conditions as may be fixed by the corporation prior to the issuance of the bonds. The corporation shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within the commonwealth. In case any officer whose signature or a facsimile of whose signature shall

appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The bonds may be issued in coupon or registered form or both, as the corporation may determine and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest. The corporation may sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the corporation.

The proceeds of such bonds shall be used solely for the payment of the cost of the project or projects, and shall be disbursed in such manner and under such restrictions, if any, as the corporations may provide. Prior to the preparation of definitive bonds, the corporation may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The corporation may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Revenue bonds may be issued under the provisions of this act subject only to those proceedings, conditions or things which are specifically required by this act.

The corporation is hereby authorized to provide by resolution for issuance of revenue refunding bonds of the corporation for the purpose of refunding any revenue bonds then outstanding and issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the corporation, for the additional purpose of constructing or reconstructing any extensions or improvements of the project. The issue of such bonds, the maturities, and other details thereof, the rights of the holders thereof, and the duties of the corporation in respect of the same may be applicable.

While any bonds issued by the corporation remain outstanding the powers, duties or existence of the corporation shall not be diminished or impaired in any way that will affect adversely the interests and rights of the holders of such bonds.

Revenue and revenue refunding bonds issued under the provisions of this section, unless otherwise authorized by law, shall not be deemed to constitute a debt of the commonwealth or of the city, or a pledge of the faith and credit of the commonwealth or of the city, but such bonds shall be payable solely from the funds herein provided therefor from revenues. In the event that the corporation, or municipality or commonwealth is not obliged to pay said revenue and revenue refunding bonds, then, and in that event, all such revenue and revenue refunding bonds shall contain on the face thereof a statement to the effect that neither the corporation nor the commonwealth nor the municipality shall be obliged to pay the same or the interest thereon except from revenues and that neither the faith and credit nor taxing power of the commonwealth or of the municipality is pledged to the payment of the principal of or the interest on such bonds.

All revenue and revenue refunding bonds issued under the provisions of this chapter shall have and are hereby declared to have all the quali-

ties and incidents of negotiable instruments as defined in section 3-104 of the Uniform Commercial Code of this commonwealth.

Section 13. In the discretion of the corporation such revenue bonds or revenue refunding bonds may be secured by a trust agreement by and between the corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the commonwealth. Such trust agreement may pledge or assign the revenues to be received, but shall not convey or mortgage any project or part thereof.

Either the resolution providing for the issuance of bonds or such trust agreement may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including without limiting the generality of the foregoing provisions defining defaults and providing for remedies in the event thereof, which may include the acceleration of maturities, and covenants setting forth the duties of, and limitations on, the corporation in relation to the acquisition, construction, improvement, enlargement, alteration, equipping, furnishing, maintenance, operation, repair, insurance and disposition of property, the custody, safeguarding, investment, and application of moneys, the use of any surplus bond or note proceeds and the establishment of reserves. Such resolution or trust agreement may also contain covenants by the corporation in relation to, among other things, (*a*) the establishment, revision and collection of such rents and charges for services of facilities furnished or supplied by the corporation as shall provide revenues sufficient with other revenues of the project, if any, to pay (i) the cost of maintaining, repairing and operating the project and of making renewals and replacements in connection therewith, (ii) the principal of and the interest on said revenue bonds as the same shall become due and payable, (iii) payments in lieu of taxes, betterment and special assessments, and (iv) reserves for all such purposes, (*b*) the purpose or purposes for which the proceeds of the sale of the bonds will be applied and the use and disposition thereof, (*c*) the use and disposition of the gross revenues of the corporation from the project, any additions thereto and extensions and improvements thereof, including the creation and maintenance of funds for working capital and for renewals and replacements to the project, (*d*) the amount, if any, of additional revenue bonds payable from the revenues of the project and the limitations, terms and conditions on which such additional revenue bonds may be issued, and (*e*) the operation, maintenance, management, accounting and auditing of the project and of the income and revenues of the corporation. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth to act as depository of the proceeds of bonds or of revenues and to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, such trust agreement may contain such other provisions as the corporation may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as a part of the cost of the operation of the project. The pledge by

any such trust agreement or resolution shall be valid and binding from the time when the pledge is made; the revenues or other moneys so pledged and then held or thereafter received by the corporation shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act; and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the corporation, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which pledge is created need be filled or recorded except in the records of the corporation, and no filing need be made under the Uniform Commercial Code.

Section 14. Revenue bonds and revenue refunding bonds issued under the provisions of this chapter are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments and within the limits set by section fifty-four of chapter one hundred seventy-two, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of a similar nature may properly and legally invest funds, including capital in their control or belonging to them; and such bonds are hereby made obligations which may properly and legally be made eligible for the investment of savings deposits and the income thereof in the manner provided by section fifty of chapter one hundred sixty-eight. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or other obligations of the commonwealth is now or may hereafter be authorized by law.

Section 15. Any holder of bonds or debentures issued under the provisions of this chapter or of any coupons appertaining thereto, and the trustee, except to the extent the rights herein given may be restricted by the trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the commonwealth or granted hereunder or under the trust agreement, and may enforce and compel the performance of all duties required by this act or by the trust agreement, to be performed by the corporation or by any officer thereof.

Section 16. Insofar as the provisions of this chapter are inconsistent with the provisions of any other law, general or special, excluding any state or the municipal building code and the municipal zoning code, the provisions of this chapter shall be controlling.

Section 17. The provisions of this chapter are severable; and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Section 18. This chapter, being necessary for the welfare of the commonwealth and its inhabitants, shall be liberally construed to effect the purpose thereof. *Approved July 17, 1972.*

SECTION 1. In lieu of sewer betterment assessments under chapters eighty and eighty-three of the General Laws, the town of Westborough shall charge a permanent sewer privilege fee as established by this act. The fees established herein may be changed from time to time by vote of the town at any annual town meeting.

SECTION 2. Whenever a connection is made, either directly or indirectly, to the town sewer system, or whenever the use of a sewer previously connected is subsequently changed as hereinafter provided, a permanent sewer privilege fee shall be assessed. Such fee shall be that which is in effect at the time the connection is made; or, in the case of a change in use of a sewer previously connected, then the fee shall be that which is in effect at the time an application for a building permit is filed; or if no such permit is required, then the fee shall be that which is in effect at the time an occupancy permit is issued; otherwise the fee shall be that which is in effect at the time the new use begins.

SECTION 3. The permanent sewer privilege fee shall be at the rate of two thousand dollars per unit. The number of units to be assessed on each such connection shall be as follows: —

A. Residential Use

1. Each single family building connected directly to the town sewer system shall be assessed as one unit.

2. Each dwelling unit in a multiple family dwelling, whether connected to the town sewer system directly or indirectly, and whether in one or more buildings, shall be one unit for the first dwelling unit and one-half unit for each additional dwelling unit. For the purpose of this section, multiple family dwellings shall be deemed to include, but not be limited to, more than single family buildings, apartment houses, complexes, town houses, condominiums, motels, hotels, or otherwise.

3. In the case of approved subdivisions, when branch or secondary mains are installed and paid for by developers, or by persons other than the town of Westborough each single family dwelling connected to the town sewer system shall be assessed one-half unit for a period of five years from the date of the original subdivision plan approval by the planning board. Clause 1 shall apply to all connections made after the original five year period.

Such assessment shall be made by filing with the board of assessors of said town a certificate, designating the way on which the premises connected lies, and giving the name or names of the owners of the estate for which such connection has been made and the amount of the assessment to be paid by such owner or owners. A copy or duplicate of this certificate shall within thirty days after the filing of the same with the board of assessors, be recorded in the Worcester county registry of deeds, or, in

In applying said provisions to assessments made under this act, the notice referred to herein shall be deemed to be the demand of the tax collector. The lien for any assessment made under this act shall attach upon the recording or filing for registration of the copy or duplicate of the certificate of assessment.

SECTION 7. In addition to the fees prescribed by this act, the owner shall pay the rates established from time to time for sewer usage and shall also pay for all service work, materials, and inspection from the main to the building or buildings serviced.

SECTION 2. This act shall take effect upon its passage.

Approved July 17, 1972.

Chap. 735. AN ACT FACILITATING THE DIVISION OF THE COMMONWEALTH INTO REPRESENTATIVE, SENATORIAL AND COUNCILLOR DISTRICTS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to facilitate forthwith the division of the commonwealth into representative, senatorial and councillor districts in accordance with Article XCII of the Amendments to the Constitution, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 9 of the General Laws is hereby amended by striking out section 7, as most recently amended by section 2 of chapter 820 of the acts of 1971, and inserting in place thereof the following section: —

Section 7. In nineteen hundred and seventy-one and every tenth year thereafter, the mayor of every city and the selectmen of every town shall cause a census to be made of the inhabitants of their respective cities and towns residing therein on January the first, on forms provided by the secretary, and in accordance with his instructions, and shall return the same under oath to the office of the secretary, on or before December the first following, except as provided in chapter fifty-four, specifying the number of inhabitants residing in each precinct of each town and in each precinct and ward of each city. In making such census the services and facilities of the registrars of voters and police of a city

or town shall be available to the mayor of such city or the selectmen of such town. The secretary may in his discretion verify any such census in such manner as he deems advisable, and for this purpose may inspect the records of any city or town and call upon the mayor or selectmen for such further information as he desires. From the returns so made, with such amendments as the secretary may find necessary to correct any errors or omissions therein, he shall compile the census of inhabitants of each city and town required by Article XCII of the Amendments to the Constitution, shall submit the result thereof to the general court by filing the same with the clerk of the house of representatives as soon as possible thereafter and may publish the results thereof in such form as he may determine.

SECTION 2. Chapter 12 of the General Laws is hereby amended by adding after section 30 the following section: —

Section 31. There shall be in the department of the attorney general, but not under his supervision or control, a local election districts review commission consisting of the attorney general or his designee, the commissioner of community affairs or his designee, and a person appointed by the governor. Members designated by the attorney general, the commissioner of community affairs, and by the governor shall serve during the pleasure of their respective designating officers. Each member of the commission shall receive the sum of twenty-five dollars for each day or part thereof for his service as a commissioner, provided (*a*) that such payments to any one member shall not exceed two thousand five hundred dollars in any one year, and (*b*) that such payments shall not be made to any commission member who holds another full-time paid office or position in the service of the commonwealth. Members of the commission shall receive from the commonwealth their necessary expenses incurred in the discharge of their statutory duties. Said commission shall be furnished with any books or records which it may require from any department or agency of the commonwealth or of any of its political subdivisions. Said commission shall oversee and supervise the division of the cities and towns into wards and precincts as required by chapter fifty-four. Said commission may travel within the commonwealth. The commission shall be provided with suitable offices in the state house, or elsewhere within the city of Boston. The commission may, subject to appropriation, incur such expenses as may be necessary to the execution of duties invested in it by said chapter fifty-four, or by any statute of the commonwealth not incorporated into the General Laws.

SECTION 3. Chapter 54 of the General Laws is hereby amended by striking out section 1, as most recently amended by section 3 of chapter 820 of the acts of 1971, and inserting in place thereof the following section: —

Section 1. In nineteen hundred and seventy-two, no later than the fifteenth day of August, a city by vote of its city council, if the existing wards do not contain an equal number of inhabitants, as nearly as may be ascertained, may make a new division of its territory into such number of wards as may be fixed by law and shall at the same time divide each such ward into precincts, as provided in section two. Any such division shall, for the purposes of reporting the census of inhabitants required by Article XCII of the Amendments to the Constitution, take effect as of December thirty-first, nineteen hundred and seventy-one,

but for all other purposes shall take effect only as provided in section four. Not later than the twentieth day of August in such year the city clerk shall give written notice forthwith to the state secretary of the number and designation of wards and precincts provided for in this section and in section two, together with an official map and description of said wards and precincts indicating, as nearly as can be ascertained, the numbers of inhabitants residing therein.

The state secretary shall make available to the local election districts review commission, for its scrutiny, the written notices, maps and descriptive information submitted to him by city clerks in reference to the new or unrevised wards and precincts of their respective cities under this section. If said commission shall find that any such plan of new or unrevised wards or precincts of any city conflicts with the applicable requirements of this chapter, or is of questionable constitutionality, it shall transmit a written notice of such findings, with a clear indication of the deficiencies of such plan, to the mayor of such city, or in a city having a Plan E form of government, to the city manager, not later than the fifteenth day of September. Said mayor or city manager shall, within thirty days following his receipt of such notice, present to the city council of such city his recommendations for a division of the city into wards and precincts free of the defects cited by the commission. If the city council shall fail to ordain such division, or a substitute division, conformable to this chapter within thirty days after said presentation by said mayor or city manager, he shall issue forthwith an executive order making a division of said city into wards and precincts subject to the approval of the local election districts commission which shall take effect according to the provisions of this chapter, as though it had been ordained by the city council.

In nineteen hundred and eighty, and every tenth year thereafter, in March, a city, by vote of its council, may, or, if the existing wards in such city do not contain as nearly as can be ascertained, an equal number of inhabitants, shall make a new division of its territory into such number of wards as may be fixed by law and shall at the same time divide each ward into such number of precincts as is required by section two. The boundaries of such new wards as are provided for herein shall be so arranged that the wards shall contain as nearly as can be ascertained and as may be consistent with well defined limits to each ward an equal number of inhabitants. Not later than the tenth day of April in such year the city clerk shall give written notice to the state secretary of the number and designation of wards and precincts provided for in this section and in section two, together with an official map and description of said wards and precincts indicating, as nearly as can be ascertained, the numbers of inhabitants residing therein.

The state secretary shall make available to the local election districts review commission, for its scrutiny, the written notices, maps and descriptive information submitted to him by city clerks in reference to the new or unrevised wards and precincts of their respective cities under this section. If said commission shall find that any such plan of new or unrevised wards or precincts of any city conflicts with the applicable requirements of this chapter, or is of questionable constitutionality, it shall transmit a written notice of such findings, with a clear indication of the deficiencies of such plan, to the mayor of such city, or in a city having a Plan E form of government, to the city manager, not later

than the first day of July. Said mayor or city manager shall, within thirty days following his receipt of such notice, present to the city council of such city his recommendations for a division of the city into wards and precincts free of the defects cited by the commission. If the city council shall fail to ordain such division, or a substitute division, conformable to this chapter within thirty days after said presentation by said mayor or city manager, he shall issue forthwith an executive order making a division of said city into wards and precincts subject to the approval of the local election districts commission which shall take effect according to the provisions of this chapter, as though it had been ordained by the city council.

Except as provided for the years nineteen hundred and seventy-one and nineteen hundred and seventy-two, any such new division made under the provisions of this section shall, for the purposes of the census of inhabitants in each ward and precinct of such city required by the constitution, take effect on January the first of the year following, but for all other purposes shall take effect only as provided in section four.

SECTION 4. Section 2 of said chapter 54, as most recently amended by section 4 of said chapter 820, is hereby further amended by striking out the first paragraph and inserting in place thereof the followng paragraph: —

Each city shall be divided into convenient voting precincts, designated by numbers or letters and containing not more than four thousand inhabitants. Every ward shall constitute a voting precinct by itself, or shall be divided into precincts containing as nearly as may be an equal number of inhabitants, consisting of compact and contiguous territory entirely within the ward, and bounded, so far as possible, by the center line of known streets or ways or by other well defined limits. If a ward constituting one precinct contains more than four thousand inhabitants, according to the preceding state census, the aldermen, on or before the first Monday of June, shall divide it into two or more voting precincts. They may so divide a ward or precinct containing less than four thousand inhabitants. Except as provided in section one, when new precincts are established, the new division shall take effect on the thirty-first day of December next following.

SECTION 5. Said chapter 54 is hereby further amended by striking out section 6, as most recently amended by section 7 of said chapter 820, and inserting in place thereof the following section: —

Section 6. The board of selectmen of every town of less than six thousand inhabitants and the board of selectmen of every town having more than one precinct and containing six thousand or more inhabitants may, upon direction of the town meeting, and the board of selectmen of every town containing six thousand inhabitants or more and having but one precinct shall in the year nineteen hundred and seventy-two no later than the fifteenth day of August divide the town in the manner hereinafter provided into convenient voting precincts, each of which shall contain, as nearly as may be, an equal number of inhabitants, but not more than four thousand inhabitants and shall be composed of compact and contiguous territory. The board of selectmen of every town containing six thousand inhabitants or more shall in the year nineteen hundred and eighty and every tenth year thereafter divide the town in the manner hereinafter provided into convenient voting precincts, each of which shall contain, as nearly as may be, an equal

number of inhabitants, but not more than four thousand inhabitants and shall be composed of compact and contiguous territory. The selectmen shall, so far as possible, make the center line of streets or ways, or other well defined limits, the boundaries of such precincts, and shall designate them by numbers or letters. Any such division shall, for the purpose of reporting, in the year nineteen hundred and seventy-two, the census of inhabitants required by Article XCII of the Amendments to the Constitution, take effect as of December thirty-first, nineteen hundred and seventy-one but for all other purposes shall not take effect until January first, nineteen hundred and seventy-three. If the number of precincts prescribed by law in any town for the election of members of its representative town meeting shall be such as to cause the establishment of precincts of more than four thousand inhabitants in any instance, the board of selectmen of said town shall increase the number of precincts beyond said number.

Such division of a town into precincts shall be made by the board of selectmen setting forth an official description of the precincts so established, together with a statement of the number of inhabitants residing in each such precinct as nearly as such number may be determined. The board of selectmen shall also cause an official map of the precincts proposed by them to be prepared. Said division shall take effect on the last day of December following its adoption, except as hereinbefore provided.

Upon the adoption by the board of selectmen of the town of such a division, the town clerk shall transmit forthwith to the state secretary a copy of the said division, together with an official map of said precincts and a statement by the board of selectmen of the number of inhabitants resident in each such precinct, as nearly as such number may be determined. The state secretary shall make the same available to the local election districts review commission for its scrutiny. If said commission shall find that any plan of town precincts established under this section conflicts with the applicable provisions of this chapter, or is of questionable constitutionality, it shall transmit a written notice of such findings, with a clear indication of the deficiencies of such plan, to the board of selectmen of the town not later than sixty days following the receipt by the state secretary of the documents transmitted by the town clerk. The board of selectmen of such town shall make a new or revised division of the town into precincts in the manner and within the time prescribed by said commission.

If any town required to be divided into precincts in the year nineteen hundred and seventy-two under this section shall not be so divided within the time specified above, the local election districts review commission shall, no later than the fifteenth day of October, make such division of the town into precincts conforming with the standards set forth in this section. The commission may appoint a master who shall, within twenty days, make such division of the town into precincts, said division to be subject to approval by the commission and to amendment by it. The division of the town so ordered shall take effect retroactively to the first day of January in the year nineteen hundred and seventy-one. Within seven days following receipt from the commission of a copy of said order, the town clerk of said town shall submit to the state secretary a statement of the number of inhabitants residing in

the year nineteen hundred and seventy-one in the territory of each precinct so created.

If any town of six thousand or more inhabitants had but one precinct on the first day of January, nineteen hundred and seventy-two, but was divided subsequently into precincts prior to the effective date of this act, it shall not be subject to the foregoing provisions provided that no precinct of said town contains more than four thousand inhabitants; and provided further that the town clerk of said town shall, by the fifteenth day of August, nineteen hundred and seventy-two, transmit to the state secretary an official map and description of said precincts, together with a statement of the number of inhabitants residing in the year nineteen hundred and seventy-one in the territory of each such precinct.

SECTION 6. Said chapter 54 is hereby further amended by striking out section 7, as most recently amended by section 8 of said chapter 820, and inserting in place thereof the following section: —

Section 7. Upon its own initiative a board of selectmen of a town may, and upon direction of the town meeting of such town said board shall, make any change in the voting precincts of said town, in the same manner provided in section six and subject to the restrictions contained in section nine A.

SECTION 7. Said chapter 54 is hereby further amended by striking out section 9, as amended by section 9 of said chapter 820, and inserting in place thereof the following section: —

Section 9. Any town of fewer than six thousand inhabitants may discontinue its voting precincts; and subsequent elections therein shall be held as if no such division had been made. No such discontinuance shall be effected during a year in which a census is to be taken under the provisions of Article XCII of the Amendments to the Constitution.

SECTION 8. Section 9A of said chapter 54, as most recently amended by section 10 of said chapter 820, is hereby further amended by striking out the second and fourth paragraphs.

SECTION 9. Section 24 of said chapter 54 is hereby amended by striking out the fourth sentence, as amended by chapter 259 of the acts of 1969, and inserting in place thereof the following sentence: — It shall be in a public, orderly, and convenient portion of the precinct; provided, first, that in a city, if no suitable polling place can be had within such precinct, the aldermen may designate a polling place in an adjacent precinct of said city; and provided, secondly, that in a town, if no suitable polling place can be had within such precinct, or if the selectmen conclude that the public convenience would be better served by such action, they may designate a polling place in another precinct, or may house all polling places in a single building within the town.

SECTION 10. Section one hundred and sixty-one of said chapter fifty-four is hereby repealed.

SECTION 11. Upon the creation of any new precinct in any city or town under the provisions of this act during the year nineteen hundred and seventy-two, the state secretary, upon application by the city or town clerk, shall provide a ballot box for said precinct at the expense of such city or town. *Approved July 17, 1972.*

Chap. 736. AN ACT AUTHORIZING THE COUNTY COMMISSIONERS OF NORFOLK COUNTY TO ACQUIRE, DEVELOP AND CONTROL CERTAIN LAND IN THE CITY OF QUINCY AND THE TOWN OF MILTON, KNOWN AS WOLLASTON GOLF COURSE, FOR USE AS A MULTIFACETED RECREATIONAL FACILITY, AND TO BORROW MONEY THEREFOR.

SECTION 1. The county commissioners of Norfolk county are hereby authorized, subject to the approval of the department of natural resources, the park department of the city of Quincy and the board of park commissioners of the town of Milton, to take by eminent domain or acquire by purchase or otherwise the fee or lesser interest in certain land within the city of Quincy and the town of Milton known as the Wollaston golf course; provided that on said land said county commissioners shall establish, develop, improve and maintain a multifaceted recreational facility; and provided further that said county commissioners shall control, manage or otherwise operate said facility. The county may sell the said securities at public or private sale, upon such terms and conditions as the county commissioners may deem proper, but not for less than their par value. Chap. 740. AN ACT ESTABLISHING AN INTERMEDIATE APPELLATE COURT.

Be it enacted, etc., as follows:

SECTION 1. The General Laws are hereby amended by inserting after chapter 211 the following chapter: —

CHAPTER 211A.

APPEALS COURT

Section 1. There shall be an intermediate appellate court to be known as the appeals court. The appeals court shall consist of a chief justice and five associate justices.

Section 2. The chief justice shall receive a salary of thirty-two thousand five hundred dollars and each associate justice a salary of thirty-one thousand three hundred dollars, and the chief justice and each associate justice shall annually receive from the commonwealth, upon the certificate of the chief justice, the amount of the expenses incurred by them in the discharge of their duties. Such justices shall devote their entire time during ordinary business hours to their respective duties and shall not, directly or indirectly, engage in the practice of law.

Section 3. Three justices shall constitute a quorum to decide all matters required to be heard by the appeals court or, upon order of the chief justice, four or more justices may sit. The court may sit in panels of three or more justices. The chief justice, insofar as practicable, shall assign justices to panels in such manner that each justice shall sit a substantially equal number of times with each other justice. The chief justice shall preside over any panel on which he shall sit, or, if the chief justice is not a member of a panel, the senior justice shall be the presiding justice.

Section 4. The appeals court shall sit in the city of Boston and at such other locations within the commonwealth as the supreme judicial court shall determine by rule or order. The commonwealth shall provide adequate quarters and facilities for the appeals court. The chief justice, with the approval of the supreme judicial court, shall arrange such sessions of the appeals court as may be required to discharge its business. Such sittings may be adjourned to such places and times as shall appear to the court to be most conducive to the dispatch of its business and to the interests of the public.

Section 5. The appeals court shall be vested with all powers and authority necessary to carry into execution its judgments, decrees, determinations and orders in matters within its jurisdiction according to the rules and principles of common law and the Constitution and laws of the commonwealth, and subject to the appellate jurisdiction, supervision and superintendence of the supreme judicial court.

Section 6. The clerk of the supreme judicial court for Suffolk county shall be the clerk of the appeals court and shall receive a salary of twenty-five hundred dollars in addition to the salary he receives as clerk of said supreme judicial court for Suffolk county. Said clerk shall appoint a first assistant clerk, a second assistant clerk and a third assistant clerk of the appeals court, each to serve at the pleasure of the clerk, and shall fix the salaries, in the case of the first assistant clerk, at an amount no greater than eighty-five per cent of his total combined salary, and in the case of the second and third assistant clerks, at an amount not greater than seventy-five per cent of his total combined salary. The salaries of the clerk and the assistant clerks shall be paid by the commonwealth.

Section 7. There may annually be expended out of the treasury of the commonwealth, upon the certificate of the chief justice, such sums as may be appropriated for law clerks, stenographers and other clerical assistance for printing, for transportation of papers and documents, and for certain other expenses incident to the work of the court.

Section 8. The clerk shall serve as the administrative officer of the court and shall maintain an office in Boston and at such other place or places as the supreme judicial court may designate. The cost of maintaining such office or offices shall be borne by the commonwealth. The clerk or one of the assistant clerks shall attend all sessions of the appeals court; keep and preserve all the papers, records and files thereof; maintain a docket of all matters presented to the appeals court and all proceedings therein and enter thereon accurate records of all orders, decrees, determinations or directions of the court in each case; transmit to the clerk and reporter of the supreme judicial court all papers, opinions, and decrees as required by statute or rule; and receive and keep safely all papers transmitted to him by the clerks of courts, registers of probate and recorder of the land court. He shall make copies of all papers on file in the appeals court and of its docket, upon request, and certify them, if desired, and charge the same fees payable for like services of clerks of courts. He shall issue such notice as the court or any justice thereof may order.

Section 9. In the determination of causes, all decisions of the appeals court shall be given in writing, except as otherwise provided herein, and the grounds for each decision shall be stated and filed in the cause in which rendered. The court may, in appropriate cases, enter a proper

order, direction, judgment or decree for the further disposition of a case without stating the reasons therefor, or may cause a rescript containing a brief statement of the grounds and reasons for the decision, to be filed therein. Opinions and rescripts of the appeals court shall be published by the reporter of decisions.

Section 10. Subject to such further appellate review by the supreme judicial court as may be permitted pursuant to section eleven or otherwise, the appeals court shall have concurrent appellate jurisdiction with the supreme judicial court, to the extent review is otherwise allowable, with respect to a determination made in the superior court, the land court and the probate courts, (*a*) in all civil proceedings at law or in equity without limit as to the subject matter or amount in controversy; (*b*) in proceedings in the superior court for the review of administrative determinations; (*c*) in proceedings in the superior court relating to mandamus, certiorari, and all other extraordinary writs; and (*d*) in criminal cases, irrespective of whether sentence has been imposed, except in review of convictions for first degree murder where a sentence of death or life imprisonment has been imposed. A report from the superior, land or probate courts of any case, in whole or in part, or any question of law arising therein shall be deemed within the concurrent appellate jurisdiction of the supreme judicial court and the appeals court.

Without regard to whether review is by appeal, bill of exceptions, report or otherwise, appellate review of decisions made in the superior, land or probate courts, if within the jurisdiction of the appeals court, shall be in the first instance by the appeals court except in the following cases in which appellate review shall be directly by the supreme judicial court without the necessity of any prior hearing or decision by the appeals court on the merits of the issues sought to be reviewed: —

(A) Whenever two justices of the supreme judicial court issue an order for direct review by the supreme judicial court in any case on appeal, either at the request of one of the parties or at the court's own initiative, upon finding that the questions to be decided are: (1) questions of first impression or novel questions of law which should be submitted for final determination to the supreme judicial court; (2) questions of law concerning the Constitution of the commonwealth or questions concerning the Constitution of the United States which have been raised in a court of the commonwealth; (3) questions of such public interest that justice requires a final determination by the supreme judicial court.

(B) Whenever the appeals court as a body or a majority of the justices of the appeals court considering a particular case certifies that direct review by the supreme judicial court is in the public interest.

In each case where appellate review is not within the jurisdiction of the appeals court, appellate review shall be directly by the supreme judicial court, unless such case is transferred by the supreme judicial court to the appeals court for determination in accordance with section twelve of this chapter.

Section 11. There shall be no further appellate review by the supreme judicial court of any matter within the jurisdiction of the appeals court which has been decided by that court, except: — (*a*) where a majority of the justices of the appeals court deciding the case, or of the appeals court as a whole, certifies that the public interest or the interests of justice make desirable a further appellate review, or (*b*) where leave to

obtain further appellate review or late review is specifically authorized by three justices of the supreme judicial court for substantial reasons affecting the public interest or the interests of justice. Upon the written order of a majority of the justices of the appeals court, the decision of a panel of the appeals court may be reviewed and revised by a majority of the justices of the appeals court. Such a review shall not be a condition precedent to obtaining further appellate review by the supreme judicial court.

Section 12. The appeals court may, prior to or after final determination, report any case in whole or in part or any question of law arising therein to the supreme judicial court for consideration and determination if in the opinion of the appeals court the unusual public or legal significance of the matter or the efficient administration of justice so requires. The supreme judicial court shall consider such report and accept the case or questions, in whole or in part, for final determination or, if no determination has been made by the appeals court, may remand the case or questions, in whole or in part, to the appeals court for determination. Except as otherwise provided in section four A of chapter two hundred and eleven, the supreme judicial court may transfer to the appeals court for determination any case or issue pending before it which has not been determined by the appeals court, including those within the original jurisdiction of the supreme judicial court, those of which a direct review by the supreme judicial court has been allowed or claimed, those improperly entered in the supreme judicial court, and those coming within the direct appellate jurisdiction of the supreme judicial court. The supreme judicial court may order any matter, in whole or in part, or any issue therein, pending before the appeals court, transferred to the supreme judicial court for further proceedings.

Section 13. The law governing the presentation of cases to the supreme judicial court for appellate review, except as to the printing of records and briefs, shall apply to the presentation to the appeals court of cases within the concurrent jurisdiction of that court. The appeals court shall, subject to the approval of the supreme judicial court, adopt rules regulating practices, procedures and internal administration of the appeals court. Such rules shall not require the printing of records and briefs, but may require the reproduction of relevant portions of records and briefs by xerography or a similar method producing legible pages in a reasonable number of copies.

The supreme judicial court shall adopt rules regulating the review by it, whether by transfer, report, bill of exceptions or appeal, and the time within which review may be sought; and may make such other rules and orders as may facilitate, or are desirable to regulate, appellate review by either court.

Section 14. In the case of a vacancy in the office of chief justice of the appeals court, or of his illness or absence, his duties shall be performed by the senior justice.

Section 15. If, upon the hearing of an appeal or exceptions in any proceeding, it appears that the appeal or exceptions are frivolous, immaterial or intended for delay, the appeals court may, either upon motion of a party or on its own motion, award against the appellant or excepting party double costs from the time when the appeal was taken or the exceptions were allowed, and also interest from the same time at the rate of twelve per cent a year on any amount which has been

found due for debt and damages, or which he has been ordered to pay, or for which judgment has been recovered against him, or may award any part of such additional costs and interest.

SECTION 2. Chapter 211 of the General Laws is hereby amended by striking out section 4A, inserted by section 2 of chapter 722 of the acts of 1962, and inserting in place thereof the following section: —

Section 4A. The supreme judicial court or a justice thereof may transfer for partial or final disposition in any appropriate lower court any cause or matter which might otherwise be disposed of by a single justice, and said lower court shall thereupon have jurisdiction thereof, subject to appeal, exceptions, or other proceeding in the nature of an appeal, and shall have such assistance from other departments or from the use of other writs and processes as the law provides shall be available to it or any other court with respect to like causes or matters; provided, however, that no transfer shall be made of the following: —

(2) writs of prohibition or of mandamus to the supreme judicial court or the appeals court or a judicial officer thereof, or the superintendence of insolvency cases under chapter two hundred and sixteen.

(3) dismissal under section thirteen of chapter fifty-eight A of appeals from the appellate tax board or stays of execution of sentence after exceptions or appeal under section forty-nine A of chapter two hundred and seventy-nine.

(4) any matter incidental to the exclusive appellate jurisdiction of the full court for which provision may hereafter be made; and further provided, that no transfer shall be made to any court other than the appeals court of the following: —

(1) writs of prohibition, or of mandamus to any court other than the supreme judicial court or the appeals court or to a judicial officer thereof;

In any case involving public utility rates, insurance rates, or other matter clearly affecting the public interest or an entire industry, a single justice shall file with the order of transfer a statement of his reasons therefor.

The supreme judicial court may also direct any cause or matter to be transferred from a lower court to it in whole or in part for further action or directions, and in case of partial transfer may issue such orders or direction in regards to the part of such cause or matter not so transferred as justice may require.
