The board, acting for and on behalf of said district, may take by eminent domain under chapter seventy-nine of the General Laws, or acquire by purchase or otherwise, any lands, property, water rights, rights-of-way or easements, public or private, in said district, necessary for accomplishing any purpose mentioned in this act, and may construct such main drains and sewers under or over any bridge, railroad, railway, boulevard or other public way, or within the location of any railroad, and may

enter upon and dig up any private land, public way, or railroad location, for the purpose of laying such drains and sewers and of maintaining and repairing the same, and may do any other thing proper or necessary for the purposes of this act; provided, that they shall not take in fee any land of a railroad corporation, and that they shall not enter upon or construct any drain or sewer within the location of any railroad corporation except at such time and in such manner as they may agree with such corporation, or, in case of failure to agree, as may be approved by the department of public utilities.

The board, acting for the district, shall purchase, construct, maintain and operate such trunk sewers, pumping stations, intercepting sewers, connections, sewage treatment works, laboratories and other works as may be required for collecting, treating and disposing of sewage and other waterborne wastes to be discharged from the sewerage systems of the towns or districts. For such purposes, the board may make such contracts or make other arrangement as it may deem necessary. No project shall be constructed until plans have been approved by the department of public health and the division of water pollution control of the department of natural resources. Any construction, reconstruction, or extension of trunk sewers, pumping stations, intercepting sewers, connections, sewage treatment works, laboratories and other works shall be referred to the Old Colony Planning Council for an advisory opinion as to the proposed works relationship to regional and inter-community considerations and to its coordination with existing local and regional proposals.

At the time when the regional water pollution control facilities are placed in operation, the board shall determine the remaining useful value of the existing municipal water pollution control facilities of the town of Bridgewater. Such value shall be the original cost contributed by said town of facilities less accrued depreciation on that contribution. A straight line basis shall be used in determining depreciation. A useful life of forty years and fifteen years shall be used respectively on structures and equipment.

The board may vote to acquire such facilities at a price to be agreed upon by the board and the town of Bridgewater, provided that the price shall not exceed the value of the facilities as determined by the board. The purchase price may be paid in installments, and in any event shall be treated as a maintenance and operation cost of the district.

No land may be purchased or otherwise acquired as a site for the treatment and disposal of sewage or wastewater without the approval of the department of public health and said division of water pollution control in accordance with the provisions of section six of chapter eighty-three of the General Laws.

The board may sell by negotiation to the participating members of the district or at public auction any property, including land, acquired by it hereunder and which in its opinion is no longer needed in the performance of the powers and duties conferred and

imposed on it by this act; and may from time to time lease any property which in its opinion is not then needed by it for the purposes of this act. The board may enter upon any lands or waters for the purposes of making surveys, test pits and borings, and may take by eminent domain under said chapter seventy-nine, as amended, or acquire by purchase or otherwise, the right to temporarily occupy any lands necessary for the carrying out of the said purposes.

SECTION 7. The board shall prevent the discharge into the sewers of substances which may damage or impair the sewerage collection and sewage treatment system or interfere with its maintenance or operation. The board shall have the right to enter any premises from which any sewer or drain is connected with any part of the sewerage system under its control or with any tributary sewerage or with the systems of any member town or sewer district, to determine the condition of said sewer, drain, sewage pumping station, trunk or treatment works; to determine the amount and character of sewage, drainage, or other wastes flowing therefrom; and to determine whether such sewage, drainage or other wastes do, or are likely to, damage or impair the sewerage system or the system of any member town or sewer district or interfere with its maintenance and operation. The board shall, for the proper and reasonable operation of its work, make regulations as to the quantity and character of any sewage, drainage, or other wastes discharged into any sewer under its control or any sewer tributary thereto but such regulations shall not be less than those established by the division of water pollution control of the department of natural resources. The board may require industrial pretreatment of wastes discharged into its system or into any system tributary to it if the board determines such wastes may interfere or damage the sewerage collection and treatment system or interfere with its maintenance or operation.

SECTION 8. No lands, rights-of-way, or other easements, property, structures, or rights acquired by the district, as herein provided, and located in any town included in the district shall be assessed or taxed by the municipality if yielding no rent, but the district shall annually on July first pay to the town an amount equal to the tax it would receive upon the averages of the assessed value, which shall not include buildings or structures, for the three years last preceding the acquisition thereof, the value for each year being reduced by all abatements thereon. In the event there is a general revaluation of the assessed valuation of real property in any town of the district, the assessed valuations for the three year period as determined above shall be increased or decreased in the same proportion that the aggregate value of all assessed real property in the town is increased or decreased.

SECTION 9. The district by vote of the board is authorized to issue, from time to time, general obligation serial bonds or notes of the district to pay for the costs of capital outlays in connection with the collecting, treating and disposing of sewage and other

waterborne wastes to be discharged from the sewage systems of its members including the construction, acquisition and major rehabilitation of trunk sewers, pumping stations, intercepting sewers, connectors, sewage treatment works, laboratories and such other works as may be required and including land damages and costs of demolition of existing structures on land so acquired.

Bonds of the district shall be issued in such amount or amounts as the district acting by and through the board may determine and the district may refund any such bonds or notes. Such serial bonds or notes may be callable with or without premium and shall contain such terms and conditions, bear such rate or rates of interest, be sold in such manner, at public or private sale, and mature at such times and in such amounts as the board shall determine, provided that each issue of such bonds or notes shall be payable in annual installments, the first of which shall be payable not later than two years after its date and the last of which shall be payable not later than thirty years from said date.

If the board votes to issue serial bonds or notes, said board may authorize the issuance, in the name of the district, of general obligations temporary notes for a period of not more than two years in anticipation of the money to be received from the sale of such serial bonds or notes. The time within which such serial notes or bonds shall be payable shall not be extended by reason of the making of such temporary loans beyond the time fixed in the order authorizing such serial bonds or notes.

For the purpose of paying expenses of operation, including, without limitation, any principal or interest due or about to become due on any bond or note issued by the district for which funds are not available, the board, in the name of the district, is authorized to issue, from time to time, general obligation temporary notes of the district in anticipation of assessments levied against the members of said district in the year in which such notes are issued.

Temporary notes in anticipation of assessments shall be payable not more than one year from their date and shall not exceed in principal amount at any one time outstanding the amount of the assessment in anticipation of which they are issued.

Temporary notes issued under this section for a shorter period than the maximum permitted may be renewed by the issuance of other temporary notes maturing within the required period; provided, that the period from the date of issue of the original temporary note to the date of maturity of the renewal note shall not exceed the maximum period for which the original temporary note may not have been issued. Such temporary notes or renewal notes may be sold at discount or with interest payable at or at and before maturity.

Notes or bonds authorized by this section shall be signed by the treasurer and countersigned by the chairman of the board and serial notes and bonds shall have the district seal affixed. Sections sixteen B and sixteen C of chapter forty-four of the General Laws shall be applicable to such bonds and notes.

Indebtedness incurred under this section shall not be included in computing the limit of indebtedness of any town or sewer district.

SECTION 10. The cost of original construction of the sewage treatment plant, outfall, laboratories and associated facilities, including principal payments and interest on the bonds and notes issued for construction thereof, less any state or federal grant, shall be apportioned among the participating member towns and sewer districts in the ratio of their allocated capacity to the total capacity of the district as calculated by formulae and standards established by the board.

The cost of original construction of trunk sewers, pumping stations, intercepting sewers, connections and other works as may be required for the collecting of sewage, including principal payments and interest on the bonds and notes issued for construction thereof, less any state and federal grants, shall be apportioned among the participating member towns and sewer districts in the ratio of availability of the particular facility to each member, as determined by the ratio of the allocated flow capacity of each to the entire connected capacity of the facility, as calculated by formulae and standards established by the board. These costs, cost allocations and allocated capacities shall be prepared by the board and shall be reviewed and updated if and when a town or district exceeds its allocated capacity. Upon acceptance of the provisions of this act by an eligible town or sewer district not previously a member, or upon the alteration of the flow capacity of any member's connection into the facility, the costs of construction shall be recalculated taking into account any new construction, and proper adjustments shall be made to the account of each member.

The cost of the maintenance and operation of the district and its works, exclusive of principal payments and interest on bonds issued for construction purposes shall, until such time as the sewage treatment works shall have been in regular operation for a period of three fiscal years, be apportioned among the member towns and sewer districts representing a portion of any of the towns in the ratio of their particular populations to the total population of the district, according to the latest state or federal census; provided, however, that the population of the town of Abington used for the purpose of this cost allocation shall exclude that portion of the total population of the town living tributary to Beaver brook that will be served by the city of Brockton sewage treatment system.

After the treatment works shall have been in regular operation for a period of three fiscal years, the board shall apportion costs of maintenance and operation to the member towns, and sewer districts on the basis of the measured flow of the previous year entering the district's collection system from each member's system. Upon acceptance of this act by an eligible town or sewer district not previously a member, and until said town or sewer district shall have discharged into the district's collection system for a period of three fiscal years, the allocation of its maintenance and operation

costs shall be calculated on the basis of population in the manner described in this section, the remaining cost then being allocated to the remaining members on the basis of measured flow in the manner also described in this section. Cost calculations for periods of less than a full year shall be prorated in accordance with the number of calendar days for which they are applicable.

SECTION 11. The board shall annually determine the amounts required for the payment of principal and interest on such bonds and notes issued or to be renewed by the district which will be due during the fiscal year and shall apportion the amounts so determined among the several members of the district in accordance with the provisions of this act, shall also annually determine the amounts necessary to be raised to maintain and operate the district during the said year including capital outlay items the cost of which is not to be funded and for all other matters for which the district is required to raise money and shall apportion among the several members of the district the amounts so determined in accordance with the provisions of this act. Each amount so apportioned for each member shall, prior to June thirtieth in each year, be certified by the board to the assessors of each town or sewer district who are members of such district. The assessors of each town or other district shall without further vote include each amount so certified in those amounts to be annually raised by taxes under section twenty-three of chapter fifty-nine of the General Laws. The respective town or sewer district treasurer shall pay the amount so certified to the treasurer of the district on or before January first of the then taxable year.

A town or sewer district who has been assessed may raise all or a portion of the amounts certified annually by the district to the assessors of each town or sewer district as provided in this act, through equitable and proportional charges against inhabitants, corporations and other users of the service rendered by the district in each such town or sewer district. For the purpose of establishing an equitable and proportional schedule of reasonable charges, the property benefited by the services of the district may be classified, taking into consideration the character and volume of the sewage or industrial or other wastes and the nature of the use made of the sewage system, including the facilities. The charges may include standby charges to property not connected but for which the district's facilities have been made available. The failure of such user charges to raise the amounts required by the district in any year shall not relieve any town or sewer district from its obligation to provide the amounts assessed by the district hereunder.

In the event that within ninety days of the receipt by the board of assessors of each town or sewer district of any assessment as determined and apportioned above, the appropriate legislative body of any town or sewer district, by resolution, may question any fact used in the formulae for determination of the total amount to be apportioned or the apportionment thereof to the towns or sewer districts and request a review thereof by the board.

The board shall forthwith cause a review of such apportionment and shall publish its findings no later than thirty calendar days from the receipt of such request.

The board or the aggrieved town or sewer district may, by resolution adopted no later than ninety calendar days from the receipt of such findings, submit the questions raised to a fact finding arbitration of three persons, not residents of the district, one to be appointed by the aggrieved member, one to be appointed by the board and one to be appointed by the state auditor. The three persons, so appointed, shall consider all pertinent data, make such audits, examinations, inquiries and surveys as they deem necessary, and shall submit a finding, which shall be binding on all parties. The cost of such arbitration, if any, shall be paid by the district as an expense of the then current year and assessed to the district and the aggrieved member in proportion to be determined by the finding. If such finding shall result in an adjustment of the apportionment of the assessment to the town or sewer district, such adjustment shall be made by the board in the next annual apportionment to be certified to the respective board of assessors.

Nothing in the procedure for arbitration authorized in this section shall relieve any treasurer of the towns or sewer districts from making timely payments to the treasurer of the district of the full amounts assessed.

SECTION 12. To meet the cost of construction, maintenance and operation of the works authorized by this act, the district may file application for, or accept and use, any federal or state funds or any federal or state assistance, or both, provided therefor, under any federal or state law or accept and use any funds from other sources.

SECTION 13. At any time not less than eight years after the acceptance of this act by a town or sewer district, said town or sewer district may, after approval by two thirds of the qualified voters present and voting at any annual or special town or district meeting, notify the board of its desire to withdraw from the district. Such withdrawal shall become effective in not less than two years after receipt of such notice by the board, and only after approval by a majority of the board. In the event of such withdrawals, the withdrawing town or sewer district shall:

1. Continue to pay annually to the district its share of the debt outstanding at the time of withdrawal, at the rate prevailing at the time of withdrawal, until its share of such debt shall be paid in full,

2. be allowed to purchase from the district such facilities as it may desire and which the board by majority vote may agree to sell,

3. be reimbursed by the district for its share of such facilities as will remain under the jurisdiction of the district. Such reimbursement may be made in equal installments, with interest at three per cent, annually over the remaining life of the bonded debt outstanding at time of withdrawal.

Value of any facilities involved in such purchase or reimbursement shall be determined in accordance with chapter seventy-nine of the General Laws.

SECTION 14. Upon the establishment of the district all employees of the participating towns, and districts who consent and whose employment is directly related to projects to be taken over by the district shall be transferred to the district and shall continue to perform the same duties at a salary not less than theretofore and every employee so transferred who immediately prior to such transfer was subject to section nine A of chapter thirty or to chapter thirty-one of the General Laws under a permanent appointment and who has served a probationary period shall continue to serve subject to the provisions of said section nine A of chapter thirty or to sections forty-three and forty-five of said chapter thirty-one as the case may be; whether or not thereafter reclassified, and shall retain all rights to holidays, sick leave, and vacations in effect on the effective date of this act; provided, that any person transferred who was not subject to said section nine A or said chapter thirty-one and persons appointed after the effective date of this act shall not be subject to said section nine A of chapter thirty or to any provisions of said chapter thirty-one.

Every employee who upon being employed by the district and who is covered by the group insurance provided by chapter thirty-two B of the General Laws shall continue in uninterrupted coverage and all other employees of the district are hereby likewise made eligible for said group insurance to the same extent as if they were employees of the Commonwealth; provided, that the share of the premium and administrative cost of such insurance shall, with respect to the employees of the district, be borne by said district. The district shall forward its contribution, together with all amounts withheld from the salaries or wages of its employees as provided in paragraph (a) of section eight of chapter thirty-two A of the General Laws and all amounts paid by an employee as provided in paragraph (b) of said section, to the group insurance commission at such time and in such manner as said commission may prescribe. Employees of the district shall not be eligible for group insurance coverage under said chapter thirty-two B.

Every employee who immediately prior to being transferred to the district by this section is a member of the retirement system of their respective town, or district shall have their retirement rights transferred into the state retirement system. All other employees of the district shall be required to become members of the state retirement system in the same manner and subject to the same laws, rules and regulations as persons entering the employ of the Commonwealth. The district shall deduct from the wages of its employees and pay over to the state retirement board, such sums as the Commonwealth or the town or sewer district would deduct and pay over if such person were an employee of the Commonwealth or the town or district; and at such times as the commissioner of insurance shall from time to time prescribe, the district shall pay to the state retirement board such sums as said commissioner shall from time to time determine the town or district would be obliged

to pay if such person were its employee, including accruals for prior service and accidental disability.

The district shall reimburse the Commonwealth its proportionate share of any amounts expended by the Commonwealth under the provisions of chapter thirty-two of the General Laws for retirement allowances to or on account of its employees and under the provisions of said chapter thirty-two A for group insurance premiums and administrative costs for the insured retiree.

Every person who immediately prior to being transferred to the district was subject to the provisions of sections fifty-six to sixty, inclusive, of chapter thirty-two of the General Laws, shall continue subject to the provisions of said sections; provided, however, that the words "retiring authority", as used in said section shall mean the members of said district; and provided further, that the amount of all retirement allowances payable under said sections by virtue of this act shall be paid by the district and the proper town or sewer district shall reimburse the district for its proportionate share of the amounts so paid. Upon the retirement of any such person under said sections fifty-six to sixty, inclusive, the said town or sewer district shall refund to the person so retired the amount of his accumulated deductions.

SECTION 15. This act may be submitted for approval at any annual or special town meeting of the towns eligible for membership as listed in section one of this act or at any duly called meeting of a sewer district comprising a portion of one or more of these towns listed. The question placed on the warrant of such a meeting shall be in the form of the following question: — "Shall an act passed by the General Court in the year nineteen hundred and seventy-three, entitled 'An Act Establishing the Old Colony Water Pollution Control District,' be accepted?" Such a vote shall be a standing vote of at least a majority of those present and voting. In order for the provisions of this act to be adopted, a majority of those town or district meeting members present and voting must vote in the affirmative. Any action taken in the year nineteen hundred and seventy-three by any town or sewer district eligible for membership at an annual or special town or district meeting shall be as valid and effective as if this act were in effect at the times of issue and posting of the warrant for such meeting.

The provisions of this act shall not take effect until acceptance has been voted by at least three contiguous towns. Any non-contiguous town or sewer district representing a portion of a town or towns that has voted to accept the act may withdraw from the district within one hundred eighty days of such vote by at least a majority vote of a town meeting or district meeting. Additional towns or sewer districts representing a portion of a town or towns may by the acceptance of the provisions of this act join as members of the district as provided in section one.

The initial organization of the board representing the district shall take place within one hundred eighty days after the affirma-

tive vote of the required minimum number of governmental units for the formation of the district.

SECTION 16. Nothing contained in this act shall be interpreted to authorize the board to construct, operate, or maintain the local sewerage system of each member town, or sewerage district.

The purpose of this act is to establish a district to abate and control water pollution through treatment of sewage which the district shall collect from the local system.

SECTION 17. This act shall take effect upon its passage.

Approved March 2, 1973.

the assessors of each city and town thereof. Annually on or before February first each department, commission, board or other agency of the commonwealth administering any local reimbursement or assistance program included under this section for which the commission is required to estimate the amount to be received by each city or town shall, upon the basis of information then available to it, estimate and certify to the state tax commission the amount each city and town is to receive from the commonwealth under such program during the next fiscal year. Not later than February first of such fiscal year a notice shall be sent out showing the amount of such tax which, if not paid by May first, shall bear interest computed from April first.

SECTION 7. Section 76 of said chapter 849, as appearing in section 25 of said chapter 766, is hereby amended by striking out the second paragraph.

SECTION 8. Said chapter 849 is hereby further amended by striking out section 78, as appearing in section 28 of said chapter 766, and inserting in place thereof the following section: —

Section 78. Notwithstanding any contrary provision of general or special law, there shall be two assessments and two bills for real estate and personal property taxes for the eighteen month fiscal

year which begins on January first, nineteen hundred and seventy-three.

The first bill shall be for real estate and personal property taxes assessed as of January first, nineteen hundred and seventy-three, together with any betterment assessment or apportionment thereof, water rate or annual sewer use charge added thereto. The tax rate shown on said bill and used in computing said real estate and personal property taxes shall be based upon two thirds of the amount required to be assessed pursuant to section twenty-three of chapter fifty-nine of the General Laws for said eighteen month fiscal year. Said bill shall be sent out not later than June fourteenth, nineteen hundred and seventy-three and shall be due and payable on July first of said year in every city, town and district in which the taxes are assessed. Interest shall be paid at the rate of eight per cent per annum on so much of the first billing as remains unpaid after November first, nineteen hundred and seventy-three, computed from October first of said year.

The second bill shall be for real estate and personal property taxes assessed as of January first, nineteen hundred and seventy-four. The tax rate shown on said bill and used in computing said real estate and personal property taxes shall be based upon one third of the amount required to be assessed pursuant to section twenty-three of chapter fifty-nine of the General Laws for said eighteen month fiscal year. Said bills shall be sent out not later than March fifteenth, nineteen hundred and seventy-four, and shall be due and payable on said March fifteenth in every city, town and district in which the taxes are assessed. Interest shall be paid at the rate of eight per cent per annum on so much of the second billing as remains unpaid after May first, nineteen hundred and seventy-four, computed from April first of said year. Section five of chapter fifty-nine of the General Laws shall be construed to provide an exemption from the taxes assessed as provided for in this paragraph based upon the valuation exempt under said section five multiplied by the tax rate provided for in this paragraph, except that in determining the amount of the tax relief under any clause of said section five which provides for an abatement of a fixed dollar amount, the sum specified shall be deemed to be one half of the sum actually specified under any such clause. Any lists and returns required to be filed in nineteen hundred and seventy-four pursuant to sections eight, eight A, twenty-nine, thirty-four and fifty-one of chapter fifty-nine of the General Laws shall be filed on or before February fifteenth, nineteen hundred and seventy-four.

SECTION 9. Notwithstanding any contrary provision of general or special law, the county commissioners shall apportion and assess all county taxes upon the several towns for the eighteen month fiscal period beginning with January first, nineteen hundred and seventy-three, according to the latest state valuation, and shall, by their clerk, certify the assessment to the assessors thereof, and shall prescribe that two thirds of the amount so certified shall be paid on November first, nineteen hundred and seventy-three and

one third of such amount shall be paid on May first, nineteen hundred and seventy-four. The several amounts so apportioned and assessed shall be paid and collected in the manner prescribed by section thirty-one of chapter thirty-five of the General Laws.

SECTION 10. Notwithstanding any provisions of law to the contrary, a school committee may exclude from its budget for the fiscal year ending June thirtieth, nineteen hundred and seventy-four the estimated amounts earned by teachers or any other professional employees of the school department for the school year ending on June thirtieth, nineteen hundred and seventy-four, which are actually payable during July and August of the year nineteen hundred and seventy-four. A school committee which excludes from its budget such estimated amounts shall budget for the fiscal year commencing July first, nineteen hundred and seventy-four the amounts necessary to make payments during the months of July and August of monies earned by teachers and any other professional employees for the school year ending June thirtieth, nineteen hundred and seventy-four, and such amounts shall be subject to the provisions of section thirty-four of chapter seventy-one of the General Laws.

SECTION 11. Subject to the provisions of this section, any city or town by a two-thirds vote as defined in section one of chapter forty-four of the General Laws and with the approval of the mayor or board of selectmen and of the emergency finance board established under section one of chapter forty-nine of the acts of nineteen hundred and thirty-three, hereinafter called the board, may borrow during the eighteen month period commencing January first, nineteen hundred and seventy-three, and ending June thirtieth, nineteen hundred and seventy-four, inside its limits of indebtedness as prescribed by section ten of said chapter forty-four, for the purpose of funding that portion of original or supplemental appropriations made for salaries of school teachers and any other professional employees of the school department earned prior to June thirtieth, nineteen hundred and seventy-four, but payable in July and August, nineteen hundred and seventy-four, and may issue bonds or notes therefor, which shall bear on their face the words, (name of city or town) Fiscal Cycle Loan, Act of 1973. Such loans shall be paid in not more than three years from their dates, as the board shall fix, and shall be subject to the provisions of said chapter forty-four, exclusive of the limitation contained in the first paragraph of section seven thereof.

The proceeds of loans issued hereunder by a city or town during the eighteen month period commencing January first, nineteen hundred and seventy-three, but prior to the fixing of the tax rates for said period, shall be used to reduce said tax rates provided that an appropriation has been made for such salaries earned prior to June thirtieth, nineteen hundred and seventy-four, but payable in July and August, nineteen hundred and seventy-four.

The proceeds of such loans may also be applied by a city or town against a supplemental appropriation made subsequent to the fixing

of the tax rates during said eighteen month period for such salaries earned prior to June thirtieth, nineteen hundred and seventy-four, but payable in July and August, nineteen hundred and seventy-four.

In any city, a loan order under authority of this section may be passed by vote of two thirds of all the members of the city council, or of each branch thereof where there are two branches, notwithstanding any provision of law to the contrary.

SECTION 12. There shall be a president, vice-president, treasurer and clerk of the corporation and such other officers and committees thereof as the board of directors may deem necessary, which officers and committees shall be elected annually by the directors, at a meeting held not more than fifteen days following the adjournment of the annual delegates meeting. The president and vice-president shall be elected from the board of directors. The clerk of the corporation shall be clerk of the board of directors. The directors may fill any vacancies in said offices and committees until the next annual meeting and, for cause shown, may remove by a two thirds vote of all members of the board, any officer or committee member.

Section 5. Meetings. — The annual meeting of the corporation shall be held in the commonwealth in the month of October and shall be called by the clerk at a time and place to be designated by the directors. Special meetings of the corporation may be called by a majority of the members of the board of directors or

at the request of the commissioner. Such request shall be signed by said directors, shall state the proposed purposes and proposed date of the meeting, and shall be given to the clerk of the corporation at least forty-five days before the proposed date of the meeting. The call for such meeting shall state the time, place and purpose or purposes thereof and shall be mailed to each member at its place of business at least thirty days before the date of the meeting. If any of the purposes of the meeting are to adopt an amendment to the by-laws such request and the call for the meeting shall contain notice of the proposed amendment and a copy thereof.

The board of directors shall meet at least quarterly, once in the months of October, January, April and July. A quorum of the board of directors shall consist of not less than eight directors.

Section 6. Powers. — Whenever it shall appear to the commissioner that it is inadvisable or inexpedient for any member to continue to transact the business for which it was organized without receiving financial or other assistance, he may, in his discretion, so notify the directors of the corporation, and thereupon the directors of the corporation may take any action which in their opinion they deem necessary to reduce the risk or avert a threatened loss to the corporation, and notwithstanding any other provision of law may merge or consolidate such member or may facilitate the sale of assets of such member to and the assumption of its liabilities by one or more members. The directors may with the approval of the commissioner and in order to effect the purposes of this act, and without limiting the aforesaid powers of the corporation, do any one or more of the following: (a) purchase from such member the whole or any part of, or any equitable or any other interest in, its assets at the book value thereof, or at some other value mutually agreed upon by the directors of the member credit union and said directors of the corporation, notwithstanding that either of such values may exceed the market value of the assets so purchased, and upon such terms and conditions as said directors with the approval of the commissioner, may determine; (b) make loans to such member, and upon such terms and conditions, as said directors, with the approval of the commissioner, may determine; (c) pay to such member in accordance with an agreement entered into between such member and the corporation, with the approval of the commissioner, an amount not in excess of the difference between the book value of certain or all its assets and the fair value thereof as determined by said agreement, in consideration for which such member shall agree to write down such assets to such fair value and to pay over to the corporation so much of any net proceeds realized from the sale or other disposition of each and all such assets as is in excess of such fair value, such payment to be made in such amounts, at such times and upon such terms and conditions as said directors, with the approval of the commissioner, may determine; provided, that any amount paid by the corporation hereunder to such member and the agreement of such member to repay

the excess, as hereinbefore provided, shall constitute liabilities of such member only to the extent of any such excess from time to time actually realized; (d) deposit a sum of money into the guaranty fund or reserve account of such member in accordance with an agreement entered into between such member and the corporation, with the approval of the commissioner, such member being hereby authorized and empowered, notwithstanding any other provision of law, to repay such amount to the corporation at such time or times and in such manner as such agreement may prescribe; provided, that any such payment made by the corporation to such member, and any agreement of such member to repay the same shall constitute liabilities of such member only to the extent provided by said agreement. Such member, by vote of at least two thirds of its directors, may take any and all action necessary or advisable to enable it to carry out any or all provisions of this section.

At any time after ten years from the date financial assistance shall have been granted to a member under any of the provisions of this section, any unpaid balance thereof may be compromised or settled for such cash payment or other consideration as the directors and the member with the approval of the commissioner, may agree upon, and upon such compromise or settlement the member shall be deemed to be released and discharged from any further obligation to repay the unpaid balance of such financial assistance except to the extent provided by such agreement.

Notwithstanding the provisions of section twenty-nine of chapter one hundred and seventy-one of the General Laws relative to voluntary dissolution and liquidation of a credit union, in order to give effect to the purposes of this section and subject to the approval of the commissioner and of the corporation if a credit union is a member of the corporation such member credit union may be dissolved and liquidate its affairs if authorized by a vote of at least two thirds of its directors. A committee of four shall be appointed in the following manner: two members of the committee shall be appointed by the directors of the corporation and two members shall be appointed by the liquidating credit union, for the purpose of conserving and liquidating the assets, under the direction of the corporation and the commissioner. The supreme judicial court or any justice thereof shall have jurisdiction in equity to enforce provisions of this paragraph and to act upon all applications and in all proceedings thereunder.

Whenever it shall appear to the commissioner that any member is in an unsound or unsafe condition to transact the business for which it is organized he may so certify to the directors of the corporation and upon receipt of such certificate the directors on behalf of the corporation shall, by notice in writing to the commissioner and to the member, take possession and control forthwith of the property and business of such member and shall operate such member subject to such rules and regulations as the commissioner may prescribe until the member shall resume business or until its affairs shall finally be liquidated. The corporation may through its

directors, while thus carrying on such business, pay to such member out of the share insurance fund such sums as the directors of the corporation deem necessary for the protection of the member's shareholders and depositors, and may order the same to be repaid when no longer required for that purpose, or may purchase assets from said members to effect the purposes of this act on such terms and conditions and at such valuations as the directors, with the approval of the commissioner, may determine.

At any time after the directors of the corporation have taken over the control, possession and operation of any member as provided herein, they may with the approval of the commissioner turn back the control, possession and operation thereof to such member which may resume business free from any control by the corporation, subject to such conditions as the commissioner may approve. The directors of the corporation shall not thus turn back the control, possession and operation of any member until there has been repaid into the share insurance fund all sums paid out by it from such fund to such member or its shareholders or depositors or until it has received security for such repayment satisfactory to the directors of the corporation.

The directors of the corporation, with the approval of the commissioner, may, and at the request of the commissioner shall, at any time after they have taken over the control, possession and operation of any member, discontinue the business of such member and proceed to liquidate its affairs. The corporation shall in such event pay to the shareholders and depositors of such member the full amount of their shares or deposits authorized by the law that governs said members at the date of the discontinuance of the business of the member with interest from the last dividend date to the date of discontinuance at such rate, not exceeding three per cent per annum, as the directors of the corporation shall determine, such payments to be made within five years from such discontinuance and at such times and in such installments as said directors with the approval of the commissioner shall determine. For such purpose the directors shall use in addition to the assets of the member such sums as may be required from the share insurance fund. In case of liquidation the corporation shall be subject to such orders, rules and regulations as may be prescribed from time to time by the commissioner. The corporation shall take steps to collect all debts due and claims belonging to such members and with the approval of the commissioner may sell or compound all bad or doubtful debts, and with like approval may sell all or any part of the real or personal property or other assets of the member on such terms and conditions and at such valuation as the directors shall determine and to effect the purposes of this act the corporation may itself be the purchaser of any or all such sales. To execute and perform the powers and duties conferred upon the corporation, it may in the name of any such member prosecute and defend all suits and other legal proceedings and may in the name of the member execute, acknowledge and deliver all deeds, assignments,

leases and other instruments necessary and proper to effectuate any sale of real or personal property or other assets or any compromise approved by the commissioner, and any deed or other instrument executed pursuant to the authority hereby given shall be valid and effectual for all purposes to the same extent as though executed by the officers of the member by authority of its board of directors. The compensation of employées, counsel and other assistants employed by the directors of the corporation to liquidate the affairs of any member under this section, and all expenses incurred in connection with the liquidation of any such member, shall be fixed, subject to the control of the commissioner, by the directors of the corporation. The officers of the corporation and any other persons employed by its directors to liquidate the affairs of any member under this section shall give bond to the directors of the corporation for the faithful performance of their duties in relation to such liquidation in such amount and with such surety or sureties as the commissioner may approve. The persons appointed for the purpose of liquidating the affairs of any such member shall be subject to all the penalties to which agents appointed by the commissioner for the purpose of liquidating the affairs of a member are now or may hereafter be subject. All accounts for which no claimant can be found after six years following the discontinuance of the business of any such member shall, if no other provisions to care for said claim have been made, be turned over to the commissioner of corporations and taxation pursuant to the provisions of chapter two hundred A of the General Laws.

With the approval of the commissioner, and subject to such rules and regulations as he may prescribe, the directors of the corporation may appoint conservators or agents to assist it in the operation, management, liquidation and distribution of the assets of any member in its possession under this act, and wherever practicable such conservators and agents shall be members. With the approval of the commissioner, and subject to such rules and regulations as he may prescribe the directors of the corporation may appoint members as agents to assist it in the operation, management, and liquidation of assets purchased or otherwise acquired from members by the corporation under this act. Certificates of appointment of such conservators and agents shall be filed in the office of the commissioner. Notwithstanding any other provisions of law, all members are hereby authorized to act as such conservators and agents and to exercise the powers and perform the duties contemplated by this section.

For the purpose of carrying out the provisions of this act the corporation through its directors may exercise all the powers, rights and franchises of any member the control, possession and operation of which has been taken over by it under this act. Notwithstanding any other provisions of law, with the approval of the commissioner, any member may advance or loan upon, or purchase, (a) the whole or any part of the assets of any other member which is in possession of the corporation under this act or which has been

the subject of a notice from the commissioner to the corporation as provided herein, at such valuations and upon such terms and conditions as such members, by authorization of their boards of directors, may agree upon, and the member making such an advance, loan or purchase, for the purpose of effecting the same, may assume and agree to pay the whole or any part of the share, deposit and other liabilities of such other member such term and conditions and subject to such adjustments as may be approved by the commissioner, and (b) the whole or any part of the assets acquired or held by the corporation, and may participate in such an advance, loan or purchase with one or more other members, at such valuation and upon such terms and conditions as the corporation, through its directors, and such member or members with authorization of their boards of directors, may agree upon, and with like approval, the corporation may do any and all things and may take any and all action which its directors may deem necessary or advisable to give effect to this provision; provided, that the approval of the commissioner shall not be required in the case of the purchase hereunder by a member from the corporation of any mortgage for a sum equal to the unpaid balance thereof.

SECTION 2. Said chapter 294 is hereby further amended by striking out section 6A, inserted by chapter 332 of the acts of 1965, and inserting in place thereof the following section: —

Section 6A. Termination of membership. — Whenever it shall appear to the board of directors of the corporation and the commissioner that a member has conducted its business in an unsafe or unsound manner or has knowingly or negligently permitted any of its officers or agents to violate any provision of any law or regulation to which the member is subject, said board of directors and the commissioner shall give notice of their intention to terminate its insurance after a hearing, which hearing shall be held within thirty days of such notice. Said board of directors and the commissioner shall make such order and disposition as may be necessary to protect the stability and solvency of the corporation.

In the event of termination of said insurance the commissioner may order the member to give such notice to its shareholders and depositors as he may require. In the event of failure to give the notice required to said shareholders and depositors as herein provided, the commissioner is authorized to give such notice in such manner as he may determine and for such purpose the member shall provide a list of all names and addresses of its depositors and shareholders to the commissioner.

If any member shall fail to pay any assessment lawfully required under this act, the treasurer of the corporation shall notify the commissioner of such failure and the commissioner shall forthwith notify such member in writing. The failure of such member to make such payment within fifteen days after the notice from the commissioner shall constitute a violation of law within the meaning of section five of chapter one hundred and sixty-seven of the General Laws.

SECTION 3. Said chapter 294 is hereby further amended by inserting after section 6A the following section: —

Section 6B. Membership. — Any applicant shall first give notice in writing to the corporation of its intention to become a member and shall submit such preliminary financial statements and other information concerning its assets, liabilities and affairs as the commissioner and the directors of the corporation may determine.

An applicant, before admission to the corporation, shall be subject to such audit as the commissioner and the directors of the corporation determine to be necessary, the auditor to be approved by the directors of the corporation and the commissioner. The directors and the commissioner shall be the sole judges of the eligibility of each applicant for admission.

SECTION 4. Said chapter 294 is hereby further amended by striking out sections 7 to 10, inclusive, and inserting in place thereof the following four sections: —

Section 7. Assessments. — For the purpose of carrying out the provisions of this act, in addition to the assessments hereinafter provided for, the directors of the corporation shall require each new member to pay over in cash to the corporation one per cent of its total member share and deposit balances as shown by its most recent June thirtieth or December thirty-first statement. This assessment shall be made within ten days after the acceptance of a member by the corporation. Such assessments may be charged by the member to its guaranty fund, reserve account, undivided earnings, or established as an asset.

The directors of the corporation shall semiannually declare additional assessments of members so that the member assessment as provided for in this section shall always be maintained at one per cent of its share and deposit liabilities; provided, however, that the directors may, with the approval of the commissioner, reduce uniformly in whole or in part the amount of any such semiannual assessment in such a manner that any amount payable by a member for such an assessment shall represent a percentage of the amount which would be necessary to bring the aggregate of its assessments to one per cent of its share and deposit liabilities. The directors may, with the approval of the commissioner, pay to the members a dividend computed on the aggregate of assessments paid by each member pursuant to this section.

The corporation shall be subject to such examinations and audits to such extent and manner and at such times as the commissioner may determine. The cost of any such examination or audit, as well as the cost of administration of the fund, shall be borne by the corporation.

Section 8. Additional Assessments. — Within thirty days after June thirtieth and December thirty-first of each year, each member shall pay to the corporation an additional assessment equal to one twenty-fourth of one per cent of its share and deposit liabilities payable as shown on its financial statement as of said dates; provided, however, that the directors of the corporation may, with the

approval of the commissioner, prior to the semiannual assessment date, reduce uniformly the rate of said additional assessment or waive such additional assessment. The additional assessment referred to herein may be charged to the guaranty fund, reserve account, undivided earnings or operating expense.

The provisions of section seven and this section and all increments thereof shall constitute the share insurance fund.

Section 9. Financial Assistance. — The directors of the corporation may by their vote and with the approval of the commissioner borrow money for the purposes of the share insurance fund and may pledge any assets in which such fund is invested as security for such loans. The directors may have the right to buy reinsurance and bonds or participate in the capital structure of a corporation for the purpose of protecting and strengthening the share insurance fund, or make purchases of stock in a corporation formed for the purpose of reinsuring share insurance corporations. The corporation may evaluate and transfer funds to a regional or national share insurance corporation whose primary function is for the insurance of shares or the reinsurance of share insurance corporations.

Section 10. Dissolution of the Corporation. — The directors of the corporation at a special meeting called for this special purpose and held in accordance with the by-laws and section five of this act, may determine by vote of four fifths of all directors that as a fact the corporation is no longer needed for the insurance of shares and deposits of members and if such fact also is determined by the commissioner then, by vote of four fifths of all member delegates, at a meeting of delegates called for that special purpose, with the approval of the commissioner may dissolve and liquidate the corporation. When voting for the purpose provided in this section, each such member, by a delegate authorized by its board of directors, shall have one vote. Upon any dissolution and liquidation of the corporation, the directors of the corporation shall proceed to distribute to the then members the proceeds of the fund after payment of all losses, expenses and obligations of the corporation, in the following order of priority: First, in payment pro rata of the assessment referred to in section seven. Second, in payment pro rata of all assessments paid by the then members under section eight. Third, the balance, if any, of the proceeds from such dissolution and liquidation shall be distributed pro rata to the then members on the basis of the total payments described in clauses First and Second.

SECTION 5. Said chapter 294 is hereby further amended by striking out section 12 and inserting in place thereof the following section: —

Section 12. Investments. — Except as herein provided, any or all of the corporation funds may be invested by the directors of the corporation only in the cash, securities or investments which are legal for savings banks in the commonwealth.

Chap. 307. AN ACT RELATIVE TO SEWERAGE FACILITIES AND BETTERMENTS IN THE TOWN OF MILLBURY.

Be it enacted, etc., as follows:

SECTION 1. Notwithstanding the provisions of chapters eighty and eighty-three of the General Laws, the town of Millbury shall hereinafter charge a permanent sewer privilege fee as established by this act. The fees established herein may be changed from time to time upon vote of the town at any annual town meeting.

SECTION 2. Whenever a connection is made, either directly or indirectly, to the town sewer system, or any connection already made, or whenever the use of a sewer previously connected is subsequently changed as hereinafter provided, a permanent sewer privilege fee shall be assessed. Such fee shall be that which is in effect at the time the connection is made; or, in case of a change in use of a sewer previously connected, then the fee in effect at the time an application for a building permit is filed; or if no such permit is required then at the time an occupancy permit is issued, or, if none, then at the time the new use begins.

SECTION 3. The permanent sewer privilege fee shall be at the rate of nine hundred dollars per unit. For the purpose of this act, the number of units to be assessed on each connection shall be as follows: —

A. Residential use.

1. Each single family building connected directly to the town sewer system shall be assessed as one unit.

2. Each dwelling unit in a multiple family dwelling, whether connected to the town sewer system directly or indirectly, shall be assessed one full unit and one-half unit for each additional unit in the dwelling. For the purpose of this section, multiple family dwellings shall be deemed to include, but not to be limited to, more than single family buildings, apartment houses, complexes, town houses, condominiums, or otherwise.

3. In the case of approved subdivisions, when branch or secondary mains are installed and paid for by developers, or by persons other than the town of Millbury each single family dwelling connected to the town sewer system shall be assessed one-half unit for a period of five years from the date of the original subdivision plan approval by the planning board. Paragraph 1 shall apply to all connections made after the original five-year period.

B. Other uses.

1. For uses other than residential, there shall be an assesment of a minimum of one unit, and an additional unit for every ten thousand square feet of floor space, or major portion thereof, exceeding an initial ten thousand square feet, up to a total of fifty thousand square feet of floor space; and an additional unit for every twenty-five thousand square feet of floor space, or major portion thereof exceeding the initial fifty thousand square feet.

2. In the case of approved commercial or industrial subdivisions, when branch or secondary mains are installed and paid for by

developers or by persons other than the town of Millbury the charges assessed shall be one-half of the charges described in paragraph 1 for a period of five years from the date of the original subdivision plan approval. Paragraph 1 shall apply to all connections made after the original five-year period.

C. Changes in use.

1. When a sewer has previously been connected, in residential uses when additional dwelling units are added, a fee of one-half unit per additional dwelling unit shall be assessed.

2. When a sewer has previously been connected, in uses other than residential when additional floor space is added, a fee shall be assessed of one unit for each additional ten thousand square feet of floor space, or major portion thereof, up to a total of fifty thousand square feet of total floor space of the building; and an additional unit for every twenty-five thousand square feet of floor space, or major portion thereof, exceeding the initial fifty thousand square feet.

SECTION 4. The owner or occupant of any building upon land abutting on a public or private way, in which there is a common sewer, shall connect the same therewith by a sufficient drain. If such land, by reason of its grade or level or any other cause, cannot be drained into such sewer, a variance from this requirement may be granted by the board of health until said incapacity is removed, provided that a private septic tank system is installed which meets the requirements of the board of health, said variance to be only for so long as said system continues to meet those requirements as they may be amended or revised.

SECTION 5. The fee under this act shall be assessed by the sewer commissioners upon the estate benefited thereby: Such assessment shall be made by filing with the board of assessors of the town a certificate, designating the way on which the premises connected lies, and giving the name or names of the owners of the estate for which such connection has been made and the amount of the assessment to be paid by such owner or owners. A copy or duplicate of this certificate shall, within thirty days after the filing of the same with the board of assessors, be recorded in the registry of deeds for the county of Worcester, or, in the case of registered land, filed in the office of the assistant recorder for the Worcester County Registry District. The board of assessors shall, upon receipt of such certificate, forthwith commit such assessment with this warrant to the collector of taxes, who shall forthwith make a demand in writing for the payment of such assessment, and every owner shall, within three months after such a demand is served upon him or on the occupant of such estate, or sent by mail to the last address of the owner known to the collector of taxes, pay to the collector of taxes the sum so assessed or charged.

SECTION 6. Except as herein provided, the provisions of the General Laws relative to the assessment, apportionment, division, reassessment, abatement, and collection of sewer assessments, to liens therefor, and to interest thereon shall apply to assessments

made under this act. In applying said provisions to assessments made under this act, the notice referred to herein shall be deemed to be the demand of the tax collector. The lien for any assessment made under this act shall attach upon the recording or filing for registration of the copy or duplicate of the certificate of assessment.

SECTION 7. In addition to the fees prescribed by this act, the owner shall pay the rates established from time to time for sewer usage and shall also pay for all service work, materials, and inspection from the main to the building or buildings serviced.

SECTION 8. This act shall take effect upon its passage.

Chap. 310. AN ACT PROVIDING FOR STUDENT REPRESENTATION ON THE SOUTHEASTERN MASSACHUSETTS UNIVERSITY BUILDING AUTHORITY.

Be it enacted, etc., as follows:

The second paragraph of section 2 of chapter 703 of the acts of 1964, as most recently amended by section 1 of chapter 346 of the acts of 1968, is hereby further amended by striking out the first four sentences and inserting in place thereof the following eight sentences: —

The Authority shall consist of thirteen members, nine to be appointed by the governor, of whom three members shall be appointive members of the trustees, and four to be elected by the students of the university. The members appointed from the appointive members of the trustees shall continue in office so long as they continue in office as trustees, and such dual membership shall not invalidate any action heretofore or hereafter taken by the Authority or by the trustees in which any such member has participated or may participate. Each member appointed other than from the appointive members of the trustees shall continue in office for a term expiring on June thirtieth in the sixth calendar year next after the calendar year in which his term of office began, except that a person appointed to fill a vacancy in any such membership shall serve only for the unexpired term. The term of office of the elected members of the Authority shall be one year, and elections shall be held at the same time as those for student government representatives or officers at the university. No person shall be eligible to be elected to the Authority unless at the time of his election he is enrolled as a student at the university. If at any time during his term of office said elected member ceases to be so enrolled, his membership on the Authority shall be terminated and his position shall be deemed vacant. A vacancy in the office of an elected member prior to the expiration of a term shall be filled for the remainder of the term in a manner to be determined by the student government representatives or officers at the university. Each member shall continue in office until his successor shall have been appointed or elected and qualified, but the term of office of a member appointed other than from the appointive members of the trustees shall be deemed to have commenced in the calendar year in which the stated term of office of his predecessor shall have expired.

Be it enacted, etc., as follows:

SECTION 1. The vote passed by the town of Bourne on the eighth day of March, nineteen hundred and seventy-three, appropriating

the sum of one million dollars and authorizing the borrowing of one million dollars for acquiring land by purchase, eminent domain, lease or otherwise, constructing and originally equipping and furnishing an ice-skating arena and other recreational facilities is hereby validated, ratified and confirmed in all respects.

SECTION 2. Section 3 of chapter 820 of the acts of 1970 is hereby amended by striking out the second paragraph, as amended by chapter 780 of the acts of 1971, and inserting in place thereof the following paragraph: —

The Authority shall fix such fees under clause (h) as in its judgment are best adapted to insure sufficient income to meet the expenses of the Authority, including the payments into the debt service reserve fund required by section ten of this act; provided, however, that any fee assessed by the Authority for use of recreational facilities on land leased by the federal government to the town of Bourne or to the Authority shall require prior approval of the Secretary of the Army or his duly authorized representative. Except as otherwise provided by this act, all fees collected by the Authority together with all funds received from the town of Bourne shall be received and held by the treasurer of the town of Bourne in accordance with the directions of the board of selectmen, and payments shall be made therefrom by said treasurer only upon orders or warrants duly signed by the board of selectmen, setting forth the purposes for which such disbursements are required.

SECTION 3. Section 4 of said chapter 820 is hereby amended by striking out the first sentence and inserting in place thereof the following sentence: — Expenses, liabilities and obligations incurred in carrying out the provisions of this act shall not constitute a debt of the commonwealth or a pledge of the faith and credit of the commonwealth; and no expense, liability or obligation shall be incurred by the Authority under this act beyond the extent to which monies shall have been provided under the provisions of this act.

SECTION 4. Said chapter 820 is hereby further amended by striking out section 10 and inserting in place thereof the following section: —

Section 10. For the purpose of paying the town of Bourne's share of the cost of acquiring land for constructing and originally equipping and furnishing an ice-skating arena or other recreational facilities within the town of Bourne as described in the vote passed by the town of Bourne on the eighth day of March, nineteen hundred and seventy-three, the treasurer of the town of Bourne may, with the approval of the board of selectmen, borrow from time to time such sums as may be necessary, not exceeding in the aggregate one million dollars, and may issue bonds or notes therefor which shall bear on their face the words, "Bourne Recreational Facilities Loan, Act of 1970". Each authorized issue shall constitute a separate loan, and such loans shall be paid in not more than twenty years from their dates. Indebtedness incurred under

this act shall be in excess of the statutory limit but shall, except as provided herein, be subject to chapter forty-four of the General Laws, exclusive of any limitation contained in section seven thereof.

The town of Bourne may accept state and federal aid for the purposes of this act, and in so doing may agree to be bound by any terms, conditions or restrictions which may be imposed in connection therewith.

The custody, control and management of the arena and any other recreational facilities, including equipment and furnishings, financed by the town of Bourne pursuant to this act shall be vested in the board of selectmen, acting on behalf of the town of Bourne.

The Authority shall pay to the town of Bourne prior to the date when any principal or interest on bonds or notes issued by the town under this act becomes due, an amount sufficient to cover such debt service.

As long as any bonds or notes of the town of Bourne issued pursuant to this act are outstanding, all fees collected by the Authority, except such part thereof as may be necessary to pay current maintenance, repair, administrative and operating expenses, and debt service required by the prior paragraph, shall be paid into a debt service reserve fund which is hereby charged with, but not pledged to, the payment of the principal and the interest on such bonds or notes as the same shall fall due in the event other receipts of the Authority are not sufficient for the purpose; provided, however, that any such bonds or notes shall be general obligations of the town, and in the event that funds raised by the Authority shall be insufficient to pay the principal thereof and interest thereon, the town shall have the power to levy unlimited ad valorem taxes on all taxable property in the town to pay such principal and interest. Said fund shall be held in the custody of the treasurer of the town of Bourne, separate from all other funds. No payment shall be required into the debt service reserve fund when it equals or exceeds the largest amount of interest and principal of such bonds or notes payable in the current or any single subsequent year.

(e) Such a system shall be arranged to sound an audible alarm on the floor on which the sprinkler operates and one floor immediately above.

amount equal to the sum of three times the amount of actual damages sustained or one thousand five hundred dollars, whichever is the greater, plus the costs of the action together with reasonable attorney fees as determined by the court.

A violation of the provisions of this section shall constitute an unfair method of competition under chapter ninety-three A.

For the purposes of this section, the true mileage driven shall be that mileage traveled by the motor vehicle as registered by the odometer within the manufacturer's designed tolerance.

The term "odometer", as used in this section and in section one hundred and forty-one A, shall mean, an instrument for measuring and recording the actual distance a motor vehicle travels while in operation; but shall not include any auxiliary odometer designed to be reset by the operator of the motor vehicle for the purpose of recording mileage on trips.

Nothing in this section and section one hundred and forty-one A shall prevent the service, repair or replacement of an odometer, provided the mileage indicated thereon remains the same as before the service, repair or replacement. Where the odometer is incapable of registering the same mileage as before such service, repair or replacement, the odometer shall be adjusted to read zero and a notice in writing shall be attached to the left door frame of the vehicle by the owner or his agent specifying the mileage prior to repair or replacement of the odometer and the date on which it was repaired or replaced.

Section 141A. Whoever, with the intent to misrepresent to a prospective or eventual purchaser the number of miles traveled by a motor vehicle, turns back or readjusts the speedometer or odometer thereof shall be punished by a fine of not less than one hundred nor more than five hundred dollars. In a prosecution under this section, evidence that a dealer, as defined in section one of chapter ninety, or a person required to be licensed under the provisions of section fifty-nine of chapter one hundred and forty, by himself or by another turned back or readjusted the speedometer or odometer shall constitute prima facie evidence of such intent to misrepresent.

SECTION 3. In order to meet the estimated cost of utilities to be furnished projects constructed by the building authorities established by chapter five hundred and fifty-seven of the acts of nineteen hundred and sixty-one and chapter seven hundred and three of the

acts of nineteen hundred and sixty-three, the comptroller shall transfer to the General Fund on or after July first, of each fiscal year beginning July first, nineteen hundred and seventy-two, the following amounts:— from item 7109-0100, thirty-one thousand dollars; from item 7110-0000, thirty thousand dollars; from item 7111-0100, twenty-five thousand dollars; from item 7114-0000, forty-two thousand dollars; from item 7115-0000, thirty-four thousand dollars; from item 7210-0000, forty thousand dollars; provided, that said amounts shall be credited to said items upon payment by said building authorities and may be spent without further appropriation.

SECTION 4. Wherever, in section two of this act, it is provided that transfers shall be made from a fund, account or receipts, of a specific sum, a percentage of payments, or a sum equivalent to payments, such transfers of a specific sum shall be made upon the effective date of this act, and all others shall be made quarterly unless otherwise provided; except, that at the close of a fiscal year, the amount equivalent to payments in a continuing account shall be construed to mean the amount of such appropriation.

SECTION 5. No monies appropriated under this act shall be expended for reimbursement for the expenses of meals for persons while traveling within or without the commonwealth at the expense thereof unless such reimbursement is in accordance with rules and rates established in accordance with section twenty-eight of chapter seven of the General Laws.

SECTION 6. All use of state-owned motor vehicles shall be subject to regulations to be promulgated and enforced by the commissioner of administration. No state-owned vehicle shall be used for providing transportation for state officers or employees between their domiciles and places of employment nor shall any expense be incurred for the garaging of such vehicles except when specifically authorized by said commissioner.

The commissioner is hereby authorized to transfer a motor vehicle from one agency or department to another.

The allowance to state employees for expenses incurred by them in the operation of motor vehicles owned by them and used in the performance of their official duties shall not exceed ten cents a mile.

SECTION 7. Amounts included for permanent positions in sums appropriated in section two for personal services are based upon schedules of permanent positions and salary rates as approved by the joint committee on ways and means, and, except as otherwise shown by the files of said committee, a copy of which shall be deposited with the bureau of personnel, no part of sums so appropriated in section two shall be available for payment of salaries of any additional permanent position, or for payments on account of reallocations of permanent positions, or for payments on account of any change of salary range or compensation of any permanent position, notwithstanding any special or general act to the contrary; provided, that no vacancy occurring in any classified permanent position included in said schedules of permanent positions may be filled in any manner except upon approval as required by rules and regula-

tions established under the provisions of paragraph (6) of section forty-five of chapter thirty of the General Laws; and, provided further, that no part of sums appropriated in section two shall be available for the payment of overtime service to any employee of the commonwealth without the prior written approval of such overtime by the commissioner of administration, upon recommendation of the director of personnel and standardization, except where such overtime service is essential to replace the service of an employee necessary for the care of patients or inmates in institutions operated by the commonwealth.

SECTION 8. Notwithstanding the provisions of paragraph (5A) of section forty-six of chapter thirty of the General Laws, the director of personnel and standardization shall not approve the recruitment of any person at a rate above the minimum of the grade if such proposed employee has been in the service of the commonwealth within a twelve-month period prior to the date of the proposed recruitment.

Notwithstanding the provision of clause (d) of paragraph (5) of section forty-five of chapter thirty of the General Laws, no part of the sums appropriated for the service of any agency or subdivision of a department in section two of this act shall be available for the payment of any temporary or excess quota position if there is a similar position vacant within the quota of permanent positions as established by the appropriation account for the service of such agency or subdivision of a department and, except such temporary positions as may be authorized in connection with the passage of this act, and except as hereinafter provided, no additional temporary positions shall be authorized; provided, however, the provisions of this section shall not apply to positions essential for the care of patients or inmates in institutions or to positions essential for the educational program in all institutions of higher education operated by the commonwealth, nor to the filling of a position under the provisions of section twenty-four B of said chapter thirty nor to a position required to correct an inequity determined, as provided in sections fifty-three and fifty-six of said chapter thirty. The commissioner of administration may, however, upon certification that an emergency exists requiring additional temporary assistance to perform work essential to the public interest, authorize the temporary employment of such additional personnel as may be necessary within the limits of funds available for the purpose; provided, however, that such emergency authorization shall not be extended to the succeeding fiscal year. The commissioner shall forthwith notify the house and senate committees on ways and means of the employment of any additional temporary personnel.

SECTION 9. Notwithstanding the provisions of any general or special law or sections of this act to the contrary, no funds shall be expended for excess quota positions without prior approval of the House and Senate committees on Ways and Means.

SECTION 10. In addition to the payment of regular salaries, sums appropriated for personal services in the fiscal year nineteen hun-

dred and seventy-four shall be available for the payment of such other forms of compensation as may be due under existing statutes or under the provisions of rules and regulations made in accordance with said statutes.

SECTION 11. Notwithstanding any special or general law to the contrary, any officer of the commonwealth as defined in section G-6 of the rules and regulations authorized by section 28 of chapter seven of the General Laws receiving payment under subsidiaries "01 salaries, permanent positions", "02 salaries, other" or "03 services, nonemployees" for services under any item in section two of this act shall, under the penalties of perjury, report annually to the commissioner of administration, on forms said commissioner shall prescribe any other compensations received for services performed and paid from any state, federal or private funding source. Such forms shall include the name of the funding source, the date and extent of the services performed, including the rate of compensation, the signature of the person so employed and the employer thereof. Any officer of the commonwealth failing to file said report shall be given a hearing and dismissed if found delinquent without sufficient cause. Copies of said reports shall be submitted within thirty days after receipt to the house and senate committees on ways and means.

SECTION 12. Applications for all federal subventions and grants available to the commonwealth under any act of congress shall be subject to the approval of the commissioner of administration. Any transfer within such subventions or grants shall be subject to the approval of the commissioner of administration. All federal subventions and grants received by the commonwealth, or by a corporation or other organization established as an affiliate of any agency or institution operated by the commonwealth or by an individual employed by the commonwealth, authorized to expend such funds in conjunction with services rendered by the commonwealth, may be expended without specific appropriation under the terms and conditions provided in rules and regulations established by the commissioner of administration and if such expenditures are otherwise in accordance with law. All such federal subventions and grants shall be reported in full by the head of the agency directly rendering the services mentioned above to the budget director, to the comptroller and to the house and senate committees on ways and means. The report shall include such itemization as required in accordance with state and federal regulations. All federal subventions and grants available to the commonwealth under any act of Congress and not otherwise authorized to be received shall be paid into the treasury of the commonwealth. All such expenditures of federal subventions and grants shall be subject to the audit of the state auditor.

SECTION 13. Notwithstanding the provisions of section fifty-one of chapter thirty of the General Laws, or any other provision of law, the state purchasing agent is hereby authorized during the fiscal year nineteen hundred and seventy-four to incur liabilities and incidental expenses for the purchase of supplies, as provided by said section fifty-one, including material to be disposed of as surplus, so

called, by the federal government through agencies of the federal government in an amount not exceeding five hundred and fifty thousand dollars, in addition to any amount heretofore provided for the purpose, and the comptroller may certify for payment such incidental expenses and liabilities so incurred to an amount not exceeding five hundred and fifty thousand dollars, in addition to any amount heretofore provided for said purpose.

SECTION 14. No agency of the commonwealth receiving an appropriation under section two of this act shall make any expenditure for any document printed, mimeographed or prepared in any other way, whether for outside or interdepartmental circulation, unless publication of such document shall have been approved by the state purchasing agent, and the state purchasing agent is hereby authorized and directed to require such agencies to summarize and consolidate such documents when feasible, and each document authorized to be printed which is four pages or more in length shall state on its face the estimated cost per copy, including the cost of paper, printing and binding. Notwithstanding any special or general law, complete original manuscripts of annual reports of state agencies, whenever printed in full or in summarized or consolidated form or in case such report is not printed, shall be filed with the secretary of the commonwealth. Except as otherwise provided by law, agencies selling documents shall do so at not less than the stated estimated cost; provided, however, that such agencies may dispose of excess copies of documents no longer current as provided by rules and regulations of the commissioner of administration.

SECTION 15. Notwithstanding any provision of sections forty-five to fifty, inclusive, of chapter thirty of the General Laws, a salary differential is hereby authorized to be paid to employees in the nursing services who are employed on evening or night tours of duty, and to employees engaged in professional nursing, as defined in section eighty B of chapter one hundred and twelve of the General Laws, at the Lemuel Shattuck hospital and the Soldiers' Home in Massachusetts. Any salary differential authorized by this section shall be paid in accordance with rules and regulations established by the director of personnel and standardization, with the approval of the commissioner of administration. Such rules and regulations shall not be subject to chapter thirty A of the General Laws.

SECTION 16. The surplus property agency in the department of education is hereby authorized to expend during the fiscal year nineteen hundred and seventy-four for the purposes of the surplus property agency fund, in addition to amounts available in said fund, an amount not exceeding fifty thousand dollars; provided, however, that no expenditure or commitment shall be incurred from the amount of the aforesaid fifty thousand dollar authorization in excess of amounts approved therefrom by the commissioner of administration, at the written request of the surplus property agency; and, provided further, that any amounts expended or commitments incurred under this authorization shall be paid or provided for from receipts of said surplus property agency fund prior to the close of the fiscal year.

SECTION 17. Notwithstanding the provisions of section ten A of chapter eight of the General Laws, no lease negotiated as provided therein nor any agreement providing for a tenancy at will or other space rental shall be signed by the executive or administrative head of a state department, commission or board or approved by the state superintendent of buildings and by the governor and council and by the commissioner of administration unless it is in accordance with schedules filed by the budget director with the house and senate committees on ways and means prior to the passage of this act; provided, that renewals of leases, tenancies at will and other space rentals may be continued at existing rates pending appropriation if the general court has not provided otherwise; and, further provided, that the commissioner of administration, in order to meet unforeseen circumstances may approve, on a tenancy at will basis, a change in location, new or additional space, or an increase in rate, if funds are available therefor within the appropriation account from which the costs of such space rentals are to be paid; and, further provided, that every such change is filed by the budget director with the house and senate committees on ways and means prior to the final authorization of any such agreement.

SECTION 18. No department of the commonwealth shall occupy or otherwise use, or initiate any encumbrance on or make any expenditure for the maintenance of, and land, building or other state-owned or state-occupied facilities or other property other than that under its control or jurisdiction, and no department shall authorize or otherwise allow the use by any private agency of such land, buildings or facilities under its control or jurisdiction, unless such use or expenditure has been explicitly authorized by the general court.

SECTION 19. In order that the borrowing of funds in anticipation of receipts may be kept at a minimum, every department, board, commission or agency shall, before scheduling for payment or otherwise providing for the disbursement of public funds from any sum available for expenditure or distribution for the fiscal year nineteen hundred and seventy-four, submit for approval by a board consisting of the commissioner of administration, or his designated representative, the commissioner of corporations and taxation, or his designated representative, and the state treasurer, or his designated representative, the proposed date of payment or distribution of such funds if the combined total thereof, as prepared by any such agency, exceeds one million dollars on any one day, notwithstanding any special or general laws regulating the disbursement of public funds by the commonwealth. Said board may require any agency to notify it of the anticipated receipt of revenue from any source, including federal subventions and grants.

SECTION 20. The budget director, notwithstanding the provisions of section twenty-nine of chapter twenty-nine of the General Laws, is hereby directed to limit the transfer of funds between subsidiary accounts, established as provided in section twenty-seven of said chapter twenty-nine, to those transfers required to meet unforeseen emergencies where funds otherwise are not available to protect the

public interest. The budget director shall file forthwith, on the approval of any such transfer, a copy of the authorization with the house and senate committees on ways and means.

SECTION 21. No agency of the commonwealth receiving an appropriation under section two of this act, whether or not the expenditure is made from funds authorized by this act, shall make any expenditure for consultant services, so-called, or services coded in accordance with the expenditure code manual under the subsidiary title "03 services — nonemployees" unless the rate of compensation for such services shall have been approved by the commissioner of administration upon the recommendation of the director of personnel and standardization. Said director shall, immediately upon the approval of any such rate or rates, file copies of the schedule or schedules of approved rates with the comptroller and with the house and senate committees on ways and means. Every such agency before engaging such consultant services under said subsidiary title "03", as so coded, as "professional", except for "religious services", shall certify to the budget director that funds are available for the purpose and shall then file a statement of intent with the budget director, the comptroller and the house and senate committees on ways and means. Such statement shall include the rate of compensation, the period of time for which the services are to be engaged or scope of work to be done, and such other pertinent information as may be necessary to establish the maximum limit of the commonwealth's obligation.

SECTION 22. No agency of the commonwealth, except constitutional officers, whether or not the expenditure is made from funds authorized by this act, shall initiate any encumbrance or make any expenditure involving a lease or the purchase of data processing or reproduction equipment or systems, without prior request to the budget director under the provisions of sections three and four of chapter twenty-nine of the General Laws; the certification by the head of the agency that funds are specifically available for the purpose; the prior approval of the commissioner of administration, in accordance with rules and regulations established by him, and notification of such approval to the house and senate committees on ways and means.

SECTION 23. Amounts appropriated in section two of this act under the subsidiary titles "12 — maintenance repairs, replacements and alterations" and "15 — equipment" are based upon schedules approved by the joint committee on ways and means, a copy of which shall be deposited with the budget director and shall be expended according to the priority order of such schedules unless exceptions are approved by the budget director on written application of the head of the spending agency.

The rate setting commission shall immediately upon approval of such rates file a schedule of the approved rates with the comptroller, the house and senate committees on ways and means, and to each agency making such expenditure.

SECTION 25. Notwithstanding any provision of law to the contrary, all persons eligible for public assistance, as determined by the department of public welfare, under the provisions of chapters one hundred and eighteen A, one hundred and eighteen D, and one hundred and eighteen E of the General Laws, who are not maintaining their own homes but are receiving care in any licensed nursing home, any licensed chronic hospital or in any approved public medical institution, shall retain the first thirty dollars for clothing, personal needs and leisure time activities. SECTION 27. with the requirement of said Public Law.

Pursuant to section twenty-five B of chapter fifty-eight of the General Laws, amounts shall be paid for the purposes and in the manner prescribed in said section twenty-five B from the fund established by paragraph (b) of section twenty-eight of chapter sixty-four C of the General Laws, and the comptroller shall reflect such transactions under the heading "Agency Fund".

SECTION 31. The effective date of the appropriation accounts, subsidiary accounts and authorizations in section two of this act shall be July first, nineteen hundred and seventy-three. However, beginning June first, nineteen hundred and seventy-three, obligations may be incurred against these appropriation accounts or subsidiary accounts for items to be delivered or for services to be rendered on and after July first, nineteen hundred and seventy-three; provided, that said obligations are in accordance with law and the amounts thereof do not exceed the amount of the appropriation account or subsidiary account. Where the allotment of an appropriation account or subsidiary account is a condition precedent to expenditure, the obligations shall not exceed the amount allotted for said appropriation account or subsidiary account; provided, that during the month of June, nineteen hundred and seventy-three, the comptroller may prepare warrants and the state treasurer may advance funds appropriated in section two of this act to the department of public welfare for the purpose of making payments on and after July the first, nineteen hundred and seventy-three, as authorized by chapter six hundred and fifty-eight of the acts of nineteen hundred and sixty-seven; provided, said payments are in

accordance with law and the amounts thereof do not exceed the amount of the appropriation account or subsidiary account. The certified copies of the schedules as provided for in section twenty-seven of chapter twenty-nine of the General Laws shall be filed with the comptroller June the first, nineteen hundred and seventy-three. Where the allotment of an appropriation account or subsidiary account is required by law, allotments shall be made to permit the effective operation of this section on June the first, nineteen hundred and seventy-three.

The commissioner of administration shall certify to the House and Senate committees on Ways and Means at the close of any allotment period the amounts allotted to agencies of the commonwealth under the provisions of section nine B of chapter twenty-nine of the General Laws and the expenditures and encumbrances made by such agencies of the commonwealth during such period.

If periodic allotments exceed the cumulative proportion of the appropriation made for those agencies of the commonwealth subject to section nine B of chapter twenty-nine of the General Laws under section two of this act, the commissioner of administration shall state in writing the reason for such excessive allotment to the House and Senate committees on Ways and Means.

SECTION 32. In order that the group insurance commission may provide for maximum reimbursements to the commonwealth for group insurance costs, every department, board or agency on or before August first, nineteen hundred and seventy-three, shall file with the group insurance commission a true copy of all existing contracts or agreements of every nature and description with the commonwealth or a political subdivision of federal, trust and any other nonstate funds.

For contracts or agreements entered into on and after July first, nineteen hundred and seventy-three, true copies shall be filed with the group insurance commission no later than sixty calendar days from the effective date thereof.

Six members of the commission shall constitute a quorum.

The commission meetings shall be at the call of the chairman and shall be held at least monthly, and notice of such meetings shall be published at least seven days in advance of the date of such meeting in a newspaper published within Barnstable county and distributed in each member town, and additionally published at the discretion of the chairman in other newspapers of appropriate distribution.

The commission shall hear and make findings on the initial appeal

by aggrieved parties as provided in section eleven.

The commission shall establish criteria and maintain general policy from time to time in connection with the administration of the regional district, and may recommend changes in this act, which shall be submitted to the registered voters on referendum ballot during the annual election held in each member town. If the vote is in the affirmative, submission of such recommended changes shall be submitted to the general court for approval.

SECTION 5. *Establishment and Organization of Town Historic District Committees.* — There is hereby established within each of the member towns of the district a town historic district committee, hereinafter called the committee, consisting of five unpaid members, of whom four shall be residents of the district, excepting within the towns of Bourne, Harwich and Orleans, where at least three shall be residents of the district. At least one member on each committee shall be an architect, who need not be a resident of the district. In the event no architect is available for service on the committee, a building contractor with not less than five years' experience in the building trades may be appointed a member of the committee in lieu of the architect.

The initial members of the committee shall be appointed by the selectmen of each town for terms expiring, in the case of the architect or building contractor, whichever the case may be, at the end of one year, and in the case of the remaining members, at the end of one, two, three and four years, respectively, from the first day of January following such appointments. Thereafter, the architect or building contractor shall be appointed annually by said selectmen.

Upon expiration, the term of any of the members, other than that of the architect, shall be filled by the election of a successor at a meeting of registered voters residing in the district held annually at the call of the selectmen one to two months prior to such expiration. Said election shall be held in accordance with such rules and regulations as the selectmen may prescribe. The term of members so elected shall be four years.

The committee shall elect a chairman and a secretary from its membership. In the case of the absence of the chairman from any meeting, the members present shall elect a temporary chairman.

Three members of the committee shall constitute a quorum.

Any member may be removed for cause by the selectmen of any member town after a public hearing upon written charges.

Vacancies occurring in the committee other than by expiration of term of office, shall be filled by appointment by the selectmen. Such appointment shall be only for the unexpired portion of the term of the member replaced. The committee may expend such funds as may be appropriated annually.

SECTION 6. *Limitations.* — No building, structure or part thereof, except as hereinafter provided, shall be erected within the district unless and until an application for a certificate of appropriateness as to the exterior architectural features shall have been filed with the committee. Either a certificate of appropriateness or a certificate

that no exterior architectural feature is involved shall be issued by the committee before erection.

No building, structure or any part thereof within the district, except as hereinafter provided, shall be demolished or removed unless and until an application for a permit to demolish or remove the same shall have been filed with the committee.

No occupational, commercial or other sign, except as hereinafter provided, and no billboard shall be erected or displayed on any lot or on the exterior of any building or structure within the district unless and until an application for a certificate of appropriateness shall have been filed and shall have been issued by the committee. In the case of any sign or billboard erected or displayed prior to the effective date of this act, there shall be allowed a period of three years subsequent to said effective date in which to obtain such certificate.

Except in cases excluded by section seven, no permit shall be issued by the building inspector for any building or structure to be erected within the district, unless the application for said permit shall be accompanied either by a certificate of appropriateness or a certificate that no exterior architectural feature is involved has been issued under said section seven.

SECTION 7. Exclusions. — Nothing in this act shall be construed to prevent the ordinary maintenance and such repairs as do not change any exterior architectural feature of any building or structure within the district; nor shall anything in this act be construed to prevent the erection, construction, reconstruction, restoration, alteration or demolition of any such existing feature which the building inspector shall certify is required by the public safety because of an unsafe or dangerous condition; nor shall anything in this act be construed to prevent the erection, construction, reconstruction, restoration, alteration or demolition of any such feature under a permit issued by the building inspector prior to the effective date of this act.

The following structures and signs may be erected or displayed within the district without the filing of an application for, or the issuance of a certificate of appropriateness:—

1. Temporary structures or signs for use in connection with any official celebration or parade or any charitable drive in a member town; provided that any such structure or sign shall be removed within three days following the termination of the celebration, parade or charitable drive for which said structure or sign shall have been erected or displayed. Any other temporary structures or signs which the committee shall determine do not substantially derogate from the intent and purposes of this act may from time to time be excluded from the provisions of section six.

2. Real estate signs of not more than three square feet in area advertising the sale or rental of the premises on which they are erected or displayed.

3. Occupational signs of not more than one square foot in area and not more than one such sign, irrespective of size bearing the

name, occupation or address of the occupant of the premises on which such sign is erected or displayed where such premises are located within a residential area, as defined in the zoning by-laws of the member town.

The exterior color of any building or structure within the district may be changed to white without the filing of an application for, or the issuance of, a certificate of appropriateness or to any color or any combination of colors which the committee shall determine from time to time may be used without substantial derogation from the intent and purposes of this act.

SECTION 8. *Application to be Filed with Committee.* — Excepting cases excluded by section seven, any person, including the member town, who desires to erect, move or demolish or remove or change the exterior color features of any building or structure within the district, or to erect or display within the district any sign or billboard for which a certificate of appropriateness is required under section six, shall file with the committee an application for a certificate of appropriateness or a permit for demolition or removal, as the case may be, together with such plans, elevations, specifications, material and other information as shall be deemed necessary by the committee to enable it to make a determination on the application.

SECTION 9. *Meetings, Hearings, Time for Making Determinations.* — Meetings of the committee shall be held at the call of the chairman and also when called in such other manner as the committee shall determine by its rules.

The committee shall determine promptly after the filing of an application for a certificate of appropriateness as to exterior architectural features, whether the application involves any such features. If the committee determines that such application involves any exterior architectural features, the committee shall hold a public hearing thereon.

The committee shall fix a reasonable time for the hearing on any application and shall give public notice thereof by publishing notice of the time, place and purpose of the hearing in a local newspaper at least fourteen days before said hearing and also, not less than seven days prior to said hearing, mail a copy of said notice to the applicant, to owners of property abutting the premises to be affected as they appear on the most recent local tax list, to the planning board of the town, and to such other persons as the committee shall deem entitled to notice.

As soon as convenient after such public hearing, but in any event within sixty days after the filing of the application, or within such further time as the applicant shall allow in writing, the committee shall make a determination on the application. If the committee shall fail to make a determination within said sixty days, or within such further time allowed by the committee shall be deemed to have approved the application.

SECTION 10. *Powers, Functions and Duties of Committee.* — The committee shall pass upon:—

(a) The appropriateness of exterior architectural features of build-

ings and structures to be erected within the district.

(b) The demolition or removal of any building or structure or any part thereof within the district. The committee may refuse a permit for the demolition or removal of any building or structure of architectural or historic interest, the removal of which in the opinion of the committee would be detrimental to the public interest.

(c) The appropriateness of the erection or display of occupational, commercial or other signs and billboards within the district wherever a certificate of appropriateness for any such sign or billboard is required under section six.

In passing upon appropriateness, demolition or removal, the committee shall determine whether the size, features, demolition or removal, sign or billboard involved will be appropriate for the purposes of this act, and, if it shall be determined to be inappropriate, shall determine whether, owing to conditions especially affecting the building, structure, sign or billboard involved, but not affecting the district generally, failure to approve an application will involve a substantial hardship to the applicant and whether such application may be approved without substantial detriment to the public welfare and without substantial derogation from the intent and purposes of this act. If the committee determines that the features, demolition or removal, sign or billboard involved will be appropriate or, although inappropriate, owing to conditions as aforesaid, failure to approve an application will involve substantial hardship to the applicant and approval thereof may be made without substantial detriment or derogation as aforesaid, the committee shall approve the application; but if the committee does not so determine, the application shall be disapproved.

In passing upon appropriateness, the committee shall consider, among other things, the historical value and significance of the building or structure, the general design, arrangement, texture, material and color of the features, sign or billboard involved and the relation of such factors to similar factors of buildings and structures in the immediate surroundings. The committee shall consider settings, relative size of buildings and structures, but shall not consider detailed designs, interior arrangement and other building features not subject to public view. The committee shall not make any recommendations or requirements except for the purpose of preventing changes in exterior architectural features obviously incongruous to the purposes set forth in this act.

The concurring vote of three members of the committee shall be necessary to make a determination in favor of the applicant on any matter upon which the committee is required to pass under this act.

SECTION 11. *Appeals.* — Any person aggrieved by the determination of the committee or by an approval of an application through failure of the committee to make a determination within the time allowed under section nine, whether or not previously a party to the proceeding, may, within twenty days after the filing of a notice of such determination with the town clerk, or within twenty days after approval by failure to make a determination within said time limit,

appeal to the commission. The commission shall, within thirty days after receipt of such appeal in writing from the aggrieved, hear all pertinent evidence and determine the facts, and if, upon the facts so determined, the commission finds that the committee exceeded its authority or exercised poor judgment, was arbitrary, capricious, or erroneous in its action, the commission shall annul the committee determination or approval and remand the case to said committee for further action.

Any person aggrieved by the action of the commission may, within thirty days after notice of said decision, appeal to the superior court sitting in equity for the county of Barnstable. The court shall hear all pertinent evidence and determine the facts, and if, upon the facts so determined, such determination or approval is found to exceed the authority of the commission, the court shall annul such determination or approval, and remand the case for further action by the commission. The remedies provided by this action shall be exclusive, but the parties shall have all rights of appeal and exception as in other equity cases. Costs shall not be allowed against the commission or the committee unless it shall appear to the court that they either acted in bad faith or with malice in the matter from which the appeal was taken.

Costs shall not be allowed against the party appealing from such determination or approval of the commission unless it shall appear to the court that said party acted in bad faith or with malice in making the appeal to the court.

SECTION 12. *Enforcement.* — Any person who violates any provision of this act shall be guilty of a misdemeanor and upon conviction thereof shall be fined not less than one hundred dollars nor more than five hundred dollars.

The superior court sitting in equity for the county of Barnstable shall have jurisdiction to enforce the provisions of this act and the determinations, rulings and regulations issued thereunder and may restrain by injunction violations thereof and issue such other orders for relief of violations as may be required.

SECTION 13. *Severability of Provisions.* — The provisions of this act shall be deemed to be severable, and in case any part of this act shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair the validity of any other part.

SECTION 14. *Apportionment of Expenses.* — The commission may determine the expenses of the district and apportion the same equally among the member towns comprising such district, and shall promptly thereafter notify the treasurers of such towns of such apportionment. Every town treasurer so notified shall annually certify the amount of such apportionment to the board of assessors of his municipality, who shall include such amount in the tax levy of the following year. Upon order of the commission the town treasurer of each of the towns of the district shall from time to time pay to the district treasurer a sum or sums not exceeding, in the aggregate, the amount certified by the commission as its respective share of the

costs and expenses of the district.

SECTION 15. *Prior Historic Districts.* — Upon the establishment of the district, any historic district theretofore established in any member town within the district shall cease to exist.

SECTION 16. *Acceptance of Act.* — The following question shall be printed on the ballots of the member towns as listed in section four to be used in the biennial state election in November, nineteen hundred and seventy-four: —

“Shall an act passed by the general court in the year nineteen hundred and seventy-three, entitled ‘An Act establishing the Old King’s Highway Regional Historic District and the Old King’s Highway Regional Historic District Commission in Barnstable county’, be accepted?” If a majority of the voters present and voting in the regional district towns shall vote in the affirmative, this act shall become fully effective and the said district shall be deemed to be established forthwith, but not otherwise. If a majority of the voters present and voting in the member towns in the said election fail to vote in the affirmative, the said question shall be printed on the ballots to be used in the biennial state election in November, nineteen hundred and seventy-six. If a majority of the voters present and voting in the member towns shall vote in the affirmative at said election, this act shall become fully effective and the said district shall be deemed to be established forthwith, but not otherwise. If a majority of the voters present and voting in the member towns fail to vote in the affirmative in the said election, the said question shall be printed on the ballots to be used in the biennial state election in November, nineteen hundred and seventy-eight. If a majority of the voters present and voting in the member towns shall vote in the affirmative at said election, this act shall become fully effective and the said district shall be deemed to be established forthwith, but not otherwise. If this act is not accepted in the November, nineteen hundred and seventy-eight election, the question of acceptance may be placed upon the ballot of any subsequent state biennial election, provided that, prior to September first of the year it is to be voted upon, a petition signed by not less than fifteen per cent of the registered voters in each of the towns listed in section four has been filed with the selectmen of the respective towns. The selectmen shall refer the petitions to the registrars of voters for certification and the registrars of each town shall notify the state secretary of the percentage of valid signatures. The state secretary shall in turn notify the selectmen of each town whether or not sufficient signatures have been certified to place the question on the ballot. If a majority of the voters present and voting in the regional district towns in such subsequent state election shall vote in the affirmative, this act shall become fully effective and the said district shall be deemed to be established forthwith, but not otherwise. *Approved June 29, 1973.*

The district shall have power to prosecute and defend all actions relating to its property and affairs.

SECTION 2. The district may make and maintain, in any way therein where main drains or common sewers are constructed, such connecting drains, sub-drains and sewers within the limits of such way as may be necessary to connect any estate which abuts upon such way.

SECTION 3. Any meeting of the voters of the territory included within the boundaries set forth in section one, to be held prior to the acceptance of this act, and any meeting of the voters of the district to be held prior to the qualification of a majority of the sewer commissioners, shall be called on petition of ten or more legal voters therein, by a warrant from the selectmen of said town, or from a justice of the peace, directed to one of the petitioners, requiring him to give notice of the meeting by posting copies of the warrant in two or more public places in the district seven days at least before the time of the meeting. Such justice of the peace, or one of the selectmen, shall preside at such meeting until a clerk is chosen and sworn, and the clerk shall preside until a moderator is chosen. At any meeting held hereunder prior to the acceptance of this act, after the choice of a moderator for the meeting, the question of the acceptance of this act shall be submitted to the voters, and if it is accepted by the majority of the voters present and voting thereon by ballot it shall thereupon take full effect, and the meeting may then proceed to act on the other articles in the warrant. After the qualification of a majority of the sewer commissioners, meetings of the district shall be called by warrant under their hands, unless some other method be provided by by-law or vote of the district.

SECTION 4. The district shall elect by ballot, either at the same meeting at which this act shall have been accepted, or thereafter, at an annual meeting or at a special meeting called for the purpose, three persons, inhabitants of and voters in said district, to hold office, one until the expiration of three years, one until the expiration of two years, and one until the expiration of one year, from the day of the next succeeding annual district meeting, as the board of sewer commissioners; and at every annual district meeting following such next succeeding annual district meeting, when the term of a member expires, one such commissioner shall be elected by ballot for the term of three years. The date of the next annual meeting shall be

fixed by by-law or by vote of the board of sewer commissioners, but in no event shall it be later than fifteen months subsequent to the date on which the sewer commissioners were first elected. All the authority granted to said district by this act, except sections six and seven, and not otherwise specifically provided for, shall be vested in said board of sewer commissioners, who shall be subject, however, to such instructions, rules and regulations as the district may by vote impose. At the meeting at which said sewer commissioners are first elected and at each annual district meeting held thereafter, the district shall elect by ballot, each for a term of one year, a clerk and a treasurer of the district. The treasurer shall not be a sewer commissioner, and shall give bond to the district in such an amount as may be approved by said sewer commissioners and with a surety company authorized to transact business in the commonwealth as surety. A majority of said sewer commissioners shall constitute a quorum for the transaction of business. Any vacancy occurring in said board from any cause may be filled for the remainder of the unexpired term by said district at any legal meeting called for the purpose. No money shall be drawn from the treasury of the district on account of its sewer works except upon a written order of said sewer commissioners or a majority of them.

SECTION 5. The board of sewer commissioners, acting for and on behalf of said district, may take by eminent domain, under chapter seventy-nine of the General Laws, or acquire by purchase or otherwise, any lands, sewer rights, rights of way or easements, public or private, in said district, necessary for accomplishing any purpose mentioned in this act, and may construct such main drains and sewers under or over any bridge, railroad, railway, boulevard or other public way, or within the location of any railroad, and may enter upon and dig up any private land, public way or railroad location, for the purpose of laying such drains and sewers and of maintaining and repairing the same, and may do any other thing proper or necessary for the purposes of this act; provided, that they shall not take in fee any land of a railroad corporation, and that they shall not enter upon or construct any drain or sewer within the location of any railroad corporation except at such time and in such manner as they may agree upon with such corporation, or, in case of failure to agree, as may be approved by the department of public utilities.

SECTION 6. For the purpose of paying the necessary expenses and liabilities incurred under this act, other than expenses of maintenance and operation, the district may borrow from time to time such sums as may be necessary, not exceeding, in the aggregate, two hundred and fifty thousand dollars, and may issue bonds or notes therefor, which shall bear on their face the words, Hillcrest Sewer District Loan, Act of 1973. Each authorized issue shall constitute a separate loan, and such loans shall be payable in not more than thirty years from their dates. Indebtedness incurred under this act shall be subject to the provisions of chapter forty-four of the General Laws.

SECTION 7. The district shall, at the time of authorizing said loan or loans, provide for the payment thereof in accordance with section six of this act; and, when a vote to that effect has been passed, a sum which, with the income derived from sewer rates, will be sufficient to pay the annual expense of operating its sewer works and the interest as it accrues on the bonds or notes issued as aforesaid by the district, and to make such payments on the principal as may be required under this act, shall without further vote be assessed upon the district by the assessors of said town of Leicester annually thereafter until the debt incurred by said loan or loans is extinguished.

SECTION 8. Any land taken or acquired under this act shall be managed, improved and controlled by the board of sewer commissioners hereinafter provided for, in such manner as they shall deem for the best interest of the district. All authority vested in said board by this section shall be subject to section four.

SECTION 9. The district clerk shall certify all appropriations voted by the district to the assessors of the town of Leicester who shall assess the same on property within the district in the same manner in all respects in which town taxes are required by law to be assessed; provided, that no estate shall be subject to any tax assessed on account of the system of sewerage under this act, if, in the judgment of the board of sewer commissioners herein provided for, after a hearing, due notice whereof shall have been given, such estate is so situated that it will receive no aid from the said sewerage system, or if such estate is so situated that the buildings thereon, or the buildings that might be constructed thereon, could not be connected with the said system in any ordinary or reasonable manner; but all other estates in the district shall be deemed to be benefited and shall be subject to such tax. A certified list of the estates exempt from taxation under the provisions of this section shall annually be sent by said board of sewer commissioners to said assessors. The assessment shall be committed to the town collector of taxes, who shall collect said tax in the manner provided by law for the collection of town taxes, and shall deposit the proceeds thereof with the district treasurer for the use and benefit of the district. The district may collect interest on overdue taxes in the manner in which interest is authorized to be collected on town taxes.

SECTION 10. The receipts from sewer assessments, charges, rates and taxes shall be applied to the payment of charges and expenses incident to the maintenance and operation of said system of sewerage and sewage disposal or to the extension thereof; to the payment of interest upon bonds or notes issued for sewer purposes; or to the payment or redemption of such bonds or notes.

SECTION 11. Said board of sewer commissioners may annually appoint a superintendent of sewers, who shall not be a member of the board, and shall define his duties. It may remove the superintendent at its pleasure.

SECTION 12. All contracts made by the board of sewer commissioners shall be made in the name of the district, and shall be

signed by the board, but no contract shall be made or obligation incurred by said board for any purpose in excess of the amount of money appropriated by the district therefor.

SECTION 13. Said board may, from time to time, prescribe rules and regulations for the connection of estates and buildings with sewers, and for inspection of the materials, the construction, alteration and use of all connections entering into sewers, and may prescribe penalties, not exceeding twenty dollars, for each violation of any rule or regulation. Such rules and regulations shall be published at least once a week for three successive weeks in some newspaper published in the town of Leicester, if there be any, and if not, then in some newspaper published in the county of Worcester, and shall not take effect until such publications have been made.

SECTION 14. No act shall be done under authority of the preceding sections, except in the making of surveys and other preliminary investigations, until the plans for said system of sewerage and sewage disposal have been approved by the state department of public health. Upon application to said department for its approval, it shall give a hearing, after due notice to the public. At such hearing, plans showing the work to be done in constructing said system of sewerage and sewage disposal shall be submitted for approval by said department.

SECTION 15. Upon a petition in writing, addressed to said board of sewer commissioners, requesting that certain real estate, accurately described therein, located in said town of Leicester and not otherwise served by a suitable means of sewage disposal, be included within the limits thereof, and signed by the owners of such real estate, or a majority thereof, said sewer commissioners shall cause a duly warned meeting of the district to be called, at which meeting the voters may vote on the question of including said estate within the district. If a majority of the voters present and voting thereon vote in the affirmative, the district clerk shall within ten days file with the town clerk of said town and with the state secretary an attested copy of said petition and vote; and thereupon said real estate shall become and be part of the district and shall be holden under this act in the same manner and to the same extent as the real estate described in section one.

SECTION 16. This act shall take full effect upon its acceptance by a majority of the registered voters of the territory included within said district described in section one of this act, present and voting thereon by use of a check list at a district meeting called in accordance with section three.

Approved June 29, 1973.

Chap. 486: AN ACT ESTABLISHING THE DOWNTOWN WORCESTER DEVELOPMENT CORPORATION.

Be it enacted, etc., as follows:

SECTION 1. In this act, unless the context otherwise requires, the following words shall have the following meanings: —

"Central business district", that area in the city of Worcester within the boundaries of the following streets: Beginning at the intersection of Lincoln Street and Interstate 290; thence southerly by Interstate 290 to Vernon Street; thence westerly by Vernon Street to Kelley Square; thence southerly by Millbury Street to Lamartine Street; thence southwesterly by Lamartine Street to Hermon Street; thence westerly by Hermon Street to Main Street; thence northerly by Main Street to Wellington Street; thence westerly by Wellington Street to Irving Street; thence northerly by Irving, Linden and Lancaster Streets to Salisbury Street; thence southeasterly by Salisbury Street to Concord Street; thence easterly by Concord Street to Lincoln Street; thence northeasterly on Lincoln Street to Interstate 290, the point of beginning.

"Corporation", Downtown Worcester Development Corporation, created by section three.

"Financial institution", any banking corporation or institution, trust company, savings bank, co-operative bank, savings and loan association, insurance company, or related corporation, partnership, foundation or other institution engaged primarily in lending or investing funds.

"Members of the corporation", (a) Ex officio members: the city manager of the city of Worcester; those members of the general court whose districts lie, in whole or in part, within the city of Worcester; the members of the city council of the city of Worcester; and the planning director of the city of Worcester; (b) Appointed members: not more than forty-five persons appointed by the city manager from among officers of corporations with a principal place of business within the central business district, persons owning businesses or having professional offices within said district, officers of labor organizations representing persons employed within the said district and officers of charitable or educational institutions having a principal center of operations within the city of Worcester. Initially, one third of the appointed members shall be appointed for a one-year term, one third for a two-year term, and one third for a three-year term; thereafter, except in the case of appointments to fill vacancies, the terms of all appointed members shall be three years. An appointed member may be reappointed for additional three-year terms. The members shall also constitute the incorporators.

SECTION 2. It is hereby declared that unused, decadent or blighted areas exist in parts of the central business district; that each such area constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of the city; that each such area constitutes an economic liability, substantially impairs or arrests the sound growth of the city, and retards the economic well-being of the commonwealth; that each area decreases the value of private investments and threatens the sources of public revenue; that redevelopment of each such area in accordance with an economic development plan for the elimination of such substandard conditions and prevention of their recurrence is necessary to retain existing commercial enterprises, attract new com-

mercial development and promote the sound economic growth of the city; that the existence of such unused, decadent or blighted areas makes persons unwilling to do business in the central business district; that the menace of such unused, decadent or blighted areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids herein provided; that the acquisition of property for the purpose of eliminating unused, decadent, substandard, or blighted conditions therein, preventing recurrence of such condition in the area, the removal of structures and improvements of sites for commercial uses, the disposition of the property for redevelopment incidental to the foregoing, the exercise of powers by the corporation and any assistance which may be given by the city, or any other public body in connection therewith are public uses and purposes for which public money may be expended; and that the acquisition, planning, clearance, development, rehabilitation, or rebuilding of such unused, decadent and blighted areas for commercial purposes are public uses and benefits for which private property may be regulated by wholesome and reasonable orders, law and directions and for which public funds may be expended for the good and welfare of the city and of this commonwealth.

It is hereby further found and declared that there exists in the central business district a condition of substantial and persistent unemployment and underemployment which causes hardship to many individuals and families, wastes vital human resources, increases the public assistance burdens, impairs the security of family life, impedes the economic and physical development of the city of Worcester and adversely affects the welfare and prosperity of the people; that unemployment and underemployment have been caused in substantial part by commercial companies moving from the central business district, that many existing commercial facilities within the central business district are obsolete and inefficient; that such facilities are underutilized or vacated, thereby creating additional unemployment; that such obsolescence and abandonment of existing facilities are causing serious injury to the economy of the city of Worcester; that the commercial sector of the economy provides one of the best opportunities for jobs at higher wages for inhabitants of the city of Worcester; that new commercial sites are required to attract and house new commercial developments, and to retain existing commercial operations in need of expansion space; that the unaided efforts of private enterprise have not provided and cannot provide the necessary commercial sites within the urban environment due to problems encountered in the assembly of suitable building sites, the provision of adequate public services, the unavailability of private capital for development and the inability of private enterprise alone to plan, finance and coordinate commercial development projects.

SECTION 3. The members of the corporation are hereby constituted a body corporate under the name of Downtown Worcester Development Corporation, hereinafter called the corporation. The corpora-

tion shall be subject to and have the powers and privileges conferred by the provisions of chapter one hundred and fifty-five, sections eighteen, twenty-seven, thirty-one, thirty-three, and thirty-four of chapter one hundred and fifty-six and the provisions of chapter one hundred and fifty-six B and section four of chapter one hundred and eighty of the General Laws, except insofar as said provisions are inconsistent with or otherwise restricted or limited by the provisions of this act.

(b) To sell, convey, mortgage, lease, transfer, exchange or otherwise dispose of, any such property within the central business district, both real and personal, that the objects and purposes of the corporation may require, subject to such limitations as may be prescribed by law;

(h) To cooperate with and avail itself of the facilities and programs of the Small Business Administration of the United States, the Massachusetts Business Development Corporation, the department of commerce and development, the Worcester Redevelopment Authority, the United States Department of Commerce and any similar government agencies, the local chamber of commerce, trade organizations, employment agencies and similar organizations; and to cooperate with and assist, and otherwise encourage organizations of the city of Worcester in the promotion, assistance, and development of the business prosperity and economic welfare of the central business district. Any requests for financial assistance grants, however, shall be made through and by the city of Worcester with the consent of the city council;

(i) To receive stocks, bonds, donations, gifts and otherwise raise money for the above outlined purposes;

(j) To elect, appoint and employ officers, agents and employees; to make contracts and incur liabilities for any of the purposes of the corporation;

(k) To employ consultants;

(l) To promote the central business district as a regional retail, commercial, professional and financial center; and

(m) To do all things and acts necessary or convenient to carry out the powers expressly granted in this act; provided, however, that the purposes shall not include the right to apply for a license to sell alcoholic beverages; and that no part of the funds, property or net earnings of this corporation shall inure to the benefit of any member, stockholder other than the city of Worcester, officer of the corporation or private individual, and no member, officer of this corporation or any private individual shall be entitled to share in the distribution of any of the corporate assets on dissolution of the corporation except to the extent that stockholders are entitled

to participate in the distribution of the corporation's assets upon dissolution under section seventeen, nor shall the corporation allow any of its property to be used directly or indirectly in carrying on, nor shall any of the activities of the corporation consist of the carrying on, of propaganda, or otherwise attempting to influence legislation. The corporation shall not participate in or intervene in any political campaign on behalf of any candidate for public office or publish or distribute any statements with respect thereto. Chap. 546. AN ACT FURTHER REGULATING THE ADMINISTRATION OF THE MASSACHUSETTS CLEAN WATERS ACT.

Whereas The deferred operation of this act would tend to defeat its purpose, which is, in part, that the division of water pollution control make forthwith certain additional construction grants to insure cleaner water in the coastal waters, rivers, lakes, streams and ponds of the commonwealth, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public health and convenience.

Be it enacted, etc., as follows:

SECTION 1. The first paragraph of section 26 of chapter 21 of the General Laws, as most recently amended by section 1 of chapter 648 of the acts of 1968, is hereby further amended by adding the following two sentences:— No person may serve as director who receives, or who has during the preceding two years received, ten per cent or more of his income directly or indirectly from persons who are required to obtain discharge permits under section forty-three, and the attorney general upon request may issue guidelines and such opinion as may be necessary to implement this provision.

SECTION 2. Said chapter 21 is hereby further amended by inserting after section 26 the following section:—

Section 26A. Unless the context otherwise requires, when used in sections twenty-six to fifty-three, inclusive, the following words shall have the following meanings:—

“Director”, the director of the division of water pollution control, or his authorized delegate or representative.

“Effluent limitation”, a requirement, established under state or federal law, specifying the maximum permissible quantity or concentration of any pollutant that may be present in discharges, or their maximum permissible hydraulic flow, over designated periods of time, to waters of the commonwealth or to a public sewerage system.

“Person”, any agency or political subdivision of the commonwealth, public or private corporation or authority, individual, partnership or association, or other entity, including any officer of a public or private agency or organization, upon whom a duty may be imposed by or pursuant to any provision of sections twenty-six to fifty-three, inclusive.

"Pollutant", any element or property of sewage, agricultural, industrial or commercial waste, runoff, leachate, heated effluent, or other matter, in whatever form and whether originating at a point or major nonpoint source, which is or may be discharged, drained or otherwise introduced into any sewerage system, treatment works or waters of the commonwealth.

"Treatment works" and "facilities", any and all devices, processes and properties, real or personal, used in the collection, pumping, transmission, storage, treatment, disposal, recycling, reclamation or reuse of waterborne pollutants.

"Waters" and "waters of the commonwealth", all waters within the jurisdiction of the commonwealth, including, without limitation, rivers, streams, lakes, ponds, springs, impoundments, estuaries, coastal waters and groundwaters.

SECTION 3. Said chapter 21 is hereby further amended by striking out section 27, as most recently amended by section 1 of chapter 827 of the acts of 1970, and inserting in place thereof the following section: —

Section 27. It shall be the duty and responsibility of the division to enhance the quality and value of water resources and to establish a program for prevention, control, and abatement of water pollution. Said division shall:

(1) Encourage the adoption and execution by cities and towns, industries and other users of the waters of the commonwealth, and by cooperative groups of municipalities and industries, of plans for the prevention, control and abatement of water pollution.

(2) Cooperate with appropriate federal agencies or the agencies of other states, or with interstate agencies in matters related to water quality control, and shall receive and dispense such funds from any such agencies as may be available for the prevention, control and abatement of water pollution. Said division shall also cooperate with and assist departments, boards, officials and institutions of the commonwealth or its political subdivisions that may be concerned in any way with problems of water pollution.

(3) Take all action necessary or appropriate to secure to the commonwealth the benefits of the Federal Water Pollution Control Act, Public Law 92-500, as amended, and other federal legislation pertaining to water pollution control.

(4) Conduct a program of study and research and demonstration, by itself or in cooperation with other governmental agencies, relating to new and improved methods of pollution abatement or more efficient methods of water quality control, including the treatment, neutralization and stabilization of sewage and industrial waste and the disposal thereof by treatment or disposal plant, sewer systems, pumping stations, or acceleration flow or by other methods, facilities or equipment so as to insure cleaner waters in the coastal waters, rivers, streams, lakes and ponds of the commonwealth.

(5) Adopt standards of minimum water quality which shall be applicable to the various waters or portions of waters of the commonwealth. Standards relating to the public health shall not be

adopted without the approval of the commissioner of public health.

(6) Prescribe effluent limitations, permit programs and procedures applicable to the management and disposal of pollutants, including, where appropriate, prohibition of discharges.

(7) Require dischargers to establish monitoring, sampling, record keeping and reporting procedures and facilities, and to submit to the director data gathered therefrom and such other data as he shall reasonably request for purposes of carrying out this chapter. The director may make such data, and any data obtained pursuant to the provisions of section forty, available to other government agencies concerned with the protection of public waters or water supplies, and to the public for inspection and copying, except that he shall not permit disclosure, other than to another government agency as provided in the preceding clause, of any information, other than effluent data, obtained by or submitted to him pursuant to any provision of this chapter, upon a showing, satisfactory to him, that such information if made public would divulge methods or processes entitled to protection as trade secrets of any person.

(8) Examine periodically the water quality of the various coastal waters, rivers, streams, lakes and ponds of the commonwealth, or separate portions of such waters, and publish the results of such examinations together with the standard of water quality established for the various waters or portions thereof.

(9) Adopt regulations requiring proper operation and maintenance of waste treatment facilities.

(10) Conduct a continuing planning process which will result in plans for reducing, controlling and eliminating discharges to all waters of the commonwealth, and prepare or supervise the preparation of, and adopt, comprehensive river basin and regional plans for abatement of such discharges by means of treatment works or other practical control facilities and methods. No such facility or method shall be approved for a construction grant under section thirty-three or for a permit under section forty-three unless it is in conformity with any applicable plans adopted by the division.

(11) Arrange for personnel engaged in the work of water pollution prevention and abatement to take courses designed to instruct employees of water pollution control facilities, including sewage treatment and disposal systems, in the latest and most efficient methods of water pollution control and the latest developments in the operation and maintenance of plants and facilities for the prevention or abatement of water pollution.

(12) Adopt, amend or repeal after hearing from time to time, with the approval of the water resources commission, rules and regulations which it deems necessary for the proper administration of the laws relative to water pollution control and to the protection of the quality and value of water resources, including regulations to control or prevent the discharge of sewage, garbage or other waste material from watercraft of any type, including houseboats. Such rules and regulations as shall relate to the public health shall not be adopted without the written approval of the commissioner of

public health.

(13) Require submissions for approval of reports and plans of abatement facilities or any part thereof, and inspect the construction thereof for compliance with the approved plans.

(14) Undertake immediately, whenever there is spillage, seepage or other discharge of oil into any of the waters of the commonwealth or into any off-shore waters which may result in damage to the waters, shores or natural resources utilized or enjoyed by citizens of the commonwealth to cause said spillage, seepage or discharge to be contained and removed by whatever method it considers best. Chemicals shall not be used in the clean-up operation of oil spills unless their use has been authorized by the division, and if a public water supply or shellfish beds may be affected, by the department of public health. In this clause, the word "oil" shall mean insoluble or partially soluble oils of any kind or origin or in any form including, but not limited to, crude or fuel oils, lube oil or sludge, asphalt, insoluble or partially insoluble derivatives of mineral, animal or vegetable oils.

The division shall determine the person responsible for causing such spillage, seepage or discharge and the names of all persons who owned or controlled the oil or who owned or controlled or leased the vessel, tank, pipe, hose or other container in which the oil was located when the spillage, seepage or discharge occurred. Said persons shall be jointly and severally liable to the commonwealth for all costs and expenses incurred by the division in making such investigation, and in containing and removing the oil, and shall be jointly and severally liable to the commonwealth for all damages done to natural and recreational resources, including all costs of restoring damaged areas to their original condition, and to any other person for any damages to his real and personal property. The person responsible for causing such spillage, seepage or discharge shall be punished by a fine of not more than ten thousand dollars for each day such spillage, seepage or discharge continues, or by imprisonment for not more than two years or both.

Upon request of the director, the attorney general shall bring an action to recover all costs and expenses incurred for such investigation, containment, removal, and restoration.

Such costs and expenses shall be recovered in an action of tort, and shall be credited to the account from which said sums of money had been advanced and may, subject to appropriation, be expended by the division for the purposes set forth in this clause. In any such action the commonwealth may also seek recovery for all loss and damage to the natural and recreational resources of the commonwealth.

Any owner or operator of a vessel, vehicle, railroad car or facility used for the production, processing, transportation, transfer or storage of oil shall, as soon as he has knowledge of any such spillage, seepage or discharge of oil into or adjacent to waters of the commonwealth, promptly notify the director of the division or his representative of such discharge. Any person who fails so to notify the

director or his representative of such discharge shall be punished by a fine of not more than five thousand dollars.

Any person who removes oil, as defined in this clause, from the waters of the commonwealth or adjoining shorelines shall be entitled to reimbursement from any other person for the reasonable costs expended for such removal, if such oil resulted from the negligence of such other person. When such discharge results from the joint negligence of two or more persons, each shall be liable to the others for this pro rata share of the costs of removal.

Any person who gratuitously renders assistance at the request of a duly authorized officer in removing oil from the waters of the commonwealth or adjoining shorelines shall not be held liable, notwithstanding any other provision of law, for civil damages as a result of any act or omission by him in removing such oil, except acts or omissions amounting to gross negligence or willful or wanton misconduct.

SECTION 4. Section 30A of said chapter 21, inserted by section 5 of chapter 873 of the acts of 1967, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence: — The division may, subject to the approval of the water resources commission, authorize a city, town, special district, the metropolitan district commission, or other existing governmental unit authorized to construct, own, operate, extend or improve abatement facilities as defined in section thirty, to apply for and accept and receive financial assistance from the commonwealth under sections thirty-one and thirty-three, for a project or projects designated, in the same manner, to the same extent, and subject to the same conditions as if such city, town, special district, the metropolitan district commission, or other existing governmental unit were a water pollution abatement district established in accordance with the provisions of section twenty-eight and administered in accordance with section twenty-nine; and as used in succeeding sections, the phrases "district" and "district commission" shall include, in addition to any district formed under section twenty-eight, the governing body of such a city, town, special district, the metropolitan district commission, or other governmental unit.

SECTION 5. Section 32 of said chapter 21 is hereby amended by striking out the second paragraph, as appearing in section 1 of chapter 685 of the acts of 1966, and inserting in place thereof the following paragraph: —

Plans submitted under this section shall make provision for securing compliance with any applicable requirements of state or federal law concerning payment by industrial users of their proportional shares of the costs of constructing, operating and maintaining treatment works and services to be made available to such users. Every district is hereby authorized to contract, as may be appropriate, with present or prospective users of its facilities concerning terms and conditions of their use, conformably with applicable provisions of law. Every district is hereby further authorized to meet its expenses through assessments of equitable and proportional user charges in the same manner as cities and towns in a district may do under the

second paragraph of section thirty-six.

SECTION 6. Said chapter 21 is hereby further amended by striking out section 33, as amended by section 7 of chapter 873 of the acts of 1967, and inserting in place thereof the following section: —

Section 33. After a plan has been approved by the division, the division shall, in accordance with criteria used by the division in determining the priority of projects for federal financial assistance, authorize and direct the district to apply for a grant or grants by the United States government applicable to the capital outlay costs of the facilities included in the project or projects contained in the district's approved plan. The division may make a grant equal to fifteen per cent of the eligible costs of a project or projects contained in the district's approved plan and approved by the United States Government for a federal construction grant of seventy-five per cent under the provisions of the Federal Water Pollution Control Act, as amended. Where federal funds are unavailable in any fiscal year and a project or projects of a district are ready for construction the division may make ninety per cent grants to districts which have projects with a total estimated reasonable cost of five million dollars or less as determined by the division.

If federal funds for contract plans and specifications for the construction of a pollution abatement facility are not available to a district at the time of its scheduled planning, the division may advance to the district a sum up to seven per cent of the estimated construction cost. The funds advanced to the district shall be considered a part of the total amount of the state grant provided above.

In determining the amount of financial assistance to be granted a district by the division, the costs of construction, acquisition, extension or improvement of the facility shall be the actual costs thereof as determined by the division, or the estimated reasonable costs thereof as determined by the division, whichever is lower.

Payments of financial assistance by the commonwealth to the district, including advancement of the anticipated federal grant, shall be made in accordance with a payment schedule approved by the commissioner of administration.

The division may require any information from the district commission necessary to ensure that the said commission is acting in compliance with the plan, and may withdraw its approval of the project if such information is not supplied or if said plan is not being followed by said commission. In such case the division shall notify the commissioner of administration, and payments shall cease forthwith, and shall not be resumed until the division again certifies its approval.

SECTION 7. Said chapter 21 is hereby further amended by striking out section 40, as appearing in section 1 of chapter 685 of the acts of 1966, and inserting in place thereof the following section: —

Section 40. The director or his authorized representative may enter at reasonable times any property, public or private, for the purpose of investigating or inspecting any condition relating to the discharge or possible discharge of pollutants, and may make such

tests as may be necessary to determine the existence and nature of such discharge. He may inspect any monitoring equipment or procedure required by the terms of a permit issued under section forty-three. The director or his authorized representative may examine any records pertaining to operation of treatment works, and any records required to be kept by the terms of a permit issued under said section forty-three.

SECTION 8. Said chapter 21 is hereby further amended by striking out section 42, as most recently amended by section 2 of chapter 704 of the acts of 1970, and inserting in place thereof the following section: —

Section 42. Any person who, directly or indirectly, throws, drains, runs, discharges or allows the discharge of any pollutant into waters of the commonwealth, except in conformity with a permit issued under section forty-three; or who violates any provision of this chapter, any valid regulation, order or permit prescribed or issued by the director thereunder; or who knowingly makes any false representation in an application, record, report or plan, or falsifies, tampers with or renders inaccurate a monitoring device or method, required under this chapter, (a) shall be punished by a fine of not less than two thousand five hundred dollars nor more than twenty-five thousand dollars for each day such violation occurs or continues, or by imprisonment for not more than one year, or by both; or (b) shall be subject to a civil penalty not to exceed ten thousand dollars per day of such violation, which may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction.

Nothing in this chapter shall be construed as adversely affecting the rights of any person to secure judicial relief against actual or potential waste dischargers under other rules or provisions of law.

No information submitted or made available for inspection in accordance with requirements established by or under this chapter may be used in any criminal proceeding against the individual who submits it, certifies it, or makes it available, except in a prosecution for the making of a false statement or record, or for otherwise failing to comply with reporting or recording requirements under this chapter.

SECTION 9. Said chapter 21 is hereby amended by striking out section 43, as amended by section 3 of said chapter 704, and inserting in place thereof the following section: —

Section 43. (1) For purposes of this section, "permit proceeding" includes the consideration of any application for a permit and of any proposal or request to suspend, revoke, modify or renew a permit. "Permit determination" means the decision of the director upon such application, proposal or request.

(2) No person shall discharge pollutants into waters of the commonwealth nor construct, install, modify, operate or maintain an outlet for such discharge or any treatment works, without a currently valid permit issued by the director. No person shall engage in any

other activity that may reasonably be expected to result, directly or indirectly, in discharge of pollutants into waters of the commonwealth, nor construct, effect, maintain, modify or use any sewer extension or connection, without a currently valid permit issued by the director, unless exempted by regulation of the director.

(3) The director shall adopt regulations with respect to permit proceedings and determinations. Applications for permits shall be submitted within times and on forms prescribed by the director and shall contain such information as he may require.

(4) Public notice of every permit proceeding, including proceedings under paragraph (10), shall be given in the manner provided by section three of chapter thirty A. The director shall circulate information received concerning the matter pending in accordance with the provisions of clause (7) of section twenty-seven and may hold a public hearing if he deems such hearing to be in the public interest. If the applicant or permittee requests a hearing, the director shall hold a public hearing on the matter in a community within the affected area of the discharge, at least thirty days after giving notice thereof. The director may, upon request of a permittee, revise a schedule of compliance in an issued permit if the director determines that good and valid cause, for which the permittee is not at fault, exists for such revision, and in such cases the provisions of this paragraph for public notice and hearing shall not apply. If the director has proposed to suspend or revoke a permit, in whole or in part, pursuant to paragraph (10), and if the permittee requests an adjudicatory hearing under section forty-five on the proposed determination, the requested hearing may be held as part of the public hearing to be afforded under this paragraph.

(5) The director shall grant a permit only if the discharge and the treatment works proposed in an initial or an amended application, will, in his judgement, conform to effluent limitations specified in the permit, and will conform to regulations, receiving water standards and comprehensive plans adopted by the division. The director shall issue any permit proposed for issuance under this section providing it conforms to all applicable provisions of federal law and of rules and regulations promulgated thereunder.

(6) The director shall establish by regulation standard and short application forms for discharge permits and rules governing the filing of such forms by the various categories of applicants.

(a) Upon submission of an application short form to the director, an applicant shall pay a fee of ten dollars;

(b) Upon submission of an application standard form to the director, an applicant shall pay a fee of one hundred dollars, and if there is more than one outlet from which the discharge will flow, an additional fifty dollars shall be paid for each additional outlet up to a maximum amount of five hundred dollars. Any applicant submitting an application standard form who has previously filed an application short form may deduct from the fee submitted the amount previously submitted with the short form;

(c) Fees for the renewal of permits shall be the same as the initial

application fee. Any new or increased discharges of pollutants, however, shall be reported in the appropriate application form. Agencies or instrumentalities of federal, commonwealth, or local governments shall not be required to pay any fee to the commonwealth in connection with the filing of an application.

(7) Every permit shall specify effluent limitations, interim and final deadlines where appropriate for compliance, the term for which the permit is issued, which may not be in excess of five years, and such requirements of proper operation and maintenance, monitoring, sampling, recording, reporting, and inspection as the director may prescribe. Permits may specify additional requirements, including technical controls and other components of treatment works to be constructed or installed, and provisions for insuring payments of user charges, which the director deems necessary to safeguard the quality of the receiving waters or to comply with pertinent provisions of the laws of the commonwealth or of federal law.

(8) A permit for a discharge to publicly owned treatment works shall require any user to comply with pretreatment standards and other safeguards which the director may require to prevent excessive or improper waste loadings. With the approval of the director, a municipality, a district or other public agency operating treatment works may administer, in whole or in part, the system of permits that shall regulate discharges to those works.

(9) A permit for a discharge from publicly owned treatment works shall require the applicant to have in effect or to establish without delay, and to enforce, an adequate sewer ordinance that prohibits introduction of incompatible wastes and slug loadings into the works, and that requires pretreatment where appropriate. A permit granted under this section shall require the permittee to monitor and report periodically to the director upon waste flows to the treatment works, to adopt procedures that will assist in identifying the source and nature of any new source of discharges to the works and any significant change in such flow and to safeguard against excessive loading of the collection and treatment system and to report same to the director. Nothing in this paragraph shall be construed as superseding the powers of any district or municipality under existing law to enact and enforce sewer ordinances and to issue permits for sewer connections consistent with the provisions of this chapter and any regulations issued hereunder.

(10) The director may propose and determine to modify, suspend, or revoke any outstanding permit, in whole or in part, for cause, including, but not limited to, violation of any permit term, obtaining a permit by misrepresentation or failure to disclose fully all relevant facts or any change in or discovery of conditions that calls for reduction or discontinuance of the authorized discharge. The director may also modify a permit at the request of the permittee upon a showing, satisfactory to the director, that the requested modification is appropriate in view of circumstances for which the permittee is not at fault.

SECTION 10. Said chapter 21 is hereby further amended by strik-

ing out section 44, as appearing in section 4 of said chapter 704, and inserting in place thereof the following section: —

Section 44. (1) Whenever it appears to the director that there are discharges of pollutants without a required permit, or that such discharges are in violation of a permit issued under this chapter, or in contravention of any regulation, standard or plan adopted by the division, the director may order the discharger to apply forthwith for a permit, or for a new permit, and to cease and desist from making or allowing further discharges beyond a specified date until compliance with the order is fully achieved. Issuance of an order under this paragraph shall not be deemed an election to forego any action for criminal or civil penalties under section forty-two.

(2) In the event that any condition of a permit for discharges issued under paragraph (9) of section forty-three to publicly owned treatment works is violated, the director may order the violator to prohibit all additional connections to such works from any source not already so connected, until the violation ceases and corrective action specified in the order has been taken. No permits for such connections may be issued while the order remains in effect.

(3) If the director finds, on the basis of information available to him, that an industrial user of publicly owned treatment works is not complying with a system of user charges to which he is subject under the conditions of his permit or under commonwealth or federal law, the director may order him to comply forthwith.

SECTION 11. Said chapter 21 is hereby further amended by striking out section 45, as so appearing, and inserting in place thereof the following section: —

Section 45. Any proposal to suspend or revoke a permit, in whole or in part, under paragraph (10) of section forty-three, including any proposed reduction in an authorized discharge, and any cease and desist order under paragraph (1) of section forty-four, shall inform the person to whom it is issued of his right to request, within thirty days, a hearing under the provisions of chapter thirty A. If he fails to make such a request, he shall be deemed to have consented to the order. If a timely request is submitted, the director shall within a reasonable time hold a hearing under the provisions of chapter thirty A.

SECTION 12. Said chapter 21 is hereby further amended by striking out section 46, as so appearing, and inserting in place thereof the following section: —

Section 46. The attorney general may, upon request of the director, bring action for injunctive relief against any person violating a provision of this chapter, or of any permit, order, regulation or determination issued thereunder, and the superior court in equity shall have jurisdiction to enjoin such violation and to grant such further relief as it may deem appropriate. Notwithstanding any other provision of this chapter, if the director finds that a discharge or combination of discharges presents an imminent and substantial threat to the health, welfare or livelihood of any persons, he shall request the attorney general to bring suit, and the attorney general

may bring suit in the superior court to enjoin forthwith the discharges causing such a threat or to require the offending discharges to take such other action as may be necessary.

SECTION 13. Said chapter 21 is hereby further amended by inserting after section 46 the following section: —

Section 46A. Any person aggrieved by an order, permit determination or other action of the director, other than an order consented to, may obtain judicial review by filing an application for review in the superior court within thirty days after receipt of notice of the final decision of the director. The superior court shall have jurisdiction in equity to enforce any order, decision or determination of the director, and any provision of sections twenty-six to fifty-three, inclusive, or regulation issued thereunder.

SECTION 14. Notwithstanding the provisions of section thirty-three of chapter twenty-one of the General Laws, as amended by section six of this act, where districts have received twenty-five per cent commonwealth construction grants after July first, nineteen hundred and seventy-one, the division of water pollution control shall make a grant to ensure a combined total of ninety per cent federal and commonwealth construction grants on the eligible portions of the district's project or projects, and said division shall make ninety per cent grants to districts for projects which were approved by said division and submitted to the environmental protection agency for a federal grant between October eighteenth, nineteen hundred and seventy-two, and March first, nineteen hundred and seventy-three.

SECTION 15. Notwithstanding the provisions of paragraph (6) of section forty-three of chapter twenty-one of the General Laws, as amended by section nine of this act, any applicant who has submitted a complete and proper application acceptable to the director of the division of water pollution control prior to the effective date of this act shall not be required to submit either an application short form or an application standard form for the discharge described in the previous application. An applicant may be required to file an application standard form if said director determines that the previously filed application has not satisfied the filing requirements.

SECTION 16. SECTION 5. Said chapter 175 is hereby further amended by striking out section 113H, as most recently amended by chapter 264 of the acts of 1972, and inserting in place thereof the following section: —

Section 113H. Insurance companies undertaking to issue motor vehicle liability policies or bonds, both as defined in section thirty-four A of chapter ninety, shall cooperate in the preparation and submission of a plan for the fair and equitable apportionment among such insurance companies of premiums, losses or expenses, or any combination thereof, incurred under policies issued to applicants which are reinsured through such plan. Such a plan shall include at least the coverages required by sections thirty-four A and thirty-four O of chapter ninety and, at the option of the applicant, the additional coverages described in section one hundred and thirteen C. Such a plan shall be prepared and administered by a governing committee consisting of six members representing and elected by insurance companies participating in the plan and five members appointed by the commissioner from the Massachusetts Associations of Insurance Producers. Not more than one insurer in a group under the same management shall serve on the committee at the same time.

Before becoming effective, any such plan shall be filed with the commissioner who shall conduct a public hearing within thirty days

to determine whether such plan meets the requirements of this section. At such hearing insurance companies and any other party having a direct interest shall have an opportunity to be heard. Unless sooner approved or disapproved in writing by the commissioner, such plan shall be deemed to meet the requirements of this section within thirty days after the public hearing.

Amendments to such plan shall be prepared and filed in the same manner as herein provided with respect to the original plan. Such amendments, unless sooner approved or disapproved in writing by the commissioner shall be deemed to meet the requirements of this section in thirty days from the date of filing. The commissioner shall, prior to the disapproval of any such amendments, issue a notice specifying in what respects the amendments do not meet the requirements of this section and fixing a date for a public hearing thereon at which insurance companies and any other party having a direct interest shall have an opportunity to be heard. If no such plan is submitted to the commissioner within ninety days from the effective date of this act, he may, if he deems it necessary to carry out the purpose of this section, after hearing, prepare and promulgate a plan meeting the standards set forth herein.

When such plan or amendment has been approved or promulgated, no insurer may thereafter issue a motor vehicle liability policy or bond unless such insurer shall participate in such an approved or promulgated plan.

Any insurer and any other party affected may appeal to the commissioner from any ruling or decision with reference to the operation of such plan.

Such plan shall provide reasonable rules governing the fair and equitable distribution of expenses and losses by reinsurance.

The rules for such plan shall require that separate statistical data be recorded for risks reinsured in the plan and may provide incentives and penalties to prevent abuse of such plan. The rules for such plan shall also include a provision giving the commissioner authority, after due hearing and investigation to order that any company he finds using practices which have the effect of distributing risks or expenses or losses of risks insured in the plan unfairly and inequitably on other companies or agents or brokers be assigned a share of the expenses and losses of said risks to insure a fair and equitable distribution.

Any insurer or group of insurers participating in such plan and other person aggrieved shall be authorized to bring a complaint to the commissioner alleging unfair or unreasonable or improper practices by any insurer. The commissioner shall, in all such cases, cause a proper hearing on such complaint to be held and shall issue such orders as he then deems appropriate.

If the commissioner finds after due hearing and investigation that any activities or practice of any insurer in connection with the submission or operation of such plan is unfair or unreasonable or inconsistent with the provisions of this section, he may issue a written order specifying in what respects such activity or practice

is unfair or unreasonable or inconsistent with the provisions of this section, and requiring the discontinuance of such activity or practice.

Any ruling, order or decision of the commissioner under authority of this section shall be subject to review by appeal to the superior court for the county of Suffolk at the instance of any party in interest, which appeal shall be on the basis of the record of the proceeding before the commissioner. The court shall have jurisdiction to modify, amend, annul, review or affirm such action, order, finding or decision, shall review all questions of fact and of law involved therein, and may make any other appropriate order or decree. The court shall determine whether the filing of the appeal shall operate as a stay of any such order or decision of the commissioner.

SECTION 6. Said chapter 175 is hereby further amended by striking out section 113I, inserted by chapter 274 of the acts of 1954, and inserting in place thereof the following section: —

Section 113I. Nothing in this chapter shall be construed to abridge or restrict the freedom of contract between insurers and agents or brokers nor to require an insurer to issue policies in any way other than through its ordinary and usual method of marketing except that insurers shall, pursuant to the plan approved under section one hundred and thirteen H, be required to recognize and to permit immediate certification of insurance by and to pay a fair and reasonable commission to any licensed broker or agent designated as the producers of record by applicants for insurance or renewal thereof. Nothing in this chapter shall be construed to restrict the application of section one hundred and sixty-three.

SECTION 7. Section four of this act shall take effect on March first, nineteen hundred and seventy-four. Sections one, two, three, five and six shall take effect on November first, nineteen hundred and seventy-three, except that the assigned risk plan in effect prior to November first, nineteen hundred and seventy-three under the provisions of sections one hundred and thirteen H and one hundred and thirteen I of chapter one hundred and seventy-five of the General Laws shall remain in full force and effect until the new plan authorized in said sections one hundred and thirteen H and one hundred and thirteen I, as amended by sections five and six of this act, is either approved or promulgated by the commissioner of insurance.

Chap. 553. AN ACT PROVIDING FOR THE ACQUISITION BY A CORPORATION OF MINORITY INTERESTS IN SUBSIDIARY DOMESTIC INSURANCE COMPANIES.

Be it enacted, etc., as follows:

Chapter 175 of the General Laws is hereby amended by inserting after section 193 O the following section: —

Section 193P. As used in this section, the following words shall, unless the context clearly requires otherwise, have the following meanings: (a) "Parent corporation", a corporation organized for any purpose under the law of this commonwealth or any other jurisdiction, owning directly or indirectly at least ninety per cent of the aggregate issued and outstanding shares of all classes of capital stock of an incorporated domestic stock company; and (b) "Subsidiary insurer", an incorporated domestic stock company so owned by a parent corporation.

Any parent corporation may, in the manner hereinafter prescribed, acquire all of the issued and outstanding shares of any class or classes of capital stock of its subsidiary insurer not owned by the parent corporation. The method authorized by this act for acquiring shares of a subsidiary insurer is not exclusive, but is in addition to any other lawful method for the acquisition of such shares.

The board of directors of the parent corporation which seeks to acquire minority interests in its subsidiary insurer shall adopt a plan for such acquisition, which plan shall set forth: (1) The name of the subsidiary insurer; (2) The total number of issued and outstanding shares of each class of stock of the subsidiary insurer, the number of its shares owned by the parent corporation and, if either of the foregoing is subject to change prior to the effective date of acquisition, the manner in which any change may occur; (3) The terms and conditions of the plan, including the manner and basis of exchanging the shares to be acquired for shares or other securities of the parent corporation, for cash, other consideration, or any combination of the foregoing, and the proposed effective date of acquisition; (4) If the parent corporation is not authorized to do business in this commonwealth, its consent to the enforcement against it in this commonwealth of the rights of shareholders pursuant to the plan or the rights of shareholders objecting to the plan, and a designation of the commissioner as the agent upon whom process may be served against the parent corporation in any action or proceeding to enforce any such rights; and (5) Such other provisions with respect to the plan as the board of directors of the

parent corporation deems necessary or desirable, or as the commissioner may prescribe.

Upon adoption of the plan of acquisition, it shall be executed by the parent corporation under its corporate seal and submitted to the commissioner who shall, within sixty days from the date of such submission, endorse thereon his approval or disapproval and notify the parent corporation thereof. The commissioner in reviewing such plan of acquisition may employ such experts or consultants as he shall deem necessary. The reasonable costs of such experts and consultants are to be paid for by the parent corporation. The commissioner shall approve the plan if he is satisfied that it complies with this section and is not inconsistent with law. If the commissioner disapproves the plan he shall advise the parent corporation in writing of the reasons for such disapproval. No plan shall take effect unless the approval of the commissioner has been obtained. Any refusal by the commissioner to give any approval required by this section shall be subject to judicial review.

If the commissioner approves the plan, the parent corporation shall deliver a copy of the plan or a summary thereof approved by the commissioner, together with a statement of the rights of objecting shareholders in accordance with this section, to each person who, as of the date of delivery, who is a holder of record of stock to be acquired pursuant to the plan. Such delivery shall be made either in person or by depositing a copy of the plan or the approved summary and statement of rights of objecting shareholders in the United States mail, postage prepaid, addressed to the shareholder at his address of record. On or before the date of acquisition proposed in the plan, the parent corporation shall file with the commissioner a certificate executed by its president or vice president and attested by its secretary or assistant secretary under the seal of the parent corporation, attesting to compliance by the parent corporation with this section. Upon compliance with the foregoing requirements, ownership of the shares to be acquired pursuant to the plan shall vest in the parent corporation on the date of acquisition proposed in the plan, whether or not the certificates for such shares have been surrendered for exchange, and the parent corporation shall be entitled to have new certificates therefor registered in its name. The holders of all such shares shall surrender the certificates for such shares to the parent corporation for exchange pursuant to the plan. Whether or not a shareholder so surrenders his certificate or certificates, all of his rights, powers and privileges as such shareholder shall nevertheless terminate and be extinguished as of such date, excepting only his right to receive payment for his stock as provided in the plan, or to object to the plan and receive payment for his stock in accordance with the provisions hereinafter set forth.

The statement of the rights of objecting shareholders may be in such form as the directors of the parent corporation deem advisable, but the following form of notice shall be sufficient to comply with this section:

"Any shareholder who objects to the plan has the right to demand in writing from the parent corporation, within thirty days after the date of mailing of this statement, payment for his shares and an appraisal of the value thereof. Such corporation and any such shareholder shall in such cases have the rights and duties and shall follow the procedure set forth in section nineteen E of chapter one hundred and seventy-five of the Massachusetts General Laws."

If any shareholder whose stock is to be acquired pursuant to the plan shall in writing within thirty days after the date of mailing of such statement object to the plan and demand payment for his stock from the parent corporation, such corporation shall pay to him the fair value of his stock within thirty days after the expiration of the period during which such demand may be made.

If during the thirty-day period for payment the parent corporation and any such objecting shareholder fail to agree as to the value of such stock, such corporation or any such shareholder may within four months after the expiration of such thirty day period for payment demand a determination of the value of the stock of all such objecting shareholders by filing a bill in equity in the superior court in the county where the corporation in which such objecting shareholders held stock has its principal office within the commonwealth. In such event sections ninety-one through ninety-five of chapter one hundred and fifty-six B shall be applicable; provided, however, that a shareholder who makes demand as provided in this section shall be deemed to have consented to the provisions of section ninety-one of chapter one hundred and fifty-six B relating to notice, and provided further, that the phrase "proposed corporate action" wherever it appears in sections ninety-two and ninety-five of chapter one hundred and fifty-six B shall in each instance be deemed to mean "adoption of the plan of acquisition by the parent corporation."

The enforcement by a shareholder of his right to receive payment for his shares in the manner provided in this section shall be an exclusive remedy except that this section shall not exclude the right of such shareholder to bring or maintain an appropriate proceeding to obtain relief on the ground that the adoption of the plan will be or is illegal or fraudulent as to him.

The superior court for Suffolk county and the superior court for the county in which the subsidiary insurer has its principal place of business are hereby vested with jurisdiction over any parent corporation which files a plan of acquisition with the commissioner under this section, and over all actions involving such parent corporation arising out of this section, including such review as provided herein, and each such parent corporation shall be deemed to have performed acts equivalent to and constituting an appointment by such parent corporation of the commissioner to be its true and lawful attorney upon whom may be served all lawful process in any action, suit or proceeding arising out of violations of this section. Copies of all such lawful process shall be served on the commissioner and transmitted by registered or certified mail by the

commissioner to such parent corporation at its last known address.
Approved July 27, 1973.

On presentation thereof to the presiding officer of the polling place in which the voter was registered, or is authorized to vote, such voter shall be allowed to vote, and his name shall be checked on the certificate, which shall be attached to and considered a part of the voting list and returned and preserved therewith; provided, however, that if such voter desires to vote at the office of the city or town clerk or election commissioners, an absentee ballot shall be issued to such voter, who shall mark it and enclose it in an absentee ballot envelope, together with the certificate. The clerk or commissioner shall then mark on the envelope "Listing Error", and as soon as practicable shall transmit such envelope to the proper polling place. Such ballot shall be cast and counted as if the voter had appeared personally, and the certificate shall be attached to and considered part of the voting list. (b) Any foreign electric utility other than a governmental entity which owns or operates any electric power facilities in this commonwealth shall, if a corporation, be considered a "utility corporation" as defined in section fifty-two A of chapter sixty-three and subject to taxation under that section notwithstanding the limitations of clause (ix) thereof.

Section 8. (a) Notwithstanding the definition of "electric power facilities" in section one, for the purposes of this section only, "electric power facilities" with respect to municipal electric departments shall mean generating units rated twenty-five megawatts or above and transmission facilities rated sixty-nine kilovolts or above which (i) have been designated as pool or pool-planned facilities under the New England power pool agreement or (ii) are financed in whole or in part under the provisions of sections eleven to twenty-two, inclusive, and with respect to foreign electric utilities which are governmental entities shall mean generating units rated twenty-five megawatts or above and transmission facilities rated sixty-nine kilovolts or above. For the purposes of this section no such designation under clause (i) shall be made except with the written consent, or upon written application, of the electric utility or utilities having primary responsibility for the construction or operation of the facility being so designated. The provisions of this section for payments in lieu of taxes shall not apply to electric power facilities constructed or substantially under construction by a municipal electric department prior to September thirtieth, nineteen hundred and seventy-three. Taxes and payments in lieu of taxes by municipal electric departments shall be treated as operating expenses except that taxes and payments in lieu of taxes with respect to the period prior to commercial operation of a facility may be treated by the municipal light board as construction costs.

(b) (i) Interests in electric power facilities, real and personal, situated within the commonwealth and owned by any municipal electric department shall be exempt from property taxation, provided, however, that a municipal electric department which owns or has an interest in such electric power facilities shall, in lieu of property taxes, pay to any governmental body authorized to levy property taxes the amount which would be assessable as taxes on the real and personal property if such property were the property of a corporation defined as an "electric company" in section one of chapter one hundred sixty-four. Such payments shall be due, and bear interest if unpaid, as in the case of taxes on the property of such an "electric company". For purposes of such payments in lieu of taxes, the assessors of the taxing authority shall make a valuation and assessment of the property and determine the tax that would be assessable if such property were owned by a corporation so defined as an "electric company". Where property in respect to

which in lieu payments are to be made hereunder is situated in a municipality that owns said property, any ten inhabitants of said municipality may, within three months after said assessment and determination, appeal the same to the appellate tax board or, if said municipality fails to make an assessment or determination or otherwise to collect the tax, may petition the superior court in equity for declaratory or other appropriate relief for failure to act as aforesaid.

(ii) Payments in lieu of taxes made hereunder shall be treated in the same manner as taxes for purposes of all procedural and substantive provisions of law, including appeals, now and hereafter in effect applicable to assessment and taxation of real and personal property, collection and abatement of such taxes and the raising of public revenues.

(c) There is hereby imposed on each municipal electric department an annual payment in lieu of taxes equal to the then equalization percentage of (A) the original cost less depreciation of its direct ownership interest in electric power facilities located within the commonwealth, excluding any portion thereof represented by any investment by others as described in (B), and (B) in the event a municipal electric department has an interest other than direct ownership described in (A), the amount of its investment less any amortization thereof through ownership of securities, prepayment or similar arrangements in such facilities under this chapter, all as at the end of the municipal electric department's last fiscal year. The equalization percentage shall be determined by the commissioner of corporations and taxation on or prior to July first of each year and shall be the percentage resulting from the fraction, the numerator of which shall be the aggregate amount paid in the preceding calendar year by all domestic electric utilities which are not municipal electric departments for franchise taxes paid to the commonwealth, plus any other taxes not covered by subsections (b) or (d) of this section paid to the commonwealth or any subdivision thereof and the denominator of which shall consist of the aggregate amount of net utility plant, as of the end of the preceding calendar year, of all domestic electric utilities which are not municipal electric departments; the amount of said taxes and net utility plant to be obtained by the commissioner from the annual reports for said preceding calendar year filed with the department of public utilities by said domestic electric utilities. If such taxes are reported for a period other than the calendar year, or if such net utility plant is reported as of a date other than the end of a calendar year, the commissioner shall use such period or date as is reasonable and practicable with such adjustments as may be necessary to carry out the purposes of this section. In the event a municipal electric department uses a fiscal year longer or shorter than twelve months, the commissioner shall appropriately adjust the payment to be made under this section. Such payment is to be in lieu of a tax upon the franchise of the municipal electric department to own or operate directly or indirectly such electric power

facilities and is to be in accordance with the following provisions:

(1) Every municipal electric department subject to this section shall annually, on or before the fifteenth day of the third month following the close of its fiscal year, make a return to the commissioner of corporations and taxation sworn to by its manager, a majority of its commissioners, or in their absence or incapacity by any other principal officer, in such form as said commissioner with the approval of the state tax commission shall prescribe, stating such information as said commissioner may require for the determination of the payment imposed by this subsection. Said payment shall be due and payable on or before the due date of the return.

(2) All provisions of chapter sixty-three relative to the assessment, collection, payment, abatement, verification and administration of taxes, including penalties, applicable to domestic business corporations, as defined in section thirty of chapter sixty-three, shall, so far as pertinent, be applicable to payments under this subsection.

(3) All revenue collected under the provisions of this section shall be credited to the General Fund.

(d) In connection with all sales, use, excise and other taxes imposed with respect to electric power facilities, materials included or to be included therein, or energy produced thereat and sold at wholesale therefrom under authority of this chapter, by any laws of the commonwealth and not covered by subsections (b) and (c), a municipal electric department participating in an electric power facility by ownership, prepayment or contract for purchase of capacity and related energy from a specifically identified generating unit shall be subject to payments in lieu of such taxes in the same manner and under the same procedures as a corporation defined as an "electric company" in section one of chapter one hundred sixty-four is subject to such taxes and shall be limited to only those exemptions as are available to such a corporation.

(e) Legislative consent is hereby given to the application of the laws of other states with respect to taxation, payments in lieu of taxes, and the assessment thereof to any domestic electric utility which has acquired or has an interest in an electric power facility, real or personal, situated without the commonwealth, or which is owning or operating electric power facilities without the commonwealth pursuant to authority granted in this chapter.

Section 9. (a) Except as otherwise expressly provided in this chapter, a domestic electric utility shall not be exempt from nor lose the benefits of any applicable laws of the commonwealth solely by reason of being a member of the New England power pool.

(b) (1) In addition to those sections of chapter one hundred sixty-four already applicable to a city or town owning or acquiring a municipal electric department, there shall be applicable to any municipal electric department which acquires or is acquiring or has any interest in an electric power facility, and so long as it retains such interest in such facility or has outstanding notes or bonds issued under this chapter, the following additional sections of said

chapter: fourteen, seventeen A, seventy-one, seventy-two, seventy-two A, seventy-three, seventy-four, seventy-five, seventy-six, eighty-seven, eighty-eight, ninety and ninety-one; provided, however, that:

(i) section fourteen of chapter one hundred sixty-four shall be applicable only if the financing consists of revenue bonds or notes in anticipation thereof, issued pursuant to sections eleven to twenty-two, inclusive; except with respect to refunding bonds issued under section twenty-one, the department in rendering its decision shall, in addition to the other requirements of said section fourteen of said chapter one hundred sixty-four, approve only such issue as the department finds is appropriate to finance an electric power facility necessary to supply the load plus reserve requirements created by the municipal electric department's retail customers, and by such wholesale customers as may have existed on April first, nineteen hundred and seventy-three, said load plus reserve requirements to be forecast by the department at a time three years beyond the scheduled date for commencement of commercial operation of the facility; in evaluating the ability of the municipal electric department to supply its load plus reserve requirements at said time, the department shall deduct from these requirements all capacity in other generating units to which the municipal electric department will then be entitled by ownership or contract, including any contracts for the purchase of electricity to be in force at said time;

(ii) the provisions of sections forty to sixty-nine, inclusive, of chapter one hundred sixty-four shall continue to be applicable to any such municipal electric department except insofar as such provisions are inconsistent with other provisions of this chapter or of chapter one hundred sixty-four herein made applicable to such municipal electric department;

(iii) any law, municipal by-law or ordinance relating to contracts awarded by municipal electric departments for construction, reconstruction, alteration, remodeling, repair, demolition, equipment, supplies or materials shall not be applicable to contracts related to electric power facilities wherever the utility or utilities having primary responsibility for the construction or operation of the facility are not municipal electric departments;

(iv) the provisions of sections seventy-one to seventy-four, inclusive, seventy-six, eighty-seven, eighty-eight, ninety and ninety-one of chapter one hundred sixty-four shall be applicable to municipal electric departments only with respect to electric power facilities; provided, however, that under section seventy-two of said chapter one hundred sixty-four a municipal electric department shall be not authorized to take by eminent domain any lands or interest therein of another electric utility except to the same extent that an "electric company", as defined in section one of said chapter one hundred sixty-four, may have such authority; and

(v) the provisions of section seventy-five of chapter one hundred sixty-four shall be applicable to electric power facilities out-

side the retail territory of the municipal electric department only.

(2) Sections twenty-one to twenty-two N, inclusive, and twenty-five to forty-one, inclusive, of chapter one hundred sixty-six shall, to the extent not otherwise applicable to a municipal electric department, be applicable to such electric department only with respect to electric power facilities.

(c) Legislative consent is hereby given to the application, pursuant to authority granted in this chapter, of regulatory and other laws of other states and of the United States to any domestic electric utility which owns or operates electric power facilities without the commonwealth.

(d) In addition to ownership, sole or joint, in electric power facilities, the department shall include in the rate base of a domestic electric utility any investments, including securities, prepayments, retained earnings or other investments, acquired by it in connection with its participation in an electric power facility.

Section 10. (a) Each foreign electric utility which is acting pursuant to authority granted in this chapter shall, before owning or operating any electric power facilities in this commonwealth, notify the department of the action to be taken by it; shall thereafter furnish to the department annually a copy of the annual report filed by it with the utility regulatory agency of the state of its domicile or principal locus; and shall furnish to the department from time to time such other information with respect to its activities in the commonwealth as the department may reasonably request.

(b) Any foreign electric utility which owns or operates any electric power facility in this commonwealth shall (1) be subject to sections three, three A and four of chapter one hundred eighty-one as to matters arising out of such ownership or operation and (2) as to a foreign electric utility other than a governmental entity be further subject to the requirements of chapter one hundred sixty-four and other regulatory laws within the commonwealth with respect to any financing of its interest in such electric power facility, including any borrowing or the issuance of any notes, bonds or other evidence of indebtedness or securities of any nature, provided, however, that it shall be exempt from such further requirements of this clause (2) upon certification filed with the department by a regulatory commission of the state of domicile or principal locus of such foreign electric utility, or of the United States, that said commission has regulatory jurisdiction over financing of such foreign electric utility.

Section 11. (a) Any city or town which is a member of the New England power pool, acting by its municipal light board, when authorized by a two-thirds vote as defined in section one of chapter forty-four, may, subject to the approval of the department under this chapter, borrow money by the issue of its revenue bonds for project costs, or its share of project costs, of electric power facilities scheduled for commencement of commercial operation after January first, nineteen hundred and seventy-five. Such project costs

may include all costs, whether incurred prior to or after the issue of bonds or notes hereunder, of acquisition, site development, construction, improvement, enlargement, reconstruction, alteration, machinery, equipment, furnishings, nuclear fuel, demolition or removal of existing buildings or structures, including the cost of acquiring any lands to which such buildings or structures may be moved, financing charges, interest prior to and during the carrying out of any project and for a reasonable period thereafter, planning, engineering, finance advisory and legal services, administrative expenses, prepayments under contracts made pursuant to section three or four, the funding of notes issued for project costs as hereinafter provided, such reserves for debt service or other capital or current expenses as may be required by a trust agreement or resolution securing notes or bonds, and all other expenses incidental to the determination of the feasibility of any project or to carrying out the project or to placing the project in operation.

(b) The bonds of each issue shall mature at a time or times not exceeding forty years from their dates of issue and may be made redeemable before maturity with or without premiums. Subject to the provisions of this chapter and to the terms of the department's approval and of the authorizing vote, the board shall determine the date or dates of the bonds, their denomination or denominations, the place or places of payment of the principal and interest, which may be at any bank or trust company within or without the commonwealth, their interest rate or rates, maturity or maturities, redemption privileges, if any, and the form and other details of the bonds. The bonds shall be signed by the city or town treasurer, shall be countersigned by the mayor or city manager, as the case may be, of a city or by a majority of the selectmen of a town either manually or by facsimile, and shall bear the seal of the city or town or a facsimile thereof. Any coupons attached thereto shall bear the facsimile signature of the city or town treasurer.

(c) In case any officer whose signature or a facsimile of whose signature shall appear on any bonds, coupons or notes issued under this chapter shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until after such delivery.

(d) The bonds may be issued in coupon or in registered form, or both, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. Subject to the provisions of this chapter and to the terms of the department's approval and of the authorizing vote, the board may sell the bonds in such manner, either at public or private sale, and for such price, as it may determine will best effect the purposes of this chapter.

(e) Prior to the preparation of definitive bonds, the city or town may issue interim receipts or temporary bonds, with or

without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery.

(f) Upon the votes of two or more municipalities authorizing the issue of revenue bonds in conformity with the provisions of this chapter, including approval of the department as to each of said municipalities, or notes in anticipation thereof, for project costs of the same facilities, said municipalities may enter into an agreement for the consolidation of the indebtedness so authorized and the issuance of such revenue bonds, or notes in anticipation thereof, by one such municipality on behalf of itself and one or more others if the authorizing votes provide for such consolidation. The agreement for consolidation shall require the participating municipalities, severally and not jointly, to provide the funds necessary to pay their respective shares of the principal and interest on the bonds or notes so issued. Such obligation of each participating municipality shall be payable solely from the funds provided therefor under this chapter and may be secured in the same manner as bonds or notes issued separately by it under this chapter.

(g) Bonds or notes issued under this chapter by a member of the New England power pool shall not be deemed to have been unauthorized by reason of any invalidation of any of the provisions of the New England power pool agreement.

Section 12. In anticipation of the authorization or issue of bonds under this chapter, and subject to the approval of the department under this chapter, a city or town subject to this chapter, acting by its municipal light board, when authorized by a two-thirds vote as defined in section one of chapter forty-four, may issue temporary notes. Subject to the terms of the department's approval and of the authorizing vote, the board may provide for the sale of the notes at public or private sale and may determine the interest rate or rates, maturity or maturities, redemption privileges, if any, form, denomination or denominations and place or places of payment or provide for the determination thereof by an officer or officers of the board or of the city or town. Temporary notes issued hereunder shall be executed in the manner provided herein for bonds and shall be payable within six years from their respective dates, but the principal of and interest on notes issued for a shorter period may be renewed or paid from time to time by the issue of other notes under this chapter, provided the period from the date of issue of an original note to the maturity of any note issued to renew or pay the same debt or the interest thereon shall not exceed six years. Unless otherwise provided in the authorizing vote or in the approval of the department, the board may cause notes to be refunded to the extent provided in this chapter. To the extent of any borrowing in anticipation of bonds, the maximum maturity of an equivalent amount of the bonds shall be measured from the date of the anticipatory borrowing.

Section 13. (a) In the discretion of the board, but subject to the terms of the department's approval and of the authorizing vote, any bonds or notes issued hereunder may be secured by a resolu-

tion of the board or by a trust agreement between the city or town and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the commonwealth and such trust agreement shall be in such form and executed in such manner as may be determined by the board. Such trust agreement or resolution may pledge or assign, in whole or in part, the revenues and other moneys derived or to be derived by the city or town from its electric department or system and any contract or other rights to receive the same, whether then existing or thereafter coming into existence and whether then held or thereafter acquired by the city or town, and the proceeds thereof, but shall not convey or mortgage the plant or any part thereof. Such trust agreement or resolution may contain, with respect to the electric plant and its finances, such provisions for protecting and enforcing the rights, security and remedies of the bondholders or noteholders as may be reasonable and proper and not in violation of law, including without limiting the generality of the foregoing provisions defining defaults and providing for remedies in the event thereof which may include the acceleration of maturities and covenants setting forth duties of, and limitations on, the city or town in relation to the acquisition, construction, improvement, enlargement, alteration, equipping, furnishing, maintenance, use, operation, repair, insurance and disposition of property, the custody, safeguarding, investment and application of moneys, the issue of additional bonds or notes, the fixing, revision and collection of fees and charges, the obligations of the city or town to pay for electricity used by it, the use of any surplus bond or note proceeds, the establishment of reserves, and the replacement of bonds, notes or coupons which shall become mutilated or be destroyed or lost. Such trust agreement or resolution may provide for the payment of debt service on general obligation bonds and notes issued by the city or town for electric purposes from the revenues or other moneys so pledged, either on a parity with any or all bonds and notes issued hereunder or otherwise. Subject to the provisions of this chapter, moneys subject to the trust agreement or resolution shall be held, invested and applied as provided therein, provided that moneys not deposited in trust with a corporate trustee shall be in the custody of the city or town treasurer. Moneys to be applied pursuant to the trust agreement or resolution shall be deemed appropriated for the purposes to which they are to be so applied.

(b) It shall be lawful for any bank or trust company to act as a depository or trustee of the proceeds of bonds or notes or of revenues or other moneys under any such trust agreement or resolution and to furnish such indemnifying bonds or to pledge such securities as may be required by the trust agreement or resolution. Any such trust agreement or resolution may set forth the rights and remedies of the bondholders or noteholders and of the trustee, and may restrict the individual right of action by bondholders or noteholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as current oper-

ating expenses. Debt service on bonds and notes issued hereunder and sums required to be reserved from revenues pursuant to such trust agreement or resolution shall, to the extent not otherwise provided, be included in the requirements of the sinking fund or serial debt of the plant for the purposes of sections fifty-seven and fifty-eight of chapter one hundred sixty-four, provided that sums so reserved for renewals in excess of ordinary repairs, extensions, reconstruction, enlargements and additions shall be in lieu of an equivalent allowance for depreciation. The pledge by any such trust agreement or resolution shall be valid and binding and shall be deemed continuously perfected for the purposes of the Uniform Commercial Code from the time when the pledge is made; the revenues, moneys, rights and proceeds so pledged and then held or thereafter acquired or received by the city or town shall immediately be subject to the lien of such pledge without any physical delivery or segregation thereof or further act; and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the city or town, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the board, and no filing need be made under the Uniform Commercial Code.

Section 14. Subject to the trust agreement or resolution, the proceeds of bonds or notes issued under this chapter and any other moneys governed by the trust agreement or resolution may be deposited or invested in demand deposits, time deposits or savings deposits in banks which are members of the Federal Deposit Insurance Corporation or in obligations issued or guaranteed by the United States of America or by any agency or instrumentality thereof or as may be provided by any other applicable law.

Section 15. The bonds and notes issued under this chapter shall be payable solely from the funds provided therefor under this chapter, the liability of the city or town from other funds being limited to obligations undertaken by it to pay for the electricity used by it, and a statement to this effect shall be included on the face of such bonds and notes. Subject to the provisions of clause (i) of paragraph (1) of subsection (b) of section nine, the bonds and notes and such obligations shall not at any time be included in the debt of the city or town for the purpose of ascertaining its borrowing capacity.

Section 16. All moneys received by the city or town under this chapter shall be deemed to be trust funds to be held and applied solely as provided in this chapter.

Section 17. Any holder of bonds or notes issued under this chapter, or of any of the coupons appertaining thereto, and the trustee under a trust agreement or resolution securing the same, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may bring suit upon the bonds, notes or coupons and may, either at law or in equity, by suit,

action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the commonwealth or granted under this chapter or under such trust agreement or resolution, and may enforce and compel the performance of all duties required by this chapter or by such trust agreement or resolution to be performed by the city or town or by any officer thereof.

Section 18. Bonds and notes issued under this chapter are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them, and such bonds and notes are hereby made obligations which may properly and legally be made eligible for the investment of savings deposits and the income therefrom in the manner provided by paragraph two of section fifty of chapter one hundred sixty-eight. Such bonds and notes are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or obligations of the commonwealth is now or may hereafter be authorized by law.

Section 19. Notwithstanding any of the provisions of this chapter or any recitals in any bonds and notes issued under this chapter, all such bonds and notes shall be deemed to be investment securities under the Uniform Commercial Code.

Section 20. The bonds and notes issued under this chapter, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the commonwealth.

Section 21. Any city or town having bonds outstanding under this chapter, acting by its municipal light board, when authorized by a two-thirds vote as defined in section one of chapter forty-four, may issue refunding bonds for the purpose of paying bonds issued by it or on its behalf under sections eleven to twenty-two, inclusive, at maturity or upon acceleration or redemption, subject to the approval of the department under this chapter. The refunding bonds may be issued in sufficient amounts to pay or provide the principal of the bonds being refunded, together with any redemption premium thereon, any interest accrued or to accrue to the date of payment of such bonds, the expenses of issue of the refunding bonds, the expenses of redeeming the bonds being refunded, and such reserves for debt service or other capital or current expenses from the proceeds of such refunding bonds as may be required by a trust agreement or resolution securing bonds or notes. The refunding bonds may be issued not more than five years prior to the maturity or redemption date of bonds being refunded. The issue of refunding bonds, the maturities and other details thereof, the security therefor, the rights of the holders thereof, and the rights, duties and obligations of the city or town in respect of the same

shall be governed by the provisions of this chapter relating to the issue of bonds other than refunding bonds insofar as the same may be applicable, but no bonds shall be refunded to a date later than the refunded bonds could have matured hereunder.

Section 22. Bonds and notes may be issued under this chapter without the consent of any department, division, commission or agency of the commonwealth or of any political subdivision thereof and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required therefor by this chapter. The provisions of this chapter authorizing the issue of bonds and notes shall not be deemed to preclude the issue of bonds and notes under any other authority.

Section 23. For the purposes of section ten of chapter forty A, an electric power facility located within the commonwealth and used or to be used by one or more domestic or foreign electric utilities pursuant to authority set forth in this chapter shall be considered a building, structure or land used or to be used by a public service corporation and each such utility shall be considered a public service corporation.

Section 24. Lines for transmission of electricity which are electric power facilities, as defined in section one, shall, irrespective of the destination of the electricity to be transmitted thereover, be lines for the transmission of electricity for which an electric utility may petition under section seventy-two of chapter one hundred sixty-four for authority to construct and use, or continue to use, or to take by eminent domain under chapter seventy-nine lands, or rights-of-way or widenings thereof.

Section 25. A domestic electric utility shall not be subject to the provisions of section ten of chapter one hundred eighty-one in the event a foreign corporation, as defined in said chapter, owns or controls a majority of the capital stock of said domestic electric utility, provided such ownership or control results from action pursuant to authority granted by this chapter.

Section 26. With respect to municipal electric departments, this chapter shall be applicable only to such municipal electric departments as were in existence on January first, nineteen hundred and seventy-three, and to such additional municipal electric departments created after that date which comply with the following provisions:

(a) Such an additional municipal electric department shall first acquire or construct a plant for the generation, transmission or distribution of electricity only after the department, after notice and opportunity for hearing, shall have found that such acquisition or construction and the terms thereof to be consistent with the public interest and that the facilities for furnishing and distributing electricity in the territory to be served by such municipal electric department would not be diminished thereby; and

(b) The two votes required by section thirty-five or thirty-six of chapter one hundred sixty-four shall have been at meetings held

not less than twelve months apart nor more than twenty-four months apart.

Section 27. This chapter shall be construed in all respects so as to meet all constitutional requirements. Except as expressly provided herein, the provisions of this chapter shall not affect the interpretation of other laws. If any provision of this chapter shall be held unconstitutional, such unconstitutionality shall not affect any other provisions, except as hereinafter set forth in this section. In the event it is finally determined by a court of competent jurisdiction that a municipal electric department is not subject, with respect to any electric power facilities financed under sections eleven to twenty-two, inclusive, to payments in lieu of taxes under paragraphs (b), (c) or (d) of section eight by reason of the unconstitutionality of any of said paragraphs, or that the borrowing limitation set forth in clause (i) of paragraph (1) of subsection (b) of section nine is unconstitutional, the municipal electric department involved shall, and any person may, file written notice of such decision with the department. Such notice shall include a statement that it is filed pursuant to this section. After such a filing the department shall not have any further authority to approve the issue of bonds under this chapter except (i) where it finds that any electric utility has, prior to such filing, undertaken substantial expense or liability in expectation of such bond financing, or (ii) where notes have been issued, prior to such a filing, under sections eleven to twenty-two, inclusive, in anticipation of revenue bonds.

Section 1. There shall be in the county of Hampden, in this chapter called the county, a court of the commonwealth known as the housing court of the county of Hampden, in this chapter called the housing court.

Section 2. The housing court shall be a court of superior and general jurisdiction with reference to all cases and matters within its jurisdiction; and no order, decree, judgment, sentence, warrant, writ or process made, issued or pronounced by it need set out any adjudication or circumstances with greater particularity than would be required in other courts of superior and general jurisdiction, and the like presumption shall be made in favor of proceedings of the housing court as would be made in favor of proceedings of other courts of superior and general jurisdiction. The housing court shall be a court of record. Writs, subpoenas, citations, orders, notices, executions and all other processes issued by the housing court shall be under the seal of the housing court, signed by the clerk, temporary clerk or an assistant clerk, and bear the teste of the judge, and shall run throughout the commonwealth.

Section 3. The housing court shall have common law and statutory jurisdiction concurrent with the district courts and superior court of all crimes and of all civil actions, arising within the county, under sections twenty-one through twenty-five of chapter two hundred and eighteen, sections fourteen and eighteen of chapter one hundred and eighty-six and under so much of sections one hundred and twenty-seven A through one hundred and twenty-seven F, inclusive, and sections one hundred and twenty-seven H to one hundred and twenty-seven L, inclusive, of chapter one hundred and eleven, so much of section sixteen of chapter two hundred and seventy, so much of chapters one hundred and forty-three, one hundred and forty-eight, chapter two hundred and thirty-nine, and any other general or special law, ordinance, rule or regulation as is concerned with the health, safety or welfare of any occupant of any place used, or intended for use, as a place of human habitation. The housing court shall also have jurisdiction in equity, concurrent with the district courts, the probate courts, the superior court and the supreme judicial court, of all cases and matters so arising.

In all matters within its jurisdiction, the housing court shall have all the powers of the superior court in actions at law and suits in equity, including the power to grant temporary restraining orders and preliminary injunctions as justice and equity may require. The housing court shall have like power and authority for enforcing orders, sentences and decrees made or pronounced in the exercise of any jurisdiction vested in it, and for punishing contempts of such orders, sentences and decrees and other contempts of its

authority, as are vested for such or similar purposes in the supreme judicial or superior court.

Section 4. The housing court shall hold its sittings in the superior court house in Hampden county and in such district court houses in said county as the judge of said housing court shall from time to time deem to be expedient or convenient.

Section 5. Section 9. The housing court shall have a clerk, who shall be appointed by the governor and shall hold office during good behavior, subject, however, to retirement under the provisions of any applicable general or special law relative to retirement systems. He shall receive a salary of twenty-two thousand one hundred and seventy-one dollars and shall after his appointment reside in the county of Hampden.

Such thirty days sick leave or any portion thereof not used in any year may be accumulated, but shall, in any event, not exceed one hundred and eighty days in any consecutive six-year period. Section 11. The clerk may, subject to the approval of the justice, appoint one or more assistant clerks, who shall be removable at his pleasure or at the pleasure of the court, for whose official acts the clerk shall be responsible and who shall be paid by him unless salaries payable by the county are authorized by the general court. All powers conferred by statute upon the clerk may be exercised, subject to the control of the clerk by an assistant clerk.

Section 12. The clerk, any temporary clerk and all assistant clerks shall be sworn; and in the case of any temporary clerk and of every assistant clerk, the oath of office shall be administered by the judge who shall, upon administering the same, forthwith make return of such act with the date thereof to the state secretary.

Failure to give such bond shall be sufficient cause for his removal.

Section 14. The clerk, temporary clerk and assistant clerks or one of them shall attend all sessions of the housing court and shall keep a record of all its proceedings. The clerk shall have the care and custody of all the records, books and papers appertaining to, or filed or deposited in, his office. The clerk and assistant clerks of the housing court may sign process issued by the housing court, and housing court records, documents or other legal papers or copies thereof made or issued by such clerk or assistant clerks in conformity with law, except

search warrants and process authorizing arrests or commitments, by imprinting thereon a facsimile of the signature of the clerk or assistant clerk; and such facsimile signatures shall have the same validity as their written signatures.

Section 15. The judge may appoint a court officer for the housing court who may be removed for any cause considered by the judge to be sufficient. Any vacancy caused by removal or otherwise may be filled by the judge. The court officer shall attend the sessions of the housing court, shall preserve order and may serve warrants, mittimus, precepts, orders and processes of the housing court. The court officer shall give bond for the faithful performance of his duties in the sum of one thousand dollars payable to the county, with sufficient sureties approved by the judge. The court officer, while on duty in the housing court, shall wear a uniform approved by the judge, which shall be furnished at the expense of the county.

The housing specialists shall have such powers and perform such duties as the judge shall from time to time prescribe. Every housing specialist shall be sworn by the judge, who shall, upon administering the oath, forthwith make return of such act with the date thereof to the state secretary.

The cost of said recording system shall be paid by the county upon the certificate of the judge. The clerk of the housing court may procure law books and blank books, blanks, stationery and other incidentals required by the housing court as the judge may approve.

Section 19. All costs and expenses of the housing court, including the salaries of the judge, clerk, assistant clerks, court officers, housing specialists and others, shall be paid by the county. Section 20. Proceedings shall be commenced in the housing court as follows: a criminal case, by complaint in like manner as in a district court; an action at law, including an action for summary process, by writ in like manner as in the superior court or district court; and a suit in equity, by bill or petition with a writ of subpoena according to the usual course of proceedings in equity, in like manner as in the superior court.

The clerk of the housing court shall charge a fee of two dollars for the entry of an action or suit, which shall be paid by the party entering the same; and no other fee shall be charged for taxing costs, for issuing any subpoena or execution or for issuing any order of notice or other mesne, interlocutory or final order, rule, decree or process authorized by law, except a temporary restraining order or preliminary injunction for the issuance of which the clerk shall charge five dollars; provided, however, that no fee for the entry of an action or suit or for the issuance of a temporary restraining order or preliminary injunction shall be charged the commonwealth or the city or any board or officer of either. If the housing court finds that the party entering the action or suit or obtaining the restraining order or preliminary injunction is destitute and unable to pay, it may order the payment of the fee or fees prescribed by this paragraph to be waived.

Notwithstanding that a proceeding under this chapter is commenced by complaint, if the housing court finds that the offense charged was not wilful, intentional, reckless or repeated, the proceeding shall not be deemed criminal and no record of the case shall be entered in the probation records.

Suits in equity in the housing court shall be entered upon a separate docket.

Section 21. Upon the commencement of a suit in equity in the housing court, the clerk, at the request of the plaintiff or his counsel, shall issue a subpoena with a copy of the bill or petition attached. Such subpoena shall direct the defendant or defendants to appear and answer on or before a date specified therein, which shall be not less than ten nor more than fourteen days after the issuance of such subpoena. Such subpoena shall be served at least seven days prior to the date specified therein for appearance and answer. Such subpoena may be served by an officer qualified to serve civil process, by delivery to the defendant of an attested copy thereof in any manner provided by law, including, without limiting the generality of the foregoing, by leaving such copy at the last and usual place of abode of the defendant or, if the suit relates to premises of which the defendant is owner or landlord, by leaving such copy at the place to which the rent is sent or delivered or the bill for the real estate tax on such premises is sent pursuant to section three of chapter sixty. If the defendant is a corporation, such subpoena may be served by such an officer by leaving an attested copy thereof at the place of abode of the president, treasurer or

clerk of the corporation, or, in the case aforesaid, by leaving such copy at the place to which the rent is sent or delivered or the bill for the real estate tax on the premises is sent pursuant to said section three. Service of such subpoena may also be made, within the time hereinbefore prescribed, by the plaintiff by registered mail, return receipt requested; provided, that an affidavit of such service and the return receipt is filed on or before the date specified in the subpoena for appearance and answer or within such further time as the housing court may allow.

Section 22. Any action at law or suit in equity within the jurisdiction of the housing court which is pending in another court may be transferred to the housing court by any party thereto; but no action at law or suit in equity originally entered in the housing court shall be transferred to any other court, except that the supreme judicial court may direct any cause pending in the housing court to be transferred to it in whole or in part for further action or directions, and in cases of partial transfer may issue such orders or directions in regard to the part of such cause not so transferred as justice may require.

Whenever cross actions between the same parties or two or more actions, including for the purposes hereof other court proceedings, arising out of or connected with the same housing accommodation are pending, one or more in the housing court and also one or more in one or more district courts or one or more probate courts, or in the superior court, the housing court, upon motion of any party to any of such actions, may order that the action or actions pending in the district court or courts and in the probate court or courts and in the superior court, with all the papers relating thereto, be transferred to the housing court; and such action or actions shall thereafter proceed in the housing court as though originally entered there.

Section 23. All cases in the housing court, including all demurrers, pleas, motions and the like, whether interlocutory or final, shall be heard and determined by the housing court sitting without a jury, except that in all cases where a jury trial is required by the constitution of the commonwealth or of the United States and the defendant has not waived his rights to a trial by jury, the cause shall be forthwith tried in the housing court before a jury selected in accordance with chapter two hundred and thirty-four. In the trial of any complaint, action or suit in the housing court, the report of any inspector serving in the housing inspection department of any city of the county shall be prima facie evidence of the facts stated therein.

Section 24. Every judgment, order and decree entered by the housing court shall bear as its date the day when actually entered by the clerk, and at the time of the entry he shall note such date upon the judgment, order or decree and upon the docket. When a judgment or decree is entered by the housing court upon a demurrer or a case stated or when a judgment or decree is entered in an action or suit, except in open court, the clerk shall forthwith give

notice thereof to the parties or to their attorneys.

In suits in equity under this chapter, a final decree shall be entered although exceptions have been taken or a bill of exceptions has been filed and allowed, but execution and operation of the decree so entered shall be stayed until the exceptions have been disposed of unless the judge who made the ruling to which the exceptions were taken finds that the exceptions are immaterial, frivolous or intended for delay.

Section 25. If a written request by any party entitled to appeal from a decree entered by the housing court in a suit in equity is filed in the office of the clerk of the housing court within three days after the entry of such decree in open court or within five days after notice of the entry of such decree is sent such party by the clerk, whichever is earlier, the judge by whom the decree was ordered entered shall report the material facts found by him within fourteen days after the filing of the request therefor. If no request for a report of material facts is filed as aforesaid, such report shall be in the discretion of the judge ordering the decree entered. A request for a report of material facts may be accompanied by a request for action on ruling of law duly filed during the trial; and in case of such additional request, exceptions may be taken to any ruling or refusal to rule thereon within five days after notice of the action of the housing court thereon is sent by the clerk. A request for action on such requested rulings may be made also within five days after a report of material facts made by the housing court in its discretion without previous request; and exceptions may be taken within five days after notice of the action of the housing court thereon is sent. In either case the filing of such requests after trial for action on rulings of law shall constitute a waiver of the right of appeal under section twenty-five of chapter two hundred and fourteen. In case exceptions are taken as herein provided, sections one hundred and thirteen to one hundred and twenty-three, inclusive, of chapter two hundred and thirty-one shall apply.

Section 26. A party aggrieved by a final decree or judgment of the housing court may, within three days after the entry of such decree or judgment in open court or within five days after notice of the entry of such decree or judgment is sent such party by the clerk, whichever is earlier, appeal therefrom directly to the full court of the supreme judicial court; provided that simultaneously with filing such appeal or within such further time as the judge or clerk for cause shown allows, he shall file a bond executed by him or by his attorney of record on his behalf payable to the appellee in such reasonable sum and with such surety or sureties as may be approved by the appellee or by the judge or clerk, conditioned to enter and prosecute his appeal with effect, and to satisfy any judgment for costs which may be entered against him upon said appeal within thirty days after the entry thereof, except that no such bond shall be required if the appellant is the commonwealth or the city or any board or officer of either or if the judge is satisfied that the appeal is not frivolous and that the appellant is destitute and un-

able to pay for such bond. Instead of filing a bond as aforesaid, the appellant or any person in his behalf may deposit with the clerk, within the time required for filing a bond, a reasonable amount, to be fixed by the judge or clerk, as security for the prosecution of the appeal and the payment of costs. A certificate of such deposit shall be issued to the depositor by the clerk, who shall hold such deposit until the final disposition of the case, when he shall pay it, or any part thereof, to the appellee for his costs, or to the depositor thereof, as the housing court may order. The housing court may give directions as to the manner of keeping such deposit.

The completion of an appeal hereunder shall be governed by section one hundred and thirty-five of chapter two hundred and thirty-one as if the housing court were the superior court. When the appeal has been entered as aforesaid, all proceedings under such judgment or decree or judgment shall be stayed, and the cause shall thereupon be pending before the full court, which shall hear and determine the same, and affirm, reverse or modify the decree or judgment appealed from. Upon the reversal of a final decree or judgment, the supreme judicial court may remand the cause to the housing court with necessary and proper directions for further proceeding therein.

When an appeal has been taken, the housing court before the entry of the appeal in the supreme judicial court may in its discretion stay, pending the appeal, all temporary orders, judgments, injunctions, decrees or judgment or other orders of the housing court, and may make such orders for the appointment of a receiver, and of injunction or prohibition, or for continuing the same in force, as are needful for the protection of the rights of the parties pending the determination of the appeal.

A party aggrieved by an interlocutory decree of the housing court may, in like manner, appeal to the full court of the supreme judicial court; but the appeal shall not suspend the execution of such decree or judgment, except as provided in section twenty-two of chapter two hundred and fourteen, nor transfer to the full court the entire cause or any matter therein except the question, whether the interlocutory decree appealed from shall be affirmed, reversed or modified. Interlocutory decrees not appealed from shall be open to revision upon appeal from the final decree or judgment so far only as it appears to the full court that the final decree or judgment is erroneously affected thereby.

Section 27. Upon an appeal, the testimony of witnesses who have been examined orally before the housing court shall, at the request of any party, be reported to the full court. The housing court shall provide by general rules for some convenient and effectual means of having the same reported by the judge by whom the case is heard or by a person designated by him for that purpose. In appeals in suits in equity under this chapter, the provisions of sections twenty-four and twenty-five of chapter two hundred and fourteen shall apply.

Section 28. The housing court may issue execution in common

form if such process is appropriate for the enforcement of a decree in equity; provided, however, that no process for the execution of a final decree of the housing court shall issue until the expiration of five days after the entry thereof, unless all parties against whom such decree is made waive an appeal by a writing filed with the clerk or by causing an entry thereof to be made on the docket, except that if the judge by whose order the final decree was made is of the opinion that the appeal from such decree is groundless and intended merely for delay, process for the execution of the decree may be awarded notwithstanding the appeal.

Section 29. If upon making an interlocutory order or decree at law or in equity, the judge is of the opinion that is so affects the merits of the controversy that the matter ought, before further proceedings, to be determined by the full court of the supreme judicial court, he may report the question for that purpose, and stay all further proceedings except those necessary to preserve the rights of the parties.

Section 30. The bond of any receiver appointed by the housing court shall be payable to the county and shall otherwise be in such form as the housing court shall require. Such bond may be enforced in the name of the county by the county commissioners, or by any person interested therein and duly authorized by the housing court, after notice to said commissioner, to take such action. The housing court shall have exclusive original jurisdiction of actions on such bonds. Any sums recovered shall be paid over or administered as the housing court directs.

Approved August 9, 1973.

Chap. 594. AN ACT ESTABLISHING THE AQUATIC NUISANCE CONTROL FUND FOR THE CONTROL OF AQUATIC NUISANCES IN THE WATERS OF THE COMMONWEALTH.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to establish forthwith the aquatic nuisance

control fund for the control of aquatic nuisances in the waters of the commonwealth, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 5F of chapter 111 of the General Laws, as amended by section 2 of chapter 722 of the acts of 1969, is hereby further amended by adding the following paragraph: —

Monies received by the commonwealth under clause (36B) of section five of chapter forty and under section thirteen of chapter sixty-four A, and all other sums received by the commonwealth from the federal government and from any and all sources pertaining to the control of aquatic nuisances in the waters of the commonwealth shall be credited on the books of the commonwealth to a fund to be known as the Aquatic Nuisance Control Fund. A police officer taking cognizance of any such violation may request the offender to state his true name and address. Whoever, upon such request, refuses to state his name and address, or states a false name and address or a name and address which is not his name and address in ordinary use, shall be punished by a fine of not less than twenty nor more than fifty dollars. Any such offender so refusing to state his name and address may be arrested without a warrant, but no person shall be arrested without a warrant for any other such violation.

Every police officer who takes cognizance of such violations may give the offender a notice, which shall be in tag form, as provided in this section, to appear before the clerk of the district court having jurisdiction, at any time during office hours, not later than twenty-one days after the date of such violation. If the offender is under sixteen years of age, the officer may give such notice to the parent or guardian of the offender. All tags shall be prepared in triplicate and shall be prenumbered.

Said tag shall contain but shall not be limited to the following

information: the registration number of the bicycle, if any; the name and address of the offender, if served with notice in hand at the time of such violation; the date, time, place and nature of the violation; the amount of the fine; instructions for the return of the tag; and a notice which reads as follows: — This notice may be returned by mail, personally, or by authorized person, and if properly returned shall be deemed non-criminal. Said commanding officer shall retain and safely preserve one of such copies and shall at a time no later than the beginning of the next court day after receipt of such notice deliver another of such copies to the clerk of the court before whom the offender has been notified to appear. The clerk of each district court shall maintain a separate docket of all such notices to appear.

Any person notified to appear before the clerk of a district court, as provided herein, may appear before such clerk and confess the offense charged, either personally or through an agent duly authorized in writing, or by mailing to such clerk the notice accompanied by the fine provided therein, such payment to be made only by postal note, money order or check made out to the clerk of the court. Returning the notice to the clerk of court and payment of the fine established shall operate as a final disposition of the case. Proceedings under this section shall not be deemed criminal; and no person notified to appear before the clerk of a district court as provided herein shall be required to report to any probation officer, and no record of the case shall be entered in the probation records.

All commercial fertilizers, soil conditioners, and agricultural liming materials distributed in the commonwealth in containers shall have placed thereon or affixed to the container, a label setting forth in clearly legible and conspicuous form the information required by the preceding section. The foregoing informa-

tion in written or printed form shall accompany bulk shipment deliveries and shall be supplied to the purchaser at the time of delivery.

All commercial fertilizers formulated according to specifications which are furnished by a consumer prior to mixing shall be labeled to show the guaranteed analysis, and the name and address of the distributor.

Section 68. There shall be paid to the commissioner for all commercial fertilizers, soil conditioners, and agricultural liming materials distributed in the commonwealth, an inspection fee, set by the commissioner in rules and regulations; provided, however, that sales to manufacturers or exchanges between manufacturers are exempted from said fee on individual packages of commercial fertilizer and agricultural liming materials containing ten pounds or less.

In lieu of the annual registration fee of twenty-five dollars per brand and grade and the prescribed inspection fee there shall be paid on individual packages of specialty fertilizers containing ten pounds or less an annual registration fee and inspection fee of twenty-five dollars for each brand and grade sold or distributed. If specialty fertilizer is sold in packages of ten pounds or less, and in packages of over ten pounds, the annual registration and inspection fee of twenty-five dollars shall apply only to that portion sold in packages of ten pounds or less, and the portion sold in packages of over ten pounds shall be subject to the prescribed inspection fee.

If more than one person is involved in the distribution of a commercial fertilizer, soil conditioner, or agricultural liming material, the last person in possession before distribution to a nonlicensee or to a nonregistrant shall be responsible for reporting the tonnage and paying the inspection fee, unless the report and payment has been made by a prior distributor.

Section 69. Each person who sells, offers or exposes for sale any commercial fertilizer, soil conditioner, or agricultural liming material shall on or before January first and July first of each year file with the commissioner, along with the inspection fee, a statement in such form as he prescribes setting forth the number of net tons of each grade of fertilizer, each registered soil conditioner, and each agricultural liming material, and county in which it was distributed or sold by him to nonlicensees or to nonregistrants in the commonwealth during the preceding six months, together with the permit allowing the commissioner or his authorized deputy to examine the books of the person filing the statement for the purpose of verifying the same. No information furnished the commissioner under this section shall be disclosed in such a way as to divulge the operation of any person.

Section 70. Each commercial fertilizer and brand of commercial fertilizer and each soil conditioner and agricultural liming material sold or offered or exposed for sale shall be subject to analysis by the commissioner or his duly designated deputy. The commissioner shall cause to be made each year one or more analysis of said

materials sold or exposed for sale in the commonwealth, and he, his inspectors and deputies may enter upon any premises where such material is sold or offered or exposed for sale and take samples for analysis. Analysis for all fertilizers shall be made by the methods adopted by the Association of Official Analytical Chemists. The said commissioner may publish or cause to be published reports and bulletins, special circulars or otherwise to show the results obtained by chemical analysis, said publications shall contain such additional information in relation to the character, composition, value, and use of the fertilizer analyzed as the commissioner sees fit to include. The results of any analysis made shall be sent by the commissioner to the person named in the printed label of the fertilizer analyzed, at least fifteen days prior to publication of any such results.

Section 71. If the analysis shall show that a commercial fertilizer is deficient (1) in one or more of its guaranteed primary plant foods (NPK) beyond the investigational allowances as established by regulation or (2) if the overall index value of the fertilizer is below the level established by regulations, a penalty of two times the commercial value of such deficiencies shall be assessed and paid to the consumer of the lot of commercial fertilizer represented by the sample analyzed within three months after the date of notice from the commissioner to the registrant or licensee, receipts taken therefor and promptly forwarded to the commissioner. If said consumer cannot be found, the amount of the penalty shall be paid to the treasury of the commonwealth. When a commercial fertilizer is subject to a penalty under clauses (1) and (2) the larger penalty shall apply. Deficiencies beyond the investigational allowances in any other constituent which the registrant is required to or may guarantee shall be evaluated and penalties prescribed therefor by the commissioner.

Section 72. If any commercial fertilizer, soil conditioner, or agricultural liming material in the possession of the consumer is found by the commissioner to be short in weight, the licensee or registrant of said product shall within thirty days after official notice from the commissioner pay to the consumer a penalty equal to four times the value of the actual shortage.

Section 73. The commissioner shall determine and publish annually the values per unit of nitrogen, available phosphoric acid and soluble potash in commercial fertilizers in the commonwealth. The value so published shall be used in determining and assessing penalties.

Section 74. No person shall sell, offer, or expose for sale a commercial fertilizer or brand of commercial fertilizer, soil conditioner, or agricultural liming material if its labeling is false or misleading in any particular way, or it is distributed under the name of another product, or it is not labeled as required in section sixty-six and in accordance with rules and regulations as prescribed in section seventy-five or it purports to be or is represented as a commercial fertilizer, or represented as a plant nutrient or commercial

fertilizer, unless such plant nutrient or commercial fertilizer conforms to the definition of identity, if any, prescribed by regulations.

No person shall sell, offer or expose for sale a commercial fertilizer or brand of commercial fertilizer if it contains any deleterious or harmful ingredient in sufficient amount to render it injurious to beneficial plant life when applied in accordance with directions for use on the label, or if adequate warning statements or directions for use, which may be necessary to protect plant life are not shown on the label, or its composition falls below or differs from that which it is purported to possess by its labeling, or it contains unwanted crop seed or weed seed.

Section 75. The commissioner may prescribe and enforce such rules and regulations as to the sale of commercial fertilizers, soil conditioners, or agricultural liming materials as he deems necessary to enforce sections sixty-four to seventy-eight, inclusive, and may prosecute or cause to be prosecuted any person who violates any provisions of said sections; provided, however, that the effective date of regulations pertaining to "guaranteed analysis" shall be not less than six months following the issuance thereof, and that for a period of two years following the effective date of said regulations the equivalent of phosphorus and potassium may also be shown in the form of phosphoric acid and potash; and, provided further, that after the effective date of a regulation issued under the provisions of this section, requiring that phosphorus and potassium be shown in the elemental form, the guaranteed analysis for nitrogen, phosphorus and potassium shall constitute the grade. Regulations prescribed in this section shall contain the accepted definitions and official fertilizer terms issued by the Association of American Plant Food Control Officials. No complaint based upon analysis of samples shall be made if samples are taken otherwise than as provided in section seventy.

Section 76. The commissioner or his authorized deputy may refuse to issue a certificate for any commercial fertilizer, soil conditioner or liming material, name, brand or trade-mark which is untrue in any particular or which in his opinion would be misleading or deceptive in any particular or would tend to mislead or deceive as to the constituents or properties of said fertilizer. If a certificate is issued for said products and it is afterward discovered that the certificate itself, or the granting of it, or the manner of procuring it, was in any respect in violation of any provision of sections sixty-five to seventy-eight, inclusive, the commissioner may cancel the certificate.

Section 77. Samples for analysis as stipulated in section seventy shall be collected by the commissioner or his duly authorized deputy and shall be delivered to the Massachusetts Agricultural Experiment Station of the University of Massachusetts for analysis according to methods approved by the Association of Official Analytical Chemists or other approved methods.

Section 78. When the commissioner or his deputy has reasonable cause to believe any lot of commercial fertilizer, soil condi-

tioner, or agricultural liming material, is being distributed in violation of any of the provisions of sections sixty-five to seventy-eight, inclusive, or of any of the prescribed regulations promulgated thereunder, he, or his deputy may order, in writing, that it be withheld from sale. The commissioner or his deputy may release the lot of said product, so withdrawn when said provisions and regulations have been complied with. If compliance is not obtained within thirty days, the commissioner or his deputy may begin, or upon request of the distributor shall begin, proceedings for condemnation.

Any lot of commercial fertilizer, soil conditioner, or agricultural liming material not in compliance with said provisions and regulations shall be subject to seizure on complaint of the commissioner or his deputy to a court of competent jurisdiction in the area in which said commercial fertilizer is located. In the event the court finds the said product to be in violation of sections sixty-five to seventy-eight, inclusive, and orders the condemnation of said product, it shall be disposed of in any manner consistent with the quality of the product and the laws of the commonwealth.

Section 79. Whoever sells, offers or exposes for sale any commercial fertilizer or mixture thereof, or any soil conditioner or agricultural liming material, without complying with the requirements of sections sixty-five to seventy-eight, inclusive, applicable thereto, or in violation of any rule or regulation promulgated thereunder, or whoever falsely marks, or labels any such product, or impedes, or obstructs, or hinders the commissioner or any of his duly authorized agents in the discharge of the authority or duties conferred or imposed by any provisions of said section, shall be punished by a fine of not less than twenty-five dollars or more than one hundred dollars for the first violation, or not less than one hundred dollars or more than five hundred dollars for a subsequent violation. In all prosecutions involving the composition of a lot of commercial fertilizer, a certified copy of the official analysis signed by the commissioner or his agent shall be accepted as prima facie evidence of the composition.

Section 80. The commissioner or his deputy may publish annually, in such forms as he may deem proper, information concerning the sales of commercial fertilizers, soil conditioners, and agricultural liming materials; together with such data on their production, composition and use as he may consider advisable, and a report of the results of the analyses of official samples of said products sold within the commonwealth as compared with the analyses guaranteed in the registration and on the label; but any information relating to the general business of any applicant or licensee shall be treated by the commissioner as confidential.

Section 81. The commissioner or his representative shall not be required to report for prosecution, or for the institution of seizure proceedings if there are minor violations of the preceding sections when he believes that the public interest will be best served by a suitable notice of warning in writing.

Section 82. The commissioner may prescribe and enforce such rules and regulations relative to the sale of commercial fertilizers, soil conditioners, and agricultural liming materials as he deems necessary to enforce sections sixty-four through eighty-three, inclusive.

Section 83. Nothing in this chapter shall be construed to restrict or avoid sales or exchanges of commercial fertilizers to each other by importers, manufacturers, or manipulators who mix fertilizer materials for sale or as preventing the free and unrestricted shipments of commercial fertilizer to manufacturers or manipulators who have obtained licenses or registrations as required by the provisions of this chapter.

SECTION 7. The provisions of this act shall be deemed to be severable; and in case any section, paragraph or part of this act shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair the validity of any other sections, paragraphs or parts of this act.

SECTION 8. All orders, rules and regulations adopted, and licenses, permits and certificates issued by the Department or the University of Massachusetts and in force immediately prior to the effective date of this act, shall continue in force after said effective date unless and until suspended, revised, rescinded, canceled or revoked by the commissioner. Any form approved by the said commissioner or university prior to said effective date may be continued in use after said effective date.

SECTION 9. This act shall take effect on January first, nineteen hundred and seventy-four.

Chap. 628. AN ACT ESTABLISHING THE MUMFORD RIVER VALLEY REGIONAL REFUSE DISPOSAL DISTRICT.

Be it enacted, etc., as follows:

SECTION 1. The towns of Douglas, Blackstone, Millville, Mendon, Hopedale, Northbridge, Sutton and Uxbridge, by vote in a town meeting, may, subject to conditions hereinafter enumerated, create a regional refuse disposal district which shall be a body corporate and be known as the Mumford River Valley Regional Refuse Disposal District, hereinafter called the district. There shall be no limit of time upon the date of acceptance of the provisions of this act.

After the initial organization of the board as set out in section two, additional eligible members shall require a majority vote of the board in order to become participating members.

SECTION 2. The district shall be under the management and control of a board which is hereby created and shall be known as the Mumford River Valley Regional Refuse Disposal Board, hereinafter called the board.

The board shall consist of members from and representing each town that has voted to accept the provisions of this act and is a member of the district. Membership shall be determined on the basis of population as follows: one board member for each five thousand inhabitants, or fraction thereof exceeding two thousand five hundred inhabitants, according to the most recent federal census. Official actions shall require an affirmative vote of at least three fourths of the board members.

The members of the board shall be appointed by the board of selectmen in accordance with each community's applicable provisions of law. Members appointed to the board shall be residents of the area which they represent and may be municipal employees. Members of the board shall be appointed by the legal appointing authorities as follows: the first representative from any member community will be appointed for a term of three years, the second, if required, for a term of two years, the third, if required, for a term of one year. Additional representatives, if required, will be

appointed for terms of three years. Each member shall serve until the qualification of a successor.

SECTION 3. The board shall appoint and determine the compensation of an engineer director who shall administer the affairs and direct the engineering work of the district as approved by the board. The board shall set forth the powers and duties of the engineer director in its by-laws. The engineer director may, upon approval of the board, enter into contracts for professional or construction services to be provided to the district by private contractors. The engineer director shall be skilled in sanitary engineering practice and a registered professional engineer, as defined by section eighty-one D of chapter one hundred and twelve of the General Laws; provided, however, that a person eligible for registration under the provisions of said section eighty-one D may be appointed acting engineer director and may serve in that capacity.

SECTION 4. The district shall have a seal consisting of a circular die bearing the words "Commonwealth of Massachusetts, Mumford River Valley Regional Refuse Disposal District, 19—", which seal may be used whenever deemed advisable by the board on papers and documents issued or executed by the board or by any officer or employee designated by the board.

SECTION 5. The board shall prepare and adopt by-laws describing and stipulating its organization and operations. The board members shall meet annually in the month of April and select a chairman, vice chairman, and secretary from among the membership who shall act as an executive committee. The chairman, vice chairman and secretary of the board may receive compensation from the district, which shall not exceed five hundred dollars per year. Board members may be reimbursed for actual expenses incurred in performance of their duties on approval of the board.

The board may appoint and may at its pleasure remove a treasurer and a clerk, who shall not be members of the board. Both offices, if the board deems it advisable, may be held by the same person. The treasurer shall give to the board a bond payable to the district with a surety company authorized to transact business within the commonwealth and satisfactory to the board as surety in such sums as the board may prescribe and conditioned on the faithful performance of his duties. The duties of the treasurer and clerk shall be those usually appertaining to said offices, respectively, and in addition such as may from time to time be prescribed by the board. The compensation of the treasurer and of the clerk shall be determined by the board. The board may retain legal counsel for any and all appropriate purposes.

The engineer director, with the approval of the board, shall from time to time appoint or employ such other engineers and such experts, agents, officers, clerks, and other employees as he deems necessary and shall determine their duties. The salaries or compensation of all persons appointed or employed under authority of this section shall be determined by the board and together with other

expenses shall be paid by the district and shall be considered a part of the expense of maintenance of the district.

The board shall establish an office in which its business may be conducted and at which maps, plans, documents, records, and other paper relating to its business, land and other works and property in its charge shall be kept.

It shall at all times keep full and accurate accounts of its receipts, expenditures, disbursements, assets and liabilities, which shall be open at all times to inspection by the towns who are members of the district or by any officer or duly appointed agent of the commonwealth.

The board shall make a report each year of its activities for the preceding year and shall, prior to February first, submit a copy to the state auditor and to the participating towns. The report shall also be submitted to the department of public health and the Central Massachusetts Regional Planning Commission.

SECTION 6. Said board, acting for and on behalf of said district, may take by eminent domain under chapter seventy-nine of the General Laws, or acquire by purchase or otherwise, any lands, property, rights-of-way or easements, public or private in said district, necessary for accomplishing any of the purposes of this act.

The board, acting for the district, shall purchase, construct, maintain and operate such incinerators, sanitary landfills, necessary equipment or any other facilities as may be required for disposing of refuse and other solid wastes of said towns. For such purposes the board may make such contracts or requirements as it may deem necessary. No works shall be constructed until plans have been approved by the local board of health, under the provisions of section one hundred and fifty A of chapter one hundred and eleven of the General Laws. Any construction, reconstruction, or extension of disposal facilities and other works shall be referred to the Central Massachusetts Regional Planning Commission for an advisory opinion as to the proposed facilities relationship to regional and intercommunity consideration and to its coordination with existing local and regional proposals.

No land may be purchased or otherwise acquired as a site for the disposal of refuse and other solid wastes without the approval of the local board of health and the department of public health.

The board may sell by negotiation to the participating members of the district any property, including land, acquired by it hereunder and which in its opinion is no longer needed in the performance of the powers and duties conferred and imposed on it by this act; provided however, that any land is first made available to the town in which it is located, and in the case of machinery, members shall have a priority of bid purchase at a reasonable price. The board also may from time to time lease any property which in its opinion is not then needed by it for the purposes of this act. The board may enter upon any lands for the purposes of making surveys, borings, and may take by eminent domain under said chapter seventy-nine, or acquire by purchase or otherwise, the right

to occupy any land necessary for the carrying out of the said purposes.

SECTION 7. The board shall prevent the discharge into the disposal facilities of substances which may damage or interfere with its maintenance or operation. The board shall, for the proper and reasonable operation of its works, make regulations as to the quantity and character of any refuse or other solid wastes discharged into any disposal facility under its control. The board may prohibit discharge into facilities under its control of certain unique industrial refuse and solid wastes if the board determines such refuse and solid wastes may interfere or damage the disposal facility or interfere with its maintenance or operation. The responsibility for disposal of such unique wastes or for their modification to allow disposal in district facilities shall rest with the producers thereof.

SECTION 8. No lands, rights-of-way or other easements, property, structures, or rights acquired by the district, as herein provided, and located in any town included in the district shall be assessed or taxed by the municipality if yielding no rent, but the district shall annually on July first pay to the town an amount equal to the tax it would receive upon the fair value of the land in the current year, which shall not include buildings or structures, for each year of district ownership, the value for each year being reduced by all abatements thereon. In the event there is a general re-evaluation of the assessed valuation of real property in any town of the district, the fair value of the land determined above shall be increased or decreased in the same proportion that the aggregate value of all assessed real properties in the town are increased or decreased.

SECTION 9. The district by vote of the board, in accordance with section two, is authorized to issue, from time to time, general obligation serial bonds or notes of the district to pay for the costs of capital outlays in connection with the disposing of refuse and other solid wastes of its members including the construction, acquisition and major rehabilitation of incinerators, sanitary landfills, necessary equipment, and such other facilities as may be required and including land damages and costs of demolition of existing structures on land so acquired.

Said bonds to be issued in such amount or amounts as the district acting by and through the board may determine, and the district may refund any such bonds or notes. Such serial bonds or notes may be callable with or without premium and shall contain such terms and conditions, bear such rate or rates of interest, be sold in such manner, at public or private sale, and mature at such times and in such amounts as the board shall determine; provided that each issue of such bonds or notes shall be payable in annual installments, the first of which shall be payable not later than two years after its date and the last of which shall be payable not later than thirty years from said date.

If the board votes to issue serial bonds or notes, said board may authorize the issuance, in the name of the district, of general obli-

gation temporary notes for a period of not more than two years in anticipation of the money to be received from the sale of such serial bonds or notes. The time within which such serial notes or bonds shall be payable shall not be extended by reason of the making of such temporary loans beyond the time fixed in the order authorizing such serial bonds or notes.

For the purpose of paying expenses of operation, including, without limitations any principal or interest due or about to become due on any bond or note issued by the district for which funds are not available, the board, in the name of the district is authorized to issue, from time to time, general obligation temporary notes of the district in anticipation of assessments levied against the members of said district in the year which such notes are issued.

Temporary notes in anticipation of assessments shall be payable not more than one year from their dates and shall not exceed in principal amount at any one time outstanding the amount of the assessments in anticipation of which they are issued.

Temporary notes issued under this section for a shorter period than the maximum permitted may be renewed by the issuance of other temporary notes maturing within the required period; provided that the period from the date of issue of the original temporary note to the date of maturity of the renewal note shall not exceed the maximum period for which the original temporary note may have been issued. Such temporary notes or renewal notes may be sold at discount or with interest payable at or before maturity.

Notes or bonds authorized by this section shall be signed by the treasurer and countersigned by the chairman of the board and serial notes and bonds shall have the district seal affixed. Sections sixteen B and sixteen C of chapter forty-four of the General Laws shall be applicable to such bonds and notes.

Indebtedness incurred under this section shall not be included in computing the limit of indebtedness of any town included in the district.

SECTION 10. The cost of original construction of existing incinerators, sanitary landfills, necessary equipment and associated facilities, including principal payments and interest on the bonds issued for construction thereof shall be apportioned among the participating member towns in the ratio of their particular populations to the total population of the district according to the latest federal census.

The cost of construction of additional incinerators, sanitary landfills, necessary equipment, or any other works as may be required, including principal payments and interest on the bonds issued for construction thereof, shall be apportioned among the participating member towns as calculated by formulas and standards established by the board. These costs shall be prepared by the district with the assistance of the towns and the Central Massachusetts Regional Planning District Commission. Upon

acceptance of the provisions of this act by an eligible town not previously a member, the outstanding costs of construction shall be recalculated and proper adjustments shall be made to the account of each member.

The cost of the maintenance and operation of the district and its works, exclusive of principal payments and interest on bonds and notes issued for construction purposes shall, until such time as the refuse disposal facilities shall have been in regular operation for a period of three calendar years, be apportioned among the member towns in the ratio of their particular populations to the total population of the district according to the latest federal census.

After the refuse disposal facilities shall have been in regular operation for a period of the three calendar years, the board shall apportion costs of maintenance and operation to the member towns on the basis of the weighed volume of the previous year entering the district's refuse disposal facilities from each member. Upon acceptance of this act by an eligible town not previously a member and until said town shall have participated in the district's refuse disposal facility for a period of three calendar years, the allocation of its maintenance and operation costs shall be calculated on the basis of population in the manner described in this section, the remaining cost then being allocated to the remaining members on the basis of weighed volume in the manner also described in this section. Cost calculations for periods of less than a full year shall be prorated in accordance with the number of calendar days for which they are applicable.

SECTION 11. The board shall annually determine the amounts required for the payment of principal and interest on such bonds and notes issued or to be renewed by the district which will be due during the ensuing calendar year and shall apportion the amounts as determined among the several members of the district in accordance with the provisions of this act, and shall also annually determine the amounts necessary to be raised to maintain and operate the district during the said year, including capital outlay items, the cost of which is not to be funded, and for all other matters of which the district is required to raise money and shall apportion among the several members of the district the amounts so determined in accordance with the provisions of this act. Each amount so apportioned for each member shall, prior to December thirty-first in each year be certified by the board of assessors of each member of such district. The assessors of each member town shall without further vote include each amount as certified in those amounts to be annually raised by taxes under section twenty-three of chapter fifty-nine of the General Laws. The town treasurer shall pay the amount so certified to the treasurer of the district on or before July first of the then taxable year.

A town which has been assessed shall raise all or a portion of the amounts certified annually by the district to the assessors of each town, as provided in this act, through equitable and proportional charges against inhabitants, corporations and other users of the

service rendered by the district in each town.

Nothing in the procedure for arbitration authorized in section eleven A shall relieve any treasurer of each town from making timely payments to the treasurer of the district of the full amounts assessed.

SECTION 11A. In the event that within ninety days of the receipt by the board of assessors of each town, of any assessment as determined and apportioned above, the appropriate legislative body of any town, by resolution, may question any fact used in the formula for determination of the total amount to be apportioned or the apportionment thereof to the town and request a review thereof by the board.

The board shall forthwith cause a review of such apportionment and shall publish its findings no later than thirty calendar days from the receipt of such request.

The board or the aggrieved town may by resolution adopted no later than ninety calendar days from the receipt of such findings, submit the questions raised to a fact finding arbitration of three persons, not residents of the district, one to be appointed by the aggrieved member, one to be appointed by the board, and one to be appointed by the state auditor. The three persons so appointed shall consider all pertinent data, make such audits, examinations, inquiries and surveys as they deem necessary, and shall submit a finding, which shall be binding on all parties. The cost of such arbitration, if any, shall be paid by the district as an expense of the then current year and assessed to the district and the aggrieved member in a proportion to be determined by the finding. If such finding shall result in an adjustment of the apportionment of the assessment to the town, such adjustment shall be made by the board in the next annual apportionment to be certified to the respective board of assessors.

SECTION 12. To meet the cost of construction, maintenance, and operation of the works authorized by this act, the district may file application for, or accept and use, any federal or state funds or any federal or state law, or accept and use any funds from other sources.

SECTION 13. At any time not less than eight years after the acceptance of this act by a member, said member may, after approval by two thirds of the qualified voters present and voting at any annual or special town meeting, notify the board of its desire to withdraw from the district. Such withdrawal shall become effective in not less than two years after receipt of such notice by the board. In the event of such withdrawal, the withdrawing member shall:

1. continue to pay annually to the district its share of the debt outstanding at the time of withdrawal, at the rate prevailing at the time of withdrawal, until its share of such debt shall be paid in full;
2. be allowed to purchase from the district such facilities as it may desire and which the board by majority vote may agree to sell; and

3. be reimbursed by the district for the fair value of the land used for such facilities as will remain under the jurisdiction of the district. Such reimbursement may be made in equal installments, with interest at three per cent, annually over the remaining life of the bonded debt outstanding at the time of withdrawal.

Value of any facilities involved in such purchase or reimbursement shall be determined in accordance with methods described in chapter seventy-nine of the General Laws.

SECTION 14. Upon the establishment of the district all employees of the participating towns whose employment is directly related to projects to be taken over by the district may be transferred to the district and shall continue to perform the same duties at a salary not less than theretofore and every employee so transferred who immediately prior to such transfer was subject to section nine A of chapter thirty or to chapter thirty-one of the General Laws under a permanent appointment and who has served a probationary period shall continue to serve subject to the provisions of said section nine A of said chapter thirty or to sections forty-three and forty-five of said chapter thirty-one, as the case may be, whether or not thereafter reclassified, and shall retain all rights to holidays, sick leave and vacations in effect on the effective date of this act; provided, that any person transferred who was not subject to said section nine A of said chapter thirty or said chapter thirty-one and persons who are appointed after the effective date of this act shall not be subject to said section nine A of said chapter thirty or to any provisions of said chapter thirty-one.

Every employee who upon transfer to the district is covered by the group insurance provided by chapter thirty-two A of the General Laws shall continue in uninterrupted coverage and all other employees of the district are hereby likewise made eligible for said group insurance to the same extent as if they were employees of the commonwealth; provided that the share of the cost of such insurance shall, with respect to the employees of the district, be borne by said district. The district shall forward its contribution, together with all amounts withheld from the salaries or wages of its employees as provided in paragraph (a) of section eight of said chapter thirty-two A and all amounts paid by an employee as provided in paragraph (b) of said section eight, to the state employees group insurance commission at such time and in such manner as said commission may prescribe.

Every employee who immediately prior to being transferred to the district by this section is a member of the retirement system of their town shall have their retirement rights transferred into the state retirement system. All other employees of the district shall be required to become members of the state retirement system in the same manner and subject to the same laws, rules and regulations as persons entering the employ of the commonwealth. The district shall deduct from the wages of its employees and pay over to the state retirement board such sums as the commonwealth or towns would deduct and pay over if such persons were an employee

of the commonwealth or city or town; and at such times as the commissioner of insurance shall from time to time prescribe, the district shall pay to the state retirement board such sums as said commissioner shall from time to time determine the town would be obliged to pay if such person were its employee, including accruals for prior service and accidental disability.

The district shall reimburse the commonwealth its proportionate share of any amounts expended by the commonwealth under the provisions of chapter thirty-two of the General Laws for retirement allowances to or on account of its employees.

Every person who immediately prior to being transferred to the district was subject to the provisions of sections fifty-six to sixty, inclusive, of chapter thirty-two of the General Laws shall continue subject to the provisions of said sections; provided, however, that the words "retiring authority", as used in said sections shall mean the board of said district; and provided further, that the amount of all retirement allowances payable under said sections by virtue of this act shall be paid by the district, and the town shall reimburse the district for its proportionate share of the amounts as paid. Upon the retirement of any such person under said sections fifty-six to sixty, inclusive, the town shall refund to the person so retired the amount of his accumulated deductions.

SECTION 15. This act may be submitted for approval at any annual or special town meeting of the towns eligible for membership as provided in section one. The question placed on the warrant of such meeting shall be in the form of the following question: — "Shall an act passed by the General Court in the year nineteen hundred and seventy-three entitled 'An Act establishing the Mumford River Valley Regional Refuse Disposal District', be accepted?" Such a vote shall be a standing vote of at least a majority of those present and voting. The provisions of this act may be adopted by a majority vote of those present in the affirmative.

The provisions of this act shall not take effect until acceptance by at least two towns. Additional towns may by the acceptance of the provisions of this act join as members of the Mumford River Valley Regional Refuse Disposal District as provided in section one.

The initial organization of the board representing the Mumford River Valley Regional Refuse Disposal District shall take place within one hundred and eighty days after said required acceptance. If the board does not organize itself and form the district within one hundred and eighty days, the action of any town meeting accepting the provisions of this act shall be null and void.

SECTION 16. Nothing contained in this act shall be interpreted to authorize the board to construct, operate or maintain the local refuse collection system of each town in the district.

Approved August 14, 1973.

Chap. 629. AN ACT RELATIVE TO TAKING POSSESSION OF
COLLATERAL AND DEFICIENCY JUDGMENTS.

Be it enacted, etc., as follows:

SECTION 1. Chapter 255 of the General Laws is hereby amended by striking out sections 13I and 13J, inserted by chapter 822 of the acts of 1967, and inserting in place thereof the following two sections: —

Section 13I. (a) In any consumer credit transaction involving a loan that is secured by a non-possessory security interest in consumer goods a provision relating to default is enforceable only to the extent that the default is material and consists of the debtor's failure to make one or more payments as required by the agreement, or the occurrence of an event which substantially impairs the value of the collateral.

(b) After a default under a consumer credit transaction by a debtor the secured creditor may not bring an action against the debtor or proceed against the collateral until he gives the debtor the notice required by this section. Said notice shall be deemed to be delivered when delivered to the debtor or when mailed to the debtor at the debtor's address last known to the creditor. If a debtor cures a default after receiving such notice and again defaults, the creditor shall give another notice before bringing action or proceeding against the collateral with respect to the subsequent default, but no notice is required in connection with a subsequent default if, within the period commencing on the date of the consumer credit transaction subject to this section and the date of the subsequent default, the debtor has cured a default after notice three or more times.

(c) The notice shall be in writing and shall be given to the debtor ten days or more after the default. The notice shall conspicuously state the rights of the debtor upon default in substantially the following form: —

The heading shall read: — "Rights of Defaulting Debtor under Massachusetts Law." The body of the notice shall read: — "You may cure your default in (describe transaction in a manner enabling debtor to identify it) by paying to (name and address of creditor) (amount due) before (date which is at least twenty-one days after notice is mailed). If you pay this amount within the time allowed you are no longer in default and may continue with the transaction as though no default had occurred.

If you do not cure your default by the date stated above, the said creditor may sue you to obtain a judgment for the amount of the debt or may take possession of the collateral.

If the said creditor takes possession of the collateral, you may get it back by paying the full amount of your debt plus any reasonable expenses incurred by the said creditor if you make the required payment within twenty days after he takes possession."

(d) During the twenty-one day period after delivery of the notice required by this section the creditor may not because of that

default accelerate the unpaid balance of the obligation, bring action against the debtor, or proceed against the collateral.

(e) Unless the secured creditor has first notified the debtor that he has elected to accelerate the unpaid balance of the obligation because of default, brought action against the debtor, or proceeded against the collateral, the debtor may cure a default consisting of a failure to pay money by tendering the amount of all unpaid sums due at the time of tender, without acceleration, plus any unpaid delinquency or deferral charges. Cure shall restore the debtor to his rights under the agreement as though the defaults cured have not occurred, subject to the provisions of subsection (b):

Section 13J. (a) Subject to the provisions of this section a secured creditor under a consumer credit transaction may take possession of collateral. In taking possession the secured creditor under a consumer credit transaction may proceed without a prior hearing only if the default is material and consists of the debtor's failure to make one or more payments as required by the agreement or the occurrence of an event which substantially impairs the value of the collateral, and only if possession can be obtained without use of force, without a breach of peace and, unless the debtor consents to an entry, at the time of such entry, without entry upon property owned by, or rented to the debtor.

(b) Except as provided in subsection (a) a creditor under a consumer credit transaction may proceed against collateral only after a prior hearing. In any proceeding where possession of the collateral is part of the relief sought by a creditor no court shall allow a secured creditor to take possession of collateral until the right of the creditor to take possession has been determined at a hearing at which the debtor has an opportunity to be heard, having been notified in writing of such hearing at least seven days in advance thereof.

(c) The debtor under a secured consumer credit transaction may redeem the collateral from the creditor at any time within twenty days of the creditor's taking possession of the collateral, or thereafter until the creditor has either disposed of the collateral, entered into a contract for its disposition, or gained the right to retain the collateral.

(d) The creditor may after gaining possession sell or otherwise dispose of the collateral. Unless displaced by the provisions of this section and section thirteen I, the rights and obligations of the parties, including redemption and disposition of the collateral shall be governed by the provisions of Part 5 of Article 9 of the Uniform Commercial Code. If, in connection with a consumer credit transaction which involves an unpaid balance of two thousand dollars or less and which is at the time of default secured by a non-possessory security interest in consumer goods, the creditor takes possession of or accepts surrender of the collateral, the debtor shall not be liable for any deficiency. If the agreement between the creditor and debtor provides that the debtor is to obtain insurance protecting the collateral against fire, theft, collision or other hazards and

naming the creditor as loss payee and if, prior to the repossession or surrender of the collateral, loss or damage occurs which would give rise to insurance proceeds under the terms of the policy in force, then nothing in this section shall be deemed to limit the creditor's rights to so much of the insurance proceeds as does not exceed the fair market value of the collateral existing just prior to the loss or damage and, if insurance as required by the agreement is not in force at the time of the loss or damage, nothing in this section shall be deemed to limit the creditor's rights in proceeding against any third party who is responsible for the loss or damage in the name of the debtor or otherwise. For the purposes of this section the unpaid balance of a consumer credit transaction shall be that amount which the debtor would have been required to pay upon prepayment.

(e) (1) If the unpaid balance of the consumer credit transaction at the time of default was two thousand dollars or more the creditor shall be entitled to recover from the debtor the deficiency, if any, resulting from deducting the fair market value of the collateral from the unpaid balance due and shall also be entitled to any reasonable repossession and storage costs, provided he has complied with all provisions of this section.

(2) In a proceeding for a deficiency the fair market value of the collateral shall be a question for the court to determine. Periodically published trade estimates of the retail value of goods shall, to the extent they are recognized in the particular trade or business, be presumed to be the fair market value of the collateral.

SECTION 2. Chapter 255B of the General Laws is hereby amended by striking out section 20A, as most recently amended by section 3 of chapter 464 of the acts of 1967, and inserting in place thereof the following section: —

Section 20A. (a) An agreement of the parties in a retail installment contract defining default is enforceable only to the extent that the default is material and consists of the buyer's failure to make one or more installments as required by the agreement; or the occurrence of an event which substantially impairs the value of the collateral.

(b) After a default by a buyer under a consumer credit transaction, the secured creditor may not bring an action against the buyer or proceed against the collateral until he gives the buyer the notice described in this section. The notice so required shall be deemed to be delivered when delivered to the debtor or when mailed to the debtor at the debtor's address last known to the creditor. If a buyer cures a default after receiving notice and again defaults, the creditor shall give another notice before bringing an action or proceeding against the collateral with respect to the subsequent default, but no notice is required in connection with a subsequent default if, within the period commencing on the date of the consumer credit transaction subject to this section and the date of the subsequent default, the debtor has cured a default after notice three or more times.

(c) The notice shall be in writing and shall be given to the buyer ten days or more after the default. The notice shall conspicuously state the rights of the buyer upon default in substantially the following form: —

The heading shall read: — “Rights of Defaulting Buyer under the Massachusetts Motor Vehicle Installment Sales Act.” The body of the notice shall read: — “You may cure your default in (describe transaction in a manner enabling buyer to identify it) by paying to (name and address of creditor) (amount due) before (date which is at twenty-one days after notice is mailed). If you pay this amount within the time allowed, you are no longer in default and may continue on with the transaction as though no default had occurred.

If you do not cure your default by the date stated above, the said creditor may sue you to obtain a judgment for the amount of the debt or, if applicable, may take possession of the collateral.

If the creditor takes possession of the collateral, if any, you may get it back by paying the full amount of your debt plus any reasonable expenses incurred by the said creditor if you make the required payment within twenty days after he takes possession.”

(d) During the twenty-one day period after delivery of the notice required by this section the creditor may not because of that default accelerate the unpaid balance of the obligation, bring action against the buyer, or proceed against the collateral.

(e) Unless the secured creditor has first notified the buyer that he has elected to accelerate the unpaid balance of the obligation because of default, brought action against the buyer, or proceeded against the collateral, the buyer may cure a default consisting of a failure to pay money by tendering the amount of all unpaid sums due at the time of tender, without acceleration, plus any unpaid delinquency or deferral charges. Such a cure shall restore the buyer to his rights under the agreement as though the defaults had not occurred subject to the provisions of subsection (b).

SECTION 3. Said chapter 255B is hereby further amended by striking out section 20B, inserted by section 3 of chapter 284 of the acts of 1966, and inserting in place thereof the following section: —

Section 20B. (a) Subject to the provisions of this section and section 20A a secured creditor under a consumer credit transaction may take possession of collateral. In taking possession the secured creditor under a consumer credit transaction may proceed without a prior hearing only if the default is material and consists of the debtors failure to make one or more payments as required by the agreement or the occurrence of an event which substantially impairs the value of the collateral and only if possession can be obtained without use of force, without breach of peace and unless the debtor consents to an entry, at the time of such entry, without entry on property owned by or rented to the debtor.

(b) Except as provided in subsection (a) a creditor under a consumer credit transaction may proceed against collateral only

after a prior hearing. In any proceeding where possession of the collateral is part of the relief sought by a holder no court shall allow a secured creditor to take possession of collateral until the right of the creditor to take possession has been determined at a hearing at which the buyer has an opportunity to be heard having been notified in writing of said hearing at least seven days in advance thereof.

(c) The buyer under a secured consumer credit transaction may redeem the collateral from the holder at any time within twenty days of the creditor's taking possession of the collateral, or thereafter until the creditor has either disposed of the collateral, entered into a contract for its disposition, or gained the right to retain the collateral in satisfaction of the buyer's obligation.

(d) The creditor may after gaining possession sell or otherwise dispose of the collateral. Unless displaced by the provisions of this section and section twenty A the rights and obligations of the parties, including the redemption and disposition of the collateral shall be governed by the provisions of Part 5 of Article 9 of the Uniform Commercial Code. If, in connection with a consumer credit transaction which involves an unpaid balance of two thousand dollars or less and which is at the time of default secured by a non-possessory security interest in consumer goods, the creditor takes possession of or accepts surrender of the collateral, the debtor shall not be liable for any deficiency. If the agreement between the creditor and debtor provides that the debtor is to obtain insurance protecting the collateral against fire, theft, collision or other hazards and naming the creditor as loss payee and if, prior to the repossession or surrender of the collateral, loss or damage occurs which would give rise to insurance proceeds under the terms of the policy in force, then nothing in this section shall be deemed to limit the creditor's rights to so much of the insurance proceeds as does not exceed the fair market value of the collateral existing just prior to the loss or damage and, if insurance as required by the agreement is not in force at the time of the loss or damage, nothing in this section shall be deemed to limit the creditor's rights in proceeding against any third party who is responsible for the loss or damage in the name of the debtor or otherwise. For the purposes of this section the unpaid balance of a consumer credit transaction shall be that amount which the debtor would have been required to pay upon prepayment.

(e) (1) If the unpaid balance of the consumer credit transaction at the time of default was two thousand dollars or more the creditor shall be entitled to recover from the debtor the deficiency, if any, resulting from deducting the fair market value of the collateral from the unpaid balance due and shall also be entitled to any reasonable repossession and storage costs, provided he has complied with all provisions of this section.

(2) In a proceeding for a deficiency the fair market value of the collateral shall be a question for the court to determine. Periodically published trade estimates of the retail value of goods shall,

to the extent they are recognized in the particular trade or business, be presumed to be the fair market value of the collateral.

SECTION 4. Chapter 255D of the General Laws is hereby amended by striking out section 21, as most recently amended by section 46 of chapter 517 of the acts of 1969, and inserting in place thereof the following section: —

Section 21. (a) An agreement of the parties in a retail installment contract defining default is enforceable only to the extent that the default is material and consists of the buyer's failure to make one or more installments as required by the agreement; or occurrence of an event which substantially impairs the value of the collateral.

(b) After a default by a buyer under a consumer credit transaction, the secured creditor may not bring an action against the buyer or proceed against the collateral until he gives the buyer the notice described in this section. The notice so required shall be deemed to be delivered when delivered to the debtor or when mailed to the debtor at the debtor's address last known to the creditor. If a buyer cures a default after receiving notice and again defaults, the creditor shall give another notice before bringing an action or proceeding against the collateral with respect to the subsequent default, but no notice is required in connection with a subsequent default, if within the period commencing on the date of the consumer credit transaction subject to this section and the date of the subsequent default, the debtor has cured a default after three or more times.

(c) The notice shall be in writing and shall be given to the buyer ten days or more after the default. The notice shall conspicuously state the rights of the buyer upon default in substantially the following form: —

The heading shall read: — "Rights of Defaulting Buyer Under the Massachusetts Retail Installment Sales Act." The body of the notice shall read: — "You may cure your default in (describe transaction in a manner enabling buyer to identify it) by paying to (name and address of creditor) (amount due) before (date which is at least twenty-one days after notice is mailed). If you pay this amount within the time allowed, you are no longer in default and may continue on with the transaction as though no default had occurred.

If you do not cure your default by the date shown above, the said creditor may sue you to obtain a judgment for the amount of the debt or, if applicable, may take possession of the collateral.

If the said creditor takes possession of the collateral, if any, you may get it back by paying the full amount of your debt plus any reasonable expenses incurred by the said creditor if you make the required payment within twenty days after he takes possession."

(d) During the twenty-one day period after a delivery of the notice required by this section the holder may not because of that default accelerate the unpaid balance of the obligation, bring action against the buyer, or proceed against the collateral.

(e) Unless the secured creditor has first notified the buyer that he has elected to accelerate the unpaid balance of the obligation because of default, brought action against the buyer, or proceeded against the collateral, the buyer may cure a default consisting of a failure to pay money by tendering the amount of all unpaid sums due at the time of tender, without acceleration, plus any unpaid delinquency or deferral charges. Cure shall restore the buyer to his rights under the agreement as though the defaults cured had not occurred subject to the provisions of subsection (b).

SECTION 5. Said chapter 255D is hereby further amended by striking out section 22 as appearing in section 1 of chapter 284 of the acts of 1966, and inserting in place thereof the following section: —

Section 22. (a) Subject to the provisions of this section and section twenty-one, on default by the buyer a secured creditor under a consumer credit transaction may take possession of collateral. In taking possession the secured creditor under a consumer credit transaction may proceed without a prior hearing only if the default is material and consists of the debtors failure to make one or more payments as required by the agreement or the occurrence of an event which substantially impairs the value of the collateral, and only if possession can be obtained without use of force, without breach of peace and unless the debtor consents to an entry, at the time of such entry, without entry on property owned by or rented to the debtor.

(b) Except as provided in subsection (a) a creditor under a consumer credit transaction may proceed against collateral only after a prior hearing. (c) The buyer under a secured consumer credit transaction may redeem the collateral from the holder at any time within twenty days of the creditor's taking possession of the collateral, or thereafter until the creditor has either disposed of the collateral, entered into a contract for its disposition, or gained the right to retain the collateral in satisfaction of the buyer's obligation.

(d) The creditor may after gaining possession sell or otherwise dispose of the collateral. Unless displaced by the provisions of this section and section twenty-one the rights and obligations of the parties, including redemption and disposition of the collateral shall be governed by the provisions of Part 5 of Article 9 of the Uniform Commercial Code. If, in connection with a consumer credit transaction which involves an unpaid balance of one thousand dollars or less and which is at the time of default secured by a non-possessory security interest in consumer goods, the creditor takes possession of or accepts surrender of the collateral, the debtor shall not be liable for any deficiency. If the agreement between the

creditor and debtor provides that the debtor is to obtain insurance protecting the collateral against fire, theft, collision or other hazards and naming the creditor as loss payee and if, prior to the repossession or surrender of the collateral, loss or damage occurs which would give rise to insurance proceeds under the terms of the policy in force, then nothing in this section shall be deemed to limit the creditor's rights to so much of the insurance proceeds as does not exceed the fair market value of the collateral existing just prior to the loss or damage and, if insurance as required by the agreement is not in force at the time of the loss or damage, nothing in this section shall be deemed to limit the creditor's rights in proceeding against any third who is responsible for the loss or damage in the name of the debtor or otherwise. (2) In a proceeding for a deficiency the fair market value of the collateral shall be a question for the court to determine. (c) That the interests of the customer, his estate and the beneficiaries under any will or instrument creating a trust may at times be in conflict with the interests of the named fiduciary or fiduciaries.

(d) That the officers and employees of a trust company may not engage in the practice of law, which includes the preparation of documents described in clause (b), and may not appear for the customer or his estate before the courts; and that many persons in the employ of the trust company contribute to the management and servicing of fiduciary accounts, and that personnel of a trust company will change with the passage of time.

(e) That if the customer desires to have a trust company act as guardian or conservator, a petition for appointment of a trust company must be prepared and presented to the probate court by an attorney at law, and that the trust company cannot act as guardian of the person but only of the estate.

(f) That, with regard to charges and fees, the fiduciary shall furnish to the customer a statement of all charges, currently applicable, which such prospective fiduciary makes for the services to be performed in its capacity as such fiduciary, and that such charges may be subject to change in the future; a statement setting forth in reasonable detail what services, under conditions existing at the time, will be rendered for the fee described; a statement that legal services, whether performed by an independent attorney or performed by the fiduciary in his capacity as an attorney, are payable in addition to the compensation of the fiduciary; and a statement as to whether the existence of one or more co-fiduciaries will increase the total compensation payable from the account.

(g) That, with regard to investments, the fiduciary shall, if it is contemplated that any part of the customer's estate will be invested in any common or pooled fund operated by the fiduciary, furnish to the customer a copy of the most recent audited published report of such fund, and if such is not available, a copy of the following information on such fund: the history and purpose of the fund; the investment policy and investments permitted; the

Any excess of such net capital loss shall be applied to reduce the net capital gain of the taxpayer and one thousand dollars of interest and dividends taxable under this subsection in each of the five succeeding taxable years to the extent that such amount exceeds the total of any net capital gain and one thousand dollars of interest and dividends taxable under this subsection of any taxable year intervening between the taxable year in which the net capital loss arose and such succeeding taxable year.

(d) Part B adjusted gross income shall be the Part B gross income less the deductions allowable under sections sixty-two and four hundred and four, without regard to section two hundred and sixty-five, of the Code, provided, however, the following deductions shall not be allowed: —

(1) The deduction for long-term capital gains allowed by section one thousand two hundred and two of the Code.

(5) Any deduction relating or allocable to any income not includable in Massachusetts gross income, or a proportionate part of any deduction which is in part so relating or allocable.

(6) Any net operating loss deduction allowed by section one hundred and seventy-two of the Code.

(e) The Part A taxable income shall be the Part A adjusted gross income less the deductions and exemptions allowable under Part A of section three.

Section 3. A. In determining the Part A taxable income, the Part A adjusted gross income shall be reduced by the following deductions and exemptions.

(a) There shall be deducted from the Part A Adjusted gross income in determining the Part A taxable income: —

(1) Such net amount of the Part A adjusted gross income of trustees or other fiduciaries subject to taxation under sections nine or ten as is payable to or accumulated for persons not inhabitants of the commonwealth to the extent that such income would not be subject to taxation under section five A if received by a non-resident.

(2) Such net amount of the Part A adjusted gross income of trustees, executors or administrators as is pursuant to the terms of the will, deed or other instrument governing the estate or trust currently payable to or irrevocably set aside for public charitable purposes, or to or for the benefit of any organization or organizations established and operated exclusively for charitable purposes.

(b) An exemption shall be allowed under this section equal to the amount by which the total exemptions allowable under Part B of section three exceed the Part B adjusted gross income less the deductions allowable under paragraph (a) of Part B of section three. No exemption shall be allowed hereunder to any married person unless a joint return is filed.

B. In determining the Part B taxable income, the Part B adjusted gross income shall be reduced by the following deductions and exemptions:

(a) There shall be deducted from the Part B adjusted gross income in determining the Part B taxable income:

(1) Such net amount of the Part B adjusted gross income of trustees or other fiduciaries subject to taxation under sections nine or ten as is payable to or accumulated for persons not inhabitants

(2) Such net amount of the Part B adjusted gross income of trustees, executors or administrators as is pursuant to the terms of the will, deed or other instrument governing the estate or trust currently payable to or irrevocably set aside for public charitable purposes, or to or for the benefit of any organization or organizations established and operated exclusively for charitable purposes.

(3) Taxes paid to the United States under the provisions of the Federal Insurance Contributions Act or the Federal Railroad Retirement Act.

(4) All sums deducted from wages as contributions to an annuity, pension, endowment or retirement fund of the United States government, the commonwealth or any political subdivision thereof, and any income from any contributory annuity, pension, endowment or retirement fund of the United States government or the commonwealth or any political subdivision thereof, to which the employee has contributed, or any income from a contributory annuity, pension, endowment or retirement fund of any other state or any political subdivision thereof, provided that income from any such similar fund established under the laws of the commonwealth is not subject to taxation in such other state or political subdivision.

(5) All amounts deductible as alimony under section two hundred and fifteen of the Code.

(6) Interests and dividends in the amount of one hundred dollars for a single person or a married person filing a separate return or two hundred dollars for a husband and wife filing a joint return from savings deposits, savings accounts, shares or share savings accounts included in Part B gross income.

(b) The following exemptions shall be allowable to individuals against the Part B income:

(1) In the case of a single person,

(A) a personal exemption of two thousand dollars,

(B) an additional exemption of two thousand dollars if the taxpayer was totally blind at the close of his taxable year, and

(C) an additional exemption of six hundred dollars if the taxpayer had attained the age of sixty-five before the close of his taxable year.

(2) In the case of a husband and wife filing a joint return,

(A) a personal exemption of two thousand dollars and an amount, not exceeding two thousand dollars, equal to the earned income included in Part B gross income of the spouse having the smaller amount of such income; and an additional exemption of six hundred dollars for the spouse having the smaller amount of such income, provided that the total of such income of such spouse for the calendar year in which the taxable year of the taxpayer began did not exceed two thousand dollars. "Earned income", as used herein, shall mean salary, wages, other employee compensation, self-employment income and any amount received as a pension or

annuity to the extent includable in earned income as defined under section nine hundred and eleven (b) of the Code.

(B) an additional exemption of two thousand dollars for each spouse who was totally blind at the close of his taxable year, and

(C) an additional exemption of six hundred dollars for each spouse who had attained the age of sixty-five before the close of his taxable year.

(3) In the case of a married person filing a separate return,

(A) a personal exemption of one thousand dollars,

(B) an additional exemption of two thousand dollars if the taxpayer was totally blind at the close of his taxable year, and

(C) an additional exemption of six hundred dollars if the taxpayer had attained the age of sixty-five before the close of his taxable year.

(4) An exemption of six hundred dollars for each individual who qualifies for exemption as a dependent under section one hundred and fifty-one (e) of the Code.

(5) An amount equal to the deduction for medical, dental and other expenses allowed under section two hundred and thirteen of the Code. No exemption shall be allowable under this paragraph to an individual who elects the standard deduction under section one hundred and forty-one of the Code on his federal income tax return or to one who files a joint federal income tax return with his spouse unless a joint return is also filed under this chapter.

(6) An amount equal to the fees, in excess of three per cent of the Part B adjusted gross income paid within the taxable year to any agency licensed to place children for adoption by the taxpayer on account of the adoption of a minor child.

(c) Except as hereinafter provided for a non-resident, if the taxable year of any person subject to tax under this chapter is a short taxable year, and such short taxable year is not due to the death of such person, any exemption under paragraph (b) of this section shall be limited to an amount equal to the exemption otherwise allowable by this section multiplied by a fraction the numerator of which is the number of days in the taxable year and the denominator of which is three hundred and sixty-five. If a taxpayer is a non-resident for all or any part of a taxable year, he shall be allowed exemptions under this section equal to the amount otherwise determined under this section multiplied by a fraction the numerator of which is his Massachusetts gross income and the denominator of which is the amount which would have been his Massachusetts gross income had he been a resident of the commonwealth throughout the taxable year.

Section 4. Residents shall be taxed on their taxable income, non-residents shall be taxed, to the extent specified in section five A on their taxable income, and corporate trusts shall be taxed to the extent specified in section eight on their taxable income, as follows:

(a) Part A taxable income shall be taxed at the rate of nine per cent.

(b) Part B taxable income shall be taxed at the rate of five

per cent.

Section 5. (a) Notwithstanding the provisions of section four, Part A taxable income and Part B taxable income shall be exempt from all taxes imposed by this chapter if the total income of the taxable year does not exceed three thousand dollars for a single individual or five thousand dollars in the aggregate for a husband and wife. No tax shall be imposed under this chapter which shall reduce such total income below three thousand dollars and five thousand dollars respectively. No exemption shall be allowed under this section to any married individual unless a joint return is filed. In the case of a short taxable year, occurring for any reason other than residence during one portion of the normal taxable year and non-residence during another portion, there shall be substituted for the amounts of three thousand dollars and five thousand dollars those amounts which bear the same relation to such sums as the number of days in the taxable year bears to three hundred and sixty-five. For purposes of this section, "total income" means the sum of (i) the Part A adjusted gross income, (ii) the Part B adjusted gross income, (iii) the amount deducted under subparagraphs (A) and (C) of section two (a) (2), and (iv) interest on governmental obligations excluded under section one hundred and three of the Code to the extent not includable in Massachusetts gross income under section two (a) (1) (A). With respect to a person who is a non-resident for all or part of the taxable year, total income shall be determined as if he were a resident of the commonwealth throughout the entire taxable year.

(b) Notwithstanding any other provision of this chapter, no tax shall be imposed under this chapter upon any stock bonus, pension or profit-sharing trust qualifying under section four hundred and one of the Code.

Section 5A. (a) The amount of the Part A taxable income and the Part B taxable income of any non-resident of the commonwealth derived from the Massachusetts gross income of such person shall be taxed in accordance with the provisions of section four. The Massachusetts gross income shall be determined solely with respect to items of gross income from sources within the commonwealth of such person and in determining the adjusted gross income of each Part only those deductions shall be allowed which are attributable to items included in Massachusetts gross income as so determined. Items of gross income from sources within the commonwealth are items of gross income derived from or effectively connected with any trade or business, including employment carried on by the taxpayer in the commonwealth or derived from the ownership of any interest in real or tangible personal property located in the commonwealth. In computing the taxable income of each Part, the non-resident shall be allowed the deduction and exemptions provided as to each Part in section three.

(b) The commission shall adopt regulations providing for the method of determining the items and amounts of Massachusetts gross income derived from sources within the commonwealth by a

non-resident, based upon the method set forth in section thirty-eight of chapter sixty-three or upon any other reasonable method.

(c) In applying this section, the compensation paid by the United States to its uniformed military personnel assigned to duty at military posts, bases or stations within the commonwealth for services rendered by said personnel while on active duty, shall be deemed to be from sources other than sources within the commonwealth.

Section 6. The following credits shall be allowed against the tax imposed by this chapter:

(a) A credit shall be allowed against taxes imposed by this chapter to a resident for taxes due any other state, territory or possession of the United States, or the Dominion of Canada or any of its provinces on account of any item of Massachusetts gross income subject to the following restrictions and limitations: (i) the amount of such taxes due on such income shall exclude interest and penalties; (ii) the amount of such taxes due shall be reduced by any federal credit therefor allowable on the resident's federal income tax return; and (iii) the amount of the credit allowable shall be the lesser of such taxes as reduced by (i) and (ii), or the amount of tax imposed by this chapter multiplied by a fraction the numerator of which is such item of Massachusetts Part A or Part B gross income and the denominator of which is the total Massachusetts Part A or Part B gross income, as the case may be.

(b) (1) Every qualified taxpayer, as defined in paragraph three of this subsection, shall be entitled to a credit of four dollars for himself, four dollars for his spouse, if any, and eight dollars for each qualified dependent, as hereinafter defined, provided, however, that no such credit shall be allowable if the total income of such individual and his spouse, as defined in paragraph (a) of section five, exceeds five thousand dollars for such year. No such credit shall be allowable to a married individual unless a joint return is filed. If the tax due as shown by the return of any individual is less than the total amount of the credits which he is entitled to claim pursuant to this paragraph, such individual shall be entitled to a refund in the amount of the excess of the credits over the tax otherwise due.

(2) Any individual entitled to claim any credit pursuant to paragraph one of this subsection and not otherwise required to file a return under this chapter may obtain a refund in the amount of such credit by filing a return and claiming a refund. Any refund to which an individual is entitled under the provisions of this paragraph shall be made in the same manner as other refunds under this chapter. No refund or credit shall be allowed pursuant to this paragraph unless such credit or refund is claimed on a return filed on or before the fifteenth day of the fourth month following the close of the taxable year or within any extension of time granted for filing such return.

(3) As used in this subsection, the term "qualified taxpayer" means an individual who was an inhabitant of the commonwealth

for not less than six months during the preceding calendar year, and who was not a person whom another taxpayer was entitled to claim as a dependent under Part B of section three, and the term "qualified dependent" means an individual other than a spouse whom a qualified taxpayer was entitled to claim as a dependent under said Part B of section three.

Section 7. (a) In determining Massachusetts gross income, if the federal gross income includes any item of gain or has been reduced by any item of loss, with respect to property, then the federal gross income shall be increased by the excess of the federal adjusted basis of such property over the Massachusetts adjusted basis thereof; and shall be decreased by the excess of the Massachusetts adjusted basis of such property over the federal adjusted basis thereof.

(b) The Massachusetts adjusted basis of property shall be the Massachusetts initial basis determined under paragraph *(c)* of this section, adjusted as provided in paragraphs *(d)* and *(e)* of this section.

(c) (1) The Massachusetts initial basis of property held on December thirty-first, nineteen hundred and seventy shall be determined as follows:

(A) In the case of property as to which, if it had been sold on December thirty-first, nineteen hundred and seventy in the course of business, a gain realized on such sale would have been taxable under this chapter to its then owner:

(i) the Massachusetts initial basis shall, for purposes of computing gain, be its adjusted basis as computed under this chapter as in effect on December thirty-first, nineteen hundred and seventy, and

(ii) the Massachusetts initial basis shall, for the purpose of computing loss, be the lower of the basis computed under the clause *(i)* of this subparagraph or the federal adjusted basis for the determination of loss as of such date.

(B) In the case of any other property the Massachusetts initial basis shall be its federal adjusted basis on such date, determined without regard to any federal adjustment made under section one thousand and fifteen *(d)* of the Code.

(2) The Massachusetts initial basis of property acquired after December thirty-first, nineteen hundred and seventy shall be determined as follows:

(A) If the taxpayer's federal basis of the property at acquisition is determined without regard to the basis of such property in the hands of the transferor or of other property in the hands of the transferee, hereinafter called the "basis of prior property", the Massachusetts initial basis shall be the such federal basis, determined without regard to any federal adjustment made under section one thousand and fifteen *(d)* of the Code.

(B) If such federal basis is determined in whole or in part by application of the basis of prior property, and

(i) if no item of gain is includable in federal gross income and federal gross income has not been reduced by any item of loss, with respect to the transaction, the Massachusetts initial basis shall be

the initial federal basis, increased by the excess of the Massachusetts adjusted basis over the federal adjusted basis of prior property, or decreased by the excess of the federal adjusted basis over the Massachusetts adjusted basis of prior property, or

(ii) otherwise, the Massachusetts initial basis shall be the initial federal basis of the acquired property.

(d) (1) The Massachusetts initial basis of property shall be adjusted by applying the same adjustments as are made to the federal basis for periods after determination of the initial basis, except that the federal adjustments specified in subparagraphs (2), (3), (4) and (5) of this paragraph shall not be taken into account.

(2) In determining adjustments to the Massachusetts basis of any bond or other evidence of indebtedness the income from which is included in federal gross income but excluded from Massachusetts gross income there shall be disregarded any federal adjustment to basis under subsection one thousand two hundred and thirty-two (a) (3) (E) of the Code.

(3) In determining adjustments to the Massachusetts basis of property there shall be disregarded any federal adjustment to basis under subsection one thousand three hundred and seventy-six of the Code, and any federal adjustment to basis under section three hundred and one (c) of the Code with respect to distributions under subsection one thousand three hundred and seventy-five (d) of the Code.

(4) In determining adjustments to the Massachusetts basis of property there shall be disregarded any federal adjustment under section one thousand and sixteen (a) (6) of the Code to the extent relating to any municipal bond the interest from which is includable in Massachusetts gross income.

(5) In determining adjustments to the Massachusetts basis of property and in determining the Massachusetts initial basis of property there shall be disregarded, and the federal basis shall be modified to the extent necessary to disregard, any federal adjustment under section one thousand and fifteen (d) of the Code.

(e) The rules prescribed in this section shall apply to non-residents; except that if any non-resident has owned any items of property during a period when the income or gains from such item were not subject to taxation under this chapter, and if the income or gains from such item subsequently became or become subject to taxation under this chapter, then the special limitations of subparagraphs (2), (3), and (4) of paragraph (d) of this section shall not apply as to such period.

Section 8. (a) A corporate trust engaged within the commonwealth in any business, activity or transaction, whether or not it maintains an office or place of business within the commonwealth, shall be subject to the taxes imposed by this chapter.

The Massachusetts adjusted gross income of such corporate trust shall be redetermined as if it were a resident natural person, provided, however, that for purposes of any determination involving sections three hundred and fifty-one through three hundred and

sixty-eight of the Code any corporate trust shall be treated as a corporation. No deductions or exemptions allowable under sections three A or three B of this chapter shall be allowed to a corporate trust. The taxable income of each Part shall be the Massachusetts adjusted gross income of such Part apportioned to Massachusetts in accordance with section thirty-eight of chapter sixty-three.

(b) The provisions of paragraph (a) shall not apply to any corporate trust which (i) is a regulated investment company under section eight hundred and fifty-one of the Code or a real estate investment trust under section eight hundred and fifty-six of the Code; (ii) is a holding company as hereinafter defined; or (iii) its apportionment percentage for apportioning its Massachusetts adjusted gross income under paragraph (a) of this section is less than ten per cent. As used in this paragraph, the term "holding company" means any corporate trust in which ninety per cent of the book value of its assets, at the end of the taxable year, are securities and at least seventy-five per cent of such securities are issued by affiliates and at least ninety per cent of its Massachusetts gross income is Part A gross income; the word "affiliate" means a member of an affiliated group as defined under section one thousand five hundred and four of the Code; and the word "securities" means transferable shares of beneficial interest in any corporation or other entity, bonds or debentures of any issuer or notes and other evidences of indebtedness of affiliates.

(c) Dividends on shares of any corporate trust subject to taxation under this chapter shall be exempt from taxation except as hereinafter provided. Any earnings and profits accumulated prior to taxable years commencing after December thirty-first, nineteen hundred and seventy, and during a period, if any, that such corporate trust was not subject to taxation under this chapter solely by reason of the fact that it had elected not to file with the commissioner an agreement to pay a tax shall be considered tax-free earnings and profits and the amount thereof shall be determined as of the first day of the first taxable year commencing after December thirty-first, nineteen hundred and seventy. Any earnings and profits accumulated for taxable years commencing after December thirty-first, nineteen hundred and seventy, to the extent that such earnings and profits were not subject to tax under this chapter, shall also be considered tax-free earnings and profits. Notwithstanding any other provision of this chapter, dividends paid by any corporate trust at any time while it has tax-free earnings and profits, as so determined, shall be deemed to have been made from such tax-free earnings and profits to the extent thereof; and any such dividends deemed to have been made from tax-free earnings and profits shall be includable in Massachusetts gross income, and the deduction provided for in section two (a) (2) (D) shall not apply to such dividends. Except for dividends paid from tax-free earnings and profits, all such dividends shall be exempt from taxation.

SECTION 7. Section 22 of said chapter 62, as most recently amended by section 13 of said chapter 555, is hereby further amended by inserting after the word "year", in line 2, the word: — Massachusetts, — and inserting after the word "whose", in line 14, the word: — Massachusetts.

(1) is treated for federal income tax purposes under sections four hundred and fifty-three (a) or (b) of the Code, and

(2) would, but for the application of section four hundred and fifty-three of the Code, result in an item of Massachusetts gross income for the taxable year of the transaction.

(b) In the case of any person having an installment transaction for a taxable year, the federal gross income of such taxable year shall be modified for the purpose of applying section two as follows:

(1) the federal gross income shall be increased by the excess of the federal adjusted basis of the property disposed of in the transaction over the Massachusetts adjusted basis of such property, or, if there is more than one such transaction by the sum of all such excesses; and

(2) the federal gross income shall be decreased by the excess of the Massachusetts adjusted basis of the property disposed of in the transaction over the federal adjusted basis of such property, or, if there is more than one such transaction, by the same of all such excesses.

Once made election shall not be revoked without the consent of the commissioner. In the case of a person having an installment transaction treated under section four hundred and fifty-three (a) of the Code such election shall apply to the taxable year and to all subsequent taxable years, unless the commissioner consents to a new election for any taxable year and all subsequent taxable years.

(d) If installment transaction treatment under this paragraph is elected for any taxable year no further modifications with respect to installment transactions of such taxable year shall be made to federal gross income by determining Massachusetts gross income for such taxable year or for any subsequent taxable year of any person. There shall be computed the excess, if any, of the tax which would have been imposed under this chapter for the taxable year had the method of paragraph (e) of this section been elected over the tax actually imposed by this chapter for such taxable year. The person making the election shall deposit with the commissioner security, in a form satisfactory to the commissioner, in an amount equal to such excess for the payment of future taxes under this chapter. When all federal gross income to be included with respect to installment transactions of such taxable year has been included in federal gross income, and all resulting taxes have been paid to the com-

All items of federal gross income arising from such installment transactions shall be deemed to be income from sources within the commonwealth.

(e) If installment transaction treatment under this paragraph is elected for any taxable year the federal gross income of such taxable year shall be further modified, for the purpose of applying section two by eliminating the effect of the treatment under section four hundred and fifty-three of the Code of all installment transactions of such taxable year. For each subsequent taxable year as to which an item of federal gross income is includable by any person with respect to such an installment transaction, the federal gross income of such person shall be modified, for purposes of applying section two, by reducing federal gross income by the sum of all such items.

If any provision, section or subsection of this act or the application thereof shall be held to be invalid or unconstitutional by any court of competent jurisdiction, such invalidity or unconstitutionality shall not be construed to affect the validity or constitutionality of any of the remaining provisions, sections or subsections of this act or their application to persons or circumstances other than those as to which it is held invalid. Chap. 729. AN ACT FURTHER REGULATING THE GAME COMMONLY CALLED BEANO AND CERTAIN OTHER LOTTERIES.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to provide forthwith funds to be used exclusively for educational, charitable and religious purposes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 10 of the General Laws is hereby amended by inserting after section 36 the following five sections: —

Section 37. The director may license any religious organization under the control of or affiliated with an established church within the commonwealth, any veterans' organization incorporated or chartered by the Congress of the United States or listed in clause (12) of section five of chapter forty and any fraternal or private educational organization operating a school approved by a school committee in accordance with section one of chapter seventy-six, licensed to conduct the game of beano under the provisions of section thirty-eight to sell lottery tickets or shares; provided such tickets are sold in conjunction with a properly licensed game commonly called beano or substantially the same game under another name and sold only on the premises of said organization for which such license has been issued and provided further that the funds derived therefrom shall be used exclusively for educational, charitable and religious purposes. The commission shall sell lottery

tickets to such licensed organizations and any such licensed organization reselling such tickets shall not be subject to prosecution for setting up and promoting a lottery or any other crime incidental thereto or for selling or having in its possession said lottery tickets.

The commission shall sell lottery tickets to such licensed organizations and shall determine the price at which said licensed organizations shall resell said tickets, which price shall be printed on each ticket. Each licensed organization shall be entitled to retain as gross profit a minimum of thirty per cent of the resale value of tickets sold by it, and shall be solely responsible for paying prizes won by tickets sold by it, which prizes shall be determined by the commission and be not less than forty-five per cent of the resale value of said tickets.

The commission shall sell lottery tickets to said licensed organizations for ten per cent of their resale value. The revenue derived by the commission from said sales of lottery tickets shall be apportioned as follows: — (1) for the payment of costs; provided, however, that notwithstanding the provisions of section twenty-five, the costs incurred by the commission in the operation and administration of the activities authorized by this section, including the expenses of the commission and the costs resulting from any contract or contracts entered into for promotional, advertising or operational service or for the purchase or lease of lottery equipment, materials and tickets, in no case shall exceed one half of said revenue, subject to appropriation; (2) the balance of said revenue shall be used for the purposes set forth in clause (c) of section thirty-five.

Organizations licensed under this section shall be considered sales agents for the purposes of this chapter. Activities authorized by this section shall be subject to all provisions of the state lottery law not inconsistent herewith.

Section 38. Any fraternal organization having chapters or branches in at least one other New England state, or any fraternal organization organized under the provisions of chapter one hundred and eighty and in existence for a minimum of ten years, any religious organization under the control of or affiliated with an established church of the commonwealth and any veterans' organization incorporated or chartered by the Congress of the United States or listed in clause (12) of section five of chapter forty, any volunteer, non-profit fire company or similiar organization furnishing public fire protection, any voluntary association for promotion of the interests of retarded children, the Boston Firemen's Relief Fund, any volunteer, non-profit organization furnishing a public ambulance service, and non-profit athletic associations, desiring to operate or conduct the game commonly called beano, or substantially the same game under another name, in connection with which prizes are offered to be won by chance, may upon application to the state lottery commission be granted a license to conduct said game in a city or town which has voted to allow granting of licenses for the operation, holding or conducting of said game therein; pro-

The fee for such license shall be fifty dollars per annum. The proceeds of said fees shall be paid into the treasury of the commonwealth and shall be used by the commission to defray the cost of administering this section, subject to appropriation.

Such license may be revoked at the discretion of the director and shall be suspended or revoked upon written request to the director by the city or town approving authority as set forth above in this section. The action of the director in suspending or revoking a license shall be final, and the licensee shall not have a right of appeal.

Each license shall limit the playing of said game to the hours between seven o'clock postmeridian and twelve o'clock midnight. Each such organization licensed hereunder shall be limited to conducting said games to one night, other than Sunday, in each calendar week and said night shall be set forth in the license.

No licensee shall give a prize which exceeds fifty dollars in value, either in cash or merchandise.

No alcoholic beverages shall be sold, dispensed or consumed in that portion of any building or premises of the licensee during the hours such game is being conducted.

No person under eighteen years of age shall be permitted in that portion of any building or premises of the licensee during such time as such game is being played.

No game shall be advertised or publicized by sign or billboard beyond the city or town limits covered by each license.

Any organization licensed under this section to conduct said game shall operate, manage and control said game by members of the local branch of said organization who have been such members for at least two years. Whoever, not being a member of such organization, operates said game under a license issued to such organization shall be punished by a fine of one thousand dollars and by imprisonment for not more than one year.

If an organization licensed to conduct beano fails to exercise exclusive control and management of said game, or fails to have one of its members in good standing in full control and management of the game at all times during its operation, it shall be punished by a fine of not more than one thousand dollars.

The profits of any game licensed to be conducted under this section shall be the property of the organization conducting said game, and shall be used for charitable, religious or educational purposes, and shall not be distributed to the members of such organization. No person shall be entitled to a percentage of any money received as a result of conducting said game.

Accurate records and books shall be kept by each licensee show-

ing the total amount of all monies deposited by people who played, attended or participated in said games, the expenses incurred and the name and address of each person receiving said money. A separate checking account shall be kept of receipts and expenditures of beano and money for expenses shall be withdrawn only by checks having preprinted consecutive numbers and made payable to a specific person or corporation and at no time shall a check be made payable to cash. Proceeds from beano shall be kept in a separate bank account and the organization shall file an annual report in January of the charitable, religious or educational disbursements of the preceding year with the director and the mayor and council or selectmen in such form as the director may prescribe. Such annual report shall be a public record. All monies expended for said charitable, religious or educational purposes shall be duly and accurately recorded as to specific amounts expended and the purposes for which expended. A copy of such records shall be filed with the local licensing authority on or before December the thirty-first of each year. The director, the approving authority of the city or town wherein said game is conducted, or their duly authorized agents or representatives, shall at all times have access to said records and books of any licensee for the purpose of examining and checking the same.

The commission may make such other rules and regulations for the conduct of said game as it may deem necessary to carry out the provisions of this section and section thirty-nine.

The director shall on or before March the first file a report with the clerk of the house of representatives and the clerk of the senate showing the cities and towns which have licenses issued therein, the number of licenses by categories of organizations, the revenue received from these licenses, and such other information as he may deem relevant, together with his recommendations for any legislation he may deem appropriate. Whoever violates any regulation promulgated by the commission under this section may be punished by a fine not exceeding one thousand dollars.

Section 39. Any organization operating or conducting a game under section thirty-eight shall file a return with the commissioner of corporations and taxation, on a form prepared by him and approved by the state tax commission, within ten days after such game is held or within such further time as said commissioner of corporations and taxation may allow, and shall pay therewith a tax of ten per cent of the gross receipts derived from such game. Such return shall include the names and addresses of all persons receiving prizes over twenty-five dollars in such game, and the amount of each such prize. All such returns and the amounts of all such payments shall be public records.

The provisions of chapter sixty-two relative to the assessment, collection, payment, abatement, verification and administration of taxes, including penalties, shall, so far as pertinent, apply to the tax imposed by this section. Every officer, employee or member of an organization which fails to pay any sums required by this section

to be paid shall be personally and individually liable therefor to the commonwealth. All sums received by said commissioner from the tax imposed by this section as taxes, interest thereon, fees, penalties, forfeitures, costs of suits or fines, less all amounts refunded thereon, together with any interests or costs paid on account of such refunds, shall be paid into the treasury of the commonwealth.

Section 40. Whoever violates any provision of sections thirty-eight and thirty-nine the punishment for which is not otherwise provided, and whoever submits false information on any application, report or return required by any provision of said sections, shall be punished by a fine of not more than one thousand dollars or by imprisonment in the house of correction for not more than one year, or both.
