If there are so posted the names of not more than two candidates for the office of mayor, the candidates whose names are so posted shall be deemed to have been nominated for said office, and the preliminary election for the purpose of nominating candidates therefor shall be dispensed with; if there are so posted the names of not more than eighteen candidates for city councillor, the candidates whose names are so

posted shall be deemed to have been nominated for said office, and the preliminary election for the purposes of nominating candidates therefor shall be dispensed with; if there are so posted in respect of any one zone the names of not more than two candidates for school committeeman from that zone, the candidates whose names are so posted shall be deemed to have been nominated for said office, and the preliminary election in such district for the purpose of nominating candidates for said office shall be dispensed with; and if there are so posted in respect of any one zone the names of not more than four candidates for school congressman from that zone, the candidates whose names are so posted shall be deemed to have been nominated for said office, and the preliminary election in such district for the purpose of nominating candidates for said office shall be dispensed with.

SECTION 23. Said chapter 452 is hereby further amended by striking out section 59, as so appearing, and inserting in place thereof the following section:—

Section 59. At every preliminary election and at every regular election each voter shall be entitled to vote for not more than one candidate for the office of mayor, not more than nine candidates for the office of city councillor, and not more than one candidate for the office of school committeeman, nor more than two candidates for the office of school congressman from the zone wherein such voter resides.

On the ballots and voting machine ballot labels for use at each of said elections there shall, as a direction to the voter, be printed in capital letters, near the title of each office to be voted for, the words "Vote for (*here insert in words the number of candidates specified in this section with respect to such office*). The election commission, when drawing under section fifty-eight the position on the ballot of the candidates for nomination at every preliminary election, shall draw the positions of all candidates for mayor, if any are to be drawn, before drawing the position of any candidate for city councillor or school committeeman, and shall draw the positions of all candidates for city councillor, if any are to be drawn, before drawing the position of any candidate for school committeeman, and shall draw the positions for all candidates for school committeeman, if any are to be drawn, before drawing the position of any candidate for school congressman. The election commission shall number consecutively, regardless of office, all candidates drawn, the candidate first drawn being assigned the number one and the candidate last drawn being assigned the last number assigned. No position shall be drawn for, nor shall any number be assigned to, any candidate deemed under section fifty-seven C to have been nominated; nor shall any number be assigned to any blank space provided under section sixty-four or to any sticker candidate, so called; and no vote by sticker, which term shall not be construed to include the slip provided for by section fifty-seven B, shall be counted if any candidate number appears thereon. The numbers assigned under this paragraph shall be separate and distinct from the alphabetical or numerical code of any voting machine. On the ballots and voting machine ballot labels for use at

every preliminary election there shall, as an aid to the voter, be printed in numerals, before the name of each candidate and with type the same size as the name, the number assigned to the candidate by the election commission under this paragraph.

SECTION 24. Said chapter 452 is hereby further amended by striking out section 61, as so appearing, and inserting in place thereof the following section:—

Section 61. If a preliminary election results in a tie vote among candidates for nomination receiving the lowest number of votes which, but for said tie, would entitle a person receiving the same to be deemed to have been nominated, all persons participating in said tie vote shall be deemed to have been nominated, although in consequence there be printed on the official ballot to be used at the regular election names to a number exceeding twice the number to be elected.

SECTION 25. Notwithstanding the provisions of any general or special law, no school committee shall be elected at the regular municipal election to be held in the city of Boston in the year nineteen hundred and seventy-five. After the first Monday in January in the year nineteen hundred seventy-six, all of the powers and duties conferred or imposed upon the school committee of the city shall be deemed conferred or imposed upon the superintendent of schools provided for by this act, except such powers and duties as are modified by this act, and all provisions of this act shall take full force and effect.

SECTION 26. The school department of the city of Boston shall be under the charge of a superintendent who shall be appointed by the mayor for a term expiring on the first day of July following the next biennial municipal election at which a mayor is elected, subject, however, to the approval of the city-wide advisory committee created by section thirty-nine of this act. The mayor shall consult with said advisory committee in the formulation of job criteria and in the search and screening process. Said advisory committee may recommend to the mayor one or more candidates for appointment to the office of superintendent. If said advisory committee shall decline to approve a candidate nominated by the mayor for appointment to the office of superintendent, the mayor may re-nominate such candidate one time but, if said advisory committee shall again decline to approve such candidate, he may not renominate such candidate

thereafter. The mayor may nominate an incumbent superintendent for an additional term, but the nomination and appointment of an incumbent shall be subject to the approval of said advisory committee, in every respect, as aforesaid. The mayor, with the approval of said advisory committee, may remove the superintendent, but if in any case said advisory committee shall decline to approve removal of the then superintendent, it shall state, publicly and in writing, its reasons therefore. Said advisory committee may at any time request the mayor to remove the superintendent, and upon receipt of such request the mayor shall within thirty days either remove the superintendent or state, publicly and in writing, his reasons for not doing so. The salary of the superintendent shall be established from time to time by the mayor with the approval of the city council.

SECTION 27. The superintendent, with the approval of the city-wide advisory committee, may create such central management positions as are necessary or convenient to carry out the duties and responsibilities of his office, and likewise with the approval of said advisory committee, may fix the salaries to be paid the persons holding such positions. Persons holding such positions shall be appointed by the superintendent coterminous with the superintendent to serve at his pleasure, subject, in the case of all positions not covered by collective bargaining agreements, to the approval of said advisory committee.

SECTION 28. The superintendent shall divide the city of Boston into school areas each consisting of one or more intermediate school districts. Each area shall be under the charge of an area superintendent who shall be appointed by the superintendent for a term expiring on the first day of July following the next biennial municipal election at which a mayor is elected, subject, however, to the approval of the appropriate area advisory committee created by section thirty-seven of this act. In addition, all the high schools of the city shall be deemed, under the terms of this act, to constitute an area and shall be under the charge of an area superintendent for high schools. Such area superintendent for high schools shall be appointed by the superintendent in the same manner as other area superintendents, except that the appointment of the area superintendent for high schools shall be subject to the approval of the city high school advisory committee created by section thirty-eight of this act. The superintendent shall consult with the appropriate area advisory committee, or in the case of the area superintendent for high schools, with the city high school advisory committee, in the formation of job criteria and in the search and screening process. The appropriate area advisory committee may recommend to the superintendent one or more candidates for appointment to the office of area superintendent. If the appropriate area advisory committee shall decline to approve a candidate nominated by the superintendent for appointment to the office of area superintendent the superintendent may re-nominate such candidate one time but, if the appropriate area advisory committee shall again decline to approve such candidate,

not thereafter. The superintendent may nominate an incumbent area superintendent for an additional term, but the nomination and appointment of an incumbent shall be subject to the approval of the appropriate area advisory committee, in every respect, as aforesaid. The superintendent, with the approval of the appropriate area advisory committee, may remove an area superintendent, but if in any case the area advisory committee shall decline to approve removal of the then area superintendent, it shall state, publicly and in writing, its reasons therefore. The appropriate area advisory committee may at any time request the superintendent to remove an area superintendent, and upon receipt of such request the superintendent shall within thirty days either remove the area superintendent or state, publicly and in writing, his reasons for not doing so. The salaries of the area superintendents shall be established from time to time by the superintendent with the approval of the city-wide advisory committee. Each area superintendent shall, subject to the provisions of chapters thirty-one and seventy-one of the General Laws and the provisions of this act, exercise the powers of an appointing authority with respect to all school personnel within the area.

SECTION 29. The superintendent shall appoint a business manager to serve at his pleasure. The business manager shall in writing approve and transmit to the city auditor all vouchers, payrolls and other documents calling for the expenditure of money, together with summarized requisitions on said auditor and shall request the auditor to place said vouchers, payrolls and other documents on his draft for payment by the treasurer of the city.

SECTION 30. The superintendent shall appoint a secretary of schools to serve at his pleasure. The secretary of schools shall be recording secretary of the board of superintendents established by section thirty-two of this act and shall perform such other duties as the superintendent shall prescribe.

SECTION 31. The superintendent shall appoint a chief schoolhouse custodian to serve at his pleasure. The chief schoolhouse custodian shall be responsible for assigning and coordinating the activities of the area chief schoolhouse custodians and schoolhouse custodians described in section thirty-four of this act and shall perform such other duties as the superintendent shall prescribe.

SECTION 32. The superintendent, the area superintendents, the business manager, the secretary of schools, and such central management personnel, if any, as may hold the rank of deputy superintendent or associate superintendent, shall constitute the board of superintendents. The board of superintendents shall have no executive or administrative powers but shall act as an advisory board to the superintendent.

SECTION 33. The superintendent may appoint one or more persons to represent the city at congresses, conventions and other meetings held to consider questions of concern to public schools, although the questions to be discussed are not actually pending at the time in the conduct of the schools of the city and to obtain

information thereon. All persons so appointed shall report to the superintendent in writing. The superintendent may authorize expenditures to defray traveling and other necessary expenses incurred under this section. An itemized account of such expenses shall in each case be filed with the city auditor.

The superintendent may provide free lunches for undernourished and needy children attending the public schools.

On or before the first day in February in each year the superintendent shall prepare and transmit to the mayor a budget providing an amount sufficient to support the public schools in the forthcoming fiscal year, in respect of which section thirty-four of chapter seventy-one of the General Laws shall not be operative. The superintendent shall be the officer empowered to make contracts and to expend money appropriated for the support of the public schools.

The superintendent shall maintain lists of vacant positions in the school department and lists of applicants found by him to be eligible for appointment or employment. Persons found by the superintendent to be eligible for appointment or employment shall be referred by him to the several neighborhood school councils and high school councils, and may apply to one or more of such neighborhood school councils or high school councils for appointment or employment as more fully set forth elsewhere in this act.

The superintendent shall, during the summer vacation and at such other part of the year as he may deem advisable, organize and conduct physical training and exercises, athletics, sports, games, and play, and shall provide proper apparatus, equipment, athletic wearing apparel and facilities for the same in the buildings, yards, and playgrounds under his control or upon any other land which he may have the right to use for this purpose.

The superintendent shall use for the purposes aforesaid such of the playgrounds, gymnasia or buildings under the control of the parks and recreation commission he may deem suitable therefore and may equip the same therefore, such use to be subject, however, to such reasonable regulations and conditions as the parks and recreation commission may prescribe, provided also, that such use shall not extend to any playground, gymnasium or building under the control of the parks and recreation commission which the commission shall by vote approved by the mayor declare to be unsuitable for such use.

The superintendent may charge admission to athletic contests and games conducted by him, including such contests and games conducted on land under the control of the parks and recreation commission; but the city shall not on account of such charge be liable for any injury, loss or damage suffered by any person or property.

The superintendent may conduct such educational and recreative activities in or upon school property under his control, and shall allow the use thereof by individuals and associations, subject to such regulations as he may establish, for such educational, recreative, social, civic, philanthropic and similar purposes, for which a fee may be charged, as he may deem to be for the interest of the community; provided that such use shall not interfere or be inconsistent with the

use of the premises for school purposes.

SECTION 34. As used in this section, the term "city-wide per pupil formula" shall mean a formula computed by the superintendent with the approval of the city-wide advisory committee for the purpose of allocating the personnel and resources of the school department among the several schools, school districts, and school areas of the city. In the case of any allocation a city-wide per pupil formula shall provide for allocation to each particular school, school district or school area, of a fraction of the total to be allocated which fraction is equal to the ratio between the number of pupils in the school, school district or school area, as the case may be, and the total number of pupils in all similarly situated schools, school districts, or school areas, in the city; provided, however, that the superintendent with the approval of the city-wide advisory committee may make provisions in any city-wide per pupil formula for differential allocations in accordance with the special educational needs of particular schools, school districts, or school areas, as the case may be.

The numbers of personnel to be employed in the several schools, school districts and school areas of the city shall be determined as set forth in this paragraph. The superintendent shall assign to each school in the city a fixed number of teacher positions according to a city-wide per pupil formula, to be filled under the direction of the principal of each such school. The superintendent shall assign to each of the neighborhood school councils created by section thirty-nine of this act a fixed number of positions in special education and special programs according to a city-wide per pupil formula. Each neighborhood school council shall determine those areas of competence in the fields of special education and special programs in which persons shall be employed. The superintendent shall assign to each area superintendent a fixed number of administrative, supervisory and support positions, according to a city-wide per pupil formula. Each area superintendent shall determine those areas of competence in the fields of administration, supervision and support in which persons shall be employed. The chief schoolhouse custodian shall assign to each of the school areas an area chief schoolhouse custodian and a fixed number of schoolhouse custodians, according to a city-wide per pupil formula, and the area chief schoolhouse custodian shall determine the assignment of custodial positions to the several schools of the area.

The superintendent shall, in preparing the annual school budget, allocate:

(*i*) to each school, an amount of money for textbooks and supplies, according to a city-wide per pupil formula, to be expended under the direction of the principal;

(*ii*) to each neighborhood school council and each high school

council, an amount of money for operating expenses, maintenance and repairs, according to a city-wide per pupil formula, to be expended under the direction of the neighborhood school council or high school council; and to each neighborhood school council or high school council a further amount of money sufficient to provide for the employment of an administrative assistant to the neighborhood school council or high school council, a clerical assistant for the same, and the costs of maintaining its office, conducting its meetings, and informing the school district of its work. The words "operating expenses, maintenance and repairs" shall be deemed to include maintenance and repairs, but not alterations, of school buildings, to include curriculum development and curricular materials other than textbooks and supplies, and to exclude wages and salaries to be paid under the terms of collective bargaining agreements;

(*iii*) to each area advisory committee to the city high school advisory committee and to the city-wide advisory committee, an amount of money sufficient to provide for the costs of conducting meetings, office expenses, and informing the people of the area of its work;

(*iv*) to each area superintendent, an amount of money for administration, supervision, and support, according to a city-wide per pupil formula, to be expended under the direction of the area superintendent;

(*v*) to himself, an amount of money for carrying on the central administration of the schools and for the carrying out of programs required by law to be administered for the city as a whole; and

(*vi*) to a fund to be called the innovation fund, an amount of money equal to one per cent of the total amount appropriated by the city for the support of the public schools. This innovation fund shall be exclusively expended in support of innovative programs in the several school districts and across district lines. The superintendent and the city-wide advisory committee shall publish priorities and guidelines for the submission of proposals for the use of monies from the innovation fund on the part of neighborhood school councils and high school councils. Grants shall be made from the innovation fund to neighborhood school councils and high school councils to carry out such proposals as have been selected by a board of independent evaluators annually appointed for the purpose by the superintendent with the approval of the city-wide advisory committee.

SECTION 35. There shall be in each intermediate school district of the city of Boston a neighborhood school council consisting of parents, teachers and residents.

Each neighborhood school council shall be comprised of one parent from each elementary and intermediate school in the district, who shall each be elected by the parents of children in such school, at an election to be conducted in the month of December in every odd-numbered year by the board of election commissioners of the city, using for the purpose a list of parents of enrolled children certified by the superintendent of schools as of the first day in October of such

year, and employing ballots mailed to each such parent and returnable to the board of election commissioners by mail. Any parent eligible to vote in such election may be a candidate, and there shall be no requirement for nomination by signatures or otherwise, but the board of election commissioners may fix a date by which any parent wishing to be a candidate shall be required to signify his intention in a manner to be prescribed by said board of election commissioners. In voting for parents, each parent shall have one vote.

Each neighborhood school council shall also be comprised of one teacher from each elementary and intermediate school in the area, who shall each be elected by all the teachers in such school, at an election to be conducted under the supervision of the faculty senate, or other like body, of such school, on a convenient date in the month of December in every odd-numbered year. For the purposes of this section, the term "teacher" shall mean every person holding a professional position within a school, including teacher aides, but excluding principals, assistant principals, headmasters, assistant headmasters, and persons acting in the position of principal, assistant principal, headmaster, or assistant headmaster. Teachers regularly assigned to more than one school may vote in any one school to which they are regularly assigned, but not in more than one such school. In voting for teachers, each teacher shall have one vote.

Each neighborhood school council shall also be comprised of five residents of the school district, who shall be elected at large by the residents of the school district at an election to be conducted by the board of election commissioners of the city on the first Tuesday in December of each odd-numbered year. Any person eighteen years of age and over who was on the first day of October of such year a resident of the school district shall be eligible to vote in such election. The board of election commissioners may require reasonable proof of residence as a condition of voting. Any person eligible to vote in such election may be a candidate; provided, however, that no person shall be a candidate for election at large to a neighborhood school council as a resident if he is also a candidate for election to the same neighborhood school council as a parent or a teacher. Any person desiring to be a candidate for election at large to a neighborhood school council as a resident shall file a nominating petition with the board of election commissioners at least forty-five days prior to the date fixed for the election at large of residents. The nominating petition of any candidate seeking to be elected at large as a resident shall be subscribed by the signatures of at least fifty residents of the school district. Any vacancy in the office of an at large elected resident shall be filled for the unexpired term by the person who, at the election next preceding, received the highest number of votes of any person not elected to membership, who is eligible and willing to serve, or, if there is no such person eligible and willing to serve, then by a resident of the district eligible to vote for the office of at large elected resident member of the neighborhood school council elected by the remaining members who shall have been elected at large. No person elected as a parent or teacher shall cease to be eligible to hold office on account of termination of his status as a parent or teacher; but any person elected at large as a resident shall cease to be eligible to hold office if he shall cease to be a resident of the school district. In the year nineteen hundred and seventy-nine, and in any subsequent year, if the total number of parents, teachers, residents, or students, as the case may be, casting ballots for any election of parent members, teacher members, at large elected members, or, in the case of the high school councils created by section forty-four, student members, shall be less than ten per cent of the total number of those eligible to vote in each such category, then the city-wide advisory council shall set aside and declare void the election of such parent members, teacher members, at large elected members, or student members, as the case may be, and shall elect such number of parents, teachers, residents, or students, as the case may be, who are eligible to be elected and are willing to serve, as shall be necessary to fill the positions so becoming vacant. Each neighborhood school council may initiate requests for federal, state or private grants of money or other assistance for school programs within the district, and the superintendent shall do all things, if any, necessary to conform such requests to the requirements of the granting agency. Each neighborhood school council shall approve the expenditure of all such funds within the district, anything to the contrary in section fifty-three A of chapter forty-four of the General Laws notwithstanding, but in the event that refusal to approve expenditure of such funds on the part of any neighborhood school council precludes receipt or expenditure of similar funds by any other neighborhood school council, then the city-wide advisory council may authorize the expenditure of such funds notwithstanding the disapproval of the neighborhood school council.

Each neighborhood school council shall maintain lists of all persons previously found by the superintendent to be eligible for employment who are candidates for appointment to professional positions in the service of the school department within the district. Such lists shall set forth in the case of each category of professional employment the names of all candidates in order of preference according to a method of evaluation determined by the neighborhood school council. Any vacancy in a professional position in the school district, other than a vacancy in the position of principal or assistant principal, shall be filled by the area superintendent by appointment of the person

Forty-first A, Real property, to an amount determined as hereinafter provided, of a person sixty-five years of age or over and occupied by him as his domicile, of a person who owns the same jointly with his spouse, either of whom is sixty-five years of age or

over, and occupied as their domicile, or of a person who owns the same jointly or as a tenant in common with a person not his spouse and occupied by him as his domicile; provided, that such person has been domiciled in the commonwealth for the preceding ten years and

(1) has so owned and occupied as his domicile such real property or other real property in the commonwealth for five years; or

(2) is a surviving spouse who inherits such real property and has occupied such real property or other real property in the commonwealth as his or her domicile for five years and who otherwise qualifies under this clause; and provided further that such person, and such person and his spouse, if married, had, during the preceding year, gross receipts from all sources not in excess of twenty thousand dollars.

In determining the total period ownership of an applicant for exemption under this clause, the time during which the same property was owned by a husband or wife individually shall be added to the period during which such property was owned by said husband and wife jointly. In computing the gross receipts of such an applicant or of such an applicant and his spouse, if married, ordinary business expenses and losses may be deducted but not personal and family expenses.

Any such person may, on or before October first of each year, apply to the board of assessors for an exemption of all or part of such real property from taxation during such year provided, however, that in the case of real estate owned by a person jointly or as a tenant in common with a person not his spouse, the exemption shall not exceed that proportion of total valuation which the amount of his interest in such property bears to the whole tax due. The said agreement shall provide:

(1) that no sale or transfer of such real property may be consummated unless the taxes which would otherwise have been assessed on such portion of the real property as is so exempt have been paid, with interest at the rate of eight per cent per annum;

(2) that the total amount of such taxes due, plus interest, for the current and prior years does not exceed fifty per cent of the owner's proportional share of the full and fair cash value of such real property;

(3) that upon the demise of the owner of such real property, the heirs-at-law, assignees or devisees shall have first priority to said real property by paying in full the total taxes which would otherwise have been due, plus interest; provided, however, if such heir-at-law, assignee or devisee is a surviving spouse who enters into a tax deferral and recovery agreement under this clause, payment of the taxes and interest due shall not be required during the life of such surviving spouse. Any additional taxes deferred, plus interest, on said real property under a tax deferral and recovery agreement

signed by a surviving spouse shall be added to the taxes and interest which would otherwise have been due, and the payment of which has been postponed during the life of such surviving spouse, in determining the fifty per cent requirement of subparagraph (2);

(4) that if the taxes due, plus interest, are not paid by the heir-at-law, assignee or devisee or if payment is not postponed during the life of a surviving spouse, such taxes and interest shall be recovered from the estate of the owner; and

(5) that any joint owner or mortagee holding a mortgage on such property has given written prior approval for such agreement, which written approval shall be made a part of such agreement.

In the case of each tax deferral and recovery agreement entered into between the board of assessors and the owner or owners of such real property, the said board of assessors shall forthwith cause to be recorded in the registry of deeds of the county or district in which the city or town is situated a statement of their action which shall constitute a lien upon the land covered by such agreement for such taxes as have been assessed under the provisions of this chapter, plus interest as hereinafter provided. The statement shall name the owner or owners and shall include a description of the land adequate for identification. Unless such a statement is recorded the lien shall not be effective with respect to a bona fide purchaser or other transferee without actual knowledge of such lien. The filing fee for such statement shall be paid by the city or town and shall be added to and become a part of the taxes due.

SECTION 2. Subject to the provisions of this section, any city or town by a two-thirds vote as defined in section one of chapter forty-four of the General Laws and with the approval of the mayor or board of selectmen and of the emergency finance board established under section one of chapter forty-nine of the acts of nineteen hundred and thirty-three, hereinafter called the board, may borrow during the three year period commencing with the fiscal year ending on June thirtieth, nineteen hundred and seventy-five and ending on June thirtieth, nineteen hundred and seventy-seven, inside its limit of indebtedness as prescribed by section ten of said chapter forty-four, for the purpose of offsetting taxes deferred under the provisions of clause Forty-first A of section five of chapter fifty-nine of the General Laws, and may issue bonds or notes therefor, which shall bear on their face the words, (name of city or town) Elderly Tax Exemption Recovery Loan, Act of 1974. Chap. 323. AN ACT AUTHORIZING THE CONVERSION OF MIDDLESEX MUTUAL INSURANCE COMPANY TO A STOCK COMPANY.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to authorize the immediate conversion of a certain mutual insurance company to a stock company, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Middlesex Mutual Insurance Company, a corporation organized by chapter one hundred forty-one of the acts of eighteen hundred and twenty-six, and subject to chapter one hundred seventy-five of the General Laws, may convert to and become a domestic stock insurance company and to that end may formulate and carry out a plan for such conversion and the issuance of capital stock, which plan:

(1) shall have been adopted by a vote by a majority of the directors of such company;

(2) together with said vote shall have been submitted to and filed with the commissioner of insurance and shall have been approved by him as conforming to the requirements of this chapter and as not prejudicial to the policyholders of such company;

(3) shall specify the method and basis for the issuance of shares of its capital stock to an independent party in connection with an investment by such independent party in an amount sufficient to restore such company to a sound financial condition;

(4) may provide that such conversion may be accomplished without any distribution to the policyholders, past, present or future, provided that the commissioner finds that the value of the company prior to the conversion is insufficient to warrant any such distribution;

(5) shall include as a part thereof such amendments to the charter, agreement of association, if any, articles of organization, if any, and by-laws, as are necessary or appropriate in connection with such conversion which shall have been adopted by the vote of the majority of the directors of such company and which shall have been approved by the commissioner of insurance as conforming to the requirements of this act, without compliance with the notice and other requirements which may now exist in the charter or by-laws of such company if said commissioner finds that in view of the existing financial condition of such company, or the need for immediate remedial action or otherwise, noncompliance is in the best interests of the policyholders of such company.

The conversion authorized under this act shall be effective upon the written certification by the commissioner of insurance that such conversion has been accomplished in accordance with the plan and this act, and the stock company resulting from said conversion shall be subject to and shall comply with all provisions of chapter one hundred and seventy-five of the General Laws applicable to domestic stock insurance companies. The stock corporation shall be deemed to have been organized at the time the converted mutual was organized.

The Middlesex Mutual Insurance Company may by a majority vote of the directors and with the approval of the commissioner of insurance abandon such plan for conversion at any time before the certificate required by the preceding paragraph has been executed. Upon such abandonment, all rights and obligations arising out of the plan shall terminate, and the company shall continue to conduct its business as a domestic mutual insurance company as though no such plan had ever been adopted.

Upon conversion the officers and directors of said mutual insurance company shall remain as the officers and directors of the resulting stock company until the expiration of their terms of office or until their successors shall have been duly elected and qualified in accordance with the by-laws of the mutual company as the same may have been amended pursuant to the plan. No suits, rights or contracts of the company shall be affected by the conversion. In all other respects all rights and properties of the mutual company shall continue to be the property of the resulting stock company, which shall remain bound by all the obligations and liabilities of the mutual company; and the policyholders of the mutual company shall continue to be subject to all the liabilities, claims and demands existing against them at or before the conversion.

Refusal by the commissioner of insurance to grant his approval to the plan for conversion filed with him under this act shall be subject to judicial review.

Chap. 414. AN ACT FURTHER REGULATING THE APPLICATION OF SUPPLEMENTARY PROCESS PROCEEDINGS IN CIVIL ACTIONS IN THE DISTRICT COURTS TO CORPORATIONS AND CERTAIN TRUSTS.

Be it enacted, etc., as follows:

SECTION 1. Chapter 224 of the General Laws is hereby amended by striking out section 14, as appearing in the Tercentenary Edition, and inserting in place thereof the following section:—

Section 14. A judgment creditor or a person in his behalf may file in court an application for supplementary process under this chapter. Upon the filing of such an application, a summons may issue, requiring the judgment debtor to appear at a time and place named therein and submit to an examination relative to his or its property and ability to pay. Such summons may be served by an officer qualified to serve civil process and shall be served at least seven days before the return day thereof. If the debtor is a natural person, service shall be made by delivery in hand or by leaving a copy at the debtor's last and usual place of abode. If the debtor is a corporation, service shall be made by delivery in hand to, or by leaving a copy at a business office of, the president, treasurer, clerk, resident agent appointed pursuant to section forty-nine of chapter one hundred and fifty-six B, cashier, secretary, agent or other officer in charge of its business, or, if no such officer is found within the county, any member of the corporation. If the debtor is a trust with transferable shares, service shall be made in the same manner on any trustee. If due service is not made, the court may order further notice. A judgment debtor who has been arrested on mesne process or on execution, or a person in his behalf, may file such an application and cause service to be made upon the judgment creditor or his attorney of record in the action, in a similar manner, requiring the judgment creditor to appear at such examination; and upon failure of the judgment creditor to appear personally or by attorney the proceedings under this section may be dismissed. The failure of a judgment debtor personally to appear without reasonable excuse upon such summons, or at an examination otherwise appointed, or to submit to the examination as provided in section fifteen, shall constitute a contempt of court; and if the debtor is a corporation or a trust with transferable shares, the court shall treat the officer, trustee or agent served as the contemnor. Supplementary proceedings shall be in order for examination at the return day and hour set forth in the summons or further notice, but may by order of court for good cause shown be continued from time to time for examination, and may be brought up for further proceedings at such time or times, and in such manner as the court by general or special rule or order may direct.

The death of the judgment creditor shall not affect supplementary proceedings.

SECTION 2. Section 15 of said chapter 224, as so appearing, is hereby amended by striking out the first two sentences and inserting in place thereof the following two sentences:— The judgment debtor, if appearing, shall be examined on oath as to his or its property and ability to pay; provided, however, if the debtor is a corporation the person examined shall be its president, treasurer, cashier or other officer or agent in charge of the payment of debts, or if the debtor is a trust with transferable shares the person examined shall be any trustee or agent in charge of payment of debts; and such examination, if in writing, shall be signed and sworn to by the debtor if a natural person, or by the officer, trustee or agent in charge of payment of debts appearing in its behalf, if a corporation or trust with transferable shares, and filed with the court. Either party may introduce additional evidence, and if the debtor fails to appear at the examination and is a natural person, the examination may proceed and orders may be made in such debtor's absence.

SECTION 3. Said chapter 224 is hereby further amended by striking out section 16, as appearing in section 1 of chapter 292 of the acts of 1943, and inserting in place thereof the following section:—

Section 16. If the court finds that the debtor has no property not exempt from being taken on execution, and is unable to pay the judgment, in full or by partial payments, or if the creditor fails to appear at the examination, personally or by attorney, the proceedings may be dismissed. If the court is satisfied that the debtor has property not exempt from being taken on execution, the court may order him or it to produce it, or so much thereof as may be sufficient to satisfy the judgment and costs of the proceedings, so that it may be taken on the execution; or may order him or it to execute, acknowledge if necessary, and deliver to the judgment creditor, or to a person in his behalf, a transfer, assignment or conveyance thereof; or if the debtor is able to pay the judgment in full or by partial payments the court may, after allowing the debtor, if a natural person, out of his income an amount not less than twenty dollars each week for the support of himself and family if he be the head of a family, order the debtor to pay the judgment and costs of the proceedings in full or by partial payments from time to time; or the court may make an order combining any of the orders above mentioned. The court may prescribe the times, places, amounts of payments, forms of instruments and other details in making any of the orders above mentioned. The court may at any time renew, revise, modify, suspend or revoke any order made in any proceedings under the provisions of this chapter. Failure, without just excuse, to obey any lawful order of the court in supplementary proceedings shall constitute a contempt of court; and if the debtor is a corporation, the court shall treat the president, treasurer, cashier or other officer or agent in charge of the payment of debts as the contemnor; and if the debtor is a trust with transferable shares, the court shall treat any trustee or agent in charge of the payment of debts as the contemnor.

SECTION 4. The first paragraph of section 18 of said chapter 224, as appearing in the Tercentenary Edition, is hereby amended by inserting after the first sentence the following sentence:— The term debtor, as used in this section shall mean, if the debtor is a corporation or a trust with transferable shares, the contemnor as defined in section fourteen or section sixteen.

SECTION 5. Said chapter 224 is hereby further amended by striking out sections 19 to 22, inclusive, as so appearing, and inserting in place thereof the following four sections:—

Section 19. At any time pending the examination of the defendant or debtor, the plaintiff or creditor or a person in his behalf may allege charges, to wit:—

First, That, since the debt was contracted or the cause of action accrued, the defendant or debtor has fraudulently conveyed, concealed or otherwise disposed of the whole or a part of his or its property, with intent to secure it to his or its own use or to defraud his or its creditors; or

Second, That, since the debt was contracted or the cause of action accrued, the defendant or debtor has hazarded his or its money or other property to the value of one hundred dollars or more in some kind of gaming prohibited by the laws of this commonwealth; or

Third, That, if the action was founded on contract, the defendant or debtor contracted the debt with intent not to pay it.

Such charges shall be in writing, subscribed and sworn to by the plaintiff or creditor or by a person in his behalf, and shall be considered in the nature of an action at law, to which the defendant or debtor may plead that he or it is guilty or not guilty, and the court may thereupon hear and determine the same. The plaintiff or creditor shall not upon the hearing give evidence of a charge which is not made or filed as herein provided, nor of a fraudulent act of the defendant or debtor which was committed more than three years before the commencement of the original action.

If the court finds that the defendant or debtor, if a natural person, is guilty of the charges so alleged, he shall be sentenced to imprisonment in the common jail for not more than one year, and if the defendant or debtor is a corporation or trust with transferable shares and found guilty of the charges so alleged, it shall be fined not more than one thousand dollars; and the proceedings for the examination of the defendant or debtor as to his or its property or ability to pay may be continued by the court to enable the defendant or debtor to appear.

A party aggrieved by a judgment rendered under this section may appeal therefrom to the superior court in the same manner as from a judgment of a district court in civil actions. If the plaintiff or creditor appeals, he shall before allowance thereof recognize with sufficient sureties to enter and prosecute his appeal, to file therewith a copy of all the proceedings on said charges, and to pay all costs if judgment is not reversed. If the defendant or debtor appeals, he or it shall recognize in like manner, and with the further condition that if final judgment is against him, if a natural person, he will, within thirty

days thereafter, surrender himself to be taken on execution and abide the order of the court, or, if a corporation or trust with transferable shares, it will, within like time, pay the fine previously ordered, or pay to the plaintiff or creditor the amount due him upon the claim or execution as the case may be. In the superior court trial shall be by a jury or, with the consent of both parties, by the court.

Section 20. If at the examination of the debtor it appears that after service of supplementary process, the debtor has made a payment of money or a conveyance, assignment or transfer of property which is not exempt from being taken on execution, with intent to prevent it from being transferred or paid to the creditor or applied to the satisfaction of the judgment, and the court so certifies, the debtor or, in the case of a corporation or trust with transferable shares, its officer, trustee or agent as provided in section sixteen, may in the discretion of the court be committed as for a contempt. The payment by the debtor of a debt for necessaries, or a debt due on any judgment on which he or it has previously been summoned to appear in supplementary proceedings, or a reasonable fee for counsel relative to the proceedings, shall not render him or it liable for contempt.

Section 21. Supplementary proceedings shall be dismissed, and if the debtor or, if a corporation or trust with transferable shares, its officer, trustee or agent, has been imprisoned, he or it shall be discharged from custody, on payment in full to the creditor or his attorney of the amount due on the judgment, with all the costs of the proceedings, or, unless the judgment is upon a bond or recognizance given under the provisions of this chapter, on the giving to the creditor or his attorney of a bond, payable to the creditor, with sufficient surety or sureties, approved by the creditor, his attorney or the court, conditioned that the debtor shall pay to the creditor the amount due on the judgment, with all the costs of the proceedings, within sixty days after the date of giving such bond or within such longer time as the court may allow.

Section 22. The court may issue a writ of habeas corpus to bring before it for examination or disposition or for the purpose of giving bond, a defendant or debtor or, in the case of a corporation or trust with transferable shares, its officer, trustee or agent who has been imprisoned under the provisions of this chapter.

Chap. 415. AN ACT PROVIDING FOR THE ACCEPTANCE BY CITIES, TOWNS AND FIRE DISTRICTS OF THE LAW RELATIVE TO THE COMPENSATION OF POLICE AND FIRE CHIEFS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide for local acceptance of the law establishing salaries for police and fire chiefs in municipalities and fire districts of the commonwealth, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 57G of chapter 48 of the General Laws, inserted by chapter 1182 of the acts of 1971, is hereby amended by adding the following paragraph:—

The provisions of this section relative to a city, town or fire district shall be in effect only in a city, town or fire district which accepts this section.

SECTION 2. The provisions of section fifty-seven G of chapter forty-eight of the General Laws, inserted by section one of this act, shall apply only to a person appointed as a police chief or fire chief upon the death or retirement of a person who is the incumbent of the office of police chief or fire chief on the effective date of this act.

Chap. 416. AN ACT DIRECTING THE COMMISSIONER OF THE DEPARTMENT OF NATURAL RESOURCES TO CONVEY A CERTAIN PARCEL OF LAND LOCATED IN THE CITY OF SALEM TO SOUTH ESSEX SEWERAGE DISTRICT AND FURTHER AUTHORIZING THE SAID SOUTH ESSEX SEWERAGE DISTRICT TO GRANT TEMPORARY RIGHTS OF WAY THROUGH SAID PARCEL OF LAND TO NEW ENGLAND POWER COMPANY.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to convey a certain parcel of land immediately to meet requirements of the federal government for construction of certain sewerage facilities, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. The commissioner of the department of natural resources, acting in the name and on behalf of the commonwealth, is hereby authorized and directed to convey, for a nominal consideration, by deed approved as to form by the attorney general, to the South Essex Sewerage District, for sewer treatment purposes and to meet the requirements of the federal government for construction of secondary or tertiary sewerage treatment facilities by the said South Essex Sewerage District, a certain parcel of land in the city of Salem, which is a portion of the land presently held by the commonwealth for use by its department of natural resources as a marine research station, and is bounded and described as follows:—

Beginning at a point on the southerly side of Fort Avenue in said Salem; said point being on the property line of the South Essex Sewerage District and being 25.94 feet from a stone bound at the northeast corner of said property; thence running by the southerly line of Fort Avenue, N 70°-36'-00" E, 15.16 feet; thence northeasterly on a curve with a radius of 790.66 feet a distance of 151.95 feet;

thence N 59°-35'-20" E, 32.89 feet; thence turning and running by other land of the department of natural resources S 34°-52'-40" E, 350.00 feet; thence S 4°-44'-15" E, 189.70 feet to mean high water; thence turning and running northwesterly and westerly by the mean high water line about 235 feet to the land of the South Essex Sewerage District; thence turning and running by said land N 34°-52'-40" W, 410.43 feet to the point of beginning; together with easements to enter upon, excavate, construct, lay, maintain, operate, remove, replace and patrol sewer pipes across other adjoining land of the commonwealth, and subject to the proposed utility easement all as shown on a plan entitled "Plan of 1.913 acre parcel of land and proposed outfall sewer easement in property belonging to the Commonwealth of Massachusetts, Department of Natural Resources, Salem, Massachusetts, November, 1972, Raymond C. Pressey, Inc., Registered Land Surveyor."

SECTION 2. The South Essex Sewerage District is hereby authorized to grant to New England Power Company temporary rights of way through and over the parcel of land described in section one for the use of said rights of way by the New England Power Company for road access to Winter island, until such time as the construction of power generating facilities to be constructed by the said New England Power Company on land presently owned by it and adjacent to the land of the South Essex Sewerage District is completed, said access road to be constructed and maintained at the expense of the New England Power Company; and said temporary grant may provide for the common use of said access road by the South Essex Sewerage District, the New England Power Company and the department of natural resources and their agents, representatives and independent contractors.

SECTION 3. In the event the said parcel of land containing 1.913 acres hereby conveyed is not required by the South Essex Sewerage District to meet the requirements of the federal government for construction of secondary or tertiary sewerage facilities, the title to said land shall revert to the commonwealth, burdened however with a permanent easement permitting said district to enter upon, excavate, construct, lay, maintain, operate, remove, replace, and patrol the sewer lines then existing on said parcel, and further burdened by any temporary rights of way then in force and effect granted by the said District to the New England Power Company.

SECTION 4. The South Essex Sewerage District shall be responsible for, and bear the entire cost of restoration of all facilities, utilities and equipment of the department of natural resources in any way damaged by any of the actions of said District or its agents, and shall provide for an access road and landscaping in a location and of a nature suitable to the department of natural resources.

SECTION 5. Chapter six hundred and fifty-four of the acts of nineteen hundred and seventy-one, as most recently amended by chapter eighty-nine of the acts of nineteen hundred and seventy-three, is hereby repealed.

Approved June 26, 1974.

Chap. 417. AN ACT RELATIVE TO THE CONVERSION OF SAVINGS BANKS TO FEDERAL SAVINGS AND LOAN ASSOCIATIONS AND THE CONVERSION OF FEDERAL SAVINGS AND LOAN ASSOCIATIONS TO SAVINGS BANKS.

Be it enacted, etc., as follows:

Chapter 168 of the General Laws is hereby amended by inserting after section 73A the following two sections:—

Section 73B. Any such corporation involved in the business of home financing may convert to a federal savings and loan association in accordance with the provisions of section 5 of the Federal Home Owners' Loan Act of 1933 upon a vote of fifty-one per cent of the votes of the corporators present and voting at an annual meeting or at a special meeting called to consider such action. Notice of such meeting to vote on conversion shall be mailed at least twenty and not more than thirty days prior to the date of the meeting to each corporator of record at his last known address as shown on the books of such corporation. A copy of the minutes of the proceedings of such meeting of the members, verified by the affidavit of the secretary or an assistant secretary, shall be filed in the office of the commissioner within ten days after the date of such meeting. Such certified copy of the proceedings of such meeting, when so filed, shall be presumptive evidence of the holding and action of such meeting. Within three months after the date of such meeting, the corporation shall take such action in the manner prescribed and authorized by the laws of the United States as shall make it a federal savings and loan association.

There shall be filed with the commissioner a copy of the charter issued to such federal savings and loan association by the federal home loan bank board or a certificate showing the organization of such association as a federal savings and loan association, certified by the secretary or assistant secretary of the federal home loan bank board. A copy of the charter, or of such certificate, shall be filed by the association with the state secretary and with the office of the clerk of the city or town in which the association conducts its business. Any failure to file any such instruments as aforesaid shall not affect the validity of such conversion. Upon the grant to any association of a charter by the federal home loan bank board, the savings bank receiving such charter shall cease to be a savings bank incorporated under this chapter and shall no longer be subject to the supervision and control of the commissioner.

After compliance with this section and approval of such conversion by the shareholders and upon the approval of the conversion by the appropriate federal supervising authority to the extent required by applicable provisions of federal law and regulations thereunder, and the issuance by such authority of a federal savings and loan association charter, such corporation shall cease to be a member bank of the Mutual Savings Central Fund, Inc. and shall cease to be a participating bank in the Savings Bank Employees Retirement Association.

Upon the conversion of any such corporation into a federal savings and loan association, the corporate existence of such bank shall not terminate, but such federal association shall be deemed to be a continuation of the entity of the association so converted and all property of the converted savings bank, including its rights, titles, and interests in and to all property of whatsoever kind, whether real, personal, or mixed, and things in action, and every right, privilege, interest, and asset of any conceivable value or benefit then existing, or pertaining to it or which would inure to it, shall immediately by act of law and without any conveyance or transfer and without any further act or deed remain and be vested in and continue and be the property of such federal association into which the savings bank has converted itself, and such federal association shall have, hold and enjoy the same in its own right as fully and to the same extent as the same was possessed, held and enjoyed by the converting savings bank, and such federal association as of the time of the taking effect of such conversion shall continue to have and succeed to all the rights, obligations, and relations of the converting savings bank. All pending actions and other judicial proceedings to which the converting savings bank is a party shall not be deemed to have been abated or to have been discontinued by reason of such conversion, but may be prosecuted to final judgment, order, or decree in the same manner as if such conversion into such federal association had not been made and such federal association resulting from such conversion may continue such action in its corporate name as a federal association, and any judgment, order or decree may be rendered for or against it, which might have been rendered for or against the converting savings bank theretofore involved in such judicial proceedings.

After receipt by the Mutual Savings Central Fund, Inc., hereinafter called the Fund, of notice from the commissioner that he has been notified in writing by such federal supervising authority that the conversion of such corporation has been completed and that such federal charter has been issued to the succeeding federal savings and loan association, and that he has received from the state secretary a certificate that such corporation, hereinafter called the predecessor corporation, has been duly recorded for dissolution, the following further provisions shall apply.

The Fund shall pay to said succeeding association from the fund representing deposits of member banks, hereinafter called the liquidity fund, an amount equal to not more than the aggregate of all deposits made by the predecessor corporation held in said liquidity fund on the effective date of the conversion, less all indebtedness of such corporation to the Fund; provided, that no part of the surplus, undivided profits or other reserves held by the central fund in said liquidity fund shall be so paid.

An amount equal to the annual assessments paid and which have become due and payable by the predecessor corporation while a member bank to the deposit insurance fund of the Fund shall be retained by the Fund as a charge for insurance of the shares of such corporation while a member bank of said deposit insurance fund. All

other assessments paid by the predecessor corporation to said deposit insurance fund shall continue to be held by the central fund until all losses and estimated losses and expenses of all corporations being assisted by the Fund from said deposit insurance fund and being liquidated at the time that such corporation ceased to be a member bank shall have been paid or provided for. Thereafter the succeeding association shall be entitled to receive from the Fund the portions, if any, of such other assessments not so paid or required as shall be determined by the Fund with the approval of the commissioner and such determination shall be final and conclusive upon the Fund, the predecessor corporation and the succeeding association and all other persons then or thereafter interested; provided, that the supreme judicial court for the county wherein the principal office of the succeeding association is located shall have jurisdiction to review and to confirm or modify such determination upon the petition of the predecessor corporation or the succeeding association filed within ten days after receipt thereby of notice of such determination. The Fund, in its discretion and subject to the approval of the commissioner, may make disposition of such other assessments, at any time after such conversion is completed, by adjustment pursuant to an agreement with the predecessor corporation or the succeeding association and may pay thereto such amount as may be so agreed upon.

The predecessor corporation or the succeeding association shall pay to said deposit insurance fund or make provision for payment thereto of a sum equal to three annual assessments, at the percentage rate in effect at the time the predecessor corporation ceased to be a member bank and computed on the basis of its deposits as shown by its last annual report to the commissioner preceding such conversion or, at its option or at the option of the succeeding association, as shown by the records of the predecessor corporation on the effective date of conversion. Until such sum shall have been paid in full, payments on account thereof shall be made annually or oftener by the predecessor corporation or the succeeding association; provided, that not less than one third of such sum shall be paid annually. If any such one third shall not be so paid or if, at the end of three years from the time the predecessor corporation ceased to be a member bank such sum shall not have been paid in full, the entire balance thereof may be recovered by the Fund, together with interest thereon, in any manner provided by law for the collection of debts. The predecessor corporation or the succeeding association may authorize the deduction of such sum in whole or in part, from the amount, if any, of the portions of said other assessments to which the succeeding association may be entitled as hereinbefore provided. If, however, by federal law or regulation a federal savings and loan association converting therefrom to a savings bank, is required to pay to the federal savings and loan insurance corporation a sum equal to annual premiums or assessments for other than a period of three years, then the number of annual assessments payable to said share insurance fund under this section shall be for the same number of years as is so required.

Section 73C. Any federal savings and loan association may convert to a savings bank under the provisions of this chapter upon a vote of fifty-one percent or more votes of members of such federal savings and loan association present and voting at an annual meeting or at any special meeting called to consider such action. Notice of such meeting to vote on such conversion shall be mailed at least twenty and not more than thirty days prior to the date of the meeting to each member of record at his last known address as shown on the books of the associations.

Copies of the minutes of the proceedings of such meeting or members, verified by the affidavit of the secretary or an assistant secretary, shall be filed in the office of the commissioner and mailed to the Federal Home Loan Bank Board, Washington, D.C., within ten days after such meeting. Such verified copies of the proceedings of the meeting when so filed shall be presumptive evidence of the holding and action of such meeting. At the meeting at which conversion is voted upon, the members shall also vote upon the persons who shall be the corporators and trustees of the state chartered savings bank after conversion takes effect.

The commissioner may provide, by regulation, for the procedure to be followed by any such federal savings and loan association converting into a savings bank.

Upon the conversion of a federal savings and loan association into a savings bank authorized to conduct business in the commonwealth the corporate existence of such association shall not terminate, but such savings bank shall be deemed to be a continuation of the entity of the association so converted and all property of the converted association, including its rights, titles and interests in and to all property of whatsoever kind, whether real, personal, or mixed, and things in action, and every right, privilege, interest, and asset of any conceivable value or benefit then existing, or pertaining to it, or which would inure to it, shall immediately by act or law and without any conveyance or transfer and without any further act or deed remain and be vested in and continue and be the property of such savings bank into which the federal association has converted itself, and such savings bank shall have, hold and enjoy the same in its own right as fully and to the same extent as the same was possessed, held and enjoyed by the converting association and such savings bank as of the time of the taking effect of such conversion shall continue to have and succeed to all the rights, obligations, and relations of the converting association. All pending actions and other judicial proceedings to which the converting federal association is a party shall not be deemed to have been abated or to have been discontinued by reasons of such conversion, but may be prosecuted to final judgment, order or decree in the same manner as if such conversion into such savings bank had not been made and such savings bank resulting from such conversion may continue such action in its corporate name as a savings bank, and any judgment, order or decree may be rendered for or against it, which might have been rendered for or against the converting federal association theretofore involved in such judicial proceedings.

Upon the completion of the conversion of a federal savings and loan association into a savings bank under the provisions of this chapter, said savings bank shall become a member of the Mutual Savings Central Fund, Inc., hereinafter called the Fund, and of the deposit insurance fund thereof. Before such succeeding corporation shall commence business as a savings bank, it shall pay into the liquidity fund of the Fund, an amount equal to the deposit required of a member bank thereof a similar size, as of the date of said certificate, plus such additional amount based upon the surplus of said reserve fund, as the directors of the Fund, with the approval of the commissioner, shall determine to be equitable. In addition to the payment to said reserve fund, the succeeding corporation shall pay to said deposit insurance fund or make provisions for payment thereto of a sum based upon the relation which the total amount of all assessments paid into said deposit insurance fund by all member banks, exclusive of annual assessments, plus the amount of the earned surplus account of said fund, less all losses and expenses incurred by said fund with respect to savings banks which it has assisted or liquidated, bears to the insured liabilities of all member banks; provided, that such payment shall be not less than the sum of six times the average applicable annual assessments paid by member banks during the preceding five years; and provided, further, that the succeeding corporation shall pay to said deposit insurance fund such proportion of the current annual assessments as shall have accrued to the date of said certificate.

After compliance with the foregoing requirements, the succeeding corporation shall thereafter be entitled to exercise all of the rights and privileges, and shall be subject to all of the duties and obligations of a savings bank and shall conduct its business subject to the provisions of this chapter and of other applicable laws; provided that, with the approval of the commissioner, the succeeding corporation shall have reasonable time after the effective date of the conversion within which to comply with any particular provisions of such laws not hereinbefore specifically provided for and which it shall be unable to comply with on or before said date.

The commissioner may require the succeeding corporation to divest itself, within a reasonable time after the effective date of the conversion, of any branch office not in conformity with law, if he shall determine that the public interest so requires.

Chap. 421. AN ACT PROHIBITING EXPERIMENTATION ON HUMAN FETUSES.

Be it enacted, etc., as follows:

Chapter 112 of the General Laws is hereby amended by inserting after section 12I the following section:—

Section 12J. No person shall use any live human fetus, whether

before or after expulsion from its mother's womb, for scientific, laboratory, research or other kind of experimentation. This section shall not prohibit procedures incident to the study of a human fetus while it is in its mother's womb, provided that in the best medical judgement of the physician, made at the time of the study, said procedures do not substantially jeopardize the life or health of the fetus, and provided said fetus is not the subject of a planned abortion. In any criminal proceeding the fetus shall be conclusively presumed not to be the subject of a planned abortion if the mother signed a written statement at the time of the study, that she was not planning an abortion.

This section shall not prohibit or regulate diagnostic or remedial procedures the purpose of which is to determine the life or health of the fetus involved or to preserve the life or health of the fetus involved or the mother involved.

A fetus is a live fetus for purposes of this section when, in the best medical judgement of a physician, it shows evidence of life as determined by the same medical standards as are used in determining evidence of life in a spontaneously aborted fetus at approximately the same stage of gestational development.

No experimentation may knowingly be performed upon a dead fetus unless the consent of the mother has first been obtained, provided however that such consent shall not be required in the case of a routine pathological study. In any criminal proceeding, consent shall be conclusively presumed to have been granted for the purposes of this section by a written statement, signed by the mother who is at least eighteen years of age, to the effect that she consents to the use of her fetus for scientific, laboratory, research or other kind of experimentation or study; such written consent shall constitute lawful authorization for the transfer of the dead fetus.

No person shall perform or offer to perform an abortion where part or all of the consideration for said performance is that the fetal remains may be used for experimentation or other kind of research or study.

No person shall knowingly sell, transfer, distribute or give away any fetus for a use which is in violation of the provisions of this section. For purposes of this section, the word "fetus" shall include also an embryo or neonate.

Whoever violates the provisions of this section shall be punished by imprisonment in a jail or house of correction for not less than one year nor more than two and one half years or by imprisonment in the state prison for not more than five years.

SECTION 4. SECTION 12. No agency of the commonwealth receiving an appropriation under section two of this act shall make any expenditure for any document printed, mimeographed or prepared in any other way, whether for outside or interdepartmental circulation, unless publication of such document shall have been approved by the state purchasing agent, and the state purchasing agent is hereby authorized and directed to require such agencies to summarize and consolidate such documents when feasible. Each such document authorized to be printed which is four pages or more in length shall state on its face the estimated cost per copy, including the cost of paper, printing and binding. Notwithstanding any special or general law, every original manuscript of annual reports of state agencies, whether printed in full or in summarized or consolidated form or not printed, shall be filed with the state secretary. SECTION 15. Notwithstanding the provisions of section ten A of chapter eight of the General Laws, no lease negotiated as provided therein nor any agreement providing for a tenancy at will or other space rental shall be signed by the executive or administrative head of a state department, commission or board or approved by the state superintendent of buildings and by the governor and council and by the commissioner of administration unless it is in accordance with schedules filed by the budget director with the house and senate committees on ways and means prior to the passage of this act; provided, that renewals of leases, tenancies at will and other space rentals may be continued at existing rates pending appropriation if the general court has not provided otherwise; provided further, that the commissioner of administration, in order to meet unforeseen circumstances, may approve, on a tenancy at will basis, a change in location, new or additional space, or an increase in rate, if funds are available therefor within the appropriation account from which the costs of such space rentals are to be paid; and provided further, that every such proposed change is filed by the budget director with the house and senate committees on ways and means prior to the final authorization of any such agreement.

SECTION 16. No department of the commonwealth shall occupy,

or make any expenditure for the maintenance of, any land, buildings or other state-owned or state-occupied facilities or other property other than that under its control or jurisdiction; and no department of the commonwealth shall authorize or otherwise allow the use by any private agency of such land, buildings or facilities under its control or jurisdiction unless such use or expenditure shall have been approved by the house and senate committees on ways and means after recommendation by the commissioner of administration.

SECTION 17. In order that the borrowing of funds in anticipation of receipts may be kept at a minimum, every department, board, commission or agency shall, before scheduling for payment or otherwise providing for the disbursement of public funds from any sum available for expenditure or distribution for the fiscal year nineteen hundred and seventy-five, submit for approval by a board consisting of the commissioner of administration, or his designated representative, the commissioner of corporations and taxation, or his designated representative, and the state treasurer, or his designated representative, the proposed date of payment or distribution of such funds if the combined total thereof, as prepared by any such single agency, exceeds one million dollars on any one day, notwithstanding any special or general law regulating the disbursement of public funds by the commonwealth. Said board may require any agency to notify it of the anticipated receipt of revenue from any source, including federal subventions and grants.

SECTION 18. No agency of the commonwealth shall make any expenditures for the training, instruction, treatment, support and day care of children authorized under section forty-six I of chapter seventy-one and section twenty-six of chapter sixty-nine and clause (7) of paragraph (A) of section two of chapter eighteen of the General Laws and related programs conducted by the departments of mental health, public health, public welfare and youth services unless the rate setting commission, in accordance with the procedures established by section thirty L of chapter seven of the General Laws, shall have approved the rate of compensation for such training, instruction, treatment and support. The rate setting commission shall immediately upon approval of such rates file a schedule of the approved rates with the comptroller, the house and senate committees on ways and means, and with each agency making such expenditure.

SECTION 19. Notwithstanding any provision of law to the contrary, all persons eligible for public assistance, as determined by the department of public welfare, under the provisions of chapters one hundred and eighteen A, one hundred and eighteen D, and one hundred and eighteen E of the General Laws, who are not maintaining their own homes but are receiving care in any licensed nursing home, any licensed chronic hospital or in any approved public medical institution, shall retain the first thirty dollars for clothing, personal needs and leisure time activities. If there is no income, or the monthly income is less than thirty dollars, the recipient shall be paid monthly in advance the difference between the income and thirty dollars a month.

SECTION 20. Notwithstanding any provision of law to the contrary, during the entire fiscal year nineteen hundred and seventy-five, for the payment of classified personal services the fiscal year shall be from July the first, nineteen hundred and seventy-four through June the twenty-eighth, nineteen hundred and seventy-five. Classified personal services for June the twenty-ninth and thirtieth, nineteen hundred and seventy-five, shall be charged to the next fiscal year.

SECTION 21. Cash disbursements from amounts appropriated from the General Fund in section two of this act shall be charged to federal funds received under the provisions of Public Law 92-512 to the extent that such funds are available, subject to the restrictions contained in said Public Law for applications of federal funds received from this source, and shall first be used for such amount as is required to prevent a deficit in the general fund debt service reserve and then for such other items in section two of this act in accordance with the requirement of said Public Law.

SECTION 22. The provisions of section twelve of this act shall not apply to expenditures from appropriations made under this act for the division of state colleges and institutions under the control of the board of trustees of state colleges, the Lowell Technological Institute of Massachusetts, the Southeastern Massachusetts University, the University of Massachusetts and the board of regional community colleges and the institutions under the control of said board; nor shall the provisions of section nine B or section twenty-nine of chapter twenty-nine of the General Laws or any provision of section seven of this act which are inconsistent with any provision of the General Laws specifically regulating the expenditure of public funds at each of said institutions apply to such expenditures; provided, however, that on or before October first, nineteen hundred and seventy-four, each said institution of higher education shall file with the board of higher education: (1) a certified list of the professional positions and the salaries to be paid therefor; (2) a certified statement of the salary ranges for all professional positions; (3) a certified copy of vacant positions; and (4) a list of the last merit increases granted; and, provided further, that the board of higher education shall file forthwith with the house and senate committees on ways and means copies of said lists and statement.

SECTION 23. Pursuant to section twenty-five B of chapter fifty-eight of the General Laws, amounts shall be paid for the purposes and in the manner prescribed in said section twenty-five B from the fund established by paragraph (*b*) of section twenty-eight of chapter sixty-four C of the General Laws, and the comptroller shall reflect such transactions under the heading "Agency Fund".

SECTION 24. In order to meet the costs to be incurred by the cities and towns in the implementation of chapter seven hundred and sixty-six of the acts of nineteen hundred and seventy-two and in addition to all other amounts appropriated under this act, each city and town shall receive from the amount appropriated in item 7028-0304 of section two of this act a special education grant. The amount

of such grant to each city or town is its proportion of the total amount certified for all cities and towns as school aid under the provisions of section nine of chapter seventy of the General Laws for the calendar year nineteen hundred and seventy-four, applied to the amount appropriated in said item 7028-0304 of said section two.

The amount granted herein to each city or town shall be held as a separate account by the treasurer of such city or town and shall be expended by the school committee of such city or town for special education programs pursuant to chapter seventy-one B of the General Laws without further appropriation, notwithstanding the provisions of section fifty-three of chapter forty-four of the General Laws; provided, that where appropriations have been made in cities and towns to implement the provisions of said chapter seven hundred and sixty-six, the amount by which the grant to each city or town as set forth in this section exceeds the amount appropriated shall be available as hereby authorized without further appropriation. In such instances, that portion of the grant that represents the amount appropriated shall be applied without further authorization by the board of assessors to reduce the current tax rate of such city or town or, if such tax rate has already been established, shall be reserved for appropriation by the town meeting or city council for educational purposes.

SECTION 25. The state tax commission shall send a supplemental notice to each city or town indicating the amount to be paid such city or town in the same manner as provided in section twenty-five A of chapter fifty-eight of the General Laws; said commission shall send such notice as soon as possible after the effective date of this section and shall state in such notice that the amount indicated shall be substituted for the amount estimated for the same purpose on the original notice required by said section twenty-five A of said chapter fifty-eight. The amount indicated in such supplemental notice shall be used by each city or town in determining its tax rate for the fiscal year nineteen hundred and seventy-five, unless said rate has already been determined, in which case such amount shall be used in determining the tax rate for the succeeding fiscal year.

SECTION 26. The effective date of the appropriation accounts, subsidiary accounts and authorizations in section two of this act shall be July first, nineteen hundred and seventy-four. However, beginning June first, nineteen hundred and seventy-four, obligations may be incurred against these appropriation accounts or subsidiary accounts for items to be delivered or for services to be rendered on and after July first, nineteen hundred and seventy-four; provided, that said obligations are in accordance with law and the amounts thereof do not exceed the amount of the appropriation account or subsidiary account. Where the allotment of an appropriation account or subsidiary account is a condition precedent to expenditure, the obligations shall not exceed the amount allotted for said appropriation account or subsidiary account; provided, that during the month

As used in this section, "land" shall not include buildings, structures, improvements or other things erected thereon or affixed thereto.

The determination of value made under this section shall be in such detail as to lots, subdivisions or acreage as the commission may

deem necessary. To assist in making such determination the commission may require oral or written information from any officer or agent of the commonwealth or of any county or town therein and from any other inhabitant thereof, and may require such information to be on oath. Such officers, agents and persons, so far as able, shall furnish the commission with the required information in such form as it may indicate, within fifteen days after being so requested by it. Section 14. The commission, not later than June tenth of each year in which it makes such determination, shall notify the assessors of each town where the commonwealth owns, or the county commissioners hold, land for the purposes named in the preceding section, of its determination of the value of such land in such town. A board of assessors aggrieved by a determination of the value of any land as valued under sections thirteen or fifteen may make a written application for a correction thereof to the appellate tax board within ten days after the date of notice, setting forth the grounds for such application for correction. Not later than July fifteenth following, said board shall, upon the basis of such application or after giving such assessors a hearing, as the board may determine, make a finding whether the commission acted in accordance with section thirteen. If the board finds that the commission failed so to act, it shall thereupon make a determination of value in accordance with section thirteen and shall notify said board of assessors and the commission of its determination, and its decision shall be conclusive.

SECTION 7. Said chapter 58 is hereby amended by striking out section 18A and inserting in place thereof the following subsection:

Section 18A. The state treasurer, upon certification of the commission, shall annually distribute to the several cities, towns and regional school districts from the General Fund an amount determined under subsection (*a*).

(*a*) The total amount to be distributed under this section in the fiscal year ending June thirtieth, nineteen hundred and seventy-five shall be three hundred and ninety-six million four hundred thousand dollars and for the fiscal year ending June thirtieth, nineteen hundred and seventy-six shall be four hundred and fifty-two million dollars. In the fiscal years ending June thirtieth, nineteen hundred and seventy-seven and thereafter, such amount shall be increased by a percentage equal to the percentage, as determined by the commission, by which the net sums received under chapters sixty-four H and sixty-four I for the last completed fiscal year, if the rate of tax in said last completed fiscal year had been three per cent for the entire year, exceeded such net sums for the fiscal year ending June thirtieth, nineteen hundred and seventy-four. "Net sums", as used in this subsection, shall mean the total sums received under or by reason of such chapters as excises, interest thereon, fees, penalties, forfeitures, costs of suits or fines, less all amounts refunded under

such chapters, together with any interest or costs paid on account of such refunds.

(*b*) The amount determined under subsection (*a*) shall be distributed on the following basis and in the order named on or before the dates specified to the extent that sufficient funds are available on such dates:

(3) From time to time as determined by the commission the balance, if any, after providing for the payments required by paragraphs (1) and (2) of this subsection, shall be distributed to the cities and towns in the proportion which the amount distributed to each city or town under paragraph (2) bears to the total amount distributed under said paragraph; but not less than approximately fifty per cent thereof on or before December thirty-first, and the balance thereof on or before June thirtieth.

If upon any date of distribution the amounts designated in this subsection are insufficient to make the full distributions required by any paragraph of this subsection, the distributions thereunder shall be the amount otherwise due to each city or town under said paragraph multiplied by a fraction, the numerator of which shall be the amount remaining of the revenues designated under this subsection and the denominator of which shall be the total amount otherwise due to the several cities and towns under said paragraph.

The amounts distributable or distributed to the cities and towns under this section shall be subject to verification, correction and adjustment by the commission in the event of any error or omission in their determination. Any adjustment which reduces or increases the amount to which a city or town is entitled shall be taken into account in the distribution to be paid to such city or town as soon as may be after the adjustment is made. No such adjustment shall be made after June thirtieth of the fiscal year succeeding the one to which it relates. Amounts distributed or charged on account of such adjustments in any succeeding fiscal year shall have priority over all other amounts distributable in such year.

The "equalizing municipal grant" for such city or town shall be the amount, to the nearest cent, determined by multiplying the amount of ten dollars by an "equalizing municipal percentage". The "equalizing municipal percentage" shall be the proportion, to the nearest tenth of one per cent, which the equalized valuation per person in the commonwealth bears to the equalized valuation per person in the city or town. Approximately fifty per cent of said annual distribution shall be made on or before December thirty-first and the balance on or before June thirtieth of each fiscal year.

In addition, the state treasurer shall,

subject to the provisions of subsection (*c*), upon certification by the commissioner of education annually pay to each regional school district an amount computed as follows:

(*i*) seventy per cent multiplied by the product of the regional school aid percentage multiplied by the regional reimbursable expenditures of the regional school district, for such districts which include grades kindergarten through twelve; or

"Regional valuation percentage", the proportion, to the nearest tenth of one per cent, which the total equalized valuation of all cities and towns in the regional school district divided by the total school attending children in all cities and towns in the district bears to the average equalized valuation per school attending child in the entire state.

(*c*) The receipt of the regional school aid as set forth in clauses (*i*) and (*ii*) of subsection (*a*) shall be subject to the following conditions:

(*i*) the formation of new regional school districts and the expansion of currently existing regional school districts shall be subject to the approval of the commissioner of education;

(*ii*) except as provided in clause (*iii*) of this subsection, no regional school aid shall be paid prior to the date of award of a contract for the construction of a regional school by the regional district school committee; and

(*iii*) in the case of regional school districts formed for administrative purposes only, no regional school aid shall be paid prior to the date on which the regional school district has assumed jurisdiction over the pupils in the district and the commissioner of education has made a determination that member cities and towns have provided sufficient and adequate school facilities for each grade level included in the regional school district.

Chap. 527. AN ACT RELATIVE TO PERIOD OF LIMITATION OF RESTRICTIONS AFFECTING LANDS OWNED OR CONVEYED BY THE COMMONWEALTH.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately clarify and fix with certainty our intent with respect to the applicability of certain of our statutes to the commonwealth, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Statement of legislative purpose:
The general court notes that the insertion in the General Laws of section thirty-one A of chapter two hundred and sixty by chapter two hundred and fifty-eight of the acts of nineteen hundred and fifty-six, the addition of sections twenty-seven and twenty-eight to chapter one hundred and eighty-four, and the amendment of section three of chapter one hundred and eighty-four A by chapter four hundred and forty-eight of the acts of nineteen hundred and sixty-one, have, contrary to the legislative intent thereof, created the misapprehension that they applied to lands owned and conveyed by the commonwealth subject to certain limitations. The general court further notes that, despite the longstanding canon of statutory construction that a procedural statute has retrospective as well as prospective effect, some misapprehension exists as to the proper construction of said section thirty-one A, as amended by chapter four hundred ninety-six of the acts of nineteen hundred and sixty-eight. In order that the original intent of the legislature might now be clarified and the inapplicability of the above mentioned statutes to commonwealth grants and conveyances might be fixed with certainty, the general court deems it necessary and in the public interest to enact this clarifying legislation.

SECTION 2. Section 27 of chapter 184 of the General Laws, as most recently amended by section 4 of chapter 666 of the acts of 1969, is hereby further amended by adding the following paragraph:—

The provisions of this section shall not be construed to apply to, and do not apply to, lands owned and conveyed by the commonwealth, notwithstanding any lapse of time or the passage of any prior law.

SECTION 3. Section 28 of said chapter 184, added by section 1 of chapter 448 of the acts of 1961, is hereby amended by adding the following paragraph:—

The provisions of this section shall not be construed to apply to, and do not apply to, lands owned and conveyed by the commonwealth, notwithstanding any lapse of time or the passage of any prior law.

SECTION 4. The provisions of section thirty-one A of chapter two hundred and sixty of the General Laws, as most recently amended by chapter four hundred and ninety-six of the acts of nineteen hundred and sixty-eight, shall not be construed to apply to,

and do not apply to, reversionary interests upon fee simple determinables or fee simples subject to the right of entry or condition broken of the commonwealth, whether created before or after the effective date of the passage of this act, in lands owned and conveyed by the commonwealth, notwithstanding any lapse of time or the passage of any prior law.

SECTION 5. If any of the provisions of this act shall be held invalid or unconstitutional in relation to any of the applications thereof, such invalidity or unconstitutionality shall not affect other applications thereof or other provisions thereof; and to this end the provisions of this act are declared to be severable.

SECTION 6. This act shall be retrospective as well as prospective in its application, applying to all grants by the commonwealth whether created before or after its effective date.

Approved July 12, 1974.

Chap. 528. AN ACT ESTABLISHING AN ARCHITECTURAL BARRIERS BOARD IN THE DEPARTMENT OF PUBLIC SAFETY AND ABOLISHING THE BOARD TO FACILITATE THE USE OF PUBLIC BUILDINGS BY THE PHYSICALLY HANDICAPPED.

The members initially appointed by said secretary shall serve for one, two, three and four years, respectively, according to the terms of their respective appointments. Upon the expiration of the term of a member appointed by said secretary, his successor shall be appointed for a term of four years. Any vacancy in the office of a member appointed by the secretary of public safety shall be filled for the unexpired term. At all times, at least three members of the board shall be physically handicapped persons and the chairman of the board shall be elected annually by the members. Employees of the board shall not be subject to the provisions of chapter thirty-one.

Each board member appointed by said secretary shall be paid for each day while in the actual performance of official functions at such rate as shall be approved by the commissioner of administration and shall also receive from the commonwealth all expenses necessarily incurred in connection with such official functions. In any such proceedings, the board or any member thereof may appear *pro se* or be represented by the attorney general or by counsel employed or designated by it for such purpose. The board shall not be required to pay any entry fee in connection with the institution of any such proceedings.

There shall be no construction, reconstruction, alteration or remodeling of a public building except in conformity with said rules and regulations, nor shall the use of any building be changed to a use in which the building is open to and used by the public as defined in this section until such building so conforms, nor until a copy of the plans and specifications have been approved as provided in this section and in section three W of chapter one hundred and forty-three, showing compliance with said rules and regulations; provided, however, that if the said board determines that compliance with said rules and regulations is impracticable in the particular case, it may

provide for modification of, or substitution for, such rule or regulation.

Five per cent of the units in lodging or residential facilities for hire, rent or lease, containing twenty or more units, shall be of accessible, functional and safe units for physically handicapped persons.

The board shall receive complaints of noncompliance with this section or any rule or regulation promulgated hereunder from any person. The board shall investigate each such complaint and take such action thereon as is consistent with this section. Be it enacted, etc., as follows:

SECTION 1. Notwithstanding the provisions of section one hundred and forty-two D of chapter one hundred and eleven of the General Laws or any other general or special law to the contrary, each business and industry within the Central Massachusetts air pollution control district is hereby authorized to burn wood waste material as fuel; provided such burning is in conformity with the Clean Air Act, (Pub. Chap. 625. AN ACT PROHIBITING THE ARBITRARY IMPOSITION OF CERTAIN FUEL CHARGES BY ELECTRIC COMPANIES.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide for regulation by the department of public utilities of the imposition of certain fuel charges by electric companies, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 164 of the General Laws is hereby amended by inserting after section 9F the following section:—

Section 94G. The department may approve an itemized fuel charge in rates filed by electric companies to reflect adjustments in the cost of fuels and power purchased by such companies.

The cost of any and all fossil fuel used in generating or supplying electricity to a customer shall be included in said itemized fuel charge and shall be billed at a single uniform rate per kilowatt-hour used by a customer. Such fuel charge shall be the fuel rate multiplied by the number of kilowatt-hours used by a customer. The fuel rate shall be uniform for all customers of any electric company, and said rate shall be calculated by dividing the total cost of fuel used in generating or supplying electricity which is applicable to a billing period by the total number of kilowatt-hours used by all customers. The department shall authorize only such rates as reflect the inclusion of all fuel costs in the fuel charge herein described.

The department shall establish regulations for the uniform calculation and billing of fuel charges by all electric companies, including provisions for the calculation of such charges by companies which purchase the major portion of their energy requirements from other electric companies. Whenever the department shall determine that it is in the public interest to incorporate in such uniform calculations the use of any factors in addition to the cost of the total amount of fuel consumed and the total kilowatt-hour usage, it shall do so only after public hearing and by a formal written opinion from the department; provided, however, that the department shall review not less than annually the method of calculating all such fuel charges. If an electric company bills customers bimonthly, the fuel charge shall be calculated by multiplying the average of the fuel charge rates applicable to the two months in the billing period by the total kilowatt-hours used in said billing period.

The department shall require electric companies to file monthly reports of fuel cost, purchased power charges, kilowatt-hour usages and income derived from said fuel charges. The department shall examine such reports from time to time and shall order rebates to customers if the total fuel charges billed to customers exceeds the amount required by companies to pay increases in the cost of fuel and purchased power.

In no event shall a fuel charge be billed to customers which has not been specifically approved by the department after a public hearing. Such hearing shall be held within fourteen days of a filing of an application by an electric company for the allowance of such fuel charge after notice of such application and hearing has been published at least seven days in a newspaper of general circulation in the area served by such company. All electric company contracts, invoices, and agreements with fuel suppliers shall be included with such application and shall be made part of the department records. The department shall render its decision on such application for a fuel charge within thirty days of such hearing.

SECTION 2. Section 119A of said chapter 164, as amended by section 1 of chapter 145 of the acts of 1939, is hereby further amended by adding the following sentence:— All fuel charges imposed by electric companies shall be itemized separately on all bills to customers.

SECTION 3. The department of public utilities shall investigate and examine the appropriateness of all fuel charges imposed by electric companies after January first, nineteen hundred and seventy-three. Said department shall report the results of such investigation to the general court by filing the same with the clerk of the senate on or before the first Wednesday in December, nineteen hundred and seventy-four, and shall order rebates to customers if said fuel charges billed between January first, nineteen hundred and seventy-three and the effective date of this act were not in accordance with the provisions of department of public utilities order 12096 of nineteen hundred and fifty-seven, or any other lawful order of the department then in effect.

SECTION 4. Notwithstanding the provisions of section one of this act, any fuel charge in effect on the effective date of this act shall remain in effect for sixty days thereafter or until such time as a fuel charge is approved by the department of public utilities pursuant to the provisions of section ninety-four G of chapter one hundred and sixty-four, inserted by section one of this act, whichever shall first occur.

Approved July 26, 1974.

Chap. 636. AN ACT AMENDING THE RACIAL IMBALANCE LAW.

Be it enacted, etc., as follows:

SECTION 1. Chapter 15 of the General Laws is hereby amended by striking out section 1I, as amended by section 41 of chapter 14 of the acts of 1966, and inserting in place thereof the following section:—

Section 1I. The board of education, in this section called the board, shall provide technical and other assistance in the formulation of plans to reduce or eliminate racial imbalance to be filed as provided by section thirty-seven D of chapter seventy-one, may approve such plans if they meet the requirements of said section thirty-seven D, and shall provide technical and other assistance for the implementation of approved plans and mandatory plans. If a school committee or a regional district school committee has failed to file with the board a plan within the time limit established by regulation of the board as provided by said section thirty-seven D or has filed a plan which does not meet the requirements of said section thirty-seven D, the board shall consult with and, after a public hearing, make specific recommendations for such a plan, together with an explanation of how such recommendations meet the requirements of said section thirty-seven D, to such school committee or regional district school committee, and such school committee or regional district school committee may file a revised plan in response to such recommendations; provided, however, that if the board has not approved such a plan or its revision within four months after the time limit established by such regulation of the board for its filing, the board may order that its recommendations shall be the mandatory plan to be implemented by such school committee or regional district school committee to meet the requirements of said section thirty-seven D. Any such recommendations and any such mandatory plan may include any of the following measures, and no others, to meet the requirements of said section thirty-seven D: additions to existing school buildings, use of leased or portable facilities, and changes in use of school buildings.

If, following the receipt of notification from the board that racial imbalance exists, any school committee or regional district school committee does not show progress within a reasonable time in reducing or eliminating racial imbalance in its schools as provided by said section thirty-seven D, the commissioner of education shall not certify the amount of state aid for such city or town or for such towns which are members of such regional school district, as required by section five of chapter seventy, and the board shall not approve any project for school construction for such city, town, or regional school district under chapter six hundred forty-five of the acts of nineteen hundred and forty-eight, as amended, and the commissioner of education may notify the commissioner of corporations and taxation and the comptroller to hold such funds as have been so certified under said section five but have not been disbursed. Thereafter, upon

receipt by the board of plans acceptable to it and showing progress within a reasonable time in reducing or eliminating racial imbalance in its schools as provided by said section thirty-seven D, the commissioner of education may notify the commissioner of corporations and taxation and the comptroller to pay any such withheld funds to such city or town in such amounts and at such times as he may designate, and the board may approve such projects.

The board shall, notwithstanding any contrary provision of chapter six hundred forty-five of the acts of nineteen hundred and forty-eight, as amended, increase the amount of grants for schoolhouse construction to seventy-five percent of the approved cost whenever the board is satisfied that the construction or enlargement of a schoolhouse is for the purpose of reducing or eliminating racial imbalance as provided by said section thirty-seven D; and the commonwealth shall, subject to appropriation and upon the approval of the board, pay to a city, town, or regional district school committee seventy-five percent of the cost of other measures, except transportation as hereinafter provided of pupils, employed by a school committee thereof or such regional district school committee to provide places for pupils for the purpose of reducing or eliminating racial imbalance as provided by said section thirty-seven D.

The commonwealth shall, subject to appropriation and upon the approval of the board, pay to a city, town, or regional district school committee one hundred percent of the cost of transportation of non-white pupils transferred from schools in which racial imbalance exists to schools in which racial isolation or racial balance exists and one hundred percent of the cost of transportation of white pupils transferred from schools in which racial isolation exists to schools in which racial imbalance or racial balance exists for the purpose of reducing or eliminating racial imbalance as provided by said section thirty-seven D.

The board of education shall designate and administer a separate "Equal Education Improvement Fund" for each city, town or regional school district participating under the provisions of the act, to be known as the (name of city, town or regional school district) Fund. The Commonwealth shall, subject to appropriation, pay into such fund, five hundred dollars for each non-white pupil transferred from a school in which racial imbalance exists to a school in which racial isolation or racial balance exists, and five hundred dollars for each white pupil transferred from a school in which racial isolation exists to a school in which racial imbalance or racial balance exists for the purpose of reducing or eliminating racial imbalance.

The board shall establish guidelines by which the school committee of a city, town, or regional school district participating under the provisions of this act, may prepare and submit to the board for its approval, a plan (s) for a program (s) including an estimate of expenses necessary to implement such plan, to improve the quality of education in said city, town or regional school district. Upon approval of such plan or plans, the board shall designate that the amount needed

for such plan be paid to the applying community from the Equal Education Improvement Fund of said city, town or regional school district.

The board may add to such funds such monies as are appropriated therefore and pursuant to regulations promulgated thereto and as requested of the Department for the purposes of voluntary transfers of students under Chapter 15, for magnet school programs, for minority teacher and administrator recruitment and salary supplementation in the public schools, and for inservice teacher training projects.

SECTION 2. Section 1J of said chapter 15, as inserted by section 2 of chapter 641 of the acts of 1965, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:—

Within thirty days after (1) a school committee or regional district school committee declines to accept the recommendations made to it by the board of education, in this section called the board, (2) the board disapproves a revised plan filed with it by a school committee or regional district school committee, or (3) the board orders that its recommendations shall be the mandatory plan to be implemented by a school committee or regional district school committee, such school committee or regional district school committee may file a petition for judicial review in the superior court for the county in which it is located or in the supreme judicial court for Suffolk county. The court may affirm such recommendations, disapproval, or order of the board and require compliance with such mandatory plan by appropriate order; or, if it finds and rules that such recommendations, disapproval, or order is (a) in excess of the statutory authority or jurisdiction of the board, (b) based upon an error of law, or (c) arbitrary or capricious, an abuse of discretion, or otherwise not in accordance with law, then it may set aside such recommendations, disapproval, or order and remand the matter to the board for further action.

SECTION 3. Section 1K of said chapter 15, as so inserted, is hereby amended by striking out, in lines 2 through 5, the words "and no individual shall be appointed to this advisory committee on racial imbalance who has been listed in any state or federal document as being a member of a communist front organization".

SECTION 4. Section 37C of chapter 71 of the General Laws, as inserted by section 1 of chapter 641 of the acts of 1965, is hereby amended by inserting, in line 6, after the word "lines", the words:— , establishing of grade levels,.

SECTION 5. Said chapter 71 is hereby further amended by striking out section 37D, as most recently amended by chapter 958 of the acts of 1971, and inserting in place thereof the following section:—

Section 37D. As used in this section, sections thirty-seven C, I, and J, sections one I through one K of chapter fifteen, and section twelve A of chapter seventy-six, the following terms shall, unless the context requires otherwise, have the following meanings:

"Racial imbalance", the condition of a public school in which more

than fifty percent of the pupils attending such school are non-white.

"Racial balance", the condition of a public school in which more than thirty percent but not more than fifty percent of the pupils attending such school are non-white.

"Racial isolation", the condition of a public school in which not more than thirty percent of the pupils attending such school are non-white.

"Exempt school", a public school to which, prior to January first, nineteen hundred and seventy-four, the passing of a competitive examination was a condition of entrance; provided, however, that the school committee or regional district school committee having jurisdiction over such school shall, under the supervision of the board of education, establish and maintain an affirmative action program to recruit and assist non-white students to enter and to remain in attendance at such school.

The school committee of each city, town, and regional school district shall annually, at such time and in such form as the commissioner shall determine, submit to the commissioner statistics sufficient to enable a determination to be made of the percent of white and non-white pupils attending all public schools and attending each public school under the jurisdiction of each such committee. Whenever the board of education, in this section called the board, finds that racial imbalance exists in a public school, it shall in writing notify the school committee or regional district school committee having jurisdiction over such school that such finding has been made.

Any non-white pupil attending any public school in which racial imbalance exists shall have the right to be transferred to and to attend any other school, except an exempt school, of his parents' or guardian's choice for his grade level and under the jurisdiction of the same school committee or regional district school committee if racial isolation exists in such other school; and any white pupil attending any public school in which racial isolation exists shall have the right to be transferred to and to attend any other school, except an exempt school, of his parents' or guardian's choice for his grade level and under the jurisdiction of the same school committee or regional district school committee if racial imbalance exists in such other school. If a place is available for such pupil at such other school, such school committee or regional district school committee shall, forthwith upon receipt of written notice by his parents or guardian that they intend such pupil to exercise his right to be transferred to and to attend such other school, transfer such pupil to such other school. If no place is available for such pupil at such other school, such school committee or regional district school committee shall, upon receipt of such notice, formulate and, within the time limit established by regulations of the board, file with the board a plan to provide, within the same school year for which such notice is given, a place for such pupil at such other school and shall, within such time as may be prescribed by the board, implement either such plan as approved by the board or the mandatory plan of the board to provide such place and, when

such place becomes available, transfer such pupil to such other school; provided, however, that the board may temporarily or permanently excuse such school committee or regional district school committee from implementing such plan or mandatory plan if an alternative place, satisfactory to the parents or guardian of such pupil, is available at another school to which such pupil may, as provided by this section, exercise his right to be transferred and attend, or if the board finds that there is other good cause to do so. Whenever a school committee or regional district school committee determines, in accordance with regulations of the board, that the number of places available at such other school is exceeded by the number of pupils exercising their rights to be transferred to and to attend such other school, the selection of particular pupils to be transferred to such places as are available shall be in accordance with regulations of the board, which regulations shall reasonably provide for priority for non-white pupils attending schools in which more than seventy percent of the pupils are non-white, without affecting the rights of such pupils not so selected to be transferred to and to attend such other school as provided by this section.

Any such plan so filed shall set forth in detail the proposed changes in existing school attendance districts, additions to existing school buildings, use of leased or portable facilities, changes in use of school buildings, and other measures to provide a place for such pupil at such other school. Any such plan shall take into consideration on an equal basis with reduction or elimination of racial imbalance the safety of pupils in their travelling between school and home. Any such plan may provide for voluntary cooperation by other cities, towns, or regional school districts in making facilities available or otherwise rendering assistance in implementing such plan. No change in any existing school attendance district shall be made pursuant to any such plan prior to a public hearing. Notice of the time and place of such hearing and of its subject matter shall be given by mail, postage prepaid, to the parents and guardian of each pupil affected by the proposed change and either by publication in a newspaper of general circulation in the city, town, or regional school district within which such attendance district lies once in each of two successive weeks, the first such publication to be not less than fourteen days prior to the day of such hearing, or, if there is no such newspaper, by posting such notice in a conspicuous place in the city or town hall of such city, town, or member towns of such regional school district for a period of not less than fourteen days prior to the day of such hearing. At such hearing any person, whether entitled to notice thereof or not, may appear in person or be represented by an agent who need not be an attorney.

The board shall adopt regulations for the administration of the provisions of this section relating to, but not necessarily limited to, determination of places available in schools, priorities for transfer and attendance, notification to parents and guardians of pupils of such pupils' rights to transfer and attendance, reporting and publica-

tion of places available in schools, time limits for filing of plans to provide places for pupils in schools, consolidation of such plans for filing, time limits and schedules for implementation of approved or mandatory plans to provide such places, progress reports on such implementation, and affirmative action programs.

The supreme judicial and superior courts shall have jurisdiction in equity over actions commenced by the board or by or on behalf of any pupil to enforce the provisions of this section; provided, however, that in any such action commenced by or on behalf of any pupil to enforce his right, as provided by this section, to be transferred to and to attend any school, which action is concluded in favor of such pupil, the school committee or regional district school committee having jurisdiction over such school shall be liable to such pupil or the person commencing such action on his behalf for his costs and reasonable attorney's fees.

SECTION 6. The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

SECTION 7. Chapter 76 of the General Laws is hereby amended by striking out section 12A, as amended by section 1 of chapter 622 of the acts of 1968, and inserting in place thereof the following section:—

Section 12A. The school committee of any city or town or any regional district school committee may adopt a plan for attendance at its schools by any child who resides in another city, town, or regional school district in which racial imbalance, as defined in section thirty-seven D of chapter seventy-one, exists in a public school. Such plan shall tend to eliminate such racial imbalance, shall be consistent with the purposes of said section thirty-seven D, and shall include an estimate of the expenses necessary to implement such plan. Such school committee or regional district school committee shall file a copy of such plan and the vote by which it was adopted with the board of education, in this section called the board. The board shall approve or disapprove such plan within ninety days after the date of such filing. If it disapproves such plan, it shall state the reasons therefor. If it approves such plan, the board, acting through the commissioner of education and on behalf of the commonwealth, shall enter into an agreement with such school committee or regional district school committee providing that such school committee or regional district school committee shall accept for attendance at its schools non-resident children as provided by such plan and that the commonwealth shall provide financial assistance to such city, town, or regional district school committee as provided by this section; provided, however, that such agreement may provide that such school committee or regional district school committee waives all or any part of such financial assistance. No such school committee or regional district school committee shall be required to implement any such plan unless and until it and the board have entered into such an agree-

ment providing for the amount of financial assistance and the terms on which such assistance shall be provided.

Any child residing in any city, town, or regional school district and attending therein a public school in which such racial imbalance exists may attend a public school or a publicly authorized non-sectarian school in a city, town, or regional school district in which he does not reside if the school committee of such city or town or the committee of such regional school district has adopted and the board has approved, as provided by this section, a plan for the attendance of such non-resident children therein.

The commonwealth shall, subject to appropriation and upon certification by the board, provide financial assistance in accordance with such agreement. Such financial assistance shall include payments for: (i) the cost per pupil of educating each non-resident child, as approved by the board; (ii) the cost of transportation of each such child, as approved by the board.

The board shall provide technical and other assistance to any city, town, or regional school district in the formulation and implementation of any such plan. A school committee, regional district school committee, or the board may accept, for the purpose of implementing any such plan, gifts, grants, or contributions from any source, whether public or private. Any gift, grant, or contribution so accepted by a school committee of a city or town or a regional district school committee for such purpose shall be deposited with the treasurer of such city, town, or regional school district and held in a separate account and may be expended without further appropriation, notwithstanding the provisions of section fifty-three of chapter forty-four.

SECTION 8. Chapter 71 of the General Laws is hereby amended by inserting after section 37H the following two sections:—

Section 37I. Notwithstanding any contrary provisions of law, including, but not limited to, chapter six hundred forty-five of the acts of nineteen hundred and forty-eight, as amended, the board of education, in this section and section thirty-seven J called the board, may, subject to appropriation, make grants for the cost of providing magnet school facilities. For the purpose of this section, the term "magnet school facility" shall mean a public school or part thereof which meets such requirements as may be established by the board and attracts pupils from outside the neighborhood in which it is located for the purpose of reducing or eliminating racial imbalance or racial isolation, as defined in section thirty-seven D.

The school committee of any city or town or any regional district school committee may apply to the board for a grant to such city, town, or regional district school committee for all or part of the cost of providing a magnet school facility. Such application shall be in such form as may be prescribed by the board and shall be accompanied by such estimates and other information as the board may require. The board may approve any such application for a facility which meets such requirements and which is likely so to attract

pupils so as to reduce or eliminate racial imbalance or racial isolation. The board shall notify such school committee or regional district school committee of its approval or disapproval of such application and, in the case of approval, of the estimated amount of the grant which the board will make.

After notification of approval, the board and such school committee or regional district school committee may enter into an agreement providing that such school committee or regional district school committee shall provide, within a reasonable time, such magnet school facility, as approved by the board, and that the commonwealth shall pay to such city, town or regional district school committee the amount of such grant. Any such agreement shall provide that such facility shall be operated in a manner designed to achieve racial balance therein or at the public school of which such facility is a part and that, whenever such school committee or regional district school committee determines, in accordance with regulations of the board, that the number of places available at such facility or school is exceeded by the number of pupils who have applied to be transferred to and to attend such facility or school, the selection of particular pupils to be transferred to and to attend such facility or school shall be in accordance with regulations of the board, which regulations shall reasonably provide for priority for those non-white pupils who are attending or otherwise would attend a racially imbalanced school and for those white pupils who are attending or otherwise would attend a racially isolated school.

The following costs of providing a magnet school facility shall be eligible for any such grant:

(i) the average cost per pupil of educating each child who attends such facility or the public school of which such facility is a part, less the average cost per pupil of educating each such child at the public school which he otherwise would have attended; provided, however, that such costs shall be determined according to a method approved by the board, and that, to the extent possible, such method shall determine the average cost per pupil of educating each such child in the grade in which he is enrolled;

(ii) the cost of transportation of each child attending such magnet school facility;

(iii) the cost of planning and construction, reconstruction, enlargement, rehabilitation, or other improvement for the magnet school facility provided, however, that no such grant shall be for more than seventy-five percent of any such cost and

(iv) such other costs incidental to the provision of the magnet school facility as the board may approve.

The board may adopt regulations for the administration of the provisions of this section.

Section 37J. The board of education may, subject to appropriation, reimburse any city, town or regional district for all or part of the cost of providing magnet educational programs within the public schools. Any such reimbursement shall be made only after certification by

the board that such cost actually has been incurred, that such cost is reasonable, and that such program has met such requirements.

For the purpose of this section, the term "magnet educational program" shall mean educational measures including, but not limited to, planning and special services, instruction, or treatment of children, whether at the public schools or other public or private facility or place, which meet such requirements as may be established by the board for the purpose of providing such children with racially balanced educational experiences.

The board of education may contract with any other public or private facility for the purpose of purchasing magnet educational programs. Any city, town or regional district wanting to join in such a program shall so request the board in writing. The board shall approve all requests that meet the requirements as may be established. Any such contracts must be approved by a majority of the board provided that such cost is reasonable.

Approved July 26, 1974.

Chap. 637. AN ACT PROTECTING LAND AND WATER ON MARTHA'S VINEYARD.

Whereas, The deferred operation of this act would tend to defeat its purpose which is, in part, to preserve the natural and cultural character of the island of Martha's Vineyard, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Whereas, it is hereby declared that:

(a) the island of Martha's Vineyard possesses unique natural, historical, ecological, scientific, cultural, and other values; and that there is a regional and statewide interest in preserving and enhancing these values;

(b) these values are being threatened and may be irreversibly damaged by uncoordinated or inappropriate uses of the land;

(c) the protection of the health, safety, and general welfare of island residents and visitors requires the establishment of a regional commission whose purpose shall be to ensure that henceforth the land usages which will be permitted are those which will not be unduly detrimental to those values or to the economy of the island;

(d) the preserving and enhancing of these values requires the designation of districts of critical planning concern and the recognition of developments of regional impact, and the review thereof by the regional commission;

(e) such a program can protect the natural character and beauty of Martha's Vineyard and can contribute to the maintenance of sound local economies and private property values;

(f) the people of Martha's Vineyard did, on March fourteenth, nineteen hundred and seventy-four vote to endorse the provisions of this act;

Therefore, the purpose of the commission created by this act shall be to protect the health, safety, and general welfare of Island residents and visitors by preserving and conserving for the enjoyment of present and future generations the unique natural, historical, ecological, scientific, and cultural values of Martha's Vineyard which contribute to public enjoyment, inspiration and scientific study, by protecting these values from developments and uses which would impair them, and by promoting the enhancement of sound local economies.

SECTION 2. There is hereby created the Martha's Vineyard Commission, hereinafter referred to as the commission, which shall be a public body corporate and which shall have the responsibilities, duties, and powers established herein over the lands and inland waters in Dukes county, with the exception of the Elizabeth Islands and the Indian Common Lands known generally as the Cranberry Bogs, the Clay Cliffs, and Herring Creek, all situated in the town of Gay Head, and all lands owned by the commonwealth or any of its constituent agencies, boards, departments, commissions, or offices.

The commission shall consist of twenty-one members; one selectman from each town on Martha's Vineyard, appointed by the board of selectmen of that town, or a member of the planning board or any other municipal agency, board, department, or office, appointed to the commission by the board of selectmen of that town; nine persons to be elected at large, island-wide, provided that there shall be not less than one person nor more than two persons elected from each town on Martha's Vineyard and provided that said elections shall be held in accordance with the provisions of the following paragraph; one county commissioner of Dukes county, appointed by the county commissioners of Dukes county; one member of the cabinet appointed by the governor; and four persons whose principal residence is not on Martha's Vineyard, to be appointed by the governor, said persons to have voice but not vote in deciding matters before the commission. In the event that legislation relevant to the purposes of this act is enacted by the Congress of the United States, the commission shall consist of twenty-two members: the twenty-one persons described in the above section, and the Secretary of the Interior of the United States or his designee.

The election of the nine at-large members of the commission shall be conducted at the next state election following the effective date of this act, and all succeeding elections of such members shall take place at the biennial state election. The nomination of candidates for election to the office of commission member shall be in accordance with sections six and eight of chapter fifty-three of the General Laws, provided, however, that no more than ten signatures of voters shall be required on nomination papers for such office. Notwithstanding the provisions of section ten of chapter fifty-three of the General Laws, nomination papers for said candidates shall be filed with the office of the state secretary on or before the tenth Tuesday preceding the day of the election. Such nomination papers shall be subject to the provisions of section seven of said chapter fifty-three. All candidates for said office are hereby exempted from the reporting requirements as provided for in section sixteen of chapter fifty-five of the General Laws. All appointing authorities shall appoint persons to the commission no later than fifteen days after the date of the election of the nine at-large commission members, and said authorities shall notify the state secretary of their appointments in writing. Upon his election or appointment to the commission, each commission member shall be sworn to the faithful execution of his duties by the town clerk

in the town in which he resides; provided however, that the four commission members who do not have their principal place of residence on Martha's Vineyard shall be sworn by the town clerk of the town on Martha's Vineyard in which they reside. Upon the qualification of its members, but in no case later than December thirty-first, nineteen hundred and seventy-four, the commission members shall meet and organize by electing from among its members a chairman, vice-chairman, and clerk-treasurer. Succeeding election of officers shall be held annually, at a meeting called for that purpose; provided that the commission clerk-treasurer shall not concurrently hold the position of treasurer of Dukes County.

Terms of office for the elected members of the commission and for the non-resident taxpayer members shall be two years. Terms of office for members who are selectmen or their designees or county commissioners shall be for one year and may be renewed only upon vote of the appointing body. The cabinet officer appointed by the governor shall serve at the discretion of the governor. Terms of office shall be computed from January first of each year.

Any vacancy in an appointed position shall be filled in the same manner as the original appointment for the remainder of the unexpired term. Any vacancy in the elected membership shall be filled by a majority vote of the planning board, or the board of selectmen in the absence of a planning board, of the town in which the former member was a registered voter; said vacancy to be filled for the remainder of the unexpired term. The Secretary of the Interior or his designee shall serve pursuant to applicable federal law.

The commission may also contract for such additional clerical, expert, legal, and other assistance as may be required to discharge its responsibilities and may reimburse its members and staff for reasonable expenses incurred in the performance of their duties, including meals, travel and lodging.

SECTION 3. The commission may adopt regulations for the control of districts of critical planning concern pursuant to sections nine through twelve, inclusive, of this act and to specify conditions and modifications necessary for the control of developments of regional impact pursuant to sections thirteen through seventeen, inclusive, of this act.

In adopting such regulations, the commission may include any type of regulation which may be adopted by any city or town under the following general laws, as amended: chapter forty, section eight C, the Conservation Commission Act; chapter forty A, the Zoning Enabling Act; chapter forty C, the Historic Districts Act; chapter forty-one, sections eighty-one E through eighty-one H, as they relate to official maps; chapter forty-one, sections eighty-one K through eighty-one GG, the subdivision control law; chapter one hundred eleven, section twenty-seven B, as it relates to regional health boards; and chapter one hundred thirty-one, sections forty and forty A, as they pertain to the protection of wetlands.

Regulations adopted pursuant to section eleven or conditions and

modifications specified pursuant to section seventeen by the commission under the above-mentioned general laws may differ from the otherwise relevant local development ordinances and by-laws in their scope and magnitude when such ordinances and by-laws are clearly restrictive of the purposes of the commission. In adopting regulations or specifying conditions which would not otherwise be permitted or required by existing local development ordinances and by-laws the commission shall describe in writing and present evidence which demonstrates that the public health, safety, and welfare would be endangered or that irreversible damage would result to natural, historical, ecological, scientific, or cultural values on Martha's Vineyard by the continuing application of the existing local development ordinance or by-law as it applies to the specific district of critical planning concern or development of regional impact which the commission is considering.

The commission may be designated by any state or federal agency to participate in or receive funds and technical assistance from any state or federal programs, especially as those programs relate to environmental protection, conservation, land use planning, water and air quality control, economic development, transportation or the development of region-wide public services. The commission may authorize debt in anticipation of receipt of revenue as provided in section four.

SECTION 4. The commission shall annually in the month of January estimate the amount of money required to pay its total expense for the following fiscal year, deduct estimated contributions from other sources, and pro rate the net expenses to each town on the basis of its latest equalized valuation for property tax purposes as established pursuant to section nine of chapter fifty-eight of the General Laws. The commission shall certify the amount so determined to the treasurer of each town within the commission's jurisdiction who shall include the sum in the tax levy of the year.

Upon order of the commission, each town treasurer shall, subject to the provisions of sections fifty-two and fifty-six of chapter forty-one of the General Laws, pay to the commission treasurer the town's share of the commission's net expenses.

The commission may receive for the purposes of this act any funds or monies from any source, including grants, bequests, gifts, or contributions made by any individuals, association, corporations, or by municipal, county, state, or federal governments. Monies so received shall be disbursed by the commission treasurer upon an order voted by the commission; and the charges upon all towns may be reduced correspondingly upon a majority vote of the members if such monies were not included in the calculation of the town's net shares of expenses for the fiscal year.

The commission may authorize debt by a majority vote of the commission in anticipation of revenue to an amount not in excess of that to be received during the current fiscal year from all federal, state, county, and local sources. Notes issued under authority of this section

shall be signed by the clerk treasurer of the commission, and chairman of the commission shall countersign and approve them in the presence of the vice-chairman of the commission who shall certify to the fact on the face thereof. Such notes shall be payable, and shall be paid not later than one year from their dates, and shall not be renewed or paid by the issue of new notes, except as provided in section seventeen of chapter forty-four of the General Laws.

Where the imposition of a regulation promulgated by the commission pursuant to section eleven imposes costs on a municipal agency, the commission may transfer monies from its accounts to the accounts of such agency in reimbursement of such costs. For the purposes of this subsection, the term "costs" means those additional expenses incurred by a municipal agency solely in the performance of duties necessary to the enforcement of regulations promulgated pursuant to this act.

The commission may, upon a majority vote of its members, accept gifts of land, interests in land, or grants, bequests, gifts, or contributions for the purpose of acquiring land or interests in land in order to preserve and conserve land on Martha's Vineyard for the enjoyment and inspiration of present and future generations. The commission may also receive land or interests in land in trust or act in any appropriate capacity in a trust, provided that said trust be for the purpose of preserving and conserving land on Martha's Vineyard for public use and enjoyment.

SECTION 5. Notwithstanding the provisions of any ordinance or by-law of a municipality on Martha's Vineyard, every municipal land regulatory agency shall be governed by the procedures, standards, and criteria established pursuant to this act in passing on applications for development permits relating to areas and developments subject to this act. A copy of each such permit granted by any such agency after the temporary moratorium as provided in section seven shall be filed with the commission.

SECTION 6. The following words, wherever used in this act shall, unless the context requires otherwise, have the following meanings:

"Development", means any building, mining, dredging, filling, excavation, or drilling operation; or any material change in the use or appearance of any structure or in the land itself; or the dividing of land into parcels; or a change in the intensity of use of land, such as an increase in the number of dwelling units in a structure; or alteration of a shore, beach, seacoast, river, stream, lake, pond, or canal, including coastal construction; or demolition of a structure; or the clearing of land as an adjunct of construction; or the deposit of refuse, solid, or liquid waste or fill on a parcel of land.

"Development ordinances and by-laws", any by-law, ordinance, rule, regulation, or code adopted by a municipality for the control or regulation of activities related to construction, improvement, or alteration made to buildings of land within the boundaries of said municipality.

"Development permit", any permit, license, authority, or permission required from a municipal agency prior to the commencement of construction, improvement, or alteration made to buildings or land.

"Municipal land regulatory agency", any municipal agency, board, commission, department, office, or official that has statutory authority to approve or grant a development permit.

"Person", an individual, corporation, governmental agency, business trust, estate, trust, partnership, association, two or more persons having a joint or common interest, or any legal entity.

"Regulations", any ordinance, by-law, rule, regulation, or code which may be adopted by a city or town under the General Laws enumerated in section three of this act and which is adopted by the commission under the provisions of section eleven.

SECTION 7. Upon the election and complete organization of the commission there shall be a temporary moratorium for a period of twelve months, or for a period of forty-five days after standards and criteria are developed by the commission are approved by the secretary of communities and development as provided in section eight, whichever period is the shorter. During said moratorium period town authorities shall grant development permits only for:

(*a*) alterations to or replacement of existing structures, provided that the use and intensity of use of the altered or replacement structure remains substantially similar to the use and intensity of use of the previous structure;

(*b*) developments, construction, or improvements essential to protect the public health, safety, or welfare;

(*c*) the construction of one single family dwelling unit by one person on land owned by such person as of the effective date of this act. No person shall, however, be granted more than one development permit on Martha's Vineyard for the construction of a single family dwelling unit during the period of the moratorium, and all applications for permits to be granted during the moratorium period shall be submitted by the agency issuing the permit to the commission for certification as to compliance with this subsection. All permits granted under the provisions of this subsection shall also be registered with the commission within ten days of the granting of said permit;

(*d*) such other development, construction, or improvements as the commission once constituted, may specify; provided, however, that the commission, in acting under this provision, shall find that the provisions of the moratorium cause unnecessary and substantial hardship to the applicant and, that the granting of an exemption from the terms of the moratorium would be compatible with the purposes of this act;

(*e*) the subdivision of land, in order to correct minor discrepancies in boundary lines or to affect minor changes in boundary lines, for the purpose of clarifying titles or deeds to land; or the subdivision of land for the purpose of resolving conflicts resulting from the probate of estates; or the subdivision of land, in order to allow for the sale, gift, or bequest of land to a public or non-profit organization dedi-

cated to the conservation of land, for the purpose of conserving or preserving open space on Martha's Vineyard; or the subdivision of land by a person into not more than three lots during the moratorium period. Only one such subdivision shall be approved for each person, notwithstanding that such person owns land in more than one town on Martha's Vineyard, and provided further, that there shall be no further subdivision by any person of the parcels so subdivided during the moratorium period;

(*f*) the construction of separate, ancillary, nonresidential structures such as garages, barns, greenhouses, other agricultural structures, studios, docks, or wharves or the construction of structures such as decks, patios, porches, garages, or studios as additions to existing structures; provided that the use of any structure constructed under this subsection with the exception of agricultural structures shall not be used in any manner for commercial activities.

Nothing in this act shall be construed to prohibit the planning board of a town on Martha's Vineyard from accepting for consideration for approval any definitive subdivision plan pursuant to chapter forty-one of the General Laws, provided that such definitive subdivision plan was duly submitted to said planning board prior to the effective date of this act. Nothing in this act shall be construed to prohibit said planning boards from accepting for consideration for approval after the effective date of this act any preliminary or definitive subdivision plans pursuant to chapter forty-one of the General Laws, provided, however, that no approval on any definitive plan shall be granted by a planning board before the end of the temporary moratorium.

SECTION 8. Prior to any commission action pursuant to sections nine or fourteen, and within one year following the effective date of this act, the commission shall submit to the secretary of communities and development (*a*) standards and criteria which the commission proposes to use in determining whether or not a proposed area is one of critical planning concern as that term is defined in section nine of this act; and (*b*) standards and criteria which the commission proposes to use and to be used by municipal authorities in determining whether or not a proposed development is one of regional impact as that term is defined in section thirteen.

The secretary of communities and development, with the concurrence of such other members of the governor's cabinet as the governor shall designate for this purpose, may approve, disapprove or amend and approve with the advice and consent of the commission, the standards and criteria regarding designation of districts of critical planning concern and review of developments of regional impact if such standards and criteria are in accordance with the purposes of the commission. The secretary of communities and development and such other cabinet members designated by the governor shall approve, disapprove, or amend and approve standards and criteria submitted to them within forty-five days after the receipt of such standards and criteria.

SECTION 9. The commission may, after notice to all municipalities which include within their boundaries any part of the area of a proposed district of critical planning concern and after notice and public hearing pursuant to section two of chapter thirty A of the General Laws, designate specific geographical areas on Martha's Vineyard as districts of critical planning concern. The designation of such districts shall be made only in accordance with the standards and criteria for districts of critical planning concern approved pursuant to section eight.

A district of critical planning concern may be designated only for (*a*) an area which possesses unique natural, historical, ecological, scientific, or cultural resources of regional or statewide significance; (*b*) an area which possesses marginal soil or topographic conditions which render it unsuitable for intense development; or (*c*) an area significantly affected by, or having significant impact on, an existing or proposed major public facility or other area of major public investment. A major public facility is any publicly owned facility of regional importance except:

(1) any public facility operated by a municipality primarily for the benefit of the residents of that municipality, or by any agency serving primarily the residents of one municipality;

(2) any street or highway which is not recognized as or maintained as a part of the state or federal highway system; or

(3) any educational institution serving primarily the residents of one municipality.

Nomination of areas for consideration for designation as districts of critical planning concern may be made by the commission or by a board of selectmen, planning board, board of health, or conservation commission of any of the towns affected by this act for any area within or without its municipal boundaries. Nominations also may be made upon petition of twenty-five taxpayers of any town on the island. Within forty-five days of the receipt of a nomination the commission shall accept or reject the nomination for consideration for designation upon a majority vote of its members. The acceptance of a nomination for consideration for designation shall be accompanied by a general statement of purpose, describing the reasons for acceptance of the nomination for consideration. Nominations which are not accepted for consideration shall be returned to their sponsors with a written explanation of the commission's reasons for not accepting the nomination within forty-five days of submission. The commission may consolidate nominations which pertain to the same geographical area or to areas which are contiguous or it may amend a nomination. Nominations accepted for consideration for designation which do not receive designation may be reconsidered for designation within one year of the original acceptance for consideration upon a vote of two thirds of the commission members.

In its designation of a district of critical planning concern, the commission shall specify why the area is of critical concern to the region, the problems associated with the uncontrolled or inappropriate

development of the area, and the advantages to be gained from development of the area in a controlled manner. The commission also shall specify guidelines for the development of the district. The issuance of such guidelines shall be based on, but need not necessarily be limited to, the following considerations:

(*a*) that development of the district will not result in undue water, air, land, or noise pollution, taking into account the elevation of the district above sea level, the nature of the soils and subsoils and their ability adequately to support waste disposal, the slope of the land and its effect on effluents, availability of streams and other conduits for disposal of effluents, and the applicable health, water resources and environmental regulations;

(*b*) that the existing water supply of the district will not be unreasonably burdened by any development;

(*c*) that development of the district will not result in increased beach erosion or damage to the littoral ecology or wetlands;

(*d*) that development of the district will not result in increased beach erosion or damage to the littoral ecology or wetlands.

In any application for a development permit which applies to an area within a district of critical planning concern, the burden of proof of compliance with the above considerations shall be on the applicant. The commission may amend or rescind the designation of a district in the manner provided for designation.

Nominations accepted for consideration for designation which do not receive designation from the commission within sixty days of the date of acceptance shall be returned to their sponsors with a written explanation of the commission's reasons for not granting the designation. Initial nominations for districts of critical planning concern shall not be submitted to the commission for twelve months following the effective date of this legislation, or until standards and criteria are approved as provided in section eight, whichever period is the lesser.

SECTION 10. No municipality shall grant a development permit applicable within a district of critical planning concern except in accordance with regulations promulgated pursuant to section eleven.

The acceptance of a nomination for consideration for designation of a district of critical planning concern shall suspend the power of a municipality to grant development permits applicable within the district; provided, however that until regulations for the district adopted pursuant to section eleven have become effective, a municipality may grant development permits, applicable within the district if:

(*a*) the type of proposed construction, improvement, or alteration is essential to protect the public health, safety, and general welfare because of an existing emergency certified by the commission, and,

(*b*) a development ordinance or by-law had been in effect immediately prior to the nomination of such area and development permits would have been granted under such ordinance or by-law.

SECTION 11. After designation of a district of critical planning concern, a municipality whose boundaries include all or part of the

district may adopt regulations in accordance with the guidelines for the development of the district as set forth in the designation. In adopting such regulations, each municipality shall have all of the powers it otherwise had under the General Laws. A copy of regulations so adopted shall be transmitted to the commission. If the commission determines that the regulations adopted by a municipality comply with the guidelines for the development of the district specified in the commissions' designation of the district, the commission shall, after notice to all municipalities which include within their boundaries any part of the district of critical planning concern and after notice and public hearing pursuant to section two of chapter thirty A of the General Laws, approve or amend and approve such regulations. When two or more municipalities may, pursuant to this act, adopt regulations for areas within a single district, the commission shall encourage such municipalities to adopt compatible regulations.

If a municipality whose boundaries include all or part of the district fails to submit regulations which comply with the guidelines for the development of the district within three months after the designation, the commission may after notice to such municipality and after notice and public hearing pursuant to section two of chapter thirty A of the General Laws, adopt regulations applicable to such municipality's portion of the district. Such regulations shall specify the extent to which they shall supersede the otherwise applicable local development ordinances and by-laws or be supplementary thereto. Regulations so adopted shall be only the types specified in section three.

All regulations so adopted shall be incorporated, without regard to the provisions of section thirty-two of chapter forty of the General Laws, by the municipality into the official ordinances, by-laws, and maps of the municipality and shall not be effective prior thereto. Such regulations shall be administered by the municipality as if they were part of its development ordinances and by-laws. If such a regulation requires enforcement by an administrative office or body which has not been constituted by a municipality, the board of selectmen of the municipality shall enforce said regulation. At any time after the adoption by the commission of such regulations, the municipality concerned may adopt regulations which, if approved by the commission as provided in the preceding subsection, shall supersede any regulations adopted by the commission pursuant to this subsection.

A municipality may amend or rescind regulations in the manner provided for adoption and approval.

SECTION 12. If the commission has not approved or adopted regulations applicable to the entirety of a district within twelve months after designation of such district, the designation of such part for which regulations have not been approved or adopted shall be terminated. No part of the area formerly designated as a district shall again be designated as a district for a period of twelve months from

the date of such termination. Notice of such termination shall be given in the same manner as provided for designation.

SECTION 13. The commission shall adopt and submit for approval, pursuant to section eight, standards and criteria which specify the types of development which, because of their magnitude or the magnitude of their effect on the surrounding environment, are likely to present development issues significant to more than one municipality of the island of Martha's Vineyard. For the purpose of this act, such types of development shall be termed "developments of regional impact".

In adopting standards and criteria pursuant to this section, the commission shall consider, but shall not be limited by, the following considerations:

(*a*) the extent to which a type of development would create or alleviate environmental problems, including, but not limited to, air, water, and noise pollution;

(*b*) the size of the site to be developed;

(*c*) the amount of pedestrian and vehicular traffic likely to be generated;

(*d*) the number of persons likely to be residents, employees, or otherwise present;

(*e*) the extent to which a type of development is intended to serve a regional market;

(*f*) the location of a type of development near a waterway, publicly-owned land, or a municipal boundary; and

(*g*) the extent to which the development would require the provision of the following municipal or regional services: solid waste disposal, public water supplies, sewage treatment facilities, parking facilities and tourist services, and public education facilities.

SECTION 14. The governmental agency within each municipality which has responsibility for issuing a development permit, or when multiple permits are required, the local planning board, or board of selectmen in the absence of a planning board, shall in accordance with the standards and criteria approved pursuant to section eight determine whether or not a proposed development, for which application for a development permit has been made, is one of regional impact, it shall refer the application for the development permit to the commission.

SECTION 15. The commission shall review all applications for development permits for developments of regional impact and shall permit the referring agency to grant a development permit for such a development only if it finds, after notice and public hearing pursuant to section two of chapter thirty A of the General Laws, that:

(*a*) the probable benefit from the proposed development will exceed the probable detriment as evaluated pursuant to section sixteen;

(*b*) the proposed development will not substantially or unreasonably interfere with the achievement of the objectives of the general plan of any municipality or the general plan of Dukes county;

(*c*) the proposed development is consistent with municipal development ordinances and by-laws, or, if it is inconsistent, the inconsisten-

cy is necessary to enable a substantial segment of the population of a larger community of which the municipality is a part to secure adequate opportunities for housing, education, or recreation, and

(*d*) if the proposed development is located in whole or in part within a designated district of critical planning concern, it is consistent with the regulations approved or adopted by the commission pursuant to section eleven above.

SECTION 16. In making a finding of the probable benefits and detriments of a proposed development, the commission shall not restrict its consideration to benefits and detriments within the municipality of the referring agency, but shall consider also the impact of the proposed development on the areas within other municipalities. Such probable benefits and detriments shall be considered even if they are indirect, intangible or not readily quantifiable. In evaluating the probable benefits and detriments of a proposed development of regional impact, the commission shall consider, together with other relevant factors, whether:

(*a*) development at the proposed location is or is not essential or especially appropriate in view of the available alternatives on the island of Martha's Vineyard;

(*b*) development in the manner proposed will have a more favorable or adverse impact on the environment in comparison to alternative manners of development;

(*c*) the proposed development will favorably or adversely affect other persons and property, and if so, whether, because of circumstances peculiar to the location, the effect is likely to be greater than is ordinarily associated with the development of the type proposed;

(*d*) the proposed development will favorably or adversely affect the supply of needed low and moderate income housing for island residents:

(*e*) the proposed development will favorably or adversely affect the provision of municipal services and the burden on taxpayers in making provision therefor;

(*f*) the proposed development will use efficiently or burden unduly existing public facilities or those which are to be developed within the succeeding five years;

(*g*) the proposed development will aid or interfere with the ability of the municipality to achieve the objectives set forth in the municipal general plan; and

(*h*) the proposed development will further or contravene land development objectives and policies developed by regional or state agencies.

Whenever the commission is required to find whether the probable benefit from a proposed development of regional impact will exceed the probable detriment, it shall prepare a written opinion setting forth the grounds of its findings.

SECTION 17. No referring agency shall grant a development permit for a development of regional impact except with the permission of the commission. In permitting the referring agency to grant a development permit for a development of regional impact the com-

mission may also specify conditions to be met by the developer to whom the permit is being issued for the purpose of minimizing economic, social, or environmental damage.

SECTION 18. Any party aggrieved by a determination of the commission may appeal to any court of competent jurisdiction. The court shall hear all pertinent evidence and shall annul the determination of the commission if it finds that said determination is unsupported by the evidence or exceeds the authority of the commission, or it may remand the case for further action by the commission or may make such other decree as is just and equitable. Costs of the appeal shall not be allowed against the commission unless it shall appear to the court that the commission acted with gross negligence, bad faith or malice. Costs of such appeal shall not be allowed against the appellant unless it shall appear to the court that the appellant acted in bad faith or with malice.

SECTION 19. Effective upon the date of the first meeting and upon the organization of the commission, chapter six hundred and ninety of the acts of nineteen hundred and sixty-six is repealed. All powers and duties of the Dukes County Planning and Economic Development Commission, including those authorized by the commonwealth and the federal government, shall be transferred to the commission and the terms of office of the members of the Dukes County Planning and Economic Development Commission shall expire at that time. For the purposes of executing the functions of the Dukes County Planning and Economic Development Commission as transferred, the commission boundaries shall include all of the land in Dukes county, specifically including the Elizabeth Islands and the Indian Common Lands.

All employees of the Dukes County Planning and Economic Development Commission who hold positions with the Dukes County Planning and Economic Development Commission immediately prior to the repeal of chapter six hundred and ninety of the acts of nineteen hundred and sixty-six shall be transferred to the commission at the time of repeal of said chapter six hundred and ninety. Such transfer shall be without impairment of seniority, retirement, or other rights or benefits, without interruption of service, and without reduction in compensation or salary grade notwithstanding any change in job title or duties resulting from such transfer.

All books, papers, records, documents, equipment, lands, interests in land, buildings, facilities, and other property, both personal and real, which immmediately prior to the repeal of chapter six hundred and ninety of the acts of nineteen hundred and sixty-six, are in the custody of the Dukes County Planning and Economic Development Commission shall be transferred to the commission as of the date of the repeal of said chapter six hundred and ninety.

All monies heretofore received from any source by the Dukes County Planning and Economic Development Commission for the performance of its duties and remaining unexpended on the date of the repeal of said chapter six hundred and ninety shall be transferred to the commission as of the date of repeal of said chapter and shall be available for expenditure by the commission.

All duly existing contracts, leases, and obligations of the Dukes County Planning and Economic Development Commission which are in force immediately prior to the repeal of said chapter six hundred and ninety shall be transferred to the commission as of the date of the repeal of said chapter. All petitions, hearings, and other proceedings duly brought before, and all prosecutions and legal and other proceedings duly begun by the Dukes County Planning and Economic Development Commission which arise from or relate to the exercise of the powers or duties of said commission and which are pending immediately prior to the repeal of said chapter six hundred and ninety, shall continue unabated and remain in force notwithstanding the repeal of said chapter.

In addition to performing its functions under this act, the commission may perform any function assigned to it under federal law.

SECTION 20. The provisions of this act are severable, and if any of its provisions shall be held unconstitutional or invalid by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Approved July 27, 1974.

Chap. 647. AN ACT ESTABLISHING AN ALTERNATIVE PROCEDURE FOR THE DISPOSITION OF CASES INVOLVING PERSONS CONVICTED OF OPERATING MOTOR VEHICLES WHILE UNDER THE INFLUENCE OF INTOXICATING LIQUOR.

Be it enacted, etc., as follows:

SECTION 1. Chapter 90 of the General Laws is hereby amended by adding after section 24C the following two sections:—

Section 24D. Any person convicted of operating a motor vehicle while under the influence of intoxicating liquor may, if he consents, be placed on probation for one year and shall, as a condition of probation, be assigned to a driver alcohol education program as provided herein and, if deemed necessary by the court, to an alcohol treatment or rehabilitation program or to both as provided herein. Such order of probation shall be in addition to any penalties imposed as provided in paragraph (*a*) of subdivision (1) of section twenty-four and shall be in addition to any requirement imposed as a condition for any suspension of sentence.

In order to qualify for disposition under this section, said person shall cooperate in a pre-sentence investigation conducted by the probation staff of the court or such probation officers as may be temporarily appointed to the court for the supervision of cases of operating under the influence of intoxicating liquor in such manner as the commissioner of probation shall determine. After conviction, the case shall be continued for fourteen days for disposition, at which time a pre-sentence report shall be made to the judge. Said report shall be uniform in content and format throughout the commonwealth and shall include but shall not be limited to a copy of said person's driving record and other records obtained from the registrar, or other person designated by him, pertaining to said person's operation of a motor vehicle as well as any recommendation by the registrar as to whether said person should later be eligible for early reinstatement of his

license as provided in section twenty-four E. The court shall report the disposition of any such case to the registrar. Following disposition, the probation officer supervising a person pursuant to the provisions of this section shall maintain a written and current report which shall include but shall not be limited to consideration of said person's participation in any program in which he has been placed as a condition of probation as well as to a consideration of his drinking and driving behavior.

Driver alcohol education programs utilized under the provisions of this section shall be established and administered by the director of the division of alcoholism in consultation with the registrar and the secretary of public safety, and shall include but shall not be limited to instruction on driver improvement skills as part of the course content.

Alcohol treatment, rehabilitation program or alcohol treatment and rehabilitation programs utilized under the provisions of this section shall include any public or private out-patient clinic, hospital, employer or union-sponsored program, self-help group, or any other organization, facility, service or program which the division of alcoholism has accepted as appropriate for the purposes of this section. The division shall prepare and publish annually a list of all such accepted alcohol treatment, rehabilitation programs and alcohol treatment and rehabilitation programs, shall make this list available upon request to members of the public, and shall from time to time furnish each court in the commonwealth, the registrar, and the secretary of public safety with a current copy of said list.

A fee of two hundred dollars shall be paid to the chief probation officer of each court by each person placed in a program of driver alcohol education and, if deemed necessary by the court, a program of alcohol treatment, rehabilitation, or alcohol treatment and rehabilitation pursuant to this section, and all such fees shall be deposited with the state treasurer to be kept in a separate fund in the treasury for expenditure by the division of alcoholism subject to appropriation for the support of said program. No person may be excluded from said program for inability to pay the stated fee, provided that such person files an affidavit of indigency or inability to pay with the court within ten days of the date of disposition, that investigation by the probation officer confirms such indigency or establishes that the payment of such fee would cause a grave and serious hardship to such individual or to the family of such individual, and that the court enters a written finding thereof. Any facility or organization with a treatment or rehabilitation program or a treatment and rehabilitation program used hereunder shall be subrogated to any public or private third party payments which may be due for the cost of alcohol treatment, rehabilitation, or both.

The state treasurer may accept for the state for the purpose of driver alcohol education, treatment, or rehabilitation any gift or bequest of money or property and any grant, loan, service, payment or property from a governmental authority. Any such money received shall be deposited in the separate fund in the treasury for expen-

diture by the division of alcoholism subject to appropriation for the support of said driver alcohol education or alcohol treatment or rehabilitation programs in accordance with the conditions of the gift, grant, or loan without specific appropriation. Any federal legislation generating funds for driver alcohol education or treatment or rehabilitation shall be used by the division of alcoholism to the extent possible to support the purposes of this act.

The commissioner of probation shall report in writing at least once annually to the director of the division of alcoholism on the total number of persons found guilty of operating under the influence of intoxicating liquor who have received disposition hereunder and on the number of such persons who have been determined by the court to require alcohol treatment or rehabilitation, or both. Said commissioner and the chief justices of the district courts and the Boston municipal court shall make further written report at least once annually to said director on the resources available for alcohol treatment or rehabilitation, or alcohol treatment and rehabilitation, of alcohol-impaired drivers, which report shall evaluate the existing resources and shall make recommendation as to additional necessary resources. Said director shall take such reports into consideration in the development, implementation, and review of the state's alcoholism plan and in the preparation of the division annual budget in a manner consistent with the Alcoholism Treatment and Rehabilitation Law.

Section 24E. The provisions of this section shall apply only to persons convicted of operating a motor vehicle while under the influence of intoxicating liquor who have not committed a violation of paragraph (*a*) of subdivision (1) of section twenty-four in this commonwealth or a like offense in any other state or federal jurisdiction within a period of six years immediately preceding the commission of the offense for which such conviction has been entered, and against whom no such charge is pending; nor shall the provisions of this section apply to any person whose license or right to operate is currently suspended or revoked for any reason other than for a violation of paragraph (*a*) of subdivision (1) section twenty-four or paragraph (*f*) of subdivision (1) of section twenty-four. The provisions of this section shall not apply where notice from the registrar of intention to suspend or revoke a person's license or right to operate is pending prior to the date of complaint on the offense before the court nor to cases, where under paragraph (*c*) of subdivision (1) of section twenty-four, the violation is determined to have caused a death.

In order to qualify for a disposition under this section such person shall, in the judgment of the court, have cooperated fully with the pre-sentence investigation as described in section twenty-four D and shall be and have been in full compliance with such order as the court may have made for a one year term of probation as provided therein, including participation in such driver alcohol education programs, alcohol treatment or alcohol treatment and rehabilitation programs as the court may have ordered.

Nothing in this section shall be construed to prevent the exercise

by a court of its authority under law to make any other disposition of a case of operating under the influence of intoxicating liquor.

Where a person has been placed on probation and is qualified for disposition under this section and revocation of a license or right to operate has taken effect for the conviction of operating under the influence of intoxicating liquor, a hearing shall be held by the court at any time after sixty days but not later than ninety days from the date of said revocation to review such person's compliance with the program ordered as a condition of probation and to determine whether early reinstatement of said operator's license or right to operate is warranted.

At said hearing the probation officer shall submit to the court a written report which shall include but shall not be limited to a written statement by the supervisor of any program of alcohol education and of any program of alcohol treatment, rehabilitation, or alcohol treatment and rehabilitation to which the court has assigned such person. Said statement shall consider such person's participation and attendance in each such court ordered program. The registrar shall submit a written report to the judge at said hearing regarding any entries made on said person's driving record in the period following conviction or any entries which were not available at the time of the pre-sentence report and shall also forward his recommendations as to whether early reinstatement is warranted. If the judge finds sufficient basis to conclude that said person has satisfactorily completed or is satisfactorily complying with said program and that early reinstatement of said license or right to operate is warranted, unless he determines that early reinstatement would constitute a threat to the public safety, the court shall in writing notify the registrar of said finding; and as soon as is practicable after the ninetieth day following the date of revocation and subsequent to said notification by the court, the registrar shall issue a new license or reinstate the right to operate in accordance with the procedures provided in section eight. Appropriate orders relative to said person's participation in a program or relative to a later hearing may be made by the court at its hearing, subject to the duration of the one year term of probation.

If the court does not find that such early reinstatement is warranted said person may petition the court for another hearing any time following sixty days after the entering of any such finding, and the court shall grant such hearing within thirty days; provided, however, that said person may not petition the court for any such subsequent hearing following the expiration of said person's one year term of probation.

The probation officer supervising a person pursuant to the provisions of this section shall make a written report to the court if such person has failed to satisfactorily comply with a court ordered program or if such person's operation of a motor vehicle constitutes a threat to the public safety. Upon receipt of such report the court shall forthwith hold a hearing on the matter. If at such hearing the court shall determine that said person has failed to satisfactorily comply with said program or that said operation of a motor vehicle con-

stitutes such a threat, the court shall forthwith notify the registrar of said finding and the registrar shall forthwith and without further hearing revoke said person's license or right to operate. Such revocation shall be for the remainder of the one year period from the date of revocation provided in paragraph (*c*) of subdivision (1) of section twenty-four. Said person shall thereafter be subject to the same conditions for issuance of a new license or right to operate as any person applying for a new license or right to operate following revocation as provided in paragraph (*c*) of subdivision (1) of section twenty-four.

Where an order of probation has been revoked by the court, the court shall forthwith so notify the registrar in writing and the registrar shall forthwith revoke said person's operators license or right to operate which was restored under this section and without further hearing.

SECTION 2. Paragraph (*c*) of subdivision (1) of section 24 of said chapter 90, as most recently amended by chapter 253 of the acts of 1970, is hereby further amended by inserting after the word "aforesaid", in line 10, the words:— except as provided in section twenty-four D.

SECTION 2A. The division of alcoholism shall incorporate within its state alcoholism plan a plan for providing services to persons convicted of operating under the influence of intoxicating liquor and deemed by a court to require alcohol treatment or rehabilitation, or both.

SECTION 2B. The director of the division of alcoholism shall consult from time to time with the registrar and secretary of public safety and they shall report to the governor and to the general court not later than two years from the effective date of this act on the status of the driver alcohol education programs and alcohol treatment, rehabilitation, or alcohol treatment and rehabilitation programs utilized in the commonwealth under the provision of section twenty-four D of chapter ninety of the General Laws, inserted by section one of this act, and they shall make such recommendations as they may deem appropriate pertaining to changes in the penalty for operating under the influence of intoxicating liquor.

SECTION 2. This act shall take effect on January first, nineteen hundred and seventy-five.

Chap. 672. AN ACT CREATING THE WESTOVER METROPOLITAN DEVELOPMENT CORPORATION.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to aid private enterprise in the speedy and orderly conversion and redevelopment of lands formerly used for certain activities at Westover Air Force Base in order to prevent blight, economic dislocation and unemployment, and to aid private enterprise fully to utilize certain opportunities to alleviate unemployment, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. *Findings and Purpose.* It is hereby found that there exists within the commonwealth substantial unemployment which is detrimental to the welfare of the people of the commonwealth; that the termination by the United State of certain activities at the Westover Air Force Base will, in the absence of a speedy and orderly conversion and redevelopment of lands formerly used for such activities to nonmilitary uses, result in blight, economic dislocation, and additional unemployment, all to the further detriment of the welfare of the people of the commonwealth; and that private enterprise, unaided by the commonwealth, is unable to accomplish such a speedy and orderly conversion and redevelopment so as to prevent such further detriment. It is further found that there are opportunities presented by such termination to private enterprise to

alleviate such unemployment, and that private enterprise, unaided by the commonwealth, is unable fully to utilize such opportunities.

Therefore, it is the purpose of the Westover metropolitan development corporation created by this act to aid private enterprise in the speedy and orderly conversion and redevelopment of lands formerly used for certain activities at said base to nonmilitary uses, including, but not limited to, industrial, commercial, or manufacturing uses, in order to prevent blight, economic dislocation, and additional unemployment and to aid private enterprise fully to utilize opportunities to alleviate unemployment.

SECTION 2. In this act the following words and phrases shall, unless the context requires otherwise, have the following meanings:—

"Corporation", the Westover metropolitan development corporation.

"Cost of a project", all costs, whether incurred prior to or after the issue of bonds or notes hereunder, of acquisition, site development, construction, improvement, enlargement, reconstruction, alteration, machinery, equipment, furnishings, demolition or removal of existing buildings or structures, including the cost of acquiring any lands to which such buildings or structures may be moved, financing charges, interest prior to and during the carrying out of any project, interest for up to two years after completion or estimated completion date of any project, planning, engineering and legal service, administrative expense, the funding of notes issued for capital purposes, such reserve for debt service or other capital or current expenses as may be required by a trust agreement or resolution securing notes or bonds, and all other expenses incidental to the determination of the feasibility of any project or to carrying out the project or to placing the project in operation.

"Economic development area", any part of the area formerly used by the United States for the Westover Air Force Base.

"Economic development plan", a detailed plan, as it may be approved from time to time by the municipality as herein provided, for one or more economic development projects within an economic development area, which plan shall be consistent with local objectives respecting appropriate land uses, and shall be sufficiently complete to indicate the boundaries of the area, such land acquisition, such demolition, removal, and rehabilitation of structures, and such development, redevelopment and general public improvements as may be proposed to be carried out within such area, zoning and planning changes, if any, and proposed land uses, maximum densities and building requirements; provided, however, that no economic development plan shall propose zoning changes, to or from business or residential uses, or provide for any office building other than one wholly incidental to a manufacturing, commercial, or industrial use within the area without the specific approval of the city or town within which the project lies.

"Economic development project", a project to be undertaken in accordance with an economic development plan for acquisition by

the corporation of land and the improvements thereon, if any, within an economic development area and for clearance, if necessary, rehabilitation, improvement, and redevelopment for industrial, manufacturing, or commercial uses. An economic development project may include improvements necessary for carrying out the objectives of the economic development project, together with such site improvements as are necessary for the preparation of any site for uses in accordance with the economic development plan, and making any land or improvements acquired in the area of the project available for redevelopment or rehabilitation by private enterprise, including sale, initial leasing or retention by the corporation for industrial, manufacturing, or commercial uses in accordance with the economic development plan. An economic development project may also include the construction by the corporation of any of the buildings, structures or other facilities for industrial, manufacturing, or commercial uses contemplated by the economic development plan and the repair, removal or rehabilitation by the corporation of any of the buildings, structures or other facilities located in the area covered by the economic development plan which, under such plan are to be repaired, removed or rehabilitated.

"Lands", any real property, improvements thereon, and related personal property.

"Municipality", the town of Ludlow, with respect to any parcel of land lying wholly therein, the city of Chicopee, with respect to any parcel of land lying wholly therein, or the town of Ludlow and the city of Chicopee acting jointly, with respect to any parcel of land lying partly within said town and partly within said city.

"Pollution control facilities", facilities for the prevention, avoidance, reduction, control, abatement or elimination of pollution of air or waters by industrial, manufacturing, or commercial establishments by any means.

SECTION 3. There is hereby created a body politic and corporate to be known as the Westover metropolitan development corporation, which shall be governed by a board of nine directors, all residents of the Springfield-Chicopee-Holyoke standard metropolitan statistical area, one of whom shall be appointed chairman by a majority vote of the other directors, three of whom shall be appointed by the mayor of the city of Chicopee, with the approval of the board of aldermen of the city of Chicopee, two of whom shall be appointed by the first selectman of the town of Ludlow, with the approval of the board of selectmen of the town of Ludlow, and three of whom shall be experienced in industry, manufacturing, or commerce, shall not be residents of the city of Chicopee or the town of Ludlow, and shall be appointed by a majority vote of the other directors; provided, however, that the initially appointed chairman shall be one of three nominees of the Westover task force created by the joint commission on federal base conversion and those three members initially appointed on the basis of experience and nonresidency shall be appointed by the chairman, each from among three nominees of said task force. The chairman and other directors shall serve for terms of

three years; provided, however, that of those initially appointed by the mayor of the city of Chicopee, two shall be for terms of two years, of those initially appointed by the first selectman of the town of Ludlow, one shall be for a term of two years, and of those initially appointed by the chairman of the board of directors, two shall be for terms of two years. Vacancies arising other than from the expiration of a term shall be filled for the remainder of the unexpired term in the same manner as regularly provided for such appointments. Directors shall receive no compensation for the performance of their duties hereunder, but each director may be reimbursed for expenses actually incurred in the performance of his duties.

A majority of the nine directors shall constitute a quorum for the transaction of any business, but the action of a majority of the entire board shall be required for any transaction. For the purposes of section eleven A of chapter thirty A of the General Laws, the corporation shall be deemed to be an authority established by the general court to serve a public purpose in the commonwealth.

SECTION 4. The directors of the corporation shall adopt a corporate seal for the corporation, and designate the custodian thereof; may from time to time appoint and at pleasure remove a clerk, a treasurer or such other officers of the corporation as they may deem necessary, and may determine their duties and their compensation, which shall be paid by the corporation; shall cause at all times accurate accounts to be kept of all receipts and expenditures of the funds of the corporation; and shall make a report annually in December to the city of Chicopee and the town of Ludlow and to the general court, containing an abstract of such accounts and detailed information of all receipts and expenditures, including prices paid for land purchased or taken and any buildings constructed thereon, contracts for construction of facilities and for the leasing thereof, and such other detailed information as may be deemed helpful. The offices of treasurer and clerk may be held by the same person. The corporation shall cause an audit of its books and accounts to be made at least once in each fiscal year by certified public accountants and the cost thereof shall be treated as an item of current expense. Except as otherwise provided in this act, the corporation shall have full power to exercise care of its property and the management of its business and affairs, and to sell and convey any real property not needed for its business or affairs, by deed or other instrument sealed with the corporate seal, signed and acknowledged by a majority of the board of directors or in like manner to authorize such sale and conveyance by any of its officers or agents. The treasurer shall give bond for the faithful performance of his duties, with a surety company authorized to do business in this commonwealth as surety, in such sum as the said board may determine, the premium therefor to be paid by the corporation. The provisions of chapter thirty-one of the General Laws or any rule made thereunder shall not apply to any person employed or engaged by the corporation under this act.

SECTION 5. The corporation is hereby authorized:

(*a*) To sue and be sued in its own name, and plead and be impleaded.

(*b*) To adopt by-laws for the regulation of its affairs and the conduct of its business, and to alter the same at its pleasure.

(*c*) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, and to employ consulting engineers, superintendents, managers, and such other engineers, construction and accounting experts and attorneys and such other employees, agents and consultants as may be necessary in its judgment, and to fix their compensation.

Any municipality may borrow outside its debt limits to obtain money for a loan to the corporation, with the approval of the secretary of communities and development.

(*e*) To borrow money, and, from time to time, to make, accept, endorse, execute, and issue bonds, debentures, promissory notes, bills of exchange, and other obligations of the corporation, for moneys borrowed or in payment for property acquired or for any of the other purposes of the corporation, and to secure the payment of such obligations by mortgage, pledge, deed, indenture, agreement, or other instrument of trust, or by other lien upon, assignment of, or agreement in regard to all or any part of the property, rights, or privileges of the corporation.

(*f*) To issue revenue bonds of the corporation, payable solely from revenues, for the purpose of paying all or any part of the cost of a project or projects, except that any municipality may, upon request by the corporation, pledge its full faith and credit to the solvency of the corporation.

(*k*) To designate, subject to the approval of the municipality, areas

formerly used for the Westover Air Force Base as economic development areas.

(*l*) Whenever the United States shall give notice that any lands, or any interest therein, formerly used for the Westover Air Force Base are available for disposal or make advertisement for bids with respect to such lands, or such interest, the corporation may take whatever steps are required by federal law to acquire such lands, or such interest.

(*m*) To acquire and hold any lands, or any interest therein, formerly used for the Westover Air Force Base.

(*n*) To procure insurance against any loss in connection with its property and other assets and operations in such amounts and from such insurers as it deems desirable.

(*p*) To arrange or contract with the municipality for the planning, replanning, opening, grading or closing of streets, roads, alleys or other places or for the furnishing of facilities or for the acquisition by the municipality of property or property rights or for the furnishing of property or services in connection with a project or projects.

(*q*) To sell, convey, mortgage, lease, transfer option, exchange or otherwise dispose of, any lands, or any interest therein, as the objects and purposes of the corporation may require, subject to such limitations as may be prescribed by law.

(*s*) To manage any project whether owned or leased by the corporation and to enter into agreements with the commonwealth or the municipality or any agency or instrumentality thereof or with any person, firm, partnership or corporation either public or private for the purpose of causing any project to be managed.

(*t*) To act with respect to one or more projects as a corporation organized under section three or section eighteen B of chapter one hundred twenty-one A of the General Laws; provided that the accounts for each project shall be kept separately, and the income of one project shall not be expended upon or for the benefit of another project.

(*u*) To borrow money for the purposes of aiding in the construction of equipment required by the commonwealth or United States to abate air or water pollution.

(*v*) To do all acts and things necessary or convenient to carry out the powers expressly granted in this act.

SECTION 6. No economic development project shall be undertaken until a public hearing relating to the economic development

plan covering such project has been held by the corporation after due notice, and the economic development plan has been approved, in the case of the town of Ludlow, by an affirmative two-thirds vote of an annual town meeting or a special town meeting called for the purpose, and, in the case of the city of Chicopee, by a two-thirds vote of the board of aldermen with the approval of the mayor. If no economic development project covered by an economic development plan is commenced within seven years after the approval of such plan, the approval of such plan shall lapse.

Every economic development plan submitted to the municipality for approval under this act (*i*) shall require that every person occupying the whole or any part of the economic development area covered by such plan during the period of forty years after the approval of such plan shall make every reasonable effort, in employing persons in his business, to give to the fullest practicable extent preference to residents of the municipality and (*ii*) shall be accompanied by a report on such plan by the planning agency of the municipality to whom such plan shall have been submitted before its submission to the municipality by a statement of the proposed method for financing each project covered by such plan and by such other information as the corporation deems advisable.

Notice of the public hearing required by the first paragraph of this section shall be given by the corporation to (1) such persons, groups and organizations as have requested in writing that such notice be given them, (2) the department and secretary and agency, whether of the city or of the commonwealth, likely in the judgment of the corporation to have an actual or potential interest in the economic development plan, (3) the senator for every senatorial district of the commonwealth, and the representative for every respresentative district thereof, within which the economic development area or any part thereof lies. In the course of preparing an economic development plan, the corporation shall consult with each of the aforesaid so far as in the judgment of the corporation it is practicable.

If an economic development plan is so approved by the municipality the corporation shall have the powers and duties imposed by this act to undertake and carry out the economic development projects covered by such plan. The corporation shall not be required to submit an economic development plan so approved to the department of community affairs of the commonwealth for further approval.

SECTION 7. Except as provided herein rents and charges for services or facilities furnished or supplied by the corporation shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the commonwealth or any political subdivision thereof, and, if derived from a project in connection with which revenue bonds have been issued, shall, with all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of the bonds or in the

trust agreement, but including such part thereof as may be necessary to provide such reserves for the payment of the principal of and the interest on said revenue bonds as may be provided for in such resolution or trust agreement, and including also the proceeds of any and all sales by the corporation of property within the project area, be set aside at such regular intervals as may be provided for in such resolution or trust agreement, in a sinking fund which is hereby pledged to and charged with the payment of (1) the interest upon such bonds as such interest shall fall due, (2) the principal of the bonds as the same shall fall due, (3) the necessary charges of paying agents for paying principal and interest, and (4) the redemption price or the purchase price of bonds retired by call or purchase as therein provided.

SECTION 8. The corporation shall be liable in contract or in tort in the same manner as a private corporation. The directors, employees, officers and agents of the corporation shall not be liable as such on its contracts or for torts not committed or directly authorized by them. The property or funds of the corporation shall not be subject to attachment or to levy and sale on execution, but if the corporation refuses to pay a judgment entered against it in any court of competent jurisdiction, the superior court, sitting within and for the county in which the corporation is situated, may, by writ of mandamus, direct the treasurer of such agency to pay such judgment.

SECTION 9. The real estate and tangible personal property of the corporation shall be deemed to be public property used for essential public and governmental purposes and shall be exempt from taxation and from betterments and special assessments; provided, that in lieu of such taxes, betterments and special assessments, the municipality may determine a sum to be paid to it annually in any year or period of years, such sum to be in any year not in excess of the amount that would be levied at the then current tax rate upon the average of the assessed value of such real estate, including buildings and other structures, for the three years preceding the year of acquisition thereof, the valuation for each year being reduced by all abatements thereon.

The municipality may, however, agree with the corporation upon the payments to be made, or the corporation may make and the municipality may accept such payments, the amount of which shall not in either case be subject to the foregoing limitation. The last paragraph of section six and all of section seven of chapter fifty-nine of the General Laws shall, so far as apt, be applicable to payments under this section.

Nothing in this act shall be construed to prevent the taxation to the same extent and in the same manner as other real estate is taxed, of real estate acquired by the corporation for an economic development project and sold by it, or the taxation to the same extent and in the same manner as real estate of the commonwealth is taxed, of real estate so acquired by the corporation and leased by it; provided, however, that real estate so acquired by the corporation and sold or

leased to an urban redevelopment corporation or other entity operating under chapter one hundred and twenty-one A of the General Laws or to an insurance company or savings bank or group of savings banks operating under said chapter, shall be taxed as provided in said chapter and not otherwise.

The corporation and the debentures, revenue bonds and revenue refunding bonds issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free from taxation by the commonwealth or any subdivision thereof.

SECTION 10. To provide funds for the general purposes of the corporation, including working capital, the corporation may from time to time issue debentures; provided, however, that such debentures outstanding at any one time shall not exceed five million dollars unless specifically approved by the secretary of communities and development. Such debentures unless otherwise authorized by law shall not be deemed to constitute a debt of the commonwealth or of the municipality or a pledge of the faith and credit of the commonwealth or of the municipality and shall be subordinated to all other obligations of the corporation and shall be payable at such time or times and in such installments, if any, as the corporation shall determine, but solely out of the net assets of the corporation; and the holders thereof shall be entitled to interest thereon but only out of the net earnings of the corporation, and in no event at a rate higher than the rate specified therein.

Such debentures may be secured by a trust agreement by and between the corporation and a corporate trustee, which shall be located within the commonwealth and shall be a trust company or bank having the powers of a trust company. Such trust agreement shall contain such provisions for protecting and enforcing the rights and remedies of the debenture holders as may be reasonable and proper and not in violation of law. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth which may act as depository under such trust agreement to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Such trust agreement shall set forth the rights and remedies of the debentureholders and of the trustee, and may restrict the individual right of action by debentureholders. In addition to the foregoing, such trust agreement may contain such other provisions as the corporation may deem reasonable and proper for the security of the debentureholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as an item of current expense.

SECTION 11. The municipality may raise and appropriate or may borrow, or may agree with the corporation or with the federal government or the commonwealth to raise and appropriate or to borrow, in aid of the corporation, such sums as may be necessary to carry out the purposes and powers of the corporation including defraying part of the development, acquisition and operating costs of any project. Indebtedness of the municipality authorized under this section

shall be outside the limit of indebtedness prescribed in section ten of chapter forty-four and shall be payable within twenty years and otherwise subject to sections sixteen to twenty-seven, inclusive, of said chapter forty-four; provided, however, that the total amount of indebtedness of the municipality, outstanding at any one time under this section and clauses one, two, and four of section twenty of chapter one hundred and twenty-one B shall not exceed five per cent of the municipality equalized valuation as defined in section one of said chapter forty-four. Indebtedness incurred under this act shall also be subject to approval under section twenty-two of said chapter one hundred and twenty-one B in like manner as indebtedness incurred under said section twenty.

SECTION 12. The corporation is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of revenue bonds of the corporation for the purposes of paying all or any part of the cost of a project or projects. The principal of and interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rates, and shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the corporation, and may be made redeemable before maturity, at the option of the corporation, at such price or prices and under such terms and conditions as may be fixed by the corporation prior to the issuance of the bonds. The corporation shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within the commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The bonds may be issued in coupon or registered form or both, as the corporation may determine and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest. The corporation may sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the corporation.

The proceeds of such bonds shall be used solely for the payment of the cost of the project or projects, and shall be disbursed in such manner and under such restrictions, if any, as the corporations may provide. Prior to the preparation of definitive bonds, the corporation may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The corporation may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Revenue bonds may be issued under the provisions of this act subject only to those proceedings, conditions or things which are specifically required by this act.

The corporation is hereby authorized to provide by resolution for issuance of revenue refunding bonds of the corporation for the purpose of refunding any revenue bonds then outstanding and issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the corporation, for the additional purpose of constructing or reconstructing any extensions or improvements of the project. The issue of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the duties of the corporation in respect of the same shall be governed by the provisions of this act insofar as the same may be applicable.

While any bonds issued by the corporation remain outstanding the powers, duties or existence of the corporation shall not be diminished or impaired in any way that will affect adversely the interests and rights of the holders of such bonds.

Revenue and revenue refunding bonds issued under the provisions of this section, unless otherwise authorized by law, shall not be deemed to constitute a debt of the commonwealth or of the city, or a pledge of the faith and credit of the commonwealth or of the city, but such bonds shall be payable solely from the funds herein provided therefor from revenues. In the event that the corporation, or municipality or commonwealth is not obliged to pay said revenue and revenue refunding bonds, then, and in that event, all such revenue and revenue refunding bonds shall contain on the face thereof a statement to the effect that neither the corporation nor the commonwealth nor the municipality shall be obliged to pay the same or the interest thereon except from revenues and that neither the faith and credit nor taxing power of the commonwealth or of the municipality is pledged to the payment of the principal of or the interest on such bonds.

All revenue and revenue refunding bonds issued under the provisions of this chapter shall have and are hereby declared to have all the qualities and incidents of negotiable instruments.

SECTION 13. In the discretion of the corporation such revenue bonds or revenue refunding bonds may be secured by a trust agreement by and between the corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the commonwealth. Such trust agreement may pledge or assign the revenues to be received, but shall not convey or mortgage any project or part thereof.

Either the resolution providing for the issuance of bonds or such trust agreement may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event thereof, which may include the acceleration of maturities, and covenants setting forth the duties of, and limitations on, the corporation in relation to the acquisition, construction, improvement, enlargement, alteration, equipping, furnishing, maintenance, operation, repair, insurance and disposition of

property, the custody, safeguarding, investment, and application of moneys, the use of any surplus bond or note proceeds and the establishment of reserves. Such resolution or trust agreement may also contain covenants by the corporation in relation to, among other things, (*a*) the establishment, revision and collection of such rents and charges for services of facilities furnished or supplied by the corporation as shall provide revenues sufficient with other revenues of the project, if any, to pay (*i*) the cost of maintaining, repairing and operating the project and of making renewals and replacements in connection therewith, (*ii*) the principal of and the interest on said revenue bonds, as the same shall become due and payable, (*iii*) payments in lieu of taxes, betterment and special assessment, and (*iv*) reserves for all such purposes, (*b*) the purpose or purposes for which the proceeds of the sale of the bonds will be applied and the use and disposition thereof, (*c*) the use and disposition of the gross revenues of the corporation from the project, any additions thereto and extensions and improvements thereof, including the creation and maintenance of funds for working capital and for renewals and replacements to the project, (*d*) the amount, if any, of additional revenue bonds payable from the revenues of the project and the limitations, terms and conditions on which such additional revenue bonds may be issued, and (*e*) the operation, maintenance, management, accounting and auditing of the project and of the income and revenues of the corporation. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth to act as depository of the proceeds of bonds or of revenues and to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, such trust agreement may contain such other provisions as the corporation may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as a part of the cost of the operation of the project. The pledge by any such trust agreement or resolution shall be valid and binding from the time when the pledge is made; the revenues or other moneys so pledged and then held or thereafter received by the corporation shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act; and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the corporation, irrespective of whether such parties have notice thereof.

SECTION 14. Revenue bonds and revenue refunding bonds issued under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments and within the limits set by section fifty-four of chapter one hundred and seventy-two of the General

SECTION 15. Any holder of bonds or debentures issued under the provisions of this chapter or of any coupons appertaining thereto, and the trustee, except to the extent the rights herein given may be restricted by the trust agreement, may, by commencing a civil action, protect and enforce any and all rights under the laws of the commonwealth or granted hereunder or under the trust agreement, and may enforce and compel the performance of all duties required by this act or by the trust agreement, to be performed by the corporation or by any officer thereof.

SECTION 16. Insofar as the provisions of this act are inconsistent with the provisions of any other law, general or special, excluding any state or the municipal building code and the municipal zoning by-laws, the provisions of this act shall be controlling.

SECTION 17. The provisions of this act are severable; and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Chap. 685. AN ACT INCREASING THE MINIMUM FAIR WAGE RATE.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide an immediate increase in the minimum fair wage rate, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 1 of chapter 151 of the General Laws is hereby amended by striking out the second sentence, as most recently amended by section 4 of chapter 1192 of the acts of 1973, and inserting in place thereof the following sentence:— A wage of less than two dollars per hour in any occupation, as defined in this chapter, shall be conclusively presumed to be oppressive and unreasonable, wherever the term "minimum wage" is used in this chapter, unless the commission has expressly approved or shall expressly approve the establishment and payment of a lesser wage under the provisions of sections seven, and nine.

SECTION 2. Said section 1 of said chapter 151 is hereby further amended by striking out the second sentence, as most recently amended by section 1 of this act, and inserting in place thereof the following sentence:— A wage of less than two dollars and ten cents per hour in any occupation, as defined in this chapter, shall be conclusively presumed to be oppressive and unreasonable, wherever the term "minimum wage" is used in this chapter, unless the commission has expressly approved or shall expressly approve the establishment and payment of a lesser wage under the provisions of sections seven, and nine.

Approved August 2, 1974.

Chap. 686. AN ACT TO PROVIDE MEANS AND PROCEDURES FOR THE COMMONWEALTH'S SHARE OF MATCHING GRANTS FOR ITS CITIES AND TOWNS IN SUPPORT OF PROJECTS RELATED TO THE BICENTENNIAL PERIOD.

Be it enacted, etc., as follows:

SECTION 1. Eligible projects shall be limited to those having special historic interest in the development of the cities and towns of the commonwealth or shall have enduring value or significance to the citizens of the commonwealth or to the city or town wherein the project is located or the event transpires.

An agency which applies for and receives grants may not then delegate responsibility for implementation to another agency. Special consideration shall be given to those applications which significantly involve youth, elderly and minority groups residing within the community or communities.

Said executive office shall promulgate rules and regulations relative to the eligibility of projects for said grants, the costs of projects which shall be matched, the amounts and sources required as local matching funds for said grants, and such other information as said executive office deems necessary for the implementation of this section.

Applications for matching grants shall be submitted to the special Massachusetts Bicentennial Commission, established by chapter

seventy-one of the resolves of nineteen hundred and sixty-four. Said commission is hereby authorized to accept and screen all applications for matching grants and thereafter render its advisory recommendations to the executive office of educational affairs for the final award decision. Each project shall be implemented in accordance with the grant related thereto.

Said bonds shall bear interest semiannually at such rate as the state treasurer, with the approval of the governor, shall fix. The initial maturities of such bonds shall be payable not later than one year from the date of issue thereof, and the entire issue not later than June the thirtieth, nineteen hundred and eighty-seven. All interest payments and payments on account of principal on such obligations shall be paid from the Tourism and Industrial Promotion Fund. SECTION 3. Chapter 261 of the General Laws is hereby amended by inserting after section 27 under the caption COURT COSTS OF INDIGENT PERSONS the following seven sections:—

Section 27A. As used in sections twenty-seven A to twenty-seven G, inclusive, the following words shall have the following meanings:—

"Indigent", a person who is unable to pay the fees and costs of the proceeding in which he is involved, or is unable to do so without depriving himself or his dependents of the necessities of life, including food, shelter and clothing.

"Fees and costs", fees and costs shall not include attorneys' fees.

"Normal fees and costs", the fees and costs a party normally is required to pay in order to prosecute or defend the particular type of proceeding in which he is involved. They shall include, but not be limited to, the following: in all civil cases, filing or entry fees, and fees and related costs for service of process, including publication of a citation when publication is ordered; costs assessed in a bill of costs; in equity, fees for the issuance of an injunction, restraining order, writ or other process; in the probate court, fees for an amendment of record.

"Extra fees and costs", the fees and costs, in addition to those a party is normally required to pay in order to prosecute or defend his case, which result when a party employs or responds to a procedure not necessarily required in the particular type of proceeding in which he is involved. They shall include, but not necessarily be limited to, the following: fees and costs for the issuance or service of a subpoena, witnesses' fees, expert assistance and appeal bond premiums.

Section 27B. Upon or after commencing or answering to any civil or criminal proceeding in the superior courts or in any probate, district, municipal, juvenile or housing court, including but not limited to civil actions, proceedings for divorce or separate support, summary and supplementary processes, and proceedings upon petitions to vacate, for review or for a writ of error in a criminal case, any party may file with the clerk or register, serving a copy upon all other parties, an affidavit of indigency and request for waiver, substitution or county payment of fees and costs, upon a form prescribed by the chief justice of the supreme judicial court and in accordance with the standards set forth in sections twenty-seven C to twenty-seven F, inclusive, and sworn to under oath by the affiant.

An indigent party may subsequently file one or more supplementary affidavits requesting the waiver, substitution or county payment of fees and costs not previously granted at any time before a finding of guilt or innocence or a final decree or judgment has been entered.

Section 27C. (1) When an affidavit of indigency, or any supplement thereto, is filed, the clerk or register shall forthwith bring it to the attention of the court. If the affidavit appears regular and complete on its face and indicates that the affiant is indigent, the court, upon a finding of the facts alleged therein, may grant such request for waiver, substitution or county payment, with or without hearing in the case of normal fees and costs, but shall grant such request only after hearing in the case of extra fees and costs. Before making a finding of indigency, the court shall consider the following facts with

respect to the applicant as of the time of hearing, in the immediate past and with respect to the immediate future: his age, education, training, physical and mental ability and number of dependents; gross and net income; regular and extraordinary expenses, if any; assets and liabilities; whether or not he is a recipient of public assistance and for what purpose; and any other facts which are relevant to the applicant's ability to pay court costs. If the court makes a finding of indigency, it shall not deny any request with respect to normal fees and costs, and it shall not deny any request with respect to extra fees and costs if it finds the document, service or object is reasonably necessary to assure the applicant as effective a prosecution or defense as he would have if he were financially able to pay. The court shall not deny any request without first holding a hearing thereon; and if there is an appeal pursuant to section twenty-seven D following a denial, the court shall set forth its written findings and reasons justifying such denial, which document shall be part of the record on appeal.

(2) The clerk of each court shall conspicuously post in that part of his office open to the public a notice specifying the indigency limits currently in force, and informing the public in plain language of the availability of waiver, substitution or county payment of fees and costs for indigent persons.

Section 27D. In any case where the court denies a request for waiver, substitution or county payment of fees and costs, the applicant may take an appeal as hereinafter provided. If the matter arises in the superior or in a probate court, the appeal shall be to the single justice of the appeals court at the next sitting thereof; and if the matter arises in any district, municipal, juvenile or housing court, the appeal shall be to the superior court then sitting in the same county, if any, or, if not, to the superior court sitting in the nearest county or in Suffolk county. Upon being notified of the denial the applicant shall also be advised of his right of appeal, and he shall have seven days thereafter to file a notice of appeal with the clerk or register. Upon receipt of a notice of appeal timely filed the clerk or register shall forthwith notify the judge or justice, who shall set forth his written findings and reasons as provided in paragraph (1) of section twenty-seven C. The clerk or register shall then forward the affidavit and request, the court's findings and reasons for denial and any other documents on file relevant to the appeal, to the clerk of the court hearing the appeal, who, upon receipt thereof, shall set the matter down for speedy hearing and send notice to the parties. The court denying the request may, with or without motion, stay proceedings pending appeal; and the court hearing the appeal may enter or revoke such a stay. The decision of the court hearing the appeal shall be final with respect to such request.

Section 27E. Any party on whose behalf any fees or costs have been waived or paid by the county pursuant to sections twenty-seven C or twenty-seven F or both shall repay the total amount thereof to the clerk or register of the court if said party shall have recovered, as a result of the proceeding in which said fees or costs were waived or paid, an amount in excess of three times the total amount of said fees

and costs. In any case in which any fees or costs have been so waived or paid, the court, upon the waiver or payment of any such fees or costs shall notify all parties of the total amount of said fees and costs to date and that any money judgment or settlement in favor of the party for whom said fees or costs were waived or paid which exceeds three times the total amount thereof shall be deposited with the clerk or register of the court in the following manner. Any party obligated to pay any judgment or settlement exceeding three times the total amount of said fees and costs, or any portion of such a judgment or settlemert, shall pay to the clerk or register the total amount of said fees or costs, or if more than one party is so obligated, his proportional share thereof, and deduct the same from such judgment or settlement. The clerk or register shall notify all parties when the total amount of fees and costs has been so reimbursed. When said notification is received by the party obligated to pay such judgment or settlement or portion thereof, or if no such notification is received after the expiration of thirty days after the payment by said party of such fees or costs or his share thereof, said party shall promptly forward the remainder of the judgment or settlement to the party entitled to it. This procedure shall not be construed to excuse any person on whose behalf any fees or costs have been waived or paid from the obligation to repay the same as provided in this section.

Section 27F. The court may, upon its own motion or that of any party, order that the document, service or object for which a normal or extra fee or cost would be charged shall be provided by an alternative means at lower or no cost, if the substitute thereby provided is substantially equivalent and the provision thereof does not materially impair the rights of any party. In any such order the court may direct county payment of the cost of any substitute to the same extent that the court would but for this section have ordered county payment for the document, service or object in question.

Section 27G. The clerk shall receive from any indigent party or his attorney all bills and vouchers for any document, service or object rendered to said party for which an order for county payment has been issued, and shall transmit said bills and vouchers and an attested copy of said order to the county treasurer, or in Suffolk county to the auditor of the city of Boston, hereinafter included in the term "county treasurer", who shall make prompt payment thereon.

The county treasurer shall keep a record of all payments or waivers made pursuant to this section and of all repayments made pursuant to section twenty-seven E, including therein the name of the party, his attorney if any, the names and addresses of the person or persons to whom payment is made, the documents, services or objects for which payment is made, the dates each was rendered to the party and the charge for each, and the dates payment was made by the county treasurer. This record shall be a public record.

Periodically, according to a schedule established by the state treasurer, the several county treasurers shall requisition funds from the commonwealth to reimburse fees and costs paid or waived by the counties during the preceding period. The state treasurer shall pay said requisitions from any sums appropriated therefor, and he may

require any documentation that he deems appropriate before making payment.

The state treasurer shall on or before December first of each year make a written report to the general court indicating the amounts and purposes of all expenditures under sections twenty-seven A to twenty-seven G, inclusive, by the various counties which the commonwealth has reimbursed and making such recommendations for change in the law as he deems necessary.

SECTION 4. The sixth paragraph of section 4 of chapter 262 of the General Laws is hereby amended by striking out the words "; provided, however, that the court may, if it finds that the entering party is destitute and unable to pay, order the payment of such entry fee to be waived", added by chapter 582 of the acts of 1954.

SECTION 5. Section 4 of chapter 280 of the General Laws, as appearing in the Tercentenary Edition, is hereby amended by adding the following paragraph:—

Fees and costs of indigent defendants in criminal prosecutions except attorneys' fees, shall or may be waived or substituted by the court or paid by the county in accordance with the provisions of section twenty-seven A to twenty-seven G, inclusive, of chapter two hundred and sixty-one.

SECTION 6. This act shall take effect on January first, nineteen hundred and seventy-five, and shall apply to fees and costs incurred or becoming due on or after said date.

Chap. 706. AN ACT TO PROTECT UNBORN CHILDREN AND MATERNAL HEALTH WITHIN PRESENT CONSTITUTIONAL LIMITS.

Be it enacted, etc., as follows:

SECTION 1. Chapter 112 of the General Laws is hereby amended by inserting after section 12G the following sections:—

Section 12H. As used in sections twelve H through sections twelve T the following words shall have the following meanings:

ABORTION: The knowing destruction of the life of an unborn child or the intentional expulsion or removal of an unborn child from the womb other than for the principal purpose of producing a live birth or removing a dead fetus.

UNBORN CHILD: The individual human life in existence and developing from fertilization until birth.

PREGNANCY: The condition of a mother carrying an unborn child.

HOSPITAL: A hospital as defined in section fifty-two of chapter one hundred and eleven of the General Laws, and duly licensed under the provisions of section fifty-one of chapter one hundred and eleven of the General Laws.

PHYSICIAN: An individual lawfully authorized to practice medicine in the Commonwealth.

Section 12I. If a pregnancy has existed for less than twenty-four weeks no abortion may be performed except by a physician and only if, in the best medical judgment of a physician, the abortion is necessary under all attendant circumstances.

Section 12J. If a pregnancy has existed for twenty-four weeks or more, no abortion may be performed except by a physician and only if it is necessary to save the life of the mother, or if a continuation of her pregnancy will impose on her a substantial risk of grave impairment of her physical or mental health.

Section 12K. Any person who violates the provisions of sections twelve I or twelve J shall be punished by imprisonment for not less than one year nor more than five years. Conduct which violates the provisions of this act, which also violates any other criminal laws of the commonwealth, may be punished either under the provisions of this act or under such other applicable criminal laws.

Section 12L. If an abortion is performed pursuant to section twelve J, no abortion procedure which is designed to destroy the life of the unborn child or injure the unborn child in its mother's womb may be used unless, in the physician's best medical judgment, all other available procedures would create a greater risk of death or serious bodily harm to the mother either at the time of the abortion, or subsequently as the result of a future pregnancy, than the one being used.

Section 12M. If an abortion is performed pursuant to section twelve J, the physician performing the abortion shall take all reasonable steps, both during and subsequent to the abortion, in keeping with good medical practice, consistent with the procedure being used, to

preserve the life and health of the aborted child. Such steps shall include the presence of life-supporting equipment, as defined by the department of public health, in the room where the abortion is to be performed.

Section 12N. Except in an emergency requiring immediate action no abortion may be performed under sections twelve I or twelve J unless

(1) the written informed consent of the proper person or persons has been delivered to the physician performing the abortion as set forth in section twelve P and

(2) if the abortion is during or after the thirteenth week of pregnancy it is performed in a hospital duly authorized to provide facilities for general surgery.

Except in an emergency requiring immediate action no abortion may be performed under section twelve J unless performed in a hospital duly authorized to provide facilities for obstetrical services.

Section 12O. If the physician performing the abortion is not the physician who made the medical judgment required by section twelve J, before performing the abortion he shall obtain from the physician making such judgment a written statement setting forth the exception contained in section twelve J that in his best medical judgment permits the abortion and the specified reasons why the abortion qualifies under that exception. The physician performing the abortion shall retain this written statement as an attachment to the file copy of his report required by this section. Within thirty days after the performance of an abortion, the physician performing such abortion shall file with the commissioner of public health on a form prescribed by him the following information to the best of his knowledge: The date and place of the abortion; if he was the physician making the medical judgment required by section twelve J, the exception contained in either of those sections that in his best medical judgment permitted the abortion and the specific reasons why the abortion qualified under that exception; if he is not the physician who made such medical judgment, (1) the name and address of the physician from whom he received the written statement required by this section and (2) the exception contained in either section twelve J that permitted the abortion and a verbatim recitation of the specific reasons why the abortion qualified under either exception as set forth in the written statement he received from such physician; the age of the mother; the method used to perform the abortion; whether the mother survived the abortion; the details of any morbidity observed in the mother; the gestational age of the child; the weight and crown-rump length of the child if determinable; whether the unborn child was alive when removed or expelled from the mother and if so, the steps taken to preserve its life; and the length of time the child lived after removal or expulsion from the mother. The physician performing the abortion shall retain in his files for seven years after the abortion a copy of the report to which he should attach or otherwise add the name of the mother. The

original of the report filed with the commissioner shall not contain the name of the mother and shall be maintained by the commissioner as a public record. The commissioner shall prepare from these reports such statistical tables with respect to maternal health, abortion procedures, the unborn child and viability as he deems useful and shall make an annual report thereof to the General Court. Nothing in this section shall be construed to limit the authority of the department of public health to require reports pursuant to sections twenty-four A and twenty-five A of chapter one hundred and eleven.

Section 12P. (1) If the mother is less than eighteen years of age and has not married, the consent of both the mother and her parents is required. If one or both of the mother's parents refuse such consent, consent may be obtained by order of a judge of the superior court for good cause shown, after such hearing as he deems necessary. Such a hearing will not require the appointment of a guardian for the mother.

If one of the parents has died or has deserted his or her family, consent by the remaining parent is sufficient. If both parents have died or have deserted their family, consent of the mother's guardian or other person having duties similar to a guardian, or any person who had assumed the care and custody of the mother is sufficient.

(2) The commissioner of public health shall prescribe a written form for such consent. Such form shall be signed by the proper person or persons and given to the physician performing the abortion who shall maintain it in his permanent files.

Nothing in this section shall be construed as abolishing or limiting any common law rights of any other person or persons relative to consent to the performance of an abortion for purposes of any civil action or any injunctive relief under section twelve R.

Section 12Q. Any person who commits an act in violation of sections twelve L or twelve M shall be punished by a fine of not less than five hundred dollars nor more than two thousand dollars, or by imprisonment of not less than three months nor more than five years, or by both said fine and imprisonment. Conduct which violates sections twelve L or twelve M which also violates any other criminal laws of the commonwealth, may be punished either under this section or under such other applicable criminal laws. Any person who willfully violates the provisions of sections twelve N or twelve O shall be punished by a fine of not less than one hundred dollars nor more than two thousand dollars.

Section 12R. The attorney general or any person whose consent is required either pursuant to section twelve P or under common law, may petition the superior court for an order enjoining the performance of any abortion that may be performed contrary to the provisions of sections twelve I through twelve Q.

SECTION 2. If any section, subsection, sentence or clause of this act is held to be unconstitutional, such holding shall not affect the remaining portions of this act.

(This Bill, returned by the Governor, to the House of Representatives,

the branch in which it originated, with his objections thereto, was passed by the House of Representatives, August 2, 1974, and, in concurrence, by the Senate, August 2, 1974, the objections of the Governor notwithstanding, in the manner prescribed by the Constitution; and thereby has "the force of a law".)

Chap. 724. AN ACT RELATIVE TO COST-OF-LIVING ADJUSTMENTS FOR RETIRED PUBLIC EMPLOYEES.

Be it enacted, etc., as follows:

SECTION 1. Chapter 32 of the General Laws is hereby amended by striking out section 102, as most recently amended by section 4 of chapter 1211 of the acts of 1973, and inserting in place thereof the following section:—

Section 102. (*a*) Beginning in the year nineteen hundred and seventy-five, the life actuary in the division of insurance shall annually in the month of January determine the percentum of change in the average cost of living for the previous year as shown by the United States Consumer Price Index for such year, as compared with the average as shown by said index for the year nineteen hundred and seventy-three, or for the last previous year which was the basis for an increase or decrease as provided herein, or in any case where a retirement allowance, pension, or annuity became effective subsequent to the last previous year in which an increase or decrease as provided herein became effective, for the year in which such retirement allowance, pension, or annuity became effective. In the event that such comparison indicates an increase in the cost of living of at least three per cent, the retirement allowance, pension, or annuity of every former employee of the commonwealth or of any county, city, town district housing or redevelopment authority, or of the Massachusetts Turnpike Authority, or of the spouse or other beneficiary of any such former employee who is receiving a retirement allowance, pension, or annuity shall be increased by such percentum. In the event that such comparison indicates a decrease in the cost of living of at least three per cent, the retirement allowance, pension, or annuity of every former employee of the commonwealth or of any county, city, town, district, housing or redevelopment authority, or of the Massachusetts Turnpike Authority, or of the spouse or other beneficiary of any such former employee who is receiving a retirement allowance, pension, or annuity shall be decreased by such percentum; provided, that no decrease shall be made which would reduce any retirement allowance, pension, or annuity to an amount less than the amount fixed for such retirement allowance, pension, or annuity as of December thirty-first, nineteen hundred and seventy-three. The sum of the dollar amount of each cost-of-living increase or decrease together with the amount of retirement allowance, pension, or annuity to which the cost-of-living percentum factor is applied shall become the fixed retirement allowance, pension, or annuity for all future purposes including the application of subsequent cost-of-living adjustments in future years; provided, that whenever the amount of any pension, retirement allowance or annuity is increased under any general or special law other than through a cost-of-living adjustment pursuant to this section, the fixed retirement allowance, pension or annuity shall be determined by adding either the increase under any general or special law, or the cost-of-living adjustment, whichever is greater, but not both.

(*b*) Whenever the amount of any retirement allowance, pension, or annuity is revised in accordance with the provisions of this section, the monthly payment provided for in section thirteen shall be recomputed on the basis of such revised retirement allowance, pension, or annuity, and one twelfth of such new figure shall be due and payable each month. In any case where such revised retirement allowance, pension, or annuity cannot be administratively determined in time for adjusting the monthly payment for January pursuant to said section thirteen, such cost-of-living adjustment shall be added to or deducted from the monthly retirement allowance, pension or annuity in February or March, as the case may be.

(*c*) In any case where such former employee, spouse or other beneficiary is receiving an annual retirement allowance, pension or annuity which is six thousand dollars or more, exclusive of additional annuity obtained by special purchase under paragraph (*g*) of subdivision (1) of section twenty-two, or any similar law, the cost-of-living adjustment, as determined by the life actuary in the division of insurance pursuant to paragraph (*a*), shall be in an amount as determined by applying such percentum of change to the sum of six thousand dollars. Beginning annually in January, nineteen hundred and seventy-five, whenever the cost-of-living adjustment pursuant to paragraph (*a*) of this section indicates an increase or decrease in the cost of living of at least three per cent, the dollar amount of such increase or decrease as determined in the first sentence of this paragraph shall be added to or deducted from each retirement allowance, pension or annuity which is in excess of six thousand dollars. The sum of the dollar amount of such cost-of-living adjustments, together with the amount of retirement allowance, pension, or annuity to which the cost-of-living percentum factor is applied and any amounts in excess of said six thousand dollars shall become the fixed retirement allowance, pension or annuity for all future purposes including the application of subsequent cost-of-living adjustments in future years; provided, however, that the limitations of this paragraph shall continue to apply.

(*d*) Whenever the amount of any retirement allowance, pension or annuity is revised in accordance with the provisions of paragraph (*c*), the monthly payment provided for in section thirteen shall be recomputed on the basis of such revised retirement allowance, pension or annuity and one twelfth of such new figure shall be due and payable each month. In any case where such revised retirement allowance, pension or annuity cannot be administratively determined in time for adjusting the monthly payment for January pursuant to said section thirteen, such cost-of-living adjustment shall be added to or deducted from the monthly retirement allowance, pension or annuity in February or March, as the case may be.

(*e*) Whenever the cost-of-living comparison pursuant to paragraph (*a*) indicates an increase or decrease in the cost of living of at least three per cent, the minimum allowance due and payable to a spouse under the provisions of option (*d*) of subdivision (2) of section twelve, or under the provisions of chapter five hundred and twenty-six of the

acts of nineteen hundred and sixty-three, or to any spouse, child or children under the provisions of section twelve B shall be recomputed and adjusted by such percentum. Such revised total shall become the fixed allowance payable under said section twelve B for all future purposes, including the application of subsequent cost-of-living adjustments in future years. The monthly payments pursuant to section thirteen shall be recomputed on the basis of such revised total, and one twelfth of such revised total shall be due and payable each month. In any case where such revised total cannot be administratively determined in time for adjusting the monthly payment for January pursuant to said section thirteen, such cost-of-living adjustment shall be added to or deducted from the monthly allowance in February or March, as the case may be.

(*f*) On January first, nineteen hundred and seventy-five, the cost-of-living percentage used as a basis for determining the nineteen hundred and seventy-four cost-of-living adjustments paid in March, July, September and December of nineteen hundred and seventy-four, pursuant to section one hundred and two of chapter thirty-two, shall be applied to and added to the retirement allowance, pension or annuity of every former employee of the commonwealth or of any county, city, town, district, housing or redevelopment authority or of the Massachusetts Turnpike Authority, or of the spouse or other beneficiary of any such former employee who is receiving a retirement allowance, pension or annuity, and such revised total shall become the fixed retirement allowance, pension or annuity for all future purposes, including the application of subsequent cost-of-living adjustments in nineteen hundred and seventy-five, or any future years.

SECTION 2. This act shall take effect on January first, nineteen hundred and seventy-five.

Approved August 6, 1974.
