Any representative town meeting held under the provisions of this act, except as otherwise provided herein, shall be limited to the voters elected under section six, together with the following elected officers designated as town meeting members at large, each of whom shall have the right to vote in said meeting: (a) any resident member of the general court from the town, whose state legislative district is wholly within the town; (b) the moderator; (c) the town clerk; (d) the members of the board of selectmen; (e) the chairmen of each other elected board of the town, except the housing authority and the commissioners of trust funds.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide for the taking of a state census on March first, nineteen hundred and seventy-five, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 9 of the General Laws is hereby amended by striking out section 7, as most recently amended by section 1 of chapter 735 of the acts of 1972, and inserting in place thereof the following section: —

Section 7. In the year nineteen hundred and seventy-five and every tenth year thereafter, the selectmen of each town, the city manager of each city having a council-manager form of city government, and the mayor of every other city, shall appoint a municipal census supervisor, who may be the clerk or some

other employee of said city or town, and shall cause a census to be made, under the direction of said municipal census supervisor, of the inhabitants of said city or town residing therein on the state decennial census day. Said day shall be March first in the year nineteen hundred and seventy-five, and January first every tenth year thereafter. Such census shall be compiled and reported upon forms provided by the secretary and in accordance with his instructions, and shall be returned to him under oath by the selectmen of such town, or the city manager or mayor aforesaid of such city, as the case may be, on or before November first following, specifying the number of inhabitants residing in each precinct of such town and in each precinct and ward of such city. The aforesaid precincts in towns, and precincts and wards in cities, in respect to which said census is taken, shall be those existing on the state decennial census day; provided, however, that if new precincts shall be established in any town, or new precincts or wards shall be established in any city, under authority of chapter fifty-four subsequent to the state decennial census day but not later than October fifteenth immediately following in the year in which the aforesaid census is taken, the selectmen of such town, or the city manager or mayor of such city, shall cause the aforesaid census in their respective town or city to be rearranged, compiled and reported to the secretary, as aforesaid, on the basis of the newly established precincts and wards, as the case may be.

In making such census, there shall be available to the selectmen of such town, and to the city manager or mayor aforesaid of such city, the services and facilities of the registrars of voters or board functioning as such, the police, and such other municipal departments as may serve under the supervision and control of said selectmen, city manager, or mayor, as the case may be.

The secretary may in his discretion verify any such census reported to him hereunder, in such manner as he deems advisable. For this purpose, he may inspect the records of any city or town and call upon the mayor, city manager, selectmen, or municipal census supervisor thereof for such further information as he desires. If he shall find that any census return submitted to him by a city or town has not been submitted in proper form or contains significant errors, he may refuse to accept the same, and, in the event of such refusal, he shall return the same to the selectmen of the town or to the city manager or mayor of the city of origin for correction and resubmission. No city or town shall be entitled to reimbursement under section seven A of this chapter until its census return hereunder shall have been accepted by the secretary.

From the returns so made and accepted, with such amendments as the secretary may find necessary to correct any errors or omissions therein, the secretary shall compile the census of inhabitants of each city and town required by Article CI of the Articles of Amendment to the Constitution, shall submit the re-

sult thereof to the general court by filing the same with the clerk of the house of representatives as soon as possible thereafter and may publish the results thereof in such form as he may determine.

SECTION 2. Said chapter 9 is hereby further amended by striking out section 7A, inserted by chapter 812 of the acts of 1971, and inserting in place thereof the following section: —

Section 7A. Subject to appropriation therefor, the state treasurer shall reimburse each city and town towards the cost of the census taken by it under section seven a sum equal to the total number of inhabitants reported in such city or town by the secretary in his report to the general court of the census of inhabitants required by Article CI of the Articles of Amendment to the Constitution, as provided in section seven, multiplied by twenty-five cents. No later than thirty days following the submission of the aforesaid report by the state secretary, the governor shall recommend to the general court the appropriation of sufficient funds to pay the amount owed to cities and towns under this section, and the method of financing such state expenditure. The state treasurer shall reimburse to each city and town the sum owed to it hereunder, not later than ninety days following the effective date of the act appropriating the required amount from the state treasury.

SECTION 3. Said chapter 9 is hereby further amended by inserting after section 9 the following section: —

Section 9A. There shall be in the department of the state secretary, but not under his supervision or control, a local election districts review commission consisting of the attorney general or his designee, the state secretary or his designee, and a person appointed by the governor. Members designated by the attorney general, the state secretary, and by the governor shall serve during the pleasure of their respective designating officers. Each member of the commission shall receive the sum of twenty-five dollars for each day or part thereof for his service as a commissioner, provided that such payments to any one member shall not exceed two thousand five hundred dollars in any one year, and that such payments shall not be made to any commission member who holds another full-time paid office or position in the service of the commonwealth. Members of the commission shall receive from the commonwealth their necessary expenses incurred in the discharge of their statutory duties. Said commission shall be furnished with any books or records which it may require from any department or agency of the commonwealth or of any of its political subdivisions. Said commission shall oversee and supervise the division of the cities and towns into wards and precincts as required by chapter fifty-four. Said commission may travel within the commonwealth. The commission shall be provided with suitable offices in the state house, or elsewhere within the city of Boston. The commission may, subject to appropriation, incur such expenses as may be necessary

to the execution of duties invested in it by said chapter fifty-four, or by any statute of the commonwealth not incorporated into the General Laws.

SECTION 4. Section thirty-one of chapter twelve of the General Laws is hereby repealed.

SECTION 5. Chapter 54 of the General Laws is hereby amended by striking out section 1, as most recently amended by section 3 of chapter 735 of the acts of 1972, and inserting in place thereof the following section: —

Section 1. In the year nineteen hundred and seventy-five, no later than June fifteenth, a city by vote of its city council may, if the existing wards in such city do not contain, as nearly as can be ascertained, an equal number of inhabitants, make a new division of its territory into such number of wards as may be fixed by law. In the year nineteen hundred and eighty-five, and every tenth year thereafter, no later than June fifteenth, a city, by vote of its city council may, or if the existing wards in such city do not contain, as nearly as can be ascertained, an equal number of inhabitants, shall make a new division of its territory into such number of wards as may be fixed by law. Any such vote of a city council hereunder dividing a city into wards shall, at the same time, divide each ward into such number of precincts as is required by section two. Not later than July first in such year the city clerk shall give written notice to the state secretary of the number and designation of wards and precincts provided for in this section and in section two, together with an official map and description of said wards and precincts indicating, as nearly as can be ascertained, the numbers of inhabitants residing therein.

The state secretary shall make available to the local election districts review commission, for its scrutiny, the written notices, maps and descriptive information submitted to him by city clerks in reference to the new or unrevised wards and precincts of their respective cities under this section. If the said commission shall find that any such plan of new or unrevised wards or precincts of any city conflicts with the applicable requirements of this chapter, or is of questionable constitutionality, it shall transmit a written notice of such findings, with a clear indication of the deficiencies of such plan, to the mayor of such city, or in a city having a council-manager form of government to the city manager, not later than September first immediately following. Said mayor or city manager shall, within fifteen days following his receipt of such notice, present to the city council of such city his recommendations for a division of the city into wards and precincts free of the defects cited by the commission. If the city council shall fail to ordain such division, or a substitute division, conformable to this chapter within twenty days after said presentation by said mayor or city manager, he shall issue forthwith, not later than October fifteenth immediately following, an executive order making a division of said city into wards and pre-

cincts subject to the approval of the local election districts review commission which shall take effect according to the provisions of this chapter, as though it had been ordained by the city council.

Any such division made under the provisions of this section shall, for the purpose of reporting the census of inhabitants in each ward and precinct of such city required by the constitution, take effect retroactively to the day established by section seven of chapter nine as the state decennial census day of the year in which such census is required to be taken under the provisions of Article CI of the Articles of Amendment to the Constitution, but for all other purposes shall take effect only as provided in section four.

SECTION 6. The second paragraph of section 2 of said chapter 54, added by section 4 of chapter 820 of the acts of 1971, is hereby amended by striking out, in line 4, the words "Article XCII" and inserting in place thereof the words: — Article CI.

SECTION 7. Said chapter 54 is hereby further amended by striking out section 4, as most recently amended by chapter 38 of the acts of 1973, and inserting in place thereof the following section:—

Section 4. All municipal elections and primaries held in any city after it has been redivided into wards and prior to any antecedent primary of the first biennial state election at which representatives are to be elected from new representative districts established under the provisions of the constitution, shall be held in such city as redivided; provided, that the wards established by such redivision, if made in a state decennial census year as provided in section six, may not be used for such municipal elections and primaries in said year unless such wards are established by the city council, and approved by the local election districts review commission, prior to May first of said year; and provided, further, that the city council of a city may for the purpose of any municipal election and its antecedent primary or preliminary election, if any, held prior to said antecedent primary at the state election, order that wards as existing previous to such redivision shall continue and for all such purposes the election officers shall be appointed and hold office and voting lists shall be prepared and all other things required by law shall be done as if there had been no such redivision.

In the division of wards into voting precincts under this chapter, no voting precinct shall be so formed that it will be partly in one congressional district and partly in another congressional district.

SECTION 8. Said chapter 54 is hereby further amended by striking out section 6, as most recently amended by section 5 of chapter 735 of the acts of 1972, and inserting in place thereof the following section: —

Section 6. In the year nineteen hundred and seventy-five, no later than June fifteenth, the board of selectmen of every town may, on their own motion, or shall when so directed by the town

meeting, and the board of selectmen of every town of six thousand or more inhabitants which has not been divided into precincts shall, divide the town in the manner hereinafter provided into convenient voting precincts. In the year nineteen hundred and eighty-five and every tenth year thereafter, no later than June fifteenth, the board of selectmen of every town of less than six thousand inhabitants may, on their own motion, or shall, when so directed by the town meeting, and the board of selectmen of every town having six thousand or more inhabitants shall, divide the town in the manner hereinafter provided into convenient voting precincts. Any voting precincts so established hereunder shall be composed of compact and contiguous territory. The selectmen shall, so far as possible, make the center line of streets or ways, or other well defined limits, the boundaries of such precincts, and shall designate them by numbers or letters.

Such division of a town into precincts shall be made by the board of selectmen setting forth an official description of the precincts so established, together with a statement of the number of inhabitants residing in each precinct as nearly as such number may be determined. The board of selectmen shall also cause an official map of the precincts established by them hereunder to be prepared. Upon the adoption by the board of selectmen of a town of such a division, the town clerk shall transmit forthwith to the state secretary, not later than July first of the year in which such division is authorized or required to be made under this section, a copy of said division, together with an official map of said precincts and a statement by the board of selectmen of the number of inhabitants in each such precinct, as nearly as such number may be determined. The state secretary shall make the same available to the local election districts review commission for its scrutiny. If said commission shall find that any plan of town precincts established under this section conflicts with the applicable provisions of this chapter, or is of questionable constitutionality, it shall transmit a written notice of such findings, with a clear indication of the deficiencies of such plan, to the board of selectmen of the town not later than September first of said year. The board of selectmen of such town shall make a new or revised division of the town into precincts in the manner and within the time prescribed by said commission, but not later than September twentieth of said year.

If any town consisting of one precinct and having six thousand or more inhabitants, which is required to be divided into precincts under this section in a year in which a state census is to be taken, shall not be so divided within the time specified above, the local election districts review commission shall, no later than October fifteenth of said year, make such division of the town into precincts conforming with the standards set forth in this section. The commission may appoint a master who shall, within fifteen days, make such division of the town into precincts, said

division to be subject to approval by the commission and to amendment by it.

Any division of a town into precincts in any year under this section shall, for the purpose of reporting the census of inhabitants required by Article CI of the Articles of Amendment to the Constitution, take effect retroactively to the day established by section seven of chapter nine as the state decennial census day, but for all other purposes shall take effect only as provided in section nine A.

SECTION 9. Section 9 of said chapter 54, as most recently amended by section 7 of said chapter 735, is hereby further amended by striking out, in line 5, the words "Article XCII" and inserting in place thereof the words: — Article CI.

Any precinct wherein a census of inhabitants has been taken under the provisions of Article CI of the Articles of Amendment to the Constitution shall remain unchanged for the purpose of forming representative, senatorial or councillor districts based on said census until the formation of the districts aforesaid, and, if such precinct is in a town the territory of which in such formation is included in two or more representative or senatorial districts, shall remain unchanged for the purpose of electing representatives or senators as long as such districts are required by the constitution to be used for such purpose. No precinct in any town, the territory of which was so divided under the provisions of chapter three hundred and twenty-six of the acts of nineteen hundred and seventy-three, shall be changed for the purpose of electing representatives while the districts formed under said act are required by the constitution to be used for that purpose.

that no town shall be allowed to consider tax payments received between said July the first and said March the thirty-first for the purpose of setting its tax rate for the current fiscal year unless it has received the prior approval of the director of accounts.

If, prior to May the tenth in any year, the assessors of any city except Boston shall not have received from the city clerk a certificate under section fifteen A of chapter forty-one of the appropriations voted for the annual budget for the ensuing fiscal year and if it appears to them, after inquiry of the city clerk, that such appropriations have not been voted, they shall forthwith assess a tax for said ensuing fiscal year in accordance with the provisions of this section, except that, in determining the amount of the tax to be assessed, there shall be considered as having been appropriated for the annual budget for said ensuing fiscal year an amount equal to the aggregate appropriations voted for the annual budget for the current fiscal year.

Notwithstanding the provisions of any general or special law, the provisions of this section, so far as apt, shall apply to fire, water and improvement districts. *Approved March 7, 1975.*

Interest on bonds and notes issued to pay for the cost of construction of said sewerage system shall be deemed a part of such cost and added thereto, and interest on notes issued to pay for the cost of maintenance and operation of said system shall be deemed a part of such cost and added thereto.

Beginning in the year nineteen hundred and thirty, said board shall determine annually on or before February fifteenth, what part of the retirement and interest payments falling due that year on bonds or notes issued under section fifteen, including notes issued to pay annual interest on bonds or notes previously issued and any and all other sums, shall be allocated to each account described in subdivisions (*a*) to (*h*), inclusive, as its share for that year of the cost of construction. Each share so determined in the case of subdivisions (*a*), (*b*), (*c*), (*e*), (*f*) and (*g*) shall be apportioned to the institutions, towns and cities participating in that share, one third in proportion to their respective valuations as determined as hereinafter provided for the year nineteen hundred and thirty by the commissioner of corporations and taxation, and two thirds in proportion to their respective normal average flow of sewage as determined by said board for the period covered by the years nineteen hundred and twenty-eight and nineteen hundred and twenty-nine; it being hereby provided that, until the construction of the sewers and other works herein provided for and until the sewerage system thus made is in operation, said board in determining, for purposes of apportionment, the flow of sewage, shall make use of the flow of sewage of the existing systems from said institutions and cities, and as said town of Danvers has at present no sewerage system and will not have one for some years adequate to dispose of the sewage from said town, the flow of sewage from said town of Danvers

shall for said purposes be determined at one million two hundred and fifty thousand gallons per day. The cost of maintenance and operation of said sewers and other works for each account described in subdivisions (*a*) to (*g*), inclusive, shall be estimated by said board for each year on or before February fifteenth and shall be apportioned by said board to the institutions, towns and cities participating in that account in proportion to their respective flow of sewage as determined by said board for the previous year. Said board is authorized to estimate and assess the apportionment for the fiscal year beginning July first, nineteen hundred and seventy-five after February fifteenth, nineteen hundred and seventy-five, and to revise and amend any such apportionment that may have been made prior hereto for said fiscal year, so that the final apportionment shall be based on the respective flows of sewage as determined by said board for the previous year. Any balance remaining at the end of any year on account of assessments herein provided for shall be credited to the institutions, towns or cities as the case may be in the same proportion as assessed, and any deficit on account of any year shall be assessed the following year in the same proportion as for the year in which the deficit occurred. For the purposes of apportioning the annual cost of maintenance and operation, the flow of sewage from the town of Danvers shall in no year prior to the year nineteen hundred and thirty-five be determined at less than one million two hundred and fifty-thousand gallons per day.

The annual apportionments so determined, including the annual allocations under subdivisions (*d*) and (*h*), both for cost of construction and for maintenance and operation, shall in the case of each of said cities, towns and institutions be added together, and on or before the fifteenth day of February in each year, beginning in nineteen hundred and thirty as aforesaid, the treasurer of said South Essex Sewerage District shall notify each of the amount to be paid by it, and shall in writing demand that such amount be paid on or before the first day of November in that year, and said amount shall be so paid; and in case of failure to pay after a written demand therefor, said district may recover such amount in contract from those liable to pay the same. Every apportionment both for cost of construction and for maintenance and operation made against the commonwealth, the county of Essex or any of the institutions aforesaid, shall be deemed to be a charge of maintenance, care and operation of the particular institution against which or on account of which any such apportionment shall be so made.

In case any of said cities, towns, the commonwealth, the county or institutions for any reason shall not pay on or before the first day of November in any year the amount apportioned to it as aforesaid, said board, through its treasurer, may borrow from time to time in anticipation of the payment of any and all unpaid assessments therefor a sum or sums sufficient to pay the balance of retirement and interest payments falling due that

year as hereinbefore provided, and may issue notes therefor and may refund such notes from time to time until all of such assessments shall have been fully paid, and may pay interest on all such notes, which interest payments shall be included in the subsequent apportionment.

Said board, through its treasurer, may borrow from time to time to meet interest payments on bonds or notes a sum or sums sufficient to pay such interest payments, and may issue notes therefor, and may refund such notes from time to time until assessments to meet such interest payments shall have been fully paid, and may pay interest on all such notes, which interest payments shall be included in the next apportionment.

The director shall have the power and authority to investigate the legality, validity, completeness and accuracy of all reports and actions required to be filed and taken by candidates, treasurers, political committees, and any other person pursuant to this chapter and any other laws of the commonwealth pertaining to campaign contributions and expenditures. He may require, by summons, the attendance and testimony under oath of witnesses and the production before him of books and papers relating to any matter being investigated by him. Such summons shall be served in the same manner as summonses for witnesses

in criminal cases issued on behalf of the commonwealth and all provisions of law relative to summonses issued in such cases shall apply to summonses issued under this section so far as applicable. Any justice of the supreme judicial court or of the superior court may upon application by the director compel the attendance of witnesses summoned as aforesaid and the giving of testimony under oath before said director in furtherance of any investigation in the same manner and to the same extent as before said courts.

The director shall establish rules of procedure governing the conduct of his hearings and investigations which shall be made available in printed form to each witness prior to his testimony. Witnesses shall have the right to be represented by counsel and shall before testifying be sworn. Witnesses shall testify only at private hearings and the same provisions with reference to secrecy which govern proceedings of a grand jury shall govern all proceedings before the director. Violations of such provisions with regard to secrecy shall be punished by a fine of up to one thousand dollars and imprisonment for not more than one year, or both. Upon conviction for any such violation said director shall be removed and the office of director deemed vacant.

The director shall inform any person or committee under investigation by said director by registered mail, return receipt requested, of his intention to present to the attorney general evidence of any alleged violation of this chapter. Within ten days of receipt of said notice said alleged violator may request a hearing before the director for the purpose of presenting evidence to the contrary. Said director shall not present evidence of any such alleged violation to the attorney general until after said hearing. Evidence of any such violation of this chapter which has come to his attention shall be presented by the director to the attorney general only after the relevant election involved, but within two years after said election.

Section 4. Political committees organized or operating principally within the commonwealth on behalf of candidates for president and vice president of the United States shall be subject to the provisions of this chapter. The director, upon the filing with him of a list of names and addresses of officers and members of such a committee under the provisions of section five, shall forthwith, by registered mail, return receipt requested, inform the candidate, in whose behalf said list is filed, of such filing, enclosing a duplicate of said list. Unless the candidate shall, within fourteen days after the receipt of such notification, consent in writing, signed by him and filed with the director, to the formation of such committee, such committee shall thereupon be ordered dissolved by the director and, upon its dissolution, shall forthwith file a financial report under the provisions of section eighteen. If the candidate shall, within fourteen days after the receipt of such notification, consent in writing, signed

by him and filed with the director, to the formation of such committee, such committee shall then be deemed to be organized as a non-elected political committee and be subject to the applicable provisions of this chapter. Candidates for nomination or election to the senate or house of representatives of the United States shall not be subject to the provisions of this chapter insofar as they may conflict with federal law.

Section 5. Each political committee shall organize by filing with the director or, if organized for the purpose of a city or town election only, with the city or town clerk, a statement of organization.

The statement of organization shall include: (1) the name of the political committee which, if organized on behalf of a candidate, shall include the name of the candidate in said name; (2) the address of the political committee; (3) a statement of the purpose for which the political committee is organized; (4) the name and residential address of the chairman and the treasurer; (5) the name, residential address, and position of other principal officers, including officers and members of the finance committee, if any, and; (6) the name and address, if known, and party affiliation of each candidate the political committee is supporting; provided, however, that if a candidate is nominated without reference to a political party, the name of his political party shall not be required.

The statement of a political committee organized on behalf of a candidate shall also include the written consent of said candidate. No candidate shall give his consent to more than one such committee.

Any change in information previously submitted in a statement of organization shall be reported to the director, or if organized for the purpose of a city or town election only, to the city or town clerk, within ten days following the change.

Each political committee shall have a treasurer who shall qualify for his office by filing a written acceptance thereof with the director, or if organized for the purpose of a city or town election only, with the city or town clerk. Said treasurer shall remain subject to all the duties and liabilities imposed by this chapter until his written resignation of the office is received or his successor's written acceptance is filed as aforesaid. No person acting under the authority of, or on behalf of, any political committee shall receive any money or anything of value, or expend or disburse the same, or incur expenses while it has no treasurer qualified as aforesaid, or while the name and address of any of its officers or members, as originally or subsequently chosen, is not filed in accordance with the provisions of this section or chapter fifty-two, as the case may be.

Each treasurer of a political committee shall keep and preserve detailed accounts, vouchers and receipts as prescribed for a candidate by the provisions of section two.

No expenditure shall be made for, or on behalf of, a political committee without the authorization of the chairman or treasurer, or their designated agents.

All funds of a political committee shall be kept separate from any personal funds of officers, members or associates of such committee.

Violation of any provision of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

Section 6. Political committees, duly organized, may receive, pay and expend money or other things of value for the enhancement of the political future of the candidate or the principle, for which the committee was organized so long as such expenditure is not primarily for the candidate's or any other person's personal use, provided, however, that the director shall establish reasonable rules and regulations concerning such expenditures; and provided, further, that such committee may contribute to other political committees and may contribute to the campaign fund of a candidate; and provided, further, that the aggregate of all such contributions made by such a committee organized on behalf of a candidate to another non-elected political committee organized on behalf of a candidate shall not exceed in any one calendar year the sum of one hundred dollars; and provided further, that the aggregate of all such contributions made by such a committee organized on behalf of a candidate to other non-elected political committees organized on behalf of candidates shall not exceed in any one calendar year the sum of fifteen hundred dollars.

Such committee may place surplus funds in a savings account and may earn interest thereon but it may not invest its funds or other things of value in any other manner.

Violation of any provision of this section shall be punished by imprisonment for not more than one year or by a fine of not more than one thousand dollars.

Section 7. No person or combination of persons including a corporation formed under the provisions of chapter one hundred and eighty, shall in connection with any nomination or election receive money or its equivalent, expend or disburse or promise to expend or disburse the same, except as authorized by this chapter. A political committee or a person acting under the authority or on behalf of such a committee may receive money or its equivalent, or expend or disburse or promise to expend or disburse the same for the purpose of aiding or promoting the success or defeat of a candidate at a primary or election or a political party or principle in public election or favoring or opposing the adoption or rejection of a question submitted to the voters, and for other purposes expressly authorized by this chapter subject, however, to the provisions thereof. Any individual may in addition make campaign contributions for the benefit of elected political committees or non-elected political committees organized on behalf of a political party; provided, that the aggregate of such campaign contributions for the benefit of the political committees of any one political party shall not exceed in any one calendar year the sum of one thousand dollars. Any individual may in addition make campaign contributions not exceeding in any one calendar year the sum of one thousand dollars to non-elected political committees not organized on behalf of any candidate or candidates or political party. Any candidate may in addition make expenditures without limitation for the purposes of his own campaign and may make campaign contributions without limitation for the benefit of non-elected political committees organized on his behalf. Notwithstanding the provisions of this section an individual of less than eighteen years of age shall not make campaign contributions in an amount in excess of twenty-five dollars in the aggregate during any one calendar year. Any candidate required to designate a depository for campaign funds by section nineteen and any person acting for such a candidate or such a political committee shall pay for services rendered or goods sold in excess of the sum of fifty dollars only through or by the means of a check drawn upon such depository and bearing the legend "Campaign Account — (name of candidate or political committee)", and shall secure the signature of the person receiving such check to the following certificate to be printed on all such checks: "The undersigned affirms under the penalties of perjury that he is the named payee of this check or an authorized officer thereof, that he or it performed the services or delivered the goods indicated hereon, that the payment is for the sole purpose of paying for such goods or services and that no person other than the named payee has any interest, direct or indirect, in this payment".

Violation of any provision of this section shall be punished by imprisonment for not more than six months or by a fine of not more than five hundred dollars.

No question submitted to the voters solely concerning the taxation of the income, property or transactions of individuals shall be deemed materially to affect the property, business or assets of the corporation. No person or persons, no political committee, and no person acting under the authority of a political committee, or in its behalf, shall solicit or receive from such corporation or such holders of stock any gift, payment, expenditure, contribution or promise to give, pay, expend or contribute for any such purpose.

Any corporation violating any provision of this section shall be punished by a fine of not more than fifty thousand dollars and any officer, director or agent of the corporation violating any provision thereof or authorizing such violation, or any person who violates or in any way knowingly aids or abets the violation of any provision thereof, shall be punished by a fine of not more than ten thousand dollars or by imprisonment for not more than one year, or both.

Section 9. No individual, candidate, or political committee, or person acting on behalf of said individual, candidate, or political committee, shall accept a contribution of money from any one person if the aggregate amount contributed in a calendar year exceeds fifty dollars except by check or other negotiable instrument. No individual, candidate, political committee, or person acting on behalf of said individual, candidate, or political committee, shall make an expenditure for an amount exceeding fifty dollars except by check.

The soliciting or receiving of any gift, pay-

ment, contribution, assessment, subscription or promise of money or other thing of value by a non-elected political committee organized to promote the candidacy for public office of a person so employed for compensation by the commonwealth or any county, city or town, shall not be deemed to be a direct or indirect solicitation or receipt of such contribution by such person; provided, however, that no such gift, payment, contribution, assessment, subscription or promise of money or other thing of value may be solicited or received on behalf of such a person from any person or combination of persons if such person so employed knows or has reason to know that the person or combination of persons has an interest in any particular matter in which the person so employed participates or has participated in the course of such employment or which is the subject of his official responsibility.

All such statements shall be signed under the penalties of perjury.

Such blanks shall be furnished upon request to any person or political committee required to file a statement or report.

The director shall provide to all candidates and political committees required to file with him a summary of this chapter and all other laws of the commonwealth relating to contributions and expenditures, and shall furnish to city and town clerks, at the expense of the commonwealth sufficient copies of said summary so that they may provide said summary to all candidates and political committees required to file with them.

Section 28. The director shall inspect all statements and reports of candidates, or non-elected political committees supporting such candidates, filed with him, and the clerks of cities and towns shall inspect all such statements and reports filed with them, within thirty days of the reporting dates required by this chapter, and all other statements and reports within sixty days of the reporting dates required by this chapter. If upon examination of the records it appears that any candidate or political committee has failed to file a statement or report as required by law, or if it appears to the director that any such statement or report filed with him does not conform to law, or if it appears to a city or town clerk that such statement or report relating to a city or town nomination or election does not conform to law, or upon written complaint by five registered voters that a statement or report does not conform to law, or that any candidate or political committee has failed to file a statement or report required by law, the director or city or town clerk, as the case may be, shall, in writing, notify the delinquent person. Such complaint shall state in detail the grounds of objection, shall be sworn to by one of the subscribers, and shall be filed with the director or with the proper city or town clerk within ten days after the required date for filing a statement or report, or within ten days after the actual filing of a statement or report, or an amended statement or report.

Section 29. Upon failure to file a statement or report within ten days after receiving notice under section twenty-eight, or if any statement filed after receiving such notice discloses any violation of any provision of this chapter, the director in accordance with section three, or the city or town clerk, as the case may be, shall notify the attorney general thereof and shall furnish him with copies of all papers relating thereto, and the attorney general, within two months thereafter, shall examine every such case, and, if satisfied that there is cause, he shall in the name of the commonwealth institute appropriate civil proceedings or refer the case to the proper district attorney for such action as may be appropriate in the criminal courts.

Section 30. The supreme judicial or superior court may compel any person failing to file a statement as above required, or filing a statement not conforming to the foregoing requirements in respect to its truth, sufficiently in detail, or otherwise, to file a sufficient statement, upon the application of the attorney general or district attorney or petition of any candidate voted for, or of any five persons qualified to vote at the election on account of which the expenditures, or any part thereof, were made or are alleged to have been made. Such petition shall be filed within sixty days after such election, if the statement was filed within the thirty days required, but a petition may be filed within thirty days of any payment not included in the statement so filed. Proceedings under this section shall be advanced for speedy trial upon the request of either party. No petition brought under this chapter shall be discontinued without the consent of the attorney general.

Section 31. No person compelled to testify in any proceedings under section thirty shall be liable to criminal prosecution for any matters or causes in respect of which he shall be examined or to which his testimony shall relate, except to prosecution for perjury committed in such testimony.

Section 32. A candidate shall be deemed to have committed a corrupt practice who commits any of the following offences:

Making or permitting any person or non-elected political committee authorized by him to make a false return in any statement filed under sections eighteen, nineteen and twenty-four by him or on his behalf.

Making a false return in any statement filed under sections eighteen and twenty-four by a candidate for nomination or election.

Knowingly expending as a candidate for elective office any sum for campaign expenses in excess of the maximum sum set forth for the office in section twenty.

Any candidate fraudulently and wilfully obstructing and delaying a voter, interfering with, hindering or preventing an election officer from performing his duties, forging an endorsement upon, altering, destroying or defacing a ballot, tampering with or injuring or attempting to injure any voting machine or ballot box to be used or being used in a primary or election, or preventing or attempting to prevent the correct operation of such machine or box.

Section 33. (*a*) If the attorney general or five or more voters have reasonable cause to believe that a corrupt practice, as defined in section thirty-two, has been committed by any successful candidate, other than a candidate for the United States Congress, or for the general court, for whom such voters had the right to vote, with reference to his election, or by any other person in his interest or behalf with reference thereto, the attorney general or such voters may apply to a justice of the superior court, sitting in equity within and for Suffolk county, for leave to

bring an election petition against such candidate praying that the election of such candidate be declared void. Such application shall be subscribed and sworn to by the petitioners and it shall be heard ex parte by the justice of the superior court upon such evidence as he may require; and if the petitioners shall establish to his satisfaction that there is reasonable cause to believe that a corrupt practice has been committed with reference to the election of the candidate in question, which materially affected the results of the election, and that upon the evidence obtainable there is reasonable cause to believe that such violations may be proved, he shall make an order granting leave to the petitioners to bring an election petition against such candidate.

(*b*) After the entry of such order, and within two months after the election to which it relates, the election petition may be filed in the superior court within and for Suffolk county.

Notice of the petition shall be by writ of subpoena according to the usual course of proceedings in equity and shall be returnable fourteen days after the date on which the petition is filed.

A subpoena issued upon an election petition shall be served not less than seven days before the return day.

A defense to an election petition shall be by answer, filed within seven days after the return day, and no replication need be filed.

Election petitions shall be entered on the equity docket.

(*c*) Election petitions and all motions and other applications, whether interlocutory or final, and all hearings on the merits or upon the making, entering or modifying of decrees therein shall be heard and determined by three justices of the superior court who shall, immediately following the filing of an election petition, be assigned by the chief justice of said court for the hearing and determination of all matters arising under election petitions prior to the next state election. No reference to a master shall be had upon any matter arising under an election petition, except in matters of fact relating to financial statements and the examination of accounts and vouchers. All proceedings under election petitions shall have precedence over any case of a different nature pending in any court, and the justices of the superior court may from time to time make such rules regulating the practice and proceedings in matters of such election petitions, not inconsistent with this chapter, as they deem expedient. In the absence of any such rules, the practice and procedure in election petitions shall be governed by such laws or rules of court, not inconsistent with this chapter, as may from time to time be in force relating to the practice and proceedings in matters of equity.

(*d*) Upon an election petition the decision of the three justices of the superior court assigned as aforesaid, or of a majority of them, shall be final and conclusive upon all matters in controversy, whether interlocutory or final, and whether in matters of fact or matters of law. But the said justices, or a majority of them,

may, after a finding of facts, either of their own motion or at the request of either party, report the case to the supreme judicial court for determination by the full court; and thereupon like proceedings shall be had as upon a report after a finding of facts by a justice of the superior court in equity proceedings.

(*e*) If upon an election petition one or more violations of section thirty-two are proved, it shall be a defense to the petition if the defendant establishes to the satisfaction of a majority of the justices hearing the same, with reference to all said violations, the following:

As to every such violation, either that

(1) Such violation was not committed by the candidate, but was committed contrary to the orders and without the sanction or connivance of the candidate;

(2) The participation, if any, of the candidate in such violation, arose from inadvertence or from accidental miscalculation, or from some other reasonable cause of a like nature, and in any case did not arise from any want of good faith;

(3) The candidate took all reasonable means for preventing the commission of violations of this chapter with reference to the election in question;

(4) The violation in question was of a trivial, unimportant and limited character;

(5) The violation in question did not materially affect the results of the election.

(*f*) The court may by an order make the final disposition of an election petition conditional upon the filing of a statement required by this chapter in a modified form, or within an extended time, and upon compliance with such other terms as the court may deem best calculated to carry into effect the objects hereof, and in such case the court shall require, within a time certain, further proof as to the compliance with the conditions of such order, whereupon a final decree shall be entered.

(*g*) If upon the hearing of an election petition a majority of the justices hearing the same shall find that in relation to the election of the candidate in question a corrupt practice, as defined in section thirty-two, was committed by the defendant, a decree shall be entered subject to the limitations and conditions hereinbefore prescribed, declaring void the election of the defendant to the office in question, and ousting and excluding him from such office and declaring the office vacant.

(*h*) No person called to testify upon an election petition shall be excused from testifying or producing any papers on the ground that his testimony may tend to criminate him or subject him to a penalty; but he shall not be prosecuted or subjected to any penalty or forfeiture except forfeiture of election to office, for or on account of any action, matter or thing concerning which he may so testify, except for perjury committed in such testimony.

(*i*) No decree entered upon an election petition shall be a bar to or affect in any way any criminal prosecution of any candidate or other person, or any inquest in accordance with sections thirty-five to forty-one, inclusive.

(*j*) A certified copy of any final decree entered upon an election petition, as provided by this chapter, shall forthwith be transmitted by the clerk to the director; and any vacancy in any office created by any such decree shall be filled in the manner provided by law in case of the death of the incumbent, but in no case shall the candidate so excluded from the office be eligible therefor.

(*k*) If upon the hearing of an election petition it shall appear to a majority of the justices hearing the same that with reference to the election in question there is a reasonable presumption that any violation of this chapter was committed, they shall cause notice of the facts to be given by the clerk of said court to the district attorney for the county where the violation appears to have been committed, with a list of the witnesses to establish the violation, and any other information which they may consider proper; and thereupon the district attorney shall cause complaint therefor to be made before a court or magistrate having jurisdiction thereof, or shall present the evidence thereof to the grand jury. If it shall appear that a successful candidate for district attorney has been guilty of any such violation, a majority of said justices shall order the notice of the facts to be given to the attorney general, who shall designate a district attorney to make such complaint or presentment. A majority of said justices may issue process for the apprehension of any person so appearing to have committed a violation of this chapter, and may bind over, as in criminal prosecutions, such witnesses as they deem necessary to appear and testify at the court having jurisdiction of the crime.

Section 34. Sections one to thirty-three, inclusive, shall apply to all public elections and to elections by the general court and by city councils and by either branch thereof, and, so far as applicable, to the nomination by primaries, caucuses, conventions and nomination papers of candidates to be voted for at such elections. The term "political committee" as defined in section one shall not apply to the proprietors and publishers of publications issued at regular intervals, in respect to the ordinary conduct of their business, nor shall they, in respect thereto, be subject to sections two to six, inclusive, of this chapter.

Section 35. Upon a complaint subscribed and sworn to by any person before a district court, alleging that reasonable grounds exist for believing that any law relating to the qualification or registration of voters, or to voting lists or ballots, or to primaries, caucuses, conventions and elections, or to any matters pertaining thereto, has been violated, such court may at once hold an inquest to inquire into such alleged violation of law.

Section 36. The court may exclude all persons whose presence is not necessary at such inquest; and may also direct the witnesses to be kept so separated that they cannot converse with each other until they have been examined. The attorney general, the district attorney, or some person designated by either, shall attend the inquest and examine the witnesses.

Section 37. Such court or attorney may issue subpoenas for witnesses, who shall be allowed the same fees, whose attendance may be enforced in the same manner, and who shall be subject to the same penalties, as if served with a subpoena in behalf of the commonwealth in a criminal prosecution before such court.

Section 38. Such court may employ a stenographer and may have the proceedings reduced to writing; and, if he finds that the law has been violated, shall report to the superior court all the material facts and the names of any persons guilty of any such violation.

Section 39. The court may bind over, as in criminal prosecutions, such witnesses as are necessary, or as said attorney may designate, to appear and testify in the superior court.

Section 40. If a person charged by the report with the commission of an offence is not in custody, the court shall forthwith issue a process for his apprehension; but such process may issue before the filing of said report, if otherwise lawful.

Section 41. No person shall be excused from testifying or producing any papers in any inquest proceedings under sections thirty-five to forty, inclusive, on the ground that his testimony may tend to criminate him or subject him to a penalty or forfeiture, but he shall not be prosecuted or be subjected to a penalty or forfeiture for or on account of any action, matter or thing concerning which he may be required so to testify, except for perjury committed in such testimony.

Section 42. The director in proceedings based upon an election petition, as provided in section thirty-three, and the clerk of the court wherein a person is convicted of a violation of any provision of law relating to corrupt practices in elections, shall, within ten days after final judgment on such election petition or conviction, forward to the clerk of the city or town where the defendant resides a certified copy of the record of the final judgment or conviction, and the name of such person shall forthwith be stricken from the roll of registered voters of the city or town for a period of three years.

SECTION 2. Notwithstanding any provision of the law to the contrary any record filed with the state secretary on or after December fifth, nineteen hundred and seventy-four relating to campaign expenses or contributions shall be transmitted to the director of campaign and political finance, appointed under section three of chapter fifty-five of the General Laws, as soon as practicable following the effective date of this act, and such records shall be deemed to have been filed with the director.

SECTION 3. The person appointed director of campaign and political finance, under section two A of chapter fifty-five of the General Laws, inserted by section one of chapter eleven hundred and seventy-three of the acts of nineteen hundred and seventy-three, shall continue to serve as director of campaign and political finance under section three of said chapter fifty-five, as appearing in section one of this act, until the expiration of the term for which he was appointed and shall exercise all the powers and perform the duties incumbent upon the director under chapter fifty-five of the General Laws, as amended by this act. All employees of the office of campaign and political finance shall continue to serve therein without interruption of seniority, retirement, vacation or other rights. The appointive member of the commission created under said section three of said chapter fifty-five for the purposes of electing the director of campaign and political finance, holding such office on the effective date of this act, shall serve until the expiration of the term for which he was appointed. *Approved April 28, 1975.*

With like approval the directors may, on the semiannual assessment dates if reasonably necessary, in lieu of declaring such an additional excess assessment, effect a uniform refund in whole or in part of the excess assessments previously paid in, but in no event shall any such refund cause the member assessment to fall below one per cent of a member's share and deposit liabilities.

Be it enacted, etc., as follows:

SECTION 1. Section 38 of chapter 123 of the General Laws is hereby amended by striking out the definition of "Drug dependent person", as amended by section 4 of chapter 827 of the acts of 1974, and inserting in place thereof the following definition: —

"Drug dependent person", a person who is unable to function effectively and whose inability to do so causes, or results from, the use of a drug other than alcohol, tobacco or lawful beverages containing caffeine, and other than from a medically prescribed drug when such drug is medically indicated and the intake is proportioned to the medical need.

SECTION 2. Said section 38 of said chapter 123 is hereby amended by striking out the definition of "Drug offense", as appearing in section 6 of chapter 1071 of the acts of 1971, and inserting in place thereof the following definition: —

"Drug offense", an act or omission relating to a dependency related drug which constitutes an offense pursuant to section twenty-one or subdivision (1) of section twenty-four of chapter ninety, section eight of chapter ninety B, chapter ninety-four C or section sixty-two of chapter one hundred and thirty-one; provided, however, in the case of a juvenile this definition shall be applicable if said juvenile is charged with being delinquent by reason of an offense pursuant to said sections.

SECTION 3. Section 47 of said chapter 123 is hereby amended by striking out the second and third paragraphs, as appearing in section 17 of chapter 827 of the acts of 1974, and inserting in place thereof the following two paragraphs: —

If the defendant requests such an examination, the court may in its discretion determine that the defendant is a drug dependent person, who would benefit by treatment, without ordering the examination. In such event, the court shall inform the defendant that he may request assignment to a drug treatment facility, and advise him of the consequences of assignment and that if he is so assigned the court proceedings shall be stayed for the term of such assignment.

The court proceedings shall be stayed for the period during which a request made under this section is under consideration by the court. If the defendant requests an examination, the court

shall, unless the court has already determined that the defendant is a drug dependent person, appoint a psychiatrist, or if it is, in the discretion of the court, impracticable to do so, a physician, to conduct the examination at an appropriate location designated by it. In no event shall the request for such an examination or any statement made by the defendant during the course of the examination, or any finding of the psychiatrist or physician be admissible against the defendant in any court proceedings.

SECTION 4. Said section 47 of said chapter 123 is hereby further amended by striking out the fifth and sixth paragraphs, as so appearing, and inserting in place thereof the following two paragraphs: —

If the defendant is also charged with a violation of any law other than a drug offense, the stay of the court proceedings may be vacated by the court upon the report of the psychiatrist or physician, whereupon the report shall be considered upon disposition of the charges in accordance with sections forty-eight and forty-nine, and the remaining provisions of this section shall not apply. If the defendant is charged with a drug offense only and if the psychiatrist or physician reports that the defendant is a drug dependent person who would benefit by treatment, the court shall inform the defendant that he may request assignment to a drug treatment facility, and advise him of the consequences of the assignment and that if he is so assigned the court proceedings shall be stayed for the term of such assignment.

If the defendant requests assignment and if the court determines that he is a drug dependent person who would benefit from treatment the court may stay the court proceedings and assign him to a drug treatment facility.

SECTION 5. Said section 47 of said chapter 123 is hereby further amended by striking out the eleventh, twelfth and thirteenth paragraphs, as so appearing, and inserting in place thereof the following three paragraphs:—

If the defendant requests assignment, and if the court determines that the defendant is a drug dependent person who would benefit by treatment, and the defendant is charged for the first time with a drug offense not involving the sale or manufacture of dependency related drugs, and there are no continuances outstanding with respect to the defendant pursuant to this section, and adequate and appropriate treatment at a facility is not available, the stay of court proceedings shall remain in effect until such time as adequate and appropriate treatment at a facility is available.

In all other cases, an assignment order shall not be made unless, after consultation with the facility or the division, the court determines that adequate and appropriate treatment is available, provided, however, that the court may in its discretion order that the stay of court proceedings remain outstanding

until such time as adequate and appropriate treatment is available.

In the event that the stay of the court proceedings remain in effect for the reason that adequate and appropriate treatment at a facility is not available, the issue of the availability of adequate and appropriate treatment at a facility may be reopened at any time by the court on its own motion, or on motion by the prosecutor, or the defendant.

SECTION 6. Said section 47 of said chapter 123 is hereby further amended by striking out the sixteenth paragraph, as so appearing, and inserting in place thereof the following paragraph: —

If the court does not assign the defendant to a facility, the stay of the court proceedings shall be vacated.

SECTION 7. Said section 47 of said chapter 123 is hereby further amended by striking out the twenty-second paragraph, as so appearing, and inserting in place thereof the following paragraph: —

In reaching its determination of whether or not the defendant successfully completed the treatment program, the court shall consider, but shall not be limited to, whether the defendant cooperated with the administrator and complied with the terms and conditions imposed on him during his assignment. If the report states that the defendant successfully completed the treatment program, or if the defendant completes the term of treatment ordered by the court, the court shall dismiss the charges pending against the defendant. If the report does not so state, or if the defendant does not complete the term of treatment ordered by the court, then, based on the report and any other relevant evidence, the court may take such action as it deems appropriate, including the dismissal of the charges or the revocation of the stay of the court proceedings.

No person shall sell, offer for sale or expose for sale any agricultural, vegetable, flower or tree and shrub seed within the commonwealth unless the test to determine the percentage of germination required by sections eighty-six to eighty-nine was completed within a nine-month period, exclusive of the calendar month in which the test was completed, immediately prior to sale, exposure for sale or offering for sale or transportation. The records of such tests shall be available to the commissioner or his duly authorized assistants for a period of at least one year from date of test. The director may by rules and regulations designate a shorter period for kinds of seed which he finds under ordinary conditions of handling will not maintain during the aforesaid nine-month period, a germination within the established limits of tolerance, or a longer period for any kind of seed which is packaged in such container materials and under conditions such as provided for by hermetically sealed containers, prescribed by the director as he finds will, during

such longer period, maintain the viability of said seed under ordinary conditions of handling.

Neither shall seed be sold which is not labeled in accordance with the provisions of sections eighty-four to one hundred and one, inclusive, or which bears a false or misleading labeling or pertaining to which there has been a false or misleading advertisement, which consists of or contains, "Prohibited" noxious-weed seeds, which consists of or contains, "Restricted" noxious-weed seeds at a rate per pound in excess of the number declared on the label attached to the container of the seed or associated with the seed, subject to tolerances, containing more than one per cent of all weed seeds, nor shall seed be sold which is so weak or low in germination according to standards adopted and rules and regulations prescribed by the director under the provisions of section ninety-eight as to be unfit for seeding purposes, which is represented to be "certified seed" "registered seed" or "foundation seed" or designated by any other term conveying similar meaning, unless such seed has been produced, processed and labeled in accordance with the procedures and in compliance with the rules and regulations of an officially recognized certification agency or agencies and bears an official tag or label of such an agency, or to be represented by hybrid seed unless such seed conforms to the definition of hybrid in section eighty-four, except that this provision shall not apply to variety names in common trade usage.

Section 91. No person within the commonwealth shall detach, alter, deface or destroy any label provided for in said sections eighty-four to one hundred and one, inclusive, or the regulations promulgated thereunder, or alter or substitute seed, in a manner that may defeat the purpose of said sections, disseminate any false or misleading advertisement concerning agricultural, vegetable, flower or tree and shrub seed, hinder or obstruct any authorized person in the performance of his duties under said sections eighty-four to one hundred and one, inclusive, fail to comply with an official order to withhold from sale certain seeds as provided in section ninety-five, move or otherwise handle or dispose of any lot of seed held under a "stop-sale" order or tags attached thereto, except with the written permission of the enforcing officer, and for the purpose specified therein, sell, offer or expose for sale any color mixture of a single kind of flower seed representing four or more colors or shades, in which any one color or shade occurs in sixty per cent or more of the plants which the mixture is capable of producing, unless colors or shades and approximate percentage of each is indicated on the label, or sell, offer or expose for sale a mixture of flower seed kinds in which any one kind is present in excess of twenty-five per cent by seed count unless the kinds present and the approximate percentage of each are indicated on the label and the use of the word "trace" as a substitute for any statement as to quantity or percentage which is required.

Section 92. Sections eighty-five through ninety-one, inclusive, shall not apply to seed or grain not intended for sowing purposes, and to seed in storage in, or consigned to, a seed cleaning or processing establishment for cleaning or processing; provided, that any labeling or other representation made with respect to the unclean seed shall be subject to sections eighty-four to one hundred, inclusive.

Section 93. No person shall be subject to the penalties of section one hundred for having sold or offered or exposed for sale in the commonwealth any agricultural, vegetable, flower or tree and shrub seeds which were incorrectly labeled or represented as to kind, variety (cultivar) or origin, which seeds cannot be identified by examination thereof, unless he has failed to obtain an invoice or grower's declaration or other labeling information giving kind, variety or origin, if required, and to take such other precautions as may be necessary to insure the identity to be that stated.

The labeling requirements for all vegetable and agricultural seeds, including mixtures, flower and tree or shrub seeds shall be considered to have been met if the seed is taken from a properly labeled container in the presence of the purchaser.

Section 94. The commissioner and his duly authorized assistants shall have authority to enforce sections eighty-four to one hundred and one, inclusive, and to prosecute all violations thereof. Before any prosecution is begun by said commissioner or any of his duly authorized assistants, the parties concerned shall be given an opportunity to be heard before said commissioner or a person designated by him for such purpose. The parties concerned shall be given reasonable notice of the hearing, specifying the day, hour and place thereof, and accompanied by a description of the alleged violation.

Section 95. The commissioner, either in person or his assistants, shall have free access at all reasonable hours to each building or other place where agricultural seeds or mixtures thereof, vegetable seeds, flower seeds or tree and shrub seeds are stored, sold or offered or exposed for sale, for the purpose of inspection of such seeds, and, upon tendering the market price, may take samples of such agricultural, vegetable, flower or tree and shrub seeds or mixtures thereof for tests and analyses.

Such samples shall be thoroughly mixed and two official samples therefrom; each official sample shall be securely sealed. Such official samples shall be submitted by said commissioner or his duly authorized assistants to the director for testing and analyzing. One of such samples shall be held by the director or his duly authorized assistant at the disposal of the person named on the label as the vendor of the seed samples for six months after the results of the analysis have been reported, as provided in section ninety-seven, and the other sample retained by the director or such assistant for analysis.

The commissioner shall co-operate with the United States department of agriculture in seed law enforcement.

The commissioner may order that any agricultural seeds or mixtures thereof, vegetable seeds, flower seeds or tree and shrub seeds, the containers of which he finds are not tagged or labeled as provided in section eighty-five or which do not conform to the statements on the tags or labels attached to the containers thereof, be withheld from sale until properly tagged or labeled or until made to conform to the statements on the tags or labels attached to the containers thereof. Any person aggrieved by such an order may, within ten days after the entry thereof, appeal therefrom by petition to the superior court in the county where he resides or has his usual place of business or in the county of Suffolk. The court shall hear such petition speedily in accordance with the usual course of procedure in equity, and may affirm, modify or revoke such order. Such order shall remain in force until so modified or revoked.

Section 96. Any lot of agricultural, vegetable, flower or tree and shrub seed not in compliance with the provisions of sections eighty-four to one hundred, inclusive, shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the area in which the seed is located. If the court finds the seed to be in violation of said sections, and orders the condemnation of such seed, it shall be denatured, processed, destroyed, relabeled, or otherwise disposed of in compliance with the laws of the commonwealth; provided, that the court shall not order such disposition of such seed without first having given the claimant an opportunity to apply to the court for release of such seed or permission to process or relabel it to bring it into compliance with said sections.

Section 97. The director shall cause such tests and analyses as he may specify to be made of samples collected under section ninety-five in order to determine the quality of the seeds contained in such samples. The results of all such analyses shall be reported to the commissioner. To enable the director to determine the trueness to type or variety of vegetable, flower and other seeds, he shall provide that field tests be made of such samples of seeds as he may designate, and may publish the results of all such tests and analyses as are in accordance with the provisions of this section.

Section 98. The director, with the approval of the commissioner, shall, subject to the provisions of chapter thirty A, adopt vegetable seed and flower seed germination standards, prescribe rules and regulations from time-to-time, and in like manner, modify or amend rules and regulations governing the methods of sampling, inspecting, analyzing, testing and examining agricultural, vegetable, flower or tree and shrub seed and the tolerances to be followed in the administration of sections eighty-four to one hundred, inclusive, which shall be in

general accord with officially prescribed practice in interstate commerce, and such other rules and regulations as may be necessary to secure the efficient enforcement of said sections.

Section 99. Any person residing or doing business in the commonwealth may submit to the director samples of seeds for purity and germination tests subject to such rules and regulations as may be adopted by the director including a reasonable charge or fee for such tests. Receipts under this section shall be paid into the state treasury.

Section 100. Whoever sells, offers or exposes for sale any lot of agricultural seeds or mixtures thereof, vegetable seeds, flower seeds or tree and shrub seeds without complying with the requirements of sections eighty-four to ninety-nine, inclusive, applicable thereto or in violation of any order, under section ninety-five of the commissioner or of the superior court if an appeal is taken, or whoever falsely marks or labels any such seed or mixture, or impedes, obstructs or hinders the commissioner or any of his duly authorized agents, or the director or any of his duly authorized assistants, in the discharge of the authority or duties conferred or imposed by any provision of said sections, shall be punished by a fine of not more than five hundred dollars.

Section 101. No person shall sell, offer to sell or expose for sale seed potatoes that do not conform to the standards and allowable tolerances set forth in the rules and regulations established by the division of markets in the department. Chap. 212. AN ACT CREATING A GOVERNMENT LAND BANK.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to aid private enterprise or public agencies in the speedy and orderly conversion of lands formerly used for certain military activities in order to prevent blight, economic dislocation, and unemployment and in the construction and rehabilitation of housing upon such lands in order to alleviate the housing shortage, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. It is hereby found that there exists within the commonwealth a condition of substantial and persistent unemployment which is detrimental to the welfare of the people of the commonwealth; that the termination by the United States of certain military activities within the commonwealth will, in the absence of a speedy and orderly conversion and redevelopment

of certain lands formerly used for such activities to non-military uses, result in blight, economic dislocation, and additional unemployment, all to the further detriment of the welfare of the people of the commonwealth; that private enterprise, unaided by the commonwealth, is unable to accomplish such a speedy and orderly conversion so as to prevent blight, economic dislocation, and additional unemployment; that there exists within the commonwealth an acute shortage of decent, safe, and sanitary housing available to persons of low and moderate income, to the detriment of the welfare of the people of the commonwealth; and that private enterprise, unaided by the commonwealth, is unable to accomplish the construction and rehabilitation of such housing so as to alleviate such shortage.

Therefore, it is the purpose of the government land bank created by this act to aid private enterprise or public agencies in the speedy and orderly conversion and redevelopment of certain lands formerly used for military activities to non-military uses, including industrial, commercial, and residential uses, in order to prevent blight, economic dislocation, and additional unemployment or to aid private enterprise in the construction and rehabilitation upon such lands of decent, safe, and sanitary housing available to persons of low and moderate income in order to alleviate the shortage of such housing.

SECTION 2. There shall be in the executive office for administration and finance, but not subject to its administrative supervision or control, a body corporate and politic known as the government land bank, in this act called the bank. The government land bank is hereby constituted a public instrumentality and the exercise by the bank of its powers and the discharge by the bank of its duties shall be deemed and held to be the performance of an essential government function.

The bank shall be governed by a board of nine directors, eight appointed by the governor, at least one of whom shall be a person experienced in industrial development, one of whom shall be a person experienced in employment development, one of whom shall be a person experienced in real estate law, one of whom shall be a person experienced in financial aspects of real estate development, one of whom shall be a representative of organized labor and one of whom shall be experienced in planning, and one member shall be the commissioner of administration, ex officio. Said commissioner shall have a full vote on the board. Directors, except the commissioner of administration, shall serve for terms of three years; provided, however, that of those initially appointed, three shall be for terms of one year, three for two years and three for three years. Vacancies arising otherwise than from the expiration of a term shall be filled by the governor for the remainder of the unexpired term. Directors shall serve without compensation but shall be reimbursed for expenses necessarily incurred in the performance of their duties.

The governor shall from time to time designate one of the directors to serve as chairman. The directors shall annually elect from among themselves a vice-chairman and a secretary. The secretary shall keep a record of the proceedings of the bank and shall be the custodian of all books, documents, and papers filed with the bank and of its minute book and seal. He shall have authority to cause to be made copies of all minutes and other records and documents of the bank and to give certificates under the seal of the bank to the effect that such copies are true copies, and all persons dealing with the bank may rely upon such certificates. Six directors of the bank shall constitute a quorum.

The directors may, from time to time, appoint and, at pleasure, remove, an executive director, who shall devote his full time during business hours to the duties of his office and who shall receive such compensation as the directors shall determine; a treasurer, who shall be the chief financial and accounting officer of the bank and shall be in charge of its funds, books of account, and accounting records; and such other officers and employees as are necessary to the functioning of the bank. Officers and employees of the bank shall not be subject to the provisions of chapter thirty-one or section nine A of chapter thirty of the General Laws. Salaries for employees, including the executive director and the treasurer, shall be set by the directors, provided that no person shall receive more than twenty-five thousand dollars per annum and that the total personnel expenditure for the bank in any fiscal year shall not exceed one hundred thousand dollars in the aggregate, exclusive of grants and gifts.

The treasurer of the bank shall give bond for the faithful performance of his duties, with a surety company authorized to do business in this commonwealth as surety, in such sum as the directors may determine, the premium therefor to be paid by the bank.

SECTION 3. There shall be three advisory boards to the bank, one for the Chelsea Naval Hospital, one for Westover Air Force Base, and one jointly for the Boston Naval Shipyard, South Boston Annex and Boston Army Base. Each advisory board shall consist of eleven members, who shall be appointed as follows: — the mayor of the city of Chicopee and the chairman of the board of selectmen of the town of Ludlow shall each appoint four members of the Westover advisory board; the mayor of the city of Chelsea shall appoint eight members of the Chelsea advisory board; and the mayor of the city of Boston shall appoint eight members of the Boston advisory board. The three remaining members of each board shall be appointed by the governor.

Members shall serve for terms of three years; provided, however, that of those initially appointed, three of the members appointed by the mayor of Boston shall be for terms of one year each and three shall be for terms of two years each, and three of the members appointed by the mayor of Chelsea shall be for terms of one year each and three shall be for terms of two years

each. Of members appointed initially by the mayor of Chicopee, two shall be for terms of one year each and one for a term of two years. Of members initially appointed by the chairman of the board of selectmen of the town of Ludlow, two shall be for terms of one year each and one shall be for a term of two years. Of the members initially appointed by the governor to each board, one shall be for a term of two years.

Vacancies arising otherwise than from the expiration of a term shall be filled by the designated appointing authority for the remainder of the unexpired term. Members shall receive no compensation for their services, but shall be reimbursed for expenses necessarily incurred in the performance of their duties. The full membership of each advisory board shall by majority vote from time to time elect a member to serve as chairman.

The advisory boards may advise the board of directors of the bank with respect to the acquisition, taking possession, and disposition of any lands, and may advise the board of directors of the bank with respect to its exercise of any other power or discharge of any other duty as provided by this act.

SECTION 4. The bank may: —

(*a*) adopt, without regard to chapter thirty A of the General Laws, by-laws for the conduct of its business;

(*b*) adopt an official seal;

(*c*) sue and be sued in its own name;

(*d*) make and execute contracts and any other instruments necessary or convenient for the exercise of its power or the discharge of its duties;

(*e*) enter into agreements or other transactions with any governmental agency;

(*f*) subject to the approval of the state treasurer invest any funds not required for immediate disbursement in such investments as may be lawful for fiduciaries in the commonwealth;

(*g*) appear in its own behalf before governmental agencies;

(*h*) procure insurance against any loss in connection with its property in such amounts and from such insurers as it deems necessary or desirable;

(*i*) accept gifts, grants, or loans of funds, property, or financial or other aid from any private or public source;

(*j*) take possession on behalf of the commonwealth or acquire on its own behalf lands, improvements thereon, and related personal property, hereinafter called lands, or any interest therein, from the United States, which lands, or interest therein, were used for Westover Air Force Base, the Chelsea Naval Hospital, or the Boston Naval Shipyard, including the South Boston Annex and the Boston Army Base, subject to such restrictions as may be imposed on such acquisition by the United States; hold, protect, maintain and use such lands, or any interest therein, as it deems necessary or desirable to facilitate disposition of such lands, or any interest therein; and dispose of such lands, or any

interest therein, by sale, lease, or otherwise as provided by this act;

(*k*) take any actions necessary or convenient to the exercise of any power or the discharge of any duty provided for by this act.

SECTION 5. Whenever the United States shall give notice that any lands, or any interest therein, used for Westover Air Force Base, the Chelsea Naval Hospital, or the Boston Naval Shipyard, including the South Boston Annex and Boston Army Base, are available for disposal or make advertisement for bids with respect to such lands, or such interest, the bank may take whatever steps are required by federal law or regulations to acquire such lands, or such interest; provided, however, that the bank shall within one year from such notice or such advertisement, make no offer or bid to acquire such lands in competition with that of any municipality or municipalities, or any designee thereof, within which such land lies, unless such offer or bid is necessary, in the judgment of the bank, to prevent acquisition of such lands, or such interest, other than by such municipality or municipalities, or any designee thereof, or the bank.

SECTION 6. The bank shall dispose of lands, or any interest therein, formerly used for Westover Air Force Base, the Chelsea Naval Hospital, or the Boston Naval Shipyard, including the South Boston Annex and the Boston Army Base, to any public or private entity or entities, to be redeveloped in accordance with redevelopment plans approved after a public hearing, which need not be an adjudicatory hearing as provided by chapter thirty A of the General Laws by the bank. No public hearing herein authorized shall be held unless there has been published a notice of such hearing in a daily newspaper of general circulation in the area in which such hearing is to be held at least seven days prior to said hearing and further that the requirements of sections eleven A and eleven B of chapter thirty A of the General Laws are met.

No such redevelopment plan shall be approved by the bank unless the bank finds that such plan provides for redevelopment of such lands, in whole or in part, substantially for industrial, commercial or residential uses which will prevent blight, economic dislocation or unemployment, or for the construction or rehabilitation upon such lands of decent, safe, and sanitary housing available at low rentals which persons and families of low income, elderly persons, and veterans can afford, or for such other public purposes as the bank may determine are generally consistent with the provisions of this act; that such plan is consistent with the sound needs of the locality as a whole, with particular regard to the prevention of blight, economic dislocation and unemployment or to the alleviation of the shortage of such housing; that such plan is financially sound; and that such plan meets such other requirements as the bank may by regulation establish.

The bank shall establish and make public procedures for the amendment of approved redevelopment plan or plans.

No such redevelopment plan shall be approved by the bank within two years after the taking of possession or acquisition by the bank of the land, or any interest therein, to which such plan relates, unless such plan has been approved by the municipality, or jointly by the municipalities, within which such land lies. The bank may extend said two years by petition of any municipality wherein the lands are located.

Any disposition of lands, or any interest therein, by the bank may be by parcels which are the same as or different from those by which they were possessed or acquired by the bank.

Pending disposition of such lands, any existing housing acquired by the bank in the course of carrying out the provisions of this act shall be adequately and properly preserved, and may be maintained, or administered by the bank by a contract made by the bank with any public or private agency specializing in the area of housing development, management, or administration.

Whenever the bank shall have approved a redevelopment plan, the bank may at the discretion of the board of directors cause any such existing housing to be removed from such lands, to the extent and in such manner as provided in such plan.

The bank may, in accordance with the provisions of section two of chapter thirty A of the General Laws, adopt such rules and regulations as it may deem desirable for the exercise of its powers and the discharge of its duties as provided in this section.

SECTION 7. The proceeds of any notes issued as provided by this act, the proceeds of any disposition of lands or any interest therein by the bank as provided by this act, and any income or interest earned by the investment of funds pursuant to clause (*f*) of section four of this act shall be paid into the treasury of the commonwealth and shall be credited on the books of the commonwealth to a fund to be known as the Government Land Bank Fund. All monies credited to said Fund shall be used for the payment of such notes and for the acquisition, holding, protection, maintenance or use of lands, and to provide for personnel and administrative cost of the bank as provided by this act.

SECTION 8. The state treasurer may borrow from time to time on the credit of the commonwealth such sums of money as may be necessary, but not exceeding, in the aggregate, the sum of forty million dollars, for the purposes of acquisition, holding, protection, maintenance or use of lands or for provision of personnel and administrative cost of the bank as provided by this act, and may issue and renew from time to time notes of the commonwealth therefor, bearing interest at such times and at such rates as shall be fixed by the state treasurer. Such notes shall be issued and may be renewed one or more times for such terms, not exceeding one year, as the governor may recommend to the general court in accordance with Section 3 of Article LXII

of the Amendments to the Constitution of the Commonwealth, but the final maturities of such notes, whether original or renewal, shall not be later than June thirtieth, nineteen hundred and eighty-one. All payments on account of principal on such notes shall be repaid from the Government Land Bank Fund; provided, however, that notwithstanding any provision of this act, such notes shall be general obligations of the commonwealth.

SECTION 9. In no instance shall the bank expend in the aggregate more than fifteen million dollars for Westover Air Force Base, twenty million dollars for the Boston Naval Shipyard, including South Boston Annex and the Boston Army Base, and five million dollars for the Chelsea Naval Hospital.

SECTION 10. The bank shall keep accurate accounts of all receipts and expenditures of the Government Land Bank Fund; and shall make a report annually containing an abstract of such accounts and detailed information on all receipts and expenditures, including prices paid for lands purchased, and such other detailed information as provided in section fifteen of this act. Except as otherwise provided by this act, the bank shall have full power to exercise care of its property and management of its business and affairs, and to sell and convey any lands as provided by this act, by deed or other instrument sealed with its corporate seal, signed and acknowledged by a majority of the board of directors or in like manner to authorize such sale and conveyance by any of its officers or agents.

SECTION 11. Rents and charges for services or facilities furnished or supplied by the bank shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the commonwealth or any political subdivision thereof.

SECTION 12. The bank shall be liable in contract or in tort in the same manner as a private corporation. The directors, employees, officers and agents of the corporation shall not be liable as such on its contracts or for torts not committed or directly authorized by them. The property or funds of the bank shall not be subject to attachment or to levy and sale on execution, but if the bank refuses to pay a judgment entered against it in any court of competent jurisdiction, the superior court, sitting within and for the county in which the bank is situated, may direct the treasurer of the bank to pay such judgment. The lands of the bank shall not be subject to liens under chapter two hundred and fifty-four of the General Laws.

SECTION 13. The lands and tangible personal property of the bank shall be deemed to be public property used for essential public and governmental purposes and shall be exempt from taxation and from betterments and special assessments.

Nothing in this act shall be construed to prevent the taxation to the same extent and in the same manner as other lands are

taxed, of lands acquired by the bank and sold by it, or of lands so acquired by the bank and leased by it; provided, however, that lands so acquired by the bank and sold or leased to an urban redevelopment corporation or other entity operating under chapter one hundred and twenty-one A of the General Laws or to an insurance company or savings bank or groups of savings banks operating under said chapter, or a corporation or other entity operating under chapter one hundred and twenty-one C of the General Laws, or the economic development and industrial corporation of Boston, or such other corporation as may be established by special law for lands formerly used for Westover Air Force Base, the Chelsea Naval Hospital, or the Boston Naval Shipyard, including the South Boston Annex and the Boston Army Base, shall be taxed as provided in such chapter or special law and not otherwise.

SECTION 14. The bank shall annually submit to the governor, the chairman of the senate ways and means committee, the chairman of the house ways and means committee, the commissioner of administration, and the comptroller within ninety days after the end of its fiscal year a complete and detailed report setting forth its operations and accomplishments; its receipts and expenditures during such fiscal year; and, its assets and liabilities at the end of its fiscal year.

SECTION 15. The books and records of the bank shall be subject to annual audit by the auditor of the commonwealth.

SECTION 16. Whenever practicable the bank shall make use of the staff of the special commission relative to federal base conversion, established by chapter nineteen of the resolves of nineteen hundred and seventy-three, but the bank shall not be limited to said staff.

SECTION 16A. Upon the expiration of this act, title to all lands, or any interest therein, which immediately prior to the expiration date of this act, is held by the bank, is hereby transferred to and shall be vested in the commonwealth and shall be under the control of the executive office for administration and finance. The commissioner of administration is hereby authorized to hold, protect, maintain, and use such lands, or any interest therein, as he deems necessary or desirable to facilitate disposition of such lands or any interest therein, and to dispose of such lands, or any interest therein, by sale, lease or otherwise. The proceeds of any disposition of such lands, or any interest therein, shall be paid into the treasury of the commonwealth and shall be used solely toward meeting the debt service obligations of the General Fund.

SECTION 16B. Upon the expiration of this act, all monies credited to the Government Land Bank Fund shall, after all payments, other than the interest on or the principal of any notes issued pursuant to section eight of this act, due on account of the Bank shall have been made, revert to the treasury of the com-

monwealth and shall be used solely toward meeting the debt service obligations of the General Fund.

SECTION 16C. Upon the expiration of this act, all books, papers, records, documents, and equipment, which immediately prior to the expiration date of this act, are in the custody of the Bank, and which relate to or are maintained for the purpose of the exercise of the bank's powers or the performance of the bank's duties, are hereby transferred to the commissioner of administration.

SECTION 16D. Upon the expiration of this act, all duly existing contracts, leases and obligations of the bank, which relate to the exercise of its powers of the performance of its duties, and which are in force immediately prior to the expiration date of this act, shall thereafter be performed by the commissioner of administration. This section shall not affect any renewal provision or option to renew contained to any such lease in existence on said expiration date, all of which may thereafter be exercised by the commissioner of administration.

SECTION 16E. Upon the expiration of this act, all petitions, hearings and other proceedings duly brought before, and all prosecutions and legal and other proceedings duly begun by, the bank which arise from or relate to the exercise of its powers of the performance of its duties, and which are pending immediately prior to the expiration date of this act, shall continue unabated and remain in force notwithstanding the expiration of this act, and, shall thereafter be completed before or by the commissioner of administration.

SECTION 17. This act, being necessary for the welfare of the commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof.

SECTION 18. The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

SECTION 19. This act shall expire on June thirtieth, nineteen hundred and eighty. *Approved May 15, 1975.*

Chap. 303. AN ACT FURTHER REGULATING MEETINGS OF GOVERNMENTAL BODIES.

Be it enacted, etc., as follows:

SECTION 1. Chapter 30A of the General Laws is hereby amended by striking out section 11A, as most recently amended by chapter 77 of the acts of 1966, and inserting in place thereof the following two sections: —

Section 11A. The following terms as used in section eleven B shall have the following meanings: —

"Deliberation", a verbal exchange between a quorum of members of a governmental body attempting to arrive at a decision on any public business within its jurisdiction.

"Emergency", a sudden, generally unexpected occurrence or set of circumstances demanding immediate action.

"Executive session", any meeting or part of a meeting of a governmental body which is closed to certain persons for deliberation on certain matters.

"Governmental body", a state board, committee, special committee, subcommittee or commission, whether or not created by executive order, within the executive or legislative branch of the commonwealth or the governing board or body of any authority established by the general court to serve a public purpose in the commonwealth or any part thereof, but shall not include the general court or the committees or recess commissions thereof, or bodies of the judicial branch, or any meeting of a quasi-judicial board or commission held for the sole purpose of making a decision required in an adjudicatory proceeding brought before it, nor shall it include the Board of Bank Incorporation, the State Tax Commission and the General Insurance Guaranty Fund.

"Meeting", any corporal convening and deliberation of a governmental body for which a quorum is required in order to make a decision at which any public policy matter over which the governmental body has supervision, control, jurisdiction or advisory power is discussed or considered; but shall not include any on-site inspection of any project or program.

"Quorum", a simple majority of a governmental body unless otherwise defined by constitution, charter, rule or law applicable to such governing body.

Section 11B. All meetings of a governmental body shall be open to the public and any person shall be permitted to attend any meeting except as otherwise provided by this section.

No quorum of a governmental body shall meet in private for the purpose of deciding on or deliberating toward a decision on any matter except as provided by this section.

No executive session shall be held until the governmental body has first convened in an open session for which notice has been given, a majority of the members of the governmental body have voted to go into executive session and the vote of each member is recorded on a roll call vote and entered into the minutes, the presiding officer has cited the purpose for an executive session, and the presiding officer has stated before the executive session if the governmental body will reconvene after the executive session.

Nothing except the limitations contained in this section shall be construed to prevent the governmental body from holding an executive session after an open meeting has been convened and after a recorded vote has been taken to hold an executive session. Executive sessions may be held only for the following purposes:

(1) To discuss the reputation and character, physical condition or mental health rather than the professional competence of an individual. A governmental body shall hold an open meeting if the individual involved requests that the meeting be open.

(2) To consider the discipline or dismissal of, or to hear complaints or charges brought against, a public officer, employee, staff member, or individual. A governmental body shall hold an open meeting if the individual involved requests that the meeting be open.

(3) To discuss strategy with respect to collective bargaining or litigation if an open meeting may have a detrimental effect on the bargaining or litigating position of the governmental body.

(4) To discuss the deployment of security personnel or devices.

(5) To consider allegations of criminal misconduct.

(6) To consider the purchase, exchange, lease or value of real property, if such discussions may have a detrimental effect on the negotiating position of the governmental body and a person, firm or corporation.

(7) To comply with the provisions of any general or special law or federal grant-in-aid requirements.

This section shall not apply to any chance meeting or social meeting at which matters relating to official business are discussed so long as no final agreement is reached. No chance meeting or social meeting shall be used in circumvention of the spirit or requirements of this section to discuss or act upon a matter over which the governmental body has supervision, control, jurisdiction, or advisory power.

Except in an emergency, a notice of every meeting of a

governmental body subject to this section shall be filed with the secretary of state, and a copy thereof posted in the office of the executive office for administration and finance at least forty-eight hours, including Saturdays but not Sundays and legal holidays, prior to the time of such meeting. The notice shall include the date, time and place of such meeting. Such filing and posting shall be the responsibility of the officer calling such meetings.

A governmental body shall maintain accurate records of its meetings, setting forth the date, time, place, members present or absent and action taken at each meeting, including executive sessions. The records of each meeting shall become a public record and be available to the public; provided, however, that the records of any executive session may remain secret as long as publication may defeat the lawful purposes of the executive session, but no longer. All votes taken in executive sessions shall be recorded votes and shall become a part of the record of said executive sessions. Upon request of any member of a governmental body, any vote taken in its executive session shall be verified by a roll call.

A meeting of a governmental body may be recorded by any person in attendance by means of a tape recorder or any other means of sonic reproduction except when a meeting is held in executive session; provided, that in such recording there is no active interference with the conduct of the meeting.

Upon qualification for office following an appointment or election to a governmental body, a member shall be furnished by the state secretary with a copy of this section. Each member shall sign a written acknowledgement that he has been provided with such a copy.

The attorney general shall enforce the provisions of this section.

Upon proof of failure by any governmental body or by any member or officer thereof to carry out any of the provisions of this section, any justice of the supreme judicial court or the superior court sitting in any county shall issue an appropriate order requiring such governmental body or member or officer thereof to carry out such provisions at future meetings. Any such order may be sought by petition of three or more registered voters, by the attorney general, or by the district attorney for the district in which the governmental body is located. The order of notice on the petition shall be heard no later than ten days after the filing thereof or on such day thereafter as the court shall fix, having regard to the speediest possible determination of the cause consistent with the rights of the parties; provided, however, that orders with respect to any of the matters referred to in this section may be issued at any time on or after the filing of the petition without notice when such order is necessary to fulfill the purposes of this section. In the

hearing of such petition the burden shall be on the respondent to show by a preponderance of the evidence that the actions complained of in such petition were in accordance with and authorized by this section, by section twenty-three B or by section nine G of chapter thirty-four. All processes may be issued from the clerk's office in the county in which the action is brought and, except as aforesaid, shall be returnable as the court orders.

Such order may invalidate any action taken at any meeting at which provisions of this section may have been violated, provided that such petition is filed within fourteen days of the date when such action is made public.

Any such order may also, when appropriate, require the records of any such meeting to be made public, unless it shall have been determined by such justice that the maintenance of secrecy with respect to such records is authorized by the provisions of this section. The remedy hereby created is not exclusive, but shall be in addition to every other available remedy.

SECTION 2. Chapter 34 of the General Laws is hereby amended by striking out section 9F, as most recently amended by section 2 of chapter 437 of the acts of 1960, and inserting in place thereof the following two sections: —

"Executive session", any meeting of a governmental body which is closed to certain persons for deliberation on certain matters.

"Governmental body", a county board, commission, committee and subcommittee.

"Meeting", any corporal convening and deliberation of a governmental body for which a quorum is required in order to make a decision at which any public business or public policy matter over which the governmental body has supervision, control, jurisdiction or advisory power is discussed or considered; but shall not include any on-site inspection of any project or program.

"Quorum", a simple majority of a governmental body unless otherwise defined by constitution, charter, rule or law applicable to such governing body.

Section 9G. All meetings of a governmental body shall be open to the public and any person shall be permitted to attend any meeting except as otherwise provided by this section.

No quorum of a governmental body shall meet in private

for the purpose of deciding on or deliberating toward a decision on any matter except as provided by this section.

No executive session shall be held until the governmental body has convened in an open session for which notice has been given, a majority of the members of the governmental body have voted to go into executive session and the vote of each member is recorded on a roll call vote and entered into the minutes, the presiding officer has cited the purpose for an executive session, and the presiding officer has stated before the executive session if the governmental body will reconvene after the executive session.

Nothing except the limitations contained in this section shall be construed to prevent the governmental body from holding an executive session after an open meeting has been convened and a recorded vote been taken to hold an executive session. Executive sessions may be held only for the following purposes:

(1) To discuss the reputation and character, physical condition, or mental health rather than the professional competence of an individual. A governmental body shall hold an open meeting if the individual involved requests that the meeting be open.

(2) To consider the discipline or dismissal of, or to hear complaints or charges brought against, a public officer, employee, staff member, or individual. A governmental body shall hold an open meeting if the individual involved requests that the meeting be open.

(3) To discuss strategy with respect to collective bargaining or litigation, if an open meeting may have a detrimental effect on the bargaining or litigating position of the governmental body, and to conduct collective bargaining sessions.

(4) To discuss the deployment of security personnel or devices.

(7) To comply with the provisions of any general or special law or federal grant-in-aid requirements.

This section shall not apply to any chance meeting, or social meeting at which matters relating to official business are discussed, so long as no final agreement is reached. No chance meeting or social meeting shall be used in circumvention of the spirit or requirements of this section to discuss or act upon a matter over which the governmental body has supervision, control, jurisdiction, or advisory power.

Except in an emergency, a notice of every meeting of a governmental body shall be filed in the office of the county

commissioners and a copy thereof, publicly posted in such place or places as the county commissioners shall designate for the purpose at least forty-eight hours, including Saturdays but not Sundays and legal holidays, prior to the time of such meeting. The notice shall include the date, time and place of such meeting. Such filing and posting shall be the responsibility of the officer calling such meetings.

A governmental body shall maintain accurate records of its meetings, setting forth the date, time, place, members present or absent and action taken at each meeting, including executive sessions. The records of each meeting shall become a public record and be available to the public; provided, however, that the records of any executive session may remain secret so long as publication may defeat the lawful purposes of the executive session, but no longer. All votes taken in executive sessions shall be recorded votes and shall become a part of the record of said executive session. Upon request of any member of a governmental body, any vote taken in its executive session shall be verified by a roll call.

A meeting of a governmental body may be recorded by any person in attendance by means of a tape recorder or any other means of sonic reproduction except when a meeting is held in executive session; provided, that in such recording there is no active interference with the conduct of the meeting.

Upon qualification for office following an appointment or election to a governmental body a member shall be furnished by the county commissioners with a copy of this section. Each such member shall sign a written acknowledgement that he has been provided with such a copy.

The district attorney of the district in which the violation allegedly occurred shall enforce the provisions of this section.

Upon proof of failure by any governmental body, member or officer thereof to carry out any of the provisions for public notice or meetings, for holding open meetings, or for maintaining public records thereof, any justice of the supreme judicial court or the superior court sitting within and for the county in which such governmental body acts shall issue an appropriate order requiring such governmental body or member or officer thereof to carry out such provisions at future meetings. Such order may be sought by petition of three or more registered voters, by the attorney general, or by the district attorney for the district in which the county is located. The order of notice on the petition shall be returnable no later than ten days after the filing thereof and the petition shall be heard and determined on the return day or on such day thereafter as the court shall fix, having regard to the speediest possible determination of the cause consistent with the rights of the parties; provided, however, that orders with respect to any of the matters referred to in this section may be issued at

any time on or after the filing of the petition without notice when such order is necessary to fulfill the purposes of this section. In the hearing of such petition the burden shall be on the respondent to show by a preponderance of the evidence that the action complained of in such petition was in accordance with and authorized by section eleven B of chapter thirty, by this section or by section twenty-three B of chapter thirty-nine. All processes may be issued from the clerk's office in the county in which the action is brought and, except as aforesaid, shall, be returnable as the court orders.

Such order may invalidate any action taken at any meeting at which provisions of this section may have been violated, provided that such petition is filed within fourteen days of the date when such action is made public.

Any such order may also, when appropriate, require records of any such meeting to be made public record unless it shall have been determined by such justice that the maintenance of secrecy with respect to such records is authorized by the provisions of this section. The remedy created hereby is not exclusive, but shall be in addition to every other available remedy.

SECTION 3. Chapter 39 of the General Laws is hereby amended by striking out sections 23A, 23B and 23C and inserting in place thereof the following three sections: —

Chap. 311. AN ACT TRANSFERRING THE BUREAU OF BUILDING CONSTRUCTION FROM THE EXECUTIVE OFFICE OF TRANSPORTATION AND CONSTRUCTION TO THE EXECUTIVE OFFICE FOR ADMINISTRATION AND FINANCE.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide for the transfer of the bureau of building construction to the executive office for administration and finance on July first in the current year, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Sections twenty to thirty, inclusive, of chapter six A of the General Laws are hereby repealed.

SECTION 2. Chapter 7 of the General Laws is hereby amended by inserting after section 38, added by chapter 697 of the acts of 1974, the following ten sections: —

Section 39. There shall be within the central services division of the executive office for administration and finance a bureau of building construction headed by a director of building con-

struction. Said director shall be the chief engineer of the bureau of building construction.

The director of building construction and a deputy director of building construction shall each be appointed by the commissioner, with the approval of the governor, and may be removed, in like manner. Each shall be a person of ability and experience; and shall devote his entire time to the duties of his office. Neither of said offices shall be subject to section nine A of chapter thirty or chapter thirty-one. No person shall be appointed director of deputy director of said bureau unless at the time thereof he shall be registered by the commonwealth as an architect or professional engineer pursuant to the provisions of chapter one hundred and twelve and shall have proven ability and extended experience in the design and construction of buildings.

The commissioner shall appoint all other officers and employees in said bureau, and all such appointments shall be made in accordance with chapter thirty-one.

The commissioner shall be responsible for the exercise of all powers and the performance of all duties assigned by law to said bureau, which shall be under his direction, control and supervision.

Section 40. Except as otherwise provided in this section or by any appropriation act, the director of building construction shall, in the manner and to the extent provided by this chapter, have control and supervision of all building construction projects, as hereinafter defined, which may be undertaken by the commonwealth or by any county. Such projects shall include any project financed in whole or in part by appropriation, bond issue or federal funds, the estimated cost of which shall exceed ten thousand dollars, and which shall be undertaken for demolition of or construction of any building and appurtenant structures, facilities and utilities, including original equipment and furnishings thereof. Such projects shall also include any project the estimated cost of which shall exceed ten thousand dollars for the alteration, repair or addition to any existing building and appurtenant structure, facility and utility; provided such alteration, repair or addition requires alteration of the structural or mechanical design of the building, structure or utility. Such projects shall not include projects involving the ordinary repair or maintenance of such buildings, structures or utilities not requiring structural or mechanical alterations, and responsibility for such repair or maintenance projects shall rest with the operating agency unless otherwise specified by the act in which funds for the project are appropriated. Such projects shall not include any project undertaken by or on behalf of any city or town or other local authority, or appurtenant buildings or structures which are required to be constructed as integral parts of the development of improvement of sewer, water and highway systems.

The commissioner may after consultation with said director and the agency or county for which the project shall be under-

taken, hereinafter called the operating agency, direct that any such project shall be undertaken by the operating agency free from the control and supervision of said director, subject, however, to the following conditions: that, as far as feasible, the standard contract documents and specifications referred to in section forty-one shall be used in connection with the project; that no person shall be engaged as a designer on the project who shall not have the qualifications required by section thirty B; that the operating agency shall file with said director certified copies of the working plans and specifications for the project and of all changes therein; that the commissioner may at any time or times add such other conditions to such exemption as in his opinion would benefit the commonwealth; and that the commissioner shall transfer from the bureau of building construction to the operating agency the funds available for the project.

For the purposes of sections forty-one and forty-two, the word "project" or "projects" shall mean any project which shall, in accordance with this section, be subject to the control and supervision of said director.

Section 41. The contract which the director of building construction shall make with the designer appointed under section thirty B shall provide, among other appropriate terms, that the designer shall: in consultation with the operating agency and subject to its initial approval, prepare plans and specifications for the project for submission to said director for his approval; so far as feasible, use standard contract documents and specifications which said director shall have prepared and made available in the bureau of building construction; be charged with general supervision of construction of the project; appoint and employ a qualified clerk-of-the-works for the project who shall be approved by the director, shall devote full time to the work of the project, oversee continuously the detail of construction, keep informed at all times of the financial status of the project, and make such investigations for and reports and recommendations to the designer or the director as either may require; and subject to the approval of the said director, be currently reimbursed for all expenses incurred in connection with the employment of such clerk-of-the-works.

No person shall be so appointed and employed as clerk-of-the-works unless at the time thereof he shall be registered by the commonwealth as an architect or professional engineer under the provisions of chapter one hundred and twelve, shall have had at least five years experience in the construction and supervision of construction of buildings for an architectural, engineering or construction firm or association, and shall have proven ability to estimate construction costs and to keep accurate records and accounts thereof; or if not so registered, he shall have had at least ten years of such experience and shall have such proven ability to estimate construction costs and to keep records and accounts thereof.

If the designer shall not, within thirty days following final approval of the plans and specifications for the project, so appoint and employ such a clerk-of-the-works, the director shall, on behalf of the commonwealth, appoint and contract with a qualified clerk-of-the-works for the project; provided, however, that the director may exempt any project from the necessity of having a clerk-of-the-works or of having a clerk-of-the-works who shall have the qualifications required by this section, if in his opinion such exemption would benefit the commonwealth.

Section 42. No obligation shall be incurred or payment made for preparation of any plans or specifications for any project without the prior approval of the director of building construction; and in the case of a project undertaken on behalf of the commonwealth, no plans or specifications, other than preliminary plans or specifications, shall be prepared until a special appropriation shall have been made therefor or for the project or until federal funds or assistance shall have been made available therefor. No other obligation shall be incurred or payment made in connection with any project until such obligation or payment shall have been approved in accordance with sections thirty-nine to forty-eight, inclusive.

Working plans and specifications for each project shall, following initial approval thereof by the operating agency, be submitted by the designer to the director for his approval. In reviewing such plans and specifications, the duty of the director shall be to see that they are clear and complete and permit execution of the project with economy and efficiency.

Following final approval of such plans and specifications, the director shall advertise in a reasonable number of newspapers for proposals for performance of the work of the project; except that the commissioner may direct that the purchase of any materials, original equipment or original furnishings for the project shall be made under the provisions of sections twenty-two to twenty-six, inclusive. Subject to the prior approval of the commissioner and to the applicable provisions of sections forty-four A to forty-four L, inclusive, of chapter one hundred and forty-nine, he shall award the contract or contracts for such work to the lowest responsible eligible bidder; but no such contract on behalf of the commonwealth shall be awarded by him for a sum in excess of the amount which the comptroller shall certify to be available therefor. If the director shall knowingly award a contract in violation of any provision of this section, he may be removed from office by the governor.

Section 43. A request for any change in the plans, specifications or contracts for any project may be initiated by the operating agency, the designer, any contractor or sub-contractor working on the project, or the director of building construction, and shall be processed within the time limits set forth in section thirty-nine P of chapter thirty. Such request shall be submitted

first to the clerk-of-the-works. He shall examine and forward the same, with his recommendations, to the designer and simultaneously furnish copies thereof to the director and the operating agency. The designer shall then examine and forward the same, with his recommendations, to the director and simultaneously furnish copies thereof to the operating agency. The director shall approve or disapprove the request; provided, however, that if the regulations of the commissioner under this section shall so require, the approval granted by the director shall not be effective without the approval also of the operating agency and the commissioner. The commissioner may make, alter, amend or repeal such rules and regulations as he may deem necessary for the purposes of this section.

If the request shall be approved, said director shall forthwith issue a formal change order to the contractor and shall send copies thereof to the comptroller, the operating agency and the designer.

If the director disapproves the request, he shall forthwith so notify in writing the designer, the operating agency and the requesting party also; and the requesting party or the operating agency may, within five days following receipt of such notice, appeal such disapproval to the commissioner. Such appeal shall set forth in writing the reasons therefor and a copy thereof shall be furnished to the director at the time the appeal is filed with the commissioner. The commissioner shall, within ten days following receipt of such an appeal, render a written decision thereon.

The provisions of section twenty A of chapter twenty-nine shall not apply to any change-order request submitted and acted on in accordance with this section.

Section 44. Whenever the director of building construction disapproves any plan, specification, contract, appointment of a clerk-of-the-works or payment for any project, he shall forthwith notify the requesting party, the designer and operating agency in writing of his reasons therefor. Within three days following receipt of such notice the requesting party, the designer or operating agency may appeal such action to the commissioner, in which event the commissioner shall decide the matter.

Any such appeal shall set forth in writing the reasons therefor and a copy thereof shall be furnished to the director at the time the appeal is filed with the commissioner.

The commissioner may adopt and issue, and from time to time amend or repeal, regulations governing the hearing and deciding of appeals to it permitted under this section from actions of said director and governing exercise of any other powers and duties given the commissioner by sections thirty-nine to forty-eight, inclusive. Such regulations shall become effective when they shall have been approved by the governor and a copy thereof shall have been filed with the state secretary. The commissioner

shall cause printed copies of such regulations to be made available to said director for general distribution.

As used in this section and section forty-three, the word "days" shall not include Saturdays, Sundays or legal holidays.

Section 45. In addition to the powers and duties given him, the director of building construction shall have the following powers and duties:

1. From time to time he shall cause each project to be inspected to determine the quality of construction thereof and to assure that the project and construction thereof shall comply with the plans, specifications and contracts therefor.

2. He shall be responsible for accepting or rejecting each project upon its completion and for directing final payment for work done thereon; provided, however, that if upon inspection of any project for acceptance he shall find that the plans, specifications, contracts or change-orders for the project shall not have been fully complied with or that the operating agency shall for any reason object to his acceptance of the project, he shall, until such compliance has been effected, such objection has been removed or adjustment satisfactory to him has been made, refuse to accept the project and direct such payment.

3. Upon acceptance of the project, he shall release the same to the operating agency.

4. From each agency of the commonwealth which has or shall have charge of any building owned by or maintained at the expense of the commonwealth, he shall request, and the agency shall promptly furnish, periodic maintenance reports in such form and containing such information as he shall from time to time determine.

Section 46. The commissioner shall cause the director of building construction to examine all requests for projects as provided in section seven of chapter twenty-nine. The director of building construction, with the approval of the commissioner, may develop projects of his own whenever in his judgement the maintenance of state-owned property requires such improvements to prevent deterioration or costly future repairs. Said director shall cause to be made and filed with him preliminary plans and descriptive specifications sufficient for a careful estimate by a competent expert; and for such purpose such sums as may be appropriated or otherwise made available therefor may, with his approval, be expended and he may, with the approval of the commissioner, employ temporarily such architects, engineers, contractors and consultants as may be necessary.

Annually said director shall submit a list containing all such projects so requested to the commissioner on or before a date set by the commissioner. Such report shall show the estimated cost of each such project.

Section 47. The director of building construction may adopt and issue, and from time to time amend or repeal, such regula-

tions as he shall deem necessary or desirable to expedite the work of the bureau of building construction. Such regulations shall become effective when they shall have been approved by the commissioner and a copy thereof shall have been filed with the state secretary. Printed copies of such regulations shall be available for general distribution.

Section 48. The director of building construction may, with the approval of the commissioner and the governor, accept on behalf of the commonwealth any federal funds or assistance for financing the cost of plans and specifications for any project.

If such funds or assistance shall be appropriated for aiding construction of any project, the director may, with like approval, apply for the same and may, with the approval of the governor, accept the same on behalf of the commonwealth. Any project so aided shall be executed in all respects subject to applicable federal law and rules and regulations and also to the applicable provisions of this chapter not inconsistent therewith.

SECTION 3. The first sentence of the fourth paragraph of section 30B of said chapter 7, as amended by section 10 of chapter 704 of the acts of 1969, is hereby further amended by striking out, in lines 3 and 4, the words "thirty of chapter six A" and inserting in place thereof the word: — forty.

Unless a contrary intent clearly appears, all powers and duties of said bureau, as existing immediately prior to said effective date, shall be exercised and performed by said bureau as so transferred, and all powers and duties of the secretary of transportation and construction with respect to said bureau, as so existing, shall be transferred to the commissioner of administration. No precinct shall exceed four thousand inhabitants. The precincts shall be so established as to consist of compact and contiguous territory to be bounded as far as possible, by the center line of known streets and ways or by other well-defined limits. These boundaries should be periodically reviewed, and, if need be, wholly or partly revised by the selectmen in December, once in five years, or in December of any year when so directed by a vote of a representative town meeting held not later than November of that year. Section 3. Other than the officers designated in the by-laws of the town as town meeting members at large, the representative town meeting membership shall in each precinct consist of the largest number divisible by three which will admit of a

representation thereof in the approximate proportion which the number of inhabitants therein bears to the total number of inhabitants in the town, and which will cause the total elected membership to be as nearly one hundred and ninety-two as may be. The selectmen may, from time to time, upon notification by the town clerk that the number of precinct members is out of proportion to the number of inhabitants in a particular precinct or precincts, reapportion the number of precinct members to be as proportionate as possible to the number of inhabitants therein, or redivide the various precincts to ensure that the unit of representatives is consistent with the number of inhabitants.

The registered voters in every precinct shall, at the first annual town election held after the establishment of such precincts, and the registered voters of any precinct affected by any revision of precincts at the first annual town election following such revision, conformable to the laws relative to elections not inconsistent with this act, elect by ballot the number of registered voters in the precinct, other than the officers designated in the by-laws, as town meeting members at large, provided for in the first sentence of this section, to be town meeting members of the town. The first third, in the order of votes received, of members so elected shall serve three years, the second third in such order shall serve two years, and the remaining third in such order shall serve one year, from the day of the annual town meeting; in case of a tie vote affecting the division into thirds, as aforesaid, the members elected from the precinct shall by ballot determine the same; and thereafter, except as is otherwise provided herein, at each annual town election the registered voters of each precinct shall, in like manner, elect, for the term of three years, one third of the number of elected town meeting members to which such precinct is entitled, and shall at such election fill for the unexpired term or terms any vacancy or vacancies then existing in the number of elected town meeting members in such precinct.

The terms of office of all elected town meeting members from every precinct revised as aforesaid shall cease upon the election as hereinbefore provided of their successors. The town clerk shall, after every election of town meeting members, forthwith notify each such member by mail of his election.

SECTION 3. This act shall be effective for the first annual town election following passage of this act and thereafter.

Not later than seven days after the date of the examination, an applicant may file with the administrator a protest that the examination did not fairly test applicant's fitness to actually perform the primary or dominant duties of the position for which the examination was held. The administrator shall review the examination and notify the applicant of his decision.

scribed by the administrator and within the required time, specifically in what particulars the markings of the examination are allegedly incorrect, and the authorities relied upon by the applicant to support his allegations.

If the administrator finds that an error was made in such finding, in failing to grant credit for an applicant's answer to an essay question, or in the marking of the training and experience of the applicant, he shall make the adjustment necessary to correct such error in the applicant's grade. Nothing herein shall be construed to limit the right of the administrator to make an adjustment in an applicant's mark which will reduce the applicant's mark if the requested review of the markings indicates that an error was made in the credit granted for any of the answers to essay questions in the examination.

No later than seventeen days after the date of mailing of the notice of the decision of the administrator, the applicant may appeal to the commission by filing a petition in a form approved by it and containing a brief statement of the facts as presented to the administrator for his review.

The commission shall decline to accept any appeal unless the request for review or protest to the administrator was set forth in the form prescribed by the administrator and stated specifically the particulars upon which the request or protest was based and the authorities relied upon to support the request or protest.

In the grading of the subject of training and experience in any competitive examination, no credit shall be allowed, either in the original marking of the examination, upon review of the original marking by the administrator, or by the commission, whether upon an appeal from the decision of the administrator or otherwise for any training and employment or experience not fully stated in the training and experience sheet filed at the time of examination.

No protest or request for review under this section shall be accepted by the commission, and no hearing shall be held or other action be taken relative thereto other than on an appeal from a decision of the administrator.

After acceptance of such an appeal, the commission shall hold a hearing, render a decision and transmit a copy of such decision to the appellant and to the administrator.

Examination papers may be destroyed as the administrator determines, but shall be preserved during the period in which requests for review of markings or findings, or appeals from the decision of the administrator thereon, are acceptable or pending under section twelve A.

An applicant's examination papers may be inspected only by him, or by his representative upon presentation of written authorization from the applicant, and only during the period in which a request for a review of marking of such papers or finding of the administrator that the applicant did not meet the requirements for admission to the examination, or an appeal from the decision of the administrator thereon, is acceptable or pending under section twelve A; provided that no inspection may be made of any examination papers in connection with a protest made under section twelve A or of examination papers to which the provisions of section twelve A do not apply. Section 2. Applications for registration as qualified physicians, signed and sworn to by the applicants, shall be made upon blanks furnished by the board of registration and discipline in medicine, herein and in sections three to nine A, inclusive, called the board. Each applicant who shall furnish the board with satisfactory proof that he is eighteen years of age or over and of good moral character, that he has completed two years of premedical studies in a college or university, that he has attended courses of instruction for four years of not less than thirty-two school weeks in each year, or courses which in the opinion of the board are equivalent thereto, in one or more legally chartered medical schools, and that he has received the degree of doctor of medicine, or its equivalent, from a legally chartered medical school in the United States or commonwealth of Puerto Rico or Canada having the power to confer degrees in medicine, shall upon payment of one hundred and twenty-five dollars, be examined, and, if found qualified by the board, be registered as a qualified physician and entitled to a certificate in testimony thereof, signed by the chairman and secretary. An applicant who has received from a medical school, legally chartered in a sovereign state other than the United States, the commonwealth of Puerto Rico or Canada, a degree of doctor of medicine or its equivalent shall be required to furnish to the board such documentary evidence as the board may require that his education is substantially the equivalent of that of graduates of medical schools in the United States and such other evidence as the board may require as to his qualifications to practice medicine, and shall, unless granted an exemption by the board, be required to present a Standard Certificate granted after examination by the Educational Council for Foreign Medical Graduates; provided, however, that an applicant who shall furnish the board with satisfactory proof that he is eighteen years of age or over and of good moral character, that he has completed two years of premedical studies in a college or university of the United States or Canada shall not be required to possess a certificate by the Educational Council for Foreign Medical Graduates and shall be admitted to the examination for licensure if he has studied medicine in a medical school outside the United States which is recognized by the World Health Organization, has completed all the formal requirements for the degree corresponding to doctor of medicine except internship and social service or internship or social service, has satisfactorily completed one academic year of supervised clinical training sponsored by an approved medical school in the United States or Canada, and has completed one year of graduate medical educa-

tion in a program approved by the Liaison Committee on Graduate Medical Education of the American Medical Association. If the board shall be satisfied as to his education and his qualifications, the board shall, upon payment of one hundred and twenty-five dollars by the applicant, admit him to the examination for licensure.

An applicant failing to pass an examination satisfactory to the board shall be entitled to two reexaminations within two years at a meeting of the board called for the examination of applicants upon payment of a further fee of seventy-five dollars for each reexamination; but two such reexaminations shall exhaust his privilege under his original application.

The board may without examination grant certificates of registration as qualified physicians to such graduates of medical schools: (1) who shall furnish with their applications satisfactory proof that they have the qualifications required in the commonwealth to entitle them to be examined and have been licensed or registered upon a written examination in another state whose standards, in the opinion of the board, are equivalent to those in the commonwealth, or (2) who are diplomates of specialty boards recognized by the American Medical Association or the American Osteopathic Association; provided that any person who has previously attempted unsuccessfully to secure registration in the commonwealth shall be registered under the provisions of this paragraph without examination only at the discretion of the board. The fee for such registration without examination shall be seventy-five dollars.

Notwithstanding any other provisions of this chapter the board may without examination grant a certificate of registration as a qualified physician to such person as shall furnish with his application satisfactory evidence that he is: (1) a graduate of a Canadian medical school and is licensed by the Medical Council of Canada and by a provincial licensing authority; or (2) is licensed in the commonwealth of Puerto Rico or in the province of Saskatchewan in Canada upon obtaining a grade of seventy-five per cent or better in the federation licensing examination of the federation of state medical boards of the United States. Any person granted a certificate of registration under the provisions of this paragraph shall pay a fee of seventy-five dollars.

The board shall require that all physicians registered in the commonwealth renew their certificates of registration with the board effective January the fifteenth, nineteen hundred and seventy-six and at two year intervals thereafter. The renewal application shall be accompanied by a fee of fifty dollars and shall include the physician's name, license number, home address, office address, his specialty or specialties, the principal setting of his practice, and whether he is an active or inactive practitioner.

The board shall mail a renewal application each registered

physician sixty days prior to the renewal date. The certification of registration of any physician who does not file a completed renewal application together with the fee shall be automatically revoked, but shall be revived upon completion of the renewal process. The expenses and compensation of the board of registration and discipline in medicine shall be paid by the commonwealth, but said expenses and compensation shall not be in excess of the amounts received by the commonwealth for certificates of renewal or any registration fees under this section.

SECTION 3. Said chapter 112 is hereby further amended by striking out section 5, as amended by section 12 of chapter 425 of the acts of 1937, and inserting in place thereof the following section: —

Section 5. The board shall investigate all complaints relating to the proper practice of medicine by any person holding a certificate of registration under sections two to twelve A, inclusive, or of section sixty-five so far as it relates to medicine and report the same to the proper prosecuting officers.

The board may, after a heraing pursuant to chapter thirty A, revoke, suspend, or cancel the certificate of registration, or reprimand, censure, or otherwise discipline a physician registered under said sections upon proof satisfactory to a majority of the board that said physician: —

(*a*) fraudulently procured said certificate of registration;

(*b*) is guilty of an offense against any provision of the laws of the commonwealth relating to the practice of medicine, or any rule or regulation adopted thereunder;

(*c*) is guilty of gross misconduct in the practice of medicine or of practicing medicine fraudulently, or beyond its authorized scope, or with gross incompetence, or with gross negligence on a particular occasion or negligence on repeated occasions;

(*d*) is guilty of practicing medicine while the ability to practice is impaired by alcohol, drugs, physical disability or mental instability;

(*e*) is guilty of being habitually drunk or being or having been addicted to, dependent on, or a habitual user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs having similar effects;

(*f*) is guilty of knowingly permitting, aiding or abetting an unlicensed person to perform activities requiring a license for purposes of fraud, deception or personal gain, excluding activities permissible under any provision of the laws of the commonwealth relative to the training of medical providers in authorized health care institutions and facilities;

(*g*) is guilty of violating any rule or regulation of the board, governing the practice of medicine.

The board shall, after proper notice and hearing, adopt rules and regulations governing the practice of medicine in order to promote the public health, welfare, and safety and nothing in

this section shall be construed to limit this general power of the board.

If the physician is found not guilty the board shall forthwith order a dismissal of the charges and the exoneration of the accused.

SECTION 4. Chapter 175A of the General Laws is hereby amended by inserting after section 5 the following section: —

Section 5A. The commissioner shall, annually on or before December first, after due hearing and investigation, fix and establish fair and reasonable classification of risks and adequate, just, reasonable and nondiscriminatory premium charges on claims made and occurrence basis to be used and charged by companies in connection with the issue or execution of medical malpractice insurance for the ensuing calendar year or any part thereof. In fixing and establishing premium charges in accordance with the provisions of this section, the commissioner shall prorate equally all charges to the insured according to actual calendar days of coverage. The effective dates of procurement or cancellation of insurance from insurance companies shall determine the cost to the insured for each coverage on an equal per diem basis established for the calendar year cost of insurance policies. The commissioner shall, on or before said date, sign memoranda of the classifications and premium charges fixed and established by him in such form as he may prescribe and file the same in his office and cause a duly certified copy of such classifications and schedule of premium charges forthwith to be transmitted to each company authorized to issue such policies. During said calendar year, the classification and premium charges fixed and established by the commissioner from such policies may be used as a maximum charge by a company issuing such policies, however such premiums below the premiums established by the commissioner shall be uniform for all such classifications throughout the commonwealth. Such deviation shall be filed with the commissioner and he shall allow such deviation only if the commissioner finds that the premium charges the insurer desires to use are adequate, just, reasonable and nondiscriminatory and will not be used by the insurer as a means of attracting only such risks as are regarded as presenting less hazard of loss than others in the same classification. Every application for permission to so deviate shall be filed with the commissioner subsequent to and within thirty days of his having filed in his office the memorandum aforesaid and shall specify the basis thereof and shall be accompanied by the data upon which the applicant relies. The commissioner shall then set the time and the place for a hearing on such applications at which the applicant may be heard and shall give the applicant not less than ten days written notice thereof. The time so established for the hearing shall not be later than thirty days after receipt by the commissioner of the applica-

tion. If the commissioner finds that the deviation is justified and the resulting premium charges satisfy the requirements of this section, he shall issue an order permitting the deviation to be used by the applicant for the ensuing calendar year beginning January first.

In fixing and establishing the charges, as provided in this section, the commissioner shall take into account investment income and potential income from unearned premiums, loss reserves and all cash flows.

No company shall be authorized to issue a policy of medical malpractice insurance unless it makes a mandatory offer to issue to the purchaser of such a policy, at his election, coverage on either a claims made or occurrence basis.

The commissioner may make, and at any time, alter or amend, reasonable rules and regulations to facilitate the operation of this section and enforce the application of the classifications and premium charges fixed and established by him, and to govern hearings and investigations under this section. The commissioner may at any time require any company to file with him such data, statistics, schedules or information as he may deem proper or necessary to enable him to fix and establish or secure and maintain fair and reasonable classifications of risks and adequate, just, reasonable and nondiscriminatory premium charges for such policies. Every company selling medical malpractice insurance coverage in the commonwealth shall file with the commissioner complete financial records showing the amount of profit or loss made on every classification of medical malpractice insurance during the previous year, and shall also file records showing profits from investment income including investment income on net realized capital gains and loss reserves and unearned premiums. The commissioner may issue such orders as he finds proper, expedient or necessary to enforce and administer the provisions of this section, to secure compliance with any rules or regulations made thereunder, and to enforce coherence to the classifications and premium charges fixed and established by him. The supreme judicial court for the county of Suffolk shall have jurisdiction upon the complaints of the commissioner and upon a summary hearing, to enforce all lawful orders of the commissioner. Memoranda of all actions, orders, findings and decisions of the commissioner shall be signed by him and filed in his office as public records open to public inspection.

Any person or company aggrieved by any action, order, finding or decision of the commissioner under this section may, within twenty days from the filing of such memorandum thereof in his office, file a complaint in the supreme judicial court for the county of Suffolk for a review of such action, order, finding or decision. An order of notice returnable not later than seven days from the filing of such complaint shall forthwith issue and be

served upon the commissioner. Within ten days after the return of said order of notice, the complaint shall be assigned for a speedy and summary hearing on the merits. The action, order, finding or decision of the commissioner shall remain in full force and effect pending the final decision of the court unless the court or a justice thereof after notice to the commissioner shall by a special order otherwise direct. The court shall have jurisdiction to modify, amend, annul, reverse or affirm such action, order, finding or decision, shall review all questions of fact and of law involved therein and may make any appropriate judgment. The decision of the court shall be final and conclusive on the parties. The court may make such order as to costs as it deems equitable. The court shall make such rules or orders as it deems proper, governing proceedings under this section to secure prompt and speedy hearings and to expedite final decisions thereon.

If, for any reason, classifications of risks and premium charges fixed and established as aforesaid on or before December first in any year for the ensuing calendar year are not effective for the said year, the classifications of risks and premium charges in effect for the then calendar year shall remain in full force and effect and shall be used and charged in connection with the issue of medical malpractice insurance policies for said ensuing calendar year until classifications of risks and premium charges for said ensuing calendar year are finally fixed and established. Classifications of risks and premium charges when finally fixed and established for said ensuing calendar year shall become effective as of January first of said year, and all premium charges affected by any change thereby made which have been paid or incurred prior to the time when such charges are finally fixed and established shall be adjusted in accordance with such change, as of said January first.

Every mutual company issuing medical malpractice insurance policies shall constitute such policies as a separate class of business for the purpose of paying dividends. Any dividends on such policies shall be declared on the profits of the company from said class of business.

Insurance companies shall, at the option of the insured, accept payment of medical malpractice insurance premiums in installments under plans, rates and charges approved by the commissioner, after such notice as shall be prescribed by the commissioner and after public hearing thereof, provided, however, that each insurance company shall offer at least one installment payment plan for each policy which either gives the insured the option to pay the annual premium in a minimum of six monthly installments or gives the insured the option to pay the annual premium in four quarterly installments.

Effective sixty days after the inception of a medical malpractice insurance contract no notice of intention to terminate the

contract or, if the contract is a renewal, no notice of intention not to renew the contract shall be effective unless the insurer at least ninety days prior to the effective date of such cancellation or the end of the contract period, as the case may be, mails or delivers to the insured at the address shown on the policy such notice of cancellation or intention not to renew except where the cancellation is for nonpayment of premium, or where the insured has lost his license to practice medicine, or if the insured is a hospital, no longer possesses a valid operating certificate.

For the purposes of this section, a medical malpractice insurance contract shall mean an insurance contract covering liability arising out of the practice of medicine by a duly licensed physician or the operation of a duly certified hospital with respect to the treatment of patients, including all acts of its agents and employees.

SECTION 5. Chapter 231 of the General Laws is hereby amended by inserting after section 60A the following four sections: —

Section 60B. Every action for malpractice, error or mistake against a provider of health care shall be heard by a tribunal consisting of a single justice of the superior court, a physician licensed to practice medicine in the commonwealth under the provisions of section two of chapter one hundred and twelve and an attorney authorized to practice law in the commonwealth, at which hearing the plaintiff shall present an offer of proof and said tribunal shall determine if the evidence presented if properly substantiated is sufficient to raise a legitimate question of liability appropriate for judicial inquiry or whether the plaintiff's case is merely an unfortunate medical result.

Said physician shall be selected by the single justice from a list submitted by the Massachusetts Medical Society representing the field of medicine in which the alleged injury occurred and licensed to practice medicine and surgery in the commonwealth under the provisions of section two of chapter one hundred and twelve. The list submitted to the single justice shall consist only of physicians who practice medicine outside the county where the defendant practices or resides or if the defendant is a medical institution or facility outside the county where said institution or facility is located. The attorney shall be selected by the single justice from a list submitted by the Massachusetts Bar Association. The attorney and physician shall, subject to appropriation, each be compensated in the amount of fifty dollars.

Where the action of malpractice is brought against a provider of health care not a physician, the physician's position on the tribunal shall be replaced by a representative of that field of medicine in which the alleged tort or breach of contract occurred, as selected by the superior court justice in a manner he determines fair and equitable.

Where there are codefendants representing more than one field of health care the superior court justice shall determine in his discretion who shall represent the health care field on the tribunal.

Each such action for malpractice shall be heard by said tribunal within fifteen days after the defendant's answer has been filed. Substantial evidence shall mean such evidence as a reasonable person might accept as adequate to support a conclusion. Admissible evidence shall include, but not be limited to, hospital and medical records, nurses' notes, x-rays and other records kept in the usual course of the practice of the health care provider without the necessity for other identification or authentication, statements of fact or opinion on a subject contained in a published treatise, periodical, book or pamphlet or statements by experts without the necessity of such experts appearing at said hearing. The tribunal may upon the application of either party or upon its own decision summon or subpoena any such records or individuals to substantiate or clarify any evidence which has been presented before it and may appoint an impartial and qualified physician or surgeon or other related professional person or expert to conduct any necessary professional or expert examination of the claimant or relevant evidentiary matter and to report or to testify as a witness thereto. Such a witness shall be allowed traveling expenses and a reasonable fee to be fixed by the tribunal which shall be assessed as costs. The testimony of said witness and the decision of the tribunal shall be admissible as evidence at a trial.

If a finding is made for the defendant the plaintiff may pursue the claim through the usual judicial process only upon filing bond in the amount of two thousand dollars secured by cash or its equivalent with the clerk of the court in which the case is pending, payable to the defendant for costs assessed, including witness and experts fees and attorneys fees if the plaintiff does not prevail in the final judgment. Said single justice may, within his discretion, increase the amount of the bond required to be filed. If said bond is not posted within thirty days of the tribunal's finding the action shall be dismissed. Upon motion filed by the plaintiff, and a determination by the court that the plaintiff is indigent said justice may reduce the amount of the bond but may not eliminate the requirement thereof.

For the purposes of this section, a provider of health care shall mean a person, corporation, facility or institution licensed by the commonwealth to provide health care or professional services as a physician, hospital, clinic or nursing home, dentist, registered or licensed nurse, optometrist, podiatrist, chiropractor, physical therapist or psychologist, or an officer, employee or agent thereof acting in the course and scope of his employment.

The expenses and compensation of said tribunal shall be paid by the commonwealth, provided, however, that the pro rata per-

centage of such expenses and compensation engendered by actions brought against providers of health care registered under chapter one hundred and twelve shall not be in excess of the amounts received by the commonwealth for registration fees for such providers of health care under said chapter one hundred and twelve, less the amount expended for expenses and compensation of the respective boards of registration of said providers of health care under said chapter one hundred and twelve.

Section 60C. No writ or complaint for malpractice, error or mistake against a provider of health care shall contain an ad damnum or monetary amount claimed against such defendant.

Section 60D. Notwithstanding the provisions of section seven of chapter two hundred and sixty, any claim by a minor against a health care provider stemming from professional services or health care rendered, whether in contract or tort, based on an alleged act, omission or neglect shall be commenced within three years from the date an action first occurs, except that a minor under the full age of six years shall have until his ninth birthday in which the action may be commenced.

Section 60E. In any civil action for malpractice, error or mistake against a provider of health care where an impartial medical examination has not been ordered at a hearing under the provisions of section sixty B, the presiding justice at a trial may upon the application of either party or upon his own decision appoint an impartial and qualified physician or surgeon or other related professional person or expert to conduct any necessary professional or expert examination of the claimant or relevant evidentiary matter and to report to or testify as a witness thereto. Such a witness shall be allowed traveling expenses and a reasonable fee to be fixed by said justice.

SECTION 6. As used in this section the following words shall have the following meanings: —

"Association", the joint underwriting association established pursuant to the provisions of this section.

"Commissioner", the commissioner of insurance.

"Health care provider", any doctor of medicine, osteopathy, optometry, dental science, podiatry, chiropractic, or a registered nurse licensed under the provisions of chapter one hundred and twelve of the General Laws, an intern, fellow, or medical officer registered under section nine of said chapter one hundred and twelve, or a certified hospital, clinic, or nursing home, and its agents and employees.

"Medical malpractice insurance", insurance coverage against the legal liability of the insured and against loss, damage, or expense incident to a claim arising out of the death or injury of any person as the result of negligence or malpractice in rendering professional service by any health care provider.

"Net direct premiums", gross direct premiums written on personal injury liability insurance written pursuant to the pro-

visions of chapter ninety and one hundred and seventy-five of the General Laws including the liability component of multiple paid package policies as computed by the commissioner less all premiums and dividends credited or returned to policyholders or the unused or unabsorbed portions of premium deposits.

A temporary, nonexclusive, joint underwriting association is hereby established, consisting of all insurers authorized to write and engaged in writing, within the commonwealth on a direct basis, personal injury liability insurance pursuant to the provisions of chapter ninety and one hundred and seventy-five of the General Laws including insurers covering such perils in multiple peril package policies. Every such insurer shall be a member of the association and shall remain a member as a condition of its authority to continue to transact such kind of insurance within the commonwealth. The purpose of the association shall be to provide medical malpractice insurance on a self-supporting basis.

The association shall, pursuant to the provisions of this section and the plan of operation with respect to medical malpractice insurance, have the power on behalf of its members to issue or to cause to be issued policies of insurance to applicants, including incidental coverages and subject to limits as specified in the plan of operation but not to exceed one million dollars for each claimant under one policy and three million dollars for all claimants under one policy in any one year, or ten million dollars for all claimants under one policy in any one year, provided that the applicant is a hospital; to underwrite such insurance and to adjust and pay losses with respect thereto, or to appoint service companies to perform these functions; to assume reinsurance from its members; and to assign reinsurance.

The commissioner shall, after consultation with the joint underwriting association, representatives of the public, the Massachusetts Medical Society, Massachusetts Hospital Association and other affected individuals and organizations promulgate a plan of operation consistent with the provisions of this section, to become effective and operative no later than July first, nineteen hundred and seventy-five. Said plan of operation shall provide for economic, fair and nondiscriminatory administration and for the prompt and efficient provision of medical malpractice insurance, and shall contain other provisions including, but not limited to preliminary assessment of all members for initial expenses necessary to commence operations, establishment of necessary facilities, management of the association, assessment of members to defray losses and expenses, commission arrangements, reasonable and objective underwriting standards, acceptance and cession of reinsurance, appointment of servicing carriers and procedures for determining amounts of insurance to be provided by the association. Said plan shall also provide that any profit achieved by the associa-

tion shall be added to the reserves of the association or returned to the policyholders as a dividend. Amendments to the plan of operation may be made by the directors of the association, subject to the approval of the commissioner, or shall be made at the direction of the commissioner.

Any licensed physician or hospital upon proof that the physician or hospital has made a reasonable effort to obtain insurance and has been unable to obtain it shall be entitled to apply to the association for such coverage. Such application may be made on behalf of an applicant by a broker or agent authorized by the applicant. If the association determines that the applicant meets the underwriting standards of the association as prescribed in the plan of operation and there is no unpaid, uncontested premium due from the applicant for prior insurance as shown by the insured having failed to make written objection to premium charges within thirty days after billing, the association, upon receipt of the premium, or such portion thereof as is prescribed in the plan of operation, shall cause to be issued a policy of medical malpractice insurance for a term of one year. If at any time the commissioner determines that medical malpractice insurance is not adequately available to any provider of health care in the commonwealth, other than a licensed physician or hospital, he shall, after proper notice and hearing, promulgate an order allowing the particular provider of health care to be eligible for application to the association.

The rates, rating plans, rating rules, rating classifications, territories and policy forms applicable to the insurance written by the association and statistics relating thereto shall be subject to section five A of chapter one hundred and seventy-five A of the General Laws. Within such time as the commissioner shall direct, the association shall submit for the approval of the commissioner, an initial filing, in proper form, of policy forms applicable to medical malpractice insurance to be written by the association. In the event the commissioner disapproves such initial filing, the association shall amend such filing, in whole or in part, in accordance with the direction of the commissioner. If the commissioner is unable to approve such filing or amended filing, within the time specified, he shall promulgate the policy forms, and rules to be used by the association in writing such insurance.

Any deficit sustained by the association in any one year shall be recouped, pursuant to the plan of operation and the rating plan then in effect by an assessment upon the policyholders, or a rate increase applicable prospectively, or both; provided, however, that in no event shall a deficit incurred by the association be charged, directly or indirectly, to any person other than the insured under a policy of medical malpractice insurance; and provided, further, that for purposes of this sentence, when deficits sustained on account of physician or hospital malpractice coverage are being recouped, the term "policyholders"

shall mean all those licensed physicians or hospitals insured under a policy of medical malpractice insurance, whether obtained through the joint underwriting association or not.

Effective after the initial year of operation rates, rating plans and any provision for recoupment through policyholder assessment or premium rate increase, shall be based upon the association's loss and expense experience, and investment income from unearned premium and loss reserves together with such other information based upon such experience as the commissioner may deem appropriate. The resultant premium rates shall be on an actuarially sound basis and shall be calculated to be self-supporting. In the event that sufficient funds are not available for the sound financial operation of the association, pending recoupment as provided hereinbefore, all members shall, on a temporary basis contribute to the financial requirements of the association in the manner hereinafter provided. Any such contribution shall be reimbursed to the members following recoupment as provided in this section. The association shall offer policies on both a claims made and occurrence basis so that applicants may select either policy at their option; provided, however, that the premium rate charged for both claims made and occurrence policies shall be at rates established on an actuarially sound basis and which are calculated to be self-supporting.

All insurers which are members of the association shall participate in its writings, expenses, and losses in the proportion that the net direct premiums of each such member, excluding that portion of premiums attributable to the operation of the association written during the preceding calendar year, bears to the aggregate net direct premiums written in the commonwealth by all members of the association. Each insurer's participation in the association shall be determined annually on the basis of such net direct premiums written during the preceding calendar year, as reported in the annual statements and other reports filed by the insurer with the commissioner. No member shall be obligated in any one year to reimburse the association on account of its proportionate share in the deficit from operations of the association in that year in excess of one per cent of its surplus to policyholders and the aggregate amount not so reimbursed shall be reallocated among the remaining members in accordance with the method of determining participation prescribed in this section after excluding from the computation the total net direct premiums of all members not sharing in such excess deficit. In the event that the deficit from operations allocated to all members of the association in any calendar year shall exceed one per cent of their respective surplus to policyholders, the amount of such deficit shall be allocated to each member in accordance with the method of determining participation prescribed in this section.

The association shall be governed by a board of eleven directors, eight of whom shall be elected by cumulative voting by the members of the association, whose votes in such election shall be weighted in accordance with each member's net direct premiums written during the preceding calendar year. Three directors shall be appointed by the commissioner as representatives of the medical profession. The eight elected directors serving on the first board shall be elected at a meeting of the members, or their authorized representatives, which shall be held at a time and place designated by the commissioner. The other three directors serving on the first board shall be appointed on or before the date of such meeting.

Any applicant to the association, any person insured pursuant to this section, or their representatives, or any affected insurer, may appeal for review to the commissioner within thirty days after any ruling, action, or decision by or on behalf of the association, with respect to those items the plan of operation defines as appealable matters. On receipt of any such appeal, the commissioner shall, after due hearing and investigation, enter such finding or decision as he deems shall best meet the purpose of this section.

Any person aggrieved by any such finding, order or decision and any person aggrieved by any other rule or regulation of the commissioner made pursuant to this section may, within ten days of the filing of any such finding, order, decision, rule or regulation in the office of the commissioner, appeal therefrom to the superior court, for the county in which the complainant resides. The court shall, after such notice to the parties as it deems reasonable, hold a summary hearing on such appeal and shall have jurisdiction to review all questions of fact and law, and to affirm or reverse such finding or order and to make any appropriate judgment.

The association shall file in the office of the commissioner, annually on or before the first day of March, a statement which shall contain information with respect to its transactions, condition, operations and affairs during the preceding year. Such statement shall contain such matters and information as are prescribed and shall be in such form as is approved by the commissioner. The commissioner may, at any time, require the association to furnish additional information with respect to its transactions, condition or any matter connected therewith considered to be material and of assistance in evaluating the scope, operation and experience of the association.

The commissioner shall make an examination into the affairs of the association at least annually. Such examination shall be conducted and the report thereon filed in the manner prescribed in section four of chapter one hundred and seventy-five of the General Laws.

There shall be no liability on the part of, and no cause of action

of any nature shall arise against the association, its agents or employees, an insurer, any licensed agent or broker, or the commissioner or his authorized representatives, for any statements made in good faith by them in any reports or communications concerning risks insured or to be insured by the association, or at any administrative hearing conducted in connection therewith.

SECTION 7. The commissioner of insurance, hereinafter called the commissioner, is hereby authorized and directed to hold a public hearing on or before November fifteenth, nineteen hundred and seventy-six, relative to the earnings realized or to be realized by insurance companies from medical malpractice insurance policies issued or executed in the commonwealth for the year nineteen hundred and seventy-six. If the commissioner determined from such hearings that said earnings either have or may result in an unfair profit to said insurance companies, he shall direct such insurance companies to set sufficient funds aside as a special reserve, in an amount determined by him to be adequate to assure the availability of funds to provide for a fair and reasonable sharing of such profits by the policyholders.

If the commissioner is able finally to determine, prior to December first, nineteen hundred and seventy-six the extent of any such unfair profit, he shall direct the aforesaid insurance companies, under a schedule determined by him, to return to its medical malpractice policyholders for the year nineteen hundred and seventy-six such share of such profits as he determines is fair and reasonable, said returns to be made by payment to such policyholders or as an identified credit on policies or bonds issued to such policyholders in the year nineteen hundred and seventy-seven.

If the commissioner is unable finally to determine the extent of any such unfair profit from the information available to him prior to December first, nineteen hundred and seventy-six, he shall fix and establish premium charges for the calendar year nineteen hundred and seventy-seven under the provisions of section five A of chapter one hundred and seventy-five A of the General Laws; provided, however, such rates shall be provisional. The commissioner shall thereafter hold another public hearing at a time in the year nineteen hundred and seventy-seven selected by him when adequate information relating to the earnings realized by insurance companies from medical malpractice insurance policies issued in the year nineteen hundred and seventy-six becomes available. The commissioner shall then finally determine the extent of any such unfair profit and shall finally determine whether the premium charges established by him provisionally for the calendar year nineteen hundred and seventy-seven meet the standards set forth in said section five A. After making said findings, the commissioner shall either direct the aforesaid insurance companies to return to their

medical malpractice policyholders for the year nineteen hundred and seventy-six such share of such profits as he determines is fair and reasonable, or he shall adjust, if necessary, and set finally the premium charges under said section five A. The commissioner shall give appropriate credit to any such insurance company that has paid a dividend to policyholders or otherwise voluntarily returned profits on medical malpractice insurance policies issued or executed by it within the commonwealth for the year nineteen hundred and seventy-six.

The commissioner may also, if necessary, establish separate rates of return for each company providing medical malpractice insurance in the commonwealth.

The commissioner may direct that the insurance companies use all or part of the special reserve fund either to make payment of said returns of offset income loss on policies issued in nineteen hundred and seventy-seven because of any rate reduction authorized under the provisions of this act. The commissioner may also make such orders with respect to the disposition of the special reserve fund as may be necessary to effect the purpose of this act. Failure of the insurance companies to return the amounts as so determined by the commissioner shall be sufficient cause for him to revoke the right of the company to do business in the commonwealth after December thirty-first, nineteen hundred and seventy-six.

Any person or company aggrieved by any action, order, finding or decision of the commissioner under this chapter may appeal to the supreme judicial court under the provisions of and for the relief set forth for appeals in section five A of chapter one hundred and seventy-five of the General Laws.

The court shall determine whether the filing of the appeal shall operate as a stay of any such order or decision of the commissioner. The court may in disposing of the issue before it, modify, affirm, or reverse the order or decision of the commissioner in whole or in part.

SECTION 8. The board of registration in medicine, established under the provisions of section ten of chapter thirteen of the General Laws, in effect prior to the effective date of this act, is hereby abolished as of January first, nineteen hundred and seventy-six.

SECTION 9. Of the members of the board of registration and discipline in medicine first appointed pursuant to section ten of chapter thirteen of the General Laws, amended by section one of this act, two shall be appointed for a term of one year, two for two years and three for three years and their successors shall be appointed for terms of three years.

SECTION 10. All books, papers, records, documents, equipment, facilities and other property, which immediately prior to January first, nineteen hundred and seventy-six, are in the custody of the board of registration in medicine, established under

the provisions of section ten of chapter thirteen of the General Laws, in effect prior to the effective date of this act, and all duly existing contracts, leases and obligations of the board of registration in medicine pursuant to said section ten, as amended by section one of this act.

SECTION 11. Section 6. All proceedings for the examination, commitment or discharge of a defendant arrested on execution, and all supplementary proceedings under this chapter as to a judgment debtor, shall be had in the district court within whose judicial

district the defendant or debtor was arrested or lives or has a usual place of business or employment; or, if the defendant or debtor does not live or have a usual place of business or employment within the commonwealth, such proceedings may also be had in the district court within whose judicial district the record of the original action is kept; provided, however, that every proceeding for the examination, commitment or discharge of a defendant so arrested, and every supplementary proceeding under this chapter as to a judgment debtor, which is incidental to a case or matter in the housing court of the city of Boston or in the housing court of the county of Hampden, shall be had in said housing courts. When arrested on execution the debtor shall be allowed reasonable time to procure sureties for his recognizance. If not released, he shall be taken before a proper court, as provided in this chapter; or if he wishes to recognize he may be taken at his request before a master in chancery. A master in chancery or the court may accept his recognizance to the plaintiff or creditor with surety or sureties in a sum not less than the amount of the judgment debt, unless the court shall expressly fix a smaller sum, conditioned that he will have a time and place appointed for his examination before some court having jurisdiction, which time shall be within thirty days after the time of his arrest, giving notice of the time and place thereof as provided in this chapter, and appear at the time and place appointed for his examination, and from time to time until the proceedings are concluded, and not depart without leave of the court, making no default at any time fixed for his examination, and abide the final order of the court thereon. If the arrest is made when the court is not sitting and the defendant or debtor does not recognize or give bail, the officer making the arrest may deliver him to the keeper of the jail or lockup, to be detained therein until the next sitting of the court, when he shall be delivered to said officer to be taken before the court. If the defendant, when taken before the court, does not recognize to its satisfaction, the court shall cause a certificate thereof to be entered in the record of the action in which the arrest was made, and the defendant shall be committed to jail until he gives bail or recognizes or until the time appointed for his examination, or, if no such time be appointed, then until the further order of the court, when he shall be delivered by the jailer to the officer who made the arrest, or, in his absence or disability, to any officer, to be by him taken before the court.

No person shall be arrested on execution in a civil action unless the creditor or, in case the creditor is a corporation, an officer thereof, after execution has issued makes application for a certificate authorizing said arrest and files affidavit with and proves to the satisfaction of a district court that he believes and has good reason to believe that the debtor intends to leave the commonwealth so that supplementary proceedings will not be effective against him. If a debtor, after being arrested on ex-

ecution, gives notice that he desires to take an oath that he does not intend to leave the commonwealth, he shall be examined relative thereto, and either party may introduce additional evidence. If the court is satisfied that the debtor did not when arrested, and does not at the time of examination, intend to leave the commonwealth, it shall make certificate thereof, and discharge the debtor from arrest; and immediately upon such discharge, if the creditor so desires, such debtor shall be required, without further notice, to submit to examination and other supplementary proceedings under this chapter. If the debtor when taken before the court does not recognize to its satisfaction he shall be committed to jail until he recognizes or until the time appointed for his examination, or, if no such time be appointed, then until the further order of the court, when he shall be delivered by the jailer to the officer who made the arrest, or in his absence or disability to any other officer, to be by him taken before the court.

If there is reasonable doubt as to the identity of the defendant or debtor or as to the lawfulness of his arrest, at the time of the arrest or thereafter, in the case of arrest on execution, the officer may require sufficient security from the plaintiff or creditor to indemnify him for arresting the defendant or debtor or for continuing to retain him in custody. If sufficient security is not furnished within a reasonable time after the officer has made a written demand upon the plaintiff or creditor or his attorney for such security, the officer shall not be obliged to arrest the defendant or debtor or, if he then has the defendant or debtor under arrest, he may release him from custody without liability to the plaintiff or creditor therefor. If a prisoner, arrested or committed on execution in a civil action, escapes with the consent or by the negligence of the officer, the creditor may recover in tort against the officer such damages as he has suffered by the escape, and may also have against the original debtor an action on the judgment. No arrest on execution shall be made after sunset unless expressly authorized in the certificate for cause.

Any recognizance authorized by this chapter may be accepted on Sunday.

Chap. 424. AN ACT ESTABLISHING A TEMPORARY SYSTEM FOR THE REVIEW OF CHARGES FOR THE PURCHASE OF HOSPITAL CARE IN THE COMMONWEALTH.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to stabilize hospital charges until the implementation of comprehensive legislation providing for a system to control the costs of purchasing hospital care in the commonwealth, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. As used in this act, unless the context otherwise requires, the following words shall have the following meanings: —

"Base period", the twelve month period from April first, nineteen hundred and seventy-four, through March thirty-first, nineteen hundred and seventy-five.

"Commission", the rate setting commission established under section thirty-two of chapter six A of the General Laws.

"Charges", the amount to be billed or charged by a hospital to the general public for health supplies, care, services and accommodations in effect on October first, nineteen hundred and seventy-four, other than the differential between average weighted semi-private room and board charges and private room and board charges. "Charges" shall also include, in the case of health supplies, care, services or accommodations not offered by the hospital on October first, nineteen hundred and seventy-four but offered prior to April fifteenth, nineteen hundred and seventy-five, or offered for the first time after that date but for which notice was filed with the commission prior to that date, the amount billed or charged by a hospital to the general public for such health supplies, care, services or accommodations on the date such supplies, care, services or accommodations were first offered.

"Hospital", any institution whether operated for profit or charity, which is advertised, announced, established or maintained for the purpose of providing diagnosis, medical, surgical or restorative treatment for patients within the institution and which is licensed as a hospital by the department of public health under section fifty-one of chapter one hundred and eleven of the General Laws.

"New charges", any charges for hospital supplies, care, services or accommodations which were not offered by the hospital on April fifteenth, nineteen hundred and seventy-five whether or not a determination of need by the department of public health under section twenty-five C of chapter one hundred and eleven of the General Laws was required as a prerequisite to offering the service. "New charges", shall not include charges filed with the commission prior to April fifteenth, nineteen hundred and seventy-five, to become effective after said date.

"Total patient care charges", total gross earnings less contractual adjustments for publicly aided individuals.

"Total patient care costs", total patient care cost as defined for purposes of Title XVIII, including part A and part B patient care services, of the federal Social Security Act, increased by bad debts and free care.

SECTION 2. Any hospital which proposes to modify its charges shall submit an application therefor for approval by the commission at least sixty days prior to the implementation of such modification. Information supporting the proposed modification in charges, including a budget and projected and actual costs, volume and revenue data shall be furnished with the application. The commission may approve or disapprove such applications in whole or in part. Approval of any proposed modification in charge shall be deemed granted in the absence of written notification by the commission to the contrary, stating the reasons supporting the commission's action, within sixty days of such submission.

The commission shall from time to time issue regulations setting forth the procedure and substantive standards to be applied in reviewing applications for approval of modifications in charges. Said regulations shall provide that requested modifications in charges shall be supported by the reasonableness of the underlying costs and shall provide for the approval of proposed modifications in charges if: (*a*) the increase proposed is consistent with the rate of inflation in the economy generally, as measured by a composite price index to be specified in such regulations and based to the extent practicable, on any such index approved by the commission and contained in agreements subject to approval under the provisions of section five of chapter one hundred and seventy-six A of the General Laws; (*b*) any increase beyond that allowed by virtue of application of such index results from increases in volume not otherwise off-set by decreases in volume, such volume increases or decreases to be measured in a manner specified in such regulations; and (*c*) such increases, not otherwise justified by clauses (*a*) and (*b*), result from cost increases beyond the reasonable control of the individual hospital. The commission shall provide for modification in charges if the applicant hospital's ratio of total patient care costs to total patient care charges for the applicable fiscal

year exceed ninety-five per cent, such modification to permit said hospital to establish the ratio at ninety-five per cent. In the case of an applicant hospital for which such ratio equals or is less than ninety-five per cent, the commission shall not approve any requested modification, or part thereof, which would produce a ratio of total patient care costs to total patient care charges in the applicable fiscal year which is below the applicant hospital's base period of total patient care cost to total patient care charges. In reviewing applications under this section, the commission may consider changes in charges necessary to cover changes in intensity of services and changes in medical practice. In developing such regulations, the commission shall consult with representatives of nonprofit hospital service corporations, the Massachusetts Hospitals Association, and companies authorized to sell accident and health insurance under chapter one hundred and seventy-five of the General Laws.

SECTION 3. Any hospital which intends to implement a new charge shall submit an application for approval of such new charge to the commission at least sixty days prior to the implementation of such new charge. Information supporting the new charge, including a budget and projected cost, volume, utilization and revenue data resulting from the new charge shall be furnished with the application. The commission may approve or disapprove such applications in whole or in part. Approval of any proposed new charge shall be deemed granted in the absence of written notification by the commission to the contrary, stating the reasons supporting the commission's action, within sixty days of such submission.

The commission shall from time to time issue regulations setting forth the procedure and substantive standards to be applied in reviewing an application for new charges. In reviewing such application, the commission shall consider the relation of the proposed charge to the reasonable cost of such health supplies, care, services, or accommodations, provided that the commission may not establish a charge for such item which produces a ratio of its costs to such charge which is less than the hospital's base period ratio of total patient care costs to total patient care charges.

SECTION 4. Any hospital which has modified its charges or implemented new charges for health supplies, care, services or accommodations subsequent to April fifteenth, nineteen hundred and seventy-five, and prior to the effective date of regulations issued by the commission under section two or three of this act, as the case may be, shall file an application for approval of such modification in charges or such new charges within twenty days of the effective date of such regulations.

The provisions of this section shall not apply to modifications in charges which were effective on or after April fifteenth, nineteen hundred and seventy-five, notice of which was filed with the

commission prior to that date. The procedures and substantive standards established by the commission under section two of this act for modifications in charges or under section three of this act for new charges, whichever is applicable, shall be applied by the commission in reviewing such application. Disapproval in whole or in part by the commission of such modification in charges or proposed new charges by any hospital shall result in the hospital adjusting such charges to the extent required by the commission effective ten days after receipt of such notice of commission action, provided that no adjustment shall result in a charge less than that in effect on April fifteenth, nineteen hundred and seventy-five.

SECTION 5. Any hospital aggrieved by action of the commission denying an application in whole or in part for a modification in charges under section two or section four or denying an application in whole or in part for approval of new charges under section three or section four may file an appeal in accordance with section thirty-six of chapter six A of the General Laws.

SECTION 6. Each hospital shall file with the commission within fifteen days after the effective date of this act a full and complete listing of its charges in effect on the first day of its fiscal year, commencing in nineteen hundred and seventy-four.

Each hospital shall submit to the commission a copy of the hospital's budget, duly approved by its governing board, at least thirty days prior to the commencement of its fiscal year, or within ten days following board approval, whichever is later. For hospitals with fiscal years commencing prior to October first, said budgets for the fiscal year ending in nineteen hundred and seventy-six shall be submitted within thirty days after the effective date of this act.

SECTION 7. The commission shall issue such regulations as are necessary to implement the purposes of this act no later than thirty days following the effective date after this act, and may issue such additional regulations or modify existing regulations as may be necessary from time to time thereafter.

SECTION 8. Any hospital which makes a charge or accepts payment based upon a charge in excess of that permitted under this act or which fails to file with the commission data, statistics or schedules or other information required pursuant to this act or by any regulation promulgated by the commission or which falsifies the same shall be subject to a civil penalty of not more than one thousand dollars for each day on which such violation occurs or continues which may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction. The attorney general of the commonwealth shall bring any appropriate actions including injunctive relief as may be necessary for the enforcement of this act.

SECTION 9. Sections one to eight, inclusive, of this act shall cease to be operative on January thirty-first, nineteen hundred and seventy-seven.

SECTION 10. The secretary of human services shall submit to the general court not later than October first, nineteen hundred and seventy-five, a proposal for a comprehensive system for controlling the costs of purchasing hospital care in the commonwealth. Said secretary, in preparing such a proposal, shall consult with representatives of interested parties, including the Massachusetts Hospitals Association, nonprofit hospital service corporations, companies authorized to sell accident and health insurance under chapter one hundred and seventy-five of the General Laws, consumers, health professionals, the federal Department of Health, Education and Welfare and state and regional planning agencies and shall submit to the general court a report on these consultations not later than October first, nineteen hundred and seventy-five. Such report shall include a summary of the opinions of the various interested parties consulted, a statement of the secretary's analysis of such opinions and the reasons for the secretary's decision to incorporate or not to incorporate such opinions in the proposal for a comprehensive system for controlling the costs of purchasing hospital care in the commonwealth. *Approved July 9, 1975.*

An applicant failing to pass an examination satisfactory to the board may be deemed a "Conditional" applicant and may be reexamined only on that portion of the examination failed, upon payment of the established fee for each appearance, at such time and place as the board shall determine. Any college, university, or school of veterinary medicine desiring to be approved for the purposes of this section may file with the board a written request for the approval of such college, university, or school of veterinary medicine, and thereupon a public hearing, after due notice, shall be seasonably granted by the board and a written decision made by it within twenty days after the termination of such hearing and the applicant for such approval shall be notified of such decision. A written decision of the board refusing to approve any college, university, or school of veterinary medicine shall not become effective until thirty days after written notice of such decision is given to the college, university, or school of veterinary medicine seeking such approval. Any college, university, or school of veterinary medicine aggrieved by such refusal shall have the right to file a petition in the superior court for Suffolk county to revise or reverse the decision of the board. Notice of the entry of such petition shall be given to the secretary of the board and all proceedings connected therewith shall be according to rules regulating the trial of civil cases without juries. The court shall hear the case and finally determine whether or not such approval shall be granted or revised.

Upon the filing of such a petition within the aforesaid period of thirty days, said decision of the board shall not become effective until a final decree affirming said decision is entered upon the aforesaid petition.

Be it enacted, etc., as follows:

Notwithstanding any contrary provision of law, the acceptance by the town of Georgetown of the provisions of section ninety-seven A of chapter forty-one of the General Laws is hereby rescinded. On and after the effective date of this act, the board of selectmen of said town is hereby authorized to establish a police department which shall be under the supervision of an officer to be known as the chief of police. The chief of police shall from time to time make suitable regulations governing the police department, and other officers thereof, subject to the approval of said board; provided, that such regulations shall become effective without such approval upon the failure of said board to take action thereon within thirty days after they have been submitted to them by the chief of police. Chap. 483. AN ACT PROVIDING FOR THE ESTABLISHMENT OF A HOUSING REVIEW BOARD IN THE CITY OF LOWELL.

Be it enacted, etc., as follows:

SECTION 1. Declaration of Emergency. The general court finds and declares that a serious public emergency exists in the city of Lowell with respect to the housing of a substantial number of residents of said city, with emergency has been created by housing demolition, an expanding student population, a substantial elderly population, deterioration within the existing housing stock and the national and area economic conditions which have deterred new construction of housing accommodations and placed such new housing above the means of low and moderate income residents. The general court further finds that because of the substantial and increasing shortage of rental housing accommodations abnormally high rents have resulted, and, that unless residential rents become subject to review and control on a case-by-case basis, such emergency and the further inflationary pressures resulting therefrom will produce serious threats to the public health, safety and general welfare of the residents of Lowell; that such emergency should be met by the commonwealth immediately with due regard for the rights and responsibility of the city of Lowell.

SECTION 2. The city of Lowell is hereby authorized to establish a Housing Review Board to regulate individual cases affecting rental housing accommodations and to determine when rent charges appear in the judgment of said Board to be excessive and unreasonable.

SECTION 3. The Housing Review Board shall consist of seven members, who shall be residents of the city of Lowell, appointed by the city manager of said city and confirmed by the city council of said city, to serve without compensation for a term of one

year. Said Board shall consist of one owner of rental residential property, one tenant, and five persons who own single family residences.

Said Board shall have jurisdiction over all rental units in the city of Lowell except:

a. Rental Units in motels, inns, and tourist homes, and rental units in rooming or boarding houses which are rented primarily to transient guests for periods of less than fourteen consecutive days.

b. Rental units which a governmental unit, agency, or authority either owns or operates, or finances or subsidizes.

c. Rental units in co-operatives or condominiums.

d. Rental units in any hospital, convent, monastery, asylum, public institution, college or school dormitory operated exclusively for charitable or educational purposes.

e. Rental units in nursing homes for the aged.

f. Rental units in owner-occupied two, three or four family houses.

Said Board shall secure such information, make such investigations and conduct such studies, either directly or through other municipal agencies, and may summons such persons, papers or documents as it finds necessary for the performance of its duties.

SECTION 4. Said Board may regulate and modify:

a. Rent increases which it finds unreasonable after a hearing and which affect buildings wherein violations of the building code, sanitary code or any other applicable laws, ordinances, rules or regulations governing the condition of residential premises exist.

b. Any unreasonable rent increase intended to take effect after the effective date of this act.

SECTION 5. Said Board shall conduct hearings for the purpose of settling disputes between landlords and tenants in a fair and equitable manner and adjust rents of rental units not exempted pursuant to section three in a fair and reasonable manner, allowing the landlord in each case a fair net operating income, in accordance with such standards as it shall establish with the approval of said city manager and said city council.

SECTION 6. Any aggrieved party may file a civil action against said Board in the District Court of Lowell, or in any Housing court having jurisdiction thereof. Such court shall review and decide the action pursuant to the standards set forth in paragraph (7) of section fourteen of chapter thirty A of the General Laws. The District Court of Lowell, or such Housing court, shall have jurisdiction to enjoin any violation of this act.

SECTION 7. Any person who demands, accepts, receives or retains any payment of rent in excess of the amount authorized by said Board, shall be liable to the person from whom such payment is demanded, accepted, received or retained, or to the municipality for reasonable attorney's fees and costs as deter-

mined by the court, plus liquidated damages in the amount of four hundred dollars.

SECTION 8. The necessity for such Board shall be reviewed annually by said city manager and said city council and said Board shall expire on the first day of October of each year, beginning in the year nineteen hundred and seventy-six, unless previously renewed by vote of said city council.

SECTION 9. No owner of residential property within the city of Lowell not exempted pursuant to the provisions of section three may bring eviction proceedings against a tenant who has utilized this law for a period of one year after the filing, in writing or otherwise, of a complaint with the Board, unless:

1. The tenant has failed to pay the rent to which the landlord is entitled;

2. The tenant has violated an obligation or covenant of his tenancy other than the obligation to surrender possession upon proper notice and has failed to cure such violation after having received written notice thereof from the landlord;

3. The tenant is committing or permitting to exist a nuisance in or is causing substantial interference with the comfort, safety, or enjoyment of the landlord or other occupants of the same or any adjacent accommodation;

4. The tenant is convicted of using or permitting the rental unit to be used for any illegal purpose;

5. The tenant, who has a written lease or rental agreement which terminated after this act has taken effect, has refused, after written request or demand by the landlord, to execute a written extension or renewal thereof for a further term of like duration and in such terms that are not inconsistent with or violative of any provisions of law;

6. The tenant has refused the landlord reasonable access to the unit for the purpose of making necessary repairs or improvements required by the laws of the United States, the commonwealth, or the city of Lowell, or for the purpose of inspection as permitted or required by the lease or by law, or for the purpose of showing the rental unit to any prospective purchaser or mortgagor;

7. The person holding at the end of a lease term is a subtenant not approved by the landlord;

8. The landlord seeks to recover possession in good faith for use and occupancy of himself, or his children, parents, brother, sister, father-in-law, mother-in-law, or daughter-in-law;

9. The landlord seeks to recover possession to demolish or otherwise remove the unit from housing use; and

10. That landlord seeks to recover possession for any other just cause, provided that his purpose is not in conflict with the provisions and purposes of this act.

SECTION 10. This act shall take effect upon its passage.

Approved July 14, 1975.

Any commercial fisherman permit for the taking of lobsters in coastal waters under this chapter held by an individual, partnership or corporation may be transferred to any individual, partnership or corporation qualified to receive such a permit in the first instance if, in the opinion of the director, such transfer is in the public interest. If the director determines that an individual, partnership or corporation is not entitled to a transfer as aforesaid of a permit granted by them, the applicant for such transfer may appeal to the marine advisory commission, and the decision of the commission upon such appeal shall be final.

In the case of the death of an individual holder of any permit under this chapter, such permit, unless earlier surrendered, revoked or cancelled, shall authorize the executor or administrator of the deceased permittee to exercise all authority conferred upon such permitttee until the termination thereof.

SECTION 2. The division of marine fisheries is hereby authorized and directed to investigate and study rules and regulations relative to the issuance of commercial fisherman permits for the taking of lobsters in coastal waters with special emphasis on developing a system for the issuance of such permits plus regulations for limiting the amount of gear that can be used in coastal lobster fishing. Be it enacted, etc., as follows:

Chap. 494. AN ACT RELATIVE TO PERMITS FOR THE MOVEMENT OF CERTAIN VEHICLES OVER THE WAYS OF THE COMMONWEALTH.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to resolve the issues raised by the Temporary Restraining Order issued by the U.S. District Court, to assure the free flow of intrastate commerce, and to prevent undue interference with interstate commerce and the regulation thereof, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

SECTION 1. Section 30 of chapter 85 of the General Laws is hereby amended by striking out the second, third, fourth and fifth paragraphs, inserted by section 3 of chapter 851 of the acts of 1974.

SECTION 2. Said chapter 85 is hereby further amended by inserting after section 30, the following section: —

Section 30A. The owner or lessee of any motor vehicle, trailer, semi-trailer or semi-trailer unit, as defined in section one of chapter ninety, which may lawfully be operated on the ways of this commonwealth may apply to the commissioner of public works for a permit authorizing the operation of such motor vehicle, trailer, semi-trailer or semi-trailer unit upon any state highway or way determined by the Department of Public Works to be a through route when the weight of such motor vehicle, trailer, semi-trailer or semi-trailer unit together with its load would exceed the weight limitations prescribed by section thirty or by the provisions of chapter ninety. No such application shall be approved by the commissioner of public works if the weight sought in such application exceeds either the weight of such motor vehicle, trailer, semi-trailer or semi-trailer unit, together with its load, for which such motor vehicle, trailer, semi-trailer or semi-trailer unit is registered, or the gross vehicle weight rating established by a manufacturer of such vehicle or otherwise established in accordance with the provisions of section nineteen D of chapter ninety. All such applications shall be made on forms provided by the commissioner of public works which shall include, but not be limited to, the following:

(1) The make, model and year of the motor vehicle, trailer, semi-trailer or semi-trailer unit to which the permit is to apply, including the said gross vehicle weight rating and the weight for which it is registered.

(2) The name, business address and residential address, if any, of the owner or lessee of the motor vehicle, trailer, semi-trailer or semi-trailer unit.

(3) The name and address of the insurer of the motor vehicle, trailer, semi-trailer or semi-trailer unit.

(4) The maximum weight sought for such motor vehicle, trailer, semi-trailer or semi-trailer unit.

(5) The period of time for which such permit is sought, which shall not exceed one year from the date on which it is issued by the commissioner of public works.

Within seven days after his receipt of such application, the commissioner of public works shall notify the applicant of the approval or disapproval of his application. If the application is disapproved, the commissioner of public works shall notify the applicant, in writing, setting forth his reasons for such disapproval. If the application is approved, the commissioner of public works shall issue to the applicant written evidence of such approval, and the form of such approval shall set forth a description of the motor vehicle, trailer, semi-trailer or semi-trailer unit and its owner or lessee as provided in (1) through (4) above, the maximum weight allowed under such permit, and the expiration date of such permit. Such permit may be issued to allow the operation of any motor vehicle, trailer, semi-trailer or semi-trailer unit having three axles which with its load weighs not more than seventy-three thousand pounds, or any motor vehicle, trailer, semi-trailer or semi-trailer unit having four axles which with its load weighs not more than eighty-seven thousand pounds, or any motor vehicle, trailer, semi-trailer or semi-trailer unit having five or more axles which with its load weighs not more than ninety-nine thousand pounds, but such permit shall not allow the operation of any motor vehicle, trailer, semi-trailer or semi-trailer unit which with its load exceeds either the weight for which such motor vehicle, trailer, semi-trailer or semi-trailer unit is registered or the said gross vehicle weight rating. The commissioner of public works may, however, issue under such conditions and limitations as he shall prescribe, special permits for the carrying of so-called irreducible loads with weights greater than those provided in the preceding sentence, except that the weight authorized by such irreducible load permit shall not exceed the weight for which the motor vehicle, trailer, semi-trailer or semi-trailer unit is registered.

No motor vehicle, trailer, semi-trailer or semi-trailer unit which is the subject of any such permit issued by the commissioner of public works, other than a permit for the carrying of said so-called irreducible loads, shall be operated on any public way until the registrar of motor vehicles shall have issued to the owner or lessee thereof the permit sticker as provided in section nineteen D of chapter ninety.

A conviction of a violation of this section or of sections seventeen, nineteen, or nineteen A of chapter ninety arising out of the operation of any motor vehicle, trailer, semi-trailer or semi-trailer unit for which such permit, other than a permit for the carrying of said so-called irreducible loads, has been issued shall be reported forthwith by the court to the registrar of motor

vehicles, who shall, if such conviction is a second or subsequent conviction of such a violation within twelve months, immediately revoke the permit sticker and certificate issued to the owner or lessee under section nineteen D of chapter ninety; and the registrar of motor vehicles shall forthwith report such violation and such revocation to the commissioner of public works, who shall immediately revoke the permit issued for such vehicle to such owner or lessee, and no new permit for such vehicle shall be issued for a period of not less than ninety days from the date of the revocation of the permit. The commissioner of public works may, after a prior hearing, suspend or revoke for cause any permit issued by him under this section, and in the event of such revocation, shall forthwith notify the registrar of motor vehicles, who shall immediately revoke the permit sticker and certificate issued under section nineteen D of chapter ninety. Upon the revocation of any such permit or sticker, the owner or lessee of such motor vehicle, trailer, semi-trailer or semi-trailer unit shall immediately return his copy of such permit certificate to the registrar of motor vehicles under section nineteen D of chapter ninety, and shall immediately remove such permit sticker from any such motor vehicle, trailer, semi-trailer or semi-trailer unit.

Section 32. Any person violating any provision of section thirty, thirty A, or thirty-one, or the regulations made or permits granted under authority thereof shall be punished by a fine of not more than one hundred dollars, to be paid to the commonwealth when state highways are injured and to the county, city or town when any public way is injured which is under the care of said county, city or town, for use on the public ways of said county, city or town.

SECTION 4. Said chapter 85 is hereby further amended by striking out section 33, as so appearing, and inserting in place thereof the following section: —

SECTION 6. Section 1 of chapter 90 of the General Laws is hereby amended by striking out the definition of "Gross Vehicle Weight Rating", inserted by section 6 of said chapter 851, and inserting in place thereof the following definition: —

SECTION 7. Section 17 of said chapter 90 is hereby amended by striking out the fifth sentence.

SECTION 8. Section 19A of said chapter 90 is hereby amended by striking out the first paragraph, as most recently amended by section 1 of chapter 523 of the acts of 1961, and inserting in place thereof the following paragraph: —

Section 19D. Except for special permits for the carrying of so-called irreducible loads, for which permit stickers shall not be required, the registrar shall issue to the owner or lessee of a motor vehicle, trailer, semi-trailer or semi-trailer unit for which a permit, other than a special permit for the carrying of so-called irreducible loads, has been issued under the provisions of sections thirty and thirty A of chapter eighty-five, a permit sticker to be affixed to the upper center portion of the windshield, or in case of a trailer or a semi-trailer to the lower right front, upon the payment by such owner or lessee of the fee provided in section thirty-three of chapter ninety; provided that such owner or lessee shall have filed with the registrar the written approval of the commissioner of public works of his application for such permit, together with a certificate of the gross vehicle weight rating of such motor vehicle, trailer, semi-trailer or semi-trailer unit. If standards promulgated by the United States Department

Such certificates shall be in such form as the registrar shall prescribe, but it shall be divided in two sections, one to be executed by the owner or lessee, and the other to be executed by a manufacturer of the vehicle or the authorized representative of such manufacturer. The owner or lessee's section shall include, but not be limited to: (*a*) the make, model and year of the motor vehicle, trailer, semi-trailer or semi-trailer unit; (*b*) the vehicle identification number; (*c*) the name and address of the owner or lessee; (*d*) the gross weight for which such vehicle is registered; (*e*) the maximum weight authorized by the commissioner of public works for such vehicle; (*f*) a statement by the owner or lessee that to its knowledge, no alterations have been made to the motor vehicle, trailer, semi-trailer or semi-trailer unit which would tend to reduce the said gross vehicle weight rating, and that the chassis, axles, tires, rims, brakes, steering components and suspension system are maintained in good order; (*g*) the date of permit approval by the commissioner of public works, and any number assigned thereto by him; and (*h*) the expiration date of such permit, which shall also be the expiration date of said permit sticker. The said manufacturer's section shall include, but not be limited to: (*a*) the manufacturer's name and address and its representative's name and address, if any, providing the gross vehicle weight rating, and (*b*) the said gross vehicle weight rating in pounds.

If an owner or lessee shall be unable to obtain a manufacturer's gross vehicle weight rating for any such vehicle manufactured before January first, nineteen hundred and seventy-two and shall submit to the registrar a statement in writing from such manufacturer giving the reasons why it cannot provide such a rating, the registrar may nevertheless issue such a permit sticker limited to such weight, not exceeding registered weight, as the registrar shall prescribe.

A copy of such certificate, or certificates in case of a semi-trailer unit or a tractor operating with a trailer, shall be issued by the registrar to the owner or lessee, and it shall be kept by the operator of such vehicle in an accessible place, and it shall be produced for inspection at the request of any police officer. No such permit sticker or certificate shall be issued by the registrar if the maximum gross weight authorized by the commissioner of public works exceeds the gross weight for which such motor vehicle, trailer, semi-trailer or semi-trailer unit is registered.

Upon the transfer of ownership or possession of any motor vehicle, trailer, semi-trailer or semi-trailer unit, any such permit or sticker which has not expired or been revoked shall remain in effect until its expiration date, provided that the person in possession of such motor vehicle, trailer, semi-trailer or semi-

trailer unit after such transfer shall have notified the registrar and the commissioner of public works in writing of his name, address and the date of such transfer upon such form as the registrar shall prescribe.

Whoever knowingly and willfully makes any false statement in any application for a permit, under section thirty or thirty A of chapter eighty-five or in any certificate under this section, or whoever knowingly and willfully alters any such motor vehicle, trailer, semi-trailer or semi-trailer unit for the purpose of reducing its said gross vehicle weight rating below the weight limit set forth in the permit after such permit and sticker have been issued and while such permit and sticker are in use and effect, shall be punished by a fine of not less than five hundred dollars nor more than one thousand dollars or by imprisonment for not less than two weeks nor more than two years, or both. A conviction of a violation of this paragraph shall be reported forthwith by the court or magistrate to the registrar who shall immediately revoke the said permit sticker and no appeal, motion for new trial or exceptions shall operate to stay such revocation, and the registrar shall forthwith report such violation and revocation to the commissioner of public works who shall immediately revoke the permit issued for such vehicle. Upon the revocation of any such permit or sticker, the owner or lessee of such motor vehicle, trailer, semi-trailer or semi-trailer unit shall immediately return his copy of such certificate to the registrar, and shall immediately remove such permit sticker from any such motor vehicle, trailer, semi-trailer or semi-trailer unit.

A complaint against a person for a violation of section eleven or section sixteen or section seventeen or of a regulation made under section eighteen may be placed on file at the discretion of the court if the violation appears to have been unintentional or if no person or property could have been endangered thereby. Upon a third or subsequent conviction in the same year of a violation of section sixteen or section seventeen or of a regulation made under section eighteen the registrar shall forthwith revoke the license of the person so convicted, and no new license shall be issued to such person for at least thirty days after the date of such conviction, nor thereafter except in the discretion of the registrar.

Any person convicted of a violation of the provisions of sec-

The provisions of this section shall not apply where notice from the registrar of intention to suspend or revoke a person's license or right to operate is pending prior to the date of complaint on the offense before the court nor to cases, where under paragraph (c) of subdivision (1) of section twenty-four, the violation is determined to have caused a death.

In order to qualify for a disposition under this section such person shall, in the judgment of the court, have cooperated fully with the investigation as described in section twenty-four D and shall be and have been in full compliance with such order as the court may have made for a one year term of probation as provided therein, including participation in such driver alcohol education programs, alcohol treatment or alcohol treatment and rehabilitation programs as the court may have ordered.

Nothing in this section shall be construed to prevent the exercise by a court of its authority under law to make any other disposition of a case of operating under the influence of intoxicating liquor.

Where a person has been charged with operating a motor vehicle under the influence of intoxicating liquor, and where the case has been continued without a finding and such person has been placed on probation with his consent and where such person is qualified for disposition under this section, a hearing shall be held by the court at any time after sixty days but not later than ninety days from the date where the case has been continued without a finding to review such person's compliance with the program ordered as a condition of probation and to determine whether dismissal of the charge is warranted.

At said hearing the probation officer shall submit to the court a written report which shall include but shall not be limited to a written statement by the supervisor of any program of alcohol education and of any program of alcohol treatment, rehabilitation, or alcohol treatment and rehabilitation to which the court has assigned such person. Said statement shall consider such person's participation and attendance in each such court ordered program. The registrar shall submit a written

report to the judge at said hearing regarding any entries made on said person's driving record in the period following placement in the program. If the judge finds sufficient basis to conclude that said person has satisfactorily completed or is satisfactorily complying with said program the judge may enter a dismissal of the charge. Appropriate orders relative to said person's participation in a program or relative to a later hearing may be made by the court at its hearing, subject to the duration of the one year term of probation.

The probation officer supervising a person pursuant to the provisions of this section shall make a written report to the court if such person has failed to satisfactorily comply with a court ordered program or if such person's operation of a motor vehicle constitutes a threat to the public safety. Upon receipt of such report the court shall forthwith hold a hearing on the matter. If at such hearing the court shall determine that said person has failed to satisfactorily comply with said program or that said operation of a motor vehicle constitutes such a threat, the court shall forthwith notify the registrar of said finding and the registrar shall forthwith and without further hearing revoke said person's license or right to operate. Such revocation shall be for the remainder of the one year period from the date of revocation provided in paragraph (*c*) of subdivision (1) of section twenty-four. Said person shall thereafter be subject to the same conditions for issuance of a new license or right to operate as any person applying for a new license or right to operate following revocation as provided in paragraph (*c*) of subdivision (1) of section twenty-four.

Where an order of probation has been revoked by the court, the court shall forthwith so notify the registrar in writing and the registrar shall forthwith revoke said person's operators license or right to operate which was restored under this section and without further hearing. *Approved July 16, 1975.*

DEAR MR. SECRETARY: — I, Michael S. Dukakis, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public convenience requires that the law being Chapter 531 of the Acts of 1975, entitled, AN ACT FURTHER REGULATING CERTAIN FINANCIAL AND MEDICAL ASSISTANCE TO RESIDENTS OF THE COMMONWEALTH ELIGIBLE THEREFOR, and the enactment of which received my approval on August 20, 1975, should take effect forthwith.

CHAPTER 191A.

DISCLAIMER OF CERTAIN PROPERTY INTEREST ACT.

Section 1. The following words as used in this chapter shall have the following meanings, unless otherwise expressly provided or the context otherwise requires: —

"Beneficiary", any person to whom, and any estate, trust, corporation or other legal entity to which, an interest in property would pass in any manner described in section two, except for the execution and filing of a disclaimer in accordance with the provisions of this chapter.

An "interest in property" which may be disclaimed shall include: —

1. any legal or equitable interest or estate, whether present, future or contingent, in any real or personal property, or in any fractional part, share, or portion thereof, or in any specific asset or assets thereof;

2. any power to appoint, consume, apply, or expend property or any other right, power, or privilege, relating thereto;

3. any fractional part, share or portion of any interest described in clause (1) or (2).

Section 2. Unless barred by the provisions of section eight, a beneficiary may disclaim any interest in property which, except

for the execution and filing of a disclaimer in accordance with the provisions of this chapter, pass to the beneficiary: —

1. By intestate succession, devise, legacy, bequest, exercise or nonexercise of a power of appointment exercisable by will, or testamentary exercise or nonexercise of a power of appointment exercisable by either deed of trust or will; as beneficiary of a testamentary trust, beneficiary of a testamentary gift to a nontestamentary trust, or donee of a power of appointment created by will; by succession in any manner described in this clause to a disclaimed interest; or in any other manner not specified above under a testamentary instrument or by operation of any statute or rule of law governing devolution or disposition of property upon or after a person's death.

2. As donee, grantee, beneficiary of an inter-vivos trust, beneficiary of an insurance or annuity contract, donee of a power of appointment created by a nontestamentary instrument, or as surviving joint tenant or tenant by the entirety, except that a surviving joint tenant or tenant by the entirety may not disclaim that portion of an interest in joint property or property held by the entirety which is allocable to amounts contributed by him or her to the interest in such property; through exercise or nonexercise of a power of appointment exercisable by deed, or nontestamentary exercise or nonexercise of a power of appointment exercisable by deed of trust or will; under any deed, assignment, or other nontestamentary instrument of conveyance or transfer; by succession in any manner described in this clause to a disclaimed interest; or in any other manner not specified above under a nontestamentary instrument or by operation of any statute or rule of law.

Disclaimer may be made for a beneficiary under a legal disability by the duly appointed guardian or conservator of such beneficiary, and for a deceased beneficiary by the legal representative of such beneficiary's estate; provided, in any case, however, that the probate court having jurisdiction of the estate of such beneficiary shall have decreed, upon complaint filed by such guardian, conservator, or legal representative, that such disclaimer is in the best interests of those interested in the estate of such beneficiary and not detrimental to the best interests of the beneficiary or the estate of such beneficiary, and that such guardian, conservator, or legal representative is authorized to execute and file such disclaimer on behalf of such beneficiary in accordance with the provisions of this chapter.

Section 3. A disclaimer shall be executed and filed pursuant to the provisions of this chapter at any time after the creation of the interest in property being disclaimed, but in any event not later than nine months after the event determining that the beneficiary is finally ascertained as the beneficiary of such interest and that such interest is indefeasibly vested and in the case of a beneficiary who is a surviving joint tenant or tenant by the entirety, a disclaimer shall be executed and filed in any

event not later than nine months after the death of the other joint tenant or tenants or tenant by the entirety; provided, that any court having jurisdiction of the property, an interest in which is being disclaimed, may, upon petition filed by the beneficiary, the duly appointed guardian or conservator of a beneficiary under a legal disability, or the legal representative of a deceased beneficiary's estate, permit an extension of time to execute and file a disclaimer, for such further period of time as the court in its discretion deems advisable.

Section 4. A disclaimer shall be in writing, shall describe the interest in property being disclaimed, shall declare the disclaimer and the extent thereof, shall be clear and unequivocal, and shall be signed by the beneficiary, the duly appointed guardian or conservator of a beneficiary under a legal disability, or the legal representative of a deceased beneficiary's estate.

Section 5. The original of the disclaimer or an attested copy thereof, if filing is required to be made with more than one probate court, shall be filed with the probate court, or probate courts, if any, wherein a duly appointed fiduciary, if any, having custody or control of the property, an interest in which is being disclaimed, is required to file periodic accounts.

If the property, an interest in which is being disclaimed, is real property, the disclaimer shall be acknowledged in the manner provided for deeds of real property. The disclaimer shall not be valid as against any person, except the beneficiary, the heirs and devisees of the beneficiary, and any person, estate, trust, corporation or other legal entity having actual notice of the disclaimer, unless the original thereof or an attested copy thereof if the original is required to be filed with a probate court, is recorded in the registry of deeds for the county or district in which the real property is situated or, in the case of registered real property, is filed and registered in the office of the assistant recorder for the registry district in which the real property is located.

A copy of the disclaimer shall be served by delivering in hand or by mailing by certified mail to the last known address of the person or persons or other legal entity or entities having custody or possession of the property, an interest in which is being disclaimed. Failure to comply with these requirements of service shall not affect the validity of the disclaimer.

Section 6. No person or other legal entity having custody or possession of the property, an interest in which is being or has been disclaimed, shall be liable for any distribution or other disposition made prior to the delivery to him or it of a copy of the disclaimer, pursuant to the requirements of section five; and no such person or other legal entity shall be liable for any good faith distribution or other disposition made in reliance upon a disclaimer, the form of which is in accordance with the requirements of section four, and a copy of which has been delivered to him or it pursuant to the requirements of section five.

If a disclaimer certifies, with particularity, that none of the contingencies specified in section eight, which would result in waiver or bar of the beneficiary's right to disclaim, are applicable, any person or other legal entity having custody or possession of the property, and any third party purchaser of the property, an interest in which is being or has been disclaimed, shall be entitled to rely without further inquiry upon the aforesaid certifications.

Section 7. A disclaimer complying with all the applicable requirements of this chapter shall be effective according to its terms, and shall be irrevocalbe, upon execution in accordance with the provisions of section four, and filing it in accordance with the provisions of section five.

If the interest in property being disclaimed is a power to appoint, consume, apply, or expend property, as described in clause (2) of the second paragraph of section one, or any fractional part, share, or portion thereof, such interest shall be extinguished.

Except as provided in the preceding paragraph, and unless such a result would substantially impair the provisions or intent of any instrument, statute or rule of law relating to the interest in property being disclaimed, such interest shall pass in the same manner as if the beneficiary had died immediately preceding the event determining that he, she or it is the beneficiary of such interest and that such interest is indefeasibly vested.

The interest in property being disclaimed shall never vest in the beneficiary.

Any person or other legal entity having custody or possession of the property, an interest in which is being disclaimed may file a complaint for instructions or complaint for declaratory judgment seeking a determination of the effect of a disclaimer, in

1. A probate court, if any, having jurisdiction of such property; or

2. If no probate court has jurisdiction of such property, any other court having jurisdiction of such property.

Section 8. The right to disclaim an interest in property shall be barred by: —

1. assignment, conveyance, encumbrance, pledge, transfer or other disposition of such interest, or any contract therefor, by the beneficiary or sale or other disposition of such interest pursuant to judicial process made before the beneficiary has disclaimed such interest as herein provided;

2. insolvency of the beneficiary at the time of attempted disclaimer. For purposes of this paragraph only, sections one to four, inclusive, and sections eight to thirteen, inclusive, of chapter one hundred and nine A shall be applicable as if the disclaimer were a conveyance;

3. a written waiver of the right to disclaim such interest pursuant to the provisions of this chapter, signed by the beneficiary, the duly appointed guardian or conservator of a beneficiary

under a legal disability, or the legal representative of a deceased beneficiary's estate;

4. acceptance of such interest by the beneficiary; if the beneficiary, having knowledge of the existence of such interest, receives without objection a benefit from such interest, such receipt shall be deemed to constitute acceptance of such interest.

The assignment, conveyance, encumbrance, pledge, transfer or other disposition or any contract therefor, sale or other disposition pursuant to judicial process, written waiver of the right, to disclaim, or acceptance of a part of an interest in property shall not bar the right to disclaim any other part of such interest.

Section 9. The right to disclaim pursuant to the provisions of this chapter shall exist irrespective of any limitation in the nature of an express or implied spendthrift provision or other similar restraint on alienation imposed by any instrument, statute, rule of law or otherwise on the interest in property being disclaimed.

Section 10. Except for the provisions of section eight, this chapter shall not abridge the right of any person to disclaim, waive, release, renounce, or abandon any interest in property under section fifteen of chapter one hundred and ninety-one or any other statute or rule of law.

SECTION 2. The provisions of chapter one hundred and ninety-one A, inserted by section one of this act, shall apply to all interests in property, except those interests which have become indefeasibly vested in a finally ascertained beneficiary prior to the effective date of this act.

THE COMMONWEALTH OF MASSACHUSETTS
EXECUTIVE DEPARTMENT, STATE HOUSE
BOSTON, October 27, 1975

The Honorable PAUL H. GUZZI, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY: — I, Michael S. Dukakis, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public convenience requires that the law being Chapter 600 of the Acts of 1975 entitled AN ACT FURTHER REGULATING PRESIDENTIAL PRIMARIES and the enactment of which received my approval on September 11, 1975 should take effect forthwith.

I further declare that in my opinion said law is an emergency law and the facts constituting the emergency are as follows:

The deferred operation of the act would delay the proper filing of a copy of the rules and procedures adopted by the state committee covering all aspects of the delegate selection process.

The deferred operation of the act would delay the proper filing by the city or town with the state secretary of notice of the number of committee members to be elected.

The deferred operation of the act would delay the proper and timely filing with the state secretary of nomination papers of

candidates for state, ward and town committees on or before November 18, 1975, as required by section 12 of the act.

The deferred operation of the act, which moves up the date for the primary by approximately eight weeks, from April 27, 1976 to March 2, 1976, would cause public confusion and inconvenience by further reducing the time available for complying with the requirements of the act prior to the primary.

PAUL GUZZI,
Secretary of the Commonwealth.

The court shall hear all pertinent evidence and shall annul the decision of the commission if it finds the decision of the commission to be unsupported by the evidence, or to exceed the authority of the commission, or may remand the case for further action by the commission or make such other decree as justice and equity may require. The remedy provided by this section shall be exclusive; but the parties shall have all rights of appeal and exception as in other equity cases. Costs shall not be allowed against the commission unless it shall appear to the court that the commission acted with gross negligence, in bad faith or with malice in the matter from which the appeal was taken. If upon the hearing of said motion supported by evidence the board finds the allegations to be true, the board, by order, may grant the motion upon such conditions as may be imposed therein, which may or may not require such petitioner to pay, in whole or by installments, the amount of the tax remaining unpaid, as a prerequisite to any hearing on the merits of the appeal. If the complainant fails to comply with any of the conditions imposed in said order an appeal may, upon motion, be dismissed. If the complainant complies with the conditions imposed in said order, the appeal thereafter shall be heard and determined by said board in the manner provided by chapter fifty-eight A. The board may enter such order as justice may require in the manner provided in section sixty-four with respect to complaints removed from the county commissioners.

SECTION 4. Said chapter 59 is hereby further amended by striking out section 65C, as inserted by section 1 of chapter 476 of the acts of 1953, and inserting in place thereof the following section: —
