Amounts included for permanent positions in sums appropriated in section two for personal services are based upon schedules of permanent positions and salary rates as approved by the house and senate committees on ways and means, and, except as otherwise shown by the files of said committees, a copy of which shall be deposited with the bureau of personnel, no part of sums so appropriated in section two shall be available for payment of salaries of any additional permanent position, or for payments on account of reallocations of permanent positions, or for payments on account of any change of salary range or compensation of any permanent position, notwithstanding any special or general law to the contrary; provided, that no vacancy occurring in any classified permanent position included in said schedules of permanent positions may be filled in any manner except upon approval as required by rules and regulations established under the provisions of paragraph (6) of section forty-five of chapter thirty of the General Laws, and shall be filled by the transfer, reassignment, or promotion of a presently authorized state employee, who is subject to termination or lay-off, if the duties to be performed can be carried out by the said employee. Any person in the employ of the commonwealth on June thirtieth, nineteen hundred and seventy-four, and subsequently terminated or laid off, shall have reemployment rights to vacancies in any state department,

agency, or institution prior to such vacancies being filled from open competitive registers, or lists, or from any other source; provided such employees shall not have priority over persons on lay-off or termination within the department, agency or institution posting the vacancy. Employees coming under this provision shall retain and carry with them as re-employed employees all rights previously held at the time of lay-off or termination. Said laid off or terminated employees shall be notified by the division of personnel administration of any such vacancies.

SECTION 8. Notwithstanding the provisions of clause (*d*) of paragraph (5) of section forty-five of chapter thirty of the General Laws, no part of the sums appropriated for the service of any agency or subdivision of a department in section two of this act shall be available for the payment of any temporary or excess quota position if there is a similar position vacant within the quota of permanent positions as established by the appropriation account for the service of such agency or subdivision of a department; and, except such temporary positions as may be authorized in connection with the passage of this act, and except as hereinafter provided, no additional temporary positions shall be authorized. The commissioner of administration may, however, upon certification that an emergency exists requiring additional temporary assistance to perform work essential to the public interest, authorize the temporary employment of such additional personnel as may be necessary within the limits of funds available for the purpose; provided, however, that such emergency authorization shall not be extended to the succeeding fiscal year. The commissioner shall forthwith notify the house and senate committees on ways and means of the employment of any such additional temporary personnel. The provisions of this section shall not apply to positions essential for the care of patients or inmates in institutions or to positions essential for the educational program in all institutions of higher education operated by the commonwealth, nor to the filling of a position under the provisions of section twenty-four B of said chapter thirty nor to a position required to correct an inequity determined, as provided in sections fifty-three and fifty-six of said chapter thirty.

No such federally funded positions

shall be established or filled by employees hired from outside existing state departments and agencies if the duties to be performed can be carried out by promoting or transferring or reassigning a present certified or authorized permanent state employee. Positions to be filled on federally funded projects must be advertised by posting a circular describing title, location, duties and salary grade in all places that state civil service posters are posted, and, by circularizing all departments for at least twenty days prior to appointment or recruitment of a non-state employee. Proof of such notice of promotional opportunities must be filed with the commissioner of administration and the house and senate committees on ways and means and signed under penalties of perjury by the appointing authority. The provisions of this section shall not prevent payment of the salary of any employee filling a federally funded position immediately prior to the effective date of this act.

SECTION 8B. Notwithstanding any special or general law to the contrary, any officer of the commonwealth as defined in section G-6 of the rules and regulations authorized by section twenty-eight of chapter seven of the General Laws receiving payment under subsidiaries "01 salaries, permanent positions", "02 salaries, other" or "03 services, nonemployees" for services under any item in section two of this act shall, under the penalties of perjury, report annually to the commissioner of administration, on forms said commissioner shall prescribe any other compensations received for services performed and paid from any state, federal or private funding source. Such forms shall include the name of the funding source, the date and extent of the services performed, including the rate of compensation, the signature of the person so employed and the employer thereof. Any officer of the commonwealth failing to file said report shall be given a hearing and dismissed, if found delinquent without sufficient cause. Copies of said reports shall be submitted within thirty days after receipt to the house and senate committees on ways and means.

SECTION 8C. Applications for all federal subventions and grants available to the commonwealth under any act of Congress shall be subject to the approval of the commissioner of administration. Any transfer within such subventions or grants shall be subject to the approval of the commissioner of administration. All federal subventions and grants received by the commonwealth, or by a corporation or other organization established as an affiliate of any agency or institution operated by the commonwealth or by an individual employed by the commonwealth, authorized to expend such funds in conjunction with services rendered by the commonwealth, may be expended without specific appropriation under the terms and conditions provided in rules and regulations established by the commissioner of administration and if such expenditures are

otherwise in accordance with law. All such federal subventions and grants shall be reported in full by the head of the agency directly rendering the services mentioned above to the budget director, to the comptroller and to the house and senate committees on ways and means. The report shall include such itemization as required in accordance with state and federal regulations. All federal subventions and grants available to the commonwealth under any act of Congress and not otherwise authorized to be received shall be paid into the treasury of the commonwealth. All such expenditures of federal subventions and grants shall be subject to the audit of the state auditor.

SECTION 9. Notwithstanding the provisions of any general or special law or sections of this act to the contrary, no funds shall be expended for excess quota positions without prior approval of the house and senate committees on ways and means.

SECTION 12. No agency of the commonwealth receiving an appropriation under section two of this act shall make any expenditure for any document printed, mimeographed or prepared in any other way, whether for outside or interdepartmental circulation, unless publication of such document shall have been approved by the state purchasing agent, and the state purchasing agent is hereby authorized and directed to require such agencies to summarize and consolidate such documents when feasible. Each such document authorized to be printed which is four pages or more in length shall state on its face the estimated cost per copy, including the cost of paper, printing and binding. Notwithstanding any special or general law, every original manuscript of annual reports of state agencies, whether printed in full or in summarized or consolidated form or not printed, shall be filed with the state secretary. Except as otherwise

SECTION 13. Notwithstanding any provision of sections forty-five to fifty, inclusive, of chapter thirty of the General Laws, a salary differential is hereby authorized to be paid to employees in the nursing services who are employed on evening or night tours of duty, and to employees engaged in professional nursing, as defined in section eighty B of chapter one hundred and twelve of the General Laws, at the Lemuel Shattuck hospital and the Soldiers' Home in Massachusetts. Any salary differential authorized by this section shall be paid in accordance with rules and regulations established by the director of personnel and standardization, with the approval of the commissioner of administration. Such rules and regulations shall not be subject to chapter thirty A of the General Laws.

SECTION 14. The surplus property agency in the department of education is hereby authorized to expend during the fiscal year nineteen hundred and seventy-six for the purposes of the surplus property agency fund, in addition to amounts available in said fund, an amount not exceeding fifty thousand dollars; provided, however, that no expenditure or commitment shall be incurred from the amount of the aforesaid fifty thousand dollar authorization in excess of amounts approved therefrom by the commissioner of administration, at the written request of the surplus property agency; and provided, further, that any amounts expended or commitments incurred under this authorization shall be paid or provided for from receipts of said surplus property agency fund prior to the close of the fiscal year.

SECTION 15. Notwithstanding the provisions of section ten A of chapter eight of the General Laws, no lease negotiated as provided therein nor any agreement providing for a tenancy at will or other space rental shall be signed by the executive or administrative head of a state department, commission or board or approved by the state superintendent of buildings and by the governor and council and by the commissioner of administration unless it is in accordance with schedules filed by the budget director with the house and senate committees on ways and means prior to the passage of this act; provided, that renewals of leases, tenancies at will and other space rentals may be continued at existing rates pending appropriation if the general court has not provided otherwise; provided further, that the commissioner of administration, in order to meet unforeseen circumstances, may approve, on a tenancy at will basis, a change in location, new or additional space, or an increase in rate, if funds are available therefor within the appropriation account from which

the costs of such space rentals are to be paid; and provided further, that every such proposed change is filed by the budget director with the house and senate committees on ways and means prior to the final authorization of any such agreement.

SECTION 16. No department of the commonwealth shall occupy, or make any expenditure for the maintenance of, any land, buildings or other state-owned or state-occupied facilities or other property other than that under its control or jurisdiction; and no department of the commonwealth shall authorize or otherwise allow the use by any private agency of such land, buildings or facilities under its control or jurisdiction unless such use or expenditure shall have been approved by the house and senate committees on ways and means after recommendation by the commissioner of administration.

SECTION 17. In order that the borrowing of funds in anticipation of receipts may be kept at a minimum, every department, board, commission or agency shall, before scheduling for payment or otherwise providing for the disbursement of public funds from any sum available for expenditure or distribution for the fiscal year nineteen hundred and seventy-six, submit for approval by a board consisting of the commissioner of administration, or his designated representative, the commissioner of corporations and taxation, or his designated representative, and the state treasurer, or his designated representative, the proposed date of payment or distribution of such funds if the combined total thereof, as prepared by any such single agency, exceeds one million dollars on any one day, notwithstanding any special or general law regulating the disbursement of public funds by the commonwealth. Said board may require any agency to notify it of the anticipated receipt of revenue from any source, including federal subventions and grants.

SECTION 18. No agency of the commonwealth shall make any expenditures for the training, instruction, treatment, support and day care of children authorized under section forty-six I of chapter seventy-one and section twenty-six of chapter sixty-nine and clause (7) of paragraph (A) of section two of chapter eighteen of the General Laws and related programs conducted by the departments of mental health, public health, public welfare and youth services unless the rate setting commission, in accordance with the procedures established by section thirty L of chapter seven of the General Laws, shall have approved the rate of compensation for such training, instruction, treatment and support. The rate setting commission shall immediately upon approval of such rates file a schedule of the approved rates with the comptroller, the house and senate committees on ways and means, and with each agency making such expenditure.

(1) If any portion of the estate passed under the will of the decedent, such proportion of the net amount of the tax so levied or assessed shall, except as otherwise provided or directed by the will, be charged to and paid from the general funds of the estate as the net amount of the property passing under the will and included in the measure of such tax, exclusive of property over which the decedent had any power of appointment as defined

from time to time by the estate tax laws of the United States, bears to the amount of the net estate as hereafter defined in this section.

(2) If any portion of the property with respect to which such tax is levied or assessed is held under the terms of any trust created intervivos or is subject to such a power of appointment, such proportion of the net amount of the tax so levied or assessed shall, except as otherwise provided or directed by the trust instrument with respect to the fund established thereby, or by the decedent's will, be charged to and paid from the corpus of the trust property or the property subject to such power of appointment, as the case may be, as the net amount of the property of such trust or property subject to such power of appointment and included in the measure of such tax bears to the amount of the net estate as hereafter defined in this section. The amount so charged shall not be apportioned between temporary and remainder estates.

(3) The balance of the net amount of the tax so levied or assessed, or if paragraphs one and two are inapplicable the whole of the net amount of such tax shall, except as otherwise provided or directed by the decedent's will, be equitably apportioned among and charged to and paid by the recipients and beneficiaries of property or interests included in the measure of such tax and passing or arising otherwise than under the will of the decedent or by virtue of any such trust or by the exercise or nonexercise of any such power of appointment in the proportion that the net amount of such property or interests bears to the amount of the net estate as hereafter defined in this section; provided, that where any provision is made whereby any person is given an interest in income or an estate for years or for life or other temporary interest in any property or fund the amount so charged to such recipients or beneficiaries shall not be apportioned between temporary and remainder estates but shall be charged to and paid out of the corpus of such property or fund; and provided further, that any apportionment made under this section shall accord with applicable estate tax laws of the United States where such laws specify with respect to an apportionment.

(4) For the purposes of the apportionment of the tax levied or assessed under the provisions of this chapter, or under the provisions of any estate tax law of the United States, the term "net estate" as used in this section shall mean the gross estate as defined by the applicable estate tax laws of the United States less the deductions, other than specific exemptions, allowed by the provisions of such laws. For the purposes of the apportionment of the tax levied or assessed under the provisions of chapter sixty-five C the term "net estate" as used in this section shall mean the Massachusetts net estate as defined in section one of said chapter sixty-five C.

SECTION 74. The General Laws are hereby amended by inserting after chapter 65B the following chapter: —

CHAPTER 65C.

MASSACHUSETTS ESTATE TAX.

Section 1. When used in this chapter the following words or terms shall have, unless the context clearly indicated otherwise, the following meanings: —

(a) "Code", the Internal Revenue Code of the United States, as amended and in effect on January first, nineteen hundred and seventy-five.

(b) "Commission", the state tax commission.

(c) "Commissioner", the commissioner of corporations and taxation.

(d) "Federal gross estate", the gross estate as defined under the Code.

(e) "Massachusetts adjusted gross estate", the Massachusetts gross estate less the deductions allowable under section three pursuant to sections two thousand and fifty-three and two thousand and fifty-four of the Code.

(f) "Massachusetts gross estate", the federal gross estate, whether or not a federal estate tax return is required to be filed, less the value of real and tangible personal property having an actual situs outside the commonwealth.

(g) "Massachusetts net estate", the Massachusetts gross estate less the following deductions to the extent they are allowable under section three: (1) funeral expenses; (2) claims against the estate; and (3) unpaid mortgages on, or any indebtedness in respect of, property where the value of the decedent's interest therein, undiminished by such mortgage or indebtedness, is included in the value of the Massachusetts gross estate.

(h) "Massachusetts taxable estate", the Massachusetts gross estate less the exemption and deductions allowable under section three.

(i) "Resident", any person domiciled in the commonwealth.

Section 2. (a) A tax computed in accordance with the following table is hereby imposed on the transfer of the Massachusetts taxable estate of every deceased resident of Massachusetts: —

If the Massachusetts taxable estate is:		The Massachusetts estate tax shall be:
Over	But not over	
0	50,000	5% of the taxable estate
50,000	100,000	$ 2,500 plus 7% of the excess over $ 50,000
100,000	200,000	$ 6,000 plus 9% of the excess over $ 100,000
200,000	400,000	$ 15,000 plus 10% of the excess over $ 200,000
400,000	600,000	$ 35,000 plus 11% of the excess over $ 400,000
600,000	800,000	$ 57,000 plus 12% of the excess over $ 600,000
800,000	1,000,000	$ 81,000 plus 13% of the excess over $ 800,000

2,000,000	4,000,000	$247,000 plus 15% of the excess over $2,000,000
4,000,000		$547,000 plus 16% of the excess over $4,000,000

; provided, however, that the tax under this subsection shall not be greater than twenty per cent of the amount by which the Massachusetts net estate exceeds sixty thousand dollars.

(b) If the maximum credit for state death taxes allowable to the estate of a deceased resident against the federal estate tax, as computed according to the rate schedule found in section two thousand and eleven of the Code based upon an amount equal to the Massachusetts taxable estate, exceeds the tax imposed under subsection (*a*), the amount of such excess shall be added to the tax imposed under subsection (*a*).

Section 3. (*a*) There shall be an exemption of thirty thousand dollars; except that if the Massachusetts net estate is sixty thousand dollars or less the exemption shall be an amount equal to the Massachusetts net estate.

(*b*) In addition to the exemption provided in subsection (a), the deductions allowable in computing the Massachusetts taxable estate shall consist of the deduction or portions thereof, other than the exemption found in section two thousand and fifty-two of the Code, which are allowable in determining the federal taxable estate and which are attributable to property included in the Massachusetts gross estate; provided, however, that the deduction for property which has passed or passes to a surviving spouse shall not exceed fifty per cent of the Massachusetts adjusted gross estate.

(*c*) If the right to claim any deduction otherwise allowable is waived for federal estate tax purposes, such right shall be considered waived for Massachusetts estate tax purposes.

Section 4. A tax computed in accordance with the provisions of section two is hereby imposed on the transfer of real and tangible personal property having an actual situs in the commonwealth of every deceased nonresident, if such property would have been included in the Massachusetts gross estate had the decedent been a resident of Massachusetts.

In determining the taxable estate for purpose of the tax imposed by this section, the sum of the exemption and deductions allowable under section three shall not be greater than an amount which bears the same ratio to the sum of the exemption and deductions which would be allowable under said section three, but for the provisions of this paragraph, as the Massachusetts gross estate bears to the federal gross estate.

Section 5. Property in the Massachusetts gross estate shall be valued as of the date of death of the decedent; provided, however, that if an alternate valuation has been elected for the purposes of the federal estate tax in accordance with section two thousand and thirty-two of the Code, the property in the Massachusetts gross estate shall be valued as of the dates used for federal estate tax valuation purposes.

Section 6. (*a*) The tax imposed by this chapter shall be paid by the executor. The term "executor", wherever used in this chapter,

means the executor or administrator of the decedent, or, if there is no executor or administrator appointed, qualified and acting within the commonwealth, then any person in actual or constructive possession of any property of the decedent. The probate court may authorize an executor to sell so much of the property of the estate as will enable him to pay such tax in the same manner as it may authorize him to sell such property for the payment of debts.

(*b*) No final account of an executor of any estate shall be allowed by the probate court unless and until the executor shall have filed in the probate court a certificate of the commissioner showing either that the amount of the tax has been paid, that payment thereof has been secured as provided in section ten, or that no tax is due.

Section 7. If the executor makes a written application, accompanied by a copy of the final determination of federal estate tax liability, to the commissioner for determination of the amount of the tax and discharge from personal liability therefor, the commissioner, as soon as possible, and in any event within one year after the making of such application, or, if the application is made before the return is filed, then within one year after the return is filed, shall notify the executor of the amount of the tax. The executor, on payment of the amount of which he is notified, shall be discharged from personal liability for any deficiency in tax thereafter found to be due, and shall be entitled to a receipt or writing showing such discharge.

Section 8. (*a*) In all cases where the federal gross estate of the decedent exceeds sixty thousand dollars the executor shall make a return within nine months after the date of the decedent's death with respect to the tax imposed by this chapter. Such return shall be in such form as may be prescribed by the commissioner, with the approval of the commission. The return shall be accompanied by a filing fee of ten dollars.

(*b*) If the executor is unable to make a complete return as to any part of the federal gross estate of the decedent, he shall include in his return a description of such part and the name of every person holding a legal or beneficial interest therein. Upon notice from the commissioner such person shall in like manner make a return as to such part of the federal gross estate.

(*c*) Every person liable for any tax imposed by this chapter, or for the collection thereof, shall keep such records, render such statements, make such returns, and comply with such rules and regulations as the commissioner or commission may from time to time prescribe.

(*d*) For good cause the commissioner may grant a reasonable extension of time for filing any return or other document required by this chapter. Any such extension shall be granted only if application therefor is made prior to the date when the tax

imposed by this chapter is required to be paid and an amount equal to the tax reasonably estimated to be due is paid on or before said date. Failure to pay eighty per cent of the tax due on or before said date shall void any extension of time and the return shall be subject to penalty as a late return. Any such penalty may be abated by the commission, in whole or part, for good and sufficient cause.

Section 9. The tax imposed by this chapter shall be due and payable by the person liable therefor at the expiration of nine months from the date of death of the decedent.

Section 10. (*a*) The commissioner may extend the time for payment of the tax imposed by this chapter for a reasonable period not to exceed six months from the date fixed for the payment thereof. If the commissioner finds that the payment on the due date of any part of such tax would result in undue hardship, he may extend the time for payment for a reasonable period not in excess of three years from the date fixed for payment of the tax. If an extension is granted, the commissioner may require the taxpayer: —

(*i*) to deposit with the state treasurer bonds or other negotiable obligations of the commonwealth or of the United States of America of such aggregate face amount as the commissioner may from time to time deem necessary to adequately secure payment of such taxes; or

(*ii*) to give a bond to the state treasurer in such amount and with such sureties as the commissioner deems necessary, conditioned upon the payment of the amount with respect to which the extension is granted in accordance with the terms of the extension.

In case of a deposit of bonds or other negotiable obligations with the state treasurer hereunder he shall pay to such taxpayer the interest accruing thereon, and, if such taxes shall be paid in full when due in accordance with the terms of the extension, he shall return such bonds or obligations to the persons entitled thereto; but if such taxes shall not be paid when due, the state treasurer may sell all or any part of such bonds or obligations to satisfy such taxes, and shall return to the taxpayer all the proceeds of such sale, and all such bonds or obligations remaining in his hands after satisfying such taxes.

(*b*) If the value of a reversionary or remainder interest in property is included in the value of the gross estate, the payment of the part of the tax imposed by this chapter attributable to such interest may, at the election of the executor, be postponed until six months after the termination of the precedent interest or interests in the property, and the amount the payment of which is so postponed shall then be payable, together with interest thereon at the rate of eight per cent per annum from the date the tax was payable under section nine until such amount is paid. The postponement of such amount shall be under regulations to be

prescribed by the commission, and shall be upon condition that the executor, or any other person liable for the tax, shall give bond to the state treasurer in such amount, and with such sureties as the commissioner deems necessary, conditioned upon the payment within six months after the termination of such precedent interest or interests of the amount the payment of which is so postponed together with interest thereon, as hereinbefore provided.

Section 11. (*a*) Taxes shall be deemed to be assessed at the amount shown as the tax due upon any return filed under the provisions of this chapter and on any amendment, correction or supplement thereof, or at the amount properly due, whichever is less, and at the time when the return is filed or required to be filed, whichever occurs later.

(*b*) If the commissioner determines from the verification of a return or otherwise, that the full amount of any tax has not been assessed or is not deemed to be assessed, he may at any time within three years after the date the return was filed or the date it was required to be filed, whichever occurs later, assess the same with interest as provided in section thirty-one A of chapter fifty-eight to the date when the deficiency assessment is required to be paid, first giving notice of his intention to the person to be assessed. Such person or his representative may confer with the commissioner or his duly authorized representative as to the proposed assessment within thirty days after the date of such notification. After the expiration of thirty days from the date of such notification, the commissioner shall assess the amount of tax remaining due the commonwealth, or any portion thereof which he believes has not theretofore been assessed. Failure to receive the notice provided for by this paragraph shall not affect the validity of the tax.

(*c*) In the case of an arithmetical or clerical error or other obvious error apparent upon the face of the return, the commissioner may assess a deficiency attributable to such error without giving notice of his intention to assess to the person to be assessed.

(*d*) In the case of a false or fraudulent return filed with intent to evade a tax or of a failure to file a return, the commissioner may make an assessment at any time, without giving notice of his intention to assess, determining the tax due according to his best information and belief.

(*e*) If the taxpayer omits from the gross estate items includible in such gross estate as exceed in amount twenty-five per cent of the gross estate stated in the return, the tax may be assessed at any time within six years after the return was filed. In determining the items omitted from the gross estate, there shall not be taken into account any item which is omitted from the gross estate in the return if such item is disclosed in the return, or in a statement attached to the return, in a manner adequate to apprise

the commissioner of the nature and amount of such item.

Section 12. If the assessment of any tax is in excess of the amount shown on the return as the tax due, the commissioner shall, as soon as may be, give written notice to the taxpayer of the amount of the assessment and the time when the same is required to be paid, which shall be the thirtieth day following the date of the notice. Failure to receive such notice shall not affect the validity of the assessment.

Section 13. If any part of any underpayment of tax required to be shown on the return required by this chapter is due to fraud, there shall be added to the tax an amount equal to fifty per cent of the underpayment. For purposes of this section the term "underpayment" means a deficiency assessed pursuant to subsection (*b*) of section eleven except that, for this purpose, the tax shown on a return referred to in subsection (*a*) of said section eleven shall be taken into account only if such return was filed before the last day prescribed for the filing of such return, determined with regard to any extension of time. If any penalty is assessed for fraud under this section for an underpayment of tax required to be shown on the return required by this chapter, no penalty under section thirty-one A of chapter fifty-eight shall be assessed with respect to the same underpayment.

Section 14. (*a*) Unless the tax imposed by this chapter is sooner paid in full, it shall be a lien for ten years from the date of death upon the Massachusetts gross estate of the decedent, except that such part of the Massachusetts gross estate as is used for the payment of charges against the estate and expenses of its administration, allowed by the probate court having jurisdiction thereof, shall be divested of such lien.

(*b*) If the tax imposed by this chapter is not paid when due, then the spouse, transferee, trustee, surviving tenant, person in possession of the property by reason of the exercise, nonexercise or release of a power of appointment, or beneficiary, who receives, or has on the date of the decedent's death, property included in the Massachusetts gross estate, to the extent of the value, at the time of the decedent's death, of such property, shall be personally liable for such tax. Any part of such personal property transferred by, or transferred by a transferee of, such spouse, transferee, trustee, surviving tenant, person in possession of property by reason of the exercise, nonexercise, or release of a power of appointment, or beneficiary, to a bona fide purchaser, mortgagee or pledgee, for an adequate and full consideration in money or money's worth shall be divested of the lien provided in subsection (*a*), and a lien shall then attach to all the property of such spouse, transferee, trustee, surviving tenant, person in possession, beneficiary, or transferee of any such person, except any part transferred to a bona fide purchaser, mortgagee, or pledgee for an adequate and full consideration in money or money's worth.

(*c*) The lien imposed by this section shall not be valid with respect to a security, as hereinafter defined, as against any mortgagee, pledgee, or purchaser of any such security, for an adequate and full consideration in money or money's worth, or if at the time of such mortgage, pledge, or purchase such mortgagee, pledgee or purchaser is without notice or knowledge of the existence of such lien. As used in this section, the term "security" shall mean any bond, debenture, note or certificate or other evidence of indebtedness, issued by any corporation, including one issued by a government or political subdivision thereof, with interest coupons or in registered form, share of stock, voting trust certificate, or any certificate of interest or participation in, certificate of deposit or receipt for, temporary or interim certificate for, or warrant or right to subscribe to or purchase, any of the foregoing; negotiable instrument; or money.

(*d*) The commissioner may release, or give a partial discharge of, any lien imposed by this chapter with respect to all or any part of the property subject to such lien, if he is satisfied that the collection of the tax will not thereby be jeopardized. The issuance by the commissioner of any certificate of release or of partial discharge shall be held conclusive that the lien upon the property covered by the certificate is extinguished.

(*e*) Such lien shall cease to attach to any personal property after the same has been sold or disposed of for value by the person lawfully entitled to make such sale or disposition; provided, however, that such lien shall forthwith, upon any sale or disposition of such personal property, attach to the proceeds or other property acquired in substitution therefor; and provided, further, that before a license is issued or a decree entered authorizing the sale of real estate of a resident decedent or of any property of a nonresident decedent subject to such lien, it shall appear in the records of the probate court that the commissioner has released or discharged the lien with respect to such property.

Section 15. (*a*) The amount of the liability, at law or in equity, of a transferee of property of a decedent in respect of the tax imposed by this chapter shall, except as hereinafter in this section provided, be assessed, collected, and paid in the same manner and subject to the same provisions and limitations as in the case of the tax with respect to which the liability was incurred. Any such liability may be either as to the amount of tax shown on a return or as to any deficiency in tax.

(*b*) The period of limitations for assessment of any such liability of a transferee shall be as follows: —

(*i*) In the case of the liability of an initial transferee, within one year after the expiration of the period of limitation for assessment against the transferor.

(*ii*) In the case of the liability of a transferee within one year after the expiration of the period of limitation for assessment against the preceding transferee, but not more than three years

after the expiration of the period of limitation for assessment against the initial transferor;
except that if, before the expiration of the period of limitation for the assessment of the liability of the transferee, a court proceeding for the collection of the tax or liability in respect thereof has been begun against the initial transferor or the last preceding transferee, respectively, then the period of limitation for assessment of the liability of the transferee shall expire one year after the return of execution.

(*c*) In the absence of notice to the commissioner under section sixteen of the existence of a fiduciary relationship, any notice of liability enforceable under this section, if addressed in the name of the decedent or other person subject to liability and mailed to his last known address, shall be sufficient.

(*d*) As used in this section, the term "transferee" includes donee, heir, legatee, devisee and his distributee, and includes a person who, under subsection (*b*) of section fourteen, is personally liable for any part of the tax.

Section 16. (*a*) Upon notice to the commissioner that any person is acting as executor, such person shall assume the powers, rights, duties and privileges of an executor in respect of the tax imposed by this chapter until notice is given that such person is no longer acting as executor.

(*b*) Upon notice to the commissioner that any person is acting in a fiduciary capacity for a person subject to the liability specified in section fifteen, the fiduciary shall assume on behalf of such person the powers, rights, duties, and privileges of such person under such section, except that the liability shall be collected from the estate of such person, until notice is given that the fiduciary capacity has terminated.

Section 17. The commissioner shall have for the collection of taxes imposed by this chapter all the powers and remedies provided by chapter sixty for the collection of taxes on personal estate by collectors of taxes of towns. Any warrant for the collection of a tax imposed under this chapter may be issued to any deputy collector, sheriff, deputy sheriff or constable, and he shall have authority to proceed thereunder anywhere within the commonwealth. The officer, to whom a warrant for the collection of such a tax is given, shall collect said tax, penalties and interest as herein provided, including the charges and fees provided in section fifteen of chapter sixty, and shall pay over such amounts collected to the commissioner. Such officer, other than a deputy collector, may collect and receive for his fees the sum which an officer would be entitled by law to receive upon an execution for a like amount.

The commissioner may recover any tax imposed by this chapter in an action of contract in the name of the commonwealth.

Section 18. (*a*) Taxes imposed by this chapter shall be collected within ten years of the date of death of the decedent; provided, however, that written notice of such death has been given to the commissioner within five years of the date of such death. If notice is not given within such time, the commissioner's right to collect any tax due shall continue until five years after the giving of the notice. Notice to the commissioner of the death of the decedent shall be conclusively presumed to have been given upon the date of filing of the return required under section eight. Where any question relative to the taxes imposed by this chapter is pending before any agency or court at the end of the above-stated period, the commissioner's right to collect any tax due shall continue until one year after the final determination of such question.

(*b*) The running of the period of limitations for collection shall be suspended for the period of any extension of time for payment granted under the provisions of section ten.

Section 19. Any person aggrieved by the assessment of a tax under this chapter may apply in writing to the commission, upon a form approved by it, for an abatement thereof at any time within three years after the date of the assessment of such tax or within one year after the date of payment thereof, whichever is later. The commission shall, if requested thereon, grant the applicant a hearing upon his application. If the commission finds that the tax is excessive in amount or illegal, it shall abate the tax, in whole or in part, accordingly. If the tax has been paid, the state treasurer, upon certification of the commission, shall repay to the applicant the amount of such abatement without any appropriation therefor by the general court.

Section 20. Any person aggrieved by the refusal of the commission to abate a tax, in whole or in part, may appeal therefrom, within sixty days after the date of notice of the decision of the commission or within six months after the time when the application for abatement is deemed to be denied as provided by section six of chapter fifty-eight A as follows: *(a)* appeals from the determination of the commission as to the value of an asset of the estate shall be made by filing a petition with the clerk of the appellate tax board; *(b)* appeals from the determination of the commission as to all other matters shall be made by filing a petition with either the clerk of the appellate tax board or the probate court having jurisdiction of the estate of the decedent. If, on hearing, the board or the court, whichever the case may be, finds that the person making the appeal was entitled to an abatement, it shall make such abatement as it sees fit. If a tax so abated has been paid, the state treasurer, upon presentation to him of the notice of the decision of the board or the court, shall repay to the petitioner the amount of the abatement with interest thereon at the rate of six per cent per annum from the date of payment.

Section 21. (a) The terms "death tax" and "death taxes", as used in this section, shall include inheritance, succession, transfer and estate taxes and any taxes levied against the estate of a decedent upon the occasion of his death.

(b) At any time before the expiration of eighteen months after the qualification in any probate court in the commonwealth of any executor of the will or administrator of the estate of any nonresident decedent, such executor or administrator shall file with such court proof that all death taxes, together with interest or penalties thereon, which are due to the state of domicile of such decedent or to any political subdivision thereof, have been paid or secured, or that no such taxes, interest or penalties are due, as the case may be, unless it appears that letters testamentary or of administration have been issued on the estate of such decedent in the state of his domicile, herein called the domiciliary state.

(c) The proof required by subsection *(b)* may be in the form of a certificate issued by the official or body charged with the administration of the death tax laws of the domiciliary state. If such proof has not been filed within the time limited in subsection *(b)* and if within such time it does not appear that letters testamentary or of administration have been issued in the domiciliary state, the register of probate shall forthwith upon the expiration of such time notify by mail the official or body of the domiciliary state charged with the administration of the death tax laws thereof with respect to such estate, and shall state in such notice so far as is known to him—

(i) the name, date of death and last domicile of such decedent,

(ii) the name and address of each executor of administrator,

(iii) a summary of the values of the real estate, tangible personalty, and intangible personalty, wherever situated, belonging to such decedent at the time of his death, and

(iv) the fact that such executor or administrator has not filed theretofore the proof required in subsection *(b)*.

Such register shall attach to such notice a plain copy of the will and codicils of such decedent, if he dies testate, or, if he died intestate, a list of his heirs and next of kin, so far as is known to such register. Within sixty days after the mailing of such notice the official or body charged with the administration of the death tax laws of the domiciliary state may file with such probate court in this commonwealth a petition for an accounting in such estate, and such official or body of the domiciliary state shall, for the purposes of this section, be a party interested for the purpose of petitioning such probate court for such accounting. If such petition be filed within said period of sixty days, such probate court shall order such accounting, and upon such accounting being filed and approved shall order either the payments of any such tax found to be due to the domiciliary state or subdivision thereof or the remission to a fiduciary appointed or to be

appointed by the probate court, or other court charged with the administration of estates of decedents, of the domiciliary state, of creditors and expenses of administration in this commonwealth.

(d) No final account of an executor or an administrator of a nonresident decedent shall be allowed unless either: —

(i) proof has been filed as required by subsection *(b)*, or

(ii) notice under subsection *(c)* has been given to the official or body charged with the administration of the death tax laws of the domiciliary state, and such official or body has not petitioned for an accounting under said section within sixty days after the mailing of such notice, or

(iii) an accounting has been filed and approved under said subsection *(c)*, an order has been made upon such accounting and it appears that the executor or administrator has paid such sums and remitted such securities, if any, as he was required to pay or remit by such decree, or

(iv) it appears that letters testamentary or of administration have been issued by the domiciliary state and that no notice has been given under said subsection *(c)*.

(e) This section shall apply to the estate of a nonresident decedent only in case the laws of the domiciliary state contain a provision, of any nature or however expressed, whereby the commonwealth is given reasonable assurance, as finally determined by the commissioner, of the collection of its death taxes, interest and penalties from the estates of decedents dying domiciled in the commonwealth, when such estates are administered in whole or in part by a probate court or other court charged with administration of estates of decedents in such other states.

(f) The provisions of this section shall be liberally construed in order to insure that the domiciliary state of any nonresident decedent whose estate is administered in the commonwealth shall receive any death taxes, together with interest and penalties thereon, due to it from the estate of such decedent.

Section 22. For the purpose of determining any liability under this chapter, the liability of any person for any tax imposed by this chapter or the liability of any transferee or fiduciary of any person with respect to any tax imposed by this chapter, or collecting any such liability, the commissioner may take testimony and proofs under oath, and in connection therewith may issue summonses and require the attendance and testimony of witnesses and the production of books, papers, records, and other data. Such summonses shall be served in the same manner as summonses for witnesses in criminal cases issued on behalf of the commonwealth, and all provisions of law relative to summonses in such cases shall, so far as applicable, apply to summonses issued hereunder. Any justice of the supreme judicial court or of the superior court may, upon the application of the

commissioner, compel the attendance of witnesses, the production of books, papers, records, and other data, and the giving of testimony before the commissioner in the same manner and to the same extent as before the said courts.

Section 23. The disclosure by the commissioner, or by any deputy, assistant, clerk or assessor or other employee of the commonwealth, or of any city or town therein, of any information whatever contained in or set forth by any return or document filed with the commissioner in connection with the assessment of taxes imposed by this chapter, is prohibited except in proceedings to assess or collect the tax; provided, however, that the commissioner may grant to the persons charged or likely to become charged with the payment of taxes in the case in which such return or document is filed, or their representatives, permission to inspect the same; and provided, further, that the commissioner, pursuant to the provisions of sections forty-eight and forty-nine of chapter fifty-eight, may disclose such information to the duly authorized tax officials of the United States and of territories, states and political subdivisions thereof, or to any agent or agency of such territory, state or political subdivision thereof.

Section 24. The commissioner is hereby authorized to issue the following documents and to charge and collect therefor the following fees, except that in those cases where a fee of ten dollars has been paid with the filing of a return under section eight, no additional fee shall be charged or collected for copies of any of said documents. In each case, the fee for a duplicate original or for additional copies of any document shall be the same as for the document itself.

(*a*) For a certificate of release of any lien imposed by this chapter, a certificate of discharge of any property subject to any lien imposed by this chapter, or a certificate that particular property is free of any lien imposed by this chapter, five dollars.

(*b*) For a certificate showing no tax is due under this chapter as a result of the death of a specified decedent, five dollars.

(*c*) For a copy of a computation sheet showing the computation of the tax due under this chapter as a result of the death of a specified decedent, five dollars.

(*d*) For a certificate showing the amount of tax paid under this chapter, five dollars.

(*e*) For a duplicate copy of a notice of assessment showing the amount of any tax assessed under this chapter, three dollars.

(*f*) For a duplicate copy of a receipt showing the amount of any tax paid under this chapter, three dollars.

Section 25. Any regulations issued by the commission pursuant to section four of chapter fourteen for the interpretation and enforcement of the provisions of this chapter shall conform so far as the commission may deem practicable to the

regulations relating to the estate tax laws of the United States.

Section 26. Any person who willfully attempts in any manner to evade or defeat any tax imposed by this chapter or the payment thereof shall, in addition to other penalties provided by law, be guilty of a felony and, upon conviction thereof, shall be punished by a fine of not more than five thousand dollars, or by imprisonment for not more than two and one half years, or both.

Section 27. Chap. 688. AN ACT FURTHER REGULATING CERTAIN ACTIVITIES IN MOUNTAIN REGIONS OF BERKSHIRE COUNTY.

Be it enacted, etc., as follows:

SECTION 1. Chapter 131 of the General Laws is hereby amended by striking out section 39A, inserted by section 1 of chapter 842 of the acts of 1974, and inserting in place thereof the following section: —

Section 39A. The term "applicant" as used in this section shall mean the person giving notice of intention to conduct any regulated activity.

The term "base elevation" as used in this section shall mean the elevation of the watershed in which the activity is proposed. The mean elevation shall be determined relative to the portion of the watershed which is situated in said county by taking the highest and lowest elevation in each city and town within the watershed and finding the average of these elevations.

The base elevation for each of the watersheds in said county shall be as follows:

Farmington River watershed 1,500 feet above mean sea level
Housatonic River watershed 1,500 feet above mean sea level
Westfield River watershed 1,600 feet above mean sea level
Deerfield River watershed 1,700 feet above mean sea level
Hudson River watershed 1,700 feet above mean sea level
Hoosic River watershed 1,800 feet above mean sea level.

The term "department" as used in this section shall mean the department of environmental management in the executive office of environmental affairs.

The term "commissioner" as used in this section shall mean the commissioner of environmental management.

The term "hearing authority" as used in this section shall mean the conservation commission, or if none, the board of selectmen in a town, or the mayor of a city within the county of Berkshire which has accepted the provisions of this section.

The term "mountain regions" as used in this section shall mean those highland areas within any city or town within the county of Berkshire which are made subject to the provisions of this section.

The term "owner" as used in this section shall mean the person appearing as the owner in the most recent records of the tax assessor.

The term "person" as used in this section shall include any individual, group of individuals, association, partnership, corporation, company, business organization, trust, estate, the commonwealth or political subdivision thereof, administrative agency, public or quasi-public corporation or body, or any other legal entity or its legal representative, agents or assigns.

The term "regulated activities" as used in this section shall mean the removal, filling, excavation or other alteration of land within mountain regions which is likely to have a significant ad-

verse effect on watershed resources or natural scenic qualities because of the pollution or diminution of ground or surface water supply, erosion, flooding, substantial changes in topographic features or substantial destruction of vegetation.

The term "regulations" as used in this section shall mean reasonable rules and regulations, adopted by the hearing authority pursuant to chapter thirty A, and approved by the commissioner in consultation with the office of state planning, to carry out the provisions of this section for the protection of watershed resources and the preservation of natural scenic qualities of mountain regions.

The hearing authority shall draft proposed boundaries for mountain regions. The mountain regions shall generally be those areas within the city or town which have an elevation greater than the base elevation as defined in this section. If the hearing authority determines that the regulation of certain areas which have elevations lower than the base elevation is necessary to accomplish the purposes of this section, the hearing authority may include those areas in the proposed mountain regions. If the hearing authority finds that regulation of certain areas above the base elevation would not accomplish the purposes of this section, the hearing authority may exempt those areas from the proposed mountain regions.

The hearing authority shall submit a map and text delineating the location of proposed boundaries to the city council or town meeting and to the planning board and the board of health, and to the department and office of state planning. After submission of the map and text the city council or town meeting may, after a hearing of which notice shall have been published at least seven days in advance in a newspaper of general circulation in the city or town, adopt, or amend and adopt, in each case by a two-thirds vote, final boundaries of the mountain regions. The hearing authority shall file the map and text delineating the location of final boundaries of mountain regions so adopted with the city or town clerk, and simultaneously shall send verified copies of such map and text to the commissioner and to the registrar of the registry of deeds for the district in which the land lies. The provisions of this section governing regulated activities shall take effect with respect to land within such boundaries upon such filing or upon approval of the regulations by the commissioner, whichever shall last occur. The location of such boundaries of mountain regions may be amended, changed, or repealed by a two-thirds vote of the city or town in the same manner as they were adopted. No regulated activities shall be conducted on land within any mountain region after the provisions of this section take effect with respect to such land except in accordance with the provisions of this section.

Any person who believes that any land is not within the boundaries of a mountain region or that any proposed work is subject to an exemption specifically provided for hereinafter in this section may file with the hearing authority by certified mail a request for an exemption determination. The hearing authority shall within twenty-one days make the determination requested and send a copy thereof to the person making the request and to the owner of the land in question if other than such person.

Any person who proposes to remove, fill, excavate, or alter any land within a mountain region and who believes such proposed work is not a regulated activity may request a preliminary determination as provided in this paragraph. Such person shall file by certified mail notice thereof with the hearing authority together with such information or plans as may be necessary to describe in general terms the nature and scope of the proposed activity and its effect upon the watershed and scenic resources sought to be protected by this section; provided, however, that any plans need not be detailed engineering or architectural plans so long as the nature and scope of the proposed activity is reasonably described. No such notice shall be sent before all permits, variances, and approvals required by by-law or ordinance with respect to the proposed activity have been applied for. Upon receipt of such notice the hearing authority shall designate a file number for such notice and within twenty-one days, shall make a preliminary determination whether or not the proposed work is a regulated activity. If the hearing authority finds that the activity is not a regulated activity, then it shall issue a written order which states that finding, and send a copy thereof to the applicant and to the owner of the land in question if other than the applicant. If the hearing authority finds that the activity is a regulated activity, then it shall hold a public hearing as provided in this section. Whether the hearing authority finds the proposed activity a regulated activity or not, it shall post a notice of its finding in its customary place of general public notice within one day of making its finding.

The hearing authority may rescind an order issued after a preliminary determination and hold a public hearing as provided in the following paragraph if any owner of land abutting the land upon which the proposed activity is to be conducted or any ten residents of the city or town where the land is located request by certified mail a hearing within ten days of the issuance of the order. If an applicant is not notified within fourteen days after an order issues that the hearing authority has rescinded its order, then the applicant may perform the proposed activity.

Before performing any regulated activities, or in the case of a public hearing ordered under the preceding paragraph, an applicant shall pay a filing fee of twenty-five dollars to the city or town and file notice of the regulated activities to be performed together with such information as may be reasonably required by regula-

tion to describe the nature and scope of the proposed activities and their effect on the watershed or scenic resources protected under the provisions of this section; provided, however, that any environmental impact statement filed with any state or federal agency shall be sufficient information with respect to such activity for purposes of complying with this section. The hearing authority shall hold a public hearing on the proposed activity within twenty-one days of receipt of such notice, and shall give notice of such hearing at the expense of the applicant at least five days prior thereto by publication in a newspaper of general circulation in the city or town where the activity is proposed and by mailing certified mail a copy of the published notice to the applicant, to the board of health, and to the planning board of said city or town, if any.

Within twenty-one days after the hearing, the hearing authority shall issue a written order which may impose such reasonable conditions as may be necessary on the proposed activity with respect to the pollution or diminution of water supply, erosion, flooding, substantial changes in topographic features or substantial destruction of vegetation in order to protect against any significant adverse effect on watershed resources or natural scenic qualities. The order shall be signed by a majority of the hearing authority and a copy thereof shall be sent by certified mail to the applicant and the owner if other than the applicant. The order shall be posted within one day of its issuance in the hearing authority's customary place of general public notice.

Upon issuance of an order, the applicant or any person aggrieved by the order, or any owner of land abutting the land upon which the proposed activity is to be conducted, or any ten residents of the city or town where such land is located, may request the department to determine if other reasonable conditions should be imposed or if conditions should be modified in order to protect against a significant adverse effect on watershed resources or natural scenic qualities, or if conditions can be modified or eliminated without any loss of protection against any significant adverse effect on watershed resources or scenic qualities. Such request may also be submitted if the hearing authority fails to hold a hearing within twenty-one days after receipt of the notice of intention, or if the hearing authority holds a hearing but fails to issue an order within twenty-one days after the hearing. The request shall be sent to the department by certified mail within ten days after the hearing authority has acted or failed to act. At the same time, the party making the request shall send copies thereof by certified mail to the hearing authority and, if the party is not the owner and applicant, to the owner and to the applicant. Upon receiving a copy of such request the hearing authority shall within seven days forward the file on the matter to the department. Within ten days after receipt of such file, the department shall notify the applicant if

the application is not in the proper form or is lacking information necessary to make the determination. Within twenty-one days after receipt of such request, the department shall make the determination requested and shall issue a written order, signed by the commissioner, imposing such reasonable conditions as may be necessary to protect the resources described herein, or modifying or eliminating conditions that may reasonably be so changed without any loss of protection of the resources described herein; provided, however, that if within such time the department finds the matter is of such size or complexity that additional time is needed, such twenty-one day period may by order be extended up to an additional sixty days. Any order of the department shall supersede any prior order of the hearing authority and all work shall be done in accordance therewith. A copy of the order shall be sent by certified mail to the applicant, to the owner, to the hearing authority, and to the party who requested the order if not the applicant. Any action by the department under this section shall not be considered an action subject to the provisions of sections sixty-one and sixty-two of chapter thirty.

If the applicant is not notified of a request of the department within fourteen days after the issuance of an order by the hearing authority, or upon the issuance of an order by the department, said applicant may conduct any regulated activities in accordance with the terms of the order, issued by the hearing authority.

Any person aggrieved by an order of the department issued under the provisions of this section may appeal under the provisions of chapter thirty A. Such right of appeal shall be exclusive.

Any order issued under the provisions of this section may be recorded in the registry of deeds for the district in which the land lies, and, upon completion of the activity in compliance with the order, the applicant may obtain a certificate of compliance from the agency which issued the order which may be recorded in like manner.

Any person except a bona fide purchaser for value without notice who purchases or otherwise acquires land upon which an activity has been done in violation of the provisions of this section or in violation of an order issued under this section shall forthwith comply with the order or restore the land to its condition prior to any violation.

If an applicant fails to commence the proposed activity within one year following the date of issuance of an order, and thereafter prosecute diligently such activity to completion, such inaction shall constitute an abandonment of the project and the hearing authority, after reasonable notice to the applicant, may revoke the order. The applicant may request an extension of the order prior to the expiration of the one-year period from the agency which issued the order. Said agency, in its discretion, may grant two extensions of the order for a period no longer than one year.

The agency which issued the order may suspend or revoke the order if it finds that the applicant has not complied with the conditions set forth in the order, or that the applicant has exceeded the scope of activity as set forth in the application. Such a finding shall be made only after giving notice to the applicant of the facts or conduct which warrant the intended action, and after a hearing at which the applicant is given an opportunity to show compliance with the conditions of the order.

The hearing authority, its agents, officers, and employees, and the commissioner, and his agents and employees, may enter upon privately owned land for the purpose of carrying out the provisions of this section.

Any court having equity jurisdiction may restrain a violation of this section and enter such orders as it deems necessary to remedy such violation, upon the petition of the attorney general, the commissioner, a city or town, an owner or occupant of property which may be affected by removal, filling, excavation, or altering, or ten residents of the commonwealth under the provisions of section seven A of chapter two hundred and fourteen.

Whoever violates any provision of this section shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than six months or both. Each day or portion thereof of continuing violation shall constitute a separate offense. This section may be enforced by natural resources officers or deputy natural resources officers of the executive office of environmental affairs.

The provisions of this section shall not apply to owners of land who propose to cut forest products on land devoted to forest purposes and who have complied with the provisions of sections forty to forty-six, inclusive, of chapter one hundred and thirty-two.

This section shall not apply to any activity which is subject to the provisions of section forty of this chapter.

This section shall not apply to the maintenance, repair, reconstruction, replacement, enlargement which is not of a substantial nature, or change in use of any lawfully located and constructed structure, nor to any activity conducted in connection with the construction or maintenance of any electrical, transmission or distribution facilities or facilities used in the transmission of intelligence by electricity or by telephone or otherwise for which locations in the public ways have been approved by the selectmen or aldermen under the provisions of section twenty-two of chapter one hundred and sixty-six, nor to the construction or maintenance of any electric distribution facilities required to serve a building or structure whose construction has been approved hereunder.

SECTION 2. Chapter 842 of the acts of 1974 is hereby amended by striking out sections 2 and 3.

SECTION 3. Section thirty-nine A of chapter one hundred and thirty-one of the General Laws, as amended by section one of this act, shall not apply to any structure with respect to which construction was substantially commenced or for which permits, variances, approvals, including subdivision approvals pursuant to sections eighty-one K, to eighty-one GG, inclusive, of chapter forty-one of the General Laws, have been granted prior to the effective date of this act with respect to land within a mountain region.

THE COMMONWEALTH OF MASSACHUSETTS

The Honorable PAUL GUZZI, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY: — I, Michael S. Dukakis, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public convenience requires that the law being Chapter 692 of the Acts of 1975, entitled, AN ACT FURTHER REGULATING THE TERMINATION OF MOBILE HOME PARK LEASES., and the enactment of which received my approval on November 15, 1975, should take effect forthwith.

Chap. 693. AN ACT FURTHER REGULATING THE ISSUANCE OF LIFE INSURANCE FOR CERTAIN MENTALLY RETARDED PERSONS.

Be it enacted, etc., as follows:

The first sentence of section 120A of chapter 175 of the General Laws, as appearing in section 1 of chapter 804 of the acts of 1972, is hereby amended by striking out, in line 4, the word "minor". *Approved November 15, 1975.*

Chap. 694. AN ACT RELATIVE TO THE WESTOVER METROPOLITAN DEVELOPMENT CORPORATION.

Whereas, The deferred operation of this act would tend to defeat its purpose which is to permit lands formerly used for Westover Air Force Base to be made available for the generation, transmission or transformation of electric power and energy, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 672 of the acts of 1974 is hereby amended by striking out section 1 and inserting in place thereof the following section: —

Section 1. Findings and Purpose. It is hereby found that there exists within the commonwealth substantial unemployment which is detrimental to the welfare of the people of the commonwealth, that the termination by the United States of certain activities at the Westover Air Force Base will, in the absence of a speedy and orderly conversion and redevelopment of lands formerly used for such activities to nonmilitary uses, result in blight, economic dislocation, and additional unemployment, all to the further detriment of the welfare of the people of the commonwealth, and that private, semipublic or public enterprise, unaided by the commonwealth, is unable to accomplish such a speedy and orderly conversion and redevelopment so as to prevent such further detriment. It is further found that there are opportunities presented by such termination to private, semipublic or public enterprise to alleviate such unemployment and that private, semipublic or public enterprise, unaided by the commonwealth, is unable fully to utilize such opportunities.

Therefore it is the purpose of the Westover metropolitan development corporation created by this act to aid private, semipublic or public enterprise in the speedy and orderly conversion and redevelopment of lands formerly used for certain activities at said base to nonmilitary uses, including, but not limited to, industrial, commercial or manufacturing uses, in order to prevent

blight, economic dislocation, and additional unemployment and to aid private, semipublic or public enterprise fully to utilize opportunities to alleviate unemployment.

"Economic development project", a project to be undertaken in accordance with an economic development plan for acquisition

by the corporation of land and the improvements thereon, if any, within an economic development area and for clearance, if necessary, rehabilitation, improvement, and redevelopment for industrial, manufacturing, or commercial uses. The corporation may exercise any of its powers for the purpose of making lands formerly used for Westover Air Force Base available for development of facilities for the generation, transmission or transformation of electric power and energy by or for electric utilities primarily consisting of one or more political subdivisions of the commonwealth. Without limiting the generality of the foregoing, the corporation may borrow money to acquire such lands, or any interest therein, and lease, sell, or otherwise transfer the same for consideration to Massachusetts Municipal Wholesale Electric Company, Massachusetts Municipal Power Development Corporation or to electric utilities primarily consisting of one or more political subdivisions of the commonwealth or to another entity or entities for the purposes of this section. Approved November 17, 1975.

Chap. 695. AN ACT MAKING CHANGES IN THE LAW RELATIVE TO THE DISCLOSURE OF CONSUMER CREDIT COSTS AND TERMS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to provide forthwith that the laws of the commonwealth relative to the disclosure of consumer credit costs and terms continue to be in conformity with federal law and regulations, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Chap. 698. AN ACT PROVIDING FOR AN IRRETRIEVABLE BREAKDOWN OF THE MARRIAGE AS A GROUND FOR AN ACTION FOR DIVORCE.

Be it enacted, etc., as follows:

SECTION 1. Chapter 208 of the General Laws is hereby amended by striking out section 1, as most recently amended by section 6 of chapter 400 of the acts of 1975, and inserting in place thereof the following section: —

Section 1. A divorce from the bond of matrimony may be adjudged for adultery, impotency, utter desertion continued for one year next prior to the filing of the complaint, gross and con-

firmed habits of intoxication caused by voluntary and excessive use of intoxicating liquor, opium, or other drugs, cruel and abusive treatment, or, on the complaint of the wife, if the husband being of sufficient ability, grossly or wantonly and cruelly refuses or neglects to provide suitable maintenance for her, or for an irretrievable breakdown of the marriage as provided in sections one A or one B; provided, however, that a divorce shall be adjudged although both parties have cause, and no defense upon recrimination shall be entertained by the court.

SECTION 2. Said chapter 208 is hereby further amended by inserting after section 1 the following two sections: —

Section 1A. An action for divorce on the ground of an irretrievable breakdown of the marriage may be commenced with the filing of: (*a*) the complaint; (*b*) a sworn affidavit by both parties that an irretrievable breakdown of the marriage exists; and (*c*) a notarized separation agreement executed by the parties, except as hereinafter set forth. After a hearing on a separation agreement which has been presented to the court, the court shall, within thirty days of said hearing, make a finding as to whether or not an irretrievable breakdown of the marriage exists and whether or not the agreement has made proper provisions for custody, for support and maintenance, for alimony and for the disposition of marital property. In making its finding, the court shall apply the provisions of section thirty-four, except that the court shall make no inquiry into, nor consider any evidence of the individual marital fault of the parties. In the event the notarized separation agreement has not been filed at the time of the commencement of the action, it shall in any event be filed with the court within ninety days following the commencement of said action.

If the finding is in the affirmative, the court shall approve the agreement and it shall have the full force and effect of an order of the court and shall be incorporated and merged into said order, and by agreement of the parties it may also remain as an independent contract. In the event that the court does not approve the agreement as executed, or modified by agreement of the parties, said agreement shall become null and void and of no further effect between the parties; and the action shall be treated as dismissed, but without prejudice. Following approval of an agreement by the court, but prior to the entry of judgment nisi, said agreement may be modified in accordance with the foregoing provisions at any time by agreement of the parties and with the approval of the court, or by the court upon the petition of one of the parties after a showing of a substantial change of circumstances; and the agreement, as modified, shall continue as the order of the court.

Ten months from the time that the court has given its initial approval to a dissolution agreement of the parties which makes

proper provisions for custody, for support and maintenance, for alimony and for the disposition of marital property, notwithstanding subsequent modification of said agreement, a judgment of divorce nisi shall be entered without further action by the parties.

Nothing in the foregoing shall prevent the court, at any time prior to the approval of the agreement by the court, from making temporary orders for custody, support and maintenance, or such other temporary orders as it deems appropriate, including referral of the parties and the children, if any, for marriage or family counseling.

Prior to the entry of judgment under this section, the complaint may be withdrawn by mutual agreement of the parties.

An action commenced under this section shall be placed by the register of probate for the county in which the action is so commenced on a hearing list separate from that for all other actions for divorce brought under this chapter, and shall be given a speedy hearing on the dissolution agreement insofar as that is consistent with the wishes of the parties.

Section 1B. An action for divorce on the ground of an irretrievable breakdown of the marriage may be commenced by the filing of the complaint unaccompanied by the signed statement and dissolution agreement of the parties required in section one A.

No earlier than twenty-four months after the filing of the complaint, there shall be a hearing and the court may enter a judgment of divorce nisi if the court finds that there has existed, for the period following the filing of the complaint and up to the date of the hearing, a continuing irretrievable breakdown of the marriage.

As part of the entry of the judgment of divorce nisi, appropriate orders shall be made by the court with respect to custody, support and maintenance of children, and, in accordance with the provisions of section thirty-four, for alimony and for the disposition of marital property.

Nothing in the foregoing shall prevent the court, at any time prior to judgment, from making temporary orders for custody, support and maintenance or such other temporary orders as it deems appropriate, including referral of the parties and the children, if any, for marriage or family counseling.

Prior to the entry of judgment under this section, in the event that the parties file the statement and dissolution agreement as required under section one A hereinabove, then said action for divorce shall proceed under said section one A.

SECTION 3. Said chapter 208 is hereby further amended by striking out section 3, as amended by section 8 of chapter 400 of the acts of 1975, and inserting in place thereof the following section: —

Section 3. A divorce may be adjudged for any of the causes allowed by sections one, one B, or two although the defendant

has been continuously absent for such time and under such circumstances as would raise a presumption of death.

SECTION 4. This act shall take effect on January first, nineteen hundred and seventy-six, and shall apply to actions for divorce commenced on or after said date.

Approved November 19, 1975.

the department or departments which designated the emergency declare it to be over. In this section the term "coastal wetlands" shall mean any bank, marsh, swamp, meadow, flat or other low land subject to tidal action or coastal storm flowage and such contiguous land as the commissioner of environmental management reasonably deems necessary to affect by any such order in carrying out the purposes of this section.

The commissioner of environmental management shall, before adopting, amending, modifying or repealing any such order, hold a public hearing thereon in the municipality in which the coastal wetlands to be affected are located, giving notice thereof to the state reclamation board, the department of public works and the department of environmental quality engineering and each assessed owner of such wetlands by mail at least twenty-one days prior thereto.

Upon the adoption of any such order or any order amending, modifying or repealing the same, the commissioner of environmental management shall cause a copy thereof, together with a plan of the lands affected and a list of the assessed owners of such lands, to be recorded in the proper registry of deeds or, if such lands are registered, in the registry district of the land court, and shall mail a copy of such order and plan to each assessed owner of such lands affected thereby. Any person having a recorded interest in land affected by any such order, may, within ninety days after receiving notice thereof, petition the superior court to determine whether such order so restricts the use of his property as to deprive him of the practical uses thereof and is therefor an unreasonable exercise of the police power because the order constitutes the equivalent of a taking without compensation. If the court finds the order to be an unreasonable exercise of the police power, as aforesaid, the court shall enter a finding that such order shall not apply to the land of the petitioner; provided, however, that such finding shall not affect any other land than that of the petitioner. The commissioner of environmental management shall cause a copy of such finding to be recorded forthwith in the proper registry of deeds or, if the land is registered, in the registry district of the land court. The method provided in this paragraph for the determination of the issue of whether any such order constitutes a taking without compensation shall be exclusive, and such issue shall not be determined in any other proceeding, nor shall any person have a right to petition for the assessment of damages under chapter seventy-nine by reason of the adoption of any such order.

The department of environmental management may, after a finding has been entered that such order shall not apply to certain land as provided in the preceding paragraph, take the fee or any lesser interest in such land in the name of the commonwealth by eminent domain under the provisions of chapter seventy-nine and hold the same for the purposes set forth in this section.

No action by the commissioner of environmental management or the department of environmental management under this section shall prohibit, restrict or impair the exercise or performance of the powers and duties conferred or imposed by law on the department of public works, the department of environmental quality engineering, the state reclamation board

or any mosquito control or other project operating under or authorized by chapter two hundred and fifty-two.

No order adopted hereunder shall apply to any area under the control of the metropolitan district commission. No order adopted hereunder shall permit the construction in coastal wetlands of access driveways to unrestricted land except in a manner which allows the flow of the tide.

Chap. 707. AN ACT FURTHER REGULATING THE LAW RELATING TO COMPULSORY PROPERTY PROTECTION INSURANCE FOR ALL REGISTERED MOTOR VEHICLES.

Whereas, The deferred operation of this act would tend to defeat its purpose which is to provide immediate relief to owners of motor vehicles from the high costs of compulsory property protection insurance, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 90 of the General Laws is hereby amended by striking out section 34 O, as most recently amended by sections 1 and 2 of chapter 503 of the acts of 1974, and inserting in place thereof the following section: —

Section 34 O. Every person having in force a motor vehicle liability policy or motor vehicle liability bond, as defined in section thirty-four A, shall also maintain in force either property protection insurance or a bond providing equivalent benefits; such a bond shall create the same rights, liabilities, waivers and exemptions as are provided with respect to property protection insurance coverage. Every insurer issuing or executing a motor vehicle liability policy or bond shall also provide property protection coverage for the policyholder or obligor. Property protection insurance is insurance containing provisions as prescribed in this section, among such other provisions, including conditions, exclusions, and limitations, as the commissioner of insurance may approve. Subject to such stated limits and conditions, exclusions, and limitations approved by the commissioner, the insurer shall offer additional coverage, optional to the policyholder, for resulting loss of use of the insured vehicle.

Every policy of property protection insurance shall provide that the insurer will pay on behalf of the insured all sums the insured shall become legally obligated to pay as damages because or injury to or destruction of property, including loss of use thereof, caused by accident and arising out of the ownership, maintenance or use, including loading and unloading of the insured motor vehicle, subject to a limit of not less than five thousand dollars because of injury to or destruction of property of others in any one accident. Under terms and conditions approved by the commissioner the insurer shall have the rights and duty to defend any suit against the insured seeking damages on account of such injury to or destruction of property even if any of the allegations of the suit are groundless, false or fraudulent. Property protection insurance shall also provide the protection described in whichever of the three following options the policyholder elects:

(1) *All Risk Coverage.* The insurer shall pay either to the insured or to a repair shop if the insured so indicates in writing to his insurance company for direct and accidental loss of or damage to the insured vehicle, subject to a deductible of two hundred dollars, up to a limit equal to the actual cash value of the vehicle less such deductible, caused by collision of the insured vehicle with another object or with a vehicle to which the insured vehicle is attached, or by upset of the insured vehicle. Benefits under this coverage are payable without regard to negligence, comparative negligence, gross negligence or fault of any kind, provided that a vehicle for which total damage has been previously paid must have passed a motor vehicle safety inspection test upon reinsurance if benefits are to be paid to the insurer of said vehicle for damages incurred on a subsequent collision.

(2) *Restricted Coverage.* In the following cases and no others the insurer will pay either to the insured or to a repair shop if the insured so indicates in writing to his insurance company for direct and accidental loss of or damage to the insured vehicle, subject to a deductible of two hundred dollars up to a limit equal to the actual cash value of the vehicle less such deductible:

(a) Cases in which the insured except for the exemption from liability granted by this section would have been entitled to recover in tort for such loss or damage against another identified person also insured by a policy of property protection insurance;

(b) Cases in which the insured is entitled to recover in tort for such loss or damage against another identified person who is not exempt from liability under the provisions of this section; the insured, in such a case, shall take all steps necessary to preserve the insurer's right of subrogation;

(c) Cases in which the loss or damage is incurred by the insured vehicle while the vehicle is lawfully parked and the loss or damage is the result of impact with another vehicle owned by another identified person;

(d) Cases in which the insured vehicle is struck in the rear by another vehicle owned by another identified person moving in the same direction;

(e) Cases in which the operator of the vehicle causing loss or damage to the insured vehicle is a result of his operation at the time the loss or damage was incurred, convicted of either operating under the influence of alcohol or a narcotic drug as defined in section one hundred and ninety-seven of chapter ninety-four, or of driving the wrong way on a one-way street or of operating at an excessive rate of speed as defined in section seventeen of chapter ninety, or of any similar violation of the law of any other state in which the loss or damage is sustained. No coverage is created under this clause, however, if the operator of the insured vehicle is himself convicted of any such violations as a result of his operation at the time said loss or damage was incurred.

The insured shall be entitled to payment in any of the cases described in clauses (c), (d), and (e) of option (2) whether or not the facts disclose that he is or would have been entitled to recover in tort for such loss or damage against another, and such payment shall not be reduced as a result of any facts showing comparative negligence.

In no event, however, shall payments due under clauses (a) and (b) of option (2) exceed the amount recoverable in tort for the loss or damage to the insured vehicle, taking into account comparative negligence as well as other applicable factors. In such cases the full amount of the deductible, if applicable, shall be subtracted from the amount that would otherwise have been recoverable in tort. In no event, however, shall payment due under clauses (a), (b), (c), (d) and (e) of option (2) be made if the vehicle for which damages are to be paid has been the subject of total recovery because of prior collision unless such vehicle has passed a motor vehicle safety inspection upon the placing of reinsurance on said vehicle.

(3) *No Coverage for Own Car.* Under this option the policyholder shall not be entitled to receive insurance payments under property protection insurance for accidental loss of or damage to his own vehicle as identified in the policy. The policyholder's election of this option shall bar all claims for loss of or damage to his vehicle he might otherwise have had against others insured under property protection insurance policies and the policyholder shall be exempt from liability to such persons as provided herein. This option shall be offered subject to such conditions as the commissioner of insurance may require in order to assure that each policyholder electing it has been fully informed of the results of absence of coverage for damage to his own vehicle.

Insurers shall also make available to option (1) and (2) insured additional coverage whereby the deductible of two hundred dollars under said option (1) and (2) is reduced to an amount, no less than one hundred dollars, except that an insurer may refuse to issue such additional coverage on the basis of accident frequency, claims paid, or conviction of violations of motor vehicle laws; provided, that no insurer may refuse to issue such optional additional coverage because of age, sex, race, occupation or principal place of garaging of the vehicle.

Insurers shall also make available additional coverage whereby an insured who has selected option (1) shall be entitled to full payment, without regard to comparative negligence or any deductible if any of the cases described in clauses (a) to (e), inclusive, of said option (2) occur; provided that the negligence attributable to such an insured is fifty per cent or less, except that an insurer may refuse to issue such optional additional coverage on the basis of accident frequency, claims paid, or conviction of violations of motor vehicle laws; and provided further, that no

insurer may refuse to issue such optional additional coverage because of age, sex, race, occupation, or principal place of garaging of the vehicle.

Insurers shall also make available additional coverage whereby an insured who has selected option (2) shall be entitled to payment, without regard to any deductible, if any of the cases described in clauses (a) to (e), inclusive, of option (2) occur.

Insurers shall also make available additional coverage whereby an insured who has selected option (2) shall be entitled to full payment without regard to comparative negligence or any deductible if any of the cases described in clauses (a) to (e) inclusive, of said option (2) occur, provided the negligence attributable to such an insured is fifty per cent or less.

Insurers shall also make available to all property protection policyholders at their option other deductible amounts in excess of two hundred dollars as are approved by the commissioner.

Payments under option (1) and under clauses (c), (d) and (e) of option (2) shall be due and payable to the insured within fifteen working days after receipt by the insurer of reasonable proof that the claimant is, in fact, a policyholder, that an accident occurred, and the amount of the loss or damage claimed. In any case where the insurer fails to make payment within fifteen working days of receipt of such reasonable proof, the insured may commence an action in contract for payments claimed to be due. If the court determines that the insurer was unreasonable in refusing to pay said insured's claim, the claimant shall be entitled to recover double the amount of damages claimed plus his costs and reasonable attorney fees fixed by the court.

Every owner, authorized operator or other person legally responsible for the operation of any vehicle to which this section applies, regardless of the coverage option or deductible option elected by the policyholder, shall be exempt from all liability every property protection insurance policyholder and his insurer might otherwise have been entitled to claim, by subrogation or otherwise, for accidental loss of or damage to any vehicle to which this section applies. This exemption from liability shall not affect tort rights and subrogation rights therein against persons not so exempted.

Any insurer making payments in accordance with the provisions of this section shall be subrogated to that extent to the rights of any party it pays and may bring an action in tort against any person liable for such damages who is not exempt from said liability as a result of the provisions of this section. Said insurer may also make claim for all expenses it incurs on account of such payment, including the net amount of payments made, costs of processing claims for any such payments and the expenses of enforcing this right, against any other insurer pro-

viding a motor vehicle liability policy or bond on a motor vehicle registered in the commonwealth, whose owner or operator would, except for the exemption from tort liability provided in this section, be liable for such damages. Determination as to whether any insurer is legally entitled to recover any such expense from another insurer shall be made by agreement between the involved insurers, or, if they fail to agree, by arbitration in accordance with the provisions of the General Laws. No insurer may make claim against or recover from any other insurer in accordance with the provisions of this paragraph for any amounts it pays pursuant to this section as a result of any voluntarily offered coverage or any optional coverage it may be required to offer insureds which eliminates in whole or in part the effect of any deductible or the application of the doctrine of comparative negligence applicable to any of the cases described in clauses (a) to (e), inclusive, of option (2).

Fire, theft and comprehensive coverage may be written as part of any policy of property protection insurance, or separately, as authorized by the commissioner.

Motor vehicle collision policies in effect on January first of any year may be cancelled on a pro rata basis or continued and new collision policies may be issued so long as any continuance or issuance of policies is done in connection with the issuance of a policy of property protection insurance in which the insured has elected option (3). There shall be no subrogation rights other than those described in this section for any insurer continuing or issuing such collision policies.

The commissioner shall fix, establish or approve classifications of risks and premium charges for property protection insurance and for property protection coverage under bonds, in accordance with the provisions of section one hundred and thirteen B of chapter one hundred and seventy-five except that classifications of risks and premium charges for optionally offered coverages which would eliminate in whole or in part the effect of any deductible provided in this section shall be governed by the provisions of chapter one hundred and seventy-five E.

Each insurer shall use a merit rating plan to vary rates and premiums on the basis of accident frequency, claims paid, conviction of violations of motor vehicle laws, or any other similar and relevant factors; provided, however, that no such plan shall use any records or factors more than three years prior to the

policy year for which it varies such rates or premiums; and shall use records from the registry of motor vehicles to determine accident frequency and number of accidents of drivers. All such merit rating plans shall be filed with the commissioner not less than thirty days before the effective date of the merit rating plan. The commissioner shall, after due notice and a hearing, establish minimum standards for merit rating plans. The commissioner may on his own motion, and shall on motion of the attorney general, hold a hearing after at least fifteen days' notice on any merit rating plan of any insurer; the commissioner shall disapprove such a merit rating plan if he determines that it is unfairly discriminatory, tends to lessen competition, or is violative of public policy. The commissioner may suspend the operation of any proposed merit rating plan not more than ninety days after its effective date in order to complete the hearings and to make a decision on the merit rating plan.

SECTION 2. Said section 113B of said chapter 175 is hereby amended by inserting after the fourth paragraph the following paragraph: —

In fixing and establishing classifications of risks for comprehensive fire and theft coverage so-called to motor vehicles, the commissioner shall provide for appropriate reductions in the premium charges covering such vehicles if such vehicle is equipped with an anti-theft mechanism or device approved by the commissioner.

SECTION 3. The second paragraph of section 113C of said chapter 175 is hereby amended by striking out the first sentence, as appearing in section 9 of chapter 670 of the acts of 1970, and inserting in place, thereof, the following sentence: — No company shall issue such motor vehicle liability policies or act as surety upon such motor vehicle liability bonds unless it makes a mandatory offer to issue to any person purchasing such policy or bond, at his option, additional coverage, beyond that required by section thirty-four A of chapter ninety, of at least fifteen thousand dollars on account of injury to or death of one person and at least forty thousand dollars on account of any one accident resulting in injury to or death of more than one person, and of the combination of bodily injury liability off the ways of the commonwealth and liability for guest occupants on and off the ways of the commonwealth, of medical coverage, so-called, to a limit of at least five thousand dollars, or fire and theft coverage and comprehensive coverage as limited by section one hundred and thirteen O, and of uninsured motor vehicle coverage, additional coverage beyond that required by section one hundred and thirteen L of at least fifteen thousand dollars on account of injury to or death of one person and forty thousand dollars on account of any one accident resulting in injury to or death of more than one person, provided that such additional amount of uninsured

motor vehicle coverage chosen shall not exceed the amount of additional bodily injury coverage chosen under this section.

SECTION 4. The first paragraph of section 113H of said chapter 175, as appearing in section 5 of chapter 551 of the acts of 1973, is hereby amended by striking out the second sentence and inserting in place thereof the following sentence: — Such a plan shall include at least the coverages required by sections thirty-four A and thirty-four O of chapter ninety and, at the option of the applicant the additional coverages described in section one hundred and thirteen C, except that the plan may provide for the refusal of those optionally offered coverages which would eliminate in whole or in part the effect of any deductible provided in section thirty-four O of chapter ninety and section one hundred and thirteen O.

SECTION 5. Said chapter 175 is hereby further amended by striking out section 113 O, inserted by section 1 of chapter 630 of the acts of 1973, and inserting in place thereof the following section: —

Section 113 O. All policies providing fire and theft coverage or comprehensive coverage, so-called, shall pay for loss or damage to the insured vehicle under the terms of the policy up to a limit equal to the actual cash value of the vehicle less a deductible of two hundred dollars. Insurers shall also make available additional coverage whereby the deductible of two hundred dollars is reduced to an amount not less than one hundred dollars, except that an insurer may refuse to issue such optional additional coverage on the basis of claims paid, or conviction of violations of motor vehicle laws; provided, that no insurer may refuse to issue such optional additional coverage because of age, sex, race, occupation or principal place of garaging of the vehicle. Notwithstanding the foregoing, any deductible pertaining to the comprehensive coverage, so-called, shall not be applicable to damage to glass of any motor vehicle so covered. Rates for such optional additional coverage shall be filed in accordance with the applicable provisions of chapter one hundred and seventy-five E. In determining actual cash value, no deduction for depreciation shall be allowed to reduce the value of the vehicle to less than the average retail value of that particular vehicle's year and model unless the policy was purchased at a reduced rate due to the mileage and condition of the insured vehicle.

SECTION 6. The General Laws are hereby amended by inserting after chapter 175D the following chapter: —

CHAPTER 175E.

REGULATION OF RATES FOR OPTIONAL MOTOR VEHICLE INSURANCE.

Section 1. The following words, as used in this chapter, unless the text otherwise requires or a different meaning is specifically required, shall mean—

"Commissioner", the commissioner of insurance.

"Company", all corporations, associations, partnerships or individuals engaged as principals in the business of insurance.

"Insurance Company" or "Insurer", the same meaning as company.

Section 2. This chapter shall apply only to those optional additional coverages which would eliminate in whole or in part the effect of any deductible provided and described in section thirty-four O of chapter ninety and section one hundred and thirteen O of chapter one hundred and seventy-five.

Section 3. Such provisions of chapter one hundred and seventy-five A as are not inconsistent with this chapter shall apply to rate regulation pursuant to this chapter.

Section 4. The following standards shall apply to the marking and use of rates pertaining to all insurance to which the provisions of this chapter are applicable: —

(*a*) Rates shall not be excessive or inadequate, as herein defined, nor shall they be unfairly discriminatory.

No rate shall be held to be excessive unless such rate is unreasonably high for the insurance provided. Evidence that a reasonable degree of competition exists in the area with respect to the classification to which such rate is applicable shall be considered as material, but not conclusive evidence, that such rate is not excessive.

No rate shall be held to be inadequate unless (1) such rate is unreasonably low for the insurance provided and (2) the continued use of such rate endangers the solvency of the insurer using the same, or unless (3) such rate is unreasonably low for the insurance provided and the use of such rate by the insurer using same has, or if continued will have, the effect of destroying competition or creating a monopoly.

(*b*) Consideration shall be given, to the extent applicable, to past and prospective loss experience within and outside the commonwealth, to catastrophe hazards, to a reasonable rate of return on capital after provision for investment income to past and prospective expenses both country-wide and those specially applicable to the commonwealth, and to all other factors, including judgment factors, deemed relevant within and outside the commonwealth.

Consideration may also be given in the making and use of rates to dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

(*c*) The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the operating methods of any such insurer or group with respect to any kind of insurance, or with respect to any subdivision or combination thereof.

(*d*) Risks may be grouped by classification for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any difference among risks that have a probable effect upon losses or expenses. Such classifications and modifications shall apply to all risks under the same or substantially the same circumstances or conditions.

(*e*) On and after January first, nineteen hundred and seventy-seven, no insurer shall use rates developed on the basis of external loss and expense factors without making such modification of such rates as the credibility of its own loss and expense experience allows.

(*f*) On or after January first, nineteen hundred and seventy-seven, each insurer shall use a merit rating plan to vary rates and premiums on the basis of accident frequency according to fault, claims paid, conviction of violations of motor vehicle laws, or any other similar or relevant factors; provided, however, that no such plan shall use any records or factors more than three years prior to the policy year for which it varies such rates or premiums. The commissioner may in his discretion, and shall on motion of the attorney general, hold a hearing after at least fifteen days' notice on any merit rating plan of any insurer. The commissioner shall disapprove such a merit rating plan if he determines that it is unfairly discriminatory, tends to lessen competition, or is violative of public policy. The commissioner may suspend the operation of any proposed merit rating plan for up to ninety days after its effective date in order to complete the hearings and to make a decision on the merit rating plan.

Section 5. If the commissioner determines, after a hearing, at which representatives of consumers and other interested parties may participate, and on the basis of findings of fact and conclusions, that, with respect to any territory or to any kind, subdivision or class of insurance, competition is either (*i*) insufficient to assure that rates will not be excessive, or (*ii*) so conducted as to be destructive of competition or detrimental to the solvency of insurers, he shall, within sixty days after such determination, fix and establish the rates for such insurance or territory pursuant to the provisions of section one hundred and thirteen B of chapter one hundred and seventy-five. Such procedure shall have a specified duration of not more than one year but may be renewed by the commissioner upon appropriate findings of fact, conclusions and order. Within thirty days after the close of the hearing the commissioner shall make this determination in a report which shall be made public.

Section 6. (*a*) 1. No insurer or rating organization shall monopolize or attempt to monopolize, or combine or conspire with

any other person or persons to monopolize, in any territory, the business of insurance or any kind, subdivision or class thereof.

2. No insurer or rating organization shall agree with any other insurer or rating organization to charge or adhere to any rate, although insurers and rating organizations may continue to exchange statistical information and provided further a rating organization may establish advisory manuals of classifications, rules and rates, rating plans or modifications of any of the foregoing in any manner not prohibited by the commissioner.

3. No insurer or rating organization shall make any agreement with any other insurer, rating organization or other person to restrain trade.

4. No insurer or rating organization shall make any agreement with any other insurer, rating organization or other person the effect of which may be substantially to lessen competition in any territory or in any kind, subdivision or class of insurance.

5. No insurer may acquire or retain any captial stock or assets of, or have any common management with, any other insurer or insurers, if the effect of such acquisition, retention or common management may be substantially to lessen competition in any territory or in any kind, subdivision or class of insurance.

6. No insurer or rating organization shall make any agreement with any other insurer or rating organization to refuse to deal with any person in connection with the sale of insurance.

7. No rating organization or member or subscriber thereof shall interfere with the right of any insurer to make its rates independently of such rating organization or to charge rates different from the rates made by such rating organization.

8. No member of or subscriber to a rating organization shall refuse to do business with, or prohibit or prevent the payment of commission to any licensed agent or broker on the ground that such agent or broker does business with an insurer which makes its own rates, or any portion thereof, independently of such rating organizations.

9. Nothing contained in this chapter shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization, or as preventing any insurer, while a member of or subscriber to a rating organization, from making its own rates for any kind, subdivision or class of insurance, for which it does not elect to authorize the rating organization to act on its behalf.

10. Any insurer which is a member of or subscriber to a rating organization may make its own rates for any kind, subdivision or class of insurance. No rating organization shall have authority to act on behalf of any insurer which is a member of or subscriber to such rating organization except as authorized in writing by such member or subscriber, which authority may be supplemented, modified or revoked, in whole or in part, at any time by such member or subscriber at its option.

11. No rating organization shall have or adopt any rule or exact any agreement, or formulate or engage in any program, the effect of which would be to require any member, subscriber or other insurer to utilize some or all of its services, or to adhere to its rates, rating plans, rating systems, underwriting rules, or policy forms, or to prevent any insurer from acting independently.

(*b*) 1. Any rate made in violation of subdivision (*a*) of this section shall be disapproved by the commissioner pursuant to the procedures prescribed in section eight, and each violator shall be subject to the penalties provided in said section.

2. The commissioner, through the attorney general, and any person injured in his business or property by reason of anything forbidden in subdivision (*a*) may maintain an action to enjoin any violation of such subdivision.

3. Any person injured in his business or property by reason of anything forbidden in subdivision (*a*) may maintain an action and shall recover threefold the damages by him sustained.

(*c*) Subdivision (*a*) shall not prohibit two or more insurers who by virtue of their business associations in the United States represent themselves to be or are customarily known as an "insurance company group", or similar insurance trade designation, from having the right to exchange statistical information.

(*d*) The fact that two or more admitted insurers, whether or not members or subscribers of a rating or advisory organization, use, either consistently or intermittently, the manuals of classifications, rules and rates, rating plans, modifications of any of the foregoing or recommendations of such organizations, shall not be sufficient in itself to support a finding that an agreement to adhere exists, and may be used only for the purpose of supplementing or explaining direct evidence of the existence of any such agreement.

Section 7. Except as provided in subdivision (*f*) of section four, prior filing of manuals of classifications, rules, rates, rating plans and modifications of any of the foregoing with the commissioner or his prior approval thereof shall not be requires.

Every insurer or a rating organization authorized to file on behalf of such insurer shall file with the commissioner or his designated representative every manual of its classifications, rules and rates, rating plans and modifications of any of the foregoing within fifteen days after the effective date thereof. Every such filing shall state the effective date thereof, and such filing shall indicate the character and extent of the coverage contemplated. The commissioner may require such insurer or rating organization to furnish the information upon which it supports such filing.

Section 8. The commissioner may as often as he deems it expedient and in such manner as he deems it expedient examine any insurer or rating organization to ascertain whether its rating

and underwriting practices are in accordance with law. Filed reports on examinations shall be available for public inspection.

If the commissioner determines after a hearing that any classification, rule or rates, rating plan or modification of any of the foregoing used by an insurer does not comply with this chapter or is violative of public policy he shall order that such classification or rule or rate or rating plan or any modification thereof be disapproved, and with respect to any such rate, such order may include a provision for premium adjustment.

Pending a hearing, the commissioner may order the suspension, prospectively, of a rate used by an insurer and reimpose the last previous rate in effect, in which event he shall, unless the requirement is waived by the insurer, hold a hearing within fifteen days after such order. Within fifteen days after the close of the hearing the commissioner shall make his determination as to whether the rate should be disapproved.

At any such hearing, the insurer shall have the burden of justifying the rate in question. All such determinations of the commissioner shall be on the basis of findings of fact and conclusions of law. If the commissioner disapproves a rate, the disapproval shall take effect not less than fifteen days after his order and the last previous rate in effect for the insurer shall be thereupon reimposed for a period of six months unless, prior thereto, the commissioner shall approve a different rate.

Any insurer, rating organization or person that violates any provision of this chapter shall be punished by a fine of not more than ten thousand dollars for each offense or by imprisonment for not more than one year, or by both; or shall be subject to a civil penalty not to exceed one thousand dollars for each such offense which may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction. The issuance, procurement or negotiation of a single policy of insurance shall be deemed a separate offense.

SECTION 6A. Chapter 175E of the General Laws is hereby amended by striking out section 7 and inserting in place thereof the following section: —

Section 7. Every insurer or rating organization authorized to file on behalf of such insurer shall file with the commissioner or his designated representative every manual of its classifications, rules and rates, rating plans and modifications of any of the foregoing not less than forty-five days before the effective date thereof. Every such filing shall state the effective date thereof, and such filing shall indicate the character and extent of the coverage contemplated. The commissioner may require such insurer or rating organization to furnish the information upon which it supports such filing.

The commissioner may in his discretion, and shall on the motion of the attorney general, hold a hearing on any such filing

prior to its effective date after at least ten days' notice. The commissioner shall disapprove any such filing to the extent that he determines that it does not comply with this chapter. The commissioner may suspend the operation of any such filing for not more than forty-five days after its effective date in order to complete the hearing and make a decision thereon. If the commissioner suspends the operation of any such filing, he shall, within forty-five days of the period of suspension, either approve the filing or order such modification thereof as he deems appropriate to bring such filing into compliance with this chapter.

Notwithstanding the provisions of the foregoing paragraph, any insurer may put any such suspended filing into effect on the effective date stated therein upon furnishing the commissioner with a written agreement secured by a sufficient bond satisfactory to the commissioner to adjust the premiums of all of its policies affected by the filing from their respective effective dates so as to comply with the final determination of the commissioner or the court, if an appeal is taken. Any such adjustment of premiums shall include interest at the rate of eight per cent per annum.

SECTION 7. The special commission established by chapter ninety-seven of the resolves of nineteen hundred and sixty-eight and most recently revived and continued by the provisions of chapter ten of the resolves of ninetenn hundred and seventy-five, shall in the course of its investigation and stucy consider among other matters it deems relevant, the modification or repeal of no-fault property protection insurance, so-called, the expansion of competitive rating under chapter one hundred and seventy-five E of the General Laws to other areas of motor vehicle insurance, the modification or repeal of subrogation in property protection insurance for private passenger vehicles, the reasons for the increase in automobile insurance claims, particularly in the area of property protection insurance and comprehensive insurance, the adoption of effective methods to reduce the high automobile theft rate, the further regulation of automobile repair shops, the feasibility of compelling a vehicle to pass a safety inspection in order to be insured, and the modification of the provisions of law which allow for the recovery of the book value of a motor vehicle under comprehensive coverages. SECTION 8. Section 22H of chapter 175 of the General Laws, as appearing in section 1 of chapter 744 of the acts of 1970, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph: —

If any company refuses to issue motor vehicle liability policies or bonds as set forth in section thirty-four A and thirty-four O of chapter ninety, the commissioner shall hold a public hearing to determine whether the companies removal from the automobile insurance market is required because of insolvency and whether such removal would be contrary to the public interest by disrupting the insurance market in the commonwealth. If the commissioner determines that the evidence warrants removal from said market, he shall suspend such company's licenses to issue or sell any other form of insurance within the commonwealth until such company resumes the issuance or renewal of such motor vehicle liability policies or bonds in compliance with the laws and rules and regulations prescribed by the commissioner.

SECTION 9. The amounts so apportioned for each city and town shall, prior to March thirtieth in each year, be certified by the district executive director to the treasurers of the member cities and towns. The obligation of each member city or town to pay apportionments pursuant to this act shall be included in the amounts to be assessed annually in such city or town under section twenty-three of chapter fifty-nine of the General Laws without appropriation and the city or town treasurer shall pay to the district the amounts so apportioned at the times specified by a vote of the district council, and if there has been no such vote of the district council then quarterly on the first day of January, April, July and October of each year. operator will render bills directly to the member cities and towns for the services rendered to each city and town. The cost of any disposal services provided by an operator whether billed directly to any city or town or through the district shall be included in the budget of any city or town which has become a member of the district or which has contracted with the district to receive such services. The cost of such services may be charged on the basis of the tonnage of solid waste delivered to any facility by any city or town or other party and may provide for the payment for a minimum amount of tonnage whether or not an amount of waste less than such minimum is actually delivered. In the case of a lease or license, the rental or license fee and terms of payment and assessment shall be as set forth in an agreement between the district and the city or town approved as above set forth; provided that the lease or license may not be for a term in excess of twenty years although it may contain provisions for the extension of the lease or license for additional terms not in excess of twenty years at the option of the council. The member cities and towns of the district shall be assessed as if the cost of purchase, lease, or license of such land were an administrative expense of the district as provided for in section nine, unless they are billed an additional amount to reflect such cost based on the tonnage of solid waste which each delivers to such facility. The vote of the town meeting or city council may authorize an agreement, lease or license in general terms and delegate the power to determine details to the officer authorized to execute such agreement, lease or license.

Any sale of property must be for its fair market value as reasonably determined by the district. The district may lease or sublease land to others until such land is needed by the district for waste disposal purposes. Proceeds from the sale of property acquired with the proceeds of general obligation bonds or notes of the district, after deducting the costs of sale, shall be paid over to the member cities and towns in the proportion which said cities and towns are obligated to pay principal and interest on such bonds or notes at the time of sale or, if such bonds or notes are not outstanding at the time of sale of such property, in the proportion which such cities and towns would be obligated if such bonds or notes were outstanding, whether or not such cities and towns are members or have withdrawn from the district.

SECTION 15. The city or town in the district in which a solid waste facility is located or to be located by the district is hereby authorized to contract with the district to provide for the payment by the district of moneys in lieu of taxes with respect to the facility or any property owned by the district or used by the district or a private operator of a solid waste facility or land fill, to set forth what routes through such city or town will be used for the delivery of solid waste to the facility and for the removal of recovered products and by-products from the facility, to provide for the employment by the district or by a private operator of a facility of persons currently employed by such city or town, and to provide for special rates to be paid by such city or town in recognition of its unique relationship with the district. Any vacancy in the office of any member of the commission shall be filled in like manner for the unexpired term of such office. As the term of any member of the commission expires, his successor shall be appointed in like manner as such member. Nominations for all initial appointments to the commission shall be submitted to the mayor not later than ninety days after the date of approval hereof by the governor of the commonwealth. Whenever a commissioner is absent or unable for any cause to perform his duties, the alternate appointed in the same manner as such commissioner shall exercise the powers and perform the duties of such commissioner, or if neither a commissioner nor his alternate shall be present, any other alternate present shall perform his duties; but an alternate shall not be otherwise deemed to be, or act as, a member of the commission. Upon designation of any landmark district, architectural conservation district or protection area and unless the designation so provides that the commission itself shall exercise regulatory functions, the mayor shall appoint a district commission to consist of two residents of such district or area or owners of property therein and two alternates and three members of the commission who shall act for the commission in the exercise of those regulatory functions described in section five which pertain exclusively to said district or area. All appointments to the commission or the district commission shall be confirmed by the city council.

Every member of the commission shall continue in office after expiration of his term until his successor shall have been duly appointed. The mayor may remove any member in accordance with section fourteen of chapter four hundred and eighty-six of the acts of nineteen hundred and nine. No member shall receive compensation for his service on the commission but shall be reimbursed for his actual expenses reasonably and necessarily incurred in performance of his official duties.

For the purposes of chapter two hundred and sixty-eight A of the General Laws, every member of the commission, and every person who shall, on a part-time and consultative basis, perform any professional services for the commission, such as the services of architect, attorney, engineer, planner, environmentalist or expert in construction, finance, real estate or traffic, shall be deemed to be a special municipal employee.

Without regard to chapter thirty-one of the General Laws, the Boston Redevelopment Authority shall provide the commission with an administrative staff acceptable to the commission and

adequate to carry on the functions of the commission as provided for in this act. Such staff shall be employees of the Boston Redevelopment Authority. Notwithstanding the foregoing the commission may contract directly for such professional and expert technical assistance as such business shall require.

The commission shall adopt, and may from time to time amend, by-laws concerning its internal management and, after public hearing, may adopt and from time to time amend regulations for the purpose of interpreting this act and of implementing its administration and enforcement, which regulations shall be in addition to those required by section four. A copy of every such by-law and amendment thereof and every regulation and amendment thereof adopted pursuant to this section shall be filed in the office of the city clerk; and no such regulation or amendment thereof shall become effective until it shall have been so filed.

Annually on the first day of May or as soon thereafter as may be convenient, the commission shall elect one of its members as chairman and another as vice chairman. The commission shall designate from time to time one of its staff to serve as its secretary. Whenever the secretary shall not attend a meeting of the commission, the commission shall elect a secretary pro tempore who shall take the minutes of the meeting. The records of the commission shall set forth every determination made by the commission, the vote of every member participating in such determination and the absence or failure to vote of every other member.

The commission shall be deemed a department of the city for the purposes of section fifty-three A of chapter forty-four of the General Laws.

SECTION 4. *Designations by Commission.* Subject to the conditions hereafter specified in this section, the commission by a two-thirds vote of all members of the commission may designate any landmark, landmark district, architectural conservation district or protection area, or by such vote, may amend or rescind in whole or part any such designation.

The commission may designate any improvement or physical feature as a landmark, and may designate any area in the city as a landmark district, or architectural conservation district and may amend any such designation as herein provided upon a finding by the commission that the designation or amendment meets any of the following criteria: — (a) inclusion in National Register of Historic Places as provided in the National Historic Preservation Act of 1966; (b) structures, sites, objects, man-made or natural, at which events occurred that have made an outstanding contribution to, and are identified prominently with, or which best represent some important aspect of the cultural, political, economic, military, or social history of the city, the com-

monwealth, the New England region or the nation; (c) structures, sites, objects, man-made or natural, associated significantly with the lives of outstanding historical personages; (d) structures, sites, objects, man-made or natural, representative of elements of architectural or landscape design or craftmenship which embody distinctive characteristics of a type inherently valuable for study of a period, style or method of construction or development, or a notable work of an architect, landscape architect, designer, or builder whose work influenced the development of the city, the commonwealth, the New England region, or the nation.

The commission may designate any area in the city as a protection area as herein provided upon a finding by the commission that the area to be designated is visually related to the landmark, landmark district or architectural conservation district but is not necessarily of sufficient historical, social, cultural, architectural or aesthetic significance to warrant designation as such. In determining the boundaries of a protection area, the commission shall consider the following elements:— (a) major views and vistas of and from the landmark, landmark district, or architectural conservation district as determined by the topographical characteristics and the siting of existing buildings in the area contiguous to the landmark, landmark district or architectural conservation district; (b) pattern of roads, paths and alleys which determine the size and shape of land parcels and which control vehicular and non-vehicular movement to and from the landmark, landmark district or architectural conservation district; (c) contrasts between the scale and density of the landmark, landmark district or architectural conservation district and the improvements under consideration for designation as a protection area; (d) contrasts between the arrangement of structures and landscape and open space features of the landmark, in the landmark district or architectural conservation district and the improvements under consideration for designation as a protection area. In no case shall the protection area extend more than twelve hundred feet from a boundary of the landmark, landmark district or architectural conservation district.

Prior to the designation or amendment of designation of any landmark, landmark district, architectural conservation district or protection area, an investigation and report on the historical and architectural significance of the structure, sites or objects to be designated shall be made. Such report will also attempt to provide an indication of the economic status of the property or properties under consideration for designation by providing such information as assessed value, recent real estate transactions or other appropriate data. The report shall also recommend the boundaries of any proposed landmark, landmark district, architectural conservation district or protection area and recom-

mend standards to be adopted by the commission in carrying out its regulatory functions provided under section five of this act. All recommendations shall be made in consideration of any master plan, zoning requirements, projected public improvements and existing and proposed renewal and development plans applicable to the section of the city to be affected by the designation or amendment of designation.

In the case of a landmark which is under consideration for designation, the report shall be prepared by the commission with the assistance of its staff or consultants or in the case of a landmark district, architectural conservation district or protection area, the report shall be prepared by a study committee consisting of five members of the commission and six persons who have demonstrated interest in the district or area under consideration and who shall be appointed by the mayor and confirmed by the city council, with the assistance of the commission staff or consultants.

The mayor, any ten registered voters of the city or any commission member may petition the commission to designate a landmark, landmark district, architectural conservation district or protection area or to amend or rescind such a designation, and the commission shall within thirty days next following the filing of such petition hold a preliminary hearing on such petition with the petitioners and arrange for the preparation of a report and, if required, request the appointment of a study committee. The commission shall not reconsider a proposed designation, amendment or rescission of designation within one year of its previous hearing thereon, unless two-thirds of all its members vote to do so. Within twenty-one days after the completion of a report by the commission pertaining to the proposed designation of a landmark or within sixty days after the transmittal of a report of a study committee to the commission pertaining to a proposed designation of a landmark district, architectural conservation district or protection area, the commission shall hold a public hearing. The commission shall give notice of such public hearing by an appropriate advertisement published in a newspaper of general circulation in the city and, if possible, in at least one periodical, if any exist, circulated in the vicinity of the proposed landmark, landmark district, architectural conservation district or protection area at least three weeks prior to the date of the hearing and by mailing a copy of such advertisement to the owner of the proposed landmark and to every owner as appearing on the then most recent tax list of property abutting the proposed landmark or within the proposed landmark district, architectural conservation district or protection area as determined from the records of the assessing department and to the mayor, the Boston Redevelopment Authority, the city clerk, the Office of Public Service, and any other person that may have filed a written

request for such notice with the commission. Such request may be made annually in December. Notice of such hearing will announce the availability of a report on the proposed designation. Whenever feasible in the judgement of the commission, such hearing shall be held in the vicinity of such landmark, landmark district architectural conservation district or protection area.

Prior to the public hearing, the commission shall transmit copies of the report to the Boston Redevelopment Authority and the Massachusetts Historical Commission for their respective consideration and recommendations.

Every designation or amendment of designation of any landmark district, architectural conservation district or protection area shall state its location, describe its general characteristics and specify its boundaries, and every designation of any landmark shall state its location, describe its general characteristics and specify the boundaries of its site. Designation of interior portions of improvements shall further specify which rooms, spaces and surfaces are included in such designation.

As part of every such designation or amendment of designation, the commission shall adopt regulations which shall specify general standards and other appropriate criteria consistent with the purposes of this act and the provisions of section five which shall be applied by the commission in making any determination under section six with respect to the designated landmark or within the designated landmark district, architectural conservation district or protection area. Such standards and criteria shall be adopted by the commission after it has considered the study report as provided for in this section. Such standards and criteria shall take account of the differences in significance and purpose of designation among a landmark, landmark district, architectural conservation district or protection area; provided, however, that the standards and criteria applicable within any protection area shall relate only to demolition, land coverage, height of structure, landscape or topography.

The commission may designate as a landmark any property located within the city however owned and may include, in any landmark district, architectural conservation district or protection area, any such property, provided that the commission shall not designate as a landmark district, architectural conservation district or protection area that portion of the city bounded and described as follows: — beginning at a point at the intersection of the center line of Massachusetts avenue with the Massachusetts Turnpike Extension, continuing northwesterly along the center line of said Massachusetts avenue to the city boundary with the city of Cambridge in the Charles river, thence turning northeasterly and continuing along the said city boundary to the pierhead line, thence turning southeasterly and continuing along

the said pierhead line toward Fort Point channel, continuing southwardly along the middle of said Fort Point Channel to Dorchester avenue, continuing along the center line of said Dorchester avenue to the Broadway bridge, thence turning northwesterly along the center line of the Broadway bridge crossing the John Fitzgerald expressway, continuing along a straight line to the Massachusetts Turnpike Extension, along the center of said Turnpike Extension to the point of origin, except that the foregoing shall not prevent the adoption of historic districts pursuant to the provisions of chapter forty C of the General Laws within the area described herein.

Notwithstanding anything to the contrary herein, no designation of the interior portion of any improvement shall be made unless the notice pursuant to this section and the designation specifically indicates that said interior shall be designated.

Within the historic Beacon Hill District or Back Bay Residential District, the commission may designate interior portions of structures, and landscape features individually as landmarks in the manner provided herein. The commission may not designate as a landmark district, architectural conservation district or protection area any portion of the Historic Beacon Hill District or Back Bay Residential District, or any portion or any other historic district hereinafter established pursuant to any general or special law.

Every designation, amendment and rescission of designation approved by the commission shall be presented to the mayor for his approval. If he approves it, he shall sign it. If he disapproves it, he shall file it with the city clerk with his objections thereto in writing. Every such designation, amendment or rescission of designation which within fifteen days after its presentation to the mayor is neither signed by him nor filed with his written objections shall be deemed approved by the mayor after the sixteenth day following such presentation.

Within thirty days of the mayor's approval of a designation, amendment or rescission of designation of a landmark, landmark district, architectural conservation district or protection area pursuant to this section, the city council may override such designation, amendment or rescission of designation of such landmark, landmark district, architectural conservation district or protection area by a two-thirds vote of the council. In the absence of such override or express approval thereof, any such designation, amendment or rescission of designation of any such landmark, landmark district, architectural conservation district or protection area shall be deemed approved by the council after the thirty-first day following such action by the mayor pursuant to this section.

Any designation, amendment of designation and rescission of designation shall become effective upon determination of a designation by the commission provided however that such designation shall be filed promptly thereafter by the commission with the city clerk, the Public Improvement Commission and the building commissioner. No designation of or amendment of such a designation shall be effective as to any person without actual notice thereof or as to any parcel of property until recorded in the Suffolk county registry of deeds and indexed in the grantor index under the name of the record owner or owners thereof and, with respect to registered land, filed in said registry and noted on the certificate of title of the owner or owners. The commission may at any time after notice of a public hearing to consider designation of a landmark under this section, record as above provided, a notice that a designation is under consideration relating to the property, in which case for the period of ninety days after such recording or until the proposed designation is rejected, if such action occurs sooner such property shall be treated as and entitled to all the protection of a landmark hereunder.

SECTION 5. *Regulatory Function of the Commission.* Except as may otherwise be provided by regulations of the commission duly adopted and effective in accordance with section four or section three and section four: —

(*a*) No permit shall be issued by the building commissioner for any reconstruction, restoration, exterior or interior replacement or alteration or demolition of any landmark or for the construction, reconstruction, exterior replacement or alteration or demolition of any improvement not a landmark in any landmark district, architectural conservation district or protection area, unless the application for such a permit shall be accompanied by a certificate issued and effective in accordance with sections six, seven and eight;

(*b*) No permit shall be issued by the Public Improvement Commission or such other agency, if any, of the city as shall have authority to issue such permit for the erection or replacement of any sign, marquee, awning, or other exterior architectural feature to be attached or appurtenant to any landmark or to any improvement not a landmark in any landmark district, architectural conservation district or protection area, unless the application for such permit shall be accompanied by such a certificate;

(*c*) No reconstruction, restoration, exterior erection, exterior or interior replacement or alteration or demolition not requiring such a building permit or sign permit shall be undertaken by any person or by any officer, department, agency, authority, or board of the city or commonwealth with respect to any landmark, unless such person, officer, department, agency, authority, or board shall first have applied for and received such a certificate;

(*d*) No construction, reconstruction, exterior erection, replacement or alteration or demolition not requiring such a building permit or sign permit shall be undertaken by any person or by an officer, department, agency, authority or board of the city or commonwealth with respect to any improvement or exterior architectural feature in any landmark district or architectural conservation district or any improvement in any protection area, unless such person, officer, department, agency, authority or board shall first have applied for and received such a certificate;

(*e*) The regulatory functions of the commission as described in this section shall extend to any property however owned and designated as a landmark or located in or to be constructed in any landmark district, architectural conservation district or protection area and to plans, projects or work to be executed or assisted by any governmental body or its officers, departments, agencies, authorities or boards and affecting any landmark or any improvement or exterior architectural feature located in or to be constructed in any landmark district, architectural conservation district or protection area.

SECTION 6. *Application for Certificates from Commission.* Every application for any certificate required by section five shall be filed with the secretary of the commission and shall include as appendices a copy of the application, if any, for the building permit or sign permit to be accompanied by such certificate and such plans, specifications and other information as shall be prescribed by the commission in its regulations then in effect.

Within the eight days next following the date of such filing, excluding any Saturday, Sunday, or legal holiday, the commission or such person as the commission shall have duly authorized so to act on its behalf shall determine whether the application shall be acted on as an application for a certificate of design approval to be issued in accordance with section seven or a certificate of exemption to be issued in accordance with section eight; and if eight days shall expire without any such determination, the commission or authorized person shall thereupon issue a certificate of exemption, provided that no certificate of exemption pursuant to section eight may be issued until a public hearing has been held as provided hereunder.

Except as otherwise provided in this section, the commission shall hold a public hearing on every application determined, in accordance with section six and eight to require a certificate or design approval or a certificate of exemption.

The commission shall give at least ten days' prior notice to every hearing provided for in this section by posting notice thereof in the office of the city clerk and mailing copy of such notice to the applicants and to every owner as appearing on the then most recent tax list of property abutting the landmark or

improvement which is the subject of the application, the mayor, the Boston Redevelopment Authority and any other person that shall have requested notice of such hearing. Such requests may be made annually in December.

Any such hearing may be conducted by any member or members or employee or employees of the commission duly authorized by the commission so to act on its behalf, in which event such person or persons shall, promptly following conclusion of the hearing, file with the commission a written report on the hearing with recommendations for action by the commission.

As soon as may be convenient following such hearing but not later than the thirtieth day next following the date of filing of the application or such further time as the applicant in writing may allow the commission, the commission shall determine whether or not the construction, reconstruction, restoration, alteration, erection, replacement or demolition delineated in the application and appendices thereto is consistent with the purposes of this act. Forthwith upon making such determination, the commission shall issue a certificate of design approval or a certificate of exemption or shall state in writing its reasons including such recommendations, if any, as the commission may deem appropriate for not issuing such certificate and shall by certified mail give notice of such determination to the applicant and, whenever a public hearing shall have been held, give notice by regular mail to every person who shall have requested at the public hearing notice of such decision. If the commission shall fail to make such a determination within the said period of time, such application shall be considered approved by operation of law and the commission shall, upon demand of the applicant following expiration of such period, forthwith issue a certificate of exemption.

In making such determination the commission shall consider: (*i*) the regulations adopted by the commission under section four as part of the designation to which the application is subject; (*ii*) the relationship of the construction, reconstruction, restoration, alteration, erection, replacement or demolition delineated in the application and appendices thereto to the entirety of the landmark, improvement or exterior architectural feature which is the subject of the application, to other physical features or improvements in the landmark district, architectural conservation district or protection area, if any, where such landmark, improvement, or exterior architectural feature is located, and to the historical, social, cultural, architectural or aesthetic significance to the city, the commonwealth, the New England region or the nation of such landmark, improvement, or exterior architectural feature; and (*iii*) such historical, social, cultural, architectural or aesthetic consideration or considerations, if any, as the commission shall deem significant and directly related to effecting the purposes of this act.

SECTION 7. *Certificate of Design Approval.* The commission may incorporate in any certificate of design approval such condition or conditions, if any, as the commission may find necessary or desirable to effect the purposes of this act and may specify that certain of such conditions shall be covenants running with the land. Prior to any such incorporation, the commission may advise the applicant of the proposed condition or conditions and invite his comments thereon and, in accordance with the procedures and criteria of this section, may at any time and from time to time modify or remove any condition so incorporated.

No certificate of design approval issued by the commission subject to any condition which has been specified as a covenant running with the land, nor any action by the commission modifying or removing any such condition, shall take effect until notice thereof shall have been recorded in the Suffolk county registry of deeds. Such notice shall contain the name and address of the owner as appearing on the then most recent tax list of the property which is the subject of the application, shall identify such property, shall state the date and docket number of the commission's determination on the application and shall summarize every such condition. Such notice shall be indexed in the grantor index under the name of such owner, and the fee for such recording shall be paid by the applicant.

SECTION 8. *Certificate of Exemption.* A certificate of exemption shall be issued by the commission in response to every application determined, in accordance with section six, to delineate: (*i*) only ordinary maintenance and repair involving no change in design, material, color and outward appearance, or any of them; or (*ii*) any construction, reconstruction, restoration, alteration, erection, replacement or demolition which the building commissioner shall have certified as being required to remove or rectify a condition dangerous to the public safety; or (*iii*) any construction, reconstruction, restoration, alteration, erection, replacement or demolition authorized under any building permit or sign permit duly issued prior to the effective date of this act.

Such a certificate may be issued by the commission in response to any application whenever, in accordance with section six, it shall be determined: (*i*) that the construction, reconstruction, restoration, alteration, erection, replacement or demolition delineated in the application and appendices thereto would not materially impair the historical, social, cultural, architectural or aesthetic significance of the landmark or improvement which is the subject of the application and the landmark district or architectural conservation district, if any, in which such landmark or improvement is located; and (*ii*) that failure to issue such certificate would impose substantial hardship on the applicant. The applicant shall be required to produce evidence of substantial hardship, which may include evidence that the

property which is the subject of the application is not capable of earning a reasonable return. The commission shall review such evidence and make a finding as to whether substantial hardship would result from failure to issue a certificate of exemption. Notwithstanding any other provisions hereunder, the commission may postpone a final determination on the application for up to ninety days from the date of the hearing held pursuant to section six, during which time it shall endeavor to devise, in consultation with the applicant, a plan whereby, through such actions as are necessary or appropriate, the landmark or improvement may be preserved.

SECTION 9. *Appeals.* Any person aggrieved by a designation of the commission or any applicant for a certificate aggrieved by a determination pertaining to that certificate of the commission may, within thirty days next following date of such designation or determination, appeal the designation or determination to the superior court for Suffolk county.

Upon every such appeal, the court shall hear all pertinent evidence and, on the basis thereof, shall affirm the designation or determination of the commission or, if it finds the decision of the commission to be unwarranted by the evidence or to exceed the authority of the commission, or to damage the owner of the property unreasonably in comparison to the benefit conferred on the public, shall annul the designation or determination of the commission in whole or in part or remand the case for further action by the commission or make such other decree as justice and equity may require, including requiring that notice of such decision be recorded. The remedy provided by this section shall be exclusive, but the parties shall have all rights of exception and appeal as in other cases. Costs shall not be allowed against the commission or any appellant unless the court shall find that the commission's determination shall have been made, or the appellant's appeal shall have been taken in bad faith.

SECTION 10. *Enforcement.* Whoever, without the certificate required by and effective in accordance with this act, shall undertake any (*i*) reconstruction, restoration, exterior erection, exterior or interior replacement or alteration or demolition of any landmark or any (*ii*) construction, reconstruction, exterior erection, replacement or alteration or demolition with respect to any exterior architectural feature in any landmark district, architectural conservation district or protection area shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars; and whoever, after having received from the commission appropriate notice to desist, shall, in violation of this act, permit any exterior architectural feature of any landmark or in any such district or area to continue to exist shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars. A separate offense shall occur every day during any portion of which any such violation shall transpire.

Upon petition of the commission, the superior court for Suffolk county may restrain any construction, reconstruction, restoration, erection, replacement, alteration, or demolition in violation of this act and may order the removal in whole or part of any exterior architectural feature permitted to exist in violation of this act and may order such reconstruction or restoration as may be necessary or desirable to redress any alteration or demolition undertaken in violation of this act.

SECTION 11. *Other Functions of Commission.* The commission may conduct and direct continuing studies of areas, physical features and improvements in the city which are known to or shall be brought to the attention of the commission as possible landmarks, landmark districts, architectural conservation districts or protection areas, may from time to time make appropriate reports on such studies, may carry on educational activities in furtherance of the purposes of this act and shall advise such other officials of the city as the mayor may from time to time specify and may advise any official of the city, the commonwealth, the New England region or the nation who may request such advice.

The commission or its members shall be deemed for all purposes to be an historic district study committee as provided under chapter forty C of the General Laws, but if in case the provisions of said chapter forty C shall conflict with this act, the provisions of this act shall govern.

The commission shall be deemed for all purposes to be the historical commission of the city and shall have all the powers of a historical commission under section eight D of chapter forty and under chapter forty C of the General Laws; but if in any case the provisions of said section eight D of chapter forty or chapter forty C shall conflict with this act, the provisions of this act shall govern.

In the name of the city and in order to effect the purposes of this act, the commission may, with the consent of the mayor and council, apply for any gift or grant of any property and any form of subvention and subject to the consent of the mayor and council, may receive any such gift, grant, or subvention and acquire by gift, purchase, grant, bequest, devise, lease, or otherwise the fee, any lesser interest, development right, easement, including any scenic easement, covenant, or other contractual right, including conveyances on conditions or with limitations or reversions, in any property in the city. The commission may, with the consent of the mayor and council, apply for, receive, or expend any federal, state or private grant, grant-in-aid, gift or bequest, in furtherance of the general purposes of this act, and with consent of the mayor and council, may notwithstanding any provision of low or ordinance to the contrary, for the purpose of matching or qualifying for such a grant, grant-in-aid, gift or bequest, obligate the expenditure of funds which the commission may have, or have

appropriated to it, whether or not the same is to be spent within the then current municipal or fiscal year.

Upon written request by the commission of the mayor, the city, by a two-thirds vote of the council and the consent of the mayor, may, in order to effect the purposes of this act, take by eminent domain under chapter seventy-nine of the General Laws any real estate or interest therein located in the city; and, by such vote and such consent, the city may appropriate and expend money for the purpose of paying, in whole or part, any damages for which the city may be liable by reason of any such taking.

All property so received, acquired, or taken shall be under the care, custody and control of the commission in the name of the city.

In the name of the city, in order to effect the purposes of this act, and subject to the consent of the mayor and council, the commission may, by sale, barter, or other exchange, convey with or without deed restrictions or other protective encumbrances or otherwise transfer any property managed and controlled by it.

SECTION 12. *Severability.* The provisions of this act are severable; and if any such provision or provisions shall be held invalid or unconstitutional by any decision of any court of competent jurisdiction, such decision shall not impair or otherwise affect any other provisions of this act.

Approved December 16, 1975.

The Honorable Paul H. Guzzi, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY: — I, Michael S. Dukakis, pursuant to the provisions of Article XLVIII of the Amendments to the Constitu-

In order to allow for the immediate establishment and operation of such corporation.

Chap. 774. AN ACT AUTHORIZING THE CONTRIBUTION OF ONE ADDITIONAL DOLLAR OVER AN INDIVIDUAL'S INCOME TAX LIABILITY TO A STATE ELECTION CAMPAIGN FUND TO PROVIDE LIMITED PUBLIC FINANCING OF CAMPAIGNS FOR STATEWIDE ELECTIVE OFFICE.

Be it enacted, etc., as follows:

SECTION 1. Chapter 10 of the General Laws is hereby amended by inserting after section 41 the following four sections: —

Section 42. There shall be established on the books of the commonwealth a separate fund to be known as the state election campaign fund, consisting of all revenues received under the provisions of section six C of chapter sixty-two, and all other monies credited or transferred thereto from any other fund or source pursuant to law.

The state treasurer shall deposit the fund in accordance with the provisions of sections thirty-four and thirty-four A of chapter twenty-nine in such manner as will secure the highest interest rate available consistent with safety of the fund and with the

requirement that all amounts on deposit be available for immediate withdrawal at any time after June thirtieth in any year in which elections are held for statewide elective office.

The state election campaign fund shall be expended only for the payment to eligible candidates, as determined under chapter fifty-five A, of amounts due on account of public financing on campaigns for statewide elective office and any unexpended balances shall be redeposited, as herein provided, pending the next year in which elections are held for statewide elective office.

Section 43. On or before the eighth Tuesday before the primary election in any year in which elections are held for statewide elective office, the balance of the state election campaign fund shall be determined by the comptroller as of June thirtieth of that year and the state election campaign fund shall thereupon be divided by the comptroller into primary and state election accounts as follows:

(*a*) Sixty per cent of the fund shall be allocated to the primary election account which shall be further subdivided into as many primary candidate accounts as there are candidates for statewide elective office who both qualify for the primary ballot and have primary opposition as certified by the state secretary under section two of chapter fifty-five A. Each primary candidate account shall be credited with an amount determined by dividing the primary election account by a number equal to the sum of five times the number of certified candidates for governor, two and one half times the number of certified candidates for attorney general and one times the number of certified candidates for the other statewide elective offices; provided that each candidate account for the office of governor shall be credited with five times the amount so determined and each candidate account for the office of attorney general shall be credited with two and one half times the amount so determined.

(*b*) Forty per cent of the fund shall be allocated to the state election account.

On or before the fifth Tuesday preceding such state election the state election account shall be further subdivided into as many state election candidate accounts as there are candidates for statewide elective office who both qualify for the state election ballot and have opposition in the state election as certified by the state secretary under section two of chapter fifty-five A, provided that one candidate account only shall be established for each governor and lieutenant governor team of candidates. Each state election account shall be credited with an amount determined by dividing the state election account by a number equal to the sum of five times the number of certified candidate teams for governor and lieutenant governor, two and one half times the number of certified candidates for attorney general and one times the

number of certified candidates for the other statewide elective offices; provided, that each governor and lieutenant governor candidate account shall be credited with five times the amount so determined and each candidate account for the office of attorney general shall be credited with two and one half times the amount so determined.

Section 44. On or before the eighth, sixth, fourth and second Tuesday before the primary election in any year in which elections for statewide elective office are held the state treasurer shall without further appropriation distribute from each primary candidate account the amounts then certified by the director of campaign and political finance to be due to each eligible candidate. All distributions shall be made by direct deposit to the depository accounts designated by such candidates under section nineteen of chapter fifty-five. Immediately following the second Tuesday before the primary election all primary candidate accounts established under section forty-three shall be closed and any balances remaining shall be allocated to the general election account and shall be available for distribution as herein provided.

On or before the fourth and second Tuesday before the state election in any year in which elections are held for statewide elective office, the state treasurer shall without further appropriation distribute from each state election candidate account the amounts then certified by the director of campaign and political finance to be due to each eligible candidate. All distributions shall be made by direct deposit to the depository accounts designated by such candidates under section nineteen of chapter fifty-five. Immediately following the second Tuesday before the state election all state election candidate accounts established under section forty-three shall be closed and any balances remaining shall be redeposited as provided in section forty-one pending the next year in which statewide elections are held.

Section 45. The state auditor shall conduct a post-audit of all accounts and transactions involving the state election campaign fund for any year in which elections are held for statewide elective office and shall conduct such other special audits and post-audits as he may deem necessary. The state auditor shall publish a report of any post-audit required by this section on or before April first of the year following any year in which elections are held for statewide elective office. The comptroller shall conduct a post-audit of the accounts and transactions of any candidate for state auditor.

SECTION 2. Chapter 55 of the General Laws is hereby amended by striking out section 6, as appearing in section 1 of chapter 151 of the acts of 1975, and inserting in place thereof the following section: —

Section 6. A political committee organized or operating on behalf of a candidate for the office of governor, lieutenant governor, attorney general, state secretary, treasurer and receiver general, or auditor may receive pay and expend money or other things of value for reasonable and necessary expenses directly related to the campaign of the candidate but shall not make any expenditure that is primarily for the candidate's or any other person's personal use, provided however, that the director shall establish reasonable rules and regulations concerning such expenditures; and provided, further, that no such committee, other than the state committee of a political party, may contribute to any other political committee or to the campaign fund of any other candidate.

Any other political committee, duly organized, may receive, pay and expend money or other things of value for the enhancement of the political future of the candidate or the principle, for which the committee was organized so long as such expenditure is not primarily for the candidate's or any other person's personal use, provided, however, that the director shall establish reasonable rules and regulations concerning such expenditures; and provided, further, that such committee may contribute to other political committees and may contribute to the campaign fund of a candidate; and provided, further, that the aggregate of all such contributions made by such a committee organized on behalf of a candidate to another nonelected political committee organized on behalf of a candidate shall not exceed in any one calendar year the sum of one hundred dollars; and provided further, that the aggregate of all such contributions made by such a committee organized on behalf of a candidate to other nonelected political committees organized on behalf of candidates shall not exceed in any one calendar year the sum of fifteen hundred dollars.

Such committee may place surplus funds in a savings account and may earn interest thereon but it may not invent its funds or other things of value in any other manner.

Violation of any provision of this section shall be punished by imprisonment for not more than one year or by a fine of not more than one thousand dollars.

SECTION 3. The General Laws are hereby amended by adding after chapter 55 the following chapter: —

CHAPTER 55A.

LIMITED PUBLIC FINANCING OF CAMPAIGNS FOR STATEWIDE ELECTIVE OFFICE.

Section 1. Unless a contrary intention clearly appears, the words and phrases used in this chapter shall have the following meanings:

"Director", the director of campaign and political finance as established by chapter fifty-five.

"Candidate", any candidate as defined by chapter fifty-five.

"Statewide elective office", the office of governor, lieutenant governor, attorney general, secretary, treasurer and receiver general, and auditor.

"Contribution", any contribution as defined by chapter fifty-five.

"Qualifying contribution", any contribution made by an individual and deposited in a candidate's depository account as required by section nineteen of chapter fifty-five during the calendar year in which elections are held for statewide elective office or the next preceding calendar year except as follows: (*a*) no contribution shall be considered a qualifying contribution unless the name and address of the individual making the contribution can be determined from statements required to be filed with the director; (*b*) no contribution shall be considered a qualifying contribution to the extent that it exceeds two hundred and fifty dollars or would exceed two hundred and fifty dollars when added to any such contribution previously made by the same individual during the calendar year in which elections are held for statewide elective office or the next preceding calendar year.

The same contribution may be a qualifying contribution for both the primary election and the state election in a year in which elections are held for statewide elective office but no contribution shall remain a qualified contribution after the end of any such year.

Section 2. On or before the ninth Tuesday before the primary election in any year in which elections are held for statewide elective office the state secretary shall determine and certify to the director and the state treasurer the names and addresses of all candidates for statewide elective office who qualify for the primary ballot and are opposed by one or more candidates who have qualified for the same ballot in the primary election. For purposes of this chapter any candidate for statewide elective office for whom certificates of nomination and nomination papers have been filed in apparent conformity with law shall be considered qualified for the ballot notwithstanding any objections thereto that may be filed and notwithstanding any vacancy that may occur following the filing of such certificates of nominations and nomination papers other than a vacancy caused by withdrawal of a candidate within the time allowed by law. On or before the fifth Tuesday before the state election in any such year the state secretary shall determine and certify to the director and to the state treasurer the names and addresses of all candidates for statewide elective office who qualify for the state election ballot and are opposed by one or more candidates

who have qualified for the state election ballot. For purposes of this chapter any candidate for statewide elective office for whom certificates of nomination and nomination papers have been filed in apparent conformity with law shall be considered qualified for the ballot, as provided with respect to candidates for the primary election, and any such candidates nominated at the primary election shall be considered qualified for the ballot notwithstanding any objections thereto that may be filed and notwithstanding any vacancy that may occur other than a vacancy caused by withdrawal of a candidate within the time allowed by law. The state secretary shall promptly determine and certify to the director and state treasurer the name and address of any candidate that no longer qualifies for the primary or state election ballot or no longer has opposition because of death or withdrawal or ineligibility for office or because objections to certificates of nomination and nomination papers have been sustained or because of a recount or for any other like reason.

Section 3. The director shall determine and certify to the state treasurer those candidates for statewide elective office that are eligible for limited public financing as provided in sections four and six and shall determine and certify to the state treasurer the amounts due to each eligible candidate as provided in sections five and seven.

Said director shall prescribe and make available forms on which statements of qualifying contributions shall be filed by candidates, which statements shall contain the name and address of each individual making a contribution, the amount of the contribution and date of deposit, the cumulative total of all contributions made by that individual during the calendar year in which elections are held for statewide elective office and the next preceding calendar year and shall contain such other information and shall be organized in such a manner as the director may reasonably require to expedite the determinations required to be made by the director by this chapter. The director shall notify candidates of any amounts determined by the director to be due from candidates under section nine and shall direct that such amounts be paid to the state election campaign fund. On or before January thirtieth of any year next following a year in which elections are held for statewide elective office the director shall prepare and submit a report relating to the matters entrusted to him under this chapter to the clerk of the senate and to the commission established by section three of chapter fifty-five and shall make copies of such report available to any person upon payment of the reasonable cost of copying or reproduction.

Section 4. Any candidate for statewide elective office certified by the state secretary under section two as qualifying for the ballot and having opposition in the primary election shall be

eligible to receive limited public financing of his primary election campaign, to the extent provided by section five, on determination and certification by the director that the candidate (*a*) has filed a request for public financing with the director together with the bond required by section eight and (*b*) has received qualifying contributions as defined by section one in at least the following minimum amounts for the following statewide elective offices:

Governor	$75,000
Lieutenant Governor	15,000
Attorney General	37,500
Secretary	15,000
Treasurer and Receiver General	15,000
Auditor	15,000

Only amounts appearing in statements of qualifying contributions filed with the director, in such form as he shall prescribe, shall be considered in determining whether any such minimum amount has been met. Determination and certification of the eligibility of candidates shall be made by the director on or before the eighth, sixth, fourth and second Tuesday before the primary election and shall be based solely upon information contained in such statements as have been filed prior to such dates.

Section 5. Any candidate eligible to receive limited public financing of his primary election campaign shall, on determination and certification by the director, be entitled to an amount equal to one dollar for each one dollar of qualifying contributions as defined by section one, subject to the following limitations: (*a*) no candidate shall be entitled to receive any amount in excess of the balance then remaining in the primary candidate account established for that candidate under section forty-two of chapter ten; (*b*) nor shall any candidate be entitled to receive any amount in excess of the following maximum amounts for the following statewide elective offices:

Governor	$250,000
Lieutenant Governor	50,000
Attorney General	125,000
Secretary	50,000
Treasurer and Receiver General	50,000
Auditor	50,000

Only amounts appearing in statements of qualifying contributions filed with the director, in such form as he shall prescribe, shall be considered in determining amounts to which candidates are entitled. Determinations and certifications of the amounts to which eligible candidates are entitled shall be made by the director on or before the eighth, sixth, fourth and second Tuesday before the primary election and shall be based solely

upon information contained in such statements as have been filed prior to such dates.

Section 6. Any candidate for statewide elective office certified by the state secretary under section two as qualifying for the ballot and having opposition in the state election shall be eligible to receive limited public financing of his state election campaign, to the extent provided by section seven, on determination and certification by the director that the candidate (*a*) has filed a request for public financing with the director together with the bond required by section eight and (*b*) has received qualifying contributions as defined by section one in at least the following minimum amounts for the following statewide elective offices:

Governor and Lieutenant Governor	$125,000
Attorney General	62,500
Secretary	25,000
Treasurer and Receiver General	25,000
Auditor	25,000

Only amounts appearing in statements of qualifying contributions filed with the director, in such form as he shall prescribe, shall be considered in determining whether any such minimum amount has been met. Determinations and certifications of the eligibility of candidates shall be made by the director on or before the fourth and second Tuesday before the state election and shall be based solely upon information contained in such statements as have been filed prior to such dates.

The fact that a qualifying contribution has previously been considered in determining eligibility for, or the extent of, public financing of a candidate's primary election campaign shall not prevent consideration of the same contribution in determining eligibility for public financing of such candidate's state election campaign.

Section 7. Any candidate eligible to receive limited public financing of his state election campaign shall, on determination and certification by the director, be entitled to an amount equal to one dollar for each one dollar of qualifying contributions as defined by section one subject to section nine and subject to the following limitations: (*a*) no candidate shall be entitled to receive any amount in excess of the balance then remaining in the state election candidate account established for that candidate under section forty-three of chapter ten; (*b*) nor shall any candidate be entitled to receive any amount in excess of the following maximum amounts for the following statewide elective offices:

Governor and Lieutenant Governor	$250,000
Attorney General	125,000
Secretary	50,000
Treasurer and Receiver General	50,000
Auditor	50,000

Only amounts appearing in statements of qualifying contributions filed with the director, in such form as he shall prescribe, shall be considered in determining amounts to which candidates are entitled. Determinations and certifications of the amounts to which eligible candidates are entitled shall be made by the director on or before the fourth and second Tuesday before the state election and shall be based solely upon information contained in such statements as have been filed prior to such dates.

The fact that a qualifying contribution has previously been considered in determining eligibility for, or the extent of, public financing of a candidate's primary election campaign shall not prevent consideration of the same contribution in determining the extent of public financing of such candidate's state election campaign.

Section 8. No candidate shall be eligible to receive public financing under this chapter unless and until the candidate deposits with the director a bond for the faithful compliance by such candidate and any political committee organized on his behalf with the provisions of this chapter. Such bond shall be in a form approved by the director, shall be signed by such candidate and the chairman and treasurer of any such committee, shall run to the commonwealth, shall be in force during the year in which elections for statewide elective office are held and shall be in the following sums for the following statewide elective offices:

Governor	$250,000
Lieutenant Governor	50,000
Attorney General	125,000
Secretary	50,000
Treasurer	50,000
Auditor	50,000

On determination by the director that a candidate has failed to make the payments to the state treasurer required by section nine the director may request the attorney general to bring an action in the name of the state treasurer upon the bond of such candidate and his political committee and may recover for the benefit of the state election campaign fund, up to the sum of such bond, any such payments so required. Any such action shall be in addition to remedies otherwise available by law and no action on any such bond shall preclude the director from bringing such other civil or criminal proceedings as may otherwise be provided by law.

Section 9. Within two weeks following any primary or state election for statewide elective office any candidate who has received public financing under this chapter shall file a statement with the director showing the balance remaining in the candidate's depository account as of the primary or state

election less any reserve necessary to cover debts incurred to defray campaign expenditures incurred during such primary or state election. Except as herein provided, any candidate having a surplus balance following any such primary or state election shall thereupon pay to the state treasurer for deposit to the state election campaign fund an amount determined by multiplying such surplus balance by a fraction the numerator of which is the total amount of public financing received on account of such primary or state election campaign and the denominator of which is the sum of such public financing received and all contributions received by such candidate. No candidate having a surplus balance following the primary election shall be required to make any payment on account of such surplus if such candidate is certified by the state secretary under section two as qualifying for the ballot and having opposition in the state election and is certified by the director of campaign and political finance as eligible for public financing for the state election within three weeks following such primary election; provided, however, that in determining and certifying the amount to which any such candidate is entitled under section seven the director shall reduce the amount that would otherwise be determined thereunder by an amount equal to the amount that such candidate would be required to pay to the state treasurer under this section but for this sentence.

If the director determines that any portion of the payments made to an eligible candidate under this chapter was in excess of the aggregate amount of the payments to which the candidate was entitled he shall so notify the candidate and he shall thereupon pay to the state treasurer an amount equal to the excess amount.

If the director determines that any portion of the payments made to a candidate under this chapter for use in his primary election campaign or his state election campaign was used for any purpose other than to defray campaign expenditures in that campaign, or to repay loans the proceeds of which were used to defray campaign expenditures in that campaign, the director shall so notify the candidate and he shall thereupon pay an amount equal to the full amount so used to the state treasurer without regard to the source of the funds so used.

Any candidate who fails to pay an amount determined by the director to be due within ten days of notice thereof shall be subject to a penalty of fifty dollars per day for every day that such amount remains unpaid.

Section 10. No candidate shall be required to accept public financing nor shall any candidate otherwise eligible for public financing be denied such financing solely because an opposing candidate declines to accept such financing.

Section 11. The director shall promulgate such rules and regulations as are necessary to effectuate the purposes of this chapter.

The director shall have the same power and authority to investigate the legality, validity, completeness and accuracy of all reports and actions required to be filed and taken by candidates pursuant to this chapter as is provided by section three of chapter fifty-five pertaining to campaign contributions and expenditures.

Section 12. Violation by any person of any provision of this chapter shall, in addition to any civil liabilities established by this chapter, be punished by imprisonment for not more than one year or by a fine of not more than one thousand dollars or both.

SECTION 4. Chapter 62 of the General Laws is hereby amended by inserting after section 6B the following section: —

Section 6C. Every individual who files a separate return and whose income tax liability for any taxable year is one dollar or more may voluntarily contribute one additional dollar over his income tax liability to be paid over to the state election campaign fund for the account of candidates for statewide elective office in accordance with the provisions of chapter fifty-five A.

In the case of a joint return of husband and wife having an income tax liability of two dollars or more, each spouse may voluntarily contribute one dollar to the fund.

A contribution made under this section may be made with respect to any taxable year at the time of filing the return of the tax imposed by this chapter for such taxable year; provided, however, that the commissioner shall prescribe the manner in which such contribution shall be made on the face of the return required by section twenty-two.

The provisions of this section shall apply only to residents required to file a return under this chapter.

For purposes of this section the phrase "income tax liability for any taxable year" shall mean the amount of tax imposed by this chapter reduced by sum of the credits allowed by clauses (*a*) and (*b*) of section six and the words "statewide elective office", and "candidates" shall have the same meaning as in chapter fifty-five A.

SECTION 5. This act shall take effect on July first, nineteen hundred and seventy-six.

Approved December 16, 1975.

Chap. 775. AN ACT MAKING THE MASSACHUSETTS MUNICIPAL WHOLESALE ELECTRIC COMPANY A PUBLIC CORPORATION AND DEFINING ITS POWERS AND DUTIES.

Whereas, The deferred operation of this act would tend to defeat

its purpose, which is to permit the Massachusetts Municipal Wholesale Electric Company immediately to pursue opportunities to finance electric power facilities, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. The following words as used in this act shall, unless the context otherwise requires, have the following meanings:

"Bonds" or "bond", bonds, notes and other evidence of indebtedness of the corporation issued under the provisions of this act.

"Corporation", the Massachusetts Municipal Wholesale Electric Company, heretofore organized under chapter one hundred and sixty-four of the General Laws.

"Department", the department of public utilities.

"Electric power facilities", or "electric power facility", any system or facilities for the generation, transmission or transformation of electric power and energy by any means whatsoever, including, without limiting the generality of the foregoing, facilities for processing refuse or other materials into fuel, with or without other by-products.

"Majority vote", majority vote as defined in section one of chapter forty-four of the General Laws.

"Municipal light board", the municipal light board or commission, municipal gas and electric commission or similar body of a city or town having a municipal electric department established under chapter one hundred and sixty-four of the General Laws or a special act; the mayor or city manager, as the case may be, of such a city having no such body; or the selectmen of such a town having no such body. Such a city or town may exercise any of its power or authority contained in this act through its municipal light board.

SECTION 2. The corporation is hereby made a body politic and corporate and a political subdivision of the commonwealth. Said corporation is constituted a public instrumentality and the exercise of the powers conferred by this act shall be deemed and held to the performance of an essential public function.

SECTION 3. (*a*) Each city or town which is entitled to nominate a director of the corporation immediately prior to the effective date of this act and which is authorized to become a member of the corporation by majority vote of such city or town shall be a member of the corporation. Any other city or town having a municipal electric department, established under the provisions of chapter one hundred and sixty-four of the General Laws or a special act, and which is authorized to become a member by

majority vote of such city or town may become a member by applying for admission to the corporation and agreeing to comply with such reasonable terms and conditions of membership as the by-laws may fix from time to time. Membership may be terminated pursuant to such reasonable terms and conditions as the by-laws may fix from time to time, provided that liabilities under contracts in force at the time of such termination shall not be affected except as provided in such contracts.

(*b*) The member cities and towns, voting at a meeting or by written instrument, shall have the power to adopt, amend or repeal the by-laws and to elect directors of the corporation. Each member city or town shall from time to time designate, by a writing filed with the corporation, its manager of municipal lighting or a member of its municipal light board to vote and execute such written instruments on its behalf. Each member city or town shall have one equal vote, except that the election of the directors of the corporation shall be carried out according to the procedure set forth in clause (*a*) of section four. A majority of the votes shall be necessary for action by the member cities and towns.

(*c*) The general expenses of the corporation which are not provided from other sources may be provided by the member cities and towns as may be agreed upon with the corporation.

SECTION 4. (*a*) Except as otherwise provided in this act, the powers of the corporation shall be exercised by a board of nine directors. The governor shall appoint two directors who shall serve at the pleasure of the governor. The member cities and towns shall elect seven directors from among their respective managers of municipal lighting and members of their municipal light boards, who shall serve for a term of one year and until their successors are chosen and qualified. Three of the seven elected directors shall be elected by the member cities and towns each of whom shall have one equal vote. The remaining four of the seven elected directors shall be elected by the member cities and towns each of whom shall have a vote which shall be given weight in the same proportion which its annual kilowatt-hour sales as most recently reported to the department under chapter one hundred and sixty-four of the General Laws or as otherwise determined or estimated in accordance with the by-laws bears to the total of such sales by all member cities and towns. Such an elected director may be removed at any time by the member cities and towns with or without cause or for cause by the board. The member cities and towns shall elect a successor to fill any vacancy among the elected directors for the unexpired term. No vacancy in the membership of the board shall impair the right of a quorum to exercise the powers of the board. A majority of the full membership of the board shall constitute a quorum and a majority of such quorum shall be necessary for any action by the board. The directors shall

not be entitled to compensation for their services as such, but they shall be reimbursed for actual expenses necessarily incurred in the performance of their duties.

(*b*) The board shall annually choose a chairman, a secretary and a treasurer, and such other officers as the board may determine. Two or more offices may be held by the same person, and except in the case of the chairman, an officer need not be a director. Each officer shall serve until his successor is chosen and qualified unless sooner removed by the board, with or without cause. In the event of a vacancy in any office, the board shall fill the vacancy for the unexpired term. If a director serves as secretary or treasurer or both, he may be compensated by the corporation for his services as such, otherwise a director shall not be compensated by the corporation for his services as an officer, but he shall be reimbursed for his actual expenses necessarily incurred in the performance of his duties.

(*c*) A director or officer of the corporation who is also an officer or employee of the commonwealth or of a member city or town or other public body shall not thereby be precluded from voting or acting on behalf of the corporation on a matter involving the commonwealth or the city or town or other public body.

SECTION 5. The corporation shall have all the rights and powers necessary or convenient to carry out and effectuate the purposes and provisions of this act, including, but without limiting the generality of the foregoing, the rights and powers:

(*a*) to adopt by-laws for the regulation of the affairs and the conduct of its business, and to prescribe rules, regulations and policies in connection with the performance of its functions and duties;

(*n*) to contract for the use of transmission and distribution facilities owned by others for the delivery to purchasers of electric power and energy sold by the corporation, any such owner is hereby authorized to enter into such contracts with the corporation;

(*o*) to contract with respect to the purchase, sale, delivery, exchange, interchange, wheeling, pooling, transmission or use of electric power and energy and to otherwise participate in intrastate, interstate and international arrangements with respect thereto, including a New England power pool as defined by section one of chapter one hundred and sixty-four A of the General Laws;

SECTION 6. (*a*) The corporation may contract to sell, and member and non-member cities and towns having municipal electric departments established under chapter one hundred and sixty-four of the General Laws or by a special act and other utilities, public or private, may contract to purchase all or a portion of the capacity and output of one or more specific electric power facilities including, without limiting the generality of the foregoing, contracts providing for planning, engineering, design, acquiring sites or options for sites and expenses preliminary or incidental to such facilities. Any such contract (*i*) may be for the life of a facility or other term or for an indefinite period, (*ii*) may provide for the payment of unconditional obligations imposed without regard to whether a facility is undertaken, completed, operable or operating and notwithstanding the suspension, interruption, interference, reduction or curtailment of the output of a facility and (*iii*) may contain provisions for prepayment, non-unanimous amendment, arbitration, delegation and other matters deemed necessary or desirable to carry out its purposes. Any such contract may also provide, in the event of default by any party thereto in the performance of its obligations thereunder, for other parties to assume the obligations and succeed to the rights and interests of the defaulting party, pro rata or otherwise as may be agreed upon in the contract.

(*b*) Neither the obligations of the corporation nor the obligations of such member or non-member cities and towns under capacity and output contracts hereunder shall be included in computing the borrowing capacities of the cities and towns. Such obligation of cities and towns having municipal electric departments established under chapter one hundred and sixty-four of the General Laws or a special act shall be treated as expenses of operating their electric plants and shall constitute special obligations of such cities and towns, payable solely from the revenues and other moneys derived by the cities and towns from other funds being limited to obligations undertaken by them to pay for the electric power and energy used by them.

(*c*) A city or town shall be obligated to fix, revise and collect fees and charges for electric power and energy and other services, facilities and commodities furnished or supplied through its electric department or system at least sufficient to provide revenues adequate to meet its obligations under any such output and capacity contract and to pay any and all other amounts payable from or constituting a charge and lien upon such revenues, including amounts sufficient to pay the principal of and interest on all bonds issued by the city or town for electric purposes.

SECTION 7. Subject to those provisions of chapter one hundred and sixty-four of the General Laws which are made applicable by section nineteen hereof, the corporation may acquire real property, or any interest therein, by eminent domain in accordance with the provisions of chapter seventy-nine or chapter eighty A; provided, however, that (*i*) no property already appropriated to public use shall be so taken except to the extent and for the purposes permitted by said provisions of said chapter one hundred and sixty-four and (*ii*) no facility for the generation, transmission or distribution of electric power and energy owned by any person shall be so taken for the purpose of acquiring property or rights therein to permit the crossing of existing transmission or distribution facilities. Any taking under chapter seventy-nine of the General Laws shall be governed by the provisions of said chapter which are applicable to public corporations or authorities. Before a taking is made or injury inflicted by the corporation for which damages may be recovered under chapters seventy-nine or eighty A of the General Laws, the corporation shall file with the department of public utilities security to the satisfaction of the department for the payment of all damages and costs which may be awarded for the property taken or injured; and if, upon petition of the owner and notice to the corporation, any security taken appears to the department to have become insufficient, the department shall require the corporation to give further security to the satisfaction of the department.

SECTION 8. (*a*) The corporation shall not be required to pay any taxes upon its income, existence or franchise, and the bonds issued by the corporation, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be exempt from taxation within the commonwealth.

(*b*) Real and personal property, situated within the commonwealth and owned by the corporation shall be exempt from property taxation, provided, however, that the corporation shall, in lieu of property taxes, pay to any governmental body authorized to levy local property taxes the amount which would be assessable as local property taxes on the real and tangible personal property if such property were the property of a corporation defined as an "electric company" in section one of chapter one hundred and sixty-four of the General Laws. Such payments shall be due, and bear interest if unpaid, as in the case of taxes on the property of such an "electric company". For purposes of such payments in lieu of taxes, the assessors of the taxing authority shall make a valuation and assessment of the property and determine the tax that would be assessable if such property were owned by a corporation as defined as an "electric company". Payments in lieu of taxes made hereunder shall be treated in the same manner as taxes for the purposes of all procedural and substantive provisions of law, including appeals, now and hereinafter in effect applicable to assessment and taxation of real and personal property, collection and abatement of such taxes and the raising of public revenues.

SECTION 9. (*a*) The corporation may, subject to the approval of the department under this act, borrow money by the issue of its bonds for any of its corporate purposes. Bonds may be issued hereunder as general obligations of the corporation or as special obligations payable solely from particular funds. Without limiting the generality of the foregoing, such bonds may be issued for project costs, or the corporation's share of project costs of electric power facilities which may include interest prior to and during the carrying out of any project and for a reasonable period thereafter and prepayments under contracts for the purchase of capacity and output, such reserves for debt service or other capital or current expenses as may be required by a trust agreement or resolution securing bonds, and all other expenses incidental to the determination of the feasibility of any project or to carrying out the project or to placing the project in operation.

(*b*) The bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times, as may be determined by the corporation, and may be made redeemable before maturity at the option of the corporation at such price or prices and under such terms and conditions as may be fixed by the corporation prior to the issue of the bonds. The corporation shall determine the form of the bonds, including interest coupons to be

attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the commonwealth.

(*c*) In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until after such delivery. The corporation may also provide for authentication of bonds by a trustee or fiscal agent.

(*d*) The bonds may be issued in coupon or in registered form, or both, as the corporation may determine and provision be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The corporation may sell its bonds in such manner, either at public or private sale, and for such price, as it may determine will best effect the purposes of this act.

(*e*) The corporation may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The corporation may also provide for the replacement of any bonds which shall have become mutilated or shall have been destroyed or lost.

SECTION 10. (*a*) In the discretion of the corporation, but subject to the terms of the department's approval, any bonds issued hereunder may be secured by a resolution of the board or by a trust agreement between the corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the commonwealth and such trust agreement shall be in such form and executed in such manner as may be determined by the corporation. Such trust agreement or resolution may pledge or assign, in whole or in part, the revenues and other moneys held or to be received by the corporation, including the revenues from any facilities already existing when the pledge or assignment is made, and any contract or other rights to receive the same, whether then existing or thereafter coming into existence and whether then held or thereafter acquired by the corporation, and the proceeds thereof, but shall not convey or mortgage its generating units, transmission lines or transformers. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights, security and remedies of the bondholders as may be reasonable and proper and not in violation of law,

including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event thereof which may include (*i*) the acceleration of maturities and covenants setting forth duties of, and limitations on, the corporation in relation to the acquisition, construction, improvement, enlargement, alteration, equipping, furnishing, maintenance, use, operation, repair, insurance and disposition of property, the custody, safeguarding, investment and application of moneys, the issue of additional bonds, the fixing, revision and collection of fees and charges, the use of any surplus bond proceeds, the establishment of reserves, and the making and amending of contracts and (*ii*) provision for the trustee under such a trust agreement to take possession and control of the business and properties of the corporation, to operate and maintain the same, to make any necessary repairs, renewals and replacements in respect thereof, and to fix, revise and collect fees and charges.

(*b*) The corporation is authorized to fix, revise and collect fees and charges for electric power and energy and other services, facilities and commodities furnished or supplied by it. Such fees and charges shall not be subject to supervision or regulation by any commission, board, bureau or agency of the commonwealth or any municipality or other political subdivision of the commonwealth, but such fees and charges shall be subject to the terms of any applicable contracts. For as long as any bonds of the corporation are outstanding and unpaid, such fees and charges shall be so fixed as to provide revenues at least sufficient to pay all costs and expenses in connection with the operation and maintenance of electric power facilities and all necessary repairs, replacements and renewals thereof, to pay when due the principal of, premium if any, and interest on all bonds of the corporation, to create and maintain reserves as may be required by any trust agreement or resolution securing bonds, and to pay any and all amounts which the corporation may be obligated to pay by law or contract.

(*c*) It shall be lawful for any bank or trust company to act as a depository or trustee of the proceeds of bonds or of revenues or other moneys under any such trust agreement or resolution and to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Any such trust agreement or resolution may set forth the rights and remedies of the bondholders and of the trustees, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the corporation may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution

may be treated as current operating expenses. The pledge by any such trust agreement or resolution shall be valid and binding and shall be deemed continuously perfected for the purposes of the Uniform Commercial Code from the time when the pledge is made; the revenues, moneys, rights and proceeds so pledged and then held or thereafter acquired or received by the corporation shall immediately be subject to the lien of such pledge without any physical delivery or segregation thereof or further act; and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the corporation, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the corporation, and no filing need be made under the Uniform Commercial Code.

SECTION 11. The corporation may issue refunding bonds for the purpose of paying any of its bonds at maturity or upon acceleration or redemption, subject to the approval of the department under this act. The refunding bonds may be issued at such time prior to the maturity or redemption of the refunded bonds as the corporation deems to be in the public interest. The refunding bonds may be issued in sufficient amounts to pay or provide the principal of the bonds being refunded, together with any redemption premium thereon, any interest accrued or to accrue to the date of payment of such bonds, the expenses of issue of the refunding bonds, the expenses of redeeming the bonds being refunded, and such reserves for debt service or other capital or current expenses from the proceeds of such refunding bonds as may be required by a trust agreement or resolution securing bonds. The issue of refunding bonds, the maturities and other details thereof, the security therefor, the rights of the holders thereof, and the rights, duties and obligations of the corporation in respect of the same shall be governed by the provisions of this act relating to the issue of bonds other than refunding bonds insofar as the same may be applicable.

SECTION 12. Bonds issued under the provisions of this act shall not be deemed to be a debt of the commonwealth or of any city or town or a pledge of the faith and credit of the commonwealth or of any city or town. All bonds shall contain on the face thereof that neither the commonwealth nor any city or town shall be obligated to pay the same and that neither the faith and credit nor the taxing power of the commonwealth or of any city or town is pledged to the payment of the principal of or interest on the bonds. Every bond shall also recite whether it is a general obligation of the corporation or a special obligation thereof payable solely from particular funds pledged to its payment.

SECTION 13. All moneys received pursuant to the provisions of this act, whether as proceeds from the sale of bonds or notes or as revenues or otherwise, shall be deemed to be trust funds to be held and applied solely as provided in this act.

SECTION 14. Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under a trust agreement or resolution securing the same, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may bring suit upon the bonds or coupons and may, either at law or in equity, by suit, action, mandamus, or other proceedings which may include appointment of a receiver to take possession and control of the business and properties of the corporation, to operate and maintain the same, to make any necessary repairs, renewals and replacements in respect thereof, and to fix, revise and collect fees and charges, protect and enforce any and all rights under the laws of the commonwealth or granted hereunder or under such trust agreement or resolution, and may enforce and compel the performance of all duties required by this act or by such trust agreement or resolution to be performed by the corporation or by any officer thereof.

SECTION 15. Bonds issued under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments, savings banks, co-operative banks, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or obligations of the commonwealth is now or may hereafter be authorized by law.

SECTION 16. Notwithstanding any of the provisions of this act or any recitals in any bonds issued under this act, all such bonds shall be deemed to be investment securities under the Uniform Commercial Code.

SECTION 17. The corporation shall issue only such amount of bonds as the department may from time to time vote is reasonably necessary for the proposed purpose of such issue, and such approval shall be subject to such reasonable terms and conditions as the department may determine to be in the public interest. The department shall render a decision upon an application for such issue, after notice and hearing, within thirty days after the final

hearing thereon. The decision shall be in writing, shall assign the reasons therefor, shall, if approving such issue, specify the principal amount of bonds which are approved to be issued and shall, within seven days after it has been rendered, be filed in the office of the department.

SECTION 18. Bonds may be issued under this act without obtaining the consent of any department, division, commission, board, bureau or agency of the state, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required therefor by this act, and the validity of and security for any bonds issued by the corporation shall not be affected by the existence of non-existence of any such consent or other proceedings, conditions or things.

SECTION 19. (*a*) Section eleven B of chapter thirty A and section twenty-three C of chapter thirty-nine of the General Laws, relating to meetings of public boards, and section ten of chapter sixty-six relating to the availability of public records as defined in clause twenty-sixth of section seven of chapter four of the General Laws shall apply to the corporation, provided, however, that the corporation shall not be obligated to disclose trade secrets or commercial or financial information if the corporation determines that such disclosure would adversely affect its ability to conduct business in relation to other suppliers of electric power and energy.

(*b*) Sections sixty-one and sixty-two of chapter thirty of the General Laws relating to the environmental impact of works, projects or activities conducted by authorities of the commonwealth shall apply to the corporation.

(*c*) Sections sixty-nine G to sixty-nine R, inclusive, seventy-one to seventy-five, inclusive, seventy-nine, one hundred and twenty-five A and one hundred and twenty-seven of chapter one hundred and sixty-four and sections twenty-one to twenty-two N, inclusive, and twenty-five to forty-one, inclusive, of chapter one hundred and sixty-six of the General Laws shall apply to the corporation, to the extent the provisions of the same are apt, in the same manner and to the same extent as if it were a corporation defined as an "electric company" in section one of chapter one hundred and sixty-four of the General Laws. Sections fifty-six D and ninety-four A of said chapter one hundred and sixty-four shall not apply to the contracts for the purchase of electric power and energy or capacity and output of one or more specific electric power facilities entered into with the corporation by a city or town having a municipal electric department established under said chapter one hundred and sixty-four or a special act or by an "electric company" as defined in section one of said chapter one hundred and sixty-four. Except as otherwise expressly provided

in this act, the provisions of said chapter one hundred and sixty-four shall not apply to the corporation.

(*d*) The corporation may take such action as it deems appropriate to enable its employees to come within the provisions and obtain the benefits of the federal social security act. If the employees of the corporation shall come within the provisions of said social security act, their employment shall be included in the term "employment" as used in sections one to seven, inclusive, of chapter one hundred and fifty-one A of the General Laws.

(*e*) The corporation shall have the authority to bargain collectively with labor organizations representing employees of the corporation and to enter into agreements with such organizations relative to wages, salaries, hours, working conditions, health benefits, pensions and retirement allowances, and the submission of grievances and disputes to arbitration. Chapters one hundred and fifty A, one hundred and fifty B and one hundred and fifty C of the General Laws shall apply to the corporation, to the extent the provisions of the same are apt, in the same manner and to the same extent as a private corporation. The employees of the corporation shall be exempt from the operation of chapter thirty-one of the General Laws.

(*f*) Wherever the corporation has primary responsibility for the construction or operation of any electric power facility within the commonwealth, no contract for construction, reconstruction, alteration, remodeling repair or demolition of the facility or equipment, supplies or materials for the facility, except in cases of special emergency involving the health, safety or welfare of the people or their property, shall be awarded unless proposals for the same have been invited by advertisement in a newspaper published in the city of Boston, such publication to be at least one week before the time specified for the opening of said proposals. Such advertisements shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve to the corporation the right to reject any and all such proposals. All such proposals shall be opened in public. No bid or contract shall be split or divided for the purpose of evading these requirements.

Sections twenty-six to twenty-nine, inclusive, and sections forty-four A to forty-four L, inclusive, of chapter one hundred and forty-nine and sections thirty-nine F to thirty-nine N, inclusive, of chapter thirty of the General Laws shall not apply to the corporation.

(*g*) Legislative consent is hereby given to the application to the corporation of the laws of other states with respect to taxation, payments in lieu of taxes, and the assessment thereof and to the application of regulatory and other laws of other states and of the United States in relation to the acquisition, ownership and

operation by the corporation of electric power facilities situated without the commonwealth pursuant to the authority granted in this act.

SECTION 20. The corporation shall submit an annual report in writing concerning its operation to the member cities and towns, the department, the governor and the general court within ninety days following the close of its fiscal year.

SECTION 21. Upon termination or dissolution of the corporation, the title to all funds and other properties owned by it which remain after payment or the making of provision for payment of all bonds and other obligations of the corporation shall vest in the member cities and towns as provided in this act and the by-laws of the corporation.

SECTION 22. The provisions of this act shall be deemed to provide an additional, alternative and complete method for the doing of the things authorized hereby and shall be deemed and construed to be supplemental and additional to, and not in derogation of, powers conferred upon the corporation, member and non-member cities and towns and others by law, provided, however, that insofar as the provisions of this act are inconsistent with the provisions of any general or special law, administrative order or regulation or any limitation imposed by a corporate or municipal charter, the provisions of this act shall be controlling.

SECTION 23. This act, being necessary for the welfare of the commonwealth and its inhabitants, shall be liberally construed to effect the purposes hereof.

SECTION 24. The provisions of this act are severable, and if any provision hereof shall be held invalid in any circumstances, such invalidity shall not affect any other provisions or circumstances. This act shall be construed in all respects so as to meet all constitutional requirements. In carrying out the purposes and provisions of this act, all steps shall be taken which are necessary to meet constitutional requirements whether or not such steps are required by statute.

Upon such nonexempt transfer the date of acquisition by the grantor, for purposes of this section, shall be deemed to be the date of the last preceding transfer not excluded by the foregoing provisions from application of this section; except that in the case of transfer by a grantor who has acquired the property from a foreclosing mortgagee the date of acquisition shall be deemed to be the date of such acquisition.

SECTION 6. Said section 12 of said chapter 61A is hereby further amended by adding the following sentence: — If any tax

imposed under this section should not be paid, the collector of taxes shall have the same powers and be subject to the same duties with respect to such taxes as in the case of the annual taxes upon real estate, and the law in regard to the collection of the annual taxes, to the sale of land for the nonpayment thereof and to redemption therefrom shall apply to such taxes, so far as the same are applicable.

SECTION 7. Subsection (*c*) of section 13 of said chapter 61A, as appearing in section 1 of chapter 1118 of the acts of 1973, is hereby amended by striking out, in line 4, the words "subsection b" and inserting in place thereof the words:— subsection (*a*).

SECTION 8. Section 14 of said chapter 61A is hereby amended by striking out the first sentence and inserting in place thereof the following two sentences:— Land which is valued, assessed and taxed on the basis of its agricultural or horticultural use under an application filed and approved pursuant to this chapter shall not be sold for or converted to residential, industrial or commercial use while so valued, assessed and taxed unless the city or town in which such land is located has been notified of intent to sell for or convert to such other use; provided, however, that the discontinuance of the use of such land for agricultural or horticultural purposes shall not be deemed a conversion. Specific use of land for a residence for the owner or a parent, grandparent, child, grandchild, or brother or sister of the owner, or the surviving husband or wife of any deceased such relative, or for living quarters for any persons actively employed full time in the agricultural or horticultural use of such land, shall not be deemed to be a conversion for purposes of this section; and a certificate of the board of assessors, recorded with the registry of deeds, shall conclusively establish that a particular use is such a use.

SECTION 9. Said section 14 of said chapter 61A is hereby further amended by adding the following five sentences:— Such option may be exercised only by written notice signed by the mayor or board of selectmen, mailed to the landowner by certified mail at such address as may be specified in his notice of intention and recorded with the registry of deeds, within the option period. An affidavit by a notary public that he has so mailed such a notice of intent on behalf of a landowner shall conclusively establish the manner and time of the giving of such notice; and such an affidavit, and such a notice that the option will not be exercised, shall be recorded with the registry of deeds. Each such notice of intention, notice of exercise of the option and notice that the option will not be exercised shall contain the name of the record owner of the land and a description of the premises so to be sold or converted adequate for identification thereof; and each such affidavit by a notary public shall have attached to it a copy of the notice of intention to which it relates.

Such notices of intention shall be deemed to have been duly mailed to the parties above specified if addressed to them in care of the town or city clerk; and in the case of notice to a city council or a board or commission, addressed to it as such entity. The provisions of this section shall not be applicable with respect to a mortgage foreclosure sale; but the holder of a mortgage shall, at least forty-five days before a foreclosure sale, send written notice of the time and place of such sale to the parties and in the manner above provided in this section for notice of intent to sell or convert, and the giving of such notice may be established by an affidavit of a notary public as above set forth.

SECTION 10. Section 16 of said chapter 61A is hereby amended by striking out the second sentence and inserting in place thereof the following two sentences:— Liability to roll-back taxes, determined pursuant to section thirteen, shall attach when such land no longer qualifies as actively devoted to agricultural or horticultural use and shall be the obligation of the then owner of the land. For purposes relating to roll-back taxes such qualification shall depend on the actual use of such land, and not on the filing of application under section six for any year.

SECTION 11. Said chapter 61A is hereby further amended by striking out section 19 and inserting in place thereof the following section:—

Section 19. The assessment, collection, apportionment and payment over of the roll-back taxes imposed by section thirteen shall be governed by the procedures provided for the assessment and taxation of omitted property under section seventy-five of chapter fifty-nine. Such procedures shall apply to each tax year for which roll-back taxes may be imposed notwithstanding the limitation set forth in said chapter fifty-nine with respect to the periods for which omitted property assessments may be imposed. Any person aggrieved by any determination or assessment by the board of assessors under this chapter may within sixty days of the date of notice thereof apply in writing to the assessors for modification or abatement thereof. Any person aggrieved by the refusal of the assessors to modify such a determination or make such an abatement or by their failure to act upon such an application may appeal to the appellate tax board within thirty days after the date of notice of their decision or within three months of the date of the application, whichever date is later. It shall be a condition of such appeal with respect to the annual general property tax that the asserted tax be paid, but no payment shall be required as a condition of such appeal with respect to any asserted conveyance tax or roll-back tax. If any payment of any tax imposed by this chapter should be made and as the result of any such modification or abatement by the board of assessors or decision by the appellate tax board it shall appear that any such tax has been overpaid, such excess payment shall be reimbursed by the town treasurer with interest at the rate of

six per cent per annum from time of payment. Collection of any conveyance or roll back taxes, by sale or taking or otherwise, may be stayed by the appellate tax board while any such appeal is pending. Any partial payment of the asserted tax that may be required by the appellate tax board in connection with such stay shall not exceed one half of the asserted tax.

SECTION 12. Said chapter 61A is hereby further amended by inserting after section 19 the following section:—

Section 19A. In connection with any proposed or completed sale or other transfer of any land which has been valued, assessed and taxed under the provisions of this chapter, the owner of record of the land may apply to the board of assessors for a certificate of the amount of conveyance tax and roll-back tax, if any, payable by reason of such sale or other transfer, or that no such tax will or has so become payable and stating the amount of any conveyance or roll-back taxes that have theretofore become payable with respect to such land; and such a certificate shall be provided to the applicant within twenty days after application therefor. Such certificate may be recorded with the registry of deeds; and upon recording of such a certificate that no such tax will or has so become payable, or a certificate by the collector of taxes that the amount of tax stated in such certificate of the board of assessors has been paid, all liens on such land for taxes under this chapter shall terminate, except that any liens for any roll-back taxes assessed by reason of such land ceasing to qualify for valuation, assessment and taxation under this chapter after the date of such sale or other transfer, shall continue. In connection with the issuance of such a certificate, the board of assessors may rely upon their own records, affidavits and such other information as they may deem appropriate. The board of assessors shall charge six dollars for each certificate so issued, and the money so received shall be paid into the town treasury.

Chap. 808. AN ACT FURTHER REGULATING THE ZONING ENABLING ACT.

Be it enacted, etc., as follows:

SECTION 1. Chapter 40 of the General Laws is hereby amended by striking out section 32, as most recently amended by chapter 308 of the acts of 1967, and inserting in place thereof the following section: —

Section 32. Except to the extent that a zoning by-law may take effect as provided in section five of chapter forty A, before a by-law takes effect it shall be approved by the attorney general or ninety days shall have elapsed without action by the attorney general after the clerk of the town in which a by-law has been adopted has submitted to the attorney general a certified copy of such by-law with a request for its approval, a statement clearly explaining the proposed by-law, including maps and plans if necessary, and adequate proof that all of the procedural requirements for the adoption of such by-law have been complied with. Such request and proof shall be submitted by the town clerk within fifteen days after final adjournment of the town meeting at which such by-law was adopted. If the attorney general does not, within said ninety days, request of such town clerk in writing further proof of such compliance stating specifically wherein such proof is inadequate, it shall be presumed that the proof submitted was adequate. If the attorney

general disapproves a by-law he shall give notice to the town clerk of the town in which the by-law was adopted of his disapproval, with his reasons therefor. If a by-law of a town takes effect by reason of the failure of the attorney general to seasonably act upon a request for its approval, the clerk of such town shall enter in his records a statement that the by-law has become effective by reason of such failure of the attorney general to act. Before a by-law or an amendment thereto takes effect it shall also be published in a town bulletin or pamphlet, copies of which shall be posted in at least five public places in the town; and if the town is divided into precincts, copies shall be posted in one or more public places in each precinct of the town; or instead of such publishing in a town bulletin or pamphlet and such posting, copies thereof may be published at least twice at least one week apart in a newspaper of general circulation in the town. The publication of a zoning by-law shall include a statement that claims of invalidity by reason of any defect in the procedure of adoption or amendment may only be made within ninety days of such posting or of the second publication and a statement indicating where copies of such by-law may be examined and obtained. The requirements of publishing in a town bulletin or pamphlet and posting, or publishing in one or more newpapers, as above, may be dispensed with if notice of the by-laws is given by delivering a copy thereof at every occupied dwelling or apartment in the town, and affidavits of the persons delivering the said copies, filed with the town clerk, shall be conclusive evidence of proper notice hereunder. This section shall not apply to cities.

SECTION 2. Said chapter 40, as appearing in the Tercentenary Edition, is hereby amended by striking out section 32A, as appearing in the Tercentenary Edition, and inserting in place thereof the following section: —

Section 32A. The provisions in the charter of a city which accepts this section by vote of its city council, requiring newspaper advertising of certain ordinances and proposed ordinances shall, in case of any ordinance or proposed ordinance, or codification thereof, exceeding in length eight octavo pages of ordinary book print, be deemed to be complied with if the same is published by the city council in a municipal bulletin or printed pamphlet, but otherwise in conformity with said provisions, except for zoning ordinances or amendments thereto, a summary of which shall be published at least two times in a newspaper of general circulation in the city. The publication of such zoning summaries shall include a statement indicating where copies of the ordinance may be examined and obtained and a statement that claims of invalidity by reason of any defect in the procedure of adoption may only be made within ninety days after the posting or the second publication.

SECTION 2A. The purposes of this act are to facilitiate, encourage, and foster the adoption and modernization of zoning ordinances and by-laws by municipal governments in accordance with the provisions of Article 89 of the Amendments to the Constitution and to achieve greater implementation of the powers granted to municipalities thereunder.

This act is designed to provide standardized procedures for the administration and promulgation of municipal zoning laws. This section is designed to suggest objectives for which zoning might be established which include, but are not limited to, the following: — to lessen congestion in the streets; to conserve health; to secure safety from fire, flood, panic and other dangers; to provide adequate light and air; to prevent overcrowding of land, to avoid undue concentration of population; to encourage housing for persons of all income levels; to facilitate the adequate provision of transportation, water, water supply, drainage, sewerage, schools, parks, open space and other public requirements; to conserve the value of land and buildings, including the conservation of natural resources and the prevention of blight and pollution of the environment; to encourage the most appropriate use of land throughout the city or town, including consideration of the recommendations of the master plan, if any, adopted by the planning board and the comprehensive plan, if any, of the regional planning agency; and to preserve and increase amenities by the promulgation of regulations to fulfill said objectives. Said regulations may include but are not limited to restricting, prohibiting, permitting or regulating:

1. uses of land, including wetlands and lands deemed subject to seasonal or periodic flooding;

2. size, height, bulk, location and use of structures, including buildings and signs except that billboards, signs and other advertising devices are also subject to the provisions of sections twenty-nine through thirty-three, inclusive, of chapter ninety-three, and to chapter ninety-three D;

3. uses of bodies of water, including water courses;

4. noxious uses;

5. areas and dimensions of land and bodies of water to be occupied or unoccupied by uses and structures, courts, yards and open spaces;

6. density of population and intensity of use;

7. accessory facilities and uses, such as vehicle parking and loading, landscaping and open space; and

8. the development of the natural, scenic and aesthetic qualities of the community.

SECTION 3. The General Laws are hereby amended by striking out chapter 40A and inserting in place thereof the following chapter: —

CHAPTER 40A.
ZONING.

Section 1. This chapter shall be known and may be cited as "The Zoning Act".

As used in this chapter the following words shall have the following meanings: —

"Permit granting authority", shall mean the board of appeals or zoning administrator.

"Special permit granting authority", shall include the board of selectmen, city council, board of appeals, planning board, or zoning administrator as designated by zoning ordinance or by-law for the issuance of special permits.

"Zoning", as used in this chapter, shall mean ordinances and by-laws, adopted by cities and towns to regulate the use of land, buildings and structures to the full extent of the independent constitutional powers of cities and towns to protect the health, safety and general welfare of their present and future inhabitants.

"Zoning administrator", shall mean a person designated by the board of appeals pursuant to section thirteen to assume certain of the duties of said board.

Section 2. Special permits authorizing cluster development shall provide that open land for cluster development shall be conveyed to the city or town and accepted by it for park or open space use, or be conveyed to a nonprofit organization, the principal purpose of which is the conservation of open space, or be conveyed to a corporation or trust owned or to be owned by the owners of lots or residential units within the land.

Section 3. No zoning ordinance or by-law shall regulate or restrict the use of materials or methods of construction of structures regulated by the state building code, nor shall any such ordinance or by-law prohibit, unreasonably regulate or require a special permit for the use of land for the primary purpose of agriculture, horticulture or floriculture, nor shall they prohibit or unreasonably regulate the expansion or reconstruction of existing structures thereon for the primary purpose of agriculture, horticulture or floriculture, except that all such activities may be limited to parcels of more than five acres in areas not zoned for agriculture, horticulture or floriculture. For such purposes land divided by a public or private way or a waterway shall be construed as one parcel. No zoning ordinance or by-law shall exempt land or structures from flood plain or wetlands regulations established pursuant to general law.

No zoning ordinance or by-law shall regulate or restrict the interior area of a single family residential building nor shall any such ordinance or by-law prohibit, regulate or restrict the use of land or structures for religious purposes or for educational purposes on land owned or leased by the commonwealth or any of its agencies, subdivisions or bodies politic or by a religious sect

or denomination, or by a nonprofit educational corporation; provided, however, that such land or structures may be subject to reasonable regulations concerning the bulk and height of structures and determining yard sizes, lot area, setbakcs, open space, parking and building coverage requirements. Lands or structures used, or to be used by a public service corporation may be exempted in particular respects from the operation of a zoning ordinance or by-law if, upon petition of the corporation, the department of public utilities shall, after notice given pursuant to section eleven and public hearing in the town or city, determine the exemptions required and find that the present or proposed use of the land or structure is reasonably necessary for the convenience or welfare of the public; provided however, that if lands or structures used or to be used by a public service corporation are located in more than one municipality such lands or structures may be exempted in particular respects from the operation of any zoning ordinance or by-law if, upon petition of the corporation, the department of public utilities shall after notice to all affected communities and public hearing in one of said municipalities, determine the exemptions required and find that the present or proposed use of the land or structure is reasonably necessary for the convenience or welfare of the public.

No provision of a zoning ordinance or by-law shall be valid which sets apart districts by any boundary line which may be changed without adoption of an amendment to the zoning ordinance or by-law.

Section 4. Any zoning ordinance or by-law which divides cities and towns into districts shall be uniform within the district for each class or kind of structures or uses permitted.

Districts shall be shown on a zoning map in a manner sufficient for identification. Such maps shall be part of zoning ordinances or by-laws. Assessors' or property plans may be used as the basis for zoning maps. If more than four sheets or plates are used for a zoning map, an index map showing districts in outline shall be part of the zoning map and of the zoning ordinance or by-law.

Section 5. Zoning ordinances or by-laws may be adopted and from time to time change by amendment, addition or repeal, but only in the manner hereinafter provided. Adoption or change of zoning ordinances or by-laws may be initiated by the submission to the city council or board of selectmen of a proposed zoning ordinance or by-law by a city council, a board of selectmen, a board of appeals, by an individual owning land to be affected by change or adoption, by request of registered voters of a town pursuant of section ten of chapter thirty-nine, by ten registered voters in a city, by a planning board, by a regional planning agency or by other methods provided by municipal charter. The board of selectmen or city council shall within fourteen days of

receipt of such zoning ordinance or by-law submit it to the planning board for review.

No zoning ordinance or by-law or amendment thereto shall be adopted until after the planning board in a city or town, and the city council or a committee designated or appointed for the purpose by said council has held a public hearing thereon at which interested persons shall be given an opportunity to be heard. Said public hearing shall be held within sixty-five days after the proposed zoning ordinance or by-laws is submitted to the planning board by the city council or selectmen or if there is none, within sixty-five days after the proposed zoning ordinance is submitted to the city council or selectmen. Notice of the time and place of such public hearing, of the subject matter, sufficient for identification, and of the place where texts and maps thereof may be inspected shall be published in a newspaper of general circulation in the city or town once in each of two successive weeks, the first publication to be not less than fourteen days before the day of the hearing and by posting such notice in a conspicuous place in the city or town hall for a period of not less than fourteen days before the day of said hearing. Notice of said hearing shall also be sent by mail, postage prepared to the department of community affairs, the regional planning agency if any, and to the planning boards of all abutting cities and towns. Zoning ordinances or by-laws may provide that a separate, conspicuous statement shall be included with property tax bills sent to nonresident property owners, stating that notice of hearings under this chapter shall be sent by mail, postage preparid, to any such owner who files an annual request for such notice with the city or town clerk no later than January first, and pays a reasonable fee as established by such ordinance or by-law. In cases involving boundary or use changes within a district, notice shall be sent to any such nonresident property owner who has filed such a request with the city or town clerk and whose property lies in the district where the change is sought. No defect in the form of any notice under this chapter shall invalidate any zoning by-laws or ordinances unless such defect is found to be misleading.

No vote to adopt any such proposed ordinance or by-law shall be taken on until a report with recommendations by a planning board, has been submitted to the town meeting or city council, or twenty-one days after said hearing have elapsed without submission of such report or recommendations. After such notice, hearing and report, or after twenty-one days shall have lapsed after such hearing without submission of such report, a city council or town meeting may adopt, reject, or amend any such proposed ordinance or by-law. If a city council fails to vote to adopt any proposed ordinance within ninety days after such hearing or if a town meeting fails to vote to adopt any proposed by-law within six months after such hearing, no action shall be

taken thereon until after a subsequent public hearing is held with notice and report as above provided.

No zoning ordinance or by-law shall be adopted or changed except by a two-thirds vote of all the members of the town council, or of the city council where there is a commission form of government or a single branch, or of each branch where there are two branches, or by a two-thirds vote of a town meeting; provided that if in a city or town with a council of fewer than twenty-five members there is filed with the clerk prior to final action by the council a written protest against such change, stating the reasons duly signed by owners of twenty per cent or more of the area of the land proposed to be included in such change, stating the reasons duly signed by owners of twenty per cent or more of the area of the land proposed to be included in such change, or of the area of the land immediately adjacent extending three hundred feet therefrom, no such change of any such ordinance shall be adopted except by a three-fourths vote of all members.

No proposed zoning ordinance or by-law which has been unfavorably acted upon by a city council or town meeting shall be considered by the city council or town meeting within two years after the date of such unfavorable action unless the adoption of such proposed ordinance or by-law is recommended in the final report of the planning board.

When zoning by-laws or amendments thereto are submitted to the attorney general for approval as required by section thirty-two of chapter forty, he shall also be furnished with a statement which may be prepared by the planning board explaining the by-laws or amendments proposed, which statement may be accompanied by explanatory maps or plans.

The effective date of the adoption or amendment of any zoning ordinance or by-law shall be the date on which such adoption or amendment was voted upon by a city council or town meeting; if in towns, publication in a town bulletin or pamphlet and posting has been made or publication in a newspaper pursuant to section thirty-two of chapter forty. If in a town said by-law is subsequently disapproved, in whole or in part, by the attorney general the previous zoning by-law, to the extent that such previous zoning by-law was changed by the disapproved by-law or portion thereof, shall be deemed to have been in effect from the date of such vote.

After approval of zoning by-laws by the attorney general, or adoption of zoning ordinances by the city council, a copy of the latest effective zoning ordinance or by-law shall be sent by the city or town clerk to the department of community affiars.

No claim of invalidity of any zoning ordinance or by-law arising out of any possible defect in the procedure of adoption or amendment shall be made in any legal proceeding and no state, regional, county or municipal officer shall refuse, deny or revoke any permit, approval or certificate because of any such claim of

invalidity unless within one hundred and twenty days after adoption of an ordinance or by-law legal action is commenced and notice specifying the court, parties, invalidity claimed, and date of filing is filed together with a copy of the petition, with the town or city clerk within seven days after commencement of the actions.

Section 6. Except as hereinafter provided, a zoning ordinance or by-law shall not apply to structures or uses lawfully in existence or lawfully begun, or to a building or special permit issued before the first publication of notice of the public hearing on such ordinance or by-law required by section five, but shall apply to any change or substantial extension of such use, to a building or special permit issued after the first notice of said public hearing, to any reconstruction, extension or structural change of such structure and to any alteration of a structure begun after the first notice of said public hearing to provide for its use for a substantially different purpose or for the same purpose in a substantially different manner or to a substantially greater extent except where alteration, reconstruction, extension or structural change to a single or two-family residential structure does not increase the nonconforming nature of said structure. Pre-existing nonconforming structures or uses may be extended or altered, provided, that no such extension or alteration shall be permitted unless there is a finding by the permit granting authority or by the special permit granting authority designated by ordinance or by-law that such change, extension or alteration shall not be substantially more detrimental than the existing nonconforming use to the neighborhood. This section shall not apply to billboards, signs and other advertising devices subject to the provisions of sections twenty-nine through thirty-three, inclusive, of chapter ninety-three, and to chapter ninety-three D.

A zoning ordinance or by-law shall provide that construction or operations under a building or special permit shall conform to any subsequent amendment of the ordinance or by-law unless the use or construction is commenced within a period of not less than six months after the issuance of the permit and in cases involving construction, unless such construction is continued through to completion as continuously and expeditiously as is reasonable.

A zoning ordinance or by-law may define and regulate nonconforming uses and structures abandoned or not used for a period of two years or more.

Any increase in area, frontage, width, yard, or depth requirements of a zoning ordinance or by-law shall not apply to a lot for single and two-family residential use which at the time of recording or endorsement, whichever occurs sooner was not held in common ownership with any adjoining land, conformed to then existing requirements and had less than the proposed

requirement but at least five thousand square feet of area and fifty feet of frontage. The provisions of this paragraph shall not be construed to prohibit a lot being built upon, if at the time of the building, building upon such lot is not prohibited by the zoning ordinances or by-laws in effect in a city or town.

If a definitive plan, or a preliminary plan followed within seven months by a definitive plan, is submitted to a planning board for approval under the subdivision control law, and written notice of such submission has been given to the city or town clerk before the effective date of ordinance or by-law, the land shown on such plan shall be governed by the applicable provisions of the zoning ordinance or by-law, if any, in effect at the time of the first such submission while such plan or plans are being processed under the subdivision control law, and, if such definitive plan or an amendment thereof is finally approved, for five years from the date of the endorsement of such approval, except in the case where such plan was submitted or submitted and approved before January first, nineteen hundred and seventy-six, for seven years from the date of the endorsement of such approval.

When a plan referred to section eighty-one P of chapter forty-one has been submitted to a planning board and written notice of such submission has been given to the city or town clerk, the use of the land shown on such plan shall be governed by applicable provisions of the zoning ordinance or by-law in effect at the time of the submission of such plan while such plan is being processed under the subdivision control law including the time required to pursue or await the determination of an appeal referred to in said section, and for a period of three years from the date of endorsement by the planning board that approval under the subdivision control law is not required, or words of similar import.

Disapproval of a plan shall not serve to terminate any rights which shall have accrued under the provisions of this section, provided an appeal from the decision disapproving said plan is made under applicable provisions of the subdivision control law. Such appeal shall stay, pending an order or decree of a court of final jurisdiction, the applicability to land shown on said plan of the provisions of any zoning ordinance or by-law which became effective after the date of submission of the plan first submitted.

In the event that any lot shown on a plan endorsed by the planning board is the subject matter of any appeal or any litigation, the exemptive provisions of this section shall be extended for a period equal to that from the date of filing of said appeal or the commencement of litigation, whichever is earlier, to the date of final disposition thereof, provided final adjudication is in favor of the owner of said lot.

The record owner of the land shall have the right, at any time, by an instrument duly recorded in the registry of deeds for the

district in which the land lies, to waive the provisions of this section, in which case the ordinance or by-law then or thereafter in effect shall apply. The submission of an amended plan or of a further subdivision of all or part of the land shall not constitute such a waiver, nor shall it have the effect of further extending the applicability of the ordinance or by-law that was extended by the original submission, but, if accompanied by the waiver described above, shall have the effect of extending, but only to extent aforesaid, the ordinance or by-law made then applicable by such waiver.

Section 7. The inspector of buildings, building commissioner or local inspector, or if there are none, in a town, the board of selectmen, or person or board designated by local ordinance or by-law, shall be charged with the enforcement of the zoning ordinance or by-law and shall withhold a permit for the construction, alteration or moving of any building or structure if the building or structure as constructed, altered or moved would be in violation of any zoning ordinance or by-law; and no permit or license shall be granted for a new use of a building, structure or land which use would be in violation of any zoning ordinance or by-law. If the officer or board charged with enforcement of zoning ordinances or by-laws is requested in writing to enforce such ordinances or by-laws against any person allegedly in violation of the same and such officer or board declines to act, he shall notify, in writing, the party requesting such enforcement of any action or refusal to act, and the reasons therefore, within fourteen days of receipt of such request.

No local zoning law shall provide penalty of more than one hundred dollars per violation; provided that nothing herein shall be construed to prohibit such laws from providing that each day such violation continues shall constitute a separate offense. No action, suit or proceeding shall be maintained in any court, nor any administrative or other action taken to recover a fine or damages or to compel the removal, alteration or relocation of any structure or part of a structure or alteration of a structure by reason of any violation of any zoning by-law or ordinance except in accordance with the provisions of this section, section eight and section seventeen, provided, however, if real property has been improved and used in accordance with the terms of the original building permit issued by a person duly authorized to issue such permits, no action, criminal or civil, the effect or purpose of which is to compel the abandonment, limitation or modification of the use allowed by said permit or the removal, alteration or relocation of any structure erected in reliance upon said permit by reason of any alleged violation of the provisions of this chapter, or of any ordinance or by-law adopted thereunder, shall be maintained, unless such action, suit or proceeding is commenced and notice thereof recorded in the registry of deeds for each county or district in which the land lies

within six years next after the commencement of the alleged violation of law. Such notice shall include names of one or more of the owners of record, the name of the person initiating the action, and adequate identification of the structure and the alleged violation.

The superior court shall have jurisdiction to enforce the provisions of this chapter, and any ordinances or by-laws adopted thereunder, and may restrain by injunction violations thereof.

Section 8. An appeal to the permit granting authority as the zoning ordinance or by-law may provide, may be taken by any person aggrieved by reason of his inability to obtain a permit or enforcement action from any administrative officer under the provisions of this chapter, by the regional planning agency in whose area the city or town is situated, or by any person including an officer or board of the city or town, or of an abutting city or town aggrieved by an order or decision of the inspector of buildings, or other administrative official, in violation of any provision of this chapter or any ordinance or by-law adopted thereunder.

Section 9. Zoning ordinances or by-laws shall provide for specific types of uses which shall only be permitted in specified districts upon the issuance of a special permit. Special permits may be issued only for uses which are in harmony with the general purpose and intent of the ordinance or by-law, and shall be subject to general or specific provisions set forth therein; and such permits may also impose conditions, safeguards and limitations on time or use.

Zoning ordinances or by-laws may also provide for special permits authorizing increases in the permissible density of population or intensity of a particular use in a proposed development; provided that the petitioner or applicant shall, as a condition for the grant of said permit, provide certain open space, housing for persons of low or moderate income, traffic or pedestrian improvements, or other amenities. Such zoning ordinances or by-laws shall state the specific improvements or amenities or locations of proposed uses for which the special permits shall be granted, and the maximum increases in density of population or intensity of use which may be authorized by such special permits.

Zoning ordinances or by-laws may provide that special permits may be granted for multi-family residential use in nonresidentially zoned areas where the public good would be served and after a finding by the permit granting authority, that such nonresidentially zoned area would not be adversely affected by such a residential use, and that permitted uses in such a zone are not noxious to a multi-family use.

Zoning ordinances or by-laws may also provide that cluster developments or planned unit developments shall be permitted

upon the issuance of a special permit.

"Cluster development" means a residential development in which the buildings and accessory uses are clustered together into one or more groups separated from adjacent property and other groups within the development by intervening open land. A cluster development shall be permitted only on a plot of land of such minimum size as a zoning ordinance or by-law may specify which is divided into building lots with dimensional control, density and use restrictions of such building lots varying from those otherwise permitted by the ordinance or by-law and open land. Such open land when added to the building lots shall be at least equal in area to the land area required by the ordinance or by-law for the total number of units or buildings contemplated in the development. Such open land shall either be conveyed to the city or town and accepted by it for part or open space use, or be conveyed to a non-profit organization the principal purpose of which is the conservation of open space, or to be conveyed to a corporation or trust owned or to be owned by the owners of lots or residential units within the plot. If such a corporation or trust is utilized, ownership thereof shall pass with conveyances of the lots or residential units. In any case where such land is not conveyed to the city or town, a restriction enforceable by the city or town shall be recorded providing that such land shall be kept in an open or natural state and not be built for residential use or developed for accessory uses such as parking or roadway.

"Planned unit development" means a mixed use development on a plot of land containing a minimum of the lesser of sixty thousand square feet or five times the minimum lot size of the zoning district, but of such larger size as an ordinance or by-law may specify, in which a mixture of residential, open space, commercial, industrial or other uses and a variety of building types are determined to be sufficiently advantageous to render it appropriate to grant special permission to depart from the normal requirements of the district to the extent authorized by the ordinance or by-law.

Zoning ordinances or by-laws shall provide that special permits shall only be issued following public hearings held within sixty-five days after filing of an application with the special permit granting authority, a copy of which shall forthwith be given to the city or town clerk by the applicant; and may provide that certain classes of special permits shall be issued by one special permit-granting authority and others by another special permit granting authority as provided in the ordinance or by-law. Such special permit granting authority shall adopt and from time to time amend rules relative to the issuance of such permits, and shall file a copy of said rules in the office of the city or town clerk. Such rules may prescribe the size, form, contents, style and number of copies of plans and specifications and the procedure for the submission and

approval of such permits, and shall file a copy of said rules in the office of the city or town clerk. Such rules shall prescribe a size, form, contents, style and number of copies of plans and specifications and the procedure for a submission and approval of such permits. Special permit granting authorities shall act within ninety days following a public hearing for which notice has been given by publication or posting as provided in section eleven, and by mailing to all parties in interest, provided, however, a city council having more than five members designated to act upon such a permit may appoint a committee of such council to hold the public hearing. Failure by a special permit granting authority to take final action upon an application for a special permit within said ninety days following the date of public hearing shall be deemed to be a grant of the permit applied for. Special permits issued by a special permit granting authority shall require a two-thirds vote of boards with more than five members, a vote of at least four members of a five member board and a unanimous vote of a three member board.

Zoning ordinances or by-laws shall provide that a special permit granted under this section shall lapse within a specified period of time, not more than two years, and including such time required to pursue or await the determination of an appeal referred to in section seventeen, from the grant thereof, if a substantial use thereof has not sooner commenced except for good cause or, in the case of permit for construction, if construction has not begun by such date except for good cause.

Zoning ordinances or by-laws shall also provide that uses, whether or not on the same parcel as activities permitted as a matter of right, accessory to activities permitted as a matter of right, which activities are necessary in connection with scientific research or scientific development or related production, may be permitted upon the issuance of a special permit provided the granting authority finds that the proposed accessory use does not substantially derogate from the public good.

Section 10. The permit granting authority shall have the power after public hearing for which notice has been given by publication and posting as provided in section eleven and by mailing to all parties in interest to grant upon appeal or upon petition with respect to particular land or structures a variance from the terms of the applicable zoning ordinance or by-law where such permit granting authority specifically finds that owing to circumstances relating to the soil conditions, shape, or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located, a literal enforcement of the provisions of the ordinance or by-law would involve substantial hardship, financial or otherwise, to the petitioner or appellant, and that desirable relief may be granted without substantial detriment to the public good and without nullifying or substan-

tially derogating from the intent or purpose of such ordinance or by-law. Except where local ordinances or by-laws shall expressly permit variances for use, no variance may authorize a use or activity not otherwise permitted in the district in which the land or structure is located; provided however, that such variances properly granted prior to January first, nineteen hundred and seventy-six but limited in time, may be extended on the same terms and conditions that were in effect for such variance upon said effective date.

The permit granting authority may impose conditions, safeguards and limitations both of time and of use, including the continued existence of any particular structures but excluding any condition, safeguards or limitation based upon the continued ownership of the land or structures to which the variance pertains by the applicant, petitioner or any owner.

If the rights authorized by a variance are not exercised within one year of the date of grant of such variance they shall lapse, and may be reestablished only after notice and a new hearing pursuant this section.

Section 11. In all cases where notice of a public hearing is required notice shall be given by publication in a newspaper of general circulation in the city or town once in each of two successive weeks, the first publication to be not less than fourteen days before the day of the hearing and by posting such notice in a conspicuous place in the city or town hall for a period of not less than fourteen days before the day of such hearing. In all cases where notice to individuals or specific boards or other agencies is required, notice shall be sent by mail, postage prepaid. "Parties in interest" as used in this chapter shall mean the petitioner, abutters, owners of land directly opposite on any public or private street or way and owners of land within three hundred feet of the property line all as they appear on the most recent applicable tax list, notwithstanding that the land of any such owner is located in another city or town, the planning board of the city or town, and, the planning board of every abutting. The assessors maintaining any applicable tax list shall certify to the permit granting authority or special permit granting authority the names and addresses of parties in interest and such certification shall be conclusive for all purposes. The permit granting authority or special permit granting authority may accept a waiver of notice from, or an affidavit of actual notice to any party in interest or, in his stead, any successor owner of record who may not have received a notice by mail, and may order special notice to any such person, giving not less than five nor more than ten additional days to reply.

Publications and notices required by this section shall contain the name of the petitioner, a description of the area or premises, street address, if any, or other adequate identification of the location, of the area or premises which is the subject of the

petition, the date and place of the public hearing, the subject matter of the hearing, and the nature of action or relief requested if any. No such hearing shall be held on any day on which a state or municipal election, caucus or primary is held in such city or town.

Zoning ordinances or by-laws may provide that petitions for special permits shall be submitted to and reviewed by one or more of the following and may further provided that such reviews may be held jointly: — the board of health, the planning board or department, the city or town engineer, the conservation commission or any other town agency or board. Any such board or agency to which petitions are referred for review shall make such recommendations as they deem appropriate and shall send copies thereof to the permit granting authority and to the applicant; provided, however, that failure of any such board or agency to make recommendations within thirty-five days of receipt by such board or agency of the petition shall be deemed lack of opposition thereto.

Upon the granting of a variance or special permit, or any extension, modification or renewal thereof, the permit granting authority or special permit granting authority shall issue to the owner and to the applicant if other than the owner a copy of its decision, certified by the permit granting authority or special permit granting authority, containing the name and address of the owner, identifying the land affected, setting forth compliance with the statutory requirements for the issuance of such variance or permit and certifying that copies of the decision and all plans referred to in the decision have been filed with the planning board and city or town clerk. No variance or special permit, or any extension, modification or renewal thereof, shall take effect until a copy of the decision bearing the certification of the town or city clerk that twenty days have elapsed and no appeal has been filed or that if such appeal has been filed, that it has been dismissed or denied, is recorded in the registry of deeds for the county and district in which the land is located and indexed in the grantor index under the name of the owner of record or is recorded and noted on the owner's certificate of title. The fee for recording or registering shall be paid by the owner or applicant.

Section 12. Zoning ordinances or by-laws shall provide for a zoning board of appeals, according to the provisions of this section, unless otherwise provided by charter. The mayor subject to confirmation of the city council, or board of selectmen shall appoint members of the board of appeals within three months of the adoption of the ordinance or by-law. Pending appointment of the members of the board of appeals, the city council or board of selectmen shall act as the board of appeals. Any board of appeals established hereunder shall consist of three or five members who, unless otherwise provided by charter, shall be appointed by the mayor, subject to the confirmation by the city council, or by

the selectmen, for terms of such length and so arranged that the term of one member shall expire each year. Each zoning board of appeals shall elect annually a chairman from its own number and a clerk, and may, subject to appropriation, employ experts and clerical and other assistants. Any member may be removed for cause by the appointing authority upon written charges and after a public hearing. Vacancies shall be filled for unexpired terms in the same manner as in the case of original appointments. Zoning ordinances or by-laws may provide for the appointments in like manner of associate members of the board of appeals; and if provision for associate members has been made the chairman of the board may designate any such associate member to sit on the board in case of absence, inability to act or conflict of interest on the part of any member thereof, or in the event of a vacancy on the board until said vacancy is filled in the manner provided in this section.

The board of appeals shall adopt rules, not inconsistent with the provisions of the zoning ordinance or by-law for the conduct of its business and for purposes of this chapter and shall file a copy of said rules with the city or town clerk. In the event that a board of appeals has appointed a zoning administrator in accordance with section thirteen said rules shall set forth the fact of such appointment, the identity of the persons from time to time appointed to such position, the powers and duties delegated to such individual and any limitations thereon.

Section 13. A zoning ordinance or by-law may authorize the appointment of a zoning administrator, who, unless otherwise provided by charter, shall be appointed by the board of appeals, subject to confirmation by the city council or board of selectmen, to serve at the pleasure of the board of appeals pursuant to such qualifications as may be established by the city council or board of selectmen. The board of appeals may delegate to said zoning administrator some of its powers and duties by a concurring vote of all members of the board of appeals consisting of three members, and a concurring vote of all except one member of a board consisting of five members. Any person aggrieved by a decision or order of the zoning administrator, whether or not previously a party to the proceeding, or any municipal office or board, may appeal to the board of appeals, as provided in section fourteen, within thirty days after the decision of the zoning administrator has been filed in the office of the city or town clerk. Any appeal, application or petition filed with said zoning administrator as to which no decision has issued within thirty-five days from the date of filing shall be deemed denied and shall be subject to appeal to the board of appeals as provided in section eight.

Section 14. A board of appeals shall have the following powers: —

(1) To hear and decide appeals in accordance with section eight.

(2) To hear and decide applications for special permits upon which the board is empowered to act under said ordinance or by-laws.

(3) To hear and decide petitions for variances as set forth in section ten.

(4) To hear and decide appeals from decisions of a zoning administrator, if any, in accordance with section thirteen and this section.

In exercising the powers granted by this section, a board of appeals may, in conformity with the provisions of this chapter, make orders or decisions, reverse or affirm in whole or in part, or modify any order or decision, and to that end shall have all the powers of the officer from whom the appeal is taken and may issue or direct the issuance of a permit.

Section 15. Any appeal under section eight to a permit granting authority shall be taken within thirty days from the date of the order or decision which is being appealed, by filing a notice of appeal, specifying the grounds thereof, with the city or town clerk, who shall forthwith transmit copies thereof to such officer or board whose order or decision is being appealed, and to the permit granting authority. Such officer or board shall forthwith transmit to the board of appeals or zoning administrator all documents and papers constituting the record of the case in which the appeal is taken.

Any appeal to a board of appeals from the order or decision of a zoning administrator, if any, appointed in accordance with section thirteen shall be taken within thirty days of the date of such order or decision or within thirty days from the date on which the appeal, application or petition in question shall have been deemed denied in accordance with said section thirteen, as the case may be, by filing a notice of appeal, specifying the grounds thereof with the city or town clerk who shall forthwith transmit copies thereof to the zoning administrator and, in the case of an appeal under section eight to the officer whose decision was the subject of the initial appeal to said zoning administrator. The zoning administrator shall forthwith transmit to the board of appeals all documents and papers constituting the record of the case in which the appeal is taken. All applications for special permits or petitions for variance over which the board of appeals or the zoning administrator as the case may be, exercise original jurisdiction shall be filed by the petitioner with the city or town clerk who shall forthwith transmit a copy thereof to the board of appeals or to said zoning administrator.

Meetings of the board shall be held at the call of the chairman or when called in such other manner as the board shall determine in its rules. The board of appeals shall hold a hearing

on any appeal, application or petition transmitted to it by the city or town clerk within sixty-five days from the transmittal to the board of such appeal, application or petition. The board shall cause notice of such hearing to be published and sent to parties in interest as provided for herein, and shall notify the planning board of the city or town and, the planning board of adjacent cities and towns which may forward recommendations with respect to said matter for the consideration of the board of appeals. The chairman, or in his absence the acting chairman, may administer oaths, summon witnesses, and call for the production of papers.

The concurring vote of all the members of the board of appeals consisting of three members, and a vote of four members of a board consisting of five members, shall be necessary to reverse any order or decision of any administrative official under this chapter or to effect any variance in the application of any ordinance or by-law.

All hearings of the board of appeals shall be open to the public. The decision of the board shall be made within seventy-five days after the date of the filing of an appeal, application or petition except in regard to special permits, as provided for in section nine of this chapter. Failure by the board to act within said seventy-five days shall be deemed to be the grant of the relief, application or petition sought, subject to an applicable judicial appeal as provided for in this chapter. The board shall cause to be made a detailed record of its proceedings, indicating the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and setting forth clearly the reason or reasons for its decision and of its official actions, copies of all of which shall be filed within fourteen days in the office of the city or town clerk and shall be a public record; and notice of the decision shall be mailed forthwith to the petitioner, applicant or appellant, to the parties in interest designated in section eleven, and to every person present at the hearing who requested that notice be sent to him and stated the address to which such notice was to be sent. Each notice shall specify that appeals, if any, shall be made pursuant to section seventeen and shall be filed within twenty days after the date of filing of such notice in the office of city or town clerk.

Section 16. No appeal, application or petition which has been unfavorably and finally acted upon by the special permit granting or permit granting authority shall be acted favorably upon within two years after the date of final unfavorable action unless said special permit granting authority or permit granting authority finds, by a unanimous vote of a board of three members or by a vote of four members of a board of five members or two-thirds vote of a board of more than five members, specific and material changes in the conditions upon which the previous unfavorable action was based, and describes such changes in the

record of its proceedings, and unless all but one of the members of the planning board consents thereto and after notice is given to parties in interest of the time and place of the proceedings when the question of such consent will be considered.

Any petition for a variance or application for a special permit which has been transmitted to the permit granting authority or special permit granting authority may be withdrawn, without prejudice by the petitioner prior to the publication of the notice of a public hearing thereon, but thereafter be withdrawn without prejudice only with the approval of the special permit granting authority or permit granting authority.

Section 17. Any person aggrieved by a decision of the board of appeals or any special permit granting authority whether or not previously a party to the proceeding, or any municipal officer or board may appeal to the superior court or to the land court under section fourteen A of chapter two hundred and forty for the county in which the land concerned is situated or if the land is situated in Hampden county either to the superior court or to the housing court of the county of Hampden, by bringing an action within twenty days after the decision has been filed in the office of the city or town clerk. Notice of the action with a copy of the complaint shall be given to such city or town clerk so as to be received within such twenty days. The complaint shall allege that the decision exceeds the authority of the board of authority, and any facts pertinent to the issue, and shall contain a prayer that the decision be annulled. There shall be attached to the complaint a copy of the decision appealed from, bearing the date of filing thereof, certified by the city or town clerk with whom the decision was filed.

If the complaint is filed by someone other than the original applicant, appellant or petitioner, such original applicant, appellant, or petitioner and all members of the board of appeals or special permit granting authority shall be named as parties defendant with their addresses. To avoid delay in the proceedings, instead of the usual service of process, the plaintiff shall within fourteen days after the filing of the complaint, send written notice thereof, with a copy of the complaint, by delivery or certified mail to all defendants, including the members of the board of appeals or special permit granting authority and shall within twenty-one days after the entry of the complaint file with the clerk of the court an affidavit that such notice has been given. If no such affidavit is filed within such time the complaint shall be dismissed. No answer shall be required but an answer may be filed and notice of such filing with a copy of the answer and an affidavit of such notice given to all parties as provided above within seven days after the filing of the answer. Other persons may be permitted to intervene, upon motion. The clerk of the court shall give notice of the hearing as in other cases without jury, to all parties whether or not they have appeared.

The court shall hear all evidence pertinent to the authority of the board or special permit granting authority and determine the facts, and, upon the facts as so determined, annul such decision if found to exceed the authority of such board or special permit granting authority or make such other decree as justice and equity may require. The foregoing remedy shall be exclusive, notwithstanding any defect of procedure or of notice other than notice by publication, mailing or posting as required by this chapter, and the validity of any action shall not be questioned for matters relating to defects in procedure or of notice in any other proceedings except with respect to such publication, mailing or posting and then only by a proceedings commenced within ninety days after the decision has been filed in the office of the city or town clerk, but the parties shall have all rights of appeal and exception as in other equity cases.

A city or town may provide any officer or board of such city or town with independent legal counsel for appealing, as provided in this section, a decision of a board of appeals or special permit granting authority and for taking such other subsequent action as parties are authorized to take.

Costs shall not be allowed against the board or special permit granting authority unless it shall appear to the court that the board or special permit granting authority in making the decision appealed from acted with gross negligence, in bad faith or with malice.

Costs shall not be allowed against the party appealing from the decision of the board or special permit granting authority unless it shall appear to the court that said appellant or appellants acted in bad faith or with malice in making the appeal to the court.

All issues in any proceeding under this section shall have precedence over all other civil actions and proceedings.

The commission shall annually calculate the portions of all federal construction grants awarded after March first, nineteen hundred and seventy-three, that are attributable to treatment of industrial wastes received into the metropolitan sewerage district system from cities and towns served by that system. The commission shall further allocate such portions among the cities and towns so served, in accordance with the population equivalents of their industrial waste flows to the treatment works for which the federal construction grants were awarded. If federal law permits, the commission may aggregate the industrial waste portions of such grants and allocate such aggregated sum among the cities and towns in proportion to the population equivalents of their industrial waste flows to the metropolitan sewerage district system. The commission shall inform each city and town of its allocated share as determined under this section.

Each member city and town to which a share of cost is thus allocated shall assess its industrial users to recover from them the portions of that share which are attributable to treatment of their wastes. Every municipal program of industrial cost recovery and any amendments thereto shall be subject to the approval of the commission, which shall not be withheld if the program meets requirements of federal law, and, upon request, the commission may assist a city or town in the development and application of appropriate methods of assessment. Such methods may include division of industrial users into classes according to their typical wasteload characteristics.

If, within the time allowed for meeting federal grant conditions, any city or town served by the metropolitan sewerage district system fails to establish an acceptable program of industrial cost recovery in accordance with this section, the commission shall establish, and may from time to time alter and amend, an industrial cost recovery program which such city or town shall promptly adopt and implement, pending establishment of its own acceptable program in accordance with the preceding paragraph.

The proceeds of industrial cost recoveries under this section shall be remitted not less than annually, in the form of checks made payable to the commonwealth, to the state treasurer, who shall deposit them in a special fund to be known as the Metropolitan District Commission Wastewater Management Fund. Such fund shall be invested and payments shall be made from it from time to time as may be required by state or federal law, provided that not less than ten per cent of all cost recoveries deposited in the fund, together with interest earned thereon, shall, subject to appropriation, be used to defray administrative expenses of the commission.

SECTION 5. Said chapter 92 is hereby further amended by striking out sections 5B and 6, as appearing in section 3 of chapter 612 of the acts of 1959, and inserting in place thereof the following four sections: —

Section 5B. The cost of construction of extensions of the metropolitan sewerage district system to provide service for additional cities and towns, or to provide additional service for one or more cities and towns, shall be paid by the cities and towns so benefited to the extent that such cost is not met by federal or state construction grants. The annual amounts required to meet payments of principal and interest on debt incurred to finance such construction, as estimated by the state treasurer, and to meet any deficiencies in the amount previously paid in, shall be apportioned among such benefited cities and towns in proportion to the respective additional capacities thereby made available to them by such construction. The proportion to be paid by each city and town benefited may be established by law; provided, however, that if such proportions are not so established they shall be determined by the commission.

Section 6. The proportions in which the cities and towns included in the metropolitan sewerage district system shall annually pay to meet the total cost of operation and maintenance, including replacement, of the system shall be based on their respective populations contributing to the system, and on the population equivalents of other wastes contributed to the system by the respective cities and towns, as determined by the commission. If less than the whole area of any city or town is included in the metropolitan sewerage district, the contributing

population and population equivalents only of that part of the city or town served by the district, as determined by the commission, shall be used as a basis for determining the proportions to be paid under this section. The commission shall annually allocate the cost shares for operation and maintenance, including replacement, among the cities and towns so served. For purposes of this section, "replacement" shall mean such expenditures for obtaining and installing equipment, accessories, or appurtenances during the useful life of treatment works as are necessary to maintain the capacity and performance for which the works are designed and constructed.

Each city and town to which a portion of cost is thus allocated shall adopt and administer a program of user charges requiring all users within its jurisdiction to pay their proportionate shares of such allocation. Every such program and any amendments thereto shall be subject to approval of the commission, which shall not be withheld if the program meets requirements of federal law, and, upon request, the commission may assist a city or town in the development and application of appropriate methods of assessment. Such methods may include division of users into classes according to their typical wasteload characteristics.

If, within the time allowed for meeting federal grant conditions, any city or town served by the metropolitan sewerage district system fails to establish an acceptable program of user charges in accordance with this section, the commission shall establish, and may from time to time alter and amend, a user charge program which such city or town shall adopt and implement, pending establishment of its own acceptable program in accordance with the preceding paragraph.

Section 6A The commission may require present and prospective municipal, industrial or other users of the metropolitan system, or of any sewer tributary thereto, to comply with applicable provisions of federal or state law respecting (1) toxic and pretreatment standards; (2) construction, operation and maintenance of pretreatment facilities; (3) monitoring, recordkeeping and reporting of discharges to the system; (4) notification of proposed new discharges or substantial changes in discharges to the system; (5) user charges; and (6) industrial cost recoveries.

Section 6B. Officers or agents of the commission may enter at reasonable times any property, public or private, connected directly or indirectly to the metropolitan sewerage district system, for purposes of inspecting or sampling any sewage, drainage, substances or wastes conveyed through such a connection; of inspecting any monitoring equipment or procedures required to be maintained with respect to such discharges; and of examining any records pertaining to such discharges or to the operation of pretreatment works.

No information acquired by officers or agents of the commission upon entry under this section may be used in any criminal proceeding based on such information against an individual who makes it available upon demand to such an officer or agent, except in a prosecution for the making of a false statement or record or for otherwise failing to comply with recording requirements under federal or state law.

SECTION 6. Said chapter 92 is hereby further amended by striking out section 7, as appearing in the Tercentenary Edition, and inserting in place thereof the following section: —

Section 7. On or before September first of each year, the commission, in accordance with sections five, five A, five B, and six, and after consultation with the cities and towns served by the metropolitan sewerage district, shall establish the proportions in which the respective cities and towns shall annually pay money to the commonwealth to meet interest and principal costs, industrial cost-recovery requirements, and costs of maintenance and operation of the metropolitan system. For these purposes, calculations of industrial waste contributions from each city and town shall be based on current and annually updated industrial waste surveys. Not later than September first of each year the commission shall submit to the officials of such cities and towns the ratios of apportionment so established. Not later than October first of each year the commission shall certify and transmit its determinations to the state treasurer.

SECTION 7. Said chapter 92 is hereby further amended by striking out section 8, as amended by section 5 of chapter 432 of the acts of 1946, and inserting in place thereof the following two sections: —

Section 8. The amount of money required each year from every such city and town to meet the interest and principal requirements and costs aforesaid and the deficiency, if any, shall be estimated by the state treasurer in accordance with the proportions as determined aforesaid by the commission, and shall be included and made a part of the sum charged to such city or town, and shall be paid by the city or town to the commonwealth as provided by section twenty of chapter fifty-nine.

Section 8A. The commission may adopt, modify and repeal regulations for implementing and administering the provisions of sections one A, two, and five to eight, inclusive, and may issue orders to municipal, industrial or other users direting compliance with the terms of any such regulation or provision.

Whoever violates any provision of section two, six A, or six B, or any regulation, ordinance or order adopted or issued thereunder or under section twelve of chapter seven hundred and five of the acts of nineteen hundred and forty-five, shall be punished by a fine of not less than one thousand nor more than ten thousand dollars for each day such violation continues, or

shall be subject to a civil penalty not to exceed ten thousand dollars per day of such violation which may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction.

SECTION 8. Within eighteen months of the passage of this act, each city or town served by the metropolitan system shall have in effect a sewer-use ordinance no less stringent than regulations of the metropolitan district commission itself pertaining to sewer use, together with procedures for monitoring and enforcing compliance with such ordinance. Upon request, said commission may assist a city or town in developing the ordinance required under this section. Nothing in this act shall be deemed to restrict the authority of said commission to adopt, modify and repeal sewer use regulations, to issue orders directing compliance with them, and to levy assessments for violations, pursuant to section twelve of chapter seven hundred and five of the acts of nineteen hundred and forty-five. Sewer use ordinances and regulations shall be subject to approval by said commission.

SECTION 9. This act shall take effect on July first, nineteen hundred and seventy-six.

Approved December 22, 1975.

Such motor vehicle and contents shall be forfeited to the commonwealth in the manner provided in section eight of chapter sixty-four C in the case of cigarettes and in sections fifty to fifty-five, inclusive, of chapter one hundred and thirty-eight in the case of alcoholic beverages.

Section 2. (*a*) No person shall act as a motor carrier unless a license or licenses shall have been issued to him as hereinafter described. Every person desiring to act as a motor carrier shall file with the commissioner an application, in such form as the commissioner, with the approval of the commission, prescribes, giving such information as the commissioner requires, to license such motor carrier and each motor vehicle which the motor carrier desires to operate or cause to be operated upon the highways of the commonwealth which is propelled by fuel or special fuels purchased or acquired outside the commonwealth. At the time of making the application, such person shall pay to the commissioner a fee of one dollar for the motor carrier license or renewal thereof and an additional one dollar for each motor vehicle licensed thereunder. The license shall be issued for the calendar year or the remaining part thereof and shall be renewed annually.

(*b*) After compliance with the provisions of paragraph (*a*) by the applicant, the commissioner may issue to such applicant a motor carrier license and a separate motor vehicle license for each motor vehicle licensed thereunder. (*c*) The commissioner may suspend or revoke the motor carrier license or motor vehicle license of any person or may refuse to issue any such licenses for failure to comply with the provisions of this chapter or with all pertinent rules and regulations of the commission promulgated hereunder. Any person aggrieved by such suspension, revocation or refusal may, within ten days after written notice thereof has been mailed or delivered to him, apply to the commission for a hearing setting forth in such application a full statement of the grounds on which he intends to rely; provided, that he has filed with the commission at the time of making such application a bond running to the commonwealth, with a surety company authorized to do business in the commonwealth as surety, in such sum as the commission shall fix, conditioned upon the payment of all taxes then due under this chapter and to become due during the pendency of such appeal to the commission and of any further appeal to the appellate tax board or to the supreme judicial court. After such hearing, the commission shall give written notice of its decision. Any person aggrieved by a decision of the commission under this chapter may appeal therefrom to the appellate tax board within ten days after such written notice has been mailed or delivered to him. Such appeals to the appellate tax board shall be preferred cases to be heard, and shall, unless cause appears to the contrary, have priority over other cases. During the pendency of any such appeal to the commission or to the appellate tax board or to the supreme judicial court, the suspension or revocation so appealed from shall be inoperative. In the case of an appeal from the refusal of the commissioner to issue a license, the commissioner shall issue such license during the pendency of the appeal.

A person whose license has been suspended or revoked shall pay the commissioner a fee of five dollars for the reissuance of a motor carrier license and an additional five dollars for the reissuance of each motor vehicle license. (*d*) Any motor carrier which is subject to the provisions of this chapter and operates or causes to be operated any motor vehicle upon the highways of this commonwealth and has failed to license such motor carrier or such motor vehicle as required by this section and any person who operates such motor vehicle shall be punished by a fine of not less than two hundred dollars nor more than five hundred dollars. The superior court may, on petition of the commissioner, restrain such motor carrier from operating or otherwise doing business in the commonwealth.

(*e*) As a condition precedent to the issuance of a motor carrier license or motor vehicle license, the commissioner may require the applicant to furnish a bond, prior to the granting of said license and thereafter annually on or before December thirty-first, with a surety company authorized to transact business in the commonwealth as surety, in such amount as the commissioner may determine, to secure the payment of any tax, interest, penalty or forfeitures due or which may become due.

Such credit or refund may be allowed subject to subsequent verification and audit, provided, however, that the commission may require such applicant to file with it a bond, with a surety company authorized to transact business in the commonwealth as surety, in such amount as the commission may determine, to secure repayment to the commonwealth of any overpayment of such credit or refund, together with interest at the rate of eight per cent per annum from the date of such overpayment.

Be it enacted, etc., as follows:

SECTION 1. Chapter 190 of the acts of 1972 is hereby amended by striking out section 2 and inserting in place thereof the following section: —

Section 2. The South Essex Sewerage Board hereinafter called the board, acting on behalf of the South Essex Sewerage District, hereinafter called the district, shall, subject to such conditions, rules and regulations, including a reasonable charge for the use of existing facilities, as set forth by the board, permit, from time to time, that portion of the town of Middleton, as described in section one, to connect the sewerage outlets of the sewerage system or systems from time to time serving such portion of the town of Middleton to any sewer line of the district, or to the town of Danvers municipal sewer, which connects with a sewer line of the district, at a point agreeable to the town of Danvers, provided the system or systems so connected, including portions thereof located in said town of Danvers, have been constructed in accordance with plans approved by the depart-

ment of public health and by the division of water pollution control. The town of Middleton shall not have any financial obligation to the town of Danvers for the design, construction or maintenance of said Danvers sewer connection line.

The town of Danvers may charge the owners of that portion of the town of Middleton described in section one that are connected to the Danvers municipal sewer as provided in this section, sewer use charges and a meter replacement charge with respect to the meter described in section three. The said sewer use charge shall be computed by taking the sewer use charge levied against residents of the town of Danvers, deducting therefrom that portion of said charge attributable to assessments made on the town of Danvers by the district, and multiplying the resulting amount by two and five-tenths to reflect overhead and administrative expenses incurred by the town of Danvers. The meter replacement charge shall be computed by taking the actual cost to the town of Danvers of any replacement meter installed and apportioning said cost against the owners of said land in Middleton on the same basis as the sewer use charge.

The town of Danvers shall be responsible for all maintenance of the sewer trunk extension in said town, including the meter described in section three and the town of Middleton shall not be liable to the town of Danvers for any charge with respect to the design, construction and maintenance of said sewer trunk extension. The town of Danvers, with respect to the sewer use charge to be assessed against the owners of the said land in Middleton connected to the Danvers sewer trunk extension, shall have the powers of assessment, collection and enforcement provided in chapters eighty and eighty-three of the General Laws, provided however any sewer charge liens of the town of Danvers shall be subordinated to sewer, water, tax or other liens of the town of Middleton.

In the event that either the town of Middleton or the owners of any portion of the town of Middleton described in section one decide to construct a sewer trunk line connecting property located in that portion of the town of Middleton described in section one directly to a sewer line of the district without any connection to the Danvers municipal sewer the town of Middleton or the said owners or both shall have the right to construct such a sewer trunk connection line within and through the town of Danvers, and shall be granted such easements with respect to construction of said line through streets and lands owned or controlled by the town of Danvers as may be within the power of the town of Danvers. If any properties located in that portion of the town of Middleton described in section one which had been connected to the Danvers municipal sewer as provided in this section two are subsequently disconnected from the Danvers Municipal Sewer and connected directly to a sewer line

of the district, whether or not including a sewer trunk line constructed pursuant to the preceding sentence, the right of the town of Danvers to charge a sewer use charge and meter replacement charge as hereinabove provided shall cease with respect to said properties, provided however that the town of Danvers may assess, collect, and enforce any such charges accrued and unpaid through the time that such property is disconnected from the Danvers municipal sewer.

SECTION 1A. Section 3 of said chapter 190, as amended by section 2 of chapter 101 of the acts of 1975, is hereby amended by adding the following paragraph: —

The owner of a private estate situated in that part of the town of Middleton described in section one first making a connection to the Danvers municipal sewer as provided in section two shall install a sewerage flow meter in the sewer connection line, at a point near the Danvers-Middleton town line to measure the amount of sewage flowing from said part of Middleton. The district shall read said meter on such basis as shall be provided by the board, and shall utilize such reading to determine the assessments to be made on the town of Middleton for operation and maintenance of the district sewer system as provided in the preceding paragraph of this section. The district shall deduct the amount of sewage flow from Middleton, measured by said meter, from the total measured flow from Danvers utilized by the board in determining the operation and maintenance assessments to be made by the district on the town of Danvers. If at any time the said meter is found defective by either the town of Danvers or the district, then said meter shall be replaced and the cost of such replacement shall be assessed as provided in section two.

SECTION 2. Said chapter 190 is hereby further amended by striking out section 4, as amended by section 1 of chapter 517 of the acts of 1972, and inserting in place thereof the following section: —

Section 4. After any connection by any sewer system serving the property described in section one to the district trunk sewer in accordance with section two, the board shall allocate and apportion to that portion of the town of Middleton described in section one its proportionate share of all the costs of construction, operation of works and facilities constructed, principal retirement, interest payments due on bonds and notes issued under chapter five hundred and sixteen of the acts of nineteen hundred and sixty-nine, including notes issued to pay annual interest on bonds or notes previously issued and all other costs authorized by said chapter five hundred and sixteen and to assess the town of Middleton annually such proportionate share.

SECTION 3. Said chapter 190 is hereby further amended by striking out section 6, as amended by section 2 of chapter 517 of the acts of 1972, and inserting in place thereof the following section: —

Section 6. Before the first sewer connection is made from any private estate situated in that part of the town of Middleton described in section one to the district sewer system in accordance with section two, the owner of the private estate making such connection shall, in addition to any assessments under the succeeding paragraph, pay the connection fee assessed by the district and pay one hundred thousand dollars to the town of Middleton; the town of Middleton shall not be obliged under any circumstances to refund any part of said one hundred thousand dollar payment, which shall constitute compensation, with no restriction as to its use, for the costs incurred in the administration of this act; and said payment to the town of Middleton shall be due only from the owner of the private estate first seeking such connection; and all other owners of private estates located in the part of Middleton described in section one shall thereafter be entitled to make sewer connections without regard to the provisions of this paragraph which shall apply only to the initial connection made under this act.

The town of Middleton, in respect to any assessment allocated to it by the board, under any provision of this act, is hereby granted all powers of assessment, in like manner, which are granted to the cities and towns by the General Laws, including without limitation chapters eighty and eighty-three of the General Laws for the assessment, collection and enforcement thereof of sewer uses and betterments and said assessment shall be made against the various owners of the part of the town of Middleton as described in section one and said town may adopt such rules and regulations as it may determine for the purpose of said assessment, collection, and enforcement thereof.

SECTION 4. Said chapter 190 is hereby further amended by inserting after section 9 the following section: —

Section 9A. The town of Middleton shall at the direction of the board, adopt any and all programs, including sewer use charges and cost recovery programs, in accordance with the requirements of appropriate state or federal agencies that all the member municipalities of the district are required to adopt by said state or federal agencies.

income of which one or more persons is handicapped. The amount of bonds or notes guaranteed by the commonwealth under this section shall not exceed ten million dollars in the aggregate, or the actual cost of providing five hundred units, whichever amount is the lesser. Housing units for handicapped persons or families of low income, of which one or more persons is handicapped, provided as a project or a part of a project for housing for elderly persons and subject to a contract for financial assistance pursuant to section forty-one, shall not be included in the computation of the dollar or unit limits of this section. Each contract for financial assistance shall provide that the commonwealth shall pay to the housing authority annual contributions, provided however, that the total amount of the annual contributions so contracted for by the commonwealth for any one year shall not exceed eight hundred thousand dollars, or eight per cent of the aggregate amount of bonds and notes guaranteed by the commonwealth under this section. Each such annual contribution by the commonwealth shall be paid by the commonwealth upon approval and certification by the department to the comptroller. The provisions of sections thirty-four and thirty-five shall, so far as apt, be applicable to contracts for financial assistance under this section. The department shall report to the general court the use for which such funds were expended prior to requesting additional funds for further construction under this program.

Chap. 827. AN ACT FURTHER REGULATING THE DEVELOPMENT OF URBAN REDEVELOPMENT ENTITIES.

Be it enacted, etc., as follows:

SECTION 1. Section 3 of chapter 121A of the General Laws, as most recently amended by section 1 of chapter 356 of the acts of 1968, is hereby further amended by striking out the second paragraph and inserting in place thereof the following paragraph: —

A charitable corporation organized under chapter one hundred and eighty, the property of which cannot on dissolution or otherwise inure to the benefit of any private person or entity, and which is approved by the local renewal agency, is hereby empowered to act as an Urban Redevelopment Corporation pursuant to all other provisions of this chapter, except as hereinafter provided, for the purpose of rehabilitating and improving residential housing. Such a corporation may sell any redevelopment project within fifteen years or such further time as may be provided under section ten, provided that any profits shall be employed in further redevelopment projects. Such a corporation shall be exempt from the provisions of section nine, provided that surplus earning profits from such projects, however, categorized, shall be employed in further urban redevelopment projects.

SECTION 2. Said chapter 121A is hereby amended by striking out section 5, as amended by section 4 of chapter 652 of the acts of 1960, and inserting in place thereof the following section: —

Section 5. The persons who have executed an agreement of association under section three with intent to form a corporation for the purpose of undertaking and carrying out a project in a city, other than Boston and Springfield, or in a town shall, before presenting the agreement of association to the state secretary for filing, submit to the housing board an application for its approval of the project for the carrying out of which the corporation is sought to be formed and its consent to the formation of such corporation. Such application shall specify the location of the proposed project and shall state the reasons why the project is necessary or desirable, the uses to which the project is to be put, the estimated cost of the project, and the amount of capital which it is intended to raise. Such application shall also contain in general terms a description of the buildings, structures or facilities which it is proposed to furnish, and shall be accompanied by a site plan and typical building plan and typical elevations of the proposed buildings or structures. If property is to be taken by eminent domain, the applicant shall also file a relocation plan as required pursuant to chapter seventy-nine A.

SECTION 3. Said chapter 121A is hereby further amended by striking out section 6, as most recently amended by section 1 of chapter 640 of the acts of 1956, and inserting in place thereof the following section: —

Section 6. Whenever the housing board is asked to approve a project under this chapter, it shall transmit the application to the mayor of the city or the selectmen of the town in which the proposed project is to be located. The mayor or the selectmen, as the case may be, shall forthwith transmit said application to the planning board and, in a city, the city council. If, in any town, there is no planning board, the selectmen shall act as the planning board.

In a town a public hearing shall be held before the planning board and, in a city, before the planning board and the city council jointly, within forty-five days after the transmittal of the application by the mayor or selectmen. Notice of such hearing shall be given pursuant to section six B. Following such hearing, the planning board and, where applicable, the city council, shall thereafter determine that blighted open or decadent or substandard conditions exist within the proposed project area; that the project is not in contravention of any zoning, subdivision, health or building ordinance or by-law or rules and regulations of the city or town; whether or not the proposed project conflicts with the master plan of the city or town made by authority of chapter forty-one, if such a plan has been made, determine whether or not such project would be in any way detrimental to the best interests of the public or the city or town or to the public safety and convenience or be inconsistent with the most suitable development of the city or town; whether or not the proposed project will constitute a public use and benefit; the feasibility of the method of relocation and existence or availability of dwellings for displaced families as hereinafter provided; and approve, disapprove with recommended modifications or disapprove the application and issue its report as hereinafter provided.

In a city, the report of the planning board shall be transmitted to the city council within forty-five days after the public hearing and the city council shall, after receipt of the report of the planning board, and within ninety days of the public hearing, transmit its report to the mayor. In a town, the planning board shall transmit its report to the board of selectmen within ninety days after the public hearing.

All such reports shall be in writing, shall approve or disapprove the project within the meaning of this section and shall contain the hearing authority's reasons for such approval or disapproval. All such reports shall be open to public inspection. At the time a report is transmitted, copies shall be sent by the hearing authority by certified mail to all persons who were notified of the hearing as provided in section six B. For the

purposes of this section and section six C, the date of transmittal shall be the date of mailing of such copies. In a city, a report of a planning board, whether it approves, disapproves, or disapproves with recommended changes, shall be considered as advisory by the city council, mayor, and housing board.

If the planning board in a city disapproves the project, it may recommend changes in the project to the city council. If the planning board in a town or the city council disapproves the project, it may suggest changes in the project which, if adopted would meet its objections. The applicant may amend such application in accordance with the changes suggested and resubmit the application as amended to the planning board in the case of towns or city council in the case of cities for approval. The planning board or city council, as the case may be, may approve or disapprove the application as amended, without further public hearing, unless, in its opinion, the proposed change is a fundamental one, in which event the planning board in a town or city council and planning board in a city shall hold a further public hearing and the provisions of this section with respect to an original application shall be applicable thereto.

If the carrying out of a project will involve the taking of property by eminent domain or the destruction or rehabilitation of buildings occupied in whole or in part as dwellings, the planning board and, where applicable, the city council, shall determine whether or not there are, or are being provided in the project area or in other areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families displaced from the project area, decent, safe and sanitary dwellings equal in number to the number of, and available to, such displaced families and reasonably accessible to their places of employment and, unless the planning board and, where applicable, the city council find that there is such a feasible method and that such dwellings exist or are being provided, a project shall not be approved.

As used in this section "council" shall mean the city council or similar legislative body of a city and "selectmen" shall mean the board of selectmen or similar legislative body of a town; and whenever the approval of the planning board, council or selectmen is required, such approval shall be deemed given if voted by a majority of the members of such planning board, council or selectmen.

The mayor or selectmen, within thirty days after transmittal of the report from the planning board and where apt the city council, shall transmit all such reports to the housing board, together with a certificate evidencing his or their approval or disapproval of the project.

The housing board, if it receives a certificate evidencing the approval in a city of the mayor and city council or in a town of

the selectmen and planning board and if it finds that the conditions exist which warrant the carrying out of the project and that in its opinion the cost of the project will be practicable, and that the construction and use of the project will not be in contravention of any zoning, subdivision, health or building ordinances or by-laws or rules and regulations of the city or town, or of any municipal board, in effect in the location of the proposed project, or of the standards fixed by the board under section four, shall issue a certificate that it approves the project and consents to the formation of a corporation to carry it out. The agreement of association shall not be presented to the state secretary for filing, nor shall he file it, unless it is accompanied by such certificate. If the housing board disapproves the project it shall state its objections in writing and may suggest changes in the project, or in the plans therefor, which, if adopted, would meet its objections. If the applicant determines to proceed in accordance with the changes suggested, the applicant shall amend the application accordingly and resubmit the application as amended to the housing board for its approval. The housing board may approve or disapprove such application as amended unless in its opinion the proposed change is a fundamental one. In such case the housing board shall transmit the application as amended to the mayor of the city or the selectmen of the town in which the project is to be located, and the provisions of this section in respect to an original application shall be applicable thereto.

Whenever the housing board finds that the construction or use of a proposed project would be in contravention of any zoning, subdivision, health or building ordinances or by-laws or rules and regulations of the city or town, or of any municipal board, in effect in the location of the proposed project, and the application filed under section five proposes any waiver, variance or amendment of such ordinances, by-laws, rules or regulations, which if granted or effected would make the proposed project in conformity therewith, the housing board may issue a certificate that it consents to the formation of the corporation subject to such conditions as may be set forth in such certificate with respect to the obtaining of such waiver, variance or amendment. Whenever any such conditional certificate shall be issued by the housing board, the agreement of association may be presented to the state secretary for filing, and he shall file it, and the corporation shall then be for all purposes a corporation organized under this chapter; provided, however, that the corporation shall not enter upon the construction of a project or portion thereof until the housing board shall have issued a certificate to the effect that the corporation has complied with all of the conditions set forth in such conditional certificate which relate to the project, or the portion thereof proposed to be placed under construction.

Any person aggrieved by any decision made pursuant to this section or the lack thereof may appeal by filing a complaint in superior court for the county in which the project is proposed in accordance with the procedure set forth in section six C.

SECTION 4. Section 6A of said chapter 121A is hereby amended by adding the following four paragraphs: —

Any such contract may further provide that such corporation may elect as of the end of any fiscal tax year ending after the fifteen year as provided in section ten to shorten the period of extension of tax exemption as further provided by section ten by written notice given to the clerk of the city or town and to the housing board not less than thirty days prior to the date upon which the assessment of property is set during any municipal fiscal tax year provided that no such action shall be permitted hereunder unless all the amenities upon which the approval of the period of extension of tax exemption was based, have been established, as certified by the housing board.

Any contract or agreement executed pursuant to this chapter shall be filed with the housing board and the office of the clerk of the city or town in which the project is located and shall be made available to any person in accordance with the twenty-sixth clause of section four of chapter seven.

Except in the city of Boston and Springfield, any contract or agreement executed pursuant to this chapter shall be adopted and approved prior to execution in the manner set forth in section six. No contract or agreement under this section shall be approved unless the signatures of a majority of the assessors is affixed thereto.

All amounts payable, in addition to the excise prescribed by section ten, pursuant to a contract or agreement executed under this section shall be in lieu of taxes assessed and levied upon the corporation's real and personal property and shall be collectible as such against the corporation and its property in accordance with chapters fifty-nine and sixty.

SECTION 5. Said chapter 121A of the General Laws is hereby further amended by inserting after section 6A the following two sections: —

Section 6B. The planning board shall give notice of each public hearing required by section six by publishing a notice in a newspaper of general circulation in the city or town in which the project is to be located once in each of two successive weeks, the first publication to be at least fourteen days before the day of the hearing, and by posting a notice in a conspicuous place in the city or town for at least the fourteen consecutive days immediately prior to the day of the hearing.

The planning board at least fourteen days before the day of the hearing shall mail a notice to each owner of land that is within the proposed project, or abuts the proposed project, or is across a public or private street or way from the proposed project, notwithstanding that the land of such owner lies within a city or town other than the city or town in which the project is to be located. The assessors of the city or town in which the land of such owner lies shall certify to the planning board the name and address of such owner as it appears on the tax list, and notice mailed to the name and address certified will be sufficient notice to such owner.

The planning board at least fourteen days before the day of the hearing, shall mail notices to the applicant and to all persons to whom the applicant requests in writing that notice be sent.

A notice required by this section shall contain the date, time and place of the hearing, a statement of the purpose of the hearing, a general description of the boundaries of the proposed project, a description of the types of buildings to be constructed in the proposed project, the name and address of the applicant, and a statement that section six C provides that a person aggrieved by the approval or disapproval of a project has sixty days within which to seek judicial review.

Section 6C. Any person aggrieved by the disapproval of a project by a hearing authority, or by disapproval of a project by the mayor or the selectmen or by the approval or disapproval of a project by the housing board, or by the failure of any of them to act within the time required by section six may appeal to the superior court of the county where the proposed project is to be located by filing a complaint within sixty days after the transmittal of the report of the city council or in the case of towns, the planning board, or after the issuance of the certificate evidencing approval or disapproval by the mayor or selectmen, or after the certificate or objections of the housing board are issued. Where any of them have failed to act within the time required by section six, the complaint must be filed within thirty days after the last day of the time allowed for such action by section six. The complaint shall allege the specific respects in which the action of the hearing authority, or the mayor or selectmen, or the housing board is based upon error of law or is unsupported by substantial evidence, or is without authority and a copy of the report of the planning board, or the mayor or selectmen, or a copy of the certificate or objections of the housing board shall be attached to the complaint. A complaint alleging delay beyond the time allowed by section six shall set forth the dates the application or report was filed or transmitted, the date by which action was required by section six, and that no action has been taken as of the date the complaint is filed.

A complaint filed by a person other than the applicant shall name the applicant and the hearing authorities as defendants.

Rule Four of the Massachusetts Rules of Civli Procedure shall not apply to cases under this section, and the complaint shall be served on each defendant by certified mail or delivery within seven days of the filing, and attached to the complaint filed in the superior court shall be a sworn certificate of service. No answers shall be required, but answers may be filed and served on all parties within twenty days of the date of service of the complaint. The court in its discretion may permit any person to intervene, but the court shall consider whether intervention will delay its review or prejudice the rights of any party. The clerk of the court shall give notice of all hearings in a case to all parties of record, whether or not they have filed answers or other pleadings.

The filing of a complaint under this section shall not stay an approval of a project by the housing board, but the court in its discretion may order a stay.

If the court finds that the decision under review is based upon an error of law or is not supported by substantial evidence or is without authority, the court shall reverse the decision or remand the matter for further proceedings. The court shall order the completion of any action unlawfully delayed. If the court finds that the decision under review is not based upon an error of law and is supported by substantial evidence, the court shall enter judgment accordingly.

As used in this section, hearing authority shall mean the planning board and city council in cities and planning board or selectmen when acting as the planning board in towns.

The remedy granted in this section shall be exclusive. No defect of procedure under section six or of notice under section six B shall be reviewed by a court except as provided in this section.

All proceedings under this section shall be placed before other civil matters on the calendar of the court.

SECTION 6. Said chapter 121A is hereby further amended by striking out section 9, as most recently amended by section 2 of chapter 356 of the acts of 1958, and inserting in place thereof the following section: —

Section 9. Except as provided in section sixteen, the stockholders of every such corporation shall be deemed, when they subscribe to and receive the stock thereof, to have agreed that they shall at no time receive or accept from the corporation, in repayment of their investment in its stock, any sums in excess of the par value, if any, of the stock, together with cumulative dividends thereon at the rate of eight per cent per annum, or in the case of stock without par value, cumulative dividends at the rate of eight per cent per annum of the amount of consideration paid for such stock, as determined by the housing board at the time it approves the issue of such stock. No stockholder in any such corporation shall receive any dividend in any one year in excess of the aforesaid rates, except that when in any prior year

or years dividends in the amount authorized to be paid by such corporation shall not have been paid in full on the said stock, the stockholders shall be entitled to receive the payment of so much of such deficiency without interest, out of any earned surplus which may be available in any succeeding year, as the board of directors of the corporation shall determine. Nothing in this section shall be applicable to the payment of dividends out of profits from the sale of capital assets of the corporation. This section shall not apply to charitable corporations organized pursuant to and meeting the standards of section three, provided that all surplus earnings from projects there specified, however categorized, shall be employed in further urban redevelopment projects.

SECTION 7. Said chapter 121A is hereby further amended by striking out section 10, as most recently amended by section 4 of chapter 640 of the acts of 1956, and inserting in place thereof the following section: —

Section 10. For a period of fifteen years after the organization of any such corporation, such corporation and all its real and personal property, including all real and personal property leased by it from a housing authority or from a redevelopment authority or from a city or town or a corporation wholly owned or controlled by a city or town, shall be exempt from taxation and from betterments and special assessments; and for such period any such corporation shall not be required to pay any tax, excise, or assessment to or for the commonwealth or any of its political subdivisions; provided, however, that notwithstanding the foregoing provisions of this section, any such corporation shall be required to pay (1) the excises and sums respectively prescribed by this section and section fifteen; (2) excises assessed under chapter sixty A and acts in amendment thereof or addition thereto; and (3) excises imposed by chapter sixty-four A and acts in amendment thereof or addition thereto; and provided, further, that nothing in this section shall be construed to prevent any such corporation which enters into a contract under section fourteen from agreeing therein to make, or from making pursuant thereto, payments in lieu of betterments or special assessments.

Notwithstanding the foregoing provisions of this section, the assessors of every city or town in which real or tangible personal property exempted by this section from taxation under chapter fifty-nine is situated on January first of any year shall, on or before March first in such year, determine and certify to the state tax commission and to the corporation organized under this chapter which owns or leases such property the fair cash value of such property as of January first in such year. On or before the first day of April then next ensuing, or within thirty days after

the receipt of the certification of valuation from the assessors, whichever is later, such corporation, if aggrieved by such valuation, may appeal therefrom to the appellate tax board. Said board shall hear and decide the subject matter of such appeal and give notice of its decision to the state tax commission, the assessors and the corporation; and, except as provided in section thirteen of chapter fifty-eight A, such decision shall be final and conclusive.

During the period of fifteen years after the organization of a corporation under this chapter, such corporation shall pay in each calendar year to the commonwealth with respect to its corporate existence at any time within the preceding calendar year an excise equal to the sum of the following: namely, an amount equal to five per cent of its gross income in such preceding calendar year, from all sources, and an amount equal to ten dollars per thousand upon the valuation determined as hereinbefore provided to be the fair cash value as of January first in the year in which the excise becomes payable of all real and tangible personal property of such corporation, including all real and tangible personal property of such corporation, including all real and tangible personal property leased by it which is exempted by this section from taxation under chapter fifty-nine; provided, that the excise payable in any year shall not be less than the amount which the city or town would receive for taxes, at the rate for such year, upon whichever of the following valuations is the lesser: (*a*) the valuation upon which the aforesaid amount equal to ten dollars per thousand is computed; or (*b*) the average of the assessed valuations of the land and all buildings and other things erected thereon or affixed thereto on the three assessment dates, in the case of land purchased, taken or leased by such corporation from a housing authority, redevelopment authority, city, town or corporation wholly owned or controlled by a city or town, next preceding the acquisition of the land by such housing authority, redevelopment authority, city, town or wholly owned or controlled corporation, and in the case of all other land purchased, taken or leased by a corporation organized under this chapter, next preceding the acquisition thereof by such corporation, the assessed valuation for each assessment date being reduced by all abatements, if any. As used herein, the phrase "rate for such year" shall be the rate established by the city or town with respect to the fiscal year commencing during the calendar year for which a return is filed by the corporation.

Any plan for a project may provide that the project may be developed in separate stages, and such stages may be varied from time to time with the approval of the housing board. Whenever a project shall be developed in stages, any excise

payable with respect to corporate existence in a calendar year ending before construction of the last stage of the project is completed, shall be computed as though each stage constituted a separate project owned by a separate corporation.

All provisions of chapter sixty-three relative to the assessment, collection, payment, abatement, verification and administration of taxes, including penalties, applicable to domestic business corporations, as defined in section thirty of said chapter sixty-three, shall be applicable to the excise payable under this section. Said excise shall be distributed, credited and paid to the city or town where the project of the corporation is located.

Real estate acquired by a corporation organized under this chapter by lease from any person other than a housing authority, redevelopment authority, city, town or corporation wholly owned or controlled by a city or town, shall be subject to taxation in the same manner and to the same extent as if such real estate where wholly onwed and occupied by a private person; but so long as the period of fifteen years from the organization of such corporation has not expired and the leasehold estate continues to be held by such corporation, all buildings and other things erected by such corporation on, or affixed by such corporation to, any land acquired by such corporation by such lease shall, for the purposes of this chapter and of chapter fifty-nine, be deemed to be tangible personal property of such corporation. Real estate acquired by lease as aforesaid shall be excluded in making determinations and computing the excise under this section, except that the assessed valuation of all buildings and other things erected thereon or affixed thereto on the three assessment dates next preceding acquisition by such lease shall be included in computing the average valuation under clause (*b*) of the third paragraph of this section.

Notwithstanding any other provisions of this chapter or of any other law, the assessors of the city or town in which a project is to be located may, and upon the request of the housing board they shall determine for the purposes of this section the maximum fair cash value of any proposed project or of any stage or stages thereof. Such determination may be made prior to the construction of the project or of any stage or stages thereof on the basis of the plan for such project, stage or stages. Whenever any such determination shall have been made, the fair cash value of the real estate and tangible personal property of the corporation shall in no event be valued for the purposes of this section in an amount exceeding such maximum fair cash value, except upon a showing that the corporation has acquired real estate or tangible personal property not included in the plan upon which such maximum fair cash value was based, and in such event any such

excess valuation shall be limited to the value of such additional real estate and tangible personal property.
property.

All such information, as submitted to the tax commission, the department of corporations and taxation, and the appellate tax board by such corporation and the assessors of every such city or town, shall be filed with the housing board and in the office of the assessor of the city or town in which the project is located, and, upon request, shall be made available by said department of corporations and taxation and by the housing board to any person in accordance with the twenty-sixth clause of section four of chapter seven.

For the purposes of this section, "gross income" shall mean payments actually made by persons for the right to reside in or occupy any portion or all of the project and shall not be deemed to include any payments made by any governmental unit to or on behalf of such corporation or to or on behalf of any tenant of such corporation which are in addition to such payments actually made by such tenant.

The fifteen year period of exemption from taxation provided in this section may be extended as herein provided with respect to a project authorized under this chapter for an additional period of time, provided, however, that the original fifteen year period and any additional period shall not exceed, in the aggregate, forty years. The granting of any such extension and the duration thereof shall be based upon the amenities established or to be established in the project area and shall be determined in accordance with rules and regulations from time to time promulgated by the housing board. Said rules and regulations shall detail the nature, quality and quantity of various amenities any one or more of which, if established within the project authorized under this chapter, would significantly contribute to the utility or distinctiveness of the project and shall further stipulate the maximum period and minimum period of extension of exemption from taxation applicable to each such amenity. In determining the duration of the applicable extension period for the purposes of the rules and regulations, the housing board shall consider, among other things, the effect the amenity may have on a project with respect to additional project costs or loss of project revenue.

The schedule of amenities as shall be specified in the rules and regulations, upon which an extension may be granted, shall include, but not necessarily be limited to: (*a*) housing for persons of low and moderate income; (*b*) housing or facilities designed for the servicing of the specific needs of handicapped persons; (*c*) facilities designed for the servicing of the specific needs of learning disabled children; (*d*) commercial or industrial development which will result in the employment of minority persons or

of persons residing in or near the project; (*e*) restoration or rehabilitation of structures or sites of architectural or historic merit, when such structures or sites are in the National Register of Historic Places or are in the Inventory of Historic Assets of the Commonwealth and when they are certified by the Massachusetts Historical Commission, and when any such registered or certified structures or sites are coupled with the development of facilities which contribute to public understanding the appreciation of their significance; (*f*) provisions for open space; (*g*) provisions for recreational or community public facilities; (*h*) provisions for the incorporation of significant architectural features in the construction and design of the project and (*i*) provisions for the incorporation of unusual features of construction or design to overcome a factor which contributed to the project being a blighted open area.

The rules and regulations required by this section shall be adopted and may be amended by the housing board only after said board has held a public hearing. Said hearing shall be conducted by the housing board pursuant to the provisions of section two of chapter thirty A except that, and in addition to the notice requirements thereof, the housing board shall, at least thirty-five days prior to the public hearing, send notice of said hearing to: (*a*) all corporations authorized to undertake a project under provisions of this chapter; (*b*) any applicant seeking authorization to undertake a project under provisions of this chapter; and (*c*) the mayor, city council and planning board in cities, and the selectmen and planning board in towns, in which corporations have been authorized to undertake projects or in which applicants seek authorization to undertake projects thereunder. The housing board may rely upon its records in satisfying the notice requirements of this paragraph.

Applications for an extension period shall only be made to the housing board at the time initial authority and approval is sought, except, however, application may be made within ten years after the initial authority and approval is granted provided that such application seeks an extension period based on the establishment of amenities within a portion of a project, the use of which was undesignated at the time of the granting of such initial authority and approval; and excepted further, that in the event of future amendment or change of the rules and regulations promulgated pursuant to this section, application may be made at any time, by a corporation authorized under this chapter, after such amendment or change is in force and effect, provided however, that any such application seeks an extension, the grant of which shall be consistent with any amended or changed rule or regulation then in force and effect.

Applications for an extension period submitted to the housing board pursuant to this section shall be transmitted for public hearing and determination in the same manner as provided for

the application for approval of a project under this chapter, provided, however, that if such application for an extension period is submitted as part of an original application for project approval, such application shall be heard and determined in conjunction with the original application.

Subject to the provisions of this section and the rules and regulations of the housing board adopted as provided herein, an application for an extension period may be approved or disapproved, or disapproved with recommended changes which, if made, would warrant approval. In granting approval of such application, the approving authority shall specify the number of years of extension of exemption from taxation granted. If the application is disapproved with recommended changes, the applicant may amend its application for extension of the period of tax exemption in accordance with such suggested changes and resubmit the application as amended to the approving authority. The approving authority may approve or disapprove the application as amended without further public hearing, unless, in its opinion, the proposed changes materially affect the cost of the project, the revenue accruing to the city or town therefrom, or the period of exemption from taxation granted to the project pursuant to this section, in which event the approving authority shall hold a further public hearing in accordance with the provisions of this chapter applicable to an original application.

Any corporation authorized under this chapter proposing (*a*) a project or portion thereof of housing subsidized by the federal or state government under any program to assist the construction of low or moderate income housing as defined in the applicable federal or state statutes whether built or operated by any public agency or any non-profit or limited dividend organization including a project or portion thereof financed under the provisions of chapter seven hundred and eight of the acts of nineteen hundred and sixty-six, as amended, or (*b*) a pcoject or portion thereof of low and moderate income housing to be financed in whole or in part by funds made available by the federal or state government or any instrumentality thereof or by any mortgage or mortgage bonds insured or guaranteed by the federal housing commissioner or the administrator of veterans' affairs or any other instrumentality of the federal or state governments shall receive with respect to such projects or portions thereof, an initial fifteen year period of tax exemption as provided by section ten and shall receive an additional period of tax exemption equal to twenty-five years.

SECTION 8. Said chapter 121A is hereby further amended by striking out section 11, as appearing in section 1 of chapter 654 of the acts of 1945, and inserting in place thereof the following section: —

Section 11. Any corporation authorized to undertake or acquire projects under this chapter may lease land or interests in land, including air rights, or may acquire such land or interests therein, including air rights, in fee, by gift, purchase or exchange or with approval of the housing board and unless otherwise provided in this chapter, may take land by eminent domain under chapter seventy-nine for projects approved under section six, except the city of Boston and Springfield; provided, however, that the award of damages under section seven of said chapter seventy-nine shall be made by the housing board. Subject to rules and regulations of the housing board, any such corporation may hold, improve, subdivide, build upon, lease, manage and care for the land or interests therein, including air rights, and any buildings thereon owned or leased by such corporation.

Any such corporation may, with the approval of the housing board, and unless otherwise provided in this chapter, institute proceedings for the taking of land for its project under chapter eighty A, and the directors of a corporation organized under this chapter, or the directors or officers of insurance companies, banks or other authorized entities having the powers of directors of such corporation as provided in this chapter, shall be deemed the board of officers authorized to proceed under chapter eighty A; and the provisions of said chapter eighty A shall, so far as apt, apply to proceedings so instituted; but such directors or officers shall have no power to assess betterments.

Any such corporation shall have the power, with the approval of the housing board, to sell, exchange, give or otherwise transfer in whole or in part the land or interests therein, including air rights, leased or acquired by it under this chapter, with the buildings or other structures thereon, constituting a project or portion hereunder to any corporation organized under section three or section eighteen B, insurance company or companies authorized under section eighteen, bank or banks authorized under section eighteen A, or any other authorized entity under this chapter, a housing authority, redevelopment authority, or the commonwealth or any of its political subdivisions, agencies or instrumentalities but such land or interests therein, including air rights, buildings or other structures may be sold only subject to the further requirement that any change in the benefits and restrictions applicable to the grantee, donee or tranferee and any other changes in the project shall not be valid unless approved in the manner provided in section six, except the city of Boston and Springfield, or section eighteen B, as the case may be.

SECTION 9. Said chapter 121A is hereby further amended by striking out section 13, as so appearing, and inserting in place thereof the following section: —

Section 13. Any such corporation may apply to the housing board for leave to change the type and character of the buildings

on a project. The housing board may approve such application, unless in its opinion the proposed change is a fundamental one, in which case the provisions of section five, so far as apt, shall apply to an application for such change. The housing board shall in such case transmit the application to the mayor of the city or the selectmen of the town in which the project is located, and the provisions of section six shall be applicable to their actions thereon. The housing board, if it receives a certificate evidencing the approval of the application by the mayor or the selectmen, and if it finds that the proposed change will be in the interest of the health, safety or general welfare of the city or town and that the proposed use is authorized by section three, may approve such application, and the corporation may act in accordance with such approval.

SECTION 10. Section 14 of said chapter 121A, as so appearing, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph: —

Any such corporation, in accordance with the provisions of section six, may enter into a contract with the city or town in which its project has been authorized, or with the appropriate board or officer of such city or town, and any such city or town or such board or officer may enter into a contract with such a corporation, by which such city, town, board or officer obligates itself or himself to do any or all of the following things: (*a*) lay out and construct, alter, relocate, change the grade of, make specific repairs upon or discontinue, public ways and construct sidewalks, adjacent to or through a project, if such action is found to be required by the common necessity and convenience; (*b*) cause parks, playgrounds or schools, or water, sewer or drainage facilities, or any other public improvements which it is otherwise authorized to undertake, to be laid out, constructed or furnished adjacent to or in connection with a project; (*c*) cause private ways, sidewalks, footpaths, ways for vehicular travel, playgrounds, or water, sewer or drainage facilities and similar improvements, to be constructed or furnished within the site of a project for the particular use of a project or of those dwelling therein.

SECTION 11. Said chapter 121A is hereby further amended by striking out sections 16 and 16A, as appearing in section 5 of chapter 647 of the acts of 1953, and inserting in place thereof the following two sections: —

Section 16. Notwithstanding any other provisions of this chapter, if a corporation organized under section three has carried out its obligations and performed its duties as imposed by this chapter for fifteen years from the date of its organization and for such further time any period of extension granted pursuant to section ten shall be in effect to the satisfaction of the housing board, all as evidenced by a certificate transmitted by

the board to the commissioner of corporations and taxation, it shall thereafter have all of the rights and privileges of a corporation organized under or subject to chapter one hundred and fifty-six and be subject to all of the obligations and duties of such a corporation, and such corporation and its stockholders shall thereafter be free from all of the special limitations, restrictions, obligations and duties imposed upon corporations organized under section three and the stockholders thereof.

Section 16A. If an action is brought or if proceedings are undertaken for the foreclosure of a mortgage or lien upon a project or upon any severable portion thereof, or for the termination of the corporation's leasehold or other interest in the same, or if in order to avert such action or such proceedings the corporation shall make a conveyance or otherwise release or quitclaim its interests in the same, the successor in interest thereto, including the federal government or any instrumentality thereof, shall, upon its acquisition of the project or severable portion thereof, have the option of (1) holding the same subject to all the provisions of this chapter and having all of the powers, rights, privileges, benefits and exemptions set forth in this chapter; or (2) conveying or otherwise releasing its interest to a purchaser who agrees as part of the terms of conveyance or release to hold the same subject to all of the provisions of this chapter and who shall thereby have all of the powers, rights, privileges, benefits and exemptions set forth in this chapter; or (3) in the case of organization subject to the supervision of either the commissioner of banks or of the commissioner of insurance, with the prior written approval of the commissioner exercising supervision, and in the case of a corporation organized under this chapter or any other successor in interest, with the prior written approval of the housing board, (*a*) Holding the project or severable portion thereof so acquired free from all restrictions and limitations imposed by this chapter and without any of the power, rights, privileges, benefits and exemptions thereby conferred, or (*b*) Conveying or otherwise releasing its interest in the project or a severable portion thereof to a purchaser to be held by such purchaser free of all restrictions and limitations imposed by this chapter, and without any of the powers, rights, privileges, benefits and exemptions thereby conferred; provided, however, that whenever any successor in interest or purchaser therefrom holds the project or severable portion thereof subject to all the provisions of this chapter and having all the rights, powers, privileges, benefits and exemptions set forth in the chapter, the periods of fifteen years or such further time as may be provided under section ten and as set forth in sections ten and sixteen of this chapter shall be computed from the date of organization of the corporation which initiated the project, regardless of any default upon the part of such corporation.

year it has so received a sum less than the aforesaid eight per cent, it may so receive in a subsequent year or years additional sums not exceeding in the aggregate such deficiency without interest. Nothing in this section shall be applicable to the payment of dividends out of profits from the sale of the capital assets of the corporation.

(*g*) So much of section ten as applies to the taxation of a corporation organized under section three shall apply to an insurance company only with respect to a particular project or to particular projects, and such company shall remain subject to all other taxation imposed by law with respect to its other activities and property. If an insurance company occupies or uses one or more parts of a project for purposes of its business not directly related to the construction, alteration, maintenance, repair, operation or management of such project, the gross income from such business shall not be included in computing its gross income from all sources but in lieu thereof such amount as the insurance company and the housing board shall in each year not later than June thirtieth agree, or in the event of their failure to so agree, the commissioner of insurance shall determine, to be the fair rental value for such year of the floor area so occupied or used shall be included in computing gross income from all sources.

(*h*) The term "housing board" as used in the last paragraph of section eleven shall be deemed to mean the commissioner of insurance whether the project is in Boston or another city or town.

(*i*) So much of section fifteen as relates to reducing the indebtedness of a corporation shall apply only to indebtedness incurred in connection with a project. The term "housing board" as used in said section fifteen except the first time it appears in clause (5) shall be deemed to mean the commissioner of insurance whether the project is in Boston or another city or town.

(*j*) So much of section sixteen as provides that under certain circumstances a corporation shall have all of the rights and privileges of a corporation organized or subject to chapter one hundred and fifty-six shall be construed to mean that an insurance company may under like circumstances lawfully continue to hold the project but shall in other respects be subject to all of the obligations and duties of an insurance company.

(*k*) The period of fifteen years or such further time as may be provided under section ten as set forth in sections ten, sixteen and sixteen A shall be computed for a particular project from the date of approval of such a project.

The words "insurance company" or "such company", as used in this section shall be deemed to include a group of insurance companies.

Whenever any such successor in interest or purchaser therefrom shall exercise any option under this section it shall file with the housing board or with the commissioner exercising supervision, as the case may be, such certificate as may be required by the housing board or the commissioner. Any such option may be exercised at any time within one year from the date of acquisition of interest and until such certificate shall have been filed the project or portion thereof shall be held subject to all of the provisions of this chapter and the successor in interest shall have all of the powers, rights, privileges, benefits and exemptions thereby conferred.

SECTION 12. Said chapter 121A is hereby further amended by striking out section 18, as most recently amended by section 2 of chapter 127 of the acts of 1967, and inserting in place thereof the following section: —

Section 18. An insurance company incorporated under the laws of the commonwealth or authorized to transact business in the commonwealth, instead of investing its funds in the stocks, bonds and other securities of a corporation organized under section three, may with the approval of the commissioner of insurance, itself undertake on land owned or to be acquired by it one or more projects under this chapter, and the provisions of this chapter, specifically including the powers granted by sections six A and eleven, shall, so far as apt, be applicable to such company and such projects, excepting the following:

(*a*) Section three shall not be applicable to such company; but if an insurance company undertakes more than one project, the accounts for each project shall be kept separately, and the income of one project shall not be expended upon or for the benefit of another project.

(*b*) The application for the approval of a project shall be submitted by the directors of the insurance company and an application so submitted shall be subject to all of the provisions of this chapter relative to applications by the persons who have executed an agreement of association.

(*c*) So much of section six as relates to the agreement of association shall not be applicable to such company.

(*d*) Section seven shall not be applicable to such company.

(*e*) So much of section eight as provides that "Every such corporation shall be deemed to have been organized to serve a public purpose" shall be construed to mean "Every such project shall be deemed to have been undertaken to serve a public purpose".

(*f*) Section nine shall not be applicable to such company; but such company shall not receive or accept for its general purposes as net income from a project any sum in excess of eight per cent of the amount invested by it in such a project for each year in which it owns or has owned the project, except that, if in any

SECTION 13. Said chapter 121A is hereby further amended by striking out section 18A, inserted by chapter 129 of the acts of 1946, and inserting in place thereof the following section: —

Section 18A. A savings bank or co-operative bank incorporated in this commonwealth, subject to such regulations as the commissioner of banks deems necessary or advisable, may, either alone or in conjunction with one or more other savings banks, co-operative banks, or savings banks and co-operative banks undertake one or more projects under this chapter or acquire projects or any severalbe portion thereof from corporations authorized to undertake projects under this chapter. The provisions of section eighteen and section eighteen B shall, so far as apt, be applicable to such bank or banks, except that the board of investment of a savings bank and the security committee of a co-operative bank shall have the powers and duties granted to or imposed upon directors of an insurance company under said section.

No investment shall be made by a savings bank or co-operative bank under this section if thereby the total amount invested by such bank pursuant to this section would exceed three per cent of the deposits of such bank. In addition to any other investment authorized by this section, any bank undertaking such a project, alone or in conjunction with one or more other banks, may make, or participate with one or more institutions in the making of a loan or loans secured by a first mortgage upon real estate located within such project. For the purposes of this section a loan by any such bank secured by a leasehold under a lease of any portion of any such project, including air rights, which does not expire for at least ten years beyond the maturity date of the loan, shall be deemed a loan secured by a first mortgage upon real estate. Any loan authorized under this section shall otherwise be subject to the applicable provisions of chapter one hundred and sixty-eight or chapter one hundred and seventy, as the case may be, except that in the case of a loan secured by a leasehold interest, any provisions of said chapter inconsistent with the nature of such loan shall not apply. Mortgage loans shall not be subject to, nor the amount thereof included in determining compliance with, the foregoing limitation of the amount which may be invested under this section; however, the aggregate amount invested by a bank in mortgage loans described in this section shall not exceed ten per cent of the deposits of the bank.

After a project proposed to be undertaken by a bank or banks under this section has been authorized and approved, such bank or banks may associate to form a corporation, unincorporated association, joint venture, partnership, limited partnership or trust, for the purpose of undertaking and carrying out the project, or any portion thereof, on behalf of such bank or banks

and any such entity so formed shall be deemed to be an instrumentality of the commonwealth, to be exempt from taxation, betterments, excises and special assessments and to have all the powers granted and be subject to all the obligations and duties imposed under this chapter to the same extent as provided for a bank or banks undertaking a project under this section.

SECTION 14. Said chapter 121A is hereby further amended by striking out section 18B, as amended by section 4 of chapter 751 of the acts of 1969, and inserting in place thereof the following section: —

Section 18B. Three or more persons may associate themselves by written agreement of association, in a form furnished or approved by the commissioner of corporations and taxation, with intent to form a corporation for the purpose of acquiring a project which has been authorized and approved and which has been developed or is being developed in accordance with the provisions of this chapter or chapter one hundred and twenty-one B, or for the purpose of acquiring any severable portion of such project, including air rights or other interests in land therein. The persons who have executed such an agreement of association shall, before presenting the agreement of association to the state secretary for filing, submit to the housing board an application for its consent to the formation of such corporation. Such application shall specify the project or portion thereof which it is proposed to acquire, the terms upon which the same is to be acquired, and the amount of capital which it is intended to raise. If it is proposed that any changes in the plan for the original project as authorized and approved, or for the particular portion thereof, be made by reason of such acquisition, the application shall include such information concerning the proposed changes as the housing board shall require. If the housing board determines that the persons who have executed the agreement of association appear to have the ability requisite to perform the obligations and carry out the duties imposed by this chapter with respect to the project, and if it determines that none of the proposed changes, if any, alter the original project area boundaries, or significantly affect the objectives, standards, requirements and restrictions as to use, construction and design as set forth in said plan, or, where apt, as to the particular portion thereof, or the obligations and duties to be performed and carried out with respect to the project, or portion thereof, under this chapter it shall issue a certificate that it consents to the formation of the corporation. The agreement of association shall not be presented to the state secretary for filing, nor shall he file it, unless it is accompanied by such certificate. If any changes in the project are proposed in the application and if the housing board determines that any such changes alter the boundaries, or

significantly affect the plan for the original project, or portion thereof, as authorized and approved, or the obligations and duties to be performed and carried out, as hereinbefore provided, the application shall be transmitted by the housing board to the mayor of the city or selectmen of the town in which the project is located and the procedure for approval of the application shall be similar to that set forth in section six, but with such modifications in procedure as the housing board shall determine to be appropriate for the accomplishment of the purposes of this section. A corporation organized under this section shall have all of the powers, rights, privileges, benefits and exemptions and shall be subject to all the duties of a corporation organized under section three; provided, however, that the periods of fifteen years or such further time as may be provided under section ten as set forth in sections ten and sixteen shall be computed from the date of organization of the corporation which initiated the project regardless of any default upon the part of such corporation which initiated such project.

SECTION 15. Section 18C of said chapter 121A is hereby amended by striking out the introductory paragraph, as amended by section 1 of chapter 421 of the acts of 1966, and inserting in place thereof the following introductory paragraph: —

Individuals, and associations of persons organized in the commonwealth in the form of joint ventures, partnerships, limited partnerships or trusts, resident or organized in the commonwealth, or charitable corporations organized under chapter one hundred and eighty, may undertake projects under this chapter or acquire a project which has been authorized and approved and which has been developed or is being developed in accordance with the provisions of this chapter or chapter one hundred and twenty-one B or any severable portion of such project, including air rights or other interests in land therein, which project shall be exempt from taxation, betterments, excises and special assessments, provided that such persons or associations, with respect to any such project undertaken or acquired by them, shall:.

SECTION 16. Said section 18C of said chapter 121A is hereby further amended by striking out clause (*e*), as amended by section 11 of chapter 761 of the acts of 1968, and inserting in place thereof the following clause: —

(*e*) agree by regulatory agreement entered into with the department of community affairs, or in Boston with the Boston Redevelopment Authority, that they will comply with the provisions contained in section eight, relative to the inspection of buildings, and the enforcement of compliance with the financing program and rules and regulations applicable to a project, and will not receive or accept as net income from a project any sum in excess of eight per cent of the amount invested by them in such

project for each year in which they own or have owned the project, except that, if in any year they have so received a sum less than the aforesaid eight per cent, they may so receive in a subsequent year or years additional sums not exceeding, in the aggregate, such deficiency, without interest. Nothing in this section shall be applicable to the payment of dividends out of the profits from the sale of the capital assets of the corporation:.

SECTION 17. Said section 18C is hereby further amended by striking out the sixth paragraph, as appearing in section 1 of chapter 859 of the acts of 1965, and inserting in place thereof the following paragraph: —

If the persons or organizations described in this section have carried out their obligations and performed their duties as imposed by this chapter for a period of fifteen years from the date of approval of the project and for such further time any period of extension granted pursuant to section ten, shall be in effect, to the satisfaction of the housing board, or in Boston, to the satisfaction of the Boston Redevelopment Authority, as evidenced by a certificate issued by the board, or by said authority, as the case may be, they shall thereafter no longer be subject to the obligations of this chapter except as to any liability theretofore incurred nor shall they enjoy the rights and privileges hereby granted.

SECTION 18. Said section 18C of said chapter 121A is hereby further amended by adding the following paragraph: —

No application, proceeding, finding, recommendation, approval, contract or fair cash value determination or other act made or done purporting to be pursuant to the provisions of this chapter or chapter six hundred and fifty-two of the acts of nineteen hundred and sixty with respect to an entity or organization referred to in this section or in sections thirteen or thirteen A of said chapter six hundred and fifty-two shall be invalid, ineffective or unenforceable because such entity or organization is comprised of persons other than individuals.

SECTION 19. Said chapter 121A is hereby further amended by inserting after section 18C the following section: —

Section 18D. For the purposes of this section, it is hereby declared the public policy of the commonwealth to permit the creation of condominiums within project areas by corporations authorized to undertake projects under this chapter as an additional means of development of property for the purposes of eliminating blighted, open, decadent or substandard conditions in certain areas of the commonwealth and promoting the construction, maintenance and operation in such areas of needed decent, safe and sanitary residential and recreational structures, including units of housing for low income persons and families. In recognition of the fact that the purposes stated herein can be

greatly aided by the provisions of this chapter it is further declared the public policy of the commonwealth to permit the sale of units of a condominium so created and, for a limited duration, the transfer of certain benefits under this chapter including exemption from taxation and betterments, to the purchasers of such units, as an additional means of stimulating the investment of private capital in such areas, including the construction, operation, management and maintenance therein of housing for low income persons and families.

Any entity authorized to undertake or acquire projects under this chapter may, with the approval of the housing board and subject to the provisions of this chapter, submit the land constituting a project or a portion or portions of a project to the provisions of chapter one hundred and eighty-three A for the purposes of creating one or more condominiums. Except as otherwise provided hereunder, the provisions of chapter one hundred and eighty-three A shall govern the creation and establishment of the condominiums and the rights and obligations of the unit owners and the organization of unit owners thereof. Any such condominium authorized under this chapter shall be for residential purposes only.

No units of rental housing constructed as part of an approved project under this chapter may be converted to condominiums pursuant to this section.

Not more than fifty per cent of the residential units of any project authorized under this chapter shall be condominium units and for each condominium unit authorized for a project, the corporations shall be obligated, by written agreement with the housing board to construct, manage, operate and maintain within the project area an equal number of units of rental housing as determined on either a per unit basis or on the basis of the aggregate number of bedrooms contained or to be contained in each such category of housing. Such agreement shall further provide that the corporations shall construct the units of rental housing in the manner and within the period of time approved by the housing board on the basis of the application submitted pursuant to this section with such modifications or changes therein as the housing board may reasonably determine to be necessary.

The housing board shall require that twenty-five per cent of the units of rental housing required within a project area under this section be for low income persons and families, provided, however, that not more than one half of said units of housing for low income persons or families may, for the purposes of compliance with the requirements hereunder, be for housing for elderly persons under applicable state or federal programs, including projects financed by the Massachusetts Housing Finance Agency. The number of units of low rent housing

required hereunder shall be reduced by the number of condominium units within the project area which are financed by the Massachusetts Housing Finance Agency for low income persons or families, including units purchased by such persons with assistance from the Resident Ownership Fund of the Massachusetts Housing Finance Agency or leased by the housing authority of such city or town or the housing board to such persons in accordance with applicable state or federal programs. On or before the first day of March in each year, the housing authority of the city or town in which the project is located or the Massachusetts Housing Finance Agency as to units of housing financed by it, shall certify to the housing board that the corporation is in compliance with the terms of the agreement required pursuant to this section. If there is no housing authority in such city or town the housing board shall make the determination of compliance with respect to units, other than those to be certified by the Massachusetts Housing Finance Agency.

The required number of low income units may be waived or modified, in whole or part, by the housing board if the housing board finds that the waiver or modification is reasonable in view of the regional need for low income housing and that low income housing exists within the city or town in which the project area is located in excess of twenty per cent of all housing units reported in the latests decennial census of the city or town or that low or moderate income housing within said city or town is located on sites comprising in excess of one and one half per cent of all land area zoned for residential, commercial or industrial use, and if the housing board finds that, in addition to the proposed condominium units, the project area contains, or is proposed to contain, or the project has been developed or is proposed to be developed in conjunction with other projects in said city or town which contain, one or more of the following categories of facilities and improvements: (*a*) housing or facilities designed for the servicing of the specific needs of handicapped persons; (*b*) commercial or industrial development which shall result in the employment of persons residing in or near the project or minority persons; (*c*) provisions for open space which shall generally be available to the public; (*d*) provisions for community recreational facilities; (*e*) development of facilities for cultural events or public meetings; (*f*) restoration or rehabilitation of structures or sites of architectural or historic merit, when such structures or sites are in the National Register of Historic Places or are in the Inventory of Historic Assets of the Commonwealth and when such inventoried structures or sites are certified by the Massachusetts Historical Commission, and when any such registered or certified structures or sites are coupled with the development of facilities which contribute to public understanding and appreciation of their significance. For the purposes of

this section, low income housing shall be all housing subsidized by the federal or state government under any program to assist the construction of low or moderate income housing as defined in the applicable federal or state statute, whether built or operated by any public agency or any non-profit or limited dividend corporation including without limitation housing for persons and families of low income as provided under chapter one hundred and twenty-one B of the General Laws, whose annual income is equal to or less than the maximum amount which would make them eligible for units owned or leased by the housing authority in the city or town within which the project is located, or, in the event that there is no housing authority that amount which is established as the maximum for eligibility for low rent units by the housing board or the Massachusetts Housing Finance Agency, with respect to low income units financed by it. Said finding shall be made in writing and shall be considered part of the project area plan.

A corporation seeking authority to create a condominium pursuant to this section shall submit an application to the housing board as hereinafter provided.

In such application the applicant shall designate the parcel upon which the condominium is proposed to be constructed, shall describe in general terms, and by plans where feasible, the proposed buildings, structures or facilities which are to constitute the proposed condominium, shall indicate the proposed number of units to be contained therein, shall furnish copies of all proposed instruments which are necessary to establish the condominium pursuant to chapter one hundred and eighty-three A, and shall furnish such information concerning the intended use, occupancy and operation of the condominium as may be required pursuant to chapter one hundred and eighty-three A, or as the housing board may reasonably request. In addition the applicant shall designate the parcel or parcels upon which the units of rental housing required under this section are proposed to be constructed and the general location on said parcel and proposed size of each building in which such units are to be located, shall describe in reasonable detail the number and size of said units and the proposed method or program under which funds for the construction and operation of such units are to be obtained or otherwise made available, and shall set forth in reasonable detail the proposed construction schedule with respect thereto.

If the proposed condominium is a project or a portion of a project for which initial approval and authority is sought pursuant to other sections of this chapter and not a previously approved project or portion thereof, the information to be furnished in the application required pursuant to this subsection shall be contained in the application required pursuant to section five, and shall be in addition to such other information as may be

required therein.

If the housing board shall determine that the proposed condominium will not significantly affect the objectives, standards, requirements or restrictions as to use, construction or design as set forth in the plan for the original project as authorized and approved, or the particular portion thereof within which the condominium is to be created, or any approved amendments or modifications thereof, and that the proposed condominium will constitute a public use and benefit, it shall grant such authority conditioned upon the execution of the agreement between the applicant and the housing board for the construction of rental units, the execution of an agreement between the applicant and the housing board for the establishment of a guaranty fund out of a portion of the proceeds from the sale, exchange, or transfer of the units of the condominium, and the execution of a regulatory agreement between the housing board and the organization of unit owners of the condominium. On determination of compliance with the foregoing conditions, the housing board shall issue a certificate to this effect, which certificate shall be recorded in the appropriate registry of deeds or land registration office, and may be conclusively relief upon by any purchaser or mortgagee of any unit of the condominium so approved and any other person dealing with the condominium, the organization of unit owners or any unit owner as to the grant of authority and the compliance of conditions in accordance with the provisions hereof.

If the housing board shall determine that the proposed condominium will significantly affect the objectives, standards, requirements or restrictions as to use, construction or design as set forth in the plan for the original project, or portions thereof, as authorized and approved, or if the proposed condominium is a project or a portion of a project for which initial approval is sought pursuant to other sections of this chapter or is located on land constituting a project or portion of a project previously approved but which did not provide, as part of the plan upon which such original approval was granted, for a condominium thereon, the application shall be transmitted to the appropriate officials of the city or town in which the project is located for approval and the procedure governing such approval shall be in accordance to that set forth in section six, but with such modification in procedure as the housing board determines to be appropriate for the accomplishment of the purposes of this section.

Upon the creation of a condominium as authorized under this section, the organization of unit owners of such condominium shall be deemed an authorized entity under this chapter, serving a public purpose, and for such period of time as such designation shall remain in effect, as hereinafter provided, such

organization shall, for the benefit of the unit owners, their heirs, successors and assigns, have all the powers, privileges, benefits and exemptions and be subject to all of the obligations of a corporation authorized under section three or under section eighteen C, as the case may be, except as otherwise provided herein. Included within the scope of the exemption from taxation and from betterments and special assessments applicable to the organization of unit owners and its property pursuant to section ten of this chapter and this section are all units of the condominium and their respective interests in the common areas and facilities thereof. Nothing contained herein, however, shall be deemed to authorize or empower the organization of unit owners or any individual unit owner to take property by eminent domain.

The powers, privileges, benefits and exemptions of a corporation conferred and the obligations and duties of such corporation imposed by this chapter including those conferred or imposed by contracts or agreements executed in accordance with section six A and this section, shall remain in effect with respect to all the units and common areas and facilities of the condominium, and the designation of the organization of unit owners as an authorized entity shall continue for a period not to exceed the lesser of (*a*) such period as may be specified in the contract or agreement executed in accordance with section six A, provided such period does not exceed five years or such lesser number of years as may be agreed upon, and further provided that such five years or lesser period may include a phased reduction of the extent of exemption of taxation, (*b*) the removal of the condominium from the provisions of chapter one hundred and eighty-three A in accordance with the provisions thereof, or (*c*) such time as a material breach of the regulatory agreement by the organization of unit owners shall have been committed and shall not have been cured to the satisfaction of the housing board, within a reasonable period of time after notice thereof. Thereafter all unit owners and the organization of unit owners of such condominium shall no longer be subject to the obligations of this chapter except as to any liability theretofore incurred, nor enjoy the powers, privileges, benefits and exemptions of an authorized entity hereby granted.

The organization of unit owners of the condominium shall execute and deliver a regulatory agreement with the housing board, pursuant to which the organization shall agree, for such time as it and the unit owners shall enjoy the benefits of this chapter, to comply with the provisions contained in section eight, and to pay, as hereinafter provided, the excise under the formulae and provisions set forth in section ten and this section and such additional amounts in lieu of taxes as may be required pursuant to any contract or agreement executed in accordance

with section six A. The regulatory agreement shall be recorded in the appropriate registry of deeds or land registration office and shall run with the land and shall be binding on the heirs, successors and assigns of the unit owners as hereinafter provided. For the purposes of this section, the excises and sums prescribed under section ten shall be deemed in lieu of taxes assessed and levied upon the real and personal property of the organization of unit owners and of any unit owner and his interest in the common areas and facilities thereof; gross income under the formula set forth in section ten shall mean only such income as is actually received; and such excises and sums prescribed under section ten, together with the amounts payable pursuant to section six A shall be apportioned to and payable by each unit owner in accordance with each such unit's respective interest in the common areas and facilities of the condominium. For the period provided in this section, the organization of unit owners shall collect from each unit owner and transmit for payment to the appropriate taxing authority the amounts payable by each such unit owner hereunder. All provisions of chapter fifty-nine and sixty relative to the collection and payment of taxes, including liens and penalties, shall be enforceable by the taxing authority against each such unit owner and each such unit, and its interest in the common areas and facilities of the condominium, but only as to each such unit owner's respective share of any such payment or payments, and any lien of such taxing authority provided by law therefor shall attach to such unit in proportion to the percentage of its undivided interest in the common areas and facilities.

The creation and establishment of the condominium and the exercise by each unit owner of such condominium and by the organization of unit owners of such condominium of all rights and powers and the performance by each such owner and by the organization of unit owners of all obligations set forth in any and all instruments executed in connection with the creation and establishment of the condominium, in any and all instruments benefiting, encumbering or otherwise affecting or relating to the condominium or the transfer of title to, or grant of a mortgage, security interest or other interest in any unit thereof, and any instrument executed in accordance with this section, shall not be invalidated, expanded or restricted by reason of any breach by the corporation creating the condominium of, or failure by such corporation to comply with, the provisions of either or both of the agreements required to be executed nor by reason of the termination of the designation of the organization of unit owners as an authorized entity, except with respect to the powers, privileges, benefits and exemptions of such entity under this chapter as provided herein.

Upon the creation of a condominium as authorized under this section, the corporation authorized to create the condominium shall have the power to sell, exchange, or otherwise transfer for fair market value the units of the condominium to any person, subject to the provisions of chapter one hundred and eighty-three A, provided, however, that the corporation creating the condominium shall not be authorized to lease any unit of the condominium as rental housing, except and to the extent and for such duration as may be authorized by the housing board.

Upon the sale, exchange or transfer of the units of a condominium authorized under this section, the corporation authorized to create the condominium shall be entitled to distribute as a dividend, or, if an insurance company or bank, to receive or accept for general purposes as provided in section eighteen, from time to time amounts not to exceed, in the aggregate, the amount invested in the condominium as such term is hereinafter defined.

The corporation authorized to create a condominium in accordance with this section shall be obligated by written agreement with the housing board to retain and invest the profit as such term is hereinafter defined from the sale, exchange or transfer of the units of the condominium as a guaranty fund for the purposes hereinafter set forth. The guaranty fund shall be separately held and invested as a reserve account to be used for the payment of expenses or operating deficit incurred in connection with units of rental housing required pursuant to this section, provided, however, that the existence or availability of such fund shall not be considered in determining the eligibility of the corporation or the project, or portion thereof, or any resident therein, for financial or other assistance under any applicable state, federal or other program, with respect to any low income rental units required by this section, it being the intent hereof that such corporation, project, or resident be entitled to the benefit of any program for which it would otherwise have been eligible had not guaranty fund been applicable. All or any portion of the guaranty fund may be invested in term deposits and certificates of deposit of, and, if and to the extent otherwise permitted by law, in savings accounts in any trust company, savings bank, co-operative bank or banking company organized under the laws of the commonwealth or national banking association or savings or loan association doing business within the commonwealth, or in obligations of or unconditionally guaranteed by the United States or in legally issued and assumed or unconditionally guaranteed obligations of the commonwealth or any city, town, district or subdivision, agency or authority thereof.

In the event that a waiver or modification of the number of low income units required by this section has been granted pursuant

to this section, the housing board shall require that the guaranty fund be separately held and invested as set forth above as a reserve account to be used for the payment of expenses or operating deficit incurred in connection with any units of rental housing which are constructed by the authorized entity within the project areas, provided, however, that the housing board may, pursuant to uniformly applied rules and regulations, require that a portion of said guaranty fund be held and invested as a reserve account to be used for the payment of expenses or operating deficit with respect to the additional facilities and improvements of the type described in this section and required as a condition for waiver which are located within the project area, as further provided by this section.

The corporation shall be entitled to distribute as a dividendor, if an insurance company or bank, to receive or accept for general purposes in accordance with section eighteen of this chapter in each year (*a*) all net income from the guaranty fund, and (*b*) so much of the principal of such fund as is equal to the deficiency, if any, between the dividend distributed or amount accepted or received in any such year by the corporation with respect to rental housing or with respect to any such additional facilities and improvements of the type described in this section and required as a condition for waiver as are located within the project area, and the maximum amount allowable as a dividend pursuant to section nine or to be received or accepted pursuant to section eighteen, as the case may be, in any such year, provided however that the total distribution from the fund in any one year, excepting payments made under clause (*a*), shall not exceed ten per cent of the amount of profit originally invested in the fund, and provided further, however, that no distribution of principal of the fund shall be made until after completion of construction of the low income rental or low income condominium units required under this section.

If the project as authorized and approved consists of more than one condominium, the profit shall be determined on the basis of all condominium units sold, exchanged or transferred and the amount to be retained as a guaranty fund shall consist of the profit from the sale, exchange or transfer of all condominium units within the project area. Applications of the guaranty fund may be made to any operating deficit or expense applicable to rental housing anywhere within the project area, without apportionment as to the source of the profit then constituting such fund.

At the expiration of forty years from the date of approval of the project, the corporation shall be entitled to distribute as a dividend or receive or accept for general purposes, the entire undistributed income and principal of the guaranty fund, if any.

For the purposes hereof, the "amount invested in the condominium" shall mean the proportionate share of all costs and expenses incurred or accrued in connection with the project, or portion thereof, in which the condominium is located, which is attributable to the condominium in accordance with generally accepted accounting principles, including, without limitation, construction costs, including job overhead, architectural, engineering, legal and accounting costs, organizational expenses, land value, interest and financing charges, cost of landscaping, site improvements and a reasonable profit to the general contractor which may include a risk allowance, whether or not such costs have been paid in cash or in a form other than cash. The costs and expenses constituting the amount invested in the condominium shall include the payment or accrual of any fees or charges to an independent contractor or to a subsidiary, affiliate or other entity related to the corporation for development, construction, brokerage or other such services performed for the corporation with respect to the construction of the condominium and the marketing of the units thereof. The housing board shall, pursuant to regulations adopted by it, establish the amount invested in the condominium upon completion of the building and other improvements constituting the condominium and the sale or transfer of units to unrelated purchasers constituting at least seventy per cent of the ownership of the common areas and facilities thereof, which amount shall remain constant thereafter.

For the purposes hereof, "profit" shall mean the proceeds of the sale, exchange or transfer of the units less the sum of the amount invested in the condominium, as defined, herein, any related costs and expenses reasonably attributable to any such sale, exchange or transfer, and all state, federal and other taxes and excises applicable to any gain derived therefrom.

Notwithstanding the provisions of this chapter to the contrary, any unit owner of a condominium succeeding to the interest of the corporation establishing the condominium under this section may freely transfer, encumber, own, use and enjoy his unit and the common areas and facilities of the condominium to the fullest extent permitted by law, subject to the terms and conditions contained in the regulatory agreement executed in accordance with this section and any contract or agreement executed in accordance with section six A which is binding upon and inures to the benefit of the organization of unit owners; except that neither the organization of unit owners nor any individual unit owner shall be authorized to lease, acquire, sell, exchange, give, grant or otherwise transfer air rights in any unit or in the common areas and facilities of the condominium, but the foregoing limitation shall not prohibit the granting of

easements in, upon or over the land or other common areas and facilities of the condominium. If any unit is sold, exchanged or transferred by a unit owner during the period in which the benefits and obligations of this chapter are applicable to the unit and common areas and facilities of the condominium and the organization of unit owners of the condominium, any such sale, exchange or transfer shall be subject to and the grantee, donee or transferee including a mortgagee, or any purchaser or successor in interest of such mortgagee on account of a foreclosure of the mortgage, shall have the benefit of the provisions of this chapter, the regulatory agreement and any contract or agreement executed in accordance with section six A, to the same extent and for the unexpired period as applicable to the grantor, donor or transferor.

The corporation may sell, exchange or otherwise transfer any portion or portions of the project area on which any of the units of rental housing are to be constructed in compliance with the agreement required pursuant to this section to any person or entity or persons or entities to whom a transfer of a project is otherwise permitted in accordance with other provisions of this chapter, in which the corporation shall have an interest, provided, however, that (*a*) any such transfer is made subject to and in accordance with the provisions of this chapter, (*b*) the corporation shall remain liable, to the extent of the principal amount of the guaranty fund as it may from time to time be held by the corporation in accordance with this section, on account of all units of rental housing within the project area, including the units located on portions of the project transferred hereunder, which liability shall be in addition to any other liability which may be assumed or incurred by the original corporation by reason of an investment or interest in the transferee, and (*c*) no building containing rental housing, other than housing for the elderly shall be dedicated exclusively to low income units, unless otherwise approved by the housing authority of the city or town within which the project is located.

SECTION 20. The purchase of the stock, bonds, and other securities of a corporation authorized under chapter one hundred and twenty-one A of the General Laws, subject to the approval of the housing board and to the limitations of section seven of said chapter shall be considered an investment a prudent man would use within the meaning of section sixteen of chapter one hundred and fifty-one of the General Laws.

SECTION 20A. No elected official either federal, state, county or municipal shall have any interest in any corporation benefiting under this act.

SECTION 21. The provisions of this act shall not be applicable to projects undertaken or for which applications pursuant to the provisions of chapter one hundred and twenty-one A of the

General Laws or chapter six hundred and fifty-two of the acts of nineteen hundred and sixty or chapter two hundred and fifty-seven of the acts of nineteen hundred and sixty-seven have been filed prior to the effective date of this act; provided, however, that if a corporation, an insurance company, a savings bank or a cooperative bank or group of savings banks or cooperative banks or combination of savings banks or cooperative banks, an individual, or an association of persons in the form of joint venture, partnership, limited partnership, or trust has filed such an application prior to the effective date of this act which shall be or have been approved by the housing board or the Boston Redevelopment Authority after January first, nineteen hundred and seventy-five, and if such corporation, individual, or other entity shall file with the state secretary, within six months after said effective date, a written acceptance of the provisions of this act, then the provisions of said chapters, as amended by this act, shall apply to such corporation, individual or other entity and to such project and application and to all other persons or entities who or which may join in such application by way of amendment after the filing of the application, notwithstanding in the case of a project involving real estate conveyed or to be conveyed by a housing authority or redevelopment authority after January first, nineteen hundred and seventy-five, that such application may have been filed after such project has been undertaken.

to Gorham street; thence northerly by Gorham street to the intersection of Appleton and Gorham streets, the point of beginning.

"Corporation", Lowell Development and Financial Corporation, created by section three.

"Greater Lowell", the city of Lowell and the towns of Dracut, Tewksbury, Billerica, Chelmsford, and Tyngsboro.

"Incorporators", Arthur R. Kelts, Leo F. Desjarlais, Joseph C. Mello, Jr., George J. Spaneas, George L. Duncan, Robert C. Maguire, John P. Slavin, Jr., William S. Taupier, John J. Hogan, Jr. and Edwin R. Biron.

SECTION 2. It is hereby declared that unused, decadent or blighted areas exist in parts of the city of Lowell; that each such area constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of said city; that each such area constitutes an economic liability, substantially impairs or arrests the sound growth of said city, and retards the economic well-being of the commonwealth; that each such area decreases the value of private investments and threatens the sources of public revenue; that redevelopment of each such area in accordance with an economic development plan for the elimination of such substandard conditions and prevention of their recurrence is necessary to retain existing commercial enterprises, attract new commercial development and promote the sound economic growth of said city; that the existence of such unused, decadent or blighted areas makes persons unwilling to do business in said city; that the menace of such unused, decadent or blighted areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids herein provided; that the acquisition of property for the purpose of eliminating unused, decadent, substandard, or blighted conditions therein, preventing recurrence of such conditions in the area, improvement of sites for commercial uses, the disposition of the property for redevelopment incidental to the foregoing, the exercise of powers by the corporation and any assistance which may be given by said city, or any other public body in connection therewith are public uses and purposes for which public money may be expended; and that the acquisition, planning, clearance, development, rehabilitation, or rebuilding of such unused, decadent, and blighted area for commercial purposes are public uses and benefits for which private property may be regulated by

wholesome and reasonable orders, law and directions and for which public funds may be expended for the good and welfare of said city and the commonwealth.

It is hereby further found and declared that there exists in the city of Lowell a condition of substantial and persistent unemployment and underemployment which causes hardship to many individuals and families, wastes vital human resources, increases the public assistance burdens, impairs the security of family life, impedes the economic and physical development of said city and adversely affects the welfare and prosperity of the people; that unemployment and underemployment have been caused in substantial part by commercial companies moving from said city, that many existing commercial facilities within said city are obsolete and inefficient; that such facilities are underutilized or vacated, thereby creating additional unemployment; that such obsolescence and abandonment of existing facilities are causing serious injury to the economy of said city; that the commercial sector of the economy provides one of the best opportunities for jobs at higher wages for the inhabitants of said city; that new commercial sites are required to attract and house new commercial development, and to retain existing commercial operations in need of expansion space; that the unaided efforts of private industry have not provided and cannot provide the necessary commercial sites within the urban environment due to the problems encountered in the assembly of suitable building sites, the provision of adequate public services, the unavailability of private capital for development and the inability of private enterprise alone to plan, finance and coordinate commercial development projects.

It is hereby further found and declared that commercial blight in the central business district has occurred since the by-pass thereof by interstate highway route 495, and the ready access to said route 495 from United States highway route 3 and interstate highway route 93, whereby residents of greater Lowell more readily may shop at commercial centers outside of the central business district and find it time consuming and costly to shop therein; that a program of establishing express non-access connectors from outside the city of Lowell into the central business district, free of traffic light stops, and on well marked rights of way, directly to well lighted parking areas and a program of establishing powered or other transportation of shoppers from such parking access to commercial establishments within the central business district is required to rescue the central business district from economic disintegration; that the use of existing public rights of way, the acquisition of rights of way along alleys, canals and streets for the purpose of improving vehicle and pedestrian traffic flow is a public use for which public money may be expended and that the

commonwealth, and the department of public works of the commonwealth, shall cooperate in permitting, and erecting markers on state highways, to inform travellers of the routes into the central business district by appropriate signs, appropriate coloring of routes, appropriate bridges over, or underpasses under, cross streets, appropriate prohibition of parking, widening of streets, and removal or erection of barriers; the acquisition, planning, clearance, development, rehabilitation or rebuilding of areas leading into the central business district from state highways encircling said city for commercial, industrial or historical park purposes bring public uses and benefits for which private property may be regulated by wholesome and reasonable orders, laws and directions and for which public funds may be expended for the good and welfare of said city and of the commonwealth.

SECTION 3. The shareholders of the Corporation are hereby constituted a body corporate under the name of the Lowell Development and Financial Corporation. The Corporation shall be subject to and have the powers and privileges conferred by the provisions of chapter one hundred and fifty-five, sections eighteen, twenty-seven, thirty-one, thirty-three, and thirty-four of chapter one hundred and fifty-six and the provisions of chapter one hundred and fifty-six B and section four of chapter one hundred and eighty of the General Laws as presently enacted or hereafter amended, except insofar as said provisions are inconsistent with or otherwise restricted or limited by the provisions of this act.

Be it enacted, etc. as follows:

Chapter 59 of the General Laws is hereby amended by striking out section 38, as appearing in the Tercentenary Edition, and

inserting in place thereof the following section: —

Section 38. The assessors of each city and town shall at the time appointed therefor make a fair cash valuation of all the estate, real and personal, subject to taxation therein, based on one or a combination of all generally accepted methods for determining values of such property, including a comparison of sales prices, capitalization of income and replacement cost less depreciation.

Commencing in nineteen hundred and seventy-five, the assessors of each city and town shall annually prior to June first, submit to the commission the method or combination of methods which they propose to use in making said fair cash valuation on January first in the following year. Before September first, the commission may make recommendations to the assessors for revising the method or combination of methods which they propose to use. If the assessors do not accept the commission's recommendations, they may appeal to the appellate tax board prior to November first. Every such appeal shall be decided by the board before March first. If the board fails to act upon an appeal within said time, it shall be deemed to be a denial of such appeal. The decision of the board shall be final. The approval of a method or combination of methods of assessment by the commission or by the appellate tax board shall not affect the power and duty of the commission to establish a final equalization and apportionment of the fair cash value of all property in the commonwealth under section ten C of chapter fifty-eight.

In cities, the assessors may, in any year, divide the city into convenient assessment districts.

Chap. 859. AN ACT PROVIDING FOR A COMPREHENSIVE RAIL TRANSIT, ACCELERATED HIGHWAY AND RAILROAD IMPROVEMENT AND MAINTENANCE BONDING AUTHORIZATION FOR THE COMMONWEALTH.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide forthwith funds for a comprehensive rail transit, accelerated highway and railroad improvement and maintenance program, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. The General Laws are hereby amended by inserting after chapter 161B the following chapter: —

Chapter 161C.

RAIL TRANSPORTATION IN THE COMMONWEALTH.

Section 1. It is hereby declared that rail transportation offers economic and environmental advantages with respect to land use, air and noise pollution, energy efficiency, safety, and costs per ton mile of movement to the extent that the preservation, development and maintenance of such services is a public purpose and in the public interest; that essential rail transportation services for the movement of passengers and freight are threatened with cessation or significant curtailment because of the deterioration of rail rights-of-way earlier acquired for a public purpose and because of the inability of private railroad companies to provide such services without public financial assistance; that the public convenience and necessity require that adequate and efficient rail services be provided in the commonwealth; that these needs cannot be met without substantial action by the commonwealth; and that it is the intent of the general court to provide for such action through an act which authorizes a public agency to plan for and carry out the steps necessary to acquire, preserve and develop, and insure the maintenance and operation of, adequate and efficient rail rights-of-way, related facilities or equipment, and rail services.

Section 2. Whenever used in this chapter, unless the context otherwise requires, the following words or terms shall have the following meanings: —

"Executive office", the executive office of transportation and construction established under chapter six A.

"Rail rights-of-way", lands other than those owned, operated and maintained by the Massachusetts Bay Transportation Authority or interests in lands which are, may be, or formerly were used, as rights-of-way for rail purposes.

"Related facilities or equipment", facilities other than those owned, operated and maintained by the Massachusetts Bay Transportation Authority or which are, may be, or formerly were

used, for rail or related transportation purposes, including, without limitation, lands or interests in lands, buildings or other structures; and equipment other than those owned, operated and maintained by the Massachusetts Bay Transportation Authority, which is, may be, or formerly was used, for such purposes, including, without limitation, rail freight or passenger rolling stock.

"Secretary", the secretary of the executive office of transportation and construction, established under chapter six A.

Section 3. The executive office shall take such steps as may be necessary to provide for the development, promotion, preservation, and improvement of an adequate, safe, efficient and convenient rail system for the movement of passengers and freight in the commonwealth. In carrying out the purposes of this chapter, the executive office shall seek to encourage and develop rail services which promote and maintain the economic wellbeing of the citizens of the commonwealth, and which preserve the environment and the commonwealth's natural resources.

Section 4. The executive office is hereby authorized and directed to expend such funds as may be appropriated or otherwise made available for the acquisition, preservation, rehabilitation, reconstruction, or other improvement, whether directly, jointly or under contract with other public or private parties, of rail rights-of-way and related facilities or equipment, and for such other purposes, including, without limitation, planning, engineering, and administrative purposes, as are incidental thereto; provided that any preservation, rehabilitation, reconstruction, or other improvement of a rail right-of-way and related facilities or equipment shall not be authorized prior to the acquisition of said right-of-way and related facilities or equipment.

Section 5. The executive office of administration and finance, acting on behalf of the commonwealth, may on the recommendation of the secretary, enter into contracts or agreements to provide financial assistance, from such funds as may be provided for the purpose, for all or part of the costs of (1) maintaining rail rights-of-way or related facilities or equipment, or (2) operating rail services in the commonwealth.

Any such contracts or agreements shall be subject to the following limitations: (i) in determining whether such assistance is necessary or appropriate under this chapter with respect to an operating agreement with a private transportation company, and in determining the terms and conditions under which such assistance shall be given, the commissioner of administration, in cooperation with the secretary, shall review the transportation operations of such company and its affiliates and shall make a finding that such assistance will not permit the

applicant company to make more than a reasonable return overall; and (ii) any such assistance shall cover only those services which the secretary determines to be in the public interest.

Section 6. The secretary, in addition to any other powers and duties conferred or imposed upon him by this chapter or any other general or special law, shall have the following powers and duties:

(a) To serve as the principal source of rail transportation planning for the commonwealth. In doing so, the secretary may conduct research, surveys, demonstration projects or studies in cooperation with federal, state, regional or local agencies, or appropriate private parties; and shall be responsible for the preparation of continuing, comprehensive and coordinated rail transportation proposals, plans, programs and projects. The secretary shall submit said proposals, plans, programs and projects for such review or consideration by other governmental agencies as may be required by law or deemed appropriate by the secretary; and shall prepare such plans and programs in coordination with related land use and other development plans, so far as practicable.

(b) To apply for, accept and expend on behalf of the commonwealth, any gift, loan or grant-in-aid from the federal government, any agency or instrumentality thereof, or from any foundation, private corporation, group or person, in furtherance of the purposes of this chapter. The secretary is authorized and directed to take all necessary action to secure any federal assistance which is or may become available to the executive office or any administrative unit thereof, including without limitation, filing applications for assistance, supervising the expenditure of federal grants or loans and making any determinations and certifications necessary or appropriate to the foregoing. If any federal law, administrative regulation or practice requires any action relating to such federal assistance to be taken by any department, agency or other instrumentality of the commonwealth other than the executive office, such other department, agency or instrumentality is authorized and directed to take all such action. It is the intent of this clause that the provisions of any federal law, administrative regulation or practice governing federal assistance shall, to the extent necessary to enable the commonwealth or its subdivisions to receive such assistance and not constitutionally prohibited, override any inconsistent provisions of this chapter or any general or special law.

(c) To make and enter into any contracts or agreements necessary or incidental to the performance and execution of the powers and duties of the executive office under this chapter or any general or special law. Any party, public or private

including, without limitation, federal, state and local agencies, authorities or political subdivisions of the commonwealth, or private corporations or companies, is hereby granted the power and authority to enter into any such contracts or agreements, subject to such provisions of law as may be applicable. Any contract or agreement made under this chapter, including, without limitation, contracts or agreements entered into by the executive office of administration and finance pursuant to section five, shall include such provisions, terms or conditions as the secretary may deem necessary or appropriate.

(d) To acquire by eminent domain under chapter seventy-nine, or by purchase, gift, devise, transfer, lease or otherwise, or to hold, lease, pledge, otherwise deal with, transfer, sell or dispose of real and personal property.

(e) To exercise all powers and do all acts or things necessary or convenient to carry out the purposes of this chapter.

Section 7. (*a*) To the extent not inconsistent with federal law, no railroad company which conducts or has conducted operations within the commonwealth shall sell, transfer or otherwise dispose of railroad rights-of-way or related facilities without first offering such rights-of-way or facilities for sale, transfer or disposition to either the executive office, acting on behalf of the commonwealth, or such other department, authority, agency, or political subdivision of the commonwealth as may be designated by the executive office for the purpose of any such sale, transfer or disposition; provided, that such sale, transfer or disposition may be made by the railroad company to a party other than the executive office or its designee, but only if (i) the executive office or its designee has notified the railroad company in writing of its rejection of such offer; or (ii) ninety calendar days have elapsed from the date on which said offer or a copy of such offer, as provided in the second paragraph, is made to the executive office.

(*b*) Said railroad company shall make such offer in writing and shall send such offer by certified mail to the executive office or to its designee. In the event that such offer is made to a designee of the executive office, a notarized copy of such offer shall be sent by certified mail to the executive office. Any such offer shall include the price at which said company proposes to offer such rights-of-way or facilities to the commonwealth, and such other terms or conditions which said company proposed to include as part of such sale, transfer or disposition. The executive office or its designee shall notify in writing and by certified mail said railroad company of its acceptance or rejection of such offer within ninety calendar days of such offer, and in the event that the designee of the executive office sends such notice, said designee shall also send a notarized copy of such notice to the executive office. The executive office is hereby

authorized to notify any person that the conditions provided in clauses (i) and (ii) of paragraph (*a*) have been satisfied and that the commonwealth no longer has the option to acquire the rights-of-way or facilities as provided in said paragraph. Any such notice shall be binding on the commonwealth.

In no event shall said railroad company offer to sell, transfer, or otherwise dispose of railroad rights-of-way or facilities to any person on terms of conditions more favorable to said person than those offered to the commonwealth.

SECTION 2. (*a*) To meet the expenditures necessary for carrying out the provisions of section four of chapter one hundred and sixty-one C of the General Laws, as appearing in section one of this act, the state treasurer shall, upon the request of the governor, issue and sell at public or private sale, bonds of the commonwealth, registered or with coupons attached, as he may deem best, in an amount to be specified by the governor from time to time, but not exceeding in the aggregate nineteen million five hundred thousand dollars; provided, that the proceeds of fifteen million dollars of such bonds shall be expended only for passenger rail transportation purposes; and provided, further, that the proceeds of four million five hundred thousand dollars of such bonds shall be expended only for freight rail purposes. All payments on account of interest or principal on said fifteen million dollars of such bonds shall, subject to the limitations contained in Article LXXVIII of the Amendments to the Constitution, be payable from the Highway Fund; provided, that notwithstanding the foregoing, such bonds shall be general obligations of the commonwealth.

All bonds issued by the commonwealth as aforesaid shall be designated on their face, Rail Transportation Loan, Act of 1975 and shall be on the serial payment plan for such maximum term of years, not exceeding twenty years, as the governor may recommend to the general court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, the maturities thereof to be so arranged so that the amounts payable in the several years of the period of amortization, other than the final year, shall be as nearly equal as in the opinion of the state treasurer it is practicable to make them. Said bonds shall bear interest semiannually at such rate as the state treasurer, with the approval of the governor, shall fix. The initial maturities of such bonds shall be payable not later than one year from the date of issue thereof and the entire issue not later than June thirtieth, two thousand and one.

(*b*) Pursuant to the provisions of said section four of said chapter one hundred and sixty-one C, the executive office of transportation and construction is hereby authorized to acquire the freight rail rights-of-way of the Penn Central Transportation Company under consideration for abandonment in the commonwealth by the United States Railway Association pursuant

to the provisions of PL 93-236 (Rail Reorganization Act of 1973) provided that said acquisition shall not be authorized prior to the final approval by the United States Congress of the United States Railway Association Final System Plan.

(*c*) The proceeds of four million five hundred thousand dollars of the bonding authorization for freight rail purposes shall be paid into a special fund in the state treasury to be known as the Freight Rail Fund and shall only be expended subject to appropriation, for acquisition of rail rights-of-way.

(*d*) The proceeds of the fifteen million dollars of bonds authorized for passenger rail transportation purposes shall be paid into a special fund in the state treasury to be known as the Passenger Rail Transportation Fund and shall be expended, subject to appropriation.

(*e*) The commissioner of administration, pursuant to the provisions of section five, of said chapter one hundred and sixty-one C, may provide financial assistance for the continued operation of rail freight services on lines acquired by the commonwealth in an amount not to exceed five hundred thousand dollars for the period January first, nineteen hundred and seventy-six, through June thirtieth, nineteen hundred and seventy-seven.

SECTION 2A. To meet the expenditures necessary for carrying out the provisions of the paragraph (*e*) of section two of this act, and notwithstanding the provisions of chapter two hundred and ninety-one of the acts of nineteen hundred and seventy-five, there is hereby appropriated from the Mass Transportation Fund the sum of five hundred thousand dollars; provided that no funds credited to said Fund from the excise imposed by section six of said chapter two hundred and ninety-one shall be used to meet said expenditures.

SECTION 3. Section 23 of chapter 161A of the General Laws is hereby amended by inserting after the fourth paragraph the following paragraph: —

In addition to the bonding authorization provided in the third paragraph the authority may issue not more than seventy-five million dollars of bonds for the purposes described above; provided that said bonds shall not be reissued upon their redemption.

SECTION 4. The proceeds of the seventy-five million dollars of additional bonding authorization provided under section twenty-three of chapter one hundred and sixty-one A of the General Laws, as amended by section three of this act, shall be expended only for projects on the so-called Red Line, Blue Line, and Orange Line of the Massachusetts Bay Transportation Authority.

The proceeds of sixty-five million dollars of such additional bonding authorization shall be expended only for projects for which the authority has agreement with the federal government

providing for grants averaging four-fifths of the estimated eligible costs of such projects.

SECTION 4A. The second sentence of the first paragraph of section 28 of chapter 161A of the General Laws, as amended by section 6 of chapter 1075 of the acts of 1971, is hereby amended by striking out, in lines 7 and 8, the words "two hundred and fifty-seven" and inserting in place thereof the following words: — three hundred and thirty-two.

SECTION 5. In addition to the contract assistance paid to the Massachusetts Bay Transportation Authority under the provisions of chapter one hundred and sixty-one A of the General Laws, under section sixteen of chapter one thousand one hundred and forty of the acts of nineteen hundred and seventy-three, and under section six of chapter eight hundred and twenty-five of the acts of nineteen hundred and seventy-four, the commonwealth, acting by and through the executive office of administration and finance, shall enter into a contract or contracts with the Massachusetts Bay Transportation Authority providing that an amount not to exceed fifty per cent of said Authority's net additional expense of providing rail service to the cities of Lowell, Haverhill, Lawrence, Newburyport and Gloucester and to the towns of Acton, Ayer, Billerica, Littleton, North Andover, Andover, Ipswich, Rockport, and Franklin from January first, nineteen hundred and seventy-five to June thirtieth, nineteen hundred and seventy-six under contracts with said cities and towns shall be paid by the commonwealth to said Authority and shall not be reimbursed by said cities and towns to said Authority for said rail service.

When dwellings or other structures are removed in furtherance of any of the foregoing projects, the excavations or cellar holes remaining shall be filled in and brought to grade within one month.

(*e*) Any special justice of the Boston juvenile court who does not file a certificate under the foregoing provisions shall after July first, nineteen hundred and seventy-nine, be precluded from engaging directly or indirectly in the practice of law.

Chap. 865. AN ACT ESTABLISHING THE MASSACHUSETTS INDUSTRIAL MORTGAGE INSURANCE AGENCY.

Be it enacted, etc., as follows:

SECTION 1. Chapter 23A of the General Laws, as most recently amended by chapter 826 of the acts of 1974, is hereby further amended by adding after section 28 the following seven sections: —

Section 29. It is hereby found that the high cost as well as the lack of availability of industrial loans for small business makes it extremely difficult for the thousands of these industrial enterprises in Massachusetts to hold their present employment levels or to expand employment.

It is further found that as a result of the continuing increase in the cost of construction or rehabilitation, municipal taxes, heating and electricity expense, maintenance and repair expenses and the cost of land, the commonwealth suffers from structural economic weaknesses which contribute to a rising level of chronic unemployment and underemployment.

It is further found that the lack of gainful employment puts additional pressure on the state's welfare programs and increases the cost of unemployment compensation to the existing enterprises of the commonwealth.

Therefore, it is in the best public interest of the commonwealth to promote the prosperity and general welfare of all citizens by stimulating industrial growth and expansion by encouraging a larger flow of private investment funds from banks, investment houses, insurance companies and other financial institutions, including pension retirement funds, to help satisfy the need for industrial expansion. The creation of a Massachusetts Industrial Mortgage Insurance Agency would encourage the making of industrial loans by an insurance program for the public purpose of furthering industrial expansion in the commonwealth.

The advantages of this program to the general public would include an increase in the gainful employment of the citizens; a decrease in welfare and unemployment compensation costs; an increase in the tax base of the commonwealth; an increase in the availability of capital for small enterprises in the commonwealth; an increase in the inventory of industrial sites and modern industrial buildings suitable to house new or expanding industrial enterprises; the expansion, reclamation or renovation of existing buildings to house new or expanding industrial and recreational enterprises and lower cost capital for the abatement of industrial air and water pollution and general improvement of the disposal of industrial waste.

Section 30. As used in this section and sections thirty-one to thirty-five, inclusive, the following words and terms shall have the following meanings unless a contrary intent is clearly indicated: —

"Agency", the Massachusetts Industrial Mortgage Insurance Agency;

"Board", the board of directors of the agency;

"Fund", the industrial mortgage insurance fund;

"Commissioner", the commissioner of commerce and development;

"Loan" shall include, but not be limited to industrial mortgage loans, and may include bonds issued under the provisions of chapter forty D;

"Industrial enterprise", any enterprise engaged in the giving of new shapes, new qualities or new combinations to matter as material products by the application of skill and labor thereto.

"Industrial development facilities", industrial enterprises, recreation or research and development enterprise or part thereof, including any or all buildings, docks, wharves, improvements, additions, extensions, replacements, appurtenances, lands, rights in land, riparian rights, water rights, franchises, machinery, equipment, furnishings, landscaping, utilities, approaches, roadways, pollution control facilities and other facilities necessary or desirable in connection therewith or incidental thereto, such as, but not limited to, office, warehouse, terminal, transportation and back-up power generating facilities.

"Primary employment", a full-time, permanent job whose entry level hourly wage is at least one hundred and fifty per cent of the non-manufacturing minimum wage as defined in chapter one hundred and forty-nine.

Section 31. There is hereby created and placed in the department of commerce and development a body corporate and politic, constituting a public corporation and government instrumentality to be known as the Massachusetts Industrial Mortgage Insurance Agency, hereafter referred to as the agency, which shall not be subject to the supervision or regulation of the department of commerce and development or of any department, agency or other instrumentality of the commonwealth except to the extent and in the manner provided in this act. The agency shall maintain a close liaison with the department of commerce and development in order to facilitate a coordinated effort in the area of industrial development.

The agency shall be governed and its corporate powers exercised by a board of directors of five members, consisting of the commissioner of commerce and development or his designee, ex officio, and four persons to be appointed by the governor who shall serve at his pleasure. Of the four members appointed by the governor, at least one shall have had experience in the field of real estate development, one in the field of industrial mortgage credit and one in the field of commercial credit. Three members of the board shall constitute a quorum, but the approval of

insurance of a loan shall require the affirmative vote of at least three members of the board.

Each appointive member shall be appointed for a term of three years, except that in making his initial appointments, the governor shall appoint two members to serve for three years, one to serve for two years and one to serve for one year. Any person appointed to fill a vacancy shall serve for the remainder of the expired term. Any member shall be eligible for reappointment. The governor shall from time to time designate one appointed member to serve as chairman.

The board of directors may, subject to appropriation, appoint a treasurer and employ counsel and such other officers, agents and employees as it deems necessary or proper and may delegate to one or more of its members or to one or more of the agents or employees of the agency such powers and duties other than the power to make the findings required by section thirty-three as it deems necessary or proper to carry out any action by it. The board of directors may adopt, amend, and repeal by-laws, rules and regulations governing the manner in which the business of the agency may be conducted and its powers exercised. The board may adopt an official seal and sue and be sued in its own name. The members of the board shall serve without compensation, but each such member shall be reimbursed for all necessary expenses incurred by him in the discharge of his official duties.

The commissioner shall include in his budget requests such funds as may be required by the board to carry out its functions.

Section 32. There is hereby established an industrial mortgage insurance fund to which shall be credited all premiums received by the agency, any other sums realized by the agency pursuant to its industrial mortgage loan insurance agreements, whether by way of subrogation or otherwise, and any state appropriations or other monies made available to the fund. The fund shall be held in the custody of one or more banks or trust companies having a principal place of business in the commonwealth. The fund shall be held for the security of the holders of industrial mortgage loans insured under section thirty-three. It shall be governed by a trust agreement entered into by the agency with the trustees. The trust agreement may contain provisions and limitations as to the investment and disbursal of monies in the fund, the payment of expenses of the fund, the appointment, resignation and discharge of trustees, the delegation of enforcement and collection powers under the insurance agreements to the trustee, the duties of the trustees, amendments of the trust agreement and such other lawful provisions and limitation as may be deemed appropriate. The trust agreement may pledge premiums and other monies which are to be deposited in the fund. Such pledge shall be valid and binding from the time when the pledge is made. The premiums and other

monies so pledged and thereafter received by the fund or by the trustees in its behalf shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind against the fund, irrespective of whether such parties have notice thereof.

Section 33. The agency is empowered: —

(1) To provide insurance of loans, or their debt service, made to finance the acquisition, construction or alteration or any combination thereof, of industrial development facilities;

(2) To enter into agreements for such insurance;

(3) To fix a rate or rates of premiums for such insurance; and

(4) To exercise such other powers as are necessary or incidental to the foregoing.

The insurance provided by the agency shall be payable solely from the industrial mortgage insurance fund established by section thirty-two and shall not constitute a debt or pledge of the faith and credit of the commonwealth or of any subdivision thereof.

The board shall not approve the insurance of a loan unless it makes the following findings: —

(1) that the loan is to be secured by a first mortgage of real or personal property or both satisfactory to the board;

(2) that the mortgagor and mortgagee are responsible parties;

(3) that occupant of the project or projects is a responsible industrial occupant;

(4) the provisions of the mortgage loan are reasonable and proper, and in making such determination the board may take into account such factors as it deems relevant including, without limitation, the provisions for maintaining, insuring and repairing the project by the mortgagee and the remedies of the board upon default of the mortgagee;

(5) the project will provide employment having a reasonable relationship to the principal amount of loans to be insured therefor, taking into account, among other things, the investment per employee of comparable industrial facilities;

(6) adequate provision is being or will be made to meet any increased demand upon community public facilities that might result from the project;

(7) the size and scope of the project is such that a definite benefit to the economy of the commonwealth may reasonably be expected to result from the construction or improvement thereof; and the employment created shall be substantially primary employment;

(8) that the principal amount of the loan does not exceed ninety per cent of the cost of the industrial development facility and eighty per cent of the cost of the machinery and equipment;

(9) that the duration of the loan shall not exceed thirty years on an industrial development facility exclusive of machinery

and equipment and fifteen years on machinery and equipment; and that the authorization provisions are satisfactory to the board;

(10) that the insurance agreement provides for subrogation on terms satisfactory to the board upon payment of insured debt service from the fund;

(11) that the public interest is adequately protected by the terms of the loan and of the insurance agreement;

(12) that the insurance of the loan will not cause the insured debt service coming due in any one calendar year on account of an insured loan or loans for any one mortgagor to exceed twenty per cent of the amount in the fund when the finding is made; and

(13) that the insurance of the loan will not cause the insured debt service coming due in any one calendar year on account of all insured loans to exceed one hundred per cent of the amount in the mortgage insurance trust when the finding is made.

In addition to the above, the board shall not authorize insurance of a loan for pollution control facilities unless it makes the findings which the finance board is required to make under clause (*f*) of section twelve and paragraph (*b*) of section twenty-two of chapter forty D.

The board shall consult with the appropriate local and regional planning agencies to ascertain the relationship of a proposed project to any existing local or regional comprehensive plan; that, so far as feasible, the project is to be located in an area of generally high unemployment; and that employment opportunities will become available to the residents of such area.

Section 34. The agency shall annually submit to the governor, the chairman of the senate ways and means committee, the chairman of the house ways and means committee, the commissioner of administration, and the comptroller within ninety days after the end of its fiscal year, a complete and detailed report setting forth its operation and accomplishments; its receipts and expenditures during such fiscal year in accordance with the categories and classifications established by the agency for its operating and capital outlay purposes; and its assets and liabilities at the end of the fiscal year, including a schedule of its loans insured and commitments and the status of the funds.

Section 35. The books and records of the agency shall be subject to an annual audit by the auditor of the commonwealth.

SECTION 2. This act, being necessary for the welfare of the commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof.

SECTION 3. The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Approved January 12, 1976.

Chap. 866. AN ACT ESTABLISHING THE MASSACHUSETTS COMMUNITY DEVELOPMENT FINANCE CORPORATION.

Be it enacted, etc., as follows:

SECTION 1. It is hereby found and declared that there exists in parts of the commonwealth substandard, decadent, or blighted areas; that each such area is inimical to the safety, health, morals and welfare of the residents of the area and of the commonwealth, decreases the value of private investments and threatens the sources of public revenue; that, because of the economic and social interdependence of communities, the economic and industrial development of cities and towns of the commonwealth is substantially impaired; that there exists in the commonwealth a condition of substantial and persistent unemployment and underemployment seriously aggravated by an unacceptably low level of economic activity in such areas; that the development or redevelopment of such areas requires the stimulation of private investment therein; that community development corporations in the commonwealth have themselves invested substantial funds in development projects in such areas and are experiencing difficulty in undertaking additional such projects by reason of the inadequacy of investment funds; that the further activity of such community development corporations is necessary to the development or redevelopment of such areas; that the provision of capital to small businesses in such areas is necessary to their redevelopment; that the menace of such areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids provided herein; that increasing the number of development projects in decadent, substandard and blighted areas, providing capital to community development corporations and small businesses within such areas, and stimulating private investment in such businesses and areas are public uses and purposes for which public money may be expended and invested.

SECTION 2. The General Laws are hereby amended by inserting after chapter 40E the following chapter: —

Section 2. There is hereby created a body politic and corporate to be known as the Massachusetts Community Development Finance Corporation or CDFC. The CDFC is hereby constituted a public instrumentality and the exercise by the CDFC of the powers conferred by this act shall be deemed to be the performance of an essential governmental function.

The CDFC is hereby placed in the department of community affairs but shall not be subject to the supervision or control of said department or of any other board, bureau or agency of the commonwealth except as specifically provided in this act.

The secretary-treasurer shall keep a record of the proceedings of the corporation and shall be the custodian of all books, documents, and papers filed with the corporation, the minute books of the corporation and of its official seal.

Five of the directors of the corporations shall constitute a quorum and five affirmative votes shall be necessary for the transaction of business or the exercise of any power or function of the corporation. The president of the corporation shall be appointed and his salary established by the board of directors. The president shall be the chief administrative and operational officer of the corporation and shall direct and supervise administrative affairs and the general management of the corporation. The president may employ such other employees as shall be designated by the board of directors, shall attend meetings of the board of directors, shall cause copies to be made of all minutes and other records and documents of the corporation and shall certify that such copies are true copies, and all persons dealing with the corporation may rely upon such certification.

Section 3. The CDFC shall have the power to:

(*a*) Adopt by-laws for the regulation of its affairs and the conduct of its business.

(*b*) Adopt an official seal.

(*d*) Make and execute contracts and all other instruments necessary or convenient for the exercise of its power and functions.

(*e*) Acquire, hold and dispose of personal property for its corporate purposes.

(*f*) Enter into agreements or other transactions with any federal or state agency.

(*g*) Acquire real property, or an interest therein, by purchase or foreclosure, where such acquisition is necessary or appropriate to protect or secure any investment or loan in which the agency has an interest; to sell, transfer and convey any such property to a buyer and in the event of such sale, transfer or conveyance cannot be effected with reasonable promptness or at a reasonable price, to lease such property to a tenant.

(*h*) Invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in such investments as may be lawful for fiduciaries in the commonwealth.

(*i*) Borrow money by the making of notes and the issuance of bonds including tax exempt revenue bonds and secure such bonds by the pledge of revenues, mortgages and notes of others, provided that in no case shall the total indebtedness of the CDFC exceed thirty million dollars.

(*j*) Employ a president, who shall be the chief executive officer of the corporation, and such other agents, employees, professional and business advisers as may from time to time be necessary in the judgment of the board of directors and to fix their compensation. The president, professional advisers and business advisers shall not be subject to the provision of chapter thirty-one or section nine A of chapter thirty.

(*k*) Appear in its own behalf before boards, commissions, departments or other agencies of government, municipal, state or federal.

(*l*) Procure insurance against any loss in connection with its property in such amounts, and from such insurers, as may be necessary or desirable.

(*m*) Consent, subject to the provisions of any contract with noteholders or bondholders, whenever it deems it necessary or desirable in the fulfillment of the purposes of this act, to the modification, with respect to rate of interest, time of payment of any installment of principal or interest, or any other terms, of any mortgage, mortgage loan, mortgage loan commitment, contract or agreement of any kind to which the CDFC is a party.

(*n*) Do any and all things necessary or convenient to carry out its purposes and exercise the powers expressly given and granted in this act.

(*p*) Create, issue, buy and sell stock and other capital participation instruments; to hold such stock and capital participation instruments and to underwrite the creation of a capital market for these securities in a manner which provides first offer of resale to the community development corporation, business or residents of the target area and which is designed to enhance development of capital ownership in the target area.

(*q*) Provide and pay for such advisory services and technical assistance as may be necessary or desirable to carry out the purposes of this act.

(*r*) Exercise any other powers or rights or responsibilities of a corporation organized under chapter 156B.

Section 4. The state treasurer, subject to appropriation or the authorization of the issuance of bonds for this purpose, may purchase shares of the Corporation in the amount of ten million dollars.

In return for said investment the commonwealth shall receive one million shares of common stock in the corporation. These shares shall constitute the entire issues of common stock.

Upon the commencement of the eighth year after the sale of the general obligation bonds and upon the request of the treasurer, the board of directors of the CDFC shall assist the treasurer in implementing a plan for the sale of the shares of common stock held by the commonwealth.

The corporation shall hold the proceeds of said investment in an account or accounts separate from other funds. The corporation shall use said proceeds for only two purposes: (1) to purchase capital participation instruments from community development corporations in return for an investment in a specific project only when the board of the CDFC finds that community development corporation will use the funds in support of a project consistent with the purposes of this chapter and (2) to invest said funds in any security eligible for investment under the provisions of section thirty-eight of chapter twenty-nine. Proceeds of these investments may be used to pay for the normal business expenses of the CDFC.

Upon application of a CDC for a specific project the CDFC may, subject to the restrictions set forth in section four agree to purchase capital participation instruments from said CDC, provided that the CDFC shall find and incorporate in its minutes that:

(1) The project is within the scope of this chapter and may reasonably be expected to contribute to the redevelopment of target areas and the economic development of the commonwealth or will increase or maintain threatened primary employment.

(2) The project plans conform to all applicable environmental, zoning, building, planning, or sanitation laws.

(3) The project will be of public benefit and for a public purpose, and that the benefits, including increased employment and improved standard of living, shall primarily accrue to residents of the area served by the CDC.

(4) There is a reasonable expectation that the project will be successful.

(5) Private industry has not provided sufficient capital required for the project or sufficient primary employment opportunities in the project's area.

(6) The CDFC determines that its participation is necessary to the successful completion of the proposed project because funding for the project is unavailable in the traditional capital markets, or that credit has been offered on terms that would preclude the success of the project.

(7) The applicant CDC meets the standards of a CDC as defined in section one and appears able to manage its proposed project responsibilities.

(8) The proceeds of the purchase or contract will be used solely in connection with the costs of the project.

(9) Provision has been made in contract for adequate reporting of financial data from the CDC to the CDFC. Such provisions may include a requirement for an annual or other periodic audit of the project books.

(10) The CDFC, or the CDFC in combination with its subsidiary, shall not own more than forty-nine per cent of the voting stock in any enterprise.

(11) The CDC will maintain sufficient control over the project to ensure that public benefit and public purposes are maintained. This determination shall be satisfactorily complied with if any one of the following is satisfied:

(*a*) The project is conducted by a wholly-owned subsidiary of the CDC.

(*b*) The CDC owns a majority of the capital stock of the corporation or other organization conducting the project.

(*c*) The CDC owns a majority of the voting stock of the corporation or other organization conducting the project.

(*d*) The project is conducted by a limited-dividend corporation or other association organized under the laws of the commonwealth to provide public benefit and which exists for a public purpose.

(*e*) The project is conducted by a nonprofit corporation including local development corporations organized under the Small Business Act.

(*f*) In all other cases, adequate provision is made for reporting to the CDC, and that the CDC must approve all major transactions including but not limited to any sale, merger, dissolution, the sale or issue of substantial amounts of stock, and corporate reorganization.

(12) Provision has been made that should the CDFC desire to sell or otherwise dispose of stock received pursuant to such a contract, that the CDC or its nominee shall have within one hundred and twenty days the right of first refusal upon said sale and the right to meet any subsequent bona fide offer by a third party.

(13) CDFC has not invested or loaned more than twenty per cent of its lendable or investable resources in any one CDC, including this investment.

Such findings when adopted by the CDFC shall be conclusive.

Section 5. The CDFC is hereby specifically authorized to establish a limited small business investment corporation. The board of directors of the CDFC shall sit as the board of directors of the SBIC. This subsidiary limited SBIC shall invest equity capital and make loans to start-up, acquire or expand small businesses which carry out the purposes of this act.

The CDFC is hereby authorized to expend such sums as may be appropriated for initial investment in the subsidiary SBIC. None of the proceeds derived from the investment for the common stock investment provided for in section four shall be used to support the establishment or operation of this subsidiary limited small business corporation.

Upon application of a small business for a specific project, the subsidiary SBIC may provide equity capital or loans subject to the restrictions of this chapter. Before any such transaction is executed, said subsidiary SBIC shall determine and incorporate in its minutes that:

(1) The project is within the scope of this chapter and may reasonably be expected to contribute to the redevelopment and economic well-being of target areas or will increase or maintain threatened primary employment.

(2) In cases where a community development corporation is participating in a project, the community development corporation meets the standards of a CDC, as defined in section one and appears to manage its proposed project responsibilities.

(3) The CDFC determines that its participation is necessary to the successful completion of the proposed project.

(4) The proceeds of the purchase or contract will be used solely in connection with the costs of the project.

(5) Provision is made in the contract for adequate reporting of financial data from the small business to the CDFC. Such provisions may include a requirement for an annual or other periodic audit of the project books.

(6) The CDFC determines that its participation is necessary to the successful completion of the proposed project because funding for the project is unavailable in the traditional capital markets, or that credit has been offered on terms that would preclude the success of the project.

(7) The proceeds of the transaction shall be used solely for the costs of the project.

(8) In no case shall the CDFC, or the CDFC in combination with its subsidiary SBIC, own more than forty-nine per cent of the voting stock in any small business.

(9) Provision has been made that should the CDFC desire to sell or otherwise dispose of stock received pursuant to such a contract, that the small business or its nominee shall within one hundred and twenty days have the right of first refusal upon said sale and the right to meet any subsequent bona fide offer by a third party.

SECTION 3. This act, being necessary for the welfare of the commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof.

SECTION 4. The chairman of the board of directors of the CDFC created by section two of this act shall submit three months after the end of the fiscal year, to the clerk of the house of representatives and to the clerk of the senate an annual report of the corporation's activities.

SECTION 5. The accounts and books of the CDFC created by section two of this act, including its receipts, disbursements, contracts, mortgages, investments and other matters relating to its finances, operations and affairs shall be examined and audited from time to time by the state auditor.

SECTION 6. The provisions of this act, including without limitations sections, subsections, and findings, are severable and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decisions of such court shall not affect or impair any of the remaining provisions.

Approved, January 12, 1976,

SECTION 4. This act shall take effect upon its passage.

Chap. 868. AN ACT FURTHER REGULATING THE BORROWING POWER AND CERTAIN OTHER POWERS OF THE UNIVERSITY OF MASSACHUSETTS BUILDING AUTHORITY, THE UNIVERSITY OF LOWELL BUILDING AUTHORITY, THE MASSACHUSETTS STATE COLLEGE BUILDING AUTHORITY AND THE SOUTHEASTERN MASSACHUSETTS UNIVERSITY BUILDING AUTHORITY.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to provide finance forthwith urgently needed facilities for students at the University of Massachusetts, The University of Lowell, the state colleges and Southeastern Massachusetts University, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 3 of chapter 773 of the acts of 1960, as amended by section 4 of chapter 684 of the acts of 1963, is hereby further amended by inserting after the word "trustees", in line 12, the words: — and upon written approval from the commissioner of administration and the secretary of educational affairs.

SECTION 2. The fourth paragraph of section 7 of said chapter 773, is hereby amended by striking out the second sentence as most recently amended by section 3 of chapter 770 of the acts of 1970, and inserting in place thereof the following sentence: — Bonds issued hereunder shall be dated, shall bear interest at such rates as may be determined by the Authority consistent with the requirements of the fifth paragraph of this section, shall mature at such time or times not exceeding forty years from their date or dates as may be determined by the Authority, and may be redeemable before maturity at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority consistent with the requirements of the fifth paragraph of this section prior to the issuance of any of such bonds.

SECTION 3. The fifth paragraph of said section 7 of said chapter 773 is hereby amended by striking out the fourth and fifth sentences, inserted by section 4 of said chapter 770, and inserting in place thereof the following three sentences: — The Authority may sell such bonds and notes in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the Authority; provided that no bonds or notes shall be sold by the Authority unless such sale and the terms thereof have been approved by the treasurer and receiver-general of his designee and the commissioner of administration or his designee. The rate of interest payable by the Authority shall be computed with relation to the absolute maturity of the bonds or notes in accordance with standard tables of bond values, including as interest in such computation the amount of any premium to be paid on redemption of bonds required by any sinking fund provision to be redeemed prior to maturity but excluding from such computation the amount of any premium to be paid on any other redemption of bonds prior to maturity. The rate of interest payable on any bond shall be deemed to be the average of the rates of interest payable on all bonds of all issues or series sold at any single sale, whether such bonds, issues or series are offered together or separately, provided however, that the rates of interest payable on bonds guaranteed by the commonwealth under section ten hereof shall not be averaged with those payable on bonds not so guaranteed.

SECTION 4. The first paragraph of section 10 of said chapter 773, as appearing in section 11 of chapter 684 of the acts of 1963, is hereby amended by striking out the fourth and fifth sentences.

SECTION 5. Said section 10 of said chapter 773 is hereby further amended by inserting after the first paragraph, as so appearing, the following paragraph: —

covering all or specific laboratory specialties and approved by the department after consultation with the advisory committee on clinical laboratories;

(3) to establish appropriate fees for the issuance and renewal of licenses;

(4) to make such reasonable classification of clinical laboratories, by category of laboratory procedures performed or nature and scope of services provided, as the department may find necessary or appropriate in the public interest;

(5) to inspect at any time any clinical laboratory and any records maintained in connection with such laboratory; provided, that a license has been issued or an application for a license has been filed under section five;

(6) to conduct investigations and adjudicatory proceedings;

(7) to conduct research and studies, to sponsor or hold educational programs, to make informational materials available to the public, and to engage in such other activities as may be necessary or appropriate for the administration or enforcement of this chapter; and

(8) to make such rules, regulations, as may be necessary or appropriate for the administration or enforcement of this chapter.

Section 3. There shall be within the department an advisory committee on clinical laboratories, to advise the department, as provided in section two, on the administration of this chapter. Such committee shall consist of twelve members, to be appointed by the commissioner, as follows: four persons, two physicians and two not physicians, who meet the requirements for confirmation as a clinical laboratory director; one other physician; one medical laboratory technologist; one chief executive officer of a hospital licensed by the department; and five non-providers of health services, one of whom shall be a member of the Massachusetts bar. Each member of the committee shall serve without compensation for a term of three years, or until his successor is appointed, whichever is longer; provided, that no member shall serve more than two consecutive terms. A chairman of the committee shall be elected annually from the membership.

Section 4. No person shall maintain a clinical laboratory in the commonwealth apart from a hospital or clinic licensed under section fifty-one of chapter one hundred and eleven, unless he holds, and there is in effect, a license issued under section five except that the licensing requirement of this section shall not apply to: (a) a clinical laboratory maintained by not more than two licensed physicians exclusively in connection with the diagnosis and treatment of his own patients; or (b) in the case of a clinical laboratory maintained exclusively for research and

teaching purposes and not providing reports for diagnosis and treatment of patients or for a public health purpose; or (c) any laboratory with respect to tests or other procedures made by it for any person engaged in the business of insurance if made for purposes of determining whether to write an insurance contract or determining eligibility or continued eligibility thereunder, or for the examination of its employees or officers. No provision of this chapter other than section six shall apply to any agency of the commonwealth; nor shall any provision of this chapter relative to licensing apply to any hospital or clinic licensed under section fifty-one of chapter one hundred and eleven.

Section 5. Any person seeking a license to maintain a clinical laboratory apart from a hospital or clinic licensed under section fifty-one of chapter one hundred and eleven shall file with the department a license application containing such information as the department may reasonably require, including but not limited to the identity of the applicant and any parent or associated company, the identity and qualifications of the proposed laboratory director, and the procedures or categories of procedures for which the license is sought.

Upon receipt and review of an application for license and upon payment of the appropriate fee, the department shall issue a license if it finds that the applicant is responsible and suitable to maintain a clinical laboratory and meets such requirements as the department has established by regulation for a license. In the case of renewal application, the department may, subject to such regulations as it shall make, issue a provisional license to an applicant who does not meet every requirement for a license; provided, that the applicant has demonstrated to the department's satisfaction a good faith intention to correct deficiencies, and provided further, that the department finds that the licensee provides reliable reports of examinations of specimens and presents satisfactory evidence that the requirements for full licensure can and will be met within a period of time not to exceed six months. The department shall in no case issue a person more than two consecutive provisional licenses for the same clinical laboratory.

The department shall set forth in every license issued under this section the name and address of the licensee; the name by which the clinical laboratory shall be known; the address of the licensed premises; the period which such licenses is issued; the classification, if any, for which such license is issued; the conditions as to transfer and assignment prescribed by law; and such other terms of issuance as the department may reasonably prescribe. The period of a full license shall be not more than two years and the period of a provisional license shall be for not more than six months.

No licensee shall transfer the license issued him, or assign any authority granted thereunder, in any manner voluntarily or involuntarily, directly or indirectly, or by transfer or control of any person, without first obtaining the department's written permission, upon application to the department. Every application therefor shall contain such information as the department may require, and shall be approved or denied within sixty days of filing with the department. The department shall grant written permission if the department finds that the transferee or assignee is responsible and suitable to maintain a clinical laboratory and meets such requirements as the department has established by regulation for a license. Every denial order shall include a statement of the reasons for denial and the provisions of law relied upon, and shall be subject to judicial review.

Section 6. The department may require the reporting of any infectious disease found in the examination of specimens at clinical laboratories if, in its opinion, reporting of such disease is necessary to protect or promote the public health. Every person who and every agency which maintains a clinical laboratory shall report evidence of any infectious disease found in the course of the examination of specimens, if so required by the department, in such form, manner, and detail and within such time as the department shall prescribe. Reports made under this section shall not be considered as constituting a diagnosis nor shall any person making a report pursuant to this section be held liable in a civil proceeding for having violated a trust or confidential relationship. Notwithstanding section ten of chapter sixty-six, every such report shall be kept confidential by the department and its employees and agents and shall not be subject to the inspection, examination, or copying by any other agency of government or by any other person.

Section 7. Every person licensed to maintain a clinical laboratory under this chapter shall appoint an individual, who shall bear the title "clinical laboratory director", with responsibility for the direction of the technical and scientific operation of such laboratory, including the examination of specimens and the making of reports thereon; provided, that no individual so appointed shall serve as clinical laboratory director for more than three months unless the department within such period shall certify that such person (1) is a physician who is certified in anatomical or clinical pathology by the American Board of Pathology or in at least one laboratory speciality by the American Board of Medical Microbiology, the American Board of Clinical Chemistry, or other national accrediting board acceptable to the department, or who possesses qualifications which the department considers equivalent to any such certification; or (2) holds an earned doctoral degree, with a chemical, physical, or biological science as his major subject, from an

accredited educational institution, and he is certified in at least one laboratory speciality by the American Board of Medical Microbiology, the American Board of Clinical Chemistry, or other national accrediting board acceptable to the department, or he possesses qualifications which the department considers equivalent to any such certification; or (3) has been responsible for direction of the technical and scientific operation of a clinical laboratory for at least twelve consecutive months at any time during the calendar years of nineteen hundred and seventy-one through nineteen hundred and seventy-five, and he meets one of the following requirements: (i) he holds an earned master's degree, with a chemical, physical, or biological science as his major subject, from an accredited educational institution and has had at least four years experience since graduation in a clinical laboratory, or (ii) he holds an earned bachelor's degree, with a chemical, physical, or biological science as his major subject, from an accredited educational institution and has had at least six years experience since graduation in a clinical laboratory, or (iii) he has passed an examination conducted by or under the sponsorship of the United States Public Health Service, and approved by the department as evidence of competence to direct the technical and scientific operation of a clinical laboratory.

The department may, in regulations, set conditions as to the employment of individuals as clinical laboratory directors, including a minimum number of hours per week required in such position; provided, that in no event shall any individual accept employment as a clinical laboratory director at more than three clinical laboratories during the same period. The department may revoke its confirmation of an appointment for cause shown but not otherwise.

Section 8. A clinical laboratory shall not:

(1) misrepresent, by false statement, by omission of a material fact, or by scheme, trick, or device, the category or categories of procedures performed at, or the service or services available at, a clinical laboratory;

(2) obstruct, bar, or otherwise interfere with an inspection undertaken under the authority of section two;

(3) make any false statement in or to omit a material fact from an application or other paper filed with the department;

(4) offer or give a commission, rebate, or other fee, directly or indirectly to any person as consideration for the referral of a specimen derived from a human body to a clinical laboratory for examination by such laboratory;

(5) solicit or accept a commission, rebate, or other fee, directly or indirectly, from any person as consideration for the referral of a specimen derived from a human body to a clinical laboratory for examination by such laboratory;

(6) lend the use of the name of a licensed clinical laboratory or of a licensed hospital or clinic, or of any employee of any such laboratory or institution, to an unlicensed clinical laboratory;

(7) to examine any specimen derived from a human body except upon the written request of a licensed physician, licensed dentist, licensed chiropractor, licensed surgeon, licensed podiatrist, licensed osteopath, or other person authorized to use the report of such examination by provision of chapter one hundred twelve, unless such examination is for the sole purpose of testing the accuracy or sufficiency of the procedures or equipment of a clinical laboratory and is by instruction of the director of such laboratory;

(8) report an examination of any specimen derived from a human body except to or as directed by the licensed physician, licensed chiropractor, licensed surgeon, licensed podiatrist, licensed osteopath, or other authorized person who requested such examination in writing, unless such examination was made for the sole purpose of testing the accuracy or sufficiency of the procedures or equipment of a clinical laboratory and by instruction of the director of such laboratory;

(9) make a report of an examination of any specimen derived from the human body without designating the name and address, and the name of the director, of the clinical laboratory in which such examination was actually performed;

(10) represent, or to maintain a specimen collection station on behalf of, any clinical laboratory, unless such laboratory, if in the commonwealth, is licensed under section five, or unless such laboratory, if not in the commonwealth, has been accredited or is licensed in accordance with federal law;

(11) employ a person as a director of a clinical laboratory, or to serve as a director of a clinical laboratory, except as provided in section seven;

(12) fail to report evidence of infectious disease in violation of section six or of any rule, regulation, or order made to implement section six; or

(13) violate or to fail to observe any requirement of this chapter or of a rule, regulation, or order made pursuant to this chapter, which the department has made subject to this section by regulation.

Section 9. Whenever the department finds upon inspection, or through information in its possession, that a clinical laboratory licensed under this chapter is not in compliance with a requirement prescribed in or established under this chapter, it may by order require the licensee to correct such deficiency. Every correction order shall include a statement of the deficiencies found, the provisions of law relied upon, and the period prescribed for correction, which shall be reasonable and, except in an emergency declared by the commissioner, not less than

thirty days after receipt of such order. Within ten days of receipt, the affected licensee may file a written request with the department for administrative reconsideration of the order or any portion thereof. Failure by the department to grant, deny, or otherwise act upon a written request within ten days after filing shall be deemed a denial.

Section 10. Whenever the department finds upon inspection, or through information in its possession, that a clinical laboratory, licensed under this chapter is not able to provide or is not providing reliable reports of examinations pursuant to the terms of such license, it may by order modify any term of such license as it deems necessary to enable the laboratory to provide reliable reports of examinations. Every license modification order shall include a statement of the reasons for modification, the provisions of law relied upon, and the date fixed for compliance, which date shall be reasonable and, except in an emergency declared by the commissioner, not less than thirty days after receipt of such order.

Except in the case of a license modification imposed as a sanction after hearing under section eleven, a licensee in receipt of an order shall have the opportunity for a hearing under the provisions of chapter thirty A. If after hearing the licensee establishes that the order, or any portion thereof, is not warranted, the department shall rescind or qualify such order, as appropriate. The filing of a request for a hearing shall not operate as a stay of the compliance date of a license modification order, but the department shall stay the compliance date upon written request, except to the extent that a stay would jeopardize the public health or public safety.

Section 11. The department may revoke the license issued under section five or impose other appropriate administrative sanction upon a license, or both, for conduct by or chargeable to him as follows:

(1) failure to observe any term of such license;

(2) failure to meet any requirement for such license established under section five;

(3) failure to observe any order made under authority of this chapter or under other statutory authority vested in the department;

(4) engaging in, or aiding, abetting, causing, or permitting, any action prohibited under section eight; or

(5) other proper cause set forth in regulations made under this chapter.

Before sanctioning a licensee, the department shall give such licensee notice of the charges against him, the provisions of law relied upon, and the proposed sanction, and shall afford him the opportunity for a hearing under the provisions of chapter thirty A. Where, after hearing, the department finds that cause exists for imposition of a sanction, it need not impose the sanction

proposed but may instead impose a lesser sanction if, in its judgement, a lesser sanction is appropriate in the circumstances. In the event revocation is imposed, the licensee shall be permitted a reasonable period in which to cease operation, but in no case less than thirty days after notice of the decision of the department.

Notwithstanding any other provision of this section, the commissioner may, at any time upon notice to the licensee, whether a hearing has been first commenced or not, suspend his licensee or issue such other preliminary order as the commissioner considers appropriate for the protection of the health or safety of the public if he should find that either is in jeopardy; provided, that a hearing shall be commenced within five days after such notice in any case of suspension without a prior hearing unless the licensee shall request a postponement. The finding of the commissioner shall be included in such notice.

Section 12. The department, in its own name, may bring a complaint in the superior court or supreme judicial court to enforce compliance with this chapter or any rule, regulation, or order made under this chapter, whenever it shall appear that any person has engaged in, is engaging in, or is about to engage in an act or practice in violation of this chapter or of any rule, regulation, or order made under this chapter, or whenever it shall appear that any person has aided, abetted, caused or permitted, is aiding, abetting, causing or permitting, or is about to aid, abet, cause or permit such an act or practice.

Section 13. Whoever maintains a clinical laboratory in the commonwealth without a license in violation of section four, or whoever, being licensed under section five, maintains a clinical laboratory in violation of the terms of such license, or whoever engages in, aids, abets, causes or permits any act prohibited under section eight, shall be punished by a fine of not less than five hundred dollars and not more than five thousand dollars. The commissioner shall transmit to the attorney general such evidence of an offense as the department may have in its possession.

SECTION 2. Of the members first appointed to the advisory committee on clinical laboratories established under section three of chapter one hundred and eleven D of the General Laws, inserted by section one of this act, four shall be appointed for a term of one year, four for a term of two years, and four for a term of three years.

Chap. 886. AN ACT RELATIVE TO THE MANAGEMENT OF THE FUNDS OF CERTAIN INSTITUTIONS.

Be it enacted, etc., as follows:

The General Laws are hereby amended by inserting after chapter 180 the following chapter: —

CHAPTER 180A.

MANAGEMENT OF INSTITUTIONAL FUNDS.

Section 1. The following words as used in this chapter shall have the following meaning, unless a differenct meaning is clearly apparent from the language or context: —

(1) "Institution", an incorporated or unincorporated organization organized and operated exclusively for educational, religious, charitable, or other eleemosynary purposes, or a governmental organization to the extent that it holds funds exclusively for any of these purposes;

(2) "Institutional fund", a fund held by an institution for its exclusive use, benefit, or purposes, but does not include (*i*) a fund held for an institution by a trustee that is not an institution or (*ii*) a fund in which a beneficiary that is not an institution has an interest, other than possible rights that could arise upon violation or failure of the purposes of the fund;

(3) "Endowment fund", an institutional fund, or any part thereof, not wholly expendable by the institution on a current basis under the terms of the applicable gift instrument;

(4) "Governing board", the body responsible for the management of an institution or of an institutional fund;

(5) "Historic dollar value", the aggregate fair value in dollars of (*i*) an endowment fund at the time it became an endowment fund, (*ii*) each subsequent donation to the fund at the time it is made, and (*iii*) each accumulation made pursuant to a direction in the applicable gift instrument at the time the accumulation is added to the fund. The determination of historic dollar value made in good faith by the institution is conclusive.

(6) "Gift instrument", a will, deed, grant, conveyance, agreement, memorandum, writing, or other governing document, including the terms of any institutional solicitations from which an institutional fund resulted, under which property is transferred to or held by an institution as an institutional fund.

Section 2. The governing board may appropriate for expenditure for the uses and purposes for which an endowment fund is established so much of the net appreciation, realized and unrealized, in the fair value of the assets of the endowment fund over the historic dollar value of the fund as is prudent under the standard established by section eight; provided, however, the appropriation of net appreciation for expenditure in any year in an amount greater than seven per cent of the fair market value of the institution's endowment funds, calculated on the basis of

market values determined at least quarterly and averaged over a period of three or more years, shall create a rebuttable presumption of imprudence on the part of the governing board. This section does not limit the authority of the governing board to expend funds as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution.

Section 3. Section two does not apply if the applicable gift instrument indicates the donor's intention that net appreciation shall not be expended. A restriction upon the expenditure of net appreciation may not be implied from a designation of a gift as an endowment, or from a direction or authorization in the applicable gift instrument to use only "income", "interest", "dividends", or "rents, issues or profits", or "to preserve the principal intact", or a direction which contains other words of similar import. This rule of construction applies to gift instruments executed or in effect before or after the effective date of this section.

Section 4. The governing board may accumulate so much of the annual net income of an institutional fund as is prudent under the standard established by section eight, and may hold any or all of such accumulated income in an income reserve for subsequent expenditure for the uses and purposes for which such institutional fund is established or may add any or all of such accumulated income to the principal of such institutional fund, as is prudent under said standard. This section does not limit the authority of the governing board to accumulate income or to add the same to principal of an institutional fund as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution.

Section 5. Section four does not apply if and to the extent that the applicable gift instrument indicates the donor's intention that income of an institutional fund shall not be accumulated or shall not be added to the principal of the fund. A restriction against accumulation or addition to principal may not be implied from a designation of a gift as an endowment fund, or from a direction or authorization in the applicable gift instrument to apply to the uses and purposes of the fund the "income", "interest", "dividends", "currently expendable income", or "rent, issues or profits", or a direction which contains other words of similar import. This rule of construction applies to gift instruments executed or in effect before or after the effective date of this section.

Section 6. In addition to an investment otherwise authorized by law or by the applicable gift instrument, and without restriction to investments a fiduciary may make, the governing board, subject to any specific limitations set forth in the applicable gift instrument or in the applicable law other than law relating to investments by a fiduciary, may:

(1) invest and reinvest an institutional fund in any real or personal property deemed advisable by the governing board, whether or not it produces a current return, including mortgages, stocks, bonds, debentures, and other securities of profit or nonprofit corporations, shares in or obligations of associations, partnerships, or individuals, and obligations of any government or subdivision or instrumentality thereof;

(2) retain property contributed by a donor to an institutional fund for as long as the governing board deems advisable;

(3) include all or any part of an institutional fund in any pooled or common fund maintained by the institution; and

(4) invest all or any part of an institutional fund in any other pooled or common fund available for investment, including shares or interests in regulated investment companies, mutual funds, common trust funds, investment partnerships, real estate investment trusts, or similar organizations in which funds are commingled and investments determinations are made by persons other than the governing board.

Section 7. Except as otherwise provided by the applicable gift instrument or by applicable law relating to governmental institutions or funds, the governing board may (1) delegate to its committees, officers or employees of the institution or the fund, or agents, including investment counsel, the authority to act in place of the board in investment and reinvestment of institutional funds, (2) contract with independent investment advisors, investment counsel or managers, banks, or trust companies, so to act, and (3) authorize the payment of compensation for investment advisory or management services.

Section 8. In the administration of the powers to appropriate appreciation, to accumulate income, to make and retain investments, and to delegate investment management of institutional funds, members of a governing board shall consider long and short term needs of the institution in carrying out its educational, religious, charitable or other eleemosynary purposes, the problems peculiar to the institution, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

No member of the governing board shall be liable for any action taken or omitted with respect to such appropriation or accumulation or with respect to the investment of institutional funds, including endowment funds, under the authority granted in this chapter, if such member shall have discharged the duties of his position in good faith and with that degree of diligence, care and skill which prudent men would ordinarily exercise under similar circumstances in a like position.

Section 9. With the written consent of the donor, the governing board may release, in whole or in part, a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund.

If written consent of the donor cannot be obtained by reason of his death, disability, unavailability, or impossibility of identification, the governing board may apply in the name of the institution to a court of competent jurisdiction for release of a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund. The Attorney General shall be notified of the application and shall be given an opportunity to be heard. If the court finds that the restriction is obsolete, inappropriate, or impracticable, it may by order release the restriction in whole or in part. A release under this subsection may not change an endowment fund to a fund that is not an endowment fund.

A release under this section may not allow a fund to be used for purposes other than the educational, religious, charitable, or other eleemosynary purposes of the institution affected.

This section does not limit the application of the doctrine of cy-prés.

Section 10. This chapter shall be so applied and construed as to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among those states which enact it.

Section 11. This chapter may be cited as the "Uniform Management of Institutional Funds Law".

NUMBER OF ACTS AND RESOLVES APPROVED, APPROVAL WITHHELD, ACTS VETOED BY THE GOVERNOR, PASSED OVER HIS VETO AND ACTS DECLARED EMERGENCY LAWS BY THE GOVERNOR UNDER AUTHORITY OF THE CONSTITUTION.

The General Court during its first session held in 1975 passed 892 Acts and 71 Resolves of which 875 Acts and 70 Resolves received executive approval. 17 Acts and 1 Resolve from which executive approval was withheld became law by virtue of Chapter 1, Section 1, Article II of the Constitution of the Commonwealth.

The nine (9) Acts and one (1) Resolve entitled, respectively, "An Act relative to periodic review of ambient air quality standards." (Chapter 200); "An Act providing for judicial review in cases of dismissal, demotion or removal from position of teachers serving at discretion, and supervisors, principals and superintendents." (Chapter 337); "An Act regulating reviews of and appeals on markings of civil service examinations and other matters related thereto." (Chapter 358); "An Act designating the Attorney General as the Chairman of the Committee on Criminal Justice." (Chapter 408); "An Act providing that an Assistant Clerk in the Boston Juvenile Court shall administer the Appellate Division." (Chapter 506); "An Act providing tenure of office to James Kelly incumbent of the position of Coordinating Safety Officer in the School Department of the City of Boston." (Chapter 714); "An Act authorizing the City of Boston to appropriate funds for the payment of and to pay legal counsel to the Boston Home and School Association." (Chapter 716); "An Act providing tenure of office until age seventy for Dawn Fournier, incumbent of the Office of Laboratory Technician in the Department of Public Works in the City of New Bedford." (Chapter 745); "An Act further regulating the deposits made by the State Treasurer." (Chapter 849) and "Resolve in favor of Deighton C. Ashby of Cambridge." (Chapter 67) were passed, but failed to receive executive approval; as, however, they were not returned, with objections thereto, within ten days after they had been received in the executive department, the General Court not having been dissolved in the meantime, said Acts and Resolve have the force of law, under the provisions of the Constitution governing such cases and have been so certified.

The Governor returned 12 Acts with his objections thereto in writing. Upon said 4 Acts his objections were sustained and upon 8 Acts his objections were not sustained.

Four (4) Acts entitled, respectively, "An Act prohibiting the Massachusetts Bay Transportation Authority from constructing a rapid transit station in South Quincy."; "An Act regulating

certain compensation payable for the procurement of teaching positions."; "An Act further regulating access to records, reports and proceedings of hospital medical staff review committees and professional standards review committees." and "An Act increasing the amount clerks of certain courts may expend to pay certain witness fees in criminal cases." were passed and laid before the Governor for his approval, were returned by him with his objections thereto, to the branch in which they respectively originated, were reconsidered and, the vote being taken on their passage, the objections of the Governor thereto notwithstanding, they were rejected, and said Acts thereby became void.

Eight (8) Acts entitled, respectively, "An Act further regulating the standard of conduct for public employees." (Chapter 508); "An Act relative to the collective bargaining unit of the uniformed branch of the Division of State Police." (Chapter 591); "An Act further regulating certain agreements between certain insurers and their agents." (Chapter 759); "An Act authorizing the local licensing authority of the Town of Barnstable to issue an all alcoholic beverages license to the West Barnstable Deer Club, Inc." (Chapter 854); "An Act authorizing the local licensing authority of the Town of Barnstable to issue an all alcoholic beverages license to the Oyster Harbors Club, Inc." (Chapter 855); "An Act authorizing the local licensing authority of the Town of Barnstable to issue all alcoholic beverages licenses to Wianno Club." (Chapter 856); "An Act authorizing the local licensing authority of the Town of Barnstable to issue an all alcoholic beverages license to the Hyannisport Club." (Chapter 857) and "An Act further regulating adoption procedures." (Chapter 858) were passed and laid before the Governor for his approval, were returned by him with his objections thereto, to the branch in which they originated, were reconsidered, agreeably to the provisions of the Constitution and, the vote being taken on their passage, the objections of the Governor thereto notwithstanding, they were passed and said Acts have thereby the force of law.

Sixty-five (65) Acts, Chapters 36, 37, 43, 54, 66, 84, 93, 115, 121, 165, 222, 236, 250, 274, 276, 277, 289, 291, 300, 319, 321, 325, 361, 363, 368, 402, 415, 419, 432, 487, 505, 522, 531, 564, 573, 585, 600, 665, 666, 668, 681, 683, 684, 686, 687, 689, 690, 692, 698, 704, 709, 710, 713, 724, 737, 752, 758, 773, 781, 807, 808, 829, 853, 871 and 882 were declared to be emergency laws by the Governor in accordance with the provisions of the Forty-eighth Amendment to the Constitution, the Referendum II, Emergency Measures.

Six (6) Acts, having been passed by the General Court and the General Court having dissolved, failed to become effective as they did not receive executive approval within ten days.

The General Court was dissolved on Tuesday, January 6, 1976 at twelve o'clock midnight, the session having occupied 371 days.

THE COMMONWEALTH OF MASSACHUSETTS

PROPOSAL FOR A LEGISLATIVE AMENDMENT TO THE CONSTITUTION AUTHORIZING THE GENERAL COURT TO IMPOSE AND LEVY A GRADUATED TAX ON PERSONAL INCOME AND TO BASE SUCH TAX UPON THE FEDERAL INCOME TAX.

A majority of all the members elected to the Senate and House of Representatives, in joint session, hereby declares it to be expedient to alter the Constitution by the adoption of the following Article of Amendment, to the end that it may become a part of the Constitution [if similarly agreed to in a joint session of the next General Court and approved by the people at the state election next following]:

Further, the General Court may define the tax liability or the total income upon which such tax is levied or the graduated rates at which it is taxed by reference to any provision of the laws of the United States as the same may be or become effective at any time or from time to time and may prescribe reasonable exceptions to and modifications of such provision.

RETURN OF VOTES ON QUESTION NO. 1, BEING A LEGISLATIVE AMENDMENT TO THE CONSTITUTION, SUBMITTED UNDER THE PROVISIONS OF ARTICLE XLVIII OF THE AMENDMENTS TO THE CONSTITUTION TO THE VOTERS OF THE COMMONWEALTH AT THE STATE ELECTION HELD NOVEMBER 5, 1974.

Votes for Question No. 1 (Proposed Amendment to the Constitution).

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held August 25, 1971, received 212 votes in the affirmative and 39 in the negative, and in a joint session of the two branches held June 6, 1973, received 235 votes in the affirmative and 19 in the negative?

Summary

The present Article 52 permits such recesses but provides that "no such recess shall extend beyond the sixtieth day" from the beginning of the legislative session.

RETURN OF VOTES ON QUESTION NO. 2, BEING A LEGISLATIVE AMENDMENT TO THE CONSTITUTION, SUBMITTED UNDER THE PROVISIONS OF ARTICLE XLVIII OF THE AMENDMENTS TO THE CONSTITUTION TO THE VOTERS OF THE COMMONWEALTH AT THE STATE ELECTION HELD NOVEMBER 5, 1974.

Votes for Question No. 2 (Proposed Amendment to the Constitution).

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held August 25, 1971, received 177 votes in the affirmative and 65 in the negative, and in a joint session of the two branches held June 6, 1973 received 166 votes in the affirmative and 93 in the negative?

Summary

The proposed constitutional amendment, if approved, would provide for a census in the year 1975 and every tenth year thereafter of the inhabitants of each city and town as a basis for determining the representative, senatorial and councillor districts for the ten year period beginning with the first Wednesday in the fourth January following the taking of the census, provided that the districts as established based on the 1971 census shall terminate on the first Wednesday in January, 1979. The census shall specify the number of inhabitants residing in each precinct of a town and each precinct and ward of a city.

Under the proposed amendment, the House of Representatives would consist of 160 members, in contrast to the present membership of 240, and the Senate of 40 members. The General Court would, at its first regular session after the year in which the census is taken, divide the Commonwealth into 160 representative districts and 40 senatorial districts of contiguous territory so that each representative and each senator will represent an equal number of inhabitants as nearly as may be; and such districts shall be formed, as nearly as may be, without uniting two counties or parts of two or more counties and, with respect to representative districts, without uniting, as nearly as may be, two towns or parts of two or more towns, to cities or parts of two or more cities, or a city and a town, or parts of cities and towns, into one district, and without dividing any town containing less than 2500 inhabitants. The General Court would be permitted to pass laws to limit the time within which judicial proceeding may be instituted calling in question any such division. The proposed amendment further provides that every representative, for one year at least immediately preceding his election, shall have been an inhabitant of the district for which he is chosen, and every senator shall be an inhabitant of this Commonwealth for five years at least preceding his election and at the time of his election shall be an inhabitant of the district for which he is chosen. Every representative and senator shall cease to represent his district when he shall cease to be an inhabitant of the Commonwealth. The manner of calling and conducting the elections for representatives and for senators and coun-

cillors, and of ascertaining their election, shall be prescribed by law. The amendment vests original jurisdiction in the Supreme Judicial Court, upon petition of any voter of the Commonwealth, filed with the clerk of said court, for judicial relief relative to the establishment of House of Representatives, councillor and senatorial districts.

RETURN OF VOTES ON QUESTION NO. 3, BEING A LEGISLATIVE AMENDMENT TO THE CONSTITUTION, SUBMITTED UNDER THE PROVISIONS OF ARTICLE XLVIII OF THE AMENDMENTS TO THE CONSTITUTION TO THE VOTERS OF THE COMMONWEALTH AT THE STATE ELECTION HELD NOVEMBER 5, 1974.

Votes for Question No. 3 (Proposed Amendment to the Constitution).

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 7, 1972, received 250 votes in the affirmative and 3 in the negative, and in a joint session of the two branches held June 6, 1973, received 253 votes in the affirmative and 0 in the negative?

Summary

The proposed constitutional amendment would repeal section 2 of Article 46 of the Articles of Amendment to the Constitution of the Commonwealth (the "anti-aid amendment", so-called), and replace it with a new section 2, for the purpose of allowing grants in aid to private higher educational institutions or to students, or parents or guardians of students, attending such institutions.

The proposed amendment would delete the first clause of the present section 2, which requires that all moneys raised by taxation in the towns and cities for the support of public schools, and all moneys appropriated by the Commonwealth for the support of common schools shall be applied to or expended in only those schools conducted according to law under the order and superintendence of the authorities of the town or city in which the money is expended. The effect of the deletion of the first clause of section 2 would be to remove the constitutional prohibition against the use of public moneys, which have been raised by taxation or appropriated for support of public schools, for grants in aid to private higher educational institutions or to students, or parents or guardians of students, attending such institutions.

The poposed amendment would also alter the second clause of the present section 2 by removing the prohibition against a grant, appropriation or use of public money or property or loan of public credit by the Commonwealth or any political subdivision for the purpose of founding, maintaining or aiding any school or institution of learning, whether under public control or otherwise, wherein any denominational doctrine is inculcated, or any other school or any college which is not publicly owned and under the exclusive control, order and superintendence of public officers or public agents. In place of the foregoing, the proposed amendment would prohibit the grant, appropriation or use of public money or property or loan of credit by the Commonwealth or any political subdivision for the purpose of founding, maintaining or aiding any primary or secondary school which is

not publicly owned and under the exclusive control, order and superintendence of public officers or public agents.

The proposed amendment would also add to the present section 2 a provision that nothing therein shall be construed to prohibit grants in aid to private higher educational institutions or to students, or parents or guardians of students, attending such institutions.

RETURN OF VOTES ON QUESTION NO. 4, BEING A LEGISLATIVE AMENDMENT TO THE CONSTITUTION, SUBMITTED UNDER THE PROVISIONS OF ARTICLE XLVIII OF THE AMENDMENTS TO THE CONSTITUTION TO THE VOTERS OF THE COMMONWEALTH AT THE STATE ELECTION HELD NOVEMBER 5, 1974.

Votes for Question No. 4 (Proposed Amendment to the Constitution).

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held May 17, 1972, received 131 votes in the affirmative and 121 in the negative, and in a joint session of the two branches held May 8, 1974, received 139 votes in the affirmative and 119 in the negative?

Summary

The proposed constitutional amendment would revise Article 78 of the Articles of Amendment to the Constitution to permit the expenditure of money from the highway fund for mass transportation lines and other mass transportation purposes in such manner as the Legislature may direct. The highway fund includes receipts from fees, duties, excises and license taxes relating to registration, operation or use of motor vehicles and taxes from the sale of motor vehicle fuels. The expenditure of money from such fund is presently restricted to highway and bridge construction, reconstruction, maintenance and repair, enforcement of state traffic laws, and administration of the tax statutes which provide highway fund receipts.

RETURN OF VOTES ON QUESTION NO. 5, BEING A LEGISLATIVE AMENDMENT TO THE CONSTITUTION, SUBMITTED UNDER THE PROVISIONS OF ARTICLE XLVIII OF THE AMENDMENTS TO THE CONSTITUTION TO THE VOTERS OF THE COMMONWEALTH AT THE STATE ELECTION HELD NOVEMBER 5, 1974.

Votes for Question No. 5 (Proposed Amendment to the Constitution).

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 73 in the affirmative and 150 in the negative and was disapproved in the Senate by a vote of 16 in the affirmative and 22 in the negative?

Summary

Provisions of the act establish an independent Corrupt Practices Commission, with five members to be appointed by the Governor to staggered five year terms. The Commission has subpoena powers and is to investigate, by means of secret hearings, candidates' compliance with all state and federal laws relating to political campaign contributions and expenditures and corrupt practices. If probable cause is shown, the Commission is required to direct the Attorney General to take further action in the proper form and is required to make public a report of such action. In cases involving the campaign practices of the Attorney General himself, a special attorney is to be appointed. If no probable cause is shown, the Commission is to state so publicly.

Further, the proposed act extends the application of the current statute regarding the disclosure of campaign expenditures and contributions, to all candidates for office above town and city level, with the exception of President and Vice President of the United States. The act requires all such candidates to receive and disburse all amounts greater than $25 by check, and makes it a crime to knowingly receive cash payment from a candidate or his committee for a service costing more than $25. The act also requires candidates to designate a single bank as depository of funds and as recordkeeper, with records of receipts and expenditures to be open to public scrutiny.

Provisions of the act extend present campaign spending limits to cover all media expenses and require all media firms (including: television, radio, newspaper, bill-board, magazine, advertising, public relations, printing, opinion polling, computer, telephone, telegraph) to report the purchase of media services by candidates. Media expenses of candidates for the offices of district attorney, clerk of court, register of probate and insolvency, register of deeds, county commissioner, county treasurer and sheriff are limited to $.07 for each resident of the respective electoral district. Other provisions of the act require candidates, upon official announcement or filing of nomination papers, to report all political receipts and expenditures since the date of the last general election for the office sought, and count

such expenditures toward spending limits. The act also limits candidates to one political committee.

The act establishes a maximum penalty of one year imprisonment and/or $10,000 fine for individuals engaged in corrupt practices, and a $50,000 fine for corporations so involved. In addition, the Attorney General is permitted to bring an action for the removal of a candidate whose election was materially aided by corrupt practices on the part of the candidate or one acting in his behalf, where such removal is otherwise authorized by law.
