**Chap. 1.** AN ACT FURTHER REGULATING THE LAW RELATING TO COMPULSORY PROPERTY PROTECTION INSURANCE FOR ALL REGISTERED MOTOR VEHICLES.

*Whereas*, The deferred operation of this act would tend to defeat its purpose, which is to immediately make certain perfective changes in the law relating to compulsory property protection insurance for all registered motor vehicles, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

SECTION 1. Section 340 of chapter 90 of the General Laws, as appearing in section 1 of chapter 707 of the acts of 1975, is hereby amended by striking out the third and fourth paragraphs and inserting in place thereof the following paragraphs:-

Insurers shall also make available to option (1) insured additional coverage whereby the deductible of two hundred dollars under said option (1) is reduced to an amount, no less than one hundred dollars, except that an insurer may refuse to issue such additional coverage on the basis of accident frequency, claims paid, or conviction of moving violations of motor vehicle laws; provided, that no insurer may refuse to issue such optional additional coverage because of age, sex, race, occupation or principal place of garaging of the vehicle.

Insurers shall also make available additional coverage whereby an insured who has selected option (1) shall be entitled to full payment, without regard to comparative negligence or any deductible if any of the cases described in clauses (a) to (e), inclusive, of said option (2) occur; provided that the negligence attributable to such an insured is fifty per cent or less.

SECTION 2. The third paragraph of section 113B of chapter 175 of the General Laws, as appearing in section 1B of said chapter 707, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- Each insurer shall use a merit rating plan to vary rates and premiums on the basis of accident frequency according to fault, claims paid, conviction of moving violations of motor vehicle laws, or any other similar or relevant factors; provided, however, that no such plan shall use any records or factors more than three years prior to the policy year for which it varies such rates or premiums; and shall use records from the registry of motor vehicles to determine accident frequency and number of accidents of drivers.

SECTION 3. Section 113 O of chapter 175 of the General Laws, as appearing in section 5 of said chapter 707, is hereby further

amended by striking out the second sentence and inserting in place thereof the following sentence:- Insurers shall also make available additional coverage whereby the deductible of two hundred dollars is reduced to an amount not less than one hundred dollars, except that an insurer may refuse to issue such optional additional coverage on the basis of claims paid, or conviction of moving violations of motor vehicle laws; provided, that no insurer may refuse to issue such optional additional coverage because of age, sex, race, occupation or principal place of garaging of the vehicle.

SECTION 4. Clause (f) of section 4 of chapter 175E of the General Laws, as appearing in section 6 of said chapter 707, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- On or after January first, nineteen hundred and seventy-seven, each insurer shall use a merit rating plan to vary rates and premiums on the basis of accident frequency according to fault, claims paid, conviction of moving violations of motor vehicle laws, or any other similar and relevant factors; provided, however, that no such plan shall use any records or factors more than three years prior to the policy year for which it varies such rates or premiums; and shall use records from the registry of motor vehicles to determine accident frequency and number of accidents of drivers.

SECTION 5. This act shall apply to motor vehicle insurance policies issued after the effective date of this act.

*Approved January 17, 1976*

*Be it enacted, etc., as follows:*

SECTION 1. Notwithstanding any provision of section three of chapter seventy-four of the acts of nineteen hundred and forty-five to the contrary, the treasurer of the city of New Bedford, with the approval of the mayor of said city, is hereby authorized to renew federal aid anticipation notes of the city, in the amount of two hundred and seventeen thousand eight hundred dollars, payable in not more than one year from their dates, in order to pay the federal aid anticipation notes of the city dated March first, nineteen hundred and seventy-two, in the amount of two hundred and forty-eight thousand four hundred dollars which were renewed on November eighth, nineteen hundred and seventy-four, and most recently renewed on February twenty-eighth, nineteen hundred and seventy-five and the federal aid anticipation notes of the city dated November tenth, nineteen hundred and seventy-two, in the amount of four hundred and thirty thousand dollars, which were most recently renewed on November eighth, nineteen

Notes issued under this act for a period of less than one year may be renewed or paid from time to time by the issue of other notes, provided, that the period from the date of an original note issued under this act to the maturity of any note issued to renew or pay the same debt shall not exceed one year.

SECTION 2. This act shall take effect upon its passage.

*Approved February 26, 1976.*

**Chap. 3.** AN ACT RELATIVE TO THE MEMBERSHIP OF THE TRAFFIC COMMISSION IN THE CITY OF NEW BEDFORD.

*Be it enacted, etc., as follows:*

SECTION 1. Chapter 630 of the acts of 1958 is hereby amended by striking out section 1 and inserting in place thereof the following section:-

*Section 1.* There is hereby established in the city of New Bedford, hereinafter referred to as the city, a traffic commission to consist of the commissioner of public works or his representative, the chief of police or his representative, one councillor-at-large and one ward councillor to be designated by the president of the city council, the inspector of wires or his representative, a member of the planning board to be designated by the mayor, and three persons representing the public to be appointed by the mayor and confirmed by the city council.

The three members appointed by the mayor shall be appointed for a three-year term or until the qualification of a successor.

SECTION 1A. The original appointment of the additional person provided for by said section one shall be for a term of one year and his successor shall be appointed for a term of three years.

SECTION 2. This act shall take effect upon its passage.

*Approved February 26, 1976.*

**Chap. 4.** AN ACT TO RESTRUCTURE THE SHORT-TERM DEBT OF THE COMMONWEALTH AND CERTAIN AGENCIES AND AUTHORITIES THEREOF.

*Whereas,* The deferred operation of this act would tend to defeat its purpose, which is to assist in restoring to the commonwealth access to the financial markets for its bonds and notes which has

been temporarily denied in part because of the necessity for frequent renewals of large amounts of temporary notes; therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public peace, health, safety and convenience.

*Be it enacted, etc., as follows:*

SECTION 1. Section 1 of chapter 121B of the General Laws is hereby amended by inserting after the definition of "Department", as appearing in section 1 of chapter 751 of the acts of 1969, the following definition:-

"Development cost", the cost of construction or acquisition of a housing project, as determined by the department, including he costs of planning, engineering, surveying and studies; of acquisition of real estate, including the buildings thereon, site preparation, construction, reconstruction, alteration and repair; of interest on notes issued to temporarily finance the project; and of all other fees and expenses reasonably necessary and incurred or to be incurred in connection with construction or acquisition of a housing project.

SECTION 2. Said chapter 121B is hereby amended by striking out section 34, as most recently amended by section 25 of chapter 163 of the acts of 1975, and inserting in place thereof the following section:-

*Section 34.* The commonwealth acting by and through the department may enter into a contract or contracts with a housing authority for state financial assistance in the form of a grant by the commonwealth of the development cost of a housing project or projects. The total amount of grants so contracted for shall not exceed one hundred and twenty-eight million dollars. Each such contract shall contain such limitations as to the development cost of the project and administrative and maintenance costs, and such other provisions, as the department may require and shall require that said grant shall be applied only to development cost of the project or to pay the principal and interest on notes of the housing authority issued to temporarily finance the development cost. Each such contract shall provide for a period during which state financial aid shall be deemed to be continuing notwithstanding that it is paid as a single grant or as several grants, which period shall continue until at least twenty-five years but not more than forty years from the completion date of the project unless and until the full amount of the state grant is reimbursed to the commonwealth as provided in this section. Each project shall be based upon a separate application made to the department and shall be planned to conform, as nearly as possible, to the existing published requirements of the federal government for low-rent or other housing projects, except such requirements as are based upon the cost limitations set forth in federal legislation. A housing

authority may, with the approval of the department, acquire under the provisions of clause (d) of section eleven for the purposes of a project under this section or section thirty-five any land acquired by a city or town under the provisions of chapter three hundred and seventy-two of the acts of nineteen hundred and forty-six, as amended; provided, that such city or town has not completed construction of a housing project on such land. Each project developed under this section and section thirty-five shall be administered for occupancy in accordance with section thirty-two, except clause [c], and except that each such project shall be occupied, except as hereinafter provided by veterans and their families, and priority shall be given first to veterans of World War II of low income and to veterans of low income who have served in the active armed forces of the United States at any time between June the twenty-fifth, nineteen hundred and fifty and January the thirty-first, nineteen hundred and fifty-five, both dates inclusive; then to veterans of low income, such low income to be determined from time to time by the department; then to a person without regard to family status who is a veteran and who is fifty years of age or over; then to elderly persons qualifying for housing under the provisions of section forty; then, without regard to family status, to a person of low income who is permanently and totally disabled and eligible for assistance under chapter one hundred and eighteen A, or blind, then to other persons of low income living in substandard housing, and a housing authority may remodel or reconstruct parts of projects erected under this section to make the same available for occupancy by elderly persons qualifying for housing under the provisions of section forty and such remodeled or reconstructed apartments shall be available for occupancy by eligible elderly persons of low income only to the extent that no eligible veterans apply for such units; provided, that if no eligible veterans or elderly persons of low income apply for such remodeled or reconstructed units, the units shall be made available to other persons of low income living in substandard housing. Notwithstanding the requirement that each project shall be based upon a separate application made to the department, the department may consolidate two or more projects of the same housing authority, for which projects applications have been seasonably made under this section and which projects shall have been approved by the department, into a single project, and may make on behalf of the commonwealth a contract with the housing authority for state financial assistance in respect of such consolidated project superseding any such contract made in respect of any of the constituent projects and may determine the date of completion of the consolidated project superseding any such date determined in respect of any of the constituent projects, and such consolidated project shall be constructed, financed and managed as a single project; provided, that nothing contained in

this sentence shall affect the rights of the holders of any notes outstanding in respect of any of the constituent projects at the time of such consolidation.

If federal assistance for low-rent housing becomes available in any form not applicable to projects under this chapter, the department shall immediately report the circumstances to the general court together with such recommendations for legislation as may be necessary to enable such projects to qualify for such assistance. Upon the availability of federal financial assistance for low-rent housing projects, each housing authority having a contract for state financial assistance shall, upon receipt of written notice from the department, immediately enter into negotiations with the federal government to arrange for federal assistance with respect to any project developed hereunder and for the termination or reimbursement, in whole or in part, of state financial assistance. For any such project the department may order any housing authority (1) to apply for federal financial assistance and (2) upon obtaining the approval of the federal government, to enter into a contract or contracts for federal assistance and to make such arrangements as are possible to terminate, reduce or subordinate the obligation of the commonwealth to render financial assistance in such amount as is provided by federal assistance. No order of the department shall in any way affect any outstanding obligations of a housing authority or the rights of any holders of the notes thereof. The amount of federal payments shall be used to the fullest allowable extent, first, to meet the payment of principal and interest on all notes guaranteed by the commonwealth and, second, to reimburse the commonwealth for grants made on account of the project for which the federal payment was received.

If the department shall determine that an acute shortage of housing for veterans constituting a public exigency, emergency or distress no longer exists in a particular city or town, any project, or a part of any project with the land appurtenant thereto, constructed under this section may, with the approval of the department, be sold for the fair market value thereof as determined by the department, but not less than the total of the outstanding obligations of the housing authority with respect to such project if the whole is sold or not less than that percentage of the total outstanding obligations of the authority with respect to such project which the cost of the part sold bears to the total cost of the entire project if a part is sold. Upon the expiration of the period for which the commonwealth is obliged to furnish state financial assistance, or, if such assistance was provided in the form of a grant under this section, upon the expiration of the period determined in the contract as the period during which state financial assistance is deemed to be continuing and provided the federal government has not become obligated to furnish federal

financial assistance, any such project shall be offered for sale and disposed of as soon as is consistent with sound business judgment; provided, that any such sale shall be approved by the department. The Housing Authority Bonds Sinking Fund is hereby established and the state treasurer is hereby designated custodian thereof and he shall administer such fund in accordance with the provisions of chapter twenty-nine. So long as any bonds issued by a housing authority to finance the cost of a project under this section or section thirty-five and guaranteed by the commonwealth are outstanding, the proceeds of any sale of such project shall be paid by the housing authority into such fund and shall be expended from time to time by the state treasurer to pay interest and principal of any bonds issued by such housing authority to finance such project.

The proceeds of any sale of such project in excess of the total of all obligations of the housing authority with respect to such project shall, after the payment of all bonds issued by the housing authority to finance the cost of such project, be paid to the commonwealth as a reimbursement of any grant made pursuant to this section and after the full reimbursement of such grant any remaining proceeds shall be paid to the city or town in which the project is located and to the commonwealth in proportion to the respective contributions made by each toward the development and maintenance of such project as determined by the department. In determining the contributions of a city or town, the department shall include the amounts which the city or town would have received if such project had not been exempt from taxes, betterments and special assessments, less any amounts paid by the housing authority to the city or town in lieu of such taxes, betterments and special assessments. Payments to the commonwealth hereunder shall be paid into the state treasury and shall be credited to the General Fund.

The provisions of sections one to forty-four, inclusive, except section thirty-three shall, as far as apt, be applicable to projects developed under this section and under section thirty-five and to housing authorities while engaged in developing and administering such projects; provided, that whenever the phrases “federal government” or “federal legislation” are used in said sections one to forty-four, inclusive, they shall also mean the commonwealth or laws of the commonwealth, as the case may be; and that whenever the words “low-rent housing project” or “projects” are used in said sections they shall also mean a state-aided project under this section and section thirty-five.

The department may enforce any of its orders, rules or regulations or the provisions of any contract between the commonwealth and a housing authority by a civil action filed under the provisions of section five of chapter two hundred and forty-nine. In the event of a breach by a housing authority of any

provisions of contract between it and the commonwealth relating to a project, the commonwealth, acting by the department, may take immediate possession of the project and retain possession and operate the project in the place and stead of the housing authority, with all the rights and powers of the housing authority, and subject to all of its obligations respecting the possession and operation of the project and the revenues therefrom, until such time as such breach shall have been corrected to the satisfaction of the department.

A housing authority which has received state financial assistance to finance a project under authority of this section, or which has received funds from a city or town under authority of chapter three hundred and seventy-two of the acts of nineteen hundred and forty-six as amended, shall cause an audit to be made of its accounts annually at the close of a fiscal year by the department of the state auditor and a copy of the report of said audit shall be filed promptly with the department.

Any type of housing including one, two and three family dwellings may be constructed under this section notwithstanding the provision that each project shall conform as nearly as possible to the existing published requirements of the federal government for low-rent or other housing projects. In offering for sale residences constructed under this section, preference to potential buyers shall be given whenever reasonably possible as follows: (1) veteran tenants of such residences; (2) all other World War II veterans, as defined in section seven of chapter four; (3) surviving widows and mothers of said veterans of World War II; (4) all other United States war veterans; (5) all other resident citizens of the city or town in which said residences are located; (6) all other citizens of the commonwealth; (7) an urban redevelopment corporation; and (8) all others. The provisions of this paragraph shall not apply to projects completed after July first, nineteen hundred and sixty-six.

Whenever a housing authority shall determine that land acquired by it under clause (d) of section eleven for the purpose of this section is in excess of or no longer required for such purposes it may, upon approval by the department, sell or otherwise dispose of such land by deed or instrument approved as to form by the attorney general. Funds received from a sale of land as herein provided shall be paid into the Housing Authority Bonds Sinking Fund or to the commonwealth and the city or town in which the land is located, as provided in this section.

Whenever a housing authority shall determine that any gas, electric or heating distribution system which has been built or acquired for the purposes of this section is no longer required for such purposes, it may upon approval by the department, sell or otherwise dispose of such gas, electric or heating distribution system, or any part thereof, by deed or instrument approved as to

form by the attorney general. Funds received from a sale of a gas, electric or heating distribution system or any part thereof, as herein provided, shall be paid into the Housing Authority Bonds Sinking Fund or to the commonwealth and the city or town in which the system is located, as provided in this section.

The department shall promulgate rules and regulations relative to uniform standards for tenant selection which shall establish the order of priority governing the selection of tenants, and a housing authority thereafter shall be bound by such standards in its selection of tenants.

Notwithstanding any of the provisions of sections thirty-five to thirty-seven, inclusive, any housing authority having a contract for state financial assistance may, with respect to any project developed hereunder, and in accordance with the provisions of section fourteen and section thirty, contract with the federal government for financial assistance in accordance with the provisions of federal legislation.

SECTION 3. Said chapter 121B is hereby further amended by inserting after section 34A, inserted by section 2 of chapter 884 of the acts of 1973, the following section:-

*Section 34B.* Any contract for state financial assistance entered into by the commonwealth with a housing authority pursuant to section thirty-four may provide for additional state financial assistance in the form of a guarantee by the commonwealth of notes of the housing authority issued to finance temporarily the development cost of a housing project or projects for which a grant is to be made, but the amount of notes so guaranteed on account of any project shall not exceed the amount of the grant for that project. The total amount of all notes guaranteed pursuant to this section shall not exceed one hundred and twenty-eight million dollars exclusive of any such notes which may be issued for refunding purposes. The guarantee by the commonwealth of the notes of a housing authority shall be executed on each note by the secretary or an assistant secretary of the executive office of communities and development. It shall be sufficient if the signature of said secretary or assistant secretary upon such note is an engraved, printed or stamped facsimile signature, provided that he has, by a writing bearing his written signature and filed in the office of the secretary, authorized his facsimile signature to be placed thereon. The facsimile signature of said secretary or assistant secretary so engraved, printed or stamped thereon, shall have the same validity and effect as his written signature. If any such secretary or assistant secretary shall cease to be such officer before the delivery of such note, his signature or facsimile signature shall nevertheless be valid and sufficient for all purposes as if he had remained in office until such delivery.

A housing authority may sell commonwealth guaranteed

temporary notes to finance a project; provided, that the total amount outstanding at any time, exclusive of any notes which may be issued for refunding purposes, shall not be in excess of the development cost of the project. Any such notes, whether original or refunding, may at any time be refunded through the issue and sale of notes hereunder but in no event for a term more than one year after completion of the project, as determined by the department. No notes may be issued on account of any project which cause the total amount of notes outstanding for that project, exclusive of notes which may be issued for refunding purposes, to exceed the amount of grant to be received thereafter under the contract relating thereto.

Notwithstanding the provisions of section seventeen the payment of the principal of, and interest on, all such notes shall be guaranteed by the commonwealth, and the full faith and credit of the commonwealth is hereby pledged for any such guarantee. Any excess between the completed cost of a project as determined by the department and the notes outstanding for such project may be retired from the proceeds of the notes, and if so retired, shall not be used in computing the total amount of notes guaranteed by the commonwealth under this section.

No housing authority shall sell or offer for sale any such notes without receiving from the department approval of the amount, the term, the time of sale, and other conditions which the department may deem relevant in connection with the sale of such notes.

Notes issued hereunder prior to the execution and delivery of a contract for the construction or acquisition of the project shall be payable not later than twelve months after such issuance and shall not exceed in aggregate principal amount outstanding at any time, exclusive of renewals, fifteen per cent of the development cost of the project as estimated by the department at the time of issuance. Except for notes described in the following paragraph, notes issued hereunder after the date of execution and delivery of a contract for the construction or acquisition of the project shall be payable in not more than ten months from such date or on such date as other notes for the same project shall be payable, whichever date shall later occur.

Notes issued after the execution and delivery of a contract for the construction or acquisition of the project, and after a grant under section thirty-four has been made to pay all or a portion of the costs of said project, shall not exceed in aggregate principal amount outstanding at any time, exclusive of renewals, ten per cent of the development cost of the project as determined by the department at the time of issuance; provided that said limitation shall not apply to notes issued to finance that portion of the development cost which is in excess of the development cost as estimated by the department at the time such grant was made. If

the department determines that notes are outstanding which if renewed by the issuance of other notes would exceed the periods or amounts of notes permitted to be issued or outstanding by this section and if the department is advised by the state treasurer that in his best judgment bond market conditions are adverse and, therefore, it is not feasible to issue bonds in order to make a grant to retire such notes, then the department may authorize refunding notes which shall be payable not later than twelve months after their issuance without regard to the other limitations of this section; provided, however, that so long as any note which could not have been issued but for the provisions of this sentence is outstanding for any project, the department shall not approve under section thirty-one any housing project which requires the issuance of bonds or notes by or guaranteed by the commonwealth as part of the financing thereof.

SECTION 4. Said chapter 121B is hereby further amended by striking out section 35, as amended by section 3 of chapter 359 of the acts of 1970, and inserting in place thereof the following section:-

*Section 35.* The commonwealth, acting by and through the department, may enter into a contract or contracts with a housing authority for supplementary state financial assistance in the form of grants and guarantees as provided in and subject to the limitations of sections thirty-four and thirty-four B with respect to that portion of the development cost of a federally assisted housing project or projects which is not financed by such federal assistance.

SECTION 5. Said chapter 121B is hereby further amended by striking out section 37, as most recently amended by section 24 of chapter 163 of the acts of 1975, and inserting in place thereof the following section:-

*Section 37.* For the purpose of avoiding, so far as practicable, during the period of public exigency, emergency and distress now existing on account of the acute shortage of housing in many cities and towns of the commonwealth, the making of persons or families homeless as the result of the demolition of dwelling units on land acquired or to be acquired for the purposes of an urban renewal project, or any other public improvement by the commonwealth, a city or town, or any other public body, the commonwealth acting by and through the department may enter into a contract or contracts with a housing authority, or, in the event an urban renewal agency exists within a city or town, with a housing authority upon request of the urban renewal agency, for state financial assistance in the form of a grant by the commonwealth of the development cost of a relocation project or projects. The total amount of grants so contracted for shall not exceed twenty-five million dollars in the aggregate or the actual cost of the construction of two thousand units, whichever amount

---

is the lesser. Each such contract shall contain such limitations as to the development cost of the project and administrative and maintenance costs, as the department may require. Each project shall be based upon a separate application made to the department, which shall include such evidence of need as the department may require including a statement that the local planning board has been informed as to the location and number of dwelling units of the proposed project. The department shall ascertain and certify the need for each project after determining that there exists in such city or town and its vicinity a period of public exigency, emergency and distress occasioned by an acute shortage of housing; provided, that the department may not approve a project or projects in any city or town for a number of dwelling units in excess of fifty per cent of the number of families to be displaced by an urban renewal project or other public improvement.

Contracts for financial assistance entered into under this section may also provide for a guarantee by the commonwealth of notes of a housing authority issued to temporarily finance a relocation project. Such guarantee and such notes shall be made and issued as provided in section thirty-four B and shall be subject to the limitations on period and amount set forth therein. The total amount of notes guaranteed hereunder, exclusive of refunding notes, shall not exceed twenty-five million dollars.

After such date as the department may determine that such acute shortage of housing for displaced persons constituting a public exigency, emergency or distress no longer exists, any relocation project acquired, constructed, moved or rehabilitated may, with the approval of the department, be offered for sale at its fair market value and disposed of as soon as is consistent with sound business judgment; provided, that no such sale shall be for less than the total of the outstanding obligations of the housing authority with respect to such project. If the proceeds of the sale of such a project are in excess of the total of all obligations for the housing authority with respect to such project, such excess shall, after the payment of all notes and other outstanding obligations of the housing authority relating to such project, be paid to the commonwealth as a reimbursement of grants made hereunder, and, after full reimbursement, to the city or town in which such project is located.

Sections one to forty-four, inclusive, except sections thirty-two and thirty-three, shall, as far as apt, be applicable to projects developed under this section and to housing authorities while engaged in developing and administering such projects; provided, that no application for state financial assistance under this section shall be accepted by the department after January the first, nineteen hundred and sixty-five.

An authority shall not acquire land for the site of a relocation project by eminent domain under chapter seventy-nine or chapter

eighty A, or by purchase, gift or otherwise, unless such land is entirely or almost entirely unoccupied by inhabited dwellings; provided, however, than an authority may acquire a completed dwelling or a group of dwellings for a relocation project if acquisition of such does not involve their demolition. The total number of dwelling units to be created in any one city or town in connection with relocation projects, for which state assistance may be granted, shall not exceed two per cent of the total of dwelling units in such city or town as reported by the United States census of nineteen hundred and fifty.

Upon the completion or acquisition of a project by a housing authority, it shall be maintained and operated by such authority. In the operation or management of relocation projects, an authority shall at all times observe the following requirements with respect to rentals and tenant selection:-

(1) It shall rent to a tenant dwelling accommodations consisting of the least number of rooms which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof without overcrowding, in accordance with a rent schedule approved by the department. Such rent schedule shall be arranged so as to be sufficient, in the opinion of the department, to pay all of the costs of maintaining and operating the project, including a reasonable allowance for depreciation, and may, in the discretion of the department, be sufficient so as also to include each year an allowance for the amortization of all or part of the cost of acquiring and constructing the project not otherwise provided for by grants or otherwise.

(2) A housing authority shall not admit a person or family for occupancy in a relocation project for a period longer than may be from time to time determined by the department. A housing authority shall accept as tenants persons or families who occupied dwellings eliminated by demolition, condemnation and effective closing as part of any public improvement made by the commonwealth, city or town or other body politic and corporate or of any urban renewal, code enforcement or chapter one hundred and twenty-one A project; provided, that to the extent that no displaced persons apply for tenancy in such relocation project the authority may admit as tenants veterans, elderly persons of low income, and families of low income; provided, that no vacancies exist for such elderly persons and families of low income in existing low-rent public housing projects. If a housing authority acquired a completed dwelling or group of dwellings for a relocation project, and the acquisition of such does not involve their demolition, the authority may permit any person or family otherwise eligible under this chapter to continue in occupancy for such period or periods that such dwelling units are not needed for persons or families displaced by any public improvement or urban renewal, code enforcement or chapter one hundred and twenty-

one A project.

(3) In any action to recover possession of premises, occupied in a relocation project, the provisions of sections twelve and thirteen of chapter one hundred and eighty-six and section nine of chapter two hundred and thirty-nine shall not apply.

The provisions of this chapter or any other law to the contrary notwithstanding, a housing authority may acquire with the approval of the department for use as a relocation project any existing project owned by it or leased to it by the federal government and may with the approval of the department operate and maintain such project as a relocation project.

SECTION 6. Said chapter 121B is hereby further amended by striking out section 41, as most recently amended by section 1 of chapter 825 of the acts of 1975, and inserting in place thereof the following section:-

*Section 41.* The commonwealth, acting by and through the department, may enter into a contract or contracts with a housing authority for state financial assistance in the form of a grant by the commonwealth of the development cost of a housing project or projects or a part or parts of a housing project or projects for elderly persons of low income. The total amount of grants so contracted for shall not exceed five hundred thirty-four million dollars. Such contract or contracts may provide for additional state financial assistance in the form of a guarantee by the commonwealth of notes of the housing authority issued to temporarily finance the development cost of such a project but the amount guaranteed on account of any project shall not exceed the amount of grant for that project. The total amount of all notes guaranteed pursuant to this section shall not exceed five hundred thirty-four million dollars, exclusive of notes which may be issued for refunding purposes. Any excess between the completed cost of a project as determined by the department and the notes outstanding therefor may be retired from the proceeds of such notes and if so retired, shall not be used in computing the total amount of notes guaranteed by the commonwealth under this section. The provisions of sections thirty-four, thirty-four B and thirty-five shall, so far as apt, be applicable to contracts, grants, guarantees and notes authorized by this section.

SECTION 7. Said chapter 121B is hereby further amended by striking out section 41A, as amended by section 2 of said chapter 825, and inserting in place thereof the following section:-

*Section 41A.* The commonwealth, acting through and by the department, may enter into a contract or contracts with a housing authority for financial assistance in the form of a grant by the commonwealth of the development cost of a project or projects or a part or parts of a project or projects for handicapped persons of low income or families of low income of which one or more persons is handicapped. The total amount of grants so contracted

for under this section shall not exceed ten million dollars in the aggregate, or the actual cost of providing five hundred units, whichever amount is the lesser. Such contract or contracts may provide for additional state financial assistance in the form of a guarantee by the commonwealth of notes of the housing authority issued to finance temporarily the development cost of such a project but the amount guaranteed on account of any project shall not exceed the amount of grant for that project. The total amount of all notes guaranteed pursuant to this section shall not exceed ten million dollars, exclusive of notes which may be issued for refunding purposes. Housing units for handicapped persons or families of low income, of which one or more persons in handicapped, provided as a project or a part of a project for housing for elderly persons and subject to a contract for financial assistance pursuant to section forty-one, shall not be included in the computation of the dollar or unit limits of this section. The provisions of sections thirty-four, thirty-four B and thirty-five shall, so far as apt, be applicable to contracts for financial assistance, grants, notes and guarantees authorized under this section. The department shall report to the general court the use for which such funds were expended prior to requesting additional funds for further construction under this program.

SECTION 8. The secretary of communities and development shall expend a sum not exceeding six hundred and seventy-two million dollars to pay grants pursuant to contracts authorized by sections thirty-four, thirty-five, thirty-seven, forty-one and forty-one A of chapter one hundred and twenty-one B of the General Laws and to repay and retire the principal amount of notes issued by housing authorities and guaranteed by the commonwealth under and pursuant to sections thirty-four and forty-one of said chapter one hundred and twenty-one B, to pay accrued interest on any of such notes for which an annual contribution has not been paid by the commonwealth pursuant to said sections, and to pay the expenses of issuing and selling the bonds authorized by section ten of this act, including all costs and fees incidental thereto, and to pay interest on said bonds for any period by which the time from when interest first accrues to the first interest payment on said bonds exceeds six months, but in any case, for no more than one year, and to pay such additional amount of interest on said bonds as is estimated by the secretary to represent the amount of interest which would have been capitalized prior to completion on account of projects funded by housing authority notes but not completed on the effective date of this act had such notes not been paid from the proceeds of said bonds.

SECTION 9. Said secretary shall make such rules and regulations and establish such procedures as he deems necessary to carry out the repayment and retirement of outstanding housing authority notes with the proceeds of the bonds authorized by section ten of

this act, and to ensure the orderly marketing of such notes in the future.

SECTION 10. To meet the expenditures authorized by section eight of this act or to reimburse the treasury for funds advanced for such expenditures, the state treasurer shall, upon request of the governor, issue and sell, at a price not less than ninety-seven per centum of the face value thereof, at public or private sale, bonds of the commonwealth, registered or with interest coupons attached, as he may deem best, to an amount to be specified by the governor from time to time, but not exceeding, in the aggregate, the sum of six hundred seventy-two million dollars. Section fifty-three of chapter twenty-nine of the General Laws shall not apply to any such sale. All bonds issued as aforesaid shall be designated on their face "General Obligation Public Housing Bond." In anticipation of the receipt of proceeds of such bonds, the treasurer may issue and sell temporary notes in an amount not to exceed the amount of bonds specified by the governor pursuant to this section. The principal of and interest on such notes may be paid from the proceeds of said bonds and to the extent not so paid shall be paid from any other fund or receipts; provided that if and to the extent that the principal amount of such notes is paid from other than the proceeds of said bonds, the principal amount of said bonds which may be issued shall be reduced by a like amount. As recommended by the governor in a message to the general court dated March first, nineteen hundred and seventy-six, in pursuance of Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, each issue of such temporary notes shall be for a term not to exceed one hundred and twenty days and each issue of such bonds shall be for a term not to exceed forty years, each from the date of its issuance. Temporary notes issued hereunder prior to June thirtieth, nineteen hundred and seventy-eight, may bear on their face the statement or legend described in section forty-seven of chapter twenty-nine of the General Laws, and such notes shall be accepted in payment of taxes as provided thereby.

Bonds issued hereunder may be made subject to call for redemption at any time or from time to time, with or without premium. Such bonds may be issued on a serial payment plan or may be issued as term bonds and section forty-nine of chapter twenty-nine of the General Laws shall not apply to the repayment provision of any term bonds; provided, however, that if bonds are issued as term bonds, the treasurer shall agree with the holders of such bonds or with a trustee, which shall be a trust company or bank with trust powers doing business in the commonwealth, for the benefit of the holders to establish a sinking fund therefor and to redeem such bonds and to pay interest thereon from the sinking fund. Payments to such sinking fund of amounts available for the payment of principal and interest, according to a schedule

established by the state treasurer at the time any bonds are issued, shall for all purposes, including the purposes of section fifty of chapter twenty-nine of the General Laws, be deemed to be serial payments of the bonds and the full faith and credit of the commonwealth is pledged to the making of such payments, provided, however, that no payment to such sinking fund shall be required in any year beyond the amount necessary to make the total of all such payments on account of principal to and including that year equal to the total amount of principal which would have been paid to and including that year had the bonds been issued to mature in equal installments of principal in each year. Payments from such a sinking fund for the redemption of bonds, and the payment of interest thereon, shall be made without further appropriation or authorization by any officer of the commonwealth.

Pending the application of the proceeds of said bonds to the purposes for which they are issued, such proceeds, together with investment earnings therefrom, may be held by the state treasurer and invested in obligations of or guaranteed by the United States or in obligations of any agency or instrumentality of the United States, or deposits of banks or trust companies doing business in the commonwealth secured by such obligations; the earnings from such investments may be applied to the purposes for which the bonds are issued.

SECTION 11. In connection with the issuance of bonds pursuant to section ten of this act and to induce the purchase of such bonds, the state treasurer may covenant with the purchasers or with the holders of such bonds or with a trustee, which shall be a trust company or bank with trust powers doing business in the commonwealth, for the benefit of the holders from time to time, with respect to the operation of the sinking fund provided in said section ten, to mandatory and voluntary redemptions, the prices thereof and the manner of notice therefor, to the terms of other bonds and the amount and terms of notes which may be issued or guaranteed by the commonwealth for purposes of housing projects under chapter one hundred and twenty-one B of the General Laws, provided that any covenant regarding the amount of said notes shall not include any provision restricting the amount of notes that may be issued or guaranteed for such purposes to any amount of notes less than that amount authorized by the provisions of said chapter one hundred and twenty-one B in effect at the time of issuance of said bonds, and to any other matter necessary and proper and not inconsistent with law in connection with the bonds. Such covenants may appear on the bonds or may be included in a separate contract or trust indenture a copy of which shall be available for public inspection at the office of the treasurer in which case reference to such contract or indenture in the bonds shall be sufficient to incorporate its terms into the bonds

and shall be full notice of the terms thereof to any holder of a bond. The state treasurer may further covenant as provided herein that the failure by the commonwealth to comply with any covenant made pursuant to this section shall constitute an event of default and may agree that the total outstanding principal amount of bonds issued hereunder shall in such instance become due and payable.

SECTION 12. Any right of a holder of a bond issued hereunder may be enforced as a claim against the commonwealth as provided in chapter two hundred and fifty-eight of the General Laws, but the pendency of any action pursuant thereto or the existence of a judgment thereunder shall not relieve the obligation of the commonwealth to pay when due, as stated or by acceleration in the event of a default, the principal of and interest on bonds issued pursuant to section ten of this act and the full faith and credit of the commonwealth is pledged to such payment.

SECTION 13. Nothing contained in this act shall in any way affect the validity of any bond or note of any housing authority or of the guarantee of the commonwealth thereon or any right of a holder thereof with respect to such bond, note or guarantee. Notwithstanding the amendments of law made by this act, any bond or note of any housing authority and the guarantee of the commonwealth thereon which was legally issued at the time of issuance shall remain legal, valid and binding hereunder.

Annual contributions on account of outstanding housing authority bonds shall continue to be paid in accordance with law as it existed immediately prior to the effective date of this act and the full faith and credit pledge of the commonwealth to make such payments shall be and continue unimpaired.

Notwithstanding the limitations contained in chapter one hundred and twenty-one B of the General Laws, as amended by this act, on the amount of guaranteed notes which may be issued prior to execution and delivery of a contract for the construction or acquisition of a housing project, any notes outstanding as of the effective date of this act on account of a housing project for which no such contract has been executed and delivered may be refunded from time to time by the issuance of other guaranteed notes, provided that after the execution and delivery of such a contract all the limitations of said chapter one hundred and twenty-one B shall apply to such notes.

Any and all sums held by a housing authority as a reserve for debt service applicable to notes which are paid in full from a grant made under said chapter one hundred and twenty-one B, as amended by this act, shall revert to the unrestricted use of the housing authority and shall be applied to the budgeted expenses of such authority in that or the following year.

SECTION 14. Subsection (b) of section 8 of chapter 708 of the acts of 1966 is hereby amended by inserting the following two

sentences:- During the period between January first, nineteen hundred and seventy-six, and December thirty-first, nineteen hundred and seventy-seven, the MHFA shall not be authorized to issue notes other than *(i)* notes bearing the guaranty of the commonwealth pursuant to the authorization provided in subparagraph *(b)* of section nine in effect as of January first, nineteen hundred and seventy-six, *(ii)* notes issued to fund construction loans with respect to which a person other than the MHFA has agreed to provide permanent financing and *(iii)* notes, other than notes described in clauses *(i)* and *(ii)* of this sentence, in an aggregate principal amount, exclusive of renewals, not exceeding twenty per cent of the aggregate principal amount of all bonds of the MHFA issued and existing mortgage loans sold, the proceeds of which are applied to redeem outstanding bond anticipation notes, during such period. At any time after December thirty-first, nineteen hundred and seventy-seven, the MHFA shall not be authorized to issue notes other than *(i)* notes issued to refund notes previously issued, *(ii)* notes issued to fund mortgage loan increases for projects for which notes have previously been issued and *(iii)* notes issued to fund construction loans with respect to which a person other than the MHFA has agreed to provide permanent financing, if after such issuance the aggregate principal amount of all notes then outstanding other than notes described in clauses *(ii)* and *(iii)* of this sentence shall exceed twenty-five per cent of the aggregate principal amount of all bonds of the MHFA then outstanding.

SECTION 15. Chapter 161A of the General Laws is hereby amended by inserting after section 12 the following section:-

*Section 12A.* *(a)* The authority may issue temporary notes under this section *(i)* for any purpose for which it may borrow money under section twelve, *(ii)* in exchange for notes issued by the authority under section twelve, which shall thereupon be cancelled, *(iii)* in exchange for notes of the commonwealth issued by the state treasurer under section twelve, including any such notes held by the commonwealth, which shall thereupon be cancelled, or *(iv)* to reimburse the commonwealth for payments made under sections twelve and thirteen, including interest or other charges incurred by the commonwealth in borrowing money under section twelve.

*(b)* The notes issued under this section shall be payable on or before December thirty-first of the year following their issue. Such notes shall be general obligations of the authority, entitled to the security provided by sections twelve and thirteen, and shall be additionally secured by a pledge of assessments and other moneys provided in lieu thereof or in reduction thereof, as hereinafter provided.

*(c)* Notes issued under this section shall be secured by a trust agreement by and between the authority and a corporate trustee,

which may be any trust company or bank having the powers of a trust company within the commonwealth. Such trust agreement may contain such provisions for protecting and enforcing the rights and remedies of the noteholders as may be reasonable and proper and not in violation of law, including covenants and negative covenants in relation to the financial operations of the authority and to the custody, safeguarding and application of all moneys received by or for the account of the authority, and shall pledge or assign the assessments received or to be received and any other moneys provided in lieu thereof or in reduction thereof. Said pledge shall be binding from the time it is made and shall be effective as against all other creditors of the authority; whether or not they have notice thereof, and without the necessity of segregation of pledged funds or any further act. No filing with respect to such pledge shall be required under the Uniform Commercial Code. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth to act as depository of note proceeds or other funds under such trust agreement and to furnish such indemnifying bonds or to pledge such securities as may be required by the authority. Such trust agreement may set forth the rights and remedies of the noteholders and the trustee and may restrict the individual right of action by noteholders. In addition to the foregoing, such trust agreement may contain such other provisions as the authority may deem reasonable and proper for the security of the noteholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as current expenses of the authority and shall not be subject to clause (i) of section five. The state treasurer may join in such trust agreement for the purpose of making covenants on behalf of the commonwealth for the security of the noteholders.

(d) The pledged assessments shall be received by the state treasurer for the authority, shall not constitute funds of the commonwealth and shall immediately be deposited with the corporate trustee. To the extent that the assessments of any year represent notes of the commonwealth outstanding under section twelve, or unreimbursed payments by the commonwealth under section twelve or thirteen or unreimbursed interest or other charges incurred by the commonwealth in borrowing money under section twelve, a proportionate amount of each annual assessment, and of each payment thereof, shall be received by the state treasurer for the commonwealth, shall constitute funds of the commonwealth and shall not be included in the pledge hereunder. Net cost of service financed by the authority under this section and not represented by outstanding notes of the commonwealth or unreimbursed payments, interest or other charges incurred by the commonwealth as heretofore described in this paragraph shall be assessed for the account of the authority in the same manner and

subject to the same remedies as net cost of service paid by the commonwealth.

(e) Except to the extent limited by the trust agreement, the duties of state officials, the authority and its officials, city and town assessors and other city and town officials under this section or the trust agreement or otherwise relating to the levy, collection, custody, safeguarding and application of the assessments upon the cities and towns and other moneys provided in lieu thereof or in reduction thereof, including the duties of city and town assessors and other city and town officials to raise money for and to pay over the assessments, shall be enforceable in a civil action pursuant to section five of chapter two hundred and forty-nine brought by the authority or the corporate trustee.

(f) The authority shall notify the state treasurer of any interest or other charges incurred in borrowing money under this section. Such interest and other charges shall be included in the assessments of the net cost of service of the year for which such money is borrowed, as determined by the Authority. In the event that the assessments in any year are for any reason less than the amount required with other funds to pay the net cost of service of the prior year, including interest and costs of borrowing pursuant to section twelve or this section, the deficiency shall be made up in the following year. Provision may be made in any contract for financial assistance between the commonwealth and the authority for the payment of such assistance to the corporate trustee for the security of the noteholders. Where net cost of service is temporarily financed by the authority under this section, the authority and the state treasurer may make such arrangement as may be appropriate with respect to payment of such net cost of service by the commonwealth under section twelve, so that such borrowing by the authority shall provide insofar as practicable, an alternative means of financing such net cost of service pending receipt of assessments or other funds in lieu thereof or in reduction thereof.

(g) Nothing in this section shall be applied in any way detrimental to the rights of any holder of a bond or note of the authority, whether heretofore or hereafter issued, under sections twelve and thirteen, or under any pledge of revenues or other moneys pursuant to the bond resolution adopted by the authority on February fifteenth, nineteen hundred and sixty-seven, or under a guarantee by the commonwealth of any bond anticipation note issued by the authority.

SECTION 16. Said chapter 161A is hereby further amended by striking out section 25, as appearing in section 18 of chapter 563 of the acts of 1964, and inserting in place thereof the following section:-

*Section 25.* Bonds and notes issued under this chapter, whether original or refunding and including notes issued under

section twelve A, are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, savings banks, cooperative banks, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or notes or other obligations of a similar nature may properly and legally invest funds, including capital, deposits or other funds in their control or belonging to them. Such bonds and notes are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or other obligations of the commonwealth now or may hereafter be authorized by law.

SECTION 17. If not less than fifteen days prior to the date upon which any note or notes now outstanding or hereafter issued and sold by the Massachusetts Housing Finance Agency pursuant to chapter seven hundred and eight of the acts of nineteen hundred and sixty-six, as amended, whether or not the principal of and interest on such note or notes shall have been guaranteed by the commonwealth pursuant to chapter five hundred and ninety-eight of the acts of nineteen hundred and seventy-five, shall mature, and for the payment of any portion of the principal of or interest on such note or notes there shall not be funds available to the Agency or a commitment by a purchaser shall not exist to purchase notes or bonds of the Agency in an amount and at a time to provide the Agency with funds sufficient, with any other funds available to the Agency for the purpose, to pay all amounts of principal of and interest on said note or notes due and payable at the maturity thereof, then the chairman or the executive director of the Agency shall notify the state treasurer in writing of the date upon which such payment is due and the amount thereof for the payment of which funds are not available or committed to the Agency as aforesaid.

by the commonwealth pursuant to a contract for state financial assistance entered into under the chapter pertaining to the authority in question, shall mature and for the payment of any portion of the principal of or interest on said note or notes there shall not be funds available to the authority in question or a commitment by a purchaser shall not exist to purchase notes or bonds of the authority in question in an amount and at a time to provide said authority with funds sufficient, with any other funds available to said authority for the purpose, to pay all amounts of principal of and interest on said note or notes due and payable at the maturity thereof, then the chairman of the authority in question shall notify the state treasurer in writing of the date upon which such payment is due and the amount thereof for the payment of which funds are not available or committed to said authority as aforesaid.

SECTION 19. The state treasurer is hereby authorized to expend a sum not exceeding five hundred fifty million dollars to purchase at the maturity thereof notes of the Massachusetts Housing Finance Agency or of an authority mentioned in section eighteen of this act for the payment of which the Agency or such authority, as the case may be, does not have funds available, to pay the interest on any such note due at the maturity thereof and for the payment of which the Agency or such authority, as the case may be, does not have funds available, and to pay the expenses of issuing and selling the bonds authorized by section twenty-one of this act, including all costs and fees incidental thereto.

SECTION 20. The state treasurer shall make such rules and regulations and establish such procedures as he deems necessary to carry out the purchase of notes authorized by section nineteen of this act.

SECTION 21. To meet the expenditures authorized by section nineteen of this act or to reimburse the treasury for funds advanced for such expenditures, the state treasurer shall, upon request of the governor, issue and sell, at a price not less than ninety-seven per centum of the face value thereof, at public or private sale, bonds of the commonwealth, registered or with interest coupons attached, as he may deem best, to an amount to be specified by the governor from time to time, but not exceeding, in the aggregate, the sum of five hundred fifty million dollars. Section fifty-three of chapter twenty-nine of the General Laws shall not apply to any such sale. All bonds issued as aforesaid shall be designated on their face "General Obligation Agency or Authority Bond." In anticipation of the receipt of proceeds of such bonds, the treasurer may issue and sell temporary notes in an amount not to exceed the amount of bonds specified by the governor pursuant to this section. The principal of and interest on such notes may be paid from the proceeds of said bonds and to the extent not so paid shall be paid from any other funds or receipts;

provided that if and to the extent that the principal amount of such notes is paid from other than the proceeds of said bonds, the principal amount of said bonds which may be issued shall be reduced by a like amount. As recommended by the governor in a message to the general court dated March first, nineteen hundred and seventy-six, in pursuance of Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, each issue of such temporary notes shall be for a term not to exceed one hundred and twenty days and each issue of such bonds shall be for a term not to exceed forty years, each from the date of its issuance. Temporary notes issued hereunder prior to June thirtieth, nineteen hundred and seventy-eight, may bear on their face the statement or legend described in section forty-seven of chapter twenty-nine of the General Laws, and such notes shall be accepted in payment of taxes as provided thereby.

SECTION 22. In connection with the issuance of bonds pursuant to section twenty-one of this act and to induce the purchase of such bonds, the state treasurer may covenant with the purchasers or with the holders of such bonds or with a trustee, which shall be a trust company or bank with trust powers doing business in the commonwealth, for the benefit of the holders from time to time, with respect to the operation of the sinking fund provided in said section twenty-one, to mandatory and voluntary redemptions, the prices thereof and the manner of notice therefor, to the limitations imposed by the provisions of this act upon the issuance of notes, and to any other matter necessary and proper and not inconsistent with law in connection with the bonds. Such covenants may appear on the bonds or may be included in a separate contract or trust indenture a copy of which shall be available for public inspection at the office of the state treasurer in which case reference to such contracts or indenture in the bonds shall be sufficient to incorporate its terms into the bonds and shall be full notice of the terms thereof to any holder of a bond. The state treasurer may further covenant as provided herein that the failure by the commonwealth to comply with any covenant made pursuant to this section shall constitute an event of default and may agree that the total outstanding principal amount of bonds issued under section twenty-one of this act shall in such an instance become due and payable.

SECTION 23. Any right of a holder of a bond issued under section twenty-one of this act may be enforced as a claim against the commonwealth as provided in chapter two hundred and fifty-eight of the General Laws, but the pendency of any action pursuant thereto or the existence of a judgment thereunder shall not relieve the obligation of the commonwealth to pay when due, as stated or by acceleration in the event of a default, the principal of and interest on bonds issued pursuant to section twenty-one of this act and the full faith and credit of the commonwealth is

pledged to such payment.

SECTION 24. Nothing contained in this act shall in any way affect the validity of any bond or note of any agency or authority mentioned in this act or of the guarantee of the commonwealth thereon or any right of a holder thereof with respect to such bond, note or guarantee. Every bond or note of any agency or authority mentioned in this act or of the guarantee of the commonwealth thereon which was legally issued at the time of issuance shall remain legal, valid and binding hereunder.

SECTION 26. The principal amount of notes issued by an authority mentioned in section eighteen of this act the payment of the principal of or interest on which may be guaranteed by the commonwealth pursuant to the act pertaining to such authority as mentioned in said section eighteen shall be reduced by the principal amount of notes of such authority purchased under section nineteen of this act.

SECTION 27. Chapter 29 of the General Laws is hereby amended by striking out section 47, as appearing in section 5 of chapter 637 of the acts of 1945, and inserting in place thereof the following section:-

*Section 47.* The state treasurer may borrow at any time during the fiscal year, in anticipation of the receipts for that year other than assessments for the metropolitan districts, such sums of money as may be necessary for the payment of ordinary demands on the treasury, and other legal obligations of the commonwealth, and may issue notes therefor. He shall repay any sums borrowed under this section as soon after said receipts are paid as is expedient, but in any event before the close of the fiscal year in which the same were borrowed.

Notes issued under and pursuant to this section may bear on their face a statement that if principal and interest thereon are not paid when due said notes will be accepted thereafter at face value plus accrued interest to the date of such acceptance as payment to that extent of taxes owed by the bearer to the commonwealth under chapter sixty-two, sixty-two B, sixty-three, or sixty-three B.

Notes bearing such legend shall be accepted in payment of such taxes, including penalty and interest thereon, at face value plus accrued interest by all persons responsible for collecting taxes but shall otherwise be payable in accordance with their terms as provided in the first paragraph of this section.

SECTION 30. Section 62 of chapter 183 of the General Laws, inserted by chapter 104 of the acts of 1974, is hereby amended by adding the following sentence:- Such mortgagee may make such payments by presenting notes issued by the city or town in anticipation of revenues, if the treasurer of the city or town has agreed to accept such notes in payment of real and personal property taxes as provided in section four B of chapter forty-four.

SECTION 1. Notwithstanding the provisions of section thirty-two of chapter forty-four of the General Laws, the mayor in any city, except Boston, may, within one hundred and twenty days after the organization of such city government in the calendar year nineteen hundred and seventy-six, submit to the city council the

annual budget for the fiscal year nineteen hundred and seventy-six and nineteen hundred and seventy-seven.

SECTION 2. Notwithstanding the provisions of section twenty-three of chapter fifty-nine of the General Laws, if prior to June twenty-first in the year nineteen hundred and seventy-six, the assessor of any city, except Boston, shall not have received from the city clerk a certificate under section fifteen A of chapter forty-one of the General Laws of the appropriation voted for the annual budget for the fiscal year nineteen hundred and seventy-six and nineteen hundred and seventy-seven and if it appears to them, after inquiry of the city clerk, that such appropriations have not been voted, they shall forthwith assess a tax for said year in accordance with the provisions of said section fifty-nine, except that, in determining the amount of the tax to be assessed, there shall be considered as having been appropriated for the annual budget for said year an amount equal to the aggregate appropriations voted for the annual budget for the next preceding year.

*Approved March 31, 1976.*

**Chap. 36.** AN ACT ENABLING THE CITY OF CAMBRIDGE TO CONTINUE TO CONTROL RENTS AND EVICTIONS.

*Whereas*, the City of Cambridge now desires and intends to continue its rent and eviction control program beyond the expiration of Chapter eight hundred forty-two of the Acts of 1970, as amended; and

*Whereas*, the deferred operation of this act would tend to defeat its purpose which is, in part, to alleviate certain effects of the severe shortage of rental housing in the City of Cambridge, which shortage has caused a serious emergency detrimental to the public peace, health, safety and convenience, therefore this act is hereby declared to be an emergency law, necessary for the immediate preservation of the public peace, health, safety and convenience.

*Be it enacted, etc., as follows:*

SECTION 1. *Declaration of Emergency.* The general court finds and declares that a serious public emergency exists with respect to the housing of a substantial number of the citizens in the City of Cambridge, which emergency has been created by housing demolition, deterioration of a substantial portion of the existing housing stock, insufficient new housing construction, increased costs of construction and finance, inflation, influx of young people and the desirability of Cambridge as a place to live, and which has resulted in a substantial and increasing shortage of decent rental housing accommodations especially for families of

low and moderate income and for elderly people on fixed income and abnormally high rents; that unless residential rents and eviction of tenants are regulated and controlled, such emergency and the further inflationary pressures resulting therefrom will produce serious threats to the public health, safety and general welfare of the citizens of Cambridge and in other adjacent communities; that such emergency should be met by the Commonwealth immediately and with due regard for the rights and responsibilities of the City of Cambridge.

SECTION 2. *Effective Date, Revocation, and Reacceptance.* This act shall take effect in the City of Cambridge upon its passage and such passage shall be deemed to constitute the initial acceptance of this act by the City of Cambridge. Once this act has been accepted, it may be repealed or revoked, or otherwise nullified by a majority vote of the Cambridge City Council or on a ballot measure submitted to the registered voters of the City of Cambridge in accordance with the procedures of Sections 37 through 40 of Chapter forty-three of the General Laws. If this act is repealed or revoked, or otherwise nullified, the provisions of this act shall be treated as still remaining in force for the purpose of sustaining any proper suit, action or prosecution with respect to any right, liability or offense arising under the provisions of this act. If repealed or revoked, or otherwise nullified, it may be reaccepted in one of the following ways:

1) by a majority vote of the members of the Cambridge City Council, or

2) by initiative petition and vote pursuant to the procedures of Sections 37 through 40 of Chapter 43 of the General Laws.

SECTION 3. *Definitions.* The following words or phrases as used in this act shall have the following meanings:

a) "Rental units", any building, structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, including houses, apartments, rooming or boardinghouse units, and other properties used for living or dwelling purposes, together with all services connected with the use or occupancy of such property.

b) "Controlled rental units", all rental units except:

1) rental units in hotels, motels, inns, tourist homes and rooming or boarding houses which are rented primarily to transient guests for a period of less than fourteen consecutive days;

2) rental units the construction of which was completed on or after January one, nineteen hundred and sixty-nine, or which are housing units created by conversion from a nonhousing to a housing use on or after said date;

3) rental units which a governmental unit, agency, or authority

either:

- i) owns or operates; or
- ii) regulates the rents, other than units regulated
  - a) under the provisions of this act, or
  - b) under the provisions of any other general or special law authorizing municipal control of rental levels for all or certain rental units within a municipality; or
  - iii) finances or subsidizes, if the imposition or rent control would result in the cancellation or withdrawal, by law, of such financing or subsidy;
  - 4) rental units in cooperatives;
  - 5) rental units in any hospital, convent, monastery, asylum, public institution or college or school dormitory operated exclusively for charitable or educational purposes; or nursing home or rest home or charitable home for the aged, not organized or operated for profit;
  - 6) the rental unit or units in an owner-occupied two-family or three-family house;
  - 7) that the City of Cambridge may exempt those rental units for which the rent charges exceed limits specified by said municipality; provided that in no event shall more than twenty-five percent of the total rental units in Cambridge be exempted under this subsection.
- c) "Rent", the consideration including any bonus, benefits, or gratuity demanded or received for or in connection with the use or occupancy of rental units or the transfer of a lease of such rental units.
- d) "Services", repairs, replacement, maintenance, painting, providing light, heat, hot and cold water, elevator service, window shades and screens, storage, kitchen, bath and laundry facilities and privileges, janitor services, refuses removal, furnishings, and any other benefit, privilege or facility connected with the use or occupancy of any rental unit. Services to a rental unit shall include a proportionate part of services provided to common facilities of the building in which the rental unit is contained.

#### SECTION 4. *Transition.*

- a) The Board shall assume possession of all records, documents and other materials in possession of the board established and operated under Chapter 842 of the Acts of 1970 or any special or general laws regulating rents and evictions enacted subsequent to Chapter 842 of the Acts of 1970.
- b) Any proceeding commenced by the board established under said Chapter 842, or orders related thereto and any rules and regulations of said board shall remain in effect for the purposes of this act unless otherwise ordered by the board.
- c) the board shall have authority to issue regulations and orders necessary and helpful for the efficient transition from the

administration of said Chapter 842, or any special or general laws regulating rents and evictions enacted subsequent to said Chapter 842, to the administration of this act.

SECTION 5. *Rent Board.*

a) This act shall be administered by a rent control board. Immediately upon the acceptance of this act the rent board established under Chapter 842 of the Acts of 1970 shall be deemed to be the rent board appointed by the city manager under this act to serve at the pleasure of the city manager or the city manager may appoint a new rent control board to serve at the pleasure of the city manager.

b) Members of the rent board shall receive no compensation for their services, but shall be reimbursed by the city for necessary expenses incurred in the performance of their duties.

c) The rent control board, hereinafter called the board, shall be responsible for carrying out the provisions of this act, and shall hire, with the approval of the city manager, such personnel, not subject to the provisions of section nine A of chapter thirty of the general laws or chapter thirty-one of the general laws, as are needed, shall promulgate such policies, rules and regulations as will further the provisions of this act, and shall recommend to the city, for adoption, such ordinances as may be necessary to carry out the purposes of this act.

d) The board may make such studies and investigations, conduct such hearings, and obtain such information as is deemed necessary in promulgating any regulation, rule or order under this act, or in administering and enforcing this act and regulations and orders promulgated hereunder. For the foregoing purposes, a person may be summoned to attend and testify and to produce books and papers in like manner as he may be summoned to attend as a witness before a court. Any person who rents or offers for rent or acts as broker or agent for the rental of any controlled rental unit may be required to furnish under oath any information required by the board and to produce records and other documents and make reports. Such persons shall have the right to be represented by counsel, and a transcript shall be taken of all testimony and such person shall have the right to examine said transcript at reasonable times and places. Section ten of chapter two hundred and thirty-three of the General Laws shall apply, and for the purposes of this act a justice of the district court shall have the same power as a justice of the Supreme Judicial or Superior Court to implement the provisions of said section.

e) the board shall have the power to issue orders and promulgate regulations to effectuate the purposes of this act.

SECTION 6. *Maximum Rent.*

a) the maximum rent of a controlled rental unit shall be the maximum rent most recently established under Chapter 842 of the

Acts of 1970 and regulations thereunder, immediately prior to the initial acceptance of this act, for all units which were then subject to said Chapter 842. For any rental units controlled under this act which were not then subject to said Chapter 842 the maximum rent shall be the rent lawfully charged the occupant of such unit for the month six months prior to the date on which the unit became controlled. If the rental unit was unoccupied at that time but was occupied at any time prior to that date, the maximum rent shall be the rent lawfully charged therefor for the month closest to one month prior to the date on which the unit became controlled. Upon the reacceptance of this act the maximum rent of a controlled unit shall be the rent lawfully charged the occupant of such unit for the month 6 months prior to the reacceptance of this act unless the rent for the unit was established by the rent board within said six month period, in which case the rent shall be the rent so established by the rent board. If the rental unit was unoccupied at that time but was occupied at any time prior to the reacceptance of this act, the maximum rent shall be the rent lawfully charged therefor for the month closest to six months prior to the reacceptance of this act. If the maximum rent is not otherwise established, it shall be established by the board. Any maximum rent may be subsequently adjusted under the provisions of section seven.

b) The board shall require registration of all controlled rental units in Cambridge on forms authorized or to be provided by said board. The registration forms for units controlled under the provision of Chapter 842 of the Acts of 1970, as the same have been amended from time to time, shall be deemed the initial registration forms filed pursuant to this act, except where the board finds any or all of such forms inadequate.

**SECTION 7. *Maximum Rent Adjustment.***

a) The board shall make such individual or general adjustments, either upward or downward, of the maximum rent established by section six for any controlled rental unit or any class of controlled rental units as may be necessary to assure that rents for controlled rental units are established at levels which yield to land lords a fair net operating income for such units. For the purposes of this section, the word "class" shall include all the controlled rental units within Cambridge or any categories of such rental units based on size, age, construction, rent, geographic area or other common characteristics, providing the board has by regulation defined any such categories.

b) The following factors, among other relevant factors, which the board by regulation may define, shall be considered in determining whether a controlled rental unit yields a fair net operating income:

1. increases or decreases in property taxes;
2. unavoidable increases or any decreases in operating and maintenance expenses;

3. capital improvement of the housing unit as distinguished from ordinary repair, replacement and maintenance;

4. increases or decreases in living space, services, furniture, furnishings or equipment.

5. substantial deterioration of the housing units other than as a result of ordinary wear and tear; and

6. failure to perform ordinary repair, replacement and maintenance.

c) For the purpose of adjusting rents under the provisions of this section, the board may promulgate a schedule of standard rental increases or decreases for improvement or deterioration in specific services and facilities.

d) The board may refuse to grant a rent increase under this section, if it determines that the affected rental unit does not comply with the state sanitary code and any applicable municipal codes, ordinances or bylaws, and if it determines that such lack of compliance is due to the failure of the landlord to provide normal and adequate repair and maintenance. The board may refuse to grant a rent decrease under this section, if it determines that a tenant is more than sixty days in arrears in payment of rent unless such arrearage is due to a withholding of rent under the provisions of Section 8A of Chapter 239, or Section 127L of Chapter 111, or Section 14 of Chapter 186 of the general laws.

e) The board may remove maximum rental levels, established under this section and section five, for any class of controlled rental units if in its judgment the need for continuing such maximum rental levels no longer exists because of sufficient construction of new rental units the rental levels for which are comparable to the rental levels of the class of controlled rental units for which maximum rental levels are to be discontinued or because the demand for rental units has been otherwise met. Any maximum rental level removed under this paragraph shall be reimposed or adjusted and reimposed upon a finding by the rent board that a substantial shortage of rental units exists in Cambridge and that the reimposition of rent control is necessary in the public interest. Any action under this paragraph shall be subject to the hearing and notice requirements of paragraph (b) of section seven.

#### SECTION 8. *Rent Adjustment Hearings.*

a) The board shall consider an adjustment of rent for an individual controlled rental unit upon receipt of a petition for adjustment filed by the landlord or tenant of such unit or upon its own initiative. The board shall notify the landlord, if the petition was filed by the tenant, or the tenant, if the petition was filed by the landlord, of the receipt of such petition and of the right of either party to request a hearing. If a hearing is requested by either party, or if the action is undertaken on the initiative of the board, the hearing shall be conducted before at least one member of the board or the board's designee prior to the decision by the board to

grant or refuse a rental adjustment. Notice of the time and place of the hearing shall be furnished to the landlord and tenant. The board may consolidate petitions relating to controlled rental units in the same building, and all such petitions may be considered in a single hearing.

b) On its own initiative, the board may make a general adjustment, by percentage, of the rental levels for any class of controlled rental units within Cambridge. Prior to making such adjustment, a public hearing shall be held before at least a majority of the board. Notice that an adjustment is under consideration, a description of the class of rental units which would be affected by the adjustment, and the time and place of said public hearing shall be published three times in at least one newspaper having a general circulation within the City of Cambridge.

c) Notwithstanding any other provision of this section, the board may, without holding a hearing, refuse to adjust a rent level for an individual rental unit if a hearing has been held with regard to the rental level of such unit within twelve months.

d) Hearings required by paragraph a) shall be conducted in accordance with the provisions of section eleven of Chapter thirty A of the General Laws except that requirements (7) and (8) of said section eleven shall not apply to such hearings.

#### SECTION 9. *Evictions.*

a) No person shall bring any action to recover possession of a controlled rental unit unless:

1) the tenant has failed to pay the rent to which the landlord is entitled;

2) the tenant has violated an obligation or covenant of his tenancy not inconsistent with Chapter 93A of the General Laws or this act, or the regulations issued pursuant thereto, other than the obligation to surrender possession upon proper notice and has failed to cure such violation after having received written notice thereof from the landlord;

3) the tenant is committing or permitting to exist a nuisance in or is causing substantial damage to, the controlled rental unit, or is creating a substantial interference with the comfort, safety, or enjoyment of the landlord or other occupants of the same or any adjacent accommodation;

4) the tenant is convicted of using or permitting a controlled rental unit to be used for any illegal purpose;

5) the tenant, who had a written lease or rental agreement which terminated on or after this act has taken effect has refused, after written request or demand by the landlord, to execute a written extension or renewal thereof for a further term of like duration and in such terms that are not inconsistent with or violative of any provisions of Chapter 93A of the General Laws or this act, or the regulations issued pursuant thereto;

6) the tenant has refused the landlord reasonable access to the

unit for the purpose of making necessary repairs or improvements required by the laws of the Commonwealth, or any political subdivision thereof, or for the purpose of inspection as permitted or required by the lease or by law, or for the purpose of showing the rental unit to any prospective purchaser or mortgagee;

7) the person holding at the end of a lease term is a subtenant not approved by the landlord;

8) the landlord seeks to recover possession in good faith for use and occupancy of himself, or his children, parents, brother, sister, father-in-law, mother-in-law, son-in-law, or daughter-in-law;

9) the landlord seeks to recover possession to demolish or otherwise remove the unit from housing use; and

10) the landlord seeks to recover possession for any other just cause, provided that his purpose is not in conflict with the provisions and purposes of Chapter 93A of the General Laws or this act, or the regulations issued pursuant thereto. Recovery of possession in order to convert an apartment unit to a condominium unit shall not be a valid reason to recover possession of a controlled rental unit.

b) A landlord seeking to recover possession of a controlled rental unit shall apply to the board for a certificate of eviction. Upon receipt of such an application, the board shall send a copy of the application to the tenant of the controlled rental unit together with a notification of all rights and procedures available under this section. If the board finds that the facts attested to in the landlord's petition are valid and in compliance with paragraph a), the certificate of eviction shall be issued.

c) A landlord who seeks to recover possession of a controlled rental unit without obtaining such certificate of eviction shall be deemed to have violated this act, and the board may initiate a criminal prosecution for such violation.

d) Notwithstanding the provisions of this section the United States, the Commonwealth, or any agency or political subdivision thereof, may maintain an action or proceeding to recover possession of any rental unit operated by it if such action or proceeding is authorized by the Statute or regulation under which such units are administered.

e) The provisions of this section shall be construed as additional restrictions on the right to recover possession of a controlled rental unit. No provision of this section shall entitle any person to recover possession of such a unit.

#### SECTION 10. *Judicial Review.*

a) Any person who is aggrieved by any action, regulation or order of the board may file a complaint against the board in the Third District Court of Eastern Middlesex, and thereupon an order of notice shall be issued by said court and served on the board. Said district court shall have exclusive original jurisdiction over such proceedings and shall be authorized to take such action

with respect thereto as is provided in the case of the Superior Court under the provisions of chapter two hundred and thirty-one A of the General Laws, except that section three of said chapter two hundred and thirty-one A shall not apply. All orders, judgments and decrees of said district court may be appealed as is provided in the case of a civil action in said district court.

b) The Third District Court of Eastern Middlesex shall have exclusive original jurisdiction over actions arising out of the provisions of section eleven.

SECTION 11. *Civil Remedies.*

a) Any person who demands, accepts, receives or retains any payment of rent in excess of the maximum lawful rent, in violation of the provisions of this act or any regulation or order hereunder promulgated, shall be liable as hereinafter provided to the person from whom such payment is demanded, accepted, received, or retained, or to the city, for reasonable attorney's fees and costs as determined by the court, plus liquidated damages in the amount of one hundred dollars, or not more than three times the amount by which the payment or payments demanded, accepted, received or retained exceed the maximum rent which could be lawfully demanded, accepted, received or retained, whichever is the greater; provided that if the defendant proves that the violation was neither willful nor the result of failure to take practicable precautions against the occurrence of the violation, the amount of such liquidated damages shall be the amount of the overcharge or overcharges.

b) If the person from whom such payment is demanded, accepted, received or retained in violation of the provisions of this act or any rule or regulation hereunder promulgated fails to bring an action under this section within thirty days from the date of the occurrence of the violation, the board may either settle the claim arising out of the violation or bring such action. Settlement by the board shall thereafter bar any other person from bringing action for the violation or violations with regard to which a settlement has been reached. If the board settles said claim, it shall be entitled to retain the costs it incurred in the settlement thereof, and the person against whom the violation was committed shall be entitled to the remainder. If the board brings action under the provisions of this section, it shall be entitled to receive attorney's fees and costs under the provisions of paragraph a) and the person against whom the violation was committed shall be awarded liquidated damages under said paragraph a).

c) A judgment for damages or on the merits in any action under this section shall be a bar to any recovery under this section in any other action against the same defendant on account of any violation with respect to the same person prior to the institution of the action in which such judgment was rendered. Action to recover liquidated damages under the provisions of this section shall not be brought later than four years after the date of the violation. A

single action for damages under the provisions of this section may include all violations of the provisions of this section committed by the same defendant against the same person.

**SECTION 12. *Criminal Penalties.***

a) It shall be unlawful for any person to demand, accept, receive or retain any rent for the use or occupancy of any controlled rental unit in excess of the maximum rent prescribed therefor under the provisions of this act or any order or regulation hereunder promulgated, or otherwise to do or omit to do any action in violation of the provisions of this act or any order or regulation hereunder promulgated.

b) It shall be unlawful for any person to demand, accept, receive or retain any payment which exceeds the maximum lawful rent for one month as a finder's fee or service charge for the opportunity to examine or lease any controlled rental unit, and no finder's fee or service charge shall be lawful unless the person from whom the payment is demanded, accepted, received or retained actually rents or leases the controlled rental unit with regard to which payment of said fee or said charge has been demanded, accepted, received or retained.

c) whoever willfully violates any provision of this act or any rule or regulation hereunder promulgated, or whoever knowingly makes any false statement in any testimony before the rent board or whoever knowingly supplies the rent board with any false information shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than ninety days or both; provided, however, that in the case of a second or subsequent offense, such person shall be punished by a fine of not more than three thousand dollars or by imprisonment for not more than one year, or both.

**SECTION 13. *Severability.*** If any provisions of this act or the application of such provision to any person or circumstance shall be held invalid, the validity of the remainder of this act and the applicability of such provision to other persons or circumstances shall not be affected thereby.

*Approved March 31, 1976.*

*Be it enacted, etc., as follows:*

accommodations for families of low and moderate income; that unless residential rents and evictions of tenants are regulated and controlled, such emergency and the further inflationary pressures resulting therefrom will produce serious threats to the public health, safety and general welfare of the citizens of the City of Somerville; that such emergency should be met by the City of Somerville immediately with due regard for the rights and responsibilities of all of its citizens.

(c) The board shall be responsible for carrying out the provisions of this ordinance and shall hire with the approval of the Mayor of the City of Somerville, hereinafter called the Mayor, such personnel as are needed, shall promulgate such policies, rules and regulations as will further the provisions of this ordinance, and shall recommend to the City such ordinances as may be necessary to carry out the purposes of this ordinance.

Any person who rents or offers for rent or acts as broker or agent for the rental of any controlled rental unit may be required to furnish under oath any information required by the board, and to produce records and other documents and make reports. Such persons shall have the right to be represented by counsel. Section ten of chapter two

hundred and thirty-three of the General Laws shall apply, and for the purposes of this ordinance a justice of the District Court of Somerville shall have the same power as a justice of the Supreme Judicial Court or superior Court to implement the provisions of said section.

(e) The board shall have the power to issue orders and promulgate regulations to effectuate the purposes of this ordinance.

SECTION 4. *Maximum Allowable Rent.* The City of Somerville may, by ordinance, control rents and evictions for housing accommodations and in furtherance thereof may adopt the following provision in whole or in part:

(a) The maximum allowable rent for a controlled rental unit shall be the rental amount established by the board pursuant to chapter eight hundred and forty-two of the acts of nineteen hundred and seventy, as amended, for the month of March, nineteen hundred and seventy-six; provided that if the board, pursuant to chapter eight hundred and forty-two of the acts of nineteen hundred and seventy, as amended, established a maximum allowable rent to be effective subsequent to March 31, 1976 for a controlled rental unit then the rental amount for such unit shall be the amount as established by said board pursuant to said act. (b) The maximum allowable rent for rental units unoccupied on April 1, 1976 or becoming unoccupied any time thereafter shall be established in accordance with the provisions of Section six of this ordinance. (c) If the maximum allowable rent is not otherwise established it shall be established by the board. Any maximum allowable rent may be subsequently adjusted under the provisions of Section five or Section six whichever is applicable.

SECTION 5. *Rent Adjustments.* The City of Somerville may, by ordinance, control rents and evictions for housing accommodations and in furtherance thereof may adopt the following provision in whole or in part:

(a) The board shall make such individual or general adjustments, either upward or downward, of the maximum allowable rent established in accordance with the provisions of this ordinance for any controlled rental unit or any class of controlled rental units as may be necessary to assure that rents for controlled rental units are established at levels which yield to landlords a fair net operating income for such units. For the purposes of this section the word "class" shall include all the controlled rental units within the City or any categories of such rental units based on size, age, construction, rent, geographic area or other common characteristic.

(b) The following factors, among other relevant factors, shall be considered in determining whether a controlled rental unit yields a fair net operating income:

- (1) increases or decreases in property taxes;
- (2) unavoidable increases or any decreases in operating and

maintenance expenses;

(3) capital improvement of the housing unit as distinguished from ordinary repair, replacement and maintenance;

(4) increases or decreases in living space, services, furniture, furnishings or equipment;

(5) substantial deterioration of the housing units other than as a result of ordinary wear and tear; and

(6) failure to perform ordinary repair, replacement and maintenance.

(c) For the purpose of adjusting rents under the provisions of this section, the board may promulgate a schedule of standard rental increases or decreases for improvement or deterioration in specific services and facilities.

(d) The board may refuse to grant a rent increase under this section, if it determines that the affected rental unit does not comply with the state sanitary code and any applicable municipal code or ordinance and if it determines that such lack of compliance is due to the failure of the landlord to provide normal and adequate repair and maintenance. The board may refuse to grant a rent decrease under this section, if it determines that a tenant is more than sixty days in arrears in payment of rent unless such arrearage is due to a withholding of rent under the provisions of section eight A of chapter two-hundred and thirty-nine of the General Laws.

(e) The board may remove maximum allowable rental levels for any class of controlled rental units if in its judgment the need for continuing such maximum rental levels no longer exists because of sufficient construction of new rental units the rental levels for which are comparable to the rental levels of the class of controlled rental units for which maximum rental levels are to be discontinued or because the demand for rental units has been otherwise met. Any maximum rental level removed under this paragraph shall be reimposed or adjusted and reimposed upon a finding by the board that a substantial shortage of rental units exists in the city and that the reimposition of rent control is necessary in the public interest. Any action under this paragraph shall be subject to the hearing and notice requirements of paragraph (b) of Section seven of this ordinance.

SECTION 6. *Rent Adjustment For Unoccupied Units.* The City of Somerville may, by ordinance, control rents and evictions for housing accommodations and in furtherance thereof may adopt the following provision in whole or in part:

(a) A rental unit which is unoccupied on April 1, 1976 or which is vacated voluntarily or pursuant to court order anytime thereafter shall be subject to the following provision:

The maximum allowable rent for an aforementioned rental unit shall be established in accordance with the rental amount agreed upon by the owner of said unit and the new occupant thereof. This agreed upon rental amount shall be the initial maximum allowable

rent for such rental unit.

(b) Individual rent adjustment petitions for such rental units shall not be considered by the board for a period of twelve months after initial occupancy, except in the case of increased or decreased services or necessary repairs.

(c) For purposes of this section a rental unit shall be construed to have been vacated when the legal occupant is a person or persons other than the legal occupant of said rental unit prior to April one, nineteen hundred and seventy-six, except for a spouse of the legal occupant, or any children of the legal occupant born during the term of the legal occupancy.

No credit card shall be issued except in response to a request or application therefor. This prohibition shall not apply to the issuance of a credit card in renewal of, or in substitution for, an accepted credit card.

For the purposes of this section, a cardholder shall be deemed to have notified a card issuer by taking such steps as may be reasonably required in the ordinary course of business to provide the card issuer with the notice required by this section whether or not any particular officer, employee or agent of the card issuer does in fact receive such notice.

In any action by a card issuer to enforce liability for the use of a credit card, the burden of proof shall be upon the card issuer to show that the use was authorized or, if the use was unauthorized, then the burden of proof shall be upon the card issuer to show that the conditions of liability for the unauthorized use of a credit card, as set forth in this section, have been met.

Nothing in this section shall impose liability upon a cardholder for the unauthorized use of a credit card in excess of his liability for such use under other applicable law or under any agreement with the card issuer.

Except as provided in this section, a cardholder shall not incur any liability from the unauthorized use of a credit card.

If ten or more credit cards are issued by one card issuer for use by the employees of a single business or other organization, nothing in this section shall prohibit the card issuer from agreeing by contract with such business or other organization as to liability for unauthorized use of any such credit cards without regard to the provisions of this section, but in no case may any business or other organization or card issuer impose liability on any employee of such business or other organization with respect to unauthorized use of such credit card except in accordance with and subject to the other liability limitations of this section.

If no such hearing is ordered within said twenty days or a hearing is so ordered within such time and after hearing the secretary adjudicates that the take-over bid is not in violation of this chapter and that effective provision is made for fair and full disclosure to offerees of all information material to a decision to accept or reject the offer, the take-over bid may be made. If the secretary finds that the take-over bid would comply with provisions of this chapter if amended in certain respects, the take-over bid may be made only if so amended.

*Section 3.* No offeror shall make a take-over bid if he and his associates and affiliates are directly or indirectly the beneficial owners of five per cent or more of the issued and outstanding equity securities of any class of the target company, any of which were purchased within one year before the proposed take-over bid, and the offeror, before making any such purchase, or before the thirtieth day following the effective date of this section, whichever is later, failed to publicly announce his intention to gain control of the target company, or otherwise failed to make fair, full, and effective disclosure of such intention to the persons from whom he acquired such securities.

  - (a) anti-trust,
  - (b) fair employment practices,
  - (c) purchase or sale of securities, or
  - (d) environmental protection; and

Such other and further documents, exhibits, data, and information as may be required by regulations of the secretary or as may be necessary to make fair, full, and effective disclosure to offerees of all information material to a decision to accept or reject the offer.

*Section 5.* Copies of all advertisements, circulars, letters or other solicitation materials published by the offeror or the target company on or after the date that the take-over bid may be made in accordance with section two shall be filed with the secretary and delivered by the target company, or the offeror, as the case may be, to the other of them on the date that the same are first published or used or sent to offerors.

*Section 6.* Any hearing pursuant to this section shall be commenced within sixty days of the date a filing is made pursuant to section two. Adjudications made pursuant to this section shall be made within ninety days after such filing and pursuant to section four hundred and twelve of chapter one hundred and ten A. Upon filing an application with the secretary for a hearing under this section, the target company shall pay to the secretary a fee of two hundred fifty dollars, and shall deposit with the secretary such sum, not exceeding seven hundred fifty dollars, as the secretary may require to defray the costs of such hearing and any investigation which the secretary may make in connection therewith. If, after hearing, the secretary finds that the take-over bid is in violation of this chapter or that effective provision is not made for fair and full disclosure to offerees of all information material to a decision to accept or reject the offer, he shall so adjudicate. If he finds that the take-over bid would comply with this chapter if amended in certain respects, he shall so adjudicate. If he finds that the take-over bid is not in violation of this chapter and that effective provision is made for fair and full disclosure to offerees of all information material to a decision to accept or reject the offer, he shall so adjudicate.

*Section 7.* It is unlawful for any offeror or target company or any affiliate or associate of an offeror or target company or any broker-dealer acting in behalf of an offeror or target company to make any untrue statement of a material fact or to conceal any material fact in order to make the statements misleading, or to engage in any fraudulent, evasive, deceptive, manipulative or

grossly unfair practices in connection with a take-over bid.

No take-over bid shall be made unless this chapter has been complied with, and no offeror shall make a take-over bid which is not made to all holders residing in the commonwealth of the equity security that is the subject of such take-over bid, or which is not made to such holders on the same terms as such take-over bid is made to holders of such equity security not residing within the commonwealth, or which, if it is for less than all the outstanding equity securities of a class does not bind such offeror to take up and pay for all securities deposited by all offerees, if a greater number of securities is deposited pursuant thereto. If the terms of a take-over bid are changed before its expiration by increasing the consideration offered to offerees, the offeror shall pay the increased consideration for all equity securities taken up, whether the same are deposited or taken up before or after the change in the terms of the take-over bid.

No offeror shall make a take-over bid for a fixed period of time of less than sixty days with the right to extend such period; offer to pay an offeree a fee, commission or any other consideration not offered to all offerees; or publish or use in connection with the offer any false statement of a material fact or conceal a material fact in order to make the statement misleading.

Securities deposited pursuant to a take-over bid may be withdrawn by an offeree or his attorney-in-fact by demand in writing to the offeror or the depository at any time up to five days prior to the announced termination date of the offer.

*Section 8.* If the offeror or the target company is a banking corporation subject to regulation by the commissioner of banks, or a public utility corporation subject to regulation by the department of public utilities, the secretary shall forthwith, upon receipt of the filing required under section two, furnish a copy of such filing to the regulatory body having jurisdiction over the offeror or target company.

*Section 9. (a)* Any offeror who purchases a security in connection with a take-over offer in violation of this chapter shall be liable to the person selling the security to him who may sue either at law or in equity. In an action for rescission the seller shall be entitled to recover the security, plus any income received by the purchaser thereon, upon tender of the consideration received. Tender requires only notice of willingness to pay the amount specified in exchange for the security. Any notice may be given by service as in civil actions or by certified mail to the last known address of the person liable. Damages are the excess of either the value of the security on the date of purchase or its present value, whichever is greater, over the present value of the consideration received for the security.

(b) Every associate and affiliate of a person liable under paragraph (a), every partner, principal executive officer or director of such person, every person occupying a similar status or performing similar functions, every employee of such person who materially aids in the act or transaction constituting the violation, and every broker-dealer or agent who materially aids in the act or transaction constituting the violation, is also liable jointly or severally with and to the same extent as such person, unless the person who would otherwise be so liable proves that he did not know, and in the exercise of reasonable care could not have known, of the existence of the facts by reason of which the liability is alleged to exist. There is contribution as in cases of contract among the several persons so liable.

(c) No action may be maintained under paragraph (a) or (b) unless commenced before the expiration of three years after the act or transaction constituting the violation or the expiration of one year after the discovery of the facts constituting the violation, whichever first expires.

(d) The rights and remedies under this chapter are in addition to any other rights or remedies that may exist at law or in equity.

(e) Whenever it appears to the secretary that any person has engaged or is about to engage in any act or practice constituting a violation of this chapter, or any rule or order hereunder, (1) he may issue and cause to be served upon any person violating any of the provisions of this chapter, an order requiring the person guilty thereof to cease and desist therefrom; and (2) he may bring an action in the district court of the appropriate county to enjoin the acts or practices and to enforce compliance with this chapter, or any rule or order hereunder, or he may refer the matter to the attorney general or the district attorney of the appropriate county. Upon a proper showing, the court may grant a permanent or temporary injunction or restraining order and may order rescission of any sales or purchases of securities determined to be unlawful under this chapter, or any rule or order hereunder. The court may not require the secretary to post a bond.

(f) Any person, who violates section two or any rule thereunder, or any order of which he has notice, or who willfully violates section seven or any rule or order thereunder, may be fined not more than five thousand dollars or imprisoned for not more than three years or both. Each of the acts specified shall constitute a separate offense and a prosecution or conviction for any one of such offenses shall not bar prosecution or conviction for any other offense. No indictment or information may be returned under sections two and seven more than six years after the alleged violation.

(g) The secretary may refer such evidence as is available concerning violations of this chapter or of any rule or order hereunder

to the attorney general or the district attorney of the appropriate county who may, with or without any reference, institute the appropriate criminal proceedings under this chapter. If referred to a district attorney, he shall within ninety days file with the secretary a statement concerning any action taken or, if no action has been taken, the reasons therefor.

(h) Nothing in this chapter limits the power of the state to punish any person for any conduct which constitutes a crime under any other statute.

*Section 10.* The secretary may, pursuant to section four hundred and twelve of chapter one hundred and ten A prescribe reasonable rules and regulations:-

(a) Defining fraudulent, evasive, deceptive, manipulative or grossly unfair practices in connection with take-over bids, and the terms used in this section;

(b) Exempting from this section take-over bids not made for the purpose of, and not having the effect of, changing or influencing the control of a target company;

(c) Covering such other matters as are necessary to give effect to this section.

*Section 11.* If the offeror or a target company is an insurance company subject to regulation under chapter one hundred and seventy-five to chapter one hundred and seventy-five C, inclusive, the commissioner of insurance shall for all purposes of this section be substituted for the secretary. This section shall not be construed to limit or modify in any way any responsibility, authority, power, or jurisdiction of the secretary or the commissioner of insurance pursuant to any other provisions of law.

*Section 12.* This chapter does not apply when:-

(a) The offeror or the target company is a public utility or a public utility holding company as defined in section two of the "Public Utility Holding Company Act of 1935", 15 U.S.C. 79, as amended, and the take-over bid is subject to approval by the appropriate federal agency as provided in such act;

(b) The offeror or the target company is a bank or a bank holding company subject to the "Bank Holding Company Act of 1956", 12 U.S.C. 1841, as amended, and the take-over bid is subject to approval by the appropriate federal agency as provided in such act;

(c) The offeror or the target company is a savings and loan holding company as defined in section two of the "Savings and Loan Holding Company Amendments of 1967", 12 U.S.C. 1730A, as amended, and the take-over bid is subject to approval by the appropriate federal agency as provided in such act;

(d) The offeror and the target company are banks and the offer is part of a merger transaction subject to approval by appro-

priate federal supervisory authorities.

*Section 13.* The provisions of this chapter are severable and if any such provision or the application of such provision to any person or circumstances shall be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the validity or constitutionality of any of the remaining provisions of this chapter or the application of such provision to said person or circumstances.

**Chap. 126.** AN ACT RELATIVE TO THE COST-OF-LIVING ADJUSTMENT IN RETIREMENT ALLOWANCES, PENSIONS AND ANNUITIES OF RETIRED EMPLOYEES AND OTHER BENEFICIARIES.

*Whereas,* The deferred operation of this act would tend to defeat its purpose, which is, in part, to regulate forthwith cost-of-living adjustments in pensions, retirement allowances and annuities, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

*Be it enacted, etc., as follows:*

SECTION 1. Chapter 32 of the General Laws is hereby amended by striking out section 102, as most recently amended by section 25A of chapter 684 of the acts of 1975, and inserting in place thereof the following section:-

*Section 102.* (a) The life actuary in the division of insurance shall annually in the month of January determine the percentum of change in the average cost-of-living for the previous year as shown by the United States Consumer Price Index for such year, as compared with the average as shown by said index for the year nineteen hundred and seventy-three, or for the last previous year which was the basis for an increase or decrease as provided herein, or in any case where a retirement allowance, pension, or annuity became effective subsequent to the last previous year in which an increase or decrease as provided herein became effective, for the year in which such retirement allowance, pension, or annuity became effective and shall submit such determination to the general court by filing a report with the clerk of the house of representatives. In the event that such comparison indicates an increase in the cost-of-living of at least three per cent, the retirement allowance, pension, or annuity of every former employee of the commonwealth or of any county, city, town, district, housing or redevelopment authority, or of the Massachusetts Turnpike Authority, or of the spouse or other beneficiary of any such former employee who is receiving a retirement allowance, pension, or annuity shall, beginning July first of said year, be increased by such percentum as the general court shall determine. In the event that such comparison indicates a decrease in the cost-of-living of at least three per cent, the retirement allowance, pension, or annuity of every former employee of the commonwealth or of any

count, city, town, district, housing or redevelopment authority, or of the Massachusetts Turnpike Authority, or of the spouse or other beneficiary of any such former employee who is receiving a retirement allowance, pension, or annuity shall be decreased by such percentum; provided, that no decrease shall be made which would reduce any retirement allowance, pension, or annuity to an amount less than the amount fixed for such retirement allowance, pension, or annuity as of December thirty-first, nineteen hundred and seventy-three. The sum of the dollar amount of each cost-of-living increase or decrease together with the amount of retirement allowance, pension, or annuity to which the cost-of-living percentum factor is applied shall become the fixed retirement allowance, pension, or annuity for all future purposes including the application of subsequent cost-of-living adjustments in future years; provided, that whenever the amount of any pension, retirement allowance or annuity is increased under any general or special law other than through a cost-of-living adjustment pursuant to this section, the fixed retirement allowance, pension or annuity shall be determined by adding either the increase under any general or special law, or the cost-of-living adjustment, whichever is greater, but not both.

(b) Whenever the amount of any retirement allowance, pension, or annuity is revised in accordance with the provisions of this section, the monthly payment provided for in section thirteen shall be recomputed on the basis of such revised retirement allowance, pension, or annuity, and one twelfth of such new figure shall be due and payable each month. In any case where such revised retirement allowance, pension, or annuity cannot be administratively determined in time for adjusting the monthly payment for July pursuant to said section thirteen, such cost-of-living adjustment shall be added to or deducted from the monthly retirement allowance, pension or annuity in August or September, as the case may be.

(c) In any case where such former employee, spouse or other beneficiary is receiving an annual retirement allowance, pension or annuity which is six thousand dollars or more, exclusive of additional annuity obtained by special purchase under paragraph (g) of subdivision (1) of section twenty-two, or any similar law, the cost-of-living adjustment, shall be in an amount as determined by applying the percentum of change determined by the general court to the sum of six thousand dollars. Beginning annually in July, nineteen hundred and seventy-six, whenever the cost-of-living adjustment pursuant to paragraph (a) of this section indicates an increase or decrease in the cost-of-living of at least three per cent, the dollar amount of such increase or decrease as determined in the first sentence of this paragraph shall be added to or deducted from each retirement allowance, pension or annuity which is in excess of

six thousand dollars. The sum of the dollar amount of such cost-of-living adjustments, together with the amount of retirement allowance, pension, or annuity to which the cost-of-living percentum factor is applied and any amounts in excess of said six thousand dollars shall become the fixed retirement allowance, pension or annuity for all future purposes including the application of subsequent cost-of-living adjustments in future years; provided, however, that the limitations of this paragraph shall continue to apply.

(d) Whenever the amount of any retirement allowance, pension or annuity is revised in accordance with the provisions of paragraph (c), the monthly payment provided for in section thirteen shall be recomputed on the basis of such revised retirement allowance, pension or annuity and one twelfth of such new figure shall be due and payable each month. In any case where such revised retirement allowance, pension or annuity cannot be administratively determined in time for adjusting the monthly payment for July pursuant to said section thirteen, such cost-of-living adjustment shall be added to or deducted from the monthly retirement allowance, pension or annuity in August or September, as the case may be.

(e) Whenever the cost-of-living comparison pursuant to paragraph (a) indicates an increase or decrease in the cost-of-living of at least three per cent, the minimum allowance due and payable to a spouse under the provisions of option (d) of subdivision (2) of section twelve, or under the provisions of chapter five hundred and twenty-six of the acts of nineteen hundred and sixty-three, or to any spouse, child or children under the provisions of section twelve B shall be recomputed and adjusted by such percentum as the General Court shall determine. Such revised total shall become the fixed allowable payable under said section twelve B for all future purposes, including the application of subsequent cost-of-living adjustments in future years. The monthly payments pursuant to section thirteen shall be recomputed on the basis of such revised total, and one twelfth of such revised total shall be due and payable each month. In any case where such revised total cannot be administratively determined in time for adjusting the monthly payment for July pursuant to said section thirteen, such cost-of-living adjustment shall be added to or deducted from the monthly allowance in August or September, as the case may be.

(f) On January first, nineteen hundred and seventy-five, the cost-of-living percentage used as a basis for determining the nineteen hundred and seventy-four cost-of-living adjustments paid in March, July, September and December of nineteen hundred and seventy-four, pursuant to section one hundred and two of chapter thirty-two, shall be applied to and added to the retirement allowance, pension or annuity of every former employee of the

commonwealth or of any county, city, town, district, housing or redevelopment authority or of the Massachusetts Turnpike Authority, or of the spouse or other beneficiary of any such former employee who is receiving a retirement allowance, pension or annuity, and such revised total shall become the fixed retirement allowance, pension or annuity for all future purposes, including the application of subsequent cost-of-living adjustments in nineteen hundred and seventy-five, or any future years.

SECTION 2. Chapter 684 of the acts of 1975 is hereby amended by striking out section 25B and inserting in place thereof the following section:-

*Section 25B.* Notwithstanding the provisions of section two of chapter one hundred and eighteen A of the General Laws, no state supplementary payment shall be increased during fiscal year nineteen hundred and seventy-six because of an increase in the cost-of-living, unless a specific appropriation is made therefor.

SECTION 3. The provisions of section one hundred and two of chapter thirty-two of the General Laws, as amended by section one of this act, shall not reduce the amount of increase voted by any city, town, district, housing or redevelopment authority to a retired employee or to the spouse or beneficiary of a former employee under the provisions of said section one hundred and two in effect prior to the effective date of this act. Such increased amount shall be paid to such retiree, spouse or beneficiary until July first, nineteen hundred and seventy-seven and shall be the amount of retirement allowance, pension or annuity to which any cost-of-living adjustment voted for the fiscal year beginning July first, nineteen hundred and seventy-seven, as provided in said section one hundred and two as amended by section one of this act, shall be added.

The provisions of said section one hundred and two, as amended by said section one, shall apply to cost-of-living increases voted for such retired employee, spouse or beneficiary for fiscal years subsequent to the fiscal year nineteen hundred and seventy-six.

*Approved May 24, 1976.*

*Be it enacted, etc., as follows:*

SECTION 1. *Declaration of Emergency.* The general court finds and declares that a serious public emergency exists in the city of Peabody with respect to the housing of a substantial number of the citizens of said city, which emergency has been created by excessive, abnormally high and unwarranted rental increases imposed by some owners of mobile home parks located therein; that unless mobile home park rents and eviction of tenants are regulated and controlled, such emergency and the further inflationary pressures resulting therefrom will produce serious threats to the public health, safety and general welfare of the citizens of Peabody, particularly the elderly; that such emergency should be met by the commonwealth immediately and with due regard for the rights and responsibilities of the city of Peabody.

SECTION 2. *General Powers.* The city of Peabody may, by ordinance, regulate rents for the use or occupancy of mobile home park accommodations in the city, establish a rent board for the purpose of regulating rents, minimum standards for use or occupancy of mobile home park accommodations in the city and evictions of tenants therefrom and may, by ordinance, require registration by owners of mobile home park accommodations, under penalty of perjury, of information relating to the mobile home park accommodations. Such rents, standards and evictions may be regulated by the rent board so as to remove hardships or correct inequities for both the owner and tenants of such mobile home park accommodations. The rent board shall have all powers necessary or convenient to perform its functions. It may make rules and regulations, require registration by owners of mobile home park accommodations, under penalty of perjury, of information relating to the mobile home park accommodations, sue and be sued, compel the attendance of persons and the production of papers and information, and issue appropriate orders which shall be binding on both the owner and tenants of such mobile home park accommodations. SECTION 3. *Standards for Adjusting Rents.* (a) In regulating such rents, the rent board established under section two may make such individual or general adjustments, either upward or downward, as may be necessary to assure that rents for mobile home park accommodations in the city are established at levels which yield to owners a fair net operating income for such units. Fair net operating income shall be that income which will yield a return, after all reasonable operating expenses, on the fair market value of the property equal to the debt service rate generally available from institutional first mortgage lenders or such other rate of return as the board, on the basis of evidence presented

before it, deems more appropriate to the circumstances of the case. The fair market value of the property shall be the assessed valuation of the property or such other valuation as the board, on the basis of evidence presented before it, deems more appropriate to the circumstances of the case.

(b) The city in its ordinance or the rent board by regulation may establish further standards and rules consistent with the foregoing.

SECTION 4. *Incorporation of Administrative Procedure Act.* The provisions of chapter thirty A of the General Laws shall be applicable to the rent board, established under section two, as if said rent board were an agency of the commonwealth, including those provisions giving agencies the power to issue, vacate, modify and enforce subpoenas, as well as those provisions relating to judicial review of an agency order.

SECTION 5. *Conference of Jurisdiction.* (a) The district court of Peabody shall have original jurisdiction, concurrently with the superior court, of all petitions for review brought pursuant to section fourteen of chapter thirty A of the General Laws.

(b) The superior court shall have jurisdiction to enforce the provisions of this act, and any ordinance adopted thereunder, and may restrain violations thereof.

SECTION 6. *Defense to Summary Process for Possession.* The city of Peabody may by ordinance regulate the evictions of tenants, and the rent board, established under section two, may issue orders which shall be a defense to an action of summary process for possession and such orders shall be reviewable pursuant to sections three and four.

SECTION 9. This act shall take effect upon its acceptance by the city of Peabody.

*Be it enacted, etc., as follows:*

SECTION 1. Section 23 of chapter 31 of the General Laws is hereby suspended until final judgment has been entered in the case of *Helen B. Feeney v. Commonwealth* which was brought in the United States District Court.

The names of applicants who have qualified in a competitive civil service examination shall be entered on their appropriate registers or list of eligibles in the following order:

For positions in job Group XVII or higher in the salary and classification plan of the commonwealth or positions in the service of a city or town for which an equivalent salary has been established, in order of their rating, including points added under this section, and

**Chap. 233.** AN ACT PROVIDING FOR THE ALLOCATION OF COUNSEL FEES AND EXPENSES IN CIVIL CASES.

*Be it enacted, etc., as follows:*

SECTION 1. Chapter 231 of the General Laws is hereby amended by inserting after section 6D the following sections:-

*Section 6E.* As used in sections 6E to 6G inclusive, the following words shall have the following meanings:-

“Court”, the supreme judicial court, the appeals court, the superior court, the land court, any probate court and any housing court, and any judge or justice thereof;

“Civil action”, any civil proceeding in any court except those conducted pursuant to chapters one hundred and nineteen, one hundred and twenty-three, chapter one hundred and twenty-three A or chapter two hundred and ten;

“Party”, any officer or agency of the commonwealth or subdivision thereof, or any authority established by the general court to serve a public purpose.

*Section 6F.* Upon motion of any party in any civil action in which a finding, verdict, decision, award, order or judgment has been made by a judge or justice or by a jury, auditor, master or other finder of fact, the court may determine, after a hearing, as a separate and distinct finding, that all or substantially all of the claims, defenses, setoffs or counterclaims, whether of a factual, legal or mixed nature, made by any party who was represented by counsel during most or all of the proceeding, were wholly insubstantial, frivolous and not advanced in good faith. The court shall include in such finding the specific facts and reasons on which the finding is based.

If such a finding is made with respect to a party's claims, the court shall award to each party against whom such claims were asserted an amount representing the reasonable counsel fees and other costs and expenses incurred in defending against such claims. If the party against whom such claims were asserted was not represented by counsel, the court shall award to such party an amount representing his reasonable costs, expenses and effort in defending against such claims. If such a finding is made with respect to a party's defenses, setoffs or counterclaims, the court shall award to each party against whom such defenses, setoffs or counterclaims were asserted (1) interest on the unpaid portion of the monetary claim at issue in such defense, setoff or counterclaim at one hundred and fifty per cent of the rate set in section six C from the date when the claim was due to the claimant pursuant to the substantive rules of law pertaining thereto, which date shall be stated in the award, until the claim is paid in full; and (2) an amount representing the reasonable counsel fees, costs and expenses of the claimant in prosecuting his claims or in defending against those setoffs or counterclaims found to have been wholly insubstantial, frivolous and not advanced in good faith.

Apart from any award made pursuant to the preceding paragraph, if the court finds that all or substantially all of the defenses, setoffs or counterclaims to any portion of a monetary claim made by any party who was represented by counsel during most or all of the proceeding were wholly insubstantial, frivolous and not advanced in good faith, the court shall award interest to the claimant on that portion of the claim according to the provisions of the preceding paragraph.

In any award made pursuant to either of the preceding paragraphs, the court shall specify in reasonable detail the method by which the amount of the award was computed and the calculation thereof.

No finding shall be made that any claim, defense, setoff or counterclaim was wholly insubstantial, frivolous and not advanced in good faith solely because a novel or unusual argument or principle of law was advanced in support thereof. No such finding shall be made in any action in which judgment was entered by default without an appearance having been entered by the defendant. The

authority granted to a court by this section shall be in addition to, and not in limitation of, that already established by law.

If any parties to a civil action shall settle the dispute which was the subject thereof and shall file in the appropriate court documents setting forth such settlement, the court shall not make any finding or award pursuant to this section with respect to such parties, if an award had previously been made pursuant to this section, such award shall be vacated unless the parties shall agree otherwise.

*Section 6G.* Any party aggrieved by a decision on a motion pursuant to section six F may appeal as hereinafter provided. If the matter arises in the superior, land, housing or probate court, the appeal shall be to the single justice of the appeals court at the next sitting thereof. If the matter arises in the appeals court or before a single justice of the supreme judicial court, the appeal shall be to the full bench of the supreme judicial court. The court hearing the appeal shall review the finding and award, if any, appealed from as if it were initially deciding the matter, and may withdraw or amend any finding or reduce or rescind any award when in its judgment the facts so warrant.

Any party may file a notice of appeal with the clerk or register of the court hearing the motion within ten days after receiving notice of the decision thereon. The clerk or register shall then forward the motion, the court's findings and award, and any other documents relevant to the appeal to the clerk of the court hearing the appeal who, upon receipt thereof, shall schedule a speedy hearing thereon and send notice thereof to the parties. Any appeal to the supreme judicial court or the appeals court, or to a justice of either court, shall proceed according to the Massachusetts Rules of Appellate Procedure. Any other appeal filed pursuant to this section shall be heard upon statements of counsel and memoranda submitted by the parties without the taking of further testimony, unless the court hearing the appeal shall find that the taking of further testimony would aid the disposition of the appeal. The payment of any award made pursuant to section six F shall be stayed until the completion of all appeals relating to the civil action in which the award was made.

SECTION 2. The provisions of chapter six hundred and thirty-two of the acts of nineteen hundred and seventy-five shall not apply to persons appointed between January first, nineteen hundred and seventy-six and January first, nineteen hundred and seventy-seven.

SECTION 3. The provisions of sections six E to six G, inclusive, of chapter two hundred and thirty-one of the General Laws, inserted by section one of this act, shall take effect on July first, nineteen hundred and seventy-seven. *Approved July 8, 1976.*

*Be it enacted, etc., as follows:*

SECTION 1. Chapter 6 of the General Laws is hereby amended by inserting after section 182 the following section, under the caption MOTOR VEHICLE INSURANCE MERIT RATING BOARD:-

*Section 183.* There shall be within the registry of motor vehicles a motor vehicle insurance merit rating board, hereinafter called the board. The board shall consist of the registrar of motor vehicles, who shall serve as chairman, the commissioner of insurance and the attorney general or his designee. The board shall appoint a director, who shall not be subject to the provisions of chapter thirty-one. The board shall formulate and administer a plan for the compiling, gathering and disseminating of information, operator records and histories, and such other data as it deems necessary or appropriate pertaining to motor vehicle accidents, claims under motor vehicle policies and motor vehicle violations in order to facilitate the implementation and continued operation of merit rating with respect to motor vehicle insurance as provided in section one hundred and thirteen P of chapter one hundred and seventy-five.

Such plan shall include a system for the gathering and maintaining of the aforementioned information, operator records and histories, and other data and for the prompt and efficient dissemination of such to insurance companies making inquiry with respect to the motor vehicle accident, motor vehicle insurance claim and motor vehicle violation record of any owner or operator insured by or applying for insurance from any such insurer. Such records and data disseminated by such plan shall be used exclusively for the purposes of merit rating under the provisions of section one hundred and thirteen P of chapter one hundred and seventy-five. Whoever disseminates or uses records or data disseminated under such plan contrary to the provisions of this section shall be punished by a fine of not more than one thousand dollars for each offense or by imprisonment for not more than one year, or both.

The board shall have access to criminal offender record information for the purpose of developing the plan. The criminal history systems board shall certify the board and each insurance company doing motor vehicle insurance business within the commonwealth for access to criminal offender record information pertaining to violations of chapter ninety by its insureds; provided, however, that the board and each such company shall comply with the regulations of the criminal history systems board and be subject to the provisions of sections one hundred and seventy-two to one hundred and seventy-eight, inclusive.

The board may expend for expenses and for legal, investigative, clerical and other assistance such sums as may be appropriated therefor; provided, however, that all costs of administration and operation of said board shall be borne by insurance companies doing motor vehicle insurance business within the commonwealth. The commissioner of insurance shall apportion such costs among all such companies and shall assess them for the same on a fair and reasonable basis.

**SECTION 5.** Chapter 90 of the General Laws is hereby amended by inserting after section 24F the following section:-

Any person convicted of violation of any provision of this section shall forfeit any license issued which is related to such violation and shall be punished by a fine of not less than one thousand dollars or by imprisonment for not less than two years, or both.

SECTION 7. Said chapter 90 is hereby further amended by striking out section 34 0, as most recently amended by section 1 of

chapter 1 of the acts of 1976, and inserting in place thereof the following section:-

**Section 34 0.** Every person having in force a motor vehicle liability policy or motor vehicle liability bond, as defined in section thirty-four A, shall also maintain in force either property damage liability insurance or a bond providing equivalent coverage. Every insurer issuing or executing a motor vehicle liability policy or bond shall also provide property damage liability coverage for the policyholder or obligor. Property damage liability insurance is insurance containing provisions as prescribed in this section, among such other provisions, including conditions, exclusions, and limitations, as the commissioner of insurance may approve.

Every policy of property damage liability insurance shall provide that the insurer will pay on behalf of the insured all sums the insured shall become legally obligated to pay as damages because of injury to or destruction of property, including loss of use thereof, caused by accident and arising out of the ownership maintenance or use, including loading and unloading of the insured motor vehicle, subject to a limit of not less than five thousand dollars because of injury to or destruction of property of others in any one accident. Under terms and conditions approved by the commissioner the insurer shall have the right and duty to defend any suit against the insured seeking damages on account of such injury to or destruction of property even if any of the allegations of the suit are groundless, false or fraudulent.

Every insurer issuing or executing a motor liability policy or bond shall also provide at the option of the policyholder or obligor the following coverages:-

(1) *Collision Coverage.* The insurer shall pay either to the insured or to a repair shop if the insured so indicates in writing to his insurance company for direct and accidental loss of or damage to the insured motor vehicle, subject to a deductible of two hundred dollars, up to a limit equal to the actual cash value of the vehicle less such deductible, caused by collision of the insured motor vehicle with another object or with a vehicle to which it is attached, or by upset of the insured motor vehicle. Benefits under this coverage are payable without regard to negligence, comparative negligence, gross negligence, or fault of any kind. The insurer may require as a condition of continuing such coverage in effect that a vehicle for which total damage has been paid pass a motor vehicle safety inspection test.

Insurers shall also make available additional coverage whereby an insured who has selected collision coverage shall be entitled to full payment, without regard to comparative negligence or any deductible if any of the cases described in clauses (a) to (d), inclusive, of limited collision coverage occur; provided that the negligence attributable to such an insured is fifty per cent or less.

(2)*Limited Collision Coverage.* The insurer shall pay either to the insured or to a repair shop if the insured so indicates in writing to his insurance company for direct and accidental loss of or damage to the insured motor vehicle in cases described in clauses (a) through (d) below, subject to a deductible of two hundred dollars, up to a limit equal to the actual cash value of the vehicle less such deductible without regard to comparative negligence attributable to the operator of the vehicle which is not in excess of fifty per cent:-

(a) Cases in which the insured is entitled to recover in tort for such loss or damage against another identified person; the insured, in such a case, shall take all steps necessary to preserve the insurer's right of subrogation;

(b) Cases in which the loss or damage is incurred by the insured motor vehicle while the vehicle is lawfully parked and the loss or damage is the result of impact with another vehicle owned by another identified person;

(c) Cases in which the insured motor vehicle is struck in the rear by another vehicle owned by another identified person moving in the same direction;

(d) Cases in which the operator of the vehicle causing loss or damage to the insured motor vehicle as a result of his operation at the time the loss or damage was incurred, is convicted of either operating under the influence of alcohol or a narcotic drug as defined in section one hundred and ninety-seven of chapter ninety-four, or of driving the wrong way on a one-way street or of operating at an excessive rate of speed as defined in section seventeen of chapter ninety, or of any similar violation of the law of any other state in which the loss or damage is sustained. No coverage is created under this clause, however, if the operator of the insured vehicle is himself convicted of any such violations as a result of his operation at the time said loss or damage was incurred.

The insured shall be entitled to payment in any of the cases described in clauses (b), (c) and (d) whether or not the facts disclose that he is or would have been entitled to recover in tort for such loss or damage against another.

The insurer may require as a condition of continuing such coverage in effect that a vehicle for which total damage has been paid shall pass a motor vehicle safety inspection test.

Insurers shall also make available to collision coverage policyholders additional coverage whereby the deductible of two hundred dollars under said collision coverage is reduced to an amount not less than one hundred dollars, except that an insurer may refuse to issue such additional coverage on the basis of accident frequency, claims paid, or conviction of moving violations of motor vehicle laws; provided, that no insurer may refuse to issue such optional additional coverage because of age, sex, race, occupation or principal place of garaging of the vehicle.

Insurers shall also make available additional coverage whereby an insured who has selected limited collision coverage shall be entitled to full payment without regard to comparative negligence or any deductible if any of the cases described in clauses (a) to (d), inclusive, of said limited collision coverage occur, provided the negligence attributable to such an insured is fifty per cent or less.

Insurers shall also make available to all collision and limited collision policyholders at their option other deductible amounts in excess of two hundred dollars as are approved or required by the commissioner.

Subject to such stated limits and conditions, exclusions, and limitations as may be approved by the commissioner, the insurer shall offer additional coverage, optional to the insured, for resulting loss of use of the insured vehicle.

No insurer shall make any payments to the insured under collision coverage or limited collision coverage policies unless it has received a claim form from the insured stating that the repair work described in an appraisal made pursuant to section one hundred and thirteen M of chapter one hundred and seventy-five has been completed. In any case where the insurer fails to make payment within seven days of receipt of the above claim form, the insured may commence a civil action for payments claimed to be due. If the court determines that the insurer was unreasonable in refusing to pay such insured's claim, the claimant shall be entitled to recover double the amount of damage plus costs and reasonable attorney's fees fixed by the court. If no such claim form is received by the insurer, the insurer shall only pay to the insured the decrease in actual value of the insured vehicle less any deductible. If the insured elects not to repair the vehicle, or if the insurer does not receive a claim form from the insured stating that the repair work has been completed, the insurer shall decrease the actual cash value of the insured vehicle by the amount of damage sustained.

No insurer shall refuse to pay a claim under property damage liability insurance solely on the basis that its insured failed to comply with the provision of the policy relating to notice of accident by the insured; provided, that the claimant forwards to the insurer written notice of the accident within thirty days thereof containing information sufficient to identify the insured, the claimant, an itemized statement of the amount of the claim and also reasonably obtainable information with respect to the time, place and circumstances of the accident, the names and addresses of all operators and owners involved and of any available witnesses, and the location where the damage may be inspected by the insurer. Nothing contained herein shall prohibit an insurer so making a payment hereunder from pursuing against its insured whatever remedies or indemnification arise out of its insured's failure to comply with such policy provisions.

---

A person making claim against an insured on account of property damage or under clause (a) of limited collision coverage may submit to the insurer a written demand to such insurer for payment of the property damage or limited collision claim containing the information required in the notice of the accident. The insurer shall, within fifteen working days after receipt of such written demand respond in writing setting forth its decision as to whether it accepts the claim, accepts a part of the claim, rejects the claim, or, if applicable, the amount at which it is willing to compromise the claim and the reasons therefor. If such insurer's decision is unacceptable to the claimant, and in the event the claimant prevails in a legal action wherein he recovers substantially the full amount of the claim, and if the court, after such recovery is determined, determines that the insurer failed to respond or that the insurer's position as set forth in such response was unreasonable in light of the facts adduced at the trial, the amount of the claim in relation to any offer made in response by such insurer or in relation to the amount of the damages determined at the trial, questions of liability and fact and any other pertinent matters, then the court may order that a penalty be included in the amount of the judgment not to exceed an amount equal to the determined damages plus costs and reasonable attorney's fees as determined by the court.

The claimant shall have the right to bring an action for a property damage liability claim or a limited collision claim in accordance with the provisions of section twenty-one of chapter two hundred and eighteen.

extension of any existing policy or bond.

SECTION 12. Section 113B of said chapter 175 is hereby amended by striking out the third paragraph, as amended by section 2 of chapter 1 of the acts of 1976.

SECTION 13. Said section 113B of said chapter 175 is hereby further amended by adding the following paragraph:-

The provisions of this section shall not apply to classifications of risks and premium charges for policies and bonds issued to become effective January first, nineteen hundred and seventy-seven and thereafter, except under circumstances described in section five of chapter one hundred and seventy-five E.

SECTION 14. The second paragraph of section 113C of said chapter 175, as most recently amended by section 3 of chapter 707 of the acts of 1975, is hereby further amended by striking out the last sentence.

SECTION 15. The first paragraph of section 113H of said chapter 175 is hereby amended by striking out the third sentence, as appearing in section 5 of chapter 551 of the acts of 1973, and inserting in place thereof the following two sentences:- Such a plan shall be prepared and administered by a governing committee appointed by the commissioner consisting of six members from insurance companies participating in the plan and one additional representative from a domestic insurer in the commonwealth whose annual motor vehicle policy premiums amount to five million dollars or less and unaffiliated with any other insurance company and six members from the associations of insurance producers. In the event that a company represented on the committee decreases its book of automobile business in the commonwealth by more than ten per cent from the previous calendar year, as determined by the commissioner, the member representing such company shall cease to be a member of the committee and a new company and a member thereof shall be appointed as prescribed herein.

SECTION 16. Said section 113H of said chapter 175 is hereby further amended by striking out the fourth paragraph and inserting in place thereof the following paragraph:-

When such plan or amendment has been approved or promulgated, no insurer may thereafter issue a motor vehicle policy or bond unless such insurer shall participate in such an approved or promulgated plan. All insurers issuing policies which are reinsured through such plan shall use the manual of classifications, rules and rates, and rating plans filed by or on behalf of the plan under the provisions of chapter one hundred and seventy-five A. The statistical data previously and hereafter recorded under this section for risks reinsured in the plan shall be given due consideration in developing the rates for such risks reinsured in the plan. The rates filed by or on behalf of the plan for risks with no accidents based

on fault which exceeds fifty per cent or convictions of moving violations of motor vehicle laws in the most recent three year period shall approximate as closely as the commissioner approves as practicable the rate levels used by insurers for such risks not reinsured in the plan. The plan shall also provide for the payment of a commission to independent insurance agents licensed by the insurer which shall be stated in the filing of rates as a percentage equal to the average percentage commission paid for risks not reinsured through the plan during the immediately preceding calendar year to agents by companies which do business through independent insurance agents pursuant to the so-called American Agency System. The plan shall also provide for a schedule of commissions to designated producers under the plan based upon the degree of market need of the applicants in the locality served by such designated producers which schedule shall be uniform as respects participating companies.

The rules of such plan shall require that there be no increase in the percentage of policyholders reinsured by any insurer in the plan by territory over the percentage of policyholders reinsured in such territories in the plan as of January first, nineteen hundred and seventy-six. The commissioner may relieve any insurer of a part or all of its obligations under the plan, if he finds that continuation of such obligations would threaten the solvency of such insurer.

SECTION 17. Section 113M of said chapter 175, as most recently amended by chapter 712 of the acts of 1973, is hereby further amended by striking out the first two paragraphs and inserting in place thereof the following three paragraphs:-

No person shall act as an appraiser of damages to motor vehicles under physical damage coverage policies, and no person shall appraise such damage or furnish estimates or make such appraisals on behalf of any person including, but not limited to, an insurance company or any person engaged in the business of repairing such damage, unless licensed by the commissioner of insurance. A person wishing to secure such license shall make application therefor on a form approved by the commissioner. The commissioner shall grant such a license to any applicant he finds trustworthy and competent. Each license shall be valid for a period of one year and may be renewed annually. The fee for such license shall be ten dollars for the original and each renewal thereof.

The commissioner may suspend or revoke any such license if the licensee has made any misrepresentation in his application, is convicted of any criminal act in connection with his work or if, after investigation and hearing, the commissioner finds that the licensee has engaged in practices that cause claimants under physical damage coverage policies to receive or be offered settlements for damage that are shown to be either unfair or unreasonable, or

both, or practices that are shown to be designed to offset the effect of any deductible purchased by a physical damage coverage policyholder.

The commissioner shall, after notice and hearing, in the manner provided in chapter thirty A, adopt rules and regulations governing licensees under this section in order to promote the public welfare and safety and nothing in this section shall be construed to limit the general power of the commissioner hereunder.

SECTION 18. Said chapter 175 is hereby further amended by striking out section 113 0, as most recently amended by section 3 of chapter 1 of the acts of 1976, and inserting in place thereof the following two sections:-

*Section 113 0.* All policies providing fire and theft coverage or comprehensive coverage, so called, shall pay for loss or damage to the insured vehicle under the terms of the policy up to a limit equal to the actual cash value of the vehicle less a deductible of two hundred dollars. Insurers shall also make available additional coverage whereby the deductible of two hundred dollars is reduced to an amount not less than one hundred dollars, except that an insurer may refuse to issue such optional additional coverage on the basis of claims paid; provided, that no insurer may refuse to issue such optional additional coverage because of age, sex, race, occupation or principal place of garaging of the vehicle. Notwithstanding the foregoing, any deductible pertaining to the comprehensive coverage, so called, shall not be applicable to damage to glass of any motor vehicle so covered. Insurers shall also make available additional coverage to provide that, in determining actual cash value, no deduction for depreciation shall be allowed to reduce the value of the vehicle to less than an agreed value for that particular vehicle, provided the insurer is permitted to inspect the vehicle at the time of application for such additional coverage. No payment shall be made by the insurer for loss or damage to the insured vehicle on a claim for theft coverage, so called, until the insured signs and submits to the appropriate police authority a statement under the penalties of perjury on a form containing such information relating to the theft of the insured vehicle as is prescribed by the commissioner.

No insurer shall make any payments to the insured under a policy providing fire and theft coverage or comprehensive coverage, so called, unless it has received a claim form from the insured stating that the repair work described in an appraisal made pursuant to section one hundred and thirteen M of chapter one hundred and seventy-five has been completed. In any case where the insurer fails to make payment within seven days of receipt of the above claim form, the insured may commence a civil action for payments claimed to be due. If the court determines that the insurer was unreasonable in refusing to pay said insured's claim,

the claimant shall be entitled to recover double the amount of damage plus costs and reasonable attorneys' fees fixed by the court. If such claim form is not received by the insurer, the insurer shall pay to the insured only the decrease in actual value of the insured vehicle less any deductible. If the insured elects not to repair the vehicle, or if the insurer does not receive a claim form from the insured stating that the repair work has been completed, the insurer shall decrease the actual cash value of the insured vehicle by the amount of damage sustained.

*Section 113P.* The commissioner shall after notice and a hearing in the manner provided in chapter thirty A, establish the provisions of a merit rating plan for use by all insurers to vary rates and premiums for private passenger motor vehicles; provided that an insurer may file and use a merit rating plan in accordance with chapter one hundred and seventy-five E which meets the standards of this section and is in conformance with any minimum standards as may be promulgated by the commissioner. Surcharges shall be imposed on account of negligence determined to be more than fifty per cent of the cause of a motor vehicle accident, and on account of convictions of moving violations of motor vehicle laws. A surcharge of fifty dollars shall be imposed for the first surchargeable accident in a three-year period and the following specified surcharges for the first conviction in a three-year period for each of the following violations:-

(a) Two hundred dollars - operating a motor vehicle while under the influence of intoxicating liquor, marijuana or narcotic drugs, or depressant or stimulant substances or under the influence of the vapors of glue, carbon tetrachloride, acetone, ethylene, dichloride, toluene, chloroform, xylene or any combination thereof. Said surcharge shall apply to any person charged with operating a motor vehicle while under the influence of intoxicating liquor and who is assigned to a driver alcohol education program as described in section twenty-four D of chapter ninety.

(b) One hundred dollars - operating a motor vehicle recklessly, or operating negligently so that the lives or safety of the public might be endangered.

(c) Twenty-five dollars - speeding and other moving traffic violations, but excluding operating without possession of a license or registration and such other exclusions as provided by the commissioner.

Surcharges for such additional accidents and convictions of moving traffic violations of motor vehicle laws shall be established in the merit rating plan. Surcharges for surchargeable accidents and convictions of moving violations shall be assessed against the policy of the driver so chargeable or convicted or any other driver who is included among those authorized to drive or customarily drives any vehicle covered by such policy. No such plan shall use

any records or factors which occurred more than three years prior to the policy year for which it varies rates or premiums. Where there is more than one surcharge that would be applied resulting from a single incident, then only that surcharge that represents the largest dollar amount shall be assessed.

Credits shall be established for risks with no accidents or convictions of moving violations of motor vehicle laws which balance the surcharges to be collected. Insurers are required to assure that all surcharges collected are credited to insureds entitled to credits pursuant to a formula promulgated by the commissioner. Such formula shall require that said credits shall include investment income earned by insurers on the surcharge collected. Each insurer shall assure that each insured surcharged or receiving credits receives information in a form prepared by the commissioner concerning the merit rating and credit procedure. Within thirty days after the insurer receives sufficient information to impose a surcharge, said insurer shall notify the policyholder of such surcharge.

Absent a clear showing to the contrary, accidents under the following circumstances will be presumed not to be accidents based on fault which is in excess of fifty per cent, and therefore will not be subject to surcharge:

(a) accidents in which the insured's vehicle is struck while lawfully parked;

(b) accidents in which the insured's vehicle is struck in the rear by another vehicle moving in the same direction;

(c) accidents in which the insured's vehicle is struck by flying gravel, missiles or falling objects;

(d) accidents in which the insured's vehicle is struck by another vehicle which unlawfully leaves the scene of the accident if the insured reports such accident in writing to the police within forty-eight hours.

Failure of an insurer to charge the insured for a surcharge known to be due under a merit rating plan shall subject the insurer to the same penalties prescribed in section twelve of chapter one hundred and seventy-five E for a violation of said chapter.

After any collision, limited collision or property damage liability claim has been filed, the insurer shall determine whether the insured should be surcharged in accordance with rules for determining fault in excess of fifty per cent to be promulgated by the board of appeals on motor vehicle policies and bonds, hereinafter called the board.

Any insured aggrieved by any determination of an insurer as to the application of a surcharge may file a written complaint to the board, within thirty days after receiving notification of said surcharge, on a form approved by the commissioner and supplied by the insurer at the time of the notification of the surcharge. The

board may deny such appeal without a hearing on the basis of the standards of fault to be promulgated by the board. In the notice of its decision to deny the complaint by the insured, the board shall notify the insured that he has a right to a hearing on the application of the surcharge.

The board shall provide the insurer and insured with at least ten days notice of any hearing held under this section. If after a hearing, the board finds that the application of the surcharge was in accordance with the standards promulgated by the board and the provision of this section, it shall order the surcharge applied to the insured's next premium due. If the board finds that the insurer's application of said surcharge was not in accordance with said standards and provisions, it shall order the insurer to vacate said surcharge and delete it from any premium charged. The board may designate a person to act as a hearing officer pursuant to this section. The hearing officer shall file a memorandum of his findings or orders in the office of the commissioner, and shall send a copy to the insurer and the insured.

Any person or company aggrieved by any finding or order of the board, may, within ten days after the filing of the memorandum thereof in the office of the commissioner, appeal therefrom to the superior court, in any county in case of an appeal by any complainant, and in the county in which the complainant resides in case of an appeal by the company. The appellant shall file with his appeal a duly certified copy of the complaint and of the finding and order thereon, and, if the appeal is taken from a finding and order of the board in respect to a cancellation, the clerk of the court shall forthwith upon the filing of such an appeal give written notice of the filing thereof to the registrar of motor vehicles and to the appellee. The court shall, after such notice to the parties as it deems reasonable, give a summary hearing on such appeal and shall have jurisdiction in equity to review all questions of fact and law, and to affirm or reverse such finding or order and may make any appropriate decree. The court or justice may allow such appeal, finding or order to be amended. The decision of the court or justice shall be final. The clerk shall, within two days after the entry thereof, send an attested copy of the decree to each of the parties and the commissioner and to said registrar, or his office. The court or justice may make such order as to costs as it or he deems equitable. The superior court may make reasonable rules to secure prompt hearings on such appeals and a speedy disposition thereof.

The attested copy of a complaint, a finding and order of the board or a decree of the superior court, or a justice thereof, may be sent to the complainant, to the company and to said registrar by registered mail, postage prepaid, and any notice required by this section may be sent by mail, postage prepaid, addressed, in the

case of the complainant, to his address specified in the appeal and, in the case of the company, to its last home office address appearing on the records of the commissioner, or, in the case of a company of a foreign country, to its resident manager in the United States, at the last address appearing on said records, or to such other person as may previously have been designated by the company by a written notice filed in the office of the commissioner.

The municipal court of the city of Boston, and the justices thereof, shall have original jurisdiction, concurrently with the superior court, and the justices thereof, of all proceedings under this section relating to appeals from decisions of the board of appeals on motor vehicle liability policies and bonds, and for such purpose the municipal court of the city of Boston shall have the same power and authority as the superior court; provided, however, that in case of any appeal by the insurance company from the finding or order of the board to the municipal court of the city of Boston, said appeal may, if the complainant does not reside in Suffolk county, upon motion of the complainant, be transferred to and heard by the superior court in the county in which the complainant resides.

SECTION 19. The General Laws are hereby amended by striking out chapter 175E and inserting in place thereof the following chapter:-

#### CHAPTER 175E. REGULATION OF RATES FOR MOTOR VEHICLE INSURANCE.

*Section 1.* The following words, as used in this chapter, unless the text otherwise requires or a different meaning is specifically required, shall mean:-

“Commissioner”, the commissioner of insurance.

“Company”, “insurance company” or “insurer”, all corporations, associations, partnerships or individuals engaged as principals in the business of insurance.

*Section 2.* This chapter shall apply to coverage, whether compulsory or not, which is or may be afforded under motor vehicle liability policies or bonds, both as defined in section thirty-four A of chapter ninety.

*Section 3.* Such provisions of chapter one hundred and seventy-five A as are not inconsistent with this chapter shall apply to rate regulation pursuant to this chapter.

*Section 4.* The following standards shall apply to the making and use of rates pertaining to all insurance to which the provisions of this chapter are applicable:-

(a) Rates shall not be excessive or inadequate, as herein defined, nor shall they be unfairly discriminatory.

No rate shall be held to be excessive unless such rate is unreasonably high for the insurance provided. Evidence that a reasonable degree of competition exists in the area with respect to the classification to which such rate is applicable shall be considered as material, but not conclusive evidence, that such rate is not excessive.

No rate shall be held to be inadequate unless (1) such rate is unreasonably low for the insurance provided and (2) the continued use of such rate endangers the solvency of the insurer using the same, or unless (3) such rate is unreasonably low for the insurance provided and the use of such rate by the insurer using same has, or if continued will have, the effect of destroying competition or creating a monopoly.

(b) Consideration shall be given, to the extent applicable, to past and prospective loss experience within and outside the commonwealth, to catastrophe hazards, to a reasonable rate of return on capital after provision for investment income, to past and prospective expenses both country-wide and those specially applicable to the commonwealth, and to all other factors, including judgment factors, deemed relevant within and outside the commonwealth.

Consideration may also be given in the making and use of rates to dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

(c) The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the operating methods of any such insurer or group with respect to any kind of insurance, or with respect to any subdivision or combination thereof.

(d) Risks may be grouped by classification for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any difference among risks that have a probable effect upon losses or expenses. Such classifications and modifications shall apply to all risks under the same or substantially the same circumstances or conditions.

For motor vehicle insurance rates, the commissioner shall establish a classification of risks which shall include a designation of not less than fifteen territories.

For motor vehicle insurance rates, appropriate reductions in premium charges shall be applied to vehicles that are less damageable than others due to safety features incorporated into such

vehicles and to those vehicles equipped with an anti-theft mechanism or device approved by the commissioner.

(e) On and after January first, nineteen hundred and seventy-seven, no insurer shall use rates developed on the basis of external loss and expense factors without making such modification of such rates as the credibility of its own loss and expense experience allows. Any insurer writing one per cent or more of the premiums for motor vehicle insurance in the commonwealth during the preceding calendar year shall file with the commissioner or his designated representative under the provisions of section seven its own loss and expense experience to demonstrate the extent, if any, to which such insurer must so modify rates developed on the basis of external loss and expense factors.

*Section 5.* If the commissioner determines, after a hearing, at which representatives of consumers and other interested parties may participate, and on the basis of findings of fact and conclusions, that, with respect to any territory or to any kind, subdivision or class of insurance, competition is either (i) insufficient to assure that rates will not be excessive, or (ii) so conducted as to be destructive of competition or detrimental to the solvency of insurers, he shall, within ninety days or as soon thereafter as possible and without regard to calendar dates specified in section one hundred and thirteen B of chapter one hundred and seventy-five, fix and establish the rates for such insurance or territory pursuant to the provisions of section one hundred and thirteen B of chapter one hundred and seventy-five. Such procedure shall have a specified duration of not more than one year but may be renewed by the commissioner upon appropriate findings of fact, conclusions and order. Within thirty days after the close of the hearing the commissioner shall make this determination in a report which shall be made public.

*Section 6.* (a) 1. No insurer or rating organization shall monopolize or attempt to monopolize, or combine or conspire with any other person or persons to monopolize, in any territory, the business of insurance or any kind, subdivision or class thereof.

2. No insurer or rating organization shall agree with any other insurer or rating organization to charge or adhere to any rate, although insurers and rating organizations may continue to exchange statistical information and provided further a rating organization may establish advisory manuals of classifications, rules and rates, rating plans or modifications of any of the foregoing in any manner not prohibited by the commissioner.

3. No insurer or rating organization shall make any agreement with any other insurer, rating organization or other person to restrain trade.

4. No insurer or rating organization shall make any agreement with any other insurer, rating organization or other person the

effect of which may be substantially to lessen competition in any territory or in any kind, subdivision or class of insurance.

5. No insurer may acquire or retain any capital stock or assets of, or have any common management with, any other insurer or insurers, if the effect of such acquisition, retention or common management may be substantially to lessen competition in any territory or in any kind, subdivision or class of insurance.

6. No insurer or rating organization shall make any agreement with any other insurer or rating organization to refuse to deal with any person in connection with the sale of insurance.

7. No rating organization or member or subscriber thereof shall interfere with the right of any insurer to make its rates independently of such rating organization or to charge rates different from the rates made by such rating organization.

8. No member of or subscriber to a rating organization shall refuse to do business with, or prohibit or prevent the payment of commission to any licensed agent or broker on the ground that such agent or broker does business with an insurer which makes its rates, or any portion thereof, independently of such rating organizations.

9. Nothing contained in this chapter shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization, or as preventing any insurer, while a member of or subscriber to a rating organization, from making its own rates for any kind, subdivision or class of insurance, for which it does not elect to authorize the rating organization to act on its behalf.

10. Any insurer which is a member of or subscriber to a rating organization may make its own rates for any kind, subdivision or class of insurance. No rating organization shall have authority to act on behalf of any insurer which is a member of or subscriber to such rating organization except as authorized in writing by such members or subscriber, which authority may be supplemented, modified or revoked, in whole or in part, at any time by such member or subscriber at its option.

11. No rating organization shall have or adopt any rule or execute any agreement, or formulate or engage in any program, the effect of which would be to require any member, subscriber or other insurer to utilize some or all of its services, or to adhere to its rates, rating plans, rating systems, underwriting rules, or policy forms, or to prevent any insurer from acting independently.

(b) 1. Any rate made in violation of subdivision (a) of this section shall be disapproved by the commissioner pursuant to the procedures prescribed in section eight, and each violator shall be subject to the penalties provided in section twelve.

2. The commissioner, through the attorney general, and any person injured in his business or property by reason of anything

forbidden in subdivision (a) may maintain an action to enjoin any violation of such subdivision.

3. Any person injured in his business or property by reason of anything forbidden in subdivision (a) may maintain an action and shall recover threefold the damages by him sustained.

(c) The provisions of subdivision (a) shall not be construed to prohibit two or more insurers who by virtue of their business associations in the United States represent themselves to be or are customarily known as an "insurance company group", or similar insurance trade designation, from having the right to exchange statistical information.

(d) The fact that two or more admitted insurers, whether or not members or subscribers of a rating or advisory organization, use, either consistently or intermittently, the manuals of classifications, rules and rates, rating plans, modifications of any of the foregoing or recommendations of such organizations, shall not be sufficient in itself to support a finding that an agreement to adhere exists, and may be used only for the purpose of supplementing or explaining direct evidence of the existence of any such agreement.

*Section 7.* Every insurer or rating organization authorized to file on behalf of such insurer shall file with the commissioner or his designated representative every manual of its classifications, rules and rates, rating plans and modifications of any of the foregoing not less than forty-five days before the effective date thereof. Every such filing shall state the effective date thereof, and such filing shall indicate the character and extent of the coverage contemplated. The commissioner may require such insurer or rating organization to furnish the information upon which it supports such filing.

The commissioner may specify the form to be used for any filing or submission pursuant to this chapter.

The commissioner may in his discretion, and shall on the motion of the attorney general, initiate a hearing on any such filing prior to its effective date after at least ten days' notice.

When a filing involving a rate adjustment depends upon a change in the relationship between the proposed rates and the anticipated production expense portion thereof from the relationship anticipated under any rates previously filed and currently in effect for the company or rating organization involved, the insurer or rating organization making such a filing shall simultaneously give written notice of such filing to every licensed agent of every insurer on whose behalf such filing is made. The commissioner shall call a hearing on any such filing prior to its effective date after at least ten days notice upon timely written request by any agent or broker of the company or companies to which such filing is applicable or any association representing insurance agents or

brokers, if such request is in good faith and states reasonable grounds.

The commissioner shall disapprove any filing under this section to the extent that he determines that it does not comply with this chapter. The commissioner may suspend the operation of any such filing for not more than forty-five days after its effective date in order to complete the hearing and make a decision thereon.

If the commissioner suspends the operation of any such filing, he shall, by the close of the period of suspension, either approve the filing or issue an order disapproving the filing and specifying in what respects he finds that such filing fails to meet the requirements of this chapter.

Notwithstanding the provision of the foregoing paragraph, any insurer may put any filing which has been so suspended but not disapproved by the commissioner into effect on the effective date stated therein upon furnishing the commissioner with a written agreement secured by a sufficient bond satisfactory to the commissioner to adjust the premiums of all its policies affected by the filing from their respective effective dates so as to comply with the final determination of the commissioner. Any such adjustment of premiums shall include interest at the rate of eight per cent per annum.

*Section 8.* The commissioner may as often as he deems it expedient and in such manner as he deems it expedient examine any insurer or rating organization to ascertain whether its rating and underwriting practices are in accordance with law. Filed reports on examinations shall be available for public inspection.

If the commissioner determines after a hearing that any classification, rule or rates, rating plan or modification of any of the foregoing used by an insurer does not comply with this chapter or is violative of public policy he shall order that such classification or rule or rate or rating plan or any modification thereof be disapproved, and with respect to any such rate, such order may include a provision for premium adjustment.

Pending a hearing, the commissioner may order the suspension, prospectively, of a rate used by an insurer and reimpose the last previous rate in effect, in which event he shall, unless the requirement is waived by the insurer, hold a hearing within fifteen days after such order. Within fifteen days after the close of the hearing the commissioner shall make his determination as to whether the rate should be disapproved.

At any such hearing, the insurer shall have the burden of justifying the rate in question. All such determinations of the commissioner shall be on the basis of findings of fact and conclusions of law. If the commissioner disapproves a rate, the disapproval shall take effect not less than fifteen days after his order and the previous rate in effect for the insurer shall be thereupon reimposed

for a period of six months unless, prior thereto, the commissioner shall approve a different rate.

*Section 9.* No insurer or rating organization shall file in bad faith rates which it knows or should know are grossly inadequate for the insurance coverage provided, and which are filed and used for the purpose of unfairly competing for motor vehicle insurance risks.

At any hearing conducted under this section, the burden shall be on the filer to justify that such filing is not in violation of this section. If, after such hearing, the commissioner finds that the filer has failed to so justify such filing, he may order that all policies written under such bad-faith filing be rewritten at rates meeting the requirements of this chapter from the date of inception of such policies, or that all such policies be cancelled on a pro rata basis.

*Section 10.* The commissioner may make and, at any time, alter or amend, reasonable rules and regulations to facilitate the operation of this chapter, to enforce the application of this chapter, to govern the form and content of filings made pursuant to this chapter, and to expedite the conduct of hearings and investigations under this chapter.

*Section 11.* The commissioner may once in each calendar year establish rules by which the companies shall produce an information guide which outlines in language prescribed or approved by the commissioner the various choices of coverages available to insureds and an approximation of differences in cost among various types of coverage and among competing carriers. Each company shall bear full responsibility for assuring that a copy of such information guide is forwarded to every person insured or solicited for insurance by that company or its agents.

*Section 12.* Any insurer, rating organization or person that violates any provision of this chapter shall be punished by a fine of not more than ten thousand dollars for each offense or by imprisonment for not more than one year, or by both; or shall be subject to a civil penalty not to exceed one thousand dollars for each such offense which may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction. The issuance, procurement or negotiation of a single policy of insurance shall be deemed a separate offense.

*Section 13.* The supreme judicial court for the county of Suffolk shall have jurisdiction in equity upon the petition of the commissioner and upon a summary hearing to enforce all lawful orders of the commissioner. Any person aggrieved by any action of the commissioner under this chapter may, within twenty days of the action in question, file a petition for review in the supreme judicial court for the county of Suffolk.

SECTION 20. Section 21 of chapter 218 of the General Laws is hereby amended by striking out the first sentence, as appearing in

section 1 of chapter 106 of the acts of 1970, and inserting in place thereof the following sentence:- The chief justice of the district courts shall make uniform rules applicable to all the district courts except the municipal court of the city of Boston, and the chief justice of the municipal court of the city of Boston shall make rules for said court providing for a simple, informal and inexpensive procedure, hereinafter called the procedure, for the determination, according to the rules of substantive law, of claims in the nature of contract or tort, other than slander and libel, in which the plaintiff does not claim as debt or damages more than four hundred dollars, except that said dollar limitation shall not apply in an action for property damage caused by a motor vehicle and for a review of judgments upon such claims when justice so requires.

SECTION 21. Said section 21 of said chapter 218 is hereby further amended by striking out the sentence inserted by chapter 452 of the acts of 1972, and inserting in place thereof the following three sentences:- An action may be commenced under this section if the initial amount of damages claimed is four hundred dollars or less or is an action for property damage caused by a motor vehicle regardless of the amount of the claim, notwithstanding that the court may award double or triple damages in accordance with the provisions of any general or special law. For the purpose of hearing such property damage claims the procedure established shall provide for all such claims to be heard on one evening every other week and on one Saturday on the alternate week, unless otherwise agreed to by all parties to the action. The court may award damages and penalties in such actions in accordance with the provisions of section thirty-four 0 of chapter ninety.

SECTION 22. The first paragraph of section 23 of said chapter 218 is hereby amended by inserting after the second sentence, as appearing in section 2 of chapter 748 of the acts of 1973, the following sentence:- In any action for property damage caused by a motor vehicle where the action is removed to the district court by the insurer and the unpaid party recovers a judgment for any amount due and payable by the insurer, the court shall assess against the insurer in addition thereto costs and reasonable attorney's fees.

SECTION 23. Sections one to four, inclusive, shall take effect upon passage of this act; sections twelve to sixteen, inclusive, and section nineteen shall take effect on passage of this act and shall apply only to all motor vehicle insurance policies issued to become effective January first, nineteen hundred and seventy-seven or thereafter; and sections five to eleven, inclusive, and sections seventeen, twenty, twenty-one and twenty-two shall take effect upon January first, nineteen hundred and seventy-seven. Section one hundred and thirteen 0 of chapter one hundred and seventy-five, of the General Laws, as amended by section eighteen of this

act as so amended, shall take effect on passage of this act but shall apply only to accidents or incidents which result in conviction of motor vehicle moving violations which occur on or after November first, nineteen hundred and seventy-six.

**Chap. 267.** AN ACT ESTABLISHING IN THE TOWN OF MANCHESTER A DEPARTMENT OF PUBLIC WORKS EXERCISING THE POWERS OF CERTAIN OTHER DEPARTMENTS AND TOWN OFFICIALS.

*Be it enacted, etc., as follows:*

SECTION 1. There is hereby established in the town of Manchester a board of public works, hereinafter called the board, to consist of five members. The initial members thereof shall be elected at the first annual meeting after the effective date of this act, one to serve for one year, two for two years, and two for three years from the date of the annual meeting at which they are elected. Thereafter when the term of any member expires, his successor shall be elected to serve for three years. In all cases the members shall serve until their successors are elected and qualified. The members of the board shall, after each election, one of its members to act as chairman for the ensuing year. No person shall serve on the board who holds another elective office in the town or who is a town employee.

SECTION 2. Upon the election and qualification of the initial members of the board, it shall have all the powers and duties now and from time to time vested by the general laws or town by-law or special act in the following boards, departments and offices, or in boards, departments and offices having corresponding powers and duties in the town of Manchester to wit: park commissioners, cemetery commissioners, tree warden, highway superintendent, and such boards, offices and departments shall be abolished. No contracts or liabilities then in force shall be affected by such abolition, but the board of public works shall in all respects be the lawful successor of the boards, departments and offices so abolished.

The board shall have such added powers with respect to public works as the town may from time to time by by-law provide, any other provisions of the law to the contrary notwithstanding.

SECTION 3. The board shall appoint a director of public works, who shall exercise and perform, under its supervision and direction, such of the powers, rights and duties transferred to it under section two as it may from time to time designate. He shall be responsible for the efficient exercise and performance of such powers, rights and duties and shall hold office subject to the will of the board. His removal must be preceded by a written notice, given to him, which notice must specify the reasons for which he is to be removed, such notice to be given at least fourteen days prior to his removal. The board may suspend him from the exercise of any of the powers, rights and duties of his office during the pendency of such notice period. At his request, he shall be entitled to a public hearing on the charges brought against him.

His compensation shall be fixed in accordance with the personnel by-laws. He shall be especially fitted by education, training

and experience to perform the duties of said office, and may or may not be a resident of the town during his tenure of office.

During his tenure he shall hold no elective office nor shall he be engaged in any other business or occupation. He shall give to the town a bond with a surety company authorized to transact business in the commonwealth as surety, for the faithful performance of his duties in such sum and upon such conditions as the board may require, and shall, subject to the approval of the board and the appropriation of funds by the town meeting, appoint such assistants, agents and employees as the exercise and performance of his powers, rights and duties may require. He shall keep full and complete records of the doings of his office and shall render to the board, as often as it may require, a full report of all operations under his control during the period reported upon; and annually, and from time to time as required by the board, he shall make a synopsis of such reports for publication. He shall keep the board fully advised as to the needs of the town within the scope of his duties and shall annually furnish to the board, no less than one hundred and twenty days prior to the annual town meeting of the town, a carefully prepared and detailed estimate in writing of the appropriations required during the next succeeding fiscal year for the proper exercise and performance of all said powers, rights and duties.

SECTION 4. The office of town engineer is hereby abolished as of the election and qualification of the initial members of the board. The director of public works shall be responsible for furnishing to the town the engineering services heretofore furnished by the town engineer. Nothing herein shall prevent the town from later providing by by-law for an additional employee to furnish such engineering services under the supervision of the director.

SECTION 5. The board may appoint a temporary acting director to serve during any vacancy of the office of director for a period of up to six months.

SECTION 6. Upon the election and qualification of the initial members of the board, all of the persons who immediately prior to such election held the offices of park commissioner, cemetery commissioner, and tree warden, except any who were elected to the board, shall become members of an advisory committee to the board of public works. Each of them shall serve for a term of three years. Upon the expiration of the term of a member, or the occurrence of a vacancy for any other reason, the board may appoint a person to fill the remaining term or to commence a new three-year term. The committee's function shall be to give such advice to the board as it may from time to time request.

SECTION 7. No person employed full-time on the effective date of this act in the park, cemetery or highway departments, shall be dismissed because of the passage thereof. Nor shall any employee

suffer reduction in their rank or compensation, or impairment of their retirement rights, or their vacation, holiday, or sick leave rights, or their civil service seniority and other rights in the position held on the effective date of this act.

SECTION 8. The town may after the expiration of three years from the effective date of this act vote at an annual meeting to revoke its acceptance of the act. The question of such revocation shall be submitted to the voters in the form of the following question: "Shall the acceptance by the town of Manchester of an act passed by the general court in the year nineteen hundred and seventy-six, entitled 'An Act establishing in the town of Manchester a department of public works exercising the powers of certain other departments and town officials', be revoked?" If a majority of the votes cast in answer to said question is in the affirmative, then at the next annual town election held at least sixty days after said vote to rescind, the town shall elect such officers as are necessary to exercise and perform the powers, rights and duties transferred to the board of public works by said act. Such action shall not affect any contract or liability then created or existing. All general laws respecting town administration and town officers, and any special laws, relative to said town, the operation of which has been suspended or superseded by the acceptance of this act, shall then be in full force and effect. Any by-law inconsistent with such special or general laws shall be revoked thereby. Any subsequent vote to rescind the acceptance of said sections shall not be taken more often than once in three years.

SECTION 9. The budget for the initial fiscal year shall be prepared by the selectmen, in consultation with the park commission, cemetery commission, and tree warden, and the selectmen shall submit the budget for approval at the town meeting.

The determined rate per hour of said wages to be paid to each person employed by the bidder in cities and towns outside of the Massachusetts Bay Transportation Authority shall not be less

The determined rate per hour of said wages to be paid to each person employed by the bidder in cities and towns within said authority shall not be less than the mean average of those wages established by collective agreements or understandings, relative to the transportation of pupils, between organized labor and employers in the commonwealth for operators of motor buses used solely for the transportation of pupils; provided, that in cities or towns where such rates have been so established, the wages determined shall not be less than the wages paid for that type of employment by such bidders.

The MBTA shall, during its occupancy of any part of parcel 1A, be fully responsible for protection and maintenance of the property. The rents and proceeds credited to the JFK Fund pursuant to this section shall be used, subject to appropriation, for the purpose of enabling the MDC to lay out and construct the John Fitzgerald Kennedy Park. Insofar as practicable, the portion of the park to be located to the southeast of the temporary park division line shown on the Plan shall be constructed contemporaneously with construction by Harvard on said parcel 2A. The MDC shall maintain and operate said park, and for such purposes the MDC is authorized to receive and expend gifts, bequests, devises, or other contributions, public or private. Any gifts, bequests, devises, or contributions received by the MDC pursuant to this section shall be credited to the Metropolitan Parks Trust Fund.

SECTION 5. Upon reconveyance by the United States of America to the commonwealth of the ten-acre parcel of land referred to in section four of this act, the commonwealth, acting by and through the secretary of administration and finance, hereinafter called the secretary, is authorized and directed to sell and convey to Harvard, for purposes of Harvard's John Fitzgerald Kennedy School of Government and related academic uses, by deed approved as to form by the attorney general, all right, title, and interest of the commonwealth in and to parcel 2A as shown on said plan and bounded and described as follows:

Containing 31, 811 square feet, more or less, or 0.730 acres, more or less, in consideration of payment by Harvard to the commonwealth of sixteen dollars per square foot, being the fair market value of said parcel.

SECTION 6. Upon reconveyance by the United States of America to the commonwealth of the ten-acre parcel of land referred to in section four of this act, the commonwealth, acting by and through the secretary is hereby authorized to sell and convey parcel 1B shown on said plan in the manner hereinafter provided; said parcel 1B being bounded and described as follows:

*NORTHEASTERLY*, by Bennett Street a distance of three hundred fifty-seven and 87/100 (357.87) feet;

Containing 183,354 square feet, more or less, or 4.21 acres, more or less.

The MBTA, however, shall have the right to occupy and use said parcel, including the right to use all existing tracks, equipment, and facilities thereon and any additions or alterations thereto to operate interim mass transportation services, and to operate and to charge fees for on-grade public parking, for such period as the MBTA may require, but in no event longer than two and one-half years following the passage of this act. The MBTA shall make payments for each month or part thereof of such occupancy to the secretary at the rate of seventeen thousand one hundred and twenty-five dollars per month; and such occupancy shall further be subject to such other terms as the MBTA and the secretary may agree. Should the commonwealth, acting by and through the secretary, prior to two and one-half years following the passage of this act, transfer said parcel for reuse in the manner hereinafter authorized, the MBTA shall retain, and the deed conveying the property shall so provide, an option to lease said parcel for the remainder of the two and one-half year period at a monthly rental equal to the greater of the monthly rental provided above or an amount equal to one-twelfth of seven per cent per annum of the consideration paid for such conveyance, and upon the same terms previously agreed to by the MBTA and the secretary.

The MBTA shall, during any occupancy of said parcel, be fully responsible for protection and maintenance of the property. The MBTA shall vacate said parcel and deliver to the title holder of said parcel full possession thereof two and one-half years following the passage of this act, and shall exercise its best efforts to do so as soon as practicable. The MBTA shall not relocate its equipment or facilities from the property to any other location in the city of Cambridge without having consulted with and requested a recommendation from the city council of said city. The MBTA shall, prior to vacating said parcel, demolish and remove the so-called Bennett Street Garage located on said parcel; and the MBTA shall retain the right at its option to remove and salvage any tracks or other equipment; provided, however, that the authority shall not be responsible for demolition of any other existing facilities or for any other preparation of said parcel for reuse.

There shall be established for purposes of this act a Cambridge MBTA Yards Project Review Board, hereinafter called the board. The board shall be comprised of five members, one of whom shall be the state representative of the legislative district in which the development is to be located who shall be the chairman, one of whom shall be the city manager of the city of Cambridge, and three of whom shall be appointed by the governor. Any person or entity proposing to develop commercial, residential, or combined commercial and residential facilities within said parcel 1B shall submit to the commissioner of administration and to the board for review a reuse plan describing in reasonable detail the type of development to be undertaken, the time within which such devel-

opment is to be completed, and proposed means of financing the development, and including a site plan showing at a minimum the location and outlines of proposed buildings, the density of proposed uses, proposed streets, drives, parking areas, walks, landscaping improvements, and open areas within the site, and the relationship of the site to the surrounding neighborhood. No reuse plan shall be approved by the commissioner of administration unless after public hearing on such plan he, after consulting the board, approves of the plan and the financing thereof and further finds that such plan is consistent with the sound needs of the surrounding neighborhood as contemplated by the land use and development policy plans and studies for the Harvard Square area prepared for the city of Cambridge.

Within thirty days after final submission of any reuse plan, the commissioner of administration shall approve or disapprove said plan. Upon approval by the commissioner of administration of a reuse plan, he is authorized and directed to convey, by deed approved as to form by the attorney general, all right, title, and interest of the commonwealth in and to said parcel 1B, to an appropriate public or private entity for development by it or others for commercial, residential, or combined commercial and residential uses in accordance with such approved plan. Such sale must be in return for consideration which equals the fair market value of said parcel at the time of the sale of said parcel, as determined by the average of two independent appraisals by qualified, disinterested appraisers appointed by the commissioner of administration promptly following passage of this act, whose fees may be paid out of the proceeds of such sale or disposition.

The entire proceeds to the commonwealth from the sale or other disposition of parcel 1B in accordance with this section shall be credited to the JFK Fund. Said proceeds shall be used, subject to appropriation, as follows: the first two million dollars shall be donated by the commonwealth, acting by and through the commissioner of administration, to the United States of America, acting by and through the Administrator of General Services, to finance improvements on the site for the library and approaches thereto; and the balance shall be applied by the MDC for the acquisition, laying out, and construction of the John Fitzgerald Kennedy Park, up to an amount which the MDC, after consulting with the board, determines to be required for such purposes, and then for other parks in urban areas of the commonwealth as determined by the secretary of environmental affairs.

**Chap. 302.** AN ACT FURTHER AMENDING THE STATE SCHOOL BUILDING ASSISTANCE PROGRAM.

*Whereas,* The deferred operation of this act would tend to defeat its purpose, which is to assure that eligible school building projects in the cities, towns, counties and regional school districts of the commonwealth shall continue to receive state financial assistance, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

*Be it enacted, etc., as follows:*

SECTION 1. Section 7 of chapter 645 of the acts of 1948 is hereby amended by striking out the sentence inserted by section 1 of chapter 1010 of the acts of 1971 and inserting in place thereof the following sentence:-

Such cost shall include fifty per cent of the interest paid or payable by such city, town or county and the entire interest paid or payable by such regional school district on any bonds or notes issued to finance such project; provided, that in the case of school projects ordered or approved by a court as necessary for desegregation or such projects as may be required in the judgment of the board of education to reduce or eliminate racial imbalance, such costs shall include one hundred per cent of interest paid or payable by such city.

SECTION 2. The first paragraph of section 8 of said chapter 645, as most recently amended by section 2 of chapter 471 of the acts of 1961, is hereby further amended by striking out the first sentence and inserting in place thereof the following two sentences:- Forthwith upon receipt of an application under the provisions of section seven, the board of education shall examine such application and any facts, estimates or other information relative thereto, and shall determine whether the proposed construction is in the best interests of the commonwealth and the city, town, regional school district or county, with respect to its site, type of

construction, sufficiency of accommodations, and otherwise. In determining whether the proposed construction is in the best interests of the commonwealth, the said board shall consider the availability of funds under section eight A, the order of priorities under section eight B and the construction procedures and standards under section eight C.

SECTION 3. Said section 8 of said chapter 645, as appearing in chapter 528 of the acts of 1950, is hereby amended by striking out the second and third paragraphs and inserting in place thereof the following two paragraphs:-

Within a reasonable time after receipt of such application the board of education shall notify such city, town, district or county of its approval or rejection thereof, and, in the event of its rejection, of the reasons therefor. Notice of approval hereunder shall be accompanied by a statement of the estimated approved cost as determined by the board of education, and an estimate of the amount of school construction grant to which such city, town, district or county may be entitled under the provisions of the following section.

The final approved cost shall be determined by the board of education within a reasonable time after the acceptance of the completed project by the local school committee. Notwithstanding any other provision of this chapter to the contrary, seventy-five per cent of any income received as the result of the investment of the proceeds of bonds or notes which have been issued on account of any school project approved under this chapter shall be deducted from the final approved cost of the project.

SECTION 4. Said chapter 645 is hereby further amended by inserting after section 8 the following three sections:-

*Section 8A.* In approving any school projects as defined in section five, the board of education shall determine (a) the amount of the first annual estimated payments to be made to the cities, towns, regional school districts and counties as a result of the approval of such projects and (b) the fiscal year in which it is anticipated that the first payment of the school construction grant for each such project would be paid. The aggregate amount of such first annual estimated payments to be made in any fiscal year, when combined with the amounts estimated to be required in such fiscal year for items (2) and (3) as specified in the second paragraph of this section, shall not exceed such amount as may be duly authorized as a part of an annual general or supplemental appropriation act or otherwise; provided that school projects ordered or approved by a court as necessary for desegregation or such projects as may be required in the judgment of the board of education to reduce or eliminate racial imbalance may be approved only in the event that there is a special authorization sufficient to provide for the first annual estimated payments therefor.

In each fiscal year, commencing with the fiscal year beginning

July first, nineteen hundred and seventy-seven, there shall be appropriated on account of the provisions of this chapter three separate items in accordance with the following clauses, provided that any portion of the said appropriations which is not required to be used in such fiscal year shall be carried over to each succeeding year for the aforesaid purposes: (1) an amount to provide for the first annual payments on any school projects approved on or after July first, nineteen hundred and seventy-five, (2) an amount required for annual payments to be made in the fiscal year on account of school projects approved by the state board of education prior to July first, nineteen hundred and seventy-five and all other projects approved after said date on which the first annual payment has been made, and (3) an amount required for payments in the fiscal year on account of grants and reimbursements (a) for educational, engineering and architectural services for regional school districts as set forth in section six, (b) for surveys made of school building needs and conditions as set forth in section six A and (c) for matching stabilization fund payments as set forth in section nine.

*Section 8B.* The board of education shall approve school projects and reimbursements under this chapter in accordance with the following order of priorities: (1) priority shall be given to school projects needed in the judgement of said board to replace or renovate a building which is structurally unsound or otherwise in a condition seriously jeopardizing the safety of school children, where no alternative exists; (2) priority shall be given to school projects needed in the judgment of said board to prevent severe overcrowding expected to result from increasing enrollments or to eliminate existing severe overcrowding; (3) priority shall be given to school projects needed in the judgment of said board to prevent loss of accreditation; and (4) priority shall be given to school projects needed in the judgment of said board to replace or add to obsolete buildings in order to provide for a full range of programs consistent with state and approved local requirements. Beginning on July first, nineteen hundred and seventy-six, and every three months thereafter, said board shall publish a list of all project applications received showing the priority assigned to each such project. In the case of school projects ordered or approved by a court as necessary for desegregation or such projects as may be required in the judgment of the board to reduce or eliminate racial imbalance, the board of education shall establish and publish a second priority list separate and distinct from the list of all other school projects. Notwithstanding the provisions of section eight, the board may defer its approval or disapproval of any project application for more than ninety days from receipt of the project application if such deferral is necessary for the effective implementation of the provisions of this section. The board may issue regulations to define the procedures pursuant to which the priorities established by this section will be implemented.

*Section 8C.* In order to maximize the cost effective production of efficient and creative school projects the board of education shall require that every school project conform to the following standards and procedures: (1), that the applicant fully consider all available options for satisfying the described need, including tuition agreements with adjacent school districts, rental or acquisition and any necessary rehabilitation or usage modification of any existing building which could be made available for school use; (2), that the applicant's site selection is based on the cost and environmental factors including an awareness of soil conditions and their probable effect on foundation and site development costs, transportation effects, dislocation of site occupants and relationship to other community facilities; (3), that the applicant enter into contracts, using forms satisfactory to the board of education, for such competent architectural, engineering and other services as may be required; (4), that procedures satisfactory to the state board of education are followed by the applicant throughout the planning and construction of the project such as will assure maximum attention to the cost effects of program and design decisions, materials and systems selections.

The board of education shall issue annually, as hereinafter provided, minimum program standards and minimum cost standards for all proposed school projects. These standards may take into account the type and location of a proposed school project. The program standards shall define minimum space requirements for each specified program activity eligible for state financial assistance. The minimum program standards shall, in the judgment of the board of education, be at least in conformity with the minimum requirements of state law and shall also reflect consideration of cost effects, prevailing educational standards in the commonwealth and the needs of efficient and creative school projects. The cost standards shall be based on the price experience of recently completed and recently bid school projects, taking into account the cost effectiveness of design, construction and programming techniques utilized in such school projects. For the purpose of calculating the state construction grant under section nine, the estimated approved cost and the final approved cost for a school project shall not exceed the cost that would result if the project conformed to minimum program standards and minimum unit costs. The provisions of this section shall not be deemed to preclude a city, town, regional school district or county from including in an approved school project such facilities or design as it determines, in addition to those required to conform to minimum program standards and minimum unit costs, provided, however, that the cost of such additional facilities and design shall not be included in the estimated cost and final approved cost on the basis of which the state construction grant is calculated.

After compliance with section three of chapter thirty A of the

General Laws, the board of education shall not later than the first day of March in each year adopt interim regulations, including minimum program standards and minimum cost standards, for the implementation of this section. Forthwith upon the adoption of such regulations, the said board shall file a copy thereof with the clerks of the senate and house of representatives who, with the approval of the president of the senate and the speaker of the house of representatives, shall refer such regulations to an appropriate committee of the general court. Within thirty days after such filing, the said committee may hold a public hearing on the regulations, shall issue a report, and file a copy thereof with the board of education. Said board shall adopt final regulations making such revisions in the interim regulations as it deems appropriate in view of such report and shall forthwith file a copy of the regulations with the chairperson of the committee of the general court to which the interim regulations were referred and not earlier than thirty days after the date of such filing, the board of education shall file the final regulations with the state secretary and the said regulations shall thereupon take effect.

SECTION 5. Clause (a) of the first paragraph of section 9 of said chapter 645, as appearing in section 18 of chapter 492 of the acts of 1974, is hereby amended by striking out, in lines 8 and 9, the words "total construction grant for such project shall not be less than fifty per cent or more than sixty-five per cent of such approved cost" and inserting in place thereof the words:- portion of said total construction grant which is for interest, as provided in section seven, shall not be less than forty per cent or more than sixty-five per cent of that part of such approved cost which consists of said interest, and that the remainder of said total construction grant shall not be less than fifty per cent or more than sixty-five per cent of the remainder of such approved cost excluding said interest.

SECTION 6. The first sentence of the second paragraph of section 9 of said chapter 645, as appearing in section 1 of chapter 377 of the acts of 1961, is hereby amended by striking out in lines 8 to 10, inclusive, the words "calendar year in which the first payment of principal on account of such indebtedness shall become due and payable" and inserting in place thereof the words:- fiscal year next following the fiscal year in which the construction of such project has been commenced.

SECTION 7. Section 10 of said chapter 645, as amended by chapter 280 of the acts of 1971, is hereby further amended by striking out, in line 3, the word "seventy-six" and inserting in place thereof the word:- eighty-one.

SECTION 8. The provisions of sections eight B of said chapter six hundred and forty-five of the acts of nineteen hundred and forty-eight, inserted by section four of this act, shall not apply to school projects approved after the effective date of this act if the

applications for approval thereof were presented to the board of education between November twenty-fifth, nineteen hundred and seventy-five and February twenty-eighth, nineteen hundred and seventy-six.

SECTION 9. The provision of section eight C of said chapter six hundred and forty-five of the acts of nineteen hundred and forty-eight, inserted by section four of this act, shall not apply to school projects approved by the board of education prior to the effective date of any regulations adopted under said section eight C.

SECTION 10. Any city, town, regional school district or county which, prior to the effective date of this act, has voted funds to meet the estimated costs of a school project which is approved by the board of education after the effective date of this act shall be entitled to the same grant to which it would have been entitled under the provisions of chapter six hundred and forty-five of the acts of nineteen hundred and forty-eight in effect immediately prior to June thirtieth, nineteen hundred and seventy-six.

SECTION 11. The provisions of this act are hereby declared to be severable and if any such provisions or the application of such provision to any person or circumstances shall be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not be construed to affect the validity or constitutionality of any of the remaining provisions of this act or the application of such provisions to persons or circumstances other than those as to which it is held invalid.

SECTION 12. During the period from the effective date of this act until June thirtieth, nineteen hundred and seventy-seven, the board of education is hereby authorized, in addition to the authorization established by chapter two hundred and eighty-three of the acts of nineteen hundred and seventy-six, to approve school projects ordered or approved by a court as necessary for desegregation or such projects as may be required in the judgment of the board of education to reduce or eliminate racial imbalance if the aggregate of the first annual payments on account of all such approved projects does not exceed three million two hundred thousand dollars.

SECTION 13. Any city, town, regional school district or county which is eligible for aid under the provisions of chapter six hundred and forty-five of the acts of nineteen hundred and forty-eight and establishes a community education program and wishes to enlarge or construct a school for the purpose of maintaining or expanding such a program shall be eligible for financial assistance in the construction or enlargement of such school in the manner and to the extent provided by this act.

**Chap. 353.** AN ACT ABOLISHING THE CITY DEVELOPMENT AUTHORITY OF THE CITY OF LOWELL.

*Be it enacted, etc., as follows:*

SECTION 1. Chapter six hundred and ten of the acts of nineteen hundred and sixty-seven is hereby repealed and the City Development Authority established thereunder is hereby abolished.

SECTION 2. The city of Lowell, hereinafter called the city, shall assume all rights, obligations, contracts, assets, liabilities, including outstanding litigation and responsibilities of the City Development Authority, hereinafter called the Authority. All

bonded indebtedness of the Authority shall become the responsibility of the city and, where necessary, the consent of the secretary of communities and development and any of its subdivisions shall be required to transfer any outstanding bonds.

All petitions, hearings, actions at law or in equity, or other proceedings pending immediately prior to the effective date of this act before any court of law or any administrative tribunal shall continue unabated as if no reorganization has been affected and shall be the responsibility of the city.

All orders, rules, and regulations duly promulgated by the Authority prior to the effective date of this act relating to the execution of urban renewal projects shall remain in full force and effect until superseded, revised, or rescinded in accordance with the law.

All contracts and obligations of the Authority in connection with the execution of urban renewal projects duly in effect immediately prior to the effective date of this act shall continue in full force and effect and shall be contracts and obligations of the city.

All rights, title and interest in any real property held in the name of the Authority shall be transferred to the city.

SECTION 3. It is hereby declared that substandard, decadent or blighted open areas exist in the city and that each of such areas constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of the city; that the existence of each of such areas contributes substantially to the spread of disease and crime, necessitating excessive and disproportionate expenditure of public funds for the preservation of the public health and safety, for crime prevention, correction, prosecution, punishment, and the treatment of juvenile delinquency and for the maintenance of adequate police, fire and accident protection and other public services and facilities, constitutes an economic and social liability, substantially impairs or arrests the sound growth of the city, and retards the provision of housing accommodations; that each of such areas decreases the value of private investments and threatens the sources of public revenue and the financial stability of the city; that because of the economic and social interdependence of the city with neighboring communities the redevelopment of land not only in substandard areas but also in decadent and blighted open areas in accordance with a comprehensive plan to promote the sound growth of the city is necessary in order to achieve permanent and comprehensive elimination of existing slums and substandard conditions and to prevent the recurrence of such slums or conditions or their development in other parts of the city; and that the redevelopment of blighted open areas promotes the clearance of substandard and decadent areas and prevents their creation and occurrence; that the menace of such substandard,

decadent or blighted open areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids herein provided; that the acquisition of property for the purpose of eliminating substandard, decadent or blighted open conditions thereon and preventing recurrence of such conditions in the area, the removal of structures and improvement of sites, and disposition of the property for redevelopment incidental to the foregoing, the exercise of powers by the city and any assistance which may be given by the commonwealth or any other public body in connection therewith, are public uses and purposes for which public money may be expended and the power of eminent domain exercised; that a public exigency exists which makes the acquisition, planning, clearance, rehabilitation or rebuilding of such substandard, decadent or blighted open areas for residential and appurtenant or incidental facilities a public use and benefit for which private property may be acquired by eminent domain or regulated by wholesome and reasonable orders, laws and directions; and the necessity in the public interest for the provisions hereinafter enacted is hereby declared as a matter of legislative determination.

It is hereby further declared that in many areas throughout the city there is a shortage of decent, safe and sanitary dwellings properly planned and related to facilities for governmental, social, business, commercial, cultural and recreational purposes; that this condition is most extreme in areas where substandard, decadent or blighted open areas exist; that the aforesaid conditions cannot be corrected by the ordinary operations of private enterprise without the aids herein provided; that the provisions of this act will stimulate the investment of private capital in projects for the assembly and clearance of land in substandard decadent or blighted open areas, and in the construction, maintenance and operation of such land of needed decent, safe and sanitary dwellings properly planned and related to adequate and convenient appurtenant and incidental facilities; that the construction, maintenance and operations of such facilities on such land in such areas will assist in achieving permanent and comprehensive elimination of existing slums and substandard conditions and in preventing the recurrence of such conditions not only by reason of the clearance and redevelopment of such land but also by reason of its future utilization for decent, safe and sanitary housing.

SECTION 4. The city shall have the same functions, rights, powers, privileges and immunities and be subject to the same duties and obligations as is provided by law in the case of a redevelopment authority and the members thereof in carrying out land assembly and redevelopment projects, community development projects and urban renewal projects and all the provisions of law applicable to redevelopment authorities in cities and

towns, except as specifically provided by this act, with respect to land assembly and redevelopment projects, community development projects and urban renewal projects shall be applicable to the city; and the power to initiate and carry out land assembly and redevelopment projects, community development projects and urban renewal projects in the city shall thereafter be vested solely in the city. Further, the city shall have the following powers which are specifically granted to redevelopment authorities.

*a.* To conduct investigations and disseminate information relative to housing and living conditions, economic matters and on any other subject which is deemed by it to be material in connection with its powers and duties.

*b.* To determine what areas within its jurisdiction constitute substandard, decadent or blighted open areas and to prepare plans for clearance thereof; to provide housing projects for families of low income; to provide projects or parts of projects for the elderly persons of low income; to engage in land assembly and redevelopment projects and urban renewal projects; to take by eminent domain under chapter seventy-nine or chapter eighty A of the General Laws, or to purchase or lease, or to acquire by gift, bequest or grant, and hold, any property real or personal, or any interest therein, found by it to be necessary or reasonably required to carry out the purposes of the housing authority law, or any of its sections, and to sell, exchange, transfer or assign the same; provided, that in case of taking by eminent domain under said chapter seventy-nine, the provisions of section forty of said chapter seventy-nine shall be applicable, except that the security therein required shall be deposited with the city manager of the city; to clear and improve any property so acquired; to engage in or contract for the construction, reconstruction, alteration, remodeling or repair of any clearance or rehabilitation project or parts thereof; to act as agent of, or to cooperate with the federal government in any clearance, land assembly and redevelopment, community development, or urban renewal project, to undertake and provide relocation projects in order to house for a limited period families who are displaced by a land assembly and redevelopment, community development or urban renewal project or other public improvement involving the demolition of dwelling units whenever such a land assembly and redevelopment, community development or urban renewal project or other public improvement is determined upon and the city finds that there exists in the city an acute shortage of housing and there are no adequate means available for immediate relocation of persons and families displaced from the project area.

All of the provisions of chapters one hundred and twenty-one A and one hundred and twenty-one B of the General Laws which pertain to redevelopment authorities in cities and towns which

are not inconsistent with this act shall apply to the city, but in the event that there is a conflict between any provision of this act and said chapters one hundred and twenty-one A and one hundred and twenty-one B, insofar as applicable to redevelopment authorities, the provisions of this act shall govern.

SECTION 5. All contracts, powers, rights, responsibilities and obligations of the Planning Division and Industrial Development Division of the Authority are hereby transferred to the city.

SECTION 6. All present employees of the Authority who are tenured under the applicable provisions of chapter six hundred and ten of the acts of nineteen hundred and sixty-seven, or chapter one hundred and twenty-one B of the General Laws, or who hold civil service status under the provisions of said chapter six hundred and ten are hereby transferred to the employ of the city without impairment of seniority rights or fringe benefits. Employees so transferred shall not be discharged, removed, suspended, laid off, lowered in rank or compensation, nor shall his office or position be abolished, except for just cause and in the manner provided by sections forty-three and forty-five of chapter thirty-one of the General Laws.

In addition, other employees of the Authority who are non-tenured and not subject to the civil service law and rules and who are transferred to the city shall be retained without impairment of seniority or fringe benefits and without reduction in compensation but without tenure or civil service status.

All other persons who may be employed by the city for planning and development purposes shall be nontenured and shall not be subject to the provisions of chapter thirty-one of the General Laws.

SECTION 7. All books, papers, records, documents, plans and personal property in the custody of the authority immediately prior to the effective date of this act shall be transferred to the custody and control of the city.

SECTION 8. The provisions of this act are hereby declared to be severable and if any such provision or application of such provision to any person or circumstances shall be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not be construed to affect the validity or constitutionality of any of the remaining provisions of this act or the application of such provisions to persons or circumstances other than those as to which it is held invalid. It is hereby declared to be the legislative intent that this act would have been adopted had such invalid or unconstitutional provisions not be included therein.

*Be it enacted, etc., as follows:*

Notwithstanding any provision of law to the contrary, for the purpose of ascertaining the will of the voters of the town of Chelmsford, the following question shall be placed upon the official ballot to be used for the election of officers at the next annual town meeting to be held in said town:- “Shall the board of selectmen initiate action to secure full-time professional management for the town either through a charter petition drive or a special act of the legislature to be approved by town meeting prior to its submission?”

*Approved October 7, 1976.*

**Chap. 397.** AN ACT MAKING CLARIFYING CHANGES IN THE LAW REGULATING MEETINGS OF GOVERNMENTAL BODIES.

*Whereas*, The deferred operation of this act would tend to defeat its purpose, which is to make clarifying changes in certain provisions of the open meeting law, so called, which took effect on January first, nineteen hundred and seventy-six, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

*Be it enacted, etc., as follows:*

SECTION 1. Section 11A of chapter 30A of the General Laws, as appearing in section 1 of chapter 303 of the acts of 1975, is hereby further amended by striking out the definition of “Governmental body” and inserting in place thereof the following definition:-

“Governmental body”, a state board, committee, special committee, subcommittee or commission, however created or constituted within the executive or legislative branch of the commonwealth or the governing board or body of any authority established by the general court to serve a public purpose in the commonwealth or any part thereof, but shall not include the general court or the committees or recess commissions thereof, or bodies of the judicial branch, or any meeting of a quasi-judicial board or commission held for the sole purpose of making a decision required in an adjudicatory proceeding brought before it, nor shall it include the board of bank incorporation, the state tax commission and the General Insurance Guaranty Fund.

SECTION 2. The fourth paragraph of section 11B of said chapter 30A, as so appearing, is hereby amended by striking out clause (3) and inserting in place thereof the following clause:-

(3) To discuss strategy with respect to collective bargaining or litigation if an open meeting may have a detrimental effect on the bargaining or litigating position of the governmental body, and to conduct collective bargaining sessions.

SECTION 3. Said section 11B of said chapter 30A, as so appearing, is hereby amended by striking out the eleventh, twelfth,

and thirteenth paragraphs and inserting in place thereof the following three paragraphs:-

Upon proof of failure by any governmental body or by any member or officer thereof to carry out any of the provisions of this section, any justice of the supreme judicial court or any justice of the superior court sitting in the county in which the governmental body customarily meets or in the absence of such sitting of court then any justice of the superior court sitting in Suffolk county shall issue an appropriate order requiring such governmental body or member or officer thereof to carry out such provisions at future meetings. Any such order may be sought by complaint of three or more registered voters, by the attorney general, or by the district attorney for the district in which the governmental body is located. The order of notice on the complaint shall be heard no later than ten days after the filing thereof or on such day thereafter as the court shall fix, having regard to the speediest possible determination of the cause consistent with the rights of the parties; provided, however, that orders with respect to any of the matters referred to in this section may be issued at any time on or after the filing of the complaint without notice when such order is necessary to fulfill the purposes of this section. In the hearing of such complaint the burden shall be on the respondent to show by a preponderance of the evidence that the actions complained of in such complaint were in accordance with and authorized by this section, by section twenty-three B of chapter thirty-nine or by section nine G of chapter thirty-four. All processes may be issued from the clerk's office in the county in which the action is brought and, except as aforesaid, shall be returnable as the court orders.

Such order may invalidate any action taken at any meeting at which any provisions of this section has been violated, provided that such complaint is filed within fourteen days of the date when such action is made public.

Any such order may also, when appropriate, require the records of any such meeting to be made public, unless it shall have been determined by such justice that the maintenance of secrecy with respect to such records is authorized by the provisions of this section. The remedy hereby created is not exclusive, but shall be in addition to every other available remedy.

SECTION 4. Section 9G of chapter 34 of the General Laws, as appearing in section 2 of said chapter 303, is hereby amended by striking out the tenth to the thirteenth paragraphs, inclusive, and inserting in place thereof the following four paragraphs:-

The district attorney of the county in which the violation allegedly occurred shall enforce the provisions of this section.

Upon proof of failure by any governmental body, member or officer thereof to carry out any of the provisions for public notice or meetings, for holding open meetings, or for maintaining

public records thereof, any justice of the supreme judicial court or the superior court sitting within and for the county in which such governmental body acts shall issue an appropriate order requiring such governmental body or member or officer thereof to carry out such provisions at future meetings. Such order may be sought by complaint of three or more registered voters, by the attorney general, or by the district attorney for the county in which the district is located. The order of notice on the complaint shall be returnable no later than ten days after the filing thereof and the complaint shall be heard and determined on the return day or on such day thereafter as the court shall fix, having regard to the speediest possible determination of the cause consistent with the rights of the parties; provided, however, that orders with respect to any of the matters referred to in this section may be issued at any time on or after the filing of the complaint without notice when such order is necessary to fulfill the purposes of this section. In the hearing of such complaint the burden shall be on the respondent to show by a preponderance of the evidence that the action complained of in such complaint was in accordance with and authorized by section eleven B of chapter thirty A, by this section or by section twenty-three B of chapter thirty-nine. All processes may be issued from the clerk's office in the county in which the complaint is brought and, except as aforesaid, shall, be returnable as the court orders.

Such order may invalidate any action taken at any meeting at which any provision of this section has been violated, provided that such complaint is filed within fourteen days of the date when such action is made public.

Any such order may also, when appropriate, require records of any such meeting to be made public unless it shall have been determined by such justice that the maintenance of secrecy with respect to such records is authorized by the provisions of this section. The remedy created hereby is not exclusive, but shall be in addition to every other available remedy.

SECTION 5. Section 23A of chapter 39 of the General Laws, as appearing in section 3 of said chapter 303, is hereby further amended by striking out the definition of "Governmental body" and inserting in place thereof the following definition:-

"Governmental body", every board, commission, committee or subcommittee of any district, city, region or town, however elected, appointed or otherwise constituted, and the governing board of a local housing, redevelopment or similar authority.

SECTION 6. Said chapter 39 is hereby further amended by striking out section 23B, as so appearing, and inserting in place thereof the following section:-

*Section 23B.* All meetings of a governmental body shall be open to the public and any person shall be permitted to attend any meeting except as otherwise provided by this section.

No quorum of a governmental body shall meet in private for the purpose of deciding on or deliberating toward a decision on any matter except as provided by this section.

No executive session shall be held until the governmental body has first convened in an open session for which notice has been given, a majority of the members have voted to go into executive session and the vote of each member is recorded on a roll call vote and entered into the minutes, the presiding officer has cited the purpose for an executive session, and the presiding officer has stated before the executive session if the governmental body will reconvene after the executive session.

Nothing except the limitation contained in this section shall be construed to prevent the governmental body from holding an executive session after an open meeting has been convened and a recorded vote has been taken to hold an executive session. Executive sessions may be held only for the following purposes:

(1) To discuss the reputation and character, physical condition or mental health rather than the professional competence of an individual. A governmental body shall hold an open meeting if the individual involved requests that the meeting be open.

(2) To consider the discipline or dismissal of, or to hear complaints or charges brought against, a public officer, employee, staff member, or individual. A governmental body shall hold an open meeting if the individual involved requests that the meeting be open.

(3) To discuss strategy with respect to collective bargaining or litigation if an open meeting may have a detrimental effect on the bargaining or litigating position of the governmental body, and to conduct collective bargaining sessions.

(4) To discuss the deployment of security personnel or devices.

(5) To consider allegations of criminal misconduct.

(6) To consider the purchase, exchange, lease or value of real property, if such discussions may have a detrimental effect on the negotiating position of the governmental body and a person, firm or corporation.

(7) To comply with the provisions of any general or special law or federal grant-in-aid requirements.

This section shall not apply to any chance meeting, or a social meeting at which matters relating to official business are discussed so long as no final agreement is reached. No chance meeting or social meeting shall be used in circumvention of the spirit or requirements of this section to discuss or act upon a matter over which the governmental body has supervision, control, jurisdiction or advisory power.

Except in an emergency, a notice of every meeting of any governmental body shall be filed with the clerk of the city or town in which the body acts, and the notice or a copy thereof

shall, at least forty-eight hours, including Saturdays but not Sundays and legal holidays, prior to such meeting, be publicly posted in the office of such clerk or on the principal official bulletin board of such city or town. The secretary of a regional school district committee shall be considered to be its clerk, and notices of meetings of the committee shall be filed with its secretary and posted in his office or on the principal official bulletin board of the district. If the meeting shall be of a regional or district governmental body, the officer calling the meeting shall file the notice thereof with the clerk of each city and town within such region or district, and each such clerk shall post the notice in his office or on the principal official bulletin board of the city or town. The notice shall include the date, time, and place of such meeting. Such filing and posting shall be the responsibility of the officer calling such meeting.

A governmental body shall maintain accurate records of its meeting, setting forth the date, time, place, members present or absent and action taken at each meeting, including executive sessions. The records of each meeting shall become a public record and be available to the public; provided, however, that the records of any executive session may remain secret, so long as publication may defeat the lawful purposes of the executive session, but no longer. All votes taken in executive sessions shall be recorded votes and shall become a part of the record of said executive sessions. Upon the request of any member of a governmental body, any vote taken in its executive session shall be verified by a roll call.

A meeting of a governmental body may be recorded by any person in attendance by means of a tape recorder or any other means of sonic reproduction except when a meeting is held in executive session; provided, that in such recording there is no active interference with the conduct of the meeting.

Upon qualification for office following an appointment or election to a governmental body, as defined in this section, the member shall be furnished by the city or town clerk with a copy of this section. Each such member shall sign a written acknowledgement that he has been provided with such a copy.

The district attorney of the county in which the violation occurred shall enforce the provisions of this section.

Upon proof of failure by any governmental body or by any member or officer thereof to carry out any of the provisions for public notice or meetings, for holding open meetings, or for maintaining public records thereof, any justice of the supreme judicial court or the superior court sitting within and for the county in which such governmental body acts shall issue an appropriate order requiring such governmental body or member or officer thereof to carry out such provisions at future meetings. Such order may be sought by complaint of three or more reg-

istered voters, by the attorney general, or by the district attorney of the county in which the city or town is located. The order of notice on the complaint shall be returnable no later than ten days after the filing thereof and the complaint shall be heard and determined on the return day or on such day thereafter as the court shall fix, having regard to the speediest possible determination of the cause consistent with the rights of the parties; provided, however, that orders with respect to any of the matters referred to in this section may be issued at any time on or after the filing of the complaint without notice when such order is necessary to fulfill the purposes of this section. In the hearing of such complaints the burden shall be on the respondent to show by a preponderance of the evidence that the action complained of in such complaint was in accordance with and authorized by section eleven B of chapter thirty A, by section nine G of chapter thirty-four or by this section. All processes may be issued from the clerk's office in the county in which the action is brought and, except as aforesaid, shall be returnable as the court orders.

Such orders may invalidate any action taken at any meeting at which any provision of this section has been violated, providing that such complaint is filed within fourteen days of the date when such action is made public.

Any such order may also, when appropriate, require the records of any such meeting to be made public unless it shall have been determined by such justice that the maintenance of secrecy with respect to such records is authorized by the provisions of this section. The remedy created hereby is not exclusive, but shall be in addition to every other available remedy.

SECTION 7. Chapter 66 of the General Laws is hereby amended by striking out section 17C, inserted by section 4 of said chapter 303, and inserting in place thereof the following section:-

*Section 17C.* Upon proof of failure of a governmental body as defined in section eleven A of chapter thirty A, section nine F of chapter thirty-four and section twenty-three A of chapter thirty-nine, or by any member or officer thereof to carry out any of the provisions prescribed by this chapter for maintaining public records, a justice of the supreme judicial or the superior court sitting within and for the county in which such governmental body acts or, in the case of a governmental body of the commonwealth, sitting within and for any county, shall issue an appropriate order requiring such governmental body or member or officer thereof to carry out the provisions of this chapter. Such order may be sought by complaint of three or more registered voters, by the attorney general, or by the district attorney for the county in which the governmental body acts. The order of notice on the complaint shall be returnable no later than ten days after the filing thereof and the complaint shall be heard and determined on the return day or on such day thereafter as the court

shall fix, having regard to the speediest possible determination of the cause consistent with the rights of the parties; provided, however, that orders with respect to any of the matters referred to in this section may be issued at any time on or after the filing of the complaint without notice when such order is necessary to fulfill the purposes of this section. In the hearing of any such complaint the burden shall be on the respondent to show by a preponderance of the evidence that the actions complained of in such complaint were in accordance with and authorized by section eleven B of chapter thirtyA, by section nine G of chapter thirty-four or by section twenty-three B of chapter thirty-nine. All processes may be issued from the clerk's office in the county in which the action is brought and except as aforesaid, shall be returnable as the court orders.

Any such order may also, when appropriate, require the records of any such meeting of a governmental body to be made a public record unless it shall have been determined by such justice that the maintenance of secrecy with respect to such records is authorized by section eleven B of chapter thirty A, by section nine G of chapter thirty-four or by section twenty-three B of chapter thirty-nine. The remedy created hereby is not exclusive, but shall be in addition to every other available remedy.

SECTION 3. Said chapter 6A is hereby further amended by inserting after section 34 the following section:-

*Section 34A.* There shall be a rate setting commission hospital policy review board, in this section called the board, consisting of two members designated by the secretary of the executive office of

human services and nine members appointed by the governor, two from a list of at least six recommendations submitted by the Massachusetts Hospital Association, one representing a teaching hospital and one representing a nonteaching hospital; one physician from a list of at least three recommendations submitted by the Massachusetts Medical Society; a nonprovider member of the governing board of a health system agency designated pursuant to Title XV of the federal Public Health Services Act; one representing nonprofit hospital service corporations under chapter one hundred and seventy-six A; one representing companies authorized to sell accident and health insurance under chapter one hundred and seventy-five; and three nonproviders with experience in or knowledge of the delivery or financing of hospital services and who shall represent the interests and concerns of business, labor and the elderly, respectively. Each member appointed by the governor shall serve for a term of three years and until his successor is duly qualified; provided, that in making his initial appointments to the board under this section, the governor shall appoint three members for terms of one year each, three members for terms of two years each and three members for terms of three years each. The governor shall fill any vacancy for the remainder of the unexpired term. All appointed members shall be reimbursed for their necessary expenses incurred in the performance of their duties. The board shall annually elect a chairman from the appointed members. The board shall meet at least four times annually and upon call of the chairman or written application to the chairman of any two members. The board shall adopt operating procedures governing the conduct of its activities.

The board shall have the right to at least sixty days prior review and comment on any proposed rule or regulation of the commission, except for rules or regulations promulgated on any emergency basis, issued pursuant to sections thirty-seven to forty-six, inclusive. The commission shall issue an explanatory statement which shall accompany its proposed regulations. The board shall consider any item within the purview of sections thirty-seven to forty-six, inclusive, recommended by the commission, the chairman of the board or any two board members. The board shall, within thirty days of receipt of a proposed rule or regulation, submit written comments to the commission recommending approval, disapproval or partial approval. In the event the commission determines not to accept any such recommendation, it shall prepare a written statement of its reasons for disagreement, which statement shall be submitted to the board within twenty days of receipt of the board's recommendations, and shall, together with the board's recommendations be included in the record of any public hearing held on such proposed rule or regulation. Any member of the board may participate in any such public hearing by presenting reports, studies, witnesses and testimony. The commission shall

not promulgate any rule or regulation or part thereof which is the subject of a board recommendation of disapproval for at least twenty-one days after submission of such a statement in order to provide the board an opportunity, upon the call of a majority of those members present, to hold a public hearing on its recommendations. The board shall, upon call of at least four of its members, hold a public hearing on matters relating to the commission's policies and activities carried out pursuant to sections thirty-seven to forty-six, inclusive.

The board shall report periodically, but at least as often as annually, to the governor and the general court, with copies to the joint legislative committee on health care, on its findings, opinions and recommendations for legislation.

The commission shall, subject to appropriation, afford office and meeting space, clerical assistance and funds for necessary expenses for the board.

SECTION 4. Said chapter 6A is hereby further amended by adding the following ten sections:-

*Section 37.* Any hospital which proposes to modify its charges shall submit an application therefor for approval by the commission at least sixty days prior to the implementation of such modification. Information supporting the proposed modification in charges, including a budget and projected actual costs, volume and revenue data shall be furnished with the application. The commission may approve or disapprove such applications in whole or in part. Approval of any proposed modifications in charge shall be deemed granted in the absence of written notification by the commission to the contrary, stating the reasons supporting the commission's action, within sixty days of such submission.

The commission shall from time to time issue regulations setting forth the procedure and substantive standards to be applied in reviewing applications for approval of modifications in charges. Said regulations shall provide that requested modifications in charges shall be supported by the reasonableness of the underlying costs and shall provide for the approval of proposed modifications in charges if: (a) the increase proposed is consistent with the rate of inflation in the economy generally, as measured by a composite price index to be specified in such regulations and based to the extent practicable, on any such index approved by the commission and contained in agreements subject to approval under the provisions of section five of chapter one hundred and seventy-six A; (b) any increase beyond that allowed by virtue of application of such index results from increase in volume not otherwise off-set by decreases in volume, such volume increases or decreases to be measured in a manner specified in such regulations; and (c) such increases, not otherwise justified by clauses (a) and (b), result from cost increases beyond the reasonable control of the individual hospital.

The commission shall provide for modification in charges if the applicant hospital's ratio of total patient care costs to total patient care charges for the applicable fiscal year exceed ninety-five per cent, such modification to permit said hospital to establish the ratio at ninety-five per cent. In the case of an applicant hospital for which such ratio equals or is less than ninety-five per cent, the commission shall not approve any requested modification or part thereof, which would produce a ratio of total patient care costs to total patient care charges in the applicable fiscal year which is below the applicant hospital's base period of total patient care cost to total patient care charges.

In reviewing applications under this section, the commission may consider changes in charges necessary to cover changes in intensity of services and changes in medical practice. In developing such regulations, the commission shall consult with representatives of nonprofit hospital service corporations, the elected representatives of health systems agencies designated pursuant to Title XV of the federal Public Health Service Act, the Massachusetts Hospital Association, and companies authorized to sell accident and health insurance under chapter one hundred and seventy-five.

*Section 38.* Any hospital which intends to implement a new charge shall submit an application for approval of such new charge to the commission at least sixty days prior to the implementation of such new charge. Information supporting the new charge, including a budget and projected cost, volume, utilization and revenue data resulting from the new charge shall be furnished with the application. The commission may approve or disapprove such applications in whole or in part. Approval of any proposed new charge shall be deemed granted in the absence of written notification by the commission to the contrary, stating the reasons supporting the commission's actions, within sixty days of such submission.

The commission shall from time to time issue regulations setting forth the procedure and substantive standards to be applied in reviewing an application for new charges. In reviewing such application, the commission shall consider the relation of the proposed charge to the reasonable cost of such health supplies, care, services, or accommodations, provided that the commission may not establish a charge for such item which is less than the hospital's base period ratio of total patient care costs to total patient care charges.

*Section 39.* For each fiscal year beginning with the fiscal year nineteen hundred and seventy-eight, every hospital, whether or not proposing to modify its charges or implement any new charge, shall, at least sixty days prior to the start of its fiscal year, file with the commission a copy of its budget, including projected and actual costs, volume and revenue data, the charge schedule supporting the revenue projection, and such other information as the

commission shall require, including pertinent information, if any, regarding anticipated changes in intensity of service and medical practice, or either of them. The budget of any hospital proposing no modification of its charges nor implementation of any new charge shall not be subject to approval or disapproval in whole or part by the commission unless the commission determines by application of the standards and criteria specified in section thirty-seven and in regulations of the commission issued thereunder that the filing hospital's ratio of total patient care costs to total patient care charges shall be below ninety-five per cent or such ratio for the hospital's base year; in which event the commission shall approve or disapprove in whole or part total patient care costs and total patient care charges.

*Section 40.* Not later than October first, nineteen hundred and seventy-nine, the commission shall, for the purpose of thereafter receiving applications submitted under section thirty-seven or section thirty-eight and budgets filed under section thirty-nine, develop and adopt, by regulations issued hereunder, a methodology for reasonably grouping and comparing hospitals by any or all of the following criteria: size, service, department and other criteria appropriate for comparison. Such methodology shall be adopted by the commission only upon consultation with representatives of nonprofit hospital service corporations incorporated under chapter one hundred and seventy-six A, elected representatives of health systems agencies designated pursuant to Title XV of the federal Public Health Service Act, companies authorized to sell accident and health insurance under chapter one hundred and seventy-five and the Massachusetts Hospital Association, and provided that, in acting on any such application, or on any such budget when such action shall be required, the commission shall approve or disapprove in whole or in part only the total patient care costs and total patient care charges projected by the applicant or filing hospital.

*Section 41.* Any hospital which has modified its charges or implemented new charges for health supplies, care, services or accommodations subsequent to April fifteenth, nineteen hundred and seventy-five and prior to the effective date of regulations issued by the commission under section thirty-seven or section thirty-eight, as the case may be, shall file an application for approval of such modification in charges or such new charges within twenty days of the effective date of such regulations.

The provisions of this section shall not apply to modifications in charges which were effective on or after April fifteenth, nineteen hundred and seventy-five, notice of which was filed with the commission prior to that date. The procedures and substantive standards established by the commission under section thirty-seven for modifications in charges or under section thirty-eight for new charges, whichever is applicable, shall be applied by the commis-

sion in reviewing such application. Disapproval in whole or in part by the commission of such modification in charges or proposed new charges by any hospital shall result in the hospital adjusting such charges to the extent required by the commission effective ten days after receipt of such notice of commission action, provided that no adjustment shall result in a charge less than that in effect on April fifteenth, nineteen hundred and seventy-five.

*Section 42.* Any hospital aggrieved by any action of the commission on any application submitted under section thirty-seven or section thirty-eight, or on any budget filed under section thirty-nine, may file an appeal in accordance with section thirty-six of chapter six A.

*Section 43.* Each hospital shall submit to the commission a copy of the hospital's budget, duly approved by its governing board, at least thirty days prior to the commencement of its fiscal year, or within ten days following board approval, whichever is later. For hospitals with fiscal years commencing prior to October first, said budgets for the fiscal year ending in nineteen hundred and seventy-six shall be submitted within thirty days.

*Section 44.* Any hospital which makes a charge or accepts payment based upon a charge in excess of that approved by the commission under sections thirty-seven, thirty-eight and thirty-nine or which fails to file with the commission data, statistics or schedules or other information required by any regulation promulgated by the commission or which falsifies the same shall be subject to a civil penalty of not more than one thousand dollars for each day on which such violation occurs or continues, which penalty may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction. The attorney general of the commonwealth shall bring any appropriate actions including injunctive relief as may be necessary for the enforcement of the provisions of sections thirty-seven to forty-six, inclusive.

*Section 45.* The commission may, by regulations issued hereunder, specify standard systems for determining, reporting, and auditing the costs and charges of every hospital, including methods by which each hospital shall allocate its costs and revenues and shall record its assets, liabilities, units of service, and departmental data; which recording shall not be in variance with generally accepted accounting principles. Such regulations shall provide for appropriate variations in such systems designed to reflect differences in size, scope of services, and administrative capacity of hospitals.

*Section 46.* For the purposes of any experimental or demonstration project designed to test the relative advantages and disadvantages of alternative methods of determining, reporting, and auditing the costs and charges of any hospital or hospitals or to promote, through financial incentives, the more efficient use of the personnel and facilities of any hospital or hospitals, the com-

mission may with the written agreement of any such hospital or hospitals, and of any third-party purchasers of patient care services, supplies, and accommodations therefrom as may choose to participate in such project, develop and implement criteria and procedures for action as to such hospital or hospitals which may differ from such criteria and procedures previously established.

SECTION 5. Not later than October first, nineteen hundred and seventy-eight, the rate setting commission shall develop and adopt a definition of "total patient care charges" which shall reflect actual revenue received by each hospital for all patient care services, supplies, and accommodations and a definition of "total patient care costs" which shall reflect the reasonable financial requirements of each hospital for providing patient care services, supplies and accommodations. Such definitions shall be adopted by the commission only upon consultation with representatives of nonprofit hospital service corporations incorporated under chapter one hundred and seventy-six A of the General Laws, elected representatives of health systems agencies designated pursuant to Title XV of the federal Public Health Service Act, companies authorized to sell accident and health insurance under the provisions of chapter one hundred and seventy-five and the Massachusetts Hospital Association; provided, however, that until such definitions have been adopted the following words as used in section thirty-two to forty-six, inclusive, of chapter six A of the General Laws, unless the context clearly requires otherwise, shall have the following meanings:-

"Total patient care charges", total gross earnings less contractual adjustments for publicly aided individuals, unless otherwise defined pursuant to section thirty-eight of said chapter six A.

"Total patient care costs", total patient care cost as defined for purposes of Title XVIII, including part A and part B patient care services, of the federal Social Security Act, increased by bad debts and free care, unless otherwise defined pursuant to section thirty-eight of said chapter six A.

Upon adoption of the definitions as required by this section, the provisions of section thirty-seven of chapter six A of the General Laws, inserted by section four of this act, relating to the ratio of total patient care costs to total patient care charges shall become void, and for purposes of section thirty-nine of said chapter six A, as so inserted, total projected cost and total projected charges shall be subject to approval or disapproval in whole or in part by said commission.

SECTION 5A. Each hospital shall file with the rate setting commission within fifteen days after the effective date of this act a full and complete listing of its charges in effect on the first day of its fiscal year commencing in nineteen hundred and seventy-four.

SECTION 6. The joint legislative committee on health care shall determine the necessity for appointment of an unbiased and com-

petent third party to resolve disputes that may arise between the parties during the development of the methodology required by section forty of chapter six A of the General Laws, inserted by section four of this act, or during the development of regulations required by section five of this act. Such recommendations, if deemed appropriated, shall be submitted in proper form to the general court within thirty days of submission of the request to the health care committee. Such recommendations shall carry requests for appropriate funds to conduct the arbitration.

SECTION 7. Chapter four hundred and twenty-four of the acts of nineteen hundred and seventy-five is hereby repealed.

SECTION 8. The provisions of this act are hereby declared to be severable and if any such provisions or the application of such provisions to any person or circumstances shall be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not be construed to affect the validity or constitutionality of any of the remaining provisions of this act or the application of such provisions to persons or circumstances other than those as to which it is held invalid.

(6) the disclosure of information to duly authorized tax officials of the United States and of territories, states and political subdivisions thereof or to any duly authorized agent or agency of such territory, state or political subdivision thereof pursuant to the

provisions of sections twenty-two and twenty-three of this chapter;

(7) the disclosure of information as to whether a vendor, as defined in chapters sixty-four H or sixty-four I, is registered pursuant to section sixty-seven of this chapter; or

(8) the disclosure as to whether any designated person has filed a return under section six of this chapter for the current or any prior year.

(c) Any violation of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than six months, or both, and by disqualification from holding office in the commonwealth for such period, not exceeding three years, as the court determines.

*Section 22.* The commissioner may permit the Secretary of the Treasury of the United States or his delegate, or the proper tax officer of any territory, state or political subdivision thereof, or any agent or agency designated under the laws of any territory, state or political subdivision thereof to be the representative of such territory, state or political subdivision to inspect any return required to be filed with the commissioner, or may furnish to such officer or his authorized representative an abstract of any such return or supply him with information concerning any item contained in any such return, or disclosed by any investigation of tax liability due under any such return, whether or not filed, but such permission shall be granted or such information furnished to such officer or his representative only if the laws of the United States or of such other territory, state or political subdivision thereof, as the case may be, generally restrict the disclosure of such information except for the purpose of administering tax laws, grant substantially similar privileges to the commissioner and such information is to be used exclusively for the purpose of administering the tax laws of the United States or of such territory, state or political subdivision thereof; and provided further, the commissioner may furnish to the Secretary of the Treasury of the United States or his delegate, or to the proper tax officer of any territory, state or political subdivision or to any agent or agency designated under the laws of any territory, state or political subdivision thereof copies of tax returns filed with him and other tax information, as he may consider proper, for use in court actions or proceedings involving exclusively the administration of the tax laws of the United States, of any territory, or state or any political subdivision thereof, whether civil or criminal, if a written request therefor has been made to the commissioner by the Secretary of the Treasury of the United States or his delegate or by the proper tax officer of any territory, state or political subdivision thereof or of any agent or agency designated under the laws of any territory, state or political subdivision thereof, provided that the laws of the United States or of any territory, state or political subdivision grant substantially similar

powers to the Secretary of the Treasury of the United States or his delegate or to the proper tax officer of any territory, state or political subdivision thereof or to any agent or agency designated under the laws of any territory, state or political subdivision thereof. If the commissioner has so authorized use of returns or other information in such actions or proceedings, the commissioner or any employee delegated by him may testify in such actions or proceedings in respect to such returns or other information.

*Section 23.* The commissioner may participate jointly with the Secretary of the Treasury of the United States or his delegate, or with the proper tax officer of any territory, state or political subdivision thereof or with any agent or agency designated under the laws of any territory, state or political subdivision thereof in the examination, verification, assessment, audit or other activity to determine the proper tax liability due on any tax return required to be filed with him. Pursuant to regulations of the state tax commission, the commissioner may participate jointly with said tax officers in the examination, verification, assessment, audit or other activity to determine the proper tax liability due on any tax return required to be filed with the Internal Revenue Service or with any territory, state or political subdivision thereof to the extent that the tax of the federal government or of the territory, state or political subdivision thereof is similar to a tax imposed by the commonwealth. A certificate by the commissioner that the tax of the federal government or of such other territory, state or political subdivision thereof is similar to a tax imposed by the commonwealth shall be prima facie evidence of such similarity.

*Section 24.* For the purpose of verifying any return filed under this chapter, the commissioner or his duly authorized representative may at any time within three years after the date prescribed for filing the return, or the date filed, whichever is later, examine the books, papers, records and other data of the taxpayer which shall be open to such person for verification.

Stocks of unused stamps and any metering machines in the possession of stampers, as defined in section one of chapter sixty-four C, shall be open to inspection by the commissioner or his duly authorized representative at all reasonable times.

*Section 25.* Every distributor, unclassified importer, unclassified exporter or purchaser referred to in section one of chapter sixty-four A, every taxpayer required to register under chapter sixty-four B, every stamper appointed under section thirty of chapter sixty-four C, every user-seller, supplier or user of special fuels, as defined in section one of chapter sixty-four E, every motor carrier required to be licensed under chapter sixty-four F, every operator required to register under chapter sixty-four G, every vendor required to register under chapters sixty-four H or

sixty-four I and every licensee referred to in section twenty-one of chapter one hundred thirty-eight shall keep and preserve suitable records of taxable charges and such other books, papers, records, and data as the commissioner may require to determine the amount of the tax due under the provisions of those respective chapters. Such records shall be open to inspection and examination at any reasonable time by the commissioner or his duly authorized representative and such records shall, unless the commissioner consents in writing to an earlier destruction be preserved for three years after the date the return was filed or the date it was due, whichever occurs later, and for such further period as may be agreed upon for the assessment of any additional tax.

*Section 26.* (a) Taxes shall be deemed to be assessed at the amount shown as the tax due upon any return filed under the provisions of this chapter and on any amendment, correction or supplement thereof, or at the amount properly due, whichever is less, and at the time when the return is filed or required to be filed, whichever occurs later.

(b) If the commissioner determines, from the verification of a return or otherwise, that the full amount of any tax has not been assessed or is not deemed to be assessed, he may, at any time within three years after the date the return was filed or the date it was required to be filed, whichever occurs later, assess the same with interest as provided in section thirty-three to the date when the deficiency assessment is required to be paid, first giving notice of his intention to the person to be assessed. Such person or his representative may confer with the commissioner or his duly authorized representative as to the proposed assessment within thirty days after the date of such notification. After the expiration of thirty days from the date of such notification, the commissioner shall assess the amount of tax remaining due the commonwealth, or any portion thereof, which he believes has not therefore been assessed.

Failure to receive the notice provided for by this paragraph shall not affect the validity of the tax.

(c) In the case of an arithmetic or clerical error or other obvious error apparent upon the face of the return, the commissioner may assess a deficiency attributable to such error without giving notice of his intention to assess to the person to be assessed.

(d) In the case of a false or fraudulent return filed with intent to evade a tax or of a failure to file a return, the commissioner may make an assessment at any time, without giving notice of his intention to assess, determining the tax due according to his best information and belief.

(e) If a nonresident fails to file a return of income derived by him from sources within the commonwealth, as required by section SLT, the tax imposed by section five A of chapter sixty-two

shall be assessed on the basis of his gross income from such sources. The commissioner shall determine such income according to his best information and belief and may assess the tax, with penalties and interest, and without allowance for deductions or exemptions.

(f) If an executor, as defined in chapter sixty-five C, omits from the gross estate items includable in such gross estate as exceed in amount twenty-five per cent of the gross estate stated in the return filed pursuant to section seventeen, the estate tax may be assessed at any time within six years after the return was filed. In determining the items omitted from the gross estate, there shall not be taken into account any item which is omitted from the gross estate in the return if such item is disclosed in the return, or in a statement attached to the return, in a manner adequate to apprise the commissioner of the nature and amount of such item.

(g) The provisions of this section shall not apply to assessments of taxes imposed by chapters sixty-five or sixty-five A.

*Section 27.* If, before the expiration of the time prescribed under section twenty-six for the assessment of any tax, the commissioner and the taxpayer consent in writing to extend the time for the assessment of the tax, the commissioner of his duly authorized representative may examine the books, papers, records, and other data of the taxpayer, may give any notice required by section twenty-six and may assess the tax at any time prior to the expiration of the extended time. The period so extended by the commissioner and the taxpayer may be further extended by subsequent agreements in writing made before the expiration of the time last extended.

*Section 28.* If a person who has been notified by the commissioner that he has failed to file a return or has filed an incorrect or insufficient return refuses or neglects within thirty days after the date of such notification to file a proper return, or if a person has filed a false or fraudulent return or has filed a return with a willful attempt in any manner to defeat or evade the tax, the commissioner may determine the tax due, according to his best information and belief, and may assess the same at not more than double the amount so determined, which additional tax shall be in addition to the other penalties provided by this chapter.

*Section 29.* If the commissioner believes that the collection of any tax will be jeopardized by delay, he shall, whether or not the time otherwise prescribed by law for making return and paying such tax has expired, immediately assess such tax together with all interest and penalties, as provided by law. Such tax, penalties and interest shall thereupon become immediately due and payable, and immediate notice and demand shall be made by the commissioner for the payment thereof. Upon failure or refusal to pay such tax, penalty and interest, the commissioner shall proceed forthwith to the collection thereof.

*Section 30.* If the federal taxable income of a person subject to taxation under chapter sixty-two is finally determined by federal government to be different from the taxable income as originally reported, such final determination shall be reported, accompanied by payment of any additional tax due with interest as provided in section thirty-three, to the commissioner within one year of receipt of notice of such final determination. If the taxable income of a person subject to taxation under chapter sixty-three or sixty-three C is finally determined by the federal government to be different from the taxable income as originally reported, such final determination, shall be reported, accompanied by payment of any additional tax due with interest as provided in section thirty-three, to the commissioner within three months of receipt of notice of such final determination. The report shall include a statement of the reasons for the difference in such form as the commissioner may require. If from such report or upon investigation it shall appear that any tax under chapter sixty-two or that the tax with respect to income under chapters sixty-three or sixty-three C has not been fully assessed, the commissioner shall, notwithstanding the three-year limitation in section twenty-six, assess an additional tax, if any, with respect thereto, with interest as provided in section thirty-three. An assessment under this section shall be made in the manner provided in section twenty-six within one year of the receipt of such report or within two years of the receipt by the commissioner of information from the federal government that it has made a final determination of such person's federal taxable income different from that reported where no report is filed with the commissioner and shall be limited to changes in such person's tax liability under chapters sixty-two, sixty-three or sixty-three C arising out of or related to the items which resulted in the change in federal taxable income.

If, as a result of the change by the federal government in a person's federal taxable income, such person believes that a lesser tax was due the commonwealth than was paid, he may apply in writing to the commission for an abatement thereof under section thirty-seven with one year of the date of notice of such final determination by the federal government. The commission shall not be limited in its consideration of such application to the items which comprise the federal change but shall abate only such portion of the tax assessed or paid as exceeds the proper tax due under chapters sixty-two, sixty-three, or sixty-three C, as the case may be.

Any person failing to comply with the provisions contained in the first paragraph hereof shall be assessed a penalty in the sum of one hundred dollars, or ten per cent of the additional tax found due, whichever sum is smaller, said penalty to become part of the additional tax found due. For reasonable cause shown, the com-

mission may, in its discretion, abate such penalty in whole or in part.

For the purposes of this section, the term "person" shall include any individual, partnership, trust, corporate trust or any other fiduciary subject to taxation under chapter sixty-two or any corporation subject to taxation under chapter sixty-three or chapter sixty-three C.

*Section 31.* If the assessment of any tax is in excess of the amount shown on the return as the tax due, the commissioner shall, as soon as may be, give written notice to the taxpayer of the amount of the assessment, the amount of any balance due and the time when the same is required to be paid. Failure to receive such notice shall not affect the validity of the tax.

*Section 32.* Taxes shall be due and payable at the time when the tax return is required to be filed, determined without regard to any extension of time for filing the return. Taxes assessed under section twenty-six, twenty-seven, twenty-eight and thirty shall include interest as provided in section thirty-three to the date when the tax so assessed, or any unpaid balance thereof, is required to be paid, which shall be the thirtieth day following the date of the notice of the tax due.

*Section 33.* If any return is not filed with the commissioner on or before its due date or within any extension of time granted by him, there shall be added to and become a part of the tax, as an additional tax, a penalty of one per cent of the amount required to be shown as the tax on such return for each month or fraction thereof, during which such failure continues, not exceeding, in the aggregate, twenty-five per cent of said amount. If any amount of tax is not paid to the commissioner on or before its statutory due date, there shall be added to and become a part of the tax interest at the rate of eight per cent per annum from said date to the date that such tax is paid.

In computing the penalty for a later return, the amount of tax required to be shown on the return shall be reduced by the amount of any part of the tax which is paid on or before the date prescribed for payment of the tax and by the amount of any credit against the tax which may be claimed upon the return.

For good and sufficient cause the penalty for a late return may be waived by the commissioner, or a penalty which has been assessed may be abated by the commission, in whole or in part.

*Section 33A.* If any payment of tax to the commissioner is required to be made on or before a prescribed date and such payment is, after such date, delivered by the United States mail to the office where such payment is required to be made, the date of the United States postmark stamped on the envelope or other cover in which such payment is mailed shall be deemed to be the date of payment. This provision shall apply only if the postmark date falls

on or before such prescribed date and the payment was deposited in the mail in the United States in an envelope or other appropriate wrapper, first class postage prepaid, properly addressed to the office where such payment is required to be made.

This section shall apply to any payment made under section ten or under chapter sixty-four A, sixty-four B, sixty-four C, sixty-four E, sixty-four F, sixty-four G, sixty-four H, sixty-four I or one hundred and thirty-eight only if the date of mailing falls on or before the second day before such prescribed date and the payment was, on or before such second day, mailed in the United States in an envelope or other appropriate wrapper, first class postage prepaid, properly addressed to the office where such payment is required to be made.

As used in this section, "United States postmark" means only a postmark made by the United States Post Office.

*Section 34.* If any person required to file a return, list or report of a payment to another person under section eight fails to file the same within the time prescribed by said section, he shall become liable to a penalty at the rate of one dollar for each such return, list or report of a payment to another person not so filed; provided, however, that the total penalty imposed on a delinquent person for all such failures during any calendar year shall not exceed one thousand dollars. If any partnership required to file a return under section seven fails to file the return within the time therein provided, it shall become liable to a penalty of five dollars for every day during which it is in default. Such penalty shall be paid upon notice by the commissioner and shall be assessed and collected in the same manner as a tax. For good and sufficient cause such penalty may be waived by the commissioner, or a penalty which has been assessed may be abated by the commissioner in whole or in part.

*Section 35.* If any check in payment of any tax, interest, penalty, fee or other charge is not duly paid there shall, in addition to any other penalties provided by law, be paid as a penalty by the person who tendered such check, upon notice and demand by the commissioner, in the same manner as the tax or other amount to which the check relates, an amount equal to two per cent of the amount of such check, provided that if the amount of such check is less than five hundred dollars, the penalty under this section shall be ten dollars or the amount of such check, whichever is the lesser. This section shall not apply if the person tendered such check in good faith and with reasonable cause to believe that it would be duly paid. The commissioner may, in his discretion, abate any such penalty in whole or in part.

*Section 36.* If, on the verification of a return or otherwise, the commissioner determines that an overpayment of the full amount of any tax, and interest and penalties thereon, due with respect to

such return has been made by the taxpayer, the amount of such overpayment may, in his discretion, be deducted from any unpaid amounts of any other taxes due from the taxpayer. The balance of such overpayment shall be refunded to the taxpayer if it exceeds ten dollars; if such balance is ten dollars or less, it may be refunded in the discretion of the commissioner or upon the application of the taxpayer. Interest upon such refund shall be paid in accordance with section forty.

*Section 37.* Any person aggrieved by the assessment of a tax, other than a tax assessed under chapters sixty-five or sixty-five A, may apply in writing to the commission, on a form approved by it, for an abatement thereof at any time within three years from the last day for filing the return for such tax, determined without regard to any extension of time, within two years from the date the tax was assessed or deemed to be assessed, or within one year from the date that the tax was paid, whichever is later.

The commission shall, if requested, give the applicant a hearing upon his application; and if the commission finds that the tax is excessive in amount or illegal, it shall abate the tax, in whole or in part, accordingly. The commission shall give notice to the applicant of its decision upon the application.

If such person is a taxpayer as defined in section one of chapter sixty-four B, an operator as defined in section one of chapter sixty-four G, or a vendor as defined in section one of chapter sixty-four H or section one of chapter sixty-four I, who has collected such tax, no actual refund of money shall be made to such person until he establishes to the satisfaction of the commission, under such regulations as it may prescribe, that he has repaid to the purchaser the amount for which the application for refund is made.

*Section 38.* No tax assessed on any person liable to taxation shall be abated unless the person assessed shall have filed, at or before the time of bringing his application for abatement, a return as required by this chapter for the period to which his application relates; and if he failed without good cause to file his return within the time prescribed by law, or filed a fraudulent return, or having filed an incorrect or insufficient return, has failed, after notice, to file a proper return, the commission shall not abate the tax below double the amount for which the person assessed was properly taxable under this chapter.

*Section 39.* Any person aggrieved by the refusal of the commission to abate a tax, in whole or in part, may appeal therefrom, within sixty days after the date of notice of the decision of the commission or within six months after the time when the application for abatement is deemed to be denied as provided by section six of chapter fifty-eight A, as follows:

(a) appeals from the decision of the commission as to the value of an asset of the estate for purposes of chapter sixty-five C shall

be made by filing a petition with the clerk of the appellate tax board;

(b) appeals from the decision of the commission as to all other matters arising under chapter sixty-five C shall be made by filing a petition with either the clerk of the appellate tax board or the probate court having jurisdiction of the estate of the decedent;

(c) appeals from the commission's refusal to abate any other tax shall be made by filing a petition with the clerk of the appellate tax board. If, on hearing, the board or the court, whichever the case may be, finds that the person making the appeal was entitled to an abatement, it shall make such abatement as it sees fit. If a tax so abated has been paid, the state treasurer, upon presentation to him of the notice of the decision of the board, or the court, shall repay to the petitioner the amount of the abatement and interest computed in accordance with section forty.

*Section 40.* If any refund of any tax is made pursuant to sections thirty-six, thirty-seven, or thirty-nine of this chapter, or sections twenty-seven or twenty-seven A of chapter sixty-five, or section six of chapter sixty-five A, the state treasurer shall repay to the taxpayer the amount of such refund with interest thereon at the rate of six per cent from the time when the tax was paid or the due date of the return, whichever is later; provided, however, that in cases where an overpayment arises from the fact that the total of the credit allowed under section nine of chapter sixty-two B and the aggregate payments on account of the declaration of estimated tax pursuant to said chapter sixty-two, interest shall be paid at the rate of six per cent per annum from a date six months after the date of the payment of the tax or six months from the date upon which the return for the taxable year, or the application for abatement where no return is required, was actually filed, whichever is later; and provided that in cases where an overpayment arises from the fact that the aggregate payments on account of the declaration of estimated tax pursuant to chapter sixty-three B exceeds the tax imposed by chapter sixty-three, interest shall be paid at the rate of six per cent per annum from a date six months after the date of the payment of the tax or six months from the date upon which the return for the taxable year was actually filed, whichever is later.

No interest shall be paid on a refund made pursuant to Article VIII of the Compact on Taxation of Motor Fuels Consumed By Interstate Buses, as appearing in section one of chapter four hundred and sixty-five of the acts of nineteen hundred and sixty-three. No interest shall be paid on a refund of the tax imposed by chapter sixty-four D, or on a refund under sections seven or seven A of chapter sixty-four A, or section five of chapter sixty-four E, or section four of chapter sixty-four F, or section seven A of chapter sixty-four G.

*Section 41.* The remedies provided by section thirty-seven to

forty inclusive, shall be exclusive, whether or not the tax is wholly illegal. But the word “exclusive” in this section shall not be construed to deprive any person of a right of action at law in any federal court.

*Section 42.* Taxes with interest and costs thereon, due to the commonwealth, which are unpaid and uncollectible, may be abated by the appellate tax board on the recommendation of the commission at any time after the expiration of two years from the date when the same became payable.

*Section 43.* The commission is authorized to abate the unpaid portion of the assessment of any tax, or any liability in respect thereof, if the amount due does not exceed ten dollars and the commission determines, under uniform rules prescribed by it, that the administration and collection costs involved would not warrant collection of the amount due.

*Section 44.* (a) If any vendor liable for any amount under chapters sixty-four H or sixty-four I sells out his business or stock of goods or quits the business, his successors or assigns shall withhold a sufficient portion of the purchase price to cover such amount until the former owner produces a certificate from the commissioner showing that it has been paid or that no amount is due.

(b) If the purchaser of a business or stock of goods fails to withhold the portion of the purchase price as required by paragraph (a) he shall become personally liable for the payment of the amount required to be withheld by him to the extent of the purchase price valued in money. Within ninety days after receiving a written request from the purchaser for a certificate, the commissioner shall either issue the certificate or mail a notice to the purchaser at his address as it appears on the records of the commissioner of the amount that must be paid as a condition of issuing the certificate. Failure of the commissioner to mail the notice shall release the purchaser from any further obligation to withhold purchase price as above provided. The time within which the obligation of the successor may be enforced shall start to run at the time the vendor sells out his business or stock of goods or at the time the assessment against the vendor becomes final, whichever event occurs later.

*Section 45.* The commissioner is authorized, subject to the approval of the state treasurer, to designate any bank doing business in the commonwealth as a depositary and fiscal agent for the purpose of receiving any tax imposed under the provisions of chapters sixty-two to sixty-five C, inclusive, and section twenty-one of chapter one hundred and thirty-eight in such manner, at such times and under such conditions as the commissioner may prescribe and as approved by the commission. He shall also prescribe the manner, times and conditions under which the

receipt of any such tax by a designated bank is to be treated as payment of such tax to the commissioner. The designated bank shall transmit to the commissioner the taxes collected by it on his behalf at such times and in such manner as the commissioner may prescribe and as approved by the commissioner.

*Section 46.* The commissioner shall have for the collection of taxes all the powers and remedies provided by chapter sixty for the collection of taxes on personal estate by collectors of towns. Any warrant for the collection of a tax may be issued to any deputy collector, sheriff, deputy sheriff or constable, and he shall have authority to proceed thereunder anywhere within the commonwealth, the officer, to whom a warrant for the collection of such a tax is given, shall collect said tax and interest as herein provided, including the charges and fees provided in section fifteen of chapter sixty, and shall pay over such amounts collected to the commissioner. Such officer, other than a deputy collector, may collect and receive for his fees the sum which an officer would be entitled by law to receive upon an execution for a like amount.

*Section 47.* The commissioner may recover any unpaid tax in an action of contract brought in the name of the commonwealth.

*Section 48.* The lessee of real estate or tangible personal property of any corporation, company or association subject to taxation under chapter sixty-three shall also be liable for the payment of the tax due from the lessor under chapter sixty-three. Upon such payment, the lessee may, in the absence of an agreement to the contrary, retain it out of the rent of the property, or recover it in an action against the lessor.

*Section 49.* Taxes due from a company, association or corporation may be collected by an information brought in the supreme judicial court by the attorney general at the relation of the commissioner. The court may issue an injunction upon such information, restraining the further prosecution of the business of the company, association or corporation until such taxes, with interest and costs thereon, have been paid and until the returns required by this chapter have been filed.

*Section 50.* (a) If any person liable to pay any tax neglects or refuses to pay the same after demand, the amount, including any interest, additional amount, addition to tax, assessable penalty or forfeiture, together with any costs that may accrue in addition thereto, shall be a lien in favor of the commonwealth upon all property and rights to property, whether real or personal, belonging to such person. The lien shall arise at the time the assessment is made or deemed to be made and shall continue until the liability for the amount assessed or deemed to be assessed is satisfied. Said lien shall in any event terminate not later than six years from the date it was created.

(b) The lien imposed by this section shall not be valid as

against any mortgagee, pledgee, purchaser or judgment creditor until notice hereof has been filed by the commissioner:

(1) With respect to real property or fixtures, in the registry of deeds of the county where such property is situated, and

(2) With respect to personal property, in the office in which a security or financing statement or notice with respect to the property would be filed in order to perfect a mortgage or comparable nonpossessory security interest in tangible personal property belonging to the person named in the relevant notice. The filing of a notice of any such lien or of a waiver or release of any such lien shall be received and registered or recorded without payment of any fee.

(c) Even though notice of a lien provided in this section has been filed in the manner prescribed in subsection (b), the lien shall not be valid with respect to a security, as hereinafter defined, as against any mortgagee, pledgee or purchaser or such security, for an adequate and full consideration in money or money's worth, if at the time of such mortgage, pledge or purchase such mortgagee, pledgee, or purchaser is without notice or knowledge of the existence of such lien. As used in this subsection, the term "security" means any bond, debenture, note or certificate or other evidence of indebtedness issued by any corporation, including one issued by a governmental or political subdivision thereof, with interest coupons or in registered form, share of stock, voting trust certificate, or any certificate of interest or participation in, certificate of deposit or receipt for, temporary or interim certificate for, warrant or right to subscribe to or purchase, any of the foregoing; negotiable instrument; or money.

(d) If notice of a lien has been filed under subsection (b), the commission may provide by regulation the extent to which, and the conditions under which, information as to the amount of the outstanding obligation secured by such lien may be disclosed.

(e) In any case where there has been a refusal or neglect to pay any tax, or to discharge any liability in respect thereof, whether or not levy has been made, the commissioner, in addition to other modes of relief, may direct a civil action to be filed in a district or superior court of the commonwealth to enforce the lien of the commonwealth under this section with respect to such tax or liability or to subject any property of whatever nature, of the delinquent, or in which he has any right, title or interest, to the payment of such tax or liability.

(f) Subject to such regulations as the commission may prescribe, the commissioner may issue a waiver or release of any lien imposed by this section. Such waiver or release shall be conclusive evidence that the lien upon the property covered by the waiver or release is extinguished.

*Section 51.* At least five days prior to the sale or transfer,

otherwise that in the ordinary course of business, of all or substantially all of the assets situated in the commonwealth of a domestic or foreign business corporation, except in cases where a waiver shall be given as hereinafter provided, the corporation or any person in interest shall notify the commissioner in writing of the proposed sale or transfer, and of the price, terms and conditions thereof, and of the character and location of the assets and cause to be filed with the commissioner all such tax returns as may be necessary to determine the taxes due and to become due and payable to the commonwealth to and including the date of such sale or transfer, and shall pay to the commonwealth all such taxes owing to said date of sale or transfer. At the time of any such sale or transfer, except in cases where a waiver shall have been given such taxes shall thereupon become due and payable. In the event of a failure to notify the commissioner and so to file such return or returns and pay such taxes at or before the time of such sale or transfer, the commonwealth shall have for its exclusive benefit a lien upon all of the assets of the corporation in the commonwealth effective immediately prior to such sale or transfer to the extent necessary to satisfy said taxes. Said lien shall terminate not later than three years after the date of said sale or transfer and until such termination may be enforced under and in accordance with the provisions of chapter two hundred and fifty-four in the case of real estate and sections fifty-three to sixty-four of this chapter in the case of personal property, but the ten-day notice provided in said section fifty-three shall not be applicable to this section. Prior to the date of such sale or transfer the commissioner, and after such date, the commission, may waive such lien and any or all of the other requirements of this section. Such waiver shall be in writing and shall constitute final and conclusive evidence as to any person other than the corporation that said lien has not arisen or has terminated, and it may be recorded with the appropriate register of deeds or city or town clerk as the case may be, and the said register, city or town clerk shall receive the same upon the payment of the fee prescribed by law. This section shall not apply to sales or transfers by receivers, assignees under a voluntary assignment for the benefit of creditors, trustees in bankruptcy, or public officers acting under judicial process. This section shall apply to transfers hereafter made as security for the performance of an obligation which is not incurred in good faith by the corporation for the purposes of its business but otherwise shall not apply to transfers by way of security.

*Section 52.* The commissioner or commission, as the case may be, is hereby authorized to issue to any corporation, upon written request of its treasurer or other principal officer, a waiver of the lien under section fifty-one or a certificate evidencing that such corporation is in good standing with respect to any and all returns due

and taxes payable to the commissioner as of the date of issuance of said certificate. There shall be charged and collected a fee of five dollars for each such waiver or certificate issued and two dollars for each duplicate copy thereof.

*Section 53.* (a) If any person liable to pay any tax neglects or refuses to pay the same within ten days after demand, it shall be lawful for the commissioner to collect such tax, and such further sum as shall be sufficient to cover the expenses of the levy, by levy upon all property and rights to property, except such property as is exempt under section twenty-four of chapter sixty, belonging to such person or on which there is a lien provided in this chapter or in chapter sixty-five or sixty-five C for the payment of such tax. If the commissioner makes a finding that the collection of such tax is in jeopardy, notice and demand for immediate payment of such tax may be made by the commissioner and, upon failure or refusal to pay such tax, collection thereof by levy shall be lawful without regard to the ten-day period provided in this section.

(b) The term "levy" as used in this chapter includes the power of distraint and seizure by any means. A levy shall extend only to property possessed and obligations existing at the time thereof. In any case in which the commissioner may levy upon property or rights to property, he may seize and sell such property or rights to property, whether real or personal, tangible or intangible.

(c) Whenever any property or right to property upon which levy has been made by virtue of subsection (a) is not sufficient to satisfy the claim of the commonwealth for which levy is made, the commissioner may, thereafter, and as often as may be necessary, proceed to levy in like manner upon any other property liable to levy of the person against whom such claim exists, until the amount due from him, together with all expenses, is fully paid.

*Section 54.* (a) Except as otherwise provided in subsection (b), any person in possession of, or obligated with respect to, property or rights to property subject to levy upon which a levy has been made shall, upon demand of the commissioner, surrender such property or rights, or discharge such obligation, to the commissioner, except such part of the property or rights as is, at the time of such demand, subject to an attachment or execution under any judicial process.

(b) (1) A levy on an organization with respect to a life insurance or endowment contract issued by such organization shall, without necessity for the surrender of the contract document, constitute a demand by the commissioner for payment of the amount described in paragraph (2) and the exercise of the right of the person against whom the tax is assessed to the advance of such amount. Such organization shall pay over such amount ninety days after service of notice of levy. Such notice shall include a certification by the commissioner that a copy of such notice has

been mailed to the person against whom the tax is assessed at his last known address.

(2) Such levy shall be deemed to be satisfied if such organization pays over to the commissioner the amount which the person against whom the tax is assessed could have had advanced to him by such organization on the date prescribed in paragraph (1) for the satisfaction of such levy, increased by the amount of any advance, including contractual interest, thereon, made to such person on or after the date such organization had actual notice or knowledge of the existence of the lien with respect to which such levy is made, other than an advance, including contractual interest thereon, made automatically to maintain such contract in force under an agreement entered into before such organization had such notice or knowledge.

(3) The satisfaction of a levy under paragraph (2) shall be without prejudice to any civil action for the enforcement of any lien imposed by section fifty with respect to such contract.

(c) (1) Any person who fails or refuses to surrender any property or rights to property, subject to levy, upon demand by the commissioner, shall be liable in his own person and estate to the commonwealth in a sum equal to the value of the property or rights not so surrendered, but not exceeding the amount of taxes for the collection of which such levy has been made, together with costs and interests on such sum at the rate of eight per cent per annum from the date of such levy. Any amount, other than costs, recovered under this paragraph shall be credited against the tax liability for the collection of which such levy was made.

(2) In addition to the personal liability imposed by paragraph (1), if any person required to surrender property or rights to property fails or refuses to surrender such property or rights to property without reasonable cause, such person shall be liable for a penalty equal to fifty per cent of the amount recoverable under paragraph (1). No part of such penalty shall be credited against the tax liability for the collection of which such levy was made.

(d) Any person in possession of, or obligated with respect to, property or rights to property subject to levy upon which a levy has been made, who, upon demand by the commissioner, surrenders such property or rights to property, or discharges such obligation, to the commissioner, or who pays a liability under paragraph (1) of subsection (c) shall be discharged from any obligation or liability to the delinquent taxpayer with respect to such property or rights to property arising from such surrender or payment. In the case of a levy which is satisfied pursuant to subsection (b), such organization shall also be discharged from any obligation or liability to any beneficiary arising from such surrender or payment.

*Section 55.* If a levy has been made or is about to be made on any property, or right to property, any person having custody or

control of any books or records, containing evidence or statements relating to the property, or right to property subject to levy, shall, upon demand of the commissioner, exhibit such books or records to the commissioner.

*Section 56. (a)* As soon as practicable after seizure of property, notice in writing shall be given by the commissioner to the owner of the property, or, in the case of personal property, the possessor thereof, or shall be left at his usual place of abode or business, if he has such within the commonwealth. If the owner cannot be readily located, or has no dwelling or place of business within the commonwealth, the notice may be mailed to his last known address. Such notice shall specify the sum demanded and shall contain, in the case of personal property, an account of the property seized and, in the case of real property, a description with reasonable certainty of the property seized.

*(b)* The commissioner shall as soon as practicable after the seizure of the property give notice to the owner, in the manner prescribed in subsection *(a)*, and shall cause a notification to be published in some newspaper published or generally circulated within the county wherein such seizure is made, or, if there be no newspaper published or generally circulated in such county, shall post such notice at the city or town hall nearest the place where the seizure is made, and in not less than two other public places. Such notice shall specify the property to be sold and the time, place, manner and conditions of the sale thereof. Whenever levy is made without regard to the ten-day period provided in section fifty-three, public notice of sale of the property seized shall not be made within such ten-day period unless section fifty-seven is applicable.

*(c)* If any property liable to levy is not divisible, so as to enable the commissioner by sale of a part thereof to raise the whole amount of the tax and expenses, the whole of such property shall be sold.

*(d)* The time of sale shall be not less than ten days nor more than forty days from the time of giving public notice under subsection *(b)*. The sale may be adjourned from time to time but such adjournments shall not be for a period to exceed in all one month.

*(e)* (1) Before the sale the commissioner shall determine a minimum price for which the property shall be sold, and if no person offers for such property at the sale the amount of the minimum price, the property shall be declared to be purchased at such price for the commonwealth; otherwise the property shall be declared to be sold to the highest bidder. In determining the minimum price, the commissioner shall take into account the expense of making the levy and sale.

(2) The commission may by regulations prescribe the manner and other conditions of the sale of property seized by levy.

(3) If payment in full is required at the time of acceptance of a bid and is not then and there paid, the commissioner shall forth-

with proceed to again sell the property in the manner provided in this subsection. If the conditions of the sale permit part of the payment to be deferred, and if such part is not paid within the prescribed period, suit may be instituted against the purchaser for the purchase price or such part thereof as has not been paid, together with interest at the rate of eight per cent per annum from the date of the sale; or, in the discretion of the commissioner, the sale may be declared by the commissioner to be null and void for failure to make full payment of the purchase price and the property may again be advertised and sold as provided in subsections (b) and (c) and this subsection. In the event of such readvertisement and sale any new purchaser shall receive such property, or rights to property, free and clear of any claim or right to the former defaulting purchaser, of any nature whatsoever, and the amount paid upon the bid price by such defaulting purchaser shall be forfeited.

*Section 57.* If the commissioner determines that any property seized is liable to perish or become greatly reduced in price or value by keeping, or that such property cannot be kept without great expense, he shall appraise the value of such property and, if the owner of the property can be readily found, shall give him notice of such determination of the appraised value of the property. The property shall be returned to the owner if, within such time as may be specified in the notice, the owner either pays to the commissioner an amount equal to the appraised value, or gives bond in such form, with such sureties, and in such amount as the commissioner shall prescribe, to pay the appraised amount at such time as the commissioner determines to be appropriate in the circumstances.

If the owner does not pay such amount or furnish such bond in accordance with this section, the commissioner shall as soon as practicable make public sale of the property in accordance with such regulations as may be prescribed by the commission.

*Section 58 (a)* Any person whose property has been levied upon shall have the right to pay the amount due, together with the expenses of the proceeding, if any, to the commissioner at any time prior to the sale thereof, and upon such payment the commissioner shall restore such property to him, and all further proceedings in connection with the levy of such property shall cease from the time of such payment.

(b) (1) The owners of any real property sold as provided in section fifty-six their heirs, executors, or administrators, or any person having any interest therein, or a lien thereon, or any person in their behalf, shall be permitted to redeem the property sold, or any particular tract of such property, at any time within one hundred and twenty days after the sale thereof.

(2) Such property or tract of property shall be permitted to be redeemed upon payment to the purchaser, or in case he cannot be

found in the county in which the property to be redeemed is situated, then to the commissioner for the use of the purchaser, his heirs, or assigns, the amount paid by such purchaser and interest thereon at the rate of twenty per cent per annum.

(c) When any lands sold are redeemed as provided in this section, the commissioner shall cause entry of the fact to be made upon record mentioned in section sixty-one and such entry shall be evidence of such redemption.

*Section 59. (a)* In the case of property sold as provided in section fifty-six the commissioner shall give the purchaser a certificate of sale upon payment in full of the purchase price. In the case of real property, such certificate shall set forth the real property purchased, for whose taxes the same was sold, the name of the purchaser and the price paid therefor.

(b) In the case of any real property sold as provided in section fifty-six and not redeemed in the manner and within the time provided in section fifty-eight, the commissioner shall execute to the purchaser of such real property at such sale, upon his surrender of the certificate of sale, a deed of the real property so purchased by him, reciting the facts set forth in the certificate.

(c) If the real property is declared purchased by the commonwealth at a sale pursuant to section fifty-six the commissioner shall at the proper time execute a deed therefor, and without delay cause such deed to be duly recorded in the proper registry of deeds.

*Section 60. (a)* In all cases of sale pursuant to section fifty-six of property, other than real property, the certificate of such sale—

(1) Shall be prima facie evidence of the right of the commissioner to make such sale and conclusive evidence of the regularity of his proceedings in making the sale; and

(2) Shall transfer to the purchaser all right, title and interest of the party delinquent in and to the property sold; and

(3) If such property consists of stocks, shall be notice, when received, to any corporation, company or association of such transfer, and shall be authority to such corporation, company or association to record the transfer on its books and records, in the same manner as if the stocks were transferred or assigned by the party holding the same, in lieu of any original or prior certificate, which shall be void, whether cancelled or not; and

(4) If the subject of sale is securities or other evidences of debt, shall be a good and valid receipt to the person holding the same, as against any person holding or claiming to hold possession of such securities or other evidences of debt; and

(5) If such property consists of a motor vehicle, shall be notice, when received, to the registrar of motor vehicles of the commonwealth, or to any public official charged with the registration of title to motor vehicles in any other state, of such transfer and shall be authority to the registrar or to such official to record the transfer on his books and records in the same manner as if the

certificate of title to such motor vehicle were transferred or assigned by the party holding the same, in lieu of any original or prior certificate, which shall be void, whether cancelled or not.

(b) In the case of the sale of real property pursuant to section fifty-six the deed of sale given pursuant to section fifty-nine shall be prima facie evidence of the facts therein stated; and if the proceedings of the commissioner as set forth have been substantially in accordance with the provisions of law, such deed shall be considered and operate as a conveyance of all the right, title and interest the party delinquent had in and to the real property thus sold at the time the lien of the commonwealth attached thereto.

(c) A certificate of sale of personal property given or a deed to real property executed pursuant to section fifty-nine shall discharge such property from all liens, encumbrances and title over which the lien of the commonwealth with respect to which the levy was made had priority.

*Section 61.* The commissioner shall keep a record of all sales of real property under section fifty-six and of all redemptions of such property. The record shall set forth the tax for which any such sale was made, the dates of seizure and sale, the name of the party assessed and all proceedings in making such sale, the amount of expenses, the names of the purchasers and the date of the deed. A copy of such record, or any part thereof, certified by the commissioner shall be the evidence in any court of the truth of the facts therein stated.

*Section 62.* The commissioner shall determine the expenses to be allowed in all cases of levy and sale.

*Section 63.* Any money realized by proceedings under sections fifty-three through sixty-four whether by seizure, by surrender under section fifty-four except pursuant to paragraph (2) of subsection (c) thereof, or by sale of seized property, or by sale of property redeemed by the commonwealth shall be applied as follows:-

First, against the expenses of the proceedings;

The amount, if any, remaining after payment of such expenses shall be applied against the liability in respect of which the levy was made or the sale was conducted.

Any surplus proceeds remaining thereafter shall, upon application and satisfactory proof in support thereof, be credited or refunded by the commissioner to the person or persons legally entitled thereto.

*Section 64.* (a) It shall be lawful for the commissioner, under regulations prescribed by the commission, to release the levy upon all or part of the property or rights to property levied upon where the commissioner determines that such action will facilitate the collection of the liability, but such release shall not operate to prevent any subsequent levy.

(b) If the commissioner determines that property has been wrongfully levied upon, it shall be lawful for the commissioner to return-

- (1) The specific property levied upon,
- (2) An amount of money equal to the amount of money levied upon, or
- (3) An amount of money equal to the amount of money received by the commonwealth from a sale of such property.

Property may be returned at any time. An amount equal to the amount of money levied upon or received from such sale may be returned at any time before the expiration of nine months from the date of such levy. For purposes of clause (3), if property is declared purchased by the commonwealth at a sale pursuant to subsection (e) of section fifty-six relating to manner and conditions of sale, the commonwealth shall be treated as having received an amount of money equal to the minimum price determined pursuant to such section or, if larger, the amount received by the commonwealth from the resale of such property. For purposes of clauses (2) and (3), the commissioner shall certify the amount of such money to the state treasurer, who shall pay it forthwith without specific appropriation, from the proceeds of the tax to which such money was originally credited.

*Section 65.* (a) Taxes imposed by chapter sixty-five C shall be collected within ten years of the date of death of the decedent; provided, however, that written notice of such death has been given to the commissioner within five years of the date of such death. If notice is not given within such time, the commissioner's right to collect any tax due shall continue until five years after the giving of the notice. Notice to the commissioner of the death of the decedent shall be conclusively presumed to have been given upon the date of filing of the return required under section seventeen. Where any question relative to the taxes imposed by chapter sixty-five C is pending before any agency or court at the end of the above-stated period, the commissioner's right to collect any tax due shall continue until one year after the final determination of such question.

(b) The running of the period of limitations for collection shall be suspended for the period of any extension of time for payment granted under the provisions of section ten of chapter sixty-five C.

*Section 66.* The commissioner may require any person required to be licensed or registered by any provision of chapters sixty-four A through sixty-four C or chapters sixty-four E through sixty-four I or subject to taxation under section twenty-one of chapter one hundred and thirty-eight, to file with him a bond, satisfactory to the commissioner, in such amount as the commissioner may determine, with a surety company authorized to transact business in the commonwealth as surety, to secure the payment

of any tax, including any interest or penalty thereon, due or which may become due from such person under said chapters, provided, however, that the amount of such bond required from a vendor under chapter sixty-four H or sixty-four I shall not exceed the amount which the commissioner shall determine to be such vendore's average tax liability for a six-month period.

In lieu of a surety bond a licensee or registrant may deposit with the state treasurer bonds or other negotiable obligations of the commonwealth or of the United States of such aggregate face amount as the commissioner may from time to time deem necessary adequately to secure payment of the taxes, including any interest or penalty thereon, imposed under said chapters; provided, that bonds need not be accepted by the state treasurer unless in registered form and of denominations satisfactory to him. In case of such deposit of bonds or other negotiable obligations, the state treasurer shall, while in possession thereof, remit to such person as aforesaid, or persons entitled thereto, the interest accruing and payable thereon; and, if the taxes imposed under said chapters and all interest and penalties shall be paid in full and if the person is no longer a licensee or registrant under said chapters, the state treasurer shall return such bonds or obligations to the persons entitled thereto. If the tax together with all interest and penalties shall not be paid, the state treasurer may sell all or any part of such bonds or of obligations to satisfy the amount due the commonwealth and shall return to the persons entitled thereto any excess left in his hands, provided, however, that the person is no longer a licensee or registrant under said chapters.

*Section 67.* Each vendor, as defined in chapters sixty-four H or sixty-four I, each taxpayer as defined in chapter sixty-four B, and each operator as defined in chapter sixty-four G who desires to obtain a certificate of registration as required by those chapters, and each person who desires to obtain a license as a distributor, unclassified importer, or unclassified exporter, as defined in chapter sixty-four A, as a manufacturer, wholesaler, vending machine operator, unclassified acquirer, transportation company, or retailer, as defined in chapter sixty-four C, as a user-seller, supplier, or user of special fuels, as defined in chapter sixty-four E, or as a motor carrier, as defined in chapter sixty-four F shall file with the commissioner an application in such form as the commissioner, with the approval of the commission, prescribes, giving such information as the commissioner requires, provided, however, that in the instance of an application for a wholesaler's license, as defined in chapter sixty-four C, the commission shall require, in addition to such other information as may be deemed necessary, the filing of affidavits from three licensed manufacturers, as defined in said chapter sixty-four C, stating that the manufacturer will supply the wholesaler if the applicant is granted a license.

All licenses, other than licenses, other than licenses for manufacturers, wholesalers, vending machine operators, unclassified acquirers, transportation companies and retailers as defined in chapter sixty-four C, shall expire on the thirty-first day of December each year. Licenses for said manufacturers, wholesalers, vending machine operators, unclassified acquirers and transportation companies shall expire on the thirtieth day of June each year. Licenses for said retailers shall expire on the thirtieth day of June of each even year.

Registration certificates shall be issued for each place of business. Licenses for said manufacturers, wholesalers, vending machine operators, unclassified acquirers and retailers shall be issued for each place of business. Licenses for users of special fuels shall be issued for each vehicle propelled by special fuels. In addition to the license issued to a motor carrier, licenses shall be issued for each motor vehicle which the motor carrier desires to operate or cause to be operated upon the highways of the commonwealth which is propelled by fuel or special fuels purchased or acquired outside the commonwealth.

The fee for each registration shall be ten dollars.

The fees for licenses and each renewal thereof shall be as follows: distributors, one hundred dollars; unclassified importers, one hundred dollars; unclassified exporters, one hundred dollars; manufacturers, twenty-five dollars; wholesalers, one hundred dollars; vending machine operators, one hundred dollars; unclassified acquirers, one hundred and fifty dollars; transportation companies, five dollars; retailers, two dollars; user-sellers, one dollar; suppliers, one dollar; users of special fuels, one dollar; motor carriers, one dollar; except that in the case of a manufacturer, wholesaler or vending machine operator who maintains more than one place of business the fee for each additional place of business shall be one half of the fee prescribed above. No fee, nor part of any fee, shall be refunded by reason or relinquishment, suspension or revocation of a license.

In the event that the holder of a license, or registration certificate removes his business to another location within the commonwealth, the license or registration certificate with respect to the former place of business shall, without the payment of an additional fee, be reissued for the new location for the balance of the unexpired term.

Registrations and licenses shall not be assignable and shall be displayed conspicuously by the holder thereof in the manner prescribed by the commissioner.

As a condition precedent to granting a license to a distributor, unclassified importer, or unclassified exporter the commissioner shall require the applicant to furnish a bond pursuant to section sixty-six.

An application for a registration or license may be denied by the

commissioner if the registration, license or permit of the applicant has been previously cancelled for cause by the commissioner or if, in the opinion of the commissioner, such application is filed by some person as a subterfuge for the real person in interest whose registration or license has previously been cancelled for cause by the commissioner, or if the applicant fails to pay the prescribed fee or to file such bond as the commissioner requires pursuant to section sixty-six.

Any person aggrieved by the refusal of the commissioner to grant a registration or license may within sixty days of the date of notice of such refusal appeal to the appellate tax board, whose decision shall be final.

*Section 68.* The commissioner may suspend or revoke any license or registration issued pursuant to section sixty-seven for failure of the licensee or registrant to comply with any provision of the tax laws of the commonwealth or regulations thereunder, or if he has ceased to act in the capacity for which the license was issued.

Any person aggrieved by such suspension or revocation may appeal therefrom to the appellate tax board within ten days after written notice of the decision has been mailed or delivered to him. The appellant shall at the time of taking an appeal filed with said board a surety company bond running to the commonwealth, with a surety company authorized to do business in the commonwealth as surety, in such sum as said board shall fix, conditioned to prosecute the appeal to effect and to comply with the orders and decrees of said board in the premises. Such appeals shall be preferred cases to be heard, unless cause appears to the contrary, in priority to other cases. During the pendency of any such appeal the decision of the commissioner so appealed from shall, unless otherwise ordered by said board, be inoperative. Said board may grant such relief as may be equitable. If the appeal shall have been taken without probable cause, the board may tax double or triple costs, as the case shall demand; and, upon all such appeals which may be denied, costs may be taxed against the appellant at the discretion of the board; provided, that no costs shall be taxed against the commonwealth.

A person whose registration has been suspended or revoked shall pay to the commissioner a fee of twenty dollars for the reissuance of a registration. The commissioner shall not issue a new registration after the suspension or revocation of a registration unless he is satisfied that the former holder of the registration will comply with the provisions of this chapter and with all pertinent rules and regulations made thereunder.

*Section 69.* The commissioner may, with the approval of the commission, after the lapse of three years from the date of their receipt, or three years after the end of the taxable period to which they relate, whichever occurs earlier, destroy copies, returns and

statements made under sections forty-nine, eighty-three and eighty-six of chapter fifty-nine and any returns and documents filed with him for the purposes of taxation; provided however, that such copies, returns, statements or documents may be destroyed at any time if microfilm or other copies thereof are retained.

*Section 70.* The commissioner may take testimony and proofs under oath with reference to any matter within the official purview of the department of corporations and taxation, and in connection therewith may issue summonses and require the attendance and testimony of witnesses and the production of books, papers, records, and other data. Such summonses shall be served in the same manner as summonses for witnesses in criminal cases issued on behalf of the commonwealth, and all provisions of law relative to summonses in such cases shall, so far as applicable, apply to summonses issued hereunder. Any justice of the supreme judicial court or of the superior court may, upon the application of the commissioner, compel the attendance of witnesses, the production of books, papers, records, and other data, and the giving of testimony before the commissioner in the same manner and to the same extent as before the said courts.

*Section 71.* Any notice authorized or required under the provisions of this chapter may be served personally or may be given by mailing the same, postage prepaid, to the person for whom it is intended, addressed to such person at his address as it appears in the records of the commissioner or the commission.

*Section 72.* Sections seventy-three and seventy-seven shall apply to individuals and corporations acting in any fiduciary capacity. In the case of a corporation, the penalty may be imposed on the corporation, on the officers whose duty it was to make the return, or on both.

In the case of a partnership one or more members of which are inhabitants of the commonwealth and which has a usual place of business in the commonwealth, the penalties imposed by this chapter may be inflicted upon any member of the partnership who is an inhabitant of the commonwealth and who has any active part in the management of the affairs of the partnership, and if there is no such member, upon the person in charge of its affairs in this commonwealth. In the case of a corporate trust, the penalties imposed by this chapter for failure to file a return may be inflicted upon the trustees, managers or officers whose duty it was to make the return.

*Section 73.* Any person who wilfully fails to file a return required by this chapter when due, or wilfully files an incorrect or insufficient return, or, with intent to evade taxation, files no return, or, with intent to evade taxation, files no return or a false or fraudulent return or submits a false certificate, affidavit or other statement to the commissioner or the commission relating to the amount of tax for which he is liable, shall be punished by a fine of

not less than on hundred nor more than ten thousand dollars, or by imprisonment for not more than one year, or both.

Any person, who wilfully aids or assists in, procures, counsels or advises the preparation or filing under, or in connection with any matter arising under this chapter, of a return, application or other document, which is fraudulent or is false and known by such person to be false as to any material matter, whether or not such falsity or fraud is with the knowledge or consent of the person required to file such return, application or document, shall be punished by a fine of not less than one hundred dollars nor more than ten thousand dollars, or by imprisonment for not more than one year, or both.

Any person who, in connection with the preparation of a tax return for another, the filing of a tax return or the payment of any tax, receives money from such other person on the understanding that it is to be paid over to the commissioner to discharge, in whole or in part, such other person's tax liability and fails to pay the same over to the commissioner shall be punished by a fine of not less than one hundred nor more than ten thousand dollars, or by imprisonment for not more than one year, or both.

*Section 74.* No person engaged in the business of preparing tax returns shall disclose any information obtained in the conduct of such business, unless such disclosure is consented to in writing by the taxpayer in a separate document, or is expressly authorized by state or federal law, or is necessary to the preparation of the return, or is made pursuant to court order.

For the purposes of this section, a person is engaged in the business of preparing tax returns if he advertises, or gives publicity to the effect that he prepares or assists others in the preparation of tax returns, or if he prepares or assists others in the preparation of tax returns for compensation.

Whoever violates the provisions of this section shall be punished by a fine of not more than five hundred dollars or by imprisonment in jail for not more than six months, or both.

*Section 75.* If any return required by sections eleven or thirty contain a false statement which is known or, by the exercise of reasonable care might have been known to the officer making it to be false, such officer and the corporation shall be liable for the amount of tax thereby lost to the commonwealth, and in addition shall be punished by a fine of not less than five hundred nor more than five thousand dollars.

*Section 76.* Any person who conducts any business in the commonwealth for which a registration or license issued pursuant to section sixty-seven is required and who is not in possession of such registration or license shall be punished by a fine of not less than two hundred dollars nor more than five hundred dollars. The superior court may on petition of the commissioner restrain such person from doing business in the commonwealth without such

registration or license.

*Section 77.* Any individual, partnership, association, trust, corporate trust or corporation failing without reasonable excuse to file a return, list or report, or otherwise give information, as required by section eight, shall be punished by a fine of not less than twenty-five nor more than five hundred dollars.

Every such savings and insurance bank shall annually pay, as part of its excise under this section, an amount equal to one per cent of its total gross investment income earned from the assets of its insurance department during the twelve months ending October thirty-first of the year for which the excise is due and payable, as reported in its annual statement for said year filed with the commissioner of insurance and as shown in Exhibit 3 of said statement. If any savings and insurance bank reinsures all of its outstanding insurance policies and annuity contracts as provided in section twenty-five of chapter one hundred and seventy-eight, it shall forthwith make a return in accordance with section twelve of chapter sixty-two C. The amount of the excise shall be an amount

*Section 27.* The tax due upon any estate or part thereof or upon any interest taxable under this chapter shall be deemed to be assessed at the time when the return required by section twenty-two is filed and at the amount shown as the tax due on said return or at the amount properly due under this chapter, whichever is less.

If the commissioner determines from the verification of the return, or otherwise, that the full amount of any tax due under this chapter, or any portion thereof, has not been assessed or is not deemed to be assessed, he may assess the same with interest as provided in section thirty-three of chapter sixty-two C, at any time

within one year after the date when the return and all supplementary information and documents required by the commissioner, including a copy of the final determination of federal estate tax liability in cases involving a federal estate tax return, are filed or within six months after the date of the final determination of value under sections twenty-five and twenty-six, whichever is later. He shall certify the additional amount so due and payable to the person by whom the tax is payable. Any tax so assessed shall be due and payable thirty days from the date of the certification.

Any assessment and certification may be made upon account of the tax payable upon the estate generally or upon account or in full for any part thereof or any interest therein. If upon final assessment and certification it shall appear that any payments made on account are in excess of the tax in full as so determined, the commission shall refund such excess without further application and without any appropriation therefor by the general court.

In determining the amount of any tax under this chapter, the commissioner shall not be required to consider any payments on account of debts or expenses of administration which have not been allowed by the probate court having jurisdiction of said estate. In lieu of allowing any itemized deductions on account of debts, expenses of administration or federal estate taxes, the commissioner shall allow a standard deduction for aggregate values subject to taxation under this chapter of less than one hundred thousand dollars, determined under a table of deductions issued by him and approved by the commission. Such standard deduction shall represent a reasonable amount for debts, expenses and taxes for each bracket of such aggregate property. If an executor, administrator, trustee or any person liable to taxation under this chapter, who qualifies for the standard deduction does not elect on the return required under section twenty-two to itemize deductions on account of debts, expenses of administration and federal estate taxes, the standard deduction under said table of deductions shall be used to compute and assess the tax due under this chapter.

If after assessment and certification of the full amount of the tax upon an estate or any interest therein or part thereof the estate shall receive or become entitled to property in addition to that shown in the inventory or disclosed to the commissioner at or before the time of the assessment and certification of the tax in full, the executor, administrator, trustee or other fiduciary shall

forthwith notify the commissioner who shall, upon being thus or otherwise informed, assess the amount of additional tax, if any, due and payable thereon and shall certify the said amount to the person by whom such tax is payable, which amount shall be due and payable thirty days from the date of the certification; provided, that a fiduciary shall be personally liable to pay only so much of said additional tax as is computed on the additional property actually received by him and that a beneficiary receiving any part of such additional property shall be liable to pay so much of the tax thereon as is not chargeable as aforesaid to a fiduciary.

An executor, administrator, trustee, grantee, donee, survivor or beneficiary aggrieved by any determination of the commissioner or commission, as the case may be, may, within one year after the payment of any such tax, apply by a petition in equity to the probate court having jurisdiction of the estate of the decedent for the abatement of the tax, or any part thereof. If the court adjudges that the tax, or any part thereof, was wrongly exacted it shall order an abatement of such part thereof as was assessed without authority of law. Upon a final decision ordering an abatement of any part of such a tax, the state treasurer shall pay the amount adjudged to have been illegally exacted, with interest as provided in section forty of chapter sixty-two C, without any further appropriation therefor by the general court.

SECTION 84. Said chapter 65 is hereby further amended by striking out section 31, as appearing in the Tercentenary Edition, and inserting in place thereof the following section:-

After such determination the commissioner may collect said taxes and interest by sale in the manner provided by chapter sixty for the collection of taxes by sale by a collector of taxes so far as applicable, or by levy under sections fifty-three to sixty-four of chapter sixty-two C.

The commissioner shall have authority to require all persons or corporations liable for the payment of taxes hereunder to file returns in such form as he may prescribe.

**Chap. 422.** AN ACT RELATIVE TO THE INVESTMENT OF FUNDS USED IN CONNECTION WITH A DEFERRED COMPENSATION PROGRAM FOR PUBLIC EMPLOYEES.

*Whereas,* The deferred operation of this act would tend to defeat its purpose, which is, in part, to immediately insure that the law relative to the investment of funds used in connection with a deferred compensation program for public employees conforms to certain requirements of federal law, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

*Be it enacted, etc., as follows:*

SECTION 1. Section 38 of chapter 29 of the General Laws is hereby amended by striking out the introductory paragraph, as most recently amended by section 2 of chapter 807 of the acts of 1972, and inserting in place thereof the following paragraph:-

With the exception of funds used in connection with a deferred compensation program for state employees, and funds of the state employees' retirement system or the teachers' retirement system, all funds over which the commonwealth has exclusive control shall be invested by the state treasurer with the

approval of the governor and council as follows:-

SECTION 2. Said section 38 of said chapter 29 is hereby further amended by adding the following paragraph:-

Funds in connection with a deferred compensation program for state employees may be invested by the treasurer pursuant to section sixty-four; provided, however, that such funds, whether or not invested, shall remain in the sole control of the treasurer, and may be used by the commonwealth at any time and for any purpose.

SECTION 3. Chapter 29 of the General Laws is hereby amended by inserting after section 38A the following new section:-

*Section 38B.* There shall be in the office of the state treasurer a deferred compensation committee, consisting of three members, one of whom shall be appointed by the governor, shall represent the employees who contract with the state treasurer for a deferred compensation program under section sixty-four, and shall be chairman, one of whom shall be appointed by the commissioner of insurance, and one of whom shall be appointed by the state treasurer. Said committee shall meet from time to time and shall oversee the operation of the day to day operation of the deferred compensation program. The members of said committee shall serve without compensation, but shall be reimbursed for expenses necessarily incurred in the performance of their duties.

SECTION 4. Said chapter 29 of the General Laws, added by section 3 of chapter 807 of the acts of 1972, is hereby further amended by striking out section 64 and inserting in place thereof the following section:-

*Section 64.* The state treasurer may contract with an employee to defer a portion of that employee's income, and may for the purposes of funding a deferred compensation program for said employee, invest the deferred portion of the employee's income in a life insurance or annuity contract, mutual funds, or a bank investment trust. The treasurer shall, before making any such investment, solicit bids from insurance companies authorized to conduct business within the commonwealth pursuant to chapter one hundred and seventy-five, mutual fund managers, and banks, which bids shall be sealed, and which shall be opened at one time and place designated by the treasurer. Any bid submitted by an insurance company, mutual fund, or bank investment trust to fund the deferred compensation program shall clearly indicate the interest rate which shall be paid on the deferred funds, any commissions which will be paid to salesmen, any load imposed for the purpose of administering the funds, mortality projections, expected payouts, tax implications for participating employees, and such other information as the treasurer may require. Any contract entered into between an employee and the treasurer pursuant to this section shall

include all such information in terms the employee can reasonably be expected to understand. As used in this section, the word "employee" shall have the same meaning as "employee", "employee of the general court", and "head of his department", as defined in section one of chapter thirty-two. In no event shall the amount invested for a future benefit and the employee's nondeferred income for any year exceed the total annual salary or compensation under the existing salary schedule or classification plan applicable to such employee in such year. Such a deferred compensation program shall exist and serve in addition to, and shall not be a part of any retirement or pension system as provided in chapter thirty-two and any other benefit program provided by law for employees of the commonwealth. Any income deferred under such a plan shall continue to be included as regular compensation, as defined in section one of chapter thirty-two, for the purpose of computing the retirement and pension benefits earned by any employee, but any sum so deducted shall not be included in the computation of any taxes withheld on behalf of any such employee.

SECTION 5. Chapter 35 of the General Laws is hereby amended by striking out section 57, added by section 2A of chapter 430 of the acts of 1973, and inserting in place thereof the following section:-

*Section 57.* The treasurer of any county may contract with an employee to defer a portion of that employee's income, and may, for the purposes of funding a deferred compensation program for said employee, invest the deferred portion of the employee's income in a life insurance or annuity contract, mutual funds, or a bank investment trust. The treasurer shall, before making any such investment, solicit bids from insurance companies authorized to conduct business within the commonwealth pursuant to chapter one hundred and seventy-five, mutual fund managers, and banks, which bids shall be sealed, and which shall be opened at one time and place designated by the treasurer. Any bid submitted by an insurance company, mutual fund, or bank investment trust to fund the deferred compensation program shall clearly indicate the interest rate which shall be paid on the deferred funds, any commissions which will be paid to salesmen, any load imposed for the purpose of administering the funds, mortality projections, expected payouts, tax implications for participating employees, and such other information as the treasurer may require. Any contract entered into between an employee and the treasurer pursuant to this section shall include all such information in terms the employee can reasonably be expected to understand. As used in this section, the word "employee" shall have the same meaning as "employee", "employee of the general court", and "head of his department", as defined in section one of chapter thirty-two. In no event shall the amount invested for a future benefit and the employee's

nondeferred income for any year exceed the total annual salary or compensation under the existing salary schedule or classification plan applicable to such employee in such year. Such a deferred compensation program shall exist and serve in addition to and shall not be part of any retirement or pension system as provided in chapter thirty-two and any other benefit program provided by law for such employees. Any income deferred under such a plan shall continue to be included as regular compensation, as defined in section one of chapter thirty-two for the purpose of computing the retirement and pension benefits earned by any employee, but any sum so deducted shall not be included in the computation of any taxes withheld on behalf of any such employee.

SECTION 6. Chapter 44 of the General Laws is hereby amended by striking out section 67, added by section 5 of chapter 807 of the acts of 1972, and inserting in place thereof the following section:-

*Section 67.* The treasurer of any city or town may contract with an employee to defer a portion of that employee's income, and may, for the purposes of funding a deferred compensation program for said employee, invest the deferred portion of the employee's income in a life insurance or annuity contract, mutual funds, or a bank investment trust. The treasurer shall, before making any such investment, solicit bids from insurance companies authorized to conduct business within the commonwealth pursuant to chapter one hundred and seventy-five, mutual fund managers, and banks, which bids shall be sealed, and which shall be opened at one time and place designated by the treasurer. Any bid submitted by an insurance company, mutual fund, or bank investment trust to fund the deferred compensation program shall clearly indicate the interest rate which shall be paid on the deferred funds, any commissions which will be paid to salesmen, any load imposed for the purpose of administering the funds, mortality projections, expected payouts, tax implications for participating employees, and such other information as the treasurer may require. Any contract entered into between an employee and the treasurer pursuant to this section shall include all such information in terms the employee can reasonably be expected to understand. As used in this section, the word "employee" shall have the same meaning as "employee", "employee of the general court", and "head of his department" as defined in section one of chapter thirty-two. In no event shall the amount invested for a future benefit and the employee's nondeferred income for any year exceed the total annual salary or compensation under the existing salary schedule or classification plan applicable to such employee in such year. Such a deferred compensation program shall exist and serve in addition to, and shall not be a part of any retirement or pension system provided in chapter thirty-two and any other benefit program provided by law for such employees. Any in-

come deferred under such a plan shall continue to be included as regular compensation, as defined in section one of chapter thirty-two, for the purpose of computing the retirement and pension benefits earned by any employee, but any sum so deducted shall not be included in the computation of any taxes withheld on behalf of any such employee.

SECTION 7. Nothing in this act shall be construed so as to render invalid any contract entered into by an employee of any county, or an employee of a city or town pursuant to chapter eight hundred and seven of the acts of nineteen hundred and seventy-two, prior to the effective date of this act.

**Chap. 433.** AN ACT REQUIRING ESTIMATES E TAKEN FOR SOLAR AND WIND ENERGY UTILITZATION FOR STATE CONSTRUCTION.

*Be it enacted, etc., as follows:*

SECTION 1. Chapter 149 of the General Laws is hereby amended by inserting after section 44L the following section:-

*Section 44M.* As used in this section the following words shall, unless the context clearly requires otherwise, have the following meanings:- "New building" shall include an entire building or any addition to an existing building that adds at least ten per cent gross floor space to the building, where the cost of construction is estimated to exceed twenty-five thousand dollars. The phrase "life-cycle cost estimate" shall mean the cost of installing, financing, fueling, maintaining and replacing an energy system including the cost of energy conservation measures to reduce an energy system's required capacity or fuel consumption and any other costs incidental to owning such energy system. The phrase "life-cycle cost estimate" shall be further defined in regulations to be issued by the bureau of building construction and thereafter updated at least every two years. The phrase "technically feasible energy systems" shall include, but not be limited to: any equipment that is employed to heat a building, or heat water used in the building, or generate electricity for

the building and that uses the sun, wind, oil, natural gas, or electricity as its power supply in whole or in part; any equipment that is employed to cool a building and that uses the sun or electricity as its power source in whole or in part; and energy conservation measures included in the building design and construction that decrease the building's energy requirements in whole or in part.

All public awarding authorities subject to the bidding requirements of sections forty-four A through forty-four L of this chapter excluding the city of Boston for a four year period beginning upon the effective date of this act shall ensure that energy system life-cycle cost estimates are considered during the preliminary design of all new buildings. Life-cycle cost estimates shall be obtained for technically feasible energy systems, including any economically advantageous combination of energy systems, reasonably capable of meeting in whole or in part the anticipated energy requirements of a new building. The bureau of building construction shall issue a list, as part of its regulations pursuant to this act mandating the minimum number and types of energy systems for which life-cycle cost estimates must be obtained in compliance with this section. Said list shall be updated and revised at least every two years. For the purpose of determining life-cycle cost estimates, location of initial building design upon the selected site shall maximize exposure to the sun for a solar energy system or the wind energy system's exposure to the wind. The life-cycle cost estimates shall be employed to determine the least costly energy system.

Summaries of the energy system life-cycle cost estimates shall be filed with the bureau of building construction. Nothing in this section shall be deemed to require an awarding authority to select any energy system other than the one desired by such awarding authority.

The bureau of building construction shall have authority to issue any regulations, lists, or definitions necessary to accomplish the purposes of this section.

SECTION 2. If any provision of section forty-four M or the application of such provision to any person or circumstance shall be held invalid or unconstitutional, the other provisions of said section or the application of such provision to any person or circumstance other than that as to which it is held invalid or unconstitutional, shall not be affected thereby.

*Approved October 19, 1976.*

**Chap. 434.** AN ACT CREATING A MASSACHUSETTS SMALL BUSINESS PURCHASING PROGRAM.

*Be it enacted, etc., as follows:*

SECTION 1. The general court hereby declares that it serves a

public purpose and is of benefit to the commonwealth to promote and facilitate the fullest possible participation by all citizens in the affairs of the commonwealth and that it is desirable to improve the economy of the commonwealth in every possible way. It is also essential that opportunity is provided for full participation in our free enterprise system by small business enterprises.

It is the declared policy of the general court that the commonwealth should aid, counsel, assist, and protect, insofar as is possible, the interests of small business concerns in order to preserve free competitive enterprise and to ensure that a fair proportion of the total purchases for the commonwealth be placed with small business enterprises.

SECTION 2. The secretary, after consultation with the commissioner, shall establish more detailed definitions which shall use, among other things, sales volume and number of employees. The definitions may vary from industry to industry to the extent necessary to reflect differing characteristics of such industries.

Such definitions shall be established within one hundred and twenty days after passage of this act and adopted as regulations after notice and hearing in accordance with section two of chapter thirty A of the General Laws, and shall be subject to sections four to eight, inclusive, of said chapter thirty A, until the secretary has established such definitions, the following words as used in this act shall have the following meanings, unless the context clearly requires otherwise:

1. Commissioner, the commissioner of commerce and development.

2. Program, the program established by this act providing for certain purchases by the commonwealth being made only from small businesses as hereinafter defined.

3. Purchases, contracts by which a purchasing agency agrees to buy goods or services from a specified vendor at a specified price and according to various specified conditions.

4. Purchasing agency, any agency, department, board, commission, office, or authority of the commonwealth empowered by law to purchase goods or services.

5. Secretary, the secretary of administration and finance.

6. Small business, a business which is independently owned and operated, has its principal place of business within the commonwealth, which is not dominant in its field of operation, and is not a corporation which is a member of an affiliated group. An "affiliated group" means one or more chains of corporations connected through ownership with a common parent corporation if:

a) Stock possessing at least twenty per cent of the voting power of all classes of stock and at least twenty per cent of

each class of the non-voting stock of each of the members of the affiliated group, except the common parent corporation, is owned directly by one or more of the other members of the affiliated group;

b) the common parent corporation owns directly stock possessing at least twenty per cent of the voting power of all classes of stock and at least twenty per cent of each class of the non-voting stock of at least one of the other members of the affiliated group.

As used in this definition, the term "stock" does not include nonvoting stock which is limited and preferred as to dividends.

SECTION 3. The provisions of this act shall apply to all small business purchases which the secretary institutes pursuant to this program, notwithstanding the provisions of sections twenty-two to twenty-three A, inclusive, of chapter seven of the General Laws, section twenty-nine A of chapter twenty-nine of the General Laws, or any other law or regulation concerning the authority and the procedure for purchasing by the commonwealth.

The secretary shall establish and implement a program by which certain purchases of goods and services by the commonwealth shall be made only from small businesses. The program shall apply to all purchasing agencies. The secretary, after consultation with the commissioner, shall promulgate rules and regulations establishing guidelines for determining which purchases by such agencies shall be eligible for the program; and further, the secretary shall promulgate rules and regulations establishing a prequalification process to determine businesses which are eligible for the program. Such rules and regulations shall be established within one hundred and twenty days after passage of this act and adopted in accordance with section two of chapter thirty A of the General Laws, and shall be subject to sections four to eight, inclusive, of said chapter thirty A.

Any small business which has been awarded five contracts of three thousand dollars or more each under the program shall be ineligible for further participation. Technical assistance will be provided to a small business making the transition to bidding in the open, competitive market.

It shall be the responsibility of the chief administrative officer of each purchasing agency in consultation with the commissioner to determine which purchases, consistent with the secretary's rules and regulations, shall be included in the program; provided, however, that it shall be the responsibility of the secretary to ensure that, with respect to each fiscal year, the aggregate amount of the purchases included in this program shall equal or exceed five per cent of the aggregate amount of all purchases made by the commonwealth; and provided, further, that the secretary shall have the authority to include specific purchases in the

program, irrespective of which purchasing agency is making the particular purchases, if such action is necessary in the secretary's judgment to ensure that the five per cent minimum is met or exceeded. It shall further be the responsibility of the secretary to ensure that participants in the program include small businesses which are beneficially owned and controlled by one or more minority individuals.

SECTION 4. Purchases to be made as part of the program shall be so advertised when requests for bids are published. Said purchases shall be made by awarding the purchase to the lowest responsible bidder among the small businesses submitting bids. The purchasing agency may reject any or all bids if such agency believes it to be in the public interest.

Certification of the lowest responsible bidder shall be the responsibility of the chief administrative officer of the purchasing agency which is making the particular purchase. No such certification shall be made unless at least two small businesses shall have submitted bids for the particular purchase.

SECTION 5. The secretary shall be responsible for establishing a procedure for administering and paying for the purchases made under the program. The purchasing agency, having selected the lowest responsible bidder, and having entered into a contract therewith, may assign said contract to the secretary for administration. Such procedure may also provide for the delegation of the purchase to the secretary by the purchasing agency, such delegation to include the responsibility for requesting bids, awarding the purchase and meeting the requirements of this section.

SECTION 6. The secretary, in consultation with the commissioner, shall be responsible for carrying out any responsibilities conferred upon him in accordance with section five of this act. The secretary may enter into contracts and agreements with, and accept gifts, grants, contributions, and bequests of funds from any department, agency or subdivision of federal, county, or municipal government and any individual, foundation, corporation, association, or public authority for the purpose of providing or receiving services, facilities, or staff assistance in connection with the implementation of this program. Such funds shall be deposited with the conditions of the gift, grant, contribution, or bequest, without specific appropriation. The secretary may expend for services and other expenses any amounts that the general court may appropriate therefor.

SECTION 7. The commissioner shall:

1. compile and maintain a comprehensive bidders list of small businesses. In this duty it shall cooperate with the United States Small Business Administration and other public or private agencies in locating potential sources for various products and services;

2. seek out and encourage small businesses to bid on purchases to be made by the commonwealth, including purchases to be made under the program;

3. provide instruction and technical assistance to small businesses to assist them in conducting business with the commonwealth;

4. make recommendations for the simplification of procurement specifications and terms in order to increase the opportunities for small business participation.

5. assist the secretary, when requested, in determining the responsibility of potential participants and bidders in the program;

6. act as an advocate within state government for small businesses which have been awarded purchases by a purchasing agency.

SECTION 8. The secretary shall annually, before December first, report in writing to the general court the measures he has taken concerning the implementation of the program. The report shall include the total dollar amount and number of contracts awarded during the preceding fiscal year.

**Chap. 459.** AN ACT PROVIDING FOR A MASSACHUSETTS REGISTER AND A CODE OF MASSACHUSETTS REGULATIONS.

*Be it enacted, etc., as follows:*

SECTION 1. Chapter 30 of the General Laws is hereby amended by striking out section 37, as most recently amended by chapter 862 of the acts of 1971, and inserting in place thereof the following section:-

*Section 37.* Every agency as defined in section one of chapter thirty A vested by law with the power to make and issue rules and regulations shall comply with the filing provisions of section five of said chapter.

SECTION 2. Chapter 30A of the General Laws is hereby amended by striking out section 2, as amended by section 3 of chapter 808 of the acts of 1969, and inserting in place thereof the following section:-

*Section 2.* A public hearing is required prior to the adoption, amendment, or repeal of any regulation if: (a) violation of the regulation is punishable by fine or imprisonment; or, (b) a public hearing is required by the enabling legislation of the agency or by any other law; or, (c) a public hearing is required as a matter of constitutional right.

Prior to the adoption, amendment, or repeal of any regulation

as to which a public hearing is required, an agency shall hold a public hearing. Within the time specified by any law, or, if no time is specified, then at least twenty-one days prior to the date of the public hearing, the agency shall give notice of such hearing by (a) publishing notice of such hearing in such manner as is specified by any law, or, if no manner is specified, then in such newspapers, and, where appropriate, in such trade, industry or professional publications as the agency may select; (b) notifying any person to whom specific notice must be given, such notice to be given by delivering or mailing a copy of the notice to the last known address of the person required to be notified; (c) notifying any person or group filing a written request for notice of agency rule making hearings such request to be renewed annually in December, such notice to be given by delivering or mailing a copy of the notice to the last known address of the person or group required to be notified; and (a) filing a copy of such notice with the state secretary.

The notice shall refer to the statutory authority under which the action is proposed; give the time and place of the public hearing; either state the express terms or describe the substance of the proposed regulation; and include any additional matter required by any law.

The public hearing shall comply with any requirements imposed by law, but shall not be subject to the provisions of this chapter governing adjudicatory proceedings.

If the agency finds that immediate adoption, amendment or repeal of a regulation is necessary for the preservation of the public health, safety or general welfare, and that observance of the requirements of notice and a public hearing would be contrary to the public interest, the agency may dispense with such requirements and adopt, amend or repeal the regulation as an emergency regulation. The agency's finding and a brief statement of the reasons for its finding shall be incorporated in the emergency regulation as filed with the state secretary under section five. An emergency regulation shall not remain in effect for longer than three months unless during that time the agency gives notice and holds a public hearing as required in this section, and files notice of compliance with the state secretary.

This section does not relieve any agency from compliance with any law requiring that its regulations be approved by designated persons or bodies before they become effective.

SECTION 3. Said chapter 30A is hereby further amended by striking out section 3, as most recently amended by section 2 of chapter 361 of the acts of 1974, and inserting in place thereof the following two sections:-

*Section 3.* Prior to the adoption, amendment, or repeal of any regulation for which a public hearing is not required under section two, the agency shall give notice and afford interested

persons an opportunity to present data, views, or arguments as follows:-

The agency shall, within the time specified by law, or, if no time is specified, then at least twenty-one days prior to its proposed action: (a) publish notice of its proposed action in such manner as is specified by any law, or, if no manner is specified, then in such newspapers, and, where appropriate, in such trade, industry or professional publications as the agency may select; (b) notify any person to whom specific notice must be given, such notice to be given by delivering or mailing a copy of the notice to the last known address of the person required to be notified; (c) notify any person or group filing written request for notice of agency rule making proceedings, such request to be renewed annually in December, such notice to be given by delivering or mailing a copy of the notice to the last known address of the person or groups required to be notified; and (d) file a copy of such notice with the state secretary.

The notice shall refer to the statutory authority under which the action is proposed; give the time and place of any public hearing or state the anticipated time of agency action; state the manner in which data views, or arguments may be submitted to the agency by any interested person; either state the express terms or describe the substance of the proposed action; and include any additional matter required by any law.

The agency shall afford interested persons an opportunity to present data, views or arguments in regard to the proposed action orally or in writing. If the agency finds that oral presentation is unnecessary or impracticable, it may require that presentation be made in writing.

If the agency finds that the immediate adoption, amendment or repeal of a regulation is necessary for the preservation of the public health, safety or general welfare, and that observance of the requirements of notice and affording interested persons an opportunity to present data, views, or arguments would be contrary to the public interest, the agency may dispense with such requirements and adopt, amend or repeal the regulation as an emergency regulation. The agency's finding and a brief statement of the reasons for its finding shall be incorporated in the emergency regulation as filed with the state secretary under section five. An emergency regulation shall not remain in effect for longer than three months unless, during that time, the agency gives notice and affords interested persons an opportunity to present data, views, or arguments as required in this section, and files notice of compliance with the state secretary.

This section does not relieve any agency from compliance with any law requiring that its regulations be approved by designated persons or bodies before they may become effective.

*Section 3A.* Notices filed in accordance with sections two and

three shall be published by the state secretary as required by section six no later than one week prior to the date of any hearing or action to which such notices relate. Failure to comply with this requirement shall be deemed a noncompliance with the provisions of said sections, and the hearings or other agency actions conducted thereunder shall be invalid.

SECTION 4. Said chapter 30A is hereby further amended by striking out section 5, as most recently amended by section 3 of chapter 712 of the acts of 1970, and inserting in place thereof the following section:-

*Section 5.* Two attested copies of the regulations of each agency shall be filed with the state secretary together with a citation of the law by authority of which the same purport to have been issued, and together with the dates of approval by other boards or agencies if required and any other information necessary to show compliance with statutory requirements relative to issuance of such regulations. Upon receipt of agency regulations prepared in accordance with this chapter, the state secretary shall accept them for filing and endorse thereon the time and date of the filing.

The state secretary shall make and publish rules and regulations, not otherwise inconsistent with law, with respect to the deadlines to be met and the form to be employed by any agency in preparing and filing regulations, hearing schedules and any other materials which the secretary may require. Compliance with such rules and regulations shall be a condition precedent to the effectiveness of agency regulations.

SECTION 5. Said chapter 30A is hereby further amended by striking out sections 6 to 6B, inclusive, and inserting in place thereof the following four sections:-

*Section 6.* Documents required or authorized to be published by this section shall be printed and distributed by the state secretary in a serial publication entitled the "Massachusetts Register". The state secretary shall contract and arrange, subject to all pertinent statutes, for the biweekly printing and distribution of the Massachusetts Register. The prices to be charged for the Massachusetts Register may be set without reference to the statutory charges for public documents fixed by chapter two hundred and sixty-two.

There shall be published in the Massachusetts Register the following documents: (1) executive orders, except those not having general applicability and legal effect or effective only against state agencies or persons in their capacity as officer, agents or employees thereof; (2) all regulations filed in accordance with section five; (3) all notices filed in accordance with sections two and three, except that the secretary may summarize the content of any notice filed; provided, however, that he indicate that the full text of the notice may be inspected and copied in the office

of the state secretary during business hours; and (4) any other item or portion thereof which the state secretary deems to be of sufficient public interest.

Each biweekly issue shall contain all documents required or authorized to be published, filed with the state secretary up to the day fixed by the secretary as the printing deadline for that issue, except that the secretary may omit from the biweekly issue of the register any document which he deems unduly cumbersome or expensive to publish. In such cases, he shall describe the nature of the omitted document and shall publish a supplemental issue of the register containing the text of the document as soon as practicable and in any event within thirty days. Supplemental issues shall be published as the state secretary deems necessary, and shall in all ways have the full force and effect of the regular biweekly issues of the register.

Regulations other than emergency regulations, which are adopted under section two and three, shall become effective only when published in accordance with this section, or, in the case of any regulation as to which a later effective date is required by any law, or is specified in such regulation by the agency adopting the same, upon such later date or upon such publication, whichever last occurs. Emergency regulations shall become effective when filed with the state secretary and shall remain in effect no more than three months unless they are thereafter promulgated pursuant to the procedures outlined in sections two and three.

The state secretary shall make available upon request of any person or group the biweekly issues of the Massachusetts Register. He shall transmit, without charge, a copy of each issue thereof to (1) the clerk of the house of representatives; (2) the clerk of the senate; (3) the house counsel and senate counsel; and (4) the state librarian.

The state secretary shall mail upon receipt of the subscription price a sheet containing the table of contents or other information sufficient to enable the reader to determine whether he wishes to purchase that issue of the register.

The publication in the Massachusetts Register of a document creates a rebuttable presumption (1) that it was duly issued, prescribed, or promulgated; (2) that all the requirements of this chapter and regulations prescribed under it relative to the document have been complied with; and (3) that the text of the regulations as published in the Massachusetts Register is a true copy of the attested regulation as filed by the agency.

For the purpose of this section and section six A the word "regulation" shall not include any regulation whose principal purpose and effect is to prescribe or approve rates chargeable for goods, services, or other things by specifically named persons and shall not include any portion of an existing publication which has been adopted as and incorporated by reference in a

regulation of any agency, and which the state secretary determines is unnecessary to republish by reason of its already being reasonably available to that portion of the public affected by said agency's activities.

The contents of the Massachusetts Register shall be judicially noticed and, without prejudice to any other mode of citation, may be cited by volume and page number.

*Section 6A.* Prior to publication of the first issued of the Massachusetts Register, the state secretary shall first cause to be published all currently effective agency regulations in a special publication of the Massachusetts Register to be designated as the "Code of Massachusetts Regulations".

The state secretary shall regulate the supplementation and the collation and republication of the printed codification with a view to keeping the Code of Massachusetts Regulations as current as possible.

*Section 6B.* Each agency shall purchase a copy or copies of the issues of the register which contain regulations or notices of that agency and make at least one copy readily available in a prominent place at each of the agency's offices for the purpose of public inspection and copying. To assist interested persons dealing with it, each agency having authority to adopt regulations shall prepare and make available for inspection in a prominent place at each of its offices serving the public a list of its regulations and a description of its central and field organization, including the location of persons and places from which the public can secure information, make submittals or requests or obtain decisions. All such lists and descriptions shall be kept current.

*Section 6C.* If the state secretary finds that any agency fails to comply with any provisions of section six B, he shall report the matter to the governor and the attorney general.

*Approved October 22, 1976.*

*Whereas*, The deferred operation of this act would tend to defeat its purpose, which is to clarify the manner of marking ballots for the primary and general elections in the current year, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

*Be it enacted, etc., as follows:*

SECTION 1. Chapter 53 of the General Laws is hereby amended by striking out section 35, as most recently amended by section 10 of chapter 600 of the acts of 1975, and inserting in place thereof the following section:-

A voter may vote for one or more candidates in any such group by marking a cross against the name of each such candidate, except that no cross shall be required where the voter has inserted the name or names of candidates for whom he intends to vote. If he votes for more candidates than the number to be elected, his vote shall not be counted.

A vote by sticker or write-in in the blank space at the end of the list of names of presidential and vice presidential candidates may be cast for those candidates whose names are contained in lists filed with the state secretary under the provisions of section seventy-eight A and shall be deemed to be a vote for each of the candidates for presidential elector whose names are contained in the appropriate list so filed; provided, however, that in such case the voter shall list only the surnames of the candidates for president and vice president. In

order to vote for governor and lieutenant governor, the voter shall mark a cross (X) in the square at the right of the names of the group of candidates for said offices for whom he desires to vote, or by inserting the name and residence of any person for either office in the blank space provided therefor; provided, however, that no such inserted name may be that of a candidate whose name is printed upon the ballot as a candidate for the office.

SECTION 13. Upon a petition in writing addressed to said board of water commissioners requesting that certain real estate, accurately described therein, located in said town and abutting on said district and not otherwise served by a public water supply be included within the limits thereof, and signed by the owners of such real estate, or a major portion of such real estate, said water commissioners shall cause a duly warned meeting of the district to be called, at which meeting the voters may vote on the question of including said real estate within the district. If a majority of the voters present and voting thereon vote in the affirmative the district clerk shall within ten days file with the town clerk of said town and with the state secretary an attested copy of said petition and vote; and thereupon said real estate shall become and be part of the district and shall be holden under this act in the same manner and to the same extent as the real estate described in section one.
