Chap. 704. AN ACT REGULATING THE GENERATION, TRANSPORTATION, STORAGE, TREATMENT AND DISPOSAL OF HAZARDOUS WASTE.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is, in part, to provide adequate safeguards from the point of generation through handling, processing, and final disposition of certain hazardous wastes which threaten the public health and safety or animal health and the environment, and to establish a statewide program to provide for the safe management of hazardous wastes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public safety and convenience.

specializing in waste disposal, or as an attorney of a party with a direct financial interest in hazardous waste disposal. Any member shall be eligible for reappointment. In making initial appointments to said committee, the governor shall appoint two members for terms of one year, three members for terms of two years, three members for terms of three years, and one member for a term of four years. Upon the expiration of the term of any such member, his successor shall be appointed for a term of four years. Persons appointed to fill vacancies shall serve for the unexpired term of said vacancy.

Section 4. The department shall establish a division of hazardous waste which shall be administered by a director appointed by the commissioner and who shall serve at the pleasure of the commissioner. The appointment of said director shall not be subject to the provisions of chapter thirty-one or section nine A of chapter thirty. The department shall adopt rules, regulations, procedures and standards as may be necessary for the implementation of this chapter. Such regulations, procedures and standards shall be developed by the department with input and review by interested and affected persons and agencies as determined by the department including, but not limited to, the hazardous waste advisory committee, the department of public health and representatives of local health officials, and shall, where practicable, be consistent with those promulgated under the RCRA.

The responsibilities of the department shall include the developing and establishing of: (a) a list of hazardous wastes; (b) criteria and standards for the identification of hazardous wastes; (c) provisions for waiver by the department for any waste which the department determines is insignificant as a potential hazard to public health, safety, welfare of the environment, or the handling, treating, storing, use, processing, or disposal of which is adequately regulated by another governmental agency, consistent with regulations promulgated under RCRA; (d) standards and requirements for the treating, storing, transporting, use and disposal of such hazardous waste; and (e) for the recovery of resources from such hazardous waste.

The department shall take all action necessary or appropriate to secure for the commonwealth the benefits of RCRA, cooperate and enter into agreements and contracts with federal agencies, other states, interstate agencies, other agencies of the commonwealth or its political subdivisions, or private or nonprofit organizations in matters related to this chapter and RCRA, and may receive from, and dispense to, such agencies such funds as may be available for such matters.

The department shall conduct programs of public participation to assure that, before undertaking actions of programmatic and policy level significance, interested and potentially affected members of the public are afforded an opportunity to be heard regarding such actions. There shall be no less than six public hearings throughout the state, before the initial adoption of such actions or the promulgation of regulations.

The department shall adopt standards and procedures and shall establish fees for a hazardous waste licensing program of not less than one nor more than five hundred dollars, integrate with other laws pertaining to air, land and water resources all the

provisions of this chapter for the purposes of administration and enforcement, avoiding duplication or inconsistency to the maximum extent practicable. Such integration shall be effected only to the extent that it can be done in a manner consistent with the provisions of this chapter and other laws pertaining to air, land and water resources. Any disposal or facility permitted by a valid permit issued pursuant to section forty-three of chapter twenty-one shall not be subject to the provisions of this chapter.

The department shall conduct a survey and prepare and publish a list of sites in the commonwealth where hazardous waste has been deposited or abandoned.

The department shall establish a manifest system that conforms with the requirements of RCRA.

The department shall be responsible for the supervision of the maintenance and operation of all facilities in order to ensure the public health, safety, welfare and the environment and shall coordinate research and development regarding methods of hazardous waste handling, storage, use, processing, and disposal and shall conduct appropriate studies relating to hazardous wastes.

The department shall require that a licensee obtain and maintain in effect a contract of liability insurance, a surety bond or other evidence of financial responsibility in favor of the commonwealth sufficient to assure financial responsibilities in the event of damages resulting from accidents or negligence.

The department shall furnish a copy of each permit or license application for the collection, storage, treatment, or disposal of hazardous waste to the local board of health, which shall be responsible for notifying the local governing authorities of any municipality within whose territorial jurisdiction a hazardous waste facility or activity is or will be located.

The department shall furnish, on an annual basis, to the local board of health, which shall be responsible for notifying the local governing authority of the municipality, information identifying the types and quantities of hazardous waste generated, stored, treated or disposed within the municipality unless exempted by the commissioner under the provision of section twelve.

The department shall provide for appropriate surveillance of hazardous waste processing, use, handling, storage, and disposal practices in the state and shall determine existing and expected rates of production of hazardous waste.

The department may: maintain a technical reference center on hazardous waste disposal recycling practices, and related information for public and private use; render technical assistance to state and local agencies in the planning and operation of hazardous waste programs; coordinate research and study in technical and managerial aspects of management and use of hazardous wastes, and recycling and recovery of resources from hazardous wastes; investigate market potential and the feasibility of use of hazardous wastes and recovery of resources from hazardous wastes; promote recycling and recovery of resources from hazardous wastes; conduct studies for the purpose of improving departmental operations; encourage the reduction or exchange, or both, of hazardous waste; and establish and maintain an information clearinghouse, which shall consist of a record of wastes which may be recyclable, and require every generator of hazardous

waste to supply the department with the information for the clearinghouse while assuring each generator that the information shall be made available in such a way that the trade secrets of the generator are protected.

Section 5. No person shall collect, transport, store, dispose of, treat, use or transport hazardous waste in a manner which could endanger human health, safety or welfare, or the environment, or in a manner inconsistent with any provision of this chapter, or of any regulation standard, license, or order issued pursuant to this chapter.

No person shall collect, transport, store, treat, use or dispose of hazardous waste unless that person is in possession of a valid license issued pursuant to this chapter and, when in possession of such waste shall have a valid manifest; provided, however, that the department, by regulation, may exempt from this prohibition the short term containment of hazardous waste on the premises of the person who generated said waste, for a period not exceeding nine months, or another period set by regulation of the department in a manner which does not constitute disposal.

No person who generates or who otherwise comes into possession of hazardous waste shall transfer custody or possession of such waste to any person who does not have a valid hazardous waste license, and such generator must prepare a manifest precisely descriptive of the waste.

No person shall violate, or allow or suffer any employee, agent or contractor to violate any provision of this chapter or any regulation, license, approval or order issued hereunder.

No person shall act in the capacity of, or advertise as, or assume to act as a hazardous waste licensee unless such person is in possession of a valid hazardous waste license issued under this chapter.

No person shall use a motor vehicle for the transportation of hazardous wastes on any way unless there has been issued for said vehicle a vehicle identification device, issued under the provisions of this chapter, and said device is attached to a cab card which is carried in the operators compartment of said vehicle where it is accessible to the operator of said vehicle.

Section 6. The department shall establish such regulations concerning the collection, storage, treatment, use or disposal of hazardous wastes at the site of generation as it deems necessary to protect public health, safety and welfare and the environment, and to implement the provisions of this chapter and RCRA.

Said regulations shall include requirements that generators maintain records and report to the division and to other agencies regarding the quantity and type of hazardous wastes which they have generated, stored, treated, disposed of or transferred to another person, and such other requirements as the division deems necessary.

Section 7. The department may license persons to undertake the collection, transportation, treatment and disposal of hazardous waste. After a site has been assigned under the provisions of section one hundred and fifty A of chapter one hundred and eleven, a person shall apply to the department for a license to

construct and operate a facility upon such site. The application shall contain such information as the department shall require, including, but not limited to, detailed engineering plans, specifications, operating and maintenance procedures, a description of the applicant's qualifications to manage and operate such a facility, a plan for the closure and post closure care of the facility and site, a financial statement, and a statement of the amounts and types of waste to be received at the facility.

The department shall require a hydrogeological study of the site area if, in the opinion of the department, a potential exists for groundwater contamination.

The department may issue a license subject to such terms, restrictions and requirements as it deems necessary to comply with this chapter, including a condition that the applicant shall remain responsible for the long term care of the site until the department certifies that any hazardous waste remaining on the site does not constitute a danger to public health, safety or welfare or a threat to the environment.

The department shall not issue a license to persons to undertake the transport of hazardous waste unless the applicant has furnished a certification issued by the department of public utilities that said applicant has conformed to all of the requirements of chapter one hundred and fifty-nine B.

The department shall issue vehicle identification devices to any person licensed under this section. Such vehicle identification devices may be issued for a period not to exceed one year, shall not be transferred to any vehicle other than the one for which it has been issued, and shall not be issued unless the applicant therefor has paid an annual fee of two hundred dollars for each vehicle.

The department shall consult with the department of public utilities with respect to the adoption, amendment, or repeal of such regulations relating to the transportation of hazardous waste.

The department may deny, suspend or revoke a license at any time, if it determines that any of the terms or conditions thereof have been violated, that the holder of or applicant for the license has violated any provision of this chapter, of the RCRA, or of any regulation, standard, order, license or approval issued thereunder, or that the holder of, or applicant for, the license is not competent with respect to the licensed activity. Any person whose license is suspended, revoked or denied hereunder shall also be subject to such other penalties, sanctions or liabilities as may be provided by law. The department may on its own initiative, or upon request by a board of health, or upon request by a licensee, or municipal authority, modify a license where necessitated by a proposed change in the scope or method of the licensee's operation or by a change in applicable federal or state law or regulations or where necessitated by the receipt of evidence that the terms and conditions of such license are not providing the necessary protection of human health and the environment.

The denial, suspension or revocation of a license for any class of hazardous waste or category of hazardous waste license may be grounds for the denial, suspension or revocation of a license

to that licensee for all other hazardous waste classes and license categories. Any person whose license renewal is denied or whose license is revoked for cause shall be barred from applying for any class or category of license issued under this section for a period of not more than five years. The term during which reapplication is barred shall be established as part of the determination or decision of the department in the proceedings relative to the denial or revocation.

Each license issued pursuant to this section shall be valid only for the person to whom it is issued and may not be transferred. All licenses shall be for a period not to exceed five years, unless a shorter term be specified therein by the division, or unless sooner revoked or suspended by the division. Every facility shall be inspected at least once a year.

Before any license to dispose of hazardous wastes shall be granted, the applicant shall prepare a detailed set of maps of the disposal site and the surrounding area as determined by the department. The maps shall be drawn to a scale of one hundred feet to one inch and shall include but not be limited to the names and locations of all streams, creeks, above and below ground water systems, including all aquifers, and shall also include a detailed statement describing the quality and chemical analysis of the water in the area where the proposed site is to be located.

No person shall establish, construct, or operate a facility for the landfill disposal of hazardous waste in a location overlying an actual, planned, or potential underground drinking water source as described on the groundwater maps of pertinent United States Geological Studies and the Massachusetts water resources commission.

Section 8. Personnel or authorized agents of the department may at all reasonable times enter any premises, public or private, for the purpose of investigating, sampling or inspecting any records, condition, equipment, practice or property relating to activities subject to this chapter, and may at any time enter such premises for the purpose of protecting the public health or safety, or to prevent damage to the environment. For the purposes of such entries no warrant shall be required provided, however, that upon demand by the owner or person in control of such premises, a warrant authorizing such entry and inspection shall be sought after such demand. Any court, judge, or justice authorized to issue warrants in criminal cases may issue such warrants.

Personnel of the department of public utilities appointed under section twelve F of chapter twenty-five shall have the authority to enforce the criminal, civil and administrative sanction provisions of this chapter and the regulations adopted thereunder as they relate to the transportation of hazardous waste and shall have the powers granted to them under section fourteen of chapter one hundred and fifty-nine B.

Section 9. Whenever it appears that there is a violation of any provision of this chapter or any license, order, approval or regulation issued or adopted thereunder, the department may issue to a person causing or contributing, or likely to cause or

contribute, to such violation or potential violation an order requiring the production or analysis of samples and the production of records, or imposing such restraints on or requiring such action by said persons, as it deems necessary to abate or prevent such hazard or violation. The department also may issue such orders as it deems necessary to secure compliance with any license. Issuance of an order under this section shall not preclude, and shall not be deemed an election to forego, any action to recover damages, or, to seek civil penalties, criminal fines and penalties or injunctive relief.

Section 10. Any violation of this chapter, or of any regulation, order, license, or approval made thereunder shall be presumed to constitute irreparable harm to the public health, welfare, safety and to the environment. Such presumption may be rebutted by the introduction of competent evidence. Any person who violates any provision of this chapter, or any regulation, order, license or approval issued or adopted thereunder: (a) shall be punished by a fine of not more than twenty-five thousand dollars, or by imprisonment for not more than five years, or both, for each such violation; or (b) shall be subject to a civil penalty not to exceed twenty-five thousand dollars for each such violation. Each day each such violation occurs or continues shall be a separate offense.

The superior court shall have jurisdiction to enjoin violations of, or grant such additional relief as it deems necessary or appropriate to secure compliance with, the provisions of this chapter, or any order, license, approval or regulation issued or adopted thereunder upon the petition of the attorney general, commissioner, or a city or town.

Section 11. Any person aggrieved by a determination by the department to issue, deny, modify, revoke or suspend any license or approval, or to issue an order, under the provisions of this chapter, may request an adjudicatory hearing before the department under the provisions of chapter thirty A. Any such determination shall contain a notice of this right to request a hearing and may specify a time limit, not to exceed twenty-one days, within which said person shall request said hearing. If no such request is timely made, the determination shall be deemed assented to. If a timely request is received, the department shall within a reasonable time act upon a request in accordance with the provisions of said chapter thirty A.

If, in making a determination which under the provisions of the preceding paragraph may be the subject of an adjudicatory hearing, the department finds that an imminent threat to the public health or safety, or to the environment could result pending the conclusion of the adjudicatory hearing requested thereon, the department may order that the determination become provisionally effective and enforceable immediately upon issuance, and shall remain so notwithstanding and until the conclusion of any adjudicatory hearing procedures.

A person aggrieved by a final decision in an adjudicatory hearing held under the provisions of this section may obtain judicial review thereof pursuant to the provisions of chapter

thirty A.

Section 12. Notwithstanding the provisions of any law to the contrary, any information, record, or particular part thereof, obtained by the department pursuant to the provisions of this chapter, shall, upon request, be kept confidential and not considered to be public record when it is deemed by the commissioner that such information, record, or report relates to secret processes, methods of manufacture, or production or that such information, record, or report if made public would divulge a trade secret. This section shall not prevent disclosure of any information necessary for an enforcement action or to comply with RCRA.

SECTION 3. Section seventeen A of chapter two hundred and seventy is hereby repealed.

SECTION 4. There is hereby established a special commission to consist of three members of the senate, one of whom shall be a co-chairman, five members of the house of representatives, one of whom shall be a co-chairman, the commissioner of environmental quality engineering or his designee, the commissioner of environmental management or his designee, the commissioner of public health or his designee, the secretary of environmental affairs or his designee, the secretary of economic affairs or his designee, the secretary of public safety or his designee and five persons to be appointed by the governor, one of whom shall represent the local government bodies, one of whom shall represent local boards of health, one of whom shall represent local health officers, one of whom shall represent industry, and one of whom shall be a member of the general public, knowledgeable in environmental protection.

Said commission shall:

- (a) investigate alternative procedures to be utilized by the authorities in granting local and state approval of sites for hazardous waste facilities;
- (b) investigate policies for creating a positive economic climate for the siting of hazardous waste disposal, transfer station and reclamation facilities;
- (c) investigate the development of guidelines and criteria for the siting of disposal, transfer station and reclamation facilities;
- (d) investigate the prohibition of siting hazardous waste landfills over aquifers, aquifer recharge zones, or groundwater flows supplying water to a municipality;
- (e) consider the transfer of the present power and duties of the bureau of solid waste disposal, established by sections eighteen to twenty-five, inclusive, of chapter sixteen of the General Laws to the department of environmental quality engineering; and
- (f) consider the prohibition of land disposal of hazardous waste when another reasonable alternative exists.

Said commission shall report to the general court the results of its investigation and study, and its recommendations, together with drafts of legislation necessary to carry such recommendations into effect by filing the same with the clerk of the house of representatives on or before the last Wednesday of June, nineteen

hundred and eighty.

SECTION 5. All orders, rules and regulations, licenses and approvals duly issued, made or adopted pursuant to the authority of the laws repealed by sections one and three of this act, and which are in force prior to the effective date of this act, shall continue in force and effect and shall be enforceable until they expire or until suspended, revised, rescinded or otherwise modified in accordance with the provisions of section two of this act. The department of environmental quality engineering is hereby authorized to repeal the regulations adopted by the former hazardous waste board.

SECTION 6. Any suit, action, cause of action or other proceedings lawfully commenced or arising prior to the effective date of this act shall not abate by reason of the passage of this act. Any such suit, action, cause of action, or proceeding shall be completed and enforceable by the department of environmental quality engineering.

SECTION 7. Any person licensed for the storage or disposal of hazardous wastes under the authority of sections fifty-seven and fifty-eight of chapter twenty-one of the General Laws in effect prior to the effective date of this act shall be deemed to be a fully approved facility and shall retain the rights of such approval so long as the person who owns or operates said facility continues to be licensed under the hazardous waste licensing program administered under this act. Said approval shall terminate in the event that said division revokes or refuses to renew said license.

SECTION 8. All employees of the division of water pollution control whose duties are transferred to the department of environmental quality engineering by this act shall be transferred to the department without any loss or impairment of any rights of said employees.

SECTION 9. The department of environmental management shall not exercise its eminent domain authority as authorized by section nineteen of chapter sixteen of the General Laws relative to the acquisition of sites for hazardous waste disposal before January first, nineteen hundred and eighty-one. Said authority may be exercised at an earlier date only if regulations, guidelines, standards and criteria promulgated by the department of environmental quality engineering relating to hazardous waste siting have been approved by the general court.

SECTION 10. Sections one and three of this act shall take effect on January first, nineteen hundred and eighty.

Approved November 9, 1979.

Chap. 705. AN ACT RELATING TO EMERGENCY SITUATIONS  
CAUSED BY SPILLS AND DISCHARGES OF OIL  
AND HAZARDOUS MATERIALS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide forthwith for the common-

wealth an immediate capability for responding to emergency situations involving spills and discharges of oil and hazardous materials, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of public health and safety.

---

Be it enacted, etc., as follows:

SECTION 1. Section 26A of chapter 21 of the General Laws, as most recently amended by section 1 of chapter 557 of the acts of 1979, is hereby further amended by inserting after the definition "FWPCA" the following definition:-

"Hazardous material", includes, but is not limited to, any material, including any discarded or waste material, in whatever form which, because of its quantity, concentration, chemical, corrosive, flammable, reactive, toxic, infectious or radioactive characteristics, either separately or in combination with any other substance or substances, constitutes a present or potential hazard to human health, safety or welfare, or to the environment, when improperly treated, stored, transported, disposed of, or otherwise managed.

SECTION 2. Section 27 of said chapter 21, as most recently amended by section 3 of chapter 546 of the acts of 1973, is hereby further amended by striking out clause (14) and inserting in place thereof the following clause:-

(14) Undertake immediately whenever there is spillage, seepage or other discharge of oil or hazardous material into or proximate to any of the waters of the commonwealth or into any offshore waters which may result in damage to the waters, shores or natural resources utilized or enjoyed by citizens of the commonwealth to cause said spillage, seepage or discharge to be contained and removed by whatever method it considers best. Chemicals shall not be used in the cleanup operation of oil or hazardous material spills unless their use has been authorized by the division, and if a public water supply or shellfish beds may be affected, by the department of public health. In this clause, the word "oil" shall mean insoluble or partially soluble oils of any kind or origin or in any form including, but not limited to, crude or fuel oils, lube oil or sludge, asphalt, insoluble or partially insoluble derivatives of mineral, animal or vegetable oils.

The division shall determine the person responsible for causing such spillage, seepage or discharge and the names of all persons who owned or controlled the oil or hazardous material or who owned or controlled or leased the vessel, tank, pipe, hose or other container in which the oil or hazardous material was located when the spillage, seepage or discharge occurred. Said persons shall be jointly and severally liable to the commonwealth for all costs and expenses incurred by the division in making such investigation, and in containing and removing the oil or hazardous material, and shall be jointly and severally liable to the commonwealth for all damages done to natural and recreational resources, including all costs of restoring damaged areas to their original condition, and to any other person for any damages to his real and personal property. The person responsible for causing such

spillage, seepage or discharge shall be punished by a fine of not more than ten thousand dollars for each day such spillage, seepage or discharge continues, or by imprisonment for not more than two years or both.

Upon request of the director, the attorney general shall bring an action to recover all costs and expenses incurred for such investigation, containment, removal, and restoration.

Such costs and expenses shall be recovered in an action of tort, and shall be credited to the account from which said sums of money had been advanced and may, subject to appropriation, be expended by the division for the purposes set forth in this clause. In any such action the commonwealth may also seek recovery for all loss and damage to the natural and recreational resources of the commonwealth.

Any owner or operator of a vessel, vehicle, railroad car or facility used for the production processing, transportation, transfer or storage of oil or hazardous material shall, as soon as he has knowledge of any such spillage, seepage or discharge of oil or hazardous material into or proximate to waters of the commonwealth, promptly notify the director of the division or his representative of such discharge. Any person who fails so to notify the director or his representative of such discharge shall be punished by a fine of not more than five thousand dollars.

Any person who removes oil as defined in this clause, or hazardous material, as defined in section twenty-six A, from the waters of the commonwealth or adjoining shorelines shall be entitled to reimbursement from any other person for the reasonable costs expended for such removal, if such oil or hazardous material resulted from the negligence of two or more persons, each shall be liable to the others for his pro rata share of the costs or removal.

Any person who gratuitously renders assistance at the request of a duly authorized officer in removing oil or hazardous material from the waters of the commonwealth or adjoining shorelines shall not be held liable, notwithstanding any other provision of law, for civil damages as a result of any act of omission by him in removing such oil or hazardous material, except acts or omissions amounting to gross negligence or willful or wanton misconduct.

Chap. 706. AN ACT RELATIVE TO WEIGHT LIMITATIONS  
FOR MOTOR VEHICLES HAULING REFUSE.

Be it enacted, etc., as follows:

Chapter 90 of the General Laws is hereby amended by striking out section 19A, as most recently amended by section 10 of chapter 494 of the acts of 1975, and inserting in place thereof the following section:-

Section 19A. Any provision of sections thirty and thirty A of chapter eighty-five to the contrary notwithstanding, a motor vehicle having two axles, which vehicle with its load weighs not more than forty-six thousand pounds, and a motor vehicle, trailer, semitrailer or semitrailer unit having three or more axles, which unit or vehicle with its load weighs not more than eighty thousand pounds, may travel on a public way without a permit as required by sections thirty and thirty A of chapter eighty-five; provided, that no such motor vehicle, trailer, semitrailer or semitrailer unit, the weight on any axle of which, measured at the ground, exceeds twenty-two thousand four hundred pounds, or, in the case of axles spaced less than six feet apart, eighteen thousand pounds, shall so travel without

such a permit; provided, further, that in any event such a motor vehicle, trailer, semitrailer or semitrailer unit may travel on a public way without such a permit if the overall gross weight on a group of two or more consecutive axles thereof does not exceed the gross weight produced by application of the following formula:

$$W = 500 \frac{LN}{N-1} + 12N + 36$$

where W = overall gross weight on any group of two or more consecutive axles to the nearest 500 pounds, L = distance in feet between the extreme of any group of two or more consecutive axles, and N = number of axles in group under consideration except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more: Provided, that such overall gross weight may not exceed eighty thousand pounds.

Every operator of a motor vehicle operated on a way shall, upon request or direction of any officer authorized to enforce the provisions of this chapter, operate such motor vehicle with any trailer which may be attached thereto to and upon the nearest scales available to the commonwealth within a distance of not more than five miles and permit the weighing thereof together with its load. Whoever refuses to comply with the request or direction of such officer shall be punished by a fine of not less than three hundred nor more than five hundred dollars and the registrar may suspend such operator's license for not more than ninety days. Whenever such vehicle has been so weighed and is found to weigh in excess of the limits provided by this chapter, no person shall further operate it upon a way unless the gross weight shall have been reduced to comply with said limits by removal of the excess weight.

No motor vehicle, trailer, semitrailer or semitrailer unit shall be operated, nor shall the owner or bailee thereof require or permit such operation, when the gross weight of such motor vehicle, trailer, semitrailer or semitrailer unit exceeds either the weight provided by this chapter or that specified in any permit issued by the commissioner of public works under sections thirty and thirty A of chapter eighty-five, whichever is the greater, but in no event in excess of the gross weight for which such vehicle is registered; nor shall any person load or cause to be loaded such vehicle in excess of such weights. If the gross weight of any such motor vehicle, trailer, semitrailer or semitrailer unit does not exceed one hundred and five per cent of the maximum gross weight provided by said permit, such motor vehicle, trailer, semitrailer or semitrailer unit shall not be deemed to be operating in violation of the provisions of sections thirty and thirty A of chapter eighty-five; but if the gross vehicle weight of such motor vehicle, trailer, semitrailer or semitrailer unit does exceed the said one hundred and five per cent of the maximum gross weight provided by said permit, any penalty provided in this chapter shall be determined on the difference between the actual gross weight of such motor vehicle, trailer, semitrailer or semitrailer unit and the weight permitted by this

section or the weight permitted by the said permit for such motor vehicle, trailer, semitrailer or semitrailer unit, whichever is the greater, at the time of such violation.

In the weighing of any motor vehicle or trailer or semitrailer unit under this chapter, portable scales may be used; provided, that such scales have been approved by the director of standards under section twenty-nine of chapter ninety-eight; and provided, further, that such scales shall be inspected at least once in each year by the director of standards or his inspectors. No officer authorized to enforce the provisions of this chapter shall detain for weighing on portable scales more than two motor vehicles, with or without trailers or semitrailers attached thereto, at any one place at any one time.

In any prosecution for a violation of this section or of section nineteen or section thirty of chapter eighty-five, a signed certificate on oath of any person appointed under section eighty-seven A of chapter forty-one of the weight of any motor vehicle or trailer or semitrailer shall be admissible in evidence without further proof, and shall constitute prima facie evidence of the weight of the motor vehicle or trailer or semitrailer described in such certificate. The said certificate shall be in such form as the registrar shall prescribe and shall be signed and sworn to by a person appointed under said section eighty-seven A and present at the weighing of such motor vehicle or trailer or semitrailer, and the court shall take judicial notice of the signature of such person and that he is so appointed.

In any claim for bodily injuries or for damage to property arising out of such direction to a scale location or such weighing, any officer or employee of the commonwealth authorized to enforce the provisions of this chapter may file a written request with the attorney general that the attorney general defend him against an action for damages for bodily injuries, including death, or for damage to property arising out of such officer's enforcement of this section, and the provisions of section three B of chapter twelve shall apply to such action as if it had arisen out of the operation of a motor vehicle.

Notwithstanding the foregoing provisions of this section, nor any contrary provisions of section thirty of chapter eighty-five, a construction type motor vehicle or a motor vehicle designed and used for the hauling of refuse having two axles, which vehicle with its load weighs not more than twenty-three tons, or a motor vehicle carrying bulk feed, or a construction type semitrailer unit or motor vehicle having three axles, or a semitrailer unit or motor vehicle having three axles while carrying liquid petroleum products, or a motor vehicle having three axles and designed and used for the hauling of refuse, which vehicle with its load weighs not more than thirty tons, may travel on a way while engaged in hauling construction materials or liquid petroleum products or bulk feed or refuse without a permit as required by said section thirty of said chapter eighty-five; provided, that the gross weight of such vehicle as operated does not exceed the gross vehicle weight rating as established by the original manufacturer of the chassis; and provided, further, that the vehicle is duly registered in this commonwealth for such weight. The operator of such a vehicle shall at all times comply

with the speed limitations as provided by section seventeen.

Chap. 713. AN ACT RELATIVE TO THE TAXATION OF OPEN LAND USED FOR RECREATIONAL PURPOSES.

Be it enacted, etc., as follows:

SECTION 1. The General Laws are hereby amended by inserting after chapter 61A the following chapter:-

CHAPTER 61B.  
CLASSIFICATION AND TAXATION OF RECREATIONAL LAND.

Section 1. Land not less than five acres in area shall be deemed to be recreational land if it is retained in substantially a natural, wild, or open condition or in a landscaped condition in such a manner as to allow to a significant extent the preservation of wildlife and other natural resources, including but not limited to, ground or surface water resources, clean air, vegetation, rare or endangered species, geologic features, high quality soils, and scenic resources. Land not less than five acres in area shall also be deemed to be recreational land which is devoted primarily to recreational use and which does not materially interfere with the environmental benefits which are derived from said land, and is available to the general public or to members of a non-profit organization including a corporation organized under chapter one hundred and eighty.

For the purpose of this chapter, the term recreational use shall be limited to the following: hiking, camping, nature study and observation, boating, golfing, horseback riding, hunting, fishing, skiing, swimming, picnicking, private non-commercial flying, including hang gliding, archery and target shooting.

Such recreational use shall not include horse racing, dog racing, or any sport normally undertaken in a stadium, gymnas-

ium or similar structure.

Section 2. The value of land classified under the provisions of this chapter shall be determined under section thirty-eight of chapter fifty-nine solely on the basis of its use. The board of assessors shall assess such land at valuations based upon the guidelines established under the provisions of chapter fifty-eight, but in no event shall such valuation exceed twenty-five per cent of its fair cash value as determined pursuant to chapter fifty-nine.

Section 3. Eligibility of land for valuation, assessment and taxation under this chapter shall be determined separately for each tax year. Application therefor shall be submitted to the board of assessors of each city or town in which such land is situated not later than October first of the year preceding each tax year for which such valuation, assessment and taxation is being sought. Application shall be made on a form prescribed by the commissioner of revenue and provided for the use of applicants by said board of assessors. Such form shall provide for the reporting of information pertinent to the provisions of this chapter and for certification by the applicant that he will immediately notify the board of assessors in writing of any subsequent circumstance within his control or knowledge which may cause a change in use of the land covered by such form prior to October first next following. Any application submitted under this section and covering leased land shall be accompanied by a written statement signed by the lessee of his intent to use such land for the purposes set forth in said application. A certification by a landowner that the information set forth in his application is true may be prescribed by said commissioner to be in lieu of a sworn statement to that effect. An application so certified shall be considered as if made under oath and subject to the same penalties as provided by law for perjury.

Section 4. If a change in use of land maintained as recreational land as defined in section one occurs between October first and December thirty-first of the year preceding the tax year, the board of assessors shall disallow or nullify the application filed under authority of section three, and, after examination and inquiry, shall determine the full and fair value of said land under the valuation standard applicable to other land and shall assess the same according to such value. If, notwithstanding such change of use, the land is valued, assessed and taxed under the provisions of this chapter in the ensuing year, upon notice thereof said board shall enter an assessment and the amount of the increased tax resulting from such assessment, as an added assessment and tax against such land, for the particular year involved in the manner prescribed in section seventy-five of chapter fifty-nine. The amount of the added assessment shall be equal to the difference, if any, between the assessment imposed under this chapter and the assessment which would have been imposed had the land been valued and assessed as other land. The enforcement and collection of additional taxes resulting from any additional assessment so imposed shall be as provided by said chapters fifty-nine and sixty.

Section 5. In any city or town in which a program of revaluation of all property therein has been or shall be undertaken and completed in time to be reflected in the assessments for the next succeeding tax year but not in sufficient time to permit landowners to make application prior to October first of the year preceding the tax year for the valuation, assessment and taxation of their lands for the ensuing tax year on the basis of being maintained in recreational use, any such application filed with the board of assessors after October first and not more than thirty days following the mailing of the tax bill containing the new valuation shall be deemed to have been timely made for the tax year of the revaluation program, notwithstanding any provision of this chapter to the contrary. If such application is approved and the lands qualify for valuation, assessment and taxation as lands maintained for recreational use in the ensuing tax year, the portion of any tax assessed for such year which is in excess of the tax which would have been assessed on such lands had such application been timely made and approved shall be abated.

Section 6. An application for valuation, assessment and taxation of land under the provisions of this chapter shall be allowed or disallowed by the board of assessors of the city or town in which such land is located within three months of the filing thereof. An application for valuation, assessment and taxation of land under the provisions of this chapter shall be disallowed by the board of assessors of the city or town in which such land is located if, in their judgment such land, in whole or in part, does not qualify thereunder. If any board of assessors shall determine that any such application is submitted for the purpose of evading payment of full and proper taxes, such board shall disallow such application. The failure of a board of assessors to allow or disallow any such application within three months following the filing thereof, shall be deemed a disallowance of such application. The board of assessors shall, within ten days of an allowance, or disallowance, send written notice of such allowance, or disallowance, by certified mail to the applicant and shall set forth therein the reason or reasons for disallowance together with a statement advising the applicant of his right to appeal therefrom as provided in section fourteen. In the case of a partial disallowance, the applicant shall be permitted to file an amendment to the original application.

With respect to the first application relating to a parcel of land which has been approved, and any subsequent such applications after a lapse of time when such land has not been valued, assessed and taxed under this chapter or after a change of record ownership of such land, the board of assessors shall forthwith cause to be recorded in the registry of deeds of the county or district in which the city or town is situated a statement of their action which shall constitute a lien upon the land covered by such application for such taxes as may be levied under the provisions of this chapter. The statement shall name the owner or owners of record and shall include a description of the land adequate for identification. Unless such a statement is recorded the lien shall not be effective with respect to a bona fide purchaser or other transferee without actual knowledge of such lien.

Upon application of any record owner, such liens shall be released by the board of assessors with respect to any parcel of land as hereinafter provided upon the applicable facts being established by records, affidavits or otherwise.

All liens for conveyance tax under section seven shall be released upon its being established that no conveyance or change of use by the owner at the time of such release will result in a conveyance tax under said section seven or that any such taxes which have become due have been paid.

All liens for roll-back taxes under section eight, other than roll-back taxes based on change of use after the date of such release, shall be released upon its being so established that no roll-back taxes have become due or that any such taxes which have become due have been paid.

The board of assessors shall also have the power and authority to release any such liens to correct any errors or omissions. Any release under this section shall be recorded with the registry of deeds.

When any land which has been valued, assessed and taxed under this chapter ceases to be so valued, assessed and taxed the board of assessors shall forthwith record in the said registry of deeds a statement to that effect which shall include the name of the record owner or owners, the date when such land ceased to be so valued, assessed and taxed and a description of the land adequate for identification.

Section 7. Any recreational land which is valued, assessed and taxed under the provisions of this chapter, if sold for other use within a period of ten years from the beginning of the fiscal year in which it was first so classified shall be subject to a conveyance tax applicable to the total sales price of such land, which tax shall be in addition to such taxes as may be imposed under any other provision of law. Said conveyance tax shall be at the following rate: ten per cent if sold within the first five years of ownership; and, five per cent if sold within the sixth through tenth year of ownership. No conveyance tax shall be imposed under the provisions of this section following the end of the tenth year of ownership. Said conveyance tax shall be due and payable by the grantor at the time of transfer of the property by deed or other instrument of conveyance and shall be payable to the tax collector of the city or town in which the property is entered upon the tax list; provided, however, that in the case of taking by eminent domain, the value of the property taken shall be determined in accordance with the provisions of chapter seventy-nine and the amount of conveyance tax, if any, shall be added thereto as an added value; and, provided, further, that if there is filed with the board of assessors an affidavit by the purchaser that such land is being purchased for recreational use, no conveyance tax shall be payable by the seller by reason of such sale, but if such land is not in fact continued in such use, the purchaser shall be liable for any conveyance tax that would have been payable on such sale as a sale for other use.

A nonexempt transfer subsequent to any exempt transfer or transfers shall be subject to the provisions of this section.

Upon such nonexempt transfer the date of acquisition by the grantor, for purposes of this section, shall be deemed to be the date of the last preceding transfer not excluded by the foregoing provisions from application of this section; except that in the case of transfer by a grantor who has acquired the property from a foreclosing mortgagee the date of acquisition shall be deemed to be the date of such acquisition. If any tax imposed under this section should not be paid, the collector of taxes shall have the same powers and be subject to the same duties with respect to such taxes as in the case of the annual taxes upon real estate. The law in regard to the collection of the annual taxes, to the sale of land for the nonpayment thereof and to redemption therefrom shall apply to such taxes, so far as the same are applicable. Any classified recreational land which is valued, assessed and taxed under the provisions of this chapter, if changed by the owner thereof to another use within a period of ten years from the date of its acquisition by said owners, shall be subject to the conveyance tax applicable hereunder at the time of such change in use as if there had been an actual conveyance, and the value of such land for the purpose of determining a total sales price shall be fair market value as determined by the board of assessors of the city or town involved for all other property.

Section 8. Whenever land which is valued, assessed and taxed under this chapter no longer qualifies as classified recreational land it shall be subject to additional taxes, hereunder referred to as roll-back taxes, in the current tax year in which it is disqualified and in such of the nine immediately preceding tax years in which the land was so valued, assessed and taxed; provided, however, that such roll-back taxes shall not be applicable unless the amount thereof as computed pursuant to this section, exceeds the amount, if any, imposed under the provisions of section seven and, in such case, the land shall not be subject to the conveyance tax imposed under said section seven; and provided, further, that no roll-back taxes shall be applicable if the land involved is purchased for a public purpose by the city or town in which it is situated. For each year, the roll-back tax shall be an amount equal to the difference, if any, between the taxes paid or payable in accordance with the provisions of this chapter and the taxes that would have been paid or payable had the land been valued, assessed and taxed without regard to such provisions. If, at the time during a tax year when a change in land use has occurred, the land was not then valued, assessed and taxed under the provisions of this chapter, then such land shall be subject to roll-back taxes only for such of the ten immediately preceding years in which the land was valued, assessed and taxed thereunder. In determining the amount of roll-back taxes on land which has undergone a change in use, the board of assessors shall have ascertained the following for each of the roll-back tax years involved:

(a) the full and fair value of such land under the valuation standard applicable to other land in the city or town;

(b) the amount of the land assessment for the particular tax year;

(c) the amount of the additional assessment on the land for the particular tax year by deducting the amount of the actual assessment on the land for that year from the amount of the land assessment determined under clause (a); and,

(d) the amount of the roll-back tax for that tax year by multiplying the amount of the additional assessment determined under clause (c) by the general property tax rate of the city or town applicable for that tax year.

Interest on roll-back taxes shall be payable, and shall be computed at the rate of interest provided by section fifty-seven of chapter fifty-nine over the period of the tax roll-back.

Section 9. Land which is valued, assessed and taxed on the basis of its recreational use under an application filed and approved pursuant to this chapter shall not be sold for or converted to residential, industrial or commercial use while so valued, assessed and taxed unless the city or town in which such land is located has been notified of intent to sell for or convert to such other use provided, however, that the discontinuance of the use of such land for recreational purposes shall not be deemed a conversion. Specific use of land for a residence for the owner or his spouse or a parent, grandparent, child, grandchild, or brother or sister of the owner, or the surviving husband or wife of any deceased such relative, or for living quarters for any persons actively employed full time in the recreational use of such land, shall not be deemed to be a conversion for purposes of this section; and a certificate of the board of assessors, recorded with the registry of deeds, shall conclusively establish that a particular use is such a use. For a period ninety days subsequent to such notification, said city or town shall have, in the case of intended sale, a first refusal option to meet a bona fide offer to purchase said land, or, in the case of intended conversion not involving sale, an option to purchase said land at full and fair market value to be determined by impartial appraisal. Such notice of intent shall be sent by the landowner via certified mail to the mayor and city council of a city, or to the board of selectmen of a town, to its board of assessors and to its planning board and conservation commission, if any, and said option period shall run from the day following the latest date of deposit of any such notices in the United States mails. No sale or conversion of such land shall be consummated unless and until either said option period shall have expired or the landowner shall have been notified in writing by the mayor or board of selectmen of the city or town in question that said option will not be exercised. Such option may be exercised only by written notice signed by the mayor or board of selectmen, mailed to the landowner by certified mail at such address as may be specified in his notice of intention and recorded with the registry of deeds, within the option period. An affidavit by a notary public that he has so mailed such a notice of intent on behalf of a landowner shall conclusively establish the manner and time of the giving of such notice; and such an affidavit, and such a notice that the option will not be exercised, shall be recorded with the registry of deeds. Each such notice of intention, notice of exercise of the option and notice that the option will not be

exercised shall contain the name of the record owner of the land and a description of the premises so to be sold or converted adequate for identification thereof; and each such affidavit by a notary public shall have attached to it a copy of the notice of intention to which it relates. Such notices of intention shall be deemed to have been duly mailed to the parties above specified if addressed to them in care of the town or city clerk; and in the case of notice to a city council or a board or commission, addressed to it as such entity. The provisions of this section shall not be applicable with respect to a mortgage foreclosure sale; but the holder of a mortgage shall, at least forty-five days before a foreclosure sale, send written notice of the time and place of such sale to the parties and in the manner above provided in this section for notice of intent to sell or convert, and the giving of such notice may be established by an affidavit of a notary public as above set forth.

Section 10. All building located on land which is valued, assessed and taxed on the basis of its recreational use in accordance with the provisions of this chapter and all land occupied by a dwelling or regularly used for family living shall be valued, assessed and taxed by the same standards, methods and procedures as other taxable property.

Section 11. Continuance of land valuation, assessment and taxation under the provisions of this chapter shall depend upon continuance of such land in recreational use and compliance with other requirements of this chapter and not upon continuance in the same owner of title to such land. Liability to roll-back taxes, determined pursuant to section eight shall attach when such land no longer qualifies as recreational land actively and shall be the obligation of the then owner of the land. For purposes relating to roll-back taxes such qualification shall depend on the actual use of such land, and not on the filing of application under section three for any year.

Section 12. If, by conveyance or other action of the owner thereof, a portion of land which is valued, assessed and taxed under the provisions of this chapter is separated for a use which does not qualify as recreational land, the land so separated shall be subject to liability for conveyance or roll-back taxes applicable thereto, but such separation shall not impair the right of the remainder of such land to continuance of valuation, assessment and taxation thereunder; provided, however, that such remaining land continues to so qualify.

Section 13. Land qualifying for valuation, assessment and taxation under this chapter shall be subject to special assessments or betterment assessments to such pro rata extent as the service or facility financed by such assessment is used for improving the recreational use capability of said land or for the personal benefit of the owner thereof. Any such assessment may however, upon application, be suspended during the time the land is in classified recreational use; provided, however, that the interest thereon shall be paid annually.

Section 14. The assessment, collection, apportionment and

payment over of the roll-back taxes imposed by section eight shall be governed by the procedures provided for the assessment and taxation of omitted property under section seventy-five of chapter fifty-nine. Such procedures shall apply to each tax year for which roll-back taxes may be imposed notwithstanding the limitation set forth in said chapter fifty-nine with respect to the periods for which omitted property assessments may be imposed. Any person aggrieved by any determination or assessment by the board of assessors under this chapter may within sixty days of the date of notice thereof apply in writing to the assessors for modification or abatement thereof. Any person aggrieved by the refusal of the assessors to modify such a determination or make such an abatement or by their failure to act upon such an application may appeal to the appellate tax board within thirty days after the date of notice of their decision or within three months of the date of the application, whichever date is later. It shall be a condition of such appeal with respect to the annual general property tax that the asserted tax be paid, but no payment shall be required as a condition of such appeal with respect to any asserted conveyance tax or roll-back tax. If any payment of any tax imposed by this chapter should be made and as the result of any such modification or abatement by the board of assessors or decision by the appellate tax board it shall appear that any such tax has been overpaid, such excess payment shall be reimbursed by the town treasurer with interest at the rate of six per cent per annum from time of payment. Collection of any conveyance or roll-back taxes, by sale or taking or otherwise, may be stayed by the appellate tax board while any such appeal is pending. Any partial payment of the asserted tax that may be required by the appellate tax board in connection with such tax shall not exceed one-half of the asserted tax.

Section 15. In connection with any proposed or completed sale or other transfer of any land which has been valued, assessed and taxed under the provisions of this chapter, the owner of record of the land may apply to the board of assessors for a certificate of the amount of conveyance tax and roll-back tax, if any, payable by reason of such sale or other transfer, or that no such tax is payable and stating the amount of any conveyance or roll-back taxes that are payable with respect to such land. Such certificate shall be provided to the applicant within twenty days after application therefor. Such certificate may be recorded with the registry of deeds, and upon such recording of such a certificate become payable, or a certificate by the collector of taxes that the amount of tax stated in such certificate of the board of assessors has been paid, all liens on such land for taxes under this chapter shall terminate, except that any liens for any roll-back taxes assessed by reason of land ceasing to qualify for valuation, assessment and taxation under this chapter after the date of such sale or other transfer, shall continue. In connection with the issuance of such a certificate, the board of assessors may rely upon their own records, affidavits and such other information as they may deem appropriate. The board of assessors shall charge six dollars for each certificate so issued,

and the money so received shall be paid into the town treasury.

Section 16. In determining the equalization required by section nine of chapter fifty-nine the commissioner of revenue shall determine the value of such land on the basis of its recreational use.

Section 17. The factual details to be shown on the tax list of a board of assessors with respect to land which is valued, assessed and taxed under this chapter shall be the same as those set forth by said board with respect to other taxable property in the same city or town.

Section 18. The commissioner of revenue shall promulgate such rules and regulations and shall prescribe the use of such forms and procedures as he deems appropriate to and consistent with effectuation of the purposes of this chapter.

SECTION 2. Section 6 of chapter 58A of the General Laws, as most recently amended by section 10 of chapter 580 of the acts of 1978, is hereby further amended by striking out the first sentence and inserting in place thereof the following sentence:-

The board shall have jurisdiction to decide appeals under the provisions of section forty-two E of chapter forty; of sections two and fourteen of chapter fifty-eight; of clauses Seventeenth and Twenty-second of section five of chapter fifty-nine; chapter fifty-nine A; of sections seven, seven A, thirty-nine, sixty-four, sixty-five, sixty-five B, seventy-three and eighty-one of said chapter fifty-nine; of section two of chapter sixty A; section fourteen of chapter sixty-one B; of sections thirty-nine, sixty-seven and sixty-eight of chapter sixty-two C; of section two of chapter sixty-three; of section twenty-six of chapter sixty-five; of section four of chapter sixty-five A; and under any other provision of law wherein such jurisdiction is or may be expressly conferred.

Chap. 716. AN ACT RELATIVE TO THE REQUIREMENT THAT A PUBLIC CHARITY REGISTER AND FILE ANNUAL REPORTS WITH THE DIVISION OF PUBLIC CHARITIES OF THE DEPARTMENT OF THE ATTORNEY GENERAL.

Be it enacted, etc., as follows:

Chapter 12 of the General Laws is hereby amended by striking

out sections 8 through 8K, and inserting in place thereof the following new sections:-

Section 8. The attorney general shall enforce the due application of funds given or appropriated to public charities within the commonwealth and prevent breaches of trust in the administration thereof.

Section 8A. Definitions. As used in this section and in sections eight B to eight M, inclusive, the following words and phrases shall, unless a different meaning is plainly required by the context, have the following meanings:-

"Director", the director of public charities appointed pursuant to the provisions of section eight C.

"Division", the division of public charities established under section eight B.

Section 8B. There shall be in the department of the attorney general a division of public charities which shall, under the direction and control of the attorney general, perform the duties imposed upon him by the provisions of section eight to eight M, inclusive.

Section 8C. The executive and administrative head of the division shall be an assistant attorney general designated by the attorney general to act as the director of public charities.

Section 8D. The director may appoint and remove, subject to the approval of the attorney general, such accounting, investment, clerical and other experts and assistants as the work of the division may require.

Section 8E. Every public charity established, organized or chartered under the laws of the commonwealth or under the laws of any other state, except the American National Red Cross, the Grand Army of the Republic, American Veterans of World War II, Korea and Vietnam, AMVETS, the United Spanish War Veterans, the American Legion, the Disabled American Veterans of the World War, Military Order of the Purple Heart, the Paralyzed Veterans of America, the Veterans of World War I of the U.S.A., and the Veterans of Foreign Wars of the United States, shall, before engaging in charitable work or raising funds in the commonwealth, register with the division by filing a copy of its charter, articles of organization, agreement of association or instrument of trust, and a true copy of its constitution and by-laws, together with such other information as the director may require. Every public charity registered with the division shall also file with the division any amendments to its charter, articles of organization, agreement of association, instrument of trust or constitution, within thirty days after adoption.

If a public charity willfully fails to comply with the requirements of this section, every officer and every agent who authorizes or transacts business on behalf of such public charity in this commonwealth shall be assessed a civil penalty of not more than five hundred dollars. The attorney general may bring an action in the superior court to restrain a public charity from violating this section and to restrain a public charity from trans-

acting any business while such violation continues.

Section 8F. The trustee or trustees or the governing board of every public charity shall annually, at a time to be determined by the director, file with the division a written report for its last preceding fiscal year. Such report shall be filed on forms prescribed by the director and shall contain such financial and other information as the director may require. A public charity which is required by law to file accounts in a probate court of the commonwealth may file a copy of such account for any year with the division in lieu of the annual report, but each such public charity shall supply to the director, upon request, such additional information as the director may require.

A public charity, other than one which files its annual probate account with the division in lieu of the annual report, which received more than one hundred thousand dollars in gross support and revenue during the fiscal year covered by its report must submit a complete audited financial statement together with its annual report. For purposes of this section, gross support and revenue shall not include any gains or losses from the sale of a capital asset. The audited financial statement shall be prepared in accordance with such generally accepted accounting principles and reporting practices as may from time to time be prescribed by the American Institute of Certified Public Accountants, or its successor organization, and shall be examined by an independent certified public accountant in accordance with generally accepted auditing standards for the purpose of expressing an opinion thereon. The director may, by regulation, exempt certain types or classes of organizations from the audit requirement or from completing any portions of the annual report if the director determines that such exemption would be in the public interest.

The annual reports and any other documents prescribed by the director shall be signed by an authorized officer of the public charity and shall be verified under oath. There shall be a filing fee of twenty-five dollars for each such report, to be paid to the division at the time of filing. In the event that any public charity shall fail to file a report required hereunder, the division may bring an action to restrain the charity from transacting any business in the commonwealth or may take such other action as may be appropriate to compel compliance with the provisions of this section.

This section shall not apply to any property held for any religious purpose by any public charity, incorporated or unincorporated.

Any public charity, or the responsible officer or agent of a public charity, who willfully fails to file a written report for any year shall be assessed a civil penalty of not more than five hundred dollars. Any public charity, or any officer or agent of a public charity, who willfully makes, executes or files a report false in any material representation shall be punished by a fine of not more than five thousand dollars or by imprisonment for not more than one year or both.

Section 8G. The attorney general shall be made a party to all judicial proceedings in which he may be interested in the performance of his duties under the provisions of sections eight to

eight M, inclusive, and service upon or notice to the director in any such proceeding shall be deemed sufficient service upon or notice to the attorney general.

Section 8H. (1) The attorney general, whenever he believes that charitable funds have not been or are not being applied to charitable purposes or that breaches of trust have been or are being committed in the administration of a public charity, may conduct an investigation upon application to and with the approval of a judge of the trial court. In conducting such investigation the attorney general may: (a) take testimony under oath; (b) examine or cause to be examined any documentary material of whatever nature relevant to such alleged misapplication of charitable funds or breach of trust; and (c) require attendance during such examination of documentary material of any person having knowledge of the documentary material and take testimony under oath or acknowledgment in respect of any such documentary material. Such testimony and examination shall take place in the county where such person resides or has a place of business or, if the parties consent or such person is a non-resident or has no place of business within the commonwealth, in Suffolk county. (2) Notice of the time, place and cause of such taking of testimony, examination or attendance shall be given by the attorney general at least ten days prior to the date of such taking of testimony or examination. (3) Service of any such notice may be made by (a) delivering a duly executed copy thereof to the person to be served or to a partner or to any officer or agent authorized by appointment or by law to receive service of process on behalf of such person; (b) delivering a duly executed copy thereof to the principal place of business in the commonwealth of the person to be served; or (c) mailing by registered or certified mail a duly executed copy thereof addressed to the person to be served at the principal place of business in the commonwealth or, if said person has no place of business in the commonwealth, to his principal office or place of business. (4) Each such notice shall: (a) state the time and place for the taking of testimony or the examination and the name and address of each person to be examined, if known, and, if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs; (b) state the statute and section thereof, if any, the alleged violation of which is under investigation and state the general subject matter of the investigation; (c) describe the class or classes of documentary material to be produced thereunder with reasonable specificity, so as fairly to indicate the material demanded; (d) prescribe a return date within which the documentary material is to be produced; and (e) identify the members of the attorney general's staff to whom such documentary material is to be made available for inspection and copying. (5) No such notice shall contain any requirement which would be unreasonable or improper if contained in a subpoena duces tecum issued by a court of the commonwealth; or require the disclosure of any documentary material which would be privileged or which for any other reason would not be required by a subpoena duces tecum issued by a court of the commonwealth. (6) Any documentary material or other informa-

tion produced by any person pursuant to this section shall not, unless otherwise ordered by a court of the commonwealth for good cause shown, be disclosed to any person other than the authorized agent or representative of the attorney general, unless with the consent of the person producing the same. (7) The superior court for the county of Suffolk or for any county in which any person served in accordance with this section resides or has his usual place of business may, at any time prior to the date specified in the notice, or within twenty-one days after the notice has been served, whichever period is shorter, upon motion for good cause shown, extend such reporting date or modify or set aside the notice provided for in this section.

This section shall not be applicable to any criminal proceeding nor shall information obtained under the authority of this section be admissible in evidence in any criminal prosecution for substantially identical transactions.

Section 8I. A person upon whom a notice is served pursuant to the provisions of section eight H shall comply with the terms thereof unless otherwise provided by the order of a court of the commonwealth. Any person who fails to appear, or with intent to avoid, evade, or prevent compliance, in whole or in part, with any civil investigation under this chapter, removes from any place, conceals, withholds, or destroys, mutilates, alters, or by any other means falsifies any documentary material in the possession, custody or control of any person subject to any such notice, or knowingly conceals any relevant information, shall be assessed a civil penalty of not more than five thousand dollars.

The attorney general may file in the superior court of the county in which such person resides or has his principal place of business, or in the superior court of Suffolk county if such person is a non-resident or has no principal place of business in the commonwealth, and serve upon such person, in the same manner as provided in section eight H, a petition for an order of such court for the enforcement of this section and section eight H. Any disobedience of any final order entered under this section by any court shall be punished as a contempt thereof.

Section 8J. The director shall from time to time formulate such reasonable rules and regulations as may be necessary to carry out the provisions of sections eight to eight M, inclusive, and such rules and regulations shall thereafter govern all such matters.

Section 8K. A gift made for a public charitable purpose shall be deemed to have been made with a general intention to devote the property to public charitable purposes, unless otherwise provided in a written instrument of gift.

Section 8L. Every public charity required to file written annual reports with the division pursuant to section eight F shall, in accordance with rules and regulations prescribed by the division, keep true fiscal records as to its activities within the commonwealth in such form as will enable it accurately to provide the information required by said section. Upon demand, such records shall be made available to the division for inspection. Such records shall be retained for a period of at least three

years after the end of the period to which the annual report relates.

Section 8M. Except as otherwise provided in this chapter, all registration statements, annual reports and all other information required to be filed under sections eight to eight M, inclusive, or by the division, shall be public records in the office of the division and shall be open to the general public for inspection at such time and under such conditions as the division may prescribe.

In order to void a motor vehicle sale under this section the buyer shall, within ten days from the date of sale, notify the seller of his intention to do so, deliver the motor vehicle to the seller, provide the seller with a written statement signed by an authorized agent of such inspection station stating the reasons why the motor vehicle failed to pass the safety or combined safety and emissions inspection and an estimate of the cost of necessary repairs. The buyer shall be entitled to a refund of his purchase price unless the buyer and seller agree in writing that the seller may make the necessary repairs at his own cost and expense within a reasonable period of time thereafter. Chap. 762.      AN ACT FURTHER REGULATING THE GOVERNMENT LAND BANK.

Be it enacted, etc., as follows:

SECTION 1. Section 1 of chapter 212 of the acts of 1975 is hereby amended by inserting after the first paragraph the following two paragraphs:-

It is hereby further found that there exists underutilized property owned by the commonwealth or the federal government which property is surplus to current and projected governmental need; that such surplus property is a significant resource which if returned to productive economic use, would contribute to the provision of gainful employment, increased revenue for the commonwealth and municipalities, and a more stable economy; and that the acquisition, development or disposition of such property in accordance with redevelopment plans is a valid public purpose.

It is hereby further found that decadent, substandard, or blighted open areas exist in the commonwealth; that each such area constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of the commonwealth; that each such area constitutes an economic liability, substantially impairs or arrests the sound growth of municipalities, and retards the economic well being of the commonwealth; that each decreases the value of private investments and threatens the sources of public revenue; that redevelopment of each such area in accordance with a redevelopment plan for the elimination of substandard conditions and the prevention of their recurrence is necessary to retain existing industries, attract new industries, and promote the sound economic growth of the commonwealth; that the menace of such decadent or blighted open areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively

by the ordinary operations of private enterprise without the aid herein provided; that unemployment and under-employment have been caused in part by industrial and manufacturing companies moving from the commonwealth; that many existing industrial and manufacturing facilities within the commonwealth are obsolete and inefficient; that such facilities are underutilized or vacated, thereby creating additional unemployment; that such obsolescence and abandonment of existing facilities are causing injury to the economy of the commonwealth and its municipalities; that the manufacturing and industrial sector of the economy provides one of the best immediate opportunities for better jobs at higher wages for inhabitants of the commonwealth and that new industrial and manufacturing sites are required to attract and house new industries and to retain existing industries in need of expansion space; that unaided, private enterprise will not be able to develop such decadent, substandard, or blighted open areas due to problems encountered in the assembly of suitable building sites, the provision of adequate public services, the unavailability of sufficient private capital for development and the inability of private enterprise alone to plan, finance and coordinate economic development projects; that in many areas of the commonwealth, municipalities want and need to revitalize their economic job base, but due to the size and cost of development are unable to do so; that the continuing increase in the cost of assembling land available for development particularly in substandard, decadent, or blighted areas of the commonwealth substantially impair the ability of commonwealth and cities and towns of the commonwealth to stimulate economic and industrial growth in order to produce gainful employment; that the acquisition of property for the purpose of eliminating decadent, substandard, or blighted open conditions therein, preventing recurrence of such conditions in the area, the removal of structures and improvements, the improvement of sites for commercial, manufacturing, residential, and industrial uses, the disposition of the property for redevelopment incidental to the foregoing, and the exercise of powers by a government land bank are public uses and purposes for which public money may be expended.

SECTION 2. Said section 1 of said chapter 212 is hereby further amended by striking out the last paragraph and inserting in place thereof the following paragraph:-

Therefore, it is the purpose of the government land bank created by this act to aid private enterprise or public agencies in the speedy and orderly conversion and redevelopment of certain lands formerly used for military activities to non-military uses, including industrial, commercial, and residential uses, and in the development and redevelopment of substandard, blighted or decadent areas and of surplus government property to stimulate economic development including industrial, commercial and residential uses, in order to prevent blight, economic dislocation, and additional unemployment or to aid private enterprise in the construction and rehabilitation upon such lands of decent, safe, and sanitary housing available to persons of low and moderate income in order to alleviate the shortage of such housing.

SECTION 2A. Section 2 of said chapter 212 is hereby amended

by striking out the second paragraph and inserting in place thereof the following paragraph:-

Said commissioner and said secretary shall have a vote on the board. Directors, except the commissioner of administration, and the secretary of communities and development shall serve for terms of three years; provided, however, that of those initially appointed, three shall be appointed for terms of one year, three for two years, and two for three years. Vacancies arising otherwise than from the expiration of a term shall be filled by the governor for the remainder of the unexpired term. Directors shall serve without compensation but shall be reimbursed for expenses necessarily incurred in the performance of their duties.

SECTION 3. The fourth paragraph of said section 2 of said chapter 212 is hereby amended by striking out the third sentence and inserting in place thereof the following sentence:- Salaries for employees, including the executive director and the treasurer, shall be set by the directors.

SECTION 4. Section 3 of said chapter 212 is hereby amended by striking out the first paragraph and inserting in place thereof the following two paragraphs:-

There shall be at least three advisory boards to the bank, one for the Chelsea Naval Hospital, one for Westover Air Force Base, and one jointly for the Boston Naval Shipyard, South Boston Annex and Boston Army Base. Each advisory board shall consist of eleven members, who shall be appointed as follows:- the mayor of the city of Chicopee and the chairman of the board of selectmen of the town of Ludlow shall each appoint four members of the Westover advisory board; the mayor of the city of Chelsea shall appoint eight members of the Chelsea advisory board; and the mayor of the city of Boston shall appoint eight members of the Boston advisory board. The three remaining members of each board shall be appointed by the governor.

The governor may create other such advisory boards as he deems to be desirable in advising the board of directors of the bank regarding specific redevelopment plans pending before said board.

SECTION 5. Section 4 of said chapter 212 is hereby amended by striking out clause (e), as amended by section 2 of chapter 732 of the acts of 1977, and inserting in place thereof the following clause:-

(e) enter into agreements or other transactions with any governmental agency or private person in connection with any of its powers or duties hereunder, including without limitation those

All monies held in a Capital Reserve Fund, except as hereinafter provided, shall be used solely for the payment of the principal of bonds of the MHMFA which are secured by such Capital Reserve Fund as the same mature, the purchase of such bonds, the payment of interest on such bonds, or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; provided, however, that monies in a Capital Reserve Fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the maximum amount of principal and interest becoming due in any succeeding fiscal year of MHMFA on all outstanding bonds which are secured by such Capital Reserve Fund, except for the purpose of paying the principal of an interest on such bonds becoming due and for the payment of which other monies of the MHMFA are not available. Any income or interest earned by, or increment to, a Capital Reserve Fund due to the investment thereof shall be used by the MHMFA for the purposes of such Capital Reserve Fund.

Notwithstanding any general or special law to the contrary, and except as otherwise provided in the applicable resolution or other instrument, (1) any pledge made by the MHMFA in any resolution or other instrument authorizing notes or bonds, or securing the same, shall be valid and binding from the time specified in such resolution or instrument, (2) any such pledge by MHMFA of its rights to receive payments of any kind from or for the account of mortgagors under mortgages, participations therein, or subsidy, guarantee, insurance or other contracts relating thereto, and of its revenues or other property, and of the mortgages, notes, such participations, such subsidy, guarantee, insurance or other contracts or other collateral, and of the proceeds of any or all thereof, shall be valid and binding and shall be deemed continuously perfected for the purposes of the Uniform Commercial Code from the time the pledge is made, (3) any such pledge shall be effective as to all such rights and other pledged property whether then existing or thereafter coming into existence, whether then held or thereafter acquired by MHMFA, and whether or not segregated or held in trust by MHMFA, (4) the rights, revenues, mortgages, notes, participations, contracts, collateral, other property and proceeds so pledged shall immediately be subject to the lien of such pledge without any physical delivery or segregation thereof or further act, (5) the lien of such pledge shall be valid and binding against MHMFA, irrespective of whether such parties have notice thereof, and (6) the resolution or other instrument by which a pledge is created need not be filed or recorded except in the records of the MHMFA, and no filing need be made under the Uniform Commercial Code.

SECTION 17. Section 13 of said chapter 846 is hereby amended by inserting after the second sentence thereof the following new sentence:- Notwithstanding any general or special law to the contrary, all mortgage lenders may properly and legally invest funds, including capital in their control or belonging to them, in

new residential mortgages and interests therein and other securities or obligations held by or for the account of the MHMFA under this act, and may participate with MHMFA in making or acquiring new residential mortgages or jointly own interests in new residential mortgages with MHMFA, and may otherwise transact business with MHMFA as contemplated herein.

Chap. 796. AN ACT ESTABLISHING AN EXECUTIVE OFFICE OF ENERGY RESOURCES TO COORDINATE AND PROMOTE ENERGY CONSERVATION AND ALTERNATIVE ENERGY DEVELOPMENT AND FOR RELATED PURPOSES.

Whereas, The deferred operation of this act would tend to defeat its purpose which is to provide immediately a comprehensive energy program for the commonwealth, therefore, it is hereby declared to be an emergency law, necessary for the

immediate preservation of the public convenience. \_\_\_\_\_

Be it enacted, etc., as follows:

SECTION 1. (A) The general court hereby determines: that energy shortages and the high cost of energy have created economic dislocations and hardships, including loss of jobs, closing of businesses and general economic stagnation or deterioration in the commonwealth, causing the commonwealth to be dependent, to an inordinate degree, upon insecure and exceedingly costly hydrocarbon fuel products of various types imported from abroad; that the handling and burning of such hydrocarbon fuel products pollutes the air and water of the commonwealth; and that the aforesaid conditions constitute a threat to the health, safety, welfare, and convenience of the commonwealth and its citizens.

(B) It is the purpose and policy of this chapter including the bonding provisions to protect the people of the commonwealth in their right to the conservation, development, and utilization of natural resources; to promote the health, safety, welfare, and convenience of the commonwealth and its citizens by reducing the dependence of the commonwealth and its citizens on the use of hydrocarbon fuels; to promote the development of alternative energy and energy conservation; to enhance the natural environment and protect the public from air and water pollution by reducing excessive use of hydrocarbon fuels; to enhance the economic development of alternative energy and energy conservation-related industries in the commonwealth, thereby reducing unemployment and economic blight; and to relieve the consumers of the commonwealth from excessive dependence on unreliable and costly sources of hydrocarbon fuels imported from abroad, thereby affording them greater protection against supply curtailments of energy sources necessary for their health, safety, and welfare.

(C) It is therefore expressly declared that the provisions of this chapter and the powers herein conferred, constitute needed programs in the public interest and serve a necessary and valid public purpose for which public money may be expended or invested.

SECTION 2. Chapter 6A of the General Laws is hereby amended by striking out section 2, as most recently amended by section 6 of chapter 1168 of the acts of 1973, and inserting in place thereof the following section:-

Section 2. There are hereby established the following executive offices, each of which shall serve directly under the governor:- communities and development, consumer affairs, educational affairs, energy resources, environmental affairs, human services, elder affairs, manpower affairs, public safety, and transportation and construction.

Chap. 797. AN ACT MAKING CHANGES IN THE LAW PROVIDING FOR THE TAXATION OF REAL PROPERTY BY USAGE CLASSIFICATION.

Whereas, The deferred operation of this act would tend to defeat its purpose which is to provide immediately for the taxation of real property by usage classification and to provide for an equitable application of the real property tax burden among commercial, industrial and residential property owners, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 40 of the General Laws is hereby amended by adding the following section:-

Section 56. The board of assessors with the approval of the selectmen in each town and the mayor, with the approval of the city council of each city, which city or town has been certified by the commissioner of revenue to be assessing property at full and fair cash valuation, shall biennially on or before May first determine the percentages of the local tax levy to be borne by each class of real property, as defined in section three of chapter fifty-nine, and personal property for the next two fiscal years. In determining such percentages, the selectmen or mayor, as the case may be, shall first adopt a residential factor. Said factor shall be an amount not less than the minimum residential factor determined by the commissioner of revenue in accordance with the provisions of section one A of chapter fifty-eight.

Class one percentage, the full and fair cash valuation of the class one property divided by the full and fair cash valuation of all real and personal property in said city or town multiplied by the residential factor.

Class two percentage, the full and fair cash valuation of the class two property divided by the full and fair cash valuation of all real and personal property in said city or town multiplied by not less than eighty-five per cent of the residential factor.

Class three percentage, the full and fair cash valuation of the class three property divided by the sum of full and fair cash valuation of class three and class four real property and personal property in such city or town multiplied by the difference between one hundred per cent and the sum of the class one and two percentages.

Class four percentage, the full and fair cash valuation of the class four property divided by the sum of the full and fair cash valuation of the class three and class four real property and personal property in such city or town multiplied by the differ-

ence between one hundred per cent and the sum of the class one and class two percentages.

Personal property percentage, the full and fair cash valuation of the personal property in a city or town divided by the sum of the full and fair cash valuation of the class three and class four real property and the personal property in a city or town multiplied by the difference between one hundred per cent and the sum of the class one and class two percentages.

As used in this section the full and fair cash valuation amounts shall be those amounts as determined by the commissioner of revenue and sent to each city and town pursuant to section one A of chapter fifty-eight.

The percentages, so determined, shall upon certification of the commissioner be transmitted to the board of assessors to be used in setting the tax rates pursuant to section twenty-three A of chapter fifty-nine.

SECTION 2. Chapter 41 of the General Laws is hereby amended by inserting after section 30A the following section:-

Section 30B. Any two or more cities and towns may enter into an agreement for joint or cooperative assessing, classification and valuation of property. Such agreement shall provide for:-

- (1) the division, merger or consolidation of administrative functions between or among the parties, or the performances thereof by one city or town on behalf of all the parties;
- (2) the financing of the joint or cooperative undertaking;
- (3) the rights and responsibilities of the parties with respect to the direction and supervision of the work to be performed and with respect to the administration of the assessing office including the receipt and disbursement of funds, the maintenance of accounts and records and the auditing of accounts;
- (4) annual reports of the assessor to the constituent parties;
- (5) the duration of the agreement and procedures for amendment or termination thereof; and
- (6) any other necessary or appropriate matter.

Unless the agreement provides for assessing by one city or town on behalf of the other cities and towns parties thereto, the agreement shall provide for the designation of an appointing authority representing all of the cities and towns in the district, which shall be responsible for the appointment of an assessor who shall serve as the assessor for each and all cities and towns in the district. Subject to the rules and regulations established by the commissioner of revenue pursuant to section one of chapter fifty-eight, the agreement shall provide for qualifications, terms and conditions or employment for the assessor and employees of his office. The agreement may provide for inclusion of the assessor and said employees in insurance, retirement programs and other benefit programs of one of the constituent parties. Any city or town party to such an agreement may include employees of an assessing district in such programs.

No agreement for joint or cooperative assessing made pursuant to this section shall take effect until it has been approved in writing by the commissioner of revenue.

SECTION 3. Chapter 58 of the General Laws is hereby amended

by striking out section 1, as most recently amended by section 1 of chapter 580 of the acts of 1978, and inserting in place thereof the following two sections:-

**Section 1.** The commissioner of revenue in chapters fifty-eight to sixty-five C, inclusive, called the commissioner, shall make, and from time to time revise, such reasonable rules, regulations and guidelines, as may be necessary to establish minimum standards of assessment performance. The specific areas to which such standards relate shall include but not be limited to the following: the administration of all laws providing for the assessment and classification of property; the methods of determining the actual fair cash valuation of different kinds of property for tax purposes; the types of qualifications of assessing personnel; and the adequacy of tax maps and other records.

**Section 1A.** The commissioner, in addition to exercising the powers or performing the duties otherwise assigned to him, shall enforce all laws relating to the valuation, classification and assessment of property and shall supervise the administration of such laws by local assessors in accordance with the rules, regulations and guidelines established under the provisions of section one.

He shall determine whether or not the locally assessed values represent the full and fair cash valuation for each class of real property, as defined in section three (b) of chapter fifty-nine, and personal property not exempt from local taxation within each city and town. In each city and town which he has determined to be assessing at full and fair cash valuation, he shall determine a minimum residential factor for each city and town which shall be sixty-five per cent subject to such adjustment upward as may be required to provide that the percentage of the total tax levy imposed on any class of real or personal property shall not exceed one hundred fifty per cent of the full and fair cash of the taxable property in said class divided by the full and fair cash of all taxable real and personal property in the city or town. In no instance, however, shall the minimum residential factor, so determined, be greater than the amount of one hundred per cent, although a city or town may decide to adopt a residential factor greater than that amount. For this purpose, he may utilize the information on assessed values and classifications gathered pursuant to sections nine and ten and such other information as may be available to him. The taxable values and minimum residential factor so determined shall be sent to the individual cities and towns on or before April first of each year in which there is to be a determination of the percentages of the local tax levy to be borne by each class of property pursuant to section fifty-six of chapter forty.

In the performance of such duties, he may visit any city or town, inspect the work of its assessors and require of them any information he shall deem necessary regarding the procedures used in keeping records, maintaining tax maps and determining the valuation and classification for taxation of the property or any part thereof in such city or town. He shall require of them such action as will tend to produce uniformity within such city or town and throughout the commonwealth in the valuation,

classification and assessment of property for local taxation.

He may require from state and town officers such returns and statements relative to the amount and value of taxable property in the several towns as he deems necessary. Information provided by said assessors shall include: (1) the total of all property subject to local taxation in each city and town, (2) the amount, if any, of tax abatements for the preceding year, and (3) such other information as may be required to aid the commissioner in the discharge of his responsibility in respect to the preparation of the equalization and apportionment report as provided in sections nine and ten.

He shall, at the request of the assessors of any city or town or upon his own initiative, give his opinion to assessors and collectors upon any question arising under any statute relating to the assessment, classification and collection of taxes or he may obtain the opinion of the attorney general upon such question. In either case, the opinion of the commissioner or the opinion of the attorney general, if any, shall be binding.

He shall issue, and may from time to time revise, a list of private firms or individuals qualified to perform appraisals or reappraisals of property for tax purposes in the commonwealth and shall make such list available to assessors. In any case where a city or town proposes to contract with any such private firm or individual for such appraisal or reappraisal services, such contract shall be with a firm or individual determined by the commissioner to be qualified to perform such services and said contract shall be approved as to form and content by the commissioner. Upon completion, he shall certify that valuations established under such appraisal or reappraisal of property for tax purposes by any such firm in the commonwealth comply with guidelines established under section one. Firms or individuals aggrieved by a decision of the commissioner that they are not qualified to perform appraisals or reappraisals of property for tax purposes in the commonwealth may appeal such decision to the appellate tax board.

He may cause an assessor to be prosecuted, either in the county where said officer resides or in an adjoining county, for any violation of law relative to assessment or classification of taxes for which a penalty is imposed. He may appear before any court or before any board of county commissioners sitting for the abatement of taxes, or before the appellate tax board.

SECTION 4. Said chapter 58 is hereby further amended by striking out section 3, as most recently amended by section 2 of said chapter 580, and inserting in place thereof the following section:-

Section 3. In order to assist the assessors in the performance of their duties, the commissioner shall prepare, issue and periodically revise guides for local assessors. Such guides shall include the rules, regulations, and guidelines of the commissioner relative to the assessment, classification and administration of local taxes, an appraisal manual and, in addition, may include special studies, cost and price schedules, news and reference bulletins and digests of laws relating to local taxation. He shall prepare and issue such other printed instructions to the assessors

which are adapted to varying local circumstances and to differences in the character and condition of property subject to local taxation as he shall deem necessary.

He shall conduct or sponsor in-service, pre-entry, and intern training programs on the technical, legal, and administrative aspects of the assessment process and may require assessors to attend such programs. Such programs shall include but not be limited to training required to meet minimum standards of assessment and classification performance established in accordance with section one. The commissioner may contract with educational institutions or appropriate professional associations to provide such training programs. He shall develop, prescribe, and require the use of all forms necessary for administration of the laws relating to the taxation of property. So far as practicable, the forms shall be uniform, but nothing herein shall be deemed to prevent the prescribing of substitute or additional forms where special circumstances require.

He shall annually, on or about January first, furnish to each board of assessors all the information relating to the assessment, classification, valuation and ownership of property taxable in their town that has come into possession of his department, particularly under chapter sixty-five and sixty-five C.

He shall cause a representative of his office to visit every city or town to give to the assessors such assistance as may be authorized or required by law.

SECTION 5. Said chapter 58 is hereby further amended by striking out section 4, as amended by section 4 of said chapter 580, and inserting in place thereof the following four sections:-

Section 4. Whenever it appears to the commissioner that the property, or any part thereof, in any town is not valued for taxation according to the first paragraph of section thirty-eight of chapter fifty-nine, and that such failure to comply with the law is the result of failure of the city or town to meet the minimum standards prescribed by the commissioner under the provisions of section one, including but not limited to minimum standards for keeping records of valuation, classification and ownership, production and maintenance of tax maps, and use of the opinions guides, manuals or other information furnished the assessors under the provisions of sections one A and three by the commissioner, or is due to failure on the part of its assessors, or any of them, to properly examine the records of the registry of deeds and probate court, he shall forthwith direct said assessors to meet the minimum standards required, to make use of the opinions, guides, manuals or other information furnished by him, and to make such examinations of the records of the registry of deeds and probate court as he deems necessary to correct the failure of the town to value any or all of the property for taxation according to law. On failure by the assessors, or any of them, to comply with such directions of the commissioner, for any reason, he shall forthwith notify the mayor or the selectmen, in writing, of said failure and of any requirements which he deems necessary to expedient to insure proper performance, valuation and classification of property for taxation according to law. Such notice shall contain a statement that failure of the

town to comply with such requirements will result in court action.

At the request of local assessors, he shall, subject to appropriation, contract on behalf of the city or town for engineering, professional or technical services for the installation of such record keeping system, the production and installation of tax maps, the appraisal or reappraisal of property, or such other action as has required for the town to meet the minimum standards prescribed.

Section 4A. If such city or town fails, within a reasonable time, to comply with the notice and requirements of the commissioner and continues to fail to meet the minimum standards provided in section one and to value property for taxation in violation of section thirty-eight of chapter fifty-nine, (a) the commissioner may, subject to appropriation, contract on behalf of the city or town to provide engineering, professional or technical services for the installation of such record keeping systems, the production and installation of tax maps, the appraisal or reappraisal of property, or such other action as he has required for the town to meet the minimum standards prescribed, or (b) a single justice of the supreme judicial court may, on the petition of the commissioner, order the mayor or selectmen to comply with the requirements of the commissioner or order its assessors to value property for taxation at its fair cash valuation and to classify real property according to use and to meet the minimum standards necessary to accomplish this within a definite period of time to be determined by the court. The commissioner shall file with his petition copies of his directions to the assessors and of his notice to the mayor or selectmen under the provisions of section four, together with such other evidence in his possession which he has collected in accordance with sections one A and six as will be helpful to the court in determining whether or not such an order should be issued.

Section 4B. A city or town whose mayor or selectmen and assessors have been ordered by the court under section four A to comply with the requirements of the commissioner may request said commissioner to provide engineering, professional or technical services for the installation of such record keeping systems, the production and installation of tax maps, the appraisal or reappraisal of property, the classification of property, or such other action as may be necessary for such city or town to comply with such court order.

Section 4C. Whenever the commissioner provides any service under the provisions of section four, four A or four B, the costs of such services shall be incurred by the commonwealth; and payment therefore shall be deducted by the state treasurer under the provisions of section twenty A of chapter fifty-eight from any amount distributable or payable by the commonwealth to such city or town.

Whenever, in the opinion of the commissioner, it is necessary for an assessor to attend any training program under the provisions of section three, the registration fees, costs of study material and necessary travel expense will be paid by the city, town or district or such assessor.

SECTION 6. Said chapter 58 is hereby further amended by striking out section 6, as amended by section 5 of chapter 580 of the acts of 1978, and inserting in place thereof the following section:-

Section 6. The commissioner may collect and tabulate information as to the classification, sales price and fair cash value of real estate in the several towns. For this purpose he may require assessors to furnish him with any information in their possession, may consult persons likely to have knowledge as to the classification, sales price and fair cash value of separate parcels of real estate, and may examine probate and other relevant records.

SECTION 7. Sections seven A to seven E, inclusive, of said chapter 58 is hereby repealed.

SECTION 8. Said chapter 58 is hereby further amended by striking out section 10, as most recently amended by section 7 of chapter five hundred and eighty of the acts of nineteen hundred and seventy-eight, and inserting in place thereof the following section:-

Section 10. In determining the equalized valuations required by section nine, the commissioner shall make and issue such comprehensive assessment ratio studies of the average level of assessment, the degrees of assessment, uniformity, and over-all compliance with assessment and classification requirements for each major class of property in each city and town of the commonwealth as he shall deem appropriate to indicate the degree of compliance with the law and rules and regulations for the assessment and classification of property in each city and town.

For the purposes of this section, the commissioner shall collect and tabulate information relative to all sales of real estate and shall also cause appraisals to be made of properties of various classes in each city and town sufficient in number and so selected, by random sampling or otherwise, as to (a) confirm the assessment ratio derived from selling prices, (b) assist in determining assessment ratio wherever the number of sales is insufficient to represent all properties of any specific class in a city or town, (c) provide a substitute for selling prices of properties of a unique character or which are sold at infrequent intervals, and (d) establish an assessment ratio for personal property assessed in each city or town.

The commissioner may require from state, city and town officers and from individual property owners such returns and statements relative to the amount and value of taxable property and the income derived therefrom in the several cities and towns as he deems necessary. If a city or town fails to submit such information in its possession or which it can reasonably be expected to obtain as the commissioner requests in writing for use in determining the equalized valuations required by section nine and such failure continues for thirty days after such written request, such city or town shall not have a right to submit testimony to the commissioner as provided under section ten A and the decision of the commissioner with respect to such city or town shall

be final.

SECTION 9. Section 17B of said chapter 58, as most recently amended by section 8 of said chapter five hundred and eighty, is hereby further amended by striking out the second sentence and inserting in place thereof the following sentence:- Such losses of taxes as determined by the commissioner shall be based on the then current tax rate in each town in which property has been taken for flood control reservoirs and on the average assessed valuation for a period of five years prior to the acquisition of said land; provided, however, that whenever a town wherein a flood control reservoir or portion thereof is located shall have made a general revaluation of property subject to the annual municipal taxes for such town, the commissioner may use such revaluation for determining the taxes for which payment shall be made.

SECTION 9A. The first sentence of section 6 of chapter 58A of the General Laws is hereby amended by striking out the words "; chapter fifty-nine A", inserted by section 10 of chapter 580 of the acts of 1978.

SECTION 10. Said chapter 58A is hereby further amended by adding the following section:-

Section 14. In cases where the appellate tax board finds that a taxpayer is being assessed disproportionately with respect to other properties within the same city or town, the board shall compute the measure of damages in the following manner:

(1) by computing an equalized tax rate by dividing the total taxes as assessed for that city or town for the year for which the finding was made by the fair cash value of the city or town, which shall in no event be higher than the equalized value as finally reported to the general court by the state tax commission pursuant to section ten C of chapter fifty-eight for that city or town in the year next preceding the year for which the finding was made.

(2) by applying the rate as computed in accordance with subsection one to the fair cash value of the property and thereby determine the taxes which should have been paid.

(3) by subtracting the amount of taxes which should have been paid from those actually paid or assessed.

In such cases within a city or town that has been certified for classification by the commissioner under the provision of section fifty-six of chapter forty and has implemented such classification system the measure of damages shall be computed on the basis of the tax rate of the class in which the property has been assessed.

SECTION 11. Chapter 59 of the General Laws is hereby amended by inserting after section 2, the following two sections:-

Section 2A. (a) Real property for the purpose of taxation shall include all land within the commonwealth and all buildings and other things thereon or affixed thereto, unless otherwise exempted from taxation under other provisions of law. The assessors of each city and town shall determine the fair cash valuation of such real property for the purpose of taxation on the first day of January of each year.

Mortgages upon buildings or other things, which with the land upon which they are erected or to which they are affixed are taxable as real estate defined herein, shall be deemed mortgages of real estate for the purpose of taxation, and shall be taxed under sections eleven to fourteen, inclusive.

(b) The assessors shall determine the fair cash valuation of such real property according to section thirty-eight; and if the city or town has been certified by the commissioner pursuant to clause (c) of this section shall classify such real property according to the following uses:-

"Class one, residential", property used or held for human habitation containing one or more dwelling units including rooming houses with facilities designed and used for living, sleeping, cooking and eating on a non-transient basis. Such property includes accessory land, buildings or improvements incidental to such habitation and used exclusively by the residents of the property or their guests. Such property shall not include a hotel, or motel. Such property may be exempt from taxation under other provisions of law.

"Class two, open-space", land which is not otherwise classified and which is not taxable under the provisions of chapter sixty-one or sixty-one A, or taxable under a permanent conservation restriction or lands otherwise taxed for recreational purposes under other provisions of law, and which land is not held for the production of income but is maintained in an open or natural condition and which contributes significantly to the benefit and enjoyment of the public.

"Class three, commercial", property used or held for use for business purposes and not specifically includible in another class, including but not limited to any commercial, business, retail, trade, service, recreational, agricultural, artistic, sporting, fraternal, governmental, educational, medical or religious enterprise, for non-profit purposes. Such property may be expressly exempt from taxation under other provisions of this chapter.

"Class four, industrial", property used or held for use for manufacturing, milling, converting, producing, processing or fabricating materials; the extraction or processing of materials unserviceable in their natural state to create commercial products or materials; the mechanical, chemical or electronic transformation of property into new products and any use that is incidental to or an integral part of such use, whether for profit or non-profit purposes; and property used or held for uses for the storage, transmitting and generating of utilities regulated by the department of public utilities. Such property may be exempt from taxation under other provisions of law.

Where real property is used or held for use for more than one purpose and such uses result in different classifications, the assessors shall allocate to each classification the percentage of the fair cash valuation of the property devoted to each use according to the guidelines promulgated by the commissioner.

Real property which is exempt from taxation under section five shall be classified according to said guidelines.

(c) Classification of real property shall not be implemented in any city or town until the commissioner has certified in writing to the assessors of such city or town assessing property at full

and fair cash valuation as required by section thirty-eight and that a majority of its assessors are qualified to classify its property.

**Section 2B.** Except as otherwise provided in section three E, real estate owned in fee or otherwise or held in trust for the benefit of the United States, the commonwealth, or a county, city or town, or any instrumentality thereof, if used in connection with a business conducted for profit or leased or occupied for other than public purposes, shall for the privilege of such use, lease or occupancy, be valued, classified, assessed and taxed annually as of January first to the user, lessee or occupant in the same manner and to the same extent as if such user, lessee or occupant were the owner thereof in fee, whether or not there is any agreement by such user, lessee or occupant to pay taxes assessed under this section; provided, however, that whenever under the constitution or laws of the United States the privilege of such use, lease or occupancy of real estate owned by the United States cannot be taxed as aforesaid, but a leasehold or other interest in such real estate or the ownership of or an interest in buildings and other things erected thereon or affixed thereto, may be taxed, such interest or ownership shall be valued, classified, assessed and taxed to the holder thereof to the extent permitted by such constitution and laws. Except as otherwise provided, a payment purporting to be in lieu of a local tax for a particular year on real estate subject to this section shall be applied in reduction of the tax assessed under this section for such year with respect to such real estate. Notwithstanding any contrary provision of section fifteen, unless there is a different agreement, no tax assessed under this section shall be retained out of rent or recovered under section fifteen.

No tax assessed under this section shall be a lien upon the real estate with respect to which it is assessed; nor shall any such tax be enforced by any sale or taking of such real estate; but the interest of any lessee therein may be sold or taken by the collector of the town in which the real estate lies for the nonpayment of such tax in the manner provided by law for the sale or taking of real estate for nonpayment of annual taxes. Such collector shall have for the collection of taxes assessed under this section all other remedies provided by chapter sixty for the collection of annual taxes upon real estate.

This section shall not apply to a use, lease or occupancy which is reasonably necessary to the public purpose of a public airport, port facility, Massachusetts Turnpike, transit authority or park, which is available to the use of the general public or to easements, grants, licenses or rights of way of public utility companies; to the property of the United States, or any instrumentality thereof, for which payments are made in lieu of taxes in amounts equivalent to taxes which might otherwise be lawfully assessed, in behalf of the United States or any instrumentality thereof; or to the property of the United States, or any instrumentality thereof, which is used by a manufacturing corporation so classified under chapter fifty-eight.

**SECTION 12.** Said chapter 59 is hereby further amended by

inserting after section 5B, the following four sections:-

Section 5C. With respect to each parcel of real property classified as Class one, residential, in each city or town certified by the commissioner to be assessing all property at its full and fair cash valuation, and at the option of the board of selectmen or mayor, with the approval of the city council, as the case may be, there shall be an exemption equal to not more than ten per cent of the average assessed value of all Class one, residential, parcels within such city or town. This exemption shall be in addition to any exemptions allowable under section five; provided, however, that in no instance shall the taxable valuation of such property after all applicable exemptions be reduced below ten per cent of its full and fair cash valuation, except through the applicability of clause eighteen of section five. Where, under the provisions of section five, the exemption is based upon an amount of tax rather than on valuation, the reduction of taxable valuation for purposes of the preceding sentence shall be computed by dividing the said amount of tax by the residential class tax rate of the city or town and multiplying the result by one thousand dollars. For purposes of this paragraph, "parcel" shall mean a unit of real property as defined by the assessors in accordance with the deed for such property and shall include a condominium unit.

Section 5D. Property held by a city, town or district including the metropolitan water district, in another city or town for the purpose of a water supply, the protection of its sources or a sewage disposal, or of a public airport if yielding no rent, shall not be liable to taxation therein; but the city, town or district so holding it shall annually on July first, pay to the city or town in which such property is located an amount equal to that which such city or town would receive in taxes upon the average of the assessed taxable valuation of the land, which shall not include buildings or other structures except in the case of land taken for the purpose of protecting the sources of an existing water supply, for the three years last preceding the acquisition thereof, the valuation for each year being reduced by all abatements thereon. Whenever a city or town in which such land is located shall have made a general revaluation of all its real property for purposes of taxation, the valuation of such land for the purpose of payments authorized by this section shall be determined by the commissioner of revenue as of January first, between January first and June first, in the year succeeding such revaluation and in every fifth year thereafter, so that the payment with respect to such land shall remain substantially the same as that made prior to such revaluation. The city, town or district owning such land, if aggrieved by the determination of the commissioner, may within six months after written notice thereof appeal to the appellate tax board. Any part of such land or buildings from which any revenue in the nature of rent is received shall be subject to taxation. Revenue received for the use of such areas of land within the property so held for the purpose of a public airport as are used for the take-off and landing of aircraft, including runways and taxi strips, or for the use of buildings on such property which are used as a

terminal or administration building or for housing, servicing and repairing aircraft, shall not be deemed to be rent or revenue in the nature of rent within the meaning of this paragraph.

If such land is part of a larger tract which has been assessed as a whole, its assessed valuation in any year shall be taken to be that proportional part of the valuation of the whole tract which the value of the land so acquired, exclusive of buildings, bore in such year to the value of the whole tract.

Section 5E. The assessors of a city or town where land is acquired by such other city, town or district for water supply or sewage disposal or for a public airport shall, within one year after such acquisition, determine the average valuation of such land under section five D and certify the amount so determined to such other city, town or district. The mayor or selectmen, the commissioners or prudential committee of a district, or the metropolitan district commission, within six months after receipt of said certificate, may appeal from such determination to the appellate tax board; and upon the approval said board shall determine the valuation in the manner provided in the preceding section, and section sixty-five, so far as applicable, shall govern such appeal.

If land within any city or town shall have been taken from it for said purposes, and for any one of the three years prior to the taking shall have been used for any public purpose, and for that reason no taxes have been collected thereon, the city or town and the board or officer having charge of the land so taken may within six years after such taking agree as to the value of the land upon which the annual payment is to be made as aforesaid from the time of the taking, and if they cannot agree the board or officer shall notify the city or town thereof, and thereupon the value shall be determined by the appellate tax board under said section sixty-five, and said notice shall be deemed to be the notice referred to in said section sixty-five. This section and section five D shall apply to property held for the purposes of the metropolitan water supply, except property situated in Ashland, Boylston, Holden, Hopkinton, Sterling or West Boylston, but shall apply only to property acquired by a city, town or district, including the metropolitan water district, prior to January first, nineteen hundred and forty-six.

Section 5F. Land acquired on or after January first, nineteen hundred and forty-six, by a municipality or a district, including the metropolitan water district, and held on January first in any year for any public purpose by such municipality, in this section referred to as the holding municipality, or by such district, if such land is located in a municipality other than such holding municipality, or, in the case of land so acquired and held by a district, in a municipality other than the municipality or municipalities in which the district lies or which constitute the district, shall, with all buildings and other things erected thereon or affixed thereto, be exempt from taxation for the next following fiscal year except as hereinafter otherwise provided: such holding municipality or district shall, on July first of such year, pay to the municipality in which such land is located the amount which would be assessable for the next following fiscal year upon

a valuation equal to the average of the assessed taxable valuations of the land and all buildings and other things erected thereon or affixed thereto on the three assessment dates next preceding the acquisition of the land, the assessed valuation for each assessment date being reduced by all abatements, if any. If land subject to this section was not separately assessed or was exempt from taxation on any of said assessment dates, the fair cash value of the land and all buildings and other things erected thereon or affixed thereto on such assessment date shall for the purposes of this section be deemed to be the assessed valuation thereof on such date. Whenever a city or town in which such land is located shall have made a general revaluation of all its real property for purposes of taxation, the valuation of such land for the purpose of payments authorized by this section shall be determined by the commissioner of revenue as of January first, between January first, and June first, in the year succeeding such general revaluation and in every fifth year thereafter. The holding municipality or district, if aggrieved by the determination of the commissioner, may within six months after written notice thereof appeal to the appellate tax board.

The assessors of the municipality where land subject to this section lies shall determine the average valuation in accordance with this section and certify such valuation to the holding municipality or district liable under this section. Such holding municipality or district, if aggrieved by such determination, may within three months, after such certification appeal to the appellate tax board, which shall determine the average valuation in accordance with this section.

If rent or any revenue in the nature of rent is received from any part of any real estate subject to this section, the party yielding such rent or revenue shall be subject to taxation. The tax shall be in addition to the amount payable under this section. Revenue received for the use of such portions of a public airport as are used for the taking-off and landing of airplanes, including runways, taxi and transition strips, or revenue received for the use of buildings on a public airport, which are actually and exclusively used for servicing and repairing airplanes, shall not be deemed to be rent or revenue in the nature of rent within the meaning of this paragraph.

SECTION 13. Said chapter 59 is hereby further amended by inserting after section 12, the following six sections:-

Section 12A. If the holder of such mortgage fails to file in the assessor's office a sworn statement of all his estate liable to taxation under the preceding section, including a statement of the full amount remaining unpaid upon such mortgage and of his interest therein, the amount stated in the mortgage shall be inclusive as to the extent of such interest; but his interest in such real estate shall not be assessed at a greater sum than the fair cash valuation of the land and the structures thereon or affixed thereto; and the amount of a mortgage interest in an estate divided after the creation of such mortgage need not be apportioned upon the several parts of such estate, except as provided in sections seventy-nine to eighty-one, inclusive. Whenever, in any case of mortgaged real estate, such statement

is not brought in, no tax on such real estate for the year then current shall be invalidated for the reason that a mortgagee's interest has not been assessed to him.

Section 12B. Mortgagors and mortgagees referred to in the two preceding sections shall for the purpose of taxation be deemed joint owners until the mortgagee takes possession; and until such possession is taken by a first mortgagee, an assessor or the collector of taxes, upon application, shall give to any such mortgagee or mortgagor a tax bill showing the whole tax on the mortgaged estate and the amount included in the valuation thereof as the interest of each mortgagee and of the mortgagor respectively. If the first mortgagee is in possession, he shall be deemed sole owner; and any other mortgagee in possession shall be deemed joint owner with prior mortgagees.

Section 12C. If a tenant paying rent for real estate is taxed therefor he may retain out of his rent the taxes paid by him, or may recover the same in an action against his landlord, unless there is a different agreement between them.

Section 12D. The undivided real estate of a deceased person may be assessed to his heirs or devisees, without designating any of them by name, until the names of such heirs or devisees appear in the probate court records in the county in which said real estate lies; and each heir or devisee shall be liable for the whole of such tax, and when paid by him he may recover of the other heirs or devisees their respective proportions thereof.

Section 12E. The real estate of a person deceased, the right or title to which is doubtful or unascertained by reason of litigation concerning the will of the deceased or the validity thereof, may be assessed in general terms to his estate, and said tax shall constitute a lien upon the land so assessed and may be enforced by sale of the same or a part thereof, as provided for enforcing other liens for taxes on real estate.

Section 12F. Wherever real estate has been unassessed because the right or title thereto has been doubtful or unascertained because of missing records or otherwise, and a municipality has conducted a search and has determined the record ownership of said real estate, the said real estate shall become subject to a lien for the expenditures incurred by said municipality in the determination of said ownership. The assessor of said municipality shall forthwith cause to be recorded in the registry of deeds for the county or district in which the real estate is located a statement containing the name of the owner or owners of said real estate, an adequate description thereof, and the amount of said expenditures incurred, for which amount a lien on said real estate shall become effective as of the time and date of its recording. No such lien shall be effective against a bona fide purchaser or other transferee without notice of such lien. The recording fee for such statement shall be added to and become a part of the expenditures constituting said lien.

SECTION 14. Said chapter 59 is hereby further amended by striking out section 23A, as most recently amended by section 21 of chapter 766 of the acts of 1971, and inserting in place thereof

the following section:-

Section 23A. The assessors, as soon as the tax rates are fixed for a fiscal year, shall notify the auditor or similar officer in cities and towns, the town accountant, if any, otherwise the town treasurer, of the amount to be raised for state, county, and city or town purposes, and for overlay, specifying the amounts, as determined by percentages provided to them by section fifty-six of chapter forty, if applicable, to be levied on each class of real and personal property, and to accrue from estimated receipts.

SECTION 15. Said chapter 59 is hereby further amended by striking out section 38, as most recently amended by chapter five hundred and seventy-six of the acts of nineteen hundred and seventy-eight, and inserting in place thereof the following section:-

Section 38. The assessors of each city and town shall at the time appointed therefor make a fair cash valuation of all the estate, real and personal, subject to taxation therein, and such determination shall be the assessed valuation of such estate. In cities, the assessors may, in any year, divide the city into convenient assessment districts.

The assessed valuation of real property subject to taxation under this chapter shall be classified as follows:-

Class one, residential;

Class two, open;

Class three, commercial, and

Class four, industrial.

The resulting amount shall be the taxable valuation of each class of property to which the assessors shall apply the tax rates applicable to each class as determined under section twenty-three A of chapter fifty-nine of the city or town, to determine the tax due and payable on such property.

SECTION 16. Said chapter 59 is hereby further amended by inserting after section 38C, the following two sections:-

Section 38D. A board of assessors may request the owner or lessee of any real property to make a written return under oath within sixty days containing such information as may reasonably be required by it to determine the actual fair cash valuation of such property.

Failure of an owner or lessee of real property to comply with such request within sixty days after it has been made shall bar him from any statutory appeal under this chapter, unless such owner or lessee was unable to comply with such request for reasons beyond his control. If any owner or lessee of real property in a return made under this section makes any statement which he knows to be false in a material particular, such false statement shall bar him from any statutory appeal under this chapter.

Section 38E. A board of assessors may require testimony under oath of a taxpayer relative to his written return filed under section thirty-eight D and may also require testimony under oath of any applicant for abatement under section fifty-

nine.

SECTION 17. Said chapter 59 is hereby amended by striking out section 44, as most recently amended by section 31 of chapter 580 of the acts of 1978, and inserting in place thereof the following section:-

Section 44. The list shall exhibit the valuation, classification and assessment of the estates of the inhabitants assessed; and the valuation, classification and assessment of the estates of nonresident owners, and shall contain the names of the nonresident owners of the property assessed, or such description of them as can be given, their places of abode, if known, the description of their estate, and the tax thereon.

SECTION 18. Said chapter 59 is hereby further amended by inserting after 78, the following section:-

Section 78A. If real property is divided by sale, mortgage, upon a petition for partition or otherwise after a tax has been assessed thereon and such division has been duly recorded in the registry of deeds, the assessors, at any time before said real property has been advertised for sale for nonpayment of taxes, upon the written request of the owner or mortgagee of any portion thereof, shall apportion said tax, with costs and interest upon the several parcels thereof, in proportion to the value of each, and only the portion of said tax, interest and costs so apportioned upon any such parcel shall continue to be a lien upon it; and the owners or mortgagees shall be liable only for the tax apportioned upon the parcel owned in whole or in part by them respectively. If a tax so apportioned upon any parcel remains unpaid after such a commitment to the collector, it may be recovered in an action of contract or in any other appropriate action, suit or proceeding brought by the collector either in his own name or in the name of the town against said owners and mortgagees. Assessors shall send notice of the request for such apportionment and of the time appointed thereof, by mail, to every person interested in said real property whose address is known to them.

SECTION 19. Section 3A of chapter 60 of the General Laws, as most recently amended by section 39 of chapter 580 of the acts of 1978, is hereby further amended by striking out the third, fourth and fifth sentences and inserting in place thereof the following two sentences:- Every bill or notice for real or personal property tax shall have printed thereon in a conspicuous place the school tax rate, the general tax rate and the total tax rate for each class within the town, as determined by the assessors. In addition, every bill or notice for a tax upon real property shall, by street and number, or, if no street number has been assigned, by lot number or by name of property or otherwise, describe in a manner sufficient to identify it, each parcel of real property separately assessed and shall state for each such parcel the assessed fair cash valuation of the land, the aggregate assessed valuation of the buildings and other things erected thereon or affixed thereto, the total assessed fair cash valuation, the classification of the property, total taxable valuation of the

property, the residential exemption, if applicable, and the tax due and payable on such property; provided, however, that if there are three or more buildings or structures on any such parcel, a bill or notice for a tax on such parcel shall also state, or be accompanied by a paper stating, the assessed valuation of each building or structure on such parcel.

SECTION 20. Section 2 of chapter 61 of the General Laws, as most recently amended by section 89 of chapter 514 of the acts of 1978, is hereby further amended by striking out the fourth paragraph and inserting in place thereof the following paragraph:-

The owner shall pay annually a land tax on the bare land, based upon a valuation of not more than ten dollars per acre, at the rate determined to be applicable to class three, commercial property under chapter fifty-nine.

SECTION 21. Section 4 of chapter 61A of the General Laws is hereby amended by adding the following paragraph:-

The rate of tax applicable to such agricultural or horticultural or recreational land shall be the rate determined to be applicable to class three, commercial property under chapter fifty-nine.

SECTION 22. Notwithstanding any provisions of section one of chapter fifty-eight of the General Laws, as inserted amended by section 3 of this act, any person who on the effective date of this act shall have been elected or appointed an assessor in any city or town and who is continuing to perform such duties on the date the commission establishes the minimum standards for qualifications of assessing personnel required by said section one shall have three years from such date to acquire the necessary qualifications.

SECTION 23. Sections thirty-eight, forty-one and forty-two of chapter five hundred and eighty of the acts of nineteen hundred and seventy-eight are hereby repealed.

SECTION 24. The provisions of section ten of this act shall apply to all cases before the Appellate Tax Board upon the effective date of this act and all other cases filed thereafter relative to assessments for the fiscal years ending on or before June thirtieth, nineteen hundred and eighty-three.

SECTION 25. Section ten of this act shall take effect on the effective date of this act and the remaining sections of this act shall take effect on January first, nineteen hundred and eighty and apply to the assessment and classification of all property for the fiscal years commencing on or after July first, nineteen hundred and eighty.

Approved November 16, 1979.

Chap. 800. AN ACT PROVIDING INCREASED FUNDING BY THE COMMONWEALTH FOR THE UNITED STATES GEOLOGICAL SURVEY COOPERATIVE SURVEY PROGRAM FOR GROUNDWATER ASSESSMENTS AND RELATED HYDROLOGICAL STUDIES.

Whereas, The deferred operation of this act would tend to defeat its purpose which is, in part, to provide immediate assistance to cities and towns having contaminated water supplies in locating new sources of supply, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

---

Be it enacted, etc., as follows:

SECTION 1. Chapter 21 of the General Laws is hereby amended by inserting after section 8 the following section:-

Section 8A. The water resources commission shall be the coordinating body for the purposes of administration of the state's contribution to the cooperative survey program of the United States Geological Survey, hereinafter referred to as the USGS, for detailed groundwater assessments and related hydrological studies. Said commission shall contract, or cause a contract to be executed, with the USGS to conduct a ten year program of detailed groundwater appraisals, aquifer assessments, and such other appropriate geologic and hydrologic studies as may be required for the protection of existing sources of groundwater supply and for the identification of new groundwater sources.

Said groundwater survey program shall include aquifer identification and assessments of quality and yield, and direct technical assistance to localities to solve groundwater problems of less than regional scale. Assistance to localities shall be based on criteria and priorities to be established by the commission which shall include, but not be limited to, the following: a present or recurrent water supply deficit; areas in which the survey would serve more than one community; communities which have suffered loss of supply due to contamination; communities in which demands are placed on supply systems by state institutions; and local commitment to participation. Direct local assistance shall not exceed five hundred thousand dollars and shall be funded fifty per cent by USGS and fifty per cent by the commonwealth, and the total cost of said program shall not exceed, in the aggregate, five million dollars.

For the purposes of this section, groundwater shall mean water which is below the surface of the earth.

SECTION 2. For the purposes of contracting for a cooperative survey program, as provided for in section 8A of chapter 21 of the General Laws, there is hereby made available the sum of two million five hundred thousand dollars; provided, however, that such monies shall not be expended for the purposes of said section 8A of chapter 21 of this act unless an equal amount is made available by the USGS.

commonwealth therefor, bearing interest payable at such times and rates as shall be fixed by the state treasurer in compliance with Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth.

SECTION 3. To meet the expenditures necessary in carrying out the provisions of this act, and to refinance issues as provided in section two of this act, the state treasurer shall, upon request of the commissioner of the department of environmental quality engineering and with the approval of the governor, issue and sell at public or private sale, bonds of the commonwealth, registered or with interest coupons attached, as he may deem best, to an amount specified by the governor from time to time but not exceeding, in the aggregate, the sum of two million five hundred thousand dollars.

All bonds issued by the commonwealth, as aforesaid, shall be designated on their face, Groundwater Survey Loan, Act of 1979, and shall be on the serial payment plan for such maximum term of years, not exceeding ten years, as the governor may recommend to the general court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, the maturities thereof to be so arranged that the amounts payable in the several years of the period of amortization other than the final year shall be as nearly equal as in the opinion of the state treasurer it is practicable to make them. Said bonds shall bear interest semiannually at such rate as the state treasurer with the approval of the governor shall fix. The initial maturities of such bonds shall be payable not later than one year from the date of issue thereof and the entire issue not later than June thirtieth, nineteen hundred and ninety-two.

Chap. 804. AN ACT FACILITATING THE DEVELOPMENT OF HYDROPOWER GENERATION.

Be it enacted, etc., as follows:

Chapter 164 of the General Laws is hereby amended by insert ing after section 69H the following section:-

Section 69H $\frac{1}{2}$ . For the purpose of this section, the following words shall have the following meanings, unless the context otherwise requires:

"Hydropower generating facility", any electric or mechanical power generating unit whose power source is water flow and which is not a facility as defined in section sixty-nine G.

"Permitting and licensing agencies", all agencies, authorities, and departments of the commonwealth, and local conservation commissions whose approval, order, order of conditions, permit, license, certificate, or permission in any form is required prior to or for construction of a hydropower generating facility, except the secretary of environmental affairs acting under the provisions of section sixty-two to sixty-two H, inclusive, of

chapter thirty and shall include, but not be limited to, the department of environmental quality engineering including the division of water pollution control, the department of environmental management, the department of fisheries, wildlife and recreational vehicles, the conservation commission with jurisdiction over the proposed site, the Massachusetts Historical Commission, the department of public utilities, and any other agency, authority, or department of the commonwealth, county, city or town government, as may be from time to time so designated by the energy facilities siting council.

Said council shall coordinate the permitting and licensing of hydropower generating facilities by simplifying requirements for permits and licenses, and shall promulgate rules and regulations to carry out the requirements of this section.

Said council, after consultation with the permitting and licensing agencies, establish a preliminary notification form and other forms to be employed by such agencies for permitting and licensing review of proposed hydropower generating facilities. These forms shall include all information required by the permitting and licensing agencies to make decisions on hydropower projects while minimizing duplication of information required for such agencies and for federal licensing. No other forms shall be required by these agencies for permitting and licensing review of hydropower generating facilities.

Prior to the submission of any application to any of the permitting and licensing agencies, the developer of a proposed hydropower generating facility shall file a preliminary notification form with all the permitting and licensing agencies and said council. Such preliminary notification form shall be deemed the first agency application for the purposes of notification under section sixty-two A of chapter thirty. Within thirty days after publication of the notification forms prescribed by the secretary of environmental affairs under said section sixty-two A, said council and the secretary of environmental affairs shall convene a meeting of all the permitting and licensing agencies, all agencies which may provide financial assistance, other interested persons or parties, including federal regulatory agencies, and the developer. At such meeting, the permitting and licensing agencies shall consult with the developer and shall determine the information, data, and studies required in addition to the forms specified for compliance with the provisions of the permitting and licensing agencies. Said council shall assist the developer and the permitting and licensing agencies in resolving disputes between the developer and the permitting and licensing agencies concerning the form, content, level of detail and schedules of such requirements.

Unless an earlier date is otherwise specified by law or by the said council, no later than ninety days after receipt of the appropriate completed forms and any other additional requirements of this section, each of the permitting and licensing agencies shall determine whether or not to issue, approve, or grant any application, permit, license, certificate, or other evidence of approval; provided, however, that if the developer has been required to file an environmental impact report pursuant to section sixty-two B of chapter thirty, the decision shall be made no later than ninety days after receipt of such forms or thirty

days after issuance of the statement of adequacy of the final environmental impact report, as required by section sixty-two C of chapter thirty, whichever is later. Notwithstanding other provisions of this section, the department of environmental quality engineering shall act on a request for a final order of the department within the time limitations specified in section forty of chapter one hundred and thirty-one.

Any party aggrieved by the action, or failure to act, of the permitting and licensing agencies pursuant to this section may, after exhausting all other administrative remedies, appeal to said council within ten days of final agency action or failure to act. Failure to exercise such right of appeal shall not be deemed a waiver of the right to judicial appeal of an action or failure to act of the permitting and licensing agencies. Said council shall hold a hearing and may consider jointly all pending appeals and shall issue a written decision and order on such appeals considered within ninety days of the appeal. Such decision shall be based upon energy needs, cost, and environmental impact, and shall for all purposes, including judicial appeal, be deemed equivalent to final licensing or permitting agency action on the approval, permit, license, certificate or permission which is the subject of the appeal. Any party who is aggrieved by the decision of said council may seek judicial review in the manner provided by chapter thirty A.

- Chap. 11. RESOLVE RELATING TO THE SPECIAL COMMISSION ESTABLISHED TO MAKE AN INVESTIGATION AND STUDY RELATIVE TO CERTAIN STATE AND COUNTY BUILDING CONTRACTS.

Resolved, Chapter five of the resolves of nineteen hundred and seventy-eight, as amended by chapter nine of the resolves of nineteen hundred and seventy-eight, is hereby further amended by striking out the first to fifteenth paragraphs, inclusive, and inserting in place thereof the following sixteen paragraphs:-

That a special commission to consist of seven members is hereby established to investigate and study as a basis for legislative action the existence and extent of corrupt practices and maladministration concerning contracts awarded no earlier than January first, nineteen hundred and sixty-eight related to the construction of state and county buildings and concerning design, survey, boring, soil exploration, and feasibility contracts and other investigative study contracts awarded before January first, nineteen hundred and sixty-eight which relate to construction contracts for state and county buildings awarded on or after January first, nineteen hundred and sixty-eight; the existence of conditions which tend or may tend to permit the occurrence of said

practices and maladministration; and the existence of limitations on the powers and functions of those charged with the duty of approving, supervising or overseeing said contracts or with the enforcement of laws related thereto. Said investigation and study shall include but need not be limited to consideration of the awarding, implementation and the subsequent events concerning the contract between the firm of McKee-Berger-Mansueto, Inc. and the commonwealth relating to the management of construction of certain buildings on the Boston campus of the University of Massachusetts. When used in this resolve, the word "state" shall mean the commonwealth and public instrumentalities established under general or special laws.

Said commission shall consist of two lay persons who shall not at any time have served as a member of the general court, both to be appointed by the secretary of the commonwealth, the attorney general or a member of his department designated by him, a person who at the time of his or her appointment is a dean of a law school located in the commonwealth or a president of a private institution of higher learning located in the commonwealth to be appointed by the governor, the president-elect of the Massachusetts Bar Association or another member of that association designated by him to be appointed by the governor, a registered architect and a registered professional engineer, both to be appointed by the auditor of the commonwealth. No person who currently has or within the past five years has had any direct or indirect financial interest in a contract with the commonwealth or with a county related to building construction, nor any member of the immediate family of such person, shall be eligible for appointment to or shall serve on or be employed by the commission.

Said dean or president of such institution appointed by the governor shall be the chairperson of the commission. Any vacancy on the commission shall be filled by the appropriate appointing or designating authority, unless there is at the time of such vacancy no such authority, in which case by the governor. Such vacancy shall not affect the powers and duties of the commission. A quorum of four members shall be necessary to conduct the business of the commission; provided, however, that upon a majority vote of the commission a private hearing may be held before a single member of the commission when the subject matter of the private hearing relates primarily to service, response or compliance with a summons issued by the commission. A majority vote of the commission shall mean a majority of the members authorized to be appointed to serve.

The members of the commission shall serve unless otherwise provided herein without compensation but shall receive their necessary expenses incurred in the discharge of their official duties. The commission shall be provided with offices.

The commission may employ an executive director, legal counsel and such other assistance as it may deem necessary, subject to appropriation. The commission may accept and expend any appropriations, grants of money, professional services, consultant services, clerical or other services and supplies from the commonwealth in the course of its investigations. The commission and its staff may travel within and without of the commonwealth.

The commission may request reasonable assistance from the at-

torney general, the state auditor and the commissioner of public safety, and said officers shall furnish the commission with any relevant information in their possession which is requested by the commission. Any justice of the supreme judicial court or of the superior court may, upon application by the commission and after notice of said application having been given to such officer who shall have an opportunity to be heard in opposition thereto, compel compliance with a request by subpoena for such information.

The commission may require by summons the attendance and testimony under oath of witnesses and the production before it of books and papers relating to any matter being investigated by it pursuant to the provisions of this resolve. Such a summons may be issued by the commission only upon a majority vote of the commission and shall be served in the same manner as summonses for witnesses in criminal cases issued on behalf of the commonwealth and all provisions of law relative to summonses issued in such cases shall apply to summonses issued under this resolve so far as applicable. Any justice of the supreme judicial court or of the superior court may upon application by the commission compel the attendance of witnesses summoned as aforesaid, the giving of testimony under oath and the production of books and papers before the commission in furtherance of any investigation under this resolve in the same manner and to the same extent as before the supreme judicial or superior courts. Such justice may also compel any witness to answer before the court any questions theretofore put to such witness by the commission; in the event that such justice shall compel the giving of testimony before the court, he may, upon motion of the court or upon application of the commission, order that the public be excluded from such sitting of the court and may impound all papers and documents, and reproductions thereof, relating thereto.

Every person who behaves in a disorderly or contemptuous manner before such commission shall be deemed guilty of a misdemeanor punishable as provided in section twenty-eight A of chapter three of the General Laws.

If any person summoned to testify or produce evidence before the commission refuses to testify or produce evidence on the basis of his privilege against self-incrimination, the commission, upon a majority vote, may apply to a justice of the supreme judicial court for an order granting immunity to said witness. Notice of such application shall be sent to the attorney general, all district attorneys in the commonwealth, and the United States attorney for the district of Massachusetts, any of whom may file an appearance and have the right to be heard with respect to such application. The justice may, after hearing, order the witness to answer the question or produce the evidence requested and, if he so orders, he shall also issue an order granting immunity to the witness with respect to the transactions, matters or things concerning which he is compelled to testify or produce evidence. A witness who has been granted immunity as provided herein shall not be prosecuted or subjected to a penalty or forfeiture for or on account of any action, matter or thing concerning which he may be required to testify or produce evidence following the grant of immunity, except for perjury committed while giving testimony or producing

evidence, giving a false statement or otherwise failing to comply with the order. The provisions of the second clause of the first sentence of section one of chapter two hundred and sixty-eight of the General Laws shall be applicable to testimony under oath before the commission.

The commission shall establish rules of procedure governing the conduct of its hearings which shall be made available in printed form, to each witness prior to his testimony. Witnesses shall have the right to be represented by counsel and shall before testifying be sworn.

All hearings of the commission shall be public, however by a majority vote of the commission membership present, the commission may, at any time, conduct a private hearing. Private hearings shall be governed by the same provisions with reference to secrecy which govern proceedings of a grand jury.

Upon order of the commission, its counsel shall, under conditions of confidentiality, submit to the attorney general, a district attorney or other law enforcement agency, such evidence which has come to the attention of the commission as in the opinion of the commission warrants such presentation or submission. Any evidence of misconduct by an employee, officer, or official of the executive branch of government shall be presented to the governor; any evidence of misconduct by a member, officer, or employee of the general court shall be presented to the committee on ethics of the appropriate branch of the general court; and any evidence of misconduct by a licensed or regulated professional shall be presented to the appropriate professional disciplinary body; provided, however, that such presentations may be limited to evidence which, in the opinion of a majority of the commission, is reasonably credible.

The chairman of the commission shall notify the general court when all appointments have been made and the commission is ready to commence its investigation. Upon such notification, all legislative committees which are conducting an investigation and study of said contract and related events between McKee-Berger-Mansueto, Inc., and the commonwealth shall terminate in an orderly manner their investigations and studies thereon, and make a report of their findings and conclusions to the general court, and turn over all of the records of their proceedings to the commission in an orderly manner.

The commission shall file interim reports with the clerk of the house of representatives on or before July seventeenth, nineteen hundred and seventy-eight and on or before April fourth, nineteen hundred and seventy-nine and shall file the final report of its investigation and study and its recommendations, if any, together with drafts of legislation necessary to carry its recommendations into effect, by filing the same with said clerk on or before June thirtieth, nineteen hundred and eighty.

The commission shall cease its investigation and study upon filing its final report and, except as otherwise provided herein, shall forward all records and documents, including stenographic notes, to the attorney general. The attorney general shall be the custodian of such records, which he shall place in a separate and segregated vault and shall seal the same. Said records shall not be public records and shall be available only upon a court

order. The attorney general shall retain said records and documents for seven years after receipt thereof.
