provided in section sixteen and any funds appropriated to such funds by the city for the purposes set forth in this act and in ordinances regulating such trusts for which appropriations are hereby authorized. Any payments made to such separate funds pursuant to the provisions of this act shall be impressed with the terms of the trusts established under the authority of this section and the ordinances adopted pursuant to this section, and shall be received by the collector-treasurer and deposited by him in a separate account; provided, however, that with respect to each new large-scale commercial real estate development, the total amount of all such payments to be made by a developer to such trusts shall first be accepted by the city council and approved by the mayor, which acceptance shall be deemed a final appropriation of said payments to such trusts. All payments to be made by a developer to such separate funds in respect to a particular new large-scale commercial real estate development shall thereupon and thereafter be deposited directly into such trusts and may thereafter be expended by the trustees of said trusts for the purposes authorized by this act, and for no other purpose. All such funds received, accepted or appropriated shall at all times be impressed with the terms of the trusts as defined by this act as regulated by ordinance and shall be dedicated exclusively to the development and operation of affordable housing for low and moderate income residents of Boston or to the development of job training programs for low and moderate income residents of Boston, and for no other purpose. Any trust or fund heretofore established by the city for either of the two purposes described in this act and now existing, and any ordinance passed for the purpose of authorizing the establishment of such trusts or funds passed prior to the effective date of this act including, without limitation, chapter seven of the ordinances of the city of Boston of nineteen hundred and eighty-six and declaration of trust of neighborhood housing trust dated November nineteenth, nineteen hundred and eighty-five and any actions taken by the trustees of said neighborhood housing trust or neighborhood jobs trust prior to the effective date of this act are hereby authorized, validated and confirmed.

Any payments made by a developer of a new large-scale commercial real estate development pursuant to chapter seven of the ordinances of the city of Boston of nineteen hundred and eighty-six and the declaration of trust of the neighborhood housing trust dated November nineteenth, nineteen hundred and eighty-five before the effective date of any amendment of said chapter or declaration of trust or of any trust or fund hereafter established by the city, in either case pursuant to this act, shall be governed by said chapter of the ordinances of nineteen hundred and eighty-six and said declaration of trust of November nineteenth, nineteen hundred and eighty-five, and shall not be subject to any trust or fund amendments or any new trust or fund hereafter established.

**SECTION 4.** This act shall take effect upon its passage.

Approved October 5, 1987.

**Chapter 372. AN ACT PROVIDING FOR RECALL ELECTIONS IN THE TOWN OF ASHLAND.**

Be it enacted, etc., as follows:

**SECTION 1.** Any holder of an elected office in the town of Ashland may be recalled therefrom by the registered voters of the town herein provided, except, the maximum number of members of a board that may be recalled is a majority.

**SECTION 2.** Any one hundred voters of the town may initiate a recall petition by filing with the town clerk an affidavit containing the name of the officer sought to be recalled and a statement of the grounds for recall. The town clerk shall thereupon deliver to said voters making the affidavit copies of petition blanks demanding such recall, copies of which printed forms he shall keep available. Such blanks shall be issued by the town clerk, with his signature and official seal attached thereto. They shall be dated, shall be addressed to the selectmen and shall contain the names of all the persons to whom they are issued, the number of blanks so issued, the name of the person whose recall is sought, the office from which removal is sought, the grounds of recall as stated in the affidavit, and shall demand the election of a successor in the said office. A copy of the petition shall be entered in a record book to be kept in the office of the town clerk. Said recall petition shall be returned and filed with the town clerk within twenty days after the filing of the affidavit, and shall have been signed by at least twenty-five per cent of the registered voters of the town as of the date such affidavit was filed with the town clerk, who shall add to their signatures the street and number, if any, of their residences.

The town clerk shall within twenty-four hours of receipt submit the petition to the registrars of voters in the town, and the registrars shall within five working days certify thereon the number of signatures which are names of registered voters of the town.

**SECTION 3.** If the petition shall be found and certified by the town clerk to be sufficient he shall submit the same with his certificate to the selectmen, within five working days, and the selectmen shall within five working days give written notice of the receipt of the certificate to the officer sought to be recalled and shall, if the officer does not resign within five days thereafter, order an election to be held on a date fixed by them not less than sixty and not more than ninety days after the date of the town clerk's certificate that a sufficient petition has been filed; provided, however that if any other town election is to occur within one hundred days after the date of the certificate the selectmen shall postpone the holding of the recall election to the date of such other election. No person shall be subject to recall if his term of office expires within ninety days of the certificate. If a vacancy occurs in said office after a recall election has been ordered, the election shall

nevertheless proceed as provided in this section.

**SECTION 4.** Any officer sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the town clerk shall place his name on the ballot without nomination. The nomination of other candidates, the publication of the warrant for the removal election, and the conduct of the same, shall all be in accordance with the provisions of law relating to elections, unless otherwise provided in this act.

**SECTION 5.** The incumbent shall continue to perform the duties of his office until the recall election. If said incumbent is not removed, he shall continue in office for the remainder of his unexpired term subject to recall as before, except as provided in this section. If not reelected in the recall election, he shall be deemed removed upon the qualification of his successor, who shall hold office during the unexpired term. If the successor fails to qualify within five days after receiving notification of his election, the incumbent shall thereupon be deemed removed and the office vacant.

**SECTION 6.** Ballots used in a recall election shall submit the following propositions in the order indicated: For the recall of (name of officer) Against the recall of (name of officer) Immediately at the right of each proposition there shall be a square in which the voter, by making a cross mark (X) may vote for either of the said propositions. Under the propositions shall appear the word "Candidates", the directions to the voters required by section forty-two of chapter fifty-four of the General Laws, and beneath this the names of candidates nominated in accordance with the provisions of law relating to elections. If two-thirds of the votes cast upon the question of recall is in the affirmative, the candidate receiving the highest number of votes shall be declared elected. If more than one-third of the votes on the question are in the negative, the ballots for candidates need not be counted.

**SECTION 7.** No recall petition shall be filed against an officer within ninety days after he takes office, nor, in the case of an officer subjected to a recall election and not recalled thereby, until at least ninety days after the election at which his recall was submitted to the voters of the town.

**SECTION 8.** No person who has been recalled from an office or who has resigned from office while recall proceedings were pending against him, shall be appointed to any town office within one year after such recall or such resignation.

**SECTION 9.** This act shall take effect upon its passage.

Approved October 5, 1987.

**Chapter 373. AN ACT REMOVING CERTAIN PART-TIME POSITIONS

**Chapter 378. AN ACT PROVIDING FOR THE APPOINTMENT OF AN ASSISTANT COLLECTOR.**

Be it enacted, etc., as follows:

Chapter 41 of the General Laws is hereby amended by inserting after section 39B the following section:-

Section 39C. The collector of a city or town may in writing appoint, with approval of the mayor or the selectmen thereof, an assistant collector who may be an employee in said collector's department. The assistant collector shall be sworn to the faithful performance of his duties, and a record shall be made of his appointment and oath. The assistant collector shall be a citizen of the United States and a resident of the commonwealth, and shall give bond annually for the faithful performance of his duties in a form approved, and in an amount determined by the commissioner of revenue. Unless a temporary collector is appointed in accordance with law, the assistant collector may, in the absence of the collector, perform his duties and when performing such duties shall have the powers and be subject to the requirements and penalties applicable to him; provided, however, that the assistant collector shall not be authorized to sign for the collector instruments of taking pursuant to section fifty-four of chapter sixty. The person appointed as assistant collector may receive a salary from the city or town for service as such.

Approved October 5, 1987.

**Chapter 379. AN ACT PROVIDING FOR TEMPORARY APPOINTMENTS TO ASSIST THE PAROLE BOARD.**

Be it enacted, etc., as follows:

Chapter 27 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following section:-

Section 7. (a) Retired members of the parole board and retired judges of the commonwealth whose names have been placed on the list of special parole board members pursuant to paragraph (d) may be designated by the secretary of the executive office of human services, upon application by the chairman of the parole board as provided in paragraph (e), to perform such of the duties of parole board members as they are assigned by the chairman of the parole board and which they may be willing to undertake.

(b) In performing such services, a special member of the parole board shall exercise all powers and authority of the office with respect to matters to which he is assigned. Any decision or vote of any such member shall be equal to any decision or vote of any active member of the parole board.

(c) A special member of the parole board shall receive compensation equivalent to that received by active members of the parole board and payment of any pension or retirement benefits shall be deemed to have been waived during such service as provided by section ninety B of chapter thirty-two. Such special member of the parole board shall be reimbursed for all expenses incurred while performing such services. While so serving, such staff support, clerical assistance and facilities as are customarily available to active members of the parole board shall be provided.

(d) Any retired member of the parole board or any retired judge who is eligible as hereinafter provided, may notify the secretary that he wishes his name to be placed on the list of such persons who may be designated as a special member of the parole board. The secretary may place the name of any retired member of the parole board or any retired judge on the list of special parole board members. No retired judge shall be designated to serve as a special member of the parole board if he is designated and assigned pursuant to section twenty-four of chapter two hundred and eleven, section sixteen of chapter two hundred and eleven A, and section fourteen of chapter two hundred and eleven B, nor shall any such judge consider the parole eligibility, commutation or pardon of any inmate who has ever appeared before him in his judicial capacity.

(e) Application for designation of a special member of the parole board shall be made by the chairman of the parole board to the secretary by a certification by said chairman that a significant number of cases is pending and has been pending for a least thirty days and that the active members of the parole board could not dispose of these cases within sixty days. The secretary shall consult with the chairman as to the number of special members of the parole board who should be designated and the length of time such designation shall remain in effect; provided,

**ACTS, 1987. – Chaps. 380, 381.**

however, that no more than three temporary appointments to the parole board shall be in effect at any one time; and provided, further, that at no time shall more than one temporary appointment serve as a member of the parole board to dispose of any particular case. In no event may a designation remain in effect for longer than one year; provided, however, that the secretary may redesignate an individual as a special parole board member. Any designation may specify that a special member may serve on a less than full time basis.

(f) Upon recommendation of the chairman, the secretary may withdraw an individual's designation as a special parole board member at any time.

(g) Whenever the secretary has designated one or more special members of the parole board, the chairman shall file with the secretary a monthly report on the efforts to address the caseload and shall indicate the number of pending cases.

**Chapter 383. AN ACT PROVIDING FOR RECALL ELECTIONS IN THE TOWN OF WEST BROOKFIELD.**

Be it enacted, etc., as follows:

**SECTION 1.** Any holder of an elective office in the town of West Brookfield may be recalled therefrom by the qualified voters of said town as herein provided.

**SECTION 2.** Any ten registered voters of the town of West Brookfield may file an affidavit with the town clerk containing the name of the officer sought to be recalled and a statement of the grounds for recall. The town clerk shall thereupon deliver to said voters copies of printed form petition blanks addressed to the selectmen demanding such recall. The blanks shall be issued under the signature and official seal of the town clerk. They shall be dated, and shall contain the names of all persons to whom they are issued, the name of the person whose recall is sought, and the grounds of recall as stated in the affidavit. In addition, the petitions shall demand the election of a successor to the said office.

A copy of the petition shall be entered in a record book to be kept in the office of town clerk. The recall petition shall be returned and filed with the town clerk within twenty days after the filing of the affidavit, with signatures, names and street addresses of at least twenty per cent of the registered voters of the town. Within forty-eight hours of receipt, the town clerk shall submit the petition to the registrars of voters in the town, and the registrars shall forthwith certify thereon the number of signatures which are names of registered voters of the town. If the petition shall be found and certified by the town clerk to be sufficient, it shall be submitted with his certificate to the selectmen without delay.

**SECTION 3.** The board of selectmen shall forthwith give written notice of the receipt of the certificate to the officer sought to be recalled. If the officer does not resign within five days thereafter, the board of selectmen shall order a recall election to be held on a date fixed by them not less than sixty nor more than seventy-five days after the date of the town clerk's certificate that a sufficient petition has been filed; provided, however, that if any other town election is scheduled to occur within ninety days after the date of the certificate, the board of selectmen shall postpone the holding of the recall election to the date of such other election. If a vacancy occurs in said office after a recall election has been ordered, the election shall nevertheless proceed as provided in this section.

**SECTION 4.** An officer whose recall is sought may be a candidate to succeed himself in the event the question of recall is voted in the affirmative. The number of signatures of qualified voters required to place the name of a candidate on the official ballot for use at a recall election shall not be less than twenty-five. The publication of the warrant for the recall election and the conduct of the same shall be in accordance with the provisions of law regulating elections, unless otherwise provided in this act.

**SECTION 5.** The incumbent shall continue to perform the duties of his office until the recall election. If then re-elected, the officer shall continue in office for the remainder of his unexpired term, subject to recall as before, except as provided in this act. If not re-elected in the recall election, he shall be deemed recalled upon the qualification of a successor, who shall hold office during the unexpired term. If the successor fails to qualify within five days after receiving notification of election, the incumbent shall thereupon be deemed recalled, the office vacant.

**SECTION 6.** Ballots used in a recall election shall submit the following propositions in the order indicated:

For the recall of (name of officer)

Against the recall of (name of officer)

Immediately at the right of each proposition there shall be a square in which the voter, by making a cross mark (X), may vote for either of the

said propositions. Under the proposition shall appear the word "Candidates", the directions to voters required by section forty-two of chapter forty-four of the General Laws, and beneath this the names of candidates nominated as hereinbefore provided. If the majority of the votes cast upon the question of recall is in the affirmative, the candidate receiving the highest number of votes shall be declared elected. If a majority of votes on the question is in the negative the ballots for candidates need not be counted.

**SECTION 7.** No recall petition shall be filed against an officer of said town within six months after he takes office, nor in the case of an officer subjected to a recall election and not removed thereby, until at least six months after that election.

**SECTION 8.** No person who has been recalled from an office in said town, or who has resigned from office while recall proceedings were pending against him, shall be appointed to any town office within two years after such removal by recall or resignation.

**SECTION 9.** All holders of elective office as of the effective date of this act shall be subject to the provisions set forth herein.

Approved October 5, 1987.

**Chapter 384. AN ACT PROVIDING FOR RECALL ELECTIONS IN THE TOWN OF HADLEY.**

Be it enacted, etc., as follows:

**SECTION 1.** Any holder of an elective office in the town of Hadley may be recalled therefrom by the registered voters of the town as herein provided, for reason of lack of fitness, incompetence, neglect of duties, corruption, malfeasance, misfeasance or violation of oath.

**SECTION 2.** Any ten registered voters of the town may file an affidavit with the town clerk containing the name of the officer sought to be recalled and a statement of the grounds for recall. The town clerk shall thereupon deliver to said voters copies of printed form petition blanks addressed to the selectmen demanding such recall. The blanks shall be issued under the signature and official seal of the town clerk. They shall be dated, and shall contain the names of all persons to whom they are issued, the name of the person whose recall is sought, and the grounds of recall as stated in the affidavit. In addition, the petitions shall demand the election of a successor to the said office. A copy of the petition shall be entered in a record book to be kept in the office of the town clerk. The recall petition shall be returned and filed with the town clerk within twenty days after the filing of the affidavit, with

signatures, names and street addresses of at least twenty per cent of the registered voters of the town. Within twenty-four hours of receipt, the town clerk shall submit the petition to the registrars of voters in the town, and the registrars shall forthwith certify thereon the number of signatures which are names of registered voters of the town.

**SECTION 3.** If the petition shall be found and certified by the town clerk to be sufficient, it shall be submitted with his certificate to the selectmen without delay. The selectmen shall forthwith give written notice of the receipt of the certificate to the officer sought to be recalled. If the officer does not resign within five days thereafter, the selectmen shall order an election to be held on a date fixed by them not less than sixty nor more than seventy days after the date of the town clerk's certificate that a sufficient petition has been filed; provided, however, that if any other town election is scheduled to occur within ninety days after the date of the certificate, the selectmen shall postpone the holding of the recall election to the date of such other election. If a vacancy occurs in said office after a recall election has been ordered, the election shall nevertheless proceed as provided in this section.

**SECTION 4.** Any officer sought to be removed may be a candidate to succeed himself in an election to be held to fill such vacancy, and unless the officer requests otherwise in writing, the town clerk shall place said name on the ballot without nomination. The nomination of other candidates, the publication of the warrant for the removal election, and the conduct of the same, shall all be in accordance with the provisions of law relating to elections, unless otherwise provided in this section.

**SECTION 5.** The incumbent shall continue to perform the duties of his office until the recall election. If said incumbent is not removed he shall continue in office for the remainder of his unexpired term, subject to recall as before, except as provided in this act. If not re-elected in the recall election, he shall be deemed removed upon the qualification of a successor, who shall hold office during the unexpired term. If the successor fails to qualify within five days after receiving notification of election, the incumbent shall thereupon be deemed removed and the office vacant.

**SECTION 6.** Ballots used in a recall election shall submit the following propositions in the order indicated: For the recall of (name of officer) Against the recall of (name of officer) Immediately at the right of each proposition there shall be a square in which the voters, by making a cross mark (X), may vote for either of the said propositions. **Chapter 392. AN ACT PROVIDING FOR THE ESTABLISHMENT AND ADMINISTRATION OF RENT REGULATIONS AND THE CONTROL OF EVICTIONS IN MOBILE HOME PARK ACCOMMODATIONS IN THE TOWN OF CHESHIRE.**

Be it enacted, etc., as follows:

**SECTION 1.** The general court finds and declares that a serious public emergency exists with respect to the housing of a substantial number of citizens in the town of Cheshire, which emergency has been created by excessive, abnormally high and unwarranted rental increases imposed by some owners of mobile home parks located therein; that unless mobile home parks rents and eviction of tenants are regulated and controlled such emergency will produce serious threats to the public safety, health, and general welfare of the citizens of said town, particularly the elderly; that such emergency should be met by the commonwealth immediately and with due regard for the rights and responsibilities of the town of Cheshire.

**SECTION 2.** The town of Cheshire may, by its by-laws, regulate rents for the use or occupancy of mobile home park accommodations in said town, establish a rent board for the purpose of regulating rents, minimum standards for use and occupancy of mobile home park accommodations and evictions of tenants therefrom and may, by its by-laws, require registration by owners of mobile home park accommodations. Such rents, standards and evictions may be regulated by the rent board so as to remove hardships, or correct inequities for both the owner and the tenants of such mobile home park accommodations. Said rent board shall have all powers necessary or convenient to perform its functions, may make rules and regulations, require registration by owners of mobile home park accommodations, under penalty of perjury, of information relating to the mobile home park accommodations, sue and be sued, compel the attendance of persons and the production of papers and information, and issue appropriate orders which shall be binding on both the owner and tenants of such

**ACTS, 1987. - Chap. 393.**

mobile home park accommodations. Violations of any by-law adopted pursuant to this act or any order of said rent board shall be punishable by a fine of not more than one thousand dollars for any one offense.

**SECTION 3.** In regulating such rents for such mobile home park accommodations, the rent board established under section two may make such individual or general adjustments, either upward or downward, as may be necessary to assure that rents for the mobile home park accommodations in said town are established at levels which yield to owners a fair net operating income for such units. Said town in its by-laws or said rent board by regulations may establish further standards and rules consistent with this act. If the maximum rent is not otherwise established, it shall be established by the board. Any maximum rent may be subsequently adjusted under this act.

**SECTION 4.** The provisions of chapter thirty A of the General Laws shall be applicable to the rent board, established under section two, as if said rent board were an agency of the commonwealth, including those provisions giving agencies the powers to issue, vacate, modify, and enforce subpoenas and those provisions relating to judicial review of an agency order.

**SECTION 5.** The district court department shall have original jurisdiction, concurrently with the superior court, of all petitions for review brought pursuant to section fourteen of chapter thirty A of the General Laws. The superior court shall have jurisdiction to enforce the provisions of this act and any by-laws adopted thereunder and may restrain violations thereof.

**SECTION 6.** The town of Cheshire may, by its by-laws, regulate the evictions of tenants and the rent board, established under section two, may issue orders which shall be a defense to an action of summary process for possession and such orders shall be reviewable pursuant to sections four and five.

**SECTION 7.** This act shall take effect upon its passage.

Approved October 8, 1987.

**Chapter 394. AN ACT PROVIDING A MEDICAL DEFINITION OF INFERTILITY.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 175 of the General Laws is hereby amended by inserting after section 47G, inserted by section 1 of chapter 363 of the acts of 1987, the following section:-

Section 47H. Any blanket or general policy of insurance, except a blanket or general policy of insurance which provides supplemental coverage to medicare or other governmental programs, described in subdivisions (A), (C) or (D) of section one hundred and ten which provides hospital expense or surgical expense insurance which includes pregnancy-related benefits and which is issued or subsequently renewed by agreement between the insurer and the policyholder, within or without the commonwealth, while this provision is effective, or any policy of accident and sickness insurance as described in section one hundred and eight which provides hospital expense or surgical expense insurance which includes pregnancy-related benefits and which is delivered or issued for delivery or subsequently renewed by agreement between the insurer and the policyholder in the commonwealth while this provision is effective, or any employees' health and welfare fund which provides hospital expense and surgical expense benefits which includes pregnancy-related benefits and which is promulgated or renewed to any person or group of persons in the commonwealth while this provision is effective shall provide, to the same extent that benefits are provided for other pregnancy-related procedures, coverage for medically necessary

expenses of diagnosis and treatment of infertility. For purposes of this section, "infertility" shall mean the condition of a presumably healthy individual who is unable to conceive or produce conception during a period of one year.

**SECTION 2.** Chapter 176A of the General Laws is hereby amended by inserting after section 8J, inserted by section 3 of said chapter 363, the following section:-

Section 8K. Any contract, except contracts providing supplemental coverage to medicare or other governmental programs, between a subscriber and the corporation under an individual or group hospital service plan which is delivered, issued for delivery or renewed in the commonwealth while this provision is effective and which provides pregnancy-related benefits shall provide as a benefit for all individual subscribers or members within the commonwealth and all group members having a principal place of employment within the commonwealth, to the same extent that benefits are provided for other pregnancy-related procedures, coverage for medically necessary expenses of diagnosis and treatment of infertility. Said infertility benefits shall meet all other terms and conditions of the subscriber certificate. For purposes of this section, "infertility" shall mean the condition of a presumably healthy individual who is unable to conceive or produce conception during a period of one year.

**SECTION 3.** Chapter 176B of the General Laws is hereby amended by striking out section 4G, inserted by section 4 of said chapter 363, and inserting in place thereof the following two sections:-

Section 4I. Any subscription certificate under an individual or group medical service agreement, except certificates which provide supplemental coverage to Medicare or other governmental programs, which shall be delivered or issued or renewed in the commonwealth shall provide as benefits to all individual subscribers and members within the commonwealth and to all group members having a principal place of employment within the commonwealth for expense of cytologic screening and mammographic examination. Said benefits shall be at least equal to the following minimum requirement: (a) in the case of benefits for cytologic screening, said benefits shall provide for an annual cytologic screening for women eighteen years of age and older; and (b), in the case of benefits for mammographic examination said benefits shall provide for a baseline mammogram for women between the ages of thirty-five and forty and for mammogram on an annual basis for women forty years of age and older.

Section 4J. Any subscription certificate under an individual or group medical service agreement, except certificates which provide supplemental coverage to medicare or other governmental programs, which is delivered, issued for delivery or renewed in the commonwealth while this section is effective shall provide as a benefit for all individual subscribers or members within the commonwealth and all group members having a principal place of employment within the commonwealth, to the

**Chapter 395. AN ACT AUTHORIZING THE CITY OF REVERE TO GRANT A CERTAIN PENSION TO MICHAEL J. McLAUGHLIN.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of any law to the contrary and in order to promote the public good, the retirement board of the city of Revere is hereby authorized and directed to retire Michael J. McLaughlin a police officer in the police department of the city of Revere who as a result of injuries sustained by him while in the performance of his duties as a police officer is totally and permanently incapacitated for further service as a police officer. The annual amount of pension payable to said Michael J. McLaughlin under this act shall be fixed in an amount equal to the regular rate of compensation which he would have been paid had he continued in service as a police officer of said city at the grade held by him at the time of his retirement. The annual pension payable by said city to said Michael J. McLaughlin under the provisions of this act shall be reduced by the amount of any compensation he may receive from any gainful employment after the effective date of his retirement. Said Michael J. McLaughlin shall be entitled to and shall receive all annual cost of living adjustments, in his annual pension, granted under the provisions of any general or special law. Such retirement shall become effective as of the date following the last day on which he received regular compensation. Upon the retirement of Michael J. McLaughlin, the retirement board of said city shall forthwith pay to him all the amounts standing to his credit in the annuity savings funds for the retirement system of said city.

**SECTION 2.** The provisions of section one hundred of chapter forty-one of the General Laws shall continue to apply to said Michael J.

---

**ACTS, 1987. - Chap. 396.**

McLaughlin, relative to his indemnification by said city for any hospital, medical and relative expenses which may be incurred by him after the date of his retirement as a result of the aforementioned incapacity.

**SECTION 3.** Upon the death of said Michael J. McLaughlin, if he shall leave a wife surviving him, said city shall pay to her for as long as she remains unmarried a pension in the amount of three-fourths of the amount of the pension payable to him at the time of his death. Upon the death of the survivor wife of said Michael J. McLaughlin, the city of Revere shall pay to the surviving children of Michael J. McLaughlin, and his survivor wife, until the age of eighteen, a pension of equal proportion to each child which shall total three-fourths of the amount of the pension payable to Michael J. McLaughlin at the time of his death. If said Michael J. McLaughlin is unmarried at the time of the passage of this act, any determinations as to the right of survivorship shall be determined by the retirement board of the city of Revere.

**SECTION 4.** This act shall take effect upon its passage.

Approved October 13, 1987.

**Chapter 396. AN ACT AUTHORIZING THE STATE EMPLOYEES' RETIREMENT BOARD TO GRANT CERTAIN RETIREMENT BENEFITS TO THE SURVIVING SPOUSE OF EDWIN LIVINGSTONE, JR.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately authorize the state employees' retirement board to grant certain retirement benefits to the surviving spouse of Edwin Livingstone, Jr., therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Notwithstanding any general or special law to the contrary, and for the purpose of discharging a moral obligation of the commonwealth, the state employees' retirement board is hereby authorized and directed to pay to Margaret M. Livingstone, the surviving spouse of Judge Edwin Livingstone, Jr., retirement benefits as of May twelfth, nineteen hundred and eighty-seven equal to the benefits which would have been payable to her had said Edwin Livingstone, Jr. been retired for disability as of said date and had he elected to receive a pension or retirement allowance for life at a lesser annual rate with provision that upon his death two-thirds of such pension or retirement allowance for life at a lesser rate would be paid to said Margaret M. Livingstone, with such lesser annual rate to be determined so that the value on the date of such disability retirement of the prospective payments to such Edwin Livingstone, Jr. and Margaret

**Chapter 399. AN ACT CLARIFYING PROCEDURES IN CASES OF CIVIL MOTOR VEHICLE INFRACTIONS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 27 of chapter 90 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the second sentence and inserting in place thereof the following sentence:- Said abstracts shall be made in such form, shall include such information, and shall be certified by the clerk of the court as a true abstract of the record of the court in such manner as the registrar and the administrative justices of the district court department and the Boston municipal court department shall jointly determine.

**SECTION 2.** Section 1 of chapter 90C of the General Laws, as so appearing, is hereby amended by striking out the definition of "Automobile law violation" and inserting in place thereof the following definition:-

"Automobile law violation", any violation of any statute, ordinance, by-law or regulation relating to the operation or control of motor vehicles other than a violation (1) of any rule, regulation, order, ordinance or by-law regulating the parking of motor vehicles established by any city or town or by any commission or body empowered by law to make such rules and regulations therein, or (2) of any provision of chapter one hundred and fifty-nine B. A recreation vehicle and a snow vehicle, both as defined in section twenty of chapter ninety B, and a motorized bicycle, as defined herein, shall be considered a motor vehicle for purposes of this chapter. A motor boat, as defined in section one of chapter ninety B, shall not be considered a motor vehicle for purposes of this chapter.

**SECTION 3.** Subsection (B) of section 3 of said chapter 90C, as so appearing, is hereby amended by striking out the second paragraph and inserting in place thereof the following paragraph:-

If the police officer directs that an application for a complaint be

filed, he shall so indicate on the citation. If he so indicates, the citation given to the violator shall have printed thereon a statement that the violator shall, if he so requests in writing to the appropriate district court within four days of the alleged violation, be granted a hearing on said violation before any process shall issue, as provided in section thirty-five A of chapter two hundred and eighteen, and such printed statement shall be deemed to satisfy the notice requirements of said section thirty-five A of said chapter two hundred and eighteen. If an application for a complaint is so indicated and a complaint is issued, with or without the above-mentioned hearing, the procedure established for criminal cases shall then be followed. If the police officer directs that an application for a complaint be filed, the citation shall serve as the application and the police chief or person authorized by him shall deposit all parts of the citation, except the police officer's copy and the police department copy, with the clerk-magistrate of the appropriate district court at a time no later than the end of the fourth court day after the date of the violation. The police chief may, from time to time, designate one person to sign all such complaints.

**SECTION 4.** Chapter 279 of the General Laws is hereby amended by striking out section 42, as so appearing, and inserting in place thereof the following section:-

Section 42. If judgment is rendered against a corporation upon an indictment or complaint under the laws of the commonwealth, or if a corporation fails to pay an assessment for a civil motor vehicle infraction as provided in chapter ninety C, the court may issue a warrant of distress to compel payment of the penalty or assessment, as the case may be, as prescribed by law, together with interest thereon if so ordered by the court.

**SECTION 5.** An automobile law violation for which a citation was issued prior to July first, nineteen hundred and eighty-six, and which qualifies as a civil motor vehicle infraction under the terms set forth in section ten of chapter thirty-five of the acts of nineteen hundred and eighty-six, shall be subject to disposition in accordance with the provisions of this section as an alternative to disposition under the criminal procedures applicable by law at the time of the violation; provided, however, that such violation has not been finally disposed of prior to the effective date of this chapter; and, provided further, that no criminal warrant regarding such citation is pending at the time the alternative disposition provided herein is applied. In such cases the court may issue to the violator a notice allowing him a period of twenty days within which to pay the amount due, which shall include the assessment due on the original citation and an additional assessment of fifteen dollars; provided, however, that if the citation involves more than one motor vehicle violation that qualifies as a civil motor vehicle infraction as herein provided, said additional assessment shall be twenty-five dollars; and provided, further, that the total additional assessment against a person who has not attained seventeen years shall

---

**ACTS, 1987. – Chap. 400.**

not exceed fifteen dollars. The provision of the first paragraph of section eight of chapter two hundred and fifty-eight B of the General Laws providing for waiver of assessment shall apply to the additional assessment provided for herein. All such additional assessments shall be collected, transmitted, and deposited in accordance with the provisions of the second paragraph of section eight of said chapter two hundred and fifty-eight B and section nine.

The notice required to be sent to the violator shall recite the date and nature of the violation and the violator's failure to pay the amount of the assessment or request a hearing in accordance with the law. Payment of the total amount owed, as indicated in the notice, shall be required in accordance with the provisions for payment set forth in the third paragraph of subsection (A) of section three of chapter ninety C of the General Laws. Said notice shall indicate said provisions for payment. A violator receiving said notice shall not be entitled to a hearing thereafter.

If the violator fails to make payment within said twenty-day period, the clerk-magistrate shall notify the registrar thereof. Such notice to the registrar may be given more than once in the same case if necessary. Nothing herein shall be deemed to prevent, in addition to notice to the registrar, the sending of such additional written notices or court process to the violator as may be deemed necessary.

Upon receipt of said notice, the registrar and the justice and clerk-magistrate of the court where the action is pending shall proceed in accordance with the procedures set forth in the second paragraph of subsection (C) of said section three of said chapter ninety C and the violator shall be required to take such actions and shall be bound by the consequences of the failure to take such actions as are provided therein.

The aforementioned notice to the violator allowing a twenty-day period for payment shall inform the violator of the consequences for failure to make payment as provided in said second paragraph of said subsection (C) of said section three of said chapter ninety C.

Approved October 13, 1987.

**Chapter 403. AN ACT AUTHORIZING THE DIVISION OF CAPITAL PLANNING AND OPERATIONS TO CONVEY CERTAIN LAND IN THE TOWN OF FOXBOROUGH TO THE FOXBOROUGH HOUSING AUTHORITY.**

Be it enacted, etc., as follows:

**SECTION 1.** The deputy commissioner of the division of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to sell and convey by deed approved as to form by the attorney general, for consideration of one dollar, a certain parcel of land and the buildings thereon, all under the control of the department of mental health, located in the town of Foxborough, to the Foxborough Housing Authority for the purposes of constructing low or mixed income housing and housing for the mentally or physically handicapped, subject to the requirements of sections two and three and to such additional terms and conditions as the deputy commissioner may prescribe in consultation with the department of mental health.

Said parcel is bounded and described as follows:-

Beginning at a point on the southeasterly line of Walnut Street, said point being the northeast corner of the premises; thence running southeast by land now or formerly of the Trustees of the Norwood Hospital to a point on the westerly line of Interstate Highway 95; thence running southwesterly and westerly along the line of Interstate 95 to a point at the easterly line of Route 140; thence northerly and northeasterly along the easterly line of Route 140 to a point on the southeasterly line of Walnut St.; thence northeasterly along the southeasterly line of Walnut Street to the point of beginning.

---

**ACTS, 1987. – Chaps. 404, 405.**

The above described parcel contains approximately twenty acres and will be more particularly shown on a plan of the property to be prepared by the Foxborough Housing Authority to be submitted to the division of capital planning and operations.

**SECTION 2.** In the event that the above described parcel is not used for the purposes described in section one within five years of the effective date of this act, or if the Foxborough Housing Authority ceases to use the parcel for such purposes at any time, the parcel shall revert to the commonwealth under such terms and conditions as the deputy commissioner may prescribe.

**SECTION 3.** The recipient of said parcel will assume the costs of appraisals, surveys, or other expenses as deemed necessary by the deputy commissioner for the conveyance of this property.

Approved October 13, 1987.

**Chapter 405. AN ACT ABOLISHING THE REDEVELOPMENT AUTHORITY OF THE CITY KNOWN AS THE TOWN OF WATERTOWN AND VESTING ITS POWERS IN SAID TOWN.**

Be it enacted, etc., as follows:

**SECTION 1.** The Watertown Redevelopment Authority established by a vote of the town meeting on February tenth, nineteen hundred and sixty-six, pursuant to the General Laws is hereby abolished.

**SECTION 2.** The town of Watertown, hereinafter called the town, shall assume all rights, obligations, contracts, title to property, assets, liabilities, including outstanding litigation and responsibilities of the Watertown redevelopment authority, hereinafter called the authority. All bonded indebtedness of the authority shall become the responsibility

of the town and, where necessary, the consent of the secretary of communities and development shall be required to transfer any outstanding bonds.

All petitions, hearings, actions at law or in equity, or other proceedings pending immediately prior to the effective date of this act before any court of law or any administrative tribunal shall continue unabated as if no reorganization has been effected and shall be the responsibility of the town.

All orders, rules, and regulations duly promulgated by the authority prior to the effective date of this act relating to the execution of urban renewal projects shall remain in full force and effect until superseded, revised, or rescinded in accordance with the law.

All contracts and obligations of the authority in connection with the execution of urban renewal projects duly in effect immediately prior to the effective date of this act shall continue in full force and effect and shall be contracts and obligations of the town.

All rights, title and interest in any real property held in the name of the authority shall be transferred to the town.

**SECTION 3.** It is hereby declared that:

(a) substandard, decadent or blighted open areas exist in the town and that each of such areas constitutes serious and growing menace, injurious to the safety, health, and welfare of the residents of the town;

(b) that the existence of each of such areas necessitates an excessive and disproportionate expenditure of public funds for the preservation of the public health and safety, for crime prevention, for the maintenance of adequate police, fire and accident protection and other public services and facilities, constitutes an economic and social liability, substantially impairs or arrests the sound growth of the town, and retards the provision of housing accommodations;

(c) that each of such areas decreases the value of private investments and threatens the sources of public revenue and the financial stability of the town;

(d) that because of the economic and social interdependence of the town with neighboring communities the redevelopment of land not only in substandard areas but also in decadent and blighted open areas in accordance with a comprehensive plan to promote the sound growth of the town is necessary in order to achieve permanent and comprehensive elimination of substandard conditions and to prevent the recurrence of such conditions or their development in other parts of the town;

(e) that the redevelopment of blighted open areas promotes the clearance of substandard and decadent areas and prevents their creation and occurrence;

(f) that the menace of such substandard, decadent or blighted open areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids herein provided;

(g) that the acquisition of property for the purpose of eliminating

---

**ACTS, 1987. - Chap. 405.**

substandard, decadent or blighted open conditions thereon and preventing occurrence of such conditions in the area, the removal of structures and improvement of sites, and disposition of the property for redevelopment incidental to the foregoing, and the exercise of powers by the town and any assistance which may be given by the commonwealth or any other public body in connection therewith, are public uses and purposes for which public money may be expended and the power of eminent domain exercised;

(h) that a public exigency exists which makes the acquisition, planning, clearance, rehabilitation or rebuilding of such substandard, decadent or blighted open areas for residential and appurtenant or incidental facilities a public use and benefit for which private property may be acquired by eminent domain or regulated by wholesome and reasonable orders, laws and directions; and the necessity in the public interest for the provisions hereinafter enacted is hereby declared as a matter of legislative determination;

(i) that in many areas throughout the town there is a shortage of decent, safe and sanitary dwelling properly planned and related to facilities for governmental, social, business, commercial, cultural and recreational purposes; that this condition is most extreme in areas where substandard, decadent or blighted open areas exist; that the aforesaid conditions cannot be corrected by the ordinary operations of private enterprise without the aids herein provided; and

(j) that the provisions of this act will stimulate the investment of private capital in projects for the assembly and clearance of land in substandard, decadent or blighted open areas, and in the construction, maintenance and operation of such land of needed decent, safe and sanitary dwellings properly planned and related to adequate and convenient appurtenant and incidental facilities; that the construction, maintenance and operation of such facilities on such land in such areas will assist in achieving permanent and comprehensive elimination of substandard conditions and in preventing the recurrence of such conditions not only by reason of the clearance and redevelopment of such land but also by reason of its future utilization for decent, safe and sanitary housing.

**SECTION 4.** The town shall have the same functions, rights, powers, privileges and immunities and be subject to the same duties and obligations as provided by law in the case of a redevelopment authority and the members thereof in carrying out land assembly and redevelopment projects, community development projects and urban renewal projects and all the provisions of law applicable to redevelopment authorities in cities and towns, except as specifically provided by this act, with respect to land assembly and redevelopment projects shall be applicable to the town; and the power to initiate and carry out land assembly and redevelopment projects, community development projects and urban renewal projects in the town shall thereafter be vested solely in the town. Further, the town shall have the following powers which are specifically granted to redevelopment authorities:

---

ACTS, 1987. - Chap. 405.

(a) To conduct investigations and disseminate information relative to housing and living conditions, economic matters and on any other subject which is deemed by it to be material in connection with its powers and duties.

(b) To determine what areas within its jurisdiction constitute substandard, decadent or blighted open areas and to prepare plans for clearance thereon.

(c) To engage in land assembly and redevelopment projects and urban renewal projects.

(d) To take by *eminent domain* under chapter seventy-nine or chapter eighty A of the General Laws, or to purchase or lease or to acquire by gift, bequest or grant, and hold, any property real or personal, or any interest therein, found by it to be necessary or reasonably required to carry out the purposes of this act, or any of its sections, and to sell, exchange, transfer or assign the same; provided, that in case of taking by eminent domain under said chapter seventy-nine, the provisions of section forty of said chapter seventy-nine shall be applicable, except that the security therein required shall be deposited with the treasurer of the town.

(e) To clear and improve any property so acquired.

(f) To engage in or contract for the construction, reconstruction, alteration, remodeling or repair of any clearance, relocation, community development urban renewal or rehabilitation project which it is authorized to undertake.

(g) To make relocation payments to persons and businesses displaced as a result of carrying out any such project.

(h) To act as agent of, or to cooperate with the state or federal government in any clearance, land assembly and redevelopment, community development, or urban renewal project or other public improvement involving the demolition of dwelling units whenever such a land assembly and redevelopment, community development or urban renewal project or other public improvement is determined upon and the town finds that there exists in the town an acute shortage of housing and there are no adequate means available for immediate relocation of persons and families displaced from the project area.

(i) In addition to the borrowing authority conferred upon the town by the General Laws, to borrow for the purposes of paying all or any part of the costs incurred pursuant to this act, exclusive of the current maintenance and operating expenses, as from time to time such sums may be necessary, upon the security of its bonds, notes or other evidences of indebtedness and to secure the same by mortgages upon property held or to be held by it or by pledge of its revenue under this act, including without limitation grants and contributions by the federal government, or in any other lawful manner in connection with the incurrence of any indebtedness, to covenant that it shall not thereafter mortgage or pledge the whole or any specified part of its property or its revenues.

(j) To receive loans, grants and annual or other contributions from the federal government or from any other source, public or private.

---

**ACTS, 1987. - Chap. 405.**

All of the provisions of chapters one hundred and twenty-one A and one hundred and twenty-one B of the General Laws which pertain to redevelopment authorities in cities and towns which are not inconsistent with this act shall apply to the town, but in the event that there is a conflict between any provision of this act and said chapters one hundred and twenty-one A and one hundred and twenty-one B, insofar as applicable to redevelopment authorities, the provisions of this act shall govern.

**SECTION 5.** All books, papers, records, documents, plans and personal property of any kind in the custody or possession of the authority immediately prior to the effective date of this act shall be transferred to the custody and control of the town.

**SECTION 6.** The town shall be deemed an operating agency for the purposes of sections twelve to sixteen, inclusive and section twenty of chapter one hundred and twenty-one B of the General Laws.

**SECTION 7.** The bonds, notes and certificates of indebtedness issued under clause (i) of section four of this act, in the absence of an express recital to the contrary on the face thereof, shall constitute negotiable instruments for all purposes. They may be payable from a specific part or parts of the income of the town or constitute a general obligation thereof, may be sold at not less than par, at public or private sale, may mature at such time or times, may be secured in such manner, may provide for such rights and remedies upon their default and may contain such other covenants, terms and conditions not inconsistent with law all as may be authorized by order of the town council, and shall be signed by the town manager and by the treasurer and collector.

The bonds, notes and certificates of indebtedness of the town issued under clause (i) of section four of this act and the interest thereon shall be exempt from taxation with respect to principal and income. Bonds of the town issued under the said clause (i) shall be legal investments for the deposits and the income derived therefrom of savings banks, for the trust funds of trust companies, and for funds over which the commonwealth has exclusive control.

**SECTION 8.** The town may obligate itself, in any contract with the federal government for a loan or the payment of annual contributions authorized by section four of this act, to convey to the federal government the project to which such contract relates, upon the occurrence of a substantial default with respect to the covenants, terms and conditions of such contract to which the town is subject. Such contract may further provide that, in case of such conveyance, the federal government may complete, operate, manage, lease, convey or otherwise deal with the project in accordance with the terms of such contract; provided that the contract shall require that, as soon as practicable, after the federal government is satisfied that all of the defaults on account of which it acquired the project have been remedied,

and that the project will thereafter be operated in compliance with the terms of the contract, the federal government shall reconvey to the city the project in the condition in which it then exists. The obligation of the town under such contract shall be subject to specific enforcement by any court having jurisdiction, and, notwithstanding any other provision of the law, shall not be deemed to constitute a mortgage.

**SECTION 9.** For the purpose of complying with the condition of federal and state legislation, the town may, upon such terms, and with or without consideration, do or agree to do any or all of the following:

(a) sell, convey, or lease any of its interests in any property, or grant easements, licenses or any other rights or privileges therein to the federal government;

(b) cause parks, playgrounds, or schools, or water, sewer or drainage facilities, or any other public improvements which it is otherwise authorized to undertake, to be laid out, constructed or furnished adjacent to or in connection with a housing, clearance, relocation, urban renewal, rehabilitation or community development project;

(c) lay out and construct, alter, relocate, change the grade of, make specific repairs upon or discontinue, public ways and construct sidewalks, adjacent to or through a housing, clearance, relocation, urban renewal, rehabilitation or community development project;

(d) establish exceptions to existing ordinances regulating the design, construction and use of buildings; annul or modify any action taken or map adopted under sections eighty-one A to eighty-one J, inclusive, of chapter forty-one of the General Laws;

(e) cause public improvements to be made and service facilities to be furnished with respect to a housing, clearance, relocation, urban renewal, rehabilitation or community development project for which betterments or special assessments may be levied or charges made, and assume such betterments, assessments or charges;

(f) cause private ways, sidewalks, footpaths, ways for vehicular travel, playgrounds, or water, sewer or drainage facilities and similar improvements to be constructed or furnished within the site of a project for the particular use of the project or of those dwelling therein; and

(g) do any and all other things necessary or convenient to aid and cooperate in the planning, construction or operation of housing, clearance, relocation, urban renewal, rehabilitation or community development project within its limits.

The entering of a contract under this section between the town and the state or federal government shall not be subject to any provision of law relating to publication or to advertising for bids.

**SECTION 10.** This act shall take effect on November first, nineteen hundred and eighty-seven.

Approved October 13, 1987.

**Chapter 406. AN ACT RELATIVE TO THE PROCEEDS OF CERTAIN BONDS OR NOTES FOR SEWERAGE PURPOSES BY THE LEICESTER WATER SUPPLY DISTRICT.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of section twenty of chapter forty-four of the General Laws, chapter one hundred and eighty-one of the acts of eighteen hundred and ninety-three or any other general or special law to the contrary, project costs financed by the proceeds of bonds or notes issued by the Leicester Water Supply District for the purpose of constructing sewers, sewerage systems and sewage treatment and disposal facilities may include interest on temporary notes in anticipation of bonds or notes or of federal or state aid, that is paid or payable during the period of design and construction of the project and for not more than one year after completion of such construction, as shall be determined by the board of water commissioners.

**SECTION 2.** This act shall take effect upon its passage.

Approved October 20, 1987.

**Chapter 407. AN ACT DIRECTING THE CITY OF CHELSEA TO GRANT A CERTAIN PENSION TO LESLIE A. HASKELL.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of any general or special law to the contrary, and in order to promote the public good, the retirement board of the city of Chelsea is hereby authorized and directed to retire police officer Leslie A. Haskell, of the police department of the city of Chelsea, who is totally and permanently incapacitated for further service as a police officer. The annual amount of pension payable to said Leslie A. Haskell shall be fixed in an amount equal to the regular rate of benefits that he would have been paid had he been retired for ordinary disability pursuant to section six of chapter thirty-two of the General Laws. The annual pension payable by said city to said Leslie A. Haskell under the provisions of this act shall be reduced by the amount of any compensation he may receive from any gainful employment after the effective date of his retirement. Said Leslie A. Haskell shall be entitled to and shall receive all annual cost-of-living adjustments, in his annual pension, granted under the provisions of any general or special law. Said Leslie A. Haskell shall also be entitled to and shall receive all other benefits, such as medical insurance coverage, received by individuals now retired under section six of said chapter thirty-two.

---

**ACTS, 1987. - Chap. 408.**

**SECTION 2.** Benefits payable hereunder shall date from the passage of this act and shall not be retroactive to any past date.

**SECTION 3.** This act shall take effect upon its passage.

Approved October 20, 1987.

**Chapter 408. AN ACT PROVIDING FOR RECALL ELECTIONS IN THE TOWN OF SANDWICH.**

Be it enacted, etc., as follows:

**SECTION 1.** Any holder of an elected office in the town of Sandwich may be recalled therefrom by the qualified voters of the town as herein provided.

**SECTION 2.** Any ten qualified voters of the town of Sandwich may file with the town clerk of said town an affidavit containing the name of the officer sought to be recalled and a statement of the grounds of recall. Said town clerk shall thereupon deliver to the voter making such affidavit a sufficient number of copies of petition blanks demanding such recall, printed forms of which he shall keep on hand. The blanks shall be issued by the town clerk with his signature and official seal attached thereto and shall be dated and addressed to the selectmen of said town. Said blanks shall contain the name of the person to whom issued, the number of blanks to be issued, the name of the person sought to be recalled, the office from which removal is sought, the grounds of recall as stated in said affidavit, and shall demand the election of a successor to such office. A copy of the petition shall be entered in a record book to be kept in the office of the town clerk. Said recall petition shall be returned and filed with the town clerk within twenty days after filing of the affidavit. Said petition before being returned and filed shall be signed by twenty-five per cent of the qualified voters and to every signature shall be added the place of residence of the signer, giving the street and number. The said recall petition shall be submitted to the town clerk by three o'clock p.m. on the Friday preceding the day which it must be filed, to the registrars of voters in said town, and the registrars shall forthwith certify thereon the number of signatures which are names of voters of said town.

**SECTION 3.** If the petition shall be found and certified by said town clerk to be sufficient, he shall submit the same with his certificate to the selectmen, without delay, and said selectmen shall forthwith give written notice of receipt of said certificate to the officer against whom recall is being sought. If the officer does not resign within five days thereafter, said selectmen shall order an election to be held on a date fixed by them not less than sixty days and not more than ninety days after the date of the town clerk's certificate that a sufficient petition

---

**ACTS, 1987. – Chap. 408.**

has been filed; provided, however, that if another town election is to occur within one hundred days after the date of the certificate the selectmen may, in their discretion, postpone the holding of said recall election to the date of such other election. If a vacancy occurs in said office after a recall election has been so ordered, the election shall nevertheless proceed as provided herein.

**SECTION 4.** Any officer sought to be removed may be a candidate to succeed himself and, unless he requests otherwise in writing, the town clerk shall place his name on the ballot without nomination. The nomination of other candidates, the publication of the warrant for the recall election, and the conduct of the same, shall all be in accordance with the provisions of law relating to elections, unless otherwise provided by this act.

**SECTION 5.** The incumbent shall continue to perform the duties of his office until the recall election. If then reelected, he shall continue in the office for the remainder of his unexpired term, subject to recall as before, except as provided in this act. If not reelected in the recall election, he shall be deemed removed upon the qualification of his successor, who shall hold office during the unexpired term. If the successor fails to qualify within five days after receiving notification of his election, the incumbent shall thereupon be deemed removed and the office vacant.

**SECTION 6.** Ballots used in a recall election shall submit the following propositions in the order indicated: For the recall of (name of officer) Against the recall of (name of officer) Immediately at the right of each proposition, there shall be a square in which the voter, by making a cross mark (X), may vote for either of the said propositions. Under the proposition shall appear the word "Candidates", the directions to voters required by section forty-two of chapter fifty-four of the General Laws, beneath this the names of candidates nominated as hereinbefore provided. If a majority of the votes cast upon the question of recall is in the affirmative, the candidate receiving the highest number of votes shall be declared elected; provided that at least forty per cent of those entitled to vote shall have voted. If a majority of votes on the question is in the negative, the ballot for candidates need not be counted.

**SECTION 7.** No recall petition shall be filed against an officer within six months after he takes office, nor, in case of an officer subject to a recall election and not recalled thereby, until at least six months after the election at which his recall was submitted to the voters.

**SECTION 8.** This act shall take effect upon its passage.

Approved October 20, 1987.

**Chapter 415. AN ACT FURTHER REGULATING DISCRIMINATION IN PUBLIC EMPLOYMENT IN THE COMMONWEALTH.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 32 of the General Laws is hereby amended by inserting after section 90G the following section:–

Section 90H. Any member in service, classified in an occupation or position classification in Group 2 or Group 4, except such occupations or position classifications as shall be excepted by the personnel administrator, after consultation with the secretary of the executive

office of public safety, where said administrator determines by regulation that age is a bona fide occupational qualification, shall continue in service; at such member's option, notwithstanding the fact that he has attained age sixty-five; provided, however, that he is mentally and physically capable of performing the duties of his office or position. Any such member between age sixty-five and seventy shall certify annually to the retirement board his continuing capacity to perform said duties; provided, however, that the appointing authority may require such member to be examined by an impartial physician designated by the retirement authority to determine such capability. Any such member after age seventy shall annually, at his own expense, be examined by an impartial physician designated by the retirement authority to determine such member's continuing capability of performing the duties of his office or position. Deductions shall be made from the regular compensation of any such member between age sixty-five and seventy and upon retirement such member shall receive a superannuation retirement allowance, or a veteran's pension allowance, as applicable, equal to that to which he would have been entitled had he retired at age seventy or any earlier age upon which he actually retires. Any member between age sixty-five and seventy subject to an examination by an impartial physician pursuant to this section, who is not capable of continuing in service, shall be retired pursuant to this chapter for superannuation. An individual who is retired because he is found not capable of continuing to perform his duties shall not be presumed by virtue of such involuntary retirement to be disabled for pension purposes.

**SECTION 2.** Notwithstanding the provisions of section one, no member in the occupation or position classification of uniformed member of a paid fire department or uniformed member of a police department, or of the police force of the metropolitan district commission, or of the police force of the Massachusetts Bay Transportation Authority, or the capitol police, or member of the state police detectives appointed under section six of chapter twenty-two, or member of the uniformed branch of the registry of motor vehicles or department of fisheries and wildlife, as determined by the personnel administrator, or correctional officer, or permanent crash crewman, crash boatman, fire controlman, or assistant fire controlman employed at the General Edward Lawrence Logan International Airport, shall continue in service beyond the last day of the month in which he attains the age of sixty-five unless the personnel administrator, after consultation with the secretary of the executive office of public safety, shall have determined by regulation that age is not a reasonably necessary bona fide occupational qualification for service in said occupations or position classifications. For the purpose of promulgating the regulations provided for in this act, the personnel administrator shall conduct a study, to be completed not later than one year from the effective date of this act, to determine whether age continues to be a reasonably necessary bona fide occupational qualification for service in said occupations or position classifications.

---

**ACTS, 1987. - Chap~~s~~ 416, 417.**

Upon completion of said study, the personnel administrator shall conduct a further study to determine whether age is a reasonably necessary bona fide occupational qualification for service in any other occupations or position classifications set forth in Group 2 or Group 4 of clause (g) of subdivision (2) of section three of chapter thirty-two of the General Laws.

**Chapter 431. AN ACT ALLOWING ABSENTEE VOTERS WHOSE BALLOTS ARE REJECTED AS DEFECTIVE TO VOTE SUBSTITUTE BALLOTS.**

Be it enacted, etc., as follows:

Chapter 54 of the General Laws is hereby amended by striking out section 94, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 94. The city or town clerk or a person designated by him shall open each envelope purporting to contain an official absent voting ballot as soon as possible after receiving it, in the view of any persons who may be present. He shall remove therefrom the inner envelope referred to in clause (c) of section eighty-seven and, without opening such inner envelope, said clerk, or such person, shall compare the signature thereon with the signature on the application therefor, except in the case of ballots prepared under section eighty-nine A or ninety-eight, and shall examine the affidavit on each envelope. If he finds that such affidavit has been improperly executed, or was executed in violation of section ninety-two before a witness who is a candidate for election at the election, or does not sufficiently indicate that the ballot was marked and mailed or delivered, as required by sections ninety-two and ninety-three, or was not signed by the person who signed the application therefor, he shall mark across the face thereof "Rejected as Defective", and shall place on the lists referred to in the last sentence of section ninety-one or in section one hundred and three M, as the case may be, opposite the name of the person appearing on the envelope referred to in clause (d) of said section eighty-seven, in which such envelope was enclosed, the capital letter R. Each envelope, so marked, all applications for absent voter ballots and all lists referred to in this section shall be preserved and destroyed in the manner provided by law for the retention, preservation or destruction of official ballots. Each envelope not so marked shall be replaced in the envelope referred to in said clause (d), and the name of the voter shall be checked on the lists referred to in the last sentence of section ninety-one, or in section one hundred and three M, as the case may be. Said clerk, or such person, shall record on tally sheets prepared and furnished by the state secretary all envelopes, as well as accepted or rejected ballots of absent voters; and, in cities and towns divided into voting precincts, a separate record shall be made for each precinct.

Said clerk shall notify, as soon as possible, each voter whose ballot was rejected that such ballot has been rejected. Said notice shall be on a form prescribed by the state secretary and provided by the clerk. Unless the clerk determines that there is clearly insufficient time for the voter to return another ballot, the clerk shall then proceed as if the voter had requested a substitute ballot under section eighty-nine. If the clerk received the original ballot by mail, the clerk shall enclose the substitute ballot and other papers described in section eighty-seven with the mailed notice of rejection. If the original ballot was delivered to the voter in

**Chapter 436. AN ACT AUTHORIZING THE TOWN OF WARE TO  
ESTABLISH A DEPARTMENT OF PUBLIC WORKS.**

Be it enacted, etc., as follows:

**SECTION 1.** There shall be established in the town of Ware a department of public works which shall be under the jurisdiction of the board of selectmen and said board shall assume jurisdiction over such town boards and officers abolished by section two of this act.

**SECTION 2.** The board of selectmen shall have all the powers and duties now and from time to time vested by general or special law or town by-laws in the following boards and offices or in boards and offices having corresponding duties in the town of Ware to wit:- the highway surveyor, the tree warden, cemetery commissioners, park commissioners and water and sewer commissioners and such boards and offices are hereby abolished. No contracts or liabilities in force on the effective date of this act shall be affected, but the board of selectmen shall in all respects be the lawful successor of the boards and offices so abolished. Said board shall have jurisdiction over the maintenance of the sanitary landfill. The selectmen shall have such additional powers with respect to public works as the town from time to time by by-law provides.

**SECTION 3.** The board of selectmen shall appoint and fix the compensation of a superintendent of public works who shall exercise and perform, under the supervision and direction of said board, such of the powers, rights and duties transferred to said board under the provisions of section two as said board may from time to time delegate. Such superintendent shall be specially fitted by education, training and experience to perform the duties of his office and need not be a resident

of the town during his tenure of office. Such superintendent shall be responsible for the efficient exercise and performance of such powers, rights and duties and may be removed for just cause only and by a vote of at least a majority of said board. Such superintendent shall be given a written notice at least fourteen days prior to the date of removal, which shall specify the reasons for such removal and at his request a public hearing shall be held on the charges brought against him. During his tenure, he shall hold no other elective or appointive office nor shall he engage in any other business or occupation. Such superintendent shall give the town a bond with a surety company authorized to transact business in the commonwealth as surety, for the faithful performance of his duties in such sum and upon such conditions as the selectmen may require, and shall, subject to the approval of said board, appoint such assistants, agents and employees as the exercise and performance of his powers, rights and duties may require. Such superintendent shall render to the board of selectmen, as often as said board may require, a full report of all operations under his control during the period reported upon, and annually, and from time to time as required by said board, shall make a synopsis of such reports for publication and shall keep said board fully advised as to the needs of the town within the scope of his duties, and shall annually, prior to the expiration of the fiscal year of said town furnish to said board a carefully prepared and detailed estimate in writing of the appropriations required during the next fiscal year for the proper exercise and performance of all said rights and duties. The incumbent of the office of highway surveyor and of the office of tree warden, and each permanent employee of any board or office abolished by this act shall be transferred to and become an employee of the department of public works and every employee so transferred shall continue to serve and shall retain all rights to holidays, sick leave, vacations and other benefits in effect on the effective date of this act.

**SECTION 4.** This act shall be submitted to the voters of the town of Ware for acceptance at the annual town election in the year nineteen hundred and eighty-eight, in the form of the following question, which shall be placed on the official ballot to be used for the election of town officers at said elections:- "Shall an act passed by the general court in the year nineteen hundred and eighty-seven, entitled 'An Act authorizing the town of Ware to establish a department of public works', be accepted?" If the majority of the votes cast in answer to this question is in the affirmative, this act shall become effective upon approval by the office of the attorney general;

**Chapter 438. AN ACT FURTHER REGULATING ELECTIONS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 42E of chapter 51 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the last sentence and inserting in place thereof the following sentence:- Said assistant registrar shall receive affidavits of registration from registrants who reside in any other city or town of the commonwealth, and the provisions of section forty-two B shall apply to such affidavits.

**SECTION 2.** Section 48 of chapter 53 of the General Laws, as so appearing, is hereby amended by striking out the fourth, fifth, and sixth paragraphs and inserting in place thereof the following three paragraphs:-

There shall not be printed on the ballot at the state primary the name of any person as a candidate for nomination for any office to be filled by all the voters of the commonwealth, or for representative in congress, governor's councillor, senator in the general court, representative in the general court, district attorney, clerk of court, register of probate and insolvency, register of deeds, county commissioner, sheriff, or county treasurer, unless a certificate from the registrars of voters of the city or town wherein such person is a registered voter, certifying that he has been enrolled as a member of the political party whose nomination he seeks throughout the ninety days prior to the last day herein provided for filing nomination papers with the state secretary, is filed with the state secretary on or before such filing deadline. Said registrars shall issue such certificate, signed by a majority thereof, forthwith upon request of any such candidate so enrolled or of his authorized representative. Said registrars of voters shall issue such certificate to any person seeking the nomination of a political party, who is a newly registered voter of that

city or town enrolled in that political party and who has not been an enrolled member of another political party during the year preceding the last day for filing nomination papers with the state secretary. No such certificate shall be issued to any person who is a candidate for nomination for any such office, if such person has been an enrolled member of another political party during the year prior to the last day for filing nomination papers with the state secretary as provided by this section.

There shall not be printed on the ballot at a city or town primary the name of any person as a candidate for nomination for any office to be filed at a city or town election unless such person has been an enrolled member of the political party whose nomination he seeks throughout the ninety days prior to the last day for submitting primary nomination papers to the registrars of voters prior to said primary.

The name of a candidate for election to any office who is nominated otherwise than by a political party, generally referred to as an "Unenrolled" candidate, shall not be printed on the ballot at a state election, or on the ballot at any city or town election following a city or town primary, unless a certificate from the registrars of voters of the city or town wherein such person is a registered voter, certifying that he is not enrolled as a member of any political party, is filed with the state secretary or city or town clerk on or before the last day herein provided for filing nomination papers. Said registrars shall issue each certificate forthwith upon request of any such candidate who is not a member of a political party or his authorized representative. No such certificate shall be issued to any such candidate who shall have been an enrolled member of any political party during the ninety days prior to the last day for filing nomination papers as provided by this section.

**SECTION 3.** The third paragraph of section 43A of chapter 54 of the General Laws, as so appearing, is hereby amended by striking out the last sentence.

**SECTION 4.** The first paragraph of section 53 of said chapter 54, as so appearing, is hereby amended by inserting after the word "quarters", in line 8, the following words:– , with the number of registered voters residing at each such address.

**SECTION 5.** Subsection (d) of section 92 of said chapter 54, as so appearing, is hereby amended by adding the following sentence:– If the health care facility is outside the city or town and no kindred of the voter is available for this purpose, the ballot need not be delivered, but may be mailed instead.

**SECTION 6.** The second paragraph of section 95 of said chapter 54 is hereby amended by striking out the last sentence, as so appearing, and inserting in place thereof the following sentence:– Written notice of such meeting shall be given by said board to the chairman of the city or town committee of each political party at least three days before such meeting.

**Chapter 440. AN ACT RELATIVE TO DISCLOSURE OF OWNERSHIP OF CERTAIN HEALTH CARE FACILITIES.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 112 of the General Laws is hereby amended by inserting after section 12Z the following section:-

---

**ACTS, 1987. - Chap. 441.**

Section 12AA. A physician who refers a patient for physical therapy services to any partnership, corporation, firm or other legal entity in which the physician has a financial ownership interest shall disclose such interest to the patient and shall inform the patient that such services may be available from other physical therapists in the patient's community.

For the purposes of this section, the term "ownership interest" shall mean any and all ownership interest including, but not limited to, any membership, proprietary interest, stock interest, partnership interest, co-ownership in any form or any profit-sharing arrangement.

The board of registration in medicine may prescribe by regulation that physicians report such ownership interest and referrals to the said board. Violation of this section may constitute grounds for disciplinary action by the board of registration in medicine.

**SECTION 2.** Said chapter 112 is hereby further amended by inserting after section 23P the following section:-

Section 23P 1/2. Any physical therapist who is involved in the private practice of physical therapy, to whom a patient is referred by a physician who derives income directly or indirectly from the physical therapy service, shall disclose to the patient that the referring physician derives income from the provision of such service.

For the purposes of this section, the term "ownership interest" shall mean any and all ownership interest including, but not limited to, any membership, proprietary interest, stock interest, partnership interest, co-ownership in any form or any profit-sharing arrangement.

The board of allied health professionals may prescribe by regulation that physical therapists report such ownership interests and referrals to the said board. Violation of this section may constitute grounds for disciplinary action by the board of allied health professionals.

**SECTION 3.** This act shall take effect on March first, nineteen hundred and eighty-eight.

**Chapter 441. AN ACT PROVIDING FOR RECALL ELECTIONS IN THE COTUIT FIRE DISTRICT.**

Be it enacted, etc., as follows:

Chapter 328 of the acts of 1926, as most recently amended by chapter 144 of the acts of 1984, is hereby further amended by inserting after section 4 the following eight sections:-

**Section 4A.** Any holder of an elective office in the Cotuit fire district may be recalled, and removed therefrom by the qualified voters of the district as herein provided.

Section 4B. Any qualified voter of the Cotuit fire district may make and file with the district clerk an affidavit containing the name of the officer sought to be recalled and a statement of the grounds of recall. Said district clerk shall thereupon deliver to the voter making such affidavit a sufficient number of copies of petition blanks demanding such recall, printed forms of which he shall keep on hand. The blanks shall be issued by the district clerk with his signature and official seal attached thereto; they shall be dated and addressed to the prudential committee of said district, shall contain the name of the person sought to be recalled, the grounds of recall as stated in said affidavit, and shall demand the election of a successor to such office. A copy of the petition shall be entered in a record book to be kept by the district clerk. Said recall petition shall be returned and filed with said district clerk within twenty days after the filing of the affidavit. Said petition before being returned and filed shall be signed by twenty per cent of the qualified voters of said district, and to every signature shall be added the place of residence of the signer, giving the street and number. The said recall petition shall be submitted, at or before five o'clock in the afternoon of the Monday preceding the day on which it must be filed, to the registrar of voters of the town of Barnstable, and the registrars shall forthwith certify thereon the numbers of signatures which are names of voters in said district.

Section 4C. If the petition shall be found and certified by the district clerk to be sufficient, he shall submit the same with his certificate to the prudential committee without delay and the prudential committee shall forthwith give written notice to said officer of the receipt of said certificate and shall, if the officer sought to be removed does not resign within five days thereafter, thereupon order a recall election to be held on a date fixed by said committee not less than sixty nor more than ninety days after the date of the district clerk's certification that a sufficient petition is filed; provided, however, that if any other district election is to occur within one hundred days after the date of said certificate, said prudential committee may, in their discretion, postpone the holding of said recall election to the date of such other election. If a vacancy occurs in said office after a recall election has been so ordered, the election shall nevertheless proceed as in this section provided.

Section 4D. Any officer sought to be recalled may be a candidate to succeed himself, and, unless he requests otherwise in writing, the district clerk shall place his name on the official ballot without nomination. The nomination of all candidates, the publication of the warrant for the recall election, and the conduct of the same, shall all be in accordance with the provisions of law relating to elections, unless otherwise provided in this act. A majority of those voting at the recall election shall be sufficient to recall such elected officer.

Section 4E. The incumbent shall continue to perform the duties of his office until the recall election. If said incumbent is not removed, he shall continue in office for the remainder of his unexpired term, subject to recall as before, except as provided in section four G. If not re-elected in the recall election, he shall be deemed removed upon the

qualification of his successor, who shall hold office during the unexpired term. If the successor fails to qualify within five days after receiving notification of his election, the incumbent shall thereupon be deemed removed and the office vacant.

Section 4F. Ballots used in a recall election in the Cotuit fire district shall submit the following propositions in the order indicated:

For the recall of (name of officer)

Against the recall of (name of officer)

Immediately at the right of each proposition there shall be a square in which the voter by making a cross mark (X) may vote for either of such propositions. Under the proposition shall appear the words "Candidates" and the direction "Vote for One" and beneath this the names of the candidates nominated as hereinbefore provided. In case of machine voting, or punch card balloting, or other forms of balloting, appropriate provision shall be made to allow the same intent of the voter.

If a majority of the votes cast on the recall question is in the affirmative, then the candidate that received the highest number of votes in the special election to fill the vacancy shall be elected. If a majority of the votes on the question is in the negative, the ballots for candidates to fill the potential vacancies need not be counted.

Section 4G. No recall petition shall be filed against an officer of said district within six months after he takes office, nor in the case of an officer subjected to a recall election and not removed thereby, until at least six months after that election.

Section 4H. No person who has been recalled from an office in the district or who has resigned from office while recall proceedings were pending against him, shall be appointed to any district office within two years after such removal by recall or resignation.

Approved October 27, 1987.

**Chapter 463. AN ACT AUTHORIZING PRELIMINARY TAX PAYMENTS IN CITIES AND TOWNS.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately authorize preliminary tax payments in cities and towns, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 59 of the General Laws is hereby amended by inserting after section 23C, as appearing in the 1986 Official Edition, the

following section:-

Section 23D. Notwithstanding the provisions of any general or special law to the contrary, a city or town is hereby authorized to issue a notice of preliminary tax in any fiscal year, with the prior written approval of the commissioner of revenue for each fiscal year, and require the payment of the preliminary tax, which shall in no event exceed fifty per cent of the tax payable during the preceding fiscal year; provided, however, that the board of assessors in any city or town which seeks to issue a notice of preliminary tax shall submit to the commissioner all information required to set the tax rate pursuant to section twenty-three, except the assessed valuation of all real and personal property subject to taxation for the current fiscal year, and any other information as may be required for purposes of the aforementioned approval; and provided, further, that in a city or town undertaking a general revaluation of its property under a program approved by the commissioner for completion and implementation for the fiscal year, the approval shall not be granted unless the commissioner is satisfied that full and fair valuations shall be established prior to February first of the current fiscal year for certification under subsection (c) of section two A. The assessors of such city or town shall establish the tax rate for the fiscal year no later than April first. In no event shall the net amount of revenue to be raised by taxation, as submitted to the commissioner pursuant to the approval required under this section, be exceeded, except to the extent that additional new growth, as certified by the commissioner pursuant to paragraph (f) of section twenty-one C, exceeds the prior approved amount. The actual tax bill issued upon the establishment of the tax rate for the fiscal year, after credit is given for the preliminary tax payment previously made, shall be payable on or before May first of the fiscal year without payment of interest.

In a city or town which seeks to issue a notice of preliminary tax pursuant to this section, the board of assessors must vote to seek approval to issue a notice of preliminary tax no later than August fifteenth of the current fiscal year; provided, however, that the notice of preliminary tax must be issued no later than October first of the current fiscal year; and provided, further, that the board of assessors shall inform the selectmen, town council or city council, and the mayor, immediately of its vote. Said dates may be extended for a city or town by the commissioner only if he finds extraordinary circumstances have caused delay in meeting such dates.

All provisions of law regarding the procedures for issuing, mailing and collecting tax assessments upon real and personal property and betterment assessments shall be applicable to the notice of preliminary tax provided hereunder, including the payment of interest under section fifty-seven. To the extent that any rights or remedies under law accrue from the date that the tax bill is issued, only the tax bill issued upon the establishment of the tax rate for the current fiscal year shall govern such rights and remedies. The provisions of section twenty-one C shall apply to the tax rate established by the city or town for the current fiscal year.

Notwithstanding the provisions of the first paragraph, a city or town which seeks to issue a notice of preliminary tax for any fiscal year may, with the prior written approval of the commissioner, require the payment of a preliminary tax in excess of fifty per cent of the tax payable during the preceding fiscal year, to the extent that such excess represents one-half of the amount of tax accruing as a result of the loss of exemption from tax that had been granted in the preceding fiscal year or to the extent that such excess represents one-half of the amount of the tax accruing as a result of improvements to the parcel. A city or town is further authorized under this paragraph, with the prior written approval of the commissioner, to issue a notice of preliminary tax for any property which becomes subject to taxation for the first time in the current fiscal year.

The assessors may, on application or of their own motion, abate so much of the preliminary tax as remains unpaid that is in excess of the property owner's proportional share.

**SECTION 2.** The provisions of this act shall take effect upon its passage and shall apply to tax years beginning with July first, nineteen hundred and eighty-eight and ending June thirtieth, nineteen hundred and ninety-seven.

Approved November 3, 1987.

**Chapter 464. AN ACT ESTABLISHING A SPECIAL ACCOUNT FOR THE PLYMOUTH COUNTY HOSPITAL.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of any general or special law to the contrary, Plymouth county is hereby authorized to establish a special account to be known as the Plymouth county hospital operations account. Into such account shall be deposited all receipts, revenues and funds from any source derived from any activity of the Plymouth county hospital.

**SECTION 2.** The account authorized by section one shall be maintained by the county treasurer in accordance with the provisions of section ten of chapter thirty-five of the General Laws and expenditures from such account shall be made by the administrator of the Plymouth county hospital in accordance with the approved budget described by section twenty-eight of said chapter thirty-five and as outlined in section four, and used solely for the operation and maintenance and for the provision of capital equipment and plant for said hospital. Such account shall be maintained in accordance with generally accepted principles of accounting and shall be audited annually by a certified public accountant or by the bureau of accounts. The county treasurer shall invest the monies in said account as authorized by law and the

---

**ACTS, 1987. - Chap. 465.**

interest accruing thereon shall insure to the benefit of said hospital. For the purpose of providing health care for the citizens of Plymouth county, said county may from time to time appropriate monies into said account and donations from private sources may be received into said account.

**SECTION 3.** The county treasurer, upon written request of the administrator of the Plymouth county hospital and written approval of the board of trustees of said hospital, may borrow funds in any fiscal year in anticipation of the receipt of revenues of said Plymouth county hospital for such fiscal year. Such loans outstanding at any one time in any fiscal year shall not exceed, in the aggregate, twenty-five per cent of the annual expenses of the current fiscal year as shown in the approved budget or such larger amounts as may be approved by the county commissioners as trustees and the Plymouth county advisory board. All funds to be borrowed shall be deposited into said account established under section one.

**SECTION 4.** The administrator of the Plymouth county hospital shall file with the county commissioners, the county treasurer and the bureau of accounts, a written report of the special account established by section one within ninety days after the end of the fiscal year. Such report shall include financial statements relating to the operation, maintenance, capital and real properties of said hospital.

The budget must be approved by the Plymouth county commissioners, as hospital trustees, and by the Plymouth county advisory board prior to the beginning of the fiscal year. The budget must be prepared on forms approved by the director of the bureau of accounts and must show the appropriation of the current fiscal year and the actual expenditures of the two preceding years. Said budget must be presented to the county commissioners no later than September first for the following fiscal year.

**SECTION 5.** In order that the fiscal affairs of said hospital may be managed by the hospital board of trustees, and to limit the cost to the taxpayers, an assessment may or may not be rendered at the close of any fiscal year in which an operating deficit occurs, with the approval of the Plymouth county advisory board.

**SECTION 6.** This act shall take effect upon its passage.

Approved November 3, 1987.

CHAPTER 19C.

DISABLED PERSONS PROTECTION COMMISSION.

Section 1. As used in this chapter, the following words shall, unless the context requires otherwise, have the following meanings:-

"Abuse", an act or omission which results in serious physical or emotional injury to a disabled person; provided, however, that no person shall be considered to be abused for the sole reason that such person is being furnished or relies upon treatment in accordance with the tenets and teachings of a church or religious denomination by a duly accredited practitioner thereof.

"Caretaker", a disabled person's parent, guardian or other person or agency responsible for a disabled person's health or welfare, whether in the same home as the disabled person, a relative's home, a foster home or any other day or residential setting.

"Commission", the disabled persons protection commission established pursuant to section two.

"Disabled person", a person between the ages of eighteen to fifty-nine, inclusive, who is mentally retarded, as defined by section one of chapter one hundred and twenty-three, or who is otherwise mentally or physically disabled and as a result of such mental or physical disability is wholly or partially dependent on others to meet his daily living needs.

"General counsel" or "counsel", the general counsel of the executive office of human services.

"Mandated reporter", any physician, medical intern, hospital personnel engaged in the examination, care or treatment of persons, medical examiner, dentist, psychologist, nurse, chiropractor, podiatrist, osteopath, public or private school teacher, educational administrator, guidance or family counselor, day care worker, probation officer, social worker, foster parent, police officer or person employed by a state agency within the executive office of human services as defined by section sixteen of chapter six A, or employed by a private agency providing services to disabled persons who, in his professional capacity shall have reasonable cause to believe that a disabled person is suffering from a reportable condition.

"Reportable condition", a serious physical or emotional injury resulting from abuse, including unconsented to sexual activity.

"State agency", any agency of the commonwealth that provides services or treatment to disabled persons, including private agencies providing such services or treatment pursuant to a contract or agreement with an agency of the commonwealth.

Section 2. There is hereby established within, but not subject to the control of, the executive office of human services, a commission for the protection of disabled persons, to be known as the disabled persons protection commission. The purpose of the commission shall be to provide for the investigation and remediation of instances of abuse of disabled persons in the commonwealth. The commission shall consist of three members to be appointed by the governor, one of whom he shall designate as chairman. Members of the commission shall serve for terms of three years. Any member whose term has expired shall continue to serve until such member's successor has been duly appointed and qualified. Any member shall be eligible for reappointment. Members may be removed by the governor for willful misconduct or neglect of duty or for inability to perform the powers and duties of the office. Members of the commission shall be compensated for work performed for the commission at such rate as the commissioner of administration shall determine and shall be reimbursed for their expenses.

Section 3. The commission shall have the following powers and duties:-

(a) to employ, subject to appropriation, such staff as shall be necessary to carry out its duties pursuant to this chapter. Such staff shall serve at the pleasure of the commission and shall not be subject to the provisions of chapter thirty-one;

(b) to promulgate, pursuant to the provisions of chapter thirty A, rules and regulations to carry out the purposes of this chapter, including rules governing the conduct of hearings conducted pursuant to section eight;

(c) to provide for the investigation of alleged abuse of disabled persons initiated pursuant to section four;

(d) to designate other state agencies within the executive office of human services for the furnishing of protective services in accordance with the provisions of section six;

(e) to issue reports, including findings of facts and recommendations, upon concluding an investigation, and to refer matters upon which investigations have been completed pursuant to section nine;

(f) to take appropriate measures to notify state agencies, disabled persons and other interested parties of the provisions of this chapter;

(g) to maintain files, records of investigations and reports which shall be retained and made available in accordance with the provisions of chapters sixty-six and sixty-six A;

(h) to develop standards for deferral of investigations to the executive office of human services and to agencies within the executive office of human services under section twelve and in consultation with the secretary of the executive office of human services.

The commission shall promulgate rules and regulations establishing procedures to exclude personally identifiable information regarding the

subjects of investigations and to carry out the responsibilities of this chapter in such a way as to disclose as little personally identifiable information as possible.

Section 4. Upon receipt of a report of abuse of a disabled person, the commission shall:-

(a) refer immediately any such reports which allege the occurrence of abuse that is subject to the provisions of sections fourteen to twenty-six, inclusive, of chapter nineteen A, sections seventy-two F to seventy-two L, inclusive, of chapter one hundred and eleven, or sections fifty-one A to fifty-one F, inclusive, of chapter one hundred and nineteen to the appropriate agency for the implementation of measures provided in said sections.

(b) refer immediately any such reports, which allege the occurrence of abuse to a disabled person whose caretaker is a state agency, to an investigator of the commission and the general counsel of the office of the secretary of human services, or his designee, within such office and to the department within the executive office of human services which provides or which has contracted for the provision of services to the disabled person. Said department shall investigate such abuse as provided in section five, subject to the oversight of said office and the commission and subject to the power of the commission to conduct its own investigation.

(c) refer immediately any such reports which allege the occurrence of abuse to a disabled person whose caretaker is other than a state agency to the general counsel or to the department of mental health, in those cases where the disabled person is mentally retarded or otherwise mentally disabled, or to the Massachusetts rehabilitation commission, in those cases where the disabled person is physically disabled and said counsel or the department of mental health or the department of public health shall immediately, upon such referral, designate an investigator who shall investigate such abuse as provided in section five.

Section 5. Upon receipt of a report of abuse of a disabled person, an investigator designated by the commission, the general counsel, or a department within the executive office of human services shall:-

(1) Investigate and evaluate the information reported in said reports. Said investigation and evaluation shall be made within twenty-four hours if the commission, counsel or department of mental health or department of public health determines that there is reasonable cause to believe the disabled person's health or safety is in immediate danger from further abuse and within ten calendar days for all other such reports. The investigation shall include a visit to the disabled person's residence and day program, if any, an interview with the disabled person allegedly abused, a determination of the nature, extent and cause or causes of the injuries, the identity of the person or persons responsible therefor and all other pertinent facts. Such determinations and evaluations shall be in writing and shall be immediately forwarded to the commission, to the general counsel and to the department of mental health and the department of public health.

(2) Evaluate the environment of the facility named in the report, if

any, and make a written determination of the risk of physical or emotional injury to any other residents or clients in the same facility.

(3) Forward to the commission, the general counsel, the department of mental health and the department of public health within a reasonable time after a case is initially reported pursuant to section four, a summary of the findings and recommendations on each case.

(4) If there is reasonable cause to believe that a disabled person has died as a result of abuse, immediately report said death to the commission, the general counsel, the attorney general, the district attorney for the county in which such death occurred, and to the medical examiner as required by section six of chapter thirty-eight.

Section 6. The commission, acting through state agencies within the executive office of human services designated by the commission, for the purpose of furnishing protective services, the general counsel acting through state agencies within the executive office of human services designated by the secretary of human services for the purpose of furnishing protective services, the department of mental health and the department of public health shall, as necessary to prevent further abuse in cases investigated by said commission, counsel or department:-

(1) furnish protective services to a disabled person either with his consent or with the consent of his current guardian;

(2) petition the court for appointment of a conservator or guardian or for issuance of an emergency order for protective services as provided in section seven; or

(3) furnish protective services to a disabled person on an emergency basis as provided in section seven.

Section 7. (a) If the commission, the general counsel, the department of mental health or the department of public health, has reasonable cause after initiation of an investigation to believe that a disabled person is suffering from abuse and lacks the capacity to consent to the provision of protective services, such commission, counsel or department may petition the court for a finding that the disabled person is incapable of consenting to the provision of protective services. Said petition shall set forth the specific facts upon which said commission, counsel or department relied in making such determination. The court shall hold a hearing on the matter within fourteen days of the filing of the petition. The court shall give notice to the disabled person who is the subject of the petition at least five days prior to the date set for the hearing. The disabled person who is the subject of the petition shall have the right to be present, be represented by counsel, present evidence, and examine and cross-examine witnesses. If the disabled person who is the subject of the petition is indigent, the court shall appoint counsel to represent such disabled person. If the court determines that the disabled person lacks the capacity to waive the right to counsel, the court shall appoint a guardian ad litem to represent the interests of such disabled person. If, after hearing, the court determines, based upon a preponderance of the evidence, that such disabled person has been abused, is in need of protective services and lacks the capacity to consent and no other person who is authorized to consent is available or willing to consent, the court

may appoint a conservator, guardian, or other person authorized to consent to the provision of protective services; provided, however, that the court shall establish the least restrictive form of fiduciary representation that will satisfy the needs of such disabled person. In addition to or in the alternative, the court may issue an order requiring the provision of services. The order shall contain a specific description of the services to be provided and insure that the least restrictive alternatives are utilized.

(b) If an emergency exists and said commission, counsel or department, a member of the immediate family or a caretaker has reasonable cause to believe that a disabled person is suffering from abuse and lacks the capacity to consent to the provision of protective services, said commission, counsel or department, member of the immediate family or caretaker may petition the court for an emergency order of protective services. The court shall give notice to the disabled person who is the subject of the petition at least twenty-four hours prior to the hearing. The court may dispense with notice upon finding that immediate and reasonable foreseeable physical harm to the individual or others will result from the twenty-four hour delay and that reasonable attempts have been made to give such notice. If after the hearing, the court determines, based upon a preponderance of the evidence, that the disabled person has been or is being abused, that an emergency exists, and that the disabled person lacks the capacity to consent to the provision of services, the court may order the provision of protective services on an emergency basis. The court shall order only those services necessary to remove the conditions creating the emergency and shall specifically designate the authorized services in its order. The order for emergency protective services shall remain in effect for a period not to exceed seventy-two hours. Said order may be extended for an additional seventy-two hour period if the court finds that such extension is necessary to remove the emergency.

(c) The court shall not order an institutional placement or change of residence unless it finds that no less restrictive alternative will meet the needs of the disabled person. No disabled person may be committed to a mental health facility pursuant to this section. The disabled person or his court appointed representative, said commission, counsel or department may petition to have any order issued pursuant to subsection (a) or (b) set aside or modified at any time.

Section 8. If, upon completion of investigation of a report of abuse of a disabled person whose caretaker is a state agency there is reasonable cause to conclude that such abuse did occur, or whenever, upon its own motion, the commission determines that a formal hearing is necessary to ascertain the scope and remedy of such abuse of disabled persons whose caretaker is a state agency, the commission may, upon a majority vote, initiate a formal investigation, including a hearing, to determine the nature and the extent of such abuse and what recommendations, if any, should be made with respect to such occurrence. Testimony in commission proceedings may, in the discretion of the commission, be recorded and taken under oath. The commission may, in its discretion,

permit any party to testify, to call and examine witnesses, to introduce evidence or to cross-examine witnesses. Before testifying, all witnesses shall be given a copy of the regulations governing the commission proceedings. Each witness shall be entitled to be represented by counsel and may refuse to submit evidence or give testimony if such evidence or testimony could tend to incriminate him. All proceedings of the commission shall be public unless the commission votes to go into executive session. Any person whose name is mentioned during a proceeding under this section and who may be adversely affected by any action of the commission under section nine shall have the right to appear personally, to be represented by counsel in connection with the proceedings, to call and examine witnesses, to introduce evidence or to cross-examine witnesses.

Section 9. Upon the completion of any formal investigation, the commission shall:-

(a) issue a written report and refer the same to the appropriate state agency. Such report shall contain findings of fact concerning the alleged occurrence of abuse that was the subject of the investigation, together with a finding as to whether or not such abuse did occur and, if so, what actions are necessary to remedy the causes of such abuse or to prevent its reoccurrence;

(b) refer any matters for which there is reason to believe that a crime has been committed to the attorney general, the United States attorney or a district attorney for the county wherein such crime was committed;

(c) refer any matters for which there is reason to believe that employee misconduct has occurred to the state agency employing such person for imposition of disciplinary measures in accordance with the requirements of any applicable law, regulation or collective bargaining agreement; or

(d) refer any matters for which there is reason to believe that misconduct has occurred by a contractor with a state agency or by such contractor's agent, to the state agency contracting with such party for termination of such contract or for such other action as may be deemed appropriate by such state agency.

Section 10. Except when prevented by the constraints of professional privilege as hereinafter provided, mandated reporters shall notify the commission orally of any reportable condition immediately upon becoming aware of such condition and shall report in writing within forty-eight hours after such oral report.

Mandated reporters who have reasonable cause to believe that a disabled person has died as a result of a reportable condition shall immediately report such death, in writing, to the commission, to the district attorney for the county in which such death occurred and to the medical examiner as required by section six of chapter thirty-eight.

Any person may file report if such person has reasonable cause to believe that a disabled person is suffering from abuse or has died as a result thereof.

No mandated reporter shall be liable in any civil or criminal action by reason of submitting a report. No other person making a report shall be

liable in any civil or criminal action by reason of submitting a report if such report was made in good faith; provided, however, that no person who abuses a disabled person shall be exempt from civil or criminal liability by reason of their reporting such abuse.

No privilege established, by section one hundred and thirty-five of chapter one hundred and twelve, by section twenty or twenty B of chapter two hundred and thirty-three, by court decision or by professional code relating to the exclusion of confidential communications and the competency of witnesses may be invoked to prevent a report by a mandated reporter or in any civil action arising out of a report made pursuant to this chapter; provided, however, that a mandated reporter need not report an otherwise reportable condition if the disabled person invokes a privilege, established by law or professional code, to maintain the confidentiality of communications with such mandated reporter.

Any person required by this section to make oral and written reports, who fails to do so, shall be punished by a fine of not more than one thousand dollars.

Section 11. No person shall discharge or cause to be discharged or otherwise discipline or in any manner discriminate against or threaten any employee, client or other person for filing a report with the commission or testifying in any commission proceeding, or providing information to the commission, the general counsel or the secretary of human services, the department of mental health or the department of public health or any department within the executive office of human services in the course of an investigation of alleged abuse of a disabled person. Any person who willfully violates the provisions of this section shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both. The commission shall enforce the provisions of this section.

Section 12. Nothing in this chapter shall be construed to be a limitation of the powers and responsibilities assigned by law to other departments or agencies, nor shall this chapter be construed to relieve any such department or agency of its obligations to investigate and respond appropriately to alleged incidents of abuse. If the commission determines that a formal investigation under section eight, or an investigation under sections four and five, would duplicate or interfere with an ongoing investigation by law enforcement officials concerning possible criminal conduct arising out of the same conduct, it may, in consultation with the secretary of human services, delay or defer such formal investigation. The commission may, in consultation with the secretary of human services, delay or defer a formal investigation during the pendency of an investigation of the alleged abuse by the state agency at whose facility or program such abuse was alleged to have occurred. Such investigations may be delayed or deferred by the commission only after it has determined: that the health and the safety of clients of state agencies will not be adversely affected thereby; that the commission's ability to conduct a later investigation will not be unreasonably impaired and that the investigation of the incident by

another official or agency will be conducted in good faith by an impartial, qualified investigator. The commission shall monitor the progress of such other investigations in order to determine when or whether the commission's investigation of the alleged incident of abuse should be initiated or resumed.

**SECTION 12.** Section 3A of chapter 21E of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out, in line 147, the word "are" and inserting in place thereof the following word:– as.

**SECTION 13.** The second paragraph of section 6 of chapter 29 of the General Laws, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:–

The operating budget shall be set out in accordance with the provisions of section six D and classified and designated so as to show separately estimates and recommendations for: (a) expenses for administration, operation and maintenance; (b) deficiencies or overdrafts in appropriations for former years; (c) interest on the public debt and sinking fund and serial bond requirements; and (d) all requests and proposals for expenditures for new programs and other undertakings; and shall include in detail definite recommendations of the governor relative to the amounts which should be appropriated therefor.

**SECTION 14.** Section 53A of said chapter 29, as so appearing, is hereby amended by striking out the last paragraph and inserting in place thereof the following paragraph:–

The state treasurer shall file a report with the house and senate committees on ways and means no later than thirty days after the sale of any General Obligation Refunding Bonds. Said report shall include written documentation of compliance with the provisions of this section, including, but not limited to, the issue or issues to be refunded, the projected dollar savings and the projected present value savings.

**SECTION 15.** Section 1 of chapter 29B of the General Laws, as so appearing, is hereby amended by striking out, in lines 13 and 18, the word "quotent" and inserting in place thereof, in each instance, the following word:– quotient.

**SECTION 16.** Section 4A of chapter 40F of the General Laws, inserted by section 5 of chapter 324 of the acts of 1987, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:–

The state treasurer acting on behalf of the commonwealth shall enter into an agreement with the corporation providing that the commonwealth shall purchase shares of the corporation in the amount of two million dollars per fiscal year of the commonwealth for a period of two such years; in return for said investment the commonwealth shall receive two hundred thousand shares, designated Class A shares, of stock in the

corporation per year upon each purchase for a total of four hundred thousand shares by the end of the second year. The state treasurer acting on behalf of the commonwealth shall enter into an agreement with the corporation providing that the commonwealth shall purchase shares of the corporation in the amount of five hundred thousand dollars per fiscal year of the commonwealth for a period of two such years; in return for said investment the commonwealth shall receive one hundred thousand shares, designated Class B shares, of stock in the corporation per year upon each such purchase for a total of two hundred thousand Class B shares by the end of the second year. These shares, together with the shares purchased by the state treasurer pursuant to section four, shall constitute the entire issues of stock of the corporation.

**SECTION 17.** Section 34 of chapter 53 of the General Laws is hereby amended by striking out the sixth paragraph, as appearing in the 1986 Official Edition, and inserting in place thereof the following paragraph:–

Against the name of a candidate for an elective office shall be printed the statement contained in the nomination paper placing him in nomination, except where vacancies caused by death, withdrawal or physical disability are filled.

**SECTION 18.** The seventh paragraph of said section 34 of said chapter 53, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:– Except where vacancies caused by death, withdrawal or physical disability are filled, no names shall be printed on a ballot other than those presented on nomination papers.

**SECTION 19.** Section 8 of chapter 90 of the General Laws, as so appearing, is hereby amended by striking out, in line 57, the word "manufacture" and inserting in place thereof the following word:– manufacturer.

**SECTION 21.** Section 2 of chapter 90E of the General Laws, as so appearing, is hereby amended by striking out, in line 22, the word "advise" and inserting in place thereof the following word:– advice.

**SECTION 22.** Chapter 112 of the General Laws is hereby amended by striking out sections 38 and 39, as so appearing, and inserting in place thereof the following two sections:–

Section 38. No store or retail food store pharmacy department shall be kept open for the transaction of the retail drug business, or be advertised or represented as transacting such business, by means of any sign or advertisement containing the words "drug store", "pharmacy", "apothecary", "drug", "drugs", "medicine shop", or any combination of

such words, or otherwise, unless it is registered with, and a permit therefor has been issued by the board as provided in the following section; provided, however, that said words, or any of them, may, with the written permission of the board, be used with respect to a store or retail food store pharmacy department not registered with, and not having a permit issued by, the board as aforesaid, if in the town, or voting precinct thereof, where such store or retail food store pharmacy department is located there is no store or retail food store pharmacy department so registered and having such a permit. Such permit shall be displayed in a conspicuous place in the store or retail food store pharmacy department for which it is issued. The word "town", as used in this section, shall not include city. Identification of a retail food store pharmacy department by use of the words "drug store", "pharmacy", "apothecary", "drug", "drugs", "medicine shop", or any combination thereof shall be restricted to the area registered by the board for the transaction of the retail drug business.

Section 39. The board may, upon application made in such manner and form as it shall determine, register a store or retail food store pharmacy department for the transaction of the retail drug business, and issue to such person as it deems qualified to conduct such store or retail food store pharmacy department, a permit to keep it open; provided, however, that the board may deny such registration and refuse to issue such permit if, in its reasonable discretion, such store or retail food store pharmacy department would be inconsistent with or opposed to the best interests of the public health, welfare or safety, but no such registration shall be made or permit issued in the case of a corporation unless it shall appear to the satisfaction of the board that the management of such drug store or retail food store pharmacy department is in the hands of a registered pharmacist. Such permit shall expire on December thirty-first of each uneven numbered year following the date of its issue, and the fee therefor shall be determined annually by the commissioner of administration under the provision of section three B of chapter seven.

The board shall, within one hundred and fifty days after the filing of an application render a final decision denying or allowing registration. Failure to render such decision, except when such failure to act is caused by the delay of the applicant, shall constitute an approval of the application and permit shall be issued. For the purposes of this section and section thirty-eight the term retail food store pharmacy department shall mean any area for the transaction of the retail drug business which is located within a retail food store.

**SECTION 23.** The last paragraph of subsection (b) of section 12 of chapter 119A of the General Laws, as so appearing, is hereby amended by striking out the last sentence and inserting in place thereof the following sentence:- In any case with an outstanding support order under this chapter in which no order of assignment has been executed, said IV-D agency shall execute an assignment and this section shall apply.

**Chapter 478. AN ACT IMPROVING PUBLIC LIBRARIES.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide state funding and assistance in the improvement of local libraries, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 78 of the General Laws is hereby amended by striking out section 19A, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 19A. The state treasurer shall annually, on or before July first, pay from monies appropriated from the Local Aid Fund for that purpose, to each city or town certified by the board of library commissioners to have met certain minimum standards of free public library service established by said board, an amount to be used for the free public library or libraries of said city or town, to be determined as follows:-

(1) to each town having a population of less than two thousand five hundred, a sum equivalent to the amount appropriated by it for free public library service during the preceding year, but in no event more than one thousand two hundred and fifty dollars;

(2) to each city and to each town having a population of two thousand five hundred or more, a sum not exceeding fifty cents for each resident therein; provided, however, that such city or town appropriates during the preceding year for its free public library service at least one thousand two hundred and fifty dollars;

(3) to each city and town, in addition to the amount specified in paragraph (1) or (2), a sum determined by allocating the remaining available amount among the cities and towns according to the provisions of section eighteen C of chapter fifty-eight.

(4) in addition to the amounts specified in paragraphs (1), (2) and (3), to each city or town whose library is designated a major nonresident lender by said board, an amount for the purpose of offsetting the costs of

extending said service to nonresidents. Said amount shall be determined by said board by allocating the sum appropriated for this purpose according to criteria and formulae developed by said board in consultation with the regional public library systems established under section nineteen C.

No city or town shall receive any money under this section in any year when the appropriation of said city or town for free public library services is below an amount equal to the average of its appropriation for free public library service for the three years immediately preceding, increased by two and one-half per cent of said average. Said board may, upon petition of a community, waive aforesaid requirement upon demonstration of fiscal hardship. Said waiver may only be granted by said board in a given fiscal year to not more than ten cities and towns in the commonwealth.

**SECTION 2.** Section 19B of said chapter 78, as so appearing, is hereby amended by striking out clauses (4), (5), (6) and (7) and inserting in place thereof the following four clauses:-

(4) employ trained library personnel in accordance with regulations promulgated by the board of library commissioners,

(5) expend a reasonable portion of the library's total budget on library materials,

(6) lend books to other libraries in the commonwealth and extend privileges to the holders of cards issued by other public libraries in the commonwealth on a reciprocal basis,

(7) include in their annual report the total number of nonresident loans and nonresident circulation as a percentage of the library's total circulation, as certified by the librarian and subject to an audit by the state auditor.

**SECTION 3.** Section 19C of said chapter 78, as so appearing, is hereby amended by striking out clause (4) and inserting in place thereof the following two clauses:-

(4) In addition to the sums provided in clause (3), the Boston public library, as the library of last recourse for reference and research services for the commonwealth, shall be entitled to receive in state aid the sum of fifty cents for each resident of the commonwealth;

(5) Any employee employed in a position identified as a regional position in a public library which accepts funds under this section shall not be required to comply with residency requirements. For purposes of this section, "regional position" shall mean a full-time or part-time position for which at least fifty per cent of the funding is provided by the commonwealth pursuant to this section.

**SECTION 4.** The second paragraph of section 19E of said chapter 78, as so appearing, is hereby amended by striking out clause (6) and inserting in place thereof the following clause:-

(6) To aid public library planning, reconstruction and construction. The board shall adopt standards consistent with the provisions of sections

nineteen G to nineteen K, inclusive, in allocating funds for these purposes.

**SECTION 5.** Said chapter 78 is hereby further amended by inserting after section 19F the following five sections:–

Section 19G. The board of library commissioners shall, subject to appropriation, establish and administer a program of state assistance to cities and towns in the planning, reconstruction, construction, design, acquisition of real property, renovation, preservation, rehabilitation, demolition or expansion of a facility to be used as a free public library.

The board may, in accordance with the provisions of this section and sections nineteen H to nineteen K, inclusive, provide grant funds to such cities and towns which apply for funding of projects authorized by this section; provided, however, that said grant shall not exceed seventy-five per cent of the cost of an approved library project, including interest and the cost of planning thereof.

Section 19H. As used in sections nineteen G to nineteen K, inclusive, the following words shall, unless the context otherwise requires, have the following meanings:–

"Addition, expansion or extension", work which will result in an increase in the overall external dimension of a public library facility.

"Alteration", work required to modify or adjust the interior space arrangement or other physical characteristics of an existing public library facility so that it may be more effectively utilized for its present designated functional purpose.

"Approved public library project", an undertaking for the planning, alteration, construction, demolition, reconstruction, renovation, addition, expansion, extension, or rehabilitation of a public library facility as approved by a majority vote of the town at a town meeting or by a majority vote of a city council, with the approval of the mayor, in the case of a city or in a municipality having a town council form of government, by vote of the town council.

"Construction", new construction, alteration, renovation, rehabilitation, or other activity that is intended to result in a significant increase in the internal useable space of a free public library.

"Master plan", a study, description, or design of an approved library project which is intended to ensure that various components of an approved public library project shall be compatible with each other and that the approved public library project as a whole is compatible with its surroundings.

"Planning", the preparation of a master plan, study, analysis, or similar report the purpose of which is to define the cost, content and schedule of an approved library project so as to establish a frame of reference prior to design, acquisition, construction, alteration, renovation, rehabilitation or other activity of an approved public library project.

"Public agency", a department, board, commission, council or other instrumentality of a city or town.

"Public library facility", a building or other structure utilized as a

free public library in a city or town.

"Rehabilitation", work required to restore a public library facility to its former historic condition, or to modify and modernize a public library facility in order that it may be effectively utilized for its designated functional purpose.

"Renovation", work required to restore and modernize most of a public library facility in order that the facility may be effectively utilized for its designated functional purpose or to comply with current code requirements.

"Study", a plan, analysis or report to identify and evaluate alternative solutions to and recommendations for a solution to the needs and requirements defined by a public agency proposing an approved public library project.

Section 19I. The board of library commissioners shall establish rules and regulations which shall govern the application for and distribution of said funds. Any such rule and regulation shall require that any city or town receiving a grant for an approved public library project for the planning, construction, renovation, alteration, addition, expansion or demolition of a public library facility make a financial commitment to the project for which the grant is awarded.

An application must be for an approved public library project and shall be in such form as prescribed by said board and shall be accompanied by such additional master plan, information, drawings, plans, estimates of costs and proposals for defraying such costs as the board may require. The board may consult with the division of capital planning and operations under the secretary of administration and finance as to the feasibility and cost of any such application.

Said board may, if it is satisfied that the application so submitted meets the requirements as established by said board and that the expenses to be incurred are reasonable, certify to the comptroller for payment to such city and town such amount as it may deem proper and the state treasurer shall forthwith make payments so certified from any funds appropriated therefor.

Section 19J. In allocating said funds, the board shall give priority to library construction projects within communities (a) in which the most recent fiscal year's tax levy as a per cent of its levy limit exceeds the statewide average, as determined by the commissioner of revenue; (b) that demonstrate strong local annual operating support for public libraries; (c) that have a high degree of demand for public library services; (d) which undertake significant cooperation with other municipalities to improve public library services; (e) which are in strict compliance with the standards established under this chapter; (f) where library projects are needed, in the judgment of the board, to renovate a building which is structurally unsound, lacking handicapped access or otherwise in a condition seriously jeopardizing the safety of the public and where no viable alternatives exist; and (g) where library projects are needed for the replacement, renovation or modernization of the heating system, roof or other project relating to energy efficiency.

Section 19K. Cities and towns may accept grants or gifts for purposes of library construction or renovations, including the planning therefor from private persons or corporations and from charitable foundations and may disburse the same for such purposes. Cities and towns may include any such funds in the determination of the local match in applying for assistance from the commonwealth for a grant for an approved public library project. Any amounts so received by a city or town shall be deposited with the treasurer of such city or town and held as a separate account and may be expended without further appropriation, notwithstanding the provisions of section fifty-three of chapter forty-four.

**SECTION 6.** Section 25 of said chapter 78, as appearing in the 1986 Official Edition, is hereby amended by adding the following paragraph:-

No regulation shall be accepted for filing with the state secretary unless such regulation has been submitted to the clerks of the senate and house of representatives who shall refer such regulations to the appropriate joint committee for its review and comment ninety days prior to the effective date of said regulations. Said committee may submit written comments and suggested changes, if any, to the board at least sixty days prior to said effective date. The board in filing its regulations shall consider the comments and suggested changes and submit revised regulations, or a detailed explanation of why the suggested changes will not be adopted, to such committee at least thirty days prior to the effective date of the regulations.

**SECTION 7.** The board of library commissioners shall establish a competitive grant program for the purpose of providing funds, subject to appropriation, to implement new projects in public libraries. Such grants shall not be made for the support of ongoing operational project expenses beyond the time determined by said board as necessary to implement a project, which in no case shall exceed two years. The board shall establish minimum requirements to be met by all applicants for grants under this program, which shall include but not be limited to the requirements that said applicants shall not use grant monies to replace local operational monies, shall pay a certain portion of the implementation costs of a project and shall agree to pay the operating costs of a project after its implementation.

Grants awarded under this section are to be awarded for innovative public library projects, including but not limited to the establishment of automated resource sharing clusters, programs of interlibrary cooperation among different types of libraries, the purchase of computer equipment, the hiring of temporary staff to convert a library to a computerized system, the coordination of collection development among libraries in a cluster, acquisition of telecommunications equipment, development of information and referral services, literacy projects, access centers for the handicapped, and informational efforts aimed at stimulating interest in libraries.

**SECTION 8.** There is hereby appropriated the sum of six hundred thousand dollars, to be paid from the Local Aid Fund, to be distributed by the board of library commissioners equally among those cities and towns which qualify for aid under the provisions of subsection (5) of section seventy of chapter two hundred and six of the acts of nineteen hundred and eighty-six with a Pline concentration of twenty per centum or greater. Said distribution shall be for the sole purpose of purchasing library materials, with preference to be given to materials which would be directly relevant to population groups included in said section. All funds appropriated and distributed in accordance with the provisions of this section shall be used solely for the purchase of library materials and shall not be used to supplant or supplement any other function or operation of the recipient city or town's library nor shall said funds be used for salaries, maintenance or administrative expenses.

**SECTION 9.** The board of library commissioners is hereby authorized to expend a sum not exceeding thirty-five million dollars for a program of grants to cities and towns for approved public library projects as authorized by section five of this act. Grants for approved public library projects shall be awarded only for projects on which construction will commence after July first, nineteen hundred and eighty-six, except that libraries which house subregional and consortium facilities and which were in the construction-in-progress stage as of July first, nineteen hundred and eighty-six shall be eligible for reimbursement under this act for those portions of construction costs directly attributable to the building's function as a subregional library.

**SECTION 10.** To meet the expenditures necessary in carrying out the provisions of section nine of this act, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth to an amount to be specified by the governor from time to time, but not exceeding, in the aggregate, the sum of thirty-five million dollars. All bonds issued by the commonwealth, as aforesaid, shall be designated on their face, Capital Outlay Loan - Public Library Facilities, Act of 1987 and shall be in accordance with recommendations of the governor submitted pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, be issued for maximum terms not exceeding twenty years and be payable not later than June thirtieth, two thousand and seventeen. All interest and payments on account of principal of such obligations shall be payable from the Local Aid Fund. Bonds issued under authority of this section and the interest thereon shall, notwithstanding any other provisions of this act, be general obligations of the commonwealth.

**SECTION 11.** The state treasurer may borrow from time to time on the credit of the commonwealth such sums of money as may be necessary for the purposes of meeting payments authorized by section nine of this act and may issue and renew from time to time notes of the commonwealth therefor, bearing interest payable at such times and at

such rates as shall be fixed by the state treasurer. In accordance with the recommendations which the governor shall submit pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, such notes shall be issued and may be renewed one or more times for terms not exceeding one year and the final maturities of such notes, whether original or renewal, shall not be later than June thirtieth, nineteen hundred and ninety-two. Such notes and any renewals thereof shall be general obligations of the commonwealth.

**SECTION 12.** Section seven of this act shall expire on June thirtieth, nineteen hundred and eighty-nine.

Approved November 4, 1987.

**Chapter 490. AN ACT IMPROVING THE COLLECTION OF CHILD SUPPORT IN THE COMMONWEALTH.**

---

ACTS, 1987. - Chap. 490.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately improve the collection of child support in the commonwealth, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 14 of the General Laws is hereby amended by striking out section 1, as appearing in the 1986 Official Edition, and inserting in place thereof the following two sections:-

Section 1. There shall be a department of revenue, in this chapter called the department, consisting of a division of administration, a division of audit, a division of processing, a division of operations and a division of local services, including within the said division of local services a bureau of local assessment, and a bureau of accounts to be headed by a director of accounts; and such other administrative units as may be established in or assigned to said department from time to time by the secretary of administration. Each division shall be headed by a deputy commissioner and the bureau of accounts shall be headed by a director. Each deputy commissioner, each chief of bureau and the director of the bureau of accounts shall be appointed by the commissioner with the approval of said secretary, and may be removed in like manner; each shall be a person of ability and experience, and shall devote his entire time to the duties of his office; provided, however, that the positions as deputy commissioners, chiefs of bureaus and director shall not be subject to the provisions of chapter thirty-one or section nine A of chapter thirty.

The commissioner may designate a competent employee in the bureau of accounts to perform the duties of the director of accounts in case of his absence, death or disability; and notes of counties, towns and districts, when certified by such employee, shall have the same validity as if certified by the director.

There shall be within the department of revenue, but not subject to its control or supervision, the appellate tax board established by section one of chapter fifty-eight A.

Section 1A. There shall be within the department of revenue a division of child support enforcement headed by a deputy commissioner, and such other administrative units as may be established in or assigned to said division from time to time by the commissioner. Said deputy commissioner shall be appointed by the commissioner with the approval of the secretary of administration, and may be removed in like manner, shall be a person of ability and experience and shall devote his entire time to the duties of his office. Said position shall not be subject to the provisions of chapter thirty-one or section nine A of chapter thirty. Said division shall be a separate administrative unit within the department, operating independent of and apart from the operational state and local tax or finance units therein. Said division shall be provided with such resources as may be necessary to implement the provisions of chapter one hundred and nineteen A.

---

**ACTS, 1987. – Chap. 490.**

The commissioner may appoint and remove such additional assistants, technical consultants, contractors and other persons, may engage such other technical, contractual and other assistants as the work of said division may, from time to time, require and may develop and maintain a data processing installation exclusively for the automated collection, disbursement and data systems of said division.

**SECTION 2.** Subsection (b) of section 21 of chapter 62C of the General Laws, as so appearing, is hereby amended by adding the following paragraph:-

(13) the disclosure of information to the IV-D agency, as set forth in chapter one hundred and nineteen A, for the purpose of locating or identifying absent parents who are legally obligated to pay support to such agency and evaluating their ability to pay support.

**SECTION 3.** Chapter 62D of the General Laws is hereby amended by striking out section 11, as so appearing, and inserting in place thereof the following section:-

Section 11. The commissioner of the department shall promulgate rules and regulations and establish proper forms necessary to carry out the provisions of this chapter. The commissioner shall, by regulation, set forth the priority of set-offs in the event that there are multiple claims to be applied against any refund.

**SECTION 4.** Chapter 62E of the General Laws is hereby amended by striking out section 1, as so appearing, and inserting in place thereof the following section:-

Section 1. The following words as used in this chapter shall, unless the context otherwise requires, have the following meanings:-

"Absent parent", any person who is legally obligated by court order or otherwise to support his spouse or children and who is obligated to pay such support to the IV-D agency.

"Bureau of special investigations", the bureau of special investigations established pursuant to section thirty R of chapter seven.

"Commissioner", the commissioner of revenue.

"Employer", employer as defined in section thirty-four hundred and one (d) of the Internal Revenue Code.

"Employee", employee as defined in section thirty-four hundred and one (c) of the Internal Revenue Code.

"Internal Revenue Code or Code", the Internal Revenue Code of the United States, as amended to and including October four, nineteen hundred and eighty-two and in effect for the applicable period.

"IV-D agency", the agency designated pursuant to Title IV Part D of the Social Security Act to provide comparable services to children and families to establish and enforce child support obligations under the provisions of chapter one hundred and nineteen A.

"Wages", wages as defined in section thirty-four hundred and one (a) of the Internal Revenue Code.

---

**ACTS, 1987. - Chap. 490.**

**SECTION 5.** Section 3 of said chapter 62E, as so appearing, is hereby amended by striking out, in lines 9 and 10, the words "department of public welfare" and inserting in place thereof the following words:- IV-D agency.

**SECTION 6.** Section 4 of said chapter 62E, as so appearing, is hereby amended by striking out the fourth paragraph and inserting in place thereof the following paragraph:-

Upon written request of and at a date specified by the commissioner, the IV-D agency shall provide to the commissioner lists of absent parents who owe support to said agency for the purpose of identifying absent parents who have earned income so as to locate such absent parents and evaluate their ability to pay support for their families. Information in such lists shall include the absent parent's name, social security number and other data to assure positive identification.

**SECTION 7.** Section 6 of said chapter 62E, as so appearing, is hereby amended by striking out, in lines 2 and 3, the words "or the department of veterans' services" and inserting in place thereof the following words:- , the department of veterans' services and the IV-D agency.

**SECTION 8.** Said section 6 of said chapter 62E, as so appearing, is hereby further amended by striking out, in line 13 and in lines 15 and 16, the words "department of public welfare" and inserting in place thereof, in each instance, the following words:- IV-D agency.

**SECTION 9.** Said chapter 62E is hereby amended by inserting after section 7, as so appearing, the following section:-

Section 7A. The commissioner may utilize the wage reporting data compiled by the department from the quarterly reports filed by employers in the administration of taxes, as defined in sections one and two of chapter sixty-two C, including proceedings and other activities, to determine or collect said taxes or criminal prosecution under chapters sixty A, sixty-two and sixty-five C, section ten of chapter one hundred and twenty-one A and section twenty-one of chapter one hundred and thirty-eight.

**SECTION 10.** Said chapter 62E is hereby further amended by adding the following two sections:-

Section 11. The commissioner, in cooperation with the IV-D agency, shall establish a program of wage information sharing with other states. The commissioner is hereby authorized to enter into reciprocal agreements with other states to share lists of absent parents who owe support payments to the IV-D agency. Such reciprocal agreements shall only be made with states which administer programs that are substantially similar to the wage reporting system. The wage information sharing program shall apply only to states which have similar prohibitions and penalties for disclosure of information as provided in this chapter and only if such prohibitions and penalties apply to

information which is transmitted by the commissioner or the IV-D agency to the other states. The prohibitions and penalties imposed by said section forty-three of said chapter two hundred and seventy-one shall also apply to any such information received from any other state under a reciprocal agreement.

Section 12. Notwithstanding the foregoing provisions, nothing herein shall be construed to prevent the release by the commissioner, pursuant to the terms of federally-mandated wage match programs, of wage information data to the United States Social Security Administration or to agencies of other states who administer federally-funded welfare and unemployment compensation programs.

**SECTION 11.** Section 51 of chapter 93 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out, in line 23, the word "services," and inserting in place thereof the following:- services; or

(f) intends to use the information for the enforcement of child support orders under chapter one hundred and nineteen A.

**SECTION 12.** The first paragraph of section 52A of said chapter 93, as so appearing, is hereby amended by striking out the last sentence.

**SECTION 13.** Section 1 of chapter 119A of the General Laws, as so appearing, is hereby amended by inserting before the first paragraph the following paragraph:-

It is the public policy of the commonwealth that dependent children shall be maintained, as completely as possible, from the resources of their parents, thereby relieving or avoiding, at least in part, the burden borne by the citizens of the commonwealth. The existing remedies pertaining to the support of dependent children are to be augmented by the additional remedies provided in this chapter so as to establish a comprehensive and effective child support enforcement program through expedited processes for obtaining and enforcing support orders and establishing paternity. This chapter shall be liberally construed to effectuate the policy stated herein.

**SECTION 14.** Section 2 of said chapter 119A, as so appearing, is hereby amended by adding the following paragraph:-

In carrying out said responsibilities, the IV-D agency may expend such funds as may be necessary for public information, including paid advertisements, and outreach programs to advise the public of the services available through such agency to establish or enforce orders of child support.

**SECTION 15.** Said chapter 119A is hereby amended by striking out section 6, as so appearing, and inserting in place thereof the following section:-

(a) The IV-D agency, in accordance with Title IV, Part D of the Social Security Act, is hereby authorized to institute collection procedures for

all arrearages which have accrued against child support payments owed pursuant to a court judgment or support order, or an order from a IV-D agency of competent jurisdiction. These collection procedures shall include, but not be limited to, notification of employers that a wage assignment is in effect and not suspended; notification of obligors; demand letters; use of state and federal tax refund intercept programs; initiation of contempt proceedings; use of lien, levy and seizure as provided in subsection (b); use of the services of any person providing collection services to the commissioner of revenue for the collection of state taxes; seeking capias in appropriate situations; attachment of or lien against property, trustee process in accordance with chapter two hundred and forty-six; civil actions to reach and apply; and any other civil remedy available for the enforcement of judgments or for the enforcement of support or custody orders entered under chapter two hundred and eight, two hundred and nine, two hundred and nine C or two hundred and seventy-three A. The IV-D agency may provide by regulation for the assessment of interest and penalties against delinquent obligations under the provisions of paragraph (1) subsection (b).

(b) Upon determination by the IV-D agency of the amount of an arrearage which has accrued against child support payments owed pursuant to an order or judgment of a court or IV-D agency of competent jurisdiction, the IV-D agency shall, after notice, opportunity for administrative review, and demand, if no suspended wage order applies pursuant to section twelve, have the power to collect the delinquent support so determined together with any interest due thereon, through the use of lien, levy and seizure, as provided in paragraphs (1) to (7), inclusive.

(1) An order or judgment for child support which is unpaid in whole or in part shall be eligible to be assessed as delinquent as of the date on which it was originally due whether weekly, monthly or on any other periodic basis. If the IV-D agency determines that child support is unpaid, it may at any time after such child support payment was due assess the same, by sending written notice to the obligor of its intent to make a determination of delinquent child support by first class mail thirty days in advance of the date on which such determination will be made. The notice shall specify the amounts unpaid, the dates on which such amounts were due and the obligor's right to request an administrative review to dispute the amount claimed by the IV-D agency to be delinquent by filing a written request with the IV-D agency before the expiration of the thirty day notice period.

If the obligor does not request an administrative review, the IV-D agency shall determine the amount of child support which is delinquent by review of its records. The amount so determined shall constitute an assessment and shall accrue interest from the date of such assessment. An obligor assessed pursuant to this section shall have thirty days within which to pay the assessment and interest.

If the obligor requests an administrative review, the IV-D agency shall schedule and conduct the review expeditiously and shall determine the amount of child support which is delinquent. The amount so determined

shall constitute an assessment and shall accrue interest from the date of such assessment. An obligor assessed pursuant to this section shall have thirty days within which to pay the assessment and interest. After review, if the obligor has grounds to modify the amount of child support arrears based on a substantial change of circumstances, he may seek a modification in the court or agency which originally entered the child support order. If such an obligor files a petition or complaint for modification on such grounds within thirty days of the IV-D agency's assessment of child support arrears and so notifies the IV-D agency, the procedures for lien, levy and seizure shall be stayed pending a decision of the court or IV-D agency on the modification request.

(2) If any child support obligor neglects or refuses to pay the sum assessed after demand as provided in subparagraph (1) within thirty days, the amount, including any interest, together with any costs that may accrue in addition thereto, shall be a lien in favor of the commonwealth or the individual to whom the IV-D agency is providing services, as the case may be, upon all property and rights to property, whether real or personal, belonging to such person. The lien shall arise at the time the assessment is made or deemed to be made and shall continue until the liability for the amount assessed or deemed to be assessed is satisfied. Said lien shall in any event terminate not later than six years from the date it was created.

Said lien shall not be valid as against any mortgagee, pledgee, purchaser of judgment creditor until notice thereof has been filed by the IV-D agency (1) with respect to real property or fixtures, in the registry of deeds of the county where such property is situated, and, (2) with respect to personal property, in the office in which a security or financing statement or notice with respect to the property would be filed in order to perfect a mortgage or comparable nonpossessory security interest in tangible personal property belonging to the person named in the relevant notice. The filing of a notice of any such lien or of a waiver or release of any such lien shall be received and registered or recorded without payment of any fee.

Even though notice of a lien as provided in this section has been filed in the manner prescribed, the lien shall not be valid with respect to a security, as hereinafter defined, as against any mortgagee, pledgee or purchaser of such security, for an adequate and full consideration in money or money's worth, if, at the time of such mortgage, pledge or purchase, such mortgagee, pledgee, or purchaser is without notice or knowledge of the existence of such lien. As used in this subparagraph, the term "security" means any bond, debenture, note or certificate or other evidence of indebtedness issued by any corporation, including one issued by a governmental or political subdivision thereof, with interest coupons or in registered form, share of stock, voting trust certificate, or any certificate of interest or participation in certificate of deposit or receipt for, temporary or interim certificate for, warrant or right to subscribe to or purchase, any of the foregoing; any negotiable instrument; or money.

The IV-D agency may provide by regulation, where notice of a lien has

been filed, the extent to which, and the conditions under which, information as to the amount of the outstanding obligation secured by such lien may be disclosed.

The IV-D agency may issue a waiver or release of any lien imposed by this section. Such waiver or release shall be conclusive evidence that the lien upon the property covered by the waiver or release is extinguished.

(3) If any child support obligor, assessed pursuant to subparagraphs (1) and (2), neglects or refuses to pay the sum assessed within ten days after the expiration of the thirty-day period provided therein, the IV-D agency may collect such unpaid child support and such further sum as shall be sufficient to cover the expenses of the levy, by levy upon all property or rights to property as provided in this subsection. If the IV-D agency makes a finding that collection is in jeopardy, notice and demand for immediate payment may be made and, upon failure or refusal to pay such unpaid child support, collection thereof by levy may be made without regard to the ten-day period. The term "levy" as used herein includes the power of distraint and seizure by any means. A levy shall extend only to property possessed and obligations existing at the time thereof. Property specified in subsection (a) of section fifty-five A of chapter sixty-two C, other than paragraph (4), shall be exempt from levy hereunder. In any case in which the IV-D agency may levy upon property or rights to property, it may seize and sell such property or rights to property, whether real or personal, tangible or intangible.

Except as otherwise provided in this subparagraph, any person in possession of, or obligated with respect to, property or rights to property subject to levy upon which a levy has been made shall, upon demand of the IV-D agency, surrender such property or rights, or discharge such obligation, to the IV-D agency, except such part of the property or rights as is, at the time of such demand, subject to an attachment or execution under any judicial process. A levy on an organization with respect to a life insurance or endowment contract issued by such organization shall, without necessity for the surrender of the contract document, constitute a demand by the IV-D agency for payment of the amount described in paragraph (1) and the exercise of the right of the person against whom the tax is assessed to the advance of such amount. Such organization shall pay such amount ninety days after service of notice of levy. Such notice shall include a certification by the IV-D agency that a copy of such notice has been mailed to the person against whom a child support lien is assessed at his last known address. Such levy shall be deemed to be satisfied if such organization pays over to the IV-D agency the amount which the person against whom a child support lien is assessed could have had advanced to him by such organization on the date prescribed herein for the satisfaction of such levy, increased by the amount of any advance, including contractual interest, thereon, made to such person on or after the date such organization had actual notice or knowledge.

Whenever any property or right to property upon which levy has been

made is not sufficient to satisfy the claim of the commonwealth for which levy is made, the IV-D agency may, thereafter, and as often as may be necessary, proceed to levy in like manner upon any other property liable to levy of the person against whom such claim exists, until the amount due from him, together with all expenses, is fully paid.

(4) Any person who fails or refuses to surrender any property or rights to property, subject to levy, upon demand by the IV-D agency, shall be liable in his own person and estate to the commonwealth in a sum equal to the value of the property or rights not so surrendered but not exceeding the amount of child support for the collection of which such levy has been made, together with costs and interests on such sum at the rate of eight per cent per annum from the date of such levy. Any amount, other than costs, recovered under this paragraph shall be credited against the child support liability for the collection of which such levy was made.

In addition, if any person required to surrender property or rights to property fails or refuses to surrender such property or rights to property without reasonable cause, such person shall be liable for a penalty equal to twenty-five per cent of the amount recoverable. No part of such penalty shall be credited against the child support liability for the collection of which such levy was made.

(5) Any person in possession of, or obligated with respect to, property or rights to property subject to levy upon which a levy has been made, who upon demand by the IV-D agency, surrenders such property or rights to property, or discharges such obligation, to the IV-D agency, or who pays a liability under paragraph (4) shall be discharged from any obligation or liability to the delinquent child support obligor with respect to such property or rights to property arising from such surrender or payment. In the case of a levy on an organization with respect to a life insurance or endowment contract, which is satisfied pursuant to this section, such organization shall also be discharged from any obligation or liability to any beneficiary arising from such surrender or payment.

(6) In any case where there has been a refusal or neglect to pay any child support assessed pursuant to paragraph (1), or to discharge any liability in respect thereof, whether or not levy has been made, the IV-D agency, in addition to other modes of relief, may file a civil action in the department of the trial court which originally entered the order for child support to enforce the lien under this section with respect to such unpaid child support or to subject any property, of whatever nature, of the delinquent, or in which he has any right, title or interest, to the payment of such unpaid child support.

(7) At the time of any lien, levy or seizure of any property or rights to property, real or personal, belonging to a delinquent child support obligor, the IV-D agency shall send written notice to the obligor by first-class mail of the action taken which shall specify the amount due, and the steps to be followed to release the property so levied, seized or placed under lien. Such notice shall include the name and address of the court which entered the child support order and shall notify the obligor of his right to petition that court for review of the amount assessed as delinquent by the IV-D agency.

**Chapter 497. AN ACT REGULATING THE RIGHT OF CERTAIN PERSONS TO PARTICIPATE IN RENT SUBSIDY PROGRAMS.**

Be it enacted, etc., as follows:

Section 20 of chapter 268A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the word "programs", in line 54, the following words:- or (h) to a municipal employee who is the owner of residential rental property and rents such property to a tenant receiving a rental subsidy administered by a local housing authority, unless such employee is employed by such local housing authority in a capacity in which he has responsibility for the administration of such subsidy programs.

Approved November 17, 1987.

**Chapter 498. AN ACT RELATIVE TO THE FILING PROCEDURE AND NOTIFYING PARTIES OF INTEREST REGARDING CERTAIN SPECIAL PERMITS AND VARIANCES.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 9 of chapter 40A of the General Laws is hereby amended by striking out the eighth paragraph, as appearing in the 1986 Official Edition, and inserting in place thereof the following three paragraphs:-

Zoning ordinances or by-laws may provide that certain classes of special permits shall be issued by one special permit granting authority and others by another special permit granting authority as provided in the ordinance or by-law. Such special permit granting authority shall adopt and from time to time amend rules relative to the issuance of such permits, and shall file a copy of said rules in the office of the city or town clerk. Such rules shall prescribe a size, form, contents, style and number of copies of plans and specifications and the procedure for a submission and approval of such permits.

Each application for a special permit shall be filed by the petitioner with the city or town clerk and a copy of said application, including the date and time of filing certified by the city or town clerk, shall be filed forthwith by the petitioner with the special permit granting authority. The special permit granting authority shall hold a public hearing, for which notice has been given as provided in section eleven, on any application for a special permit within sixty-five days from the date of filing of such application; provided, however, that a city council having more than five members designated to act upon such application may appoint a committee of such council to hold the public hearing. The decision of the special permit granting authority shall be made within ninety days following the date of such public hearing. The required time limits for a public hearing and said action, may be extended by written agreement between the petitioner and the special permit granting authority. A copy of such agreement shall be filed in the office of the city or town clerk. A special permit issued by a special permit granting authority shall require a two-thirds vote of boards with more than five members, a vote of at least four members of a five member board, and a unanimous vote of a three member board.

Failure by the special permit granting authority to take final action within said ninety days or extended time, if applicable, shall be deemed to be a grant of the special permit. The petitioner who seeks such approval by reason of the failure of the special permit granting authority to act within such time prescribed, shall notify the city or town clerk, in writing within fourteen days from the expiration of said ninety days or extended time, if applicable, of such approval and that notice has been sent by the petitioner to parties in interest. The petitioner shall send such notice to parties in interest by mail and each such notice shall specify that appeals, if any, shall be made pursuant to section seventeen and shall be filed within twenty days after the date the city or town

clerk received such written notice from the petitioner that the special permit granting authority failed to act within the time prescribed. After the expiration of twenty days without notice of appeal to the superior court, or, if appeal has been taken, after receipt of certified records of the superior court indicating that such approval has become final, the city or town clerk shall issue a certificate stating the date of approval, the fact that the special permit granting authority failed to take final action and that the approval resulting from such failure has become final, and such certificate shall be forwarded to the petitioner. The special permit granting authority shall cause to be made a detailed record of its proceedings, indicating the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and setting forth clearly the reason for its decision and of its official actions, copies of all of which shall be filed within fourteen days in the office of the city or town clerk and shall be deemed a public record, and notice of the decision shall be mailed forthwith to the petitioner, applicant or appellant, to the parties in interest designated in section eleven, and to every person present at the hearing who requested that notice be sent to him and stated the address to which such notice was to be sent. Each such notice shall specify that appeals, if any, shall be made pursuant to section seventeen and shall be filed within twenty days after the date of filing of such notice in the office of the city or town clerk.

**SECTION 2.** The fourth paragraph of section 11 of said chapter 40A, as so appearing, is hereby amended by striking out the second sentence and inserting in place thereof the following sentence:- No variance or special permit, or any extension, modification or renewal thereof, shall take effect until a copy of the decision bearing the certification of the city or town clerk that twenty days have elapsed after the decision has been filed in the office of the city or town clerk and no appeal has been filed or that if such appeal has been filed, that it has been dismissed or denied, and if it is a variance or special permit which has been approved by reason of the failure of the permit granting authority or special permit granting authority to act thereon within the time prescribed, a copy of the application for the special permit or petition for the variance accompanied by the certification of the city or town clerk stating the fact that the permit granting authority or special permit granting authority failed to act within the time prescribed and no appeal has been filed and that the grant of the application or petition resulting from such failure to act has become final or that if an appeal has been filed, that it has been dismissed or denied, is recorded in the registry of deeds for the county and district in which the land is located and indexed in the grantor index under the name of the owner of record or is recorded and noted on the owner's certificate of title.

**SECTION 3.** Said chapter 40A is hereby further amended by striking out section 15, as so appearing, and inserting in place thereof the following section:-

Section 15. Any appeal under section eight to a permit granting authority shall be taken within thirty days from the date of the order or decision which is being appealed. The petitioner shall file a notice of appeal specifying the grounds thereof, with the city or town clerk, and a copy of said notice, including the date and time of filing certified by the town clerk, shall be filed forthwith by the petitioner with the officer or board whose order or decision is being appealed, and to the permit granting authority, specifying in the notice grounds for such appeal. Such officer or board shall forthwith transmit to the board of appeals or zoning administrator all documents and papers constituting the record of the case in which the appeal is taken.

Any appeal to a board of appeals from the order or decision of a zoning administrator, if any, appointed in accordance with section thirteen shall be taken within thirty days of the date of such order or decision or within thirty days from the date on which the appeal, application or petition in question shall have been deemed denied in accordance with said section thirteen, as the case may be, by having the petitioner file a notice of appeal, specifying the grounds thereof with the city or town clerk and a copy of said notice including the date and time of filing certified by the city or town clerk shall be filed forthwith in the office of the zoning administrator and in the case of an appeal under section eight with the officer whose decision was the subject of the initial appeal to said zoning administrator. The zoning administrator shall forthwith transmit to the board of appeals all documents and papers constituting the record of the case in which the appeal is taken. An application for a special permit or petition for variance over which the board of appeals or the zoning administrator as the case may be, exercise original jurisdiction shall be filed by the petitioner with the city or town clerk, and a copy of said appeal, application or petition, including the date and time of filing, certified by the city or town clerk, shall be transmitted forthwith by the petitioner to the board of appeals or to said zoning administrator.

Meetings of the board shall be held at the call of the chairman or when called in such other manner as the board shall determine in its rules. The board of appeals shall hold a hearing on any appeal, application or petition within sixty-five days from the receipt of notice by the board of such appeal, application or petition. The board shall cause notice of such hearing to be published and sent to parties in interest as provided in section eleven. The chairman, or in his absence the acting chairman, may administer oaths, summon witnesses, and call for the production of papers.

The concurring vote of all members of the board of appeals consisting of three members, and a concurring vote of four members of a board consisting of five members, shall be necessary to reverse any order or decision of any administrative official under this chapter or to effect any variance in the application of any ordinance or by-law.

All hearings of the board of appeals shall be open to the public. The decision of the board shall be made within one hundred days after the date of the filing of an appeal, application or petition, except in regard

to special permits, as provided for in section nine. The required time limits for a public hearing and said action, may be extended by written agreement between the applicant and the board of appeals. A copy of such agreement shall be filed in the office of the city or town clerk. Failure by the board to act within said one hundred days or extended time, if applicable, shall be deemed to be the grant of the appeal, application or petition. The petitioner who seeks such approval by reason of the failure of the board to act within the time prescribed shall notify the city or town clerk, in writing, within fourteen days from the expiration of said one hundred days or extended time, if applicable, of such approval and that notice has been sent by the petitioner to parties in interest. The petitioner shall send such notice to parties in interest, by mail and each notice shall specify that appeals, if any, shall be made pursuant to section seventeen and shall be filed within twenty days after the date the city or town clerk received such written notice from the petitioner that the board failed to act within the time prescribed. After the expiration of twenty days without notice of appeal to the superior court, or, if appeal has been taken, after receipt of certified records of the superior court indicating that such approval has become final, the city or town clerk shall issue a certificate stating the date of approval, the fact that the board failed to take final action and that the approval resulting from such failure has become final, and such certificate shall be forwarded to the petitioner. The board shall cause to be made a detailed record of its proceedings, indicating the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and setting forth clearly the reason for its decision and of its official actions, copies of all of which shall be filed within fourteen days in the office of the city or town clerk and shall be a public record, and notice of the decision shall be mailed forthwith to the petitioner, applicant or appellant, to the parties in interest designated in section eleven, and to every person present at the hearing who requested that notice be sent to him and stated the address to which such notice was to be sent. Each notice shall specify that appeals, if any, shall be made pursuant to section seventeen and shall be filed within twenty days after the date of filing of such notice in the office of the city or town clerk.

**SECTION 4.** The first paragraph of section 17 of said chapter 40A, as so appearing, is hereby amended by inserting after the word "authority", in line 2, the following words:- or by the failure of the board of appeals to take final action concerning any appeal, application or petition within the required time or by the failure of any special permit granting authority to take final action concerning any application for a special permit within the required time.

Approved November 17, 1987.

**Chapter 499. AN ACT FURTHER REGULATING REAL ESTATE TAX EXEMPTIONS OF ORGANIZATIONS OF VETERANS OF WAR.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 5 of chapter 59 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after clause Fifth A the following clause:-

Fifth B, The real and personal estate belonging to or held in trust for the benefit of incorporated organizations of veterans of any war in which the United States has been engaged, to the extent of seven hundred thousand dollars, if used and occupied by such association, and if the net income from said property is used for charitable purposes; provided, however, that such estate shall not be exempt for any year in which such association or the trustees holding for the benefit of such association wilfully omit to file with the assessors the list and statement required by section twenty-nine. This clause shall take effect upon its acceptance by any city or town. In a city or town which accepts the provisions of this clause, the provisions of clause Fifth and Fifth A shall not be applicable.

**SECTION 2.** Notwithstanding the provisions of section one concerning acceptance by a city or town, in any city or town which accepts the provisions of clause Fifth B of section five of chapter fifty-nine of the General Laws, inserted by section one, prior to January first, nineteen hundred and eighty-eight, the provisions of said clause Fifth B shall apply to property assessments made during the period commencing January first, nineteen hundred and eighty-six and applicable to the tax year ending June thirtieth, nineteen hundred and eighty-seven.

Approved November 17, 1987.

**Chapter 500. AN ACT FURTHER REGULATING THE COMMITMENT OF CERTAIN INDIVIDUALS.**

Be it enacted, etc., as follows:

Chapter 123 of the General Laws is hereby amended by striking out section 35, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 35. For the purposes of this section, "alcoholic" shall mean a person who chronically or habitually consumes alcoholic beverages to the extent that (1) such use substantially injures his health or substantially interferes with his social or economic functioning, or (2) he has lost the power of self-control over the use of such beverages.

For the purposes of this section, "substance abuser" shall mean a person who chronically or habitually consumes or ingests controlled substances to the extent that (1) such use substantially injures his health or substantially interferes with his social or economic functioning, or (2) he has lost the power of self-control over the use of such controlled substances.

Any police officer, physician, spouse, blood relative, guardian or court official may petition in writing any district court for an order of commitment of a person whom he has reason to believe is an alcoholic or substance abuser. Upon receipt of a petition for an order of commitment of a person and any sworn statements the court may request from the petitioner, the court shall immediately schedule a hearing on the petition and shall cause a summons and a copy of the application to be served upon the person in the manner provided by section twenty-five of chapter two hundred and seventy-six. In the event of the person's failure to appear at the time summoned, the court may issue a warrant for the person's arrest. Upon presentation of such a petition, if there are reasonable grounds to believe that such person will not appear and that any further delay in the proceedings would present an immediate danger to the physical well-being of the respondent, said court may issue a warrant for the apprehension and appearance of such person before it. No arrest shall be made on such warrant unless the person may be presented immediately before a judge of the district court. The person shall have the right to be represented by legal counsel and may present independent expert or other testimony. If the court finds the person indigent, it shall immediately appoint counsel. The court shall order examination by a qualified physician.

If, after a hearing, the court based upon competent medical testimony finds that said person is an alcoholic or substance abuser and there is a likelihood of serious harm as a result of his alcoholism or substance abuse, it may order such person to be committed for a period not to exceed thirty days. Such commitment shall be for the purpose of inpatient care in public or private facilities approved by the department of public health under the provisions of chapter one hundred and eleven B for the care and treatment of alcoholism or substance abuse. The person may be committed to the Massachusetts correctional institution at Bridgewater, if a male, or at Framingham, if a female, provided that there are not suitable facilities available under chapter one hundred and eleven B; and provided, further, that the person so committed shall be housed and treated separately from convicted criminals. A person so committed may be released prior to the expiration of the period of commitment upon determination by the superintendent that release of said person will not result in a likelihood of serious harm. Said person shall be encouraged to consent to further treatment and shall be allowed voluntarily to remain in the facility for such purposes. The department of mental health, in conjunction with the department of public health, shall maintain a roster of public and private facilities available, together with the number of beds currently available, for the care and treatment of alcoholism or substance abuse and shall make it available to the district courts of the commonwealth on a monthly basis.

Nothing in this section shall preclude any public or private facility for the care and treatment of alcoholism or substance abuse, including the separated facilities at the Massachusetts correctional institutions at Bridgewater and Framingham, from treating persons on a voluntary basis.

Approved November 17, 1987.

**Chapter 501. AN ACT RELATIVE TO TRESPASS ON RAILROAD PROPERTY.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 15 of chapter 90 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the last sentence and inserting in place thereof the following sentence:- Whoever violates any provision of this section shall be punished by a fine of not less than one hundred nor more than two hundred dollars.

**SECTION 2.** Section 93 of chapter 159 of the General Laws, as so appearing, is hereby amended by adding the following two sentences:- Railroad police officers shall have authority to issue citations for violations of section two hundred and eighteen of chapter one hundred and sixty. Said citations shall have the same force and effect as citations issued pursuant to sections two, three, five, seven, nine and ten of chapter ninety.

**SECTION 3.** Chapter 160 of the General Laws is hereby amended by striking out section 218, as so appearing, and inserting in place thereof the following section:-

Section 218. Whoever knowingly, without right is present, stands, or walks, or rides a bicycle, snow vehicle, recreational or other vehicle on the right-of-way, bridge, or other property of, or used or controlled by any railroad corporation, except at a highway or other authorized grade crossing, shall be fined one hundred dollars. Any person violating this section may be arrested without a warrant by any police officer, including railroad police, and proceeded against according to law.

**SECTION 4.** Said chapter 160 is hereby further amended by striking out section 220, as so appearing, and inserting in place thereof the following section:-

Section 220. Whoever, without right rides or attempts to ride upon a locomotive engine, tender, freight car, caboose, other conveyance or passenger train upon a railroad or upon the trains of the Massachusetts Bay Transportation Authority commuter rail other than as a fare paying passenger, or employee, shall be punished by a fine of not more than five hundred dollars or imprisonment for not more than six months. A sheriff, deputy sheriff, constable, police officer, railroad police officer, or officer appointed with the powers of a railroad police officer, upon view of such offense, may, without a warrant, arrest the offender and make complaint against him therefor.

This section shall not apply to railroad employees while in the discharge of their duties.

Approved November 17, 1987.

**Chapter 502. AN ACT RELATIVE TO COMMON TRUST FUNDS.**

Be it enacted, etc., as follows:

**Chapter 518. AN ACT RELATIVE TO THE DETERMINATION OF CERTAIN TAX PAYMENTS.**

Be it enacted, etc., as follows:

**SECTION 1.** The first paragraph of section 5D of chapter 59 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the third and fourth sentences and inserting in place thereof the following two sentences:- Whenever a city or town in which such land is located shall have made a general revaluation or reassessment of all of its real property for purposes of taxation, the valuation of such land for the purpose of payments authorized by this section shall be determined by the assessors of said city or town as of January first, between January first and June first, in the year succeeding such revaluation or reassessment by dividing the amount of the payment authorized by this section for the year last preceding the revaluation or reassessment by the commercial class tax rate of said city or town for the year of the revaluation or reassessment, so that the payment with respect to such land shall remain substantially the same as that made prior to such revaluation or reassessment. The city, town or district owning such land or the division of watershed management of said commission and the metropolitan water and sewer authority, if aggrieved by the determination of the assessors, may within six months after written notice thereof appeal to the appellate tax board.

**SECTION 2.** The first paragraph of section 5F of said chapter 59, as so appearing, is hereby amended by striking out the fourth and fifth sentences and inserting in place thereof the following three sentences:- Whenever a city or town in which such land is located shall be certified by the commissioner as assessing property at full and fair cash valuation under the provisions of section fifty-six of chapter forty, the valuation

of such land shall be determined by the assessors of the municipality in which such land is located as of January first of the year of such certification subject to the commissioner's determination, under the provisions of section one A of chapter fifty-eight and subsection (c) of section two A of this chapter, that said valuations are at full and fair cash valuation. The valuations so determined shall be used for the purpose of payments authorized by this section in the year succeeding such determination and the following years thereafter. The division of watershed management of the metropolitan district commission or the Massachusetts Water Resources Authority or the holding municipality or district, if aggrieved by the determination of the assessors, may within six months after written notice thereof appeal to the appellate tax board.

**SECTION 3.** Section 5G of said chapter 59, as so appearing, is hereby amended by striking out the fourth, fifth and sixth sentences and inserting in place thereof the following three sentences:– Whenever a city or town in which such land is located shall have made a general revaluation or reassessment of all of its real property for purposes of taxation, the valuation of such land for the purpose of payments authorized by this section shall be determined by the assessors of said city or town as of January first, between January first and June first, in the year succeeding such revaluation or reassessment by dividing the amount of the payment authorized by this section for the year last preceding the revaluation or reassessment by the commercial class tax rate of said city or town for the year of the revaluation or reassessment, so that payment with respect to such land shall remain substantially the same as that made prior to such revaluation or reassessment; provided, however, that notwithstanding any other provision of this section, the valuation of such land, held by and for the division of watershed management, for the purpose of payments in lieu of taxes pursuant to this section, shall be determined by the commissioner of revenue in accordance with the provisions of sections thirteen to seventeen, inclusive, of chapter fifty-eight. In no event shall any city or town receive an amount less than the payment received from the metropolitan district commission in the prior fiscal year. The city, town, district, or authority owning such land, or said division of watershed management, if aggrieved by the determination of the assessors, may within six months after written notice thereof appeal to the appellate tax board.

**SECTION 4.** Section 16 of chapter 121B of the General Laws, as so appearing, is hereby amended by striking out the second paragraph and inserting in place thereof the following paragraph:–

Whenever a city or town in which such real estate is located shall have made a general revaluation or reassessment of its real property for purposes of taxation, the valuation of such real estate shall be determined by the assessors of said city or town as of January first, in the year succeeding such revaluation or reassessment, by dividing the amount of the payment authorized by this section for the year last preceding the revaluation by the residential class tax rate of said city or

town for the year of the revaluation, so that the payment with respect to such land shall remain substantially the same as that made prior to such revaluation or reassessment. The operating agency, if aggrieved by the determination of the assessors, may within six months after written notice thereof appeal to the appellate tax board.

**Chapter 521. AN ACT ESTABLISHING A BOARD OF ALLIED MENTAL HEALTH AND HUMAN SERVICES PROFESSIONS; PRESCRIBING THE MEMBERSHIP, DUTIES, AND POWERS OF SAID BOARD; PROVIDING FOR ISSUANCE AND REVOCATION OF LICENSES; FIXING PENALTIES FOR VIOLATION.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 13 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following three sections:-

Section 88. There shall be a board of registration of allied mental health and human services professions, in this section and sections eighty-nine and ninety, which shall consist of nine members, one of whom shall be designated as chairperson, to be appointed in the manner

provided by section eighty-nine. Of the first board members appointed three shall continue in office for one year, three for two years and three, including the chairperson, shall continue in office for three years. Their successors shall be appointed for terms of three years each except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the board member to be succeeded. Upon the expiration of the term of office, a board member shall continue to serve until a successor shall have been appointed and shall have qualified. No person shall be appointed more than once to fill an unexpired term for more than two consecutive terms. The governor shall designate one board member to serve as chairperson during the term of such person's appointment to the board; provided, however, that no person shall serve as chairperson for more than three years.

The governor may remove any member of the board or the chairperson from such position as chairperson only for neglect of duty or malfeasance or conviction of a felony or crime of moral turpitude while in office. No member may be removed without a public hearing with at least thirty days prior written notice of the charges and the date fixed for such hearing. No board member shall participate in any matter before the board in which a pecuniary interest, personal bias or other similar conflict of interest is established.

Board members shall serve without compensation but shall be reimbursed for their actual and necessary expenses incurred in the performance of official board business.

Section 89. The governor shall appoint members of the board only from among the candidates who meet the following qualifications:

(A) Six members shall be licensed practicing mental health and human service professionals, two of whom shall be marriage and family therapists, two of whom shall be rehabilitation counselors, two of whom shall be mental health counselors; and each shall have been, for at least five years immediately preceding appointment, actively engaged as a practitioner rendering professional services in that field, or in the education and training of graduate students or interns in the field, or in appropriate human developmental research, or in other areas deemed substantially equivalent thereto, and shall have spent the majority of the professional time in such activity during the two years preceding the appointment in the commonwealth. One of the six shall also be a member of a union licensable under sections one hundred and sixty-three to one hundred and seventy-two, inclusive, of chapter one hundred and twelve; and

(B) Three members shall be representatives of the general public who have no direct affiliation with the practice of any allied mental health or human services profession.

The initial appointees, with the exception of representatives of the general public, shall be deemed to be and shall become licensed immediately upon their appointment and qualification as members of the board.

The governor shall immediately appoint the first board member to be

appointed under this section. The governor shall nominate a new member to fill a vacancy on the board within thirty days of the occurrence of such vacancy.

The appointment of any member of the board shall automatically terminate within thirty days after the date such member is no longer a resident of the commonwealth.

Each appointee shall, upon accepting appointment to the board, take and subscribe to the oath or affirmation prescribed by law and file the same in the office of secretary of state.

Section 90. The board shall hold at least two regular meetings each year, but additional meetings may be held upon the call of the chairperson, or the secretary, or upon the written request of any two board members. Six members of the board shall constitute a quorum; provided, however, that at least one of those six members shall be a member who was selected from and who represents the general public. The principal office of the board shall be in the city of Boston but the board may act and exercise all of its powers in such other jurisdictions as it deems necessary.

The board shall administer and enforce the provisions of section one hundred and sixty-three to one hundred and seventy-two, inclusive, of chapter one hundred and twelve. Said board shall promulgate regulations which set forth education requirements necessary for a person to be licensed under the provisions of section one hundred and sixty-five of said chapter one hundred and twelve; and the board may, from time to time, adopt such rules and regulations as it deems necessary to carry out the performance of its duties.

The secretary of consumer affairs and business regulations shall have authority to review and approve rules and regulations proposed by the board. Such regulations will be deemed approved unless disapproved within fifteen days of submission to said secretary; provided, however that any such disapproval shall be in writing setting forth the reasons for such disapproval.

Said board shall examine and pass on the qualifications of all applicants for licenses under sections one hundred and sixty-three to one hundred and seventy-two, inclusive, of chapter one hundred and twelve, and shall issue a license to each successful applicant therefor, attesting to their professional qualifications to be a licensed allied mental health and human services professional. After a person has applied for licensure, no member of the board may supervise such applicant for a fee nor shall any member vote on any applicant previously supervised by such member.

The board shall establish standards committees for each allied mental health and human services profession. Each standards committee shall have three members, two of whom shall be the board members representing their respective professions and one of whom shall be a board member representing the general public. Each standards committee, by a majority vote, shall recommend approval or disapproval of the granting of all licenses for that profession, approve the examination required of applicants for licensure in that profession,

provide for the grading of that examination and provide for other matters relating to the standards for licensure in that profession.

No decision of a standards committee shall become effective until approved by the board. The board may initiate or otherwise act regarding any matter in which a standards committee is authorized to act. No decision of the board regarding the standards of a particular allied mental health and human services profession shall become effective without the approval of a majority of the standards committee for such profession.

Said board shall adopt a seal which shall be affixed to all licenses.

Said board may authorize expenditures deemed necessary to carry out its duties under this chapter from funds appropriated therefor.

Said board shall employ, subject to chapter thirty-one, such attorneys, experts and other employees as it may, from time to time, deem appropriate for the proper performance of its duties and for whom the necessary funds are appropriated.

Said board may recommend to the governor and the general court, after a public hearing which shall be advertised by publication of notices to the appropriate mental health and human service professional organizations and in major media outlets throughout the commonwealth, modifications and amendments to sections eighty-eight, eighty-nine and this section and sections one hundred and sixty-three to one hundred and seventy-two, inclusive, of chapter one hundred and twelve.

Said board shall cause examinations to be held not less than twice annually and shall evaluate examinations to keep them free from cultural bias.

Said board shall annually publish a list of names and addresses of persons who are licensed under sections one hundred and sixty-three to one hundred and seventy-two inclusive, of chapter one hundred and twelve.

Fees for examinations and for initial and renewal applications shall be determined annually by the commissioner of administration under the provisions of section three B of chapter seven.

Said board shall establish regulations for continuing educational requirements for licenses. Said regulations shall not require more than thirty contact hours per year, on average through the term of the license, of approved continuing education programs as a condition for continuing registration, nor more than fifteen contact hours per year on average for any licensed individual during the term of their employment by the commonwealth or any political subdivisions thereof.

Said board shall cause public hearings to be held prior to setting specifications for any continuing educational requirements.

The board shall establish procedures to permit consumers to file written complaints against licensed individuals and investigate and take appropriate action on such complaints.

**SECTION 2.** Chapter 112 of the General Laws, as so appearing, is hereby amended by adding the following ten sections:-

Section 163. As used in sections one hundred and sixty-three to one

hundred and seventy-two, inclusive, the following words shall, unless the context clearly requires otherwise, have the following meanings:-

"Allied Mental Health and Human Services Professional" a licensed marriage and family therapist, a licensed rehabilitation counselor or a licensed mental health counselor.

"Licensed marriage and family therapist", a person licensed or eligible for licensure under section one hundred and sixty-five.

"Practice of marriage and family therapy", the rendering of professional services to individuals, family groups, couples or organizations, either public or private for compensation, monetary or otherwise. Said professional services shall include applying principles, methods and therapeutic techniques for the purpose of resolving emotional conflicts, modifying perceptions and behavior, enhancing communications and understanding among all family members and the prevention of family and individual crisis. Individual marriage and family therapists may also engage in psychotherapy of a nonmedical nature with appropriate referrals to psychiatric resources and research and teaching in the overall field of human development and interpersonal relationships.

"Licensed rehabilitation counselor", a person licensed or eligible for licensure under section one hundred and sixty-five.

"Practice of rehabilitation counseling", the rendering of professional services for compensation, monetary or otherwise. These professional services would include the application of principles, methods and techniques of the rehabilitation counseling profession such as client assessment, job analysis, vocational assessment, counseling and job development for the purpose of maximizing or restoring the capacities of physically or mentally handicapped individuals for self-sufficiency and independent living including vocational and social functioning and creating those conditions favorable to this goal. The practice of rehabilitation counseling involves the following objectives: assisting individuals in the coordination of appropriate services; counseling with individuals, families or groups; serving an advocacy role with communities or groups toward the provision or implementation of rehabilitation services; research and teaching in the field of rehabilitation counselor education.

"Licensed mental health counselor", a person licensed or eligible for licensure under section one hundred and sixty-five.

"Practice of mental health counseling", the rendering of professional services to individuals, families or groups for compensation, monetary or otherwise. These professional services include: applying the principles, methods and theories of counseling and psychotherapeutic techniques to define goals and develop a treatment plan of action aimed towards the prevention, treatment and resolution of mental and emotional dysfunction and intra or interpersonal disorders in persons diagnosed at intake as nonpsychotic; and engaging in psychotherapy of a nonmedical nature utilizing supervision when appropriate and making referrals to other psychiatric, psychological or medical resources when the person is diagnosed as psychotic.

"Advertise", includes, but is not limited to, distributing or causing to be distributed any card, sign or device to any person; or the causing, permitting or allowing any sign or marking on or in any building or structure, or in any newspaper or magazine or in any directory, or on radio or television, or by the use of any other means designed to secure public attention.

"Use a title or description of", means to hold oneself out to the public as having a particular status by means of statements on signs, mailboxes, address plates, stationery, announcement, calling cards or other instruments of professional identification.

"Board", the Massachusetts board of registration of allied mental health and human services professions.

"Recognized educational institution", any educational institution which grants a bachelor's, master's, or doctor's degree and which is recognized by the board, or by a nationally or regionally recognized educational or professional accrediting organization; provided, however, that such institution is also approved by the United States Department of Education.

"Approved Continuing Education", continuing education such as research and training programs, college and university courses, in-service training programs, seminars and conferences designed to maintain and enhance the skills of allied mental health and human services professionals and which are recognized by the board.

Section 164. Except as otherwise provided in sections one hundred and sixty-three to one hundred and seventy-two, inclusive, commencing March first, nineteen hundred and eighty-nine, no individual who is not licensed or exempted from licensure under said sections shall advertise the performance of or use a title or description of:

- (1) licensed mental health counselor, advisor or consultant;
- (2) licensed marital or marriage and family therapist, advisor or consultant; or
- (3) licensed rehabilitation counselor, specialist, advisor or consultant;

No individual who is not licensed or exempted from licensure shall engage in practice as a licensed mental health professional. This does not prevent individuals not eligible to apply for licensure from advertising and practicing as counselors or therapists, provided that such individuals do not advertise or otherwise hold themselves out to the public to be licensed allied mental health professionals.

The following individuals shall be exempt from the requirements of this section:

- (1) a licensed psychologist, a licensed social worker, a licensed occupational therapist, or a licensed physician or registered nurse.

- (2) an employee or other agent of a recognized academic institution or alcohol or drug education or awareness program, employee assistance program, or of a federal, state, county or local government institution, program agency, or facility, or a school committee, school district, school board or board of regents while performing those duties constituting employment by such an institution, program, agency or facility; provided, however, that such individuals are performing those

activities solely within the agency or under the jurisdiction of such agency; and, provided further, that a license granted under section one hundred and sixty-five need not be a requirement for qualification for civil service examinations nor shall it be a requirement for employment in any state, county or municipal agency.

(3) an employee of an organization which is nonprofit or licensed by the commonwealth, and which is determined by the board to provide adequate supervision while performing those duties constituting employment by such an agency; provided, however, that such individuals are performing those activities solely within the agency or under the jurisdiction of the organization.

(4) a student in the discipline of an allied mental health and human services profession or an intern or trainee in an allied mental health and human services profession receiving qualified supervision approved by the board, and whose training status is designated by such titles as "mental health intern", "family therapy intern", or a person who is issued a temporary permit by the board to engage in the activities for which licensure is required.

Nothing in this section shall be construed to prevent qualified members of other professions including Christian Science practitioners, registered nurses, physicians, attorneys, or members of the clergy from doing the work of an allied mental health and human services professional consistent with the accepted standards of their respective professions; provided, however, that no such person shall use a title stating or implying that they are a licensed allied mental health and human services professional.

Nothing in this section shall be construed to prevent members of peer group or self-help groups from performing peer counseling or self-help activities which may be, wholly or in part, included as a defined professional service in section one hundred and sixty-three; provided, however, that no members of peer group or self-help groups shall use a title stating or implying that they are a licensed allied mental health or human services professional.

Section 165. The board may issue a license to an applicant as a marriage and family therapist, a rehabilitation counselor and a mental health counselor; provided, however, that each such applicant shall provide satisfactory evidence to the board that such applicant: (1) is of good moral character; (2) has not engaged or is not engaging in any practice or conduct which would be grounds for refusing to issue a license under section one hundred and sixty-nine; (3) demonstrates to the board, the successful completion of a master's degree in a relevant field from an educational institution licensed by the state in which it is located and meets national standards for granting of a master's degree with a subspecialization in marriage and family therapy, rehabilitation counseling, counseling, or a relevant subspecialization approved by the board. To be eligible for licensure, an applicant must have two additional years of supervised clinical experience in the relevant field in either a clinic or hospital licensed by the department of mental health or accredited by the Joint Commission on Accreditation of Hospitals or in

an equivalent center or institute approved by the board. For purposes of this clause, "Supervision" shall be defined as no less than four hours per week for full-time employees, or two hours per week for part-time employees, and shall consist of individual supervision with a clinician who has expertise in marriage and family therapy, rehabilitation counseling or counseling and who holds a master's degree in social work, rehabilitation counseling, or counseling, or holds a doctorate in psychology, or a medical degree with a subspecialization in psychiatry and has a minimum of five years of clinical experience in the appropriate field; (4) successfully passes a written or oral examination administered by the board to determine the applicant's qualifications for licensure for each profession licensed pursuant to this section; and (5) individuals licensed under the provisions of this section will not be eligible to renew licenses issued pursuant to the provisions of section three of chapter eight hundred and eighteen of the acts of nineteen hundred and seventy-seven unless such individuals satisfy the requirements of section one hundred and thirty-one of chapter one hundred and twelve of the General Laws, except for successful completion of an examination.

Section 166. The board shall conduct examinations at least twice a year at a time and place designated by the board, in order to determine any applicant's qualifications for the practice of an allied mental health and human services profession.

Examinations may be written or oral as determined by the board. In any written examination each applicant shall be designated so that the name shall not be disclosed to the board until examinations have been graded.

Examinations shall include questions in such theoretical and applied fields as the board deems most suitable to test an applicant's knowledge and competence to engage in the practice of the allied mental health and human services profession in which licensure is sought.

An applicant shall be held to have passed an examination upon affirmative vote of at least five members of the board.

Any individual who fails an examination conducted by the board shall not be admitted to a subsequent examination for a period of at least six months.

The board shall issue a license without examination to the following: (1) an applicant licensed as a professional in a comparable field in another state whose requirements for the license are determined by the board to be equivalent to or exceed the requirements of the commonwealth (2) an applicant who has passed a civil service examination for a position whose title is included in the definition of an allied mental health and human services professional in section one hundred and sixty-three and who has completed six months service in such position with an agency of the commonwealth or its political subdivisions and who meets the requirements of section one hundred and sixty-five; provided, however, that such applicant shall submit an application on forms prescribed by the board and pay the licensure fee therefor.

Section 167. The board, at its discretion, may issue a temporary

permit, effective for up to one year, to an individual whose application for licensure under this chapter is being processed by the board, or to a person awaiting the opportunity to take the first written examination offered by the board after filing such application.

Section 168. A fee, as determined by the commissioner of administration pursuant to section three B of chapter seven shall be paid to the board for the original license. Licenses shall be valid for two years and must be renewed biennially. Any application for renewal of a license which has expired shall require the payment of a re-registration fee.

On or before September thirtieth of the year preceding the expiration of a license, the secretary of the board shall forward to the holder of the license a form of application for renewal thereof. Upon the receipt of the completed form and the renewal fee on or before November thirtieth, the secretary shall issue a new license for the year commencing January first.

Section 169. The board, subject to a majority vote of its members, is authorized to deny, revoke or suspend a license granted pursuant to this chapter on the following grounds:

(1) conviction by a court of competent jurisdiction of a crime which the board determines to be of such a nature as to render such person unfit to practice as a mental health and human services professional. Said board shall maintain and publish a list of such crimes;

(2) violation of ethical standards of such a nature as to render such individual unfit to practice as a mental health and human services professional. Said board shall publish and maintain such ethical standards;

(3) fraud or misrepresentation in obtaining a license; or

(4) other just and sufficient cause which renders a person unfit to practice as a mental health and human services professional.

No license may be suspended or revoked for the reasons set forth in the preceding paragraph without prior notice and opportunity for hearing on such suspension or revocation, except that the board may, in its discretion, without prior notice or hearing, suspend for up to one year the license of any individual convicted of a crime as set forth therein. The burden of proof shall be on the board in any proceeding to suspend or revoke a license. No license may be suspended or revoked under this section except by majority vote of the full board, notwithstanding any other provisions.

Any individual may file a complaint with the board seeking denial, suspension or revocation of a license issued or to be issued by the board. Such complaints shall be in a form prescribed by the board and shall be verified under oath by the complainant or his duly authorized agent. If the board determines that a complaint alleges facts which, if true, would require denial, revocation or suspension of a license, it shall promptly conduct a hearing. Whenever said board establishes that a complaint does not state facts which warrant a hearing, such complaint may be dismissed.

Said board shall not hear complaints against any licensed individuals

for actions which have occurred in the course of employment by any agency of the commonwealth or its political subdivisions unless such complaint is received by the board subsequent to the dismissal of a licensee by such agency for reasons of moral turpitude or gross negligence; provided, however, that said licensee shall have exhausted all administrative appeals of such dismissal.

Any individual may be permitted to intervene and participate in board hearings on suspension or revocation of a license upon a showing of an interest in such proceeding.

Any individual whose license has been suspended or revoked may apply to the board for vacation of the suspension or reinstatement of the license.

Section 170. The board shall conduct its proceedings in accordance with the provisions of this chapter and chapter thirty A. Any individual may be heard by the board in person or by an attorney. Every vote and official act of the board shall be entered on the record. All hearings and rule making proceedings shall be open to the public. A stenographic record shall be made of every hearing before the board.

The board shall have subpoena power to require the attendance and testimony of witnesses and the production of all books, papers and documents relating to any matter under investigation. Subpoenas shall be issued by the board upon application by any party to a proceeding before the board and a showing of general relevance and reasonable scope. Witnesses summoned before the board shall be paid the same fees and mileage paid witnesses in courts of the commonwealth. In case of disobedience of a subpoena, the board may apply to the superior court for an order requiring the person subpoenaed to appear before the board and testify and produce books, papers, or documents called for by such subpoena.

One or more board members or a hearing examiner or other officer appointed by the board shall preside at hearings.

Section 171. Any individual not licensed under sections one hundred and sixty-three to one hundred and seventy-two who on March first, nineteen hundred and eighty-nine holds himself out to be or advertises himself as a licensed marriage and family therapist, rehabilitation therapist or mental health counselor in violation of this chapter shall be punished by a fine not exceeding five hundred dollars for the first offense and five hundred dollars for each subsequent offense; provided, however, that the board may also proceed in the superior court to enjoin and restrain any unlicensed individual violating any section of this chapter. The board shall not be required to post bond at any such proceeding.

Section 172. Any communication between an allied mental health or human services professional and a client shall be deemed to be confidential. Said privilege shall be subject to waiver only in the following circumstances:

(a) where the allied mental health and human services professional is a party defendant to a civil, criminal or disciplinary action arising from such practice in which case the waiver shall be limited to that action;

(b) where the client is a defendant in a criminal proceeding and the use of the privilege would violate the defendant's right to compulsory process and right to present testimony and witnesses in his own behalf;

(c) when the communication reveals the contemplation or commission of a crime or a harmful act; and

(d) where a client agrees to the waiver, or in circumstances where more than one person in a family is receiving therapy, where each such family member agrees to the waiver.

The provisions of this section shall not be construed to prevent third party reimbursor from inspecting and copying, in the ordinary course of determining eligibility for or entitlement to benefits, any and all records relating to diagnosis, treatment or other services provided to any person, including a minor or incompetent, for which coverage, benefit or reimbursement is claimed, so long as the policy or certificate under which the claim is made provides that such access to such records is permitted. The provisions of this section shall not be construed to prevent access to any such records pursuant to any peer review or utilization review procedures applied and implemented in good faith.

**SECTION 3.** The board shall issue a license without examination to any applicant who applies on or before March first, nineteen hundred and eighty-nine if the individual meets qualifications set forth in section one hundred and sixty-five of chapter one hundred and twelve of the General Laws, and meets the education experience qualifications determined by the board.

The board at its own discretion may issue a license without examination to any applicant who applies on or before March first, nineteen hundred and eighty-nine who has been practicing in one of the allied health and human services professions for a reasonable period of time as specified and determined by the board; and who satisfies the board that he meets the professional standards established by the standards committee.

The board may issue a temporary permit effective for up to two years to an individual applying under this section if such individual is required to complete additional courses as required by the board.

Any applicant under the provisions of this section shall be required to pay fees as provided for in paragraph K of section ninety of chapter thirteen of the General Laws.

An individual licensed pursuant to this section shall not be subject to the provisions of section one hundred and seventy-one of chapter one hundred and twelve of the General Laws.

**Chapter 525. AN ACT REORGANIZING THE EXECUTIVE OFFICE OF ECONOMIC AFFAIRS AND THE DEPARTMENT OF COMMERCE AND DEVELOPMENT.**

Be it approved by the the Senate and House of Representatives in General Court assembled, pursuant to Article LXXXVII of the

Amendments to the Constitution, and by the authority of same, as follows:

**SECTION 1.** Chapter 6A of the General Laws is hereby amended by striking section 8, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 8. There shall be within the executive office of communities and development the following state agencies: the department of community affairs and all other state agencies within said department; the mobile homes commission; and the American and Canadian French cultural Exchange commission.

Nothing in this section shall be construed as conferring any powers or imposing any duties upon the secretary with respect to the foregoing agencies except as expressly provided by law.

**SECTION 1A.** Section 17 of said chapter 6A, as so appearing, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

The following state agencies are hereby declared to be within the executive office of economic affairs:- the Massachusetts office of business development and all other entities within said office; the office of travel and tourism; the office of film and video development; the office of science and technology; the office of international trade and investment; the office of minority and women business development and employment and all entities within said office; the division of employment security, the state advisory council and board of review, but excluding the division of standards, welfare and retirement trust funds board; the investment board established by section fifty-seven of chapter one hundred and fifty-one A; and the Commission on employment of the handicapped.

**SECTION 2.** Section 17A of said chapter 6A is hereby repealed.

**SECTION 3.** Section 1 of chapter 23A of the General Laws is hereby amended by striking out section 1, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 1. There shall be within the executive office of economic affairs a department called the Massachusetts office of business development, hereinafter referred to as MOBD, under the supervision and control of an executive director of business development, hereinafter the MOBD executive director. The powers and duties given to the MOBD executive director in this chapter and in any other general or special law shall be exercised and discharged subject to the direction, control and supervision of the secretary of economic affairs.

The MOBD executive director shall be appointed by the secretary of economic affairs, with the approval of the governor, and may, with like approval, be removed. The position of MOBD executive director shall be classified in accordance with section forty-five of chapter thirty and the MOBD executive director shall devote his full time during business hours

to the duties of MOBD and shall give to the state treasurer a bond for the faithful performance of his duties.

The MOBD executive director shall be the executive and administrative head of MOBD and shall be responsible for administering and enforcing the provisions of law relative to MOBD and to each administrative unit thereof. Powers and duties given to any administrative unit of MOBD by any general or special law shall be exercised and discharged subject to the direction, control and supervision of the MOBD executive director.

The MOBD executive director may, subject to approval by the secretary of economic affairs, adopt, amend, alter or repeal and shall enforce, all such reasonable rules, regulations and orders as may be necessary or suitable for the administration and performance of the duties of MOBD as set out in sections one through thirteen, inclusive, of chapter twenty-three A and any other special or general law.

**SECTION 4.** Said chapter 23A is hereby further amended by striking out section 2, as so appearing, and inserting in place thereof the following section:-

Section 2. MOBD shall serve as the principal agency of the government of the commonwealth for the following purposes:

(a) Promoting, developing and expanding all sectors of the economy by capitalizing on and fostering the technological, industrial, manufacturing, educational, cultural and geographic advantages of the commonwealth in the world economy.

(b) Providing a full and effective range of business services to Massachusetts' businesses, including assuring the availability of the capital and human resources required for growth and development in the commonwealth.

(c) Preparing functional plans for the economic development of all areas within the commonwealth to assure the full utilization of the skills and potentials of all its citizens and public and private agencies affecting such plans.

(d) Promoting the development and commercial use of new technologies important to the commonwealth's economic future.

(e) Assisting manufacturing industries in the state to improve their long-term competitiveness through continuous technological, managerial and workforce upgrading.

(f) Attracting new and expanding manufacturing industries to Massachusetts, especially to those regions of the commonwealth with an eroding traditional manufacturing base.

**SECTION 5.** Said chapter 23A is hereby further amended by striking out section 3, as so appearing, and inserting in place thereof the following section:-

Section 3. MOBD shall contain the following three divisions: business services, entrepreneurial and small business development, and manufacturing development. Each division shall be under the charge of a director subject to the direction, control and supervision of the MOBD

executive director. Each director shall be a person of skill and experience in the field of his appointment and shall be appointed and may be removed by the executive director, with the approval of the secretary, and shall serve until so removed. The position of director shall not be subject to the provisions of chapter thirty-one or section nine A of chapter thirty. Each director shall devote his full time during business hours to the duties of his office. The MOBD executive director may authorize any director to exercise in his name any power, or to discharge in his name any duty, assigned to him by law, and he may at any time revoke such authority.

**SECTION 6.** Said chapter 23A is hereby further amended by striking out section 4, as so appearing, and inserting in place thereof the following section:–

Section 4. The executive office of economic affairs shall have an office in western Massachusetts under the direct supervision of the secretary. Subject to appropriation, the secretary of economic affairs shall hire such employees as he may from time to time deem necessary for the proper performance of the functions of the office.

**SECTION 7.** Section 4A of said chapter 23A is hereby repealed.

**SECTION 8.** Said chapter 23A is hereby further amended by striking out section 5, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:–

Section 5. The executive director shall establish in MOBD a planning and research capability. The executive director shall prepare and keep current a general statement of the organization of MOBD, of the assignment of functions to its various administrative units, officers and employees, and of the established places at which and the methods whereby the public may receive information or make requests. Such statement shall be known as MOBD's description of organization. A current copy of the description of organization shall be on file in the office of the state secretary, in the executive office of economic affairs and in the executive office for administration and finance.

**SECTION 9.** Said 23A is hereby further amended by striking out section 6, as so appearing, and inserting in place thereof the following section:–

Section 6. To assist MOBD in the discharge of its duties the executive director may appoint, without regard to chapter thirty-one but with the approval of the secretary, advisory committees on regional planning and commercial and industrial development from among interested citizens of the commonwealth.

Members of such committees shall receive no compensation for their services, but may be reimbursed for their expenses. Such committees shall receive assistance from appropriate divisions of MOBD as designated by the executive director. Each committee shall annually, on or before the first of November, make a report to the executive

director of MOBD and the secretary of economic affairs, and may make such special reports as it or the executive director may deem desirable.

**SECTION 10.** Said chapter 23A is hereby further amended by striking out section 7, as so appearing, and inserting in place thereof the following section:-

Section 7. The MOBD executive director shall prepare and submit to the governor and the general court an annual report which shall contain the description of organization of MOBD, and such other matters as he deems appropriate. He shall also include in such annual report such information as may be required by the commissioner of administration. He shall from time to time submit such other reports as the commissioner of administration may require.

**SECTION 11.** Said chapter 23A is hereby further amended by striking out section 8, as so appearing, and inserting in place thereof the following section:-

Section 8. MOBD may accept gifts or grants of money or property from any source, which shall be held in trust for the use of MOBD by the secretary of economic affairs as custodian.

**SECTION 12.** Said chapter 23A is hereby further amended by striking out section 9, as so appearing, and inserting in place thereof the following section:-

Section 9. In addition to directors, the executive director of MOBD may, subject to appropriation and with the approval of the secretary of economic affairs, appoint and may, with like approval, remove all such employees as may be necessary to carry out the work of MOBD. Unless otherwise provided by law, all such appointments and removals shall be made in accordance with chapter thirty-one. From time to time the executive director may, subject to appropriation and the laws and regulations pertaining to the employment of consultants, employ such consultants as he may deem necessary.

**SECTION 13.** Said chapter 23A is hereby further amended by striking out section 13, as so appearing, and inserting in place thereof the following six sections:-

Section 13. MOBD may employ such personnel as may be necessary to carry out its duties under the provisions of chapter forty D.

All departments, divisions, boards, bureaus, commissions or other agencies of the state government shall provide such assistance and information as MOBD may request in order to carry out said duties.

Section 13A. There shall be within the executive office of economic affairs a department called the office of travel and tourism, hereinafter tourism, which shall be under the supervision and control of an executive director. The powers and duties given to the executive director of tourism in this chapter and in any other general or special law shall be exercised and discharged subject to the direction, control and supervision of the secretary of economic affairs.

The tourism executive director shall be appointed by the secretary of economic affairs, with the approval of the governor, and may, with like approval be removed. The position of tourism executive director shall be classified in accordance with section forty-five of chapter thirty and the tourism executive director shall devote his full time during business hours to the duties of the office of travel and tourism and shall give to the state treasurer a bond for the faithful performance of his duties.

The executive director of tourism shall be the executive and administrative head of tourism and shall be responsible for administering and enforcing the provisions of law relative to tourism and to any administrative unit thereof. Powers and duties given to any administrative unit of tourism by any general or special law shall be exercised subject to the direction, control and supervision of the executive director of tourism.

The tourism executive director may, subject to approval by the secretary of economic affairs, adopt, amend, alter or repeal and shall enforce, all such reasonable rules, regulations and orders as may be necessary or suitable for the administration and performance of the duties of tourism as set out in sections eleven through fourteen, inclusive, of chapter twenty-three A and any other special or general law.

Section 13B. The office of travel and tourism shall serve as the principal agency for promoting the recreational, cultural, historic and scenic resources of the commonwealth to increase its desirability as a location for tourism, convention, travel and recreation-related activities by providing informational, marketing and technical assistance to public and private nonprofit entities organized for similar purposes.

Section 13C. The executive director of tourism may, subject to appropriation and with the approval of the secretary of economic affairs, appoint and may, with like approval, remove all such employees as may be necessary to carry out the work of tourism. Unless otherwise provided by law, all such appointments and removals shall be made in accordance with chapter thirty-one. From time to time the executive director may, subject to appropriation and the laws and regulations pertaining to the employment of consultants, employ such consultants as he may deem necessary.

To assist the office of travel and tourism in the discharge of its duties, the executive director shall appoint, without regard to chapter thirty-one but with the approval of the secretary of economic affairs, an advisory committee on vacation travel which shall consist of at least seventeen members including the chief executive officers of the fourteen regional associations known as the Berkshire Hills Conference, Inc., Bristol County Development Council, Inc., Cape Cod Chamber of Commerce, Franklin County Chamber of Commerce, the Greater Boston Convention and Visitors Bureau, Inc., Martha's Vineyard Chamber of Commerce, Mohawk Trail Association, Nantucket Island Chamber of Commerce, Inc., North of Boston Tourist Council, Pioneer Valley Convention and Visitors Bureau, Plymouth County Development Council, Inc., Worcester County Convention and Visitors Bureau, and Northern

Middlesex Chamber of Commerce.

Members of this committee shall receive no compensation for their services, but may be reimbursed for their expenses. This committee shall annually, on or before the first of November, make a report to the executive director and the secretary of economic affairs, and may make such special reports as it or the executive director of tourism may deem desirable.

Section 13D. Tourism may accept gifts or grants of money or property from any source, which shall be held in trust for the use of tourism by the secretary of economic affairs as custodian.

Section 13E. The executive director of tourism shall prepare and submit to the governor, the general court, the state secretary and the secretary of economic affairs an annual report consistent with the requirements of section thirty-two of chapter thirty of the General Laws.

**SECTION 14.** Said chapter 23A is hereby further amended by striking out section 14, as so appearing, and inserting in place thereof the following section:-

Section 14. The office of travel and tourism is hereby directed, subject to appropriation, to establish a program for financial assistance to those public or nonprofit agencies which promote or provide services for tourism, conventions, travel and recreation in the commonwealth.

Funds shall be granted to agencies listed in section six of chapter six hundred and thirty-six of the acts of nineteen hundred and sixty-four with the addition of the Bristol County Development Council, Inc., Franklin County Chamber of Commerce, the Greater Boston Convention and Visitors Bureau, Inc., North of Boston Tourist Council, Pioneer Valley Convention and Visitors Bureau, Plymouth County Development Council, Inc., Worcester County Convention and Visitors Bureau, and Northern Middlesex Chamber of Commerce and to any other public or nonprofit agency which has been in operation for two consecutive years prior to application for funds under this section and which spends fifteen thousand dollars in its fiscal year on tourism or a public or nonprofit agency which has a total budget larger than the average of Massachusetts tourist promotion agencies as estimated by the secretary of the executive office of economic affairs and which spends twenty-five per cent of said budget on tourism.

Funds shall be used to strengthen efforts of tourist, convention, travel and recreation agencies to attract and service visitors to the commonwealth and to better manage and distribute the influx of said visitors. The amount of funds received by any one agency shall be based on, but not limited to, the following criteria:

- (1) geographical size and population served by such agency;
- (2) amount of matching funds from nongovernmental sources;
- (3) assurance that the funded proposal will be in addition to the work currently being done by the agency and that the agency will maintain a continued effort of the funded program;
- (4) demonstrated effectiveness of agency;
- (5) integration of agency's tourism promotion plans with other private and public agency plans.

No funds may be spent for travel, entertainment, salaries or purchase of equipment under this section.

Tourism is hereby authorized to make grants to agencies to assist such agencies in planning and carrying out their promotional programs and projects; provided, that before any such grant may be made:

(1) the agency shall have made application to tourism for such grant, and shall have set forth the program proposed to be undertaken for the purpose of encouraging and stimulating tourist, convention, visitor and vacation business. The application shall further state, with evidence satisfactory to tourism, the amount of nongovernmental funds held by or committed or subscribed to the agency for application to the purposes herein described and the amount of the grant for which application is made;

(2) tourism, after review of the application, is satisfied that the program of the agency appears to be in accord with the purposes of this section, and shall authorize the making of a grant to such agency;

(3) the maximum received by a private nonprofit agency shall be no greater than the amount received by that agency from nongovernmental sources.

Any agency receiving funds under this section shall make a report on the use of said funds at such time and in such form as the executive director of tourism shall specify. The executive director, subject to approval by the secretary of economic affairs shall establish guidelines in which to regulate the dispersal of funds under this section.

**SECTION 15.** Said chapter 23A is hereby further amended by striking out section 15, as so appearing, and inserting in place thereof the following section:–

Section 15. As used in sections sixteen to twenty-three, inclusive, the following words shall, unless the context requires otherwise, have the following meanings:

"Director", the director of the division of entrepreneurial and small business development.

"Division", the division of entrepreneurial and small business development.

"Executive director", the executive director of the Massachusetts office of business development.

"Small business", a business concern which is independently owned and operated, not dominant in its field of operation and except where based on unique aspects of Massachusetts industry, would be defined as a "small business" under applicable federal law.

**SECTION 16.** Said chapter 23A is hereby further amended by striking out section 16, as so appearing, and inserting in place thereof the following section:–

Section 16. The division shall provide (1) expertise in product development and marketing, (2) expertise in market trends and analysis, (3) expertise in production and production management, (4) assistance to police departments in applying for grants in aid to said departments for

the protection of small businesses in high crime areas, and (5) information on federal programs to assist small business. The division shall not be limited to those areas of expertise set forth herein.

**SECTION 17.** Said chapter 23A is hereby further amended by striking out section 17, as so appearing, and inserting in place thereof the following section:-

Section 17. The division shall develop and utilize the services, resources and expertise of existing educational, business, industrial and financial institutions and their personnel provided on a voluntary basis, and shall work in full cooperation with said institutions and personnel to fully implement the policies and programs of the division.

There shall be in MOBD a director of entrepreneurial and small business development knowledgeable in business investment and financing who shall develop and maintain continual liaison and contact with major financial institutions in the commonwealth and who shall be knowledgeable in federal programs to assist small business and have the mandate to develop and maintain the cooperation of federal agencies. Such financial institutions shall include, but not be limited to, banks, savings institutions, brokerage firms, insurance companies, mutual funds and investment corporations. The director shall secure and maintain the cooperation, expertise and assistance of such financial institutions in implementing the intent of this chapter.

**SECTION 18.** Said chapter 23A is hereby further amended by striking out section 18, as so appearing, and inserting in place thereof the following section:-

Section 18. The director shall establish a continuing list of small business within the commonwealth and place the names of such firms on a central public listing. All businesses so classified by the director shall be notified of the services of the division and shall be kept informed of the resources and assistance available to them under the provisions of sections fourteen to twenty-three, inclusive.

**SECTION 19.** Said chapter 23A is hereby further amended by striking out section 19, as so appearing, and inserting in place thereof the following section:-

Section 19. The director shall establish an information exchange which shall contain, but not be limited to, current and new technical information and data concerning business investment trends and marketing trends within the commonwealth, management techniques, administrative methods, production techniques, product development, any other business news helpful to small businesses and any federal, state or local governmental action, policies or regulations which have an effect on the small businesses and their operations. For the purposes of the information exchange, the director shall have access to relevant information collected by other state agencies.

**SECTION 20.** Said chapter 23A is hereby further amended by striking

out section 20, as so appearing, and inserting in place thereof the following section:-

Section 20. The director shall make available individual consultation and technical assistance to any small business which requests this service. Such consultation and assistance may relate to, but shall not be limited to, the areas including procurement of investment capital, management, administration, production, product marketing, and business expansion, renovation and diversification. Wherever possible, such assistance shall be obtained from the staff of the division or from the voluntary cooperation of the staff of other institutions or businesses.

The director may procure the temporary or intermittent services of organizations, experts or consultants who shall not be subject to provisions of chapter thirty-one, subject to the approval of the secretary of economic affairs. Any person who, upon the request of the director, provides voluntary assistance to the division shall be allowed travel and reasonable and necessary expenses subject to the approval of the secretary of administration and finance.

**SECTION 21.** Said chapter 23A is hereby further amended by striking out section 21, as so appearing, and inserting in place thereof the following section:-

Section 21. The director shall establish and maintain a liaison with agencies and departments of the federal government and of the governments of other states and municipalities and with any other public or private agency or organization, the purposes and programs of which are relevant to those of the division. The purposes of such a liaison shall be to allow for a coordination of effort, to avoid duplication of services and to solicit and obtain any available cooperation and any funds or grants available to assist the division in implementing its purposes and programs.

**SECTION 22.** Said chapter 23A is hereby further amended by striking out section 22, as so appearing, and inserting in place thereof the following section:-

Section 22. The director shall act as an advocate and as an overseer to assure that small businesses are given fair and nondiscriminatory consideration in the letting of bids and granting of contracts or subcontracts under which state monies are to be used in whole or in part, and to assure that small businesses are given fair and equal access to all relevant and needed information relating to the bidding on any contract granted by the state. To aid in the accomplishment of these purposes, the director shall seek and develop the cooperation of other state agencies.

**SECTION 23.** Said chapter 23A is hereby further amended by striking out section 23, as so appearing, and inserting in place thereof the following two sections:-

Section 23. The director shall on the second Monday of January each year submit to the governor, to the clerk of the house of representatives

and to the clerk of the senate a report of the division's activities and, to the extent practicable, an evaluation of the firms served by the division and the effects of such assistance on both the specific businesses and on the general condition of small businesses within the commonwealth.

Section 23A. There shall be within the executive office of economic affairs a department called the office of international trade and investment, hereinafter referred to as OITI, which shall be under the supervision and control of an executive director. The powers and duties given to the executive director of OITI in this chapter and in any other general or special law shall be exercised and discharged subject to the direction, control and supervision of the secretary of economic affairs.

The OITI executive director shall be appointed by the secretary of economic affairs, with the approval of the governor, and may, with like approval be removed. The OITI executive director shall devote his full time during business hours to the duties of the office of international trade and investment. The executive director of OITI shall be the executive and administrative head of OITI and shall be responsible for administering and enforcing the provisions of law relative to OITI and to any administrative unit thereof.

**SECTION 24.** Said chapter 23A is hereby further amended by striking out section 24, as so appearing, and inserting in place thereof the following section:-

Section 24. There shall be in OITI one or more foreign offices for international trade, in this section and in sections twenty-five to twenty-eight, inclusive, referred to as the foreign offices. The foreign offices may be located in any far eastern or European country determined to be best suited as the location for the furthering of foreign trade opportunities for the businesses of the commonwealth. Said foreign offices shall serve the purpose of encouraging and furthering trade between foreign businesses and businesses in the commonwealth. Said offices shall also promote investment opportunities in the commonwealth for foreign businesses in order to encourage the location and establishment of such businesses within the commonwealth. For said purposes of furthering foreign trade and investment, said foreign offices, subject to appropriation and approval by the executive director of OITI, may contract for such advertising and other communication services as may be necessary to further the purposes of this section. The foreign offices shall maintain an updated list of businesses in the commonwealth and foreign businesses which are or might become active in the import or export of their products and services. The foreign office may also provide additional information and assistance to businesses in the commonwealth desirous of exporting their goods and services.

The foreign offices shall maintain and give suitable publicity to an updated list of available sites for the location of foreign based businesses in the commonwealth. The foreign offices may make available technical assistance to foreign businesses interested in the establishment of plants or facilities in the commonwealth.

The foreign offices shall, on a regular basis, make all foreign trade information available to the executive director of OITI, who shall publish and furnish such information to businesses and corporations in the commonwealth which might be interested in, or benefit from the utilization of such information. The executive director of OITI may charge a fee not to exceed the actual printing costs for such information.

**SECTION 25.** Said chapter 23A is hereby further amended by striking out section 25, as so appearing, and inserting in place thereof the following section:-

Section 25. There shall be a director of each foreign office appointed by the executive director of OITI, with the approval of the secretary of economic affairs, who shall be a person with at least two years' experience in international trade, having had administrative or business experience in the country where the office is located, who shall be fluent in at least two languages and who may be a foreign national. The director shall not be subject to the provisions of chapter thirty-one or section nine A of chapter thirty.

**SECTION 26.** Said chapter 23A is hereby further amended by striking out section 26, as so appearing, and inserting in place thereof the following section:-

Section 26. The executive director of OITI is authorized, with the approval of the secretary of economic affairs and subject to appropriation, to enter into leases for such office space as may be necessary and to purchase or lease such equipment as may be needed for the operation of any such foreign offices.

**SECTION 27.** Said chapter 23A is hereby further amended by striking out section 27, as so appearing, and inserting in place thereof the following section:-

Section 27. The executive director may accept in the name of OITI and the foreign offices funds from private and public groups, agencies and persons, which shall be held in trust for their use by the secretary of economic affairs as custodian.

**SECTION 28.** Said chapter 23A is hereby further amended by striking out section 28, as so appearing, and inserting in place thereof the following section:-

Section 28. The executive director of OITI and the director of any foreign office shall annually file a financial report with the clerks of the house and senate and the joint legislative committee on commerce and labor on the operation and activities of the office. The report shall include a complete evaluation of the results of the activities of the foreign offices and its effects on the business economy of the commonwealth, especially in the areas of the export of goods and services and in the location of foreign businesses in the commonwealth.

**SECTION 29.** Clause (b) of section 31 of said chapter 23A is hereby

amended by striking out the first sentence, as amended by section 3 of chapter 342 of the acts of 1987, and inserting in place thereof the following sentence:-

The agency shall be governed and its corporate powers exercised by a board of directors, which shall consist of nine directors: the secretary of economic affairs, the secretary of administration and finance and the executive director of the Massachusetts office of business development, provided that any of the foregoing persons may designate another person from time to time to act in his place for a particular purpose, including the right to attend and vote at a specific meeting of the board, and six other members appointed by the governor, one of whom shall be experienced in real estate development, one shall be experienced in industrial mortgage credit or in commercial credit, one shall be experienced in banking or investment banking, one shall be experienced in business management and one of whom shall be a representative of organized labor.

**SECTION 30.** Said chapter 23A is hereby further amended by inserting after section 39 the following four sections:-

Section 39A. There shall be within the executive office of economic affairs a department called the office of minority and women business development and employment, hereinafter OMWBDE, which shall be under the supervision and control of an executive director, hereinafter referred to as the OMWBDE executive director. The powers and duties given to the OMWBDE executive director in this chapter and in any other general or special law shall be exercised and discharged subject to the direction, control and supervision of the secretary of economic affairs.

The OMWBDE executive director shall be appointed by the secretary of economic affairs, with the approval of the governor, and may, with like approval, be removed. The position of OMWBDE executive director shall be classified in accordance with section forty-five of chapter thirty and the OMWBDE executive director shall devote his full time during business hours to the duties of OMWBDE and shall give to the state treasurer a bond for the faithful performance of his duties.

The OMWBDE executive director shall be the executive and administrative head of OMWBDE and shall be responsible for administering and enforcing the provisions of law relative to OMWBDE and to each administrative unit thereof. Powers and duties given to any administrative unit of OMWBDE by any general or special law shall be exercised and discharged subject to the direction, control and supervision of the OMWBDE executive director.

The OMWBDE executive director may, subject to approval by the secretary of economic affairs, adopt, amend, alter or repeal and shall enforce, all such reasonable rules, regulations and orders as may be necessary or suitable for the administration and performance of the duties of OMWBDE as set forth in sections thirty-nine to forty-four, inclusive.

Section 39B. The executive director of OMWBDE may, subject to appropriation and with the approval of the secretary of economic affairs,

appoint and may, with like approval, remove all such employees as may be necessary to carry out the work of OMWBDE. Unless otherwise provided by law, all such appointments and removals shall be made in accordance with chapter thirty-one. From time to time the executive director may, subject to appropriation and the laws and regulations pertaining to the employment of consultants, employ such consultants as he may deem necessary.

Section 39C. OMWBDE may accept gifts or grants of money or property from any source, which shall be held in trust for the use of OMWBDE by the secretary of economic affairs as custodian.

Section 39D. The executive director of the OMWBDE shall prepare and submit to the secretary of economic affairs an annual report consistent with the requirements of section thirty-two of chapter thirty.

**SECTION 31.** Said chapter 23A is hereby further amended by striking out section 40, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 40. As used in sections forty-one to forty-four, inclusive, the following words shall have the following meanings, unless a contrary intent is clearly indicated:-

"SOMWBA", the state office of minority and women business assistance as established by executive order ninety-two of nineteen hundred and seventy-two, amended by executive order one hundred and twenty-four of nineteen hundred and seventy-six, and designated by section forty-one herein.

"Minority business enterprise", for the purpose of receipt of services from SOMWBA, means a business enterprise that is owned or controlled by one or more socially or economically disadvantaged persons. Such disadvantage may arise from cultural, racial, chronic economic circumstances or background or other similar cause. Such persons include, but are not limited to, Negroes, Puerto Ricans, Spanish-speaking Americans, American Indians, Eskimos, and Aleuts.

"Director", the director of SOMWBA.

"Executive director", the executive director of OMWBDE.

"OMWBDE", the office of minority and women business development and employment.

"Secretary", the secretary of economic affairs.

"Women business enterprise", for the purpose or receipt of services from SOMWBA means a business enterprise that is both owned and controlled, by one or more women who have invested in an ongoing business free of conversion rights.

**SECTION 32.** Said chapter 23A is hereby further amended by striking out section 41, as so appearing, and inserting in place thereof the following section:-

Section 41. There shall be a state office of minority and women business assistance which shall be a division of the office of minority and women business development and employment within the executive office of economic affairs.

**SECTION 33.** Said chapter 23A is hereby further amended by striking out section 42, as so appearing, and inserting in place thereof the following section:–

Section 42. The director shall have all necessary authority, subject to the direction, control and supervision of the executive director of OMWBDE, to utilize existing staff in the agencies within the executive office of economic affairs to effect the purposes of sections thirty-nine to forty-four, inclusive, and shall have the authority to seek such funds, public or private, as may be available and needed to carry out the intent of said sections.

**SECTION 34.** Said chapter 23A is hereby further amended by striking out section 43, as so appearing, and inserting in place thereof the following section:–

Section 43. SOMWBA shall have a director, assistant director and such other specialists in minority and women business assistance as may, from time to time, be authorized. SOMWBA, may, either on its own staff or by contract with community groups, private companies, or public or nonprofit agencies, have available community liaison officers, financial and marketing experts, and persons skilled in public and private contract procurement procedures.

**SECTION 35.** Said chapter 23A is hereby further amended by striking out section 44, as so appearing, and inserting in place thereof the following section:–

Section 44. (1) SOMWBA shall seek to develop a listing of minority and women businesses within the commonwealth, and shall, from time to time, notify such businesses of the programs and services available to them, whether from public or private sources, or from local, state or federal agencies.

(2) SOMWBA is hereby authorized, subject to approval by the executive director of OMWBDE, to establish its own programs and policies and to seek from any official or agency of the commonwealth or its political subdivisions, such information and assistance as is necessary to carry out its functions and duties; and all officials, agencies or political subdivisions of the commonwealth are hereby directed to supply such information or assistance.

(3) SOMWBA shall receive assistance from state agencies including, where consistent with existing law, commitments that such agencies do a limited amount of preferential contracting and subcontracting with minority or women businesses. SOMWBA shall assist minority and women businesses in making use of any special programs which may be operated by the state or by various departments and agencies of the federal government.

(4) SOMWBA, through the secretary and the OMWBDE executive director, shall coordinate its activities with those of other offices and activities of OMWBDE, and shall assist minority and women businesses in their dealings with federal agencies and with state departments and agencies, including, but not limited to, the department of labor and

industries, the department of corporations and taxation, the state purchasing agent and the division of employment security. In coordination with the state director of affirmative action, SOMWBA shall also provide assistance to all cabinet secretaries in evaluating economic activities of their offices to determine how their offices may be of assistance of providing fair opportunities for minority and women businesses.

(5) SOMWBA shall work with banks, insurance companies, and other private businesses in the commonwealth to encourage the formation of seed money for facilitating the starting-up and expansion of minority and women businesses. SOMWBA shall provide assistance to minority and women businesses in their efforts to obtain loan money and operating capital from private and public lenders.

(6) SOMWBA shall seek to increase the amount of financial assistance available to minority and women businesses from private financial institutions; and may, from time to time, sponsor conferences, workshops or other informational programs.

(7) SOMWBA shall seek to encourage voluntary assistance programs by which nonminority and nonwomen business employees are loaned to minority and women businesses or by which minority and women business persons are taken into viable business ventures to acquire training and experience in managing business affairs.

(8) SOMWBA is authorized to encourage state contract awarding authorities to seek to increase the incidence of joint ventures between nonminority state contractors and minority and women contractors, by specifically pointing out that such arrangements would constitute one method of partially meeting affirmative action requirements imposed upon both nonminority state contractors and the state. The director of affirmative action shall be kept informed of actions taken under this provision. SOMWBA shall follow advertisements for construction work by public bodies in the commonwealth, shall notify minority and women general contractors and subcontractors of the bid opening dates for the approximate amount of the contract and subcontract work being bid, shall assist them in securing bonds and in bidding for that construction work and shall initiate a program to help qualified minority persons and women to get started as small business firms in the construction field by helping to arrange joint ventures with qualified general contractors and subcontractors and by arranging for administrative and accounting assistance to help them carry out their subcontract and general contract obligations during the period of contract performance.

(9) SOMWBA shall, through the executive director of OMWBDE and the secretary, submit an annual report to the general court on the minority and women businesses which it assists, the type of services which it renders, the difficulties it encounters. Such report shall include such recommendations for legislative or executive action as deemed necessary or desirable.

**SECTION 36.** Said chapter 23A is hereby further amended by adding the following ten sections:–

Section 46. There shall be within the executive office of economic affairs a department called the office of science and technology, hereinafter referred to as OST, which shall be under the supervision and control of an executive director. The powers and duties given to the executive director of OST shall be exercised and discharged subject to the direction, control and supervision of the secretary of economic affairs.

The OST executive director shall be appointed by the secretary of economic affairs, with the approval of the governor, and may, with like approval be removed. The position of OST executive director shall be classified in accordance with section forty-five of chapter thirty and the OST executive director shall devote his full time during business hours to the duties of the OST and shall give to the state treasurer a bond for the faithful performance of his duties.

The executive director of OST shall be the executive and administrative head of OST and shall be responsible for administering and enforcing the provisions of law relative to OST and to each administrative unit thereof. Powers and duties given to any administrative unit of OST by any general or special law shall be exercised subject to the direction, control and supervision of the executive director of OST.

Section 47. The office of science and technology shall be the principal agency of the government for increasing the competitiveness of Massachusetts' businesses by identifying and encouraging efforts to expand the commonwealth's technological resources and by promoting transfer of and access to new and emerging technologies for all sectors of the Massachusetts economy.

Section 48. The executive director of OST may, subject to appropriation and with the approval of the secretary of economic affairs, appoint and may, with like approval, remove all such employees as may be necessary to carry out the work of OST. Unless otherwise provided by law, all such appointments and removals shall be made in accordance with chapter thirty-one. From time to time the executive director may, subject to appropriation and the laws and regulations pertaining to the employment of consultants, employ such consultants as he may deem necessary.

To assist OST in the discharge of its duties the executive director may appoint, without regard to chapter thirty-one but with the approval of the secretary of economic affairs, an advisory committee on science and technology from among interested citizens in the commonwealth.

Members of this committee shall receive no compensation for their services, but may be reimbursed for their expenses. This committee shall annually, on or before the first of November, make a report to the executive director and the secretary of economic affairs, and may make such special reports as it or the executive director of OST may deem desirable.

Section 49. OST may accept gifts or grants of money or property from any source, which shall be held in trust for the use of OST by the secretary of economic affairs as custodian.

Section 50. The executive director of OST shall prepare and submit an annual report pursuant to section thirty-two of chapter thirty.

Section 51. There shall be within the executive office of economic affairs a department called the office of film and video development, hereinafter referred to as OFVD, which shall be under the supervision and control of an executive director. The powers and duties given to the OFVD executive director shall be exercised and discharged subject to the direction, control and supervision of the secretary of economic affairs.

The OFVD executive director shall be appointed by the secretary of economic affairs, with the approval of the governor, and may, with like approval, be removed. The position of executive director shall be classified in accordance with section forty-five of chapter thirty and the executive director shall devote his full time during business hours to the duties of OFVD and shall give to the state treasurer a bond for the faithful performance of his duties.

**Chapter 533. AN ACT RELATIVE TO MORTGAGE DISCHARGES.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide for the timely issuance of mortgage discharges, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Section 55 of chapter 183 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following six paragraphs:-

Notwithstanding the foregoing, if such mortgagee fails to make such discharge or to execute and acknowledge a deed of release of the mortgage within thirty days from receipt of payment of the mortgage in accordance with the payoff statement furnished to the mortgagor by the said mortgagee, an attorney-at-law licensed to practice in the

commonwealth may, on behalf of the mortgagor, his executor, administrator, successor, assignee, transferee, or his transferee's mortgagee, execute and cause to be recorded in the registry of deeds in which the mortgage is recorded, an affidavit which states that:

(1) the affiant is an attorney-at-law in good standing and licensed to practice in the commonwealth;

(2) the affidavit is made on behalf of, and at the request of, the mortgagor, his executor, administrator, successor, assignee or transferee, or his transferee's mortgagee;

(3) the mortgagee has provided a payoff statement with respect to the loan secured by the mortgage;

(4) the affiant has ascertained that the mortgagee has received payment of the loan secured by the mortgage in accordance with the payoff statement, as evidenced by a bank check, certified check or attorney's clients' funds account check which has been negotiated by the mortgagee, or by other documentary evidence of such receipt of payment by the mortgagee;

(5) more than thirty days have elapsed since such payment was received by the mortgagee;

(6) the affiant has given the mortgagee at least fifteen days notice in writing by certified mail of intention to execute and cause to be recorded an affidavit in accordance with this section, together with a copy of the proposed affidavit; and that the mortgagee has not delivered a discharge or deed of release in response to such notification and that the mortgagor has complied with any request made by the mortgagee for additional payment at least fifteen days prior to the date of the affidavit.

The affidavit shall also include the names and addresses of both the mortgagor and the mortgagee, the date of the mortgage and the title reference. Similar information shall be included with respect to any recorded assignment of the mortgage.

The affiant shall attach to the affidavit (a) photostatic copies of the documentary evidence that payment has been received by the mortgagee, including the mortgagee's endorsement of any bank check, certified check or attorney's clients funds account, and (b) a photostatic copy of the payoff statement, if made in writing, and shall certify on each that it is a true copy of the original document.

The affidavit, when recorded, shall constitute a discharge of the mortgage and a release of the lien created by the mortgage on the mortgage premises.

Any person who causes an affidavit to be recorded in accordance with this section, knowing the information and statements contained therein to be false, shall be punished by a fine of not more than five thousand dollars.

For the purposes of this section, the term "payoff statement" shall mean a statement, written or oral, of the amount of the unpaid balance on a mortgage including principal, interest and other charges properly assessed pursuant to the loan documentation of such mortgage and a

**Chapter 537. AN ACT RELATIVE TO TAX DEFERRED INVESTMENTS FOR STATE AND COUNTY EMPLOYEES.**

Be it enacted, etc., as follows:

Chapter 15 of the General Laws is hereby amended by striking out section 18A, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 18A. As used in this section, the words "includible compensation" and "custodial account" shall have the same meaning as in section 403(b) of the Internal Revenue Code of 1986, as amended; and the word "premiums" shall include contributions to a custodial account.

The state board of education on behalf of any employee of the department of education and the board of regents of higher education on behalf of any employee of its system of public institutions of higher

education, the boards of trustees of the Bristol county agricultural school, the Essex agricultural and technical institute and the Norfolk county agricultural school, on behalf of any employee at their respective schools, and the board or other body or officer of any other public educational institution maintained and operated by the commonwealth or by any county, on behalf of any employee thereof, may enter into a written agreement with any such employee to purchase an individual or group annuity contract or any other investment approved by the internal revenue service guidelines relative to section 403(b) of the Internal Revenue Code of 1986, as amended, for such employee; provided, however, that in no event shall the total of the premiums paid for the purchase of such annuity or other investment and such employee's includible compensation for any year exceed the total annual salary or compensation under the existing salary schedule for the job group applicable to such employee in such year. Such employee's rights in such annuity contract or other investment shall be nonforfeitable.

Any such annuity contract shall be purchased only from an insurer authorized to issue life insurance or annuity contracts in the commonwealth; provided, however, that such board or other body or officer may agree with any employee or prospective employee who has an annuity contract in force for at least ninety days prior to the effective date of such agreement to continue to make premium payments under such contract subsequent to the effective date of such agreement, without regard to whether or not such contract has been issued by an insurer authorized to issue such contracts in the commonwealth, but in such case any subsequent contract shall be purchased only from an insurer authorized to issue life insurance or annuity contracts in the commonwealth.

Upon execution of such an agreement, such board or other body or officer, shall forthwith give written notice thereof to the treasurer of the commonwealth or the county or to the appropriate payroll officer of such educational institution, as the case may be, and shall certify the amount and dates of premiums payable under the terms of such annuity contract or of the custodial agreement setting up the custodial account to hold such other investment; the name of the issuer of such annuity contract or the custodian of such custodial account; and the office to which such premium payments shall be made. Said treasurer or other payroll officer shall thereafter make such premium payments while said contract or custodial agreement is in force and such employee is actively employed by such board, and upon written notice duly given by such board or other body or officer, shall make any changes in the manner or amount of premium payments required under the terms of any subsequent agreement entered into by such employee and such board or other body or officer, and shall stop such premium payments when so notified by such board or other body or officer.

**Chapter 539. AN ACT PROVIDING THAT THE POSITION OF THE CHIEF OF THE POLICE DEPARTMENT OF THE TOWN OF NATICK BE EXEMPT FROM THE CIVIL SERVICE LAW.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding any contrary provisions of the law, the position of the chief of the police department of the town of Natick shall be exempt from the provisions of chapter thirty-one of the General Laws.

**SECTION 2.** The provisions of section one shall not impair the civil service status of any person holding the office of chief of the police department of the town of Natick on the effective date of this act.

**SECTION 3.** This act shall be submitted for acceptance to the voters of the town of Natick at the town election held in the year nineteen hundred and eighty-eight or the next special or regular town election held thereafter, in the form of the following question which shall be placed on the official ballot to be used for said election: "Shall an act passed by the General Court in the year nineteen hundred and eighty-seven, entitled 'An Act providing that the position of the chief of the police department of the town of Natick be exempt from the civil service law' be accepted?" If a majority of the votes in answer to said question is in the affirmative then this act shall thereupon take full effect, but not otherwise.

Approved December 1, 1987.

EMERGENCY LETTER: December 1, 1987 @ 3:42 P.M.

**Chapter 540. AN ACT RELATIVE TO THE ADMISSIBILITY IN EVIDENCE OF CERTAIN MEDICAL BILLS.**

Be it enacted, etc., as follows:

Chapter 233 of the General Laws is hereby amended by striking out section 79G, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 79G. In an action of tort or contract, or for consequential damages arising therefrom, an itemized bill for medical, dental or hospital services rendered to a person injured, subscribed and sworn to under the penalties of perjury, by the physician, dentist, optometrist, chiropractor, physical therapist, podiatrist, authorized agent of a health maintenance organization or authorized agent of the hospital rendering such services, shall be admissible as evidence of the necessary, fair and reasonable charge for such services; provided, however, that said bill shall include only the date and place of each service rendered because of said injury and the charge therefor without reference to the injury itself or the history thereof; and provided, further, that written notice of the intention to offer such a bill as such evidence, with a copy thereof, has been given to the opposing party or parties, or to his or their attorneys, by mailing the same by certified mail not less than ten days before the trial, and that an affidavit of such notice is filed with the clerk of the court forthwith. Nothing contained in this section shall be construed to limit the right of the defendant to summon, at his own expense, such physician, dentist, optometrist, chiropractor, physical therapist, podiatrist, or authorized agent of a health maintenance organization or of a hospital or the records of such health maintenance organization or hospital for the purpose of cross examination with respect to such bill or record or to rebut the contents thereof, or for any other purpose, nor to limit the right of the defendant to summon any other person to testify in respect to such bill or record or for any other purpose.

The words "physician", "dentist", "optometrist", "chiropractor", "physical therapist", and "podiatrist" shall not include any person who is not licensed to practice as such under the laws of the jurisdiction within which such services were rendered.

The word "hospital" shall mean any hospital required to keep records under section seventy of chapter one hundred and eleven, or which is in any way licensed or regulated by the laws of any other state, or by the laws and regulations of the United States of America, including hospitals of the Veterans Administration or similar type institutions, whether incorporated or not.

The words "health maintenance organization" shall have the same meaning as defined in section one of chapter one hundred and seventy-six G.

Approved December 1, 1987.

**Chapter 541. AN ACT AUTHORIZING THE DIVISION OF CAPITAL PLANNING AND OPERATIONS TO CONVEY CERTAIN LAND OF THE COMMONWEALTH IN THE TOWN OF IPSWICH TO ESSEX COUNTY.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 558 of the acts of 1982 is hereby amended by striking out section 1 and inserting in place thereof the following section:-

**Section 1.** The deputy commissioner of the division of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to sell and convey by deed, approved as to form by the attorney general, two parcels of land and slope easements located in the town of Ipswich, to Essex county, subject to the requirements of sections two, three and four and to such additional terms and conditions as said deputy commissioner may prescribe, in consultation with the department of environmental management said land being described in a plan entitled, "County of Essex, Massachusetts, Plan of Land owned by the Commonwealth of Massachusetts located in Ipswich, Massachusetts, F. Richard Gelotti, Senior Asst. County Engineer, November 21, 1986, Scale 1" = 40' " filed in the office of the County Engineer and to be filed in the southern district registry of deeds in Essex county and more particularly described as follows:-

Parcel #1. A parcel of land located on the southerly side of Linebrook Road in the town of Ipswich and bounded northerly by Linebrook Road about 176 feet, easterly by land of the town of Ipswich about 118 feet and southerly by remaining land of the Commonwealth of Massachusetts about 225 feet, said parcel containing about 11,760 square feet. Said slope easements are shown on a plan of land entitled: "Plan of Land owned by Commonwealth of Massachusetts located in Ipswich, Mass.", dated November 21, 1986, and drawn by F. Richard Gelotti, Senior Asst. which is on file in the engineer's office of Essex county.

Parcel #2. A parcel of land located southerly of Linebrook Road in the town of Ipswich and bounded northerly by land of the Commonwealth of Massachusetts about 547 feet, easterly by land of the town of Ipswich about 63 feet, southerly by land of the Commonwealth of Massachusetts about 548 feet and westerly by land of the town of Ipswich about 64 feet, said parcel containing about 33,000 square feet.

**SECTION 2.** No deed conveying by or on behalf of the commonwealth, the property described in section one, shall be valid unless such deed provides that said property shall be used for highway purposes and, that the easements for the right to grade the slopes adjacent to the highway shall be used to support and protect such highway.

**SECTION 3.** In the event that the property, described in section one, is not used for the purposes described in section two, or if the

**Chapter 542. AN ACT RELATIVE TO ACCESS TO HEALTH CARE SERVICES.**

Be it enacted, etc., as follows:

Chapter 93 of the General Laws is hereby amended by adding after section 94, inserted by chapter 424 of the acts of 1987, the following six sections:-

Section 95. For purposes of sections ninety-five to one hundred, inclusive, the following words shall have the following meanings unless the context clearly requires otherwise:-

"Listed action", any (a) claim for personal injuries made against any provider of health care services or subscriber, whether for injuries to the person making the claim or to any other person, or (b) complaint or stated intention to complain of the conduct of any provider of health care services or subscriber to any governmental agency, licensing authority or certifying authority.

"Listing service", any person, firm, corporation, partnership, unincorporated association, franchise, franchisor or other entity which compiles plaintiff personal injury listings for distribution to subscribers.

"Plaintiff", any person who has initiated a listed action.

"Plaintiff personal injury listing", a compilation or index of one or more names of persons who have initiated, or currently are initiating, or who have sought or have attempted to seek a settlement of, a listed action.

"Subscriber", any person, firm, corporation, partnership, unincorporated association, franchise, franchisor or other entity which directly provides health care services or which is engaged in the organization, administration, management, financing or insuring of the provision of health care services and which purchases, rents, borrows or otherwise obtains information contained in a plaintiff personal injury listing.

Section 96. (1) No plaintiff personal injury listing may be sold or otherwise distributed by a listing service unless it includes a clear and accurate statement of the following information as to each matter listed therein:-

- (a) the names and addresses of the parties;
- (b) the claim of the plaintiff; and
- (c) the current status or disposition of the matter so listed including, when applicable, whether the matter has gone to a hearing or trial, whether the trier of fact has found the defendant liable, the amount of the settlement or award to plaintiff, if any, and the terms of the settlement or award.

Section 97. Every listing service shall disclose in writing to all persons named in a plaintiff personal injury listing the fact of such listing and the information contained therein. Disclosure shall also include the identity of all subscribers to whom the person's listing has been furnished and the following statement:

Your name appears in a listing of persons who have taken action against a doctor, clinic, hospital or other health care provider. You have the right to review the information on the list for accuracy and completeness. If you believe any information contained in this listing is either incorrect or incomplete, you may submit a written statement to the listing service explaining in what way the information is incomplete or inaccurate and correcting the information. You cannot be refused the services of any provider of health care services on the basis of your name appearing on this list.

If the person believes the information disclosed to him by the listing service to be either inaccurate or incomplete, such person may submit a written statement to the listing service which explains in what way the information is incomplete or inaccurate and corrects the information. The listing service shall, within twenty days of receiving the statement, correct or complete the listing service's information and shall promptly notify all subscribers of the correct or complete information; provided, however, that if the listing service believes the statement to be incorrect, it shall investigate and state in writing to the person who submitted the statement its reasons for declining to correct or complete the listing in whole or in part. The listing service shall report in all future listings that the person has submitted such a statement, and shall include as part of the listing a copy of such statement and any response of the listing service.

Section 98. It is hereby declared to be an unfair and deceptive act or practice in violation of chapter ninety-three A for a subscriber, listing service, or nonsubscriber provider of health care services, or any of their agents, employees or other representatives to:–

(a) Retaliate against a person whose name is contained in a plaintiff personal injury listing by refusing to provide, or refusing to continue to provide, or otherwise interfering with the provision of health care services to the named person or to any member of the named person's family, or by any other manner of discrimination against such person in the provision of health services.

(b) Conspire with any subscriber or provider of health care services to retaliate against a person whose name is contained in a plaintiff personal injury listing by refusing to provide, or refusing to continue to provide, or otherwise interfering with the provision of health care services to the

named person or to any member of the named person's family or by any other manner of discrimination against such person in the provision of health services.

(c) Retaliate against a person whose name is contained in a plaintiff personal injury listing by refusing to enroll, insure, or allow to participate in any plan for the provision of health care services the named person or any member of the named person's family or by any other manner of discrimination against such person in the provision of health services.

(d) Violate or fail to comply with any other provision of section ninety-six or ninety-seven.

This section shall not be construed to prevent other acts or practices of a listing service or subscriber from being declared to be in violation of said chapter ninety-three A or of any other law.

In any action brought there shall be a presumption of retaliation upon a showing by the plaintiff that (a) his name was contained in a plaintiff personal injury listing, (b) said plaintiff sought services from a subscriber, and (c) said plaintiff was refused such services. This presumption may be rebutted by a showing by the defendant by a preponderance of the evidence that the plaintiff was refused such services for a valid business reason and not in whole or in part due to the appearance of the plaintiff's name in a plaintiff personal injury listing.

Section 99. Any person who is aggrieved as a result of a violation of sections ninety-six to ninety-eight, inclusive, or the attorney general, may bring an action for recovery of actual damages or one thousand dollars, whichever is greater, and other relief, including injunctive relief, civil penalties and attorney's fees as provided by chapter ninety-three A. Nothing in this section shall be construed to allow treble damages pursuant to chapter ninety-three A. Nothing in sections ninety-six to ninety-eight, inclusive, shall be construed so as to nullify or impair any other right or rights which a person may have against a subscriber or listing service at common law, by statute, or otherwise. The provisions of said sections ninety-six to ninety-eight, inclusive, are not exclusive and do not relieve the subscriber or listing services from compliance with all other applicable provisions of law.

Section 100. Any subscriber or listing service who violates any provision of sections ninety-six to ninety-eight, inclusive, or who shall counsel, aid or abet such violation, shall be liable for a civil penalty of not less than one thousand dollars nor more than five thousand dollars for each such violation, and other penalties as authorized pursuant to section four of chapter ninety-three A. The attorney general may file a civil action in the superior or district court in the name of the commonwealth to recover such penalties.

**Chapter 548. AN ACT RELATIVE TO THE PROTECTION OF TENANTS AND PURCHASERS OF CONDOMINIUMS OR COOPERATIVE UNITS IN THE TOWN OF ACTON.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 128 of the acts of 1981 is hereby amended by striking out sections 1 to 6, inclusive, and inserting in place thereof the following seven sections:–

**Section 1.** As used in this act, the following words and phrases shall, unless the context clearly requires otherwise, have the following meanings:–

"Board", the board of selectmen of the town of Acton.

"Condominium unit", a unit in a housing condominium as that term is defined in chapter one hundred and eighty-three A of the General Laws.

"Cooperative unit", a unit in a housing cooperative as set forth in chapter one hundred and fifty-seven of the General Laws.

"Condominium or cooperative conversion eviction", an eviction of a tenant for the purpose of removing such tenant from a housing accommodation in order to facilitate the initial sale and transfer of legal title to that housing accommodation as a condominium or cooperative unit to a prospective purchaser or an eviction of a tenant by any other person who has purchased a housing accommodation as a condominium or cooperative unit when the tenant whose eviction is sought was a resident of the housing accommodation at the time the notice of intent to convert is given to convert the building or buildings to the condominium or cooperative form of ownership pursuant to section four; provided, however, that the eviction of a tenant for nonpayment of rent or other violation of a rental agreement shall in no event be deemed a condominium or cooperative conversion eviction.

"Elderly tenant", a tenant who is a person or group of persons residing in the same housing accommodation any of whom has reached the age of sixty-two years or over as of the date of receipt of the notice provided for hereunder.

"Handicapped tenant", a person entitled to occupy a housing accommodation who is physically handicapped as defined in section thirteen A of chapter twenty-two of the General Laws as of the date of receipt of the notice provided for hereunder.

"Housing accommodation", any building, structure, or part thereof of land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all services connected with the use or occupancy of such property, but not including (a) housing accommodation in a building containing four or fewer units; or (b) housing accommodation in a building containing five or fewer units, provided one unit is actually occupied by the owner thereof as his permanent residence.

"Lease", any rental housing agreement, written or implied between an owner or landlord and a tenant for use or occupancy of a housing accommodation.

"Low or moderate income tenant", a tenant who is a person or group of persons residing in the same housing accommodation so long as the total income for all such tenants for the twelve months immediately preceding the date of notice provided for hereunder is less than eighty per cent of the median income for the area set forth in regulations promulgated from time to time by the United States Department of Housing and Urban Development pursuant to 42 USC 1437 et seq., and calculated pursuant to said regulations.

"Owner", any person who holds title to housing accommodations as herein defined, including, without limitation, any individual, corporation, trust or partnership.

"Remove from rental housing use", the sale of any housing accommodation as herein defined, existing on the effective date of this act, as a condominium or the sale of shares in cooperative authorizing the owner thereof to occupy a housing accommodation existing on the effective date of this act.

"Tenant", a person or group of persons collectively entitled to occupy a housing accommodation pursuant to a rental agreement written or implied.

Section 2. No owner, or person acting on behalf of or with the consent of an owner, shall remove from rental housing use any housing accommodation unless the board, after a hearing, grants such owner or person a permit.

Section 3. The board may promulgate regulations prescribing the form of applications for permits hereunder, and the procedure for notice and hearing on such applications, and may establish a fee for such permits, not to exceed fifty dollars per unit within the housing accommodations being converted. The board may impose appropriate conditions to effectuate the purpose of this act on the grant of any permit.

Section 4. (a) If an owner intends to remove from rental housing use any housing accommodation that is subject to the provisions of this act, the owner thereof shall give each tenant of all housing accommodations in such building or buildings, notice of intent to convert the building or buildings to the condominiums or cooperative form of ownership. Such notice shall state in clear and conspicuous language the following:

(i) that the owner intends to file a master deed at the Middlesex county registry of deeds or intends to file articles of organization with the secretary of the commonwealth.

(ii) that any tenant residing on the date the notice of intent is given in the building or buildings to be converted to the condominium or cooperative forms of ownerships shall have a period of time which shall be stated in the notice, from the date of receipt of such notice, as authorized by this act, before the tenant shall be required to vacate the housing accommodation occupied on the date the notice is received;

(iii) that any tenant residing on the date that notice of intent was given in the building or buildings to be converted shall have a period of time, which shall be stated in the notice, from the date of receipt of such notice, as authorized by this act, to purchase the unit occupied by the tenant on the date the notice is received on terms and conditions

which are substantially the same as or more favorable than those which the owner extends to the public generally for the ninety days following the expiration of said tenant's right to purchase as may be required by paragraph (b). All notices required under this section shall be deemed to have been given when a written notice is delivered in person or mailed by certified or registered mail, return receipt requested, to the party to whom the notice is being given.

Whenever an owner is required to give notice of intent provided for in this section, the period of notice shall not be less than the expiration of any written lease or agreement between the owner and the tenant of the housing accommodation which governs the use and occupancy of said housing accommodation or one year from the date the tenant of such housing accommodation is given said notice of intent, whichever is greater; provided, however, that in the case of housing accommodation occupied in whole or in part by a handicapped tenant or occupied by an elderly or low or moderate income tenant the period of notice shall not be less than two years from the date the tenant of such housing accommodation receives said notice of intent.

No person shall bring any action seeking a condominium or cooperative eviction until the expiration of the periods of time for notice to tenants specified in this act.

The burden of proving qualifications with respect to age, handicapped, and income shall rest with the tenant.

(b) Any owner of a housing accommodation who intends to convert such property to the condominium or cooperative form of ownership shall give to any tenant who is entitled to receive notice pursuant to this section the right to purchase the housing accommodation occupied by such tenant at the time such notice is delivered on terms and conditions which are substantially the same as or more favorable than those which the owner extends to the public generally for the ninety days following the expiration of said tenant's right to purchase. Such tenant may exercise the right to purchase such housing accommodations by executing a purchase and sales agreement prior to the expiration of ninety days after the date of receiving a copy of the purchase and sales agreement properly executed by the person offering the housing accommodation for sale.

(c) The owner of any housing accommodation that is converted to the condominium or cooperative form of ownership shall pay to any tenant who is entitled to receive a notice pursuant to this section and who does not purchase the housing accommodation which he occupies or another housing accommodation in the same building or buildings, relocation benefits for the actual, documented costs of moving, not to exceed seven hundred and fifty dollars per housing accommodation; provided, however, that if such housing accommodation is occupied in whole or in part by a handicapped tenant or is occupied by an elderly or low or moderate income tenant, the maximum relocation benefits shall not exceed one thousand dollars per housing accommodation. Such relocation benefits shall be payable within ten days after the date on which the tenant vacates the housing accommodation occupied by him; provided, however,

that no tenant shall be eligible for such relocation benefits unless all rent due and payable for said unit under the rental agreement or extension of such agreement, if any, has been paid by the tenant prior to the date on which the housing accommodation is vacated and only as long as the tenant voluntarily vacates the housing accommodation for which recovery of possession is sought, on or before the expiration of the notice period.

(d) Any owner of housing accommodations converted to the condominium or cooperative form of ownership shall assist elderly, handicapped and low or moderate income tenants, who qualify as such as of the date of receipt of the notice authorized pursuant to this section, in locating within the period of the notice of such tenants, comparable rental housing within the town of Acton which rents for a sum which is equal to or less than the sum which such tenant had been paying for the housing accommodation occupied at the time of receipt of the notice authorized by this section. The failure of the owner of such housing accommodation to find such substitute housing accommodation shall extend the period of notice for up to an additional two years.

(e) Any owner of residential property converted to the condominium or cooperative form of ownership shall give to any tenant who is entitled to receive a notice pursuant to this section an extension of the lease or rental agreement at the expiration thereof. Such extension, where required, shall be for such period or periods of one year or such fraction thereof as shall equal the period of notice to which such tenant is entitled pursuant to the provisions of this section. The provisions of such lease or rental agreement may not otherwise be modified by the property owner except with respect to the amount of annual rent, any increase in which shall not exceed an amount equal to the sum which would result by multiplying said rent by the percentage increase in the consumer price index for all urban consumers as published by the United States Department of Labor, Bureau of Labor Statistics, during the calendar year immediately preceding the date upon which such lease or rental agreement is commenced, or ten per cent, whichever is less; provided, however, that nothing herein shall limit the right of a property owner to any amounts which may be due under a valid tax escalation clause.

Section 5. The board shall grant a permit if it finds that:

(a) the owner has provided each tenant of all housing accommodations in such building or buildings intended to be converted to the condominiums or cooperative form of ownership, such notice, right to purchase, relocation benefits, assistance in locating comparable rental housing and appropriate provisions for extension of rental agreements as set forth in section four; and

(b) the owner has provided to the board a certification, stamped and signed by an independent registered engineer or architect licensed to practice in the commonwealth, that the housing accommodations which are intended to be converted to the condominium or cooperative form of ownership meet all applicable building and health codes of the town of Acton and of the commonwealth.

Section 6. Any owner who converts residential property in violation of

any provision of this act, shall be punished by a fine of not less than one thousand dollars or by imprisonment of not less than sixty days for each offense. Each unit converted in violation of this act and each month during which such unit is offered for sale or occupied without a permit hereunder shall constitute a separate offense.

Section 6A. The board or any person aggrieved by a failure to comply with this act may enforce its provisions through the district or superior courts. Said courts shall have jurisdiction over an action arising from any violation of this act, and shall have jurisdiction in equity to restrain any such violation.

**SECTION 2.** This act shall take effect upon its passage.

Approved December 8, 1987.

**Chapter 549. AN ACT PROVIDING FOR THE MANAGEMENT OF LOW-LEVEL RADIOACTIVE WASTE.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 4G of chapter 7 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

The following agencies are hereby declared to be within the executive office for administration and finance: the civil service commission; the municipal personnel advisory board; the Massachusetts commission against discrimination; the office of handicapped affairs; the finance advisory board; the retirement law commission; council on arts and humanities; the teachers' retirement board established by section sixteen of chapter fifteen; the board of economic advisors; the group insurance commission; and the low-level radioactive waste management board.

**SECTION 1A.** Chapter 10 of the General Laws is hereby amended by inserting after section 35G the following section:-

Section 35H. There is hereby established separate and apart from all public monies or funds of the commonwealth, a trust fund in the state treasury, known as the Low-Level Radioactive Waste Trust Fund, the proceeds of which shall be used to meet the obligations set forth in sections nine and forty-seven of chapter one hundred and eleven H. The fund shall consist of surcharges imposed as conditions of acceptance of low-level radioactive waste at a facility pursuant to section thirty-eight of said chapter one hundred and eleven H. The state treasurer, ex officio, shall be the treasurer of the fund. The books and records of the fund shall be subject to an annual audit by the state auditor.

**SECTION 2.** Section 13 of chapter 58, as appearing in the 1986

Official Edition, is hereby amended by inserting after the word "sixteen", in line 39, the words:- ; and of any land acquired by the low-level radioactive waste management board pursuant to paragraph (g) of section twenty-three of chapter one hundred and eleven H.

**SECTION 3.** Section five B of chapter one hundred and eleven of the General Laws is hereby repealed.

**SECTION 4.** Said chapter 111 of the General Laws is hereby further amended by inserting after section 5L the following four sections:-

Section 5M. As used in sections five M to five P, inclusive, or the rules and regulations adopted under said sections, the following words shall, unless the context clearly indicates otherwise, have the following meanings:-

"By-product material", any radioactive material, except special nuclear material, yielded in or made radioactive by exposure to the radiation incident to the process of producing or utilizing special nuclear material.

"General license", a license effective under rules and regulations adopted by the department without the filing of an application with the department or the issuance of licensing documents to particular persons to transfer, acquire, own, possess or use quantities of, or devices or equipment utilizing radioactive material.

"Person", any individual, corporation, partnership, firm, association, trust, estate, public or private institution, group, agency of the commonwealth other than the department, any political subdivision of the commonwealth, any other state or political subdivision or agency thereof, and any legal successor, representative, agent or agency of the foregoing, but not including federal government agencies.

"Source material", uranium or thorium, or any combination thereof, in any physical or chemical form; or ores which contain by weight one-twentieth of one per cent or more of uranium, thorium, or any combination thereof. Source material does not include special nuclear material.

"Special nuclear material", plutonium, uranium 233, and uranium enriched in the isotope 233 or in the isotope 235, but not including source material; or any material artificially enriched by any of the foregoing, but not including source material.

"Specific license", a license, issued to a named person upon application filed under the rules and regulations adopted by the department, to use, manufacture, produce, transfer, receive, acquire, or possess quantities of, or devices or equipment utilizing, radioactive material.

Section 5N. Except as otherwise provided in this section, the department is hereby designated as the state radiation control agency. The department shall develop and, from time to time, after a public hearing, prescribe and establish rules and regulations, compatible or consistent, whichever appropriate, with federal rules and programs, necessary to implement a program for the evaluation and control of the

radioactive hazards of radioactive materials and of machines which emit ionizing and nonionizing radiation and for the issuance, amendment, suspension and revocation of general and specific licenses for by-product, source and special nuclear material or devices or equipment utilizing such material, for the purpose of protecting the general public and individuals against hazards associated with the possession, use, transportation, storage, packaging, sale, distribution, production, and disposal thereof. The department may also require registration of other sources of ionizing and nonionizing radiation and may exempt certain sources of radiation or kinds of uses of users from the licensing or registration requirements established under this section where it determines that the exemption of such sources of radiation or kinds of use or users will not constitute a significant risk to public health or safety. The programs of the department established pursuant to this section shall be compatible with federal programs for regulation of by-product, source and special nuclear materials and consistent with federal programs for regulation of radiation generating equipment. The rules and regulations of the department shall not limit the kind and amount of radiation that may be intentionally administered by a person licensed to so administer radiation under the laws of the commonwealth. Such rules and regulations shall be filed with the state secretary at least thirty days prior to their effective date and shall become effective thirty days thereafter unless a later effective date is specific by the department.

Nothing in this section shall prevent the department of labor and industries from establishing rules and regulations for the protection of the health and safety of employees against ionizing radiation in any place of employment as defined in section one of chapter one hundred and forty-nine. Said department of labor and industries shall consult with the department of public health at least thirty days prior to the adoption or modification of any rules or regulations insofar as they pertain to the health aspects of ionizing and nonionizing radiations.

The department of public health shall establish rules and regulations of the commonwealth insofar as they pertain to the health aspects of ionizing and nonionizing radiation. Such rules and regulations shall apply exclusively throughout the commonwealth.

The duly authorized inspectors of the department shall have the power to enter at all reasonable times upon any private or public property subject to its jurisdiction for the purpose of determining whether there is compliance with or violation of sections five N to five P, inclusive, or any rule, regulation, license, registration or order adopted or issued thereunder.

Section 5 O. The department may issue notices of violation and orders as are necessary to enforce the provisions of sections five N to five P, inclusive, or any rule, regulation, license or registration adopted or issued under such sections. Such orders may include, but not be limited to, orders modifying, suspending or revoking licenses or registrations and orders requiring persons to cease any activity that is in violation of the provisions of said sections five N to five P, inclusive, or any rule,

regulation, license or registration adopted or issued by the department under said sections. Such orders may include, but not be limited to, orders modifying, suspending, revoking licenses or registrations and orders requiring persons to cease any activity that is in violation of the provisions of said sections five N to five P, inclusive, or any rule, regulation, license or registration adopted or issued under said sections. Orders shall be issued after notice and an opportunity for a hearing except where public health, safety or the environment would be threatened by delay in the issuance of an order; in such circumstance, an opportunity for hearing shall be provided promptly after the issuance of such order.

If the department finds, after a notice has been issued and an opportunity for a hearing has been provided, that a person is not in compliance with an order issued pursuant to this section, or with any provision of section five N or section five P or any such sections rule, regulation, license or registration adopted or issued under, the department may assess civil penalties in an amount not exceeding one hundred thousand dollars per violation. Such civil penalty may be assessed whether or not the violation was willful.

In determining the amount of the civil penalty, the department shall consider the willfulness of the violation, the actual and potential danger or injury to the public health or the environment; the actual and potential cost of such damage or injury; the actual or potential danger or injury to the public health or the environment; the actual and potential cost of such damage or injury; the actual or potential cost to the commonwealth of enforcing the provisions of this chapter; whether the person being assessed the civil penalty did everything reasonable to prevent the failure to comply from occurring, to come into compliance promptly, and to remedy and mitigate whatever harm might have been done as a result of the failure to comply; whether the person being assessed the civil penalty has previously failed to comply with any other order issued pursuant to said sections five N to five P, inclusive, or any rule or regulation adopted by the department thereunder; making compliance less costly than noncompliance; deterring future noncompliance; the financial condition of the person being assessed the civil penalty; and the public interest.

The supreme judicial court or superior court, upon application of the department, or upon application of any party interested, with the approval of the department, may enforce the provisions of said sections five N to five P, inclusive, and any rule or regulation, license, registration or order adopted or issued thereunder by the department, when said court determines that any person has engaged in, or is about to engage in any act or practice which constitutes or will constitute a violation of such provision, rule, regulation, license, registration or order, and may restrain such act or practice or the use or occupation of premises or such parts thereof as the department may specify until such provision, rule, regulation, license, registration or order have been complied with.

Section 5P. It shall be unlawful for any person to use, manufacture,

produce, transfer, receive, acquire, own, or possess any source of radiation unless licensed, registered or exempted from licensing or registration requirements by the department pursuant to section five N. Any person who violates said section five N or five O, or any rule, regulation, license, registration or order adopted or issued under said section five N or five O shall be fined not less than one hundred nor more than two thousand dollars, or be imprisoned for a period of not more than two years, or both. Any person who continues to violate the provisions of this section after due notice by the department shall be fined not less than one thousand nor more than twenty thousand dollars or be imprisoned for a period of not more than twenty years, or both. After due notice has been issued by the department, each day of such violation shall constitute a separate offense.

**SECTION 5.** The General Laws are hereby further amended by inserting after chapter 111G the following chapter:–

CHAPTER 111H.

MASSACHUSETTS LOW-LEVEL RADIOACTIVE  
WASTE MANAGEMENT ACT.

Section 1. As used in this chapter, the following words shall, unless the context clearly indicates otherwise, have the following meanings:–

"Affected community", a community, other than a site community, which is identified in an environmental impact report prepared pursuant to section thirty, and can be expected to experience significant impacts as a result of the location, development, operation, closure, post-closure observation and maintenance or institutional control of a facility.

"Board", the low-level radioactive waste management board established in section two which shall be responsible for planning and effecting the management of low-level radioactive waste in the commonwealth in accordance with the provisions of this chapter.

"Broker", a person engaged in the business of arranging for the collection, transportation, treatment, storage or disposal of low-level radioactive waste.

"Candidate site", a site, identified in accordance with the procedures established in section twenty, which will be the subject of detailed site characterization as part of the process to select any superior site.

"Candidate site community", a community in which is located all or any part of a candidate site.

"Chief executive officer", the city manager in any city having a city manager, the mayor in any other city, the town manager in any town having a town manager, the chairman of the board of selectmen in any other town.

"Citizens advisory committee", the committee established pursuant to section thirty and the regulations adopted by the executive office of environmental affairs to facilitate public participation in the evaluation and review of the environmental impacts of a facility prior to licensing.

"Closure", the permanent termination of low-level radioactive waste acceptance at a facility, including closure prior to the scheduled closing date, and the implementation of a closure plan.

"Closure plan", the plan, required as a condition of a facility license, prepared pursuant to regulations adopted under section sixteen, to assure safe facility closure after operation.

"Community", a city or town of the commonwealth.

"Community compensation", any money, thing of value or economic benefit conferred by an operator or the board on any site or neighboring community under the terms and conditions specified in a comprehensive operating contract executed pursuant to section thirty-three.

"Community supervisory committee", a committee, established pursuant to section twenty-one, to facilitate the participation of a community, in which a candidate site is located, in the activities established by this chapter.

"Comprehensive operating contract", a contract entered into by an operator and the board pursuant to section thirty-three which specifies the community compensation to be provided by the operator or the board.

"Contingent liability account", an account within the Low-Level Radioactive Waste Trust Fund established in section forty-one for the purpose of compensating for injuries to persons, land or property, pursuant to section nine, if no other funds, insurance, tort compensation or other means of satisfying a damage judgment or settlement are available.

"Detailed site characterization", the on-site investigatory and analytical step of site selection established in section twenty-three and conducted prior to the selection of any superior site.

"Development", all activities undertaken with respect to a low-level radioactive waste facility during the period commencing with the selection of any superior site pursuant to section twenty-three and continuing until the commencement of facility operation pursuant to section thirty-nine.

"Development contract", a contract entered into by an operator and the board pursuant to section twenty-eight under which such operator shall be obligated to fulfill all of the requirements of the facility approval process established pursuant to sections twenty-nine through thirty-four inclusive.

"Disposal", the isolation of low-level radioactive waste from the biosphere inhabited by human beings and their food chains.

"Environmental monitoring program", a monitor program established by the department of public health, after consultation with the department of environmental quality engineering and the board of health of each site community, pursuant to section thirty-six for the purpose of collecting and analyzing environmental data prior to construction and throughout the construction, operation, closure, post-closure observation and maintenance and institutional control of a facility.

"Facility", a parcel of land, together with the structures, equipment and improvements thereon or appurtenant thereto, which, pursuant to this chapter, is being developed, is used, or has been used for the

treatment, storage or disposal of low-level radioactive waste; but does not include any property used for temporary storage of low-level radioactive waste in sealed containers by a broker.

"Facility license", a license to operate a facility issued by the department of public health pursuant to section thirty-one.

"Generator", a person, including a broker, who produces low-level radioactive waste.

"Half-life", the time in which half the atoms of a particular radioactive substance disintegrate to another nuclear form.

"Institutional control", the continued observation, monitoring, and care of a facility following transfer of the facility license from the operator to the board.

"Institutional control account", an account within the Low-Level Radioactive Waste Trust Fund established in section forty-one for the purpose of paying institutional control costs pursuant to sections nine and forty-seven.

"Low-level radioactive waste", radioactive material that (1) is neither high-level waste, nor spent nuclear fuel, not by-product material as defined in section 11(e)(2) of the Atomic Energy Act of 1954, as amended, 42 USC Section 2014(e); and (2) is classified by the Federal Government as low-level radioactive waste, but not including waste which remains a federal responsibility, as designated in section 3(b) of the Low-Level Radioactive Waste Policy Act, as in effect as of the effective date of this chapter, as amended, 42 USC Section 2021c(b).

"Low-level Radioactive Waste Trust Fund", a trust fund established pursuant to section thirty-five H of chapter ten which shall consist of surcharges collected from users of the low-level radioactive waste facility in an amount determined by the board on an annual basis, which shall be used to meet the obligations set forth in sections nine and forty-seven.

"Management", the storage, packaging, treatment, transportation, or disposal, where applicable, of low-level radioactive waste.

"Management plan", the low-level radioactive waste management plan adopted by the board pursuant to section twelve to provide for the safe and efficient management of low-level radioactive waste.

"Neighboring community", a community, other than a site community, which, according to the most recent decennial census conducted pursuant to section seven of chapter nine, has at least twenty per cent of its population residing within three miles of any superior site.

"Operator", a person designated in accordance with the procedures established in section twenty-two and twenty-seven to develop and operate a low-level radioactive waste facility.

"Operation", the control, supervision or implementation of the actual physical activities involved in the acceptance, storage, treatment, disposal or monitoring of low-level radioactive waste at a facility and the maintenance of the facility and any other responsibilities of operation pertaining to the facility.

"Person", any agency or political subdivision of the federal

government or the commonwealth, or of any state, any public or private corporation or authority, individual, firm, joint stock company, partnership, association, trust, estate, institution or other entity, and any officer, employee or agent of such person, and any group of such persons.

"Possible location", a location, identified in accordance with the procedures established in section twenty, which will be the subject of preliminary characterization.

"Post-closure observation and maintenance", the active monitoring and maintenance of a facility which has been closed in preparation for transfer of the facility's license from the operator to the board.

"Preliminary characterization", the investigatory and analytical step established in section twenty, and conducted prior to the identification of candidate sites.

"Professional training", the level of academic or on-the-job training generally recognized as adequate to qualify a person to be employed in a discipline.

"Public meeting", a public hearing, satisfying the requirements of section two of chapter thirty A, in which an agency presents information, responds to inquiries and hears testimony of interested persons.

"Shallow land burial", a land disposal method that relies on the site's natural characteristics as the primary barrier for isolation of the waste.

"Site community", the community in which is located all or any part of any superior site.

"Source minimization", minimizing the volume of radioactivity of low-level radioactive waste prior to its generation by such methods as: (1) avoiding unnecessary contamination of items during the use of radioactive materials; (2) carefully segregating radioactive waste from non-radioactive trash; or (3) substituting non-radioactive isotopes or radioisotopes with shorter half-lives where practicable.

"Storage", the holding of low-level radioactive waste for treatment or disposal.

"Storage for decay", a procedure in which low-level radioactive waste with a relatively short half-life is held for natural radioactive decay in compliance with applicable federal and state regulations.

"Superior site", any site selected by the board, after detailed site characterization, pursuant to section twenty-three.

"Temporary closure", the nonpermanent termination of low-level waste acceptance at a facility prior to its scheduled closing date.

"Treatment", any method, technique, or process, including source minimization, volume minimization and storage for decay, designed to change the physical, radioactive, chemical or biological characteristics or composition of low-level radioactive waste in order to render such waste safer for management, amenable for recovery, convertible to another usable material or reduced in volume.

"Volume minimization", treatment of low-level radioactive waste after its generation in order to minimize the physical dimensions of the waste and the space required for disposal.

"Waste management area", that portion of a facility where low-level radioactive waste has been, is being or will be treated, stored or disposed of.

Section 2. (a) There is hereby established within the executive office for administration and finance, the low-level radioactive waste management board. The board shall be responsible for planning and effecting the management of low-level radioactive waste in the commonwealth in accordance with the provisions of this chapter.

(b) The board shall consist of nine members appointed by the governor, one of whom shall be the secretary of the executive office of environmental affairs and one of whom shall be the secretary of the executive office of human services or their designees; provided, however, that no such designee may be an employee of the department of public health or the department of environmental quality engineering. The remaining members of the board will be appointed by the governor from lists of candidates whose experience, background and professional training indicates that they can act in the public interest as follows: one of whom shall have professional training and experience in public administration shall be appointed from lists of nominees submitted by organizations with statewide membership that have demonstrated an interest in public or municipal management; one of whom shall have professional training and experience in engineering shall be appointed from lists of nominees submitted by organizations with statewide membership that have demonstrated an interest in engineering; one of whom shall have professional training and experience in a radiological health field shall be appointed from lists of nominees submitted by organizations with statewide membership that have demonstrated an interest in radiological health; one of whom shall have professional training and experience in business management shall be appointed from lists of nominees submitted by organizations with statewide membership that have demonstrated an interest in business management; and three of whom shall have professional training and experience in environmental protection shall be appointed from lists of nominees submitted by environmental organizations with statewide membership that have demonstrated an interest in low-level radioactive waste management. The governor shall make the initial appointment of such membership by November thirtieth, nineteen hundred and eighty-seven and shall make subsequent appointments no more than sixty days after a vacancy occurs, but shall not appoint any particular member unless at least three nominations have been submitted by appropriate organizations; provided, however, that additional members shall be appointed to the board upon the selection of a superior site as follows: the chief executive officer of each site community in which is located a facility that is in development, operation, closure, post-closure observation and maintenance or institutional control pursuant to this chapter, shall appoint a community resident to serve as a member of the board; and provided, further, that if there is only one site community in the commonwealth, the chief executive officer of the neighboring community having the greatest population residing within three miles of

the superior site, shall also appoint a community resident to serve as a member of the board, but, if no community is eligible for such appointment, the chief executive officer of the site community shall appoint a second community resident to serve as a member of the board.

Section 3. (a) Except as hereinafter provided, each member of the board shall serve for a term of seven years. Board members initially appointed shall serve as follows: the public administration member shall serve for a term of three years; provided, however, that the appointment of a public administration member to succeed the initial public administration member shall serve for a term of five years; of the three environmental protection members, one shall serve for a term of three years, one shall serve for a term of four years, and one shall serve for a term of five years; provided, however, that the appointment of an environmental protection member to succeed the environmental protection member appointed for a term of three years, shall serve for a term of six years; the engineering member shall serve for a term of six years; the business management member shall serve for a term of seven years; and provided further, that the term of each initial member appointed to the board shall expire on the first day of July in the year following the respective terms of appointment.

(b) Members appointed by the chief executive officer of a site or neighboring community shall serve at the pleasure of such chief executive officer, provided, however, that the terms of office of such members shall expire upon the decision of the board to terminate development of a facility at a superior site or upon termination of institutional control of the facility at the superior site pursuant to section forty-seven.

(c) Except as otherwise provided in this chapter, board actions shall require a majority vote of its members. A roll call vote shall be required upon request of any member. The governor shall appoint the initial board chairperson from among the members of the board who shall serve as chairperson until the first day of July next following such appointment. Thereafter, the board shall annually elect a chairperson from among its members. Board members not otherwise employed by the commonwealth shall each receive fifty dollars for each day or part thereof for their services, and all members shall be reimbursed by the commonwealth for all reasonable expenses actually and necessarily incurred in the performance of their official duties.

(d) The board shall meet at least monthly and shall also meet upon the call of the chairperson or a majority of its members. All meetings of the board shall be conducted in accordance with the provisions of section eleven A and one-half of chapter thirty A.

Section 4. (a) The board shall have the following powers and duties:

(1) to take any action authorized by this chapter either directly or through, or by means of, its own officers, agents or employees, or by contract with any person, including, but not limited to, the adoption of a management plan pursuant to section twelve; the adoption of regulations governing the selection of operators pursuant to section fifteen; the certification of any operator applicants, pursuant to section twenty-two,

who satisfy the board's regulatory criteria; the selection of any superior site pursuant to section twenty-three; the execution of a comprehensive operating contract pursuant to section thirty-three; the approval of a schedule of fees and waste acceptance criteria submitted by any operator, pursuant to section thirty-eight; the administration of the Low-level Radioactive Waste Trust Fund established in section forty-one; and the acceptance of the transfer of any facility license from the operator at the commencement of institutional control of the facility pursuant to section forty-six;

(2) to adopt such regulations as are necessary to accomplish the purposes of this chapter, including regulations governing its procedures;

(3) to call to its assistance and avail itself of the services of such employees of any federal, state, county or municipal department, board, commission, or agency as may be required and made available;

(4) to adopt regulations governing its use of consultant services, and the use of consultant services by community supervisory committees established pursuant to this chapter, which shall establish the rate of compensation for such services; provide for the prior approval by the board, of any such services for which no rate has previously been established by regulation; and require, at a minimum, that any such consultant shall satisfy the standards of conduct provided in section twenty-three of chapter two hundred and sixty-eight A; provided, however, that, except as provided in this section, such regulations shall be consistent with the regulations of the commissioner of administration adopted pursuant to section twenty-nine A of chapter twenty-nine unless the board determines that an inconsistent regulation is necessary to accomplish the purposes of this chapter;

(5) to adopt regulations governing the provision of technical assistance and planning funds to enable community supervisory committees to be established and to participate in the activities established by this chapter;

(6) to conduct continuing public participation and informational programs in accordance with section six;

(7) subject to the provisions of this section, to accept, receive, utilize, and dispose, for any of its purposes and functions, any and all donations, loans, grants or reimbursements of money, equipment, supplies, materials, and services, conditional or otherwise, including any payments made pursuant to section 5(d) of the Low-Level Radioactive Waste Policy Act, as amended 42 USC section 2021e(d), from any state or the United States or agency or political subdivision thereof, or interstate agency, or from any person;

(8) to acquire, by purchase or eminent domain, through the division of capital planning and operations, such interests in land as are necessary to conduct site selection activities pursuant to sections twenty and twenty-three or develop a facility at any superior site selected pursuant to said section twenty-three;

(9) to issue annually, no later than November thirtieth, a report of its activities, which shall be transmitted to the clerk of the senate, the clerk of the house of representatives, the governor, and the chief

executive officer of each site, neighboring and affected community, and shall include:

(A) a list of the time, location and subjects of all meetings and adjudicatory proceedings conducted during the year and the minutes thereof;

(B) a list and description of regulations adopted during the year;

(C) a description of all activities undertaken pursuant to sections eighteen to twenty-three, inclusive, during the year;

(D) the most recent management plan adopted by the board; and

(E) a list of any reports prepared during the year; and

(10) to prepare and submit to the commissioner of administration an estimate, required to be filed under section three of chapter twenty-nine, of the amount required for the maintenance of the board, including any costs of providing funds to community supervisory committees pursuant to section twenty-one.

(b) The board shall establish regulations for the acceptance of donations, loans, grants of money, equipment, supplies, materials, and services. The nature, amount and conditions, if any, attendant upon any donation, loan, or grant accepted pursuant to this section, together with the identity of the donor, grantor, or lender, shall be made public. No donor, lender, or grantor shall derive any advantage in any proceeding before the board by reason of such donation, loan or grant.

Section 5. The board, after an open and competitive selection process, shall appoint a full-time executive director based on demonstrated competence. The executive director shall serve at the pleasure of the board and may appoint, discharge, contract for, compensate, or otherwise provide for such additional staff and consultants, as he determines necessary to carry out the board's duties and functions; provided, however, that the appointment of principal staff must be approved by a majority vote of the board. The executive director shall be the chief administrative officer of the board. Except where a vote of the board is required by this chapter, the board may delegate to the executive director full authority to carry out its duties and functions, subject to such conditions and instructions as the board may deem appropriate.

Section 6. The executive director, after an open and competitive selection process, shall appoint a full-time public participation coordinator based on demonstrated competence subject to approval by a vote of the board. The public participation coordinator's duties shall include:

(a) to encourage and facilitate the participation of interested persons in all of the processes established in or pursuant to this chapter;

(b) to make recommendations to the board, the department of public health and the department of environmental quality engineering concerning the implementation of programs to assure appropriate public participation in the processes established in or pursuant to this chapter;

(c) to publicize throughout the commonwealth the management plan adopted pursuant to section twelve, all plans for the selection of any superior site or for the selection of an operator, and any proposals for

the development, operation and closure of facilities in order to inform the public and to encourage and facilitate the participation of interested persons in such selection procedures, in environmental review and licensing proceedings, and in the review of facility operations; and

(d) to publicize throughout the commonwealth and to conduct continuing public informational programs on the use of radioactive materials, the nature and characteristics of low-level radioactive waste, current and developing technologies, and the hazards associated with low-level radioactive waste and the improper management thereof; provided, however, that, in establishing and conducting such programs, the public participation coordinator shall obtain the advice and assistance of an advisory board to be composed of members representing the range of public opinion concerning low-level radioactive waste or its management and invite the participation of persons representing such range of public opinion.

Section 7. (a) For the purpose of ensuring the accuracy and completeness of the low-level radioactive waste management plan or of determining compliance with this chapter or any regulations adopted hereunder, each person who generates, treats, stores, transports or disposes of low-level radioactive waste within the commonwealth shall annually, and at such other times as requested by the department of public health, provide detailed and accurate information concerning the type, volume, radioactivity, source and characteristics of the low-level radioactive waste which such person generates, treats, stores, transports or disposes of; as well as such person's current and projected low-level radioactive waste management activities, including source minimization, volume minimization, on-site storage, treatment, packaging and transportation practices and such other information as the board or the department of public health deems necessary. The duly authorized inspectors of said department may, at all reasonable times, enter and examine any property, facility, or activity involving the management of low-level radioactive waste. The owner, operator and other person in charge of the property, facility, or activity, shall afford such inspectors unfettered access, equivalent to access provided to persons regularly employed at such property, facility or activity, following proper identification and compliance with applicable access control measures for security, radiological protection and personal safety. Such inspectors are authorized to make such inspections, conduct such tests, reviews, studies, monitoring, or sampling or examine books, papers and records as said department deems necessary for the administration or enforcement of this chapter.

(b) Notwithstanding the provisions of any general or special law to the contrary, any information, record or particular part thereof, obtained by the department of public health pursuant to the provisions of this chapter, shall, upon request by the owner or proprietor thereof, be kept confidential and not be considered to be a public record when it is determined by said department that such information, record, or report, relates to secret processes or methods of manufacture or production, or that such information, record or report, if made public, would divulge a

trade secret. Nothing in this section shall prevent use of such information in the preparation of the management plan, or of any summary or statistical compilation of information obtained by said department.

(c) All procurement activities and all payments made under contracts entered into pursuant to this chapter including any development contract and any comprehensive operating contract, shall be deemed to be within the jurisdiction of the office of the inspector general in accordance with chapter twelve A.

Section 8. (a) The department of public health may issue orders as are reasonably necessary for the enforcement of the provisions of this chapter. Such orders may include, but not be limited to orders modifying, suspending, or revoking licenses and orders requiring persons to cease any activity that is in violation of the provisions of this chapter or of any regulation adopted or facility license issued hereunder. Such orders shall be issued after notice and an opportunity for hearing except where public health, safety or the environment would be threatened by delay in the issuance of such order. In such circumstance, an opportunity for hearing shall be provided promptly after issuance of such order.

(b) If the department of public health finds, after notice and an opportunity for a hearing has been provided, that any person is not in compliance with any order issued pursuant to this section, or with any provision of this chapter or any regulation adopted hereunder, it may assess civil penalties in an amount not exceeding one hundred thousand dollars for each such violation. Such civil penalty may be assessed whether or not the violation was willful. In determining the amount of the civil penalty, the said department shall consider the willfulness of the violation; the actual and potential danger or injury to the public health or the environment; the actual and potential cost of such damage or injury; the actual and potential cost to the commonwealth of enforcing the provisions of this chapter; whether the person being assessed the civil penalty did everything reasonable to prevent the failure to comply from occurring, and to promptly come into compliance, and to remedy and mitigate whatever harm might have been done as a result of the failure to comply; whether the person being assessed the civil penalty has previously failed to comply with any order issued pursuant to this section, or with any provision of this chapter or any regulation adopted hereunder; making compliance less costly than noncompliance; deterring future noncompliance; the financial condition of the person being assessed the civil penalty; and the public interest.

(c) In addition to assessing civil penalties under this section, the department of public health may request the attorney general to bring an action in the superior court to restrain, prevent or enjoin any conduct prohibited by this chapter and to compel action to comply immediately and fully with any order issued by the department. The expense of the proceedings shall be recoverable from the violator in such manner as provided by law.

(d) It shall be unlawful for any person to willfully:

(1) violate or assist in the violation of any of the provisions of this chapter or of any regulations adopted hereunder;

(2) fail to comply with any order issued by the department of public health pursuant to this section;

(3) attempt to obtain a license by misrepresentation or failure to disclose all relevant facts.

(e) Any person convicted of unlawful conduct as defined in this section shall, for each offense, pay a fine of not less than one thousand nor more than twenty thousand dollars; or be imprisoned for a period of not more than twenty years; or both. Each day of continued violation of any provision of this chapter or of any regulation adopted or order issued hereunder shall constitute a separate offense.

Section 9. (a) It shall be the responsibility of the operator to take all appropriate steps to clean up and stabilize the facility and to contain migration of low-level radioactive waste or associated toxic materials, whenever there has been or impends a release of such materials at the facility during its operation, closure or post-closure observation and maintenance. The board shall ensure that the operator has sufficient funds to satisfy this responsibility. The board shall have such responsibility during the period of institutional control and shall utilize sums from the institutional control account within the Low-Level Radioactive Waste Trust Fund established pursuant to section forty-one to satisfy this responsibility. If all other sources of funds, including federal assistance, have been exhausted, the commonwealth shall provide the reasonable costs of clean-up and stabilization of a facility.

(b) Except as otherwise provided in this section, any person who carries on any activity involving the management of low-level radioactive waste shall be subject to strict liability for harm to persons, land or property resulting from such activity when caused by any release of, or exposure to, such waste or associated toxic materials. Such liability may be joint and several unless such person establishes by a preponderance of the evidence that only a portion of such harm has resulted from such activity. No claim for such harm may be made against the operator after a facility's license has been transferred to the board pursuant to section forty-six, unless the operator has willfully misrepresented the conditions of the facility at the time of such transfer or fraudulently concealed information about the facility or its operations.

(c) Notwithstanding the provisions of this section, the board, community supervisory committees, the department of public health, the department of environmental quality engineering and the deputy commissioner of the division of capital planning and operations shall be subject to liability for harm to persons, land or property resulting from the management of low-level radioactive waste only in accordance with the provisions of chapter two hundred and fifty-eight; provided, however, that the amount of damages for which liability may be imposed shall not be subject to the limit provided in section two of said chapter two hundred and fifty-eight. Notwithstanding any limitation contained in said chapter two hundred and fifty-eight, but in accordance with the

procedures established therein, the board shall be subject to liability for harm to persons, land or property which may occur after the board assumes its responsibility for institutional control of the facility pursuant to section forty-six, or from the negligence of any employee of the board in the institutional control of the facility.

(d) The board shall ensure that the operator has sufficient funds to satisfy its liabilities under this section, and for the compensation of injured facility employees. The board shall utilize sums from the institutional control account established in section forty-one to ensure the availability of funds to satisfy its liabilities under this section for which claims are made during the period of institutional control; provided, however, that the funds available to satisfy such liabilities from third party claims shall be at least equal to the maximum amount available from the nuclear insurance pools or other commercial insurers.

(e) If no other funds, insurance, tort compensation or other means of satisfying a damage judgment or settlement, approved by a court of competent jurisdiction, are available, the contingent liability account established in section forty-one shall be utilized to compensate for injuries to persons or property resulting from the management of low-level radioactive waste or the institutional control of a facility.

(f) The commonwealth shall provide compensation for harm to persons, land or property which may occur after the board assumes its responsibility for institutional control of the facility pursuant to section forty-six, only, if all other sources of funds, including federal assistance, have been exhausted.

Section 10. Planning for low-level radioactive waste management shall be conducted, subject to appropriation, in accordance with sections eleven to seventeen, inclusive, which shall be known and cited as "Phase I of the Low-Level Radioactive Waste Management Act". The provisions of such sections shall be implemented so as to require appropriate source minimization, volume minimization and storage for decay; to require a comprehensive management plan, an appropriate determination of need, and adequate regulatory controls and site selection criteria prior to the initiation of site selection; and to prohibit shallow land burial.

Section 11. (a) The adoption of a management plan under section twelve the adoption of regulations for source minimization, volume minimization and storage for decay under section thirteen, the adoption of regulations for the selection of any superior site under section fourteen the adoption of regulations for operator selection under section fifteen and the adoption of regulations for the licensing of any facility under section sixteen shall be in accordance with the procedures set forth in this section. The recommendations of the public participation coordinator, made pursuant to section six, shall be implemented to the extent feasible in order to ensure appropriate public participation during the development of such plans and regulations; to ensure that adequate information concerning such plans and regulations is available; to facilitate the conduct of public meetings and other opportunities for public review and comment; and to ensure that public concerns are identified and addressed throughout the development of such plans and regulations.

(b) No fewer than four months prior to the initial adoption of a management plan pursuant to section twelve and the initial adoption of regulations under section thirteen to sixteen, inclusive, the responsible agencies shall issue drafts of such management plan and regulations, together with summaries thereof, for public review and comment. No fewer than thirty days and no more than ninety days after the issuance of such drafts, the responsible agencies and the public participation coordinator shall jointly conduct a minimum of six consolidated public meetings throughout the commonwealth on the drafts and shall accept written comments thereon. Such consolidated public meetings shall be conducted at times and locations to be agreed by the responsible agencies and the public participation coordinator.

(c) The management plan and any regulations adopted under any of sections thirteen to sixteen, inclusive, shall be adopted in accordance with the requirements of sections two to six, inclusive, of chapter thirty A; provided, however, that a public hearing satisfying the requirements of section two of said chapter thirty A shall be required prior to the adoption, amendment or repeal of the management plan or any such regulation.

(d) The initial management plan developed under section twelve and the initial regulations developed under sections thirteen to sixteen, inclusive, shall be adopted by January first, nineteen hundred and eighty-nine.

Section 12. (a) The board shall prepare, adopt by regulation, and implement a management plan to provide for the safe and efficient management of low-level radioactive waste. The primary consideration guiding the development of the management plan shall be the protection of public health, safety and the environment. The management plan shall be reviewed annually and revised as necessary.

(b) The management plan shall include, but not be limited to:

(1) a classification system, compatible with federal requirements and the regulations adopted by the department of public health under section sixteen, for all low-level radioactive waste generated, treated or disposed of in the commonwealth, based primarily on its radiological toxicity an radioactive half-life and also on the principal radionuclides present in the waste and their concentrations; its specific radioactivity; its chemical and biological toxicity and form; its chemical reactivity; its volume and such other characteristics as the board deems necessary to determine which classes of low-level radioactive waste may be stored for decay, which classes of low-level radioactive waste which will require disposal and which classes will require special management procedures in order to facilitate the safe and timely closure, post-closure observation and maintenance and institutional control of the facility accepting such low-level radioactive waste;

(2) a review and analysis of current and developing low-level radioactive waste management technologies and practices, including their potential public health, safety and environmental impacts; their cost-effectiveness; their climatic, geologic, hydrogeologic, or other requirements; and their suitability for the low-level radioactive waste

managed within the commonwealth; and any recommendations for regulatory or other actions to improve the safety or efficiency of such technologies and practices, and to ensure that the value of property in the vicinity of any facility is maintained;

(3) an inventory of all generators located in the commonwealth or whose low-level radioactive waste is to be accepted for treatment, storage or disposal within the commonwealth, including information on their location, products, services, clinical procedures, and teaching or research activities and an evaluation of the economic benefit to the commonwealth of such products, services and activities; the volume, characteristics and curies of their current and projected generation of low-level radioactive waste in compliance with any regulations adopted by the department of public health pursuant to section thirteen; and their current and projected low-level radioactive waste management activities including source minimization, volume minimization, on-site storage, treatment, packaging and transportation practices;

(4) an inventory of all facilities within or outside the commonwealth under development or available to accept low-level radioactive waste generated within the commonwealth, including information on their location, size and capacity, and on the volume, characteristics and curies of the low-level radioactive waste accepted or to be accepted at such facilities; and projections of the anticipated future capacity and availability of such facilities to meet future needs;

(5) a finding as to whether there is a requirement for additional facility capacity to meet present low-level radioactive waste management needs or needs anticipated to arise within the next decade, a specification of the volumes and classifications of low-level radioactive waste to be accepted during operation of such a facility and the minimum land area requirement of such a facility, and a statement of the factual basis of such finding and specification;

(6) a review and analysis of proposals for, and the utilization of, all low-level radioactive waste transportation routes, practices, regulations and emergency response and enforcement capabilities employed within the commonwealth;

(7) a report of all facilities in operation, temporary closure, closure, post-closure observation and maintenance or institutional control including the results of the most recent financial audit of each facility conducted by the state auditor pursuant to section thirty-eight; an analysis of fees being collected by the operator to demonstrate the financial integrity of its operation; the expected availability of sufficient funds to carry out facility closure and post-closure observation and maintenance; the expected adequacy of the contingent liability account and institutional control account within the Low-level Radioactive Waste Trust Fund established in section forty-one; based on the annual report of the environmental monitoring program, issued pursuant to section thirty-six; a summary of procedures used to monitor each facility, the principal findings made concerning the facility and a detailed account of any release at the facility of radioactive or toxic materials into the workplace or the environment, including the measures

taken to contain or remedy such release; and the facility closure plan prepared pursuant to regulations adopted under section sixteen;

(8) a review and analysis of the adequacy of available insurance protection for low-level radioactive waste management activities against personal injury and property damage, including third-party liability insurance;

(9) a review and analysis of the effectiveness and feasibility of, and the development of recommendations for, encouraging or requiring minimization of the volume, radioactivity, toxicity, or other characteristics of low-level radioactive waste; and

(10) interim and emergency storage plans to go into effect whenever it appears that no facility is or will be available to accept low-level radioactive waste generated within the commonwealth. Such plans may include contractual agreements with facilities located outside the commonwealth. Notwithstanding any provision of section sixteen, if such plans include the development of an interim or emergency storage facility, the board or its designee may apply for a facility license in accordance with the provisions of section thirty-one and, upon its issuance, may construct and operate a facility to accept low-level radioactive waste for interim or emergency storage; provided, however, that no such facility may be constructed unless the department of public health has determined that the environmental monitoring program required in section thirty-six has yielded representative baseline data; and provided, further, that the board shall specify in its interim and emergency storage plans the maximum length of time during which such a facility may be utilized.

Section 13. The department of public health, after consultation with the board, shall establish a program for low-level radioactive waste source minimization, volume minimization and storage for decay by generators. Said department shall adopt regulations necessary to implement such program consistent with the protection of public health, safety and the environment and with the promotion of responsible research and innovation. Such regulations shall require generators to avoid unnecessary contamination of items during the use of radioactive materials; to segregate radioactive waste from non-radioactive trash; and to prepare and implement plans for the utilization of all appropriate source minimization, volume minimization and storage for decay methods.

Section 14. (a) The department of environmental quality engineering shall adopt regulations establishing criteria for the selection of any superior site, guidelines for their application, procedures for the conduct of site selection and plans for the creation within said department of a statewide resource center for the continued collection of data pertaining to site selection. Such regulations shall, at a minimum, be compatible with the federal regulatory program established pursuant to the Atomic Energy Act, 42 USC section 2071 et.seq. The primary consideration in adopting such regulations shall be the protection of public health, safety and the environment.

(b) The site selection criteria and application guidelines shall ensure,

at a minimum, that any superior site satisfies the following site suitability requirements.

(1) sites shall be capable of being characterized, modeled, and monitored;

(2) sites shall be well drained and free of areas of flooding or frequent ponding, waste management areas shall be outside any one-hundred-year flood plain, coastal high-hazard area, or wetland;

(3) upstream drainage areas shall be minimized to decrease the amount of run-off which could erode or inundate the waste management area;

(4) sites shall provide sufficient depth to the water table so that groundwater intrusion, perennial or otherwise, into the waste will not occur;

(5) the hydrogeologic unit used for waste management shall not discharge groundwater to the surface within the site;

(6) waste management area shall be located so that tectonic processes in the vicinity, such as faulting, folding, seismic activity or volcanism, will not occur which will significantly effect the ability of the site to meet any performance objectives adopted by the department of public health under section sixteen, or preclude adequate modeling and prediction of long-term impacts;

(7) waste management area shall be located so that surface geologic processes in the vicinity, such as mass wasting, erosion, slumping, landsliding, or weathering will not occur which will significantly affect the ability of the site to meet any performance objectives adopted by the department of public health under section sixteen, or preclude adequate modeling and prediction of long-term impacts;

(8) waste management areas shall be located so that nearby activities will not adversely affect the ability of the site to meet any performance objectives adopted by the department of public health under section sixteen, or significantly impair the environmental monitoring program;

(9) sites shall be located in areas with no known economically recoverable resources which, if exploited, would adversely affect the ability of the site to meet any performance objectives adopted by the department of public health under section sixteen, or significantly impair the environmental monitoring program;

(10) sites shall be located outside of, and so as not to adversely affect, the recharge zones of existing or future drinking water source aquifers;

(11) sites shall have sufficient land available to provide for the waste volume and a reasonable buffer around the waste management area;

(12) sites shall be located so as not to adversely affect any national park, monument, lake shore, habitat of endangered species, or area protected by the Wilderness Act, 16 USC sections 1131-1136, the Wild and Scenic Rivers Act, 16 USC sections 1271-1287, and the Fish and Wildlife Coordination Act, 16 USC sections 661-666C; or the National Historic Preservation Act, 16 USC sections 470-470m; and

(13) sites shall be located away from any structure or area in which are regularly found persons who, because of their age or physical

characteristics, are likely to be at significantly higher than normal risk of adverse health effects if exposed to the release of radioactive or associated toxic materials.

(c) The procedures for the conduct of site selection shall include a quality assurance program designed to ensure data reliability, validity, traceability, and retrievability, as well as completeness and technical adequacy, for use in making any site selection decisions or subsequent licensing determination.

(d) The application of the site selection criteria adopted pursuant to this section shall not be subject to waiver by the department of environmental quality engineering or the board.

Section 15. The board shall adopt regulations governing the selection of operators. Such regulations shall include financial, technical and management criteria and shall establish procedures adequate to determine that the operator possesses sufficient reliability, expertise, and competence to operate a facility so as to protect public health and the environment. Such determination shall be based, in part, on information submitted by applicants, in response to any request for proposals issued pursuant to section twenty-two, including:

(a) organizational information for the applicant and any proposed subcontractors detailing their legal structure, ownership and control and operational experience, and the background and qualifications of all officers, directors, partners and principal owners of each such firm and of the key personnel to be utilized in the performance of any contract with the board, and a description of the locations and operating experiences of existing or former operations of such persons; the history of compliance with, and any violations of federal, state or local requirements by such persons in any jurisdiction in which they or any of them have done business, and any felony convictions of such persons;

(b) a financial disclosure statement describing the applicant's financial resources and propose revenue plans and demonstrating that the applicant either possesses the necessary funds or has reasonable assurance of obtaining the necessary funds to cover the estimated costs of development and operation of a facility and will have sufficient funds available to carry out facility closure and post-closure observation and maintenance; and

(c) a preliminary facility development, operation, closure, post-closure observation and maintenance and institutional control plan including a description of the proposed technology or technologies to be utilized, and of the applicant's staffing plans and personnel training program, safety and recordkeeping procedures, and emergency response plans.

Section 16. (a) The department of public health shall adopt regulations for the licensing, development, operation, closure, post-closure observation and maintenance, and institutional control of facilities in accordance with the procedure established in this section. Such regulations shall, at a minimum, be compatible with the federal regulatory program established pursuant to the Atomic Energy Act, 42 USC section 2071 et seq., and shall include procedures for license

application and for setting a license decision schedule pursuant to section thirty-one; environmental and human exposure performance objectives, financial assurances and licensing requirements for facility construction; facility opening; low-level radioactive waste acceptance and inspection, storage, treatment and disposal; site maintenance; site safety, environmental monitoring and radiation and contamination control; facility security, recordkeeping and reporting; and quality control and training support; provided, however, that any disposal method utilized at a facility shall permit retrieval and monitoring of the waste, and provided further that shallow land burial shall be prohibited. Regulations governing low-level radioactive waste which is also hazardous waste as defined in section two of chapter twenty-one C, shall require an equivalent level of environmental protection as that required by said chapter and such regulations adopted thereunder; provided, however, that no low-level radioactive waste facility licensed pursuant to this chapter shall be subject to the provisions of chapter twenty-one D. Such regulations shall further require the operator to prepare, maintain and update a facility closure plan throughout the period of facility development and operation.

(b) The department of public health shall not issue a license pursuant to any regulation adopted under this section, authorizing any person to dispose of low-level radioactive waste or to accept waste from any other person for treatment or storage, unless the person making application for such license has been designated as an operator in accordance with the procedures established pursuant to sections twenty-two and twenty-seven. The department of public health shall not issue a license pursuant to any regulation adopted under this section unless the applicant had obtained all other permits and licenses required by law in order to commence construction of a facility; provided, however, that no community may prohibit, or require any license, permit, approval or condition for the construction, operation, closure, post-closure observation and maintenance or institutional control of a facility.

(c) Together with any draft regulations to be adopted under this section, which are issued for public review and comment, the department of public health shall issue a statement of any major alternative regulatory approaches and performance objectives considered but not proposed, and the reasons for the approach chosen and a description of: (1) the significant public health, environmental, social and economic impact of current low-level radioactive waste management practices and regulatory programs; (2) such impacts as are likely to result from the adoption of said departments proposal and from major alternative regulatory approaches considered by said department; and (3) such impacts as are likely to result from improper packaging, transportation incidents, improper design or operation of a facility, natural disaster, or inadvertent or purposeful intrusion into the facility.

Section 17. (a) The board shall initiate the site selection process established in sections eighteen to twenty-three, inclusive, if it determines, by a two-thirds vote of its members, that it is necessary and

appropriate to proceed with site selection. Such vote may be taken only if:

(1) the board has adopted a low-level radioactive waste management plan under section twelve, incorporating a finding that there is a requirement for additional facility capacity to meet present needs or needs anticipated to arise within the next decade;

(2) the department of public health has adopted regulations under section thirteen necessary to implement a program for source minimization, volume minimization and storage for decay by generators;

(3) the department of environmental quality engineering has adopted, under section fourteen, criteria for selection of any superior site for the development and operation of a low-level radioactive waste management facility, guidelines for their application, and procedures for implementing the site selection process;

(4) the board has adopted regulations, under section fifteen, for the selection of operators; and

(5) the department of public health has adopted regulations, under section sixteen, for the licensing development, operation, closure, post-closure observation and maintenance and institutional control of a facility.

(b) No fewer than twenty-one days prior to a vote to initiate site selection pursuant to this section, the board shall issue a notice, satisfying the requirements of section two of chapter thirty A, of its intent to conduct such vote.

(c) Upon voting to initiate site selection, the board shall notify the chief executive officer of each community of the commencement of the site selection process, explaining in detail the site selection criteria, guidelines for their application and procedures for implementation of site selection, and offering the resources of the board and the public participation coordinator to assist communities in participating in the site selection process.

Section 18. The selection of any superior site shall be conducted in accordance with sections nineteen to twenty-four, inclusive, which shall be known and may be cited as "Phase II of the Low-Level Radioactive Waste Management Act," and in accordance with the regulations adopted under section fourteen. The provisions of such sections and regulations shall be implemented so as to ensure an open and fair process for selecting a superior site for any facility determined to be needed pursuant to Phase I of the Low-Level Radioactive Waste Management Act and for certifying applicants who satisfy the regulatory criteria adopted pursuant to said Phase I.

Section 19. (a) The site selection process conducted pursuant to sections twenty and twenty-three shall be in accordance with the procedures set forth in this section. The recommendations of the public participation coordinator, made pursuant to section six, shall be implemented to the extent feasible in order to ensure appropriate public participation in the site selection process; to ensure that adequate information concerning the site selection process is available; to facilitate the conduct of public meetings and other opportunities for

public review and comment; and to ensure that public concerns are identified and addressed throughout the site selection process.

(b) In accordance with the regulations adopted under section four, the board shall retain such consultants as it determines are necessary to complete the site selection process.

(c) Each notice required by section twenty or twenty-three to be given to the chief executive officer of a community shall, at a minimum, explain in detail all actions taken pursuant to sections eleven to seventeen, inclusive, and those actions completed pursuant to section twenty or twenty-three, as well as the remaining actions to be undertaken pursuant to section twenty, twenty-three or twenty-four, and offer the resources of the board and the public participation coordinator to assist communities in participation in the site selection process.

Section 20. (a) The board shall issue a statewide mapping and screening report using existing data and analysis collected by the statewide resource center established pursuant to section fourteen or obtained by the board as of the date of its vote to initiate site selection. Such report shall identify, and exclude from further consideration in the site selection process, those areas of the commonwealth that are obviously unable to satisfy the site selection criteria adopted by the department of environmental quality engineering under said section fourteen.

(b) After the issuance of the statewide mapping and screening report, the board shall issue a report identifying possible locations, which are likely to contain one or more candidate sites. The report shall describe the procedures used to identify such possible locations and establish that such procedures conform to the requirements of the regulations adopted by the department of environmental quality engineering under section fourteen. Such possible locations shall include all available lands in the commonwealth which, on the basis of such information as is obtained by the board through its own investigations, appear to satisfy the site selection criteria adopted under said section fourteen. The board shall publicize the availability of such report for public review and comment, and shall provide a notice, satisfying the requirements of section nineteen to the chief executive officer of each community in which is located a possible location identified in the report. Within forty-five days of the issuance of such report, the board shall conduct at least one public meeting on the report in the vicinity of each possible location identified in the report at times and locations to be determined after consultation with the public participation coordinator and shall accept written comments thereon. The board shall consider and evaluate all comments and statements made at a public meeting or submitted in writing.

(c) Within ten months of the board vote, pursuant to section seventeen, to initiate the site selection process, the board shall issue a draft candidate site identification report. Such report shall identify at least two, but not more than five, candidate sites which the board considers best able to satisfy the site selection criteria adopted by the

department of environmental quality engineering under section fourteen, potentially licensable, capable of being developed, and otherwise appropriate for detailed site characterization pursuant to section twenty-three. Such report shall also include:

(1) a report of the results of a preliminary characterization of the meteorology, surface and groundwater, geology, tectonics, geomechanics, air quality, ecology, land use, cultural resources and social and economic characteristics of each such possible location;

(2) a description of the procedures used to identify the candidate sites based on such preliminary characterization; and

(3) draft plans for detailed site characterization of each candidate site pursuant to section twenty-three.

(d) The preliminary characterization required pursuant to this section shall be conducted, to the extent feasible, so as not to interfere with the quiet enjoyment of private property; provided, however, that, whenever the board deems it necessary to make surveys, soundings, drillings or examinations to obtain information for, or to expedite the preliminary characterization, its authorized agents or employees may, after due notice by registered or certified mail, enter upon any lands, waters and premises, not including buildings, in the commonwealth for the purposes of making surveys, soundings, drillings and examinations as the board may deem necessary or convenient, and such entry shall not be deemed a trespass. The board shall make reimbursement for any injury or actual damage resulting to such lands, water and premises caused by any act of its authorized agents or employees, and the board shall, so far as possible, restore such lands to the same condition as prior to the making of such surveys, soundings, drillings or examinations.

(e) Upon the issuance of the draft candidate site identification report, the board shall transmit a copy of the draft report to the secretary of the executive office of environmental affairs; and widely publicize its availability for public review and comment; and the board and the deputy commissioner of the division of capital planning and operation shall jointly provide a notice satisfying the requirements of section nineteen of this chapter and section forty I of chapter seven, to all persons entitled under said section forty I of chapter seven to receive such notices and to the chief executive officer of each community in which is located all or part of a candidate site identified in such draft report. The board shall request each such chief executive officer to take appropriate action to establish a community supervisory committee for such community in accordance with section twenty-one.

(f) No person owning property identified in the draft candidate site identification report shall take any action or cause to have any action taken with respect to such property prior to the acceptance or amendment of such report by the board pursuant to this section which has the effect of interfering with or rendering more difficult or expensive the conduct of detailed site characterization of the property or the acquisition of a property interest therein pursuant to this section or section twenty-four.

(g) Within sixty days of the issuance of the draft report, the board

shall conduct at least one public meeting on the report in each community in which is located all or part of a candidate site identified in the draft report, at times to be determined after consultation with the public participation coordinator. Such public meeting shall be deemed to satisfy the public hearing requirements of section forty I of chapter seven. The board shall accept written comments on the report submitted within sixty days of the public notice of its availability. Prior to its acceptance of the draft report, the board shall consider and evaluate all comments and statements made at a public meeting or submitted in writing.

(h) Upon receipt of the draft report, the secretary of the executive office of environmental affairs shall implement the public review and comment procedures established pursuant to section sixty-two C of chapter thirty; provided, however, that the review period established in such section shall not extend beyond the final date for acceptance of written comments by the board pursuant to this section. Within sixty days of the issuance of the draft report, said secretary shall issue a statement evaluating its technical adequacy and conformance with the regulations adopted under section fourteen. The said secretary shall transmit a copy of such statement to the board.

(i) No less than seventy-five days and no more than ninety days after the issuance of the draft report, the board shall conduct a vote to determine whether to accept the report and to proceed with detailed site characterization of the candidate sites identified therein, or amend the report and proceed with detailed site characterization of the candidate site identified in the report as amended. Such a vote shall be based on the technical adequacy of the report and its conformance with the regulations adopted under section fourteen. If the board fails to accept or amend the report, the report shall be set aside and the procedures established in this section shall be repeated; provided, however, that the board shall issue its revised draft report within four months of the expiration of the time for it to accept or amend the previous candidate site identification report.

(j) Upon the board's vote to proceed with detailed site characterization, the deputy commissioner of the division of capital planning and operations shall, on behalf of the board, take appropriate action to acquire, by purchase or taking, pursuant to chapter seventy-nine, a determinable property interest in each candidate site identified in the candidate site identification report as accepted or amended by the board, or, in the case of real property of the commonwealth, to transfer the control and use of such property to the board. Acquisition or transfer of each such property interest shall be subject to the requirements of sections forty E to forty M, inclusive, of chapter seven; provided, however, that each candidate site shall be deemed to possess unique qualities for the purpose of section forty H of chapter seven. Such property interest shall be adequate to permit the conduct of detailed site characterization of the property, and to restrict the right to develop the property until a facility license is issued, pursuant to section thirty-one, to operate a facility at one of the

candidate sites identified in the candidate site identification report as accepted or modified by the board.

Section 21. (a) Upon issuance of the draft candidate site identification report, the board shall request the chief executive officer of each community in which is located all or part of a candidate site identified in such draft report to take appropriate action to establish a community supervisory committee for such community. Each community supervisory committee shall be composed of the chief executive officer or his designee, who shall serve as chairperson; the chairperson of the conservation commission or his designee; the chairperson of the board of health or his designee; the chairperson of the planning board or his designee; and three residents of the community nominated by the chief executive officer and approved by a majority vote of the city council or board of selectmen, who shall serve at the pleasure of the chief executive officer.

(b) If the chief executive officer of such community fails to take appropriate action to establish a community supervisory committee within forty-five days of the issuance of the draft candidate site identification report, the board shall designate a committee to assume the responsibilities of the community supervisory committee for such community until such community supervisory committee is established.

(c) The powers and duties of each community supervisory committee shall be:

(1) upon the designation of candidate sites pursuant to section twenty, to represent the best interests of the candidate site community in the site selection process established pursuant to sections twenty, twenty-three and twenty-four;

(2) upon selection of any superior site located within the community, to represent the best interests of the site community in the environmental review of, and licensing proceedings for the facility to be developed at such superior site and in the review and monitoring of facility operations; and

(3) to designate an operator and technology pursuant to section twenty-seven; and

(4) to receive and expend such technical assistance and planning funds as may be provided pursuant to this section.

(d) The board shall, in accordance with the regulations adopted under section four, provide sufficient funds to each community supervisory committee to enable it to acquire administrative and clerical personnel and to retain consultants necessary to exercise the powers and duties established in this section.

(e) Upon the expiration of thirty days after the selection of any superior site or, if a petition for an adjudicatory proceeding has been filed pursuant to section twenty-four, upon a final decision of the commissioner of the department of environmental quality engineering approving the site selection, no further funds shall be provided, pursuant to this section, to community supervisory committees in communities other than a site community. Upon the execution of a comprehensive operating contract pursuant to section thirty-three, no further funds

shall be provided to community supervisory committees in site communities pursuant to this section.

Section 22. (a) Within sixty days of a vote, pursuant to section seventeen, to initiate site selection, and after consultation with the deputy commissioner of the division of capital planning and operations the board shall issue a request for proposals for the development, operation, closure and post-closure observation and maintenance of a facility. The request for proposals shall conform to the regulations adopted under section fifteen, and shall include the most recent management plan adopted by the board under section twelve and a statement of procedures to be followed in responding to the request for proposals. The request for proposals shall require responses to be submitted by applicants within one hundred twenty days after its issuance. Each applicant shall be required to specify the terms under which it will participate in an advisory board that will assist in the planning and implementation of detailed site characterization pursuant to section twenty-four, and pay the board a fee of not less than ten thousand dollars at the time it submits its response to the request for proposals. Such fee shall be refunded only if the board fails to select a superior site, pursuant to section twenty-three, from among the candidate sites identified pursuant to section twenty.

(b) Within sixty days of the final date for submission of responses to the request for proposals, the attorney general shall prepare an investigative report to the board and the community supervisory committees, on each applicant and its officers, directors, partners, principal owners, key personnel and proposed subcontractors, describing their record of compliance with environmental and related laws, regulations, permits and licenses. Each applicant shall annually by March first, submit to the state ethics commission and the inspector general, a report listing each expenditure made during the previous calendar year by an official, employee or representative of the firm, including consultants or subcontractors, to or for the benefit of an official, employee, or representative, including consultants, of the board, the department of public health, the department of environmental quality engineering, the division of capital planning and operations or any community supervisory committee. An officer of the firm shall certify the report as complete and accurate under pains and penalties of perjury. The state ethics commission, upon finding that there has been a violation of the reporting requirement set forth in this section, may issue an order requiring the violator to pay a civil penalty of not more than one thousand dollars for each day of violation and may file a civil action in superior court to enforce such order.

(c) Upon the issuance of the draft candidate site identification report pursuant to section twenty, and after consultation with the deputy commissioner of the division of capital planning and operations, the board shall certify those applicants who satisfy the financial, technical and management criteria adopted under section fifteen. Such certification shall be accompanied by a report including a justification for the certifications made. Such report shall be distributed to each

community supervisory committee, the applicants and all others making a timely request. No applicant who fails to be certified pursuant to this section shall be required to submit a report to the state ethics commission and the inspector general, in accordance with this section, for any year after the year during which the certification of applicants is made.

(d) Within ninety days of the issuance of the draft candidate site identification report pursuant to section twenty, the board shall execute a contract with each certified applicant under which the applicant shall participate in an advisory board that will assist in the planning and implementation of detailed site characterization of the candidate sites identified pursuant to said section twenty.

Section 23. (a) Each community supervisory committee shall assist the board in developing a detailed site characterization plan for a candidate site located within the community and participate throughout the implementation of such detailed site characterization plan. Appropriate board officials and consultants shall meet monthly with each community supervisory committee. Each community supervisory committee shall be kept informed of the progress of the detailed site characterization; be furnished copies of all data, reports and memoranda pertaining to said detailed site characterization including raw data, draft reports and memoranda; and given reasonable opportunity to review and comment upon all work performed.

(b) Within thirty days of the acceptance of the candidate site identification report pursuant to section twenty, the board and the community supervisory committee shall jointly conduct a public meeting in each candidate site community to discuss the draft plan for the detailed site characterization of the candidate site located within such community. The detailed site characterization plan adopted by the board shall include investigations and tests, both in the field and in the laboratory, which shall be conducted so as to demonstrate whether the site complies with the site selection criteria adopted under section fourteen; to provide information necessary for licensing of any facility at the site pursuant to section thirty-one, including an evaluation of the ability of the site characteristics to contribute to isolation of waste, data necessary for the proposed design of such a facility, an identification of potential interactions between the site characteristics and any low-level radioactive waste or waste containers located at the site to establish data collection points and baseline data suitable for use in an environmental monitoring program adopted pursuant to section thirty-six; and to identify, for inclusion in any environmental impact report prepared pursuant to section thirty, potential environmental impacts resulting from the development, operation, closure, post-closure observation and maintenance or institutional control of a facility at the site. Prior to its adoption of the final plan, the board shall consider and evaluate all comments made at a public meeting or in writing.

(c) Within one year and two months of the acceptance of the candidate site identification report pursuant to section twenty, the board shall issue a draft report of the detailed site characterization of each

candidate site, and shall transmit a copy of such report to the secretary of the executive office of environmental affairs and the community supervisory committee. The draft report shall describe the procedures used to characterize each candidate site and establish that such procedures fully conform to the requirements of the regulations adopted under section fourteen.

(d) Upon issuance of the draft detailed site characterization report, the board shall widely publicize its availability for public review and comment, and the deputy commissioner of the division of capital planning and operations shall issue a notice, satisfying the requirements of section forty I of chapter seven, to all persons entitled thereby to review such notice. Within sixty days of the issuance of such report, the board shall conduct at least one public meeting on the report, in each candidate site community, at times to be determined after consultation with the public participation coordinator. Such public meeting shall be deemed to satisfy the public hearing requirements of section forty I of chapter seven. The board shall accept written comments on the report submitted by the community supervisory committee or any other interested person within sixty days of the public notice of its availability.

(e) Upon receipt of the draft detailed site characterization report, the secretary of the executive office of environmental affairs shall implement the public review and comment procedures established pursuant to section sixty-two C of chapter thirty; provided, however, that the review period established in such section shall not extend beyond the final date for acceptance of written comments by the board pursuant to this section. Within seventy-five days of the issuance of the report, said secretary shall issue a statement evaluating its technical adequacy and conformance with the regulations adopted under section fourteen. The said secretary shall transmit a copy of such statement to the board and the community supervisory committee.

(f) No sooner than seventy-five days and no later than ninety days after the issuance of the draft detailed site characterization report, the board shall conduct a vote to determine whether to accept or amend the report. Such a vote shall be based on the technical adequacy of the report and its conformance with the regulations adopted pursuant to section fourteen. Prior to its acceptance of the report, the board shall consider and evaluate all comments made at a public meeting or submitted in writing. If the board fails to accept or amend the detailed site characterization report, the report shall be set aside, and the procedures established in this section shall be repeated; provided, however, that the board shall meet with each community supervisory committee to discuss the draft plan for implementing the revised detailed site characterization within thirty days of the expiration of the time for the board to accept or modify the detailed site characterization report; and provided, further, that the board shall issue its revised detailed site characterization report within one year and two months of the expiration date of the time for the board to accept or amend the prior detailed site characterization report.

(g) Upon voting to accept or modify a detailed site characterization

report, the board may select any superior site by a two-thirds vote of its members. Upon such vote, the deputy commissioner of the division of capital planning and operations shall, on behalf of the board, take appropriate action to acquire, by purchase or taking, pursuant to chapter seventy-nine, a fee simple interest in the superior site, together with such other land, easements, rights-of-way or other property interests necessary to construct and operate a facility thereon and to conduct an environmental monitoring program pursuant to section thirty-six, or, in the case of real property of the commonwealth, to transfer the control and use of such property to the board. Such acquisition or transfer shall be subject to the requirements of sections forty E to forty M, inclusive, of chapter seven; provided, however, that the superior site shall be deemed to possess unique qualities for the purposes of section forty H of said chapter seven. Upon the acquisition of such interest, each site community, during the period prior to the issuance of a facility license, shall be entitled to receive an amount in lieu of local property taxes in accordance with section seventeen of chapter fifty-eight. No facility developed at a superior site selected pursuant to this section shall be subject to the department of environmental quality engineering site assignment pursuant to section one hundred and fifty B of chapter one hundred and eleven.

Section 24. (a) Upon petition by any person aggrieved by an action taken pursuant to sections nineteen, twenty, or twenty-three, made within thirty days after selection of a superior site pursuant to section twenty-three, the commissioner of the department of environmental quality engineering shall commence an adjudicatory proceeding concerning the selection of the site. Such adjudicatory proceeding shall commence within sixty days of the filing of said petition and shall be conducted in compliance with the requirements of section eleven of chapter thirty A.

(b) In addition to the petitioner, the board and the site and neighboring communities shall be parties to the adjudicatory proceeding. Other aggrieved persons may intervene in accordance with the provisions of chapter thirty A.

(c) Within thirty days after the close of the adjudicatory proceeding, the commissioner of said department shall issue a final decision approving or disapproving the selection of the superior site. The site selection shall be approved if said commissioner finds, based on substantial evidence presented during the adjudicatory proceeding, that the site satisfies the site selection criteria adopted under section fourteen.

(d) The reasonable expenses of participation in the adjudicatory proceeding by site and neighboring communities, including attorney's fees, shall be reimbursed by the board in accordance with an order, specifying the amount and time for reimbursement, issued by the commissioner of the department of environmental quality engineering at the time of the final decision.

(e) Any person aggrieved by a decision of said commissioner pursuant to this section may seek judicial review thereof in the supreme judicial

court in accordance with the standards provided for judicial review in section fourteen of chapter thirty A.

Section 25. The selection of an operator and technology or technologies to be utilized at a facility to be developed at any superior site shall be, conducted in accordance with sections twenty-six to twenty-eight, inclusive, which shall be known and be cited as "Phase III of the Low-Level Waste Management Act", and in accordance with the regulations adopted under section fifteen. The provision of said sections twenty-six to twenty-eight, inclusive, and regulations shall be implemented so as to permit any site community to select the operator and technology or technologies that best ensure proper facility operation in order to protect public health, safety and the environment.

Section 26. (a) Upon the expiration of thirty days after the selection of any superior site or, if a petition for an adjudicatory proceeding has been filed pursuant to section twenty-four, upon a final decision of the commissioner of the department of environmental quality engineering approving the site selection, the board shall request the chief executive officer of each neighboring community to appoint a representative to the community supervisory committee of each site community. If the chief executive officer of a neighboring community fails to take such action within twenty-one days of receiving such request, the board shall make the appointment.

(b) Within sixty days of the selection of any superior site or, if a petition for an adjudicatory proceeding has been filed pursuant to section twenty-four, within thirty days of a final decision of the commissioner of the department of environmental quality engineering approving the site selection, the board shall establish a field office within a site community outside the boundaries of the superior site.

Section 27. (a) No sooner than eleven months and no more than one year and two months after the acceptance of the candidate site identification report pursuant to section twenty, the community supervisory committee of each candidate site community shall interview those certified applicants who indicate their willingness to develop and operate a facility at a candidate site located within such community, and shall meet with the board or the deputy commissioner of the division of capital planning and operations at the request of any of them to discuss any aspects of the certified applicants qualifications or responses to the request for proposals.

(b) Each certified applicant interviewed shall be given an opportunity to submit to the community supervisory committee of the site community a written response to any question or requests made of such applicant, including a description of any necessary changes in the development, operation, closure, post-closure observation and maintenance and institutional control plans proposed to be implemented at the superior site and such other information that will allow the community supervisory committee to determine whether the applicant will be able to ensure proper facility operation in order to protect public health, safety and the environment and to serve the site and neighboring communities' interests, including any covenants proposed to be made by

the applicant concerning transportation routing; access road construction; limitations on the hours or number of daily deliveries of low-level radioactive waste to the facility; the number of facility employees to be hired from among site, affected and neighboring community residents; and the amount of business to be contracted for with site, affected and neighboring community firms. Such written responses shall be submitted within sixty days of the selection of such superior site pursuant to section twenty-three.

(c) No fewer than sixty days and no more than ninety days after the selection of any superior site pursuant to section twenty-three, the community supervisory committee of the site community shall select, from among the certified applicants interviewed, the operator of the facility to be developed at such site; provided, however, that, if the candidate site is situated in more than one community, such selection shall be made by a majority vote of the members of the combined community supervisory committees of the site communities.

(d) If the community supervisory committee or committees fail to select an operator from among the certified applicants in accordance with this section, the board shall select such operator by a vote of its members.

(e) The selection of an operator pursuant to this section shall not be subject to the requirement of section forty-four A of chapter one hundred forty-nine.

(f) No certified applicant who fails to be selected as an operator pursuant to this section shall be required to submit a report to the state ethics commission and the inspector general, in accordance with section twenty-two, for any year after the year during which the operator is selected.

Section 28. (a) Within sixty days of the selection of the operator pursuant to section twenty-seven, the board shall execute a development contract under which such operator shall be obligated to fulfill all of the requirements of the facility approval process established in sections twenty-nine to thirty-four, inclusive, in accordance with the plans submitted by the operator pursuant to section twenty-seven or any revision thereof approved by the board, and specifying a bond to be posted in an amount to be determined by the board, payable to the board and conditioned on the faithful performance of the obligations, agreements and covenants specified in the development contract. The bond shall provide that, if the operator defaults on the development contract, it shall pay to the board all damages sustained as a result of the default. The deputy commissioner of the division of capital planning and operations shall assist the board in overseeing the operator's activities under the development contract and shall advise the board on the adequacy of such development activities. If no development contract is executed within sixty days of the designation of the operator or the required bond is not posted, the operator selection shall be set aside, and the procedures established in section twenty-seven shall be repeated in order to select a replacement operator; provided, however, that the community supervisory committee shall select such

replacement operator within thirty days of the expiration of the time for the operator originally selected to execute the development contract or post the performance bond.

(b) Within thirty days of the execution of the development contract, the operator shall establish a field office within a site community outside the boundaries of the superior site.

Section 29. Facility approval and licensing shall be conducted in accordance with sections thirty to thirty-four, inclusive, which shall be known and be cited as "Phase IV of the Low-Level Radioactive Waste Management Act", and in accordance with the regulations adopted under section sixteen. The provisions of such sections and regulations shall be implemented so as to ensure an open and fair process for carrying out the environmental review and licensing of any facility for which a site, operator and technology have been selected pursuant to Phase III of the Low-Level Radioactive Waste Management Act and to require a comprehensive operating contract setting forth the rights and responsibilities of the board and the operator with respect to such facility.

Section 30. (a) Except as otherwise provided in this section, the development, operator, closure, post-closure observation and maintenance and institutional control of a facility at any superior site shall be subject to sections sixty-one to sixty-two H, inclusive, of chapter thirty. No action taken pursuant to sections ten to twenty-eight, inclusive, shall be deemed to be a project within the meaning of section sixty-two of chapter thirty.

(b) Upon execution of the development contract pursuant to section twenty-eight, the operator shall prepare a notification to the secretary of the executive office of environmental affairs of the operator's intent to apply for a facility license pursuant to section thirty-one and for such other permits, as defined in section sixty-two of chapter thirty, as may be required by law for the development or operation of a facility at the superior site. The contents of such notification shall substantially conform to the plans submitted by the operator pursuant to section twenty-seven or any revision thereof approved by the board. Upon approval of the contents of the notification by the board, after consultation with the community supervisory committee of each site community, the notification shall be filed with said secretary in accordance with the provisions of section sixty-two A of chapter thirty, and a copy thereof shall be transmitted to the department of public health.

(c) Notwithstanding any provision of section sixty-two A of chapter thirty to the contrary, an environmental impact report shall be required on the proposed development, operation, closure, post-closure observation and maintenance and institutional control of a facility at any superior site. The report shall identify each community which can be expected to experience significant impacts as a result of the location, development, operation, closure, post-closure observation and maintenance and institutional control of the facility. In making a determination of the scope of the report pursuant to such section, the

secretary of the executive office of environmental affairs may require an examination of only those candidate sites identified pursuant to section twenty as alternative sites for the facility.

(d) The development, operation, closure, post-closure observation and maintenance and institutional control of a facility at any superior site shall be considered a major and complicated project within the meaning of section sixty-two A of chapter thirty. In establishing a specific procedure for evaluation and review of the environmental impacts of the project, said secretary shall appoint a citizens advisory committee in accordance with regulations adopted pursuant to such section to perform the functions established thereunder. The citizens advisory committee shall be composed of the members of the community supervisory committee of each site community and not more than six additional members selected by said secretary.

(e) The public and agency review periods of thirty days for the notice of availability of any draft or final report established by section sixty-two C of chapter thirty shall each be extended for a period of thirty days. During periods for review of the draft environmental impact report, said secretary shall hold at least one public meeting on the report in each site community and additional public meetings in neighboring communities upon request by the chief executive officer of any such community.

(f) The final facility license decision of the department of public health pursuant to section thirty-one shall not be subject to the requirements of section sixty-two D of chapter thirty.

Section 31. (a) Upon the filing with the secretary of the executive office of environmental affairs of a notification pursuant to section thirty of intent to apply for a facility license, the operator may file a facility license application with the department of public health in accordance with regulations adopted under section sixteen. The license application shall be determined to be complete when said department finds that all information required by such regulations has been submitted and any additional requirements established by regulation adopted under said section sixteen have been satisfied; provided, however, that nothing in this section shall prohibit said department from requiring an operator to submit additional information necessary to evaluate the application at any time prior to the final license decision. Said department may summarily deny a facility license if the operator fails or refuses to correct deficiencies in the application. Such summary denial shall be accompanied by an explanation of the reasons for the denial. For each complete application, said department shall set a decision schedule in accordance with its regulations adopted under said section sixteen setting forth the date by which it intends to prepare a draft license or draft denial; and to issue a final license decision. Said department shall adhere to such decision schedule unless it finds that an extension of the schedule, not to exceed ninety days, is necessary to protect the public health or the environment, in which case said department shall adhere to such decision schedule as extended, provided, however, that nothing in this section shall authorize said department to

issue a final facility license decision prior to action by the secretary of the executive office of environmental affairs on the final environmental impact report prepared pursuant to section thirty of this chapter and section sixty-two C of chapter thirty.

(b) The public comment period on a facility license application shall commence upon the filing of the notification of intent to apply for a facility license pursuant to section thirty. The recommendations of the public participation coordinator, made pursuant to section six, shall be implemented to the extent feasible in order to ensure public participation in the facility licensing process; to ensure that adequate information concerning the facility licensing process is available; to facilitate the conduct of public meetings and other opportunities for public review and comment; and to ensure that public concerns are identified and addressed throughout the facility licensing process. The department of public health shall give notice of the commencement of the public comment period by mail to the applicant, the community supervisory committee of each site community and the board and by publication in accordance with regulations adopted pursuant to section sixty-two A of chapter thirty, in a daily or weekly newspaper of general circulation within each site and neighboring community, and by broadcasting on radio stations serving each such community. The public comment period shall continue for forty-five days after the issuance of a draft license or draft denial pursuant to this section; provided, however, that said department shall extend the public comment period if it issues a modified draft license, until forty-five days after the issuance of such a modified draft license. During the public comment period, any person may submit comments in writing on any aspect of the application or the draft license or draft denial; copies of all written comments and memoranda prepared or received by said department shall be made available to persons upon request; and said department shall conduct at least one public meeting on the license application and the draft license or draft denial within each site community and other public meetings in neighboring communities upon request by the chief executive officer of such community.

(c) For each complete facility license application reviewed pursuant to this section, the department of public health shall, after action by the secretary of the executive office of environmental affairs on a draft environmental impact report pursuant to section thirty of this chapter and section sixty-two C of chapter thirty, prepare a draft license or draft denial. A draft license shall include facility design and performance specifications and all conditions required to operate the facility. A copy of the draft license or draft denial shall be sent to the operator, the community supervisory committee of each site community, the board and, upon request, to other interested persons, and shall be accompanied by an explanation of the reasons therefor and a description of the procedures to be followed in reaching a final license decision. Such description shall include the date on which the public comment period is to end; the dates and locations of scheduled public meetings on

the draft license or draft denial, the procedures to be followed by persons wishing to participate in the process leading to the final license decision, and the name, address and telephone number of the person within said department to contact for additional information.

(d) A copy of the department of public health's final facility license decision shall be sent to the applicant, the community supervisory committee of each site community, the board, any person who submitted written comments during the public comment period and, upon request, to other interested persons. Such final decision shall be accompanied by a summary response to comments received during the public comment period and an explanation of the reasons for any difference between the draft license or denial and the final license decision.

Section 33. (a) Upon issuance of a facility license pursuant to section thirty-one, the board, after consultation with the community supervisory committee of each site community, and the operator shall negotiate a comprehensive operating contract setting forth, consistent with the management plan adopted under section twelve, the rights and responsibilities of each party with respect to the facility and specifying that site, affected and neighboring communities are third party beneficiaries. The board and the operator shall execute such contract upon the appropriation of funds necessary to ensure that the board can satisfy the community compensation responsibilities thereunder. Such contract shall specify the terms on which the superior site is to be leased to the operator, shall set forth design and performance specifications for the facility, shall establish the right of the board to supervise all aspects of the development, operation, closure and post-closure observation and maintenance of the facility, and shall set the condition that must be satisfied prior to transfer of the facility license pursuant to section forty-six. The deputy commissioner of the division of capital planning and operations shall assist the board in overseeing the development of the facility and shall advise the board on the adequacy of all development activities. The comprehensive operating contract shall also provide that the board may modify or terminate the contract if it determines that a change in the ownership or control, or in the directors or officers of the operator or a change in any of its principal subcontractors may adversely affect the safe development, operation, closure or post-closure observation and maintenance of the facility. In addition, the contract shall provide that:

(1) The operator shall abide by all covenants proposed to be made to each site, neighboring and affected community in the application filed pursuant to section twenty-two or in any written statements submitted pursuant to section twenty-seven.

(2) The board shall abide by any additional covenants undertaken for the benefit of site, affected or neighboring communities which it deems necessary and appropriate. Such covenants may include obligations to reimburse a community for road maintenance or reconstruction or other increased infrastructure costs resulting from siting, development or operation of a facility.

(3) The operator shall annually pay to each site community, during the

period commencing with the issuance of a facility license, pursuant to section thirty-one and ending with the transfer of such license to the board pursuant to section forty-six, a sum equal to the amount due to such community in real property taxes, provided, however, upon the transfer of the license from the operator to the board pursuant to section forty-six, each site community, during the period of institutional control, shall receive an amount in lieu of local property taxes in accordance with section seventeen of chapter fifty-eight.

(4) The operator shall annually pay to the site community during the period of the facility's operation, a sum equal to four per cent of the annual gross operating receipts of the facility; provided, however, that, except during the first calendar year of a facility's operation, if the facility accepts less than one hundred thousand cubic feet of low-level radioactive waste in any calendar year, the sum to be paid to the site community pursuant to this section shall not be less than two hundred forty thousand dollars; if the facility accepts one hundred thousand cubic feet or more, but less than two hundred thousand cubic feet, of low-level radioactive waste in any calendar year, the sum to be paid to the site community pursuant to this section shall not be less than three hundred twenty thousand dollars; and if the facility accepts two hundred thousand cubic feet or more of low-level radioactive waste in any calendar year, the sum to be paid to the site community pursuant to this section shall not be less than four hundred thousand dollars; during the first calendar year of a facility's operation, the minimum sum to be paid to the site community pursuant to this section shall be prorated in accordance with a schedule to be agreed upon by the operator and the board. In addition to any other amounts paid pursuant to this paragraph, the operator shall pay one hundred and fifty thousand dollars per year, pro rata, to the site community during the period commencing with the opening of the facility and ending five years after the issuance of a facility license. If a facility is located in more than one community, all amounts paid pursuant to this paragraph shall be divided among the site communities in accordance with the formula established pursuant to section thirty-four.

(5) The operator shall annually pay to the neighboring communities during the period of the facility's operation, a sum equal to one per cent of the annual gross operating receipts of the facility; provided, however, that, except during the first calendar year of a facility's operation, if the facility accepts less than one hundred thousand cubic feet of low-level radioactive waste in any calendar year, the sum to be paid to neighboring communities pursuant to this section shall not be less than sixty thousand dollars; if the facility accepts one hundred thousand cubic feet or more, but less than two hundred thousand cubic feet, of low-level radioactive waste in any calendar year, the sum to be paid to neighboring communities pursuant to this section shall not be less than eighty thousand dollars; and if the facility accepts two hundred thousand cubic feet or more of low-level radioactive waste in any calendar year, the sum to be paid to neighboring communities pursuant to this section shall not be less than one hundred thousand dollars; during the first calendar

year of a facility's operation, the minimum sum to be paid to the site community pursuant to this section shall be provided in accordance with a schedule to be agreed upon by the operator and the board; and provided, further, that such sum shall be divided among such communities in accordance with formula established pursuant to section thirty-four.

(6) The operator shall collect a surcharge, established pursuant to section thirty-eight, for the Low-level Radioactive Waste Trust Fund, established in section forty-one, and shall promptly remit the amounts collected, together with any interest accrued thereon, to the state treasurer as treasurer of such Fund.

Section 34. Any community compensation to be provided for site communities pursuant to the comprehensive operating contract shall be divided among such communities in the proportion that each community's population residing within three miles of the facility bears to the total population of site communities within such area. The community compensation to be provided for neighboring communities pursuant to the comprehensive operating contract shall be divided among such communities in the proportion that each community's population residing within three miles of the facility bears to the total population of such communities within such area; provided, however, that if the facility has no neighboring communities, such community compensation shall be divided among the site communities in accordance with the formula established in this section.

Section 35. Facility development, operation, closure, and post-closure observation and maintenance shall be conducted in accordance with sections thirty-six to forty-four, inclusive, shall be known and be cited as "Phase V of the Low-Level Radioactive Waste Management Act", and in accordance with the regulations adopted by the department of public health under section sixteen. The provisions of such sections and regulations shall be implemented so as to provide for the safe and orderly development, operation, closure and post-closure observation and maintenance of any facility licensed pursuant to "Phase IV of the Low-Level Radioactive Waste Management Act".

Section 36. (a) Within thirty days of the issuance of a facility license pursuant to section thirty-one; the department of public health shall, after consultation with the department of environmental quality engineering and the board of health of each site community, establish a comprehensive environmental monitoring program at the facility site. Such program shall employ the best available monitoring technology and shall provide, to the maximum extent feasible, for the participation of officials and citizens of each site community and the training of such persons to facilitate their participation. The program shall be designed to establish baseline environmental data on the site; to determine compliance with applicable regulations, with conditions of the facility license and with terms of the comprehensive operating contract; to provide early warning of the magnitude and extent of any radionuclide migration; and to provide reliable environmental data throughout development, operation, closure, post-closure operation and maintenance

and institution control of the facility. The program shall collect and analyze data concerning standing and running surface water and drainage; groundwater samples from offsite, site boundary and waste management area wells; soil and vegetation samples; atmospheric samples; and radiation measurements offsite, at the site boundary and in the waste management area. The board of health of each site community shall be entitled to obtain portions of the samples collected pursuant to the program for independent analysis by a laboratory certified to conduct such analyses by the United States Environmental Protection Agency.

(b) The operator shall, according to applicable regulations and conditions of the facility license, cooperate with the environmental monitoring program and annually reimburse the department of public health and each site community for the costs thereof until the facility license is transferred to the board pursuant to section forty-six. A copy of all environmental monitoring records and analyses shall be kept at the board field office in the site community for public review.

(c) The department of public health shall annually issue a report describing and evaluating the findings of the monitoring program. Within sixty days of issuance of such report, said department shall hold a public meeting in each site community and, upon request by the chief executive officer of such community, in each affected and neighboring community for public review and comment upon the findings contained therein. Said department shall consider and evaluate all comments made at such public meetings or submitted in writing within sixty days of the issuance of the report.

Section 37. Upon the determination of the department of public health that the environmental monitoring program or detailed site characterization of the superior site has yielded representative baseline data, the operator may commence construction of the facility. The operator shall construct, install and, from time to time, in accordance with the regulations adopted under section sixteen and the conditions of its facility license, make additions or improvements to such structures and equipment as are necessary to operate the facility. Said department shall, in cooperation with officials of each site community and according to the regulations adopted pursuant to said section sixteen, periodically inspect such construction to ensure that such regulations and the conditions of the license are satisfied. The board shall appoint a resident engineer having the experience and expertise specified in section forty-two J of chapter seven, who shall represent the board daily at the superior site during the construction of the facility and who shall, in cooperation with officials of each site community, check, inspect and report to the board as to events at the construction site, in order to ensure that the terms of the comprehensive operating contract are satisfied. The deputy commissioner of the division of capital planning and operations shall assist said department and the board in fulfilling their obligations under this section, and shall advise them on the adequacy of construction activities.

Section 38. (a) Upon the issuance of a facility license pursuant to

section thirty-one, and annually thereafter, until the facility license is transferred to the board pursuant to section forty-six, the department of public health shall establish a payment to be made by the operator equal to said departments expected annual operating budget for the next fiscal year for its activities with respect to the facility other than those for which reimbursement has been made pursuant to section thirty-six; provided, however, that such payment shall be adjusted by the amount of any operating deficit or surplus, previously incurred by said department with respect to such activities, in accordance with procedures established by regulation of said department. The operator shall make such payment to the commonwealth prior to the commencement of the fiscal year.

(b) The operator shall annually submit to the board a proposed schedule of fees and criteria for acceptance of low-level radioactive waste. Such schedule shall be based on the classification system contained in the management plan adopted pursuant to section twelve, shall be designed so as to promote source minimization, volume minimization and storage for decay by generators, shall establish service charges for waste shipments found not to be in compliance with applicable regulations and conditions of the facility license, and shall establish fees which are adequate to reimburse the operator for all reasonable expenses of facility development and operation; all reasonable community compensation guaranteed to site, neighboring and affected communities in the comprehensive operating contract executed pursuant to section thirty-three; the department of public health's required annual payment established pursuant to this section; and a reasonable profit from the operation of the facility; and shall establish waste acceptance criteria, consistent with the management plan and adequate to assure proper and efficient operation of the facility; source minimization, volume minimization and storage for decay in compliance with the regulations adopted by said department pursuant to section thirteen; and conservation of facility resources. Such waste acceptance criteria shall specify that no low-level radioactive waste shall be accepted from an electric-power-generating facility if such waste requires management more stringent than the most stringent management required for any low-level radioactive waste which may be accepted at the facility from another generator. The operator's proposed schedule shall be accompanied by a certified audit of gross operating receipts from fees and surcharges imposed for acceptance of low-level radioactive waste at the facility during the current and prior fiscal years and a verification under oath that all compensation required to be paid by the operator to each site, neighboring and affected community by the comprehensive operating contract has been paid, and that all surcharges collected for the Low-Level Radioactive Waste Trust Fund have been remitted to the state treasurer in accordance with the requirements of the comprehensive operating contract executed pursuant to section thirty-three. All books and records of the operator shall be subject to audit pursuant to section twelve of chapter eleven.

(c) The board, after notice and opportunity for hearing, shall approve, modify or reject the schedule of fees and waste acceptance criteria submitted by the operator and establish annually a schedule of surcharges for the Low-Level Radioactive Waste Trust Fund established in section forty-one. Such fees, criteria and surcharges shall be imposed as conditions of acceptance of all low-level radioactive waste at the facility until a new or revised schedule is approved by the board.

Section 39. (a) Upon written notification by the operator that the facility is ready to accept low-level radioactive waste, and upon written notification by the department of public health that the facility is in compliance with all regulations and conditions of the facility license, the board shall determine whether the operator is in compliance with the comprehensive operating contract. If it is so determined, then the facility shall commence operation.

(b) Within seven days of the board's determination, the operator shall notify all generators of the date on which the operator will accept low-level radioactive waste from such generators. Included in such notice shall be a statement of the terms, conditions and criteria for low-level radioactive waste acceptance at the facility.

Section 40. (a) The facility shall be operated in accordance with this section and with regulations adopted under section sixteen. All shipments of low-level radioactive waste shall, upon arrival at the facility, enter the facility, but shall not proceed into the waste management area for unloading until inspected by the department of public health and found to be in compliance with applicable regulations and conditions of the facility license. Shipments found not to be in compliance shall proceed to a controlled area within the facility to await action to remedy the situation, and the board of health of each site community shall be so notified by the operator. Shipments found to be in compliance shall proceed into the waste management area for unloading. After a transport vehicle is unloaded and leaves the waste management area, it shall not leave the facility until it is again inspected by the department of public health and decontaminated, if necessary.

(b) the department of public health, in consultation with the board, may issue an order temporarily or permanently closing a facility prior to its scheduled closing date if it finds that there is a potential hazard to public health, safety or the environment which justifies such temporary or permanent closure. A facility that is temporarily closed shall remain closed as long as necessary for remedial action and, in any event, throughout any period of facility clean-up and stabilization. Prior to authorizing the reopening of a temporarily closed facility, said department shall conduct at least one public meeting on the reopening in each site community and other public meetings in neighboring communities upon request by the chief executive officer of such community, and shall issue a summary response to all comments made at such public meetings or made in writing during the time the facility is temporarily closed and an explanation of the reasons for authorizing the reopening.

(c) the department of public health shall annually prepare a report summarizing its inspection and enforcement activities with respect to the facility and shall transmit a copy of such report to the board and the board of health of each site community.

Section 41. (a) There is hereby established within the Low-Level Radioactive Waste Trust Fund, a contingent liability account and the institutional control account. The board shall determine annually the amount of revenues, raised from the surcharges imposed pursuant to section thirty-eight, that shall be deposited within each account; provided, however, that after such deposits, no amounts so deposited may be transferred between such accounts.

(b) The contingent liability account shall be used to pay compensation for injuries to persons, land or property resulting from the management of low-level radioactive waste pursuant to section nine.

(c) The institutional control account shall be used to pay institutional control costs pursuant to sections nine and forty-seven. The account shall be used by the board to purchase insurance coverage or otherwise to ensure the availability of funds to meet liability claims during the institutional control period; provided, however, that no portion of the monies held in the institutional control account may be used to satisfy judgments or settlements pursuant to section nine or for any other purpose other than institutional control of a facility.

Section 42. The Low-Level Radioactive Waste Trust Fund, established by section thirty-five H of chapter ten, shall be administered by the board, without liability on the part of the commonwealth beyond the amounts credited to and earned by the fund.

The treasurer shall make payments from accounts of said fund upon receipt of a warrant listing all payments to be made and the accounts to be debited, which has been approved in writing by the board.

The state treasurer shall on or before July first of each year, submit to the board, the governor, the clerk of the senate and the clerk of the house of representatives, an annual report for the previous fiscal year. Said report shall include a statement of the revenues and disbursements of said Fund for the fiscal year, the balance at the beginning and the end of the fiscal year for each account within the trust fund, and any other information the treasurer deems appropriate.

Section 43. (a) At least one year prior to the date scheduled for facility closure in the facility closure plan required to be prepared and maintained by regulations issued pursuant to section sixteen, the operator shall submit such plan to the department of public health and the management board. Said department shall conduct a public meeting on the plan at times to be determined after consultation with the board in each site community and other public meetings in neighboring communities upon request by the chief executive officer of such community. The board shall participate in each such public meeting. Said department shall accept written comments on the plan submitted by any interested person within forty-five days of the public notice of the availability of the plan. Prior to its acceptance of the plan said departments shall consider and evaluate all comments made at a public

meeting or submitted in writing.

(b) Upon acceptance of such plan by said department and the board, the operator shall implement such plan according to the closure schedule contained therein. Said department shall, in cooperation with appropriate officials of each site community and according to regulations adopted pursuant to section sixteen, periodically inspect the operator's implementation of the facility closure plan to ensure that such regulations and the conditions of the facility license are satisfied. The board shall, in cooperation with appropriate officials of each site community, periodically, inspect the operator's implementation of the facility closure plan to ensure that the terms of the comprehensive operating contract are satisfied and that steps necessary to allow the board to accept transfer of the facility license pursuant to section forty-six are taken.

Section 44. Upon completion of site closure activities, the operator shall, for no less than five years thereafter, engage in active observation and maintenance of the facility in accordance with regulations adopted pursuant to section sixteen and the conditions of the facility license. By the end of such time, the operator shall transfer all records of its development, operation, closure and post-closure observation and maintenance of the facility to the board.

Section 45. Institutional control of a facility shall be conducted, subject to appropriation, in accordance with sections forty-six and forty-seven, which shall be known and may be cited as "Phase VI of the Low-Level Radioactive Waste Management Act", and in accordance with the regulations adopted pursuant to section sixteen. The provisions of these sections and regulations shall be implemented so as to provide for the safe and orderly institutional control of a facility following transfer of the facility license from the operator to the board.

Section 46. (a) No sooner than five years after the implementation of the site closure plan pursuant to section forty-four, the board shall accept transfer of the facility license from the operator, if it determines that the operator has fulfilled all of its obligations under the comprehensive operating contract executed pursuant to section thirty-three. No fewer than ninety days prior to such vote, the board shall issue a draft plan for institutional control of the facility in accordance with the regulations adopted under section sixteen for public review and comment. The board shall conduct a public meeting on the plan of each site community and other public meetings in neighboring communities upon request by the chief executive officer of such community. The board shall accept written comments on the plan submitted by any interested person within forty-five days of the public notice of the availability of the plan. Prior to its vote to accept transfer of the license and adopt the plan, the board shall consider and evaluate all comments made at a public meeting or submitted in writing.

(b) Upon the board's decision to accept transfer of the facility license the department of public health shall, after notice and opportunity for hearing, determine whether to allow such transfer. The decision of said

department to approve facility license transfer shall be based on a determination that the operator's obligations under section forty-four have been fulfilled and that the board's program for institutional control of the facility is adequate to protect the public health, safety and the environment. Such decision shall specify, based on the characterization of the facility and of the low-level radioactive waste present at the site, a period of time during which institutional control shall continue, or a procedure for approving termination by the board of institutional control following a specified period of time. The institutional control period shall not be less than the minimum time required for any low-level radioactive waste present at the site to decay to the maximum concentrations above natural background levels permitted to be released into air or water in unrestricted areas under federal and state law.

(c) The operator shall not be required to submit a report to the state ethics commission and the inspector general, in accordance with section twenty-two, for any year after the year during which the facility license is transferred pursuant to this section.

Section 47. The board shall be responsible for institutional control of the facility in accordance with the program approved by the department of public health and regulations adopted pursuant to section sixteen. The board shall annually issue a report of its institutional control of the facility for public review and comment. Within sixty days of issuance of such report, the board shall hold a public meeting in each site community and other public meetings in neighboring communities upon request by the chief executive officer of such community. The board shall consider and evaluate all comments made at such public meetings or submitted in writing within sixty days of the issuance of the report. Said department shall issue an annual report of the supervision of such institutional control activities for public review and comment. Within sixty days of issuance of such report, said department shall hold a public meeting in each site community and other public meetings in neighboring communities, upon request by the chief executive officer of such community. Said department shall consider and evaluate all comments made at such public meetings or submitted in writing within sixty days of the issuance of the report.

Section 48. The selection of an operator and the development of a facility pursuant to this chapter shall, for the purposes of section forty-two B of chapter seven, be construed as an alternative method of design and construction services approved by the legislature, and shall not be subject to sections thirty-eight A 1/2 to thirty-eight N, inclusive, of said chapter seven or of sections forty-four A to forty-four J, inclusive, of chapter one hundred and forty-nine.

**SECTION 6.** The low-level radioactive waste management board, established under the provisions of section two of chapter one hundred and eleven G of the General Laws, is hereby authorized and directed to represent the commonwealth in any and all negotiations with other states for the purpose of reaching an interstate compact agreement to

provide for the establishment and operation of regional disposal facilities for low-level radioactive waste. In carrying out the duties established hereunder, said board may initiate negotiations with any state it deems appropriate to meet the needs of the commonwealth with respect to such facilities upon a majority vote of the board. The board shall include as part of its management plan adopted pursuant to section eleven of chapter one hundred and eleven H of the General Laws a detail report which shall include a summary of all negotiations conducted prior to the establishment of the board, a study of the feasibility of the commonwealth entering into a regional compact which shall identify those states the board deems appropriate for the commonwealth to negotiate with. After the issuance of the detailed report the board shall report semiannually to the joint committee on natural resources on its progress in its negotiations for a regional compact which shall include any additional states which the board determined it is appropriate to negotiate with or any other developments which impact on the establishment of an interstate compact, including any cost to the commonwealth for the disposal of low-level radioactive waste or the volume of waste to be stored in the commonwealth arising from the regional compact negotiations.

**SECTION 7.** The governor, on behalf of the commonwealth, may enter into an agreement with the federal nuclear regulatory commission under section 274 of the Atomic Energy Act of 1954, providing for discontinuance of the regulatory authority of the commission with respect to low-level radioactive waste, by-product, source, and special nuclear material, and the assumption by the commonwealth of the authority to regulate the materials covered by the agreement for the protection of the public health and safety from radiation hazards.

Any person who, on the effective date of an agreement entered into pursuant to this section, possesses a license issued by the federal nuclear regulatory commission for radioactive materials subject to such agreement shall be deemed to possess a like license issued under section five N of chapter one hundred and eleven of the General Laws. Within ninety days of the effective date of such agreement, the department shall reissue such license on such forms as it may require by regulation; provided, however that such reissued license shall expire on the date of expiration specified in the nuclear regulatory commission license.

**SECTION 8.** Nothing in this act shall prohibit the department of public health from issuing a renewal license to any person lawfully holding a license to accept waste for treatment, storage or disposal as of the effective date of this act and any such person may apply to said department for an amendment of the terms and conditions of such license if the application for such amendment has been determined by the low-level radioactive waste management board to be consistent with the management plan adopted pursuant to section twelve of chapter one hundred and eleven H of the General Laws.

**Chapter 550. AN ACT RELATIVE TO THE DISPOSITION OF UNCLAIMED MONIES HELD BY CITIES AND TOWNS.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately dispose of unclaimed monies held by cities and towns, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Chapter 200A of the General Laws is hereby amended by inserting after section 9, as appearing in the 1986 Official Edition, the following section:–

Section 9A. (a) On or before November first of each year the treasurer of any city or town holding checks issued by said city or town which have not been cashed and which are deemed abandoned under section five may issue a written determination that it is in the best interest of said city or town to follow the procedures set out in this section rather than the procedures set out in sections seven, seven A, seven B, eight, eight A, eight B, nine, ten, ten A and eleven. In the event that the treasurer of a city or town issues a written determination that it is in the best interests of said city or town to follow the procedures set out in this section, all checks in the possession of the city or town which were issued by said city or town and which are deemed abandoned under section five shall be governed by the provisions of subsections (b), (c), (d), and (e) rather than the provisions of sections seven, seven A, seven B, eight, eight A, eight B, nine, ten, ten A, and eleven.

(b) Between November first and December thirty-first of each year, a city or town in possession of a check in an amount of ten dollars or more issued by said city or town and not cashed, which is deemed abandoned under section five shall send a notice by first class mail to inform the apparent owner of the check of the process necessary to rebut the presumption of abandonment; provided, however, that said city or town has the last known address of the apparent owner and the records of said city or town do not disclose that said address is inaccurate.

(c) The treasurer of each city or town holding checks in an amount of one hundred dollars or more issued by said city or town, which have not been cashed and which are deemed abandoned under section five, shall cause a notice of said checks to be published not later than March first of each year, at least once a week for two consecutive weeks in a newspaper of general circulation which is printed in English in each county in which an apparent owner of each such check had a last known address.

Each published notice shall be entitled, "Notice of Names of Persons Appearing to be Owners of Checks Issued by (city or town), Which Have Not Been Cashed and are Deemed Abandoned" and shall contain the names in alphabetical order and last known address if any of:

(1) the apparent owners having a last known address within the county; and

(2) in the county in which said city or town is located the apparent owners whose last known address is outside the commonwealth or who do not have a last known address.

Each published notice shall also contain a statement that information about each such check may be obtained by any person expressing an interest in said check by addressing an inquiry to the treasurer of said city or town whose name and address shall be included in the notice..

(d) Any person claiming an interest in a check issued by a city or town which has not been cashed and which has been deemed abandoned under section five, may establish his claim at any time on or before one year after the date of said publication. The treasurer of said city or town shall possess full and complete authority to determine all such claims and shall, forthwith, send a written notice of such determination to the claimant. At any time within twenty days thereafter, such claimant may apply for a hearing and redetermination of his claim. After an appropriate hearing, before the treasurer of said city or town or his designee, said treasurer shall make a final determination.

The treasurer of said city or town or his designee is empowered to take testimony under oath and shall have the power to subpoena and require the attendance of witnesses and the production of books, papers, and documents which may be pertinent to such hearing.

The treasurer of said city or town shall render a decision within thirty days after such hearing. A claimant adversely affected by such decision may appeal within twenty days to the district, municipal, or superior court of the county wherein the claimant resides or in which said city or town is located. The claimant shall be entitled to a trial de novo. An appeal shall be perfected by the claimant within twenty days after receiving notice of an adverse determination from the treasurer of said city or town. Any party adversely affected by a decree or order of the district, municipal, or superior court may appeal to the appeals court or the supreme judicial court within twenty days from the date of the decree.

If the validity of a claim shall be determined in favor of the claimant, the treasurer of said city or town shall pay over to the claimant the amount of the check at issue in said claim, with interest thereon at the rate of one-twelfth of one per cent per month from the date that the claimant first made his claim.

If the claimant is domiciled in a country or state outside the United States or its territories and the treasurer of said city or town determines that there is not a reasonable assurance that the claimant will actually receive the payment to which he is entitled under this section in substantially full value, the superior court upon petition of said treasurer, or in its discretion may order that the city or town retain such payment.

(e) A city or town in possession of a check issued by said city or town and not cashed, which is deemed under section five to be abandoned and which has not been determined to belong to a claimant within one year of the date said check has been deemed abandoned may retain said check. Said check shall thereafter be credited to the general treasury of said city or town.

Approved December 8, 1987.

**Chapter 551. AN ACT PROVIDING FOR THE ABATEMENT OF TAXES ON CERTAIN PROPERTY DESTROYED BY A FIRE IN THE TOWN OF SOUTHBRIDGE.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of sections two A and thirty-eight of chapter fifty-nine of the General Laws, the board of assessors of the town of Southbridge may for the fiscal year beginning July first, nineteen hundred and eighty-seven determine the valuation of property destroyed by the fire of April sixteenth, nineteen hundred and eighty-seven, immediately subsequent to said fire for the purposes of granting abatements applied for under section fifty-nine of said chapter fifty-nine.

The commissioner of revenue is hereby authorized to reimburse said town of Southbridge for any abatements granted pursuant to the provisions of this section from funds appropriated therefor.

**SECTION 2.** This act shall take effect upon its passage.

Approved December 8, 1987.

**Chapter 552. AN ACT RELATIVE TO RESIDENTIAL DEVELOPMENT LOANS.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide for more residential development loans, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Paragraph 11 of subsection B of section 2 of chapter 167E of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first paragraph and inserting in its place the following paragraph:–

A mortgage loan upon two or more parcels of real estate contained within a single project being developed by one owner, for the purpose of financing the construction of a dwelling and appurtenances designed to be occupied by not more than four families upon each such parcel. Such mortgage loan shall not exceed seventy-five per cent of the aggregate estimated completed value of the parcels of land and structures thereon securing the mortgage, or four hundred thousand dollars with respect to each such parcel and structures thereon, whichever amount is the lesser. Each mortgage loan of this class shall be payable not more than three years from the date of the note.

Approved December 8, 1987.

**Chapter 553. AN ACT RELATIVE TO THE TITLE OF THE DIRECTOR  
OF THE OFFICE FOR CHILDREN.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 181 of chapter 6 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out, in line 23, the word "director" and inserting in place thereof the word:- commissioner.

**SECTION 2.** Section 28 of chapter 18 of the General Laws, as so appearing, is hereby amended by striking out, in line 18, the word "director" and inserting in place thereof the word:- commissioner.

**SECTION 3.** The first paragraph of section 9 of chapter 18A of the General Laws, as so appearing, is hereby amended by striking out, in line 3, the word "director" and inserting in place thereof the word:- commissioner.

**SECTION 4.** Section 2 of chapter 28A of the General Laws, as so appearing, is hereby amended by inserting after the definition of "Child with special needs" the following definition:-  
"Commissioner", commissioner of the office for children.

**SECTION 5.** Said section 2 of said chapter 28A, as so appearing, is hereby further amended by striking out the definition of "Director".

**SECTION 6.** Said chapter 28A is hereby further amended by striking out section 3, as so appearing, and inserting in place thereof the following section:-

Section 3. There shall be an office for children under the exclusive supervision and control of a commissioner who shall be appointed by the secretary of human services, with the approval of the governor, and who shall serve at the pleasure of the secretary and may be removed by the secretary at any time, subject to the approval of the governor. The commissioner shall, at the time of his appointment, have substantial professional or administrative experience in a field concerned with children's needs. The position of the commissioner shall be classified in accordance with section forty-five of chapter thirty and the salary shall be determined in accordance with section forty-six C of said chapter thirty and the commissioner shall devote his full time during business hours to the duties of the office. Said commissioner shall appoint and may remove such assistant commissioners and such other employees and consultants as he shall deem necessary to perform the functions of the office. The provisions of chapter thirty-one and sections nine A, nine B and nine D of chapter thirty shall not apply to the commissioner, to such assistant commissioners as he may appoint or to such other supervisory positions as he may create.

The office may lease, purchase, hold and dispose of personal and real

property. Subject to the approval of the secretary of human services, the commissioner may apply for and accept on behalf of the commonwealth any federal, local or private grants, bequests, gifts or contributions to aid in the financing of any of the programs or policies of the office. Such funds shall be received by the state treasurer on behalf of the commonwealth and deposited in a separate account and shall be expended under the direction of the commissioner, with the approval of the secretary of human services. Federal funds paid as reimbursement to the commonwealth shall be deposited in the General Fund.

The office may make agreements with other departments and agencies of the commonwealth and may contract with other persons, including private agencies, to carry out any of the functions and purposes set out in this chapter. The commissioner shall establish standards and procedures governing such agreements and contracts subject to the approval of the secretary of administration.

The commissioner, pursuant to the provisions of chapter thirty A shall make and, from time to time, revise such regulations as may be necessary to carry out the functions set forth in this chapter.

**SECTION 7.** Section 6A of said chapter 28A, as so appearing, is hereby amended by striking out, in lines 1, 18, 25, 35, 38 and 39 and in line 54, the word "director" and inserting in place thereof, in each instance, the word:- commissioner.

**SECTION 8.** Paragraph (a) of the second paragraph of section 8 of said chapter 28A, as so appearing, is hereby amended by striking out clauses (1) to (4), inclusive, and inserting in place thereof the following four clauses:-

- (1) assist the commissioner in coordinating the efforts of all public agencies concerned with services to children;
- (2) advise the commissioner on policy, planning and priorities of need in the commonwealth for services to children;
- (3) review regulations proposed by the office and make recommendations to the commissioner in regard thereto;
- (4) suggest new regulations to the commissioner.

**SECTION 9.** Section 12 of said chapter 28A, as so appearing, is hereby amended by striking out, in line 1, the word "director" and inserting in place thereof the word:- commissioner.

Approved December 8, 1987.

**Chapter 555. AN ACT AUTHORIZING THE DIVISION OF CAPITAL PLANNING AND OPERATIONS TO GRANT AN EASEMENT OVER CERTAIN LAND LOCATED IN THE TOWN OF NEW SALEM.**

Be it enacted, etc., as follows:

**SECTION 1.** The deputy commissioner of the division of capital planning and operations is hereby authorized, subject to the provisions of sections forty E through forty J of chapter seven of the General Laws, to convey by deed approved as to form by the attorney general, a permanent easement for passage and access purposes over certain land under the control of the metropolitan district commission and located in the town of New Salem, to Bernard Snow, subject to the provisions of section two and to such additional terms and conditions as the deputy commissioner may prescribe, in consultation with the metropolitan district commission. Said easement extends from state highway route 122, northerly to land of Bernard A. Snow and is more particularly described by metes and bounds, as follows:-

BEGINNING at a point in the northerly line of the October 19, 1937 state highway layout of the Petersham Highway, said point being located S.81°27'55"E. a distance of 87.07 feet from the locus of a Massachusetts Highway bound (MHB) opposite station 51+55.73 of said layout; and running thence:

**Chapter 560. AN ACT RELATIVE TO MEDICAL MALPRACTICE INSURANCE.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of any general or special law to the contrary, on or before September first of the calendar year preceding the date by which the commissioner shall fix and establish classifications of risks and premium charges pursuant to section five A, of chapter one hundred and seventy-five A of the General Laws each dental service corporation established under the provisions of chapter one hundred and seventy-six E shall file with the commissioner of insurance such data as will show the percentage of total revenues for dentists in the commonwealth, which is attributable to payments by it which are subject to limitations on charges and collections imposed by contractual agreement of such dental service corporation, and the percentage of such total revenues which is attributable to payments by it under policies providing supplemental coverage to health insurance provided under Title XVIII of the Social Security Act, if any. Any interested party, including, without limitation, organizations of dentists and agencies of the commonwealth or of the United States, may file, within the same time period, data relating to the total revenues for dentists in the commonwealth and the percentage share thereof paid by:

(a) dental service corporations for services which are subject to limitations on charges and collections imposed by contractual agreement of such dental service corporations;

(b) governmental units as to which the rates of payment for professional services to dentists are fixed and established by the rate setting commission pursuant to section thirty-two of chapter six A of the General Laws;

(c) insurers under chapter one hundred and fifty-two of the General Laws;

(d) health insurance under Title XVIII of the Social Security Act;

(e) dental service corporations under policies providing supplemental coverage to health insurance provided under Title XVIII of the Social Security Act, if any; and

(f) all other payors, including, without limitation, dental service corporations to the extent their payments are not included in clauses (a) to (e), inclusive, of this paragraph.

The commissioner of insurance may require any insurer, health

maintenance organization or other payor making payments to dentists in the commonwealth for dental services, to file data that will show such payor's total payments to dentists in the commonwealth during such prior time period as the commissioner of insurance shall specify, and such other or further data as may be necessary to carry out the provisions of this act.

No later than November first, the commissioner shall hold a hearing to determine, based on the data filed by dental service corporations or any other party, or on other data or reasonable estimates available to him and introduced into the record in the said hearing the percentage share of total revenues for dentists, in the commonwealth, paid by the following:

(a) dental service corporations for services which are subject to limitations on charges and collections imposed by contractual agreement of such dental service corporations;

(b) governmental units as to which the rates of payment for professional services to dentists are fixed and established by the rate setting commission pursuant to section thirty-two of chapter six A of the General Laws;

(c) insurers under chapter one hundred and fifty-two of the General Laws;

(d) health insurance under Title XVIII of the Social Security Act;

(e) dental service corporations under policies providing supplemental coverage to health insurance under Title XVIII of the Social Security Act, if any; and

(f) all other payors, including, without limitation, dental service corporations to the extent their payments are not included in clauses (a) to (e), inclusive, of this paragraph. Said determination shall be made no later than March first of the succeeding calendar year.

Any interested party, which has filed data relating to the said percentages of total revenues for dentists and the medical malpractice analysis bureau, shall be entitled to participate in the hearing thereon, to present oral and written evidence, to examine and cross-examine witnesses, to review all information and materials filed with or relied on by the commissioner of insurance, and to submit briefs or position papers to any determination by the commissioner of insurance.

Any interested party which has participated in said hearing and is aggrieved by any action, order, finding or decision of the commissioner of insurance under this act may, within twenty days from the filing of his decision thereof in his office, file a complaint in the supreme judicial court for the county of Suffolk for a review of such action, order, finding or decision, and serve a copy thereof upon the commissioner of insurance and the attorney general. Within twenty days after the service of said complaint, the complaint shall be assigned for a speedy and summary hearing on the merits. The action, order, finding or decision of the commissioner of insurance shall remain in full force and effect pending the final decision of the court. The court shall have jurisdiction to modify, amend, annul, reverse or affirm such action, order, finding or decision, but such action, order, finding or decision shall not be modified,

amended, annulled or reversed, unless the court finds that the commissioner of insurance erred as a matter of law, or that the decision was unsupported by any evidence in the record, with every reasonable inference in support of the decision made therefrom. The decision of the court shall be final and conclusive on the parties. The court shall make such rules or orders as it deems proper governing proceedings under this section to secure prompt and speedy hearings and to expedite final decisions thereon. In the event that the court modifies, amends, annuls or reverses such action, order, finding or decision, the decision of the court shall be implemented by the commissioner in the next hearing, commenced pursuant to this section, following said decision.

Payment made by any dental service corporation relating to services subject to limitations on charges and collections imposed by contractual agreement of such dental service corporation which are rendered by participating dentists covered by policies of medical malpractice insurance shall be adjusted for changes in medical malpractice premium charges fixed and established pursuant to section five A of chapter one hundred and seventy-five A of the General Laws. The dental service corporation's payment shall be the amount of the total malpractice adjustment for that procedure code in addition to the amount paid to the participating dentist for that procedure.

The total adjustments shall be sufficient to generate, over a twelve month period, additional payments to participating dentists equal to the total dollar increase in medical malpractice insurance premium charges over the charges which were fixed and established by the decision of August twentieth, nineteen hundred and eighty-six, multiplied by the following fraction: (a) the numerator shall be the per cent of total revenues for dentists, which the dental service corporation's payments for services subject to limitations on charges and collections imposed by contractual agreement of such dental service corporation constitute, plus one-half of the per cent of total revenues for dentists, paid by health insurance under Title XVIII of the Social Security Act; and (b) the denominator shall be one hundred per cent minus the per cent of total revenues for dentists, paid by the dental service corporation under policies providing supplemental coverage to health insurance under Title XVIII of the Social Security Act, if any. In the event that medical malpractice insurance premium charges decrease, negative adjustments shall be made pursuant to the same formula.

Any participating dentist, when filing a request for payment based on a procedure code with said dental service corporation, shall be allowed to include the dollar amount of the total adjustment allocated for that procedure code; provided, however, that said dollar amount shall not be separately stated. Upon submission of such dollar amount by the participating dentist, the dental service corporation shall include all of that dollar amount in the amount paid to the participating dentist for that procedure code. No change in medical malpractice insurance premium charges shall be approved by the commissioner of insurance until he has determined the percentage shares of total revenues for dentists paid by the dental service corporations and others as provided

herein. The adjustment to payments by the dental service corporation shall take effect with the next regularly scheduled change in payments following the change in medical malpractice insurance premiums; provided, however, that said next regularly scheduled change in payments shall not be less than ninety days following the decision fixing and establishing total adjustments. The dental service corporation shall make available to participating dentists a list of the adjustments by the procedure code that have been made prior to the next regularly scheduled change in payments. The dental service corporation shall also provide said list to the division of insurance, which shall make available such list upon request.

Whenever the premiums, rates or subscription charges of a dental service corporation are subject to regulation by the commissioner of insurance, the commissioner of insurance shall allow such corporation to include within its premiums, rates or subscription charges such adjusted payments to participating dentists, effective as of the date that such adjusted payments were first implemented.

The commissioner shall determine the methodology pursuant to which each dental service corporation shall allocate the total adjustments among procedure codes in order that payments to participating dentists are apportioned among the risk classifications established by the commissioner under section five A. The methodology will provide for application of the adjustments to usual charge levels for each participating dentist and to customary charge levels, in each instance separately stated by procedure code. For purposes of this act the commissioner shall make this determination on a biennial basis; provided, however, that upon the motion of any party at any future hearing under this act the commissioner shall review the methodology previously approved by him and approve such changes as may be necessary in order that the allocation methodology apportion such payments in accordance with this paragraph.

For purposes of this act "participating dentist" shall mean a registered dentist who agrees in writing with a dental service corporation to perform dental service for subscribers and covered dependents and to abide by the by-laws, rules and regulations of such corporation.

**SECTION 2.** The total adjustments to payments by dental service corporations to participating dentists established in section one of this act shall be applicable to payments by said dental service corporations to said participating dentists commencing on the next regularly scheduled change in payments following June first, nineteen hundred and eighty-nine.

**SECTION 3.** The provisions of section one shall terminate upon the completion of the rate period ending June thirtieth, nineteen hundred and ninety-two.

**SECTION 3.** The secretary of environmental affairs is hereby authorized to expend a sum not exceeding thirty million dollars for the acquisition of property, easements, rights in development and associated costs on properties within the Quabbin, Ware river, Wachusett and Sudbury watersheds for the protection of the water resources of the commonwealth. Said funds shall be allocated by the comptroller to the department of fisheries, wildlife and environmental law enforcement and the metropolitan district commission pursuant to schedules filed with the comptroller. For all purposes of other general and special laws debt service on bonds issued for extending the watershed of the metropolitan district commission's division of watershed management shall be deemed debt service of the division, and such extensions by said division made pursuant to this section shall be considered a capital improvement for the purposes of section one hundred and thirteen of chapter ninety-two of the General Laws. Amounts appropriated in this section shall be in addition to amounts previously appropriated for this purpose.

**SECTION 4.** The secretary of environmental affairs is hereby authorized to expend a sum not exceeding ten million dollars for grants to cities and towns for the improvement of public coastal facilities pursuant to the provisions of chapter twenty-one F of the General Laws. The amount hereby appropriated shall be in addition to any funds previously appropriated for this purpose.

**SECTION 5.** The secretary of environmental affairs is hereby authorized to expend a sum not exceeding ten million dollars for the purposes of establishing a grant program to cities and towns and state agencies and commissions for studies and the preparation of plans, if necessary; and for the purchase of land, if needed; for demolition, construction, reconstruction and rehabilitation, including furnishings and equipment, of recreational facilities in urban areas throughout the commonwealth with high population density, as determined by said

secretary. Not less than one-half of the funds appropriated herein shall be used by the metropolitan district commission or for grants to cities and towns within the jurisdiction of metropolitan district commission, and not less than thirty-five per cent of the funds authorized herein shall be obligated for the city of Lawrence for the acquisition of land and the construction of recreational facilities in said city.

**SECTION 6.** The secretary of the executive office of environmental affairs is hereby authorized to expend a sum not exceeding ten million dollars for the purpose of establishing an emergency land conservation grant program to cities, towns and state agencies or commissions within said secretariat. Grants authorized herein shall be issued for emergency land acquisitions, the purchase of development restrictions, easements or other interests in land acquired through eminent domain proceedings and any costs incurred by a city or town for compensating a land owner resulting from local zoning decisions, including any legal fees incurred by such city or town for defending such zoning decisions. Said emergency grants may only be issued to a city, town and state agencies or commissions for said purposes when said secretary determines that no other source of funds is available and the purpose for which a grant is requested is of extreme environmental sensitivity and requires state intervention to ensure the preservation of the public health, welfare or environment. Said secretary shall not award grants to any city, town and state agency or commission for a project that, in the opinion of said secretary and the secretary of the executive office of communities and development, is unreasonably restrictive of housing, particularly housing for low and moderate income families or economic development; provided, however the secretary of the executive office of environmental affairs shall state his reasons for denying a grant based on restrictive housing or restrictive economic development in writing to any grant applicant. Said secretary shall establish regulations for the purpose of carrying out the provisions of this section.

**SECTION 7.** The secretary of the executive office of environmental affairs is hereby authorized to expend two million dollars for the boatyard preservation restrictions program as set forth in this section for land actively devoted to construction, repair, maintenance or storage of commercial or recreational vessels.

There is hereby established a boatyard preservation restriction program within the division of coastal zone management. The director of said division may purchase boatyard preservation restrictions from any boatyard owner in the commonwealth subject to the approval of the secretary of the executive office of environmental affairs upon the recommendation of the boatyard preservation committee established hereunder, based on an application from the city or town wherein a boatyard is located. The director shall establish rules, regulations and criteria for the boatyard preservation program, provided, however, that such rules, regulations and criteria shall at a minimum guarantee public coastal access at any boatyard which participates in this program

including, but not limited to, right-of-passage on the beach area and, to the extent possible as determined by said director in consultation with said secretary, public boat launching access at such boatyards. Title to boatyard preservation restrictions purchased hereunder shall be held in the name of the commonwealth; provided, however, that said director may establish regulations, subject to the approval of said secretary, and establish standards which would enable an interested city or town to administer the preservation restriction in such city or town. Said director, subject to the approval of said secretary, shall pay for boatyard preservation restrictions an amount recommended by the boatyard preservation committee; provided, however, that such amount shall not exceed the difference between the fair market value of such land and the fair market value of such land if it is restricted to marine construction, repair and storage purposes.

There is hereby created a boatyard preservation committee in the office of coastal zone management, the members of which shall be the director of coastal zone management, who shall be chairman, the secretary of economic affairs, the director of the office of state planning, or their respective designees, and three members appointed by the governor, two of whom shall be owners and operators of boatyards in the commonwealth. Said committee shall evaluate and reject or recommend projects submitted by cities and towns to the director of the division of coastal zone management. In so evaluating, the committee shall consider at a minimum the following:-

(1) The suitability of land as to amount of waterfront property and other criteria for boatyards use.

(2) The fair market value of such land and the fair market value of such land when used for boatyard purposes as determined by independent appraisals.

(3) The degree to which the acquisition would serve to preserve the marine construction, repair, maintenance and storage potential of the commonwealth. The director of coastal zone management may establish such rule and regulations as may be deemed necessary to carry out the purposes of this section.

A boatyard preservation restriction means a right, whether or not stated in the form of a restriction, easement, covenant or condition, in any deed, will or other instrument executed by or on behalf of the owner of the land appropriate to retaining land or water areas predominantly in their use for marine construction, maintenance, storage and repair, to forbid or limit any and all (a) construction or placing of buildings except for those used for marine construction, maintenance, storage and repair purposes or for dwellings used for family living by the land owner, his immediate family or employees;

(b) excavation, dredging, or removal of loam, peat, gravel, soil, rock or other mineral substance in such a manner as to adversely affect the land's overall future potential for use as a boatyard; and (c) other acts or uses detrimental to such retention of the land for use as a boatyard. Such boatyard preservation restrictions shall be in perpetuity.

**SECTION 8.** The secretary of environmental affairs is hereby authorized to expend a sum not to exceed twenty-five million dollars for assistance to cities and towns in the acquisition of land pursuant to the provisions of section eleven of chapter one hundred and thirty-two A of the General Laws and the provisions of this section.

In awarding grants through regulations promulgated to effect the provisions of this section and said section eleven of chapter one hundred and thirty-two A, said secretary may include the following considerations in determining the total points earned for each grant application. Said secretary may award up to ten additional points to a municipality for the existence or planned acceptance of major state public institutions or facilities including but not limited to state and county prisons, mental health facilities, regional solid waste facilities, federal and state military reservations, excluding institutions of public higher education, within said municipality. Said secretary may award up to ten additional points to a municipality which has voted to override any local debt limit or property tax limit for the purpose of providing funds to purchase open space in the preceding two fiscal years.

Notwithstanding the provisions of said section eleven of said chapter one hundred and thirty-two A or any other general or special law to the contrary, grants awarded from funds authorized herein shall be for up to ninety per cent of the total cost of the approved project, including study, design and acquisition. For the purposes of this section, all municipalities in the state shall be divided into deciles based on the relative ranking of equalized property valuations per capita of all municipalities in the state, as determined by the secretary of administration and finance. Municipalities in the decile ranking of the lowest property valuations per capita shall be eligible for up to a ninety per cent state reimbursement of the total approved cost and municipalities in each subsequently higher decile shall be eligible for up to three per cent less than the immediately preceding decile.

The secretary of environmental affairs is hereby authorized to grant up to an additional ten per cent to the percentage a municipality is eligible for, as determined by the provisions of the preceding paragraph, if said secretary determines the municipality to be one of extreme critical need or if the proposed project is one of particular environmental sensitivity. No more than five municipalities per year shall be designated to be in need of the additional ten per cent or less grant.

Said secretary shall set aside twenty per cent of the funds authorized within this section for the purposes of awarding grants to municipalities who are included within the lowest two deciles of equalized property valuations per capita of all municipalities in the state. Said secretary shall actively encourage applications from said municipalities within each grant round and shall provide technical assistance to said municipalities to assist with the application process.

**SECTION 9.** The secretary of environmental affairs is hereby authorized to expend a sum not to exceed thirty million dollars for

assistance to cities and towns in the acquisition and development of land pursuant to the provisions of chapter nine hundred and thirty-three of the acts of nineteen hundred and seventy-seven and the provisions of this section.

Of the amount authorized herein, said secretary is hereby authorized to expend a sum not exceeding two million dollars to assist towns with a population of fewer than thirty-five thousand residents to acquire land for municipal park and recreation purposes and for the restoration and rehabilitation of such municipal park and recreation lands in accordance with the requirements and procedures of chapter nine hundred and thirty-three of the acts of nineteen hundred and seventy-seven; provided further, that of said two million dollars, no grant shall exceed fifty thousand dollars for any single project.

In awarding grants through regulations promulgated to effect the provisions of this section and said section eleven of said chapter one hundred and thirty-two A, said secretary may include the following considerations in determining the total points earned for each grant application. Said secretary may award up to ten additional points to a municipality for the existence or planned acceptance of major state public institutions or facilities including but not limited to state and county prisons, mental health facilities, regional solid waste facilities, federal and state military reservations, excluding institutions of public higher education, within said municipality. Said secretary may award up to ten additional points to a municipality which has voted to override any local debt limit or property tax limit for the purpose of providing funds to purchase open space in the preceding two fiscal years.

Notwithstanding the provisions of said chapter nine hundred and thirty-three or any other general or special law to the contrary, grants awarded from funds authorized herein shall be for up to ninety per cent of the total cost of the approved project, including study, design and acquisition. For the purposes of this section, all municipalities in the state shall be divided into deciles based on the relative ranking of equalized property valuations per capita of all municipalities in the state, as determined by the secretary of administration and finance. Municipalities in the decile ranking of the lowest property valuations per capita shall be eligible for up to a ninety per cent state reimbursement of the total approved cost and municipalities in each subsequently higher decile shall be eligible for up to three per cent less than the immediately preceding decile.

The secretary of environmental affairs is hereby authorized to grant up to an additional ten per cent to the percentage a municipality is eligible for, as determined by the provisions of the preceding paragraph, if said secretary determines the municipality to be one of extreme critical need or if the proposed project is one of particular recreational importance. No more than five municipalities per year shall be designated to be in need of the additional ten per cent or less grant.

Said secretary shall set aside twenty per cent of the funds authorized within this section for the purposes of awarding grants to municipalities who are included within the lowest two deciles of equalized property

valuations per capita of all municipalities in the state. Said secretary shall actively encourage applications from said municipalities within each grant round and shall provide technical assistance to said municipalities to assist with the application process.

**SECTION 10.** The secretary of environmental affairs is hereby authorized to expend a sum not exceeding five hundred thousand dollars for the development of statewide planning and land management capabilities and to facilitate coordination of the various land acquisition and development programs under the jurisdiction of the executive office, including but not limited to programs initiated by the departments of environmental management, food and agriculture, environmental quality engineering, fisheries, wildlife and environmental law enforcement, and the metropolitan district commission; and for the preparation of a report detailing all land owned by the state and managed by the executive office of environmental affairs or its constituent agencies and the purposes used therefor, said report to be filed with the clerk of the house of representatives who shall forward the same to the joint committee on natural resources and the house and senate committees on ways and means by February first, nineteen hundred and eighty-eight and updated periodically thereafter; and for the study of the need for a program to protect lands around drinking water reservoirs.

**SECTION 11.** The commissioner of the department of environmental management is hereby authorized to expend a sum not to exceed six million three hundred thousand dollars for the costs of planning, study, design, acquisition, engineering, construction, reconstruction, improvement and expansion of recreational facilities, including costs of equipment related thereto. Amounts appropriated herein shall be in addition to any funds previously appropriated for this purpose.

**SECTION 12.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding eleven million two hundred thousand dollars for the acquisition of land and associated costs in connection herewith to continue a program for the protection and enhancement of the state parks system, including acquisition of land and interests therein situated in or adjacent to state parks, state forests, state reservations, or other protected land permanently open to the public; provided, further, that no less than five hundred thousand dollars be expended for the acquisition and development of a public beach at Lake Lorraine in the city of Springfield.

The commissioner may initiate said program in cooperation or in conjunction with one or more nonprofit organizations whose purposes are consistent with the objectives of this section; provided, however, that said property shall be held by the department of environmental management for the purpose of conservation and recreation under the provisions of chapter one hundred and thirty-seven A of the General Laws. The amount hereby appropriated to be in addition to any funds previously appropriated for this purpose.

**SECTION 13.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding ten million dollars for a program of grants to cities and towns for the purpose of planning, design, acquisition, development and associated costs in connection with the rehabilitation and restoration of commons and squares in city and town centers; provided, however, that the city of Worcester shall receive not less than four per cent of the funds appropriated herein. The amount hereby appropriated shall be in addition to any funds previously appropriated for this purpose.

**SECTION 14.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding twenty-eight million five hundred thousand dollars for the acquisition of lands fronting on rivers and for the design and construction of recreational facilities thereon, including associated costs for conservation and recreation purposes, provided that not less than five hundred thousand dollars of the amount authorized herein be obligated and expended for the purposes of an interagency agreement between said department and the department of public works for the purposes of a study, design, planning, engineering, acquisition, development and related and associated costs for improvement of lands within or adjacent to traffic reconstruction projects of the department of public works. The amount hereby appropriated shall be in addition to any funds previously appropriated for this purpose.

**SECTION 15.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding three million dollars for a study, and the preparation of plans, if necessary, and for development of Maudsley State Park in the city of Newburyport, including costs of furnishings and equipment and interpretive exhibits.

**SECTION 16.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding one hundred and fifty thousand dollars to prepare and implement a comprehensive regional open space program for the towns of Bellingham, Blackstone and Franklin.

**SECTION 17.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding two million dollars for planning and a program of grants to municipalities for the purpose of design, construction, engineering, site improvements, and associated costs in connection with the rehabilitation and restoration of lighthouse structures and adjacent land; provided, however, that any and all grants shall be matched with a fifty per cent cash or in-kind grant for the costs of such projects from federal, local or private sources; and provided, further, than any municipality receiving a grant from funds appropriated herein shall, as a condition of any such grant, agree to provide maintenance thereof and permit access to any such structure and adjacent land to the general public in accordance with a long-term agreement with said department.

**SECTION 18.** The commissioner of environmental management is hereby authorized to expend a sum not exceeding ten million dollars for acquisition as authorized by section one of chapter seven hundred and forty-two of the acts of nineteen hundred and seventy and for studies, the preparation of plans, and for the design, construction, development and associated costs, including costs of equipment and furnishings, of recreational facilities in the Boston Harbor Islands State Park, for the rehabilitation and improvement of existing park facilities, and for the purpose of entering into agreements with the city of Boston for the development and associated costs of recreational facilities on Boston Harbor Islands owned by the city.

The city of Boston is hereby authorized to receive and expend funds from the department of environmental management for studies, the preparation of plans, and for design, construction, development and associated costs, including the costs of furnishings and equipment, of recreational facilities on the Boston Harbor Islands, subject to the terms of an agreement with the commissioner of environmental management relative to the use of said funds. All such funds shall be expended by the city of Boston only in accordance with said agreement, and the agreement shall be subject to the approval of the secretary of administration and finance. The department of environmental management may obtain title or lesser interest in land on the Boston Harbor Islands owned by the city of Boston which is to be developed for recreation or conservation.

**SECTION 19.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding forty million dollars for the acquisition of land and easements in land fronting saltwater, whether containing beaches or otherwise, and associated costs herewith, for the purpose of continuing a long-term program of providing and ensuring conservation of, and public access to, saltwater front properties; provided, however, that said commissioner may expend funds appropriated herein for the acquisition of land and easements in land fronting freshwater rivers within the coastal zone and associated costs herewith. The amount hereby appropriated shall be in addition to any funds previously appropriated for this purpose.

**SECTION 20.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding two million two hundred and fifty thousand dollars for a grant program to cities and towns for rehabilitation and repair of federally constructed local flood protection projects and dam repairs; provided, however, that not more than seven hundred and fifty thousand dollars may be expended for grants to cities and towns for dam repairs. The grants authorized in this section shall be issued in accordance with guidelines and criteria established by said department; provided, further, for the purpose of meeting the eligibility requirements for dam repair grants authorized in this section, a city or town may accept a transfer of ownership of a dam from a private entity; provided, however, that upon application for dam

repair grants, a city or town accepting transfer of ownership of a dam from a private entity must provide proof to said commissioner that ownership of such dam has been legally transferred to such city or town.

**SECTION 21.** The commissioner of the department of environmental management is hereby authorized to expend three million dollars for the development, construction and associated cost for the Pope Island marina in the city of New Bedford. The amounts appropriated in this section shall be in addition to any funds previously appropriated for this purpose.

**SECTION 22.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding six million dollars to initiate a program to preserve, protect and enhance the integrity and beauty of coastal properties and beaches owned by said department, said sum to cover costs including, but not limited to, studies, preparation of plans, if necessary, construction and reconstruction, renovation and maintenance of existing buildings, roads, parking lots, drainage structures, walkways, fences, and other improvements, revegetation, reconstruction and protection of dunes; improving public access; and conformance with coastal and other environmental laws and regulations.

**SECTION 23.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding five million dollars for the study and the preparation of plans, if necessary, and associated costs for the acquisition and development of trails in the commonwealth. The amount hereby appropriated shall be in addition to any funds previously appropriated for this purpose.

**SECTION 24.** The commissioner of the department of environmental management is hereby authorized to expend a sum not exceeding two million dollars for development, rehabilitation and maintenance costs in the underutilized parks and forests in the Northern Tier, so-called, particularly in the Wendell, Erving, and Warwick State Forests; said sum to cover costs including, but not limited to, studies; preparation of plans; if necessary; construction and reconstruction, renovation, repair and maintenance of necessary and existing buildings and structures, including boat ramps, bridges, and dams, roads, fences, parking lots, trails, camp grounds, utility systems, signs; acquisition and maintenance of equipment; and other costs of improvements for protection and enhancement of natural resources in said forests.

**SECTION 25.** The division of capital planning and operations is hereby authorized to transfer the control and jurisdiction of a certain parcel of land, and buildings located thereon, in the city known as the town of Methuen, such parcel being bounded and described as set forth in section two of chapter six hundred and six of the acts of nineteen hundred and eighty-two, to the department of environmental management.

The department of environmental management is hereby authorized to expend a sum not exceeding one million dollars for the purpose of development and associated costs in connection with the establishment of a public passive recreational park thereon.

The deputy commissioner of the division of capital planning and operations, acting for and on behalf of the commonwealth, as provided in section forty F of chapter seven of the General Laws, is hereby authorized to convey to the city known as the town of Methuen, by deed approved as to form by the attorney general, the parcel of land referred to in the first paragraph of this section upon completion of development by the department of environmental management of a public passive recreation park thereon; provided, however, that said city demonstrates to the department the ability to maintain said property and enters into an agreement with said department and division to maintain said property as a passive recreation park which shall be open to the general public.

**SECTION 26.** The commissioner of the department of environmental management is hereby authorized to grant to the counties of Hampden and Hampshire an amount not to exceed two hundred and ten thousand dollars for the purpose of conducting a management plan and boundary survey of Mount Tom reservation located in the city of Holyoke, such grant to be in accordance with such terms and conditions as are determined by the department.

**SECTION 27.** The department of environmental quality engineering is hereby authorized to expend a sum not to exceed fifteen million dollars for grants to cities, towns and districts for the acquisition of lands and waters and easements by said cities, towns, and districts to protect and conserve groundwater aquifers and recharge areas, surface water supplies and watershed areas, and surface or underground lands adjacent to said resources, for the protection of water that is determined by said department to be of potential use for water supply purposes, consistent with section one hundred and sixty of chapter one hundred and eleven of the General Laws; provided, however, that any such grants approved by the department and provided hereunder to cities, towns and districts may be for up to eighty per cent of the eligible costs of such projects; and provided further, that the department of environmental quality engineering shall establish standards and guidelines for the administration and disbursement of said funds and criteria for the receipt of such funds with the approval of the water resources commission. No city, town, district or commission shall receive such assistance unless it has adopted or is in the process of adopting a local water resources management plan pursuant to regulations established by the water resources commission. The amount hereby appropriated shall be in addition to any funds previously appropriated for this purpose. The department is directed to develop guidelines and standards relative to the protection of potability of surface water. Said standards shall be made available to municipalities of the commonwealth for the purpose of

adopting local regulations to protect surface water supplies.

The department may accept, and expend on behalf of the commonwealth, without further appropriation, funds provided by any federal program for these purposes. The department may enter into contracts with agencies of the United States to obtain federal grants or reimbursements under related federal programs.

**SECTION 28.** The commissioner of the department of environmental quality engineering, pursuant to section fifteen, may, subject to available funds and subject to criteria which said commissioner may establish pursuant to said section, acquire land or easements surrounding Silver Lake in the town of Kingston.

**SECTION 29.** The commissioner of the department of fisheries, wildlife and environmental law enforcement is hereby authorized to expend a sum not exceeding thirty million dollars for the acquisition of lands and associated costs for: (a) lands fronting on rivers and streams, including cold water streams; (b) wildlife lands and corridors; (c) land adjacent to conservation lands; and (d) lands identified as rare and endangered (animal or plant) species habitat provided, however, that not less than twenty per cent of the funds expended under this section shall be expended on properties within the coastal zone as defined by the Massachusetts office of coastal zone management, including coastal anadromous stream, provided further, however, that the comptroller shall allocate amounts herein appropriated for the purpose identified in clauses (a), (b), (c), and (d) pursuant to schedules filed with the comptroller by the secretary of environmental affairs based on recommendations filed with said secretary by the commissioner of the department of fisheries, wildlife and environmental law enforcement; provided, however, that said schedules shall also be filed with and approved by the house and senate committees on ways and means; provided, further, said schedules shall be deemed approved if, within twenty-one days of receipt of said schedules by either committee, no action is taken by either committee. Said schedules shall correspond, to the extent feasible, to the proportional expenditures proposed by the October nineteen hundred and eighty-six Plan of the department of fisheries, wildlife and environmental law enforcement entitled "capital outlay request - a five point ten year plan land of acquisition". The amount hereby appropriated to be in addition to any funds previously appropriated for this purpose.

**SECTION 30.** The commissioner of the department of fisheries, wildlife, and environmental law enforcement is hereby authorized to expend a sum not exceeding one million five hundred thousand dollars for the acquisition and development of land on lake, pond, saltwater and riverfront property for the purposes of providing public access. The amount hereby appropriated to be in addition to any funds previously appropriated for this purpose.

**SECTION 31.** The commissioner of the department of food and agriculture is hereby authorized to expend a sum not exceeding thirty-five million dollars for a program to acquire agricultural preservation restrictions pursuant to sections eleven A to eleven D, inclusive, of chapter one hundred and thirty-two A of the General Laws.

Any person or entity who receives funds from the amounts authorized herein shall be encouraged to participate in any and all programs of the department of food and agriculture as may be suggested by the commissioner of the said department. These programs may include, but not be limited to, integrated pest management, pesticide regulation and reduction, agri-composting, etc. The agricultural lands preservation committee shall prioritize the allocation of funds awarded herein for the acquisition of agricultural preservation restrictions on those lands deemed to be of significance to the protection and preservation of the commonwealth's agricultural balance. The amount hereby appropriated shall be in addition to any funds previously appropriated for the purpose.

**SECTION 32.** The commissioner of the metropolitan district commission is hereby authorized to expend a sum not exceeding forty-eight million dollars for land acquisition and related improvements on properties within the metropolitan park district, and, land in and around rivers, streams, ponds and marshes, including Constitution beach in the East Boston section of the city of Boston, within the jurisdiction of the metropolitan district commission to provide or enhance public access to or enjoyment of such rivers, streams, ponds and marshes. Notwithstanding the provisions of any general or special law to the contrary, the metropolitan district commission is hereby authorized to carry out site clearance including demolition of structures, and preparation, relocation, reclamation and development which said commission deems necessary and appropriate to restore and improve the natural setting of said land, rivers, streams, ponds and marshes and improve the water quality thereof. The amounts hereby appropriated shall be in addition to any funds previously appropriated for this purpose.

**SECTION 33.** The metropolitan district commission is hereby authorized to expend a sum not exceeding five hundred thousand dollars to renovate and refurbish the Ventura street playground, located at Suffolk county within the metropolitan district commission parks reservation area.

**SECTION 34.** The commissioner of the metropolitan district commission is hereby authorized to expend a sum not exceeding five million dollars for studies, the preparation of plans, and for design, construction, development and associated costs, including the costs of furnishings and equipment, of recreational facilities in the Boston Harbor Islands State Park and for the improvement and rehabilitation of existing park facilities.

**SECTION 35.** Notwithstanding the provisions of section thirteen of

chapter six hundred and twenty-nine of the acts of nineteen hundred and eighty-two, clause (K) of section five of chapter six hundred and six of the acts of nineteen hundred and fifty-eight, sections seven and fourteen of said chapter six hundred and six, or any other special or general law to the contrary, the Massachusetts Convention Center Authority shall not construct a two-lane traffic tunnel under the Public Garden, Charles Street and Boston Common from Commonwealth avenue at or near Arlington Street, all within the city of Boston, to the Boston Common Garage within boundaries substantially as follows:-

Beginning at a point on Commonwealth avenue at about midway between Arlington street and Berkley street and running in an easterly direction on and under Commonwealth avenue, and under Arlington street, the Public Garden and Charles street at a location on Charles street approximately midway between Beacon and Boylston streets to the garage, so located as not to disturb permanently the Washington Monument or the bridge over the Public Garden pond, as authorized by the former clause (H) of section two of said chapter six hundred and six; nor any other tunnel or structure under said Public Garden.

**SECTION 36.** The department of fisheries, wildlife and environmental law enforcement may acquire lands identified as rare and endangered species habitat by taking such lands by eminent domain under the provisions of chapter seventy-nine of the General Laws using the funds appropriated by section twenty-nine of this act, or section nine J of chapter seven hundred and twenty-three of the acts of nineteen hundred and eighty-three, or funds in the Nongame Wildlife Fund established by section five B of chapter one hundred and thirty-one of the General Laws and appropriated for land acquisition purposes.

**SECTION 37.** Each agency acquiring land or interest in land pursuant to the provisions of sections three, twelve, nineteen, twenty-nine, and thirty-one, may expend an amount not exceeding five per cent of the amount appropriated to such agency in said sections for the purpose of reimbursing nonprofit land conservation organizations or land trusts for their reasonable expenses directly associated with the acquisition of land or interests in land subsequently conveyed to the commonwealth. Reimbursements shall be made at the discretion of each agency, subject to the approval of the secretary of the executive office of administration and finance. The executive office of administration and finance shall determine by regulation what shall constitute reasonable expenses. Any organization receiving a reimbursement pursuant to this section shall convey such land or interest in land to such agency for an amount not exceeding the actual purchase price paid by such organization for such land or interest in land in addition to any reimbursement received pursuant to this section.

**SECTION 38.** A portion of the funds provided in sections two to thirty-four, inclusive, of this act, subject to the prior approval of the secretary of administration and finance, may be used for the costs

associated with the acquisition and development of property. Such associated costs may include the cost of legal services, appraisals, design, engineering, inspections, audits and planning. No amounts authorized pursuant to said sections two to thirty-four, inclusive, of this act, shall be used for the payment of any salaries of permanent or temporary employees of the commonwealth. No amounts authorized in said sections two to thirty-four, inclusive, of this act, shall be used by any recipient municipality for the supplementing or supplanting of normal operating expenses of any function of said municipality.

**SECTION 39.** Notwithstanding the provisions of any general or special law to the contrary, all coastal lands, including beaches, and other properties fronting on saltwater or freshwater bodies or recreational facilities acquired or improved under grants to cities, towns from funds authorized pursuant to sections eight and nine of this act, shall be open to all residents of the commonwealth and no local residency, automobile parking or other restrictions or entrance or use fees shall be imposed on such public access to such properties. The secretary of environmental affairs shall promulgate rules and regulations to enforce the provisions of this section. Said secretary may waive said access requirements if it is deemed necessary by said secretary.

**SECTION 40.** Any and all land acquisitions by a city, town, state agency or commission funded pursuant to sections two to thirty-four, inclusive, of this act shall be eligible, prior to such acquisition for an assessment by the department of environmental quality engineering of the possibility of the presence of oil or hazardous waste on said land acquisitions if said assessment is deemed warranted by the nature, location or previous uses of said land acquisition, as determined by the secretary of environmental affairs upon petition by the purchasing body. The costs of said assessment shall be assumed by the department of environmental quality engineering out of any funds available to it for the purposes of carrying out the provisions of chapter twenty-one E of the General Laws. Said assessment shall be in accordance with said department's authority and procedures as established within said chapter. Nothing in this section shall be construed to prohibit said department from carrying out its responsibilities against any party pursuant to section five of said chapter twenty-one E.

**SECTION 41.** No state agency or commission responsible for the administration of any program authorized and funded by sections two to thirty-four, inclusive, of this act shall expend or obligate more than twenty-five per cent of the total funds available for each such individual program for the purchase of one individual acquisition without the prior written approval of the secretary of the executive office of environmental affairs.

**SECTION 42.** No funds provided in sections two to thirty-four, inclusive, of this act shall be obligated or expended by any city, town or

state agency or commission for the purchase of land from the federal government, the commonwealth or any political subdivision thereof without the approval of the secretary of environmental affairs. Said secretary shall not approve said purchase unless said secretary determines in writing that failure to do so would have a significant adverse environmental impact and that the unit of government that proposes to sell the parcel in question is unable to preserve the nature and character of said parcel in a way consistent with the best interests of the commonwealth.

**SECTION 43.** The state treasurer may borrow from time to time on credit of the commonwealth such sums of money as may be necessary for the purposes of meeting payments authorized by this act, and may issue and renew from time to time notes of the commonwealth therefor, bearing interest payable at such time and at such rates as shall be fixed by the state treasurer. Such notes shall be issued and may be renewed one or more times for such terms, not exceeding one year, as the governor may recommend to the general court in accordance with Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, but the final maturities of such notes, whether original or renewal, shall not be later than June thirtieth, nineteen hundred and ninety-seven. Notes and the interest thereon issued under the authority of this section, notwithstanding any other provisions of this act, shall be general obligations of the commonwealth.

**SECTION 44.** To meet the expenditures necessary in carrying out the provisions of sections two to thirty-four, inclusive, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time, not exceeding in the aggregate, the sum of five hundred million, one hundred and ten thousand dollars. All bonds issued by the commonwealth, as aforesaid, shall be designated on their face, Environmental Enhancement and Protection Loan, Act of 1987, and shall be issued for such maximum term of years not exceeding twenty years, as the governor may recommend to the general court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth; provided however, that all such bonds shall be payable not later than June thirtieth, two thousand and seventeen. All interest and payments on account of principal and such obligation shall be payable from the General Fund. Bonds and interest thereon issued under the authority of this section shall, notwithstanding any other provisions of this act, be general obligations of the commonwealth.

**SECTION 45.** There is hereby established a special advisory committee to consist of the commissioner of the department of environmental management or his designee, the commissioner of the metropolitan district commission or his designee, and three persons to be appointed by the governor one of whom shall be a representative of the Massachusetts Municipal Association, and, one of whom shall be from the

private sector involved in recreational facilities for the purpose of making an investigation and study relative to the construction, reconstruction or management of recreational facilities, such as public skating arenas, municipal swimming pools, tennis facilities and golf courses.

Said advisory committee shall report to the house of representatives the results of its investigation and study, and its recommendations, if any, together with drafts of legislation necessary to carry its recommendations into effect, by filing the same with the clerk of the house of representatives on or before December thirtieth, nineteen hundred and eighty-eight.

**SECTION 46.** The provisions of sections fifty-one and fifty-four of this act shall not be construed to abrogate the rights of any person in an action to establish title by adverse possession who has seized or possessed real property or an interest in real property for no less than twenty years pursuant to section thirty-one of chapter two hundred and sixty of the General Laws prior to the effective date of this act.

**SECTION 47.** Section 12 of chapter 286 of the acts of 1982, is hereby amended by striking out the sixth paragraph and inserting in place thereof the following paragraph:-

From funds made available by bonds issued pursuant to the provisions of sections twenty-one and twenty-two, said director is authorized to expend a sum, not to exceed four million dollars in any one fiscal year, for the purpose of carrying out the provisions of the Massachusetts clean lakes and great pond program as set forth in section thirty-seven A of chapter twenty-one of the General Laws; provided, however, the division shall give equal consideration to fresh and salt water lakes and ponds; and provided, further, that any funds left unexpended in any fiscal year shall also be available for expenditure in the subsequent fiscal year.

**SECTION 48.** Item 2120-8847 of section 4B of chapter 723 of the acts of 1983 is hereby amended by striking out the wording and inserting in place thereof the following:-

For the design and construction or for the acquisition of land with existing building or buildings and their reconstruction, if necessary, including furnishing and equipping of a skating rink in central Hampshire county, to be in addition to the amount appropriated in item 2630-8752 of section four of chapter five hundred and nineteen of the acts of nineteen hundred and seventy-four, and item 2120-8798 of section four of chapter five hundred and thirteen of the acts of nineteen hundred and seventy-eight; and provided, further, that upon completion, the department of environmental management shall transfer said rink to the city of Northampton for operation and maintenance.

**SECTION 49.** Said chapter 723 is hereby further amended by striking out section 9I and inserting in place thereof the following section:-

Section 9I. The commissioner of the department of fisheries, wildlife

and environmental law enforcement is hereby authorized to expend a sum not exceeding four million dollars for the acquisition and associated costs of land along the Farmington river for the purpose of preservation and continuation of a wilderness corridor; provided, however, that two million dollars may be transferred to the department of environmental management for the acquisition of land pursuant to schedules filed by the secretary of environmental affairs with the comptroller; and provided, further, that such sum may also be expended for the acquisition of land along urban rivers and waters of the commonwealth for the purposes of preservation of wildlife habitat and recreation.

**SECTION 50.** Section 11U of said chapter 723, as appearing in section 28 of chapter 233 of the acts of 1984, is hereby amended by striking out, in line 8, the word "twenty-eight" and inserting in place thereof the word:- thirty-five.

**SECTION 51.** Section 40E of chapter 7 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

Real property, record title to which is held in the name of a state agency or the board of trustees of a state agency or similar board of a state agency, shall be deemed to be real property of the commonwealth. No deed or other instrument shall be required to effect the transfer of the commonwealth of title to such real property, but the land court department of the trial court shall, upon petition of the division of capital planning and operations, issue in the name of the commonwealth a certificate of title to any real property, title to which is registered under chapter one hundred and eighty-five in the name of a state agency or the board of trustees of a state agency or similar board of a state agency. Notwithstanding any general or special law to the contrary, no person shall acquire any rights by prescription or adverse possession in any lands or rights in lands held in the name of the commonwealth.

**SECTION 52.** The first paragraph of section 5G of chapter 59 of the General Laws, as so appearing, is hereby amended by inserting after the word "watershed", the first time it appears, in line 4, the words:- Wachusett Watershed, Sudbury watershed.

**SECTION 53.** Section 160 of chapter 111 of the General Laws, as so appearing, is hereby amended by striking out the second paragraph and inserting in place thereof the following paragraph:-

The department of environmental quality engineering shall establish a program to assist the cities, towns and districts of the commonwealth to acquire, by purchase, gift, lease, eminent domain, or otherwise lands and waters and easements therein to protect and conserve groundwater aquifers and recharge areas, surface water resources and watersheds, and land adjacent to, or nearby said resources, as it determines necessary to meet further water resource needs of the commonwealth

**Chapter 565.     AN ACT CLARIFYING PROCEDURES FOR NOTIFYING  
GOVERNMENTAL UNITS OF CLAIMS BY EMPLOYEES  
UNDER A GROUP INSURANCE CONTRACT.**

Be it enacted, etc., as follows:

The first paragraph of section 3 of chapter 32B of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the third sentence the following two sentences:– Said policy, or policies, including policies purchased under authority of sections three A and sixteen, shall contain a requirement that the insurance company, savings bank, nonprofit hospital, medical, dental or other service corporations, other intermediary or health care organizations, shall furnish the governmental unit, or its designee, all nonconfidential claims without diagnosis on a form satisfactory to the governmental unit including, but not limited to, computer tape, disc or unlined paper reports. Said insurer may, pursuant to a contract between said insurer and said governmental unit, charge the governmental unit a reasonable fee to cover the costs of providing the nonconfidential claims in the form requested by the governmental unit.

Approved December 14, 1987.

**Chapter 566. AN ACT PROVIDING FURTHER PROTECTION FOR ELDERLY PERSONS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 14 of chapter 19A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the definition of "Geriatric evaluation process".

**SECTION 2.** Subsection (a) of section 15 of said chapter 19A, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- Any physician, a medical intern, dentist, nurse, family counselor, probation officer, social worker, policeman, firefighter, emergency medical technician, licensed psychologist, coroner, registered physical therapist, registered occupational therapist, osteopath, podiatrist, executive director of a licensed home health agency or executive director of a homemaker service agency who has reasonable cause to believe that an elderly person is suffering from or has died as a result of abuse, shall immediately make a verbal report of such information or cause a report to be made to the department or its designated agency and shall within forty-eight hours make a written report to the department or its designated agency.

**SECTION 3.** Said section 15 of said chapter 19A, as so appearing, is hereby further amended by striking out subsection (d) and inserting in place thereof the following subsection:-

(d) No person required to report pursuant to the provisions of subsection (a) shall be liable in any civil or criminal action by reason of such report; provided, however, that such person did not perpetrate, inflict or cause said abuse. No other person making such a report pursuant to the provisions of subsection (b) or (c) shall be liable in any civil or criminal action by reason of such report if it was made in good faith; provided, however, that such person did not perpetrate, inflict or cause said abuse. Any person making a report under subsection (a), (b) or (c) who, in the determination of the department or the district attorney may have perpetrated, inflicted or caused said abuse may be liable in a civil or criminal action by reason of such report. No employer or supervisor may discharge, demote, transfer, reduce pay, benefits or work privileges, prepare a negative work performance evaluation, or take any other action detrimental to an employee or supervisee who files a report in accordance with the provisions of this section by reason of such report.

**SECTION 4.** Said section 15 of said chapter 19A, as so appearing, is hereby further amended by adding the following subsection:-

(f) Any privilege established by section one hundred and thirty-five of chapter one hundred and twelve or section twenty B of chapter two hundred and thirty-three relating to the exclusion of confidential communications shall not prohibit the filing of a report pursuant to the provisions of subsection (a), (b) or (c).

**SECTION 5.** Subsection (b) of section 16 of said chapter 19A, as so appearing, is hereby amended by striking out the second sentence and inserting in place thereof the following sentence:– If the department or its designated agency has reasonable cause to believe that an elderly person has died as a result of abuse, the death shall be reported immediately to the district attorney of the county in which the abuse occurred.

**SECTION 6.** Subsection (a) of section 18 of said chapter 19A, as so appearing, is hereby amended by striking out the fifth paragraph and inserting in place thereof the following paragraph:–

If an assessment results in a determination that the elderly person has suffered serious abuse, the department or designated agency shall report such determination to the district attorney of the county where the abuse occurred within forty-eight hours. The district attorney may investigate and decide whether to initiate criminal proceedings.

**SECTION 7.** Said section 18 of said chapter 19A, as so appearing, is hereby further amended by striking out subsection (b) and inserting in place thereof the following subsection:–

(b) The department or the designated agency shall provide or arrange for protective services in accordance with the service plan developed pursuant to the provisions of subsection (a). Protective services shall include, but not be limited to, the following: the capacity to respond to an emergency; protective services case work; the capacity to provide or arrange for a homemaker, home-health aide, transportation, legal assistance, counseling, nutrition services, guardianship and conservatorship, protective order through the court, emergency shelter, foster care, and adult day care services.

The department or the designated agency is authorized to arrange for additional services necessary to assist and protect elderly persons who have been abused, including, but not limited to, the following: medical care, mental health care and emergency financial assistance.

**SECTION 8.** Subsection (a) of section 20 of said chapter 19A, as so appearing, is hereby amended by striking out the seventh and eighth sentences and inserting in place thereof the following two sentences:– If the court determines that the elderly person lacks the capacity to retain counsel or waive the right to counsel, the court shall appoint a guardian ad litem to represent the interests of such elderly person. If, after hearing, the court determines, based on the preponderance of the evidence, that such elderly person has been abused, is in need of protective services and lacks the capacity to consent and no other person who is authorized to consent is available or willing to consent, the court may appoint a conservator, guardian or other person authorized to consent to the provision of protective services; provided, however, that the court shall establish the least restrictive form of fiduciary representation that will satisfy the needs of such elderly person.

**SECTION 9.** Said subsection (a) of said section 20 of said chapter 19A, as so appearing, is hereby further amended by adding the following three sentences:– An order for protective services for an elderly person pursuant to this subsection shall remain in effect for a period of six months, unless otherwise stipulated in such order. The court may, for good cause shown, extend an order for protective services. Such extension shall remain in effect for a period of six months, unless otherwise stipulated in such order.

**SECTION 10.** Subsection (b) of said section 20 of said chapter 19A, as so appearing, is hereby amended by striking out the fourth, fifth, sixth and seventh sentences and inserting in place thereof the following six sentences:– If the elderly person who is the subject of the petition is indigent, the court shall appoint counsel to represent such elderly person. If after the hearing, the court determines, based on the preponderance of the evidence, that the elderly person has been or is being abused, that an emergency exists, and that the elderly person lacks the capacity to consent to the provision of services, the court may order the provision of protective services on an emergency basis. The court shall order only those services necessary to remove the conditions creating the emergency and shall specially designate the authorized services in its order. If the court determines that the elderly person lacks the capacity to retain counsel or waive the right to counsel, the court shall appoint a guardian ad litem to represent the interest of such elderly person following the entry of such emergency order. The order for emergency protective services shall remain in effect for a period not to exceed fourteen days. Said order may be extended for an additional period not to exceed fourteen days if the court finds that the extension is necessary to remove the emergency.

**SECTION 11.** Section 23 of said chapter 19A, as so appearing, is hereby amended by adding the following subsection:–

(e) No provision of chapter sixty-six A, section one hundred and thirty-five of chapter one hundred and twelve or this section relating to confidential data or confidential communications shall prohibit the department or designated agency from making reports to the district attorney under subsection (b) of section sixteen or subsection (a) of section eighteen, or from providing in such reports to the district attorney any information obtained by the department or a designated agency under section fifteen or section eighteen. No person providing notification or information to a district attorney or testimony in court pursuant to the provisions of this subsection shall be liable in any civil or criminal act by reason of such action.

Nothing herein shall be construed to limit the prosecutorial power of a district attorney.

No provision of chapter sixty-six A, section one hundred and thirty-five of chapter one hundred and twelve, or any other provision of law relating to confidential data or confidential communications shall prohibit the department, by its appropriate employees, or any designated

protective services agency, by its appropriate employees from testifying in any judicial proceeding pursuant to subsections (a) and (b) of section twenty, chapter two hundred and one, or chapter two hundred and nine A where the employee has acquired the information which is the subject of his testimony while conducting an assessment in accordance with section eighteen. Such testimony shall not include the identity of the reporter of abuse under section fifteen.

**SECTION 12.** Clause (f) of the first paragraph of section 135 of chapter 112 of the General Laws, as so appearing, is hereby amended by striking out, in line 32, the word "nineteen." and inserting in place thereof the following:- nineteen;

(g) where the social worker has acquired the information while acting as an elder protective services worker for a designated protective services agency as defined in section fourteen of chapter nineteen A and has acquired the information while conducting an assessment in accordance with section eighteen of said chapter nineteen A.

Approved December 14, 1987.

**Chapter 567. AN ACT FURTHER REGULATING THE DISCLOSURE  
OF CERTAIN EXPENSES BY LEGISLATIVE AGENTS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 43 of chapter 3 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the first paragraph the following paragraph:-

The state secretary shall assess a penalty for any statement which is filed later than the prescribed date; or, if such statement has been filed by mailing, where the postmark on such mailing is later than the prescribed date. Said penalty shall be in the amount of two hundred and fifty dollars when such statement has been filed ten days late or less, and in the amount of five hundred dollars when such statement is more than ten days late; provided, however, that the state secretary may waive said penalty for good cause. A waiver for good cause shall not be granted for statements filed more than sixty days late by legislative agents, or groups and organizations employing legislative agents, which have never filed or have never been required to file such statements. In all other instances no waiver for good cause shall be granted when a statement has been filed more than thirty days late.

**SECTION 2.** Section 44 of said chapter 3, as so appearing, is hereby amended by adding the following paragraph:-

The state secretary shall assess a penalty for any statement which is filed later than the prescribed date; or, if such statement has been filed by mailing, where the postmark on such mailing is later than the

prescribed date. Said penalty shall be in the amount of one hundred dollars when such statement has been filed ten days late or less, and in the amount of two hundred and fifty dollars when such statement is more than ten days late; provided, however, that the state secretary may waive said penalty for good cause. A waiver for good cause shall not be granted for statements filed more than sixty days late by legislative agents, or groups and organizations employing legislative agents, which have never filed or have never been required to file such statements. In all other instances no waiver for good cause shall be granted when a statement has been filed more than thirty days late.

**SECTION 3.** Section 47 of said chapter 3, as so appearing, is hereby amended by inserting after the first paragraph the following paragraph:-

The state secretary shall assess a penalty for any statement which is filed later than the prescribed date; or, if such statement has been filed by mailing, where the postmark on such mailing is later than the prescribed date. Said penalty shall be in the amount of two hundred and fifty dollars when such statement has been filed ten days late or less, and in the amount of five hundred dollars when such statement is more than ten days late; provided, however, that the state secretary may waive said penalty for good cause. A waiver for good cause shall not be granted for statements filed more than sixty days late by legislative agents, or groups and organizations employing legislative agents, which have never filed or have never been required to file such statements. In all other instances no waiver for good cause shall be granted when a statement has been filed more than thirty days late.

**Chapter 569. AN ACT RELATIVE TO INTERSTATE BANKING.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately regulate interstate banking, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 167 of the General Laws is hereby amended by striking out section 38, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 38. No out-of-state banking association or corporation, except as provided herein, shall transact banking business in the commonwealth other than as provided for in chapter one hundred and sixty-seven B; provided, however, that the board of bank incorporation may, conditioned upon the performance of such requirements as to auditing as the board may prescribe, grant a certificate authorizing the same to any such association or corporation with its principal place of business in one of the states of Connecticut, Maine, New Hampshire, Rhode Island or Vermont or in a country other than the United States and which is not controlled by a bank holding company with its principal place of business in any state other than in the commonwealth or in one of the states mentioned herein.

Any such association or corporation transacting banking business in this commonwealth pursuant to such certificate shall be subject to the supervision of the commissioner, and shall annually, within thirty days after the last business day of December, and at other times during each year on any past day to be specified by the commissioner, make to him in such form as may be prescribed by him a return, signed and sworn to by the treasurer, or the corresponding officer, of the corporation, showing accurately the condition thereof at the close of business on said day. The president and a majority of the directors shall certify on oath that the report is correct according to their best knowledge and belief.

For the purposes of this section and sections thirty-nine to forty-two, inclusive, (i) the term "Massachusetts bank" shall mean any federally or state-chartered banking institution with its principal place of business in the commonwealth, and (ii) the term "bank holding company" and the

concept of control shall have the same meaning as set forth in the Bank Holding Company Act of 1956 (12 USC 1841 et seq.) and said term "bank holding company" shall also include any savings and loan holding company as defined in Section 408 of the National Housing Act (12 USC1730a).

**SECTION 2.** Said chapter 167 is hereby further amended by striking out section 39, as so appearing, and inserting in place thereof the following section:-

Section 39. Any out-of-state banking association or corporation with its principal place of business in one of the states of Connecticut, Maine, New Hampshire, Rhode Island or Vermont or in a country other than the United States and which is not controlled by a bank holding company with its principal place of business in any state other than in the commonwealth or in one of the states mentioned herein doing a business similar to any business referred to in section one pursuant to a certificate issued by the board of banking incorporation in accordance with section thirty-eight may establish and maintain branch offices or depots in the commonwealth, or merge with or purchase the assets or stock of any Massachusetts bank, if such banking association or corporation is expressly authorized to do so by the laws under which it is organized and operates; provided, however, that the laws of the state in which such banking association or corporation has its principal place of business expressly authorized, under conditions no more restrictive than those imposed by this chapter as determined by the commissioner, Massachusetts banks to establish and maintain branches and depots in such state or to merge with or purchase the assets of a banking institution in such state. Such banking association or corporation shall establish and maintain branches or depots in the commonwealth, or merge with or purchase the assets of a Massachusetts bank, in accordance with the same laws which govern such activities by Massachusetts banks; provided, however, that the initial branch office other than one established pursuant to chapter one hundred and sixty-seven B, or, if more than one, the branch deemed to be the initial office by such association or corporation, shall be considered the main office in the commonwealth for the purposes of determining the geographical limitations on the establishment of branch offices; and provided, further, that in any merger or purchase in which the out-of-state banking association or corporation is the continuing entity such association shall be exempt from the provisions of sections forty to forty-two, inclusive.

For the purposes of this section and sections forty to forty-two, inclusive, the words "out-of-state banking association or corporation" shall mean an association or corporation with its principal place of business in one of the states of Connecticut, Maine, New Hampshire, Rhode Island or Vermont or in a country other than the United States and which is not controlled by a bank holding company with its principal place of business in any state other than in the commonwealth or in one of the states mentioned herein.

**SECTION 3.** The second paragraph of section 2 of chapter 167A of the General Laws, as so appearing, is hereby amended by striking out the last sentence and inserting in place thereof the following two sentences:- For the purposes of this section, the term "out-of-state bank holding company" shall have the same meaning as set forth in the Bank Holding Company Act of 1956 12 USC 1841 et seq. and the term "bank holding company" shall also include any savings and loan holding company as defined in Section 408 of the National Housing Act 12 USC 1730a but shall include only a bank holding company (i) which has its principal place of business in the state of Connecticut, Maine, New Hampshire, Rhode Island or Vermont, (ii) each of whose subsidiary banks has its main office and principal place of business only in the commonwealth or in one of the said states, and (iii) which is not directly or indirectly owned or controlled by a bank holding company which (a) has its principal place of business in any state other than the commonwealth or the state of Connecticut, Maine, New Hampshire, Rhode Island or Vermont, or (b) owns or controls any subsidiary bank which has its main office or principal place of business in any state other than such states. If any such out-of-state bank holding company, by virtue of any action, ceases to be an out-of-state bank holding company, as defined herein, and it does not become a bank holding company established in accordance with this chapter, the board of banking incorporation shall order such bank holding company to immediately divest itself of its direct or indirect ownership or control of any banking institution in the commonwealth acquired by it pursuant to this section.

**SECTION 4.** Notwithstanding the provisions of section three of this act, an out-of-state bank holding company, as defined in the second paragraph of section two of chapter one hundred and sixty-seven A of the General Laws, which on the effective date of this section owns or controls any subsidiary bank whose main office or principal place of business is in the commonwealth shall not be required to divest its ownership or control of such subsidiary bank solely by virtue of its acquisition of ownership or control directly or indirectly under definitive agreements in existence on the effective date of this section of a subsidiary bank whose main office or principal place of business is not in the commonwealth or the state of Connecticut, Maine, New Hampshire, Rhode Island or Vermont.

**SECTION 5.** Sections one, two, and three of this act shall take effect as of July first, nineteen hundred and eighty-three.

Approved December 16, 1987.

**Chapter 570. AN ACT RELATIVE TO THE PRACTICE OF OPTOMETRY.**

Be it enacted, etc., as follows:

Chapter 112 of the General Laws is hereby amended by striking out section 72, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 72. Optometrists may practice and advertise under a trade or service name; provided however, that the names of the optometrist or optometrists are prominently displayed at all locations of their practice, in all print advertisements that identify the location or locations where optometric services are provided, and in the optometrist's examining room. The name of the optometrist actually responsible for the provision of such optometric services shall be included in the same type as the address of the location; and provided, further, that the name of the optometrist shall also be printed on any prescription form.

**Chapter 571. AN ACT RELATIVE TO THE NEW ENGLAND HIGHER EDUCATION COMPACT.**

Be it enacted, etc., as follows:

Chapter 589 of the acts of 1954 is hereby amended by adding the following section:-

Section 6. As used in this section, the following words shall have the following meanings:

"Payback by service", the practice of a health profession pursuant to the participant's contract for which each participant was trained under one of the health profession contract programs operated by the New England board of higher education.

There shall be a financial penalty for failure to perform payback by service within the commonwealth for all participants who are residents of the commonwealth in the regional medical, veterinary, and optometry student contract programs operated by the New England board of higher education. For residents of the commonwealth who participate in the contract programs graduating in nineteen hundred and eighty to nineteen hundred and eighty-five, inclusive, the penalty for failure to perform return service at the rate of six months for every one year of participation in one of the above contract programs shall be monetary payback to the commonwealth of that amount of contract funds credited against each participant's tuition while in school.

Participants shall have ten years, commencing from the date when all required internships, residencies, and fellowships are completed, to repay the total amount received. At least one-tenth of the total amount received shall be paid on November first in each year.

---

**ACTS, 1987. – Chaps. 572, 573, 574.**

Payments shall be made payable to the commonwealth and forwarded to the New England board of higher education which shall in turn forward payments to the state treasurer.

Any default in the payment schedule shall be reported by the New England board of higher education to the attorney general who shall secure payment in the event of default. Any overdue payment shall bear interest at the annual rate of one per cent over the prime rate, and the attorney general may declare immediately due and payable the entire outstanding balance of principal and interest upon such default of payment.

**SECTION 1.** The deputy commissioner of the division of capital planning and operations is hereby authorized, subject to the provisions of sections forty E through forty J, inclusive, of chapter seven of the

---

**ACTS, 1987. - Chap. 577.**

General Laws, to lease a certain parcel of land and buildings thereon for a term of ten years, to an individual or entity, subject to the requirements of sections two, three and four and to such additional terms and conditions as the said deputy commissioner may prescribe, in consultation with the metropolitan district commission said property being the ice skating rink at the Monsignor William J. Daly Memorial Recreation Center in the Nonantum section of the Brighton district of the city of Boston.

**SECTION 2.** No lease conveying by or on behalf of the commonwealth the property described in section one shall be valid unless such lease provides that said property shall be used for the storage of rowing shells and the operation of a public rowing program during the months of April through October.

**SECTION 3.** The recipient of said lease shall assume the costs of any appraisals, surveys, and other expenses as deemed necessary by the deputy commissioner for the granting of this lease.

**SECTION 4.** If the aforementioned purposes, as described in section two, cease at any time, said lease shall be terminated under such terms and conditions as the deputy commissioner may prescribe.

Approved December 16, 1987.

**Chapter 577. AN ACT FURTHER REGULATING THE MINIMUM SIZE OF LOBSTERS.**

Be it enacted, etc., as follows:

Chapter 130 of the General Laws is hereby amended by striking out section 44, as appearing in the 1986 Official Edition, and inserting in place thereof the following two sections:-

Section 44. Whoever sells, or offers for sale, or has in possession for a period longer than is necessary for immediate measuring, or for any purpose other than legally disposing of same, a lobster measuring in length less than the minimum size prescribed by this section, alive or dead, cooked or uncooked, measured from the rear of the eye socket along a line parallel to the center line of the body shell to the rear end of the body shell, shall be punished for the first offense by a fine of not less than twenty-five nor more than fifty dollars for every such lobster and for a subsequent offense by a fine of not less than fifty nor more than one hundred dollars for every such lobster or by imprisonment for not less than one nor more than three months or both, and such lobster shall be seized and forfeited, and shall be disposed of by the director to the best interest of the commonwealth.

Until January first, nineteen hundred and eighty-eight, the minimum size shall be three and three-sixteenths inches. Thereafter, except as

otherwise provided in this section, the minimum size shall be as follows: Beginning on January first, nineteen hundred and eighty-eight, three and seven-thirty-seconds inches; beginning on January first, nineteen hundred and eighty-nine, three and eight-thirty-seconds inches; beginning on January first, nineteen hundred and ninety-one, three and nine-thirty-seconds inches; and beginning on January first, nineteen hundred and ninety-two, three and ten-thirty-seconds inches. The director may by regulation approved by the marine fisheries advisory commission delay implementation of any increase in minimum size prescribed by this section beyond three and three-sixteenths inches if he determines that such increase would adversely affect the Massachusetts lobster fishery and shall do so if he determines that such increase would cause the minimum size to exceed the minimum size in effect in Maine or Rhode Island. If any increase is so delayed the minimum size previously in effect shall remain in effect until such time as the director shall by regulation provide. The director may, by regulation approved by the marine fisheries advisory commission, prescribe such increases in minimum size beyond three and ten-thirty-seconds inches as he shall determine to be beneficial to the Massachusetts lobster fishery provided, however, that no such increase shall take effect prior to January first, nineteen hundred and ninety-four.

If the measurement of any such lobster taken from one or the other eye sockets is of the required length, such lobster shall be deemed to be a legal lobster. In all prosecutions under this section any mutilation of any lobster which affects its measurement as aforesaid shall be prima facie evidence that the lobster was or is less than the required length. This section shall not apply to common carriers having lobster in possession for the purpose of transportation.

Section 44A. The director may, by regulation approved by the marine fisheries advisory commission and promulgated pursuant to chapter thirty A, establish a program to protect V-notched lobsters. For purposes of this section, the term "V-notched lobster" means a female egg-bearing lobster from which a V-shaped piece of tail has been cut from the first right flipper next to the middle flipper by a person holding or covered by a permit issued pursuant to section thirty-eight.

**Chapter 578. AN ACT AUTHORIZING THE DIVISION OF CAPITAL PLANNING AND OPERATIONS TO CONVEY A CERTAIN PARCEL OF LAND IN THE CITY OF MEDFORD TO THE MEDFORD HOUSING AUTHORITY.**

Be it enacted, etc., as follows:

**SECTION 1.** The deputy commissioner of the division of capital planning and operations is hereby authorized, subject to the provisions of

---

**ACTS, 1987. – Chap. 578.**

sections forty E to forty J, inclusive, of chapter seven of the General Laws, to sell and convey by deed, approved as to form by the attorney general, a certain parcel of land located in the city of Medford, to the Medford Housing Authority, subject to the requirements of sections two, three, and four and to such additional terms and conditions as the deputy commissioner may prescribe, in consultation with the metropolitan district commission.

Said parcel is shown as Parcel A on a "Plan of land in Medford, Massachusetts," dated March 6, 1987, prepared by Design State Survey Inc. of Somerville, which is on file at the offices of the Medford Housing Authority. Said land is further bounded and described as follows:

Northerly by land of the Commonwealth of Massachusetts being a portion of land leased by the Medford Housing Authority ninety-two and 62/100 (92.62) feet;

Westerly by said land of the Commonwealth of Massachusetts one hundred thirty-nine and 99/100 (139.99) feet;

Southerly by said land of Commonwealth of Massachusetts one hundred twenty-four and 00/100 (124.00) feet;

Northeasterly by land of the Medford Housing Authority in two courses fifty and 45/100 (50.45) feet and by a curve of radius of twenty-one hundred seventeen and 67/100 (2117.67) and a length of ninety-three and 03/100 (93.03) feet;

Said parcel contains fifteen thousand two hundred and forty-five square feet.

**SECTION 2.** No deed conveying by or on behalf of the commonwealth property described in section one shall be valid unless such deed provides that said property shall be used for the construction of state-aided handicapped housing.

**SECTION 3.** The Medford Housing Authority shall assume the costs of appraisals, surveys and other expenses as deemed necessary by the deputy commissioner of capital planning and operations for the conveyance of this property.

**SECTION 4.** In the event that the above mentioned parcel is not used for the purposes described in section two within five years of the effective date of this act, or if the Medford Housing Authority ceases to use the parcel for such purpose at any time, the parcel shall revert to the commonwealth under such terms and conditions as the deputy commissioner of capital planning and operations may prescribe.

**Chapter 579. AN ACT RELATIVE TO THE CONFIDENTIALITY OF INFORMATION GATHERED BY THE BOARD OF REGISTRATION IN MEDICINE.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 1 of chapter 111 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the definition of "Medical peer review committee" and inserting in place thereof the following definition:-

"Medical peer review committee" or "committee", a committee of a state or local professional society of health care providers or of a medical staff of a licensed hospital or nursing home or health maintenance organization organized under chapter one hundred and seventy-six G, provided the medical staff operates pursuant to written by-laws that have been approved by the governing board of the hospital or nursing home or health maintenance organization, which committee has as its function the evaluation or improvement of the quality of health care rendered by providers of health care services, the determination whether health care services were performed in compliance with the applicable standards of care, the determination whether the cost of health care services were performed in compliance with the applicable standards of care, determination whether the cost of the health care services rendered was considered reasonable by the providers of health services in the area, the determination of whether a health care provider's actions call into question such health care provider's fitness to provide health care services, or the evaluation and assistance of health care providers impaired or allegedly impaired by reason of alcohol, drugs, physical disability, mental instability or otherwise.

**SECTION 2.** Section 204 of said chapter 111, as so appearing, is hereby amended by adding the following subsection:-

(e) No proceeding, report or record of a medical peer review committee obtained hereunder and disclosed in an action pursuant to section eighty-five N of chapter two hundred and thirty-one or a proceeding before an administrative body, shall be subject to subpoena or discovery, or introduced into evidence in judicial or administrative proceedings other than those proceedings or investigations specified in subsections (a) and (b).

**SECTION 3.** Said chapter 111 is hereby further amended by adding the following section:-

Section 205. (a) As used in this section the following terms shall have the following meanings:

"Health care facility", any entity required to participate in risk management and quality assurance programs established by the board of registration in medicine.

"Patient care assessment coordinator", a person or committee

designated by a health care facility to implement and coordinate the facility's compliance with risk management and quality assurance programs established by the board of registration in medicine.

"Risk management and quality assurance programs established by the board of registration in medicine", programs and activities undertaken pursuant to regulations promulgated by the board of registration in medicine under section two hundred and three of this chapter and sections five and five l of chapter one hundred and twelve.

(b) Information and records which are necessary to comply with risk management and quality assurance programs established by the board of registration in medicine and which are necessary to the work product of medical peer review committees, including incident reports required to be furnished to the board of registration in medicine, shall be deemed to be proceedings, reports or records of a medical peer review committee for purposes of section two hundred and four of this chapter and may be so designated by the patient care assessment coordinator; provided, however, that such information and records so designated by the patient care assessment coordinator may be inspected, maintained and utilized by the board of registration in medicine, including but not limited to its data repository and disciplinary unit. Such information and records inspected, maintained or utilized by the board of registration in medicine shall remain confidential, and not subject to subpoena, discovery or introduction into evidence, consistent with section two hundred and four; however, such records may not remain confidential if disclosed in an adjudicatory proceeding of the board of registration in medicine, but the information and records shall be otherwise subject to the protections afforded by section two hundred and four. In no event, however, shall records of treatment maintained pursuant to section seventy of this chapter, or incident reports or records or information which are not necessary to comply with risk management and quality assurance programs established by the board of registration in medicine be deemed to be proceedings, reports or records of a medical peer review committee under this section; nor shall any person be prevented by the provisions of this section from testifying as to matters known by such person independent of risk management and quality assurance programs established by the board of registration in medicine.

**SECTION 4.** Section 5 of chapter 112 of the General Laws, as so appearing, is hereby amended by inserting after the word "section", in line 71, the following words:- , or otherwise obtained by or retained in the data repository.

Approved December 16, 1987.

EMERGENCY LETTER: February 12, 1988 @ 4:17 P.M.

**Chapter 580. AN ACT CLARIFYING REGIONAL SCHOOL BUDGET PROCESS.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 71 of the General Laws is hereby amended by striking out section 16B, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 16B. The regional district school committee, by a two-thirds vote of all its members, shall annually determine the amounts necessary to be raised, after deducting the amount of aid such district is to receive pursuant to section sixteen D, to maintain and operate the district school or schools during the next fiscal year, and amounts required for payment of debt and interest incurred by the district which will be due in the said year, and shall apportion the amount so determined among the several municipalities in accordance with the terms of the regional school district agreement. The amounts so apportioned for each municipality shall be certified by the regional school district treasurer to the treasurers of the several municipalities within thirty days from the date on which the annual budget is adopted by a two-thirds vote of the regional district school committee, but not later than April thirtieth. The regional school district treasurer shall include in the certification to each municipality a statement setting forth the amount which the district is to receive under said section sixteen D for the ensuing fiscal year and the proportionate share of such aid for such municipality, the amount, if any, by which the unencumbered amount in the excess and deficiency fund, so called, of the regional school district at the end of the preceding fiscal year, as certified by the commissioner of revenue pursuant to section sixteen B 1/2, exceeded five per cent of the regional school district's operating budget and its budgeted capital costs for the current fiscal year, and the proportionate share of any such excess in said fund by which such municipality's assessment for the current fiscal year was reduced.

The regional school district treasurer shall provide a copy of the adopted budget to the chairmen of the boards of selectmen, chairmen of the finance committees, mayors, presidents of the city councils and the treasurers of the several municipalities.

Notwithstanding any provision of law to the contrary, the superintendent of schools of a regional school district may, on matters relating to the regional school budget, address the membership at a city council meeting, a town meeting or a meeting of the town council in a municipality having a town council form of government in cities and towns within the regional school district when the regional school budget is being considered.

The annual regional school district budget as adopted by a two-thirds vote of the regional district school committee shall require the approval of two-thirds of the local appropriating authorities of the several municipalities. The regional school district budget so approved shall be apportioned among the several municipalities and paid in accordance with the terms of the agreement.

In the event that the regional school district budget in a two-member regional school district is not approved by the local appropriating authorities of both municipalities, the following provisions shall apply. The regional district school committee shall convene a special district-wide meeting open to all registered voters in both municipalities at which the regional school district budget, proposed by the regional district school committee, shall be considered. Such meeting shall be called pursuant to a warrant, under the hands of at least a majority of the regional district school committee, notice of which shall be given at least fourteen days prior to the date of such meeting. The warrant shall state the time, place and purpose of the meeting and shall be directed to the district secretary, who shall give notice by posting a copy in the city or town clerk's office and at least two other public places in each member municipality and who shall further provide notice by publishing a copy of said warrant in at least one newspaper in general circulation within the member municipalities. The boards of selectmen of the member municipalities in a joint meeting shall, by a majority vote of those present, appoint a town moderator or any other person acceptable to the boards of selectmen to act as moderator and the district secretary shall keep the record of such meeting. Approval of the regional school district budget shall require the affirmative vote of at least a majority of those present and voting thereon, by a counted vote. The regional school district budget so approved shall be apportioned between the member municipalities and paid by them in accordance with the terms of the regional school district agreement.

In the event that the regional school district budget in a regional school district having three or more members is not approved by at least two-thirds of the member municipalities as required by this section, the regional district school committee shall have thirty days to reconsider and shall submit an amended budget on the basis of the issues raised. The amounts required to be raised on account of the regional school district budget shall be reapportioned between the member cities and towns by the regional district school committee and a copy of the amended budget shall be provided, not later than seven days from the date the amended regional school district budget was adopted by the regional district school committee, to the chairmen of the boards of selectmen, chairmen of the finance committees, mayors, presidents of the city councils and treasurers of the several municipalities. With approval of the commissioner of education, a regional district school committee may have an additional fifteen days within which to reconsider and reapportion said budget. The respective amounts reapportioned between the member cities and towns by the regional district school committee shall be recertified by the district treasurer to the treasurers of the member municipalities not later than seven days from the date the regional school district budget was adopted by the regional district school committee. Prior to the expiration of thirty days from the date on which such budget was adopted by the regional district school committee, each member municipality may hold a meeting to act upon the appropriation of the budget so reapportioned and recertified to

it and, if more than one-third of the member municipalities shall vote at such meetings to disapprove the budget so reapportioned and recertified to them, the budget shall again be recommitted to the regional district school committee for action pursuant to this paragraph.

If more than one-third of the member municipalities do not vote to disapprove the revised and resubmitted budget in a duly called meeting within the stated thirty days, such budget shall be considered approved and shall be apportioned between the member municipalities and paid by them in accordance with the terms of the regional school district agreement.

At any time after the adoption of the annual budget, the regional district school committee may reduce the amount to be raised by assessment to the several municipalities and reapportion the reduced amount in accordance with the terms of the regional school district agreement for apportionment of costs. The regional school district treasurer shall recertify the amounts reapportioned to the treasurers of the several municipalities within thirty days from the date on which the regional district school committee votes to reduce the annual budget or assessments. If the recertification is made after the annual town meeting of a member town, the amount recertified shall be considered an amendment to the amount required to have been appropriated at that meeting without the necessity for further action by the town, and, if the annual assessment of taxes has not been made, the municipal assessors shall include only the amount so recertified in making the annual assessment of taxes under the provisions of section twenty-three of chapter fifty-nine.

For the purposes of this section, a vote or votes by a local appropriating authority to appropriate the municipality's apportioned share of the regional school district budget shall constitute approval of the annual regional school district budget; provided, however, that any municipality's apportioned share may not be increased in the same fiscal year without approval of the local appropriating authority.

The clerk of each member municipality shall, within seven days following a vote concerning a regional school district budget or apportionment, certify in writing to the treasurer of the regional school district the results of such vote by the municipality.

This section shall apply to all regional school districts established under the provisions of a special law, notwithstanding any contrary provisions in any such special law.

**SECTION 2.** Section 16B 1/2 of said chapter 71, as so appearing, is hereby amended by inserting after the first sentence the following:- The commissioner of revenue shall certify the unencumbered amount in the excess and deficiency fund, so called, of a regional school district, and the amount, if any, by which it exceeds five per cent of the district's operating budget and its budgeted capital costs for the succeeding fiscal year, at the end of each fiscal year and shall report such amount to the regional district school committee, the board of selectmen in each member town and the city council in each member city by December

first of each year. The regional district school committee shall submit all information necessary to perform said certification to the commissioner of revenue at the close of each fiscal year but no later than October thirty-first.

This section shall be subject to the provisions of section thirty-four of chapter seventy-one and shall place no additional limitations on the budgetary authority of the school committee.

Approved December 16, 1987.

**Chapter 581. AN ACT EXEMPTING CERTAIN SUMMER CAMPS FROM THE EXCISE ON MEALS AND ROOM OCCUPANCY.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 64G of the General Laws is hereby amended by striking out section 2, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:–

Section 2. The provisions of this chapter shall not be construed to include (a) lodging accommodations at federal, state or municipal institutions; (b) lodging accommodations at religious, charitable, educational or philanthropic institutions; (c) privately owned and operated convalescent homes or homes for the aged, infirm, indigent or chronically ill; (d) religious or charitable homes for the aged, infirm, indigent or chronically ill; and (e) summer camps for children eighteen years of age or under or developmentally disabled individuals; provided, however, that such summer camp which offers its facilities off-season to individuals sixty years of age or over for a period not to exceed thirty days in any calendar year shall not lose its exemption hereunder.

For the purposes of this section a developmentally disabled individual shall mean an individual who has a severe chronic disability which:

(A) is attributable to a mental or physical impairment or combination of mental and physical impairments;

(B) is likely to continue indefinitely;

(C) results in substantial functional limitations in three or more of the following areas of major life activity: (i) self-care; (ii) receptive and expressive language; (iii) learning; (iv) mobility; (v) self-direction; (vi) capacity for independent living; and (vii) economic self-sufficiency; and

(D) reflects the individual's need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services which are of lifelong or extended duration and are individually planned and coordinated.

**SECTION 2.** Section 6 of chapter 64H of the General Laws, as so appearing, is hereby amended by striking out paragraph (cc) and inserting in place thereof the following paragraph:–

(cc) meals prepared by employees thereof and served in any hospital, sanatorium, convalescent or nursing home, or boarding home for the aged licensed under section seventy-one of chapter one hundred and eleven or in any institution or private house licensed under section twenty-nine of chapter nineteen; meals prepared by the members thereof and served on its premises by any church or synagogue or by any church or synagogue organization to any organization of such church or synagogue the proceeds of which are to be used for religious or charitable purposes; meals furnished by any person while transporting passengers for hire by air to or from any place within the commonwealth, meals furnished to any organization in which membership is limited to persons sixty years of age or over or to elderly or handicapped persons residing in a housing project qualifying under section thirty-eight to forty, inclusive, of chapter one hundred and twenty-one B and said organization has previously filed with the commissioner, on a form approved by the commissioner, satisfactory proof of its eligibility hereunder; and meals furnished to students by an educational institution which normally maintains a regular faculty and curriculum and normally has a regularly enrolled body of pupils or students in attendance at the place where its educational activities are regularly carried on; and meals served by summer camps for children eighteen years of age or under or developmentally disabled individuals; provided, however, that such summer camp which offers its facilities off-season to individuals sixty years of age or over for a period not to exceed thirty days in any calendar year shall not lose its exemption hereunder; and meals furnished through programs established under section one L of chapter fifteen.

For the purposes of this section a developmentally disabled individual shall mean an individual who has a severe chronic disability which:

(A) is attributable to a mental or physical impairment or combination of mental and physical impairments;

(B) is likely to continue indefinitely;

(C) results in substantial functional limitations in three or more of the following areas of major life activity: (i) self-care; (ii) receptive and expressive language; (iii) learning; (iv) mobility; (v) self-direction; (vi) capacity for independent living; and (vii) economic self-sufficiency; and

(D) reflects the individual's need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services which are of lifelong or extended duration and are individually planned and coordinated.

**SECTION 3.** The provisions of this act shall take effect on June first, nineteen hundred and eighty-eight.

Approved December 16, 1987.

**Chapter 582. AN ACT AUTHORIZING THE LICENSING AUTHORITY IN THE TOWN OF ADAMS TO ISSUE ADDITIONAL LICENSES FOR THE SALE OF ALL ALCOHOLIC BEVERAGES TO BE DRUNK ON THE PREMISES.**

Be it enacted, etc., as follows:

Notwithstanding the provisions of section seventeen of chapter one hundred and thirty-eight of the General Laws, the licensing authority in the town of Adams is hereby authorized to issue a license for the sale of all alcoholic beverages to be drunk on the premises under the provisions of section twelve of said chapter one hundred and thirty-eight to the Samuel Adams Tavern, Inc. Said license shall be subject to all the provisions of said chapter one hundred and thirty-eight except section seventeen; provided, however, that the licensing authority shall not approve the transfer of said license to any other person, organization, corporation or location; and provided, further that the issuing of this license shall reduce by one any increase in licenses issued under the provisions of said section seventeen.

Approved December 16, 1987.

**Chapter 584. AN ACT RELATIVE TO THE MANAGEMENT OF SOLID WASTE AND THE ABATEMENT OF POLLUTION RESULTING THEREFROM.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide funding for a solid waste grant program, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Section 19 of chapter 6A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out, in line 7, the words ", the bureau of solid waste disposal".

**SECTION 1A.** Chapter 16 of the General Laws is hereby amended by striking out sections 18 to 21, inclusive, as so appearing, and inserting in place thereof the following four sections:-

Section 18. As used in sections nineteen to twenty-four, inclusive, the following words shall have the following meanings:-

"Commissioner", the commissioner of the department of environmental quality engineering.

"Department", the department of environmental quality engineering.

"Residual waste", solid waste or combination of solid wastes, which because of its quantity, concentration, or physical, chemical, or infectious characteristics may cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness, or pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, or disposed of or otherwise managed.

"Resource recovery facility", a solid waste disposal facility utilizing processes for reclaiming the materials or energy values from solid wastes.

"Secretary", the secretary of the executive office of environmental affairs.

"Sludge", any solid, semisolid or liquid waste generated from a municipal, commercial or industrial wastewater treatment plant, water supply treatment plant, or air pollution control facility or any other

such waste having similar characteristics and effects.

"Solid waste", garbage, refuse, sludge from a waste treatment plant, water supply treatment plant, or air pollution control facility and other discarded material, including solid, liquid, semisolid, or contaminated gaseous material resulting from industrial, commercial, mining, and agricultural operations, and from community activities, but does not include solid or dissolved materials in domestic sewage, or solid or dissolved materials in irrigation return flows or industrial discharges, special nuclear, or radioactive byproduct material.

"Solid waste disposal facility", incinerator, landfill, resource recovery facility, transfer station, composting plant, sorting or processing machine or plant, recycling plant, or other sanitary means of recycling or composting solid waste approved by the department, or any combination of one or more of the above facilities and appurtenant facilities.

"Storage", when used in connection with residual waste, the containment of residual waste, either on a temporary basis or for a period of years, in such a manner as not to constitute disposal of such residual waste.

"Treatment", when used in connection with residual waste, any method, technique, or process, including neutralization, designed to change the physical, chemical, or biological character or composition of any residual waste so as to neutralize such waste or so as to render such waste nonhazardous, safer for transport, amenable for recovery, amenable for storage, or reduced in volume. Treatment includes any activity or processing designed to change the physical form or chemical composition of residual waste so as to render it nonhazardous.

Section 19. The secretary, the department of environmental management and the department are hereby authorized to dispose of solid wastes, from whatever source, in any manner and at any site which is determined by the department to meet the siting criteria established under the provisions of section one hundred and fifty A 1/2 of chapter one hundred and eleven. Notwithstanding any other provisions of sections eighteen to twenty-four, inclusive, of this chapter to the contrary, the authorizations, powers and duties of this section shall be exercised as follows: by the department of environmental management for storage and treatment of residual waste; by the department for recycling and composting of solid waste, but not including residual waste; and by the secretary for all remaining solid waste disposal. For the purposes of this section the secretary, the department of environmental management and the department may be referred to collectively by the term "agencies". The agencies are hereby authorized and empowered to purchase, lease, acquire, receive by gift, or take by eminent domain under the provisions of chapter seventy-nine any land, structures, facilities and easements necessary for solid waste disposal. As used in this section, the term solid waste disposal shall include storage or treatment of residual waste. To carry out the provisions of this section, the agencies may contract with any person, firm, corporation, or body politic to plan, design, manage, construct, maintain

or operate solid waste disposal facilities and to otherwise implement this section, and may accept any gifts or grants of money or property, whether real or personal, from any source, including but not limited to the United States or its agencies relative to the disposal of solid waste. The agencies may contract with users, public and private, including agencies of the commonwealth and its political subdivisions, to dispose of solid waste. The agencies may lease any land acquired under this section for solid waste disposal to any person, firm or corporation for the purpose of constructing, operating and maintaining a privately owned solid waste processing disposal facility or related facility, including facilities related to the processing, marketing or manufacture of materials recovered from solid waste. The department, on a continuing basis, shall review and make recommendations on the manner of operation and adequacy from an environmental quality standpoint of any solid waste disposal facility planned, established or operated under the provisions of section eighteen to twenty-four, inclusive, by the secretary or the department of environmental management, and subject to appropriation such recommendations shall be implemented by the secretary and the department of environmental management. Any land acquired under this section may be disposed of by the commonwealth pursuant to the provisions of chapter seven upon termination of a solid waste disposal facility or completion of use of a site, with the concurrence of the department in the best interests of the commonwealth and for a use compatible with local zoning by-laws or ordinances; provided, however, that in no event shall such land be so disposed of unless a written offer is made to the city or town wherein such land lies for an amount of money not less than the principal amount remaining to be paid on bonds issued to meet the capital outlay expenditures relative to such land and such offer is not accepted within two months after being made or is refused by the mayor of the city or the board of selectmen of the town wherein such land lies.

The department of environmental management shall not exercise its eminent domain authority as authorized herein for the acquisition of sites for hazardous waste treatment, processing or disposal until all permits, licenses and approvals of the city or town wherein the site lies have been granted, a siting agreement has been established pursuant to the provisions of sections twelve and thirteen of chapter twenty-one D, and the approval of said exercise of eminent domain authority has been obtained by a majority vote of the city council, board of aldermen, or board of selectmen of said city or town.

Section 20. It shall be the responsibility of the department to carry out the provisions of sections eighteen to twenty-four, inclusive. Said department shall conduct research and demonstration projects and shall encourage improved methods of solid waste disposal including recycling. The department may hire such experts, engineers and other personnel from such funds as shall be appropriated, as it deems necessary to carry out the provisions of sections eighteen to twenty-four, inclusive. The department may, subject to the provisions of chapter thirty A, promulgate rules and regulations relating to the storage, collection,

transfer, and disposal of solid waste with respect to facilities established pursuant to sections eighteen to twenty-four, inclusive.

Section 21. The department shall investigate and study the solid waste disposal needs of the commonwealth, including but not limited to appropriate solid waste management techniques for source and volume reduction, landfill design and operation, resource recovery plant design, the operation of composting and recycling facilities, and the operation of any other innovative, environmentally sound technologies. The department may designate regional solid waste disposal districts to carry out the purposes of sections eighteen to twenty-four, inclusive. The department, after a public hearing, shall develop and maintain a comprehensive statewide master plan for solid waste disposal including any necessary provisions to meet eligibility requirements under any federal program for financial aid in solid waste disposal. Any amendment, alterations, or changes to said master plan shall be adopted only after a public hearing. A solid waste disposal district shall, wherever practicable, consist of a single city or town, or a part thereof, or two or more cities or towns, or any combination or parts thereof. Each district shall have an advisory committee comprised of one member from each city or town in the district, who shall be appointed by the city manager in a city having a city manager, by the mayor in any other city, by the board of selectmen in the town having selectmen, by the town council, or by such other municipal officer, officers, or municipal agency to which or to whom any city or town has delegated the responsibility for solid waste disposal. The members of such committee may be elected officials of such cities or towns and shall serve at the pleasure of their appointing authority.

The comprehensive statewide master plan referred to herein shall describe, to the maximum practicable extent, a short and long-range program for disposal of solid waste throughout the commonwealth, the solid waste facilities which the department determines to be necessary or convenient to the disposal of such waste in a manner which protects the public health, safety and environment and is financially sound, and the funding for the development of such facilities which the department finds to be reasonable necessary.

Without limitation of the foregoing, said plan shall, to the maximum practicable extent, identify:

- (1) the sources, types and quantities of solid waste generated within each city or town;
- (2) the current means for collection, transfer, processing, recycling or other disposal of such waste;
- (3) the adequacy of solid waste facilities with reference to disposal of solid waste in a manner which the department determines is or is likely to protect the public health, safety and environment;
- (4) the means of collection, transfer, processing, recycling or other disposal of such waste which have been reported to the department by each city or town or by any other public or private entity for the five year period beginning with the year for which the statewide plan is prepared;

(5) whether and to what extent the waste identified or reported as described above is currently being disposed of at sites permitted by the department or by a local board of health pursuant to section one hundred and fifty A of chapter one hundred and eleven or with respect to future years, is being proposed for disposal at such sites; and

(6) to the extent disposal is identified as not taking place in any current or future year at such sites, the options available to local public bodies for disposal at such sites or alternative means for which the department finds there is a reasonable likelihood that disposal will take place in an environmentally safe manner and recommendations of the department as to such options or alternative means. Each city or town may prepare a local solid waste management plan to be presented to the department to assist the department in the creation of the statewide plan. Such local plan shall, to the maximum practicable extent, identify:

(1) the sources, types and quantities of solid waste generated within each city or town;

(2) the current means for collection, transfer, processing, recycling or other disposal of such waste, and the length of, and termination date of any existing contract entered into by said city or town for the contracting of the collection, transfer, processing, recycling or disposal of such waste;

(3) whether and to what extent the waste identified or reported as described above is currently being disposed of at sites permitted by the department or by a local board of health pursuant to section one hundred and fifty A of chapter one hundred and eleven, or, with respect to future years, is being proposed for disposal at such sites;

(4) to the extent disposal is identified or reported as not taking place in any current or future year at such sites, the options available to such city or town for future disposal at such sites or for alternative means for which the community finds there is a reasonable likelihood that disposal will take place in an environmentally safe manner and recommendations of said city or town as to such options or alternative means; and

(5) a listing of proposed options for addressing the collection, transfer, processing, recycling or disposal of waste for the next five years. Said plan shall include an estimate of the expected financial resources needed to implement said plan.

**SECTION 2.** Chapter 16 of the General Laws is hereby amended by striking out section 24A, as so appearing, and inserting in place thereof the following section:–

Section 24A. The operator of a privately owned or operated resource recovery facility or landfill shall pay to the city or town in which the facility or landfill is located a tax of one dollar per ton of solid waste processed at the facility. Said tax shall be increased every January first, effective January first, nineteen hundred and eighty-one by the percentage increase of the Boston Consumer Price Index for all urban consumers for the twelve month period ending the previous October first. Such tax shall be in lieu of all taxes, fees, charges or assessments imposed by the city or town in which the facility or landfill is located,

except for real estate taxes imposed solely upon the land on which the said facility or landfill is located. For purposes of this section, a solid waste disposal facility or resource recovery facility shall not include a transfer station.

**SECTION 2A.** Section 1 of chapter 21 of the General Laws, as so appearing, is hereby amended by striking out, in line 28, the words "and a bureau of solid waste disposal".

**SECTION 2B.** Section 8 of chapter 21A of the General Laws, as so appearing, is hereby amended by striking out, in lines 25 and 26, the words "the bureau of solid waste disposal,"

**SECTION 3.** The General Laws are hereby further amended by inserting after chapter 21G the following chapter:-

**CHAPTER 21H.  
SOLID WASTE FACILITIES.**

Section 1. (a) It is hereby determined that:

(1) There is a critical need to eliminate, mitigate and prevent the nuisances and adverse public health effects associated with the collection, processing and disposal of solid waste from whatever source derived, including municipal, industrial, domestic, commercial and other sources or activities.

(2) There is pending throughout the commonwealth a severe shortage in environmentally safe and financially sound capacity for the storage, disposal and processing of solid waste.

(3) The provision of such capacity is an essential public purpose, will constitute the performance of an essential public function and is necessary to the preservation and improvement of the health, welfare and living conditions of the people of the commonwealth, the promotion of industry and employment and all aspects of commerce, the maintenance, protection, conservation and development of safe water supplies, and the protection of the environment overall.

(4) The financial requirements for the provision of environmentally safe solid waste facilities are substantial and require the use of both public and private sources of financing and of facility development and operation experience, the ability to collect user fees to recover costs of providing such capacity, and the ability to finance capital expenditures without undue reliance on the general obligation credit of the commonwealth or of individual cities and towns.

(b) It is hereby declared to be an essential public purpose to achieve the following:

(1) provide a means whereby new and improved capacity for handling solid waste is established in a manner which takes full advantage of current municipal experience in the collection, disposal and storage of such waste;

(2) encourage cities and towns to act together effectively to operate solid waste facilities;

(3) establish a means whereby the commonwealth can act effectively to provide planning, technical, development, financial and other support for solid waste facilities;

(4) establish a framework which encourages and permits private enterprise to participate appropriately in the development and operation of solid waste facilities;

(5) encourage cities and towns to act together effectively to develop and operate household hazardous waste collection programs and related activities.

(c) It is declared to be in the best interests of the citizens of the commonwealth to enact legislation authorizing the department of environmental quality engineering to provide financial assistance to public bodies for the closure of landfills or other solid waste facilities and for the expansion of landfill capacity or other solid waste facilities.

Section 2. As used in this chapter, the following words shall, unless the context clearly requires otherwise, have the following meanings:

"Assessment", a project to investigate, monitor, survey, test and gather information to identify the existence, source, nature and extent of pollution or a threat of pollution and the extent of danger to the public health, safety or welfare, or to the environment. The term shall also include without limitation studies, services and investigations to plan, manage and direct assessment, containment, closure and clean up.

"Clean up", a project for the removal of pollution which restores potability to a drinking water supply or which prevents the contamination of said supply, including without limitation the planning, design, and implementation of appropriate means of assessment and public solution of the contamination problem.

"Closure", a project for the deactivation and completion of a solid waste facility, including without limitation planning, design and implementation of capping, containment, completion and any other activity necessary or incidental to minimize or prevent damage, or threats of damage, to the public health, safety or welfare, or to the environment.

"Construction", a project for the provision of additional solid waste facility capacity, or for closure or containment at existing solid waste facilities, in accordance with all applicable technical and legal requirements, including without limitation planning, design and implementation of facility development, siting, alteration, expansion, improvement or equipping, and all activities necessary or incidental thereto, including acquisition of real or personal property or interests therein.

"Containment", a project for the prevention of leachate generation and migration from a solid waste facility, including without limitation planning, design and implementation of surface sealing, grading, drainage control, lining, slurry trenching, grout curtain sheeting, and other activities necessary or incidental to leachate control.

"Department", the department of environmental quality engineering.

"Drinking water supply", any water within the jurisdiction of the commonwealth, including without limitation rivers, streams, lakes,

ponds, springs, impoundments and groundwater, which is used as a source of drinking water.

"Facility", any place or site where solid waste has been or will be deposited, dumped, stored, transferred or treated, including any landfill, refuse transfer station, refuse incinerator rated by the department at more than one ton of refuse per hour, refuse composting plant, or other work for treating or disposing of solid waste.

"Landfill", any area, site or works for the disposal of solid waste into or on land.

"Person", any natural or corporate person, whether public or private, including corporations, societies, associations and partnerships and bodies politic and corporate, public agencies, authorities, departments, offices and political subdivisions of the commonwealth.

"Pollution", any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping or disposing of any material which, because of its quantity, concentration or other characteristics, is or may be injurious to human, plant or animal life or to property, or may unreasonably interfere with the comfortable enjoyment of life or property.

"Public body", any city, town, district, commission, council, financing authority or other political subdivision of the commonwealth, and any agency, authority, board, bureau, commission, council, department or other entity or instrumentality of government.

"Solid waste" or "waste", garbage, refuse, trash, rubbish, sludge, residue or by-products of processing or treatment of discarded material, and any other solid, semi-solid or liquid discarded material resulting from domestic, commercial, mining, industrial, agricultural, municipal, or other sources or activities, but shall not include solid or dissolved material in domestic sewage.

"Tipping fee", the fee or other cost charged by the operator of a solid waste disposal facility for the disposal of solid waste in the facility.

Section 3. (a) The department may provide financial assistance to public bodies for up to one hundred per cent of the costs of the clean up of existing and potential, as determined by the department, drinking water supplies that have been contaminated by leachate from landfills or for the costs of containment projects at landfills when leachate contamination exists or poses an imminent threat to an existing or a potential, as determined by the department, source of drinking water. Said costs may include study and assessment of the extent and nature of the actual or potential water supply contamination caused by the landfill and the costs of assessments to plan, manage, and direct containment and clean up of such contamination. Ninety per cent of the financial assistance provided to any one recipient pursuant to this subsection shall be in the form of a grant; ten per cent of such assistance shall be in the form of a no interest loan. In establishing priorities for making financial assistance available for the assessment and clean up of contaminated drinking water supplies or containment projects pursuant to this section, the department shall consider the extent to which such contamination poses a threat to a public resource or to the public health and safety.

For the limited purposes of awarding financial assistance for the clean up of contaminated water supplies, such clean up shall be declared a public purpose.

(b) (1) The department may provide financial assistance to public bodies for up to ninety per cent of the costs of closure of an existing landfill or other solid waste facility; provided, however, that such closure project is related to an applicant's subsequent disposal of solid waste in a landfill, resource recovery facility or recycling facility involved in the general disposal of solid waste on a regional basis. Eighty per cent of the financial assistance provided to any one recipient pursuant to this subsection shall be in the form of a no interest loan; twenty per cent of such assistance shall be in the form of a grant.

(2) The department may provide loans with interest to public bodies for up to ninety per cent of the costs associated with containment or closure of any landfill or other solid waste facility.

(c) (1) The department may provide financial assistance to public bodies for up to ninety per cent of the costs of construction of landfills or other solid waste facilities which serve as regional facilities and which accept both residential and commercial waste. Said costs may include the costs of any necessary containment done in conjunction with the construction. Sixty per cent of the financial assistance provided to any one recipient pursuant to this subsection shall be in the form of a no interest loan; forty per cent of such assistance shall be in the form of a grant.

(2) The department may provide financial assistance to public bodies for up to ninety per cent of the costs of construction of landfills or other solid waste facilities which serve as regional facilities but which accept only residential waste. Said costs may include the costs of any necessary containment done in conjunction with the construction. Seventy per cent of the financial assistance provided to any one recipient pursuant to this subsection shall be in the form of a no interest loan; thirty per cent of such assistance shall be in the form of a grant.

(d) The department shall reimburse public bodies that own and operate refuse burning facilities for the cost of emissions testing required by clause (c) of section five.

(e) Loans and grants provided by the department pursuant to this section shall be made in accordance with procedures and a priority system established by the department pursuant to rules and regulations adopted pursuant to chapter thirty A after public hearing. In establishing priorities for making financial assistance available pursuant to this chapter, the department shall consider the following:

(1) the extent to which the applicant's plan involves construction of new landfill or other waste disposal facility capacity which permits the closure of existing landfills or facilities determined by the department to constitute a significant, present or foreseeable threat to the environment;

(2) the extent to which such construction project will provide landfill or other waste disposal facility capacity for the general disposal of solid waste on a regional basis or for regional use in connection with resource

recovery or recycling facilities or programs as determined in each such case by the department to be in conformance with its statewide plan prepared under section twenty-one of chapter sixteen;

(3) the extent to which the applicant's plan involves the closure or containment of an existing landfill or other waste disposal facility determined by the department to constitute a significant, present or foreseeable threat to the environment;

(4) the extent to which such a closure project is related to the applicant's subsequent disposal of solid waste in a landfill, resource recovery or recycling facility involved in the general disposal of solid waste on a regional basis or for regional use as determined in each such case by the department to be in conformance with its statewide plan proposed under section twenty-one of chapter sixteen;

(5) whether the landfill or other waste disposal facility construction, containment or closure project as proposed by the applicant is found to be environmentally safe by the department;

(6) the extent to which the applicant or any person whom the applicant proposes to construct or operate the proposed project has complied with existing rules and regulations of the department in relation to the construction or operation of other waste disposal facility landfills, including without limitation rules and regulations related to air and water quality and to the siting of landfills under section one hundred and fifty A of chapter one hundred and eleven. Without limitation of the foregoing, nothing in this section shall be construed to prevent the department from conditioning the provision of financial assistance under this chapter upon the compliance of the applicant or of any other person to be responsible for operation of the facility with existing or amended laws, rules and regulations or policies or procedures of any public body charged with the implementation and enforcement of laws for the protection of the environment;

(7) the extent to which private industry is willing and able to provide facilities or services to municipalities at a total cost less than or equal to the size of the requested financial assistance considering the entire life of the proposed project as defined in section eight of chapter forty-four;

(8) the extent to which the applicant has adopted user fees for municipal solid waste disposal services designed to cover construction and operation costs, prevention of pollution, clean up, repairs, improvements, and closure of disposal facilities;

(9) the extent to which a municipality has planned or implemented a department approved recycling program;

(10) the extent to which a community has planned or implemented a department approved composting program;

(11) the extent to which a municipality has planned or implemented a department approved household hazardous waste separation program; and

(12) the extent to which any owner or operator of a landfill facility refuses to allow a small business interest engaged in collecting solid waste to unload or dispose of solid waste generated within the city, town or district in a landfill or other solid waste facility.

(f) Eligible projects for which money may be distributed pursuant to this section shall be those approved by the department on or after January first, nineteen hundred and eighty-six.

(g) Every public body shall, as a condition of receiving financial assistance under this chapter, except assistance under subsection (a) of section three, have implemented a plan providing for the periodic collection of household hazardous wastes and a plan for the recycling or composting of not less than twenty per cent of the solid waste generated within the area served by such public body. The department may modify the requirements of this subsection upon a determination that it would not be feasible for a public body to meet those requirements.

(h) Public bodies which apply for financial assistance under this chapter shall submit an application and comply with such other requirements as the department shall prescribe. Such applications shall, to the extent considered necessary by the department:

(1) describe how the applicant's project relates to the statewide plan adopted by the department pursuant to section twenty-one of chapter sixteen;

(2) set forth plans and designs for the applicant's project and describe the specific steps which the applicant will take to prevent or minimize damage to the environment which may otherwise be associated with the construction or closure of a landfill or other solid waste facility;

(3) describe the means by which the applicant proposes to finance costs of construction of facilities which will not be funded with financial assistance provided hereunder, and how the applicant proposes to finance operating expenses over the projected useful life of the facility.

(i) No application for financial assistance under this chapter shall be approved by the department unless (1) such applicant has provided such information as is reasonably available to the applicant in connection with the preparation or revision, as the case may be, of the statewide plan by the department pursuant to section twenty-one of chapter sixteen, and (2) the applicant's proposed construction or closure project is in conformance with such statewide plan.

(j) Without limitation of the foregoing, the department may, in furtherance of the purposes of this chapter enter into contracts or agreements with any person including without limitation federal, state or local bodies, and private persons, with respect to any and all matters and on terms and conditions which the department determines to be necessary or convenient to the exercise and performance of its powers and responsibilities under this chapter.

(k) For the purposes of this section, the terms "regional" and "regional basis" shall be deemed to include facilities servicing a municipality which has a population in excess of three hundred thousand or two or more municipalities.

(l) Any loan authorized pursuant to this section shall be repaid under such terms as the secretary of administration shall establish; provided, however, that, unless such loans are specifically designated as interest free, interest shall be charged at a rate on such loans which is no less than the rate at which the commonwealth sold the bonds or notes which

have been authorized to provide the monies for such loan; provided, further, that in the event that no notes or bonds are sold prior to the execution of such loans, said secretary shall make an estimate of the likely interest rate based on prevailing bond market conditions; and provided, further, that the term of years of any such loan shall be established such that it does not exceed the term of years for the general obligation bonds the proceeds of which are utilized to fund such loan program. In the event that any city, town, or district defaults on any such loan, said secretary is hereby authorized and directed to recover the amounts owed under the terms of such loan by reducing the amounts of any distribution by the commonwealth of financial assistance for any fiscal year or fiscal years as appearing on the notification to the assessors required by section twenty-five A of chapter fifty-eight which would otherwise be distributed to such city, town, or district; provided, however, that in the event that a district is found to be in default, said secretary is authorized to proportionately reduce such financial assistance to the member cities and towns in such district. All monies paid to the commonwealth in repayment of such loans shall be deposited into the Local Aid Fund.

Section 4. The department is hereby authorized and directed to establish a program for (i) the discovery and assessment of pollution, or threats of pollution, caused by existing or closed solid waste facilities, (ii) the containment and clean up of such pollution, and (iii) the closure of existing solid waste facilities causing such pollution.

(a) In implementing assessment under said program, the department either may take or arrange for such assessments or may award grants to public bodies, in accordance with rules and regulations adopted by the department pursuant to chapter thirty A after public hearing, for up to one hundred per cent of the costs for such assessments. Such assessments may include without limitation studies, surveys, monitoring, testing and other investigations to identify the existence, source, nature and extent of such pollution and to assess the extent to which such pollution presents an existing or potential danger to the public health, safety or welfare, or the environment, and studies, services and investigations to plan, manage and direct necessary containment, clean up or closure activities.

(b) After the discovery and assessment under subsection (a) of pollution, or a threat of pollution, caused by an existing or closed solid waste facility, the department, in accordance with enforcement authority set forth in applicable statutes and regulations, shall notify the owner of the facility of (i) any requirements to correct such pollution, or threat of pollution, and to bring the facility into conformance with applicable statutes and regulations, and of steps which must be taken to do so; (ii) the need for any further assessment, or if adequate assessment has been made, the need for containment, closure or clean up projects to eliminate, minimize or prevent such pollution or threat of pollution; (iii) any funding available for such assessment, containment, closure or clean up projects under section three; (iv) the department's authority to take or arrange for any such projects under subsection (c); and (v) the liability

provisions of subsections (e) to (h), inclusive, for the costs incurred by the department in taking or arranging for such projects.

(c) Subject to the provisions of subsections (b) and (d), the department is authorized (i) to take or arrange for further assessment of such pollution or threats of pollution, (ii) to take or arrange for containment actions in response to such pollution, or threats of pollution, which will prevent or minimize such pollution so that it does not migrate or otherwise cause or threaten substantial present or future danger to the public health, safety or welfare, or the environment, and (iii) to take or arrange for such closure or clean up activities as may be necessary to prevent, minimize or mitigate damage to the public health, safety or welfare, or the environment, which may result from such pollution, or threats of pollution.

(d) Prior to taking or arranging for any further assessment or any containment, closure or clean up activities under subsection (c), an assessment under subsection (a) shall have been completed, the department shall have informed the owner of the facility as set forth in subsection (b) and the department shall have notified said owner of its intent to take or arrange for such projects.

(e) Except as otherwise provided in this section, the owner of an existing or closed solid waste facility which causes pollution or threat of pollution, and any person who is otherwise legally responsible for such pollution or threat of pollution, shall be liable to the commonwealth for all costs of any further assessment and any containment, closure and clean up incurred by the department relative to such pollution pursuant to subsection (c). Except as provided in subsection (f), such liability shall be joint and several.

(f) Any person otherwise liable for any costs as set forth in subsection (e) who establishes by a preponderance of the evidence that only a portion of such costs is attributable to pollution or threat of pollution for which he is included in said subsection (e) shall be required to pay only such portion.

(g) All persons liable under this section who are liable for pollution or a threat of pollution, caused by an existing or closed solid waste facility, for which the department has incurred costs for assessment, containment, closure or clean up under subsection (c), shall be liable, jointly and severally, to the commonwealth in an amount up to three times their liability as set forth in this section; provided, however, that if any person establishes by a preponderance of the evidence that only a portion of such costs is attributable to pollution or threat of pollution for which he is included in said subsection (c), in which case they shall be required to pay up to three times such portion.

(h) Where the person liable for such pollution or threat of pollution is a city or town, there shall be no liability for the costs of assessment taken or arranged by the department, and the provision of subsection (g) relating to treble liability for costs incurred by the department for containment, closure or clean up shall not apply to such public body, and any liability to the commonwealth under this section, in the case of a city or town shall not be included in the debt of such city or town for the

purpose of ascertaining its legal borrowing capacity, if after receiving notice under subsection (b), and prior to any action by the department under subsection (c), such city or town has taken action to obtain financial resources to support any necessary containment, closure or clean up projects, including without limitation issuing revenue bonds under section twenty-eight C of chapter forty-four or applying in good faith for financial assistance pursuant to section three.

(i) No indemnification, hold harmless or similar agreement or conveyance shall be effective to transfer the liability imposed under this section from the owner of any existing or closed solid waste facility or from any other person who may be liable for pollution or threat of pollution under this section to any other person. Nothing in this paragraph shall bar any agreement to insure, hold harmless, or indemnify a party to such agreement for any liability under this section.

(j) The department, as necessary to carry out the provisions of subsections (a) and (c) may enter into contracts for consultant services, including but not limited to engineering, technical, legal, administrative, accounting, community information, financial, management and investigatory function, and may acquire personal property and interests in real estate by leases, purchases or eminent domain under the provisions of chapter seventy-nine and may pay any relocation benefits required by law.

(k) Nothing in this section shall preclude the department from acting to address pollution or threats of pollution caused by existing or closed solid waste facilities under the authority of section four of chapter twenty-one E.

(l) Any person aggrieved by a determination by the department under subsections (b) to (j), inclusive, may request an adjudicatory hearing before the department under the provisions of chapter thirty A. Any such determination shall contain a notice of the right to request a hearing and may specify a reasonable time limit, not to exceed twenty-one days, within which said person shall request said hearing. If no such request is timely made, the determination shall be deemed assented to. If a timely request is received, the department within a reasonable time shall act upon such request in accordance with the provisions of said chapter thirty A.

A person aggrieved by a final decision in an adjudicatory hearing held under the provisions of this section may obtain judicial review thereof pursuant to the provisions of chapter thirty A.

Section 5. The department shall on a continual basis determine in cooperation with the department of public health (1) whether the air emissions and the ash residue from refuse burning facilities pose a threat to public health through the release of dioxins, furans, or other hazardous constituents, (2) the nature and extent of any such threat, and (3) the appropriate measures to be undertaken to protect public health if a significant threat is identified. To protect public health as required by this section, the department shall have the authority to:

(a) develop and establish procedures to be followed when the department tests or requires other persons to test for the presence of

dioxins, furans, heavy metals or other hazardous constituents in the environment;

(b) conduct tests for the presence of dioxins, furans, or other hazardous constituents in the ambient air at locations in the commonwealth, as determined by the department;

(c) require that persons who own or operate refuse burning facilities test the air emissions, bottom ash, and fly ash from the facilities for the presence of dioxins, furans, heavy metals or other hazardous constituents; provided, however, that such persons shall conduct dioxin testing according to clause (a) at least once every nine months;

(c 1/2) require baseline testing prior to the operation of any new facility;

(d) retain the results of such tests for comparison purposes over time and initiate proper responses when the results of such tests indicate a potential violation of department standards and policies;

(e) make available to interested parties, the general public and residents of municipalities in which refuse burning facilities exist or border the results of such tests together with an explanation of such results as to the adherence by such facilities to department standards and policies;

(f) cause to be designed and established an acute toxics laboratory at the Lawrence Experimental Station capable of analyzing extremely low levels of contaminants in air, water and soil samples; and

(g) promulgate rules and regulations for the land disposal of bottom ash and fly ash from refuse burning facilities which shall protect the public health and environment from any significant adverse effects from the disposal of such ash residue. Said rules and regulations may include, but not be limited to, provision for ash residue landfills to operate with liners, leachate collection systems, daily cover, groundwater monitoring and other systems necessary to prevent contamination of the air, groundwater and surface water.

Section 6. (a) All resource recovery facilities and other solid waste incinerators shall operate with acid gas scrubbers, or such other technology providing equal or greater protection to the public health and environment, as determined by the department in manner and time.

(b) All operators and owners of refuse burning facilities shall be required to set aside three per cent of any tipping fee received from any person for the purpose of providing for the costs of pollution abatement and control equipment and procedures, including but not limited to environmental monitoring such as emission testing, continuous emission monitors, ash residue testing, ambient air testing; environmental assessments; the upgrading of pollution control equipment to provide greater reduction of pollutants; and the installation of new pollution control technologies to reduce environmental contaminants. Said monies shall be paid into a separate fund to be held by the owner of the refuse burning facility, and any interest accumulated by such money shall be paid into the fund.

Any facility which is required to set aside three per cent of any tipping fee pursuant to this section shall file annual reports with the

state auditor. Said annual reports shall contain information sufficient for the state auditor to make a determination that such funds set aside are being managed and used for the purposes set forth in this section. Said state auditor shall consult with the department in making said determination.

If said facility ceases to operate, all unexpended funds, including accrued interest, shall be returned to the users of said facility on a pro rata basis.

Said state auditor, in consultation with the department, may reduce the set aside required by this section for any facility upon a determination that the owner or operator is otherwise required by law, financing agreement, contract or other means to provide for a sufficient reserve to cover anticipated or unanticipated costs related to any upgrading or other required modification of the facility and that the owner or operator has maintained such reserve. Any facility receiving such a reduction in the set aside required by this section shall file annual reports with said state auditor. Such annual reports shall contain information sufficient for said state auditor to make a determination that such reserves continue to exist and be required.

(c) The department shall periodically require operators and owners of refuse burning facilities to upgrade the refuse burning facility for the purpose of providing maximum protection to the environment and to the public health of the commonwealth, and, where applicable, to expend such monies from the fund established pursuant to subsection (b) for such purposes; provided, however, that the lack of availability of sufficient monies in the fund shall not limit the obligation of such owners and operators to carry out any such upgrading.

Section 7. The department, in consultation with the department of food and agriculture, shall establish a program to provide for recycling through composting of leaves and other organic matter.

(a) The department shall be authorized to implement regional yard waste and leaf composting projects and shall utilize state-owned land where feasible. The department shall also be authorized to accept applications from municipalities for grants and to award grants to assist in the development of local and regional composting projects. The department shall promulgate rules and regulations for the operation of a state and local yard waste and leaf composting program.

(b) The department of food and agriculture shall establish an agricultural composting program. Said department of food and agriculture is hereby authorized to establish state and local composting projects, to establish a demonstration agricultural composting program, and to accept applications for grants from municipalities for the purposes of creating agricultural composting projects. Said department of food and agriculture shall promulgate rules and regulations for the operation of state, local, and demonstration agricultural composting programs.

Section 8. Any person who violates any provision of this chapter, or any rule or regulation, order, permit, or approval issued or adopted under the provisions of this chapter: (a) shall be punished by a fine of not more

than twenty-five thousand dollars, or by imprisonment for not more than two years or both, for each such violation; or (b) shall be subject to a civil penalty not to exceed twenty-five thousand dollars for each such violation. Each day each such violation occurs or continues shall be deemed a separate offense.

**SECTION 4.** Chapter 29 of the General Laws is hereby amended by striking out section 2J, inserted by section 136 of chapter 199 of the acts of 1987, and inserting in place thereof the following section:-

Section 2J. There shall be established and set up on the books of the commonwealth a separate fund to be known as the Environmental Challenge Fund. There shall be credited to such fund:

any amounts collected pursuant to section sixteen of chapter twenty-one A;

any amounts collected pursuant to chapter twenty-one E;

any amounts collected pursuant to chapter twenty-one H;

any amounts collected pursuant to section ten or section fifteen of chapter four hundred and five of the acts of nineteen hundred and eighty-five; and

any income derived from the investment of amounts credited to said fund.

Amounts credited to said fund shall be used, subject to appropriation, solely for the clean up, control or response actions for oil and hazardous materials, reducing the production of hazardous waste or for any other action necessary to implement sections three A and four of chapter twenty-one E.

**SECTION 5.** Chapter 40 of the General Laws is hereby amended by striking out section 8H, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 8H. A city, town, or district may establish, by approval of the local legislative body, a recycling program for the purpose of recycling any type of solid waste including but not limited to paper, glass, metal, rubber, plastics, used tires and compostable waste. The program may be established for groups of cities, towns, or districts upon agreement of all municipalities or districts in a joint program.

Any recycling program established pursuant to this section may require that all residents, schools and businesses in a city or town separate from their solid waste those recyclables designated by the local legislative body. In cities and towns in which solid waste is collected at the curbside, the recycling program may include curbside collection of such recyclables. In cities and towns in which residents, schools or businesses may take their solid waste to a municipal landfill or transfer station, the recycling program shall include provision for the separation and storage at such landfill or transfer station of the solid waste being disposed by such resident, schools or businesses, and may include collection of recyclables at the curbside.

For purposes of this section, local legislative body shall mean the body of municipal government which is empowered to enact ordinances or

by-laws and adopt an annual budget and other spending authorizations, whether styled as a city council, board of aldermen, town council, town meeting or by any other title. The department of environmental quality engineering shall cooperate with local legislative bodies in the development of recycling programs, and no such program shall be established unless the municipality or district has first consulted with said department.

**SECTION 6.** Section 44B of said chapter 40, as so appearing, is hereby amended by striking out, in line 2, the word "contiguous".

**SECTION 7.** Section 44K of said chapter 40, as so appearing, is hereby amended by adding the following sentence:– Any debt incurred by a regional refuse disposal district shall not be subject to the limit of indebtedness prescribed in section ten of chapter forty-four.

**SECTION 8.** Said chapter 40 is hereby further amended by inserting after section 44K the following section:–

Section 44L. The rights and powers granted to cities and towns by the provisions of section twenty-eight C of chapter forty-four shall apply to regional refuse disposal districts and for the purpose of said section twenty-eight C the chief executive officer of a regional refuse disposal district shall be the regional refuse disposal district committee.

**SECTION 9.** Section 54 of said chapter 40 is hereby amended by adding the following paragraph:–

Every city or town shall require, as a condition of issuing a building permit or license for the demolition, renovation, rehabilitation or other alteration of a building or structure, that the debris resulting from such demolition, renovation, rehabilitation or alteration be disposed of in a properly licensed solid waste disposal facility, as defined by section one hundred and fifty A of chapter one hundred and eleven. Any such permit or license shall indicate the location of the facility at which the debris is to be disposed. If for any reason, the debris will not be disposed of as indicated, the permittee or licensee shall notify the issuing authority as to the location where the debris will be disposed. The issuing authority shall amend the permit or license to so indicate.

**SECTION 10.** Section 9 of chapter 40A of the General Laws is hereby amended by adding the following paragraph:–

A facility, as defined in section one hundred and fifty A of chapter one hundred and eleven, which has received a site assignment pursuant to said section one hundred and fifty A, shall be permitted to be constructed or expanded on any locus zoned for industrial use unless specifically prohibited by the ordinances and by-laws of the city or town in which such facility is proposed to be constructed or expanded, in effect as of July first, nineteen hundred and eighty-seven; provided, however, that all permits and licenses required by law have been issued to the proposed operator. A city or town shall not adopt an ordinance or

by-law prohibiting the siting of such a facility or the expansion of an existing facility on any locus zoned for industrial use, or require a license or permit granted by said city or town, except a special permit imposing reasonable conditions on the construction or operation of the facility, unless such prohibition, license or permit was in effect on or before July first, nineteen hundred and eighty-seven; provided, however, that a city or town may adopt and enforce a zoning or non-zoning ordinance or by-law of general application that has the effect of prohibiting the siting or expansion of a facility in the following areas: recharge areas of surface drinking water supplies as shall be reasonably defined by rules and regulations of the department of environmental quality engineering, areas subject to section forty of chapter one hundred and thirty-one, and the regulations promulgated thereunder; and areas within the zone of contribution of existing or potential public supply wells as defined by said department. No special permit authorized by this section may be denied for any such facility by any city or town; provided, however, that a special permit granting authority may impose reasonable conditions on the construction or operation of the facility, which shall be enforceable pursuant to the provisions of section seven.

**SECTION 11.** Paragraph (g) of section 21 of chapter 40D of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the second sentence and inserting in place thereof the following two sentences:– Such contracts may be for such periods as agreed upon by the parties and, without limiting the generality of the foregoing, may include provisions for the delivery of minimum amounts of refuse, garbage and waste and payments for the use of the facilities to be based thereon; provided, however, that such provisions do not result in the imposition of a contract penalty for municipal participation in a commonwealth approved program of residential source separation of recyclable materials, for unit prices, which may be graduated, and for adjustments thereof. Such contracts may also include provisions for the payment or performance of obligations imposed on cities, towns or other public agencies notwithstanding the interruption, curtailment or abandonment of construction or operation of the facilities; provided, however, that it shall be contrary to public policy to enforce such obligations against a city, town or other public agency unless notice of an operating permit granted approval by the department of environmental quality engineering for the facility shall have been recorded as provided in section one hundred and fifty A of chapter one hundred and eleven, and the interruption, curtailment or abandonment is attributable to circumstances which are beyond the control of the contractor or operator of the facilities and which render it physically or commercially impracticable or legally impermissible to operate the facilities even if the facilities conformed to the operating plans and specifications for which said operating permit was recorded.

**SECTION 12.** Section 7 of chapter 44 of the General Laws, as so

appearing, is hereby amended by striking out clauses (4A) and (4B).

**SECTION 13.** Said section 7 of said chapter 44, as so appearing, is hereby further amended by striking out clause (24).

**SECTION 14.** Section 8 of said chapter 44, as so appearing, is hereby amended by adding the following four clauses:-

(21) For the cost of cleaning up or preventing pollution caused by existing or closed landfills or other solid waste disposal facilities, including clean up or prevention activities taken pursuant to chapter twenty-one E or chapter twenty-one H, thirty years; provided, however, that no indebtedness shall be incurred hereunder until plans relating to the project shall have been submitted to the department of environmental quality engineering and the approval of said department has been granted therefor.

(22) For the construction of incinerators, refuse transfer facilities, recycling facilities, composting facilities, resource recovery facilities or other solid waste disposal facilities, other than landfills, for the purpose of disposing of waste, refuse and garbage, twenty years; provided, however, that no indebtedness shall be incurred hereunder until plans relating to the project shall have been submitted to the department of environmental quality engineering and the approval of said department has been granted therefor.

(23) For remodeling, reconstructing or making extraordinary repairs to incinerators, refuse transfer facilities, recycling facilities, resource recovery facilities or other solid waste disposal facilities, other than landfills, owned by the city, town or district, and used for the purpose of disposing of waste, refuse and garbage, such amounts as may be approved by the emergency finance board established under section one of chapter forty-nine of the acts of nineteen hundred and thirty-three, and for such maximum term, not exceeding ten years, as said board shall fix; provided, however, that no indebtedness shall be incurred hereunder until plans relating to the project shall have been submitted to the department of environmental quality engineering and the approval of said department has been granted therefor.

(24) For the purpose of closing out a landfill area, opening a new landfill area, or making improvements to an existing landfill area, fifteen years; provided, however, that no indebtedness shall be incurred hereunder until plans relating to the project shall have been submitted to the department of environmental quality engineering and the approval of said department has been granted therefor.

**SECTION 15.** Said chapter 44 is hereby further amended by inserting after section 28B the following section:-

Section 28C. (a) As used in this section, the following words shall, unless the context clearly requires otherwise, have the following meanings:

"Chief executive officer", the manager in any city having a manager and in any town having a city form of government, the mayor in any

other city, and the board of selectmen in any other town unless some other officer or body is designated to perform the functions of a chief executive officer under the provisions of a local charter or laws having the force of a charter.

"Costs", when used in reference to any work or purpose for which a city or town is authorized to issue debt obligations under this section, means all or any part of the cost of planning, designing, acquiring, constructing, reconstructing, altering, remodeling and otherwise carrying out such work or purpose including, without limitation, costs of labor, materials, machinery and equipment, lands, structures and all rights of any kind in real and personal property, costs of demolitions and relocations, cost of issuance and other financing charges and expenses, reserves for debt service and other capital and current expenses, costs of architectural, engineering, financial, legal and consulting services, costs of plans, specifications, appraisals, surveys, inspections, financial and feasibility studies, and any other costs or expenses authorized herein or necessary or incidental to the planning, acquisition, construction, financing or placing in operation of such work or purpose; the word "cost" shall also include interest prior to, during and for a reasonable period of time after completion of such work or purpose.

"Cost of issuance", any items of expense payable or reimbursable directly or indirectly by a city or town and related to the sale and issuance of debt obligations under this section and the investment of the proceeds therefor and of revenues securing the same, including without limitation printing costs, filing and recording fees, fees and charges of trustees, depositories, authenticating agents and paying agents, legal and auditing fees and charges, financial consultant fees, costs of credit ratings, premiums for insurance of the payment of debt obligations and fees payable for letters or lines of credit or other credit facilities securing debt obligations, discount payable upon the sale of debt obligations, fees and charges for execution, transportation and safekeeping of debt obligations, costs and expenses of refunding and other costs, fees and charges in connection with the foregoing.

"Debt obligation", a bond, a note, a certificate of indebtedness, and any other instrument or evidence of indebtedness, including a debt obligation issued to refund any of the foregoing.

(b) Any city or town is hereby authorized pursuant to a two-thirds vote, from time to time to issue its debt obligations pursuant to this section to pay project costs of (1) cleaning up or preventing pollution caused by existing or closed landfills or other solid waste disposal facilities including clean up or prevention activities taken pursuant to chapter twenty-one E or chapter twenty-one H;

(2) constructing incinerators, refuse transfer facilities, recycling facilities, composting facilities, resource recovery facilities or other solid waste disposal facilities, for the purpose of disposing of waste, refuse and garbage; (3) remodeling, reconstructing or making extraordinary repairs to incinerators, refuse transfer facilities, recycling facilities, resource recovery facilities or other solid waste disposal facilities, owned by the city or town and used for the purpose of

disposing of waste, refuse and garbage; and (4) closing out a landfill area, opening a new landfill area, or making improvements to an existing landfill area. No indebtedness shall be incurred hereunder until plans relating to the project shall have been submitted to the department of environmental quality engineering and the approval of said department has been granted therefor.

If a city or town has authorized the issuance of debt obligations in accordance with this section, the treasurer, with the approval of the chief executive officer, may without further authority issue notes in anticipation of such debt obligations, which notes may be paid with the proceeds of such debt obligations. The maturity date of any such notes shall not exceed three years from the date of issue of such notes or six months after the date of completion of the project being financed with such debt obligations, as determined by the chief executive officer, whichever date is later; provided, however, that notes issued to mature earlier than such date may be refunded on other notes maturing no later than three years from the date of issue of the original loan or six months after the completion date of the facility, whichever date is later. Subject to the limitations set forth in this paragraph, the provisions of this section applicable to debt obligations shall also apply to notes issued in anticipation thereof.

The useful life of a project to clean up or prevent pollution caused by existing or closed landfills or other solid waste facilities shall be deemed to be thirty years. The debt obligations may be made redeemable before maturity at the option of the city or town, acting by and through its chief executive officer, or when authorized by a two-thirds vote prior to issuance at the option of the holder of such debt obligations, at such price or prices, with or without premium, and under such terms and conditions as such officer may determine prior to the issue of such debt obligations. Debt obligations may be issued as serial debt obligations or as term debt obligations or as a combination of both, and in coupon or registered form, or both. Provision may be made for the registration of any coupon debt obligations as to principal alone, and also as to both principal and interest, and for the reconversion into coupon debt obligations of any debt obligations registered as to both principal and interest and for the interchange of registered and coupon debt obligations. The treasurer, with the approval of the chief executive officer, shall determine the form of the debt obligations, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the debt obligations and the place or places of payment of principal, premium, if any, and interest, which may be at any bank or trust company within or without the commonwealth.

Debt obligations issued hereunder shall be signed by the manual or facsimile signature of the treasurer and countersigned by the manual or facsimile signature of the treasurer and countersigned by the manual or facsimile signature of the chief executive officer and coupons, if any, appertaining to debt obligations shall bear the facsimile signature of the treasurer. Unless provision is made for the authentication of the debt obligations of an issue by the manual signature of trustee or other

authenticating agent, each debt obligation shall bear at least one manual signature of the aforementioned officers. Debt obligations, other than notes, shall bear thereon the seal of the city or town or a facsimile thereof. In case any officer whose signature or a facsimile of whose signature shall appear on any debt obligations or coupons shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until after such delivery.

Debt obligations issued by a city or town pursuant to this section may be sold in such manner, either at public or private sale, and for such price or prices, whether at par, premium or discount, as the treasurer, with the approval of the chief executive officer, may determine.

Any debt obligations issued under authority of this section shall not be included in the debt of a city or town for the purpose of ascertaining its legal borrowing capacity.

(c) The chief executive officer of any city or town is hereby authorized and empowered in connection with any borrowing under this section to enter into one or more trust or security agreements between such city or town and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the commonwealth, or directly between such city or town and the lenders on the debt obligations, necessary to effectuate and to secure such borrowing. Such agreements may pledge or assign, and create a security interest in, in whole or in part, the revenues and other money held or to be received by the city or town from any project being financed or from any fees or charges imposed by such city or town relating to solid waste disposal and any contract or other rights to receive the same, whether then existing or thereafter coming into existence and whether then held or thereafter acquired by the city or town and the proceeds thereof. Such agreements may contain such provisions for protecting and enforcing the rights, security and remedies of the holders of such debt obligations as may be reasonable and not in violation of law, including without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event thereof, which may include the acceleration of maturities and covenants setting forth the duties of, and limitations on, the city or town in relation to the acquisition, construction, improvement, enlargement, alteration, equipping, furnishing, maintenance, use, operation, repair, insurance and disposition of the project being financed by such debt obligations, the custody, safeguarding, investment and application of money, the issuance of additional debt obligations, the fixing, revision and collection of fees or other charges relating to solid waste disposal, the use of any surplus proceeds of the borrowing, including any investment earnings thereon, the establishment of special funds and reserves and the making and amending of contracts relating to such project.

The pledge of any such agreement shall be valid and binding and shall be deemed continuously perfected for the purposes of chapter one hundred and six and any other law from the time when the pledge is

made; the revenues, money, rights and proceeds so pledged and then held or thereafter acquired or received by a city or town shall immediately be subject to the lien of such pledge without any physical delivery or segregation thereof or further act; and the lien of any such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against the city or town, irrespective of whether such parties have notice thereof. No document by which a pledge is created need be filed or recorded except in the records of a city or town and no filing need be made under the provisions of said chapter one hundred and six.

Any such trust agreement may provide that any money received thereunder may be deposited or invested, pending the disbursement thereof, in any deposits or investments which are lawful for the funds of cities or towns pursuant to section fifty-five of chapter forty-four, and shall provide that any officer with whom or any bank or trust company with which such money shall be deposited shall act as trustee of such money and shall hold and apply the same for the purposes hereof and thereof, subject to such regulation or limitation as this section or such agreement may provide.

It shall be lawful for any bank or trust company to act as depository or trustee of the proceeds of debt obligations, revenues or other money pledged under any such agreement and to furnish such indemnifying bonds or to pledge such security and issue such letters or lines of credit or other credit facilities as may be required by the city or town. Any agreement entered into pursuant to this section may set forth the rights and remedies of the holders of any debt obligations and of the trustee and may restrict the individual right of action by any such holders. In addition to the foregoing, any such agreement may contain such other provisions as the city or town may deem reasonable and proper. All expenses incurred in carrying out the provisions of such agreement may be treated as a cost of issuance hereunder. In addition to other security provided herein or otherwise by law, debt obligations issued under this section by a city or town, may be secured, in whole or in part, by insurance or by letters or lines of credit or other credit facilities issued to the city or town by any bank, trust company or other financial institution, within or without the commonwealth, and the city or town may pledge or assign any of its revenues and other money held or to be received by the city or town from the project being financed or from any fees or charges imposed by such city or town relating to solid waste disposal as security for the reimbursement by the city or town to the issuers of such letters or lines of credit, insurance or credit facilities of any payments made thereunder.

Any holder of a debt obligation issued by a city or town under the provisions of this section or of any of the coupons appertaining thereto and any trustee under an agreement securing the same, except to the extent the rights herein given may be restricted by such agreement, may bring suit upon the debt obligations or coupons and may, either at law or in equity, by suit, action, mandamus, or other proceeding for legal or equitable relief, including proceedings for the appointment of a receiver to take possession and control of the facilities financed by such debt

obligations to operate and maintain the same, to make any necessary repairs, renewals and replacements in respect thereof and to fix, revise and collect fees and charges, protect and enforce any and all rights under the laws of the commonwealth or granted hereunder or under such agreement or other agreement, and may enforce and compel the performance of all duties required by this section or by such agreements to be preformed by the city or town or by any officer thereof.

A pledge of revenue in accordance with this section shall constitute a sufficient appropriation thereof for the purposes of any provision for appropriation for so long as such pledge shall be in effect and, notwithstanding any other general or special law to the contrary, such revenues may be applied as required by the pledge and the agreement evidencing the same without further appropriation.

(d) In addition to authority otherwise granted by law, a city or town may, when authorized by a two-thirds vote, issue refunding debt obligations for the purpose of paying any of its debt obligations issued under this section prior to maturity or upon acceleration of redemption. Refunding debt obligations may be issued at such times prior to the maturity or redemption of the refunded debt obligations as the treasurer and chief executive officer deem to be in the best interest of the city or town. The refunding debt obligations may be issued in sufficient amounts to pay or provide for the principal of the debt obligations being refunded, together with any redemption premium thereon, any interest accrued or to accrue to the date of payment of such debt obligations, the costs of issuance of the refunding debt obligations, the costs of redeeming the debt obligations being refunded and such reserves as may be required by any agreement securing the refunding debt obligations. The issue of refunding debt obligations, the maturity or maturities and other details thereof, the security therefor, and the rights of the holders thereof, and the rights, duties and obligations of the city or town in respect of the same shall be governed by the provisions of this section relating to the issue of debt obligations other than refunding debt obligations insofar as the same may be applicable; provided, however, that the refunding debt obligations shall be payable no later than the last date on which any portion of the debt obligations being refunded are payable or within the remaining useful life of the work or purpose financed by the refunded debt obligations, as determined by the chief executive officer, whichever is later. The provisions of section twenty-one A of chapter forty-four shall not apply to any such refunding debt obligations.

(e) Debt obligations issued under authority of this section are hereby made securities in which all insurance companies, trust companies, banking associations, savings banks, cooperative banks, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or notes or other obligations of a similar nature may properly and legally invest funds, including capital deposits or other funds in their control or belonging to them. Such debt obligations are

hereby made securities which may properly and legally be deposited with and received by any state or municipal office or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or other obligations of the commonwealth now or may hereafter be authorized by law.

Debt obligations issued under authority of this section, their transfer and the income therefrom, including any profit made on the sale thereof, shall be at all times free from taxation within the commonwealth whether or not any such debt obligation shall so provide on its face.

Debt obligations may be issued under this section as herein provided without the consent of any department, division, commission or agency of the commonwealth and without any other proceedings or the happening of any other conditions or things other than those consents, proceedings, conditions or things expressly required therefor herein and the validity of and security for any such debt obligations shall not be affected by the existence or nonexistence of any such consent or other proceedings, conditions or things.

(f) Any city or town acting by and through the officer or officers, board, committee or other body authorized by law, if any, to fix, revise, charge and collect such fees and other charges, otherwise, acting by and through its chief executive officer, is hereby authorized to fix, revise, charge and collect fees and other charges for any facilities or services provided by such city or town as relate to the collection or disposal of solid waste. If a city or town has issued debt obligations under this section, the fees and other charges established as aforesaid shall be fixed and adjusted during any period when such debt obligations are outstanding so as to provide revenues at least sufficient (i) to pay the current expenses of operating and maintaining such facilities and services, (ii) to pay the principal or, premium, if any, and interest on all debt obligations issued by the city or town under this section as the same become due and payable, (iii) to create and maintain such reserves as may be required by a resolution or agreement relating to the issuance of debt obligations hereunder, (iv) to provide funds for paying project costs and maintenance, repair, replacement and renewal costs related to any project financed with debt obligations issued hereunder and (v) to pay or provide for any and all amounts which the city or town may be obligated to pay by law or contract relating to such project. In addition such fees and charges shall be fixed and adjusted so as to provide revenues sufficient to pay any costs incurred by the city or town to clean up or prevent pollution caused by existing active or inactive landfills or other solid waste disposal facilities, including the operation and maintenance of such facilities, or to provide solid waste disposal facilities, including but not limited to the principal of, premium, if any, and interest on debt of the city or town issued pursuant to section seven or eight, and to provide funds for the estimated cost of closing any existing operating solid waste facility, which revenue and funds shall be held by the city or town in a separate fund or funds for subsequent appropriation for such purpose. Except as otherwise provided above, such fees and charges may be fixed and adjusted by each city or town to cover all or any part of the

costs specified above. Cities and towns may collect and enforce by legal proceedings such fees and charges from persons liable therefor and in connection with such collection and enforcement cities and towns may employ all the powers and privileges granted to them by law with respect to any similar fee or other charge including but not limited to the powers and privileges granted cities and towns under the provisions of sections forty-two A to forty-two F, inclusive, of chapter forty and sections sixteen to sixteen F, inclusive, of chapter eighty-three.

(g) In addition to any other power conferred by law, a city or town may from time to time contract for the operation by others of any solid waste facility or facilities financed or to be financed by such city or town in whole or in part under this section or any other general or special law or may from time to time lease the same to others for operation by them and may contract with any such operator for the disposal of refuse, garbage and waste, or for any of the foregoing, or for the purchase or use of by-products or residue resulting from the operation of such facilities. All other cities, towns and other public agencies and private parties are also authorized from time to time to contract with such city or town or with any such operator for the disposal of refuse, garbage and waste, or for any of the foregoing, or from the purchase or use of by-products or residue resulting from the operation of such facilities. Such contracts may be for such periods as agreed upon by the parties and, without limiting the generality of the foregoing, may include provisions for the delivery of minimum amounts of refuse, garbage and waste and payments for the use of the facilities to be based thereon; provided, however, that such provisions do not result in the imposition of a contract penalty for municipal participation in a commonwealth approved program of residential source separation of recyclable materials, for unit prices, which may be graduated, and for adjustments thereof. Such contracts may also include provisions for the payment or performance of obligations imposed on cities, towns or other public agencies notwithstanding the interruption, curtailment or abandonment of construction or operation of the facilities; provided, however, that it shall be contrary to public policy to enforce such obligations against a city, town or other public agency unless notice of an operating permit granted by the department of environmental quality engineering for the facility shall have been recorded as provided in section one hundred and fifty A of chapter one hundred and eleven, and the interruption, curtailment or abandonment is attributable to circumstances which are beyond the control of the contractor or operator of the facilities and which render it physically or commercially impracticable or legally impermissible to operate the facilities even if the facilities conformed to the operating plans and specifications for which said operating permit was recorded. Such payments, unit prices or adjustments need not be specifically stated in said contract but may be determined by formulae if set forth therein. In addition, supplementary charges, or adjustments, may be imposed by the facility upon cities and towns in payment for increases in costs or decreases in revenues, incurred, or projected to be incurred, by the facility as the result of

changes in state or federal laws and regulations directly affecting the operations of the facility. Any such supplementary charge or adjustment shall include documentation which provides a detailed statement accounting for the causes of any increases in costs, or losses of revenues, for which by the terms of the contract a supplementary charge or adjustment may be made, documents prepared by qualified accountants which set forth the assumptions, formulas and calculations used in computing the amount of the supplementary charge or adjustment, and an accounting of the supplementary charge or adjustment being imposed and an evaluation as to whether they are allowable under the terms of the contract and as to whether they have been correctly calculated. At the end of each fiscal year, the facility shall document the actual increases in cost, or decreases in revenues, and the actual amount of additional fees received by the facility during the past year, and determine if the actual increased costs or decreased revenues are at variance with the revenues and expenditures estimated and used to establish the amount of any approved supplementary charge or adjustment. The supplementary charge or adjustment shall be recalculated using the actual figures and the fees for the succeeding year shall reflect the appropriate amounts to be either refunded to or recouped from the cities and towns. Any dispute between a city or town and a facility regarding the imposition of such supplementary charge or adjustment shall be resolved by arbitration at the request of either party. Both parties shall provide all necessary data to assist the arbitrator or arbitration panel in its determination. The findings of the arbitrator or the arbitration panel shall be binding upon the facility and the city or town.

Any contract or lease under this section by a city or town may be entered into by the appropriate officers acting under general authorization of the city council, town council or town meeting and may run for a period not exceeding forty years from the date of the contract or lease or from the date of commencing regular operation of the facility or facilities, as determined or estimated in such contract or lease, whichever date is later. Any contract or lease hereunder may include provisions for arbitration and reasonable restrictions against other disposal by cities, towns or other public agencies of the substances covered thereby while the contract is in force and disposal under the contract is practicable. A contract by a city or town hereunder shall not be subject to section four of chapter forty and shall not be precluded by the acceptance of section nine A of chapter ninety-two. The obligations represented by payments by a city or town under such a contract shall not be included in any determination of the borrowing capacity of such city or town under any limitation on its indebtedness.

In the event that any such solid waste disposal facility includes or is to include facilities for the production of steam as a by-product, any corporation, operating or leasing such solid waste disposal facility, whether domestic or foreign, or other person owning, occupying or operating the facility shall have the powers granted by section twelve of chapter one hundred and fifty-eight but the production and sale of such

steam and the foregoing grant powers shall not cause the corporation or person to be otherwise subject to chapter one hundred and fifty-eight or excluded from chapter one hundred and fifty-six or one hundred and fifty-six B or cause the corporation to be deemed a heat or power company for the purposes of the corporation laws of the commonwealth.

Any contract with a city or town for the operation by others of any solid waste facility or facilities under this section, or any lease of the same to others for operation by them, shall contain such provisions as may be deemed necessary to protect the public interest, including but not limited to provisions as to the rates to be charged or for the approval of such rates by the city or town and provisions requiring approval by the city or town of contracts with third parties for the disposal of refuse, garbage and waste. In entering into contracts or leases for the operation of the facility or facilities, the city or town is directed insofar as practicable, to provide for just and equitable rates and a fair but not excessive return to the operator and to provide for meeting public disposal needs in preference to private needs.

The city or town or any person operating a facility or facilities, including but not limited to recycling facilities, under a contract or lease pursuant to this section shall not be required to pay any property taxes or assessments on any real or personal property included in such facility or facilities or any sales, use or similar tax on the sale, use, storage or consumption of any personal property in such operation. A contract or lease hereunder may provide, however, for payments to the city or town in lieu of taxes and assessments.

(h) The provisions of subsection (c) may be used by a city or town as appropriate in connection with general debt obligations of the city or town issued pursuant to other general or special laws for solid waste disposal purposes as well as in connection with debt obligations issued under this section. The provisions of subsections (f) and (g) are applicable to any city or town whether or not any such city or town has issued debt obligations under this section or under any other provision of law for solid waste disposal purposes.

(i) The provisions of this section shall be deemed to provide an additional and alternative means for the effectuation of the purposes authorized hereby and shall be regarded as supplemental and additional to, and not in derogation of, powers conferred upon cities or towns by other laws; provided, however, that if any provision of this section shall be contrary to or conflict with any provision of any other general or special law in any circumstances, the provision of this section shall control in such circumstances.

**SECTION 15A.** Section 13 of chapter 58 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out, in line 37, the words "public works" and inserting in place thereof the words:– environmental quality engineering.

**SECTION 16.** Section 150A of chapter 111 of the General Laws, as amended by section 12 of chapter 174 of the acts of 1987, is hereby

further amended by striking out the first seven paragraphs and inserting in place thereof the following sixteen paragraphs:–

As used in this section and in section one hundred and fifty A 1/2 the following words shall, unless the context otherwise requires, have the following meanings:–

"Department", the department of environmental quality engineering.

"Facility", a sanitary landfill, a refuse transfer station, a refuse incinerator rated by the department at more than one ton of refuse per hour, a resource recovery facility, a refuse composting plant, a dumping ground for refuse or any other works for treating, storing, or disposing of refuse.

"Refuse", all solid or liquid waste materials, including garbage and rubbish, and sludge, but not including sewage, and those materials defined as hazardous wastes in section two of chapter twenty-one C and those materials defined as source, special nuclear or by-product material under the provisions of the Atomic Energy Act of 1954.

"Maintain", to establish, keep or sustain the presence of a facility on a site, whether or not such facility is in operation and whether or not such facility has been closed.

No place in any city or town shall be maintained or operated by any person, including any political subdivision of the commonwealth, as a site for a facility, or as an expansion of an existing facility, unless, after a public hearing, such place has been assigned by the board of health of such city or town in accordance with the provisions of this section, or, in the case of a facility owned or operated by an agency of the commonwealth, such place has been assigned by the department after a public hearing and unless public notice of such assignment has been given by the board of health or the department, whichever is applicable.

The determination by the board of health, or the department in the case of a state agency, of whether to assign a place as a site for a facility, or for the expansion of an existing facility, shall be based upon the site suitability criteria established by the department in cooperation with the department of public health pursuant to section one hundred and fifty A 1/2, and any site assignment shall be subject to such limitations with respect to the extent, character and nature of the facility or expansion thereof as may be necessary to ensure that the facility or expansion thereof will not present a threat to the public health, safety or the environment.

Any person desiring to maintain or operate a site for a new facility or the expansion of an existing facility shall submit an application for a site assignment to the local board of health and simultaneously provide copies to the department and the department of public health. The department shall, upon request by the board of health, provide advice, guidance and technical assistance to said board during its review of a site assignment application. The department and a board of health may enter into such other cooperative agreements in addition to those herein specified for the purpose of achieving an effective and expeditious review of the application. The board of health may charge a reasonable application fee to cover the costs of conducting a hearing and reviewing

technical data submitted to the board. The application fee may also include a portion of the reasonable costs of other technical assistance. The application fee shall be established in accordance with rules and regulations promulgated by the department.

Within sixty days of receipt of said application, the department shall issue a report stating whether the proposed site meets the criteria established under section one hundred and fifty A 1/2 for the protection of the public health and safety and the environment. Any and all such reports shall be made available to the public in a timely fashion prior to any public hearing concerning the site application.

Within sixty days of receipt of said application, the department of public health shall review said application and comment thereon as to any potential impact of a site on the public health and safety. The department of public health may, in addition to its comment, make or cause to be made a public report, in writing, as it relates to an expansion of an existing facility or the assignment of a place as a site for a facility and provide said report with its written comments to the board of health. The department of public health shall coordinate and cooperate with a board of health on any matter relating to said public health report.

Within thirty days of the receipt of the department's report, the board of health shall hold a public hearing satisfying the requirements of chapter thirty A. Within forty-five days of the initial date of such hearing, the board of health shall render its decision on whether to assign a site for a facility, in writing, accompanied by a statement of reasons therefor and publish notice of said decision including determinations of each issue of fact or law necessary to the decision.

No assignment shall be granted by the local board of health unless the department report affirms that the siting criteria of said section one hundred and fifty A 1/2 have been met by the proposed site. The board of health shall consider the concerns, if any, relative to the public health and safety cited by the department of public health. A local board of health shall assign a place requested by an applicant as a site for a new facility or the expansion of an existing facility unless it makes a finding, based on the the siting criteria established by said section one hundred and fifty A 1/2, that the siting thereof would constitute a danger to the public health or safety or the environment.

Any person aggrieved by a decision of a board of health in assigning or refusing to assign a place as a site for a new facility, or expanding or refusing to expand an existing facility, except a resource recovery facility in operation or under construction prior to July first, nineteen hundred and eighty-seven, may, within thirty days of the publication of notice of such decision, appeal under the provisions of section fourteen of chapter thirty A. For the limited purposes of such an appeal, a local board of health shall be deemed to be a state agency under the provisions of said chapter thirty A and its proceedings and decision shall be deemed to be a final decision in an adjudicatory proceeding.

No facility shall be established, constructed, expanded, maintained, operated, or devoted to any past closure as defined by regulation, unless detailed operating plans, specifications, a public health report, if any, and necessary environmental reports have been submitted to the

department and the department has granted a permit for the facility, and notice of such permit is recorded in the registry of deeds, or if the land affected thereby is registered land in the registry section of the land court for the district wherein the land lies. Within one hundred and twenty days after the department is satisfied that said operating plans, specifications, and reports are complete, the department shall make a decision granting or refusing to grant such permit. Said permit may limit or prohibit the disposal of particular types of solid waste at a facility in order to extend the useful life of the facility or reduce its environmental impact.

Every decision by the department granting or refusing to grant such permit shall be in writing and shall contain findings with regard to criteria established by the department. Any person aggrieved by the action of the department in granting or refusing to grant such permit, may appeal said decision pursuant to the provisions of section fourteen of chapter thirty A. For the limited purposes of such an appeal said department action shall be deemed to be a final decision in an adjudicatory proceeding.

Every person maintaining or operating a facility, including every political subdivision of the commonwealth, shall maintain and operate the same in such manner as will protect the public health and safety and the environment. Upon determination that the operation or maintenance of a facility results in a threat to the public health and safety or the environment, such site assignment decision by a board of health may be rescinded or suspended or may be modified through the imposition or amendment of conditions, at any time after due notice and public hearing satisfying the requirements of section eleven of chapter thirty A by the board of health of the city or town where such facility is located or by the department. Any person aggrieved by the decision of the board of health or the department in rescinding, suspending or modifying a site assignment may appeal said decision within thirty days of the publication of notice thereof pursuant to the provisions of section fourteen of chapter thirty A. For the limited purposes of such an appeal a local board of health shall be deemed a state agency under the provisions of said chapter thirty A and said decision shall be deemed to be a final decision in an adjudicatory proceeding and the decision of the department shall be deemed to be a final decision in an adjudicatory proceeding. The department may rescind, suspend or modify the permit upon a determination that the operation or maintenance of the facility results in a threat to the public health and safety or to the environment. Any person aggrieved by such decision of the department may, within thirty days of the publication of notice thereof, appeal said decision pursuant to the provisions of chapter thirty A.

If a facility is a landfill owned or operated by any person other than a town or agency of the commonwealth, such person shall pay to the town where the facility is located an amount in accordance with the provisions of section twenty-four A of chapter sixteen for each ton of solid waste which is disposed of in such landfill. On or before the twentieth day of each month every such person shall file a return subscribed under the

penalties of perjury with the board of health of the town in which such facility is located, on such form as the commissioner of environmental quality engineering shall require for determination of the fee imposed by this paragraph. Said fee shall be due and payable on or before the due date of the return. Notwithstanding the foregoing, however, no fee shall be required or collected from an owner of a privately owned facility used by the owner thereof for the sole disposal of refuse generated from his own premises, and no such return need be filed.

No person shall dispose or contract for the disposal of solid waste at any place which has not been approved by the department pursuant to the provisions of this section or other applicable law.

No site on which a facility was operated shall be conveyed or leased by the owner thereof, or be devoted to any use other than the operation of a facility, until notice that such facility was operated on the site is recorded in the registry of deeds, or if the land affected thereby be registered land, in the registry section of the land court for the district wherein the land lies. No site on which a facility was operated shall be used for any other purpose without the prior written approval of the department.

The department shall adopt and may from time to time amend rules and regulations, and the commissioner may issue orders, to enforce the provisions of this section. Any person, including any political subdivision of the commonwealth who violates this section, or any order issued pursuant thereto, or any rule or regulation promulgated hereunder (1) shall be subject to a fine of not more than twenty-five thousand dollars, or by imprisonment for not more than two years in a house of correction, or both, for each such violation; or (2) shall be subject to a civil penalty not to exceed twenty-five thousand dollars for each such violation. Each day each such violation occurs or continues shall be deemed a separate offense. These penalties shall be in addition to any other penalties that may be prescribed by law.

**SECTION 17.** Chapter 111 of the General Laws is hereby amended by inserting after section 150A the following section:–

Section 150A 1/2. The department of environmental quality engineering, in cooperation with the department of public health, shall promulgate rules and regulations for the siting of facilities pursuant to the provisions of section one hundred and fifty A. Said rules and regulations shall establish site suitability standards and criteria and shall include, but not be limited to, the following considerations:

(1) the location, nature and extent of any existing or potential sources of public or private drinking water supplies in relation to the site, including the recharge area of a sole source aquifer;

(2) the relationship of the site to groundwater elevations;

(3) the proximity of wetlands, as defined in section forty of chapter one hundred and thirty-one;

(4) the proximity of surface water bodies;

(5) the proximity of flood plains;

(6) the nature and extent of residential areas in proximity to the site;

- (7) the availability and suitability of access roads to the site;
- (8) whether areas adjacent to the proposed site have been previously used for solid waste disposal;
- (9) the potential for adverse impact on air quality;
- (10) the potential for creation of a nuisance from noise, windblown litter, or the proliferation of rodents, flies or other vermin;
- (11) the potential for the adverse public health and safety impacts;
- (12) the potential impact on agricultural uses;
- (13) the potential adverse impact on wildlife or on wildlife habitat;
- (14) the potential impact of increased traffic volume on roads to the site;
- (15) the extent to which existing solid waste disposal facilities are located within a municipality. Site assignments for new facilities are preferred in municipalities without existing facilities;
- (16) the extent to which the solid waste disposal needs of the municipality in which the site is sought are met as a member of a regional refuse disposal district. Site assignments in municipalities not participating in a regional refuse disposal districts are preferred.

**SECTION 18.** There is hereby established a commission on solid waste management to consist of the secretary of environmental affairs or his designee, who shall serve as chairman, the commissioner of the department of public health or his designee, the commissioner of the department of environmental quality engineering or his designee, the director of the bureau of solid waste disposal, and seven persons to be appointed by the governor, two of whom shall be representatives of statewide environmental groups, two of whom shall be representatives of the solid waste disposal industry, one of whom shall be a representative of the packaging or plastics industry, and two of whom shall be representatives of municipal government. Members appointed by the governor shall serve without compensation and shall serve at the pleasure of the governor. Said commission shall make an investigation and study relative to the adequacy of existing law and statutory procedures in carrying out the purposes of this act. Said commission shall study and comment on methods of encouraging the reduction of the solid waste stream, including, but not limited to, methods of reducing the use of packaging, especially non-recyclable and plastic packaging; evaluate the recycling programs undertaken pursuant to section eight H of chapter forty of the General Laws and recommendations for additional recycling efforts; consider a system of tax incentives for businesses that use or process recycled products; evaluate the composting programs undertaken pursuant to section seven of chapter twenty-one H of the General Laws; consider the development of a program for the management, recycling and disposal of waste tires in the commonwealth; consider the development of programs and curricula for public education systems, and community education programs relative to waste stream reduction; study environmental or public health impacts of resource recovery facilities, including an analysis of the effects of air emissions and ash residue on the public health and environment and make

recommendations as to the proper classification of bottom ash and fly ash; evaluate any new resource recovery technologies; and investigate and evaluate programs employing solar energy in the form of heat and light to purify wastewater to the tertiary level. Such programs should employ natural biological processes, minimal amounts of chemicals and should be labor, energy and cost efficient and should generate harvestable by-products of commercial value.

Said commission shall file its report with the clerks of the house of representatives and the senate not later than July first, nineteen hundred and eighty-nine.

**SECTION 19.** The provisions of sections twelve, thirteen and fourteen of this act shall not affect any debt heretofore issued or authorized but unissued under clause (4A), (4B) or (24) of section seven of chapter forty-four of the General Laws.

**SECTION 20.** The department of environmental quality engineering is hereby authorized and directed to expend a sum, not to exceed thirty-five million dollars, to be raised by the sale of notes and bonds authorized by section twenty-seven of this act, for the following purposes:-

(a) the acquisition or lease of land, structures, facilities, and easements and the planning, design, construction and improvement of solid waste recycling facilities, including the cost of machinery and equipment;

(b) to award grants to cities, towns, or regional refuse districts for equipment and materials or expenses incidental to the development, expansion and implementation of a recycling program integrated into a solid waste recycling facility;

(c) to award grants to support and expand municipal recycling programs, assist municipalities in the marketing and sales of materials recovered through a recycling program, promote increased use of recovered materials by the manufacturing and service industries, and promote research into new applications and uses of recovered materials;

(d) to award grants and technical assistance to local public bodies and implement improved techniques and procedures for solid waste disposal, management and planning; and

(e) to award grants for the preparation of a local solid waste management plan by cities and towns as provided for in section one of this act; from the amount authorized by this section, said department is hereby authorized and directed to expend a sum, not to exceed one hundred and seventy-five thousand dollars for the purpose of preparing a model regional solid waste management plan.

From the amount authorized by this section, the department shall expend twenty-five million dollars for the purposes set forth in paragraph (a) of this section and shall expend ten million dollars for the purposes set forth in paragraphs (b) to (e), inclusive.

**SECTION 21.** The department of environmental quality engineering is

hereby authorized and directed to expend a sum, not to exceed one hundred million dollars, for the purposes of providing grants to public bodies for the clean up of contaminated water supplies as authorized by subsection (a) of section three of chapter twenty-one H of the General Laws and for grants authorized by subsection (d) of said section three of said chapter twenty-one H.

**SECTION 22.** The department of environmental quality engineering is hereby authorized and directed to expend a sum, not to exceed one hundred million dollars, for the purposes of providing loans to public bodies for: (a) up to ten million dollars for the costs of closure of an existing landfill or other solid waste facility as authorized by paragraph (2) of subsection (b) of section three of chapter twenty-one H of the General Laws; (b) up to fifty million dollars for the costs of construction of landfills or other solid waste disposal facilities as authorized by paragraph (1) of subsection (c) of said section three of said chapter twenty-one H; and (c) up to forty million dollars for the costs of construction of landfills or other solid waste facilities as authorized by paragraph (2) of said subsection (c) of said section three of said chapter twenty-one H and for the costs of closure of an existing landfill or other solid waste facility as authorized by paragraph (1) of subsection (b) of said section three of said chapter twenty-one H.

**SECTION 23.** The department of environmental quality engineering is hereby authorized and directed to expend a sum, not to exceed twelve million five hundred thousand dollars, for the purposes of discovery, assessment, containment, clean up, and closure of existing or closed solid waste facilities causing or threatening to cause pollution as authorized by section four of chapter twenty-one H of the General Laws.

**SECTION 24.** The department of environmental quality engineering is hereby authorized and directed to expend a sum, not to exceed seven million dollars, for the purposes of establishing yard waste and leaf composting projects and of awarding grants to municipalities for such projects, as authorized by subsection (a) of section seven of chapter twenty-one H of the General Laws.

**SECTION 25.** The department of food and agriculture is hereby authorized and directed to expend a sum, not to exceed three million dollars, for the purpose of establishing an agricultural composting program as authorized by subsection (b) of section seven of chapter twenty-one H of the General Laws.

**SECTION 26.** The department of environmental quality engineering is hereby authorized and directed to expend a sum, not to exceed three million dollars, for the purpose of establishing an acute toxics laboratory at the Lawrence experimental station as authorized by clause (f) of section five of chapter twenty-one H of the General Laws.

**SECTION 27.** To meet the expenditures necessary in carrying out the

provisions of sections twenty, twenty-one, twenty-two, and twenty-three of this act, the state treasurer, upon request of the governor, shall issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time, but not exceeding, in the aggregate, the sum of two hundred and forty-seven million five hundred thousand dollars. All bonds issued by the commonwealth, as aforesaid, shall be designated on their face, Local Solid Waste Facilities Loan and Grant, Act of 1987, and shall be issued for such maximum term of years, not exceeding twenty years, as the governor may recommend to the general court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth; provided, however, that all such bonds shall be payable not later than June thirtieth, two thousand and twelve. All interest and payments on account of the principal of such obligations shall be payable from the Local Aid Fund. Bonds and the interest thereon issued under the authority of this section, notwithstanding any other provision of this act, shall be general obligations of the commonwealth.

**SECTION 28.** To meet the expenditures necessary in carrying out the provisions of sections twenty-four, twenty-five, and twenty-six of this act, the state treasurer, upon request of the governor, shall issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time, but not exceeding, in the aggregate, the sum of thirteen million dollars. All bonds issued by the commonwealth, as aforesaid, shall be designated on their face, Hazardous and Solid Waste Disposal Loan and Grant, Act of 1987, and shall be issued for such maximum term of years, not exceeding twenty years, as the governor may recommend to the general court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth; provided, however, that all such bonds shall be payable not later than June thirtieth, two thousand and twelve. All interest and payments on account of the principal of such obligations shall be payable from the General Fund. Bonds and the interest thereon issued under the authority of this section, notwithstanding any other provision of this act, shall be general obligations of the commonwealth.

**SECTION 29.** The state treasurer may borrow from time to time on the credit of the commonwealth such sums of money as may be necessary for the purposes of meeting payments as authorized by this act, and may issue and renew from time to time notes of the commonwealth therefor, bearing interest payable at such time and at such rate as shall be fixed by the state treasurer. Such notes shall be issued and may be renewed one or more times for such terms, not exceeding one year, as the governor may recommend to the general court in accordance with Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, but the final maturities of such notes, whether original or renewal, shall not be later than June thirtieth, nineteen hundred and ninety-two. Notes and the interest thereon issued under the authority of this act, notwithstanding any other provisions of this act, shall be general obligations of the commonwealth.

**SECTION 30.** The department of environmental quality engineering shall report to the committee on natural resources and agriculture on the procedure and progress of the environmental testing program established pursuant to section five of chapter twenty-one H of the General Laws. Such reports shall be filed no less than annually beginning December thirty-first, nineteen hundred and eighty-seven.

**SECTION 31.** The department of environmental quality engineering shall make available for review and comment a draft of the comprehensive statewide master plan required by section twenty-one of chapter sixteen of the General Laws, not less than thirty days prior to the public hearing referred to therein and in not event later than July first, nineteen hundred and eighty-eight, to the regional planning agencies, to the chief executive officers of the cities and towns and of the local public bodies which the department determines to be engaged in disposal of solid waste, and to such other public bodies including local boards of health, or persons whom the department determines to be concerned with solid waste disposal. A second public hearing shall be held on the final draft of the plan no later than December first, nineteen hundred and eighty-eight. Following such review and hearings, the department shall prepare and publish a plan not later than June first, nineteen hundred and eighty-nine. Thereafter and from time to time to the extent it determines necessary or appropriate, the department shall revise said plan after review and a public hearing. Any revision of said plan shall require an available draft for review and comment not less than thirty days prior to such public hearing with copies of same sent to regional planning agencies, and to the chief executive officers of the cities and towns and to the local public bodies which the department determines to be engaged in disposal of solid waste, and to such other public bodies including local boards of health, or persons who the department determines to be concerned with solid waste disposal. A second public hearing shall be held on the final draft of the plan not later than one hundred and eighty days from the date of the first public hearing on the initial draft.

**SECTION 32.** The department of environmental quality engineering, in consultation with the department of food and agriculture, shall establish a program for recycling through composting of leaves and other organic matter, referred to in section seven of chapter twenty-one H of the General Laws on or before March thirty-first, nineteen hundred and eighty-eight.

**SECTION 32A.** The department of environmental quality engineering shall on or before April first, nineteen hundred and eighty-eight promulgate rules and regulations defining recharge areas of surface drinking water supplies as required by section nine of chapter forty A of the General Laws.

**SECTION 32B.** The provisions of section eight H of chapter forty of

the General Laws shall not prohibit the continued operations of any recycling commission established before the effective date of this section. Such previously established commissions may continue to operate consistent with the provisions of said section eight H of said chapter forty.

**SECTION 33.** Within one hundred and twenty days of the effective date of this act, the department of environmental quality engineering shall promulgate rules and regulations, pursuant to chapter thirty A of the General Laws, which shall establish siting criteria and procedures to be utilized by local boards of health in any decision to assign or refuse to assign a site for a facility pursuant to the provisions of section one hundred and fifty A of chapter one hundred and eleven of the General Laws; provided, however, that the absence of such rules and regulations shall in no way prevent a board of health from exercising the powers authorized pursuant to said section one hundred and fifty A prior to the effective date of this act. The department shall create an advisory board to be appointed by the commissioner of the department of environmental quality engineering consisting of nine persons three of whom shall be representatives of municipalities, one of whom shall be a member of the Massachusetts Association of Health Boards and one of whom shall be a member of the Massachusetts Municipal Association, two of whom shall be representatives of the solid waste industry and two of whom shall be representatives of statewide environmental public interest groups to assist the department in the drafting of the siting criteria procedures.

The department, after consultation with said advisory board shall include in such rules and regulations guidelines as to the amount of the application fee that may be charged by local boards of health pursuant to said section one hundred and fifty A of said chapter one hundred and eleven.

**SECTION 34.** The department of environmental quality engineering shall submit any rules and regulations promulgated under the provisions of this act to the committee on natural resources and agriculture for its review within sixty days prior to the effective date of said regulations.

**SECTION 35.** The department of environmental quality engineering may, as necessary to carry out the provisions of section twenty-three of this act, enter into contracts for consultant services, including but not limited to, engineering, technical, legal, administrative, accounting, community information, financial, management and investigatory functions and may acquire personal property and interests in real estate by lease, purchases or eminent domain under the provisions of chapter seventy-nine of the General Laws and may pay any relocation benefits required by law.

**SECTION 36.** Funds provided in this act shall be in addition to funds previously authorized for similar purposes.

**SECTION 37.** Section 2A of chapter 834 of the acts of 1969, as most recently amended by section 307 of chapter 706 of the acts of 1975, is hereby further amended by striking out, in line 1, the word "management" and inserting in place thereof the following words:—quality engineering.

**SECTION 38.** All employees whose duties are transferred to a department, commission, or other unit of state government pursuant to sections one, one A, two A, two B, fifteen A and thirty-seven of this act, who, immediately prior to the effective date of this act, hold positions related to the exercise of such powers or the performance of such duties and either hold permanent appointments in positions classified under chapter thirty-one of the General Laws or have tenure in their positions by reason of section nine A of chapter thirty of the General Laws, are hereby transferred to said department, commission, or other unit of state government to which said powers and duties are so transferred, every such transfer to be without impairment of civil service status, seniority, retirement or other rights of the employee and without interruption of service within the meaning of said chapter thirty-one or said section nine A and without reduction in compensation or salary grade notwithstanding any change in title or duties resulting from such transfer, subject to the provisions of said chapter thirty-one and the rules and regulations adopted thereunder.

All employees who, immediately prior to said effective date, hold positions related to the exercise of such powers or the performance of duties, as are transferred to a department, commission, or other unit of state government, but neither hold permanent appointment in such positions, nor have such tenure, are hereby transferred to said department, commission, or unit to which said powers and duties are so transferred, every such transfer to be without impairment of seniority, retirement and other rights of the employee, and without interruption of service within the meaning of said section nine A of chapter thirty and without reduction in compensation or salary grade, notwithstanding any change in title or duties resulting from such transfer.

Nothing in this section shall be construed to confer upon any employee any rights not held immediately prior to the effective date of this act or to prohibit any reduction of salary or grade, transfer, reassignment, suspension, discharge, layoff, or abolition or position not prohibited prior to said effective date.

The status of the incumbent in any office or position placed within the classified civil service by this act shall be determined pursuant to the provisions of section forty-seven A of said chapter thirty-one.

**SECTION 39.** All petitions, hearings and other proceedings duly brought before, and all prosecutions and legal and other proceedings duly begun by a department, commission, or other unit of state government, the powers and duties which are transferred pursuant to sections one, one A, two A, two B, fifteen A and thirty-seven of this act, and which arise from or relate to the exercise of such powers or the performance

of such duties, and which are pending immediately prior to the effective date of this act, shall continue unabated and remain in force notwithstanding the passage of this act, and shall thereafter be completed before or by said department, commission, or other unit of state government to which said powers and duties are so transferred.

All orders, rules and regulations duly made, and all licenses, permits, certificates and approvals duly granted, by any department, commission, or unit of state government concerning the powers and duties so transferred, which arise from or relate to the exercise of such powers or the performance of such duties, and which are in force immediately prior to the effective date of this act, shall continue in force and the provisions thereof shall thereafter be enforced, until superseded, revised, rescinded or cancelled in accordance with law, by the appropriate department, commission, or other unit of state government to which said powers and duties are so transferred.

All questions regarding the identifications of such petitions, hearings, prosecutions, proceedings, orders, rules, regulations, licenses, permits, certificates and approvals, and of the agencies to which the completion or enforcement thereof is so transferred, shall be determined by the secretary of environmental affairs.

**SECTION 40.** All books, papers, records, documents, equipment, lands, interests in land, buildings, facilities and other property, both personal and real, which immediately prior to the effective date of this act, are in the custody of a department, commission, or other unit of state government, relating to powers and duties which are transferred pursuant to sections one, one A, two A, two B, fifteen A and thirty-seven of this act and which related to or are maintained for the purpose of the exercise of such powers or the performance of such duties, are hereby transferred to the department, agency, or other unit of government to which said powers and duties are so transferred.

All questions regarding the identification of such property and of the agencies to which custody thereof is transferred shall be determined by the secretary of environmental affairs.

**SECTION 41.** All duly existing contracts, leases and obligations of any department, commission or other unit of state government concerning the powers and duties which are transferred pursuant to sections one, one A, two A, two B, fifteen A and thirty-seven of this act relate to the exercise of such powers or the performance of such duties, and which are in force immediately prior to the effective date of this act, shall thereafter be performed by the department, commission, or other unit of state government to which said powers and duties are so transferred. No existing right or remedy of any character shall be lost, impaired or affected by the provisions of said sections.

**SECTION 42.** All duly existing contracts, real or personal property interests or obligations which relate to or arise from the exercise of the powers and duties of section one of chapter eight hundred and

thirty-four of the acts of nineteen hundred and sixty-nine shall remain unimpaired and in full force and effect notwithstanding the passage of this act.

Notwithstanding any provision to the contrary in this act, the department of environmental quality engineering is hereby authorized to exercise all the rights and to perform all the duties provided pursuant to said section one of said chapter eight hundred and thirty-four, relative to all contractual or other obligations entered into or real or personal property interests acquired thereunder prior to the effective date of this act including, without limitation, the authority to enter into future contracts which arise from or relate to such property interests and obligations.

**SECTION 43.** All monies heretofore appropriated for a department, commission, or other unit of state government, concerning the powers and duties which are transferred pursuant to sections one, one A, two A, two B, fifteen A and thirty-seven of this act for the purpose of the exercise of such powers of the performance of said duties, and remaining unexpended on the effective date of this act, are hereby transferred to, and shall be available for expenditure by, said department, commission, or other unit of state government to which said powers and duties are so transferred, for the purposes for which such funds were originally appropriated.

All questions regarding the identification of such monies and of the agencies to which they are so transferred shall be determined by the secretary of environmental affairs.

**SECTION 44.** Wherever the name of a department, commission or other unit of state government concerning the powers and duties which are transferred pursuant to the provisions of sections one, one A, two A, two B, fifteen A and thirty-seven of this act, appears in any general or special law, or in any order, rule, regulation or other document related to the exercise of such powers or the performance of such duties, such name shall mean and shall be construed as referring to the department, commission, or other unit of state government to which said powers and duties are so transferred.

**SECTION 45.** All powers, duties and other statutory provisions which prior to the effective date of this act were assigned to, or exercised by, a department, commission, or other unit of state government or were assigned to or exercised by any officer of any such unit shall continue to be exercised and performed by, and to be assigned to, such unit or officer except as such powers, duties or other statutory provisions are modified by this act.

**SECTION 46.** There is hereby established a special commission to consist of two members of the senate, three members of the house of representatives, the secretary of consumer affairs and business regulations or his designee, the secretary of environmental affairs or his

designee, the commissioner of the department of public utilities or his designee, the attorney general or his designee, and eight persons to be appointed by the governor, four of whom shall be representatives of the solid waste disposal industry, including at least two representatives of the resource recovery industry, two of whom shall be representatives of municipal government and two of whom shall be representatives of recognized statewide consumer groups, to make an investigation and study relative to the rate structure and fee charges of the solid waste disposal industry in the commonwealth and the merits, if any, of additional regulation on such rate structure and fee charges. Said investigation and study shall consider the feasibility of state or municipal assumption of ownership or operation of solid waste facilities.

Said commission shall report to the house of representatives the results of its investigation and study, and its recommendations, if any, together with drafts of legislation necessary to carry its recommendations into effect, by filing the same with the clerk of the house of representatives on or before July first, nineteen hundred and eighty-nine.

**SECTION 47.** The department of environmental quality engineering shall promulgate rules and regulations pursuant to chapter twenty-one C of the General Laws relative to collection, storage, transportation, and disposal of household hazardous waste and high school hazardous waste. For the purpose of said program, household hazardous waste shall be defined as any hazardous waste which is generated in the normal course of household activities from single or multiple residences, excluding hotels or motels. High school hazardous waste shall mean any hazardous waste generated, stored or accumulated in a public high school for use in educational classes or programs in chemistry, biology, or physics, which has (1) served its original purpose and is no longer suitable for said original purpose; or (2) is a by-product generated as a result of activities conducted in such educational classes and programs; and (3) is in a pure or off-specification form and is intended to be discarded. The department may establish a special permit procedure for the collection and storage of household hazardous waste and high school hazardous waste for a period not to exceed nine months or another period set by regulation, which does not constitute disposal. Said rules and regulations shall allow the department to waive the requirements of chapter twenty-one D of the General Laws.

The department of environmental management shall establish a program of grants to cities, towns, and regional planning agencies for programs to provide for the safe disposal of household hazardous waste. Said program shall provide for the establishment of collection sites and the dissemination of information concerning said sites, and include a program of education. Said funds shall be administered by cities, towns, and regional agencies pursuant to standards, rules, and regulations established by the department of environmental management. The collection, transport and disposal of the household hazardous waste shall be conducted in compliance with regulations promulgated by the

department of environmental quality engineering pursuant to chapter twenty-one C of the General Laws relative to household hazardous waste and high school hazardous waste.

**SECTION 48.** The department of environmental quality engineering shall establish a grant program for the purpose of educating the public on the importance and methods of waste stream reduction. The department shall provide grants to public bodies for the development of programs in public schools relating to waste stream reduction and for community education programs relating to waste stream reduction.

**SECTION 48A.** Notwithstanding the provisions of section six of chapter twenty-one H of the General Laws, resource recovery facilities and other solid waste incinerators operating prior to January first, nineteen hundred and eighty-seven, but not operating prior to January first, nineteen hundred and seventy-seven shall operate with such acid gas technology or such other technology as is necessary to protect the public health and environment in accordance with the provisions of section six of chapter twenty-one H of the General Laws and other applicable law, as determined by the department in manner and time on a facility by facility basis.

Resource recovery facilities and other solid waste incinerators operating prior to January first, nineteen hundred and seventy-seven shall, no later than July first, nineteen hundred and eighty-nine operate with acid gas scrubbers or such other technology providing equal or greater protection to the public health and environment, as determined by the department.

**SECTION 49.** Any municipality which is party to a contract or service agreement in effect on the effective date of this act, which contract or service agreement provides for the payment of a service fee for the disposal of municipal waste at a resource recovery facility, and where under such contract or service agreement the service fee is computed in such a way as will cause to be included therein all or any portion of the cost attributable to the installation of acid gas scrubbers or such other technology required to be installed as a result of section forty-eight A of this act, shall be eligible to receive annual or one-time reimbursement from the commonwealth for such attributable costs, as determined by the secretary of administration and finance. Any municipality that owns or operates a resource recovery facility or other solid waste incinerator as of the effective date of this act shall be eligible for reimbursement from the commonwealth for the cost of the installation of acid gas scrubbers or such other technology required to be installed by said section forty-eight A. Said secretary shall require, as needed, detailed cost and revenue reports of such municipalities for their solid waste disposal efforts as well as such reports from the relevant solid waste facilities in order to ascertain the appropriate level of reimbursement as authorized by this section. Said secretary shall also take into account any reimbursement amounts issued pursuant to this section in the

---

determination of municipalities' costs and revenues for the purposes of recommending local aid amounts. The governor shall submit reimbursement recommendations, if any, as part of the annual budget submission to the general court. Any and all reimbursements as authorized by this section shall be subject to appropriation.

**SECTION 50.** Section twenty-four A of chapter sixteen of the General Laws, as amended by section two of this act, shall not abrogate or affect the provisions of chapter eighty-four of the acts of nineteen hundred and eighty-five.

Approved December 17, 1987.

**Chapter 585. AN ACT RELATIVE TO THE ISSUANCE OF REFUNDING BONDS AND NOTES BY CITIES, TOWNS AND DISTRICTS.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately issue refunding bonds and notes by cities, towns and districts, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Section 21A of chapter 44 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the first sentence the following sentence:- The first annual payment of principal on account of an issue of refunding bonds or notes shall not be later than the earliest stated principal maturity date of any of the bonds or notes being refunded and the annual payments thereafter shall be arranged in accordance with the provisions of section nineteen; provided, however, that any annual payment earlier than the date on which the first annual payment is required to be made, may be in any amount.

**SECTION 2.** Notwithstanding any general or special law to the contrary, the acquisition, construction and installation of electric generating and appurtenant facilities, including land and other related equipment, for use by the Nantucket Electric Company shall be considered an "industrial enterprise" for the purposes of chapter forty D of the General Laws; provided, however, that this section shall apply only to bonds issued by the Massachusetts Industrial Finance Agency, established pursuant to section thirty-one of chapter twenty-three A of the General Laws.

Approved December 21, 1987.

**Chapter 589. AN ACT RELATIVE TO DISPUTE RESOLUTION.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 1078 of the acts of 1973 is hereby amended by striking out section 4A, as most recently amended by section 238 of chapter 351 of the acts of 1981, and inserting in place thereof the following section:–

**Section 4A.** (1) (a)(i) There shall be in the executive office of labor, but not subject to the jurisdiction thereof, a committee to be known as the joint labor-management committee, in this section referred to as the committee. The committee shall be composed of fourteen members, including a chairman and a vice-chairman and such alternate members as the committee shall approve. Twelve committee members shall be appointed by the governor as follows: three firefighters from nominations submitted by the Professional Firefighters of Massachusetts, International Association of Firefighters, AFL-CIO, three police officers from nominations submitted by the International Brotherhood of Police Officers, NAGE, SEIU, AFL-CIO, and the Massachusetts Police Association, and six from nominations submitted by the Advisory Commission on Local Government established under section sixty-two of chapter three of the General Laws. Said twelve members shall be appointed for a term of three years; provided however that in making his initial appointments, the governor shall appoint one member nominated by said professional firefighters organization for a term of one year, one such member for a term of two years, and one such member for a term of three years; one member nominated by said professional police organization for a term of one year, one such member for a term of two years, and one such member for a term of three years; and two members nominated by said advisory commission for a term of one year; two such members for a term of two years, and two such members for a term of three years. Any member of the committee may be removed by the governor for neglect of duty, malfeasance in office, or upon request by the nominating body.

(ii) The chairman and vice-chairman shall be nominated by the committee, and appointed by the governor for a term of three years. The chairman shall be the chief administrative officer of the committee. The vice-chairman shall assist the chairman and may be authorized by the chairman to act for him in his absence and shall have the full powers of the chairman when so authorized and he shall vote

only in the absence of the chairman.

(iii) Alternate members may serve for such term and under such conditions, as the committee shall determine. Said professional police organizations, professional fire organization, and said advisory commission shall specify alternate members to represent their respective members, subject to the approval of the full committee.

(b) In matters exclusively pertaining to municipal firefighters, committee members nominated for appointment by professional police organizations shall not vote. In matters exclusively pertaining to municipal police officers, committee members nominated for appointment by professional firefighters organizations shall not vote. All committee members shall be eligible to vote on matters of common and general interest. The number of committee members representing the local government advisory commission and the number of committee members representing the professional firefighters or police organizations entitled to vote on any matter coming before the committee shall be equal. The chairman may cast the deciding vote on any matter relating to a dispute concerning negotiations over the terms and provisions of a collective bargaining agreement, including any decision to take jurisdiction over a dispute.

(c) Members and alternate members of the committee shall serve without compensation, but shall be entitled to reimbursement, out of any funds available for the purpose, for reasonable travel or other expenses actually incurred in the performance of their committee duties. The chairman and vice-chairman shall be compensated for time spent for the committee business on a per diem basis at a rate to be determined by the secretary of administration and finance. The committee may purchase such supplies and equipment, and may employ such clerical, staff and other personnel who shall not be subject to the provisions of section nine A of chapter thirty or chapter thirty-one of the General Laws, as they deem necessary to the conduct of committee business out of any funds available for the purpose. Members and alternate members of the committee employed by a municipality shall be granted leave, if on duty, by the municipal employer for those regularly scheduled work hours spent in the performance of committee business.

(2) (a) The committee shall have oversight responsibility for all collective bargaining negotiations involving municipal police officers and firefighters. The committee shall, at its discretion, have jurisdiction in any dispute over the negotiations of the terms of a collective bargaining agreement involving municipal firefighters or police officers; provided, however, that the committee may determine whether the proceedings for the prevention of any prohibited practices filed with the labor relations commission shall or shall not prevent arbitration pursuant to this section.

(b) After notification by the committee, the parties to any municipal police and fire negotiations shall file with the committee, in such time as the committee orders:

- (1) copies of all requests to bargain, and of all bargaining agenda;
- (2) notification of the apparent exhaustion of the processes of

collective bargaining;

(3) notification of all pending unfair labor practice proceedings between the parties;

(4) copies of any factfinding reports;

(5) notification of any impasse extending beyond completion of factfinding procedures;

(6) copies of any collective bargaining agreements, and any relevant personnel ordinances, by-laws, and rules and regulations; and

(7) such other information as the committee may reasonably require.

(c) Notwithstanding the provisions of the first paragraph of section nine of chapter one hundred and fifty E of the General Laws to the contrary, when either party or the parties acting jointly to a municipal police and fire collective bargaining negotiations believe that the process of collective bargaining has been exhausted the party or both parties shall petition first the committee for the exercise of jurisdiction and for the determination of the apparent exhaustion of the process of collective bargaining.

The committee shall forthwith review the petition and shall make a determination within thirty days whether to exercise jurisdiction over the dispute. Subject to the provisions of the second paragraph of clause (d) of this subdivision, if the committee declines to exercise jurisdiction over the dispute or fails to act within thirty days of receipt of the petition on jurisdiction, the petition shall be automatically referred to the board of arbitration and conciliation, hereinafter referred to as the board, for disposition in accordance with the provisions of section nine of chapter one hundred and fifty E of the General Laws.

The petition to the committee shall identify the issues in dispute, the parties, the efforts of the parties to resolve the dispute and such other information as may be prescribed in the rules of the committee.

Said board shall not accept any petition from a party to a municipal police and fire negotiation under section nine of chapter one hundred and fifty E of the General Laws if the petition has not been first reviewed in accordance with the provisions of this section by the committee.

(d) The committee or its representatives or mediators appointed by it may meet with the parties to a dispute, conduct formal or informal conferences, and take other steps including mediation to encourage the parties to agree on the terms of a collective bargaining agreement or the procedures to resolve a dispute. The committee shall make every effort to encourage the parties to engage in good faith negotiations to reach settlement through negotiation or mediation, and may, upon a vote of the committee, initiate factfinding proceedings.

The committee after consultation with the board of arbitration and conciliation may remove at any time from the jurisdiction of the board any dispute in which the board has exercised jurisdiction, and the board shall then take no further action in such dispute. The committee may, at any time, remand to the board any dispute over which the committee has exercised jurisdiction. The board shall assist and cooperate with the committee in its performance of the committee's duties. Disputes over which the committee does not exercise jurisdiction shall be governed by

all other applicable provisions of law.

(3) (a) The committee shall have exclusive jurisdiction in matters over which it assumes jurisdiction and shall determine whether issues in negotiations have remained unresolved for an unreasonable period of time resulting in the apparent exhaustion of the processes of collective bargaining. If the committee makes such a determination it is authorized to hold a hearing to identify:

(1) the issues that remain in dispute;

(2) the current positions of the parties;

(3) the views of the parties as to how the continuing dispute should be resolved; and

(4) the preferences of the parties as to the mechanism to be followed in order to reach a final agreement between the parties.

If the committee, after a full hearing, finds there is an apparent exhaustion of the processes of collective bargaining which constitutes a potential threat to public welfare, it shall so notify the parties of its findings.

Within ten days of such notification, the committee shall also notify the parties of its intent to invoke such procedures and mechanisms as it deems appropriate for the resolution of the collective bargaining negotiations. Such procedures and mechanisms may include, but need not be limited to:

(1) any form of arbitration, including, but not limited to, conventional arbitration, issue by issue or last best offer;

(2) arbitration for all or any issue in dispute; provided, however, that the committee may direct the parties to conduct further negotiations concerning issues not specified for arbitration;

(3) single arbitrators, including the chairman, vice-chairman or an outside neutral arbitrator;

(4) an arbitration board, which may include labor and public management representatives as voting or non-voting members;

(5) separate stages or procedures for the executive and legislative bodies of a municipality.

The factors to be given weight in any decision or determination resulting from the mechanism or procedures determined by the committee to be followed by the parties in order to reach final agreement pursuant to this section shall include, but not be limited to:

(1) Such an award which shall be consistent with: (i) section twenty-one C of chapter fifty-nine of the General Laws, and (ii) any appropriation for that fiscal year from the fund established in section two D of chapter twenty-nine of the General Laws.

(2) The financial ability of the municipality to meet costs.

The commissioner of revenue shall assist the committee in determining such financial ability.] Such factors which shall be taken into consideration shall include but not be limited to: (i) the city, town, or district's state reimbursements and assessments; (ii) the city, town or district's long and short term bonded indebtedness; (iii) the city, town or district's estimated share in the metropolitan district commission's deficit; (iv) the city, town or district's estimated share in the

Massachusetts Bay Transportation Authority's deficit; and (v) consideration of the average per capita property tax burden, average annual income of members of the community, the effect any accord might have on the respective property tax rates on the city or town.

(3) The interests and welfare of the public.

(4) The hazards of employment, physical, educational and mental qualifications, job training and skills involved.

(5) A comparison of wages, hours and conditions of employment of the employees involved in the arbitration proceedings with the wages, hours and conditions of employment of other employees performing similar services and with other employees generally in public and private employment in comparable communities.

(6) The decisions and recommendations of the factfinder, if any.

(7) The average consumer prices for goods and services, commonly known as the cost of living.

(8) The overall compensation presently received by the employees, including direct wages and fringe benefits.

(9) Changes in any of the foregoing circumstances during the pendency of the dispute.

(10) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours and conditions of employment through voluntary collective bargaining, mediation, factfinding, arbitration or otherwise between parties, in the public service or in private employment.

(11) The stipulation of the parties.

Any decision or determination resulting from the mechanism or procedures determined by the committee if supported by material and substantive evidence on the whole record shall be, subject to the approval by the legislative body of a funding request as set forth in this section, binding upon the public employer and employee organization, as set forth in chapter one hundred and fifty E of the General Laws, and may be enforced at the instance of either party or the committee in the superior court in equity; provided, however, that the scope of arbitration in police matters shall be limited to wages, hours, and conditions of employment and shall not include the following matters of inherent managerial policy: the right to appoint, promote, assign, and transfer employees; and provided, further, that the scope of arbitration in firefighter matters shall not include the right to appoint and promote employees. Assignments shall not be within the scope of arbitration; provided, however, that the subject matters of initial station assignment upon appointment or promotion shall be within the scope of arbitration. The subject matter of transfer shall not be within the scope of arbitration, provided however, that the subject matters of relationship of seniority to transfers and disciplinary and punitive transfers shall be within the scope of arbitration. Notwithstanding any other provisions of this act to the contrary, no municipal employer shall be required to negotiate over subjects of minimum manning of shift coverage, with an employee organization representing municipal police officers and firefighters. Nothing in this section shall be construed to include within the scope of arbitration any matters not otherwise subject to collective

bargaining under the provisions of chapter one hundred and fifty E of the General Laws. The employer shall submit to the appropriate legislative body within thirty days after the date on which the decision or determination is issued a request for the appropriation necessary to fund such decision or determination, with his recommendation for approval of said request. Notwithstanding the foregoing, where the legislative body is a town meeting, such request shall be made to the earlier of (i) the next occurring annual town meeting, or (ii) the next occurring special town meeting. The employer and the exclusive employee representative shall support any such decision or determination in the same way and to the same extent that the employer or the exclusive employee representative, respectively, is required to support any other decision or determination agreed to by an employer and an exclusive employee representative pursuant to the provisions of said chapter one hundred and fifty E of the General Laws. If the municipal legislative body votes not to approve the request for appropriation, the decision or determination shall cease to be binding on the parties and the matter shall be returned to the parties for further bargaining. The committee may take such further action as it deems appropriate, including without limitation, inquiring as to the municipal legislative body's vote.

The commencement of a new municipal finance year prior to the final awards by the arbitration panel shall not be deemed to render a dispute moot, or to otherwise impair the jurisdiction or authority of the arbitration panel or its award. Any award of the arbitration panel may be retroactive to the expiration date of the last contract.

If a municipal employer, or an employee organization willfully disobeys a lawful order of enforcement pursuant to this section, or willfully encourages or offers resistance to such order, whether by strike or otherwise, the punishment for each day that such contempt continues may be a fine for each day to be determined at the discretion of said court. Such fine shall be in addition to such other remedies as the court may determine.

No member of a unit of municipal police officers or firefighters who is employed on a less than full-time basis shall be subject to the provisions of this clause.

When the parties to a municipal police or fire collective bargaining negotiation jointly design their own dispute resolution procedures, they may divest the committee of jurisdiction by presenting a written agreement of their procedures to the committee; provided, however, that the committee finds that said procedures provide for a final resolution of the dispute, without resort to strike, job action, or lockout; and provided, further that if the committee subsequently finds that either of the parties fails to abide by said procedures, the committee shall assume jurisdiction of the dispute.

(b) In any dispute resolution conducted by other than the committee or its members or staff, the parties shall share and pay equally the costs involved in such resolution; provided, however, that pursuant to a vote of the committee and subject to the availability of funds for the purpose thereof, said costs may be paid by the committee.

(c) The committee shall have jurisdiction in any particular dispute concerning job titles over which the parties have negotiated or to remove specific job titles from collective bargaining for individuals performing certain specific management duties.

(4) The committee shall promulgate rules and regulations necessary for the performance and enforcement of the responsibilities and powers set forth in this act; provided, however, that said committee file a copy of any regulations or amendments thereto with the clerks of the senate and the house of representatives who, with the approval of the president of the senate and speaker of the house of representatives, shall refer such regulations to an appropriate committee of the general court. Within thirty days after such filing, the appropriate committee of the general court shall hold a hearing on such regulations and shall issue a report and file a copy with the joint labor-management committee. Said joint labor-management committee shall consider such report and make revisions in the regulations as it deems appropriate in view of such report and shall forthwith file a copy of the final regulations with the chairman of the committee of the general court to which the regulations were referred.

On or before the first Wednesday of each year in which the provisions of clause (a) of subdivision (3) of this section are in effect, the committee shall file with the clerks of the senate and of the house of representatives, and with the chairmen of the special commission on dispute resolution established under chapter two of the resolves of nineteen hundred and eighty-four, a report assessing the efficacy of the provisions of said clause in decreasing the length and severity of municipal public safety bargaining disputes, and the other impacts, if any, of said provisions on the collective bargaining process. Such report shall include a full listing of any matters in which the provisions of said clause were invoked during the previous twelve months, and the final disposition of any such matters, together with the committee's recommendations, if any, for the modification or extension of said provisions.

The provisions of chapter thirty A of the General Laws, unless otherwise provided, shall apply to the committee.

The committee shall have the power to administer oaths and to require by subpoena the attendance and testimony of witnesses, the production of books, records, and other evidence relative to or pertinent to the issues presented to the committee.

**SECTION 2.** Notwithstanding the provisions of section one of this act to the contrary, any person serving as a member of the joint labor-management committee immediately preceding the effective date of this act shall continue in such service for a period of one year, after which period initial appointments shall be made by the governor, pursuant to the provisions of this act.

**SECTION 3.** The provisions of clause (a) of subdivision (3) of section four A of chapter one thousand and seventy-eight of the acts of nineteen

**Chapter 590. AN ACT EXEMPTING THE POSITION OF CHIEF OF POLICE IN THE TOWN OF FRAMINGHAM FROM THE PROVISIONS OF THE CIVIL SERVICE LAW.**

Be it enacted, etc., as follows:

**SECTION 1.** The position of chief of police in the town of Framingham shall be exempt from the provisions of chapter thirty-one of the General Laws.

**SECTION 2.** The provisions of section one shall not impair the civil service status of the incumbent of the position of chief of police in the town of Framingham.

**SECTION 3.** This act shall take effect upon its passage.

Approved December 23, 1987.

**Chapter 592. AN ACT DIRECTING THE DEPARTMENT OF PUBLIC WORKS TO REIMBURSE RALPH E. GURNEY, JR. OF THE TOWN OF FREETOWN.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately direct the department of public works to reimburse Ralph E. Gurney, Jr., therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

In order to discharge a moral obligation, the department of public works is hereby authorized and directed to reimburse, from any available funds, Ralph E. Gurney, Jr. of the town of Freetown the sum of one thousand nine hundred and twenty-seven dollars and thirty-two cents for costs incurred in drilling a new water supply well in March, nineteen hundred and eighty-four for the purpose of replacing a salt contaminated well.

Approved December 23, 1987.

**Chapter 593. AN ACT ESTABLISHING THE SAVINGS BANKS EMPLOYEES BENEFIT ASSOCIATION.**

Be it enacted, etc., as follows:

Chapter 168 of the General Laws is hereby amended by adding the following three sections:-

Section 42. The participating members of the Savings Banks Employees Retirement Association, established by section thirty-nine shall constitute as the Savings Banks Employees Benefit Association, in this section and in sections forty-three and forty-four called the benefit association, for the purpose of providing retirement benefits through retirement plans which are not qualified plans under section 401 of the Internal Revenue Code of the United States and for establishing employee welfare benefit plans, in this section called plans, for eligible

employees of participating organizations. The benefit association, in its name and by or through its authorized officers, may (a) establish plans and related trusts for eligible members participating therein, (b) make agreements, establish trusts and make or cause to be made investments subject to such limitations as may from time to time be prescribed by law or by the by-laws of the benefit association, (c) sue and be sued, plead and be impleaded, (d) enforce liens and other obligations and foreclose mortgages held by the benefit association on or with respect to real or personal property situated in the commonwealth or in any state or territory of the United States, (e) adopt an official seal and alter the same at pleasure, and (f) do such other acts that may be necessary to carry out the powers conferred upon it by law and its by-laws.

For the purposes of this section and sections forty-three and forty-four, reference to "bank" and "banks" shall, unless the context otherwise requires, mean and include any or all member organizations and a reference to "trustees" of a bank shall, unless the context otherwise requires, mean and include the governing body of each of such organizations.

Eligible employees may contribute a portion of their salaries or wages to or under plans established by the benefit association, to be deducted by the employing banks and paid to the benefit association. A participating bank may contribute to or under plans of the benefit association to the extent determined by its trustees. Contributions and benefits under the plans of the benefit association shall not exceed the limits, if any, imposed on such plans by the Internal Revenue Code of 1954, as amended, and the Employee Retirement Income Security Act of 1974, as amended, in this section called the Code and ERISA, respectively.

All plans maintained by the benefit association shall conform to the Code and funds held under the plans of the benefit association shall be invested in such manner as the benefit association shall determine, consistent with the by-laws. Funds held under plans of the benefit association shall be held by or used by the benefit association for the exclusive purpose of providing plan benefits to eligible members and, as determined by the benefit association, may be used to defray reasonable expenses of administering the plans and investing the assets of the plans. To the extent that expenses necessary for the administration of the benefit association or the plans of the benefit association are not paid from the plans, they shall be paid by participating banks on a proportionate basis, as provided in the by-laws.

A participating bank, by vote of its trustees, may adopt one or more of the plans of the benefit association for the benefit of its employees and their beneficiaries. Nothing in this section shall be construed so as to prevent any such bank from establishing its own employee welfare benefit plans or non-qualified retirement plan.

Section 43. The trustees of the Savings Banks Employees Retirement Association, on the effective date of this section, shall prepare the by-laws of the benefit association and file the same with the commissioner. The said by-laws shall prescribe the manner in which, and

the officers and agents by whom, the benefit association will be conducted and the manner in which its funds may be invested and paid out. They shall also provide that the said trustees of the Savings Banks Employees Retirement Association shall serve as the initial trustees of the benefit association and shall continue such service for the term prescribed in such by-laws and for the election of subsequent trustees. Such benefit association shall annually, within six months after the close of its fiscal year, report to the commissioner such statements of its membership and financial transactions as the commissioner may consider necessary to show its business and standing. The commissioner may verify such statement by an examination of the books and papers of the benefit association.

The benefit association shall not be subject to chapter thirty-two or chapter one hundred and seventy-five or to such other provisions of law as relate to insurance companies or other benefit associations.

Section 44. The property of the benefit association shall be exempt from taxation and from the operation of any law relating to insolvency, and shall not be attached or taken on execution or other process to satisfy any debt or liability of the benefit association, a participating bank, or any employee member of the benefit association. No assignment of any right in or to said funds or of any pension or annuity payable under section forty-two shall be valid, except that deferred annuity contracts purchased by a participating bank on account of past service of eligible employees may be assigned to such bank prior to actual retirement.

Nothing in this section shall prevent an employee's annuity or pension from being attached, taken on execution, assigned, or subject to other process to satisfy a support order under chapter two hundred and eight, two hundred and nine, or two hundred and seventy-three.

Approved December 23, 1987.

**Chapter 594. AN ACT RELATIVE TO THE PURITY OF BOTTLED WATER SOLD COMMERCIALY IN THE COMMONWEALTH.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 94 of the General Laws is hereby amended by striking out section 10A, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 10A. No person shall engage within the commonwealth in the business of manufacturing or bottling carbonated non-alcoholic beverages or water, both carbonated and noncarbonated, for human consumption without a permit to do so from the board of health of the town wherein such plant is, or is to be, located, and no person engaged without the commonwealth in said business shall sell any such beverage within the commonwealth without a permit from the state department of public health, and no person shall sell or exchange, deliver, advertise, or

offer for sale or exchange, or attempt to deliver, or have in his possession with intent to do so, any such beverage unless the manufacturer and bottler thereof is the holder of a permit issued under the authority of section ten B and then in full force.

**SECTION 2.** Said chapter 94 is hereby further amended by inserting after section 10D the following section:-

Section 10D 1/2. All persons permitted to manufacture, bottle or sell water intended for human consumption under section ten A or ten B shall, at least annually, cause to be tested by a laboratory certified as provided herein, the water contained in their finished bottled water product. If the water source or sources from which such water product is derived is located within the commonwealth, the laboratory performing such tests shall be certified by the department of environmental quality engineering to perform such tests for water quality purposes. If the water source or sources from which such water product is derived is located without the commonwealth, the laboratory performing such tests shall be certified to perform such tests for water quality testing purposes by the appropriate agency within that state or jurisdiction wherein such laboratory is located. The testing for finished bottled water product shall include those physical, chemical, microbiological and radiological test parameters required by the department of environmental quality engineering for the testing of public water supplies. The department of public health in consultation with the department of environmental quality engineering, may, from time to time, require by rule and regulation such additional tests as it deems necessary for the protection of the public health.

The department of public health shall require any person manufacturing, bottling or selling such water to test for physical, chemical and microbiological parameters at least annually. Said department shall require that radiological testing of the finished product be performed at least once every four years. Test results shall be submitted to said department on or before November the first of the year when such tests are required. Said department shall make available to the public, upon request, any test results so submitted upon payment of a reasonable fee to be determined by the department.

**SECTION 3.** Said chapter 94 is hereby further amended by striking out section 10E, as so appearing, and inserting in place thereof the following section:-

Section 10E. The state department of public health and the local boards of health may make rules and regulations to carry out the provisions of sections ten A to ten D 1/2, inclusive, and section ten E 1/2.

**SECTION 4.** Said chapter 94 is hereby further amended by inserting after section 10E the following section:-

Section 10E 1/2. The state department of public health shall establish rules and regulations for water standards and labeling requirements for finished bottled water products which meet, at a minimum, the labeling

---

**ACTS, 1987. – Chap. 595.**

requirements and quality standards for bottled water product set by the Federal Food and Drug Administration; provided, however, that said department shall by further regulation, establish criteria and standards which would require a label to bear a statement of sodium content per serving of certain bottled water products as determined by the department.

**SECTION 5.** Section 10F of said chapter 94, as appearing in the 1986 Official Edition, is hereby amended by striking out, in lines 1 and 2, the word "ten E" and inserting in place thereof the word:– ten E 1/2.

Approved December 23, 1987.

**Chapter 595. AN ACT ESTABLISHING ADDITIONAL DISCLOSURE REQUIREMENTS IN CERTAIN CONSUMER CREDIT TRANSACTIONS.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 140 of the General Laws is hereby amended by inserting after section 114B the following section:–

Section 114C. A card issuer as defined in section one of chapter one hundred and forty D, whether located within or without the commonwealth, may assess an annual fee provided that the cardholder as defined by said section one, is notified of the amount of any such fee on or with the billing statement for the billing period prior to that in which the annual fee is billed to the cardholder's account. A cardholder may cancel his credit card agreement at any time during this period without penalty. If the cardholder cancels the agreement at any other time during the year, he shall receive a refund on a pro-rata basis of two-thirds of the annual fee.

A card issuer shall report quarterly to the commissioner the finance charge rate expressed as an annual percentage rate and the amount of any annual or other fee charged during the preceding quarter to its cardholders and the conditions under which a finance charge may be imposed, including the time period within which any credit extended may be repaid without incurring a finance charge. The commissioner shall publicize and make this information readily available to the public.

**SECTION 2.** Chapter 140D of the General Laws is hereby amended by inserting after section 15 the following section:–

Section 15A. Any application form or pre-approved written solicitation for an open-end credit plan and any printed advertisement which contains such application form or pre-approved written solicitation which is mailed or distributed on or after July first, nineteen hundred and eighty-eight, to a consumer residing in the commonwealth by or on behalf of a credit issuer, whether such issuer is located within or without the commonwealth, and which is intended to aid, promote or

assist directly or indirectly in the issuance of a credit card by any issuer, shall prominently disclose in easily understood language: the current annual percentage rate for finance charges and, if the rate may vary, a statement to that effect and of the circumstances under which the rate may increase and whether there are any limitations on any such increase, as well as the effects of any such increase; the conditions under which a finance charge may be imposed, including the time period within which any credit extended may be repaid without incurring a finance charge; whether any annual fee is charged and the amount of any such fee; and whether any other charges or fees may be assessed, the purposes for which they are assessed, and the amounts of any such charges or fees.

The card issuer may submit examples of application forms, pre-approved written solicitations, and printed advertisements containing such application forms and pre-approved written solicitations to the commissioner for a determination as to whether they satisfy the requirements of this section. Approval by the commissioner shall constitute prima facie evidence of compliance with this section.

**SECTION 3.** Section 12H of chapter 255 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following paragraph:-

A card issuer, whether located within or without the commonwealth, may assess an annual fee provided that the cardholder is notified of the amount of any such fee on or with the billing statement for the billing period prior to that in which the annual fee is billed to the cardholder's account. A cardholder may cancel his charge card agreement at any time during this period without penalty. If the cardholder cancels the agreement at any other time during the year, he shall receive a refund on a pro-rata basis of two-thirds of the annual fee; provided, however, that for the purposes of this section a cancellation is not effective until the cardholder pays in full any outstanding balance.

Approved December 23, 1987.

**Chapter 596. AN ACT RELATIVE TO INVESTMENTS BY BANKS.**

Be it enacted, etc., as follows:

Section 2 of chapter 167F of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after paragraph 7 the following paragraph:-

7A. To invest, subject to the approval of the commissioner and under such limitations or conditions as he may impose, in the capital stock or shares of a subsidiary corporation or trust which is treated as a real estate mortgage investment conduit pursuant to the provisions of 26 USC 860D.

Approved December 23, 1987.

**Chapter 597. AN ACT AUTHORIZING THE DIVISION OF CAPITAL PLANNING AND OPERATIONS TO CONVEY LAND IN THE TOWN OF BLACKSTONE TO SAID TOWN FOR RECREATION AND CONSERVATION PURPOSES.**

Be it enacted, etc., as follows:

**SECTION 1.** The deputy commissioner of the division of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to sell and convey by deed approved as to form by the attorney general, two certain parcels of land located in the town of Blackstone, presently used for conservation purposes, to the town of Blackstone, subject to the requirements of sections two, three and four and to such additional terms and conditions as the deputy commissioner may prescribe, in consultation with the department of environmental management.

Said parcels are described as follows:-

**PARCEL ONE:** A parcel of land containing one and nine-tenths (1.9) acres, more or less, and shown on the Town of Blackstone assessor's map, Town of Blackstone, Plat 7, Lot 5;

**PARCEL TWO:** A parcel of land containing one (1.0) acre of land, more or less, and shown on the town of Blackstone assessor's map, Town of Blackstone, Plat 8, Lot 123.

**SECTION 2.** No deed conveying by or on behalf of the commonwealth, the property described in section one shall be valid unless such deed provides that said property shall be used for recreation and conservation purposes.

**SECTION 3.** Consideration for this conveyance shall be the fair market value as determined by the average of two independent appraisals. The appraisers shall be selected by the division of capital planning and operations in consultation with the department of environmental management. The cost of preparing the appraisals, surveys and other expenses as deemed necessary by the deputy commissioner for the conveyance of said property shall be paid by the town of Blackstone. The deputy commissioner of the division of capital planning and operations and the commissioner of the department of environmental management, in consultation with the town of Blackstone, in lieu of payment as provided herein, may accept on behalf of the commonwealth, an exchange of land of equal or greater value and importance for conservation purposes.

**SECTION 4.** In the event the property described in section one ceases at any time to be used for the purposes described in section two, the property shall revert to the commonwealth, and the consideration paid therefor shall be reimbursed to said town.

Approved December 23, 1987.

**Chapter 598. AN ACT AUTHORIZING THE CHANGING OF CERTAIN TOWN AND DISTRICT ELECTIONS AND ANNUAL MEETINGS.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately authorize the changing of certain town and district elections and annual meetings, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Section 28 of chapter 53 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following two paragraphs:-

Notwithstanding the provisions of any general or special law, town charter or by-law to the contrary, if the date for holding a preliminary, primary or town election or annual town meeting falls within thirty days before or after the presidential primary, the town council in a town having a town council and the board of selectmen in any other town, after consulting the town clerk may, by majority vote, establish a date between February first and May thirty-first for holding such preliminary, primary or town election or annual town meeting. Any preliminary, primary or town election or annual meeting shall be held on the date or dates established and shall be called as provided by sections nine A and ten of chapter thirty-nine.

Notwithstanding the provisions of any general or special law to the contrary, if the date for holding a district election falls within thirty days before or after the presidential primary, the prudential committee, if any, otherwise the commissioners, of the district may, by majority vote, establish a date between February first and May thirty-first for holding such district election. Any district election shall be held on the date established and shall be called as provided by section one hundred and nineteen of chapter forty-one. For the purposes of this section, district shall mean a district created by special law or established under the provisions of a general law.

Approved December 24, 1987.

**Chapter 600. AN ACT PROVIDING THAT JOHN McCahill MAY CONTINUE EMPLOYMENT AS A COURT OFFICER.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provision of section seventy-two of chapter two hundred and twenty-one of the General Laws or any other general or special law to the contrary, John McCahill, a court officer of the superior court department of the trial court in Norfolk county is hereby authorized to continue in such position until his seventy-third birthday; provided, however, that he is mentally and physically capable of performing the duties of his office or position. Said John McCahill shall annually, at his own expense, be examined by an impartial physician designated by the state retirement board to determine such capability. No further deductions shall be made from the regular compensation of said employee under the provisions of chapter thirty-two of the General Laws for service subsequent to the date of his seventieth birthday and upon retirement said employee shall receive a superannuation retirement allowance equal to that which he would have been entitled had he retired on said date.

**SECTION 2.** This act shall take effect upon its passage.

Approved December 24, 1987.

**Chapter 601. AN ACT AUTHORIZING THE CITY OF REVERE TO GRANT A CERTAIN PENSION TO RICHARD J. JAMES.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of any general or special law or rule to the contrary, the retirement board of the city of Revere is hereby authorized and directed to increase the pension payable to Richard J. James, a retired sergeant in the police department of the city of Revere who, as a result of injuries sustained by him while in the performance of his duties as a police officer, is totally and permanently disabled for further service as a police officer. The annual amount of pension payable to Richard J. James under the provisions of this act shall be fixed at an amount equal to the regular rate of compensation which

---

**ACTS, 1987. – Chap. 602.**

he would have been paid had he continued in service as a police officer of said city at the grade held by him at the time of his retirement. The annual pension payable to said Richard J. James under the provisions of this act shall be reduced by the amount of any compensation he may receive from any gainful employment after the effective date of this act. Said Richard J. James shall be entitled to receive and shall receive all annual cost of living adjustments in his annual pension granted under the provisions of any general or special law. Upon the effective date of this act, the retirement board of said city shall forthwith pay to him all the amounts standing to his credit in the annuity savings or annuity reserve funds for the retirement system of said city.

**SECTION 2.** The provisions of section one hundred of chapter forty-one of the General Laws shall apply to Richard J. James relative to his indemnification by the city of Revere for any hospital, medical, and related expenses which may be incurred by him after the effective date of this act as a result of the aforementioned incapacity.

**SECTION 3.** Upon the death of said Richard J. James, if he leaves a wife surviving him and as long as she remains unmarried, the city of Revere shall pay to her an annual annuity equal to the amount of three-fourths of the amount of the pension payable to said Richard J. James at the time of his death. Upon the death or remarriage of the survivor wife of said Richard J. James, said city shall pay to the surviving children of Richard J. James and his survivor wife, until the age of eighteen, a pension of equal proportion to each child which shall total three-fourths of the amount of the pension payable to Richard J. James at the time of his death. If said Richard J. James is unmarried at the time of the effective date of this act, any determinations as to the right of survivorship shall be determined by the retirement board of the city of Revere.

**SECTION 4.** This act shall take effect upon its passage.

Approved December 24, 1987.

**Chapter 604. AN ACT AUTHORIZING THE HAVERHILL MUNICIPAL HOSPITAL TO ENTER INTO COOPERATIVE AGREEMENTS WITH PRIVATE ENTITIES.**

Be it enacted, etc., as follows:

**SECTION 1.** The mayor of the city of Haverhill, with the approval of the city council and the board of trustees of the Haverhill Hale Municipal Hospital, may enter into agreements on behalf of the city and said hospital with any individual, private corporation, partnership or other entity to provide, jointly, medical services within the city or any adjacent municipality, or to engage in any activity or undertaking necessary or incidental thereto. Any such agreement may be for such period, not to exceed five years, as may be approved by the city council and the board of trustees. No such agreement shall provide for any subsidy or obligation for the payment of any money by the city thereunder to any person except for payments representing fair consideration for services rendered by, or goods received from, such person.

**SECTION 2.** No agreement shall be executed under the provisions of this act unless the chief executive officer or administrator of the hospital, hereinafter called the hospital administrator, shall have issued a request for proposals in accordance with the provisions of this section.

Prior to issuing such request, the hospital administrator shall undertake such studies as are necessary to determine the economic feasibility of the terms and conditions, including selection criteria, to be set forth in the request, and shall prepare a written analysis of the anticipated benefits and costs to the hospital and the city of the proposed joint provision of medical services, as compared with other alternative means of providing such medical services. Not less than two weeks before soliciting proposals, the hospital administrator shall submit to the mayor, city council and the board of trustees the request for proposals and all studies and written analysis relating thereto.

The request for proposals shall include:

(1) all criteria that will be utilized for the evaluation of proposals, together with a statement that such evaluation shall be based solely on said criteria;

(2) all items or categories of information which must be included in the proposal, and a format for submitting such information;

(3) a statement of those terms and conditions which shall not be subject to negotiation;

(4) a statement that any agreement may incorporate by reference the proposal of the selected person; and

(5) a statement that any agreement shall include a provision for remedies on behalf of the city in the event the selected person defaults on any of its terms.

Notice of the request for proposals shall be published at least once, not less than two weeks prior to the time specified for the receipt of proposals, in a newspaper of general circulation in the city. Such notice shall be posted for at least two weeks on the principal official bulletin board of the city and in a conspicuous place at the hospital until the time specified for receipt of proposals. Said notice shall provide a general description of the services desired and shall indicate where, when and for how long requests for proposals may be obtained.

Taking into consideration the financial terms of the proposals and the evaluations based on the criteria set forth in the request for proposals, the hospital administrator, with the approval of the mayor, the city council and the board of trustees, shall determine the most advantageous proposal. He may negotiate revisions in the proposal selected. He may reject any and all proposals if he determines that rejection is in the best interests of the city and the hospital.

If the hospital administrator selects a proposal which did not offer the lowest cost to the city, he shall state in writing the justification for such decision. The hospital administrator shall maintain a written record of evaluations and negotiations undertaken pursuant to this act, and shall retain such record with the proposals.

**SECTION 3.** If the financial interest or commitment of the city and the hospital under an agreement authorized under this act is equal to or greater than that of the other parties, in the aggregate, all applicable laws and ordinances relating to procurement of supplies, services or real property, or the disposal of supplies or real property, shall apply to any

---

**ACTS, 1987. - Chaps. 605, 606.**

such procurement or disposal. If the financial interest or commitment of the city and the hospital is less than that of the other parties, in the aggregate, such laws and ordinances shall be applicable to the extent such procurement or disposal is undertaken by or for the city or the hospital.

**SECTION 4.** No agreement shall be executed under the provisions of this act until a statement, signed under the penalties of perjury, has been filed with the city clerk by each other party to the agreement, giving the true names and addresses of all persons who have or will have a direct or indirect beneficial interest in said agreement. The provisions of this section shall not apply to any stockholder of the corporation the stock of which is listed for sale to the general public with the securities and exchange commission, if such stockholder holds less than ten per cent of the outstanding stock entitled to vote at the annual meeting of such corporation.

**SECTION 5.** This act shall take effect upon its passage.

Approved December 24, 1987.

**Chapter 611. AN ACT REQUIRING THE COMMONWEALTH TO PAY INTEREST ON CERTAIN UNPAID BILLS.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 7 of the General Laws is hereby amended by inserting after section 14A, as appearing in the 1986 Official Edition, the following section:–

Section 14B. The comptroller shall adopt rules and regulations, subject to the approval of the commissioner of administration, providing for the payment by the commonwealth of late penalty interest in accordance with the provisions of section twenty-nine B of chapter twenty-nine.

**SECTION 2.** Chapter 29 of the General Laws is hereby amended by inserting after section 20B, as so appearing, the following section:–

Section 20C. Any commercial vendor to whom any state agency of the commonwealth is liable for late penalty interest under the provisions of section twenty-nine B shall, prior to payment of said interest, submit to said state agency an invoice for said interest in accordance with applicable rules and regulations of the comptroller.

**SECTION 3.** Said chapter 29 is hereby further amended by inserting after section 29B, as so appearing, the following section:–

Section 29C. Except as otherwise provided for by law, the general court or any agency of the executive or judicial branches of the government which acquires property or services from a commercial vendor, including both profit and not for profit corporations, excluding state employees, recipients of public assistance, cities and towns and other municipal forms of government, but which does not make full payment by the required payment date for each such complete and appropriate item of property or service delivered in accordance with an applicable purchase order contract, shall be liable for late penalty interest to said commercial vendor on the amount which is due in accordance with the following provisions:-

(a) that the required payment date shall be the date on which payment is due under the terms of the contract for the provision of said property or services; or, if a specific date on which payment is due is not established by contract, not more than forty-five days after receipt of a properly authorized, approved and submitted invoice for the amount of payment due, unless the usual and customary time for payment is longer;

(b) that the late penalty interest provided for under this section shall be computed at a rate to be set semi-annually by the commissioner of administration on January first and July first of each year; provided, however, that said rate shall be equal to the discount rate charged on said dates by the Federal Reserve Bank of Boston;

(c) that the provisions of this section shall apply to any late penalty interest which may be due in accordance with the provisions of this section;

(d) that the provisions of this section shall not apply to the delivery of any property or services made at the beginning of any fiscal year unless a general appropriation act is in effect for said fiscal year. Upon the passage of a general appropriation act, a required payment date may be set or the forty-five day period as provided in paragraph (a) may be commenced;

(e) that, within fifteen days after the date on which any invoice is received, state agencies notify any such commercial vendors of any defect or impropriety in such invoice which would prevent the running of the time period.

Any state agency required to pay interest under the provisions of this section shall pay any amount required out of funds appropriated for the administration or operation of the program for which the interest was incurred.

The commissioner of administration shall, not more than sixty days after the conclusion of each fiscal year, file with the house and senate committees on ways and means a summary report on any interest penalties made under this section during the preceding fiscal year. Such report shall include the number, amounts, frequency of interest penalty payments, and reasons such interest payments were made, summarized by state agency and secretariat, where applicable.

A copy of rules and regulations promulgated pursuant to this section, or any amendment or repeal of any such rules and regulations, shall be

**Chapter 613. AN ACT REORGANIZING THE BOSTON SCHOOL DEPARTMENT.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 231 of the acts of 1906, as most recently amended by section 1 of chapter 701 of the acts of 1986, is hereby further amended by striking out sections 1, 1A and 2 and inserting in place thereof the following sections:-

Section 1. (a) The school committee of the city of Boston shall, by majority vote of the whole number of its members, elect and contract with a superintendent of schools for any period of time not to exceed six years. The school committee exclusively shall fix the compensation of such superintendent, which sum shall be in full for all services rendered to said city. The school committee may remove the superintendent for just cause by a vote of three-fifths of the whole number of its members after proper notice and public hearing. The superintendent shall upon taking employment become, and during such employment remain, a resident of said city as the term resident may be defined by ordinance. Failure to maintain such residence shall be deemed a voluntary termination of employment.

(b) The superintendent of schools shall be the executive officer of the

school committee in all matters pertaining to the powers and duties of the school committee. The school committee shall take no action on any particular matter without first receiving the superintendent's recommendation thereon. The superintendent shall give his recommendation before or during the regularly scheduled meeting of the school committee next following the meeting at which the particular matter is raised and at which the superintendent is asked to prepare a recommendation thereon; provided, however, that the superintendent in his sole discretion may elect to present any such recommendation at the school committee meeting at which the particular matter is raised or thereafter but prior to the next regularly scheduled school committee meeting. Any such recommendation of the superintendent shall include the superintendent's estimate of the cost or savings involved, if any, and if the superintendent estimates that there are costs involved, the recommendation shall identify available budgeted funding sources or new funding sources. If the superintendent fails to make a recommendation on a particular matter when raised at such next regularly scheduled school committee meeting, the school committee may take action thereon without receiving the superintendent's recommendation.

(c) The superintendent of schools shall at the beginning of the term for which he was appointed, submit to the school committee a management plan for all administrators and community and deputy superintendents serving at the discretion of said superintendent. The school committee of said city, in the year nineteen hundred and eighty-nine and every sixth year thereafter or in the year when a superintendent is appointed shall vote by a two-thirds majority to accept or reject the management plan submitted by the superintendent of schools. The school committee shall accept a management plan of the superintendent on or before September first in the year that the superintendent is appointed to term.

Section 1A. (a) For the purposes of this section, all individuals engaged to render services and paid pursuant to the school department's budget shall be deemed to be school department employees and their positions shall be deemed to be school department positions.

(b) The superintendent of schools shall have the exclusive authority to make appointments and promotions for all school department positions except for the positions of community superintendent, an election or appointment of a chairman, secretary or treasurer of the school committee, of school committee administrative assistants appointed pursuant to chapter four hundred and sixty-five of the acts of nineteen hundred and sixty-four, and of special assistant corporation counsels. Prior to making an appointment or promotion to the position of community superintendent, the superintendent of schools shall present his recommendation thereon to the school committee at a regularly scheduled meeting. Any such appointment or promotion shall be deemed approved by the school committee on the sixth business day following the presentation of said superintendent's recommendation, unless a majority of the whole number of the school committee's members file with the

secretary of the school committee a written objection to the intended appointment or promotion within five business days following the presentation of said superintendent's recommendation; in which case, the appointment or promotion shall be approved only upon majority vote of the whole number of the members of the school committee.

(c) Any general or special law to the contrary notwithstanding, a vote of the school committee shall not be required for the appointment or promotion of any school department employee except as provided in section one A.

(d) Except as may be required by any collective bargaining agreement or by the provisions of chapter thirty-one and chapter one hundred and fifty E of the General Laws, and, subject to appropriation, the superintendent of schools shall have the exclusive authority to fix the compensation of all school department employees with the exception of school committee members; provided, however, that the school committee shall fix the compensation of the superintendent as provided in section one and shall fix the compensation of school committee administrative assistants appointed pursuant to chapter four hundred and sixty-five of the acts of nineteen hundred and sixty-four.

(e) The superintendent of schools shall have the exclusive authority to assign, reassign, suspend, lay-off, demote, remove and dismiss any school department employees except school committee members and administrative assistants appointed pursuant to chapter four hundred and sixty-five of the acts of nineteen hundred and sixty-four. Any general or special law to the contrary notwithstanding, the actions of the superintendent of schools pursuant to this subsection shall be deemed to be the actions of the school committee under the General Laws. In exercising his authority under this subsection, the superintendent shall have the authority and powers, and be subject to the limitations, otherwise applicable to the school committee, including but not limited to the terms of any collective bargaining agreement imposed by chapter one hundred and fifty E of the General Laws. In the case of actions taken pursuant to this subsection as to which notice or hearing, or both, would otherwise be afforded to the subject school department employee by the school committee, such notice or hearing, or both, shall be afforded instead by the superintendent of schools or his designee. In the event that said superintendent delegates to a designee the conduct of a hearing for an affected school department employee, said superintendent shall base his decision upon the evidence presented at such hearing. This section shall not affect the rights of teachers under sections forty-two, forty-three A and forty-three B of chapter seventy-one of the General Laws.

(f) The superintendent of schools shall have the authority to supervise and direct school department employees except school committee members and administrative assistants appointed pursuant to chapter four hundred and sixty-five of the acts of nineteen hundred and sixty-four, and special assistant corporation counsels to the extent that their legal work is directed and supervised by the corporation counsel of the city of Boston.

(g) Except as specifically provided herein, nothing in this section shall be construed or interpreted so as to limit in any way the existing employment rights of school employees, including rights of tenure and seniority as provided by chapter seventy-one and chapter thirty-one of the General Laws as well as those employment rights provided under applicable collective bargaining agreements and chapter one hundred and fifty E of the General Laws.

Section 1B. (a) The school committee may delegate, in whole or in part, to the superintendent of schools the authority to approve for the school department the acceptance and expenditure of grants or gifts of funds from the federal government, charitable foundations, private corporations, individuals, or from the commonwealth, its counties, municipalities or an agency thereof, the provisions of section fifty-three A of chapter forty-four of the General Laws notwithstanding.

(b) The superintendent of schools shall provide to the school committee, the city auditor and the city office of budget and program evaluation of the city of Boston a report, detailing the source, purpose and balance on hand of all funds received or expended pursuant to subsection (a), quarterly.

Section 1D. The superintendent of schools shall submit to the school committee for approval an annual budget of the school department for the forthcoming fiscal year no later than the first Wednesday in February prior to the beginning of such fiscal year. The school committee may adopt, reject, reduce or increase any item in the recommended budget; provided, however, that if the school committee fails to take definite action on the annual budget on or before the fourth Wednesday in March of each year, the annual budget as recommended by the superintendent shall be deemed approved as if formally approved by the school committee. After approval of an annual budget by the school committee, said superintendent shall submit said approved budget to the mayor who may approve or reduce the total recommended budget. Thereafter, not later than the second Wednesday in May of each year, the mayor shall submit said annual budget to the city council for an appropriation of funds. Said superintendent shall not approve the appointment of any person except to a budgeted position.

Section 1E. For the purposes of section sixteen of chapter four hundred and eighty-six of the acts of nineteen hundred and nine, members of the school committee and the superintendent of schools shall be deemed to be the officials responsible for the expenditures of the school department, the provisions of section eighteen of chapter one hundred and ninety of the acts of nineteen hundred and eighty-two to the contrary notwithstanding.

Section 2. (a) Subject to appropriations therefor, the superintendent of schools shall have the exclusive authority to make on behalf of the school committee contracts, or amendments to contracts, for the purchase or rental of equipment, materials, goods or supplies, leases of property, alterations and repairs of school property, and for professional or other services, with the exception of collective bargaining agreements and contracts for the transportation of students. All school department

contracts or amendments to contracts shall otherwise conform to the requirements of the city charter of the city of Boston.

(b) With respect to all contracts, agreements or amendments thereto made or entered into by the school department, the superintendent shall be responsible for establishing procedures for auditing and monitoring the compliance of the parties with the terms and obligations of such contracts, agreements or amendments thereto.

**SECTION 2.** Chapter 224 of the acts of 1936 is hereby amended by striking out section 2, as most recently amended by section 5 of chapter 701 of the acts of 1986, and inserting in place thereof the following section:-

**Section 2.** (a) The city of Boston shall annually provide an amount of money sufficient for the support of the public schools as required by law; provided, however, that said city shall not be required to provide more money for the support of the public schools than is appropriated in accordance with the provisions of chapter four hundred and eighty-six of the acts of nineteen hundred and nine, as amended. In acting on appropriations for educational costs, the city council shall vote on the total amount of the appropriations requested by the mayor, but neither the mayor nor the city council shall allocate appropriations among accounts or place any restriction on such appropriations. The appropriation of said city shall establish the total appropriation for the support of the public schools, but may not limit the authority of the school committee to determine expenditures within the total appropriation; provided, however, that if the city auditor determines that school department expenditures in any fiscal year are projected to be in excess of total budgeted expenditures for that fiscal year, as supported by appropriation and other available funding, then the school committee shall not reallocate or transfer funds from any item in the budget for that fiscal year to fund any such projected additional expenditures.

(b) After the fourth Wednesday of March of any fiscal year, the school committee shall not initiate or authorize any new or additional programs or categories of expenditures requiring additional unbudgeted expenditures unless such programs or categories have been incorporated and fully funded in the budget for the subsequent fiscal year. If such programs or categories have not been incorporated or fully funded in the budget for the subsequent fiscal year, they shall not be initiated or authorized until the school committee shall have amended its budget submission for the subsequent fiscal year to reduce or eliminate other costs, programs or categories in amounts equal to the projected annualized costs of the new or additional programs or categories of expenditures.

(c) The superintendent of schools shall prepare and submit to the school committee, the city auditor and the city office of budget and program evaluation, a monthly budget update report which shall detail and itemize year-to-date and projected school department expenditures and budget transfers.

(d) The superintendent may, after the fourth Wednesday in March, but prior to the annual appropriation, enter into contracts with the publishers or suppliers of instructional materials and books for the timely purchase and delivery of the same to be used in the schools of the school department of the city of Boston for the school year commencing during the fiscal year for which a recommended appropriation has been submitted but not yet approved; provided, however, that such contracts for the supply and delivery of said instructional materials and books shall be charged to the appropriation of the next fiscal year, and provided further that the total amount of funds obligated for such instructional materials and books ordered prior to the annual appropriation shall be limited to the amount appropriated for such expenditures in the then current annual budget and shall not exceed that amount. Pending the final annual appropriation for the school department, the city auditor may approve such contracts for the purchase and delivery of instructional materials and books, provided, however, that such contracts shall in all other respects conform to the requirements of the city charter of said city.

**SECTION 3.** Nothing in this act shall be deemed to affect the term of office of the superintendent of schools in office upon its effective date, nor abrogate or alter any collective bargaining agreement or other contract in force and effect on such effective date.

**SECTION 4.** This act shall take effect upon its passage.

Approved December 29, 1987.

"Ton", for the purpose of this chapter one ton of refrigeration shall be defined in conformance to section 1 subparagraph 6 of the Board of Boiler Rules, Form BLR 7, dated November twenty-two, nineteen hundred and sixty-three.

**SECTION 3.** Said chapter 146 is hereby further amended by striking out section 82, as so appearing, and inserting in place thereof the following section:-

Section 82. The bureau shall promulgate rules and regulations for the examining and licensing of fire sprinkler contractors, pipefitters, refrigeration technicians and sprinkler fitters.

**SECTION 4.** The first paragraph of section 83 of said chapter 146, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- The district engineering inspectors of the division shall act as examiners of applicants for fire sprinkler system contractor, pipefitter, refrigeration and sprinkler fitter licenses.

**SECTION 5.** Said section 83 of said chapter 146, as so appearing, is hereby further amended by adding the following paragraph:-

---

**ACTS, 1987. – Chap. 616.**

For the examination of fire protection sprinkler system contractors and sprinkler fitters, the division shall use the rules and regulations of national codes as may be necessary to effectuate the licensing provisions of this chapter.

**SECTION 6.** Said chapter 146 is hereby further amended by striking out section 84, as so appearing, and inserting in place thereof the following section:-

Section 84. No person shall engage in the business of a master pipefitter, or work as a journeyman or apprentice pipefitter or work as a refrigeration technician or work as a fire protection sprinkler system contractor or as a sprinkler fitter unless he is lawfully licensed under the provisions of section eighty-five.

**SECTION 7.** Section 85 of said chapter 146, as so appearing, is hereby amended by striking out, in lines 6 and 7, the words "contractor or refrigeration technician" and inserting in place thereof the words:- contractor, fire protection sprinkler system contractor, refrigeration technician or sprinkler fitter.

**SECTION 8.** Said chapter 146 is hereby further amended by inserting after section 85 the following section:-

Section 85A. Every apprentice sprinkler fitter shall before starting his apprenticeship file an application, accompanied by the appropriate fee, with the division of inspection of the department of public safety, requesting that he be issued an apprentice license. Said application shall be made on a form to be furnished by said division, and shall require the applicant to state his age, the date on which he is to commence his apprenticeship, the name and address of his employer, and such other information as said division may require. Upon receipt thereof said division shall forthwith mail to him a certificate to that effect. A person may be employed as an apprentice sprinkler fitter by a fire protection sprinkler contractor only. Such apprentices shall work under the direct supervision of a fire protection sprinkler contractor or journeyman sprinkler fitter. A fire protection sprinkler contractor may employ one or more apprentices but not more than one apprentice may be so employed for each journeyman sprinkler fitter.

**SECTION 9.** Any person, firm, or corporation who shall submit satisfactory proof to the bureau of pipefitters, refrigeration technicians, and sprinkler fitters that they have been actively engaged in the fire sprinkler system industry as a fire sprinkler contractor for a period of four years; or a sprinkler fitter who has been actively engaged in the sprinkler system industry for a period of three years prior to the effective date of this act who have applied for a license within one year of the effective date of this act shall not be required to pass any written, oral, or practical examination, but shall be issued a license upon payment of the proper fee; provided, however, that for purposes of this section completion of an apprentice training program by said contractor

**Chapter 618. AN ACT REQUIRING TESTING OF PUBLIC DRINKING WATER SUPPLIES FOR TOXIC SUBSTANCES.**

Be it enacted, etc., as follows:

**SECTION 1.** The department of environmental quality engineering, hereinafter referred to as the department, shall test public drinking water supply sources in the commonwealth for the presence of toxic substances, determine the extent of contamination and the need for additional testing or requirements for monitoring of such water supplies; provided, however, that the department shall not duplicate testing which any city, town, district or authority is required to conduct by the federal Safe Drinking Water Act, 42 USC 300f et seq. Testing shall be so conducted as to permit the department to develop a statistically valid profile of the extent of contamination of different types of such water supplies statewide and by geographic region and to determine whether consumers are being protected from lead and copper contamination present in such water supplies, their distribution systems or in the connection systems of such consumers.

**SECTION 2.** By July first, nineteen hundred and eighty-eight, the department shall publish a list of toxic substances to be tested at each

public drinking water supply source. In developing the list, the department shall:

(a) consider including substances listed as priority pollutants by the federal Environmental Protection Agency or listed in the following: Advance Notices of Proposed Rulemaking, Volume 47, Federal Register, page 9352, and Volume 48, Federal Register, page 45502; Proposed Rulemakings, Volume 50, Federal Register, pages 46929, 46930 and 47022; Final Rule, Volume 50, Federal Register, page 46901; Final Rule, Volume 52, Federal Register, pages 25712 to 25717, inclusive, and pages 25720 to 25734, inclusive;

(b) consult with public water supply purveyors, appropriate experts and members of the public having a knowledge of water supply issues, and provide the public with opportunities to comment on the proposed list;

(c) identify for each toxic substance, or group of toxic substances, the types of public drinking water supplies and regions of the commonwealth to be tested; and

(d) identify the toxic substances to be tested at each public drinking water supply source.

The department may decide not to test particular public drinking water supplies, or groups thereof, for particular toxic substances if it determines that there is no valid reason to believe that such substances may be present therein; provided, however, that the department shall identify all public drinking water supplies and toxic substances for which such determinations are made in its report of test results pursuant to section four.

**SECTION 3.** Testing shall be conducted in two phases as follows:

(a) Phase I. By January first, nineteen hundred and eighty-nine, the department shall test all community public water supplies in the commonwealth which serve one hundred and fifty or more persons for the presence of listed substances.

(b) Phase II. By January first, nineteen hundred and ninety, the department shall test all community public water supplies which serve twenty-five to one hundred and forty-nine persons, inclusive, and a representative sampling of all non-community public water supplies in the commonwealth for the presence of listed substances.

**SECTION 4.** The department shall publish a report of test results including an analysis of the extent to which various types of public drinking water supplies in various regions of the commonwealth are contaminated by toxic substances. The report on Phase I testing shall be published by April first, nineteen hundred and eighty-nine. The report on Phase II testing shall be published by April first, nineteen hundred and ninety.

**SECTION 5.** For each community in which public water supplies are tested, the department shall:

(a) provide education and training for public water supply purveyors.

---

**ACTS, 1987. – Chap. 619.**

community officials and the public in water quality standards, methods of analysis and sampling, health advisories, requirements and impact of the nineteen hundred and eighty-six amendments to the federal Safe Drinking Water Act, and long-range water supply protection and planning;

(b) report test results promptly following testing to water purveyors, community officials and the public;

(c) provide community officials and the public an explanation of possible health consequences, risk assessment methods and possible methods for correcting any problems detected during testing;

(d) provide education for community officials and the public as to options for water supply planning and land use planning necessary to provide current and long-term protection for community water supplies.

Education and training required by this act shall be provided in coordination with a university research facility selected by the department. Such facility shall be located within the commonwealth and have demonstrated experience in environmental and public health, land use and regional planning, and hydrology.

**SECTION 6.** For purposes of this act, "community officials" shall mean the city manager in any city having a city manager, the mayor in any other city; the town manager in any town having a town manager, the board of selectmen in any other town; and the board of health, board of water commissioners and superintendent of the water department, or officers performing like duties, in any city or town.

Approved December 29, 1987.

**Chapter 621. AN ACT PROVIDING FOR COMMON ENROLLMENT DATES FOR SUPPLEMENTAL MEDICARE HEALTH PLANS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 1A of chapter 176A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following two paragraphs:-

All nonprofit hospital service corporations governed by this chapter which offer supplemental coverage to medicare, shall provide open enrollment for nongroup subscribers to medicare supplemental coverage, commencing on February first and ending March thirty-first of each year, for coverage to be effective June first of that year; provided, however, that nothing contained herein shall preclude additional periods of open enrollment for subscribers to medicare supplemental coverage.

Any such corporation shall make available each type of medicare supplemental coverage allowed by the commissioner of insurance to any resident of the commonwealth whose coverage under a medicare program offered by a health maintenance organization licensed under chapter one hundred and seventy-six G has been cancelled because the health maintenance organization's contract with medicare has been terminated. Such coverage shall be offered without any waiting periods or exclusions for pre-existing conditions and shall become effective on the date that coverage is cancelled.

**SECTION 2.** Section 10 of said chapter 176A, as so appearing, is

hereby amended by inserting after the first paragraph the following paragraph:-

The open enrollment period and coverage effective date for any group hospital service plan contract providing supplemental coverage to medicare shall be the same as the open enrollment period of all other group health plan options offered by the employer, representative or group sponsor to the group's members who are eligible for medicare supplemental coverage.

**SECTION 3.** Section 4 of chapter 176B of the General Laws, as so appearing, is hereby amended by inserting after the third paragraph the following two paragraphs:-

All medical service corporations governed by this chapter which offer supplemental coverage to medicare shall provide open enrollment for nongroup subscribers to medicare supplemental coverage, commencing on February first and ending March thirty-first of each year, for coverage to be effective June first of that year; provided, however, that nothing contained herein shall preclude additional periods of open enrollment for subscribers to medicare supplemental coverage.

Any such corporation shall make available each type of medicare supplemental coverage allowed by the commissioner of insurance to any resident of the commonwealth whose coverage under a medicare program offered by a health maintenance organization licensed under chapter one hundred and seventy-six G has been cancelled because the health maintenance organization's contract with medicare has been terminated. Such coverage shall be offered without any waiting periods or exclusions for pre-existing conditions and shall become effective on the date that the coverage is cancelled.

**SECTION 4.** Said section 4 of said chapter 176B, as so appearing, is hereby further amended by inserting after the fifth paragraph the following paragraph:-

The open enrollment period and coverage effective date for any group medical service plan contract providing supplemental coverage to medicare shall be the same as the open enrollment period of all other group health plan options offered by the employer, representative or group sponsor to the group's members who are eligible for medicare supplemental coverage.

**SECTION 5.** Chapter 176G of the General Laws is hereby amended by inserting after section 17 the following section:-

Section 17A. All health maintenance organizations governed by this chapter which enroll medicare beneficiaries shall provide open enrollment for nongroup medicare beneficiaries commencing on February first and ending March thirty-first of each year, for coverage to be effective not later than ninety days from the date of enrollment; provided, however, that nothing contained herein shall preclude additional periods of open enrollment for medicare beneficiaries.

The open enrollment period and coverage effective date for any group

health maintenance organization contract covering medicare beneficiaries shall be the same as the open enrollment period of all other group health plan options offered by the employer, representative or group sponsor to the group's members who are eligible for medicare supplemental coverage.

Any such health maintenance organization whose contract with medicare is being terminated shall give each resident of the commonwealth who is covered under a medicare program offered by such health maintenance organization and each nonprofit hospital service corporation and medical service corporation in the commonwealth sixty days notice prior to such termination. Any such health maintenance organization shall cooperate fully in the prompt transfer of coverage to any organization which will assume such coverage.

**Chapter 622. AN ACT AUTHORIZING AND DIRECTING THE REIN-  
STATEMENT OF JAMES L. KERR AS A MEMBER IN  
SERVICE IN THE TEACHERS' RETIREMENT SYSTEM.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately authorize the reinstatement as a member in service in the Massachusetts Teachers' Retirement System of James L. Kerr, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Notwithstanding the provisions of any general or special law or rule or regulation to the contrary, James L. Kerr shall be eligible to be reinstated as a member in service of the teachers' retirement system upon his employment, on a date on or after the effective date of this act but prior to the date of his sixty-fifth birthday, as a teacher, as defined in section one of chapter thirty-two of the General Laws; provided, however, that he shall repay to the teachers' retirement system an amount equal to the accumulated total deductions withdrawn by him from the system, together with regular interest thereon, and a further amount equal to the total amount of any retirement allowance received from the date of his retirement to the date of such employment, together with regular interest thereon, such repayment to be made in one sum or in installments as the teachers' retirement board shall prescribe. Upon the completion of such repayment, said James L. Kerr shall be entitled to creditable service for all periods of service for which deductions were made from his regular compensation. In the event said James L. Kerr shall again retire before the completion of make-up payments, he shall, in addition to credit for his actual membership service rendered since the date of his reinstatement hereunder, be entitled to credit for that proportion of his previous creditable service

**Chapter 626. AN ACT AUTHORIZING THE PLACING OF LIENS ON  
CERTAIN PROPERTIES IN CITIES AND TOWNS.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately facilitate the placing of liens on certain properties in cities and towns, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Chapter 40 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following section:-

Section 58. Any city or town may impose a lien on real property located within the city or town for any local charge or fee that has not been paid by the due date, said lien shall be known as the "municipal charges lien"; provided, that a separate vote at a town meeting, or by a city or town council is taken for each type of charge or fee.

A municipal charges lien authorized under this section shall take effect upon the recording of a list of unpaid municipal charges and fees by parcel of land and by the name of the person assessed for the charge or fee in the registry of deeds of the county or district where the land subject to the lien lies.

If a charge or fee which is secured by a municipal charges lien remains unpaid when the assessors are preparing a real estate tax list and warrant to be committed under section fifty-three of chapter fifty-nine, the board or officer in charge of the collection of the municipal charge or fee, or the town collector of taxes, if applicable under section thirty-eight A of chapter forty-one, shall certify such charge or fee to the assessors, who shall forthwith add such charge or fee to the tax on

the property to which it relates and commit it with their warrant to the collector of taxes as part of such tax.

If the property to which such charge or fee relates is tax exempt, such charge or fee shall be committed as the tax. A lien under this section may be discharged by filing a certificate from the tax collector that all municipal charges or fees constituting the lien, together with any interest and costs thereon, have been paid or legally abated. All costs of recording or discharging a lien under this section shall be borne by the owner of the property.

Approved December 30, 1987.

**Chapter 629. AN ACT RELATIVE TO THE TERMINATION OF CERTAIN TRUSTS.**

Be it enacted, etc., as follows:

Section 25 of chapter 203 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following two paragraphs:–

The court having jurisdiction of a trust under a will or other instrument, upon petition and after notice to the beneficiaries and other interested parties, may order either the consolidation or termination and distribution of the trust property. Such order may be issued regardless of any spendthrift or other such similar protective provision, if the court finds that the costs of administration thereof are such that the continuance of the trust, or the establishment of the trust if it is to be established upon distribution from an estate, would be uneconomical or would defeat or substantially impair the purposes of the trust. In ordering either the consolidation or termination and distribution of such trust the court shall consolidate the trust with other trusts where such consolidation is in the best interests of the trust beneficiaries, where consolidation will result in a more economical administration of the trust and where consolidation would not substantially impair the purposes of the trust. If consolidation of the trust is impractical in light of the foregoing considerations, the court may order the termination and distribution of the trust. In addition, the court may make such other and further orders as it deems proper or necessary to protect the interests of the beneficiaries and the trustee.

Such petition may be filed by the trustee, by any person interested in such trust or by the personal representative of a decedent's estate. The order shall specify the appropriate share of each beneficiary who is to share in the proceeds of the trust, taking into account the interests of income beneficiaries and remaindermen so as to conform as nearly as possible to the intention of the settlor or testator, but a trust qualifying for the marital deduction for tax purposes shall be distributed only to the surviving spouse of the decedent. The order may direct that the interest of a minor beneficiary, or any portion thereof, be distributed to a custodian pursuant to the Uniform Transfer to Minors Act or as otherwise provided by law. In the event that two or more petitions for the termination of such trusts are brought in the same division of the probate court, the court may, in order to reduce the expense of such petitions, consolidate such cases and hear them concurrently. Nothing in the preceding paragraphs shall limit the right of a trustee acting alone to

terminate a trust without an order of the court in accordance with applicable provisions of the governing instrument.

**Chapter 630. AN ACT AUTHORIZING THE ESTABLISHMENT OF  
MUTUAL HOLDING COMPANIES.**

Be it enacted, etc., as follows:

The General Laws are hereby amended by inserting after chapter 167G the following chapter:-

**CHAPTER 167H.**

**MUTUAL HOLDING COMPANIES.**

Section 1. As used in this chapter the following words, unless the context otherwise requires, shall have the following meanings:-

"Commissioner:", the commissioner of banks

"Mutual banking institution", a Massachusetts savings or cooperative bank operating in mutual form

"Mutual holding company", a mutual banking institution reorganized in accordance with this chapter to hold all of the shares of capital stock of a subsidiary banking institution

"Subsidiary banking institution", the banking institution resulting from the reorganization of a mutual banking institution in accordance with section two of this chapter, the capital shares of which are owned by a mutual holding company.

Section 2. (a) Notwithstanding the provisions of any general or special law to the contrary, a mutual banking institution that is a savings bank may reorganize so as to become a mutual holding company by (1) establishing a subsidiary banking institution as a stock savings bank in accordance with section three, and (2) transferring to such subsidiary banking institution the substantial part of its assets and liabilities, including all of its deposit liabilities. Upon such transfer, all persons who prior thereto held depositary rights with respect to or other rights as creditors of such mutual banking institution shall have such rights solely with respect to the said subsidiary banking institution and the corresponding liability or obligation of the mutual banking institution to such persons shall be assumed by the subsidiary banking institution. All persons who had liquidation rights pursuant to section thirty-three of chapter one hundred and sixty-eight with respect to the mutual banking institution shall continue to have such rights solely with respect to said mutual holding company.

(b) Notwithstanding the provisions of any general or special law to the contrary, a mutual banking institution that is a cooperative bank may reorganize so as to become a mutual holding company by (1) establishing

a subsidiary banking institution as a stock cooperative bank in accordance with section three, and (2) transferring to such subsidiary banking institution the substantial part of its assets and liabilities, including all of its deposit liabilities. Upon such transfer, all persons who prior thereto held depositary rights with respect to or other rights as creditors of such mutual banking institution shall have such rights solely with respect to the said subsidiary banking institution and the corresponding liability or obligation of the mutual banking institution to such persons shall be assumed by the subsidiary banking institution. All persons who had liquidation rights pursuant to section twenty-seven of chapter one hundred and seventy with respect to the mutual banking institution shall continue to have such rights solely with respect to said mutual holding company.

(c) Any reorganization of a mutual banking institution pursuant to subsection (a) shall be approved by a majority of the board of trustees and by a majority of the incorporators present and voting in each case at the annual meeting or at a special meeting called, in accordance with the by-laws, for such purpose. Any such reorganization pursuant to subsection (b) shall be approved by a majority of the board of directors and by a majority of the shareholders present and voting in each case at the annual meeting or at a special meeting called, in accordance with the by-laws, for such purpose.

Section 3. A mutual banking institution proposing to reorganize as a mutual holding company pursuant to this chapter shall provide the commissioner with sixty days prior written notice of such proposed reorganization. The notice shall include a copy of the plan of reorganization and shall contain such other information as the commissioner may require.

Unless the commissioner approves the formation of the proposed mutual holding company by a written notice issued to the mutual banking institution proposing to reorganize, within sixty days after receipt of notice of the proposed reorganization or, extends for another thirty days the period during which such approval may be issued, such mutual banking institution shall not proceed with such proposed reorganization. If the commissioner so extends the period within which such approval may be issued but within such extended period does not approve, the mutual banking institution shall not proceed with such proposed reorganization.

In order to determine whether to approve the formation of a mutual holding company in accordance with the proposed reorganization plan, the commissioner shall consider the following factors:

(1) whether the formation of the proposed mutual holding company will be unfair or prejudicial to the depositors of the mutual banking institution proposing to reorganize as a mutual holding company;

(2) whether the interest of the public will be served by the formation of the proposed mutual holding company;

(3) whether disapproval is necessary to prevent unsafe or unsound banking practices;

(4) the financial and management resources of the mutual banking institution proposing to reorganize; and

(5) the competence, character and banking experience of the applicant, including its record of compliance with applicable laws and regulations.

In connection with a reorganization in accordance with this section, a mutual banking institution may, subject to the approval of the commissioner, retain assets at the mutual holding company level to the extent that such assets are not then required to be transferred to the subsidiary banking institution in order to satisfy capital or reserve requirements of any applicable state or federal law.

Section 4. (a) A mutual holding company shall be governed by a board of corporators and shall further be governed in accordance with the charter and by-laws of the mutual holding company as adopted or amended in connection with the reorganization authorized under subsection (a) of section two or as amended by the corporators thereafter. Such board of corporators shall have at least twenty-five members and may, at a legal meeting thereof, elect by ballot any person to be a corporator. Corporators shall be elected for a term of ten years; provided, however, that no person shall serve as a corporator of more than one mutual holding company. Not more than three-fifths of the corporators of a mutual holding company shall be trustees or officers thereof at any one time.

(b) With respect to a mutual holding company formed through the reorganization of a savings bank, the board of corporators shall initially consist of the board of corporators of such savings bank as constituted pursuant to section nine of chapter one hundred and sixty-eight. Such corporators shall, after the formation of the mutual holding company, continue to serve as corporators for the balance of the terms to which they were elected under said section nine.

(c) With respect to a mutual holding company which has been formed through the reorganization of a cooperative bank, the board of corporators shall be elected by a majority of the shareholders of such cooperative bank at the meeting at which the plan of reorganization is approved. Such election shall be in accordance with the provisions of subsection (b) of section two which are applicable to such approval of the plan of reorganization.

Section 5. The mutual banking institution proposing to form a subsidiary banking institution shall submit an application therefor to the board of banking incorporation, together with such fee as determined by the commissioner of administration annually in accordance with the provisions of section three B of chapter seven, containing such information as the board may require including articles of organization stating (i) the name of the subsidiary banking institution, (ii) the address of the principal office of the same, (iii) the amount, authorized number and par value of the shares of its capital stock, (iv) the minimum amount of capital and surplus with which the subsidiary banking institution shall commence business, which amount may be less than its authorized capital but shall not be less than that required by section three, and (v)

the name and address of each prospective initial director of the said subsidiary banking institution.

The board, before approving such application and articles of organization and issuing a charter, shall consider whether (1) the formation of the said subsidiary banking institution would be unfair or prejudicial to the depositors of the mutual banking institution proposing to reorganize as a mutual holding company, (2) the interest of the public will be served by the formation of the subsidiary banking institution, (3) the formation of such subsidiary banking institution is in accordance with safe and sound banking practices, and (4) the financial and management resources of the mutual banking institution proposing to reorganize as a mutual holding company warrant approval of such proposal.

If the board approves such application and articles of organization, it shall issue a charter and two copies of a certificate of authority to such subsidiary banking institution to commence the business of a stock savings bank or a stock cooperative bank, as the case may be. Such subsidiary banking institution shall file one copy of the certificate of authority, together with a copy of the articles of organization, with the secretary of state.

No subsidiary banking institution shall commence business until its insurable accounts or deposits are insured by the appropriate deposit insurer and until a certificate of authority has been issued and filed with the secretary of state; provided, however, that the acceptance of subscriptions for such deposits as may be necessary to obtain the required insurance shall not be considered to be commencing business.

Section 6. Upon the reorganization of a mutual banking institution into a mutual holding company, the mutual holding company shall (i) continue to possess and may exercise all the rights, powers and privileges, except deposit-taking powers, and shall be subject to all the limitations not inconsistent with this chapter of a mutual banking institution under applicable state law, and (ii) be subject to the limitations and restrictions imposed on bank holding companies by chapter one hundred and sixty-seven A and by applicable federal law and regulations, but shall not be authorized to exercise any rights, powers or privileges granted pursuant to such acts that are not also granted pursuant to this chapter.

Section 7. A mutual holding company organized under this chapter may:

(1) invest in the stock of one or more banking institutions as defined in section one of chapter one hundred and sixty-seven A;

(2) acquire a mutual banking institution through consolidation or merger of such institution with its subsidiary banking institution;

(3) merge with or acquire another holding company provided that any such holding company has, as one of its subsidiaries, a subsidiary banking institution;

(4) invest in a corporation, the purchase of the capital stock of which is permitted for a banking institution under state law;

(5) exercise any other power or engage in any activity permitted to a mutual banking institution chartered by the commonwealth; and

---

ACTS, 1987. – Chap. 631.

(6) engage directly or indirectly only in such activities as are now or may hereafter be proper activities for bank holding companies under chapter one hundred and sixty-seven A or by applicable federal law or regulations.

Section 8. Each mutual holding company shall register with the commissioner on forms prescribed by him which shall include such information with respect to the financial condition, operations, management and intercompany relationships of the mutual holding company and its affiliates and related matters as he may deem necessary or appropriate to carry out the purposes of this chapter. The commissioner may, in his discretion, extend the time within which a mutual holding company shall register and file the requisite information.

The commissioner, from time to time, may require reports under oath to keep him informed as to whether the provisions of this chapter and any regulations established thereunder have been complied with, and he may make examinations of each mutual holding company and each affiliate thereof, the cost of which shall be assessed against and paid by such mutual holding company.

The commissioner may establish such rules and regulations as he deems necessary to carry out the purposes of this chapter.

Section 9. With the approval of the commissioner and subject to such regulations as he may prescribe, a mutual holding company established pursuant to this chapter may convert to a stock holding company.

Section 10. If a mutual holding company acquires or merges with another holding company under the provisions of clause (3) of section seven, the holding company acquired or the holding company resulting from such merger or acquisition may only invest in assets and engage in activities which are authorized under section seven.

Not later than two years following any such merger or acquisition, the acquired holding company or the holding company resulting from such merger or acquisition shall (i) dispose of any asset which is an asset in which a mutual holding company may not invest under section seven, and (ii) cease any activity which is an activity in which a mutual holding company may not engage under said section seven.

**Chapter 640. AN ACT AUTHORIZING THE DIVISION OF CAPITAL PLANNING AND OPERATIONS TO CONVEY CERTAIN PARCELS OF LAND TO THE TOWN OF BELMONT.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately permit the town of Belmont to utilize certain parcels of land for cemetery purposes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public safety.

Be it enacted, etc., as follows:

**SECTION 1.** The deputy commissioner of the division of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to convey to the town of Belmont, by a deed approved as to form by the attorney general, a certain parcel of land in the city of Waltham, being a portion of the land of the Metropolitan state hospital, for cemetery purposes. Said parcel is bounded and described as follows:

Beginning at a point in the center of Beaver Brook on the Belmont/Waltham town line, said point marked by a granite bound;

thence running northwesterly by land owned by the Town of Belmont being the former incinerator site six hundred thirteen and fifty-five hundredths (613.55) feet;

thence turning and running in a southwesterly direction by land of the Commonwealth of Massachusetts seven hundred and eighty (780+) feet more or less;

thence turning and running still in a southwesterly direction by land of the Commonwealth of Massachusetts two hundred fifty (250+) feet more or less;

thence turning and running in a southeasterly direction by land of the Commonwealth of Massachusetts five hundred (500+) feet more or less;

thence turning and running in an easterly direction by land of the Commonwealth of Massachusetts nine hundred eighty (980+) feet more or less to the center line of Beaver Brook on the Belmont/Waltham town line;

thence turning and running in a northwesterly direction by the center line of Beaver Brook one thousand two hundred and fifty (1,250+) feet more or less to the point of beginning.

Containing twenty-seven and twenty-four hundredths (27.24+) acres more or less, all as shown on a plan entitled, "Plan of Metropolitan State Hospital, Waltham, Lexington and Belmont, Mass." dated November 14, 1986, by the engineering department of the town of Belmont.

**SECTION 2.** The deputy commissioner of the division of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to convey to the town of Belmont by a deed approved as to form by the attorney general, a certain parcel of land in the town of Belmont formerly used for the purposes of incineration by the town of Belmont under the provisions of chapter five hundred and thirteen of the acts of nineteen hundred and fifty-five and subsequently by this declaration of reversion reverted to the commonwealth under section three of said chapter five hundred and thirteen, for the purpose of access to the cemetery authorized by section one, and for use as a refuse transfer station or any other related purpose. Said parcel is bounded and described as follows:

Beginning at a point in the southwesterly line of Concord Avenue, distant one thousand six hundred eighty-five (1,685) feet from the Lexington town line; thence running along Concord avenue to the property line of the Massachusetts General Hospital, (now McLean

Hospital Corporation) six hundred thirty-four and eighty-five one hundredths (634.85) feet; thence turning and running southerly by land of said Massachusetts General Hospital, four hundred sixty-one and forty-five one hundredths (461.45) feet; thence turning and running southwesterly but more westerly across Clematis brook to the middle line of Beaver brook, five hundred sixty-six and ninety one hundredths (566.90) feet; thence turning and running southeasterly but more southerly by the middle line of said Beaver brook to the Waltham town line, two hundred thirty-four and eighty one hundredths (234.80) feet; thence turning and running northwesterly along the Waltham town line, six hundred thirteen and fifty-five one hundredths (613.55) feet to a point marked by a stone bound; thence turning and running northeasterly one thousand one hundred ten and forty-one one hundredths (1,110.41) feet, to the point of beginning; being the parcel of land shown on a plan entitled "Plan of land in Belmont, Mass. Scale 1 inch = 150 feet, dated April 29, 1955 by Joseph W. Kales, Town Engineer" on file in the town clerk's office in the town of Belmont and recorded at the southern district registry of deeds in the county of Middlesex.

**SECTION 3.** In the event the parcel described in section one is not used for cemetery purposes within five years of the effective date of this act, or if the town of Belmont ceases to use the parcel for such purposes at any time, the ownership of said parcel shall revert to the commonwealth.

In the event the parcel described in section two is not used for access to the cemetery authorized in section one or as a refuse transfer station or any other related purpose within five years of the effective date of this act, the ownership of said parcel shall revert to the commonwealth.

**SECTION 4.** The town of Belmont shall assume the costs of surveys, and other reasonable expenses as deemed necessary by the deputy commissioner in the event of conveyance of the above described parcels in accordance with sections one and two.

**Chapter 642. AN ACT RELATIVE TO THE HAZARDOUS WASTE  
INSOLVENCY FUND.**

Be it enacted, etc., as follows:

**SECTION 1.** The definition of "Covered claim" in section 15 of chapter 21C of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out, in line 35, the word "eighty-eight" and inserting in place thereof the word:- ninety.

**SECTION 2.** Section 19 of said chapter 21C, as so appearing, is hereby amended by striking out, in line 19, the word "eighty-eight" and inserting in place thereof the word:- ninety.

**SECTION 2A.** Section 2 of chapter 21E of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the definition of "Respond", the following two definitions:-

"Response action contract", any contract relating to the provision of services to assess, contain or remove oil or hazardous material which is entered into on or after the effective date of this definition between the commonwealth or any agency thereof, and a response action contractor.

"Response action contractor" or "contractor", an individual, partnership, corporation, association, joint venture or other commercial entity which enters into a response action contract with the commonwealth or any agency thereof and includes any such entity acting as a subcontractor to the primary response action contractor where such entity is performing services relating to the response action contract.

**SECTION 2B.** Said chapter 21E, as so appearing, is hereby further amended by adding the following three sections:-

Section 16. (a) A response action contractor with respect to any release or threatened release of oil or hazardous material shall not be strictly liable under this chapter nor under any other state law to any person for injuries, costs, damages, expenses or other liability including but not limited to claims for indemnification or contribution and claims by third parties for death, personal injury, illness or loss of or damage to real or personal property or economic loss which results from such release or threatened release.

(b) The limitation of liability provided under subsection (a) shall apply only to response action contractor liability arising out of a release or

threatened release of oil or hazardous material resulting from response actions conducted by the response action contractor.

(c) Any response action contractor who is otherwise liable under subsection (a) of section five for a release or threatened release of oil or hazardous material at a site shall not be entitled to any limitation of liability under this section by virtue of becoming a response action contractor at that site.

Section 17. (a) The commonwealth may enter into an indemnification agreement to indemnify and hold harmless any response action contractor who meets the requirements of this section against any liability for negligence, including legal fees and costs, if any, in an amount not to exceed a figure established by the indemnification agreement pursuant to the terms of this section. In no event shall the amount of indemnification to be provided under an indemnification agreement exceed two million dollars for a single occurrence involving the release or threatened release of oil or hazardous material. No indemnification shall be provided pursuant to an indemnification agreement under this section if the response action contractor acted in a grossly negligent, willful or malicious manner or if the act or omission which gives rise to a claim was not within the scope of the response action contract.

(b) The indemnification provided by subsection (a) shall not be available to any potentially responsible party with respect to any costs or damages caused by any act or omission of a response action contractor. Nothing in this section shall affect the liability under this chapter or under any state or federal law of any potentially responsible party.

(c) Indemnification under this section shall apply only to response action contractor liability arising out of a release or threatened release of oil or hazardous material resulting from response actions conducted by the response action contractor pursuant to its response action contract.

(d) Indemnification may be provided under this section only if the response action contractor and the commonwealth or an agency thereof enter into an indemnification agreement. An indemnification agreement may be entered into by the commonwealth or any of its agencies only if the following requirements are met:

(1) The liability covered by the indemnification agreement exceeds or is not covered by insurance available to the response action contractor at a fair and reasonable price when entering into the response action contract, and adequate insurance to cover such liability is not generally available at the time the response action contract is entered into.

(2) The response action contractor has made diligent efforts to obtain insurance coverage for such liability from sources other than the commonwealth including diligent efforts to self-insure.

(3) In the case of a response action contract covering more than one site, the response action contractor agrees to make such diligent efforts to obtain insurance coverage each time the contractor begins work under the contract at a new site.

---

ACTS, 1987. - Chap. 642.

(e) Any indemnification agreement entered into under subsection (d) shall include specific terms and conditions under which the commonwealth will indemnify the contractor, such as the establishment of premiums, deductibles and limitations on available indemnification, and the provision of notice to the commonwealth in the event that a claim is asserted against the response action contractor.

(f) The commissioner of insurance shall provide information necessary to make the determination specified in clause (1) of subsection (d) through the publishing of an annual report on the availability of insurance for response action contractors generally, and by providing guidance to agencies of the commonwealth on an ongoing basis. The first of such reports shall be published within thirty days of the effective date of this section.

(g) Amounts expended pursuant to this section for indemnification of any person who is a response action contractor with respect to any release or threatened release, shall be considered a cost of response incurred by the commonwealth with respect to such release, and the commonwealth may seek recovery of such costs from other parties liable under section five.

Section 18. Any agency of the commonwealth is authorized to promulgate regulations as it deems necessary for the implementation and administration of sections sixteen and seventeen subject to the approval of the executive office of administration and finance. Failure to promulgate such regulations shall not affect any agency's right to enter into indemnification agreements under said sections sixteen and seventeen nor the validity or enforceability of said sections or agreements.

Nothing in sections sixteen or seventeen shall affect the liability of any person under any warranty, nor the liability of an employer who is a response action contractor to any employee of such employer under any provision of law, including any provision relating to workers' compensation.

**SECTION 3.** Section 4 of chapter 10 of the acts of 1986 is hereby amended by striking out the word "eighty-eight", inserted by section 3 of chapter 628 of the acts of 1986, and inserting in place thereof the word:- ninety.

**SECTION 4.** The second paragraph of section 4A of said chapter 10 is hereby amended by striking out the word "eighty-eight", inserted by section 4 of said chapter 628, and inserting in place thereof the word:- ninety.

**SECTION 5.** Section 6 of said chapter 10 is hereby amended by striking out the word "eighty-eight", inserted by section 5 of said chapter 628, and inserting in place thereof the word:- ninety

**Chapter 643. AN ACT RELATING TO THE USE OF DIAGNOSTIC PHARMACEUTICAL AGENTS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 57 of chapter 71 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following paragraph:-

Any person who conducts an eye examination of a child in response to such child having failed an eye examination given in accordance with the provisions of this section shall forward a written report of the results of the examination to the school health personnel and a copy of said report to a parent or guardian of such child. Said report shall include, but not be limited to, the following:

- (a) date of the report;
- (b) name and address of the child;
- (c) name of the child's school;
- (d) type of examination;
- (e) a summary of significant findings, including diagnoses, medication used, duration of action of medication, treatment, prognosis, whether or not a return visit is recommended and, if so, when;
- (f) recommended educational adjustments for the child, if any, which may include the following: preferential seating in the classroom, eyeglasses for full-time use in school, eyeglasses for part-time use in school, sight-saving eyeglasses or any other recommendations;
- (g) name, address and signature of the examiner.

**SECTION 2.** Section 66A of chapter 112 of the General Laws, as so appearing, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

Any registered optometrist, qualified by examination for practice under the provisions of section sixty-eight subsequent to January first, nineteen hundred and eighty-four or duly certified in accordance with the provisions of section sixty-eight A may for the purpose of conducting an examination of the eye, and not for therapeutic purposes, utilize the topical application to the eye of diagnostic pharmaceutical agents; provided, however, that mydriatic agents shall not be administered to a person with an iris-fixed pseudophakes.

**SECTION 3.** Section 67 of said chapter 112, as so appearing, is hereby amended by inserting after the third sentence the following sentence:- Said report shall include a listing of the reports, if any, of adverse reactions to the administration of diagnostic pharmaceutical agents in accordance with the provisions of section sixty-eight.

**SECTION 4.** The first paragraph of section 68 of said chapter 112, as so appearing, is hereby amended by striking out the second sentence and inserting in place thereof the following two sentences:- Every applicant for examination shall present satisfactory evidence, in the form of

affidavits properly sworn to, that he is eighteen years of age or older and of good moral character, that he has graduated from a high school having a course of study of four years and approved by the board or has had a preliminary education equivalent to at least four years in public high school, and that he has graduated from a school or college of optometry, approved by the board, maintaining a course of study of not less than two years with a minimum requirement of fifteen hundred attendance hours or in the case of a person applying for a first examination after January first, nineteen hundred and thirty-five, maintaining a course of study of not less than three separate academic years, each academic year consisting of thirty-six weeks of classroom work with thirty hours of instruction each week and this course of study shall include ninety-five hours of study in the following areas:

(A) general pharmacology: four hours in biochemistry; eight hours in general physiology, two of which shall be in pediatric physiology; eight hours in pharmacology, three of which shall be in pediatric pharmacology; and ten hours in indications and ocular effects of commonly prescribed drugs, two of which shall be in indications of effects in pediatric situations;

(B) ocular pharmacology: eight hours in ocular pharmacology and eight hours in the study of particular topically applied agents, including but not limited to, anesthetics, dyes, mydriatics, cycloplegics, and contact lens solutions;

(C) interpretation and patient management: six hours each in the study of anterior and posterior segment; two hours in pediatric eye diseases; two hours in glaucoma; and one hour in ocular emergency;

(D) cardiopulmonary resuscitation, including treatment of anaphylaxis: four hours; and

(E) Supervised clinical practice, including six hours in pediatric practice: thirty hours. If an applicant is unable to prove graduation from, or four years actual attendance at a high school, the board shall determine his preliminary education qualifications by a proper and separate examination.

**SECTION 5.** Said section 68 of said chapter 112, as so appearing, is hereby further amended by adding the following paragraph:-

Any person certified under this section who observes a patient's adverse reaction to a diagnostic pharmaceutical agent, shall report said observance and any comment thereon to the board of registration in optometry.

**SECTION 6.** Section 68A of said chapter 112, as so appearing, is hereby amended by striking out the second paragraph and inserting in place thereof the following paragraph:-

Such examination shall be open upon application to any optometrist registered under the provisions of this chapter and to any person who meets the qualifications for examination under section sixty-eight; provided, however, that each applicant shall furnish to the board satisfactory evidence of the completion of a qualifying course of study

relating to the topical application to the eye of diagnostic pharmaceutical agents. Such a qualifying course of study shall be at a duly accredited medical school or college of optometry. The board shall, from time to time, adopt rules and regulations prescribing the content of said course of study; provided, however, that said course of study shall require a combined total of at least ninety-five hours of study and shall include the following areas of study:

(A) general pharmacology: four hours in biochemistry; eight hours in general physiology, two of which shall be in pediatric physiology; eight hours in pharmacology, three of which shall be in pediatric pharmacology; and ten hours in indications and ocular effects of commonly prescribed drugs, two of which shall be in indications of effects in pediatric situations;

(B) ocular pharmacology: eight hours in ocular pharmacology and eight hours in the study of particular topically applied agents, including but not limited to, anesthetics, dyes, mydriatics, cycloplegics, and contact lens solutions;

(C) interpretation and patient management: six hours each in the study of anterior and posterior segment, two hours in pediatric eye diseases; two hours in glaucoma; and one hour in ocular emergency;

(D) cardiopulmonary resuscitation, including treatment of anaphylaxis: four hours; and

(E) supervised clinical practice, including six hours in pediatric practice: thirty hours.

**SECTION 7.** Notwithstanding the provisions of sections sixty-six A and sixty-eight A of chapter one hundred and twelve of the General Laws, any registered optometrist who has: graduated from a school or college of optometry, approved by the board of registration in optometry, during the period from January first, nineteen hundred and eighty-one to December thirty-first, nineteen hundred and eighty-three; successfully completed a thirty hour lecture and clinical review regarding the use of diagnostic pharmaceutical agents; and successfully passed an examination administered by said board pursuant to the provisions of said section sixty-eight A; shall be issued a certificate of qualification in the utilization of diagnostic pharmaceutical agents; provided, however, that proof of compliance with the aforementioned requirements has been filed with said board on or before March first, nineteen hundred and eighty-eight.

**SECTION 8.** The board of registration in optometry shall promulgate rules and regulations to provide that any registered optometrist qualified by meeting the requirements for licensure by reciprocity under section sixty-eight of chapter one hundred and twelve of the General Laws and having originally qualified for licensure in another state shall be issued a certificate of qualification by the board upon providing the board with

**Chapter 647. AN ACT FURTHER REGULATING THE COMPENSATION OF THE CLERKS AND ASSISTANT CLERKS OF THE SUPREME JUDICIAL COURT FOR THE COMMONWEALTH.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide a new compensation schedule for the clerks and assistant clerks of the supreme judicial court, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Section 93 of chapter 221 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first two sentences and inserting in place thereof the following sentence:– The clerk and assistant clerk of the supreme judicial court for the commonwealth shall receive such salary, subject to appropriation, as the chief justice of said court shall determine, consistent with the methodology employed in and the salaries payable for personnel allocated to the job classification and pay plan maintained by the chief administrative justice of the trial court under section eight of chapter two hundred and eleven B; provided, however, that no such salary shall take effect unless and until it shall have been included in a schedule of permanent offices and positions filed by the chief justice of the supreme judicial court with the house and senate committees on ways and means.

**SECTION 2.** Section 94 of said chapter 221, as so appearing, is hereby amended by striking out the four paragraphs under the caption SUPREME JUDICIAL COURT FOR SUFFOLK COUNTY and inserting in place thereof the following paragraph:–

The clerk and all assistant clerks for the supreme judicial court for Suffolk county shall receive such salaries, subject to appropriation, as the chief justice of the supreme judicial court shall determine, consistent with the methodology employed in and the salaries payable for personnel allocated to the job classification and pay plan maintained by the chief administrative justice of the trial court under section eight of chapter two hundred and eleven B; provided, however, that no such salary shall take effect unless and until it shall have been included in a schedule of permanent offices and positions filed by the chief justice of the supreme judicial court with the house and senate committees on ways and means.

**SECTION 3.** If immediately prior to July first, nineteen hundred and eighty-six, any clerk or assistant clerk of the supreme judicial court for the commonwealth or any clerk or assistant clerk for the supreme judicial court for Suffolk county is receiving a salary which is greater than the salary determined pursuant to this act, such clerk or assistant clerk shall receive a salary equal to the salary to which he was entitled immediately prior to said date. When the appointment or term of such clerk or assistant clerk expires, or if such clerk or assistant clerk vacates his office for any reason, his successor in such position shall be paid in accordance with the provisions of this act.

**SECTION 4.** The chief administrative justice of the trial court, with the approval of the chief justice of the supreme judicial court, is authorized and directed to commission a professional study of the job responsibilities and compensation of the clerks and assistant clerks of the supreme judicial court for the commonwealth and of the clerks and assistant clerks of the supreme judicial court for Suffolk county. Such study shall be consistent with the methodology and economic assumptions employed in determining the job classification and pay plan maintained by the chief administrative justice of the trial court under the provisions of chapter two hundred and eleven B of the General Laws. Not later than April first, nineteen hundred and eighty-eight, the chief administrative justice of the trial court shall forward a copy of the results and recommendations of said study to the clerk of the house of representatives who shall forward copies to the house and senate committees on ways and means. The chief justice of the supreme judicial court shall make an initial determination as provided for in sections one and two, consistent with said results and recommendations; provided, however, that notwithstanding the provisions of said sections one and two, no increase in the salaries payable to said clerks and assistant clerks shall take effect unless and until (a) it shall have been recommended in writing by the chief justice of the supreme judicial court to the house and senate committees on ways and means and (b) it shall have been included in a schedule of offices and positions filed with the house and senate committees on ways and means.

**SECTION 5.** Said clerks and assistant clerks shall be compensated in accordance with the provisions of this act as of July first, nineteen hundred and eighty-six, and the initial salaries determined in accordance with section four shall be effective as of said July first.

Approved January 4, 1988.

**Chapter 649. AN ACT RELATIVE TO THE APPOINTMENT OF CERTAIN COURT OFFICERS OF THE COURTS OF THE COMMONWEALTH.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 221 of the General Laws is hereby amended by striking out section 70, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 70. Subject to appropriation, the chief administrative justice may appoint for attendance upon the several sessions of the trial court such officers as he deems necessary for the efficient operation of said court.

**SECTION 2.** As of the effective date of this act, any per diem court officer, so-called, scheduled to work at least one thousand nine hundred and fifty hours in the fiscal year ending June thirtieth, nineteen hundred and eighty-eight shall be deemed to have been appointed as of said effective date under the provisions of section seventy of chapter two hundred and twenty-one of the General Laws and shall be deemed to have been permanently appointed under said section seventy upon the completion of a six-month probationary period. Any person hired subsequent to said effective date but prior to the date of passage of this act on a full-time basis, as determined by the chief administrative justice of the trial court, as a per diem court officer shall be deemed to have been appointed under said section seventy of said chapter two hundred and twenty-one, as so amended, as of the date of such hiring, and shall be deemed to have been permanently appointed under said section upon the completion of a six-month probationary period. For the purposes of determining the seniority of such officers with regard to promotion, demotion, transfer, assignment, reduction in force, recall, or removal, and for the purposes of determining the step-in-range in which such officers are to be placed in the job group to which they are allocated in the job classification and pay plan of the trial court, such officers shall be deemed to have been appointed as of the effective date of this act; provided, however, that in determining the relative seniority of two or more per diem court officers appointed pursuant to this act, seniority shall be determined from the earliest date on which such officers first began continuous service to the effective date of this act, provided that "continuous service" shall mean service as a per diem court officer of a least twelve hundred hours actually worked per fiscal year. All other matters related to the employment status and rights of such officers shall be determined by the chief administrative justice of the trial court.

**SECTION 3.** The provisions of section one shall not impair the employment status or rights in effect pursuant to section seventy of chapter two hundred and twenty-one of the General Laws or any other general or special law or rule or regulation prior to the effective date of this act for any officer serving pursuant to said section seventy prior to said effective date.

**SECTION 4.** This act shall take effect as of July first, nineteen hundred and eighty-seven.

Approved January 4, 1988.

**Chapter 650. AN ACT RELATIVE TO POLLUTION LIABILITY REINSURANCE.**

Be it enacted, etc., as follows:

**SECTION 1.** It is hereby found and declared that:

A. It is a necessity for Massachusetts waste treatment, storage and disposal facilities to carry pollution liability insurance. Massachusetts manufacturing companies that generate or use hazardous waste should have pollution liability insurance.

B. These businesses are unable to obtain pollution liability insurance in the commercial marketplace because of its high cost, limited coverage or unavailability.

C. The lack of pollution liability insurance will force some Massachusetts businesses to close and will make it difficult for others to hold their present employment levels or expand employment. It will also be a serious disincentive to businesses that are considering whether to relocate or remain in the commonwealth.

D. The high cost, limited coverage and unavailability of pollution liability insurance coverage will adversely affect Massachusetts employment, industrial development and the general welfare of the inhabitants of the commonwealth.

E. A need exists to promote industrial development in the commonwealth, the economic well-being of its inhabitants and a clean environment by providing additional means for obtaining pollution liability insurance.

F. The availability of affordable pollution liability insurance coverage will help to ensure industrial development, full employment and a clean environment.

G. Creation of a state reinsurance facility for pollution liability insurance will assist and encourage the availability of insurance.

H. The availability of affordable pollution liability insurance will ensure adequate protection for members of the public who have personal injury and property damage claims which result from the disposal, discharge, release or escape of pollutants.

I. It is an important function of government to assist in the development of programs that are designed to minimize the risk of future discharge, release or escape of pollutants and that ensure adequate financial resources for pollution clean-up.

J. It is, therefore, expressly declared and determined by the general court that the provisions of this act and the authority and powers conferred under this act constitute a needed program in the public

interest and serves a valid public purpose for which public money may be expended or invested.

**SECTION 2.** The General Laws are hereby amended by inserting after chapter 175F the following chapter:-

CHAPTER 175G.

THE POLLUTION LIABILITY REINSURANCE CORPORATION.

Section 1. As used in this chapter, the following words, unless the context otherwise requires, shall have the following meanings:-

"Cede", to contractually transfer, pursuant to the provisions of this chapter, all or part of the financial responsibility for pollution liability claims from an entity providing insurance or reinsurance to another reinsuring entity.

"Ceding entity" or "entity obtaining reinsurance", an entity issuing pollution liability insurance policies for which the Pollution Liability Reinsurance Corporation established herein provides reinsurance. Such entity shall be a reciprocal insurance exchange as licensed under sections ninety-four A to ninety-four M, inclusive, of chapter one hundred and seventy-five.

"Commissioner", the commissioner of insurance.

"Corporation" or "Reinsurance Corporation", the Pollution Liability Reinsurance Corporation established herein.

"Pollution liability", liability for any claim made against an insured which arises out of, relates to, or is based upon the dispersal, discharge, escape, or release of smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, liquids, gases, wastes including materials to be recycled, reconditioned or reclaimed, or any other material, irritant, contaminant or pollutant in or into the atmosphere or on, onto, upon, in or into surface or subsurface: (i) soil or land, (ii) water, waterway or watercourse, (iii) objects, (iv) tangible or intangible matter.

"Pollution liability insurance policies acceptable for reinsurance under this chapter", those policies of pollution liability insurance providing coverage for bodily injury and property damage to third parties caused by either unintended and unanticipated releases or by releases whose consequences were unintended and unanticipated, but shall not include first party clean-up costs, or the clean-up of any waste facility whether owned or operated by the insured or by a third party, even if ordered by a governmental agency, except as part of property damage liability to a third party; provided, however, that policies accepted for reinsurance by the Corporation shall contain a prevention of loss provision substantially equivalent to the following:

In the event the insured becomes aware of incidents or conditions which may result in a claim covered by this policy, it shall undertake such operations as are necessary to alleviate such incidents or conditions and shall notify the insurer within forty-eight hours of commencing such operations. If the insured fails to undertake such operations, this policy

shall not afford coverage for such claim. The insurer shall have no liability for or duty to reimburse the insured for the costs of such operations undertaken to prevent a claim covered by this policy.

In the discretion of the Corporation, pollution liability insurance policies acceptable for reinsurance under this chapter may include policies providing completed operations liability coverage for pollution clean-up contractors licensed by the department of environmental quality engineering; provided, however, that such policies shall be issued only on a job-by-job site-specific basis subject to strict underwriting standards and inspections of completed work; and, provided further, that such policies shall be limited to policies covering only claims against the insurer arising within the commonwealth and resulting from the disposal, discharge, release, or escape of materials from an insured site or an approved waste facility within the commonwealth. Claims for injuries or damage to persons or property outside the commonwealth resulting from release or escape of materials within the commonwealth will be deemed claims arising within the commonwealth. Claims for injuries or damage arising out of wastes originating within the commonwealth but shipped by, or on behalf of, an insured within the commonwealth to an approved waste facility outside the commonwealth will be deemed claims arising within the commonwealth; but in any claim seeking to recover against such an insured and others under joint and several liability, the reinsurance shall extend only to that portion of the claim bearing the same proportion to the entire claim against the insured and others claimed against that the amount of insured's waste in the site, originating in the commonwealth, and causing the injury or damage complained of, bears to the total amount of wastes causing the injury or damage complained of. Said policies shall exclude coverage related to radioactive waste facilities. Said policies shall also contain a nuclear exclusion similar to that approved by the commissioner of insurance for use by the insurance services in office in commercial general liability insurance policies.

The Pollution Liability Reinsurance Corporation established herein shall, consistent with its plan of operation and any applicable regulations of the commissioner of insurance, determine the acceptability of pollution liability policies, including the coverage definitions and terms of such policies, for purposes of providing reinsurance pursuant to this chapter.

"Reinsure" or "provide reinsurance" or "assume reinsurance", to contractually accept all or part of the financial responsibility for pollution liability claims, in exchange for the allocable premium charges, subject to the provisions of this chapter.

"Reinsurance fund", the fund established pursuant to section two.

"Waste facility", any facility operated by any person or organization for the storage, treatment, processing or disposal of waste materials. The Corporation shall require that pollution liability policies acceptable for reinsurance under this chapter shall exclude all coverage for claims arising out of or in connection with a waste facility unless such waste facility is on an approved list established by the Corporation.

Section 2. For the purpose of assuming or ceding reinsurance of pollution liability insurance policies subject to the provisions of this chapter, there is hereby created a body politic and corporate to be known as the Pollution Liability Reinsurance Corporation. The Corporation is hereby constituted a public instrumentality of the commonwealth and the exercise by the Corporation of the powers conferred in this chapter shall be deemed and held to be the performance of an important public function. The Corporation is hereby placed under the commissioner of insurance but shall not be subject to the supervision or control of said commissioner or any board, bureau, department or other agency of the commonwealth except as specifically provided in this chapter.

The Corporation shall be governed and its corporate powers exercised by a board of directors consisting of the commissioner of insurance or his designee and the commissioner of the department of environmental quality engineering or his designee who shall serve as ex officio non-voting members of the board and nine persons to be appointed by the governor, one of whom shall be a member representing consumer or environmental interests and five of whom shall be members representing employers, including two from nominees of the Associated Industries of Massachusetts.

Directors shall serve for a term of three years; provided, however, that in making the initial appointments the governor shall designate initial terms of one, two, and three years, respectively, so that as nearly as possible the terms of one-third of the members shall expire each year. Any member may be removed from the board of directors by the governor only for cause. The members shall annually elect a member of the board of directors to serve as chairman. Five members of the board shall constitute a quorum and the affirmative votes of five members shall be necessary for any action to be taken by the board of directors. Members of the board shall not be compensated but shall be reimbursed by the Corporation for reasonable expenses incurred by them in carrying out their duties as members of the board of directors.

The board shall appoint a qualified executive director and establish his salary. The executive director shall be the chief executive, administrative and operational officer of the Corporation and shall direct and supervise the administrative affairs and general management of the Corporation. The executive director shall attend meetings of the board and may, subject to the approval of the board, employ other employees, consultants, and agents, including legal counsel and advisors.

The board shall contract with one or more qualified persons or entities for services necessary for the operation and management of the Corporation. Such services shall be performed under the supervision of the executive director. At least annually, such contractor shall report to the board of directors regarding activities on behalf of the Corporation. The following shall be ineligible to contract for such services:

(i) any entity obtaining reinsurance of pollution liability policies from the Corporation;

(ii) any insurance company licensed or approved to provide, and

actually writing, pollution liability coverage within the commonwealth; and

(iii) any company or entity whose engagement by the Corporation would, in the judgment of the board, pose the appearance of reality of a conflict of interest.

The directors shall annually elect a secretary and treasurer, and may elect or appoint such other officers as they deem necessary, none of whom, except for the chairman, need be members of the board. The secretary shall keep a record of the proceedings of the Corporation and shall be custodian of all books, documents, and papers filed with the Corporation and its official seal. The secretary shall cause copies to be made of all minutes and other records and documents of the Corporation and shall certify that such copies are true copies and all persons dealing with the Corporation may rely on such certification. The treasurer shall be the chief financial and accounting officer of the Corporation and shall be in charge of its funds, books of account and accounting records.

Directors and officers who are not regular, compensated employees of the Corporation shall, except for acts of willful dishonesty or intentional violation of the law, not be liable to the commonwealth, to the Corporation or to any other person as a result of their activities, whether ministerial or discretionary, as such directors or officers. The board of directors of the Corporation may purchase liability insurance for directors, officers, employees and agents of the Corporation and may, except in cases of willful dishonesty, indemnify said persons against the claims of others.

All directors, officers, employees and agents of the Corporation having access to cash or negotiable securities shall give bond to the Corporation at its expense, in such amount and with such surety as the board may prescribe. The persons required to give bond may be included in one or more blanket or scheduled bonds.

The board shall annually approve appropriate compensation payable to its officers if such compensation is deemed necessary.

The Pollution Liability Reinsurance Corporation shall establish and maintain a fund, which shall be known as the Pollution Liability Reinsurance Fund. Revenues collected by the Pollution Liability Reinsurance Corporation shall be deposited in the reinsurance fund and shall be available for use by the Corporation for its ordinary and necessary operating expenses; for the payment of obligations arising under reinsurance contracts issued by the Corporation pursuant to this chapter; and for any other purpose authorized by this chapter.

The Corporation shall annually submit a complete and detailed report of its activities within ninety days after the end of the calendar year to the clerk of the house of representatives, to the clerk of the senate, to the governor, and to the commissioner.

The books and records of the Corporation shall be subject to an annual audit by the auditor of the commonwealth and to periodic examination at not less than three-year intervals by the commissioner of insurance. The costs of such audits and examinations shall be paid by the Corporation.

---

ACTS, 1987. – Chap. 650.

The findings of the annual audit shall be submitted to the clerk of the house of representatives, to the clerk of the senate, to the governor, and to the commissioner.

The Corporation shall be exempt from payment of all fees, premium taxes and all other taxes levied by the commonwealth or any of its subdivisions except taxes levied on real property.

Section 3. The Corporation shall have the following powers to:

- establish and amend a plan of operation subject to the approval of the commissioner;

- make, amend, and repeal by-laws, subject to the approval of the commissioner, for the management of its affairs;

- adopt an official seal;

- assume, or cede to another approved reinsurer, one hundred per cent reinsurance or a lesser percentage on any pollution liability insurance policies acceptable for reinsurance under the provisions of this chapter;

- provide separate accounts for categories and subcategories of insureds reinsured by the Corporation;

- maintain relevant loss, expense and premium data relative to all risks reinsured by the Corporation and to require each entity obtaining reinsurance to furnish statistics in connection with insurance ceded to the association at such times and in such form and detail as may be deemed necessary;

- receive and distribute all sums required by the operation of the Corporation;

- establish procedures for reviewing underwriting and claims procedures and practices of entities obtaining reinsurance and in the event that such underwriting or claims procedures or practices of any such entity are considered inadequate to properly service the risks ceded by it to the Corporation, the Corporation may establish an underwriting or claims program that will undertake to assist the entity in underwriting or claims adjustment procedures or practices, and in such event shall charge such entity a reasonable fee for establishing and operating such claim program;

- audit the operations of entities obtaining reinsurance to such extent as the board of directors determines to be necessary to assure compliance with this act, in a reasonable manner and at such reasonable time or times prescribed by the board of directors;

- sue and be sued, in its own name;

- make contracts and execute all instruments necessary or convenient for the carrying on of its business;

- acquire, own, hold, dispose of and encumber personal property of any nature or any interest therein;

- enter into agreements or transactions with any federal, state or municipal agency or other institutions;

- appear in its own behalf before boards, commissions, departments or other agencies of federal, state or municipal government;

- appoint employees, consultants, agents and advisors and prescribe their duties and fix their compensation;

procure insurance against any losses in connection with its property and its directors and officers in such amounts, and from such insurers, as may be necessary or desirable;

accept any and all donations, grants, appropriations, bequests, and devises, conditional or otherwise, of money, property, service, or other things of value which may be received from the commonwealth, the United States or any agency thereof, any other governmental agency, any institution, person, firm or corporation, public and private, to be held, used or applied for any or all the purposes specified in this act, in accordance with the terms and conditions of any such grant. Receipt of each such donation or grant shall be detailed in the annual report of the Corporation. Such report shall include the identity of the donor, the nature of the transaction and any conditions attaching thereto;

impose and collect surcharges on reinsurance premiums as provided in this chapter;

borrow funds necessary to carry out the purposes of this chapter in accordance with the plan of operation, including the loan of funds by the state treasurer as provided in section six;

invest all funds held by the Corporation in accordance with the investment policies established by the board of directors, in a manner consistent with the laws specifying legal investments for insurance companies, and to exercise all of the rights of an owner with respect to such investment, including the right to vote upon all securities;

exercise powers of a Corporation organized under chapter one hundred and fifty-six B that are necessary for operation of the reinsurance facility herein created, insofar as the possession and exercise of said powers remain consistent with this chapter.

Section 4. The Corporation shall submit to the commissioner of insurance for his approval a plan of operation addressing both the internal structure and management of the Corporation and the procedures by which the Corporation seeks to carry out the purposes of this chapter, including the promotion within the commonwealth of improved availability and affordability of pollution liability insurance.

The plan shall include criteria and procedures for acceptance and cession of reinsurance by the Corporation; underwriting standards; procedures for determining the coverage and limits of policies for which reinsurance will be accepted or ceded; criteria for the kind and terms of reinsurance that will be accepted or ceded; procedures for the initial review and continuing examination of the operations of any entity applying for or obtaining reinsurance, including such entity's surplus and overall financial resources, its rates and risk classifications, its underwriting standards, risk management and safety incentive programs, its claim adjustment procedures and other aspects of its services and administrative operations; criteria for a statistical plan for the purpose of collecting and reporting all appropriate operating data to the commissioner; and the plan shall address all other matters deemed necessary by the commissioner to carry out the purposes of this chapter.

The plan shall provide that the premium charged for reinsurance shall be the premium charged for the coverage and limits ceded, less an

appropriate expense allowance to the entity obtaining reinsurance. The expense allowance shall consist of the amounts actually incurred by the ceding entity on the ceded risk subject to a maximum of the total expense allowance provided in ratemaking for the respective categories of risk in the latest rate review or experience review accepted by the commissioner for the entity obtaining reinsurance. Policies, rates for coverage, expense allowances, and membership or subscription agreements of an entity seeking reinsurance shall be subject to review and approval by the commissioner, and such entity shall also provide to the commissioner such additional information and permit examination of such records as the commissioner may request for the purpose of demonstrating its financial responsibility. The plan shall provide reasonable procedures to assure that the rates charged by such entity are adequate and that the Corporation's premium charges for reinsurance are adequate, on the basis of reasonable actuarial projections, to cover the Corporation's liability in connection with such reinsurance.

The plan shall also include a requirement that prior to acceptance of any pollution liability insurance policies for reinsurance by the Corporation, the following findings shall be made concerning the entity obtaining reinsurance or the members insured by such entity: (i) that the entity or its members has had difficulty in obtaining sufficient or affordable pollution liability reinsurance from the private market; (ii) that obtaining reinsurance is necessary for the continued operation of the affected businesses; (iii) that the affected businesses have a positive impact on economic development and employment in the commonwealth; (iv) that the entity or its members have or will soon implement adequate measures to limit the risk of future adverse disposal, discharge, release or escape of hazardous waste and other pollutants; and, (v) that the entity or its members will undertake adequate recordkeeping to allow access to information by the Corporation to ensure compliance with all necessary conditions of the reinsurance contract.

The plan shall provide for the assumption by the Corporation of up to one hundred per cent reinsurance on any policy or contract of insurance, or binder thereon, which the Corporation determines to be a pollution liability insurance policy acceptable for reinsurance under the provisions of this chapter; which is issued by a group self-insurance plan, group captive, or a reciprocal insurance exchange licensed or approved under applicable laws of the commonwealth; and which meets the Corporation's criteria for providing reinsurance, including underwriting and risk management standards.

Within forty-five days of its submission by the board, the proposed plan shall be reviewed by the commissioner and approved or disapproved. The commissioner shall approve the plan if he finds that it fulfills the purposes of this chapter. In his review of the proposed plan the commissioner may, in his discretion, consult with the directors and any other individual or organization. If the commissioner approves the proposed plan he shall certify such approval to the directors and said plan shall take effect ten days after such certification. If the commissioner disapproves all or any part of the proposed plan of

operation, he shall return it to the directors with a statement, in writing, of the reasons for his disapproval and any recommendations he may wish to make. The directors may accept the commissioner's recommendations, or may propose a new plan, which accepted recommendations or a new plan shall be submitted to the commissioner within twenty-one days after the return of a disapproved plan to the directors. The accepted recommendations or new plan shall be reviewed by the commissioner within fourteen days. Upon approval and certification, the plan will take effect ten days thereafter.

If the directors do not submit a proposed plan of operation within the prescribed time, or upon disapproval of a proposed plan, accept the recommendations of the commissioner or submit a new plan in the prescribed time, the commissioner shall in a timely manner promulgate a plan of operation and certify same to the directors. Any such plan promulgated by the commissioner shall take effect ten days after certification to the directors.

The directors of the Corporation may, on their own initiative, amend the plan of operation at any time, subject to approval by the commissioner.

The commissioner may review the plan of operation whenever he deems expedient, and may amend said plan after consultation with the directors and upon certification to the directors of such amendment.

Section 5. Subject to the plan of operation, the Corporation shall establish and collect a percentage surcharge of up to five per cent on ordinary reinsurance charges in order to build up a supplemental special account within the Pollution Liability Reinsurance Fund. The proceeds of this account and its related investment income shall be used to discharge the Corporation's liabilities under reinsurance contracts in the event that, for any specific reporting year, the losses and related expenses exceed the Corporation's income obtained from ordinary reinsurance premium charges and investment income thereon.

When the accumulated amount in the special account, less anticipated expenditures, is expected to exceed twenty-five million dollars at the end of a calendar year, the surcharges shall be discontinued until the special account is depleted to an amount below twenty-five million dollars. Every five years, the commissioner shall determine the proper maximum accumulated amount to be kept in the special account for the next five years. This determination shall be based on, but not limited to factors including the previous experience in the operation of the special account.

In the event that for any specific reporting year the claim reserves established in the Reinsurance Fund from ordinary reinsurance charges, including reasonably related investment income, are determined with reasonable actuarial certainty to be in excess of the amounts actually required to pay claims and claim expenses, the surplus amount shall be transferred to the special account. Such determination shall be made no sooner than five years after the inception date of any reporting year.

Section 6. By July first of each year, the Corporation shall conduct a

review of its claim experience for each reporting year. In the event that for any specific reporting year the reinsurance Corporation's charges for providing reinsurance on policies subject to this chapter, determined in accordance with sound rating principles as described in section four, and the reasonable investment income thereon, including amounts available from the special account pursuant to section five are expected to be insufficient to make payments required under its reinsurance contracts with respect to such policies, the Corporation shall submit to the commissioner of insurance a report documenting the extent of such deficiency for the following calendar year. If the total amount of such reporting year deficiencies exceeds one million dollars, the Corporation shall also submit for the commissioner's review an application for a loan by the treasurer of the commonwealth in an amount sufficient to permit the Corporation to make payments required under such reinsurance contracts. Provided that if the balance in the special account has reached a level in excess of five million dollars pursuant to the provisions of section five, such loan application shall be for an amount sufficient to leave a year-end balance of five million dollars in the special account.

Within sixty days of receiving such report and loan request, and after examining such additional documentation as he may deem necessary to verify the extent of the Corporation's need, the commissioner shall certify all or a specified part of the Corporation loan's request or deny such certification. The commissioner shall have a responsibility to ensure that the Corporation's legitimate need for funds to comply with the provisions of this section are adequately recognized in his decision with respect to the loan certification.

Upon certification of its loan request, the Corporation shall present such certified application to the treasurer of the commonwealth. The treasurer is authorized and directed to loan the certified amount to the Corporation within sixty days of receipt of the certified application. Such loan shall be repayable with interest to the commonwealth under a schedule of payments agreed to by the Corporation and the treasurer. In order to repay said loans the Corporation may use funds available from the special account described in section five.

Any such loan to the Corporation shall be repaid within a term not to exceed twelve years. The aggregate amount of outstanding loans shall not exceed twenty-five million dollars. No loan shall be made under the provisions of this section after December thirty-first, two thousand and twelve unless the legislature, upon review of the study conducted pursuant to the provisions of this section, authorizes the continuation of the loan guarantees provided by this section.

No later than June thirtieth, two thousand and ten, the board of directors of the Corporation, with the agreement of the commissioner, shall select a qualified independent consultant with expertise in the fields of finance and public policy to conduct an evaluation of the commonwealth-sponsored loan guarantees authorized under the provisions of this section. Said study shall consider and make recommendations on whether the continuation of such loan guarantees

are (i) necessary or important for assuring the financial stability of the Corporation and (ii) in the best interest of the public of the commonwealth. Both the board of directors of the Corporation and the commissioner shall prepare comments on the report of the independent consultant, and shall prepare their own recommendations as to whether said loan guarantees should be extended. The report of the independent consultant, together with the responses and recommendations of the board of directors and the commissioner, shall be submitted to the clerk of the house of representatives, the clerk of the senate, and the governor no later than June thirtieth, two thousand and eleven.

Section 7. The commissioner may make, and at any time, alter or amend, reasonable rules and regulations to facilitate the operation of this chapter. The commissioner may issue such orders as he finds proper, expedient or necessary to enforce and administer the provisions of this chapter and to secure compliance with any rules or regulations made thereunder. The superior court for the county of Suffolk shall have jurisdiction upon the complaints of the commissioner and upon a summary hearing, to enforce all lawful orders of the commissioner. Memoranda of all actions, orders, findings and decisions of the commissioner shall be signed by him and filed in his office as public records open to public inspection.

Any person or company aggrieved by any action, order, finding or decision of the commissioner pursuant to this chapter may seek review of such action, order, finding or decision by the superior court for the county of Suffolk in accordance with section five A of chapter one hundred and seventy-five A.

**SECTION 3.** The Reinsurance Corporation established under the provisions of section two shall be authorized to receive any appropriation as may be authorized by the general court and approved by the governor for the specific purpose of defraying said Corporation's start-up costs in carrying out the purposes of this act. Commencing no sooner than twenty-four months after said Corporation has received such authorization, the amount authorized and paid to said Corporation shall be repayable by said Corporation to the treasury of the commonwealth, with interest, according to a schedule of installment payments established by the commissioner of insurance in consideration of said Corporation's expected accumulation of income from reinsurance charges.

**SECTION 4.** The state treasurer may borrow from time to time on the credit of the commonwealth such sums of money as may be necessary to carry out the purposes of section six of chapter one hundred and seventy-five G of the General Laws, inserted by section two of this act described in section six, and may issue and renew from time to time notes of the commonwealth therefor, bearing interest payable at such time and at such rates as shall be fixed by the state treasurer. Such notes shall be issued, and may be renewed one or more times for such terms, not exceeding one year, as the governor may recommend to the

general court in accordance with Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, but the final maturities of such notes, whether original or renewal, shall not be later than June thirtieth, nineteen hundred and ninety-two. Notes and interest thereon issued under the authority of this section shall be general obligations of the commonwealth, and shall be payable from the General Fund.

**SECTION 5.** To meet the expenditures necessary in carrying out the provisions of section six of chapter one hundred and seventy-five G of the General Laws, inserted by section two of this act, the state treasurer shall from time to time, upon the request of the governor, issue and sell bonds of the commonwealth to an amount specified by the governor, but not exceeding, in the aggregate, the sum of twenty-five million dollars. All bonds so issued by the commonwealth shall be designated on their face, Pollution Liability Reinsurance Corporation, Acts of 1987, and shall, in accordance with the recommendations that the governor shall submit pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, be issued for maximum terms not exceeding twenty years, and be payable not later than June thirtieth, two thousand and seventeen. All interest and payments on account of principal of such obligations shall be payable from the General Fund. Bonds issued under the authority of this section and the interest thereon shall be general obligations of the commonwealth.

**SECTION 6.** The governor shall appoint the members of the board of directors of the Pollution Liability Reinsurance Corporation and said board shall organize within forty-five days of the effective date of this act. The plan of operation required by section four of chapter one hundred and seventy-five G of the General Laws inserted by section two of this act shall be submitted to the commissioner of insurance for his approval within one hundred days of the effective date of this act.

**SECTION 7.** This act shall take effect upon its passage.

Approved January 4, 1988.

**Chapter 651. AN ACT PROVIDING FOR UNIFORMITY IN GENERAL RELIEF GRANTS.**

Be it enacted, etc., as follows:

The first paragraph of section 1 of chapter 117 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following sentence:- The standard of assistance for all applicants and recipients who incur any shelter costs shall be the same, adjusted for household size.

Approved January 4, 1988.

**Chapter 652. AN ACT RELATIVE TO THE GREATER NEW BEDFORD REGIONAL REFUSE MANAGEMENT DISTRICT.**

Be it enacted, etc., as follows:

**SECTION 1.** Indebtedness incurred by the Greater New Bedford Regional Refuse Management District for regional refuse disposal facilities shall be subject to the applicable provisions of chapter forty-four of the General Laws, except that the maturities of bonds or notes issued by said district either shall be arranged so that for each issue the annual combined payments of principal and interest payable in each year shall be as nearly equal as practicable in the opinion of the regional refuse disposal district committee, or shall be arranged in accordance with a schedule providing for a more rapid amortization of principal, provided that such annual payments need not commence earlier than one year after the date of commencing regular use of the facilities, as projected or determined by said district committee. Project costs to be financed by the issuance of bonds or notes may include interest on such borrowing, including interest on notes issued in anticipation of federal or state aid, for a period of up to six months after the date so projected or determined for commencement of regular use of the facilities financed by the bonds or notes. Each member municipality's apportioned share of principal and interest on bonds or notes issued by the district shall be exempt from the provisions of section twenty-one C of chapter fifty-nine of the General Laws.

**SECTION 2.** The Greater New Bedford Regional Refuse Management District may, in order to perform its functions, enter into any service agreement, including a service agreement under the provisions of subsection (g) of section twenty-one of chapter forty D of the General Laws, with any party such that said party shall be obligated to provide a facility for solid waste disposal or resource recovery, or both, or to provide solid waste disposal services; establish a system of user fees based on actual, projected, approximate or estimated use of the facilities or services provided by it or on such other basis as will equitably allocate the cost of the facilities or service among the users or categories of users thereof, provided that the collection of user fees shall be taken into account in the preparation of the annual district budget; and create and maintain, from bond proceeds or other sources of funds, such reserve, replacement, maintenance and improvement funds in connection with any capital project funded by bonds as it may deem necessary and prudent to enable it to carry out its functions in an orderly fashion, provided, however, that the aggregate of such funds provided from bond proceeds for any one project shall not exceed ten per cent of the principal amount of bonds issued for such project.

**SECTION 3.** The regional refuse disposal district committee of the Greater New Bedford Regional Refuse Management District may by a majority vote of its entire membership amend its agreement to change

the various dates set forth in section IV of the agreement for the preparation, adoption and certification of the district's annual operating and maintenance budget.

Notwithstanding any provision of section forty-four H of chapter forty of the General Laws to the contrary, such amendment may provide that the amounts apportioned to each member municipality to meet said budget shall be certified to the treasurer of each member municipality by a date not later than the February first immediately preceding the fiscal year to which said budget relates. Such amendment shall have the same force and effect as if it had been adopted in accordance with the amendment procedure contained in said agreement.

**SECTION 4.** This act shall take effect upon acceptance by both the city council of the city of New Bedford and the town meeting of the town of Dartmouth.

Approved January 4, 1988.

**Chapter 654. AN ACT RELATIVE TO THE OFFICE OF THE INSPECTOR GENERAL.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 1 of chapter 12A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the definition of "Supplies" and inserting in place thereof the following definition:-

"Supplies", all property, including but not limited to equipment, materials, printing, insurance, and real property.

**SECTION 2.** Section 7 of said chapter 12A, as so appearing, is hereby amended by striking out, in line 3, the word "in" and inserting in place thereof the words:- or relating to.

**SECTION 3.** Said chapter 12A is hereby further amended by striking out section 8, as so appearing, and inserting in place thereof the following section:-

Section 8. The inspector general may supervise, coordinate and conduct audits and investigations, when necessary, relating to programs and operations described in section seven. He shall review legislation and regulations relating to programs and operations described in said section seven and shall make recommendations concerning the effect of such legislation or regulation on the prevention and detection of fraud, waste and abuse. He may recommend policies which will assist in the prevention or detection of fraud, waste and abuse. The person in charge of, or the governing body of any public body described in said section seven, may request the assistance of the office of inspector general with respect to implementation of any suggested policy. In that event the inspector general may assign personnel to conduct, supervise, or coordinate such activity. He may recommend policies for the conduct, supervision or coordination of relationships between state and county agencies and other state and local government agencies and federal agencies and nongovernmental entities with respect to all matters relating to the prevention and detection of fraud, waste and abuse in or relating to programs and activities described in said section seven.

**SECTION 4.** Section 9 of said chapter 12A, as so appearing, is hereby amended by striking out the first four paragraphs and inserting in place thereof the following four paragraphs:-

The inspector general in carrying out the provisions of this chapter

shall have access to all records, reports, audits, reviews, papers, books, documents, recommendations, correspondence, including information relative to the purchase of services or anticipated purchase of services from any contractor by any public body, and any other data and material that is maintained by or available to any public body described in section seven which in any way relate to the programs and operations with respect to which the inspector general has duties and responsibilities except records under the provisions of section eighteen of chapter sixty-six as defined in section three of said chapter sixty-six.

He may request such information, cooperation and assistance from any state, county or local governmental agency as may be necessary for carrying out his duties and responsibilities. Upon receipt of such request each person in charge of, or the governing body of any public body described in section seven, shall furnish to the inspector general or his authorized agent or representative such information, cooperation and assistance, including information relative to the purchase of services or anticipated purchase of services from any contractor by any public body, except records under the provisions of section eighteen of chapter sixty-six as defined in section three of said chapter sixty-six.

He may make such investigations, audits and reports relating to the administration of the programs and operations of the applicable public bodies described in section seven, as are in the judgment of the inspector general necessary and may conduct an examination of any public documents.

He shall have direct and prompt access to the head of any public body described in section seven, when necessary for any purpose pertaining to the performance of his duties and responsibilities under this chapter.

**SECTION 5.** Section 14 of said chapter 12A, as so appearing, is hereby amended by striking out paragraph (a) and inserting in place thereof the following paragraph:–

(a) The inspector general may receive and investigate complaints or information from any public employee concerning the possible existence of any activity constituting fraud, waste and abuse in or relating to programs and operations as described in section seven.

Approved January 4, 1988.

**Chapter 655. AN ACT RELATIVE TO DISCHARGE PLANNING.**

Be it enacted, etc., as follows:

Section 51D of chapter 111 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the ninth paragraph the following ten paragraphs:–

Each acute care hospital is hereby required, in accordance with applicable federal and state regulations, to create for each medicare patient determined to need assistance with post-hospital care, a written

comprehensive, individualized, discharge plan consistent with medical discharge orders and identified patient needs. Said plan shall be developed with the participation of appropriate health care professionals, the medicare patient and, as appropriate, the patient's family or representative. The patient's representative shall be selected in accordance with department regulations. The discharge plan shall be given to the patient or the patient's representative at least twenty-four hours prior to discharge, except where such a requirement is not feasible due to a short length of stay. If said plan is revised due to the medical needs of the patient or due to a space becoming available in an appropriate institutional setting, the twenty-four hour requirement shall not apply to the amended plan, except insofar as such timing relates to the filing of a request for review with the advocacy office as hereinafter provided.

The discharge plan shall include at least the following information:

- (1) identification of the post-hospital services needed by the patient, including home health and homemaker services, and of the post-hospital social needs of the patient, as determined in accordance with procedures set forth by the department;
- (2) the services that have been arranged for the patient;
- (3) the names, addresses, and telephone numbers of service providers;
- (4) the service schedule as requested by the hospital;
- (5) medications prescribed and instructions for their use or verification that such information was provided separately;
- (6) scheduled follow-up medical appointments or verification that such information was provided separately; and
- (7) such other information as the department may require.

Each hospital shall have a clear, concise front page on the discharge plan, which front page shall be written in large print and understandable language. The front page shall contain at least the following:

- (1) the name and telephone number of the hospital discharge planning coordinator to be contacted in the event the patient has any problems with post-hospital services after said patient leaves the hospital;
- (2) a notice that, in the event the patient or the patient's representative does not agree with the discharge plan, the discharge planning coordinator and the patient's physician shall meet with the patient or the patient's representative in an effort to develop a plan that is acceptable to the patient;
- (3) a notice, including the advocacy office telephone number, that, if an acceptable resolution is not reached as a result of the meeting provided for in clause (2), the patient or the patient's representative may file a request for review of the discharge plan with the advocacy office, as hereinafter provided;
- (4) a notice that signing the discharge plan does not necessarily indicate approval of the plan and does not preclude the right to request a meeting or a review pursuant to clauses (2) and (3); and
- (5) a signature line for the patient or the patient's representative acknowledging participation in the development of the discharge plan and receipt of a copy of said plan.

If the patient or the patient's representative does not sign the plan, the reason for not signing shall be noted on the plan. A signed or noted copy of the plan shall be retained in the patient's medical record. The patient's medical record shall also document that said plan was communicated orally to the patient or to the patient's representative.

No hospital may discharge a medicare patient without the patient or patient's representative having received, read and signed the front page of the discharge plan or upon decision of the advocacy office.

If a discharge plan cannot be agreed upon as a result of the meeting of the patient or the patient's representative, the discharge planning coordinator and the patient's physician, as provided for in this section, the patient or the patient's representative shall have the right to file a request for a review of said discharge plan with the department's advocacy office. The hospital also shall have the right to file a request for a review of said discharge. A request for review shall be made with the advocacy office not later than noon of the first working day after the date the patient or the patient's representative receives the written discharge plan. The hospital shall deliver to the advocacy office the records required to review the discharge plan by the close of such working day. The advocacy office shall either approve or disapprove the discharge plan within one working day of receiving the request for review and the hospital records. Said discharge plan shall not be approved unless the requirements set forth herein have been satisfied.

If the advocacy office approves the discharge plan, discharge shall occur pursuant to the approved plan by noon of the day following notification of the advocacy office's decision, unless hospital and patient agree otherwise. If the advocacy office does not approve the discharge plan, said office shall state the problems needing correction, and the hospital shall not charge the medicare patient for inpatient hospital services until an alternative plan is developed to resolve the problems set forth by the advocacy office. The requirements of this section relating to the initial discharge also shall apply to the alternative plan.

If a timely request for review has been filed with the advocacy office, the hospital shall not charge the medicare patient for inpatient hospital services furnished before noon of the day after said patient is notified by telephone or otherwise of the advocacy office's decision. If notice is made by telephone, the notice shall be made to both parties to the review and shall be followed by written notice as soon as possible.

No patient shall be discharged or transferred without a physician's order, except where such patient leaves against medical advice. No patient shall be discharged until the hospital has made all appropriate contacts to initiate the provisions for aftercare services.

A medicare patient treated at the emergency room of an acute care hospital shall be provided with a discharge plan in accordance with the requirements of this section, with the exception of the right to request a review of such discharge plan by the advocacy office prior to such discharge.

Approved January 4, 1988.

**Chapter 656. AN ACT REVISING THE PROCEDURES FOR THE COMMISSION ON JUDICIAL CONDUCT.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 211C of the General Laws is hereby amended by striking out sections 1 to 3, inclusive, as appearing in the 1986 Official Edition, and inserting in place thereof the following three sections:-

Section 1. There shall be a commission on judicial conduct consisting of nine members. Three judges shall be appointed by the justices of the supreme judicial court, none of whom shall be justices of said court and no two of whom shall be from the same department of the trial court. Three members of the bar shall be appointed by the chief administrative justice of the trial court, none of whom shall be judges. Three members shall be appointed by the governor, none of whom shall be members of the bar. The members of the commission shall serve without compensation, but shall be reimbursed for all expenses reasonably incurred by them in the performance of their duties. Members of the commission shall serve for six year terms. Commission membership shall terminate if a member ceases to be qualified for the appointment. A vacancy shall be filled by the appointing authority for the remainder of the term. Upon the expiration of the term of office of a member, his successor shall be appointed in the manner aforesaid. No person shall succeed himself as a member of the commission except when his membership is due to an appointment to fill a vacancy for the remainder of an unexpired term. One or more alternate members, as necessary, shall be selected in the manner prescribed for initial appointments in each representative class, and shall serve at the call of the chairman to take the place of those who are disqualified from participating in a commission proceeding pursuant to commission rules.

Section 2. (1) All judges of the trial court, the appeals court and the supreme judicial court shall be subject to discipline pursuant to this chapter. The commission on judicial conduct shall have the authority to receive information, investigate, conduct hearings, and make recommendations to the supreme judicial court concerning allegations of judicial misconduct and allegations of mental or physical disability affecting a judge's performance.

(2) The commission shall have jurisdiction over investigations and recommendations regarding discipline arising from the conduct of all judges, including any retired judge who is assigned to perform the duties of a judge for a temporary period. This jurisdiction shall include all conduct that occurred prior to a judge's assuming judicial office, and conduct of a lawyer who is no longer a judge that occurred while he held judicial office; provided, however, that in evaluating such conduct, the commission shall give substantial weight to relevant decisions of the supreme judicial court and the board of bar overseers regarding bar discipline. The foregoing shall not be construed to derogate the inherent authority of the supreme judicial court to supervise and discipline judges, the authority of the governor with the consent of the council

to remove a judge upon the address of both houses of the legislature or to retire a judge involuntarily because of advanced age or mental or physical disability, the authority of the legislature to remove a judge through impeachment, or the supervisory authority of the chief justices of the appeals and supreme judicial courts or of the chief and department administrative justices of the trial court.

(3) Except where the commission determines otherwise for good cause, the commission shall not deal with complaints arising out of acts or omissions occurring more than one year prior to the date commission proceedings are initiated pursuant to section five; provided, however, that, when the last episode of an alleged pattern of recurring judicial conduct arises within the one year period, the commission may consider all prior acts or omissions related to such alleged pattern of conduct.

(4) In the absence of fraud, corrupt motive, bad faith, or clear indication that the judge's conduct violates the code of judicial conduct, the commission shall not take action against a judge for making findings of fact, reaching a legal conclusion, or applying the law as he understands it. Commission proceedings shall not be a substitute for an appeal.

(5) Grounds for discipline shall include:

(a) conviction of a felony;

(b) willful misconduct in office;

(c) willful misconduct which, although not related to judicial duties, brings the judicial office into disrepute;

(d) conduct prejudicial to the administration of justice or conduct unbecoming a judicial officer, whether conduct in office or outside of judicial duties, that brings the judicial office into disrepute; or

(e) any conduct that constitutes a violation of the codes of judicial conduct or professional responsibility.

Section 3. (1) The commission shall report only to the supreme judicial court. The commission shall be allowed for its purposes annually such amount as shall be appropriated for it by the general court. The commission shall be provided with adequate offices. The commission may adopt rules of procedure, without compliance with the provisions of chapter thirty A, but subject to the approval of the supreme judicial court, and may develop appropriate forms for its proceedings. Such rules shall establish reasonable time limits for all stages of commission proceedings and standards for extending time limits applicable to commission proceedings.

(2) Members of the commission, hearing officers, commission counsel, and staff shall be absolutely immune from suit for all conduct in the course of their official duties. A complaint submitted to the commission or its staff and communications related to the complaint shall be absolutely privileged, and no civil action predicated on the complaint or on such a communication may be instituted against any complainant or witness or his counsel; provided, however, such immunity from suit shall apply only to communications to the commission or its staff and shall not apply to public disclosure of information contained in or relating to the complaint.

(3) The commission shall appoint an executive director who shall serve at the pleasure of the commission. The executive director shall be a member of the Massachusetts bar, shall serve full time, and shall not engage in the practice of law. The executive director shall receive an annual salary, subject to appropriation, which is fixed by the commission consistent with classification and compensation policies of the supreme judicial court, and such expenses as are approved by the commission and incurred in the discharge of the executive director's duties.

(4) The executive director shall have duties and responsibilities as prescribed by the commission, including the authority to:

- (a) receive information, allegations, and complaints;
- (b) make preliminary evaluations;
- (c) screen complaints;
- (d) conduct investigations;
- (e) recommend dispositions;
- (f) maintain the commission's records;
- (g) maintain statistics concerning the operation of the commission and make them available to the commission and to the supreme judicial court;
- (h) prepare the commission's budget for approval by the commission and administer its funds;
- (i) employ and supervise other members of the commission's staff;
- (j) prepare the annual report of the commission's activities required pursuant to section four; and
- (k) employ, with the approval of the commission and subject to appropriation, special counsel, private investigators, or other experts, and clerical assistants, as necessary to investigate and process matters before the commission and before the supreme judicial court. Neither the attorney general's staff nor law enforcement officers shall be employed for this purpose.

(5) The supreme judicial court may delegate the power to enforce process in commission proceedings to another appropriate court. A witness at any stage of commission proceedings may rely on any privilege applicable to civil proceedings.

**SECTION 2.** Said chapter 211C is hereby further amended by adding the following seven sections:–

Section 5. (1) Commission proceedings relating to the conduct of a judge may be initiated by an oral or written complaint stating facts that, if true, would be grounds for discipline, or by the commission's own motion when the commission receives reasonable information, including reports in the news media, as to conduct that appears to constitute grounds for discipline. Upon receipt of such complaint or adoption of such motion, the commission shall promptly notify the judge, except as provided in subdivision (2), and shall conduct a prompt, discreet and confidential inquiry, investigation and evaluation.

(2) The commission shall notify the judge of the proceedings and their subject matter before commencing any inquiry, investigation or evaluation in all cases except as follows:

- (a) where, because of the nature of the complaint, delay is necessary

in order to preserve evidence, notice may be delayed until such evidence is obtained, until the matter is dismissed, or until the sworn complaint or statement of allegations is served pursuant to subdivision (6), whichever occurs first;

(b) where the identity of the complainant could be readily determined by the judge from the nature of the complaint and there is a danger of reprisal against the complainant, notice may be delayed until the danger of reprisal ends, until the matter is dismissed, or until the sworn complaint or statement of allegations is served pursuant to subdivision (6), whichever occurs first; provided, however, that in any such case where there is an ongoing danger of reprisal, the notice and the statement of allegations may be drafted so as to conceal the complainant's identity.

(3) The commission shall discourage and shall promptly dismiss complaints which are frivolous, unfounded or outside commission jurisdiction. The commission shall notify the judge and the complainant, if any, of such dismissal in accordance with the provisions of subdivisions (1), (2) and (10).

(4) At any stage of the proceeding, the commission shall be entitled within the time limits established by commission rule to compel by subpoena the attendance and testimony of witnesses, including the judge, and to provide for the inspection of documents, books, accounts, and other records.

(5) After a thorough inquiry, investigation and evaluation, the executive director shall recommend to the commission, and the commission shall determine, by majority vote, whether there is adequate reason to proceed to the preparation of a detailed complaint or statement of allegations. If so, the commission shall request that the complainant file a detailed sworn complaint against the judge. When a sworn complaint is not obtained, the executive director shall prepare a clear statement of the allegations against the judge and the alleged facts forming their basis. Said complaint or statement of allegations shall clearly set forth each act of misconduct where more than one act of misconduct is alleged, and shall state clearly the provision of statute, code of judicial conduct or code of professional responsibility alleged to have been violated by each alleged act of misconduct.

(6) The judge shall be served promptly with a copy of the sworn complaint or statement of allegations.

(7) The judge shall have twenty-one days after receipt of the sworn complaint or statement of allegations to respond in writing to the charges and, if he wishes, to file a written request for a personal appearance before the commission.

(8) The judge shall be entitled to counsel of his own choice. After the judge is served with the sworn complaint or statement of allegations, he shall be entitled before the issuance of formal charges and within the time limits established by commission rule to compel by subpoena the attendance and testimony of witnesses through depositions, and to provide for the inspection of documents, books, accounts, written or electronically recorded statements, and other records. The judge may

file written material for commission consideration before the issuance of formal charges.

(9) If the judge requests a personal appearance before the commission, he may be accompanied by counsel, his statement and that of his counsel shall be recorded, and the commission shall not issue formal charges until after such personal appearance.

(10) If at any time prior to the issuance of formal charges the commission determines that it does not have sufficient cause to proceed, the commission shall terminate the proceedings by closing the investigation or dismissing the complaint or the statement of allegations. In that event, the commission shall give notice to the complainant, if any, and to the judge that it has found insufficient cause to proceed. The file in any matter so terminated shall be closed.

(11) The commission may not refer subsequently to a file closed before the issuance of formal charges except in the following circumstances:

(a) in a subsequent proceeding that raises similar allegations against the judge and indicates a pattern of recurring judicial misconduct;

(b) in a subsequent proceeding alleging conduct in violation of conditions imposed as part of an informal adjustment pursuant to subdivision (1) of section eight;

(c) in connection with a decision as to the recommended sanction to be imposed in a subsequent proceeding.

(12) The commission may, upon notice to the judge, amend the allegations prior to a finding of sufficient cause to issue formal charges. The judge may amend his written response or submit additional written material for commission consideration before such finding.

(13) After the judge's personal appearance pursuant to subdivision (9), if any, and after the expiration of any time limit upon written submissions by the judge pursuant to subdivisions (8) and (12), the commission shall determine whether there is sufficient cause to issue formal charges. A finding of sufficient cause to issue formal charges shall require the concurrence of the majority of all commission members that there is a preponderance of credible evidence that the judge's conduct constitutes grounds for discipline.

(14) When sufficient cause is found, the commission shall issue formal charges stating those allegations as to which sufficient cause is found. A copy of the formal statement of charges shall be served promptly upon the judge and the judge shall have ten days to respond. Immediately thereafter, a copy of such formal statement of charges and of the judge's written response shall be filed with the supreme judicial court, which shall promptly appoint a hearing officer. Confidentiality shall cease upon this filing, as provided in section six, and after this filing the proceedings shall be governed by the provisions of section seven.

Section 6. (1) Except as provided in this section, all proceedings of the commission shall be confidential until there has been a determination of sufficient cause and formal charges have been filed with the supreme judicial court. The commission shall ensure that a procedure applicable to commission members, counsel and staff is established for enforcing confidentiality.

(2) Notwithstanding the provisions of subdivision (1), the judge may waive his right to confidentiality prior to a finding of sufficient cause. In addition, in any case in which the subject matter becomes public, through independent sources or through a waiver of confidentiality by the judge, the commission may issue such statements as it deems appropriate in order to confirm the pendency of the investigation, to clarify the procedural aspects of the disciplinary proceedings, to explain the right of the judge to a fair hearing without prejudgment, or to state that the judge denies the allegations.

(3) If the inquiry was initiated as a result of notoriety or because of conduct that is a matter of public record, and is subsequently terminated because there is insufficient cause to proceed, information concerning the insufficiency of cause to proceed may be released by the commission.

(4) Notwithstanding any other provision of this chapter to the contrary, proceedings pursuant to this chapter may remain confidential, even after a finding of sufficient cause, if the judge, the commission, and the complainant, if any, all concur.

(5) If any federal agency, the judicial nominating council, or any like agency for screening candidates for judicial appointment which succeeds the judicial nominating council, seeks information or written materials from the commission concerning a judge, in connection with his selection or appointment as a judge, information may be divulged in accordance with procedures prescribed by commission rule, including reasonable notice to the judge affected, unless the judge signs a waiver of the right to such notice. If, in connection with the assignment of a retired judge to judicial duties, the chief justice of the supreme judicial court or the appeals court or the chief administrative justice of the trial court seeks information or written materials from the commission about the judge, information may be divulged in accordance with procedures prescribed by commission rule, including reasonable notice to the judge affected, unless the judge signs a waiver of the right to such notice.

Section 7. (1) The commission shall schedule a hearing without undue delay after the appointment of the hearing officer by the supreme judicial court. The commission shall schedule the time and place of the hearing, and shall notify the judge and all counsel of the hearing. The judge shall be afforded ample opportunity to prepare for the hearing and may amend his written response to the charges.

(2) The judge and the commission shall each be entitled to discovery to the extent available in civil proceedings, within the time limits provided by commission rules. The judge and the commission shall each be entitled to compel by subpoena the attendance and testimony of witnesses, including the judge, and to provide for the inspection of documents, books, accounts, and other records.

(3) The formal hearing shall be public and shall be conducted before the hearing officer appointed by the supreme judicial court. At the hearing, all testimony shall be under oath, the rules of evidence applicable to civil proceedings shall apply, and the judge shall be accorded due process of law.

(4) An attorney or attorneys of the commission staff, or special

counsel retained for the purpose, shall present the matter to the hearing officer. The commission shall have the burden of proving the charges by clear and convincing evidence. The judge and the commission shall be permitted to present evidence and cross-examine witnesses, subject to the rules of evidence applicable to civil proceedings.

(5) The raising of mental or physical condition as a defense constitutes a waiver of medical privilege.

(6) By leave of the commission or with the consent of the judge, the statement of charges may be amended after commencement of the hearing only if the amendment is technical in nature and the judge and his counsel are given adequate time to prepare a response.

(7) Every hearing shall be transcribed.

(8) The hearing officer shall submit to the commission and to the judge a report containing proposed findings and recommendations, the transcripts of testimony and all exhibits. Counsel for the judge and commission shall have twenty days after receipt of such report to submit written objections to the findings and recommendations, and said objections shall become part of the record.

(9) Before the commission reaches its decision, the judge and the complainant, if any, shall have the right to be heard before the commission regarding its recommendation for discipline, and their statements shall be transcribed. Such hearing shall be public, but commission deliberations regarding such recommendation shall be conducted in executive session. The commission shall reach a decision on the basis of the full record within ninety days after such hearing, unless there is good cause for delay. Its conclusions may differ from those proposed by the hearing officer. Its decision shall state specific reasons for all conclusions and recommendations.

(10) A recommendation for discipline shall be reported to the supreme judicial court only if a majority of all members of the commission concur that discipline should be recommended. Any dissent as to the need for or the form of discipline shall be transmitted with the majority decision. A copy of said recommendation and dissent shall be given to the judge and shall become part of the public record. The entire record, including transcripts, exhibits and the hearing officer's report, shall be transmitted to the supreme judicial court.

(11) If a majority of the members of the commission concur that discipline should not be recommended, the matter shall be dismissed, and the judge and complainant, if any, shall be notified of such dismissal.

(12) The provisions of subdivisions (10) and (11) shall not be construed to prohibit the commission from disposing of the matter by informal adjustment pursuant to section eight as a result of commission deliberations regarding a recommendation for discipline.

(13) The expense of witnesses shall be borne by the party that calls them unless:

(a) physical or mental disability of the judge is in issue, in which case the commission shall reimburse the judge for the reasonable expenses of the witnesses whose testimony related to the disability; or

(b) the supreme judicial court determines that the imposition of costs and expert witness fees will work a financial hardship or injustice upon

him and orders that those fees be reimbursed.

(14) All witnesses shall receive fees and expenses in the same manner as witnesses in civil actions before the courts. A transcript of all proceedings shall be provided to the judge without cost. Except as provided in subdivision (13), costs of all proceedings shall be at public expense.

(15) With the approval of the supreme judicial court, a judge shall be entitled to the payment of reasonable attorneys' fees by the commonwealth in any case where the matter is dismissed by the commission at any stage after the filing of a sworn complaint or statement of charges, where the supreme judicial court determines despite a commission recommendation for discipline that no sanction is justified, or where the supreme judicial court determines that justice will be served by the payment of such fees.

Section 8. (1) With the agreement of the judge, the commission may by informal adjustment dispose of a complaint at any stage of the proceedings by:

(a) informing or admonishing the judge that his conduct is or may be cause for discipline;

(b) directing professional counseling and assistance for the judge;

(c) imposing conditions on the judge's conduct; or

(d) persuading a judge to retire voluntarily.

(2) The commission may dismiss a sworn complaint, a statement of allegations or a formal statement of charges as unjustified or unfounded at any stage during the proceedings.

(3) The commission may issue a private reprimand with the consent of the judge.

(4) The commission may recommend to the supreme judicial court one or more of the following sanctions:

(a) removal;

(b) retirement;

(c) imposition of discipline as an attorney;

(d) imposition of limitations or conditions on the performance of judicial duties;

(e) public or private reprimand or censure;

(f) imposition of a fine;

(g) assessment of costs and expenses;

(h) imposition of any other sanction which is reasonable and lawful.

Section 9. The chief justice and the six most senior justices of the appeals court other than the chief justice shall serve in the place of the supreme judicial court when charges are brought against a member of the supreme judicial court.

Section 10. (1) The commission shall have authority to receive information, investigate, conduct hearings, and make recommendations to the court relating to mental or physical disability affecting a judge's performance.

(2) In carrying out its responsibilities regarding physical or mental disabilities, the commission shall follow the same procedures that it employs with respect to discipline for misconduct.

---

**ACTS, 1987. – Chap. 657.**

(3) If the judge in a matter relating to physical or mental disability is not represented by counsel, the commission shall appoint an attorney to represent him at public expense.

(4) If a complaint involves the physical or mental condition of the judge, a denial of the alleged condition shall constitute a waiver of medical privilege and the judge shall be required to produce his medical records.

(5) If medical privilege is waived, the judge shall be deemed to have consented to a physical or mental examination by a qualified medical practitioner designated by the commission. The report of the medical practitioner shall be furnished to the commission and the judge.

Section 11. The supreme judicial court may establish an advisory committee on the code of judicial conduct, which may render advisory opinions to judges at their request or on its own motion.

**SECTION 3.** Notwithstanding the provisions of section one of this act, the members of the judicial conduct commission as of the effective date of said section one shall serve out the three year terms to which they were appointed, and thereupon their successors shall be appointed to six year terms except as follows: in nineteen hundred and eighty-eight, members shall be appointed to four year terms, and in nineteen hundred and eighty-nine, members shall be appointed to five year terms.

**SECTION 4.** The provisions of sections two and three of chapter two hundred and eleven C of the General Laws, inserted by section one of this act, shall take effect on April first, nineteen hundred and eighty-eight and shall apply to proceedings initiated before the judicial conduct commission by the filing of a complaint or by the adoption of a commission motion on or after such effective date.

Proceedings initiated before said effective date shall be governed by the provisions of chapter two hundred and eleven C of the General Laws which are in effect prior to said effective date and by the rules of the judicial conduct commission in effect prior to said effective date.

Approved January 4, 1988.

Thence southwesterly 200 feet, more or less, to a point on the easterly line of Milk Street. Thence northwesterly by the easterly line of Milk Street 900 feet, more or less, to a point of beginning.

Said Parcel "A" contains approximately eighty acres of land, and is shown more particularly on a plan entitled "Lyman School Disposition Plan", as referenced hereafter, dated June 25, 1986, which is on file with the division of capital planning and operations. The precise configuration of Parcel "A" shall be described in a land survey accompanying the master plan to be prepared for the site, as provided for in section fifteen.

**SECTION 2.** The deputy commissioner of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to transfer the care and control of all or a portion of a certain parcel of land, hereinafter referred to as Parcel "B", together with the building thereon, in the town of Westborough, to the department of environmental management for said department's administrative office and storage purposes or other related purposes. This transfer of control shall be in accordance with such terms and conditions as the deputy commissioner shall prescribe, and may include, as appropriate, provision for shared use of the parcel and any facilities thereon, for similar purposes, with other state agencies.

Said Parcel "B" is bounded and described as follows:

Beginning at a point on the southerly side of Oak Street, said point being the northeasterly corner of the premises described herein and the northwesterly corner of Parcel "J", which is now or formerly of the Commonwealth of Massachusetts. Thence southwesterly along Parcel "J" 260 feet, more or less, to a point at land now or formerly of Elizabeth D. George. Thence northwesterly by land now or formerly of George 285 feet, more or less, to a point. Thence southwesterly by land now or formerly of George 120 feet, more or less, to a point. Thence westerly by land now or formerly of the Commonwealth of Massachusetts (Parcel "G") 100 feet, more or less, to a point. Thence

northeasterly by land now or formerly of the County of Worcester 450 feet, more or less, to a point on the southerly side of Oak Street. Thence easterly by the southern side of Oak Street 355, more or less, feet to the point of beginning.

Said Parcel "B" contains approximately two acres of land, and is shown more particularly on a plan entitled "Lyman School Disposition Plan". The precise configuration of Parcel "B" shall be described in a land survey accompanying the master plan provided for in section fifteen.

**SECTION 3.** The deputy commissioner of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to transfer the care and control of all or a portion of a certain parcel of land, hereinafter referred to as Parcel "C", together with the buildings thereon, in the town of Westborough, to the department of environmental quality engineering for said department's office, laboratory, and garage facilities or any other related purpose. This transfer of control shall be in accordance with such terms and conditions as the deputy commissioner shall prescribe.

Said Parcel "C" is bounded and described as follows:

Beginning at a point on the westerly side of Park Street Extension, said point being approximately 240 feet from the intersection of the northerly side of Oak Street and the easterly side of Park Street. Thence northerly along the easterly line of Park Street Extension approximately 220 feet to a point. Thence westerly by Parcel "1.(2)" 220 feet, more or less to a point. Thence southwesterly continuing by Parcel "1.(2)" 195 feet, more or less, to a point. Thence northwesterly continuing by Parcel "1.(2)" 140 feet, more or less, to a point at land now or formerly of the Massachusetts Technology Park Corporation. Thence northerly along a drive by land now or formerly of the Massachusetts Technology Corporation 430 feet, more or less, to point. Thence northeasterly by land now or formerly of the Massachusetts Technology Park Corporation 256 feet, more or less to a point. Thence westerly by land now or formerly of the Commonwealth of Massachusetts 600 feet, more or less, to a point, said point being the northeast corner of the premises. Thence southerly by land now or formerly of the Commonwealth of Massachusetts and the Town of Westborough 950 feet, more or less, to a point. Thence westerly 280 feet by Parcel "M", more or less, to the point of beginning.

Said Parcel "C" contains approximately thirteen acres of land, and is shown more particularly on a plan entitled "Lyman School Disposition Plan". The precise configuration of Parcel "C" shall be described in a land survey accompanying the master plan.

If said department does not need all or a portion of this parcel for the purposes described above, then the deputy commissioner is authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to transfer to another state agency or convey by a deed approved as to form by the attorney general, to an individual or entity all or part of Parcel "C" for recreational, residential

or educational purposes that are compatible with the other uses specified in the master plan provided for in section fifteen.

**SECTION 4.** The deputy commissioner of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to transfer the care and control of all or a portion of a certain parcel of land, hereinafter referred to as Parcel "D", in the town of Westborough, to the trial court of the commonwealth for said court parking purposes. This transfer of control shall be in accordance with such terms and conditions as the deputy commissioner shall prescribe.

Said Parcel "D" is bounded and described as follows:

Beginning at a point on the easterly line of Milk Street and the northerly line of Oak Street, said point being the southwesterly corner of the premises. Thence easterly along the northerly line of Oak Street 460 feet, more or less, to a point. Thence northwesterly by land now or formerly of the Commonwealth of Massachusetts, 310 feet, more or less, to a point at the easterly side of Milk Street. Thence westerly by land now or formerly of Parcel "H" 310 feet to a point. Thence southerly 360 feet, more or less, to a point of beginning.

Said Parcel "D" contains approximately two and one-half acres of land, and is shown more particularly on a plan entitled "Lyman School Disposition Plan". The precise configuration of Parcel "D" shall be described in a land survey accompanying the master plan provided for in section fifteen.

"

**SECTION 5.** The deputy commissioner of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to convey by a deed approved as to form by the attorney general, a certain parcel of land, and the buildings thereon, hereinafter referred to as Parcel "E", commonly known as the Nathan Fisher House, in the town of Westborough, to said town for historic preservation and public education purposes. This conveyance shall be in accordance with such terms and conditions as the deputy commissioner shall prescribe, including, but not limited to, a preservation restriction in perpetuity with the Massachusetts historical commission, and the condition that the property shall revert to the commonwealth if it is no longer used for the aforementioned purposes.

Said Parcel "E" is bounded and described as follows:

Beginning at a point on the northerly line of Route 9 and the easterly line of Park Street, said point being the southwesterly corner of the premises. Thence easterly along the northerly line of Route 9, 500 feet, more or less, to a point at land now or formerly of the Commonwealth of Massachusetts (Parcel "L"). Thence northerly by land now or formerly of the Commonwealth of Massachusetts 300 feet, more or less, to a point on the southerly line of Oak Street. Thence westerly along Oak Street 230 feet, more or less, to a point at Parcel I.(1). Thence southerly by land of Parcel I.(1) 100 feet, more or less, to a point; thence westerly

along the southerly boundary of Parcel I.(1) 200 feet, more or less, to a point on the easterly line of Park Street; thence southerly along the easterly line of Park Street 165 feet, more or less, to the point of beginning.

Said Parcel "E" contains approximately three and one-tenth acres of land, and is shown more particularly on a plan entitled "Lyman School Disposition Plan". The precise configuration of Parcel "E" shall be described in a land survey accompanying the master plan provided for in section fifteen.

**SECTION 6.** The deputy commissioner of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to convey by a deed approved as to form by the attorney general, all or a portion of a certain parcel of land, hereinafter referred to as Parcel "F", in the town of Westborough, to said town for municipal nursery and public works purposes. This conveyance shall be in accordance with such terms and conditions as the deputy commissioner shall prescribe, including the condition that the property shall revert to the commonwealth if it is no longer used for the aforementioned purposes.

Said Parcel "F" is bounded and described as follows:

Beginning at a point on the northwesterly corner of land now or formerly of the Town of Westborough, said point also being the southwesterly corner of the premise described herein. Thence northerly by Parcel "C" 450 feet, more or less, to a point. Thence southeasterly by land now or formerly of the Commonwealth of Massachusetts 750 feet to a point. The above described land contains five thousand seven hundred and seventy-three square feet, more or less, and is shown as "Drainage Easement 'V'" on a plan of land entitled, "Easement Plan of Land in Westborough, Massachusetts", and recorded at the Worcester district registry of deeds, in the county of Worcester Plan Book No. 548, Plan No. 69.

**SECTION 15.** The division of capital planning and operations is hereby authorized to prepare a master plan, requests for proposals, and disposition documents, including, but not limited to, hiring planning, real estate, and legal consultants to prepare site plans, surveys, appraisals, site studies and environmental impact reports, if required, to determine the guidelines for the disposition and development of parcels described in sections one to fourteen, inclusive. Said master plan shall include a property description and site plan showing the boundary of parcels available for disposition, narrative and graphic presentation of the characteristics of the land and buildings, recommended uses of the Lyman school property, and development guidelines that will be incorporated into requests for proposals and property disposition agreements. An analysis of the value of the land and buildings shall be prepared as part of the master plan. Upon completion and at least thirty

days before adoption of the master plan, the deputy commissioner of capital planning and operations shall submit a copy of said master plan to the joint legislative committee on state administration, the house and senate committees on ways and means, and the inspector general. Following adoption of the master plan and pursuant to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, the deputy commissioner shall solicit and select development proposals and negotiate and execute land disposition instruments based on the requirements of this act and the development guidelines adopted in the master plan.

**SECTION 16.** The deputy commissioner of capital planning and operations is hereby authorized to retain or grant rights of way or easements across property described in sections one to thirteen, inclusive, of this act, or to convey such property as needed for roadways or road improvements to the Massachusetts and Westborough departments of public works.

**SECTION 17.** The deputy commissioner of capital planning and operations is hereby authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to convey by a deed approved as to form by the attorney general, a certain parcel of land that is currently part of Westborough state hospital, situated on the southeasterly side of Lyman street, in the town of Westborough, to said town for active and passive public recreational and conservation purposes. This conveyance shall be in accordance with such terms and conditions as the deputy commissioner shall prescribe, in consultation with the department of mental health. Said parcel is bound and described as follows:

Beginning at a point 500 feet, more or less, southeasterly from a cement bound in the southeasterly line of Lyman Street; Thence easterly bounding on the north by land of Zaniboni and the Town of Westborough a distance of 390 feet, more or less, to a point; Thence southeasterly bounding on the east by land of the Town of Westborough 270 feet, more or less, to a point; Thence southwesterly bounding on the south by land of Spinola, Harrington, and Chase 1760 feet, more or less, to a point; Thence northerly bounding on the west by land of the Town of Westborough, McDonald, Donovan, Trip, Furbish, Healy, Lawrence, Serafin, Suter, McGurk and Westborough state hospital a distance of 1950 feet, more or less to the point of beginning.

**Chapter 662. AN ACT AUTHORIZING THE TOWN OF ANDOVER TO SELL AND CONVEY OR LEASE AND LEASEBACK OLD TOWN HALL IN SAID TOWN AND VALIDATING CERTAIN ACTION TAKEN BY SAID TOWN.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of sections three, four, fifteen and fifteen A of chapter forty and section thirty-one of chapter forty-four of the General Laws or any other general or special law to the contrary, the town of Andover is hereby authorized to sell or lease for a term of not more than forty years, including the right to extend or renew such lease, all or a portion of the property now or formerly known as the Old Town Hall to a purchaser or lessee who shall undertake to rehabilitate, remodel, equip, and, if required by the town, expand the existing building for public use in accordance with plans and specifications approved on behalf of said town. Said town is also authorized to lease or sublease, as the case may be, from said purchaser or lessee as aforesaid, the property so sold or leased for a period not to exceed forty years, including the right to extend or renew such lease or sublease. Such lease or sublease may provide that payments by said town be unconditional and included in the amounts assessed in each year as provided in section twenty-three of chapter fifty-nine of the General Laws, but the obligations represented by such payments shall not be included in any determination of the borrowing capacity of said town under any limitation of its indebtedness. Said town is also authorized from time to time to sublease a portion or portions of said building to the United States government or an agency or instrumentality thereof for a term not to exceed ten years.

**SECTION 2.** Notwithstanding the provisions of section one or any other law to the contrary, the provisions of sections forty-four A to forty-four J, inclusive, of chapter one hundred and forty-nine of the General Laws shall be applicable to any contract awarded for the rehabilitation, remodeling, equipping or expansion of the Old Town Hall in said town and the provisions of section thirty-eight K of chapter seven of the General Laws, shall apply to any contract for the design of this project.

**SECTION 3.** The net proceeds of any sale authorized in section one shall be deposited in a special account in the stabilization fund of said town and shall not be withdrawn from said fund for any purpose other than to repurchase the said property except by a two-thirds vote adopted at two separate town meetings held at least six months apart, at least one of which shall be an annual town meeting. Any income from moneys held in said special account or any rent payable to the town may be deemed general revenues of the town and deposited from time to time with the town treasurer.

**SECTION 4.** The town is authorized to accept and expend any grants, gifts or other contributions received by the town for the town's share of the cost of the rehabilitation, remodeling, equipping and expansion of said building. The town is also authorized to waive any provision of the town's bylaws as may be necessary to effectuate any transaction authorized hereby.

**Chapter 663. AN ACT ESTABLISHING A WORKSHARING PROGRAM AND PROVIDING FOR RETRAINING INCENTIVES.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately establish a worksharing program and provide for retraining incentives, therefore it is hereby declared to be an emergency law, necessary for the preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Subsection (e) of section 25 of chapter 151A of the General Laws, as amended by section 1 of chapter 473 of the acts of 1987, is hereby further amended by adding the following paragraph:–

An individual in partial unemployment who leaves work from other than the most recent base period employer while receiving benefits under this chapter shall not be disqualified pursuant to the provisions of this subsection from receiving benefits, if such individual establishes to the satisfaction of the director that the reason for leaving was to enter training for which the individual has received the director's approval under section thirty.

**SECTION 2.** Said chapter 151A is hereby further amended by inserting after section 29C the following section:–

Section 29D. (a) As used in this section the following words shall, unless the context clearly requires otherwise, have the following meanings:

"Affected unit", a specified plant, department, shift, or other definable unit consisting of not less than two employees to which an approved worksharing plan applies.

"Approved worksharing plan", a plan of an employer under which there is a reduction in the number of hours worked by the employees in an affected unit, and the affected employees share the work remaining after the normal weekly hours of work are reduced.

"Employee", any individual employed full-time or on a permanent part-time basis by any employer subject to this chapter and in employment subject thereto.

"Fringe benefits", include, but are not limited to, health insurance, retirement benefits, paid vacation and holidays, sick leave, and similar advantages which are incidents of employment.

"Normal weekly hours of work", the normal number of hours of work each week for an employee in an affected unit when that unit is operating on a full-time basis, not to exceed forty hours and not including overtime.

"Unemployment benefits" or "regular benefits", benefits payable under this chapter other than worksharing benefits, reemployment assistance benefits or health insurance benefits.

"Worksharing benefits", the benefits payable to employees in an affected unit under an approved worksharing plan.

"Worksharing employer", an employer with an approved worksharing plan in effect.

(b) An employer wishing to participate in a worksharing program shall submit a written and signed worksharing plan to the director for approval. The director may approve a worksharing plan if the following criteria, and any other factors the director deems relevant, are met:

(1) The plan identifies the affected unit or units to which it applies.

(2) The employees in the affected unit are identified by name, social security number, the normal weekly hours of work, proposed wage and hour reduction and any other information the director deems necessary to carry out the provisions of this section.

(3) The normal weekly hours of work by employees in the affected unit are reduced by not less than ten per cent and not more than sixty per cent and the reduction in hours in each affected unit is spread equally among employees in the affected unit.

(4) The plan provides that health benefits and retirement benefits under a benefit pension plan, as defined in section 3(35) of the Employee Retirement Income Security Act of 1974, will continue to be provided to the employees in the affected units as though their normal weekly hours of work had not been reduced and specifies the effect, if any, the reduction in the normal weekly hours of work will have on other fringe benefits provided by the employer.

(5) The plan certifies that the reduction in the normal weekly hours of work is in lieu of layoffs and states the reason for and expected duration of the work reduction. The plan shall not serve as a subsidy of seasonal employment during the off season, nor as a subsidy of temporary part time or intermittent employment.

(6) The written approval by the collective bargaining agent for each collective bargaining agreement for each affected unit is included in the plan.

(7) The plan specifies a beginning and ending date which shall be not more than twenty-six weeks from the beginning date.

(8) The plan contains an agreement by the employer to furnish all reports and information necessary for the administration of the plan and to permit access by the director to all records necessary to verify and evaluate the plan.

(9) An employee's participation in the plan shall not be precluded or

limited by any particular definition of attachment to the employer, such as, length of employment.

(10) The plan applies to only full-time or permanent part-time employees. Seasonal employees may not participate in a worksharing plan.

(11) The plan certifies that the employer has paid all contributions, payments in lieu of contributions, interest or penalty charges due under this chapter.

(12) The plan meets all other criteria prescribed by the director.

(c) The director shall approve or reject a worksharing plan in writing within fifteen working days after its receipt. The director's rejection of the worksharing plan shall be final and shall not be appealable, but rejection shall not prevent an employer from submitting another plan for approval.

(d) An approved worksharing plan may be modified only with the approval of the director. The worksharing employer shall notify the director of any changes in the conditions of an approved plan within two working days. If the proposed changes meet the requirements for approval of a plan, the director may approve the modifications. If the modifications do not meet the requirements for approval, the director shall revoke the plan.

(e) The director may revoke approval of a worksharing plan for good cause. The revocation order shall be in writing and shall specify the date the revocation is effective and the reasons for the revocation. Good cause for revocation shall include, but is not limited to, failure to comply with the assurances given in the plan, unreasonable revision of the productivity standards for the affected unit, conduct or occurrences tending to defeat the intent and effective operation of the plan, and violation of the criteria on which approval of the plan was based. Such action may be initiated at any time by the director on his own motion, or at the request of any of the affected unit's employees, or at the request of the appropriate collective bargaining agent. The revocation order shall be final and not appealable.

(f) At the end of the worksharing period provided in paragraph (7) of subsection (b), the worksharing employer may submit a new worksharing plan to the director for approval.

(g) The provisions of section forty-seven shall apply to any information submitted in connection with an application for approval or modification of a worksharing plan, the implementation of an approved worksharing plan, or the payment of worksharing benefits. An employer shall also be liable for the repayment to the director of any worksharing benefits improperly paid by the director as a result of information the employer submitted to the director in connection with the approval, modification or implementation of a worksharing plan which is substantially misleading or contains a material misrepresentation of fact. In addition thereto, a claimant shall be liable for the repayment to the director of any worksharing benefits which were improperly paid due to the fault of the claimant. The director may utilize any remedies provided by this chapter to recover worksharing benefits.

(h) (1) An individual shall be eligible to receive worksharing benefits, subsequent to serving a waiting period as prescribed by the director, with respect to any week only if, in addition to meeting the other conditions of eligibility for regular benefits under this chapter which are not inconsistent with this section, the director finds that (i) the individual is employed as a member of an affected unit under an approved worksharing plan in effect, and (ii) the individual is able to work and is available for the normal weekly hours of work with the worksharing employer. An otherwise eligible affected individual shall not be denied worksharing benefits for any week by reason of the application of provisions relating to availability for work, active search for work or applying for or accepting suitable work with other than the worksharing employer.

(2) An individual shall be deemed to be unemployed in any week for which remuneration is payable to him as an employee in an affected unit for less than the employee's normal weekly hours of work as specified under the approved worksharing plan in effect for that week.

(3) An individual who is not eligible to receive unemployment benefits by reason of the application of paragraph (6) of subsection (d) of section twenty-nine shall not be eligible to receive worksharing benefits.

(i) The weekly worksharing benefit amount payable to an affected individual shall be the product of the regular weekly benefit amount, as defined in section twenty-nine, multiplied by the percentage of reduction in the individual's normal weekly hours of work, plus the allowance set forth in subsection (c) of section twenty-nine, rounded to the next lower full dollar amount. The weekly worksharing benefit amount shall not be reduced by reason of application of the provisions of subsection (b) of section twenty-nine to remuneration received from the worksharing employer.

If in any week an individual performs services for a worksharing employer and an employer other than the worksharing employer, the weekly worksharing benefit amount shall be reduced by the amount by which the aggregate remuneration received from the non-worksharing employer exceeds thirty per cent of the maximum benefit rate in effect.

(j) The total worksharing benefit amount payable to an affected individual during any benefit year shall not exceed the amount of total benefits calculated under the first paragraph of section thirty minus the amount of regular benefits payable to said individual under this chapter.

(k) An individual who has received all the worksharing benefits or the combined regular benefits and worksharing benefits available in a benefit year shall be considered an exhaustee for purposes of extended benefits, as provided under the provisions of section thirty A, and, if otherwise eligible under those provisions, shall be eligible to receive extended benefits.

(l) An individual who performs no services during a week for the worksharing employer and is otherwise eligible shall be paid benefits in accordance with the other provisions of this chapter.

(m) Claims for worksharing benefits shall be filed in the same manner as claims for other benefits under this chapter or as otherwise prescribed by the director.

**Chapter 665. AN ACT INCREASING THE PENALTIES FOR HAZING.**

Be it enacted, etc., as follows:

Chapter 269 of the General Laws is hereby amended by striking out sections 17 to 19, inclusive, and inserting in place thereof the following three sections:-

Section 17. Whoever is a principal organizer or participant in the crime of hazing, as defined herein, shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or both such fine and imprisonment.

The term "hazing" as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which wilfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action.

Section 18. Whoever knows that another person is the victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than one thousand dollars.

Section 19. Each institution of secondary education and each public and private institution of post secondary education shall issue to every

student group, student team or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team or student organization, a copy of this section and sections seventeen and eighteen; provided, however, that an institution's compliance with this section's requirements that an institution issue copies of this section and sections seventeen and eighteen to unaffiliated student groups, teams or organizations shall not constitute evidence of the institution's recognition or endorsement of said unaffiliated student groups, teams or organizations.

Each such group, team or organization shall distribute a copy of this section and sections seventeen and eighteen to each of its members, plebes, pledges or applicants for membership. It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually, to the institution an attested acknowledgement stating that such group, team or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post secondary education shall, at least annually, before or at the start of enrollment, deliver to each person who enrolls as a full time student in such institution a copy of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post secondary education shall file, at least annually, a report with the regents of higher education and in the case of secondary institutions, the board of education, certifying that such institution has complied with its responsibility to inform student groups, teams or organizations and to notify each full time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. The board of regents and, in the case of secondary institutions, the board of education shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the attorney general any such institution which fails to make such report.

**Chapter 667. AN ACT INCREASING RESOURCES FOR LEARNING BY COLLECTING EDUCATION LOANS IN DEFAULT IN THE COMMONWEALTH.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 62D of the General Laws is hereby amended by striking out section 1, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 1. As used in this chapter, the following words shall, unless the context clearly requires otherwise, have the following meanings:

"Claimant agency", the IV-D agency as set forth in chapter one hundred and nineteen A or the board of regents of higher education, in the exercise of its duty to aid and foster programs supporting higher education, pursuant to chapter fifteen A.

"Corporation", the Massachusetts Higher Education Assistance Corporation created under chapter two hundred and ninety-eight of the acts of nineteen hundred and fifty-six.

"Debt", an unpaid spousal or child support obligation which is being enforced by the claimant agency, or which is collected or ordered to be collected by a court, whether or not there is an outstanding judgment for the sum, or any liquidated sum due and owing to the corporation on an education loan made under any of the programs administered by the corporation in behalf of the commonwealth, whether or not there is an outstanding judgment for that sum.

"Debtor", any individual owing money for support payments to the claimant agency or to persons for whom the claimant agency is providing enforcement services under state and federal law or any individual owing money on an education loan to the corporation, which obligation has not been adjudged satisfied by court order, set aside by court order, or discharged in bankruptcy.

"Department", the department of revenue.

"Obligee", a person or public agency entitled to assistance in collecting support payments pursuant to state and federal law and to whom is owed a debt for unpaid support.

"Refund", an individual's income tax refund from the commonwealth.

**SECTION 2.** Said chapter 62D is hereby further amended by striking out section 4, as so appearing, and inserting in place thereof the following section:-

Section 4. The claimant agency seeking to collect a debt through set-off shall notify the department in writing of its intent, certify the amount of the debt, identify the source of the debt, including, where necessary or applicable, the name of the court and the date and terms of its order, or with respect to any education debt, the name of the lender and the date and terms of the loan, and supply information necessary to identify the debtor whose refund is sought to be set-off. Whenever possible, such identification shall include the full name of the debtor, social security number, address, and any other information required by regulations promulgated by the department. The claimant agency shall also, whenever possible, notify the debtor that the debtor's refund is to be set-off. If, within fifteen days of such notice, the debtor requests a reconsideration of the claimant agency's action to set-off the alleged debt, the claimant agency shall undertake a desk review of the alleged debt. If the claimant agency determines that the set-off request to the department was made in error, it shall so notify the department and the department shall rescind the set-off. The notification and the furnishing of information by the claimant agency to the department must

occur on or before a date specified by the department in the year preceding the calendar year in which the refund would be paid. Subject to said notification deadline, the notification shall be effective only to initiate set-off for claims against refunds that would be made in the calendar year subsequent to the year in which notification is made to the department.

**SECTION 3.** Section 8 of said chapter 62D, as so appearing, is hereby amended by adding the following sentence:- With respect to education loan set-off proceeds, the board shall transmit fifteen per cent thereof to the department in payment for its set-off which shall be deposited in the General Fund. The balance shall be transmitted to the corporation.

**SECTION 4.** Said chapter 62D is hereby further amended by striking out section 10, as so appearing, and inserting in place thereof the following section:-

Section 10. Notwithstanding section twenty-one of chapter sixty-two C or any other provision of law prohibiting disclosure by the department of the contents of taxpayers' records of information and notwithstanding any confidentiality statute applicable to the claimant agency, all information exchanged among the department, the claimant agency, including the IV-D agency and the board of regents of higher education or education agency similar to the corporation of another jurisdiction, the department of public welfare, the corporation, the debtor, and the nondebtor spouse necessary to accomplish and effectuate the intent of this chapter is lawful.

The information obtained by any agency or the corporation from the department in accordance with the aforementioned exemption shall only be used by the agency or the corporation in the pursuit of its debt collection duties and practices and any person employed by, or formerly employed by, the agency or the corporation who discloses any such information for any other purpose, except as otherwise allowed by section forty-three of chapter two hundred and seventy-one, shall be penalized under provisions of said section forty-three.

**SECTION 5.** Said chapter 62D is hereby further amended by adding the following two sections:-

Section 13. In the event that a debtor owes liabilities to several agencies, priority of set-off against any refund shall be as follows: (a) unpaid state tax liabilities; (b) the department of public welfare; and (c) the board of regents of higher education.

Section 14. Any proceeds received by the department as reimbursement for its set-off services shall be deposited in a separate revolving fund to be used by the department, without appropriation, to defray its administrative costs in operating the set-off program.

**SECTION 6.** Chapter 62E of the General Laws is hereby amended by striking out section 3, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

---

**ACTS, 1987. – Chap. 668.**

Section 3. The commissioner shall design, develop, implement, and operate a wage reporting system for the purpose of receiving, maintaining, and processing information required to be submitted by employers pursuant to this chapter for the purposes of verifying eligibility for and entitlement to public benefits, unemployment insurance benefits and veterans' benefits, under reporting of income, and any errors, fraud or abuse in connection with such benefits paid or income reported and for the further purpose of identifying absent parents who are legally obligated to pay support for their spouse or children to the department of public welfare, locating such absent parents and evaluating their ability to pay support and for the purpose of locating education loan defaulters who are legally obligated to repay loans to the Massachusetts Higher Education Assistance Corporation and identifying the employers of the aforesaid defaulters.

**SECTION 7.** Section 4 of said chapter 62E, as so appearing, is hereby amended by adding the following paragraph:-

Upon written request of and at a date specified by the commissioner, the board of regents of higher education acting by and through the Massachusetts Higher Education Assistance Corporation shall provide to the commissioner lists of education loan defaulters with all necessary data to assure positive identification, for the purpose of locating education loan defaulters and identifying their employers.

**SECTION 8.** Section 5 of said chapter 62E, as so appearing, is hereby amended by adding the following paragraph:-

The commissioner shall furnish the board of regents of higher education acting by and through the Massachusetts Higher Education Assistance Corporation with available information as to the address, wages, and employers of the education loan defaulters reported under the provisions of section four; provided, however, that said corporation shall pay to the General Fund of the commonwealth on an annual basis an amount equal to the direct costs incurred by the department and certified by the commissioner as owing due the commonwealth for furnishing such information.

**Chapter 669. AN ACT FURTHER REGULATING THE TRANSFER OF OWNERSHIP AND LICENSES OF CONVALESCENT AND NURSING HOMES, INFIRMARIES OR OTHER HEALTH CARE FACILITIES.**

Be it enacted, etc., as follows:

Section 71 of chapter 111 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the third paragraph and inserting in place thereof the following six paragraphs:-

In the case of the transfer of ownership of a convalescent or nursing home, infirmary maintained in a town, rest home, charitable home for the aged or intermediate care facility for the mentally retarded, a prospective transferee, in the capacity of a prospective licensee, shall submit a notice of intent to acquire such a facility to the department at least ninety days prior to the transfer of ownership. The notice of intent shall be on a form supplied by the department and shall be deemed complete upon submission of all information which the department requires on the notice of intent form and is reasonably necessary to carry out the purposes of this section. Within ninety days of the submission of a completed notice of intent form, the department shall determine whether such prospective licensee is responsible and suitable for licensure. Requests by the department for information other than the information required on the notice of intent form shall not extend the ninety day period. Notwithstanding the foregoing, the department with the consent of said prospective licensee may extend the ninety day determination period for one additional period not to exceed thirty days.

For purposes of this section, the department's determination of responsibility and suitability shall be limited to the following factors:

(i) the criminal history of the prospective licensee, or any officer, director, shareholder or general or limited partner thereof, to which the department has been granted access or certification or may be subsequently granted access or certification by the criminal history systems board;

(ii) the financial capacity of the prospective licensee to operate the health care facility in accordance with applicable laws;

(iii) the history of the prospective licensee in providing long term care in the commonwealth, measured by compliance with applicable statutes and regulations governing the operation of long term care facilities; and

(iv) the history of the prospective licensee in providing long term care in states other than the commonwealth, if any, measured by compliance with the applicable statutes and regulations governing the operation of long term care facilities in said states.

The prospective licensee shall be deemed responsible and suitable upon the expiration of the ninety day period, or upon the expiration of said period as extended, if the department fails to notify said prospective licensee in writing of its decision within the ninety day period or within the expiration of the extension period, whichever is applicable.

Upon determination by the department that the prospective licensee is responsible and suitable for licensure, or upon the failure of the department to notify said prospective licensee in writing of its decision within the required period, and upon a transfer of ownership, the prospective licensee may file an application for a license which shall have the effect of a license until the department takes final action on the application.

If the department determines that the prospective licensee is not suitable for licensure, the department's determination shall take effect on the date of the department's notice. In such cases, the prospective licensee shall upon the filing of a written request with the department be afforded an adjudicatory hearing pursuant to chapter thirty A. During the pendency of such appeal, the prospective licensee shall not operate the facility as a licensee, nor, without prior approval of the department, manage such facility.

No transfer of ownership of a convalescent or nursing home, infirmary maintained in a town, rest home, charitable home for the aged or intermediate care facility for the mentally retarded shall occur unless the prospective licensee has been deemed suitable for licensure in accordance with the provisions of this section.

Approved January 5, 1988.

**Chapter 670. AN ACT PROVIDING FOR A CAPITAL OUTLAY FOR ENERGY RELATED PURPOSES.**

Be it enacted, etc., as follows:

**SECTION 1.** In addition to funds which may be otherwise appropriated or provided from any source, and in addition to funds provided for in sections twenty-eight to thirty-two inclusive, of chapter seven hundred and ninety-six of the acts of nineteen hundred and seventy-nine, and section three of chapter seven hundred of the acts of nineteen hundred and eighty-three, the secretary of energy resources is hereby authorized to expend a sum not to exceed fifteen million dollars in the aggregate for the purpose of contracts to be entered into and grants to be awarded pursuant to section eleven of chapter twenty-five A of the General Laws. Except as otherwise determined by the general court, said sum shall be allocated from time to time by the secretary of energy

resources for the purposes of the energy audit program, the energy conservation improvement program, and the alternative energy property program. When expending such funds, the secretary shall take into consideration, among other relevant factors, the amount of available state and federal financial resources, the needs of each program with respect to public buildings and facilities, the volume of requests or expected requests from other entities for assistance pursuant to each program, the expected costs and public benefits of each program and, after information has become available from the energy audit program, the priorities and needs indicated by that information. Said fifteen million dollars may be expended on the buildings and facilities owned by counties, cities, towns, sewer districts and regional school districts in the commonwealth.

**SECTION 2.** The state treasurer may borrow from time to time on the credit of the commonwealth such sums of money as may be necessary for the purpose of meeting payments authorized by section one of this act and may issue and renew from time to time notes of the commonwealth therefor, bearing interest payable at such time and at such rates as shall be fixed by the state treasurer. Such notes shall be issued and may be renewed one or more times for such terms, not exceeding one year, as the governor may recommend to the general court in accordance with Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, but the final maturities of such notes, whether original or renewal, shall not be later than three years after the date of debt represented by the date that renewable notes were originally incurred. Notes and interest thereon issued under the authority of this section, notwithstanding any other provisions of this act, shall be general obligations of the commonwealth.

**SECTION 3.** To meet the expenditures necessary in carrying out the provisions of section one of this act or to refinance notes issued as provided in section two, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth, to an amount to be specified by the governor from time to time, but not exceeding, in the aggregate, the sum of fifteen million dollars. All bonds issued by the commonwealth, as aforesaid, shall be designated on their face Energy Conservation Bond, Act of 1987 and shall be issued for such maximum term of years not exceeding twenty years as the governor may recommend to the general court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth; provided, however, that all such bonds be payable no later than June thirtieth, two thousand and eleven. The bonds and interest thereon issued under the authority of this section, notwithstanding any other provision of this act, shall be general obligations of the commonwealth.

**SECTION 4.** Section 11 of chapter 25A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out

the second paragraph and inserting in place thereof the following two paragraphs:-

Said secretary is hereby authorized and directed to establish an alternative energy property program to provide alternative energy sources for buildings and facilities owned by the commonwealth, its political subdivisions, public authorities and other public instrumentalities of the commonwealth and of its political subdivisions including, but not limited to, housing authorities and those buildings and facilities leased by the political subdivisions of the commonwealth for at least thirty years and which are used for the provision of local government services; provided, however, that the period of time remaining prior to the expiration of said lease shall not be less than twice the payback period, so-called, for any proposed alternative energy property program project and technology.

Prior to approving any payment under said program with respect to premises leased by a political subdivision of the commonwealth, the secretary shall certify that the terms of such lease are such that any benefit accruing to a private party from such financing is incidental to the public purpose served by such financing.

**SECTION 5.** The fourth paragraph of section 11 of said chapter 25A, as so appearing, is hereby amended by inserting after the second sentence the following sentence:- Any city, town or regional school district which does not provide the secretary with information relating to energy expenses incurred prior to the implementation of energy conservation projects or measures, or alternative energy property program projects or technologies for the purpose of monitoring energy savings resulting from such implementation shall repay not less than fifty per cent of such grant and the time period allowed for repayment shall not exceed ten years from the date of such grant.

**SECTION 6.** Said section 11 of said chapter 25A, as so appearing, is hereby further amended by inserting after the word "town", in lines 34 and 43 in each instance, the following words:- sewer district.,

Approved January 5, 1988.

**Chapter 673. AN ACT FURTHER REGULATING THE MARTHA'S VINEYARD LAND BANK.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 1 of chapter 736 of the acts of 1985 is hereby amended by inserting after the definition of "Land bank commission" the following definition:-

"Legal representative", with respect to any person, shall mean any other person acting pursuant to a written power-of-attorney executed by such person; provided, however, that any affidavit attesting to the true and complete purchase price of real property, submitted to the land bank commission pursuant to section ten, may also be signed on behalf of such person by an attorney admitted to practice in the commonwealth.

**SECTION 2.** The definition of "Real property interest" in section 1 of said chapter 736 is hereby amended by inserting after the word "partnership", in line 11, the words:- unless any real property interest has been transferred to such corporation or partnership for the purpose of evading the fee imposed by section ten.

---

ACTS, 1987. – Chap. 673.

**SECTION 3.** The first paragraph of section 2 of said chapter 736 is hereby amended by adding the following sentence:- The land bank is hereby constituted a body politic and corporate and a public instrumentality and the exercise of the powers herein conferred upon the land bank shall be deemed to be the performance of an essential governmental function.

**SECTION 4.** The first sentence of section 3 of said chapter 736 is hereby amended by striking out, in line 2, the words ", a public body corporate,".

**SECTION 5.** Said section 3 of said chapter 736 is hereby further amended by striking out the fifth, sixth, seventh, eighth and ninth sentences and inserting in place thereof the following five sentences:- The land bank commission shall elect a chairman and a vice chairman from among its regular members; shall elect a secretary and a treasurer who may be the same person, but who need not be members of the land bank commission; and shall adopt, after holding a public hearing and after requesting recommendations from the town advisory board of each of the six member towns that comprise the commission, rules and regulations for conducting its internal affairs and procedural guidelines for carrying out its responsibilities under this act. The land bank commission shall also adopt a management plan for managing each of its land holdings in a manner consistent with section five. In preparing a management plan for any parcel of land, the land bank commission shall use, as guidelines, the open space and master plans, if any, of the town or towns in which such parcel is located and shall request the recommendations of the town advisory board of such town or towns; and the adoption or change of any such management plan shall be subject to the approval of at least two-thirds of the members of the town advisory board of each such town or towns. Decisions of the land bank commission shall be by majority vote of those present and voting at a meeting, and no business shall be transacted at any meeting unless a majority of the town representative members is present; provided that decisions to acquire interests in land and to request state approval of any proposed disposition of an interest in any parcel of land or of any change in its use shall require the affirmative vote of at least a majority of the town representative members of the land bank commission. The land bank commission shall keep accurate records of its meetings and actions and shall file an annual report which shall be distributed with the annual report of each member town.

**SECTION 6.** Section 4 of said chapter 736 is hereby amended by striking out, in line 14, the word "four" and inserting in place thereof the words:- a majority.

**SECTION 7.** Said section 4 of said chapter 736 is hereby further amended by striking out, in lines 28 to 31, inclusive, the words "; or of the county of Dukes County, but only after having been authorized to do

so in each instance by a two-thirds majority town meeting vote of each town in the county of Dukes County".

**SECTION 8.** Said section 4 of said chapter 736 is hereby further amended by striking out, in line 39, the word "and",– and by inserting after the word "five", in line 41, the following:– ; and (j) adopt such regulations and procedures as it deems necessary or appropriate, subject to the provisions of this act, regarding the use and investment of its funds and the keeping of records and accounts.

**SECTION 9.** Said chapter 736 is hereby further amended by inserting after section 4 the following seven sections:–

**Section 4A.** Each member town is hereby authorized to appropriate money to be deposited in the fund as provided in section eight or to provide funds to repay notes of such member town issued pursuant to section four C and, when authorized by a two-thirds vote as defined in section one of chapter forty-four of the General Laws, to incur debt of such member town for such purposes in accordance with the provisions of clause (3) of section seven of said chapter forty-four.

**Section 4B.** The land bank is hereby empowered to issue its bonds and notes, including notes in anticipation of bonds, for the purpose of acquiring land and interests in land as provided in section four. The proceeds of such bonds or notes may be used to pay, in whole or in part, acquisition costs; to provide reserves for debt service and other expenses; to pay consulting, appraisal, advisory and legal fees and costs incidental to the issuance and sale of such bonds or notes; to purchase, refund or renew bonds or notes previously issued; and to pay any other costs and expenses of the land bank necessary for the accomplishment of its purposes. Bonds or notes issued under this act shall be authorized by the land bank commission which shall have full power and authority to determine the amount, form, terms, conditions, provisions for the payment of interest and all other details thereof and to provide for their sale and issuance at such price and in such manner as the land bank commission shall determine, subject only to any limitations set forth in this act. Unless each member town shall have authorized by a two-thirds vote of a town meeting the pledging of the full faith and credit of such towns to secure an issue of bonds or notes of the land bank, all bonds or notes issued hereunder shall be payable solely from the fees and other revenues of the land bank pledged to their payment and shall not be deemed a pledge of the full faith and credit of any town in the county of Dukes County. Bonds and notes issued hereunder shall not be deemed a pledge of the full faith and credit of the county of Dukes County, the commonwealth or, except as provided in the preceding sentence in the case of the member towns, any political subdivision thereof or therein.

The land bank commission may enter into any agreements, including without limitation a loan agreement and a trust agreement, necessary to effectuate and to secure any bonds or notes issued by the land bank. Such agreements may pledge or assign, in whole or in part, the revenues and other money held or to be received by the land bank. Such

agreements may contain provisions for protecting and enforcing the rights, security and remedies of the holders of such bonds or notes, including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event thereof which may include the acceleration of maturities and covenants setting forth the duties of, and limitations on, the land bank in relation to the custody, safeguarding, investment and application of money, the issuance of additional debt obligations, the use of any surplus proceeds of the borrowing, including any investment earnings thereon, and the establishment of special funds and reserves.

The pledge of any such agreement shall be valid and binding and shall be deemed continuously perfected for the purposes of the Uniform Commercial Code from the time when the pledge is made; the revenues, money, rights and proceeds so pledged and then held or thereafter acquired or received by the land bank shall immediately be subject to the lien of such pledge without any physical delivery or segregation thereof or further act; and the lien of any such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against any member town or the county of Dukes County, irrespective of whether such parties have notice thereof. No document by which a pledge is created need be filed or recorded except in the records of the land bank and no filing need be made under the Uniform Commercial Code.

The trustee with respect to any such trust agreement entered into pursuant to this section shall be a trust company or a bank having the powers of a trust company within the commonwealth. Any such trust agreement may provide that any money received thereunder may be held, deposited or invested by the trustee, notwithstanding the provisions of section eight, pending the disbursement thereof, in any deposits or investments which are lawful for the funds of savings banks and shall provide that any officer with whom or any bank or trust company with which such money shall be deposited shall act as trustee of such money and shall hold and apply the same for the purposes hereof and thereof, subject to such regulation or limitation as this act or such trust agreement may provide.

It shall be lawful for any bank or trust company within the commonwealth to act as depository of the proceeds of bonds or notes, revenues or other money hereunder and to furnish such indemnifying bonds or to pledge such security, if any, as may be required by the land bank commission. Any trust agreement entered into pursuant to this section may set forth the rights and remedies of the holders of any bonds or notes and of the trustee and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement may contain such other provisions as the land bank commission may deem reasonable and proper. All expenses incurred in carrying out the provisions of such trust agreement may be (i) treated as part of the cost of operation of the land bank and (ii) paid from the revenues or other funds pledged or assigned to the payment of the principal of and the premium, if any, and interest on the bonds or notes or from any other funds available to the land bank. In addition to other

security provided herein or otherwise by law, bonds or notes issued under this section may be secured, in whole or in part, by insurance or by letters or lines of credit or other credit facilities issued to the land bank by any bank, trust company or other financial institution, within or without the commonwealth, and the land bank may pledge or assign any of its revenues as security for the reimbursement by the land bank to the issuers of such letters or lines of credit, insurance or credit facilities of any payments made thereunder.

Section 4C. If at any time any principal or interest is due or about to come due on any bonds or notes of the land bank to secure which the full faith and credit of the member towns shall have been pledged and funds to pay the same are not available, the land bank commission shall certify to each town treasurer and the selectmen of each member town the amount required to meet such obligations and the town treasurers shall thereupon pay over to the land bank the amount so certified from any funds in the treasury. The amount certified to and payable by each member town shall be determined by applying to the aggregate amount so certified a fraction the numerator of which shall be the amount of revenue derived by the land bank from the fee imposed by section ten upon the transfer of real property interests in such town during the period from the commencement of operations of the land bank to and including the last day of the month preceding the month in which such certification is made, and the denominator of which shall be the total amount of revenue derived from such fee upon the transfer of real property interests during such period in all the member towns whose full faith and credit has been pledged to secure such obligations. For the purpose of providing or restoring to the treasury the sums so paid over to the land bank, each town treasurer, with the approval of the selectmen, is authorized to incur debt outside the town's debt limit and issue notes therefor for a period not exceeding two years and to renew or refund the same from time to time until the town shall have received from the land bank sufficient funds to repay such notes and the interest thereon in full. Whenever the towns shall have been required to pay over any sums of money to the land bank under this section, the land bank shall be precluded from acquiring any additional property, or issuing any of its bonds or notes for purposes other than repaying the towns, until the land bank shall have repaid the towns in full for all sums paid to the land bank hereunder, including interest on any notes issued for such purpose, unless the towns shall have appropriated sufficient funds for such purpose at a town meeting or meetings.

Section 4D. Bonds and notes issued under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments, savings banks, cooperative banks, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds and notes are hereby made securities which may properly and legally be deposited with and received by any state or

municipal officer or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or obligations of the commonwealth is now or may hereafter be authorized by law.

Section 4E. Notwithstanding any of the provisions of this act or any recitals in any bonds or notes issued under this act, all such bonds and notes shall be deemed to be investment securities under the Uniform Commercial Code.

Section 4F. Bonds and notes may be issued under this act without obtaining the consent of any department, division, commission, board, bureau or agency of any member town or of the county of Dukes County, except that the full faith and credit of any member town shall not be pledged for the payment of such bonds or notes unless such pledge shall have been authorized by the appropriate two-thirds vote or votes as provided in section four, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required therefor by this act. The validity of and security for any bonds and notes issued by the land bank shall not be affected by the existence or non-existence of any such consent or other proceedings, conditions or things.

Section 4G. The land bank and all its revenues, income and real and personal property used solely by the land bank in furtherance of its public purposes shall be exempt from taxation and from betterments and special assessments and the land bank shall not be required to pay any tax, excise or assessment to or for the commonwealth or any of its political subdivisions. Bonds and notes issued by the land bank, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be exempt from taxation within the commonwealth. The provisions of section twenty-seven C of chapter twenty-nine of the General Laws shall not apply to this section or any other provision of this chapter.

**SECTION 10.** Section 6 of said chapter 736 is hereby amended by inserting after the first sentence the following sentence:- Notwithstanding the foregoing, the land bank commission may make improvements to any land held for passive recreational use that are not inconsistent with such use.

**SECTION 11.** Section 8 of said chapter 736 is hereby amended by inserting after the second sentence the following sentence:- Grants or gifts of money or other assets to the land bank shall be expended only for the purposes of the grant or gift and subject to any restrictions or limitations imposed thereon by the grantor or donor thereof.

**SECTION 12.** Said section 8 of said chapter 736 is hereby further amended by striking out the last sentence and inserting in place thereof the following sentence:- The county treasurer of said county shall prudently invest available assets of the fund in accordance with the regulations and procedures adopted by the land bank commission

pursuant to clause (j) of section four, and all income thereon shall accrue to the fund.

**SECTION 13.** Section 8A of said chapter 736 is hereby amended by striking out the last sentence and inserting in place thereof the following sentence:- Money in the individual town account of each member town may be expended by the land bank commission, subject to the approval of at least a majority of the members of the town advisory board of such town, for the purchase of land or interests in land permitted by this act, within or outside the borders of such town, or for any other purpose permitted by this act, including the payment of debt service on bonds or notes issued by the land bank hereunder. With the approval of at least two-thirds of the members of the town advisory board of any member town, an agreement entered into under section four B may pledge or assign in whole or in part, the revenues held in, or to be received for the account of, the individual town account of such town to secure any bonds or notes issued by the land bank for a purpose so approved by the town advisory board.

**SECTION 14.** Section 10 of said chapter 736 is hereby amended by striking out the first sentence and inserting in place thereof the following two sentences:- There is hereby imposed a fee equal to two per cent of the purchase price upon the transfer of any real property interest in any real property situated in a member town or towns. The fee percentage may be reduced by a two-thirds vote in favor of such reduction at the annual town meetings of a majority of the member towns in a single calendar year; provided, however, that no reduction in the fee percentage shall take effect until all bonds and notes of the land bank issued prior thereto pursuant to section four B shall have been paid in full.

**SECTION 15.** Section 12 of said chapter 736 is hereby amended by striking out clause (m) and inserting in place thereof the following:-

(m) the first one hundred thousand dollars of the purchase price of a transfer made to a natural person who, or whose spouse, at the time of such transfer has at no time owned or possessed any real property interest as defined in section one either within or without any member town, provided that such person makes the real property interest which is the subject of the transfer his or her actual domicile within two years of the time of transfer; provided, further, that in the event of a subsequent transfer within five years of the transfer exempted from the fee under this subsection, other than the transfer of a mortgage to an institutional lender, the fee exempted shall become due, together with accumulated interest and penalties, and in addition to any fee otherwise due as a result of the subsequent transfer. The purchaser shall certify as to the foregoing, and the land bank commission shall attach to the deed a certificate which shall recite the fact that there is running with the land a lien equal to the amount of the fee exempted plus accumulated interest and penalties until such time as all conditions of this subsection

have been met. The land bank commission shall have the power, at any time and from time to time, to require any purchaser claiming the exemption provided by this subsection to furnish such evidence of compliance with the requirements of this subsection as the land bank commission shall deem necessary or appropriate. If any requirement or condition of this subsection is not met within the time specified, the amount of the fee exempted plus accumulated interest and penalties shall automatically become due and payable.

**SECTION 16.** Said chapter 736 is hereby further amended by inserting after section 14 the following section:-

**Section 14A.** This act, being necessary for the welfare of the member towns and the county of Dukes County and their inhabitants, shall be liberally construed to effect the purposes hereof.

**SECTION 17.** Section 15 of said chapter 736 is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

Any town that is a member of the land bank may withdraw therefrom by the affirmative vote of a majority of the voters at any regular or special town election; provided, however, that any real property interest held by the land bank and situated in a town that withdraws from the land bank shall continue to be held by the land bank until such time as the land bank is dissolved in accordance with this act; provided, further, that no town may withdraw from the land bank until payment in full of all bonds and notes issued by the land bank prior to receipt by the land bank commission of written notice that an election has been called by such town to vote upon the question of such withdrawal. Any town that withdraws from the land bank shall not be liable for debts and obligations incurred by the land bank subsequent to receipt of such notice by the land bank commission. A town that has so withdrawn may renew its membership by the affirmative vote of a majority of the voters at any regular or special town election at which the question of acceptance has been placed on the ballot. Upon the withdrawal of a town from the land bank, all funds then held in the account established for such town pursuant to section eight A, after payment or provision for payment has been made in full on all bonds and notes issued by the land bank prior to receipt by the land bank commission of written notice that an election has been called by such town to vote upon the question of such withdrawal, shall be transferred to the fund established by section eight.

**SECTION 18.** The second paragraph of said section 15 of said chapter 736 is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- If the member towns in the land bank are reduced to a number less than three the land bank shall be dissolved; provided, however, that the fee imposed by section ten shall continue to be imposed in each member town until all bonds and notes of the land bank issued while such town was a member have been paid in full, and the land bank shall continue in existence during such time for

**Chapter 675. AN ACT RELATIVE TO THE RECORDING OF  
FEDERAL LIENS.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately require the recording of federal tax liens and other federal liens in the registry of deeds of the county in which the real property or fixtures against which the lien is assessed are located, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Chapter 36 of the General Laws is hereby amended by striking out section 24, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:—

Section 24. Notice of a federal tax lien which may be filed in the commonwealth or any other federal lien on any real property or fixtures shall be filed with the register of deeds of the county in which such real property or fixtures are situated. Said register shall, whether the title of the real property involved is registered or unregistered, record such notice, the recording fee for which shall be five dollars. Each register of deeds shall cause competent persons to prepare and keep current an alphabetical listing of all taxpayers against whom such a federal tax lien or other federal lien has been recorded commencing with the year nineteen hundred and fifteen. Certificates of discharge or certificates releasing specific property from such liens, or other notices affecting such liens shall be filed with the same register of deeds with whom the notice of lien was filed. The register of deeds shall, for a like fee, record any such certificates or notices and make a note of reference thereto on the margin of the record of the notice of lien referred to therein. Certification of notices of liens, certificates discharging liens, certificates releasing specific property from liens, or other notices affecting federal liens upon real property or fixtures by the secretary of the treasury of the United States or his delegate, or by any official or entity of the United States responsible for filing or certifying of any other lien shall entitle them to be recorded and no other attestation, certification or acknowledgement shall be necessary. The register of deeds may bill the district directors of internal revenue or other appropriate federal officials on a monthly basis for documents filed by them.

**Chapter 677. AN ACT EXTENDING THE TIME FOR CERTAIN RESIDENTIAL TAX CREDITS FOR RENEWABLE ENERGY SOURCE PROPERTY.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide for the extension of time for certain residential tax credits for renewable energy source property, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Section 6 of chapter 62 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out subsection (d) and inserting in place thereof the following subsection:-

(d) any owner or tenant of residential property located in the commonwealth who is not a dependent of another taxpayer and who occupies said property as his principal residence, shall be allowed a credit equal to twenty-five per cent of the net expenditure for a renewable energy source property or one thousand dollars, whichever is lesser; provided, however, that in the case of a newly constructed residence the credit shall be available to the original owner/occupant. Any taxpayer entitled to this credit for any taxable year, the amount of which exceeds his total tax due for the then current taxable year, may carry over the excess amount, as reduced from year to year, and apply it to his tax liability for any one or more of the next succeeding three taxable years; provided, however, that in no taxable year may the amount of the credit allowed exceed the total tax due of the taxpayer for the relevant taxable year. Joint owners of a residential property shall share any credit available to the property under this subsection in the same proportion as their ownership interest.

As used in this section the following words shall have the following meanings:

(I) "Renewable energy source property", property, including materials and component parts thereof separately purchased and assembled by such residential property owner;

(A) which, when installed in connection with a dwelling, transmits or uses:

(1) solar energy or any other form of renewable energy which the commissioner specified by regulations, for the purpose of heating or cooling such dwelling or providing hot water for use within such dwelling, or produces electricity for such purposes; or

(2) wind energy for nonbusiness residential purposes;

(B) the original use of which begins with the taxpayer;

(C) which can reasonably be expected to remain in operation for at least five years; and

(D) which meets the performance and quality standards, if any, which:

(i) have been prescribed by the commissioner by regulation; and

(ii) are in effect at the time of the acquisition of the property.

(II) "Net expenditure", the total of the purchase price for any renewable energy source property, plus installation cost less any credits received pursuant to the Internal Revenue Code and less grants or rebates received from the United States Department of Housing and Urban Development.

**SECTION 2.** Said section 6 of said chapter 62 is hereby further amended by striking out subsection (d), as amended by section one of this act, and inserting in place thereof the following subsection:-

(d) any owner or tenant of residential property located in the commonwealth who is not a dependent of another taxpayer and who occupies said property as his principal residence, shall be allowed a credit equal to fifteen per cent of the net expenditure for a renewable energy source property or one thousand dollars, whichever is lesser; provided, however, that in the case of a newly constructed residence the credit shall be available to the original owner/occupant. Any taxpayer entitled to this credit for any taxable year, the amount of which exceeds his total tax due for the then current taxable year, may carry over the excess amount, as reduced from year to year, and apply it to his tax liability for any one or more of the next succeeding three taxable years; provided, however, that in no taxable year may the amount of the credit allowed exceed the total tax due of the taxpayer for the relevant taxable year. Joint owners of a residential property shall share any credit available to the property under this subsection in the same proportion as their ownership interest.

As used in this section the following words shall have the following meanings:

(I) "Renewable energy source property", property, including materials and component parts thereof, separately purchased and assembled by such residential property owner;

(A) which, when installed in connection with a dwelling, transmits or uses:

(1) solar energy or any other form of renewable energy which the commissioner specified by regulations, for the purpose of heating or cooling such dwelling or providing hot water for use within such dwelling, or produces electricity for such purposes, or

(2) wind energy for nonbusiness residential purposes;

(B) the original use of which begins with the taxpayer;

**ACTS, 1987. – Chap. 678.**

(C) which can reasonably be expected to remain in operation for at least five years; and

(D) which meets the performance and quality standards, if any, which:

(i) have been prescribed by the commissioner by regulation; and

(ii) are in effect at the time of the acquisition of the property.

(II) "Net expenditure", the total of the purchase price for any renewable energy source property, plus installation cost less any credits received pursuant to the Internal Revenue Code and less grants or rebates received from the United States Department of Housing and Urban Development.

**SECTION 3.** Section 35 of chapter 796 of the acts of 1979 is hereby amended by striking out the first sentence, as most recently amended by section 1 of chapter 708 of the acts of 1985, and inserting in place thereof the following sentence:- Section nine shall take effect as of January first, nineteen hundred and seventy-nine and shall not be applicable to tax years commencing after December thirty-first, nineteen hundred and eighty-eight.

**SECTION 4.** The provisions of section one of this act shall be applicable to tax years commencing after December thirty-first, nineteen hundred and eighty-eight and before January first, nineteen hundred and ninety-one.

**SECTION 5.** The provisions of section two of this act shall be applicable to tax years commencing after December thirty-first, nineteen hundred and ninety.

Approved January 6, 1988.

**Chapter 678. AN ACT AUTHORIZING THE CONSTRUCTION OF A COMPREHENSIVE GERIATRIC CARE CENTER TO REPLACE CUSHING HOSPITAL IN THE TOWN OF FRAMINGHAM.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately authorize the construction of a comprehensive geriatric care center to replace the Cushing Hospital in the town of Framingham, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** The deputy commissioner of the division of capital planning and operations is hereby authorized to undertake such planning and study as is necessary to create an integrated development district, including facilities and improvements thereon, at the present site of the

Cushing Hospital in the town of Framingham, for the construction of a replacement public health hospital known as the Massachusetts Geriatric Center, hereinafter referred to as the "Center", for the department of public health, on an approximately thirteen-acre parcel, hereinafter referred to as "Parcel one", and for the construction of state-assisted elderly housing and mixed-income family housing and open space, recreation and other uses compatible with the residential character of the area on an approximately eighty-eight acre parcel, hereinafter referred to as "Parcel two".

Parcel one and Parcel two are bounded and described as follows:

Parcel one:

A certain parcel of land located on the westerly line of West Road in Framingham, Middlesex County, Massachusetts, excepted from Parcel two, and bounded and described as follows:

Beginning at a point to be located at the intersection of the westerly line of West Road with the northerly line of "F" Road; thence running north- westerly along the easterly line of West Road 760 feet, more or less, to a point on the southerly line of "D" Road; thence turning at a 90 degree angle and running northeasterly along the southerly line of "D" Road 730 feet, more or less, to a point; thence turning at a 90 degree angle and running southeasterly along the center line of an existing hospital building 760 feet, more or less, to a point in the northerly line of "F" Road, thence turning at a 90 degree angle and running southwesterly along the northerly line of "F" Road 730 feet, more or less, to the point of the beginning. Said Parcel one contains approximately thirteen acres of land as shown on the above referenced plan, the precise boundaries of which shall be determined by the studies prepared pursuant to section two.

Parcel two:

A certain parcel of land located on the westerly line of West Road and the westerly line of Dudley Road in Framingham, Middlesex County, Massachusetts, and bounded and described as follows:

Beginning a point designated by a stone monument on the westerly line of Dudley Road said point being the northeasterly corner of the premises herein described; thence running southeasterly along the westerly line of Dudley Road a distance of 1744.47 feet to a point at the intersection of the westerly line of Dudley Road and the southerly line of South Road; thence turning at a point on the southerly line of South Road and running southwesterly along South Road a distance of 965 feet, more or less, to a point; thence turning and running southeasterly a distance of 535 feet, more or less, to a point; thence turning and running southwesterly a distance of 985 feet, more or less, to a point on the easterly line of Winter Street; thence turning and running northeasterly along the easterly line of Winter Street a distance of 120 feet, more or less, to a

point; thence turning and running northeasterly a distance of 220 feet, more or less, to a point; thence turning and running northwesterly a distance of 200 feet, more or less, to a point; thence turning and running southwesterly a distance of 220 feet, more or less, to a point on the easterly line of Winter Street; thence turning and running northwesterly along the easterly line of Winter Street a distance of 1090 feet, more or less, to a point; thence turning and running northeasterly a distance of 150 feet, more or less, to a point on the westerly line of West Road; thence turning and running northwesterly along the westerly line of West Road a distance of 1680 feet, more or less, to a point at the intersection of westerly line of West Road with the southerly line of North Road; thence crossing North Road and running northeasterly 710 feet, more or less, to a point; thence turning and running southeasterly 760 feet, more or less, to a point; thence turning and running easterly 180 feet, more or less, to a point; thence turning and running southeasterly 190 feet, more or less, to a point on the easterly line of Dudley Road, said point being the point of beginning.

The above described parcel, exclusive of Parcel one, contains approximately 88 acres of land and is shown on a plan entitled "Existing Conditions, Site Parcels" prepared by HFMH Architects, Inc. on file with the division of capital planning and operations. The precise boundaries of the said Parcel two shall be determined by the studies prepared pursuant to section two. Excepting from both Parcel one and Parcel two all lands contained within public ways owned by either the commonwealth or the town of Framingham.

**SECTION 2.** Said deputy commissioner is hereby authorized to expend the sum of forty-two million dollars for studies, design, preparation of plans, and construction of the center on Parcel one, and to expend an additional sum of five million dollars to demolish existing structures and building foundations and to otherwise prepare Parcel two for development and render said parcel safe from physical constraint and environmental hazard. Any capital expenditure authorized in this act shall be exempt from the provisions of sections twenty-five C to twenty-five G, inclusive, of chapter one hundred and eleven of the General Laws or any other general or special law requiring a determination of need.

**SECTION 3.** Said deputy commissioner is hereby authorized to expend the sum of five hundred thousand dollars to develop a master plan for the reuse of Parcel two for elderly and mixed income family housing and open space, recreation and other uses compatible with the residential character of the area to evaluate alternative proposals, and to negotiate and monitor land disposition agreements in accordance with a memorandum of agreement by and among the executive office of administration and finance, the division of capital planning and operations, the executive office of human services and the department of public health. Such memorandum shall provide the basis for a planning process, including the formation of a citizens advisory committee of up to fifteen

members, hereinafter referred to as "the committee", comprised of residents of the town of Framingham, housing development experts, design and planning professionals and other participants which the deputy commissioner, with the advice of elected officials, deems appropriate. The committee shall include state and local elected officials from the district as ex-officio members. The deputy commissioner shall consider development guidelines, which the committee shall prepare for the reuse of Parcel two, for elderly, family, and other mixed-income housing, and open space, recreation, and other uses compatible with the residential character of the area as the committee deems appropriate. Said guidelines shall be advisory only and in no event shall the deputy commissioner delegate his legal authority to the committee.

**SECTION 4.** Said deputy commissioner is hereby authorized, subject to the provisions of section forty E to forty J, inclusive, of chapter seven of the General Laws, to sell and convey by deed approved as to form by the attorney general, Parcel two to an entity or entities, hereinafter referred to as "the developer", for the purpose of developing affordable housing, including a minimum of forty units of state-assisted elderly housing, family housing, and open space, recreation, and other uses compatible with the residential area, said elderly housing to be located in proximity to the center, integrated into the overall master plan, and compatible with the committee's development guidelines.

**SECTION 5.** Pursuant to the provisions of this section and sections forty E to forty J, inclusive, of chapter seven of the General Laws, the deputy commissioner is hereby authorized to solicit, evaluate, and select development proposals and enter into land disposition agreements between said division of capital planning and operations and the developer.

Prior to issuing a request for proposals pursuant to this section, the deputy commissioner shall undertake as part of the master plan such studies as are necessary to determine the economic feasibility of the terms and conditions, including selection criteria, set forth in the request for proposals.

The deputy commissioner shall issue a request for proposals. The request for proposals shall specify:

- (1) the minimum number of housing units by type, including, but not limited to, elderly and family housing to be provided;
- (2) if the deputy commissioner has determined the minimum or maximum space, or both, to be provided for other development uses consistent with the purposes of this act, such minimum or maximum space requirements;
- (3) a listing and description of uses determined by the deputy commissioner to be infeasible or inconsistent with the purposes of this act.

Taking into consideration the proposed price and the evaluations based on the criteria set forth in the request for proposals, the deputy commissioner shall determine the responsible and responsive developer

submitting the most advantageous proposal. The deputy commissioner may condition disposition of the parcel described in section one on the negotiation of revisions in the development proposal submitted by the selected developer. The deputy commissioner may reject any and all proposals if he determines that rejection is in the best interests of the commonwealth.

If the deputy commissioner selects a developer who did not offer the highest price, the deputy commissioner shall include a justification for such decision in the notification required by section forty H of chapter seven of the General Laws. The deputy commissioner shall maintain a written record in reasonable detail of evaluations and negotiations undertaken pursuant to this act, and shall retain such record with the proposals in accordance with said section forty H.

**SECTION 6.** The disposition of Parcel two shall be subject to the following terms and conditions:

(a) among other criteria in selecting the developer, the deputy commissioner shall encourage and consider proposals that exceed the minimum six per cent requirement for on-site housing opportunities for department of mental health clients;

(b) future development shall be in accordance with the master plan and with the center to be constructed on Parcel one; and

(c) tenant selection for the elderly housing units shall be in accordance with state elderly congregate housing procedures regarding regional outreach and consideration of applicants' medical condition.

**SECTION 7.** Said deputy commissioner shall, thirty days before the execution of any agreement or agreements pertaining to Parcel two authorized by this act, or any subsequent amendment thereof, submit the agreement or agreements or amendment to the committees on state administration and ways and means. The deputy commissioner shall also submit the agreement or agreements or amendments thirty days before execution to the inspector general for his review and comment within fifteen working days of his receipt of any agreement or amendment. The agreement or agreements shall include, but not be limited to, the following conditions:

(a) provision that the developer set aside a minimum of six per cent of the total number of housing units for clients of the department of mental health, so long as the commissioner of the department of mental health certifies that such need exists;

(b) affirmative action provisions as determined appropriate by the deputy commissioner for jobs and business participation relative to minorities, women and town of Framingham residents during construction and as a permanent feature of the development;

(c) appropriate restrictions prohibiting discrimination in employment and in the sale or lease of housing units on the basis of race, sex, age, national origin, religion or handicap, and appropriate fair housing provisions;

(d) provisions for the assumption by the developer of various

obligations for providing public services and improvements on the property in accordance with standards established in the master plan, as reasonably determined by the deputy commissioner;

(e) provisions for preference to eligible Framingham residents and eligible employees of the Cushing Center in the allocations of affordable housing units developed on the site and consistent with appropriate regulations promulgated by the executive office of communities and development; and

(f) remedies on behalf of the commonwealth in the event the developer fails to fulfill his obligation as set forth in the land disposition agreement.

**SECTION 8.** The amount of consideration for the sale or lease of Parcel two shall be determined pursuant to sections forty F and forty H of chapter seven of the General Laws. The consideration for said Parcel two shall take into account the developer's obligations required by this act, the master plan, and the agreement.

**SECTION 9.** Said deputy commissioner is hereby authorized to acquire by transfer, lease or eminent domain taking, to retain or grant, or to accept from the developer any and all rights of way and easements across Parcel two as required by and consistent with the master plan, for purposes of access, construction, and installation and maintenance of utilities.

**SECTION 10.** To meet the expenditures necessary in carrying out the provisions of sections two and three of this act the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time, but not exceeding in the aggregate, the sum of forty-seven million five hundred thousand dollars. All bonds issued by the commonwealth, as aforesaid, shall be designated on their face, Cushing Hospital Development Loan, Act of 1937, and shall be issued for such maximum term of years, not exceeding twenty years, as the governor may recommend to the general court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth; provided, however, that all such bonds shall be payable not later than June thirtieth, two thousand and thirteen.

Bonds and interest thereon issued under authority of this section shall, notwithstanding any other provisions of this act, be general obligations of the commonwealth.

**SECTION 11.** The state treasurer may borrow from time to time on the credit of the commonwealth such sums of money as may be necessary for the purpose of meeting payments authorized by sections two and three of this act and may issue and renew from time to time notes of the commonwealth therefor, bearing interest payable at such time and at such rates as shall be fixed by the state treasurer. Such notes shall be issued and may be renewed one or more times for such

**Chapter 680. AN ACT FURTHER REGULATING THE CONDUCT OF HORSE RACING.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide forthwith for the continuation of the horse racing industry in the commonwealth, therefore, it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Section 2 of chapter 128A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding,

after the last paragraph, the following paragraphs:-

Notwithstanding the foregoing provisions of this section, within five days of the effective date of this act, the commission shall require any person desiring to conduct a running horse or harness horse racing meeting within the commonwealth to file a supplementary application to state the days during calendar year nineteen hundred and eighty-nine on which such applicant intends to conduct a running horse or harness horse racing meeting. Said applicant shall file the supplementary application required by the commission within five days of receipt of the commission's request.

Within three days of receipt of such supplementary application, the commission shall (a) recall any license previously issued to a running horse or harness horse licensee pursuant to an application filed by such licensee on or before October first, nineteen hundred and eighty-seven, (b) issue to the licensee a license requiring the licensee to conduct such a running horse or harness horse racing meeting during calendar years nineteen hundred and eighty-eight and nineteen hundred and eighty-nine and (c) attach to such license conditions as provided for under section two of this act.

No other public hearing need be held on any such supplementary application filed pursuant to the first paragraph of this section if a public hearing was held on the original application filed by the licensee on or before October first nineteen hundred and eighty-seven. Any person or entity licensed pursuant to sections two and three of chapter one hundred and twenty-eight A, as appearing in the 1986 Official Edition, shall be subject to the provisions of chapter one hundred and fifty-one B of the said Official Edition. The chairman shall take such steps and impose such sanctions as may be appropriate to ensure enforcement.

**SECTION 2.** Section 3 of chapter 128A, as amended by said chapter 580, is hereby further amended by inserting, before the last paragraph, the following paragraphs:-

Before issuing a license to conduct a running horse or a harness horse racing meeting, the commission may impose conditions to be met by the licensee during the term of the license. For the violation of any condition attached to such a license by the commission as to which a promise to perform has been executed pursuant to subsection (a) below, and after a hearing conducted in accordance with the provisions of chapter thirty A of the General Laws, the commission shall impose upon such running horse or harness horse licensee a fine not to exceed ten thousand dollars a day for each day that the violation remains uncured; provided, that the commission may impose upon such a licensee a fine of fifteen thousand dollars for each performance the licensee fails to conduct without prior authorization from the commission. Such conditions may include, but shall not be limited to the following:

(a) The commission shall require that an applicant execute a promise to undertake, during the term of the license, specific operations designated by the commission in the areas of maintenance, im-

provements, services and security, and to execute a promise to conduct all performances on all days awarded under the license;

(b) The commission shall require an applicant to deliver to the commission a bond, duly executed, with surety approved by the commission and payable to the commission in the amount of one hundred and twenty-five thousand dollars, such bond to secure the payments of any fines imposed by the commission against the licensee during the term of the license, provided, however, that the licensee shall deliver to the commission a new bond, in the same amount, once the original bond in the amount of one hundred and twenty-five thousand dollars has been exhausted;

(c) The commission shall require that an applicant obtain a duly executed guaranty for the lessors of a running horse or harness horse race track if the applicant is to be the lessee of such a race track, such guarantee to be given for the specific purpose of securing the payment of fines assessed by the commission against the lessee-licensee;

(d) Every six months during the term of any license issued by the commission to a running horse or harness horse licensee, the commission shall require such licensee to submit, and such licensee shall submit, the following information; all current records of income and expenses and said records for the prior six months, all actual and proposed capital expenditures, all architectural and engineering studies, plans and drawings, a list of all employees by job category and duty, all rental agreements and leases, a list of all salaries, bonuses and dividends paid to corporate officers and the aggregate amount of distributions of dividends to shareholders.

No fine or other liability may be imposed for a violation of a condition imposed pursuant to this section resulting from any cause or causes beyond the control of the licensee, including but not limited to, labor disputes, labor shortages which are not the result of any act of the licensee, horsemen's boycotts, inability to fill racing cards which is not the result of any act of the licensee, fire or other casualty, accidents, adverse weather conditions, orders or regulations of any federal, state, county or municipal authority and the like; nor shall a fine be imposed for the cancellation of a performance by the licensee resulting from a good faith determination that track conditions were such that the health, welfare and safety of horsemen, patrons, employees or horses would be endangered by conducting a performance. No fine shall be imposed pursuant to this section after the revocation by the commission of any license.

Notwithstanding the foregoing provisions of this section, in the event this act is amended to reduce the licensee's share of the total amount deposited by patrons wagering at a running horse or harness horse meeting, or if this act is otherwise amended and the licensee is materially and adversely affected thereby, the licensee may relinquish its license and in such event no fine may be imposed pursuant to this section after the date of receipt by the commission of the licensee's written notification of its intent to relinquish its license.

A running horse or harness horse licensee may, within three days of

written notification from the commission of the conditions to be attached to a license, refuse to accept such license, and in the event of such refusal to accept a license, the penalty provisions of this section shall not apply.

**SECTION 3.** Section 5 of chapter 128A as amended by section 9 of chapter 580 of the acts of 1985, is hereby further amended by adding after the third paragraph, the following paragraph:-

Notwithstanding any of the foregoing provisions of this section, in the event live racing has to be cancelled on days awarded by the commission as a result of weather conditions or other emergency, a running horse or harness horse licensee may on such days, upon approval of the commission and as may be permitted under federal law, televise and accept wagers on such races in substitution of live performances; provided, however, that a licensee shall not televise and accept wagers on such races in substitution of more than ten performances within a calendar year.

**SECTION 4.** Chapter 128A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking section 11B in its entirety and inserting in place thereof the following section:-

Section 11B. No person holding title to or having a substantial interest in a race track property, and no person who has been granted a license to conduct a horse or dog racing meeting, and an officer, director, partner or employee of a corporation, association, trust or partnership holding such title, or having such substantial interest, or holding such a license, or having any substantial financial interest in such corporation, association, trust or partnership shall race or cause to be raced any horse or dog in which he or any member of his immediate family has any ownership or interest, either as owner, part-owner, lessee or agent at any meeting where horse or dog racing is conducted under such license. As used in this section, "substantial interest" shall mean an ownership or interest, direct or indirect, of ten per cent or more in said corporation, association, trust or partnership; and "immediate family" shall mean the husband or wife of any officer, director, partner or employee of such corporation, association, trust or partnership and their children, their parents, their brothers and sisters.

Violations of this section shall be sufficient cause for suspension or revocation of any such license granted by the commission.

**SECTION 5.** Chapter 128A of the General Laws is hereby amended by adding the following fifteen sections:-

Section 17. The following words or terms as used in sections seventeen to thirty-two, inclusive, shall have the following meanings, unless a different meaning clearly appears from the context:

"Act" means the Massachusetts Horse Racing Authority Law.

"Authority" means the Massachusetts Horse Racing Authority created by section three of this act.

"Bonds" means bonds issued by the Authority pursuant to this act.

"Projects" means and includes any project which the Authority is authorized to undertake pursuant to this act.

"Notes" means notes issued by the Authority pursuant to the act.

"Commonwealth" means the state of Massachusetts.

"Racing Commission" means the Massachusetts Racing Commission.

"Revenues" all charges and other receipts derived by the Authority from the operation of racetrack facilities and from all other activities or properties of the Authority including, without limiting the generality of the foregoing, proceeds of grants, gifts or appropriations to the Authority investment earnings and proceeds of insurance or condemnation, and the sale or other disposition of real or personal property.

"Racing Meeting" shall include every meeting within the commonwealth where horses are raced and where any form of betting or wagering on the speed or ability of horses shall be permitted, but shall not include any meeting where no such betting or wagering is permitted even though horses or their owners, are awarded certificates, ribbons, premiums, purses, prizes or a portion of gate receipts for speed or ability shown.

"Race Track" shall include the track grounds, auditorium, amphitheatre and/or bleachers, if any, and adjacent places used in connection therewith, where a horse racing meeting may be held.

"Advisory Board" the advisory board established by section twenty-eight.

Section 18. There is hereby established and placed in the executive office for administration and finance a body politic and corporate to be known as the Massachusetts Horse Racing Authority, which shall not be subject to the supervision or control of the executive office for administration and finance or any department, commission, board, bureau or agency of the commonwealth except to the extent and in the manner provided in this act. The Authority is hereby constituted a public instrumentality and the exercise by the Authority of the powers conferred by this act shall be deemed and held to be the performance of an essential public function.

The Authority shall consist of five members, who shall be appointed as provided hereunder. Two members shall be appointed by the governor, one member shall be appointed by the treasurer and receiver-general of the commonwealth, one member shall be appointed by the state auditor, and one of whom shall be appointed by a majority vote of the advisory board established by subsection twenty-eight. No member of the advisory board shall be eligible for appointment as a member of the Authority. All members shall continue in office for a term of six years and until his successor shall be duly appointed and qualified except that any person appointed to fill a vacancy shall serve only for the unexpired term. No member of the Authority shall be eligible for reappointment. Each member of the Authority may be removed by the governor, if appointed by the governor, or the treasurer and receiver-general, or by the state auditor if appointed by the state auditor, for misfeasance, malfeasance or willful neglect of duty, but only after reasonable notice

and a public hearing unless the same are in writing expressly waived. Each member of the Authority before entering upon his duties shall take an oath before the governor to administer the duties of his office faithfully and impartially, and a record of such oaths shall be filed in the office of the secretary of the commonwealth.

The members of the Authority shall serve without compensation but shall be reimbursed for all expenses reasonably incurred by them in the performance of their duties.

The Authority shall elect a secretary and a treasurer, who may be the same person, and may elect an assistant secretary or an assistant treasurer, or both, in which case they may be the same person, who need not be a member of the Authority. The secretary shall keep a record of the proceeds of the Authority and shall be the custodian of all books, documents and papers filed with the Authority and of the minute book or journal of the Authority and of its official seal. The secretary and assistant secretary, if any, shall each have authority to cause copies to be made of all minutes and other records and documents of the Authority and to give certificates under the official seal of the Authority to the effect that such copies are true copies and all persons dealing with the Authority may rely upon such certificates.

The Authority shall provide for regular and special meetings. A majority of the Authority shall constitute a quorum and unless a greater number is required by the by-laws of the Authority, the act of the majority of the full membership of the Authority shall be deemed an act of the Authority.

No member, agent or employee of the Authority shall, directly or indirectly have any financial interest in any property to be included in, or any contract for property or materials to be furnished or used in connection with, a project. Whoever violates any provisions of the preceding sentence shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars, or imprisonment for not more than one year, or both.

No member of the Authority nor any employee of the Authority shall race or caused to be raced any horse in which he or any member of his immediate family has any ownership interest, either as owner, part-owner, lessee or agent at any meeting where horse racing is conducted within the commonwealth. As used in this section "immediate family" shall mean the husband and wife or any member or employee, and their children, their parents, their brothers and sisters.

The Authority may be dissolved by act of the legislature on condition that the Authority has no debts or obligations outstanding or that provision has been made for the payment or retirement of such debts or obligations. Upon any such dissolution of the Authority all property, funds and assets thereof shall be vested in the commonwealth.

Section 19. The Authority shall appoint an executive director who shall be the chief executive officer of the Authority, who shall devote his full time during business hours to the duties of his office, and who shall receive such compensation as the Authority shall determine, but such compensation shall not be reduced without his consent during his

tenure of office. The executive director shall employ such other officers and employees as necessary to the functioning of the Authority. Officers and employees of the Authority shall not be subject to the provisions of chapter thirty-one or section nine A of chapter thirty of the Massachusetts General Laws. Salaries for officers and employees shall be set by the Authority. The Authority may remove the executive director for cause after public notice and hearing.

Section 20. In addition to all powers otherwise granted to the Authority by law, the Authority shall have the following powers:

(a) To adopt by-laws for the regulation of its affairs and the conduct of its business and to issue rules, regulations and policies in connection with the performance of its functions and duties;

(b) To adopt an official seal and alter the same at its pleasure;

(c) To sue and be sued and plead and be impleaded in its own name;

(d) To make and execute all contracts and all other instruments necessary or convenient for the exercise of its power and functions;

(e) To acquire, lease, use, hold and mortgage real, personal or mixed property or any interest, easements or rights therein, as may be necessary or appropriate to carry out the provisions of the act;

(f) To enter into agreements or other transactions with the commonwealth or any political subdivision or public instrumentalities thereof, the United States Government or any federal, state or other governmental agency;

(g) To invest any funds held in reserve funds, or any funds not required for immediate disbursement, in such investments as may be lawful for fiduciaries in the Commonwealth;

(h) To enter into a contract or contracts with any architect, engineer, consultant or contractor; provided that in so doing the Authority shall comply with the provisions of chapter five hundred and seventy-nine of the acts of nineteen hundred and eighty which are applicable to public authorities;

(i) To employ architects, consulting engineers, attorneys, construction, financial and other experts, superintendents, managers and such other employees as may be necessary in its judgment and to fix their compensation;

(j) To receive funds, property, labor and other things of value for any source, public or private, by gift, grant, bequest, loan or otherwise, either absolutely or in trust, and to expand or utilize the same on behalf of the Authority for any of its purposes or to act as an agent or conduct in administering or disbursing funds or financial or other aid from any source;

(k) To appear in its own behalf before boards, commissions, departments or other agencies of government, municipal, state or federal;

(l) To procure insurance against loss in connection with the property of the Authority, in such amounts and from such insurers as may be necessary or desirable;

(m) To formulate plans for the projects involving the acquisition and operation of facilities pursuant to the provisions of this act, and to

construct or reconstruct, expand, remodel, maintain and manage such facilities; provided, that in so doing the Authority shall comply with the provisions of chapter five hundred and seventy-nine of the acts of nineteen hundred and eighty, which are applicable to public authorities;

(n) To fix and revise from time to time, and to charge and collect rates, fees, rentals and other charges for the use of any building, structure, other property or portion thereof under its control;

(o) To receive funds from the commonwealth;

(p) To maintain an office at such place or places within the commonwealth as it may determine;

(q) To acquire, hold, use and dispose of its income, revenues, funds and monies;

(r) To borrow money and to issue its negotiable bonds or notes and to secure the same by a mortgage on its property or any part thereof, and to enter into any credit agreement, and otherwise to provide for and secure the payment of its bonds and notes and to provide for the rights of the holders thereof; provided, however, that the full faith and credit of the commonwealth shall not be pledged;

(s) To acquire in the name of the Authority by purchase or otherwise, in such terms and conditions and in such manner as it may deem proper, or except with respect to the state, by the exercise of the power of eminent domain, pursuant to the provisions of chapter seventy-nine of the General Laws, any land and other property and any and all rights, title and interest in such land and other property, and any fee simple absolute in, easements upon or the benefit of restrictions upon abutting property, to preserve and protect any project;

(t) To receive and apply its revenues to the purposes of this act without appropriation or allotment by the commonwealth or any political subdivision thereof; and

(u) To do any and all things necessary or convenient to carry out its purposes and exercise the powers conferred by this act.

Section 21. The Authority, pursuant to the provisions of this act, chapter one hundred and twenty-eight A of the General Laws and chapter five hundred and eighty of the acts of nineteen hundred and eighty-five is hereby authorized and empowered, either alone or in conjunction with others, and provided that, in the case of an arrangement with respect to any of the projects set forth in this section which shall be in conjunction with others, the Authority shall have sufficient right and power to carry out the public purposes set forth in this act:

(1) To establish, develop, construct, acquire, own, operate, manage, promote, maintain, repair, reconstruct, restore, improve and otherwise effectuate, either directly or indirectly through lessees, licensees or agents, projects consisting of (a) racetrack facilities located within the commonwealth, (b) their contiguous properties, (c) their auxiliary facilities including, without limitation, pavilions, stands, field houses, clubhouses, training tracks for the holding of horse race meetings, other exposition facilities, and other buildings, structures, facilities, properties and appurtenances related to, incidental to, necessary for, or comple-

mentary to a complex suitable for the holding of horse race meetings including, but not limited to, driveways, roads, approaches, parking areas, recreation areas, vending facilities, restaurants, transportation structures and appurtenant facilities related to, incidental to, necessary for or complementary to the purposes of horse racing.

Notwithstanding any law to the contrary, the acquisition of any existing racetrack facility in and licensed by the commonwealth shall be permitted on the condition that payments equivalent to all municipal taxes due to each entity shall be paid by the Authority to the extent and in accordance with the same payment schedule as taxes would have been paid each year, as though the racetrack facility remained in private ownership. In the event the Authority conveys lands or other parts of the racetrack facility to others, the Authority shall receive a reduction of such payments commensurate with the amount required to be paid by the subsequent owner of the lands and improvements disposed of by the Authority. In addition, the Authority shall be responsible for paying its pro rata share of all existing local fees and licensee fees in effect at the time of the acquisition.

The Authority, pursuant to the provisions of this act, is authorized, (1) to make, as part of any of the projects, capital contributions to others for transportation and other facilities, and accommodations for the public's use of any of these projects, (2) to lease any part of any of those projects, for the purposes determined by the Authority to be consistent with or related to the purposes of those projects including, but not limited to, facilities related to or incidental to any of those projects, and (3) to sell or dispose of any real or personal property including, but not limited to, such portion of the site of any of those projects not occupied or to be occupied by the facilities of any of those projects.

Revenues, monies or other funds, if any, derived for the operation or ownership of the projects, including the conduct of horse race meetings, shall be applied, in accordance with the resolution or resolutions authorizing or relating to the issuance of bonds or notes of the Authority, to the following purposes and in the following order:

(1) The costs of operation and maintenance of the racetrack facilities and reserves therefor;

(2) Principal, sinking fund installments and redemption premiums of and interest on any bonds or notes of the Authority issued for the purposes of the racetrack facility or for the purposes of refunding the same, including reserves therefor;

(3) The costs of any major or extraordinary repairs, renewals or replacements with respect to said facilities or incidental improvements thereto, not paid pursuant to paragraph (1) above, including reserves therefor;

(4) Payments to municipalities pursuant to section eight hereof; and

(5) The balance remaining after application in accordance with the above shall be deposited in the General Fund.

Section 22. Not later than January fifteenth, nineteen hundred and eighty-nine, the Authority shall prepare and submit to the governor, the president of the senate, the speaker of the house of representatives, and

the joint legislative committee on government regulations, a proposal for the project of purchasing, developing and operating one or more thoroughbred or harness horse racetracks in the commonwealth, which shall include, but not be limited to, the following:

(a) A detailed description of the lands, structures, fixtures, facilities, easements, rights and other property in and around the facilities known as Suffolk Downs Racetrack and Foxboro Raceway; together with a description of all parties having any title or interest in such lands, structures, facilities, easements, rights or other property and a description of such title or interest; an analysis of the present market value of such lands, structures, facilities, easements, rights or other property and such titles and interests therein; a detailed breakdown of all bonds, notes, mortgages, restrictions, covenants or liens outstanding relative to such properties; recommendations as to the method of acquisition of such properties by or on behalf of the Authority, including the amounts, if any, to be paid to such parties in consideration of or the transfer to the Authority, including the amounts, if any, to be paid to such parties in consideration for the transfer to the Authority of their title or interest in such properties and evidence of any contracts, memoranda of understanding, options, or other agreements entered into between the Authority and such parties with regard to the transfer of their title or interest in such properties;

(b) A detailed proposal for a project of acquisition, reconstruction, modernization and remodeling of the facilities known as Suffolk Downs Racetrack and Foxboro Raceway and with adequate facilities to accommodate quality racing; including a description of the size, capacity, structure, lay-out, design, and facilities of the racetracks and an analysis of the planning, construction and related activities which will be required to reconstruct and modernize the racetracks together with a projected timetable for such planning construction and related activities;

(c) A detailed statement of the costs of the project which shall include the acquisition of the lands, structures, fixtures, facilities, easements, rights and other property, including the facilities known as Suffolk Downs Racetrack and Foxboro Raceway, and the reconstruction, modernization and remodeling of such facilities necessary to accommodate quality racing;

(d) A detailed statement of the projected, annual operating budget for the Authority, including an analysis of all projected costs associated with the maintenance and operation of the racetracks; and including any payments to be made to the municipalities within which the facilities are located in lieu of taxes for such facilities; and any analysis of all projected revenues to be generated by the Authority through the operation of such facilities;

(e) The final decision of the Authority, including the vote thereon, whether to purchase Suffolk Downs Racetrack or Foxboro Raceway, or any other facility or land therefor, for the purposes of continuing horse racing in the commonwealth. The Authority shall include in its report the reasons for its decisions, including, but not limited to, its report on whether the commonwealth would realize greater revenue under

ownership of private entities or the Authority; and

(f) The amount of funds necessary for the Authority to accomplish its purposes, including the amount the Authority intends to raise through the issuance of its bonds and sources and amount of revenue required to redeem said bonds.

Section 23. Notwithstanding the provisions of any general or special law to the contrary, the income, assets and activities of the Authority shall not be subject to any of the provisions of chapter sixty-three of the General Laws or to any taxes based upon or measured by property or income which may be enacted hereafter by the commonwealth or by any subdivision thereof, except as provided herein. The Authority is hereby authorized and empowered to enter into any agreement or agreements with the assessor of the city, or town with the approval of the mayor of the city or board of selectmen of the town, wherein the Authority will undertake to make to the city or town annual payments in lieu of taxes in connection with any real property acquired and owned by the Authority, the amounts of such payments to be reasonable sums stipulated in such agreement or agreements or determined in accordance with a reasonable formula so stipulated. Criteria to be employed by the parties to such agreement or agreements in agreeing upon the amount of such sums or upon any such formula shall include (i) the general level of property taxation in effect in the city or town, (ii) the effect of the facilities and activities of the Authority on the city or town and (iii) the needs of the Authority to maintain or improve its facilities. The Authority shall not be required under such agreement or agreements to make any such payments in lieu of taxes in any year in excess of the balance of the revenues of the Authority remaining after (a) the costs of operation and maintenance of the racetrack facilities and reserves therefor; (b) principal, sinking fund installments and redemption premiums of and interest on any bonds or notes of the Authority issued for the purpose of the racetrack facility or for the purpose of the racetrack facility or for the purpose of refunding the same, including reserves therefor; and (c) the costs of any major or extraordinary repairs, renewals or replacements with respect to said facilities or incidental improvements thereto, not paid pursuant to paragraph (1) above, including reserves therefor.

Section 24. The provisions of this act are severable and if any of its provisions shall be held invalid in any circumstances, such invalidity shall not affect any other provisions or circumstances. This act being necessary for the welfare of the commonwealth and its inhabitants, shall be construed in all respects so as to meet all constitutional requirements. In carrying out the purposes and provisions of this act, all steps shall be taken which are necessary to meet constitutional requirements whether or not such steps are required or expressly authorized by statute.

Section 25. The Authority shall, within one hundred and twenty days following the close of the fiscal year, submit an annual report of its activities for the preceding year to the governor and the clerks of the senate and house of representatives. Each such report shall set forth a

complete operating and financial statement of the Authority.

Section 26. The books and records of the Authority shall be subject to an annual audit by the auditor of the commonwealth.

Section 27. The provisions of chapter twelve A of the General Laws which are applicable to public authorities shall apply to the Massachusetts Horse Racing Authority.

Section 28. There shall be an advisory board to the Authority consisting of eleven members to be appointed by the governor; said appointments shall be made within ninety days of the effective date of this act. The members of the advisory board shall be made up of the following citizens of the commonwealth: one thoroughbred trainer, one standardbred trainer, one thoroughbred owner, one standardbred owner, one Massachusetts thoroughbred breeder, one Massachusetts standardbred breeder, one certified public accountant, one banker, one equine veterinarian, one law enforcement officer, and one attorney at law. The members of the said advisory board shall serve coterminous with the governor.

For the conduct of its business said advisory board shall adopt and may revise and amend bylaws. Said advisory board shall annually elect a chairperson, a vice-chairperson and a secretary. Each member of said advisory board shall serve without compensation but may be reimbursed, as an expense of said advisory board, for all reasonable expenses incurred in the performance of its duties. The purpose of the advisory board shall be as follows:

- (1) To make recommendations to the Authority on annual current expense expenditure budgets submitted by the Authority;

- (2) To make recommendations to the Authority on its charges;

- (3) To hold hearings, which may be held jointly, with the Authority at the discretion of the advisory board and said Authority, on matters relating to said Authority;

- (4) To review the annual report of the Authority and to prepare comments thereon to the Authority and the governor and to make such examinations of the reports on the Authority's records and affairs as the advisory board deems appropriate;

- (5) To make recommendations to the governor and the general court respecting the Authority and its programs; and

- (6) Within thirty days of receiving any proposed current expense budget of the Authority or within fifteen days of receiving any proposed amended expense budget of the Authority, the advisory board shall hold a public hearing on matters relating to such budget for the purpose of ascertaining, for subsequent report to the Authority if necessary, the views of the public thereon.

Section 29. The Authority shall report to the advisory board on matters pursuant to the provisions set forth in section thirteen of this act.

Section 30. Notwithstanding the provisions of any general or special law to the contrary, paragraph (n) of section three of chapter one hundred and twenty-eight A of the General Laws shall not apply to the

activities of the Authority created hereunder. In all other aspects the provisions of Massachusetts General Laws, chapter one hundred and twenty-eight A, chapter four hundred and ninety-four of the acts of nineteen hundred and seventy-eight, chapter five hundred and fifty-eight of the acts of nineteen hundred and eighty-one and chapter five hundred and eighty of the acts of nineteen hundred and eighty-five, shall be applicable to the Authority to the extent they are not inconsistent with the intent and purposes of this act.

Section 31. No business of the Authority shall be conducted until all members are appointed. All members shall be appointed and the Authority shall commence its business, under the provisions of this act, within one hundred and twenty days from the effective date of this act.

**SECTION 6.** The first sentence of section 10 of chapter 580 of the acts of 1985 is hereby amended by striking out the words "nineteen hundred and eighty-five" and inserting in place thereof the words:- nineteen hundred and eighty-eight and by striking out the words "nineteen hundred and ninety" and inserting in place thereof the words:- nineteen hundred and eighty-nine.

**SECTION 7.** Said section 10 of said chapter 580 is hereby amended by striking out the second paragraph in its entirety and inserting in place thereof the following paragraph:-

Each person licensed to conduct a running horse racing meeting, other than licensee holding a racing meeting in connection with a state or county fair, shall pay to the state racing commission on the day following each day of such horse racing meeting, a sum equal to three-quarters of one per cent of the total amount deposited on the preceding day by the patrons so wagering at such meeting, said percentage to be paid from the nineteen per cent withheld, as provided in this section, from the total amount wagered. A sum equal to one-half of one per cent of the total amount deposited by the patrons wagering on the speed or ability of running horses at pari-mutuel running horse tracks, less the so-called breaks, and taken from the three-quarters of one per cent paid daily to the commission under this paragraph, shall, subject to appropriation, be allocated to the Massachusetts Thoroughbred Breeding Program established under the provisions of section two of chapter one hundred and twenty-eight of the General Laws; provided, however, that a sum equal to twenty per cent of this allocation shall, subject to appropriation, be expended for equine research, scholarships and loans at the Tufts University School of Veterinary Medicine.

**SECTION 8.** Said section 10 of said chapter 580 is hereby further amended by striking out the fourth, fifth and sixth paragraphs in their entirety and inserting in place thereof the following three paragraphs:-

Each such licensee may retain at its commission on the total of all sums so deposited, a sum not exceeding the balance of the nineteen per cent withheld as provided in this section from the total amount wagered after deducting therefrom the amount hereinbefore required to be paid

to said commission, after deducting therefrom the amount required to be paid for purses at running horse racing meetings, and after deducting therefrom the amount required to be paid into the Running Horse Promotional Trust Fund.

Notwithstanding any of the foregoing provisions of this section, once a licensee conducting a horse racing meeting has reached the level of the total amount wagered during the previous year in which a running horse racing meeting was conducted at such licensee's track, such licensee shall retain daily as its commission a sum not exceeding the balance of the nineteen per cent withheld as provided in this section from the total amount wagered in the current year, after deducting therefrom three-quarters of one per cent to be paid to the commission and after deducting therefrom seven per cent to be paid as purses, and less the so-called breaks to be paid into the Running Horse Capital Improvements Trust Fund. For purposes of this paragraph, the total amount wagered at a running horse racing meeting during the previous year shall be the product of the average amount wagered at such licensee's track during the previous year in which a running horse racing meeting was conducted at such licensee's track multiplied by the number of available racing days for the current year.

Each person licensed to conduct a harness horse racing meeting, including a licensee holding a harness racing meeting in connection with a state or county fair, shall pay to the commission on the day following each day of such horse racing meeting, a sum equal to one and one-quarter per cent of the total amount deposited on the preceding day by the patrons so wagering at such meeting, said percentage to be paid from the nineteen per cent withheld as provided in this section from the total amount wagered, or from the twenty-three per cent withheld as provided in this section from the total amount wagered on exotic races, excluding races conducted in connection with a state or county fair. A sum equal to one per cent of the total amount deposited by the patrons wagering on the speed or ability of harness horses or pari-mutuel harness horse racing meetings in the commonwealth, less the so-called breaks, and taken from the one and one-quarter per cent paid daily to the commission under this paragraph shall, subject to appropriation, be allocated to the Massachusetts standardbred agricultural fair and breeding fund committee established under the provisions of section ten of chapter twenty of the General Laws.

**SECTION 9.** Said section 10 of chapter 580 of the acts of 1985 is hereby further amended by striking out the ninth paragraph in its entirety and inserting in place thereof the following paragraph:-

Notwithstanding any of the foregoing provisions of this section, once a licensee conducting a harness horse racing meeting has reached the level of the total amount wagered during the previous year in which a harness horse racing meeting was conducted at such licensee's track such licensee shall retain daily at its commission a sum not exceeding the balance of the nineteen or twenty-three per cent withheld as provided in this section from the total amount wagered in the current year after

deducting therefrom the amount herein before required to be paid to the racing commission and after deducting therefrom the applicable amounts required to be paid as purses, and less the so-called breaks to be paid into the Harness Horse Capital Improvements Trust Fund. For purposes of this paragraph, the total amount wagered at a harness horse racing meeting during the previous year shall be the product of the average amount wagered at such licensee's track during the previous year in which a harness horse racing meeting was conducted at such licensee's track multiplied by the number of available racing days for the current year.

**SECTION 10.** Chapter 494 of the acts of 1978, as amended by chapter 580 of the acts of 1985, is hereby further amended by striking out sections 11 and 12 and inserting in place thereof the following two sections:-

Section 11. During the calendar years nineteen hundred and eighty-eight and nineteen hundred and eighty-nine, each running horse track licensee under section three of chapter one hundred and twenty-eight A of the General Laws, other than a licensee holding a racing meeting in connection with a state or county fair, shall daily pay: (a) the total sum of the so-called breaks, as defined in section five of said chapter one hundred and twenty-eight A, into the trust fund known as the Running Horse Capital Improvements Trust Fund under the direction and supervision of the state racing commissioners, as they are individuals, as trustees of said trust; and (b) a sum equal to one-quarter of one per cent of the total amount wagered by patrons so wagering into a trust fund known as the Running Horse Promotional Trust Fund under the direction and supervision of the state racing commissioners, as they are individuals, as trustees of said trust. Said trustees shall deposit all monies in said trust funds in one or more banks, at interest, within the commonwealth.

Said trustee may expend with appropriation all or any part of the Running Horse Capital Improvements Trust Fund to a running horse track licensee for use as all or part of a capital expenditure for alterations, additions, replacements, changes, improvements or major repairs to or upon the property owned or leased by such licensee and used by it for the conduct of racing, but not for the costs of maintenance or of other ordinary operations, whether such costs have been incurred or not; and said trustees may expend without appropriation all or any part of the Running Horse Promotional Trust Fund to such licensee for use in promotional marketing, to reduce the costs of admission, programs, parking and concessions, and to offer other entertainment and giveaways. Said trustees may expend to a licensee all amounts accumulated in such trust fund which are attributable to racing operations conducted at a running horse track.

Said trustees shall prescribe terms and conditions for such grants and may designate specific capital improvements or promotions to be undertaken by a licensee, provided, however, that, prior to approving any expenditures from said trust funds for purposes not designated by the

trustees, the trustees shall require the licensee to submit to them detailed business plans describing the specific promotions and capital improvements contemplated by the licensee and shall formally vote to permit such expenditures; and provided, further, that under no circumstances shall the trustees permit the expenditure of trust funds for purposes not directly related to the improvement of running horse racing or for the raising of handles and attendance; and provided further, that such terms and conditions for capital improvement projects shall include schedules of periodic payments to be prepared by the trustees in accordance with schedules contained in construction contracts for such capital improvement projects. Such licensee shall comply with all applicable provisions of chapter one hundred and forty-nine of the General Laws unless such compliance is waived by the commission for cause.

No such expenditure for such capital improvements or for such promotions shall be approved by the trustees if such improvements or promotions are to be accomplished pursuant to a contract with a person, corporation, partnership, trust or any combination of the same or any other entity owned wholly or in part by a person, corporation, partnership, trust or any combination of the same or any other entity which owns or operates or holds any interest in any racetrack in the commonwealth.

The trustees shall hire the services of such architectural and engineering consultants or the services of such other consultants as they deem appropriate to advise them generally and to evaluate proposed capital improvement and promotional projects submitted to them for their approval.

Nothing herein contained shall preclude a running horse track from making capital improvements or undertaking promotional operations not funded in whole or in part from such funds; provided, however, that all sums approved by said trustees hereunder shall be expended in their entirety for capital improvements or for promotions; and provided, further, that any revision by said licensee in the making of capital improvements or in promotional plans as hereinbefore provided, shall require separate written approval by the trustees therefor. All financial statements required under section six of chapter one hundred and twenty-eight A of the General Laws shall be accompanied by a statement signed under the pains and penalties of perjury by the chief financial officer of the licensee, setting forth the capital improvements made and the promotions completed with funds obtained under this section and further certifying that such expenditures are treated as capital expenditures and promotional expenditures in the accompanying financial statements.

The trustees shall require from a running horse race track such vouchers, cancelled checks or other documents as said trustees deem necessary to verify that the expenditures from said funds were carried out in accordance with the provisions of this section.

Funds paid by licensees and deposited by the commission in the Running Horse Capital Improvements Trust Fund and in the Running

Horse Promotional Trust Fund shall remain in said funds until expended under this section; provided, however, that any amount in said accounts as of December thirty-first, nineteen hundred and ninety which has not been so expended or as to which no binding commitment has been made by said trustees shall thereupon be deposited in the General Fund.

Section 12. During the calendar years nineteen hundred and eighty-eight and nineteen hundred and eighty-nine, each harness horse track licensee under section three of chapter one hundred and twenty-eight A of the General Laws, other than a licensee holding a racing meeting in connection with a state or county fair shall daily pay: (a) the total sum of the so-called breaks, as defined in section five of said chapter one hundred and twenty-eight A, and a sum equal to one per cent of the total amount wagered by patrons wagering on the speed or ability of a combination of more than one harness horse in a single pool, exotic wagering, so-called, into the trust fund known as the Harness Horse Capital Improvements Trust Fund under the direction and supervision of the state racing commissioners, as they are individuals, as trustees of said trust; and (b) a sum equal to one per cent of the total amount wagered by patrons so wagering on said exotic races into a trust fund known as the Harness Horse Promotional Trust Fund under the direction and supervision of the state racing commissioners, as they are individuals, as trustees of said trust. Said trustees shall deposit all monies in said trust funds in one or more banks, at interest within the commonwealth.

Said trustees may expend without appropriation all or any part of the Harness Horse Capital Improvements Trust Fund to a harness horse track licensee for use as all or part of a capital expenditure for alterations, additions, replacements, changes, improvements or major repairs to or upon the property owned or leased by such licensee and used by it for the conduct of racing, but not for the costs of maintenance or of other ordinary operations, whether such costs have been incurred or not; and said trustees may expend without appropriation all or any part of the Harness Horse Promotional Trust Fund to such licensee for use in promotional marketing, to reduce the costs of admission, programs, parking and concessions, and to offer other entertainment and giveaways. Said trustees may expend to a licensee all amounts accumulated in such trust funds which are attributable to racing operations conducted at a harness horse track.

Said trustees shall prescribe terms and conditions for such grants and may designate specific capital improvements or promotions to be undertaken by the licensee; provided, however, that prior to approving any expenditures from said trust funds for purposes not designated by the trustees, the trustees shall require the licensee to submit to them detailed business plans describing the specific promotions and capital improvements contemplated by the licensee and shall formally vote to permit such expenditures; and provided further, that under no circumstances shall the trustees permit the expenditure of trust funds for purposes not directly related to the improvement of harness horse racing or for the raising of handles and attendance; and provided further,

that such terms and conditions for capital improvement projects shall include schedules or periodic payments to be prepared by the trustees in accordance with schedules contained in construction contracts for such capital improvement projects. Such licensee shall comply with all applicable provisions of chapter one hundred and forty-nine of the General Laws unless such compliance is waived by the commission in writing for cause.

No such expenditure for capital improvements or for promotions shall be approved by the trustees if such improvements or promotions are to be accomplished pursuant to a contract with a person, corporation, partnership, trust or any combination of the same or any other entity owned wholly or in part by a person, corporation, partnership, trust or any combination of the same or any other entity which owns or operates or holds any interest in any race track in the commonwealth.

The trustees shall hire the services of such architectural and engineering consultants or the services of such other consultants as they deem appropriate to advise them generally and to evaluate capital improvement and promotional projects submitted to them for their approval.

Nothing herein contained shall preclude a harness horse track from making capital improvements or undertaking promotional operations not funded in whole or in part from such funds; provided, however that all sums approved by said trustees hereunder shall be expended in their entirety for capital improvements or for promotions; and provided further, that any revision by said licensee in the making of capital improvements or in promotional plans as hereinbefore provided, shall require separate written approval by the trustees therefor. All financial statements required under section six of chapter one hundred and twenty-eight A of the General Laws shall be accompanied by a statement signed under the pains and penalties of perjury by the chief financial officer of the licensee, setting forth the capital improvements made and the promotions completed with funds obtained under this section and further certifying that such expenditures are treated as capital expenditures and promotional expenditures in the accompanying statements.

The trustees shall require from a harness race track such vouchers, cancelled checks or other documents as said trustees deem necessary to verify that the expenditures from said funds were carried out in accordance with the provisions of this section.

Funds paid by licensees and deposited by the commission in the Harness Horse Capital Improvements Trust Fund and in the Harness Promotional Trust Fund shall remain in said funds until expended under this section; provided, however, that any amount in said accounts as of December thirty-first, nineteen hundred and ninety which has not been so expended or as to which no binding commitment has been made by said trustees shall thereupon be deposited in the General Fund.

**SECTION 11.** Section 13 of chapter 494, as amended by chapter 580 of the acts of 1985, is hereby further amended by striking out clause (b) and inserting in place thereof the following clause:-

(b) No license shall be issued for more than an aggregate of four hundred and forty racing days in any one year at all harness horse racing meetings combined, including harness horse racing meetings at state or county fairs; provided, however, that one hundred and thirty such days may be awarded only for racing in Hampden county during the period between the first day of January and the fourteenth day of April and between the twenty-second day of October and the twenty-first day of December; provided, further, that ten of the remaining three hundred and ten days may be awarded only in connection with a state or county fair; and provided, further, that the harness racing days awarded in Norfolk county shall not exceed three hundred.

**SECTION 12.** Said section 13 of said chapter 494, as amended by chapter 580 of the acts of 1985, is hereby further amended by striking out clause (h) and inserting in place thereof the following clause:-

(h) In granting authorized dates hereunder the state racing commission shall take into consideration, in addition to any other appropriate and pertinent factors, the following: the financial ability of an applicant to operate a race track, the maximization of state revenues, the suitability of racing facilities for operation at the time of the year for which dates are assigned; the circumstances that large groups of spectators require safe and convenient facilities; the interest of members of the public in racing competition honestly managed and of good quality; the necessity of having and maintaining proper physical facilities for racing meetings and the necessity of according fair treatment to the economic interest and investments of those who in good faith have provided and maintain such facilities. Notwithstanding the foregoing provisions of this section, the racing commission shall have the right to review and reconsider without further notice or public hearing any application made prior to October first for which racing dates have been requested for the following year; provided, however, that such application has had a public hearing prior to November fifteenth; and, provided further, that any applicant who has been denied said racing dates makes a written request for review and reconsideration within ninety days of receiving notice of such denial; and, provided, further, that said commission shall reconsider and review said request within one hundred and eighty days of such denial; further, the racing commission by majority vote may allow a proposed applicant to submit an application for any harness horse racing meetings in Norfolk County in any year in which no license for such harness horse racing meetings has been granted; provided, however, if such application is received it shall be subject to the same notice and public hearing requirements as if it had been filed prior to October first of the preceding year.

**SECTION 13.** In the event the owner of a running horse track facility decides to sell such facility, the owner shall grant the commonwealth the first option to purchase said facility. The purchase price to the state of said facility shall be the average of three independent appraisals.

**Chapter 685. AN ACT FURTHER REGULATING CERTAIN ZONING LAWS.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 40A of the General Laws is hereby amended by striking out section 1A, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 1A. As used in this chapter the following words shall have the following meanings:

"Permit granting authority", the board of appeals or zoning administrator.

"Solar access", the access of a solar energy system to direct sunlight.

"Solar energy system", a device or structural design feature, a substantial purpose of which is to provide daylight for interior lighting or provide for the collection, storage and distribution of solar energy for space heating or cooling, electricity generating, or water heating.

"Special permit granting authority", shall include the board of selectmen, city council, board of appeals, planning board, or zoning administrators as designated by zoning ordinance or by-law for the issuance of special permits.

"Zoning", ordinances and by-laws, adopted by cities and towns to regulate the use of land, buildings and structures to the full extent of the independent constitutional powers of cities and towns to protect the health, safety and general welfare of their present and future inhabitants.

"Zoning administrator", a person designated by the board of appeals pursuant to section thirteen to assume certain duties of said board.

**SECTION 2.** Section two of said chapter forty A is hereby repealed.

**SECTION 3.** Said chapter 40A is hereby further amended by striking out section 5, as so appearing, and inserting in place thereof the following section:-

Section 5. Zoning ordinances or by-laws may be adopted and from time to time changed by amendment, addition or repeal, but only in the manner hereinafter provided. Adoption or change of zoning ordinances or by-laws may be initiated by the submission to the city council or board of selectmen of a proposed zoning ordinance or by-law by a city council, a board of selectmen, a board of appeals, by an individual owning land to be affected by change or adoption, by request of registered voters of a town pursuant to section ten of chapter thirty-nine, by ten registered voters in a city, by a planning board, by a regional planning agency or by other methods provided by municipal charter. The board of selectmen or city council shall within fourteen days of receipt of such zoning ordinance or by-law submit it to the planning board for review.

No zoning ordinance or by-law or amendment thereto shall be adopted until after the planning board in a city or town, and the city council or a committee designated or appointed for the purpose by said council has each held a public hearing thereon, together or separately, at which interested persons shall be given an opportunity to be heard. Said public hearing shall be held within sixty-five days after the proposed zoning ordinance or by-law is submitted to the planning board by the city council or selectmen or if there is none, within sixty-five days after the proposed zoning ordinance or by-law is submitted to the city council or selectmen. Notice of the time and place of such public hearing, of the subject matter, sufficient for identification, and of the place where texts and maps thereof may be inspected shall be published in a newspaper of general circulation in the city or town once in each of two successive weeks, the first publication to be not less than fourteen days before the day of said hearing, and by posting such notice in a

conspicuous place in the city or town hall for a period of not less than fourteen days before the day of said hearing. Notice of said hearing shall also be sent by mail, postage prepaid to the department of community affairs, the regional planning agency, if any, and to the planning board of each abutting cities and towns. The department of community affairs, the regional planning agency, the planning boards of all abutting cities and towns and nonresident property owners who may not have received notice by mail as specified in this section may grant a waiver of notice or submit an affidavit of actual notice to the city or town clerk prior to town meeting or city council action on a proposed zoning ordinance, by-law or change thereto. Zoning ordinances or by-laws may provide that a separate, conspicuous statement shall be included with property tax bills sent to nonresident property owners, stating that notice of such hearings under this chapter shall be sent by mail, postage prepaid, to any such owner who files an annual request for such notice with the city or town clerk no later than January first, and pays a reasonable fee established by such ordinance or by-law. In cases involving boundary, density or use changes within a district, notice shall be sent to any such nonresident property owner who has filed such a request with the city or town clerk and whose property lies in the district where the change is sought. No defect in the form of any notice under this chapter shall invalidate any zoning ordinances or by-laws unless such defect is found to be misleading.

No vote to adopt any such proposed ordinance or by-law or amendment thereto shall be taken until a report with recommendations by a planning board has been submitted to the town meeting or city council, or twenty-one days after said hearing has elapsed without submission of such report. After such notice, hearing and report, or after twenty-one days shall have elapsed after such hearing without submission of such report, a city council or town meeting may adopt, reject, or amend and adopt any such proposed ordinance or by-law. If a city council fails to vote to adopt any proposed ordinance within ninety days after the city council hearing or if a town meeting fails to vote to adopt any proposed by-law within six months after the planning board hearing, no action shall be taken thereon until after a subsequent public hearing is held with notice and report as provided.

No zoning ordinance or by-law or amendment thereto shall be adopted or changed except by a two-thirds vote of all the members of the town council, or of the city council where there is a commission form of government or a single branch, or of each branch where there are two branches, or by a two-thirds vote of a town meeting; provided, however, that if in a city or town with a council of fewer than twenty-five members there is filed with the clerk prior to final action by the council a written protest against such change, stating the reasons duly signed by owners of twenty per cent or more of the area of the land proposed to be included in such change or of the area of the land immediately adjacent extending three hundred feet therefrom, no such change of any such ordinance shall be adopted except by a three-fourths vote of all members.

---

ACTS, 1987. - Chap. 686.

No proposed zoning ordinance or by-law which has been unfavorably acted upon by a city council or town meeting shall be considered by the city council or town meeting within two years after the date of such unfavorable action unless the adoption of such proposed ordinance or by-law is recommended in the final report of the planning board.

When zoning by-laws or amendments thereto are submitted to the attorney general for approval as required by section thirty-two of chapter forty, he shall also be furnished with a statement which may be prepared by the planning board explaining the by-laws or amendments proposed, which statement may be accompanied by explanatory maps or plans.

The effective date of the adoption or amendment of any zoning ordinance or by-law shall be the date on which such adoption or amendment was voted upon by a city council or town meeting; if in towns, publication in a town bulletin or pamphlet and posting is subsequently made or publication in a newspaper pursuant to section thirty-two of chapter forty. If, in a town, said by-law is subsequently disapproved, in whole or in part, by the attorney general, the previous zoning by-law, to the extent that such previous zoning by-law was changed by the disapproved by-law or portion thereof, shall be deemed to have been in effect from the date of such vote.

After approval of zoning by-laws by the attorney general, or adoption of zoning ordinances by the city council, a copy of the latest effective zoning ordinances or by-laws shall be sent by the city or town clerk to the department of community affairs. A true copy of the zoning ordinance or by-law with any amendments thereto shall be kept on file available for inspection in the office of the clerk of such city or town.

No claim of invalidity of any zoning ordinance or by-law arising out of any possible defect in the procedure of adoption or amendment shall be made in any legal proceedings and no state, regional, county or municipal officer shall refuse, deny or revoke any permit, approval or certificate because of any such claim of invalidity unless legal action is commenced within the time period specified in sections thirty-two and thirty-two A of chapter forty and notice specifying the court, parties, invalidity claimed, and date of filing is filed together with a copy of the petition with the town or city clerk within seven days after commencement of the action.

**Chapter 687. AN ACT RELATIVE TO CERTAIN MORTGAGE DOCUMENTS.**

Be it enacted, etc., as follows:

Chapter 184 of the General Laws is hereby amended by inserting after section 17B the following section:–

Section 17C. Any mortgagee doing business in the commonwealth, when processing an application for a loan to be secured by a first mortgage on residential property, shall, upon the issuance to the applicant of a letter of commitment to or denial of such application, include therein notification of the availability to the applicant of a copy of any report, wherever and by whomever prepared, utilized by the mortgagee in connection with any such application and containing an opinion as to the value of said residential property. Upon written request of the said applicant, a copy of any such report shall be provided without additional charge or fee within thirty days from the date of such request; provided, however, that a mortgagee shall not be required to make such copy available if the applicant rescinds the transaction. A mortgagee, appraiser, or employee or other agent of the mortgagee shall not be liable in damages to the applicant, or to the seller or agent of the seller of such property on account of the disclosure or the contents of any such report.

**Chapter 690. AN ACT FURTHER DEFINING SCHOOL AGE CHILD CARE PROGRAMS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 4 of chapter 28A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the word "centers", in lines 7 and 8, the words:– , school age child care programs.

**SECTION 2.** Section 9 of said chapter 28A, as so appearing, is hereby amended by striking out the definition "After school program".

**SECTION 3.** Said section 9 of said chapter 28A, as so appearing, is hereby further amended by inserting after the definition "Placement agency" the following definition:–

"School age child care program", any program or facility operated on a regular basis which provides supervised group care for children not of common parentage who are enrolled in kindergarten and are of sufficient age to enter first grade the following year, or an older child who is not more than fourteen years of age, or sixteen years of age if such child has special needs. Such a program may operate before and after school and may also operate during school vacation and holidays. It provides a planned daily program of activities that is attended by children for

specifically identified blocks of time during the week, usually over a period of weeks or months. A school age child care program shall not include: any program operated by a public school system; any part of a private, organized educational system, unless the services of such system are primarily limited to a school age day care program; a Sunday school or classes for religious instruction conducted by a religious organization where the children are cared for during short periods of time while persons responsible for such children are attending religious services; a family day care home; an informal cooperative arrangement among neighbors or relatives; or the occasional care of children with or without compensation therefor.

**SECTION 4.** Section 10 of said chapter 28A, as so appearing, is hereby amended by striking out paragraphs (a) and (b) and inserting in place thereof the following two paragraphs:-

(a) The office shall issue and may renew a license to any person other than a department, agency or institution of the commonwealth or any political subdivision thereof, who meets applicable standards and requirements to establish and maintain a school age child care program; a day care center, family day care home which is not a part of a family day care system, family day care system, family foster care which is not supervised and approved by a placement agency, group care facility, or temporary shelter facility. The office shall issue and may renew a license to any organization incorporated under chapter one hundred and eighty which meets applicable standards and requirements to establish and maintain a placement agency. The office shall issue approval to a department, agency, or institution of the commonwealth or any political subdivision thereof which it deems meets such applicable standards and requirements to establish and maintain a day care center, family day care home which is not part of a family day care system, family day care system, placement agency, group care facility, or temporary shelter facility.

(b) The office may issue a provisional license for or may provisionally approve a school age child care program, a day care center, family day care home which is not part of a family day care system, family day care system, family foster care which is not supervised and approved by a placement agency, placement agency, group care facility, or temporary shelter facility, any of which has not previously operated or is operating but is temporarily unable to meet applicable standards and requirements.

**SECTION 4A.** Said section 10 of said chapter 28A is hereby further amended by striking out paragraph (c), as most recently amended by section 1 of chapter 610 of the acts of 1987, and inserting in place thereof the following paragraph:-

(c) The office shall, pursuant to the provisions of chapter thirty A, and after consultation with the executive offices of educational affairs, manpower affairs, public safety, communities and development, and the departments of youth services, mental health, mental retardation, public health and public welfare, promulgate rules and regulations to carry out

the purposes and functions of sections nine to sixteen, inclusive. Such regulations, as they relate to standards and requirements for licensure and approval of school age child care programs, day care centers, family day care homes which are not part of a family day care system, family day care system, family foster care which is not supervised and approved by a placement agency, placement agencies, group care facilities, and temporary shelter facilities, shall be appropriate for the protection of the health, well-being and development of children and shall include, but need not be limited to provisions regarding (1) admission policies and procedures; (2) safe transport of children; (3) physical plant and equipment; (4) the number and qualifications of staff; (5) the nature of programs of care or treatment; (6) health care and nutrition; (7) rights and responsibilities of parents, children and staff; (8) record keeping and other procedures relevant to evaluation; (9) organization, financing and administration; and (10) the imposition of civil fines and other sanctions. In formulating the regulations pertinent to family day care homes and family foster care, the office shall give special attention to fire and safety precautions. Such regulations may establish classifications for licensure or approval as are necessary to achieve the purposes of sections nine to sixteen, inclusive; provided, that the standards and requirements for approval of a day care center, family day care home which is not part of a family day care system, family day care system, placement agency, group care facility, or temporary shelter facility, operated by a department, agency or institution of the commonwealth or any political subdivision thereof shall be the same as or higher than those applicable to the licensure or comparable facilities or services. Such regulations shall establish reasonable license fees and appropriate terms for all licenses granted under the provisions of this section. No such license or approval shall be transferable. A provisional license or approval shall be issued for a period not to exceed six months and in no case shall a person operate under a provisional license, provisional approval, or renewal thereof for more than twelve consecutive months. Any rule or regulation involving medical treatment shall include appropriate exemptions for children whose parents object thereto on the ground that it conflicts with the tenets and practice of a recognized church or religious denomination of which the parent or child is an adherent or member. The office shall conduct a comprehensive review of rules and regulations established under this section at least once every five years.

**SECTION 5.** Section 11 of said chapter 28A, as so appearing, is hereby amended by striking out, in line 1, the words "an after school" and inserting in place thereof the words:- a school age child care.

**SECTION 6.** Section 12 of said chapter 28A, as so appearing, is hereby amended by striking out, in line 5, the words "after school" and inserting in place thereof the words:- school age child care.

Approved January 6, 1988.

**Chapter 691. AN ACT RELATIVE TO WORKERS' COMPENSATION.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 4 of chapter 23E of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- There shall be within the division of dispute resolution an industrial accident board, in this chapter and in chapter one hundred and fifty-two called the board, which shall consist of twenty-one members, who shall be administrative judges appointed for six year terms by the governor with the advice and consent of the council, not more than eleven of whom shall be from the same political party.

**SECTION 2.** Paragraph (a) of subsection (3) of section 44C of chapter 149 of the General Laws, as so appearing, is hereby amended by striking out clause (v) and inserting in place thereof the following clause:-

(v) a violation of any state or federal law regulating hours of labor, prevailing wages, minimum wages, overtime pay, equal pay, child labor, or workers' compensation.

**SECTION 3.** Chapter 152 of the General Laws is hereby amended by inserting after section 7E, as so appearing, the following section:-

Section 7F. The department shall keep and maintain a record of filing fees charged under section ten, penalties levied under section seven and section eight, and attorneys' fees ordered under section thirteen A, where such filing fees, penalties, or attorneys' fees are required to be paid by insurers, separately identifying those amounts which may not be utilized in the establishment of premium rates. This information shall be provided to the advisory council and to the commissioner of insurance at least once each calendar year.

**SECTION 4.** Section 8 of said chapter 152, as so appearing, is hereby amended by adding the following subsection:-

(6) Any sixty day payment without prejudice period herein provided may be extended to one hundred twenty days by written agreement of the parties. Such period may be further extended by agreement provided that:

(a) the agreement sets out the last day of such extension; and

(b) the department approves the agreement at a conciliation pursuant to section ten, a conference pursuant to section ten A, or a hearing pursuant to section eleven.

All the provisions of this section shall apply to any period of payment without prejudice which is extended as provided in this subsection. Any payment without prejudice under this section shall toll the statute of limitations pursuant to section forty-one.

**SECTION 5.** Said chapter 152 is hereby further amended by striking out section 10, as so appearing, and inserting in place thereof the

following section:-

Section 10. (1) Any claim for benefits shall be filed with the division of administration on a form prescribed by the division, and shall specifically state the benefits claimed to be due and unpaid. No claim for weekly compensation shall be accepted by the department unless at least thirty days has passed from the date of the alleged onset of disability. On the receipt of a claim for compensation or a complaint from the insurer requesting a modification or discontinuance of benefits, or a complaint from any party requesting resolution of any other issue arising under this chapter unless otherwise expressly provided, the division of administration shall notify the parties that it is in receipt of such claim or complaint, and may request the parties to appear and submit relevant information. The conciliation unit of the division may attempt to resolve the claim or complaint by informal means and the parties shall cooperate with any conciliator assigned to the case.

(2) Any claim or complaint shall be referred to the division of dispute resolution within fifteen business days of its receipt by the division of administration unless:

(a) the moving party fails to appear on request of the conciliation unit or provide requested information, or

(b) a conciliator authorizes an extension of the conciliation period, attaching the reasons therefor to the case file.

Any party aggrieved by an extension of the conciliation period may file a written appeal with the manager of conciliation who shall set a referral date for the case.

(3) In any instance in which the respondent to a claim or a complaint either fails to appear or is not authorized to negotiate, enter into and sign agreements as to compensation at a conciliation, said claim or complaint shall forthwith be referred to the division of dispute resolution.

(4) In each instance in which a claim or complaint is referred to the division of dispute resolution following a conciliation, the conciliator to whom the case was assigned shall forward a written report setting out the issues in controversy and the information he deems to support:

(a) his recommendation that weekly compensation or other benefits should or should not be paid;

(b) his recommendation that weekly compensation or other benefits should or should not be modified or terminated; or

(c) his report that the information available at the conciliation is insufficient for determining whether weekly compensation or other benefits should be paid, modified, or terminated.

(5) In each instance in which a claim for compensation is referred to the division of dispute resolution, the insurer shall pay a fee of thirty per cent of the average weekly wage in the commonwealth at that time; provided, however, that in the event that the insurer failed to appear at a scheduled conciliation, and such failure was not beyond the control of said insurer, the referral fee shall be one hundred and thirty per cent of the average weekly wage in the commonwealth at that time. In such event the referral fee shall not be included in any formula utilized to establish premium rates for workers' compensation insurance. Any

referral fee shall be paid into the Special Revenue Fund established pursuant to section sixty-five.

**SECTION 6.** Said chapter 152 is hereby further amended by striking out section 10A, as so appearing, and inserting in place thereof the following section:–

Section 10A. (1) On referral from the division of administration of a claim for compensation or a complaint for modification or discontinuance of benefits, said claim or complaint shall be immediately assigned to an administrative judge. The administrative judge shall require the parties to appear before him for a conference within twenty-eight days of receipt of the case by the division of dispute resolution. The administrative judge may require and receive reports of injury, signed statements of the employee and any witnesses, medical, hospital, and rehabilitation records, and other written and oral matter. At the conference, the parties shall identify the issues in dispute and they shall produce a summary of any anticipated testimony.

(2) Within seven days of the conclusion of the conference the administrative judge shall file:

(a) a written order requiring or denying that weekly compensation or other benefits be paid; or

(b) a written order modifying, terminating, or denying modification or termination of weekly compensation or other benefits.

(3) Any party aggrieved by an order of an administrative judge shall have fourteen days from the filing date of such order within which to file an appeal for a hearing pursuant to section eleven. Such hearing shall be held within twenty-eight days of the department's receipt of such appeal.

Failure to file a timely appeal or withdrawal of a timely appeal shall be deemed to be acceptance of the administrative judge's order and findings, except that a party who has by mistake, accident or other reasonable cause failed to appeal an order within the time limited herein may within one year of such filing petition the commissioner of the department who may permit such hearing if justice and equity require it, notwithstanding that a decree has previously been rendered on any order filed, pursuant to section twelve.

**SECTION 7.** Section 11C of said chapter 152, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following two sentences:– Any party aggrieved by a decision of an administrative judge after a hearing held pursuant to section eleven shall have thirty days from the filing date of such decision within which to file an appeal from said decision to the reviewing board. A party who has by mistake, accident, or other reasonable cause failed to appeal from a decision within the time limited herein may within one year of the filing of said decision petition the commissioner of the department who may permit such appeal if justice and equity require it, notwithstanding that a decree has previously been rendered on any decision filed, pursuant to section twelve.

**SECTION 8.** Said chapter 152 is hereby further amended by striking out section 13A, as so appearing, and inserting in place thereof the following section:-

Section 13A. (1) Whenever an insurer contests a written claim for benefits, submitted on a form prescribed by the department, including a claim for unpaid medical bills, by failing to commence compensation within fourteen days of receipt of such a claim, and then, at any time prior to five days before a hearing pursuant to section eleven, the insurer agrees to pay with or without prejudice or is ordered to pay the compensation due, said insurer shall pay an attorney's fee sufficient to defray the reasonable costs of counsel retained by the employee. Such fee shall be an amount equal to two times the average weekly wage in the commonwealth at that time, plus necessary expenses; provided, however, that an administrative judge may increase such fee based on the complexity of the dispute or the effort expended by the attorney; and provided, further, that only one such fee shall be paid with respect to such written claim under this paragraph. An insurer shall reduce such a fee to one time the average weekly wage in the commonwealth at that time, when said attorney failed to appear at a scheduled conciliation and such failure was not beyond the control of said attorney. For purposes of this paragraph, the filing of a subsequent written request for benefits shall be deemed an additional written claim for benefits.

(2) Whenever an insurer files a complaint to reduce or discontinue an employee's benefits but withdraws such complaint prior to five days before a hearing pursuant to section eleven, or whenever an employee prevails pursuant to an order modifying or denying modification or discontinuance of weekly compensation or other benefits, such insurer shall pay an attorney's fee sufficient to defray the reasonable costs of counsel retained by the employee. Such fee shall be an amount equal to two times the average weekly wage in the commonwealth at that time, plus necessary expenses; provided, however, that an administrative judge may increase such fee based on the complexity of the dispute or the effort expended by the attorney. An administrative judge shall reduce such a fee to one time the average weekly wage in the commonwealth at that time, when said attorney failed to appear at a scheduled conciliation, and such failure was not beyond the control of said attorney.

(3) Whenever an insurer files a complaint or contests a claim for benefits and then (i) accepts the employee's claim or withdraws its own complaint within five days of the date set for a hearing pursuant to section eleven; or (ii) the employee prevails at such hearing, the insurer shall pay an attorney's fee sufficient to defray the reasonable costs of counsel retained by the employee. Such fee shall be an amount equal to seven times the average weekly wage in the commonwealth at that time, plus necessary expenses; provided, however, that an administrative judge may increase such fee based on the complexity of the dispute or the effort expended by the attorney.

(4) Whenever an insurer appeals a decision of an administrative judge and the employee prevails in the decision of the reviewing board, the insurer shall pay an attorney's fee sufficient to defray the reasonable

costs of counsel retained by the employee. Such fee shall be an amount equal to three times the average weekly wage in the commonwealth at that time, plus necessary expenses; provided, however, that the reviewing board may increase such fee based on the complexity of the dispute or the effort expended by the attorney.

(5) Whenever an employee appeals a decision of an administrative judge and the employee prevails in the decision of the reviewing board, the employee shall pay an attorney's fee sufficient to defray the reasonable costs of counsel retained by said employee. Subject to the approval of the reviewing board, such fee shall be an amount agreed to by the employee and his attorney.

(6) Whenever an insurer and an employee agree to a settlement under section forty-eight, the attorney's fee shall be paid from the settlement in accordance with the following provisions:

(a) when the insurer and the employee reach such settlement prior to insurer acceptance of liability or prior to a decision of an administrative judge, the reviewing board, or the appeals court of the commonwealth finding insurer liability, such fee shall be no more than fifteen per cent of the amount of such settlement;

(b) when the insurer and the employee reach such settlement subsequent to insurer acceptance of liability or subsequent to a decision of an administrative judge, the reviewing board, or the appeals court of the commonwealth finding insurer liability which is in effect at the time such agreement is entered into, such fee shall be no more than twenty per cent of amount of such settlement.

(7) In any hearing or review requested by an insurer or self-insurer aggrieved by an order or decision with respect to an injury occurring prior to November first, nineteen hundred and eighty-six, or in a proceeding brought by an insurer or self-insurer as to the continuance of compensation being paid under this chapter for an injury occurring prior to November first, nineteen hundred and eighty-six, there shall be awarded an amount sufficient to compensate the employee for the reasonable costs of such hearing, review or proceeding, including reasonable counsel fees and expenses, provided that the employee prevails at such hearing, review or proceeding. Such amounts shall be paid by the insurer or self-insurer. Any other attorneys fees for services provided claimants for injuries prior to November first, nineteen hundred and eighty-six, shall be of an amount agreed upon between the employee and the attorney.

(8) The attorneys' fees specified in this section shall be the only fees payable for any services provided to employees under this chapter.

(9) In any proceeding at which a penalty pursuant to section seven is awarded an employee by an administrative judge, the attorney's fee payable for such proceeding shall not be included in any formula utilized to establish premium rates for workers' compensation insurance.

**SECTION 9.** Said chapter 152 is hereby further amended by striking out section 19, as so appearing, and inserting in place thereof the following section:-

Section 19. (1) Except as otherwise provided by section seven, any payment of compensation shall be by written agreement by the parties and subject to the approval of the department. Any other questions arising under this chapter may be so settled by agreement. Said agreements shall for all purposes be enforceable in the same manner as an order under section twelve. A party to such agreement may file a complaint to vacate or modify the agreement on grounds of law or equity.

(2) Any withdrawal of a complaint for discontinuance of compensation shall be made in writing and filed with the department and the employee. Pursuant to section twelve, the trial court for the county in which the injury occurred may order that any attorney's fees prescribed under section thirteen A shall be paid.

**SECTION 10.** Said chapter 152 is hereby further amended by striking out section 25C, as so appearing, and inserting in place thereof the following section:-

Section 25C. (1) Whenever the commissioner or his designee determines that an employer who is required to provide for the payment to his employees of the compensation provided for by the chapter has failed to do so, a stop work order shall be served on said employer, requiring the cessation of all business operations at the place or employment or job site. Such order shall take effect ten days after the date of its service upon said employer, unless such employer provides evidence, satisfactory to the commissioner or his designee, of having secured any necessary insurance or self-insurance and pays a civil penalty into the private employer trust fund in the amount of one hundred dollars per day for each day such employer was not in compliance with this chapter, counting the date of service of the stop work order as the first day and date of payment of the penalty herein provided and of production of evidence of insurance or self-insurance as the final day.

(2) Any employer who is aggrieved by the imposition of a stop work order shall have ten days from the date of its service to appeal such order. Any employer who timely files such appeal shall be granted a hearing by the commissioner or his designee within fourteen days of receipt of appeal. The stop work order shall not be in effect during the pendency of any timely filed appeal. Any stop work order and monetary penalty shall be rescinded if the commissioner or his designee finds at the hearing that the employer has at all times been in compliance with this chapter. If the commissioner or his designee finds at the hearing that the employer did or has not provided for all insurance or self-insurance required by this chapter, the stop work order shall be effective immediately on the conclusion of the hearing and shall remain in effect until such time as the employer provides evidence, satisfactory to the commissioner or his designees, of having secured any necessary insurance or self-insurance and pays a civil penalty into the private employer trust fund in the amount of two hundred and fifty dollars per day for each day such employer was not in compliance with this chapter, counting the date of service of the stop work order as the first day and

the date of payment of the penalty herein provided and of production of evidence of insurance or self-insurance as the final day.

A stop work order and any monetary penalties assessed by the commissioner after a hearing as authorized in this section shall be final at the expiration of thirty days if no action for judicial review of such decision is commenced pursuant to chapter thirty A. Any person who institutes proceedings for judicial review of the final assessment of a penalty by the commissioner pursuant to this section, shall place the final amount of the assessment in an interest-bearing escrow account in the custody of the clerk/magistrate of the reviewing court. The establishment of such interest-bearing account shall be a condition precedent to the jurisdiction of the reviewing court unless the party demonstrates in a preliminary hearing held within twenty days of the filing of the complaint either the presence of a substantial question for review by the court or an inability to pay. Upon such a demonstration, the court may grant an extension or waiver of the interest-bearing escrow account or may require, in lieu of such account, the posting of a bond payable directly to the Private Employer Trust Fund in the amount of one hundred and twenty-five per cent of the assessed penalty. If, after judicial review, in the case where the requirement for an escrow account has been waived, and in the case where a bond has been posted, the court affirms the penalty in whole or in part, the penalty assessed by the commissioner shall be paid with interest at the rate set forth in section six C of chapter two hundred and thirty-one. If, after such review in a case where an interest-bearing escrow account has been established, the court affirms the penalty in whole or in part, the penalty shall be paid with accumulated interest from such account. If the court sets aside the penalty the amount placed in such account or the amount posted for such bond shall be repaid together with any interest thereon.

(3) Any law enforcement agency in the commonwealth shall, at the request of the commissioner, render any assistance necessary to carry out the provisions of this section, including but not limited to preventing any employee or other persons from remaining at a place of employment or jobsite after a stop work order has taken effect.

(4) Any employee affected by a stop work order pursuant to this section shall be paid for the first ten days lost pursuant to such order and any time lost pursuant to this section not exceeding ten days shall be considered time worked under the provisions of chapter one hundred and forty-nine.

(5) In addition to being subject to the civil penalties herein provided, an employer who fails to provide for insurance or self-insurance as required by this chapter shall be punished by a fine of not more than one thousand five hundred dollars or by imprisonment for not more than one year, or both. Failure of an employer, after imposition of such fine or imprisonment, to provide for insurance or self-insurance under this chapter after notice by the department to do so shall, as to each notice, be deemed a further violation in respect thereof, subject to an additional fine and imprisonment. If such employer is a corporation, the president or treasurer or both shall be liable for said punishment. The

commissioner or his designee shall have power to bring complaints against employers, including the president and treasurer of a corporation which is an employer, for violations of the provisions of this subsection, and to prosecute the same, and for such purpose may deputize one or more employees of the department to make and prosecute complaints. Complaints under this subsection shall be brought in the district court in which the principal place of business of such employer is situated, or in the district court in whose district such president or treasurer of a corporation resides.

(6) Every state or local licensing agency shall withhold the issuance or renewal of a license or permit to operate a business or to construct buildings in the commonwealth for any applicant who has not produced acceptable evidence of compliance with the insurance coverage required by this chapter.

(7) Neither the commonwealth nor any of its political subdivisions shall enter into any contract for the performance of public work until acceptable evidence of compliance with the insurance requirements of this chapter have been presented to the contracting authority.

(8) Any judgements obtained by the department requiring employer reimbursements or other payments into the private employer trust fund, and any penalties due pursuant to the service of a stop work order under this section shall, until collected, constitute a lien upon the entire interest of the employer, legal or equitable, in any property, real or personal, tangible or intangible; provided, however, that such lien shall be subordinate to claims for unpaid wages and any prior recorded liens; and provided, further, that no lien created by this section shall be valid against a subsequent purchaser or mortgagee in good faith and for value of real or personal property from or of such employer, or against a subsequent attaching creditor, unless, with respect to real estate of the employer, a notice of such lien is recorded in the registry of deeds for the county where such real estate is located, and, with respect to personal property of the employer, said notice is recorded with the clerk of the city or town where such personal property is located.

**SECTION 11.** Section 29 of said chapter 152, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- No compensation pursuant to section thirty-four or thirty-five shall be paid for any injury which does not incapacitate the employee from earning full wages for a period of five or more calendar days.

**SECTION 12.** Subsection (2) of section 48 of said chapter 152, as so appearing, is hereby amended by striking out the first paragraph and inserting in its place the following paragraph:-

When the insurer and the employee reach such agreement subsequent to insurer acceptance of liability or subsequent to a decision of an administrative judge, the reviewing board, or an appeals court of the commonwealth finding insurer liability which decision is in effect at the time such agreement is entered into, said agreement shall not redeem

liability for the payment of medical benefits or vocational rehabilitation benefits with respect to such injury.

**SECTION 13.** Section fifty-two of said chapter one hundred and fifty-two is hereby repealed.

**SECTION 14.** Section 53A of said chapter 152, as appearing in the 1986 Official Edition, is hereby amended by adding the following subsection:-

(11) The commissioner shall establish a procedure for the identification and separate annual reporting by each insurer of any penalty payments and legal fees which this chapter requires to be excluded from any formula utilized to establish premium rates for workers' compensation insurance. Said commissioner may compare said reports by insurers to records of such penalty payments and legal fees maintained by the department of industrial accidents in order to judge the accuracy of said reports.

**SECTION 15.** Section 65 of said chapter 152, as so appearing, is hereby amended by adding the following subsection:-

(13) When a claim is made against the Workers' Compensation Trust Fund for payment of compensation pursuant to clause (e) of subsection (2), the employer may be joined as a party by an administrative judge, on the motion of the claimant or the representative of the Fund.

**SECTION 16.** Notwithstanding the provisions of section four of chapter twenty-three E of the General Laws, or any other general or special law to the contrary, the governor, with the advice and consent of the council, shall appoint, in addition to the members of the industrial accident board provided for in said section four of said chapter twenty-three E, seven temporary members of said board for a two year term; provided, however, that said temporary members may be recalled pursuant to section seven of said chapter twenty-three E. Said temporary members under no circumstances shall be retained beyond such time that the backlog of cases for which the positions were created, is completed. Said temporary members shall receive the same salary as that paid to members of the board appointed under said section four. Said temporary members shall devote their full time during normal business hours to the duties of their office.

The commissioner of the department of industrial accidents serving on the effective date of this act, failing reappointment as commissioner at any time during the remainder of his original term of appointment to the industrial accident board, shall serve as a member of said board for the remainder of said original term, in which event the total membership of said board shall be increased by one.

**SECTION 17.** For the purpose of implementing the provisions of this act, there is hereby appropriated the following amount:

**Chapter 692. AN ACT PROVIDING FOR THE ESTABLISHMENT OF A NURSING REHABILITATION PROGRAM.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 74 of chapter 112 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- The board of registration in nursing in this section and in sections seventy-four A to eighty-one C, inclusive, called the board, shall hold simultaneous examinations for the registration of nurses in the cities of Boston, Worcester, Springfield and Pittsfield at such times as it shall determine.

**SECTION 2.** Said chapter 112 is hereby further amended by inserting after section 80E the following section:-

Section 80F. (a) The board shall establish a rehabilitation program designed to assist nurses, whose competency has been impaired because of substance abuse disorders, to return to practice. Such program shall be designed in such a manner so that the public health and safety will not be endangered.

(b) The rehabilitation program shall: (1) serve as a voluntary alternative to traditional disciplinary actions; (2) establish criteria for the acceptance, denial, or termination of registered nurses and licensed practical nurses in said program; and (3) establish an outreach program to help identify registered and licensed practical nurses who are substance abusers and to educate them about said rehabilitation program.

Only those registered nurses and licensed practical nurses who have requested rehabilitation and supervision shall participate in said program.

(c) The board shall appoint one or more rehabilitation evaluation committees consisting of nine members, two of whom shall be registered nurses with demonstrated experience in the field of substance use disorders or psychiatric mental health nursing; two of whom shall be licensed practical nurses with demonstrated experience in the field of substance use disorders or psychiatric mental health nursing; one of whom shall be a registered nurse employed as a nursing service administrator; one of whom shall be a registered or licensed practical nurse who has recovered from drug or alcohol addiction and has been drug and alcohol free for a minimum of two years; and three of whom shall be representatives of the public who are knowledgeable about the field of substance abuse or mental health. Each committee shall elect a chairperson and a vice chairperson. The members of the committee shall serve for such terms as the board shall determine but in no case shall such term exceed four years. All members of the committee who are nurses shall hold licenses as nurses in the commonwealth for the duration of their terms. No board member may serve on a committee.

(d) The board shall employ nurse specialists with demonstrated professional expertise in the field of substance abuse disorders to serve as supervisors of participants in the rehabilitation program. Such supervisors shall serve as a liaison among the board, the committee, approved treatment programs and providers, and licensees. All information obtained by a supervisor pursuant to this section shall be

exempt from disclosure and shall be confidential subject to the provisions of subsections (f) and (g).

(e) All rehabilitation evaluation committee findings shall be submitted to the board as recommendations and shall be subject to final approval of the board. Each committee shall have the following duties and responsibilities:

(1) To evaluate, according to the guidelines prescribed by the board, those registered nurses or licensed practical nurses who request participation in the program and to consider the recommendations of the nurse specialist supervisor in the admission of the registered nurse or licensed practical nurse to the rehabilitation program.

(2) To review and designate those treatment facilities and services to which rehabilitation program participants may be referred.

(3) To receive and review information concerning a registered nurse or licensed practical nurse participating in the program.

(4) To consider in the case of each rehabilitation program participant whether the nurse may with safety continue or resume the practice of nursing.

(5) To call meetings as necessary to consider the requests of registered nurses or licensed practical nurses to participate in the rehabilitation program, and to consider reports regarding rehabilitation program participants.

(6) To prepare reports to be submitted to the board.

(7) To set forth in writing for each rehabilitation program participant an individualized rehabilitation program with requirements for supervision and surveillance.

(8) To provide information to nurses requesting participation in the program.

(f) Each registered nurse or licensed practical nurse who requests participation in a rehabilitation program shall agree to cooperate with the rehabilitation program recommended by a rehabilitation evaluation committee and approved by the board. Any failure to comply with the provisions of a rehabilitation program may result in termination of the participant from the rehabilitation program. The name and license number of a registered nurse or licensed practical nurse terminated for failure to comply with the provisions of a rehabilitation program shall be reported to the board.

(g) After a committee in its discretion has determined that a registered nurse or licensed practical nurse has been rehabilitated and the rehabilitation program is completed, the board shall seal all records pertaining to the nurse's participation in the rehabilitation program. No record shall be sealed sooner than five years from the nurse's date of entry into the rehabilitation program. All board and committee records and records of a proceeding pertaining to the rehabilitation of a registered nurse or licensed practical nurse in the rehabilitation program shall be kept confidential and are not subject to discovery.

**Chapter 696. AN ACT REGULATING THE REPORTING OF INFECTIOUS DISEASES DANGEROUS TO THE PUBLIC HEALTH.**

Be it enacted, etc., as follows:

Chapter 111 of the General Laws is hereby amended by inserting after section 111B the following section:-

Section 111C. Any person, including without limitation, a police officer, fire fighter, emergency medical technician, corrections officer, ambulance operator or attendant who, while acting in his or her professional capacity, attends, assists, or transports a person to a health care facility licensed under section fifty-one of chapter one hundred and eleven, and who sustains an unprotected exposure capable of transmitting an infectious disease dangerous to the public health, shall immediately, upon arrival at such facility, provide to the admitting agent or other appropriate employee of the said facility a standardized trip form. The department shall prepare and distribute said standardized trip form, which shall include, but need not be limited to the names of persons who believe they have had such unprotected exposure, and the manner in which such exposure occurred.

"Infectious diseases dangerous to the public health" shall be defined by department regulations which shall be promulgated pursuant to this section.

"Unprotected exposure capable of transmitting on infectious disease dangerous to the public health" shall be defined in regulations promulgated by the department and shall include, but not be limited to, instances of direct mouth-to-mouth resuscitation, or the co-mingling of the blood of the patient and the person who has transported the patient to the health care facility.

Any health care facility licensed under section fifty-one of chapter one hundred and eleven which, after receiving a transported individual,

diagnoses the individual as having an infectious disease dangerous to the public health as defined pursuant to the provisions of this section, shall notify orally within forty-eight hours after making such a diagnosis, and in writing within seventy-two hours of such diagnosis, any individual listed on the trip report who has sustained an unprotected exposure which, in the opinion of the health care facility is capable of transmitting such disease. Such response shall include, but not be limited to, the appropriate medical precautions and treatments which should be taken by the party who has sustained the unprotected exposure; provided, however, that the identity of the patient suspected of having such disease shall not be released in such response, and shall be kept confidential in accordance with the provisions of section seventy. The department shall determine the method by which the response to the trip report is conveyed, and shall assure the patient is informed of those individuals who have been notified of his or her disease pursuant to this section, and that the response is directed only to those parties who have sustained an unprotected exposure to an infectious disease.

Notwithstanding the provisions of any general law or special law to the contrary, no hospital, or agent, employee, administrator, doctor, official or other representative of said reporting institution shall be held jointly or severally liable either as an institution, or personally, for reporting pursuant to the requirements of this section, if such report was made in good faith. All such parties, provided they have operated in good faith, shall otherwise be afforded total immunity from civil or criminal liability as a result of fulfilling the provisions of this section or the regulations promulgated in accordance with this section.

Approved January 6, 1988.

**Chapter 697. AN ACT FURTHER REGULATING PUBLIC EMPLOYEE RETIREMENT IN THE COMMONWEALTH.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide for a reform of the pension systems of the commonwealth and its political subdivisions, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Sections one hundred and two, one hundred and three, and one hundred and four of chapter six of the General Laws are hereby repealed.

**SECTION 2.** Section 50 of chapter 7 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following paragraph:-

Any rules or regulations recommended by said commissioner which

require the approval of the general court shall be referred by the appropriate clerks to the appropriate standing committee of the general court. Within fifteen days of receipt of any such recommendations, such committee shall transmit in writing to said commissioner its suggestions, if any, for modifications in said recommended rules and regulations. Within fifteen days of receipt of such suggestions, said commissioner shall resubmit to such committee such recommended rules and regulations, together with any modifications made thereto. No such rules and regulations shall take effect except in accordance with the provisions of this section.

**SECTION 3.** Chapter 10 of the General Laws is hereby amended by inserting after section 35G the following section:-

Section 35H. There shall be, in the office of the state treasurer but not subject to his control, a retirement law commission of seven members, consisting of three members appointed by the governor, with the advice and consent of the council, and three members appointed by the state treasurer with the advice and consent of the council, and a seventh member chosen by the first six members who shall be the chairman and who shall serve for a term of five years. Of the three appointments allotted to the governor, and the state treasurer, respectively, the terms of service shall be determined as follows: the first such appointments by the governor and the treasurer shall be for a term of three years, the second such appointments shall be for a term of four years, and, the third such appointments shall be for a term of five years. The members shall serve without compensation but shall receive their necessary expenses incurred in the discharge of their official duties. Upon the expiration of the term of an appointed member, or the chairman, or a vacancy otherwise created in said positions, the successor for said position shall be appointed in the manner aforesaid for the same term as his predecessor, or for the remainder of his term, whichever is applicable.

Said commission shall conduct continuing studies of the operation of all provisions of law relative to retirement allowances, pensions, or annuities; the administration of pensions by state, county, city, and town agencies; and shall study the potential cost of provisions of existing law and of all proposed changes. Said commission shall file a copy of all such reports, investigations, and studies with the board of the applicable system, and the commissioner of public employee retirement as well as, in the case of reports, investigations, and studies relative to the state employees' retirement system, the teachers' retirement system, and any other pension liabilities assumed by the commonwealth, with the commissioner of administration and the house and senate committees on ways and means. Each such actuarial valuation report and accompanying experience investigation shall be so filed no later than ten months after the date as of which the system is valued, except that each such report and accompanying investigation for the state employees' retirement system, the teachers' retirement system, and any other pension liabilities assumed by the commonwealth shall be so filed no later than

six months after the date as of which the system or other assumed pension liability is valued.

Said commission shall report annually to the governor and to the general court its activities and accomplishments, and such recommended legislation as may be necessary to effect desirable changes in the retirement law and to promote a more efficient administration thereof. It shall forthwith deliver to the house and senate committees on ways and means any and all documents, reports, data, statistics, and any other information which either committee may from time to time request from said commission. It may prepare and publish reports for the information of employees concerning benefits available and procedures to be followed, and reports to the public to promote more adequate understanding of the retirement policies and problems of the commonwealth.

Said commission may appoint an executive secretary who shall not be subject to chapter thirty-one and who shall receive such salary as the commission with the approval of the governor and council may fix and may appoint such other assistants, consultants, investigators, and experts as it deems necessary to carry out the provisions of this section. Said commission shall be provided with adequate offices in the state house or elsewhere in the city of Boston. It may call upon any department, board, commission, or officer of the commonwealth or any subdivision thereof for such information as it may desire in the course of its duties. It may hold public hearings and shall have the power to summon witnesses and to require the production of books, records, and papers.

For the purposes of this section the term "system" shall mean system as defined in section one of chapter thirty-two.

**SECTION 4.** Section 16 of chapter 15 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out, in line 11, the word "insurance" and inserting in place thereof the words:- public employee retirement.

**SECTION 5.** The first paragraph of section 9A of chapter 22 of the General Laws, as so appearing, is hereby amended by adding the following sentence:- Subsequent to January first, nineteen hundred and eighty-eight, no person who smokes any tobacco product shall be eligible for appointment as a uniformed member of the division of state police, and no person so appointed after said date shall continue in such office or position if such person thereafter smokes any tobacco product; the personnel administrator shall promulgate regulations for the implementation of the provisions of this sentence.

**SECTION 6.** The second paragraph of section 2 of chapter 27 of the General Laws, as so appearing, is hereby amended by adding the following sentence:- Subsequent to January first, nineteen hundred and eighty-eight, no person who smokes any tobacco product shall be eligible for appointment as an employee of the department in a position or office the regular or incidental duties of which require the care, supervision, or

custody of prisoners, criminally insane persons or defective delinquents and no person so appointed after said date shall continue in such office or position if such person thereafter smokes any tobacco product; the personnel administrator shall promulgate regulations for the implementation of the provisions of this sentence.

**SECTION 7.** Subsection (f) of section 6B of chapter 29 of the General Laws, as so appearing, is hereby amended by striking out, in line 294, the words "State Employees' Pension Reserve fund" and inserting in place thereof the words:- Commonwealth's Pension Liability Fund.

**SECTION 8.** Section 39 of chapter 31 of the General Laws, as so appearing, is hereby amended by striking out the third paragraph and inserting in place thereof the following paragraph:-

If a permanent employee who has become separated from his position because of disability shall be subsequently capable of employment as determined pursuant to section eight of chapter thirty-two by the retirement board, as defined in section one of chapter thirty-two, such employee shall be placed in a position in the same or similar title in the department from which he was separated or any other department prior to the appointment from any civil service list; provided, however, that in the event that such placement of such employee occurs after a period of time greater than five years from the date of such separation or results in such employee occupying a position in a different title from the title of the position from which he was separated, such placement right shall be subject to the completion by such employee of a retraining program established by the appointing authority, and approved by the personnel administrator.

**SECTION 10.** Said chapter 31 is hereby further amended by inserting after section 61 the following two sections:-

Section 61A. The administrator, with the secretary of public safety and the commissioner of public health shall establish initial health and physical fitness standards which shall be applicable to all police officers and firefighters when they are appointed to permanent, temporary, intermittent, or reserve positions in cities and towns or other governmental units. Such standards shall be established by regulations promulgated by the administrator after consultation with representatives of police and firefighter unions, and the Massachusetts Municipal Association.

Notwithstanding the provisions of this paragraph, any municipality may adopt, subject to collective bargaining, stricter health and physical fitness standards. Such initial health and physical fitness standards shall be rationally related to the duties of such positions and shall have the purpose of minimizing health and safety risks to the public, fellow workers and the police officers and firefighters themselves.

No person appointed to a permanent, temporary, intermittent, or reserve police or firefighter position after January first, nineteen hundred and eighty-eight shall perform the duties of such position until

he shall have undergone initial medical and physical fitness examinations and shall have met such initial standards. The appointing board or officer shall provide initial medical and physical fitness examinations within thirty days of the appointment. If such person fails to pass an initial medical or physical fitness examination, he shall be eligible to undergo a reexamination within sixty days of the date of the failure of the initial examination. If he fails to pass the reexamination, his appointment shall be rescinded. No such person shall commence service or receive his regular compensation until such person passes the health examination or reexamination.

The administrator, shall establish in-service health and physical fitness standards which shall be applicable to all police officers and firefighters in permanent, temporary, intermittent, and reserve positions in cities and towns. Such standards shall be established by regulations promulgated by the administrator after consultation with representatives of police and firefighters unions, and the Massachusetts Municipal Association. Notwithstanding the provisions of this paragraph, any municipality may adopt, subject to collective bargaining, stricter in-service health and physical fitness standards. Such in-service health and physical fitness standards shall be rationally related to the duties of such positions and shall have the purpose of minimizing health and safety risks to the public, fellow workers, and the police officers and firefighters themselves. Such standards shall take into account the age of the police officer or firefighter.

All police officers and firefighters in such positions shall undergo in-service medical and physical fitness examinations at such time intervals as the administrator shall determine, but no less frequently than once every two years. Any police officer or firefighter appointed to such a position after January first, nineteen hundred and eighty-eight shall be required to maintain his health and physical fitness at a level which meets such in-service standards. If a police officer or firefighter appointed to such a position after January first, nineteen hundred and eighty-eight fails to pass such an in-service examination, he shall be eligible to undergo a reexamination within sixty days of the date of the in-service medical or physical fitness examination failed. If he fails the reexamination, he shall be eligible to undergo a second reexamination within ninety days of the date of the first reexamination. If he fails to pass the second reexamination, his appointment shall be terminated or not renewed as the case may be. A police officer or firefighter who fails an in-service examination may continue to receive his regular compensation provided that he undergoes a reexamination within sixty days. If he fails the reexamination, his regular compensation shall be suspended pending the outcome of the second reexamination.

If the appointment of a police officer or firefighter is terminated or not renewed in accordance with this section, he may apply for superannuation, ordinary disability, or accidental disability retirement benefits as provided in chapter thirty-two. A police officer or firefighter whose appointment is terminated or not renewed because of his failure to meet in-service health or physical fitness standards shall

not be presumed by virtue of such termination or nonrenewal to be disabled for pension purposes.

The administrator shall establish procedures for the administration of such medical and physical fitness examinations by cities and towns. Such examinations may be administered at the police academy or at the firefighting academy in accordance with such procedures.

The provisions of this section shall apply to all police officers and firefighters in cities, towns, districts, or other governmental units which have accepted the provisions of this section and section sixty-one B.

The personnel administrator shall submit regulations promulgated pursuant to this section to the clerks of the house of representatives and senate, who shall refer said regulations to the appropriate standing committee of the general court. Within fifteen days of said referral, said committee shall transmit in writing to the administrator its recommendations, if any, for modifications to said regulations. Within fifteen days of receipt of any such recommendations, the administrator shall resubmit said regulations to said committee together with any modifications made thereto. If the general court takes no final action relative to said regulations within forty-five days of the date on which said regulations are first referred to said committee, said regulations shall be filed with the state secretary pursuant to the provisions of section five of chapter thirty A. No such regulations shall take effect until filed with the state secretary in accordance with the provisions of this paragraph.

Section 61B. Any city, town, district or other governmental unit which accepts the provisions of this section shall establish a wellness program for police officers and firefighters, if any, employed in such city, town, district or other governmental unit. Such wellness program shall be in accordance with the minimum requirements established by the department of public health pursuant to section two hundred and three of chapter one hundred and eleven. The commonwealth and any agencies or authorities thereof shall establish such programs for any police officers or firefighters employed by said commonwealth, agencies or authorities and shall be deemed to have accepted this section for the purposes of section sixty-one A. Any city, town, district, or other governmental unit, but not including the commonwealth, its agencies or authorities, which accepts the provisions of this section and provides wellness programs pursuant thereto shall be reimbursed for the lesser of (i) one-half the costs thereof or (ii) an amount equal to one hundred dollars per employee, by the commonwealth, upon certification by the secretary of public safety. Said secretary shall certify the amount of such reimbursement to be paid to such city, town, district, or other governmental unit from information filed on or before September first of each year with said secretary by the appointing authority.

**SECTION 11.** The third paragraph of section 64 of said chapter 31, as so appearing, is hereby amended by adding the following sentence:- Subsequent to January first, nineteen hundred and eighty-eight, no person who smokes any tobacco product shall be eligible for appointment

as a uniformed member of the metropolitan district police, the Massachusetts bay transportation authority police force, or the capitol police force, or of the public works building police, and no person so appointed after said date shall continue in such office or position if such person thereafter smokes any tobacco product; the personnel administrator shall promulgate regulations for the implementation of the provisions of this sentence.

**SECTION 12.** Section 1 of chapter 32 of the General Laws, as so appearing, is hereby amended by striking out the definition of "Actuarial equivalent" and inserting in place thereof the following definition:-

"Actuarial equivalent", any benefit of equal value when computed upon the basis of the Combined Annuity Table of Mortality set back one year and interest at the rate of three per cent per annum.

**SECTION 13.** Said section 1 of said chapter 32, as so appearing, is hereby further amended by striking out the definition of "Board" and inserting in place thereof the following definition:-

"Board", the appropriate retirement board established under the provisions of section twenty having jurisdiction of any contributory retirement system established under the provisions of sections one to twenty-eight, inclusive, or under corresponding provisions of any special laws, or the pension reserves investment management board established under the provisions of section twenty-three, or the metropolitan water resources authority retirement board.

**SECTION 14.** Said section 1 of said chapter 32, as so appearing, is hereby further amended by inserting after the definition of "Commissioner" the following three definitions:-

"Commonwealth funding schedule", the plan established by the commissioner of administration after reviewing all reports prepared pursuant to section thirty-five H of chapter ten and subdivision (3) of section twenty-one of chapter thirty-two, and approved by the general court and the house and senate committees on ways and means pursuant to the provisions of section twenty-two C which establishes the schedule of payments necessary pursuant to said section twenty-two C to pay the normal cost of benefits for the commonwealth and amortizes over the forty year period beginning July first, nineteen hundred and eighty-eight any unfunded actuarial liability of the commonwealth, including any other pension obligations of a system or of the commonwealth relative to future pension liabilities which the commonwealth may by general or special law assume on behalf of any system other than the state employees' or teachers' retirement systems, and further including the commonwealth's share for the costs of any cost of living adjustments pursuant to section one hundred and two, and those which are associated either with teachers employed by the city of Boston or with cost-of-living adjustments or other benefits for members of systems other than the state employees' retirement system and the teachers'

retirement system who are not teachers employed by the city of Boston. Said schedules shall be published by said commissioner and filed with the clerks of the senate and house of representatives, and with the retirement law commission.

The said commissioner shall revise such funding schedule after each actuarial valuation report prepared pursuant to section twenty-one to reflect any increase or decrease in the projected actuarial liability that may result from, without limitation, a review of the actuarial, economic and demographic assumptions on which such funding schedule is based; provided, however, that the house and senate committees on ways and means shall have reviewed and approved in advance such actuarial, economic, and demographic assumptions and the manner and methodology used in the development of the actuarial reports and recommendations, prior to the consideration of said actuarial valuations, reports, and schedules.

"Commonwealth's pension liability", the financial obligation of the commonwealth to pay all retirement benefits pursuant to this chapter for the state employees' and teachers' retirement systems, and to reimburse local retirement systems for cost of living adjustments pursuant to section one hundred and two and including any other pension obligations of a system or of the commonwealth relative to future pension liabilities which the commonwealth may assume by general or special law on behalf of any system other than the state employees' and teachers' retirement systems, and the commonwealth's financial obligations which are associated either with the teachers employed by the city of Boston or with cost-of-living adjustments or other benefits for members of systems other than the state employees retirement system and the teachers retirement system who are not teachers employed by the city of Boston.

"Commonwealth's Pension Liability Fund", the fund established under the provisions of subdivision (8) of section twenty-two for monies appropriated and set aside to meet all financial obligations for retirement benefits by the commonwealth, except such obligations as are payable from the Annuity Savings Fund and Annuity Reserve Fund of the state employees' and teachers' retirement systems.

**SECTION 15.** Said section 1 of said chapter 32, as so appearing, is hereby further amended by inserting after the definition of "Fiduciary" the following definition:-

"Funding system", any retirement system other than the state employees' retirement system and teachers' retirement system which accepts the provisions of section twenty-two D and adopts a funding schedule.

**SECTION 16.** Said section 1 of said chapter 32, as so appearing, is hereby further amended by inserting after the definition of "Membership service" the following definition:-

"Normal cost", that portion of the actuarial present value of the retirement system benefits and expenses which is allocated by the

funding method to the twelve-month period following the valuation date of the most recent actuarial valuation report pursuant to section twenty-one in such actuarial valuation report. In determining the normal cost, the actuary shall utilize the most recent actuarial valuation report whether prepared pursuant to section twenty-one or pursuant to section thirty-five H of chapter ten and pursuant to the provisions of section twenty-two C.

**SECTION 17.** The definition of "PRIM board" of said section 1 of said chapter 32, as so appearing, is hereby amended by inserting after the word "Fund", in line 343, the words:- and appropriated and set aside for the payment of pension obligations and future liability, including money in the Commonwealth's Pension Liability Fund.

**SECTION 18.** The definition of "Regular compensation" of said section 1 of said chapter 32, as so appearing, is hereby amended by adding the following sentence:- Regular compensation shall also mean compensation received by any member having made the election provided for in section ninety G 1/2 and serving after having attained age seventy pursuant to section ninety F or ninety G.

**SECTION 19.** Said section 1 of said chapter 32, as so appearing, is hereby further amended by inserting after the definition of "Retirement allowance" the following definition:-

"Retirement system funding schedule", the plan established by a retirement board, and approved by the actuary, after reviewing all reports prepared pursuant to section thirty-five H of chapter ten and subdivision (3) of section twenty-one of chapter thirty-two, which establishes the payments necessary pursuant to section twenty-two D to pay the normal cost of benefits for the system and amortizes over the forty-year period beginning July first, nineteen hundred and eighty-nine, or nineteen hundred and ninety, any unfunded actuarial liability of the system. Said schedule shall be published by said board and filed with the clerks of the government units participating in the system. The actuary may require said board to revise such funding schedule after each actuarial valuation report prepared pursuant to section twenty-one to reflect any increase or decrease in the projected actuarial liability that may result from a review of the actuarial, economic and demographic assumptions on which such funding schedule is based.

**SECTION 20.** Paragraph (g) of subdivision (2) of section 3 of said chapter 32, as so appearing, is hereby amended by striking out the first paragraph (g) and inserting in place thereof the following paragraph:-

Department heads shall furnish to the board within thirty days after employing any new personnel or after the receipt of a written request therefor, a statement giving the name, address, title, rate of regular compensation, duties, date of birth and length and class of service of each employee in his department, and shall notify the board within thirty days of any change in the title, address, rate of compensation, duties or

service of any employee in his department. Thereupon the board shall classify each member in one of the following groups:

**SECTION 21.** Subdivision (7) of said section 3 of said chapter 32, as so appearing, is hereby amended by striking out paragraph (b) and inserting in place thereof the following paragraph:-

(b) In no event shall the total benefits received by such member from all such systems be greater than he would have received had his total regular compensation been received from a single governmental unit. The amount of any pension, retirement allowance or other benefit to be paid on account of any person who is a member of two or more such systems shall be computed and paid in such proportions as may be ordered by the actuary. No pension or retirement allowance shall become effective on account of any such person's membership in one system until the date the member terminates his service in any other governmental unit. Any board may conduct separate medical examinations for any member who is a member of two or more systems; provided, however, that the commissioner may suspend or otherwise limit such examination upon recommendation of the regional medical panel if it determines such second examination would be unnecessary based on the evidence of the first examination. Any such person so jointly employed shall have all the rights and be subject to the liabilities under the provisions of sections one to twenty-eight, inclusive, as a member of each such system, and his liability for regular deductions and his right to benefits from each system shall be based upon his regular compensation received from the governmental unit to which such system pertains.

**SECTION 22.** Said subdivision (7) of said section 3 of said chapter 32, as so appearing, is hereby further amended by striking out paragraph (d) and inserting in place thereof the following paragraph:-

(d) If any person who is a member of two or more systems terminates his service in one governmental unit other than by retirement but continues in service in one or more other governmental units, his membership in the system pertaining to the former governmental unit shall thereupon be transferred to the system of the governmental unit to which he is devoting the major portion of his employment and the provisions of subdivision (8) of this section shall be applicable; provided, however, that an individual awarded a disability pension from the system pertaining to the former governmental unit who continues his service in one or more other governmental units shall waive receipt of the disability retirement allowance during the period of such continued service, and provided further, that the membership of such individual awarded a disability pension shall not thereupon be transferred to the system of the governmental unit to which he is donating the major portion of his employment. In no event shall any member be eligible to receive a retirement allowance from one system while continuing in service in any governmental unit, except as provided for in section ninety-one, or in section twenty-six of chapter six hundred and seventy

of the acts of nineteen hundred and forty-one, or in chapter sixteen of the acts of nineteen hundred and forty-two as amended. In no event shall any member who terminates his service in one governmental unit be entitled to withdraw his accumulated total deductions from the system pertaining to such governmental unit while still retaining his membership in any other system, except for the purpose of transfer thereof to such other system.

**SECTION 23.** Paragraph (c) of subdivision (8) of said section 3 of said chapter 32, as so appearing, is hereby amended by inserting after the first sentence the following two sentences:- The actuary shall consider length of service and whether the respective systems have elected to accept the provisions of paragraph (b 1/2) of subdivision (1) of section twenty-two when computing such portions. No system which has not accepted the provisions of said paragraph shall be assessed any costs for service in any other system which has accepted the provisions of said paragraph.

**SECTION 24.** Paragraph (l) of subdivision (1) of section 4 of said chapter 32, as so appearing, is hereby amended by inserting after the word "system", in line 123, the words:- who most recently became a member prior to January first, nineteen hundred and eighty-eight, and.

**SECTION 25.** Said subdivision (1) of said section 4 of said chapter 32, as so appearing, is hereby further amended by inserting after paragraph (l) the following paragraph:-

(l 1/2) Any member of a retirement system who most recently became a member on or after January first, nineteen hundred and eighty-eight, and is engaged in a teaching position and who has previously served in a position in the state department of education under the control of the commissioner of education but who was paid directly by the federal government from federal funds, may establish such service as creditable service by depositing in the annuity savings fund of the system of which he is a member the amount which would have been withheld as regular deductions from his salary for such service, plus regular interest to the date of such deposit.

**SECTION 26.** Paragraph (n) of said subdivision (1) of said section 4 of said chapter 32, as so appearing, is hereby further amended by inserting after the word "system", in line 143, the words:- who most recently became a member prior to January first, nineteen hundred and eighty-eight and.

**SECTION 27.** Said subdivision (1) of said section 4 of said chapter 32, as so appearing, is hereby further amended by inserting after paragraph (n) the following paragraph:-

(n 1/2) Any member of a retirement system who first became a member on or after January first, nineteen hundred and eighty-eight, and who previously served in a position with the Veterans Employment

Service of the United States Employment Service and who, during such service, was attached to and served at offices of the Division of Employment Security, but who was paid directly by the Federal Government from federal funds, may establish such service as creditable service by depositing in the annuity savings fund of the system of which he is a member the amount which would have been withheld as regular deductions from his salary for such service, plus regular interest to the date of such deposit.

**SECTION 28.** Paragraph (a) of subdivision (3) of said section 4 of said chapter 32, as so appearing, is hereby amended by adding the following sentence:- The board shall issue said prior service certificate within six months of the filing of a statement of service of any member.

**SECTION 29.** Said subdivision (3) of section 5 of said chapter 32, as so appearing, is hereby amended by adding the following paragraph:-

(e) The personnel administrator together with the commissioner of public health and the secretary of public safety shall establish health and physical fitness standards for employees referred to in section ninety-four, except those to whom section sixty-one A of chapter thirty-one applies. Such standards shall be established by regulations promulgated by the administrator after consultation with representatives of police, firefighter and other public safety unions, and the Massachusetts Municipal Association. Notwithstanding the provisions of this paragraph, any municipality may adopt, subject to collective bargaining, stricter health and physical fitness standards. Such standards shall be reasonably adjusted to reflect the age and experience of such employees. Such standards shall be utilized by boards to determine whether any such individuals employed after January first, nineteen hundred and eighty-eight are allowed to continue in employment in accordance with the procedures established in said section sixty-one A. Such standards shall be used to determine the employee's ability to perform his duties and are not to be construed to be the same as disability standards. Said personnel administrator shall establish a program of initial and in-service medical and physical fitness examinations in which such employees shall be required to participate at regular intervals. This section shall apply in all cities, towns, districts or other governmental units which accept the provisions of section five A.

The personnel administrator shall submit said regulations to the clerks of the house of representatives and senate, who shall refer said regulations to the appropriate standing committee of the general court. Within fifteen days of said referral, said committee shall transmit in writing to the administrator its recommendations, if any, for modifications to said regulations. Within fifteen days of receipt of any such recommendations, the administrator shall resubmit said regulations to said committee together with any modifications made thereto. If the general court takes no final action relative to said regulations within forty-five days of the date on which said regulations are first referred to said committee, said regulations shall be filed with the state secretary

pursuant to the provisions of section five of chapter thirty A. No such regulations shall take effect until filed with the state secretary in accordance with the provisions of this paragraph.

**SECTION 30.** Said chapter 32 is hereby further amended by inserting after section 5 the following section:–

Section 5A. Any city, town, district or other governmental unit which accepts the provisions of this section shall establish a wellness program for employees referred to in section ninety-four, except those to whom section sixty-one A of chapter thirty-one applies, if any, employed in such city, town, district or other governmental unit. Such wellness program shall be in accordance with the minimum requirements established by the department. The commonwealth and any agencies or authorities thereof shall establish such programs for any such employees employed by said commonwealth, agencies, or authorities, and shall be deemed to have accepted this section for the purposes of paragraph (e) of subdivision (3) of section five.

Any city, town, district or other governmental unit but not including the commonwealth, its agencies or authorities, which accepts the provisions of this section and provides wellness programs pursuant thereto shall be reimbursed for the lesser of (i) one-half the costs thereof or (ii) one hundred dollars per employee, by the commonwealth, upon certification by the secretary of public safety. The secretary shall certify the amount of such reimbursement to be paid to such city, town, district or other governmental unit from information filed on or before September first of each year with said secretary by the appointing authority.

**SECTION 31.** Subdivision (1) of section 6 of said chapter 32, as appearing in the 1986 Official Edition, is hereby amended by striking out the first sentence and inserting in place thereof the following five sentences:– Any member in service who becomes totally and permanently incapacitated for further duty before attaining age fifty-five and after completing fifteen or more years of creditable service, or any such member who is a veteran as defined in section one who becomes totally and permanently incapacitated for further duty before attaining the maximum age for his group and after completing ten or more years of creditable service, or any member in service in a retirement system accepting the ten year option provided for by this paragraph who becomes totally and permanently incapacitated for further duty before attaining age fifty-five and after completing ten or more years of creditable service, upon his written application on a prescribed form filed with the board and with his respective employer, or upon such an application by the head of his department after a hearing, if requested, as provided for in subdivision (1) of section sixteen and subject to the conditions set forth in said section sixteen and in this section, shall be retired for ordinary disability as of a date which shall be specified in such application and which shall be not less than fifteen days nor more than four months after the filing of such application but in no

event later than the maximum age for his group, nor earlier than the last day for which he received regular compensation. Any system may accept the ten year option provided for by this paragraph by majority vote of the board of each such system, subject to the approval of the legislative body. For purposes of this subdivision, "legislative body" shall mean a town meeting in a town, the city council in a city, the county retirement board advisory council in a county, and the district members in a district. Acceptance shall be deemed to have occurred upon the filing of a certification of such votes with the commissioner. For the purposes of this section, the state teachers' and state employees' retirement systems shall be deemed to have accepted the provisions of this section.

**SECTION 32.** Said section 6 of said chapter 32, as so appearing, is hereby further amended by striking out subdivision (3) and inserting in place thereof the following subdivision:-

(3) Regional Medical Panels. - (a) No member shall be retired for a disability under the provisions of this section or section seven unless he has been examined first by a regional medical panel and unless the physicians on such panel, after such examination, shall review the pertinent facts in the case, and such other written and oral evidence as the applicant and the employer may present to be reviewed in making a determination of the member's medical condition. No physician having previously examined the member, except as part of a prior disability medical panel, shall serve on the regional medical panel examining the member. At the conclusion of such examination, but in not more than sixty days, the panel shall certify to the board in writing whether such physicians on said panel find that such member is mentally or physically incapacitated for further duty and that such incapacity is likely to be permanent, and in any case involving a retirement under section seven, the panel physicians shall state further whether or not the disability is such as might be the natural and proximate result of the accident or hazard undergone on account of which retirement is claimed under said section seven.

For the purposes of this section the following terms shall have the following meanings:

"Associated physicians", a physician providing services under this section who has a direct and substantial financial interest unrelated to his service under this chapter which can be reasonably effected by another physician serving on the same medical panel in such a manner and to such an extent as to make it unlikely that the physician would be able to exercise independent judgment in providing such services; provided, however, that a physician providing said services through a disability review organization shall not be considered an associated physician; provided, further, that the physician has no direct and substantial financial interest in the profit and loss of said organization in such a manner and to such an extent as to make it unlikely that the physician would be able to exercise independent judgment.

Such regional medical panel shall be appointed by the commissioner of

public employee retirement from a pool of physicians developed after consultation with representatives of the Massachusetts Medical Society and the department of public health and shall consist of three physicians, who shall not be associated physicians, and who shall be selected for the purpose of examining the member whose retirement is under consideration and shall, so far as practicable, be skilled in the particular branch of medicine or surgery involved in the case.

Said examination shall be conducted in accordance with the standards outlined by the commissioner in rules and regulations promulgated pursuant to this chapter.

(b) Any medical examination of any member under the provisions of sections six to eight, inclusive, shall be conducted as soon as practicable and at a time and place convenient for all of the interested parties; provided, however, that such examinations shall so far as practicable occur within a region established by the commissioner of public employees retirement which has a reasonable geographical proximity to the board and member. The arrangement for such examination shall be made by the commissioner after sufficient notice to the retirement board and applicant and shall be conducted on a timely basis. In the case of any such examination of an employee of the commonwealth, the state retirement board shall notify the state agency having jurisdiction over the said employee to designate a physician to assist the state retirement board in representing the commonwealth in the medical panel examinations; and provided, further, that in the case of any teacher, the school committee or board of trustees having jurisdiction over such teacher shall upon request of the teachers' retirement board, designate a physician in representing the municipality or other governmental body.

If the panel fails to meet within sixty days after appointment by the commissioner to conduct their examination, or at any earlier time upon the request of the applicant, the commissioner shall require the three physicians to meet separately to conduct such examinations and the employer's physician and member's physician shall have the opportunity to attend each such examination. Upon receipt of such a request from an applicant, the commissioner shall establish such separate examinations as soon as practicable thereafter.

(c) The physicians composing the regional medical panel may obtain x-ray plates or other medical evidence which, in their judgment is necessary to determine the natural and proximate cause, nature and degree of disability of such member and shall obtain any existing evidence from initial and in-service examinations conducted pursuant to section sixty-one A of chapter thirty-one. The member and the employer may each be represented by counsel. A physical examination of such member shall be conducted by the medical panel.

The medical panel, after completing such examinations pursuant to this section, shall within sixty days report their findings and recommendations to the board. The regional medical panel shall attach to their finding a certificate, approved by the commissioner, certifying that their findings were arrived at independently of each other and free

of undue influence of any kind.

At the discretion of the member and his physician and the employer and its physician, said physicians may be present and may answer questions from the panel during the decision making process of the panel; provided, however, that neither physician shall have a vote in the final determination of such panel; and provided, further, that either physician may disagree with the findings of such panel and may indicate such opinion by signing and noting their objections on an appropriate medical certificate and by submitting a written statement as to their medical opinion involving such case.

Upon receipt of such medical panel report, the board shall within thirty days notify the employee and governmental unit in writing of the panel's finding.

The fees and expenses of physicians for services on any medical panel and all expenses for obtaining x-rays or other medical evidence in connection with such examination shall upon the approval of the commissioner be paid by the commonwealth in accordance with a fee and expense schedule established by the house and senate committees on ways and means. Such fees of the physician designated by the applicant which are not reimbursed by a third party shall also be paid by the commonwealth in accordance with said fee schedule. No such fees shall be paid unless the appropriate certificate provided herein has been filed.

(d) On the request of the state board of retirement or the teachers' retirement board, the commissioner shall designate a physician or physicians to advise such board in the determination of applications for ordinary disability retirement, accidental disability retirement, or in case of an application for accidental death benefit.

**SECTION 33.** Paragraph (a) of subdivision (2) of section 7 of said chapter 32, as so appearing, is hereby amended by striking out clauses (ii) and (iii), and inserting in place thereof the following two clauses:-

(ii) A yearly amount of pension equal to seventy-two per cent of the annual rate of his regular compensation on the date such injury was sustained or such hazard was undergone, or equal to seventy-two per cent of the average annual rate of his regular compensation for the twelve-month period for which he last received regular compensation immediately preceding the date his retirement allowance becomes effective, whichever is greater; provided, however, that for any employee who was not a member in service on or before January first, nineteen hundred and eighty-eight or who has not been continuously a member in service since that date, the total yearly amount of the sum of such pension and the annuity as determined in accordance with the provisions of clause (i) shall not exceed seventy-five per cent of the annual rate of regular compensation as determined in this paragraph; and provided further, that no individual who is a member in service on January first, nineteen hundred and eighty-eight, whose allowance is limited by the seventy-five per cent limitation as established in this paragraph shall receive an amount of pension that is less than seventy-two per cent of such individual's regular compensation on said

January first, nineteen hundred and eighty-eight; and

(iii) A yearly amount of additional pension determined at the rate of three hundred and twelve dollars yearly for any surviving unmarried child of such member who is under age eighteen or who was over said age and physically or mentally incapacitated from earning on the date of such member's retirement; provided, however, that in the state and teachers' systems and any other system electing to adopt the supplemental dependent allowance, the yearly amount of such additional pension shall be determined by the actuary as hereinafter provided. Such additional pension on account of any child shall be paid only so long as such child survives, remains unmarried and is under the age of eighteen or, if over said age, remains physically or mentally incapacitated from earning or, if over said age and under age twenty-one, is a full-time student at an accredited educational institution. The words "full-time student" shall mean a child who is in full-time attendance in an accredited educational institution offering full-time courses of study equivalent to or higher than secondary school study. The words "accredited educational institution" shall mean any school, college, or university that is licensed, approved, or accredited, as the case may be, in the state in which it is located. Beginning July first, nineteen hundred and eighty-eight, the additional pension provided by the supplemental dependent allowance shall be fixed at a rate of four hundred and fifty dollars for each eligible child. Beginning July first, nineteen hundred and eighty-nine, the supplemental dependent allowance rate shall be increased by an amount equal to the percentage increase of the cost of living determination made by the general court for such year pursuant to section one hundred and two. Systems may adopt the supplemental dependent allowance by an affirmative vote of the retirement board, ratified by the chief executive officer and legislative body as defined in paragraph (c) of subdivision (8) of section twenty-two. Adoption of the supplemental allowance by any system may not be revoked.

**SECTION 34.** Subdivision (2) of said section 7 of said chapter 32, as so appearing, is hereby amended by inserting after paragraph (b) the following paragraph:-

(b 1/2) The normal yearly amount of the allowance of any member retired under the provisions of this section and classified in Group 1, Group 2, or Group 4 who at the time of such retirement had attained the age of fifty-five and who at the time of such retirement had accrued fewer than ten years of creditable service shall be adjusted on the last day of the month in which he attains the age of sixty-five to that to which he would be entitled under the provisions of section five as prescribed for a member of his group, if he were to be retired for superannuation upon the attainment of age sixty-five except that,

(i) in place of the average annual rates of compensation referred to in paragraph (a) of subdivision (2), an amount shall be used which is equal to the yearly amount of his pension for the year ending on the last day of the month in which he attained age sixty-five, divided by the percentage by which his annual rate or average annual rate of regular compensation

was multiplied to determine the yearly amount of his pension at the time he was retired under the provisions of this section; and

(ii) to the number of years and full months of creditable service accrued at the time of his retirement under the provisions of this section shall be added, in accordance with regulations to be promulgated by the commissioner of public employee retirement, a number of years and full months of creditable service corresponding to the period for which he has received an allowance under this section. Nothing in section ten shall be held to contravene any of the provisions of this paragraph.

**SECTION 35.** Subdivision (3) of said section 7 of said chapter 32, as so appearing, is hereby amended by striking out paragraph (a) and inserting in place thereof the following paragraph:-

(a) Lapse of time or failure to file notice of an injury sustained or a hazard undergone as provided for in subdivision (1) of this section or subdivision (1) of section nine, as the case may be, shall not be a bar to proceedings under either of said sections if such member received payments on account of such injury or hazard under the provisions of chapter one hundred and fifty-two or in case he was classified in Group 2, Group 3 or Group 4 and not subject to the provisions of chapter one hundred and fifty-two, if a record of such injury sustained or hazard undergone is on file in the official records of his department.

**SECTION 36.** Paragraph (b) of subdivision (4) of said section 7 of said chapter 32, as so appearing, is hereby amended by striking out the third sentence and inserting in place thereof the following sentence:- All such payments due under the provisions of this paragraph from the second governmental unit shall be charged to the pension funds of the system pertaining thereto, or if there is no such system then they shall be paid by such government unit from a special appropriation, and as received they shall be credited to or appropriated for the pension fund of the system pertaining to the first governmental unit.

**SECTION 37.** Section 8 of said chapter 32, as so appearing, is hereby amended by striking out subdivision (1) and inserting in place thereof the following subdivision:-

(1) Reexamination of Members. - (a) The board may require any member retired for disability under the provisions of section six or seven who has not attained age sixty or, in the case of a member so retired subsequent to his sixtieth birthday, the age of sixty-five, to submit to a mental or physical examination pursuant to paragraph (b) once in each year during the five-year period next succeeding the date of his retirement, and in each three-year period thereafter, by the regional medical panel provided for in subdivision (3) of section six, or upon a written request thereof by any such member. The board shall permit such examination at any time before he attains age sixty or sixty-five, as applicable, but not more frequently than once in any twelve-month period. If such member shall refuse to submit to any such required examination, his retirement allowance may be discontinued, and if such

refusal continues for one year thereafter, all his rights in and to the pension provided for in section six or seven shall be revoked by the board.

(b) Each retirement board shall, subject to the provisions of paragraph (a), establish a program for the reevaluation of members retired on a disability under the provisions of this chapter which shall consist of the following:-

(i) No less often than once in each year during the five-year period next succeeding the date of his retirement and once every three years thereafter prior to his attainment of the age of sixty, or in the case of a member retired subsequent to his sixtieth birthday, the age of sixty-five, each retired member shall be subject to a desk review of his disability conducted by the board.

(ii) If, as a result of such desk review, as a result of the submission of earnings information under section ninety-one A, or as a result of the completion of a rehabilitation program under subdivision (5) of section twenty-one, the board determines that the disability warrants further review, the board shall petition the commissioner to appoint either a single physician or a three member regional panel to examine the retired member, notwithstanding the time limitations of paragraph (a). If a single physician is appointed, he shall conduct an independent reexamination and shall forward his recommendations to the board and the commissioner.

(iii) If the single physician recommends that a further examination of the retired member is warranted, the board shall immediately petition the commissioner for the establishment of a three member regional medical panel to conduct a reexamination of the member within sixty days.

**SECTION 38.** Paragraph (b) of subdivision (2) of said section 8 of said chapter 32, as so appearing, is hereby amended by striking out the second sentence and inserting in place thereof the following two sentences:- Any creditable service in effect for him at the time of his retirement for disability shall thereupon be restored to full force and effect, and upon his subsequent retirement he shall be entitled to a normal yearly amount of retirement allowance computed as though such disability retirement and reinstatement had not taken place. No additional member contributions shall be required as a precondition of receiving any such creditable service.

**SECTION 39.** Said section 8 of said chapter 32, as so appearing, is hereby further amended by striking out subdivision (3) and inserting in place thereof the following subdivision:-

(3) Modifications of retirement allowance. - If, as a result of the report of such medical panel, as a result of the submission of earnings information under section ninety-one A, or as a result of the completion of a rehabilitation program under subdivision (5) of section twenty-one, the board finds that such retired member is engaged or is able to engage in gainful occupation and that the annual rate of his actual or potential earnings is less than his regular compensation as defined in this

subdivision, but is more than the difference between such regular compensation and the normal yearly amount of his retirement allowance, then the yearly amount of his pension shall be reduced, and if his actual or potential earnings are more than such regular compensation, his pension shall be suspended. Notwithstanding any other provisions of this section, if such retired member submits earnings information pursuant to section ninety-one A, indicating earnings in excess of regular compensation, as therein described, such member's pension shall be reduced as provided for in this subdivision and shall not be increased for a period of one year unless a medical panel finds that the mental or physical condition of such member has deteriorated. If the annual rate of his earnings should later be changed, the yearly amount of his pension shall be further modified by reinstating, increasing, reducing, or suspending it, as the case may be. The yearly amount of such reduced or modified pension at all times shall be equal to the excess, if any, of the amount of such regular compensation over the sum of the yearly amount of regular life annuity payable to him under clause (i) of Option (a) of subdivision (2) of section twelve and the annual rate of his current actual or potential earnings, but in no event shall it exceed the yearly amount of the pension originally granted to him as adjusted pursuant to section one hundred and two. For purposes of this subdivision, regular compensation means, subject to further definition by regulations of the division of public employee retirement administration, regular compensation which would have been payable during the preceding year had the member continued in service in the grade held by him at the time he was retired. The commissioner of public employee retirement administration shall, subject to the provisions of section fifty of chapter seven, promulgate regulations for the determination of the potential earnings of any such retired member based upon such member's functional capacity, age, education and experience. Any such modification may be appealed by the member to the contributory retirement appeals board.

Unless the board, as a result of the report of such medical panel finds that the mental or physical condition of such retired member has improved, no such reduction shall be based on the potential earnings of such retired member prior to the later of (i) the thirteenth month following the date on which such initial finding is made by said board or (ii) the nineteenth month following the date on which such member was retired. Any member subject to a reduction other than upon the report of a medical panel may request a medical panel as provided for in subdivision (1). If such request is filed within fifteen days of the initial finding of the board, no reduction shall be made until the medical panel report is received by said board and the initial finding is confirmed or altered by such board.

**SECTION 40.** Said section 8 of said chapter 32, as so appearing, is hereby further amended by adding the following subdivision:-

(4) The commissioner of public employee retirement may require any member retired for disability under the provisions of section six or seven

who has not attained the of sixty or, in the case of a member so retired subsequent to his sixtieth birthday, the age of sixty-five to participate in an evaluation to determine whether such member might benefit from a medical or vocational rehabilitation program. Such evaluation may include medical examinations, vocational testing and meetings and consultation with physicians and vocational counselors to consider and design a suitable rehabilitation program. Such rehabilitation programs shall include only services which shall appear on a list established by the commissioner pursuant to subdivision (5) of section twenty-one or as specifically approved by said commissioner. If such member shall refuse to submit to any such evaluation, his retirement allowance may be discontinued, and if such refusal continues for one year thereafter all his rights in and to the pension provided for in section six or seven shall be revoked by the board.

If, following evaluation, the board determines that such retired member may benefit from such a rehabilitation program, the board shall offer to provide such rehabilitation program for such member and shall pay the costs of the program less any benefits payable under insurance policies of the member for such programs and less any scholarships or grants otherwise available for such programs. If the commissioner approves the rehabilitation program offered by the board, said commissioner shall reimburse the board for the costs of such program. No such program shall extend longer than fifty-two weeks unless the commissioner so approves. No member shall be required to participate in any rehabilitation program. Any such member who, in the determination of the commissioner, might benefit from any such program may, if denied access to such a program by the board, appeal such denial to the commissioner. If, upon such appeal, the commissioner determines that such member might benefit from such rehabilitation program, he shall approve and offer to provide and pay for such program.

**SECTION 41.** Subdivision (3) of section 11 of said chapter 32, as so appearing, is hereby amended by striking out, in lines 109, 128, 133' and 136 the words "pension reserve fund" and inserting in place thereof, in each instance, the words:- Pension Reserve Fund or the Commonwealth's Pension Liability Fund.

**SECTION 42.** Option (c) of subdivision (2) of section 12 of said chapter 32, as so appearing, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

Joint and Last Survivor Allowance. – A lesser retirement allowance which shall be payable to such member during his lifetime, with the provisions that two-thirds of the yearly amount of such lesser retirement allowance shall be continued during the lifetime of and paid to such surviving eligible beneficiary as such member shall have nominated in his written election of this option; provided, however, that such eligible beneficiary shall receive not less than two-thirds of the retirement allowance such member is receiving at the time of his death; and provided, further, that if such eligible beneficiary dies on or after the

date such lesser retirement allowance becomes effective and before the death of such member, such member thereafter shall be paid a full retirement allowance and may not choose another option. Such full retirement allowance shall be determined by multiplying the amount of the lesser retirement allowance at the time of the death of such eligible beneficiary by a fraction the numerator of which is the yearly amount of the full retirement allowance which such member would have received at the time his retirement allowance became effective if he had elected that it be paid in accordance with the terms of Option (a), and the denominator of which is the yearly amount of the lesser retirement allowance which such member received at the time his retirement allowance first became effective.

**SECTION 43.** The second paragraph of said Option (c) of said subdivision (2) of said section 12 of said chapter 32, as so appearing, is hereby amended by striking out the second and third sentences and inserting in place thereof the following two sentences:- The yearly amount of such lesser retirement allowance shall be determined so that the actuarial value of the prospective payments to such member, including those for a full retirement allowance made in accordance with the first paragraph of this option, and to such eligible beneficiary shall, on the date such allowance becomes effective, be the actuarial equivalent of the value on such date of the full retirement allowance specified in Option (a). Any such lesser retirement allowance payable under this option shall be divided between annuity and pension in the same proportion as the corresponding full retirement allowance specified in said Option (a) is so divided, and any such full retirement allowance payable under this option shall be divided between annuity and pension in the same proportion as the lesser retirement allowance which it replaces.

**SECTION 44.** Option (d) of said subdivision (2) of said section 12 of said chapter 32, as so appearing, is hereby amended by striking out the eighth paragraph and inserting in place thereof the following paragraph:-

Any eligible beneficiary or spouse having a right under this option may, within ninety days from the date that the board mailed notice regarding the right of election to the spouse or eligible beneficiary, make any make-up payments which at the time of death the member had a right to make for the purpose of obtaining credit for service rendered by the member prior to his last becoming a member.

**SECTION 45.** Subdivision (1) of section 14 of said chapter 32, as so appearing, is hereby amended by striking out, in lines 7 and 8, the word "thirty-five A" and inserting in place thereof the words:- thirty-four B, thirty-five A, thirty-five F.

**SECTION 46.** Said chapter 32 is hereby further amended by inserting after section 14 the following section:-

Section 14A. Third Party Recovery. If a member or beneficiary

entitled to a pension under the provisions of section six, seven or nine, also has a right to recover lost wages from any party other than his employer by reason of the same injury or death of such member, the amount of any such recovery for lost wages shall be offset against and payable in lieu of any pension payable on his account under the provisions of said sections according to a schedule approved by the actuary which is consistent with that set forth in paragraph (c) of subdivision (1) of section fourteen. If any such member or beneficiary neglects or fails to prosecute fully such right, the board shall prosecute such right on the member's behalf. In the event the member or beneficiary fails to cooperate with the board in its prosecution thereof the board may, during the period of such failure, suspend such member's or beneficiary's right to further payment under the provisions of section six, seven or nine.

**SECTION 47.** Section 15 of said chapter 32, as so appearing, is hereby amended by adding the following subdivision:-

(4) Forfeiture of pension upon misconduct. - In no event shall any member after final conviction of a criminal offense involving violation of the laws applicable to his office or position, be entitled to receive a retirement allowance under the provisions of section one to twenty-eight, inclusive, nor shall any beneficiary be entitled to receive any benefits under such provisions on account of such member. The said member or his beneficiary shall receive, unless otherwise prohibited by law, a return of his accumulated total deductions; provided, however, that the rate of regular interest for the purpose of calculating accumulated total deductions shall be zero.

**SECTION 48.** Section 16 of said chapter 32, as so appearing, is hereby amended by striking out subdivision (4) and inserting in place thereof the following subdivision:-

(4) Right of Appeal to Contributory Retirement Appeal Board. - There shall be an unpaid contributory retirement appeal board which shall consist of three members as follows: an assistant attorney general who shall be designated in writing from time to time by the attorney general who shall act as chairman, the commissioner of public employee retirement or an assistant who shall be designated in writing, from time to time, by the said commissioner, and a member appointed by the governor for a term of five years. In the event the matter before the contributory retirement appeal board deals with any matter related to disability retirement or interim benefits as awarded by the division of administrative law appeals, the commissioner of public health or his designee shall substitute for the commissioner of public employee retirement.

The members of the contributory retirement appeal board shall be compensated for any expenses incurred in the performance of their official duties. On matters other than those subject to review by the district court as provided for in subdivision (3), or other than those which would have been subject to review had the requirement for the minimum

period of creditable service been fulfilled, any person when aggrieved by any action taken or decision of the retirement board or the commissioner of public employee retirement rendered, or by the failure of a retirement board or the commissioner of public employee retirement to act, may appeal to the contributory retirement appeal board by filing therewith a claim in writing within fifteen days of notification of such action or decision of the retirement board or the commissioner, or may so appeal within fifteen days after the expiration of the time specified in sections one to twenty-eight, inclusive, within which a board or the commissioner must act upon a written request thereto, or within fifteen days after the expiration of one month following the date of filing a written request with the board or the commissioner if no time for action thereon is specified, in case the board or the commissioner failed to act thereon within the time specified or within one month, as the case may be. The contributory retirement appeal board, after giving due notice, shall, not less than ten nor more than sixty days after filing of any such claim of appeal, assign such appeal to the division of administrative law appeals for a hearing. The division of administrative law appeals shall maintain the official records of the contributory retirement appeal board. The contributory retirement appeal board shall pass upon the appeal within six months after the conclusion of such hearing, and its decision shall be final and binding upon the retirement board involved and upon all other parties to the appeal, and shall be complied with by such board and by such parties. Any person, upon making an appeal involving a disability retirement allowance, shall be permitted to retire for superannuation retirement, if otherwise eligible, pending the decision of the contributory retirement appeal board, but in no event shall such action prejudice the person from receiving any further benefits which the contributory retirement appeal board may grant in its decision nor shall the person upon a finding in favor of the employer be required to reimburse the employer for payments made prior to the decision of the contributory retirement appeal board.

On appeals involving disability or where medical reports are part of the proceedings, the contributory retirement appeal board may request further information from the members of the appropriate regional medical panel, or may employ a registered physician to advise them in determination of an appeal.

The contributory retirement appeal board shall have the power to subpoena witnesses, administer oaths and examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. Fees for such witnesses shall be the same as for witnesses before the courts in civil actions, and shall be paid from the Appropriation Fund of the division of administrative law appeals.

The contributory retirement appeal board, acting through the division of administrative law appeals, shall arrange for the publication of its decisions and the cost of such publication shall be paid from the Appropriation Fund of the division of administrative law appeals.

The contributory retirement appeal board shall establish a fee structure for appeals brought under this section, which shall be subject

to the approval of the commissioner of administration.

The division of administrative law appeals shall submit to the contributory retirement appeal board on an annual basis a report on the status of all cases that have been assigned to the division of administrative law appeals for a hearing.

**SECTION 49.** Section 18 of said chapter 32, as so appearing, is hereby amended by inserting after subdivision (1) the following subdivision:-

(1A) Filing of Reports and Penalties for Failure to File. – The treasurer or other disbursing officer in charge of payroll in any governmental unit or agency to which a system pertains, upon request from the board or the commissioner shall submit such written information as shall be required by the provisions of section one to twenty-eight, inclusive, or by rules and regulations of the board or the commissioner consistent with the law. If the board or the commissioner determines that there has been unreasonable delay in filing of any such required information, the board or the commissioner shall so notify in writing such treasurer or other disbursing officer. If within thirty days thereafter, the board or the commissioner has not received such required information, it shall so notify the treasurer or other disbursing officer and the chief executive officer for the governmental unit. The board or the commissioner may petition the superior court to compel compliance with this section and enforce the penalty thereunder.

**SECTION 50.** Paragraph (b) of subdivision (3) of section 20 of said chapter 32, as so appearing, is hereby amended by striking out the second and third sentences and inserting in place thereof the following sentence:- Said board shall consist of three members as follows: the county treasurer, who shall be a member ex officio and serve as chairman, one member hereinafter referred to as the elected member, and one member of the county retirement board advisory council who shall be elected by a majority of those present and voting at a public meeting of said council, properly posted, called specifically for such election pursuant to paragraph (g).

**SECTION 51.** Subdivision (5) of said section 20 of said chapter 32, as so appearing, is hereby amended by striking out, in lines 657 and 658, the words "as provided for in subdivision (3) of section six".

**SECTION 52.** Paragraph (g) of said subdivision (5) of said section 20 of said chapter 32, as so appearing, is hereby amended by adding the following four sentences:-

If the commissioner determines that there has been unreasonable delay in the filing of any such required data, the commissioner shall so notify such board in writing. If within thirty days thereafter the commissioner has not received such required data, he shall so notify the board and the chief executive officer for the governmental unit or units to which the system pertains. The commissioner may petition the superior court to compel compliance with this paragraph. To ensure the maintenance of

accurate and current membership records and payment information, the commissioner may, for any system which fails to submit the requested information within sixty days of the second board notification, send his agent or agents to examine the records and accounts of the system and to direct such actions by the board or its employees as may be required to comply with acceptable recordkeeping and accounting standards.

**SECTION 53.** Paragraph (h) of said subdivision (5) of said section 20 of said chapter 32, as so appearing, is hereby amended by striking out the second sentence and inserting in place thereof the following sentence:– Investments of the system shall be carried at values determined by the commissioner in accordance with the requirements of paragraph (b) of subdivision (1) of section twenty-one.

**SECTION 54.** Paragraph (i) of said subdivision (5) of said section 20 of said chapter 32, as so appearing, is hereby amended by striking out the first and second sentences and inserting in place thereof the following six sentences:– Each board shall prepare annually a report which shows the financial condition of the system as of December thirty-first of the previous year in a manner which can be easily understood by the members of said system. Such report shall contain information showing the financial transactions of the previous year, statistical information with reference to the membership of the system, a summary of the findings of any timely audit reports, a summary of the board's investment policy, a summary of the system's investment portfolio as of December thirty-first of the previous year, and information with regard to the system's most recent actuarial valuation including the unfunded actuarial liability as of the valuation date. Each board shall file a copy of its report with the governmental unit in which the system is established. A copy of the report or a summary thereof shall be made available upon request to each member of the system and to other interested persons. Each board shall annually, on or before July first, furnish to each member of the system an annual statement for the previous calendar year relative to the status of the member's account. Such statement shall show either the total contribution since the member entered the retirement system, the total amount of interest which has accrued, and the combined total in the account as of the end of the previous calendar year, or the regular deductions for the previous calendar year, additional deductions, if any, for the previous calendar year, regular interest credited for the previous calendar year, and accumulated total deductions as of the close of the previous calendar year.

**SECTION 55.** Said subdivision (5) of said section 20 of said chapter 32, as so appearing, is hereby amended by adding the following:–

(k) Upon the written request of any member or his authorized representative, each board shall provide such member or representative, within thirty days of receipt of such request, a written notice of the benefits to which such member is or may be entitled under the provisions

of this chapter, including the dates on which such member will become eligible to receive such benefits, and the effect of such benefits, if any, on any benefits such member may be eligible to receive pursuant to the federal social security act. Such notice shall be on a form prescribed by the commissioner of the division of public employee retirement administration.

**SECTION 56.** Said chapter 32 is hereby further amended by inserting after section 20A the following section:–

Section 20B. Indemnification. – In any civil action brought against a member, employee or the investment committee of the state retirement board, the teachers' retirement board, or any member or employee of the pension reserves investment management board the defense or settlement of which is made by the attorney general or by an attorney employed by said board, such member, committeeman or employee shall be indemnified for all expenses incurred in the defense thereof and shall be indemnified for damages to the same extent as provided for public employees in chapter two hundred and fifty-eight; provided, however, that the claim arose out of acts performed by such member, committeeman or employee while acting within the scope of his official duties; and provided, further, that no member, committeeman or employee shall be indemnified for expenses in an action or damages awarded in such action, in which there is shown to be a breach of fiduciary duty, an act of willful dishonesty or an intentional violation of law by such member, committeeman or employee.

**SECTION 57.** Paragraph (a) of subdivision (1) of section 21 of said chapter 32, as appearing in the 1986 Official Edition, is hereby amended by striking out the first two sentences and inserting in place thereof the following five sentences:– The commissioner of public employee retirement shall prescribe and supervise methods of accounting and recordkeeping for each system maintained under the provisions of this chapter. To ensure the maintenance of accurate and current membership records and payment information, the commissioner, for any board which fails to submit the requested information upon notice as prescribed in subdivision (5) of section twenty, may send his agents to examine the records and accounts of the board and to direct such action by the board or its employees as may be required to comply with acceptable recordkeeping and accounting standards. The commissioner shall require each board to keep in convenient form such data as is required for the purpose of valuing the assets, determining the liabilities of the system, making actuarial investigation of the experience of the system, and for promulgating rules and regulations governing the administrative procedures and for maximizing the assets of such system. Such data shall be submitted to the office of the commissioner of public employee retirement within such time as he may specify. The commissioner or his agent shall conduct an in-depth field examination of each board at intervals not exceeding three years to ascertain its financial condition, its ability to fulfill its obligations, whether all

parties in interest have complied with the laws applicable thereto, and whether the transactions of the board have been in accordance with the rights and equities of those in interest.

**SECTION 58.** Said subdivision (1) of said section 21 of said chapter 32, as so appearing, is hereby further amended by striking out paragraph (b) and inserting in place thereof the following paragraph:-

(b) Each such system, except any system appropriating funds pursuant to a funding schedule adopted in accordance with the provisions of section twenty-two C or twenty-two D as the case may be, shall be credited in its financial accounts with its investments having a fixed term and rate, if amply secured in the judgment of the commissioner of public employee retirement and not in default as to principal or interest, as follows: if purchased at par, with the par value; if purchased above or below par, with an amortized value so determined as to yield approximately the effective rate of interest at which the purchase was made and to bring the value to par at the date of maturity or at the date the security is first callable at par if prior thereto; provided, however, that the purchase price of any such security shall not be taken at a higher value than its actual market value when purchased; and provided, further, that the value of any security on the date of any valuation thereof shall not be taken at a higher value than its callable value, if any, on such date. The commissioner of public employee retirement shall have full power and discretion in determining the methods of calculating values according to the foregoing rules, and the values found by him in accordance with such methods shall be final and binding; provided, however, that any investments in United States savings bonds purchased on a discount basis may be credited at their redemption value or at their amortized value, as the board shall determine. The commissioner of public employee retirement shall also have full power and discretion in determining the method of calculating the values of any other investments of any system; provided, however, that the calculation of such values shall be consistent with methods prescribed by the Government Accounting Standards Board or methods allowed by the Employee Retirement Income Security Act, so-called.

**SECTION 59.** Subdivision (2) of said section 21 of said chapter 32, as so appearing, is hereby amended by striking out, in lines 85 and 98, in each instance, the word "deputy".

**SECTION 60.** Said section 21 of said chapter 32, as so appearing, is hereby further amended by striking out subdivision (3) and inserting in place thereof the following subdivision:-

(3) Duties of the Actuary. - The commissioner or his actuary or other agent with his approval shall be the technical advisor of the board of each such system in matters relating to the applicable provisions of this chapter, and in matters relating to the operation of the system, and shall perform such actuarial duties as are required in connection therewith, including, but not limited to:-

(a) the approval of the amount of allowances under the provisions of said chapters, provided, however, that in the case of any system which calculates allowances with an automated system, the actuary shall instead review and approve said automated system, and any allowances calculated by an approved automated system shall be deemed to have been approved by the actuary; provided, further, that for any such system which calculates such allowances with an automated system, the commissioner may require from time to time and the system shall provide any additional information relative to the use of such automated system that the commissioner may deem appropriate; and provided, further, that any system failing to submit any such allowances for review shall be subject to such intervention and supervision as the commissioner deems necessary pursuant to the provisions of subdivision (1);

(b) the review of all actuarial valuation reports prepared pursuant to the provision of paragraph (k) of subdivision (5) of section twenty or the provisions of section twenty A of chapter ten;

(c) the preparation of an actuarial valuation report for each system;

(d) the periodic review of the mortality and experience of each system; and

(e) such other investigations as the commissioner shall deem necessary.

The commissioner of administration shall require the preparation of triennial actuarial valuation reports, with the first one to be completed as of January first, nineteen hundred and eighty-eight and experience investigations every six years in such manner as he deems most appropriate.

(i) The periodic experience investigation required shall accompany every other actuarial valuation report and shall cover the six-year period ending as of the end of the year preceding the date for which the actuarial valuation report is filed. For the initial filing pursuant to this chapter, the experience investigation shall be made for the six-year period ending as of the end of the plan year occurring on or after December thirty-first, nineteen hundred and eighty-seven and before December thirty-first, nineteen hundred and eighty-eight. The experience investigation shall be filed with the commissioner of administration, the commissioner of public employee retirement, and the clerks of the house and senate.

(ii) The actuarial valuation report and experience investigation required shall be prepared under the supervision and at the direction of the commissioner of administration, and said commissioner shall also be responsible for the filing of the documents. The actuarial valuation report and experience investigation shall be signed by said commissioner indicating that to the extent of his understanding and knowledge, the report or investigation represents a true and accurate portrayal of the actuarial, financial and demographic condition of the retirement systems.

(iii) Each actuarial valuation report and experience investigation is a public record. The commissioner of administration shall take whatever steps are deemed necessary to insure that the information contained in the actuarial valuation report or experience investigation is made

available to active members or benefit recipients of the retirement systems.

(iv) The actuarial valuation report shall contain actuarial exhibits, financial exhibits and demographic exhibits. The actuarial exhibits shall be prepared and certified by an enrolled actuary. The remaining exhibits may be prepared by a qualified person other than an enrolled actuary. The financial and demographic exhibits shall be prepared as of the year ending immediately prior to the valuation date.

(v) For each retirement system, all applicable actuarial exhibits shall be prepared in accordance with the entry age normal actuarial cost method with entry age established as the actual entry age for all plan members unless there are compelling reasons of an actuarial nature for the use of an alternative actuarial cost method.

(vi) The actuarial cost method shall be used to value all aspects of each retirement system, unless there are compelling reasons of an actuarial nature for the use of approximation techniques other than the actuarial cost method for aspects of the retirement system other than the retirement benefit.

(vii) The actuarial exhibits shall use actuarial assumptions which are, in the judgment of the actuary and the commissioner of administration, the best available estimate of future occurrences in the case of each assumption in the aggregate. With respect to economic actuarial assumptions, which shall include estimates of rates of future occurrences concerning, but not necessarily limited to, increases in salary, growth in state revenues, post retirement adjustments, investment earnings, asset appreciation or depreciation and procedures to determine the actuarial value of assets used in the preparation of actuarial valuations of the retirement system and other actuarial calculations, documentation explaining and justifying the choice of assumptions shall accompany the report. The actuarial exhibits shall measure all aspects of the retirement system in accordance with modifications in the statutory benefits, if any, and salaries which as of the valuation date are known or can reasonably be expected to be in force during the ensuing calendar year.

**SECTION 61.** Subdivision (5) of said section 21 of said chapter 32, as so appearing, is hereby amended by striking out paragraphs (b), (c) and (d) and inserting in place thereof the following four paragraphs:-

(b) The commissioner shall in conjunction with the industrial accident department establish a list of medical and vocational rehabilitation facilities, both public and private, and physicians as are available to render competent medical rehabilitation services for disabled persons. Medical rehabilitation services shall include medical, surgical, hospital, prosthesis, and physical restoration services. No medical rehabilitation facility shall be considered as qualified unless it is established to provide rehabilitation services for persons suffering from some specialized or general type of disability within the field of employment injury, and unless such facility is operated under the supervision of a licensed physician or licensed physical therapist qualified to render rehabilitation

services and is staffed with trained and qualified technicians. No physician or physical therapist shall be considered as qualified unless he has had experience for a reasonable term of years in a qualified rehabilitation facility.

(c) The commissioner shall make available to every board the list of qualified physicians and medical and vocational rehabilitation facilities. The commissioner shall also review proposed rehabilitation programs not contained in such lists which may be submitted to the commissioner by boards from time to time for approval. If the commissioner finds that such proposed rehabilitation programs meet equivalent standards as those qualified facilities on the list, the commissioner shall approve such programs. The commissioner shall monitor the quality of rehabilitation programs and facilities and the utilization of rehabilitation programs by each board, including the successful completion of such programs and the effect of such programs on the finances of the public employee retirement system.

(d) As soon as practicable following notice of the retirement of a member for disability under section six, seven, or twenty-six, the commissioner shall conduct an evaluation to determine whether such member might benefit from a medical or vocational rehabilitation program listed in paragraph (b) or otherwise approved by the commissioner. To assist in this determination the commissioner may require any such member to be examined by a physician qualified to render rehabilitation services or by a vocational counselor selected by the commissioner, or both, for a recommendation as to the need and nature of any such rehabilitation program. If the commissioner determines that such member might benefit from any such program, he shall so notify such member and the retirement board which shall select a public or private rehabilitation agency having a rehabilitation program suitable for such member. Such member shall meet with the agency selected and shall cooperate with the agency in the design of a suitable rehabilitation program. If the board determines that such retired member may benefit from such rehabilitation program, and that the program is reasonable in its terms and cost, the board shall approve and offer to provide and pay for such program as provided in section eight. If the commissioner approves the rehabilitation program offered by the board, said commissioner shall reimburse the board for the costs of such program. No member shall be required to participate in any such rehabilitation program. Notwithstanding the provisions of sections eight and ninety-one A there shall be no reduction in the retirement allowance of any member participating in a rehabilitation program approved by the commissioner on account of actual or potential earnings arising out of such rehabilitation program. Any such member who, in the determination of the commissioner, might benefit from any such program may, if denied access to such a program by the board, appeal such denial to the commissioner. If, upon such appeal, the commissioner determines that such member might benefit from such rehabilitation program, he shall approve and offer to provide and pay for such program.

(e) The commissioner shall keep a record of all disabled members

subject to or receiving rehabilitation and shall provide that record to the retirement boards.

**SECTION 62.** Said section 21 of said chapter 32, as so appearing, is hereby further amended by adding the following subdivision:–

(6) Public Employee Retirement and Disability Data System. – The commissioner of public employee retirement administration shall establish and maintain a comprehensive system of data relative to the contributory retirement and disability systems. The data system shall include sufficient information:–

(a) to produce accurate and up-to-date actuarial valuations, reports, and projections for each retirement system;

(b) in each of the areas of (1) disability retirement pursuant to sections six and seven, (2) disability after retirement pursuant to section five, (3) compensation pursuant to chapter one hundred and fifty-two, and (4) leave without loss of pay pursuant to section one hundred and eleven F of chapter forty-one, to review the status of each disabled individual as well as to review and report disability rates, types of disability, types of occupational injuries, effects of particular risk factors, effects of wellness and rehabilitation programs, and costs of disability programs, and to compare employment statistics by occupation with disability statistics;

(c) to produce an annual report of the investment portfolio, return on investment, and management performance of each retirement system;

(d) to index the decisions of the contributory retirement appeal board and other interpretations of retirement and disability law; and

(e) to calculate and record assessments on each retirement system by the division of public employee retirement administration.

Each board shall provide the commissioner with such information as the commissioner deems necessary to establish and maintain the data system. The executive head of each governmental unit of the head of each department shall provide the commissioner each year with such employment and occupational information as he deems necessary to establish and maintain the data system, in such form as he requires.

The commissioner shall make any information or data collected pursuant to this section available to the retirement law commission upon request of said commission.

**SECTION 63.** The first paragraph of section 22 of said chapter 32, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:– All the assets of each system as they exist at the commencement of business on January first, nineteen hundred and forty-six, and all the assets of each system received, acquired or held on or after such date shall, subject to the provisions of sections one to twenty-eight, inclusive, be credited according to the purposes for which they are received, acquired or held to one of the seven following funds in the system: the Annuity Savings Fund, the Annuity Reserve Fund, the Pension Fund, the Special Fund for Military Service Credit, the Expense Fund, the Pension Reserve Fund,

and the Commonwealth's Pension Liability Fund.

**SECTION 64.** Subdivision (1) of said section 22 of said chapter 32, as so appearing, is hereby amended by inserting after paragraph (b) the following paragraph:-

(b 1/2) The provisions of section fifty of chapter three hundred and sixty-seven of the acts of nineteen hundred and seventy-eight shall not apply to any member of the state employees' and state teachers' retirement system, or systems electing to accept the provisions of this paragraph. Any system may accept the provisions of this paragraph by majority vote of the board of each such system, subject to the approval of the legislative body. For purposes of this paragraph "legislative body" shall mean a town meeting in a town, the city council in a city, the county retirement board advisory council in a county, and the district members in a district. Acceptance shall be deemed to have occurred upon the filing of a certification of such votes with the commissioner. Any system electing to accept the provisions of this paragraph shall be required to annually appropriate to the Pension Reserve Fund, in addition to such other amount as might be required by this chapter, an amount equal to the employer's normal cost of removing the restriction provided by said section fifty of said chapter three hundred and sixty-seven, plus such amount as is required to amortize over fifteen years the liability created by such removal for such of those employees who entered service on or after January first, nineteen hundred and seventy-nine and prior to January first, nineteen hundred and eighty-eight. For any member of any system accepting the provisions of this paragraph who entered the service of the commonwealth or a political subdivision thereof on or after January first, nineteen hundred and seventy-nine, the treasurer or other disbursing officer in charge of payroll in any governmental unit to which a system pertains, shall withhold on each pay day, in addition to the amounts withheld pursuant to paragraph (b) an additional two per cent of such member's regular compensation over thirty thousand dollars. In any system filing a certificate of acceptance with the commissioner on or before July first, nineteen hundred and eighty-eight, the treasurer or other disbursing officer in charge of payroll in any governmental unit to which a system pertains shall withhold, from the regular compensation of such member subject to the additional amounts provided for by this paragraph, in such installments as the retirement board shall direct, an amount equal to the additional amount which would have been withheld from such member's regular compensation pursuant to this paragraph between January first, nineteen hundred and eighty-eight and the date the certificate of acceptance is filed. In any system filing a certification of acceptance with the commissioner after July first, nineteen hundred and eighty-eight, the additional deduction shall start as of the date of filing said application and no deductions shall be made from any regular compensation received between January first, nineteen hundred and eighty-eight and the date said certification is filed; provided, however, that the liability created by removing the restriction provided by said section fifty for the payroll

period from January first, nineteen hundred and eighty-eight and the date said certification is filed shall be added to the amount to be amortized over fifteen years through the annual appropriation as required by this paragraph; and provided, further, that all service in such system after January first, nineteen hundred and eighty-eight shall be credited as non-section fifty restricted service. Notwithstanding any other provision of this chapter, the calculation of the retirement allowance of any member who entered service after January first, nineteen hundred and seventy-nine where such member has both section fifty restricted service and non-section fifty restricted service, shall be calculated based upon the years of creditable service subject to the restriction and the years of non-section fifty service, as the actuary shall determine. In the state employees' retirement system and the state teachers' system, and in any other system accepting the provisions of this paragraph, the allowance payable to any member, or eligible beneficiary thereof, who entered the service of the commonwealth or a political subdivision thereof on or after January first, nineteen hundred and seventy-nine and who retired from said system prior to the date on which such system accepted this paragraph, shall be recalculated as of the date of such acceptance, and as of said date the provisions of said section fifty of said chapter three hundred and sixty-seven shall not apply to such allowance; provided, however, that the provisions of this sentence shall not be deemed to require any additional contributions to be made by any such member or eligible beneficiary thereof. The state employees' and state teachers' retirement systems shall be deemed to have accepted the provisions of this paragraph as of January first, nineteen hundred and eighty-eight.

**SECTION 65.** Paragraph (c) of subdivision (1) of said section 22 of said chapter 32, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:– Any such treasurer or other disbursing officer in charge of payrolls, for the purpose of determining the regular compensation and regular deductions of any member in service who is receiving a non-cash maintenance allowance in the form of full or partial boarding and housing, shall add to the amount of the cash payment for the regular services of such member an amount at a rate which shall be determined by the personnel administrator if such member is a member of the state employee's retirement system or of the teachers' retirement system, by the county personnel board if such member is a member of any county system, and by the retirement board if such member is a member of a city or town system.

**SECTION 66.** Subdivision (2) of said section 22 of said chapter 32, as so appearing, is hereby amended by striking out paragraph (b) and inserting in place thereof the following paragraph:–

(b) If any member who has been retired for disability is later restored upon recovery to active service before attaining the age sixty-five as provided for in paragraph (b) of subdivision (2) of section eight, an

amount equal to the annuity reserve at the date of his restoration with respect to his annuity shall be transferred from the Annuity Reserve Fund of the system to the credit of his account in the Annuity Savings Fund thereof.

**SECTION 67.** Said subdivision (2) of said section 22 of said chapter 32, as so appearing, is hereby further amended by striking out paragraphs (c) and (d) and inserting in place thereof the following paragraph:-

(c) If the balance remaining in the annuity reserve fund of any system at the close of business on December thirty-first of any year after the transfer of interest thereto as provided for in clause (ii) of paragraph (a) of subdivision (6), is in excess of the total amount of the annuity reserve determined for such system as of such date in accordance with the provisions of paragraph (b) of subdivision (3) of section twenty-one, the amount of such excess shall be transferred as of the next following September thirtieth from the Annuity Reserve Fund to the Pension Reserve or Commonwealth's Pension Liability Fund of such system. If such balance is less than the total amount of such annuity reserve, an amount equal to such deficiency shall, to the extent not included in any deficiency being made up under the provisions of this paragraph, be similarly transferred as of such next following September thirtieth from the Pension Fund to the Annuity Reserve Fund.

**SECTION 68.** Subdivision (3) of said section 22 of said chapter 32, as so appearing, is hereby amended by striking out paragraphs (a) and (b) and inserting in the place thereof the following two paragraphs:-

(a) The Pension Fund of each system shall be the fund to which shall be credited all amounts appropriated by the governmental unit or transferred from the Pension Reserve Fund or Commonwealth's Pension Liability Fund pursuant to a funding schedule established pursuant to section twenty-two C or twenty-two D for the purpose of providing for the cost of operation of the system exclusive of the expenses of administration, except such amounts as may be appropriated for the special fund for military service credit under the provisions of subdivision (4). Any balance remaining in the investment income account of the system at the close of business on December thirty-first of any year shall be transferred to the Pension Reserve Fund or the Commonwealth's Pension Liability Fund, and any deficit in such account at such time shall be made up by transfer from the pension fund to such account of an amount equal to such deficit as provided for in clause (iii) of paragraph (a) of subdivision (6).

(b) All pensions to members or to beneficiaries and all pensions paid under the provisions of paragraph (c) of subdivision (8) of section three or paragraph (b) of subdivision (4) of section seven shall be paid from the pension fund of the system, and all amounts received under said provisions shall be credited to such fund. Amounts shall be transferred between the Pension Fund or the Commonwealth's Pension Liability Fund, as applicable, and the annuity reserve fund as provided for in paragraph (c) of subdivision (2) and shall be transferred to the Pension

Fund or the Commonwealth's Pension Liability Fund, as applicable, from the annuity savings fund as provided for in paragraph (d) of subdivision (6) and from the special fund for military service credit as provided for in paragraph (c) of subdivision (4). Amounts shall also be paid from the Pension Fund or the Commonwealth's Pension Liability Fund, as applicable, of one system and transferred to the special fund for military service credit of a second system as provided for in paragraph (d) of said subdivision (4). The board shall, with the approval of the actuary, make any other transfer between the Pension Fund or the Commonwealth's Pension Liability Fund, as applicable, and any other fund of the system which may be necessary to effectuate the purposes of sections one to twenty-eight, inclusive; provided, however, that no such transfers shall be made from the Commonwealth's Pension Liability Fund except pursuant to schedules submitted in advance by the commissioner of administration to the house and senate committees on ways and means.

**SECTION 69.** Said subdivision (3) of said section 22 of said chapter 32, as so appearing, is hereby further amended by striking out paragraph (c) and inserting in place thereof the following paragraph:-

(c) Any profit realized on the sale or maturity of any investment of any system, due to the amount received therefor being in excess of its book value on the date of its sale or maturity, shall be credited to the pension fund of the system or recognized over a period of years as prescribed by the commissioner of public employee retirement. Any loss sustained on the sale or maturity of any investment, due to the amount received therefor being less than its book value on the date of its sale or maturity, shall be charged to the pension fund or amortized over a period of years as prescribed by the commissioner of public employee retirement. Any investment which is required to be valued at its market value under the provisions of paragraph (b) of subdivision (1) of section twenty-one, shall be included in the assets of the system on the date of any valuation thereof at its market value on such date as determined in accordance with said provisions. Any excess of such market value over the value at which such investment was included in the assets of the system on the date of the last previous valuation thereof, shall be credited forthwith to the pension fund or recognized over a period of years as prescribed by the commissioner of public employee retirement, and any amount by which such market value is less than the value at which such investment was included in such assets, shall be charged forthwith to such fund or amortized over a period of years as prescribed by the commissioner of public employee retirement. In addition to the valuation of the assets of the system as of December thirty-first of each year as provided for in paragraph (b) of subdivision (3) of section twenty-one, the value of all such investments which are required to be valued at their market value shall be determined by the actuary as of September thirtieth in each year and any such credits or charges resulting from such valuation shall be made to the pension fund as of such date.

In prescribing the period of years for amortization of gains and losses

the commissioner of public employee retirement shall act in a manner consistent with the periods prescribed by the government accounting standards board or allowed by the Employee Retirement Income Security Act.

Notwithstanding the foregoing provisions or any other general or special law to the contrary, the commonwealth shall assume the cost to any retirement system participating in the Pension Reserves Investment Trust Fund for the charge to the pension fund of such system for the amortization of any loss sustained on the transfer of such system's assets to the Pension Reserves Investment Trust Fund due to the value of the units in said fund upon such transfer being less than the book value of the system assets transferred to said fund on the date of transfer; provided, however, that the commonwealth shall assume only the cost of such system for a loss in an amount equal to or less than twenty per cent of the book value of the system's total portfolio on said date of transfer; provided, further, that the commonwealth shall assume only the costs for such losses to participating systems transferring their assets to the Pension Reserves Investment Trust Fund on or before July first, nineteen hundred and eighty-six; and provided further, that such assumable losses shall not be included in the determination of required appropriations set forth in subparagraph (iii) of paragraph (d). Such losses incurred by participating systems upon the transfer of their assets to the Pension Reserves Investment Fund shall be amortized over the average time to maturity of the entering system's fixed income securities transferred or ten years, whichever is less.

**SECTION 69A.** Paragraph (d) of said subdivision (3) of said section 22 of said chapter 32, as so appearing, is hereby amended by striking out, in line 290, the words "clauses (v) and (vi)" and inserting in place thereof the words:- clauses (v) to (vii),.

**SECTION 69B.** Said paragraph (d) of said subdivision (3) of said section 22 of said chapter 32, as so appearing, is hereby further amended by adding the following clause:-

(vii) The amount, if any, transferred to such pension fund from the pension reserve fund of the system pursuant to subdivision (6A).

**SECTION 70.** Subdivision (6A) of said section 22 of said chapter 32, as so appearing, is hereby amended by striking out paragraph (a) and inserting in place thereof the following paragraph:-

(a) The Pension Reserve Fund of each system shall be credited all amounts set aside by a system for the purpose of establishing a reserve to meet future pension liabilities, including such amounts as may be set aside pursuant to a funding schedule established in accordance with section twenty-two C or twenty-two D. Such amounts shall include without limitation the annual balance in the investment income account as provided for in clause (iii) of paragraph (a) of subdivision (6) the undistributed accumulated total deductions as provided for in section eleven and all monies recovered for the cost of fringe benefits from

federal grants. From time to time, a system may credit to the Pension Reserve Fund other amounts appropriated to it or otherwise made available by the governmental unit. The Pension Reserve Fund for the state employees' and teachers' retirement systems shall be the Commonwealth's Pension Liability Fund.

**SECTION 71.** Said subdivision (6A) of said section 22 of said chapter 32, as so appearing, is hereby further amended by striking out paragraph (b) and inserting in the place thereof the following paragraph:-

(b) Amounts may be transferred to the Pension Fund for the purpose of meeting present pension liabilities in accordance with a schedule developed by the board of each system and approved by the actuary to amortize unfunded pension liabilities. Such schedule of payments shall be designed to maintain a funding schedule which pays the normal cost of benefits for the system and amortizes any unfunded actuarial liability either as a fixed ratio of payroll or in accordance with the funding schedules provided for in section twenty-two C or twenty-two D, as applicable; provided, however, that any such amounts transferred from the Pension Reserve Funds of the state employees' and state teachers' systems shall be detailed by the commissioner of administration in a written report submitted in advance to the house and senate committees on ways and means. Such schedule shall be adjusted in accordance with any state contributions provided from the PRIT Fund to meet the unfunded pension liability of the system.

**SECTION 72.** Subdivision (7) of said section 22 of said chapter 32, as so appearing, is hereby amended by striking out the introductory paragraph and inserting in place thereof the following paragraph:-

In order to effectuate the provisions of sections one to twenty-eight, inclusive, and to provide for each system the amounts required for the Commonwealth's Pension Liability Fund, the Pension Fund, the special fund for military service credit and the expense fund described in subdivisions (3), (4), (5), and (8), respectively, of this section, the following provisions are hereby made:.

**SECTION 73.** Said subdivision (7) of said section 22 of said chapter 32, as so appearing, is hereby further amended by striking out paragraphs (a) and (b) and inserting in place thereof the following two paragraphs:-

(a) Expense Fund of the State Employees' Retirement System and Teachers' Retirement System. - On or before October fifteenth in each year, the state board of retirement and teachers' retirement board, shall certify to the state treasurer and the commissioner of education, respectively, the amounts necessary to be appropriated and paid for the fiscal year commencing on the next following July first, for the expense fund of the state employees' retirement system and the teachers' retirement system. Items of appropriation shall be included in the appropriation for such fiscal year for the department of the state treasurer and the department of education to be allocated to the division of the state board of retirement and the division of the teachers'

retirement board, respectively, for the expense funds of such systems.

(b) Pension funds of the state employees' retirement system and the teachers' retirement system. - The state board of retirement and the teachers' retirement board, on or before October fifteenth in each year, shall furnish the actuary with such information as he may require to enable him to determine the amount to be distributed from the Commonwealth's Pension Liability Fund to the pension funds of said systems, for the fiscal year commencing on the next following July first. The actuary shall, on or before December fifteenth immediately preceding such fiscal year, determine such amount and specify in a written notice to said boards the amounts so required. Upon the receipt of such notice, said board shall certify forthwith to the PRIM board the amounts necessary to be distributed and paid for such fiscal year for the Pension Fund and the special fund for military service credit of the respective system. The amounts necessary to be appropriated and paid for such fiscal year by the commonwealth for said Commonwealth's Pension Liability Fund shall be determined in accordance with the funding schedule adopted by the commissioner of administration pursuant to section twenty-two C, and items of appropriation for such amounts shall be included in the appropriations for such fiscal year for the PRIM board or such department as the commissioner of administration shall determine to be allocated to the Commonwealth's Pension Liability Fund.

**SECTION 73A.** Subdivision (8) of said section 22 of said chapter 32, as so appearing, is hereby amended by striking out paragraphs (a), (b), (c) and (d) and inserting in place thereof the following five paragraphs:-

(8) (i) PRIT Fund (a) There shall be a Pension Reserve Investment Trust Fund administered by the PRIM board established in section twenty-three for the purpose of depositing, investing and dispersing amounts set aside to meet further liabilities of the various systems.

The state employees' and state teachers' retirement systems shall participate in the Pension Reserve Investment Trust Fund as follows: the Commonwealth's Pension Liability Fund, including any amounts in the reserves of the state employees' and teachers' retirement systems as of July first, nineteen hundred and eighty-seven, shall be deposited, in the PRIT Fund to the credit of the commonwealth, to defray its obligation toward the unfunded liabilities of said systems, and toward any other pension obligations which the commonwealth may by special or general law assume.

(b) All amounts which the state may appropriate each year subsequent to January first, nineteen hundred and eighty-four pursuant to section twenty-two B to meet unfunded pension liabilities shall be deposited in the PRIT Fund and credited to the account of the state employees' retirement system, the teachers' retirement system, and other participating systems as follows: the amount determined for each system shall be proportionate to the amount of assets of each system participating in the PRIT Fund as of July first for each fiscal year ending the following June thirtieth, provided that, for the purposes of this

paragraph, the amount of the combined assets of the state employees' and the teachers' retirement systems shall be deemed not to exceed eighty per cent of the total amount of the assets in the PRIT Fund as of June thirtieth, nineteen hundred and eighty-seven; provided, that a system electing to participate in the Pension Reserves Investment Trust Fund after January first, nineteen hundred and eighty-eight, shall receive the greater of either the system's share of the state appropriation pursuant to subdivision (8) of section twenty-two of chapter thirty-two, or the amount the system would receive in an annual pension funding grant pursuant to this section. Systems which elected to participate in the pension reserve fund or before January first, nineteen hundred and eighty-eight, and which are eligible to receive an annual pension funding grant from the commonwealth pursuant to the provision of this section, shall receive an amount equal to such system's share of the state appropriation pursuant to subdivision (8) of section twenty-two of chapter thirty-two in addition to the amount such system would receive in an annual pension funding grant pursuant to the provisions of this section. The amounts so determined for each participating system and an amount equal to the regular interest on assets in the PRIT Fund shall be credited to the several retirement systems.

(c) Upon notification by the chief executive officer and legislative body of a governmental unit of a decision to participate, systems shall transfer ownership and control of all the assets of the system to the PRIM board. The PRIM board shall hold such assets in trust for the participating systems. The PRIM board shall credit assets and earnings on such assets to the individual systems. The PRIM board shall calculate regular interest as defined in subdivision (6) to allocate earnings among the various funds of each system. The board of each system shall continue to administer the system in accordance with sections one to twenty-eight, inclusive, including the maintenance of accounts in accordance with the funds provided for in this section. The PRIM board shall transfer monies to the various funds of the participating systems to allow them to carry out their duties under this chapter. The board of each participating system shall notify the PRIM board of the amounts needed for the various funds for the next fiscal year no later than ninety days before the start of the next fiscal year. The PRIM board shall develop a schedule of transfers to be made to said systems during the next fiscal year and notify the systems of that schedule no later than thirty days prior to the start of the next fiscal year. The PRIM board shall transfer such amounts in accordance with said schedule during the course of said fiscal year. From time to time such boards may make supplemental requests of the PRIM board if the initial request is found to be insufficient. Within thirty days of such request, the PRIM board shall approve or deny such request. Any denial of such a request must be accompanied by a written statement of the reasons therefor.

The procedure for determining participation shall occur as follows: on or before January first of each year, the PRIM board shall notify each system in writing of their option to participate in the PRIT Fund. Such notice shall be accompanied by a financial report and a description of

the rights and duties of the PRIM board if a system elects to participate. The decision to participate shall be made by the board of each system, subject to the approval of the legislative body and the chief executive officer of each governmental unit. The decision of the board shall be deemed to have been approved unless the legislative body and the chief executive officer act to disapprove such decision by July first of the year in which the decision of such board is made. The board of each system shall notify the PRIM board and the appropriate legislative body and chief executive officer by May first of each year of its decision.

For any system which is receiving an annual pension funding grant from the commonwealth pursuant to the provisions of section twenty-two D in which the annualized time-weighted-rate of return is less than the assumption for investment rate of return approved by the actuary in the most recent actuarial valuation for the system, over any five year cycle, and said time-weighted-rate of return is less than the annualized time-weighted-rate of return for the pension reserve investment trust fund, over any five year cycle, the commissioner shall notify the PRIM board and the appropriate legislative body, chief executive officer, and the board of said system shall be deemed to have voted to participate.

After the decision of a board of a system to participate has been approved, the decision to participate may not be revoked for five years. Such revocation shall become effective six months after the PRIM board receives notification of such decision by such board. For purposes of this section, "legislative body" shall mean a town meeting in a town, the city council in a city, the county advisory board in a county, the district members in a district, and the members of an authority in an authority. For purposes of this section, "chief executive officer" shall mean the board of selectmen in a town, the mayor in a city, except in a city with plan D or plan E form of government it shall mean the city manager, municipality with a council form of government, the town manager and the county commissioners in a county. In a district or in an authority, "chief executive officer" shall mean the members of such district or authority. A system may purchase offerings of the PRIT Fund in accordance with clause (vii) of paragraph (b) of subdivision (2) of section twenty-three without becoming a participating system for purposes of this section.

(d) The amounts in the PRIT Fund shall be invested and managed in accordance with the authority of the PRIM board as created in section twenty-three. Amounts in the PRIT Fund shall be transferred back to each system for withdrawal or payment to members as otherwise provided by sections one to twenty-eight, inclusive.

All other amounts shall be distributed to each system during such calendar years as the actuary shall determine pursuant to subdivision (6A). Such distributions shall be transferred to the pension fund of each system for such year. On March first, nineteen hundred and eighty-four and each subsequent calendar year, the commissioner of public employee retirement shall publish a report of the projected schedule of distribution of amounts from the PRIT Fund, as developed by the actuary, and file

such report with each system, with the commissioner of administration, and with the house and senate committees on ways and means.

(e) (1) There shall be a Commonwealth's Pension Liability Fund which shall be within the PRIT Fund, and which shall be administered by the PRIM board established in section twenty-three for the purpose of depositing, investing and dispersing amounts set aside to meet further liabilities of the commonwealth. For the state employees' retirement system and the teachers' retirement system all amounts held by said retirement systems on or after July first, nineteen hundred and eighty-seven, except for the Annuity Savings Fund, the Annuity Reserve Fund and the expense funds, shall be transferred to the Commonwealth's Pension Liability Fund. Any assets of such systems transferred to the PRIT Fund prior to that date shall be credited to the Commonwealth's Pension Liability Fund.

(2) Except for expense funds pursuant to subdivision (5), and the Annuity Savings Fund and Annuity Reserve Fund of the state employees' retirement system and the teachers' retirement system, all appropriations, assets and funds of any such systems shall be deposited in the Commonwealth's Pension Liability Fund, and all distributions and payments by said systems shall be made by withdrawals from the Commonwealth's Pension Liability Fund.

Amounts in the Commonwealth's Pension Liability Fund shall include, but not be limited to, the following:

(i) all amounts held in the PRIT Fund to the credit of the state employees' retirement system and the teachers' retirement system;

(ii) all amounts appropriated by the state to meet its pension liabilities, including the amounts appropriated pursuant to clause (a) of the last paragraph of section twenty-one of chapter one hundred and thirty-eight, the state share of amounts appropriated pursuant to section twenty-two B, and section twenty-two C;

(iii) all monies recovered for the cost of pension fringe benefits from federal grant funds pursuant to section six B of chapter twenty-nine;

(iv) all monies recovered from federal grant funds, pursuant to section five D of chapter forty, for the cost of teachers' pension benefits;

(v) all monies transferred from the state employees' and teachers' retirement systems pursuant to the provisions of paragraph (d) of subdivision (2) and clause (iii) of paragraph (a) of subdivision (6);

(vi) the undistributed accumulated total deductions for the state employees' and teachers' retirement systems as provided for in section eleven; and

(vii) all assets of the state employees' retirement system and the teachers' retirement system except for such systems' expense funds, annuity savings funds, and annuity reserve funds.

All amounts required by the Pension Fund and Special Fund for military credit of the state employees' and teachers' retirement systems shall be provided by distribution from the Commonwealth's Pension Liability Fund; provided however, that any such distributions shall be detailed in a written report by the commissioner of administration and filed in advance with the house and senate committees on ways and means.

Such distributions shall be made pursuant to the provisions of sections one to twenty-eight, inclusive, of this chapter, or pursuant to the operating trust of the PRIM board pursuant to subdivision (2A) of section twenty-three. (viii) The amounts in the Commonwealth's Pension Liability Fund shall be invested and managed in accordance with the authority of the PRIM board as created in section twenty-three.

**SECTION 74.** Subdivision (9) of said section 22 of said chapter 32, as so appearing, is hereby amended by striking out the third and fourth paragraphs and inserting in place thereof the following two paragraphs:-

The treasurer of the governmental unit making the appropriation shall be the custodian of all funds deposited pursuant to this subdivision. Such funds may be invested in the same manner as retirement system funds pursuant to subdivision (2) of section twenty-three.

Such funds may be utilized in accordance with the provisions of subdivision (6A), or, subject to the approval of the actuary, in accordance with the provisions of paragraph (c) of subdivision (7), or subdivision (3) of section twenty-two D.

**SECTION 75.** Said section 22 of said chapter 32 is hereby further amended by adding the following subdivision:-

(10) Each governmental unit to which a system pertains and any free public library the employees of which are eligible for membership in a system, pursuant to the provisions of section four hundred and fourteen (h) (2) of the United States Internal Revenue Code, shall assume and pay the contributions which would be payable by the employees as members under paragraph (b) of subdivision (1). Such contributions, although designated as employee contributions, will be paid by the applicable governmental unit or free public library employing the employee in lieu of contributions by the employee. No employee will have the option of choosing to receive such contributed amounts directly instead of having them paid by the employing governmental unit or free public library to the applicable system. The contributions so assumed shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code. The contributions so assumed shall be treated and identified, without limitation, as member contributions for all purposes of the retirement system, except as specifically provided to the contrary in this subdivision, and for all purposes of chapter sixty-two.

Employee contributions assumed pursuant to this subdivision shall be paid from the same source of funds used for the payment of compensation to an employee. A deduction shall be made from an employee's compensation equal to the amounts of the employee's contributions assumed by the employer. This deduction, however, shall not reduce the employee's compensation for purposes of computing benefits under the retirement system pursuant to this chapter or for purposes of determining any other employee benefits. Assumed contributions shall be transferred to the retirement system of which the employee is a member in accordance with the provisions of paragraph (h) of subdivision (1) and shall be credited to a separate fund within the

employee's account in the Annuity Savings Fund of such system in order that the amounts contributed prior to the effective date for the assumption of employee contributions may be distinguished from the amounts contributed on or after the date on which the governmental employer is required by law to assume the employee's contributions.

**SECTION 76.** Said chapter 32 is hereby further amended by inserting after section 22B the following two sections:-

Section 22C. (1) In each fiscal year, there shall be appropriated to the Commonwealth's Pension Liability Fund the amount necessary to fully fund the system. Such appropriations shall be made pursuant to the most recent three year funding schedule adopted by the commissioner of administration, reviewed by the retirement law commission, and approved by the general court; provided however, that no such funding schedule shall be adopted which would set forth total annual payments in any of its first ten fiscal years which are less in any such year than the total estimated cost of benefits to be paid in such year for such system or for such other assumed liabilities; provided, further, that no such funding schedule shall be adopted which would reduce the value of the pension reserve fund as of January first, nineteen hundred and eighty-eight, increased annually by an amount equal to the actuarial assumption of the rate of investment return approved by the actuary in the most recent three year valuation for the system, in any of said schedule's first ten years; provided, further, that the first year scheduled appropriation for any such funding schedule which shall commence on the fiscal year beginning on July first, nineteen hundred and eighty-eight, shall provide that not less than two hundred ninety-one million one hundred thousand dollars shall be made available for the funding of the normal costs of the state employees' retirement system, the teachers' retirement system, the pension liabilities assumed by the commonwealth which are associated with teachers employed by the city of Boston, and pension liabilities assumed by the commonwealth which are associated with cost of living adjustments or other benefits for members of system other than the state employees' retirement system who are not teachers employed by the city of Boston; provided, further, that not less than two hundred eighty-eight million, two hundred thousand dollars shall be made available to reduce the unfunded liability of said systems, and said liabilities of the commonwealth; provided, further, that the actual first year appropriation made pursuant to any such funding schedule shall be in an amount sufficient to cover the first year normal costs and amortization costs described herein plus the positive difference between the amount necessary to meet the estimated cost of benefits to be paid in said year minus the first year normal costs and amortization costs described herein; provided, further, that for the purposes of calculating future percentage increases in normal cost and amortization cost payment schedules for said systems, the first year base for such calculations shall be the first year normal costs and amortization costs described herein. Said funding schedule shall be established and updated from time to time by said commissioner after

reviewing the periodic actuarial valuation reports required by section twenty-one and such other reports as may be prepared pursuant to section thirty-five H of chapter ten; provided, however, that the house and senate committees on ways and means shall have reviewed and approved in advance the actuarial, economic, and demographic assumptions upon which said actuarial valuation reports and such other reports are based, and the manner and methodology used in the development of the actuarial reports and recommendations, prior to the consideration of said actuarial valuation, reports, and schedules by the general court. Said commissioner shall establish said schedule such that the increase in the amortization component of the appropriations required by this section from year to year shall not exceed seven and one-half per cent.

Said funding schedule, and any future updates thereto, shall be designed to reduce the unfunded actuarial liability attributable to the commonwealth's pension liability as of January first, nineteen hundred and eighty-seven to zero as of June thirtieth, two thousand and twenty-eight and to meet the normal cost of all future benefits for which the commonwealth is obligated, and to meet any other component of the commonwealth's pension liability, as defined in section one. Updates of the funding schedule required by changes in the projected unfunded actuarial liability as determined by any periodic actuarial valuation report pursuant to section twenty-one, may reflect the further amortization time periods authorized by said section twenty-one; provided, however, that the house and senate committees on ways and means shall have reviewed and approved in advance the actuarial, economic, and demographic assumptions upon which said actuarial valuation reports and such other reports are based, and the manner and methodology used in the development of the actuarial reports and recommendations, prior to the consideration of said actuarial valuation, reports, and schedules by the general court. The first such funding schedule shall be filed by said commissioner not later than March first, nineteen hundred and eighty-eight and subsequent schedules shall be prepared pursuant to the provisions of this section relating to the establishment of funding schedules and filed triennially on March first. If, within forty-five days of such filing, the house and senate committees on ways and means, respectively, have taken no action to approve or disapprove any such schedule, such schedule shall be deemed to have been approved. If said schedule is not so approved such payments shall be made in accordance with the most recent three year actuarial valuation which was so approved; provided, that such payments shall be an amount which is not less than the then previous year's appropriations.

(2) In addition to the annual appropriation required to meet the commonwealth funding schedule established pursuant to subdivision (1), the governor shall recommend an additional appropriation to the Commonwealth's Pension Liability Fund to further reduce the commonwealth's unfunded pension liability. Such additional appropriation shall be determined to be the amount which when added to the appropriation required pursuant to said subdivision (1) is equal to the

sum of all retirement benefits paid by the commonwealth pursuant to this chapter for the state employees' and teachers' retirement systems, reimbursements to local retirement systems for pension obligations which the commonwealth has assumed on behalf of such systems, and the employer normal cost as determined in the most recent actuarial valuation report pursuant to section twenty-one for the state employees' and teachers' retirement systems. If the governor determines that funds are not available to allow recommendation of all of the additional appropriation required by this subdivision, the governor shall file a statement with the clerks of the senate and house of representatives supporting such determination. In such event, the governor shall determine the amount of available funds and shall recommend an additional appropriation as equal as possible to the amount required by this subdivision. Amounts required to fund the commonwealth's pension liability pursuant to this subdivision shall be subject to appropriation and shall not be subject to the provisions of section twenty-five.

(3) In addition to the funding schedule updates filed triennially beginning on March first, nineteen hundred and ninety, the commissioner of administration shall file also an advanced funding schedule which, notwithstanding the provisions of the definition of the commonwealth's funding schedule as appearing in section one, or the provisions of subdivision (1) of section twenty-one or of this section, shall not include in the calculation of the annual appropriations required to meet said schedule the amounts, if any, which have been appropriated to the Commonwealth's Pension Liability Fund pursuant to subdivision (2) as additional appropriations to reduce the unfunded pension liability, nor the amounts, if any, by which the actual investment return on the assets of the state employees' retirement system, the teachers' retirement system, and the Commonwealth's Pension Liability Fund exceed the return which would have been realized under the interest assumption utilized in the actuarial evaluation used to establish the most recently approved commonwealth funding schedule; provided, however, that any such amounts may be included in establishing a funding schedule pursuant to this section in any year in which the required actuarial valuation indicates that there is no remaining unfunded commonwealth pension liability.

(4) In each fiscal year, the governor shall recommend to the general court in addition to the appropriation pursuant to subdivision (1), such additional amount as may be required to meet the advanced funding schedule established pursuant to subdivision (3). Amounts required to fund the commonwealth's pension liability pursuant to this subdivision shall be subject to appropriation and shall not be subject to the provisions of section twenty-five.

Section 22D. (1) Systems other than the state employees' retirement system and the teachers' retirement system, upon notification by the legislative body of a governmental unit of a decision to accept the provisions of this section, shall establish a retirement system funding schedule, subject to the approval of the actuary, which shall provide for

an increase in the amortization component of the appropriations required by such schedule from year to year that shall not exceed four and one-half per cent; provided, however, that no such funding schedule shall be adopted which would set forth total annual payments in any of its first six fiscal years which are less in any such year than the total estimated cost of benefits to be paid in such year for such system or for such other assumed liabilities; provided further that no such funding schedule shall be adopted which would reduce the value of the pension reserve fund as of January first, nineteen hundred and eighty-eight, increased annually by an amount equal to the actuarial assumption of the rate of investment return approved by the actuary in the most recent three year valuation for the system in any of said schedules first six years. In each fiscal year the governmental units within such a retirement system shall appropriate to the pension fund and pension reserve fund of such system the amount necessary to fully fund the system pursuant to said schedule. The funding schedule shall be reviewed from time to time by the actuary after reviewing periodic actuarial valuation reports required by section twenty-one and such other reports as may be prepared pursuant to section thirty-five H of chapter ten. Said funding schedule, and any future updates thereto, shall be designed to reduce the unfunded actuarial liability of each system accepting the provisions of this section as of January first, nineteen hundred and eighty-three to zero as of June thirtieth, two thousand and twenty-eight. Updates of the funding schedule required by changes in the projected unfunded actuarial liability as determined by any periodic actuarial valuation report pursuant to section twenty-one, may reflect the further amortization time periods authorized by said section twenty-one but shall not contravene the provisions of this section which relate to the establishment of total annual payments and the reduction in value of the pension reserve fund.

The procedure for determining whether a system has accepted this section shall occur as follows: On or before January first of each year prior to nineteen hundred and ninety-one the commissioner shall notify the legislative body of each governmental unit in writing of its option to accept. For purposes of this section, "legislative body" shall mean a town meeting in a town, the city council in a city, the district members in a district, and the members of an authority in an authority. In a county, for the purposes of this section, "legislative body" shall mean the town meeting of every town which is a member of the county system, the county commissioners on behalf of the county, and the district as provided in subdivision (4) of section twenty-eight, with the vote of each governmental unit the employees of which are members of any such system weighted in the proportion that the aggregate of the annual rates of regular compensation of all members in service of such system who are employees of any such governmental unit at the end of business on the September thirtieth immediately preceding the date on which any such vote is taken bears to the total of all such aggregates for all members in service of such system on such date.

The notice from the commissioner shall be accompanied by a

description of the rights and duties of the governmental unit if it elects to accept this section and become a funding system. The decision to become a funding system shall be made by the legislative body of each governmental unit. A majority vote of the city council, town meeting, district or authority members shall enroll a city, town, district or authority retirement system. In counties, the department of revenue after consultation with the Massachusetts Municipal Association, shall review the commissioner's report, within sixty days and make a recommendation for the consideration of town meetings of the town and the district meetings of the districts which are within each county retirement system, and of the county commissioners of each such system. A majority of the votes as weighted pursuant to this section shall constitute acceptance for a county retirement system.

Systems may accept this section between January first, nineteen hundred and eighty-eight and December thirty-first, nineteen hundred and ninety. The clerk of the legislative body in a governmental unit within a city, town or district retirement system shall notify the retirement board and the commissioner, of a decision to accept. The clerk of each governmental unit within a county system shall notify the county retirement board and the commissioner of any action by such governmental unit.

A decision to accept this section may not be revoked.

(2) In any system accepting the provisions of this section, the governmental units comprising such system shall identify enterprise operations with independent revenue sources from which pension costs may be recovered through fees, rates or charges. Notwithstanding any provision of law to the contrary, such systems are authorized to recover such pension costs. Any costs so recovered shall be transferred to the pension reserve fund.

(3) In establishing the funding schedule pursuant to subdivision (1), any pension reserve fund or funds appropriated pursuant to section five D of chapter forty as of July first, nineteen hundred and eighty-six, and interest earned thereon, shall not be included as assets of the retirement system. Such funds and earned interest, shall remain to the credit of the system or in the case of funds appropriated pursuant to said section five D by any city, town or district which belongs to a county system, to the credit of such city, town or district, as applicable, to be utilized to defray such unit's annual pension appropriation obligation pursuant to this chapter. Transfer of such pension reserve funds to defray pension appropriations shall be made only upon a schedule approved by the actuary pursuant to the provisions of this section which relate to the establishment of total annual benefit payments, and the reduction in value of the pension reserve fund which shall be designed to reduce the annual growth in such annual pension appropriation over the forty-year funding schedule.

(4) (a) Any city or town or county system for which a funding schedule has been adopted and approved pursuant to paragraphs (a) and (b) shall receive annual pension funding grants from the commonwealth until the sixteenth year after the first year of said schedule, so as to reduce the

amount which the city or town or the member units of the county system would otherwise be required to appropriate pursuant to such funding schedule in every fiscal year beginning with the fiscal year ending on June thirtieth, nineteen hundred and ninety.

(b) The total pension funding allocation in any such fiscal year shall be equal to the increase in revenues in the net sum of; five per cent of the increase in revenues over the previous fiscal year in the net sums received under chapter sixty-two as taxes on income, interest thereon and penalties, including payments made on account thereof under chapter sixty-two B, plus five per cent of the increase in revenues over the previous fiscal year in the net sums received under sections thirty to fifty-one, inclusive, of chapter sixty-three, as excises, interest thereon or penalties, including payments made on account thereof under chapter sixty-three B, plus five per cent of the increase in revenues over the previous fiscal year in the net sums received under chapter sixty-four H and sixty-four I, as excises, upon the sale at retail of tangible personal property and upon the storage, use or other consumption of tangible personal property, interest thereon or penalties.

(c) The pension funding grant in any such fiscal year for each city or town or member unit of a county system will equal the total pension funding allocation determined pursuant to paragraph (b), multiplied by a fraction the numerator of which is the total funding contribution for the city or town for such fiscal year pursuant to paragraph (a) multiplied by itself and divided by one hundred two and one-half per cent of the city or town's actual property tax levy for the then previous fiscal year and the denominator of which is the sum of the quotient so derived as the numerator for all cities and towns or member units of county systems; provided, however, that a system electing to participate in the Pension Reserve Investment Trust Fund after January thirtieth, nineteen hundred and eighty-eight, shall receive greater of either the systems share of the state appropriation pursuant to subdivision (8) of section twenty-two, or the amount the system would receive in an annual pension funding grant pursuant to this section. Systems which elected to participate in the pension reserve fund or before January first, nineteen hundred and eighty-eight, and which are receiving an annual pension funding grant from the commonwealth pursuant to the provision of this section, shall receive an amount equal to such system's share of the state appropriation pursuant to said subdivision (8) in addition to the amount such system would receive in an annual pension funding grant pursuant to the provisions of this section. The total amount of the pension funding grant received by a city or town in a fiscal year shall be appropriated to the Pension Reserve Fund of such system.

(d) In each fiscal year the governmental units within each retirement system shall appropriate to the Pension Reserve Fund of the system the difference between the amount set forth for such fiscal year on a funding schedule adopted pursuant to paragraph (a) which pertains to the system and the amount of the pension funding grant appropriated to such Pension Reserve Fund for such fiscal year.

(e) For any system which is receiving an annual pension funding grant

from the commonwealth pursuant to the provisions of section twenty-two D in which the annualized time-weighted-rate of return is less than the assumption for investment rate of return approved by the actuary in the most recent actuarial valuation for the system, over any five year cycle, and said time-weighted-rate of return is less than the annualized time-weighted-rate of return for the pension reserve investment trust fund, over any five year cycle, the commissioner shall notify the PRIM board and the appropriate legislative body, chief executive officer, and the board of said system shall for the purposes of paragraph (c) of section twenty-two be deemed to have voted to participate; provided, however, that no system participating in the PRIT Fund pursuant to this subdivision may revoke such participation for five years after the later of the last annual pension funding grant payment.

(7) Any system accepting any annual pension funding grant pursuant to this section shall transmit to each active and retired member, and to any other person actually receiving any benefit pursuant to this chapter, a copy of the annual report required by subdivision (5) of section twenty.

(8) Any system accepting any annual pension funding grant pursuant to this section shall be deemed to have accepted the ten year vesting provision provided for in subdivision (1) of section six.

(9) Any system accepting any annual pension funding grant pursuant to this section shall be deemed to have accepted the supplemental dependent allowance provided for in clause (iii) of paragraph (a) of subdivision (2) of section seven.

(10) Any system accepting any annual pension funding grant pursuant to this section shall be deemed to have accepted the provisions of section ninety G 1/2.

(11) Any system accepting any annual pension funding grant pursuant to this section shall be deemed to have accepted the fitness and wellness provisions of section sixty-one A of chapter thirty-one and section sixty-one B of chapter thirty-one, and of paragraph (e) of subdivision (3) of section five and section five A.

(12) Any system accepting any annual pension funding grant pursuant to this section shall be deemed to have accepted the provisions relative to the application of section fifty of chapter three hundred and sixty-seven of the acts of nineteen hundred and seventy-eight provided for in paragraph (b 1/2) of section twenty-two.

(13) Notwithstanding any other provision of this section or of any other general or special law, any system accepting the provisions of this section shall not be required to appropriate the normal cost of any benefits accepted under subdivision (8), (9), (10), (11) or (12) for any year prior to the fiscal year in which the first annual pension assistance grant is payable to such system.

**SECTION 77.** Paragraph (b) of subdivision (2) of section 23 of said chapter 32, as so appearing, is hereby amended by striking out, in lines 114 and 115, the words "if authorized pursuant to paragraph (g)," and inserting in place thereof the following:- of said fund.

**SECTION 78.** Paragraph (c) of said subdivision (2) of said section 23 of said chapter 32, as so appearing, is hereby amended by inserting after the second sentence the following sentence:- The board, subject to rules promulgated by the commissioner, may deposit such securities in a securities depository registered with the Securities and Exchange Commission of the United States.

**SECTION 80.** Said subdivision (2) of said section 23 of said chapter 32, as so appearing, is hereby amended by striking out paragraph (d) and inserting in place thereof the following paragraph:-

(d) Any person who assists any board or member thereof in the purchase, sale, investment or reinvestment of the funds of any such system, without the written consent of the commissioner of public employee retirement after notice in writing by him to such board or member to desist therefrom as provided for in subdivision (4) shall be punished as provided for in section twenty-four.

**SECTION 81.** Paragraph (e) of said subdivision (2) of said section 23 of said chapter 32, as so appearing, is hereby amended by striking out, in line 251, the word "March" and inserting in place thereof the word:- May.

**SECTION 82.** Said subdivision (2) of said section 23 of said chapter 32, as so appearing, is hereby further amended by striking out paragraph (g) and inserting in place thereof the following paragraph:-

(g) Clauses (i) to (vii), inclusive, of paragraph (b) shall not apply to the board of any local retirement system which upon application is determined by the commissioner to have a record of investment management which merits broader investment powers, provided that:-

(i) no funds are to be invested directly in mortgages or in collateral loans;

(ii) subsequent to the date of such determination no new investment of funds shall be made in any bank or financial institution which directly or through its subsidiaries has outstanding loans to the Republic of South Africa or its instrumentalities, and no new investment of funds shall be made in stocks, securities or other obligations of any company doing business in or with the Republic of South Africa;

(iii) subsequent to the date of such determination no new investment of funds shall be made in any bank or financial institution which directly or through any subsidiary has outstanding loans to any individual corporation engaged in the manufacture, distribution or sale of firearms, munitions, including rubber or plastic bullets, tear gas, armored vehicles, or military aircraft for use or development in any activity in Northern Ireland, and no new investment of funds shall be made in the stocks,

securities or other obligations of any company so engaged. In making such determination the commissioner shall consider the diversification of the risk of the investments of such board, the return on the investments of such board, the past performance of the investment portfolio of such board and the extent and quality of professional advice received by such board regarding the investment of funds. Any such board shall invest and reinvest consistent with sound investment policy and the requirements of subdivision (3).

**SECTION 83.** The second paragraph of paragraph (a) of subdivision (2A) of said section 23 of said chapter 32 is hereby further amended by striking out the first sentence and inserting in place thereof the following sentence:– Such board shall consist of nine members as follows: the governor, ex officio, or his designee, the state treasurer, ex officio, or his designee, who shall serve as chairman of the board, a representative of a public safety organization appointed by the governor, a private citizen experienced in the field of investment or financial management appointed by the state treasurer, and a person who is not an employee or official of the commonwealth, appointed by the governor, an employee or retiree who is a member of the state teachers retirement system who shall be elected by the members in or retired from such a system for a term of three years in such a manner as the commissioner shall determine, a representative of a union which represents among its membership nonpublic safety municipal and state employees appointed by the treasurer, an employee or retiree who is a member of the state employees' retirement system who shall be elected by the members in or retired from such system for a term of three years in such a manner as the commissioner shall determine, and the commissioner of public employee retirement ex officio, the appointed members shall serve for four years, provided that the initial appointments shall be for the following terms.

(h) Subject to the approval or ratification of the PRIM board, the executive director shall invest and reinvest such funds held by such board to the extent not required for current disbursements, as much as reasonably possible to benefit and expand the economic climate within the commonwealth so long as such is consistent with sound investment

policy and the other requirements of this section; provided, however, that no funds are to be invested directly in mortgages or in collateral loans; provided, further, that no funds are to be invested in any bank or financial institution which directly or through its subsidiaries, has outstanding loans to the Republic of South Africa or its instrumentalities, and no assets shall be invested in stocks, securities or other obligation of any company doing business in or with the Republic of South Africa; and provided, further, that no funds are to be invested in any bank or financial institution which directly or through any subsidiary has outstanding loans to any individual corporation engaged in the manufacture, distribution or sale of firearms, munitions, including rubber or plastic bullets, tear gas, armored vehicles, or military aircraft for use or deployment in any activity in Northern Ireland, and no assets shall be invested in the stocks, securities or other obligations of any such company so engaged. The investment and fund management policies adopted by the PRIM board shall not be subject to any rules or regulations promulgated by the commissioner of public employee retirement governing the investment of funds by the retirement boards.

**SECTION 91.** Said subdivision (2A) of said section 23 of said chapter 32, as so appearing, is hereby further amended by adding the following paragraph:-

(j) The PRIM board shall be subject to the provisions of sections thirty-nine A and sections forty (E) to forty (J), inclusive, of chapter seven.

**SECTION 92.** Said section 23 of said chapter 32, as so appearing, is hereby further amended by adding the following subdivision:-

(4) Orders to protect the system. – If the commissioner determines after a hearing that the investment or recordkeeping practices of any board are not being conducted with reasonable care, skill, prudence or diligence, he may order such board to take or desist from any action that in his judgment is necessary to preserve the integrity of the system. If the commissioner has reason to believe that the investment and recordkeeping practices of any board are not being conducted with reasonable care, skill, prudence or diligence, he may issue a temporary order which shall remain in effect until an investigation, hearing and determination can be made. Violation of any such order shall be punished as provided for in section twenty-four.

**SECTION 93.** Subdivision (1) of section 24 of said chapter 32, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- If the commissioner of public employee retirement determines that any governmental unit, any officer or employee thereof, or the state board of retirement, the teachers' retirement board, or any other board subject to the provisions of sections one to twenty-eight, inclusive, or any member or employee of any such board, has violated or neglected to comply with any provisions of such sections, or the rules and regulations established

thereunder, he shall give notice thereof to the governor, county commissioners, the mayor, the board of selectmen, the Massachusetts Turnpike Authority, the Massachusetts Bay Transportation Authority, the Massachusetts Housing Finance Agency, the Massachusetts Port Authority, the Blue Hills Regional Vocational School System, the Greater Lawrence Sanitary District, or the Minuteman Regional Vocational Technical School District, as the case may be, and to the board and, thereafter, if such violation or neglect continues, shall forthwith present the facts to the attorney general who shall take appropriate action.

**SECTION 94.** Section 25 of said chapter 32, as so appearing, is hereby amended by striking out subdivision (4) and inserting in place thereof the following subdivision:-

(4) The payment of all annuities, appropriations, pensions, retirement allowances and refunds of accumulated total deduction and of any other benefits or payments pursuant to the provisions of sections one to twenty-eight, inclusive, are hereby made obligations of the commonwealth in the case of any such payments to or from funds of the state employees' retirement system, the teachers' retirement system, or the Commonwealth's Pension Liability Fund and obligations of the governmental unit in which the system is established in the case of payments from funds of any system established in any county, city or town or in the Massachusetts Turnpike Authority, the Massachusetts Bay Transportation Authority, the Massachusetts Housing Finance Agency, the Massachusetts Port Authority, the Blue Hills Regional Vocational School system, the Greater Lawrence Sanitary District, or the Minuteman Regional Vocational Technical School District.

**SECTION 95.** Section 25 of said chapter 32, as so appearing, is hereby further amended by adding the following subdivision:-

(6) (a) It is hereby declared that any actual or potential failure to comply with the applicable funding standard or schedule established by sections twenty-one, twenty-two, twenty-two C and twenty-two D of this chapter threaten serious injury to the members' contractual pension rights and benefits and the retirement systems. By expressly authorizing the remedy of mandamus herein, the general court intends to assist all persons or entities with a special responsibility or duty in relation to the retirement systems in securing that compliance. In the event that any governmental unit other than the commonwealth fails to comply with its duty either to provide for in its budget, or to pay, the full amount of its obligation towards the retirement system as specified in this chapter, the failure may be remedied by an action for mandamus.

(b) The division of public employee retirement administration shall have standing to institute a legal proceeding for mandamus as provided for in this section. The attorney general, or the district attorney of the county in which a retirement system is located, in addition to any other powers and duties conferred on that office by law, shall also proceed in the name of the commonwealth, upon request of the division or upon the

person's own motion, to institute a legal proceeding for mandamus as provided for in this section. Any mandamus pursuant to this section may compel the addition by such governmental unit other than the commonwealth to its current budget of any omitted amount of its pension obligation and the subsequent payment of any omitted amount of pension obligation with interest at the applicable compound rate, whichever is applicable.

**SECTION 96.** Subdivision (2) of section 26 of said chapter 32, as so appearing, is hereby amended by striking out paragraphs (b) and (c) and inserting in place thereof the following paragraph:-

(b) Upon retirement under the provisions of this subdivision a member shall receive a retirement allowance to become effective on the date of his retirement. Payments under such allowance shall be made as provided for in sections twelve and thirteen and the normal yearly amount thereof shall be equal to the sum of:-

(i) A yearly amount of annuity equal to the yearly amount of the regular life annuity specified in clause (i) of Option (a) of subdivision (2) of section twelve; and

(ii) A yearly amount of pension equal to seventy-two per cent of the annual rate of his regular compensation on the date such illness or injury was incurred, or equal to seventy-two per cent of the average annual rate of his regular compensation for the twelve month period for which he last received regular compensation immediately preceding the date his retirement allowance becomes effective, whichever is greater; provided, however, that for any employee who was not a member in service on or before January first, nineteen hundred and eighty-eight or who has not been continuously a member in service since such date, the total yearly amount of the sum of such pension and the annuity as determined in accordance with the provisions of subparagraph (i) shall not exceed seventy-five per cent of the annual rate of regular compensation as determined in the subparagraph; and provided, further, that no individual who is a member in service on January first, nineteen hundred and eighty-eight whose allowance is limited by the seventy-five per cent limitation as established in this subparagraph, shall receive an amount of pension that is less than seventy-two per cent of such individual's regular compensation on said January first, nineteen hundred and eighty-eight; and

(iii) A yearly amount of additional pension determined at the rate fixed by the actuary as hereinafter provided, for each surviving unmarried child of such member who is under the age of eighteen or who was over said age and physically or mentally incapacitated from earning on the date of such member's retirement. Such additional pension on account of any child shall be paid only so long as such child survives, remains unmarried and is under the age of eighteen or, if over said age remains physically or mentally incapacitated from earning or, if over said age and under the age of twenty-one, is a full-time student at an accredited educational institution offering full-time courses of study equivalent to or higher than secondary school study. The words

"accredited educational institution" shall mean any school, college, or university that is licensed, approved, or accredited, as the case may be, in the state in which it is located. Beginning July first, nineteen hundred and eighty-eight such additional pension shall be fixed at a rate of four hundred and fifty dollars for each eligible child. Beginning July first, nineteen hundred and eighty-nine, such rate shall be increased by an amount equal to the percentage increase in the cost of living determined by the general court for such year pursuant to section one hundred and two.

**SECTION 97.** Paragraph (a) of subdivision (4) of section 28 of said chapter 32, as so appearing, is hereby amended by striking out the fifth sentence and inserting in place thereof the following sentence:- Any employee who becomes a member of a retirement system by the acceptance by a mosquito control project or district of this paragraph or by the acceptance by the county cooperative extension service of the county of Suffolk of this paragraph shall be credited with prior service in accordance with the provisions of sections one to twenty-eight, inclusive.

**SECTION 98.** Section twenty-eight F of said chapter thirty-two is hereby repealed.

**SECTION 99.** Section 58B of said chapter 32, as so appearing, is hereby amended by striking out the first four paragraphs and inserting in place thereof the following five paragraphs:-

A veteran who is entitled to be retired under the provisions of section fifty-eight may, on or before the date of his written application for retirement, elect to receive a lesser yearly amount of pension payable to such veteran during his lifetime, with the provisions that upon his death leaving as a survivor his spouse or other eligible beneficiary, as hereinafter defined, at the time of his retirement two-thirds of the yearly amount of such lesser pension shall be continued during the lifetime of and paid to such spouse or other eligible beneficiary; provided, however, that the surviving spouse or other eligible beneficiary shall receive not less than two-thirds of the pension such veteran is receiving at the time of his death; and provided, further, that if such surviving spouse or other eligible beneficiary dies on or after the date such lesser pension becomes effective and before the death of such veteran, such veteran thereafter shall be paid a full pension and may not choose another option. Such full pension shall be determined by multiplying the amount of the lesser pension at the time of the death of such surviving spouse or other eligible beneficiary by a fraction the numerator of which is the yearly amount of the full pension which such veteran would have received under section fifty-eight at the time his retirement allowance became effective if he had not elected that it be paid in accordance with the terms of the first sentence of this section, and the denominator of which is the yearly amount of the lesser pension which such veteran received at the time his pension first became effective.

The election of this option shall be filed with the retiring authority in writing on a prescribed form on or before the date of the written application for the retirement of such veteran, and if the spouse or other eligible beneficiary dies before the date such retirement becomes effective this option shall not take effect. The yearly amount of such lesser pension shall be determined so that the value, on the date such pension becomes effective, of the prospective payments to such veteran, including those for a full pension made in accordance with the first paragraph of this section, and to such spouse or other eligible beneficiary shall be the actuarial equivalent of the value on such date of the full pension that such veteran would be entitled to under the provisions of section fifty-eight.

The computation of the actuarial equivalent of the pension payable to a veteran and to his spouse or other eligible beneficiary under the provisions of this section shall be subject to the supervision and verification by the actuary appointed by the commissioner of public employee retirement in accordance with the provisions of section twenty-one and the expenses for such service shall be paid by the governmental unit granting the pension.

If a veteran entitled to be retired under the provisions of section fifty-eight dies before making written application for such retirement, or, having exercised the option provided by this section, dies before the effective date of his retirement, his widow shall receive an annual allowance consisting of two-thirds of the actuarial equivalent to which said veteran would have been entitled had his retirement allowance been computed under the provisions of this section as of the date of death of said veteran, and payable from the same source; provided that said spouse and the deceased veteran were living together at the time of his death, or that the retiring authority finds that they had been living apart for justifiable cause other than desertion or moral turpitude on the part of the spouse.

Any allowance provided for under this section shall be in the alternative to any allowance provided for under section twelve. If the deceased veteran was a member of a system established under sections one to twenty-eight, inclusive, the provisions of paragraph (c) of subdivision (2) of section eleven and Option (d) of subdivision (2) of section twelve shall apply unless the appropriate retiring authority, as defined in section fifty-nine, is notified in writing of the election of the pension under this section within ninety days from the date that the board mailed notice regarding the right of such election; provided, that no pension shall be paid under this section if the deceased veteran is survived by a beneficiary appointed under Option (d) of subdivision (2) of section twelve other than his spouse.

**SECTION 100.** The first paragraph of section 65C of said chapter 32, as so appearing, is hereby amended by striking out the first and second sentences and inserting in place thereof the following three sentences:- A chief justice, justice, associate justice, judge, associate judge, or special justice, hereinafter in this section called judge, who is retired or

who resigns and who is entitled to a pension or retirement allowance for life under the provisions of section sixty-five A, sixty-five B or sixty-five D may elect to receive, in lieu thereof, a pension or retirement allowance for life at a lesser annual rate with provision that upon his death, leaving as a survivor a surviving spouse who was his spouse at the time of his retirement or resignation, two-thirds of such pension or retirement allowance for life at a lesser annual rate shall be paid to such surviving spouse; provided, however, that if such surviving spouse dies on or after the date such lesser retirement allowance becomes effective and before the death of such member, such member thereafter shall be paid a full retirement allowance. Such full retirement allowance shall be determined by multiplying the amount of the lesser retirement allowance at the time of the death of such surviving spouse by a fraction the numerator of which is the yearly amount of the full retirement allowance which such member would have received at the time his retirement allowance became effective, and the denominator of which is the yearly amount of the lesser retirement allowance which such member received at the time his retirement allowance first became effective. The yearly amount of such lesser retirement allowance shall be determined so that the value, on the date such allowance becomes effective, of the prospective payments to such member and to such surviving spouse shall be the actuarial equivalent of the value on such date of the full retirement allowance; provided, however, that the yearly amount of such lesser retirement allowance shall be decreased to reflect the costs to the system of providing full retirement allowances in accordance with the first sentence of this paragraph.

**SECTION 101.** Said section 65C of said chapter 32, as so appearing, is hereby further amended by striking out the third paragraph and inserting in place thereof the following paragraph:-

If a judge forty-five years of age or over but under the age of seventy who would be entitled, upon resigning, to a pension or retirement allowance for life under section sixty-five A or sixty-five D except for not having attained age seventy, or if a judge forty-five years of age or over but under the age of sixty-five, who would be entitled upon resigning to a pension or retirement allowance under said section sixty-five A or sixty-five D, except for not having attained age sixty-five, or if a judge fifty-five years of age or over but under age sixty-five, who would be entitled upon resigning to a pension or retirement allowance for life under section sixty-five B, except for not having attained age sixty-five dies before resigning, the judge's surviving spouse shall receive a pension or retirement allowance for life computed as provided in the second paragraph except that, in making such computation the proportion of the annual rate of salary payable to a judge under section sixty-five A or sixty-five D or the proportion of the average yearly earning for the required years of service payable to a judge under section sixty-five B shall be reduced by one per cent for each year or part thereof by which the date of death precedes the

attainment of the age at which the judge would have received, upon resigning, his pension or retirement allowance for life under section sixty-five A, sixty-five B or sixty-five D, respectively.

**SECTION 102.** Paragraph (b) of section 65D of said chapter 32, as so appearing, is hereby amended by inserting after the first sentence the following two sentences:- There shall be deducted and withheld from the salary of each judge who entered the service of the commonwealth or a political subdivision thereof on or after January first, nineteen hundred and eighty-eight, a sum equal to eight per cent of the first thirty thousand dollars salary of each judge, nine per cent of such salary between thirty thousand dollars and forty-five thousand dollars and ten per cent of such salary in excess of forty-five thousand dollars; provided, however, that any judge who entered the service of the commonwealth or a political subdivision thereof between January first, nineteen hundred and seventy-nine and January first, nineteen hundred and eighty-eight shall be subject to the additional deduction provided for in paragraph (b 1/2) of subdivision (1) of section twenty-two. The provisions of section fifty of chapter three hundred and sixty-seven of the acts of nineteen hundred and seventy-eight shall not apply to any judge making the deduction provided for in the second sentence of this paragraph or the additional deduction provided for in said paragraph (b 1/2).

**SECTION 103.** Paragraph (c) of said section 65D of said chapter 32, as so appearing, is hereby amended by inserting after the words "per cent", in line 38, the words:- or such other amount as would be applicable pursuant to paragraph (b).

**SECTION 104.** Paragraph (d) of said section 65D of said chapter 32, as so appearing, is hereby amended by inserting after the words "per cent", in line 56, the words:- or such other amount as would be applicable pursuant to paragraph (b).

**SECTION 105.** Paragraph (e) of said section 65D of said chapter 32, as so appearing, is hereby amended by inserting after the words "per cent", in line 74, the words:- or such other amount as would be applicable pursuant to paragraph (b).

**SECTION 106.** Said section 65D of said chapter 32, as so appearing, is hereby further amended by adding the following paragraph:-

(i) Pursuant to the provisions of section four hundred and fourteen (h)(2) of the United States Internal Revenue Code, the governmental unit from which each judge receives his regular compensation shall assume and pay the contributions which would be payable by the judge under paragraph (b). The contributions so assumed shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code. Contributions which are assumed pursuant to this subdivision shall be treated and identified as member contributions for all purposes of the retirement system, except as specifically provided to the contrary in this subdivision.

Contributions assumed pursuant to this subdivision shall be paid from the same source of funds used for the payment of compensation to the judge. A deduction shall be made from the judge's compensation equal to the amount of the judge's contributions assumed by the employer. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter or for purposes of determining any other employee benefits. Assumed contributions shall be transferred to the Judges Retirement Fund in accordance with the provisions of paragraph (b) and shall be credited to a separate fund within the individual accounts of the respective members for whom such contributions have been made in order that the amounts contributed prior to the effective date for the assumption of such contribution may be distinguished from the amounts contributed on or after the date on which the governmental employer is required by law to assume the contributions.

**SECTION 107.** Said chapter 32 is hereby further amended by inserting after section 90G the following section:-

Section 90G 1/2. Notwithstanding the provisions of section ninety F or ninety G, or any other general or special law to the contrary, any member continuing in service pursuant to said sections after having attained the age of seventy may elect to continue to have deductions made from his regular compensation. Any member so-electing shall upon retirement receive a superannuation retirement or veteran's pension allowance, as applicable, equal to that to which he would have been entitled had he retired at age seventy; provided, however, that the regular compensation of such member shall include any regular compensation received by such member after having made such election.

The provisions of this section shall take effect for the members of any retirement system by majority vote of the board of such system, subject to the approval of the legislative body. For purposes of this paragraph, "legislative body" shall mean a town meeting in a town, the city council in a city, the county retirement board in a district. Acceptance shall be deemed to have occurred upon the filing of a certification of such votes with the commissioner. For the purposes of this section, the state teachers' and state employees' retirement system shall be deemed to have accepted this section. Any member of a system accepting this section who on the date of such acceptance is continuing in service pursuant to section ninety F or ninety G after having attained the age of seventy, may include any regular compensation received by such member after having attained said age by depositing, upon such conditions as the board shall determine, in the annuity savings fund of said system an amount equal to the amount which would have been withheld from his regular compensation had said acceptance taken effect on the date such member attained said age seventy, and had such member made the election provided for in this section on such date.

**SECTION 107A.** Section 91A of said chapter 32, as appearing in the 1986 Official Edition, is hereby amended by striking out, in line 19, the

words "a federal W-2 form" and inserting in place thereof the words:- all pertinent federal W-2 forms.

**SECTION 108.** Paragraph (a) of section 102 of said chapter 32, as so appearing, is hereby amended by striking out, in line 1, the word "insurance" and inserting in place thereof the words:- public employee retirement administration.

**SECTION 109.** Section 10A of chapter 32A of the General Laws, as so appearing, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

Each employee insured for the minimum amounts of group life and group accidental death and dismemberment insurance provided in section six may, subject to such conditions as the commission shall approve, be insured for amounts of group life insurance and group accidental death and dismemberment insurance in addition to the minimum amounts provided for in said section six. An employee may be insured for additional insurance in thousand dollar incremental amounts up to an amount equal to one thousand dollars less than the employee's gross annual salary rounded down to the nearest whole thousand dollars or for an amount equal to one thousand dollars less than two times, three times, four times, five times, six times, seven times, or eight times the employee's gross annual salary rounded down to the nearest whole thousand dollars. The group insurance commission is hereby authorized to implement a system whereby such employee contributions for such insurance are made on a pre-tax basis. Notwithstanding the maximum dollar limits of the aforesaid amounts of group accidental death and dismemberment insurance and subject to such provisions of the group policy as may be provided by the commission, if a death occurs to an employee while in the performance of his duties and if such death occurs as the natural and proximate result of a robbery or attempted robbery a further additional amount of accidental death insurance shall be payable in an amount equal to three times the sum of additional group life and group accidental death and dismemberment insurance applicable to said employee insured under this section. Such additional insurance shall be issued by the carrier or carriers as determined by the commission without regard to a minimum number of eligible employees or to the provisions of chapter one hundred and seventy-five.

**SECTION 110.** Said section 10A of said chapter 32A, as so appearing, is hereby further amended by striking out, in line 57, the word "optional" and inserting in place thereof the word:- additional.

**SECTION 111.** Said section 10A of said chapter 32A, as so appearing, is hereby further amended by striking out, in line 70, the words "the above schedule" and inserting in place thereof the words:- this section.

**SECTION 112.** Section 12 of said chapter 32A, as so appearing, is hereby amended by striking out, in lines 7 and 8, the words "two

thousand dollars" and inserting in place thereof the words:- such greater amount.

**SECTION 113.** Said chapter 32A is hereby further amended by adding the following section:-

Section 17. The commission shall, subject to appropriation, establish a plan of benefits for certain employees which shall, subject to the procedures and conditions established by the commission, reimburse these employees for eligible dental and vision expenses up to but not exceeding two hundred dollars per year. The commission shall collect and manage the moneys transferred to it for the funding of this plan of benefits and may make any legal deposit, investment or reinvestment of these moneys and any income derived therefrom. As used in this section, "employees" shall mean employees who are classified as managers in the management classification and pay plans in accordance with chapter thirty, sections forty-five and forty-six, unclassified managers who have classified positions reporting to them directly or through intermediate managers or supervisors, incumbents of positions in the executive branch assigned to collective bargaining units but designated as confidential, employees and members of the general court, and retirees who had been in the service of the commonwealth. If an employee is not described in the preceding sentence, but the employee's position is subsequently changed, reorganized or reclassified so as to be covered by the previous sentence, the employee holding such position will be considered an "employee" for the purposes of this section as of the date of such change.

**SECTION 114.** Section 5 of chapter 32B of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the word "authority", in line 3, the words:- and shall be not less than two thousand dollars.

**SECTION 115.** The first paragraph of section 5D of chapter 40 of the General Laws, as so appearing, is hereby amended by adding the following two sentences:-

In any city, town or district which belongs to a city, town or district retirement system, all amounts appropriated pursuant to this section shall be transferred to and credited to the Pension Reserve Fund provided for in section twenty-two of chapter thirty-two. In any city, town or district which belongs to a county retirement system, all amounts appropriated pursuant to this section shall be held by the city, town or district treasurer pursuant to subdivision (9) of section twenty-two of chapter thirty-two.

**SECTION 116.** Section four A of chapter forty G of the General Laws is hereby repealed.

**SECTION 117.** Chapter 41 of the General Laws is hereby amended by inserting after, section 101 the following section:-

Section 101A. Subsequent to January first, nineteen hundred and eighty-eight, no person who smokes any tobacco product shall be eligible for appointment as a police officer or firefighter in a city or town and no person so appointed after said date shall continue in such office or position if such person thereafter smokes any tobacco products. The personnel administrator shall promulgate regulations for the implementation of this section.

**SECTION 118.** Paragraph (1) of subdivision (a) of section 2 of chapter 62 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following subparagraph:-

(I) Amounts contributed on behalf of the taxpayer pursuant to subdivision (10) of section twenty-two of chapter thirty-two or pursuant to paragraph (i) of section sixty-five D of said chapter thirty-two and not included in the federal gross income; provided, however, that nothing herein shall be deemed to impair the status for tax purposes of any such amount as provided under section nineteen of chapter thirty-two, or subparagraph (4) of paragraph (a) of Part B of section three of chapter sixty-two.

**SECTION 119.** Section 1 of chapter 62B of the General Laws, as so appearing, is hereby amended by striking out the definition of "Wages" and inserting in place thereof the following definition:-

"Wages", for withholding purposes only, wages as defined in section thirty-four hundred and one (a) of the Internal Revenue Code, periodic payments and nonperiodic distributions as defined in section thirty-four hundred and five of said Code and subject to federal withholding, and contributions paid by the employer on behalf of the employee pursuant to subdivision ten of section twenty-two of chapter thirty-two or pursuant to paragraph (i) of section sixty-five D of chapter thirty-two and not otherwise included as wages above.

**SECTION 120.** Section 29 of chapter 90 of the General Laws, as so appearing, is hereby amended by inserting after the second sentence the following sentence:- Subsequent to January first, nineteen hundred and eighty-eight, no person who smokes any tobacco product shall be eligible for appointment as an investigator or examiner empowered to perform police duty, and no person so appointed after said date shall continue in such office or position if such person thereafter smokes any tobacco product; the personnel administrator shall promulgate regulations for the implementation of the provisions of this sentence.

**SECTION 121.** Chapter 111 of the General Laws is hereby amended by adding the following section:-

Section 205. The department shall establish a program to reduce the incidence among the general public of mortality and morbidity from accidents and diseases for which risk factors can be identified. Such risk factors shall include, but not be limited to emotional stress, lack of exercise, poor nutrition and diet, abuse of alcohol and other drugs,

smoking, and exposure to toxic substances. Such diseases shall include, but not be limited to, heart disease, lung disease, cancer and stroke. The program shall educate and screen the general public and particular groups of the general public at risk with respect to particular diseases or accidents. The department shall encourage the development of programs for fitness and behavior changes, including dietary change and smoking cessation. The department, with the cooperation of the personnel administrator and the commissioner of public employee retirement, shall develop, implement, coordinate and monitor fitness and behavior change programs, to be known as wellness programs, for public employees. Such programs shall make use of existing resources, facilities and programs whenever possible; and shall provide for access to any such programs, resources and facilities at no cost to such employees.

The department shall promulgate minimum requirements for wellness programs. Such minimum requirements may vary according to the classification of the employees whom a program is to serve. Wellness programs may be phased in over a period of years, but shall be implemented first for police officers and firefighters to whom section sixty-one A of chapter thirty-one applies and next for employees to whom paragraph (e) of subdivision (3) of section five of chapter thirty-two applies. Minimum requirements for wellness programs for employees to whom said section sixty-one A and said paragraph (e) apply shall be designed to enable such employees to meet the respective health and physical fitness standards of said section and said paragraph.

**SECTION 122.** The third paragraph of section 21 of chapter 138 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out paragraph (a) and inserting in place thereof the following paragraph:-

(a) Sixteen and seven-tenths per cent shall be credited to the Commonwealth's Pension Liability Fund for the accumulation of assets in advance of the payment of retirement allowances and used solely for the purposes of offsetting the anticipated future cost of funding the contributory retirement systems of the state employees and teachers as defined in section one of chapter thirty-two.

**SECTION 123.** Chapter 465 of the acts of 1956 is hereby amended by inserting after section 3 the following section:-

Section 3A. Subsequent to January first, nineteen hundred and eighty-eight, no person who smokes any tobacco product shall be eligible for appointment as a permanent crash crewman, crash boatman, fire controlman, or assistant fire controlman at the General Edward Lawrence Logan International Airport, and no person so appointed after said date shall continue in such office or position if such person thereafter smokes any tobacco products. The personnel administrator of the commonwealth shall promulgate regulations for the implementation of this section.

**SECTION 124.** Chapter five hundred and sixteen of the acts of

nineteen hundred and eighty-five is hereby repealed.

**SECTION 125.** No provision in any section of this act shall in any way impair or otherwise affect the establishment of any eligible list based upon an examination held on or before January first, nineteen hundred and eighty-eight, any appointment or promotion based thereon, or the continued employment of any person so appointed or promoted.

**SECTION 126.** The commissioner of public health is hereby authorized to make an investigation and study of the incidence of various kinds of cancer among police officers and firefighters, respectively, as compared with the incidence of the same kinds of cancer among the general public. Said commissioner shall report to the general court the results of his investigation and study, and his recommendations, if any, including recommendations relative to the establishment of a cancer presumption, so-called, and including recommendations for standards for the implementation of any such presumption together with drafts of legislation necessary to carry its recommendations into effect, by filing the same, with the clerk of the house of representatives on or before December first, nineteen hundred and ninety-one. Said commission also shall file annual progress reports with the governor and with said clerk on or before the first Wednesday in December in each of the years nineteen hundred and eighty-seven, nineteen hundred and eighty-eight, nineteen hundred and eighty-nine, and nineteen hundred and ninety.

**SECTION 127.** The commissioner of public health is hereby authorized to make an investigation and study of the incidence of hypertension and heart disease among persons who are obese, as compared with the incidence of said diseases among the general public. Said commissioner shall report to the general court the results of his investigation and study, and his recommendations, if any, including recommendations relative to the exclusion from the provisions of section ninety-four of chapter thirty-two of the General Laws, of those persons deemed to be obese, and including recommendations for standards for the implementation of such exclusion, together with drafts of legislation necessary to carry its recommendations into effect, by filing the same with the clerk of the house of representatives on or before December thirty-first, nineteen hundred and eighty-nine.

**SECTION 128.** Notwithstanding the provisions of any general or special law to the contrary, each governmental unit and free public library that assumes employee contributions pursuant to subdivision (10) of section twenty-two of chapter thirty-two of the General Laws or pursuant to paragraph (i) of section sixty-five D of said chapter thirty-two shall continue to withhold federal income taxes based upon these contributions until the Internal Revenue Service rules that pursuant to section four hundred fourteen (h)(2) of the United States Internal Revenue Code these contributions shall not be included as gross

income of the employee until such time as they are distributed.

**SECTION 129.** Notwithstanding the provisions of subdivision (2A) of section twenty-three of chapter thirty-two of the General Laws, the pension reserves investment management board shall operate under the annual budget adopted by said board for the fiscal year nineteen hundred and eighty-eight until such time as said budget or any other annual or supplemental budget request filed by the board is approved in accordance with the provisions of said subdivision.

**SECTION 130.** The commissioner of the department of revenue is hereby authorized to promulgate rules and regulations detailing the procedures to be followed by retirement systems in implementing the provisions of subdivision (10) of section twenty-two of chapter thirty-two of the General Laws and the provisions of paragraph (i) of section sixty-five D of said chapter thirty-two.

**SECTION 131.** The secretary of the executive office for administration and finance is hereby authorized to adopt for active employees of the commonwealth, as defined in section one of chapter thirty-two A of the General Laws, a cafeteria plan pursuant to section one hundred and twenty-five of the Internal Revenue Code which may include, but is not limited to, a dependent care assistance program pursuant to section one hundred and twenty-nine of the Internal Revenue Code and coverage under an accident or health plan pursuant to section one hundred and five and one hundred and six of the Internal Revenue Code.

**SECTION 132.** The chief executive officer of any city or town of the commonwealth is hereby authorized to adopt for active employees a cafeteria plan pursuant to section one hundred and twenty-five of the Internal Revenue Code which may include, but is not limited to, a dependent care assistance program pursuant to section one hundred and twenty-nine of the Internal Revenue Code and coverage under an accident or health plan pursuant to section one hundred and five and one hundred and six of the Internal Revenue Code.

**SECTION 133.** Notwithstanding any general or special law or regulation to the contrary, the board of each retirement system investing in accordance with the provisions of paragraph (g) of subdivision (2) of section twenty-three of chapter thirty-two of the General Laws and, the state treasurer, acting as the treasurer/custodian of the state employees' retirement system and the teachers' retirement system, and as the chairman of the pension reserves investment management board, are hereby authorized and directed to investigate by means of a survey the extent to which corporations organized under the laws of the United States or the several states and operating in Northern Ireland, in which the assets of said retirement systems or the Pension

Reserves Investment Trust Fund are invested, adhere to principals of nondiscrimination in employment and freedom of workplace opportunity. In conducting said survey, said boards and said treasurer may utilize any information presently available relative to similar pension plans. In making said determination, said boards and said treasurer shall consider, without limitation, the following standards for corporate activity:

(1) equal access to employment, promotion, and job-preservation without regard to religious affiliation or other minority status;

(2) the promotion of religious tolerance within the workplace, and the eradication of any manifestations of religious and other illegal discrimination;

(3) adherence to other legal and regulatory guidelines for nondiscrimination and equality of opportunity, existing in Northern Ireland;

(4) adherence to the McBride Principles for Northern Ireland, so-called.

Said treasurer shall set forth the results of said investigation by filing a report with the clerks of the house of representatives and of the senate not later than the first business day in January of each year. Said boards shall set forth the results of said investigation by filing a report with the public employee retirement administration not later than the first business day in January of each year. Said report shall include, but not be limited to, the names and addresses of all United States corporations operating in Northern Ireland in which the assets of said retirement systems or trust fund are invested, and the findings of said boards and said treasurer relative to these corporations' adherence to the standards for corporate activity as set forth. **Chapter 703.    AN ACT PREVENTING THE SPREAD OF A CERTAIN INFECTIOUS DISEASE.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately prevent the spread of a certain infectious disease, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public health.

Be it enacted, etc., as follows:

Chapter 94 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out sections one hundred and fifty-two A, one hundred and fifty-two B, one hundred and fifty-two D, one hundred and fifty-two E, one hundred and fifty-two F, one hundred and fifty-two G and one hundred and fifty-three and inserting in place thereof the following two sections:-

Section 152A. No person or business entity shall engage in the business of buying, selling or transporting live poultry unless he shall have first obtained a license therefor from the commissioner of food and agriculture, the fee of which shall be determined annually by the

commissioner of administration under the provisions of section three B of chapter seven. Such license shall expire on December thirty-first in the year or part thereof in which such license was issued and may be revoked by the commissioner of food and agriculture for cause and after notice and hearing in the manner provided by chapter thirty A. Such cause shall include, but not be limited to, violations of section one hundred and fifty-two B. All licensees under this section shall keep and maintain, for a period of one year, records of each transaction including dates, names and addresses of both seller and purchaser and number and species of poultry so bought, sold or transported. Said commissioner of food and agriculture may make regulations governing the issuance of such licenses as well as sanitation requirements for all trucks, crates, coops and other conveyances to be so utilized.

Section 152B. The use of wooden crates, containers or coops in the transportation of live poultry to or from farms is hereby prohibited. No truck, cage, crate, coop or other conveyance may enter a farm or livestock sale establishment for the purpose of delivering or removing live poultry or eggs unless such truck, cage, crate, coop or other conveyance is in a clean and sanitary condition. All such equipment used in conjunction with any market or sale point shall be cleaned and disinfected daily prior to the start of business. All such equipment coming into the commonwealth shall be cleaned and disinfected prior to its entry therein. The owner or operator of such equipment shall maintain and have in his possession a record of all such cleanings and disinfections.

A permit shall be issued by the division of animal health prior to the entry into the commonwealth of any live poultry or other fowl, including day-old chicks and poults. Such permits may be obtained by telephone and shall include the number, species, age of the animals to be transported and the name and address of both source flock and purchaser.

**Chapter 709. AN ACT PROVIDING FOR THE HARVEST OF CONCH.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 130 of the General Laws is hereby amended by striking out section 74, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 74. The division of marine fisheries shall examine from time to time as conditions may require, or upon request of the commissioner of public health, the mayor or city manager of a city, or the selectmen or town manager of a town, the coastal waters and flats of the commonwealth and samples of shellfish therein or thereon in order to determine what areas thereof are so contaminated that shellfish obtained therefrom are unfit for food and dangerous to the public health. The division of marine fisheries shall forward the results of all tests as directed by the commissioner of public health. If, after such examination, either the department of public health or the division of marine fisheries determines that such contamination exists, it shall, by written order, promulgate definite bounds of the area or areas so determined to be contaminated, and may specify the period of time

during which such determination shall be in effect. Before such determination shall be in effect, such department or division making the determination shall:

(1) Publish the results of its determination thereof in a newspaper published in each city and town in which or adjacent to which any contaminated area is situated.

(2) File in the office of the clerk of every such city or town the results of the determination.

(3) Cause to be posted at points on or near every such area a description thereof, specifying said bounds and a statement that such an area is contaminated.

(4) If the department of public health makes the determination, notify the directors of the division of marine fisheries and the division of law enforcement of its determination by filing with them properly authenticated copies, certified by the secretary of state, of its determination, publication, filing and posting.

(5) If the division of marine fisheries makes the determination, notify the director of the division of law enforcement of its determination by filing with him properly authenticated copies, certified by the secretary of state, of its determination, publication, filing and posting.

Whenever, as a result of a subsequent examination of an area or areas determined by the division of marine fisheries or the department of public health to be contaminated, such division or said department, as the case may be, determines that the shellfish in such area or areas are safe to use as food, notice of such determination shall be published immediately, and provided to the directors of the division of marine fisheries and the division of law enforcement, in the case of a determination by the department of public health, and to the director of the division of law enforcement in the case of a determination by the division of marine fisheries; provided, however, that if the department of public health or the division of marine fisheries has specified a period of time during which the determination of pollution shall be in effect, such publication and notice shall not be required if such period has expired. The record of any examination hereunder and the bacteriological counts made therein shall be subject to inspection upon request.

Personnel at the department of public health and the division of marine fisheries in the performance of their duties under this section, may enter upon and pass through or over private lands or property whether or not covered by water.

The presentation in evidence by any officer of the commonwealth empowered to enforce this chapter of a document attested to by the commissioner of the department of public health or the director of the division of marine fisheries or either of their designees to the effect that the provisions of this section have been complied with shall be prima facie evidence that an effective determination has been made.

The department of public health and the division of marine fisheries, acting jointly, after consultation with the department of environmental quality engineering, can promulgate rules and regulations establishing standards and criteria for the classification of all shellfish growing areas

within the commonwealth. Such standards and criteria shall conform at a minimum to those established by the national shellfish sanitation program.

This section shall not apply to scallops or conch unless scallops or conch are specifically included in such determination.

**SECTION 2.** Said chapter 130, as so appearing, is hereby further amended by striking out section 74A and inserting in place thereof the following section:-

Section 74A. Both the department of public health and the division of marine fisheries shall have the authority immediately to designate shellfish areas as contaminated and that shellfish obtained therefrom are unfit for food and dangerous to the public health, in the event of an emergency as determined by either the department of public health or the division of marine fisheries. Such designation shall be reported to the division of law enforcement, and, in the case of a determination by the department of public health, to the division of marine fisheries, who shall take the necessary action to prevent the taking of shellfish from such area for human consumption and so notify local authorities in each instance. Such determination shall be in effect until subsequent examination, initiated not more than thirty days after the emergency has been determined, shows the shellfish from such area to be safe for human consumption and the said department or division which designated the emergency declares it to be over. In the event that the department of public health determines that there is an emergency, the commissioner of public health shall have the power to direct the activities of all employees of the division of marine fisheries who are regularly engaged in monitoring the condition of shellfish during that emergency.

This section shall not apply to scallops or conch unless scallops or conch are specifically included in such determination.

**SECTION 3.** Section 75 of said chapter 130, as so appearing, is hereby amended by striking out, in lines 9 and 10, the phrase "the commissioner of the department of environmental quality engineering, after appropriate review and comment by the commissioner of public health" and inserting in place thereof the following phrase:- the commissioner of public health.

**SECTION 4.** Said chapter 130 of the General Laws, as so appearing, is hereby further amended by striking out section 76, and inserting in place thereof the following section:-

Section 76. The director of the division of marine fisheries may construct and operate shellfish purification plants for the treatment of shellfish taken from areas determined under section seventy-four or any corresponding provisions of earlier laws, to be contaminated, and may operate such existing purification plants to serve such areas as he may deem necessary for these purposes. Said director may acquire by purchase, gift, lease or otherwise, or take by eminent domain under

chapter seventy-nine, such land and buildings thereon as may be necessary for the purposes of this section. Said director or his designee shall have sole authority over the acceptance, treatment and discharge of shellfish at such plants, subject to the rules and regulations, which the department of public health is hereby authorized and directed to adopt, relative to the protection of the public health in the consumption of such shellfish.

**SECTION 5.** Section 77 of said chapter 130, as so appearing, is hereby amended by striking out, in lines 2 and 3, the words "the department of fisheries, wildlife and recreational vehicles" and inserting in place thereof the words:- the division of marine fisheries.

**SECTION 6.** Section 80 of said chapter 130, as so appearing, is hereby amended by inserting after the word "permit", in line 26, the following words:- issued jointly by the division of marine fisheries and the department of public health; and by inserting, in line 34, after the word "permit" the following words:- issued jointly by the division of marine fisheries and the department of public health.

**SECTION 7.** Said section 80 of said chapter 130, as so appearing, is hereby further amended by striking out the fifth paragraph and inserting in place thereof the following paragraph:-

The director shall promulgate rules and regulations relative to the form, contents, and use of all permits issued under this chapter except the form, contents and use of wholesale and retail seafood dealer permits which shall be subject to rules and regulations promulgated by the director and the commissioner of public health. The director shall revoke and cancel and require the surrender of any permit issued under this chapter if, in his opinion, after a hearing, after due notice by him or some person designated by him, the holder has violated any rule or regulation of the director or of any provision of this section or section seventy-five, or upon a change in the facts and conditions set forth in such permit or certificate. The commissioner of public health shall also have the authority to revoke and cancel and require the surrender of any wholesale dealer or retail dealer permit issued under this chapter if, in his opinion, after a hearing, after due notice by him or some person designated by him, the holder has violated any rule or regulation of the department of public health or any general or specific law pertaining to fish or the sale thereof, or upon a change in the facts and conditions set forth in such permit. Pending the hearing, the certificate may be suspended. Whoever violates any provisions of this section shall be punished by a fine of not less than ten nor more than fifty dollars or by imprisonment for thirty days, or both.

**SECTION 8.** There shall be an advisory board consisting of the commissioner of public health or his designee, the commissioner of the department of fisheries, wildlife and environmental law enforcement or his designee, the commissioner of the department of environmental

quality engineering or his designee, and the director of the office of coastal zone management or his designee. The board shall review the operations of the programs governing the management, research and control of marine resources in the commonwealth, and the conduct of research, monitoring, and surveillance activities with respect to shellfish, and shall make recommendations to the appropriate agencies to promote coordination and efficiency of such programs and activities.

**SECTION 9.** The division of marine fisheries shall at least every two years study the meat of conch taken from areas subject to sections seventy-four or seventy-four A of chapter one hundred and thirty to determine the extent of contamination, if any, of such meat by chemicals that are injurious to public health. Such study shall include possible contamination by so-called PCBs and heavy metals. Copies of such reports shall be distributed to the secretary of the executive office of environmental affairs, the department of environmental quality engineering and the department of public health.

Approved January 12, 1988.

**Chapter 710. AN ACT RELATIVE TO THE ASSURANCE FUND OF THE LAND COURT.**

Be it enacted, etc., as follows:

Chapter 185 of the General Laws is hereby amended by striking out section 101, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 101. A person who, without negligence on his part, sustains loss or damage by reason of any error, omission, mistake or misdescription in any certificate of title or in any entry or memorandum in a registration book, or a person who, without negligence on his part, is deprived of land or of any estate or interest therein, by the registration of another person as owner of such land or of any estate or interest therein, through fraud or in consequence of any error, omission, mistake or misdescription in any certificate of title or in any entry or memorandum in a registration book may institute an action in contract in the superior court for compensation from the assurance fund for such loss, damage or deprivation; but a person so deprived of land or of any estate or interest therein, having a right of action or other remedy for the recovery of such land, estate or interest, shall exhaust such remedy before resorting to the action of contract herein provided. This section shall not deprive the plaintiff of any action of tort which he may have against any person for such loss or damage or deprivation of land or of any estate or interest therein. If the plaintiff elects to pursue his remedy in tort, and also brings an action of contract under this chapter, the action of contract shall be continued to await the result of the action of tort.

**Chapter 712. AN ACT RELATIVE TO CERTAIN TAXATION PROVISIONS APPLICABLE TO CITIES AND TOWNS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 9 of chapter 58 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out, in line 2, the word "April" and inserting in place thereof the word:- June.

**SECTION 2.** Chapter 59 of the General Laws is hereby amended by striking out section 25, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 25. The assessors in any city or town, except Boston, may add to the amount to be assessed such reasonable amount as the commissioner may approve although the limit of taxation as fixed in any city may by such overlay be exceeded, such amount to be used only for avoiding fractional divisions of the amount to be assessed in the apportionment thereof and for abatements granted on account of property assessed for the fiscal year for which the overlay is made or of taxes in the warrant of which the overlay is a part, but any balance in the overlay account, in excess of the amount of the warrant remaining to be collected or abated, as certified by the board of assessors, shall be transferred by the board of assessors upon their own initiative or within ten days of a written request by the chief executive officer, with written notice to the chief executive officer, to a reserve fund to be appropriated for any lawful purpose; any balance in said reserve fund at

the end of the fiscal year shall be closed out to surplus revenue. This section shall apply to fire, water and improvement districts.

**SECTION 3.** Chapter 60 of the General Laws is hereby amended by inserting after section 3B the following section:-

Section 3C. Any city or town which accepts the provisions of this section or has previously accepted chapter one hundred and ninety-four of the acts of nineteen hundred and eighty-six is hereby authorized, subject to the approval of the commissioner, to design and designate a place on its municipal tax bills, or the motor vehicle excise tax bills, or to mail with such tax bills a separate form, whereby the taxpayers of said city or town can voluntarily check off, donate and pledge an amount not less than one dollar or such other designated amount which shall increase the amount otherwise due, and to establish a city or town scholarship fund, the purpose of which shall be to provide educational financial aid to deserving city and town residents in accordance with this section.

Any amounts donated to the scholarship fund shall be deposited into a special account in the general treasury and shall be in the custody of the treasurer. The treasurer shall invest said funds at the direction of the officer, board, commission, committee or other agency of the city or town who or which is otherwise authorized and required to invest trust funds of the city or town and subject to the same limitations applicable to trust fund investments, except as otherwise specified herein. Interest earned upon such fund shall remain therewith and shall be used for the purpose of said fund without further appropriation.

In any city or town establishing a scholarship fund there shall be a scholarship committee to consist of the superintendent of the city or town schools or designee thereof, and no fewer than four residents of the city or town appointed by the board of selectmen to a term of three years. The scholarship committee shall select the recipients of and amounts of financial aid from the scholarship fund and shall be guided by any criteria established by the scholarship committee, subject to any ordinance or by-law and further subject to the following criteria:

(a) The recipients of financial aid must be residents of the city or town at the time the financial aid is first awarded and have been accepted to pursue education beyond the secondary school level at an institution deemed accredited by the committee.

(b) The committee shall take into consideration each recipients financial need, character, scholastic record and involvement in community work as well as extracurricular school activities.

The scholarship committee may distribute financial aid from both interest and principal of the fund, without further appropriation. The scholarship committee shall establish a procedure for determining at least on an annual basis the amounts or percentage of the funds that shall be authorized for distribution and for notifying the investing officer or agency so that the funds may be made available in a timely manner and with a minimum of penalties.

**Chapter 716. AN ACT INCREASING THE PERSONAL CARE ALLOWANCE FOR RESIDENTS OF LONG TERM CARE FACILITIES.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 6 of chapter 118E of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following three paragraphs:-

Any person who is eligible for assistance under this chapter who is not maintaining his own home and who is receiving care in a licensed nursing home, a licensed chronic hospital, a licensed rest home, or an approved public medical institution, shall retain the first sixty-five dollars of monthly income for clothing, personal needs allowance and leisure time activities. If there is no such income, or if it is less than sixty-five dollars, the recipient shall be paid monthly, in advance, the difference between such income and sixty-five dollars.

The department shall by regulation provide that personal laundry costs shall not be charged to the amount retained by or paid to the recipient pursuant to this section. Personal laundry costs shall be reimbursed through the per diem rates established by the rate setting commission under chapter six A.

Beginning on July first, nineteen hundred and eighty-eight and on July first of each subsequent year, the amount established in this section shall be increased at the same percentage rate as any increase payable to recipients of assistance under the provisions of title XVI of the federal Social Security Act.

**SECTION 2.** Section 1 of chapter 117 of the General Laws, as so appearing, is hereby amended by adding the following three paragraphs:-

Any person who is eligible for assistance under this chapter who is not maintaining his own home and who is receiving care in a licensed nursing home, a licensed chronic hospital, a licensed rest home, or an approved public medical institution, shall retain the first sixty-five dollars of monthly income for clothing, personal needs allowance, and leisure time activities. **Chapter 717. AN ACT PROVIDING A FACILITY FOR SHELTERING HOMELESS PERSONS FOR THE PINE STREET INN, INC.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of section twenty-six of chapter one hundred and twenty-one B of the General Laws to the contrary, the Boston Housing Authority is hereby authorized to sell or otherwise dispose of the property located at 444 Harrison avenue in the city of Boston, which is currently leased by the Pine Street Inn, Inc., to the Pine Street Inn, Inc. The executive office of communities and development, hereinafter referred to as the office, shall approve the sale and the terms thereof, which shall be at the fair market value for the proposed reuse of the property.

The office shall insure that the proceeds from such sale shall be reimbursed to the commonwealth in the amount of any grant made with respect to such building pursuant to section forty-one A of said chapter one hundred and twenty-one B or any other provision of law as well as the amount necessary to pay in full any other outstanding obligations of the commonwealth with respect to said facility. Such reimbursements shall be paid to the state treasury and credited to the General Fund.

The office shall further determine that after reimbursement to the commonwealth, as provided for in the prior paragraph, the proceeds of such sale or other funds available to the Boston Housing Authority for said facility, or both, shall not be less than the amount necessary to pay in full the principle of and interest on the outstanding obligations of the Boston Housing Authority with respect to said facility. Such amount of proceeds of the funds not necessary to pay in full said obligations shall be deposited in trust by the office for the benefit of the holders of other outstanding obligations. Until and unless all such outstanding obligations are paid and discharged in full said proceeds and other funds shall be expended solely for payment of principal and interest thereon. All monies remaining after the commonwealth, the Boston Housing Authority and all other outstanding obligations have been settled will be paid to the state treasury and credited to the General Fund.

The office shall insure that such sale complies with the requirements of section forty J of chapter seven of the General Laws, concerning disclosure of direct or indirect beneficial interest in Pine Street Inn, Inc.; provided, however, that such sale shall not be subject to the requirements of section forty E, forty F, forty H, or forty I of said chapter seven.

The office shall enter into a disposition agreement among the office, the Boston Housing Authority and Pine Street Inn, Inc., which shall assure the continued operation of such facility for at least twenty years as a facility providing food and shelter for homeless persons, as defined in paragraph (e) of section two of chapter one hundred and seventeen of the General Laws, to the extent such facility is under contract with or funded by the commonwealth or any department thereof to operate. Said agreement shall provide that if the Pine Street Inn, Inc. sells the facility after twenty years from the date of purchase, any profit shall be used for the provision of homeless shelters or low income housing.

**Chapter 722. AN ACT PROVIDING FOR ENDOWED CHAIRS AT THE UNIVERSITY OF MASSACHUSETTS.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide immediately for the promotion of cooperative efforts between the University of Massachusetts and the private sector in support of excellence in research, teaching and service at the University of Massachusetts, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of any general or special law to the contrary, there are hereby established ten additional permanent faculty positions at the University of Massachusetts as distinguished chairs for outstanding faculty. Said chairs shall initially remain unfunded and vacant, and shall be retained by the secretary of administration and finance.

**SECTION 2.** The trustees of the university shall establish and maintain a trust fund for each such chair for the purpose of raising a minimum of one million dollars from private sources. The trust funds dedicated to each chair shall be used for the support of research, teaching or service, including the acquisition of specialized equipment, graduate assistants, travel to attend conferences or the conduct of research, acquisition or preparation of materials, or publications; provided, however, that such trust funds shall not be used to supplement the salary of the chair.

**SECTION 3.** Upon certification by the treasurer of the university that a minimum of one million dollars in trust funds has been raised for a particular chair, the position shall be released by the secretary of administration and finance to the trustees of the university.

**SECTION 4.** The president of the university shall thereupon select a person to fill the chair, subject to available appropriations, in accordance with such criteria as may be established by the trustees of the university and the board of regents of higher education.

Approved January 13, 1988.

**Chapter 723. AN ACT FURTHER REGULATING THE COMPENSATION OF DISTRICT ATTORNEYS AND THEIR ASSISTANTS.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately provide for a new compensation plan for district attorneys and their assistants, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 12 of the General Laws is hereby amended by striking out section 14, as appearing in the 1986 Official Edition.

**SECTION 2.** Said chapter 12 is hereby further amended by striking out section 15, as so appearing, and inserting in place thereof the following section:–

Section 15. District attorneys shall devote their full time during ordinary business hours to their duties, shall neither directly nor indirectly engage in the practice of law, and shall receive from the commonwealth a salary of seventy-two thousand five hundred dollars annually.

**SECTION 3.** Said chapter 12 is hereby further amended by striking out section 16, as so appearing, and inserting in place thereof the following section:–

Section 16. Each district attorney shall, subject to appropriation and subject to the conditions of this section, appoint and may, at his pleasure, remove such assistant district attorneys as are necessary to the functioning of the office of the district attorney. Assistant district attorneys shall receive from the commonwealth salaries as recommended by the district attorney appointing them, subject to appropriation and subject to the conditions of this section. No assistant district attorney shall be appointed and no such salary shall be paid unless and until such position and such salary (a) shall have been recommended in writing by

---

**ACTS, 1987. - Chap. 724.**

the district attorney making the appointment and (b) shall have been included in a schedule of offices and positions approved by the house and senate committees on ways and means. The provisions of sections nine A and forty-five of chapter thirty, chapter thirty-one, and chapter one hundred and fifty E shall not apply to said assistant district attorneys. Assistant district attorneys shall devote their full time during ordinary business hours to their duties, and shall neither directly nor indirectly engage in the practice of law.

**SECTION 4.** The salaries in effect for any assistant district attorney so serving on the effective date of this act shall remain in effect for so long as such assistant district attorney continues to so serve, unless such salary is changed in accordance with the provisions of section sixteen of chapter twelve of the General Laws.

**SECTION 5.** Section two shall take effect as of January seventh, nineteen hundred and eighty-seven. Sections one, three, and four shall take effect as of July first, nineteen hundred and eighty-seven.

**Chapter 727. AN ACT ENHANCING THE TEACHING PROFESSION AND RECOGNIZING EDUCATIONAL ACHIEVEMENT.**

Be it enacted, etc., as follows:

**SECTION 1.** The thirty-fourth paragraph of section 1G of chapter 15 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the third sentence and inserting in place thereof the following sentence:- In order to provide financial incentives for qualified teachers and to encourage the improved utilization of teaching resources by school committees, the board, beginning on July first, nineteen hundred and eighty-nine and subject to appropriation, shall award grants of up to two thousand five hundred dollars per teacher, for teachers who shall undertake such expanded responsibilities; provided, however, that the total dollar amount of grants to a school district in any fiscal year shall be no higher than two thousand dollars multiplied by ten per cent of the teachers within such district.

**SECTION 2.** Section 49 of said chapter 15, as amended by section 1 of chapter 143 of the acts of 1987, is hereby further amended by adding the following paragraph:-

Beginning on July first, nineteen hundred and eighty-nine, any school district eligible to receive new or additional equal educational opportunity grant funding as designated by Chapter seventy A shall direct such funds to the most-at-risk schools, if any, in said district.

**SECTION 3.** Said chapter 15 is hereby further amended by inserting after section 49 the following five sections:-

Section 49A. As used in sections forty-nine to forty-nine E, inclusive, the following words shall have the following meanings:-

"Most-at-risk schools", individual elementary, middle or junior high schools which ranked in the lowest quartile on the statewide basic skills tests.

"School plan", a comprehensive five year plan for improving student learning in a public school which includes an operating budget for developing and implementing said plan.

"Expanded school improvement council", the public school improvement council, established under section fifty-one with the addition of at least five, but no more than fifteen members, chosen by the school improvement council from representatives of municipal government, business and labor organizations, institutions of higher education, human service agencies, or other interested groups.

Section 49B. Subject to appropriation, and commencing on July first, nineteen hundred and eighty-eight, districts receiving equal education opportunity grants and containing one or more most-at-risk schools may receive equal education opportunity funds for the purpose of enabling said pupils to achieve competency in the basic skills. Each most-at-risk school in said districts shall file a school plan for approval by the board. If a district has received a grant under the provisions of sections forty-nine to forty-nine E, inclusive, it shall be eligible to receive additional grants for a maximum of four successive years; provided, however, that the board determines, through review of the annual report

filed with it by each most-at-risk school, that the school has made reasonable progress in achieving the goals proposed in its approved school plan.

In addition, the board shall award grants, subject to appropriation and commencing July first, nineteen hundred and eighty-seven, to most-at-risk schools, to assist in expanding their school improvement councils, to help in developing school plans, and to plan and operate summer enrichment programs for students. In such summer programs, priority shall be given to students expected to attend the most-at-risk schools. Said grants may be used to employ professional staff to help with the summer program and in the planning process. Such professional staff shall, if possible, come from schools outside the district. Students from secondary schools attended by graduates of a most-at-risk school may be employed to assist in its summer enrichment programs.

Grant funds received under this section for planning purposes or summer programs shall be deposited with the treasurer of the city, town, regional school district or independent vocational school in a separate account to be expended by the expanded school improvement council based on the approved plan, without further appropriation for the purposes of the grant.

Section 49C. A school plan is to be developed and filed with the board by the expanded school improvement council, after review and comment by the parents, teachers, administrators and other professional staff of the individual school. Prior to its filing with the board, the plan shall be submitted to the superintendent of schools for his recommendations. To aid the superintendent of schools in making recommendations, he may consult with a citywide advisory committee comprised of interested and concerned members of the community. The superintendent shall submit the plan, complete with operating budget, to be approved by a majority vote of the school committee and of the local appropriating authority.

Each school plan shall identify factors within and without the individual school which most interfere with successful student learning, setting forth a comprehensive set of strategies to be implemented within the school and in the community, designed to combat the known obstacles to learning and to provide necessary support to the public school's students and their parents. In addition, each plan shall identify public and private agencies, resources, and personnel who will assist the school in implementation of the plan; the procedures for coordination of available resources and personnel, and a plan for coordination with other grants in aid available to the individual school and school district. Each school plan shall set forth annual goals which shall include, but not be limited to, measurable improvement in student academic achievement, reduction in student absenteeism and drop-out rates, and increased summer jobs and learning opportunities for students.

Each most-at-risk school whose school plan has been approved by the board, and for which a district is receiving funding under section forty-nine B, shall prepare and submit to the board an annual report on the programs established under its school plan, setting forth the school's progress in meeting the goals of said plan. The school plan shall be

amended based upon the findings of the annual plan. No school district with most-at-risk schools shall be eligible for new or continued funding under the provisions of sections forty-nine to forty-nine E, inclusive, unless required annual reports and amended plans are approved by the board.

Section 49D. No district with one or more most-at-risk schools shall receive funding under sections forty-nine to forty-nine E, inclusive, if, (1) the share of local expenditures allocated to the support of the public schools has declined in any fiscal year commencing with July first, nineteen hundred and eighty-five, or (2) any most-at-risk school does not receive at least the average per pupil local budget support received by other schools of the same classification and grade level in the district, or (3) the absolute level of financial support for the public schools in the city, town, or regional school district has decreased since fiscal year nineteen hundred and eighty-six. In the case of a school district which fails to meet the aforementioned criteria, the board of education may also consider eligible schools in which the per pupil educational portion of local expenditures, adjusted for inflation and other factors affecting such portion, has not declined in any year since fiscal year nineteen hundred and eighty-six.

Section 49E. There is hereby established an advisory council consisting of the commissioner of education or his designee, who shall be the chairman, the secretary of economic affairs or his designee, the director of the division of employment security or his designee, and at least seven members appointed by the governor, one of whom shall be a school committee member selected from among the membership of the local government advisory council, one of whom shall be a member representing business, one of whom shall be a member representing institutions of higher education, labor, and one of whom shall be a member representing elementary and secondary education and community-based organizations which may be involved in implementing collaborative educational programs. Said advisory council shall review and make recommendations to the board on school plans submitted to the board for approval, and on annual reports and proposed amendments to school plans. In addition, said council may provide technical assistance to most-at-risk schools whose school plans fail to be approved by the board. Said council may also conduct site visits at said schools and make recommendations to the board concerning funding or other matters.

**SECTION 4.** Said chapter 15 is hereby further amended by striking out section 51, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:-

Section 51. The board shall allocate such funds as are appropriated to the School Improvement Fund, established under the provisions of section thirty-five F of chapter ten, to each school building containing any of the grades from kindergarten to six, inclusive, in the fiscal year nineteen hundred and eighty-six, and in every school building containing any of the grades from kindergarten to twelve, inclusive, in the fiscal year nineteen hundred and eighty-seven and each fiscal year thereafter,

which has filed information set forth in section forty-nine in the following manner: an amount of money equal to the total number of full-time equivalent students in grades kindergarten to six, or kindergarten to twelve in attendance there during the preceding school year multiplied by fifteen dollars in the fiscal year nineteen hundred and eighty-six and each fiscal year thereafter.

Funds appropriated by the board shall be deposited with the town, city or regional treasurer in a separate account for expenditure by the councils pursuant to this section.

The proceeds of the fund shall be used, at the school building level, to establish innovative academic programs, expanded services to students, purchase of instructional equipment, alternative education programs, cultural education programs, community or parental involvement programs, business and education partnership programs, educational planning, staff training, or for any other purposes consistent with the intent of this section.

Such funds shall not be used for current operating costs, supplies, utilities, existing building and equipment maintenance, existing staff salaries and wages, or to supplant current school costs.

At each school the expenditure of said funds shall be determined exclusively by a school improvement council consisting of the school principal who shall serve as chairman; and for the first two thousand five hundred students or part thereof, three teachers, elected annually by the teachers of the building, three parents of children attending said school building chosen in elections held annually by the local parent-teacher organization under the direction of the principal of such school, or if none exists chosen by the school committee; one person, who is not a parent of a child attending said school building, appointed by the school committee; and, for school buildings containing any of the grades nine to twelve, inclusive, one male secondary student and one female secondary student attending said school building elected annually by the students of said grades. For schools with more than two thousand five hundred students there shall be one additional teacher, one additional parent, and, at school buildings containing any of the grades nine to twelve, one additional secondary student representative for each additional five hundred students selected in the manner above to serve on the council.

To the extent possible said councils shall be broadly representative of the racial and ethnic diversity of the school building and community.

All decisions of such school improvement council regarding the expenditure of funds under this section shall include an assessment of school needs, and a school improvement plan to address such needs, pursuant to the goals for education in the commonwealth adopted by the board, and shall be submitted to the school committee. Said expenditure decision may be vetoed by a majority recorded vote of said school committee. If no such vote is rendered by said committee within thirty days of receipt of said decision, it shall be deemed to be approved. Should the school committee veto a decision of the local school improvement council, said matter shall not be re-submitted for a period of at least one year from said veto. Decisions of such school improve-

ment council under this section shall not be subject to chapter one hundred and fifty E; provided, however, that such expenditures or decisions of said councils shall not be in violation of local collective bargaining contracts in effect as of January first, nineteen hundred and eighty-eight; and provided, further, that decisions of such school improvement council regarding matters brought before it, including, but not limited to the expenditure of funds pursuant to this section, shall not interfere with any power, authority or statutory obligation lawfully vested in any school committee.

All members of such school improvement council shall be subject to the provisions of chapter two hundred and sixty-eight A and shall not be subject to the provisions of chapter two hundred and sixty-eight B. The operation of the councils shall be subject to the provisions of section eleven A 1/2 of chapter thirty A, sections thirty-five to forty-six A, inclusive, of chapter forty-four and section ten of chapter sixty-six.

Such council shall annually submit a complete and detailed report of expenditures of funds pursuant to this section and a copy of the assessment of school needs and school improvement plan required by this section, to the commissioner of education by the end of the school year.

The department shall prepare and distribute to each school committee, superintendent and school improvement council a report specifying the use of school improvement funds statewide.

Beginning in fiscal year nineteen hundred and eighty-eight, and each year thereafter, the board shall provide technical assistance to such school improvement councils. Said assistance shall be administered by the department for the purposes of developing and enhancing the capacity of such councils to plan, establish, and implement strategies and programs to improve the quality of education at the school building level.

**SECTION 5.** The second paragraph of section 52 of said chapter 15, as so appearing, is hereby amended by inserting after the second sentence the following sentence:– Priority for such grants shall be given to individual districts containing one or more most-at-risk schools as defined by section forty-nine A which do not receive funding under chapter seventy A; provided, however, that the proposed program focuses on the most-at-risk schools.

**SECTION 6.** Said chapter 15 is hereby further amended by striking out section 55, as so appearing, and inserting in place thereof the following two sections:–

Section 55. The board of education shall establish a program entitled Recognizing Educational Achievement, hereinafter referred to as REACH. The purpose of REACH shall be to recognize and reward public schools for noteworthy improvement and achievement in a variety of categories consistent with the goals for education established by the board of education. The board shall promulgate regulations for implementation of the program.

Subject to appropriation in fiscal year nineteen hundred and

eighty-nine, and in each year thereafter, the board shall award cash grants to elementary schools, secondary schools or to school districts which demonstrate significant improvement in any area of educational achievement, including but not be limited to, the following:

(a) the increase in the percentage of students passing all three sections of the basic skills test;

(b) the maintenance of at least a ninety-five per cent passing rate on all three sections of the basic skills test for no less than two successive years;

(c) the number of students who previously failed any of the basic skills areas but who succeed in passing upon retesting in grades nine through twelve;

(d) the increase, over the previous year, in the percentage of eligible school age children residing in the district and attending the public schools;

(e) the decrease in the school's or the district's dropout rate;

(f) the promotion of physical and emotional well-being and a positive school environment that fosters self-esteem;

(g) the improvement of critical thinking and communication skills;

(h) the recognition of the rights and responsibilities of citizenship in a democratic society;

(i) the cultivation of shared values and mutual respect;

(j) the appreciation of the arts and the encouragement of creative expression;

(k) the understanding of history and the humanities;

(l) the comprehension of mathematics, the sciences, and the uses of technology;

(m) the mastery of foreign languages and interest in foreign cultures;

(n) the development of occupational and vocational skills; and

(o) the stimulation of desire for lifelong learning.

Eligibility for REACH awards shall be defined in regulations for implementation of the program. Said regulations shall include, but not be limited to, provisions to ensure that achievement in one of the foregoing clauses occurs while maintaining appropriate achievement in other such clauses, and provisions to sanction schools or school districts which falsify data or results on which REACH awards are based.

No school shall receive the financial portion of a REACH award in a school district in which (1) the educational portion of local expenditures has declined in any year since fiscal year nineteen hundred and eighty-six, or (2) where any school receiving a REACH award does not receive at least the average per pupil local budget support received by other schools of the same classification and grade level in the district, or (3) where the absolute level of financial support for the public schools in the city, town, or regional school district has decreased. No district shall receive the financial portion of a REACH award if the education portion of local expenditures has declined in any year since fiscal year nineteen hundred and eighty-six. In the case of a school district which fails to meet the aforementioned criteria, the board of education may also consider eligible those schools or districts in which the per pupil

educational portion of local expenditures, adjusted for inflation and other factors, has not declined in any year since fiscal year nineteen hundred and eighty-six.

REACH awards shall be in the amounts of not less than twenty-five thousand dollars for an elementary school, fifty thousand dollars for a secondary school, and one hundred thousand dollars for a school district.

Distribution of school awards shall be by the school improvement council for efforts to improve the conditions of learning and teaching and to enhance the educational program, so long as such expenditures do not supplant regular school district expenditures, expenditures from state education programs, and current school operating costs, supplies, utilities, existing building and equipment maintenance, and existing staff salaries and wages. All decisions of the school improvement council regarding the expenditure of awards under this section shall be submitted to the school committee. Said expenditure decision may be vetoed by a majority recorded vote of said school committee. If no such vote is rendered by said committee within thirty days of receipt of said decision, it shall be deemed to be approved. Distribution of district awards shall be proposed by the superintendent and shall be approved by the school committee. REACH awards shall be deposited with the treasurer of the city, town, regional school district or independent vocational school in a separate account to be expended by the school improvement council for school awards or the superintendent for district awards without further appropriation.

Indicators of student outcomes, based on data submitted to the board, shall be the primary determinant for awards under this section. The board may appoint distinguished panels of experts to review candidates and to make recommendations to the board for REACH awards and recognition.

Section 55A. The governor shall appoint a five member council, known as the educational measurement audit council, hereinafter referred to as EMAC, to advise the board. EMAC shall be under the direction and control of the state board of education. EMAC shall operate independently of the management and supervision of the commissioner. Its membership shall consist of five experts in educational measurement, three of whom shall not be residents of the commonwealth. Members shall be appointed for terms of three years; provided, however, that of the first members appointed, one shall be appointed for one year, one for two years, and two for three years. One member shall be designated by the governor to serve as chairperson of EMAC. Members may be reappointed, shall be adequately compensated for their service and reimbursed for necessary expenses incurred in the performance of their duties.

EMAC shall meet quarterly on a date set by the chairperson and at such other times at the call of the chairperson; provided however, that the first meeting of the council shall be convened within thirty days after the members have been appointed.

The board may, subject to appropriation, employ such staff for the council including a director, professional assistants, clerical support and

consultants as the chairperson deems necessary, and may determine their salaries and duties. The provisions of sections nine A and forty-five of chapter thirty, chapter thirty-one and chapter one hundred and fifty E shall not apply to employees of the council.

The estimate of the amount required to carry out the mandate of EMAC as required pursuant to section three of chapter twenty-nine shall be submitted by the chairperson with the advice and consent of EMAC and by approval of the state board of education.

EMAC shall act as an independent auditing body, advisory to the board, to verify that educational measurement and testing conducted by or for the department of education in implementing the REACH program in fact measure and test what it intends to measure and test.

EMAC shall transmit its findings and any resultant recommendations to the board and to the clerk of the house of representatives who shall forward the same to the joint committee on education as they are completed and shall compile these into annual reports due each year on the anniversary date of the first meeting of the council.

**SECTION 7.** Section 59 of said chapter 15, as so appearing, is hereby amended by adding the following paragraph:-

There is hereby established a trust fund to be known as the Lucretia Crocker Foundation Trust Fund to be administered by the board into which shall be credited funds received from any corporation, whether public or private, and from any government. Upon receipt, such funds shall be deposited in the state treasury and credited to the trust fund and may be expended by the board for the purposes of this section after consultation with the members of the Lucretia Crocker Foundation advisory board. The Lucretia Crocker Foundation advisory board shall consist of all former Lucretia Crocker fellows.

**SECTION 8.** Said chapter 15 is hereby further amended by adding after section 62, added by section 2 of chapter 143 of the acts of 1987, the following three sections:-

Section 63. There is hereby established a Carnegie school grant program for the purpose of encouraging the public schools of the commonwealth to plan and develop innovative organization and management systems at the school building level, aimed at empowering public school professionals and improving student learning. The Carnegie school grant program shall encourage and support the development of management systems that provide increased autonomy and discretion for school-based professionals and shall encourage innovative organizational strategies to enhance student learning.

Section 64. As used in sections sixty-three to sixty-five, inclusive, the following words shall have the following meanings:-

"Carnegie school", an individual public school, including a school operated by an educational collaborative established under section four E of chapter forty, which operates pursuant to a system of governance set out in an approved Carnegie school plan.

"Carnegie school plan", a comprehensive three-year strategy approved

by the board of education which restructures the school building governance and educational environment, and empowers public school teachers and other professional staff by enabling them to participate in and design the public school governance and organization. Such plan may also include financial decisions on how Carnegie school grant funds are to be allocated at the school building level.

"Waiver", a written agreement between the school-based planning team and an involved organization allowing exemptions from regulations, local school policies, or contractual provisions which, in the opinion of a school-based planning team, are necessary to implement the provisions of the Carnegie school plan. Said waiver may be approved by the board only when the board is convinced that the intent of existing rights and protections accorded to students is maintained or enhanced, and where there is reasonable promise of improved student achievement.

Section 65. The board may award planning and implementation grants to individual public schools which apply for approval as Carnegie schools. In order to be eligible for approval as a Carnegie school an individual public school, subject to the approval of the school committees having jurisdiction over the public school, shall submit an application to the board, developed by a school-based planning team consisting of the building principal, at least five teachers elected by their peers and two other professionals employed at the school, two parents of children attending the school, chosen in elections held by the local parent-teacher organization under the direction of the principal of such school or, if none exists, chosen by the school committee; for school buildings containing any of the grades nine to twelve, inclusive, one secondary student attending said school building elected annually by the students of said grades, and one community representative.

Each application shall set forth the plan for the proposed Carnegie school, and shall include a detailed description of how the school governance will be restructured; how increased student learning will be achieved; the school's goals, including a description of the process to be followed in obtaining necessary approvals from the school committee and waivers from the appropriate organizations; and the objectives to be accomplished in each of the three years covered by the plan. The application may also include the following: a description of the proposed means for restructuring the school's governance, educational climate and environment, a description of the impact that the restructuring will have on the professional lives of teachers and other professional staff, the impact on student learning, a description of the current school organization, a statement of program objectives, and procedures for evaluation of the program. In addition, the application shall include the names of the individuals comprising a development team which shall be responsible for implementation of the approved Carnegie school plan. Said team may include, but shall not be limited to school building teachers, administrators and other professionals, parents of children attending the school, representatives of the community, and school committee members. Once the plan is developed, the staff of the school shall be given the opportunity to sign the plan to indicate their support.

An individual school whose Carnegie school plan has received initial approval by the board shall receive a one year planning grant for the purpose of assisting the school-based planning team in completing the planning necessary for full implementation of the Carnegie school plan.

At the end of the period covered by the planning grant, the school shall submit its Carnegie school implementation plan to the board for final approval. Subject to the attainment of stated goals, the board may annually award grants for not more than three successive years for implementation and administration of Carnegie school plans. In each such year award of the implementation grant shall be subject to a determination by the board that the goals and objectives set forth in the approved Carnegie school plan have been achieved. No Carnegie school plan may be submitted for final approval by the board for implementation unless it is approved by majority vote of the school committee having jurisdiction over the individual public school.

The department of education shall provide technical assistance to schools whose Carnegie school plans have received initial approval by the board.

Notwithstanding any general or special law to the contrary, a school committee may approve the restructuring of school governance pursuant to a Carnegie school plan. Said approval shall be subject to obtaining the appropriate waivers.

Grants awarded under this section shall be deposited with the town, city, collaborative, or regional district treasurer in a separate account to be expended without further appropriation by the Carnegie school development team pursuant to this section for the purposes authorized by the Carnegie school planning or implementation grants.

This account may also be credited with funds received from any corporation, whether public or private; private individual; or from any government.

No public school shall receive funds through the Carnegie school grant program if, (1) said school is within a city, town, or regional school district in which the share of local expenditures allocated to the support of the public schools has declined since fiscal year nineteen hundred and eighty-six, or (2) any schools receiving Carnegie school grants have received average per pupil support less than that received on average by other schools of the same classification and grade level in the district, or (3) the absolute level of financial support for the public schools in the city, town, or regional school district has decreased. In the case of a school district which fails to meet the aforementioned criteria, the board of education may also consider eligible those schools in which the per pupil educational portion of local expenditures, adjusted for inflation and other externalities, has not decreased in any year since fiscal year nineteen hundred and eighty-six.

**SECTION 9.** Chapter 15A of the General Laws is hereby amended by adding the following two sections:–

Section 20. There is hereby established a professional development

schools grant program. The board shall award grants to exemplary public schools and to cooperating public or private institutions of higher education in the commonwealth to establish collaborative programs for the purpose of fostering improved teacher training and professional development. In order to be eligible for a professional development school grant a school in cooperation with one or more public or private institutions of higher education shall jointly submit a program application which shall include, but not be limited to, a statement of program objectives covering a three year period, a program plan with specific timelines for implementation, and a plan for program evaluation. The program designated in the application must be approved by the faculty of the institution of higher education, the teachers, administrators and other professional staff of the public school, the superintendent of schools and by majority vote of the school committee and school improvement council. The board shall give priority to those programs in which the teacher training and professional development activities will take place in the public school.

Grants awarded under this section, to the extent that said funds are allocated to the public school, shall be deposited with the town, city, or regional district treasurer in a separate account to be expended, without further appropriation, by the school committee for the purposes of the professional development schools grant.

The board may contract with any public institution of higher education or nonprofit corporation, which has the requisite knowledge and experience in teacher training for the purpose of administering the professional development schools grant program.

Section 21. No public school shall receive funds through the professional development schools grant program if, (1) said school is within a city, town, or regional school district in which the share of local expenditures allocated to the support of the public schools has declined in any fiscal year commencing on July first, nineteen hundred and eighty-five, or (2) any schools receiving professional development school grants have received average per pupil support less than that received on average by all other schools of the same classification and grade level in the district, or (3) the absolute level of financial support for the public schools in the city, town, or regional school district has decreased in any year since fiscal year nineteen hundred and eighty-six. In the case of a school district which fails to meet the aforementioned criteria, the board of education shall consider as eligible those schools in which the per pupil educational portion of local expenditures, adjusted for inflation and other factors, has not declined in any year since fiscal year nineteen hundred and eighty-six.

**SECTION 10.** Section 40 of chapter 71 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first and second sentences and inserting in place thereof the following two sentences:– The compensation of each teacher, except a person in training and except a person employed as a temporary substitute, upon a majority vote of the respective school committee and

the appropriating authority or, in the case of a regional school district, upon acceptance as provided hereafter, shall be at a rate of not less than eighteen thousand dollars or at a rate not less than twenty thousand dollars, as designated by said vote, for the school year commencing after July first, nineteen hundred and eighty-seven. In the case of a regional school district, acceptance shall require the approval of the regional school district committee and two-thirds of the appropriating authorities of the municipalities in such regional school district.

**SECTION 11.** Said section 40 of said chapter 71, as so appearing, is hereby further amended by adding the following paragraph:-

Any city, town, regional school district, educational collaborative or independent vocational school district which currently employs teachers at salaries below eighteen thousand dollars or below twenty thousand dollars and which accepts the minimum salary provisions of this section for school years commencing after July first, nineteen hundred and eighty-seven shall receive a minimum teacher salary grant from the commonwealth in fiscal years nineteen hundred and eighty-eight and nineteen hundred and eighty-nine equal to the cost incurred by such city, town, collaborative or regional school district during said fiscal years as a result of increasing the minimum teacher salary to eighteen thousand dollars or to twenty thousand dollars, as designated by the vote of the school committee and the appropriating authority thereof, for each teacher whose salary was below that level prior to July first, nineteen hundred and eighty-seven.

**SECTION 12.** The board of education shall develop standards for all discretionary grant programs established by this act against which all activities funded through such grant programs may be judged for efficiency and effectiveness. The board, after completing evaluations of all programs funded through this act, shall annually submit the results of said evaluations to the clerk of the house of representatives who shall forward the same to the joint committee on education and the house and senate committee on ways and means.

**SECTION 13.** To provide for the costs of new and existing programs enhancing the teaching profession and recognizing educational achievement and supplementing certain items in the general appropriation act the sum set forth in section fourteen for the several purposes and subject to the provisions of law regulating the disbursement of public funds and the conditions pertaining to appropriations in chapter one hundred and ninety-nine of the acts of nineteen hundred and eighty-seven, for the fiscal year ending June thirtieth, nineteen hundred and eighty-eight or any such period as may be specified, the sums so appropriated to be in addition to any amounts available for the purpose.

**SECTION 14.** Notwithstanding any general or special law to the contrary, the department of education is hereby authorized to transfer from funds allocated to it from item 7061-4050 of section two of

---

ACTS, 1987. - Chap. 727.

chapter three hundred and three of the acts of nineteen hundred and eighty-seven an amount not to exceed fifteen million dollars for the following items:-

- 7010-0005 For the development and administration of a program recognizing educational achievement, pursuant to section fifty-five of chapter fifteen of the General Laws, and for planning, research and assessment, information dissemination and technical assistance to schools and school districts with respect to the granting of awards for educational achievement under said section fifty-five, including not more than ten positions, in addition to amounts already appropriated \$750,000
- 7030-1600 For grants to cities, towns and regional school districts to establish a Carnegie school program for the purpose of encouraging the public schools of the Commonwealth to plan and develop innovative organization and management systems at the school building level. Any payment made under this program shall be deposited with the treasurer of such city, town, regional school district, educational collaborative or independent vocational school and be held in a separate account to be expended by the school committee of such city, town, regional school district or independent vocational school without further appropriation, provided that no more than three hundred thousand dollars shall be allocated for the purpose of technical assistance pursuant to section sixty-four of chapter fifteen of the General Laws, notwithstanding the provisions of any general or special law to the contrary \$1,800.000
- 7030-2000 For grants to cities, towns, regional school districts and educational collaboratives for basic skills remediation programs in which priority is given to students in most-at-risk schools pursuant to section forty-nine A of chapter fifteen of the General Laws in grades one to nine, inclusive, and dropout prevention programs for students in grades seven to twelve, inclusive, pursuant to the provisions of section fifty-two of chapter fifteen of the

**Chapter 728. AN ACT PROVIDING INCREASED DISCLOSURE OF MORTGAGE INFORMATION AND TIMELY APPROVAL OF APPLICATIONS.**

Be it enacted, etc., as follows:

Chapter 184 of the General Laws is hereby amended by inserting after section 17C the following section:–

Section 17D. (a) For the purposes of this section, the following words and terms shall have the following meanings:

"Commissioner", the commissioner of banks.

"Date of application", the date upon which a signed mortgage application together with payment of the required application fees are received by the first mortgage lender.

"First mortgage lender", any person, including individuals, corporations, associations, partnerships and trusts engaged in the business of making loans secured by first mortgages to finance the

acquisition or initial construction of a dwelling or to refinance an existing first mortgage loan on residential property located in the commonwealth of four units or less occupied or to be occupied in whole or in part by the mortgagor.

"Mortgage borrower", any applicant(s), either individually or jointly, for a loan to finance the acquisition or initial construction of a dwelling, or for a loan to refinance an existing first mortgage loan by giving to a first mortgage lender an interest in residential property located in the commonwealth of four units or less occupied or to be occupied in whole or in part by the mortgagor.

(b) A first mortgage lender shall provide, upon written or oral request by a prospective mortgage borrower for such information, a good faith estimate, expressed as either a dollar amount or a percentage of the total amount of the prospective loan, of all charges for "settlement services", as that term is defined in 12 of the USC 2602, which the mortgage borrower is likely to incur. Upon request by a prospective mortgage borrower, the first mortgage lender shall also provide any or all of the written materials described in paragraph (c).

(c) Unless previously provided to a prospective mortgage borrower in accordance with paragraph (b), a first mortgage lender shall provide the following information to a prospective mortgage borrower at the same time such lender first provides a first mortgage loan application form to any such borrower:

(1) a uniform one-page worksheet prescribed in regulations promulgated by the commissioner, written in plain and simple language, and including relevant examples, where necessary, which would allow such borrower to calculate easily through simple arithmetic all the charges and fees that such borrower is likely to incur in securing such mortgage from the first mortgage lender. The said worksheet shall commence with the following statement, printed in no smaller than ten-point boldface type: "CLOSING AND SETTLEMENT COSTS MAY VARY AMONG MORTGAGE LENDERS. YOU MAY WISH TO COMPARE THESE CHARGES IN CONSIDERING THE TOTAL COST OF YOUR MORTGAGE".

(2) a copy of the most recent publication, currently entitled "Settlement Costs", available from the United States Secretary of Housing and Urban Development which describes information concerning the nature and costs of real estate settlement services.

(3) in the case of a first mortgage lender offering variable rate residential mortgage loans, not otherwise subject to Administrative Bulletin 13-2C (Revised) of the commissioner and, provided that the prospective mortgage borrower has requested information about or has submitted an application for a variable rate mortgage loan, a copy of the most recent publication available from the Federal Home Loan Bank Board which describes information concerning variable or adjustable rate mortgages, currently entitled "Consumer Handbook on Adjustable Rate Mortgages".

(4) a uniform model disclosure statement prescribed in regulations promulgated by the commissioner, written in plain and simple language,

to aid prospective mortgage borrowers in understanding the mortgage application and approval process. The statement shall include, but need not be limited to, descriptions of the time periods generally required for processing of mortgage applications, the notices required by paragraph (d), and by the federal Equal Credit Opportunity Act, and by comparable provisions of the General Laws, and terms and practices common in the commonwealth relative to mortgage lending including, but not limited to, interest rate commitments.

A first mortgage lender may require the mortgage borrower to execute, a signed acknowledgment of the receipt of the information required under the above paragraphs (1) to (4), inclusive as a prerequisite to acceptance of any mortgage application as complete; provided, however, that in any transaction involving more than one applicant, the first mortgage lender need not provide such information to more than one of such applicants.

(d) Not later than twenty-one business days after the date of application for a first mortgage loan, the first mortgage lender shall mail or deliver to a prospective mortgage borrower whose application is not substantially complete, an oral or written statement of all verification information required to make a decision on the said application, together with an indication of which items have been received but are not complete and which items have not been received as of the date of the statement. Such verification information shall be limited only to those items actually required for the approval of the loan application. A first mortgage lender need not provide the statement required hereunder if such lender has either sent the notice required under paragraph (e), or has made a decision on the said application and has communicated the same to the mortgage borrower.

(e) A first mortgage lender shall send written notice to any mortgage borrower whose application, has been determined to be substantially complete, immediately upon the making of such determination. The front page of such notification shall include in boldface capital letters in no smaller than twelve-point type the title "IMPORTANT DISCLOSURE -- PLEASE READ", to be accompanied by the following statement printed in no smaller than ten-point type: "We now consider your mortgage application complete. A third party, such as a purchaser of mortgage loans from us, may require additional information from you in order to process your application. We will contact you right away if we need more information. If not, you will be notified of our decision on your application (which may be to offer a different amount than you applied for) no later than thirty days from the date of this notice, as required by the federal Equal Credit Opportunity Act and comparable provisions of Massachusetts law. For information on how to assert your rights under these laws, consult the informational material provided as part of your application materials".

(f) Failure to comply with the provisions of paragraph (c) or (d) shall constitute an unfair or deceptive act or practice pursuant to the provisions of chapter ninety-three A.

Approved January 13, 1988.

**Chapter 729. AN ACT ESTABLISHING A CHILDREN'S TRUST FUND.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 6 of the General Laws is hereby amended by adding the following two sections:-

Section 202. There is hereby established a child abuse prevention board, hereinafter and in section two hundred and three referred to as the board, which shall be composed of twenty-five members, including the following: the secretary of human services or his designee; the secretary of manpower affairs or his designee, the director of the office for children or his designee, the commissioner of social services or his designee, the commissioner of mental health or his designee, the commissioner of youth services or his designee, the commissioner of education or his designee, the commissioner of public health or his designee, the commissioner of public welfare or his designee, and twelve persons from the private sector, to be appointed by the governor, and consisting of at least one parent, one pediatrician, one child psychiatrist, one early childhood education specialist, one mental health specialist in child abuse, one district attorney, one teacher, one judge, one member of the Massachusetts bar, one criminal justice professional, one social worker from a private child welfare agency and one representative of a private charitable foundation. These individuals shall be appointed based upon their knowledge of and interest in child abuse prevention. In making appointments the governor shall seek to provide diverse geographical representation, and shall assure that each of the commonwealth's six human service regions, established by the executive office of human services, is represented by one of his appointments.

Each appointed member of the board shall serve for a term of three years, provided that of the initial appointees three shall serve for a term of three years, three shall serve for two years, and two shall serve for one year. A vacancy in an unexpired term shall be filled in the same manner as an original appointment. Any member shall be eligible for reappointment.

The governor shall designate a chairman from among one of the appointed members of the board. The board may elect other officers and committees as it deems appropriate.

The board shall employ an executive director, assistant executive director, secretary, and any other staff the board deems necessary in order to carry out the duties and responsibilities assigned to the board. Expenditures for salaries and for other administrative functions shall be approved by the board; provided, however, that such expenditures are within the limitations prescribed by section fifty of chapter ten.

The executive director of the board shall have at least two years of direct service experience in child welfare or child clinical work, and two years of experience in human service administration or policy making. The executive director shall have a master's degree in a related field.

The applicants for the position of executive director shall be screened by a subcommittee of the board, to be comprised of the chairman, the

director of the office for children, and one appointed member. The subcommittee's recommendation for executive director shall be approved by the entire board by majority vote; provided, however, that the executive director shall not be confirmed without the approval of the governor. The executive director shall be accountable to the board at large.

Any member of the board, or its executive director, may be removed by the governor for willful misconduct or neglect of duty, for inability to perform the powers and duties of the board, or for improprieties under law.

Section 203. The board shall meet at least four times annually. On or before March fifteenth of every year the board shall file a report with the governor and the house and senate committees on ways and means detailing the recipients and amounts of grants awarded by the board in the preceding calendar year.

The board shall have, but shall not be limited to, the following powers and duties:

(1) to contract with public or private non-profit organizations, agencies, schools, or qualified individuals, or to issue grants to cities, towns, or their political subdivisions, for the purpose of establishing community-based educational and service programs designed to reduce the occurrence of child abuse and neglect; provided, however, that (a) each contract or grant entered into by the board shall contain an evaluation provision; (b) contracts or grants may be awarded to existing programs as well as demonstration projects; and (c) the continuation of contracts or grants shall be based upon goal attainment;

(2) to facilitate the exchange of information between groups concerned with families and children and with child maltreatment;

(3) to consult with and to state departments, agencies, commissions and boards to help determine the probable effectiveness, fiscal soundness, and need for proposed educational and service programs for the prevention of child abuse and neglect;

(4) to take appropriate measures to notify parties of the provisions and intent of legislation regarding the child abuse prevention board and the Child Abuse Prevention Fund;

(5) to maintain files, records and reports which shall be retained and made available in accordance with law;

(6) to implement and continually develop the priority areas and recommendations identified in the Massachusetts Blueprint for a Comprehensive Approach to Strengthening Families and Preventing Child Abuse, jointly put forth by the special commission on violence against children and the executive office of human services;

(7) to promote academic research on the efficacy and cost effectiveness of child abuse prevention initiatives;

(8) to issue state of the family annual reports, on the trends and developments affecting the incidence of child maltreatment;

(9) to establish, by a majority vote of its membership, procedures, guidelines, rules and regulations; provided, however, that these policies take into consideration such factors as need, geographic distribution,

---

**ACTS, 1987. – Chap. 730.**

capacity to coordinate with existing services, and such other factors as the board deems relevant. Such guidelines shall provide, including without limitation, that no state, executive, legislative or judicial agency funded in whole or in part by the commonwealth shall be eligible to receive any such grants, with the exception of the local councils of the office for children. The awarding of any grant shall be by a majority vote of the membership.

**SECTION 2.** Chapter 10 of the General Laws is hereby amended by adding the following section:–

Section 50. There shall be established upon the books of the commonwealth a separate fund to be known as the Child Abuse Prevention Fund, which shall be subject to appropriation and shall consist of revenues received from (1) state appropriations; (2) gifts, grants, and donations from public or private sources; (3) interest earned from the Child abuse prevention fund reserve account; (4) federal reimbursements, grants-in-aid, or other receipts on account of prevention activities; and (5) any other monies credited or transferred to the Child Abuse Prevention Fund from any other fund or source pursuant to law.

The state treasurer shall receive, deposit, and invest all monies transmitted to him under the provisions of this section in such manner that will insure the highest interest rate available consistent with safety of the fund.

The fund shall be administered by the state treasurer, subject to appropriation, in the following manner: up to ten per cent of funds deposited annually shall be allocated for the administration of the child abuse prevention board, established in section two hundred and two of chapter six, with the extent of the allocation to be determined by the board, and up to seventy per cent of the remaining annual deposits shall be allocated to the board for disbursement to preventive programs and initiatives. The remaining funds shall be used by the state treasurer for investment purposes in accordance with the provisions of this section. The earnings realized from these funds shall be allocated annually to the board.

The books and records of the fund shall be subject to an annual audit by the state auditor.

Approved January 13, 1988.

**Chapter 730. AN ACT RELATIVE TO REIMBURSABLE EXPENDITURES FOR REGIONAL SCHOOL DISTRICTS.**

Be it enacted, etc., as follows:

Section 16D of chapter 71 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding after subsection (c) the following subsection:–

(d) In the event that the member communities of a proposed regional

school district should vote on or before July first of any year to establish a regional school district on or before September fifteenth of that same calendar year, then such regional school district shall be entitled to receive, subject to appropriation, on or before November twentieth of that same calendar year, twenty-five per cent of an amount of regional school aid computed in accordance with the provisions of this section. For purposes of this paragraph, regional reimbursable expenditures shall mean the total amount expended by the member communities for the support of public school students who will be served by the newly established regional school district, during the fiscal year in which the member communities voted to establish the regional school district, minus the exclusions currently provided for in this section.

In the event that all of the member communities of a partial regional school district should vote on or before July first of any year to amend their regional school district agreement to allow for expansion into a full kindergarten through twelve regional school district on or before September fifteenth of that same calendar year, then such expanded regional school district shall be entitled to receive, subject to appropriation, on or before November twentieth of that same calendar year, twenty-five per cent of an amount of regional school aid calculated upon the basis of an existing kindergarten through twelve regional school district. The regional school aid shall be computed in accordance with the provisions of this section. For purposes of this paragraph, regional reimbursable expenditures shall mean the total amount expended by the partial regional school district and the member communities for the support of their public schools during the fiscal year in which expansion is voted, minus the exclusions currently provided for in this section.

Approved January 13, 1988.

## **Chapter 731. AN ACT TO IMPROVE VOCATIONAL EDUCATION.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 74 of the General Laws is hereby amended by striking out sections 1 to 6, inclusive, as appearing in the 1986 Official Edition, and inserting in place thereof the following nine sections:-

Section 1. The following words, as used in this chapter, shall have the following meanings unless the context otherwise requires:

"Commissioner", the commissioner of education.

"Approved", the approval of specific vocational-technical programs by the commissioner of education, acting through the division of occupational education, following investigation and determining the appropriateness of programs as to organization, control, location, equipment, courses of study, qualifications of teachers, methods of instruction, conditions of admissions of student, employment of students and expenditures.

"State board", the board of education.

"Forms of vocational-technical education", the classification of vocational-technical educational programs which lead employment or continuing preparation for employment associated with agriculture, allied health, automotive, construction, marketing, service occupations, industrial-manufacturing programs and technical programs.

"Agricultural programs", the preparation of students for occupations connected with agriculture, the care of domestic animals, forestry and other wage earning or productive work on farm land. The term agricultural supplies, horticulture and agricultural and natural resources.

"Allied health programs", the preparation of students for occupations connected with health, to include direct and indirect care of patients and other wage earning or productive work within the health care area and related services.

"Automotive programs", the preparation of mechanics and technicians for any type of engine-powered vehicle.

"Construction programs", the preparation of students for occupations in the areas of carpentry, plumbing, painting, electricity, heating, ventilation and air conditioning and other areas of construction.

"Marketing education programs", the development of competent workers engaged in marketing, sales and such administrative supporting functions as buying, receiving, storing, shipping, promoting, financing, market research, and management. These activities are found in such areas as retail and wholesale trade, banking, and finance, insurance, real estate, service trades, manufacturing, utilities and communications. Such phrase shall not include the following occupations: stenographer, secretary, typist nor industrial workers in transportation activities.

"Industrial-manufacturing programs", the development of workers for occupations involving the manufacturing or fabrication of products in either heavy or light industry.

"Technology programs", the preparation of students for occupations or further education in such areas as: electronics, drafting, computers, electromechanical.

"Service programs", the preparation of students in the occupational areas of hotel and lodging, cosmetology, child care.

"Part time class", towns, cities, regional and county school districts and independent schools may operate part-time and evening vocational-technical classes approved by the commissioner under the state board.

"Cooperative education", a program of vocational-technical education for persons who, through a cooperative arrangement between the school and employers, receive instruction, including required academic courses and related vocational-technical instruction, by the alternation of study in school with a job in any occupational field. Such instruction shall be planned and supervised by the school and the employer so that each contributes to the student's education and employability. Work periods and school attendance may be on alternate half-days, full days, weeks or other coordinated periods of time.

"Articulation", is the educational process whereby curricular

interaction occurs across grade levels and links programs between educational levels.

Horizontal articulation provides the curricular process which serves to strengthen a student's mastery of interacting concepts and skills across all academic and educational levels.

Vertical articulation provides the curricular vehicle which allows a student to progress by competencies from a vocational-technical program at one educational level to the same program area at a higher educational level, for example, between secondary and postsecondary education.

Section 2. The commissioner, under the direction of the state board, shall investigate and promote vocational-technical schools, and initiate and superintend the establishment of schools for the aforesaid form of education and shall supervise and approve such schools as provided in sections one to thirty-seven, inclusive.

The commissioner, under the direction of the state board, shall approve or disapprove vocational-technical programs in accordance with regulations published by the state board; provided, however, that approval shall not be granted to a vocational-technical program that includes less than fifty per cent of school time devoted to vocational-technical study, except as provided in section thirteen.

Section 2A. The commissioner shall establish rules and regulations to promote the employment of vocational-technical students during their studies by the city or town in which said students attend school, or in the case of a regional or county agricultural school district, the cities and towns comprising said district. Students shall not be permitted to perform work on projects which are outside such city or town unless said projects have exceptional value as determined by the commissioner.

Section 3. Towns may, through school committees or boards of trustees elected for not more than five years, and known as local trustees for vocational-technical education, establish and maintain independent or vocational-technical schools.

Section 4. Independent vocational-technical schools may be established and maintained by districts composed of two or more towns, through boards to be known as district trustees for vocational-technical education, consisting either of the chairman and two other members of the school committees of each town, to be appointed by such committees, or of three residents of each, to be elected by the town.

Section 5. District trustees under the preceding section shall adopt, for one year or more, plans or organization, administration and support of such schools, which shall be binding on the towns made parties thereto, and shall not be altered or annulled except by two-thirds votes of such trustees, with the consent of the commissioner under the direction of the state board.

Section 5A. Independent vocational-technical schools may be established under sections fourteen and fifteen of chapter seventy-one, if the agreement for the establishment of the regional school district, either as originally adopted or as subsequently amended, so provides, and for that purpose the regional district school committee shall have the

powers and perform the duties conferred or imposed by law upon local trustees for vocational-technical education, and may be known as a board of regional school district trustees for vocational-technical education.

Section 5B. Regional school districts or cities and towns which are not members of vocational-technical regional school districts, may through educational collaboratives formed under the provisions of section four E of chapter forty, conduct vocational-technical education programs approved under the provision of this chapter.

Section 6. Each school district, county agricultural school, collaborative or municipality operating an approved vocational-technical program shall, under a plan approved by the commissioner under the direction of the state board, appoint advisory committees composed of representatives of local business and industry related to the program, organized labor, parents and students, which shall consult with and advise the trustees and other school officials managing and supervising such schools.

**SECTION 2.** Said chapter 74, as so appearing, is hereby further amended by striking out sections 7A and 7B, as so appearing, and inserting in place thereof the following two sections:-

Section 7A. For the tuition in an approved vocational-technical program of any regional or county agricultural school district, city, town, independent school or collaborative of any pupil placed in such school by the department of social services, the commonwealth or the city of Boston, as the case may be, shall pay to said school the tuition fee established by the commissioner under the direction of the state board.

Section 7B. An apprentice, as defined in section eleven H of chapter twenty-three shall, upon the concurrence of the commissioner of labor and industries, be approved by the commissioner under the direction of the state board for related vocational-technical training in any city, town, regional district or independent school, regardless of residential qualification. Related classes for an approved apprenticeship program shall be conducted in a single school system, unless the commissioner, in agreement with the commissioner of labor and industries, determines that it would be in the best interest of said program to conduct such classes in more than one such school system.

**SECTION 2A.** Section 8 of chapter 74 of the General Laws, as so appearing, is hereby amended by adding the following paragraph:-

Tuition shall be paid in two equal installments in each school year of attendance, one in January and one in June, or on a pro-rated monthly basis if a nonresident student fails to apply for his first year of admission on or before April first of the preceding school year. The commissioner may direct that the resident community's tuition payment for said first year be paid in full in July of the fiscal year after the student completes his first year of nonresident attendance including penalties that commissioner may determine.

**SECTION 3.** Section 14B of said chapter 74, as appearing in the 1986 Official Edition, is hereby amended by striking out the first two sentences and inserting in place thereof the following two sentences:– In any city or town which accepts the provisions of this section, any income received in a fiscal year not exceeding, in the aggregate, fifteen thousand dollars derived from the purchase and sale of products produced in the culinary arts subject area of the home economics program, or any other vocational-technical program conducted in any public vocational-technical high school shall be deposited in a special fund by the school committee in any banking institution in the commonwealth. Expenditures may be made from said fund by the school committee for purposes needed for the culinary arts subject area or in the case of a fund established for any other program, such funds may be expended for the purposes of such program area without further appropriation, notwithstanding the provisions of section fifty-three of chapter forty-four; provided, however, that said special funds shall not be used to pay the salary of any employee, and in any fiscal year no more than five thousand dollars from said funds shall be used in the purchase of equipment.

**SECTION 4.** Said chapter 74 is hereby further amended by striking out section 17, as so appearing, and inserting in place thereof the following section:–

Section 17. Boards or officers having power to take land for school purposes in cities may take, by eminent domain under chapter seventy-nine, land therein not already appropriated to public use, or lease or purchase land either within or without the city limits, for the purpose of section fifteen. A school committee may erect suitable building on land so acquired, and provide, on terms not involving loss to the city, for the use of plots of ground and for the temporary housing of pupils complying with its regulations and not having access to other land suitable for proper instruction.

**SECTION 4A.** Chapter 74 of the General Laws is hereby amended by striking out section 18, as so appearing, and inserting in place thereof the following section:–

Section 18. The state board shall establish basic competency-based vocational-technical teacher training standards which shall serve as the fundamental, pedagogical requirements for beginning vocational-technical instructors. The board shall further require that all persons seeking to meet the board's requirements shall have successfully passed performance and written tests in areas as determined by the board and shall have successfully completed an approved seminar on teaching skills and methods.

The commissioner under the direction of the state board shall encourage the establishment of a two year certificate program and a four year preservice program for the preparation of vocational-technical teachers. Said board shall promulgate regulations governing the administration of the vocational-technical education program and the

establishment of criteria for the inclusion of the basic and two year programs.

**SECTION 5.** Said chapter 74 is hereby further amended by striking out sections 20 to 22, inclusive, as so appearing, and inserting in place thereof the following four sections:-

Section 20. The state treasurer shall be the custodian of federal funds allocated to the commonwealth for vocational-technical education. The funds so allocated from the federal government shall be expended with specific appropriation under the direction of the state board.

Section 21. Subject to section twenty, the funds received under the act of Congress may be paid out, on requisition of the state board, as reimbursement for expenses already incurred, to approved schools.

Section 21A. Schools which offer approved chapter seventy-four full time programs shall, subject to appropriation, receive state vocational-technical aid from this section and chapter seventy of the General Laws equal to no less than thirty-five per cent of their annual expenditure for the year two years previous. Such state vocational-technical aid from this section and excluding only the following: (a) capital costs covered by a bond issue, (b) expenditures made from state, federal and private grants or charities, (c) transportation costs which shall be reimbursed separately, (d) school lunch and breakfast costs.

In the case of regional school districts, aid from this section shall be required to reduce assessment and tuition costs to cities and towns in the following fiscal year. The commissioner under direction of the state board may compute an adjusted payment of state vocational-technical aid for any regional or county district, city, town or independent school that undergoes reorganization and applies for adjusted aid under guidelines developed by the state board.

Section 22. The state board may use the funds received under the act of Congress mentioned in section twenty as supplementary to state aid for salaries of teachers of vocational-technical subjects in schools complying therewith. It may also use such funds (1), for salaries of teachers giving types of training selected by it as especially needing stimulus; or (2), for competency-base programs for the pedagogical preparation of teachers of vocations selected by it; or (3), to arrange with schools and colleges to give the training to teachers of vocations under its supervision; or (4), to enable local school authorities to conduct, under its supervision, inservice training of vocational-technical teachers; or (5), for travel as provided for under said act of Congress. Such payments shall be subject to conditions prescribed by said board.

**SECTION 5A.** Chapter 74 of the General Laws is hereby amended by striking out section 22D, as so appearing, and inserting in place thereof the following section:-

Section 22D. Said state board is hereby directed to cooperate with the veterans administration in carrying out the provisions of federal laws and regulations relating to the rehabilitation of disabled veterans; to

establish and maintain classes or courses for training as it is deemed advisable and necessary for the education, training and rehabilitation of disabled veterans and other veterans; to establish and maintain, or to assist in establishing or maintaining, with the consent of the commissioner of administration and finance, and with the approval of the governor, training facilities within the various institutions and departments of the federal government and of the commonwealth or any political subdivision thereof, located within the commonwealth; to cooperate with the veterans administration in the selection of the number of trainees to be placed in training, or otherwise to carry out the provisions of said federal laws and regulations.

**SECTION 6.** Said chapter 74 is hereby further amended by striking out section 24, as so appearing, and inserting in place thereof the following section:-

Section 24. Smith Agricultural School, established under chapter one hundred and fifty-one of the Special Acts of nineteen hundred and eighteen, shall be maintained by the city of Northampton as a state-aided approved vocational-technical school under and subject to sections one to twenty-two, inclusive; provided, however, that the superintendents of said school shall consist of the mayor and superintendent of schools of said city, ex officio, and three other superintendents to be elected at its city election by ballot, as provided in the will of Oliver Smith, and that said superintendents shall have the powers of local trustees elected under section three. Upon the death or resignation of an elected superintendent of said school his successor shall be chosen by the city council and the remaining superintendents in joint convention, who shall serve until the next city election.

**SECTION 6A.** Chapter 74 of the General Laws is hereby amended by inserting after section 24A, as so appearing, the following section:-

Section 24B. The state board and the board of regents shall encourage the coordination of programs between public secondary vocational-technical school districts and public institutions of higher education. Said boards shall establish policies and procedures for the standardization of articulation agreements between the aforementioned institutions and that said boards shall meet annually to review the implementation of such policies and procedures.

**SECTION 7.** The department of education is hereby authorized and directed to expend a sum, not to exceed fifteen million dollars, for a vocational-technical equipment modernization grant program to assist cities, towns, and regional school districts, educational collaborative and independent vocational-technical schools in the purchase of equipment for use in programs in high occupational demand provided, however, that no grants shall be awarded pursuant to this authorization until after completion of the study required by section twelve. Said grants shall be awarded by the department to cities, towns, regional school districts, educational collaboratives and independent vocational-technical schools

on the basis of a competitive evaluation of proposals for such grants submitted on behalf of the approved chapter seventy-four program of the city, town, regional school district, educational collaborative or independent vocational-technical school. The department shall issue an invitation for proposals for such grants, which invitation shall include a description of the standards by which proposals are to be evaluated.

**SECTION 8.** The state board of education is hereby authorized to establish, subject to appropriation, the commonwealth vocational-technical learning and teaching institute. The institute shall provide inservice training to supervisory and instructional personnel in vocational-technical programs as determined by the board. The institute may also establish a program in conjunction with the board of regents to provide research and development, leadership development, including forums, workshops, seminars and conferences for the purpose of developing methods to improve vocational-technical education.

**SECTION 9.** There is hereby established a technology scholar advisory council consisting of nine members to be appointed by the governor equally from among persons representing public vocational-technical schools, higher education institutions with technology programs, and business and industry. Members of said council shall serve without compensation.

**SECTION 10.** There is hereby established the Technology Scholar Trust Fund for the purpose of providing grants to high school seniors enrolled in vocational-technical programs who are planning to attend an institution of higher education within the commonwealth in pursuit of further studies in a high demand technology program. Said Technology Scholar Trust Fund shall be credited funds contributed by any corporation, whether public or private; provided, however, that the commonwealth shall contribute twenty-five thousand dollars to said Fund for the purpose of awarding each qualified student as a technology scholar with a grant of up to one thousand dollars. Upon receipt, such funds shall be deposited in the state treasury and credited to said Fund and may be expended for the purpose of this section after consultation with the technology scholar advisory council established under section ten. The board of education shall nominate as technology scholars public vocational-technical high school students from each school district in consultation with the technology scholar advisory council.

**SECTION 11.** The department of education is hereby authorized and directed to conduct a study to develop a long range strategy plan for vocational-technical curriculum and program planning to prepare vocational-technical students for the changing demands in the workforce in the commonwealth. The study shall include an analysis and review of the current vocational-technical programs offered in the commonwealth and shall determine the need, if any, for the establishment of post

---

**ACTS, 1987. – Chap. 732.**

secondary vocational-technical programs in addition to those offered at the community college level.

**SECTION 12.** The state treasurer may borrow from time to time on the credit of the commonwealth such sums of money as may be necessary for the purpose of meeting payments authorized by section seven and may issue and renew from time to time notes of the commonwealth therefor, bearing interest payable at such time and at such rates as shall be fixed by the state treasurer. Such notes shall be issued and may be renewed one or more times for such terms, not exceeding one year, as the governor may recommend to the general court in accordance with Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, but the final maturities of such notes, whether original or renewal, shall not be later than June thirtieth, nineteen hundred and ninety-two. Notes and interest thereon issued under the authority of this section, notwithstanding any other provisions of this act, shall be general obligations of the commonwealth, and shall be payable from the Local Aid Fund.

**SECTION 13.** To meet the expenditures necessary in carrying out the provisions of section seven, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time, not exceeding in the aggregate, the sum of ten million dollars. All bonds issued by the commonwealth, as aforesaid, shall be designated on their face, Vocational Education Equipment Loan Act of 1987, and shall be issued for such maximum term of years not exceeding five years, as the governor may recommend to the general court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth; provided, however, that all such bonds shall be payable not later than June thirtieth, two thousand and two. Bonds and interest thereon issued under the authority of this section shall, notwithstanding any other provisions of this act, be payable from the Local Aid Fund.

**SECTION 14.** Item 7503-8841 in section 2B of chapter 723 of the acts of 1983 is hereby amended by adding to the word "equipment" at the end of the paragraph the following words:– for the new building and for the provision of furnishings and equipment to upgrade existing programs and, also, for the repair and renovation of existing buildings to improve utilization and services.

Approved January 13, 1988.

**Chapter 734. AN ACT FURTHER REGULATING THE LICENSING OF PSYCHOLOGISTS.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 13 of the General Laws is hereby amended by striking out sections 76 to 79, inclusive, as appearing in the 1986 Official Edition, and inserting in place thereof the following four sections:-

Section 76. There shall be a board of registration of psychologists which shall consist of nine members to be appointed by the governor. Members of the board shall be residents of the commonwealth and citizens of the United States. Seven members of the board shall be licensed psychologists under the provisions of sections one hundred and eighteen to one hundred and twenty-nine A, inclusive, of chapter one hundred and twelve and shall have been actively engaged in the practice or teaching of psychology or in psychological research for the five years next preceding their appointment. At least four members of said board shall be certified as health service providers by the board under the provisions of sections one hundred and eighteen to one hundred and twenty-seven, inclusive, of said chapter one hundred and twelve. Two

members of said board shall be selected from and shall represent the general public.

Section 77. Upon the expiration of the term of a member, his successor shall be appointed for a term of five years. No member of the board who has served a full five year term shall be reappointed to succeed himself.

Section 78. The governor shall have the power to remove from office any member of the board for cause; but no board member may be so removed without being informed in writing at least thirty days in advance of the reasons for his removal and of his right to a public or private hearing with counsel.

Section 79. The board shall, at its first meeting, and at each annual meeting thereafter, organize by electing from among its members a chairman, a vice-chairman and a secretary. Such officers shall serve until their successors are elected and qualified.

The board shall hold at least two regular meetings each year; but additional meetings may be held upon call of the chairman or the secretary, or at the written request of any three members of the board. Five members of the board shall constitute a quorum.

The board shall examine and pass upon the qualifications of applicants for licenses to practice psychology in the commonwealth and shall issue licenses to qualified applicants, but no action shall be taken with respect to the granting of a license or its revocation or suspension without the concurrence of at least five members of the board. The board shall issue certifications as health service providers to qualified applicants. The board shall adopt a seal which shall be affixed to all licenses issued by the board.

The board, in consultation with the secretary of consumer affairs and business regulations, shall from time to time promulgate such rules and regulations and such amendments thereof and supplements thereto as it may deem necessary.

The members of the board shall serve without compensation but each member shall be reimbursed for actual expenses reasonably incurred in the performance of his duties as a member on behalf of the board. The board shall be empowered to hire such assistants as it may deem necessary to carry on its activities.

The board may also appoint psychologists, subject to the approval of the secretary of consumer affairs and business regulations, who meet the qualifications for appointment to the board, to assist it in administering the examination required by section one hundred and twenty of chapter one hundred and twelve. Said assistance shall be provided under the supervision of a board member.

**SECTION 2.** Chapter 112 of the General Laws is hereby amended by striking out sections 118 to 129, inclusive, as so appearing, and inserting in place thereof the following thirteen sections:-

Section 118. As used in sections one hundred and eighteen to one hundred and twenty-nine A, inclusive, the following words, unless the context clearly indicates otherwise, shall have the following meanings:

"Board", the board of registration of psychologists.

"Doctoral degree in psychology", a doctoral degree from a recognized educational institution from a program in psychology as defined by the rules and regulations of the board.

"Health service", the delivery of direct, preventive, assessment and therapeutic intervention services to individuals whose growth, adjustment, or functioning is actually impaired or may be at risk of impairment.

"Health service training program", supervised experience at a site where health services in psychology are normally provided which is part of an organized integrated training program as defined by the rules and regulations of the board.

"Psychologist", an individual who by training and experience meets the requirements for licensing by the board and is duly licensed to practice psychology in the commonwealth.

"Recognized educational institution", a degree-granting college or university which is accredited by a Regional Board or Association of Institutions of higher education approved by the Council on Post Secondary Education of the United States Department of Education, or which is chartered to grant doctoral degrees by the commonwealth. Such institutional accreditation shall exist at the time that the doctoral degree is granted or within two years thereafter.

"Supervised health service experience", training at a site where health services in psychology are normally provided, with which the applicant has a formal relationship, and where the applicant is supervised at least one hour for every sixteen hours of training, at least half of which is provided by a psychologist licensed by the board who is a member of the staff of the training site. At least twenty-five per cent of the applicant's time shall be in direct client contact.

"The practice of psychology", rendering or offering to render professional service for any fee, monetary or otherwise, to individuals, groups of individuals, organizations or members of the public which includes the observation, description, evaluation, interpretation, and modification of human behavior, by the application of psychological principles, methods and procedures, for the purpose of assessing or effecting changes in symptomatic, maladaptive or undesired behavior and issues pertaining to interpersonal relationships, work and life adjustment, personal effectiveness and mental health. The practice of psychology includes, but is not limited to, psychological testing, assessment and evaluation of intelligence, personality, abilities, attitudes, motivation, interests and aptitudes; counseling, psychotherapy, hypnosis, biofeedback training and behavior therapy; diagnosis and treatment of mental and emotional disorder or disability, alcoholism and substance abuse, and the psychological aspects of physical illness or disability; psychoeducational evaluation, therapy, remediation and consultation. Psychological services may be rendered to individuals, families, groups, and the public. For purposes of this definition, the practice of psychology does not include the teaching of psychology, the conduct of psychological research, or the provision of psychological

consultation to organizations, unless such teaching research or consultation involves the delivery or supervision of the types of direct services described above, to individuals or groups of individuals.

Section 119. Each person desiring to obtain a license as a psychologist shall make application to the board upon such form and in such manner as the board shall prescribe and shall furnish evidence satisfactory to the board that such person:

- (a) is of good moral character;
- (b) has received a doctoral degree in psychology from a recognized educational institution;
- (c) has engaged for the equivalent of at least two years full time, at least one year of which was subsequent to his receiving the doctoral degree, in psychological employment, teaching, research or professional practice under the supervision of or in collaboration with a licensed psychologist, or one clearly eligible for licensure in the opinion of the board; and

(d) conducts his professional activities in accordance with accepted standards such as the Ethical Standards of Psychologists of the American Psychological Association.

Section 120. Upon satisfaction of requirements specified in section one hundred and nineteen, the applicant shall pass an examination administered by the board. Examinations shall be conducted at least once a year at a time and place to be designated by the board. Examinations shall be written, oral or both as the board deems advisable. An applicant shall be held to have passed an examination upon the affirmative vote of at least five members of the board. Any person who shall have failed an examination conducted by the board may not be admitted to a subsequent examination for a period of at least six months.

Any licensed psychologist who independently provides or offers to provide to the public, health services, shall be certified as a health service provider by the board. The board shall certify as a health service provider applicants who shall demonstrate that they have at least two years full time of supervised health service experience, of which at least one year is post doctoral and at least one year of which is in a health service training program.

Section 121. Notwithstanding the provisions of section one hundred and twenty, the board may issue a license without examination to an applicant who presents evidence that he has been licensed or certified as a psychologist by a similar board of another jurisdiction whose standards, in the opinion of the board, are not lower than those required in the commonwealth; or that he holds a diploma from a nationally recognized board or agency approved by the board.

Section 122. Any person not licensed to practice psychology who holds himself out to be a psychologist or who uses the title "psychologist" or engages in the practice of psychology in a manner that implies or would reasonably be deemed to imply that he is so licensed shall be punished by a fine of not more than five hundred dollars, or by imprisonment of not more than three months, or both such fine and imprisonment.

Section 123. The penalties in section one hundred and twenty-two shall not apply to:

(a) the salaried employment of individuals in recognized educational institutions, federal, state, county or local government institutions, nonprofit community agencies or research facilities while performing those duties for which they are employed by such institutions, agencies or facilities;

(b) the salaried employment of individuals certified as school psychologists by the department of education when functioning within the scope of their employment by a private or public school system;

(c) the salaried employment of individuals in corporations, partnerships, associations, or for persons, providing psychological services for remuneration while performing those duties for which they are employed by such organizations or persons, under the supervision of a licensed psychologist;

(d) persons eligible for licensure under section one hundred and nineteen who are full time employees of a recognized educational institution or a nonprofit research facility who are solicited for consultation of a research nature;

(e) persons eligible for licensure under section one hundred and nineteen who provide consultative services for a fee no more than one day a month; or

(f) students of psychology, psychological interns or persons preparing for the practice of psychology under qualified supervision in a recognized training institution or facility; provided, however, that they are designated by such titles as "psychological intern", "psychological trainee" or others clearly indicating such training status.

Section 124. The board may grant a temporary license for a period not to exceed one year to a psychologist with legal residence outside the commonwealth to practice within the commonwealth provided he registers with the board and practices in consultation with, or under the supervision of, a licensed psychologist or possesses qualifications acceptable to the board.

Section 125. Nothing in sections one hundred and eighteen to one hundred and twenty-nine A, inclusive, shall be construed to prevent qualified members of other professions or occupations such as physicians, teachers, members of the clergy, authorized Christian Science practitioners, attorneys-at-law, social workers, guidance counselors, clinical counselors, adjustment counselors, speech pathologists, audiologists or rehabilitation counselors from doing work of a psychological nature consistent with the accepted standards of their respective professions, provided, however, that they do not hold themselves out to the public by any title or description stating or implying that they are psychologists or are licensed to practice psychology.

Nothing in sections one hundred and eighteen to one hundred and twenty-nine A, inclusive, shall be construed to prevent school psychologists certified by the department of education from practicing and functioning within the scope of their employment in public or private

schools or performing as certified school psychologists at any time in private practice or the public sector; provided, however, that they use the title Certified School Psychologists.

Section 126. The following fees shall be determined annually by the commissioner of administration under the provision of section three B of chapter seven and shall be collected by the board: (a) application fee; (b) initial license fee; (c) temporary license fee; and (d) biennial renewal fee.

Section 127. Licenses shall be valid for two years and shall be renewed biennially. On or before April fifteenth every two years the secretary of the board shall forward to each licensed psychologist an application form for renewal. Upon the receipt of the completed form and the renewal fee on or before June first, the secretary shall renew the license for two years commencing July first. Any application for renewal of a license which has expired shall require the payment of a new application fee. Pursuant to the renewal, the applicant shall present to the board documented evidence of the completion of twenty hours of continuing education programs designed to improve the professional competence of the licensee. Such programs shall be completed during the licensed period immediately prior to renewal. In order to qualify, a program shall be approved by the American Psychological Association or such other accreditation program that the board may designate as appropriate.

Section 128. The board shall investigate all complaints relating to the proper practice of psychology by any person licensed under sections one hundred and eighteen to one hundred and twenty-nine A, inclusive.

The board may, after a hearing in accordance with the provisions of chapter thirty A, revoke, suspend or cancel the license, or reprimand, censure or otherwise discipline a psychologist licensed under said sections one hundred and eighteen to one hundred and twenty-nine A, inclusive, upon proof satisfactory to a majority of the board that said psychologist:

(a) fraudulently procured said license;

(b) is guilty of an offense against any provision of the laws of the commonwealth relating to the practice of psychology or any rule or regulation adopted thereunder;

(c) is guilty of conduct that places into question the psychologist's competence to practice psychology, including but not limited to gross misconduct in the practice of psychology or of practicing psychology fraudulently, or beyond its authorized scope, or with gross incompetence, or with gross negligence on a particular occasion or negligence on repeated occasions;

(d) is guilty of practicing psychology while the ability to practice was impaired by alcohol, drugs, physical disability or mental instability;

(e) is guilty of being habitually drunk or being or having been within a reasonable period of time addicted to, dependent on, or a habitual user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs having similar effects;

(f) is guilty of knowingly permitting, aiding or abetting an unlicensed individual to perform activities requiring a license for purposes of fraud,

deception or personal gain, excluding activities permissible under any provision of laws of the commonwealth or rules or regulations of the board;

(g) has been convicted of a criminal offense which reasonably calls into question his ability to practice psychology; or

(h) is guilty of violating any rule or regulation of the board governing the practice of psychology.

The board shall, after proper notice and hearing, adopt rules and regulations governing the practice of psychology in order to promote the public health, welfare, and safety and to implement the provisions of this section.

No person filing a complaint or reporting or providing information pursuant to this section or assisting the board at its request in any manner in discharging its duties and functions shall be liable in any cause of action arising out of the receiving of such information and assistance; provided, however, that the person making the complaint or reporting or providing said information or assistance does so in good faith and without malice.

If the psychologist is found not to have violated any of the provisions set forth in this section, the board shall forthwith order a dismissal of the charges.

Notice in writing of a contemplated revocation or suspension of a license, or the cause therefor in sufficient particularity, and of the date of hearing thereon, shall be sent by registered or certified mail to the licensee at his last known address at least fifteen days before the date of such hearing. The psychologist against whom a charge is filed shall have a right to appear before the board in person or by counsel, or both, may produce witnesses and evidence on his behalf, and may question witnesses. No license shall be revoked or suspended without such hearing, but the nonappearance of the licensee, after notice, shall not prevent such hearing. All matters upon which the decision is based shall be introduced in evidence at the proceeding. The licensee shall be notified in writing of the board's decision. The board may make such rules and regulations as it deems proper for the filing of charges and the conduct of hearings.

After issuing an order of revocation or suspension the board may also file a petition in equity in the superior court in a county in which the respondent resides or transacts business, or in Suffolk county, to ensure appropriate injunctive relief to expedite and secure the enforcement of its order, pending the final determination.

Any decision the board makes pursuant to this section shall be subject to review in superior court in accordance with the provisions of chapter thirty A.

Section 129. After three years from the date of revocation, an application for reinstatement may be made to the board, which may, upon the affirmative vote of at least five of its members, grant such reinstatement.

Section 129A. All communications between a licensed psychologist and the individuals with whom the psychologist engages in the practice

of psychology are confidential. At the initiation of the professional relationship the psychologist shall inform the client of the following limitations to the confidentiality of their communications. No psychologist, colleague, agent or employee of any psychologist, whether professional, clerical, academic or therapeutic, shall disclose any information acquired or revealed in the course of or in connection with the performance of the psychologist's professional services, including the fact, circumstances, findings or records of such services, except under the following circumstances:

(a) pursuant to the provisions of section twenty B of chapter two hundred and thirty-three or any other law,

(b) upon express, written consent of the client or patient,

(c) upon the need to disclose information which protects the rights and safety of others if: (1) the client presents a clear and present danger to himself and refuses explicitly or by his behavior to voluntarily accept further appropriate treatment. In such circumstances, where the psychologist has a reasonable basis to believe that a patient can be committed to a hospital pursuant to chapter one hundred and twenty-three, he shall have a duty to seek said commitment. The psychologist may also contact members of the client's family or other individuals if in the psychologist's opinion, it would assist in protecting the safety of the client; or (2) the client has communicated to the psychologist an actual threat of physical violence against a clearly identified or reasonably identifiable victim or victims. In such circumstances, the psychologist shall have a duty to warn or take reasonable precautions to provide protection from violent behavior. This duty shall be discharged by the psychologist if he takes one or more of the following actions: (i) makes reasonable efforts to communicate the threat to the victim or victims; (ii) seeks civil commitment of the patient pursuant to section twelve of said chapter one hundred and twenty-three; (iii) makes reasonable efforts to notify an appropriate police department or other law enforcement agency; or (3) where the client has a history of physical violence which is known to the psychologist and where the psychologist has a reasonable basis to believe that there is a clear and present danger of physical violence against a clearly identified or reasonably identified victim or victims. In such circumstances the psychologist shall have a duty to warn or take reasonable precautions to provide protection from violent behavior. This duty shall be discharged by the psychologist if he takes one or more of the following actions: (i) makes reasonable efforts to communicate the threat to the victim or victims; (ii) seeks civil commitment of the patient pursuant to said section twelve of said chapter one hundred and twenty-three; (iii) makes reasonable efforts to notify an appropriate police department or other law enforcement agency. (4) nothing contained herein shall require a psychologist to take any action which, in the exercise of reasonable professional judgement, would endanger himself or increase the danger to a potential victim or victims. (5) the psychologist shall only disclose that information which is essential in order to protect the rights and safety of others.

(d) in order to collect amounts owed by the client or patient for professional services rendered by the psychologist or his employees; provided, however, that the psychologist may only disclose the nature of services provided, the dates of services, the amount due for services and other relevant financial information; provided, further, that if the client raises as a defense to said action substantive assertions concerning the competence of the psychologist or the quality of the services provided, the psychologist may disclose whatever information is necessary to rebut such assertions; or

(e) in such other situations as shall be defined in the rules and regulations of the board.

No provision of this section shall be construed to prevent a nonprofit hospital service or medical service corporation from inspecting and copying, in the ordinary course of determining eligibility for or entitlement to benefits, any and all records relating to diagnosis, treatment, or other services provided to any person, including a minor or incompetent, for which coverage, benefit or reimbursement is claimed, so long as the policy or certificate under which the claim is made provides that such access to such records is permitted. No provision of this section shall be construed to prevent access to any such records in connection with any coordination of benefits, subrogation, workers' compensation, peer review, utilization review or benefit management procedures applied and implemented in good faith.

**SECTION 3.** This act shall not be construed to revoke or alter licenses granted by the board prior to the effective date of this act.

**SECTION 4.** Of the additional four members to be added to the board of registration pursuant to the provisions of this act, one professional member shall be appointed for a term of five years and one professional member shall be appointed for a term of three years; one of the members of the general public shall be appointed for a term of four years and one of the members of the general public shall be appointed for a term of two years.

**SECTION 5.** Notwithstanding the provisions of section one hundred and twenty of chapter one hundred and twelve of the General Laws, if application is made before January first, nineteen hundred and eighty-nine, to the board of registration of psychologists, by an applicant who was licensed as a psychologist on January first, nineteen hundred and eighty-seven, and who can demonstrate that he has been engaged for the equivalent of at least two years full time in the provision of health services shall be certified by said board as a health service provider. Said applicant shall demonstrate that he has been engaged for the equivalent of at least two years full time in the provision of health services if he meets any one of the following conditions:

(a) the psychologist has a diplomate from the American Board of Professional Psychology in Clinical Psychology or Counseling Psychology;

(b) the psychologist is listed in the National Register of Health Service Providers in Psychology;

(c) the psychologist has the equivalent of two years of full time experience, one of which was post doctoral, at a site where health care services are provided;

(d) the psychologist submits the affidavits of two psychologists licensed in the commonwealth which attest that the applicant has been engaged for the equivalent of at least two years full time in the provision of health services; or

(e) any other conditions that the board of registration of psychologists may deem acceptable.

**SECTION 6.** Notwithstanding the provisions of section one hundred and nineteen and section one hundred and twenty-one of chapter one hundred and twelve of the General Laws, if application is made before July first, nineteen hundred and ninety-four to the board of registration of psychologists by an applicant who has completed two full academic years of a graduate program on July first, nineteen hundred and eighty-eight, which he subsequently completes, leading to a doctoral degree in a closely related field with a major emphasis in psychology, as defined by the rules and regulations of the board, said applicant shall not be required to meet the requirements of subsection (b) of said section one hundred and nineteen of said chapter one hundred and twelve.

Approved January 13, 1988.

**Chapter 735. AN ACT RELATIVE TO THE NANTUCKET HISTORIC DISTRICT COMMISSION.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 395 of the acts of 1970 is hereby amended by inserting after section 2 the following section:–

**Section 2A.** For purposes of this act the following words shall have the following meanings:–

"Altered", shall include the words rebuilt, reconstructed, rehabilitated, remodeled, renovated, and restored.

"Building", a combination of materials forming a shelter for persons, animals or property.

"Commission", the Nantucket Historic District Commission acting as the Historic District Commission.

"Constructed", shall include the words built, erected, installed, enlarged, and moved.

"Exterior architectural features", such portions of the exterior of a building or structure as are open to view from a beach, a public way, a traveled way, a street or way shown on a land court plan or shown on a plan recorded in the registry of deeds, a proprietor's road, a street or way shown on a plan approved and endorsed in accordance with the

subdivision control law, a public park, or a public body of water, and shall include, but not be limited to, the architectural style and general arrangement and setting thereof; the kind, color, and texture of exterior building materials; the color or paint or other materials applied to windows, doors, lights, signs, trim, gutters, leaders, louvers, vents, porches, decks, staircases, steps, balconies, roof walks, and other appurtenant exterior fixtures.

"Razed", shall include the words destroyed, demolished and removed.

"Structure", a combination of materials other than a building, including, but not limited to, a sign, fence, wall, terrace, walk or driveway.

**SECTION 2.** Said chapter 395 is hereby further amended by striking out section 5, as amended by section 1 of chapter 300 of the acts of 1984, and inserting in place thereof the following section:-

**Section 5.** (a) No building or structure shall be constructed or altered within the Nantucket Historic District in any way that affects its exterior architectural features unless and until either:

(1) an application for a building permit shall first have been approved as to exterior architectural features, which approval shall be evidenced by a certificate of appropriateness issued by the commission; or

(2) the commission first issues a certificate of nonapplicability with respect to such alteration or construction.

(b) No building permit for construction or alteration of a building or structure within the Historic Nantucket District shall be issued by the building inspector until and unless the applicant has first obtained the applicable certificate from the commission. No occupancy permit shall be issued by the building inspector with respect to any building or structure in the Nantucket Historic District unless and until the building inspector receives a written certification from the Historic District Commission that (1) the building or structure has been constructed or altered in compliance with the terms of the certificate of appropriateness issued therefor or (2) a certificate of nonapplicability has been issued for the construction or alteration.

(c) Nothing in this act shall be construed to prevent the ordinary maintenance, repair, or replacement of any exterior architectural feature within the Nantucket Historic District which does not involve a change in design, material, color, or the outward appearance thereof; nor to prevent the meeting of requirements certified by a duly authorized public officer to be necessary for public safety because of an unsafe or dangerous condition.

**SECTION 3.** Section 8 of said chapter 395 is hereby amended by adding the following two sentences:- The commission shall make and publish rules and regulations adopting or establishing guidelines for exterior architectural features and establishing procedures for the processing of applications and conduct of hearings. The commission may establish such fees with respect to applications and hearings as it deems necessary and appropriate to defray its expenses.

**SECTION 4.** Subsection (a) of section 9 of said chapter 395, as amended by section 2 of chapter 300 of the acts of 1984, is hereby further amended by inserting after the word "a", in line 6, the first time it appears, the words:- beach, public way, public park, public body of water.

**SECTION 5.** Said section 9 of said chapter 395 is hereby further amended by striking out subsection (c) and inserting in place thereof the following subsection:-

(c) The Historic District Commission shall not consider relative size of buildings in plan, interior arrangement or building features not subject to public view. The commission shall not make any recommendations or requirements except for the purpose of preventing developments incongruous to the historic aspects of the surroundings and the Historic Nantucket District.

**SECTION 6.** Said section 9 of said chapter 395 is hereby further amended by striking out subsection (g), added by chapter 708 of the acts of 1972, and inserting in place thereof the following subsection:-

(g) The commission shall have, in addition to the powers, authority, and duties granted it by this act, such other ancillary, enforcement, or investigative powers, authority, and duties as may be delegated or assigned to it from time to time by vote of an annual or special town meeting of the town of Nantucket.

**SECTION 7.** Said chapter 395 is hereby further amended by inserting after section 10 the following section:-

Section 10A. It shall be a violation of this act for any person to construct or alter a building or structure without having first obtained from the commission a certificate of applicability or a certificate of nonapplicability; for any person to raze any building or structure without having first obtained from the commission a permit for such razing; for any person to construct or alter a building or structure in any way which is inconsistent with or contrary to the terms of the certificate of approval issued for such building or structure; or for any person to knowingly submit false, fraudulent, or misleading information to the commission in connection with any application.

**SECTION 8.** Section 11 of said chapter 395 is hereby amended by adding the following sentence:- Such appeals shall be taken within ten days of the filing by the commission of its certificate of determination with the clerk of the town of Nantucket and written notice of such appeal shall be given by the appealing party to the commission at the time such appeal is taken.

**SECTION 9.** Section 12 of said chapter 395 is hereby amended by striking out the second sentence and inserting in place thereof the following two sentences:- The appealing party or parties shall, at the time of filing such appeal, give notice thereof to all persons who were

---

**ACTS, 1987. - Chap. 736.**

parties to the appeal to the board of selectmen, by causing to be delivered to such parties a copy of the complaint and written notice of the filing thereof. The court shall hear all pertinent evidence and determine the facts and, upon the facts so determined, annul such decision if found to exceed the authority of such board, or may remand the case for further action by the commission, or make such other decree as justice and equity may require.

**SECTION 10.** Said chapter 395 is hereby further amended by striking out section 13 and inserting in place thereof the following section:-

**Section 13.** The superior court sitting in equity for Nantucket county shall have jurisdiction to enforce the provisions of this act, and the certificates, permits, determinations, rulings, and regulations issued pursuant thereto, and may, upon petition of the commission, restrain by injunction violations thereof; and, without limitation, such court may order the removal of any building, structure, or exterior architectural feature altered or razed in violation of this act, and may issue such other orders for relief as may be equitable.

Approved January 13, 1988.

**Chapter 736. AN ACT RELATIVE TO THE ALLEVIATION OF TRAFFIC CONGESTION.**

Be it enacted, etc., as follows:

Chapter 63 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after section 31C the following three sections:-

**Section 31D.** As used in sections thirty-one D to thirty-one F, inclusive, the following words shall, unless the context requires otherwise, have the following meanings:-

"Commuting student", a full-time student at a college, university or other postsecondary educational institution, who travels between his residence and an educational institution on a regular basis.

"Company shuttle van", a highway vehicle which meets all of the following criteria:

- (1) has a seating capacity of at least seven adults, including the driver;
- (2) at least eighty per cent of the mileage of which reasonably can be expected to be for the purpose of transporting taxpayer's employees between their residence, or public transportation facilities that interface with such routes and their place of employment within the commonwealth, provided, however, that the number of employees transported on such trips is at least one half of the adult seating capacity of such vehicle, not including the driver.

"Employee", either of the following:

- (1) an individual who performs service for an employer for more than eight hours per week for remuneration, or

(2) any commuting student.

"Employer", a taxpayer who is either of the following:

(1) a person for whom services are performed by employees, except government agencies, or

(2) a private educational institution which enrolls students at higher than the secondary level.

"Employer sponsored ride sharing incentive program", a program undertaken by an employer either alone or in cooperation with other employers to encourage or provide fiscal or other incentives to employees to make the home to work commute trip by any mode other than the single occupant motor vehicle.

"Ride sharing", travel by any mode other than the single occupant motor vehicle including, but not limited to, carpooling, vanpooling, public or private buspooling, subscription taxipooling, and public transit, either in highway traffic or on ways or lanes designated for the exclusive use of carpools, vanpools, public or private buspools, subscription taxipools and public transit.

"Third-party vanpool", a vanpool that is not administered and operated by an employer or his employees, but is administered and operated by an outside organization, including a government agency, which makes vehicles and other equipment and services available for use by employers and their employees.

"Vanpool", seven or more persons commuting on a daily basis to and from work by means of a vehicle with a seating arrangement designed to carry seven to fifteen adults, including the driver.

Section 31E. (a) A domestic or foreign corporation shall be allowed a credit against its excise due under this chapter equal to thirty per cent of the cost incurred during the taxable year for the purchase of company shuttle vans, as defined under section one hundred and seventy-nine (d) of the federal Internal Revenue Code, as amended and in effect for the taxable year, or lease of company shuttle vans, as defined in section thirty-one D of chapter sixty-three, used by the corporation in the commonwealth and situated in the commonwealth on the last day of the taxable year.

(b) With respect to company shuttle vans so leased and placed in qualified use during the taxable year, the amount of the credit allowed hereunder shall be thirty per cent of the lease or contract payment incurred during the taxable year, excluding insurance, maintenance, fuel, driver's salaries, finance charges or other operating expenses.

(c) The depreciation deduction that may be taken with respect to any motor vehicle qualifying for a credit hereunder shall be based under its cost less the credit allowable hereunder.

(d) The credit allowed hereunder for any taxable year shall not reduce the excise to less than the amount due under section thirty-two (b), thirty-nine (b) or sixty-seven. The limitation provided under section thirty-two C shall also apply to any credit allowed hereunder.

(e) With respect to property which is disposed of or ceases to be in qualified use prior to the end of the taxable year in which the credit is to be taken, the amount of the credit shall be that portion of the credit

provided for in paragraph (a) which represents the ratio which the months of qualified use bear to the months of useful life. If property on which credit has been taken is disposed of or ceases to be in qualified use prior to the end of its useful life, the difference between the credit taken and the credit allowed for actual use must be added back as additional taxes due in the year of disposition; provided, however, that if such property is disposed of or ceases to be in qualified use after it has been in qualified use for more than four consecutive years, it shall not be necessary to add back the credit, as herein provided. The amount of credit allowed for actual use shall be determined by multiplying the original credit by the ratio which the months of qualified use bear to the months of useful life. For the purposes of this paragraph, "useful life of property" shall be the same as that used by the corporation for depreciation purposes when computing federal income tax liability.

(f) The credit allowed hereunder shall not apply to any property which would otherwise be required as part of the employer's business activities in the absence of an employer-sponsored ride sharing incentive program, as defined in section thirty-one D of chapter sixty-three.

(g) The credit provided by this section shall apply to taxable years ending on or after December thirty-first, nineteen hundred and eighty-eight.

Section 31F. (a) Upon registration of a vanpool vehicle, registration plates for each vehicle shall be provided which include the word VANPOOL on the face thereof.

(b) There shall be no vehicle registration fee required for vanpool vehicle owners who are able to establish the following:

(1) the vanpool vehicle will be used principally for the purpose of carrying employees between their residences and their places of employment or nearby public transportation facilities.

(2) there is a signed list of seven persons, including the driver of the vanpool vehicle, who have agreed to participate in the vanpool for at least eleven of the twelve months subsequent to the registration of the vehicle.

(3) such vehicle is covered by a policy of insurance which shall indemnify the insured against any liability for personal injury, the death of any person or property damage, which injury, death or damage may result from or have been caused by the use or operation of the vanpool vehicle described in the contract of insurance. The amount of such insurance or indemnity against claims for personal injury or death shall be not less than one million dollars. Any person or company issuing any such insurance or indemnity bond shall file a certificate with the registrar of motor vehicles in such form as may be prescribed by said registrar. No such insurance or bond shall be subject to nonrenewal or cancellation while the registration is in force unless said registrar has been given at least twenty days' written notice prior to the effective date of nonrenewal or cancellation. If within such twenty day period said registrar is not presented with satisfactory evidence that other insurance or another indemnity bond has been obtained the registration shall be revoked. Liability under such insurance policy or bond shall

continue beyond such twenty day notification period until such time as the registration for such vanpool vehicle has been surrendered and its plates have been returned to said registrar, but in no case shall such liability continue for more than ten days after such notification period has expired.

(c) If the vanpool owner is unable to establish the conditions of paragraph (b), the vehicle registration fee for each vanpool vehicle shall in no instance exceed the fee which would be required to be paid for such vehicle if it were not used for the purpose of vanpooling.

**Chapter 737. AN ACT FURTHER REGULATING DISTRIBUTIONS TO CITIES AND TOWNS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 35 of chapter 10 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out, in lines 13 and 14, the words "June first and December first of each" and inserting in place thereof the words:- September thirtieth, December thirty-first, March thirty-first and June thirtieth of each fiscal.

**SECTION 2.** Section 18A of chapter 58 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

Commencing with fiscal year nineteen hundred and eighty-nine, and continuing in every fiscal year thereafter, the state treasurer shall, subject to appropriation and upon certification of the commissioner, annually distribute from the Local Aid Fund to the several cities, towns, regional school districts and independent vocational schools on or before the date specified, to the extent that sufficient funds are available on such date, the full amounts of school aid due the several cities, towns, regional school districts and independent vocational schools under the provisions of chapter seventy; provided, however, that not less than one-quarter thereof shall be paid on or before September thirtieth. A second payment shall be made on or before December thirty-first and a third payment shall be made on or before March thirty-first, and such payment, together with the payments previously made, shall equal seventy-five per cent of the total amount due. The balance thereof shall be paid on or before June thirtieth.

**SECTION 3.** The first paragraph of section 18B of said chapter 58, as so appearing, is hereby amended by striking out the second sentence and inserting in place thereof the following two sentences:- Said amount shall be distributed in four equal payments. Said payments shall be made

annually, in each fiscal year, on or before September thirtieth, December thirty-first, March thirty-first and June thirtieth.

**SECTION 4.** Paragraph (a) of section 18C of said chapter 58, as so appearing, is hereby amended by striking out the fourth sentence and inserting in place thereof the following two sentences:- Approximately seventy-five per cent of said annual distribution shall be made in three equal payments on or before September thirtieth, December thirty-first and March thirty-first. The balance of said annual distribution shall be made on or before June thirtieth of each fiscal year.

**SECTION 5.** Said chapter 58 is hereby further amended by inserting after section 18D, as so appearing, the following two sections:-

Section 18E. Distributions to cities and towns of additional assistance, so-called, as appropriated for any fiscal year by the general court shall be made in four equal payments. Said payments shall be made annually, in each fiscal year, on or before September thirtieth, December thirty-first, March thirty-first and June thirtieth.

Section 18F. No distributions pursuant to sections eighteen A and eighteen E shall be paid to cities or towns after October first of the fiscal year by the state treasurer until said treasurer receives certification from the commissioner of revenue of said commissioner's acceptance of the prior fiscal year's annual financial reports submitted pursuant to the provisions of section forty-three of chapter forty-four.

In the case of regional school districts, distributions pursuant to chapters seventy, seventy-one, seventy-one A, seventy-one B and seventy-four shall not be paid by the state treasurer after October first of the fiscal year until said state treasurer receives certification from said commissioner of revenue of the acceptance of the prior year's annual financial reports as prescribed by the director of accounts.

**SECTION 6.** Section 20 of chapter 59 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first paragraph and inserting in place thereof the following two paragraphs:-

The state treasurer, not later than August twentieth in each year, shall send formal notice by mail to the assessors and treasurers of the several cities and towns for the payment of charges and assessments under general or special law which may be due and payable to the commonwealth as specifically provided by law or as certified to him by the proper board, department or commission.

Said state treasurer shall reduce the amounts distributable or payable by the commonwealth to cities and towns pursuant to sections eighteen A, eighteen B, eighteen C and eighteen E of chapter fifty-eight by said charges and assessments, and shall make payments to cities and towns in four installments. Said payments shall be made annually, in each fiscal year, on or before September thirtieth, December thirty-first, March thirty-first and June thirtieth. In the event that the charges or assessments exceed the amounts distributable or payable, the treasurers

**Chapter 738. AN ACT ESTABLISHING A SMALL BUSINESS INCUBATOR PROGRAM.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 1 of chapter 212 of the acts of 1975, as most recently amended by section 1 of chapter 130 of the acts of 1987, is hereby further amended by striking out the third paragraph and inserting in place thereof the following two paragraphs:-

It is hereby further found that there exist in the commonwealth conditions of unemployment and economic distress within certain communities and regions that are detrimental to the welfare of the people of the commonwealth, that the failure of new and established businesses in these communities and regions contributes to these conditions of unemployment and economic distress; that the inability of persons to start businesses also contributes to unemployment and economic distress in these communities; that the private market failures in the supply of industrial space, financing, services and management assistance can cause business failures, prevent the formation and growth of new businesses and contribute to the loss of businesses from economically distressed areas; that the problems of unemployment, economic distress, business failures and lack of new businesses are beyond remedy and control solely by regulatory process in the exercise of police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aid provided herein; that small business incubator facilities, which provide small units of space, shared support services, financing and management assistance to new and established businesses can address conditions of unemployment and economic distress by encouraging the creation of new businesses and improving their ability to survive and grow, that small business incubators can best address these conditions by servicing nondefense industries; that there exist population groups in the commonwealth, including women, minorities, youth and employees dislocated from the decline of industries and firms, that suffer from conditions of unemployment and low income; that the suffering of such groups impairs the health, safety and welfare of residents of the commonwealth; that the formation of new businesses by members of these groups will help alleviate these conditions of unemployment and low income; that members of said groups face special barriers and disadvantages

which impair their ability to start businesses; that the barriers members of said groups face include a lack of education and training in business skills and a lack of capital to finance new businesses; that small business incubator facilities through the provision of small amounts of space, training and management assistance and financing can address these barriers and help members of said groups start businesses; that the acquisition, development or disposition of small business incubator facilities in accordance with incubator development plans or the provision of loans, loan guarantees or grants for the acquisition, development, operation or maintenance of small business incubator facilities or to the businesses located or to be located therein are valid public uses and purposes for which public money may be expended.

It is the purpose of the government land bank established by this act to aid private enterprise or public agencies in the speedy and orderly conversion or redevelopment of certain lands formerly used for military activities to nonmilitary uses, including industrial, commercial, and residential uses, and in the development, redevelopment, operation or maintenance of substandard, blighted or decadent areas, of surplus government property and of small business incubator facilities through the acquisition, development, redevelopment, operation, maintenance or disposition of such areas, of surplus government property or of small business incubator facilities, all in accordance with redevelopment or incubator development plans, or through the provision loans, loan guarantees or grants for the development, redevelopment, acquisition or maintenance of such areas, property or facilities or to private entities that are or will be located in such facilities to stimulate economic development including industrial, commercial and residential uses, in order to prevent blight, economic dislocation, economic distress and additional unemployment or to aid private enterprise or public agencies in the construction and rehabilitation upon and within such areas and property of decent, safe, and sanitary housing available to persons of low and moderate income in order to alleviate the shortage of such housing.

**SECTION 2.** Section 4 of said chapter 212, as most recently amended by section 7 of said chapter 130, is hereby further amended by striking out clause (i) and inserting in place thereof the following clause:–

(i) accept gifts, grants, appropriations or loans of funds, property, or financial or other aid from any private or public source;.

**SECTION 3.** Said section 4 of said chapter 212 is hereby further amended by striking out clause (k), as appearing in said section 7 of said chapter 130, and inserting in place thereof the following clause:–

(k) take possession and manage on behalf of the commonwealth or acquire on its own behalf lands, improvements thereon, and related personal property, hereinafter called lands, or an interest therein, (1) from the United States, which lands, or interest therein, were used for Westover Air Force Base, the Chelsea Naval Hospital, or the Boston Naval Shipyard, including the South Boston Annex, the Boston Army Base and all other lands owned by the United States and used in connection

with or for purposes related to the operations of the Boston Naval Shipyard or the Boston Army Base, subject to such restrictions as may be imposed on such acquisition by the United States, and including, without limitation, any other property of the United States lying within the commonwealth and declared surplus by the United States, subject to such restrictions as may be imposed on such acquisition by the United States, hereinafter called the federal surplus lands; (2) from the commonwealth any lands which have been determined to be surplus to direct public uses by the commonwealth or by public agencies, hereinafter called state surplus lands; (3) lands declared decadent, substandard, or blighted open areas by the bank, hereinafter called blighted lands; and (4) lands declared appropriate by the bank for the establishment, development, improvement, redevelopment, stabilization, operation or maintenance of small business incubator facilities, including, without limitation, existing small business incubator facilities hereinafter called incubator development lands.

**SECTION 4.** Said section 4 of said chapter 212 is hereby further amended by striking out clause (o), as so appearing, and inserting in place thereof the following clause:-

(o) prior or subsequent to taking possession of or acquiring such lands hold, protect, improve, manage, operate, maintain, repair and use such lands, or any interest therein, as it deems necessary or desirable to facilitate acquisition, disposition, management, operation, development or redevelopment of such lands, or any interest therein.

**SECTION 5.** Said section 4 of said chapter 212 is hereby further amended by striking out clause (q), as so appearing, and inserting in place thereof the following clause:-

(q) make and administer loans, loan guarantees and grants of its funds to persons, including without limitation governmental agencies and instrumentalities, for, the acquisition, development, redevelopment, improvement or use of lands described in clause (k), for the construction, rehabilitation, improvement, demolition or maintenance of buildings thereon, for the acquisition, establishment, development, redevelopment, stabilization, management, improvement, maintenance or operation of small business incubator facilities thereon, including, without limitation existing small business incubator facilities, for funding of operating and replacement reserves for such small business incubator facilities, for the capitalization or stabilization of present or future occupants of such small business incubator facilities, and for any other use or purpose necessary or convenient for carrying out the powers expressly granted by this act, on such terms as the bank may determine to be necessary and consistent with the provisions of this act; provided, however, that any new building construction for a small business incubator facility shall only be considered after exhausting all available alternatives of redevelopment, stabilization and improvement of existing blighted, decadent, distressed and substandard properties.

**SECTION 6.** Said section 4 of said chapter 212 is hereby further amended by adding the following clause:-

(s) acquire stock and options or warrants for the purchase of stock in businesses or other public or private entities that are or will be located in a small business incubator facility and sell such stock, options or warrants provided, however, that the bank shall not acquire more than forty-nine per cent of the stock of any such business or entity.

**SECTION 7.** Said chapter 212 is hereby further amended by striking out section 6, as most recently amended by section 9 of chapter 130 of the acts of 1987, and inserting in place thereof the following section:-

**Section 6.** The bank may take possession of or acquire blighted lands or incubator development lands or an interest therein or make loans, loan guarantees or grants for the redevelopment of blighted lands only after a public hearing and a determination by the bank that such lands are decadent, substandard or blighted open areas.

The bank may dispose of federal surplus, blighted or incubator development lands or an interest therein only after approval of a redevelopment plan for federal surplus or blighted lands, or an incubator development plan for incubator development lands by the board of directors of the bank, which approval shall not occur until a public hearing is held on said redevelopment or incubator development plan and provided such lands shall be developed or redeveloped in accordance with said redevelopment plan or incubator development plan. The bank shall not approve a redevelopment or incubator development plan for such lands within one year of the acquisition or possession by the bank of such lands or an interest therein unless the city council, board of aldermen or board of selectmen of the municipality or municipalities in which the lands lie have approved said redevelopment or incubator development plan. The bank may extend the one year period by petition of any municipality wherein the lands are located.

The bank may take possession of or acquire state surplus lands or an interest therein only after approval of a redevelopment plan for such lands by the board of directors of the bank, the city council, board of aldermen or board of selectmen of the municipality or municipalities in which the lands lie, and the deputy commissioner of capital planning and operations, which approvals shall not occur until a public hearing is held on said redevelopment plan. Such lands shall be developed or redeveloped in accordance with said redevelopment plan and if a formal competitive process will not be the method utilized for the disposition of such lands or interests to a private person or entity, the bank shall disclose the reasons therefore in the central register published by the secretary of state prior to such disposition.

The bank shall, in accordance with section three of chapter thirty A of the General Laws, establish general rules and regulations governing the evaluation and selection criteria for development proposals for all state surplus lands acquired by it, prior to the acquisition of any state surplus lands by the bank.

No redevelopment or incubator development plan shall be approved by

the bank unless the bank finds that such plan provides for the development, redevelopment, operation, or maintenance of the lands, in whole or in part, substantially for industrial, commercial or residential uses which will prevent or eliminate blight, economic dislocation, economic distress, or unemployment, or for the construction or rehabilitation upon the lands or decent, safe and sanitary housing, at least twenty-five per cent of which shall be made available to persons of low and moderate income, or for such other public purposes as the bank may determine are generally consistent with the provisions of this act; that such plan is consistent with the sound needs of the locality as a whole, with particular regard to the prevention of blight, economic dislocation and unemployment or the alleviation of the shortage of such housing; that such plan is financially sound; and that such plan meets such other requirements as the bank may by regulation establish.

No redevelopment or incubator development plan shall be materially amended unless the public hearing and approval procedures as specified in this section for redevelopment or incubator development plans are complied with prior to any such amendment.

Redevelopment or incubator development plans shall contain a general description of the lands and of the purposes for which the lands will be developed, redeveloped, operated or maintained, the anticipated financing sources for said development, redevelopment, operation or maintenance and the role of the bank in and the anticipated public benefits and public subsidies that will result from the development, redevelopment, operation or maintenance of such lands. If a redevelopment plan is for state surplus lands, said plan shall also contain a description of (a) any reuse restrictions imposed by the general court or the deputy commissioner of capital planning and operations and how said restrictions will be enforced by the bank; and (b) the disposition process to be utilized for such lands.

Any required public hearings need not be adjudicatory hearings as provided by chapter thirty A of the General Laws. Notice for said public hearings must be published in a daily newspaper of general circulation in the area in which the land is located at least seven days prior to said hearings and the requirements of sections eleven A and eleven B of said chapter thirty A shall be met. At least seven days prior to public hearings on redevelopment or incubator development plans, said plans shall be available for public review at the offices of the bank.

**SECTION 8.** Section 6A of said chapter 212, inserted by section 9 of said chapter 130, is hereby amended by striking out the first paragraph, and inserting in place thereof the following paragraph:-

Any disposition of lands, or an interest therein, by the bank may be made in such manner whether by sale, lease, or otherwise, by parcels which are the same as or different from those by which they were acquired or taken possession of by the bank, and for such price, rental or other consideration payable over such term, and bearing interest as to deferred payments and secured in such manner, by mortgage or otherwise, all as the bank may determine to be desirable and consistent

with any applicable provisions of any applicable redevelopment or incubator development plan.

**SECTION 9.** Said chapter 212 is hereby further amended by striking out section 7A, inserted by section 10 of said chapter 130, and inserting in place thereof the following section:–

Section 7A. The bank may make loans, loan guarantees or grants as provided in clause (g) of section four only upon the approval by the bank of a loan, loan guarantee or grant application containing the following information:

- (a) identification of the borrower or recipient;
- (b) a description of the project including a financing plan;
- (c) a description of how the loan being guaranteed will be secured; and
- (d) a description of the public benefits to be derived from the project.

No such application shall be approved by the bank unless the bank finds that the project represented in such application provides for the capitalization or stabilization of a business that is or will be located in a small business incubator facility or for the acquisition, development, improvement, redevelopment, operation, maintenance or use of lands, in whole or in part, or the construction, rehabilitation, demolition or maintenance of the buildings thereon, or the acquisition, establishment, development, improvement, redevelopment, stabilization, management or operation of small business incubator facilities thereon, substantially for industrial, commercial or residential uses which will prevent or eliminate blight, economic dislocation, economic distress of unemployment, or for the construction or rehabilitation upon such lands of decent, safe and sanitary housing, at least twenty-five per cent of which will be made available to persons of low and moderate income, or for such other public purposes as the bank may determine are generally consistent with the provisions of this act; that such project is consistent with the sound needs of the locality as a whole, with particular regard to the prevention of blight, economic dislocation, economic distress and unemployment or the alleviation of the shortage of such housing; that such project is financially sound; and that such project meets such other requirements as the bank may by regulation establish.

**SECTION 10.** Said chapter 212 is hereby further amended by inserting after section 7A the following four sections:–

Section 7B. The small business incubator facilities that receive financial assistance from the bank shall not be located within a twenty-five mile radius of another small business incubator project approved by the bank.

Section 7C. In addition to other requirements contained in this act, each incubator development plan or loan, loan guarantee or grant application related to a small business incubator facility shall:–

- (i) make provision for a professional business manager or be accompanied by a contract between a professional management service and the incubator sponsor. Said business management contract shall include whenever possible but not be limited to the regional Small

Business Development Centers established pursuant to 15 USC 648, if such assistance is provided without charge to said sponsors;

(ii) contain a needs analysis demonstrating a shortage of small units of industrial space for businesses in the service area of the proposed facility; and

(iii) adequately demonstrate the capacity of the recipient to make or administer loans or investments to capitalize businesses that are or will be served by said facility.

Section 7D. Before approving an application to a small business incubator facility, the incubator sponsor shall require that an applying business must show evidence of the following:–

(1) the business applying for financial aid has a clearly developed business concept or prototype;

(2) the business has a reasonable chance of being commercially successful;

(3) the financial aid provided by the bank shall be used to further commercialization of the business including, but not limited to, the further development of the business; the construction of a prototype, the development of a manufacturing process to produce, or to implement a marketing or distribution strategy for the product;

(4) financial aid by the bank is necessary for the commercial development of the business because funding for such commercial development of the business is only available on terms that would substantially hinder its successful commercial development; and

(5) the employment created or maintained by commercial development and production of the business will be in the commonwealth.

The incubator sponsor shall only permit eligible businesses, including, without limitation small businesses located in existing small business incubator facilities, to be tenants in such incubator facility.

For the purposes of this section, the word "business" shall mean any individual, firm, corporation, partnership, trust or other legal entity, in the process of formation or starting as a new business, engaged in, but not limited to, the research, development and construction of a prototype, the development of a manufacturing process to produce the product or to implement a marketing or distribution strategy for the product, including a business located in an existing incubator facility or an existing business which demonstrates a significant diversification of its product line.

Section 7E. The incubator sponsor shall require tenant businesses to leave the incubator facility within five years. The incubator sponsor, upon determination by the governing board of the incubator facility, may allow a tenant business a limited extension of time beyond the five year period to remain in the incubator. The considerations shall include, but not be limited to, available space in the facility; the achievement of financial viability within the extension period; and the inadequacy or lack of affordable space, with good faith substantiation of an effort to secure reasonable relocation space.

**SECTION 11.** Section 8B of said chapter 212, inserted by section 11 of

chapter 130 of the acts of 1987, is hereby amended by striking out the second paragraph and inserting in place thereof the following paragraph:–

Amounts received by the bank from debt obligations issued pursuant to this act shall be used for the purposes of acquisition, holding, protection, maintenance, repair, stabilization, operation, management, development, redevelopment, improvement of use of lands described in clause (k) of section four, for making loans, loan guarantees and grants as herein provided, for the acquisition of stock, options or warrants as provided in clause (s) of said section four, for refunding other such debt obligations, or for provision of personnel and administrative costs of the bank as provided by this act.

**SECTION 12.** Said chapter 212 is hereby further amended by striking out section 10, as most recently amended by section 13 of said chapter 130, and inserting in place thereof the following section:–

**Section 10.** The bank shall keep accurate accounts of all receipts and expenditures of the Government Land Bank Fund; and shall make a report annually containing an abstract of such accounts and detailed information on all receipts and expenditures, including prices paid for lands purchased, the terms upon which loans, loan guarantee and grants were made, and such other detailed information as provided in section fourteen. Except as otherwise provided by this act, the bank shall have full power to exercise care of its property and management of its loans, loan guarantees, grants, business and affairs, and to sell and convey any lands as provided by this act, by deed or other instrument sealed with its corporate seal, signed and acknowledged by a majority of the board of directors of in like manner to authorize such sale and conveyance by any of its officers or agents.

**SECTION 13.** Said chapter 212 is hereby further amended by inserting after section 16E the following two sections:–

**Section 16F.** There is hereby established the incubator program fund which shall be under the control of the bank, but shall consist of a separate account or accounts segregated from other bank funds, to which shall be credited any appropriations made to said fund, together with such other amounts as may become available from any other source. The bank may from time to time withdraw from said amounts as may be necessary to defray costs and expenses incurred by the bank in connection with any project undertaken by the bank pursuant to this act.

**Section 16G.** The Government Land Bank shall contract for a five year evaluation of its activities to develop small business incubator facilities by an independent organization experienced in the evaluation of economic development programs. Such evaluation shall cover the five year period following the effective date of this act. No more than twenty-five thousand dollars shall be expended for such evaluation. A copy of the findings and recommendations from such evaluation shall be filed within thirty days of its completion with the clerk of the house of

representatives who shall forward a copy thereof to the governor and the clerk of the senate.

**Chapter 739. AN ACT RELATIVE TO ALUMNI REPRESENTATION  
ON THE BOARD OF TRUSTEES OF THE UNIVERSITY  
OF MASSACHUSETTS.**

Be it enacted, etc., as follows:

**SECTION 1.** The first paragraph of section 9 of chapter 15A of the General Laws, as most recently amended by section 2 of chapter 472 of the acts of 1987, is hereby further amended by striking out the first sentence and inserting in place thereof the following eight sentences:- There shall be a board of trustees consisting of eleven members for each of the institutions named in section three other than the University of Massachusetts. One member of such board of trustees shall be a full-time undergraduate student member from said institution, and ten members shall be appointed by the governor, one of whom shall be an alumnus of said institution and one of whom shall be elected thereto by the alumni association of said institution. There shall be a board of trustees for the University of Massachusetts consisting of nineteen members. Two members of the University of Massachusetts board of trustees shall be full-time undergraduate students, one of whom is from the Amherst campus and one of who is from the Boston campus; one member shall be a full-time student from the Medical School; and sixteen members shall be appointed by the governor, four of whom shall be alumni of said institution elected thereto by the membership of the alumni associations of the campuses of said institution. Of the alumni elected to the University of Massachusetts board of trustees, two shall be elected by the membership of the alumni association of the Amherst campus, one shall be elected by the membership of the alumni association of the Boston campus, and one shall be elected by the membership of the alumni association of the Worcester campus. Each elected alumnus member shall be elected every five years. No elected alumnus member shall serve for more than two consecutive terms. A vacancy in the position of elected alumnus member prior to the expiration of a term shall be filled for the remainder of the term in the same manner as elections to full terms.

**SECTION 2.** Notwithstanding the provisions of section one of this act, the alumni members of the University of Massachusetts board of trustees initially elected as provided herein shall be appointed effective March first, nineteen hundred and eighty-eight.

**SECTION 3.** Notwithstanding the provisions of section two of this act, the three additional members of the University of Massachusetts board

**Chapter 741. AN ACT RELATIVE TO THE EXCLUSION OF VEHICLES FROM PUBLIC WAYS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 1 of chapter 82 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following two paragraphs:

Notwithstanding any other provision of this chapter, no municipality shall layout, alter, relocate, or discontinue an existing way at its point of connection, or within five hundred yards of its point of connection, with an adjoining municipality which excludes motor vehicle traffic from the way until and unless (a) the city, town or county initiating such layout, alteration, relocation or discontinuance gives written notice of such action to the chief executive officer of abutting city, town, or county into which the said way extends, and (b) a public hearing is held by the city, town or county initiating such layout, alteration, relocation or discontinuance, public notice of which must be published for each of the two weeks preceding such hearing in a newspaper of general circulation in the abutting city, town or county into which the said way extends, and (c) the chief executive officer of such abutting city, town or county concurs in writing, in such layout, alteration, relocation or discontinuance. If within ninety days of the date of such hearing required by this section there is no concurrence by the abutting city, town or county into which the said way extends, the initiating city, town or county may make a written request to the commissioner of the state

department of public works to approve of the said layout, alteration, relocation or discontinuance. If the said commissioner so approves, the said layout, alteration, relocation or discontinuance shall take effect and be valid without the concurrence of the abutting city, town or county into which the said way extends.

A city or town may, without complying with the foregoing provisions of this section, exercise the authority granted to it by section thirty-two A.

**SECTION 2.** Section 2 of chapter 85 of the General Laws, as so appearing, is hereby amended by striking out clause 6 and inserting the following two clauses:-

(6) any one-way street sign not placed at an intersection of public ways;

(7) any rule, regulation, order, ordinance or by-law of a city or town which when made or promulgated would exclude motor vehicle travel on any existing way which connects one city or town with another, unless such rule, regulation, order, ordinance or by-law was promulgated in compliance with the following: (a) the rule-making body of the city or town initiating such rule, regulation, order, ordinance or by-law gives written notice of such action to the chief executive officer of the abutting city, town or county into which the said way extends, and (b) a public hearing is held by the city, town or county initiating such alteration, relocation or discontinuance, public notice of which must be published for each of the two weeks preceding such hearing in a newspaper of general circulation in the abutting city, town or county into which the said way extends, and (c) after concurrence in writing by the chief executive officer of the abutting city or town into which the said way extends or his designee.

**SECTION 3.** This act shall not apply to any alteration, relocation or discontinuance of an existing way in a city or town if said municipality has both voted such action by vote of city council, town council or town meeting, and has implemented such action prior to the effective date of this act.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately regulate lodging houses, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Section 30 of chapter 140 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by adding the following paragraph:-

Any person aggrieved by a determination of a licensing authority pursuant to the provisions of this section or by the failure of a licensing authority to grant or act upon a renewal license shall have the right to appeal in accordance with the provisions of chapter thirty A to the housing court division of the trial court having jurisdiction in the city or town wherein the lodging premises are located or if there is no such housing court division having jurisdiction, the superior court division of the trial court.

Approved January 14, 1988.

**Chapter 744. AN ACT AUTHORIZING THE DIVISION OF CAPITAL PLANNING AND OPERATIONS TO CONVEY A CERTAIN PARCEL OF LAND IN THE TOWN OF FRAMINGHAM.**

Be it enacted, etc., as follows:

**SECTION 1.** The deputy commissioner of the division of capital planning and operations, subject to the provisions of sections forty E through forty J, inclusive, of chapter seven of the General Laws, is hereby authorized to sell and convey by deed approved as to form by the attorney general, to Christopher Abelli, a certain parcel of land approximately 3.5 feet wide located at the rear of Singletary Lane in the town of Framingham containing approximately 100 square feet more or

less and shown as the parcel containing a portion of a structure encroaching over the southwesterly boundary line of land owned by the commonwealth of Massachusetts shown on a plan on file in the metropolitan district commission, subject to the requirements of section two and to such additional terms and conditions as the deputy commissioner may prescribe in consultation with the metropolitan district commission.

**SECTION 2.** The recipient of said parcel will assume the costs of appraisals, surveys and/or other expenses as deemed necessary by the deputy commission for the conveyance of this property.

**SECTION 3.** As a further consideration, and as a requirement prior to said conveyance authorized by section one of this act, said Christopher Abelli, his heirs, or successors or assigns, which ever the case may be, shall have signed an agreement relinquishing any and all rights he or his heirs, successors, or assigns may be or may have been entitled to for compensation, including any interest accrued thereon, either from the commonwealth or from the town of Framingham for reimbursement for any or all back taxes which said Christopher Abelli or his heirs, successors, or assigns in title have paid, if any, from time to time on said aforementioned parcel and shown on said plan on file with the metropolitan district commission.

**SECTION 4.** This act shall take effect upon its passage.

Approved January 14, 1988.

ACTS, 1987. - Chap. 746.

Be it enacted, etc., as follows:

**SECTION 1.** Section 14B of chapter 71 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out clause (f) and inserting in place thereof the following clause:-

(f) the terms by which any city or town may be admitted to or separated from the regional school district; provided, however, that in the case of admission such terms shall not be inconsistent with the provisions of section sixteen of chapter six hundred and forty-five of the acts of nineteen hundred and forty-eight.

**SECTION 2.** Chapter 645 of the acts of 1948, as most recently amended by section 17 of chapter 303 of the acts of 1987, is hereby further amended by striking out sections 1 to 10, inclusive, and inserting in place thereof the following twenty-one sections:-

Section 1. To promote the planning and construction of school buildings and the establishment of consolidated and regional schools, in order to insure safe and adequate plant facilities for the public schools, and to assist towns in meeting the cost thereof, there is hereby established in the department of education a program of school building assistance.

Section 2. The purpose of this program shall generally be (1) to encourage and foster the establishment and building of consolidated and regional or union public schools in and among the cities and towns of the commonwealth, (2) to conduct surveys and studies relative thereto, and (3) to administer the provisions of this act relative to grants to cities and towns for the planning and construction of school buildings. The board of education is hereby specifically authorized to make contracts for surveys or other technical services within the scope of its duties, to provide legal, architectural or other technical advice and assistance to cities and towns or to joint committees thereof in the planning and establishment of regional or consolidated schools, and to recommend to the general court such legislation as it may deem desirable or necessary to further the purposes of this act. The board shall submit an annual report to the governor and the general court.

Section 3. For the purposes of this act, the following words shall have the following meanings:-

"Approved school project", any capital construction or major reconstruction project, as defined in this section, which is determined by the board of education to be necessary to meet educational standards, as promulgated by the board, for anticipated enrollment levels, and which conforms to the following provisions:

(1) that each component of said project has an expected useful life, as determined by the board of education, of at least seven years and also of at least the period for which any debt obligations undertaken to finance said project will remain outstanding; and,

(2) that except in the case of a city, town, county or regional school district with a total population of less than five thousand people, no

project shall constitute an approved school project for purposes of this act unless it has an estimated cost, as determined by the board, in excess of one hundred thousand dollars.

"Board of education" or "board", the state board of education established by section one E of chapter fifteen of the General Laws.

"Capital construction project", any capital project which is (1) a project for the construction, enlargement or original equipping of a regional, consolidated or county agricultural school, or of any public schoolhouse in any city or town, or (2) a project for the acquisition and renovation of an existing structure for use as a schoolhouse together with acquisition of the land upon which it stands and, such other lands as are necessary for the project, or (3) the acquisition of a site for an urban-suburban collaborative school.

"Commissioner", the commissioner of education or his designee.

"Consolidated school", any school constructed or enlarged with the intent of eliminating one or more existing schools.

"Major reconstruction project", any capital project involving the reconstruction, renovation or improvement of an existing schoolhouse, including the replacement of a roof or heating plant; provided, however, that it is determined by the board of education that such reconstruction renovation or improvement has not been necessitated, in whole or in part, by the failure of a city, town, or regional school district to make adequate and prudent provisions for the care and maintenance of said schoolhouse.

"Regional school", any public school established under any provision of law by the action of two or more cities or towns. For the purposes of this act, the agricultural schools maintained by the counties of Bristol, Essex, and Norfolk shall be deemed to be regional schools.

"Regional school building committee", any agency organized by two or more cities and towns under any provision of general or special law for the purpose of planning or constructing a regional school.

"Regional school district", any agency established for the purpose of operating a regional school.

"Total construction grant", the grant representing the commonwealth's total contribution to an approved school project, and which is calculated as follows:

(1) In the case of a grant for an approved project of a city or town, or of an urban-suburban collaborative school, the total construction grant shall be the product of multiplying the final approved costs of such project, including costs referred to in section seven, by the reimbursement percentage determined pursuant to section twelve for the year in which the project is approved.

(2) In the case of a grant for an approved project of a regional school district or a county, the total construction grant shall be the sum of the grants computed separately for each city and town which is a member of said regional school district or located in said county as hereinafter provided. For purposes of this computation, each member city's and town's share of the combined grant shall be equal to the total approved project cost, including costs referred to in section seven, multiplied by

the product of the reimbursement percentage listed in section twelve (a), multiplied by the percentage of district or county capital costs that would be apportioned to such city or town in accordance with the applicable regional school district agreement or law for capital costs incurred in the fiscal year in which the grant is approved. The amount of the total capital costs apportioned to a member city or town in any fiscal year on account of an approved school project of a regional school or county, determined in accordance with the applicable regional school district agreement or law, shall be reduced by an amount equal to the amount of the grant payable on account of such project in such fiscal year multiplied by a fraction the numerator of which is the city's or town's reimbursement percentage, determined as aforesaid, multiplied by the percentage of capital costs apportioned to the city or town for such fiscal year in accordance with the applicable regional school district agreement or law, and the denominator of which is the sum of the percentages so derived as the numerators for all of the member cities and towns.

"Urban-suburban collaborative school", a school established, operated and maintained by agreement between a city and town which has the following attributes, provided that this definition does not include regional school districts, magnet education schools, or the METCO program:

(1) that students enrolled in the school are so enrolled on a voluntary basis;

(2) that each community contribute at least twenty-five per cent of the population of students enrolled in the school for the duration of the period that the school is receiving state assistance under the provisions of section seventeen;

(3) that the campus of the collaborative school be located in the participating suburban town;

(4) that there be a finding by the board, with regard to each participating community that it is either (a) in compliance with a court-ordered or board of education-approved desegregation plan, or (b) not segregated in violation of state or federal law;

(5) that there be a finding by the board that there has been a good faith effort made by the collaborative school to achieve substantial integration of the enrolled population according to racial, socio-economic, geographic, and academic characteristics; and,

(6) that the participating communities have access to the facilities of the school twelve months a year.

Section 4. A project shall become an approved school project, as defined in section three, after it has been approved by the board for the purposes of sections seven to twelve, inclusive, and upon certification by the division of special education in the department of education that adequate provisions have been made for children with special needs, as defined in section one of chapter seventy-one B of the General Laws. Applications to the board for capital construction projects shall be made and approval shall be obtained before construction is undertaken.

Section 5. Any regional school district may apply to the board for

reimbursement, in whole or in part, of any expenses incurred for educational, engineering and architectural services incidental to the planning of a regional school. Architectural services shall include preliminary studies, preliminary plans, working drawings and specifications, estimates and all other work customarily performed by an architect for the construction of a school prior to the execution of the construction contract by the awarding authority. Such application shall be accompanied by copies of such studies, plans, working drawings, specifications and estimates together with such additional information as the board may require. The said board may, if it is satisfied that the plans so submitted are satisfactory with respect to site, type and adequacy of the proposed construction for an approved school project in a regional school district and in the best interest of the respective towns, and the expenses so incurred are reasonable, certify to the comptroller for payment to such regional school district such amount, not exceeding such expenses, as it may deem proper, and the state treasurer shall forthwith make the payments so certified from any funds appropriated therefor.

Section 6. Any city, town or regional school district may apply to the board for reimbursement, in whole or in part, of any expenses incurred for surveys made of school building needs and conditions, the contract for which has been approved by the board. The said board may, upon completion of the survey, certify to the comptroller for payment to the city, town or regional school district such amount, not exceeding such expenses, as it may deem proper, and the state treasurer shall forthwith make the payments so certified from any funds appropriated therefor.

Section 7. (a) Any city, town, or regional school district may apply to the board for a school construction grant to meet in part the cost of an approved school project. Such cost shall include the entire interest paid or payable by such city, town or regional school district on any bonds or notes issued to finance such project, as well as any premiums, fees, or charges for credit or liquidity enhancement facilities or services issued or rendered to any such city, town, or regional school district. Such costs shall also include all costs and legal fees to enforce rights on any contracts for the construction of an approved school project. Such application shall be in the form prescribed by the board, and shall be accompanied by such additional information, drawings, plans, estimates of cost, and proposals for defraying such costs, as the board may require.

(b) Any city, town, or regional school district which is eligible for aid under the provisions of this chapter and establishes extended courses of instruction in a vocational school, as provided in section thirty-seven A of chapter seventy-four of the General Laws, and wishes to enlarge or construct a school for the purpose of maintaining such extended courses of instruction on a technical institute level shall be eligible for financial assistance in the construction or enlargement of such school in the manner and to the extent provided by this act.

Section 8. (a) Forthwith upon receipt of an application under the provisions of section seven, the board shall examine such application and any facts, estimates or other information relative thereto, and shall

determine whether the proposed construction is in the best interests of the commonwealth and the city, town or regional school district, with respect to its site, type of construction, sufficiency of accommodations, and otherwise. In determining whether the proposed construction is in the best interests of the commonwealth, the said board shall consider the availability of funds under section nine, the order of priorities under section ten and the construction procedures and standards under section eleven. If, in its opinion, such proposed construction should be undertaken, the board shall determine the estimated approved cost of such construction, which cost may be equal to the estimated cost furnished by such city, town, or regional school district or a lesser amount, and compute the amount estimated of construction grant to which the town would be entitled under section nine, such computation being based on said approved cost.

(b) Within a reasonable time after receipt of such application the board shall notify such city, town or regional school district of its approval or rejection therefor, and, in the event of its rejection, of the reasons therefor. Notice of approval hereunder shall be accompanied by a statement of the estimated approved cost as determined by the board, and an estimate of the amount of school construction grant to which such city, town or regional school district may be entitled under the provisions of said section nine.

(c) The final approved cost shall be determined by the board within a reasonable time after the acceptance of the completed project by the local school committee.

(d) Any city or town which has received, in accordance with the provisions of this section, notice of approval and an estimate of the amount of school construction grant to which such city or town may be entitled, may during the time this chapter remains in effect, borrow from time to time for said approved school project an amount not exceeding said estimated grant, or such larger amount as may be approved by the emergency finance board established under section forty-seven of chapter ten of the General Laws, and may issue bonds or notes therefor which shall bear on their face the words, (name of city or town) School Project Loan, Act of 1948. Each authorized issue shall constitute a separate loan and such loans shall be paid in not more than twenty years from their dates. Indebtedness incurred under this act shall be in excess of the statutory limit, but shall, except as herein provided, be subject to the applicable provisions of chapter forty-four of the General Laws, exclusive of the limitation contained in the first paragraph of section seven of said chapter forty-four.

(e) If the determination of the final approved cost is delayed because the construction is not completed, the payments preceding determination of the final approved cost may be based upon the estimated approved cost, and adjustment shall be made in the payment or payments which are made subsequent to the determination of the final approved cost.

Section 9. (a) Before approving any school projects as defined in section three, the board shall determine (1) the amount of the first annual estimated payments on such projects and (2) the fiscal year in

which it is anticipated that the first annual estimated payments would be paid. The aggregate amount of such first annual estimated payments for projects approved by the board in any fiscal year shall not exceed such amount as may be duly authorized therefor as a part of an annual general or supplemental appropriation act or otherwise; provided that school projects ordered or approved by a court as necessary for desegregation or such projects as may be required in the judgment of the board to reduce or eliminate racial imbalance may be approved only in the event that there is a special authorization sufficient to provide for the first annual estimated payments therefor. For the purposes of this section, a "first annual estimated payment" shall be either (1) the amount of the first annual estimated payments to a city, town, or regional school district which results from the approval of a capital construction or major reconstruction project, or (2) the first annual estimated payment on any notes or bonds issued by the commonwealth for the purpose of funding projects through the alternative funding mechanism set forth in section fourteen.

(b) Before approving any school project, as defined in section three, which is to be funded through the alternative funding mechanism set forth in section fourteen, the board shall determine that if the project under consideration is approved, the commonwealth's aggregate payments on such projects shall not exceed the amount of indebtedness which the commonwealth has authorized for such projects.

(c) Eighty-five per cent of the amount of first annual estimated payments duly authorized therefore as part of an annual general or supplemental appropriation act shall be reserved by the board for capital construction projects, and fifteen per cent of such amount shall be reserved by the board for major reconstruction projects. In the event of a project approved on the basis of unequal annual payments as provided in section twelve or by other legislation of similar intent, the arithmetic average of the estimated annual payments for that project may be the amount included in the said aggregate of first annual payments. The unused portion of the prior year authorization shall be available for use in the next following fiscal year for approved projects; provided, however, that any balance remaining in the last month of a fiscal year and which is reserved for either capital construction or major reconstruction projects may be approved only for the same category of project for which it has been reserved. Projects approved under provisions of individual special legislation shall not be subject to the limitations of this authorization.

(d) In each fiscal year there shall be appropriated on account of the provisions of this chapter three separate items in accordance with the following clauses; provided, however, that any portion of the said appropriations which is not required to be used in such fiscal year shall be carried over to each succeeding year for the aforesaid purposes: (1) an amount to provide for the first annual payments on any school projects approved on or after July first, nineteen hundred and seventy-five, (2) an amount required for annual payments to be made in the fiscal year on account of school projects approved by the state board

prior to July first, nineteen hundred and seventy-five and all other projects approved after said date on which the first annual payment has been made, and (3) an amount required for payments in the fiscal year on account of grants and reimbursements (i) for educational, engineering and architectural services for regional school districts as set forth in section five, (ii) for surveys made of school building needs and conditions as set forth in section six, (iii) for matching stabilization fund payments as set forth in section twelve, (iv) for leases relative to the maintenance of a vocational education program, as provided for in section fifteen, and (v) for payments associated with admission to a regional school district, as provided for in section sixteen.

Section 10. The board shall approve school projects and reimbursements under this chapter in accordance with the following order of priorities: (1) priority shall be given to school projects needed in the judgment of said board to replace or renovate a building which is structurally unsound or otherwise in a condition seriously jeopardizing the safety of school children, where no alternative exists; (2) priority shall be given to school projects needed in the judgment of said board to prevent severe overcrowding expected to result from increased enrollments or to eliminate existing severe overcrowding; (3) priority shall be given to school projects needed in the judgment of said board to prevent loss of accreditation; (4) priority shall be given to any school project needed in the judgment of said board for the replacement, renovation or modernization of the heating system in any schoolhouse to increase energy conservation and decrease energy related costs in said schoolhouse; and (5) priority shall be given to school projects needed in the judgment of said board to replace, or add to obsolete buildings in order to provide for a full range of programs consistent with state and approved local requirements. Notwithstanding the provisions of section eight, the board may defer its approval or disapproval of any project application for more than ninety days from receipt of the project application if such deferral is necessary for the effective implementation of the provisions of this section. The board may issue regulations to define the procedures pursuant to which the priorities established by this section will be implemented.

Section 11. (a) In order to maximize the cost effective production of efficient and creative school projects the board shall require that every school project conform to the following standards and procedures: (1), that the applicant fully consider all available options for satisfying the described need, including tuition agreements with adjacent school districts, rental or acquisition and any necessary rehabilitation or usage modification of any existing building which could be made available for school use; (2), that the applicant's site selection is based on the cost and environmental factors including an awareness of soil conditions and their probable effect on foundation and site development costs, transportation effects, dislocation of site occupants and relationship to other community facilities; (3), that the applicant enter into contracts, using forms satisfactory to the board, for such competent architectural, engineering and other services as may be required; (4), that procedures

satisfactory to the state board are followed by the applicant throughout the planning and construction of the project such as will assure maximum attention to the cost effects of program and design decisions, materials and systems selections.

(b) The board shall issue annually, as hereinafter provided, minimum program standards and minimum cost standards for all proposed school projects. These standards may take into account the type and location of a proposed school project. The program standards shall define minimum space requirements for each specified program activity eligible for state financial assistance. The minimum program standards shall, in the judgment of the board, be at least in conformity with the minimum requirements of state law and shall also reflect consideration of cost effects, prevailing educational standards in the commonwealth and the needs of efficient and creative school projects. The cost standards shall be based on the price experience of recently completed and recently bid school projects, taking into account the cost effectiveness of design, construction and programming techniques utilized in such school projects. For the purpose of calculating the total construction grant under section twelve, the estimated approved cost and the final approved cost for a school project shall not exceed the cost that would result if the project conformed to minimum program standards and minimum unit costs. The provisions of this section shall not be deemed to preclude a city, town or regional school district from including in an approved school project such facilities or design as it determines, in addition to those required to conform to minimum program standards and minimum unit costs; provided, however, that the cost of such additional facilities and design shall not be included in the estimated cost and final approved cost on the basis of which the state construction grant is calculated.

(c) After compliance with section three of chapter thirty A of the General Laws, the board shall not later than the first day of March in each year adopt interim regulations, including minimum program standards and minimum cost standards, for the implementation of this section. Forthwith upon the adoption of such regulations, the said board shall file a copy thereof with the clerk of the house of representatives who shall refer such regulations to an appropriate committee of the general court. Within thirty days after such filing, the said committee may hold a public hearing on the regulations, shall issue a report, and file a copy thereof with the board. Said board shall adopt final regulations making such revisions in the interim regulations as it deems appropriate in view of such report and shall forthwith file a copy of the regulations with the chairperson of the committee of the general court to which the interim regulations were referred and not earlier than thirty days after the date of such filing, the board shall file the final regulations with the state secretary and the said regulations shall thereupon take effect.

Section 12. (a) From time to time, the commissioner shall certify to the comptroller, and the state treasurer shall, within thirty days after each such certification, pay to the several cities, towns and regional school districts from any amounts appropriated therefor, the amounts

due them in accordance with approved school construction grants. Other than for grants to assist cities, towns and regional school districts eliminating racial imbalance, the total construction grant to be paid to cities, towns and regional school districts on account of projects approved after the effective date of this act shall be based on the following percentages; provided, however, that no grant shall be approved for any amount less than fifty per cent nor greater than ninety per cent of total construction costs; and provided, further, that, notwithstanding the provisions of section nineteen of this chapter, the percentages listed in this subsection shall be effective only until June thirtieth, nineteen hundred and ninety:

(b) Notwithstanding other provisions of this section, in the case of approved school projects to eliminate racial imbalance under the provisions of section one I of chapter fifteen of the General Laws, the reimbursement percentage shall be ninety per cent. The board may, upon request of a city, town, or regional school district eligible under the provisions of said section one I for additional assistance, make payments due to such city, town, county or regional school district on an unequal annual payment schedule, said schedule to be subject to the approval of the board.

(c) Notwithstanding other provisions of this section, in the case of an

approved school project involving an urban-suburban collaborative school, the reimbursement percentage for site acquisition or for the construction, enlargement or original equipping, reconstruction, renovation or improvement of a school building, including the replacement of a roof or heating plant, shall be ninety per cent.

**Section 13.** (a) In the case of any approved school project to be financed in whole or in part from the proceeds of any sale of bonds or notes, the total construction grant shall be paid annually in equal parts to be determined by dividing the total grant by the number of years during which any indebtedness incurred for such project shall remain outstanding; provided, however, that if such number of years is less than five, the total grant shall be paid annually in five equal parts, and the payments hereinabove provided for shall begin in the fiscal year next following the fiscal year in which the construction of such project has been commenced. In the case of any approved school project which is not to be financed from the proceeds of any sale of bonds or notes, the total grant shall be paid annually in five equal parts beginning in the calendar year in which the construction of such project has been commenced.

(b) Notwithstanding any provisions to the contrary contained in the preceding paragraph, in the case of any approved school project of a city or town for which seventy-five thousand dollars or more has been appropriated from its stabilization fund under the provisions of section five B of chapter forty of the General Laws or, in the case of an approved school project of a regional school district for which seventy-five thousand dollars or more has been appropriated in the aggregate by the member towns from their stabilization funds, the total construction grant shall be paid in the following manner: a sum equal to the amount so appropriated shall be paid in the year in which construction of such project has been commenced, such payment to be called the matching stabilization fund payment, but in no event shall such payment exceed one hundred thousand dollars or three-fourths of the estimated amount of the construction grant, whichever is less, and the remainder of such construction grant shall be paid annually in equal parts to be determined by dividing such remainder by the number of years during which any indebtedness incurred for such project shall remain outstanding; provided, however, that if such number of years is less than five, or if the project is not to be financed from the proceeds of any sale of bonds or notes, such remainder shall be paid annually in five equal parts; and in the case of a project for which indebtedness is incurred, the annual payments hereinabove provided shall begin in the calendar year in which the first payment of principal on account of such indebtedness shall become due and payable, and in the case of a project which is not to be financed from the proceeds of any sale of bonds or notes, in the calendar year in which the construction of such project has been commenced. The provisions of this paragraph shall not apply unless the amount appropriated from the stabilization fund for the school project or the aggregate amount appropriated therefor from the stabilization funds of all the member towns of a regional school district

was contained in such fund or funds on December thirty-first of the year next prior to the date of the appropriation therefrom. The entire matching stabilization fund payment shall be applied to the cost of the school project; provided, however, that whenever a school project has been approved by the board, the treasurer of the city, town or regional school district with the approval of the mayor, selectmen or regional district school committee may incur debt outside the debt limit in anticipation of the proceeds of such payment and may issue notes therefor payable in not more than one year from their dates. Any such loan issued under this paragraph for a shorter period may be refunded by the issue of other notes maturing within one year from the date of the original loan being refunded.

Section 14. (a) Notwithstanding the provisions of section thirteen of this act, the method of payment for approved school projects which satisfy the requirements of subsection (b), or in the case of an approved school project to eliminate racial imbalance under the provisions of section one I of chapter fifteen of the General Laws, which satisfy the requirements of subsection (c), or in the case of an urban-suburban collaborative school, which satisfy the requirements of subsection (d), shall be paid as follows: the commonwealth shall annually pay that portion of its share of the total construction grant, as defined in section 3, which the city, town, regional school district, or urban-suburban collaborative school has expended in the past fiscal year in payment of the costs of an approved school project. The comptroller shall annually certify the amounts so paid by the city, town, or regional school districts, and shall notify the treasurer of such certification.

(b) The board shall determine (1) whether the general court has appropriated or authorized the borrowing of sufficient funds to permit the commonwealth to pay its portion of the total construction grant in accordance with the provisions of this section, and (2) whether the city, town, or regional school district has appropriated sufficient funds (i) to pay all of the estimated local share of the cost of the project, and (ii) to cover the total costs of construction until the receipt of annual reimbursements from the commonwealth, and (3) whether the credit rating, if any, assigned to the most recent debt obligation of the city, town or regional school district by a nationally recognized municipal rating agency is at least one grade lower than the most recent debt rating assigned to the commonwealth; provided, however, that if in the opinion of the board the credit rating assigned to the most recent debt obligation of the city, town, or regional school district is not reflective of the credit rating that would most likely be assigned to a debt obligation for the approved school project under consideration, the board may, in making its determination, look at other factors regarding the financial status of the city, town, or regional school district which are better predictors of such likely credit rating, and (4) whether the estimated aggregate bond issue for all approved school projects within a city, town, or regional school district shall exceed ten million dollars. If the board determines with regard to each of these findings that the requirements set forth herein have been met, then the board shall notify

the comptroller of such findings.

(c) In the case of an approved school project to eliminate racial imbalance, the board shall determine (1) whether the general court has appropriated or authorized the borrowing of sufficient funds to permit the commonwealth to pay its portion of the total construction grant in accordance with the provisions of this section, and (2) whether the city or town has appropriated sufficient funds (i) to pay all of the estimated local share of the cost of the project, and (ii) to cover the total costs of construction until the receipt of annual reimbursements from the commonwealth, and (3) whether the credit rating, if any, assigned to the most recent debt obligation of the city, town or regional school district by a nationally recognized municipal rating agency is at least one grade lower than the most recent debt rating assigned to the commonwealth; provided, however, that if in the opinion of the board the credit rating assigned to the most recent debt obligation of the city, town, or regional school district is not reflective of the credit rating that would most likely be assigned to a debt obligation for the approved school project under consideration, the board may, in making its determination, look at other factors regarding the financial status of the city, town, or regional school district which are better predictors of such likely credit rating. If the board determines with regard to each of these findings that the requirements set forth herein have been met, then the board shall notify the comptroller of such findings.

(d) In the case of an approved school project involving an urban-suburban collaborative school the board shall determine (1) whether the general court has appropriated or authorized the borrowing of sufficient funds to permit the commonwealth to pay its portion of the total construction grant in accordance with the provisions of this section, and (2) whether the municipalities participating in the urban-suburban collaborative school have appropriated sufficient funds (i) to pay all of the estimated local share of the cost of the project, and (ii) to cover the total costs of construction until the receipt of annual reimbursements from the commonwealth. If the board determines with regard to each of these findings that the requirements set forth herein have been met, then the board shall notify the comptroller of such findings.

(e) The board and the comptroller shall promulgate rules and regulations with regard to the findings and certifications required to effectuate the provisions of this section.

Section 15. (a) Any city, town or regional school district which leases the whole or part of a building for a period of not less than five years for the purpose of maintaining a vocational education program under the provisions of chapter seventy-four of the General Laws may apply to the board for reimbursement in part for the rental due under the lease and the cost of originally equipping and furnishing the leased building; provided, however, that such lease has been approved by the board. The amount of reimbursement shall be determined by adding together the entire rental to be paid during the term of the lease and the entire cost of initially equipping and furnishing the leased building and multiplying

the result by the same percentage to which such city, town or regional school district would be entitled had the lease been an approved school project under the provisions of subsections (c) and (d) of section twelve. Such reimbursement shall be paid annually in equal parts by dividing the total reimbursement by the number of years during which the lease will remain outstanding, the first payment to begin in the fiscal year next following the fiscal year in which the term of the lease commences. The board shall certify to the comptroller the amounts due to any city, town or regional school district under this section and payment thereof shall be made subject to appropriation by the state treasurer.

(b) Any city, town or regional school district which received payments under this section shall not include the same expenses in the reimbursements payable under section nine of chapter seventy-four of the General Laws.

Section 16. (a) Any city or town which is newly admitted to a regional school district may be reimbursed by the board for part of the amount which such city or town is required to pay for such admission, subject to the limitations and in the manner prescribed by this section. The board shall:

(1) determine the cost of constructing and originally equipping the regional school building, including the cost of any addition constructed thereto. Included in such cost shall be (a) the cost of construction, either under this chapter or as determined by the board, or the most recently estimated cost of construction in the case where no such final cost of construction has been determined and (b) other capital and maintenance costs not to exceed five per cent of the costs in clause (a) as may be allowed by the board, and (c) the interest costs incurred on account of borrowing for the purpose of financing said school construction. Upon the determination of the above sum, the board shall deduct the amount of state aid paid to the regional school district on account of such construction and other capital costs;

(2) determine the cost per student of such construction and other capital cost by dividing the cost figure arrived at in subsection (1) by the number of students the buildings and additions, if any, can safely and adequately accommodate as determined by the board; and

(3) determine the number of new students to be accommodated because of the admission of the new member city or town and that number, multiplied by the cost per student arrived at in subsection (2) shall comprise the maximum approvable amount upon which the board shall base its grant for reimbursement to the newly admitted member; provided, however, that if the amount which the newly admitted member is required to pay to the regional school district as a condition of membership is less than the maximum approvable amount upon which the board shall base its grant amount as determined above, the lesser amount shall be the maximum approvable amount upon which the board shall base its grant for reimbursement to the newly admitted member.

(b) The amount required to be paid to the regional school district by the newly admitted member as a condition of membership may be paid in equal annual payments made over a period of time, as specified in the

amendment to the regional school district agreement by which the new member was admitted to the regional school district and approved by the commissioner of education.

(c) Any such city or town acquiring membership in an existing regional school district shall receive a grant based upon a percentage of the amount determined to be the base amount upon which the state reimbursement shall be computed as prescribed above. The percentage to be applied against such amount shall be the greater of (1) the percentage applicable to the district as determined under subsection (a) of section twelve, as though such city or town were not a member of the regional school district, or (2) the percentage applicable to the district as determined under said subsection (a) as though such city or town were a member of the district.

(d) The grant shall be paid to such city or town in equal annual payments, over the same number of years during which such city or town is required to pay the amount of its admission, as specified in the amendment to the regional school district agreement by which such city or town was admitted, but in no case shall the number of annual payments by the commonwealth be fewer than five nor more than twenty. Such annual payments shall be certified by the board to the comptroller and the state treasurer shall, within thirty days after such certification, apply to such city or town the amount due from any funds which have been appropriated for the payment of annual payments to cities, towns and regional school districts.

(e) In instances where the board determines that enlarged or additional facilities are required in an existing regional school district to accommodate students of a city or town acquiring membership in said existing regional school district under this section, any construction grant awarded by the board shall be based upon the greater of (1) the percentage applicable to the district as determined under subsection (a) of section twelve as though such city or town were not a member of the regional school district, or (2) the percentage applicable to the district as determined under said subsection (a) as though such city or town were a member of the district. The provisions of this section shall apply to amendments to regional school agreements approved on or after January first, nineteen hundred and eighty-one.

Section 17. (a) In the event that a city, town, or regional school district, sells or leases an assisted structure or facility, on account of which it is receiving grant payments pursuant to this chapter, the net proceeds from the sale or lease shall be divided between the commonwealth and the general funds of the city, town, or regional school district involved, in proportion to the commonwealth's prior investment in the assisted structure or facility under the provisions of this chapter. The commonwealth's share of the net proceeds shall reduce the balance of outstanding grant payments that would otherwise be payable except for the provisions of this section, and shall not exceed such amount. Any city, town, or regional school district which sells, leases, or otherwise removes from use by said city, town, or regional school district as a schoolhouse any approved school project on account

of which it is receiving grant payments pursuant to this chapter shall report such sale, lease, or removal to the commissioner in the form and manner and within the time prescribed by the commissioner.

(b) In the event that a city, town or regional school district sells or leases an assisted structure or that the assisted structure was not used as a schoolhouse for at least half of the preceding fiscal year, the amount of outstanding grant payments remaining after reductions under the provisions of subsection (a), shall be deducted from each city, town or regional school district's cherry sheets, so-called, as an assessment in accordance with the provisions of section twenty-one of chapter fifty-nine of the General Laws, according to a schedule agreed to between the city or town and the commissioner; provided, however, that at the discretion of the commissioner, deductions authorized from said cherry sheets under the provisions of this subsection may continue for an assisted structure or facility which has been removed from use as a schoolhouse by a city, town or regional school district, pursuant to a plan approved by said city, town or regional school district and the commissioner, which provides for the reuse of the assisted structure or facility as a schoolhouse within two years of the adoption of the plan or prior to the expiration of the term of any bonds or notes issued to finance the project for which the grant was approved, whichever is the earliest.

(c) Any city, town, or regional school district which applies for a grant pursuant to this chapter and which has, prior to such application, sold, leased or otherwise removed from service any schoolhouse operated by said city, town, or regional school district shall be eligible for such grant only if the commissioner determines either that the grant is not for the purpose of replacing a schoolhouse sold, leased, or otherwise removed from service in the past ten years or that the need for the project covered by the grant could not have reasonably been anticipated at the time that such schoolhouse was sold, leased, or otherwise removed from service.

(d) The provisions of this section, at the discretion of the commissioner, shall not apply to sales or leases of such assisted structures or facilities for nonprofit public purposes.

Section 18. (a) Each November first, beginning with November first, nineteen hundred and eighty-eight, the commissioner shall submit a report to the governor, the secretary of administration and finance, the house and senate committees on ways and means and the joint committee on education which analyzes the anticipated needs for school capital projects of kinds that are reimbursable under this act in the fiscal year commencing July first of each year, beginning with July first, nineteen hundred and eighty-nine, and which recommends annual authorization levels for new projects to be approved in each fiscal year.

(b) The commissioner, in conjunction with the board, shall in addition undertake a planning process to identify every school building within the commonwealth that is likely to require construction, enlargement, reconstruction, rehabilitation, or improvement due to such factors as deteriorating school buildings, lack of adequate facilities to meet

ACTS, 1987. - Chap. 746.

educational standards, and anticipated increases in school age populations. The commissioner shall report on the planning process by November first, nineteen hundred and eighty-nine in the report to be submitted under subsection (a).

Section 19. This act shall cease to be operative on June thirtieth, nineteen hundred and ninety-five, except that the payments provided by sections twelve to fifteen inclusive, shall continue thereafter by the state treasurer, subject to appropriation, in accordance with the provisions of those sections, on certification by the commissioner of education.

Section 20. Notwithstanding the provisions of section twelve, any city, town or regional school district which, prior to the effective date of this act has approved by town meeting, council meeting or city council, county commissioners' or regional district school committee vote, funding for a school construction project, shall receive the same grant to which it would have been entitled under the provisions of chapter six hundred and forty-five of the acts of nineteen hundred and forty-eight, in effect immediately prior to the effective date of this act; provided, however, that any city, town or regional school district which approved such funding prior to such effective date, and which is faced with increasing costs, which are not the result of any significant changes in the scope of the authorized building project as determined by the commissioner, may seek additional funding authority subsequent to this enactment, and shall receive the same grant to which it would have been entitled to under the provisions of this act, in effect immediately prior to the effective date of this act.

Section 21. The provisions of this act shall not affect the terms of payment of any grant approved by the board prior to this enactment, except as provided in section seventeen of this act.

**SECTION 3.** Section 2 of chapter 199 of the acts of 1987 is hereby amended by striking out item 7052-0004 and inserting in place thereof the following item:-

Item

7052-0004 For grants and reimbursements to cities, towns, regional school districts, and counties under the provisions of chapter six hundred and forty-five of the acts of nineteen hundred and forty-eight, for first annual payments on school projects approved on or after July first, nineteen hundred and seventy-five; provided that the aggregate amount of first annual estimated payments, including therein the amount of the first annual estimated payments to a city, town, regional school district, and the first annual estimated payment on any notes or bonds issued by the

commonwealth for the purpose of funding projects through the alternative funding mechanism set forth in section fourteen of said chapter, for school projects approved by the board of education under the provisions of said chapter in the fiscal year ending June thirtieth, nineteen hundred and eighty-eight shall not exceed twenty-one million dollars, of which not more than sixty per cent shall be for projects ordered or approved by a court as necessary for desegregation or such projects as may be required in the judgment of said board to reduce or eliminate racial imbalance, prior appropriation continued \$7,500,000

**SECTION 4.** The board of education shall review, in conjunction with a committee comprised of municipal officials, school committee members and legislators, the order of priorities established by section eight B, the standards and procedures established by section eight C, and the methods by which said board can implement more effectively appropriate priorities for grant application. The board on or before April first, nineteen hundred and eighty-eight, shall submit a report summarizing the conclusions of said review and containing recommendations for implementing said conclusions to the governor, the secretary of administration and finance, the house and senate committees on ways and means, and the joint committee on education.

**SECTION 5.** The state treasurer may borrow from time to time on the credit of the commonwealth such sums of money as may be necessary for the purpose of meeting payments authorized under section fourteen of chapter six hundred and forty-five of the acts of nineteen hundred and forty-eight and may issue and renew from time to time notes of the commonwealth therefor, bearing interest payable at such time and at such rates as shall be fixed by the state treasurer. Such notes shall be issued, and may be renewed one or more times for such terms, not exceeding one year, as the governor may recommend to the general court in accordance with Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, but the final maturities of such notes, whether original or renewal, shall not be later than June thirtieth, nineteen hundred and ninety-seven. Notes and interest thereon issued under the authority of this section shall be general obligations of the commonwealth, and shall be payable from the Local Aid Fund.

**SECTION 6.** To meet the expenditures necessary in carrying out the provisions of section fourteen of chapter six hundred and forty-five of the acts of nineteen hundred and forty-eight, the state treasurer shall from time to time, upon the request of the governor, issue and sell bonds of the commonwealth to an amount specified by the governor, but not exceeding, in the aggregate, the sum of seventy-five million dollars. All

bonds so issued by the commonwealth shall be designated on their face, School Building Assistance, Act of 1987, and shall, in accordance with the recommendations that the governor shall submit pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, be issued for maximum terms not exceeding twenty years, and be payable not later than June thirtieth, two thousand and seventeen. All interest and payments on account of principal of such obligations shall be payable from the Local Aid Fund. Bonds issued under the authority of this section and the interest thereon shall be general obligations of the commonwealth.

**SECTION 7.** Said chapter 199 is hereby further amended by striking out section 95 and inserting in place thereof the following section:-

**Section 95.** Notwithstanding the provision of any general or special law to the contrary, the board of education shall submit reports to the house and senate committees on ways and means, the joint committee on education, and the commissioner of administration detailing individual project expenditures in fiscal year nineteen hundred and eighty-eight under the provisions of items 7052-0004, 7052-0005, and 7052-0006 of section two of this act. Said report shall also list by school district the amount of approvals for school building assistance bureau grants as authorized by item 7052-0004 of said section two in fiscal year nineteen hundred and eighty-eight to be paid in nineteen hundred and eighty-nine. Said grant shall not exceed an authorization level of twenty-one million dollars for fiscal year nineteen hundred and eighty-eight to be paid in fiscal year nineteen hundred and eighty-nine.

**SECTION 8.** This act shall take effect upon its passage.

Approved January 14, 1988.

that such appropriations shall expire on June thirtieth, nineteen hundred and eighty-eight provided, that no expenditure shall be made from these funds for the purpose of acquiring real estate \$275,000

**SECTION 2.** This act shall take effect upon its passage.

Approved January 14, 1988.

---

**Chapter 750. AN ACT ESTABLISHING A LIABILITY INSURANCE FUND IN THE TOWN OF YARMOUTH.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of any general or special law to the contrary, the town of Yarmouth may appropriate in each fiscal year an amount not exceeding one-twentieth of one per cent of its equalized valuation as defined in section one of chapter forty-four of the General Laws to establish and maintain a special fund to be known as the Town of Yarmouth's Liability Insurance Fund; provided, however, that no such appropriation may be made in any fiscal year when the aggregate amount in said Fund equals or exceeds one per cent of such equalized valuation. Any interest earned on the amount appropriated to said Fund shall be added to and become part of said Fund.

The treasurer of said town shall be the custodian and administrator of said Fund and may deposit or invest said Fund in such a manner as may be lawful under section fifty-four of said chapter forty-four for the investment of municipal trust funds.

Said treasurer shall pay from the amount in said Fund including the interest thereon such amounts as the board of selectmen for said town determines to be necessary from time to time to settle claims against said town and to cover costs of defending said town against such claims including without limitation the costs of employing legal counsel, court costs and filing fees. Any amount in said Fund which is not paid out by the treasurer in accordance with this act which remains in the Fund at the end of a fiscal year shall be added to the Fund to be paid out by the said treasurer in subsequent years in accordance with this act. No more than ten thousand dollars may be expended for any claim under this act without appropriation.

**SECTION 2.** This act shall take effect upon its passage.

Approved January 14, 1988.

**Chapter 751. AN ACT ESTABLISHING A LIABILITY INSURANCE FUND IN THE TOWN OF WELLESLEY.**

Be it enacted, etc., as follows:

**SECTION 1.** Notwithstanding the provisions of any general or special law to the contrary, the town of Wellesley may appropriate in each fiscal year an amount not exceeding one-twentieth of one per cent of its equalized valuation as defined in section one of chapter forty-four of the General Laws to establish and maintain a special fund to be known as the Town of Wellesley's Liability Insurance Fund; provided, however, that no such appropriation may be made in any fiscal year when the aggregate amount in said Fund equals or exceeds one per cent of such equalized valuation. Any interest earned on the amount appropriated to said Fund shall be added to and become part of said Fund.

The treasurer of said town shall be the custodian and administrator of said Fund and may deposit or invest said Fund in such manner as may be lawful under the provisions of section fifty-four of said chapter forty-four for the investment of municipal trust funds.

Said treasurer shall pay from the amount in said Fund, including the interest thereon, said amounts as the board of selectmen of said town shall determine, upon the favorable recommendation of the town counsel, to be necessary from time to time to settle claims against the said town and to cover the costs of defending said town against such claims including without limitation the costs of employing legal counsel, court costs and filing fees. Not more than ten thousand dollars may be expended for any claim under this act without appropriation. Said treasurer shall, subject to appropriation, pay from the amount in the fund, including the interest thereon, such amounts as the board of selectmen of said town shall determine are necessary to effect insurance to protect said town against some or all of such claims. Any amount in said Fund which is not paid out by said town treasurer in accordance with this act which remains in said Fund at the end of a fiscal year shall be added to said Fund to be paid out by said town treasurer in subsequent years in accordance with this act.

**SECTION 2.** This act shall take effect upon its passage.

Approved January 14, 1988.

**Chapter 752. AN ACT RELATIVE TO THE ACQUISITION OF A LEASEHOLD INTEREST IN CERTAIN PROPERTY IN THE TOWN OF UXBRIDGE FOR A VISITOR CENTER FOR THE BLACKSTONE RIVER AND CANAL HERITAGE STATE PARK.**

Be it enacted, etc., as follows:

**SECTION 1.** The division of capital planning and operations, hereinafter "the Division" in consultation with the department of environmental management, hereinafter "the Department", is hereby authorized, subject to the provisions of sections forty F 1/2 and sections forty H to forty J, inclusive, of chapter seven of the General Laws, to execute and deliver in the name and on behalf of the commonwealth, subject to such terms and conditions as may be determined by said division in consultation with said department, one or more instruments to lease from Depot Street Associates, hereinafter "the lessor", of Titopa Farm, Orange Street, Douglas Massachusetts, a portion of the property owned by the lessor off Mendon Street (state numbered Route 16), Uxbridge Massachusetts known as the Bernat Mills complex. Said property includes a building described as the former Employment and Cafeteria Building containing twelve thousand square feet more or less of floor space and listed in the records of the Board of Assessors of the town of Uxbridge as appearing in Book No. 9321, page 289 and Book No. 9327, page 289 of the Registry of Deeds of the county of Worcester.

The division is authorized to lease said property for an original term of not more than thirty years, and may provide options to extend said lease term for two consecutive terms of ten years each; provided, however, that all additional renewals on leases for any further term of years shall require approval of the general court. Said lease shall be for not more than fair market value, but may be for comparable leases of a similar size and type facility in the local area, as determined by an independent appraisal.

Payment of said lease shall be determined by the division in consultation with the department; provided, however, should said lease be paid in a one lump sum payment and should said lessor lease, sub-lease, sell, assign, transfer, be foreclosed upon, or otherwise dispose of said property, said lease shall remain valid and be a part of any such lease, sub-lease, sale, assignment, transfer, foreclosure, or other disposition for the remainder of the original lease term and any extension terms thereof.

Should said division take the leasehold interest authorized by this act or the property described in this section by eminent domain at any time during the term of the original lease or during the term of any extensions or renewals thereof then any and all monies paid by said division or the department and required by said lease or leases during said terms to said lessor or any other lessor or entity shall be credited to the final date of such taking and shall be applied and subtracted from any monies due from said division or said department to said lessor or any other lessors or entities holding title to said property for such acquisition of said leasehold interest or property by said division.

The deputy commissioner of said division shall file with the clerk of the House of Representatives who shall forward to the joint committee on state administration, and with the inspector general of the commonwealth a copy of the lease authorized by this act at least twenty

business days prior to the execution thereof by said division. The inspector general shall review and file comments and any recommendations thereto to the joint committee on state administration within fifteen business days of the receipt of such lease by the inspector general, and said inspector general shall deliver a copy of such comment and recommendations to the division. Said lease, when executed by the deputy commissioner, shall be deemed conclusively authorized hereby; provided, however, that all provisions therein are consistent with the provisions of this act. The deputy commissioner from time to time is hereby authorized to execute and deliver, in the name and on behalf of the commonwealth, a notice of such lease for recording and any and all other agreements and instruments related to the lease authorized hereby which the division may determine appropriate from time to time. Any such notice or lease, lease instrument, or instruments, when executed by the deputy commissioner shall be deemed conclusively authorized hereby; provided, however, that all provisions therein are consistent with this act.

**SECTION 2.** The department, in consultation and with the written approval of the deputy commissioner of the division shall exercise exclusive control of the building. Control of the adjacent grounds by the department shall be exclusive to the extent that any development by the lessor shall be prohibited; provided, however, that there shall be no interference with the rights of the other tenants of the lessor, their customers and suppliers to pass and repass over existing access way. It shall be further provided and a part of any lease authorized by section one of this act that the lessor take care to protect and prevent the leasing or use of the adjacent property in the mill complex to any entity or for any purpose which is incompatible with the use of that portion leased by the commonwealth; and especially where common access by all tenants may exist.

**SECTION 3.** The department shall have the right to renovate, improve, replace, or reconstruct any part, or the whole, of the demised building subject to the approval of the lessor, said approval shall not be unreasonably withheld. The lessor shall, at its own expense, remove an existing boiler facility adjacent to the building to be demised.

**SECTION 4.** The department shall be responsible for the landscaping and maintenance thereof of all demised adjoining grounds, and shall be responsible for maintaining in a safe and passable condition, all existing common access ways and walkways during snow conditions which are directly related to the building to be demised.

**SECTION 5.** The department shall be responsible for all utilities used by the demised building, provided however that if any utility serves an area greater than the demised building, the department shall only be responsible for a pro rata amount based on the ratio of the area of the demised building to the total area served by the utility. The lessor

agrees to maintain property and liability insurance in an amount and of a type, approved in writing by the deputy commissioner of the division, sufficient to protect the commonwealth and its leasehold interest from any action arising from a claim against any other tenant thereof and from any action arising from a claim against the total property known as the Bernat Mill Complex.

**SECTION 6.** The department shall have the right to remove a portion of the existing facade wall along the boundary of the lessor's property to provide additional public access to the demised premises.

**SECTION 7.** Prior to entering into negotiations for the lease the lessor and the department shall have petitioned and received authorization from the board of selectmen of the town of Uxbridge granting the department eminent domain authority as set forth in chapter seventy-nine of the General Laws, restricted to the leasehold interest as described in this act. Should the lessor and the department be unable to mutually agree on the lease payment sum to be paid, the department may exercise the eminent domain authority as provided in this section, and pay over to the lessor the amount as determined in section one of this act, and the lessor may pursue all of its rights as provided by chapter seventy-nine A.

The division is hereby authorized, if at any time it deems it to be necessary and in the best interest of the Commonwealth, to acquire all rights, title, and interest by eminent domain, or to acquire by purchase or otherwise, that portion of the parcel described in section one of this act and which shall be leased and used as the visitor center for the Blackstone River and Canal Heritage State Park.

**SECTION 8.** At least one hundred and twenty days prior to the execution of the lease, authorized by this act, the deputy commissioner of capital planning and operations shall notify in writing, the chairman of the board of selectmen of the town of Uxbridge, the county commissioners, the regional planning agency, and the members of the general court. Such one hundred and twenty day notification requirement may be shortened if: (1) the public officials referred to above agree to reduce the one hundred and twenty day period upon the request of the deputy commissioner; or (2) the deputy commissioner certifies in writing that an emergency exists, provided that deputy commissioner shall submit his certification to and notify the appropriate local officials of any such transaction at the first possible opportunity. The notice shall include a statement of the present use, the reason for the proposed action, and the proposed use of the property.

The deputy commissioner shall at least sixty days prior to the execution of said lease, cause a public hearing to be held, after giving timely notice, in the town of Uxbridge for the purpose of disclosing the conditions or reasons for the proposed action.

**SECTION 9.** No agreement to lease, executed in accordance with the

provisions of this act, and no renewal or extension of such agreement, shall be valid and no payment shall be made to the lessor of such property unless a statement, signed, under the penalties of perjury, has been filed by the lessor, and in the case of a corporation by a duly authorized officer thereof giving the true names and addresses of all persons who have or will have a direct or indirect beneficial interest in said property with the deputy commissioner of capital planning and operation. The provisions of this section shall not apply to any stockholder of a corporation the stock of which is listed for sale to the general public with the securities and exchange commission, if such stockholder holds less than ten per cent of the outstanding stock entitled to vote at the annual meeting of such corporation.

A disclosure statement shall also be made in writing, under penalty of perjury, during the term of the lease agreement in case of any change of interest in such property, as provided for above, within thirty days of such change.

Any official elected to public office in the commonwealth, or any employee of the division of capital planning and operations disclosing beneficial interest in real property pursuant to this section, shall identify his position as part of the disclosure statement. The deputy commissioner shall notify the state ethics commission of such names, and shall make copies of any and all disclosure statements received available to the state ethics commission upon request.

The deputy commissioner shall keep a copy of each disclosure statement received available for public inspection during regular business hours.

**SECTION 10.** The department shall provide, without fee, office space within the demises property for use of the blackstone river and canal commission established under the provisions of chapter five hundred and sixty-eight of the acts of nineteen hundred and eighty-one. Said commission shall be accorded priority use of meeting facilities in the visitor center building.

**SECTION 11.** The department may, subject to the approval of the deputy commissioner of the division and of the commission, lease space within the demised premises to the Blackstone River Valley National Heritage Corridor Commission established under the authority of Public Law 99-647 or to such other governmental or nonprofit agencies as may be appropriate.

**SECTION 12.** This act shall take effect upon its passage.

Approved January 14, 1988.

**Chapter 753. AN ACT RELATIVE TO MUNICIPAL DRINKING WATER TREATMENT PLANTS.**

---

**ACTS, 1987. – Chaps. 754, 755.**

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately allow certain municipalities, commissions and districts to apply for grants relative to drinking water plants, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

Any city, town, water district or water and sewer commission owning a drinking water treatment facility which was under construction as of January first, nineteen hundred and eighty-seven, and which has not received state financial assistance for said project, shall be eligible for reimbursement of fifty per cent of the eligible construction cost of the facility under the provisions of chapter four hundred and six of the acts of nineteen hundred and seventy-eight and chapter two hundred and eighty-six of the acts of nineteen hundred and eighty-two and chapter seven hundred and eighty-six of the acts of nineteen hundred and eighty-five.

Upon receipt by any city, town, district or commission of funds from a judgment or settlement of litigation for damages to a public water supply including the construction of a drinking water treatment plant as an element of said damages, such city, town, district or commission shall, after paying all costs and expenses incurred in obtaining such judgment or settlement, reimburse the commonwealth from the funds so received up to the amount of the financial assistance received under the provisions of this act.

**Chapter 756. AN ACT PROVIDING OPTIONAL FORMS OF MUNICIPAL ADMINISTRATION.**

Be it enacted, etc., as follows:

The General Laws are hereby amended by inserting after chapter 43B the following chapter:–

**CHAPTER 43C.**

**OPTIONAL FORMS OF MUNICIPAL ADMINISTRATION ACT.**

Section 1. This act shall be known and may be cited as the Optional Forms of Municipal Administration Act.

Section 2. As used in this chapter, the words "board of registrars of voters", "city council" and "board of selectmen" shall include any local authority of different designation performing like duties. The word "agency" shall include any multiple member body, department, division or office of a city or town.

Section 3. Every city having a population of less than one hundred and fifty thousand and every town may, in the manner provided in this chapter, adopt any of the optional forms of municipal administration which are provided in this chapter and may, in the manner provided in

section nine provide for the revocation or rescission of any such acceptance. The adoption of any plan under the provisions of this chapter shall be deemed to be an amendment to any contrary provisions of a local charter or laws having the force of a charter.

Section 4. The adoption of an optional plan of municipal administration under this chapter shall be initiated by filing with the board of registrars of voters of the city or town, a petition signed by at least ten per cent of the number of registered voters residing in such city or town at the preceding state election. Such petition may consist of a number of separate sheets, but each sheet shall be in substantially the form prescribed therefor in section five and shall be signed and completed in accordance with the instructions contained therein. The city or town clerk shall furnish forms for such petition to any registered voter of the city or town requesting the same. Within thirty days from such filing, the board shall check each name to be certified by it on the petition, shall certify thereon the number of signatures so checked which are names of registered voters in the city or town, and shall report the results to the city council in the city or town, or board of selectmen, as the case may be, by filing its report with the city or town clerk. Only names so checked shall be deemed to be the names of registered voters for purposes of such petition. The board need not certify more than one hundred and forty per cent of the number of names required to file a petition, and names not certified in the first instance shall not thereafter be certified on the same petition.

Objections to the sufficiency and validity of the signatures on any such petition as certified by the board of registrars of voters shall be made in the same manner as provided by law for objections to nominations for city or town offices, as the case may be.

Section 5. The petition shall be in substantially the following form:

To the (city council) (board of selectmen) of (name of city/town)

We the undersigned, registered voters of the (city/town of ) respectfully petition your honorable body to cause to be submitted to a vote of the voters the following question:– “Shall the (city/town of ) adopt the optional form of municipal administration defined as (insert summary from applicable section for which petition is presented) according to the provisions of chapter forty–three C of the General Laws providing for optional plans of municipal administration?”

Section 6. Within thirty days of receipt of certification by the board of registrars of voters that a petition contains sufficient valid signatures the city council or board of selectmen shall by order provide for submission of the question as specified in the petition to the voters of the city or town at the first regular city election, or at the first annual or biennial town meeting for the election of town officers, held on or after the sixtieth day following the adoption of the order. Said order shall not require the concurrence of the mayor in a city and shall not be subject to referendum. If an order of the city council or board of selectmen under this section has not been adopted within the thirty days specified above, the question contained in the petition shall be submitted to the voters at the first regular city election, or the first annual or

biennial town meeting for the election of town officers, held on or after the ninetieth day after receipt by the city council or board of selectmen of certification provided for in the first sentence of this section.

Section 7. The city council or board of selectmen may submit to the voters of the city or town a proposal for the acceptance of any of the optional plans of municipal administration which are provided in this chapter in the same manner and with the same force and effect as is hereby provided for submission by petition.

Section 8. If two or more optional plans of municipal administration are passed at the same election containing conflicting provisions the one receiving the greatest number of votes shall take effect.

Section 9. At any time after four years following the date of an election at which any of the plans provided in this chapter has been adopted by the voters, a question to revoke or to rescind such acceptance may be submitted to the voters in the same manner as provided in sections four to seven, inclusive. Such question shall be in the following form: "Shall the city/town of (     ) revoke its adoption of the optional form of municipal administration?"

Notwithstanding the provisions of the first paragraph of this section, any city or town which has adopted any of the optional plans of municipal administration which are provided for in this chapter may make some other provision for municipal administration under procedures made available in chapter forty-three B, at any time, and so far as such provisions may be inconsistent with the provisions of any optional plan in this chapter, the provisions of the charter or charter amendment adopted pursuant to the provisions of said chapter forty-three B shall be deemed to prevail and to supercede the provisions of this chapter.

Section 10. Any person holding any office or position in the service of a city or town which accepts one of the optional forms of administration provided in this chapter and who is employed in an office or agency which is merged with another or abolished or otherwise constituted shall be transferred to the department or agency thereby created without reduction in compensation, or impairment of any civil service, retirement, pension, seniority, vacation, sick leave or other rights or benefits to which then entitled. Any reduction in force which is to result from the new form of administration shall be accomplished through attrition, or other reassignment and not by dismissal.

All books, papers, documents, equipment, building facilities, land and other property both real and personal which are in the custody and control of any agency affected by an consolidation under the provisions of this chapter shall forthwith upon the establishment of any new agency be transferred by the former agency to such new agency.

All monies which have been appropriated to any department or agency which is included in any consolidation under the provisions of this chapter shall, upon the establishment of the new agency, be credited to the account of such new agency. All contracts in force at the time any new agency is created in which any department or agency whose powers

or functions are being assumed by the new agency is a party shall be continued in force by such new agency until they otherwise expire or are cancelled. Any judicial proceeding in which any agency affected by any consolidation under this chapter is a party shall not be affected by the consolidation but any such successor agency shall stand in the place of the former agency.

Section 11. (a) The following shall be the summary inserted in the petition described in section five:

"Section eleven of chapter forty-three C of the General Laws authorizes the legislative body to provide, by ordinance or by law, for a consolidated department of municipal finance which may include the offices of accountant, auditor or comptroller, treasurer, collector and assessors."

Notwithstanding any provision of law to the contrary, in any city or town which accepts the provisions of this section by vote of the people, the legislative body, subject to all applicable provisions of the city or town charter, shall have the authority to adopt an ordinance or by-law providing for a consolidated department of municipal finance.

Any ordinance or by-law adopted pursuant to the provisions of this section shall provide for (i) a director of municipal finance who shall be appointed by and shall be responsible to the chief executive officer or to the chief administrative officer of the city or town as the ordinance or by-law shall specify, (ii) the director of municipal finance to serve, ex officio, as the accountant, auditor or comptroller of the city or town and (iii), the term of the office of the director of municipal finance which shall not be less than three nor more than five years, subject to removal as may be otherwise provided in the charter of such city or town.

Any ordinance or by-law adopted pursuant to the provisions of this section may include, but need not be limited to, the following: (i) coordination of all financial services and activities, (ii) maintenance of all accounting records and other financial statements, (iii) payment of all obligations, (iv) receipt of all funds due, (v) assistance to all other city or town departments and offices in any matter related to financial affairs, (vi) monitoring of the expenditure of all funds, including periodic reporting to appropriate agencies on the status of accounts, (vii) supervision of all purchases of goods, materials and supplies and maintenance of inventory controls, (viii) supervision of all data processing facilities and (ix). any other matter relating to municipal finance as may be determined necessary or desirable in such ordinance or by-law.

Any ordinance or by-law adopted pursuant to the provisions of this section shall provide for the appointment of all other personnel necessary to staff the department as constituted in the ordinance or by-law. Unless some other provision is made in the city or town charter for the appointment of officers and employees the director of municipal finance shall appoint all personnel under his direction and control subject to the approval of the appointing authority as provided for his office.

Section 12. (a) The following shall be the summary inserted in the petition described in section five:

"Section twelve of chapter forty-three C of the General Laws authorizes the legislative body to provide, by ordinance or by-law, for a consolidated department of community development which may include the redevelopment authority, the planning board, the industrial development commission, industrial development financing authority or any other municipal office or agency exercising or authorized to exercise any community or economic development activities."

(b) Notwithstanding any other provision of law to the contrary in any city or town which accepts the provisions of this section, the legislative body, subject to all applicable provisions of the city or town charter, shall have the authority to adopt an ordinance or by-law providing for a consolidated department of community development.

(c) Any ordinance or by-law adopted pursuant to this section shall provide for (i) a director of community development who shall be appointed by and shall be responsible to the chief executive or chief administrative officer of the city or town as the ordinance or by-law shall specify, (ii) the term of office of the director of community development which shall not be less than three nor more than five years, subject to removal as may be otherwise provided in the charter of said city or town, (iii) a community development board which shall consist of five members, one of whom shall be appointed by the secretary of the executive office of communities and development for a term of five years, and four members who shall be appointed by the chief executive or chief administrative officer of the city or town as the ordinance or by-law shall specify, for terms of five years each, all such terms to be so arranged so that only one term expires each year.

(d) Any ordinance or by-law adopted pursuant to this section may include, but need not be limited to, providing for the inclusion through the abolishment of any of the agencies hereinafter enumerated, in whole or in part, or by placing any such agency as may be continued under the administrative control of the director of community development. Such agencies may include the redevelopment authority, the industrial development financing authority, the industrial development commission, the planning board and any other local agency which exercises or is authorized to exercise any community or economic development activity, but shall not include the housing authority.

Insofar as any power or function which is assigned to the department of community development through the abolishment of any agency under the provisions of chapter forty D, forty-one, forty-one A, one hundred and twenty-one A, one hundred and twenty-one B, or any other law relating to community or economic development, to be exercised specifically or exclusively by a multiple member body, such power or function shall be assigned to the community development board.

(e) Any ordinance or by-law adopted pursuant to this section shall provide for the appointment of all other personnel necessary to staff the department as constituted in the ordinance or by-law. Unless some other provision is made in the city or town charter for the appointment of officers and employees, the director of community development shall appoint all personnel under his direction and control subject to the

approval of the appointing authority as provided for his office.

Section 13. (a) The following shall be the summary to be inserted in the petition described in section five:

"Section thirteen of chapter forty-three C of the General Laws authorizes the legislative body to provide, by ordinance or by-law, for a consolidated department of municipal inspections which may include the inspections currently being made by the building inspector, wire inspector, plumbing inspector, gas fitting inspector, health agent and others as the ordinance or by-law may specify."

(b) Notwithstanding any provision of law to the contrary, in any city or town which accepts the provisions of this section by vote of the people, the legislative body, subject to all applicable provisions of the city or town charter, shall have the authority to adopt an ordinance or by-law providing for a consolidated department of municipal inspections.

(c) Any ordinance or by-law adopted pursuant to this section shall provide for (i) a director of municipal inspections who shall be appointed by and shall be responsible to the chief executive officer or the chief administrative officer of the city or town as the ordinance or by-law shall specify, (ii) the term of office of the director of municipal inspections which shall be not less than three nor more than five years, subject to removal as may be otherwise provided in the charter of the city or town.

(d) Any ordinance or by-law adopted pursuant to this section may include, but need not be limited to, the following: (i) coordination of all inspection functions carried out by any municipal officer or agent, (ii) maintenance of all records relating to inspections in a central place through a common index, (iii) a single application process which would indicate all inspections which might be necessary, including, but need not be limited to, any inspections under the zoning and other local ordinance or by-law, building code, wire code, plumbing and gas code, state sanitary code, board of health rules and regulations, fire code, conservation commission, historic districts commission and any other local inspections as may be otherwise authorized. Any ordinance or by-law adopted pursuant to this section may provide that any agency performing an inspection function shall be continued but that for administrative purposes all personnel performing inspection functions for the existing agency shall, when performing such inspection services, be subject to the administrative control and direction of the director of municipal inspections, but not otherwise.

(e) Any ordinance or by-law adopted pursuant to this section shall provide for the appointment of all other personnel necessary to staff the department as constituted in the ordinance or by-law. Unless some other provision is made in the city or town charter for the appointment of officers and employees the director of municipal inspections shall appoint all personnel under his direction and control subject to the approval of the appointing authority as provided for his office.

**Chapter 757. AN ACT RELATIVE TO THE LICENSING OF FOOD PROCESSORS AND DISTRIBUTORS.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 94 of the General Laws is hereby amended by striking out section 305C, as appearing in the 1986 Official Edition, and inserting in place thereof the following section:–

Section 305C. The department shall issue and may renew on an annual basis a license to every person engaged in the business of processing or distributing food for sale at wholesale, including every person who prepares, manufactures, packs, repacks, cans, bottles, keeps, exposes, stores, handles or distributes food or who operates a food warehouse. Said license requirement shall not apply to any person who is a purveyor of fresh fruits and vegetables, a farmer who produces and sells raw farm products, including eggs, persons licensed under section ten B, forty, forty-eight A, sixty-five H, sixty-six or one hundred and twenty or licensed under chapter one hundred and thirty-eight, persons holding a permit under chapter one hundred and thirty, nor to any person who operates an establishment under the inspection of the meat inspection division of the bureau of animal industry of the United States department of agriculture.

Said license shall apply to one place of business only. Prior to issuing a license, the department shall inspect each place of business for which application is made. The department shall send a copy of each such license to the board of health of the city or town in which each licensee is located.

The fee for each license and for each annual renewal thereof shall be determined annually by the commissioner of administration under the provisions of section three B of chapter seven.

No person shall carry on the business of a food processor or food distributor unless such person holds a valid license from the department. Any person who violates the provisions of this section shall be punished by a fine of not more than one thousand dollars. The superior court shall have jurisdiction to enjoin any violation of this paragraph or to take such other action as equity and justice may require.

Subject to the requirements of chapter thirty A, the department may refuse to issue or renew, suspend or revoke such license if (1) any statement in the license application or upon which the license was issued is determined to be false or misleading; (2) the applicant or licensee has been convicted of a crime relating to the processing, storage, distribution or sale of food in connection with the licensed business; (3) the applicant or licensee has failed to comply with any applicable provision of this chapter or any applicable rule or regulations; or (4), the applicant or licensee refuses to admit representatives of the department at any reasonable time for purposes of inspection. The commissioner may, without a prior hearing, suspend a license if he finds that such licensee is operating his business in a manner which is endangering or may cause imminent danger to the public health. In every case of

---

**ACTS, 1987. – Chap. 758.**

suspension of a license without a prior hearing, the licensee shall be promptly afforded an opportunity for such hearing.

The department may make such rules and regulations as may be necessary for the enforcement of this section. Such rules and regulations may provide administrative penalties for the violation of any rule or regulation promulgated hereunder not to exceed five hundred dollars for any single violation.

**SECTION 2.** Said chapter 94 is hereby further amended by inserting after section 305D the following section:-

Section 305E. No person shall transport or cause to be transported into the commonwealth any bakery product for the purpose of sale without having obtained a permit from the department of public health. Such permit shall apply to one place of business only. Each permit granted under this section shall expire one year from the date of its issue. The fee for each such permit and for each annual renewal thereof shall be determined annually by the commissioner of administration under the provisions of section three B of chapter seven.

Whoever violates the provisions of this section shall be punished by a fine of not less than twenty-five nor more than two hundred dollars. This section shall not apply to common carriers, their agents or servants.

Approved January 14, 1988.

**Chapter 758. AN ACT FURTHER REGULATING LOCAL PROPERTY TAX EXEMPTIONS.**

Be it enacted, etc., as follows:

**SECTION 1.** Section 5 of chapter 59 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

The following property shall be exempt from taxation and the date of determination as to age, ownership or other qualifying factors required by any clause shall be July first of each year unless another meaning is clearly apparent from the context; provided, however, that any person who receives an exemption under the provisions of clause Seventeenth, Seventeenth C, Seventeenth D, Twenty-second, Twenty-second A, Twenty-second B, Twenty-second C, Twenty-second D, Twenty-second E, Thirty-seventh, Thirty-seventh A, Forty-first, Forty-first B, Forty-first C, Forty-second or Forty-third shall not receive an exemption on the same property under any other provision of this section, except clause Eighteenth or Forty-fifth.

**SECTION 2.** Said section 5 of said chapter 59, as so appearing, is hereby further amended by striking out clauses Twenty-fourth and Twenty-fifth and inserting in place thereof the following clause:-

Twenty-fourth, All intangible personal property.

**SECTION 3.** Said section 5 of said chapter 59, as so appearing, is hereby further amended by striking out clauses Twenty-seventh to Thirty-fourth, inclusive.

**SECTION 4.** The third paragraph of clause Forty-first A of said section 5 of said chapter 59, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:– Any such person may, on or before December fifteenth of each year to which the tax relates or within three months after the date on which the bill or notice is first sent, whichever is later, apply to the board of assessors for an exemption of all or part of such real property from taxation during such year; provided, however, that in the case of real estate owned by a person jointly or as a tenant in common with a person not his spouse, the exemption shall not exceed that proportion of total valuation which the amount of his interest in such property bears to the whole tax due.

**SECTION 5.** Section 59 of said chapter 59, as so appearing, is hereby amended by striking out the third paragraph and inserting in place thereof the following paragraph:–

An application for exemption under clause Seventeenth, Seventeenth C, Seventeenth D, Eighteenth, Twenty-second, Twenty-second A, Twenty-second B, Twenty-second C, Twenty-second D, Twenty-second E, Thirty-seventh, Thirty-seventh A, Forty-first, Forty-first B, Forty-first C, Forty-second and Forty-third of section five may be made on or before December fifteenth of the year to which the tax relates, or if the bill or notice is first sent after September fifteenth of such year, within three months after the bill or notice is so sent.

**SECTION 6.** Section 3A of chapter 60 of the General Laws, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:– Every bill or notice shall be in a form approved by the commissioner and shall state that (i) applications for exemption under clauses Seventeenth, Seventeenth C, Seventeenth D, Eighteenth, Twenty-second, Twenty-second A, Twenty-second B, Twenty-second C, Twenty-second D, Twenty-second E, Thirty-seventh, Thirty-seventh A, Forty-first, Forty-first A, Forty-first B, Forty-first C, Forty-second and Forty-third of section five of chapter fifty-nine, on forms so approved, shall be filed with the assessors, in case of original assessments, on or before December fifteenth of the year to which the tax relates or within three months after the date on which the bill or notice is sent, whichever is later; (ii) applications for exemption under all other clauses of said section five and applications for abatement under section fifty-nine of said chapter fifty-nine, on forms so approved, shall be filed with the assessors, in case of original assessments, on or before October first of the year to which the tax relates or within thirty days after the date on which the

**Chapter 759. AN ACT FURTHER REGULATING SMOKING IN CERTAIN PUBLIC AND PRIVATE BUILDINGS.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 15A of the General Laws is hereby amended by inserting after section 16 the following section:-

Section 16A. Each public institution of higher education which provides housing for students in dormitories shall establish rules and regulations providing that a certain number of dormitory rooms shall be reserved for nonsmokers. Each such public institution shall provide a space on the application for admission or student housing for the applicant to indicate whether he would prefer to reside in a room where smoking was prohibited or whether he would prefer to reside in a room where smoking was allowed.

**SECTION 2.** Chapter 111 of the General Laws is hereby amended by inserting after section 72W the following section:-

Section 72X. All public and private nursing homes shall designate no smoking sections in certain common areas, including lobbies, cafeterias, conference rooms and employee lounges. Smoking by any employee of such nursing homes is hereby prohibited in all patient care areas.

**SECTION 3.** Chapter 270 of the General Laws is hereby amended by striking out section 21, as appearing in the 1986 Official Edition, and inserting in place thereof the following two sections:-

Section 21. As used in this section and section twenty-two the following words shall, unless the context clearly requires otherwise, have the following meanings:

"Smoking", the lighting of any cigar, cigarette, pipe or other tobacco product or having the possession of any lighted cigar, cigarette, pipe or other tobacco product.

"Public building", any enclosed, indoor area that is located in a building owned or occupied by any department or agency of the commonwealth, or any political subdivision thereof.

Section 22. No person shall smoke in any public elevator, supermarket or retail food outlet, in or upon any public mass transit conveyances or indoor platform or enclosed outdoor platform, at any open meeting of a

governmental body as defined in section eleven A of chapter thirty A, section twenty-three A of chapter thirty-nine and section nine F of chapter thirty-four or in any courtroom. The owner, manager or other person in charge of such a facility, building or vehicle or place as herein described in this paragraph shall post conspicuously a notice at each entrance indicating that smoking is prohibited therein.

No person shall smoke in any courthouse, school, college, university, museum, library, train, airplane, waiting area of an airport, waiting area of a health care facility as defined in section nine C of chapter one hundred and twelve, group child care center, school-aged day care center, or family day care center or on any premises where activities are licensed under section thirty-eight of chapter ten, except beano, or in any public building, except in an area which has specifically been designated as a smoking area. An area shall be designated as a smoking area only if nonsmoking areas of sufficient size and capacity are available to accommodate nonsmokers.

No person shall smoke in any restaurant with a seating capacity of seventy-five or more persons, except in an area which has been specifically designated as a smoking area. In such case, smoking may be permitted in an area or areas that have been specifically designated by notice or sign, only if nonsmoking areas of sufficient size and capacity are available to accommodate nonsmokers. Smoking and nonsmoking areas in any restaurant need not be separated by walls, partitions or other physical barriers; provided, however, that nonsmoking areas in any part of a restaurant, as provided herein, shall be no less than two hundred square feet of floor space.

The owner, manager or other person in charge of a facility, building, vehicle or place described in the second and third paragraphs shall post conspicuously such notices or signs at each entrance indicating that smoking is prohibited therein except in specifically designated areas, and shall post conspicuously such notice or signs indicating which is the no smoking area and which is the smoking area.

Any person aggrieved by the willful failure or refusal to comply with any of the provisions of this section may complain in writing to the local health officer in the case of a restaurant, supermarket or retail food outlet, or to the local building inspector in the case of all other facilities described in this section. Said authority shall respond in writing within fifteen days to the complainant that he has inspected the area described in the complaint and has enforced the provisions of this section. Said authority shall file a copy of the original complaint and his response thereto with the department of public health.

Any person aggrieved by the willful failure or refusal to comply with any provisions of this section in any public building may complain in writing to the head of such department or agency occupying the area wherein such violation occurs. Such agency or department head shall respond, in writing, within fifteen days to the complainant that he has inspected the area described in the complaint and has enforced the provisions of this section. Said agency or department head shall file a copy of the original complaint and his response thereto with the

department of public health.

Nothing in this section shall prohibit smoking in a completely enclosed private office used by an individual within a facility, public building, vehicle or place described in the first, second and third paragraphs.

**SECTION 4.** The department of public health shall promulgate such rules and regulations as may be necessary to implement the provisions of this act. Said rules and regulations shall include the provision that copies of any complaints under section twenty-two of chapter two hundred and seventy of the General Laws shall be filed with said department.

**SECTION 5.** Nothing in this act shall be construed to permit smoking in any area in which smoking is or may hereafter be prohibited by law including, without limiting the generality of the foregoing, any other provision of the law or ordinance or by-law or any fire, health or safety regulation.

Approved January 14, 1988.

**Chapter 760. AN ACT RELATIVE TO REAL ESTATE TIME-SHARES.**

Be it enacted, etc., as follows:

**SECTION 1.** The General Laws are hereby amended by inserting after chapter 183A the following chapter:-

CHAPTER 183B.

REAL ESTATE TIME-SHARES.

Section 1. This chapter may be cited as the Real Estate Time-Share Act.

Section 2. As used in this chapter, the following words shall, unless the context otherwise requires, have the following meanings:-

"Affiliate of a developer", any person who controls, is controlled by, or is under common control with a developer. A person controls a developer if the person is (i) a general partner, officer, director, or employer of the developer, (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty per cent of the voting interest in the developer, (iii) controls in any manner the election of a majority of the directors of the developer, or (iv) has contributed more than twenty per cent of the capital of the developer. A person is controlled by a developer if the developer is (i) a general partner, officer, director, or employer of the person, (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds

with power to vote, or holds proxies representing more than twenty per cent of the voting interest in the person, (iii) controls in any manner the election of a majority of the directors of the person, or (iv) has contributed more than twenty per cent of the capital of the person. Control does not exist if the powers described in this paragraph are held solely as security for an obligation and are not exercised.

"Association", the association organized under the provisions of subsection (a) of section nineteen.

"Business day", any calendar day except Saturday or Sunday, or day on which a federal, state or county holiday is celebrated.

"Conversion building", a building that at any time before the disposition of any time-share was occupied wholly or partially by persons other than purchasers and persons who occupied with the consent of purchasers.

"Developer", any person who (i) offers to dispose of or disposes of his interest in a time-share not previously disposed of, or (ii) succeeds under section twenty-two to any special developer right.

"Dispose" or "disposition", a voluntary transfer of any legal or equitable interest in a time-share, but does not include the transfer or release of a security interest.

"Enrolled", paid membership in an exchange program or membership in an exchange program evidenced by written acceptance or confirmation of membership.

"Exchange company", any person owning or operating an exchange program.

"Exchange program", any program which allows for the assignment or exchange of time-share occupancy rights between or among time-share owners in the same or other time-share properties.

"Manager", any person, other than all time-share owners or the association, designated in or employed pursuant to the time-share instrument or project instrument to manage the time-share units.

"Managing entity", the manager or, if there is no manager, the association.

"Multi-location plan", a time-share plan encompassing more than one time-share property pursuant to which time-share owners may, by reservation or other similar procedure, occupy time-share units in more than one time-share property.

"Multi-location developer", a developer creating or selling its own time-shares in a multi-location plan.

"Offering", any advertisement, inducement, solicitation, or attempt to encourage any person to acquire a time-share, other than as security for an obligation. An advertisement in a newspaper or other periodical of general circulation, or in any broadcast medium to the general public, of a time-share in a unit not located in the commonwealth, is not an offering if the advertisement states that an offering may be made only in compliance with the law of the jurisdiction in which the unit or units are located. An offering to the "general public" shall mean any offering to twenty-five or more people.

"Person", a natural person, corporation, government, governmental

subdivision or agency, business trust, estate, trust, partnership, association, joint venture, or other legal or commercial entity. In the case of a nominee trust, however, "person" means the beneficiary of the trust as well as the trust and the trustee.

"Project", real property, subject to a project instrument, containing more than one unit. A project may include units that are not time-share units.

"Project instrument", one or more recordable documents, by whatever name denominated, applying to the whole of a project and containing restrictions or covenants regulating the use, occupancy, or disposition of units in a project, including any amendments to the document, but excluding any law, ordinance, by-law, or governmental regulation.

"Purchaser", any person, other than a developer, who by means of a voluntary transfer acquires a legal or equitable interest in a time-share other than as security for an obligation.

"Sales contract", the written contract which provides for the sale by the developer and the purchase by the purchaser of one or more time-shares in a time-share property.

"Time-share", a time-share estate or a time-share license.

"Time-share estate", a right to the occupancy of a unit or any of several units during five or more separated time periods over a period of at least five years, including extension or renewal options, coupled with a freehold estate or an estate for years in a time-share property or a specified portion thereof.

"Time-share expenses", expenditures, fees, charges, or liabilities (i) incurred with respect to the time-shares or by or on behalf of all time-share owners in one time-share property, and (ii) imposed on the time-share units by the entity governing a project of which the time-share property is a part, together with any allocations to reserves, but excluding purchase money payable for time-shares. Time-share expenses shall include real estate taxes and other governmental assessments and charges with respect to the time-share property in which the time-shares are located.

"Time-share instrument", one or more documents, by whatever name denominated, creating or regulating time-shares.

"Time-share liability", the liability for time-share expenses allocated to each time-share pursuant to paragraph (4) of subsection (a) of section twelve.

"Time-share license", a right to the occupancy of a unit or any of several units during five or more separated time periods not coupled with a freehold estate or an estate for years.

"Time-share owner", a person who is an owner or co-owner of a time-share other than as security for an obligation.

"Time-share plan", the rights, obligations and program created by the time-share instrument for a time-share property or, in the case of a multi-location plan, for time-share properties.

"Time-share property", one or more time-share units subject to the same time-share instrument, together with any other real estate or rights therein appurtenant to those units.

"Time-share unit", a unit in which time-shares exist.

"Unit", real property, or a portion thereof, designated for separate use.

Section 3. (a) Except as otherwise provided in this chapter and notwithstanding any contrary rule of common law, a grant of an estate in a unit conferring the right of possession during a potentially infinite number of separated time periods creates an estate in fee simple having the character and incidents of such an estate at common law, and a grant of an estate in a unit conferring the right of possession during five or more separated time periods over a finite number of years equal to five or more, including extension or renewal options, creates an estate for years having the character and incidents of such an estate at common law.

(b) Each time-share estate constitutes for all purposes a separate estate in real property; provided, however, that a time-share property shall be considered one parcel of real estate for the assessment and collection of real estate taxes, betterment assessments or portions thereof, annual sewer use charges, water rates and charges, and all other assessments or portions thereof, rates and charges of every nature, due to a city, town or district with respect to the time-share property. Notices of assessments and bills for taxes shall be furnished to and paid by the managing entity, if any, as agent for the time-share owners, or if there is no managing entity, to each time-share owner. The managing entity shall give notice of such assessment to the time-share owners.

(c) A document transferring or encumbering a time-share estate may not be rejected for recording because of the nature or duration of such estate.

Section 4. Except as otherwise expressly provided in this chapter, provisions of this chapter shall not be varied by agreement, and rights conferred by this chapter shall not be waived. A developer shall not act under a power of attorney, or use any other device, to evade the limitations or prohibitions of this chapter or of the time-share instrument.

Section 5. (a) The court, upon finding as a matter of law that a time-share contract or contract clause was unconscionable at the time the contract was made, may refuse to enforce such contract, may enforce the remainder of the contract without the unconscionable clause, or may limit the application of any such unconscionable clause in order to avoid an unconscionable result.

(b) Whenever it is claimed, or appears to said court, that such contract or contract clause is unconscionable, the court shall afford the parties a reasonable opportunity to present evidence as to:

(1) the commercial setting of the negotiations;

(2) whether a party has knowingly taken advantage of the inability of the other party reasonably to protect his interests by reason of physical or mental infirmity, illiteracy, or inability to understand the language of the agreement or similar factors;

(3) the effect and purpose of the contract or clause; and

(4) if a sale, any gross disparity, at the time of contracting, between the amount charged for the time-share and the value of the time-share

measured by the price at which similar time-shares were readily obtainable, but a disparity between the contract price and the value of the time-share measured by the price at which a similar time-share was readily obtainable in similar transactions shall not, of itself, render the contract unconscionable.

Section 6. Every contract or duty governed by this chapter imposes an obligation of good faith in its performance or enforcement.

Section 7. (a) The remedies provided by this chapter shall be liberally administered to the end that the aggrieved party is put in as good a position as if the other party had fully performed. However, consequential, special, or punitive damages may not be awarded except as specifically provided in this chapter or by other rule of law.

(b) Any right or obligation established by this chapter shall be enforceable by judicial proceeding.

Section 8. The principles of law and equity, including the law of corporations and unincorporated associations, the law of real property and the law relative to capacity to contract, principal and agent, eminent domain, estoppel, fraud, misrepresentation, duress, coercion, mistake, receivership, substantial performance, or other validating or invalidating cause shall supplement the provisions of this chapter, except to the extent such principles are inconsistent with this chapter.

Section 9. In the event of any conflict between this chapter and chapter one hundred and eighty-three A or chapter one hundred and fifty-seven, the provisions of this chapter shall prevail, but this chapter does not invalidate or otherwise affect rights or obligations vested under said chapter one hundred and eighty-three A or said chapter one hundred and fifty-seven, or the manner of their exercise or enforcement.

The subdivision control law shall not apply to the division of a building into time-share units or to the creation of time-shares in a unit.

Nothing in this chapter shall be deemed to limit or otherwise affect the authority of the board of registration of real estate brokers and salesmen to regulate out-of-state real property sales within the commonwealth.

Section 10. This chapter being intended as a unified coverage of its subject matter, no part of it shall be construed to be impliedly repealed in whole or in part by subsequent legislation if such construction can reasonably be avoided.

Section 11. If all of the documents constituting the project instrument are recorded, time-shares shall not be created in any unit in a project unless expressly permitted by the project instrument. No amendment to a project instrument which is recorded shall permit the creation of time-shares unless the owners of at least eighty per cent of the units, or any larger vote required by the project instrument or by law, consent to such amendment.

Section 12. (a) Except as provided in subsection (b), more than twelve time-shares may be created in a single time-share property only by a time-share instrument recorded in the registry of deeds or land registration office for the district in which the time-share unit is situated. Said instrument shall contain or provide for the following:

(1) a legally sufficient description of the time-share property and the name or other identification of the project, if any, within which it is situated;

(2) the name of the registry district or land registration office in which the time-share property is situated;

(3) identification of time periods by letter, name, number, or combination thereof;

(4) the time-share expense liability and any voting rights assigned to each time-share;

(5) if additional units may become part of the time-share property, the method of doing so and the formula for allocation and reallocation of the time-share expense liabilities and any votes;

(6) the method of designating the insurance trustee required under section twenty-six;

(7) allocation of time for maintenance of the time-share units;

(8) provisions for management by a managing entity or by the time-share owners;

(9) if all of the time-shares are time-share licenses, the rights of a licensee, if his license is terminated, with respect to any of the property his license affects, or a statement that he has no rights; and

(10) any requirements for amendments to the time-share instrument.

(b) If a time-share license applies to units in more than one time-share property, the time-share instrument creating the license need not comply with the provisions of clauses (1) to (7), inclusive, of subsection (a).

Section 13. (a) The time-share instrument shall state the amount of or formula used to determine any time-share expense liability allocated to each time-share.

(b) If the time-share instrument provides for voting, it shall allocate votes to each time-share unit and to each time-share estate and may allocate votes to any time-share license. It shall not allocate any votes to any other property or to any person who is not a time-share owner. The number of votes allocated to each time-share shall be equal for all time-shares or proportionate to each time-share's value as estimated by the developer, time-share expense liability, or unit size. The time-share instrument may specify some matters as to which the votes shall be equal and others as to which they shall be proportionate.

(c) Except as otherwise provided pursuant to clause (5) of subsection (a) of section twelve, the votes and time-share expense liabilities allocated to a time-share shall not be altered without the unanimous consent of all time-share owners entitled to vote and voting at a meeting in which at least eighty per cent of the votes allocated to time-shares are cast or in an initiative or referendum in which at least eighty per cent of said votes are cast.

(d) Except for minor variations due to rounding, the sum of the time-share expense liabilities assigned to all time-shares shall equal one if stated as fractions or one hundred per cent if stated as percentages. In the event of discrepancy between the time-share liabilities or votes allocated to a time-share and the result derived from the application of

the formulas, the allocated time-share expense liability or vote prevails.

Section 14. No action for partition of a time-share unit may be maintained except as permitted by the time-share instrument or by subsection (d) of section fifteen.

Section 15. (a) This section shall apply to time-share licenses only to the extent expressly provided by the time-share instrument.

(b) All time-shares in a time-share property may be terminated only by agreement of the time-share owners having at least eighty per cent of the time-shares, or such larger vote as the time-share instrument may specify.

(c) An agreement to terminate all time-shares in a time-share property shall be evidenced by the execution, in the same manner as a deed, of a termination agreement, or ratifications thereof, by the requisite number of time-share owners. The termination agreement shall specify a date after which it shall be void unless it is recorded on or before said date. A termination agreement and all ratifications thereof shall be recorded in the registry of deeds or land registration office in every district in which a portion of the time-share property is situated, and shall be effective only upon such recording.

(d) Unless the termination agreement sets forth the material terms of a contract or proposed contract under which an estate or interest in each time-share unit equal to the sum of the time-shares therein is to be sold and designates a trustee to effect the sale, title to an estate or interest in each time-share unit equal to the sum of the time-shares therein vests upon termination in the time-share owners thereof in proportion to their respective interests as provided in subsection (h), and liens on the time-shares shall attach to and encumber said interests. Any co-owner of said estate or interest in a unit may thereafter maintain an action for partition or for allotment or sale in lieu of partition.

(e) If the termination agreement sets forth the material terms of a contract or proposed contract under which an estate or interest in each time-share unit equal to the sum of the time-shares therein is to be sold and designates a trustee to effect the sale, title to said estate or interest vests upon termination in the trustee for the benefit of the time-share owners, to be transferred pursuant to the contract. Proceeds of the sale shall be distributed to time-share owners and lien holders as their interests may appear, in proportion to the respective interests of the time-share owners as provided in subsection (h).

(f) Except as otherwise provided in the termination agreement, so long as the former time-share owners or their trustee hold title to an estate or interest equal to the sum of the time-shares, each former time-share owner and his successors in interest have the same rights with respect to occupancy in the former time-share unit that he would have had if termination had not occurred, together with the same liabilities and other obligations imposed by this chapter or the time-share instrument.

(g) After termination of all time-shares in a time-share property and adequate provision for the payment of the claims of the creditors for time-share expenses, distribution of (i) the proceeds of any sale pursuant

to this section, (ii) the proceeds of any personalty held for the use and benefit of the former time-share owners, and (iii) any other funds held for the use and benefit of the former time-share owners, shall be made to the former time-share owners and their successors in interest in proportion to their respective interests as provided in subsection (h). Following termination, creditors of the association holding liens perfected against the time-share property prior to the termination may enforce said liens in the same manner as any other lien holder. All other creditors of the association shall be treated as if they had perfected liens on the time-share property immediately prior to termination.

(h) The time-share instrument may specify the respective fractional or percentage interest in the estate or interest in each unit equal to the sum of the time-shares therein that will be owned by each former time-share owner upon termination of the time-shares. If the time-share instrument fails to so specify, an appraisal shall be made of the fair market value of each time-share by one or more impartial qualified appraisers selected either by the trustee designated in the termination agreement, or by the managing entity if no trustee was so designated. Said appraisal shall be made not more than one hundred and eighty days prior to the termination. Said appraisal shall also state the corresponding fractional or percentage interests calculated in proportion to said values and in accordance with this subsection. A notice stating all of said values and corresponding interests and the return address of the sender shall be sent by registered mail, return receipt requested, by the managing entity or by the trustee designated in the termination agreements, to all of the time-share owners. Said appraisal governs the fractional or percentage interest of each estate or interest unless (i) at least twenty-five per cent of the time-share owners deliver, within sixty days after the date the notices were mailed, written disapprovals to the return address of the sender of the notice, or (ii) the final judgment of a court of competent jurisdiction, entered during or after said period, holds that the appraisal shall be set aside. The appraisal and the calculation of interests shall be made in accordance with the following:

(1) If the termination agreement sets forth the material terms of a contract or proposed contract for the sale of the estate or interest equal to the sum of the time-shares, each time-share conferring a right of occupancy during a limited number of time periods shall be appraised as if the time until the date specified for the conveyance of the property had elapsed. If no such date is specified, each time-share conferring a right of occupancy during a limited number of time periods shall be appraised as if the time until the date specified pursuant to subsection (c) had elapsed.

(2) The interest of each time-share owner is the value of the time-share he owned divided by the sum of the values of all time-shares in the unit or units to which his time-share applies.

(i) Foreclosure or enforcement of a lien or encumbrance against all of the time-shares in a time-share property does not of itself terminate said time-shares.

Section 16. A developer may maintain sales offices, management

offices, and models in the time-share property only if the time-share instrument so provides and specifies the rights of a developer with regard to the number, size, location, and relocation thereof. He may maintain signs on the property advertising the property. The provisions of this section shall be subject to other provisions of law, local ordinances or by-laws and the project instruments.

Section 17. The time-share instrument may require that all or a specified number or percentage of the mortgagees of units or time-shares approve specified actions of the unit owners, time-share owners, developer, or managing entity as a condition to the effectiveness of said actions, but a requirement for approval shall not operate to (i) deny or delegate control over the general administrative affairs of any association by the unit owners, time-share owners, or both, or their elected representatives, or (ii) to prevent any association from commencing, intervening in, or settling any litigation or proceeding, or receiving and distributing any insurance proceeds pursuant to section twenty-six.

Section 18. A time-share estate, coupled with a freehold estate, shall be evidenced by a time-share deed, and a time-share estate, coupled with an estate for years shall be evidenced by a notice of time-share lease. A time-share license shall be evidenced by a notice of time-share license. Said deed, notice of time-share lease or notice of time-share license shall be recorded in the registry of deeds or land registration office for the district in which the time-share property is located; provided however, that the number of time-shares in a time-share property is more than twelve. The time-share deed shall include the information required by law to be set forth in a deed of real property and the notice of time-share lease or notice of time-share license shall include the information required by law to be set forth in a notice of lease. In addition such deed or notice shall include:

- (1) a statement that the instrument relates to a time-share and is subject to the provisions of this chapter;
- (2) a description of the time-share including designation of the unit or units, and the time-share property in which it is located;
- (3) the book, page and date of recording of all time-share instruments denominating, creating or regulating the time-share;
- (4) a statement of the use for which the time-share is intended and the restrictions, if any, on its use;
- (5) the time-share expense liability and any voting rights assigned to the time-share; and
- (6) any further provisions which the parties may deem desirable to set forth, consistent with the time-share instruments and the provisions of this chapter.

Section 19. (a) If the number of time-shares in a time-share property is more than twelve, the developer, before the first transfer of a time-share, shall create or provide a managing entity to manage the time-share property. The managing entity may be (i) a manager, who may be the developer, or (ii) an association, which shall be a profit or nonprofit corporation or an unincorporated association, the membership

of which shall at all times consist exclusively of all the time-share owners. If the time-share property is part of a project containing time-share units and other units, the manager may be the entity that governs the project. If the number of time-shares in the time-share property is twelve or fewer and there is no managing entity, the time-share owners may form an association meeting the requirements specified above.

(b) In the absence of a managing entity required by this section, a court upon application of a party in interest, including a time-share owner or a lienholder, may appoint and prescribe the powers of a managing entity.

Section 20. (a) Subject to the provisions of subsection (b) and the time-share instrument, the association, even if unincorporated, may:

- (1) adopt and amend by-laws, rules, and regulations;
- (2) adopt and amend budgets for revenues, expenditures, and reserves and collect assessments for time-share expenses from time-share owners;
- (3) hire and discharge managing agents and other agents, employees, and independent contractors;
- (4) institute, defend, or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more time-share owners on matters affecting the time-share property or time-shares;
- (5) make contracts and incur liabilities;
- (6) provide for and regulate the use, maintenance, repair, replacement, and modification of the time-share property;
- (7) cause additional improvements to be made to the time-share property;
- (8) impose charges for late payment of assessments and, after notice and an opportunity to be heard, levy reasonable fines for violations of the time-share instrument, by-laws, and rules or regulations of the association;
- (9) impose reasonable charges for the preparation of resale certificates required by section forty-two or statements of unpaid assessments;
- (10) exercise any other powers conferred by the time-share instrument or by-laws;
- (11) impose and receive payments, fees, or charges for the use, rental, or operation of the time-share property, and for services provided to time-share owners;
- (12) acquire, hold, encumber, and convey in its own name any right, title, or interest to real or personal property;
- (13) assign its right to future income, including the right to receive time-share expense assessments, but only to the extent the time-share instrument expressly so provides;
- (14) provide for the indemnification of its directors and officers and maintain directors' and officers' liability insurance; provided, however, that no indemnification shall be provided for any person with respect to any matter as to which he shall have been adjudicated in any proceeding not to have acted in good faith in the reasonable belief that his action

was in the best interests of the time-share property;

(15) exercise all other powers that may be exercised by legal entities of the same type as the association; and

(16) exercise any other powers necessary and proper for the governance and operation of the association.

(b) The time-share instrument may not impose limitations on the power of the association to deal with the developer which are more restrictive than the limitations imposed on the power of the association to deal with other persons.

(c) Except as otherwise provided in the time-share instrument, the manager; to the extent permitted by the management contract, may exercise the powers specified in clauses (1) to (11), inclusive, of subsection (a).

(d) If the time-share property is part of a project, this section and section twenty-one shall not confer any powers on the managing entity, the developer, or the time-share owners with respect to any portion of the project other than the time-share property.

Section 21. The developer shall have the duties imposed on the managing entity by this chapter and the powers set forth in clauses (1) to (11), inclusive, of subsection (a) of section twenty until a managing entity is provided or the developer and his affiliates own no estate or interest in the time-share property, whichever first occurs. Thereafter, if there is no managing entity and the number of time-shares in the time-share property is twelve or fewer, the time-share owners shall have said powers subject to any provisions of the time-share instrument relating to the manner of the exercise thereof and shall have the responsibilities and liabilities of an association for the purposes of sections twenty-four and twenty-five. To the extent that the time-share instrument is silent with respect to the manner of exercise of any of said powers, the time-share owner may exercise said powers only by unanimous action.

Section 22. (a) For the purposes of this section, "special developer right" shall mean a right reserved for the benefit of a developer to add more units to a time-share property to maintain sales offices, management offices, models, and signs or to appoint, control, or serve as the managing entity. No special developer right created or reserved under this chapter may be transferred except by an instrument evidencing the transfer recorded in the registry of deeds or land registration office for every district in which any portion of the time-share property is located. The instrument shall not be effective unless it is also executed by the transferee.

(b) Upon transfer of a special developer right, the liability of a transferor developer shall be as follows:

(1) A transferor shall not be relieved of any obligation or liability arising before the transfer and shall remain liable for warranty obligations imposed upon him by this chapter. Lack of privity shall not deprive any time-share owner of standing to maintain an action to enforce any obligation of the transferor.

(2) If a successor to any special developer right is an affiliate of a

developer, the transferor shall be jointly and severally liable with the successor for any obligations or liabilities of the successor relating to the time-share property.

(3) If a transferor retains any special developer right, but transfers other special developer rights to a successor who is not an affiliate of the developer, the transferor shall be liable for any obligations or liabilities imposed on a developer either by this chapter or by the time-share instrument relating to the retained special developer rights and arising after the transfer.

(4) A transferor shall not be liable for any act or omission or any breach of the contractual or warranty obligation arising from the exercise of a special developer right by a successor developer who is not an affiliate of the transferor.

(c) Unless otherwise provided in a mortgage instrument, in case of foreclosure of a mortgage, tax sale, judicial sale, or sale under bankruptcy code or receivership proceedings, of any time-shares owned by a developer in the time-share property, a person acquiring title to all the time-shares being foreclosed or sold succeeds to all special developer rights, or only to any rights reserved in the time-share instrument pursuant to section sixteen and held by said developer but only upon his request. The judgment or instrument conveying title shall provide for transfer of only the special developer rights requested.

(d) Upon foreclosure, tax sale, judicial sale, or sale under bankruptcy code or receivership proceedings, of all time-shares in a property owned by a developer

(1) the right to appoint, control, or serve as the managing entity shall terminate unless the judgment or instrument conveying title provides for transfer of all special developer rights to a successor developer; and

(2) the developer shall cease to have any other special developer rights.

(e) The liabilities and obligations of a person who succeeds to a special developer right shall be as follows:

(1) a successor to any special developer right who is an affiliate of a developer shall be subject to all obligations and liabilities imposed on the transferor by this chapter or by the time-share instrument;

(2) a successor to any special developer right, other than a successor described in clauses (3) or (4), who is not an affiliate of a developer, shall be subject to all obligations and liabilities imposed by this chapter or the time-share instrument:

(i) on a developer, which relate to his exercise or non-exercise of special developer rights; or

(ii) on his transferor other than:

(A) misrepresentation by any previous developer;

(B) warranty obligations on improvements made by any previous developer or made before the property became a time-share property;

(C) breach of any fiduciary obligation by any previous developer or his appointees; or

(D) any liability or obligation imposed on the transferor as a result of the transferor's acts or omissions after the transfer.

(3) a successor to only a right to maintain sales offices, management offices, models, and signs, if he is not an affiliate of a developer, may not exercise any other special developer right and shall not be subject to any liability or obligation as a developer, except the obligation to provide a public offering statement and any liability arising as a result thereof; and

(4) a successor to all special developer rights held by his transferor who is not an affiliate of said developer and who has succeeded to said rights pursuant to a deed in lieu of foreclosure or a judgment or instrument conveying title to the time-shares pursuant to subsection (c) may declare his intention to hold said rights solely for transfer to another person in an instrument recorded in the appropriate registry of deeds or land registration office. Thereafter, until transferring all special developer rights to any person acquiring title to any time-share owned by the successor, or until recording an instrument permitting exercise of all said rights, said successor may not exercise any of said rights other than any right held by his transferor to appoint, control, or serve as the managing entity, and any attempted exercise of said rights shall be void. So long as a successor may not exercise special developer rights under this subsection, he shall not be subject to any liability or obligation as a developer other than liability for his acts and omissions in appointing, controlling, or serving as the managing entity.

(f) Nothing in this section shall subject any successor to a special developer right to any claims against or other obligations of a transferor developer, other than claims and obligations arising under this chapter or the time-share instrument.

Section 23. (a) If, before the developer ceases to appoint, control or serve as the managing entity, there is entered into (i) any management contract, employment contract, or lease of recreational or parking areas or facilities between the managing entity and the developer or an affiliate of the developer, or (ii) any other contract or lease, between the managing entity and the developer or an affiliate of the developer, or (iii) any contract or lease that is not bona fide or was unconscionable to the time-share owners at the time entered into under the circumstances then prevailing, the contract or lease may be terminated without penalty by the association or, if there is no association, the time-share owners at any time after the developer ceases to appoint, control or serve as the managing entity, upon not less than ninety days' notice to the other party. This subsection shall not apply to any lease the termination of which would terminate the time-share property or reduce its size, unless the real estate subject to said lease was included in the property for the purpose of avoiding the right to terminate a lease under this section.

(b) If there is no association, any time-share owner individually or on behalf of the class of time-share owners may maintain an action for appropriate relief.

Section 24. Except to the extent otherwise provided by the time-share instrument, the managing entity shall be responsible for maintenance, repair, and replacement of the time-share units and any

personal property available for use by time-share owners in conjunction therewith, other than personal property separately owned by a time-share owner. Each time-share owner shall afford access to his time-share unit reasonably necessary for said purposes, but if damage is inflicted on a time-share unit to which access is taken, the managing entity shall be responsible for its prompt repair. Subject to the provisions of the time-share instrument and other provisions of law, a time-share owner shall not alter or change the appearance of a time-share unit without the consent of the managing entity.

Section 25. (a) A time-share owner shall be personally liable for his acts and omissions and those of his employees and agents other than the managing entity.

(b) An action shall not be maintained against a time-share owner, nor shall a time-share owner be precluded from maintaining an action, solely because he owns a time-share or is an officer, director, or member of the association.

(c) An action in tort alleging a wrong done by a developer, a managing entity selected by the developer or his appointees, or an agent or employee of either, in connection with any portion of the property which the developer or the managing entity has the responsibility to maintain, shall not be maintained against the association or any other time-share owner other than the developer. Other actions in tort alleging a wrong done by an association or by an agent or employee of the association or an action arising from a contract made by or on behalf of the association shall be maintained only against the association. If the tort or breach of contract occurred during any period of developer control, the developer shall be subject to liability for all unreimbursed losses suffered by the association or time-share owners as a result, including costs and reasonable attorney's fees. The operation of any statute of limitations affecting the right of action of the association or time-share owners under this section shall be tolled until the period of developer control terminates. A time-share owner shall not be precluded from maintaining an action contemplated by this subsection because he is a time-share owner or a member or officer of the association.

(d) A judgment for money against an association, if recorded in the registry of deeds or land registration office for the district in which the time-share property is located, shall be a lien against all of the time-shares, but no other property of a time-share owner shall be subject to the claims of creditors of the association.

(e) A judgment against the association shall be indexed in the name of the association.

Section 26. (a) Commencing not later than the time a developer offers a time-share for sale in a time-share property in which the number of time-shares is more than twelve, the managing entity shall maintain, to the extent reasonably available and applicable and not otherwise agreed by the time-share owners or provided by the developer or by a person managing a project of which the time-share property is a part:

(1) fire, extended coverage and all risk insurance on the time-share

property and any personal property available for use by time-share owners in conjunction therewith, other than personal property separately owned by a time-share owner, in a total amount, after application of any deductibles, of not less than ninety per cent of the full replacement value of the insured property, exclusive of land excavations, foundations, and other items normally excluded from property policies; and

(2) comprehensive public liability insurance, including medical payments insurance, in an amount determined by the managing entity but not less than any amount specified in the time-share instrument, covering all occurrences commonly insured against, for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the time-share property and time-share units.

(b) If the insurance described in subsection (a) is not reasonably available, the managing entity promptly shall cause notice of said fact to be hand-delivered or sent by prepaid mail to all time-share owners. The managing entity shall make copies of all insurance policies available for inspection by the time-share owners during normal business hours. The time-share instrument may require the managing entity to maintain any other insurance, and the managing entity in any event may maintain any other insurance deemed appropriate.

(c) Each insurance policy maintained pursuant to subsection (a) shall provide that:

(1) each time-share owner is an insured person under the policy whether designated as an insured by name individually or as part of a named group or otherwise, as his interest may appear;

(2) the insurer waives its right to subrogation under the policy against any time-share owner or members of his household;

(3) no act or omission of any time-share owner, unless acting within the scope of his authority on behalf of an association, will void the policy or be a condition to recovery by any other person under the policy; and

(4) if, at the time of a loss under the policy, there is other insurance in the name of a time-share owner covering the same risk covered by the policy, the policy maintained pursuant to subsection (a) shall be primary insurance not contributing with the other insurance, and other insurance in the name of a time-share owner shall apply only to loss in excess of the primary coverage.

(d) Unless the insurance required by clause (1) of subsection (a) is provided by a person managing a project of which the time-share property is a part, any loss covered by said insurance shall be adjusted with, and the insurance proceeds from said loss payable to, the insurance trustee, who may be a party in interest, designated in accordance with the time-share instrument. If no insurance trustee has been designated or if the designated trustee fails to serve, the managing entity shall be the insurance trustee. The insurance trustee shall hold any insurance proceeds in trust for time-share owners and lien holders as their interests may appear and be determined in accordance with the provisions of section fifteen. Subject to the provisions of subsection (g), the proceeds shall be disbursed for the repair or restoration of the

property, and time-share owners and lien holders shall not be entitled to receive payment of any portion of the proceeds unless there is (i) a surplus of proceeds after the property has been completely repaired or restored, or (ii) a termination pursuant to section fifteen.

(e) An insurance policy issued pursuant to subsection (a) shall not prevent a time-share owner from obtaining insurance for his own benefit.

(f) An insurer that has issued an insurance policy under this section shall issue certificates or memoranda of insurance to any association and, upon written request, to any time-share owner or mortgagee. The insurance may not be cancelled until thirty days after notice of the proposed cancellation has been mailed to any managing entity and each person to whom a certificate or memorandum of insurance has been issued, at their last known address.

(g) Any portion of the time-share property damaged or destroyed shall be repaired or replaced promptly by the managing entity unless (i) another person repairs or replaces it, (ii) there is a termination, (iii) repair or replacement would be illegal, (iv) eighty per cent of the time-share owners, including every owner of a time-share in a time-share unit that will not be rebuilt, vote not to rebuild, or (v) a decision not to rebuild the damaged property is made by another person empowered to make said decision. The cost of repair or replacement in excess of insurance proceeds and reserves shall be a time-share expense. If the entire property need not be repaired or replaced, unless the time-share instrument provides otherwise, (i) the insurance proceeds attributable to the damaged area shall be used to restore the damaged area to a condition comparable to the remainder of the property, and (ii) the insurance proceeds attributable to time-share units that are not rebuilt shall be distributed as if said units constituted a time-share property in which all time-shares had been terminated under section fifteen.

(h) The provisions of this section may be varied or waived in the case of a time-share property in which none of the time-share units may be used as dwellings or for recreational purposes.

Section 27. Unless otherwise provided in the time-share instrument, the by-laws, rules or regulations of the time-share association or otherwise determined by the time-share owners at a meeting of time-share owners or pursuant to either section thirty-three or thirty-four, any surplus funds derived from the time-share owners or from property belonging to said time-share owners or their association and held by a managing entity remaining after payment of or provision for time-share expenses and any required reserves shall be paid to the time-share owners in proportion to their time-share expense liabilities or credited to them to reduce their future time-share expense assessments.

Section 28. (a) Until time-share expense assessments are made against the time-share owners, the developer shall pay all time-share expenses. After any time-share expense assessment has been made against the time-share owners, time-share expense assessments shall be made at least annually, based on a budget adopted at least annually by

the managing entity. At the time the time-share owners are notified of the amount of the assessment for the current year, the time-share owners shall be provided with a copy of the budget prepared in accordance with the provisions of clause (6) of subsection (a) of section thirty-eight and an accounting of income and expenses for the preceding year.

(b) Except for assessments under subsections (c), (d) and (e), all time-share expenses shall be assessed against all the time-shares in accordance with the allocation set forth in the time-share instrument pursuant to section thirteen. Any past due assessment or installment thereof shall bear interest at the rate established by the managing entity or time-share instrument not exceeding eighteen per cent per annum.

(c) To the extent required by the time-share instrument any time-share expense directly related to a time-share unit and incurred in providing a service or facilities which are available to fewer than all of the time-share owners may be assessed exclusively against the time-share owners benefited.

(d) Assessments to pay a judgment against the association shall be made only against the time-shares in the time-share property at the time the judgment was entered, in proportion to their time-share expense liabilities.

(e) If any time-share expense is caused by the misconduct of any time-share owner, the association may assess said expense exclusively against his time-share.

(f) If time-share expense liabilities are reallocated, time-share expense assessments and any installment thereof not yet due shall be recalculated in accordance with the reallocated time-share expense liabilities.

(g) Any amount identified in the budget as an amount to be reserved for the repair or replacement of the time-share unit or the furnishings, equipment and appliances located therein, shall be segregated by the managing entity, held in trust and used only for the specified purpose for which the reserve was collected unless the time-share owners, at a meeting of time-share owners, or pursuant to either section thirty-three or thirty-four determine to spend said funds for other purposes. Any ballot for any proposal to spend reserve funds for purposes other than that for which they were collected shall be accompanied by an explanation in plain language of the reasons therefor and consequences if any of so doing.

Section 29. (a) A person who has a duty to make assessments for time-share expenses shall have a lien on a time-share for any assessment levied against that time-share or fines imposed against its owner from the time the assessment or fine becomes due. Said lien shall be enforced in the manner provided in section five of chapter two hundred and fifty-four. Unless the time-share instrument otherwise provides, fees, charges, late charges, fines, and interest charged pursuant to clauses (8) and (9) of subsection (a) of section twenty shall be enforceable as assessments under this section. If an assessment is payable in installments, the full amount of the assessment shall be a lien from the

time the first installment thereof becomes due.

(b) A lien under this section shall be prior to all other liens and encumbrances on a time-share except (i) liens and encumbrances recorded before the recording of the time-share instrument, (ii) mortgages on the time-share securing first mortgage holders and recorded before the due date of the assessment or the due date of the first installment payable on the assessment (iii) liens for real estate taxes and other governmental assessments or charges against the time-share, and (iv) liens securing assessments or charges made by a person managing a project of which the time-share property is a part; provided, however, that said priority of said lien shall be limited to such portion of said assessment as becomes due within six months prior to the commencement of an action to enforce such lien. This subsection shall not affect the priority of mechanics' or materialmen's liens. The lien under this section shall not be subject to the provisions of chapter one hundred and eighty-eight.

(c) The lien shall be perfected upon the recording of a claim or notice of lien in the registry of deeds or land registration office for the district in which the time-share unit is situated.

(d) A lien for unpaid assessments shall be dissolved unless proceedings to enforce said lien are commenced within three years after the assessments become due and payable.

(e) This section shall not prohibit actions to recover sums for which subsection (a) creates a lien or preclude resort to any contractual or other remedy permitted by law.

(f) A judgment or decree in any action brought under this section may include costs and reasonable attorney's fees for the prevailing party.

(g) A person who has a duty to make assessments for time-share expenses shall furnish to a time-share owner upon written request a statement recordable in form setting forth the amount of unpaid assessments currently levied against his time-share. Said statement shall be furnished within ten business days after receipt of the request and shall be binding in favor of persons reasonably relying thereon.

Section 30. A person who has a duty to make assessments for time-share expenses shall keep financial records sufficiently detailed to enable him to comply with section forty-two. All financial and other records shall be made reasonably available for examination by any time-share owner or his authorized agent.

Section 31. A third person dealing with a trustee, pursuant to the provisions of section fifteen or twenty-six, may assume without inquiry the existence of trust powers and the proper exercise thereof by the trustee. A third person shall not be bound to inquire whether the trustee has power to act as trustee or is properly exercising trust powers, and a third person without actual knowledge that the trustee is exceeding or improperly exercising his powers shall be fully protected in dealing with the trustee as if the trustee possessed and was properly exercising the powers he purports to exercise. A third person shall not be bound to assure the proper application of trust assets paid or delivered to the trustee in his capacity as trustee.

Section 32. (a) For the purposes of this section and sections thirty-three, thirty-four and thirty-five:

(1) "Owner" shall mean a person who is an owner or co-owner of a time-share estate or a time-share license or, in the case of a unit that is not a time-share unit, a person who is an owner or co-owner of said unit, other than as security for an obligation.

(2) A project is limited to one in which at least fifty per cent of the votes are allocated to time-shares other than time-share licenses.

(b) The managing entity shall keep reasonably available for inspection and copying by any time-share owner all addresses, known to it or to the developer, of all the time-share owners with the principal permanent residence address of each indicated if known. The managing entity shall revise continually the list of addresses in the light of any information it obtains, and the developer shall keep the managing entity advised of any information he has or obtains.

(c) Each ballot prepared pursuant to sections thirty-three, thirty-four and thirty-five shall contain:

(1) a statement that the ballot shall not be counted unless signed by an owner;

(2) the specification of a date, not less than thirty or more than one hundred and eighty days after the date the ballot is mailed, by which the ballot must be received by the person to whom it is to be returned, and a statement that the ballot shall not be counted unless received by said date;

(3) the name and address of the person to whom the ballot is to be returned; and

(4) only the material required by sections nineteen to thirty-five, inclusive.

(d) Each ballot mailed pursuant to sections thirty-three, thirty-four and thirty-five shall be mailed to the principal permanent residence of the owner to whom it is addressed, if known to the person responsible for mailing it, and said person shall procure and keep reasonably available for inspection for at least one year after the vote is calculated a certificate of mailing for each and the original or a copy of each ballot returned by the date specified pursuant to clause (2) of subsection (c).

(e) If the managing entity, the developer, or anyone on behalf of either of them communicates with any owner, other than as expressly provided by section thirty-three, thirty-four or thirty-five on the subject matter of any petition or ballot prepared pursuant to any of said sections, the expense of said communication shall not be assessed directly or indirectly in whole or in part to any owner other than the developer.

(f) The vote allocated to any time-share and to any unit other than a time-share unit shall be counted as having been cast in accordance with the ballot of any owner of that time-share or unit. If the ballots of different owners of the same time-share unit, or of the same unit other than a time-share unit, are not in accord with one another, the vote allocated to that time-share or unit shall be divided in proportion to the number of owners thereof voting each way and shall be counted

accordingly. Any ballot that is not signed by an owner or is not received by the date specified pursuant to clause (2) of subsection (c) shall be void.

(g) The managing entity shall take action reasonably calculated to notify all owners of the resolution of any matters resolved by methods authorized by section thirty-three, thirty-four or thirty-five.

(h) An amendment to a project instrument adopted pursuant to section thirty-three or thirty-four shall be recorded in the appropriate registry of deeds or land registration office forthwith by the managing entity with a statement of the vote and shall become effective upon recording.

(i) No right or power of an owner under this section or section thirty-three, thirty-four or thirty-five may be waived, limited, or delegated by contract, power of attorney, proxy, or otherwise, in favor of the developer, an affiliate of a developer, a managing entity, or any person designated by any of them.

Section 33. (a) The owners may amend the project instrument or any unrecorded document governing the project, or approve or disapprove any proposed expenditure, in the manner provided by this section in addition to any manner permitted by law or by the instrument or document.

(b) Any owner may deliver to the managing entity a petition containing the language of any proposed amendment or proposal for the approval or disapproval of any proposed expenditure and signed by owners of at least one time-share or other estate or interest in each of a number of units to which at least ten per cent of the votes are allocated, or any smaller percentage specified by the document to be amended. The owner delivering said petition may attach to it a letter of not more than two pages to be mailed with the ballots. Within ten days after receiving said petition, the managing entity shall mail to each owner a ballot setting forth the language of the petition and affording an opportunity to indicate a preference between approval and disapproval of said proposed amendment or proposal, together with a copy of any letter of not more than two pages attached by the owner who delivered said petition. The ballot may also be accompanied by a letter of not more than two pages from the managing entity recommending approval or disapproval of said proposed amendment or proposal.

(c) On the date specified pursuant to clause (2) of subsection (c) of section thirty-two, the managing entity shall examine the ballots that have been returned and calculate the vote accordingly. A signature on the petition shall be treated for the purpose of subsection (f) of section thirty-two as a ballot from the signer indicating approval of the proposed amendment or proposal. A simple majority of the votes counted shall be sufficient for the adoption of the proposed amendment or proposal unless the law or the document to be amended specifies a larger majority or, in the case of a proposed expenditure, the project instruments specify a larger majority not exceeding sixty-six and two-thirds per cent. No document may specify more than a simple majority for any proposed amendment or proposal the managing entity could have effected unilaterally. No proposed amendment or proposal may be adopted by an initiative unless the ballots favoring the proposed

amendment or proposal represent at least twenty-five per cent of the votes allocated to all owners.

(d) A proposed amendment or proposal adopted pursuant to this section may not be repealed or modified within two years except by another initiative pursuant to this section. After said two year period, the managing entity may not repeal or modify the result without the approval of the owners in a referendum. If the project instrument permits the managing entity to initiate a referendum for said purpose, no referendum may be initiated for said purpose more often than once every two years.

Section 34. (a) No amendment to the project instrument may be adopted except pursuant to this section or section thirty-three. The project instrument may specify other matters to be determined by referendum of the owners and may permit the managing entity to select matters to be determined in said manner.

(b) If an amendment to a project instrument proposed by the managing entity, or other matter, is to be determined by referendum, the managing entity shall prepare and, not less than thirty or more than one hundred and eighty days before the votes are to be counted, shall mail to each owner a ballot stating each matter to be determined and affording the opportunity to vote "yes" or "no" on each matter. The ballot may be accompanied by a letter from the managing entity recommending a particular decision.

(c) On the date specified pursuant to clause (2) of subsection (c) of section thirty-two, the managing entity shall examine the ballots that have been returned and calculate the vote accordingly. A simple majority of the votes counted shall determine each matter unless the project instrument specifies a larger majority, but no matter may be determined by referendum unless the ballots favoring the majority decision represent at least twenty-five per cent of the votes allocated to all owners.

Section 35. (a) During the period of time the developer appoints, controls or serves as the managing entity, the owners may discharge the manager with or without cause in the manner provided by this section in addition to any manner permitted by law or the project instrument.

(b) Any owner may prepare a ballot affording the opportunity to indicate a preference between retaining the present manager and discharging him in favor of a new manager; provided, however, that the owners of at least one time-share or other estate or interest in each of a number of units to which at least ten per cent of the votes are allocated sign a petition authorizing said owner to prepare said ballot on their behalf. A copy of said ballot and of any letter to be mailed with said ballot shall be delivered to the manager. Said ballot and a copy of any said letter, together with a copy of any written reply received from the manager containing no more pages than said letter, shall be mailed not less than ten or more than thirty days from the date of delivery to said manager to each owner by the owner who prepared the ballot.

(c) On the date specified pursuant to clause (2) of subsection (c) of section thirty-two, the person who receives the ballots shall examine the

ballots that have been returned, calculate the vote accordingly, and forthwith notify the manager of the result. If at least sixty-six and two-thirds per cent of all of the votes allocated to all time-share owners, which votes represent at least thirty-three and one-third per cent of the votes allocated to all owners, favor discharging the manager, the developer also shall be notified of said result, the ballots or copies thereof shall be given forthwith to the manager, and the developer shall forthwith diligently attempt to procure offers for management contracts from prospective managers. Any owner also may attempt to procure such offers. If the developer or any owner obtains such an offer within sixty days after the date the vote was calculated, he shall forthwith notify the developer and the owner who was responsible for calculating the vote. If no offer is obtained from a prospective manager other than the current manager within said sixty days, said period shall be extended for successive intervals of thirty days each until such an offer is obtained. At the end of said period, the owner who prepared the ballot, or the developer if said owner so directs in a writing delivered to the developer, shall forthwith prepare and mail to each owner a second ballot stating at least the term and compensation provided by each offer that has been received and affording an opportunity to indicate a preference for any one of the offers or for retaining the current manager. A letter recommending that a particular offer be accepted or that the current manager be retained may accompany the ballot, and if the developer prepared the ballot he shall enclose a copy of any such letter submitted to him by the owner who was responsible for calculating the vote.

(d) On the date specified pursuant to clause (2) of subsection (c) of section thirty-two, the person who receives the ballots prepared pursuant to subsection (c) shall examine the ballots that have been returned, calculate the vote accordingly, forthwith notify the manager of the result, and hold the ballots available for inspection by the manager and any proposed manager for at least thirty days. If more votes favor accepting a particular offer than retaining the manager, the manager shall be discharged ninety days after he is notified of said result, but, if the ballot prepared pursuant to subsection (b) was delivered to the manager before the current term of the manager began, the manager shall be discharged immediately upon being notified of said result. The person who received the ballots prepared pursuant to subsection (c) shall forthwith accept on behalf of the owners the offer that received the largest number of votes. The expenses thereunder shall be thereafter part of the common expenses.

(e) A manager discharged pursuant to this section shall not be entitled by reason of his discharge to any penalty or other charge payable directly or indirectly in whole or in part by any owner other than the developer.

(f) The reasonable expenses incurred by any owner in obtaining offers and preparing and mailing ballots pursuant to this section, including reasonable attorney's fees, shall be promptly collected by the managing entity from all owners as a common expense and paid to said owner if a

simple majority of the vote calculated pursuant to subsection (c) favors the discharge of the manager. Similar expenses incurred by the developer also shall be so collected and promptly paid to the developer.

Section 36. (a) Sections thirty-six to fifty-five, inclusive, shall apply to all time-shares subject to this chapter except as provided in subsection (b).

(b) Neither a public offering statement nor the materials required by section forty-two need be prepared or delivered in the case of:

- (1) a gratuitous disposition of a time-share;
- (2) a disposition pursuant to court order;
- (3) a disposition by a government or governmental agency;
- (4) a disposition by foreclosure or deed in lieu of foreclosure;
- (5) a disposition that may be cancelled at any time and for any reason by the purchaser without penalty;

(6) a disposition of a time-share in a unit situated wholly outside the commonwealth pursuant to a contract executed wholly outside the commonwealth, if there has been no offering within the commonwealth;

(7) an offering by a developer of time-shares in no more than one time-share unit at any one time; or

(8) a disposition of a time-share property or all time-shares therein to one purchaser.

Section 37. (a) Except as provided in subsection (b), a developer, prior to the offering of any interest in a unit to the general public, shall prepare a public offering statement conforming to the requirements of sections thirty-eight, thirty-nine and forty.

(b) A developer may transfer responsibility for preparation of all or a part of the public offering statement to a successor developer or to a person in the business of selling real estate who intends to offer time-shares in the time-share property for his own account. In the event of said transfer of responsibility, the transferor shall provide the transferee with any information necessary to enable the transferee to fulfill the requirements of subsection (a).

(c) Any developer, agent of a developer or person in the business of selling real estate who offers a time-share for his own account to a purchaser shall deliver a public offering statement in the manner prescribed in subsection (a) of section forty-one. The person who prepared all or a part of the public offering statement shall be liable under sections forty-one and forty-nine for any false or misleading statement set forth therein or for any omission of material fact therefrom with respect to that portion of the public offering statement which he prepared. If a developer, agent of a developer or said person in the business of selling real estate did not prepare any part of a public offering statement that he delivers, he shall not be liable for any false or misleading statement set forth therein or for any omission of material fact therefrom unless he had actual knowledge of the statement or omission, or in the exercise of reasonable care, should have known of the statement or omission.

(d) If a time-share property is part of any other real estate multi-location plan in connection with the sale of which the delivery of a

public offering statement is required, a single public offering statement conforming to the requirements of sections thirty-eight, thirty-nine and forty as said requirements relate to all real estate multi-location plans in which the time-share property is located, and to any other requirements imposed by law, may be prepared and delivered in lieu of providing two or more public offering statements.

Section 38. (a) A public offering statement shall be written in clear and concise language and shall be furnished to the purchaser at the time of the signing of a contract to purchase and shall contain or fully and accurately disclose:

(1) the name and principal address of the developer and the location of the time-share property;

(2) a general description of the time-share property and the time-share units, including without limitation the number of units in the time-share property and in any project of which said time-share property is a part, and the schedule of commencement and completion of all improvements, and a copy of the current price list;

(3) as to all units owned or offered by the developer in the same project:

(i) the types and number of units;

(ii) identification of units that are time-share units;

(iii) the types and durations of the time-shares;

(iv) the maximum number of units that may become part of the time-share property; and

(v) a statement of the maximum number of time-shares that may be created or that there is no maximum;

(4) copies of and a brief narrative description of the significant features of the time-share instrument and any documents referred to therein, other than any plats and plans, copies of any contracts or leases to be signed by purchasers at closing, and a brief narrative description of any contracts or leases subject to cancellation by the time-share owners under section twenty-three;

(5) the identity of the managing entity and the manner, if any, whereby the developer or the owners of the time-share units may change the managing entity or its control;

(6) a current balance sheet and a projected budget for the association, if there is an association, either within or as an exhibit to the public offering statement, for one year after the date of the first transfer to a purchaser, and thereafter the current budget, a statement of who prepared the budget, and a statement of the budgetary assumptions concerning occupancy and inflation factors. The budget shall include, without limitation:

(i) a statement of the amount, or a statement that there is no amount, included in the budget as a reserve for repairs and replacement;

(ii) a statement of any other reserves;

(iii) the projected time-share expense liability by category of expenditures for the time-share units; and

(iv) the projected time-share expense liability for each time-share;

(7) a description of (i) the nature and purposes of all charges, dues,

maintenance fees, and other expenses that may be assessed, (ii) the current amounts assessed, (iii) the method and formula for changes, and (iv) the method and formula for allocating said expenses between the time-share owners and the developer or managing entity or any affiliate of either of them and the method and formula for allocating said expenses between time-share property and the person who owns or controls any property in the project which is not a time-share unit or used solely as an appurtenance thereto;

(8) any services which the developer provides or expenses he pays and which he expects may become at any subsequent time a time-share expense of the time-shares, and the projected time-share expense liability attributable to each of said services or expenses for each time-share;

(9) any initial or special fee due from the purchaser at closing, together with a description of the purpose of the fee and the method of its calculation;

(10) a statement describing the existence of and the effect on the time-share owners of liens, defects, or encumbrances on or affecting the title to the time-share units;

(11) a statement as to whether or not title insurance is available, the charge for title insurance, if available and a copy of a specimen title insurance policy, if available;

(12) a description of any financing offered by the developer;

(13) the terms and significant limitations of any warranties provided by the developer, including statutory warranties and limitations on the enforcement thereof or on damages;

(14) a statement that:

(i) within three business days after the date of receipt of a public offering statement, a purchaser may cancel any contract for purchase of a time-share from a developer;

(ii) if a developer fails to provide a public offering statement to a purchaser at least five business days before the delivery of a deed, notice of time-share lease or time-share license, whichever is applicable, the purchaser is entitled, in addition to any other remedy, to recover from the developer an amount equal to ten per cent of the sales price of the time-share;

(iii) if a purchaser receives the public offering statement more than five business days before the date of signing a contract, he cannot cancel the contract for failure timely to receive the public offering statement;

(iv) the creation, management and sale of time-share units and the contents of this public offering statement are regulated by this chapter and a violation of the provisions of this chapter shall give a purchaser a right of action as provided in section forty-nine. Said statement shall be printed in bold face type; and

(v) a time-share deed or notice of a time-share lease or time-share license shall be recorded in the registry of deeds or land registration office for the district in which the time-share property is located in order to protect the purchaser.

(15) a statement of any unsatisfied judgments against the developer or

the managing entity, the status of any pending actions involving the sale or management of real estate to which the developer or an affiliate of the developer or the managing entity or an affiliate of the managing entity is a defending party, and the status of any pending actions of which the developer has actual knowledge, of significance to the time-share units;

(16) a statement that any deposit made in connection with the purchase of a time-share shall be held in an escrow account until expiration of the time for rescission or cancellation or any later time specified in the contract to purchase the time-share, and shall be returned to the purchaser if the purchaser cancels the contract pursuant to section forty-one;

(17) any restraints on transfer of time-shares or portions thereof;

(18) a description of the insurance coverage provided for the benefit of time-share owners;

(19) any current or expected fees or charges to be paid by time-share owners for the use of any facilities related to the project;

(20) a reasonable description of the furnishings, equipment or appliances provided with each time-share unit or a statement that no furnishings, equipment or appliances shall be provided; and the charge, if any, therefor;

(21) a description of all real estate and facilities owned by the developer, other than time-share units, the rights of time-share owners, if any, to use and occupy said real estate or facilities and the charge if any, therefor;

(22) the extent to which financial arrangements have been provided for completion of all promised improvements pursuant to section fifty-one;

(23) the extent to which a time-share unit may become subject to a tax or other lien arising out of claims against other time-share owners of the same time-share unit;

(24) a description of the rights and remedies provided in the time-share instrument of a time-share owner who is prevented from enjoying exclusive occupancy of a time-share unit by others, or a statement that no such rights and remedies are provided in said instrument; and

(25) all unusual or material circumstances, features and characteristics of the project.

(26) a description of any contractual arrangement requiring a developer to offer its time-share purchasers affiliation with any specific exchange company and the duration of any such requirement.

(b) A developer shall promptly amend (i) the public offering statement to report any material or adverse change in the information required by subsection (a) and section thirty-nine and (ii) the public offering statement or any supplement thereto to report any material or adverse change known to him in the information required by sections fifty-three and fifty-four.

Section 39. (a) If a conversion building that includes or is to include one or more time-share units is more than ten years old and the

developer or any affiliates of the developer own or control more than fifty per cent of all units in the project, the public offering statement shall contain, in addition to the information required by section thirty-eight:

(1) a statement by the developer, based on a report prepared by an independent registered architect or engineer, describing the present condition of all structural components and mechanical and electrical installations material to the use and enjoyment of the time-share units;

(2) a statement by the developer of the expected useful life of each item reported on in clause (1) or a statement that no representations shall be made in that regard; and

(3) a list of any outstanding notices of uncured violations of building codes or other municipal regulations, together with the estimated cost of curing said violations;

(b) This section shall apply only to units in which use as a dwelling or for recreational purposes, or both, is permissible.

Section 39A. The units created or constructed under this chapter shall conform to the regulations promulgated pursuant to section thirteen A of chapter twenty-two.

Section 40. If a time-share is currently registered with the securities and exchange commission of the United States, a developer satisfies all requirements of this chapter relating to the preparation of a public offering statement if he delivers to the purchaser a copy of the public offering statement filed with said securities and exchange commission.

Section 41. (a) A person required to deliver a public offering statement pursuant to subsection (c) of section thirty-seven shall, before transfer of a time-share and no later than the date of a contract of sale, provide a prospective purchaser with (i) a copy of the public offering statement and all amendments, exhibits and supplements thereto, and (ii) the disclosures required in the case of resales pursuant to subsection (a) of section forty-two. Unless the purchaser has received said materials more than three business days before the date of execution of any contract of sale or the transfer of a time-share, the contract or transfer shall be voidable by him until he has received said materials and for five business days thereafter.

(b) If a purchaser elects to cancel a contract pursuant to subsection (a), he may do so by hand-delivering written notice thereof to the seller or to his agent for service of process, by mailing notice thereof to the seller or to his agent for service of process by registered mail, return receipt requested, by telegram or by courier service with guaranteed next day delivery. Notice shall be deemed given on the date of postmark or if by telegram or courier service on the date when transmitted from the place of origin. Cancellation shall be without penalty, and all payments made by the purchaser before cancellation shall be refunded immediately if the purchaser's deposit check shall not have been deposited in the seller's bank account or if it has been so deposited within seven days after receipt of the notice of cancellation, but in no event prior to the first business day following the date on which the amount of the deposit is finally and unconditionally credited to the

seller's account or if such deposit was made by credit card, such refund shall be made by immediate issuance of a credit to the purchaser's credit card account.

(c) If a person required to deliver a public offering statement pursuant to subsection (c) of section thirty-seven fails to provide a purchaser to whom a time-share is transferred with information which satisfies in all material respects the requirements of subsection (a), the purchaser, in addition to any rights to damages or other relief, is entitled to receive from the seller an amount equal to ten per cent of the sales price of the time-share.

Section 42. (a) Except in the case of a sale where delivery of a public offering statement is required, or unless exempt under subsection (b) of section thirty-six, a seller of a time-share shall furnish to the purchaser before execution of any contract of sale, or before the transfer of title whichever first occurs, a copy of the time-share instrument, other than any plats or plans, and a certificate containing:

(1) a statement disclosing the effect on the proposed transfer of any right of first refusal or other restraint on transfer of the time-share or any portion thereof;

(2) a statement setting forth the amount of the periodic time-share expense liability and any unpaid time-share expense or special assessment or other sums currently due and payable from the seller;

(3) a statement of any other fees payable by time-share owners; and

(4) a statement of any judgments or other matters that are or may become liens against the time-share or the time-share unit and the status of any pending actions that may result in said liens.

(b) A managing entity, within ten days after a request by a time-share owner, shall furnish a certificate containing the information necessary to enable the time-share owner to comply with this section. A time-share owner providing a certificate pursuant to subsection (a) shall not be liable to the purchaser for any erroneous information provided by the managing entity and included in said certificate, other than for judgment liens against the time-share or the time-share unit.

(c) A purchaser shall not be liable for any unpaid time-share expense liability or fees in an amount greater than the amount set forth in a certificate prepared by a managing entity. A time-share owner shall not be liable to a purchaser for the failure or delay of a managing entity to provide the certificate in a timely manner, but the contract of sale shall be voidable by the purchaser until the certificate has been provided and for five days thereafter or until transfer, whichever first occurs.

Section 43. (a) Any deposit made in connection with the purchase or reservation in the commonwealth of a time-share from a person required to deliver a public offering statement pursuant to subsection (c) of section thirty-seven shall be placed in escrow, either in the commonwealth or in the state where the time-share project is located, in an account designated solely for said purpose by a licensed title insurance company, an attorney, a licensed real estate broker or an institution whose accounts are insured by a governmental agency or instrumentality until (i) delivered to said person required to deliver a

public offering statement at the expiration of the time for cancellation or any later time specified in any contract of sale, (ii) delivered to said person because of the purchaser's default under a contract to purchase the time-share, or (iii) refunded to the purchaser. The interest, if any, earned on the deposit while it is held in escrow shall be credited to the account of the purchaser.

(b) A seller may hold until the receipt of a notice of cancellation, or the fifteenth day following the cancellation period provided for in section forty-one, an instrument of payment, including but not limited to a credit account authorization, made by a purchaser which is payable to the escrow agent. After expiration of said fifteen days, if no notice of cancellation is received, said instrument shall be deposited as provided in subsection (a).

Section 44. (a) In the case of a sale of a time-share where delivery of a public offering statement is required pursuant to subsection (c) of section thirty-seven, a seller shall, before transferring a time-share, record in the appropriate registry of deeds or land registration office or furnish to the purchaser releases of all liens affecting said time-share which the purchaser does not expressly agree to take subject to or assume, or shall provide a surety bond as provided in section fourteen of chapter two hundred and fifty-four.

(b) If a lien other than a mortgage becomes effective against more than one time-share estate, any time-share owner is entitled to a release of his time-share estate from said lien upon payment of his proportionate liability for said lien in accordance with time-share expense liability unless he or his predecessor in interest agreed otherwise with the lienor. After payment, the managing entity shall not assess or have a lien against said time-share estate for any portion of the time-share expenses incurred in connection with said lien.

(c) If a lien is to be foreclosed or enforced against all time-shares in a time-share property, service of process shall be made upon the managing entity, if any, and shall constitute service thereof upon all the time-share owners for the purposes of foreclosure or enforcement. The managing entity shall forward promptly, by registered mail, a copy thereof to each time-share owner at his last address known to the managing entity. The cost of said forwarding shall be paid in advance by the holder of the lien and may be taxed as a cost of the enforcement proceeding. Said notice shall not be sufficient for the entry of a deficiency or other personal judgment against any time-share owner.

Section 45. (a) Express warranties made by any seller to a purchaser of a time-share shall be created as follows:

(1) any affirmation of fact or promise which relates to the time-share, the time-share unit, rights appurtenant to either, area improvements that would directly benefit the time-share, or the right to use or have the benefit of facilities not located on the time-share unit, creates an express warranty that the time-share, the time-share unit, and related rights and uses shall conform to the affirmation or promise;

(2) any model or description of the physical characteristics of the time-share property, including plans and specifications of or for

improvements, creates an express warranty that the property shall conform to the model or description, provided, however, that this paragraph shall not preclude the substitution of items of substantially the same kind, function and quality as those in the model or description;

(3) any description of the quantity or extent of the real estate constituting the time-share property, including plats or surveys, creates an express warranty that the property shall conform to the description, subject to customary tolerances; and

(4) a provision that a purchaser may put a time-share unit only to a specified use is an express warranty that the specified use is lawful.

(b) Neither formal words, such as "warranty" or "guarantee", nor a specific intention to make a warranty, shall be necessary to create an express warranty of quality, but a statement purporting to be merely an opinion or commendation of the time-share, the time-share unit, or the value of either shall not create a warranty.

(c) Any transfer of a time-share transfers to the purchaser all express warranties of quality made by previous sellers.

Section 46. (a) A developer and any person in the business of selling real estate for his own account warrants that a time-share unit shall be in at least as good condition at the earlier of the time of the transfer or of the delivery of possession as it was at the time of contracting, reasonable wear and tear excepted.

(b) A developer and any person in the business of selling real estate for his own account impliedly warrants that a time-share unit and any other real property the time-share owners have a right to use in conjunction therewith shall be suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by him, or made by any person before transfer, shall be:

(1) free from defective materials; and

(2) constructed in accordance with applicable law, according to sound engineering and construction standards, and in a workmanlike manner.

(c) A developer and any person in the business of selling real estate for his own account warrants to a purchaser of a time-share that an existing use of the time-share unit, continuation of which is contemplated by the parties, does not violate applicable law at the earlier of the time of transfer or of the delivery of possession.

(d) Warranties imposed by this section may be excluded or modified as provided in section forty-seven.

(e) For purposes of this section, improvements made or contracted for by an affiliate of a developer are made or contracted for by the developer.

(f) Any transfer of a time-share transfers to the purchaser all implied warranties of quality, of any developer and any person in the business of selling real estate for his own account.

Section 47. (a) Except as limited by subsection (b) implied warranties of quality:

(1) may be excluded or modified by agreement of the parties; and

(2) shall be excluded by expressions of disclaimer, such as "as is", "with all faults", or other language that in common understanding calls

the purchaser's attention to the exclusion of warranties.

(b) With respect to a purchaser of a time-share in a time-share unit that may be used as a dwelling or for recreational purposes, no general disclaimer of implied warranties of quality shall be effective, but a developer may disclaim liability in an instrument signed by the purchaser for a specified defect or specified failure to comply with applicable law if the existence of the defect or failure entered into and became a part of the basis of the bargain.

Section 48. (a) A judicial proceeding for breach of any obligation arising under section forty-five or forty-six shall be commenced within four years after the cause of action accrues, but the parties may agree to reduce the period of limitation to not less than two years. With respect to a time-share unit that may be used as a dwelling or for recreational purposes, an agreement to reduce the period of limitation shall be evidenced by a separate instrument executed by the purchaser.

(b) Subject to subsection (c), a cause of action for breach of warranty of quality, regardless of the purchaser's lack of knowledge of the breach accrues, unless extended by agreement:

(1) as to a unit, at the time of the first transfer of a time-share therein by the seller to a bona fide purchaser; and

(2) as to other improvements, at the time each is completed.

(c) If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the property, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever first occurs.

Section 49. If a developer or any other person subject to this chapter fails to comply with any provision of this chapter or of the time-share instrument, any person or class of persons adversely affected by the failure to comply shall have a claim for appropriate relief. A failure to comply with the provisions of this chapter shall be deemed an unfair or deceptive act or practice under chapter ninety-three A.

Section 50. If any improvement in the time-share property is not required to be built, no promotional material may be displayed or delivered to prospective purchasers which describes or portrays said improvement unless the description or portrayal of the improvement shall be conspicuously labeled or identified as "NEED NOT BE BUILT".

Section 51. (a) The developer shall complete all promised improvements described in the time-share instrument and promotional materials.

(b) Unless the purchaser of a time-share agrees in writing to record the evidence of his ownership of the time-share, the developer or the managing entity shall record the time-share deed or notice of time-share lease or time-share license, on behalf of the purchaser in the appropriate registry of deeds or land registration office for the district in which the time-share property is located within five days after the performance of the terms and conditions of the purchase and sale agreement or within six months of the date of contract to purchase whichever shall occur earlier. All representations made by the developer

as of the date of delivery of the time-share deed or notice of time-share lease or license shall be true and correct on the date of recording said deed or notice by the developer.

Section 52. Any advertisement of a time-share property which includes the offer of a prize or other inducement shall prominently disclose the approximate fair market value, number of, and criteria to qualify for, each prize or inducement offered.

Section 53. (a) If a purchaser may participate in any exchange program, the developer, agent of a developer or person in the business of selling real estate for his own account shall, except as provided in subsection (b), deliver to the purchaser at the time of delivery of the public offering statement required by section thirty-seven, written information regarding said exchange program and the purchaser shall certify in writing to the receipt thereof. Said information shall include the following:

- (1) the name and address of the exchange company;
- (2) the names of all officers, directors, and shareholders owning five per cent or more of the outstanding stock of the exchange company;
- (3) a statement indicating whether the exchange company or any of its officers or directors has any legal or beneficial interest in any developer or managing entity for any time-share plan participating in the exchange program and, if so, the name and location of the time-share property and the nature of the interest;
- (4) unless the exchange company is also the developer or an affiliate of a developer, a statement that the purchaser's contract with the exchange company is a contract separate and distinct from the contract of sale;
- (5) a statement indicating whether the purchaser's participation in the exchange program is dependent upon the continued affiliation of the time-share plan with the exchange program and the readmission fees, dues and other charges which shall be required to be paid by the purchaser if he initially becomes a member of the exchange program, allows the membership to lapse and then seeks reinstatement or readmission;
- (6) a statement indicating whether the purchaser's membership or participation in the exchange program is voluntary or mandatory;
- (7) a complete and accurate description of the terms and conditions of the purchaser's contractual relationship with the exchange company and the procedure by which changes thereto may be made;
- (8) a complete and accurate description of the procedure to qualify for and effectuate exchanges;
- (9) a complete and accurate description in boldface type of all restrictions, limitations or priorities employed in the operation of the exchange program and the manner of application thereof, including, without limitation, any restrictions, limitations or priorities based on seasonality, unit size, or levels of occupancy;
- (10) a statement indicating whether exchanges are arranged on a space-available basis and whether any guarantees of specific requests for exchanges are made by the exchange program, and if so, the nature thereof;

(11) a complete and accurate description of the circumstances, if any, in which a time-share owner may lose the use and occupancy of his time-share in any properly applied for exchange without being provided with substitute accommodations by the exchange company;

(12) the fees for participation by time-share owners in the exchange program, a statement whether any such fees may be altered by the exchange company, and the circumstances under which alterations may be made;

(13) the name and location of each time-share property, accommodation or facility participating in the exchange program;

(14) the number of units in each property which qualify for participation in the exchange program and which are available for occupancy expressed within the following numerical groupings: 1-5; 6-10; 11-20; 21-50; and 51 and over;

(15) with respect to each time-share plan or other property the number of owners who are eligible to participate in the exchange program expressed within the following numerical groupings: 1-100; 101-249; 250-499; 500-999; and 1,000 and over; and the criteria used to determine current eligibility to participate in the exchange program;

(16) the disposition made by the exchange company of time-shares deposited by eligible owners with the exchange program and not used by the exchange company in effecting exchanges;

(17) a statement indicating the following information, which, except as provided in subsection (b), shall be independently audited by a certified public accountant or accounting firm and reported for each year no later than July first, of the succeeding year:

(i) the number of the time-share owners enrolled in the exchange program, the number of said owners who are fee paying and the number of said owners who are enrolled gratuitously;

(ii) the number of time-share properties, accommodations or facilities eligible to participate in the exchange program categorized by those having a contractual relationship between the developer or the association and the exchange company and those having a contractual relationship between the exchange company and time-share owners directly;

(iii) the percentage of confirmed exchanges, which shall be the number of exchanges confirmed by the exchange company divided by the number of exchanges properly applied for, together with a complete and accurate statement of the criteria used to determine whether an exchange request was properly applied for. An exchange shall be confirmed when an eligible time-share owner applies for and receives the right to occupy an exchanged time-share for a time period during the year reported;

(iv) the number of exchanges confirmed by the exchange company during the year;

(v) the number of time-shares for which the exchange company has an outstanding obligation to provide an exchange to a time-share owner who relinquished a time-share during the year in exchange for a time-share in any future year;

(18) a statement in boldface type that the percentage described in subclause (iii) of clause (17) of subsection (a) does not indicate a purchaser's or owner's probabilities of being confirmed to any specific choice, as availability at individual locations may vary.

(b) The information required by subsection (a) shall be accurate as of a date which is not more than thirty days prior to the date on which the information is delivered to the purchaser, except that the information required by clauses (2), (3), (13), (14), (15) and (17) of subsection (a) shall be accurate as of December thirty-first of the preceding year if the information is delivered between July first and December thirty-first of any year; information delivered between January first and June thirtieth of any year shall be accurate as of December thirty-first of the year prior to the preceding year. All references in this section to the word "year" shall mean calendar year.

(c) In the event an exchange company offers an exchange program directly to the purchaser or time-share owner, the exchange company shall deliver to each purchaser or time-share owner, prior to such offering or the execution of any contract between the purchaser or time-share owner and said company the information set forth in subsection (a). This section shall not apply to the renewal of any contract between the purchaser or time-share owner and the exchange company offering the exchange program.

(d) Each exchange company offering an exchange program to purchasers in the commonwealth shall include the statement set forth in paragraph (18) of subsection (a) on all promotional brochures, pamphlets, advertisements or other materials which contain the percentage of confirmed exchanges described in subclause (iii) of clause (17) of subsection (a) and which are disseminated by the exchange company.

(e) No developer shall have any liability arising out of the use, delivery or publication by the developer of written or printed information or audio-visual materials provided to it by the exchange company pursuant to this section. Except as otherwise provided in this subsection, no exchange company shall have any liability with respect to (i) any representation made by the developer relating to the exchange program or exchange company, or (ii) the use, delivery or publication by the developer of any information relating to the exchange program or exchange company. An exchange company shall be liable for written or printed information or audio-visual materials provided to the developer or to a purchaser or time-share owner by the exchange company. The failure of the exchange company to comply with the provisions of this section, or the use by it of any unfair or deceptive act or practice in connection with the operation of the exchange program, shall constitute a violation of this chapter.

Section 54. (a) A multi-location developer shall, except as provided in subsection (b), deliver to the purchaser, prior to the execution of the contract of sale the following written information which the purchaser shall certify in writing to the receipt thereof:

(1) a complete and accurate description of the procedure to qualify for and effectuate use rights in time-share units in the multi-location plan;

(2) a complete and accurate description in boldface type of all restrictions, limitations or priorities employed in the operation of the multi-location plan and the manner of application thereof, including, without limitation, any restrictions, limitations or priorities on reservations, use or entitlement rights based on seasonality, unit size, levels of occupancy or class of owner;

(3) a statement indicating whether use is arranged on a space-available basis and whether any guarantees of specific requests for use are made by the multi-location developer and if so, the nature thereof and the number, type and description of units available at each property;

(4) the name and address of each time-share property included in the multi-location plan;

(5) the number of time-share units in each time-share property which are available for occupancy, the interest which the multi-location developer has in each of said time-share units, and if less than fee ownership the relevant terms of said interest and whether each of said time-share units may be withdrawn from the multi-location plan;

(6) the following information which, except as provided in subsection (b), shall be independently audited by a certified public accountant or accounting firm and reported for each year on or before July first, of the succeeding year:

(i) the number of owners in the multi-location plan;

(ii) for each time-share property in the multi-location plan, the number of properly made requests for use of time-share units in said time-share property;

(iii) for each time-share property, the percentage of owners who properly requested use of a time-share unit in said time-share property who received the right to use a time-share unit in said time-share property;

(7) a statement in boldface type that the percentage described in clause (6) of subsection (a) does not indicate a purchaser's or owner's probabilities of being able to use any time-share unit since availability at individual locations may vary.

(b) The information required by subsection (a) shall be accurate as of a date which is no more than thirty days prior to the date on which the information is delivered to the purchaser, except that the information required by paragraphs (4), (5) and (6) of subsection (a) shall be accurate as of December thirty-first of the preceding year if the information is delivered between July first and December thirty-first of any year; information delivered between January first and June thirtieth of any year shall be accurate as of December thirty-first of the year prior to the preceding year. All references in this section to the word "year" shall mean calendar year.

(c) The failure of a multi-location developer to comply with the provisions of this section, or the use by it of any unfair or deceptive act or practice in connection with the operation of the exchange program, shall constitute a violation of this chapter.

Section 55. (a) It shall be unlawful for any person to sell or offer to

sell a time-share in the commonwealth unless the developer of the time-share property in which the time-share is located has designated a person as a project broker and said person is then serving as the project broker for the time-share property. The time-share property shall be considered a separate real estate office for purposes of the real estate licensing laws.

(b) It is unlawful for any person to engage in the business, act in the capacity of or advertise or assume to act as a project broker within the commonwealth unless such person is a licensed real estate broker under the laws of the commonwealth.

**SECTION 2.** Section 5 of chapter 254 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- A lien upon land for the erection, alteration, repair or removal of a building or other structure or a lien established under section seventy-six of chapter sixty-three, under section six of chapter one hundred and eighty-three A, or under section twenty-nine of chapter one hundred and eighty-three B shall be enforced by a civil action brought in the superior court for the county where such land lies.

**SECTION 3.** The provisions of this act shall apply to all time-shares created in units in the commonwealth on or after the effective date of this act. The provisions of sections three, five, six, seven, eight, ten, fourteen, clauses (1) to (9), inclusive, of subsection (a) of section twenty, clauses (14) to (16), inclusive, of subsection (a) of section twenty, subsection (b) of section twenty, sections twenty-three, twenty-five, twenty-six, twenty-seven, twenty-eight, twenty-nine, thirty, thirty-one, thirty-two, thirty-three, thirty-four, thirty-five, forty-two, forty-three, forty-four, forty-five, forty-eight, forty-nine, fifty and fifty-one of chapter one hundred and eighty-three B of the General Laws, inserted by section one of this act, and section two of said chapter to the extent necessary to construe any of said sections, shall apply to all time-shares created in units in the commonwealth before the effective date of this act, but only with respect to events and circumstances occurring on or after the effective date. The provisions of said section shall not affect the validity of, or rights or obligations created before the effective date of this act by a time-share instrument, document transferring an estate or interest in real property, or contract.

The time-share instrument of any time-share property created before the effective date of this act may be amended to accomplish any result permitted by this act if the amendment is adopted in conformity with applicable law and with the procedures and requirements specified by the instrument. If the amendment grants to any person any rights, powers, or privileges permitted by this act, all correlative obligations, liabilities, and restrictions in this act shall also apply to said person.

The provisions of this act shall not apply to time-shares in units located outside the commonwealth with the exception of sections thirty-seven to forty-one, inclusive, which shall apply to all dispositions

**SECTION 2.** Said section 32 of said chapter 13, as so appearing, is hereby further amended by striking out the second, third and fourth sentences and inserting in place thereof the following two sentences:- One of said appointees shall be a representative of the public, subject to the provisions of section nine B and one shall be a local wiring inspector who is an electrician licensed under chapter one hundred and forty-one. Six of said appointees shall be citizens of the commonwealth: one of whom shall be a master electrician who holds a certificate A license issued under said chapter one hundred and forty-one and has at least ten years experience as an employing master electrician; one shall be a master electrician who holds certificate A and certificate B licenses issued under said chapter one hundred and forty-one, is actively engaged in such business and has at least ten years experience as an employing master electrician; one shall be a journeyman electrician who holds a certificate B license issued under said chapter one hundred and forty-one, is a wage earner and has at least ten years practical experience in the installation of wires and appliances for carrying

electricity for light, heat or power purposes; one shall be a systems contractor who holds a certificate C license issued under said chapter, is actively engaged in the business of fire warning and security systems as his principal business and has at least ten years experience as an employing systems contractor; one shall be a systems technician who holds a certificate D license issued under said chapter, is a wage earner and has at least ten years practical experience in the installation, repair and maintenance of systems; and one shall be a representative of the New England Section of the International Municipal Signal Association who holds at least a level I competency certificate from said association, is a municipal employee and has at least ten years practical experience in the installation, repair and maintenance of fire warning or signalling systems.

**SECTION 3.** Section 57 of chapter 31 of the General Laws, as so appearing, is hereby amended by striking out the third paragraph and inserting in place thereof the following paragraph:-

No person shall be certified by the administrator for appointment to the position of inspector of wires in a city or town unless he has been issued a certificate A or certificate B license pursuant to section three of chapter one hundred and forty-one.

**SECTION 4.** Chapter 141 of the General Laws is hereby amended by striking out section 1, as so appearing, and inserting in place thereof the following two sections:-

Section 1. The following words as used in this chapter, unless the context otherwise requires, shall have the following meanings:

"Fee", a fee to be determined annually by the commissioner of administration under the provision of section three B of chapter seven.

"Fire warning system", an inherently power limited system of wires, conduits, apparatus, devices, fixtures or other appliances installed and interconnected electrically or electronically for the detection of heat, smoke, or products of combustion, or for the transmission of signals or audible alarms.

"Inherently power limited system", a system requiring no overcurrent protection due to design and construction.

"Journeyman electrician", a person qualified to do the work of installing, repairing, or maintaining wires, conduits, apparatus, devices, fixtures, or other appliances used for heat, light, power, fire warning or security system purposes.

"Master electrician", a person, firm or corporation having a regular place of business who, by the employment of journeymen or apprentices, performs the work of installing, repairing or maintaining wires, conduits, apparatus, devices, fixtures or other appliances used for light, heat, power, fire warning or security system purposes; provided, however, that no journeyman electrician so employed shall have more than one apprentice under his supervision; and provided, further, that not more than one such apprentice shall be employed for each journeyman electrician.

"Security system", an inherently power limited system of wires, conduits, apparatus, devices, fixtures, or other appliances installed and interconnected electrically or electronically to permit access control, proprietary signalling, surveillance and the detection of burglary, intrusion, holdup, or other conditions requiring response or the transmission of signals or audible alarms.

"System", a fire warning, security or other inherently power limited system, wire, conduit or device which conducts or consumes electricity and is electrically or electronically activated.

"Systems contractor", a person, firm or corporation having a regular place of business who, by the employment of systems technicians or apprentices, performs the work of installing, repairing or maintaining wires, conduits, apparatus, devices, fixtures or other appliances used for systems; provided, however, that no systems technician so employed shall have more than one apprentice under his supervision; and provided, further, that not more than one such apprentice shall be employed for each systems technician.

"Systems technician", a person qualified to do the work of installing, repairing or maintaining wires, conduits, apparatus, devices, fixtures or other appliances used for systems.

Section 1A. No person, firm or corporation shall enter into, engage in, or work at the business or occupation of installing wires, conduits, apparatus, devices, fixtures, or other appliances for carrying or using electricity for light, heat, power, fire warning or security system purposes, unless such person, firm or corporation shall be licensed by the state examiners of electricians in accordance with this chapter and, with respect to security systems, unless such person, firm or corporation shall also be licensed by the commissioner of public safety in accordance with the provisions of sections fifty-seven to sixty-one, inclusive, of chapter one hundred and forty-seven.

This chapter shall not apply to: a person not engaged in the business described in this section who employs or contracts for the services of a person, firm or corporation engaged in such business; or to an apprentice employed by a person, firm or corporation licensed in accordance with this chapter; or to an agent, employee or assistant of a person, firm or corporation licensed in accordance with this chapter who does not engage in or perform the actual work described in this section.

**SECTION 5.** Said chapter 141 is hereby further amended by striking out section 3, as so appearing, and inserting in place thereof the following section:-

Section 3. The following forms of license shall be issued: certificate A, known as master electrician's license; certificate B, known as journeyman electrician's license; certificate C, known as systems contractor's license; and certificate D, known as systems technician's license.

(1) Certificate A shall be issued to any person, firm or corporation engaged in or about to engage in the business of installing wires, conduits, apparatus, devices, fixtures or other appliances and systems;

provided, however, that such person or a member of such firm or an officer of such corporation has passed an examination before the state examiners of electricians and such person or a member of such firm or officer of such corporation has held a certificate B license for at least twelve months.

(2) Certificate B shall be issued to any person who has passed an examination before the state examiners of electricians. It shall specify the name of such person, who shall thereby be authorized to engage in the occupation of journeyman electrician.

(3) Certificate C shall be issued to any person, firm or corporation engaged in or about to engage in the business of installing fire warning, security or other systems; provided, however, that such person or a member of such firm or an officer of such corporation has passed an examination before the state examiners of electricians and such person or a member of such firm or officer of such corporation has held a certificate D license for at least twelve months.

(4) Certificate D shall be issued to any person who has passed an examination before the state examiners of electricians. It shall specify the name of such person who shall thereby be authorized to engage in the occupation of systems technician.

(5) Both certificate A and certificate C shall specify the name of the person, firm or corporation licensed and the name of the person passing the examination by which such person, firm or corporation shall be authorized to enter upon or engage in business as set forth therein. The holding of certificate A or certificate C shall not entitle the holder individually to engage in or perform the actual work of installing wires, conduits, apparatus, devices, fixtures or other appliances or systems but the holding of certificate A shall entitle the holder to conduct business as a master electrician and the holding of certificate C shall entitle the holder to conduct business as a systems contractor.

(6) Persons desiring an examination shall make written application therefor, accompanied by an examination fee. A person passing an examination for a master electrician's license, a systems contractor's license, a journeyman electrician's license, or a systems technician's license shall pay a fee before being issued such license.

(7) Each certificate A and certificate C shall expire on July thirty-first in each odd numbered year, but may be renewed by the same person, firm or corporation acting by one or more of its members or officers, without further examination, upon payment of a fee, application therefor being made during said month. In case of failure to renew a license as aforesaid on or before July thirty-first in an odd numbered year, the person named therein, upon payment of said fee, increased by such additional fees as would have been payable had such license been continuously renewed may receive a deferred renewal thereof which shall expire on July thirty-first in the ensuing odd numbered year; provided however, that such renewed license shall not constitute its holder a licensee for any period preceding its issue.

(8) Each certificate B and certificate D shall expire on July thirty-first in each odd numbered year, but may be renewed upon

payment of a fee upon the same conditions set forth in clause (7).

(9) Holders of certificate A and certificate C shall keep their certificates of registration displayed in a conspicuous place in their principal offices or places of business. The examiners shall furnish holders of certificate B and certificate D with evidence of having been so licensed by the examiners, in card form or otherwise, which shall be carried on the person of the licensee and exhibited on request.

(10) Any certificate expiring while the holder thereof is in the military or naval service of the United States shall be renewed without further examination, upon payment of the prescribed fee, at any time within four months after such person's discharge from the service.

(11) Examination papers and applications for certificate A, certificate B, certificate C and certificate D, shall be preserved for at least two years, after which time they may, at the discretion of the examiners, be destroyed.

(12) Records of the meetings of the examiners shall be open for inspection at all times, and they shall have printed annually a manual of their regulations, including the names of all licensees.

**SECTION 6.** Section 5 of said chapter 141, as so appearing, is hereby amended by adding the following paragraph:-

The examiners and the inspectors of wires in each city and town, as defined in section thirty-two of chapter one hundred and sixty-six, shall be charged with the enforcement of this chapter. They shall have all necessary powers to require compliance therewith, including the power to institute and prosecute proceedings in the superior court department of the trial court.

**SECTION 7.** Section 6 of said chapter 141, as so appearing, is hereby amended by striking out the words "Certificate A", in line 1, and inserting in place thereof the following words:- certificate A or certificate C.

**SECTION 8.** Said chapter 141 is hereby further amended by striking out section 7, as so appearing, and inserting in place thereof the following section:-

Section 7. This chapter shall not apply to: the installation, repairing, and wiring of elevators; the work in connection with the erection, construction, maintenance or repair of lines for transmission of electricity from the source of supply to the service switch on the premises where used by municipal electric plants, by electric companies as defined in section one of chapter one hundred and sixty-four, by gas companies authorized to make or sell electricity, by electric street railway companies, by electric railroad companies or by railroad companies; the work of such plants or companies on premises owned or controlled by them; the work of said municipal electric plants or of said electric or gas companies in installing, maintaining and repairing on the premises of customers, service connections and meters and other apparatus and appliances remaining the property of such plants or

companies after installation; public employees engaged in the work of installing, maintaining or repairing public signalling systems; the work in connection with the lighting of public ways, alleys, private ways, or public parks, areas or squares; the work of companies subject to regulation by the department of public utilities, and incorporated for the transmission of intelligence by electricity in installing, maintaining or repairing wires, apparatus, fixtures, or other appliances used by such companies and necessary for, or incident to, their business, whether or not such wires, conduits, apparatus, fixtures or other appliances are on its own premises; or the work in connection with the installation, construction, maintenance, repair and renovation of telephone equipment or computer systems by a person, firm or corporation primarily engaged in the telecommunications or the information systems industry.

**SECTION 9.** Section 8 of said chapter 141, as so appearing, is hereby amended by striking out, in line 2, the words "of 'Certificate A', may" and inserting in place thereof the following words:- of certificate A, may.

**SECTION 10.** Said chapter 141 is hereby further amended by striking out section 9, as so appearing, and inserting in place thereof the following section:-

Section 9. Any person applying for a journeyman electrician's license or a systems technician's license and making any misstatement as to his experience or other qualifications, or any person, firm or corporation subscribing to, or vouching for, any such misstatement shall be subject to the penalties set forth in section five.

**SECTION 11.** Chapter 147 of the General Laws is hereby amended by adding the following five sections:-

Section 57. The words "security system", as used in sections fifty-seven to sixty-one, inclusive, shall mean wires, conduits, apparatus, devices, fixtures, or other appliances installed and interconnected electrically or electronically to permit access control, proprietary signalling, surveillance and the detection of burglary, intrusion, holdup, or other conditions requiring response or the transmission of signals or audible alarms.

No person, firm or corporation shall engage in, advertise, or hold himself or itself out as being engaged in the business of installing, repairing, or offering maintenance for security systems, notwithstanding the name or title used in describing such business, unless licensed for such purpose as provided in sections fifty-eight and fifty-nine of this chapter and section three of chapter one hundred and forty-one. Whoever violates any provision of this section shall be punished by a fine of not less than two hundred nor more than one thousand dollars or by imprisonment for not more than one year, or both.

Nothing in this section shall apply either to the work of companies subject to regulation by the department of public utilities and incorporated for the transmission of intelligence by electricity in

installing, maintaining or repairing wires, apparatus, fixtures, or other appliances used by such companies and necessary for, or incident to, their business, whether or not such wires, conduits, apparatus, fixtures or other appliances are on its own premises; or the work in connection with the installation, construction, maintenance, repair and renovation of telephone equipment or computer systems by a person, firm or corporation primarily engaged in the telecommunications or information systems industry.

Section 58. An application for a license to engage in the security systems business shall be filed with the commissioner on forms furnished by him, and statements of fact therein shall be under oath of the applicant. Such application shall include a certification by each of three reputable citizens of the commonwealth residing in the community in which the applicant resides or has a place of business, or the community in which the applicant proposes to conduct his business, that he has personally known the applicant for at least three years, that he has read the application and believes each of the statements contained therein to be true, that he is not related to the applicant by blood or marriage, and that the applicant is honest and of good moral character.

An applicant for a license to engage in the security systems business shall provide proof to the commissioner that he has successfully qualified for electrical licensure under the provisions of section three of chapter one hundred and forty-one.

Section 59. The commissioner may issue to an applicant complying with the provisions of section fifty-eight a license to engage in the security systems business; provided, however, that no such license shall be issued to any person who has been convicted in any state of the United States of a felony, unless a hearing is held and the commissioner, at his or her discretion, determines a license is appropriate. Any person who has been convicted of a violation of section ninety-nine or ninety-nine A of chapter two hundred and seventy-two shall not be issued a license, unless a hearing is held and the commissioner, at his or her discretion, determines a license is appropriate. If any license has been previously issued to such person, it shall be revoked.

Such license shall be valid for two years, shall state the name under which the licensed business is to be conducted, and the address of its principal office, and shall be posted by the licensee in a conspicuous place in such office. The name of the business, so licensed, shall not contain any words which denote or imply any association with agencies of the United States, the commonwealth or any of its political subdivisions. Failure to comply with the provisions of this paragraph shall constitute cause for revocation of such license.

The commissioner may biennially renew and may at anytime for cause, after notice and hearing, revoke any such license. An application for renewal shall be on a form furnished by the commissioner.

Section 60. A person, firm or corporation licensed under the provisions of sections fifty-eight and fifty-nine may employ in his security systems business as many persons as he may deem necessary, but no person shall be employed by any licensee until he shall have

executed and furnished to such licensee a statement under oath setting forth his full name, date of birth and residence, his parents names and places of birth, the business or occupation in which he has been engaged for the three years immediately preceding the date the statement is furnished and that he has or has not been convicted of a felony or of any offense involving moral turpitude. Such statements shall be kept on file by the licensee and furnished to the commissioner who shall have a security check performed on said employment applicant. Upon completion of the security check, the commissioner, at his or her own discretion, shall furnish to the qualified applicant a certificate of clearance which shall be valid for two years.

If a licensee falsely states or represents that a person was or is in his employ, such false statement or representation shall be cause for revocation or suspension of his license and shall be subject to the penalties set forth in section fifty-seven. Whoever falsely states or represents that he is employed or has been employed by a licensee shall be punished by a fine of not less than fifty nor more than five hundred dollars.

Section 61. The fee for the filing of an original security systems license and for the filing of a renewal of such license shall be determined annually by the commissioner of administration under the provision of section three B of chapter seven. Said fees shall not exceed two hundred and fifty dollars for an original license and one hundred and twenty-five dollars for a renewal thereof.

The fee for a certificate of clearance shall be determined in a like manner, but shall not exceed fifty dollars for an original or renewal of said certificate.

**SECTION 12.** Any person, firm or corporation providing evidence satisfactory to the state examiners of electricians, on or before January first, nineteen hundred and eighty-nine, that such person, firm or corporation has at least thirty-six months experience working as or for a systems contractor shall be exempt from the examination requirements of section three of chapter one hundred and forty-one.

**SECTION 13.** Any person providing evidence satisfactory to the state examiners of electricians on or before January first, nineteen hundred and eighty-nine, that such person has at least twelve months experience working as a systems technician shall be exempt from the examination requirements of section three of chapter one hundred and forty-one.

**Chapter 765. AN ACT ESTABLISHING COMMUNITY MEDIATION SERVICES IN THE DISTRICT COURT DEPARTMENT.**

Be it enacted, etc., as follows:

---

**ACTS, 1987. – Chap. 766.**

Chapter 218 of the General Laws is hereby amended by inserting after section 43D the following section:–

Section 43E. There shall be established a district court community mediation advisory board. The board shall be advisory to the administrative justice on matters pertaining to the utilization and role of community mediation in the district court department, including but not limited to the education and training of community mediators and the establishment of standards for persons and organizations engaged in community mediation in the district court department, and shall perform such other duties as the administrative justice may request. Said board shall also advise the administrative justice on the utilization of funds that may be appropriated for the purpose of supporting the use of community mediation in the district court department.

Said board shall consist of five members to be appointed by the administrative justice for such terms as he may establish. Members shall be eligible for re-appointment. They shall be knowledgeable and experienced in the utilization of community mediation in the courts and shall serve without compensation.

Said administrative justice shall appoint a coordinator of community mediation, who shall serve at his pleasure and at a salary to be fixed by the chief administrative justice of the trial court. Said coordinator shall perform such duties with regard to community mediation as the administrative justice of the district court department shall determine.

**Chapter 767. AN ACT FURTHER REGULATING THE TRANSPORTATION OF STUDENTS.**

Be it enacted, etc., as follows:

**SECTION 1.** The first paragraph of section 7A of chapter 71 of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by striking out the first sentence and inserting in place thereof the following two sentences:- The state treasurer shall annually, on or before November twentieth, pay to the several towns subject to appropriation, the sums required as reimbursement for expenses approved by the commissioner of education, incurred by any town for the transportation of pupils not more than twice daily between any school within the town, or in another town, and the pupil's home, a day care facility licensed or registered by the office for children, or a day care facility which is part of a public school system or a private, organized educational system, in accordance with standards approved by the school committee, in excess of five dollars per annum per pupil in the net average membership of such town; provided, however, that (a) no reimbursement for transporting a pupil between school and home shall be made on account of any pupil who resides less than one and one-half miles from the school which he attends, measured by a commonly traveled route; (b) no reimbursement for transporting a pupil between school and a day care facility licensed or registered by the office for children or a day care facility which is part of a public school system or a private, organized educational system, shall be made if the distance between the school and said facility is less than one and one-half miles, measured by a commonly traveled route, nor for transportation to a day care facility located outside the boundaries of the school district; (c) the amount of grant, per pupil, for transportation to private schools in towns which furnish such transportation, shall not exceed the amount of grant per pupil for transportation to public schools and (d) no contract shall be awarded except upon the basis of prevailing wage rates, as hereinafter provided, and of sealed bids, and the school committee shall, in the event that a contract is awarded to other than the lowest bidder, file with the department a written statement giving its reasons therefor, which statement shall be open to public inspection. Nothing in this paragraph shall be construed to mean that, with the consent of a pupil's parent or guardian, a school committee is in any way prohibited from providing transportation for a pupil to any location.

**SECTION 2.** Section 16C of said chapter 71, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following two sentences:- The regional school district shall be subject to all laws pertaining to school transportation; and when the agreement provides for the furnishing of transportation by the regional school district, the commonwealth shall reimburse such district to the full extent of the amounts expended for such transportation; provided, however, that no reimbursement for transportation between school and

home shall be made on account of any pupil who resides less than one and one-half miles from the school of attendance, measured by a commonly traveled route. The commonwealth shall further reimburse such district to the full extent of the amounts expended for the transportation of pupils between school and a day care facility licensed or registered by the office for children or a day care facility which is part of a public school system or a private, organized educational system, in accordance with standards approved by the school committee; provided, however, that no reimbursement shall be made if the distance between the school and said facility is less than one and one-half miles, measured by a commonly traveled route, nor shall reimbursement be provided for transportation to a day care facility located outside the boundaries of the regional school district.

**SECTION 3.** The provisions of this act relative to day care transportation shall apply in a city, town or regional school district after acceptance by a majority vote of the city council with the approval of the mayor, in the case of a city with a Plan A, Plan B or Plan F charter; by a majority vote of the city council, in the case of a city with a Plan C, Plan D or Plan E charter; by a majority vote of the annual town meeting or a special meeting called for the purpose, in the case of a municipality with a town meeting form of government; or by a majority vote of the town council, in the case of a municipality with a town council form of government; or by a majority vote of the school committee and by majority vote of two-thirds of the appropriating authorities of the member cities and towns, in the case of a regional school district.

**SECTION 4.** Reimbursement provided to cities, towns, and regional school districts for transportation costs provided pursuant to section seven A and section sixteen C of chapter seventy-one of the General Laws shall not be reduced as a result of cost savings realized by a city, town, or regional school district in implementing a program to transport students to day care services pursuant to said section seven A and said section sixteen C.

described through zoning ordinances, capital improvement plans, and building design guidelines and other methods. Planning for the management of the competing uses of harbor waters may include mooring plans, facilities maintenance plans, shellfish management plans or dredging needs assessments.

**SECTION 2.** Section 4 of said chapter 21F, as so appearing, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:–

Any coastal city or town, acting by and through its mayor in the case of a city, the town manager in a town having a town council form of government and the board of selectmen in any other town, may apply to the secretary of environmental affairs for assistance to undertake a harbor or waterfront improvement or a harbor plan. An application for assistance pursuant to this chapter shall represent no more than fifty per cent of the estimated total cost of the improvement and in no case shall exceed two million dollars for improvements in designated port areas and one million five hundred thousand dollars in all other areas. The commonwealth shall reimburse no more than three million dollars to communities with designated port areas and at least one project within these areas or two million dollars total to a city or town applying for funding for more than one harbor or waterfront project. The secretary of environmental affairs is hereby authorized to utilize seventy per cent of the funding provided for in this chapter, for public facilities used primarily for commercial purposes.

Said secretary of environmental affairs is hereby authorized to utilize ten per cent of the funding in this chapter for grants to prepare harbor plans. An application for assistance in the preparation of a harbor plan shall represent no more than fifty per cent of the total cost of said plan. The secretary of environmental affairs is hereby authorized to approve applications for improvements and plans for up to thirty-three per cent of the funding provided for this chapter in any one year.

**Chapter 772. AN ACT RELATIVE TO THE ACQUISITION AND CONSTRUCTION OF A MASSACHUSETTS STATE TRACK FACILITY AND MAINTENANCE OF CERTAIN LAND IN THE CITY OF BOSTON.**

Be it enacted, etc., as follows:

**SECTION 1.** The deputy commissioner of capital planning and

operations hereinafter referred to as the "deputy commissioner", is hereby authorized, pursuant to the provisions of sections forty F, forty I, and forty J of chapter seven of the General Laws, to acquire in fee simple by deed, for the consideration of one dollar a certain parcel of land with any and all buildings thereon, now owned by the Northeastern University, in the city of Boston, hereinafter referred to as the "Parcel", such land being bounded by Columbus Avenue, St. Cyprian's Place, Southwest Corridor, and the Northeastern Parking Garage, more particularly as described on a plan to be prepared by the division of capital planning and operations, for the primary purpose of developing a running track facility for public high school track meets and for other public uses, and for uses compatible therewith, as further specified in section five. The Parcel contains approximately ninety-five thousand square feet. Such consideration may include a grant of a right of first refusal should the commonwealth elect to discontinue use of the parcel for said purposes; provided, however, that the commonwealth shall not discontinue said use so long as the debt obligations authorized in section eight remain outstanding.

**SECTION 2.** As used in this act, the following words shall have the following meanings:

"Use for public purposes" shall include, but not be limited to, use by Massachusetts public high school track programs, members of the abutting residential community or by members of the community at large and students, faculty, staff, and alumni at Northeastern University.

"Use for public purposes" shall not include the leasing or renting of the Building for commercial entertainment activity.

**SECTION 3.** Notwithstanding the provisions of section forty H of chapter seven of the General Laws, the deputy commissioner shall not be required to advertise prior to acquisition of the Parcel for the consideration specified in section one of this act.

**SECTION 4.** The deputy commissioner is hereby authorized to spend a sum not in excess of thirty-five million dollars for the acquisition, planning, design, and construction of, including the preparation of construction plans, specifications and estimates for, a building for the use of the metropolitan district commission which shall contain a Massachusetts state track facility. To the extent not inconsistent with the foregoing, the building may be planned and designed so as to permit such other uses as may be necessary or convenient to assist the implementation of public plans and programs for the development of the area surrounding the building, including without limitation, retail lease uses.

**SECTION 4A.** The deputy commissioner is hereby authorized to construct an on-site or near-site child care center. Child care space constructed pursuant to this chapter must meet the following criteria:

- (1) have minimum gross floor area of two per cent of the total square

feet of floor area of the building;

(2) be provided to a licensed child care provider without charge for rent, utilities, property taxes, building services or any other charges relating to the physical space; notwithstanding that the provider will be responsible for the other operating costs of the child care center, including, but not limited to, salaries, supplies, and liability insurance not related to the physical structure of the building;

(3) be provided for ten years commencing with the opening of the child care center for use by children, or until deputy commissioner demonstrates that there is no longer a need for the child care center; and

(4) comply with all applicable office for children licensing requirements for child care facilities.

Near-site space shall be provided within the Roxbury section of the city of Boston.

Enrollment priority for the created or purchased space shall be granted to:

- (a) low and moderate income employees of the development project;
- (b) other employees of the development project;
- (c) low and moderate income residents of the community;
- (d) other residents of the community.

**SECTION 4B.** The following words shall have the following meanings when used in this chapter:

"Child care provider", a person or organization that meets applicable office for children licensing standards required to establish and maintain a child care center.

"Low or moderate income", families or persons whose gross monthly income is equal to or less than one hundred and fifteen per cent of the state median income, as determined by the United States census bureau and adjusted annually by a percentage amount equal to the percentage rise in the United States consumer price index.

"Near-site", a location in the same community as the development project.

"On-site", located on the premises of the parcel as defined in section one of this act.

**SECTION 5.** The deputy commissioner is hereby authorized to designate a building manager for the Massachusetts state track facility building, upon completion of the construction of such building. The building manager shall have as his responsibilities the management, operation, maintenance and repair of the building, including without limitation, custodial staffing, operation of a newspaper, candy and sundries concessions stand, maintenance of common areas in the building, and management of the building's preventive maintenance program. Usage of the facility shall be determined according to the schedule approved by the Commissioner of the Metropolitan District Commission. Said usage schedule must be reviewed annually by the Commissioner of the Metropolitan District Commission in consultation

with an advisory committee consisting of seven members, two who shall be appointed by Northeastern University, two residents of the abutting community appointed by the Mayor of Boston, one member appointed by the Governor, one member appointed by the Massachusetts State Track Coaches Association and one member appointed by Massachusetts Interscholastic Athletic Association. Members of the committee shall serve without compensation for two year terms. Each member may be reimbursed for all necessary travel and other expenses incurred by him in the discharge of his official duties. The deputy commissioner is authorized to enter into a building management contract with the building manager for an initial term not to exceed twenty years term with a renewal clause providing up to two ten year terms covering a total period not exceeding forty years; provided, however, that if substandard management conditions exist the contract will be considered null and void by all parties. The deputy commissioner shall seek competitive proposals for the building management contract and such contract shall contain such terms as, in the opinion of the deputy commissioner, are in the best interest of the commonwealth. In addition to any other terms and conditions which the deputy commissioner in his sole discretion shall determine, the building management contract shall contain the following conditions:

(a) The building manager shall comply with the terms and conditions of the commonwealth's preventive maintenance program for state buildings, as such program may be revised from time to time.

(b) The Massachusetts state track facility shall be made available on a non-fee basis for use by Massachusetts public high school track programs and on a user fee basis for members of the public and by Northeastern University; provided, however, that from time to time, the facility shall be made available on a no-cost basis for use by Massachusetts public high school track programs, members of the public, and Northeastern University.

(c) All user fees collected as a result of the use of the Massachusetts state track facility, shall be deposited into the Building Trust Fund, described in section seven. User fees shall be established annually and be subject to the approval of the commissioner of the metropolitan district commission and the commissioner of administration.

(d) The building manager shall be required to establish and maintain a separate fund in an amount necessary to meet all of the costs and responsibilities for the operation and management of the building. Such fund shall be maintained in accordance with generally accepted accounting principles and the state comptroller's accounting manual. Such fund shall be subject to an annual audit by the state auditor for two consecutive years, after which time this fund shall be subject to biennial audit consistent with the mandate of the state auditor's office contained in section twelve of chapter eleven of the General Laws. In addition, the deputy commissioner shall have the right to undertake or cause to be undertaken an annual audit of the fund.

(e) The deputy commissioner shall, at least annually, prepare a written evaluation of the building manager's performance, and shall

annually, on or before September first, submit to the clerk of the house of representatives who shall forward the same to the joint committee on state administration and the house and senate committees on ways and means a comprehensive report on the management and the condition of the facility.

**SECTION 6.** The deputy commissioner is authorized, subject to the provisions of sections forty E to forty J, inclusive, of chapter seven of the General Laws, to negotiate, execute, and deliver on behalf of the commonwealth, one or more leases for a term or terms up to ten years, with tenants for the use of any net rentable ground floor space within the building, for commercial uses compatible with the surrounding community.

The deputy commissioner is authorized to obtain from each such lessee, at the commencement of the lease term, a security deposit in a reasonable amount to be determined by the deputy commissioner, such deposit to be placed in an interest-bearing escrow account, during the term of the lease, and naming the commonwealth as a beneficiary in the event of a default by lessee.

Each tenant shall be required to carry policies of insurance including (a) comprehensive general liability insurance protecting tenant and the Commonwealth against personal injuries and property damage occurring in the leased premises and appurtenant common areas, and (b) such fire and extended risk insurance, as the deputy commissioner deems appropriate covering all nonstructural portions of the leased premises. Additionally, the lease shall require each tenant to furnish the deputy commissioner with insurance covering and protecting the building against damage resulting from tenant's alteration, or renovation work with the leased premises, in such amounts as deemed appropriate by the deputy commissioner.

The lease shall provide that the commonwealth may repossess the leased premises if payment of rent or any other sum is not timely paid, or if tenant otherwise defaults, and that notwithstanding such default, the tenant will continue to owe the minimum rent and any other such sums due under the lease and shall also be obligated for the commonwealth's cost of releasing the premises.

The commonwealth's leasehold interest shall not be subordinated to the rights of any lender to the lessee.

The rents collected pursuant to such leases shall be deposited into the Building Trust Fund described in section eight, and used for all purposes authorized in connection therewith.

**SECTION 7.** There shall be established and set up on the books of the Commonwealth, a separate fund to be known as the Massachusetts State Track Facility Building Fund. Said fund shall consist of all user fees collected as a result of the use of the Massachusetts State Track Facility, the rents collected pursuant to the retail leases, and all other monies credited or transferred thereto from any other fund or source pursuant to law. Said fund shall be established by the deputy

commissioner and shall be under his exclusive control and supervision. The monies in the fund shall be expended subject to appropriation and the laws relating to state finances, for major capital improvements to the building as they become necessary from time to time, for the establishment of reserve accounts for working capital, and for such other reserves as the deputy commissioner shall determine are necessary.

The deputy commissioner shall file with the commissioner of administration, the house and senate committees on ways and means, the house and senate chairmen of the joint committee on state administration, and the state auditor not later than September first of each year an annual report of the fund's income, expenditures, and available balances, based upon the status of the fund on June thirtieth of the preceding fiscal year. The report shall include the deputy commissioner's recommendations, if any, regarding the transfer of surplus monies from said fund into the General Fund. Said fund shall be subject to an annual audit by the state auditor for two consecutive years, after which time this fund shall be subject to biennial audit consistent with the mandate of the state auditor's office contained in section twelve of chapter eleven of the General Laws. A copy of such audit shall be sent to the clerk of the house of representatives who shall forward the same to the house and senate chairmen of the joint committee on housing and urban development and the house and senate committees on ways and means.

**SECTION 8.** To meet the expenditures necessary for carrying out the provisions of this act, the state treasurer shall, upon request of the governor, issue and sell at public or private sale, bonds of the commonwealth, registered or with coupons attached, in an amount to be specified by the governor but not exceeding in the aggregate thirty-five million dollars. All bonds issued by the commonwealth as aforesaid shall be designated on their face Massachusetts State Track Facility Loan, Act of 1987 and shall be on the serial payment plan for such maximum number of years, not exceeding twenty years, as the Governor may recommend to the General Court pursuant to Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, the maturities thereof to be so arranged that the amounts payable in the several years of the period of amortization, other than the final year, shall be as nearly equal as in the opinion of the state treasurer it is practicable to make them. Said bonds shall bear interest semi-annually at such rate as the state treasurer, with the approval of the governor, shall fix. Such bonds shall be general obligations of the commonwealth.

Approved January 14, 1988.

**Chapter 773. AN ACT FURTHER PREVENTING LEAD POISONING.**

Be it enacted, etc., as follows:

**SECTION 1.** Chapter 21A of the General Laws is hereby amended by adding the following section:–

Section 17. The department of environmental quality engineering shall in consultation with the director of the childhood lead poisoning prevention program and the commissioner of the department of labor and industries, promulgate regulations specifying adequate methods of cover and disposal of soil containing dangerous levels of lead. Such regulations shall be promulgated within one hundred and eighty days after the director of the childhood lead poisoning prevention program has promulgated regulations defining dangerous levels of lead in soil.

**SECTION 2.** Chapter 23B of the General Laws is hereby amended by adding the following section:–

Section 28. The secretary shall establish a grant and loan program which shall assist residential property owners and tenants in financing removal or covering of paint, plaster, soil or other materials on residential premises containing dangerous levels of lead and in paying for interim housing during such removal or covering. To qualify for such grant or loan, the presence of lead must be established by an inspector licensed by the childhood lead poisoning prevention program and the removal or covering must be conducted by a deleader licensed by the department of labor and industries, except as provided in section one hundred and ninety-seven B of chapter one hundred and eleven. The secretary shall administer said program and shall distribute funds through community action agencies, redevelopment agencies, local nonprofit community and housing agencies, and other appropriate agencies and organizations. The secretary shall, by July first, nineteen hundred and eighty-eight, promulgate regulations establishing categorical eligibility criteria and such other regulations as are necessary to administer the program. The secretary shall co-ordinate the program with other federal and state lead removal and residential rehabilitation funding programs. The secretary shall seek to sustain program funding through revolving loan funds and recapture of deferred loans upon the sale of property.

**SECTION 3.** Paragraph (c) of section 10 of chapter 28A of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the third sentence the following sentences:– Each child care program licensed or approved by the office shall include a requirement that each provider obtain from a parent or guardian of a child in care under the age of six years, but not less than two years of age, a statement, signed by a physician or a employee of a health care agency, that said child has been screened for lead poisoning. Said statement shall be obtained upon the child's enrollment if said child is two years of age or older or at the time the child reaches two years of age.

**SECTION 4.** Section 6 of chapter 62 of the General Laws, as so appearing, is hereby amended by adding the following subsection:–

(e) Any owner or tenant of a residential premises who pays for the removal or covering of any paint, plaster, soil or other accessible materials containing dangerous levels of lead shall be allowed a nonrefundable credit in the amount of the cost of said removal or covering or one thousand dollars per dwelling unit, whichever is less. Such credit shall be allowed if the presence of lead is established by an inspector licensed by the childhood lead poisoning prevention program and, following such removal or covering, such inspector files a form with the department of revenue, in recordable form, certifying that the unit has been deleaded in compliance with section one hundred and ninety-seven of chapter one hundred and eleven, and removal or covering is conducted by a deleader licensed by the department of labor and industries except as provided in section one hundred and ninety-seven B of chapter one hundred and eleven. The number of dwelling units, as defined in the state sanitary code, shall be determined as of the date of certification. The commissioner shall, in consultation with the director of the childhood lead poisoning prevention program and the commissioner of the department of labor and industries, promulgate regulations to aid in the implementation of this section. Any taxpayer entitled to the foregoing credit for the then current taxable year may carry forward such unused credit or any unused portions thereof and apply it to his tax liability for any one or more of the succeeding five taxable years.

**SECTION 5.** Section 160 of chapter 111 of the General Laws, as amended by section 14 of chapter 174 of the acts of 1987, is hereby further amended by inserting after the first paragraph the following paragraph:-

The department shall, within one hundred and eighty days of the adoption of a national primary drinking water regulation for lead, promulgate state regulations for lead in drinking water that are no less stringent than the federal standard. Such regulations shall also specify sampling procedures to be followed by water suppliers that are adequate to ensure detection of dangerous levels of lead at all appropriate points in the distribution system, including residential tap water. The department shall monitor the results of such sampling. The department shall also, by July first, nineteen hundred and eighty-eight, promulgate regulations specifying corrosion control measures to be taken by communities in which the drinking water supplied to consumers poses a risk of exposure to dangerous levels of lead.

**SECTION 6.** The second paragraph of section 190 of said chapter 111, as appearing in the 1986 Official Edition, is hereby amended by striking out the last two sentences and inserting in place thereof the following two sentences:- The director shall be responsible, subject to the authority of the commissioner, for carrying out and administering all programs created pursuant to this and the following fourteen sections, except as otherwise indicated herein. As used in this section and the following fourteen sections, "director" shall refer to the lead poisoning control director.

**SECTION 7.** Said chapter 111 is hereby further amended by inserting after section 192 the following section:-

Section 192A. The director shall investigate, field test and, approve new methods of removing or covering paint, plaster, or other materials containing dangerous levels of lead that facilitate compliance with section one hundred and ninety-seven with greater efficiency, safety or economy. The director shall consult with the department of labor and industries prior to field testing or approval of new methods of removal or covering to ensure that these methods are consistent with regulations and laws concerning the occupational safety and health of workers engaged in deleading operations. The director shall establish a task force composed of appropriate representatives of the public and private sectors to review, evaluate and recommend such new methods. The director may contract with persons to support research and development of such new methods.

**SECTION 8.** Said chapter 111 is hereby further amended by striking out sections 193 and 194, as appearing in the 1986 Official Edition, and inserting in place thereof the following three sections:-

Section 193. The director shall establish a program for early identification of cases of lead poisoning. Such program shall systematically screen all children under six years of age for the presence of lead poisoning. The director shall, after consultation with recognized professional medical groups and such other sources as he deems appropriate, promulgate regulations establishing (1) the means by which and the intervals at which children under six years of age shall be screened for lead poisoning and (2) guidelines for the medical follow-up of children found to be lead poisoned. The director may also prescribe a screening schedule for pregnant women, children six years of age and older including such children who exhibit pica, and persons whose cognitive development is delayed or retarded if he finds such additional screening to be medically warranted. Such program shall employ, to the extent possible, residents of the areas in which screening and examinations are conducted, which residents shall not be subject to the provisions of chapter thirty-one, unless required as a condition for receipt of federal funds, or section nine A of chapter thirty.

Such identification program shall, to the extent that all children residing in the commonwealth are not systematically screened, give priority in screenings to children residing, or who have recently resided, in areas where significant numbers of lead poisoning cases have recently been reported or where other reliable evidence indicates that significant numbers of lead poisoning cases may be found.

When the director is informed of a case of lead poisoning pursuant to section one hundred and ninety-one, or otherwise, he shall cause to have screened all other children under six years of age, and such other children as he may find advisable to screen, residing or recently residing in the household of the victim, unless the parents of such child object to said screening because it conflicts with their religious beliefs and practices. The results of such screenings shall be reported to the

director, to the person or agency reporting the original case pursuant to section one hundred and ninety-one, and to such other persons or agencies as the director deems advisable.

The director shall maintain comprehensive records of all screenings conducted pursuant to this section. Such records shall be geographically indexed in order to determine the location of areas of relatively high incidence of lead poisoning. Such records shall be public records, subject to the provision of section one hundred and ninety-one relating to the names of screened individuals. A summary of the results of all screenings conducted pursuant to this section shall be released quarterly, or more frequently if the director so determines, to all interested parties.

All cases or probable cases of lead poisoning, as defined by regulation by the director, found in the course of screenings conducted pursuant to this section shall be reported immediately to the affected individual, to his parent or legal guardian if he is a minor, and to the director. The director shall inform such persons or agencies as he deems advisable of the existence of such case or probable case, subject to the provision of section one hundred and ninety-one relating to the names of individuals.

Section 194. The director shall establish a comprehensive program for detection of sources of lead poisoning. Such program shall attempt, to the extent permitted by appropriations, to locate all residential premises in which the paint, plaster, soil or other accessible material contains dangerous levels of lead. The means of detection and the amount of lead in the paint, plaster, soil or other accessible material that produces the danger of lead poisoning shall be determined by regulation by the director in accordance with sound medical practice and current technical knowledge.

The director shall, by July first, nineteen hundred and eighty-eight, in consultation with the department of environmental quality engineering, promulgate regulations specifying the dangerous level of lead in soil and soil inspection and testing procedures. The department of labor and industries shall, within one hundred and eighty days after the director has promulgated regulations, in consultation with the director, specify safety guidelines for workers undertaking removal or covering of leaded soil. Soil inspection requirements shall apply to inspections of residential premises subject to the requirements of section one hundred and ninety-seven and may, at the discretion of the director, apply to inspections requested by an occupant under this section.

Such program of detection shall, to the extent that all appropriate residential premises are not inspected, give priority in inspections to those residential premises located in areas where significant numbers of lead poisoning cases have recently been reported, and in which children under six years of age reside. Such program shall employ, to the extent possible, residents of the areas in which inspections are conducted, which residents shall not be subject to the provisions of chapter thirty-one, unless required as a condition for receipt of federal funds, or section nine A of chapter thirty.

Upon the request of any occupant, the director shall cause to have the occupant's premises inspected within a reasonable time, not to exceed

ten days, unless systematic inspection of the area in which the person requesting the inspection resides is scheduled within thirty days, in which case said inspection may be deferred up to twenty additional days.

When the director is informed of a case of lead poisoning pursuant to sections one hundred and ninety-one or one hundred and ninety-three, or otherwise, he shall cause to have inspected the residential premises in which the victim resides, or has recently resided, if the occupants of said residential premises consent, after reasonable notice, to such inspection. If the occupant refuses admittance, an agent of the director or of any local board of health or code enforcement agency may apply for a search warrant to permit entry. A court may issue a warrant upon a showing that a victim of lead poisoning resides, or has recently resided in said residential premises. The findings of such inspection shall be reported to the director and to the appropriate enforcement authorities set out in section one hundred and ninety-eight.

A dangerous level of lead found in residential premises inspected pursuant to this section, or otherwise, shall be reported immediately to the owner of the building, all affected tenants, all mortgagees and lienholders of record, the appropriate enforcement authorities set out in section one hundred and ninety-eight, and the director. The director shall inform such other persons or agencies as he deems advisable, and shall cause to have prominently posted on all entrances to said residential premises a notice that said residential premises contains dangerous amounts of lead paint or other materials which children should not be allowed to eat or chew. Such notice may not be removed until all premises have been found to comply with section one hundred and ninety-seven.

When a dangerous level of lead is found in residential premises inspected pursuant to this section, or otherwise, the director shall cause to have screened all children under six years of age, and such other children as he may find advisable to screen, residing or who have recently resided in said residential premises. The results of such screenings shall be reported to the director, the affected individual and his parent or legal guardian. The director shall inform such other persons or agencies as he deems advisable, subject to the provision of section one hundred and ninety-one relating to the names of affected individuals.

The director shall provide by regulation for the implementation by local boards of health, code enforcement agencies and housing inspection agencies of the provisions of this section and the periodic reporting to him of the results of all inspections of residential premises conducted hereunder by said boards and agencies.

The director shall maintain comprehensive records of all inspections conducted pursuant to this section. Such records shall be geographically indexed in order to determine the location of areas of relatively high incidence of dangerous lead levels. Such records shall be public records. A summary of the results of all inspections conducted pursuant to this section shall be released quarterly, or more frequently if the director so determines, to all interested parties.

Section 194A. (a) The director shall, on the basis of high rates of lead poisoning, designate emergency lead poisoning areas. Prior to designation, the director shall promulgate regulations setting forth criteria and priorities to be applied in the designation of such areas.

(b) In each designated emergency lead poisoning area, the following shall be inspected for the presence of dangerous levels of lead:

(1) exteriors of all buildings constructed before nineteen hundred and seventy-eight;

(2) all soil on residential premises and in parks, vacant lots, school grounds, and playgrounds;

(3) the interiors of all residences constructed prior to nineteen hundred and seventy-eight where a child under six years of age resides; and

(4) the interiors of all schools constructed prior to nineteen hundred and seventy-eight where children under six years of age or minors under eighteen years of age whose cognitive development is delayed or retarded receive instruction.

(c) In addition to covering or removal required by section one hundred and ninety-seven, paint, plaster, soil or other accessible material containing dangerous levels of lead and located in residential premises in designated emergency lead poisoning areas shall be removed or adequately covered, pursuant to paragraphs (a) to (e), inclusive, of section one hundred and ninety-seven, upon vacancy of the residential premises. The director shall provide by regulation for the implementation of this subsection by local boards of health or code enforcement agencies.

**SECTION 9.** Said chapter 111 is hereby further amended by striking out sections 197 to 199, inclusive, as so appearing, and inserting in place thereof the following six sections:–

Section 197. (a) Whenever a child under six years of age resides in any residential premises in which any paint, plaster, soil or other accessible material contains dangerous levels of lead, the owner shall remove or cover said paint, plaster, soil or other materials as required by this section so as to make it inaccessible to children under six years of age. Whenever any such residential premises containing said dangerous levels of lead undergoes a change of ownership and as a result thereof, a child under six years of age will become a resident therein, the new owner shall remove or cover said paint, plaster, soil or other material as required by this section so as to make it inaccessible to children under six years of age. Said owner shall remove or cover said paint, plaster, soil or other material so as to make it inaccessible whenever the director or board of health or code enforcement agency so orders because (i) a child under six years of age who is at significant risk of lead poisoning or re-poisoning spends on average more than ten hours per week on the premises for a period of at least one month or (ii) a person of any age with a blood lead elevation who has demonstrated pica or whose cognitive development is delayed or retarded resides in or will reside in the residential premises.

(b) No bank, lending institution, mortgage company or mortgagee, except where such mortgagee takes actual physical possession pursuant to applicable law, shall be considered an owner for purposes of this section or sections one hundred and ninety to one hundred and ninety A.

(c) Prior to the beginning of removal or covering of paint, plaster, soil or other accessible material, the owner or deleader shall notify the director, the occupants of the residential premises, the Massachusetts historical commission if the premises is listed on the state register of historic places, the department of labor and industries and the local board of health or code enforcement agency of the date on which such removal or covering will occur and the method of removal or covering that will be used. Such removal or covering shall, pursuant to regulations promulgated by the director to ensure the safety of occupants, be performed as follows:

(1) All peeling paint, plaster or other material, on both interior and exterior surfaces and fixtures, shall be removed or adequately covered.

(2) Paint, plaster or other material that is not peeling shall be removed or covered on door frames below the five foot level and four inches from all edges; stair rail spindles; stair treads from the lip to the riser on the bottom and four inches back from the lip on the top of the tread; doors below the five foot level and four inches from all edges; stair rails; porch railings; and all other exterior and interior surfaces or fixtures that may be readily chewed by children.

(3) Paint, plaster or other accessible material, whether or not it is peeling, shall be removed or covered on the interior and exterior surfaces of windows having sills below the five foot level when such surfaces are either movable or impact on movable surfaces. Surfaces shall include, but are not limited to, interior and exterior window sashes, window sills, and mullions; window wells and parting beads; headers on the lower side of the window that impact on the sash; and interior and exterior inner sides of the window casings that impact on the sash.

(4) Exterior paint shall be removed pursuant to regulations issued by the director, after consultation with the department of environmental quality engineering, and the Massachusetts historical commission specifying acceptable methods and prescribing shrouding or other containment methods; provided, however, that the director may ban sandblasting of exterior lead-based paint where he determines that children under six years of age are at risk of exposure to dangerous levels of lead. The use of potassium or sodium hydroxide in removing exterior lead-based paint is prohibited. Such regulations shall recommend appropriate methods for removal or covering for properties listed on the state register of historic places. Local boards of health or code enforcement agencies shall enforce compliance with these exterior deleading regulations and may ban or otherwise more stringently regulate methods for removal of exterior paint containing dangerous levels of lead.

(5) Paint chips, dust and other debris created by the removal or covering of interior or exterior paint or soil shall be cleaned up by the

person performing the removal or covering in conformance with regulations promulgated by the director.

(6) Soil shall be removed or covered pursuant to an order issued by the director or board of health or code enforcement agency after a determination that soil containing dangerous levels of lead poses a danger to a child under six years of age who is at significant risk of poisoning or repointing.

(7) Following the phase-in period permitted by subsection (b) of section one hundred and ninety-seven B, removal, covering, and daily and final clean-up of paint, plaster, soil or other accessible material required under this section shall be conducted only by a deleader licensed by the department of labor and industries.

(8) Repainting with non-lead-based paint, without removal of the offending paint, plaster or other accessible material, shall not constitute compliance with this section.

(d) When a residential premises meets the requirements of this section, the owner may obtain a letter of compliance from an inspector licensed pursuant to section one hundred and ninety-seven B.

(e) No person shall occupy a dwelling unit while removal or covering is taking place and until such time as the dwelling unit has been cleaned up and found to be in compliance with this section except pursuant to regulations issued by the director. Such regulations shall establish that pregnant women and children are not permitted to occupy the dwelling unit except pursuant to specified conditions established on a case-by-case basis by the state program or the local board of health or code enforcement agency upon a finding that such occupancy will not endanger or materially impair the health or well-being of any occupant.

(f) The provisions of this section shall apply to every owner of residential premises whenever a child or children under six years of age resides therein or whenever such premises undergoes a change of ownership and as a result thereof a child or children under six years of age shall reside therein, whether or not the premises have been inspected pursuant to section one hundred and ninety-four, one hundred and ninety-four A, or otherwise. This section shall apply, whether or not a child under six years of age resides in the residential premises, whenever a court or the Massachusetts commission against discrimination has made a final determination that discrimination has occurred in violation of paragraph 11 of section four of chapter one hundred and fifty-one B with respect to premises containing dangerous levels of lead in paint, plaster, soil, or other accessible material.

(g) This section shall be strictly construed and enforced so as to best protect the safety of occupants of residential premises in which a child or children under six years of age resides.

Section 197A. Prospective purchasers of residential premises constructed prior to nineteen hundred and seventy-eight shall be notified about the hazards of lead in paint, plaster, soil and other material in residential premises and the requirements for their removal or covering as follows:

(a) The director shall, by July first, nineteen hundred and eighty-eight, prepare a standard notification form and such other materials as may be necessary to inform prospective purchasers about: the possible presence of dangerous levels of lead in such premises, the symptoms and treatment of lead poisoning, and the requirements of the lead law and regulations, including the provisions concerning liability for failure to abate lead hazards and prohibitions against unlawful discrimination. Such form and materials shall be revised from time to time as appropriate.

(b) Effective July first, nineteen hundred and eighty-eight, all persons selling residential premises constructed prior to nineteen hundred and seventy-eight shall, prior to the signing of a purchase and sale agreement, provide a copy of the form and other materials prepared pursuant to subsection (a) to the prospective purchaser. In addition to and at the time of providing said notification, such seller shall provide the prospective purchaser with any letter of compliance for the residential premises issued pursuant to subsection (d) of section one hundred and ninety-seven of this chapter and such seller and any real estate agent involved in the sale shall disclose to the prospective purchaser any information known to the seller or real estate agent about the presence of paint, plaster, soil or other materials containing dangerous levels of lead in the residential premises.

(1) The prospective purchaser shall also be informed by the seller and any such real estate agent about the availability of inspections for dangerous levels of lead. If, after receiving said notice, the prospective purchaser chooses to have an inspection done, the seller shall afford the prospective purchaser a period of ten days or such longer time as the seller and purchaser may agree to have such inspection performed, either through a lead inspection contingency in the purchase and sale agreement or otherwise.

(2) If any real estate agent involved in the sale has provided the prospective purchaser with the required information and materials, they shall verbally inform the prospective purchaser of the possible presence of dangerous levels of lead and the provisions of the lead law and regulations. At that time or at any time prior to signing of the purchase and sale agreement, any such real estate agent shall obtain the prospective purchaser's certification that he or she has been notified.

(c) Any person who fails to comply with the provisions of this section shall be liable for all damages caused by his failure to comply and shall in addition be liable for a civil penalty not to exceed one thousand dollars. A violation of this section by a person engaged in the conduct of trade or commerce shall also be considered an unfair or deceptive act or practice within the meaning of section two of chapter ninety-three A.

Section 197B. (a) The director shall, by July first, nineteen hundred and eighty-eight, establish regulations for the licensing of lead paint inspectors. The director shall prescribe the requirements for licensure and may set conditions and restrictions governing the revocation and suspension of licenses.

(1) No persons shall enter into engage in or conduct lead paint

inspections unless such person shall have received a license therefor.

(2) The director may, by regulation, authorize employees of the state program, local boards of health and code enforcement agencies to temporarily conduct inspections without receiving such a license during a period ending July first, nineteen hundred and ninety. The director shall set a date after which only licensed inspectors may conduct inspections adequate to comply with sections one hundred and ninety to one hundred and ninety-nine, inclusive, and to qualify for tax credits under paragraph (c) of section six of chapter sixty-two, or grants or loans under section twenty-eight of chapter twenty-three B, but in no event shall that date be later than July first, nineteen hundred and ninety. The director shall also set out the conditions, if any, under which unlicensed inspectors may conduct such inspections during this transition period.

(b) The department of labor and industries shall, by July first, nineteen hundred and eighty-eight and in consultation with the director, establish regulations for the licensing of deleaders. The department of labor and industries shall prescribe the requirements for licensure and may set conditions and restrictions governing the revocation and suspension of licenses.

(1) Such regulations shall require the training of workers in subjects including, but not limited to, safe work practices, instruction in health risks, precautionary measures, protective equipment, and other safeguards, including practices to prevent contamination of the residential premises, ambient discharges and ground contamination. On site instruction shall be a component of the required training.

(2) No person shall enter into engage in or conduct deleading operations unless such person shall have received a license therefor.

(3) The commissioner of the department of labor and industries, jointly with the director, shall set a date after which only licensed deleaders may conduct removal and covering adequate to comply with section one hundred and ninety-seven and to qualify for tax credits under paragraph (c) of section six of chapter sixty-two or grants or loans under section twenty-eight of chapter twenty-three B, but in no event shall that date be later than July first, nineteen hundred and ninety. The commissioner, jointly with the director, shall also set out the conditions, if any, under which unlicensed deleaders may conduct such removal and covering during this transition period.

(c) The department of labor and industries shall, by July first, nineteen hundred and eighty-eight and in consultation with the director, promulgate regulations to protect the occupational safety and health of licensed lead paint inspectors and deleaders. Such regulations may be more, but not less, stringent than applicable federal standards. The department shall also, by July first, nineteen hundred and eighty-eight and in consultation with the director, promulgate regulations specifying licensing requirements and/or safety procedures to be used by all persons employed in performing renovations or rehabilitation in a manner that disturbs paint, plaster or other materials containing dangerous levels of lead.

(d) All private laboratories which perform lead testing for persons

other than those engaged in deleading operations shall be certified by the department of public health and shall follow testing protocols established by the department of public health. Lead testing of workers engaged in deleading operations shall be performed by the department of labor and industries or by laboratories certified by the department of labor and industries and the results of such testing shall be reported to the department of labor and industries and the director.

(e) The director and the commissioner of the department of labor and industries shall charge fees for licensure and certification in an amount determined annually by the commissioner of administration under the provisions of section three B of chapter seven.

(f) The director, with respect to licensing of lead paint inspectors under subsection (a), and the department of labor and industries, with respect to licensing of deleaders under subsection (b), shall enforce the provisions of this section as appropriate and shall have all necessary powers therefore.

(1) The appropriate agency may revoke, suspend, cancel or deny any certification or any license, at any time, if it believes that the terms or conditions thereof are being violated or that the holder of or applicant for the certification or license has violated any regulation of the department of public health or the department of labor and industries or any other regulation or law of the commonwealth. Any person aggrieved by a determination by the director or the department to issue, deny, revoke or suspend any certification or license may request an adjudicatory hearing under the provisions of chapter thirty A.

(2) Any person who violates the terms or conditions of any certification or license issued under this section or any regulation or law of the commonwealth concerning such licensing or certification shall be punished by a fine of not less than five hundred nor more than fifteen hundred dollars for each offense. The director or the department of labor and industries may file a written complaint with the district court in the jurisdiction in which the violation occurred. Punishment by fine under this section may be in addition to the suspension of any license or certification.

(3) A representative of the director or the department of labor and industries or a board of health or local code enforcement agency may issue an immediate cease-work order to any person who violates the terms or conditions of any license issued under this section or any provision of this section or section one hundred and ninety-seven or any regulation or order issued thereunder if such violation will endanger or materially impair the health or well-being of any occupant of a residential premises, any lead paint inspector, any deleader or any person employed in performing renovations or rehabilitation in a manner that disturbs paint, plaster or other materials containing dangerous levels of lead.

(4) Nothing in this section shall be construed to limit the authority of the department of labor and industries under chapter one hundred and forty-nine.

Section 198. Any violation of sections one hundred and ninety-four A.

one hundred and ninety-six and section one hundred and ninety-seven may be treated by any party as a violation of the state sanitary code and all procedures and remedies applicable to such violations of said sanitary code shall be available to correct, deter or punish violations of said sections. The district and superior courts shall have jurisdiction to enforce the provisions of said sections to the same extent that said courts have jurisdiction to enforce said sanitary code.

All local boards of health or other code enforcement agencies, including in the city of Boston the commissioner of housing inspection shall enforce sections one hundred and ninety-four A, one hundred and ninety-six and section one hundred and ninety-seven in the same manner and with the same authority as they may enforce the sanitary code. The director shall provide by regulation for the implementation by local boards of health, code enforcement agencies and housing inspection agencies of the provisions of this section and the periodic reporting to him of the results of all actions undertaken hereunder by said boards and agencies.

The director shall have concurrent responsibility and authority to enforce sections one hundred and ninety-four A, one hundred and ninety-six and section one hundred and ninety-seven and in so doing shall have available to him all powers and authority which shall be available to local boards of health pursuant to sections one hundred and twenty-seven A to one hundred and twenty-seven K, inclusive.

Violations of sections one hundred and ninety-four A, one hundred and ninety-six and section one hundred and ninety-seven shall be treated as emergency matters, and shall be given preference by enforcing agencies and speedy hearings by district and superior courts.

Section 199. The owner of any residential premises shall be liable for all damages caused by his failure to comply with the provisions of subsection (c) of section one hundred and ninety-four A, subsection (a) of section one hundred and ninety-six, or section one hundred and ninety-seven. The owner of any residential premises who is notified of a dangerous level of lead in paint, plaster, soil or other material present upon his premises pursuant to section one hundred and ninety-four, and who does not satisfactorily correct or remove said dangerous conditions shall in addition to the provisions of the preceding paragraph be subject to punitive damages, which shall be treble the actual damages found. The remedy provided by this section is not exclusive and supplements any existing statutory or common law cause of action. No bank, lending institution, mortgage company or mortgagee, except where such mortgage takes actual possession pursuant to applicable law, shall be liable in any action brought under this section.

Section 199A. (a) It shall be an unlawful practice for purposes of chapter one hundred and fifty-one B for the owner, lessee, sublessee, real estate broker, assignee, mortgagee, or managing agent of any residential premises to refuse to sell, rent, lease, finance, or otherwise deny to or withhold from any person or to discriminate against any person in the terms, conditions or privileges of the sale, rental,

financing, or lease of such residential premises, because such premises do or may contain paint, plaster, soil or other materials containing dangerous levels of lead or because the sale, rental, financing, or lease would trigger duties under the lead law or regulations or because a person chooses to exercise any right under the lead law or regulations. Any person claiming to be aggrieved by an alleged unlawful practice as herein defined may file a complaint pursuant to section five of chapter one hundred and fifty-one B and all provisions of that chapter shall be applicable to such complaints. Nothing contained in this section shall restrict the right of any bank, lending institution or mortgagee to process or deny a mortgage application in accordance with accepted underwriting practices or criteria.

(b) Refusing to rent to families with children in violation of paragraph eleven of section four of chapter one hundred and fifty-one B shall not constitute compliance with the lead law and regulations.

(c) Refusing to renew the lease of or evicting families with children shall not constitute compliance with the lead law and regulations. Such evictions shall also constitute a violation of section two of chapter ninety-three A and section eighteen of chapter one hundred and eighty-six.

**SECTION 10.** Chapter 112 of the General Laws is hereby amended by inserting after section 12AA, inserted by section 1 of chapter 440 of the acts of 1987, the following section:-

Section 12BB. Each physician duly registered under the provisions of section two, two A, nine, nine A, or nine B shall screen patients for lead poisoning at the intervals and using the methods specified in the regulations adopted pursuant to section one hundred and ninety-three of chapter one hundred and eleven. Each licensed, registered or approved health care facility serving children under six years of age, including but not limited to hospitals and clinics licensed under the provisions of section fifty-one of chapter one hundred and eleven and health maintenance organizations approved under the provisions of chapter one hundred and seventy-six G, shall take appropriate steps to ensure that their patients receive such lead poisoning screening.

**SECTION 11.** Paragraph 11 of section 4 of chapter 151B of the General Laws, as appearing in the 1986 Official Edition, is hereby amended by inserting after the first sentence the following sentence:- When the commission or a court finds that discrimination in violation of this paragraph has occurred with respect to a residential premises containing dangerous levels of lead in paint, plaster, soil, or other accessible material, notification of such finding shall be sent to the director of the childhood lead poisoning prevention program.
