SECTION 589. (a) Upon the request of the selectmen in a town, the city council in a plan E city or the mayor in any other city, the department of revenue may recalculate the minimum required local contributions, as defined in section two of chapter seventy of the General Laws, in the fiscal year ending on June thirtieth, nineteen hundred and ninety-seven. Based on the criteria outlined in this section, the department shall recalculate the minimum required local contributions for a municipality's local and regional schools and certify the amounts calculated to the department of education. (b) Any city or town that used qualifying revenue amounts in a fiscal year which will not be available for use in the next year, or that will be required to use revenues for extraordinary non-school related expenses for which it did not have to use revenues in the preceding fiscal year, or that has an excessive certified municipal revenue growth factor which is also greater than or equal to one and one-half times the state average municipal revenue growth factor, may appeal to the department of revenue no later than October first, nineteen hundred and ninety-six for an adjustment of its minimum required local contribution and net school spending. (c) If the claim is determined

to be valid, the department of revenue may reduce proportionately the minimum required local contribution amount based on the amount of shortfall in revenue or based on the amount of increase in extraordinary expenditures in the current fiscal year, but no adjustment to the minimum required local contribution on account of an extraordinary expense raised in the budget of the fiscal year ending on June thirtieth, nineteen hundred and ninety-seven, shall affect the calculation of the minimum required local contribution in subsequent fiscal years. Qualifying revenue amounts shall include but not be limited to extraordinary amounts of free cash, overlay surplus, and other available funds. (d) If, upon submission of adequate documentation, the department of revenue determines that the municipality's claim regarding an excessive municipal revenue growth factor is valid, said department shall recalculate said municipal revenue growth factor and the department of education shall use this revised growth factor to calculate preliminary local contribution, minimum required local contribution and any other factor that directly or indirectly uses the municipal revenue growth factor. Any relief granted as a result of an excessive municipal-revenue growth factor shall be a permanent reduction in minimum required local contribution. (e) Upon the request of the selectmen in a town, the city council in a plan E city, or the mayor in any other city, in a majority of the member municipalities, any regional school district which used qualifying revenue amounts in a fiscal year that will not be available for use in the next fiscal year shall appeal to the department of revenue not later than October first, nineteen hundred and ninety-six, for an adjustment to its net school spending requirement. If the claim is determined to be valid, the department of revenue shall reduce the net spending requirement based on the amount of the shortfall in revenue and reduce the minimum required local contribution of member municipalities accordingly. Qualifying revenue amounts shall include but not be limited to extraordinary amounts of excess and deficiency, surplus, and uncommitted reserves. (f) Any regional school district which received regional school incentive aid in fiscal year nineteen hundred and ninety-five shall, upon the request of the selectmen in a town, the city council in a plan E city, or the mayor in any other city, in a majority of the member municipalities, appeal to the department of education for an adjustment in the minimum required local contribution of its member municipalities. The department of education may reduce the increased assessment of the member municipalities as a result of the reorganization of the regional school district by using a portion of the regional incentive aid to reduce the prior year local contribution. (g) If the regional school budget has already been adopted by two-thirds of the member municipalities, then upon a majority vote of the member municipalities the regional school committee shall adjust the assessments of the member municipalities in accordance with the reduction in minimum required local contributions approved by the department of revenue or the department of education in accordance with the provisions of this section. (h) Notwithstanding the provisions of clause (14) of section three of chapter two hundred fourteen of the General Laws or any other general or special law to the contrary, the amounts so determined shall be deemed to be the minimum required local contribution described in said chapter seventy; provided, however, that the house and senate committees on ways and means and the joint committee on education, arts and humanities shall be notified by the department of revenue

and the department of education of the amount of any reduction in the minimum required local contribution amount. (i) In the event that a city or town has an approved budget that exceeds the recalculated minimum required local contribution and net school spending amounts for its local school system or its recalculated minimum required local contribution to its regional school districts as provided by this section, the local appropriating authority shall determine the extent to which the community avails itself of any relief authorized under this section. (j) The amount of financial assistance due from the commonwealth in fiscal year nineteen hundred and ninety-seven under chapter seventy or any other provision of law shall not be changed on account of any redetermination of the required minimum local contribution under this section. The department of revenue and the department of education shall issue guidelines for their respective duties under this section. (k) Any city, town or regional school district that has long term debt due to school building construction and is in the first year of receiving School Building Assistance Bureau assistance grant money for a new project may apply for recalculation of the minimum required local contribution to exclude any such first year new grant money from the excess debt service calculation; provided, that eligibility for such recalculation shall not recur in subsequent years.

SECTION 590. Notwithstanding the provisions of section thirty of chapter twenty-nine of the General Laws or any other general or special law to the contrary, the division of energy resources is hereby authorized to procure, in accordance with all applicable procurement and solicitation laws, comprehensive motor vehicle insurance coverage for electric vehicles purchased for use in the commonwealth's electric vehicle demonstration program; provided, however, that nothing in this section shall be construed so as to require any additional state appropriated funds for the division of energy resources; and provided further, that such coverage may continue or be renewed until the conclusion of said electric vehicle demonstration program.

SECTION 591. Notwithstanding the definition of "Net school spending" in section two of chapter seventy of the General Laws, for the purpose of calculating the minimum required local contribution for fiscal year nineteen hundred and ninety-six, pursuant to chapter seventy of the General Laws, the department of education shall consider health care costs for retired teachers to be part of net school spending for any town in which health care costs for retired teachers were considered to be part of net school spending in fiscal year nineteen hundred and ninety-four. The department shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year nineteen hundred and ninety-four. If there is any conflict between the provisions of this section and the distributions listed in section three, said section three shall control.

SECTION 592. Notwithstanding the provisions of any general or special law to the contrary, each area director within the department of social services shall provide access to and working space within the area office for one designated representative or employee of the area board, and shall respond promptly to reasonable requests for information from such designated representative or employee. The performance evaluations of each such regional or area director shall include an assessment of the director's success in developing a working

relationship with the regional advisory council or area board in subject areas, including but not limited to development of the annual plans, development of the annual budget, and involvement in recruitment and hiring. The members of the regional advisory council or area board shall be provided an opportunity to submit comments to the commissioner on the director's performance in this regard. Such comments shall be considered in evaluating the director's performance and shall be included in the director's personnel file.

SECTION 593. Notwithstanding the provisions of any general or special law to the contrary, on or before January fifth, nineteen hundred and ninety-seven, the commissioner of the department of social services shall promulgate regulations requiring that all foster homes be licensed by the department and establishing the procedures and requirements for such licensure. The commissioner shall develop such regulations for public notice and comment after consultation with and advice from the secretary of the executive office of health and human services, the state advisory council, the regional directors and regional advisory councils, the area directors and the area boards. The regulations shall have an effective date of no later than the fifteenth day of February, nineteen hundred and ninety-seven, provided, however, that the regulations may provide for "grandfathering", so-called, of existing foster homes for a period not to exceed one year. The licensure requirements shall include, but shall not be limited to minimum standards for qualification as a foster home; provision for development of family profiles and individual assessments of all members of each foster household, including, but not limited to strict compliance with the requirements of section ten A of chapter twenty-eight A of the General Laws and individualized determinations of the maximum number of foster children which can simultaneously be placed in each home; provided, however, that such number may vary depending on the ages, special needs or specialized care needed by the children to be placed in the home; and provided further, that such number shall not exceed the maximum allowed pursuant to section nine of said chapter twenty-eight A.

SECTION 594. The commissioner of the department of social services, in consultation with the statewide advisory council, the regional directors and regional advisory councils, the area director and area boards, and the collective bargaining representatives of the employees of the department, shall study and submit a report to the senate and house committees on ways and means and the joint committee on human services no later than April first, nineteen hundred and ninety-seven, regarding the extent to which graduates of the schools of social work in the commonwealth are or are not prepared to perform the duties of social workers required by the department of social services and the agencies with which the department contracts for services; the areas in which the curricula in such schools are succeeding or failing to prepare graduates for immediate service as social workers in the department of social services and the agencies with which the department contracts for services; and recommendations as to how the schools of social work could better prepare their graduates to fulfill the needs of the department of social services and the agencies with which the department contracts to provide services.

SECTION 595. Notwithstanding the provisions of section nine of chapter twenty-eight A of the General Laws, effective June thirtieth, nineteen hundred and ninety-seven, or at such time as the department of social services certifies to the secretary of human and community services that implementation will not adversely affect the quality and availability of foster care in the commonwealth, whichever occurs first, family foster care shall be defined as a private residence in which no more than a total of six children are living, including four children under eighteen years of age receiving substitute parental care on a regular, twenty-four-hour-a-day, residential basis by anyone other than a relative by blood or marriage; provided, however, that such care may be provided for more than four foster children, and more than a total of six children may live in such residence, where the department determines, on a case-by-case basis, with the approval of the secretary, that such an arrangement is necessary in order to place siblings in the same residence, is necessary in order to provide family foster care for children with special medical, psychological or social needs, or, with respect to foster homes in which more than four foster children and more than a total of six children were living as of the effective date of this section, is necessary in order to preserve continuity and stability of care.

SECTION 596. Notwithstanding the provisions of any general or special law to the contrary, including, but not limited to chapter one hundred and eighteen G of the General Laws, in hospital fiscal years nineteen hundred and ninety-seven and nineteen hundred and ninety-eight, a public payor-dependent non-acute hospital shall be eligible for rates promulgated by the division of health care finance and policy including any administratively necessary day rates and terms of payment from the division of medical assistance that shall, at a minimum, be no less than the rate and terms of payment promulgated for each such hospital based on the system of reimbursement in effect immediately prior to the effective date of this act; provided, however, that said system shall account for (1) the rate of inflation in the economy generally, as measured by a composite price index to be specified in regulations promulgated by the division of health care finance and policy; (2) any increase beyond that allowed by virtue of application of such index resulting from increases in volume not otherwise off-set by decreases in volume, such volume increases or decreases to be measured in a manner specified in said regulations; (3) changes in service intensity; and (4) such increases, not otherwise justified by clauses (1), (2) and (3), which result from cost increases beyond the reasonable control of the individual hospital; provided, that cost increases resulting from expenditures not considered to be a substantial capital expenditure as defined in section twenty-five B of chapter one hundred and eleven of the General Laws shall not be deemed costs beyond the reasonable control of the individual hospital. Such rates of payment so established shall meet all statutory and regulatory provisions of Title XIX of the Social Security Act, as such act existed on September first, nineteen hundred and ninety-five. Said division of health care finance and policy shall, for the hospital fiscal years during which this section is effective, establish the rates required by this section prior to the commencement of the fiscal year for each such public payor-dependent non-acute hospital. Any public payor-dependent non-acute hospital aggrieved by any action or failure to act by

the division of health care finance and policy pursuant to this section may, unless another appeal is provided for by law, file an appeal with the division of administrative law appeals established pursuant to section four H of chapter seven of the General Laws. Said appeal shall be filed within thirty days of a hospital's receipt of notice of any action by the division or at any time in the event of inaction by the division. On any such appeal the division of administrative law appeals shall conduct an adjudicatory proceeding which shall be governed by the provisions of chapter thirty A of the General Laws. The division of administrative appeals shall determine whether the division's application of its regulations to an individual hospital or any other action or failure to act by the division is in conformity with law and, notwithstanding that said regulations may have been correctly applied, that all charges, allowed costs, reasonable financial requirements, rates, and prices meet the provision of this section, are fair, reasonable and adequate, and are otherwise in accordance with law. Judicial review of the division's decision and order shall be governed by section fourteen of chapter thirty A of the General Laws. Any hospital may seek interim relief from the superior court while any such appeal is pending. Any petitions, lawsuits, appeals, and other proceedings filed prior to the effective date of this section by a non-acute hospital, including but not limited to, those filed under former section thirty-two of chapter six A of the General Laws shall continue unabated and remain in force notwithstanding the passage of this act, and shall thereafter be adjudicated or adjudged under the provisions of said laws. For the purposes of this section, a "public payor-dependent non-acute hospital" is any non-acute hospital that (1) was certified by the secretary of the United States department of health and human services as participating in the federal medicare program pursuant to clause (iv) of 42 U.S.C. section 1395ww (d)(1)(B) on January first, nineteen hundred and ninety-six (2) is not owned by the commonwealth; and (3) exhibits a payor mix whereby a minimum of fifteen percent of said hospital's gross patient service revenue, as reported on the RSC-403 for hospital fiscal year nineteen hundred and ninety-four, was attributable to Title XIX of the federal Social Security Act; provided, that such term does not include a hospital that was reimbursed for services provided to individuals entitled to medical assistance under chapter one hundred and eighteen E for fiscal year nineteen hundred and ninety-six pursuant to a contract between the hospital and the division of medical assistance.

SECTION 599. All petitions, hearings, appeals and other proceedings duly brought before, and all legal and other proceedings duly begun by the department of medical security or the rate setting commission or employee thereof transferred pursuant to the provisions of this act shall continue unabated and remain in force notwithstanding the passage of this act, and shall thereafter be completed by such department, commission or employee.

SECTION 600. Whenever the name of the department of medical security or the rate setting commission or employee thereof which shall be transferred pursuant to the provisions of this act appears in any general or special law, rule, or regulation, such name shall be deemed to mean and be construed as referring to the division of health care finance and policy, the department of public health, or the division of employment and training, as applicable, pursuant to the provisions of this act.

Said commissioner shall revise the estimated workers' compensation costs for each agency on the first day of each quarter of the fiscal year commencing July first, nineteen hundred and ninety-six. Within thirty days after the effective date of this section, for any agency that fails to encumber funds sufficient to meet the annual estimated charges, the comptroller is hereby authorized and directed to encumber

funds that are sufficient to meet the annual charges on behalf of such agency. Costs to agencies for benefits paid on behalf of their employees shall be allocated as actual expenditures are made. Administrative expenses shall be allocated to agencies based on each agency's percent of total benefits paid in the prior fiscal year. The comptroller shall charge each agency's workers' compensation costs to the agency's appropriation amount and shall transfer said amount to item 1108-6201 of section two B for the purposes of workers' compensation paid with respect to public employees for any costs, including administrative costs, incurred during the fiscal year. The division of public employee retirement administration may expend an amount so collected for all agencies under this section not to exceed forty-five million dollars for hospital, physician, benefits, and other costs, including administrative costs, without further appropriation. Not later than fourteen days after the effective date of this section, and on the first day of each succeeding quarter during the fiscal year, the division of public employee retirement administration shall bill agencies for twenty-five percent of said agency's annual estimated workers' compensation costs. Each agency shall be credited or billed for any differences between the previous quarter's estimated costs and actual costs incurred by said agency. The commissioner of the division of public employee retirement administration is authorized to establish regulations and procedures to implement this section.

(ii) intended to incur, or believed or reasonably should have believed that he would incur, debts beyond his ability to pay as they became due.

(b) In determining actual intent under paragraph (1) of subsection (a), consideration may be given, among other factors, to whether:

(2) the debtor retained possession or control of the property transferred after the transfer;

(3) the transfer or obligation was disclosed or concealed;

(b) A transfer made by a debtor is fraudulent as to a creditor whose claim arose before the transfer was made if the transfer was made to an insider for an antecedent debt, the debtor was insolvent at that time, and the insider had reasonable cause to believe that the debtor was insolvent.

Section 7. For the purposes of this chapter:

(1) a transfer is made:

(i) with respect to an asset that is real property other than a fixture, but including the

interest of a seller or purchaser under a contract for the sale of the asset, when the transfer is so far perfected that a good-faith purchaser of the asset from the debtor against whom applicable law permits the transfer to be perfected cannot acquire an interest in the asset that is superior to the interest of the transferee; and

(ii) with respect to an asset that is not real property or that is a fixture, when the transfer is so far perfected that a creditor on a simple contract cannot acquire a judicial lien otherwise than under this chapter that is superior to the interest of the transferee;

(2) if applicable law permits the transfer to be perfected as provided in paragraph (1) and the transfer is not so perfected before the commencement of an action for relief under this chapter, the transfer shall be deemed made immediately before the commencement of the action;

(3) if applicable law does not permit the transfer to be perfected as provided in paragraph (1), the transfer is made when it becomes effective between the debtor and the transferee;

(4) a transfer is not made until the debtor has acquired rights in the asset transferred;

(5) an obligation is incurred:

(i) if oral, when it becomes effective between the parties; or

(ii) if evidenced by a writing, when the writing executed by the obligor is delivered to or for the benefit of the obligee.

(1) avoidance of the transfer or obligation to the extent necessary to satisfy the creditor's claim;

(3) subject to applicable principles of equity and in accordance with applicable rules of civil procedure,

(i) an injunction against further disposition by the debtor or a transferee, or both, of the asset transferred or of other property;

(ii) appointment of a receiver to take charge of the asset transferred or of other property of the transferee; or

(iii) any other relief the circumstances may require.

(b) If a creditor has obtained a judgment on a claim against the debtor, the creditor, if the court so orders, may levy execution on the asset transferred or its proceeds.

Section 9. (a) A transfer or obligation is not voidable under paragraph (1) of subsection (a) of section five against a person who took in good-faith and for a reasonably equivalent value or against any subsequent transferee or obligee.

(b) Except as otherwise provided in this section, to the extent a transfer is voidable in an action by a creditor under paragraph (1) of subsection (a) of section eight, the creditor

may recover judgment for the value of the asset transferred, as adjusted under subsection (c), or the amount necessary to satisfy the creditor's claim, whichever is less. The judgment may be entered against:

(1) the first transferee of the asset or the person for whose benefit the transfer was made; or

(2) any subsequent transferee other than a good-faith transferee or obligee who took for value or from any subsequent transferee or obligee.

(c) If the judgment under subsection (b) is based upon the value of the asset transferred, the judgment shall be for an amount equal to the value of the asset at the time of the transfer, subject to adjustment as the equities may require.

(d) Notwithstanding voidability of a transfer or an obligation under this chapter, a good-faith transferee or obligee is entitled, to the extent of the value given the debtor for the transfer or obligation, to

(1) a lien on or a right to retain any interest in the asset transferred;

(2) enforcement of any obligation incurred; or

(3) a reduction in the amount of the liability on the judgment.

(e) A transfer is not voidable under paragraph (2) of subsection (a) of section five or section six if the transfer results from:

(1) termination of a lease upon default by the debtor when the termination is pursuant to the lease and applicable law; or

(2) enforcement of a security interest in compliance with Article 9 of chapter one hundred and six.

(f) A transfer is not voidable under subsection (b) of section six:

(1) to the extent the insider gave new value to or for the benefit of the debtor after the transfer was made unless the new value was secured by a valid lien;

(2) if made in the ordinary course of business or financial affairs of the debtor and the insider; or

(3) if made pursuant to a good-faith effort to rehabilitate the debtor and the transfer secured present value given for that purpose as well as an antecedent debt of the debtor.

Section 10. A cause of action with respect to a fraudulent transfer or obligation under this chapter shall be extinguished unless action is brought:

(a) under paragraph (1) of subsection (a) of section five, within four years after the transfer was made or the obligation was incurred or, if later, within one year after the transfer or obligation was or could reasonably have been discovered by the claimant;

(b) under paragraph (2) of subsection (a) of section five or subsection (a) of section six, within four years after the transfer was made or the obligation was incurred; or

(c) under subsection (b) of section six, within one year after the transfer was made or the obligation was incurred.

Section 11. Unless otherwise required by the provisions of this chapter, the principles of law and equity, including the law merchant and the law relating to principal and agent, estoppel, laches, fraud, misrepresentation, duress, coercion, mistake, insolvency, or other validating or invalidating cause, shall supplement its provisions.

Section 12. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states which enact it.

"Securities account".	Section 8-501.

(c) In addition, article 1 contains general definitions and principles of construction and interpretation applicable throughout this article.

(d) The characterization of a person, business, or transaction for purposes of this article does not determine the characterization of the person, business, or transaction for purposes of any other law, regulation, or rule.

Section 8-103. Rules for Determining Whether Certain Obligations and Interests are Securities or Financial Assets.

(a) A share or similar equity interest issued by a corporation, business trust, joint stock company, or similar entity is a security.

(b) An "investment company security" is a security. "Investment company security" means a share or similar equity interest issued by an entity that is registered as an investment company under the federal investment company laws, an interest in a unit investment trust that is so registered, or a face-amount certificate issued by a face-amount certificate com-

pany that is so registered. Investment company security does not include an insurance policy or endowment policy or annuity contract issued by an insurance company.

(c) An interest in a partnership or limited liability company is not a security unless it is dealt in or traded on securities exchanges or in securities markets, its terms expressly provide that it is a security governed by this article, or it is an investment company security. However, an interest in a partnership or limited liability company is a financial asset if it is held in a securities account.

(d) A writing that is a security certificate is governed by this article and not by article 3, even though it also meets the requirements of that article. However, a negotiable instrument governed by article 3 is a financial asset if it is held in a securities account.

(e) An option or similar obligation issued by a clearing corporation to its participants is not a security, but is a financial asset.

(f) A commodity contract, as defined in section 9-115, is not a security or a financial asset.

Section 8-104. Acquisition of Security or Financial Asset or Interest Therein.

(a) A person acquires a security or an interest therein, under this article, if:

(1) the person is a purchaser to whom a security is delivered pursuant to section 8-301; or

(2) the person acquires a security entitlement to the security pursuant to section 8-501.

(b) A person acquires a financial asset, other than a security, or an interest therein, under this article, if the person acquires a security entitlement to the financial asset.

(c) A person who acquires a security entitlement to a security or other financial asset has the rights specified in Part 5, but is a purchaser of any security, security entitlement, or other financial asset held by the securities intermediary only to the extent provided in section 8-503.

(d) Unless the context shows that a different meaning is intended, a person who is required by other law, regulation, rule, or agreement to transfer, deliver, present, surrender, exchange, or otherwise put in the possession of another person a security or financial asset satisfies that requirement by causing the other person to acquire an interest in the security or financial asset pursuant to subsection (a) or (b).

Section 8-105. Notice of Adverse Claim.

(a) A person has notice of an adverse claim if:

(1) the person knows of the adverse claim;

(2) the person is aware of facts sufficient to indicate that there is a significant probability that the adverse claim exists and deliberately avoids information that would establish the existence of the adverse claim; or

(3) the person has a duty, imposed by statute or regulation, to investigate whether an adverse claim exists, and the investigation so required would establish the existence of the adverse claim.

(b) Having knowledge that a financial asset or interest therein is or has been transferred by a representative imposes no duty of inquiry into the rightfulness of a trans-

action and is not notice of an adverse claim. However, a person who knows that a representative has transferred a financial asset or interest therein in a transaction that is, or whose proceeds are being used, for the individual benefit of the representative or otherwise in breach of duty has notice of an adverse claim.

(c) An act or event that creates a right to immediate performance of the principal obligation represented by a security certificate or sets a date on or after which the certificate is to be presented or surrendered for redemption or exchange does not itself constitute notice of an adverse claim except in the case of a transfer more than:

(1) one year after a date set for presentment or surrender for redemption or exchange; or

(2) six months after a date set for payment of money against presentation or surrender of the certificate, if money was available for payment on that date.

(d) A purchaser of a certificated security has notice of an adverse claim if the security certificate:

(1) whether in bearer or registered form, has been indorsed "for collection" or "for surrender" or for some other purpose not involving transfer; or

(2) is in bearer form and has on it an unambiguous statement that it is the property of a person other than the transferor, but the mere writing of a name on the certificate is not such a statement.

(e) Filing of a financing statement under article 9 is not notice of an adverse claim to a financial asset.

Section 8-106. Control.

(a) A purchaser has "control" of a certificated security in bearer form if the certificated security is delivered to the purchaser.

(b) A purchaser has "control" of a certificated security in registered form if the certificated security is delivered to the purchaser, and:

(1) the certificate is indorsed to the purchaser or in blank by an effective indorsement; or

(2) the certificate is registered in the name of the purchaser, upon original issue or registration of transfer by the issuer.

(c) A purchaser has "control" of an uncertificated security if:

(1) the uncertificated security is delivered to the purchaser; or

(2) the issuer has agreed that it will comply with instructions originated by the purchaser without further consent by the registered owner.

(d) A purchaser has "control" of a security entitlement if:

(1) the purchaser becomes the entitlement holder; or

(2) the securities intermediary has agreed that it will comply with entitlement orders originated by the purchaser without further consent by the entitlement holder.

(e) If an interest in a security entitlement is granted by the entitlement holder to the entitlement holder's own securities intermediary, the securities intermediary has control.

(f) A purchaser who has satisfied the requirements of clause (2) of subsection (c) or clause (2) of subsection (d) has control even if the registered owner in the case of said

clause (2) of said subsection (c) or the entitlement holder in the case of said clause (2) of said subsection (d), retains the right to make substitutions for the uncertificated security or security entitlement, to originate instructions or entitlement orders to the issuer or securities intermediary, or otherwise to deal with the uncertificated security or security entitlement.

(g) An issuer or a securities intermediary may not enter into an agreement of the kind described in clause (2) of subsection (c) or clause (2) of subsection (d) without the consent of the registered owner or entitlement holder, but an issuer or a securities intermediary is not required to enter into such an agreement even though the registered owner or entitlement holder so directs. An issuer or securities intermediary that has entered into such an agreement is not required to confirm the existence of the agreement to another party unless requested to do so by the registered owner or entitlement holder.

Section 8-107. Whether Indorsement, Instruction, or Entitlement Order is Effective.

(a) "Appropriate person" means:

(1) with respect to an indorsement, the person specified by a security certificate or by an effective special indorsement to be entitled to the security;

(2) with respect to an instruction, the registered owner of an uncertificated security;

(3) with respect to an entitlement order, the entitlement holder;

(4) if the person designated in paragraph (1), (2) or (3) is deceased, the designated person's successor taking under other law or the designated person's personal representative acting for the estate of the decedent; or

(5) if the person designated in paragraph (1), (2) or (3) lacks capacity, the designated person's guardian, conservator, or other similar representative who has power under other law to transfer the security or financial asset.

(b) An indorsement, instruction, or entitlement order is effective if:

(1) it is made by the appropriate person;

(2) it is made by a person who has power under the law of agency to transfer the security or financial asset on behalf of the appropriate person, including, in the case of an instruction or entitlement order, a person who has control under clause (2) of subsection (c) or clause (2) of subsection (d) of section 8-106; or

(3) the appropriate person has ratified it or is otherwise precluded from asserting its ineffectiveness.

(c) An indorsement, instruction, or entitlement order made by a representative is effective even if:

(1) the representative has failed to comply with a controlling instrument or with the law of the state having jurisdiction of the representative relationship, including any law requiring the representative to obtain court approval of the transaction; or

(2) the representative's action in making the indorsement, instruction, or entitlement order or using the proceeds of the transaction is otherwise a breach of duty.

(d) If a security is registered in the name of or specially indorsed to a person described as a representative, or if a securities account is maintained in the name of a person described as a representative, an indorsement, instruction, or entitlement order made by the person is effective even though the person is no longer serving in the described capacity.

(e) Effectiveness of an indorsement, instruction, or entitlement order is determined as of the date the indorsement, instruction, or entitlement order is made, and an indorsement, instruction, or entitlement order does not become ineffective by reason of any later change of circumstances.

Section 8-108. Warranties in Direct Holding.

(a) A person who transfers a certificated security to a purchaser for value warrants to the purchaser, and an indorser, if the transfer is by indorsement, warrants to any subsequent purchaser, that:

(1) the certificate is genuine and has not been materially altered;

(2) the transferor or indorser does not know of any fact that might impair the validity of the security;

(3) there is no adverse claim to the security;

(4) the transfer does not violate any restriction on transfer;

(5) if the transfer is by indorsement, the indorsement is made by an appropriate person, or if the indorsement is by an agent, the agent has actual authority to act on behalf of the appropriate person; and

(6) the transfer is otherwise effective and rightful.

(b) A person who originates an instruction for registration of transfer of an uncertificated security to a purchaser for value warrants to the purchaser that:

(1) the instruction is made by an appropriate person, or if the instruction is by an agent, the agent has actual authority to act on behalf of the appropriate person;

(2) the security is valid;

(3) there is no adverse claim to the security; and

(4) at the time the instruction is presented to the issuer:

(i) the purchaser will be entitled to the registration of transfer;

(ii) the transfer will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction;

(iii) the transfer will not violate any restriction on transfer; and

(iv) the requested transfer will otherwise be effective and rightful.

(c) A person who transfers an uncertificated security to a purchaser for value and does not originate an instruction in connection with the transfer warrants that:

(1) the uncertificated security is valid;

(2) there is no adverse claim to the security;

(3) the transfer does not violate any restriction on transfer; and

(4) the transfer is otherwise effective and rightful.

(d) A person who indorses a security certificate warrants to the issuer that:

(1) there is no adverse claim to the security; and

(2) the indorsement is effective.

(e) A person who originates an instruction for registration of transfer of an uncertificated security warrants to the issuer that:

(1) the instruction is effective; and

(2) at the time the instruction is presented to the issuer the purchaser will be entitled

to the registration of transfer.

(f) A person who presents a certificated security for registration of transfer or for payment or exchange warrants to the issuer that the person is entitled to the registration, payment, or exchange, but a purchaser for value and without notice of adverse claims to whom transfer is registered warrants only that the person has no knowledge of any unauthorized signature in a necessary indorsement.

(g) If a person acts as agent of another in delivering a certificated security to a purchaser, the identity of the principal was known to the person to whom the certificate was delivered, and the certificate delivered by the agent was received by the agent from the principal or received by the agent from another person at the direction of the principal, the person delivering the security certificate warrants only that the delivering person has authority to act for the principal and does not know of any adverse claim to the certificated security.

(h) A secured party who redelivers a security certificate received, or after payment and on order of the debtor delivers the security certificate to another person, makes only the warranties of an agent under subsection (g).

(i) Except as otherwise provided in said subsection (g), a broker acting for a customer makes to the issuer and a purchaser the warranties provided in subsections (a) to (f), inclusive. A broker that delivers a security certificate to its customer, or causes its customer to be registered as the owner of an uncertificated security, makes to the customer the warranties provided in subsection (a) or subsection (b), and has the rights and privileges of a purchaser under this section. The warranties of and in favor of the broker acting as an agent are in addition to applicable warranties given by and in favor of the customer.

Section 8-109. Warranties in Indirect Holding.

(a) A person who originates an entitlement order to a securities intermediary warrants to the securities intermediary that:

(1) the entitlement order is made by an appropriate person, or if the entitlement order is by an agent, the agent has actual authority to act on behalf of the appropriate person; and

(2) there is no adverse claim to the security entitlement.

(b) A person who delivers a security certificate to a securities intermediary for credit to a securities account or originates an instruction with respect to an uncertificated security directing that the uncertificated security be credited to a securities account makes to the securities intermediary the warranties specified in subsection (a) or (b) of section 8-108.

(c) If a securities intermediary delivers a security certificate to its entitlement holder or causes its entitlement holder to be registered as the owner of an uncertificated security, the securities intermediary makes to the entitlement holder the warranties specified in said subsection (a) or (b) of said section 8-108.

Section 8-110. Applicability; Choice of Law.

(a) The local law of the issuer's jurisdiction, as specified in subsection (d), governs:

(1) the validity of a security;

(2) the rights and duties of the issuer with respect to registration of transfer;

(3) the effectiveness of registration of transfer by the issuer;

(4) whether the issuer owes any duties to an adverse claimant to a security; and

(5) whether an adverse claim can be asserted against a person to whom transfer of a certificated or uncertificated security is registered or a person who obtains control of an uncertificated security.

(b) The local law of the securities intermediary's jurisdiction, as specified in subsection (e), governs:

(1) acquisition of a security entitlement from the securities intermediary;

(2) the rights and duties of the securities intermediary and entitlement holder arising out of a security entitlement;

(3) whether the securities intermediary owes any duties to an adverse claimant to a security entitlement; and

(4) whether an adverse claim can be asserted against a person who acquires a security entitlement from the securities intermediary or a person who purchases a security entitlement or interest therein from an entitlement holder.

(c) The local law of the jurisdiction in which a security certificate is located at the time of delivery governs whether an adverse claim can be asserted against a person to whom the security certificate is delivered.

(d) "Issuer's jurisdiction" means the jurisdiction under which the issuer of the security is organized or, if permitted by the law of that jurisdiction, the law of another jurisdiction specified by the issuer. An issuer organized under the law of the commonwealth may specify the law of another jurisdiction as the law governing the matters specified in clauses (2) to (5), inclusive, of subsection (a).

(e) The following rules determine a "securities intermediary's jurisdiction" for purposes of this section:

(1) If an agreement between the securities intermediary and its entitlement holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(2) If an agreement between the securities intermediary and its entitlement holder does not specify the governing law as provided in paragraph (1), but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(3) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in paragraph (1) or (2), the securities intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the entitlement holder's account.

(4) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in paragraph (1) or (2) and an account statement does not identify an office serving the entitlement holder's account as provided in paragraph (3), the securities intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the securities intermediary.

(f) A securities intermediary's jurisdiction is not determined by the physical location of certificates representing financial assets, or by the jurisdiction in which is organized the

issuer of the financial asset with respect to which an entitlement holder has a security entitlement, or by the location of facilities for data processing or other record keeping concerning the account.

Section 8-111. Clearing Corporation Rules.

A rule adopted by a clearing corporation governing rights and obligations among the clearing corporation and its participants in the clearing corporation is effective even if the rule conflicts with the provisions of this article and affects another party who does not consent to the rule.

Section 8-112. Creditor's Legal Process.

(a) The interest of a debtor in a certificated security may be reached by a creditor only by actual seizure of the security certificate by the officer making the attachment or levy, except as otherwise provided in subsection (d). However, a certificated security for which the certificate has been surrendered to the issuer may be reached by a creditor by legal process upon the issuer.

(b) The interest of a debtor in an uncertificated security may be reached by a creditor only by legal process upon the issuer at its chief executive office in the United States, except as otherwise provided in subsection (d).

(c) The interest of a debtor in a security entitlement may be reached by a creditor only by legal process upon the securities intermediary with whom the debtor's securities account is maintained, except as otherwise provided in subsection (d).

(d) The interest of a debtor in a certificated security for which the certificate is in the possession of a secured party, or in an uncertificated security registered in the name of a secured party, or a security entitlement maintained in the name of a secured party, may be reached by a creditor by legal process upon the secured party.

(e) A creditor whose debtor is the owner of a certificated security, uncertificated security, or security entitlement is entitled to aid from a court of competent jurisdiction, by injunction or otherwise, in reaching the certificated security, uncertificated security, or security entitlement or in satisfying the claim by means allowed at law or in equity in regard to property that cannot readily be reached by other legal process.

Section 8-113. Statute of Frauds Inapplicable.

A contract or modification of a contract for the sale or purchase of a security is enforceable whether or not there is a writing signed or record authenticated by a party against whom enforcement is sought, even if the contract or modification is not capable of performance within one year of its making.

Section 8-114. Evidentiary Rules Concerning Certificated Securities.

The following rules apply in an action on a certificated security against the issuer:

(1) Unless specifically denied in the pleadings, each signature on a security certificate or in a necessary indorsement is admitted.

(2) If the effectiveness of a signature is put in issue, the burden of establishing effectiveness is on the party claiming under the signature, but the signature is presumed to be genuine or authorized.

(3) If signatures on a security certificate are admitted or established, production of

the certificate entitles a holder to recover on it unless the defendant establishes a defense or a defect going to the validity of the security.

(4) If it is shown that a defense or defect exists, the plaintiff has the burden of establishing that the plaintiff or some person under whom the plaintiff claims is a person against whom the defense or defect cannot be asserted.

Section 8-115. Securities Intermediary and Others Not Liable to Adverse Claimant.

A securities intermediary that has transferred a financial asset pursuant to an effective entitlement order, or a broker or other agent or bailee that has dealt with a financial asset at the direction of its customer or principal, is not liable to a person having an adverse claim to the financial asset, unless the securities intermediary, or broker or other agent or bailee:

(1) took the action after it had been served with an injunction, restraining order, or other legal process enjoining it from doing so, issued by a court of competent jurisdiction, and had a reasonable opportunity to act on the injunction, restraining order, or other legal process; or

(2) acted in collusion with the wrongdoer in violating the rights of the adverse claimant; or

(3) in the case of a security certificate that has been stolen, acted with notice of the adverse claim.

Section 8-116. Securities Intermediary as Purchaser for Value.

A securities intermediary that receives a financial asset and establishes a security entitlement to the financial asset in favor of an entitlement holder is a purchaser for value of the financial asset. A securities intermediary that acquires a security entitlement to a financial asset from another securities intermediary acquires the security entitlement for value if the securities intermediary acquiring the security entitlement establishes a security entitlement to the financial asset in favor of an entitlement holder.

PART 2. ISSUE AND ISSUER.

Section 8-201. Issuer.

(a) With respect to an obligation on or a defense to a security, an "issuer" includes a person that:

(1) places or authorizes the placing of its name on a security certificate, other than as authenticating trustee, registrar, transfer agent, or the like, to evidence a share, participation, or other interest in its property or in an enterprise, or to evidence its duty to perform an obligation represented by the certificate;

(2) creates a share, participation, or other interest in its property or in an enterprise, or undertakes an obligation, that is an uncertificated security;

(3) directly or indirectly creates a fractional interest in its rights or property, if the fractional interest is represented by a security certificate; or

(4) becomes responsible for, or in place of, another person described as an issuer in this section.

(b) With respect to an obligation on or defense to a security, a guarantor is an issuer to the extent of its guaranty, whether or not its obligation is noted on a security certificate.

(c) With respect to a registration of a transfer, issuer means a person on whose behalf

transfer books are maintained.

Section 8-202. Issuer's Responsibility and Defenses; Notice of Defect or Defense.

(a) Even against a purchaser for value and without notice, the terms of a certificated security include terms stated on the certificate and terms made part of the security by reference on the certificate to another instrument, indenture, or document or to a constitution, statute, ordinance, rule, regulation, order, or the like, to the extent the terms referred to do not conflict with terms stated on the certificate. A reference under this subsection does not of itself charge a purchaser for value with notice of a defect going to the validity of the security, even if the certificate expressly states that a person accepting it admits notice. The terms of an uncertificated security include those stated in any instrument, indenture, or document or in a constitution, statute, ordinance, rule, regulation, order, or the like, pursuant to which the security is issued.

(b) The following rules apply if an issuer asserts that a security is not valid:

(1) A security other than one issued by a government or governmental subdivision, agency, or instrumentality, even though issued with a defect going to its validity, is valid in the hands of a purchaser for value and without notice of the particular defect unless the defect involves a violation of a constitutional provision. In that case, the security is valid in the hands of a purchaser for value and without notice of the defect, other than one who takes by original issue.

(2) Paragraph (1) applies to an issuer that is a government or governmental subdivision, agency, or instrumentality only if there has been substantial compliance with the legal requirements governing the issue or the issuer has received a substantial consideration for the issue as a whole or for the particular security and a stated purpose of the issue is one for which the issuer has power to borrow money or issue the security.

(c) Except as otherwise provided in section 8-205, lack of genuineness of a certificated security is a complete defense, even against a purchaser for value and without notice.

(d) All other defenses of the issuer of a security, including non-delivery and conditional delivery of a certificated security, are ineffective against a purchaser for value who has taken the certificated security without notice of the particular defense.

(e) This section does not affect the right of a party to cancel a contract for a security "when, as and if issued" or "when distributed" in the event of a material change in the character of the security that is the subject of the contract or in the plan or arrangement pursuant to which the security is to be issued or distributed.

(f) If a security is held by a securities intermediary against whom an entitlement holder has a security entitlement with respect to the security, the issuer may not assert any defense that the issuer could not assert if the entitlement holder held the security directly.

Section 8-203. Staleness as Notice of Defect or Defense.

After an act or event, other than a call that has been revoked, creating a right to immediate performance of the principal obligation represented by a certificated security or setting a date on or after which the security is to be presented or surrendered for redemption or exchange, a purchaser is charged with notice of any defect in its issue or defense of the

issuer, if the act or event:

(1) requires the payment of money, the delivery of a certificated security, the registration of transfer of an uncertificated security, or any of them on presentation or surrender of the security certificate, the money or security is available on the date set for payment or exchange, and the purchaser takes the security more than one year after that date; or

(2) is not covered by paragraph (1) and the purchaser takes the security more than two years after the date set for surrender or presentation or the date on which performance became due.

Section 8-204. Effect of Issuer's Restriction on Transfer.

A restriction on transfer of a security imposed by the issuer, even if otherwise lawful, is ineffective against a person without knowledge of the restriction unless:

(1) the security is certificated and the restriction is noted conspicuously on the security certificate; or

(2) the security is uncertificated and the registered owner has been notified of the restriction.

Section 8-205. Effect of Unauthorized Signature on Security Certificate.

An unauthorized signature placed on a security certificate before or in the course of issue is ineffective, but the signature is effective in favor of a purchaser for value of the certificated security if the purchaser is without notice of the lack of authority and the signing has been done by:

(1) an authenticating trustee, registrar, transfer agent, or other person entrusted by the issuer with the signing of the security certificate or of similar security certificates, or the immediate preparation for signing of any of them; or

(2) an employee of the issuer, or of any of the persons listed in paragraph (1), entrusted with responsible handling of the security certificate.

Section 8-206. Completion or Alteration of Security Certificate.

(a) If a security certificate contains the signatures necessary to its issue or transfer but is incomplete in any other respect:

(1) any person may complete it by filling in the blanks as authorized; and

(2) even if the blanks are incorrectly filled in, the security certificate as completed is enforceable by a purchaser who took it for value and without notice of the incorrectness.

(b) A complete security certificate that has been improperly altered, even if fraudulently, remains enforceable, but only according to its original terms.

Section 8-207. Rights and Duties of Issuer with Respect to Registered Owners.

(a) Before due presentment for registration of transfer of a certificated security in registered form or of an instruction requesting registration of transfer of an uncertificated security, the issuer or indenture trustee may treat the registered owner as the person exclusively entitled to vote, receive notifications, and otherwise exercise all the rights and powers of an owner.

(b) This article does not affect the liability of the registered owner of a security for a call, assessment, or the like.

Section 8-208. Effect of Signature of Authenticating Trustee, Registrar, or Transfer Agent.

(a) A person signing a security certificate as authenticating trustee, registrar, transfer agent, or the like, warrants to a purchaser for value of the certificated security, if the purchaser is without notice of a particular defect, that:

(1) the certificate is genuine;

(2) the person's own participation in the issue of the security is within the person's capacity and within the scope of the authority received by the person from the issuer; and

(3) the person has reasonable grounds to believe that the certificated security is in the form and within the amount the issuer is authorized to issue.

(b) Unless otherwise agreed, a person signing under paragraph (a) does not assume responsibility for the validity of the security in other respects.

Section 8-209. Issuer's Lien.

A lien in favor of an issuer upon a certificated security is valid against a purchaser only if the right of the issuer to the lien is noted conspicuously on the security certificate.

Section 8-210. Overissue.

(a) In this section, "overissue" means the issue of securities in excess of the amount the issuer has corporate power to issue, but an overissue does not occur if appropriate action has cured the overissue.

(b) Except as otherwise provided in paragraphs (c) and (d), the provisions of this article which validate a security or compel its issue or reissue do not apply to the extent that validation, issue, or reissue would result in overissue.

(c) If an identical security not constituting an overissue is reasonably available for purchase, a person entitled to issue or validation may compel the issuer to purchase the security and deliver it if certificated or register its transfer if uncertificated, against surrender of any security certificate the person holds.

(d) If a security is not reasonably available for purchase, a person entitled to issue or validation may recover from the issuer the price the person or the last purchaser for value paid for it with interest from the date of the person's demand.

PART 3. TRANSFER OF CERTIFICATED AND UNCERTIFICATED SECURITIES.

Section 8-301. Delivery.

(a) Delivery of a certificated security to a purchaser occurs when:

(1) the purchaser acquires possession of the security certificate;

(2) another person, other than a securities intermediary, either acquires possession of the security certificate on behalf of the purchaser or, having previously acquired possession of the certificate, acknowledges that it holds for the purchaser; or

(3) a securities intermediary acting on behalf of the purchaser acquires possession of the security certificate, only if the certificate is in registered form and has been specially indorsed to the purchaser by an effective indorsement.

(b) Delivery of an uncertificated security to a purchaser occurs when:

(1) the issuer registers the purchaser as the registered owner, upon original issue or registration of transfer; or

(2) another person, other than a securities intermediary, either becomes the registered owner of the uncertificated security on behalf of the purchaser or, having previously become the registered owner, acknowledges that it holds for the purchaser.

Section 8-302. Rights of Purchaser.

(a) Except as otherwise provided in paragraphs (b) and (c), upon delivery of a certificated or uncertificated security to a purchaser, the purchaser acquires all rights in the security that the transferor had or had power to transfer.

(b) A purchaser of a limited interest acquires rights only to the extent of the interest purchased.

(c) A purchaser of a certificated security who as a previous holder had notice of an adverse claim does not improve its position by taking from a protected purchaser.

Section 8-303. Protected Purchaser.

(a) "Protected purchaser", means a purchaser of a certificated or uncertificated security, or of an interest therein, who:

(1) gives value;

(2) does not have notice of any adverse claim to the security; and

(3) obtains control of the certificated or uncertificated security.

(b) In addition to acquiring the rights of a purchaser, a protected purchaser also acquires its interest in the security free of any adverse claim.

Section 8-304. Indorsement.

(a) An indorsement may be in blank or special. An indorsement in blank includes an indorsement to bearer. A special indorsement specifies to whom a security is to be transferred or who has power to transfer it. A holder may convert a blank indorsement to a special indorsement.

(b) An indorsement purporting to be only of part of a security certificate representing units intended by the issuer to be separately transferable is effective to the extent of the indorsement.

(c) An indorsement of a security certificate, whether special or in blank, does not constitute a transfer until delivery of the certificate on which it appears or, if the indorsement is on a separate document, until delivery of both the document and the certificate.

(d) If a security certificate in registered form has been delivered to a purchaser without a necessary indorsement, the purchaser may become a protected purchaser only when the indorsement is supplied. However, against a transferor, a transfer is complete upon delivery and the purchaser has a specifically enforceable right to have any necessary indorsement supplied.

(e) An indorsement of a security certificate in bearer form may give notice of an adverse claim to the certificate, but it does not otherwise affect a right to registration that the holder possesses.

(f) Unless otherwise agreed, a person making an indorsement assumes only the obligations provided in section 8-108 and not an obligation that the security will be honored by the issuer.

Section 8-305. Instruction.

(a) If an instruction has been originated by an appropriate person but is incomplete in any other respect, any person may complete it as authorized and the issuer may rely on it as completed, even though it has been completed incorrectly.

(b) Unless otherwise agreed, a person initiating an instruction assumes only the obligations imposed by section 8-108 and not an obligation that the security will be honored by the issuer.

Section 8-306. Effect of Guaranteeing Signature, Indorsement, or Instruction.

(a) A person who guarantees a signature of an indorser of a security certificate warrants that at the time of signing:

(1) the signature was genuine;

(2) the signer was an appropriate person to indorse, or if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person; and

(3) the signer had legal capacity to sign.

(b) A person who guarantees a signature of the originator of an instruction warrants that at the time of signing:

(1) the signature was genuine;

(2) the signer was an appropriate person to originate the instruction, or if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person, if the person specified in the instruction as the registered owner was, in fact, the registered owner, as to which fact the signature guarantor does not make a warranty; and

(3) the signer had legal capacity to sign.

(c) A person who specially guarantees the signature of an originator of an instruction makes the warranties of a signature guarantor under paragraph (b) and also warrants that at the time the instruction is presented to the issuer:

(1) the person specified in the instruction as the registered owner of the uncertificated security will be the registered owner; and

(2) the transfer of the uncertificated security requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

(d) A guarantor under paragraphs (a) and (b) or a special guarantor under paragraph (c) does not otherwise warrant the rightfulness of the transfer.

(e) A person who guarantees an indorsement of a security certificate makes the warranties of a signature guarantor under paragraph (a) and also warrants the rightfulness of the transfer in all respects.

(f) A person who guarantees an instruction requesting the transfer of an uncertificated security makes the warranties of a special signature guarantor under paragraph (c) and also warrants the rightfulness of the transfer in all respects.

(g) An issuer may not require a special guaranty of signature, a guaranty of indorsement, or a guaranty of instruction as a condition to registration of transfer.

(h) The warranties under this section are made to a person taking or dealing with the security in reliance on the guaranty, and the guarantor is liable to the person for loss resulting from their breach. An indorser or originator of an instruction whose signature, in-

dorsement, or instruction has been guaranteed is liable to a guarantor for any loss suffered by the guarantor as a result of breach of the warranties of the guarantor.

Section 8-307. Purchaser's Right to Requisites for Registration of Transfer.

Unless otherwise agreed, the transferor of a security on due demand shall supply the purchaser with proof of authority to transfer or with any other requisite necessary to obtain registration of the transfer of the security, but if the transfer is not for value, a transferor need not comply unless the purchaser pays the necessary expenses. If the transferor fails within a reasonable time to comply with the demand, the purchaser may reject or rescind the transfer.

PART 4. REGISTRATION.

Section 8-401. Duty of Issuer to Register Transfer.

(a) If a certificated security in registered form is presented to an issuer with a request to register transfer or an instruction is presented to an issuer with a request to register transfer of an uncertificated security, the issuer shall register the transfer as requested if:

(1) under the terms of the security the person seeking registration of transfer is eligible to have the security registered in its name;

(2) the indorsement or instruction is made by the appropriate person or by an agent who has actual authority to act on behalf of the appropriate person;

(3) reasonable assurance is given that the indorsement or instruction is genuine and authorized (section 8-402);

(4) any applicable law relating to the collection of taxes has been complied with;

(5) the transfer does not violate any restriction on transfer imposed by the issuer in accordance with section 8-204;

(6) a demand that the issuer not register transfer has not become effective under section 8-403, or the issuer has complied with subsection (b) of section 8-403 but no legal process or indemnity bond is obtained as provided in subsection (d) of said section 8-403; and

(7) the transfer is in fact rightful or is to a protected purchaser.

(b) If an issuer is under a duty to register a transfer of a security, the issuer is liable to a person presenting a certificated security or an instruction for registration or to the person's principal for loss resulting from unreasonable delay in registration or failure or refusal to register the transfer.

Section 8-402. Assurance that Indorsement or Instruction is Effective.

(a) An issuer may require the following assurance that each necessary indorsement or each instruction is genuine and authorized:

(1) in all cases, a guaranty of the signature of the person making an indorsement or originating an instruction including, in the case of an instruction, reasonable assurance of identity;

(2) if the indorsement is made or the instruction is originated by an agent, appropriate assurance of actual authority to sign;

(3) if the indorsement is made or the instruction is originated by a fiduciary pursuant to paragraph (4) or (5) of subsection (a) of section 8-107, appropriate evidence of appoint-

ment or incumbency;

(4) if there is more than one fiduciary, reasonable assurance that all who are required to sign have done so; and

(5) if the indorsement is made or the instruction is originated by a person not covered by another provision of this subsection, assurance appropriate to the case corresponding as nearly as may be to the provisions of this subsection.

(b) An issuer may elect to require reasonable assurance beyond that specified in this section.

(c) In this section:

(1) "Guaranty of the signature", means a guaranty signed by or on behalf of a person reasonably believed by the issuer to be responsible. An issuer may adopt standards with respect to responsibility if they are not manifestly unreasonable.

(2) "Appropriate evidence of appointment or incumbency" means:

(i) in the case of a fiduciary appointed or qualified by a court, a certificate issued by or under the direction or supervision of the court or an officer thereof and dated within sixty days before the date of presentation for transfer; or

(ii) in any other case, a copy of a document showing the appointment or a certificate issued by or on behalf of a person reasonably believed by an issuer to be responsible or, in the absence of that document or certificate, other evidence the issuer reasonably considers appropriate.

Section 8-403. Demand that Issuer Not Register Transfer.

(a) A person who is an appropriate person to make an indorsement or originate an instruction may demand that the issuer not register transfer of a security by communicating to the issuer a notification that identifies the registered owner and the issue of which the security is a part and provides an address for communications directed to the person making the demand. The demand is effective only if it is received by the issuer at a time and in a manner affording the issuer reasonable opportunity to act on it.

(b) If a certificated security in registered form is presented to an issuer with a request to register transfer or an instruction is presented to an issuer with a request to register transfer of an uncertificated security after a demand that the issuer not register transfer has become effective, the issuer shall promptly communicate to (i) the person who initiated the demand at the address provided in the demand and (ii) the person who presented the security for registration of transfer or initiated the instruction requesting registration of transfer a notification stating that:

(1) the certificated security has been presented for registration of transfer or instruction for registration of transfer of uncertificated security has been received;

(2) a demand that the issuer not register transfer had previously been received; and

(3) the issuer will withhold registration of transfer for a period of time stated in the notification in order to provide the person who initiated the demand an opportunity to obtain legal process or an indemnity bond.

(c) The period described in paragraph (3) of subsection (b) may not exceed thirty days after the date of communication of the notification. A shorter period may be specified

by the issuer if it is not manifestly unreasonable.

(d) An issuer is not liable to a person who initiated a demand that the issuer not register transfer for any loss the person suffers as a result of registration of a transfer pursuant to an effective indorsement or instruction if the person who initiated the demand does not, within the time stated in the issuer's communication, either:

(1) obtain an appropriate restraining order, injunction, or other process from a court of competent jurisdiction enjoining the issuer from registering the transfer; or

(2) file with the issuer an indemnity bond, sufficient in the issuer's judgment to protect the issuer and any transfer agent, registrar, or other agent of the issuer involved from any loss it or they may suffer by refusing to register the transfer.

(e) This section does not relieve an issuer from liability for registering transfer pursuant to an indorsement or instruction that was not effective.

Section 8-404. Wrongful Registration.

(a) Except as otherwise provided in section 8-406, an issuer is liable for wrongful registration of transfer if the issuer has registered a transfer of a security to a person not entitled to it, and the transfer was registered:

(1) pursuant to an ineffective indorsement or instruction;

(2) after a demand that the issuer not register transfer became effective under subsection (a) of section 8-403 and the issuer did not comply with subsection (b) of said section 8-403;

(3) after the issuer had been served with an injunction, restraining order, or other legal process enjoining it from registering the transfer, issued by a court of competent jurisdiction, and the issuer had a reasonable opportunity to act on the injunction, restraining order, or other legal process; or

(4) by an issuer acting in collusion with the wrongdoer.

(b) An issuer that is liable for wrongful registration of transfer under subsection (a) on demand shall provide the person entitled to the security with a like certificated or uncertificated security, and any payments or distributions that the person did not receive as a result of the wrongful registration. If an overissue would result, the issuer's liability to provide the person with a like security is governed by section 8-210.

(c) Except as otherwise provided in subsection (a) or in a law relating to the collection of taxes, an issuer is not liable to an owner or other person suffering loss as a result of the registration of a transfer of a security if registration was made pursuant to an effective indorsement or instruction.

Section 8-405. Replacement of Lost, Destroyed, or Wrongfully Taken Security Certificate.

(a) If an owner of a certificated security, whether in registered or bearer form, claims that the certificate has been lost, destroyed, or wrongfully taken, the issuer shall issue a new certificate if the owner:

(1) so requests before the issuer has notice that the certificate has been acquired by a protected purchaser;

(2) files with the issuer a sufficient indemnity bond; and

(3) satisfies other reasonable requirements imposed by the issuer.

(b) If, after the issue of a new security certificate, a protected purchaser of the original certificate presents it for registration of transfer, the issuer shall register the transfer unless an overissue would result. In that case, the issuer's liability is governed by section 8-210. In addition to any rights on the indemnity bond, an issuer may recover the new certificate from a person to whom it was issued or any person taking under that person, except a protected purchaser.

Section 8-406. Obligation to Notify Issuer of Lost, Destroyed, or Wrongfully Taken Security Certificate.

If a security certificate has been lost, apparently destroyed, or wrongfully taken, and the owner fails to notify the issuer of that fact within a reasonable time after the owner has notice of it and the issuer registers a transfer of the security before receiving notification, the owner may not assert against the issuer a claim for registering the transfer under section 8-404 or a claim to a new security certificate under section 8-405.

Section 8-407. Authenticating Trustee, Transfer Agent, and Registrar.

A person acting as authenticating trustee, transfer agent, registrar, or other agent for an issuer in the registration of a transfer of its securities, in the issue of new security certificates or uncertificated securities, or in the cancellation of surrendered security certificates has the same obligation to the holder or owner of a certificated or uncertificated security with regard to the particular functions performed as the issuer has in regard to those functions.

PART 5. SECURITY ENTITLEMENTS.

Section 8-501. Securities Account; Acquisition of Security Entitlement from Securities Intermediary.

(a) "Securities account", means an account to which a financial asset is or may be credited in accordance with an agreement under which the person maintaining the account undertakes to treat the person for whom the account is maintained as entitled to exercise the rights that comprise the financial asset.

(b) Except as otherwise provided in subsections (d) and (e), a person acquires a security entitlement if a securities intermediary:

(1) indicates by book entry that a financial asset has been credited to the person's securities account;

(2) receives a financial asset from the person or acquires a financial asset for the person and, in either case, accepts it for credit to the person's securities account; or

(3) becomes obligated under other law, regulation, or rule to credit a financial asset to the person's securities account.

(c) If a condition of subsection (b) has been met, a person has a security entitlement even though the securities intermediary does not itself hold the financial asset.

(d) If a securities intermediary holds a financial asset for another person, and the financial asset is registered in the name of, payable to the order of, or specially indorsed to the other person, and has not been indorsed to the securities intermediary or in blank, the other person is treated as holding the financial asset directly rather than as having a security

entitlement with respect to the financial asset.

(e) Issuance of a security is not establishment of a security entitlement.

Section 8-502. Assertion of Adverse Claim Against Entitlement Holder.

An action based on an adverse claim to a financial asset, whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against a person who acquires a security entitlement under section 8-501 for value and without notice of the adverse claim.

Section 8-503. Property Interest of Entitlement Holder in Financial Asset Held by Securities Intermediary.

(a) To the extent necessary for a securities intermediary to satisfy all security entitlements with respect to a particular financial asset, all interests in that financial asset held by the securities intermediary are held by the securities intermediary for the entitlement holders, are not property of the securities intermediary, and are not subject to claims of creditors of the securities intermediary, except as otherwise provided in section 8-511.

(b) An entitlement holder's property interest with respect to a particular financial asset under subsection (a) is a pro rata property interest in all interests in that financial asset held by the securities intermediary, without regard to the time the entitlement holder acquired the security entitlement or the time the securities intermediary acquired the interest in that financial asset.

(c) An entitlement holder's property interest with respect to a particular financial asset under subsection (a) may be enforced against the securities intermediary only by exercise of the entitlement holder's rights under sections 8-505 to 8-508, inclusive.

(d) An entitlement holder's property interest with respect to a particular financial asset under subsection (a) may be enforced against a purchaser of the financial asset or interest therein only if:

(1) insolvency proceedings have been initiated by or against the securities intermediary;

(2) the securities intermediary does not have sufficient interests in the financial asset to satisfy the security entitlements of all of its entitlement holders to that financial asset;

(3) the securities intermediary violated its obligations under section 8-504 by transferring the financial asset or interest therein to the purchaser; and

(4) the purchaser is not protected under subsection (e).

The trustee or other liquidator, acting on behalf of all entitlement holders having security entitlements with respect to a particular financial asset, may recover the financial asset, or interest therein, from the purchaser. If the trustee or other liquidator elects not to pursue that right, an entitlement holder whose security entitlement remains unsatisfied has the right to recover its interest in the financial asset from the purchaser.

(e) An action based on the entitlement holder's property interest with respect to a particular financial asset under subsection (a), whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against any purchaser of a financial asset or interest therein who gives value, obtains control, and does not act in collusion with the securities intermediary in violating the securities intermediary's obliga-

tions under section 8-504.

Section 8-504. Duty of Securities Intermediary to Maintain Financial Asset.

(a) A securities intermediary shall promptly obtain and thereafter maintain a financial asset in a quantity corresponding to the aggregate of all security entitlements it has established in favor of its entitlement holders with respect to that financial asset. The securities intermediary may maintain those financial assets directly or through one or more other securities intermediaries.

(b) Except to the extent otherwise agreed by its entitlement holder, a securities intermediary may not grant any security interests in a financial asset it is obligated to maintain pursuant to subsection (a).

(c) A securities intermediary satisfies the duty in subsection (a) if:

(1) the securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

(2) in the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to obtain and maintain the financial asset.

(d) This section does not apply to a clearing corporation that is itself the obligor of an option or similar obligation to which its entitlement holders have security entitlements.

Section 8-505. Duty of Securities Intermediary with Respect to Payments and Distributions.

(a) A securities intermediary shall take action to obtain a payment or distribution made by the issuer of a financial asset. A securities intermediary satisfies the duty if:

(1) the securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

(2) in the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to attempt to obtain the payment or distribution.

(b) A securities intermediary is obligated to its entitlement holder for a payment or distribution made by the issuer of a financial asset if the payment or distribution is received by the securities intermediary.

Section 8-506. Duty of Securities Intermediary to Exercise Rights as Directed by Entitlement Holder.

A securities intermediary shall exercise rights with respect to a financial asset if directed to do so by an entitlement holder. A securities intermediary satisfies the duty if:

(1) the securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

(2) in the absence of agreement, the securities intermediary either places the entitlement holder in a position to exercise the rights directly or exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder.

Section 8-507. Duty of Securities Intermediary to Comply with Entitlement Order.

(a) A securities intermediary shall comply with an entitlement order if the entitlement order is originated by the appropriate person, the securities intermediary has had

reasonable opportunity to assure itself that the entitlement order is genuine and authorized, and the securities intermediary has had reasonable opportunity to comply with the entitlement order. A securities intermediary satisfies the duty if:

(1) the securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

(2) in the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to comply with the entitlement order.

(b) If a securities intermediary transfers a financial asset pursuant to an ineffective entitlement order, the securities intermediary shall reestablish a security entitlement in favor of the person entitled to it, and pay or credit any payments or distributions that the person did not receive as a result of the wrongful transfer. If the securities intermediary does not reestablish a security entitlement, the securities intermediary is liable to the entitlement holder for damages.

Section 8-508. Duty of Securities Intermediary to Change Entitlement Holder's Position to Other Form of Security Holding.

A securities intermediary shall act at the direction of an entitlement holder to change a security entitlement into another available form of holding for which the entitlement holder is eligible, or to cause the financial asset to be transferred to a securities account of the entitlement holder with another securities intermediary. A securities intermediary satisfies the duty if:

(1) the securities intermediary acts as agreed upon by the entitlement holder and the securities intermediary; or

(2) in the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder.

Section 8-509. Specification of Duties of Securities Intermediary by Other Statute or Regulation; Manner of Performance of Duties of Securities Intermediary and Exercise of Rights of Entitlement Holder.

(a) If the substance of a duty imposed upon a securities intermediary by sections 8-504 to 8-508, inclusive, is the subject of other statute, regulation, or rule, compliance with that statute, regulation, or rule satisfies the duty.

(b) To the extent that specific standards for the performance of the duties of a securities intermediary or the exercise of the rights of an entitlement holder are not specified by other statute, regulation, or rule or by agreement between the securities intermediary and entitlement holder, the securities intermediary shall perform its duties and the entitlement holder shall exercise its rights in a commercially reasonable manner.

(c) The obligation of a securities intermediary to perform the duties imposed by sections 8-504 to 8-508, inclusive, is subject to:

(1) rights of the securities intermediary arising out of a security interest under a security agreement with the entitlement holder or otherwise; and

(2) rights of the securities intermediary under other law, regulation, rule, or agreement to withhold performance of its duties as a result of unfulfilled obligations of the

entitlement holder to the securities intermediary.

(d) Sections 8-504 to 8-508, inclusive, do not require a securities intermediary to take any action that is prohibited by other statute, regulation, or rule.

Section 8-510. Rights of Purchaser of Security Entitlement from Entitlement Holder.

(a) An action based on an adverse claim to a financial asset or security entitlement, whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against a person who purchases a security entitlement, or an interest therein, from an entitlement holder if the purchaser gives value, does not have notice of the adverse claim, and obtains control.

(b) If an adverse claim could not have been asserted against an entitlement holder under section 8-502, the adverse claim cannot be asserted against a person who purchases a security entitlement, or an interest therein, from the entitlement holder.

(c) In a case not covered by the priority rules in article 9, a purchaser for value of a security entitlement, or an interest therein, who obtains control has priority over a purchaser of a security entitlement, or an interest therein, who does not obtain control. Purchasers who have control rank equally, except that a securities intermediary as purchaser has priority over a conflicting purchaser who has control unless otherwise agreed by the securities intermediary.

Section 8-511. Priority Among Security Interests and Entitlement Holders.

(a) Except as otherwise provided in subsection (b) and (c), if a securities intermediary does not have sufficient interests in a particular financial asset to satisfy both its obligations to entitlement holders who have security entitlements to that financial asset and its obligation to a creditor of the securities intermediary who has a security interest in that financial asset, the claims of entitlement holders, other than the creditor, have priority over the claim of the creditor.

(b) A claim of a creditor of a securities intermediary who has a security interest in a financial asset held by a securities intermediary has priority over claims of the securities intermediary's entitlement holders who have security entitlements with respect to that financial asset if the creditor has control over the financial asset.

(c) If a clearing corporation does not have sufficient financial assets to satisfy both its obligations to entitlement holders who have security entitlements with respect to a financial asset and its obligation to a creditor of the clearing corporation who has a security interest in that financial asset, the claim of the creditor has priority over the claims of entitlement holders.

SECTION 5. Section 9-103 of said chapter 106, as appearing in the 1994 Official Edition, is hereby amended by striking out subsection (6) and inserting in place thereof the following subsection:-

(6) Investment property.

(a) This subsection applies to investment property.

(b) Except as otherwise provided in paragraph (f), during the time that a security certificate is located in a jurisdiction, perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in the certificated security represent-

(c) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in an uncertificated security are governed by the local law of the issuer's jurisdiction as specified in subsection (d) of section 8-110.

(d) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in a security entitlement or securities account are governed by the local law of the securities intermediary's jurisdiction as specified in subsection (e) of section 8-110.

(e) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in a commodity contract or commodity account are governed by the local law of the commodity intermediary's jurisdiction. (i) If an agreement between the commodity intermediary and commodity customer specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(ii) If an agreement between the commodity intermediary and commodity customer does not specify the governing law as provided in subparagraph (i), but expressly specifies that the commodity account is maintained at an office in a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(iii) If an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraphs (i) or (ii), the commodity intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the commodity customer's account.

(iv) If an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraphs (i) or (ii) and an account statement does not identify an office serving the commodity customer's account as provided in subparagraph (iii), the commodity intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the commodity intermediary.

(f) Perfection of a security interest by filing, automatic perfection of a security interest in investment property granted by a broker or securities intermediary, and automatic perfection of a security interest in a commodity contract or commodity account granted by a commodity intermediary are governed by the local law of the jurisdiction in which the debtor is located.

Section 9-115. Investment Property.

(1) In this article:

(a) "Commodity account", means an account maintained by a commodity intermediary in which a commodity contract is carried for a commodity customer.

(b) "Commodity contract", means a commodity futures contract, an option on a commodity futures contract, a commodity option, or other contract that, in each case, is:

(i) traded on or subject to the rules of a board of trade that has been designated as a contract market for such a contract pursuant to the federal commodities laws; or

(ii) traded on a foreign commodity board of trade, exchange, or market, and is carried on the books of a commodity intermediary for a commodity customer.

(c) "Commodity customer", means a person for whom a commodity intermediary carries a commodity contract on its books.

(d) "Commodity intermediary" means:

(i) a person who is registered as a futures commission merchant under the federal commodities laws; or

(ii) a person who in the ordinary course of its business provides clearance or settlement services for a board of trade that has been designated as a contract market pursuant to the federal commodities laws.

(e) "Control", with respect to a certificated security, uncertificated security, or security entitlement has the meaning specified in section 8-106. A secured party has control over a commodity contract if by agreement among the commodity customer, the commodity intermediary, and the secured party, the commodity intermediary has agreed that it will apply any value distributed on account of the commodity contract as directed by the secured party without further consent by the commodity customer. If a commodity customer grants a security interest in a commodity contract to its own commodity intermediary, the commodity intermediary as secured party has control. A secured party has control over a securities account or commodity account if the secured party has control over all security entitlements or commodity contracts carried in the securities account or commodity account.

(f) "Investment property" means:

(i) a security, whether certificated or uncertificated;

(ii) a security entitlement;

(iii) a securities account;

(iv) a commodity contract; or

(v) a commodity account.

Attachment or perfection of a security interest in a commodity account is also attachment or perfection of a security interest in all commodity contracts carried in the commodity account.

(3) A description of collateral in a security agreement or financing statement is sufficient to create or perfect a security interest in a certificated security, uncertificated security, security entitlement, securities account, commodity contract, or commodity account whether it describes the collateral by those terms, or as investment property, or by description of the underlying security, financial asset, or commodity contract. A description

of investment property collateral in a security agreement or financing statement is sufficient if it identifies the collateral by specific listing, by category, by quantity, by a computational or allocational formula or procedure, or by any other method, if the identity of the collateral is objectively determinable.

(4) Perfection of a security interest in investment property is governed by the following rules:

(a) A security interest in investment property may be perfected by control.

(b) Except as otherwise provided in paragraphs (c) and (d), a security interest in investment property may be perfected by filing.

(c) If the debtor is a broker or securities intermediary a security interest in investment property is perfected when it attaches. The filing of a financing statement with respect to a security interest in investment property granted by a broker or securities intermediary has no effect for purposes of perfection or priority with respect to that security interest.

(d) If a debtor is a commodity intermediary, a security interest in a commodity contract or a commodity account is perfected when it attaches. The filing of a financing statement with respect to a security interest in a commodity contract or a commodity account granted by a commodity intermediary has no effect for purposes of perfection or priority with respect to that security interest.

(5) Priority between conflicting security interests in the same investment property is governed by the following rules:

(a) A security interest of a secured party who has control over investment property has priority over a security interest of a secured party who does not have control over the investment property.

(b) Except as otherwise provided in paragraphs (c) and (d), conflicting security interests of secured parties each of whom has control rank equally.

(c) Except as otherwise agreed by the securities intermediary, a security interest in a security entitlement or a securities account granted to the debtor's own securities intermediary has priority over any security interest granted by the debtor to another secured party.

(d) Except as otherwise agreed by the commodity intermediary, a security interest in a commodity contract or a commodity account granted to the debtor's own commodity intermediary has priority over any security interest granted by the debtor to another secured party.

Be it enacted, etc., as follows:

SECTION 1. Section 52 of chapter 119 of the General Laws, as appearing in the 1994 Official Edition, is hereby amended by adding the following two definitions:-

"Punishment as is provided by law", any sentence which may be imposed upon an adult by a justice of the district court or superior court.

"Youthful offender", a person who is subject to an adult or juvenile sentence for having committed, while between the ages of fourteen and seventeen, an offense against a law of the commonwealth which, if he were an adult, would be punishable by imprisonment in the state prison, and (a) has previously been committed to the department of youth services, or (b) has committed an offense which involves the infliction or threat of serious bodily harm in violation of law, or (c) has committed a violation of paragraph (a), (c) or (d) of section ten or section ten E of chapter two hundred and sixty-nine; provided that, nothing in this clause shall allow for less than the imposition of the mandatory commitment periods provided in section fifty-eight of chapter one hundred and nineteen.

The commonwealth may proceed by complaint in juvenile court or in a juvenile session of a district court, as the case may be, or by indictment as provided by chapter two hundred and seventy-seven, if a person is alleged to have committed an offense against a law of the commonwealth while between the ages of fourteen and seventeen which, if he were an adult, would be punishable by imprisonment in the state prison, and the person has previously been committed to the department of youth services, or the offense involves the infliction or threat of serious bodily harm in violation of law or the person has committed a violation of paragraph (a), (c) or (d) of section ten or section ten E of chapter two hundred and sixty-nine. The court shall proceed on the complaint or the indictment, as the case may be, in accordance with sections fifty-five to seventy-two, inclusive. Complaints and indictments brought against persons for such offenses, and for other criminal offenses properly joined under Massachusetts Rules of Criminal Procedure 9 (a) (1), shall be brought in accordance with the usual course and manner of criminal proceedings.

SECTION 3. Said chapter 119 is hereby further amended by striking out section 55A, as so appearing, and inserting in place thereof the following two sections:-

Section 55A. Trial of a child complained of as a delinquent child or indicted as a youthful offender in a division of the juvenile court department shall be by a jury, unless the child files a written waiver and consent to be tried by the court without a jury. Such waiver

shall not be received unless the child is represented by counsel or has filed, through his parent or guardian, a written waiver of counsel. No decision on such waiver shall be received until after the completion of a pretrial conference and a hearing on the results of such conference and until after the disposition of any pretrial discovery motions and compliance with any order of the court pursuant to said motions. Such waiver shall be filed in accordance with the provisions of section six of chapter two hundred and sixty-three; provided, however, that defense counsel shall execute a certificate signed by said counsel indicating that he has made all the necessary explanations and determinations regarding such waiver. The form of such certificates shall be prescribed by the chief justice for the juvenile court department.

In the juvenile court department upon the motion of a child consistent with criminal procedure, or upon the court's own motion, the judge shall issue an order of discovery requiring the prosecutor to provide in writing any information to which the child is entitled and also requiring that the child be permitted to discover, inspect, and copy any material and relevant evidence, documents, statements or persons, or reports of physical or mental examinations of any person or of scientific tests or experiments, within the possession, custody, or control of the prosecutor or persons under his direction and control. Upon motion of the child the judge shall order the production by the commonwealth of the names and addresses of the prospective witnesses and the production by the probation department of the record of prior convictions of any such witnesses. The commonwealth shall be entitled to reciprocal discovery as set forth in Rule 14 (a) (1) (3) of the Massachusetts Rules of Criminal Procedure.

Trial by jury in the juvenile court department shall be in those jury sessions designated in accordance with section fifty-six. Where the child has properly filed a waiver and consented to be tried without a jury, as hereinbefore provided, trial shall proceed in accordance with the provisions of law applicable to jury-waived trials in the superior court; provided, however, that at the option of the child, the trial may be before a judge who has not rejected an agreed upon recommendation or disposition request made by the child pursuant to the provisions of section fifty-five B. Review in such cases may be had directly by the appeals court, by appeal, report or otherwise in the same manner provided for trials of criminal cases in the superior court.

The justice presiding over such jury-waived trial in the juvenile court department shall have and exercise all of the powers which a justice sitting in the superior court department has and may exercise in the trial and disposition of criminal cases including the power to report questions of law to the appeals court.

The justice presiding at such jury-waived session in the juvenile court department shall, upon the request of the child, appoint a stenographer; provided, however, that where the child claims indigence, such appointment is determined to be reasonably necessary in accordance with the provisions of sections twenty-seven A to twenty-seven G, inclusive, of chapter two hundred and sixty-one. Such stenographer shall be sworn, and shall take stenographic notes of all the testimony given at the trial, and shall provide the parties thereto with a transcript of his notes or any part thereof taken at the trial or hearing for which he

shall be paid by the party requesting it at the rate fixed by the chief justice of the juvenile court department; provided, however, that such rate shall not exceed the rate provided pursuant to section eighty-eight of chapter two hundred and twenty-one. Said chief justice may make regulations not inconsistent with law relative to the assignments, duties and services of stenographers appointed for sessions in his department and any other matter relative to stenographers. The compensation and expenses of a stenographer shall be paid by the commonwealth.

The request for the appointment of a stenographer to preserve the testimony at a trial in the juvenile court department shall be given to the clerk of the court by the child in writing no later than forty-eight hours prior to the proceeding for which the stenographer has been requested. The child shall file with such request an affidavit of indigence and request for payment by the commonwealth of the cost of the transcript and the court shall hold a hearing on such request prior to appointing a stenographer, in those cases where the child alleges that he will be unable to pay said cost. Said hearing shall be governed by the provisions of sections twenty-seven A to twenty-seven G, inclusive, of chapter two hundred and sixty-one, and the cost of such transcript shall be considered an extra cost as provided therein. If the court is unable, for any reason, to provide a stenographer, the proceedings may be recorded by electronic means. The original recording of proceedings in the juvenile court department made with a recording device under the exclusive control of the court shall be the official record of such proceedings. Said record or a copy of all or a part thereof, certified by the presiding justice or his designee, to be an accurate electronic reproduction of said record or part thereof, or a typewritten transcript of all or part of said record or copy thereof, certified to be accurate by the court or by the preparer of said transcript, or stipulated to by the parties, shall be admissible in any court as evidence of testimony given wherever proof of such testimony is otherwise competent. The child may request payment by the commonwealth of the cost of said transcript subject to the same provisions regarding a transcript of a stenographer as provided hereinbefore.

Section 55B. A child who is before the juvenile court on a delinquency complaint or an indictment within the court's jurisdiction shall plead not delinquent, or that he should not be adjudged as a youthful offender, as the case may be. Such plea shall be submitted by the child and acted upon by the court; provided, however, that a child with whom the commonwealth cannot reach agreement for a recommended disposition shall be allowed to tender a plea together with a request for a specific disposition. Such request may include any disposition or dispositional terms within the court's jurisdiction, including, unless otherwise prohibited by law, a disposition request that a finding not be entered, but rather the case be continued without a finding to a specific date thereupon to be dismissed, such continuance conditioned upon compliance with specific terms and conditions or that the child be placed on probation pursuant to the provisions of section fifty-seven of chapter one hundred and nineteen. If a plea, with an agreed upon recommendation or with a disposition request by the child, is tendered, the court shall inform the child that it will not impose a disposition that exceeds the terms of the agreed upon recommendation or the disposition request by the child, whichever is applicable, without giving the child the right to withdraw the plea.

Notwithstanding the foregoing requirements, if a child attempts to enter a plea or statement consisting of an admission of facts sufficient for a finding of delinquency or adjudication as a youthful offender, or some similar statement, such admission shall be deemed a tender of plea for purposes of the procedures set forth in this section.

Any pretrial motion filed in a delinquency case or case in which the commonwealth has proceeded by indictment pending in the juvenile court and decided before entry of the child's decision on waiver of the right to jury trial shall not be refiled or reheard thereafter, except in the discretion of the court as substantial justice requires. Any such pretrial motion not filed or filed but not decided prior to entry of the child's decision on waiver of the right to jury trial may be filed thereafter but not later than twenty-one days after entry of said decision on waiver of the right to jury trial, except for good cause shown.

SECTION 4. Said chapter 119 is hereby further amended by striking out section 56, as so appearing, and inserting in place thereof the following section:-

Section 56. Hearings upon cases arising under sections fifty-two to eighty-four, inclusive, may be adjourned from time to time; provided however, that no adjournment shall exceed fifteen days at any one time against the objection of the child. (a) Every division of the juvenile court department shall be authorized to hold jury sessions for the purpose of conducting jury trials of cases commenced in the several courts of offenses over which the juvenile courts have original jurisdiction.

(b) The chief justice for the juvenile court department shall designate at least one division in each county or an adjoining county for the purpose of conducting jury trials.

The chief justice of the juvenile court department may also designate one or more divisions in each county for the purpose of conducting jury-waived trials of cases commenced in any court of said county consistent with the requirements of the proper administration of justice.

(c) A child in any division of the juvenile court who waives his right to jury trial as provided in section fifty-five A shall be provided a jury-waived trial in the same division.

A child in any division of the juvenile court who does not waive his right to jury trial as provided in section fifty-five A shall be provided a jury trial in a jury session in the same division if such session has been established in said division. If such session has not been so established, the child shall be provided a jury trial in a jury session in an adjoining county as designated by the clerk in the division where the case is pending. In cases where the child declines to waive the right to jury trial, the clerk shall forthwith transfer the case for trial in the appropriate jury session. Such transfer shall be governed by procedures to be established by the chief justice for the juvenile court department.

(d) The justice presiding over a jury session shall have and exercise all the powers and duties which a justice sitting in the superior court department has and may exercise in the trial and disposition of criminal cases including the power to report questions of law to the appeals court. No justice so sitting shall act in a case in which he has sat or held an inquest or otherwise taken part in any proceeding therein.

(e) Trials by jury shall proceed in accordance with the provisions of law applicable to trials by jury in the superior court. The commonwealth shall be entitled to as many challenges as equal the whole number to which all the children in the case are entitled. Trial by jury shall be by juries of six persons, except that in cases where the commonwealth has proceeded by indictment, said child shall be entitled to a jury of twelve.

(f) For the jury sessions, jurors shall be provided by the office of the jury commissioner in accordance with the provisions of chapter two hundred and thirty-four A.

(g) The district attorney for the district in which the alleged offense or offenses occurred shall appear for the commonwealth in the trial of all cases in which the right to jury trial has not been waived and may appear in any other case. The chief justice for the juvenile court department shall arrange for the sittings of the jury sessions and shall assign justices thereto, to the end that speedy trials may be provided. Review may be had directly by the appeals court, by appeal, report or otherwise in the same manner provided for trials of criminal cases in the superior court. A claim of trial by jury under this section may be withdrawn before trial, in which event trial and disposition of the case shall be by a justice in a jury session sitting without a jury.

(h) The justice presiding at such session in the juvenile court department shall, upon request of the child, appoint a stenographer in accordance with section fifty-five A herein.

The request for the appointment of a stenographer to preserve the testimony at a trial in the juvenile court department shall be given to the clerk of the court by the child in writing no later than forty-eight hours prior to the proceeding for which the stenographer has been requested. The child shall file with such request an affidavit of indigence and request for payment by the commonwealth of the cost of the transcript and the court shall hold a hearing on such request prior to appointing a stenographer, in those cases where the child alleges that he will be unable to pay said cost. Said hearing shall be governed by the provisions of sections twenty-seven A to twenty-seven G, inclusive, of chapter two hundred and sixty-one, and the cost of such transcript shall be considered an extra cost as provided therein. If the court is unable, for any reason, to provide a stenographer, the proceedings may be recorded by electronic means. The original recording of proceedings in the juvenile court department made with a recording device under the exclusive control of the court shall be the official record of such proceedings. Said record or a copy of all or a part thereof, certified by the presiding justice or his designee, to be an accurate electronic reproduction of said record or part thereof, or a typewritten transcript of all or part of said record or copy thereof, certified to be accurate by the court or by the preparer of said transcript, or stipulated to by the parties, shall be admissible in any court as evidence of testimony given wherever proof of such testimony is otherwise competent. The child may request payment by the commonwealth of the cost of said transcript subject to the same provisions regarding a transcript of a stenographer as provided hereinbefore.

SECTION 5. Said chapter 119 is hereby further amended by striking out section 58, as amended by section 1 of chapter 278 of the acts of 1995, and inserting in place thereof the following section:-

Section 58. At the hearing of a complaint against a child the court shall hear the

If the allegations against a child are proved beyond a reasonable doubt, he may be adjudged a delinquent child, or in lieu thereof, the court may continue the case without a finding and, with the consent of the child and at least one of the child's parents or guardians, place said child on probation; provided, however, that any such probation may be imposed until such child reaches age eighteen or age nineteen in the case of a child whose case is disposed of after he has attained his eighteenth birthday. Said probation may include a requirement, subject to agreement by the child and at least one of the child's parents or guardians, that the child do work or participate in activities of a type and for a period of time deemed appropriate by the court.

If a child is adjudicated a delinquent child on a complaint, the court may place the case on file or may place the child in the care of a probation officer for such time and on such conditions as it deems appropriate or may commit him to the custody of the department of youth services, but the probationary or commitment period shall not be for a period longer than until such child attains the age of eighteen, or nineteen in the case of a child whose case is disposed of after he has attained his eighteenth birthday.

If a child is adjudicated a youthful offender on an indictment, the court may sentence him to such punishment as is provided by law for the offense. The court shall make a written finding, stating its reasons therefor, that the present and long-term public safety would be best protected by:

(a) a sentence provided by law; or

(b) a combination sentence which shall be a commitment to the department of youth services until he reaches the age of twenty-one, and an adult sentence to a house of correction or to the state prison as is provided by law for the offense. The adult sentence shall be suspended pending successful completion of a term of probation, which shall include, but not be limited to, the successful completion of the aforementioned commitment to the department of youth services. Any juvenile receiving a combination sentence shall be under the sole custody and control of the department of youth services unless or until discharged by the department or until the age of twenty-one, whichever occurs first, and thereafter under the supervision of the juvenile court probation department until the age of twenty-one and thereafter by the adult probation department; provided, however, that in no event shall the aggregate sentence imposed on the combination sentence exceed the maximum adult sentence provided by law; or

(c) a commitment to the department of youth services until he reaches the age of twenty-one.

In making such determination the court shall conduct a sentencing recommendation hearing to determine the sentence by which the present and long-term public safety would be best protected. At such hearing, the court shall consider, but not be limited to, the following factors: the nature, circumstances and seriousness of the offense; victim impact statement; a report by a probation officer concerning the history of the youthful offender; the youthful offender's court and delinquency records; the success or lack of success of any past treatment or delinquency dispositions regarding the youthful offender; the nature of services

available through the juvenile justice system; the youthful offender's age and maturity; and the likelihood of avoiding future criminal conduct. In addition, the court may consider any other factors it deems relevant to disposition. No such sentence shall be imposed until a pre-sentence investigation report has been filed by the probation department and made available to the parties no less than seven days prior to sentencing.

A youthful offender who is sentenced as is provided by law either to a state prison or to a house of correction but who has not yet reached his seventeenth birthday shall be held in a youthful offender unit separate from the general population of adult prisoners; provided, however, that such youthful offender shall be classified at a facility other than the reception and diagnostic center at the Massachusetts Correctional Institution, Concord, and shall not be held at the Massachusetts Correctional Institution, Cedar Junction, prior to his seventeenth birthday.

If it is alleged in the complaint upon which the child is so adjudged that a penal law of the commonwealth, a city ordinance or a town by-law has been violated, the court may commit such child to the custody of the commissioner of youth services and authorize him to place such child in the charge of any person, and, if at any time thereafter the child proves unmanageable, to transfer such child to that facility which in the opinion of said commissioner, after study, will best serve the needs of the child. The department of youth services shall provide for the maintenance, in whole or part, of any child so placed in the charge of any person.

Notwithstanding any other provisions of this chapter, a person adjudicated a delinquent child by reason of a violation of paragraph (a), (c) or (d) of section ten or section ten E of chapter two hundred and sixty-nine, shall be committed to the custody of the commissioner of youth services who shall place such child in the custody of a facility supported by the commonwealth for the care, custody and training of such delinquent children for a period of at least one hundred and eighty days or until such child attains his eighteenth birthday, whichever first occurs, provided, however, that said period of time shall not be reduced or suspended.

Upon the second or subsequent violation of said paragraph (a), (c) or (d) of said section ten or ten E of said chapter two hundred and sixty-nine, the commissioner of youth services shall place such child in the custody of a facility supported by the commonwealth for the care, custody and training of such delinquent child for not less than one year; provided, however, that said period of time shall not be reduced or suspended.

The court may make an order for payment by the child's parents or guardian from the child's property, or by any other person responsible for the care and support of said child, to the institution, department, division, organization or person furnishing care and support at times to be stated in an order by the court of sums not exceeding the cost of said support after ability to pay has been determined by the court; provided, however, that no order for the payment of money shall be entered until the person by whom payments are to be made shall have been summoned before the court and given an opportunity to be heard. The court may from time to time, upon petition by, or notice to the person ordered to pay such sums of money, revise or alter such order or make a new order, as the circumstances may require.

The court may commit such delinquent child to the department of youth services, but it shall not commit such child to any institution supported by the commonwealth for the custody, care and training of delinquent children or juvenile offenders.

Except in cases in which the child has attained the age of majority, whenever a court of competent jurisdiction adjudicates a child as delinquent and commits the child to the department of youth services, the court, in order to comply with the requirements contained in the federal Adoption Assistance and Child Welfare Act of 1980 and any amendments thereto, shall receive evidence in order to determine whether continuation of the child in his home is contrary to his best interest, and whether reasonable efforts were made prior to the commitment of the child to the department, to prevent or eliminate the need for removal from his home; or whether an emergency situation existed making such efforts impossible. No such determination shall be made unless the parent or guardian of the delinquent shall have been summoned before the court and, if present, given an opportunity to be heard. The court, in its discretion, may make its determinations concerning said best interest and reasonable efforts in written form, but in the absence of a written determination to the contrary, it shall be presumed that the court did find that continuation of the child in his home was contrary to his best interest and that reasonable efforts to prevent or eliminate the need for removal of the child from his home did occur. Nothing in this section shall diminish the department's responsibility to prevent delinquent acts and to protect the public safety.

SECTION 6. Section 60A of said chapter 119, as appearing in the 1994 Official Edition, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

The records of a youthful offender proceeding conducted pursuant to an indictment shall be open to public inspection in the same manner and to the same extent as adult criminal court records. All other records of the court in cases of delinquency arising under sections fifty-two to fifty-nine, inclusive, shall be withheld from public inspection except with the consent of a justice of such court; provided, however, that such records shall be open, at all reasonable times, to inspection by the child proceeded against, his parents, guardian or attorney; provided further, that nothing herein shall be construed to provide access to privileged or confidential communications and information; and provided further, that said protections shall be construed to include information and communications entered at the indictment.

SECTION 7. Section sixty-one of said chapter one hundred and nineteen is hereby repealed.

SECTION 8. Section 63 of said chapter 119, as appearing in the 1994 Official Edition, is hereby amended by striking out the third sentence and inserting in place thereof the following sentence:- The provisions for recognizance in section fifty-six shall be applicable to cases arising hereunder.

Except as otherwise provided in section sixty-seven and in section twelve of chapter one hundred and twenty, no child under seventeen years of age shall be detained by the police in a lockup, police station or house of detention pending arraignment, examination or trial by the court. No child under seventeen years of age shall be committed by the court to a jail or house of correction or to the state farm, pending further examination or trial by the court or pending any continuance of his case or, except as otherwise provided in sections fifty-two through eighty-four upon adjudication as a youthful offender.

Section 68. A child who has attained the age of seven but not yet attained the age of seventeen held by the court for further examination, trial or continuance, or for indictment and trial, if unable to furnish bail, shall be committed by the court to the care of the department of youth services or to a probation officer, a parent, guardian, or other responsible person who shall provide for his safekeeping; provided, however, that the appearance of the child at such examination or trial, shall be the responsibility of the court for which he is being held in safekeeping.

The court may recommend that a child who has attained the age of fourteen and who is committed to the care of the department shall be held in a secure detention facility if the court further determines that the child (a) is a fugitive from another jurisdiction on a delinquency petition; or (b) is charged with an offense for which the commonwealth may proceed by indictment in accordance with the provisions of section fifty-four; provided, however, that such child is already detained or on conditional release in conjunction with another delinquency proceeding, or has demonstrated a recent record of willful failure to appear at juvenile court proceedings, or has demonstrated a recent record of violent conduct resulting in physical injury to others.

The court shall forward such recommendation and the reasons therefor, in writing, to the department. Such recommendation shall not be binding upon the department, but if the department chooses not to comply with such recommendation, the department shall inform the court within two business days.

The department may provide special foster homes, and places of temporary custody commonly referred to as detention homes of the department of youth services for the care, maintenance and safekeeping of such children who may be committed by the court to said department under this section; provided, however, that no more than five such children shall be detained in any such special foster home at any one time.

A child between seven and seventeen years of age so committed by the court to the department to await further examination or trial by the court, shall be returned thereto within fifteen days after the date of the order of such commitment, and final disposition of the case shall thereupon be made by adjudication or otherwise, unless, in the opinion of the court, the

interest of the child and the public otherwise require.

The provisions of section twenty-four of chapter two hundred and twelve, relative to the precedence of cases of persons actually confined in prison and awaiting trial, shall apply to children held in detention facilities of the department of youth services under this section.

Said probation officer shall have the same authority, rights and powers in relation to a child committed to his care under this section, and in relation to a child released to him as provided in section sixty-seven, as he would have if he were surety on the recognizance of such child.

A person who at the time of the offense had attained the age of fourteen but had not attained the age of seventeen, and who is charged with murder in the first or second degree and is held by the superior court for trial or continuance, or for indictment and trial, if unable to furnish bail, shall be committed by the court to the custody of the sheriff of the county in which the court is situated; provided, however, that the appearance of the person at such examination or trial shall be the responsibility of the court for which he is being held in safekeeping.

SECTION 12. Said chapter 119 is hereby further amended by striking out section 68A, as so appearing, and inserting in place thereof the following section:-

A child between seven and seventeen years of age, held by the court for further examination, trial or continuance, or for indictment and trial, may at the discretion of the court be referred to the department of youth services, any court clinic, or the department of mental health, with its consent, and with the consent of the parents or guardian, for diagnostic study on an inpatient or outpatient basis; and, upon completion of such study, the department of youth services, court clinic or department of mental health, as the case may be, shall forward a report and recommendations to the court. In default of bail, any such child may be committed by the court to the department of youth services for a period not to exceed thirty days while undergoing diagnostic study. At the expiration of such period, such child shall be returned to the court, together with the report and recommendations to the department of youth services.

If a child commits an offense prior to his seventeenth birthday, and is not apprehended until between his seventeenth and eighteenth birthday, the court shall deal with such child in the same manner as if he has not attained his seventeenth birthday, and all provisions and rights applicable to a child under seventeen shall apply to such child.

(b) If the commonwealth has proceeded by indictment, the divisions of the juvenile court department shall continue to have jurisdiction over such persons who attain their eighteenth birthday pending the adjudication of their cases, or pending the determinations allowed under section fifty-eight, or during continuances or probation, or after their case has been placed on file. The case shall thereafter proceed according to the usual course of criminal proceedings and in accordance with the provisions of section thirty of chapter two hundred and eighteen and section eighteen of chapter two hundred and seventy-eight. SECTION 14. Said chapter 118E is hereby further amended by inserting after section 9 the following two sections:-

Section 9A. (1) As used in this section and in section nine B, the following words shall have the following meanings:

"Beneficiary", a person who, pursuant to eligibility criteria established by the terms and conditions of a demonstration project and regulations promulgated by the division, is determined to be eligible for medical benefits pursuant to this section.

"Demonstration project", (i) a program of medical benefits approved by the Secretary pursuant to section 1115(a) of the Social Security Act, 42 USC Section 1315(a); or (ii) a project approved by said secretary for which federal reimbursement is available pursuant to any successor to Title XIX if such project is similar to any such project approved or which would be approved under said section 1115(a), meets their requirements for a demonstration project established by this section and is implemented pursuant to a plan filed with the joint committee on health care and the house and senate committees on ways and means sixty days prior to implementation.

"Expansion beneficiaries", beneficiaries whose eligibility for medical benefits is established by clauses (b) to (g), inclusive, of subsection (2) according to the terms and conditions of the demonstration project and who otherwise would not be eligible for medical assistance pursuant to section nine in the absence of said demonstration project.

"Children's and Seniors' Health Care Assistance Fund", the fund established by section two FF of chapter twenty-nine intended to wholly support the costs of medical benefits and administration for expansion beneficiaries under the demonstration project and a pilot program of pharmaceutical assistance for the elderly.

"Program of health care assistance", programs of full or partial medical care funded wholly by the commonwealth for which the demonstration project seeks federal reimbursement.

"MassHealth", a program of full or partial medical benefits provided under the demonstration project as authorized by this section.

"Medical benefits", health care services including managed care programs, provided to beneficiaries pursuant to the terms and conditions of a demonstration project and regula-

tions promulgated by the division and including, but not limited to, medical insurance purchased for beneficiaries pursuant to section eighteen or benefits authorized by 42 USC 1396e.

"Traditional beneficiaries", persons whose eligibility for Medicaid would otherwise be established by section nine and the eligibility criteria established by the Medicaid state plan in effect on July first, nineteen hundred and ninety-six in the absence of the demonstration project, including beneficiaries, as of said date, (i) eligible for financial assistance under the provisions of chapter one hundred and eighteen and Title IV of the Social Security Act, 42 USC Section 601 et seq., as it may be amended or altered from time to time through the implementation of a waiver or project approved by the secretary; (ii) eligible for supplemental security income payments on account of disability or blindness under the provisions of Title XVI of the Social Security Act, 42 USC Section 1381 et seq., or for financial assistance under the provisions of chapter one hundred and eighteen A, except where applicable provisions of Title XIX, if not waived under the demonstration project, would render such persons ineligible for Medicaid; (iii) persons who would be eligible for financial assistance under clause (i) or (ii) but for income or resources and who meet the financial eligibility requirements established by the division under MassHealth; and (iv) persons who are otherwise eligible for Medicaid pursuant to any other eligibility criteria established by the state plan in effect on said July first.

(2) The division may, subject to appropriation and the provisions of section nine B, implement MassHealth in accordance with the terms and conditions of a demonstration project, notwithstanding the provisions of any other section of this chapter. MassHealth may provide a program or programs of medical benefits to one or more of the beneficiary categories described in the following clauses:

(a) children and adults who, in the absence of a demonstration project, would be otherwise eligible for medical assistance pursuant to section nine and who fall within the definition of traditional beneficiaries, including those individuals who received medical assistance;

(b) children through the age of twelve whose financial eligibility as determined by the division does not exceed two hundred percent of the federal poverty level and who otherwise would not qualify for Medicaid within the definition of traditional beneficiaries;

(c) adolescents aged thirteen through eighteen, inclusive, whose financial eligibility as determined by the division does not exceed one hundred and thirty-three percent of the federal poverty level and who otherwise would not qualify for Medicaid within the definition of traditional beneficiaries; provided, however, that such adolescents whose financial eligibility as determined by the division exceeds one hundred and thirty-three percent of the federal poverty level but not more than two hundred percent of the poverty level may qualify for partial medical benefits pursuant to the terms and conditions of the demonstration project;

(d) adults aged nineteen through sixty-four, inclusive, whose financial eligibility as determined by the division does not exceed one hundred and thirty-three percent of the federal poverty level and who otherwise would not qualify for Medicaid within the definition

of traditional beneficiaries; provided, however, that said adults shall meet such other eligibility criteria that the division and the secretary may establish, including, but not limited to, the presence of dependent children in the household;

(e) persons who are disabled or chronically ill and eligible for benefits under the provisions of section sixteen and sixteen A;

(f) persons receiving, or eligible to receive, unemployment insurance benefits who meet the eligibility requirements established under MassHealth and who, in the absence of a demonstration project, would otherwise qualify for the health insurance program established pursuant to subsection (1) of section fourteen G of chapter one hundred and fifty-one A;

(g) persons who are not receiving unemployment insurance benefits and who are not eligible for medical assistance but who are determined by the division to be long-term unemployed, out of the labor force, provided, however, that such persons meet the eligibility requirements established under MassHealth; provided, further, that such eligibility requirements shall not exclude from eligibility persons who are employed intermittently or on a non-regular basis;

(h) persons who would be eligible for financial or medical assistance under the foregoing provisions, but for income or resources, except where the terms and conditions of the demonstration project provide for more restrictive or less restrictive eligibility criteria, including the payment of premiums as a condition of eligibility.

(3) The division may, consistent with the terms and conditions of the demonstration project, deny MassHealth eligibility to persons in eligibility category (b) with incomes in excess of one hundred and thirty-three percent of the federal poverty level who were enrolled in a health insurance plan not administered by the state or federal government at any time during the eighteen months prior to applying to MassHealth, and may deny MassHealth eligibility to persons in any or all of eligibility categories as set forth in clauses (a) to (g), inclusive, who: (i) at the time of application, are eligible for employer-sponsored health insurance, or (ii) do not meet citizenship or residency requirements established by the division, provided that any person whose residency in the commonwealth was established solely for the purpose of seeking medical benefits shall not be eligible for MassHealth.

(4) The terms and conditions of the demonstration project shall expressly provide that the division may vary the amount, duration, and scope of medical benefits for any or all classes of beneficiaries, establish differing managed care arrangements for any or all such classes, and restrict the freedom of any or all such classes to choose health care providers.

(5) Medical benefits provided by MassHealth to school-aged children and adolescents shall, as much as reasonably practical, be provided by school-based clinics.

(6) Medical benefits provided under this section shall replace medical assistance provided under section nine, except that persons eligible for supplemental security income payments on account of age under the provisions of Title XVI of the Social Security Act, 42 USC Section 1381 et seq., and persons who would be eligible for such payments on account of age but for income or resources, shall continue to receive medical assistance under said section nine. The division shall not eliminate the retroactive eligibility period

allowed traditional beneficiaries until sixty days after the commissioner has certified to the Secretary of Human Services and the house and senate committees on ways and means that the division has fully implemented its streamlined eligibility process, including a simplified application and an expedited process for applicants in immediate need of services. The division shall not eliminate retroactive eligibility for applicants over the age of sixty-five or for institutionalized applicants or applicants who have been hospitalized for more than twenty days or who have been resident in a nursing home for more than thirty days.

(7) The provisions of Title XIX shall remain applicable to MassHealth except as waived or supplemented by the secretary under the terms and conditions of the demonstration project.

(8) Consistent with the provisions of Title XIX and any waiver authority therein, the division shall establish premium and copayment amounts for beneficiaries of MassHealth. Said premiums and copayments may be established on a sliding scale commensurate with beneficiary income levels. The division may waive premiums and copayments upon a finding of substantial financial or medical hardship.

(9) Unless explicitly provided under the demonstration project, nothing in this section shall be construed as requiring direct payment of any kind to any beneficiary. The division may make such direct payment, as it deems necessary, to (i) pay for covered medical benefits received between the date of effective eligibility and, if later, the date of determination of eligibility, (ii) correct errors made by the division, or (iii) comply with a court order; provided, that the division may, in lieu of cash payments, issue to individuals vouchers or other documents certifying that the division will pay a specified amount for health insurance under specified circumstances.

(10) If, during the term of the demonstration project, the division proposes modifications to MassHealth which would require approval by the secretary, the division may implement said modifications upon the secretary's approval, subject to the terms of that approval, and the enactment of authorizing legislation, if required.

(11) The division may implement provisions of the demonstration project through arrangements with other agencies of the commonwealth, including agencies that administered programs of health care assistance for expansion beneficiaries prior to implementation of the demonstration project, provided, that the division shall have final authority over all policies and procedures pertaining to the administration of the demonstration project. Such agencies shall furnish any information and data pertaining to MassHealth programs, providers, health insurers and beneficiaries deemed necessary by the commissioner to implement and monitor MassHealth. Upon the termination of the demonstration project, authority ceded to the division for the administration of MassHealth shall revert to such other agencies as provided by law.

(12) The division shall maintain comprehensive information on MassHealth medical benefits and eligibility requirements and shall make applications readily accessible to persons eligible for said benefits at a reasonable number of locations throughout the commonwealth. Said locations shall be equipped to provide all required eligibility information, benefit schedules and limitations, application forms and other information as-

sociated with remaining eligible for MassHealth. The division shall, whenever possible, utilize one standard application form and procedure for all MassHealth services and programs. Applicants who do not meet the eligibility requirements of a program for which they apply shall be informed of other programs for which they may qualify and be provided with all necessary forms and information required for such other programs. The division, when arranging for the implementation of programs with other agencies of the commonwealth, shall ensure that such other agencies meet the intent of this paragraph.

(13) Eligibility for and the medical benefits provided by MassHealth shall not give rise to nor be construed as giving rise to enforceable legal rights for any party or an enforceable entitlement to such eligibility or medical benefits other than to the extent that such rights or entitlements exist pursuant to the regulations of the division or the terms and conditions of the demonstration project.

(14) The terms and conditions of the demonstration project shall not establish any rights or entitlements that exceed the rights or entitlements established by Title XIX in the absence of the demonstration project, or impose any obligations upon the commonwealth's administration or financing because of implementation of MassHealth which is in excess of the obligations established by Title XIX for the state Medicaid program in the absence of the demonstration project. The commissioner shall, prior to the initial implementation of MassHealth, certify to the secretary of administration and finance and the house and senate committees on ways and means that no such terms, conditions or obligations have been established by the demonstration project that would violate the provisions of this paragraph.

Section 9B. (1) In any fiscal year, the participation of the commonwealth in the demonstration project shall be contingent upon a finding of budget neutrality by the commissioner. Said budget neutrality finding shall be certified by establishing: (a) that MassHealth expenditures for expansion beneficiaries are within the amounts appropriated therefor and (b) that revenues credited and other amounts transferred to the Children's and Seniors' Health Care Assistance Fund are sufficient by themselves to meet expenditures for expansion beneficiaries in each fiscal year without requiring additional amounts to be appropriated or transferred from the General Fund or from any other fiscal resource of the commonwealth. Said finding shall be separate and apart from any budget neutrality tests required to maintain federal support for the demonstration project.

Said budget neutrality finding shall be based upon the information developed pursuant to subsection (2), as said information is updated pursuant to subsection (3) and as analyzed pursuant to the provisions of subsection (4). Reports containing such information shall be filed by the commissioner with the secretary of administration and finance and the house and senate committees on ways and means as directed by said subsections.

For purposes of this section, the division may establish a methodology for projecting estimates of caseload, expenditures and revenues, in order to distinguish between traditional and expansion beneficiaries, by using proxies and other conventions in order to account for changes in eligibility criteria implemented under the demonstration project that make it difficult to compare caseload, expenditures and revenue estimates under the demonstration project, provided that said methodology is explicitly stated by the division in any report re-

quired by this section.

(2) Not less than sixty days prior to the need for an appropriation to implement MassHealth, the division shall file a report that establishes projected base year expenditures for Medicaid and other programs of health care assistance as they were administered prior to the demonstration project and for which federal reimbursement is approved under the demonstration project. In establishing said base year expenditures, the division shall rely upon date-of-service expenditures for the most recently completed fiscal year. Said report shall further include the following information: (a) a five year expenditure projection, for each Medicaid category of assistance and each program of health care assistance that would have been incurred but for the implementation of the demonstration project; provided, however, that said projections are stated on a date-of-service basis and a date-of-payment basis for each state fiscal year for which said report is making projections, and provided, further, that said projections are based on the average rates of inflation and caseload growth in the base year and the preceding two fiscal years; (b) a five year projection of expenditures for each eligibility category qualified to enroll in the demonstration project as identified in subsection (2) of section nine A that shall explicitly distinguish expenditures on behalf of traditional beneficiaries from expenditures on behalf of each category of expansion beneficiary eligible to enroll in the demonstration project; (c) a five year projection of administrative costs that distinguishes one-time start-up costs from on-going costs and compares such costs to the costs that would have been incurred in the absence of the demonstration project; and (d) a five year projection of all revenues anticipated to be credited to the Children's and Seniors' Health Care Assistance Fund, including, but not limited to, tax revenues, premium contributions and federal reimbursements. Said report shall explicitly state all assumptions used in making such projections, including, but not limited to, caseload change, utilization rates, payment rates and any other factors that normally affect health care expenditures of the commonwealth. The expenditures stated in said report shall serve as the basis for advising the general court on the appropriations necessary to make MassHealth budget neutral, as defined herein, in each fiscal year and for conducting said annual budget neutrality test. The commissioner shall obtain the concurrence of the comptroller and the revenue commissioner with said revenue projections required by clause (d).

(3) Expenditure and revenue projections required by subsection (2) shall be updated semiannually based on actual expenditures and revenues of the demonstration project. Said updates shall be made available in sufficient time to advise the annual appropriations process for the operating budget of the commonwealth, provided that said updates shall be available no later than the first Wednesday in November for purposes of the governor's budget recommendations pursuant to section seven H of chapter twenty-nine and by the first Wednesday in March for assisting the general court in making annual appropriations for the demonstration project. Said updates shall identify the reasons for any variations between any such expenditure and revenue projections and actual expenditures and revenues of the demonstration project and the risks, if any, that such variations pose to the budget neutrality of the demonstration project.

(4) The commissioner shall make the budget neutrality finding required by subsection (1) in a letter of certification that shall accompany the semi-annual update required by subsection (3). Said letter shall certify whether expenditures of the demonstration project for expansion beneficiaries exceed the amounts available therefor and whether revenues and appropriations credited to the Children's and Seniors' Health Care Assistance Fund are sufficient to fully support the costs of medical benefits for expansion beneficiaries in the current and subsequent fiscal year.

(5) In the event that said budget neutrality finding is unable to be certified pursuant to subsection (1), the commissioner shall notify the secretary that the commonwealth intends to withdraw from participation in the demonstration project within the time required by the Secretary, or ninety days, whichever is longer. Copies of said termination notice shall be submitted to the secretary of administration and finance and the house and senate committees on ways and means and the joint committee on health care. The commissioner may, prior to initiating said termination notice, file with said parties a plan of corrective action intended to produce budget neutrality within a specified time. Said plan may propose adjustments to any aspect of MassHealth, within the terms and conditions of the demonstration project, that the commissioner determines necessary to produce budget neutrality, including, but not limited to, the initiation of applicant waiting lists, eligibility limitations, changes to federal poverty levels, reductions in the amount, scope and duration of medical benefits, adjustments to or the imposition of beneficiary premium, copayment or other cost-sharing requirements, or revisions to provider billing deadlines, rates, payment schedules or other conditions of provider participation. If budget neutrality is not achieved within the time stipulated by the plan of corrective action, the commissioner shall notify said secretary and committees and initiate the termination notice to the secretary. In the event the commonwealth withdraws from participation in the demonstration project, beneficiaries may, subject to the availability of funds therefor, re-enroll in Medicaid or any program of health care assistance for which they would have qualified in the absence of a demonstration project.

(6) Notwithstanding the provisions of any general or special law to the contrary, the budget recommendations filed by the governor with the general court pursuant to section seven H of chapter twenty-nine shall recommend separate items of appropriation for the medical benefits to be provided to traditional beneficiaries and expansion beneficiaries in the next fiscal year. The revenue projections filed with said recommendations shall separately identify the federal reimbursements associated with traditional beneficiaries and expansion beneficiaries in the next fiscal year. Said budget recommendations shall separately identify the amounts projected to be expended for administrative expenses associated with the demonstration project.

(7) The annual appropriation act for each fiscal year shall make separate appropriations for the costs of medical benefits to be provided to traditional beneficiaries and expansion beneficiaries. Amounts appropriated for traditional beneficiaries shall be appropriated from the General Fund against which expenditures for said beneficiaries shall be charged. Amounts appropriated for expansion beneficiaries shall be charged to the General Fund only up to the amount that would otherwise have been appropriated for expan-

sion beneficiaries in the absence of demonstration project as stated in the report required by clause (a) of subsection (2). Any remaining amounts necessary to meet the costs of medical benefits for expansion beneficiaries shall be appropriated from the Children's and Seniors' Health Care Assistance Fund.

(8) The automated claims processing system employed by the division shall separately account for the costs of medical benefits incurred by traditional beneficiaries and by expansion beneficiaries. The division shall separately account for all revenues attributable to traditional beneficiaries and expansion beneficiaries, including, but not limited to, the federal reimbursements authorized under the demonstration project for expansion beneficiaries. The comptroller is hereby authorized and directed to establish in the state accounting system a means of identifying such separately identified expenditures and revenues.

(9) The comptroller is hereby authorized and directed to transfer amounts appropriated from the General Fund or any other fiscal resource of the commonwealth for expansion beneficiaries to the Children's and Seniors' Health Care Assistance Fund. Federal reimbursement generated by medical benefits provided to expansion beneficiaries shall be credited to said fund and shall be available for subsequent appropriation for said expansion beneficiaries. The comptroller is hereby further authorized and directed to notify the commissioner, the secretary of administration and finance and the house and senate committees on ways and means whenever the revenues and appropriations credited to said fund are projected to be insufficient to meet the actual and projected expenditures incurred on behalf of expansion beneficiaries in the fiscal year of the next fiscal year. The comptroller shall assist the commissioner in preparing the budget neutrality finding required by subsection (1).

SECTION 15. Said chapter 118E is hereby further amended by inserting after section 16A the following section:-

Section 16B. There is hereby established a five year pilot program of pharmacy assistance for eligible persons to be funded each fiscal year, subject to appropriation, in an amount not to exceed thirty million dollars from the Children's and Seniors' Health Care Assistance Fund established by section two FF of chapter twenty-nine. The division is hereby authorized and directed to administer said program.

For the purposes of this section, the following words shall, unless the context clearly requires otherwise, have the following meanings:

"Covered benefits", prescription drugs, including insulin syringes and insulin needles, and insulin, eligible for reimbursement under the program as defined by the division; provided, however, that within each class of maintenance drugs eligible for reimbursement, all such prescription drugs that have been approved as safe and effective by the federal Food and Drug Administration or are otherwise legally marketed in the United States shall be covered under the program and that covered benefits shall not include experimental drugs or over-the-counter pharmaceutical products, so-called, except insulin; provided further that the division may restrict covered benefits to prescription drugs manufactured by pharmaceutical companies who agree to provide manufacturer rebates.

"Eligible person", a resident of the commonwealth for not less than six months prior to application for enrollment in said program, who is sixty-five years or older, not eligible for pharmacy benefits or coverage under this chapter, with no pharmacy benefits or coverage from a Medicare supplemental insurance policy regulated by chapter one hundred and seventy-six K, with no pharmacy benefits or coverage from any other third party payor and whose annual income does not exceed two hundred percent of the federal poverty level or the applicable income eligibility limits as provided herein.

"Pharmacy assistance", an amount not exceeding five hundred dollars per fiscal year for each eligible person to assist in the purchase of covered benefits.

Pharmacy assistance shall be provided to eligible persons in the manner that the division determines to be the most cost-effective, consistent with purposes of this section, including, but not limited to, indemnification, vouchers or coupons or direct provider reimbursement through the medicaid claims payment system; provided, however, that no system of administration shall make direct cash payments to an eligible person prior to the presentation of a receipt or other invoice for the purchase of any covered benefit. To accommodate delays between billing and the payment of pharmacy assistance at the end of the fiscal year, the comptroller is hereby authorized and directed to establish procedures allowing the division to pay prior year pharmacy assistance expenses from the prior year's appropriation beyond the accounts payable period established by section thirteen of chapter twenty-nine; provided, however, that the division shall not pay any claim for pharmacy assistance that is presented to the division more than sixty days after the date the covered benefit was dispensed to an eligible person.

The division or, at its discretion, its designees, including, but not limited to, local councils on aging, community action agencies and home care corporations, shall verify income eligibility for said program based on an eligible person's submission of the most recently required federal income tax return, or, if an applicant was not required to file such a return, the submission of copies of monthly checks or other easily obtainable means of income verification. Residency shall be verified by the submission of such documentation as the division deems reasonable. Priority for eligibility may be given to applicants who were without any Medicare supplemental or other third-party benefits or coverage during the six months prior to application.

Application to said program shall be made during an open enrollment period commencing on February first and ending on April thirtieth of each year, or such other period that is concurrent with the enrollment period required for Medicare supplemental coverage pursuant to chapter one hundred and seventy-six K. Coverage shall be effective at the commencement of the commonwealth's fiscal year. An annual enrollment fee in an amount not to exceed fifteen dollars shall be paid by all eligible persons to defray the administrative expenses of said program, which shall be credited to the General Fund from which said administrative expenses may be appropriated.

The division shall develop copayment requirements for all purchases of a covered benefit and may establish deductibles to control program expenses. Copayment amounts may vary to promote the purchase of generic drugs and may be based on a sliding income

scale; provided, however, that copayments shall not be less than three dollars or not more than ten dollars per prescription. Said program shall be the payer of last resort for such pharmacy benefits. The division may implement utilization review, clinical management and other administrative techniques used in the management of Title XIX pharmacy benefits for said program, in order to identify and reduce drug interactions, overutilizations, therapeutic duplications or early refills. The division shall ensure the availability of quality pharmaceutical services for all enrollees according to the requirements of Title XIX, section 1927(d) of the Social Security Act. Within each class of maintenance drugs eligible for reimbursement, the division shall cover all prescription drugs that have been approved or designated as safe and effective by the federal Food and Drug Administration that, in the physician's professional judgment and within the lawful scope of his practice, are appropriate for the diagnosis or treatment of the patient.

The division shall inform enrollees in writing of the scope of the program's coverage, the amount of the cost sharing requirements, and any limitations on access to medicines.

The division shall provide for a clear and timely process by which enrollees can appeal a decision to deny reimbursement for covered medications. A pharmacist shall not be required to dispense a covered benefit upon the failure of an eligible person to make the required copayment.

To manage program expenditures within the amount appropriated therefor and to maximize the availability of pharmacy assistance to residents most in need, the division shall phase in eligibility and covered benefits. During the first year said program is in effect, income eligibility shall be limited to one hundred and thirty-three percent of the federal poverty level and covered benefits shall be limited to classes of maintenance drugs necessary to prevent or control chronic illnesses. The division shall promulgate by regulation a schedule of covered benefits in consultation with the department of public health. Eligibility shall be based upon an applicant's gross income and shall not be adjusted except as provided herein. In the event that pharmacy assistance payments in the first year of said program are projected to be substantially less than the amount appropriated therefor, and that said amount would not annualize in the second year to an amount that would exceed the expenditure cap imposed by this section, the division may for the second year said program is in effect: (1) expand income eligibility limits up to one hundred and fifty percent of the federal poverty level; (2) expand the classes of pharmaceutical products qualifying as a covered benefit; or (3) allow individuals with pharmaceutical expenses that are excessive in relation to income to spend-down to the income eligibility level then in effect. Expenses that may be counted for eligibility on a spend-down basis pursuant to clause (3) shall exclude covered benefits purchased prior to enrollment in said program or the costs incurred by an eligible person prior to the program's commencement each fiscal year.

Income eligibility levels and covered benefits may be further modified in subsequent fiscal years if expenditures under said program, in the opinion of the commissioner of medical assistance and with the concurrence of the budget director, are projected to be consistent with the expenditure cap imposed by this section.

Unexpended amounts at the close of the accounts payable period established by sec-

tion thirteen of chapter twenty-nine shall revert as unrestricted funds to the Children's and Seniors' Health Care Assistance Funds; provided, however, that said unexpended amounts shall be available for appropriation for pharmacy assistance benefits in the following fiscal years, subject to the provisions of section two FF of chapter twenty-nine. If pharmacy assistance payments in any fiscal year are projected to exceed the amounts appropriated for said program, or are expected to annualize beyond the expenditure cap imposed by this section, the division shall institute waiting lists or modify income eligibility levels and covered benefits to the amount appropriated therefor.

The division shall project the expenditures of said program for the subsequent fiscal year based on the income eligibility criteria and covered benefits that the division intends to promulgate for the open enrollment period that precedes said subsequent fiscal year in sufficient time to be included in the governor's budget recommendations. Said expenditure projection shall be simultaneously submitted to the secretary of administration and finance and the house and senate committees on ways and means and shall be accompanied by all underlying assumptions. An update of said projection and underlying assumptions shall be submitted to said secretary and said committees by the second Wednesday in April prior to said subsequent fiscal year which shall reflect the results of the recently concluded open enrollment.

The division may negotiate a manufacturer rebate arrangement with pharmaceutical companies. Revenues received from such rebate arrangement shall be credited to the Children's and Seniors' Health Care Assistance Fund, established pursuant to section two FF of chapter twenty-nine and may, subject to appropriation, be used to supplement the funding, eligibility and covered benefit limits of said program created by this section upon the conclusive finding by the secretary of administration and finance that cigarette tax revenues credited to said Fund are sufficient to meet the appropriations made therefrom.

The division shall promulgate such regulations as are necessary to implement the pharmacy assistance program. The division shall maintain data to allow evaluation of the cost effectiveness of the program and shall submit biannually to the general court a report summarizing beneficiary demographics, utilization, provider dispensing experience, utilization review results and such other information as may be needed to evaluate the costs and benefits of said program. The division and the division of insurance shall develop and maintain information which allows evaluation of the impact of the pharmacy assistance program and Medicare supplemental insurance on the number of elderly persons without pharmacy benefits.

SECTION 16. Said section sixteen B of said chapter one hundred eighteen E, inserted by section fifteen of this act, is hereby repealed.

SECTION 17. Section 3 of chapter 118G of the General Laws, as appearing in section 275 of chapter 151 of the acts of 1996, is hereby amended by adding the following clause:-

(g) without imposing undue hardship upon any individual, to secure payment for unpaid bills owed to acute hospitals by persons ineligible for free care which have been accounted for as bad debt by the hospital and which are voluntarily referred by a hospital to

the department for collection; provided, however, that such unpaid charges shall be considered debts owed to the commonwealth and that all payments received shall be credited to the Uncompensated Care Trust Fund; and provided, further, that all actions to secure such payments shall be conducted in compliance with a protocol previously submitted by the division to the committee on health care and the house and senate committees on ways and means.

SECTION 18. The tenth paragraph of section 18 of said chapter 118G, as so appearing, is hereby amended by inserting after the second sentence the following two sentences:- Said division may adopt regulations providing for a claims adjudication process for payments from the uncompensated care pool for the cost of uncompensated care provided to patients; provided, however, that such regulations are consistent with any recommendations received by the Massachusetts Hospital Association. As part of the claims adjudication, the department may require the hospital provide information to the division about the income and employment status of the patient, the name and address of the patient's employer, if any, and evidence of health care coverage, if any.

SECTION 19. Section nineteen of said chapter one hundred and eighteen G, as so appearing, is hereby repealed.

SECTION 20. Section 21 of said chapter 118G, as so appearing, is hereby amended by striking out clauses (5) and (6) and inserting in place thereof the following clause:-

(5) the evaluation of the effectiveness of the initiatives of the division and tax incentives in reducing the cost of health insurance to small businesses and the impact of such voluntary incentives on the number of small businesses offering health insurance to their employees.

SECTION 21. Chapter 151A of the General Laws is hereby amended by striking out section 14G, as appearing in the 1994 Official Edition, and inserting in place thereof the following section:-

Section 14G. (a) Beginning on January first, nineteen hundred and ninety, each employer, except those employers who employ five or fewer employees, subject to the provisions of sections fourteen, fourteen A, and fourteen C shall pay, in the same manner and at the same times as the commissioner of employment and training prescribes for the contribution required by said section fourteen, an unemployment health insurance contribution computed by multiplying the wages paid its employees by the unemployment health insurance contribution rate of twelve hundredths of one percent.

(b) Such unemployment health insurance contribution shall be paid to the commissioner of employment and training in accordance with the procedures prescribed by said commissioner. The receipts from such contributions shall not be deposited in the State Unemployment Compensation Fund, but shall be impressed with a trust and dedicated, through the state treasurer as trustee, to the unemployment health insurance contribution account of the Medical Security Trust Fund, established in subsection (k). Prior to the depositing of the receipts, the commissioner of employment and training may deduct all administrative costs incurred by the department of employment and training as a result of this section, including an amount as determined by the United States secretary of labor in ac-

cordance with federal cost rules, but in no calendar year may such deduction exceed five percent of the amounts collected pursuant to this section.

(c)(1) For the purposes of this section, the word wages shall not include that part of remuneration which, after remuneration equal to the unemployment health insurance contribution wage base with respect to employment with such employer has been paid to an individual during the calendar year, is paid to such individual during such year. For the purposes of this paragraph, remuneration shall include remuneration paid to an individual during the calendar year with respect to employment with a transferring employer, as that term is used in subsection (n) of section fourteen.

(2) For the purposes of this section, the words unemployment health insurance contribution wage base shall equal fourteen thousand dollars for the calendar years nineteen hundred and ninety to nineteen hundred and ninety-two, inclusive. For each subsequent calendar year the unemployment health insurance contribution wage base shall equal the product of (i) the unemployment health insurance contribution wage base for the then previous calendar year; and (ii) the sum of one and the health insurance inflation rate for the then previous calendar year, as reported by the rate review board established pursuant to subsection (f).

(d)(1) The provisions of this section shall not apply to an employer newly subject to this chapter, as defined in paragraph (3) of subsection (i) of section fourteen, until such employer has been an employer for not less than the twelve consecutive months' period specified in paragraph (1) of subsection (b) of section fourteen.

(2) During the first calendar year in which this section applies to an employer newly subject to this chapter pursuant to paragraph (1), such employer's unemployment health insurance contribution shall be computed by substituting in subsection (a) the words ":four hundredths of one percent" for the words "twelve hundredths of one percent."

(3) During the second calendar year in which this section applies to an employer newly subject to this chapter pursuant to paragraph (1), such employer's unemployment health insurance contribution shall be computed by substituting in subsection (a) the words "eight hundredths of one percent" for the words "twelve hundredths of one percent."

(e) Except where inconsistent with the provisions of this section, the terms and conditions of chapter one hundred and fifty-one A which are applicable to the payment of and the collection of contributions or payments in lieu of contributions shall apply to the same extent to the payment of and the collection of such unemployment health insurance contribution; provided, however, that said contributions shall not be credited to the employer's account or the solvency account established pursuant to section fourteen, fourteen A or fourteen C of said chapter one hundred and fifty-one A.

(f) There shall be a rate review board composed of the commissioner of medical assistance or his designee, the commissioner of medical security or his designee, and the commissioner of insurance or his designee. The rate review board shall determine if the unemployment health insurance contribution rate and the unemployment health insurance contribution wage base established in this section will be adequate to provide for the estimated costs for the subsequent year of unemployment health insurance programs estab-

lished pursuant to section nine of chapter one hundred and eighteen F provided by said department of medical security. If in the opinion of the said board the unemployment health insurance contribution wage base or the unemployment health insurance contribution rate as established above would be inadequate to properly fund the unemployment health insurance program, said rate of health insurance inflation or the unemployment health insurance contribution rate shall be appropriately adjusted in order to properly fund said unemployment health insurance program.

On or before November thirtieth of each year, the commissioner of medical security shall certify to said board the estimated costs for the subsequent year of health insurance programs provided by said department of medical security for individuals and their families who are eligible for the health insurance program established by section nine of chapter one hundred and eighteen F for individuals receiving unemployment insurance compensation. Such estimated costs shall be exclusive of amounts to be covered by premiums, co-payments, deductibles and co-insurance to be paid by covered individuals and any anticipated appropriations. The rate review board shall further adjust such estimated costs to reflect prudent levels of reserves sufficient to carry out the responsibilities of the department for said unemployment health insurance program. If in the opinion of the said board the rate of health inflation on the unemployment health insurance contribution wage base as established or calculated above would be inadequate to properly fund said unemployment health insurance program, said rate of health insurance inflation or the unemployment health insurance contribution rate shall be appropriately adjusted in order to properly fund said health insurance programs.

(g) Any employer who fails to file any report or form as required by this section shall pay a penalty equal to ten percent of the contribution due under this section; provided, however, that the penalty assessed shall not exceed one hundred dollars nor be less than twenty-five dollars for each such failure to file, in addition to restitution for any amounts owed to the Medical Security Trust Fund as a result of such failure to make a correct contribution. Any penalties collected pursuant to this section shall be deposited in the Medical Security Trust Fund. Any employer, in accordance with rules and regulations promulgated by the commissioner, who relies in good faith on statements by employees relative to their health insurance status shall not be liable for any penalty or restitution for failure to comply with the provisions of this section caused by misstatements of such employees. Any contribution under this section shall be allowable as a business expense.

(h) Any employer notified of a determination of the commissioner of employment and training, subject to the provisions of this section, may request a hearing on such determination. The request for hearing shall be filed within ten days after mailing of the notice of the determination. If a hearing is requested, said commissioner shall give the employer a reasonable opportunity for a fair hearing before an impartial hearing officer designated by the commissioner. The conduct of such hearing shall be in accordance with the procedures prescribed by subsection (b) of section thirty-nine. Any employer aggrieved by the decision following such hearing may appeal such decision. Such appeal shall be in accordance with the procedures prescribed by sections forty to forty-two, inclusive. Unless

action is taken under section forty, the decision of said commissioner shall be final on all questions of fact and law.

(i) The department of employment and training shall provide written information to every individual who is eligible for unemployment benefits, including extended benefits under section thirty A or extended unemployment compensation benefits under the federal Emergency Unemployment Compensation Act of 1991 or any other federal act, that such individual may be eligible for health insurance coverage pursuant to this section and the provisions of section nine of chapter one hundred and eighteen F. In addition, the department of employment and training shall post in their local offices a clear and conspicuous notice advising such individuals of their rights under this section, provided, that said notice shall be in English, Spanish, and any other language which the department determines appropriate for the area office in which the notice is posted. The department of medical security shall provide the department of employment and training with such information and notice.

(j) The department shall establish and may operate a health insurance program for the benefit of persons who meet both of the following criteria: (1) the person is receiving or is eligible to receive unemployment compensation benefits under this chapter, including extended benefits under the provisions of section thirty A or extended unemployment compensation benefits, hereinafter referred to as EUC benefits, under the federal Emergency Unemployment Compensation Act of 1991 or any other federal act; and (2) the gross income of the person and the person's spouse, if any, including any income received from unemployment benefits, extended benefits or EUC benefits as provided in clause (1), is less than or equal to four times the non-farm poverty guidelines of the United States Office of Management and Budget.

The health insurance program administered by the department shall consist of the following options: a buy-in option called the continuation plan under which the department shall subsidize a qualified person's continued enrollment in the health insurance plan to which they belonged at the time of, or prior to, applying for unemployment compensation benefits, including persons whose continued eligibility for said enrollment is based on the federal COBRA law, so-called; as well as an option called the direct coverage plan which shall consist of a limited plan of health care services and benefits to be administered by the department. To qualify for benefits under this section, the department shall require that applicants maintain continued enrollment in the health insurance plan in which they were enrolled prior to applying for unemployment compensation benefits, or as permitted by the federal COBRA law.

Persons so qualified shall be ineligible for enrollment in the direct coverage plan and the department shall subsidize enrollees' continued health insurance plan by reimbursing said enrollees for a portion of their premium cost in accordance with the department's benefits schedule. Persons unable to qualify for COBRA benefits, so-called, due to lack of access to prior health insurance coverage through their former employer or their spouse's employer or a hardship determined by the department, shall be eligible for the direct coverage plan pursuant to the eligibility requirements of this section. The department shall establish a

schedule of co-payments and deductibles within the direct coverage plan which shall promote the cost-effective use of services by participants in the program.

The department shall establish procedures for the calculation of the gross income of an applicant or the applicant's spouse, if any, for the purposes of determining eligibility under a health insurance plan established under this section. Such procedures shall provide that in determining the income of the applicant or the applicant's spouse, if any, the department shall examine the gross income of the applicant and the applicant's spouse, if any, in the six months prior to application, and a projection of the gross income of the applicant and the applicant's spouse, if any, including a calculation of the maximum benefits payable to the applicant and the applicant's spouse, if any, from unemployment benefits, extended benefits or EUC benefits, for the six months after application. Such procedures shall also make provisions for the redetermination of eligibility for an enrollee or the enrollee's family.

The department shall establish grievance procedures under which any decision, action or inaction of the department which directly affects an enrollee or the enrollee's family, and is related to the receipt of benefits under this section can be revived. The department shall establish appeal procedures under which an applicant may appeal a denial of benefits in whole or in part or may appeal a determination of income, or under which an enrollee may appeal termination from the program.

For the purposes of this section the term "family members" of the applicant or enrollee shall include the applicant or enrollee, a spouse, and any legal dependents.

The department shall prepare reports on the status of the program established in this section, and submit such reports annually on the first Wednesday in January, April, July, and October to the joint committee on health care and the house and senate committees on ways and means. Such reports shall include, but not be limited to, the number of enrollees in the program for the previous quarter, the amount of benefits paid out in the previous quarter, and the end of quarter balance in the Medical Security Trust Fund established in subsection (k). The commissioner is hereby authorized to delegate, by means of an interagency service agreement, to another state agency the authority to manage and administer the health insurance program established by this subsection.

(k) There is hereby established a Medical Security Trust Fund, which shall be administered and expended by the department without further appropriation. Said trust fund shall consist of employer unemployment health insurance contributions required by subsection (a) and premiums paid by enrollees. Said fund shall be used exclusively for the payment of premiums for health insurance plans provided to persons receiving unemployment compensation. The commissioner shall from time to time requisition from said trust fund such amounts as he deems necessary to meet the current obligations of the department and estimated obligations for a reasonable future period.

SECTION 22. Section 79 of chapter 23 of the acts of 1988 is hereby amended by striking out the second sentence, as amended by section 4 of chapter 239 of the acts of 1995.

SECTION 23. (a) The general court finds it to be in the interest of the commonwealth to promote the prevention of injury and illness among its residents.

Whereas there are individuals and families residing in the commonwealth who lack health insurance coverage for preventive health or primary care services, utilization of said services has been shown to be effective in reducing the incidence of preventable hospitalization and cost of health care, there are a significant number of students of the health sciences and licensed and certified health professionals located in the commonwealth seeking opportunities to serve the public in community settings, there are a number of health programs and facilities in the commonwealth that may benefit from the services of said students and health professionals, and students who participate in such programs are likely to seek careers in community setting, the general court hereby establishes the Health Education Learning Partnership of Massachusetts.

The commissioner and the chancellor shall develop a program to expand and coordinate public and private resources that promote community service by linking health professionals and supervised students with existing health education and primary care services.

(d) The commissioner and the chancellor shall appoint a HELPMASS advisory committee consisting of not less than ten nor more than thirty, members. These persons shall represent a wide range of professions and institutions involved in providing medical and health education and primary health care. Said studies and pilot projects shall examine ways to encourage schools and other educational programs that prepare public health and health professionals to incorporate public service requirements in the curriculum and promote incentives for participation. Under supervision from appropriate licensed or certified personnel, and in cooperation with appropriate educational authorities, students should be enlisted to participate in pilot projects. To the extent possible, opportunities for participation in pilot projects should be expanded for students enrolled in secondary and post-secondary schools and educational programs and current and retired licensed health care providers.

SECTION 24. Every manufacturer, wholesaler, vending machine operator, unclassified acquirer or retailer, as defined in section one of chapter sixty-four C of the General Laws, who, at the commencement of business on the effective date of section two, has on hand any cigarettes for sale or any unused adhesive or meter stamps, shall make and file with the commissioner of revenue within twenty days thereafter a return, subscribed under the penalties of perjury, showing a complete inventory of such cigarettes and stamps, and shall, at the time he is required to file such return, pay an additional excise at the rate of twelve and one-half mills per cigarette on all cigarettes and all unused adhesive and meter stamps upon which only the excise imposed pursuant to section six of said chapter sixty-four C has previously been paid; provided, however, that the additional excise imposed

by this section shall equal twenty-five percent of the price paid by such manufacturer, wholesaler, vending machine operator, unclassified acquirer or retailer to purchase smokeless tobacco and fifteen percent of the price paid by such manufacturer, wholesaler vending machine operator, unclassified acquirer or retailer to purchase cigars and smoking tobacco on hand on said date. All provisions of chapters sixty-two C and sixty-four C of the General Laws, relative to the assessment, collection, payment, abatement, verification, and administration of taxes, including penalties, shall, so far as pertinent, be applicable to the excise imposed by this section.

SECTION 25. On or before December thirty-first, nineteen hundred and ninety-seven and November first, nineteen hundred and ninety-nine, the division of health care finance and policy shall file with the clerks of the house and the senate the findings of a comprehensive survey of the uninsured and underinsured in the commonwealth. Said comprehensive surveys shall include sufficiently large samples of adults and children in the commonwealth to provide reliable estimates and analyses of:

(a) the rates of insurance, uninsurance and underinsurance among all noninstitutionalized residents in the commonwealth at the time the survey is conducted and in the course of the prior year;

(b) the scope, source and cost of immediate prior or present insurance coverage, and reasons for being without coverage, including awareness of private and public sources of coverage and willingness to purchase coverage if available;

(c) the relationship between insurance coverage and employment including, but not limited to, employer SIC codes, hours worked, duration of employment, size of firm, actual or potential policyholders in the household, income, poverty level, age, race or ethnicity, gender, household structure and region of residence; and

(d) estimates and analyses of the relationship between insurance coverage and health status, including general health status, disability or chronic conditions, and health services utilization patterns, including use of free or charitable care, among residents of the commonwealth.

The division shall monitor the rate of employer-sponsored health benefits coverage in the commonwealth, in particular to determine if there is a relationship between the rate of employer-sponsored health benefits coverage and the implementation of this act.

SECTION 26. The division of medical assistance is hereby authorized and directed to seek an amendment to the MassHealth demonstration project waiver, so-called, that was approved April fifteenth, nineteen hundred and ninety-five by the health care finance administration. Said amendment shall be consistent with the provisions of sections nine A and nine B of chapter one hundred and eighteen E of the General Laws. Said amendment shall seek authorization to provide medical benefits to persons (1) eligible for medical assistance pursuant to section nine of said chapter one hundred and eighteen E and to (2) persons described in subsection two of said section nine A who were not previously eligible for such medical assistance; provided, however, that said amendment shall identify which groups among said persons qualify for the commonwealth to receive federal reimbursement under said demonstration project. Said amendment shall further seek to pro-

vide the division with authority to vary from the requirements of Title XIX the amount, duration, and scope of such medical benefits and the authority to maintain the budget neutrality of said demonstration project as defined by section nine B of said chapter one hundred and eighteen E.

SECTION 27. Notwithstanding the provisions of any general or special law to the contrary, the division of medical assistance may, subject to appropriation, establish programs of medical care, assistance or benefits for persons whose health care coverage was displaced as a result of eligibility criteria changes implemented under the demonstration project authorized by section nine A of chapter one hundred and eighteen E of the General Laws. The division may limit the availability of coverage under said programs as it deems necessary to control expenditures to the amounts appropriated therefor. Eligibility for and the medical benefits provided by said programs shall not give rise to nor be construed as giving rise to enforceable legal rights for any party or an enforceable entitlement to such eligibility or medical benefits other than to the extent that such rights or entitlements exist pursuant to the regulations of the division or the terms and conditions of the demonstration project.

SECTION 28. Notwithstanding the provisions of any general or special law to the contrary, if the division of medical assistance determines that funds made available to said division for the provision of acute hospital services to persons eligible for medical benefits pursuant to clause (g) of subsection (2) of section nine A of chapter one hundred and eighteen E of the General Laws are insufficient for the provision of said services, said persons shall be considered "patients deemed financially unable to pay" pursuant to the definition of "free care" in section one of chapter one hundred and eighteen G of the General Laws and shall not be considered publicly aided patients for the purpose of said section. Prior to making such a determination said division shall notify the committee on health care and the house and senate committees on ways and means.

SECTION 29. Notwithstanding the provisions of any general or special law to the contrary, the division of medical assistance shall, to the extent allowed under a demonstration waiver approved by the Health Care Financing Administration and consistent with provisions of Title XIX of the Social Security Act and the medicaid state plan, establish an intergovernmental transfer program with Boston city hospital, or its successor entity, and the Cambridge hospital, or its successor entity, for the purpose of funding payments which may be made to said hospitals to provide benefits under a demonstration project pursuant to section nine A of chapter one hundred and eighteen E of the General Laws, subject to agreements between the hospitals, the public entity making intergovernmental fund transfer and said division; provided that any such program instituted by the said division shall be budget neutral to the commonwealth. The intergovernmental funds transfer program shall be operated at the maximum level of funding allowed under the Section 1115 Demonstration Waiver from the Health Care Financing Administration.

SECTION 30. There is hereby established a special commission for the purpose of making an investigation relative to the methods for achieving a long term solution to the overall problem of the fair and equitable allocation of the burden of uncompensated care and

free care among affected participants in the health care delivery system, such that no single group of participants bears a disproportionate burden for the cost of uncompensated care. Said commission shall consist of one member of the senate, one member of the house of representatives, the secretary of administration and finance, and six persons to be appointed by the governor, one of whom shall be a representative from the Massachusetts Hospital Association, one of whom shall be a representative of health maintenance organizations, one of whom shall be a representative from the Associated Industries of Massachusetts, one of whom shall be a representative from Blue Cross and Blue Shield of Massachusetts, one of whom shall be a representative from the Massachusetts League of Community Health Centers and one of whom shall be a representative from Health Care for All.

Said commission shall be jointly chaired by the members from the senate and house of representatives and the secretary of administration and finance. The commission shall adopt such rules and establish such procedures as it considers necessary for the conduct of its business. The commission may expend such funds as may be appropriated or made available therefor. No action of the commission shall be considered official unless approved by a majority vote of the commission.

The commission shall have the following responsibilities and duties:

(*a*) to develop a suitable plan for dealing with both the issues of fair and equitable assessment to pay for uncompensated care, and the fair and equitable distribution of any assessment,

(*b*) to include in said plan authorization for the division of medical assistance to implement a program of employer tax credits and employee subsidies to encourage the purchase of group health insurance; provided, however, that said program shall be financed, in part, by the Uncompensated Care Trust Fund or other new sources of revenue, and

(*c*) to prepare legislation which will implement the plan.

In pursuing its responsibilities and duties, the commission is hereby authorized and directed to consult with parties affected by said commission's matter of study, and shall, prior to voting on any final recommendations, consult with the parties affected by said recommendations, including, but not limited to, the executive office of health and human services, division of health care finance and policy, division of insurance, division of medical assistance, Massachusetts Health Care Purchasers Group, Small Business Advisory Board established pursuant to section twenty-two of chapter one hundred and eighteen G of the General Laws, Massachusetts Law Reform Institute, Massachusetts Council of Community Hospitals, Life Insurance Association of Massachusetts, and organizations representing Chambers of Commerce throughout the commonwealth. The commission shall use as the basis for the development of its plan quantifiable data as it relates to the projected impact of any assessments, provider taxes, and federal financial participation. Said data shall be included in the commission's final report.

In designing a program of employer tax credits and employee subsidies, the commission shall consider a program consistent with the waiver granted the commonwealth by the Health Care Finance Administration pursuant to section 1115 of the Social Security Act. Said program may include refundable tax credits to employers who pay fifty percent

or more of the cost of their low income employees' medical insurance which meets minimum qualifications established by law or regulation, and subsidies to those employees.

Said commission shall file its final report including the proposed legislation with the clerks of the senate and the house of representatives and with the governor on or before December thirty-first, nineteen hundred and ninety-six.

SECTION 31. The department of public health is hereby directed to issue a determination of need to any hospital licensed pursuant to section fifty-one of chapter one hundred and eleven of the General Laws, that can demonstrate the following:-

(1) a binding contractual commitment with a nursing home licensed pursuant to section twenty-one of said chapter one hundred and eleven that results in the nursing home's surrender of its license;

(2) that such license holder has ceased operation of its facility;

(3) that the hospital has developed a hospital based skilled nursing facility and meets the qualifications for licensure and Medicare certification; and

(4) that the hospital agrees to be responsible for all overpayments owed to the division of medical assistance by the nursing facility which surrenders its license.

Any determination of need awarded pursuant to this section, shall be deemed awarded on the date that such a hospital first demonstrates compliance with the above criteria; provided, however, that any hospital based skilled nursing facility established as the result of closure of a rest home licensed pursuant to said section seventy-one of said chapter one hundred and eleven shall have demonstrated compliance with the above criteria prior to April twenty-first, nineteen hundred and ninety-five; and, provided further, that any determination of need granted pursuant to this section shall supersede and replace any prior authorization that such a hospital may have received for the operation of a hospital based skilled nursing facility and any other basis for the award of licensure shall be revoked.

To participate in the medical assistance program as a hospital-based skilled nursing facility, the hospital shall enter into a provider-specific special contract with the division of medical assistance that sets out mutually agreeable terms for its participation in said medical assistance program. In no event, shall said division pay any higher rate for services provided by any facilities granted a determination of need as a result of this provision than it would have paid if a determination of need had not been granted.

SECTION 32. The commissioners of the division of medical security and the division of insurance are hereby authorized and directed to develop, within twelve months following the passage of this act, recommendations for the implementation in the commonwealth of a standardized billing system for all health care services and materials, including prescriptions. Said system shall provide for the use of a standardized billing format to be used for all health care providers and third party payers in the commonwealth, and shall be designed so as to reduce paperwork, reduce administrative costs, and provide a clearly understandable system of charge and payment. Said recommendations shall be filed with the clerks of the Senate and the House of Representatives within twelve months from the passage of this act.

SECTION 33. It is hereby found and declared that:

the access of residents of the commonwealth to basic health care services is a natural, essential, and unalienable right which is protected by Article I of Part the First of the Constitution;

there live within the commonwealth many thousands of persons who lack access to basic health care services because they are not able to purchase health care insurance at a reasonable price or because they are restricted from purchasing health insurance by the practices of the insurance industry;

such lack of access to health care negatively affects the health status of the uninsured in the commonwealth by the delay or lack of medical treatments, thereby increasing the incidence of disease and illness in the commonwealth;

the cost of providing hospital care to the uninsured is a burden on the taxpayers and certain businesses in the commonwealth;

most businesses in the commonwealth assist their employees in the purchase of health care insurance and that many other businesses are precluded from providing such assistance because of economic and cost concerns; and

the inability of certain businesses to offer health insurance benefits to their employees is a hindrance to their ability to compete for capable employees in the labor market and therefore has a negative economic impact on the commonwealth.

Therefore, it is found that it is in the public interest of the commonwealth to promote the accessibility of health care services for all its citizens, a public purpose for which public money may be expended.

SECTION 34. Section sixteen of this act shall take effect on June thirtieth, two thousand two.

SECTION 35. Section three of this act shall take effect on October first, one thousand nine hundred ninety-six.

This bill was returned by the Governor to the House, the branch in which it originated, with his objections thereto, was passed by the House and Senate on July 24, 1996, the objections of the Governor notwithstanding, in the manner prescribed by the Constitution, and therefore has the force of law.

Chapter 204. AN ACT MAKING APPROPRIATIONS FOR THE FISCAL YEAR NINETEEN HUNDRED AND NINETY-SIX TO PROVIDE FOR SUPPLEMENTING CERTAIN EXISTING APPROPRIATIONS AND FOR CERTAIN OTHER ACTIVITIES AND PROJECTS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately make or supplement appropriations for the fiscal year ending June thirtieth, nineteen hundred and ninety-six, and to make certain changes in the law, each of which is immediately necessary or appropriate to effectuate said appropriations or for other important public purposes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. To provide for supplementing certain items in the general appropriation act and other appropriations acts for fiscal year nineteen hundred and ninety-six, the sums set forth in section two are hereby appropriated for the several purposes and subject to the conditions specified in said appropriations acts, and subject to the provisions of law regulating the disbursement of public funds, for the fiscal year ending June thirtieth, nineteen hundred and ninety-six. The sums so appropriated shall be in addition to any amounts available for the purpose.

Bagley and Raymond McNamara under this section shall be fixed in an amount equal to the regular compensation which would have been paid to them respectively had they continued in service as a fire lieutenant in said city of Newton at the grade held by them at the time of their retirement; provided, however, that no salary increases for the grade held by them at the time of their retirement which accrue after they have attained the maximum age for their group shall be added to their retirement allowance; and provided further, that the retirement allowances payable to them after they have attained the maximum age for their group shall be increased in the manner provided to all city of Newton retirees pursuant to any provision of chapter thirty-two of the General Laws.

(3) The annual amount of retirement allowance payable to the remainder of the fire-

fighters named in subsection (*a*), other than Lieutenants Bagley and McNamara, shall be fixed in an amount equal to seventy-two percent of the regular compensation which the firefighters would have received had they continued in service as firefighters in the Newton fire department at the grade held by them at the time of their retirement; provided, however, that no salary increases for the grade held by them at the time of their retirement which accrue after they have attained the maximum age for their group shall be added to their retirement allowance; and provided further, that the retirement allowances payable to them after they have attained the maximum age for their group shall be increased in the manner provided to all city of Newton retirees pursuant to any provision of chapter thirty-two of the General Laws.

(4) Upon such retirement, the retirement board of the city of Newton shall pay to each of the firefighters a yearly amount of annuity as calculated pursuant to option (b) as defined in clause (*i*) of subdivision (2) of section twelve of chapter thirty-two of the General Laws.

(5) Upon the death of a firefighter, the surviving spouse shall be entitled to a return of accumulated total deductions credited to such firefighter's account according to the provisions of option (b) as defined in clause (*i*) of subdivision (2) of section twelve of chapter thirty-two of the General Laws, or to his surviving beneficiary or beneficiaries entitled thereto.

(6) Upon the death of a firefighter, the retirement board of the city of Newton shall pay to the surviving spouse, if any, an allowance equal to that being paid to her husband, at the time of his death. The allowance paid to the surviving spouse shall not be eligible for any increases to which the firefighter would have been eligible pursuant to clause (2) or (3), but shall be eligible for all other increases provided to all city of Newton retirees pursuant to any provision of chapter thirty-two of the General Laws. Payment of said allowance shall be terminated upon the death, but not the remarriage, of the surviving spouse. The benefits, if any, available to a person who does not qualify as a "surviving spouse" as defined in this section, shall be determined according to the provisions of chapter thirty-two of the General Laws.

(7) If at any time there is no surviving spouse eligible to receive the retirement allowance provided in clause (4), such allowance shall be paid to the legal guardian for the benefit of any surviving unmarried children as defined in this section. Such allowance shall be divided for the benefit of such children in such manner as the retirement board of the city of Newton shall from time to time determine, and shall be paid so long as any such child survives, remains unmarried and is under age eighteen or, if over said age, remains physically or mentally incapacitated from earning.

(8) Upon the death of a firefighter, if there are any surviving unmarried children of such firefighter, the retirement board of the city of Newton shall pay an additional pension at the rate of four hundred and fifty dollars annually for each such child to the child's natural or legal guardian so long as each child survives and remains an "unmarried child" as defined in this section.

(9) Following the retirement of the firefighters, the city of Newton shall pay for

necessary and reasonable medical expenses for the firefighters due to injuries sustained as a result of said explosion in the following manner:

(A) Medical care shall first be provided through the health insurance provided to retired city of Newton employees pursuant to chapter thirty-two B and chapter one hundred and fifty E of the General Laws;

(B) The city of Newton shall pay to the health care providers all co-payments required by the health insurance policy under which the firefighter is insured;

(C) The city of Newton shall pay to the health care providers all deductibles required by the health insurance policy under which the firefighter is insured; and

(D) The city of Newton shall pay to the health care providers the fees and other expenses for authorized services whose costs exceed applicable benefits limits but whose payment is denied solely because of such applicable benefits limit. Any such payments pursuant to this paragraph must meet all other eligibility requirements of said health insurance; provided, however, that no firefighter shall be required to change health care providers as a result of paragraph (A); and provided further that any changes made by a firefighter in health care providers and any referrals from current health care providers to health care providers who have not rendered care to the firefighter for injuries or illnesses caused by such explosion shall comply with the provisions of paragraph (A).

(*d*) Notwithstanding the provisions of any general or special law to the contrary, including, but not limited to, section eight of chapter thirty-two of the General Laws, no firefighter retired pursuant to this section shall be subject to examination or re-examination by a medical panel or other physician to determine his eligibility or continued eligibility for accidental disability retirement benefits as provided in this section or in chapter thirty-two of the General Laws.

(*e*) Effective upon receipt by the city of Newton of the sum appropriated in item 1599-8888 of this act and notwithstanding the provisions of any general or special law to the contrary including, but not limited to, paragraph three of section eight of chapter thirty-two of the General Laws:

(1) No firefighter shall have his retirement allowance subject to modification as a result of earnings from alternative employment; provided, however, that he shall be required to submit earnings reports to the retirement board of the city of Newton pursuant to section ninety-one A of chapter thirty-two of the General Laws; and

(2) The firefighters shall be subject to the limitation of earnings formula as set forth in said section ninety-one A of said chapter thirty-two, with the ability to earn the amount described in said section ninety-one A of said chapter thirty-two plus an additional two thousand five hundred dollars. If a firefighter earns in excess of these allowable amounts, the retirement board of the city of Newton shall inform him of the excess amount earned and the amount owed by him, to the retirement board of the city of Newton. The retirement board shall, in its discretion, require repayment of that amount to the retirement board or may withhold amounts, as it deems appropriate, from future retirement allowance payments until the amounts owed to the retirement board have been paid in full.

(*f*) The retirement allowances payable pursuant to this section shall remain subject

to all other provisions of chapter thirty-two of the General Laws as if they had been granted as accidential disability retirements in the normal course of events pursuant to said chapter, except to the extent that the provisions of chapter thirty-two of the General Laws conflict with the provisions of this section.

(g) The city of Newton shall repay to the commonwealth the amount disbursed under item 1599-8888 of section two A and section two CI of this act within ten years or upon the recovery of damages equal to or in excess of said amount, exclusive of any amounts required to be paid by the city of Newton as contributions to attorneys' fees or any other deduction from such recovery required by any law or statute, which the city of Newton actually receives from any third party as a result of the civil action captioned *City of Newton v. H.C. Starck, Inc. and Bayer Corporation*, Middlesex Superior Court, C.A. No. 94-2947-D.

SECTION 13. Said chapter 167 is hereby further amended by striking out section 14, as so appearing, and inserting in place thereof the following section:-

Section 14. The commissioner shall assess the record of each supervised bank in satisfying their continuing and affirmative obligation to help meet the credit needs of the communities in which offices and branches are maintained, including areas contiguous thereto and low and moderate income neighborhoods, consistent with the safe and sound operation of such banks.

To assist in carrying out the provisions of this section, the commissioner shall promulgate regulations which shall include said regulations promulgated pursuant to said federal law; provided, however, that with respect to such assessments of corporations chartered pursuant to chapter one hundred and seventy-one, the commissioner may make such adjustments and exceptions thereto as are deemed required; and provided, further, that such regulations may include, but not limited to, a consideration of a bank's origination of loans and other efforts to assist existing low and moderate income residents to be able to

remain in affordable housing in their neighborhoods, a bank's origination of loans that show an undue concentration and a systematic pattern of lending resulting in the loss of affordable housing units, a bank's participation, including investments in community development and redevelopment programs and small business technical assistance programs, pursuant, but not limited to, paragraphs eight, twenty-nine and thirty of section two of chapter one hundred and sixty-seven F, and such other requirements as in the judgment of the commissioner reasonably bear upon the extent to which a bank is helping to meet the credit needs of its entire community. Except for emergency regulations adopted pursuant to section two of chapter thirty A, any such regulation, or any amendment or repeal thereof, shall, after compliance with all applicable provisions of chapter thirty A except section five, be submitted to the general court.

The commissioner shall file the proposed regulation, amendment or repeal with the clerk of the house of representatives, together with a statement that the pertinent provisions of said chapter thirty A have been complied with and a summary of the regulations in layman's terms. The clerk shall refer such filing to the joint committee on banks and banking within five days of the filing thereof. No such regulation shall take effect until ninety days after it has been so filed; provided, however, that such ninety day period shall not include days when the general court is prohibited by law or rule from meeting in formal session.

In considering an application for the establishment of a domestic branch or other facility with the ability to accept deposits, the relocation of the main office or branch office, or a merger or consolidation with or the acquisitions of assets or assumption of liabilities of any Massachusetts bank, federal bank, foreign bank, out-of-state bank or out-of-state federal bank, the commissioner shall consider, but not be limited to, the record of performance of any such bank and its holding company, including all subsidiaries thereof, relative to the provisions of this section; provided, however, that notwithstanding any other law to the contrary, the commissioner shall establish an alternative procedure for the consideration of an application for the establishment of a domestic branch by any supervised bank which, as of the latest federal or state community reinvestment examination, has been assigned a rating of outstanding record of performance in meeting its community credit needs.

Said record of performance of any such bank and holding company may be the basis for the denial of any such application.

Upon the completion of the examination of a bank under this section, the commissioner shall prepare a written evaluation of the bank's said record of performance which shall be open to public inspection upon request. Said written evaluation shall include:

(1) the assessment factors utilized to determine the bank's descriptive rating;

(2) the commissioner's conclusions with respect to each such assessment factor;

(3) a discussion of the facts supporting such conclusions; and

Based upon such examination, the bank shall be assigned one of the following ratings:

(b) high satisfactory record of performance in meeting its community credit needs;

(c) satisfactory record of performance in meeting its community credit needs;

(d) needs to improve record of performance in meeting its community credit needs; or

(e) substantial noncompliance in meeting its community credit needs.

For the purposes of this section, the commissioner may conduct any such examinations or may enter into cooperative agreements with bank regulators in jurisdictions other than the commonwealth, including federal regulators, relative to the coordination of or joint participation in any such examinations, the amount and assessment of fees therefor or enforcement actions relevant thereto, and may accept reports of examinations by such regulators pursuant to such agreements. Nothing in this section shall be construed as limiting in any way the authority of the commissioner to independently conduct examinations of and enforcement actions against any Massachusetts or out-of-state branch.

Notwithstanding the foregoing, the commissioner shall establish an alternative community reinvestment examination procedure for any supervised bank which, as of the most recent federal or state examination, has been assigned a rating of outstanding record of performance in meeting its community credit needs. On January first, nineteen hundred and ninety-eight, said procedure, shall be applicable to any such bank which, as of the most recent federal or state community reinvestment examination, has been assigned a rating of high satisfactory record of performance in meeting its community credit needs.

Any such alternative procedure established pursuant to this section shall seek to effect cost reductions for banks; provided, however, that any such procedure shall not limit public participation therein as permitted under said federal regulations.

SECTION 14. Said chapter 167 is hereby further amended by striking out sections 38 to 42, inclusive, as so appearing, and inserting in place thereof the following eight sections:-

Section 38. No foreign bank shall, except as herein provided, transact a banking business in the commonwealth, other than as provided in chapter one hundred and sixty-seven B; provided, however, that the board of bank incorporation may, conditioned upon the performance of such requirements as to auditing as the board may prescribe, grant a certificate authorizing the same to any such bank. Said board, upon application thereof which shall be accompanied by an investigation fee, the amount of which shall be determined annually by the commissioner of administration under the provisions of section three B of chapter seven, except that such fee shall not be less than ten thousand dollars, may grant such certificate in accordance with the provisions of this section. Any such bank transacting banking business in the commonwealth pursuant to such certificate shall be subject to the commissioner and shall comply with all laws of the commonwealth applicable to a Massachusetts bank.

In deciding whether or not to issue such certificate, the board shall determine whether the applicant is adequately capitalized, as defined in the Federal Deposit Insurance Act 12 USC 1811 et seq., whether competition among banking institutions will be unreasonably affected and whether public convenience and advantage will be promoted. In making such determination, the board shall consider, but not be limited to, the applicant's record of com-

pliance with all applicable community reinvestment requirements and a showing of net new benefits. For the purposes of this section, the term "net new benefits" shall mean initial capital investments, job creation plans, consumer and business services including small business loans, farm loans, commitments to maintain and open branch offices within a bank's delineated local community, as such term is used within section fourteen, and such other matters as the board may deem necessary or advisable.

The board shall not issue such certificate until it has received notice from the Massachusetts Housing Partnership Fund established by section thirty-five of chapter four hundred and five of the acts of nineteen hundred and eighty-five, that arrangements satisfactory to such fund have been made for such foreign bank to make ninety hundredths of one percent of its assets in the commonwealth available for call by said fund for a period of ten years for the purpose of providing loans to said fund for financing, down payment assistance, share loans, closing costs and other costs related to creating affordable rental housing, limited equity cooperatives and affordable home ownership opportunities, and tenant management programs and tenant unit acquisition or ownership programs in state funded public housing developments. All of the benefits and assistance provided by said fund under funds made available by this section shall be to persons with incomes of less than eighty percent of the area-wide median income as determined from time to time by the United States Department of Housing and Urban Development; provided, however, that at least twenty-five percent of such assistance shall be to persons with incomes of less than fifty percent of said area-wide median income. All loans made to the fund by such banks shall be deemed to be legal investments for such banks; provided, however, that (a) such loans shall be evidenced by notes, or other evidence of indebtedness of the fund, which shall bear interest at rates approved by the commissioner which shall be based upon the costs, not to include any so-called lost opportunity costs, incurred by the bank in making funds available to the fund; provided, however, that the fund may, by agreement with such bank, accept a reduction in the amount of said call based upon a lower rate of interest; and (b) no loan to the fund shall be secured in any manner unless all outstanding loans to the fund shall be secured equably and ratably in proportion to the unpaid balance of such loans and in the same manner.

Said fund shall file with the commissioner a report subsequent to any call to borrow funds pursuant to this section. Such report shall contain the total amount of the call, the allocation of the call to each such bank, the amount loaned by each to the fund, and the rate of interest thereon. Said report shall be filed within sixty days of any such call.

No such certificate shall be issued until the board has received written assurances from such foreign bank that a resident or residents of the commonwealth shall occupy a position of an executive officer in any resulting Massachusetts bank or Massachusetts branch. For the purposes of this section, the term "executive officer" shall have the same meaning as contained in section four of chapter one hundred and sixty-seven A.

Section 39. Any foreign bank which has obtained a certificate issued by the board of bank incorporation in accordance with section thirty-eight, if such bank is expressly authorized to do so by the laws under which it is organized and operates, may, upon approval

by the commissioner of an application thereof in prescribed manner and form, establish and maintain branches through a merger or consolidation with any Massachusetts bank or federal bank; provided, however, that in each instance the laws of the jurisdiction in which such foreign bank has its principal place of business expressly authorize, under conditions no more restrictive than those imposed by this chapter as so determined by the commissioner, any Massachusetts bank or federal bank to exercise like authority therein.

Any such foreign bank which establishes a branch through such merger, consolidation or purchase of assets or stock of any Massachusetts bank, shall operate the same as a Massachusetts branch under the supervision of the commissioner and in accordance with all applicable laws which govern such activities by Massachusetts banks.

Any such foreign bank which establishes a branch through such merger, consolidation or purchase of assets or stock of any federal bank, shall operate the same as a federal branch which shall be subject to all laws of the commonwealth relative to community reinvestment, consumer protection, fair lending, establishment of intra-state branches, and the application or administration of any tax or method of taxation including, but not limited to, sections one to fourteen A of chapter ninety-three and applicable sections of chapters ninety-three A, one hundred and sixty-seven to one hundred and sixty-seven G, inclusive, chapter one hundred and eighty-three and chapter one hundred and eighty-four, including all rules and regulations established thereunder pursuant to law, and to such other laws of the commonwealth as are applicable to a national bank with its main office in the commonwealth.

Any such merger, consolidation or purchase of assets shall comply with all applicable provisions of law relative to filing requirements of out-of-state non-banking corporations doing business in the commonwealth. The commissioner shall not approve any such application if the Massachusetts bank or federal bank sought to be acquired thereby has been in existence for a period of less than three years or if, as a result thereof, the applicant would control in excess of twenty-eight percent of the total deposits, exclusive of foreign deposits, of all depository institutions in the commonwealth insured by the Federal Deposit Insurance Corporation, or any successor corporation thereto; provided, however, that the commissioner may waive either said age requirement or concentration limit, or both, if it is deemed that economic conditions warrant granting such waiver. For the purposes of this section, the term "foreign deposits" shall mean deposits received in a foreign country and deposits in Edge and Agreement subsidiaries and international banking facilities.

Section 39B. Any out-of-state bank or out-of-state federal bank, if such bank is expressly authorized to do so by the laws under which it is organized and operates, may, upon approval by the commissioner of an application thereof in prescribed manner and form, establish and maintain branches through a merger or consolidation with or the purchase of assets or stock of any Massachusetts bank; provided, however, that in each instance the laws of the jurisdiction in which such out-of-state bank or out-of-state federal bank has its principal place of business expressly authorize, under conditions no more restrictive than those imposed by this chapter as so determined by the commissioner, a Massachusetts bank to exercise like authority therein.

Any such out-of-state bank shall, upon any such merger or consolidation with or purchase the assets or stock of a Massachusetts bank, operate the same as a Massachusetts branch under the supervision of the commissioner and in accordance with all applicable laws which govern such activities by Massachusetts banks.

Any out-of-state federal bank shall, upon such merger or consolidation with or purchase of assets or stock of a Massachusetts bank, shall operate the same as a federal branch which shall be subject to all laws of the commonwealth relative to community reinvestment, consumer protection, fair lending, establishment of intra-state branches, and the application or administration of any tax or method of taxation including, but not limited to, sections one to fourteen A of chapter ninety-three and applicable sections of chapters ninety-three A, one hundred and sixty-seven to one hundred and sixty-seven G, inclusive, chapter one hundred and eighty-three and chapter one hundred and eighty-four, including all rules and regulations established thereunder pursuant to law, and to such other laws of the commonwealth as are applicable to a national bank with its main office in the commonwealth.

Any such merger, consolidation or purchase of assets shall comply with all applicable provisions of law relative to filing requirements of out-of-state non-banking corporations doing business in the commonwealth. The commissioner shall not approve any such application if the Massachusetts bank sought to be acquired has been in existence for a period of less than three years or if, as a result thereof, the applicant would control in excess of twenty-eight percent of the total deposits, exclusive of foreign deposits, of all depository institutions in the commonwealth insured by the Federal Deposit Insurance Corporation, or any successor corporation thereto; provided, however, that the commissioner may waive either said age requirement or concentration limit, or both, if it is deemed that economic conditions warrant granting such waiver. For the purposes of this section, the term "foreign deposits" shall mean deposits received in a foreign country and deposits in Edge and Agreement subsidiaries and international banking facilities.

Section 39C. A foreign bank, out-of-state bank, or out-of-state federal bank, if such bank does not operate a branch in the commonwealth, may, upon approval by the commissioner of an application thereof in prescribed manner and form and in accordance with the requirements of section thirty-nine B, establish and maintain a branch de novo in the commonwealth or may purchase a branch of a Massachusetts bank without purchasing the bank; provided, however, that in each instance the laws of the jurisdiction in which such bank has its principal place of business expressly authorize, under conditions no more restrictive than those imposed by this chapter as so determined by the commissioner, a Massachusetts bank to establish therein a branch de novo or to acquire a branch of a bank without acquiring the bank. Any such foreign bank or out-of-state bank shall operate the same as a Massachusetts branch under the supervision of the commissioner and in accordance with all applicable laws which govern such activities by Massachusetts banks.

Any out-of-state federal bank shall operate the same as a federal branch which shall be subject to all laws of the commonwealth relative to community reinvestment, consumer protection, fair lending, establishment of intra-state branches, and the application or adminis-

tration of any tax or method of taxation including, but not limited to, sections one to fourteen A, inclusive, of chapter ninety-three, and the applicable sections of chapters ninety-three A, one hundred and sixty-seven to one hundred and sixty-seven G, inclusive, chapter one hundred and eighty-three and chapter one hundred and eighty-four, including all rules and regulations promulgated thereunder, and to such other laws of the commonwealth as are applicable to a national bank with its main office in the commonwealth.

Section 40. The commissioner shall, in the manner prescribed in section two, examine every foreign bank authorized to do a banking business in the commonwealth pursuant to section thirty-eight and conducting such business pursuant to section thirty-nine and any out-of-state bank which operates a Massachusetts branch and shall inspect and examine the affairs of any such foreign or out-of-state bank, to the extent of its operations in the commonwealth, to ascertain its financial condition and whether it has complied with all applicable law. The lawful charges incurred by reason of any such examination shall be paid by the bank examined. The commissioner shall preserve a full record of each such examination. Such records and information contained in the report of any such examination, other than information required by law to be published or to be open to the inspection of the public, shall be open only to the inspection of the commissioner, his examiners and assistants, and such other officers of the commonwealth as may have occasion and authority to inspect them in the performance of their official duties. Nothing in this section shall be construed to prohibit the required production of such records, and information contained in examination reports, before any court of this commonwealth or any master or auditor appointed by any such court, in any criminal or civil proceeding therein pending, affecting such Massachusetts or out-of-state branch, its officers, directors or employees.

Copies of reports of such examinations shall be furnished to the parent bank of the branch examined for its use only and shall not be exhibited to any other person, organization or agency without the prior written approval of the commissioner. The commissioner may, in his discretion, furnish to the chief national bank examiner, the Federal Reserve Bank of Boston, the Federal Deposit Insurance Corporation, the Mutual Savings Central Fund, Inc., the Cooperative Central Bank, the Massachusetts Credit Union Share Insurance Corporation, the National Credit Union Administration, the Office of Thrift Supervision, or any successor to such entities, any other bank regulatory or law enforcement agency, or the banking departments of other states or foreign countries, such information, reports and statements relating to the institutions under his supervision as he deems appropriate.

Notwithstanding the foregoing, the commissioner may enter into cooperative agreements with bank regulators in jurisdictions other than the commonwealth to facilitate the regulatory supervision of Massachusetts and out-of-state branches including agreements relative to the coordination of examinations or joint participation in examinations of said branches, and may accept reports of examinations by such regulators pursuant to such agreements. The commissioner may also enter into such agreements providing for enforcement actions against Massachusetts and out-of-state branches. Any such agreement may include provisions relative to the amount and assessment of fees for any such examina-

tion or enforcement actions. Nothing in this section shall be construed as limiting in any way the authority of the commissioner to independently conduct examinations of and enforcement actions against any Massachusetts or out-of-state branch.

Section 40A. Each foreign bank, out-of-state bank and out-of-state federal bank which operates a Massachusetts branch shall register with the commissioner on forms prescribed by him which shall include such information with respect to the financial condition, operations, and management of such bank and related matters as he may deem necessary or appropriate to carry out the purposes of this chapter.

The commissioner, from time to time, may require reports under oath to keep him informed as to whether the provisions of this chapter and the rules and regulations established thereunder have been complied with.

Section 41. For the purposes of section forty, the commissioner or the person making the examination shall have free access to the vaults, books and papers of any such foreign bank and out-of-state bank, and may summon the directors, officers or agents thereof, and such other witnesses as deemed necessary for examination relative to the affairs, transactions and condition of such banks, and for that purpose is empowered to administer oaths.

Section 42. If, upon examination, it appears that any such foreign bank or out-of-state bank is insolvent, or that its capital is impaired, or that its condition is such as to render the continuance of business hazardous to the public or to those having funds in its custody, the commissioner shall apply, or if any such bank appears to have exceeded its powers or failed to comply with any provision of applicable law, may apply to the supreme judicial court, which shall have jurisdiction in equity on such application, to issue an injunction restraining any such bank, in whole or in part, from further proceeding with its business, and to make further orders or decrees as justice and equity may require. The court may appoint one or more receivers to take possession of its property and effects, subject to such directions as may from time to time be prescribed by the court.

SECTION 14A. Section 39 of said chapter 167 is hereby amended by striking out the fourth paragraph, as appearing in section 14 of this act, and inserting in place thereof the following paragraph:-

Any such merger, consolidation or purchase of assets shall comply with all applicable provisions of law relative to filing requirements of out-of-state non-banking corporations doing business in the commonwealth. The commissioner shall not approve any such application if the Massachusetts bank or federal bank sought to be acquired thereby has been in existence for a period of less than three years or if, as a result thereof, the applicant would control in excess of thirty percent of the total deposits, exclusive of foreign deposits, of all depository institutions in the commonwealth insured by the Federal Deposit Insurance Corporation, or any successor corporation thereto; provided, however, that the commissioner may waive either said age requirement or concentration limit, or both, if it is deemed that economic conditions warrant granting such waiver. For the purposes of this section, the term "foreign deposits" shall mean deposits received in a foreign country and deposits in Edge and Agreement subsidiaries and international banking facilities.

SECTION 14B. Section 39B of said chapter 167 is hereby amended by striking out

the fourth paragraph, as so appearing, and inserting in place thereof the following paragraph:-

Any such merger, consolidation or purchase of assets shall comply with all applicable provisions of law relative to filing requirements of out-of-state non-banking corporations doing business in the commonwealth. The commissioner shall not approve any such application if the Massachusetts bank sought to be acquired has been in existence for a period of less than three years or if, as a result thereof, the applicant would control in excess of thirty percent of the total deposits, exclusive of foreign deposits, of all depository institutions in the commonwealth insured by the Federal Deposit Insurance Corporation, or any successor corporation thereto; provided, however, that the commissioner may waive either said age requirement or concentration limit, or both, if it is deemed that economic conditions warrant granting such waiver. For the purposes of this section, the term "foreign deposits" shall mean deposits received in a foreign country and deposits in Edge and Agreement subsidiaries and international banking facilities.

SECTION 15. Said chapter 167 is hereby further amended by inserting after section 43 the following section:-

Section 43A. The commissioner may, subject to such conditions as he may prescribe, grant to an out-of-state bank or an out-of-state federal bank a certificate authorizing it to act in a fiduciary capacity under the provisions, so far as applicable, of chapter one hundred and sixty-seven G; provided, however, that such out-of-state bank is authorized so to act by the laws of the jurisdiction where its principal office is located; and provided, further, that the laws of such jurisdiction, as determined by the commissioner, grant a similar privilege or privileges to Massachusetts banks. Any such out-of-state bank holding a certificate as aforesaid and appointed a fiduciary shall be subject to the provisions of General Laws with respect to the appointment of agents by out-of-state bank fiduciaries and to the same taxes, obligations and penalties, with respect to its activities as such fiduciary and the property held by it in its fiduciary capacity, as Massachusetts banks, and no such certificate shall be issued to any such out-of-state bank until it has filed with said board of bank incorporation an agreement in writing in which it binds itself to perform said obligations and pay any such taxes and penalties as aforesaid as may be levied or imposed upon it in this commonwealth. Such an out-of-state bank, to the extent only that it acts as fiduciary as hereinbefore authorized, shall not be deemed to transact business in the commonwealth for the purposes of sections thirty-eight to forty-two, inclusive.

SECTION 16. Section 2 of chapter 167A of the General Laws, as appearing in the 1994 Official Edition, is hereby amended by striking out the first and second paragraphs and inserting in place thereof the following two paragraphs:-

Except with the prior written approval of the board of bank incorporation (1) no company shall become a bank holding company; (2) no bank holding company owning, controlling or holding with the power to vote, directly or indirectly, twenty-five per centum or more of the voting stock of each of two or more banking institutions or, in the case of a bank holding company which is itself a banking institution owning, controlling or holding with power to vote, directly or indirectly, twenty-five per centum or more of the voting stock

of one or more banking institutions shall (a) acquire direct or indirect ownership or control of any additional voting stock in any such banking institution, or (b) acquire direct or indirect ownership or control of any voting stock in any other banking institution if, after such acquisition, such bank holding company will, directly or indirectly, own or control more than five per centum of the voting stock thereof; (3) no bank holding company or affiliate thereof, other than a banking institution, shall acquire all or substantially all of the assets of a banking institution; and (4) no bank holding company shall merge or consolidate with any other bank holding company. Notwithstanding the foregoing, no approval shall be given under clauses (1), (2), (3) and (4) if the bank to be acquired has been in existence for a period of less than three years, or if as a result thereof, any such bank holding company would hold or control in excess of twenty-eight percent of the total deposits, exclusive of foreign deposits, of all depository institutions in the commonwealth insured by the Federal Deposit Insurance Corporation, or any successor corporation thereto; provided, however, that the commissioner may waive either said age requirement or concentration limit, or both, if it is deemed that economic conditions warrant granting such waiver.

Notwithstanding the provisions of this section, an out-of-state bank holding company, with the prior written approval of the board of bank incorporation, may establish or acquire direct or indirect ownership or control of more than five percent of the voting stock of one or more banking institutions or bank holding companies; provided, however, that the laws of the state in which operations of the subsidiary banks of such out-of-state bank holding company are principally conducted expressly authorize, under conditions no more restrictive than those imposed by the laws of the commonwealth as determined by the commissioner, the establishment or the acquisition of direct or indirect ownership or control of more than five percent of the voting stock of banks, or companies controlling one or more banks in that state, by bank holding companies whose banking institutions principally conduct their operations in the commonwealth; and provided, further, that any such acquisition or merger shall not be allowed if the bank to be acquired has been in existence for a period of less than three years, or if as a result thereof, the out-of-state bank holding company would hold or control in excess of twenty-eight percent of the total deposits, exclusive of foreign deposits, of depository institutions in the commonwealth insured by the Federal Deposit Insurance Corporation, or any successor corporation thereto; provided, however, that the commissioner may waive either said age requirement or concentration limit, or both, if it is deemed that economic conditions warrant granting such waiver. Any such establishment or acquisition or merger by an out-of-state bank holding company shall be effected in accordance with the laws of the commonwealth which are applicable to such activities carried out by bank holding companies. For the purposes of this section, the term "out-of-state bank holding company" shall have the same meaning as set forth in the Bank Holding Company Act of 1956 12 USC 1841 et seq. For the purposes of this section, the term "foreign deposits" shall mean deposits received in a foreign country and deposits in Edge and Agreement subsidiaries and international banking facilities.

SECTION 16A. Said section 2 of said chapter 167A is hereby further amended by striking out the first and second paragraphs, as amended by section 16 of this act, and insert-

ing in place thereof the following two paragraphs:-

Except with the prior written approval of the board of bank incorporation (1) no company shall become a bank holding company; (2) no bank holding company owning, controlling or holding with the power to vote, directly or indirectly, twenty-five per centum or more of the voting stock of each of two or more banking institutions or, in the case of a bank holding company which is itself a banking institution owning, controlling or holding with power to vote, directly or indirectly, twenty-five per centum or more of the voting stock of one or more banking institutions shall (a) acquire direct or indirect ownership or control of any additional voting stock in any such banking institution, or (b) acquire direct or indirect ownership or control of any voting stock in any other banking institution if, after such acquisition, such bank holding company will, directly or indirectly, own or control more than five per centum of the voting stock thereof; (3) no bank holding company or affiliate thereof, other than a banking institution, shall acquire all or substantially all of the assets of a banking institution; and (4) no bank holding company shall merge or consolidate with any other bank holding company. Notwithstanding the foregoing, no approval shall be given under clauses (1), (2), (3) and (4) if the bank to be acquired has been in existence for a period of less than three years, or if as a result thereof, any such bank holding company would hold or control in excess of thirty percent of the total deposits, exclusive of foreign deposits, of all depository institutions in the commonwealth insured by the Federal Deposit Insurance Corporation, or any successor corporation thereto; provided, however, that the commissioner may waive either said age requirement or concentration limit, or both, if it is deemed that economic conditions warrant granting such waiver.

Notwithstanding the provisions of this section, an out-of-state bank holding company, with the prior written approval of the board of bank incorporation, may establish or acquire direct or indirect ownership or control of more than five percent of the voting stock of one or more banking institutions or bank holding companies; provided, however, that the laws of the state in which operations of the subsidiary banks of such out-of-state bank holding company are principally conducted expressly authorize, under conditions no more restrictive than those imposed by the laws of the commonwealth as determined by the commissioner, the establishment or the acquisition of direct or indirect ownership or control of more than five percent of the voting stock of banks, or companies controlling one or more banks in that state, by bank holding companies whose banking institutions principally conduct their operations in the commonwealth; and provided, further, that any such acquisition or merger shall not be allowed if the bank to be acquired has been in existence for a period of less than three years, or if as a result thereof, the out-of-state bank holding company would hold or control in excess of thirty percent of the total deposits, exclusive of foreign deposits, of depository institutions in the commonwealth insured by the Federal Deposit Insurance Corporation, or any successor corporation thereto; provided, however, that the commissioner may waive either said age requirement or concentration limit, or both, if it is deemed that economic conditions warrant granting such waiver. Any such establishment or acquisition or merger by an out-of-state bank holding company shall be effected in accordance with the laws of the commonwealth which are applicable to such

activities carried out by bank holding companies. For the purposes of this section, the term "out-of-state bank holding company" shall have the same meaning as set forth in the Bank Holding Company Act of 1956 12 USC 1841 et seq.

SECTION 17. Said chapter 167A is hereby further amended by inserting after section 3 the following section:-

Section 3A. Any banking institution doing business in the commonwealth that is a subsidiary of a bank holding company may receive deposits, renew time deposits, close loans, service loans, and receive payments on loans and other obligations in the commonwealth as an agent for another banking institution, whether located within the commonwealth or in another state, which is a subsidiary of the same bank holding company; provided, however, that the banking institution so acting as agent pursuant to this section shall not be deemed to be a branch of the principal banking institution. A banking institution acting as such agent pursuant to this section shall not conduct any activity which it would be prohibited from conducting as a principal under any state or federal law or, as a principal, have any such agent conduct any activity which such institution would be prohibited from conducting under any state or federal law. Any such agency relationship shall be consistent with safe and sound banking practices and all applicable regulations of the commissioner. For the purposes of this section, the term "bank holding company" shall have the same meaning as set forth in the Bank Holding Company Act of 1956 12 USC 1841 et seq.

SECTION 18. The third paragraph of section 4 of said chapter 167A, as appearing in the 1994 Official Edition, is hereby amended by striking out clause (a) and inserting in place thereof the following clause:-

(a) such loans shall be evidenced by notes, or other evidence of indebtedness of the fund, which shall bear interest at rates approved by the commissioner which shall be based upon the costs, not to include any so-called lost opportunity costs, incurred by the company or bank holding company in making funds available to the fund, provided, however, that the fund may, by agreement with such company or bank holding company, accept a reduction in the amount of said call based upon a lower rate of interest;.

SECTION 19. Section 1 of chapter 167B of the General Laws, as so appearing, is hereby amended by inserting after the definition of "Account" the following definition:-

SECTION 23. Said chapter 167C is hereby further amended by striking out section 7, as so appearing, and inserting in place thereof the following four sections:-

Section 7. A bank, upon approval by the commissioner of an application thereof in prescribed manner and form and in accordance with applicable provisions of chapters one hundred and sixty-eight, one hundred and seventy and one hundred and seventy-two, may establish and maintain branches through a merger or consolidation with or by the purchase of the whole or any part of the assets or stock of any foreign bank, out-of-state bank or out-of-state federal bank. A request for such approval by the commissioner shall be accompanied by an investigation fee the amount of which shall be determined annually by the commissioner of administration under the provisions of section three B of chapter seven, a copy of the terms of any agreement reached by the respective governing boards of the bank involved, and certified copies of the votes of such boards. Upon approval of such merger or consolidation:

(1) The corporate existence of the acquired bank shall be discontinued and consolidated into that of the acquiring bank. All and singular the rights, privileges and franchises of said acquired institution and its right, title and interest to all property of whatever kind, whether real, personal or mixed, and things in action, and every right, privilege, interest or asset of conceivable value or benefit then existing shall be deemed fully and finally, and without any right of reversion, transferred to or vested in the acquiring bank, without further act or deed, and such bank shall have and hold the same in its own right.

(2) The rights, obligations and relations of the acquired institution to any shareholder or depositor, creditor, trustee, beneficiary of a trust, or other person, as of the effective date of such merger or consolidation, shall remain unimpaired, and the acquiring bank shall succeed to all of said rights, obligations and relations.

(3) A pending action or other judicial proceeding to which any of the institutions involved in such merger or consolidation is a party shall not be deemed to have been abated or discontinued by reason of such merger or consolidation, but may be prosecuted to final judgment, order or decree in the same manner as if said merger or consolidation had not occurred; provided, however, that the acquiring bank may be substituted as a party to any

such action or proceeding, and any such judgment, order or decree may be rendered in the name of the acquiring bank.

(4) A foreclosure of a mortgage begun by the acquired institution prior to the approval of such merger or consolidation may be completed by the acquiring bank, and publication previously made by the acquired institution may be continued in the name of said acquired institution.

The offices of any foreign bank, out-of-state bank or out-of-state federal bank merged or consolidated with or whose assets or stock were purchased pursuant to the provisions of this section, may be maintained as branch offices of said bank; provided, however, that the resulting branch shall be deemed to be an out-of-state branch and subject to the supervision of the commissioner and the applicable laws of the jurisdiction in which such out-of-state branch is located.

Section 8. Any bank, with the approval of and under such conditions as may be imposed by the commissioner, may establish a branch de novo in any state of the United States other than the commonwealth or in a foreign country in accordance with the laws of any such state or foreign country.

Section 9. Any bank, which has established and maintains an out-of-state branch pursuant to the provisions of this chapter, may exercise such powers at any such out-of-state branch as are permitted to banks existing by the authority of the jurisdiction in which such out-of-state branch is located unless the commissioner determines that the exercise of any such powers is unsafe or unsound.

Section 10. Notwithstanding any other law to the contrary, the commissioner may enter into cooperative agreements with bank regulators in jurisdictions other than the commonwealth to facilitate the regulatory supervision of Massachusetts and out-of-state branches including agreements relative to the coordination of examinations or joint participation in examinations of said branches, and may accept reports of examinations by such regulators pursuant to such agreements. The commissioner may also enter into such agreements providing for enforcement actions against Massachusetts and out-of-state branches. Any such agreement may include provisions relative to the amount and assessment of fees for any such examination or enforcement actions. Nothing in this section shall be construed as limiting in any way the authority of the commissioner to independently conduct examinations of and enforcement actions against any such branch.

SECTION 24. Section 2 of chapter 167F of the General Laws, as so appearing, is hereby amended by striking out paragraph 8 and inserting in place thereof the following paragraph:-

8. Such corporation may make any investment not otherwise eligible under any other provision of this chapter or any other provision of law including, but not limited to, investment in any capital stock of a corporation organized for the purpose of acquiring and managing interests in real property and acquiring, constructing, rehabilitating, leasing, financing and disposing of housing facilities, or in any other interest in real or personal property or activities incidental thereto, debt security, equity security, loan or community benefits; provided, however, that (a) not more than seven percent of the deposits of such

corporation shall be invested pursuant to the provisions of this paragraph; and provided, further, that any amount in excess of three percent of said seven percent shall be invested by such corporation in the following manner: (i) in the capital stock of a corporation organized for the purpose of acquiring, constructing, rehabilitating, leasing, financing and disposing of housing facilities; (ii) for the purpose of micro-lending in the area of small business, including the fishing industry, and farm loans; and (iii) for the purpose of providing technical assistance to nonprofit housing corporations, small businesses and farms for the purpose of establishing credit worthiness; (b) no investment shall be made by such corporation in the equity securities of any one issuer pursuant to this paragraph if the aggregate amount invested by it in the equity securities of such issuer pursuant to this paragraph together with the amount invested in such securities pursuant to any other provision of law exceeds, or by the making of such investment will exceed, two percent of the deposits of such corporation, and no investment shall be made by such corporation in a loan to, or the debt securities of, any one issuer pursuant to this paragraph, if the aggregate amount invested by it pursuant to this paragraph together with the amount invested in a loan to, or in the debt securities, of such issuer pursuant to any other provision of law exceeds two percent of the deposits of such corporation; (c) any loan made or debt security purchased pursuant to this paragraph shall be secured over the term of the loan or the debt security; (d) this paragraph shall not be deemed to alter any provision of this chapter or other provision of law limiting the aggregate amount that may be invested in any class of loan or investment, except for (ii) and (iii), above, which shall be in addition to any such provision of this chapter or other provision of law; and (e) investments authorized solely by this paragraph shall not be deemed investments in which savings banks may legally invest for the purposes of any other provision of law which restricts investments to those in which savings banks may legally invest.

SECTION 25. Said section 2 of said chapter 167F, as so appearing, is hereby further amended by striking out paragraph 29 and inserting in place thereof the following paragraph:-

29. To contribute such sum or sums of money as the board of investment in a savings bank or the board of directors in a cooperative bank or trust company may determine to be reasonable, (a) to any private nonprofit organization organized for improving the social and economic conditions, including community development programs and small business technical assistance, in communities in which any such institution has an office or branch including any educational institution, (b) to any educational institution for the purpose of providing scholarships for the benefit of residents of such communities, or (c) to any fund being raised by a committee or agency for the purpose of relieving suffering or distress resulting from disaster or other calamity occurring in any part of the commonwealth; and.

SECTION 26. Said section 2 of said chapter 167F, as so appearing, is hereby further amended by adding the following paragraph:-

31. To exercise any power and engage in any activity that is permissible for a national banking association with its main office located in the commonwealth in accordance with regulations promulgated by the commissioner pursuant to this section; provided, how-

ever, that any such activity is not otherwise prohibited under the laws of the commonwealth. In determining whether or not to authorize any such activity, the commissioner shall also determine whether or not competition among banking institutions will be unreasonably affected and whether public convenience and advantage will be promoted. The commissioner shall prescribe from time to time such regulations as may be necessary in carrying out the provisions of this paragraph. Except for emergency regulations adopted pursuant to section two of chapter thirty A, any such regulation, or any amendment or repeal thereof, shall, after compliance with all applicable provisions of chapter thirty A except section five, be submitted to the general court.

The commissioner shall file the proposed regulation, amendment or repeal with the clerk of the house of representatives, together with a statement that the pertinent provisions of said chapter thirty A have been complied with and a summary of the regulations in layman's terms. The clerk shall refer such filing to the joint committee on banks and banking within five days of the filing thereof. No such regulation shall take effect until ninety days after it has been so filed; provided, however, that such ninety day period shall not include days when the general court is prohibited by law or rule from meeting in formal session.

SECTION 27. All criminal justice agencies and the department of mental health shall cooperate in providing files to the sex offender registry board and any information the sex offender registry board deems useful in assessing the risk of reoffense by the sex offender. "Regulated investment company", the meaning as set forth in section 851 of the Internal Revenue Code as amended and in effect for the taxable year.

(2) Notwithstanding any other provision of the General Laws, any mutual fund service corporation having income from mutual fund sales to one or more regulated investment companies with shareholders domiciled within and without this commonwealth shall apportion such income pursuant to the provisions of subsection (c). Furthermore, any such mutual fund service corporation whose employment level in the current taxable year is equal to or greater than its jobs commitment level for such taxable year and who satisfies the requirements of paragraphs (3) and (4), or any such mutual fund service corporation for which the jobs commitment level requirement no longer applies shall apportion such income by multiplying it by one hundred percent of the sales factor, subject to the provisions of clause (i). The provisions of paragraph (2) of subsection (m) shall take effect as of July first, nineteen hundred and ninety-seven. For taxable years beginning on or after January first, nineteen hundred and ninety-seven and including July first, nineteen hundred and ninety-seven, a mutual fund service corporation shall apportion its taxable income to this commonwealth for such taxable year by multiplying taxable net income by the percentage calculated by weighting the apportionment percentage determined under subsection (c), as in effect before July first, nineteen hundred and ninety-seven, by the number of days in such taxable year preceding July first, nineteen hundred and ninety-seven and by weighting the apportionment percentage determined under said paragraph (2) of said subsection (m) by the number of days in such taxable year on and after July first, nineteen hundred and ninety-seven.

(3) Notwithstanding a mutual fund service corporation's failure to achieve its jobs commitment level in the taxable year, the percentage set forth in the second paragraph of paragraph (2) of subsection (m) may be applied, where the failure to achieve the jobs commitment level for any taxable year is demonstrated by the mutual fund service corporation to be a direct result of adverse economic conditions in that taxable year.

(a) Adverse economic conditions can affect only one taxable year except as set forth in subparagraph (b) and (c). Adverse economic conditions shall exist only where during any twelve month period ending during the taxable year, either: (A) the Standard & Poor's 500 Stock Index decreases ten percent or more compared to its level at the beginning of such twelve month period or (B) the average daily trading volume on the New York Stock Exchange decreases fifteen percent or more compared to the average over the preceding twelve months; or (C) at any time during the taxable year, the total assets under management of the mutual funds served by the mutual fund service corporation decreases twelve and one-half percent or more compared to such total assets under management twelve months earlier.

(b) If a mutual fund service corporation demonstrates that failure to achieve the jobs commitment level for one taxable year was the direct result of an adverse economic condition, such corporation may decrease its jobs commitment level by five percent of the base period employment level for all subsequent taxable years prior to the first taxable year beginning on or after January first, two thousand and two.

(c) If a mutual fund service corporation demonstrates that failure to achieve the jobs commitment level for more than one taxable year was the direct result of an adverse economic condition, such corporation may decrease its jobs commitment level by five percent of the base period employment level for each taxable year in which an adverse economic condition was established for all subsequent taxable years prior to the first taxable year beginning on or after January one, two thousand and two. However, for each taxable year beginning on or after January first, two thousand and two, but prior to the first taxable year beginning on or after January first, two thousand and four, the jobs commitment level shall be an employment level equal to the sum of: (i) the jobs commitment level for the most recent taxable year immediately prior to such year for which an adverse economic condition was not established; and (ii) five percent of the base period employment level.

(4) For the purposes of determining compliance with the provisions of this subsection, each mutual fund service corporation that seeks to rely on the provisions of this subsection for the taxable year in question shall submit, as part of its tax return, a report, with such supporting documentation as the commissioner may require, containing the following:

(i) the number, nature, and aggregate wages of the qualified employees in this commonwealth and qualified employees worldwide as of the end of the taxable year and the number of jobs added or lost as compared to the previous taxable year;

(v) the taxable income in this commonwealth;

(vi) net assets under management in this commonwealth and worldwide; and

(vii) the median income of all of qualified employees in the commonwealth and of all of its qualified employees worldwide.

The information provided by each individual mutual fund service corporation shall be treated as confidential under the provisions of section twenty-one of chapter sixty-two C. Said information shall be used by the commissioner of revenue to prepare a comprehensive annual report setting forth the changes in the aggregate from the previous taxable year for each of the items listed above. The commissioner's report shall also set forth any recommendations the commissioner may have for any amendments to the provisions of this section, and the reasons for any such recommendations. The commissioner's report shall be filed by October first of each year with the clerk of the senate and the clerk of the house of representatives who shall forward the same to the respective committees on ways and means and the joint committee on taxation.

(5) The commissioner of revenue shall promulgate regulations implementing the provisions of this subsection.

SECTION 5. The joint committee on taxation shall evaluate the costs and benefits of the tax reductions provided to the mutual fund service industry by sections one to three, inclusive, of this act. Said committee shall review and assess the impact of the provisions contained in said sections on the revenues of the commonwealth, on the provision of services by the commonwealth as a result of such revenue impact, and the effect, if any, directly or indirectly attributable to the implementation of said sections, on job creation or retention in the mutual fund industry or related industries in the commonwealth, and on the quality of life in those communities which experience either significant job loss or gain as a result of job loss or gain in the commonwealth. For the purposes of this study, said committee may consult with federal and state agencies, private businesses, nonprofit organizations, public and private institutions of higher education, or any other appropriate party necessary to obtain information relevant to said study. For the purposes of said study, the department of revenue shall make available the tax return data relevant to said study; provided, however, that such data shall be provided in such a manner that no individual taxpayer associated with such data may be disclosed or determined; and provided, further, that no person carrying out the duties set forth in this section shall use any such data for any purpose other than fulfilling the duties set forth in this section.

Said committee shall produce a report of its findings and conclusions, including its legislative recommendations for any amendments to sections two to four, inclusive, of this act. Said report shall be filed with the house and senate committees on ways and means on or before December thirty-first, two thousand and two.

SECTION 6. The provisions of section two of this act shall take effect as of July first, nineteen hundred and ninety-seven. The provisions of sections three, four, five of this act shall take effect as of January first, nineteen hundred and ninety-seven. For taxable years beginning on or after July first, nineteen hundred and ninety-six and including January first, nineteen hundred and ninety-seven, a mutual fund service corporation shall apportion its taxable net income to this commonwealth for such taxable year by multiplying taxable net income by the percentage calculated by weighting the apportionment percentage determined under section thirty-eight of chapter sixty-three of the General Laws as in effect before January first, nineteen hundred and ninety-seven, by the number of days in such taxable year

preceding January first, nineteen hundred and ninety-seven and by weighting the apportionment percentage determined under section three of this act by the number of days in such taxable year on and after January first, nineteen hundred and ninety-seven.

Be it enacted, etc., as follows:

The General Laws are hereby amended by adding the following chapter:-

CHAPTER 93G. EQUIPMENT DEALERS.

Section 1. For purposes of this chapter the following words shall have the following meanings:

"Dealer", a person, corporation or partnership primarily engaged in the business of retail sales of farm and utility tractors, forestry equipment, light industrial equipment, farm implements, farm machinery, yard and garden equipment, attachments, accessories and repair parts. The term "dealer" shall not include a single line dealer primarily engaged in retail sale and service of industrial, forestry and construction equipment.

Section 2. (a) Notwithstanding any agreement to the contrary, prior to the termination of a dealer agreement, a supplier shall notify the dealer of the termination not less than one hundred and twenty days prior to the effective date of the termination. No supplier may terminate, cancel or fail to renew a dealer agreement without cause. For purposes of this paragraph cause means failure by an equipment dealer to comply with requirements imposed upon the equipment dealer by the dealer agreement; provided however, that the requirements are not substantially different from those requirements imposed upon other similarly situated dealers in the commonwealth.

(b) The supplier may immediately terminate an agreement at any time upon the occurrence of any of the following events:

(c) Unless there is an agreement to the contrary, a dealer who intends to terminate a dealer agreement with the supplier shall notify the supplier of such intent not less than one hundred and twenty days prior to the effective date of the termination.

(d) Notification required by either party under this section shall be in writing and shall be made by certified mail or by delivery in hand and shall contain:

(1) a statement of intention to terminate the dealer agreement;

(2) a statement of the reasons for the termination; and

(3) the date on which the termination shall be effective.

Section 3. (a) Whenever a dealer enters into a dealer agreement under which the dealer agrees to maintain an inventory, and the agreement is terminated by either party as provided in this chapter, the supplier, upon written request of the dealer filed within thirty days of the effective date of the termination, shall repurchase the dealer's inventory as provided in this chapter. There shall be no requirement for the supplier to repurchase inventory pursuant to this section if:

(1) the dealer has made an intentional and material misrepresentation as to the dealer's financial status;

(2) the dealer has defaulted under a chattel mortgage or other security agreement between the dealer and supplier; or

(3) the dealer has filed a voluntary petition in bankruptcy.

(b) Whenever a dealer enters into a dealer agreement in which the dealer agrees to maintain an inventory and the dealer or the majority stockholder of the dealer, if the dealer is a corporation, dies or becomes incompetent, the supplier shall, at the option of the heir, personal representative, or guardian of the dealer, or the person who succeeds to the stock of the majority stockholder, repurchase the inventory as if the agreement has been terminated. The heir, personal representative, guardian or succeeding stockholder has six months from the date of the death of the dealer or majority stockholder to exercise the option under this chapter.

Section 4. (a) Within ninety days from receipt of the written request of the dealer, a supplier under the duty to repurchase inventory pursuant to this chapter may examine the books and records of the dealer to verify the eligibility of any item for repurchase. Except as otherwise provided in this chapter, the supplier shall repurchase from the dealer all inventory, required signage, special tools, books, supplies, data processing equipment and software previously purchased from the supplier or other qualified vendor and in the possession of the dealer on the date of termination of the dealer agreement.

(b) The supplier shall pay the dealer:

(1) One hundred per cent of the net cost of all new and undamaged and complete farm and utility tractors, forestry equipment, light industrial equipment, farm implements, farm machinery, yard and garden equipment, purchased within the past thirty-six months from the supplier, less a reasonable allowance for deterioration attributable to weather conditions at the dealer's location;

(2) ninety per cent of the current net prices of all new and undamaged repair parts;

(3) eighty-five per cent of the current net price of all new and undamaged superseded repair parts;

(4) eighty-five per cent of the latest available published net price of all new and undamaged non-current repair parts;

(5) either the fair market value, or assume the lease responsibilities of any specific data processing hardware that the supplier required the equipment dealer to acquire or purchase to satisfy the reasonable requirements of the dealer agreement, including computer systems equipment required and approved by the supplier to communicate with the supplier; and

(6) repurchase at seventy-five per cent of the net cost specialized repair tools, signage, books and supplies previously purchased, pursuant to requirements of the supplier and held by the equipment dealer on the date of termination. Specialized repair tools must be unique to the supplier product line and must be complete and in usable condition.

(7) repurchase at average as-is value shown in current industry guides dealer-owned rental fleet financed by the supplier or its finance subsidiary.

(c) The party that initiated the termination of the dealer agreement shall pay the cost of the return, handling, packing and loading of such inventory.

(d) Payment to the dealer required under this section shall be made by the supplier not later than forty-five days after receipt of the inventory by the supplier. A penalty shall be assessed in the amount of two per cent per day of any outstanding balance over the re-

quired forty-five days. The supplier shall be entitled to apply any payment required under this section to be made to the dealer, as a set-off against any amount owed by the dealer to the supplier.

Section 5. The provisions of this chapter shall not require the repurchase from a dealer of:

(1) a repair part with a limited storage life or otherwise subject to physical or structural deterioration including, but not limited to, gaskets or batteries;

(2) a single repair part normally priced and sold in a set of two or more items;

(3) a repair part that, because of its condition, cannot be marketed as a new part without repackaging or reconditioning by the supplier or manufacturer;

(4) any inventory that the dealer elects to retain;

(5) any inventory ordered by the dealer after receipt of notice of termination of the dealer agreement by either the dealer or supplier;

(6) any inventory that was acquired by the dealer from a source other than the supplier.

Section 6. (a) No supplier shall unreasonably withhold or delay consent to any transfer of the dealer's business or transfer of the stock or other interest in the dealership, whenever the dealer to be substituted meets the material and reasonable business and financial requirements of the supplier. Should a supplier determine that a proposed transferee does not meet such requirements, it shall give the dealer written notice stating the specific reasons for withholding consent. No prospective transferee may be disqualified to be a dealer because it is a publicly held corporation. A supplier shall have ninety days to consider a dealer's request to make a transfer under this paragraph.

(b) No supplier shall unreasonably withhold consent to the transfer of the dealer's business to a member or members of the family of the dealer or the principal owner of the dealership, if the family member meets the reasonable business ability, business experience, and character standards of the supplier, and if the transferee can demonstrate that the dealership will be adequately capitalized. Should a supplier determine that the designated family member does not meet those requirements, the supplier shall provide the dealer with written notice of the supplier's objection and specific reasons for withholding its consent. As used in this subsection, "family", means and includes spouse, parent, siblings, children, stepchildren and lineal descendants, including those by adoption of the dealer or principal owner of the dealership.

(c) In any dispute as to whether a supplier has denied consent in violation of this section, the supplier shall have the burden of proving a substantial and reasonable justification for the denial of consent.

Section 7. Nothing contained in this chapter may be construed to release or terminate a perfected security interest of the supplier in the inventory of the dealer.

Section 8. Whenever a supplier and a dealer enter into an agreement providing consumer warranties, the supplier shall pay any warranty claim made for warranty parts and service within thirty days after its receipt and approval. The supplier shall approve or disapprove a warranty claim within thirty days after its receipt. If a claim is not specifically

disapproved in writing thirty days after its receipt, it shall be deemed to be approved and payment shall be made by the supplier within thirty days.

Section 9. Nothing contained in this chapter shall bar the right of a dealer agreement to provide for binding arbitration of disputes. Any arbitration shall be consistent with the provisions of this chapter and other applicable law. The place of any arbitration shall be in the city or county in which the dealer maintains the dealer's principal place of business in the commonwealth.

Section 10. (a) The provisions of this subchapter shall be deemed to be incorporated in every dealer agreement made under the provisions of this chapter and shall supersede and control all other provisions of the agreement to the contrary. No supplier may require any dealer to waive compliance with any provision of this chapter, and any dealer agreement purporting to do so shall be void and unenforceable to the extent of such waiver or variance.

(b) Nothing in this chapter shall be construed to limit or prohibit good faith settlements of disputes voluntarily entered into between the parties.

Section 11. The obligation of any supplier or dealer shall be applied to and made an obligation of any successor in interest or assignee of such supplier or dealer. A successor in interest shall include, but not be limited to, any purchaser of the assets or stock, and surviving entity resulting from merger or liquidation, any receiver or any trustee of the original supplier or dealer.

Chapter 267. AN ACT REGULATING THE SALE AND WARRANTY OF CUSTOMIZED WHEELCHAIRS.

Be it enacted, etc., as follows:

Chapter 93 of the General Laws is hereby amended by adding the following section:-

Section 107. (A) As used in this section the following words shall have the following meanings unless the context clearly indicates otherwise:-

"Collateral costs", expenses incurred by a consumer in connection with the repair of a nonconformity, including the costs of obtaining an alternative wheelchair or other assistive device for mobility.

"Consumer", (1) the purchaser of a customized wheelchair if such wheelchair was purchased from a customized wheelchair dealer or manufacturer for purposes other than resale; (2) a person to whom the customized wheelchair is transferred for purposes other than resale, if such transfer occurs before the expiration of an express warranty applicable to such wheelchair; (3) a person who may enforce the warranty; or (4) a person who leases a customized wheelchair from a customized wheelchair lessor under a written lease.

"Customized wheelchair", a manual or motorized wheeled device which is adapted to meet the specific needs of a particular individual's disability, excluding an automobile, van or truck which a consumer purchases or accepts for transfer in the commonwealth.

"Customized wheelchair dealer", a person in the business of selling customized wheelchairs.

"Customized wheelchair lessor", a person who leases a customized wheelchair to a consumer or who holds the lessor's rights under a written lease.

"Early termination cost", an expense or obligation incurred by a customized wheelchair lessor as a result of both the termination of a written lease before the termination date set forth in such lease and the return of a customized wheelchair to a manufacturer pursuant to paragraph (c) of subsection (2) of subdivision (C). Early termination cost shall include a penalty for prepayment under a finance arrangement.

"Early termination savings", an expense or obligation avoided by a customized wheelchair lessor as a result of both the termination of a written lease before the termination date set forth in such lease and the return of a customized wheelchair to a manufacturer pursuant to said paragraph (c) of said subsection (2) of said subdivision (C). Early termination saving shall include interest charges that a customized wheelchair lessor would have paid to finance the customized wheelchair or, if the customized wheelchair was not financed, the difference between the total amount for which the lease obligates the consumer

during the period of the lease term remaining after the early termination and the present value of such amount at the date of the early termination.

"Manufacturer", a person or his agent who manufactures or assembles customized wheelchairs, including an importer, distributor, factory branch, distributor branch and warrantors of the manufacturer's customized wheelchair; provided, however, that "manufacturer" shall not include a customized wheelchair dealer.

"Nonconformity", a condition or defect that substantially impairs the use, value or safety of a customized wheelchair and which is covered by an express warranty applicable to the customized wheelchair or to a component of the customized wheelchair; "nonconformity" shall include a condition or defect which results from abuse, neglect or the unauthorized modification or alteration of the customized wheelchair by a consumer.

"Reasonable attempt to repair", any of the following occurring within the term of an express warranty period applicable to a new customized wheelchair within one year after delivery of the customized wheelchair to a consumer, whichever occurs first:

(1) a nonconformity within the warranty is subject to repair at least four times by the manufacturer, customized wheelchair lessor, or any of the manufacturer's authorized dealers and the nonconformity continues, or

(2) the customized wheelchair is out of service for an aggregate of at least thirty days because of a warranty nonconformity.

(B) A manufacturer who sells a customized wheelchair to a consumer, either directly or through a customized wheelchair dealer, shall furnish the consumer with an express warranty for the customized wheelchair. The duration of the express warranty shall be not less than one year after first delivery of the customized wheelchair to the consumer. In the absence of an express warranty from the manufacturer, the manufacturer shall be deemed to have expressly warranted to the consumer that, for a period of one year from the date of first delivery to such consumer, the customized wheelchair shall be free from any condition or defect which substantially impairs the use value or safety of the customized wheelchair.

(C)(1) If a new customized wheelchair does not conform to an applicable express warranty and the consumer reports such nonconformity to the manufacturer, to a customized wheelchair lessor or to an authorized customized wheelchair dealer and such consumer makes the customized wheelchair available for repair prior to the expiration of one year from the date of first delivery, the nonconformity shall be repaired at no charge to the consumer.

(2)(a) If, after a reasonable attempt to repair, the nonconformity is not repaired, the manufacturer shall carry out the requirements set forth in paragraph (b) or (c), whichever is appropriate.

(b) At the direction of a consumer other than one who leases a customized wheelchair, the manufacturer shall:

(i) accept return of the customized wheelchair and replace it with a comparable new customized wheelchair and refund any collateral costs; or

(ii) accept return of the customized wheelchair and refund to the consumer and to any holder of a perfected security interest, as their interest may appear, the full purchase price and any finance charge amount paid by the consumer at the point of sale and any col-

lateral costs, less a reasonable allowance for use. A reasonable allowance for use shall not exceed the amount obtained by multiplying the full purchase price of the customized wheelchair by a fraction, the denominator of which shall be one thousand eight hundred and twenty-five and the numerator of which shall be the number of days that the customized wheelchair was in the consumer's possession before the consumer first reported the nonconformity to the customized wheelchair dealer.

(c) At the direction of a consumer who leases a customized wheelchair, the manufacturer shall accept return of the customized wheelchair, refund to the customized wheelchair lessor and to any holder of a perfected security interest, as their interest may appear, the current value of the written lease and refund to the consumer the amount such consumer paid under the written lease and any collateral costs, less a reasonable allowance for use. A reasonable allowance for use shall not exceed the amount obtained by multiplying the total amount for which the written lease obligates the consumer by a fraction, the denominator of which shall be one thousand eight hundred and twenty-five and the numerator of which shall be the number of days that the consumer possessed the customized wheelchair before first reporting the nonconformity to the manufacturer, customized wheelchair lessor or customized wheelchair dealer.

The current value of the written lease shall be the total amount for which that lease obligates the consumer during the period of the lease remaining after its early termination, plus the customized wheelchair dealer's early termination costs and the value of the customized wheelchair at the lease expiration date if the lease sets forth that value, less the customized wheelchair lessor's early termination savings.

(3) In order to receive a comparable new customized wheelchair or a refund due under paragraph (b) of subsection (2), a consumer described thereunder shall offer to the manufacturer of the customized wheelchair having the nonconformity to transfer possession of that customized wheelchair to that manufacturer. No later than thirty days after such offer, the manufacturer shall provide the consumer with the comparable new customized wheelchair or refund. When the manufacturer provides the new customized wheelchair or refund, the consumer shall return the customized wheelchair having the nonconformity to the manufacturer, along with any endorsements necessary to transfer legal possession to the manufacturer.

(4)(1) In order to receive a refund due under paragraph (c) of subsection (2), a consumer described thereunder shall offer to return the customized wheelchair having the nonconformity to its manufacturer. Not later than thirty days after such offer, the manufacturer shall provide the refund to the consumer. When the manufacturer provides the refund, the consumer shall return to the manufacturer the customized wheelchair having the nonconformity.

(2) To receive a refund due under paragraph (c) of subsection (2), a customized wheelchair lessor shall offer to transfer possession of the customized wheelchair having the nonconformity to its manufacturer. No later than thirty days after such offer, the manufacturer shall provide the refund to the customized wheelchair lessor. When the manufacturer provides the refund, the customized wheelchair lessor shall provide to the

manufacturer any endorsements necessary to transfer legal possession to the manufacturer.

(3) No person may enforce the lease against the consumer after he receives a refund due under paragraph (c) of subsection (2).

(5) No customized wheelchair returned by a consumer or customized wheelchair lessor in the commonwealth or by a consumer or customized wheelchair lessor in another state under a similar law of that state, may be resold or leased in the commonwealth unless full disclosure of the reasons for such return has been made to a prospective buyer or lessee.

(D) Each consumer shall have the option of submitting any dispute arising under this section, upon the payment of a prescribed filing fee, to an alternate arbitration mechanism established pursuant to regulations promulgated hereunder by the secretary of the executive office of consumer affairs and business regulation. Upon application of the consumer and payment of the appropriate filing fee, all manufacturers shall submit to such alternative arbitration. Such alternate arbitration shall be conducted by a professional arbitrator or arbitration firm appointed by and under regulations established by the attorney general. Such mechanism shall ensure the personal objectivity of its arbitrators and the right of each party to present its case, to be in attendance during any presentation made by the other party and to rebut or refute such presentation.

(E) Nothing contained in this section shall be deemed to limit any rights or remedies available to a consumer under any other law. Any waiver by a consumer of rights under this section shall be void.

(F) In addition to pursuing any other remedy, a consumer may bring an action to recover for damages caused by a violation of this section. The court shall award a consumer who prevails in such an action twice the amount of any pecuniary loss, together with costs, disbursements and reasonable attorney fees, and any equitable relief that the court deems is appropriate.

Application for such registration shall be made upon the affidavit of an officer, director or shareholder of such professional corporation who is a certified public accountant registered under section eighty-seven A½ and who holds a valid biennial license issued under section eighty-seven B. The board shall in each case determine whether the applicant is eligible for registration.

A professional corporation which is so registered and which holds a valid biennial license issued under section eighty-seven B½ may use the words "certified public accountants" or the abbreviation "CPA" in connection with the professional corporate name. Notification shall be given the board within ninety days after the admission to or withdrawal of an officer, director or shareholder from any professional corporation so registered, and after the commencement or termination of any officer's, director's or shareholder's personal and regular practice of public accounting in this state as a member thereof. The board shall collect a fee for the registration of such a professional corporation.

(i) A business corporation engaged within the commonwealth in the practice of

public accounting may register with the board as a corporation of certified public accountants; provided, however, that:

(A) Such corporation may issue share, fractional shares, and rights or options to purchase shares only to the following, which shall be deemed "qualified persons" for purposes of this section:

(1) natural persons who are licensed in the commonwealth or in any other state or territory of the United States or the District of Columbia to practice public accounting;

(2) general or registered limited liability partnerships in which all partners are natural persons described in clause (1);

(3) professional or other business corporations authorized by law to render public accounting services; and

(4) limited liability companies authorized by law to render public accounting services.

(B) No proxy for shares of such a business corporation shall be valid unless it shall be given to a qualified person. A voting trust with respect to shares of such a business corporation shall not be valid unless all the trustees and beneficiaries thereof are qualified persons, except that such voting trust may be validly continued for a period of not more than six months after the death of a trustee or beneficiary or for a period of not more than six months after a trustee or beneficiary has become a disqualified person.

(C)(1) It shall be provided in the articles of organization or by-laws of such a business corporation, or in an agreement binding upon all of its shareholders, that the corporation shall redeem all the shares of a shareholder upon the occurrence of any one or more of the following events, unless said shares are transferred to a qualified person within twelve months after occurrence of the event:

(i) if such shareholder dies;

(ii) if such shareholder is determined to be disqualified for a period of six months or more;

(iii) if such shareholder is determined in the manner set forth in the applicable instrument, to be incompetent or permanently disabled so as to be unable to render public accounting services on behalf of the corporation;

In lieu of such redemption, all the shares of such shareholder may be transferred to a qualified person within such twelve month period.

(3) If a redemption or transfer of such shares of such a business corporation is not

completed within the prescribed time period, such shares may be canceled by the corporation and the holder shall have no further interest or rights of a shareholder of the corporation other than the right to receive an amount equal to the fair value of such shareholder's shares under clause (2), unless otherwise provided in the articles of organization, by-laws or said shareholder agreement.

(4) Nothing contained herein shall affect the obligations of such a business corporation to a shareholder whose interest in the corporation is terminated hereunder with respect to compensation, benefits or other matters accrued prior to such shareholder's termination or disqualification.

A regulating board may by rule further restrict the authority of a business corporation registering under this paragraph (i) to issue or transfer shares, but no such rule shall have the effect of causing a shareholder of such corporation at the time such rule becomes effective to become a disqualified person.

A shareholder of a business corporation registering under this paragraph (i) may transfer shares and rights or options to purchase shares of the corporation only to qualified persons, as defined herein; provided, however, that subject to subparagraph (C), nothing contained herein shall prohibit the pledge of shares of such corporation to a disqualified person or the transfer of such shares by operation of law or court decree to a disqualified person.

Nothing contained herein shall prevent a business corporation registering under this paragraph (i) from adopting other restrictions on the transfer of its shares or requiring that transferees be approved by its shareholders or directors under provisions of its articles of organization, by-laws or an agreement binding on all of its shareholders.

Every certificate issued representing shares of a business corporation registering under this paragraph (i) shall state thereon in bold print that the shares represented thereby are subject to restrictions on transfer imposed hereby and any further restrictions on transfer imposed by the appropriate regulating board or boards from time to time pursuant to this chapter.

Application for such registration shall be made upon the affidavit of an officer, director or shareholder of such corporation who is a certified public accountant registered under section eighty-seven A½ and who holds a valid biennial license issued under section eighty-seven B. regular practice of public accounting in this state as a member thereof. The board shall collect a fee for the registration of such a business corporation.

(j) The board shall revoke the registration of a partnership, including a registered limited liability partnership, or limited liability company, or a professional or business corporation registered as certified public accountants under this section, or corresponding provisions of prior law or as public accountants under the laws of the commonwealth if at any time it does not have all the qualifications prescribed by the provisions of law under which it qualified for registration, and the board may revoke or suspend any such registration of a partnership, including a registered limited liability partnership or limited liability company, or a professional or business corporation or may revoke, suspend or refuse to renew any biennial license issued to such partnership, including a registered limited liability partnership, or limited liability company, or professional or business corporation so registered for any of the causes enumerated in section eighty-seven D and for the following additional causes:-

Powers of the Town.

Section 1.1. It is the intent of this charter to confer on the town of Nantucket, first incorporated in sixteen hundred and seventy-one, all powers possible under the Constitution of the commonwealth as fully and completely as though they were expressly enumerated in this charter. The town shall remain subject to the laws of the commonwealth, its rules and regulations and to the by-laws of the town, except to the extent they are inconsistent with the provisions of this charter. The charter shall not be construed as a codification of all such laws, rules, regulations and by-laws but as effecting those particular changes by which the inhabitants of Nantucket may secure a more efficient, responsive and wise government.

Section 1.2. The powers of the town under this charter shall be construed liberally in favor of the town.

ARTICLE II.

Legislative Functions.

Section 2.1. The legislative powers of the town shall remain vested in the town meeting open to all voters.

Notwithstanding the foregoing, certain powers of town meeting as to real estate acquisitions shall be vested in the board of selectmen, as specified in section 3.3, subject to the voters' right to petition, as specified in clause (*b*) of sections 2.1 and 3.3, to place before town meeting any real estate acquisition voted by the board of selectmen under said section 3.3.

In advance of each town meeting, the town clerk shall by written notice to the moderator appoint an alternate clerk of the meeting who shall, during such town meeting, serve in the event of absence or disability of the clerk of the meeting. If an alternate clerk of the meeting is not appointed or is unable so to serve, the moderator shall appoint a clerk.

Section 2.5. (*a*) The board of selectmen shall include all proposed operating expenditures in a single article or in consecutive articles in the warrant and also all proposed capital improvement expenditures in a single article or in consecutive articles.

(*b*) The board of selectmen shall publish the warrant of each town meeting in a newspaper of general circulation within the town promptly after issuance of the warrant. After such publication of the warrant, the finance committee shall hold a public hearing on each article and vote its recommendations. For articles that do not call for the town to raise and appropriate, transfer or borrow sums of money, the finance committee may choose to make no recommendation.

(*c*) The board of selectmen shall publish the warrant with the recommendations of the finance committee by mailing a copy of such warrant to the address or postal box of each registered voter at least seven days prior to the town meeting.

Except to the extent other procedures have been or are adopted by town meeting or by the moderator in conformity with this charter and the laws of the commonwealth, town meeting shall follow the latest revised edition of *Town Meeting Times: A Handbook of Parliamentary Law*, by Johnson, Trustman and Wadsworth.

ARTICLE III.

Board of Selectmen.

Section 3.1. The board of selectmen shall be composed of five members elected for terms of three years each, so arranged that the terms of as nearly equal number of members as possible expire each year. To qualify for office, each member shall be and remain a resident of the town. Three of the five members shall constitute a quorum. A majority of the quorum shall be sufficient to set the board's meeting agenda and to decide any question, except as may be otherwise provided in this charter.

Section 3.2. Within thirty days following each annual town election, the board of selectmen shall choose one of its duly elected members as chair and another as vice-chair, each to serve until a successor is elected. The vice-chair shall, during any temporary disability or absence of the chair, serve as acting chair. The chair shall:-

Section 3.3. Subject to applicable administrative procedures pursuant to the laws of the commonwealth or town by-law, the board of selectmen may, notwithstanding any law

to the contrary, vote the following:

The board of selectmen shall publish a public notice of such vote in a newspaper having general circulation within the town. Any such acquisition shall be subject to veto by town meeting if a petition as set forth in clause (*b*) of section 2.1 is filed with the town clerk within thirty days following the date such public notice is published.

Nothing in this section of the charter shall affect the acceptance of gifts pursuant to section fifty-three A of chapter forty-four of the General Laws.

Cause for removals shall be put forward in good faith, and not arbitrary, irrational, unreasonable or irrelevant to the duties of the office, on grounds of incapacity beyond temporary illness, chronic non-attendance or violation of the oath of office.

Nothing in this clause shall mandate the continued existence of any such board or the specific number of members appointed;

(4) to exercise the power to disapprove of appointments made by the town administrator pursuant to paragraph (*b*) of section 3.4 or section 4.3 of this charter. All appointments by the town administrator to the position of assistant town administrator, of department head or of any other position pursuant to this charter, are subject to a vote of disapproval by the board of selectmen; provided, however, that such appointments shall take

effect unless the board of selectmen votes disapproval within a fifteen day period following the day on which notice of the proposed appointment is filed with the board chair;

(5) to fill by appointment any elective position on a town board, commission or council, vacant by reason of a member's resignation, death or incapacity beyond temporary illness, but only if the laws of the commonwealth allow for appointments in such cases, the appointee to serve, any such laws notwithstanding, only until a successor is elected at the next annual town election; and the successor so elected then to serve for the remainder, if any, of the member's unexpired term; and

(6) to appoint to the planning board three associate members to serve in zoning matters as alternates in lieu of any elected alternate, the terms of appointment being of such length and so arranged that the term of one associate member shall expire each year. Nothing in the charter shall affect the election of the regular planning board members in accordance with the laws of the commonwealth.

(*b*) Any vacancy occurring in an appointed position in town offices, boards, councils, commissions or committees shall be filled by the board of selectmen, the town administrator or other appointing authority, whichever is empowered to make the initial appointment to the position vacated, for the balance of the unexpired term.

The audit committee will be composed of three voting members appointed for a one year term. The committee would consist of the chairman of the board of selectmen, the chairman of the finance committee and one appointed member from the board of selectmen;

(*d*) to adopt rules for the conduct of business and to fix times and places for meetings, to establish all five members as a committee of the whole, and to designate any number of its members as a subcommittee;

(*e*) to approve or disapprove town contracts, contract amendments, contract terminations and contract enforcement actions proposed by the town administrator;

(*f*) to identify emergency situations and to declare emergencies;

(*g*) to hear and decide upon license applications as may be provided by town by-laws or by general or special laws; and

charter, the town's legislative actions pursuant to Articles II and III, and applicable General Laws to be enforced.

Accordingly, this charter seeks to establish clear lines between Article III powers of the board of selectmen and Article IV administrative functions as follows:-

(2) all routine contact with town employees concerning the functions of town administration and its provision of services shall be from the board of selectmen through or jointly with the town administrator.

(*c*) Nothing in the foregoing nor in this charter shall be construed to prohibit informal, nondirective conversations of town selectmen with other town officials, nor the inquiry by the board of selectmen into any act or issue concerning town administration.

Section 4.2. (*a*) The board of selectmen shall appoint a town administrator for an initial term of two years. Any successive terms shall not exceed three years each. In the event that a board, council, commission or committee of the town is a party defendant to litigation and the town a party plaintiff, that board may vote to be represented by special counsel funded from the same appropriation as town counsel would otherwise be;

(2) Except as provided in paragraph (3), nothing in this section shall be construed to prevent the taxation to the same extent and in the same manner as other real estate is taxed, of real estate acquired by the commission for the project and sold by it, or of the leasehold interests and buildings and other structures belonging to private individuals or corporations on land acquired by it; provided, however, that real estate so acquired by the commission and sold or leased to an urban redevelopment corporation or other entity operating under chapter one hundred and twenty-one A, or to an insurance company or savings bank or group of savings banks operating under said chapter, shall be taxed as provided in said chapter and not otherwise; and provided, further, that nothing in this chapter or in chapter fifty-nine shall be construed to require a city to impose a tax on the leasehold of real estate owned by the commission and leased by it beyond any amount which the city

and the commission have agreed to be the payment in lieu of taxes hereunder.

(3) (i) For the period during which any bonds issued by the commission pursuant to this section are outstanding, real property located within the project area which was acquired or rehabilitated, by the commission or otherwise, with the proceeds of such bonds or with federal or state funds made available though the commission, shall be exempt from taxation, as if such exemption was set forth in section five of chapter fifty-nine of the General Laws, and from all betterments and special assessments, provided that the owners of such real property shall have entered into an agreement (a "PILOT agreement") with the commission providing for the payment in lieu of taxes, by such owner, of an amount determined by the commission, in accordance with the provisions of paragraph (4) of this subsection, which PILOT agreement shall run with and be binding on the subject real property and that the payments under the PILOT agreement are made in accordance with the terms thereof. For purposes of this section "real property" shall be deemed to include the buildings and other improvements located thereon, and "real estate taxes" shall include, without limitation, betterments and special assessments. Amounts received by the commission under PILOT Agreements shall be available to the commission for the payment of amounts due as set forth in clause (ii) of paragraph (3) of this subsection.

(k) No bond, note or other evidence of indebtedness executed or obligation or liability incurred by the commission shall be a debt or charge against any of the participating cities or of the commonwealth or any political subdivision thereof other than the commission. Nothing in this section shall be construed to obligate the commonwealth, or

any political subdivision thereof other than the commission, to pledge its credit, to any payment whatsoever to the commission or to any creditor or bondholder thereof, nor shall anything therein contained be construed as granting to the commission any exemption from taxation except as expressly provided therein or to render the commonwealth, or any political subdivision other than such agency liable for any indebtedness or liability incurred, acts done, or any omissions or failures to act, of the commission.

(l) (1) The participating cities may raise and appropriate money for the purpose of defraying the initial costs and annual administrative expenses of the commission, including without limitation the expense of preparing any plans, studies, programs and surveys the commission is authorized to prepare, including the expense of the plan for the project.

(2) Without limiting the generality of the foregoing, the participating cities may from time to time appropriate or agree to appropriate money for the purpose of aiding in the preparation of plans and estimates needed to prepare applications for federal loans or grants and in the preparation of any other estimates, plans, orders of taking and contract documents in connection with any proposed or approved project. All moneys appropriated under the preceding sentence shall be repaid by the commission to such cities if the commission subsequently receives other moneys available for the purposes for which such moneys were appropriated, but otherwise such moneys need not be repaid.

(3) All moneys appropriated under this subsection in aid of the commission or received by the commission from any source shall be paid to the treasurer of the commission or to such agent of the commission as the commission may authorize, and shall be disbursed by such treasurer or agent, subject to accounting therefor as required by this section.

(4) Notwithstanding anything in this section provided to the contrary, a participating city shall have the right to elect not to raise or appropriate and make available to the commission any money for the purposes described in this subsection or in subsection (m). In such event, the other participating cities electing to raise, appropriate and make available to the commission money for the purposes set forth in this subsection and said subsection (m) shall be reimbursed for the money so made available, together with interest thereon at the per annum rate of the prime rate as established from time to time by the First National Bank of Boston plus two, from the date of such expenditures by the participating cities from any grant funds received by the commission, such reimbursement to be the first distribution made from any such grant funds received by the commission. The reimbursement provided for in this subsection shall be applicable only to funds raised, appropriated and made available by participating cities after the effective date of this section.

(m) (1) A participating city may raise and appropriate, or may borrow, in aid of the commission, such sums as may be necessary for defraying such city's share of the development, acquisition and operating costs of the project; and for the making of relocation payments by the commission.

(2) Indebtedness authorized under this section shall be outside the limit of indebtedness prescribed in section ten of chapter forty-four of the General Laws, and shall be payable within twenty-five years and otherwise subject to sections sixteen to twenty-seven, inclusive, of said chapter forty-four.

(n) To aid and cooperate in the planning, construction or operation of the project, a participating city may upon such terms, and with or without consideration, do or agree to do any or all of the following things, as such city may determine:

(1) Sell, convey or lease any of its interests in any property, or grant easements, licenses or any other rights or privileges therein to the commission;

(6) Purchase and hold any of the bonds or notes of the commission and exercise all of the rights of a holder of such bonds or notes;

(7) Make available to the commission the services of its agencies, officers and employees;

(8) Cause private ways, sidewalks, footpaths, ways for vehicular travel, or water, sewer or drainage facilities and similar improvements to be constructed or furnished within the site of the project for the particular use of the project;

(9) Enter into agreements with the commission, the term of which agreements may extend over twenty-five years, respecting action to be taken by such city pursuant to any of the powers granted by this section; and

(10) Do any and all other things necessary or convenient to aid and cooperate in the planning, construction or operation of the project.

The entering of a contract under this section between a city and the commission shall not be subject to any provision of law relating to publication or to advertising for bids.

(o) A participating city, in which the commission proposes to take, acquire or clear land constituting the whole or part or parts of an area which the commission has determined to be a decadent or blighted open area, may enter into an agreement with the commission to bear any loss that may arise as a result of such taking, acquisition or clearance in the event that such land is not used for project purposes.

(p) (1) The project shall not be undertaken until (1) a public hearing relating to the plan for the project has been held after due notice before the city council of each of the participating cities and (2) the plan has been approved by the municipal officers and the department as provided in this section. Notice of such public hearing shall be sent to the Massachusetts historical commission together with a map indicating the project area.

(2) Whenever the commission determines that the project should be undertaken, it shall apply to the municipal officers of the participating cities for approval of the plan. Such application shall be accompanied by the plan for such project, a statement of the proposed

method of financing the project and such other information as the commission deems advisable.

(3) When approved by the municipal officers, the plan shall be submitted to the department together with such other material as the department may require.

(4) The department shall not approve the plan unless it shall have found (a) the project would not by private enterprise alone and without either government subsidy or the exercise of governmental powers be undertaken; (b) the financial plan is sound; (c) the project area is a decadent or blighted open area; (d) the plan is sufficiently complete, as required by section one; and (e) the relocation plan has been approved under chapter seventy-nine A.

(5) Within sixty days after submission of the plan, the department shall give written notice to the commission of its decision with respect to the plan. If the department shall disapprove the plan, it shall state in writing in such notice its reasons for disapproval. The department may hold a public hearing upon the request of the commission, the mayor of a participating city, or seventy-five or more taxable inhabitants of such city.

(6) Any provision to the contrary notwithstanding, the commission may, without awaiting the approval of the department, proceed, by option or otherwise, to obtain control of such property within the project area as is necessary to carry out the plan; but it shall not, without the approval of the department, unconditionally obligate itself to purchase or otherwise acquire any such property.

(7) When the plan has been approved by the department and notice of such approval has been given to the commission, the commission may proceed at once to acquire real estate within the project area by purchase, taking by eminent domain or gift.

(8) In the event that any participating city shall not accept the plan, the other participating cities which have accepted the plan shall have the right to implement it by vote of the municipal officers of such other participating cities. Upon such affirmative vote, the non-accepting participating city shall be deemed to have withdrawn as a participating city from participation in the commission.

(q) If the commission shall sell or lease any property acquired by it for the project, the terms of such sales or leases shall obligate the purchasers or lessees (i) to devote the land to the use specified in the plan; (ii) to begin the building of their improvements within a reasonable time; and (iii) to comply with such other conditions as are deemed necessary to carry out the purposes of this chapter, or requirements of federal legislation or regulations under which loans, grants or contributions have been made or agreed to be made to meet a part of the cost of the project. Nothing in this section shall be construed as limiting the power of the commission in the event of a default by a purchaser or leasee of land in the project area to retake title to and possession of the property sold or leased free from the obligations in the conveyance or lease thereof.

(r) (1) The plan may require the payment of a linkage fee as a condition of the approval of the construction, enlargement, expansion, substantial rehabilitation or change of use of non-residential projects within the project area that require relief by the commission from the use, dimensional or other requirements of a nature customarily ad-

dressed in a zoning ordinance or by-law or that exceed a threshold established by the commission (a "development impact project"), for any future development within the project area.

(2) Any linkage fee collected by the commission shall be used solely for the purpose of defraying the costs incurred by the commission in connection with the making of capital improvements within the project area, which improvements are required to support development of the project area, including without limitation, improvements to public facilities, roads, sewers, water supply lines, job training facilities, public safety facilities, and parks and other recreational areas (collectively the "project infrastructure").

(3) The plan may impose a linkage fee if the following criteria are met:

(i) The commission shall have prepared a study (the "study") of the project infrastructure required in connection with the development of the project area, which shows a rational nexus between the creation of new office, commercial and industrial structures and the need for new or improved project infrastructure.

(ii) Any linkage fee imposed by the plan shall be set in accordance with the methodology set forth in the study, and shall be established in accordance with the projection of costs associated with required project infrastructure, as set forth in the study.

(iii) The commission shall have the authority to create a distinct and separate revolving trust account for linkage fee collected by the commission. Linkage fees collected by the commission shall be applied solely to reimburse the commission for expenditures for project infrastructure constructed in connection with the implementation of the plan. No linkage fees shall be paid to the commission's general fund.

(iv) The linkage fee schedule shall be reviewed at least every three years and shall be reset as required based upon the recommendation of the commission.

(v) Any funds not expended or encumbered by the end of the calendar quarter immediately following the sixth anniversary of the date of the payment of the linkage fee shall, upon application of the then owner of the land with respect to which the linkage fee was paid, be returned to such owner, provided that such application shall be made no earlier than the fifth anniversary and no later than the sixth anniversary of such payment date.

(4) The plan shall provide that there shall be credited against any linkage exaction fee due with respect to a development impact project any grants received by the commission or the participating city within which such development impact project is located with respect to such development impact project. The level of any exaction shall be reviewed by the commission at least every three years and reset as required.

(s) The commission is hereby authorized to delegate to any public agency qualified and authorized to carry out urban redevelopment activities any of the powers or functions of the commission with respect to the planning or undertaking of the project in the area in which the participating cities are authorized to act, and the public agency to which such delegation is made is hereby authorized to carry out or perform such powers or functions for the commission. Any public body is hereby authorized to enter into agreements which may extend over the period of the bonds issued by the commission notwithstanding any provision or rule of law to the contrary, with any other public body or bodies respecting action to be

taken pursuant to any of the powers granted by this section, including the furnishing of funds or other assistance in connection with the plan or project. To the extent it determines it is feasible, the commission shall afford maximum opportunity consistent with the sound needs of the city as a whole for the rehabilitation or redevelopment of decadent or blighted open areas by private enterprise.

(t) The commission shall keep an accurate account of all its activities, receipts and expenditures in connection with the planning and execution of the project and shall annually in the month of January make a report of such activities, receipts and expenditures to the department, the state auditor and the mayors of the participating cities. The department or state auditor shall have the power to examine into the properties and records of the commission and to prescribe methods of accounting, not inconsistent with federal legislation, for such activities, receipts and expenditures.

(u) The commission shall be dissolved upon the payment in full of all amounts outstanding under bonds issued by the commission pursuant to this section, and upon such payment the treasurer of the commission shall file a certificate of such payment with the secretary of state of the commonwealth, and the legal existence of the commission shall be deemed to have terminated upon the filing of such certificate, subject to the applicable provisions of section fifty-one of chapter one hundred and fifty-five of the General Laws. In connection with the application of said section fifty-one, any real property owned by the commission at the time of the termination of its legal existence shall be deemed to be distributed automatically to and become the property of the participating city in which it is located, and the personal property of the commission shall be equitably allocated to the participating cities.

(v) (1) The commission may enter upon any property within the project area, whether publicly or privately owned, after due notice by registered or certified mail, for the purpose of making such surveys, environmental site assessments, test pits, and borings as it finds necessary or convenient to determine the feasibility or desirableness of acquiring such property under the plan or to otherwise carry out the purposes of this section. Such entry shall not be deemed a trespass or an entry under any condemnation proceedings which may be then pending. The commission shall make reimbursement for any actual damage resulting to such property caused by it in the exercise of such right of entry and shall so far as possible restore such property substantially to the same condition as prior to the making of such surveys, environmental site assessments, test pits, and borings.

(2) The commission may take or arrange for necessary response actions, as defined in chapter twenty-one E of the General Laws, as determined by reference to the Massachusetts contingency plan, with respect to any release or threat of release of oil or hazardous materials. The commission shall be entitled to reimbursement from any other person liable for such release or threat of release for the reasonable costs of such response actions, including all litigation costs and attorney's fees. All claims for contribution, reimbursement or equitable share by the commission pursuant to this section and said chapter twenty-one E shall be brought in accordance with the procedures set forth in sections four A and eleven A of said chapter twenty-one E. The commission may enter into agree-

ments with prior owners or operators of a site, or persons who may have otherwise caused or may be legally responsible for releases or threats of release of oil or hazardous material, or any other persons, to conduct or reimburse the commission for the costs of response actions. In conducting any response action pursuant to the requirements of said chapter twenty-one E and the regulations promulgated thereto, the commission shall not be exempt from any compliance assurance or permit fees.

(3) The commission may enter into agreements with its response action contractors to indemnify and hold such contractors harmless against any liability for negligence, including legal fees and costs, if any, in an amount not to exceed a figure established by the indemnification agreement pursuant to the provisions of this subsection and section seventeen of chapter twenty-one E of the General Laws. In no event shall the amount of indemnification to be provided under an indemnification agreement exceed two million dollars for a single occurrence involving the release or threat of release of oil or hazardous material. No indemnification shall be provided pursuant to an indemnification agreement under this subsection if the response action contractor acts in a negligent, willful, or malicious manner or if the action or omission which gives rise to a claim is not within the scope of the response action contract. The indemnification provided under this subsection shall apply only to response action contractor liability arising out of a release or threat of release of oil or hazardous material resulting from response actions conducted by the response action contractor pursuant to its response action contract.

Section 2. (a) Any nongroup health plan offered, sold, issued, delivered, made effective, or renewed by any carrier to any resident of the commonwealth on or after the August fifteenth, nineteen hundred and ninety-six of the chapter shall comply with the provisions of this chapter; provided, however, that the issue, renewal or delivery of a conversion nongroup health plan shall not obligate the carrier to otherwise issue, renew or deliver a nongroup health plan to any person to whom it does not have such an obligation pursuant to a group policy, contract or agreement with an employer or through a trust.

(b)(1) As a condition of doing business in the commonwealth, a carrier that offers health benefit plans to qualified small businesses, as defined by chapter one hundred and seventy-six J, shall participate in the nongroup health insurance market. A carrier shall be exempt from this requirement if, as of the close of the preceding calendar year, it has fewer than five thousand eligible employees and eligible dependents, as defined by chapter one hundred and seventy-six J, enrolled in health benefit plans offered to qualified small businesses.

(2) A carrier subject to licensure under chapter one hundred and seventy-six G, that, as of the close of the preceding calendar year, has five thousand or more eligible employees and eligible dependents, as defined by chapter one hundred and seventy-six J, enrolled in health benefit plans offered to qualified small businesses, shall be considered to be participating in the nongroup health insurance market only if it offers for sale to any eligible individual a guaranteed issue managed care plan, subject to the exceptions set forth in this chapter.

(3) A carrier subject to licensure under chapter one hundred and seventy-five, one hundred and seventy-six A or one hundred and seventy-six B, that as of the close of the preceding calendar year, has a total of five thousand or more eligible employees and eligible dependents, as defined in chapter one hundred and seventy-six J, enrolled in health benefit plans offered to qualified small businesses shall be considered to be participating in the nongroup health insurance market only if it offers for sale to any eligible individual a guaranteed issue medical plan, subject to the exceptions set forth in this chapter. For pur-

poses of this section, neither an eligible employee, nor an eligible dependent, shall be considered to be enrolled in a health benefit plan subject to licensure under chapter one hundred and seventy-five if said health benefit plan is issued to said eligible employee or eligible dependent as a supplement to a health benefit plan subject to licensure under chapter one hundred and seventy-six G.

(4) A carrier that is required, pursuant to subsection (3), to offer for sale to any eligible individual a guaranteed issue medical plan may instead offer for sale to any eligible individual a guaranteed issue preferred provider plan, subject to the exceptions set forth in this chapter; provided, however, that nothing in this chapter shall prohibit a carrier from offering both a guaranteed issue medical plan and a guaranteed issue preferred provider plan should it so choose.

(c) Notwithstanding the requirements of section four and section twenty-two of chapter seven and section twenty-seven B and section twenty-nine A of chapter twenty-nine, no later than sixty days after August fifteenth, nineteen hundred and ninety-six, the executive office for administration and finance shall contract with a total of three contractors, including a certified employee health benefits plan specialist, an associate in risk management or licensed life and health insurance advisor. One of the three contractors hired shall be an actuary, who shall be a member of the American Academy of Actuaries. The contractors hired shall be members in good standing of their respective local or national accrediting bodies, shall specialize in health care, and shall not be employees of any licensed carrier or the commonwealth.

(1) Said contractors shall develop recommendations consistent with this section relative to the benefits to be provided by, and the cost-sharing requirements of, the standard guaranteed issue managed care plan, the standard guaranteed issue managed care plan with a point of service option, the standard guaranteed issue medical plan, and the standard guaranteed issue preferred provider plan. Said recommendations shall be based upon the prototype for small group plans under chapter one hundred and seventy-six J, modified to provide for a co-payment for outpatient benefits which is no greater than three-fifths of the co-payment applicable to the small group prototype. The standard plans shall include at least the following medically necessary services: reasonably comprehensive physician services, inpatient and outpatient hospital services, emergency health services, the full range of effective clinical preventive care, and prescription drugs administered on an outpatient basis. For each thirty day supply of generic prescription drugs, a guaranteed issue health plan shall require a twenty dollar co-payment. For each thirty day supply of brand name prescription drugs, a guaranteed issue health plan shall require a twenty-five dollar co-payment. Any insured individual who incurs fifty co-payments for prescription drugs in a calendar year shall not be required to make any additional co-payments for prescription drugs in that calendar year. Each health plan that provides for the purchase of prescription drugs by mail order shall provide a financial incentive to insured individuals who purchase their drugs by mail order. Each of the standard guaranteed issue health plans shall be reasonably actuarially equivalent to each other. The contractors shall report their recommendations, upon which at least two of them shall agree, to the nongroup health insur-

ance advisory board no later than thirty days after their hire.

(2) After due consideration of the recommendations of the contractors, and no later than fourteen days after the submission of said recommendations, said board shall make final recommendations, upon which a majority of the members shall agree and which are consistent with the standards established in paragraph (4), to the commissioner relative to the benefits to be provided by, and the cost sharing requirements of, the standard guarantee issue health plans. The commissioner shall, no later than fourteen days after the submission of the board's recommendations, either approve or disapprove said recommendations. The commissioner shall not modify the recommendations of said board. If the commissioner does not approve the recommendations of said board, said board shall, after consulting with the contractors, submit new recommendations, upon which a majority of the members agree and which are consistent with the standards established in paragraph (4), to the commissioner no later than fourteen days following his decision to disapprove the standard benefit plans.

(3) Said board shall review the benefits to be provided by, and the cost sharing requirements of, the standard guaranteed issue health plans on an annual basis. In making its recommendations, the board shall ensure that actuarial equivalence is maintained between the standard guaranteed issue plans. Said board shall make pertinent recommendations to the commissioner who shall approve or disapprove said recommendations within fourteen days. The commissioner shall then take the appropriate steps to ensure the implementation of the standard benefits plans.

(4) A carrier may establish as its guaranteed issue managed care, guaranteed issue medical, or guaranteed issue preferred provider plan a plan with additional benefits or lower cost-sharing requirements than those contained in the standard plans defined by the commissioner pursuant to subsection (a); provided, however, that any such enhanced plan includes the benefits contained in the comparable type of standard plan, that the carrier establishes only one form, whether standard or enhanced, of each type of managed care, medical, or preferred provider guaranteed issue plan or plans that it offers; and provided, further, that such enhanced plan or plans shall be subject to all of the requirements of this chapter applicable to guaranteed issue health plans. A federally qualified health plan provided by a health maintenance organization which provides, at a minimum, the benefits contained in the comparable type of standard plan, including prescription drugs, and is the only form, whether standard or enhanced, which the health maintenance organization offers shall be deemed to meet the requirements of this section. The commissioner may prohibit a carrier from offering an enhanced plan if he finds that the design of the plan may have the effect of discouraging enrollment by eligible individuals.

(5) As of the first day of the first open enrollment period specified in paragraph (3) of subsection (b), a carrier shall not issue any health plan to an eligible individual other than a guaranteed issue health plan; provided, however, that a carrier may renew a closed plan for a period of no more than three years, and in such case, be subject to the provisions of subsection (a) of section five. Notwithstanding the foregoing, any such closed plan shall not be subject to the provisions of section four, except that no carrier shall, during the three-year

period, add any new factor to the rating methodology applicable to its closed plan on August fifteenth, nineteen hundred and ninety-six. A carrier shall permit a subscriber of a closed plan to enroll in a guaranteed issue health plan at any time during the three year renewal period.

(6) All carriers with closed plans shall continue to enroll individuals in said closed plans until September first, nineteen hundred and ninety-seven or such postponed effective date as the commissioner may order pursuant to subsection (b) of section three.

Section 3. (a) No carrier shall exclude any eligible individual or eligible dependent on the basis of age, occupation, actual or expected health condition, claims experience, or medical condition of such person, nor impose any pre-existing condition provision or waiting period in any guaranteed issue health plan; provided, however that the issue, renewal or delivery of a conversion nongroup health plan shall not obligate the carrier to otherwise issue, renew or deliver a nongroup health plan to any person to whom it does not have such an obligation pursuant to a group policy, contract or agreement with an employer or through a trust.

(b) In the first year following August fifteenth, nineteen hundred and ninety-six, the carrier shall enroll eligible individuals into guaranteed issue health plans during an open enrollment period commencing June first and ending July thirty-first with coverage to become effective September first. The commissioner may postpone said open enrollment period and effective date of coverage should a substantial number of carriers, due to substantial administrative delay, be unable to enroll eligible individuals into a guaranteed issue health plan during the open enrollment period commencing June first and ending July thirty-first; provided, however, that any carrier that is unable to enroll eligible individuals into a guaranteed issue health plan during the open enrollment period beginning June first and ending July thirty-first, for reasons other than substantial administrative delay, may be subject to a fine of one thousand dollars for every day in which it is unable to enroll such eligible individuals in said guaranteed issue health plan and any other penalties available under this chapter. In every year thereafter, a carrier shall enroll eligible individuals into guaranteed issue health plans during an open-enrollment period commencing September first and ending October thirty-first of each year, with coverage to become effective the following December first.

(1) A carrier shall enroll an eligible individual into a guaranteed issue health plan at a time outside the open enrollment period if all of the following conditions are met: (i) such individual did not meet the definition of an eligible individual during the previous open enrollment period and now meets that definition and (ii) such individual requests guaranteed issue coverage within thirty days of the event which caused him to meet the definition of an eligible individual. Coverage shall become effective within thirty days of the date of application, subject to reasonable verification of eligibility pursuant to paragraph (d) of section four.

(2) A carrier may enroll eligible individuals into guaranteed issue health plans outside of the open enrollment period; provided however, that the terms and conditions that apply outside of the open enrollment period are identical to the terms and conditions that

apply during the open enrollment period. Coverage shall become effective within thirty days of the date of application, subject to reasonable verification of eligibility pursuant to said paragraph (d) of said section four.

(c) Carriers may utilize intermediaries, as defined in section one, to offer guaranteed issue health plans to eligible individuals. Fees charged by such intermediaries shall be reasonable and shall not serve as a barrier to the purchase of insurance under this chapter.

Section 4. (a) Premiums charged to eligible individuals for guaranteed issue health plans issued or renewed after August fifteenth, nineteen hundred and ninety-six, shall satisfy the requirements of this section.

(1) Each carrier shall establish a base premium rate for each rate basis type within each class of business it offers. The premium charged to any eligible purchaser shall be limited to the base premium rate multiplied by the factors specified in paragraphs (2), (3), and (4).

(2) A carrier may a establish premium rate adjustment based upon the age of insured individuals. Such an adjustment shall be known as the age rate adjustment. Between December first, nineteen hundred and ninety-six and November thirtieth, nineteen hundred and ninety-nine, a carrier may establish an age rate adjustment, the value of which shall range from sixty-seven one-hundredths to one and thirty-three one-hundredths. If a carrier chooses to establish age rate adjustments, the premium charged to every individual enrolled in a guaranteed issue health plan shall be subject to the applicable age rate adjustment. As of December first nineteen hundred and ninety-nine, the base premium rate multiplied by the age rate adjustment as applied to an eligible individual for a rate basis type with a class of business of a carrier shall range from eighty one hundredths to one-hundred and twenty one-hundredths. If a carrier chooses to establish age rate adjustments, the premium charged to every individual enrolled in a guaranteed issue health plan shall be subject to the applicable age rate adjustment.

(3) The commissioner shall annually establish not fewer than five distinct regions of the state for the purpose of area rate adjustments. A carrier may establish an area rate adjustment for each different region, the value of which shall range from eighty one-hundredths to one hundred and twenty one-hundredths. If a carrier chooses to establish area rate adjustments, the premium charged for a guaranteed issue health plan to each eligible individual who resides within each geographic area shall be subject to the applicable area rate adjustment.

(4) The premium rate charged by a carrier to each individual on the date the individual's nongroup health policy is issued or renewed shall be the base premium rate charged for that rate basis type, multiplied by the age rate adjustment, multiplied by the area rate adjustment, multiplied by the benefits level rate adjustment, as may be applicable pursuant to this section.

(b) No carrier shall knowingly issue a guaranteed issue nongroup health plan to any individual other than an eligible individual. A carrier may renew a health plan previously issued to an individual who is not an eligible individual only if said individual either was insured under said plan as of August fifteenth, nineteen hundred and ninety-six or was

insured as of August fifteenth, nineteen hundred and ninety-six under a health plan issued by said carrier and said plan is no longer offered by the carrier.

(c) A carrier shall not be required to issue or renew a nongroup health plan to any eligible individual if the carrier can demonstrate that: (1) the acceptance of applications would create for the carrier a condition of financial impairment, and the carrier demonstrates the same to the commissioner; (2) the eligible individual does not meet a health maintenance organization's requirements regarding residence or employment within the health maintenance organization's approved service area; or (3) within an area, a health maintenance organization reasonably anticipates and demonstrates to the satisfaction of the commissioner that it will not have the capacity in its network of providers to deliver services adequately to the individual because of its obligation to existing contract holders and enrollees; provided, however, that such a health maintenance organization shall not offer coverage in the applicable area to any new applicants for group or nongroup coverage until the later of ninety days after each such refusal or the date on which the health maintenance organization notifies the commissioner that it has regained capacity to deliver services to eligible individuals.

(d) A carrier shall not be required to issue or renew a health plan to an eligible individual if (1) the individual failed to pay the required premium for any health plan on a timely basis, or (2) the individual committed fraud, or misrepresented whether he qualifies or continues to qualify as an eligible individual, or (3) the individual failed to comply in a material way with the provisions of the health plan, the member contract, or the subscriber agreement, or (4) the individual failed to comply with the carrier's reasonable request for information provided in the application for coverage or renewal under a guaranteed issue health plan; provided, however, that in cases of nonpayment, the carrier shall provide the individual with a period of grace of no less than sixty days from the date that a premium payment is due. At the beginning of such period of grace, the carrier shall provide the individual with notice regarding the period of grace informing him of the last date on which payment may be made to prevent forfeiture.

(e) A carrier that decides to terminate coverage for all eligible individuals enrolled in a specific guaranteed issue health plan shall notify the commissioner and individuals enrolled in the specific guaranteed issue health plan no later than ninety days prior to the beginning of the next open enrollment period that it is terminating coverage under that guaranteed issue health plan. Such carrier shall continue to provide coverage to those eligible individuals covered as of the date of the notice of intent to terminate coverage for ninety days after the conclusion of the open enrollment period, or until all of such carrier's enrollees in that guaranteed issue health plan are transferred to other guaranteed issue health plans, whichever occurs first. A carrier may not terminate a guaranteed issue health plan if such termination would cause the carrier to violate subsection (b) of section two. A carrier who terminates a guaranteed issue health plan pursuant to this subsection shall not issue any guaranteed issue health plan for a period of five years; provided, however, that the commissioner, in his discretion, may allow a carrier to re-enter the nongroup market sooner.

Section 5. (a) No later than seventy-five days after the commissioner has approved

the standard benefits plan, each carrier shall file its initial rates for its newly offered guaranteed issue health plans to be effective as of September first nineteen hundred and ninety-seven or on another date as required under subsection (b) of section three. No later than May first of each year thereafter, every carrier shall file its rates for each of its guaranteed issue health plans to be effective on December first of that year. The rates contained in a carrier's initial filing shall include the composite rate and also the rate for each rate basis type. Said filing shall include a memorandum signed by an actuary certifying that the rates have been developed in accordance with the rate bands and multipliers contained in subsection (a) of section four and are reasonable in relation to the benefits provided. Said filing shall also include a comparison of current and proposed rates listing premium cost components stated as a percentage of premium, including but not limited to the cost of prescription drugs administered on an outpatient basis. Said filing shall also include for each nongroup health plan included in the filing the actual loss ratio for the previous year, the loss ratio for the current year and the projected loss ratio for the year for which the rate is being filed. A loss ratio shall be defined as the ratio of the incurred costs for hospital, medical or other health care services for the relevant period to the premium earned for that same period for each nongroup health plan. Said filing shall also include a copy of the carrier's annual report. In its initial filing after August fifteenth, nineteen hundred and ninety-six the carrier shall also file information regarding its nongroup health plan rates, if it offered any such plan, during the year prior to August fifteenth, nineteen hundred and ninety-six, including the total number of insureds, the total number of policies issued and the number of policies issued within each rate basis type of each policy. A copy of said filing shall also be submitted to the nongroup health insurance advisory board. Said board may include information from carrier filings in its annual consumer's guide.

(b) No later than forty-five days after the date upon which the carriers are required to submit their initial filing of the rates for a newly offered guaranteed issue health plan following August fifteenth, nineteen hundred and ninety-six under subsection (a) and no later than June fifteenth of each year thereafter, the commissioner shall determine the average composite rate for each type of guaranteed issue health plan, adjusted in a consistent manner to be prescribed by the commissioner for geographic differences in health care costs, age and differences in benefit levels as permitted pursuant to subsection (d) of section two. The commissioner shall determine if the composite rate filed by each carrier for each type of guaranteed issue health plan, adjusted in the same consistent manner, exceeds the average adjusted composite rate for that type of guaranteed issue health plan by more than two standard deviations. Carriers shall submit data reasonably necessary to substantiate the adjustments made. For purposes of this chapter, standard deviation shall be defined as the square root of the average of the squares of the differences between each adjusted composite rate and the average adjusted composite rate. The commissioner shall also examine the design of the benefits of each nongroup health plan to determine if it complies with applicable laws and regulations and to determine whether its design may have the effect of minimizing the number of eligible individuals who will enroll in said plan. The commissioner shall also determine for average rate of policies in effect as of August fif-

teenth, nineteen hundred and ninety-six. The commissioner shall report this average rate to the board created under section seven.

(c) If a filing is the carrier's initial filing for a newly offered guaranteed issue health plan and if the adjusted composite rate for said plan exceeds the average adjusted composite rate for such type of plan by more than two standard deviations then the filing shall be subject to further review pursuant to subsection (e). No later than forty-five days after the date upon which the carriers are required to submit their initial filing of the rates for a newly offered guaranteed issue health plan after August fifteenth, nineteen hundred and ninety-six under subsection (a) and no later than June fifteenth of each year thereafter, the commissioner shall notify such carrier in writing that the filing is subject to further review pursuant to said subsection (e). No filing shall be subject to further review pursuant to said subsection (e) unless the commissioner has sent the notice required under this subsection within forty-five days of the date that the carriers are required to submit their rates under subsection (a) in the first year or by said June fifteenth of each year thereafter.

(d) In the case of a filing for an existing guaranteed issue health plan, if the adjusted composite rate for said plan exceeds the average adjusted composite rate for such type of plan by more than two standard deviations and the proposed composite rate also exceeds one hundred and ten percent of the carrier's current composite rate for such plan, then no later than said June fifteenth of each year, the commissioner shall notify such carrier in writing that the filing is subject to further review pursuant to subsection (e). No filing shall be subject to further review pursuant to said subsection (e) unless the commissioner has sent the required notice on or before said June fifteenth.

(e) If a carrier's rate filing for a guaranteed issue health plan is subject to further review pursuant to subsection (c) or (d), then the commissioner shall give the carrier twenty-one days to submit additional evidence that shows either that the rate filed is reasonable in relation to the benefits provided, or that its adjusted composite rate would not have exceeded the average adjusted composite rate for that type of guaranteed issue health plan by more than two standard deviations if its adjusted composite rate had been further adjusted for the case mix of persons insured in that carrier's nongroup health plans in operation as of August fifteenth, nineteen hundred and ninety-six, whom the carrier anticipates will be covered in its guaranteed issue health plan during the period of the proposed rates. The case mix adjustment shall be based upon the diagnosis related group grouper selected by the division of health care finance and policy established under section thirty-two of chapter six A and associated diagnosis related group weights calculated from Massachusetts data, and shall measure the differential case mix compared to the case mix of all privately insured persons discharged from hospitals from the commonwealth, as determined by said division of health care finance and policy. The commissioner shall have the authority to review and make any necessary changes to this methodology to ensure that the methodology used is consistent with the most current knowledge and methodologies used for such purposes. The commissioner shall have the authority to request that the carrier submit additional information reasonably necessary to make his determination. The commissioner shall have the authority to conduct an informational public hearing if he

deems it reasonably necessary to make his determination. No later than ten days after the commissioner has received further information from the carrier, the commissioner shall make a written determination (1) as to whether the adjusted composite rate filed, further adjusted for case mix if the carrier so proposes, would not have exceeded the average adjusted composite rate for that type of guaranteed issue health plan by more than two standard deviations or (2) in the case of an adjusted composited rate that exceeds the average adjusted composite rate by more than two standard deviations either because the rate, although further adjusted for case mix would still have exceeded the two standard deviation test or because the carrier dose not propose an adjustment for case mix, as to whether the rate filed is reasonable in relation to the benefits provided. If the commissioner determines either that the adjusted composite rate, further adjusted for case mix, would not have exceeded the average adjusted composite rate for that type of guaranteed issue health plan by more than two standard deviations under clause (1) of the preceding sentence or that the rate is reasonable under clause (2) of the preceding sentence, he shall notify the carrier that the rate is approved. If the commissioner determines that the adjusted composite rate or that rate further adjusted for case mix, if the carrier so proposes, would have exceeded the average adjusted composite rate for that type of guaranteed issue health plan by more than two standard deviations and that the rate is not reasonable, he shall notify the carrier that the rate is disapproved and that the carrier has the right to request an adjudicatory hearing pursuant to chapter thirty A within twenty-one days of the commissioner's decision. Said hearing shall be conducted within thirty days of the carrier's request. The commissioner shall issue a written decision within thirty days of the conclusion of the hearing. The rate shall be effective not earlier than thirty days subsequent to the commissioner's written decision. A carrier aggrieved by said written decision may, within twenty days of said decision, file a petition in the supreme judicial court for Suffolk county for a review of such decision. Review by the supreme judicial court on the merits shall be limited to the record of the proceedings before the commissioner and shall be based upon the standards set forth in paragraph (7) of section fourteen of chapter thirty A.

(f) A carrier whose rate filing is subject to further review or who has exercised its right to an administrative hearing shall, for purposes of section two, be deemed to be offering guaranteed issue health plans and shall be allowed to continue to offer health benefit plans to eligible small businesses, provided that it is exercising good faith in its participation in said further review or hearing.

(g) A carrier whose initial rate filing is subject to further review or who has exercised its right to a hearing may implement an interim composite rate no greater than the average proposed composite rate, provided that it is exercising good faith in its participation in said further review or hearing.

(h) The commissioner shall promulgate regulations to enforce this section.

(i) Nothing in this section shall be construed to limit the commissioner's authority to disapprove rates pursuant to chapter one hundred and seventy-five, one hundred and seventy-six A, one hundred and seventy-six B, one hundred and seventy-six G, or one hundred and seventy-six I.

The size of the credits shall be such as to enhance the prospects that no classification or territory is disproportionately represented in the plan.

Any net loss for the year shall be recouped by assessment of the members. Said assessments shall be apportioned in proportion to said members' respective shares of the total premiums earned in the commonwealth from guaranteed issue health plans. Such assessments shall not exceed five percent of such

Section 8. (1) Evaluations and Reexamination of Members:-

(a) The commission shall require, after consultation with the local board, any member retired for disability under the provisions of section six and seven to participate in an evaluation to determine whether such member's return to his former or similar job within the same department would likely be expedited by participation in a medical or vocational rehabilitation program. Such evaluation shall occur once per year during the first two year period next succeeding the date of his retirement, once in each three year period thereafter, and at any time upon the written request by any such member; provided, however, that an initial evaluation shall occur as soon as possible after October first, nineteen hundred and ninety-six for any member who has been retired for more than two years and has not participated previously in such an evaluation; and provided, further, that such evaluations shall occur not more frequently than once in any twelve month period. Such evaluations shall include mental or physical medical examinations, vocational testing, meetings, and consultations with medical professionals, including the member's treating physician and vocational rehabilitation counselors, which are necessary to determine whether the disability for which the member was retired continues to render the member unable to perform the essential duties of his job; provided, however, that the commissioner may excuse a member from such examination if the commissioner determines based on written findings that such examination is unwarranted based on the catastrophic nature of the member's illness or injury. If such member shall refuse without good cause to submit to any evaluation, his rights in and to the pension provided for in section six and seven shall promptly be terminated by the board; provided, however, that the member shall first be given written notice and an opportunity to be heard by the board with respect to such termination. Said member may appeal such termination to the contributory retirement appeals board.

If, following the evaluation, the commission determines that such retired member may benefit from such a rehabilitation program and that such a program is cost effective, the board shall provide such rehabilitation program for such member and shall pay the costs of the program less any benefits payable under insurance policies of the member for such programs and less any scholarships or grants otherwise available for such programs. Such rehabilitation program shall include only such services as shall appear on a list of services approved by the commission. Any such member who is unreasonably denied access to such program may appeal such denial to the contributory retirement appeals board. If the retired member fails to complete the program without good cause, said member's rights in and to the pension provided for in section six and seven shall immediately be suspended. Said member may appeal his suspension to the contributory retirement appeals board.

Upon the completion of the rehabilitation program the board shall require the member to submit to a mental or physical examination, pursuant to paragraph (b); provided, however, that if said board believes that an examination is unwarranted, said board shall file a statement of fact with the commission, stating the reasons why the examination is unwarranted. If the commission rejects this statement, the board shall conduct the examina-

tion. The examination required pursuant to this section shall, at a minimum, determine the scope of the member's physical capabilities in light of the completed rehabilitation program and whether the member is able to perform the essential duties of his job or the essential duties of a similar job within the same department given the member's condition. If such member shall fail to appear at any such required examination without good cause, all his rights in and to the retirement allowance provided for in section six or seven shall be terminated by the board; provided, however, that the member shall be given written notice and an opportunity to be heard prior to such termination. Said member shall may appeal such termination to the contributory retirement appeals board.

(b) For the purposes of mental or physical examinations under this section, the commissioner may appoint either a single physician or a three member regional panel to examine the retired member.

(2) Restoration to service in same governmental unit; (a) If, within two years of the date that a member is retired under section six or seven or after the completion of a rehabilitation program required under subdivision (1), and regional medical panel determines that the retired member is able to perform the essential duties of the position from which he retired, the member shall be returned to such position and his disability retirement benefit shall be revoked; provided, however, that if the retired member is able to perform the essential duties of a similar job within the same department for which he is qualified, as determined by the department of personnel administration, and such a position is vacant, said member shall return to such position. If the similar position shall pay less than the position from which such member shall have retired, such member shall be granted an amount from the retirement system equal to the difference between the regular compensation of the position for which such member was restored and the regular compensation such member would have received had he been restored to the position from which he retired.

If, after two years of the date that a member is retired under section six or seven, the regional medical panel determines that the retired member is qualified for and able to perform the essential duties of the position from which he retired or a similar position within the same department, as determined by the personnel administrator, said member shall be returned to said position, provided the position is vacant. If the position has been filled, the member shall be granted a preference for the next available position or similar position for which he is so qualified. If the similar position shall pay less than the position from which such member shall have retired from, such member shall be granted an amount from the retirement system equal to the difference between the regular compensation of the position for which such member was restored and the regular compensation such member would have received had he been restored to the position from which he retired.

When under the provisions of this section, no vacancy exists in the same or similar position he shall continue to receive such retirement allowance until such reinstatement takes place or as a result of the submission of earnings information under section ninety-one A which may require his pension to be reduced or revoked.

(b) Upon return to work, he shall again become a member in service and regular deductions shall again be made from his regular compensation. Any creditable service in

effect for him at the time of his retirement for disability shall thereupon be restored to full force and effect, and upon his subsequent retirement he shall be entitled to a normal yearly amount of retirement allowance computed as though such disability retirement and reinstatement had not taken place. No additional member contributions shall be required as a precondition of receiving such creditable service.

(c) The board shall, upon the written request of such retired member after his pension has been reduced, revoked or suspended as provided for in this section, cause him to again be examined by either a single physician or a three member regional medical panel as determined by the commission; provided, however, that such retired member shall not be re-examined if such member had been examined by such single physician or regional medical panel within the previous twelve months. If such medical report is to the effect that the mental or physical condition of such member has deteriorated, the board may increase or restore his pension as the report may warrant.

(d) Nothing in this section shall excuse an employer or a member returned to work under the provisions of this section from compliance with the provisions of section one hundred and three of chapter ninety-three, paragraph sixteen of section four of chapter one hundred and fifty-one B, of the Americans with Disabilities Act, 42 USC { 12101 et seq., or of any other state or federal law concerning persons with disabilities.

(3) *Modifications of retirement allowance.* If as a result of such medical report by a regional medical panel, as a result of the submission of earnings information under section ninety-one A, or as the result of the completion of a rehabilitation program as provided for under subdivision (1), or under subdivision (5) of section twenty-one, the commission finds that such retired member is engaged or is able to engage in gainful occupation and that the annual rate of his actual or potential earnings is less than his regular compensation as defined in this subdivision, but is more than the difference between such regular compensation plus the sum of five thousand dollars, and the normal yearly amount of his retirement allowance, then the yearly amount of his pension shall be reduced, and if his actual or potential earnings are more than such regular compensation, his pension shall be suspended. Notwithstanding any other provisions of this section, if such member submits earnings information pursuant to section ninety-one A, indicating earnings in excess of regular compensation, as therein described, such member's pension shall be reduced as provided for in this subdivision and shall not be increased for a period of one year unless such medical report finds that the mental or physical condition of such member has deteriorated. If the annual rate of his earnings should later be changed, the yearly amount of his pension shall be further modified by reinstating, increasing, reducing, or suspending it, as the case may be. For purposes of this subdivision, regular compensation means, subject to further definition by regulations of the public employee retirement administration commission, regular compensation which would have been payable during the preceding year had the member continued in service in the grade held by him at the time he was retired. The public employee retirement administration commission shall, subject to the provisions of section fifty of chapter seven, promulgate regulations establishing, and providing a system for annually adjusting for inflation and such other equitable factors as the commission deems relevant, the fair amount

of outside income that may be earned by a member retired pursuant to section six or seven, and shall promulgate regulations for the determination of the potential earnings of any such retired member based upon such member's functional capacity, age, education, and experience. Any such modification may be appealed by the member to the contributory retirement appeals board.

Such election made prior to the spousal notification may be changed in accordance with the spouses understanding of the retirement allowance selected, or at any later time otherwise permitted under this chapter. Nothing in this paragraph shall be deemed to affect the effective date of any retirement allowance. The provisions of this section relative to the retirement of the member's election being accompanied by the member's spouse shall not apply in the case of a member who is divorced and who has previously filed with the retirement board a domestic relations order which has been entered by the probate court and provides for the option to be elected by the member.

The early retirement incentive program shall be administered by the Boston retirement board, which shall be authorized to promulgate regulations necessary to implement the provisions of said program. The Boston retirement board shall prepare a funding schedule which shall reflect the costs and the actuarial liabilities attributable to the additional benefits payable under the retirement incentive program in accordance with the provisions of this act and such schedule shall be designed to reduce the additional pension liability attributable to such costs and liabilities to zero on or before June thirtieth, two thousand and seventeen; provided however, that said board shall triennially update such schedule until said June thirtieth, two thousand and seventeen. In each of the fiscal years until the actuarial liability determined under this section shall be reduced to zero, it shall be deemed an obligation of the city to fund such liability and there shall be appropriated in each such fiscal year the amount required by the funding schedule and the updates thereto.

Chapter 334. AN ACT TRANSFERRING THE STATE BIOLOGICS LABORATORIES.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is immediately to provide for the orderly transition of the biologic laboratories of the state laboratory institute, so-called, from the department of public health to the University of Massachusetts so as to enable said laboratories to maintain their public purpose, preserve their ability to compete in an increasingly competitive marketplace and maximize their value to the commonwealth, it is hereby declared to be an emergency law, necessary for immediate preservation of the public health and convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 75 of the General Laws, as appearing in the 1994 Official Edition, is hereby amended by adding the following new section:-

The purpose of said laboratories shall be the research, development and production of childhood vaccines and biologic products designed to reduce or prevent morbidity and mortality in the commonwealth, including but not limited to those products which may be of little or no interest to commercial manufacturers and are therefore otherwise substantially unavailable to the citizens of the commonwealth. The biologic laboratories shall operate pursuant to this chapter and in accordance with regulations promulgated thereunder.

(b) There shall be an advisory board to advise the president and the board of trustees of the university with respect to the operation of the biologic laboratories. The advisory board shall meet at least twice per year, and at such other times as are necessary to effectuate its purpose. The advisory board shall consist of the following members: the commissioner of public health or his designee, the director of the childhood immunization program of the department of public health, the deans of the medical school and the school of public health of the university or their designees, and at least three but not more than five additional members appointed by the president of the university, including a consumer and a practicing pediatrician or other physician specializing in family medicine. Appointed members of the advisory board shall be eligible for reappointment and may be removed by the president of the university during their terms for cause.

(c) The university shall obtain liability insurance sufficient to indemnify the commonwealth, the university and the biologic laboratories, and their officers and employees, for any liability arising from the out-of-state sale, distribution and use of laboratory products, and to indemnify the commonwealth for any liability arising under chapter two hundred and fifty-eight as a result of any activities of the laboratories.

(d) The board of trustees may authorize the biologic laboratories to enter into agreements with private parties with respect to the research, development and production of vaccines and other biologic products; provided, however, that the board, in consultation with the advisory board, shall develop and follow written criteria for affording a preference to private companies that agree to conduct such research, development or production, or a substantial portion thereof, in the commonwealth.

(e) Any trade secret or other proprietary information of the biologic laboratories shall be exempt from the definition of public records in clause twenty-sixth of section seven of chapter four.

Pursuant to section twelve of chapter eleven, the department of the state auditor shall conduct an audit of the biologic laboratories no less than once every two years.

(g) The university shall maintain on its books a separate account for the biologic laboratories. All revenues generated by the activities of the biologic laboratories shall be deposited in a separate special trust established pursuant to section eleven; provided, however, that expenditures made from said trust fund shall be exclusively for the purposes of the biologic laboratories established in subsection (a).

(h) The advisory board shall be consulted prior to the appointment of a chief executive officer of the biologic laboratories. The chief executive officer shall present budgets, staffing plans, operating plans and production plans to the advisory board for its review and comment.

SECTION 2. Said agreement shall include provision for fair reimbursement to the department by the university for out-of-pocket costs associated with the university's on-going access or use of facilities under the control of the department. Said agreement shall also provide for full and fair reimbursement to the commonwealth for any

access or use of said property that may granted to any private parties, and shall be consistent with the requirements of law. Said agreement shall be provided on a timely basis prior to its execution or effective date, whichever is earlier, to the inspector general, for his prompt review and written comments. The university and the department of public health shall not execute said agreement until they have reviewed any written comments from the inspector general.

Said agreement shall be subject to the prior review and approval of the secretary of administration and finance.

Said employees shall retain the rights and obligations of any collective bargaining agreements applicable to them at the time of transfer, and shall continue to be represented by the employee organizations which are parties to such agreements until such time as said employees may elect to be otherwise represented or until such time as another employee representative is otherwise certified in accordance with the provisions of chapter one hundred and fifty E.

(c) On January first, nineteen hundred and ninety-seven, or such earlier date as may be agreed pursuant to subsection (a), the university shall assume all rights, obligations and duties under existing contracts, agreements, memoranda of understanding, leases or other legal requirements to which the biologic laboratories of the department of public health are parties. All royalties, revenues and other payments due to the commonwealth under said agreements and memoranda shall continue to be paid to the commonwealth. No existing right, claim to royalties, revenues or other payments, or remedy, whether contested or uncontested, shall be lost, impaired or in any way affected by this act, and nothing in this act shall diminish or otherwise adversely affect the proprietary interest, if any, of the commonwealth in any patent issued prior to the effective date of this act by the United States Patent and Trademark Office to any person currently or formerly employed on either a full or part-time basis at the state biologic laboratories.

The single justice of the appeals court may enter or revoke any such order or process. The decision of the single justice of the appeals court as to dismissal for want of jurisdiction shall be final.

SECTION 7. Any party may demand a trial by jury of six of any issue triable of right by a jury by serving upon the other parties a demand therefor in writing after the commencement of the action. Such a demand may be endorsed upon a pleading of the demanding party. The failure of a party to serve and file a demand for jury trial, as required by Rule thirty-eight of the Massachusetts Rules of Civil Procedure or, in a summary process case, by Rule eight of the Uniform Summary Process Rules, shall constitute a waiver by that party of trial by jury.

In any case in which a party has filed a timely demand for a jury trial, the action shall not be designated upon the docket as a jury action until after the completion of a pretrial conference, a hearing on the results of such conference and until the disposition of any pretrial discovery motion and compliance with any order of the court pursuant to such motions.

In Norfolk and Middlesex counties, district courts are authorized to hold jury of six sessions for the purpose of conducting jury trials of civil cases commenced in said courts over which said court have original jurisdiction pursuant to the provisions of section four. The chief justice for the district court department shall designate at least one district court in each of said counties for the purpose of conducting jury trials; provided, however, that with the approval of the chief justice for the superior court department, facilities of said superior court may be designated by the chief justice for administration and management of the trial court for the conduct of jury trials in cases commenced in such district courts. If necessary, facilities of any department of the trial court may be designated by the chief justice for administration and management for trial by jury of civil cases from the district courts of Norfolk and Middlesex counties.

The chief justice for the district court department may also designate one or more district courts in Norfolk and Middlesex counties for the purpose of conducting jury waived trials of cases commenced in any district court of said counties consistent with the requirements of the proper administration of justice.

Persons in such district courts who waive their right to jury trial shall be provided a jury waived trial in the same district court if such jury waived trial session has been established in such court. If such jury waved trials have not been so established, the parties shall be provided a jury waived trial in a court as hereinbefore designated.

Parties in such district courts who claim a jury trial shall be provided a jury trial in a jury of six session in the same court if a jury of six has been established in such court. If such session has not been so established, the parties shall be provided jury trials in a jury of six session as hereinbefore designated. In cases where the parties claim a jury trial, the clerk shall forthwith transfer the case for trial in the appropriate jury session. Such transfer shall be governed by procedures to be established by the chief justice for the district court department.

The justice presiding over a jury of six session shall have and exercise all powers and duties which a justice sitting in the superior court department has and may exercise in the trial and disposition of civil cases including the power to report questions of law to the appeals court.

Trials by juries of six shall proceed in accordance with the provisions of law applicable to trials by jury in the superior court; provided, however, that the number of peremptory challenges shall be limited to two to each party.

Jurors shall be provided for the jury of six session by the office of the jury commissioner in accordance with provisions of chapter two hundred and thirty-four A of the General Laws. If necessary, the superior court shall make available jurors from the pool of jurors for the jury sessions in either civil or criminal sessions in the superior court.

The chief justice for the district court department shall arrange for the sittings of the jury sessions and shall assign justices thereto, so that speedy trials may be provided. Review may be had by the appropriate appellate division pursuant to section one hundred and nine of chapter two hundred and thirty-one of the General Laws, and thereafter by the appeals court.

The justice presiding at such jury of six session may, upon the request of a party, appoint a stenographer; provided, however, that where the party claims indigency, such appointment is determined to be reasonably necessary in accordance with the provisions of chapter two hundred and sixty-one of the General Laws; and, provided further, that the court electronic recording system is not available or not properly functioning. Such stenographer shall be sworn, shall take stenographic notes of all the testimony given at the trial and shall provide the parties thereto with a transcript of the notes or any part thereof taken at the trial or hearing for which the stenographer shall be paid by the party requesting it at the rate fixed by the chief justice for the district court department; provided, however, that such rate shall not exceed the rate provided by section eighty-eight of chapter two hundred and twenty-one of the General Laws. Said chief justice may make regulations consistent with law relative to the assignments, duties and services of stenographers appointed for sessions in his department and any other matter relative to stenographers. The compensation and expenses of such appointed stenographers shall be paid by the commonwealth.

The request for the appointment of a stenographer to preserve the testimony at a trial shall be given to the clerk of the court by a party, in writing, no later than forty-eight hours prior to the proceeding for which the stenographer has been requested. The party may file with such request an affidavit of indigency and request for payment by the commonwealth of the cost of the transcript and the court shall hold a hearing on such request prior to appointing a stenographer in those cases where the party will be unable to pay such cost. Such hearing shall be governed by the provisions of chapter two hundred and sixty-one of the General Laws and the cost of such transcript shall be considered an extra cost as provided therein. If the court is unable, for any reason, to provide a stenographer, the proceedings may be recorded by electronic means. The original recording of proceedings in a district court made with a recording device under the exclusive control of the court shall be the official record of such proceedings. Said record or a copy of all or a part thereof,

certified by the chief justice for the district court department, or his designee, to be an accurate electronic reproduction of said record or part thereof, or a typewritten transcript of all or a part of said record or copy thereof, certified to be accurate by the court or by the preparer of said transcript, or stipulated to by the parties, shall be admissible in any court as evidence of testimony given whenever proof of such testimony is otherwise competent. A party may request payment by the commonwealth of the cost of said transcript subject to the same provisions regarding a transcript of a stenographer as hereinbefore provided.

Any party who files in the district courts of Norfolk and Middlesex counties an appeal to the appellate division, in an action otherwise subject to transfer, retransfer, removal and appeal, pursuant to sections ninety-seven to one hundred and seven, inclusive, of chapter two hundred and thirty-one of the General Laws, within ten days of the entry of judgment or within such further time as the justice orders for cause shown allows, shall also file a bond executed by the party or attorney of record on such party's behalf, payable to the appellee in such reasonable sum and with such surety or sureties as may be approved by the appellee or by the justice or clerk or assistant clerk of such district court, conditioned to satisfy any judgment for costs which may be entered against the appellant upon said appeal.

Any party, in lieu of filing the bond required for an appeal to the appellate division, may deposit with the clerk, within the time required for filing a bond, a reasonable amount to be fixed by the clerk or justice, as security for the prosecution of the appeal and the payment of costs. A certificate of such deposit shall be issued to the depositor by the clerk of the district court who shall hold such deposit until the final disposition of the case when the clerk shall apply such deposit to the satisfaction of any costs awarded against such depositor and pay the balance, if any, to such depositor or such depositor's legal representative.

No bond or deposit shall be required of the commonwealth or any officer or employee thereof represented by the attorney general, or of a county, city, town or other municipal corporation, or of a board, officer or employee thereof represented by the city solicitor, town counsel or other officer having similar duties, or of a political subdivision, or of a party who has given bond according to law to dissolve an attachment or of a defendant in an action of tort arising out of the ownership, operation, maintenance, control or use of a motor vehicle or trailer as defined in section one of chapter ninety of the General Laws if the payment of any judgment for costs which may be entered against him is secured, in whole or in part, by a motor vehicle liability bond or policy or a deposit as provided in section thirty-four D of chapter ninety of the General Laws and the court may, in any case, for cause shown, after notice to adverse parties, order that no bond be given.

SECTION 9. The provisions of sections ninety-seven, ninety-eight, ninety-nine, one hundred and one, one hundred and two, one hundred and two C, one hundred and three, one hundred and four, one hundred and four A, one hundred and six and one hundred and seven of chapter two hundred and thirty-one of the General Laws shall not apply in Norfolk and Middlesex counties.

SECTION 10. Notwithstanding the provisions of sections three and five of chapter two hundred and thirty-nine of the General Laws, summary process actions in the district

courts of Norfolk and Middlesex counties shall be subject to one trial in the district court department as provided in section eight.

SECTION 11. Notwithstanding the provisions of section twenty-seven D of chapter two hundred and sixty-one of the General Laws, in Norfolk and Middlesex counties, in civil actions otherwise subject to transfer, retransfer, removal and appeal, pursuant to sections ninety-seven to one hundred and seven, inclusive, of chapter two hundred and thirty-one of the General Laws, appeals of denials of a request for waiver, substitution or payment by the commonwealth of fees and costs shall be to the appellate division.

SECTION 12. The fourth paragraph of section two of chapter two hundred and sixty-two of the General Laws shall not apply in Norfolk and Middlesex counties.

SECTION 13. The provisions of this act shall be implemented by the chief justice for administration and management of the trial court and shall be effective in Norfolk and Middlesex counties for a period of two years commencing on July first, nineteen hundred and ninety-six and shall apply only to civil actions commenced on or after July first, nineteen hundred and ninety-six, said commencement to be defined by Rule three of the Massachusetts Rules of Civil Procedure and Rule two of the Uniform Summary Process Rules.

Said reports shall provide detailed information concerning the status and effect of implementation of this act, including, but not limited to, any costs incurred as a result of such implementation as well as a statistical analysis of the disposition of civil cases conducted pursuant to the provisions of this act which indicate, for each district court and superior court in Norfolk and Middlesex counties, the total number of cases entered, the number of cases disposed before trial, the number of cases tried by a jury of six, the number of cases tried by a court without a jury and the average time between entry and disposition of cases in each such category.

Any two or more such corporations may merge or consolidate into a single corporation on such terms as shall have been approved in writing by the commissioner. A request for such approval by the commissioner shall be accompanied by an investigation fee, the amount of which shall be determined annually by the commissioner of administration.

If the commissioner is satisfied that a merger or consolidation of a savings bank proposing liquidation, as provided in section thirty-three, can be effected, upon terms approved by him, with another savings bank and if he finds that such merger or consolidation is in the interests of the depositors of the savings banks concerned, such merger or consolidation may be effected on such terms and subject to the direction of the commissioner. In making a finding that such merger or consolidation is in the interests of the depositors, the commissioner shall also determine whether or not competition among banking institutions will be unreasonably affected and whether or not public convenience and advantage will be promoted. In making such determination, the commissioner shall consider, but not be limited to, a showing of net new benefits. For the purpose of this section, the term "net new benefits" shall mean initial capital investments, job creation plans, consumer and business services, commitments to maintain and open branch offices within a bank's delineated community, as such term is used within section fourteen of chapter one hundred and sixty-seven, and such other matters as the commissioner may determine. If the consolidating corporations have main offices in different counties, the main office of the continuing corporation shall be the main office of that consolidating corporation which has the greater total assets on the date on which the merger or consolidation is approved by the board of the last consolidating corporation so to approve; provided, however, that upon a determination by the commissioner that such consolidation is not for the purpose of circumventing any geographic restrictions on the establishment of branch offices, he may allow the main office of the consolidating corporation which has the lesser total assets on such date to be the main office of the continuing corporation. Before becoming effective, any such merger or consolidation, hereinafter sometimes referred to as a "consolidation", shall have been approved by a vote of at least two-thirds of the corporators of each of the consolidating corporations at special meetings called to consider the subject. Notice of each such meeting shall be given by the clerk in accordance with the provisions of section nine A. A certificate under the hands of the presidents and clerks or other duly authorized officers of the consolidating corporation, respectively, stating that all requirements of this section have been complied with shall be submitted to the commissioner who, if he shall approve such consolidation, shall endorse his approval upon such certificate.

Articles of consolidation or merger shall be filed with the state secretary which shall set forth the due adoption of an agreement of consolidation or merger and shall state: (i) the names of the corporations and the name of the resulting or surviving corporation; (ii) the effective date of the consolidation or merger determined pursuant to the agreement of consolidation or merger; and, (iii) any amendment to the articles of organization of the surviving corporation to be effected pursuant to the agreement of merger. Such articles of consolidation or merger shall be signed by the president or a vice president and the clerk or an assistant clerk of each corporation, who shall state under the penalties of perjury that the agreement of consolidation or merger has been duly executed on behalf of such corporation and has been approved as required.

The form on which articles of consolidation or merger are filed shall also contain the following information which shall not for any purpose be treated as a permanent part of the

articles of organization of the resulting or surviving corporation:

(1) the post office address of the initial principal office of the resulting or surviving corporation in the commonwealth;

(2) the name, residence and post office address of each of the initial trustees or directors and the president, treasurer and clerk of the resulting or surviving corporation;

The terms of any such merger or consolidation shall be approved by the corporators of each corporation and shareholders of each cooperative bank in the manner prescribed herein. A request for such approval by the commissioner shall be accompanied by an investigation fee, the amount of which shall be determined annually by the commissioner of administration, a copy of the terms of any agreement reached by the respective boards of trustees and directors, and certified copies of the vote of such boards. If the commissioner, after such notice and hearing as he may require, is satisfied that a merger or consolidation can be effected on terms approved by him and he finds that such a merger or consolidation is in the interests of the depositors and shareholders of the institutions concerned, such merger or consolidation may be approved by him subject to his direction. In making a finding that such merger or consolidation is in the interests of the depositors and shareholders, the commissioner shall also determine whether or not competition among banking institutions will be unreasonably affected and whether or not public convenience and advantage will be promoted. In making such determination, the commissioner shall consider, but not be limited to, a showing of net new benefits. The secretary or his designee is further authorized to enter into contracts with private vendors and to enter into interagency service agreements with departments to identify and pursue said projects. Private vendors shall be compensated from non-tax revenues collected by such projects in excess of the non-tax revenues established by said contracts as the minimum to be collected by each such project. For the purposes of this section, such payments to vendors for services performed shall be known as "vendor participation payments" and non-tax revenue collected pursuant to this section, after deduction of vendor participation payments, shall be known as "net additional revenue". For the purpose of this section the terms "departments" or "participating departments" shall mean any department, agency, board, commission, office or institution under the executive control of the governor or other constitutional officers and determined by the secretary to be participating in the revenue optimization projects authorized by this section.

All expenditures made pursuant to the provisions of this section and item 1599-0033 shall be for one-time expenses which shall not recur in fiscal year nineteen hundred and ninety-eight or a subsequent fiscal year. Such assessment shall include: (i) the person's efficiency in reading and writing print as compared with a person of similar intellectual ability; (ii) the person's stamina in using print before fatigue occurs; and (iii) the person's prognosis for further sight loss. The fifth paragraph of section 3 of chapter 71B of the General Laws, as so appearing, is hereby amended by adding the following three sentences:- Whenever an evaluation indicates that a child is blind, as defined in section one hundred and thirty-six of chapter six, said evaluation shall also include an assessment of the appropriateness of Braille instruction for the child. Such assessment shall include (i) the child's efficiency in reading and writing print as compared with children who do not have special needs; (ii) the child's stamina in using print before fatigue occurs; (iii) the child's prognosis for further sight loss; and (iv) the child's present competence in Braille and a detailed explanation as to whether instruction is appropriate, conducted by a certified teacher of students with visual impairments. Braille instruction may be used in combination with other special education services appropriate to the child's educational needs.

SECTION 5. A person who is certified as a teacher of students with visual impairments shall demonstrate continued competency in Braille instruction as a condition of renewal of certification in accordance with the provisions of section thirty-eight G of chapter seventy-one of the General Laws.

The council shall file a report with the clerk of the house of representatives who shall forward the same to the joint committee on education on the first Wednesday in July, of each year commencing with July second, nineteen hundred and ninety-seven. Said report shall include, but not be limited to the following: the number of teachers certified pursuant to

section thirty-eight G of chapter seventy-one of the General Laws, the number of blind students accepting such instruction; the percentage and types of text books and other educational materials available in Braille, and such recommendations as it may make to improve the amount and variety of such materials; and findings and recommendations concerning the employment conditions of teachers of students with visual impairments.

SECTION 8. Notwithstanding the provisions of section twenty-seven C of chapter twenty-nine or any other general or special law to the contrary, no city or town shall be required to comply with any provision of this act which, upon a determination by the state auditor, imposes on such city or town a cost obligation or additional cost, which such city or town would not be required to assume pursuant to the provisions of said section twenty-seven C, unless the commonwealth appropriates funds for the assumption of such cost; provided, however, that such city or town may, in its discretion, elect to comply with any such provision.

"Taxes", taxes assessed by a municipality against real and personal property under chapters fifty-nine and sixty or any other charge added to and committed as part of the tax and secured by a tax lien.

(b) The appropriate financial official of a municipality may arrange for and assign or transfer to a purchaser the municipality's right to receive payments owed by a taxpayer on tax receivables after the date upon which the amounts so owed may be paid without interest or penalty; provided, however, that if any taxes owed to a municipality include taxes assessed by a district located wholly or in part within the limits of such municipality, then such district may assign or transfer the right to receive payment of such taxes pursuant to this section in accordance with guidelines or regulations that the commissioner may issue. The assignment or transfer of individual taxpayer receivables by a municipality may be either individually or in bulk; provided, however, that prior to the assignment or transfer of individual taxpayer receivables, the appropriate financial official shall publish, in accordance with the provisions of section one, a list of all receivables for class one residential parcels that will be offered for assignment or transfer hereunder at least six months prior to the offer of such parcel for assignment or transfer and a municipality may not offer for assignment or transfer any parcel upon which a taxpayer has entered into and is in compliance with the terms of a payment agreement with the appropriate financial official; provided, however, that if the taxpayer fails to comply with such agreement, the appropriate financial official may

assign or transfer such parcel in accordance with the provisions established hereunder. Prior to the assignment or transfer of individual taxpayer receivables other than class one residential parcels, the appropriate financial official shall publish, at least three months prior to offering for assignment or transfer, a list of all other parcels and may not offer for assignment or transfer any parcel with respect to which the taxpayer has entered into and is in compliance with the terms of a payment agreement with the appropriate financial official; provided, however, that if the taxpayer fails to comply with such agreement, the appropriate financial official may assign or transfer such parcel in accordance with the provisions established hereunder. (c) Tax receivables so assigned or transferred by an appropriate financial official shall be sold subject to the following conditions:-

(1) Said sale of tax receivables shall be by public sale or public auction to the highest qualified bidder responsive to the municipalities' qualifications and may provide for the right to purchase subsequent tax receivables subject to the provisions of subsection (h) and any regulations that may be promulgated by the commissioner pursuant thereto.

(2) The sale price shall be equal to a least (i) the amount assessed and due from the face value of the tax receivables sold hereunder and (ii) any unpaid accrued interest, statutory fees, penalties and charges owed to the municipality as of the date of sale of said tax receivables; provided, however, that tax receivables may be sold either at a discount or premium under such terms as the commissioner may determine by regulations that shall be promulgated pursuant to this section. Such sale price or discounted sale price may reflect any interest accrued on any individual taxpayer receivable or related tax to the date of the sale of the right to receive payment of such tax. Any unpaid statutory fees and charges as of the date of the sale with respect to such individual taxpayer receivable or related tax shall continue to be payable to the municipality and shall be paid to it by the purchaser from the first amounts collected by the purchaser on such tax receivable unless otherwise received by such municipality.

(3) The purchaser shall pay the sale price to the appropriate financial official by certified or bank cashier's check, or by such other transfer of funds authorized by the appropriate financial official under the terms of the sale.

(4) Any amounts paid, except amounts described in paragraph two if under a discount sale, subsequent to the satisfaction of the sale price for tax receivables in respect of an individual taxpayer receivable, by or on behalf of a taxpayer, shall be the sole property of the purchaser thereof, and if received by the municipality shall be paid promptly in accordance with the terms of the sale, to such purchaser. The municipality shall agree to receive payment of such amounts owing to the purchaser as are tendered to it by or on behalf of any taxpayer and to provide such payments to the purchaser in accordance with the terms

of the sale and to issue municipal lien certificates with respect to the unpaid amounts of tax receivables.

(5) Any premium payment received by a municipality shall be deposited in the General Fund of such municipality and applied in such manner and for such purposes as provided by law for amounts in the General Fund.

(6) Any amounts paid by a purchaser to a municipality, exclusive of excess amounts received as described in paragraph (5), for any tax receivables that are not current tax receivables shall be segregated on the books of such municipality to the extent any such amount is in excess of any available funds deficit and shall be appropriated by the city council or town meeting or town council, as applicable, of such municipality only for purposes for which such municipality is authorized to borrow for a period of five years or more unless otherwise approved by the commissioner.

(7) The municipality shall provide the purchaser when tax receivables are sold with the name and address of each statutory notice third party to whom notice is due with respect to any taxpayer, individual taxpayer receivable or related tax.

(8) Whenever after the sale of any tax receivable the municipality shall receive a notice from a statutory notice third party in respect of the individual taxpayer receivable or related tax, the municipality shall make available to the purchaser a copy of such notice.

(9) A purchaser owning any tax receivable shall give notice to a taxpayer and to the appropriate municipality of the name, address, telephone number and preferred method of communication with said purchaser and any service agent acting on behalf of said purchaser within seven business days of purchasing said tax receivable. Upon written request by the taxpayer in such form as may be determined by the municipality, the municipality shall furnish a copy of such information to the taxpayer within seven business days of receiving such request. Whenever the purchaser or the service agent of such tax receivables shall change, the new purchaser or service agent shall provide the notice required herein within seven business days of the effective date of such change.

(10) Except as provided for in the terms of the sale in accordance with regulations promulgated by the commissioner, no purchaser or service agent thereof may enter into an agreement with a taxpayer or with any party with interest in a parcel, that has the effect of requiring said taxpayer or interested party to pay more than said taxpayer or interested party could be required to pay to the municipality on account of the tax receivable owed to the municipality in accordance with the provisions of this chapter or chapter fifty-nine of the General Laws.

(d) The sale of tax receivables shall be without recourse to the municipality selling the same except as otherwise provided in this subsection.

(1) The agreement between a municipality and a purchaser for the purchase of tax receivables may provide for the repurchase of such tax receivables that do not conform to the terms and conditions of such agreement for the amount paid by the purchaser plus actual costs incurred by the purchaser from the date of sale.

(2) If any individual taxpayer receivable (i) shall be abated or (ii) is less than the amount for which the tax receivable in respect thereof was purchased by the purchaser at the

time of sale, then, in each case, the purchaser shall be reimbursed by the amount of such abatement or other reduction in the amount of the tax receivable. If such tax receivable was purchased for a discount as provided in paragraph (2) of subsection (c), the repurchase price or reimbursement shall be reduced by the same percentage by which the purchase price of the tax receivable was discounted. In lieu of any such repurchase or reimbursement, the municipality may provide a replacement tax receivable of the same fiscal year as the tax receivable to be replaced that, together with any cash provided by the municipality or the purchaser, shall equal such purchase price or reimbursement amount; provided, however, that a replacement tax receivable shall be of similar market value as the tax receivable that is being replaced; provided, further, that said replacement tax receivable shall be provided only after compliance with the provisions of subsection (b).

(3) The reimbursement amount, pursuant to paragraph (2), shall include, in the case of abatement, interest accrued on such amount from the date of purchase by the purchaser to the date of repurchase or reimbursement by the municipality, calculated in accordance with the rate provided in section sixty-nine of chapter fifty-nine.

(4) The obligation of the municipality to repurchase any tax receivable pursuant to paragraph (1), or to reimburse the purchaser pursuant to paragraph (2), including any replacement tax receivable in lieu of such repurchase or reimbursement, shall be set forth in an agreement between the municipality and the purchaser thereof, and (i) such obligation shall not exceed ten percent of the aggregate purchase price received by the municipality from the purchaser, inclusive of any interest and statutory fees paid by such purchaser to the municipality; provided, however, that in the case of any reimbursement pursuant to said paragraph (2), such reimbursement amount shall not be charged to such percentage limitation; and (ii) the maximum period of time during which a municipality shall remain obligated to repurchase any tax receivable shall not exceed the lesser of: (a) three years from the date a tax receivable was purchased from the municipality, and (b) the period ending on the date six months prior to the date on which the lien securing the individual tax liability would terminate pursuant to section thirty-seven.

(5) The limitations set forth in this subsection shall not apply in any case involving fraud or misrepresentation.

(e) The sale of tax receivables pursuant to this section shall not affect (i) the legal authority of the municipality with respect to any taxpayer or individual taxpayer receivable or related tax, including the granting of abatements pursuant to law, (ii) the security for the payment of the individual taxpayer receivable and any related tax, (iii) the accrual of interest or the rate thereof in respect of the delinquency of such individual taxpayer receivable and any related tax or (iv) the rights and remedies of each taxpayer in respect of such individual taxpayer receivable and any related tax. The rights and remedies of the purchaser of the right to receive payment of any individual taxpayer receivable shall be subrogated to all the rights and remedies of the municipality to receive and enforce payment of such individual taxpayer receivable and any related tax and interest accrued and to accrue thereon, including, without limitation, the right to take tax title in its own name in the same manner that the municipality is authorized to take tax titles. The said right to take tax title shall vest in the

purchaser with the same force and effect as if such tax title had vested in the municipality, including the accrual of interest at the rate provided in section sixty-two for land taken or purchased by a town and not assigned; provided, however, that:

(1) For purpose of calculating a municipality's available funds, an individual tax receivable or related tax shall be treated as paid to the extent provided in guidelines or regulations issued by the commissioner upon the sale, assignment or transfer of such in accordance with the provisions of this section; provided, however, that for the purposes of issuance of municipal lien certificates, abatement and abatement appeal rights, the rights of the municipality with regard to the individual tax receivable or related tax are preserved in full.

(2) Notwithstanding the third paragraph of section sixty-two, subsequent to a duly authorized and executed sale or auction, a treasurer shall have no authority to adjust the amount of a tax title held by a purchaser on account of erroneous municipality utility bills or interest charges.

(3) The right of a municipality established under section twenty-nine shall remain with the municipality under the terms of any sale or auction pursuant to the provisions of this section and the purchaser shall not have the benefit of the assistance to collect taxes as authorized for a municipality by section thirty-three.

(4) A purchaser shall not have the right to take immediate possession of the land and collect the rent and income from such land as otherwise permitted under section fifty-three, except as necessary to meet a requirement of subsection (b), (c) or (e), as applicable, of the definition of "Owner", or "Operator" in section two of chapter twenty-one E.

(5) For the purposes of subsection (d) of the definition of "Owner", or "Operator" in section two of chapter twenty-one E, the taking of tax title by a purchaser shall be deemed a taking pursuant to section fifty-three, and the purchaser shall be deemed a city or town; provided, however, that the foregoing shall not prohibit the purchaser from the benefits of subsection (b) or subsection (c) of such definition, as otherwise applicable, to the extent that the purchaser meets the requirements thereof.

(6) No notice shall be required to be given to any statutory notice third party from the purchaser in connection with the taking of tax title by the purchaser unless and until the purchaser or its service agent receives actual notice of such statutory notice third party.

(f) A purchaser may use a service agent to act on its behalf, whether or not for compensation. The purchaser, or its service agent, shall maintain a record of all tax receivables so serviced, which shall contain the name and address of the taxpayer and the initial amount owing pursuant to each tax receivable, the amounts paid by or on behalf of the taxpayer liable for the individual tax receivable, the amount of any abatement thereof and of any amounts permitted by law to be added thereto, and the final disposition thereof. Such records shall be open to inspection by the appropriate financial official with respect to his municipality during normal business hours. Within seven business days of receipt by a purchaser of a request by an appropriate financial official, a purchaser or any service agent acting on its behalf shall provide a municipality with any and all records relating to any and all receivables sold, assigned or transferred to a purchaser by a municipality in the form

provided for in the agreement between the municipality and the purchaser; provided, however, if such request by an appropriate financial official indicates that it is made on behalf of a taxpayer, such purchaser shall furnish the requested information within three business days by means of electronic transmission and follow such transmission, where appropriate, with information in the form provided for in the agreement between the municipality and the purchaser. Whenever a purchaser or the service agent shall perform any of the services for which a fee or charge is permitted by law and by the assignment or transfer agreement between the appropriate financial official and the purchaser to be added to the amount of the individual tax liability, the amount of the tax receivable may be increased by the amount of such fee or charge. All fees charged by a purchaser shall be established pursuant to a fee schedule approved by the commissioner and a copy of such fee schedule shall be provided to the appropriate financial official who shall maintain the same in the municipal office of the appropriate financial official. A copy of such shall be furnished to the taxpayer by the appropriate financial official upon request by the taxpayer. A municipality may charge the taxpayer for the actual cost of the copy.

(g) The sale agreement between a municipality and a purchaser shall include, but shall not be limited to, the following provisions:

(1) The sale of tax receivables shall be recorded on a written instrument of transfer upon receipt of the purchase price by the appropriate financial official: (i) reciting that it is an assignment and transfer to the purchaser of the right to receive payment of the taxes identified therein pursuant to this section (ii) identifying all such individual tax liabilities associated with such sale and specifying the name, address and phone number of such purchaser, (iii) specifying the amount of the purchase price and (iv) signed and dated by the appropriate financial official.

(2) Upon receipt of the purchase price by the appropriate financial official pursuant to paragraph (3) of subsection (c), said instrument of transfer shall establish that all rights, title and interest of the municipality in an individual taxpayer receivable and the right of the municipality to receive payment of the individual taxpayer receivable, including interest accruing thereon after the date of sale to the purchaser, and any statutory fees and charges arising after said date of sale, shall thereupon be transferred and assigned to such purchaser; provided, however, that the municipality may collect amounts owing to such purchaser according to the provisions of paragraph (4) of subsection (c).

(3) Tax receivables may be assigned and transferred successively under the same terms and conditions and in the same manner as originally assigned and transferred, provided, however, that the instrument (i) shall be signed by the assignor or transferror and (ii) need not recite the purchase price.

(4) Each assignor or transferror shall provide the municipality with an original record of each instrument of transfer and the municipality shall maintain such instrument of transfer with its official records.

(5) All tax receivables sold in bulk in a single transaction may be identified in a single instrument of transfer, and it shall not be necessary for each such tax receivable to be identified in a separate instrument of transfer; provided, however, that the instrument of

transfer shall identify by name the individual taxpayers contained therein.

(6) Where an instrument of transfer has been lost or destroyed, the purchaser of said instrument may file a notarized affidavit with the appropriate financial official of the municipality from which the tax receivable was purchased attesting under the pains and penalty of perjury to the loss or destruction of said instrument. Upon presentation of the notarized affidavit, the appropriate financial official shall on payment of a fee of ten dollars issue to the holder thereof an exact duplicate of the instrument.

(7) A fee schedule of all fees to be charged by the purchaser or service agent, provided however, that no fee other than the fees established in accordance with the fee schedule approved by the commissioner shall be attributed to any taxpayer receivable or charged to any taxpayer and provided further, that all such fees shall be reasonable in relation to the actual cost of the transaction.

(h) The purchaser of an individual taxpayer receivable may, if the terms and conditions of the original sale by the municipality so permit, have the first right to purchase any subsequent delinquent individual taxpayer receivable to occur with respect to the same parcel, provided, however, that such further purchase shall occur only after compliance with the requirements of subsections (b) and (c) and in accordance with regulations which shall be promulgated by the commissioner to govern the terms and conditions of such subsequent sale or auction. Such regulations shall establish procedures for the exercise of said first right to purchase, including, but not limited to procedures for notifying the purchaser of its first right to purchase, procedures to be followed if a purchaser declines to acquire such subsequent individual taxpayer receivable, and procedures for termination of such right to subsequent purchase. The appropriate financial official may collect a reasonable fee from a purchaser to cover the cost of any notice required with respect to said subsequent purchase.

(i) The amount owed by a taxpayer for an individual taxpayer receivable may be redeemed by said taxpayer upon payment to the purchaser then holding the right to receive said receivable in an amount equal to the sum of the following: (1) the amount of delinquent taxes, penalties, interest, charges and fees that stand charged against the parcel as shown on the instrument of transfer evidencing the tax receivable; and (2) interest at the rate provided by law accruing on said receivable from the date said tax receivable was purchased until the date said tax receivable is redeemed.

(j) The commissioner shall make and from time to time revise such rules, regulations and guidelines as he determines necessary and appropriate to implement the provisions of this section.

SECTION 2. Section 37 of said chapter 60, as appearing in the 1994 Official Edition, is hereby amended by striking out the second sentence and inserting in place thereof the following sentence:- Except as provided in section sixty-one, such lien shall terminate at the expiration of three years and six months from the end of the fiscal year for which such taxes were assessed, if in the meantime the estate has been alienated and the instrument alienating the same has been recorded, otherwise it shall continue until a recorded alienation thereof, but if while such lien is in force a tax sale or taking is made, and the deed or instrument of taking has been duly recorded within sixty days, but the sale or taking is

invalid by reason of any error or irregularity in the proceedings subsequent to the assessment, the lien and also the lien or liens for any subsequent taxes or charges which have been added to the tax title account under authority of section sixty-one shall continue for ninety days after a surrender and discharge under section forty-six or a release, notice or disclaimer under sections eighty-two to eighty-four, inclusive, has been duly recorded, or for ninety days after the sale or taking has been finally adjudged invalid by a court of competent jurisdiction.

Approved August 22, 1996.

(j) "Lease" means a transfer of the right to possession and use of goods for a term in return for consideration, but a sale, including a sale on approval or a sale or return, or retention or creation of a security interest is not a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(k) "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this Article. Unless the context clearly indicates otherwise, the term includes a sublease agree-

ment.

(l) "Lease contract" means the total legal obligation that results from the lease agreement as affected by this Article and any other applicable rules of law. Unless the context clearly indicates otherwise, the term includes a sublease contract.

(m) "Leasehold interest" means the interest of the lessor or the lessee under a lease contract.

(n) "Lessee" means a person who acquires the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessee.

(o) "Lessee in ordinary course of business" means a person who in good faith and without knowledge that the lease to him is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods leases in ordinary course from a person in the business of selling or leasing goods of that kind but does not include a pawnbroker. "Leasing" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a pre-existing lease contract but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(p) "Lessor" means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

(q) "Lessor's residual interest" means the lessor's interest in the goods after expiration, termination, or cancellation of the lease contract.

(r) "Lien" means a charge against or interest in goods to secure payment of a debt or performance of an obligation, but the term does not include a security interest.

(s) "Lot" means a parcel or a single article that is the subject matter of a separate lease or delivery, whether or not it is sufficient to perform the lease contract.

(t) "Merchant lessee" means a lessee that is a merchant with respect to goods of the kind subject to the lease.

(u) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate was not manifestly unreasonable at the time the transaction was entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(v) "Purchase" includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

(w) "Sublease" means a lease of goods the right to possession and use of which was acquired by the lessor as a lessee under an existing lease.

(x) "Supplier" means a person from whom a lessor buys or leases goods to be leased under a finance lease.

(y) "Supply contract" means a contract under which a lessor buys or leases goods to be leased.

(z) "Termination" occurs when either party pursuant to a power created by agreement or law puts an end to the lease contract otherwise than for default.

Section 2A-104. LEASES SUBJECT TO OTHER LAW.

(1) A lease, although subject to this Article, is also subject to any applicable:

(a) certificate of title statute of the commonwealth such as chapter ninety B and chapter ninety D;

(b) certificate of title statute of another jurisdiction (Section 2A-105); or

(c) consumer protection statute of the commonwealth, or final consumer protection decision of a court of the commonwealth existing on the effective date of this Article.

(2) In case of conflict between this Article, other than Sections 2A-105, 2A-304(3), and 2A-305(3), and a statute or decision referred to in subsection (1), the statute or decision controls.

(3) Failure to comply with an applicable law has only the effect specified therein.

Section 2A-105. TERRITORIAL APPLICATION OF ARTICLE TO GOODS COVERED BY CERTIFICATE OF TITLE.

Subject to the provisions of Sections 2A-304(3) and 2A-305(3), with respect to goods covered by a certificate of title issued under a statute of the commonwealth or of another jurisdiction, compliance and the effect of compliance or noncompliance with a certificate of title statute are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until the earlier of (a) surrender of the certificate, or (b) four months after the goods are removed from that jurisdiction and thereafter until a new certificate of title is issued by another jurisdiction.

Section 2A-106. LIMITATION ON POWER OF PARTIES TO CONSUMER LEASE TO CHOOSE APPLICABLE LAW AND JUDICIAL FORUM.

(1) If the law chosen by the parties to a consumer lease is that of a jurisdiction other than a jurisdiction in which the lessee resides at the time the lease agreement becomes enforceable or within thirty days thereafter or in which the goods are to be used, the choice is not enforceable.

(2) If the judicial forum chosen by the parties to a consumer lease is a forum that would not otherwise have jurisdiction over the lessee, the choice is not enforceable.

Section 2A-107. WAIVER OR RENUNCIATION OF CLAIM OR RIGHT AFTER DEFAULT.

Any claim or right arising out of an alleged default or breach of warranty may be discharged in whole or in part without consideration by a written waiver or renunciation signed and delivered by the aggrieved party.

Section 2A-108. UNCONSCIONABILITY.

(1) If the court as a matter of law finds a lease contract or any clause of a lease contract to have been unconscionable at the time it was made the court may refuse to enforce the lease contract, or it may enforce the remainder of the lease contract without the unconscionable clause, or it may so limit the application of any unconscionable clause as to avoid any unconscionable result.

(2) With respect to a consumer lease, if the court as a matter of law finds that a lease contract or any clause of a lease contract has been induced by unconscionable conduct or that unconscionable conduct has occurred in the collection of a claim arising from a lease contract, the court may grant appropriate relief.

(3) Before making a finding of unconscionability under subsection (1) or (2), the court, on its own motion or that of a party, shall afford the parties a reasonable opportunity to present evidence as to the setting, purpose, and effect of the lease contract or clause thereof, or of the conduct.

(4) In an action in which the lessee claims unconscionability with respect to a consumer lease:

(a) If the court finds unconscionability under subsection (1) or (2), the court shall award reasonable attorney's fees to the lessee.

(b) If the court does not find unconscionability, the court shall award reasonable attorney's fees to the party against whom the claim is made if the criteria of sections six E to six G, inclusive, of chapter two hundred and thirty-one are met.

(c) In determining attorney's fees, the amount of the recovery on behalf of the

claimant under subsections (1) and (2) is not controlling.

Section 2A-109. OPTION TO ACCELERATE AT WILL.

(1) A term providing that one party or his successor in interest may accelerate payment or performance or require collateral or additional collateral "at will" or "when he deems himself insecure" or in words of similar import must be construed to mean that he has power to do so only if he in good faith believes that the prospect of payment or performance is impaired.

(2) With respect to a consumer lease, the burden of establishing good faith under subsection (1) is on the party who exercised the power; otherwise the burden of establishing lack of good faith is on the party against whom the power has been exercised.

PART 2. FORMATION AND CONSTRUCTION OF LEASE CONTRACT.

Section 2A-201. STATUTE OF FRAUDS.

(1) A lease contract is not enforceable by way of action or defense unless:

(a) the total payments to be made under the lease contract, excluding payments for options to renew or buy, are less than one thousand dollars; or

(b) there is a writing, signed by the party against whom enforcement is sought or by that party's authorized agent, sufficient to indicate that a lease contract has been made between the parties and to describe the goods leased and the lease term.

(2) Any description of leased goods or of the lease term is sufficient and satisfies subsection (1)(b), whether or not it is specific, if it reasonably identifies what is described.

(3) A writing is not insufficient because it omits or incorrectly states a term agreed upon, but the lease contract is not enforceable under subsection (1)(b) beyond the lease term and the quantity of goods shown in the writing.

(4) A lease contract that does not satisfy the requirements of subsection (1), but which is valid in other respects, is enforceable:

(a) if the goods are to be specially manufactured or obtained for the lessee and are not suitable for lease or sale to others in the ordinary course of the lessor's business, and the lessor, before notice of repudiation is received and under circumstances that reasonably indicate that the goods are for the lessee, has made either a substantial beginning of their manufacture or commitments for their procurement;

(b) if the party against whom enforcement is sought admits in that party's pleading, testimony or otherwise in court that a lease contract was made, but the lease contract is not enforceable under this provision beyond the quantity of goods admitted; or

(c) with respect to goods that have been received and accepted by the lessee.

(5) The lease term under a lease contract referred to in subsection (4) is:

(a) if there is a writing signed by the party against whom enforcement is sought or by that party's authorized agent specifying the lease term, the term so specified;

(b) if the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court a lease term, the term so admitted; or

(c) a reasonable lease term.

Section 2A-202. FINAL WRITTEN EXPRESSION: PAROL OR EXTRINSIC EVIDENCE.

Terms with respect to which the confirmatory memoranda of the parties agree or which are otherwise set forth in a writing intended by the parties as a final expression of their agreement with respect to such terms as are included therein may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement but may be explained or supplemented:

(a) by course of dealing or usage of trade or by course of performance; and

(b) by evidence of consistent additional terms unless the court finds the writing to have been intended also as a complete and exclusive statement of the terms of the agreement.

Section 2A-203. SEALS INOPERATIVE.

The affixing of a seal to a writing evidencing a lease contract or an offer to enter into a lease contract does not render the writing a sealed instrument and the law with respect to sealed instruments does not apply to the lease contract or offer.

Section 2A-204. FORMATION IN GENERAL.

(1) A lease contract may be made in any manner sufficient to show agreement, including conduct by both parties which recognizes the existence of a lease contract.

(2) An agreement sufficient to constitute a lease contract may be found although the moment of its making is undetermined.

(3) Although one or more terms are left open, a lease contract does not fail for indefiniteness if the parties have intended to make a lease contract and there is a reasonably certain basis for giving an appropriate remedy.

Section 2A-205. FIRM OFFERS.

An offer by a merchant to lease goods to or from another person in a signed writing that by its terms gives assurance it will be held open is not revocable, for lack of consideration, during the time stated or, if no time is stated, for a reasonable time, but in no event may the period of irrevocability exceed three months. Any such term of assurance on a form supplied by the offeree must be separately signed by the offeror.

Section 2A-206. OFFER AND ACCEPTANCE IN FORMATION OF LEASE CONTRACT.

(1) Unless otherwise unambiguously indicated by the language or circumstances, an offer to make a lease contract must be construed as inviting acceptance in any manner and by any medium reasonable in the circumstances.

(2) If the beginning of a requested performance is a reasonable mode of acceptance, an offeror who is not notified of acceptance within a reasonable time may treat the offer as having lapsed before acceptance.

Section 2A-207. COURSE OF PERFORMANCE OR PRACTICAL CONSTRUCTION.

(1) If a lease contract involves repeated occasions for performance by either party with knowledge of the nature of the performance and opportunity for objection to it by the other, any course of performance accepted or acquiesced in without objection is relevant to determine the meaning of the lease agreement.

(2) The express terms of a lease agreement and any course of performance, as well as any course of dealing and usage of trade must be construed whenever reasonable as con-

sistent with each other; but if that construction is unreasonable, express terms control course of performance, course of performance controls both course of dealing and usage of trade, and course of dealing controls usage of trade.

(3) Subject to the provisions of Section 2A-208 on modification and waiver, course of performance is relevant to show a waiver or modification of any term inconsistent with the course of performance.

Section 2A-208. MODIFICATION, RESCISSION AND WAIVER.

(1) An agreement modifying a lease contract needs no consideration to be binding.

(2) A signed lease agreement that excludes modification or rescission except by a signed writing may not be otherwise modified or rescinded, but, except as between merchants, such a requirement on a form supplied by a merchant must be separately signed by the other party.

(3) Although an attempt at modification or rescission does not satisfy the requirements of subsection (2), it may operate as a waiver.

(4) A party who has made a waiver affecting an executory portion of a lease contract may retract the waiver by reasonable notification received by the other party that strict performance will be required of any term waived, unless the retraction would be unjust in view of a material change of position in reliance on the waiver.

Section 2A-209. LESSEE UNDER FINANCE LEASE AS BENEFICIARY OF SUPPLY CONTRACT.

(1) The benefit of a supplier's promises to the lessor under the supply contract and of all warranties, whether express or implied, including those of any third party provided in connection with or as part of the supply contract, extends to the lessee to the extent of the lessee's leasehold interest under a finance lease related to the supply contract, but is subject to the terms of the warranty and of the supply contract and all defenses or claims arising therefrom.

(2) The extension of the benefit of a supplier's promises and of warranties to the lessee (Section 2A-209(1)) does not: (i) modify the rights and obligations of the parties to the supply contract, whether arising therefrom or otherwise, or (ii) impose any duty or liability under the supply contract on the lessee.

(3) Any modification or rescission of the supply contract by the supplier and the lessor is effective between the supplier and the lessee unless, before the modification or rescission, the supplier has received notice that the lessee has entered into a finance lease related to the supply contract. If the modification or rescission is effective between the supplier and the lessee, the lessor is deemed to have assumed, in addition to the obligations of the lessor to the lessee under the lease contract, promises of the supplier to the lessor and warranties that were so modified or rescinded as they existed and were available to the lessee before modification or rescission.

(4) In addition to the extension of the benefit of the supplier's promises and of warranties to the lessee under subsection (1), the lessee retains all rights that the lessee may have against the supplier which arise from an agreement between the lessee and the supplier or under other law.

Section 2A-210. EXPRESS WARRANTIES.

(1) Express warranties by the lessor are created as follows:

(a) Any affirmation of fact or promise made by the lessor to the lessee which relates to the goods and becomes part of the basis of the bargain creates an express warranty that the goods will conform to the affirmation or promise.

(b) Any description of the goods which is made part of the basis of the bargain creates an express warranty that the goods will conform to the description.

(c) Any sample or model that is made part of the basis of the bargain creates an express warranty that the whole of the goods will conform to the sample or model.

(2) It is not necessary to the creation of an express warranty that the lessor use formal words, such as "warrant" or "guarantee", or that the lessor have a specific intention to make a warranty, but an affirmation merely of the value of the goods or a statement purporting to be merely the lessor's opinion or commendation of the goods does not create a warranty.

Section 2A-211. WARRANTIES AGAINST INTERFERENCE AND AGAINST INFRINGEMENT; LESSEE'S OBLIGATION AGAINST INFRINGEMENT.

(1) There is in a lease contract a warranty that for the lease term no person holds a claim to or interest in the goods that arose from an act or ommission of the lessor, other than a claim by way of infringement or the like, which will interfere with the lessee's enjoyment of its leasehold interest.

(2) Except in a finance lease there is in a lease contract by a lessor who is a merchant regularly dealing in goods of the kind a warranty that the goods are delivered free of the rightful claim of any person by way of infringement or the like.

(3) A lessee who furnishes specifications to a lessor or a supplier shall hold the lessor and the supplier harmless against any claim by way of infringement or the like that arises out of compliance with the specifications.

Section 2A-212. IMPLIED WARRANTY OF MERCHANTABILITY.

(1) Except in a finance lease, a warranty that the goods will be merchantable is implied in a lease contract if the lessor is a merchant with respect to goods of that kind.

(2) Goods to be merchantable must be at least such as:

(a) pass without objection in the trade under the description in the lease agreement;

(b) in the case of fungible goods, are of fair average quality within the description;

(c) are fit for the ordinary purposes for which goods of that type are used;

(d) run, within the variation permitted by the lease agreement, of even kind, quality, and quantity within each unit and among all units involved;

(e) are adequately contained, packaged, and labeled as the lease agreement may require; and

(f) conform to any promises or affirmations of fact made on the container or label.

(3) Other implied warranties may arise from course of dealing or usage of trade.

Section 2A-213. IMPLIED WARRANTY OF FITNESS FOR PARTICULAR PURPOSE.

Except in a finance lease, if the lessor at the time the lease contract is made has rea-

son to know of any particular purpose for which the goods are required and that the lessee is relying on the lessor's skill or judgment to select or furnish suitable goods, there is in the lease contract an implied warranty that the goods will be fit for that purpose.

Section 2A-214. EXCLUSION OR MODIFICATION OF WARRANTIES.

(1) Words or conduct relevant to the creation of an express warranty and words or conduct tending to negate or limit a warranty must be construed wherever reasonable as consistent with each other; but, subject to the provisions of Section 2A-202 on parol or extrinsic evidence, negation or limitation is inoperative to the extent that the construction is unreasonable.

(2) Subject to subsection (3), to exclude or modify the implied warranty of merchantability or any part of it the language must mention "merchantability", be by a writing, and be conspicuous. Subject to subsection (3), to exclude or modify any implied warranty of fitness the exclusion must be by a writing and be conspicuous. Language to exclude all implied warranties of fitness is sufficient if it is in writing, is conspicuous and states, for example, "There is no warranty that the goods will be fit for a particular purpose".

(3) Notwithstanding subsection (2), but subject to subsection (4):

(a) unless the circumstances indicate otherwise, all implied warranties are excluded by expressions like "as is", or "with all faults", or by other language that in common understanding calls the lessee's attention to the exclusion of warranties and makes plain that there is no implied warranty, if in writing and conspicuous;

(b) if the lessee before entering into the lease contract has examined the goods or the sample or model as fully as desired or has refused to examine the goods, there is no implied warranty with regard to defects that an examination ought in the circumstances to have revealed; and

(c) an implied warranty may also be excluded or modified by course of dealing, course of performance, or usage of trade.

(4) To exclude or modify a warranty against interference or against infringement (Section 2A-211) or any part of it, the language must be specific, be by a writing, and be conspicuous, unless the circumstances, including course of performance, course of dealing, or usage of trade, give the lessee reason to know that the goods are being leased subject to a claim or interest of any person.

Section 2A-214A. LIMITATION ON EXCLUSION OR MODIFICATION OF WARRANTIES.

(1) The provisions of section 2A-214 shall not apply to the extent provided in this section.

(2) Any language, oral or written, in a consumer lease, which attempts to exclude or modify any implied warranties of merchantability and fitness for a particular purpose or to exclude or modify the lessee's remedies for breach of those warranties, shall be unenforceable.

(3) Any language, oral or written, in a consumer lease, which attempts to limit or modify the lessee's remedies for breach of a manufacturer's express warranties, shall be unenforceable, unless such manufacturer maintains facilities within the commonwealth suffi-

cient to provide reasonable and expeditious performance of the warranty obligations.

(4) Any language, oral or written, in a lease which attempts to exclude or modify any implied warranties of merchantability and fitness for a particular purpose or to exclude or modify remedies for breach of those warranties, shall be unenforceable with respect to injury to the person. This subsection does not affect the validity under other law of an agreement between a lessor or supplier and a lessee that is an organization (see Section 1-201(28)), allocating, as between them, the risk of damages from or providing indemnity for breaches of those warranties with respect to injury to the person.

(5) The provisions of this section may not be disclaimed or waived by agreement.

Section 2A-215. CUMULATION AND CONFLICT OF WARRANTIES EXPRESS OR IMPLIED.

Warranties, whether express or implied, must be construed as consistent with each other and as cumulative, but if that construction is unreasonable, the intention of the parties determines which warranty is dominant. In ascertaining that intention the following rules apply:

(a) Exact or technical specifications displace an inconsistent sample or model or general language of description.

(b) A sample from an existing bulk displaces inconsistent general language of description.

(c) Express warranties displace inconsistent implied warranties other than an implied warranty of fitness for a particular purpose.

Section 2A-216. LACK OF PRIVITY IN ACTIONS AGAINST A MANUFACTURER, SUPPLIER OR LESSOR OF GOODS.

Lack of privity between plaintiff and defendant shall be no defense in any action brought against the manufacturer, supplier or lessor of goods to recover damages for breach of warranty, express or implied, or for negligence, although the plaintiff did not rent or lease the goods from the defendant if the plaintiff was a person whom the manufacturer, supplier or lessor might reasonably have expected to use, consume or be affected by the goods. The manufacturer, supplier or lessor may not exclude or limit the operation of this section. Failure to give notice shall not bar recovery under this section unless the defendant proves that he was prejudiced thereby. All actions under this section shall be commenced within three years next after the date the injury and damage occurs.

Section 2A-217. IDENTIFICATION.

Identification of goods as goods to which a lease contract refers may be made at any time and in any manner explicitly agreed to by the parties. In the absence of explicit agreement, identification occurs:

(a) when the lease contract is made if the lease contract is for a lease of goods that are existing and identified;

(b) when the goods are shipped, marked, or otherwise designated by the lessor as goods to which the lease contract refers, if the lease contract is for a lease of goods that are not existing and identified; or

(c) when the young are conceived, if the lease contract is for a lease of unborn young

of animals.

Section 2A-218. INSURANCE AND PROCEEDS.

(1) A lessee obtains an insurable interest when existing goods are identified to the lease contract even though the goods identified are nonconforming and the lessee has an option to reject them.

(2) If a lessee has an insurable interest only by reason of the lessor's identification of the goods, the lessor, until default or insolvency or notification to the lessee that identification is final, may substitute other goods for those identified.

(3) Notwithstanding a lessee's insurable interest under subsections (1) and (2), the lessor retains an insurable interest until an option to buy has been exercised by the lessee and risk of loss has passed to the lessee.

(4) Nothing in this section impairs any insurable interest recognized under any other statute or rule of law.

(5) The parties by agreement may determine that one or more parties have an obligation to obtain and pay for insurance covering the goods and by agreement may determine the beneficiary of the proceeds of the insurance.

Section 2A-219. RISK OF LOSS.

(1) Except in the case of a finance lease, risk of loss is retained by the lessor and does not pass to the lessee. In the case of a finance lease, risk of loss passes to the lessee.

(2) Subject to the provisions of this Article on the effect of default on risk of loss (Section 2A-220), if risk of loss is to pass to the lessee and the time of passage is not stated, the following rules apply:

(a) If the lease contract requires or authorizes the goods to be shipped by carrier:

(i) and it does not require delivery at a particular destination, the risk of loss passes to the lessee when the goods are duly delivered to the carrier; but

(ii) if it does require delivery at a particular destination and the goods are there duly tendered while in the possession of the carrier, the risk of loss passes to the lessee when the goods are there duly so tendered as to enable the lessee to take delivery.

(b) If the goods are held by a bailee to be delivered without being moved, the risk of loss passes to the lessee on acknowledgment by the bailee of the lessee's right to possession of the goods.

(c) In any case not within subsection (a) or (b), the risk of loss passes to the lessee on the lessee's receipt of the goods if the lessor, or, in the case of a finance lease, the supplier, is a merchant; otherwise the risk passes to the lessee on tender of delivery.

Section 2A-220. EFFECT OF DEFAULT ON RISK OF LOSS.

(1) Where risk of loss is to pass to the lessee and the time of passage is not stated:

(a) If a tender or delivery of goods so fails to conform to the lease contract as to give a right of rejection, the risk of their loss remains with the lessor, or, in the case of a finance lease, the supplier, until cure or acceptance.

(b) If the lessee rightfully revokes acceptance, he, to the extent of any deficiency in his effective insurance coverage, may treat the risk of loss as having remained with the lessor from the beginning.

(2) Whether or not risk of loss is to pass to the lessee, if the lessee as to conforming goods already identified to a lease contract repudiates or is otherwise in default under the lease contract, the lessor, or, in the case of a finance lease, the supplier, to the extent of any deficiency in his effective insurance coverage may treat the risk of loss as resting on the lessee for a commercially reasonable time.

Section 2A-221. CASUALTY TO IDENTIFIED GOODS.

If a lease contract requires goods identified when the lease contract is made, and the goods suffer casualty without fault of the lessee, the lessor or the supplier before delivery, or the goods suffer casualty before risk of loss passes to the lessee pursuant to the lease agreement or Section 2A-219, then:

(a) if the loss is total, the lease contract is avoided; and

(b) if the loss is partial or the goods have so deteriorated as to no longer conform to the lease contract, the lessee may nevertheless demand inspection and at his option either treat the lease contract as avoided or, except in a finance lease that is not a consumer lease, accept the goods with due allowance from the rent payable for the balance of the lease term for the deterioration or the deficiency in quantity but without further right against the lessor.

PART 3. EFFECT OF LEASE CONTRACT.

Section 2A-301. ENFORCEABILITY OF LEASE CONTRACT.

Except as otherwise provided in this Article, a lease contract is effective and enforceable according to its terms between the parties, against purchasers of the goods and against creditors of the parties.

Section 2A-302. TITLE TO AND POSSESSION OF GOODS.

Except as otherwise provided in this Article, each provision of this Article applies whether the lessor or a third party has title to the goods, and whether the lessor, the lessee, or a third party has possession of the goods, notwithstanding any statute or rule of law that possession or the absence of possession is fraudulent.

Section 2A-303. ALIENABILITY OF PARTY'S INTEREST UNDER LEASE CONTRACT OR OF LESSOR'S RESIDUAL INTEREST IN GOODS; DELEGATION OF PERFORMANCE; TRANSFER OF RIGHTS.

(1) As used in this section, "creation of a security interest" includes the sale of a lease contract that is subject to Article 9, Secured Transactions, by reason of Section 9-102(1)(b).

(2) Except as provided in subsections (3) and (4), a provision in a lease agreement which (i) prohibits the voluntary or involuntary transfer, including a transfer by sale, sublease, creation or enforcement of a security interest, or attachment, levy, or other judicial process, of an interest of a party under the lease contract or of the lessor's residual interest in the goods, or (ii) makes such a transfer an event of default, gives rise to the rights and remedies provided in subsection (5), but a transfer that is prohibited or is an event of default under the lease agreement is otherwise effective.

(3) A provision in a lease agreement which (i) prohibits the creation or enforcement of a security interest in an interest of a party under the lease contract or in the lessor's residual interest in the goods, or (ii) akes such a transfer an event of default, is not enforce-

able unless, and then only to the extent that, there is an actual transfer by the lessee of the lessee's right of possession or use of the goods in violation of the provision or an actual delegation of a material performance of either party to the lease contract in violation of the provision. Neither the granting nor the enforcement of a security interest in (i) the lessor's interest under the lease contract or (ii) the lessor's residual interest in the goods is a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the lessee within the purview of subsection (5) unless, and then only to the extent that, there is an actual delegation of a material performance of the lessor.

(4) A provision in a lease agreement which (i) prohibits a transfer of a right to damages for default with respect to the whole lease contract or of a right to payment arising out of the transferor's due performance of the transferor's entire obligation, or (ii) makes such a transfer an event of default, is not enforceable, and such a transfer is not a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract within the purview of subsection (5).

(5) Subject to subsections (3) and (4):

(a) if a transfer is made which is made an event of default under a lease agreement, the party to the lease contract not making the transfer, unless that party waives the default or otherwise agrees, has the rights and remedies described in Section 2A-501(2);

(b) if paragraph (a) is not applicable and if a transfer is made that (i) is prohibited under a lease agreement or (ii) materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract, unless the party not making the transfer agrees at any time to the transfer in the lease contract or otherwise, then, except as limited by contract, (i) the transferor is liable to the party not making the transfer for damages caused by the transfer to the extent that the damages could not reasonably be prevented by the party not making the transfer and (ii) a court having jurisdiction may grant other appropriate relief, including cancellation of the lease contract or an injunction against the transfer.

(6) A transfer of "the lease" or of "all my rights under the lease", or a transfer in similar general terms, is a transfer of rights and, unless the language or the circumstances, as in a transfer for security, indicate the contrary, the transfer is a delegation of duties by the transferor to the transferee. Acceptance by the transferee constitutes a promise by the transferee to perform those duties. The promise is enforceable by either the transferor or the other party to the lease contract.

(7) Unless otherwise agreed by the lessor and the lessee, a delegation of performance does not relieve the transferor as against the other party of any duty to perform or of any liability for default.

(8) In a consumer lease, to prohibit the transfer of an interest of a party under the lease contract or to make a transfer an event of default, the language must be specific, by a writing, and conspicuous.

Section 2A-304. SUBSEQUENT LEASE OF GOODS BY LESSOR.

(1) Subject to Section 2A-303, a subsequent lessee from a lessor of goods under an existing lease contract obtains, to the extent of the leasehold interest transferred, the leasehold interest in the goods that the lessor had or had power to transfer, and except as provided in subsection (2) and Section 2A-527(4), takes subject to the existing lease contract. A lessor with voidable title has power to transfer a good leasehold interest to a good faith subsequent lessee for value, but only to the extent set forth in the preceding sentence. If goods have been delivered under a transaction of purchase, the lessor has that power even though:

(a) the lessor's transferor was deceived as to the identity of the lessor;

(b) the delivery was in exchange for a check which is later dishonored;

(c) it was agreed that the transaction was to be a "cash sale"; or

(d) the delivery was procured through fraud punishable as larcenous under the criminal law.

(2) A subsequent lessee in the ordinary course of business from a lessor who is a merchant dealing in goods of that kind to whom the goods were entrusted by the existing lessee of that lessor before the interest of the subsequent lessee became enforceable against that lessor obtains, to the extent of the leasehold interest transferred, all of that lessor's and the existing lessee's rights to the goods, and takes free of the existing lease contract.

(3) A subsequent lessee from the lessor of goods that are subject to an existing lease contract and are covered by a certificate of title issued under a statute of the commonwealth or of another jurisdiction takes no greater rights than those provided both by this section and by the certificate of title statute.

Section 2A-305. SALE OR SUBLEASE OF GOODS BY LESSEE.

(1) Subject to the provisions of Section 2A-303, a buyer or sublessee from the lessee of goods under an existing lease contract obtains, to the extent of the interest transferred, the leasehold interest in the goods that the lessee had or had power to transfer, and except as provided in subsection (2) and Section 2A-511(4), takes subject to the existing lease contract. A lessee with a voidable leasehold interest has power to transfer a good leasehold interest to a good faith buyer for value or a good faith sublessee for value, but only to the extent set forth in the preceding sentence. When goods have been delivered under a transaction of lease the lessee has that power even though:

(a) the lessor was deceived as to the identity of the lessee;

(b) the delivery was in exchange for a check which is later dishonored; or

(c) the delivery was procured through fraud punishable as larcenous under the criminal law.

(2) A buyer in the ordinary course of business or a sublessee in the ordinary course of business from a lessee who is a merchant dealing in goods of that kind to whom the goods were entrusted by the lessor obtains, to the extent of the interest transferred, all of the lessor's and lessee's rights to the goods, and takes free of the existing lease contract.

(3) A buyer or sublessee from the lessee of goods that are subject to an existing lease contract and are covered by a certificate of title issued under a statute of the commonwealth

or of another jurisdiction takes no greater rights than those provided both by this section and by the certificate of title statute.

Section 2A-306. PRIORITY OF CERTAIN LIENS ARISING BY OPERATION OF LAW.

If a person in the ordinary course of his business furnishes services or materials with respect to goods subject to a lease contract, a lien upon those goods in the possession of that person given by statute or rule of law for those materials or services takes priority over any interest of the lessor or lessee under the lease contract or this Article unless the lien is created by statute and the statute provides otherwise or unless the lien is created by rule of law and the rule of law provides otherwise.

Section 2A-307. PRIORITY OF LIENS ARISING BY ATTACHMENT OR LEVY ON, SECURITY INTERESTS IN, AND OTHER CLAIMS TO GOODS.

(1) Except as otherwise provided in Section 2A-306, a creditor of a lessee takes subject to the lease contract.

(2) Except as otherwise provided in subsections (3) and (4) and in Sections 2A-306 and 2A-308, a creditor of a lessor takes subject to the lease contract unless:

(a) the creditor holds a lien that attached to the goods before the lease contract became enforceable;

(b) the creditor holds a security interest in the goods and the lessee did not give value and receive delivery of the goods without knowledge of the security interest; or

(c) the creditor holds a security interest in the goods which was perfected (Section 9-303) before the lease contract became enforceable.

(3) A lessee in the ordinary course of business takes the leasehold interest free of a security interest in the goods created by the lessor even though the security interest is perfected (Section 9-303) and the lessee knows of its existence.

(4) A lessee other than a lessee in the ordinary course of business takes the leasehold interest free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the lease or more than forty-five days after the lease contract becomes enforceable, whichever first occurs, unless the future advances are made pursuant to a commitment entered into without knowledge of the lease and before the expiration of the forty-five day period.

Section 2A-308. SPECIAL RIGHTS OF CREDITORS.

(1) A creditor of a lessor in possession of goods subject to a lease contract may treat the lease contract as void if as against the creditor retention of possession by the lessor is fraudulent under any statute or rule of law, but retention of possession in good faith and current course of trade by the lessor for a commercially reasonable time after the lease contract becomes enforceable is not fraudulent.

(2) Nothing in this Article impairs the rights of creditors of a lessor if the lease contract (a) becomes enforceable, not in current course of trade but in satisfaction of or as security for a pre-existing claim for money, security, or the like, and (b) is made under circumstances which under any statute or rule of law apart from this Article would constitute the transaction a fraudulent transfer or voidable preference.

(3) A creditor of a seller may treat a sale or an identification of goods to a contract for sale as void if as against the creditor retention of possession by the seller is fraudulent under any statute or rule of law, but retention of possession of the goods pursuant to a lease contract entered into by the seller as lessee and the buyer as lessor in connection with the sale or identification of the goods is not fraudulent if the buyer bought for value and in good faith.

Section 2A-309. LESSOR'S AND LESSEE'S RIGHTS WHEN GOODS BECOME FIXTURES.

(1) In this section:

(a) goods are "fixtures" when they become so related to particular real estate that an interest in them arises under real estate law;

(b) a "fixture filing" is the filing, in the office where a mortgage on the real estate would be filed or recorded, of a financing statement covering goods that are or are to become fixtures and conforming to the requirements of Section 9-402(5);

(c) a lease is a "purchase money lease" unless the lessee has possession or use of the goods or the right to possession or use of the goods before the lease agreement is enforceable;

(d) a mortgage is a "construction mortgage" to the extent it secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates; and

(e) "encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests.

(2) Under this Article a lease may be of goods that are fixtures or may continue in goods that become fixtures, but no lease exists under this Article of ordinary building materials incorporated into an improvement on land.

(3) This Article does not prevent creation of a lease of fixtures pursuant to real estate law.

(4) The perfected interest of a lessor of fixtures has priority over a conflicting interest of an encumbrancer or owner of the real estate if:

(a) the lease is a purchase money lease, the conflicting interest of the encumbrancer or owner arises before the goods become fixtures, the interest of the lessor is perfected by a fixture filing before the goods become fixtures or within ten days thereafter, and the lessee has an interest of record in the real estate or is in possession of the real estate; or

(b) the interest of the lessor is perfected by a fixture filing before the interest of the encumbrancer or owner is of record, the lessor's interest has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the lessee has an interest of record in the real estate or is in possession of the real estate.

(5) The interest of a lessor of fixtures, whether or not perfected, has priority over the conflicting interest of an encumbrancer or owner of the real estate if:

(a) the fixtures are readily removable factory or office machines, readily removable equipment that is not primarily used or leased for use in the operation of the real estate, or readily removable replacements of domestic appliances that are goods subject to a consumer

lease, and before the goods become fixtures the lease contract is enforceable; or

(b) the conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the lease contract is enforceable; or

(c) the encumbrancer or owner has consented in writing to the lease or has disclaimed an interest in the goods as fixtures; or

(d) the lessee has a right to remove the goods as against the encumbrancer or owner. If the lessee's right to remove terminates, the priority of the interest of the lessor continues for a reasonable time.

(6) Notwithstanding subsection (4)(a) but otherwise subject to subsections (4) and (5), the interest of a lessor of fixtures, including the lessor's residual interest, is subordinate to the conflicting interest of an encumbrancer of the real estate under a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent given to refinance a construction mortgage, the conflicting interest of an encumbrancer of the real estate under a mortgage has this priority to the same extent as the encumbrancer of the real estate under the construction mortgage.

(7) In cases not within the preceding subsections, priority between the interest of a lessor of fixtures, including the lessor's residual interest, and the conflicting interest of an encumbrancer or owner of the real estate who is not the lessee is determined by the priority rules governing conflicting interests in real estate.

(8) If the interest of a lessor of fixtures, including the lessor's residual interest, has priority over all conflicting interests of all owners and encumbrancers of the real estate, the lessor or the lessee may (i) on default, expiration, termination, or cancellation of the lease agreement but subject to the lease agreement and this Article, or (ii) if necessary to enforce other rights and remedies of the lessor or lessee under this Article, remove the goods from the real estate, free and clear of all conflicting interests of all owners and encumbrancers of the real estate, but the lessor or lessee must reimburse any encumbrancer or owner of the real estate who is not the lessee and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by any necessity of replacing them. A person entitled to reimbursement may refuse permission to remove until the party seeking removal gives adequate security for the performance of this obligation.

(9) Even though the lease agreement does not create a security interest, the interest of a lessor of fixtures, including the lessor's residual interest, is perfected by filing a financing statement as a fixture filing for leased goods that are or are to become fixtures in accordance with the relevant provisions of the Article on Secured Transactions (Article 9).

Section 2A-310. LESSOR'S AND LESSEE'S RIGHTS WHEN GOODS BECOME ACCESSIONS.

(1) Goods are "accessions" when they are installed in or affixed to other goods.

(2) The interest of a lessor or a lessee under a lease contract entered into before the goods became accessions is superior to all interests in the whole except as stated in subsection (4).

(3) The interest of a lessor or a lessee under a lease contract entered into at the time or after the goods became accessions is superior to all subsequently acquired interests in the whole except as stated in subsection (4) but is subordinate to interests in the whole existing at the time the lease contract was made unless the holders of such interests in the whole have in writing consented to the lease or disclaimed an interest in the goods as part of the whole.

(4) The interest of a lessor or a lessee under a lease contract described in subsection (2) or (3) is subordinate to the interest of:

(a) a buyer in the ordinary course of business or a lessee in the ordinary course of business of any interest in the whole acquired after the goods became accessions; or

(b) a creditor with a security interest in the whole perfected before the lease contract was made to the extent that the creditor makes subsequent advances without knowledge of the lease contract.

(5) When under subsections (2) or (3) and (4) a lessor or a lessee of accessions holds an interest that is superior to all interests in the whole, the lessor or the lessee may (a) on default, expiration, termination, or cancellation of the lease contract by the other party but subject to the provisions of the lease contract and this Article, or (b) if necessary to enforce his other rights and remedies under this Article, remove the goods from the whole, free and clear of all interests in the whole, but he must reimburse any holder of an interest in the whole who is not the lessee and who has not otherwise agreed for the cost of repair of any physical injury but not for any diminution in value of the whole caused by the absence of the goods removed or by any necessity for replacing them. A person entitled to reimbursement may refuse permission to remove until the party seeking removal gives adequate security for the performance of this obligation.

Section 2A-311. PRIORITY SUBJECT TO SUBORDINATION.

Nothing in this Article prevents subordination by agreement by any person entitled to priority.

PART 4. PERFORMANCE OF LEASE CONTRACT: REPUDIATED, SUBSTITUTED AND EXCUSED.

Section 2A-401. INSECURITY: ADEQUATE ASSURANCE OF PERFORMANCE.

(1) A lease contract imposes an obligation on each party that the other's expectation of receiving due performance will not be impaired.

(2) If reasonable grounds for insecurity arise with respect to the performance of either party, the insecure party may demand in writing adequate assurance of due performance. Until the insecure party receives that assurance, if commercially reasonable the insecure party may suspend any performance for which he has not already received the agreed return.

(3) A repudiation of the lease contract occurs if assurance of due performance adequate under the circumstances of the particular case is not provided to the insecure party within a reasonable time, not to exceed thirty days after receipt of a demand by the other party.

(4) Between merchants, the reasonableness of grounds for insecurity and the adequa-

cy of any assurance offered must be determined according to commercial standards.

(5) Acceptance of any nonconforming delivery or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance.

Section 2A-402. ANTICIPATORY REPUDIATION.

If either party repudiates a lease contract with respect to a performance not yet due under the lease contract, the loss of which performance will substantially impair the value of the lease contract to the other, the aggrieved party may:

(a) for a commercially reasonable time, await retraction of repudiation and performance by the repudiating party;

(b) make demand pursuant to Section 2A-401 and await assurance of future performance adequate under the circumstances of the particular case; or

(c) resort to any right or remedy upon default under the lease contract or this Article, even though the aggrieved party has notified the repudiating party that the aggrieved party would await the repudiating party's performance and assurance and has urged retraction. In addition, whether or not the aggrieved party is pursuing one of the foregoing remedies, the aggrieved party may suspend performance or, if the aggrieved party is the lessor, proceed in accordance with the provisions of this Article on the lessor's right to identify goods to the lease contract notwithstanding default or to salvage unfinished goods (Section 2A-524).

Section 2A-403. RETRACTION OF ANTICIPATORY REPUDIATION.

(1) Until the repudiating party's next performance is due, the repudiating party can retract the repudiation unless, since the repudiation, the aggrieved party has cancelled the lease contract or materially changed the aggrieved party's position or otherwise indicated that the aggrieved party considers the repudiation final.

(2) Retraction may be by any method that clearly indicates to the aggrieved party that the repudiating party intends to perform under the lease contract and includes any assurance demanded under Section 2A-401.

(3) Retraction reinstates a repudiating party's rights under a lease contract with due excuse and allowance to the aggrieved party for any delay occasioned by the repudiation.

Section 2A-404. SUBSTITUTED PERFORMANCE.

(1) If without fault of the lessee, the lessor and the supplier, the agreed berthing, loading, or unloading facilities fail or the agreed type of carrier becomes unavailable or the agreed manner of delivery otherwise becomes commercially impracticable, but a commercially reasonable substitute is available, the substitute performance must be tendered and accepted.

(2) If the agreed means or manner of payment fails because of domestic or foreign governmental regulation:

(a) the lessor may withhold or stop delivery or cause the supplier to withhold or stop delivery unless the lessee provides a means or manner of payment that is commercially a substantial equivalent; and

(b) if delivery has already been taken, payment by the means or in the manner provided by the regulation discharges the lessee's obligation unless the regulation is discriminatory, oppressive, or predatory.

Section 2A-405. EXCUSED PERFORMANCE.

Subject to Section 2A-404 on substituted performance, the following rules apply:

(a) Delay in delivery or nondelivery in whole or in part by a lessor or a supplier who complies with paragraphs (b) and (c) is not a default under the lease contract if performance as agreed has been made impracticable by the occurrence of a contingency the nonoccurrence of which was a basic assumption on which the lease contract was made or by compliance in good faith with any applicable foreign or domestic governmental regulation or order, whether or not the regulation or order later proves to be invalid.

(b) If the causes mentioned in paragraph (a) affect only part of the lessor's or the supplier's capacity to perform, he shall allocate production and deliveries among his customers but at his option may include regular customers not then under contract for sale or lease as well as his own requirements for further manufacture. He may so allocate in any manner that is fair and reasonable.

(c) The lessor seasonably shall notify the lessee and in the case of a finance lease the supplier seasonably shall notify the lessor and the lessee, if known, that there will be delay or nondelivery and, if allocation is required under paragraph (b), of the estimated quota thus made available for the lessee.

Section 2A-406. PROCEDURE ON EXCUSED PERFORMANCE.

(1) If the lessee receives notification of a material or indefinite delay or an allocation justified under Section 2A-405, the lessee may by written notification to the lessor as to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (Section 2A-510):

(a) terminate the lease contract (Section 2A-505(2)); or

(b) except in a finance lease that is not a consumer lease, modify the lease contract by accepting the available quota in substitution, with due allowance from the rent payable for the balance of the lease term for the deficiency but without further right against the lessor.

(2) If, after receipt of a notification from the lessor under Section 2A-405, the lessee fails so to modify the lease agreement within a reasonable time not exceeding thirty days, the lease contract lapses with respect to any deliveries affected.

Section 2A-407. IRREVOCABLE PROMISES: FINANCE LEASES.

(1) In the case of a finance lease that is not a consumer lease the lessee's promises under the lease contract become irrevocable and independent upon the lessee's acceptance of the goods.

(2) A promise that has become irrevocable and independent under subsection (1):

(a) is effective and enforceable between the parties, and by or against third parties including assignees of the parties; and

(b) is not subject to cancellation, termination, modification, repudiation, excuse, or substitution without the consent of the party to whom the promise runs.

(3) This section does not affect the validity under any other law of a covenant in any lease contract making the lessee's promises irrevocable and independent upon the lessee's acceptance of the goods.

PART 5. DEFAULT.

A. IN GENERAL.

Section 2A-501. DEFAULT: PROCEDURE.

(1) Whether the lessor or the lessee is in default under a lease contract is determined by the lease agreement and this Article.

(2) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement has rights and remedies as provided in this Article and, except as limited by this Article, as provided in the lease agreement.

(3) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement may reduce the party's claim to judgment, or otherwise enforce the lease contract by self-help or any available judicial procedure or nonjudicial procedure, including administrative proceeding, arbitration, or the like, in accordance with this Article.

(4) Except as otherwise provided in Section 1-106(1) or this Article or the lease agreement, the rights and remedies referred to in subsections (2) and (3) are cumulative.

(5) If the lease agreement covers both real property and goods, the party seeking enforcement may proceed under this Part as to the goods, or under other applicable law as to both the real property and the goods in accordance with that party's rights and remedies in respect of the real property, in which case this Part does not apply.

Section 2A-502. NOTICE AFTER DEFAULT.

Except as otherwise provided in this Article or the lease agreement, the lessor or lessee in default under the lease contract is not entitled to notice of default or notice of enforcement from the other party to the lease agreement.

Section 2A-503. MODIFICATION OR IMPAIRMENT OF RIGHTS AND REMEDIES.

(1) Except as otherwise provided in this Article, the lease agreement may include rights and remedies for default in addition to or in substitution for those provided in this Article and may limit or alter the measure of damages recoverable under this Article.

(2) Resort to a remedy provided under this Article or in the lease agreement is optional unless the remedy is expressly agreed to be exclusive. If circumstances cause an exclusive or limited remedy to fail of its essential purpose, or provision for an exclusive remedy is unconscionable, remedy may be had as provided in this Article.

(3) Subject to Sections 2A-214A and 2A-216, consequential damages may be liquidated under Section 2A-504, or may otherwise be limited, altered, or excluded unless the limitation, alteration, or exclusion is unconscionable. Limitation, alteration, or exclusion of consequential damages for injury to the person in the case of consumer goods is prima facie unconscionable but limitation, alteration, or exclusion of damages where the loss is commercial is not prima facie unconscionable.

(4) Rights and remedies on default by the lessor or the lessee with respect to any obligation or promise collateral or ancillary to the lease contract are not impaired by this Article.

Section 2A-504. LIQUIDATION OF DAMAGES.

(1) Damages payable by either party for default, or any other act or omission, includ-

ing indemnity for loss or diminution of anticipated tax benefits or loss or damage to lessor's residual interest, may be liquidated in the lease agreement but only at an amount or by a formula that is reasonable in light of the then anticipated harm caused by the default or other act or omission.

(2) If the lease agreement provides for liquidation of damages, and such provision does not comply with subsection (1), or such provision is an exclusive or limited remedy that circumstances cause to fail of its essential purpose, remedy may be had as provided in this Article.

(3) If the lessor justifiably withholds or stops delivery of goods because of the lessee's default or insolvency (Section 2A-525 or 2A-526), the lessee is entitled to restitution of any amount by which the sum of his payment exceeds:

(a) the amount to which the lessor is entitled by virtue of terms liquidating the lessor's damages in accordance with subsection (1); or

(b) in the absence of those terms, twenty percent of the then present value of the total rent the lessee was obligated to pay for the balance of the lease term, or, in the case of a consumer lease, the lesser of such amount or five hundred dollars.

(4) A lessee's right to restitution under subsection (3) is subject to offset to the extent the lessor establishes:

(a) a right to recover damages under the provisions of this Article other than subsection (1); and

(b) the amount or value of any benefits received by the lessee directly or indirectly by reason of the lease contract.

Section 2A-505. CANCELLATION AND TERMINATION AND EFFECT OF CANCELLATION, TERMINATION, RESCISSION, OR FRAUD ON RIGHTS AND REMEDIES.

(1) On cancellation of the lease contract, all obligations that are still executory on both sides are discharged, but any right based on prior default or performance survives, and the cancelling party also retains any remedy for default of the whole lease contract or any unperformed balance.

(2) On termination of the lease contract, all obligations that are still executory on both sides are discharged but any right based on prior default or performance survives.

(3) Unless the contrary intention clearly appears, expressions of "cancellation", "rescission", or the like of the lease contract may not be construed as a renunciation or discharge of any claim in damages for an antecedent default.

(4) Rights and remedies for material misrepresentation or fraud include all rights and remedies available under this Article for default.

(5) Neither rescission nor a claim for rescission of the lease contract nor rejection or return of the goods may bar or be deemed inconsistent with a claim for damages or other right or remedy.

Section 2A-506. STATUTE OF LIMITATIONS.

(1) An action for default under a lease contract, including breach of warranty or indemnity, must be commenced within four years after the cause of action accrued. By the

original lease contract the parties may reduce the period of limitation to not less than one year.

(2) A cause of action for default accrues when the act or omission on which the default or breach of warranty is based is or should have been discovered by the aggrieved party, or when the default occurs, whichever is later. A cause of action for indemnity accrues when the act or omission on which the claim for indemnity is based is or should have been discovered by the indemnified party, whichever is later.

(3) If an action commenced within the time limited by subsection (1) is so terminated as to leave available a remedy by another action for the same default or breach of warranty or indemnity, the other action may be commenced after the expiration of the time limited and within six months after the termination of the first action unless the termination resulted from voluntary discontinuance or from dismissal for failure or neglect to prosecute.

(4) This section does not alter the law on tolling of the statute of limitations nor does it apply to causes of action that have accrued before this Article becomes effective.

(5) This section does not apply to actions commenced under Section 2A-216.

Section 2A-507. PROOF OF MARKET RENT: TIME AND PLACE.

(1) Damages based on market rent (Section 2A-519 or 2A-528) are determined according to the rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the times specified in Sections 2A-519 and 2A-528.

(2) If evidence of rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the times or places described in this Article is not readily available, the rent prevailing within any reasonable time before or after the time described or at any other place or for a different lease term which in commercial judgment or under usage of trade would serve as a reasonable substitute for the one described may be used, making any proper allowance for the difference, including the cost of transporting the goods to or from the other place.

(3) Evidence of a relevant rent prevailing at a time or place or for a lease term other than the one described in this Article offered by one party is not admissible unless and until he has given the other party notice the court finds sufficient to prevent unfair surprise.

(4) If the prevailing rent or value of any goods regularly leased in any established market is in issue, reports in official publications or trade journals or in newspapers or periodicals of general circulation published as the reports of that market are admissible in evidence. The circumstances of the preparation of the report may be shown to affect its weight by not its admissibility.

B. DEFAULT BY LESSOR.

Section 2A-508. LESSEE'S REMEDIES.

(1) If a lessor fails to deliver the goods in conformity to the lease contract (Section 2A-509) or repudiates the lease contract (Section 2A-402), or a lessee rightfully rejects the goods (Section 2A-509) or justifiably revokes acceptance of the goods (Section 2A-517), then with respect to any goods involved, and with respect to all of the

goods if under an installment lease contract the value of the whole lease contract is substantially impaired (Section 2A-510), the lessor is in default under the lease contract and the lessee may:

(a) cancel the lease contract (Section 2A-505(1));

(b) recover so much of the rent and security as has been paid and is just under the circumstances;

(c) cover and recover damages as to all goods affected whether or not they have been identified to the lease contract (Sections 2A-518 and 2A-520), or recover damages for nondelivery (Sections 2A-519 and 2A-520);

(d) exercise any other rights or pursue any other remedies provided in the lease contract.

(2) If a lessor fails to deliver the goods in conformity to the lease contract or repudiates the lease contract, the lessee may also:

(a) if the goods have been identified, recover them (Section 2A-522); or

(b) in a proper case, obtain specific performance or replevy the goods (Section 2A-521).

(3) If a lessor is otherwise in default under a lease contract, the lessee may exercise the rights and pursue the remedies provided in the lease contract, which may include a right to cancel the lease, and in Section 2A-519(3).

(4) If a lessor has breached a warranty, whether express or implied, the lessee may recover damages (Section 2A-519(4)).

(5) On rightful rejection or justifiable revocation of acceptance, a lessee has a security interest in goods in the lessee's possession or control for any rent and security that has been paid and any expenses reasonably incurred in their inspection, receipt, transportation, and care and custody and may hold those goods and dispose of them in good faith and in a commercially reasonable manner, subject to Section 2A-527(5).

(6) Subject to the provisions of Section 2A-407, a lessee, on notifying the lessor of the lessee's intention to do so, may deduct all or any part of the damages resulting from any default under the lease contract from any part of the rent still due under the same lease contract.

Section 2A-509. LESSEE'S RIGHTS ON IMPROPER DELIVERY; RIGHTFUL REJECTION.

(1) Subject to the provisions of Section 2A-510 on default in installment lease contracts, if the goods or the tender or delivery fail in any respect to conform to the lease contract, the lessee may reject or accept the goods or accept any commercial unit or units and reject the rest of the goods.

(2) Rejection of goods is ineffective unless it is within a reasonable time after tender or delivery of the goods and the lessee seasonably notifies the lessor.

Section 2A-510. INSTALLMENT LEASE CONTRACTS: REJECTION AND DEFAULT.

(1) Under an installment lease contract a lessee may reject any delivery that is nonconforming if the nonconformity substantially impairs the value of that delivery and can-

not be cured or the nonconformity is a defect in the required documents; but if the nonconformity does not fall within subsection (2) and the lessor or the supplier gives adequate assurance of its cure, the lessee must accept that delivery.

(2) Whenever nonconformity or default with respect to one or more deliveries substantially impairs the value of the installment lease contract as a whole there is a default with respect to the whole. But, the aggrieved party reinstates the installment lease contract as a whole if the aggrieved party accepts a nonconforming delivery without seasonably notifying of cancellation or brings an action with respect only to past deliveries or demands performance as to future deliveries.

Section 2A-511. MERCHANT LESSEE'S DUTIES AS TO RIGHTFULLY REJECTED GOODS.

(1) Subject to any security interest of a lessee (Section 2A-508)(5)), if a lessor or a supplier has no agent or place of business at the market of rejection, a merchant lessee, after rejection of goods in his possession or control, shall follow any reasonable instructions received from the lessor or the supplier with respect to the goods. In the absence of those instructions, a merchant lessee shall make reasonable efforts to sell, lease, or otherwise dispose of the goods for the lessor's account if they threaten to decline in value speedily. Instructions are not reasonable if on demand indemnity for expenses is not forthcoming.

(2) If a merchant lessee (subsection (1)) or any other lessee (Section 2A-512) disposes of goods, he is entitled to reimbursement either from the lessor or the supplier or out of the proceeds for reasonable expenses of caring for and disposing of the goods and, if the expenses include no disposition commission, to such commission as is usual in the trade, or if there is none, to a reasonable sum not exceeding ten percent of the gross proceeds.

(3) In complying with this section or Section 2A-512, the lessee is held only to good faith. Good faith conduct hereunder is neither acceptance or conversion nor the basis of an action for damages.

(4) A purchaser who purchases in good faith from a lessee pursuant to this section or Section 2A-512 takes the goods free of any rights of the lessor and the supplier even though the lessee fails to comply with one or more of the requirements of this Article.

Section 2A-512. LESSEE'S DUTIES AS TO RIGHTFULLY REJECTED GOODS.

(1) Except as otherwise provided with respect to goods that threaten to decline in value speedily (Section 2A-511) and subject to any security interest of a lessee (Section 2A-508(5)):

(a) the lessee, after rejection of goods in the lessee's possession, shall hold them with reasonable care at the lessor's or the supplier's disposition for a reasonable time after the lessee's seasonable notification of rejection;

(b) if the lessor or the supplier gives no instructions within a reasonable time after notification of rejection, the lessee may store the rejected goods for the lessor's or the supplier's account or ship them to the lessor or the supplier or dispose of them for the lessor's or the supplier's account with reimbursement in the manner provided in Section 2A-511; but

(c) the lessee has no further obligations with regard to goods rightfully rejected.

(2) Action by the lessee pursuant to subsection (1) is not acceptance or conversion.

Section 2A-513. CURE BY LESSOR OF IMPROPER TENDER OR DELIVERY; REPLACEMENT.

(1) If any tender or delivery by the lessor or the supplier is rejected because nonconforming and the time for performance has not yet expired, the lessor or the supplier may seasonably notify the lessee of the lessor's or the supplier's intention to cure and may then make a conforming delivery within the time provided in the lease contract.

(2) If the lessee rejects a nonconforming tender that the lessor or the supplier had reasonable grounds to believe would be acceptable with or without money allowance, the lessor or the supplier may have a further reasonable time to substitute a conforming tender if he seasonably notifies the lessee.

Section 2A-514. WAIVER OF LESSEE'S OBJECTIONS.

(1) In rejecting goods, a lessee's failure to state a particular defect that is ascertainable by reasonable inspection precludes the lessee from relying on the defect to justify rejection or to establish default:

(a) if, stated seasonably, the lessor or the supplier could have cured it (Section 2A-513); or

(b) between merchants if the lessor or the supplier after rejection has made a request in writing for a full and final written statement of all defects on which the lessee proposes to rely.

(2) A lessee's failure to reserve rights when paying rent or other consideration against documents precludes recovery of the payment for defects apparent on the face of the documents.

Section 2A-515. ACCEPTANCE OF GOODS.

(1) Acceptance of goods occurs after the lessee has had a reasonable opportunity to inspect the goods and:

(a) the lessee signifies or acts with respect to the goods in a manner that signifies to the lessor or the supplier that the goods are conforming or that the lessee will take or retain them in spite of their nonconformity; or

(b) the lessee fails to make an effective rejection of the goods (Section 2A-509(2)).

(2) Acceptance of a part of any commercial unit is acceptance of that entire unit.

Section 2A-516. EFFECT OF ACCEPTANCE OF GOODS; NOTICE OF DEFAULT; BURDEN OF ESTABLISHING DEFAULT AFTER ACCEPTANCE; NOTICE OF CLAIM OR LITIGATION TO PERSON ANSWERABLE OVER.

(1) A lessee must pay rent for any goods accepted in accordance with the lease contract, with due allowance for goods rightfully rejected or not delivered.

(2) A lessee's acceptance of goods precludes rejection of the goods accepted. In the case of a finance lease, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it. In any other case, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it unless the acceptance was on the reasonable assumption that the nonconformity would be seasonably cured. Acceptance does not of itself impair any other remedy provided by this Article or the lease agreement for nonconformity.

(3) If a tender has been accepted:

(a) within a reasonable time after the lessee discovers or should have discovered any default, the lessee shall notify the lessor and the supplier, if any, or be barred from any remedy against the party not notified;

(b) except in the case of a consumer lease, within a reasonable time after the lessee receives notice of litigation for infringement or the like (Section 2A-211) the lessee shall notify the lessor or be barred from any remedy over for liability established by the litigation; and

(c) the burden is on the lessee to establish any default.

(4) If a lessee is sued for breach of a warranty or other obligation for which a lessor or a supplier is answerable over the following apply:

(a) The lessee may give the lessor or the supplier, or both, written notice of the litigation. If the notice states that the person notified may come in and defend and that if the person notified does not do so that person will be bound in any action against that person by the lessee by any determination of fact common to the two litigations, then unless the person notified after seasonable receipt of the notice does come in and defend that person is so bound.

(b) The lessor or the supplier may demand in writing that the lessee turn over control of the litigation including settlement if the claim is one for infringement or the like (Section 2A-211) or else be barred from any remedy over. If the demand states that the lessor or the supplier agrees to bear all expense and to satisfy any adverse judgment, then unless the lessee after seasonable receipt of the demand does turn over control the lessee is so barred.

(5) Subsections (3) and (4) apply to any obligation of a lessee to hold the lessor or the supplier harmless against infringement or the like (Section 2A-211).

Section 2A-517. REVOCATION OF ACCEPTANCE OF GOODS.

(1) A lessee may revoke acceptance of a lot or commercial unit whose nonconformity substantially impairs its value to the lessee if the lessee has accepted it:

(a) except in the case of a finance lease, on the reasonable assumption that its nonconformity would be cured and it has not been seasonably cured; or

(b) without discovery of the nonconformity if the lessee's acceptance was reasonably induced either by the lessor's assurances or, except in the case of a finance lease, by the difficulty of discovery before acceptance.

(2) Except in the case of a finance lease that is not a consumer lease, a lessee may revoke acceptance of a lot or commercial unit if the lessor defaults under the lease contract and the default substantially impairs the value of that lot or commercial unit to the lessee.

(3) If the lease agreement so provides, the lessee may revoke acceptance of a lot or commercial unit because of other defaults by the lessor.

(4) Revocation of acceptance must occur within a reasonable time after the lessee discovers or should have discovered the ground for it and before any substantial change in condition of the goods which is not caused by the nonconformity. Revocation is not effective until the lessee notifies the lessor.

(5) A lessee who so revokes has the same rights and duties with regard to the goods involved as if the lessee had rejected them.

Section 2A-518. COVER; SUBSTITUTE GOODS.

(1) After a default by a lessor under the lease contract of the type described in Section 2A-508(1), or, if agreed, after other default by the lessor, the lessee may cover by making any purchase or lease of or contract to purchase or lease goods in substitution for those due from the lessor.

(2) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 2A-504) or otherwise determined pursuant to agreement of the parties (Sections 1-102(3) and 2A-503), if a lessee's cover is by a lease agreement substantially similar to the original lease agreement and the new lease agreement is made in good faith and in a commercially reasonable manner, the lessee may recover from the lessor as damages (i) the present value, as of the date of the commencement of the term of the new lease agreement, of the rent under the new lease agreement applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement minus the present value as of the same date of the total rent for the then remaining lease term of the original lease agreement, and (ii) any incidental or consequential damages, less expenses saved in consequence of the lessor's default.

(3) If a lessee's cover is by lease agreement that for any reason does not qualify for treatment under subsection (2), or is by purchase or otherwise, the lessee may recover from the lessor as if the lessee had elected not to cover and Section 2A-519 governs.

Section 2A-519. LESSEE'S DAMAGES FOR NON-DELIVERY, REPUDIATION, DEFAULT, AND BREACH OF WARRANTY IN REGARD TO ACCEPTED GOODS.

(1) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 2A-504) or otherwise determined pursuant to agreement of the parties (Sections 1-102(3) and 2A-503), if a lessee elects not to cover or a lessee elects to cover and the cover is by lease agreement that for any reason does not qualify for treatment under Section 2A-518(2), or is by purchase or otherwise, the measure of damages for non-delivery or repudiation by the lessor or for rejection or revocation of acceptance by the lessee is the present value, as of the date of the default, of the then market rent minus the present value as of the same date of the original rent, computed for the remaining lease term of the original lease agreement, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(2) Market rent is to be determined as of the place for tender or, in cases of rejection after arrival or revocation of acceptance, as of the place of arrival.

(3) Except as otherwise agreed, if the lessee has accepted goods and given notification (Section 2A-516(3)), the measure of damages for nonconforming tender or delivery or other default by a lessor is the loss resulting in the ordinary course of events from the lessor's default as determined in any manner that is reasonable together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(4) Except as otherwise agreed, the measure of damages for breach of warranty is the present value at the time and place of acceptance of the difference between the value of

the use of the goods accepted and the value if they had been as warranted for the lease term, unless special circumstances show proximate damages of a different amount, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default or breach of warranty.

Section 2A-520. LESSEE'S INCIDENTAL AND CONSEQUENTIAL DAMAGES.

(1) Incidental damages resulting from a lessor's default include expenses reasonably incurred in inspection, receipt, transportation, and care and custody of goods rightfully rejected or goods the acceptance of which is justifiably revoked, any commercially reasonable charges, expenses or commissions in connection with effecting cover, and any other reasonable expense incident to the default.

(2) Consequential damages resulting from a lessor's default include:

(a) any loss resulting from general or particular requirements and needs of which the lessor at the time of contracting had reason to know and which could not reasonably be prevented by cover or otherwise; and

(b) injury to person or property proximately resulting from any breach of warranty.

Section 2A-521. LESSEE'S RIGHT TO SPECIFIC PERFORMANCE OR REPLEVIN.

(1) Specific performance may be decreed if the goods are unique or in other proper circumstances.

(2) A decree for specific performance may include any terms and conditions as to payment of the rent, damages, or other relief that the court deems just.

(3) A lessee has a right of replevin, detinue, sequestration, claim and delivery, or the like for goods identified to the lease contract if after reasonable effort the lessee is unable to effect cover for those goods or the circumstances reasonably indicate that the effort will be unavailing.

Section 2A-522. LESSEE'S RIGHT TO GOODS ON LESSOR'S INSOLVENCY.

(1) Subject to subsection (2) and even though the goods have not been shipped, a lessee who has paid a part or all of the rent and security for goods identified to a lease contract (Section 2A-217) on making and keeping good a tender of any unpaid portion of the rent and security due under the lease contract may recover the goods identified from the lessor if the lessor becomes insolvent within ten days after receipt of the first installment of rent and security.

(2) A lessee acquires the right to recover goods identified to a lease contract only if they conform to the lease contract.

C. DEFAULT BY LESSEE.

Section 2A-523. LESSOR'S REMEDIES.

(1) If a lessee wrongfully rejects or revokes acceptance of goods or fails to make a payment when due or repudiates with respect to a part or the whole, then, with respect to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (Section 2A-510), the lessee is in default under the lease contract and the lessor may:

(a) cancel the lease contract (Section 2A-505(1));

(b) proceed respecting goods not identified to the lease contract (Section 2A-524);

(c) withhold delivery of the goods and take possession of goods previously delivered (Section 2A-525);

(d) stop delivery of the goods by any bailee (Section 2A-526);

(e) dispose of the goods and recover damages (Section 2A-527), or retain the goods and recover damages (Section 2A-528), or in a proper case recover rent (Section 2A-529);

(f) exercise any other rights or pursue any other remedies provided in the lease contract.

(2) If a lessor does not fully exercise a right or obtain a remedy to which the lessor is entitled under subsection (1), the lessor may recover the loss resulting in the ordinary course of events from the lessee's default as determined in any reasonable manner, together with incidental damages, less expenses saved in consequence of the lessee's default.

(3) If a lessee is otherwise in default under a lease contract, the lessor may exercise the rights and pursue the remedies provided in the lease contract, which may include a right to cancel the lease. In addition, unless otherwise provided in the lease contract:

(a) if the default substantially impairs the value of the lease contract to the lessor, the lessor may exercise the rights and pursue the remedies provided in subsection (1) or (2); or

(b) if the default does not substantially impair the value of the lease contract to the lessor, the lessor may recover as provided in subsection (2).

Section 2A-524. LESSOR'S RIGHT TO IDENTIFY GOODS TO LEASE CONTRACT.

(1) After default by the lessee under the lease contract of the type described in Section 2A-523(1) or Section 2A-523(3)(a) or, if agreed, after other default by the lessee, the lessor may:

(a) identify to the lease contract conforming goods not already identified if at the time the lessor learned of the default they were in the lessor's or the supplier's possession or control; and

(b) dispose of goods (Section 2A-527(1)) that demonstrably have been intended for the particular lease contract even though those goods are unfinished.

(2) If the goods are unfinished, in the exercise of reasonable commercial judgment for the purposes of avoiding loss and of effective realization, an aggrieved lessor or the supplier may either complete manufacture and wholly identify the goods to the lease contract or cease manufacture and lease, sell, or otherwise dispose of the goods for scrap or salvage value or proceed in any other reasonable manner.

Section 2A-525. LESSOR'S RIGHT TO POSSESSION OF GOODS.

(1) If a lessor discovers the lessee to be insolvent, the lessor may refuse to deliver the goods.

(2) After a default by the lessee under the lease contract of the type described in Section 2A-523(1) or 2A-523(3)(a) or, if agreed, after other default by the lessee, the lessor has the right to take possession of the goods. If the lease contract so provides, the lessor may require the lessee to assemble the goods and make them available to the lessor at a place to

be designated by the lessor which is reasonably convenient to both parties. Without removal, the lessor may render unusable any goods employed in trade or business, and may dispose of goods on the lessee's premises (Section 2A-527).

(3) The lessor may proceed under subsection (2) without judicial process if it can be done without breach of the peace or the lessor may proceed by action.

Section 2A-526. LESSOR'S STOPPAGE OF DELIVERY IN TRANSIT OR OTHERWISE.

(1) A lessor may stop delivery of goods in the possession of a carrier or other bailee if the lessor discovers the lessee to be insolvent and may stop delivery of carload, truckload, planeload, or larger shipments of express or freight if the lessee repudiates or fails to make a payment due before delivery, whether for rent, security or otherwise under the lease contract, or for any other reason the lessor has a right to withhold or take possession of the goods.

(2) In pursuing its remedies under subsection (1), the lessor may stop delivery until:

(a) receipt of the goods by the lessee;

(b) acknowledgment to the lessee by any bailee of the goods, except a carrier, that the bailee holds the goods for the lessee; or

(c) such an acknowledgment to the lessee by a carrier via reshipment or as warehouseman.

(3)(a) To stop delivery, a lessor shall so notify as to enable the bailee by reasonable diligence to prevent delivery of the goods.

(b) After notification, the bailee shall hold and deliver the goods according to the directions of the lessor, but the lessor is liable to the bailee for any ensuing charges or damages.

(c) A carrier who has issued a nonnegotiable bill of lading is not obliged to obey a notification to stop received from a person other than the consignor.

Section 2A-527. LESSOR'S RIGHTS TO DISPOSE OF GOODS.

(1) After a default by a lessee under the lease contract of the type described in Section 2A-523(1) or 2A-523(3)(a) or after the lessor refuses to deliver or takes possession of goods (Section 2A-525 or 2A-526), or, if agreed, after other default by a lessee, the lessor may dispose of the goods concerned or the undelivered balance thereof by lease, sale, or otherwise.

(2) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 2A-504) or otherwise determined pursuant to agreement of the parties (Sections 1-102(3) and 2A-503), if the disposition is by lease agreement substantially similar to the original lease agreement and the new lease agreement is made in good faith and in a commercially reasonable manner, the lessor may recover from the lessee as damages (i) accrued and unpaid rent as of the date of the commencement of the term of the new lease agreement, (ii) the present value, as of the same date, of the total rent for the then remaining lease term of the original lease agreement minus the present value, as of the same date, of the rent under the new lease agreement applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement, and (iii) any inci-

dental damages allowed under Section 2A-530, less expenses saved in consequence of the lessee's default.

(3) If the lessor's disposition is by lease agreement that for any reason does not qualify for treatment under subsection (2), or is by sale or otherwise, the lessor may recover from the lessee as if the lessor had elected not to dispose of the goods and Section 2A-528 governs.

(4) A subsequent buyer or lessee who buys or leases from the lessor in good faith for value as a result of a disposition under this section takes the goods free of the original lease contract and any rights of the original lessee even though the lessor fails to comply with one or more of the requirements of this Article.

(5) The lessor is not accountable to the lessee for any profit made on any disposition. A lessee who has rightfully rejected or justifiably revoked acceptance shall account to the lessor for any excess over the amount of the lessee's security interest (Section 2A-508(5)).

Section 2A-528. LESSOR'S DAMAGES FOR NONACCEPTANCE, FAILURE TO PAY, REPUDIATION, OR OTHER DEFAULT.

(1) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 2A-504) or otherwise determined pursuant to agreement of the parties (Sections 1-102(3) and 2A-503), if a lessor elects to retain the goods or a lessor elects to dispose of the goods and the disposition is by lease agreement that for any reason does not qualify for treatment under Section 2A-527(2), or is by sale or otherwise, the lessor may recover from the lessee as damages for a default of the type described in Section 2A-523(1) or 2A-523(3)(a), or, if agreed, for other default of the lessee, (i) accrued and unpaid rent as of the date of default if the lessee has never taken possession of the goods, or, if the lessee has taken possession of the goods, as of the date the lessor repossesses the goods or an earlier date on which the lessee makes a tender of the goods to the lessor, (ii) the present value as of the date determined under clause (i) of the total rent for the then remaining lease term of the original lease agreement minus the present value as of the same date of the market rent at the place where the goods are located computed for the same lease term, and (iii) any incidental damages allowed under Section 2A-530, less expenses saved in consequence of the lessee's default.

(2) If the measure of damages provided in subsection (1) is inadequate to put a lessor in as good a position as performance would have, the measure of damages is the present value of the profit, including reasonable overhead, the lessor would have made from full performance by the lessee, together with any incidental damages allowed under Section 2A-530, due allowance for costs reasonably incurred and due credit for payments or proceeds of disposition.

Section 2A-529. LESSOR'S ACTION FOR THE RENT.

(1) After default by the lessee under the lease contract of the type described in Section 2A-523(1) or 2A-523(3)(a) or, if agreed, after other default by the lessee, if the lessor complies with subsection (2), the lessor may recover from the lessee as damages:

(a) for goods accepted by the lessee and not repossessed by or tendered to the lessor, and for conforming goods lost or damaged within a commercially reasonable time after risk

of loss passes to the lessee (Section 2A-219), (i) accrued and unpaid rent as of the date of entry of judgment in favor of the lessor, (ii) the present value as of the same date of the rent for the then remaining lease term of the lease agreement, and (iii) any incidental damages allowed under Section 2A-530, less expenses saved in consequence of the lessee's default; and

(b) for goods identified to the lease contract if the lessor is unable after reasonable effort to dispose of them at a reasonable price or the circumstances reasonably indicate that effort will be unavailing, (i) accrued and unpaid rent as of the date of entry of judgment in favor of the lessor, (ii) the present value as of the same date of the rent for the then remaining lease term of the lease agreement, and (iii) any incidental damages allowed under Section 2A-530, less expenses save in consequence of the lessee's default.

(2) Except as provided in subsection (3), the lessor shall hold for the lessee for the remaining lease term of the lease agreement any goods that have been identified to the lease contract and are in the lessor's control.

(3) The lessor may dispose of the goods at any time before collection of the judgment for damages obtained pursuant to subsection (1). If the disposition is before the end of the remaining lease term of the lease agreement, the lessor's recovery against the lessee for damages is governed by Section 2A-527 or Section 2A-528, and the lessor will cause an appropriate credit to be provided against a judgment for damages to the extent that the amount of the judgment exceeds the recovery available pursuant to Section 2A-527 or 2A-528.

(4) Payment of the judgment for damages obtained pursuant to subsection (1) entitles the lessee to the use and possession of the goods not then disposed of for the remaining lease term of and in accordance with the lease agreement.

(5) After default by the lessee under the lease contract of the type described in Section 2A-523(1) or Section 2A-523(3)(a) or, if agreed, after other default by the lessee, a lessor who is held not entitled to rent under this section must nevertheless be awarded damages for non-acceptance under Section 2A-527 or Section 2A-528.

Section 2A-530. LESSOR'S INCIDENTAL DAMAGES.

Incidental damages to an aggrieved lessor include any commercially reasonable charges, expenses, or commissions incurred in stopping delivery, in the transportation, care and custody of goods after the lessee's default, in connection with return or disposition of the goods, or otherwise resulting from the default.

Section 2A-531. STANDING TO SUE THIRD PARTIES FOR INJURY TO GOODS.

(1) If a third party so deals with goods that have been identified to a lease contract as to cause actionable injury to a party to the lease contract (a) the lessor has a right of action against the third party, and (b) the lessee also has a right of action against the third party if the lessee:

(i) has a security interest in the goods;

(ii) has an insurable interest in the goods; or

(iii) bears the risk of loss under the lease contract or has since the injury assumed

that risk as against the lessor and the goods have been converted or destroyed.

(2) If at the time of the injury the party plaintiff did not bear the risk of loss as against the other party to the lease contract and there is no arrangement between them for disposition of the recovery, his suit or settlement, subject to his own interest, is as a fiduciary for the other party to the lease contract.

(3) Either party with the consent of the other may sue for the benefit of whom it may concern.

Section 2A-532. LESSOR'S RIGHTS TO RESIDUAL INTEREST.

In addition to any other recovery permitted by this Article or other law, the lessor may recover from the lessee an amount that will fully compensate the lessor for any loss of or damage to the lessor's residual interest in the goods caused by the default of the lessee.

SECTION 3. Said chapter 106 is hereby further amended by striking out Section 9-113, as appearing in the 1994 Official Edition, and inserting in place thereof the following section:-

Section 9-113. SECURITY INTERESTS ARISING UNDER ARTICLE ON SALES OR UNDER ARTICLE ON LEASES.

A security interest arising solely under the Article on Sales (Article 2) or the Article on Leases (Article 2A) is subject to the provisions of this Article except that to the extent that and so long as the debtor does not have or does not lawfully obtain possession of the goods:

(a) no security agreement is necessary to make the security interest enforceable; and

(b) no filing is required to perfect the security interest; and

(c) the rights of the secured party on default by the debtor are governed (i) by the Article on Sales (Article 2) in the case of a security interest arising solely under such Article or (ii) by the Article on Leases (Article 2A) in the case of a security interest arising solely under such Article.

SECTION 4. Section 9-318 of said chapter 106, as so appearing, is hereby amended by striking out paragraph (4) and inserting in place thereof the following paragraph:-

(4) A term in any contract between an account debtor and an assignor is ineffective if it prohibits assignment of an account or prohibits creation of a security interest in chattel paper or a general intangible for money due or to become due or requires the account debtor's consent to such assignment or security interest.

SECTION 5. Said chapter 106 is hereby further amended by striking out section 2-316A, as so appearing, and inserting in place thereof the following section:-

Section 2-316A. LIMITATION ON EXCLUSION OR MODIFICATION OF WARRANTIES.

(1) The provisions of section 2-316 shall not apply to the extent provided in this section.

(2) Any language, oral or written, used by a seller or manufacturer of consumer goods and services, which attempts to exclude or modify any implied warranties of merchantability and fitness for a particular purpose or to exclude or modify the consumer's remedies for breach of those warranties, shall be unenforceable.

(3) Any language, oral or written, used by a manufacturer of consumer goods, which attempts to limit or modify a consumer's remedies for breach of such manufacturer's express warranties, shall be unenforceable, unless such manufacturer maintains facilities within the commonwealth sufficient to provide reasonable and expeditious performance of the warranty obligations.

(4) Any language, oral or written, used by a seller or manufacturer of goods and services, which attempts to exclude or modify any implied warranties of merchantability and fitness for a particular purpose or to exclude or modify remedies for breach of those warranties, shall be unenforceable with respect to injury to the person. This subsection does not affect the validity under other law of an agreement between a seller or manufacturer of goods and services and a buyer that is an organization (see Section 1-201(28)), allocating, as between them, the risk of damages from or providing indemnity for breaches of those warranties with respect to injury to the person.

(5) The provisions of this section may not be disclaimed or waived by agreement.

Approved August 29, 1996.

SECTION 8. This act shall take effect upon its passage.

Approved November 13, 1996.

Chapter 415. AN ACT PROVIDING FOR RECALL ELECTIONS IN THE TOWN OF OAKHAM.

Be it enacted, etc., as follows:

SECTION 1. Any holder of an elective office in the town of Oakham may be recalled therefrom by the voters of the town as herein provided.

SECTION 2. Any qualified voter may make and file with the town clerk an affidavit containing the name of the officer sought to be recalled and a statement of the ground for recall. The town clerk shall thereupon deliver to the person filing such affidavit a sufficient number of petition blanks demanding such recall, copies of which printed forms he shall keep available. Said petition blanks may be completed by printing or typing and shall contain the name of the person to whom they were issued, the name of the person sought to be recalled, the office from which recall is sought, and the grounds for recall as stated in the affidavit. They shall demand the election of a successor to the office and they shall be dated, signed and sealed by the town clerk. Such recall petition shall be returned to the office of the town clerk not later than five o'clock in the afternoon on or before the first work day following fourteen days after the date they were issued, signed by at least fifteen percent of the qualified persons registered to vote in the town as of the time such affidavit was filed with the town clerk. To every signature shall be added the place of residence of the signer, giving the street and number, if any.

The town clerk shall, within seventy-two hours following the day of such filing with the office of the town clerk, submit the recall petition forms to the board of registrars of voters which shall, within five working days after the day of receipt, certify in writing thereon the number of signatures which are those of qualified persons registered to vote in the town as of the date such affidavit was filed with the town clerk. The board of registrars of voters, upon the completion of their certification, shall return the recall petition forms to the town clerk.

SECTION 3. If said recall petition forms shall be certified by the board of registrars of voters to contain at least fifteen percent of the qualified persons registered to vote, and if the petition shall be found and certified by the town clerk to be sufficient, the town clerk shall give notice without delay, in writing, to the elected officer whose recall is sought by sending to said officer a copy of the affidavit and the recall petition form together with notice of the number of qualified voters certified by the board of registrars of voters who signed the recall petition forms and the total number of qualified voters in the town as of the most recent town election.

If the officer to whom notice is directed by the town clerk does not resign the office within five days following receipt of the aforesaid notice from the town clerk, the town clerk shall give notice in writing to the board of selectmen not later than one working day following the expiration of the foregoing five days. The board of selectmen shall order a special election to be held not less than sixty nor more than ninety days after the receipt of notice from the town clerk as aforesaid. If, however, any other town election is to be held within one hundred days of receipt by the board of selectmen of notice from the town clerk, the recall election shall be postponed and shall be held at such time and in conjunction with

such other election. If a vacancy occurs in the office for any reason after a recall election has been ordered by the board of selectmen, the recall election shall nevertheless proceed as provided for herein.

SECTION 4. Any officer sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the town clerk shall place his name on the ballot without nomination. The number of signatures of qualified voters required to place the name of a candidate on the official ballot for use at a recall election shall not be less than fifty. The publication of the warrant for the recall election and the conduct of the recall election shall be in accordance with the General Laws regulating elections, unless otherwise provided in this act.

SECTION 5. The incumbent shall continue to perform the duties of his office until the recall election. If then re-elected, he shall continue in office for the remainder of his unexpired term subject to recall as before, except as provided in section seven. If not re-elected in the recall election, he shall be deemed removed upon the qualification of his successor, who shall hold office during the unexpired term. If the successor fails to qualify within five days after receiving notification of his election, the incumbent shall thereupon be deemed removed and the office vacant.

Immediately at the right of each proposition there shall be a square in which the voter, by making a cross mark (x) may vote for either of such propositions. Be it enacted, etc., as follows:

SECTION 1. Notwithstanding the provisions of section forty-two of chapter forty-eight of the General Laws, members of the Westborough fire department who are members of the collective bargaining unit shall serve a probationary period as provided for in the collective bargaining agreement. SECTION 2. This act shall take effect upon its passage.

Approved January 2, 1997.

Chapter 457. AN ACT AUTHORIZING THE COMMISSIONER OF THE DIVISION OF CAPITAL PLANNING AND OPERATIONS TO ENTER INTO CERTAIN LEASE AGREEMENTS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately authorize the commissioner of the division of capital planning and operations to enter into certain lease agreements, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Notwithstanding the provisions of sections forty F½, forty H, and forty I of chapter seven of the General Laws or any other general or special law to the contrary, the commissioner of the division of capital planning and operations is hereby authorized to enter into a lease agreement with the Good Shepherd Association, so-called,

for real estate known as Our Lady of Lourdes School as the convent building and other portions of the facility determined by the parties on the premises located in the city of Springfield.

The term of said lease agreement shall be for five years, with an option to renew for up to five additional years if the commissioner of the department of youth services and the commissioner of the division of capital planning and operations approve such option to renew, in writing. The lessee shall use the property solely for the purposes of said Good Shepherd Association. It shall be considered a breach of the lease if said parcel of land and building cease to be used for the purposes described herein or are used for any other purposes and said breach shall result in the termination of said lease and all interest therein shall revert to the commonwealth upon notice to the Good Shepherd Association by said commissioner of the division of capital planning and operations.

The terms of the lease agreement shall be determined by said commissioner of the division of capital planning and operations. The lease price paid by the lessee for said parcel shall be the full and fair market value of the property as determined by independent appraisal, for its use as described herein. The inspector general shall review and approve said appraisal and said review shall include an examination of the methodology utilized for said appraisal and the terms of said lease agreement. Said lessee shall pay such lease price in accordance with the terms of this agreement. The lessee shall be responsible for all costs and expenses of appraisals and other expenses relating to the lease of the property authorized by this section, and for all costs, expenses, and liabilities of every nature and kind for the use, occupancy, maintenance, repair, replacement and operation of the property subject to the lease. The lessee shall maintain insurance coverage on said property in an amount to be determined by the said commissioner. The commonwealth assumes no obligation for any injury or damage sustained on the leased property which shall be the total and exclusive responsibility of the lessee.

SECTION 2. (*a*) To provide additional facilities for the University of Massachusetts at Dartmouth in the downtown area of the city of New Bedford, the commissioner of the division of capital planning and operations is hereby authorized, notwithstanding the provisions of chapter seven of the General Laws to the contrary, to negotiate and enter into a lease having a term of up to twenty years, including such options for the commonwealth to extend said term as the commissioner may determine, after consulting with the chancellor of the University of Massachusetts at Dartmouth, for land, buildings and improvements in the Commercial Area Revitalization Central Business district, so-called, of said city of New Bedford.

Said lease shall be for use of the property by said university for a campus facility in the downtown area of said city of New Bedford. The developer selected pursuant to the provisions of this subsection shall be the landlord under the lease and shall be obliged to construct the improvements required under this section. Funding for said lease shall be subject to annual appropriation by the general court and to annual authorization for expenditure of said funds by the secretary of administration and finance and the board of trustees of the University of Massachusetts, and shall contain such other terms as shall be

required by the commissioner.

The commissioner is hereby authorized to select the developer of the property. Said commissioner shall establish competitive and public processes for the selection of said developer, which processes shall include: the issuance of requests for proposals containing the date, time and place for the submission of proposals, the developer selection criteria, and the required content for proposals; public advertisement for the issuance of said requests for proposals; and the use of selection criteria which shall include the experience, qualifications, capability and financial viability of the developer, designer or construction contractor as the case may be, the cost to the commonwealth, and the financial and other benefits to the commonwealth and the local community. Said commissioner shall also select the designer and construction contractor pursuant to the process established by said commissioner.

The acquisition, lease, construction, renovation, design, development, and management of the property as authorized by this section, and any contract relating thereto, shall be exempt from the provisions of said chapter seven, section thirty-nine M of chapter thirty, sections forty-four A to forty-four J, inclusive, of chapter one hundred and forty-nine of the General Laws, and any other general or special law or regulation governing acquisition, leasing, construction, renovation, design, development and management of real or personal property by or for the commonwealth or municipality. Notwithstanding the foregoing all contractors and subcontractors engaged in the construction or renovation of improvements at the property shall pay the wages determined under the provisions of sections twenty-six to twenty-seven H, inclusive, of said chapter one hundred and forty-nine.

(*b*) The lease authorized in this section shall include final plans and specifications at one-hundred percent design stage, ready for construction, and containing such improvements to the property as are necessary for the University of Massachusetts at Dartmouth for its downtown New Bedford campus facility as determined by the commissioner in consultation with the chancellor of said university. Such plans and specifications shall be prepared by the designer selected pursuant to the provisions of subsection (*a*). Said lease shall require the developer to construct the improvements shown in said plans and specifications and said lease shall not be executed until the completion and incorporation of such plans and specifications.

(*c*) The lease authorized by this section shall contain an option for the commonwealth to purchase the property which shall be exercisable during the lease term, or at the end of the lease term, or any extension thereof. The commonwealth, if it exercises said option to purchase, may purchase the property, subject to appropriation, for not more than the fair market value of the property at the time of exercise of the option, taking into account any rental and other payments made by the commonwealth under the terms of said lease. Said commissioner is hereby authorized, notwithstanding said chapter seven, to exercise said option and to acquire the property on behalf of the commonwealth.

(*d*) The developer who is the landlord under the lease authorized by this section shall pay for all surveys, plans and specifications and other costs and expenses associated with the improvements to the property required under the lease and all costs and expenses associated with the leasing process as required by the commissioner, and shall be responsible for, and

indemnify the commonwealth from and against, all costs and liabilities associated with, the environmental condition of the property.

(*e*) The lease authorized by this section shall be in a form approved by the attorney general. The negotiated lease price for any parcel or site pursuant to this section shall be for not more than fair market value determined by independent appraisal, for the uses described in subsection (*a*). The inspector general shall review and approve said appraisal and said review shall include an examination of the methodology utilized for said appraisal. Said inspector general shall review and approve the reasonableness and appropriateness of the process and criteria, as such protect the public interest, established by the commissioner of the division of capital planning and operations for the selection of any developer, designer and construction contractor pursuant to the provisions of subsection (*a*). Said inspector general shall prepare a report of his review and file said report with the commissioner, the house and senate committees on ways and means and the joint committee on state administration.

(*f*) Said commissioner shall, thirty days before the execution of any lease agreement authorized by this section, or any subsequent amendment thereof, submit the agreement or amendment and a report thereon to the inspector general for his review and approval. Said inspector general shall issue his review and comment within fifteen days of receipt of any agreement or amendment. Said commissioner shall submit the agreement and any subsequent amendments thereof, the reports, and the comments of the inspector general, if any, to the house and senate committees on ways and means and the chairmen of the joint committee on state administration at least fifteen days prior to execution.

(*g*) The chancellor of the University of Massachusetts at Dartmouth shall submit sixty days after the effective date of this act, but in no event after the inspector general receives the lease agreement pursuant to the provisions of subsection (*f*), a financial plan and an operating plan for any property used, owned, leased or maintained by said university in said city of New Bedford after the effective date of this act. Said plans shall include, but not be limited to:

(1) A financial and operating plan for the continued use or discontinued use by said university campus of any property in said city of New Bedford in use on the effective date of this act, including current and future fiscal year costs of such usage and any savings resulting from the discontinued use of said property;

(2) A financial plan for any new property lease pursuant to this section, including current and future fiscal year lease payments, utility costs, maintenance and operating costs and capital replacement reserves;

(3) Revenue sources proposed to fund any net increase in lease, maintenance and operating costs resulting from said newly leased property in excess of the amounts paid by the said university as identified by clause (1);

(4) An operating plan for any new property leased pursuant to this section detailing the proposed usage and hours of operation of said property, the programs, services and administrative operations proposed to be located at said new property, any proposed subleases of said new property to parties other than the said university-Dartmouth campus

and revenues resulting from said subleases and the full-time or contracted personnel proposed to maintain and operate said new property.

The future fiscal year cost projections required by clauses (1) and (2) shall be for the term of any lease authorized by this section.

Approved January 6, 1997.

The commissioner may suspend the requirements of the previous paragraph from time to time for such a length of time as deemed necessary, but not exceeding two years, upon determination that the interests of the producers would be best served by a suspension; provided, however, that the commissioner shall not suspend said requirements if the balance of said fund does not exceed one million dollars. The commissioner shall provide thirty days' written notice of any suspension or reinstatement of payments into said fund to the house and senate committees on ways and means and to all dealers and producers affected.

Chapter 459. AN ACT VALIDATING CERTAIN ACTIONS TAKEN AT THE ANNUAL TOWN MEETING OF THE TOWN OF HALIFAX.

Be it enacted, etc., as follows:

SECTION 1. Notwithstanding the provisions of any general or special law to the contrary, all acts and proceedings of the town of Halifax at its annual town meeting held on May thirteenth, nineteen hundred and ninety-six and all actions taken pursuant thereto are hereby ratified, validated and confirmed to the same extent as if the warrant for such meeting had been published and posted as required by law.

SECTION 2. This act shall take effect upon its passage.

Approved January 6, 1997.

Chapter 460. AN ACT AUTHORIZING THE ESTABLISHMENT OF THE WATERTOWN ARSENAL DEVELOPMENT CORPORATION.

Be it enacted, etc., as follows:

SECTION 1. It is hereby found that there exists within the town of Watertown underutilized property owned by the town or by the federal government, which property is surplus to current and projected governmental need; that such surplus property is a significant resource which, if returned to productive economic use, would contribute to the provision of gainful employment, additional housing opportunities for persons of all incomes, increased revenue of the commonwealth and the town, and a more stable economy; and that the acquisition, development or disposition of such property in accordance with an economic development plan is a valid public purpose. Therefore, it is the purpose of the corporation created by this act to aid private enterprise or public agencies in the speedy and orderly conversion and redevelopment of certain land within the town formerly used for military activities to nonmilitary uses, including industrial, commercial and residential uses, and in the development and redevelopment of this surplus governmental property to stimulate economic development including industrial, commercial and residential uses in order to prevent blight, economic dislocation and additional unemployment.

It is hereby further found that decadent, substandard or blighted open areas exist in the town; that each such area constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of the town; that each such area constitutes an economic liability, substantially impairs or arrests the sound growth of the town and retards its economic well being; that each decreases the value of private investments and threatens the sources of public revenue; that redevelopment of each such area in accordance with an economic development plan for the elimination of substandard conditions and the prevention of their recurrence is necessary to retain existing industries, businesses and residents, attract new industries, businesses and residents, and promote the sound economic growth of the town. It is hereby further found that the menace of such decadent, substandard or blighted open areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aid herein provided; that the acquisition of property for the purpose of eliminating decadent, substandard, or blighted open conditions therein, preventing recurrence of such conditions in the area, the removal of structures and improvement of sites for industrial, commercial and residential uses, the disposition of the property for redevelopment incidental to the foregoing, the exercise of powers by the corporation and any assistance which may be given by the town, or any other public body in connection therewith, are public uses and purposes for which pubic money may be expended.

SECTION 2. As used in this act the following words shall, unless a different meaning clearly appears from the context, have the following meanings:

"Arsenal reuse committee", the committee established by the Watertown town manager and town council in nineteen hundred and eighty-nine for the purpose of recommending appropriate reuses for the Army Materials Technology Laboratory, herein-

after referred to as AMTL and to oversee the environmental restoration of the AMTL site.

"Corporation", the Watertown Arsenal Development Corporation established by section three.

"Cost of a project", all costs, whether incurred prior to or after the issue of bonds or notes hereunder, of acquisition, site development, construction, improvement, enlargement, reconstruction, alteration, machinery, equipment, furnishings, demolition or removal of existing buildings or structures, including the cost of acquiring any lands to which such buildings or structures may be moved, financing charges, interest prior to and during the carrying out of any project, interest for up to two years after completion or estimated completion date of any project, planning, engineering and legal service, administrative expense, the funding of notes issued for capital purposes, such reserve for debt service or other capital or current expenses as may be required by a trust agreement or resolution securing notes or bonds, and all other expenses incidental to the determination of the feasibility of any project or to carrying out the project or to placing the project in operation.

"Economic development area", any blighted open area or any decadent area, as defined in section one of chapter one hundred and twenty-one B of the General Laws, which is located in the town. For the purposes of this act, an economic development area shall be located only within the property formerly used by the AMTL.

"Economic development plan", a detailed plan, as it shall be approved from time to time by vote of the town council as herein provided, for one or more economic development projects within an economic development area, which plan shall at a minimum indicate the boundaries of the area, indicate intended land acquisition areas and establish the appropriate land uses for the area, such that the approved plan shall have the same effect as a zoning overlay district approved by the town council. The plan shall include design guidelines and siting standards. The plan shall also describe the process by which the corporation shall notify the public of the availability of development sites within the economic development area in order to encourage competing development proposals and shall include the criteria that will be used in judging the development proposals submitted to assure maximum overall public benefits. The plan as adopted will, for purposes of chapter thirty B of the General Laws, be considered the plan required by clause (25) of subsection (b) of section one of said chapter thirty B.

"Economic development project", (1) a project to be undertaken in accordance with an economic development plan for acquisition by the corporation of land and the improvements thereon, if any, within an economic development area covered by an economic development plan and for clearance and development of the land so acquired; or (2) a project for the rehabilitation or conservation of an economic development area, or for the demolition, removal, or rehabilitation of improvements on land within an economic development area whenever necessary to eliminate unhealthful, unsanitary or unsafe conditions, lessen density, mitigate or eliminate traffic congestion, reduce traffic hazards, or eliminate obsolete or other uses detrimental to the public welfare; or (3) a project involving any combination of the foregoing types of projects. An economic development project may include improvements necessary for carrying out the objectives of the economic

development project, together with such site improvements as are necessary for the preparation of any site for uses in accordance with the economic development plan, and making any land or improvements acquired in the area of the project available for redevelopment or rehabilitation by private enterprise, including sale, initial leasing or retention by the corporation for light industrial or manufacturing, commercial or residential uses in accordance with the economic development plan. An economic development project may also include the construction or demolition by the corporation, or a designated public or private entity, of any of the buildings, structures or other facilities for uses contemplated by the economic development plan and the repair, removal or rehabilitation by the corporation or a designated public or private entity of any of the buildings, structures or other facilities located in the area in accordance with the economic development plan.

"Town", the city known as the town of Watertown.

SECTION 3. The town is hereby authorized to organize the Watertown Arsenal Development Corporation, a public body politic and corporate, hereinafter referred to as the corporation. No such corporation, however, shall be organized, transact any business, employ any personnel or exercise any powers until the town council with the recommendation of the town manager shall by vote declare a need for such a corporation to assist with the conversion and redevelopment of land formerly used for military purposes to nonmilitary uses and to develop decadent, substandard and blighted open areas as security against future unemployment because a lack of business opportunity and a lack of sufficient residential units is hampering efforts aimed at attracting new industry and commerce into the town and substantially expanding existing industry, commerce and housing and that an economic development project or projects financed under this act and implemented by such a corporation would alleviate unemployment, lack of business opportunity and residential problems.

The corporation shall be managed by a board of directors consisting of nine members, six of whom shall be appointed by the town manager and approved by the town council. The three remaining members shall be members of the town council, all of whom shall be approved by a majority vote of the town council. In the event that a council member's term on the town council terminates prior to the end of that member's appointment as a member of the board of directors, the vacancy shall be filled by the council president, by appointment, for the unexpired term. Of the six members to be appointed by the town manager, at least one shall be experienced in financial matters, one in real estate matters and one shall be a representative of the legal profession. All members of the board of directors shall be residents of the town. The town manager shall designate one of the nine members as chairman and another as vice-chairman. Each of the nine members shall be sworn to the faithful performance of his official duties as a director of the corporation. A majority of the nine directors shall constitute a quorum for the transaction of any business, but any action of the board of directors shall require the affirmative vote of a majority of the entire board. For the purposes of section eleven A of chapter thirty A of the General Laws, the corporation shall be deemed to be an authority established by the general court to serve a public purpose in the commonwealth. The original members of the board of directors of the corporation

shall be chosen as soon as possible following the effective date of this act. All shall serve for an initial period ending on May fifteenth, nineteen hundred and ninety-seven and then for an additional term according to their appointments. Of the members of the board of directors of the corporation first appointed, three shall be appointed to serve for one year from May fifteenth, nineteen hundred and ninety-seven, three for two years from said date, and three for three years from said date. All terms thereafter shall be for three years. Upon the expiration of the term of office of any such member of the board of directors, or of any subsequent member of the board of directors, his successor shall be appointed in like manner for a term of three years. In the event of a vacancy in the office of a member of the board of directors appointed by the town manager, a substitute member shall be appointed in like manner to serve for the unexpired term. Unless reappointed, no member of the board of directors of the corporation shall hold office after the expiration of his term; and the appointment of a successor to any person whose term has expired shall be for the remainder of the term which would have begun at such expiration if the successor had then been appointed.

Any member of the board of directors may be removed by the town manager, with the approval of town council, for malfeasance, misfeasance, or willful neglect of duty, but only after reasonable notice and a public hearing by the town council, unless the same are in writing expressly waived. For purposes of chapter two hundred and sixty-eight A of the General Laws, the members of the board of directors of the corporation shall be deemed to be special municipal employees.

The members of the board of directors of the corporation shall receive no compensation for the performance of their duties hereunder, but each member shall be reimbursed for expenses actually incurred in the performance of his duties. Every such reimbursement shall be open to public inspection from and after the requisition therefor.

The corporation may be dissolved if the town council shall by vote declare that there is no longer a need for the corporation to provide the redevelopment and conversion assistance and development services described in the first paragraph and that the purpose of the corporation, as set forth in section one, has been fulfilled. Following a vote of dissolution as described herein, the corporation shall transact only such business as is necessary to conclude its affairs.

SECTION 4. The board of directors of the corporation shall adopt a corporate seal for the corporation, and designate the custodian thereof. The directors may from time to time appoint and at pleasure remove a clerk, a treasurer or such other officers of the corporation as they may deem necessary, and may determine their duties and their compensation, which shall be paid by the corporation; shall cause at all times accurate accounts to be kept of all receipts and expenditures of the funds of the corporation; and shall make a report annually to the town, containing an abstract of such accounts and detailed information of all receipts and expenditures, including prices paid for land purchased or taken and any buildings constructed thereon, contracts for construction of facilities and for the leasing thereof, and such other detailed information as may be deemed helpful. The office of treasurer and clerk may be held by the same person. The corporation shall cause

an audit of its books and accounts to be made at least once in each fiscal year by certified public accountants and the cost thereof shall be treated as an item of current expense. Except as otherwise provided in this act, the corporation shall have full power to exercise care of its property and the management of its business and affairs, and to sell and convey any real estate or other property not needed for its business or affairs, by deed or other instrument sealed with the corporate seal, signed and acknowledged by a majority of the board of directors or in like manner to authorize such sale and conveyance by any of its officers or agents. The treasurer shall give bond for the faithful performance of his duties, with a surety company authorized to do business in this commonwealth as surety, in such sum as the said board may determine, the premium therefor to be paid by the corporation. Neither chapter thirty-one of the General Laws nor any rule made thereunder shall apply to any person employed or engaged by the corporation under this act. For the purposes of chapter two hundred and sixty-eight A or paragraph (7) of section forty-four D of chapter one hundred and forty-nine of the General Laws, the corporation shall be considered a municipal agency and, without limiting the power of the town to classify additional special municipal employees pursuant to said chapter, any person who performs professional services for the corporation on a part-time, intermittent or consultant basis, such as those of architect, attorney, engineer, planner, or construction, financial, real estate or traffic expert, shall be considered a special municipal employee.

SECTION 5. The corporation is hereby authorized:

(*a*) To sue and be sued in its own name, and plead and be impleaded.

(*b*) To adopt rules for the regulation of its affairs and the conduct of its business, and to alter the same at its pleasure.

(*c*) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, and to employ consulting engineers, superintendents, managers, and such other engineers, construction and accounting experts and attorneys and such other employees, agents and consultants as may be necessary in its judgment, and to fix their compensation.

(*d*) To receive and accept from any federal agency, the commonwealth or the town grants, loans or advances for or in aid of an economic development project or projects and to receive and accept contributions from any source of either money, property, labor or other things of value, to be held, used and applied for the purposes for which such grants, loans, advances and contributions may be made. The town may borrow outside its debt limits to obtain money for loans to the corporation, or within its debt limits to obtain money for grants to the corporation.

(*e*) To borrow money and to borrow money against its income stream as well as its assets, and, from time to time, to make, accept, endorse and execute promissory notes, bills of exchange, and other obligations of the corporation, for moneys borrowed or in payment for property acquired or for any of the other purposes of the corporation, and to secure the payment of such obligations by mortgage, pledge, deed, indenture, agreement, or other instrument of trust, or by other lien upon, assignment of, or agreement in regard to all or any part of the property, rights, or privileges of the corporation.

(*f*) To invest any funds not required for immediate use or disbursement in certificates of deposit or in obligations of the government of the United States or in obligations the payment of the principal of, and interest on, which is guaranteed by the government of the United States; and subject to a specific vote of the board of directors, to invest funds in any fashion in which municipal funds may be invested pursuant to the provisions of chapter forty-four of the General Laws.

(*g*) To provide such advisory services and technical assistance as may be necessary or desirable to carry out the purposes of this act.

(*h*) To prepare or cause to be prepared plans, designs, drawings, specifications and estimates of cost for the construction, reconstruction, development, redevelopment, rehabilitation, remodeling, alteration or repair of economic development projects and from time to time modify such plans, designs, drawings, specifications and estimates.

(*i*) Subject to the approval of the town, by vote of the town council, to designate areas of the town within the AMTL site as economic development areas.

(*j*) To acquire and hold by bequest, devise, grant, gift, purchase, exchange, lease, judicial order or decree, or otherwise, for any of its objects and purposes, any property, either real or personal, or any interest therein; and without limiting the generality of the foregoing, to acquire by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper.

(*k*) To procure insurance against any loss in connection with its property and other assets and operations in such amounts and from such insurers as it deems desirable.

(*l*) To clear and improve property acquired by it, and to engage in or contract for the construction, reconstruction, development, redevelopment, rehabilitation, remodeling, alteration or repair thereof.

(*m*) To arrange or contract with the town for the planning, replanning, opening, grading or closing of streets, roads, alleys or other places or for the furnishing of facilities or for the acquisition by the town of property or property rights or for the furnishing of property or services in connection with an economic development project or projects.

(*n*) To sell, convey, mortgage, lease, transfer, option, exchange or otherwise dispose of, any property, either real or personal, or any interest therein, as the objects and purposes of the corporation may require, subject to such limitations as may be prescribed by law.

(*o*) To loan on mortgages, including purchase money mortgages, on real estate and personal property within economic development areas, to foreclose the same when in default, and to bid for and purchase property at any foreclosure or other sale; and in such event, to deal with such property in such manner as may be necessary or desirable to protect the interests of the corporation therein.

(*p*) To manage any economic development project whether owned or leased by the corporation and to enter into agreements with the commonwealth or the town or any agency or instrumentality thereof or with any person, firm, partnership or corporation either public or private for the purpose of causing any project to be managed.

(*q*) To act with respect to one or more projects as a corporation organized under section three or section eighteen B of chapter one hundred and twenty-one A of the General

Laws; provided, however, that the accounts for each project shall be kept separately, and the income of one project shall not be expended upon or for the benefit of another project.

(*r*) To do all acts and things necessary or convenient to carry out the powers expressly granted in this act.

SECTION 6. No economic development project shall be undertaken until (*a*) a public hearing relating to the economic development plan covering such project has been held by the corporation after due notice which shall include publication in a local newspaper of local circulation at least ten days in advance of said hearing; (*b*) the economic development plan has been approved by a majority vote of the town council with the recommendation of either the corporation or the arsenal reuse committee. If no economic development project covered by an economic development plan is commenced within seven years after the approval of such plan and the acquisition by the corporation of the land included in the economic development plan, the approval of such plan shall lapse.

Every economic development plan submitted to the town for approval under this act (*i*) shall require that every person conducting a business located in whole or in part in the economic development area covered by such plan during the period of twenty years after the approval of such plan, make every reasonable effort, in employing persons in his business, to give to the fullest practicable extent preference to residents of the town and (*ii*) shall prepare an annual report on the implementation of such plan for the corporation.

Notice of the public hearing required by the first paragraph of this section shall be given by the corporation to (1) such persons, groups and organizations as have requested in writing that such notice be given them, (2) any department or agency of the town which is likely in the judgment of the corporation to have an actual or potential interest in the economic development plan, (3) the senator for the senatorial district or districts and the representative for the representative district or districts of the commonwealth within which the economic development area or any part thereof lies, and (4) community groups known to the corporation that provide services or conduct programs within any portion of the economic development area. In the course of preparing an economic development plan, the corporation shall consult with each of the aforesaid so far as in the judgment of the corporation it is practicable.

If an economic development plan is so approved by the town the corporation shall have the powers and duties imposed by this act to undertake and carry out the economic development projects covered by such plan.

SECTION 7. The corporation shall be liable in contract and in tort in the same manner as a municipal corporation. The directors, employees, officers and agents of the corporation shall not be liable as such on its contracts or for torts not committed or directly authorized by them. The property or funds of the corporation shall not be subject to attachment or to levy and sale on execution, but if the corporation refuses to pay a judgment entered against it in any court of competent jurisdiction, the superior court, sitting within and for the county in which the corporation is situated, may, by writ of mandamus, direct the treasurer of such corporation to pay such judgment. The real estate owned by the corporation shall not be subject to liens under chapter two hundred and fifty-four of the

General Laws but the provisions of sections twenty-eight and twenty-nine of chapter one hundred and forty-nine of the General Laws shall be applicable to any construction work by the corporation.

SECTION 8. The real estate and tangible personal property of the corporation shall be deemed to be public property used for essential public and governmental purposes and shall be exempt from taxation and from betterments and special assessments; provided, however, that in lieu of such taxes, betterments and special assessments, the town may determine a sum to be paid to it annually in any year or period of years, such sum to be in any year not in excess of the amount that would be levied at the then current tax rate upon the average of the assessed value of such real estate, including buildings and other structures, for the three years preceding the year of acquisition thereof, the valuation for each year being reduced by all abatements thereon.

The town may, however, agree with the corporation upon the payments to be made, or the corporation may make and the town may accept such payments, the amount of which shall not in either case be subject to the foregoing limitation.

Nothing in this act shall be construed to prevent the taxation, to the same extent and in the same manner as other real estate is taxed, of real estate sold or otherwise transferred by the corporation pursuant to an economic development project, or the taxation to the same extent and in the same manner as real estate of the commonwealth is taxed, of real estate acquired by the corporation pursuant to an economic development project and thereafter leased by the corporation; provided, however, that real estate so acquired by the corporation and sold or leased to an urban redevelopment corporation or other entity operating under chapter one hundred and twenty-one A of the General Laws or to an insurance company or savings bank or group of savings banks operating under said chapter, shall be taxed as provided in said chapter and not otherwise. In addition, so long as the corporation owns a parcel of land within an economic development area and has a reversionary interest in any building constructed upon such parcel, the town may enter into a payment in lieu of tax agreement with the corporation even though the parcel as improved is leased to a for-profit entity.

The corporation and the debentures issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free from taxation by the commonwealth or any subdivision thereof.

SECTION 9. The town may borrow or otherwise appropriate, or may agree with the corporation or with the federal government or the commonwealth to borrow or otherwise appropriate, in aid of the corporation, such sums as may be necessary to carry out the purposes and powers of the corporation, including defraying part of the development, acquisition and operating costs of any economic development project. Indebtedness of the town authorized under this section shall be outside the limit of indebtedness prescribed in section ten of chapter forty-four of the General Laws and shall be payable within twenty years and otherwise subject to sections sixteen to twenty-seven, inclusive, of said chapter forty-four; provided, however, that the total amount of indebtedness of the town outstanding at any one time under this section and clauses one, two, and four of section twenty of chapter

one hundred and twenty-one B of the General Laws shall not exceed five percent of the town's equalized valuation as defined in section one of said chapter forty-four. Indebtedness incurred under this act shall also be subject to approval under section twenty-two of said chapter one hundred and twenty-one B in like manner as indebtedness incurred under said section twenty.

SECTION 10. Insofar as the provisions of this act are inconsistent with the provisions of any other law, general or special, excluding the state building code or any corresponding ordinance or regulation of the town, the provisions of this act shall be controlling.

SECTION 2. Said chapter 183 is hereby further amended by inserting after section 54B the following section:-

Section 54C. (b) in the event the mortgagor is no longer the record owner of the premises and cannot be located, an affidavit executed under the pains and penalties of perjury by an owner of record for more than three years other than the mortgagor, who purchased the premises subsequent to the recording of the mortgage, and whose recorded deed made no reference to the mortgage remaining outstanding, stating as follows: that said owner purchased the premises in good faith and for value in the belief that the premises were not encumbered by the mortgage; that said owner has not made any payments on account of the mortgage; and that no claims have been made under the mortgage subsequent to said purchase against said owner, and

(ii) an affidavit executed by the attorney who, pursuant to a payoff statement from said mortgage servicer, transmitted funds to said mortgage servicer sufficient to satisfy in full the outstanding balance of the loan secured by such mortgage, affirming the inability to obtain any of said documents despite sending a demand by registered or certified mail to the servicer and the holder of record at their last known addresses at least thirty days prior, the payment in full of said outstanding balance of the mortgage loan, and the acceptance thereof by said mortgage servicer. Evidence of such acceptance in the form of a cancelled check or otherwise shall be attached to said affidavit.

(B) In the case of a note holder who is not the holder of record of the mortgage deed: an original or photostatic copy of the note, with the endorsements thereon evidencing the transfer of ownership of such note to said holder, shall be duly recorded with or referenced in such discharge. Such copy shall contain a certificate by the note holder that it is a true copy of the original document.

The provisions of this section shall apply to discharges executed on and after the effective date of this act relative to mortgages recorded prior to, on and after said effective date.

SECTION 3. Said chapter 183 is hereby further amended by striking out section 55, as appearing in the 1994 Official Edition, and inserting in place thereof the following section:-

Section 55. A mortgagee, mortgage holder, mortgage servicer, or note holder, who

has accepted full payment and satisfaction of the conditions of a mortgage in accordance with a payoff statement issued by such mortgagee, mortgage holder, mortgage servicer or note holder, as the case may be, and who refuses or neglects to provide a duly executed deed of release or written acknowledgement of payment or satisfaction of the debt thereby secured, or of the conditions therein contained, or to provide such supporting documents as may be required by section fifty-four C, relative to such mortgage within forty-five days after such acceptance shall be liable in damages to the owner of the equity of redemption or his successors in an amount equal to the actual damages sustained by said owner or his successors as the result of such refusal or neglect in addition to all other remedies available at law.

Notwithstanding the foregoing, if such mortgagee, mortgage holder, mortgage servicer, or note holder fails to provide a duly executed deed of release or written acknowledgement of payment or satisfaction of the debt secured by the mortgage, or of the conditions therein contained, within thirty days from receipt and acceptance of payment in accordance with a written payoff statement furnished to the mortgagor by such mortgagee, mortgage holder, mortgage servicer or note holder, as the case may be, an attorney-at-law licensed to practice in the commonwealth may, on behalf of the mortgagor, his executor, administrator, successor, assignee, transferee, or his transferee's mortgagee, execute and cause to be recorded in the registry of deeds in which the mortgage is recorded, an affidavit which states that:-

(1) the affiant is an attorney-at-law in good standing and licensed to practice in the commonwealth;

(2) the affidavit is made on behalf of and at the request of the mortgagor, his executor, administrator, successor, assignee or transferee, or his transferee's mortgagee;

(3) the mortgagee, mortgage holder, mortgage servicer, or note holder, has provided a written payoff statement with respect to the loan secured by the mortgage;

(4) the affiant has ascertained that the mortgagee, mortgage holder, mortgage servicer, or note holder, has received payment of the loan secured by the mortgage in accordance with the payoff statement, as evidenced by a bank check, certified check or attorney's clients' funds account check which has been negotiated by the mortgagee, mortgage holder, mortgage servicer, or note holder, or by other documentary evidence of such receipt of payment;

(5) more than thirty days have lapsed since such payment was received by the mortgagee, mortgage holder, mortgage servicer, or note holder;

(6) the affiant has given the mortgagee, mortgage holder, mortgage servicer, or note holder at least fifteen days notice in writing by certified mail of his intention to execute and cause to be recorded an affidavit in accordance with this section, together with a copy of the proposed affidavit; and that the mortgagee, mortgage holder, mortgage servicer, or note holder has not delivered a discharge or deed of release in response to such notification and that the mortgagor has complied with any request made by the mortgagee, mortgage holder, mortgage servicer, or note holder for additional payment at least fifteen days prior to the date of the affidavit.

If the payoff was made to a note holder who was not a mortgagee or mortgage holder, an original or photostatic copy of the note, with the endorsements thereon evidencing the transfer of ownership of such note to said holder, shall be duly recorded and referenced in such affidavit, and such affidavit will operate as a discharge and release of lien as aforesaid only as to a federally related mortgage. Such copy shall contain a certificate by the note holder that it is a true copy of the original document.

If the payoff was made to a mortgage servicer who was not a mortgagee or mortgage holder, such affidavit shall operate as a discharge and release of lien as aforesaid only as to a federally related mortgage and only so long as, in addition to such affidavit, one or more of the following are also duly recorded and referenced in such affidavit: an original or photostatic copy of the servicing agreement, power of attorney or other document evidencing the authority of the mortgage servicer to service the mortgage, with said copy containing a certification by the mortgage servicer or the party giving servicing authority that it is a true copy of the original instrument; or an affidavit of the mortgagor or an owner of record pursuant to clause (i) of subparagraph (2) of paragraph (A) of section fifty-four C.

The affidavit shall also include the names and addresses of both the mortgagor and the mortgagee, mortgage holder, mortgage servicer or note holder, as the case may be, the date of the mortgage and the title reference. Similar information shall be included with respect to any recorded assignment of the mortgage.

The affiant shall attach to the affidavit (a) photostatic copies of the documentary evidence that payment has been received by the mortgagee, mortgage holder, mortgage servicer, or note holder, including endorsement of any bank check, certified check or attorney's client funds account check, and (b) a photostatic copy of the payoff statement, and shall certify on each that it is a true copy of the original document.

The affidavit, when so recorded, shall constitute a discharge of the mortgage and a release of the lien created by such mortgage on the mortgaged premises.

Any person who causes any such affidavit to be recorded in accordance with this section, knowing information and statements contained therein to be false, shall be punished by a fine of not more than five thousand dollars in addition to all other remedies at law.

Section 48. Immediately upon the entry of the judgement of registration, the recorder shall send a certified copy thereof, under the seal of the court, to the register of deeds for the

district or districts where the land lies, and the register, as assistant recorder, shall transcribe the judgement in a book to be called the registration book, in which a leaf or leaves in consecutive order shall be devoted exclusively to each title, and note therein the day, hour and minute when said judgement is transcribed. The entry made by the assistant recorder in this book in each case shall be the original certificate of title, shall be signed by him and sealed with the seal of the court. All certificates of title shall be numbered consecutively, beginning with number one. A certified copy of the judgement of registration shall be filed and numbered by the assistant recorder, with a reference noted on it to the place of record of the original certificate of title. If, however, a complaint includes land lying in more than one district, the court shall cause the part lying in each district to be described separately by metes and bounds in the judgement or judgements of registration, the recorder shall send to the assistant recorder for each registry district a copy of the judgement containing a description of the land within that district, and the assistant recorder shall register the same; and thereafter, for all matters pertaining to registration, the portion in each district shall be treated as a separate parcel of land.

SECTION 2. Section fifty of said chapter one hundred and eighty-five is hereby repealed.

SECTION 3. Section 51 of said chapter 185, as appearing in the 1994 Official Edition, is hereby amended by striking out the first sentence.

SECTION 4. Said chapter 185 is hereby further amended by striking out sections 54 and 55, as so appearing, and inserting in place thereof the following two sections:-

Section 54. The original certificate in the registration book and any copy thereof duly certified under the signature of the recorder or an assistant recorder and the seal of the court shall be received as evidence in all courts of the commonwealth, and shall be conclusive as to all matters contained therein, except as otherwise provided in this chapter.

Section 55. Every certificate of title shall set forth the names of all the persons whose estates make up the estate in fee simple in the whole land.

SECTION 5. The first paragraph of section 59 of said chapter 185, as so appearing, is hereby amended by striking out the third sentence.

SECTION 6. Said chapter 185 is hereby further amended by striking out section 62, as so appearing, and inserting in place thereof the following section:-

Section 62. In all cases of registration procured by fraud, the owner may pursue all his legal and equitable remedies against the parties to such fraud, without prejudice however to the rights of any innocent holder for value of a certificate of title. After the transcription of the judgement of registration on the original complaint, any subsequent registration procured by the presentation of a forged deed or other instrument shall be null and void.

SECTION 7. Said chapter 185 is hereby further amended by striking out section 64, as so appearing, and inserting in place thereof the following section:-

Section 64. An owner desiring to convey his registered land or any portion thereof in fee shall execute a deed of conveyance, which the grantor or grantee may present to the assistant recorder in the district where the land lies. The assistant recorder shall thereupon, in accordance with the rules and instructions of the court, make out in the registration book

a new certificate of title to the grantee. The assistant recorder shall note upon the new certificate the date of transfer, the volume and page of the registration book in which the new certificate is registered and a reference by number to the last preceding certificate. The last preceding certificate and any owner's duplicate certificate which is surrendered by the grantor, shall be stamped "canceled". The deed of conveyance shall be filed and endorsed with the number and place of registration of the new certificate of title of the land conveyed.

SECTION 8. Said chapter 185 is hereby further amended by striking out section 65, as so appearing, and inserting in place thereof the following section:-

Section 65. If a deed in fee is for a part only of the land described in a certificate of title, the assistant recorder shall also, in accordance with the rules and instructions of the court, enter a new certificate for the part of the land not included in the deed. In every case of transfer, the new certificate or certificates shall include all the land described in the old certificate; but no new certificate to a grantee of a part only of the land shall be invalid by reason of the failure of the assistant recorder to enter a new certificate to the grantor for the remaining unconveyed portion. If the land described in a certificate of title is divided into lots, designated by numbers or letters, with measurements of all the bonds, and a plan of said land has been filed with the recorder and verified pursuant to section fifty-one, and a certified copy thereof is recorded in the registration book with the original certificate when the registered owner makes a deed of transfer in fee of one or more of such lots, the assistant recorder may, instead of canceling such certificate and entering a new certificate to the grantor for the part of the land not included in the deed of transfer, enter on the original certificate a memorandum of such deed of transfer, with a reference to the lot or lots thereby conveyed, as designated on said plan, and stating that the certificate is canceled as to such lot or lots. Every certificate with such memorandum shall be as effectual for the purpose of showing the grantor's title to the remainder of the land not conveyed as if the old certificate had been canceled and a new certificate of such land entered; and such process may be repeated so long as there is convenient space upon the original certificate for making such memorandum of sale of lots.

SECTION 9. Said chapter 185 is hereby further amended by striking out section 68, as so appearing, and inserting in place thereof the following section:-

Section 68. Registration of a mortgage shall be made in the following manner: the assistant recorder shall enter upon the certificate of title a memorandum of the purport of the mortgage deed, the time of filing and the file number of the deed, and shall sign the memorandum. (*b*) Said commissioner may develop procedures for the procurement of design/build services in consultation with the office of the inspector general. Said procedures shall include but shall not be limited to the following provisions:

(1) Said commissioner shall obtain design/build services utilizing sealed competitive proposals. Said commissioner shall solicit proposals through a request for proposals which shall include: the time and date for receipt of proposals; the address of the office to which

the proposal shall be delivered; proposed contractual terms and conditions, some of which may be deemed mandatory or nonnegotiable; standards by which acceptability will be determined as to quality, workmanship results of inspections and tests and suitability for a particular purpose; all evaluation criteria that will be utilized by said commissioner and such other matters as may be determined by said commissioner. The request for proposals for design/build services shall also describe the scope of the design/build project and identify all quality and performance requirements for said project.

(2) Public notice of each request for proposals shall be published at least three weeks prior to the time specified in such notice for the receipt of proposals, in the central register published by the state secretary and in a daily newspaper of general circulation in Hampden county. The request for proposals for design/build services shall also be published in at least one trade journal of national distribution.

(3) Each request for proposals may incorporate documents by reference; provided, however, that the request for proposals shall specify where offerors may obtain such documents. The request for proposals for design/build services may provide for the separate submission of price, and so provided, shall indicate when and how offerors shall submit the price, and shall specify that bid security in a form specified by said commissioner and in an amount equal to five percent of the proposed contract price shall accompany such proposal. Said commissioner shall make copies of each request for proposals available to all offerors on an equal basis. Said commissioner may conduct pre-proposal conferences and interviews with interested parties prior to receiving proposals. An offeror's proposal shall be unconditional except as provided in this paragraph. An offeror may correct, modify or withdraw a proposal by written notice received in the office designated in the request for proposals prior to the time and date set for the opening of proposals.

(4) At the opening of the proposals, said commissioner shall prepare a register of proposals which shall include the name of each offeror and the number of modifications, if any, received. The register of proposals shall be open for public inspection. After opening of the proposals, an offeror may not correct, modify or withdraw the price or any other provisions of its proposal in a manner prejudicial to the interests of the commonwealth or fair competition. Said commissioner may waive minor informalities or allow the offeror to correct them.

(5) Said commissioner shall not open the proposals publicly, but shall open them in the presence of one or more witnesses at the time specified in the request for proposals. Notwithstanding the provisions of any general or special law to the contrary, until the completion of the selection process, the contents of the proposals and the selection process shall not be disclosed to competing offerors and shall not be public documents.

(6) Said commissioner shall appoint a design/build selection committee which shall be composed of experts in design, construction and administration, of gymnasium/athletic and fitness facilities. The committee shall evaluate the proposals received by said commissioner. Said committee shall conduct its evaluations of the proposals based solely on the criteria set forth in the request for proposals. In the event that price proposals are to be submitted separately from proposals for design/build services, said committee shall not

evaluate these and the commissioner shall not disclose such price proposals to the committee until said committee has completed its evaluation of the proposals for design/build services.

(7) For each proposal, said committee shall specify in writing on each evaluation criterion a rating of highly advantageous, not advantageous or such additional rating as the committee finds reasonable, and shall specify in writing a composite rating for each proposal and the reasons for such composite rating.

(8) Said commissioner shall make a determination of the most advantageous proposal for the site and for design/build services from a responsible and responsive offeror based upon the ratings given to the proposals by the appropriate selection committees. If price proposals have been submitted separately for design/build services, said commissioner shall also base such determination on an evaluation of such price proposals. The commissioner may negotiate all contract terms not deemed mandatory or nonnegotiable with such offerors. If, after negotiation with such offerors, said commissioner is unable to finalize a contract for either acquisition of the site or for design/build services, or both, that is in the commonwealth's best interests, the commissioner may negotiate with the offeror of the next most advantageous proposal submitted by a responsible and responsive offeror based upon the ratings of the appropriate selection committee and upon an evaluation of the relevant price proposal if separately submitted.

(9) The contract for design/build services shall be awarded by said commissioner to the responsible and responsive offerors submitting the most advantageous proposals based upon the evaluation criteria set forth in the request for proposals and the terms of the negotiated contract. Said commissioner shall complete the selection process by written notice to the selected offeror or by notice of rejection to all proposers, as specified below. Said commissioner may reserve the right to reject any or all proposals if it is in the public interest to do so.

(10) For the purposes of this section, the term responsible offeror shall mean a person, corporation or other organization or entity which has the capability to perform fully the contract requirements, and the integrity and reliability which assures good faith performance, and the term "responsive offeror" shall mean a person, corporation or other organization or entity which has submitted a proposal which conforms in all respects to the request for proposals.

(11) If said commissioner awards the contract for design/build services to an offeror which did not submit the lowest price proposal, said commissioner shall explain the reasons for such award in writing, which shall be available for public inspection.

(12) Prior to execution of a design/build contract, the selected offeror shall furnish to said commissioner a performance bond and payment bond, each in the sum of the contract price and issued by a surety company qualified to issue bonds in the commonwealth and satisfactory to said commissioner. If the selected offeror fails to execute a contract or to furnish the necessary bonds within the time period specified in the request for proposals, said commissioner may award the design/build contract to the offeror of the next most advantageous proposal.

(13) Said commissioner shall return bid security to all design/build offerors which

are not selected. The design/build selection committee shall have conferences describing relative strengths and weaknesses of each proposal with the other qualified offerors which were not selected if the offerors request to have such conferences.

(14) Said commissioner shall prepare a written report of the reasons for its selection determinations and any subsequent determinations to negotiate with additional proposers, including the recorded votes, if any that were taken which shall be available to the public.

Said commissioner shall submit final procedures for site selection or procurement of design/build services to the inspector general for comment at least thirty days prior to the publication of notice of request for proposals. Such procedures and the inspector general's comments shall be submitted to the governor, the senate president, the speaker of the house and the members of the general court at least forty-five days before the execution of any contract for site selection or procurement of design/build services.

Be it enacted, etc., as follows:

SECTION 1. Subsection (A) of section 29 of chapter 28 of the acts of 1996 is hereby amended by striking out the definition of "Reimbursement container" and inserting in place thereof the following definition:-

"Reimbursement container", a container transported by a double stack track over a fully funded line subject to a reimbursement charge pursuant to the provisions of subsection (G).

SECTION 2. Said section 29 of said chapter 28 is hereby further amended by striking out subsection (G) and inserting in place thereof the following subsection:-

(G) To accomplish the objectives of public investment in fully funded lines, the secretary shall require payment by a participating railroad of a reimbursement charge. Such reimbursement charge shall apply to intermodal containers, loaded or empty, carried by the participating railroads and meeting all of the following criteria:

(*i*) transported by a double stack train over all or a portion of a fully funded line, whether or not such containers are actually double stacked;

(*ii*) handled for the account of either (*a*) a steamship line or (*b*) a steamship line's agents or subsidiaries moving in equipment of a type accepted by the steamship line for movement in its ocean vessel; and

(*iii*) with no immediately prior or subsequent movement via a maritime port facility located in the commonwealth.

Reimbursement charges shall be paid by the railroad handling reimbursement containers and shall be in effect for a period of fifteen years from the date of completion of vertical clearance improvement on the particular route, segment or line or until fifty percent of the commonwealth's investment in fully funded lines has been recovered by the payment of reimbursement charges by the appropriate participating railroad; provided, however, that reimbursement charges shall not be charged to a railroad for that number of container movements, loaded or empty, to Beacon Park or Fort Devens, as the case may be, equal to the number of such containers handled by such railroad in nineteen hundred and ninety-three, plus five percent, that would have been subjected to the reimbursement charge had they moved in a double stack train. This number shall be adjusted annually by an appropriate index reflecting economic growth in New England and as set forth in the master agreement.

SUMMARY OF ACTS AND RESOLVES APPROVED, APPROVAL WITHHELD, ACTS VETOED BY THE GOVERNOR, PASSED OVER HIS VETO AND ACTS DECLARED EMERGENCY LAWS BY THE GOVERNOR UNDER THE AUTHORITY OF THE CONSTITUTION AND LAWS ENACTED BY THE PEOPLE AT THE NOVEMBER 5, 1996 STATE ELECTION

During the second session of the General Court held in 1996, 496 Acts were enacted of which 487 received the Governor's approval.

Chapters 1 through 6 and Chapter 8 were enacted during the 1995 legislative session and were approved by the Governor in 1996.

Chapters 73 and 367 were not approved by the Governor within the ten days prescribed by the Constitution. Since they were not returned to either branch during the ten days with his reasons for disapproval in writing and the General Court had not prorogued during that time, these Acts have the force of law and have been so certified.

Four Acts were returned by the Governor to the branch in which each Act had originated, with his objections in writing thereto. Chapter 32 was passed by the Senate on November 15, 1995 and in concurrence by the House on February 14, 1996. Chapter 176 was passed by the House on July 10, 1996 and in the Senate on July 18, 1996. Chapter 203 was passed in both the House and Senate on July 24, 1996. Chapter 368 was passed in the House on July 30, 1996 and in the Senate on July 31, 1996 the Governors objections notwithstanding. These have the force of law and have been so certified.

This summary does not include those line item vetoes by the Governor on Appropriation Acts nor any subsequent legislative action on those vetoes.

Chapters 57 and 58 were filed by the Governor under the provisions of Article LXXXVII of the Amendments to the Constitution. Not having been disapproved in either the House or Senate and the General Court not having prorogues, these have the force of law and have been so certified.

Chapter 453, the Massachusetts Wildlife Protection Act was adopted by the people at the November 5, 1996 state election under Article XLVIII of the Amendments to the Constitution, the Initiative, Part V, Section 1 as Amended; according to the determination of the Governor and Council dated November 27, 1996.

Ten Acts were declared to be emergency laws by the Governor under Article XLVIII of the Amendments to the Constitution. These are Chapters 37, 41, 78, 80, 163, 276, 430, 452, 458, and 464.

The 1996 session of the General Court was dissolved at midnight on December 31, 1996 the session having lasted 366 days.
