ARTICLE 3.
NEGOTIABLE INSTRUMENTS.

PART 1.

GENERAL PROVISIONS AND DEFINITIONS.

Section 3-101. Short Title. This Article may be cited as Uniform Commercial Code - Negotiable Instruments.

Section 3-102. Subject Matter.

(a) This Article shall apply to negotiable instruments. It shall not apply to money, to payment orders governed by Article 4A, or to securities governed by Article 8.

(b) If there is conflict between this Article and Article 4 or 9, Articles 4 and 9 shall govern.

(c) Regulations of the Board of Governors of the Federal Reserve System and operating circulars of the Federal Reserve Banks supersede any inconsistent provision of this Article to the extent of the inconsistency.

Section 3-103. Definitions.

(a) In this Article:

(1) "Acceptor" means a drawee who has accepted a draft.

(2) "Drawee" means a person ordered in a draft to make payment.

(3) "Drawer" means a person who signs or is identified in a draft as a person ordering payment.

(4) "Good faith" means honesty in fact and the observance of reasonable commercial standards of fair dealing.

(5) "Maker" means a person who signs or is identified in a note as a person undertaking to pay.

(6) "Order" means a written instruction to pay money signed by the person giving the instruction. The instruction may be addressed to any person, including the person giving the instruction, or to one or more persons jointly or in the alternative but not in succession. An authorization to pay is not an order unless the person authorized to pay is also instructed to pay.

(7) "Ordinary care" in the case of a person engaged in business means observance of reasonable commercial standards, prevailing in the area in which the person is located, with respect to the business in which the person is engaged. In the case of a bank that takes an instrument for processing for collection or payment by automated means, reasonable commercial standards do not require the bank to examine the instrument if the failure to examine does not violate the bank's prescribed procedures and the bank's procedures do not vary unreasonably from general banking usage not disapproved by this Article or Article 4.

(8) "Party" means a party to an instrument.

(9) "Promise" means a written undertaking to pay money signed by the person undertaking to pay. An acknowledgment of an obligation by the obligor is not a promise unless the obligor also undertakes to pay the obligation.

(10) "Prove" with respect to a fact means to meet the burden of establishing the fact (section 1-201(8)).

Chap. 24

(11) "Remitter" means a person who purchases an instrument from its issuer if the instrument is payable to an identified person other than the purchaser.

(d) In addition, Article 1 contains general definitions and principles of construction and interpretation applicable throughout this Article.

Section 3-104. Negotiable Instrument.

(a) Except as provided in subsections (c) and (d), "negotiable instrument" means an unconditional promise or order to pay a fixed amount of money, with or without interest or other charges described in the promise or order, if it:

(1) is payable to bearer or to order at the time it is issued or first comes into possession of a holder;

(2) is payable on demand or at a definite time; and

(3) does not state any other undertaking or instruction by the person promising or ordering payment to do any act in addition to the payment of money, but the promise or order may contain (i) an undertaking or power to give, maintain, or protect collateral to secure payment, (ii) an authorization or power to the holder to confess judgment or realize on or dispose of collateral, or (iii) a waiver of the benefit of any law intended for the advantage or protection of an obligor.

(b) "Instrument" means a negotiable instrument.

(c) An order that meets all of the requirements of subsection (a), except paragraph (1), and otherwise falls within the definition of "check" in subsection (f) is a negotiable instrument and a check.

(d) A promise or order other than a check is not an instrument if, at the time it is issued or first comes into possession of a holder, it contains a conspicuous statement, however expressed, to the effect that the promise or order is not negotiable or is not an instrument governed by this Article.

(e) An instrument is a "note" if it is a promise and is a "draft" if it is an order. If an instrument falls within the definition of both "note" and "draft", a person entitled to enforce the instrument may treat it as either.

(f) "Check" means (i) a draft, other than a documentary draft, payable on demand and drawn on a bank or (ii) a cashier's check or teller's check. An instrument may be a check even though it is described on its face by another term, such as "money order".

(g) "Cashier's check" means a draft with respect to which the drawer and drawee are the same bank or branches of the same bank.

(h) "Teller's check" means a draft drawn by a bank (i) on another bank, or (ii) payable at or through a bank.

Chap. 24

(i) "Traveler's check" means an instrument that (i) is payable on demand, (ii) is drawn on or payable at or through a bank, (iii) is designated by the term "traveler's check" or by a substantially similar term, and (iv) requires, as a condition to payment, a countersignature by a person whose specimen signature appears on the instrument.

(j) "Certificate of deposit" means an instrument containing an acknowledgment by a bank that a sum of money has been received by the bank and a promise by the bank to repay the sum of money. A certificate of deposit is a note of the bank.

Section 3-105. Issue of Instrument.

(a) "Issue" means the first delivery of an instrument by the maker or drawer, whether to a holder or nonholder, for the purpose of giving rights on the instrument to any person.

(b) An unissued instrument, or an unissued incomplete instrument that is completed, is binding on the maker or drawer, but nonissuance is a defense. An instrument that is conditionally issued or is issued for a special purpose is binding on the maker or drawer, but failure of the condition or special purpose to be fulfilled is a defense.

(c) "Issuer" applies to issued and unissued instruments and means a maker or drawer of an instrument.

Section 3-106. Unconditional Promise or Order.

(a) Except as provided in this section, for the purposes of subsection (a) of section 3-104, a promise or order is unconditional unless it states (i) an express condition to payment, (ii) that the promise or order is subject to or governed by another writing, or (iii) that rights or obligations with respect to the promise or order are stated in another writing. A reference to another writing does not of itself make the promise or order conditional.

(b) A promise or order is not made conditional (i) by a reference to another writing for a statement of rights with respect to collateral, prepayment, or acceleration, or (ii) because payment is limited to resort to a particular fund or source.

(c) If a promise or order requires, as a condition to payment, a countersignature by a person whose specimen signature appears on the promise or order, the condition does not make the promise or order conditional for the purposes of subsection (a) of section 3-104. If the person whose specimen signature appears on an instrument fails to countersign the instrument, the failure to countersign is a defense to the obligation of the issuer, but the failure does not prevent a transferee of the instrument from becoming a holder of the instrument.

(d) If a promise or order at the time it is issued or first comes into possession of a holder contains a statement, required by applicable statutory or administrative law, to the effect that the rights of a holder or transferee are subject to claims or defenses that the issuer could assert against the original payee, the promise or order is not thereby made conditional for the purposes of subsection (a) of section 3-104; but if the promise or order is an instrument, there cannot be a holder in due course of the instrument.

Section 3-107. Instrument Payable in Foreign Money. Unless the instrument otherwise provides, an instrument that states the amount payable in foreign money may be paid in the foreign money or in an equivalent amount in dollars calculated by using the current bank-offered spot rate at the place of payment for the purchase of dollars on the day

Chap. 24

on which the instrument is paid.

Section 3-108. Payable on Demand or at Definite Time.

(a) A promise or order is "payable on demand" if it (i) states that it is payable on demand or at sight, or otherwise indicates that it is payable at the will of the holder, or (ii) does not state any time of payment.

(b) A promise or order is "payable at a definite time" if it is payable on elapse of a definite period of time after sight or acceptance or at a fixed date or dates or at a time or times readily ascertainable at the time the promise or order is issued, subject to rights of (i) prepayment, (ii) acceleration, (iii) extension at the option of the holder, or (iv) extension to a further definite time at the option of the maker or acceptor or automatically upon or after a specified act or event.

(c) If an instrument, payable at a fixed date, is also payable upon demand made before the fixed date, the instrument is payable on demand until the fixed date and, if demand for payment is not made before that date, becomes payable at a definite time on the fixed date.

Section 3-109. Payable to Bearer or to Order.

(a) A promise or order is payable to bearer if it:

- (1) states that it is payable to bearer or to the order of bearer or otherwise indicates that the person in possession of the promise or order is entitled to payment;
- (2) does not state a payee; or
- (3) states that it is payable to or to the order of cash or otherwise indicates that it is not payable to an identified person.

(b) A promise or order that is not payable to bearer is payable to order if it is payable (i) to the order of an identified person or (ii) to an identified person or order. A promise or order that is payable to order is payable to the identified person.

(c) An instrument payable to bearer may become payable to an identified person if it is specially indorsed pursuant to subsection (a) of section 3-205. An instrument payable to an identified person may become payable to bearer if it is indorsed in blank pursuant to subsection (b) of section 3-205.

Section 3-110. Identification of Person to Whom Instrument is Payable.

(a) The person to whom an instrument is initially payable is determined by the intent of the person, whether or not authorized, signing as, or in the name or behalf of, the issuer of the instrument. The instrument is payable to the person intended by the signer even if that person is identified in the instrument by a name or other identification that is not that of the intended person. If more than one person signs in the name or behalf of the issuer of an instrument and all the signers do not intend the same person as payee, the instrument is payable to any person intended by one or more of the signers.

(b) If the signature of the issuer of an instrument is made by automated means, such as a check-writing machine, the payee of the instrument is determined by the intent of the person who supplied the name or identification of the payee, whether or not authorized to do so.

Chap. 24

(c) A person to whom an instrument is payable may be identified in any way, including by name, identifying number, office, or account number. For the purpose of determining the holder of an instrument, the following rules apply:

(1) If an instrument is payable to an account and the account is identified only by number, the instrument is payable to the person to whom the account is payable. If an instrument is payable to an account identified by number and by the name of a person, the instrument is payable to the named person, whether or not that person is the owner of the account identified by number.

(2) If an instrument is payable to:

(i) a trust, an estate, or a person described as trustee or representative of a trust or estate, the instrument is payable to the trustee, the representative, or a successor of either, whether or not the beneficiary or estate is also named;

(ii) a person described as agent or similar representative of a named or identified person, the instrument is payable to the represented person, the representative, or a successor of the representative;

(iii) a fund or organization that is not a legal entity, the instrument is payable to a representative of the members of the fund or organization; or

(iv) an office or to a person described as holding an office, the instrument is payable to the named person, the incumbent of the office, or a successor to the incumbent.

(d) If an instrument is payable to two or more persons alternatively, it is payable to any of them and may be negotiated, discharged, or enforced by any or all of them in possession of the instrument. If an instrument is payable to two or more persons not alternatively, it is payable to all of them and may be negotiated, discharged, or enforced only by all of them. If an instrument payable to two or more persons is ambiguous as to whether it is payable to the persons alternatively, the instrument is payable to the persons alternatively.

Section 3-111. Place of Payment. Except as otherwise provided for items in Article 4, an instrument is payable at the place of payment stated in the instrument. If no place of payment is stated, an instrument is payable at the address of the drawee or maker stated in the instrument. If no address is stated, the place of payment is the place of business of the drawee or maker. If a drawee or maker has more than one place of business, the place of payment is any place of business of the drawee or maker chosen by the person entitled to enforce the instrument. If the drawee or maker has no place of business, the place of payment is the residence of the drawee or maker.

Section 3-112. Interest.

(a) Unless otherwise provided in the instrument, (i) an instrument is not payable with interest, and (ii) interest on an interest-bearing instrument is payable from the date of the instrument.

(b) Interest may be stated in an instrument as a fixed or variable amount of money or it may be expressed as a fixed or variable rate or rates. The amount or rate of interest may

Chap. 24

be stated or described in the instrument in any manner and may require reference to information not contained in the instrument. If an instrument provides for interest, but the amount of interest payable cannot be ascertained from the description, interest is payable at the judgment rate in effect at the place of payment of the instrument and at the time interest first accrues.

Section 3-113. Date of Instrument.

(a) An instrument may be antedated or postdated. The date stated determines the time of payment if the instrument is payable at a fixed period after date. Except as provided in subsection (c) of section 4-401, an instrument payable on demand is not payable before the date of the instrument.

(b) If an instrument is undated, its date is the date of its issue or, in the case of an unissued instrument, the date it first comes into possession of a holder.

Section 3-114. Contradictory Terms of Instrument. If an instrument contains contradictory terms, typewritten terms prevail over printed terms, handwritten terms prevail over both, and words prevail over numbers.

Section 3-115. Incomplete Instrument.

(a) "Incomplete instrument" means a signed writing, whether or not issued by the signer, the contents of which show at the time of signing that it is incomplete but that the signer intended it to be completed by the addition of words or numbers.

(b) Subject to subsection (c), if an incomplete instrument is an instrument under section 3-104, it may be enforced according to its terms if it is not completed, or according to its terms as augmented by completion. If an incomplete instrument is not an instrument under section 3-104, but, after completion, the requirements of section 3-104 are met, the instrument may be enforced according to its terms as augmented by completion.

(c) If words or numbers are added to an incomplete instrument without authority of the signer, there is an alteration of the incomplete instrument under section 3-407.

(d) The burden of establishing that words or numbers were added to an incomplete instrument without authority of the signer is on the person asserting the lack of authority.

Section 3-116. Joint and Several Liability; Contribution.

(a) Except as otherwise provided in the instrument, two or more persons who have the same liability on an instrument as makers, drawers, acceptors, indorsers who indorse as joint payees, or anomalous indorsers are jointly and severally liable in the capacity in which they sign.

(b) Except as provided in subsection (e) of section 3-419 or by agreement of the affected parties, a party having joint and several liability who pays the instrument is entitled to receive from any party having the same joint and several liability contribution in accordance with applicable law.

(c) Discharge of one party having joint and several liability by a person entitled to enforce the instrument does not affect the right under subsection

(b) of a party having the same joint and several liability to receive contribution from the party discharged.

Chap. 24

Section 3-117. Other Agreements Affecting Instrument. Subject to applicable law regarding exclusion of proof of contemporaneous or previous agreements, the obligation of a party to an instrument to pay the instrument may be modified, supplemented, or nullified by a separate agreement of the obligor and a person entitled to enforce the instrument, if the instrument is issued or the obligation is incurred in reliance on the agreement or as part of the same transaction giving rise to the agreement. To the extent an obligation is modified, supplemented, or nullified by an agreement under this section, the agreement is a defense to the obligation.

Section 3-118. Statute of Limitations.

(a) Except as provided in subsection (e), an action to enforce the obligation of a party to pay a note payable at a definite time must be commenced within six years after the due date or dates stated in the note or, if a due date is accelerated, within six years after the accelerated due date.

(b) Except as provided in subsection (d) or (e), if demand for payment is made to the maker of a note payable on demand, an action to enforce the obligation of a party to pay the note must be commenced within six years after the demand. If no demand for payment is made to the maker, an action to enforce the note is barred if neither principal nor interest on the note has been paid for a continuous period of ten years.

(c) Except as provided in subsection (d), an action to enforce the obligation of a party to an unaccepted draft to pay the draft must be commenced within three years after dishonor of the draft or ten years after the date of the draft, whichever period expires first.

(d) An action to enforce the obligation of the acceptor of a certified check or the issuer of a teller's check, cashier's check, or traveler's check must be commenced within three years after demand for payment is made to the acceptor or issuer, as the case may be.

(e) An action to enforce the obligation of a party to a certificate of deposit to pay the instrument must be commenced within six years after demand for payment is made to the maker, but if the instrument states a due date and the maker is not required to pay before that date, the six year period begins when a demand for payment is in effect and the due date has passed.

(f) An action to enforce the obligation of a party to pay an accepted draft, other than a certified check, must be commenced (i) within six years after the due date or dates stated in the draft or acceptance if the obligation of the acceptor is payable at a definite time, or (ii) within six years after the date of the acceptance if the obligation of the acceptor is payable on demand.

(g) Unless governed by other law regarding claims for indemnity or contribution, an action (i) for conversion of an instrument, for money had and received, or like action based on conversion, (ii) for breach of warranty, or (iii) to enforce an obligation, duty, or right arising under this Article and not governed by this section must be commenced within three years after the cause of action accrues.

Section 3-119. Notice of Right to Defend Action. In an action for breach of an obligation for which a third person is answerable over pursuant to this Article or Article 4,

Chap. 24

the defendant may give the third person written notice of the litigation, and the person notified may then give similar notice to any other person who is answerable over. If the notice states (i) that the person notified may come in and defend and (ii) that failure to do so will bind the person notified in an action later brought by the person giving the notice as to any determination of fact common to the two litigations, the person notified is so bound unless after seasonable receipt of the notice the person notified does come in and defend.

PART 2.

NEGOTIATION, TRANSFER, AND INDORSEMENT.

Section 3-201. Negotiation.

(a) "Negotiation" means a transfer of possession, whether voluntary or involuntary, of an instrument by a person other than the issuer to a person who thereby becomes its holder.

(b) Except for negotiation by a remitter, if an instrument is payable to an identified person, negotiation requires transfer of possession of the instrument and its indorsement by the holder. If an instrument is payable to bearer, it may be negotiated by transfer of possession alone.

Section 3-202. Negotiation Subject to Rescission.

(a) Negotiation is effective even if obtained (i) from an infant, a corporation exceeding its powers, or a person without capacity, (ii) by fraud, duress, or mistake, or (iii) in breach of duty or as part of an illegal transaction.

(b) To the extent permitted by other law, negotiation may be rescinded or may be subject to other remedies, but those remedies may not be asserted against a subsequent holder in due course or a person paying the instrument in good faith and without knowledge of facts that are a basis for rescission or other remedy.

Section 3-203. Transfer of Instrument; Rights Acquired by Transfer.

(a) An instrument is transferred when it is delivered by a person other than its issuer for the purpose of giving to the person receiving delivery the right to enforce the instrument.

(b) Transfer of an instrument, whether or not the transfer is a negotiation, vests in the transferee any right of the transferor to enforce the instrument, including any right as a holder in due course, but the transferee cannot acquire rights of a holder in due course by a transfer, directly or indirectly, from a holder in due course if the transferee engaged in fraud or illegality affecting the instrument.

(c) Unless otherwise agreed, if an instrument is transferred for value and the transferee does not become a holder because of lack of indorsement by the transferor, the transferee has a specifically enforceable right to the unqualified indorsement of the transferor, but negotiation of the instrument does not occur until the indorsement is made.

(d) If a transferor purports to transfer less than the entire instrument, negotiation of the instrument does not occur. The transferee obtains no rights under this Article and has only the rights of a partial assignee.

Section 3-204. Indorsement.

Chap. 24

(a) "Indorsement" means a signature, other than that of a signer as maker, drawer, or acceptor, that alone or accompanied by other words is made on an instrument for the purpose of (i) negotiating the instrument, (ii) restricting payment of the instrument, or (iii) incurring indorser's liability on the instrument, but regardless of the intent of the signer, a signature and its accompanying words is an indorsement unless the accompanying words, terms of the instrument, place of the signature, or other circumstances unambiguously indicate that the signature was made for a purpose other than indorsement. For the purpose of determining whether a signature is made on an instrument, a paper affixed to the instrument is a part of the instrument.

(b) "Indorser" means a person who makes an indorsement.

(c) For the purpose of determining whether the transferee of an instrument is a holder, an indorsement that transfers a security interest in the instrument is effective as an unqualified indorsement of the instrument.

(d) If an instrument is payable to a holder under a name that is not the name of the holder, indorsement may be made by the holder in the name stated in the instrument or in the holder's name or both, but signature in both names may be required by a person paying or taking the instrument for value or collection.

Section 3-205. Special Indorsement; Blank Indorsement; Anomalous Indorsement.

(a) If an indorsement is made by the holder of an instrument, whether payable to an identified person or payable to bearer, and the indorsement identifies a person to whom it makes the instrument payable, it is a "special indorsement". When specially indorsed, an instrument becomes payable to the identified person and may be negotiated only by the indorsement of that person. The principles stated in section 3-110 apply to special indorsements.

(b) If an indorsement is made by the holder of an instrument and it is not a special indorsement, it is a "blank indorsement". When indorsed in blank, an instrument becomes payable to bearer and may be negotiated by transfer of possession alone until specially indorsed.

(c) The holder may convert a blank indorsement that consists only of a signature into a special indorsement by writing, above the signature of the indorser, words identifying the person to whom the instrument is made payable.

(d) "Anomalous indorsement" means an indorsement made by a person who is not the holder of the instrument. An anomalous indorsement does not affect the manner in which the instrument may be negotiated.

Section 3-206. Restrictive Indorsement.

(a) An indorsement limiting payment to a particular person or otherwise prohibiting further transfer or negotiation of the instrument is not effective to prevent further transfer or negotiation of the instrument.

(b) An indorsement stating a condition to the right of the indorsee to receive payment does not affect the right of the indorsee to enforce the instrument. A person paying the instrument or taking it for value or collection may disregard the condition, and the rights and liabilities of that person are not affected by whether the condition has been fulfilled.

Chap. 24

(c) If an instrument bears an indorsement (i) described in subsection (b) of section 4-201, or (ii) in blank or to a particular bank using the words "for deposit", "for collection", or other words indicating a purpose of having the instrument collected by a bank for the indorser or for a particular account, the following rules apply:

(1) A person, other than a bank, who purchases the instrument when so indorsed converts the instrument unless the amount paid for the instrument is received by the indorser or applied consistently with the indorsement.

(2) A depositary bank that purchases the instrument or takes it for collection when so indorsed converts the instrument unless the amount paid by the bank with respect to the instrument is received by the indorser or applied consistently with the indorsement.

(3) A payor bank that is also the depositary bank or that takes the instrument for immediate payment over the counter from a person other than a collecting bank converts the instrument unless the proceeds of the instrument are received by the indorser or applied consistently with the indorsement.

(4) Except as otherwise provided in paragraph (3), a payor bank or intermediary bank may disregard the indorsement and is not liable if the proceeds of the instrument are not received by the indorser or applied consistently with the indorsement.

(d) Except for an indorsement covered by subsection (c), if an instrument bears an indorsement using words to the effect that payment is to be made to the indorsee as agent, trustee, or other fiduciary for the benefit of the indorser or another person, the following rules apply:

(1) Unless there is notice of breach of fiduciary duty as provided in section 3-307, a person who purchases the instrument from the indorsee or takes the instrument from the indorsee for collection or payment may pay the proceeds of payment or the value given for the instrument to the indorsee without regard to whether the indorsee violates a fiduciary duty to the indorser.

(2) A subsequent transferee of the instrument or person who pays the instrument is neither given notice nor otherwise affected by the restriction in the indorsement unless the transferee or payor knows that the fiduciary dealt with the instrument or its proceeds in breach of fiduciary duty.

(e) The presence on an instrument of an indorsement to which this section applies does not prevent a purchaser of the instrument from becoming a holder in due course of the instrument unless the purchaser is a converter under subsection (c) or has notice or knowledge of breach of fiduciary duty as stated in subsection (d).

(f) In an action to enforce the obligation of a party to pay the instrument, the obligor has a defense if payment would violate an indorsement to which this section applies and the payment is not permitted by this section.

Section 3-207. Reacquisition. Reacquisition of an instrument occurs if it is transferred to a former holder, by negotiation or otherwise. A former holder who reacquires the instrument may cancel indorsements made after the reacquirer first became a holder of

the instrument. If the cancellation causes the instrument to be payable to the reacquirer or to bearer, the reacquirer may negotiate the instrument. An indorser whose indorsement is canceled is discharged, and the discharge is effective against any subsequent holder.

PART 3.

ENFORCEMENT OF INSTRUMENTS.

Section 3-301. Person Entitled to Enforce Instrument. "Person entitled to enforce" an instrument means (i) the holder of the instrument, (ii) a nonholder in possession of the instrument who has the rights of a holder, or (iii) a person not in possession of the instrument who is entitled to enforce the instrument pursuant to section 3-309 or subsection (d) of section 3-418. A person may be a person entitled to enforce the instrument even though the person is not the owner of the instrument or is in wrongful possession of the instrument.

Section 3-302. Holder in Due Course.

(a) Subject to subsection (c) of this section and to subsection (d) of section 3-106, "holder in due course" means the holder of an instrument if:

(1) the instrument when issued or negotiated to the holder does not bear such apparent evidence of forgery or alteration or is not otherwise so irregular or incomplete as to call into question its authenticity; and

(2) the holder took the instrument (i) for value, (ii) in good faith, (iii) without notice that the instrument is overdue or has been dishonored or that there is an uncured default with respect to payment of another instrument issued as part of the same series, (iv) without notice that the instrument contains an unauthorized signature or has been altered, (v) without notice of any claim to the instrument described in section 3-306, and (vi) without notice that any party has a defense or claim in recoupment described in subsection (a) of section 3-305.

(b) Notice of discharge of a party, other than discharge in an insolvency proceeding, is not notice of a defense under subsection (a), but discharge is effective against a person who became a holder in due course with notice of the discharge. Public filing or recording of a document does not of itself constitute notice of a defense, claim in recoupment, or claim to the instrument.

(c) Except to the extent a transferor or predecessor in interest has rights as a holder in due course, a person does not acquire rights of a holder in due course of an instrument taken (i) by legal process or by purchase in an execution, bankruptcy, or creditor's sale or similar proceeding, (ii) by purchase as part of a bulk transaction not in ordinary course of business of the transferor, or (iii) as the successor in interest to an estate or other organization.

(d) If, under paragraph (1) of subsection (a) of section 3-303, the promise of performance that is the consideration for an instrument has been partially performed, the holder may assert rights as a holder in due course of the instrument only to the fraction of the amount payable under the instrument equal to the value of the partial performance divided by the value of the promised performance.

(e) If (i) the person entitled to enforce an instrument has only a security interest in the instrument and (ii) the person obliged to pay the instrument has a defense, claim in recoupment, or claim to the instrument that may be asserted against the person who granted

Chap. 24

the security interest, the person entitled to enforce the instrument may assert rights as a holder in due course only to an amount payable under the instrument which, at the time of enforcement of the instrument, does not exceed the amount of the unpaid obligation secured.

(f) To be effective, notice must be received at a time and in a manner that gives a reasonable opportunity to act on it.

(g) This section is subject to any law limiting status as a holder in due course in particular classes of transactions.

Section 3-303. Value and Consideration.

(a) An instrument is issued or transferred for value if:

(1) the instrument is issued or transferred for a promise of performance, to the extent the promise has been performed;

(2) the transferee acquires a security interest or other lien in the instrument other than a lien obtained by judicial proceeding;

(3) the instrument is issued or transferred as payment of, or as security for, an antecedent claim against any person, whether or not the claim is due;

(4) the instrument is issued or transferred in exchange for a negotiable instrument; or

(5) the instrument is issued or transferred in exchange for the incurring of an irrevocable obligation to a third party by the person taking the instrument.

(b) "Consideration" means any consideration sufficient to support a simple contract. The drawer or maker of an instrument has a defense if the instrument is issued without consideration. If an instrument is issued for a promise of performance, the issuer has a defense to the extent performance of the promise is due and the promise has not been performed. If an instrument is issued for value as stated in subsection (a), the instrument is also issued for consideration.

Section 3-304. Overdue Instrument.

(a) An instrument payable on demand becomes overdue at the earliest of the following times:

(1) on the day after the day demand for payment is duly made;

(2) if the instrument is a check, 90 days after its date; or

(3) if the instrument is not a check, when the instrument has been outstanding for a period of time after its date which is unreasonably long under the circumstances of the particular case in light of the nature of the instrument and usage of the trade.

(b) With respect to an instrument payable at a definite time the following rules apply:

(1) If the principal is payable in installments and a due date has not been accelerated, the instrument becomes overdue upon default under the instrument for nonpayment of an installment, and the instrument remains overdue until the default is cured.

(2) If the principal is not payable in installments and the due date has not been accelerated, the instrument becomes overdue on the day after the due date.

(3) If a due date with respect to principal has been accelerated, the instrument becomes overdue on the day after the accelerated due date.

Chap. 24

(c) Unless the due date of principal has been accelerated, an instrument does not become overdue if there is default in payment of interest but no default in payment of principal.

Section 3-305. Defenses and Claims in Recoupment.

(a) Except as stated in subsection (b), the right to enforce the obligation of a party to pay an instrument is subject to the following:

(1) a defense of the obligor based on (i) infancy of the obligor to the extent it is a defense to a simple contract, (ii) duress, lack of legal capacity, or illegality of the transaction which, under other law, nullifies the obligation of the obligor, (iii) fraud that induced the obligor to sign the instrument with neither knowledge nor reasonable opportunity to learn of its character or its essential terms, or (iv) discharge of the obligor in insolvency proceedings;

(2) a defense of the obligor stated in another section of this Article or a defense of the obligor that would be available if the person entitled to enforce the instrument were enforcing a right to payment under a simple contract; and

(3) a claim in recoupment of the obligor against the original payee of the instrument if the claim arose from the transaction that gave rise to the instrument; but the claim of the obligor may be asserted against a transferee of the instrument only to reduce the amount owing on the instrument at the time the action is brought.

(b) The right of a holder in due course to enforce the obligation of a party to pay the instrument is subject to defenses of the obligor stated in paragraph (1) of subsection (a), but is not subject to defenses of the obligor stated in paragraph (2) of subsection (a) or claims in recoupment stated in paragraph (3) of subsection (a) against a person other than the holder.

(c) Except as stated in subsection (d), in an action to enforce the obligation of a party to pay the instrument, the obligor may not assert against the person entitled to enforce the instrument a defense, claim in recoupment, or claim to the instrument, section 3-306, of another person, but the other person's claim to the instrument may be asserted by the obligor if the other person is joined in the action and personally asserts the claim against the person entitled to enforce the instrument. An obligor is not obliged to pay the instrument if the person seeking enforcement of the instrument does not have rights of a holder in due course and the obligor proves that the instrument is a lost or stolen instrument.

(d) In an action to enforce the obligation of an accommodation party to pay an instrument, the accommodation party may assert against the person entitled to enforce the instrument any defense or claim in recoupment under subsection (a) that the accommodated party could assert against the person entitled to enforce the instrument, except the defenses of discharge in insolvency proceedings, infancy, and lack of legal capacity.

Section 3-306. Claims to an Instrument. A person taking an instrument, other than a person having rights of a holder in due course, is subject to a claim of a property or possessory right in the instrument or its proceeds, including a claim to rescind a negotiation and to recover the instrument or its proceeds. A person having rights of a holder in due course takes free of the claim to the instrument.

Chap. 24

Section 3-307. Notice of Breach of Fiduciary Duty.

(a) In this section:

(1) "Fiduciary" means an agent, trustee, partner, corporate officer or director, or other representative owing a fiduciary duty with respect to an instrument.

(2) "Represented person" means the principal, beneficiary, partnership, corporation, or other person to whom the duty stated in paragraph (1) is owed.

(b) If (i) an instrument is taken from a fiduciary for payment or collection or for value, (ii) the taker has knowledge of the fiduciary status of the fiduciary, and (iii) the represented person makes a claim to the instrument or its proceeds on the basis that the transaction of the fiduciary is a breach of fiduciary duty, the following rules apply:

(1) Notice of breach of fiduciary duty by the fiduciary is notice of the claim of the represented person.

(2) In the case of an instrument payable to the represented person or the fiduciary as such, the taker has notice of the breach of fiduciary duty if the instrument is (i) taken in payment of or as security for a debt known by the taker to be the personal debt of the fiduciary, (ii) taken in a transaction known by the taker to be for the personal benefit of the fiduciary, or (iii) deposited to an account other than an account of the fiduciary, as such, or an account of the represented person.

(3) If an instrument is issued by the represented person or the fiduciary as such, and made payable to the fiduciary personally, the taker does not have notice of the breach of fiduciary duty unless the taker knows of the breach of fiduciary duty.

(4) If an instrument is issued by the represented person or the fiduciary as such, to the taker as payee, the taker has notice of the breach of fiduciary duty if the instrument is (i) taken in payment of or as security for a debt known by the taker to be the personal debt of the fiduciary, (ii) taken in a transaction known by the taker to be for the personal benefit of the fiduciary, or (iii) deposited to an account other than an account of the fiduciary, as such, or an account of the represented person.

Section 3-308. Proof of Signatures and Status as Holder in Due Course.

(a) In an action with respect to an instrument, the authenticity of, and authority to make, each signature on the instrument is admitted unless specifically denied in the pleadings. If the validity of a signature is denied in the pleadings, the burden of establishing validity is on the person claiming validity, but the signature is presumed to be authentic and authorized unless the action is to enforce the liability of the purported signer and the signer is dead or incompetent at the time of trial of the issue of validity of the signature. If an action to enforce the instrument is brought against a person as the undisclosed principal of a person who signed the instrument as a party to the instrument, the plaintiff has the burden of establishing that the defendant is liable on the instrument as a represented person under subsection (a) of section 3-402.

(b) If the validity of signatures is admitted or proved and there is compliance with subsection (a), a plaintiff producing the instrument is entitled to payment if the plaintiff proves entitlement to enforce the instrument under section 3-301, unless the defendant proves a defense or claim in recoupment. If a defense or claim in recoupment is proved, the

right to payment of the plaintiff is subject to the defense or claim, except to the extent the plaintiff proves that the plaintiff has rights of a holder in due course which are not subject to the defense or claim.

Section 3-309. Enforcement of Lost, Destroyed, or Stolen Instrument.

(a) A person not in possession of an instrument is entitled to enforce the instrument if (i) the person was in possession of the instrument and entitled to enforce it when loss of possession occurred, (ii) the loss of possession was not the result of a transfer by the person or a lawful seizure, and (iii) the person cannot reasonably obtain possession of the instrument because the instrument was destroyed, its whereabouts cannot be determined, or it is in the wrongful possession of an unknown person or a person that cannot be found or is not amenable to service of process.

(b) A person seeking enforcement of an instrument under subsection (a) must prove the terms of the instrument and the person's right to enforce the instrument. If that proof is made, section 3-308 applies to the case as if the person seeking enforcement had produced the instrument. The court may not enter judgment in favor of the person seeking enforcement unless it finds that the person required to pay the instrument is adequately protected against loss that might occur by reason of a claim by another person to enforce the instrument. Adequate protection may be provided by any reasonable means.

Section 3-310. Effect of Instrument on Obligation for which Taken.

(a) Unless otherwise agreed, if a certified check, cashier's check, or teller's check is taken for an obligation, the obligation is discharged to the same extent discharge would result if an amount of money equal to the amount of the instrument were taken in payment of the obligation. Discharge of the obligation does not affect any liability that the obligor may have as an indorser of the instrument.

(b) Unless otherwise agreed and except as provided in subsection (a), if a note or an uncertified check is taken for an obligation, the obligation is suspended to the same extent the obligation would be discharged if an amount of money equal to the amount of the instrument were taken, and the following rules apply:

(1) In the case of an uncertified check, suspension of the obligation continues until dishonor of the check or until it is paid or certified. Payment or certification of the check results in discharge of the obligation to the extent of the amount of the check.

(2) In the case of a note, suspension of the obligation continues until dishonor of the note or until it is paid. Payment of the note results in discharge of the obligation to the extent of the payment.

(3) Except as provided in paragraph (4), if the check or note is dishonored and the obligee of the obligation for which the instrument was taken is the person entitled to enforce the instrument, the obligee may enforce either the instrument or the obligation. In the case of an instrument of a third person which is negotiated to the obligee by the obligor, discharge of the obligor on the instrument also discharges the obligation.

(4) If the person entitled to enforce the instrument taken for an obligation is a person other than the obligee, the obligee may not enforce the obligation to the extent the obligation is suspended. If the obligee is the person entitled to enforce the instrument but no longer has

Chap. 24

possession of it because it was lost, stolen, or destroyed, the obligation may not be enforced to the extent of the amount payable on the instrument, and to that extent the obligee's rights against the obligor are limited to enforcement of the instrument.

(c) If an instrument other than one described in subsection (a) or (b) is taken for an obligation, the effect is (i) that stated in subsection (a) if the instrument is one on which a bank is liable as maker or acceptor, or (ii) that stated in subsection (b) in any other case.

Section 3-311. Accord and Satisfaction by Use of Instrument.

(a) If a person against whom a claim is asserted proves that (i) that person in good faith tendered an instrument to the claimant as full satisfaction of the claim, (ii) the amount of the claim was unliquidated or subject to a bona fide dispute, and (iii) the claimant obtained payment of the instrument, the following subsections apply.

(b) Unless subsection (c) applies, the claim is discharged if the person against whom the claim is asserted proves that the instrument or an accompanying written communication contained a conspicuous statement to the effect that the instrument was tendered as full satisfaction of the claim.

(c) Subject to subsection (d), a claim is not discharged under subsection (b) if either of the following applies:

(1) The claimant, if an organization, proves that (i) within a reasonable time before the tender, the claimant sent a conspicuous statement to the person against whom the claim is asserted that communications concerning disputed debts, including an instrument tendered as full satisfaction of a debt, are to be sent to a designated person, office, or place, and (ii) the instrument or accompanying communication was not received by that designated person, office, or place.

(2) The claimant, whether or not an organization, proves that within 90 days after payment of the instrument, the claimant tendered repayment of the amount of the instrument to the person against whom the claim is asserted. This paragraph does not apply if the claimant is an organization that sent a statement complying with clause (i) of paragraph (1).

(d) A claim is discharged if the person against whom the claim is asserted proves that within a reasonable time before collection of the instrument was initiated, the claimant, or an agent of the claimant having direct responsibility with respect to the disputed obligation, knew that the instrument was tendered in full satisfaction of the claim.

Section 3-312. Lost, Destroyed, or Stolen Cashier's Check, Teller's Check, or Certified Check.

(a) In this section:

(1) "Check" means a cashier's check, teller's check, or certified check.

(2) "Claimant" means a person who claims the right to receive the amount of a cashier's check, teller's check, or certified check that was lost, destroyed, or stolen.

(3) "Declaration of loss" means a written statement, made under penalty of perjury, to the effect that (i) the declarer lost possession of a check, (ii) the declarer is the drawer or payee of the check, in the case of a certified check, or the remitter or payee of the check, in

Chap. 24

the case of a cashier's check or teller's check, (iii) the loss of possession was not the result of a transfer by the declarer or a lawful seizure, and (iv) the declarer cannot reasonably obtain possession of the check because the check was destroyed, its whereabouts cannot be determined, or it is in the wrongful possession of an unknown person or a person that cannot be found or is not amenable to service of process.

(4) "Obligated bank" means the issuer of a cashier's check or teller's check or the acceptor of a certified check.

(b) A claimant may assert a claim to the amount of a check by a communication to the obligated bank describing the check with reasonable certainty and requesting payment of the amount of the check, if (i) the claimant is the drawer or payee of a certified check or the remitter or payee of a cashier's check or teller's check, (ii) the communication contains or is accompanied by a declaration of loss of the claimant with respect to the check, (iii) the communication is received at a time and in a manner affording the bank a reasonable time to act on it before the check is paid, and (iv) the claimant provides reasonable identification if requested by the obligated bank. Delivery of a declaration of loss is a warranty of the truth of the statements made in the declaration. If a claim is asserted in compliance with this subsection, the following rules apply:

(1) The claim becomes enforceable at the later of (i) the time the claim is asserted, or (ii) the ninetieth day following the date of the check, in the case of a cashier's check or teller's check, or the ninetieth day following the date of the acceptance, in the case of a certified check.

(2) Until the claim becomes enforceable, it has no legal effect and the obligated bank may pay the check or, in the case of a teller's check, may permit the drawee to pay the check. Payment to a person entitled to enforce the check discharges all liability of the obligated bank with respect to the check.

(3) If the claim becomes enforceable before the check is presented for payment, the obligated bank is not obliged to pay the check.

(4) When the claim becomes enforceable, the obligated bank becomes obliged to pay the amount of the check to the claimant if payment of the check has not been made to a person entitled to enforce the check. Subject to paragraph (1) of subsection (a) of section 4-302, payment to the claimant discharges all liability of the obligated bank with respect to the check.

(c) If the obligated bank pays the amount of a check to a claimant under paragraph (4) of subsection (b) and the check is presented for payment by a person having rights of a holder in due course, the claimant is obliged to (i) refund the payment to the obligated bank if the check is paid, or (ii) pay the amount of the check to the person having rights of a holder in due course if the check is dishonored.

(d) If a claimant has the right to assert a claim under subsection (b) and is also a person entitled to enforce a cashier's check, teller's check, or certified check which is lost, destroyed, or stolen, the claimant may assert rights with respect to the check either under this section or section 3-309.

PART 4.
LIABILITY OF PARTIES.

Section 3-401. Signature.

(a) A person is not liable on an instrument unless (i) the person signed the instrument, or (ii) the person is represented by an agent or representative who signed the instrument and the signature is binding on the represented person under section 3-402.

(b) A signature may be made (i) manually or by means of a device or machine, and (ii) by the use of any name, including a trade or assumed name, or by a word, mark, or symbol executed or adopted by a person with present intention to authenticate a writing.

Section 3-402. Signature by Representative.

(a) If a person acting, or purporting to act, as a representative signs an instrument by signing either the name of the represented person or the name of the signer, the represented person is bound by the signature to the same extent the represented person would be bound if the signature were on a simple contract. If the represented person is bound, the signature of the representative is the "authorized signature of the represented person" and the represented person is liable on the instrument, whether or not identified in the instrument.

(b) If a representative signs the name of the representative to an instrument and the signature is an authorized signature of the represented person, the following rules apply:

(1) If the form of the signature shows unambiguously that the signature is made on behalf of the represented person who is identified in the instrument, the representative is not liable on the instrument.

(2) Subject to subsection (c), if (i) the form of the signature does not show unambiguously that the signature is made in a representative capacity or (ii) the represented person is not identified in the instrument, the representative is liable on the instrument to a holder in due course that took the instrument without notice that the representative was not intended to be liable on the instrument. With respect to any other person, the representative is liable on the instrument unless the representative proves that the original parties did not intend the representative to be liable on the instrument.

(c) If a representative signs the name of the representative as drawer of a check without indication of the representative status and the check is payable from an account of the represented person who is identified on the check, the signer is not liable on the check if the signature is an authorized signature of the represented person.

Section 3-403. Unauthorized Signature.

(a) Unless otherwise provided in this Article or Article 4, an unauthorized signature is ineffective except as the signature of the unauthorized signer in favor of a person who in good faith pays the instrument or takes it for value. An unauthorized signature may be ratified for all purposes of this Article.

(b) If the signature of more than one person is required to constitute the authorized signature of an organization, the signature of the organization is unauthorized if one of the required signatures is lacking.

Chap. 24

(c) The civil or criminal liability of a person who makes an unauthorized signature is not affected by any provision of this Article which makes the unauthorized signature effective for the purposes of this Article.

Section 3-404. Impostors; Fictitious Payees.

(a) If an impostor, by use of the mails or otherwise, induces the issuer of an instrument to issue the instrument to the impostor, or to a person acting in concert with the impostor, by impersonating the payee of the instrument or a person authorized to act for the payee, an indorsement of the instrument by any person in the name of the payee is effective as the indorsement of the payee in favor of a person who, in good faith, pays the instrument or takes it for value or for collection.

(b) If (i) a person whose intent determines to whom an instrument is payable (section 3-110(a) or (b)) does not intend the person identified as payee to have any interest in the instrument, or (ii) the person identified as payee of an instrument is a fictitious person, the following rules apply until the instrument is negotiated by special indorsement:

(1) Any person in possession of the instrument is its holder.

(2) An indorsement by any person in the name of the payee stated in the instrument is effective as the indorsement of the payee in favor of a person who, in good faith, pays the instrument or takes it for value or for collection.

(c) Under subsection (a) or (b), an indorsement is made in the name of a payee if (i) it is made in a name substantially similar to that of the payee or (ii) the instrument, whether or not indorsed, is deposited in a depository bank to an account in a name substantially similar to that of the payee.

(d) With respect to an instrument to which subsection (a) or (b) applies, if a person paying the instrument or taking it for value or for collection fails to exercise ordinary care in paying or taking the instrument and that failure substantially contributes to loss resulting from payment of the instrument, the person bearing the loss may recover from the person failing to exercise ordinary care to the extent the failure to exercise ordinary care contributed to the loss.

Section 3-405. Employer's Responsibility for Fraudulent Indorsement by Employee.

(a) In this section:

(1) "Employee" includes an independent contractor and employee of an independent contractor retained by the employer.

(2) "Fraudulent indorsement" means (i) in the case of an instrument payable to the employer, a forged indorsement purporting to be that of the employer, or (ii) in the case of an instrument with respect to which the employer is the issuer, a forged indorsement purporting to be that of the person identified as payee.

(3) "Responsibility" with respect to instruments means authority (i) to sign or indorse instruments on behalf of the employer, (ii) to process instruments received by the employer for bookkeeping purposes, for deposit to an account, or for other disposition, (iii) to prepare or process instruments for issue in the name of the employer, (iv) to supply information determining the names or addresses of payees of instruments to be issued in the name of the

employer, (v) to control the disposition of instruments to be issued in the name of the employer, or (vi) to act otherwise with respect to instruments in a responsible capacity. "Responsibility" does not include authority that merely allows an employee to have access to instruments or blank or incomplete instrument forms that are being stored or transported or are part of incoming or outgoing mail, or similar access.

(b) For the purpose of determining the rights and liabilities of a person who, in good faith, pays an instrument or takes it for value or for collection, if an employer entrusted an employee with responsibility with respect to the instrument and the employee or a person acting in concert with the employee makes a fraudulent indorsement of the instrument, the indorsement is effective as the indorsement of the person to whom the instrument is payable if it is made in the name of that person. If the person paying the instrument or taking it for value or for collection fails to exercise ordinary care in paying or taking the instrument and that failure substantially contributes to loss resulting from the fraud, the person bearing the loss may recover from the person failing to exercise ordinary care to the extent the failure to exercise ordinary care contributed to the loss.

(c) Under subsection (b), an indorsement is made in the name of the person to whom an instrument is payable if (i) it is made in a name substantially similar to the name of that person or (ii) the instrument, whether or not indorsed, is deposited in a depository bank to an account in a name substantially similar to the name of that person.

Section 3-406. Negligence Contributing to Forged Signature or Alteration of Instrument.

(a) A person whose failure to exercise ordinary care substantially contributes to an alteration of an instrument or to the making of a forged signature on an instrument is precluded from asserting the alteration or the forgery against a person who, in good faith, pays the instrument or takes it for value or for collection.

(b) Under subsection (a), if the person asserting the preclusion fails to exercise ordinary care in paying or taking the instrument and that failure substantially contributes to loss, the loss is allocated between the person precluded and the person asserting the preclusion according to the extent to which the failure of each to exercise ordinary care contributed to the loss.

(c) Under subsection (a), the burden of proving failure to exercise ordinary care is on the person asserting the preclusion. Under subsection (b), the burden of proving failure to exercise ordinary care is on the person precluded.

Section 3-407. Alteration.

(a) "Alteration" means (i) an unauthorized change in an instrument that purports to modify in any respect the obligation of a party, or (ii) an unauthorized addition of words or numbers or other change to an incomplete instrument relating to the obligation of a party.

(b) Except as provided in subsection (c), an alteration fraudulently made discharges a party whose obligation is affected by the alteration unless that party assents or is precluded from asserting the alteration. No other alteration discharges a party, and the instrument may be enforced according to its original terms.

Chap. 24

(c) A payor bank or drawee paying a fraudulently altered instrument or a person taking it for value, in good faith and without notice of the alteration, may enforce rights with respect to the instrument (i) according to its original terms, or (ii) in the case of an incomplete instrument altered by unauthorized completion, according to its terms as completed.

Section 3-408. Drawee not Liable on Unaccepted Draft. A check or other draft does not of itself operate as an assignment of funds in the hands of the drawee available for its payment, and the drawee is not liable on the instrument until the drawee accepts it.

Section 3-409. Acceptance of Draft; Certified Check.

(a) "Acceptance" means the drawee's signed agreement to pay a draft as presented. It must be written on the draft and may consist of the drawee's signature alone. Acceptance may be made at any time and becomes effective when notification pursuant to instructions is given or the accepted draft is delivered for the purpose of giving rights on the acceptance to any person.

(b) A draft may be accepted although it has not been signed by the drawer, is otherwise incomplete, is overdue, or has been dishonored.

(c) If a draft is payable at a fixed period after sight and the acceptor fails to date the acceptance, the holder may complete the acceptance by supplying a date in good faith.

(d) "Certified check" means a check accepted by the bank on which it is drawn. Acceptance may be made as stated in subsection (a) or by a writing on the check which indicates that the check is certified. The drawee of a check has no obligation to certify the check, and refusal to certify is not dishonor of the check.

Section 3-410. Acceptance Varying Draft.

(a) If the terms of a drawee's acceptance vary from the terms of the draft as presented, the holder may refuse the acceptance and treat the draft as dishonored. In that case, the drawee may cancel the acceptance.

(b) The terms of a draft are not varied by an acceptance to pay at a particular bank or place in the United States, unless the acceptance states that the draft is to be paid only at that bank or place.

(c) If the holder assents to an acceptance varying the terms of a draft, the obligation of each drawer and indorser that does not expressly assent to the acceptance is discharged.

Section 3-411. Refusal to Pay Cashier's Checks, Teller's Checks, and Certified Checks.

(a) In this section, "obligated bank" means the acceptor of a certified check or the issuer of a cashier's check or teller's check bought from the issuer.

(b) If the obligated bank wrongfully (i) refuses to pay a cashier's check or certified check, (ii) stops payment of a teller's check, or (iii) refuses to pay a dishonored teller's check, the person asserting the right to enforce the check is entitled to compensation for expenses and loss of interest resulting from the nonpayment and may recover consequential damages if the obligated bank refuses to pay after receiving notice of particular circumstances giving rise to the damages.

(c) Expenses or consequential damages under subsection (b) are not recoverable if the refusal of the obligated bank to pay occurs because (i) the bank suspends payments, (ii) the obligated bank asserts a claim or defense of the bank that it has reasonable grounds to believe is available against the person entitled to enforce the instrument, (iii) the obligated bank has a reasonable doubt whether the person demanding payment is the person entitled to enforce the instrument, or (iv) payment is prohibited by law.

Section 3-412. Obligation of Issuer of Note or Cashier's Check. The issuer of a note or cashier's check or other draft drawn on the drawer is obliged to pay the instrument (i) according to its terms at the time it was issued or, if not issued, at the time it first came into possession of a holder, or (ii) if the issuer signed an incomplete instrument, according to its terms when completed, to the extent stated in sections 3-115 and 3-407. The obligation is owed to a person entitled to enforce the instrument or to an indorser who paid the instrument under section 3-415.

Section 3-413. Obligation of Acceptor.

(a) The acceptor of a draft is obliged to pay the draft (i) according to its terms at the time it was accepted, even though the acceptance states that the draft is payable "as originally drawn" or equivalent terms, (ii) if the acceptance varies the terms of the draft, according to the terms of the draft as varied, or (iii) if the acceptance is of a draft that is an incomplete instrument, according to its terms when completed, to the extent stated in sections 3-115 and 3-407. The obligation is owed to a person entitled to enforce the draft or to the drawer or an indorser who paid the draft under section 3-414 or 3-415.

(b) If the certification of a check or other acceptance of a draft states the amount certified or accepted, the obligation of the acceptor is that amount. If (i) the certification or acceptance does not state an amount, (ii) the amount of the instrument is subsequently raised, and (iii) the instrument is then negotiated to a holder in due course, the obligation of the acceptor is the amount of the instrument at the time it was taken by the holder in due course.

Section 3-414. Obligation of Drawer.

(a) This section does not apply to cashier's checks or other drafts drawn on the drawer.

(b) If an unaccepted draft is dishonored, the drawer is obliged to pay the draft (i) according to its terms at the time it was issued or, if not issued, at the time it first came into possession of a holder, or (ii) if the drawer signed an incomplete instrument, according to its terms when completed, to the extent stated in sections 3-115 and 3-407. The obligation is owed to a person entitled to enforce the draft or to an indorser who paid the draft under section 3-415.

(c) If a draft is accepted by a bank, the drawer is discharged, regardless of when or by whom acceptance was obtained.

(d) If a draft is accepted and the acceptor is not a bank, the obligation of the drawer to pay the draft if the draft is dishonored by the acceptor is the same as the obligation of an indorser under subsections (a) and (c) of section 3-415.

Chap. 24

(e) If a draft states that it is drawn "without recourse" or otherwise disclaims liability of the drawer to pay the draft, the drawer is not liable under subsection (b) to pay the draft if the draft is not a check. A disclaimer of the liability stated in subsection (b) is not effective if the draft is a check.

(f) If (i) a check is not presented for payment or given to a depository bank for collection within 30 days after its date, (ii) the drawee suspends payments after expiration of the 30 day period without paying the check, and (iii) because of the suspension of payments, the drawer is deprived of funds maintained with the drawee to cover payment of the check, the drawer to the extent deprived of funds may discharge its obligation to pay the check by assigning to the person entitled to enforce the check the rights of the drawer against the drawee with respect to the funds.

Section 3-415. Obligation of Indorser.

(a) Subject to subsections (b), (c), (d), and (e) of this section and to subsection (d) of section 3-419, if an instrument is dishonored, an indorser is obliged to pay the amount due on the instrument (i) according to the terms of the instrument at the time it was indorsed, or (ii) if the indorser indorsed an incomplete instrument, according to its terms when completed, to the extent stated in sections 3-115 and 3-407. The obligation of the indorser is owed to a person entitled to enforce the instrument or to a subsequent indorser who paid the instrument under this section.

(b) If an indorsement states that it is made "without recourse" or otherwise disclaims liability of the indorser, the indorser is not liable under subsection (a) to pay the instrument.

(c) If notice of dishonor of an instrument is required by section 3-503 and notice of dishonor complying with that section is not given to an indorser, the liability of the indorser under subsection (a) is discharged.

(d) If a draft is accepted by a bank after an indorsement is made, the liability of the indorser under subsection (a) is discharged.

(e) If an indorser of a check is liable under subsection (a) and the check is not presented for payment, or given to a depository bank for collection, within 30 days after the day the indorsement was made, the liability of the indorser under subsection (a) is discharged.

Section 3-416. Transfer Warranties.

(a) A person who transfers an instrument for consideration warrants to the transferee and, if the transfer is by indorsement, to any subsequent transferee that:

(1) the warrantor is a person entitled to enforce the instrument;

(2) all signatures on the instrument are authentic and authorized;

(3) the instrument has not been altered;

(4) the instrument is not subject to a defense or claim in recoupment of any party which can be asserted against the warrantor; and

(5) the warrantor has no knowledge of any insolvency proceeding commenced with respect to the maker or acceptor or, in the case of an unaccepted draft, the drawer.

Chap. 24

(b) A person to whom the warranties under subsection (a) are made and who took the instrument in good faith may recover from the warrantor as damages for breach of warranty an amount equal to the loss suffered as a result of the breach, but not more than the amount of the instrument plus expenses and loss of interest incurred as a result of the breach.

(c) The warranties stated in subsection (a) cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within 30 days after the claimant has reason to know of the breach and the identity of the warrantor, the liability of the warrantor under subsection (b) is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(d) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

Section 3-417. Presentment Warranties.

(a) If an unaccepted draft is presented to the drawee for payment or acceptance and the drawee pays or accepts the draft, (i) the person obtaining payment or acceptance, at the time of presentment, and (ii) a previous transferor of the draft, at the time of transfer, warrant to the drawee making payment or accepting the draft in good faith that:

(1) the warrantor is, or was, at the time the warrantor transferred the draft, a person entitled to enforce the draft or authorized to obtain payment or acceptance of the draft on behalf of a person entitled to enforce the draft;

(2) the draft has not been altered; and

(3) the warrantor has no knowledge that the signature of the drawer of the draft is unauthorized.

(b) A drawee making payment may recover from any warrantor damages for breach of warranty equal to the amount paid by the drawee less the amount the drawee received or is entitled to receive from the drawer because of the payment. In addition, the drawee is entitled to compensation for expenses and loss of interest resulting from the breach. The right of the drawee to recover damages under this subsection is not affected by any failure of the drawee to exercise ordinary care in making payment. If the drawee accepts the draft, breach of warranty is a defense to the obligation of the acceptor. If the acceptor makes payment with respect to the draft, the acceptor is entitled to recover from any warrantor for breach of warranty the amounts stated in this subsection.

(c) If a drawee asserts a claim for breach of warranty under subsection (a) based on an unauthorized indorsement of the draft or an alteration of the draft, the warrantor may defend by proving that the indorsement is effective under section 3-404 or 3-405 or the drawer is precluded under section 3-406 or 4-406 from asserting against the drawee the unauthorized indorsement or alteration.

(d) If (i) a dishonored draft is presented for payment to the drawer or an indorser or (ii) any other instrument is presented for payment to a party obliged to pay the instrument, and (iii) payment is received, the following rules apply:

(1) The person obtaining payment and a prior transferor of the instrument warrant to

Chap. 24

the person making payment in good faith that the warrantor is, or was, at the time the warrantor transferred the instrument, a person entitled to enforce the instrument or authorized to obtain payment on behalf of a person entitled to enforce the instrument.

(2) The person making payment may recover from any warrantor for breach of warranty an amount equal to the amount paid plus expenses and loss of interest resulting from the breach.

(e) The warranties stated in subsections (a) and (d) cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within 30 days after the claimant has reason to know of the breach and the identity of the warrantor, the liability of the warrantor under subsection (b) or (d) is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(f) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

Section 3-418. Payment or Acceptance by Mistake.

(a) Except as provided in subsection (c), if the drawee of a draft pays or accepts the draft and the drawee acted on the mistaken belief that (i) payment of the draft had not been stopped pursuant to section 4-403 or (ii) the signature of the drawer of the draft was authorized, the drawee may recover the amount of the draft from the person to whom or for whose benefit payment was made or, in the case of acceptance, may revoke the acceptance. Rights of the drawee under this subsection are not affected by failure of the drawee to exercise ordinary care in paying or accepting the draft.

(b) Except as provided in subsection (c), if an instrument has been paid or accepted by mistake and the case is not covered by subsection (a), the person paying or accepting may, to the extent permitted by the law governing mistake and restitution, (i) recover the payment from the person to whom or for whose benefit payment was made or (ii) in the case of acceptance, may revoke the acceptance.

(c) The remedies provided by subsection (a) or (b) may not be asserted against a person who took the instrument in good faith and for value or who in good faith changed position in reliance on the payment or acceptance. This subsection does not limit remedies provided by section 3-417 or 4-407.

(d) Notwithstanding section 4-215, if an instrument is paid or accepted by mistake and the payor or acceptor recovers payment or revokes acceptance under subsection (a) or (b), the instrument is deemed not to have been paid or accepted and is treated as dishonored, and the person from whom payment is recovered has rights as a person entitled to enforce the dishonored instrument.

Section 3-419. Instruments Signed for Accommodation.

(a) If an instrument is issued for value given for the benefit of a party to the instrument ("accommodated party") and another party to the instrument ("accommodation party") signs the instrument for the purpose of incurring liability on the instrument without being a direct beneficiary of the value given for the instrument, the instrument is signed by the accommodation party "for accommodation".

Chap. 24

(b) An accommodation party may sign the instrument as maker, drawer, acceptor, or indorser and, subject to subsection (d), is obliged to pay the instrument in the capacity in which the accommodation party signs. The obligation of an accommodation party may be enforced notwithstanding any statute of frauds and whether or not the accommodation party receives consideration for the accommodation.

(c) A person signing an instrument is presumed to be an accommodation party and there is notice that the instrument is signed for accommodation if the signature is an anomalous indorsement or is accompanied by words indicating that the signer is acting as surety or guarantor with respect to the obligation of another party to the instrument. Except as provided in section 3-605, the obligation of an accommodation party to pay the instrument is not affected by the fact that the person enforcing the obligation had notice when the instrument was taken by that person that the accommodation party signed the instrument for accommodation.

(d) If the signature of a party to an instrument is accompanied by words indicating unambiguously that the party is guaranteeing collection rather than payment of the obligation of another party to the instrument, the signer is obliged to pay the amount due on the instrument to a person entitled to enforce the instrument only if (i) execution of judgment against the other party has been returned unsatisfied, (ii) the other party is insolvent or in an insolvency proceeding, (iii) the other party cannot be served with process, or (iv) it is otherwise apparent that payment cannot be obtained from the other party.

(e) An accommodation party who pays the instrument is entitled to reimbursement from the accommodated party and is entitled to enforce the instrument against the accommodated party. An accommodated party who pays the instrument has no right of recourse against, and is not entitled to contribution from, an accommodation party.

Section 3-420. Conversion of Instrument.

(a) The law applicable to conversion of personal property applies to instruments. An instrument is also converted if it is taken by transfer, other than a negotiation, from a person not entitled to enforce the instrument or a bank makes or obtains payment with respect to the instrument for a person not entitled to enforce the instrument or receive payment. An action for conversion of an instrument may not be brought by (i) the issuer or acceptor of the instrument or (ii) a payee or indorsee who did not receive delivery of the instrument either directly or through delivery to an agent or a co-payee.

(b) In an action under subsection (a), the measure of liability is presumed to be the amount payable on the instrument, but recovery may not exceed the amount of the plaintiff's interest in the instrument.

(c) A representative, other than a depository bank, who has in good faith dealt with an instrument or its proceeds on behalf of one who was not the person entitled to enforce the instrument is not liable in conversion to that person beyond the amount of any proceeds that it has not paid out.

PART 5.
DISHONOR.

Section 3-501. Presentment.

(a) "Presentment" means a demand made by or on behalf of a person entitled to enforce an instrument (i) to pay the instrument made to the drawee or a party obliged to pay the instrument or, in the case of a note or accepted draft payable at a bank, to the bank, or (ii) to accept a draft made to the drawee.

(b) The following rules are subject to Article 4, agreement of the parties, and clearinghouse rules and the like:

(1) Presentment may be made at the place of payment of the instrument and must be made at the place of payment if the instrument is payable at a bank in the United States; may be made by any commercially reasonable means, including an oral, written, or electronic communication; is effective when the demand for payment or acceptance is received by the person to whom presentment is made; and is effective if made to any one of two or more makers, acceptors, drawees, or other payors.

(2) Upon demand of the person to whom presentment is made, the person making presentment must (i) exhibit the instrument, (ii) give reasonable identification and, if presentment is made on behalf of another person, reasonable evidence of authority to do so, and (iii) sign a receipt on the instrument for any payment made or surrender the instrument if full payment is made.

(3) Without dishonoring the instrument, the party to whom presentment is made may (i) return the instrument for lack of a necessary indorsement, or (ii) refuse payment or acceptance for failure of the presentment to comply with the terms of the instrument, an agreement of the parties, or other applicable law or rule.

(4) The party to whom presentment is made may treat presentment as occurring on the next business day after the day of presentment if the party to whom presentment is made has established a cut-off hour not earlier than 2 p.m. for the receipt and processing of instruments presented for payment or acceptance and presentment is made after the cut-off hour.

Section 3-502. Dishonor.

(a) Dishonor of a note is governed by the following rules:

(1) If the note is payable on demand, the note is dishonored if presentment is duly made to the maker and the note is not paid on the day of presentment.

(2) If the note is not payable on demand and is payable at or through a bank or the terms of the note require presentment, the note is dishonored if presentment is duly made and the note is not paid on the day it becomes payable or the day of presentment, whichever is later.

(3) If the note is not payable on demand and paragraph (2) does not apply, the note is dishonored if it is not paid on the day it becomes payable.

(b) Dishonor of an unaccepted draft other than a documentary draft is governed by the following rules:

Chap. 24

(1) If a check is duly presented for payment to the payor bank otherwise than for immediate payment over the counter, the check is dishonored if the payor bank makes timely return of the check or sends timely notice of dishonor or nonpayment under section 4-301 or 4-302, or becomes accountable for the amount of the check under section 4-302.

(2) If a draft is payable on demand and paragraph (1) does not apply, the draft is dishonored if presentment for payment is duly made to the drawee and the draft is not paid on the day of presentment.

(3) If a draft is payable on a date stated in the draft, the draft is dishonored if (i) presentment for payment is duly made to the drawee and payment is not made on the day the draft becomes payable or the day of presentment, whichever is later, or (ii) presentment for acceptance is duly made before the day the draft becomes payable and the draft is not accepted on the day of presentment.

(4) If a draft is payable on elapse of a period of time after sight or acceptance, the draft is dishonored if presentment for acceptance is duly made and the draft is not accepted on the day of presentment.

(c) Dishonor of an unaccepted documentary draft occurs according to the rules stated in paragraphs (2), (3) and (4) of subsection (b), except that payment or acceptance may be delayed without dishonor until no later than the close of the third business day of the drawee following the day on which payment or acceptance is required by those paragraphs.

(d) Dishonor of an accepted draft is governed by the following rules:

(1) If the draft is payable on demand, the draft is dishonored if presentment for payment is duly made to the acceptor and the draft is not paid on the day of presentment.

(2) If the draft is not payable on demand, the draft is dishonored if presentment for payment is duly made to the acceptor and payment is not made on the day it becomes payable or the day of presentment, whichever is later.

(e) In any case in which presentment is otherwise required for dishonor under this section and presentment is excused under section 3-504, dishonor occurs without presentment if the instrument is not duly accepted or paid.

(f) If a draft is dishonored because timely acceptance of the draft was not made and the person entitled to demand acceptance consents to a late acceptance, from the time of acceptance the draft is treated as never having been dishonored.

Section 3-503. Notice of Dishonor.

(a) The obligation of an indorser stated in subsection (a) of section 3-415 and the obligation of a drawer stated in subsection (d) of section 3-414 may not be enforced unless (i) the indorser or drawer is given notice of dishonor of the instrument complying with this section or (ii) notice of dishonor is excused under subsection (b) of section 3-504.

(b) Notice of dishonor may be given by any person; may be given by any commercially reasonable means, including an oral, written, or electronic communication; and is sufficient if it reasonably identifies the instrument and indicates that the instrument has been dishonored or has not been paid or accepted. Return of an instrument given to a bank for collection is sufficient notice of dishonor.

Chap. 24

(c) Subject to subsection (c) of section 3-504, with respect to an instrument taken for collection by a collecting bank, notice of dishonor must be given (i) by the bank before midnight of the next banking day following the banking day on which the bank receives notice of dishonor of the instrument, or (ii) by any other person within 30 days following the day on which the person receives notice of dishonor. With respect to any other instrument, notice of dishonor must be given within 30 days following the day on which dishonor occurs.

Section 3-504. Excused Presentment and Notice of Dishonor.

(a) Presentment for payment or acceptance of an instrument is excused if (i) the person entitled to present the instrument cannot with reasonable diligence make presentment, (ii) the maker or acceptor has repudiated an obligation to pay the instrument or is dead or in insolvency proceedings, (iii) by the terms of the instrument presentment is not necessary to enforce the obligation of indorsers or the drawer, (iv) the drawer or indorser whose obligation is being enforced has waived presentment or otherwise has no reason to expect or right to require that the instrument be paid or accepted, or (v) the drawer instructed the drawee not to pay or accept the draft or the drawee was not obligated to the drawer to pay the draft.

(b) Notice of dishonor is excused if (i) by the terms of the instrument notice of dishonor is not necessary to enforce the obligation of a party to pay the instrument, or (ii) the party whose obligation is being enforced waived notice of dishonor. A waiver of presentment is also a waiver of notice of dishonor.

(c) Delay in giving notice of dishonor is excused if the delay was caused by circumstances beyond the control of the person giving the notice and the person giving the notice exercised reasonable diligence after the cause of the delay ceased to operate.

Section 3-505. Evidence of Dishonor.

(a) The following are admissible as evidence and create a presumption of dishonor and of any notice of dishonor stated:

(1) a document regular in form as provided in subsection (b) which purports to be a protest;

(2) a purported stamp or writing of the drawee, payor bank, or presenting bank on or accompanying the instrument stating that acceptance or payment has been refused unless reasons for the refusal are stated and the reasons are not consistent with dishonor;

(3) a book or record of the drawee, payor bank, or collecting bank, kept in the usual course of business which shows dishonor, even if there is no evidence of who made the entry.

(b) A protest is a certificate of dishonor made by a United States consul or vice consul, or a notary public or other person authorized to administer oaths by the law of the place where dishonor occurs. It may be made upon information satisfactory to that person. The protest must identify the instrument and certify either that presentment has been made or, if not made, the reason why it was not made, and that the instrument has been dishonored by nonacceptance or nonpayment. The protest may also certify that notice of dishonor has been given to some or all parties.

PART 6.
DISCHARGE AND PAYMENT.

Section 3-601. Discharge and Effect of Discharge.

(a) The obligation of a party to pay the instrument is discharged as stated in this Article or by an act or agreement with the party which would discharge an obligation to pay money under a simple contract.

(b) Discharge of the obligation of a party is not effective against a person acquiring rights of a holder in due course of the instrument without notice of the discharge.

Section 3-602. Payment.

(a) Subject to subsection (b), an instrument is paid to the extent payment is made (i) by or on behalf of a party obliged to pay the instrument, and (ii) to a person entitled to enforce the instrument. To the extent of the payment, the obligation of the party obliged to pay the instrument is discharged even though payment is made with knowledge of a claim to the instrument under section 3-306 by another person.

(b) The obligation of a party to pay the instrument is not discharged under subsection (a) if:

(1) a claim to the instrument under section 3-306 is enforceable against the party receiving payment and (i) payment is made with knowledge by the payor that payment is prohibited by injunction or similar process of a court of competent jurisdiction, or (ii) in the case of an instrument other than a cashier's check, teller's check, or certified check, the party making payment accepted, from the person having a claim to the instrument, indemnity against loss resulting from refusal to pay the person entitled to enforce the instrument; or

(2) the person making payment knows that the instrument is a stolen instrument and pays a person it knows is in wrongful possession of the instrument.

Section 3-603. Tender of Payment.

(a) If tender of payment of an obligation to pay an instrument is made to a person entitled to enforce the instrument, the effect of tender is governed by principles of law applicable to tender of payment under a simple contract.

(b) If tender of payment of an obligation to pay an instrument is made to a person entitled to enforce the instrument and the tender is refused, there is discharge, to the extent of the amount of the tender, of the obligation of an indorser or accommodation party having a right of recourse with respect to the obligation to which the tender relates.

(c) If tender of payment of an amount due on an instrument is made to a person entitled to enforce the instrument, the obligation of the obligor to pay interest after the due date on the amount tendered is discharged. If presentment is required with respect to an instrument and the obligor is able and ready to pay on the due date at every place of payment stated in the instrument, the obligor is deemed to have made tender of payment on the due date to the person entitled to enforce the instrument.

Section 3-604. Discharge by Cancellation or Renunciation.

(a) A person entitled to enforce an instrument, with or without consideration, may discharge the obligation of a party to pay the instrument (i) by an intentional voluntary act,

Chap. 24

such as surrender of the instrument to the party, destruction, mutilation, or cancellation of the instrument, cancellation or striking out of the party's signature, or the addition of words to the instrument indicating discharge, or (ii) by agreeing not to sue or otherwise renouncing rights against the party by a signed writing.

(b) Cancellation or striking out of an indorsement pursuant to subsection (a) does not affect the status and rights of a party derived from the indorsement.

Section 3-605. Discharge of Indorsers and Accommodation Parties.

(a) In this section, the term "indorser" includes a drawer having the obligation described in subsection (d) of section 3-414.

(b) Discharge, under section 3-604, of the obligation of a party to pay an instrument does not discharge the obligation of an indorser or accommodation party having a right of recourse against the discharged party.

(c) If a person entitled to enforce an instrument agrees, with or without consideration, to an extension of the due date of the obligation of a party to pay the instrument, the extension discharges an indorser or accommodation party having a right of recourse against the party whose obligation is extended to the extent the indorser or accommodation party proves that the extension caused loss to the indorser or accommodation party with respect to the right of recourse.

(d) If a person entitled to enforce an instrument agrees, with or without consideration, to a material modification of the obligation of a party other than an extension of the due date, the modification discharges the obligation of an indorser or accommodation party having a right of recourse against the person whose obligation is modified to the extent the modification causes loss to the indorser or accommodation party with respect to the right of recourse. The loss suffered by the indorser or accommodation party as a result of the modification is equal to the amount of the right of recourse unless the person enforcing the instrument proves that no loss was caused by the modification or that the loss caused by the modification was an amount less than the amount of the right of recourse.

(e) If the obligation of a party to pay an instrument is secured by an interest in collateral and a person entitled to enforce the instrument impairs the value of the interest in collateral, the obligation of an indorser or accommodation party having a right of recourse against the obligor is discharged to the extent of the impairment. The value of an interest in collateral is impaired to the extent (i) the value of the interest is reduced to an amount less than the amount of the right of recourse of the party asserting discharge, or (ii) the reduction in value of the interest causes an increase in the amount by which the amount of the right of recourse exceeds the value of the interest. The burden of proving impairment is on the party asserting discharge.

(f) If the obligation of a party is secured by an interest in collateral not provided by an accommodation party and a person entitled to enforce the instrument impairs the value of the interest in collateral, the obligation of any party who is jointly and severally liable with respect to the secured obligation is discharged to the extent the impairment causes the party asserting discharge to pay more than that party would have been obliged to pay, taking

into account rights of contribution, if impairment had not occurred. If the party asserting discharge is an accommodation party not entitled to discharge under subsection (e), the party is deemed to have a right to contribution based on joint and several liability rather than a right to reimbursement. The burden of proving impairment is on the party asserting discharge.

(g) Under subsection (e) or (f), impairing value of an interest in collateral includes (i) failure to obtain or maintain perfection or recordation of the interest in collateral, (ii) release of collateral without substitution of collateral of equal value, (iii) failure to perform a duty to preserve the value of collateral owed, under Article 9 or other law, to a debtor or surety or other person secondarily liable, or (iv) failure to comply with applicable law in disposing of collateral.

(h) An accommodation party is not discharged under subsection (c), (d), or (e) unless the person entitled to enforce the instrument knows of the accommodation or has notice under subsection (c) of section 3-419 that the instrument was signed for accommodation.

(i) A party is not discharged under this section if (i) the party asserting discharge consents to the event or conduct that is the basis of the discharge, or (ii) the instrument or a separate agreement of the party provides for waiver of discharge under this section either specifically or by general language indicating that parties waive defenses based on suretyship or impairment of collateral.

ARTICLE 4.

BANK DEPOSITS AND COLLECTIONS.

Section 4-101. Short Title. This Article may be cited as Uniform Commercial Code - Bank Deposits and Collections.

Section 4-102. Applicability.

(a) To the extent that items within this Article are also within Articles 3 and 8, they are subject to those Articles. If there is conflict, this Article governs Article 3, but Article 8 governs this Article.

(b) The liability of a bank for action or nonaction with respect to an item handled by it for purposes of presentment, payment, or collection is governed by the law of the place where the bank is located. In the case of action or nonaction by or at a branch or separate office of a bank, its liability is governed by the law of the place where the branch or separate office is located.

Section 4-103. Variation by Agreement; Measure of Damages; Action Constituting Ordinary Care.

(a) The effect of the provisions of this Article may be varied by agreement, but the parties to the agreement cannot disclaim a bank's responsibility for its lack of good faith or failure to exercise ordinary care or limit the measure of damages for the lack or failure. However, the parties may determine by agreement the standards by which the bank's responsibility is to be measured if those standards are not manifestly unreasonable.

(b) Federal Reserve regulations and operating circulars, clearinghouse rules, and the like, have the effect of agreements under subsection (a), whether or not specifically assented to by all parties interested in items handled.

Chap. 24

(c) Action or nonaction approved by this Article or pursuant to Federal Reserve regulations or operating circulars is the exercise of ordinary care and, in the absence of special instructions, action or nonaction consistent with clearinghouse rules and the like or with a general banking usage not disapproved by this Article, is *prima facie* the exercise of ordinary care.

(d) The specification or approval of certain procedures by this Article is not disapproval of other procedures that may be reasonable under the circumstances.

(e) The measure of damages for failure to exercise ordinary care in handling an item is the amount of the item reduced by an amount that could not have been realized by the exercise of ordinary care. If there is also bad faith it includes any other damages, the party suffered as a proximate consequence.

Section 4-104. Definitions and Index of Definitions.

(a) In this Article, unless the context otherwise requires the following words shall have the following meanings:

Section 4-105. Bank; Depository Bank; Payor Bank; Intermediary Bank; Collecting Bank; Presenting Bank.

In this Article the following words shall have the following meanings unless the context clearly requires otherwise:

(1) "Bank", a person engaged in the business of banking, including a savings bank, savings and loan association, credit union, or trust company.

(2) "Depository bank", the first bank to take an item even though it is also the payor bank, unless the item is presented for immediate payment over the counter;

(3) "Payor bank", a bank that is the drawee of a draft;

Chap. 24

(4) "Intermediary bank", a bank to which an item is transferred in course of collection except the depository or payor bank;

(5) "Collecting bank", a bank handling an item for collection except the payor bank;

(6) "Presenting bank", a bank presenting an item except a payor bank.

Section 4-106. Payable Through or Payable at Bank; Collecting Bank.

(a) If an item states that it is "payable through" a bank identified in the item, (i) the item designates the bank as a collecting bank and does not by itself authorize the bank to pay the item, and (ii) the item may be presented for payment only by or through the bank.

(b) If an item states that it is "payable at" a bank identified in the item, the item is equivalent to a draft drawn on the bank.

(c) If a draft names a nonbank drawee and it is unclear whether a bank named in the draft is a co-drawee or a collecting bank, the bank is a collecting bank.

Section 4-107. Separate Office of Bank.

A branch or separate office of a bank is a separate bank for the purpose of computing the time within which and determining the place at or to which action may be taken or notice or orders must be given under this Article and under Article 3.

Section 4-108. Time of Receipt of Items.

(a) For the purpose of allowing time to process items, prove balances, and make the necessary entries on its books to determine its position for the day, a bank may fix an afternoon hour of 2 p.m. or later as a cut-off hour for the handling of money and items and the making of entries on its books.

(b) An item or deposit of money received on any day after a cut-off hour so fixed or after the close of the banking day may be treated as being received at the opening of the next banking day.

Section 4-109. Delays.

(a) Unless otherwise instructed, a collecting bank in a good faith effort to secure payment of a specific item drawn on a payor other than a bank, and with or without the approval of any person involved, may waive, modify, or extend time limits imposed or permitted by this chapter for a period not exceeding two additional banking days without discharge of drawers or indorsers or liability to its transferor or a prior party.

(b) Delay by a collecting bank or payor bank beyond time limits prescribed or permitted by this chapter or by instructions is excused if (i) the delay is caused by interruption of communication or computer facilities, suspension of payments by another bank, war, emergency conditions, failure of equipment, or other circumstances beyond the control of the bank, and (ii) the bank exercises such diligence as the circumstances require.

Section 4-110. Electronic Presentment.

(a) "Agreement for electronic presentment" means an agreement, clearinghouse rule, or Federal Reserve regulation or operating circular, providing that presentment of an item may be made by transmission of an image of an item or information describing the item ("presentment notice") rather than delivery of the item itself. The agreement may provide for procedures governing retention, presentment, payment, dishonor, and other matters concerning items subject to the agreement.

Chap. 24

(b) Presentment of an item pursuant to an agreement for presentment is made when the presentment notice is received.

(c) If presentment is made by presentment notice, a reference to "item" or "check" in this Article means the presentment notice unless the context otherwise indicates.

Section 4-111. Statute of Limitations. An action to enforce an obligation, duty, or right arising under this Article must be commenced within three years after the cause of action accrues.

Section 4-201. Status of Collecting Bank as Agent and Provisional Status of Credits; Applicability of Article; Item Indorsed Pay any Bank.

(a) Unless a contrary intent clearly appears and before the time that a settlement given by a collecting bank for an item is or becomes final, the bank, with respect to the item, is an agent or subagent of the owner of the item and any settlement given for the item is provisional. This provision applies regardless of the form of indorsement or lack of indorsement and even though credit given for the item is subject to immediate withdrawal as of right or is in fact withdrawn; but the continuance of ownership of an item by its owner and any rights of the owner to proceeds of the item are subject to rights of a collecting bank, such as those resulting from outstanding advances on the item and rights of recoupment or setoff. If an item is handled by banks for purposes of presentment, payment, collection, or return, the relevant provisions of this Article apply even though action of the parties clearly establishes that a particular bank has purchased the item and is the owner of it.

(b) After an item has been indorsed with the words "pay any bank" or the like, only a bank may acquire the rights of a holder until the item has been:

- (1) returned to the customer initiating collection; or
- (2) specially indorsed by a bank to a person who is not a bank.

Section 4-202. Responsibility for Collection or Return; when Action Timely.

(a) A collecting bank must exercise ordinary care in:

- (1) presenting an item or sending it for presentment;
- (2) sending notice of dishonor or nonpayment or returning an item other than a documentary draft to the bank's transferor after learning that the item has not been paid or accepted, as the case may be;

(3) settling for an item when the bank receives final settlement; and

(4) notifying its transferor of any loss or delay in transit within a reasonable time after discovery thereof.

(b) A collecting bank exercises ordinary care under subsection (a) by taking proper action before its midnight deadline following receipt of an item, notice, or settlement. Taking proper action within a reasonably longer time may constitute the exercise of ordinary care, but the bank has the burden of establishing timeliness.

(c) Subject to clause (1) of subsection (a), a bank is not liable for the insolvency, neglect, misconduct, mistake, or default of another bank or person or for loss or destruction of an item in the possession of others or in transit.

Chap. 24

Section 4-203. Effect of Instructions.

Subject to Article 3 concerning conversion of instruments (section 3-420) and restrictive indorsements (section 3-206), only a collecting bank's transferor can give instructions that affect the bank or constitute notice to it, and a collecting bank is not liable to prior parties for any action taken pursuant to the instructions or in accordance with any agreement with its transferor.

Section 4-204. Methods of Sending and Presenting; Sending Directly to Payor Bank.

(a) A collecting bank shall send items by a reasonably prompt method, taking into consideration relevant instructions, the nature of the item, the number of those items on hand, the cost of collection involved, and the method generally used by it or others to present those items.

(b) A collecting bank may send:

(1) an item directly to the payor bank;

(2) an item to a nonbank payor if authorized by its transferor; and

(3) an item other than documentary drafts to a nonbank payor, if authorized by Federal Reserve regulation or operating circular, clearinghouse rule, or the like.

(c) Presentment may be made by a presenting bank at a place where the payor bank or other payor has requested that presentment be made.

Section 4-205. Depositary Bank Holder of Unindorsed Item. If a customer delivers an item to a depositary bank for collection:

(1) the depositary bank becomes a holder of the item at the time it receives the item for collection if the customer at the time of delivery was a holder of the item, whether or not the customer indorses the item, and, if the bank satisfies the other requirements of section 3-302, it is a holder in due course; and

(2) the depositary bank warrants to collecting banks, the payor bank or other payor, and the drawer that the amount of the item was paid to the customer or deposited to the customer's account.

Section 4-206. Transfer Between Banks.

Any agreed method that identifies the transferor bank is sufficient for the item's further transfer to another bank.

Section 4-207. Transfer Warranties.

(a) A customer or collecting bank that transfers an item and receives a settlement or other consideration warrants to the transferee and to any subsequent collecting bank that:

(1) the warrantor is a person entitled to enforce the item;

(2) all signatures on the item are authentic and authorized;

(3) the item has not been altered;

(4) the item is not subject to a defense or claim in recoupment (section 3-305(a)) of any party that can be asserted against the warrantor; and

(5) the warrantor has no knowledge of any insolvency proceeding commenced with respect to the maker or acceptor or, in the case of an unaccepted draft, the drawer.

Chap. 24

(b) If an item is dishonored, a customer or collecting bank transferring the item and receiving settlement or other consideration is obliged to pay the amount due on the item (i) according to the terms of the item at the time it was transferred, or (ii) if the transfer was of an incomplete item, according to its terms when completed as stated in sections 3-115 and 3-407. The obligation of a transferor is owed to the transferee and to any subsequent collecting bank that takes the item in good faith. A transferor cannot disclaim its obligation under this subsection by an indorsement stating that it is made "without recourse" or otherwise disclaiming liability.

(c) A person to whom the warranties under subsection (a) are made and who took the item in good faith may recover from the warrantor as damages for breach of warranty an amount equal to the loss suffered as a result of the breach, but not more than the amount of the item plus expenses and loss of interest incurred as a result of the breach.

(d) The warranties stated in subsection (a) cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within 30 days after the claimant has reason to know of the breach and the identity of the warrantor, the warrantor is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(e) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

Section 4-208. Presentment Warranties.

(a) If an unaccepted draft is presented to the drawee for payment or acceptance and the drawee pays or accepts the draft, (i) the person obtaining payment or acceptance, at the time of presentment, and (ii) a previous transferor of the draft, at the time of transfer, warrant to the drawee that pays or accepts the draft in good faith that:

(1) the warrantor is, or was, at the time the warrantor transferred the draft, a person entitled to enforce the draft or authorized to obtain payment or acceptance of the draft on behalf of a person entitled to enforce the draft;

(2) the draft has not been altered; and

(3) the warrantor has no knowledge that the signature of the purported drawer of the draft is unauthorized.

(b) A drawee making payment may recover from a warrantor damages for breach of warranty equal to the amount paid by the drawee less the amount the drawee received or is entitled to receive from the drawer because of the payment. In addition, the drawee is entitled to compensation for expenses and loss of interest resulting from the breach. The right of the drawee to recover damages under this subsection is not affected by any failure of the drawee to exercise ordinary care in making payment. If the drawee accepts the draft (i) breach of warranty is a defense to the obligation of the acceptor, and (ii) if the acceptor makes payment with respect to the draft, the acceptor is entitled to recover from a warrantor for breach of warranty the amounts stated in this subsection.

(c) If a drawee asserts a claim for breach of warranty under subsection (a) based on

Chap. 24

an unauthorized indorsement of the draft or an alteration of the draft, the warrantor may defend by proving that the indorsement is effective under Section 3-404 or 3-405 or the drawer is precluded under section 3-406 or 4-406 from asserting against the drawee the unauthorized indorsement or alteration.

(d) If (i) a dishonored draft is presented for payment to the drawer or an indorser or (ii) any other item is presented for payment to a party obliged to pay the item, and the item is paid, the person obtaining payment and a prior transferor of the item warrant to the person making payment in good faith that the warrantor is, or was, at the time the warrantor transferred the item, a person entitled to enforce the item or authorized to obtain payment on behalf of a person entitled to enforce the item. The person making payment may recover from any warrantor for breach of warranty an amount equal to the amount paid plus expenses and loss of interest resulting from the breach.

(e) The warranties stated in subsections (a) and (d) cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within 30 days after the claimant has reason to know of the breach and the identity of the warrantor, the warrantor is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(f) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

Section 4-209. Encoding and Retention Warranties.

(a) A person who encodes information on or with respect to an item after issue warrants to any subsequent collecting bank and to the payor bank or other payor that the information is correctly encoded. If the customer of a depository bank encodes, that bank also makes the warranty.

(b) A person who undertakes to retain an item pursuant to an agreement for electronic presentment warrants to any subsequent collecting bank and to the payor bank or other payor that retention and presentment of the item comply with the agreement. If a customer of a depository bank undertakes to retain an item, that bank also makes this warranty.

(c) A person to whom warranties are made under this section and who took the item in good faith may recover from the warrantor as damages for breach of warranty an amount equal to the loss suffered as a result of the breach, plus expenses and loss of interest incurred as a result of the breach.

Section 4-210. Security Interest of Collecting Bank in Items, Accompanying Documents and Proceeds.

(a) A collecting bank has a security interest in an item and any accompanying documents or the proceeds of either:

(1) in case of an item deposited in an account, to the extent to which credit given for the item has been withdrawn or applied;

(2) in case of an item for which it has given credit available for withdrawal as of right, to the extent of the credit given, whether or not the credit is drawn upon or there is a right of charge-back; or

Chap. 24

(3) if it makes an advance on or against the item.

(b) If credit given for several items received at one time or pursuant to a single agreement is withdrawn or applied in part, the security interest remains upon all the items, any accompanying documents or the proceeds of either. For the purpose of this section, credits first given are first withdrawn.

(c) Receipt by a collecting bank of a final settlement for an item is a realization on its security interest in the item, accompanying documents, and proceeds. So long as the bank does not receive final settlement for the item or give up possession of the item or accompanying documents for purposes other than collection, the security interest continues to that extent and is subject to Article 9, but:

(1) no security agreement is necessary to make the security interest enforceable (section 9-203(1)(a));

(2) no filing is required to perfect the security interest; and

(3) the security interest has priority over conflicting perfected security interests in the item, accompanying documents, or proceeds.

Section 4-211. When Bank Gives Value for Purposes of Holder in Due Course. For purposes of determining its status as a holder in due course, a bank has given value to the extent it has a security interest in an item, if the bank otherwise complies with the requirements of section 3-302 on what constitutes a holder in due course.

Section 4-212. Presentment by Notice of Item not Payable by, through, or at Bank; Liability of Drawer or Indorser.

(a) Unless otherwise instructed, a collecting bank may present an item not payable by, through, or at a bank by sending to the party to accept or pay a written notice that the bank holds the item for acceptance or payment. The notice must be sent in time to be received on or before the day when presentment is due and the bank must meet any requirement of the party to accept or pay under section 3-501 by the close of the bank's next banking day after it knows of the requirement.

(b) If presentment is made by notice and payment, acceptance, or request for compliance with a requirement under section 3-501 is not received by the close of business on the day after maturity or, in the case of demand items, by the close of business on the third banking day after notice was sent, the presenting bank may treat the item as dishonored and charge any drawer or indorser by sending it notice of the facts.

Section 4-213. Medium and Time of Settlement by Bank.

(a) With respect to settlement by a bank, the medium and time of settlement may be prescribed by Federal Reserve regulations or circulars, clearinghouse rules, and the like, or agreement. In the absence of such prescription:

(1) the medium of settlement is cash or credit to an account in a Federal Reserve bank of or specified by the person to receive settlement; and

(2) the time of settlement, is:

(i) with respect to tender of settlement by cash, a cashier's check, or teller's check, when the cash or check is sent or delivered;

Chap. 24

(ii) with respect to tender of settlement by credit in an account in a Federal Reserve bank, when the credit is made;

(iii) with respect to tender of settlement by a credit or debit to an account in a bank, when the credit or debit is made or, in the case of tender of settlement by authority to charge an account, when the authority is sent or delivered; or

(iv) with respect to tender of settlement by a funds transfer, when payment is made pursuant to subsection (a) of section 4A-406 to the person receiving settlement.

(b) If the tender of settlement is not by a medium authorized by subsection (a) or the time of settlement is not fixed by subsection (a), no settlement occurs until the tender of settlement is accepted by the person receiving settlement.

(c) If settlement for an item is made by cashier's check or teller's check and the person receiving settlement, before its midnight deadline:

(1) presents or forwards the check for collection, settlement is final when the check is finally paid; or

(2) fails to present or forward the check for collection, settlement is final at the midnight deadline of the person receiving settlement.

(d) If settlement for an item is made by giving authority to charge the account of the bank giving settlement in the bank receiving settlement, settlement is final when the charge is made by the bank receiving settlement if there are funds available in the account for the amount of the item.

Section 4-214. Right of Charge-Back or Refund; Liability of Collecting Bank; Return of Item.

(a) If a collecting bank has made provisional settlement with its customer for an item and fails by reason of dishonor, suspension of payments by a bank, or otherwise to receive settlement for the item which is or becomes final, the bank may revoke the settlement given by it, charge-back the amount of any credit given for the item to its customer's account, or obtain refund from its customer, whether or not it is able to return the item, if by its midnight deadline or within a longer reasonable time after it learns the facts it returns the item or sends notification of the facts. If the return or notice is delayed beyond the bank's midnight deadline or a longer reasonable time after it learns the facts, the bank may revoke the settlement, charge-back the credit, or obtain refund from its customer, but it is liable for any loss resulting from the delay. These rights to revoke, charge-back, and obtain refund terminate if and when a settlement for the item received by the bank is or becomes final.

(b) A collecting bank returns an item when it is sent or delivered to the bank's customer or transferor or pursuant to its instructions.

(c) A depository bank that is also the payor may charge-back the amount of an item to its customer's account or obtain refund in accordance with section 4-301, governing return of an item received by a payor bank for credit on its books.

(d) The right to charge-back is not affected by:

(1) previous use of a credit given for the item; or

Chap. 24

(2) failure by any bank to exercise ordinary care with respect to the item, but a bank so failing remains liable.

(e) A failure to charge-back or claim refund does not affect other rights of the bank against the customer or any other party.

(f) If credit is given in dollars as the equivalent of the value of an item payable in foreign money, the dollar amount of any charge-back or refund must be calculated on the basis of the bank-offered spot rate for the foreign money prevailing on the day when the person entitled to the charge-back or refund learns that it will not receive payment in ordinary course.

Section 4-215. Final Payment of Item by Payor Bank; When Provisional Debits and Credits Become Final; When Certain Credits Become Available for Withdrawal.

(a) An item is finally paid by a payor bank when the bank has first done any of the following:

(1) paid the item in cash;

(2) settled for the item without having a right to revoke the settlement under statute, clearinghouse rule, or agreement; or

(3) made a provisional settlement for the item and failed to revoke the settlement in the time and manner permitted by statute, clearinghouse rule, or agreement.

(b) If provisional settlement for an item does not become final, the item is not finally paid.

(c) If provisional settlement for an item between the presenting and payor banks is made through a clearinghouse or by debits or credits in an account between them, then to the extent that provisional debits or credits for the item are entered in accounts between the presenting and payor banks or between the presenting and successive prior collecting banks seriatim, they become final upon final payment of the items by the payor bank.

(d) If a collecting bank receives a settlement for an item which is or becomes final, the bank is accountable to its customer for the amount of the item and any provisional credit given for the item in an account with its customer becomes final.

(e) Subject to (i) applicable law stating a time for availability of funds and (ii) any right of the bank to apply the credit to an obligation of the customer, credit given by a bank for an item in a customer's account becomes available for withdrawal as of right:

(1) if the bank has received a provisional settlement for the item, when the settlement becomes final and the bank has had a reasonable time to receive return of the item and the item has not been received within that time;

(2) if the bank is both the depository bank and the payor bank, and the item is finally paid, at the opening of the bank's second banking day following receipt of the item.

(f) Subject to applicable law stating a time for availability of funds and any right of a bank to apply a deposit to an obligation of the depositor, a deposit of money becomes available for withdrawal as of right at the opening of the bank's next banking day after receipt of the deposit.

Chap. 24

Section 4-216. Insolvency and Preference.

(a) If an item is in or comes into the possession of a payor or collecting bank that suspends payment and the item has not been finally paid, the item must be returned by the receiver, trustee, or agent in charge of the closed bank to the presenting bank or the closed bank's customer.

(b) If a payor bank finally pays an item and suspends payments without making a settlement for the item with its customer or the presenting bank which settlement is or becomes final, the owner of the item has a preferred claim against the payor bank.

(c) If a payor bank gives or a collecting bank gives or receives a provisional settlement for an item and thereafter suspends payments, the suspension does not prevent or interfere with the settlement's becoming final if the finality occurs automatically upon the lapse of certain time or the happening of certain events.

(d) If a collecting bank receives from subsequent parties settlement for an item, which settlement is or becomes final and the bank suspends payments without making a settlement for the item with its customer which settlement is or becomes final, the owner of the item has a preferred claim against the collecting bank.

Section 4-301. Deferred Posting; Recovery of Payment by Return of Items; Time of Dishonor; Return of Items by Payor Bank.

(a) If a payor bank settles for a demand item other than a documentary draft presented otherwise than for immediate payment over the counter before midnight of the banking day of receipt, the payor bank may revoke the settlement and recover the settlement if, before it has made final payment and before its midnight deadline, it:

(1) returns the item; or

(2) sends written notice of dishonor or nonpayment if the item is unavailable for return.

(b) If a demand item is received by a payor bank for credit on its books, it may return the item or send notice of dishonor and may revoke any credit given or recover the amount thereof withdrawn by its customer, if it acts within the time limit and in the manner specified in subsection (a).

(c) Unless previous notice of dishonor has been sent, an item is dishonored at the time when for purposes of dishonor it is returned or notice sent in accordance with this section.

(d) An item is returned:

(1) as to an item presented through a clearinghouse, when it is delivered to the presenting or last collecting bank or to the clearinghouse or is sent or delivered in accordance with clearinghouse rules; or

(2) in all other cases, when it is sent or delivered to the bank's customer or transferor or pursuant to instructions.

Section 4-302. Payor Bank's Responsibility for Late Return of Item.

(a) If an item is presented to and received by a payor bank, the bank is accountable for the amount of:

Chap. 24

(1) a demand item, other than a documentary draft, whether properly payable or not, if the bank, in any case in which it is not also the depository bank, retains the item beyond midnight of the banking day of receipt without settling for it or, whether or not it is also the depository bank, does not pay or return the item or send notice of dishonor until after its midnight deadline; or

(2) any other properly payable item unless, within the time allowed for acceptance or payment of that item, the bank either accepts or pays the item or returns it and accompanying documents.

(b) The liability of a payor bank to pay an item pursuant to subsection (a) is subject to defenses based on breach of a presentment warranty (section 4-208) or proof that the person seeking enforcement of the liability presented or transferred the item for the purpose of defrauding the payor bank.

Section 4-303. When Items Subject to Notice, Stop-Payment Order, Legal Process, or Setoff; Order in Which Items may be Charged or Certified.

(a) Any knowledge, notice, or stop-payment order received by, legal process served upon, or setoff exercised by a payor bank comes too late to terminate, suspend, or modify the bank's right or duty to pay an item or to charge its customer's account for the item if the knowledge, notice, stop-payment order, or legal process is received or served and a reasonable time for the bank to act thereon expires or the setoff is exercised after the earliest of the following:

(1) the bank accepts or certifies the item;

(2) the bank pays the item in cash;

(3) the bank settles for the item without having a right to revoke the settlement under statute, clearinghouse rule, or agreement;

(4) the bank becomes accountable for the amount of the item under section 4-302 dealing with the payor bank's responsibility for late return of items; or

(5) with respect to checks, a cut-off hour no earlier than one hour after the opening of the next banking day after the banking day on which the bank received the check and no later than the close of that next banking day or, if no cut-off hour is fixed, the close of the next banking day after the banking day on which the bank received the check.

(b) Subject to subsection (a), items may be accepted, paid, certified, or charged to the indicated account of its customer in any order.

Section 4-401. When Bank may Charge Customer's Account.

(a) A bank may charge against the account of a customer an item that is properly payable from that account even though the charge creates an overdraft. An item is properly payable if it is authorized by the customer and is in accordance with any agreement between the customer and bank.

(b) A customer is not liable for the amount of an overdraft if the customer neither signed the item nor benefited from the proceeds of the item.

(c) A bank may charge against the account of a customer a check that is otherwise properly payable from the account, even though payment was made before the date of the

Chap. 24

check, unless the customer has given notice to the bank of the postdating describing the check with reasonable certainty. The notice is effective for the period stated in subsection (b) of section 4-403 for stop-payment orders, and must be received at such time and in such manner as to afford the bank a reasonable opportunity to act on it before the bank takes any action with respect to the check described in section 4-303. If a bank charges against the account of a customer a check before the date stated in the notice of postdating, the bank is liable for damages for the loss resulting from its act. The loss may include damages for dishonor of subsequent items under section 4-402.

(d) A bank that in good faith makes payment to a holder may charge the indicated account of its customer according to:

(1) the original terms of the altered item; or

(2) the terms of the completed item, even though the bank knows the item has been completed unless the bank has notice that the completion was improper.

Section 4-402. Bank's Liability to Customer for Wrongful Dishonor; Time of Determining Insufficiency of Account.

(a) Except as otherwise provided in this Article, a payor bank wrongfully dishonors an item if it dishonors an item that is properly payable, but a bank may dishonor an item that would create an overdraft unless it has agreed to pay the overdraft.

(b) A payor bank is liable to its customer for damages proximately caused by the wrongful dishonor of an item. Liability is limited to actual damages proved and may include damages for an arrest or prosecution of the customer or other consequential damages. Whether any consequential damages are proximately caused by the wrongful dishonor is a question of fact to be determined in each case.

(c) A payor bank's determination of the customer's account balance on which a decision to dishonor for insufficiency of available funds is based may be made at any time between the time the item is received by the payor bank and the time that the payor bank returns the item or gives notice in lieu of return, and no more than one determination need be made. If, at the election of the payor bank, a subsequent balance determination is made for the purpose of reevaluating the bank's decision to dishonor the item, the account balance at that time is determinative of whether a dishonor for insufficiency of available funds is wrongful.

Section 4-403. Customer's Right to Stop Payment; Burden of Proof of Loss.

(a) A customer or any person authorized to draw on the account if there is more than one person may stop payment of any item drawn on the customer's account or close the account by an order to the bank describing the item or account with reasonable certainty received at a time and in a manner that affords the bank a reasonable opportunity to act on it before any action by the bank with respect to the item described in section 4-303. If the signature of more than one person is required to draw on an account, any of these persons may stop payment or close the account.

(b) A stop-payment order is effective for six months, but it lapses after 14 calendar days if the original order was oral and was not confirmed in writing within that period. A

stop-payment order may be renewed for additional six month periods by a writing given to the bank within a period during which the stop-payment order is effective.

(c) The burden of establishing the fact and amount of loss resulting from the payment of an item contrary to a stop-payment order or order to close an account is on the customer. The loss from payment of an item contrary to a stop-payment order may include damages for dishonor of subsequent items under section 4-402.

Section 4-404. Bank not Obligated to Pay Check More Than Six Months Old.

A bank is under no obligation to a customer having a checking account to pay a check, other than a certified check, which is presented more than six months after its date, but it may charge its customer's account for a payment made thereafter in good faith.

Section 4-405. Death or Incompetence of Customer.

(a) A payor or collecting bank's authority to accept, pay, or collect an item or to account for proceeds of its collection, if otherwise effective, is not rendered ineffective by incompetence of a customer of either bank existing at the time the item is issued or its collection is undertaken if the bank does not know of an adjudication of incompetence. Neither death nor incompetence of a customer revokes the authority to accept, pay, collect, or account until the bank knows of the fact of death or of an adjudication of incompetence and has reasonable opportunity to act on it.

(b) Even with knowledge, a bank may for ten days after the date of death pay or certify checks drawn on or before that date unless ordered to stop payment by a person claiming an interest in the account.

Section 4-406. Customer's Duty to Discover and Report Unauthorized Signature or Alteration.

(a) A bank that sends or makes available to a customer a statement of account showing payment of items for the account shall either return or make available to the customer the items paid or provide information in the statement of account sufficient to allow the customer reasonably to identify the items paid. The statement of account provides sufficient information if the item is described by item number, amount, and date of payment.

(b) If the items are not returned to the customer, the person retaining the items shall either retain the items or, if the items are destroyed, maintain the capacity to furnish legible copies of the items until the expiration of seven years after receipt of the items. A customer may request an item from the bank that paid the item, and that bank must provide in a reasonable time either the item or, if the item has been destroyed or is not otherwise obtainable, a legible copy of the item.

(c) If a bank sends or makes available a statement of account or items pursuant to subsection (a), the customer must exercise reasonable promptness in examining the statement or the items to determine whether any payment was not authorized because of an alteration of an item or because a purported signature by or on behalf of the customer was not authorized. If, based on the statement or items provided, the customer should reasonably have discovered the unauthorized payment, the customer must promptly notify the bank of the relevant facts.

Chap. 24

(d) If the bank proves that the customer failed, with respect to an item, to comply with the duties imposed on the customer by subsection (c), the customer is precluded from asserting against the bank:

(1) the customer's unauthorized signature or any alteration on the item, if the bank also proves that it suffered a loss by reason of the failure; and

(2) the customer's unauthorized signature or alteration by the same wrongdoer on any other item paid in good faith by the bank if the payment was made before the bank received notice from the customer of the unauthorized signature or alteration and after the customer had been afforded a reasonable period of time, not exceeding 30 days, in which to examine the item or statement of account and notify the bank.

(e) If subsection (d) applies and the customer proves that the bank failed to exercise ordinary care in paying the item and that the failure substantially contributed to loss, the loss is allocated between the customer precluded and the bank asserting the preclusion according to the extent to which the failure of the customer to comply with subsection (c) and the failure of the bank to exercise ordinary care contributed to the loss. If the customer proves that the bank did not pay the item in good faith, the preclusion under subsection (d) does not apply.

(f) Without regard to care or lack of care of either the customer or the bank, a customer who does not within one year after the statement or items are made available to the customer (subsection (a)) discover and report the customer's unauthorized signature on or any alteration on the item is precluded from asserting against the bank the unauthorized signature or alteration. If there is a preclusion under this subsection, the payor bank may not recover for breach of warranty under section 4-208 with respect to the unauthorized signature or alteration to which the preclusion applies.

(g) The provisions of this section are subject to section 27 of chapter 167D.

Section 4-407. Payor Bank's Right to Subrogation on Improper Payment. If a payor bank has paid an item over the order of the drawer or maker to stop payment, or after an account has been closed, or otherwise under circumstances giving a basis for objection by the drawer or maker, to prevent unjust enrichment and only to the extent necessary to prevent loss to the bank by reason of its payment of the item, the payor bank is subrogated to the rights:

(1) of any holder in due course on the item against the drawer or maker;

(2) of the payee or any other holder of the item against the drawer or maker either on the item or under the transaction out of which the item arose; and

(3) of the drawer or maker against the payee or any other holder of the item with respect to the transaction out of which the item arose.

Section 4-501. Handling of Documentary Drafts; Duty to Send for Presentment and to Notify Customer of Dishonor. A bank that takes a documentary draft for collection shall present or send the draft and accompanying documents for presentment and, upon learning that the draft has not been paid or accepted in due course, shall seasonably notify its customer of the fact even though it may have discounted or bought the draft or extended credit available for withdrawal as of right.

Chap. 24

Section 4-502. Presentment of "On Arrival" Drafts. If a draft or the relevant instructions require presentment "on arrival", "when goods arrive" or the like, the collecting bank need not present until in its judgment a reasonable time for arrival of the goods has expired. Refusal to pay or accept because the goods have not arrived is not dishonor; the bank must notify its transferor of the refusal but need not present the draft again until it is instructed to do so or learns of the arrival of the goods.

Section 4-503. Responsibility of Presenting Bank for Documents and Goods; Report of Reasons for Dishonor; Referee in Case of Need. Unless otherwise instructed and except as provided in Article 5, a bank presenting a documentary draft:

(1) must deliver the documents to the drawee on acceptance of the draft if it is payable more than three days after presentment; otherwise, only on payment; and

(2) upon dishonor, either in the case of presentment for acceptance or presentment for payment, may seek and follow instructions from any referee in case of need designated in the draft or, if the presenting bank does not choose to utilize the referee's services, it must use diligence and good faith to ascertain the reason for dishonor, must notify its transferor of the dishonor and of the results of its effort to ascertain the reasons therefor, and must request instructions.

However the presenting bank is under no obligation with respect to goods represented by the documents except to follow any reasonable instructions seasonably received; it has a right to reimbursement for any expense incurred in following instructions and to prepayment of or indemnity for those expenses.

Section 4-504. Privilege of Presenting Bank to Deal with Goods; Security Interest for Expenses.

(a) A presenting bank that, following the dishonor of a documentary draft, has seasonably requested instructions but does not receive them within a reasonable time may store, sell, or otherwise deal with the goods in any reasonable manner.

(b) For its reasonable expenses incurred by action under subsection (a), the presenting bank has a lien upon the goods or their proceeds, which may be foreclosed in the same manner as an unpaid seller's lien.

The district shall raise annually by taxation a sum which, with the income derived from user and connection fees, shall be sufficient to pay the current annual expenses of operating its sewer works and the interest accruing on any bonds or notes issued by the district, together with such payments of the principal thereof as may be required. The district is further authorized by a majority vote of its voters, present and voting at a legal meeting called for the purpose, to raise by taxation any sum of money for the purpose of enlarging, repairing, maintaining, or extending its sewer works or of providing additional equipment and fixtures connected therewith.

SECTION 10. Whenever a tax is duly voted by the district for the purpose of this act, the district clerk shall deliver a certified copy of the vote to the assessors of the town of Leicester, who shall assess the same in the manner in which town taxes are required by law to be assessed; provided, however, that no estate shall be subject to any tax assessed on account of the system of sewer supply under this act, if, in the judgment of the board of sewer commissioners hereinbefore provided for, after a hearing, due notice of which shall have been given, such estate is so situated that the buildings thereon, or the buildings that might be constructed thereon, could not be supplied with sewer connections from the system in any ordinary or reasonable manner; but all other estates in the district shall be deemed to be benefited and shall be subject to the tax. A certified list of the estates exempt from taxation under the provisions of this section shall annually be sent by the board of sewer commissioners to the assessors, at the same time at which the district clerk shall send a certified copy of the vote as aforesaid. The assessment shall be committed to tax collectors for the town of Leicester, who shall collect the tax in the manner provided for the collection

Chap. 33

of town taxes, and shall deposit the proceeds thereof with the district treasurer for the use and benefit of the district. The district may collect interest on taxes when overdue in the manner in which interest is authorized to be collected on town taxes.

SECTION 11. The receipts from sewer assessments and from payments made in lieu thereof shall be applied to the payment of charges and expenses incident to the maintenance and operation of said system of sewerage and sewage disposal or to the extension thereof, to the payment of interest upon bonds or notes issued for sewer purposes or to the payment or redemption of such bonds or notes.

SECTION 12. Such records for all cases shall use standardized data elements for both parents, such as names, social security numbers, dates of birth and other such information as the IV-D agency deems appropriate or as the federal secretary of health and human services may require. Each case record in the state case registry with respect to which IV-D services are being provided and with respect to which a support order has been established shall include a record of the amount of monthly or other periodic support owed under the order, and other amounts, including arrearages, interest or late payment penalties, and fees, due or overdue under the order; any such amounts collected; the distribution of such collected amounts; the date of birth, and beginning not later than October 1, 1999, the social security number of each child for whom the order requires the provision of support; and the amount of any lien imposed pursuant to section 6.

In any subsequent child support enforcement action between the parties, upon sufficient showing that diligent effort has been made to ascertain the location of such a party, the court shall deem due process requirements for notice and service of process to be met with respect to the party, upon delivery of written notice to the most recent residential or employer address filed with the state case registry.

(b) The IV-D agency shall use the automated system required by this section to extract information from, to share and compare information with, subject to section 5A of this chapter, section 6103 of the Internal Revenue Code of 1986 and section 21 of chapter 62C, and to receive information from other data bases and information comparison services, in order to obtain or provide information necessary to enable the IV-D agency or other state or federal agencies to carry out the requirements of Title IV, Part D of the Social Security Act. Such information comparison activities shall include: (1) furnishing, and updating as necessary, to the Federal Case Registry of Child Support Orders information on child support cases recorded in the state case registry, including notification of expiration of orders; (2) exchanging information with the Federal Parent Locator Service; (3) exchanging information with other agencies of the state, including the wage reporting and financial institution match system of the department of revenue, and agencies of other states administering programs funded under Title IV, Part A, of the Social Security Act, programs operated pursuant to Title XIX of the Social Security Act, and other programs designated by the federal Secretary of Health and Human Services; and (4) exchanging information with other agencies, authorities, commissions, courts, counties, cities and towns of the state, companies authorized to issue policies of insurance pursuant to chapter 175, pension or retirement plans, agencies of other states, and interstate information networks, as necessary and appropriate to carry out, or assist other states to carry out, the purposes of the Social Security Act.

(c) The IV-D agency shall use the automated system to the maximum extent feasible, to implement expedited administrative procedures as required by this chapter and Title IV, Part D of the Social Security Act and to assist and facilitate the collection and disbursement of support payments through the state disbursement unit as provided in section 5, through the performance of functions, including transmission of orders and notices to employers and other debtors for the withholding of income within two business days after receipt of notice of, and the income source subject to, such withholding, from a court, another state, an employer, the Federal Parent Locator Service, or another source recognized by the state, and using uniform formats as prescribed by the federal Secretary of Health and Human Services; ongoing monitoring to promptly identify failures to make timely payment of support; and automatic use of enforcement procedures where payments are not timely made. In cases receiving IV-D services, the IV-D agency shall provide reports to the obligor and the obligee

of the amounts of payments received and how such payments were distributed as required by Title IV, Part D of the Social Security Act.

SECTION 80. Section 5 of said chapter 119A, as amended by section 55 of said chapter 19 of the acts of 1997, is hereby further amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

(a) The IV-D agency shall establish and operate a unit, which shall be known as "the state disbursement unit", for the collection and disbursement of payments under support orders in all cases being enforced by the IV-D agency and, on and after October 1, 1998, in all cases not receiving IV-D services in which the income of the obligor is subject to withholding pursuant to section 12; provided, however, that with respect to cases not receiving IV-D services, the IV-D agency shall be required only to collect and disburse payments and to update the state case registry based on information provided by the parties or the court, and shall not be required to enforce such orders or to take any other action unless the obligee or obligor files an application for IV-D services with the IV-D agency as provided in section 2. The state disbursement unit shall be operated directly by the IV-D agency or by a contractor responsible directly to the IV-D agency, and shall distribute collected amounts on behalf of the obligee, whether or not a recipient of public assistance, in accordance with Title IV, Part D of the Social Security Act. The state disbursement unit shall use automated procedures, electronic processes, and computer-driven technology to the maximum extent feasible, efficient, and economical, for the collection and disbursement of support payments, including procedures for receipt of payments from parents, employers, other states, and any other source, and for disbursements to custodial parents and other obligees, the department of transitional assistance, the department of social services, and the agencies of other states; for accurate identification of payments; to ensure prompt disbursement of the obligee's share of any payment; and to furnish any parent, upon request, timely information on the current status of support payments under an order requiring payments to be made by or to the parent; provided, however, that with respect to cases not receiving IV-D services for which the IV-D agency only collects and disburses income withholding payments, the state disbursement unit shall not be required to convert and maintain in automated form records of payments kept for any period prior to October 1, 1998, or before such income withholding order was made payable to the IV-D agency. The state disbursement unit shall distribute all amounts payable within two business days after receipt from the employer or other source of periodic income, if sufficient information identifying the obligor and the obligee is provided; except that the state disbursement unit may delay the distribution of collections toward arrearages until the resolution of any timely appeal requesting an administrative or judicial review pursuant to section 17 with respect to such arrearages. Whenever the department of transitional assistance notifies the IV-D agency that it has terminated public assistance payable to an obligee, said IV-D agency shall distribute support payments collected by the IV-D agency to the obligee in accordance with this subsection, until said IV-D agency is notified by the department of transitional assistance that such obligee is again receiving public assistance.

SECTION 81. Said section 5 of said chapter 119A, as amended by section 55 of chapter 19 of the acts of 1997, is hereby further amended by striking out the second paragraph and inserting in place thereof the following two paragraphs:-

(b) Whenever the IV-D agency closes a child support case in accordance with Part D of Title IV of the Social Security Act and the regulations promulgated thereunder because the whereabouts of the obligee are unknown, the IV-D agency shall direct the obligor, and any employer or other person remitting child support payments on behalf of the obligor, to cease remitting such payments to the IV-D agency. Thereafter the IV-D agency may, in accordance with regulations promulgated under this chapter, transfer the undisbursed payments to the department of transitional assistance to reimburse the commonwealth for arrears due for any period that public assistance was provided to the obligee or may return to the obligor any payments received by it that cannot be disbursed to the obligee because such obligee's whereabouts are unknown. The return of a child support payment to an obligor hereunder shall not affect the underlying child support obligation. The IV-D agency shall maintain any undisbursed payments, along with any payments that are unidentifiable as to either the obligee or the obligor, in the child support trust fund payments account for three years and shall attempt to locate or identify such obligee or obligor. If, at the expiration of such time the IV-D agency has been unable to locate the obligee on whose behalf the payments were remitted or has not transferred the payments to the department of transitional assistance or cannot locate the obligor in order to return the payments or has not identified the obligor or obligee of the payments and the payments remain undisbursed or unidentified, the IV-D agency may expend such funds on public awareness about teenage pregnancy, out-of-wedlock births, paternity establishment, child support and domestic violence. Such public education shall consist of efforts to provide the public, or groups within the public, with information directed specifically at preventing teenage pregnancies and pregnancies from parents not married to each other encouraging paternity establishment, including voluntary acknowledgment of parentage, promoting responsibility for child support obligations, and protecting the confidentiality of domestic violence victims receiving IV-D services. Expenditures of such funds for such purposes shall be in addition to and shall not replace existing local, state, or federal funding related to the same purposes.

(c) The IV-D agency shall notify the obligee upon termination of public assistance of his eligibility to continue to receive IV-D services, and, unless requested by the obligee to terminate IV-D services, the IV-D agency shall continue to provide such services subject to the same conditions and on the same basis as in the case of other individuals to whom IV-D services are furnished, except that an application or other request to continue such IV-D services shall not be required of such a family.

SECTION 82. Said chapter 119A, is hereby further amended by inserting after said section 5, as so amended, the following two sections:-

Section 5A. (a) Personal data collected and maintained by the IV-D agency shall not be a public record under chapter 66 and access to this data shall be available only to employees of the IV-D agency and its contractors only to the extent reasonably necessary for the performance of said contractors duties; provided, however, that the IV-D agency may

Chap. 64

disclose such data for purposes connected with establishing paternity, establishing, modifying or enforcing child support obligations pursuant to this chapter and Title IV, Part D of the Social Security Act; and provided further, that subject to subsection (b), section 5B and section 21 of chapter 62C, the IV-D agency may disclose personal data-

(1) to any state or federal public assistance program or to the IV-D agency of another state for purposes connected with the administration of such program or of the child support enforcement program, as authorized by Title IV, Part D of the Social Security Act and by the secretary of the federal department of health and human services;

(2) for the purpose of conducting information comparisons pursuant to section 4;

(3) to persons authorized to receive information from the Federal Parent Locator Service established pursuant to Title IV, Part D of the Social Security Act;

(4) as provided in section 21 of chapter 62C, section 8 of chapter 62E, and section 15D of chapter 22, to the director of the bureau of special investigations for purposes directly connected with detecting and preventing fraud in any assistance program administered by the department of transitional assistance or any program administered by the department of social services;

(5) to the department of social services for purposes directly connected with an investigation under section 51B of chapter 119 or proceedings related to termination of parental rights or adoption;

(6) as provided in section 10 of chapter 62D, for the purpose of setoff debt collection pursuant to the provisions of said chapter 62D;

(7) to a person authorized in writing by the parent or, in the case of the child, by the custodial parent or legal guardian of the child, to receive such personal data;

(8) for purposes directly connected to obtaining health care coverage for a child receiving IV-D services, to an employer or provider of health care coverage or to the obligor;

(9) in the case of personal data about an individual parent, to that parent or, in the case of personal data about the child, to the custodial parent or legal guardian of the child.

Before disclosing personal data pursuant to this section, the IV-D agency may require the person or agency requesting such data to verify that such data is required for a purpose permitted by this section and that such data will be used solely for such purpose. The IV-D agency shall limit disclosure to the specific data required by the person or agency to carry out a purpose permitted by this chapter. For the purposes of this chapter, "personal data" shall have the same meaning as provided in section 1 of chapter 66A.

(b) The IV-D agency shall safeguard personal data if the IV-D agency is provided with reasonable evidence of a risk of harm. A state agency, court, IV-D agency of another state, obligor, obligee, and such other persons or entities as the IV-D agency may specify may provide the IV-D agency with reasonable evidence of a risk of harm in such manner as the IV-D agency may require. The IV-D agency shall not be required to safeguard personal data for longer than two years unless the IV-D agency is provided with reasonable evidence of a continued risk of harm in such manner as the IV-D agency may require. The IV-D agency shall notify individuals whose personal data is safeguarded under this section that

in order for the safeguards to remain in effect, such individuals must provide the IV-D agency every two years with reasonable evidence of a continued risk of harm. For the purposes of this section, "reasonable evidence of a risk of harm" shall mean reasonable evidence that the release of information may result in physical harm to the parent or child, that the release of information may result in emotional harm to the parent or child which would significantly reduce the parent's capacity to care for the child, or would significantly reduce the parent or child's ability to function adequately, or that a protective order or restraining order has been issued on behalf of the parent or the child pursuant to section 18 or 34B of chapter 208, section 32 of chapter 209, section 3, 4 or 5 of chapter 209A, or section 15 or 20 of chapter 209C, or similar law of another jurisdiction.

If the IV-D agency is provided with reasonable evidence of a risk of harm, the IV-D agency, its employees and its contractors shall not disclose any personal data that could otherwise be disclosed pursuant to subsection (a) about the location of a parent or child, including residential address, telephone number, and name, address and telephone number of employer, and shall not disclose the social security number of a parent or child; provided, however, that such personal data may be shared by and between employees of the IV-D agency and its contractors; provided further that the IV-D agency may disclose such personal data to the Federal Parent Locator Service, to a court or agent of a court that is authorized to receive information from the Federal Parent Locator Service established pursuant to Title IV, Part D of the Social Security Act, to the department of transitional assistance, to the department of social services for purposes directly connected with an investigation under section 51B of chapter 119 or proceedings related to termination of parental rights or adoption, to a person authorized to receive such personal data by the parent or, in the case of the child, by the custodial parent or legal guardian of the child; provided further, that the IV-D agency may disclose the social security number of a child receiving IV-D services for purposes directly connected to obtaining health care coverage for such child to an employer or provider of health care coverage.

If the IV-D agency is provided with reasonable evidence of a risk of harm pursuant to this section, the IV-D agency shall notify the Federal Parent Locator Service established pursuant to Title IV, Part D of the Social Security Act that a risk of harm exists. Upon written request by a court or agent of a court authorized to receive information from the Federal Parent Locator Service, the IV-D agency shall release personal data, which may include location information and social security numbers, to such court or agent, as required by said Title IV, Part D of the Social Security Act; provided, however, that if the IV-D agency has been provided with reasonable evidence of a risk of harm, the IV-D agency shall notify the court or agent that the IV-D agency has received such information and that pursuant to section 5B, before making any disclosure of such personal data, the court is required to determine whether such disclosure to any other person could be harmful to the parent or child. A person or agency seeking disclosure of personal data which the IV-D agency is prohibited from disclosing because of a risk of harm, but which could otherwise be disclosed pursuant to subsection (a), may file a petition with the probate and family court pursuant to section 5B to request disclosure of such personal data.

(c) The IV-D agency shall have in effect safeguards to ensure the integrity, accuracy, and completeness of, access to, and use of data, including personal data and data in the automated system required by section 4, which shall include: (1) written policies concerning access to data by IV-D agency personnel and its contractors, and sharing of data with other persons, which permit access to and use of data only to the extent necessary to carry out the purposes of the child support enforcement program, and which specify the data which may be used for particular program purposes, and the personnel permitted access to such data; (2) systems controls to ensure strict adherence to said policies; (3) routine monitoring of access to and use of the automated system required by section 4, through methods such as audit trails, to guard against and promptly identify unauthorized access or use; (4) procedures to ensure that all personnel, including employees of the IV-D agency and its contractors, who may have or had access to or who may be or were required to use confidential program data and personal data are informed of applicable requirements and penalties, including those in this section, section 6103 of the Internal Revenue Code of 1986 and section 21 of chapter 62C, and are adequately trained in security procedures; (5) penalties, as provided in this section for willful inspection or disclosure of, or unauthorized access to, personal data; and (6) such other safeguards as the commissioner of revenue and the secretary of the federal Department of Health and Human Services may specify in regulations.

The willful inspection or disclosure of personal data, except as authorized by this section or section 5B, by any employee of the IV-D agency, its contractors, or any person obtaining unauthorized access to such data, including data stored in a computer system or computer files, while such data are in the custody of the commissioner of revenue or in the custody of any employee of the IV-D agency or its contractors is prohibited. Personal data may be inspected, and shared by and between employees of the IV-D agency in the performance of their official duties as provided in this chapter. Authorized employees of the department of revenue may disclose personal data to any employee of a contractor of the IV-D agency to the extent necessary for performance of the contracted duties of the employee. Personal data properly disclosed by employees of the IV-D agency may be inspected and shared by and between employees of a contractor of the IV-D agency in performance of their contracted duties and for the purpose for which such data was disclosed. Any violation of this section by an employee of the IV-D agency, its contractors or an officer, director or employee thereof, a person obtaining unauthorized access to personal data, or any other individual shall be punished by a fine of not more than \$1,000 with respect to each person concerning whom information has been disclosed or inspected or by imprisonment for not more than one year, or both, and by disqualification from holding office in the commonwealth for such period, not exceeding three years, as the court determines. The determination by the commissioner of revenue that an employee of the IV-D agency, or the determination by another agency head that an employee of such other agency, has made a disclosure or willful inspection of personal data that was not authorized by this section and not protected by the good faith provision of subsection (d) shall be grounds for

dismissal of such employee. A violation, as determined by the commissioner of revenue, of this section by an officer, director or employee of any contractor of the commonwealth shall be grounds for prohibiting such officer, director or employee from working on a contract between the contractor and the commonwealth. A violation, as determined by the commissioner of revenue, of this section by any contractor of the commonwealth, or any officer, director or employee thereof, shall also be cause for terminating any current contract between such contractor and the commonwealth and for prohibiting such contractor from entering into any future contract with the commonwealth.

(d) Any unauthorized disclosure or unauthorized willful inspection made in a good faith effort to comply with this section shall not be considered a violation of this section.

Section 5B. A person or agency, including the IV-D agency, seeking personal data which the IV-D agency is prohibited from disclosing because of a risk of harm, but which could otherwise be disclosed pursuant to subsection (a) of section 5A, or which the Federal Parent Locator Service established pursuant to Title IV, Part D of the Social Security Act is prohibited from disclosing because the secretary of the federal Department of Health and Human Services has been notified that there is reasonable evidence of domestic violence or child abuse, may file a petition with the probate and family court where the person resides, or in the case of an agency, with the probate and family court of Suffolk county, to request disclosure of such personal data. The petition shall specify the purposes for which such personal data is required. When a petition is filed under this section, or when the court receives notice from the IV-D agency that the IV-D agency has been notified of a risk of harm pursuant to said section 5A, the court shall determine whether disclosure of personal data could be harmful to the parent or child before releasing such data to any other person or agency. In making such determination, the court shall notify the parent that the court has received a request to release personal data and shall provide a specific date by which the parent must object to release of the information and provide the basis for objection. The parent may provide such information in writing and shall not be required to appear in person to contest the release of information. The court shall also notify the IV-D agency of any petition filed pursuant to this section and the IV-D agency shall provide the court with any reasonable evidence of the risk of harm which has been provided to the IV-D agency pursuant to said section 5A; provided, however, that the IV-D agency shall not be made a party to the action, except upon good cause shown. The court may also request information directly from the Federal Parent Locator Service, from the IV-D agency of another state, and from any other source.

In determining whether disclosure of personal data could be harmful to the parent or child, the court shall consider any relevant information provided by the parent or child, any information provided by the IV-D agency or by the IV-D agency of another state, any evidence provided by the person seeking the personal data, whether the address of the parent or child has been impounded pursuant to sections 3 and 8 of chapter 209A, and any other relevant evidence, including information contained in the records of the statewide domestic violence record keeping system maintained by the office of the commissioner of probation.

Chap. 64

Documentary evidence transmitted to the court by facsimile, telecopier, or other means that do not provide an original writing may not be excluded from evidence on an objection based on the means of transmission. The court may permit a party or witness to be deposed or to testify by telephone, audiovisual means, or other electronic means.

The court shall not enter an order to disclose personal data without reviewing all of the information that has been provided to the court and shall not draw an adverse inference from the failure of the parent to appear in person to contest disclosure of information. The court may enter an order (1) impounding the personal data and prohibiting any disclosure by the court or its agents, (2) permitting disclosure by the court or its agents to a specific person or persons, (3) prohibiting disclosure by the court or its agents to a specific person or persons, or (4) removing any restrictions on disclosure by the court and its agents. An order permitting disclosure of personal data may specify the purposes for which the data may be used and may prohibit a person to whom the data is disclosed from making further disclosures to any other person. The court shall notify the IV-D agency of any order entered pursuant to this section. Any person or agency who violates an order issued pursuant to this section may be held in contempt of court and subject to the penalties provided in said section 5A.

The court may disclose location information about a parent for the limited purpose of notifying the parent of a proceeding under this section or of any other proceeding in the probate and family court, provided that such information shall not be disclosed to another party unless the court issues an order pursuant to this section permitting such disclosure.

Every licensing authority shall provide to the IV-D agency the name, date of birth, address, social security number, federal identification number and other information as the IV-D agency may request regarding an applicant for a license or an individual to whom a license has been granted, including requests by electronic data matches. The agencies or entities disclosing information to the IV-D agency under this section shall furnish such information using the method and format required by the IV-D agency. If the agency or entity making disclosure is unable to furnish the information using the method and format so required, such agency or entity shall cooperate with the IV-D agency to determine another method or format by which the information may be furnished.

(b) The IV-D agency may notify in writing an obligor who owes a child support arrearage and is subject to a child support lien pursuant to section 6 of this chapter or an obligor who has failed to comply with a subpoena, warrant or summons relating to a judicial or administrative proceeding regarding paternity or child support, that unless the obligor requests, within 30 days of the date of such notice, a hearing before the department, the IV-D agency may issue a final determination of delinquency and, if the IV-D agency issues such final determination, shall notify the licensing authority to suspend, revoke or prohibit issuance or renewal of the license of the obligor. The provisions of this section shall constitute

the sole administrative remedy for an obligor to contest a final determination of delinquency and the suspension, revocation, nonissuance or nonrenewal of the obligor's license.

(c) Notwithstanding the provisions of sections 10 and 11 of chapter 30A, the department shall provide a hearing upon request by the obligor as provided in subsection (b). If, after hearing, the department finds that the obligor owes a child support arrearage and is subject to a child support lien or that the obligor failed to comply with a subpoena, warrant or summons relating to a judicial or administrative proceeding regarding paternity or child support and that the obligor has failed to establish any of the defenses provided herein, the IV-D agency may issue a final determination of child support delinquency and, upon issuance of such final determination, shall notify the licensing authority to suspend, revoke or prohibit issuance or renewal of the obligor's license.

Upon receipt of the request for judicial review, the court shall notify the IV-D agency at least 14 days prior to any hearing. Such judicial review shall constitute the exclusive remedy for individuals who contest a final determination of delinquency as adopted or acted upon by the licensing authority under this section; provided, however, that such review shall not limit an individual's right to appeal from the decision of the court.

(2)(A) In the case of an obligor who is subject to a determination of delinquency by the IV-D agency on the basis of a child support arrearage, if the reviewing court finds that no child support arrearage exists, or that the obligor is not the individual owing the arrearage, or that the obligor is complying with a payment plan approved by the IV-D agency, the reviewing court shall order the IV-D agency to immediately notify the licensing

In the case of an obligor who is subject to a determination of delinquency by the IV-D agency on the basis of his failure to comply with a subpoena, warrant or summons, if the reviewing court finds with respect to the subpoena, warrant or summons, that the obligor (1) did comply, (2) was not properly served, or (3) failed to comply due to reasonable cause, the reviewing court shall order the IV-D agency to notify the licensing authority to reinstate, issue or renew the obligor's license, (4) any other defenses permitted by a court necessary for adjudication.

Such company may inform the claimant that such request is being made in accordance with this section for the purpose of assisting the IV-D agency in enforcing child support liens arising pursuant to section 6 of chapter 119A. Any such individual who refuses to provide the information required by this section shall not receive payment on the claim, and the company that declines payment on this basis shall be exempt from suit and immune from liability under this chapter or any other chapter or in any common law action in law or equity.

SECTION 1. Chapter 11 of the acts of 1997 is hereby amended by striking out sections 9 and 10 and inserting in place thereof the following six sections:-

Section 9. The state treasurer may borrow from time to time on the credit of the commonwealth such sums of money as may be necessary for the purpose of meeting payments authorized by section 2A and may issue and renew from time to time notes of the commonwealth therefor bearing interest payable at such times and at such rate or rates, including rates variable from time to time according to an index, banker's loan rate or otherwise, as the state treasurer shall fix or determine; provided, that the amount of such notes outstanding at any time shall not exceed, in the aggregate, the sum of \$1,500,000,000 with respect to item 6036-9716 of said section 2A; provided, however, that not more than \$1,000,000,000 in such notes may be issued unless additional spending is authorized pursuant to said item 6036-9716, whether by amendment of said item or otherwise; and provided further, that the amount of notes issued pursuant to this section and secured by the Federal Highway Grant Anticipation Note Trust Fund established by section 10 shall not exceed, in the aggregate, the sum of \$1,500,000,000. Such notes shall be issued and may be renewed one or more times for such maximum terms as the governor may recommend to the general court in accordance with Section 3 of Article LXII of the Amendments to the Constitution of the Commonwealth, but the final maturity of the notes, whether original or renewal, shall be not later than June 30, 2015.

Except as otherwise provided in this paragraph, notes and the interest thereon issued under the authority of this section shall be general obligations of the commonwealth; provided, however, that the state treasurer may determine to issue any notes as special obligations pursuant to section 2 O of chapter 29 of the General Laws if the notes or renewals thereof are to be paid from the proceeds of special obligation bonds to be issued pursuant to said section 2 O of said chapter 29. In addition, at the request of the governor, the state treasurer shall instead issue such notes as special obligations secured by the Federal Highway Grant Anticipation Note Trust Fund in accordance with this act. Notwithstanding any provisions of this act to the contrary, in no event shall the principal amount of notes issued under the authority of this section as general obligations of the commonwealth exceed \$900,000,000; provided, however, that not more than \$450,000,000 in such notes shall be issued as general obligations of the commonwealth or as special obligations pursuant to said section 2 O of said chapter 29 prior to the enactment of federal legislation as a successor to or reauthorization of the Intermodal Surface Transportation Act of 1991, PL 102-240; and provided further, that any such notes issued as general obligations may be renewed one or more times as general obligations of the commonwealth as provided in the first paragraph.

All payments on account of principal of any notes issued as general obligations of the commonwealth or special obligations of the commonwealth pursuant to said section 2 O of said chapter 29 and allocable to the Highway Capital Projects Fund shall be repaid from said fund; provided, however, that to the extent federal financial participation allocable to such notes is received, the state comptroller shall perform adjusting accounting entries from the Federal Highway Construction Program Fund to the Highway Capital Projects Fund in the appropriate amounts.

Chap. 121

Section 10. There is hereby established and set up on the books of the commonwealth a separate fund to be known as the Federal Highway Grant Anticipation Note Trust Fund for the purpose of receiving federal highway construction trust funds, as hereinafter defined, and paying trust agreement obligations, as hereinafter defined, with respect to notes issued in accordance with section 9 and secured by said Federal Highway Grant Anticipation Note Trust Fund. Federal highway construction trust funds pledged by a trust agreement executed in accordance with section 10B, any other funds hereafter appropriated to said Federal Highway Grant Anticipation Note Trust Fund and investment earnings on any funds held or credited to the Federal Highway Grant Anticipation Note Trust Fund or on the proceeds of any notes issued pursuant to section 9 and secured by the Federal Highway Grant Anticipation Note Trust Fund shall be received and held by the state treasurer or his designee as the trustee of said fund and not on account of the commonwealth and, as set forth in section 10A, may be expended without further appropriation for payment of trust agreement obligations. Any federal highway construction trust funds received by the commonwealth prior to the initial date of issuance of any notes authorized by said section 9 and secured by said Federal Highway Grant Anticipation Note Trust Fund or returned to the commonwealth by the trustee at any time in accordance with the terms of said trust or agreement or upon termination of the trust established in this section shall be deposited into the operating fund or capital fund to which they would have been deposited in the absence of such trust agreement or trust. The trust established in accordance with this section and said Federal Highway Grant Anticipation Note Trust Fund shall terminate on the date of the final payment or defeasance in full by the commonwealth of all trust agreement obligations.

Section 10A. In order to increase the marketability of any notes issued by the commonwealth as special obligations of the commonwealth and secured by the Federal Highway Grant Anticipation Note Trust Fund and thereby ensure the issuance of such notes at the lowest possible cost to the commonwealth, all federal highway construction reimbursements and any other federal highway assistance received from time to time by the commonwealth with respect to projects financed by the issuance of such notes or with respect to any other federal highway project previously undertaken or to be undertaken at any time hereafter while any such notes are outstanding as part of the commonwealth's program of transportation development and improvements, as it may be provided for from time to time, hereinafter referred to as the federal highway construction program, or received from time to time by the commonwealth under any successor program established under federal law, hereinafter collectively referred to as the federal highway construction trust funds, any other funds hereafter appropriated to the Federal Highway Grant Anticipation Note Trust Fund and investment earnings on any funds held or credited to said Federal Highway Grant Anticipation Note Trust Fund or on the proceeds of any notes issued pursuant to section 9 and secured by said Federal Highway Grant Anticipation Note Trust Fund are hereby impressed with a trust for the benefit of the owners from time to time of such notes and such funds may be applied without appropriation solely for the purposes of paying the principal or purchase price of, redemption premium, if any, and interest on such

notes in the fiscal year of the commonwealth in which such funds are received or in any subsequent fiscal year of the commonwealth as such amounts come due or as such amounts may be paid or deemed paid prior to maturity in accordance with their terms and satisfying the terms and conditions of any trust agreement or credit enhancement agreement entered into with respect to such notes including, without limitation, the payment of any fees and expenses related to the notes, maintaining reserves, if any, under any trust agreement or credit enhancement agreement and paying reimbursement amounts in respect of any credit enhancement agreement. The principal or purchase price of, redemption premium, if any, and interest on such notes, the fees and expenses related to such notes, deposits to reserves, if any, under any trust agreement or credit enhancement agreement and any such reimbursement amounts shall hereinafter be referred to collectively as trust agreement obligations.

Section 10B. Notwithstanding any general or special law to the contrary in connection with the issuance of any notes authorized pursuant to section 9, the state treasurer may, at the request of the governor and with the concurrence of the secretary for administration and finance and the secretary of transportation and construction, enter into a trust agreement containing terms and conditions as set forth herein. Such trust agreement may pledge or assign all or any part of any funds credited to the Federal Highway Grant Anticipation Note Trust Fund and the funds specified in section 10C to secure the trust agreement obligations; provided, however, that such trust agreement shall include a provision substantially to the effect that on and after July 1, 2002, except to the extent necessary to pay trust agreement obligations due and payable in any fiscal year of the commonwealth or to maintain the debt service coverage percentage, as defined in said section 10C, or otherwise to maintain compliance with other terms and provisions of such trust agreement, not more than 50 per cent of federal highway construction trust funds apportioned by the United States Congress to the commonwealth in any federal fiscal year shall be applied in the fiscal year of the commonwealth ending on June 30 of such federal fiscal year or in the fiscal year of the commonwealth commencing on July 1 of such federal fiscal year to the payment of trust agreement obligations including, without limitation, the redemption, tender, payment or defeasance prior to maturity of the principal or purchase price of, redemption premium, if any, and interest on all or any portion of notes authorized pursuant to section 9 and secured by said Federal Highway Grant Anticipation Note Trust Fund.

The state treasurer may, with the concurrence of the secretary for administration and finance and the secretary of transportation and construction, purchase or enter into agreements for liquidity, additional security, insurance or other forms of credit enhancement which may be secured on a parity with the notes or on a subordinate basis. In the event that the state treasurer enters into a credit enhancement agreement, references to trust agreement in sections 9 to 10D, inclusive, shall be deemed to include any such credit enhancement agreement and such credit enhancement agreement shall include all terms and conditions required to be contained in such trust agreement. A pledge in a trust agreement or credit enhancement agreement shall be valid and binding from the time such pledge shall be made

without any physical delivery or further act and the lien of such pledge shall be valid and binding against all persons or entities of any kind having claims of any kind in tort, contract or otherwise, irrespective of whether such persons or entities have notice thereof, and shall secure all trust agreement obligations on a parity basis except as otherwise provided in the trust agreement or credit enhancement agreement. Notwithstanding any general or special law to the contrary, as long as a trust agreement or credit enhancement agreement authorized by section 10B shall be in effect and except as may be permitted by such trust agreement or credit enhancement agreement, no person or entity other than the commonwealth shall have or acquire any right, title or interest in federal highway construction trust funds or any of the portion of the tax per gallon imposed pursuant to chapter 64A of the General Laws. Any such pledge shall be perfected by the filing of the trust agreement or credit enhancement agreement in the records of the state treasurer and no filing shall be necessary under chapter 106 of the General Laws or any other general or special law. Any such trust agreement or credit enhancement agreement may establish provisions defining defaults and establishing remedies and other matters relating to the rights and security of the holders of the notes or other secured parties as determined by the state treasurer, including provisions relating to the establishment of reserves, the issuance of additional or refunding notes, whether or not secured on a parity basis, the application of receipts, monies or funds pledged pursuant to such agreement, the defeasance or redemption of all or any portion of such notes prior to maturity and other matters deemed necessary or desirable by the state treasurer for the security of such notes and may also regulate the custody, investment and application of monies. The scheduled amortization of the principal of any notes issued pursuant to section 9 and secured by the Federal Highway Grant Anticipation Note Trust Fund shall be as determined by the state treasurer, with the concurrence of the secretary for administration and finance and the secretary of transportation and construction, based upon such factors as the state treasurer shall determine in his discretion including, without limitation the expected receipt of federal highway construction trust funds and may also defer the commencement of amortization of such principal as the state treasurer, with such concurrence, shall determine to be necessary, convenient or desirable. Said secretary for administration and finance and said secretary of transportation and construction may enter into such agreements or covenants with respect to any trust agreement or credit enhancement agreement authorized hereby or with respect to said Federal Highway Grant Anticipation Note Trust Fund as either of them may determine to be necessary, convenient or desirable to effectuate the purposes of sections 9 to 10D, inclusive.

In deciding whether to request that the state treasurer enter into a trust agreement with respect to any particular notes and, if applicable, to issue such notes as special obligations secured by said Federal Highway Grant Anticipation Note Trust Fund, the governor shall take into account: (i) generally prevailing financial market conditions; (ii) the impact of such issuance on the overall capital financing plans and needs of the commonwealth; (iii) any ratings assigned to outstanding bonds and notes of the commonwealth and any ratings expected to be assigned by a nationally recognized credit rating agency to the notes proposed

to be issued; and (iv) applicable provisions of a trust agreement or credit enhancement agreement to be entered into pursuant to this section.

Section 10C. Notwithstanding any general or special law to the contrary and in order further to enhance the marketability of notes issued pursuant to section 9 that are secured by the Federal Highway Grant Anticipation Note Trust Fund and to thereby ensure the issuance of such notes at the lowest possible cost to the commonwealth in the event appropriations from the Federal Highway Trust Fund for carrying out the provisions of Title 23 of the United States Code with respect to federal-aid highways or any successor federal program thereto for any federal fiscal year are less than 75 per cent of \$22,800,000,000, and the amount of federal highway construction trust funds expected to be available in the then current federal fiscal year to pay the trust agreement obligations due in the fiscal year of the commonwealth commencing on July 1 in such federal fiscal year is projected to be less than 120 per cent, of such trust agreement obligations, as certified by the state treasurer pursuant to this section, all monies received or to be received by the commonwealth in such fiscal year of the commonwealth from that portion of the tax per gallon imposed pursuant to chapter 64A of the General Laws and credited to the Highway Fund equal to ten cents per gallon, which amount shall not include any amount of such tax pledged to the payment of special obligation bonds of the commonwealth pursuant to section 2 O of chapter 29 of the General Laws, shall be deposited with the trustee under the trust agreement authorized pursuant to section 10B and shall be applied, subject to appropriation and as provided in said trust agreement, to pay the trust agreement obligations.

The trust agreement or credit enhancement agreement to be entered into pursuant to section 10B shall provide substantially to the effect that, not later than December 15 of each year, the state treasurer, after consultation with the secretary for administration and finance and the secretary of transportation and construction, shall certify to the governor, the speaker of the house of representatives and the president of the senate: (i) the aggregate amount appropriated by law with respect to the federal highway construction program, or a successor thereto, for the then current federal fiscal year; and (ii) the projected debt service coverage percentage for the following fiscal year of the commonwealth. If the amount of federal appropriations so certified is less than 75 per cent of \$22,800,000,000 and such projected debt service coverage percentage is less than 120 per cent, the governor shall include in the operating budget to be submitted to the general court in accordance with section 7H of chapter 29 of the General Laws a recommendation to appropriate an amount equal to the trust agreement obligations to be due in the following fiscal year of the commonwealth less the sum of (x), the amount of any available funds on deposit in the Federal Highway Grant Anticipation Note Trust Fund as of the date of the certification of the state treasurer, minus (y), the portion of such amount expected to be expended prior to the beginning of such following fiscal year on such trust agreement obligations, plus (z), any amount of federal highway construction trust funds expected to be received prior to the beginning of such following fiscal year. The trust agreement or credit enhancement agreement to be entered into pursuant to section 10B shall further provide substantially to the effect that at any time

prior to the enactment of the general appropriation act, the state treasurer shall, if necessary, after consultation with the secretary for administration and finance and the secretary of transportation and construction, amend such certification to reflect any changed circumstances known to the state treasurer with respect to the amount of federal highway construction trust funds expected to be available to pay trust agreement obligations in the applicable fiscal year. Such trust agreement or credit enhancement agreement shall further provide substantially to the effect that if the certifications specified above were given and indicated a need for an appropriation of funds by the general court, then, unless the state treasurer, after consultation with the secretary for administration and finance and the secretary of transportation and construction, certifies to the governor, the speaker of the house of representatives, the president of the senate and the trustee under the trust agreement not later than July 20 of each fiscal year that the amount of funds in the Federal Highway Grant Anticipation Note Trust Fund as of the end of the immediately preceding fiscal year of the commonwealth is sufficient to pay the trust agreement obligations due during the then current fiscal year, the receipts derived from that portion of the tax per gallon imposed pursuant to chapter 64A of the General Laws and credited to the Highway Fund equal to ten cents per gallon, which amount shall not include any amount of such tax pledged to the payment of special obligation bonds of the commonwealth pursuant to section 2 O of chapter 29 of the General Laws, shall be deposited thereafter with the trustee as specified in such trust agreement or credit enhancement agreement. Notwithstanding the foregoing provisions to the contrary, in the event an appropriation is enacted into law with respect to a fiscal year from any available funds of the commonwealth including, without limitation, receipts derived from the tax per gallon imposed pursuant to said chapter 64A, in an amount sufficient, together with other available funds in the Federal Highway Grant Anticipation Note Trust Fund as of the end of the immediately preceding fiscal year of the commonwealth, to pay the trust agreement obligations during such fiscal year, the state treasurer may, to the extent permitted under the trust agreement or credit enhancement agreement, deposit the amount of such appropriation with the trustee under the trust agreement or credit enhancement agreement and direct the trustee to transfer all or any portion of the receipts derived from the tax per gallon imposed pursuant to said chapter 64A to the state treasurer for credit to the Highway Fund to be applied as provided by law; provided, however, that no such transfer shall be made unless the amount then held by the trustee under the trust agreement or credit enhancement agreement is sufficient to pay all trust agreement obligations during such fiscal year of the commonwealth.

Section 10D. In order to further increase the marketability of notes issued by the commonwealth pursuant to section 9 which are secured by the Federal Highway Grant Anticipation Note Trust Fund and in consideration of the acceptance of payment for any such notes, the commonwealth covenants with the purchasers and all subsequent owners and transferees of any such notes that while any such note shall remain outstanding, and so long as any trust agreement obligation shall remain unpaid: (i) federal highway construction trust funds shall not be diverted from the purposes identified herein except as provided in the trust

agreement or credit enhancement agreement relating thereto nor shall the trusts with which they are hereby impressed be broken, and the pledge and dedication in trust of such funds shall continue unimpaired and unabrogated; (ii) in any fiscal year of the commonwealth with respect to which the certifications referenced in section 10C were given and indicated a need for an appropriation of funds by the general court, unless such an appropriation has been made which is sufficient to pay the trust agreement obligations due during such fiscal year, no receipts derived from the portion of the tax per gallon imposed pursuant to chapter 64A of the General Laws and credited to the Highway Fund equal to ten cents per gallon, other than any amount of such tax pledged to the payment of special obligation bonds of the commonwealth pursuant to section 2 O of chapter 29 of the General Laws, shall be applied to any other use; (iii) until the state treasurer, after consultation with the secretary for administration and finance and the secretary of transportation and construction, determines that available funds in the Federal Highway Grant Anticipation Note Trust Fund, as of the date of such determination, shall be sufficient to pay all trust agreement obligations with respect to such notes, the rate of the tax per gallon imposed pursuant to said chapter 64A shall not be reduced below the sum of ten cents per gallon plus any amount pledged to the payment of special obligation bonds of the commonwealth pursuant to said section 2 O of said chapter 29; and (iv) at least ten cents of said tax per gallon specified in said chapter 64A shall remain free and clear of any superior or equal pledge, lien, charge or encumbrance thereon or with respect thereto, other than the pledge securing the trust agreement obligations, and shall remain credited to the Highway Fund except as may be permitted by the trust agreement or credit enhancement agreement entered into pursuant to section 10B; provided, however, that any such funds shall be available for appropriation in any fiscal year for any other lawful purpose unless the state treasurer shall have provided the certifications specified in section 10C to the effect that such funds shall be necessary to pay any trust agreement obligations in such fiscal year.

SECTION 2. The second paragraph of section 54 of said chapter 11 is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:- In furtherance of the foregoing purposes, the department, as appropriate, shall apply for and accept any federal funds available for projects authorized in sections 2 and 2A, and such federal funds when received shall be credited: (i) to the Federal Highway Grant Anticipation Note Trust Fund, if any notes authorized by section 9 are issued and secured by said fund; provided, however, that any funds not pledged to, or released from said fund in accordance with the provisions of the trust agreement or credit enhancement agreement referred to in section 10B shall be credited to the Federal Highway Construction Program Fund; and (ii) otherwise to the Federal Highway Construction Program Fund.

Chapter 129. AN ACT PROVIDING CONSUMER PROTECTION RELATIVE TO THE SALE OF INSURANCE BY BANKS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide forthwith for consumer protection relative to the sale of insurance by banks, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. This act shall be known and may be cited as the Consumer Protection Act relative to the sale of insurance by banks.

SECTION 2. Chapter 167F of the General Laws is hereby amended by inserting after section 2 the following section:-

Section 2A. (a) For purposes of this section, the word "company" shall mean an insurance company licensed pursuant to chapter 175 and the word "affiliate" shall have the same meaning as established in section 1 of chapter 167A.

(b) A bank shall have the power to sell, either directly or indirectly through an affiliate or a subsidiary corporation established for the purpose or a third party agreement, and acting either as an agent licensed pursuant to section 163 of chapter 175 or a broker licensed pursuant to section 166 of said chapter 175, such insurance products as a company, for which such bank, affiliate, subsidiary corporation or third party acts as agent or broker, is authorized to issue in the commonwealth. No bank exercising such power shall assume or guarantee the payment on any premiums on such products or guarantee the truth of any statement contained in the application therefor. Said sales shall be conducted in accordance with conditions and limitations that the commissioner shall promulgate by regulation and which shall reflect the substance of conditions established by the comptroller of the currency of the United States governing the sale of insurance products by a national bank as a licensed agent of an insurance company. Said conditions and limitations shall be in addition to and consistent with the provisions of said chapter 175 and regulations promulgated thereunder by the commissioner of insurance with respect to the licensing of insurance agents and brokers and the sale of insurance products. Said conditions and limitations shall include, but not be limited to, the following provisions:-

Chap. 129

(1) No bank, except a bank licensed as an agent for the savings bank life insurance company of Massachusetts and only to the extent of the authority granted under such license, shall undertake to act directly or indirectly as an insurance agent or broker, in any manner permitted by this section, until the commissioner approves a general plan of operation submitted by such a bank that conforms with the regulations promulgated pursuant to this section. Said plan shall include a detailed description of the complaint resolution procedure, including bank personnel designated for its enforcement, required pursuant to subparagraph (9) of this section.

(2) Officers, tellers and other employees of a bank who are not licensed as insurance agents may refer a customer of said bank to a licensed insurance agent of the bank only when such customer initiates an inquiry relative to the availability or acquisition of insurance products. No such officer, teller or other employee shall be further or additionally compensated for making said referrals.

(3) The solicitation or sale of insurance products shall be permitted at the main office of a bank, or at any branch thereof established pursuant to chapter 167C, or at any other bank office, not including an electronic branch established pursuant to chapter 167B. Said solicitation or sale shall be conducted on the premises of a bank in a distinctly designated area which is separate and apart from any physical setting in which services for insured deposit account transactions or transactions involving applications for the extension of credit are conducted. The commissioner may waive the requirement for the physical separation of bank and insurance services only upon a demonstration by a bank that space considerations, such as the size or design of said bank premises, preclude such separation. The commissioner may allow for such use of a common area for both purposes if, subject to notice and hearing at the commissioner's discretion, said waiver application demonstrates physical constraints that are consistent with criteria the commissioner shall establish for such waivers. In any instance where such waiver is granted, a bank employee, licensed as an insurance agent, shall not, in any manner involving the application by a customer for an extension of credit by said bank, act as the representative of the bank both with respect to said application and with respect to the solicitation and sale of insurance products to said customer, whether or not such insurance is required for the extension of credit. It shall be the responsibility of a bank to institute procedures to eliminate customer misunderstanding or confusion as to the distinction between such insurance products and other bank functions, and to prevent any misrepresentation thereof. Notwithstanding the foregoing, any premises constructed, purchased, leased or acquired by a bank on and after the effective date of this section for the conduct of its authorized business, including the solicitation and sale of insurance, shall not be eligible for the waiver provided for herein, unless said acquisition results from a merger, consolidation or purchase of assets pursuant to chapters 168, 170 and 172.

(4)(i) A bank is hereby prohibited from tying the availability and extension of credit by a bank to the purchase of insurance products from said bank.

(ii) No solicitation for the sale of insurance in conjunction with any application for the extension of credit shall be permitted until said application has been approved, such approval and the disclosures required by this section have been provided to said applicant in writing, and the receipt of both said approval and disclosures has been acknowledged in writing by said applicant. The date, time and method of the communication of said approval and disclosures to the applicant, together with the applicant's acknowledgment of the receipt thereof, shall be made a permanent part of the bank record of such extension of credit. This paragraph shall not apply in situations where a bank contacts a customer in the course of direct or mass marketing of insurance products to a group of persons in a manner that bears no relation to any such person's loan application or credit decision.

(iii) In the instance of an application to a bank for an extension of credit to be secured by a mortgage on real estate and in which it is necessary for the applicant to obtain a policy insuring said premises against loss and designating such bank as loss payee, (i) said bank shall make the initial disclosure of the necessity of such insurance in its letter of commitment to the applicant approving the requested extension of credit; (ii) such bank shall not, in any manner, solicit the applicant to purchase the required insurance from the bank until said commitment has been accepted by the applicant; and (iii) such bank shall not reject any such policy, so long as it satisfies the required insurance, because the policy was issued by a company other than that for which the bank acts as agent in the sale of insurance products.

(5) Rebates shall be regulated pursuant to the provisions of section 185 of chapter 175.

(6) A bank, through its licensed insurance agents or brokers, shall disclose in writing to a potential insurance customer that: (i) the insurance products which are available are not deposits of the bank, are not protected by the federal deposit insurance corporation or any other type of deposit insurance, are not an obligation of or guaranteed by the bank, and may be subject to risk; (ii) any insurance required as a condition of the extension of credit by the bank need not be purchased from the bank but may, without affecting the approval of the application for an extension of credit, be purchased from an agent or insurance company of the customer's choice; and (iii) the customer may file any complaints with the office of consumer affairs and business regulations as hereinafter provided. The disclosures required by this section shall be provided in writing, and receipt thereof shall be acknowledged in writing by the customer.

(7) Bank customer information security and confidentiality shall be regulated pursuant to the provisions of chapter 175I of the General Laws and the provisions of the federal Fair Credit Reporting Act.

(8) No bank engaged in the direct sales of insurance products shall discriminate against an applicant or allow an affiliate, a subsidiary corporation established for the purpose or a third party acting on its behalf to discriminate against an applicant for any insurance products offered by it based upon the race, color, national origin or residence of the applicant, or on such other basis as the commissioner may determine. No bank offering insurance products at its main office or any branch thereof established pursuant to chapter 167C, shall refuse to offer the same at every such branch of the bank.

(9) A bank engaged in the direct sale of insurance products, or an affiliate, subsidiary corporation or third party acting on its behalf, and whether acting as insurance agent or broker, shall forthwith forward copies of all customer complaints relative to its insurance sales activities to the office of consumer affairs and business regulation established by section 1 of chapter 24A. The director of said office shall cause a record of all such complaints received to be maintained and shall, depending upon the nature of the complaint, refer any such complaint for resolution to the appropriate banking or insurance regulator in the division of banks and loan agencies or the division of insurance. The commissioner, in conjunction with the commissioner of insurance, shall establish a procedure for the prompt resolution of such consumer complaints. Regulations promulgated by the commissioner under this section shall include provisions for investigation and resolution by a bank of customer complaints and for the requirement to forward all complaints so received to the office of consumer affairs and business regulation.

(c) Any violations of the provisions contained in this section shall be subject to the applicable provisions of chapter 167, including, but not limited to, sections 2A to 2G, inclusive, and to applicable provisions of chapter 175 and chapter 176D, including, but not limited to, penalties, cease and desist orders, and suspension or loss of license.

(d) The provisions of this section shall not be applicable to the authority granted by paragraphs 16 and 17 of section 2 of chapter 167F and section 12G of chapter 255.

(e) The commissioner shall promulgate regulations necessary to carry out the provisions of this section.

(f) For purposes of this section, the term "bank" shall include small loan companies licensed pursuant to section 96 of chapter 140, and mortgage lenders and mortgage brokers licensed pursuant to chapter 255E; provided, however, that the provisions of clause (i) of paragraph (6) shall not apply to such small loan companies or to such mortgage lenders and mortgage brokers which do not accept deposits; and provided, further, that said licensees shall be eligible to apply to the commissioner of banks for a waiver, in accordance with the provisions of this section, for premises utilized for the conduct of authorized business in the commonwealth.

(g) Notwithstanding any other provision of law to the contrary, the commissioner, in his discretion, may furnish to the commissioner of insurance information, reports and statements relating to the sale of insurance by banks under his supervision which are licensed by the division of insurance pursuant to section 209 of chapter 175.

SECTION 3. Section 174E of chapter 175 of the General Laws is hereby repealed.

SECTION 4. Said chapter 175 is hereby further amended by adding the following three sections:-

Section 209. The commissioner may issue a license pursuant to section 163 and section 166 to a bank chartered by the commonwealth pursuant to chapter 168, 170 or 172, and to a bank chartered by the United States, to act as an insurance agent or broker pursuant to this chapter and in accordance with the provisions of section 2A of chapter 167F, for the solicitation and sale of such insurance products as the company, for which such bank acts as agent or broker, is authorized to issue in the commonwealth.

SECTION 5. The fourth paragraph of section 4 of chapter 178A of the General Laws, as appearing in the 1996 Official Edition, is hereby amended by striking out the first and second sentences.

SECTION 6. Chapter 183 of the General Laws is hereby amended by adding the following section:-

Section 68. Any mortgagee doing business in the commonwealth and licensed as an insurance agent pursuant to section 163 of chapter 175, when making a mortgage loan secured by residential real estate located in the commonwealth, shall be subject, in addition to all applicable provisions of said chapter 175, to conditions and limitations established by the commissioner of banks pursuant to section 2A of chapter 167F; provided, however, that the provisions of clause (a) of subparagraph (6) of said section 2A shall not be applicable to any such mortgagee which does not accept deposits.

SECTION 7. In the event that any of the provisions of this act, as they relate to national banks, are preempted by the Comptroller of the Currency of the United States pursuant to section 114 of the federal Reigle-Neal Interstate Banking and Branching Efficiency Act of 1994 (P.L. 103-328), or by a court of competent jurisdiction, the commissioner of banks, with respect to section 2A of chapter 167F of the General Laws, and the commissioner of insurance, with respect to sections 209 and 210 of chapter 175 of the General Laws, may waive, in writing, the applicability of such preempted provisions to said banks chartered by the commonwealth if it is determined such waiver is necessary in order to permit banks so chartered by the commonwealth to compete with national banks in the sale of insurance. SECTION 9. Any license issued under the provisions of chapter 178A of the General Laws for a bank or its officers or employees to act as agent for the Savings Bank Life Insurance Company of Massachusetts shall continue in force until its stated expiration date after the effective date of this act, at which time such license may be renewed by said Savings Bank Life Insurance Company of Massachusetts and the issuance or renewal of said license shall not be subject to the provisions of section 2A of chapter 167F of the General Laws.

SECTION 10. Nothing in this act shall be construed so as to prohibit a bank from selling annuity products pursuant to state or federal law.

Section 14G. (a) Beginning on January 1, 1990, each employer, except those employers who employ five or fewer employees, subject to the provisions of sections 14, 14A and 14C, shall pay, in the same manner and at the same times as the deputy director of employment and training prescribes for the contribution required by said section 14, an unemployment health insurance contribution computed by multiplying the wages paid its employees by the unemployment health insurance contribution rate of .12 of 1 per cent.

(b) Such unemployment health insurance contribution shall be paid to the deputy director of employment and training in accordance with the procedures prescribed by said deputy director. The receipts from such contributions shall not be deposited in the State Unemployment Compensation Fund but shall be impressed with a trust and dedicated, through the state treasurer as trustee, to the unemployment health insurance contribution account of the Medical Security Trust Fund, established in subsection (k). Prior to the depositing of the receipts, the deputy director of employment and training may deduct all administrative costs incurred by the division of employment and training as a result of this section, including an amount as determined by the United States Secretary of Labor in accordance with federal cost rules but in no calendar year may such deduction exceed 5 per cent of the amounts collected pursuant to this section.

(c)(1) For the purposes of this section, the term "wages" shall not include that part of remuneration which, after remuneration equal to the unemployment health insurance contribution wage base with respect to employment with such employer has been paid to an individual during the calendar year, is paid to such individual during such year. For the purposes of this paragraph, remuneration shall include remuneration paid to an individual during the calendar year with respect to employment with a transferring employer, as that term is used in subsection (n) of section 14.

(2) For the purposes of this section, the term "unemployment health insurance contribution wage base" shall equal \$14,000 for the calendar years 1990 to 1992, inclusive. For each subsequent calendar year, the unemployment health insurance contribution wage base shall equal the product of (i) the unemployment health insurance contribution wage base for the then previous calendar year; and (ii) the sum of one and the health insurance inflation rate for the then previous calendar year as reported by the rate review board established pursuant to subsection (f).

(d)(1) The provisions of this section shall not apply to an employer newly subject to this chapter, as defined in paragraphs (2) and (3) of subsection (i) of section 14, until such employer has been an employer for not less than the 12 consecutive months' period specified in paragraph (1) of subsection (b) of said section 14.

(2) During the first calendar year in which this section shall apply to an employer newly subject to this chapter pursuant to paragraph (1), such employer's unemployment health insurance contribution shall be computed by substituting in subsection (a) the words ".04 of 1 per cent" for the words ".12 of 1 per cent".

(3) During the second calendar year in which this section shall apply to an employer newly subject to this chapter pursuant to paragraph (1), such employer's unemployment health insurance contribution shall be computed by substituting in subsection (a) the words ".08 of 1 per cent" for the words ".12 of 1 per cent".

(f) There shall be a rate review board composed of the commissioner of medical assistance or his designee, the deputy director of employment and training and the commissioner of insurance or his designee. The rate review board shall determine if the unemployment health insurance contribution rate and the unemployment health insurance contribution wage base established in this section shall be adequate to provide for the estimated costs for the subsequent year of unemployment health insurance programs established pursuant to subsection (j) provided by said division of employment and training. If in the opinion of said board the unemployment health insurance contribution wage base or the unemployment health insurance contribution rate as established above would be inadequate to properly fund the unemployment health insurance program, said rate of health insurance inflation or the unemployment health insurance contribution rate shall be appropriately adjusted in order to properly fund said unemployment health insurance program.

On or before November 30 of each year, the deputy director of employment and training shall certify to said board the estimated costs for the subsequent year of health insurance programs provided by the division of employment and training for individuals and

their families who are eligible for the health insurance program established by subsection (j) for individuals receiving unemployment insurance compensation. Such estimated costs shall be exclusive of amounts to be covered by premiums, co-payments, deductibles and co-insurance to be paid by covered individuals and any anticipated appropriations. The rate review board shall further adjust such estimated costs to reflect prudent levels of reserves sufficient to carry out the responsibilities of the division of employment and training for said unemployment health insurance program. If in the opinion of said board the rate of health insurance inflation on the unemployment health insurance contribution wage base as established or calculated above would be inadequate to properly fund said unemployment health insurance program, said rate of health insurance inflation or the unemployment health insurance contribution rate shall be appropriately adjusted in order to properly fund said health insurance programs.

(g) Any employer who fails to file any report or form as required by this section shall pay a penalty equal to 10 per cent of the contribution due under this section; provided, however, that the penalty assessed shall not exceed \$100 nor shall it be less than \$25 for each such failure to file in addition to restitution for any amounts owed to the Medical Security Trust Fund as a result of such failure to make a correct contribution. Any penalties collected pursuant to this section shall be deposited in the Medical Security Trust Fund. Any employer, in accordance with rules and regulations promulgated by the deputy director of employment and training, who relies in good faith on statements by employees relative to their health insurance status shall not be liable for any penalty or restitution for failure to comply with the provisions of this section caused by misstatements of such employees. Any contribution under this section shall be allowable as a business expense.

(h) Any employer notified of a determination of the deputy director of employment and training, that such determination is subject to the provisions of this section, may request a hearing on such determination. The request for hearing shall be filed within ten days after mailing of the notice of the determination. If a hearing is requested, said deputy director shall give the employer a reasonable opportunity for a fair hearing before an impartial hearing officer designated by the deputy director. The conduct of such hearing shall be in accordance with the procedures prescribed by subsection (b) of section 39. Any employer aggrieved by the decision following such hearing may appeal such decision. Such appeal shall be in accordance with the procedures prescribed by sections 40 to 42, inclusive. Unless action is taken under section 40, the decision of said deputy director shall be final on all questions of fact and law.

(i) The division of employment and training shall provide written information to each individual who is eligible for unemployment benefits, including extended benefits under section 30A or extended unemployment compensation benefits under the federal Emergency Unemployment Compensation Act of 1991 or any other federal act, that such individual may be eligible for health insurance coverage pursuant to this section and the provisions of subsection (j). In addition, the division of employment and training shall post in its local offices a clear and conspicuous notice advising individuals of their rights under this section;

provided, however, that such notice shall be in English and Spanish and such other language which said division determines appropriate for the area office in which the notice is posted.

The health insurance program administered by the division of employment and training shall consist of the following options: a buy-in option called the continuation plan under which said division shall subsidize a qualified person's continued enrollment in the health insurance plan to which they belonged at the time of, or prior to, applying for unemployment compensation benefits, including persons whose continued eligibility for such enrollment is based on the federal COBRA law, so-called, and an option called the direct coverage plan which shall consist of a limited plan of health care services and benefits to be administered by said division. To qualify for benefits under this section, said division shall require that applicants maintain continued enrollment in the health insurance plan in which they were enrolled prior to applying for unemployment compensation benefits or as permitted by the federal COBRA law.

Persons so qualified shall be ineligible for enrollment in the direct coverage plan and the division of employment and training shall subsidize enrollees' continued health insurance plan by reimbursing such enrollees for a portion of their premium cost in accordance with the division's benefits schedule. Persons unable to qualify for COBRA benefits, so-called, due to lack of access to prior health insurance coverage through their former employer or their spouse's employer or a hardship determined by said division, shall be eligible for the direct coverage plan pursuant to the eligibility requirements of this section. Said division shall establish a schedule of co-payments and deductibles within the direct coverage plan which shall promote the cost-effective use of services by participants in the program.

The division of employment and training shall establish procedures for the calculation of the gross income of an applicant or the applicant's spouse, if any, for the purposes of determining eligibility under a health insurance plan established under this section. Such procedures shall provide that in determining the income of the applicant or the applicant's spouse, if any, said division shall examine the gross income of the applicant and the applicant's spouse, if any, in the six months prior to application and a projection of the gross income of the applicant and the applicant's spouse, if any, including a calculation of the maximum benefits payable to the applicant and the applicant's spouse, if any, from unemployment benefits, extended benefits or EUC benefits for the six months after application. Such procedures shall also make provisions for the redetermination of eligibility

for an enrollee or the enrollee's family.

The division of employment and training shall establish grievance procedures under which any decision, action or inaction of said division which directly affects an enrollee or the enrollee's family and is related to the receipt of benefits under this section may be revived. Said division shall establish appeal procedures under which an applicant may appeal a denial of benefits in whole or in part or may appeal a determination of income or under which an enrollee may appeal termination from the program.

For the purposes of this section the term "family members" of the applicant or enrollee shall include the applicant or enrollee, a spouse and any legal dependents.

The division of employment and training shall prepare reports on the status of the program established in this section and shall submit such reports on the first Wednesday in January, April, July and October of each year to the joint committee on health care and the house and senate committees on ways and means. Such reports shall include, but not be limited to, the number of enrollees in the program for the previous quarter, the amount of benefits paid out in the previous quarter and the end of quarter balance in the Medical Security Trust Fund established in subsection (k). The deputy director of employment and training is hereby authorized to delegate, by means of an interagency service agreement, to another state agency the authority to manage and administer the health insurance program established by this subsection.

(k) There is hereby established a Medical Security Trust Fund which shall be administered and expended by the division of employment and training without further appropriation. Said trust fund shall consist of employer unemployment health insurance contributions required by subsection (a) and premiums paid by enrollees. Said fund shall be used exclusively for the payment of premiums for health insurance plans provided to persons receiving unemployment compensation. The deputy director of employment and training shall from time to time requisition from said trust fund such amounts as he deems necessary to meet the current obligations of the division and estimated obligations for a reasonable future period.

SECTION 3. Said chapter 208 is hereby further amended by inserting after section 31 the following section:-

Section 31A. In issuing any temporary or permanent custody order, the probate and family court shall consider evidence of past or present abuse toward a parent or child as a factor contrary to the best interest of the child. For the purposes of this section, "abuse" shall mean the occurrence of one or more of the following acts between a parent and the other parent or between a parent and child: (a) attempting to cause or causing bodily injury; or (b) placing another in reasonable fear of imminent bodily injury. "Serious incident of abuse" shall mean the occurrence of one or more of the following acts between a parent and the other parent or between a parent and child: (a) attempting to cause or causing serious bodily injury; (b) placing another in reasonable fear of imminent serious bodily injury; or (c) causing another to engage involuntarily in sexual relations by force, threat or duress. For purposes of this section, "bodily injury" and "serious bodily injury" shall have the same meanings as provided in section 13K of chapter 265.

A probate and family court's finding, by a preponderance of the evidence, that a pattern or serious incident of abuse has occurred shall create a rebuttable presumption that it is not in the best interests of the child to be placed in sole custody, shared legal custody or shared physical custody with the abusive parent. Such presumption may be rebutted by a preponderance of the evidence that such custody award is in the best interests of the child. For the purposes of this section, "an abusive parent" shall mean a parent who has committed a pattern of abuse or a serious incident of abuse.

For the purposes of this section, the issuance of an order or orders under chapter 209A shall not in and of itself constitute a pattern or serious incident of abuse; nor shall an order or orders entered ex parte under said chapter 209A be admissible to show whether a pattern or serious incident of abuse has in fact occurred; provided, however, that an order or orders entered ex parte under said chapter 209A may be admissible for other purposes as the court may determine, other than showing whether a pattern or serious incident of abuse has in fact occurred; provided further, that the underlying facts upon which an order or orders under said chapter 209A was based may also form the basis for a finding by the probate and family court that a pattern or serious incident of abuse has occurred.

If the court finds that a pattern or serious incident of abuse has occurred and issues a temporary or permanent custody order, the court shall within 90 days enter written findings of fact as to the effects of the abuse on the child, which findings demonstrate that such order is in the furtherance of the child's best interests and provides for the safety and well-being of the child.

If ordering visitation to the abusive parent, the court shall provide for the safety and well-being of the child and the safety of the abused parent. The court may consider:

- (a) ordering an exchange of the child to occur in a protected setting or in the presence of an appropriate third party;
- (b) ordering visitation supervised by an appropriate third party, visitation center or agency;
- (c) ordering the abusive parent to attend and complete, to the satisfaction of the court, a certified batterer's treatment program as a condition of visitation;

(d) ordering the abusive parent to abstain from possession or consumption of alcohol or controlled substances during the visitation and for 24 hours preceding visitation;

(e) ordering the abusive parent to pay the costs of supervised visitation;

(f) prohibiting overnight visitation;

(g) requiring a bond from the abusive parent for the return and safety of the child;

(h) ordering an investigation or appointment of a guardian ad litem or attorney for the child; and

(i) imposing any other condition that is deemed necessary to provide for the safety and well-being of the child and the safety of the abused parent.

Nothing in this section shall be construed to affect the right of the parties to a hearing under the rules of domestic relations procedure or to affect the discretion of the probate and family court in the conduct of such hearings.

SECTION 4. Chapter 209 of the General Laws is hereby amended by adding the following section:-

For the purposes of this section, the issuance of an order or orders under chapter 209A shall not in and of itself constitute a pattern or serious incident of abuse; nor shall an order or orders entered ex parte under said chapter 209A be admissible to show whether a pattern or serious incident of abuse has in fact occurred; provided, however, that an order or orders entered ex parte under said chapter 209A may be admissible for other purposes as the court may determine, other than showing whether a pattern or serious incident of abuse has in fact occurred; provided further, that the underlying facts upon which an order or orders under said chapter 209A was based may also form the basis for a finding by the probate and family court that a pattern or serious incident of abuse has occurred.

- (f) prohibiting overnight visitation;
- (g) requiring a bond from the abusive parent for the return and safety of the child;
- (h) ordering an investigation or appointment of a guardian ad litem or attorney for the child; and
- (i) imposing any other condition that is deemed necessary to provide for the safety and well-being of the child and the safety of the abused parent.

Nothing in this section shall be construed to affect the right of the parties to a hearing under the rules of domestic relations procedure or to affect the discretion of the probate and family court in the conduct of such hearing.

Section 3 of chapter 209A of the General Laws, as appearing in the 1996 Official Edition, is hereby amended by inserting after the word "child", in line 17, the following words:- ; provided, however, that in any case brought in the probate and family court a finding by such court by a preponderance of the evidence that a pattern or serious incident of abuse, as defined in section 31A of chapter 208, toward a parent or child has occurred shall create a rebuttable presumption that it is not in the best interests of the child to be placed in sole custody, shared legal custody or shared physical custody with the abusive parent. Such presumption may be rebutted by a preponderance of the evidence that such custody award is in the best interests of the child. For the purposes of this section, an "abusive parent" shall mean a parent who has committed a pattern of abuse or a serious incident of abuse.

For the purposes of this section, the issuance of an order or orders under chapter 209A shall not in and of itself constitute a pattern or serious incident of abuse; nor shall an order or orders entered ex parte under said chapter 209A be admissible to show whether a pattern or serious incident of abuse has in fact occurred; provided, however, that an order or orders entered ex parte under said chapter 209A may be admissible for other purposes as

the court may determine, other than showing whether a pattern or serious incident of abuse has in fact occurred; provided further, that the underlying facts upon which an order or orders under said chapter 209A was based may also form the basis for a finding by the probate and family court that a pattern or serious incident of abuse has occurred.

If the court finds that a pattern or serious incident of abuse has occurred and issues a temporary or permanent custody order, the court shall within 90 days enter written findings of fact as to the effects of the abuse on the child, which findings demonstrate that such order is in the furtherance of the child's best interests and provides for the safety and well-being of the child.

chaser or transferee of any firearm, rifle, shotgun or machine gun in bold type not less than one-quarter inch in height.

Fifteenth, That all licensees shall maintain a permanent place of business that is not a residence or dwelling wherein all transactions described in this section shall be conducted and wherein all records required to be kept under this section shall be so kept.

Sixteenth, That no licensee shall sell, lease, rent, transfer or deliver or offer for sale, lease, rent, transfer or delivery to any person any assault weapon or large capacity feeding device that was not otherwise lawfully possessed on September 13, 1994.

Seventeenth, That any licensee from whom a rifle, shotgun, firearm or machine gun is lost or stolen shall report such loss or theft to the licensing authority and the executive director of the criminal history systems board forthwith. Such report shall include a complete description of the weapon, including the make, model, serial number and caliber and whether such weapon is a large capacity weapon.

Eighteenth, That no licensee shall sell, rent, lease, transfer or deliver or offer for sale, lease, transfer or delivery any firearm, to any purchaser in the commonwealth unless such sale is to a business entity that is primarily a firearm wholesaler and the sale, by its terms, prohibits the purchaser from reselling such firearm to a firearm retailer or consumer in the commonwealth if such firearm has a frame, barrel, cylinder, slide or breechblock that is composed of: (i) any metal having a melting point of less than 900 degrees Fahrenheit; (ii) any metal having an ultimate tensile strength of less than 55,000 pounds per square inch; or (iii) any powdered metal having a density of less than 7.5 grams per cubic centimeter. For any firearm that is loaded in a manner other than via a detachable magazine, the tester shall also pause every 50 rounds for ten minutes. The ammunition used shall be the type recommended by the firearm manufacturer in its user manual or, if none is recommended, any standard ammunition of the correct caliber in new condition. A firearm shall pass this test if it fires the first 20 rounds without a malfunction, fires the full 600 rounds with not fewer than six malfunctions and completes the test without any crack or breakage of an operating part of the firearm. The term "crack" or "breakage" shall not include a crack or breakage that does not increase the danger of injury to the user. For purposes of evaluating the results of this test, malfunction shall mean any failure to feed, chamber, fire, extract or eject a round or any failure to accept or eject a magazine or any other failure which prevents the firearm, without manual intervention beyond that needed for routine firing and periodic reloading, from firing the chambered round or moving a new round into position so that the firearm is capable of firing the new round properly. If the firearm is designed so that its hammer or striker may be set in other positions, each sample firearm shall be tested as above with the hammer or striker in each such position but otherwise in such condition that pulling the trigger, and taking any action that must simultaneously accompany the pulling of the trigger as part of the firing procedure, would fire the firearm. Alternatively, the tester may use additional sample firearms of the same make and model, in a similar condition, for the test of each of these hammer striker settings.

Twentieth, That no licensee shall sell, rent, lease, transfer or deliver or offer for sale, lease, transfer or delivery, any firearm to any purchaser in the commonwealth unless such sale is to a business entity that is primarily a firearm wholesaler, and the sale, by its terms, prohibits the purchaser from reselling such firearm to a firearm retailer or consumer in the commonwealth if such firearm is prone to: (i) firing more than once per pull of the trigger; or (ii) explosion during firing.

Twenty-first, That no licensee shall sell, rent, lease, transfer or deliver or offer for sale, lease, transfer or delivery any firearm to any purchaser in the commonwealth unless such sale is to a business entity that is primarily a firearm wholesaler and the sale, by its terms, prohibits the purchaser from reselling such firearm to a firearm retailer or consumer in the commonwealth if such firearm has a barrel less than three inches in length, unless the licensee discloses in writing, prior to the transaction, to the prospective buyer, lessee, deliverer or transferee the limitations of the accuracy of the particular make and model of the subject firearm, by disclosing the make and model's average group diameter test result at seven yards, average group diameter test result at 14 yards and average group diameter test result at 21 yards. For purposes of this clause, "average group diameter test result" shall mean the arithmetic mean of three separate trials, each performed as follows on a different sample firearm in new condition of the make and model at issue. Each firearm shall fire five rounds at a target from a set distance and the largest spread in inches between the centers of any of the holes made in a test target shall be measured and recorded. This procedure shall be repeated two more times on the firearm. The arithmetic mean of each of the three recorded results shall be deemed the result of the trial for that particular sample firearm. The

ammunition used shall be the type recommended by the firearm manufacturer in its user manual or, if none is recommended, any standard ammunition of the correct caliber in new condition.

The clerk or other corporate officer of such club shall annually file a report with the colonel of state police and the executive director of the criminal history systems board listing all large capacity weapons and large capacity feeding devices owned or possessed under such license. The colonel of state police or his designee, shall have the right to inspect all firearms owned or possessed by such club upon request during regular business hours and said colonel may revoke or suspend a club license for a violation of any provision of this chapter or chapter 269 relative to the ownership, use or possession of large capacity weapons or large capacity feeding devices.

(b) A Class B license shall entitle a holder thereof to purchase, rent, lease, borrow, possess and carry: (i) non-large capacity firearms and feeding devices and ammunition therefor, for all lawful purposes, subject to such restrictions relative to the possession, use or carrying of such firearm as the licensing authority deems proper; provided, however, that a Class B license shall not entitle the holder thereof to carry or possess a loaded firearm in a concealed manner in any public way or place; and provided further, that a Class B license shall not entitle the holder thereof to possess a large capacity firearm, except under a Class A club license issued under this section or under the direct supervision of a holder of a valid Class A license at an incorporated shooting club or licensed shooting range; and (ii) rifles and shotguns, including large capacity rifles and shotguns, and feeding devices and ammunition therefor, for all lawful purposes; provided, however, that the licensing authority may impose such restrictions relative to the possession, use or carrying of large capacity rifles and shotguns as he deems proper. (c) Either a Class A or Class B license shall be valid for the purpose of owning, possessing, purchasing and transferring non-large capacity rifles and shotguns, and for purchasing and possessing chemical mace, pepper spray or other similarly propelled liquid, gas or powder designed to temporarily incapacitate, consistent with the entitlements conferred by a firearm identification card issued under section 129B.

(d) Any person residing or having a place of business within the jurisdiction of the licensing authority or any person residing in an area of exclusive federal jurisdiction located within a city or town may submit to the licensing authority an application for a Class A or Class B license to carry firearms, or renewal of the same, which the licensing authority may issue if it appears that the applicant is a suitable person to be issued such license, and that the applicant has good reason to fear injury to his person or property, or for any other reason, including the carrying of firearms for use in sport or target practice only, subject to such restrictions expressed or authorized under this section, unless the applicant:

(i) has, in any state or federal jurisdiction, been convicted or adjudicated a youthful offender or delinquent child for the commission of (a) a felony; (b) a misdemeanor punishable by imprisonment for more than two years; (c) a violent crime as defined in section 121; (d) a violation of any law regulating the use, possession, ownership, transfer, purchase, sale, lease, rental, receipt or transportation of weapons or ammunition for which a term of imprisonment may be imposed; or (e) a violation of any law regulating the use, possession or sale of controlled substances as defined in section 1 of chapter 94C;

(ii) has been confined to any hospital or institution for mental illness, unless the applicant submits with his application an affidavit of a registered physician attesting that such physician is familiar with the applicant's mental illness and that in such physician's opinion the applicant is not disabled by such an illness in a manner that should prevent such applicant from possessing a firearm;

(iii) is or has been under treatment for or confinement for drug addiction or habitual drunkenness, unless such applicant is deemed to be cured of such condition by a licensed physician, and such applicant may make application for such license after the expiration of five years from the date of such confinement or treatment and upon presentment of an affidavit issued by such physician stating that such physician knows the applicant's history of treatment and that in such physician's opinion the applicant is deemed cured;

(iv) is at the time of the application less than 21 years of age;

(e) Within seven days of the receipt of a completed application for a license to carry or possess firearms, or renewal of same, the licensing authority shall forward one copy of the application and one copy of the applicant's fingerprints to the colonel of state police, who shall within 30 days advise the licensing authority, in writing, of any disqualifying criminal record of the applicant arising from within or without the commonwealth and whether there is reason to believe that the applicant is disqualified for any of the foregoing reasons from possessing a license to carry or possess firearms. In searching for any disqualifying history of the applicant, the colonel shall utilize, or cause to be utilized, files maintained by the department of probation and statewide and nationwide criminal justice, warrant and protection order information systems and files including, but not limited to, the National Instant Criminal Background Check System. The colonel shall inquire of the commissioner of the department of mental health relative to whether the applicant is disqualified from being so licensed. If the information available to the colonel does not indicate that the possession of a firearm or large capacity firearm by the applicant would be in violation of state or federal law, he shall certify such fact, in writing, to the licensing authority within said 30 day period.

The licensing authority may also make inquiries concerning the applicant to: (i) the executive director of the criminal history systems board relative to any disqualifying condition and records of purchases, sales, rentals, leases and transfers of weapons or ammunition concerning the applicant; (ii) the commissioner of probation relative to any record contained within the department of probation or the statewide domestic violence record keeping system concerning the applicant; and (iii) the commissioner of the department of mental health relative to whether the applicant is a suitable person to possess firearms or is not a suitable person to possess firearms. The director or commissioner to whom the licensing authority makes such inquiry shall provide prompt and full cooperation for that purpose in any investigation of the applicant.

The licensing authority shall, within 40 days from the date of application, either approve the application and issue the license or deny the application and notify the applicant of the reason for such denial in writing; provided, however, that no such license shall be issued unless the colonel has certified, in writing, that the information available to him does not indicate that the possession of a firearm or large capacity firearm by the applicant would be in violation of state or federal law.

(f) A license issued under this section shall be revoked or suspended by the licensing authority, or his designee, upon the occurrence of any event that would have disqualified the

holder from being issued such license or from having such license renewed. A license may be revoked or suspended by the licensing authority if it appears that the holder is no longer a suitable person to possess such license. Any revocation or suspension of a license shall be in writing and shall state the reasons therefor. Upon revocation or suspension, the licensing authority shall take possession of such license and the person whose license is so revoked or suspended shall take all actions required under the provisions of section 129D. No appeal or post-judgment motion shall operate to stay such revocation or suspension. Notices of revocation and suspension shall be forwarded to the executive director of the criminal history systems board and the commissioner of probation and shall be included in the criminal justice information system. A revoked or suspended license may be reinstated only upon the termination of all disqualifying conditions, if any.

Any applicant or holder aggrieved by a denial, revocation or suspension of a license, unless a hearing has previously been held pursuant to chapter 209A, may, within either 90 days after receiving notice of such denial, revocation or suspension or within 90 days after the expiration of the time limit during which the licensing authority is required to respond to the applicant, file a petition to obtain judicial review in the district court having jurisdiction in the city or town wherein the applicant filed for, or was issued, such license. A justice of such court, after a hearing, may direct that a license be issued or reinstated to the petitioner if such justice finds that there was no reasonable ground for denying, suspending or revoking such license and that the petitioner is not prohibited by law from possessing same.

(g) A license shall be in a standard form provided by the executive director of the criminal history systems board and shall contain a license number which shall clearly indicate whether such number identifies a Class A or Class B license, the name, address, photograph, fingerprint, place and date of birth, height, weight, hair color, eye color and signature of the licensee. Such license shall be marked "License to Carry Firearms" and shall clearly indicate whether the license is Class A or Class B. The application for such license shall be made in a standard form provided by the executive director of the criminal history systems board, which form shall require the applicant to affirmatively state under the pains and penalties of perjury that such applicant is not disqualified on any of the grounds enumerated above from being issued such license.

(h) Any person who knowingly files an application containing false information shall be punished by a fine of not less than \$500 nor more than \$1,000 or by imprisonment for not less than six months nor more than two years in a house of correction, or by both such fine and imprisonment.

(i) A license to carry or possess firearms shall be valid, unless revoked or suspended, for a period of not more than four years from the date of issue and shall expire on the anniversary of the licensee's date of birth occurring not less than three years but not more than four years from the date of issue. Any renewal thereof shall expire on the anniversary of the licensee's date of birth occurring not less than three years but not more than four years

from the effective date of such license. Any license issued to an applicant born on February 29 shall expire on March 1. The fee for such application shall be \$25, which fee shall be payable to the licensing authority and shall not be prorated or refunded in case of revocation or denial; provided, however, that the licensing authority shall retain one-half of such fee and the remaining portion shall be deposited into the Firearms Record Keeping Fund established under section 2SS of chapter 29.

Any person over the age of 70 shall be exempt from the requirement of paying a renewal fee for a Class A or Class B license to carry.

(j) No license shall be required for the carrying or possession of a firearm known as a detonator and commonly used on vehicles as a signaling and marking device, when carried or possessed for such signaling or marking purposes.

(k) Whoever knowingly issues a license in violation of this section shall be punished by a fine of not less than \$500 nor more than \$1,000 or by imprisonment for not less than six months nor more than two years in a jail or house of correction, or by both such fine and imprisonment.

(l) The executive director of the criminal history systems board shall send by first class mail to the holder of each such license to carry firearms, a notice of the expiration of such license not less than 90 days prior to such expiration and shall enclose therein a form for the renewal of such license. The taking of fingerprints shall not be required in issuing the renewal of a license if the renewal applicant's fingerprints are on file with the department of the state police. Any licensee shall notify, in writing, the licensing authority who issued said license, the chief of police into whose jurisdiction the licensee moves and the executive director of the criminal history systems board of any change of address. Such notification shall be made by certified mail within 30 days of its occurrence. Failure to so notify shall be cause for revocation or suspension of said license.

(m) Notwithstanding the provisions of section 10 of chapter 269, any person in possession of a firearm, rifle or shotgun whose license issued under this section is invalid for the sole reason that it has expired, but who shall not be disqualified from renewal upon application therefor under this section, shall be subject to a civil fine of not less than \$500 nor more than \$5,000 and the provisions of section 10 of chapter 269 shall not apply if: (i) such license has been revoked or suspended, unless such revocation or suspension was caused by failure to give notice of a change of address as required under this section; (ii) revocation or suspension of such license is pending, unless such revocation or suspension was caused by failure to give notice of a change of address as required under this section; or (iii) an application for renewal of such license has been denied. Any law enforcement officer who discovers a person to be in possession of a firearm, rifle or shotgun after such person's license has expired, has been revoked or suspended, solely for failure to give notice of a change of address, shall confiscate such firearm, rifle or shotgun and the expired or suspended license then in possession and such officer, shall forward such license to the licensing authority by whom it was issued as soon as practicable. Any confiscated weapon shall be returned to the owner upon the renewal or reinstatement of such expired or suspend-

ed license within one year of such confiscation or may be otherwise disposed of in accordance with the provisions of section 129D. The provisions of this paragraph shall not apply if such person has a valid license to carry firearms issued under section 131F.

For purposes of this section, such weapon shall not be deemed stored or kept if carried by or under the control of the owner or other lawfully authorized user.

(b) A violation of this section shall be punished, in the case of a firearm, rifle or shotgun that is not a large capacity weapon, by a fine of not less than \$500 nor more than \$5,000 or by imprisonment for not more than one year, or by both such fine and imprisonment, and in the case of a large capacity weapon or machine gun, by a fine of not less than \$1,000 nor more than \$10,000 or by imprisonment for not less than one year nor more than ten years, or by both such fine and imprisonment.

(e) A violation of the provisions of this section shall be evidence of wanton or reckless conduct in any criminal or civil proceeding if a person under the age of 18 who was not a trespasser or was a foreseeable trespasser acquired access to a weapon, unless such person possessed a valid firearm identification card issued under section 129B and was permitted by law to possess such weapon, and such access results in the personal injury to or the death of any person.

Section 131M. No person shall sell, offer for sale, transfer or possess an assault weapon or a large capacity feeding device that was not otherwise lawfully possessed on Sep-

Be it enacted, etc., as follows:

SECTION 1. The sums set forth in section 2 shall provide for planning and studies, acquisition of land and buildings, and interests therein, the preparation of plans and specifications, construction, renovation, reconstruction, alteration, improvement, demolition, expansion, repair, furnishings and equipment, and related administrative expenses, for the acquisition, construction, renovation, and repair of court facilities owned or to be owned by the commonwealth and said sums shall be in addition to previous appropriations made for the improvement of court facilities, including any amounts appropriated by chapter 203 of the acts of 1988; provided, however, that priority shall be given to those projects necessary to improve life safety, security, and structural integrity of court facilities owned, or to be owned, by the commonwealth; and provided, further, that an amount not to exceed 2 per cent of the funds authorized herein may be expended for the costs of personnel and related administrative expenses which are solely and exclusively related to the projects funded by this authorization and any previous authorizations made for similar purposes.

SECTION 1A. SECTION 5. (a) As used in this section, the following words shall have the following meanings:-

"Project", any of the courts, courthouses or appurtenant facilities authorized by section 2.

"Site", any parcel or parcels of land acquired for any of the courts, courthouses or appurtenant facilities authorized by section 2.

(b) Notwithstanding the provisions of sections 40E to 40I, inclusive, of chapter 7 of the General Laws or any other general or special law to the contrary, the commissioner is hereby authorized, subject to the requirements of this section, to acquire by purchase or by eminent domain pursuant to chapter 79 of the General Laws, any and all interests in the land and buildings deemed necessary by said commissioner to carry out the purposes of this act, including, but not limited to the acquisition of land, buildings, and easements for drainage, access, utilities, and environmental mitigation.

The commissioner shall not acquire a site by eminent domain unless a competitive site selection process has first been conducted in conformance with subsection (d) and the commissioner determines that as a result of said process, it is not in the best interests of the commonwealth with respect to cost and other requirements of a project to acquire any of the proposed sites. The commissioner shall explain the reasons for such determination in a written report, which shall be available for public inspection.

(c) Notwithstanding the provisions of sections 38A½ to 38 O, inclusive, of chapter 7 of the General Laws, section 39M of chapter 30 of the General Laws, and sections 44A to 44J, inclusive, of chapter 149 of the General Laws, or any other general or special law regulating the design, construction, advertising, or bidding of design and of construction

contracts, or any other general or special law to the contrary, the commissioner may select and contract with a single contractor to provide design/build services for the design and construction of the project; provided, however that the design/build contractor shall be certified by the commissioner to perform the work required and shall be selected through a competitive process conducted in conformance with subsection (d).

(d) The commissioner shall develop procedures for site selection or procurement of design/build services in consultation with the office of the inspector general. Said procedures shall include but shall not be limited to the following provisions:

(1) The commissioner shall obtain the site and design/build services utilizing sealed competitive proposals unless the site has been acquired by gift. The commissioner shall solicit proposals through a request for proposals which shall include: the time and date for receipt of proposals; the address of the office to which a proposal shall be delivered; proposed contractual terms and conditions, some of which may be deemed mandatory or non-negotiable; standards by which acceptability will be determined as to quality, workmanship, results of inspections and tests, and suitability for a particular purpose; all evaluation criteria that will be utilized by the commissioner; and such other matters as may be determined by said commissioner. The request for proposals for design/build services shall also describe the scope of the design/build project and identify all quality and performance requirements for said project.

(2) Evaluation criteria for selecting the site shall include, but not be limited to, location in areas of cities and towns, as authorized by section 2, which are in need of revitalization and renewal and where such revitalization and renewal are deemed important by the municipality for acquisition and other costs. Evaluation criteria for design/build services shall include, but not be limited to, relevant technical and management experience of the offeror's proposed design/build team, including subcontractors, the financial stability and resources of the offeror, quality of construction materials, and the costs and life cycle of installed equipment.

(3) Public notice of each request for proposals shall be published at least three weeks prior to the time specified in such notice for the receipt of proposals in the central register published by the state secretary and in a daily newspaper of general circulation in the municipality or county where each project is proposed. The request for proposals for design/build services shall also be published in at least one trade journal of national distribution.

(4) Each request for proposals may incorporate documents by reference; provided, however, that the request for proposals shall specify where offerors may obtain such documents. The request for proposals for design/build services may provide for the separate submission of price, and so provided, shall indicate when and how offerors shall submit the price, and shall specify that bid security in a form specified by the commissioner and in an amount equal to 5 per cent of the proposed contract price shall accompany such proposal. The commissioner shall make copies of each request for proposals available to all offerors on an equal basis. The commissioner may conduct pre-proposal conferences and interviews

with interested parties prior to receiving proposals. An offeror's proposal shall be unconditional except as provided in this paragraph. An offeror may correct, modify, or withdraw a proposal by written notice received in the office designated in the request for proposals prior to the time and date set for the opening of proposals.

(5) At the opening of the proposals, the commissioner shall prepare a register of proposals which shall include the name of each offeror and the number of modifications, if any, received. The register of proposals shall be open for public inspection. After the opening of the proposals, an offeror may not correct, modify, or withdraw the price or any other provisions of its proposal in a manner prejudicial to the interests of the commonwealth or fair competition. The commissioner may waive minor informalities or allow the offeror to correct them.

(6) The commissioner shall not open the proposals publicly, but shall open them in the presence of one or more witnesses at the time specified in the request for proposals. Notwithstanding the provisions of any general or special law to the contrary, until the completion of the selection process, the contents of the proposals and the selection process shall not be disclosed to competing offerors and shall not be public documents.

(7) The commissioner shall appoint a site selection committee and a design/build selection committee which may be the same committee. The design/build selection committee shall be composed of experts in design, construction, and court administration, including the chief justice for administration or his designee. The appropriate committees shall evaluate the proposals received by the commissioner. Each selection committee shall conduct its evaluations of the proposals based solely on the criteria set forth in the request for proposals. In the event that price proposals are to be submitted separately from proposals for design/build services, the design/build selection committee shall not evaluate these and the commissioner shall not disclose such price proposals to the committee until the committee has completed its evaluation of the proposals for design/build services.

(8) For each proposal, the appropriate selection committee shall specify in writing on each evaluation criterion a rating of highly advantageous, not advantageous, or such additional rating as the committee finds reasonable, and shall specify in writing a composite rating for each proposal and the reasons for such composite rating.

(9) The commissioner shall make a determination of the most advantageous proposal for the site and for design/build services from a responsible and responsive offeror based upon the ratings given to the proposals by the appropriate selection committees. If price proposals have been submitted separately for design/build services, the commissioner shall also base such determination on an evaluation of such price proposals. The commissioner may negotiate all contract terms not deemed mandatory or non-negotiable with such offerors. If, after negotiation with such offerors, the commissioner is unable to finalize a contract for either acquisition of the site or for design/build services, or both, that is in the commonwealth's best interests, the commissioner may negotiate with the offeror of the next most advantageous proposal submitted by a responsible and responsive offeror based upon the ratings of the appropriate selection committee and upon an evaluation of the relevant price proposal if separately submitted.

(10) The contract to acquire the site and the contract for design/build services shall be awarded by the commissioner to the responsible and responsive offerors submitting the most advantageous proposals based upon the evaluation criteria set forth in the request for proposals and the terms of the negotiated contract. The commissioner shall complete the selection process by written notice to the selected offeror or by notice of rejection to all proposers, as specified below. The commissioner may reserve the right to reject any or all proposals if it is in the public interest to do so.

(11) For the purposes of this section, the term "responsible offeror" shall mean a person, corporation, or other organization or entity which has the capability to perform fully the contract requirements, and the integrity and reliability which assures good faith performance, and the term "responsive offeror" shall mean a person, corporation, or other organization or entity which has submitted a proposal which conforms in all respects to the request for proposals.

(12) If the commissioner awards the contract to acquire the site or the contract for design/build services to an offeror which did not submit the lowest price proposal, the commissioner shall explain the reasons for such award in writing, which shall be available for public inspection.

(13) Prior to execution of a design/build contract, the selected offeror shall furnish to the commissioner a performance bond and payment bond, each in the sum of the contract price and issued by a surety company qualified to issue bonds in the commonwealth and satisfactory to the commissioner. If the selected offeror fails to execute a contract or to furnish the necessary bonds within the time period specified in the request for proposals, the commissioner may award the design/build contract to the offeror of the next most advantageous proposal.

(14) The commissioner shall return the bid security to all design/build offerors which are not selected. The design/build selection committee shall have conferences describing relative strengths and weaknesses of each proposal with the other qualified offerors which were not selected if the offerors request to have such conferences.

(15) The commissioner shall prepare a written report of the reasons for its selection determinations and any subsequent determinations to negotiate with additional proposers, including the recorded votes, if any, that were taken which shall be available to the public.

(e) The commissioner shall submit final procedures for site selection or procurement of design/build services to the inspector general for comment at least 30 days prior to the publication of notice of request for proposals. Such procedures and the inspector general's comments shall be submitted to the governor, the senate president, the speaker of the house and the members of the general court at least 45 days before the execution of any contract for site selection or procurement of design/build services.

SECTION 6. The commissioner of the division of capital planning and operations is hereby authorized, notwithstanding chapter 7 of the General Laws, to grant easements for drainage, access, utilities and other purposes, as deemed necessary by the commissioner to carry out the purposes of this act.

SECTION 7. The division of capital planning and operations, in consultation with the supreme judicial court and the administrative office of the trial court, shall inspect all facilities owned or used by the courts of the commonwealth and shall prepare and periodically update a masterplan for said facilities. Said masterplan shall not distinguish between county owned and state owned courthouses in prioritizing construction and renovation. Said masterplan shall include, but not be limited to, the following standards and criteria, regardless of whether said facilities are publicly or privately owned: standards for the delivery of services in different sizes and types of court facilities; standards for evaluating the adequacy of existing court facilities and the need for new or renovated court facilities, based upon, among other criteria, the physical condition of the facility, the number of cases per courtroom or other comparable measures; and criteria for the prioritization of necessary court facilities capital projects developed on the basis of the aforesaid inspection. Said masterplan shall include recommendations for the consolidation or elimination of court facilities based upon an evaluation of facility utilization and caseload demands, facility redundancy based upon the availability of accessible alternative facilities, and the cost-effective repair or replacement of existing facilities. Said masterplan shall identify how each facility has been evaluated according to said standards and criteria, and shall recommend a schedule for improvement, repair, renovation or replacement for any facilities not recommended for consolidation or elimination by said masterplan. The board shall consist of the state fire marshal or his designee, the commissioner of environmental protection or his designee and four members to be appointed by the governor, two of whom shall be representatives of the Fire Chiefs Association of Massachusetts, neither of whom shall be a hazardous materials technician, and two of whom shall be representatives of the Professional Fire Fighters of Massachusetts, of whom one shall be a hazardous materials technician. The commissioner of environmental protection or his designee shall be a nonvoting member. No member shall receive compensation for service as a member of the board but shall receive from the commonwealth reimbursement for all expenses necessarily incurred in connection with his official duties.

The governor shall appoint each member for a term of three years. Any member shall be eligible for reappointment.

Section 3. The department, acting through the division, administered by the state fire marshal or his designee, shall prepare and from time to time update a hazardous materials mitigation emergency response plan. The department, in consultation with the board, shall promulgate such regulations, procedures and standards as it deems necessary for the implementation, administration and enforcement of this chapter. Such regulations, procedures and standards shall be developed by the department with input and review of the board and may include provisions waiving or limiting the applicability of this chapter as to any matter which the department determines to be adequately regulated by another program or government agency. The department shall integrate its implementation and enforcement of this chapter in conjunction with other programs established for the protection of the public health, safety, welfare and the environment, including the National Contingency Plan and the Massachusetts Contingency Plan.

Section 4. The department may, at the request of the local fire department or on its own authority, dispatch member departments of the hazardous materials mitigation emergency response plan to a site in the commonwealth for the purpose of conducting an emergency mitigation response for a hazardous material release or threat of release. During a declared emergency mitigation response action, the team leader shall have complete operational authority for hazardous materials team operations at all times. Once the team leader has determined that the imminent threat of harm from the hazardous materials release has been satisfactorily mitigated, the team leader shall thereafter notify the incident commander. The incident commander shall have authority over the emergency mitigation response site during a declared emergency mitigation response.

Any emergency mitigation response action taken by a member department under the hazardous materials mitigation emergency response plan shall be deemed to have been taken on behalf of the department and for the benefit of the commonwealth for the purpose of implementing the provisions of this chapter. Nothing in this chapter shall be construed in any manner to limit or abridge the right of the department of environmental protection to respond to a release or threat of release pursuant to chapter 21E.

Section 5. (a) Except as otherwise provided in this section: (1) the owner or operator of a vessel or a site from which there is or has been a release of hazardous materials; (2) any person who at the time of storage or disposal owned or operated any vessel or site from which said hazardous materials were stored or disposed and from which there has been a release; (3) any person who by contract, agreement or otherwise directly or indirectly arranged for or engaged in the transport, disposal, storage or treatment of hazardous materials in a site or from a vessel from which there is or has been a release of hazardous materials; or (4) any person who otherwise caused or is legally responsible for a release of hazardous materials from a vessel or a site, shall be liable, without regard to fault, to the commonwealth for the reimbursement of all associated costs, as determined by the department, for an emergency mitigation response action.

Chap. 194

(b) The department shall provide an owner, operator or other party whom it reasonably believes to be responsible with an itemized bill of all costs incurred for which the department is seeking reimbursement. Such bill shall be so provided within 60 days from the department ascertaining the identity of the owner, operator or other responsible party reasonably believed to be liable and such bill shall: (1) identify the vessel or the site and date where the response occurred; (2) identify and describe the response action taken; and (3) describe the legal and factual basis for the department's claim to the noticed party for liability pursuant to this section.

(c) Reimbursement for emergency mitigation response costs pursuant to this chapter shall be in addition to any other remedy otherwise available and shall not be construed in any manner to limit or abridge the right of a person, including the commonwealth, to recover all other reasonable costs, damages, penalties or fines pursuant to chapter 21E, or any other applicable law, statute, rule or regulation.

(d) No person, except a person liable pursuant to this chapter, who without charge provides assistance at the request of a duly authorized representative of the department in mitigating a hazardous materials release, shall be held liable for civil damages as the result of an act or omission by him in mitigating a hazardous materials release, except for acts or omissions of gross negligence or willful misconduct.

(e) There shall be no liability under subsection (a) for a person otherwise liable who can establish by a preponderance of the evidence that the release of hazardous material and the costs incurred as a result of an emergency mitigation response by the department resulting therefrom were caused by: (1) an act of God; (2) an act of war; or (3) an act or omission of a third party other than an employee or agent of the person, or of one whose act or omission occurs in connection with a contractual relationship directly or indirectly with the person, if such person establishes that he exercised due care with respect to the hazardous material and that he took precautions against foreseeable acts or omissions of a third party and the consequences that could foreseeably result from such act or omission.

(f) A person who owns a one to four family residence that is an emergency mitigation response site at which the department has incurred emergency mitigation response costs for the release of oil shall not be liable to the department for those costs if he can establish by a preponderance of the evidence that: (1) he is not a person described in clauses (3) and (4) of subsection (a); (2) the site was being used exclusively as a one to four family residence throughout his ownership and he claimed permanent residency at the site; and (3) he immediately notified the local fire department of the release of oil as soon as he had knowledge of it.

(g) All persons liable pursuant to this section for costs incurred as the result of an emergency mitigation response shall be liable jointly and severally.

(h) No indemnification, hold harmless or similar agreement or conveyance shall be effective to transfer from the owner or operator of a site or from any other responsible person who may be liable for a release of hazardous material under this section to any other person

the liability imposed under this section. Nothing in this subsection shall bar any agreement to insure, hold harmless or indemnify a party to such agreement for any liability under this section.

(i) Notwithstanding any other provision of this chapter, no person who is otherwise liable for a hazardous material release for which the department has incurred costs from an emergency mitigation response pursuant to this chapter, shall avoid, reduce, or postpone such liability or such person's ability to pay for such liability or be allowed to avoid, reduce or postpone such liability or such person's ability to pay for such liability: (1) by establishing any form of estate or trust if such estate or trust is intended to be a device to avoid, reduce or postpone such liability or such person's ability to pay such liability; (2) by establishing indicia of ownership to protect what purports to be a bona fide security interest but what is intended to be a device to avoid, reduce or postpone such liability or such person's ability to pay for such liability; (3) by a conveyance or transfer of ownership or control of property or assets of any kind that purports to be a bona fide transaction but which is intended to avoid, reduce or postpone such liability or such person's ability to pay for such liability; or (4) by any other means that purport to be bona fide but are intended to avoid, reduce or postpone such liability or such person's ability to pay for such liability.

(j) An agency of the commonwealth or a public utility company that owns a right of way that is a site at which the department has incurred costs for an emergency mitigation response shall not be liable to the commonwealth for such costs if the agency or public utility can establish by a preponderance of the evidence that: (1) it is not the owner or operator of any building, structure, installation, equipment, pipe or pipeline, including any pipe into a sewer or publicly owned treatment works, well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, or aircraft from which the release has occurred; (2) it is not a person or successor to a person described in clause (2), (3), or (4) of paragraph (a); (3) no act of the agency or public utility company, or of the agency or public utility company's employee or agent, caused or contributed to the release of hazardous materials or caused the release of hazardous materials to become worse than it otherwise would have been; (4) it notified the local fire department and the department of environmental protection immediately upon knowledge of a release in accordance with the provisions of chapter 21E; (5) it provided reasonable access, including moving utilities or disrupting service to the site, to the department to conduct emergency mitigation response; or (6) it did not know or have reason to know of the presence of hazardous material on the site when it came into possession of the right of way.

(k) In an action for recovery by the department of the costs of an emergency mitigation response under this chapter, liability to the commonwealth shall be only for the department's actual recoverable response costs, plus litigation costs and reasonable attorney's fees. However, if the court finds by a preponderance of the evidence that any person who is liable has failed to act reasonably or in good faith by refusing to reimburse the department for emergency mitigation response costs as provided by this chapter, it may in its own equita-

ble discretion award the commonwealth up to three times the total actual recoverable response costs, litigation costs, and attorney's fees.

(l) Notwithstanding the provisions of any general or special law to the contrary, all monies collected by the commonwealth under this chapter by reimbursement, settlement, judgment or otherwise shall be deposited into the general fund.

Section 6. No court shall have jurisdiction to review any issue concerning the adequacy of any emergency mitigation response conducted by the department unless the proceeding in court is an action under section 5 to recover costs of an emergency mitigation response action.

Section 7. (a) Any owner, operator or other responsible party reasonably believed to be liable who is aggrieved by any action of the department may petition the department for administrative review of its actions within ten days of receipt of notice as provided in section 5. The department's review and the procedures for reviewing responses made by the department shall not be adjudicatory proceedings and shall not be subject to the provisions of chapter 30A or any other law governing adjudicatory proceedings. Any owner, operator or other responsible party aggrieved by the decision of the department may bring a civil action in the nature of certiorari pursuant to section 4 of chapter 249; provided, however, that such action shall be commenced within 30 days of the date of determination on review made by the department.

(b) Upon request of the department, the attorney general may bring an action to recover all costs incurred by the commonwealth for an emergency mitigation response as the result of a hazardous material release.

(c) Actions brought by the attorney general pursuant to this chapter to recover emergency mitigation response costs and actions brought by the attorney general to enforce or foreclose liens recorded or filed pursuant to this chapter shall be commenced within five years from the date the commonwealth incurs all such costs or five years from the date the commonwealth discovers that the person against whom the action is being brought is a person liable pursuant to this chapter for a hazardous material release for which the commonwealth has incurred emergency mitigation response costs, whichever is later.

Section 8. Any liability to the commonwealth under this chapter shall constitute a debt to the commonwealth. Any such debt, together with interest thereon at the rate of 12 per cent per annum from the date such debt becomes due, shall constitute a lien on all property owned by persons liable under this chapter when a statement of claim naming such persons is recorded, registered or filed. If a fiduciary or secured lender has title to or possession of the property and is not a person liable under this chapter when a statement of claim is recorded, registered or filed, such debt and interest thereon at the rate of 12 per cent per annum from the date the debt becomes due, shall constitute a lien on the property in question when a statement of claim describing the property is duly recorded, registered or filed. Any lien on real property shall be effective when duly recorded at the registry of deeds or registered in the registry district of the land court in the county or district wherein the land

lies. Any lien for personal property, tangible or intangible, shall require a statement to be filed in accordance with the provisions of chapter 106. Any such statement shall be approved by the department. A lien recorded, registered or filed pursuant to this section shall have priority over any encumbrance theretofore recorded, registered or filed with respect to any site, other than real property principally used as residential housing, described in such statement of claim. All other personal property shall be subject to the priority rules of said chapter 106. Such lien shall continue in force with respect to any real or personal property until a release signed by the department is recorded, registered or filed in the place where the statement of claim as to such property affected by the lien was recorded, registered or filed. The department shall forthwith issue such a release in any case where the debt for which such lien attached, together with interests and costs thereon, has been paid or legally abated. If no action to enforce or foreclose the lien is brought by the deadline prescribed in subsection (b) of section 7, the lien shall be discharged after such deadline. This section shall not apply in any manner to a public utility.

Section 9. Notwithstanding the provisions of any general or special law to the contrary, any information, record or particular part thereof obtained by the department, its personnel or contractors pursuant to the provisions of this chapter, upon request shall be confidential and shall not be considered to be a public record when it is determined by the state fire marshal that such information, record or report relates to secret processes, methods of manufacture or production or that such information, record or report, if made public, would divulge a trade secret.

SECTION 65. Section 1 of chapter 23A of the General Laws, as so appearing, is hereby amended by adding the following paragraph:-

(c) The department may make discretionary and nondiscretionary grants to persons or public or private nonprofit entities for projects and programs which further implement the mission of the department and its agencies and which benefit the general public; provided, however, that said department shall annually make a report to the secretary of administration and finance and the house and senate committees on ways and means on the use of such funds; and provided further, that any such grant shall be issued in accordance with regulations promulgated pursuant to section 15 of chapter 7A of the General Laws.

Private vendors shall be compensated from nontax revenues collected by such projects in excess of the nontax revenues established by such contracts as the minimum to be collected by each such project. For the purposes of this section, such payments to vendors for services performed shall be known as "vendor participation payments" and nontax revenue collected pursuant to this section, after deduction of vendor participation payments, shall be known as "net additional revenue". The remaining 15 per cent shall be distributed to participating departments at the discretion of said secretary, notwithstanding the amount of revenues collected by each individual department. The comptroller shall transfer to the general fund at the close of the fiscal year any balance remaining in the Maximization Fund after providing for such allocations, vendor participation payments and other charges to said Maximization Fund; provided, however, that no expenditure shall be made from said Maximization Fund that would cause said fund to be in deficit at the close of the fiscal year. Departments receiving allocations pursuant to said item 1599-0033 may, subject to the provisions of this section, expend such funds without appropriation after obtaining the written approval of said secretary or his designee of a plan detailing such proposed expenditures, allocations and reallocations, and the filing of such approved plan with the house and senate committees on ways and means not less than ten days in advance of any such allocation or reallocation. All expenditures made pursuant to the provisions of this section and said item 1599-0033 shall be for one-time expenses which shall not recur in fiscal year 2000 or a subsequent fiscal year. Funds appropriated for expenditures by the provisions of this section and said item 1599-0033 shall not be used to supplant purposes authorized in any other item of appropriation in section 2 or appropriated in a supplemental appropriations act enacted in fiscal year 1999 or a subsequent fiscal year. Any unexpended balance from such allocations at the end of each fiscal year shall revert to the general fund unless such spending plan has been approved by the secretary as a multi-year expenditure.

The comptroller shall report, not later than January 31 of each year, to the house and senate committees on ways and means on the results and operations of the revenue optimization projects authorized by this section, for the six-month period ending the preceding month.

Such information shall detail, by each vendor, project and department: the amount of vendor participation payments paid to each such vendor; the net additional revenues retained by the commonwealth; the amounts allocated or reallocated to each such participating department pursuant to said item 1599-0033 and this section and the estimated annual receipts, payments and allocations for the fiscal year.

The comptroller shall report to the house and senate committees on ways and means, not later than July 31 of each year, the preceding information for the prior fiscal year, the total of all vendor participation payments made to each vendor and the net commonwealth receipts collected by each project over the duration of the project. On or before July 31 of each fiscal year, the comptroller shall submit to the house and senate committees on ways and means a plan approved by the secretary of administration and finance detailing, by executive office and department, the net additional revenues estimated to be collected under the provisions of this section in the fiscal year. The provisions of this section shall remain in effect until July 1, 2000.

SECTION 277. Notwithstanding the provisions of section 30 of chapter 29 of the General Laws or any other general or special law to the contrary, the division of energy resources may procure, in accordance with all applicable procurement and solicitation laws, comprehensive motor vehicle insurance coverage for electric vehicles purchased for use in the commonwealth's electric vehicle demonstration program; provided, however, that nothing in this section shall be construed to require any additional state appropriated funds for the division of energy resources; and provided further, that such coverage may continue or be renewed until the conclusion of said electric vehicle demonstration program.

SECTION 278. Notwithstanding the provisions of paragraph (g) of section 5 of chapter 32 of the General Laws, or any general or special law to the contrary, James Bloom, a member inactive of a retirement system who was appointed by the governor to a position as clerk magistrate in the Ware district court, shall, upon application to the state retirement board, become a member in service of the state retirement system as of the effective date of his appointment, and the state retirement board is hereby authorized and directed to credit said James Bloom with creditable service from the period of such appointment for the purpose of determining his retirement allowance pursuant to the provisions of chapter 32 of the General Laws; provided, however, that said James Bloom shall pay into the annuity savings fund of said state retirement system an amount equal to that which would have been withheld as regular deductions from his regular compensation plus interest for such service, in one sum or installments, upon such terms and conditions as the state retirement board may prescribe; and provided, further, that said James Bloom shall repay into the system from which he had received a retirement allowance the total amount of any such allowance received from the date of his retirement to the date of his again becoming a member in service of the state retirement system.

SECTION 279. Notwithstanding the provisions of section 17 of chapter 44 of the General Laws, the officers of a city, town or regional school district authorized to issue

Chap. 194

bonds, notes or certificates of indebtedness for a school construction project for which it has received notice that it has filed a completed school building assistance application with the department of education and that the project has been placed by the department on the school building assistance priority list, may refund, by the issuance of refunding notes, a temporary loan issued in anticipation of money to be derived from the sale of such bonds, notes or certificates; provided, however, that the period from the date of issue of the original temporary loan to the final maturity of any such refunding notes shall not exceed five years; and provided further, that such refunding notes shall not be required to be paid in part from revenue funds of the city, town or regional school district until the end of the fiscal year following the fiscal year in which the board of education approves the project for a school construction grant pursuant to the provisions of chapter 645 of the acts of 1948 or a successor school construction grant statute. The time within which the serial bonds, notes or certificates of indebtedness issued to pay refunding temporary notes issued hereunder shall be due and payable shall be extended by the period from the date of the original temporary loan to: (a) the date of issue of such serial bonds, notes or certificates; or (b) the end of the fiscal year in which the board of education approves the project for a school construction grant, whichever date is earlier.

SECTION 280. Notwithstanding the definition of "net school spending" in section 2 of chapter 70 of the General Laws, for the purpose of calculating the minimum required local contribution for fiscal year 1999, pursuant to said chapter 70, the department of education shall consider health care costs for retired teachers to be part of net school spending for any town in which health care costs for retired teachers were considered to be part of net school spending in fiscal year 1994. The department shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994. If there is a conflict between the provisions of this section and the distributions listed in section 3, the provisions of said section 3 shall control.

SECTION 281. Notwithstanding the provisions of subsection (4) of section 9A of chapter 118E of the General Laws or any other general or special law to the contrary, the MassHealth program of medical benefits provided to eligible beneficiaries pursuant to clause (g) of subsection (2) of said section 9A shall include coverage for medically necessary eyeglasses and hearing aids.

SECTION 282. Notwithstanding the provisions of subsection 13 of section 9C of chapter 118E of the General Laws or any other general or special law to the contrary, in fiscal year 1999 all expenditures for the insurance reimbursement program established by section 9C of chapter 118E of the General Laws shall be made from the Children's and Seniors' Health Care Assistance Fund established by section 2FF of chapter 29 of the General Laws pursuant to the budget neutrality analysis dated February 24, 1998.

SECTION 283. Notwithstanding any provisions of section five of chapter 118G of

the General Laws to the contrary, the amount assessed to acute hospitals in fiscal year 1999 for the estimated expenses, including indirect costs, of the division of health care finance and policy shall be equal to the amount appropriated by the general court in item 4100-0060 in section 2 less amounts projected to be collected in fiscal year 1999 from (1) filing fees and (2) fees and charges generated by the division's publication or dissemination of reports and information.

SECTION 284. Notwithstanding the provisions of any general or special law to the contrary, the division of medical assistance shall establish, in fiscal years 1999 and 2000, a pilot program to assess the clinical, programmatic and fiscal impact of extending nursing facility bed-holds, so-called, from 10 to 20 days for medical leaves of absence for persons receiving benefits under chapter 118E of the General Laws. Under said pilot project, said division shall pay to reserve a bed for a medical leave of absence from a nursing facility for such a person who is admitted on an inpatient basis to a hospital, as defined in said division's regulations, for up to 20 consecutive days. Reimbursement to nursing facilities for the eleventh through the twentieth bed-hold day, inclusive, shall be paid at the lowest rate established by the division of health care finance and policy for the nursing facility in which such person resides for the rate year in which the medical leave of absence occurs. For the purposes of this section, a medical leave of absence shall be defined as an inpatient hospital admission which meets all criteria for Medicare hospital level of care pursuant to the provisions of title XVIII of the federal social security act, as determined by the federal health care financing administration or its agent.

On or before March 1, 2000, the division of medical assistance shall submit a cost-benefit analysis of said pilot project to the house and senate committees on ways and means and the executive office of administration and finance. Said cost-benefit analysis shall include, but shall not be limited to: (i) an analysis of the fiscal impact of said pilot project on medicaid expenditures, nursing facility costs and expenditures, and nursing facility residents benefiting from said pilot project; (ii) an analysis of the clinical impacts, if any, that accrued from said pilot project to said residents; and (iii) an analysis of any effect on hospital utilization or physician-ordering patterns resulting from said pilot project. Said analysis shall be accompanied by the supporting cost and utilization data on which they were based.

Nothing in this section shall establish an obligation of the commonwealth or the division of medical assistance to offer extended bed-hold days under said pilot program for any medical leave of absence that does not meet the criteria or determinations for medical necessity.

The criteria and standards in effect for bedholds for non-medical leaves of absence shall remain the same as those in effect in fiscal year 1998 for the duration of the pilot program established herein.

SECTION 285. The secretary of administration and finance, in consultation with the secretary of health and human services, is hereby authorized and directed to investigate the feasibility and necessity of adjusting that component of class rates paid to state-contracted

Chap. 194

providers of substance abuse services that would allow the payment of wage increases to employees earning less than \$30,000 in fiscal year 1999 that would be comparable to increases paid pursuant to item 1599-6896 of section 2 of this act. Said investigation shall include a survey of substance abuse providers of residential rehabilitation, outpatient counseling and inpatient detoxification services to determine whether any compensation adjustments were paid to such employees in fiscal year 1998 or are anticipated to be paid in fiscal year 1999 and shall evaluate whether rates of reimbursement paid in fiscal year 1999 are adequate or sufficient to accommodate a fiscal year 1999 wage adjustment that would be comparable to the increases paid pursuant to said item.

If an adjustment is determined to be warranted, the secretary shall recommend to the governor and the house and senate committees on ways and means whether the appropriations available to state agencies that contract for substance services are sufficient to pay such adjustments in fiscal year 1999 and if not, shall make recommendations to the governor relative to the necessity of making supplemental appropriations to ensure the payment of such an adjustment in said fiscal year. The secretary's recommendation shall further address the ability of the commonwealth's vendor payment systems to ensure that any such adjustment is paid to said employees. If such an adjustment is determined to be warranted, the secretary is hereby authorized and directed to take all steps necessary, including the promulgation of revised rate regulations, to ensure the payment of said adjustments and the ability of the commonwealth to monitor and enforce the payment of said adjustments.

Nothing in this section shall be construed to entitle any person to any wage or compensation adjustment nor otherwise obligate the commonwealth to pay any wage adjustment not otherwise allowable by law or regulations of the division of health care finance and policy or the division of operational services.

SECTION 286. The Massachusetts Commission for the Blind, the Massachusetts Rehabilitation Commission and the Massachusetts Commission on the Deaf and Hard of Hearing are hereby authorized and directed to examine and create a timetable for the collocation of said agencies and the consolidation of duplicative administrative functions including, but not limited to human resources, information services, administration and finance, and contract procurement and maintenance. Said commissions shall submit a report, including, but not limited to, said timetable and expected savings of said consolidation, to the secretary of administration and finance and the house and senate committees on ways and means not later than October 31, 1998.

Nothing stated herein shall be construed as a consolidation of these agencies, or of client services.

Said commissioner, in consultation with personnel assigned to the capital budgeting management program of the fiscal affairs division of the executive office of administration and finance, is hereby further directed to develop and implement a management plan for the scheduled maintenance and repairs to capital assets identified pursuant to this section. Said plan shall include, but not be limited to, an annual schedule of all scheduled maintenance and repair needs of capital assets owned by the executive branch and the trial court of the commonwealth, and any recommendations, including legislation, necessary to effectuate the orderly and cost effective implementation of said schedule. Said commissioner, in consultation with said personnel, is further directed to accommodate and report said maintenance and repair needs for the fiscal year ending June 30, 2000 as part of the governor's annual budget proposal.

SECTION 293. (a) Upon the request of the board of selectmen in a town, the city council in a plan E city or the mayor in any other city, the department of revenue may recalculate the minimum required local contribution, as defined in section 2 of chapter 70 of the General Laws, in the fiscal year ending June 30, 1999. Based on the criteria outlined in this section, the department shall recalculate the minimum required local contribution for a municipality's local and regional schools and shall certify the amounts calculated to the department of education.

Chap. 194

(b) A city or town that used qualifying revenue amounts in a fiscal year which shall not be available for use in the next year or that shall be required to use revenues for extraordinary nonschool-related expenses for which it did not have to use revenues in the preceding fiscal year or that has an excessive certified municipal revenue growth factor which is also greater than or equal to one and one-half times the state average municipal revenue growth factor, may appeal to the department of revenue not later than October 1, 1998 for an adjustment of its minimum required local contribution and net school spending.

(c) If a claim is determined to be valid, the department of revenue may reduce proportionately the minimum required local contribution amount based on the amount of shortfall in revenue or based on the amount of increase in extraordinary expenditures in the current fiscal year but no adjustment to the minimum required local contribution on account of an extraordinary expense raised in the budget of the fiscal year ending on June 30, 1999 shall affect the calculation of the minimum required local contribution in subsequent fiscal years. Qualifying revenue amounts shall include, but not be limited to, extraordinary amounts of free cash, overlay surplus and other available funds.

(d) If, upon submission of adequate documentation, the department of revenue determines that the municipality's claim regarding an excessive municipal revenue growth factor is valid, said department shall recalculate such municipal revenue growth factor and the department of education shall use such revised growth factor to calculate preliminary local contribution, minimum required local contribution and any other factor that directly or indirectly uses the municipal revenue growth factor. Any relief granted as a result of an excessive municipal revenue growth factor shall be a permanent reduction in minimum required local contribution.

(e) Upon the request of the board of selectmen in a town, the city council in a plan E city, or the mayor in any other city, in a majority of the member municipalities, a regional school district which used qualifying revenue amounts in a fiscal year that shall not be available for use in the next fiscal year shall appeal to the department of revenue not later than October 1, 1998 for an adjustment to its net school spending requirement. If the claim is determined to be valid, the department of revenue shall reduce the net school spending requirement based on the amount of the shortfall in revenue and reduce the minimum required local contribution of member municipalities accordingly. Qualifying revenue amounts shall include, but not be limited to, extraordinary amounts of excess and deficiency, surplus and uncommitted reserves.

(f) A regional school district which received regional school incentive aid in fiscal year 1995 shall, upon the request of the board of selectmen in a town, the city council in a plan E city or the mayor in any other city, in a majority of the member municipalities, appeal to the department of education for an adjustment in the minimum required local contribution of its member municipalities. The department of education may reduce the increased assessment of the member municipalities as a result of the reorganization of the regional school district by using a portion of the regional incentive aid to reduce the prior year local

Chap. 194

contribution.

(g) If the regional school budget has already been adopted by two-thirds of the member municipalities, then upon a majority vote of the member municipalities, the regional school committee shall adjust the assessments of the member municipalities in accordance with the reduction in minimum required local contributions approved by the department of revenue or the department of education in accordance with the provisions of this section.

(h) Notwithstanding the provisions of clause (14) of section 3 of chapter 214 of the General Laws or any other general or special law to the contrary, the amounts so determined shall be deemed to be the minimum required local contribution described in said chapter 70; provided, however, that the house and senate committees on ways and means and the joint committee on education, arts and humanities shall be notified by the department of revenue and the department of education of the amount of any reduction in the minimum required local contribution amount.

(i) In the event that a city or town has an approved budget that exceeds the recalculated minimum required local contribution and net school spending amounts for its local school system or its recalculated minimum required local contribution to its regional school districts as provided by this section, the local appropriating authority shall determine the extent to which the community shall avail itself of any relief authorized under this section.

(j) The amount of financial assistance due from the commonwealth in fiscal year 1999 under said chapter 70 or any other provision of law shall not be changed on account of any redetermination of the required minimum local contribution under this section.

(k) The department of revenue and the department of education shall issue guidelines for their respective duties under this section.

SECTION 294. Such study shall evaluate the financial implications of an increase in the handling fee and the benefit, if any, to the commonwealth, redemption centers and consumers as a result of a change in such fee and shall further analyze, by way of comparison, the handling fees of other states. Such study shall also consider whether distributors shall be required to pick up such beverage containers from redemption centers, or otherwise pay for the charges associated with transportation of said beverage containers. Said secretaries shall report by September 30, 1998 to the house and senate committees on ways and means with the results of their study and shall make recommendations for legislation.

SECTION 408. Notwithstanding the provisions of any general or special law to the contrary, for the commonwealth's fiscal years beginning in fiscal year 1999, any specialty hospital, as defined in section 1 of chapter 118G of the General Laws, which provides free care as defined in said section 1 of said chapter 118G, shall be entitled to file a petition with the division of health care finance and policy for relief from its net liability to the uncompensated care pool pursuant to section 18 of said chapter 118G; provided, however, that such specialty hospital's gross outpatient service revenue shall equal at least 80 per cent of its gross patient service revenue as of January 1, 1996. For the purposes of this section "gross outpatient service revenue" shall mean gross patient service revenue minus gross inpatient service revenue.

For relief for the commonwealth's fiscal year 1999, the division shall determine such specialty hospital's excess revenues over expenses using the audited financial statements for hospital fiscal year 1997. The relief shall equal the difference between such specialty hospital's net liability to the uncompensated care pool calculated pursuant to said section 18 of said chapter 118G and the excess revenues over expenses; provided, however, that if such difference is in the negative, the relief shall equal such hospital's net liability to the pool.

For years subsequent to the commonwealth's fiscal year 1999, said specialty hospital shall file such petition by February 1 of each year requesting relief for the following fiscal

year of the commonwealth. The division of health care finance and policy shall determine whether such specialty hospital's ratio of free care and emergency bad debt charges to nonemergency bad debt charges meets the following criteria, using the uncompensated care charges reported for the most recent hospital fiscal year or, if such charges are unavailable, the best available data. For relief from the commonwealth's fiscal year 2000 net liability, such specialty hospital's fiscal year 1998 ratio shall increase by at least 10 per cent over its fiscal year 1997 ratio. For relief from the net liability in the commonwealth's fiscal year 2001 and subsequent years, such specialty hospital's ratio for the hospital's fiscal year two years prior to the year for which relief is requested must increase by at least 30 per cent over its ratio for its fiscal year three years prior to the year for which relief is requested, until its ratio is greater than or equal to the average ratio for all acute hospitals exclusive of Boston City Hospital and Cambridge Hospital. Once the specialty hospital's ratio is greater than or equal to such average, such ratio shall remain at least 90 per cent of such average in each succeeding year in order to continue to qualify for relief.

For relief for years subsequent to the commonwealth's fiscal year 1999, providing the specialty hospital's ratio meets these criteria, the division shall determine such specialty hospital's excess revenues over expenses, using the audited financial statements for the hospital fiscal year two years prior to the year for which relief is requested or, if such statements are not available, the best available data. If such specialty hospital has received less than \$936,000 from its related parent company or foundation in any fiscal year, its excess revenues over expenses shall be recalculated as if it had received \$936,000 from such parent company or foundation. The relief shall equal the difference between such specialty hospital's net liability to the uncompensated care pool calculated pursuant to section 18 of chapter 118G of the General Laws and such excess revenues over expenses; provided, however, that if such difference is in the negative, the relief shall equal said specialty hospital's net liability to the pool; and provided further, that if such difference is positive and less than one-half of one per cent of such specialty hospital's net patient service revenue, the relief shall be zero.

If such specialty hospital qualifies for relief under this section, the division shall transfer from the labor shortage fund, established pursuant to section 83 of chapter 23 of the acts of 1988 into the Uncompensated Care Trust Fund, established by section 18 of chapter 118G of the General Laws, an amount equal to the amount of such relief calculated pursuant to this section for the commonwealth's relevant fiscal year, for the purpose of ensuring that other participating hospitals' liability to the uncompensated care pool does not increase due to the relief granted to such specialty hospital. The labor shortage fund shall be the sole source of funding for this relief. If the amount of relief calculated pursuant to this section exceeds the funds remaining in the labor shortage fund, the amount of relief shall equal the funds remaining in the labor shortage fund. Such specialty hospital's net liability to the uncompensated care pool pursuant to said section 18 of said chapter 118G shall be reduced by the amount transferred from the labor shortage fund.

The division shall file a report with the joint committee on health care and the house and senate committees on ways and means by April 1 of each year, specifying whether such specialty hospital meets the criteria set forth in this section, the estimated amount of relief to be granted, if any, and the current balance of funds remaining in the labor shortage fund.
