RE: Addendum to BWSC Guidance Document 2005-01 for the Applicability of the Massachusetts Hazardous Waste Transporter Fee

Please note the following additions to the "Clarifications and Reminders" section of BWSC Guidance Document 2005-01. **These clarifications apply to all manifests with a Generator Certification dates commencing; July 1, 2009.**

- The Hazardous Waste Transporter Fee applies to manifested shipments of hazardous waste generated by and transported from an out-of-state generator to a Massachusetts TSDF with license authorization for truck-to-truck transfers, and transferred at that TSDF to another vehicle for continuing transportation outside of Massachusetts.
- The Hazardous Waste Transporter Fee applies to manifested shipments of hazardous waste generated by and transported from an out-of-state generator and delivered to a rail car in Massachusetts for continuing transportation outside of Massachusetts.
