101 CMR 322.00: Durable Medical Equipment, Oxygen and Respiratory Therapy Equipment

Effective March 1, 2018

New HCPCS Codes

Under the authority of Regulation 101 CMR 322.01(5) and 322.03(16), the Executive Office of Health and Human Services is updating Healthcare Common Procedure Coding System (HCPCS) codes for 2018 to add new codes for services provided on or after March 1, 2018.

In accordance with 101 CMR 322.01(5), new codes with associated Medicare fees are set at a percentage of prevailing Medicare fees described in 101 CMR 322.03(16).

The appearance of a code in the tables below does not constitute authorization for or approval of the procedures or services for which rates are determined pursuant to 101 CMR 322.00. Governmental units that purchase care are responsible for the definition, authorization, and approval of care to publicly aided individuals.

The following codes are new and their rates are set according to 101 CMR 322.03(16).
