## **Administrative Bulletin 20-10**

### **101 CMR 314.00: Dental Services**

**Effective January 1, 2020**

#### **Updated CDT Dental Codes**

Pursuant to 101 CMR 314.01(5) and (6), the Executive Office of Health and Human Services (EOHHS) has added 37 new codes, deleted six codes (which have been cross-walked to 13 new codes), and revised descriptions for 18 codes, as specified in the 2020 Current Dental Terminology (CDT) set by the American Dental Association.

Except for a one-to-two crosswalk listed in the following chart where the rates for the new codes are set at the current payment rate of the deleted code, all new codes in this bulletin that require pricing are reimbursed at individual consideration (IC). Rates listed in this administrative bulletin are applicable until EOHHS issues revised rates. The deleted codes are no longer available for use for dates of service after December 31, 2019. There is no change in the rates for the 18 codes with revised descriptions.

The following procedure codes are added.
