Administrative Bulletin 20-11

Add-On Rate Applicable to Certain Social Service Programs to Compensate for Costs Associated with Coronavirus (COVID-19)

Effective April 2, 2020

Purpose and Effective Period

The Executive Office of Health and Human Services (EOHHS) is issuing this bulletin pursuant to the authority of COVID-19 Order No. 20: *Order Authorizing the Executive Office of Health and Human Services to Adjust Essential Provider Rates During the COVID-19 Public Health Emergency* and *Executive Order 591: Declaration of State of Emergency to Respond to COVID-19*. In light of the state of emergency declared in the Commonwealth due to COVID-19, EOHHS is establishing an add-on rate in certain social service program rate regulations to address costs associated with COVID-19, as further described in this bulletin.

This bulletin will remain effective for the duration of COVID-19 Order No. 20: *Order Authorizing the Executive Office of Health and Human Services to Adjust Essential Provider Rates During the COVID-19 Public Health Emergency*.

Background

Providers of social service programs, as defined in M.G.L. Chapter 118E, Section 8A, may be experiencing increased staffing and equipment costs as a result of the COVID-19 public health emergency. EOHHS seeks to promote continued delivery of critical services to its clients through providing financial relief to providers for these additional costs. Accordingly, EOHHS is establishing an add-on rate to the rate regulations listed below to address the increased costs related to COVID-19. Governmental units purchasing services pursuant to rates established in the rate regulations listed below may utilize the COVID-19 add-on rate to compensate providers that have incurred increased costs associated with COVID-19.

Disclaimer: This administrative bulletin is not authorization for a provider's use of the COVID-19 add-on rate. Governmental units that purchase services with rates established in the regulations listed below are responsible for authorizing and determining the use of the add-on rate.

Add-On Rate to Address Costs Associated with COVID-19

The following add-on rate is intended to address costs incurred that are associated with COVID-19.

Add-On Name	Unit	Rate
COVID-19 Add-On	Monthly	10% of the provider's average monthly state funding for the months of November 2019 through January 2020

Note: For purposes of this administrative bulletin, the term “state funding” means the aggregate amount of payments to a provider by a governmental unit for applicable social service programs purchased at rates established in applicable regulations as provided in this administrative bulletin. State funding does not include any amounts attributable to federal funding or grant funds.
