Administrative Bulletin 23-20

101 CMR 322.00: Durable Medical Equipment, Oxygen and Respiratory Therapy Equipment

Effective July 7, 2023

Clarification That Previous Administrative Bulletins Issued under 101 CMR 322.00 Remain in Effect

Effective July 7, 2023, the Executive Office of Health and Human Services (EOHHS) updated 101 CMR 322.00 to provide a pricing methodology for certain durable medical equipment products purchased at pharmacies through the Pharmacy Online Processing System. It was not a general rate update and not intended to supersede or incorporate administrative bulletins that were issued under 101 CMR 322.00 and were in effect before July 7, 2023, including those that updated rates or codes.

In accordance with 101 CMR 322.01(7)(a), EOHHS is therefore issuing this administrative bulletin to clarify that all administrative bulletins issued under 101 CMR 322.00 between July 1, 2022, and July 7, 2023, remain in effect and are not superseded by the regulatory update made effective July 7, 2023.

Administrative bulletins issued under 101 CMR 322.00 describing products subject to a preferred supplier or rebate agreement also remain in effect, even if issued before July 1, 2022.

Administrative bulletins that remain in effect include the following:

- 23-18
- 23-13
- 23-03
- 22-24
- 22-14
- 22-12
- 21-16
- 21-11
